

Class 1 Protective Surface Treatment for Concrete (Boiled Linseed Oil)

Manufacturer

Archer Daniels Midland (ADM)
Little Rock AR

Supplier

Darragh Company
Little Rock AR

Williams Equipment & Supply, Inc.
Jonesboro AR

Gerdau
North Little Rock AR

Method of Documentation of Acceptance:

The boiled linseed oil shall be delivered to the project undiluted in containers. The containers will be identified by Supplier, Manufacturer and Manufacturer's lot number. The Supplier will maintain a copy of the Manufacturer's Certification on each lot that includes the following information:

- Manufacturer's name and address
- Product name
- Date of manufacture
- Lot identification

Laboratory test results indicating compliance with ASTM D 260.

Method of Approval:

**THE FOLLOWING PROCEDURE IS TO BE USED IN ACQUIRING APPROVAL
OF A CLASS 1 PROTECTIVE SURFACE TREATMENT FOR CONCRETE
(BOILED LINSEED OIL)
FOR INCLUSION ON THE DEPARTMENT'S QUALIFIED PRODUCTS LIST**

- The Supplier will provide a copy of a test report covering the material to be supplied along with a 1-pint sample of the product to the Materials Division of the Arkansas State Highway and Transportation Department (AHTD).
- An approval will be predicated upon the test report showing conformance to ASTM D 260-86 (2001).
- If all of the above criteria are met, a letter and unsigned certification agreement will be sent to the Supplier. The product will be placed on the QPL upon receipt of the signed agreement.

Class 1 Protective Surface Treatment for Concrete (Boiled Linseed Oil)

- **Destination samples will also be taken as deemed necessary to assure compliance with Section 803 Specifications. Failure of these samples may be considered sufficient cause to reject the material and suspend further use and/or removal from the QPL until tests by the Department determine that the product is in compliance with the applicable specifications and requirements.**
- **Certifications for all lots supplied will be available for review by the Department while in stock at the facility, and for a period of three years after sale.**

No information contained in these lists is to be used for promotional purposes.

The manufacturer of privately labeled products must be disclosed.
