International Paint, Inc. Houston, TX	Interseal 670 HS
PPG Industries, Inc. Pittsburgh, PA	Amerlock 400AL
The Sherwin Williams Company Cleveland, OH	Epoxy Mastic Aluminum II

Method of Documentation of Acceptance:

By brand and source.

Method of Approval:

- The manufacturer will provide Materials Division with a manufacturer's certification stating compliance with the specification.
- The manufacturer shall provide a sample, product information, and Safety Data Sheets (SDS).
- When deemed necessary by the Materials Engineer and at a frequency determined by same, samples shall be taken and tested on a random basis.
- Multiple material failures will be considered sufficient reason to reconsider acceptance of material from a manufacturer. The Materials Engineer will determine if the failures warrant discontinuing acceptance.
