# REVENUE MENU

# 1979 Study by RJ Hansen and Associates

*“There are relatively few, if any, acceptable new state-level revenue sources for funding highways, roads, and streets... One of the more significant revenue sources being used by other states for revenue purposes includes a gross receipts or sales tax on new and used motor vehicle sales...”*

# 1979 Study by RJ Hansen and Associates

*“One possibility for new revenues is related to the sale of used automobiles and trucks within the state. These sales are presently exempt from the 3 percent gross receipts tax. Removing this exemption and designating these revenues for highway purposes would provide new revenues estimated at \$5-6 million annually.”*

The seal of the Arkansas State Highway Commission is centered in the background. It features a circular border with the text "ARKANSAS STATE HIGHWAY COMMISSION". Inside the circle, there is a central figure holding a torch, surrounded by stars. Below this, there is a banner with the Latin motto "REGNAT POPULUS" and a shield with a plow and a sheaf of wheat. The word "ARIZONA" is partially visible at the bottom of the seal.
