★★★Stockpiles with 15%, 20%, 25% & 33% Chert Available; If used for wearing course, requires less non-limestone coarse aggregate

★★Stockpiles with 27% Chert Available; If used for wearing course requires less non-limestone coarse aggregate.

Steel Slag may be used for Mineral Aggregate, Base Course (CI 1 & 2), or Rip Rap.

**This is a list of currently qualified aggregate material sources and their potential uses.**

**Aggregate sources are required to be tested on a yearly basis to maintain this qualification.**

**The listing of a material source on the QPL will in no way relieve the contractor or supplier of furnishing material meeting the specification.**

**If there are questions concerning the list, contact the materials division at (501) 569-2187.**
