The Honorable Anthony Foxx
Secretary of Transportation
US Department of Transportation
1200 New Jersey Ave, SE
Washington, DC 20590

Re: TIGER VI Grant Application

Dear Secretary Foxx:

I am writing to express my support for the Arkansas State Highway and Transportation Department's application for TIGER VI funding to construct a new U.S. Highway 67 interchange north of Cabot.

With the City's strong partnering commitment of \$9.5 million, the TIGER grant would provide the funding needed to complete the third and final phase of a project to relocate Highway 38 over the new U.P. Railroad overpass, signalize and improve the intersection at Highway 367/38 and extend the route to the new interchange.

I strongly encourage your careful consideration of the application and hope you find that it meets all necessary criteria for approval. As you know, I have a Congressional office in Cabot and I am well aware of this much needed regional transportation project. If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Rick Crawford
Member of Congress

The Honorable Anthony Foxx
Secretary
U.S. Department of Transportation
1200 New Jersey Ave SE
Washington, DC 20590-0001

Dear Secretary Foxx:

I write today to express my strong support for the Arkansas State Highway and Transportation Department's (AHTD) Transportation Investment Generating Economic Recovery (TIGER) grant application for a much needed regional transportation project.

AHTD has proposed to construct a new U.S. Highway 67 interchange north of Cabot, which will benefit the entire Metropolitan Statistical Area by easing commute times and traffic flow into the Little Rock and North Little Rock areas as well as to the Little Rock Air Force Base. The project involves relocating Arkansas Highway 38 over a railroad overpass; signaling and improving the intersection of highways 367 and 38; and extending the route to the new interchange.

I request that you give their proposal full and fair consideration and that you apprise me of its progress. Please do not hesitate to contact Jill Cox in my Little Rock office at (501) 324-5941 or at Jill.Cox@mail.house.gov with any questions.

Sincerely,

Tim Griffin
Member of Congress

City of Cabot, Arkansas

April 21, 2014

Lorie H. Tudor, P.E.
Assistant Chief Engineer – Planning
Arkansas State Highway and Transportation Department
P.O. Box 2261
Little Rock, AR 72203

Dear Ms. Tudor:

In support of your TIGER VI grant application, the City of Cabot, Arkansas has committed nine and one half million dollars to the North Terminal Interchange project including the construction of the connector to SH 38 and SH 367 and renovation of the three existing legs of that intersection and a traffic signal.

The funding is provided and available from a sales and use tax refunding ballot issue passed by the voters in April 2013.

If you need additional information, please let us know.

Thanks, and have a great week,

William A. "Bill" Cypert
Mayor, Cabot, Arkansas
