

Job Number \_\_\_\_\_

Off Site Location No. \_\_\_\_\_

Resident Engineer \_\_\_\_\_

Governing Specification 107.10 of Std. Spec, 2014 Ed.

**ARKANSAS DEPARTMENT OF TRANSPORTATION  
RESTRAINING CONDITION CLEARANCE REQUEST**

**CONTRACTOR USE ONLY**

**CONTRACTOR:** Use a separate form for each Off-Site Location and submit to Resident Engineer

Date \_\_\_\_\_ Contractor \_\_\_\_\_

Proposed Use of Off-Site Location (mark all that apply):

- Borrow Area
- Waste Area
- Storage Area
- Stockpile Area
- Field Office
- Haul Road

I. Description of Off-Site Location. A map clearly showing location and limits of area **MUST** be attached to this form. It must be detailed enough for Department personnel to locate the site on the ground. Information on this map should include: Job #, General vicinity (including applicable reference to Project Stationing), proposed limits of location, including dimensions, Section, Township, and Range. 7.5 minute quadrangle or equivalent map is **required** under the 2014 Standard Specifications. To access a topographic map website, you can click on the following link <http://www.topoquest.com/find.php#mapname>. **In place of a map, coordinates can be used to define the perimeter of the off site location. The coordinate format preference is UTM NAD83 eastings and northings in meters or latitude and longitude in decimal degrees, however latitude and longitude in degrees:minutes:seconds can be used.** For inspection purposes, the perimeter of the area should be clearly flagged.

II. Relevant Permits/Clearances Applied for or Obtained. Attach all information concerning these.
