SUBJECT: Job Number C04015
Garfield Drainage Improv. (S)
Benton County
Environmental Documentation for State Funded Projects

The purpose of this project is to provide drainage improvements in the City of Garfield, Benton County. An attached map illustrates the project location.

The project proposes to install concrete ditch paving with energy dissipaters, side drains, flume work, and one cross drain along a 0.25-mile section of North Wimpy Jones Road. No additional right of way will be required.

After appropriate environmental review, it has been determined that the subject job will not affect any wetlands, cultural resources, or endangered species. Field inspections found no evidence of existing underground storage tanks or hazardous waste deposits. No 404 permit will be required for the project.
