

Title: Assistant Chief Engineer - Design	Effective Date: May 20, 2011	Grade: N/A	Job Category: Official/Admin.
Prior Title: Assistant Chief Engineer - Design	Prior Effective Date: September 17, 2008	Grade: N/A	Page: 1 of 1

CHARACTERISTICS OF WORK

This position is accountable for providing expertise, problem solving assistance, and managerial direction to all the engineering design and right of way activities of the Department.

EXAMPLES OF WORK

The following examples are intended only as illustrations of various types of work performed. No attempt is made to be exhaustive. Related, similar, or other logical duties are performed as assigned. The Department may require employees to perform functions beyond those contained in job descriptions. The Department may modify job descriptions based on Department needs. The Arkansas State Highway and Transportation Department is an "at will" employer.

- Provide direction in the preparation of construction plans.
- Provide direction in the acquisition of highway right of way.
- Evaluate supporting functions and personnel of the Bridge Design Division, Roadway Design Division, Right of Way Division, State Aid Division, and design specialty sections.
- Oversee value engineering team to assure effective design.

MINIMUM REQUIREMENTS

Possession of a current *Arkansas* license to practice professional engineering. Broad knowledge of and experience in highway design, construction practices and personnel management. Ability to interpret and apply Departmental policies and procedures.
