

## INTEROFFICE MEMORANDUM

**DATE:** April 13, 1987

**TO:** BRIDGE DESIGN PERSONNEL  
**FROM:** Veral Pinkerton, Bridge Engineer  
**SUBJECT:** Precast Concrete Bridges

Effective immediately, the use of the word "slab" shall be avoided on layouts when using precast concrete units such as those on Standard Drawing 15200. The type of span shall be designed as "31' Precast Concrete Spans", etc. We will recommend this change in the pay item listing in new specifications.
