IT IS ORDERED that the Director be authorized to construct a Resident Engineer's Office in the existing Maintenance Headquarters Building, as a Building Project, at an estimated cost of \$3,000.00.

Work to be done by Purchase Order Contract.

64-415 WHEREAS, in the construction of the Interstate System through this area, it will be necessary to establish Resident Engineer Offices in the vicinities of Alma and Ozark, and,

WHEREAS, no suitable quarters are available for rent,

IT IS ORDERED that the Director be authorized to construct a

20'x48' Concrete Masonry Building on the Area Headquarters lot at each location, as Building Projects, at an estimated cost of \$9,500.00.

Construction to be done by State Forces.

- 64-416 In PULASKI COUNTY: WHEREAS, Plans have been developed for the construction of a new Highway Headquarters building on land previously acquired in the vicinity of the Mabelvale Interchange on Interstate Highway 30 southwest of Little Rock; and

WHEREAS, the present buildings located on the State Capitol grounds are inadequate to meet the needs of the expanding Department.

NOW THEREFORE, the Director is authorized to proceed with the construction of a complete new Headquarters building at an estimated cost of approximately \$2,000,000.00, including architectural fees.

- 64-417 In COLUMBIA COUNTY on STATE HIGHWAY 98, Section 2, from US 79 to Wilson Corner, a distance of 6.50 miles, the Director is authorized to construct Portland Cement Stabilized Base Course and Double Bituminous Surface, as a Betterment Project, at an estimated cost of \$63,600.00.

Base Course to be processed by Purchase Order Contract and balance of work to be done by Maintenance Forces.

- 64-418 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 5, from a point 5.3 miles south of Mc~ie to the end of the gravel section, a distance of 6 miles, the Director is authorized to reshape the existing roadway, construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$82,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-419 At the FLAT CREEK WATERSHED PARK in Lawrence County, adjacent to State Highway 25, the Director is authorized to construct Clearing, Grubbing, Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment on approximately 2 miles of driveways, and other facilities, in line with the conditions of Minute Order 5228, as a Betterment Project, at an estimated cost of \$30,000.00.

Base material to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance Forces.

- 64-420 WHEREAS, Minute Order 64-366, approved October 28, 1964, authorized the construction of approximately .40 mile of State Highway

18, Section 5, in Manila, and,

WHEREAS, this Minute Order was in error, in that the Route should have been STATE HIGHWAY 18-B, Section 5-B, in Manila,

IT IS ORDERED that Minute Order 64-366 be cancelled and the conditions of Minute Order 64-368, approving the work to be done on STATE HIGHWAY 18-B, Section 5-B, remain as approved.

64-421 In NEVADA COUNTY on STATE HIGHWAY 355, Section 5G, from State Highway 53 to Willisville, a distance of 6.87 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Soil Cement Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$80,000.00.

Base material to be processed by Purchase Order Contract and balance of work to be done by Maintenance Forces.

64-422 In OUACHITA COUNTY on STATE HIGHWAY 57, Section 0, from State Highway 4 to Goodhope, a distance of 7.13 miles, the Director is authorized to construct Portland Cement Stabilized Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$73,800.00.

Base Course to be processed by Purchase Order Contract and balance of work to be done by Maintenance Forces.

64-423 In SEBASTIAN COUNTY on STATE HIGHWAY 252, Section 1, at Cherokee Creek, the Director is authorized to remove the timber deck of the existing bridge (232 Lin. Ft.) and replace with Treated Timber Stringers and Corrugated Metal Deck, as a Betterment Project, at an estimated cost of \$14,200.00.

Work to be done by Maintenance Forces.

64-424 In WHITE COUNTY on US 64, Section 10, from the Faulkner County line to Barrentine Corner, a distance of 12.03 miles, the Director is authorized to resurface the remaining 5.05 miles of this section with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, and as a Supplement to Special Project No. 5-508, at an estimated cost of \$59,500.00.

Work to be done by Purchase Order Contract.

64-425 In ARKANSAS COUNTY, at DeWitt, the conditions for acceptance to Minute Order 64-113 are changed to read as follows:

1. That a 50 foot right-of-way for Monroe Street be cleared of all obstructions other than utilities by the City of DeWitt.
2. That a 60 foot right-of-way for 2nd Street from Jefferson Street to Union Avenue and a 40 foot right-of-way from Union Avenue to Dudley Street and a 60 foot right-of-way from Dudley Street (city

- limits) to the bypass is to be furnished by the City of DeWitt.
3. That the deletion from the State Highway System of Bowers Avenue, west of the west city limits, be acceptable to Arkansas County.
 4. That the City of DeWitt, by Resolution, accept all provisions of this Minute Order.

All other provisions of Minute Order 64-113 are to remain unchanged.

64-426 WHEREAS, Minute Order 4485, Item 8 provides for grading, minor drainage, base, surface and constructing four bridges on State Highway 234 between Alleene and Winthrop in LITTLE RIVER COUNTY, and

WHEREAS, the Kansas City Southern Railway crosses State Highway 234 at Alleene, and

WHEREAS, an investigation indicates that this crossing will be hazardous and installation of automatic grade crossing protection is required,

NOW THEREFORE, in LITTLE RIVER COUNTY, on HIGHWAY 234 at the crossing of the Kansas City Southern Railway at Alleene, the Director is authorized to proceed at the appropriate time with the installation of flashing lights and short-arm gates at an estimated cost of \$16,000 subject to the following conditions:

1. That the railway company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

64-427 In PULASKI COUNTY for a frontage road on Interstate Highway I-30 on the Little Rock South Bypass, Eagle Properties, Inc. is authorized to construct a section of frontage road approximately 3300 feet in length along the south side of Interstate Highway 30 from Stanton Road to Geyer Springs Road subject to the following conditions:

Plans and supervision of construction to be by the Arkansas State Highway Department.

Costs for engineering and construction to be paid for by the developer.

Additional right-of-way that may be required to be furnished free of cost to the State.

Performance bond, in the estimated amount of cost for the work,

to be furnished by the developer prior to the beginning of work.

Though no Federal Funds are involved, this action is subject to approval by the Bureau of Public Roads.

64-428 In PULASKI COUNTY on US HIGHWAY 65, Section 12: WHEREAS, McGeorge Contracting Company, Inc., has requested authorization for a proposed grade crossing of a spur track and US Highway 65 approximately 0.6 miles north of Sweet Home, to serve a crushing plant, now operating;

NOW THEREFORE, the Director is hereby authorized to grant authorization to McGeorge Contracting Company, Inc., to construct a railroad crossing at grade subject to the following conditions:

1. That the crossing be for the length of the cross-ties and a width extending from shoulder to shoulder, and constructed with a Portland Cement concrete base and pavement.
2. That all construction on the highway right-of-way meet the approval of the Department District Engineer.
3. That the Company provide standard flashing light signals to protect the crossing.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

64-429 Sebastian & Crawford Counties, Job No. 4481, Arkansas River & Relief Bridges and Approaches (Grading & Structures), FAP I-540-1(27)10. The contract for the construction of approximately 2.033 miles of Grading, Mr. Dr. Strs., Crshd. Stone Base & ACHM Base & Surf. on 4th St., 1 R.C. & Steel Plate Girder Span Main River Br. (3399.12 ft.), 1 R.C. & Steel I-Beam Span Relief Br. (562.16 ft.), 4 Br. Span Lgth. Culvts & other misc. items on the Fort Smith Interstate Spur, Interstate 540, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$4,365,652.20, subject to the concurrence of the Bureau of Public Roads.

64-430 Hot Spring County, Job No. 6807, Ouachita River-Nine Mile Creek Surfacing, FAP I-30-2(66)96. TOTAL FOR 230 NEW UNITS		463,653.35

on December 21, 1962 and January 7, 14, and 21, 1963, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4936 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1963, which membership is regarded as being highly beneficial to the Department;

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1963 in the amount of \$1,519.50.

4937 In CRITTENDEN COUNTY, IT IS ORDERED that the following State Highway System changes be authorized:

1. Upon completion of Job 11650, the official routing of US 64, sec. 17, from a point near the Cross-Crittenden County line to a point east of Lansing shall be in accordance with the relocated and reconstructed section as constructed by Jobs 11555 and 11650; the section of old US 64 from the junction of the old and new location west of Earle to the junction of SH 149 in Earle shall be redesignated as US 64 Business Route, sec. 17B; the section of old US 64 between the present junctions of S.H. 149 in Earle shall be redesignated as a part of S.H. 149, sec. 4.
2. Upon the completion of Job 11657, the official routing of US 64 from a point east of Lansing to a point east of Vincent shall be in accordance with the relocated and reconstructed section; the section of old US 64 from the junction of FAS county route 1961 in Crawfordsville east to the junction of the new route east of Crawfordsville shall be redesignated as US 64 Business Route, Sec. 17C; the section of FAS county route 1961 in Crawfordsville between the old and new route of US 64 is hereby made a part of the State Highway System to be designated as a part of US 64 Business Route, sec. 17C.
3. All portions of the old route of US 64 between the Cross-Crittenden County line and a point east of Vincent not used in the above redesignations, which have been replaced by new construction, in conformity with Supreme Court decisions are hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this Order.

4938 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt roads to preserve the surface and,

WHEREAS, this work is performed during the entire calendar year with approximately one-half of the funds allotted from the Bituminous Program Allotment for each fiscal year,

IT IS ORDERED that the Director be authorized to approve the attached Bituminous Program for the 1963 calendar year in the amount of \$1,000,000.00. No additional allotment is requested for this fiscal year.

4939 WHEREAS, in Baxter County at Mountain Home, the Highway Department Maintenance Forces are sharing a building with Baxter County, as a Headquarters, and,

WHEREAS, the Department owns one-half of the building with the County owning the other half and,

WHEREAS, the County Judge of Baxter County has offered to purchase a suitable site, consisting of 3.27 acres, 2.1 miles east of Mountain Home on U. S. 62, and trade it to the Department for the portion of the building the Department owns,

IT IS ORDERED that the Director be authorized to negotiate with Baxter County and complete all details necessary for the exchange of this property.

Funds for the construction of an Area Headquarters facility will be requested upon completion of this transaction.

4940 In CRITTENDEN COUNTY, on Rich Road in West Memphis: WHEREAS, the City of West Memphis proposes to extend Rich Road, a city street, to connect with a frontage road along Interstate Highway I-40; and

WHEREAS, it is customary for the Highway Department to install the necessary culvert drainage pipe on our right-of-way when public streets are involved;

NOW THEREFORE, the Director is authorized to install the necessary culvert pipe at an estimated cost of \$1,680.00; the cost to be charged to the Betterment budget.

4941 WHEREAS, in MISSISSIPPI COUNTY on Highway 119, bids were invited under purchase order contract procedure, from 66 bidders, for furnishing in place 9,000 C.Y. - GB-2 Gravel Base Material for opening on January 10, 1963, and

WHEREAS, the Purchasing Committee, on January 14, 1963, recommended that the low bid be accepted.

NOW THEREFORE, IT IS ORDERED that this job designated

as Job No. 10-154(1), Minute Order 4905, be awarded to Elliot Sartain & Company of Osceola, on their low bid of \$26,820.00.

4942 WHEREAS, the increase in maintenance operations and the addition of Interstate Highway 40 make it desirable that an Area Headquarters be established in the vicinity of Russellville, Pope County, and,

WHEREAS, Raymond and Dorothy Dane have offered to sell the Department a suitable tract at the east interchange on the Russellville Bypass, containing 6.1 acres, for \$4,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$33,000.00.

4943 In PULASKI COUNTY on US 70, at the intersection of Interstate 30, the Director is authorized to proceed with the construction of Concrete Curb and Islands for traffic channelization, as a Betterment Project, at an estimated cost of \$2,500.00.

Work to be done by State forces.

4944 WHEREAS, in PULASKI COUNTY, on S.H. 10, at the east end of Maumelle Lake Bridge, near the Junction of S.H. 113, the Little Rock Municipal Water Works has offered to lease to the Highway Department a suitable site, consisting of approximately 1.5 acres, for a roadside park, the lease to run for a period of twenty-five (25) years, and

WHEREAS, Minute Order 3425 authorizes the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute a lease with the Little Rock Municipal Water Works on this property, for a period of twenty-five (25) years, and to establish a roadside park. No betterment funds will be needed for this park.

4945 In WHITE COUNTY for HIGHWAY 31 from Antioch to the junction of Highway 5, MINUTE ORDER 4909 is hereby revised to provide that the expenditure of \$38,000.00 for stock pile material is to be made from the Betterment Fund.

4946 In CRAIGHEAD COUNTY in the City of Jonesboro:

WHEREAS, a comprehensive study has been made to establish a Master Street Plan, including routes of State Highways, which has been approved by the City and the State Highway Department; and

WHEREAS, for orderly development by the City of Jonesboro and the State Highway Department, it is necessary that exact locations

of proposed highways and streets be known and right-of-way limits be determined;

NOW THEREFORE, the Director is authorized, as work load permits, to proceed with surveys and plans to satisfy the above noted needs, with the Highway US 63 Bypass being given first priority.

This action is subject to program approval by the Bureau of Public Roads.

4947 In MADISON COUNTY on HIGHWAY 23, Sections 8 and 9, Job No. 9466:

WHEREAS, there are two existing bridges to be removed which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Madison County has requested the bridges for use on a county highway;

NOW THEREFORE, in accordance with provisions of MINUTE ORDER 4063, the Director is authorized to convey the bridges to Madison County and the Judge is authorized to remove the bridges from the bridge sites, except: the five I-Beams in the 60' - 0" approach spans are to be retained by the State.

4948 In MISSISSIPPI COUNTY on Highway 151, at log mile 1.3 on the access road from Blytheville to the Air Base, an emergency has occurred because an existing bridge approximately 100 feet long is about to fail and beyond repairs that can be done by regular maintenance. Therefore, the Director is authorized to replace the dangerous bridge as an emergency project at an estimated cost of \$35,000.00.

4949 In PHILLIPS COUNTY, Job No. C-54-8, FAP S-1168 (1), Helena-West Helena. The contract for the construction of approximately 2.272 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and other miscellaneous items on the Helena-West Helena County Road was awarded to S. J. Cohen Company of Blytheville, Arkansas on their low bid of \$159,043.18, subject to the concurrence of the Phillips County Judge, on December 19, 1962. (Minute Order 4928); and

WHEREAS, the Phillips County Judge, by letter of December 31, 1962 rejected the bid of S. J. Cohen Company as the County's participating cost exceeds the available funds.

IT IS ORDERED that the award be cancelled and the Director is hereby authorized to return the Contractor's bond.

4950 In PULASKI COUNTY, on HIGHWAY 10 in the City of Little Rock:

WHEREAS, State Street, as now constructed, at its intersection with LaHarpe Boulevard is closed to the north; and

WHEREAS, the Highway Department has had a request which has been approved by the City of Little Rock to open the intersection;

NOW THEREFORE, the Director is authorized to open LaHarpe Boulevard at State Street, provided the entire cost for performing the work will be paid for by others, including signals and illumination according to state highway plans and specifications.

This action is subject to approval by the Bureau of Public Roads.

4951 In PULASKI COUNTY for the EAST-WEST EXPRESSWAY, from University Avenue to Park Street, in Little Rock.

WHEREAS, the preliminary design report has been completed and accepted; and

WHEREAS, the City of Little Rock has been authorized to proceed with appraisal of right-of-way; and

WHEREAS, exact right-of-way lines cannot be defined until final plans have been made; and

WHEREAS, it would be of much benefit to have completed plans for the Expressway as soon as possible;

NOW THEREFORE, the Director is authorized to complete the construction plans for the East-West Expressway in Little Rock and, due to the work load of the Highway Department staff in keeping up with current construction plans, to employ a consultant to perform the work.

This action is subject to approval by the Bureau of Public Roads.

4952 In WHITE COUNTY on HIGHWAY US 67: WHEREAS, when old Job 586 (new Job 5499, McRae-Northeast Reconstruction) was built, a rectangular strip of land approximately 228.0' x 250.0' outside the limits needed for construction was taken for barrow materials; and

WHEREAS, this land is described as follows:

Starting at the Northeast corner of the Northeast Quarter of the Northwest Quarter of Section 3, Township 6 North, Range 7 West, White County, Arkansas; thence South 1° 36' West, 1564.0 feet to a point on center line of Survey, designated as Station 276+70.0; thence South 48° 30' West along said center line of Survey, 1890.0 feet to a point designated as center line Station 257+80±; thence North 41° 31' West to a point on the

existing right-of-way line 72.0 feet from and perpendicular to said center line of Survey Station 257+80.0±, the point of beginning.

Beginning at the above described point; thence South 48° 30' West, 350.0 feet to a point 72.0 feet from and perpendicular to center line of Survey Station 254+30.0; thence North 41° 30' West, 248.0 feet to a point; thence North 48° 30' East, 350.0 feet to a point thence South 41° 30' East, 228.0 feet to the point of beginning; and

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of W. H. Capps, Jr., and that said W. H. Capps, Jr. is the owner of the abutting and contiguous land the premises described;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to W. H. Capps, Jr.

MINUTE ORDER NO. 4778 is hereby revoked.

4953 Pulaski County, Job No. 6781, South Terminal Interchange Landscaping, FAP I-30-2(63)138. The contract for furnishing and placing suitable topsoil and furnishing and planting major and minor trees, shrubs, vines and ground cover in the South Terminal Interchange area of the Little Rock-North Little Rock Expressway, Interstate 30, Section 2, is awarded to Carter's Lawn & Tree Service of Dardanelle, Arkansas on their low bid of \$42,919.00, subject to the concurrence of the Bureau of Public Roads.

4954 Johnson County, Job No. 8501, Forest Boundary-Mulberry Creek, FAP S-491(1). The contract for the construction of approximately 10.827 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Two Bridge Length Culverts (65.92 ft. span) and other misc. items on the Harmony-Oark Road, State Highway 103, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$454,586.46.

4955 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, January 23, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at

its One Hundred and eighteenth Meeting in Little Rock, Arkansas on January 23, 1963.

Dorothy Switzer
Secretary

ADDENDUM

Prior to being convened in regular session the Commission received its new member, John W. Harsh, and proceeded with the election of officers as follows.

A motion was made by Mr. Baker, seconded by Mr. Taylor and unanimously carried to re-elect, as chairman, John E. Crab. A motion was then made by Mr. Taylor, seconded by Mr. Harsh and unanimously carried to elect, as Vice-Chairman, Wayne Hampton.

MINUTES OF THE MEETING OF THE ARKANSAS STATE HIGHWAY COMMISSION February 20, 1963

The following is the record of the proceedings of the One Hundred and nineteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on February 20, 1963 at which time the following members were present:

J. E. Crain	Chairman
Wayne Hampton	Vice-Chairman
Arnil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

4956 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., February 20, 1963.

4957 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4953 and 4954 at the regular meeting of the Commission on January 23, 1963.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

4959 WHEREAS, Minute Order Number 4656, Section V, dated June 27, 1962, for Machinery and Vehicle Equipment, \$1,050,000.00 was allotted for the purchase for the Fiscal Year of 1962-63,

WHEREAS, Minute Order Number 4798, dated September 5, 1962, requested purchase of 364 pieces of New Equipment in the estimated amount of \$999,231.80 for the Fiscal Year 1962-63,

WHEREAS, at the present time the Department is in bad need of replacements of Motor Cranes and Draglines, Motor Graders, Crawler Tractors, Front End Loaders, and Asphalt Distributors, due to the age and condition of the Equipment and the increased work load of the Department,

NOW THEREFORE, it is ordered that an additional allotment of \$600,000.00 be approved and the Director is authorized to proceed in the most feasible manner with the purchase of the Heavy Equipment for the Ten Districts of the Arkansas State Highway Department to be distributed on an equitable basis.

4960 WHEREAS, the Purchasing Committee has awarded purchases on January 28, February 4, 11 and 189 1963, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4961 WHEREAS, under the provisions of Sec. 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System, and

certain highways in the County System in return become a part of the State Highway System; and

WHEREAS, such an agreement has been reached between the State Highway Commission and the County Judge of Arkansas County, whereby that portion of S.H. No. 17, Sec. 0, from S.H. 152 at DeLuce north and east to a point near the northeast corner of Sec. 33, T5S, R2W, a distance of approximately 2.0 miles, will be accepted into the Arkansas County Highway System, and whereby the County Highway from S.H. 17 and S.H. 152 at DeLuce easterly to Lagrue Bayou, a distance of approximately 2.3 miles, will be accepted into the State Highway System; and

WHEREAS, said agreement is evidenced by an appropriate order of the Arkansas County Court dated January 16, 1963;

NOW, THEREFORE, IT IS ORDERED THAT, in accordance with agreement reached as required by law, that portion of S.H. No. 17, sec. 0, from S.H. 152 at DeLuce north and east to a point near the northeast corner of Sec. 33, T5S, R2W, a distance of approximately 2.0 miles, is hereby deleted as a part of the State Highway System, to be maintained and operated as a County Highway under the jurisdiction of the County Court. It is further ordered that the County Highway from S.H. 17 and S.H. 152 at DeLuce easterly to Lagrue Bayou, a distance of approximately 2.3 miles, is hereby accepted and designated as a route of the State Highway System.

4962 In NEVADA COUNTY on STATE HIGHWAY 53: WHEREAS, the construction of Job 3599, Lafayette County Line - Bodcaw involved damages to the property of T. J. Goodwin due to the separation of his house and store by a deep roadway cut; and

WHEREAS, the correction of the damages would require relocation of the house and/or construction of steps on both sides of the roadway and adjustment of a wall at an estimated cost in excess of \$1,000.00; and

WHEREAS, the owner has agreed to execute a release agreement for all damages sustained in the amount of \$1,000.00;

NOW THEREFORE, the Director is authorized to execute a settlement in the amount of \$1,000.00 covering all damages sustained by this owner in connection with construction of this project.

4963 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in the vicinity of Jasper, Newton County, and,

WHEREAS, Lottie A. Davis of Jasper has offered to sell the Department a suitable tract of land, consisting of 2.12 acres, located

approximately .3 mile west of Jasper on State Highway 74, for \$1,515.80,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$27,000.00.

4964 WHEREAS, the Arkansas State Highway Commission has heretofore adopted and published Regulations for Access Driveways to State Highways as directed by statute; and,

WHEREAS, application of said Regulations has been found workable and desirable, minor changes are needed; and,

WHEREAS, Act 123 of the Acts of 1953 (Ark. Stats.) (76-201.5 (n) (2)), provides that additions and amendments to such regulations shall be published in the same manner as the original rules and regulations.

NOW THEREFORE, the Regulations for Access Driveways to State Highways as set out in Minute Order No. 4161 passed June 28, 1961, and published in July, 1961, are changed by addition and amendment (underlined for emphasis) to the following paragraphs to read as follows:

A. GENERAL

12. DESIGN.

- b. Locations of access driveways shall be selected to provide maximum safety for highway traffic and for users of the driveway. Frontages of 50 feet or less shall be limited to one driveway. Normally, not more than two (2) driveways shall be provided to any single property tract or business establishment. Exception may be made where the frontage extends 600 feet where additional driveways may be permitted.
- d. Radii for all access driveways in urban areas shall be not less than five (5) feet, and in rural areas that the radii shall be not less than ten (10) feet, except as provided in paragraph 'g'.
- g. The State Highway Department may authorize or require certain changes in the design limits herein when such changes are necessary to preserve the normal and safe movement of traffic or to permit reasonable access. In consideration of type, speed, and volume of highway and access driveway traffic, larger curb return radii than the minimum herein may be required by the District Engineer. When physical factors make it impractical to obtain reasonable access within these requirements, appropriate variations may be authorized by the District Engineer; provided, how-

ever, that in all cases, curb return radii shall be confined to the grantee's property frontage and shall not be less than two and one-half feet (2-1/2), and the island between driveways shall not be less than ten (10) feet long, driveway widths shall never exceed 45 feet, and no part of a driveway or its radii shall extend beyond grantee's property line extensions at highway or street intersections.

B. COMMERCIAL ACCESS DRIVEWAYS

4. SAFETY ZONES.

All parts of the highway right-of-way between the curb or shoulder line and the right-of-way line along the grantee's property frontage, except the areas contained in the access driveways, shall be Safety Zone. Safety Zones between drives shall be not less than twenty-five (25) feet in length except as provided in paragraph 'g', and generally should be a minimum of one-third the length of the property frontage. Curbs or posts shall be installed by the grantee as may be necessary to prohibit vehicle parking and access to safety zones. If curbs are used they shall be concrete or masonry barrier type curbs not less than six (6) inches in height. If posts are used, they shall be round, six (6) inches in diameter, with domed tops, four (4) feet in length; and shall be installed six (6) feet apart, extending thirty (30) inches above the ground, and shall be painted white, and reflectorized when feasible. The barrier line nearest the highway shall be not less than twenty-two (22) feet from the center of the pavement or shall be on line with existing curbs or established curb lines; provided the District Engineer or his authorized representative does not require a greater distance when needed to preserve the safety and utility of the highway or provide conformance with proposed highway improvements.

C. RESIDENTIAL DRIVEWAYS

3. ANGLE

The angle of the access driveway from the highway pavement shall be sixty (60) degrees to ninety (90) degrees.

The Legal Division of the Highway Department is hereby charged with the responsibility of seeing that these amendments and additions to these Regulations are published according to law and to maintain the permanent files in connection therewith

4965

In SALINE COUNTY, on Highway 9, Job 6759: Whereas, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Saline County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the truss to Saline County, and the Judge is authorized to remove the truss from the bridge site.

- 4966 Montgomery County, Job No 4507, Ouachita River Bridge & Approaches, FAP F-016-1(7). The contract for the construction of approximately 0.709 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One R.C. & Structural Steel I-Beam Span & Plate Girder Span Bridge (582.16 ft.) and other misc. items, on the "Y" City-Mt. Ida Road, US Highway 270, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$259,283.26, subject to the concurrence of the Bureau of Public Roads.
- 4967 Lonoke County, Job No. 6686, Hwy. 31-Prairie Co. Line Grading & Structures, FAP I-404(6)176. The contract for the construction of approximately 10.461 miles of Grading, Mr. Dr. Strs. & misc. const. items throughout project; Cr. St. Base or Cr. St. Base & Bit. Surf. Tr'mt. on Fr. Rds., Detours, Gr. Seps. & Interchange; 2-R.C. Slab Span Brs. (150.00 ft. tot. lgth.), 4-R.C. & Str. Steel I-Beam Span U'pass. Strs. (868.15 ft. tot. lgth.) & 3 Br.-Lgth. Culvts. (73.18 ft. tot. span lgth.), on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 49 is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their Alternate No. 1 low bid of \$1,297,416 00, subject to the concurrence of the Bureau of Public Roads.
- 4968 Pulaski County, Job No. 6754, Hwy. 5 Widening (North Little Rock), FAP US-225(3). The contract for the construction of approximately 0.636 mile of Grading, Minor Drainage Structures, Portland Cement Concrete Base (8" U.T.) with Integral Curb, Asphaltic Concrete Hot Mix Base & Surface Courses and other misc. items in the City of North Little Rock, State Highway 5, Section 119 is awarded to North Side Construction Company of Fort Smith, Arkansas on their low bid of \$216,810.02, subject to the concurrence of the Bureau of Public Roads.
- 4969 Pulaski County, Job No. 6762, Burns Park Access Road, FAP U-02-3(5). The contract for the construction of approximately 0.6 mile of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Asphaltic Concrete Hot Mix Base & Surface Course, Bituminous Treated Shoulders, Concrete Curb & Combination Curb & Gutter and other misc. items, on the Jct. Hwy. 65-Burns Park Interchange in North Little Rock, State Highway 176, Section 0, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$199,925.70, subject to the concurrence of the Bureau of Public Roads.

- 4970 Pulaski County, Job No. 6776, Eureka Gardens-Lonoke Co. Line (Surfacing), FAP I-40-3(33) 158. The contract for the construction of approximately 6.514 miles of Grading, Mr. Dr. Strs., Sub-base, Plant Mixed Cr. St. Base, P.C. Concrete Pavement (10" U.T.) on Main Lanes, (9" U.T.) on Ramps & Bit. Treated Shldrs. on Main Lanes & Ramps, ACHM Base & Surf. with Bit. Treated Shldrs. on Ramp Connections & other misc. items on the Little Rock-Memphis Interstate Road near North Little Rock, Interstate 40, Section 3, is awarded to Foster & Creighton Company of Nashville, Tennessee on their low bid of \$1,837,844.10, subject to the concurrence of the Bureau of Public Roads.
- 4971 Grant , Saline & Pulaski Counties, Job No. 6779, Grant County Line-Bingham Road Surfacing, FAP F-025-2(9). The contract for the construction of approximately 7.503 miles of Limited Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Asphalt Treated Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface, Bituminous Treated Shoulders and other misc. items, on the new location of the Little Rock-Pine Bluff Road, US Highway 65, Sections 12 & 13, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$1,165,698.74, subject to the concurrence of the Bureau of Public Roads.
- 4972 Faulkner & Pulaski Counties, Job No. 1382, Mayflower-Morgan Grading & Structures, FAP 1-40-3(21)136. The contract for the construction of approximately 5.472 miles of Grading, Minor Drainage Structures & other misc. items throughout project; Crushed Stone Base on Local Roads; Crushed Stone Base & Double Bituminous Surface Treatment on Frontage Roads & Cross Roads; Two R.C. Slab Overpass Structures (180.00 ft. tot. lgth.) & Two R.C. & Structural Steel I-Beam Span Bridges (634.34 ft. tot. lgth.) on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 3, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their Alternate No. 1 low bid of \$1,933,530.06, subject to the concurrence of the Bureau of Public Roads.
- 4973 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, February 20, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and nineteenth Meeting in Little Rock, Arkansas on February 20, 1963.

Dorothy Switzer

------	------------	---	---------------------------------	--	-------------------------	--------------------

4977 WHEREAS, on March 5, 1963, John Enochs Crain, Sr., Chairman of the Arkansas State Highway Commission, completed his tasks in this world and passed on to others the work and responsibilities which he had been so ably and conscientiously carrying; and

WHEREAS, by his death the State of Arkansas and its citizens lost the services of one of its most progressive, farsighted and public-spirited supporters; an advocate of progress, as was proven by his successful development and management of his Eastern Arkansas estate; whose interests, which included his family, his church, highways, farming, banking, education, land drainage, in addition to many others, were an outstanding example for all of us to follow; who freely gave his time, able guidance, and leadership to public service for his community and for his State; and

WHEREAS, we of the Highway Commission who have been privileged to work intimately with John Enochs Crain, Sr. know better than many that this wonderful and able man earned the respect and admiration of all who knew him;

NOW THEREFORE, as an expression of our admiration and respect for John Enochs Crain, Sr., and in grateful recognition of his contribution to his beloved State and community, we order this Resolution spread on the records of the Arkansas State Highway Department and that a copy of the Resolution be sent to his family.

4978 In BOONE COUNTY on HIGHWAY US 65 ByPass

WHEREAS, this land is described as follows:

A part of the Northeast Quarter of the Northeast Quarter of Section 9, Township 18 North, Range 20 West in the City of Harrison, Boone County, Arkansas, more particularly described as follows:

Starting at the Northeast corner of Section 9, Township 18 North, Range 20 West; thence Southerly along said East Section line a distance of 490.0 feet to the Northeast corner of Lot 10, Block 31, Fairgrounds Addition, town of Harrison, Arkansas; thence Westerly along North line of Lot 10 a distance of 115.0 feet to the East line of Sycamore Street; thence Northerly along said East line of Sycamore Street a distance of 240.0 feet to the South line of Prospect Avenue, at a point 50.0 feet from and perpendicular to center line of Arkansas and Ozarks Railway as originally located; thence Southeasterly along a curve

parallel to and 50 feet distant from center line of an eight degree curve of the Arkansas and Ozarks Railway to the East line of Section 9; thence Southerly along the East line of Section 9 to the point of beginning and constituting all of those parts of Lots 2, 4, 6 and 8, Block 31, Fairgrounds Addition lying West of the West line of original 100 foot right of way of Arkansas and Ozark Railway Company consisting of 0.37 acres more or less.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the Arkansas and Ozark Railway Corporation in October of 1962; and

WHEREAS, The Arkansas and Ozark Railway Corporation was notified in writing on 7 February, 1963 that it had the option to repurchase this surplus property; and

WHEREAS, The Arkansas and Ozark Railway Corporation on 15 February, 1963 declined its option to repurchase the surplus property; and

WHEREAS, The Urban Renewal Agency has greatly assisted the department in making lands available to the Highway Commission for the improvement of Highway 65 in Harrison, Boone County, Arkansas on Job No. 9425 and the amount of \$2,000.00 is estimated as the just value of said lands as determined by the Urban Renewal Agency and it is agreed by it that any charges the Urban Renewal Agency may make for lands it has made available to the Arkansas State Highway Commission for the construction of Job No. 9425 will be charged against this value;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to the Urban Renewal Agency of the City of Harrison, Arkansas.

4979 Within the limitations of funds authorized by Minute Order action of June 27, 1962, the Director is hereby authorized to proceed with printing 200,000 copies of the 1963 service map at an estimated cost of \$22,500.00.

4980 WHEREAS, the Purchasing Committee has awarded purchases on February 22, March 4, March 11 and March 18, 1963 in the amounts of \$46,675.92, \$70,265.23, \$41,348.33 and \$28,806.27, respectively, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in

the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

GRAND TOTAL \$187,095.75.

4981 In JOHNSON COUNTY on STATE HIGHWAY 164, Section 0, from Horsehead Lake to Harmony, a distance of 3.91 miles, the Director is authorized to place Crushed Stone Base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$40,000.00 for materials.

4982 WHEREAS, in District No. 5 recent ice and snow conditions have necessitated much overtime work to keep roads open to the traveling public,

THEREFORE, the Extra Help Item of the District No. 5 Routine Maintenance Budget is hereby increased in the amount of \$3,500.00.

4983 In FAULKNER COUNTY on HIGHWAY 107:

WHEREAS, there is an old existing bridge over East Cadron Creek which is to be removed, replaced, and salvaged by the contractor on Job 8500; and

WHEREAS, this bridge, with approaches, has been requested by the County Judge for further use on the County Road System; and

WHEREAS, this bridge was purchased by the County originally;

NOW THEREFORE, IT IS ORDERED that the County Judge of Faulkner County is authorized to remove the old bridge, including approach spans, from the job site.

4984 In MONROE and PHILLIPS COUNTIES:

WHEREAS, the Arkansas Highway Commission has been requested by the Mississippi Highway Commission to join them in making a request to the Route Numbering Committee of the American Association of State Highway Officials for authority to extend Highway US 49 into Arkansas by way of Highway US 61 from Clarksdale, Mississippi, and along Highway 6 over the Helena Bridge; and

WHEREAS, it is considered of much benefit to the traveling public to have this accomplished;

NOW THEREFORE, the Director is authorized to join the Mississippi Highway Commission in their request, and to also request that the marking of Highway US 49 be extended along Highway 6 to

an intersection with Highway US 70 near Brinkley.

4985 WHEREAS, the Arkansas State Highway Commission has heretofore adopted and published Regulations for Access Driveways to State Highways as directed by statute; and,

WHEREAS, in certain instances there is non-compliance with the provisions of said Regulations contained and specified in permits issued for access driveways which is to the detriment of the State Highway System; and,

WHEREAS, Section 76-531 of the 1947 Arkansas Statutes, as amended, authorizes the requiring of security to assure compliance with the Regulations where needed to protect the State Highway System;

NOW, THEREFORE, the Chief Engineer, Division and District Engineers of the Arkansas State Highway Department are hereby authorized and charged with the responsibility of requiring security in the form of a certified check or surety bond from permittees for commercial access driveways. Said security to be used by the Commission to place the road in the condition called for in the permit, should there be only partial compliance with permit provisions, with the security balance then being returned to the permittee. If the permittee complies in full, the obligation of the security is discharged in full and the entire security shall be returned to the permittee.

4986 WHEREAS, in WHITE COUNTY on STATE HIGHWAY 36, SECTION 5, Minute Order 4553 authorized the Director to proceed with the installation of automatic grade crossing protection at the new Railroad-Highway crossing of the relocated Highway 36 in Kensett, subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads, and

WHEREAS, Paragraph 5b(4) of PPM 21-10 stipulates that....
"In cases where the improvement is essentially a relocation of an existing road or street, which remains for the use of local traffic only, such projects shall not be deemed to be of cognizable benefit to the railroad and the railroad shall not be assigned liability as to the cost thereof. In such cases, the project shall be considered a Federal-aid highway project and shall be financed at the applicable pro rata of State and Federal funds."

NOW THEREFORE, Condition 1 of Minute Order 4553 is hereby changed to read: "That the flashing light and short-arm gate automatic grade crossing protection installation will be made at no cost to

the Railroad Company and maintenance of the signal devices after installation will be without cost to the State."

All other conditions of Minute Order 4553 remain unchanged by this modification.

- 4987 Lee County, Job No. 11684, Bear Creek Lake-North, FAP S-464(1). The contract for the construction of approximately 4.956 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and other miscellaneous items on the Bear Creek Lake-Marianna Road, State Highway 44, Section 5, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$227,052.10.
- 4988 Logan County, Job No. 4473, Paris-Midway Reconstruction, FAP F-022-1(14). The contract for the construction of approximately 11.812 miles of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base and Surface with Bituminous Treated Shoulders, P.C. Concrete Base with Integral Curb, Widening Six R.C. Deck Girder Span Bridges (329.60 ft. total length) and other misc. items, on the Paris-Dardanelle Road, State Highway 22, Section 3, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$1,165,195.33, subject to the concurrence of the Bureau of Public Roads.
- 4989 Crawford & Franklin Counties, Job No. 4504, Mulberry-Forest Boundary, FAP S-517(1). The contract for the construction of approximately 4.917 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Two Bridge Length Culverts (67.00 ft. total span), and other miscellaneous items, on the Mulberry-North Road, State Highway 215, Sections 1 & 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$280,449.39.
- 4990 Lonoke & Prairie Counties, Job No. 6716, Lonoke County Line-Hazen, FAP I-40-4(8)186. The contract for the construction of approximately 7.462 miles of Grading, Minor Drainage Structures and other miscellaneous items throughout project; Crushed Stone Base & Dbl. Bit. Surf. Treatment on Frontage Rds. & Cross Rds.; 3-R.C. & Str. Steel I-Beam Span Underpass Strs. (671.14 ft. total lgth.) & 3-Br. Lgth. Culvts. (88.09 ft. total span lgca.), on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$1,178,730.95, subject to the concurrence of the Bureau of Public Roads.
- 4991 Pope County, Job No. 8516, Illinois Bayou & Mill Creek Bridges & Approaches, FAP Corps of Engineers Contract No. DA-03-050-CIVENG-62-546. The contract for the construction of approximately 1.817 miles of Grading, Minor Drainage Structures, Crushed

Stone Base, ACHM Base & Surface Courses, Two R.C. & Structural Steel I-Beam Span Bridges (747.0' Total Length), Riprap, Detour Construction and other miscellaneous items on the London-Russellville Road, US Highway 64, Section 6, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$827,289.73, subject to the concurrence of the Corps of Engineers.

4992 Johnson County, Job No. 8518, Big Piney Creek Bridge and Approaches, FAP Corps of Engineers Contract No. DA-03-050-CIVENG-62-546. The contract for the construction of approximately 1.571 miles of Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base, ACHM Base & Surface Courses, One R.C. & Structural Steel I-Beam Span Bridge (352.42') and other miscellaneous items on the Clarksville-Russellville Road, US Highway 64, Section 5, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$407,852.41, subject to the concurrence of the Corps of Engineers.

4993 Benton County, Job No. 9438, Illinois River Bridge & Approaches, FAP S-444(3). The contract for the construction of approximately 0.494 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One R.C. & Structural Steel I-Beam Span Bridge (957.16 ft.) and other miscellaneous items on the Suamers-Siloam Springs Road, State Highway 59, Section 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$294,204.12.

4994 Benton County, Job No. 9473, Van Hollow Relocation, FAP Corps of Engineers Contract No. DA-03-050-CIVENG-62-563. The contract for the construction of approximately 4.694 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and other miscellaneous items comprising the Van Hollow Section of Beaver Reservoir Highway Relocations, State Highway 12, Section 3, is awarded to Gillioz Company, Inc., of Monett, Missouri on their low bid of \$305,618.04, subject to the concurrence of the Corps of Engineers.

4995 Mississippi County, Job No. 10604, Pemiscot Bayou Bridge & Approaches, FAP State Job. The contract for the construction of approximately 0.032 mile of Grading, Crushed Stone Base and Double Bituminous Surface Treatment on Detour; One R.C. Slab Span Bridge (100.00 ft.) with Approach Slabs and Gutters and other miscellaneous items on Main Lanes, near the Blytheville Air Force Base on the Blytheville-Calumet Road, State Highway 151, Section 2, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$48,008.40.

4996 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:45 P.M., Wednesday, March 20, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twentieth Meeting in Little Rock, Arkansas on March 20, 1963.

Dorothy Switzer, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 24, 1963

The following is the record of the proceedings of the One Hundred and twenty-first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 24, 1963. The following members were present:

Wayne Hampton	Vice-Chairman
Armil Taylor	Member
Truman Baker	Member
John W. Harsh	Member
W. J. Denton	Member

4997 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 24, 1963.

Upon convening in regular session Wayne Hampton, Vice-Chairman, turned the meeting over to F. R. Oliver, Director of Highways. The meeting was opened for nominations for the position of Chairman of the State Highway Commission. A motion was made by Armil Taylor, seconded by John Harsh and unanimously carried to elect Wayne Hampton as Chairman. Nominations were then in order for the position of Vice-Chairman. A motion was made by Truman Baker, seconded by Armil Taylor and unanimously carried to elect W. J. Denton as Vice-Chairman. The meeting was then turned back to the newly elected Chairman, Wayne Hampton.

4998 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4987 through 4995 at the regular meeting of the Commission on March 20, 1963.

5000 WHEREAS, the Purchasing Committee has awarded purchases on March 25 and April 1, 8, 15, and 22, 1963 in the amounts of \$350,113.40, \$117,782.92, \$407,666.76, \$77,643.84, and \$16,804.93 respectively, totaling \$970,011.85 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5001 WHEREAS, in INDEPENDENCE COUNTY on Highway 167, bids were invited under purchase order contract procedure, from 5 bidders, for constructing and erecting an elevated water tank at District Headquarters site, for opening on April 18, 1963, and

WHEREAS, The Purchasing Committee, on April 22, 1963 recommended that the low bid be accepted

NOW THEREFORE, IT IS ORDERED that this job designated as Job No. 5550(3), Minute Order 4856, be awarded to R. D. Cole Manufacturing Company of Newnan, Georgia on their low bid of \$24,910.00.

5002 WHEREAS, Act Number 263 of the Acts of the General Assembly of 1963, requires the State Highway Department to furnish the plans and engineering services for all County negotiated contracts for Federal-Aid Secondary County Road Projects, and,

WHEREAS, in order to establish procedures and to implement the provisions of Act 263 in an equitable manner a meeting, attended by Staff Members of the Highway Department and the Executive Members of the County Judges Association, was held in the Highway Director's Office on April 4, 1963, at which time agreements were reached as to the interpretation and practical applications of the provisions of the Act as documented by the attached "Interpretations and Procedures Relative To The Administration of Act Number 263", signed by Staff Members of the Department and Executive Members of the County Judges Association and which sets forth interpretations and ground rules as follows:

1. State Highway Commission will bear the cost of all engineering expense incurred on and after March 18, 1963 on all County Federal-Aid Secondary Projects that were under Contract prior to March 18, 1963.
2. The State Highway Commission will return to the Counties all funds deposited for engineering expense on all Contracts negotiated on and after March 18, 1963.
3. The Counties will continue to deposit with the State Highway Commission the estimated total funds necessary to finance the cost of Surveys and Plans for all future County Federal-Aid Secondary Projects. These funds will be returned to the County upon completion of fifty (50%) per cent of the project.
4. Contract time for all future County Federal-Aid Secondary Projects will be established on a working day basis as defined in the Standard Specifications for Highway Construction.

NOW, THEREFORE, the abovementioned interpretations and the attached signed agreements are hereby approved and the Director is authorized to administer the provisions of Act Number 263 in accordance with the agreements.

5003 WHEREAS, the State Highway Commission, on March 20, 1963, by Minute Order 4985, directed that all applicants for Commercial Access Driveways be required to furnish a Corporate Surety Bond or Certified Check to insure compliance with the terms of the permit,

THEREFORE, the following amounts of Surety Bond or Certified Check will be required for the various types of Commercial Access Driveways:

1. One dry ramp or entrance with pipe - \$75.00
2. Two dry ramps or two entrances with pipe - \$125.00
3. Each additional dry ramp or entrance with pipe in excess of two - \$25.00
4. For all Access Permits not covered by the above rates, approximately 20 per cent of the total estimated cost of the requested access will be required.

5004 In BENTON COUNTY on HIGHWAY 59, Job No. 9438:
WHEREAS, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Benton County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the truss to Benton County and the Judge is authorized to remove the truss from the bridge site.

5005 WHEREAS, in LAFAYETTE COUNTY, approximately 3 miles north of Lewisville on State Highway 29, Mr. Bill Triplett, through County Judge J. Martin Tackett, has offered to lease to the Department a suitable site for a roadside park, containing 0.42 acres, with the lease to run for a period of 25 years and,

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute the lease with Mr. Triplett for this property for a period of 25 years, for the purpose of establishing a roadside park.

5006 WHEREAS, in LAFAYETTE COUNTY, approximately 5-1/2 miles south of Lewisville on State Highway 29, Mr. Henry Moore III, through County Judge J. Martin Tackett, has offered to lease to the Department a suitable site for a roadside park, containing 0.41 acre, with the lease to run for a period of 25 years and,

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute the lease with Mr. Moore for this property for a period of 25 years, for the

purpose of establishing a roadside park.

- 5007 In MISSISSIPPI COUNTY on STATE HIGHWAY 119, Section 1, from US 61 east to the Mississippi River Levee, a distance of 4.27 miles, the Director is authorized to construct a Double Bituminous Surface Treatment on the existing base, as a Betterment Project, at an estimated cost of \$11,900.00.

Work to be done by maintenance forces.

- 5008 In WHITE COUNTY on STATE HIGHWAY 5, Section 14, from Rose Bud-South and on STATE HIGHWAY 31, Section 4, from Romance-West, a total distance of 9.03 miles, the Director is authorized to construct minor drainage structures, side drains and place a double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$36,700.00.

Work to be done by State forces.

- 5009 In WHITE COUNTY on STATE HIGHWAY 5, Section 14, from Hammonsville to a point 4.24 miles north, the Director is authorized to construct three bridges and minor drainage structures, as a Betterment Project, at an estimated cost of \$25,800.00.

Work to be done by Maintenance Forces.

- 5010 WHEREAS, Minute Order 4939, approved January 23, 1963, authorized the Department to exchange with Baxter County one-half of a building in Mountain Home for an Area Headquarters site, containing 3.27 acres, east of Mountain Home, and,

WHEREAS, this exchange is now completed and the Department has the title to the new property,

IT IS ORDERED that the Director be authorized to proceed with the construction of the Area Headquarters facility, as a Building Project, at an estimated cost of \$26,000.00.

- 5011 WHEREAS, in the construction and purchase of the Union County Area Headquarters, \$27,000.00 was approved for the facility, and,

WHEREAS, due to increased cost in grading, surfacing and construction of the Resident Engineer's office, the completed job amounted to \$32,826.78,

IT IS ORDERED that Job 7-118-B be supplemented in the amount of \$5,826.78 with funds to come from Section 6 of the Building Allotment covered by Minute Order 4656.

- 5012 Item VI - Betterments, in the budget for the fiscal year 1962-63, approved by MINUTE ORDER No. 4656, as amended, is hereby increased to a total of \$2,500,000.00.

5013 The roads and streets described below are hereby made a part of the State Highway System, to be designated as shown on official sketches which are incorporated by reference as a part of this Minute Order.

<u>County</u>	<u>Description</u>	<u>Miles</u>
Arkansas	City street from Jct. S.H. 11 & S.H. 130 north, along the east side of Stuttgart to a Jct. with US 79	2.41

5014 In GREENE COUNTY, from the Lawrence County Line, the road from Sedgwick to Light on Highway 25, a distance of approximately 7.25 miles, is hereby made a part of the State Highway System.

5015 In JOHNSON COUNTY, the following described route is hereby made a part of the State Highway System:
Beginning at the end of Poplar Street in Clarksville, east to the Missouri Pacific Railroad, thence on present road northeast to Highway US 64, a distance of approximately 1.50 miles.

5016 In LEE and CRITTENDEN COUNTIES, the county road beginning at the end of the FAS Route in Lee County near Happy, east and northeast to Highway 38 in Crittenden County, a distance of approximately 4.75 miles, is hereby made a part of the State Highway System.

5017 In POINSETT COUNTY, the route through the Marked Tree Industrial Area from Highway US 63 east to Highway 135, a distance of approximately 5.0 miles, is hereby made a part of the State Highway System.

5018 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way; and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, in four sheets, which includes 29 items of work for improvements on the Federal Aid Primary System of State Highways, at an estimated cost of \$16,171,000, be added to and made a part of the Long-Range Primary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available,

giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads.

5019 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way; and

 WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

 NOW, THEREFORE, IT IS ORDERED that the attached list, which includes three items of work for improvements on Urban Extensions of State Highways at an estimated cost of \$750,000, be added to and made a part of the Long-Range Program of URBAN projects; and the Director is authorized to proceed with the work described for each project as funds are available, giving due consideration first to projects previously authorized. This action is subject (a) to the approval of each individual program item by the Bureau of Public Roads, and (b) to necessary right of way being furnished by the local governments in accord with stated right of way policies.

5020 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way; and

 WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

 NOW, THEREFORE, IT IS ORDERED that the attached list, in 9 sheets, which includes 72 items of work for improvements on the Federal Aid Secondary System of State Highways, at an estimated cost of \$19,910,000, be added to and made a part of the Long-Range Secondary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads and to right of way being furnished in accord with previously stated right of way policies.

5021 In DESHA COUNTY, on STATE HIGHWAY 4, Section 17 the Corps of Engineers, US Army, in cooperation with the Cypress Creek Drainage District of Desha, Chicot and Lincoln Counties proposes to enlarge and improve portions of the Channel of Canal 18; and

WHEREAS, the existing I-Beam bridge on State Highway 4 will require complete replacement to current design standards to accommodate the widened drainage channel;

NOW THEREFORE, the Director is authorized to negotiate a reimbursable contract with the Corps of Engineers whereby the Department will be responsible for the required highway alterations, subject to 100, reimbursement for the cost involved.

The Director is further authorized to execute the deeds and/or easements necessary to permit the channel involved to cross the highway right-of-way.

5022 WHEREAS, in DREW COUNTY, on STATE HIGHWAY 138, SECTION 1, Minute Order 4812 authorized the Director to proceed with the installation of automatic grade crossing protection at the new Railroad-Highway crossing of the relocated Highway 138 in Tillar, subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads, and

WHEREAS, Paragraph 5b(4) of PPM 21-10 stipulates that... "In cases where the improvement is essentially a relocation of an existing road or street, which remains for the use of local traffic only, such projects shall not be deemed to be of cognizable benefit to the railroad and the railroad shall not be assigned liability as to the cost thereof. In such cases, the project shall be considered a Federal-aid highway project and shall be financed at the applicable pro rata of State and Federal funds."

NOW, THEREFORE, Condition 1 of Minute Order 4812 is hereby changed to read: "That the flashing light grade crossing protection installation will be made at no cost to the Railroad Company and maintenance of the signal device after installation will be without cost to the State."

All other conditions of Minute Order 4812 remain unchanged by this modification.

5023 In MONROE COUNTY, MINUTE ORDER 4802 passed September 5, 1962 included a provision, among others, that Highway 39 from Monroe North and West to an intersection with newly built Highway 6 be dropped from the State Highway System. This order deletes that requirement of Minute Order 4802 and restores that portion of old Highway 39 from Monroe North and West to an intersection with newly built Highway 6 back in the State Highway System.

5024 In PULASKI COUNTY, in the City of Little Rock for the East-West Expressway from University Avenue to Park Street: WHEREAS MINUTE ORDER 4951 authorized the Director to employ a Consultant to perform the work; and

WHEREAS, preliminary surveys, studies and reports were performed by the Consulting Engineering firm of Carver & Carver, Inc., who have demonstrated their capabilities on other similar projects; and

WHEREAS, a tentative engineering agreement has been prepared and the Consulting Engineering firm of Carver & Carver, Inc. has been selected to perform the work; and

WHEREAS, the execution of the Proposed Consulting Engineering Agreement has been concurred in by the Bureau of Public Roads and the fee has been analyzed and is considered to be just and equitable;

NOW THEREFORE, the actions of the Director in this matter are ratified in all particulars and he is authorized to execute a Consulting Engineering Agreement with the firm of Carver & Carver, Inc. for the preparation of construction plans and Contract documents for a fee of \$147,491.66.

This action is subject to approval by the Bureau of Public Roads.

5025 In PULASKI COUNTY for a frontage road for INTERSTATE HIGHWAY I-30 on the Little Rock South Bypass, the Industrial Development Company of Little Rock is authorized to construct a section approximately 1,000 feet long from 65th Street westward, subject to the following conditions:

Plans and supervision of construction to be by the Arkansas State Highway Department.

Costs for engineering and construction to be paid for by the Development Company.

Additional right-of-way that may be required to be furnished free of cost to the State.

Performance bond, in the estimated amount of cost for the work, to be furnished by the Development Company prior to the beginning of work.

Though no Federal Funds are involved, this action is subject to approval by the Bureau of Public Roads.

5026 A RESOLUTION to impose restrictions upon the maximum gross weight of vehicles operated on State Highway No. 36 between

Kensett and Georgetown in White County, Arkansas.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State highways of Arkansas; and,

WHEREAS, State Highway No. 36 between Kensett and Georgetown in White County, Arkansas, is incapable of supporting the maximum gross weights permitted by law.

IT IS THEREFORE ORDERED that the maximum gross weight of vehicles operated hereafter on State Highway No. 36 between Kensett and Georgetown in White County, Arkansas, be restricted to 40,000 pounds per vehicle or combination of vehicles, whether loaded or unloaded.

The Director of Highways is directed to cause appropriate signs giving notice of such gross weight restrictions to be erected upon that portion of said State Highway No. 36 affected by this resolution.

- 5027 Drew & Desha Counties, Job No. 2648, Jct. Hwy. 4-Tillar, FAP S-512(1). (394.36 ft. tot. lgth.), all of Reinforced Conc. & Str. Steel I-Beam Span Construction, on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to Jeffrey Contractors, Inc., of Fort Smith, Arkansas on their low bid of \$1,295,668.24, subject to the concurrence of the Bureau of Public Roads.

5034 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, April 24, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twenty-first Meeting in Little Rock, Arkansas on April 24, 1963.

Dorothy Switzer
Secretary
ADDENDUM

April 24, 1963

The following resolution was read:

"Mr. F. R. Oliver, has submitted his resignation as State Highway Director, effective April 30, 1963.

The State Highway Commission, in accepting the resignation, hereby expresses sincere appreciation to Mr. F. R. "Red" Oliver for his many years of faithful service in the Highway Field.

In addition to the valuable service Mr. Oliver has rendered as Highway Director, particular recognition is given to his service to the people of Arkansas and the State Highway Department during his tenure of office as District Engineer for the Bureau of Public Roads in Arkansas.

NOW THEREFORE, the State Highway Commission, in an expression of admiration and respect for Mr. F. R. Oliver and in grateful recognition of his contributions to the State of Arkansas, order this resolution spread on the records of this Department and that a copy be furnished Mr. F. R. Oliver for his keeping."

The following announcement was made by Wayne Hampton, Chairman:

"Ward Goodman, Chief Engineer and Deputy Director, will take over the Director's office with full power to carry out all duties of the Director of the Arkansas State Highway Department, effective May 1, 1963."

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 29, 1963

5038 The attached budget for the fiscal year beginning July 1, 1963 and ending June 30, 1964, is approved and allotments made for the Highway Department Appropriation for Salaries, Wages (Extra Help), Expenses, Materials, Equipment, and Supplies in the amounts and for the purposes stipulated, all subject to the approved procedures for expenditures. The Director is hereby authorized to make such adjustments between the organizational allocations shown herein as are found necessary, all within the limits of the total budget amount. The Commission will authorize, individually, all projects to be constructed with funds under Section VI herein.

5039 WHEREAS, Act 142 of the 1963 Acts of the General Assembly, made changes in the laws pertaining to the license fees of certain vehicles based on the gross loaded weight of such vehicles; and,

WHEREAS, Act 125 of the 1963 Acts of the General Assembly places the responsibility with the State Highway Commission for the enforcement of the laws, rules and regulations governing the use of the highways by truck and related vehicles by transferring the Weights and Standards Division of the Arkansas State Police to the State Highway Department;

THEREFORE, in order to establish workable policies and to insure equitable and efficient administration of the laws, rules and regulations, the following policies are hereby adopted:

(1) The Weights and Standards Division of the Highway Department, from and after July 1, 1963 shall be responsible for the enforcement of all laws and regulations pertaining to the sizes, weights, and licensing requirements of trucks, semi-trailers, trailers, and other commercial vehicles.

(2) The personnel of the Weights and Standards Division shall continue to act as agents of the Department of Revenues in the collection of gasoline taxes from non-bonded out-of-state truckers entering the State; the sale of chauffeur's licenses; the sale of convert licenses; and other functions normally performed by the Weights and Standards Division.

(3) The Arkansas State Police Department has agreed to permit the Weights and Standards Division to continue its use of State Police radio facilities until such time as may be required for the Highway Department to obtain and install radio equipment on the Highway Department radio frequencies at which time the mobile units, now in use by the Weights and Standards Division, will be released to the State Police Department at no charge.

(4) The Highway Director is authorized to effect the movement of the Weights and Standards Division into the temporary office building now nearing completion at the new headquarters site southwest of Little Rock.

5040 Rescinded 3/10/65 by MO 65-51.

5040 WHEREAS, Section 6 of Act 98 of the 1955 Acts of the General Assembly of Arkansas, as amended, authorizes the State Highway Commission to issue special permits to applicants desiring to operate vehicles exceeding the maximum size or weight limits permitted by law upon the highways in the State Highway System; and,

WHEREAS, there is a need for a uniform policy for the issuance of such special permits in order to insure an equitable and efficient administration of the law;

THEREFORE, the following rules and regulations are adopted for the issuance of such special permits:

A. DEFINITIONS

- (1) The term "vehicle" as used herein with reference to the size or weight thereof means the overall size or weight of a vehicle or combination of vehicles including the load thereon if loaded, or the size or weight of a vehicle itself if empty.
- (2) The term "oversize vehicle" as used herein means a vehicle or combination of vehicles, whether empty or loaded, exceeding the maximum limits for width or length prescribed by law for vehicles operating upon the highways of the State without a special permit.
- (3) The term "overweight vehicle" as used herein means a vehicle or combination of vehicles, whether empty or loaded, exceeding the maximum limits of weights

prescribed by law for vehicles operating upon the highways of the State without a special permit.

- (4) The term "movement" as used herein means the movement or operation of a vehicle, whether empty or loaded, on the highways in the State Highway System.
- (5) The term "tandem axle" as used herein means two (2) or more consecutive axles in tandem, articulated from a common attachment to the vehicle, and spaced not less than forty (40) nor more than ninety-six (96) inches apart, or two (2) consecutive axles in tandem, individually attached to the vehicle, and spaced not less than forty (40) nor more than ninety-six (96) inches apart.
- (6) The term "total gross weight" as used herein means the total gross weight imposed upon the highway by all the wheels of a vehicle whether empty or loaded.

B. APPLICATION FOR PERMIT.

- (1) In consideration of the granting of a special permit the applicant shall assume absolute liability and pay for any and all damages to highways, highway facilities, persons or private property resulting from the movement of such oversize or overweight vehicle, and shall file with the application a written statement of the assumption of such liability together with a qualified corporate surety bond or certificate of insurance from a company authorized to do business in the State of Arkansas guaranteeing the payment of such damages.

C. OVERSIZE VEHICLES.

- (1) The personnel of the Weights and Standard Division, District Engineers and such other personnel of the State Highway Department as may be designated by the Director of Highways are authorized to issue permits for the movement of overlength vehicles not to exceed sixty-five (65) feet in length and overwidth vehicles not to exceed twelve (12) feet in width.
- (2) Permits for the movement of oversize vehicles exceeding sixty-five (65) feet in length and twelve (12) feet in width shall be issued by the Permit Section in the Central Office in Little Rock, Arkansas.
- (3) Movement of overwidth vehicles shall be when visibility is good during daylight hours only.
- (4) No overwidth vehicle shall follow another overwidth vehicle closer than one thousand (1,000) feet.
- (5) The movement of vehicles in excess of twelve (12) feet in width shall be accompanied by two (2) guard vehicles to warn traffic front and rear of the overwidth vehicle.
- (6) The maximum overall width of a vehicle authorized to

be moved upon highways by permit shall be twenty (20) feet or less based on the condition of the highway and the volume or type of traffic.

- (7) The maximum overall width as provided in Section C(6) may be exceeded by permit only when an emergency exists and then only for short moves based on the degree of such emergency.

D. OVERWEIGHT VEHICLES.

- (1) All permits for the cement of overweight vehicles shall be issued by the Permit Section of the Central Office in Little Rock, Arkansas.
- (2) No permit shall be issued for the movement of a vehicle if the gross weight imposed upon the highway by the wheels of any one single axle exceeds eighteen thousand (18,000) pounds, or if the gross weight imposed upon the highway by the wheels of a tandem axle exceeds thirty-two thousand (32,000) pounds, as specific by law, provided that the gross weight imposed upon the highway by the wheels of any one single axle of a tandem axle does not exceed eighteen thousand (18,000) pounds.
- (3) No permit shall be issued for the movement of a vehicle if the gross weight imposed upon the highway by the wheels of the front or steering axle exceeds twelve thousand (12,000) pounds, except for such special permits as provided by law for vehicles used solely in the handling of oil and/or gas field equipment.
- (4) Application for a regular overweight permit for the movement of a vehicle having an axle arrangement consisting of one or more single axles in combination with one or more regular tandem axles shall be submitted to the Permit Section of the Central Office in Little Rock, Arkansas, at least two (2) days in advance of the expected movement.
- (5) Subject to the limitation of the weights imposed upon the highway by front, single and tandem axles as provided in Section D(2) and (3) no permit shall be issued for the movement of vehicles having a total gross weight in excess of one hundred and eight thousand (108,000) pounds, except, that with the expressed approval of the Commission, a special overweight permit for a moving vehicle having a total gross weight in excess of one hundred and eight thousand (108,000) pounds may be granted in cases where the applicant is using unique equipment for hauling indivisible construction, industrial, electrical, mechanical or nuclear power plant machinery or such other indivisible machinery or equipment which has been declared by the United States Department of

Defense to be essential to the national defense; provided that the application for such permit be submitted to the Permit Section of the Central Office in Little Rock, Arkansas, together with a detailed sketch of such unique hauling equipment to be used in the requested movement, at least five (5) days in advance of the expected movement.

E. HOURS OF MOVEMENT

- (1) Movement of oversize or overweight vehicles shall be in daylight only, and no movement shall be made on Saturdays, Sundays or holidays, except when the necessity for the movement is created by an emergency.
- (2) Permits for emergency movements on Saturdays, Sundays or holidays are to be issued only upon the applicant's statement of the nature of the emergency; provided that the permit shall be issued or withheld at the sole discretion of the issuing agent based on the seriousness of the emergency and the volume and type of traffic.
- (3) The term "holiday" as used herein means the following holidays:

July 4	Independence Day
September_____	Labor Day
November 11	Veterans' Day
November_____	Thanksgiving Day
December 25	Christmas Day
January 1	New Year's Day

F. TRAFFIC AND MOTOR VEHICLE REGULATIONS.

- (1) All movements by special permit for oversize or overweight vehicles shall comply with the State laws regulating movement of vehicles upon the highways of the State of Arkansas, including, but not limited to, the laws pertaining to vehicle license and laws governing the movement of vehicles when operating for hire.

G. FORMER REGULATIONS RESCINDED.

- (1) Minute Order 904 adopted April 13, 1955, is hereby rescinded and superseded herewith.

H. PUBLICATION.

- (1) The Director of Highways is hereby directed to cause the provisions herein to be published as rules and regulations in the manner prescribed by law.

I. EFFECTIVE DATE.

- (1) The provisions herein shall become effective immediately upon passage as a policy and procedure directive to affected personnel for the exercise of discretion in issuing special oversize or overweight permits. The provisions herein shall become effective

as rules and regulations adopted by the Commission from sixty (60) days after the date of the last publication hereof.

5040 Rescinded 3/10/65 by MO 65-51.

5041 WHEREAS, the radio system of the Arkansas State Highway Department as presently constructed has several areas of weak signal coverage, and,

WHEREAS, the Weights and Standards Division of the Highway Department is created as of July 1, 1963, by act of the legislature and will require radio communications, and,

WHEREAS, there exists a requirement for additional mobile units and control stations for use by the several districts and divisions,

NOW THEREFORE, the Director is authorized to contract for the purchase and installation of equipment to fill these requirements at an estimated cost of \$125,000.00, contingent upon agreement by the Office of Defense Mobilization to participate in this project to the extent of approximately one-half of the cost.

5042 WHEREAS, the following list of Obsolete Heating Equipment and Junk Materials have been sent in to Central Shops, Jacksonville, from the Ten Districts for the reason they are of no further value to the Arkansas State Highway Department due to age and condition:

- 1 - Approximately 275 Net Tons Mixed Scrap Iron
- 2 - Approximately 17 Net Tons Aluminum Scrap Signs and Sign Post
- 3 - Approximately 5,825 Junk Vehicular Tires, Various Sizes
- 4 - Approximately 1,625 Junk Vehicular Batteries
- 5 - Approximately 29 Junk Vehicular Radiators
- 6 - Obsolete Heating Equipment, consisting of
 - (a) Two (2) Worthington Pumps, S/N 1049639 and 1049637
 - (b) Three (3) Economic Horizontal Tubular Coal Burners, 150 H.P. State No. 14669, State No. 14670 (Has been converted to Gas) and State No. 14671

NOW THEREFORE it is ordered that the Acting Director be and he is hereby authorized to proceed through regular channels to advertise and sell the surplus, obsolete hearing equipment and junk materials listed above to the highest and best bidder to the best interest of the Arkansas State Highway Department.

5043 WHEREAS, the Purchasing Committee has awarded purchases on April 29, and May 6, 13, 20, and 27, 1963 in the amounts of \$42,519.56, \$251,017.20, \$139,690.04, \$70,553.21 and \$40,759.33, respectively, totaling \$544,539.34 in accordance with authority previously conveyed, all of which have been documented by official

minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5044 In ARKANSAS COUNTY at DE WITT, in order to provide a connection for DeWitt to the new location of State Highway No. 1 as constructed by Job 2599, it is necessary to redesignate certain portions of the old route of S.H. No. 1 and delete from the State Highway System certain other portions;

NOW, THEREFORE, IT IS ORDERED that State Highway No. 130, section 6, be extended west along Cross Street to S. Jefferson and thence south along S. Jefferson (old S.H. 1) to the junction of the new location of State Highway No. 1; and the portions of old State Highway No. 1 and 1A, section 4A, not used in the extension of State Highway No. 130, all as shown on attached sketch which becomes a part of this Order, are hereby declared to be no longer a part of the designated or signed State Highway System.

5045 WHEREAS, MINUTE ORDER 50133 dated April 24, 1963, authorized the addition of certain county roads in Carroll and Marion Counties to the State Highway System which have not yet been shown on the official highway map; and

WHEREAS, through error or misunderstanding, such additions were not those as intended to be added to the System by this Commission; and

WHEREAS, the County Judge of Carroll County and the County Judge of Marion County have, in writing, agreed for the exchange of the additions described in Minute Order 5013 pertaining to their counties for the system additions contained herein, which exchange is authorized by Act 150 of 1961; and

WHEREAS, the Commission desires also to make certain additions to the State Highway System in Perry and Mississippi Counties;

NOW THEREFORE, it is hereby ordered that so much of Minute Order 5013 adding certain county roads in Carroll and Marion Counties to the State Highway System be hereby rescinded; and

IT IS FURTHER ORDERED that the following roads described below are hereby made a part of the State Highway System, to be designated on official sketches which are incorporated by reference as a part of this Minute Order:

<u>County</u>	<u>Description</u>	<u>Miles</u>
---------------	--------------------	--------------

Carroll County	Road from US 62 at Green Forest north and east through Farewell, thence north to junction with County road.	8.0
Marion County	Road from the end of S.H. 235 south through Bruno to Bell-Taylor Crossroads.	9.41
Mississippi	County Road north from junction of S.H. 77 and S.H. 14 to Bondsville.	2.0
Perry	County Road from S.H. 113 at Pleasant Valley west to Antioch School.	5.3

5046 In CLARK and HOT SPRING COUNTIES:

WHEREAS, on April 24, 1963, when the Commission authorized the addition of certain county roads to the State Highway System, through error two sections, one in Hot Spring County and one in Clark County, were overlooked;

NOW, THEREFORE, the Commission desires to make the following additions to the State Highway System:

<u>County</u>	<u>Description</u>	<u>Miles</u>
Hot Spring	From Caney south to the Clark County line.	1.51
Clark	From the Hot Spring County line south to Highway 7.	1.73

5047 In INDEPENDENCE COUNTY near the City of Batesville, the Director is authorized to proceed with the construction of new District and Area Headquarters buildings at an estimated cost of \$325,000.00.

5048 In ARKANSAS COUNTY on STATE HIGHWAY 152, Section 0, from US 79 - Southeast, a distance of 2.32 miles, the Director is authorized to construct grading, minor drainage structures, base and surface treatment, as a Betterment Project, at an estimated cost of \$31,200.00.

Work to be done by State forces

5049 In ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, from Lodges Corner to Indiana, a distance of 167 miles, the Director is authorized to place Base Material on selected sections, as a Betterment Project, at an estimated cost of \$20,900.00.

Material to be dumped in place by Purchase Order Contract and spread by State forces.

5050 In BOONE COUNTY on US 62, Section 7, from Olvey to the Marion County line, a distance of 3.62 miles, the Director is authorized to resurface the existing pavement with Asphalt Plant Mix from the State-owned plant at Flippin, as a Betterment Project, at an estimated cost of \$11,100.00.

Work to be done by State forces.

5051 In BRADLEY COUNTY on STATE HIGHWAY 8, Section 11, on West Pine Street in Warren, a distance of 0.54 mile, the Director is authorized to resurface the existing brick pavement with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,100.00.

Work to be done by Purchase Order Contract.

5052 In CLARK COUNTY on STATE HIGHWAY 53, Section 1, from Gurdon South, the Director is authorized to construct two double culverts to replace the existing timber bridges, as a Betterment Project, at an estimated cost of \$4,100.00.

Work to be done by maintenance forces.

5053 In COLUMBIA COUNTY on US 82, Sections 3 and 4, on East Main Street in Magnolia, a distance of 1.3 miles, the Director is authorized to resurface the existing pavement with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$11,800.00.

Work to be done by Purchase Order Contract.

5054 In CRITTENDEN COUNTY on STATE HIGHWAY 149, Section 5, from Earle - North, a distance of 13.07 miles, the Director is authorized to construct a two-inch Sand Asphalt Overlay on selected sections, as a Betterment Project, at an estimated cost of \$19,900.00.

Work to be done by State forces

5055 In GARLAND COUNTY on US 70, Section 8, from Hot Springs - West, a distance of 3.02 miles, the Director is authorized to widen the existing surface and channelize the US 270 Intersection, as a Betterment Project, at an estimated cost of \$32,400.00.

Work to be done by Purchase Order Contract.

5056 In JEFFERSON COUNTY on US 79, Section 10, from the Arkansas River Bridge - Northeast, a distance of two miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,900.00.

Surfacing to be done by Purchase Order Contract.

5057 In JEFFERSON COUNTY on STATE HIGHWAY 88, Section 9, from Altheimer to Reydel, a distance of 23.39 miles, the Director is authorized to add additional base material and resurface selected sections, to repair damage caused by heavy hauling, as a Betterment Project, at an estimated cost of \$14,800.00.

Work to be done by State forces.

5058 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 5, from McKamie - South, a distance of 6.3 miles, the Director is authorized to place Gravel Surface, as a Betterment Project, at an estimated cost of \$18,800.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

- 5059 In LAFAYETTE COUNTY on STATE HIGHWAY 160, Section 1, from Bradley to State Highway 29, a distance of 0.63 miles, the Director is authorized to resurface the existing pavement with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$13,000.00.

Work to be done by Purchase Order Contract.

- 5060 In LEE COUNTY on STATE HIGHWAY 78, Section 2, from Moro to the St. Francis County line, a distance of six miles, the Director is authorized to construct a two-inch Sand Asphalt Overlay, as a Betterment Project, at an estimated cost of \$13,900.00.

Work to be done by State forces.

- 5061 In LITTLE RIVER COUNTY on STATE HIGHWAY 32, Section 1, and on STATE HIGHWAY 41, Sections 2 and 3, in Foreman, the Director is authorized to resurface the existing asphalt pavement with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,900.00.

Work to be done by Purchase Order Contract.

- 5062 In MARION COUNTY on US 62, Section 8, from the Boone County line to the Railroad Overpass, a distance of 6 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphalt Plant Mix Material from the State-owned plant at Flippin, as a Betterment Project, at an estimated cost of \$18,500.00.

Work to be done by State forces.

- 5063 In MONROE COUNTY on STATE HIGHWAY 86, Section 3, from Holly Grove-East, a distance of 7.26 miles, the Director is authorized to construct a two-inch Sand Asphalt Road Mix Overlay, as a Betterment Project, at an estimated cost of \$19,300.00.

Work to be done by State Forces.

- 5064 In PIKE COUNTY on STATE HIGHWAY 19, Section 6, at Antoine, and on STATE HIGHWAY 26, Section 3, and STATE HIGHWAY 29, Section 6, at Delight, a total length of 2.13 miles, the Director is authorized to resurface the existing pavement with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$28,000.00.

Work to be done by Purchase Order Contract.

- 5065 In POLK COUNTY on STATE HIGHWAY 4, Section 1, from US 71 to a point 4.89 miles east, the Director is authorized to construct base and surfacing and minor drainage structures, as a Betterment Project, at an estimated cost of \$12,000.00.

Work to be done by State forces.

- 5066 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 2,

from State Highway 11 - East, a distance of 3.9 miles, the Director is authorized to place a Double Bituminous Surface Treatment on the existing surface, as a Betterment Project, at an estimated cost of \$10,200.00.

Work to be done by State forces.

- 5067 In PRAIRIE COUNTY on STATE HIGHWAY 302, Section 1, from State Highway 33 - East, a distance of 3.18 miles, the Director is authorized to place Crushed Stone Base Material, as a Betterment Project, at an estimated cost of \$15,000.00.

Material to be dumped in place by Purchase Order Contract and spread by State forces.

- 5068 In PULASKI COUNTY on STATE HIGHWAY 5, Section 10 (Main Street Bridge), the Director is authorized to level up the existing asphalt surface and resurface with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$7,500.00.

Work to be done by Purchase Order Contract.

- 5069 In PULASKI COUNTY on US 70, Sections 12 and 13 (Broadway Bridge) the Director is authorized to level up the existing surface and resurface with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$10,900.00.

Work to be done by Purchase Order Contract.

- 5070 In PULASKI COUNTY on US 70, Section 12, the Director is authorized to construct channelization at the Forbing Road and 53rd Street intersection, in accordance with plans submitted by the Planning and Research Division, as a Betterment Project, at an estimated cost of \$8,500.00.

Work to be done by State forces.

- 5071 In SALINE COUNTY on US 67, Section 9, from the Hot Spring County line - North, a distance of one mile, the Director is authorized to resurface the existing pavement with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$9,700.00.

Work to be done by Purchase Order Contract.

- 5072 In SCOTT COUNTY on STATE HIGHWAY 23, Section 1, from US 71 to the Logan County line, a distance of 2.79 miles, the Director is authorized to resurface selected sections with Cold Mix Asphalt, as a Betterment Project, at an estimated cost of \$7,000.00.

Work to be done by Maintenance forces.

- 5073 In SEBASTIAN COUNTY on US 64, Section 1, on Midland Boulevard in Fort Smith (Total Length-2.8 miles), the Director is authorized to level up the existing pavement by Heater Planing and Resurface with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$56,300.00.

Work to be done by Purchase Order Contract.

- 5074 In UNION COUNTY on STATE HIGHWAY 15, Section 1, from El Dorado-South, the Director is authorized to repair and strengthen two timber bridges, as a Betterment Project, at an estimated cost of \$13,400.00.

Work to be done by maintenance forces.

- 5075 In WASHINGTON COUNTY on STATE HIGHWAY 68, Section 1, through Tontitown, a distance of 2.3 miles, the Director is authorized to resurface the existing pavement with Plant Mix Material, as a Betterment Project, at an estimated cost of \$17,500.00.

Work to be done by State forces.

- 5076 In WASHINGTON COUNTY on STATE HIGHWAY 68, Section 1-N (Springdale City Route), a distance of 2.22 miles, the Director is authorized to resurface the existing pavement with Plant Mix Material, as a Betterment Project, at an estimated cost of \$17,100.00.

Work to be done by State forces.

- 5077 In ARKANSAS COUNTY on HIGHWAY 152 approximately 2.5 miles south of Highway US 79, a truck hauling gravel collapsed a bridge which closes the road until emergency repairs can be made. The bridge is so damaged that it must be replaced. Therefore, the Director is authorized to proceed with the construction of a new bridge with approaches at an estimated cost of \$85,000.00.

- 5078 In PHILLIPS COUNTY on HIGHWAY 6, for the Helena Bridge:

WHEREAS, the Arkansas Highway Commission (called "Arkansas Commission") heretofore issued and has outstanding State Highway Mississippi River Bridge Revenue Construction Bonds dated January 1, 1959 bearing interest at the rate of 4.38% per annum; and

WHEREAS, the Trust Indenture securing said bonds and the Agreement between the Arkansas Commission and the Mississippi State Highway Commission imposed certain restrictions with reference to maintenance and operation expense to be borne by the Commissions rather than out of revenues derived from the operation of the bridge and set forth a repayment schedule of stated annual maturities; and

WHEREAS, the revenues from the bridge have not come up to the projection of Wilbur Smith & Associates, Traffic Engineers, with the result that under the present provisions of the said Trust Indenture and said Agreement the Arkansas Commission and the Mississippi State Highway Commission will be required to pay the operation and maintenance expenses (as set forth in the Trust Indenture) during the entire life of the outstanding bond issue; and

WHEREAS, Stephens, Inc., Raney Securities Company, Inc., White, Weld & Company and Rowles, Winston & Co. (called "Investment Companies") have made a study of the operation revenues and expenses of the bridge to date and, at their expense, have obtained a new report and projection from Wilbur Smith & Associates, and have submitted a proposal to the Arkansas Commission for the refunding of the said outstanding bonds providing generally that the Investment Companies will prepare the necessary prospectus and other documents for a public sale of refunding bonds and will guarantee a bid for refunding bonds of not less than 103 for bonds bearing interest at the rate of 4.20% per annum, with the Investment Companies to receive a fee solely out of any premium bid at the public sale of the bonds up to 3% with the Arkansas Commission to retain in excess of 3%, with the Investment Companies to pay all expenses of the refunding issue including, without limitation, the approving attorneys fee, printing and trusteeship of the bonds and the fee of the said Traffic Engineers, and with there to be a new Trust Indenture and Agreements, which will contain such provisions that on the basis of experience to date from the operation of the bridge will relieve the Arkansas Commission and the Mississippi State Highway Commission of maintenance and operation expense and will remove certain other restrictive provisions from the present Trust Indenture and Agreement; and

WHEREAS, the Commission has determined that such a refunding program would be in the best interests of the Arkansas Commission and of the State of Arkansas;

NOW, THEREFORE, BE IT RESOLVED by the Arkansas State Highway Commission:

Section 1. That an Agreement by and between the Arkansas Commission and the Investment Companies embodying the terms set forth above be, and the same is hereby, authorized and the Chairman be, and he is hereby, authorized and directed, for and on behalf of the Arkansas Commission, to execute the Agreement.

Section 2. That the necessary steps be taken to accomplish said refunding with the terms and conditions of the Trust Indenture, the Agreement with the Mississippi State Highway Commission and all other documents to be subject to the approval of the Arkansas Commission as to form and content.

5079

In PHILLIPS COUNTY on STATE HIGHWAY 44, Section 3: The Director is hereby authorized to grant a permit to the MISSISSIPPI RIVER GRAIN DRYING COOPERATIVE for the construction of a railroad crossing at grade across State Highway 44, located approximately 0.6 mile North of the Intersection of State Highway 49 at Elaine, subject to the following conditions:

1. The owner to install a crossing meeting the standards of the Missouri Pacific Railroad Company, for the length of the cross ties and a width extending from shoulder to shoulder of

the Highway, and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.

2. That all construction on the highway right-of-way meet the approval of the Highway Department District Engineer.
3. That the owner provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

5080 In POLK COUNTY for the SKYLINE DRIVE, MINUTE ORDER No. 4845, passed October 10, 1962, is hereby revised to provide that after the project has been constructed, maintenance will be by the State Highway Department.

5081 WHEREAS, in POPE COUNTY, at Peterman Mountain, we have a radio repeater station which is being operated with a generator using LP gas for fuel, and

WHEREAS, the continuous operation of a generator necessitates the maintenance of two generators at this location (one for stand-by), and,

WHEREAS, the US Forest Service has agreed to join with us in erecting a power line from a point approximately three (3) miles away, and,

WHEREAS, the Arkansas Power and Light Company has indicated that they will construct this line at an estimated cost of \$10,000.00,

IT IS ORDERED that the Director be authorized to join with the US Forest Service in negotiating with the Arkansas Power and Light Company for the construction of the power line to serve Peterman Mountain radio station and to bear one-half the actual cost of construction, not to exceed \$5,000.00.

Funds to come from the Radio Budget Expense Allotment.

5082 St. Francis County, Job No. 11581, Forrest City-Caldwell Reconstruction, FAP U-031-2(9) & F-031-2(10). The contract for the construction of approximately 4.657 miles of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Base & Surface with Bituminous Treated Shoulders or Concrete Curb & Gutter, Widen Two R.C. & Structural Steel I-beam Span Bridges (200.16 ft. total length) and other misc. items, on the Forrest City-Wynne Road, State Highway 1, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$923,183.55, subject to the concurrence of the Bureau of Public Roads.

5083 Monroe County, Job No. 11672, Junction Hwy. 6-Brinkley, FAP S-216(7). The contract for the construction of approximately 1.018

miles of Grading, Minor Drainage Structures, Crushed Stone Base, Concrete Curb & Gutter, Double Bituminous Surface Treatment and other misc. items, in and near the City of Brinkley, State Highway 238, Section 1 & 1 Spur, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$82,827.10.

5084 St. Francis County, Job No. 11700, Forrest City-Scenic Hills Road, FAP I-40-5(29)243. The contract for the construction of approximately 2.981 miles of Grading, Minor Drainage Strs. & other misc. items throughout project; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Cross Rds.; Gravel Surface on Detour; 3-R.C. Slab & Prestressed Concrete Beam Bridges (452.24 ft. tot.), 2-R.C. Slab & Plate Girder Span Brs. (514.34 ft. tot.) & 1-Br. Lgth. Culvt. (26.25 ft. span) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to W. K. Ingram Construction Company of West Memphis, Arkansas and Michey's, Inc., of Warren, Arkansas on their low bid of \$1,033,478.80, subject to the concurrence of the Bureau of Public Roads.

5085 Independence County, Job No. 5550(4), District No. 5 Headquarters Facilities, FAP State Job. The contract for the general construction work including Plumbing, Heating, Ventilating, Air Conditioning and Electrical Work for Administrative and Maintenance Building, Service Station and Welding Shop at Batesville, is awarded to Jones Building and Supply, Inc., of Batesville, Arkansas on their low Base Bid No. 2 of \$292,463.00.

5086 Baxter County, Job No. 5530, Norfork Lake-Missouri State Line, FAP S-453(1). The contract for the construction of approximately 7.120 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items, on the Mountain Home-Howards Ridge, Missouri Road, State Highway 201, Section 1, is awarded to Co-Ark Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$305,696.54.

5087 Pulaski County, Job No. 6602, Little Rock-North Little Rock Expressway Signing, FAP I-30-2(48)138 and I-40-3(30)153. The contract for the construction of approximately 6 miles of Interstate Highway Signing between and including the South and North Terminal Interchanges on the Little Rock-North Little Rock Expressway, Interstate 30, Section 2, and Interstate 40, Section 3, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$308,060.81 subject to the concurrence of the Bureau of Public Roads.

5088 Pulaski County, Job No. 6769, Little Rock Freeway Illumination, FAP I-30-2(65)139 and US-372(17). The contract for the installation of Light Standards, Fixtures, Wiring and all other items to provide a complete illumination facility from the vicinity of Biddle Tracks to the South Approach of the Arkansas River Bridge on the

Little Rock Freeway, Interstate 30, Section 2, and US Highway 10, Section 8, is awarded to Power Constructors, Inc., of Topeka, Kansas on their low Alternate No. 2 Bid of \$214,434.85, subject to the concurrence of the Bureau of Public Roads.

- 5089 Clark County, Job No. 7573, Gum Springs-Hearn Road, FAP I-30-1(7)69. The contract for the construction of approximately 6.469 miles of Gr., Mr. Dr. Strs. & other misc. items throughout project; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Fr. Rds. & Cross Rds.; 4-R.C. Slab Span Brs. (402.00 ft. Tot. Lgth.), 4-R.C. & Str. Steel I-Beam Span U'pass Strs. (969.61 ft. Tot. Lgth.) & 1-Br. Lgth. Culvt. (22.25 ft. span lgth.), on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 1, is awarded to Dixie Contractors, Inc., of Memphis, Tennessee on their low bid of \$1,555,338.76, subject to the concurrence of the Bureau of Public Roads.
- 5090 Clark County, Job No. 7574, Hearn Road-Caddo Valley, FAP I-30-1(8)75. The contract for the construction of approximately 2.832 miles of Gr., Mr. Dr. Strs. & other misc. items throughout project; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Fr., Gr. Sep. & Interchange Rds.; 1-Br. Lgth. Culvt. (33.42' Span); 1 Gr. Sep. Str. (247.61'), 2 Brs. (2224.32' tot.) & 2 Interchange Strs. (337.78' tot.), all of R.C. & Str. Steel I-Beam Span Construction, on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$1,237,200.11, subject to the concurrence of the Bureau of Public Roads.
- 5091 Pope County, Job No. 8530, Shiloh Creek Bridge and Approaches, Corps of Engineers Contract No. DA-03-050-CIVENG-62-546. The contract for the construction of approximately 0.399 mile of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Surface, One Reinforced Concrete & Structural Steel I-Beam Span Bridge (101.42 ft.), Riprap and other misc. items, on the Russellville-Dover Road, State Highway 7, Section 15, is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$106,202.70, subject to the concurrence of the Corps of Engineers.
- 5092 Benton County, Job No. 9477, Highway 72 Relocation (Pea Ridge State Park), FAP S-368(3). The contract for the construction of approximately 1.981 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Bridge-Span Length Culvert (26.56' Total Span) and other misc. items on the Pea Ridge Park Road, State Highway 72, Section 3, is awarded to Northwest Arkansas Asphalt Company of Fayetteville, Arkansas on their low bid of \$114,086.23.
- 5093 Crittenden County, Job No. C-18-100, Gibson Bayou-Brougham Lake, FAP S-814(11). The contract for the construction of approximately 1.521 miles of Grading, Minor Drainage Structures, Gravel Base and other misc. items, on the Earle-Brougham Lake County

Road, County Road. All bids were rejected.

5094 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, May 29, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twenty-second Meeting in Little Rock, Arkansas on May 29, 1963.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 26, 1963

The following is the record of the proceedings of the One Hundred and twenty-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 26, 1963. The following members were present:

Wayne Hampton	Chairman
W. J. Denton	Vice-Chairman
Arnil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

5095 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 26, 1963.

5096 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 5082 through 5092 at the regular meeting of the Commission on May 29, 1963.

5098 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the US Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement providing expanded services with the US Geological Survey for the period July 1, 1963, to June 30, 1964, involving State Funds in the amount of \$20,000.00, to the end that we are provided more drainage data and information.

5099 WHEREAS, the Purchasing Committee has awarded purchases on June 10, 17, and 24, 1963 in the amounts of \$47,242.06, \$143,988.93 and \$52,301.02, respectively, totaling \$243,532.01 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5100 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, bids were invited under Purchase Order Contract procedure for 5,000 cubic yards of Crushed Stone Base Course to be dumped in place on the road, with three bids received for opening on

June 20, 1963, and,

WHEREAS, the low bid exceeded the estimate by \$5,650.00, and,

WHEREAS, the Purchasing Committee on June 24, 1963, recommended that this bid be accepted,

IT IS ORDERED that this Job, designated as 2-156 (1), be awarded to J. Lester Booker Company on their low bid of \$26,550.00 and that Minute Order 5049 be amended to increase the allotment from \$20,900.00 to \$26,550.00.

5101 WHEREAS, in GARLAND COUNTY on Highway 70, bids were invited under Purchase Order Contract procedure from 94 prospective bidders for widening approximately 3.02 miles, with two bids received for opening June 13, 1963, and

WHEREAS, the Purchasing Committee, on June 17, 1963 recommended that the low bid be accepted.

NOW THEREFORE, IT IS ORDERED that this job designated as Job No. 6-180 (1) be awarded to Carroll Pyron Construction Company on their bid of \$32,963.30.

5102 WHEREAS, in JEFFERSON COUNTY on US 79, Section 10, bids were invited, under Purchase Order Contract procedure, for resurfacing two miles of the existing surface, from the Arkansas River Bridge-Northeast, with Hot Mix Surface Course and two bids were received for opening on June 20, 1963, and,

WHEREAS, the low bid exceeded the estimate by \$3,808.00, and,

WHEREAS, the Purchasing Committee on June 24, 1963, recommended that this bid be accepted,

IT IS ORDERED that this Job, designated as 2-157 (1) be awarded to Asphalt Materials Company on their bid of \$23,708.00 and that Minute Order 5056 be amended to increase the allotment from \$19,900.00 to \$23,708.00.

5103 WHEREAS, in PULASKI COUNTY on STATE HIGHWAY 5, Section 10 (Main Street Bridge) bids were invited under Purchase Order Contract procedure from 94 prospective bidders for leveling existing surface and resurfacing, with only one bid received for opening June 13, 1963, and

WHEREAS, the large amount of handwork required to prepare the bridge for resurfacing caused the bid to exceed the estimate by

\$1,830.30, and

WHEREAS, the Purchasing Committee on June 17, 1963, recommended that this bid be accepted,

NOW THEREFORE, IT IS ORDERED that this job designated as Job No. 6-183 (1) be awarded to Ben M. Hogan & Company on their bid of \$9,330.30 and that M.O. 5068 be amended to increase the allotment from \$7,500.00 to \$9,400.00.

5104 WHEREAS, Bid No. M-63-617 for three each Combination Crane, Clamshell and Dragline Machines, mounted on 6 x 4 Carrier, with three trade-ins, F.O.B. Jacksonville, was presented to the Purchasing Committee on June 17, 1963, and,

WHEREAS, following a discussion a motion was made by C. Don Hayes, Director of Equipment, and seconded by J. T. Pendergrass, Assistant Chief Engineer, and carried, to recommend to the Commission that the award of this purchase be made to Lyons Machinery Company on their bid of \$77,678.13, which is the low bid meeting specifications,

NOW THEREFORE, it is ordered that the award on the purchase of three Combination Crane, Clamshell and Dragline Machines, mounted on 6 x 4 Carrier, with three trade-ins be made to Lyons Machinery Company on their bid of \$77,678.13, which is the low bid meeting specifications.

5105 In accordance with the provisions of Act 148 of 1961, the Director is authorized to pay \$1,000.00 to the Mississippi River Parkway Commission as tee prorata cost to Arkansas far 1963, for the promotion and development cf the GREAT RIVER ROAD.

5106 WHEREAS, Act 125 of the General Assembly of 1963 transfers the Weights and Standards Division to the Highway Department effective July 1, 1963, as a Division of the Department, and

WHEREAS, the Act provides that the Highway Commission shall appoint a Division Head to administer the functions of the Division and who will serve at the pleasure of the Commission, and,

WHEREAS, Mr. Roy L. Johnson, present head of the Division, has been found to have the necessary qualifications and attributes essential to the proper administration of the Division,

NOW THEREFORE, Mr. Rob L. Johnson is hereby named as Supervisor of the Weights and Standards Division. The Supervisor will be responsible to the Highway Director in carrying out the functions and duties of the Division.

5107 WHEREAS, in Chicot County, on State Highway 50, Section 3, a former county road, that was added to the State Highway System by Minute Order 5013, Chicot County has precious ly entered into an agreement with the Corps of Engineers for the construction of a bridge across Boeuf River providing 16'-0" clear roadway; and

WHEREAS, the Corps of Engineers has expressed a desire to modify their agreement with Chicot County and enter into a lump sum agreement with the Highway Department for furnishing the necessary bridge at this location;

NOW THEREFORE, the Director is authorized to negotiate an agreement with tile Corps of Engineers whereby the Department will be responsible for providing a bridge across Boeuf River designed to current secondary standards subject to reimbursement in the lump sum amount of approximately \$57,900.00 which represents the estimated cost of the substandard bridge covered under the Corps of Engineers' agreement with Chicot County; and

The Director is further authorized to execute the necessary deeds and easements to permit the channel involved to cross the highway right-of-way.

Upon completion of negotiation of the contract with the Corps of Engineers the Director is further authorized, subject to Bureau of Public Roads approval, to proceed with the construction of the Boeuf River Bridge at an estimated total cost of approximately \$100,000.00.

5108 WHEREAS, State Highway No. 128, Section 4, in Clark County, Arkansas, was designated as part of the State Highway System by Minute Order No. 5013 of April 24, 1963; and,

WHEREAS, by agreement with the County Court of Clark County, Arkansas, a part of said State Highway No. 128, Section 4, is to be transferred to the Clark County Highway System in exchange for certain county roads to be transferred to and designated as a part of the State Highway System pursuant to the provisions of Act No. 150 of the 1961 Acts of the General Assembly of Arkansas,

THEREFORE, IT IS ORDERED that the part of State Highway No. 128, Section 4, located in Clark County, Arkansas, starting at a point on said highway, one-half (1/2) mile north of the junction of said highway with State Highway No. 7, approximately one (1) mile east of Griffithtown, Arkansas, thence north a distance of approximately two and one-half (2 1/2) miles, thence east a distance of approximately one (1) mile to the southeast corner of Section 27, Township 7 South, Range 18 West, Clark County, Arkansas, as indicated on the attached sketch which is incorporated herein by reference, be and the same is hereby declared to be no longer a part of the State Highway System, and the same is hereby transferred to the Clark County Highway

System, pursuant to agreement with the County Court of Clark County, Arkansas.

IT IS FURTHER ORDERED that the county road or roads starting at the junction with said State Highway No 128, Section 4, one-half (1/2) mile north of the junction of said highway with State Highway No. 7, approximately one (1) mile east of Griffithtown, Arkansas, then east along said county road a distance of one-half (1/2) mile, thence north along the existing county road a distance of one-fourth (1/4) mile, thence east along the existing county road a distance of one-half (1/2) mile, thence north along the existing county road a distance of two and one-fourth (2 1/4) miles to the junction of said State Highway No. 128, Section 4, at the southeast corner of Section 27, Township 7 South, Range 18 West, Clark County, Arkansas, a total distance of three and one-half (3 1/2) miles, more or less, be and the same is hereby added to the State Highway System to be designated on the official route map as a part of State Highway No. 128, Section 4, located in Clark County from the junction of said State Highway with State Highway No. 7, approximately one (1) mile east of Griffithtown, Arkansas, to Joan, Arkansas.

This Minute Order shall become effective when the transfer of the highways and roads involved herein are spread upon the records of the County Court of Clark County, Arkansas.

5109 In PERRY COUNTY, it is ordered that the addition to the Highway System in Perry County referred to in MINUTE ORDER 5045 be revised to read as follows:

County Road from Highway 7 at Hollis, West to Tillery Church (also known as Valley Hope Missionary Baptist Church), 5.95 miles.

The additions to the system of Perry County included in MINUTE ORDER 5013 are not changed by this revision.

5110 WHEREAS, State Highway No. 304 in Randolph County, Arkansas, from Pocahontas easterly via Sharum to the Greene County Line, was incorporated into the State Highway System by Minute Order No. 5013, adopted April 24, 1963; and,

WHEREAS, the Randolph County Court has requested the relocation of said State Highway No. 304 between Sharum and the Greene County Line; and,

WHEREAS, it is for the best interest of the public necessity and convenience that said State Highway No. 304 be relocated as requested by the Randolph County Court;

IT IS THEREFORE ORDERED that State Highway No. 304 running northeasterly from Sharum, Arkansas in Randolph County, to the Greene County Line, for a distance of 3.25 miles be and the same is relocated to run due east from Sharum, Arkansas, for a distance of 2.4 miles, to the Greene County Line, thence north along said line a distance of 1.0 miles for a total distance of 3.4 miles. Which said highway as relocated shall be designated on the official sketch map which is incorporated herein by reference as a part of this resolution.

IT IS FURTHER ORDERED that the part of said State Highway No. 304 which has been replaced herewith be transferred to the Randolph County Highway System by agreement with the County Court of Randolph County under the authority of the provisions of Section 4 of Act No. 150 of the 1961 Acts of the General Assembly of Arkansas.

This Minute Order shall become effective when the agreement to transfer the highways involved herewith are spread upon the records of Randolph County Court.

5111 WHEREAS, the Commission, by Minute Order 4486, Item 2, provided for the grading, drainage, widening and strengthening of the base and surfacing, and widening and remodeling of approximately 880 linear feet of bridges on US HIGHWAY 65 in Desha and Chicot Counties from Halley Junction to Jct. S. H. 1, and,

WHEREAS, this widening and strengthening will make it necessary to relocate the existing flashing light automatic grade crossing protection at the crossing of the Missouri Pacific Railroad and US Highway 65 at L.M. 8.23 (MOP Mile Post 40939) in McGehee.

THEREFORE, in Desha County on US Highway 65, Section 19 at the crossing of the Missouri Pacific Railroad, the Director is authorized to proceed with the relocation of the flashing light signals at an estimated cost of \$2,000.00, subject to the following conditions:

1. That relocation of the flashing light signal installation will be made at no extra cost to the Railroad Company. Maintenance of the signal device, after relocation, will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

5112 In FAULKNER COUNTY on US HIGHWAY 65, Section 10: The Director is hereby authorized to grant a permit to the CONWAY DEVELOPMENT CORPORATION for the construction of a railroad crossing at grade across US Highway 65, located approximately 1.73 miles South of the Intersection of State Highway 60 and US Highways 64 and 65 at Conway, subject to the following conditions:

1. The owner to install a crossing meeting the standards of the Missouri Pacific Railroad Company, for the length of the cross ties and a width extending from shoulder to shoulder of the Highway,

and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.

2. That all construction on the highway right-of-way meet the approval of the Highway Department District Engineer.
3. That the owner provide standard warning signs with electric flashing light signals.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

5113 WHEREAS, the St. Louis Southwestern Railway Lines has requested automatic grade crossing protection for the US HIGHWAY 79 (By Pass) and the St. Louis Southwestern Railway crossing near Altheimer, Jefferson County, and,

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has found that this crossing warrants automatic grade crossing protection,

NOW, THEREFORE, in Jefferson County on US Highway 79, Section 10 at the crossing of the St. Louis Southwestern Railway Lines near Altheimer, the Director is authorized to proceed with the installation of flashing light automatic grade crossing protection at an estimated cost of \$8,000.00, subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

5114 In ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, approximately one and one half miles south of Lodges Corner, the Director is authorized to replace a narrow and rotten untreated timber bridge with a 31 foot precast slab unit on treated timber substructure and construct one mile of approaches. The bridge and approaches are to be built as a Betterment Project, at an estimated cost of \$20,000.00 for materials only.

Work to be done by State forces. Funds to be allotted from 1963-1964 Betterment Budget.

5115 In ASHLEY COUNTY on US 82, Sections 8 and 9, from the Intersection of State Highway 8, north and east, for a distance of 2.75 miles, the Director is authorized to resurface the existing pavement with a Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$27,600.00. Funds are to be allotted from 1963-64 Betterment Budget.

Work to be done by Purchase Order Contract.

5116 In BRADLEY COUNTY on STATE HIGHWAY 15, Section 4, in Warren, the Director is authorized to resurface the existing brick pavement on Main Street for a distance of approximately 425 feet with

Hot Mix Material as a Betterment Project, at an estimated cost of \$4,100.00. Funds are to be allotted from 1963-64 Betterment Budget.

Work to be done by Purchase Order Contract.

- 5117 In CALHOUN COUNTY on STATE HIGHWAY 274 between Hampton and Tinsman, the Director is authorized to replace the existing untreated timber culverts and bridges with Corrugated Metal Structures as a Betterment Project, at an estimated cost of \$8,800.00. Funds to be allotted from 1963-64 Betterment Budget.

Work to be done by State forces.

- 5118 In CLARK COUNTY on STATE HIGHWAY 128, Section 4, at L'Eau Frais Creek, the Director is authorized to construct one (1) six (6) span precast slab bridge as a Betterment Project at an estimated cost of \$23,400.00. Funds to be allotted from 1963-64 Betterment Budget.

Slabs to be delivered in place by Purchase Order Contract.
Balance of work to be done by State forces.

- 5119 In CLARK COUNTY on STATE HIGHWAY 53, Section 0, between Hollywood and State Highway 51, the Director is authorized to construct Creek (total length 248 feet) using treated timber piling, precast concrete caps and precast concrete slab deck, as a Betterment Project, at an estimated cost of \$32,500.00. Funds are to be allotted from the 1963-64 Betterment Budget.

Slabs to be delivered in place by Purchase Order Contract.
Balance of work to be done by State forces.

- 5120 In COLUMBIA COUNTY on US 79, Section 1, from US 82 in Magnolia to the Louisiana State Line, the Director is authorized to re-surface selected sections with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$90,000.00. Funds are to be allotted from 1963-64 Betterment Budget.

Work to be done by Purchase Order Contract.

- 5121 In FAULKNER COUNTY on US 64, Section 9, from Conway to the White County Line, the Director is authorized to resurface selected sections with Cold Plant Mix Material, as a Betterment Project, at an estimated cost of \$8,600.00. Funds to be allotted from the 1962-1963 Betterment Budget.

Work to be done by State forces.

- 5122 In FAULKNER COUNTY on STATE HIGHWAY 225, Section 1, at Prairie Creek, the Director is authorized to replace the existing narrow and deteriorated timber bridge with a Precast Slab Span and Reinforced Concrete Substructure, 57 feet in length, as a Betterment Project, at an estimated cost of \$6,500.00. Funds are to be allotted from the 1962-1963 Betterment Budget.

Work to be done by State forces.

5123 In FRANKLIN COUNTY on STATE HIGHWAY 309, Section 4, at Moore's Creek between Webb City and the Logan County line, the Director is authorized to remove an impassable timber bridge (93 Lin. Ft. in lngth) and construct a Reinforced Concrete Substructure and Precast Concrete Deck, as a Betterment Project, at an estimated cost of \$13,300.00 for salaries, wages and materials. Funds are to be allotted from the 1963-1964 Betterment Budget.

Precast slabs to be placed by Purchase Order Contract and balance of work to be done by State forces.

5124 In INDEPENDENCE COUNTY on STATE HIGHWAY 106, Section 1 and 106 Spur, from Bethesda East and Bethesda Spur, a distance of 6.65 miles, the Director is authorized to construct one (1) bridge, minor drainage structures, crushed stone base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$88,800.00 for materials. Funds to be allotted from 1963-64 Betterment Budget.

Work to be done by State Forces.

5125 In IZARD COUNTY on STATE HIGHWAY 58, Section 1, from State Highway 69 to Sharp County Line, a distance of 7.47 miles, the Director is authorized to construct minor drainage structures, crushed stone base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$94,000.00 for materials. Funds to be allotted from 1963-64 Betterment Budget.

Work to be done by State Forces.

5126 In LAFAYETTE COUNTY on STATE HIGHWAY 160, Section 2, from McDonald Corner to Columbia County Line, the Director is authorized to reshape the roadway and construct drainage structures, base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$114,000.00, for salaries, wages and materials. Funds to be allotted from 1963-64 Betterment Budget. Gravel base to be dumped in place by Purchase Order Contract. Balance of work to be done by State forces.

5127 In NEWTON COUNTY on STATE HIGHWAY 123, Section 1, from Piercetown to Mt. Judea, the Director is authorized to construct grading, drainage structures, base and surface treatment, as a Betterment Project, at an estimated cost of \$67,500.00 for salaries, wages and materials. Funds to be allotted from 1963-64 Betterment Budget.

Work to be done by state forces.

5128 In OUACHITA COUNTY on STATE HIGHWAY 57, Section 0 from the Junction of S. H. 4 to a point of 11.06 miles north, the Director is authorized to replace seven narrow and rotten untreated timber structures, as a Betterment Project, at an estimated cost of \$9,300.00 for materials only. Funds are to be allotted from the 1963-1964 Betterment Budget.

Work to be done by State forces.

- 5129 In ST. FRANCIS COUNTY on STATE HIGHWAY 306, Section 2, between Hunter and Colt, the Director is authorized to construct six bridges (total lgth. 756 lin. ft.) with treated timber substructures and reinforced concrete decks and, also, to construct minor drainage structures and place 4,000 cubic yards of gravel on selected sections, as a Betterment Project, at an estimated cost of \$50,700.00 for wages and materials - Funds to be allotted from the 1963-64 Betterment Budget.
Work to be done by State forces.
- 5130 In YELL COUNTY on STATE HIGHWAY 27, Section 10, from Danville to Dardanelle, the Director is authorized to resurface selected sections with Cold Plant Mix Material as a Betterment Project, at an estimated cost of \$10,900.00. Funds are to be allotted from the 1962 1963 Betterment Budget.
Work to be done by State forces.
- 5131 In YELL COUNTY on STATE HIGHWAY 10, Section 3, from Danville to the Logan County line, the Director is authorized to resurface selected sections with Cold Plant Mix Material, as a Betterment Project, at an estimated cost of \$4,100.00. Funds are to be allotted from the 1962-1963 Betterment Budget.
Work to be done by State forces.
- 5132 Lincoln County, Job No. 2649, Little Garnett-Jct. Hwy. 81, FAP S-362(4). The contract for the construction of approximately 5.205 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and other misc. items on the Jct. Hwy. 81-Little Garnett Road, State Highway 54, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$163,974.13.
- 5133 Nevada County, Job No. 3600, Jct. Hwy. 19-Jct. Hwy. 4, FAP S-476(1). The contract for the construction of approximately 7.253 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized, Gravel or Bituminous Stabilized Base, Double Bituminous Surface Treatment, One R.C. Slab Span Bridge (140.0 ft.) and other misc. items on the Jct. Hwy. 19-Jct. Hwy. 4 Road via Waterloo, State Highway 76, Section 1, is awarded to J. T. Arnold d/b/a Aggregates & Transporters, of Camden, Arkansas on his Alternate No. 2 bid of \$285,333.83, which is the low bid.
- 5134 Little River & Sevier Counties, Job No. 3611, Highways 71 and 27 (West Section) Relocation, Corps of Engineers Contract No. DA-34-066-CIVENG-62-1312. The contract for the construction of approximately 7.058 miles of Gr., Mr. Dr. Strs., Gravel Base, ACHM Base & Surf. Crses. (Hwy. 71), Dbl. Bit Surf. Tr'mt. (Hwy. 27), Riprap Const., Two R.C. & Str. Steel I-Beam Span Brs. (844.32' Tot.), one Precast R.C. Slab Span Br. (120.0') and other misc. items on the Wilton-Lockesburg Road, and on the Wilton-Mineral Springs Road, US Highway 71, Sections 4 & 5, State Highway 27, Section 1, is

awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$3,936,767.10, subject to the concurrence of the Corps of Engineers.

5135 Lonoke County, Job No. 6757, Carlisle-North, FAP S-12(3). The contract for the construction of approximately 6.950 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Carlisle-Hickory Plains Road, State Highway 13, Section 10, is awarded to Four Bros., Inc., of Sweet Home, Arkansas on their low bid of \$237,234.21.

5136 Lonoke County, Job No. 6766, Pulaski County Line-Highway 31 Surfacing, FAP I-40-4(15)164. The contract for the construction of approximately 11.034 miles of Gr., Mr. Dr. Strs., Plant Mixed Crshd. St. Shldrs. with Bit. Surf. Tr'mt., P.C. Stab. Bse., P.C. Conc. Pv'mt. (10" U.T.), Seeding and other misc. items, on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to Wright Contracting Company of Columbus, Georgia, on their low bid of \$3,041,337.35, subject to the concurrence of the Bureau of Public Roads.

5137 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, June 26, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twenty-third Meeting in Little Rock, Arkansas on April 26, 1963.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 24, 1963

The following is the record of the proceedings of the One Hundred and twenty-fourth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 24, 1963. The following members were present:

Wayne Hampton	Chairman
W. J. Denton	Vice-Chairman
Arnil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

5138 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 24, 1963.

5139 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 5132 through 5136 at the regular meeting of the Commission on June 26, 1963.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

5141 WHEREAS, by Minute Order No. 4063, dated April 4, 1961, the Commission established a policy for the disposition of old steel bridges that are being replaced with modern design bridges, and,

WHEREAS, this policy provided that under certain criteria the County Judge in the County in which the structure is located would be given the option of utilizing such old structure, and,

WHEREAS, the State Highway Commission has recently added to the State Highway System approximately 800 miles of County roads on which are many unsafe, dilapidated bridges in need of immediate repair, in order to carry traffic, bridge steel salvaged from these old bridges would be of great benefit to the State Highway Department in the repair and reconstruction of secondary bridges and culverts,

THEREFORE, it is the order of the State Highway Commission that all salvaged steel from old bridges remain the property of the Highway Department for exclusive use on the State Highway System.

Any provisions of Minute Order No. 4063 contrary to this order are hereby rescinded.

5142 WHEREAS, Sec. 33 of Act 307 of the Acts of the General Assembly of 1959 delegated responsibility for determination and establishment of speed limits on controlled-access highways to the Highway Commission, and

WHEREAS, Minute Order No. 3305 of July 22, 1959, established a policy whereby the maximum and minimum speed limits on highways with full control of access shall be 70 mph. and 45 mph., respectively, except through specific areas where local conditions, on the basis of engineering and traffic investigations, indicate lower limits would be conducive to more efficient traffic operation, and

WHEREAS, Interstate Route 30 through Little Rock and North

Little Rock is a special condition and an engineering and traffic investigation has been made to determine a safe and reasonable speed limit,

NOW, THEREFORE, IT IS DECLARED that the maximum and minimum speed limits on Interstate Route 30 through Little Rock and North Little Rock between the north terminal interchange and south terminal interchange shall be 60 mph. and 40 mph., respectively.

5143 In PHILLIPS COUNTY for the HELENA BRIDGE, for executing official documents pertaining to the refunding of the Helena Bridge Revenue Bonds, the person occupying the position of Director or Acting Director is hereby named Secretary of the Commission.

5144 In PHILLIPS COUNTY for the HELENA BRIDGE:

WHEREAS, proposals were received for refunding the Mississippi River Bridge Revenue Bonds 1- the principal amount of \$5,550,000.00; and

WHEREAS, the firms of Raney Securities Company, Inc.; Stephens, Inc.; White, Weld and Company; and Rowles Winston Company submitted the only bid; and

WHEREAS, their bid was 103 plus accrued interest from the date of the bonds to the date of delivery for bonds bearing interest at the rate of 4.20% per annum; and

WHEREAS, this bid is acceptable to the Arkansas State Highway Commission; and

WHEREAS, this bid was made subject to and according to the conditions of the Notice of Sale;

NOW THEREFORE, the Chairman of the Arkansas State Highway Commission is authorized to accept the bid as submitted, subject to concurrence by the Mississippi Highway Commission.

5145 The Director is hereby ordered to proceed with the study and report on highway user taxes authorized under Senate Concurrent Resolution No. 13 of the 1963 Legislative Session, in accord with the request of the Revenue and Taxation Committee of the Legislative Council dated June 24, 1963. Funds required for this work have been previously authorized under section 3, item 1, of the 1963-1964 Budget under Minute Order 5038 of May 29, 1963.

5146 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such

reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1964, in the amount of \$5,678.00, to be paid to the National Academy of Sciences.

5147 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1963 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

5148 Minute Order 5038 is hereby revised to increase the amount in Section II of the budget for the fiscal year 1963-64 by \$199,641.00.

5149 In CARROLL COUNTY, the official routing of State Highway No. 103 between Green Forest and Rule shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified "Designation Change, Green Forest South," drawn 7-15-63.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 103 from Green Forest southwesterly to junction of the new location, which has been replaced by new construction (Job 9464), is hereby declared to be no longer a part of the State Highway System.

5150 WHEREAS, State Highway No. 175, Section 2, in Sharp County, Arkansas, was incorporated into the State Highway System by Minute Order No. 5013, adopted April 24, 1963; and,

WHEREAS, the southern portion of said highway from the junction of the County Road immediately north of the boundary line between Sections 20 and 29, Township 19 North, Range 6 West, to the junction of State Highway No. 62, in Sharp County, Arkansas, was erroneously indicated on the official route map of the State Highway System; and,

WHEREAS, by agreement with the County Court of Sharp County, it is for the best interests of the public convenience and necessity that there be an exchange of public roads with Sharp County

to correctly locate the said southern portion of she State Highway No. 175, Section 2,

IT IS THEREFORE ORDERED that the route of State Highway No. 175, Section 2, be relocated in Sharp County, Arkansas, according to the attached sketch map which is made a part of the State Highway System as State Highway No. 175, Section 2, and that the public roads heretofore erroneously included as part of the State Highway System, as so indicated on said sketch maps be and the same are declared to be no longer a part of the State Highway System, and the same are hereby transferred to the Sharp County Highway System pursuant to agreement with the County Court of Sharp County, Arkansas, as authorized by Act #150 of the 1961 Acts of the General Assembly of Arkansas.

IT IS FURTHER ORDERED that said State Highway No. 175, Section 2, as relocated hereby be so designated on the official route map of the State Highway System.

This order shall become effective when the transfer of the public roads involved herein is spread upon the records of the County Court of Sharp County, Arkansas.

5151 WHEREAS, State Highway No. 136, Section 2, Mississippi County, Arkansas, was incorporated into the State Highway System by Minute Order No. 5045 adopted May 29, 1963; and,

WHEREAS, said State Highway was incorrectly platted on the official route map of the State Highway System at a location where there is no existing road between the junction of State Highway No. 77 and State Highway No. 14 north to Bondsville, Arkansas; and,

WHEREAS, the official route map of the State Highway System should be corrected to show the correct route of State Highway No. 136, Section 2;

IT IS THEREFORE ORDERED that the official route map of the State Highway System be corrected to designate the route of State Highway No. 136, Section 2, from the junction of State Highway No. 77 and State Highway No. 14, north a distance of 2.11 miles to Bondsville, Arkansas, Mississippi County, as the same is indicated on the attached sketch map which is incorporated herein by reference.

This order shall become effective immediately upon its adoption.

5152 WHEREAS, under the provisions of Section 4, Act 150, of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System and certain highways in the County System in return become a part of the State Highway System; and

WHEREAS, the County Judge of Stone County has expressed a desire to exchange portions of the County Highway System for a portion of State Highway No. 66, Section 3, which was added to the State Highway System by Commission Minute Order 5013 of April 24, 1963;

NOW, THEREFORE, IT IS ORDERED that the section of County Road from the junction of State Highway No. 14, approximately 1.7 miles east of the city limits of Mountain View, south of the junction of State Highway 66, a distance of approximately 0.87 mile, and the County Road from the south terminus of State Highway 66, southeasterly to the east end of the bridge over Little Raccoon Creek, a distance of approximately 0.88 mile, be made a part of the State Highway System, and the section of State Highway 66 from the junction of State Highway 14 approximately 0.6 mile east of the city limits of Mountain View, southeasterly approximately 2.26 miles to the junction of the first above-described County Road, be deleted as a part of the State Highway System, and the same is hereby transferred to the Stone County pursuant to agreement with the County Court of Stone County, Arkansas, under the authority of the provisions of Act No. 150 of the 1961 Acts of the General Assembly of Arkansas.

IT IS FURTHER ORDERED that the relocation of said State Highway No. 66, Section 3, be so indicated on the official route map, and that the designation of said highway, as relocated, be changed from State Highway No. 66, Section 3, to State Highway No. 5, Section 16.

This Minute Order shall become effective when the agreement to transfer the highways and public roads involved herein are spread upon the records of the County Court of Stone County, Arkansas.

5153 WHEREAS, the Purchasing Committee has awarded purchases on July 1, 8, 15 and 22, 1963 in the amounts of \$144,119.59, \$44,672.20, \$108,023.26 and \$64,717.30, respectively, totaling \$361,532.35 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5154 WHEREAS, in ASHLEY COUNTY on US 82, Sections 8 and 9, at Hamburg, bids were invited under Purchase Order Contract for resurfacing selected sections of the existing surface with Hot Mix Surface Course and one bid was received for opening on July 18, 1963, and,

WHEREAS, the Purchasing Committee, on July 22, 1963,

recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job 2-501(1), be awarded to T. L. James and Company, Inc., on their bid of \$27,794.18.

5155 In SEBASTIAN COUNTY on US 64, Section 1, Midland Boulevard, bids were invited, under Purchase Order Contract procedure, for Heater Planing the existing surface and resurfacing a distance of 2.8 miles with Hot Mix Surface Course and two bids were received for opening on July 18, 1963, and,

WHEREAS, the Purchasing Committee, on July 22, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Job 4-114 (1), be awarded to Forsgren Brothers on their low bid of \$57,856.44.

5156 WHEREAS, at the District Headquarters in Hope, there is a need for additional facilities for the Hope area, and,

WHEREAS, a suitable plan has been developed to extend the Shop 48 feet,

IT IS ORDERED that the Director be authorized to construct this addition to the existing shop, in accordance with the attached plan, as a Building Project, at an estimated cost of \$35,000.00.

Construction to be done by Purchase Order Contract.

5157 In BRADLEY COUNTY on STATE HIGHWAY 160, Section 9, from Hermitage to Vick, the Director is authorized to construct three bridges (Total Length 276 feet), using Treated Timber Piling and Precast Concrete Caps and Slab Units, as a Betterment Project, at an estimated cost of \$36,200.00.

All Precast Units to be delivered in place by Purchase Order Contract and balance of work to be done by State forces.

5158 In CLEVELAND COUNTY on STATE HIGHWAY 114, Section 0, from a point 1.62 miles east of State Highway 15 to a point 3.38 miles west of State Highway 15, a distance of 5 miles, the Director is authorized to construct grading, minor drainage structures, base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$59,200.00.

Base material is to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

5159 In CRAWFORD COUNTY on STATE HIGHWAY 282, Section 1, from Van Buren to Rudy, a distance of approximately 7 miles,

the Director is authorized to construct Crushed Stone Base Course and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$40,300.00 for materials.

Crushed Stone Base material to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

- 5160 In CRITTENDEN COUNTY on STATE HIGHWAY 147, Section 0, from the Lee County line to Bruins, a distance of 4.65 miles, the Director is authorized to construct Grading, Minor Drainage Structures and Gravel Surface Course, as a Betterment Project, at an estimated cost of \$16,600.00 for labor and materials.

Work to be done by State forces.

- 5161 In CRITTENDEN and ST. FRANCIS COUNTIES on STATE HIGHWAY 50, Section 2, from Chatfield to Shearerville, a distance of 9.91 miles, the Director is authorized to construct Grading, Minor Drainage Structures and Gravel Surface Course, as a Betterment Project, at an estimated cost of \$21,200.00 for labor and materials.

Work to be done by State forces.

- 5162 In DALLAS COUNTY on STATE HIGHWAY 229, Section 0, south of the junction with State Highway 48 in Carthage, the Director is authorized to construct three (3) bridges (total length 245 feet) using treated timber piling and precast concrete caps and slab units, as a Betterment Project, at an estimated cost of \$27,000.00. Funds are to be allotted from the 1963-1964 Betterment Budget.

All precast units to be delivered in place by Purchase Order Contract. Balance of work to be done by State forces.

- 5163 In HEMPSTEAD COUNTY on STATE HIGHWAY 32, Section 7, from Shover Springs to the Nevada County line, a distance of 4.08 miles, the Director is authorized to construct grading, minor drainage structures, base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$66,800.00 for materials.

Gravel Base to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

- 5164 In LONOKE COUNTY on STATE HIGHWAY 294, Section 2, from Furlow west, a distance of 6.34 miles, the Director is authorized to construct grading, base, and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$43,500.00.

Base to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

- 5165 In MISSISSIPPI COUNTY on STATE HIGHWAY 158, Section 1, from State Highway 77 to Victoria, a distance of 5.87 miles, the Director is authorized to set up the existing base and construct a

Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$18,800.00, for salaries, wages and materials. Funds to be allotted from 1963-64 Betterment Project.

Work to be done by state forces.

- 5166 In POINSETT COUNTY on STATE HIGHWAY 14, Section 13, from the Jackson County line to Harrisburg, the Director is authorized to level up and resurface 11 miles of selected sections, using Blade Mix Material, as a Betterment Project, at an estimated cost of \$33,500.00 for salaries, wages and materials. Funds are to be allotted from the 1963-1964 Betterment Budget.

Work to be done by State forces.

- 5167 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, from the Arkansas County line north, the Director is authorized to resurface selected sections with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$62,700.00.

Work to be done by Purchase Order Contract.

- 5168 In SALINE COUNTY on STATE HIGHWAY 5, Section 7, from Benton west to the North Fork of Saline River, the Director is authorized to resurface selected sections with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$29,200.00.

Work to be done by Purchase Order Contract.

- 5169 In UNION COUNTY on STATE HIGHWAY 275, Section 1, from the Louisiana State line to Strong, the Director is authorized to replace all existing timber bridges with Corrugated Metal Arch Pipe Culverts, as a Betterment Project, at an estimated cost of \$12,900.00 for materials.

Work to be done by State forces.

- 5170 In SEBASTIAN COUNTY on State Highway 96, Section 2: WHEREAS, the United States Army through the Post Engineer of Fort Chaffee, Arkansas has requested permission to construct four (4) Track Vehicular Crossings, all within the boundaries of the Fort Chaffee Military Reservation; and

WHEREAS, the Post Engineer has submitted construction plans and specifications, which have been examined and recommended for approval by the District Engineer;

NOW THEREFORE, the Director is hereby authorized to grant a permit for four (4) Track Vehicular Crossings on State Highway 96, Section 2, Fort Chaffee, Arkansas, subject to the following conditions:

1. That the permittee, through its designated officer, make judicious use of appropriate safety devices and practices such as barricades, lights, signs, watchmen, and flagmen, as may be needed during construction and subsequent operation of the crossings to protect travel, and that the United States Army save harmless the Arkansas

State Highway Commission in all respects.

2. That the permittee provide and install special crossing signs and advance warning signs.
3. That all construction on the highway right-of-way meet the approval of the Highway Department District Engineer.
4. That the installation be made and maintained in a manner satisfactory to the Department without cost to the State.

5171 WHEREAS, in Union County on Job 7539 (R/W Job 7440) El Dorado Bypass, certain lands were acquired by condemnation from the Wilson Estate, which condemnation suit is still pending; and,

WHEREAS, trustees of the Wilson Estate have made a proposal for settlement of said condemnation suit as evidenced by letter dated September 14, 1962; and

WHEREAS, certain items of said proposed settlement have already been completed on Job 7588, El Dorado Additional Frontage Roads; and,

WHEREAS, it would be in the best interest of the Commission to accept and complete the remaining items of the agreement,

NOW THEREFORE, it is hereby ordered that the Director be and is hereby authorized to:

- (1) Approve the expenditure of approximately \$1200.00 for pump rental, to drain the lake on the Wilson Estate property, and
- (2) To approve the expenditure of the cost for cleaning out sediment in said lake and in area between lake and diversion dam upon receiving the estimates of two reliable contractors, and
- (3) To approve the amount of damage to timber destroyed by reason of silt and sediments, which amount will be determined by accepting the appraised values of a reputable forestry service, and
- (4) To install metal drainage pipe to replace silted over drain on private road.

5172 Desha County, Job No. 2658, Canal 18 Bridge Alterations, Corps of Engineers Contract No. DA-22-052-CIVENG-63-416. The contract for the construction of approximately 0.066 mile of Limited Grading, Gravel Base, Bit. Surf. Trm't. and One Precast R.C. Slab Span Bridge (148.79') and other misc. items on main road; and construction of Detour Bridge and Ramps, all on the McGehee-Arkansas City Road, State Highway 4, Section 17, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$55,646.00, subject to the concurrence of the Corps of Engineers.

5173 Lafayette County, Job No. 3581, Red River-East, FAP S-220(3). The contract for the construction of approximately 5.477 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Gravel Shoulders & Turnouts, Double Bit. Surf. Trm't. and other misc.

items, on the Doddridge-Bradley Road, State Highway 160, Section 1, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$289,788.75.

- 5174 Howard & Sevier Counties, Job No. 3613, State Highway 27 Relocation (East Section), Corps of Engineers Contract No. DA-34-066-CIVENG-62-1312. The contract for the construction of approximately 2.026 miles of Grading, Minor Drainage Strs., Gravel Base Course, Dbl. Bit. Surf. Trm't., One R.C. & Structural Steel I-Beam Span Br. (377.25'), Riprap Construction, Removal of Existing Br. Structures and other misc. items on the Ben Lomond-Mineral Springs Road, State Highway 27, Sections 1 & 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$671,899.03, subject to the concurrence of the Corps of Engineers.
- 5175 Little River County, Job No. 3614, State Highway 234 Relocation, Corps of Engineers Contract No. DA-34-066-CIVENG-62-1312. The contract for the construction of approximately 0.682 mile of Grading, Minor Drainage Structures, Gravel Base Course, Dbl. Bit. Surf. Trm't., One R.C. & Str. Steel I-Beam Span Br. (167.25'), Riprap Construction, Removal of Existing Br., and other misc. items on the Wilton-Alleene Road, State Highway 234, Section 1, is awarded to McMillin-Burkett Construction Company of Texarkana, Texas on their low bid of \$143,041.86, subject to the concurrence of the Corps of Engineers.
- 5176 Howard County, Job No. 3615, State Highway 355 Reconstruction, Corps of Engineers Contract No. DA-34-066-CIVENG-62-1312. The contract for the construction of approximately 1.439 miles of Gr., Minor Dr. Strs., Gravel Bse., Dbl. Bit. Surf. Trm't., Riprap Const, Reconstruction of Substructure & Lengthening of the Superstructure of Two R.C. Slab Brs., Detour Const. including Two Temporary Brs., & other misc. items comprising Hwy. 355 Reconstruction on the Saratoga-Mineral Springs Road, State Highway 355, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$646,879.43, subject to the concurrence of the Corps of Engineers.
- 5177 Fulton County, Job No. 5506, Mammoth Spring-Southwest, FAP S-201(3). The contract for the construction of approximately 3.183 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Asphaltic Concrete Hot Mix Base & Surf., Concrete Curb & Combination Curb & Gutter & other misc. items, on the Salem-Mammoth Spring Road, State Highway 9, Section 15, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$320,771.06.
- 5178 Grant County, Job No. 6787, Saline River Bridge & Approaches, FAP S-485(3). The contract for the construction of approximately 0.621 mile of Grading, Minor Drainage Strs., Gravel

Base, Dbl. Bit. Surf. Trm't. & misc. items; Alternate No. 1, Precast R.C. Slab & Composite I-Beam Span Br. (1245.08 Ft.); Alternate No. 2, R.C. Slab & Composite I-Beam Span Br. (1255.00 Ft.), on the Leola-Sheridan Rd., State Highway 46, Section 2, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low Alternate No. 1 bid of \$230,856.37.

5179 Pope County, Job No 8503, Jct., Hwy. 105-Northeast, FAP S-463(2). The contract for the construction of approximately 4.789 miles of Grading, Minor Drainage Strs., Crushed Stone Base, Dbl. Bit. Surf. Trm't., One Br. Span Length Culvt. (31.35 Ft. Total Span) & other misc. items on the Jct. Hwy. 105-Hattieville Road, State Highway 247, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$219,336.60.

5180 Mississippi County, Job No. 10615, Lemsford Grade Separation-Missouri State Line Base & Surfacing, FAP I-55-1(30)62. The contract for the construction of approximately 9.514 miles of Limited Grading, Selected Material, Crushed Stone Base, P.C. Conc. Pavement (10" UT), Bit. Treated Shoulders, & other misc. items on the West Memphis-Missouri State Line Interstate Road, Interstate Highway 55, Section 1, is awarded to Road Builders, Inc., of Nashville, Tennessee on their low bid of \$2,489,957.68, subject to the concurrence of the Bureau of Public Roads.

5181 Randolph County, Job No. 10686, Tennessee Creek & Cattle Creek Bridges & Approaches, FAP 5-474(1). The contract for the construction of approximately 0.529 mile of Grading, Minor Drainage Strs., Gravel Surface, One R.C. Slab Span Br. (150.00 ft.), One Br. Length Culvt. (32.92 ft. span) and other misc. items on the Pocahontas-Warm Springs Road, State Highway 251, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$105,952.44.

5182 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, July 24, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twenty-fourth Meeting in Little Rock, Arkansas on July 24, 1963.

Dorothy Switzer
Secretary

MINUTES OF THE SPECIAL MEETING OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 20, 1963

5183 The following is the record of the proceedings of a Special Meeting of the Arkansas State Highway Commission on call of Wayne Hampton, Chairman, on August 20, 1963, where the following proceedings were held:

5184 A RESOLUTION to impose restrictions upon the maximum gross weight and maximum axle weights of vehicles on certain State highways in Arkansas, Desha, Jefferson Counties in the State of Arkansas.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State highways of Arkansas; and,

WHEREAS, the State highways hereinafter scheduled are incapable of supporting the maximum gross weights and maximum axle weights permitted by law; and,

WHEREAS, an emergency exists in order to protect and preserve the said State highways;

IT IS THEREFORE ORDERED that vehicles or combination of vehicles, whether loaded or unloaded, operated on the State highways scheduled hereinafter be restricted to a maximum gross weight of 40,000 pounds, a maximum single axle weight of 16,000 pounds and a maximum tandem axle weight of 28,000 pounds, to-wit:

<u>ROUTE NO.</u>	<u>COUNTY</u>	<u>TERMINALS</u>
State Highway 1	Arkansas - Desha	Gillett to Back Gate
State Highway 54	Desha	Dumas to Back Gate
State Highway 169	Arkansas	Junction of State Highway 1 to Arkansas Post National Monument
State Highway 44	Arkansas	Junction State Highway 1 to Tichnor
State Highway 88	Jefferson	Alzheimer to Reydel
State Highway 276	Arkansas	Entire Route

The Director of Highways is directed to cause appropriate signs giving notice of such maximum weights restrictions to be erected upon the portions of said highways affected by this resolution.

5185 A RESOLUTION to impose restrictions on the maximum speed of loaded trucks operated on certain State highways in Arkansas, Desha and Jefferson Counties, Arkansas.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State highways of Arkansas;

and,

WHEREAS, the State highways hereinafter scheduled are incapable of supporting the maximum speed of loaded trucks permitted by law; and,

WHEREAS, an emergency exists in order to protect and preserve said State highways;

IT IS THEREFORE ORDERED, that the maximum speed of loaded trucks on the State highways hereinafter scheduled be restricted to 35 miles per hour, whether a vehicle or combination of vehicles,

to-wit:

<u>ROUTE NO.</u>	<u>COUNTY</u>	<u>TERMINALS</u>
State Highway 1	Arkansas - Desha	Gillett to Back Gate
State Highway 54	Desha	Dumas to Back Gate
State Highway 169	Arkansas	Junction of State Highway 1 to Arkansas Post National Monument
State Highway 44	Arkansas	Junction State Highway 1 to Tichnor
State Highway 88	Jefferson	Alzheimer to Reydel
State Highway 276	Arkansas	Entire Route

The Director of Highways is hereby directed to cause appropriate signs giving notice of such speed restrictions to be erected upon those portions of the said State highways affected by this resolution.

5186 A RESOLUTION to impose restrictions upon the maximum gross weight and maximum axle weights of vehicles on certain State highways in Lincoln County in the State of Arkansas.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State highways of Arkansas; and,

WHEREAS, the State highways hereinafter scheduled are incapable of supporting the maximum gross weights and maximum axle weights permitted by law; and,

WHEREAS, an emergency exists in order to protect and preserve the said State highways;

IT IS THEREFORE ORDERED that vehicles or combination of vehicles, whether loaded or unloaded, operated on the State highways scheduled hereinafter be restricted to a maximum gross weight of 40,000 pounds, a maximum single axle weight of 16,000 pounds and a maximum tandem axle weight of 28,000 pounds, to-wit:

<u>ROUTE NO.</u>	<u>COUNTY</u>	<u>TERMINALS</u>
------------------	---------------	------------------

State Highway 11	Lincoln	Grady to Arkansas River
State Highway 114	Lincoln	Gould to Arkansas River

This restriction herein shall become effective when the road conditions of said State highways so warrant said restriction in the opinion of the District Engineer of the Highway District affected, and the Director of Highways is directed to cause appropriate signs giving notice of such maximum weight restrictions to be erected upon the portions of the said State highways affected by this resolution when so notified by said District Engineer.

5187 A RESOLUTION to impose restrictions on the maximum speed of loaded trucks operated on certain State highways in Lincoln County, Arkansas.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State highways of Arkansas; and,

WHEREAS, the State highways hereinafter scheduled are incapable of supporting the maximum speed of loaded trucks permitted by law; and,

WHEREAS, an emergency exists in order to protect and preserve said State highways;

IT IS THEREFORE ORDERED, that the maximum speed of loaded trucks on the State highways hereinafter scheduled be restricted to 35 miles per hour, whether a vehicle or combination of vehicles, to-wit:

<u>ROUTE NO.</u>	<u>COUNTY</u>	<u>TERMINALS</u>
State Highway 11	Lincoln	Grady to Arkansas River
State Highway 114	Lincoln	Gould to Arkansas River

This restriction herein shall become effective when the road conditions of said State highways so warrant said restriction in the opinion of the District Engineer of the Highway District affected, and the Director of Highways is directed to cause appropriate signs giving notice of such speed restrictions to be erected upon the portions of the said State highways affected by this resolution when so notified by said District Engineer.

5188 IT IS ORDERED that the Special Meeting of the State Highway Commission called by Wayne Hampton, Chairman, on August 20, 1963, be closed.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Special Meeting on August 20, 1963.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 28, 1963

The following is the record of the proceedings of the One Hundred and twenty-fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 28, 1963. The following members were present:

Wayne Hampton	Chairman
W. J. Denton	Vice-Chairman
Armil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

5189 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 28, 1963.

5190 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 5172 through 5181 at the regular meeting of the Commission on July 24, 1963.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
2658	DA-22-052- CIVENG-63-416	4	Desha	61,210.	None	61,210.
3581	S-220(3)	160	Lafayette	318,760.	**	318,760.
3613	DA-34-066- CIVENG-62-1312	27	Howard & Sevier	694,530.	--	694,530.
3614	DA-34-066- CIVENG-62-1312	234	Little River	148,360.	--	148,360.
3615	DA-34-066- CIVENG-62-1312	355	Howard	668,800.	--	668,800.
3610	DA-34-066- CIVENG-62-1312	R/W for Jobs 3613, 3614, 3615		25,000	25,000.

C-52-43	S-1013(4)	1	Cross Roads North & South	Ouachita Co.	550.80	0.00

5192 WHEREAS, the Purchasing Committee has awarded purchases on July 29, August 5, 12, 19, and 26, 1963 in the amounts of \$218,590.65, \$88,734.61, \$116,953.11, \$93,232.31, and \$121,289.50, respectively, totaling \$638,800.18 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5193 WHEREAS, Minute Order Number 5038 dated May 29, 1963 allotted \$1,050,000.00 for purchase of New Equipment in the 1963-64 Fiscal Year, and

WHEREAS, Minute Order Number 4798 dated September 5, 1962 allotted \$1,050,000.00 for purchase of New Equipment in the Fiscal Year 1962-63, and whereas there is an unexpended balance of \$30,030.60 in the 1962-63 Purchases under Minute Order 4798, and

WHEREAS, Minute Order Number 4959 dated February 20, 1963 approved an additional \$600,000.00 for purchase of Heavy Equipment in the 1962-63 Fiscal Year, and whereas, there is an unexpended balance of \$85,817.28 in the 1962-63 Purchases under Minute Order 4959, and

WHEREAS, total amount of \$72,490.53 was deposited in the State Highway Department Account of the State Treasury from receipts from the sale of 219 used Highway Type Vehicles, and

WHEREAS, Minute Order Number 4870 dated November 20, 1962 authorized the purchase of one core drill for use by Survey Department, which was purchased out of New Equipment Budget, but

the Minute Order was worded in such manner that the \$25,000.00 could not be transferred to the Equipment Account, and

WHEREAS, \$42,000.00 was allotted the Weights and Standards Division for transfer to the Equipment Account for purchase of Equipment in the 1963-64 Fiscal Year, and

NOW THEREFORE, the above unexpended balances under MO 4798 in the amount of \$30,030.60, MO 4959 in the amount of \$85,817.28, MO 4870 in the amount of \$25,000.00, receipt from the sale of 219 used Highway Type Vehicles in the amount of \$72,490.53, and transfer of \$42,000.00 from the Weights and Standards Division are hereby added to the \$1,050,000.00 making a total amount of \$1,305,338.41 in the New Equipment Account, and the Acting Director is authorized to proceed in the most feasible manner with the purchase of equipment on the 1963-64 Equipment List attached herewith requesting the purchase of 561 New Units with a trade-in or sale of 388 used units in the total estimated amount of \$1,240,852.85 (after trade-in or sale of the 388 used units), and where necessary to increase the number of units to be purchased to cover the \$64,485.56 balance during the 1963-64 Fiscal Year, not to exceed \$1,305,338.41.

5194 Within the limitations of funds authorized by Budget Minute Order 5038 of May 29, 1963, the Director is hereby authorized to proceed with printing 300,000 copies of the 1964 Service Map at an estimated cost of \$31,500.00.

5195 In PULASKI COUNTY on the State Capitol Grounds:
WHEREAS, Act 443 of the 1963 General Assembly authorizes the State Highway Commission to sell the State Highway Department building to the State Board of Education for the sum of \$400,000.00; and

WHEREAS, the act authorizes the State Board of Education to buy the aforesaid Highway Department building for the sum of \$400,000.00; and

WHEREAS, the Highway Commission has determined that a new Highway Department building is necessary for the efficient functioning of the Highway Department, now and in the future;

NOW THEREFORE, the Director is authorized to notify the State Board of Education that the Highway Commission offers them the Highway Department building for the sum of \$400,000.00, according to the terms of Act 443.

5196 WHEREAS, pursuant to Section 53 of Act No. 307 of the 1959 Acts of the General Assembly of Arkansas, this Commission has imposed restrictions as to the weight of vehicles operated on designated State highways; which are less than the gross weight of vehicles permitted by law; and,

WHEREAS, said restrictions have created special hardships in exceptional cases; and,

WHEREAS, the public convenience and necessity would be best served if special permits to exceed the maximum gross weight restrictions established by resolution of the Commission were allowed in such exceptional cases;

BE IT THEREFORE ORDERED that the permit section of the Arkansas State Highway Department be and the same is hereby authorized to issue special permits for the movement of vehicles or combination of vehicles exceeding the maximum gross weights established by resolution of the Commission on designated State highways, under such rules and regulations established by Minute Order No. 5040, adopted May 29, 1963, as the same shall be applicable.

5197 WHEREAS, Act 78 of the Acts of the General Assembly of 1963 delegated responsibility for designating, under such rules and regulations as the Commission shall deem appropriate, highways other than those of the Federal Interstate Highway System and the Primary Highway System upon which the maximum gross weight of 73,280 pounds shall be permitted for such period of time as the Commission shall determine; and

WHEREAS, there may be specific Secondary Highways or portions thereof where the maximum vehicle weight of 64,000 pounds will impose an extreme hardship upon industry, trade, and commerce; and

WHEREAS certain of these Secondary Highways which have been constructed in accordance with modern design standards are structurally adequate to accommodate greater weight limits for a reasonable period of time;

NOW, THEREFORE, in accord with the Legislative intent set forth herein, the Director IS HEREBY AUTHORIZED to determine, on the basis of need and engineering adequacy, those Secondary Highways or portions thereof where increased weight limits shall be permitted; and in making such determination the following criteria shall be used:

1. A route that carries over 100 heavy trucks in the average daily traffic flow or serves an industrial area or community isolated from service of a Primary Highway;
2. Where heavy truck traffic is to be composed of five percent (5%) or more of five-axle tractor-trailer combinations;
3. Route structurally adequate to accommodate increased weight limit based upon engineering factors of road and bridge sufficiency;

AND the Director IS FURTHER AUTHORIZED upon affirmative findings of studies made, based upon the foregoing criteria, to erect

appropriate signs indicating that said Secondary roads or portions thereof may carry maximum gross loads of 73,280 pounds. Continuous surveillance shall be maintained on such posted sections, and the Director may rescind the increased loading where deemed appropriate.

5198 IT IS ORDERED, and the Director is hereby instructed, to execute an amendment to the agreement dated March 7, 1962, with the local governments of Pulaski County and the Cities of Little Rock and North Little Rock, and the Metropolitan Area Planning Commission of Pulaski County (Metroplan), to participate to the extent of 59.6 percent of the total estimated cost of \$225,000 in the proposed Pulaski County Transportation Study. The ratio of financial contribution of the Department and other participating agencies in the Transportation Study shall be in accord with the "draft of amendment" dated August 27, 1963, attached hereto and made a part of this Order. The increased cost to the State shall be financed with Federal Aid Planning and Research funds which will be matched by the local governments. Except as revised herein, the provisions of Minute Orders 3559 of January 27, 1960, and 4520 of March 7, 1962, remain unchanged. This action is subject to approval and participation in the Transportation Study by the Bureau of Public Roads.

The Director is hereby authorized to concur on behalf of the Commission in the selection of the Consultant Firm to perform the Transportation Study upon a favorable recommendation in writing from the Project Steering Committee, all in accord with paragraph c(7) of the Joint Project Agreement, dated March 7, 1962.

5199 WHEREAS, the United States of America has constructed a multiple-purpose hydroelectric and flood-control project on the Little Red River known as the Greers Ferry Dam and Reservoir; and

WHEREAS, on the 19th day of December 1958, the Arkansas State Highway Commission and the United States, acting through their designated representatives, entered into Relocation Contract No. DA-03-050-CIVENG-59-291 covering the relocation, rearrangement and alteration of portions of State Highways Nos. 16, 25, 92 and 130, situated within the boundaries of the reservoir; and

WHEREAS under the terms of the agreement, the Commission agreed to execute a quitclaim deed to the United States for the rights of way of the portions of the highways relocated under the contract and to execute a flowage easement over the remaining portions thereof not relocated and over that part of the right of way of US Highway 65 lying within the boundaries of the reservoir below elevation 491 feet above mean sea level, in exchange for easement and right of way deeds from the United States for the relocated highways; and

WHEREAS, the drafts of the quitclaim and flowage easement deeds to be executed by the Commission and of the easement and right

of way deeds to be executed by the Secretary of the Army have been submitted to the Commission and approved.

NOW, THEREFORE, BE IT RESOLVED that the Chairman of the Arkansas State Highway Commission be and is hereby authorized to execute and deliver a quitclaim deed to the United States of America granting all the right, title, interest and equity of the Arkansas State Highway Commission, the Arkansas State Highway Department, and the State of Arkansas in those portions of the right of way of State Highways Nos. 16, 25, 92 and 130 that have been relocated, and to execute a flowage easement deed over the remaining portions thereof not relocated and over that part of the right of way of US Highway 65 lying within the boundaries of the Greers Ferry Reservoir below elevation 491 feet above mean sea level, in exchange for the easement and right of way deeds to be executed by the Secretary of the Army under the contract.

5200 WHEREAS, on September 20, 1960, the city of Camden, Arkansas, conveyed to the Arkansas State Highway Department a parcel of land in the Northeast Quarter of the Southeast Quarter of Section 8, in Township 13 South, Range 16 West, in Ouachita County, Arkansas, containing 5.03 Acres, more or less, for a consideration of \$1,150.00, which said deed is recorded in Ouachita County Deed Record Book No. 278 at pages 549 and 550; and,

WHEREAS, the use of said parcel of land was encumbered by certain restrictive covenants arising out of an agreement between the said city of Camden and the Federal Aviation Agency under the authority of the Federal Airport Act, which said restrictions were inadvertently omitted from the said deed of said parcel of land to the Arkansas State Highway Department; and,

WHEREAS, said restrictive covenants are lawful and run with the land and should appear of record as restricting the use of said land; and,

WHEREAS, said deed erroneously states that said parcel of land is conveyed to the Arkansas State Highway Department instead of the Arkansas State Highway Commission; and,

WHEREAS, a correction deed should be executed, delivered and recorded correcting the said errors and omissions in order to show the lawful intent and purposes of said conveyance.

BE IT THEREFORE RESOLVED that the city of Camden, Arkansas be petitioned and authorized to authorize the execution and delivery of a correction warranty deed conveying the following described property to the Arkansas State Highway Commission, to-wit:
"Beginning at the Northeast Corner of the Northeast Quarter of the Southeast Quarter of Section 8, Township 13 South, Range

16 West, thence South 707 feet; thence North 82° 35' West for a distance of 310.5 feet; thence North 5° 55' East for a distance of 804.2 feet; thence East 225 feet; thence south 133 feet to the point of beginning, containing 5.03 Acres, more or less, lying in Ouachita County, Arkansas.

BE IT FURTHER RESOLVED that said correction deed contains the following reservations and restrictions, to-wit:

1. There is hereby reserved to the City of Camden, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the air space above the surface of the land conveyed, together with the right to cause in said air space such noise as may be inherent in the operation of aircraft, now known or hereafter used for navigation of or flight in the air, using said air space for landing at, taking off from or operating on the Camden Municipal Airport.
2. No structures will be erected and no objects of natural growth will be permitted upon the land conveyed which would be violative of the Federal Aviation Agency's Technical Standard Order N-18 as applied in relation to the Camden Municipal Airport.
3. No use will be made of the land conveyed which would interfere with the operation of aircraft or adversely affect the operation or maintenance of the Camden Municipal Airport.

Upon receipt of delivery of said correction deed together with an authenticated copy of the Resolution of the city of Camden, Arkansas authorizing the execution and delivery of said correction deed, the Director of Highways is directed to cause the same, together with a certified copy of this Resolution, to be recorded in Ouachita County, Arkansas.

5201 In CLARK COUNTY, a route from a point on State Highway No. US 67 at the junction of State Highway No. 26 near Gum Springs, to a connection with the proposed Gum Springs Interchange on Interstate Route 30, a distance of approximately 1.8 mi., as shown on attached sketch which becomes a part of this Order, is hereby made a part of the State Highway System.

5202 In JOHNSON COUNTY, the road from Knoxville to the beginning of the Knoxville Road Grade Separation, a distance of approximately .26 miles, is hereby made a part of the State Highway System.

5203 In WASHINGTON COUNTY, at Devil's Den State Park, under the provisions of Act No. 109 of the 1937 Acts of the General Assembly of Arkansas, as amended by Act 387 of 1957 and Act 83 of 1961, IT IS ORDERED that the roads and drives serving the cabin areas and the camping area in said State Park, as shown on attached sketch, are hereby made a part of the State Highway System, to be designated as State Highway No. 862, Section 1, for record purposes

only and not to be signed.

5204 In CLARK and NEVADA COUNTIES on HIGHWAY 53:
WHEREAS, there is an old existing truss, to be replaced under Job No.
1393, which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Clark County has requested
the truss for use on a county highway, stating that the Nevada County
Judge is willing to relinquish any rights to the truss;

NOW THEREFORE, this being a prior commitment and an
exception to Minute Order 5141, the Director is authorized to convey
the truss to Clark County and the Judge is authorized to remove the
truss from the bridge site upon completion of the new structure.

5205 In MADISON COUNTY on HIGHWAY 45: WHEREAS, there
is an old existing truss, to be replaced under Job No. 9478, which
cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Madison County has request-
ed the truss for use on a county highway;

NOW THEREFORE, this being a prior commitment and an
exception to Minute Order 5141, the Director is authorized to convey
the truss to Madison County and the Judge is authorized to remove the
truss from the bridge site upon completion of the new structure.

5206 WHEREAS, in LINCOLN COUNTY on STATE HIGHWAY
293, Section 1, at Bayou Bartholomew one-half mile south of Highway
11, a 330-foot bridge has failed and is beyond repair,

IT IS ORDERED that the Director be authorized to proceed
with the construction of a new bridge and approaches, as an
Emergency Project, at an estimated cost of \$110,000.00.

5207 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY
294, Section 2, from Furlow west, a distance of 6.34 miles, Minute
Order 5164 was approved on July 24, 1963, to construct Grading, Base
and Double Bituminous Surface Treatment, and,

WHEREAS, Minor Drainage Structures are needed before this
work is done,

IT IS ORDERED that Minute Order 5164 be supplemented in
the amount of \$6,900.00 to construct 87 Cross and Side Drains on this
road

5208 WHEREAS, the weight station building located on Highway No.
US 67 southwest of Hope is badly in need of immediate repairs in

order to provide safe and adequate facilities for the weight station personnel and the motoring public;

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to make the necessary repairs, by Purchase Order Contracts in accordance with the attached specifications. Total cost of the project, approximately \$23000 009 shall be charged to the Maintenance and General Operation Item of the Weights and Standards appropriation.

5209 WHEREAS, by authority of Minute Order 5041, bids were invited under Purchase Order Contract procedure for installing and filling Liquified Petroleum Gas Tanks for the Arkansas Highway Department Radio System, with one bid received for opening on August 22, 1963, and,

WHEREAS the Purchasing Committee, on August 26, 1963, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job 12-4(5), be awarded to Harris Distributors, Incorporated, of Little Rock, on their bid of \$861.00.

5210 WHEREAS, by authority of Minute Order 5041, bids were invited under Purchase Order Contract procedure for furnishing and erecting Metal Buildings for the Arkansas Highway Department Radio System, with one bid received for opening on August 22, 1963 and,

WHEREAS, the Purchasing Committee on August 26, 1963, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job 12-4 (4), be awarded to Hughes Engineering and Construction Company of Magnolia, on their bid of \$2,250.00.

5211 WHEREAS, by authority of Minute Order 5041, bids were invited under Purchase Order Contract procedure for furnishing and installing Engine Generator Sets for the Arkansas Highway Department Radio System, with two bids received for opening on August 22, 1963, and,

WHEREAS, the Purchasing Committee on August 26, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Job 12-4 (2), be awarded to C & C Electric Construction Company of North Little Rock, on their bid of \$16,350.00

5212 WHEREAS, in Saline County on State Highway 5, Section 7, by

authority of Minute Order 5168, bids were invited under Purchase Order Contract procedure for resurfacing the section from Benton west to the north fork of the Saline River, with three bids received for opening on August 22, 1963, and,

WHEREAS, the Purchasing Committee on August 26, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Job 6-502 (1), be awarded to the APT Construction Company of North Little Rock, on their bid of \$25,507.20.

5213 WHEREAS, in COLUMBIA COUNTY on US 79, from Magnolia to the Louisiana State Line, bids were invited under Purchase Order Contract procedure for resurfacing selected sections of the exists pavement with Hot Mix Surface Course and three bids were received for opening on July 25, 1963, and

WHEREAS, the Purchasing Committee, on July 29, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Job 7-504 (1), be awarded to Haynie & Williams, El Dorado, Arkansas, on their low bid of \$93,532.70.

5214 WHEREAS, in HEMPSTEAD COUNTY on STATE HIGHWAY 32, Section 7, by authority of Minute Order 5163, bids were invited under Purchase Order Contract procedure for 15,561 cubic yards of Gravel Base Material dumped in place, with 5 bids received for opening on August 22, 1963, and,

WHEREAS, the Purchasing Committee on August 26, 1963, recommended that the award be made to the low bidder as a Material Purchase,

IT IS ORDERED that award of this material be made to McAlister Fuel Company on their low bid of \$41,547.87, under Allotment 3-501 (1).

This action is subject to the furnishing of proof of Arkansas Residence.

5215 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, by authority of Minute Order 5167, bids were invited under Purchase Order Contract procedure for the resurfacing of selected sections with Asphaltic Concrete Hot Mix Surface Course, with two bids received for opening on August 22, 1963, and,

WHEREAS, the Purchasing Committee on August 26, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Job 6-501 (1), be awarded to L & N, Incorporated of Stuttgart, on their bid of \$62,745.82.

5216 WHEREAS, in CROSS COUNTY at District No. 1 Headquarters in Wynne, there is a need for additional shop facilities, and,

WHEREAS, there is sufficient space at the existing District Headquarters to extend the shop,

IT IS ORDERED that the Director be authorized to construct a Shop Addition, as a Building Project, at an estimated cost of \$35,000.00.

Construction to be done by Purchase Order Contract.

5217 WHEREAS, in JEFFERSON COUNTY, at District No. 2 Headquarters in Pine Bluff, there is need for additional shop facilities and,

WHEREAS, a suitable plan has been developed to extend the shop,

IT IS ORDERED that the Director be authorized to construct this addition in accordance with the attached plan, as a Building Project, at an estimated cost of \$35,000.00.

Construction to be done by Purchase Order Contract.

5218 In ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, from Mill Bayou to State Highway 1, a distance of 5 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$98,900.00.

Base Course to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance forces.

5219 In ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, from Hagler-North and South, a distance of 2.5 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$34,700.00.

Base material to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance forces.

5220 In BENTON COUNTY on STATE HIGHWAY 204, Section 1, from State Highway 99 to State Highway 59, a distance of 2.5 miles, the Director is authorized to construct Crushed Stone Base Course and

Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$35,000.00 for materials.

Work to be done by State forces.

- 5221 In BOONE COUNTY on STATE HIGHWAY 14, Section 0, from US 65 to Table Rock Lake, the Director is authorized to construct Crushed Stone Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$48,500.00 for materials.

Work to be done by State forces.

- 5222 In CHICOT COUNTY on STATE HIGHWAY 52, Section 3, from State Highway 159 to Boeuf River, a distance of 4.8 miles, the Director is authorized to construct Grading, Minor Drainage Structures and Gravel Surface Course on selected sections, as a Betterment Project, at an estimated cost of \$17,900.00 for materials.

Gravel to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance forces.

- 5223 In COLUMBIA COUNTY on STATE HIGHWAY 98, Section 2, from Ebenezer to the junction of US 79, a distance of 9.1 miles, the Director is authorized to construct 4 miles of Gravel Surfacing on selected sections, as a Betterment Project, at an estimated cost of \$15,500.00 for materials.

Gravel surface to be dumped in place on road by Purchase Order Contract and balance of work to be done by State forces.

- 5224 In CRAIGHEAD COUNTY on STATE HIGHWAY 226, Section 2, approximately 2.5 miles west of the Junction of State Highway 18 at Cash, the Director is authorized to construct two bridges over Cache River Ditches (Total Length 334 Feet), using a salvaged truss and I-Beams with trestle type approaches, as a Betterment Project, at an estimated cost of \$37,000.00.

Work to be done by State forces.

- 5225 In FRANKLIN COUNTY on STATE HIGHWAY 309, Section 4, from Webb City to the Logan County line, a distance of 6.83 miles, the Director is authorized to construct Gravel Surface Course, as a Betterment Project, at an estimated cost of \$39,200.00 for materials.

Work to be done by Maintenance forces.

- 5226 In FRANKLIN COUNTY on STATE HIGHWAY 288, Section 1, from State Highway 41 to State Highway 23, a distance of 4.64 miles, the Director is authorized to construct Gravel Surface Course on 3 miles of selected sections, as a Betterment Project, at an estimated cost of \$9,600.00 for materials.

Work to be done by Maintenance forces.

- 5227 In HOT SPRING COUNTY on STATE HIGHWAY 283, Section 2, at Caney Creek, the Director is authorized to construct seven standard 15-foot Treated Timber Spans with a 22-foot clear roadway and a 4-inch Concrete Deck on the existing concrete abutments and bents, as a Betterment Project, at an estimated cost of \$5,100.00 for materials.

Work to be done by Maintenance forces.

- 5228 WHEREAS, there is being developed by the County, Arkansas Game and Fish Commission, Soil Conservation Service, and Parks and Publicity Commission a public lake and park for the benefit of the whole state, and

WHEREAS, the Highway Commission realizes the benefit to the general public and the need for adequate roads within the park.

NOW, THEREFORE, the Director is authorized to proceed as a betterment project with the improvement of a pull-off area from Highway 25 at an estimated cost of \$9,700.00 and to issue a Letter of Intent to the Soil Conservation Service to expend approximately \$60,600.00 for a park roadway system in the future.

- 5229 In LEE COUNTY on STATE HIGHWAY 243, Section 2, from the Phillips County line to Big Creek Corner - a distance of 3.85 miles, the Director is authorized to replace the old timber deck on one bridge with steel bridge plank, raise grade on two miles of road, place 13 culvert pipes and surface gravel, as a Betterment Project, at an estimated cost of \$22,000.00.

Work to be done by State forces.

- 5230 In LINCOLN COUNTY on STATE HIGHWAY 54, Section 6, from Glendale - North, a distance of 1.80 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$19,700.00 for materials.

Base material to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance forces.

- 5231 In LINCOLN and CLEVELAND COUNTIES on STATE HIGHWAY 54, Sections 6 and 7, from State Highway 114 to the Jefferson County line, the Director is authorized to construct Grading and Gravel Surface Course on selected sections, as a Betterment Project, at an estimated cost of \$10,000.00 for materials.

Gravel to be dumped in place by Purchase Order Contract and

balance of work to be done by Maintenance forces.

- 5232 In LINCOLN COUNTY on STATE HIGHWAY 831, Section 1, at Cummins Prison Farm, from the end of the existing pavement-West, a distance of 1 mile, the Director is authorized to construct Gravel Surface Course, as a Betterment Project, at an estimated cost of \$3,000.00 for materials.

Gravel to be dumped in place by Purchase Order Contract and the balance of the work to be done by Maintenance forces.

- 5233 In LOGAN COUNTY on STATE HIGHWAY 309, Section 3, from Paris to the Franklin County line, a distance of 10.72 miles, the Director is authorized to construct Gravel Surface Course on 3 miles of selected sections, as a Betterment Project, at an estimated cost of \$9,600.00 for materials.

Work to be done by Maintenance forces.

- 5234 In SCOTT COUNTY on STATE HIGHWAY 28, Section 1, from the Oklahoma State line to US 71, a distance of 20.47 miles, the Director is authorized to strengthen the existing surface with 200 pounds per square yard of Blade Mix Material on 11 miles of selected sections, as a Betterment Project, at an estimated cost of \$42,900.00 for materials.

Work to be done by maintenance forces.

- 5235 In SEBASTIAN COUNTY on STATE HIGHWAY 45, Section 2, from State Highway 22-T to US 71, a distance of 3.1 miles, the Director is authorized to resurface 1.2 miles of selected sections with Cold Plant Mix Material³ as a Betterment Project, at an estimated cost of \$6,200.00 for materials.

Work to be done by Maintenance forces.

- 5236 In UNION COUNTY on STATE HIGHWAY 275, Section 1, from State Highway 29 to the Louisiana line, a distance of 6.19 miles, the Director is authorized to construct Gravel Surfacing, as a Betterment Project, at an estimated cost of \$36,000.00 for materials.

Gravel surfacing to be dumped in place on road by Purchase Order Contract and balance of work to be done by State forces.

- 5237 WHEREAS, the Commission, by Minute Order 3923, Item 2, Job 11681, provided for the grading, drainage, base and surfacing of US HIGHWAY 49 in Phillips County from Wycamp to West Helena, and,

WHEREAS, this widening and strengthening will make it necessary to relocate the existing flashing light automatic grade crossing protection at the crossing of the Missouri Pacific Railroad and US Highway 49 near Wycamp,

THEREFORE, in Phillips County on US Highway 49, Section 2 at the crossing of the Missouri Pacific Railroad, the Director is authorized to proceed with the relocation of the flashing light signals at an

estimated cost of \$2,000.00, subject to the following conditions:

1. That relocation of the flashing light signal installation will be made at no extra cost to the Railroad Company. Maintenance of the signal device, after relocation, will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

5238 State-wide, Job No. 12-4 (1) OCD No. 000-20 (63). The contract for the furnishing and installing of Radio Equipment in accordance with Plans and Specifications for State-wide Radio System, Arkansas State Highway Department, is awarded to Motorola C and E, Inc., of Dallas, Texas on their low bid of \$81,945.75.

5239 Arkansas County, Job No. 2662, Ethel-Jct. Hwy. 1, FAP S-526(1). The contract for the construction of approximately 5.954 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and other miscellaneous items on the Jct. Hwy. 1-Ethel Road, State Highway 17, Section 0, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$248,685.79.

5240 Scott County, Job No. 4478, West Forest Boundary-East, FAP S-392(9). The contract for the construction of approximately 5.663 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and other miscellaneous items, on the Waldron-Danville Road, State Highway 80, Section 1, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$203,921.23.

5241 Montgomery County, Job No. 4495, Pencil Bluff-Sims, FAP S-405(2). The contract for the construction of approximately 3.252 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Trm't., Two R.C. Slab Span Brs. (270.0 Ft. Total Lgth.), One Br. Span Lgth. Culvt. (33.0 Ft. Total Span) and other misc. items on the Pencil Bluff-Sims Road, State Highway 88, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$280,016.11.

5242 Independence County, Job #5500, White River Relief Bridge-South, FAP F-027-1(7). The contract for the construction of approximately 6.234 miles of Gr., Minor Dr. Strs., Asphalt Trtd. & Untrtd. Pl. Mxd. Cr. Stone Base, A.C.H.M. Base & Surf. with Bit. Trtd. Shldrs., Remodel Two R.C. Deck Girder Span Brs. (155.22 Ft. Tot. Lgth.), Extend one Br. Lgth. Culvt. (25.34 Ft. Span), Const. One Br. Lgth. Culvt. (22.67 Ft. Span) & other misc items on the Bald Knob-Batesville Rd, US Hwy 167, Sec 17, is awarded to Southeast Construction Co., Inc., of Pine Bluff, AR on their low bid of \$1,004,737.06, subject to the concurrence of the Bureau of Public Roads.

5243 Saline County, Job No. 6782, Spring Lake-Jct. US 65 Surfacing, FAP F-021-2(6). The contract for the construction of approximately 4.950 miles of Grading, Minor Drainage Strs., Pl. Mxd. Cr. Stone &

Asphalt Trtd. Cr. Stone Base, Asphaltic Conc. Hot Mix Base & Surf., Bituminous Trtd. Shoulders and other misc. items, on the Sheridan-Little Rock Road, US Highway 167, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$556,056.42, subject to the concurrence of the Bureau of Public Roads.

5244 Pulaski County, Job No. 6798, Morgan-Crystal Hill (Surfacing), FAP I-40-3(37)142. The contract for the construction of approximately 4.936 miles of Grading, Minor Drainage Strs., Pl. Mxd. Cr. Stone Shoulders with Bit. Surf. Trm't., P.C. Stab. Base, P.C. Conc. Pavm't. (9" U.T.), Sod Mulch & other misc. items on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 3, is awarded to Ben M. Hogan & Company of Little Rocks Arkansas on their low bid of \$1,160,445.82, subject to the concurrence of the Bureau of Public Roads.

5245 Clark, Dallas, Columbia, Calhoun & Bradley Counties, Job No. 7613, District Seven Seeding, FAP S-489(2), S-294(6), S-490(4) & S-488(3). The contract for approximately 11.276 miles of placing Topsoil and Seeding for soil erosion control at four separate locations in District 7, State Highway 53, Section 0, State Highway 7, Section 5, and State Highway 160, Sections 3, 7 & 8, is awarded to Carter's Lawn & Tree Service of Dardanelle, Arkansas on their low bid of \$28,675.00.

5246 Van Buren County, Job No. 8521, Dennard-West, FAP S-522(1). The contract for the construction of approximately 5.123 miles of Grading, Minor Drainage Strs., Cr. Stone Base, Dbl. Bit. Surf. Trm't., and other misc. items on the Dennard-West Road, State Highway 254, Section 1, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$185,682.48.

5247 Crittenden & Mississippi Counties, Job No. 1340, Jct. I-55-Jct. Hwy. 118, FAP S-317(6). The contract for the construction of approximately 7.854 miles of Grading, Minor Drainage Strs., Shaping Rdwy. & Ditches, Gravel Base Crse., Dbl. Bit. Surf. Trm't. & other misc. items on the Jct. I-55-Denwood Road, State Highway 77, Sections 3 & 4, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$364,455.66.

5248 Nevada & Clark Counties, Job No. 1393, Little Missouri River Bridge & Approaches, FAP S-314(3). The contract for the construction of approximately 0.700 mile of Grading, Gravel Base, Dbl. Bit. Surf. Trm't., One Combination R.C. Slab Span & R.C. & Structural Steel I-Beam Span Br. (1110 17 Ft.) & other misc. items, on the Jot. Hwy. 24-Gurdon Road, State Highway 53, Sections 1 and 2, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$333,626.01.

5249

IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., Wednesday, August 28, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and twenty-fifth Meeting in Little Rock, Arkansas on August 28, 1963.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 16, 1963

The following is the record of the proceedings of a Special Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 16, 1963. The following members were present:

Wayne Hampton	Chairman
John W. Harsh	Member
Truman Baker	Member

5250 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 4:00 P.M., September 16, 1963.

5251 In PHILLIPS COUNTY for the HELENA BRIDGE: the person occupying the position of Secretary to the Administrative Assistant is designated as Recording Officer.

5252 In PHILLIPS COUNTY on HIGHWAY US 49 for the HELENA BRIDGE:

WHEREAS, pursuant to an agreement between the Arkansas State Highway Commission (called "Arkansas Commission") and the Mississippi State Highway Commission (called "Mississippi Commission"), there has been constructed an interstate toll bridge across the Mississippi River in the area of the City of Helena, Arkansas and Friars Point, Mississippi, together with necessary approaches thereto and connecting roads; and

WHEREAS, the construction of the bridge was financed in part by the issuance by the Arkansas Commission of Seven Million Dollars (\$7,000,000) in principal amount of negotiable serial coupon bonds designated "State Highway Mississippi River Bridge Revenue Construction Bonds, Series 1959", dated January I, 1959 (called "outstanding Construction Bonds"); and

WHEREAS, the Arkansas Commission and the Mississippi Commission have determined that it would be in the best interest of both Commissions and of the citizens of both States if the outstanding Construction Bonds were refunded, and pursuant thereto the Arkansas Commission duly advertised the public sale of Five Million, Five Hundred Fifty Thousand Dollars (\$5,550,000) of Arkansas State Highway Commission Mississippi River Bridge Revenue Refunding Bonds (called the "bonds"), dated July 1, 1963, which bonds were duly sold to the purchasers identified in the Trust Indenture authorized by this Resolution; and

WHEREAS, in connection with the refunding, it is necessary that the Arkansas Commission and the Mississippi Commission

execute and deliver an Agreement between the two Commissions, a Trust Indenture and take other action in connection therewith;

NOW THEREFORE, BE IT RESOLVED by the Arkansas Commission:

Section 1. That to provide for the authorization of and to secure bonds of the Arkansas Commission in the aggregate principal amount of Five Million, Five Hundred Fifty Thousand Dollars (\$5,550,000), and to prescribe the terms and conditions upon which such bonds are to be secured, executed, authenticated, accepted and held, and to set forth commitments, covenants and agreements for the benefit of the Trustee and the bondholders, in order to insure the payment of the principal of and interest on the bonds in accordance with the tenor thereof, the Chairman of the Arkansas Commission is hereby authorized and directed to execute and acknowledge a Trust Indenture and the Secretary of the Arkansas Commission is hereby authorized and directed to execute said Trust Indenture and to affix the seal of the Commission thereto and to attest the same, and to cause the same to be executed and acknowledged by the Mississippi Commission and by Simmons First National Bank of Pine Bluff, Pine Bluff, Arkansas, the Trustee, with the Trust Indenture, which constitutes a part of this authorizing Resolution, to be in substantially the form attached hereto.

Section 2. That the Director of the Arkansas Commission is hereby authorized and directed to execute an Agreement between the Arkansas Commission and the Mississippi Commission and the recording officer of the Arkansas Commission is hereby authorized and directed to execute said agreement and to affix the seal of the Commission thereto and to attest the same, and to cause the agreement to be executed by the Mississippi Commission, with the said agreement, which constitutes a part of this authorizing Resolution, to be in substantially the form attached hereto.

Section 3. That the Chairman and the Secretary of the Arkansas Commission and the Director are hereby authorized and directed to do any and all lawful things necessary to carry out the authority conferred by this Resolution and necessary to perform all commitments, agreements, covenants and obligations of the Arkansas Commission under the said Trust Indenture and the said Agreement and to execute any and all documents in connection therewith or to evidence the exercise of the authority herein conferred.

5253 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 4:45 P.M., Monday, September 16, 1963.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Special Meeting in Little Rock, Arkansas on September 16, 1963.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION

5257 WHEREAS, the Purchasing Committee has awarded purchases on August 30, September 9, 16 and 23, 1963 in the amounts of \$24,831.34, \$84,019.07, \$19,613.16 and \$123,940.98, respectively, totaling \$252,404.55 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5258 By authority of Minute Order 5041, allotment is hereby made for Job 12-4 (1), Furnishing and Installing Radio Equipment in Accordance with Plans and Specifications for State-wide Radio System. Award was made to Motorola C and E, Inc., Dallas, Texas, by Minute Order 5238, in the regular meeting of the Commission on August 28, 1963. Total bid price was \$81,945.75.

5259 WHEREAS, free ferry service for traffic using State Highway No. 1 at Pendleton Ferry is now being furnished by contract from 6:00 A.M. to 10:00 P.M. daily; and

WHEREAS, it is necessary for the public convenience and necessity that the said ferry service be extended from 5:00 A.M. to 11:00 P.M. daily; and

WHEREAS, the contract operator, Clay Cross, has agreed to extend the operation of said ferry service an additional two hours daily as aforesaid for the additional compensation of twelve dollars (\$12.00) per additional hour beginning September 1, 1963; and

WHEREAS, the written operating agreement should be amended accordingly;

IT IS THEREFORE ORDERED, that Sections (1) and (5) of the operating agreement executed on October 30, 1962, with Clay Cross, for the purpose of operating free ferry service for traffic using State

Highway No. 1 at Pendleton Ferry, Arkansas, be and the same be amended as follows:

(1) From and after September 1, 1963, the operator shall supply, furnish, and maintain all necessary right of way, approaches, landings, barges, tugs, labor, equipment and other facilities to the same extent as was used on October 30, 1962, for the operation of a free public ferry as was operated on October 31, 1962, and as presently operated at the location heretofore designated for a continuous period of eighteen (18) hours daily, beginning at 5:00 A.M. and ending at 11:00 P.M., for the term of this agreement.

(5) In consideration of this agreement, Commission agrees to pay the operator the sum of \$68,760.00 per year for the term of this agreement, payable as follows: \$5,730.00 on the first day of October, 1963, and \$5,730.00 on the first day of each and every month thereafter for the term of this agreement.

IT IS FURTHER ORDERED, that said agreement be further amended as follows:

(11) The amendment to Secs. (1) & (5) of this agreement shall not affect the provisions of other sections of the agreement, and the same shall remain in full force and effect for the term of this agreement.

The Director of Highways is directed to cause the said amendments to said agreement to be reduced to writing and to execute the same for and in behalf of the Arkansas State Highway Commission, and upon the execution thereof, said amendments shall become in full force and effective on September 1, 1963, and hereby ratified in full.

Provided however, that the said amendments to said agreement, shall not be construed as intentionally ratifying or condoning any breach of said agreement heretofore occurring.

5260 In CLAY COUNTY, on HIGHWAY 1, Section 22: WHEREAS, MINUTE ORDER 4878 authorized the Director to enter into an agreement with the Missouri State Highway Commission for the design and construction of a bridge over the St. Francis River; and

WHEREAS, an agreement was negotiated whereby the Missouri Highway Commission accepted certain obligations and the Arkansas Highway Commission agreed to award the contract and supervise construction with each state making payments to contractors for the work performed within its boundaries; and

WHEREAS, it now appears desirable to void the aforementioned agreement;

NOW THEREFORE, the Director is authorized to negotiate a new agreement whereby the Missouri State Highway Commission agrees to prepare the contract documents, award the contract, supervise construction, and make payments to the contractors subject to

reimbursement by the Department for the Arkansas portion of the cost. Subject to program approval by the Bureau of Public Roads the Director is further authorized to proceed with the construction of this project at an estimated cost of \$200,000 (Arkansas portion), State & Federal Secondary funds.

5261 In GARLAND COUNTY, IT IS ORDERED that the official routing of State Highway No. 227, Section 1, between Mountain Pine and Lake Ouachita State Park, shall be in accordance with the relocated and reconstructed section, as constructed by Job 6740; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

5262 In JEFFERSON COUNTY as a future location for US HIGHWAY 79 the Director is authorized to certify to the Corps of Engineers, US Army, through the Bureau of Public Roads, that a bridge and highway is needed and desired across proposed Lock and Dam No. 4 on the Arkansas River at a point approximately 6 miles southeast of the present US 79 bridge crossing, and to request that the design for this Lock and Dam include provisions for the future bridge foundations.

 Upon and after approval of such certification by the Chief of Engineers, the Director is further authorized to negotiate a contract with the Corps of Engineers covering the cost of the bridge foundation design and construction work for the sum of approximately \$50,000, subject to the approval of the Bureau of Public Roads.

5263 In BARTER COUNTY on STATE HIGHWAY 5, Section 18, at Hicks Creek in Mountain Home, the Director is authorized to widen Bridge No. 1030 from 18 feet to 24 feet clear roadway with sidewalk, as a Betterment Project, at an estimated cost of \$8,800.00.
 Work to be done by Maintenance forces.

5264 WHEREAS, in HEMPSTEAD COUNTY for the District Headquarters Addition in Hope, bids were invited under Purchase Order Contract procedure for an addition to the shop and four bids were received for opening on September 19, 1963, and,
 WHEREAS, the Purchasing Committee on September 23, 1963, recommended that the low bid be accepted,
 IT IS ORDERED that this job, designated as Special Project No. 3-173-B (1), be awarded to the Carroll Building and Appliance Company of Murfreesboro on their low bid of \$34,650.00.

5265 WHEREAS, the increase in maintenance operation makes it desirable that a new Area Headquarters be established in the vicinity of Yellville, Marion County- to replace the inadequate, unsatisfactory location we are now using, and,

WHEREAS, Mr. Guy Jefferson and Mrs. Verba Jefferson have offered to sell the Commission a suitable site, consisting of 2.0 acres, located on US 62, two (2) miles north of Yellville, for \$2,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$28,000.00.

5266 In MILLER COUNTY on US 71, Section 3, from new INTER-STATE 30 north to where US 71 re-enters Texas, a distance of 1.3 miles, the Director is authorized to overlay that part of the pavement that lies within Arkansas, a width of 12 feet, with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,500.00.

Work to be done by Purchase Order Contract.

5267 In MONTGOMERY COUNTY on STATE HIGHWAY 298, Section 1, from Story-east, a distance of 7.88 miles, the Director is authorized to replace small timber structures with Corrugated Metal Pipe and to extend the existing reinforced concrete pipe cross drains, as a Betterment Project, at an estimated cost of \$12,500.00.

Work to be done by Maintenance forces.

5268 In UNION COUNTY on JOB 7588 (El Dorado Bypass) the Director is authorized to extend the Service Road from the end of the existing Wilson Lake Service Road, a distance of 1,600 feet, as a Betterment Project, with an allotment of \$4,300.00 for materials.

Work to be done by Purchase Order Contract and maintenance forces.

5269 Crittenden County, Job No. 11599, Walker Frontage Road, FAP I-40-5(31)282. The contract for the construction of approximately 0.860 mile of Grading, Minor Drainage Strs, Gravel Base & Dbl. Bituminous Surface Treatment on the Interstate Highway System near West Memphis, Interstate 40, Section 5, is awarded to Earle Arkansas Contractors of Earle, Arkansas on their low bid of \$50,567.75, subject to the concurrence of the Bureau of Public Roads.

5270 Crittenden County, Job No. 11692, Ditch No. 20, Alligator Bayou & Ditch No. 18 Bridges & Approaches, FAP S-502(1). The contract for the construction of approximately 0.426 mile of Grading, Minor Drainage Strs., Gravel Base, Three Precast & Prestressed Precast R.C. Slab Span Brs. (217.89 Ft. Total Lgth.), on the Shearerville Julius Road, State Highway 218, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$97,316.51.

5271 Lee County, Job No. 11703, North Holub Bridge & Approaches, FAP S-525(1). The contract for the construction of approximately 0.378 mile of Grading, Minor Drainage Strs., Gravel Base, One Precast

& Prestressed Precast R.C. Slab Span Br. (72.00 Ft.) and other misc. items on the Holub-Palestine Road, State Highway 261, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$56,260.44.

5272 Chicot County, Job No. 2663, Big Bayou Slough Bridge & Approaches, FAP S-536(1). The contract for the construction of approximately 0.231 mile of Grading, Gravel Surf. Crse., Remove existing steel & timber Br. (120 Ft. Total Lgth.), Construct One R.C. Prestressed Precast Br. (131.16 Ft. Total Lgth.) and other misc. items on the Dermott-Bellaire Road, State Highway 208, Section 1, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$61,787.05.

5273 Miller County, Job No. 3620, Pleasant Hill-Jct. US 71, FAP S-514(1). The contract for the construction of approximately 5.157 miles of Grading, Minor Drainage Strs., DbL. Bit. Surf. Trm't., Two R.C. Slab Span Brs. (200 Ft. Total Lgth.), and other misc. items on the Brightstar-Texarkana Road, State Highway 237, Section 1, is awarded to J. T. Arnold d/b/a Aggregates & Transporters, of Camden, Arkansas on his low bid of \$265,178.01.

5274 Newton County, Job No. 9476, Fallsville-Edwards Junction, FAP FH-21-2(2) & S-138(9). The contract for the construction of approximately 8.620 miles of Grading, Minor Drainage Strs., Asphalt Treated Plant Mxd. Crshd. Stone Base, DbL. Bit. Surf. Trm't. and other misc. items on the Fallsville-Boxley Road, State Highway 21, Section 2, is awarded to J. W. McCracken Contractors, Inc., of Conway, Arkansas on their low bid of \$496,804.04, subject to the concurrence of the Bureau of Public Roads.

5275 Clay County, Job No. 10681, Pollard-Mo. State Line, FAP S-495(1). The contract for the construction of approximately 4.53 miles of Grading, Minor Drainage Strs., Gravel Base, DbL. Bit. Surf. Trm't., Three R.C. Slab Span Brs. (225.0 Ft. Total Lgth.) and other misc. items on the Pollard-Missouri State Line Road, State Highway 139, Section 5, is awarded to CoArk Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$257,064.00.

5282

WHEREAS, the Purchasing Committee has awarded purchases on September 30, October 7, 14, 21, and 28, 1963 in the amounts of \$78,006.44, \$78,500.98, \$52,024.94, \$47,499.12 and \$278,911.21, respectively, totaling \$534,892.69 in accordance with authority pre-

viously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

5283 WHEREAS, State Purchasing Director, Mr. Mack Sturgis, by letter dated October 7, 1963, requests the transfer of used motor grader and used crawler tractor from Arkansas State Highway Department to the Petit Jean Vocational School, Morrilton, Arkansas, for use in training program at the inventory value of the State Highway Department,

WHEREAS, the Arkansas State Highway Department has on Equipment Lot at Jacksonville one 1949 Year Model A.C. Motor Grader, Model DB-3, State Highway No. 1323, with an Inventory Salvage Value of \$110.50 and 1949 Year Model Allis Chalmers Crawler Tractor with ten ft. Dozer Blade, Model HD-10W, State Highway No. 2771, with an Inventory Salvage of \$255.00, and,

WHEREAS, the equipment is of no further value to the Arkansas State Highway Department due to age and condition,

NOW THEREFORE, the Director is instructed to proceed in the most feasible manner through the proper channels with the transfer of the Arkansas State Highway Department equipment to the Petit Jean Vocational School as requested by the State Purchasing Director in accordance with Section 15 of Article 19 in Act 313 of 1955 at a total price of \$365.50 to be paid in advance.

5284 WHEREAS, over a period of five years an accumulation of thirty six items of obsolete vehicular parts have been returned to Jacksonville from the Ten Districts and Central Shop that are of no further value to the Arkansas State Highway Department, due to the fact that equipment for which they were purchased has been disposed of by the Department and are not interchangeable with other equipment now in service,

NOW THEREFORE, the Director is instructed to proceed in the most feasible manner through proper channels in the disposal of the obsolete vehicular parts by advertising and selling to the highest bidder.

5285 WHEREAS, the following list of unusable office equipment has been sent to the Central Shops, Jacksonville, from various Districts and Divisions for reason they are of no further value to the Arkansas State Highway Department due to age and condition:

1. - Two Bookkeeping Machines
2. - Two Supply Cabinets

3. - Two Diebold Cardineer Files
4. - One Shaw Walker File
5. - One Kardex File
6. - Two Combination Safes
7. - Two Underwood Typewriters
8. - One Remington Typewriter
9. - Three Burrough Adding Machines
10. - Two Ledger Card Trays
11. - One Royal Typewriter
12. - One Allen Wales Adding Machine
13. - One Sound Scriber
14. - Miscellaneous

NOW THEREFORE, it is ordered that the Acting Director be and he is hereby authorized to proceed through regular channels to advertise and sell the unusable office equipment listed above to the highest bidder to the best interest of the Arkansas State Highway Department.

5286 WHEREAS, in CROSS COUNTY for an addition to the District Headquarters in Wynne, bids were invited, under Purchase Order Contract procedure, for an addition to the Headquarters Shop and three bids were received for opening on October 10, 1963, and,

WHEREAS, the Purchasing Committee, on October 14, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 11-160-B, be awarded to the Taylor Construction Company of Crawfordville, Arkansas, on their low bid of \$34,250.00.

5287 WHEREAS, in JEFFERSON COUNTY for a District Headquarters Shop Addition, bids were invited under Purchase Order Contract procedure for an addition to the existing Shop and two bids were received for opening on October 24, 1963, and

WHEREAS, the Purchasing Committee, on October 28, 1963, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-162-B, authorized by Minute Order 5217, be awarded to Arthur J. Arney Estate, Pine Bluff, on their low bid of \$28,823.00.

5288 In FRANKLIN COUNTY on HIGHWAY US 64: WHEREAS, when Old Job 4145 (new Job 4474, Ozark - Altus Reconstruction) was built a strip of land outside the limits needed for construction was taken for borrow materials; and

WHEREAS, this land is described as follows:

Part of the Northwest Quarter of the Northwest Quarter Section

9, Township 9 North, Range 26 West, Franklin County,
Arkansas, more particularly described as follows:

Starting at the Northwest corner of Section 9; thence South 89° 22' East 176.2 feet to a point; thence South 23° 22' East 343.7 feet to a point; thence South 66° 38' West 10.0 feet to a point; thence South 23° 22' East 248.5 feet to the point of beginning; thence continue South 23° 22' East 350.5 feet; thence South 66° 38' West 30.0 feet to a point; thence North 23° 22' West 356.4 feet to a point; thence North 77° 47' East 30.6 feet to the point of beginning; and

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of W. J. Knox and Annie Knox and that said W. J. Knox and Annie Knox are the owners of the abutting and contiguous land the premises described;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Cuitclaim Deed the above described parcel of land to W. J. Knox and Annie Knox

5289 In FRANKLIN COUNTY on HIGHWAY US 64: WHEREAS, when Old Job 4145 (new Job 4474, Ozark - Altus Reconstruction) was built a strip of land outside the limits needed for construction was taken for borrow materials; and

WHEREAS, this land is described as follows:

Part of the Northwest Quarter of the Northwest Quarter of Section 9, Township 9 North, Range 26 West, Franklin County, Arkansas, more particularly described as follows:

Starting at the Northwest corner of Section 9; thence South 89° 22' East 176.2 feet to a point; thence South 23° 22' East 343.7 feet to a point; thence South 66° 38' West 10.0 feet to the point of beginning; thence South 23° 22' East 248.5 feet to a point; thence South 77° 47' West 30.6 feet to a point; thence North 23° 22' West 242.6 feet to a point; thence North 66° 38' East 30 feet to the point of beginning; and

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of Cabe and Gwendolyn Edwards and that said Cabe and Gwendolyn Edwards are the owners of the abutting

and contiguous land the premises described;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to Cabe and Gwendolyn Edwards.

5290 In LOGAN COUNTY, on HIGHWAY US 22: WHEREAS, when Highway Job No. 4473 was acquired, a strip of land outside the limits needed for construction was acquired; and

WHEREAS, this land is described as follows:

Part of the Southwest Quarter of the Southeast Quarter of Section 1, Township 7 North, Range 25 West, Logan County, Arkansas, more particularly described as follows:

Starting at the Southwest corner of the Southwest Quarter of the Southeast Quarter of Section 1; thence North 1° 47' West along the West line thereof a distance of 96.4 feet to a point on the proposed Northerly Right of Way line of State Highway 22; thence Easterly along said proposed right of way line on a curve right, having a radius of 5799.6 feet a distance of 19.3 feet to a point; thence East a distance of 401.1 feet to the point of beginning; thence North 2° 11' East a distance of 15.0 feet to a point; thence South 87° 49' East a distance of 400.0 feet to a point; thence North 89° 58' West a distance of 400.3 feet to the point of beginning and containing 0.07 Acre.

NOW THEREFORE, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the immediate predecessor in title to said lands, Mrs. Olean (Ralph R.) Davison, has indicated that she wishes to reacquire the property above described; and

WHEREAS, Mrs. Olean Davison has agreed to exchange for these lands premises needed as a part of the Highway No. 22 Right of Way, more particularly described as follows:

Part of the Southwest Quarter of the Southeast Quarter of Section 1, Township 7 North, Range 25 West, Logan County, Arkansas, more particularly described as follows:

Starting at the Southwest corner of the Southwest Quarter of the Southeast Quarter of Section 1; thence North 1° 47' West along the West line thereof a distance of 96.4 feet to a point on the proposed Northerly Right of Way line of State Highway 22; thence Easterly along said proposed right of way line on a curve right, having a radius of 5799.6 feet a distance of 19.3 feet to the point of beginning; thence East a distance of 401.1 feet to a point; thence South 2° 11' West a distance of 15.0 feet to a

point; thence North 87° 49' West a distance of 336.2 feet to a point; thence Westerly on a curve left, having a radius of 5799.6 feet a distance of 64.6 feet to the point of beginning and containing 0.07 Acre.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the lands first herein described to Mrs. Olean Davison in exchange and in consideration of those lands last described.

5291

WHEREAS, the Arkansas State Highway Commission in securing and buying right of way and easements for right-of-way purposes on Job No. 9448 secured a Consent Judgment in cause No. 4011 in the Washington Circuit Court awarding a Consent Judgment covering Tract 121-E in the reconstruction of Highway 71 described as follows:

A part of the Southwest Quarter of the Northwest Quarter of Section 36, Township 8 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at Station 174+51.5 on the center line of US Highway 71; thence South 89° 23' East a distance of 55.0 feet to a point on the proposed easterly right of way line of said highway for the point of beginning; thence North 0° 37' East along said proposed right of way line a distance of 50.0 feet to a point; thence North 35° 37' East a distance of 200.0 feet to a point; thence South 0° 37' West a distance of 50.0 feet to a point; thence South 35° 37' West a distance of 200.0 feet to the point of beginning and containing 0.2 Acre.

WHEREAS, in connection with the reconstruction, operation and maintenance of Highway 71 the interest of the Arkansas State Highway Commission will best be served through the acquisition of the following described lands to be used as a permanent drainage easement. The lands are described as follows:

A part of the Southwest Quarter of the Northwest Quarter of Section 36, Township 18 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Beginning at a point on the proposed easterly right of way line of US Highway 71 which is 55.0 feet to the right of and perpendicular to Center line station 174+64.5 as measured by the Arkansas State Highway Department; thence North 0° 37' East along said proposed right of way line a distance of 25.0 feet to a point; thence South 89° 23' East a distance of 174.8 feet to a point; thence North 45° 37' East a distance of 114.6 feet to a point; thence North 0° 37' East a distance of 187.2 feet to a point on the Northerly property line; thence South 88° 16' East along said

property line a distance of 25.0 feet to a point; thence South 0° 37' West a distance of 192.8 feet to a point; thence South 45° 37' West a distance of 135.4 feet to a point; thence North 89° 23' West a distance of 185.2 feet to a point of beginning and containing 0.28 Acre.

WHEREAS, Ralph Late is the apparent owner of record of the premises last described, as successor in title to W. C. Rogers; and,

WHEREAS, Ralph Late through his attorney, Ulys A. Lovell of Springdale, Arkansas, has represented to the Arkansas State Highway Commission that he is willing and desires to make an exchange of interest in lands hereinbefore described with the conveyance by him of a personal drainage easement through, over and across the lands last described to the Arkansas State Highway Commission in exchange for conveyance to him by the Arkansas State Highway Commission by quitclaim deed of the lands first taken described as follows:

A part of the Southwest Quarter of the Northwest Quarter of Section 36, Township 18 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at Station 174+89.5 on the center line of US Highway 71; thence South 89° 23' East a distance of 55.0 feet to a point on the proposed easterly right of way line of said highway for the point of beginning; thence North 0° 37' East along said proposed right of way line a distance of 12.0 feet to a point; thence North 35° 37' East a distance of 200.0 feet to a point; thence South 0° 37' West a distance of 50.0 feet to a point; thence South 35° 37' West a distance of 153.6 feet to a point; thence North 89° 23' West a distance of 26.6 feet to the point of beginning and containing 0.2 Acre more or less.

NOW THEREFORE, it is hereby resolved by the Arkansas State Highway Commission that its Chairman be directed and authorized to execute a quitclaim deed granting and conveying the construction easement lands recited to Ralph Late.

5292

In WASHINGTON COUNTY on HIGHWAY US 71:
WHEREAS, when Old Job 450 (New Job 9496, Frisco Underpass) was built a strip of land outside the limits needed for construction was taken; and

WHEREAS, this land is described as follows:

Part of the Northwest Quarter of the Southeast Quarter of Section 11, Township 15 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northwest Quarter of the

Southeast Quarter of Section 11; thence North 88° 39' West along the South line thereof a distance of 40.0 feet to a point on the existing westerly right of way line of US Highway No. 71; thence North 0° 42' East along said existing right of way line a distance of 138.5 feet to a point; thence South 74° 42' West a distance of 10.4 feet to the point of beginning; thence continue South 74° 42' West a distance of 52.0 feet to a point; thence North 0° 42' East a distance of 142.8 feet to a point; thence North 60° 42' East a distance of 57.7 feet to a point; thence South 0° 42' West a distance of 157.4 feet to the point of beginning and containing 0.17 Acre.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus; and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of the Rogers Investment Co., and that said Rogers Investment Co., is the owner of the abutting and contiguous land the premises described:

THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to the Rogers Investment Company.

5293 In GREENE COUNTY on STATE HIGHWAY 25 west:

WHEREAS, the Paragould Chamber of Commerce, through its Transportation Committee Chairman, Mr. D. G White, has offered the Highway Commission a tract of land comprising approximately 15.3 acres for the purpose of a District Headquarters site; and

WHEREAS, the Chamber of Commerce has agreed to grade the area to the requirements of the Highway Commission; and

WHEREAS, this tract of land has been found to be desirable for a District Headquarters site;

NOW THEREFORE, the Chairman of the Highway Commission is authorized to accept a deed in fee simple to the property and to agree to construct a new District Headquarters when funds become available.

IT IS FURTHER ORDERED that the Director be authorized to employ an architect for the preparation of plans so that they will be ready when needed.

5294 WHEREAS, MINUTE ORDERS 5184 and 5185, adopted by the Arkansas State Highway Commission on August 20, 1963, imposed restrictions on the maximum gross weight, maximum axle weights, and

maximum speed of loaded trucks on State Highway 1 from Gillett to the junction of State Highway 169, and State Highway 169 from the junction of State Highway 1 to Arkansas Post National Monument; and

WHEREAS, it has been determined that the imposition of these limits on the above mentioned highways has caused undue hardships on two contractors hauling stone to Arkansas River Navigational Projects, since they had no knowledge prior to bidding that these load restrictions would be placed in force; and

WHEREAS, these two contractors have offered to maintain these state highways in a satisfactory state of maintenance;

NOW THEREFORE, IT IS ORDERED that the above mentioned restrictions be lifted to the legal limits and shall remain lifted as long as the State Highway Department's District Engineer is satisfied with the maintenance work done by the two contractors.

All other provisions of Minute Orders 5184 and 5185 will remain in full force and effect.

5295 In CHICOT COUNTY, on STATE HIGHWAY 52, Section 3, the Corps of Engineers, US Army, in cooperation with the Eudora-Western Drainage District of Chicot County, proposes to improve the Channel of Caney Bayou; and

WHEREAS, the existing low steel truss bridge will require replacement to current design standards on new location to accommodate the improved drainage channel;

NOW, THEREFORE, the Director is authorized to negotiate a reimbursable contract with the Corps of Engineers whereby the Department will be responsible for the required highway alterations, subject to 100% reimbursement for the cost involved.

The Director is further authorized to execute the easements necessary to permit the channel involved to cross the highway right of way.

5296 In CRITTENDEN COUNTY on INTERSTATE ROUTE I-40, the Director is authorized, on behalf of the Arkansas State Highway Commission, to join with the Tennessee State Highway Department in filing an application with the US Army Corps of Engineers for a permit to construct a bridge over the Mississippi River near Memphis. Actual construction of the bridge will depend upon the execution of a satisfactory agreement with the Tennessee Highway Department and the Bureau of Public Roads for the financing of the bridge and approaches.

5297 In CLEBURNE, CONWAY, FAULKNER, AND WHITE COUNTIES, on STATE HIGHWAYS 5, 16, 36, 92, 95, 124, and 157;

WHEREAS, extensive damage to the above listed state highways has occurred as the result of heavy hauling in connection with the construction of Intercontinental Ballistic Missile Sites; and

WHEREAS, in response to a claim for damages by the Department, funds are being made available by the Defense Department through the Bureau of Public Roads for the repair of the damaged sections of the several state highways involved;

NOW THEREFORE, when the funds are available, the Director is authorized to repair the damages involved in accordance with the attached schedule, in the manner deemed most feasible and expeditious, by contract and/or the use of state forces

5298 In CLARK COUNTY on US HIGHWAY 67, Item 22 of Minute Order 5018 is hereby changed to read:

Item No	County and Route	Termini and Roadway Length	Description of Work	Estimated Cost
22 Part 1	Clark US 67, S-5	From Curtis North to Deceiper Creek, 49 miles.	Rehabilitate by under-sealing the existing portland cement concrete pavement and providing A.C.H.M. leveling course, binder, and surface course and sealed shoulders.	257,000.00
22 Part 2	Clark US 67, S-4	From Little Missouri River North to Gurdon, 9.12 miles.	Overlay with A.C.H.M. Surface course	143,000.00

All other items and conditions in Minute Order 5018 remain unchanged.

5299 WHEREAS, confusion to the motoring public is caused by the present highway designations in the vicinity of Thompson Grove and Bruins in Crittenden County and at West Helena in Phillips County, and

WHEREAS, a change in the highway number designations in the vicinity of these towns would eliminate this confusion,

NOW, THEREFORE, IT IS ORDERED that in Crittenden County the section of S.H. 38, Sec. 8, from Thompson Grove westerly and southerly around Horseshoe Lake to Bruins be redesignated as S.H. 147, Sec. 0; and the section of Highway 38, Sec. 8, from Thompson Grove southerly and westerly around Horseshoe Lake to Bruins be redesignated as S.H. 131, Sec 2; and in Phillips County S.H. 44, Sec. 4, from the jct. of US 49 in West Helena south to the jct. of S.H. 44, Sec. 3 be redesignated as S.H. 242, Sec 0; all as shown on attached

sketch which is made a part of this Order.

5300 WHEREAS, in BOONE COUNTY at the District No. 9 Headquarters in Harrison, there is a need for additional Shop facilities and,

WHEREAS, a satisfactory plan, a print of which is attached, has been developed for this improvement,

IT IS ORDERED that the Director be authorized to construct the shop addition to the existing building, as a Building Project, at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract.

5301 In CLAY COUNTY on US 62, Sections 20 and 21, in the City of Piggott, the Director is authorized to widen the existing pavement, construct curb and gutter, storm sewer and resurface the existing concrete pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$11,000.00.

Hot Mix Surface Course to be constructed by Purchase Order Contract and balance of work to be done by State forces.

5302 In FAULKNER COUNTY on STATE HIGHWAY 287, Section 1, from State Highway 36 to Holland, a distance of 3.84 miles, the Director is authorized to construct Crushed Stone Base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$42,000.00.

Crushed Stone Base to be dumped on road by Purchase Order Contract and balance of work to be done by State forces.

5303 In MILLER COUNTY on STATE HIGHWAY 296, Section 1, between US 67 and Hervey, the Director is authorized to construct four Precast Slab Bridges on Treated Timber Substructures, as a Betterment Project, at an estimated cost of \$28,000.00.

Precast Slabs to be purchased in place by Purchase Order Contract and balance of work to be done by State forces.

5304 In MISSISSIPPI COUNTY on STATE HIGHWAY 140, Section 2, from I-55 to Job 10688, a distance of 2.0 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract.

5305 In MISSISSIPPI COUNTY on STATE HIGHWAY 140, Section 2, from the west City Limits of Osceola to the junction with US 61 in Osceola, a distance of 1.32 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$15,000.00.

Work to be done by Purchase Order Contract.

- 5306 In PERRY COUNTY on STATE HIGHWAY 7, Section 11, from the Garland County line to the Yell County line, the Director is authorized to resurface selected sections, totaling 1.0 mile, with Cold Lay Material, as a Betterment Project, at an estimated cost of \$8,600.00.
- Material to be delivered by rail to the nearest railhead and laid by State forces.
- 5307 In PERRY COUNTY on STATE HIGHWAY 9, Section 6, from the Saline County line to the Conway County line, the Director is authorized to resurface selected sections, totaling 1.75 miles, with Cold Lay Material, as a Betterment Project, at an estimated cost of \$14,900.00.
- Material to be delivered by rail to the nearest railhead and laid by State forces
- 5308 In PERRY COUNTY on STATE HIGHWAY 113, Section 3, from the Pulaski County line to State Highway 60, the Director is authorized to resurface selected sections, totaling 1.0 mile, with Cold Lay Material, as a Betterment Project, at an estimated cost of \$8,600.00.
- Material to be delivered by rail to the nearest railhead and laid by State forces.
- 5309 In PIKE COUNTY on US 70, Section 5-B, in Glenwood, the Director is authorized to resurface the Business Route, 1.15 miles, with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,100.00.
- Work to be done by Purchase Order Contract.
- 5310 In POPE COUNTY on State Highway 872, Section 1, Arkansas Polytechnic College Drives, the Director is authorized to reconstruct approximately 600 feet of existing roadway on Glenwood Street and resurface selected sections of Glenwood, "L", "M", "O" and "P" Streets, as a Betterment Project, at an estimated cost of \$15,000.00.
- Work to be done by Purchase Order Contract and State forces.
- This work to be done in connection with contract work that the College proposes to do in the near future.
- 5311 In YELL COUNTY on STATE HIGHWAY 10, Section 3, from Waveland to Havana, and on Section 4, from Danville to Birta, the Director is authorized to resurface selected sections, totaling 1.4 miles, with Asphaltic Concrete Hot Mix or Cold Lay Material, as a Betterment Project, at an estimated cost of \$12,500.00.
- Material to be dumped on road by Contractor and spread by State forces
- 5312 In YELL COUNTY on STATE HIGHWAY 27, Section 9, from

Rover to Danville, the Director is authorized to resurface selected sections, totaling 12 miles, with Asphaltic Concrete Hot Mix or Cold Lay Material, as a Betterment Project, at an estimated cost of \$10,600.00

Material to be dumped on road by Contractor and spread by Maintenance forces.

- 5313 In YELL COUNTY on STATE HIGHWAY 28, Section 4, from State Highway 27 near Rover to State Highway 7 near Ola, the Director is authorized to resurface selected sections, totaling 0.9 mile, with Asphaltic Concrete Hot Mix or Cold Lay Material, as a Betterment Project, at an estimated cost of \$7,900.00.

Material to be dumped on road by Contractor and spread by State forces

- 5314 Chicot & Desha Counties, Job No. 2639, Halley Junction-McGehee, FAP F-025-1(13). The contract for the construction of approximately 7.303 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, ACHM Base & Surf. Crses., & other misc. items for widening & resurf. the Halley Junction-McGehee Road, US Highway 65, Sections 19 & 20, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$565,944.20, subject to the concurrence of the Bureau of Public Roads.

- 5315 Chicot County, Job No. 2642, Boeuf River Bridge & Approaches, FAP S-471(2) & Corps of Engineers Contract No. DA-22-052-CIVENG-64-4. 121 206,573.84

5328 WHEREAS, the Purchasing Committee has awarded purchases
on November 4, 8, 18 and 26, 1963 in the amounts of \$36,205.19,
\$47,603.95, \$102,395.39, and \$28,418.49, respectively, totaling
\$214,623.02 in accordance with authority previously conveyed, all of
which have been documented by official minutes which are of record
in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the
Purchasing Committee in making the awards be ratified and confirmed
in all particulars.

5329 In GREENE COUNTY, IN THE CITY OF PARAGOULD:
WHEREAS, to establish an adequate future highway system within
and through the City of Paragould, the Highway Department has made
a comprehensive study, including traffic desires, services for internal
and external traffic, and ability to build within the means available; and

WHEREAS, the findings of this study have been assembled and
published in a report entitled "Paragould Highway Transportation
Study," dated May 1963; and

WHEREAS, after dissemination of the information in the Re-
port, and presentation of the findings to City and County officials at an
informational meeting held in Paragould on May 23, 1963, the City of
Paragould has approved recommendations contained therein by letter
dated November 12, 1963;

NOW, THEREFORE, IT IS ORDERED that the "Paragould
Transportation Study," dated May 1963, is hereby approved and the

recommendations accepted as an overall program of future Highway improvements, to be authorized as funds become available; and the Director is authorized to proceed with field surveys and preparation of preliminary plans for determination of final location and right-of-way requirements for the relocation and extension of Highway 1 from Court Street north along 15th Street extended as described in the Report and designated Alternate A, at an estimated cost of \$3,000.

This action is subject to approval. by the Bureau of Public Roads.

5330 In JEFFERSON COUNTY on HIGHWAY 88:

WHEREAS, MINUTE ORDERS 5184 and 5185, adopted by the Arkansas State Highway Commission on August 20, 1963, imposed restrictions on the maximum gross weight, maximum axle weights and maximum speed of loaded trucks on State Highway 88 from Altheimer to a point 20.0 miles south of Altheimer; and

WHEREAS, the successful bidder on the Cooper's Point Revetment Project, awarded by the US Corps of Engineers, in Jefferson County has offered to furnish 1200 tons of SB-2 crushed stone to the Highway Department locations specified by the Highway Department's District Engineer, provided the above mentioned maximum weight limitations be lifted; and

WHEREAS, this arrangement is satisfactory to the Arkansas State Highway Commission;

NOW THEREFORE, IT IS ORDERED that the above mentioned weight restrictions be lifted to the legal limits and the speed limit restriction shall remain in force for the duration of this contract or until such time as another hauling contractor might desire to use this section of Highway 88, at which time the agreement could be rescinded and other arrangements made.

All other provisions of Minute Orders 5184 and 5185 will remain in full force and effect.

5331 In WASHINGTON COUNTY on HIGHWAY US 71; WHEREAS, when Old Job 450 (New Job 9496, Frisco Underpass) was built a strip of land outside the limits needed for construction was taken; and WHEREAS, this land is described as follows:

Part of the Northwest Quarter of the Southeast Quarter of Section 11, Township 15 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northwest Quarter of the Southeast Quarter of Section 11; thence North 88° 39' West

along the South line thereof a distance of 40.0 feet to a point on the existing westerly right of way line of US Highway No. 71; thence North 0° 42' East along said existing right of way line a distance of 138.5 feet to the point of beginning; thence South 74° 42' West a distance of 62.4 feet to a point; thence North 0° 42' East a distance of 142.8 feet to a point; thence North 60° 42' East a distance of 70.0 feet to a point; thence South 0° 42' West a distance of 160.3 feet to the point of beginning and containing 0.21 Acre.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus, and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of the Rogers Investment Co., and that said Rogers Investment Co., is the owner of the abutting and contiguous land the premises described;

WHEREAS, Minute Order No. 5292, dated October 30, 1963, authorized the conveyance of tee above described prperty but contained an erroneous description.

WHEREAS, the description is corrected and Minute Order No. 5292, dated October 30, 1963, is superseded.

THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quit-claim Deed the above described parcel of land to the Rogers Investment Company.

5332 In INDEPENDENCE COUNTY, IT IS ORDERED that the official routing of State Highway No. 106, section 1, between Bethesda and Batesville shall be in accordance with the relocated and reconstructed section, as constructed by Job 5515; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

5333 In LITTLE RIVER COUNTY, IT IS ORDERED that the official routing of State Highway No. 108, section 1, between Foreman and the Oklahoma state line, shall be in accordance with the relocated and reconstructed section as constructed by Job 3598; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

5334 In PULASKI COUNTY, IT IS ORDERED that the official rout-

ing of State Highway No. US 67, section 10, in North Little Rock shall be in accordance with the relocated and reconstructed section between the Lakewood Interchange and Dark Hollow Interchange as constructed by Jobs 6615, 6628, and 6695; and, in conformity with Supreme Court decisions, that portion of the old route along Main Street, E. 13th Street and Jacksonville Blvd. in North Little Rock that has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on the attached sketch which becomes a part of this Order.

5335 In WASHINGTON COUNTY, IT IS ORDERED that the official routing of State Highway No. 170, section 1, in the vicinity of Devils Den State Park, shall be in accordance with the relocated and reconstructed section as constructed by Job 9459; and, in conformity with Supreme Court decisions that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch, which becomes a part of this Order.

5336 In WHITE and INDEPENDENCE COUNTIES, IT IS ORDERED that the official routing of State Highway No. 157, sections 1 and 2, in the vicinity of Pleasant Plains shall be in accordance with the relocated and reconstructed sections as constructed by Job 5540; and, in conformity with Supreme Court decisions, that portion of the old route that has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

5337 In CROSS COUNTY on STATE HIGHWAY 284, Section 1, from State Highway 1 in Wynne to a point 7.9 miles west, the Director is authorized to construct four new bridges, totaling 642 lineal feet, to replace four deteriorated unsafe structures and to install minor drainage structures, as a Betterment Project, at an estimated cost of \$42,000.00 for materials.

Work to be done by Maintenance forces.

5338 In RANDOLPH COUNTY on STATE HIGHWAY 166, Section 1, from US 67 to Fourche River, a distance of 330 miles, the Director is authorized to construct grading, minor drainage structures, base course and double bituminous surface treatment, as a Betterment Project, at an estimated cost of \$42,000 00, subject to the provision of right-of-way clear of man-made obstructions by Randolph County, as described in Court Order, dated February 10, 1936, and recorded in the County Road Record - Book 2, Page 41 - on file in Randolph County Courthouse.

Base material to be dumped on road by Purchase Order Contract and balance of work to be done by Maintenance forces.

5339 In SEBASTIAN COUNTY on STATE HIGHWAY 10, Section

1, at Hartsill Creek on the south leg of the wye at Greenwood, the Director is authorized to remove the old 60-foot Pony Truss and replace the bridge with salvaged I-Beams and Concrete Deck, 24-foot clear roadway, as a Betterment Project, at an estimated cost of \$3,600.00.

Work to be done by Maintenance forces

5340 WHEREAS, the Commission, by Minute Order 4579 provided for the grading, drainage and structures on main lanes, and, grading, drainage, base and surfacing on frontage roads on INTERSTATE 30 from HOMAN TO RED RIVER LEVEE in MILLER COUNTY, under Job 3588, and,

WHEREAS, the west approach to the County Road separation at Clipper crosses the Missouri Pacific Railroad Company's main line at grade, and

WHEREAS, the Planning & Research Division of the Arkansas Highway Department has investigated this crossing and found that it will be a hazardous crossing and recommend that automatic grade crossing protection be installed,

NOW, THEREFORE, in MILLER COUNTY on the west approach to the County Road grade separation at Clipper and the Missouri Pacific Railroad, the Director is authorized to proceed with the installation of flashing light signals at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the state
2. All required right-of-way will be furnished free of cost to the state.
3. Program approval by the Bureau of Public Roads.

5341 Chicot County, Job No. 2671, Caney Bayou Bridge & Approaches, FAP Corps of Engineers Contract No. DA-22-052-CIVENG-64-67. 4452 In PULASKI COUNTY, for the future development of Highway Headquarters on the Little Rock-Benton Highway, the Director is authorized to notify the firm of Ginocchio-Cromwell-Carter-Dees and Neyland, Architects of Little Rock, Arkansas, to proceed with construction plans for all remaining auxiliary buildings so that construction may begin when funds are available.

This action excludes plans for the main office building.

4453 MINUTE ORDER 2359 establishes the Employee Leave Policy, and

WHEREAS it is the desire of the Commission that employees take a vacation each year, and

WHEREAS due to the present leave policy it is the practice of many employees to retain their leave accrual until December of each year to alleviate a possible family emergency, and

WHEREAS during December of each year there are an unusual number of employees absent on accrued leave, now therefore,

IT IS HEREBY ORDERED that effective December 31, 1961, Minute Order 2359, Section 2 third and fourth paragraphs, be revised to read as follows:

"It is the desire of the Commission that employees take a vacation each year. At the end of the calendar year unused vacation leave not to exceed five (5) days may be carried forward to the next year.

Upon approval of the Director, an employee may be permitted a vacation period of a maximum of 15 days in any one year."

4454 WHEREAS, the Purchasing Committee has awarded purchases on December 11, 18 and 22, 1961, and January 2, 8, 15, 22 and 29, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4455 In LEE County on Highway 79, Whereas on November 22, 1960, a vehicle owned by Walter Pitts struck and damaged the Cody River Bridge across the St. Francis River to the extent that repairs cost the Highway Department \$10,506.61, and

WHEREAS, Dan D. Stephens, General Counsel acting for and on behalf of the Arkansas State Highway Commission, has settled the claim against Walter Pitts by accepting a draft payable to the Arkansas State Highway Department in the amount of \$10,500.00.

NOW THEREFORE, this settlement by Dan D. Stephens is hereby ratified and approved by the Arkansas State Highway Commission.

4456 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1962, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1962 in the amount of \$1,519.50.

4457 WHEREAS, the State Highway Department now has Fire and Extended insurance coverage on principal buildings and contents owned by the Department throughout the State; and

WHEREAS, it has been determined that considerable savings in insurance premiums can be made by insuring properties of the State

Highway Department under the Public and Institutional Property Plan;
and

WHEREAS, the Highway Commission by MINUTE ORDER 4207 designated Ralph H. Baker as agent of record to work out a Public and Institutional Property Plan for insuring State Highway Department properties; and

WHEREAS, said Ralph H. Baker has now worked out such plan in a manner acceptable to the Highway Commission;

NOW THEREFORE IT IS ORDERED, that all present policies on highway properties be cancelled on January 30, 1962, and that Ralph H. Baker be authorized to insure the Highway Department properties under the Public and Institutional Property Plan submitted.

4458 WHEREAS, the opening of some of the Interstate System and the adoption of the Manual on Uniform Traffic Control Devices has necessitated the use of larger signs and,

WHEREAS, the existing Spray Booth and Stripping Vats are obsolete and worn out,

IT IS ORDERED that the Director be authorized to purchase and install one Spray Booth and four Vats to equip the Sign Shop to adequately handle the new signs, at an estimated cost of \$8,100.00, with funds to be allotted from the Building Projects Fund.

4459 WHEREAS, Minute Order 3795 authorized the purchase of an Area Headquarters site at Magnolia in Columbia County, and,

WHEREAS, the Department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete Headquarters facility, as a supplement to Building Job 7-76-B, at a cost not to exceed \$14,900.00.

4460 In DREW AND LINCOLN COUNTIES on HIGHWAY 83, Sections 2 and 3, between Monticello and the junction with Highway 54, the Director is authorized to proceed with the work of replacing three rotted and dangerous timber bridges with structures of treated timber, salvaged steel and concrete (total length - 117 feet), and one timber culvert with a 48" R. C. pipe. This work is to be done by State Forces as a Betterment Project at an estimated cost of \$5,000.00 for materials only.

4461 In HEMPSTEAD COUNTY on HIGHWAY 32, Section 7, between the junction with Highway 4 and the Nevada County line, the Director is authorized to proceed with the work of replacing three

deteriorated timber bridges with structures of treated timber, salvaged steel and concrete (total length - 178 feet). This work is to be done by State Forces as a Betterment Project at an estimated cost of \$5,850.00 for materials only.

- 4462 In JACKSON COUNTY on HIGHWAY 42, Section 1, between junction S.H. 37 and junction S.H. 39 at Hickory Ridge, the Director is authorized to proceed with the work of replacing one dilapidated timber bridge (length 65') with a salvaged plate girder on concrete caps and concrete piling. The concrete piling are to be contracted for, driven in place, by Purchase Order Contract. The remainder of the work is to be done by State Forces, all as a Betterment Project at an estimated cost of \$10,000.00 for materials and piling in place.

This work qualifies under provisions of Act 150 of 1961.

- 4463 In POINSETT COUNTY on HIGHWAY 214, Section 1, between Fisher and Whitehall, the Director is authorized to proceed with the work of replacing a rotted and dangerous timber bridge over Brushy Creek with precast concrete slab spans (total length - 69 feet) on treated timber piling. This work is to be done by State Forces as a Betterment Project, at an estimated cost of \$7,750.00 for materials only.

- 4464 In WASHINGTON COUNTY on STATE HIGHWAY 170, Section 2, from Farmington through Appleby to its south junction with US 62, a distance of 5.4 miles, the Director is authorized to resurface the existing roadway with crushed stone base material dumped in place, as a betterment project, at an estimated cost of \$17,000.00.

Material is to be dumped in place by Purchase Order Contract and spread by maintenance forces.

- 4465 In CLEBURNE COUNTY, the official routing of State Highways No. 16, Section 11, and 92, Section 4 in the vicinity of Greers Ferry Reservoir shall be in accordance with the relocated and reconstructed sections, as indicated on the attached map, which is made a part of this Order and which is identified "Designation Change, Vicinity of Greers Ferry Reservoir", drawn 12-26-61.

By this action, and in conformity with Supreme Court decisions, the portions of old State Highway No. 16 from Heber Springs to Edgemont and old State Highway 92 through Higden, which have been replaced by new construction (Jobs 5483, 5484, 5485, and 5486) are hereby declared to be no longer a part of the State Highway System. Also, that portion of old State Highway No. 16 from the junction of S.H. No. 25 south of Heber Springs to Heber Springs is hereby redesignated as a portion of State Highway No. 25, Section 3.

- 4466 WHEREAS, under the provisions of Section 4, Act 150 of 1961, the State Highway Commission and the County Judges of the respective counties are hereby authorized to enter into agreements whereof

certain highways in the State Highway System become a part of the County Highway System, and certain highways in the County Highway System become a part of the State Highway System. All such transfer agreements shall be recorded in the minutes of the Commission and spread upon the appropriate county court record: and

WHEREAS, an agreement has been reached between the State Highway Commission and the County Judge of Little River County whereby that portion of State Highway 32, Section 2, from Fomby (end of State Job 3605) south and east to the end of the existing highway -- a distance of approximately 5.5 miles -- will be released from the State Highway System and accepted into the Little River County Highway System;

NOW, THEREFORE, IT IS ORDERED, in accordance with agreement reached as required by law, that the portion of State Highway 32, Section 2, from Fomby (end of State Job 3605) south and east to the end of the existing highway -- a distance of 5.5 miles -- is hereby deleted as a part of the State Highway System; and in accordance with an Order of the Little River County Court, recorded in Book "P", page 300, dated January 15, 1962, said Section of Highway will henceforth be maintained and operated as a County Highway under the jurisdiction of the County Court.

4467 In MISSISSIPPI COUNTY, the county road between the community of Bassett and the Bassett Interchange, which serves as a connection between State Highway No. US 61 and Interstate Highway No. 55, a distance of approximately 2.25 miles in length, as shown on attached sketch, is hereby made a part of the State Highway System.

4468 In PRAIRIE COUNTY, the official routing of State Highway No. 33, section 6, between Biscoe and Beulah shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified as "Designation Change Biscoe to Beulah," drawn 1-8-62.

By this action, and in conformity with Supreme Court decisions, the sections of old State Highway No. 33 through Biscoe and at Beulah which have been replaced by new construction (Job 6683) are hereby declared to be no longer a part of the State Highway System.

4469 In SEBASTIAN COUNTY, a proposed highway route is hereby established between State Highway No. US 271 south of Fort Smith and the proposed State Highway No. 22 Interchange of Interstate Route No. 540 in Fort Smith, a distance of approximately 6.0 miles, generally along the location shown on the attached sketch, and said route is hereby made a part of the State Highway System, subject to approval by the Bureau of Public Roads as part of the Federal-Aid Primary System.

4470 In UNION COUNTY, upon completion of Job 7550, the official routing of State Highway No. US 82 between Hillsboro and Strong shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order, and which is identified as "Designation Change in Vicinity of Strong", drawn 1-11-62.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. US 82 which has been replaced by new construction (Job 7550) is hereby declared to be no longer a part of the State Highway System.

4471 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt road to preserve the surface and,

WHEREAS, this work is performed during the entire calendar year with approximately one-half of the funds allotted from the Bituminous Program Appropriation for each fiscal year,

IT IS ORDERED that the Director be authorized to approve the attached Bituminous Program for the 1962 calendar year in the amount of \$1,000,000.00. No additional allotment is requested for this fiscal year.

4472 WHEREAS, in CRAIGHEAD COUNTY on HIGHWAY 1 Minute Order 2159 authorized the Director to proceed with the work of installing automatic protective devices at the crossings of the St. Louis-San Francisco and St. Louis Southwestern Railways and Main Street in Jonesboro.

WHEREAS, automatic protective devices have been installed at this crossing by the respective Railroads without Federal Funds participation.

NOW THEREFORE, it is ordered and declared that Minute Order 2159, approved July 10, 1957, be rescinded and declared null and void.

4473 In CRITTENDEN COUNTY on HIGHWAY US 79 just south of Lehi: WHEREAS, the Corps of Engineers has enlarged and deepened an existing drainage ditch which will make the present drainage opening under Highway US 79 inadequate; and

WHEREAS, this improving of drainage conditions for the area will be of much benefit to the highway:

NOW THEREFORE, at an estimated cost of \$15,000.00, the Director is authorized to provide an adequate drainage structure for the new condition, provided the City of West Memphis, the sponsor of the drainage project, contributes \$5,000.00 and the program item is

approved by the Bureau of Public Roads.

4474 In HOWARD, LITTLE RIVER and SEVIER COUNTIES:
Whereas, the Government under authority of Public Law 526, 79th Congress has undertaken a flood control project known as MILLWOOD DAM and RESERVOIR that will require the relocation and/or alteration of sections of US Highway 71, and State Highways 27, 234, and 355; and

WHEREAS, the current work load of the Department's Staff is so great that outside consultant services will be necessary to handle this project;

NOW THEREFORE, the Director is authorized to enter into an agreement with the Corps of Engineers, US Army, whereby the Department will relocate and rearrange the sections of Highways 27, 71, 234 and 355 occasioned by the construction of Millwood Reservoir, subject to the condition that all work including engineering costs will be performed on a one hundred percent cost reimbursable basis and that the replacement facilities will be to modern design standards.

The Director is further authorized, on behalf of the Commission, to convey to the Government the Department's right, title, and interest in and to the right-of-way in the portions of routes abandoned within the reservoir area and to execute subordination agreements covering flowage easements.

The Director is further authorized, on behalf of the Commission, to negotiate a Consulting Engineering Contract for all engineering services involved in the Highway alterations, subject to approval of and reimbursement by the Corps of Engineers.

4475 WHEREAS, Minute Order 4301 provided that the Director be authorized to proceed with the relocation of the two existing sets of flashing lights and short-arm gates on State Highway 17, West and South of Diaz in Jackson County at an estimated cost of \$7,000.00.

WHEREAS, it has been determined that it will not be necessary to relocate one set of flashing lights and short-arm gate signals.

NOW THEREFORE, the Director is authorized to proceed with the relocation of the existing set of flashing light and short-arm gate signal installation at Highway Stations 128+14 and 129+10 (Railroad milepost 259-05) at an estimated cost of \$3,500.00. All other items of Minute Order 4301 remain unchanged by this modification.

4476 WHEREAS, Minute Order 3443 authorized the Director to proceed with the installation of automatic protective devices at the Missouri Pacific Railroad and State Highway 79 crossing in Pine Bluff, Jefferson County at an estimated cost of \$20,000.00 and,

WHEREAS, system action on January 6, 1961, removed this street from the Federal Aid System and Federal Aid participation is no longer possible for installation of these signals:

NOW THEREFORE, it is ordered and declared that Minute Order 3443 approved September 30, 1959, be rescinded and declared null and void.

4477 WHEREAS in LAWRENCE COUNTY at the US HIGHWAYS 63 and 67 crossing of the main tracks of the Missouri Pacific Railroad in Hoxie, Minute Order 3276 provided for the addition of short-arm gates to the existing flashing light signals and the installation of inter-connected traffic light signals at the intersection of Highways 63 and 67.

WHEREAS, it was contemplated that short-arm gates could be added to the existing flashing light signals without difficulty. The Missouri Pacific Railroad Company declares that in order to place short-arm gates at this crossing, it is necessary to replace the existing flashing light signals with a combination flashing light signals and short-arm gate installation.

WHEREAS, the installation of the combination flashing light and short-arm gate installation and the installation of traffic light signals at the intersection of Highways 63 and 67 will cost approximately \$19,500.00 less salvage value of the existing flashing light signals;

NOW THEREFORE, Minute Order 3276 is hereby revised in the first paragraph provision (1) to provide for the following changed conditions:

- (1) Replacement of the existing flashing light signals with a flashing lights and short-arm gate combination installation at an approximate cost of \$19,500.00 less salvage value of the existing flashing light signals.

All other conditions of Minute Order 3276 to remain in effect.

4478 In MONROE COUNTY on HIGHWAY 20: WHEREAS, the construction of Highway 20, Job 11519, causes approximately eleven acres more land of Mr. Elmer Bennett to be flooded than previously; and

WHEREAS, to alleviate this condition and improve the general drainage condition of the highway, a drainage ditch approximately 3/4 mile will have to be dug;

NOW THEREFORE, the Director is authorized to complete this ditch to prevent further claims for damages and to improve highway

drainage at an estimated cost of \$3,100.00.

4479 In NEWTON COUNTY on HIGHWAY 21, Job 9443:
WHEREAS, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Newton County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of MINUTE ORDER 4063, the Director is authorized to convey the truss to Newton County and the Judge is authorized to remove the truss from the bridge site. The beam spans can be used on a state highway and are to remain the property of the State.

4480 In OUACHITA COUNTY, for a relocation of HIGHWAY 4, Job 7576: WHEREAS, MINUTE ORDER 3730 authorized the Director to proceed with construction of the project, provided certain conditions were met by the City of Camden; and

WHEREAS, the City of Camden has determined that the imposed conditions would prove cumbersome to fulfill and has countered with the offer of a cash payment in the amount of \$100,000.00 as satisfying their obligation, plus such legal and moral assistance as they can provide in the acquisition of right-of-way; and

WHEREAS, this offer has been made official by resolution of the City Manager Board on January 15, 1962, copy of which is attached; and

WHEREAS, it has been determined that the offer of Camden is a mutually satisfactory compliance with the conditions of Minute Order 3730;

NOW THEREFORE, IT IS ORDERED that the offer of the City of Camden, regarding this matter, be accepted and that the Director proceed with the project.

4481 In POPE and JOHNSON COUNTIES, WHEREAS MINUTE ORDER 4391 authorized the Director to execute an agreement with the Corps of Engineers for the purpose of constructing the alterations; to US Highway 64 at Piney Creek, Mill Creek and Illinois Bayou between Knoxville and Russellville and State Highway 7 at Shiloh Creek, north of Russellville; occasioned by the construction of Dardanelle Reservoir; and

WHEREAS, the Highway Department will be responsible for the preparation of plans and the supervision of construction, the costs of which are all to be paid for by the Corps of Engineers; and

WHEREAS, due to the current heavy work load imposed on the Department Staff, outside consultant services are necessary; and

WHEREAS, preliminary surveys, studies and reports were performed by the Consulting Engineering firm of Garver and Garver of Little Rock, Arkansas who were retained for these services by the Corps of Engineers;

NOW THEREFORE, the Director is authorized to negotiate a contract with Garver and Garver for the preparation of construction plans, contract documents and for the review and approval of shop drawings and shop and mill inspection involved during construction, all to be paid for by the Corps of Engineers.

This action is subject to approval by the Corps of Engineers.

4482 In PRAIRIE and MONROE COUNTIES, on INTERSTATE 40 between Highway 11 at Hazen and Highway 17 at Brinkley: WHEREAS, the Bureau of Public Roads has released the Federal Aid Funds previously frozen by reimbursement planning schedules; and

WHEREAS, this will make more money available to the State than can be used by using regular planning forces; and

WHEREAS, because of the limited amount of State matching money it is necessary that a larger portion of Interstate funds be matched than normal; and

WHEREAS, trucks are damaging the bridge at DeValls Bluff over the White River quite frequently, which makes its replacement imperative;

NOW THEREFORE, the Director is authorized to negotiate a contract with Blauvelt Engineering Company, Consulting Engineering firm of New York City, for the surveys, subsurface investigation and preparation of plans for that portion of the Interstate System from Hazen to Brinkley.

4483 In UNION COUNTY, STATE HIGHWAY 167, SECTION 1, in the CITY OF EL DORADO: WHEREAS, the construction of Job 7539, El Dorado Bypass, Grading and Minor Drainage Structures, resulted in the severing of a sewer line serving the residence of Oscar Ross at the southwest corner of the intersection of Plum and Hillsboro Streets; and

WHEREAS, the El Dorado Sewer Inspector has warned the Owner to provide a satisfactory sewer connection immediately; and

WHEREAS, the interruption of the Owner's sewage service was occasioned by the construction of the highway construction project;

NOW THEREFORE, the Director is authorized to restore the Owner's sewage service by the construction of approximately 350 feet of four inch sewer line at an estimated cost of approximately \$525.00.

4484 WHEREAS, in Poinsett County, in order to comply with the requirements of Act 150 of 1961, it is necessary that an additional project be programmed, and

WHEREAS, there are three old timber bridges in critical condition on State Highway 214, Section 1, in the L'Anguille River Bottoms,

NOW, THEREFORE, the Director is authorized to proceed with programming for early construction of approximately 233 lineal feet of bridges at log stations 11.06, 11.11, and 11.20 for an estimated cost of \$86,000.00.

4485 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way, and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, in five sheets, which includes 40 items of work for improvements on the Federal Aid Secondary System of State Highways, at an estimated cost of \$9,496,200, be added to and made a part of the Long-Range Secondary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads and to right of way being furnished in accord with previously stated right of way policies.

4486 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way, and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, in two sheets, which includes 11 items of work for improvements on the

Federal Aid Primary System of State Highways, at an estimated cost of \$7,595,200, be added to and made a part of the Long-Range Primary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads.

4487 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way, and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, which includes five items of work for improvements on Urban Extensions of State Highways at an estimated cost of \$1,464,000, be added to and made a part of the Long-Range Program of URBAN projects; and the Director is authorized to proceed with the work described for each project as funds are available, giving due consideration first to projects previously authorized. This action is subject (a) to the approval of each individual program item by the Bureau of Public Roads, and (b) to necessary right of way being furnished by the local governments in accord with announced right of way policies.

4488 In CRAIGHEAD COUNTY on Highway 173, Section 1, in the City of Jonesboro, the Director is authorized to proceed with grading, minor drainage structures, base and surfacing on the section between Nettleton Avenue (Highway US 63) and Nettleton Road (Highway 18), for a distance of approximately one-half mile, at an estimated cost of \$50,000.00. This action is subject to the provision that right-of-way, clear of obstructions, will be furnished free of cost to the State.

4489 In Newton County on Highway 21, Section 2, between Fallsville and Edwards Junction, a distance of approximately 8.6 miles, the Director is authorized, when Forest Funds become available, to proceed with grading, minor drainage structures, base and surface at an estimated cost of \$387,000. This action is subject to (a) the approval of the Bureau of Public Roads, (b) the availability of Forest Funds, and (c) the necessary right of way being furnished by the county.

4490 In OUACHITA COUNTY on US HIGHWAY 79, Section 4, at the crossing of the Chicago, Rock Island and Pacific Railroad Company spur track Northeast of Camden, the Director is authorized to proceed with the relocation of the existing flashing light signal installation at an estimated cost of \$1,500, subject to the following con-

ditions:

1. That relocation of the flashing light signal protection will be made at no cost to the Railroad Company. Maintenance of the signal devices after relocation will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4491 In PERRY COUNTY on STATE HIGHWAY 113, Section 4 at the crossing of the Chicago, Rock Island and Pacific Railroad tracks in Houston, the Director is authorized to proceed with the installation of flashing light signal protection at an estimated cost of \$8,400.00 subject to the following conditions:

1. That the Railway Company will provide a minimum of the 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4492 In Pulaski County on State Highway 130, Section 1 at the crossing of the St. Louis Southwestern Railroad tracks approximately 4 miles southeast of Rose City, at Baucum, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,400 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10, of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4493 Bowie County, Texas and Miller County, Arkansas, Job No. Ark. 3601 and Texas Control No. 610-7-1 & 2, Texas Line Interchange, FAP I-30-3(27)168-Texas Only & I-30-0(1)000-Ark. & Texas. The contract for the construction of approximately 2.347 miles of Grading, Small Structures, Stabilized Subbase and Three Grade Separations including Ramps and Driveways for Information Bureau (Supplemental Rest Area) on the Dallas-Little Rock Interstate Road near Texarkana, Interstate 30, Sections 0 & 3, is awarded to Ben Sira & Company of Dallas, Texas on their low bid of \$1,029,423.91, subject to the concurrence of the Bureau of Public Roads and the Texas Highway Commission.

4494 Crittenden County, Job No. 11657, Lansing-Jct. Hwy. 147, FAP F-020-2(8). The contract for the construction of approximately 5.549 miles of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Base and Surface Courses, Bituminous Treated Shoulders and Seeding Slopes on the Earle-Marion Road, US Highway 64, Section 17, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$563,082.98, subject to the concurrence of the Bureau of Public Roads.

4495 Lee County, Job No. 11659, Marianna-Felton, FAP F-031-2(7). The contract for the construction of approximately 2.568 miles of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Base and Surface Courses, Bituminous Treated Shoulders and Seeding Slopes on the Marianna-Forrest City Road, State Highway 1, Section 10, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$274,875.56, subject to the concurrence of the Bureau of Public Roads.

4496 Desha County, Job No. 2632, Canal 43, Boggy Bayou & Little Boggy Bayou Bridges & Approaches, FAP 5-154(5). The contract for the construction of approximately 0.377 mile of Grading, Minor Drainage Strs., Gravel Base, Double Bit. Sur. Tr't. and Three R.C. Slab Span Bridges (490.0' total length) on the McGehee-Arkansas City Road, State Highway 4, Section 17, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$121,097.84.

4497 Drew & Desha Counties, Job No. 2634, Winchester-East, FAP S-426(2). The contract for the construction of approximately 3.855 miles of Grading, Minor Drainage Strs., P.C. Stabilized Base, Dbl. Bit. Surface Tr't., Seeding and Remodeling One Precast R.C. Slab Span Bridge on the Winchester-Kelso Road, State Highway 138, Sections 3 & 4, is awarded to H. C. Cathey, Inc., of Camden, Arkansas on their low bid of \$147,669.83.

4498 Nevada County, Job No. 3599, Lafayette County Line-Bodcaw, FAP S-475(1). The contract for the construction of approximately 7.679 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bit. Surface Treatment, One New R.C. Slab Span Bridge (56.0') and Other Misc. items on the Lafayette Co., Line-Bodcaw Road, State Highway 53, Section 3, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$253,088.92.

4499 Miller County, Job No. 3608, Forest Ave.-South (Texarkana), FAP F-011-1(11), UG-011-1(12) & U-011-1(8). The contract for the construction of approximately 1.037 miles of Grading, Minor Drainage Strs., Gravel Base, ACHM Base & Surface Courses, Bit. Treated Shoulders, Curbing, Seeding, and Remodeling One Railroad Overpass Structure (174.41') on the Fouke-Texarkana Road, US Highway 71, Section 2, is awarded to McMillin-Burkett Construction Company of Texarkana, Texas on their low bid of \$313,610.33, subject to the concurrence of the Bureau of Public Roads.

4500 White & Woodruff Counties, Job No. 5501, Bald Knob-East FAP FG-020-2(11) & F-020-2(10). The contract for the construction of approximately 9.952 miles of Grading, Minor Drainage Strs., Plant Mixed Crushed Stone Shldrs, sealed with Dbl. Bit. Surf. Tr't., ACHM Base & Surf. Courses, Seeding, Remod. 13 R.C.D.G. Span Brs. (4137.50' total lgth.) and Extending 3 Br.-Lgth. Culvt. (70.83' tot.

span lgth.) on the Bald Knob-Augusta Road, US Highway 64, Sections 11 & 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas and Michey's, Inc., of Warren, Arkansas on their low bid of \$1,173,033.05, subject to the concurrence of the Bureau of Public Roads.

4501 Pulaski County, Job No. 6650, Industrial Spur-Fourche Interchange (Surfacing), FAP I-30-2(59)136. The contract for the construction of approximately 1.033 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and other miscellaneous items on the Little Rock-Benton Interstate Road just South of Little Rock, Interstate 30, Section 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$106,151.73, subject to the concurrence of the Bureau of Public Roads.

4502 Hot Spring County, Job No. 6702, Rock Island Underpass (South of Butterfield), FAP I-30-2(51)98. 4514 The Director is hereby authorized to proceed in accordance with the provisions of the Federal Aid Highway Act, as amended, to effect a transfer from the 1961 fiscal year Federal-aid Apportionment of Urban funds to the 1961 fiscal year Federal-aid Apportionment of Secondary funds of an amount not to exceed \$255,705, which sum is less than the legal permissible limit of transfer into such Secondary apportionment.

4515 WHEREAS, Minute Order Number 4152 dated June 28, 1961 allotted \$1,000,000.00 for the purchase of Road Machinery and Equipment, and

WHEREAS, 443 pieces of Road Equipment with 327 trade-ins and 23 pieces of Shop Equipment with 6 trade-ins were requested by the Director of Equipment for purchase in the total estimated purchase price of \$998,103.47, and

WHEREAS, Minute Order Number 4202 dated August 2, 1961 authorized the purchase of 379 pieces of Road Equipment with 327 trade-ins and 23 pieces of Shop Equipment with 6 trade-ins at an estimated purchase price of \$874,464.47, and

WHEREAS, Minute Order Numbers 4326 and 4327 dated October 4, 1961 increased the expenditure to \$908,680.00, and

WHEREAS, Minute Order Number 4373 dated November 8, 1961 increased the expenditure to \$963,580.00, and

WHEREAS, the actual bid price, plus sales tax and title registration fees, for vehicles being purchased under Bid S-62-74 is \$23,782.61 less than the estimated purchase price, and

WHEREAS, \$36,420.00 of the original \$1,000,000.00 allotment has not previously been authorized for expenditure, and

WHEREAS, this \$36,420.00 plus the \$23,782.61 amounts to \$60,202.61, and

WHEREAS, it is necessary that additional equipment be purchased due to increase in the number of Resident Engineers, Inspect-

ors, and Appraisers to keep up with the accelerated construction operation of the Department,

NOW THEREFORE IT IS ORDERED that the expenditure be increased to \$1,000,000.00 to cover the purchase of sixteen (16) 1/2 Ton Pick Up Trucks, one (1) 3/4 Ton Pick Up Truck, seven (7) Carryalls and three (3) Automobiles as shown on the attached list for use by Construction, Materials & Test, Surveys, Right of Way and Heavy Bridge Maintenance

4516 WHEREAS, the State Purchasing Department in accordance with Act 313 of 1955 received bids, under Bid Reference S-62-74 opened 10 A.M. February 21, 1962, for the purchase of 231 new vehicles with 222 trade-ins for the Arkansas State Highway Department at the request of the Director of Equipment and pursuant to Minute Order Nos. 4152 dated June 28, 1961, 4202 dated August 2, 1961 and 4327 dated October 4, 1961, and

WHEREAS, the Purchasing Committee after review of bids and tabulations on February 26, 1962 submits to the Arkansas State Highway Commission for award to be made on the basis "By Item" to the lowest and best bids meeting Arkansas State Highway Department Specifications in the total amount of \$386,613.44, covered by the attached tabulation and recommendation of the Purchasing Committee,

NOW THEREFORE, the Director is hereby instructed to proceed with the purchase of the 231 new vehicles with the 222 trade-ins in the most feasible manner and to recommend to the State Purchasing Director that awards be made as shown on the attached tabulation and Purchasing Committee recommendation.

4517 WHEREAS, it is becoming a critical problem to determine quickly the density and moisture of roadway materials to verify that specifications have been met; and

WHEREAS, a method for testing has been developed with nuclear equipment; and

WHEREAS, the Department wants to proceed with this type of density testing on a trial basis, by the purchase of one unit;

NOW THEREFORE, the Director is authorized to proceed with the purchase of a complete set of nuclear moisture and density measuring instruments, with a Carryall truck for transporting the equipment, at an estimated cost of \$7,000.00.

4518 WHEREAS, the Purchasing Committee has awarded purchases on February 5, 12, 19, 26, and March 5, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4519 In GARLAND COUNTY on HIGHWAY US 70, Section 9, it has been determined that it is in the public interest to provide another exit from the west bound main lane to the frontage road. The Director is authorized to issue a permit for the construction of such an exit ramp beginning at approximate log mile frontage road station 2.91

This action is subject furnishing of all materials and labor free of cost to the State, the constructing of the ramp to modern design standards, as determined by the State Highway Department, inspection and acceptance of the work by the Department, and approval by the Bureau of Public Roads.

4520 WHEREAS, Minute Order 3559 of January 27, 1960, authorized participation in a comprehensive Pulaski Co. Transportation Study, in cooperation with the Bureau of Public Roads and the Local Governments of Pulaski County and Cities of Little Rock and North Little Rock; and,

WHEREAS, an additional source of funds is now available for financing such studies, through the Federal Housing and Home Finance Agency; and,

WHEREAS, the governing board of the Metropolitan Area Planning Commission of Pulaski County (Metroplan) has agreed to request a grant of HHFA funds for said study and, in addition, act as the financing and contracting agency for the Project, under the direction of the Transportation Study Steering and Technical Committee, and,

WHEREAS, this action by Metroplan will reduce the participation of the Department in State and Federal Aid funds from 83.5 percent to 50 percent of the proposed cost of \$150,000 and will, further, relieve the Department of the direct responsibility for fiscal management of the Project; and

WHEREAS, the Local Governments and Metroplan have evidenced their approval of the revised plan for the Project by execution of an amended joint agreement, a signed copy of which is attached hereto;

NOW, THEREFORE, IT IS ORDERED, and the Director is hereby authorized to execute the amended agreement with the Local Governments of Pulaski County, the Cities of Little Rock and North Little Rock, and the Metropolitan Area Planning Commission of Pulaski County (Metroplan) to participate to the extent of one-half the

total estimated cost of \$150,000 in the contemplated Pulaski County Transportation Study. Except as amended herein, the provisions of Minute Order 3559 of January 27, 1960, remain unchanged. This action is subject to approval and participation in the Project by the Bureau of Public Roads.

- 4521 The following described roads and streets are hereby made a part of the State Highway System, to be designated as shown on attached sketches which become a part of this Order.

County	Description	Miles
Crittenden	County road from end of S.H. 118 at Poinsett Co. Line south to junction S.H. 42.	5.12
Cross	Old US 64 from S.H. 75 in Parkin east to US 64.	1.10
Cleveland & Lincoln	County road from S.H. 15 at Calmer, east via Palmyra to S.H. 11 in Star City.	11.88
County	Description	Miles
Lafayette	County road from S.H. 160 south to Louisiana State Line.	2.52
Howard	County road from S.H. 27 in Mineral Springs, north to S.H. 4 south of Center Point.	9.80
Franklin	County road from end of S.H. 219, north.	0.76
Crawford & Franklin	County road from end of S.H. 215 north to Shores Lake.	11.99
Sharp	County road from end of S.H. 175, east to public beach access road on Spring River.	0.53
Cleburne	County road from S.H. 16 at Stark to S.H. 25 at Drasco.	14.84

Lawrence	Old US 63 through Black Rock.	1.32
TOTAL		100.76

- 4522 In LAFAYETTE COUNTY, the county road from junction of S.H. 160 at Walker Creek, north via Forest Grove and Mars Hill to a county road junction at McKamie, a distance of approximately 12.79 miles, is hereby made a part of the State Highway System, to be designated as shown on attached sketch which becomes a part of this Order.

- 4523 In POPE COUNTY, in accordance. with provisions of Act 323 of 1953, a Truck Route from a point on State Highway No. 7 south of Russellville, east to thence north along Knoxville Avenue to US 64 in Russellville, is hereby designated and made a part of the State High-

way System, all as shown on attached sketch which is made a part of this Order.

4524 PULASKI COUNTY, in the city of North Little Rock a route connecting State Highway No. US 65 and the Burns Park Interchange of Interstate Route 40, a distance of approximately 2500 feet, as shown on attached sketch which becomes a part of this Order, is hereby made a part of the State Highway System.

4525 In ASHLEY COUNTY on STATE HIGHWAY 133, Section 2, from US 82 to Fountain Hill, the Director is authorized to resurface the existing roadway with gravel surface material as a Betterment Project, at an estimated cost of \$11,900.00.

Material is to be dumped in place by Purchase Order Contract and spread by State force

4526 In BAXTER COUNTY on HIGHWAY 62, Section 11, Henderson Ferry, the Director is authorized to proceed with the work of rebuilding one rotten and unserviceable landing dock. This work is to be done by State Forces as a Betterment Project at an estimated cost of \$6,000.00 for materials only.

4527 In BENTON COUNTY on US 71, Section 19, from Bentonville to Bella Vista, the Director is authorized to resurface 3.1 miles of selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,400.00.

Work is to be done by Maintenance forces.

4528 In BENTON COUNTY on STATE HIGHWAY 94, Section 2, from Rogers to Pea Ridge, the Director is authorized to resurface 2.79 miles of selected sections with Asphalt Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,100.00.

Work is to be done by Maintenance forces.

4529 In COLUMBIA COUNTY on US 79, Section 1, from the Louisiana State line to the south City limits of Magnolia, the Director is authorized to resurface selected sections with Bituminous Cold Mix material, as a betterment Project, at an estimated cost of \$6,200.00.

Work is to be done by State forces

4530 In CRAIGHEAD COUNTY on STATE HIGHWAY 141, Section 1, in Jonesboro, the Director is authorized to install minor drainage structures to improve drainage, as a Betterment Project, at an estimated cost of \$3,000.00 for materials.

Work is to be done by Maintenance forces.

4531 CROSS COUNTY on STATE HIGHWAY 163, Section 2, between Levesque and Bay Village, the Director is authorized to widen, replace rotted untreated timbers with treated timbers and place

4-inch concrete decks on two bridges, as a betterment Project, at an estimated cost of \$6,750.00.

- 4532 WHEREAS, in DREW COUNTY Minute Order 4341 authorized the construction by contract of approximately .8 mile of grading and graveling on new location of State Highway 138, Section 1, with an allotment of \$15,100.00 and,

WHEREAS, right-of-way for the relocation has not been furnished and,

WHEREAS, the section of Highway 138, Section 1, from State Highway 4 to U.S. 65 has been programmed for construction by Minute Order 4485,

IT IS ORDERED that Minute Order 4341, approved on October 4, 1961, be rescinded and the allotment returned to the Betterment Fund.

- 4533 In FAULKNER COUNTY on U.S. 64, Section 8, from the Conway County line to S.H. 25, the Director is authorized to resurface selected sections with bituminous Cold Lay Plant Mix, as a betterment Project, at an estimated cost of \$12,000.00.

Work is to be done by Maintenance forces.

- 4534 In FRANKLIN COUNTY on STATE HIGHWAY 96, Section 4, from the Sebastian County line to S.H. 23, the Director is authorized to place additional Base Course, as a Betterment Project, at an estimated cost of \$13,340.00.

Work is to be done by Maintenance forces.

- 4535 In HEMPSTEAD COUNTY on STATE HIGHWAY 4, Section 5, and on STATE HIGHWAY 29, Section 3, in the City of Hope, the Director is authorized to resurface 1.67 miles of the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a betterment Project, at an estimated cost of \$19,800.00.

Work is to be done by Pirebase Order Contract.

- 4536 In HEMPSTEAD COUNTY on STATE HIGHWAY 4, Section 5, from Ozan to the Howard County line, the Director is authorized to resurface approximately one mile of selected sections with Bituminous Cold Plant Mix material, as a betterment Project, at an estimated cost of \$7,100.00 for materials.

Work is to be done by Maintenance forces.

- 4537 In LAWRENCE COUNTY on STATE HIGHWAY 25, Section 7, from Walnut Ridge to the Cache River, the Director is authorized to resurface selected sections with Bituminous Cold Mix material as a Betterment Project, at an estimated cost of \$10,100.00.

Work is to be done by State forces.

4538 In LINCOLN COUNTY on STATE HIGHWAY 11, Section 4, from Grady to Cummins State Farm, a distance of 5.96 miles, the Director is authorized to resurface the existing road with gravel surface material, as a Betterment Project at an estimated cost of \$11,900.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

4539 In LOGAN COUNTY on STATE HIGHWAY 23, Section 2, from the State Sanitorium-West, the Director is authorized to resurface three miles of selected sections with Bituminous Cold Plant Mix material, as a Betterment Project, at an estimated cost of \$13,320.00 for materials.

Work is to be done by Maintenance forces.

4540 In MILLER COUNTY on STATE HIGHWAY 237, Section 1, from State Highway 160 to a point 7.13 miles north, the Director is authorized to resurface the existing roadway with gravel surface material, as a Betterment Project, at an estimated cost of \$18,800.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

4541 In POPE COUNTY on STATE HIGHWAY 7, Section 14, from Russellville to Dardanelle, the Director is authorized to place a Bituminous Seal Coat on the shoulders, as a Betterment Project, at an estimated cost of \$2,200.00.

Work is to be done by Maintenance forces.

4542 In PULASKI COUNTY on the CAPITOL GROUND DRIVES, the Director is authorized to resurface selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$20,000.00.

Work is to be done by Purchase Order Contract.

4543 In SEBASTIAN COUNTY on STATE HIGHWAY 96, Section 3, from S.H. 22 to the Franklin County line, the Director is authorized to place additional Base Course and Bituminous Seal on 1.5 miles of selected sections, as a Betterment Project, at an estimated cost of \$7,600.00.

Work is to be done by Maintenance forces.

4544 In UNION COUNTY on STATE HIGHWAY 57, Section 3, from the Columbia County line to U.S. 82, the Director is authorized to resurface selected sections with Bituminous Cold Mix material, as a Betterment Project, at an estimated cost of \$6,100.00.

Work is to be done by State forces.

4545 In UNION COUNTY on STATE HIGHWAY 129, Section 1, from Strong to the Louisiana Line, the Director is authorized to resur-

face selected sections with Bituminous Cold Mix material, as Betterment Project, at an estimated cost of \$9,200.00.

Work is to be done by State forces.

- 4546 In WHITE COUNTY on U.S. 67-C, Section 12, from the junction of U.S. 67 and State Highway 36 to a point 2.2 miles west in Searcy, the Director is authorized to place base Course and Bituminous Surface Treatment on the existing shoulders, as a Betterment Project, at an estimated cost of \$6,200.00

Work is to be done by State forces.

- 4547 In WHITE COUNTY on STATE HIGHWAY 36, Section 5, from West Point to Georgetown, the Director is authorized to place additional Crushed Stone Base Course, as a Betterment Project, at an estimated cost of \$65,340.00.

Material is to be dumped in place by Contract and spread by State forces.

- 4548 In YELL COUNTY on STATE HIGHWAY 10, Section 4, from Danville to the Perry County line, the Director is authorized to resurface selected sections, as a betterment Project, at an estimated cost of \$10,000.00.

Work is to be done by Maintenance forces.

- 4549 WHEREAS, the increase in Maintenance Operations and the limited space at the Batesville District Headquarters makes it desirable that additional acreage be purchased for an Area Headquarters and possible future District Headquarters, and,

WHEREAS, Mr. F. R. Bowman has offered to sell to the Department approximately 20 acres of land, located on U.S. 167, four miles south of Batesville for \$19,500.00.

IT IS ORDERED that the Director be authorized to complete all details for the transfer of title with an allotment from the Building Project Fund of \$13,000.00 for the purchase of the land and other incidental expenses.

- 4550 WHEREAS, the increase of Maintenance Operations makes it desirable that an Area Headquarters be established in Miller County, and,

WHEREAS, Mrs. R. N. Giles of Texarkana has offered to sell the Department five acres of land, located on State Highway 237, one-half mile south of US 71 and approximately 3-1/2 miles south of Texarkana, for \$3,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to proceed with the construction of fences and appurtenances, as a Building Project, at an estimated cost of \$7,000.00.

4551 In LITTLE RIVER COUNTY on STATE HIGHWAY 234, Section 1, at the crossing of the Kansas City Southern Railway Company tracks in Winthrop, Little River County, the Director is authorized to proceed with the installation of flashing light signal protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4552 WHEREAS, the Commission by Minute Order 3595 provided for the widening and strengthening of US Highway 67 from the Lawrence County Line to the Junction of US 62 in Pocahontas, Randolph County, and,

WHEREAS, this widening and strengthening will make it necessary to relocate the flashing light signal installation at the crossing of the St. Louis-San Francisco Railway Company and US Highway 67 in Pocahontas,

NOW, THEREFORE, in RANDOLPH COUNTY, on US HIGHWAY 67, section 20, at the crossing of the St. Louis-San Francisco Railway Company tracks in Pocahontas, the Director is authorized to proceed with the relocation of the existing flashing light signals at an estimated cost of \$1,600 subject to the following conditions:

1. That relocation of the flashing light signal installation will be made at no extra cost to the Railroad Company. Maintenance of the signal devices after relocation will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4553 WHEREAS the Commission by Minute Order 4213 relocated Hwy. 36 in the town of Kensett which relocation resulted in an at grade crossing of Missouri Pacific tracks protected only by signs, and,

WHEREAS the Division of Planning and Research having determined that this crossing has a hazard rating of 66 did recommend flashing light protection, NOW THEREFORE,

In WHITE COUNTY on STATE HIGHWAY 36, SECTION 5, at the crossing of the Missouri Pacific Railroad Company tracks in Kensett, the Director is authorized to proceed with the installation of flashing light signal and short arm gate installation at an estimated cost of \$20,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4554 In Clay and Greene Counties on Highway 139-S-2 & 3, from Rector to the Mayo Drainage Ditch south of Mounds, a distance of approximately 8.1 miles, the Director is authorized to proceed with grading, minor drainage structures, base, surface, and one new bridge of approximately 328 lineal feet at log station 0.24, at an estimated cost of \$422,400. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the State.

4555 In Madison County on Highway 45-S-7 from the junction of Highway 68 north of Hindsville north to the junction with Highway 12, a distance of 6.5 miles, the Director is authorized to proceed with grading, minor drainage structures, base, surface, and one new bridge having approximately 384 lineal feet over War Eagle Creek at an estimated cost of \$375,200. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the State

4556 In Madison County on Highway 12-S-4, from Clifty west to junction of Highway 45, a distance of 2.8 miles, the Director is authorized to proceed with grading, minor drainage structures, base, surface, and two new bridges at log station 3.35 and 4.52 having an approximate length of 62 feet at an estimated cost of \$130,600. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the state.

4557 In Newton County on Highway 123-S-1, from the junction US 65 at Western Grove southwest to Yardelle, for a distance of 3.6 miles, the Director is authorized to proceed with grading, minor drainage structures, base, surface, and one new bridge (log station 2.50) of approximately 32 lineal feet at an estimated cost of \$153,000. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the State.

4558 In Newton County on Highway 74-S-5, from Jasper to Mount Sherman, a distance of 5.4 miles, the Director is authorized to proceed with grading, minor drainage structures, base and surface at an estimated cost of \$216,000. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the State.

4559 In Perry County on Highway 216-S-1, the Director is authorized to construct a new bridge of approximately 325 lineal feet over Fourthe La Fave River at an estimated cost of \$100,000. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free of cost to the State.

4560 In PULASKI COUNTY for INTERSTATE HIGHWAY 40, the Director is authorized to proceed with plans and construction of an

access road from Highway U.S. 65 to the Burns Park Interchange, at an estimated cost of \$120,000.00.

This action is subject to conveyance of all right-of-way through Burns Park to the State Highway Commission, free of cost, by the City of North Little Rock and to program approval by the Bureau of Public Roads

- 4561 In PULASKI COUNTY on HIGHWAY 5 in the CITY OF NORTH LITTLE ROCK, beginning at "A" Street and proceeding northward approximately 0.60 miles, the Director is authorized to widen the existing street to one with four lanes at an estimated cost of \$90,000.00.

This action is subject to the furnishing of all right-of-way and the adjustment of all utilities free of cost to the State.

- 4562 In Van Buren County on Highway 254-S-1, from the junction of US 65 at Dennard west for a distance of 5.2 miles, the Director is authorized to proceed with grading, minor drainage structures, base and surface at an estimated cost of \$208,000. This action is subject to (a) the approval of the Bureau of Public Roads and (b) the necessary right-of-way being furnished free of cost to the state.

- 4563 Cross County, Job No. 11671, Hwy. 42 Alterations (Oak Donnick Floodway), FAP S-303(6) & Corps of Engineers Contract No. DA-40-041-CIVENG-61-145. The contract for the construction of approximately 1.448 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., Seeding Slopes, One R.C. & Structural Steel I-Beam Span Bridge (262.16') and One R.C. Slab Span Bridge (75.00'), on the BirdseyeColdwater Road, State Highway 42, Section 3, is awarded to W. L. Sharpe Contracting Co., Inc., of Memphis, Tennessee on their low bid of \$181,324.36, subject to the concurrence of the Corps of Engineers.

- 4564 Desha & Drew Counties, Job No. 2626, McGehee-North Reconstruction, FAP F-025-1(8). The contract for the construction of approximately 10.703 miles of Grading, Minor Drainage Structures, ACHM Base & Surface Courses, Portland Cement Stab., Bit. Stab. or Crshd. Stone Base Crse. Alternates, Dbl Bit. Treated Shoulders, and Widening One R.C.D.G. Span Bridge (122.25') on the McGehee-Winchester Road, US Highway 65, Sections 18 & 19, is awarded on Alternate No. 1 to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$648,131.60, subject to the concurrence of the Bureau of Public Roads.

- 4565 Chicot County, Job No. 2644, Boeuf River Bridge & Approaches, FAP S-213(5). The contract for constructing One R.C. & Str. Steel I-Beam Span Bridge (167.17 lin. ft.) on Precast Concrete Piling on present location of existing bridge across Boeuf River Diversion Ditch approximately 2.6 miles East of Jct., Hwys. 65 and 144 at McMillan

Corner on the McMillan Corner-Jerome Road, State Highway 144, Section 2, is awarded to Southeast Construction Co., Inc., of Pine Bluff, Arkansas on their low bid of \$53,158.20.

- 4566 Sebastian County, Job No. 4497, Jct. Hwy. 22-Lavaca, FAP S-14(2). The contract for the construction of approximately 2.772 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bit. Surface Treatment and other misc. items on the Jct Hwy. 22-Lavaca Road, State Highway 255, Section 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$162,438.32.
- 4567 Pulaski County, Job No. 6698, Bingham Road-Fourche Creek, FAP F-025-2(8). The contract for the construction of approximately 7.808 miles of Grading & Mr. Dr. Strs., throughout project; Plant Mixed Crshd. Stone Base & Dbl. Bit. Surf. Tr. on Frtg. Rds. & Cross Rds.; Two Overpass Strs. (264.52' tot. lgth.) & One Underpass Str. (217.25'), all of R.C. & Str. Steel I-Beam Span Const., & Four Br.-Lgth. Culvts. (113.95' tot. span lgth.) on the Pine Bluff-Little Rock Road, US Highway 65, Section 12, is awarded to Foster & Creighton Company of Nashville, Tennessee on their low bid of \$1,517,626.55, subject to the concurrence of the Bureau of Public Roads
- 4568 Hot Spring County, Job No. 6742, Jct. Hwy. 51-East, FAP S-486(1). The contract for the construction of approximately 6.484 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., Seeding, One R.C. Slab Span Bridge (150.0') and Two Bridge-Lgth. Culverts (55.0' Tot. Span Lgth.) on the Donaldson-Rolla Road, State Highway 222, Section 1, is awarded to W. C. Burrow Company of Malvern, Arkansas, Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas, and Malvern Gravel Company of Malvern, Arkansas on their low bid of \$310,137.70.
- 4569 Calhoun County, Job No. 7564, Ouachita Co. Line-Thornton Reconstruction, FAP F-015-1(4). The contract for the construction of approximately 7.271 miles of Grading, Mr. Dr. Strs., Gravel Subbase, Gravel Base, ACHM Base & Surface Courses, Bit. Treated Shldr., Remod. One RC. & Str. Steel I-Beam Span Br., Extending One Br.-Lgth. Culvert, and other misc. items on the Camden-Fordyce Road, US Highway 79, Section 5, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$664,307.74, subject to the concurrence of the Bureau of Public Roads.
- 4570 Van Buren & Searcy Counties, Job No. 8478, Botkinburg-Searcy County Line, FAP F-025-3(2). The contract for the construction of approximately 7.982 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Bituminous Treated Shoulders, Asphaltic Concrete Hot Mix Surface, Seeding Slopes and One R.C. & Structural Steel I-Beam Span Bridge (233.29'), on the Clinton-Leslie Road, US Highway 65, Sections 6 & 7, is awarded to

McGeorge Contracting Co. Inc., of Pine Bluff, Arkansas on their low bid of \$1,197,299.06, subject to the concurrence of the Bureau of Public Roads.

4571 Conway County, Job No. 8514, Access Road to I.C.B.M. Site No. 4, Hwy. 92 Intersection in Springfield, Hwy 95 Intersections in Morrilton & Caney Creek Bridge & Approaches, FAP R-AD-3(1), R-AD-3(2), R-AD-3(3) & S-85(1). The contract for the construction of approximately 1.870 miles of Grading, Minor Drainage Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr., One R.C. Slab Span Bridge (125.0') & other misc. items along a County Road near Blackwell and on the Morrilton-North Road and in the Town of Springfield, County Road, State Highway 95, Section 1, and State Highway 92, Section 1, is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$179,704.00, subject to the concurrence of the Bureau of Public Roads.

4572 Mississippi County, Job No. 10609, Hilton-Hwy. 158 Base and Surfacing, FAP I-55-1(28)43. The contract for the construction of approximately 7.767 miles of Limited Grading & Minor Drainage Structures; Crshd Stone Base Crses., P.C. Conc. Pavement (10" U.T.), Bituminous Treated Shoulders & Rest Area Drives, Seeding Slopes, and other misc. items on the West Memphis-Missouri State Line Interstate Road, Interstate 55, Section 1, is awarded to J. B. Michael & Co., Inc., of Memphis, Tennessee on their low bid of \$1,867,023.17, subject to the concurrence of the Bureau of Public Roads.

4573 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 PM., Wednesday, March 7, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and eighth Meeting in Little Rock, Arkansas on March 7, 1962.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 11, 1962

The following is the record of the proceedings of the One Hundred and ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 11, 1962 at which time the following members were present:

J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4574 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 11, 1962.

4575 Allotment is hereby made for construction of the listed Jobs on which awards were made subject to the execution of the Contracts in accordance with the Standard Specifications, by Minute Orders 4563 through 4572 at the regular meeting of the Commission on March 7, 1962.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

4577 WHEREAS, the Purchasing Committee has awarded purchases on March 12, 19, 26, and April 2, 5, and 9, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4578 WHEREAS, each prospective bidder is required by the Arkansas Standard Specifications to file with the Commission a Financial Statement, Experience Record, and Equipment Schedule, on an annual basis, reflecting the status of a prospective bidder as of December 31, and

WHEREAS, Minute Order No. 2941 provides that the Contractor's Financial Statement, Experience Record, and Equipment Schedule, due on December 31 will be accepted up to and including March 1 of the following calendar year, and

WHEREAS, the deadline date of March 1 has resulted in an excessive work-load for the Certified Public Accountants in preparing this audit for the Contractors because of income tax statements and other year-end work, and

WHEREAS, many of the Contractors operate on a fiscal year basis which ends on various dates throughout the year, and the calendar year audit now required results in additional cost to the Contractor, and

WHEREAS, many Contractors have requested that the present requirements be changed to allow them to file their statement at the end of their fiscal year,

NOW THEREFORE BE IT RESOLVED, that M. O. 2941 is cancelled and the Contractor's Financial Statement, Experience Record, and Equipment Schedule for 1962, due on December 31, 1961, will be accepted up to and including May 1, 1962, and,

BE IT FURTHER RESOLVED, that after May 1, 1962, Contractors, at their option, may file Prequalification Questionnaires composed of Financial Statement, Experience Record and Equipment Schedule reflecting their status as of any December 31 or the effective date of their own fiscal year. In any case a Contractor's period of qualification will be for 1 year beginning with effective date of his statement plus a two month grace period.

4579 WHEREAS, Minute Order 2297, dated October 23, 1957, authorized the Director to request program approval by the Bureau of Public Roads on sections where needed for plan preparation, right-of-way acquisition and construction on INTERSTATE HIGHWAYS 30, 40 and 55 to the extent of the available 1959 Interstate funds, and,

WHEREAS, the 1959 Interstate funds have been or will soon be depleted and whereas additional Interstate Routes 430 and 540 have been designated,

THEREFORE, the Director is authorized to proceed with plan preparation, right-of-way acquisition and construction on additional sections of Interstate Highways 30, 40, 55, 430 and 540 to the extent of available Interstate funds up to and including 1963 apportionment.

All other conditions of Minute Order 2297 to remain in full force and effect.

4580 WHEREAS, preliminary studies, by the Civil Defense Office of the City of Little Rock, in cooperation with the State Civil Defense Office, and the Department of Defense, indicates that the Central Office Buildings of the Arkansas State Highway Department may offer space suitable for protection against radioactive fallout; and,

WHEREAS, the Civil Defense Director of the City of Little Rock has petitioned the Highway Department to grant permission to further investigate the possibilities and the feasibility of inclusion of the Central Office Buildings in the fallout shelter plan for the City of Little Rock; and,

WHEREAS, it is the policy of the State Highway Commission to participate and cooperate, within the limits of its responsibilities, in plans for local and national defense and for the protection of employees in any emergency;

NOW THEREFORE, the Highway Director is hereby authorized to grant the Fallout Shelter License or Privilege in accordance with the

terms set forth on the attached forms provided therefor.

4581 WHEREAS, an inspection-survey of the condenser water system of the air conditioning systems serving the Main Building and IBM Building, conducted by Pettit and Pettit, Consulting Mechanical Engineers, indicates that the towers are beyond repair and should be replaced, and that the portion of condenser water piping located in the elevator shaft, penthouse, and roof to towers is in such condition that replacement is necessary in order to place the system in operating condition for this coming season;

 NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner in making these repairs at an estimated cost of \$3,100.00 and engineering fees of \$382.00.

4582 In UNION COUNTY on STATE HIGHWAY 167, SECTION 1; Whereas, Minute Order 3513 provided for the purchase of approximately 0.95 acres for the construction of a Weight and Permit Station at an estimated cost of \$3,500.00 and for other related planning and construction work; and

 WHEREAS, the Department has been unable to negotiate for the approved tract at the current approved appraisal of \$5,750.00, or to find another suitable location for the facility; and

 WHEREAS, it appears doubtful that the property can be acquired by condemnation,

 NOW THEREFORE, Minute Order 3513 is modified to authorize the Director to acquire the approved (J. L. Dearing) tract at the offered price of \$6,850.00 which is supported by appraisals by three (3) local appraisers.

 All other conditions of Minute Order 3513 to remain in effect unchanged.

4583 WHEREAS, in CRAWFORD COUNTY on STATE HIGHWAY 220, Section 1, Job 4477, at Webber Creek, there is an existing light steel truss bridge to be removed which cannot be used virtually intact on a State highway and,

 WHEREAS, the County Judge of Crawford County has requested this truss for use on a County road,

 NOW, THEREFORE, in accordance with the provisions of Minute Order 4063, the Director is authorized to make this bridge available to Crawford County, with the County to remove it from the bridge site.

4584 In FAULKNER COUNTY on HIGHWAY 36, Job 8513:

WHEREAS, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Faulkner County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of MINUTE ORDER 4063, the Director is authorized to convey the truss to Faulkner County and the Judge is authorized to remove the truss from the bridge site.

4585 Within the limitation of funds authorized in Minute Order 4152 of June 28, 1961, the Director is hereby authorized to proceed with the first printing of 200,000 copies of the 1962 State Service Map at an estimated cost of \$17,000.

4586 In SEBASTIAN COUNTY on U. S. 64, Section 2, at the intersection of Midland Boulevard and Waldron Road in Fort Smith, the Director is authorized to widen 750 feet of the existing roadway to provide traffic channelization, as a Betterment Project, at an estimated cost of \$3,000.00. Work to be done by Maintenance Forces.

4587 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in Union County; and,

WHEREAS, Mr. J. K. Mahony of El Dorado has offered to sell the Department a three-acre tract, located on the east side of the El Dorado Bypass, for \$3,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to proceed with the construction of fences and appurtenances, as a Building Project, at an estimated cost of \$6,000.00.

4588 WHEREAS, in the construction of Job A-6673, a section of Highway 10, in the West Rock Addition of Little Rock is being abandoned, and

WHEREAS, this section is badly in need of resurfacing,

IT IS ORDERED that the Director be authorized to resurface the existing pavement, by contract, with Asphaltic Concrete Hot Mix Surface material at an estimated cost of \$9,400.00, providing the city of Little Rock will adjust any manhole covers and utilities.

4589 In WOODRUFF COUNTY, on HIGHWAYS 17 and 38 in Cotton Plant, the Director is authorized to surface the shoulders on both sides of Main Street between Oak and Elm Streets at an estimated cost of \$6,000.00.

This work is to be done by Maintenance Forces and this action is subject to the City of Cotton Plant furnishing the curb and gutter for the project.

4590 In CRAWFORD and FRANKLIN COUNTIES on HIGHWAY 215: WHEREAS, MINUTE ORDER 4485, Item 14 programmed for construction the improvement of 4.4 miles north of Mulberry; and

WHEREAS, since that time Highway 215 in this section has been extended toward Shores Lake by the addition to the Highway System; and

WHEREAS, it is determined to be good engineering practice to improve the section of Highway 215 to the boundary of the Ozark National Forest;

NOW THEREFORE, Minute Order 4485, Item 14 is cancelled and the following substituted therefor:

In CRAWFORD and FRANKLIN COUNTIES on HIGHWAY 215 from Mulberry to the boundary of Ozark National Forest, a distance of approximately 7.18 miles, the Director is authorized to proceed with improving the road to secondary standards including surfacing, grading, base, bridges, and drainage structures at an estimated cost of \$270,000.00.

This action is subject to the furnishing of right-of-way free of cost to the State, and program approval by the Bureau of Public Roads.

4591 Woodruff County, Job No. 11689, Hilleman-Penrose, FAP S-504(1). The contract for the construction of approximately 4.696 miles of Grading, Minor Drainage Strs., Gravel Base, and Double Bituminous Surface Treatment on new location between Hilleman and Penrose, State Highway 145, Section 5, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$242,151.95.

4592 Phillips County, Job No. 11691, West Helena - South, FAP\ S-503(1). The contract for the construction of approximately 3.795 miles of Grading, Minor Drainage Structures, Gravel or Portland Cement Stabilized Base, Double Bituminous Surface Treatment and Concrete Combination Curb and Gutter on the West Helena-Elaine Road, State Highway 44, Section 4, is awarded to CoArk Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$144,833.98.

4593 Jefferson County, Job No. 2609, Grant County Line-Jct. Hwy. 65, FAP F-016-2(7). The contract for the construction of approximately 8.988 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base with Bituminous Treated Shoulders,

- Asphaltic Concrete Hot Mix Base & Surface Courses and Concrete Curb and Gutter on the Sheridan-Pine Bluff Road, US Highway 270, Section 11, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$725,839.68, subject to the concurrence of the Bureau of Public Roads.
- 4594 Desha & Chicot Counties, Job No. 2640, Black Pond Slough Bridges & Approaches, Corps of Engineers Contract No DA-22-052-CIVENG-62-95. The contract for the construction of approximately 0.268 Mi. of Grading, Mr. Dr. Strs., Gravel Base, Bit. Surf Treatment, Widening & Lengthening One R.C. & Str. Steel I-Beam Span Bridge (181.08' Tot. Lgth.), Const. One New Comb. Precast & Prestressed Precast R.C. Slab Span Bridge (188.12') & other misc. items, on the McGehee-Lake Village Road and on the Dermott-Halley Road, US Highway 65, Section 19, and State Highway 35, Section 9, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$133,817.82, subject to the concurrence of the Corps of Engineers.
- 4595 Logan County, Job No. 4494, Subiaco-Scranton, FAP S-335(1). The contract for the construction of approximately 9.108 miles of Grading, Minor Drainage Structures, Crshd. Stone Base, Double Bit. Surf. Treatment, One Prestressed Precast R.C. Slab Span Bridge (62.0 lin. ft.) and other miscellaneous items on the Subiaco-Scranton Road, State Highway 109, Section 3, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$352,765.09.
- 4596 Independence County, Job No. 5514, Cleburne Co. Line-Jct. US 167, FAP S-480(1). The contract for the construction of approximately 10.198 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bit. Surface Treatment, Five Br.-Length Culverts (total span length 123.59') and other misc. items on the Jct. US 167-Floral Road, State Highway 87, Section 3, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$551,358.26.
- 4597 Jackson County, Job No. 5531, Woodruff Co. Line-Amagon Reconstruction, FAP S-304(5). The contract for the construction of approximately 15.238 miles of Limited Grading, Scarifying Existing Base, Additional Crushed Stone Base and Double Bituminous Surface Treatment on the McCrory-Amagon Road, State Highway 37, Section 2, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$389,786.68.
- 4598 White County, Job No. 5541, West Point-Georgetown, FAP State Job. The contract for the construction of approximately 9.99 miles of Furnishing, Loading, Hauling and Delivering Crushed Stone Base Course Material on the West Point-Georgetown Road, State Highway 36, Section 5, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$68,400.00.
- 4599 Hot Spring County, Job No. 6685, Ouachita River-Nine Mile

Creek, FAP I-30-2(44)97. The contract for the construction of approximately 7.058 miles of Grading & Mr. Dr. Strs., throughout project; Crshd. Stone Base & Dbl. Bit. Surf. Tr't. on Frtg. Rds., County Rds. & Detours; Crshd. Stone Base & P.C. Conc. Pv't. (9" U.T.) on Hwy. 270; 2 R.C. Slab Span Brs. (240.0' Tot.), 11 R.C. & Str. Steel I-Beam Span Strs. (2 Brs., 2 Overpass Strs., 2 Railroad Overpass Strs., & 5 Underpass Strs.) totaling 2446.18', & 5 Br.-Lgth. Culvts. (135.64' Tot. Span Lgth.) on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to E. E. Barber Const. Company, Inc., of Fort Smith, Arkansas on their low bid of \$2,235,381.81, subject to the concurrence of the Bureau of Public Roads.

4600 Clark County, Job No. 7584, Jct. Hwy. 51-South, FAP S-489(1). The contract for the construction of approximately 5.383 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bit. Surface Treatment and Two Bridge Length Culverts (62.58 ft. span lgth.) on the Jct. Hwy. 51-Gurdon Road, State Highway 53, Section 0, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on his low bid of \$238,511.88.

4601 Perry County, Job No. 8502, Cedar Creek, Clayton Branch & Rock Creek Bridges & Approaches, FAP S-183(3). The contract for the construction of approximately 0.430 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Two R.C. Slab Span Bridges (222.50 ft. total length), on the Fourche Jct.-Perryville Road, State Highway 60, Section 2, is awarded to D. & W. Bridge Co., Inc., of North Little Rock, Arkansas on their low bid of \$104,133.70.

4602 Washington County, Job No. 9399, West Fork-Greenland Reconstruction, FAP F-011-3(3). The contract for the construction of approximately 4.478 miles of Grading, Mr. Dr. Strs., Plant Mix Crshd. Stone Base & Shldrs., ACHM Base & Surf. Crse., Bit. Treated Shldrs., Curbing, Extending Two Br.-Lgth. Culvts. (44.25' tot. Span lgth.) Remodel 2 R.C.D.G. Span Brs. (169.65' tot. lgth.), One New R.C. & I-Beam Span Bridge (382.16') and other misc. items on the West Fork-Greenland Road, US Highway 71, Section 16, is awarded to Standard Industries, Inc., of Tulsa, Oklahoma on their low bid of \$724,403.59, subject to the concurrence of the Bureau of Public Roads.

4603 Searcy County, Job No. 9445, Big Creek Bridge & Approaches, FAP S-223(13). The contract for the construction of approximately 0.678 mile of Grading, Minor Drainage Structures, Gravel Base, One R.C. & Structural Steel I-Beam Span Bridge (311.5' Tot. Lgth.) and Other Misc. items on the Harriet-Big Flat Road, State Highway 14, Section 4, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$180,033.91.

4604 Carroll County, Job No. 9464, Green Forest-South, FAP S-125(4). The contract for the construction of approximately 3.866

miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Green Forest-Rule Road, State Highway 103, Section 3, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$209,006.61.

4605 Mississippi County, Job No. 10612, Hwy. 158-Lemsford Grade Separation Base & Surfacing, FAP I-55-1(29)52. The contract for the construction of approximately 9.820 miles of Limited Grading, Crushed Stone Base Course, P.C. Conc. Pav't. (10" U.T.) Bituminous Treated Shoulders, and other misc. items on the West Memphis-Missouri State Line Road, Interstate 55, Section 1, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$2,320,976.76, subject to the concurrence of the Bureau of Public Roads.

4606 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, April 11, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and ninth Meeting in Little Rock, Arkansas on April 11, 1962.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 8, 1962

The following is the record of the proceedings of the One Hundred and tenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 8, 1962 at which time the following members were present:

J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4607 WHEREAS, Vice-Chairman John E. Crain on Wednesday, May 2, 1962, called a Special Meeting of the State Highway Commission to be held in the office of the Director of Highways on Tuesday, May 8, 1962, at 10:00 A.M.,

NOW, THEREFORE, IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 10:00 A.M., Tuesday, May 8, 1962.

The Vice-Chairman, John Crain, called the meeting to order, and stated the purpose of the meeting was to appoint a Commissioner to fill the unexpired term of Harry Parkin, who had resigned.

A motion was made by Armil Taylor and carried nominating Wayne Hampton as Commissioner.

Thereupon, upon a motion made by Armil Taylor, seconded by Truman Baker and unanimously carried the following Minute Order Resolution was adopted:

4608 WHEREAS, on January 14, 1957 the Governor of the State of Arkansas appointed Harry W. Parkin a Commissioner of the State Highway Commission for a term commencing on said date and terminating on January 14, 1967, and

WHEREAS, on March 29, 1962, the said Harry W. Parkin voluntarily resigned as a member of the State Highway Commission, and

WHEREAS, the Governor of the State of Arkansas has failed to fill the vacancy on the State Highway Commission caused by such resignation, and

WHEREAS, the remaining commissioners of the State Highway Commission are authorized, empowered and directed by Section 5 of

Amendment No. 42 of the Constitution of the State of Arkansas to appoint a commissioner to the State Highway Commission for the unexpired term of the said Harry W. Parkin.

NOW THEREFORE BE IT RESOLVED by the State Highway Commission at a special meeting of said Commission duly and legally called and held at the Office of the Director of State Highways of the State of Arkansas, at Little Rock, Arkansas on this 8th day of May, 1962, the following commissioners being present: John E. Crain, Glenn F. Wallace, Truman Baker and Armil Taylor, that Wayne Hampton be, and he hereby is appointed a Commissioner of the State Highway Commission for the term beginning on the date hereof and ending on January 14, 1967.

At 10:30 A.M., the Vice-Chairman, John Crain, recessed the meeting in order that Wayne Hampton, the new Commissioner, could file his oath of office, meeting to reconvene at 11:00 A.M.

The Special Meeting reconvened at 11:30 A.M., at which time Wayne Hampton was sworn in by Judge Sam Robinson.

Thereupon, upon a motion made by Glenn Wallace, seconded by Truman Baker and unanimously carried John Crain was elected Chairman, and upon a motion made by Armil Taylor, seconded by Truman Baker and unanimously carried Glenn Wallace was elected Vice-Chairman of the Commission.

4609 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4591 through 4605 at the regular meeting of the Commission on April 11, 1962.

4610 WHEREAS, at the Greer's Ferry Dam site in Cleburne County, the Red River Builders have offered to sell to the Department 12 Armco Metal Buildings, totaling 13,804 square feet of floor space, with fixtures and appurtenances, for \$14,500.00 and,

WHEREAS, the Department has need for these buildings,

IT IS ORDERED that the Director be authorized to purchase these buildings and move them from the Red River Builders' property, as a Building Project, at an estimated cost of \$16,275.00 for the buildings and moving expenses.

4611 In LINCOLN COUNTY on STATE HIGHWAY 114, Section 1, from Star City west, a distance of 8.52 miles, the Director is authorized to proceed with the installation of minor drainage structures, as a Betterment Project, at an estimated cost of \$5,200.00.

Work is to be done by Maintenance Forces.

4612 WHEREAS MINUTE ORDER 4485 authorized the Director to proceed with the surveys, preparation of plans and construction of 40 items of work for improvements on the Federal Aid Secondary System of State Highways, and

WHEREAS ITEM 25 of MINUTE ORDER 4485 was a project for the relocation of Lorange Creek Bridge on Highway 167, Section 12 in Saline County, and

WHEREAS the present bridge was built in 1957 by Maintenance Forces and consists of treated timber pilings, caps and stringers with a 23' roadway concrete deck, all being in very good condition,

NOW, THEREFORE, the Director is authorized to cancel the programmed Item 25 of Minute Order 4485.

4613 WHEREAS, the Commission by Minute Order 3579 provided for the grading, drainage, widening and strengthening of US HIGHWAY 81 from the Junction of US Highway 82 at Hamburg north to the Drew County Line in Ashley County, and,

WHEREAS, the widening and strengthening will make it necessary to relocate the existing flashing light installation at the crossing of the Ashley, Drew & Northern Railway and US Highway 81,

THEREFORE, in ASHLEY COUNTY on US HIGHWAY 81, SECTION 2 at the crossing of the Ashley, Drew & Northern Railway, the Director is authorized to proceed with the relocation of the flashing

light signal on the west side of US Highway 81 at an estimated cost of \$400 subject to the following conditions:

1. That relocation of the flashing light signal installation will be made at no extra cost to the Railroad Company. Maintenance of the signal device after relocation will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4614 WHEREAS, the St. Louis Southwestern Railway Lines has declared that the St. Louis Southwestern grade crossing of US HIGHWAY 70 in Brinkley is hazardous to highway traffic due to movements of trains in both directions over two tracks at the same time, and

WHEREAS, this grade crossing is now protected by flashing light signals only and the above hazardous condition warrants additional automatic grade crossing protection,

NOW, THEREFORE, in MONROE COUNTY, on US HIGHWAY 70, SECTION 17, at the crossing of the St. Louis Southwestern Railway Lines in Brinkley, the Director is authorized to proceed with the installation of short arm gates to be connected to the existing flashing light signals at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis Southwestern Railway Lines provide a minimum of 10% of the installation and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4615 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 11:45 A.M., Tuesday, May 8, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings of the Special Meeting taken by the Arkansas State Highway Commission at its One Hundred and tenth Meeting in Little Rock, Arkansas on May 8, 1962.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 23, 1962

The following is the record of the proceedings of the One Hundred and eleventh Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 23, 1962 at which time the following members were present:

J. E. Crain	Chairman
Glenn F. Wallace	Vice-Chairman
Truman Baker	Member
Wayne Hampton	Member
Arnil Taylor	Member

4616 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., May 23, 1962.

4617 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C.</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or Decrease in Project Cost</u>

9465	State	2	US 71 Widening in Fayetteville	Anchor Construction Co.	455.00	+455.00

4618 WHEREAS, the Purchasing Committee has awarded purchases

on April 16, 23, 30 and May 7, 14 and 21, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4619 The Joint Highway Research Program now underway on Performance of Flexible Bases and Pavements is hereby extended to include the fiscal year 1962-63. The Director is hereby authorized to execute an extension of the Cooperative Agreement with the College of Engineering, University of Arkansas, dated December 12, 1956, subject to the following conditions:

1. The Joint Research Project shall be under the general supervision of the Highway Research Committee created by Administrative Order 62-5 of March 7, 1962.
2. The work to be performed shall be done in accord with the work outline and cost estimate attached to and made a part of the renewed Project Agreement.
3. Reimbursement to the University for work on this Project for the fiscal year 1962-63 shall not exceed \$21,300.00.
4. Additional expenditures by the State on the Project shall not exceed \$4,000.00.

4620 WHEREAS, the Right-of-Way Division has expanded to such an extent that all of the cars in the Highway Department Motor Pool have had to be assigned to that Division; and

WHEREAS, the construction program is the largest in the history of the State, with more projects being underway requiring more inspectors and surveyors, all requiring more vehicles for transportation; and

WHEREAS, the Legal Division has added more attorneys to its staff to handle legal proceedings, all of whom have to have transportation;

NOW THEREFORE, the Director is authorized to purchase the following vehicles:

- 15 automobiles for replacement in the Motor Pool
- 3 automobiles to be assigned to the Legal Division
- 9 station wagons or carryalls for the Construction Division
- 29 pick-up trucks for the Construction Division.

Section V of the current budget is hereby increased in the amount necessary to carry out the provisions of this Minute Order.

4621 In order to improve the efficiency of the Department, the Director is authorized to purchase an automobile air conditioner for each of the District Maintenance Superintendents and three automobile air conditioners for use in the Legal Division.

With this action, Section V of the current budget is increased in an amount necessary to make these purchases.

4622 WHEREAS, in Boone County at Harrison, Arkansas certain properties of the Arkansas and Ozark Railway Corporation are desirable for the construction of an alternate route through the city, and

WHEREAS, engineering studies have been made and appraisals have been completed on these properties,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to proceed with negotiations to acquire the property owned by the Arkansas and Ozark Railway Corporation for right of way purposes.

4623 In CONWAY COUNTY on HIGHWAY 95, Section 1, Job No. 8514: WHEREAS, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Conway County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of MINUTE ORDER 4063, the Director is authorized to convey the truss to Conway County and the Judge is authorized to remove the truss from the bridge site.

4624 WHEREAS, acquisition of title by the Arkansas State Highway Commission to the Rueben M. Rhodes one acre tract on Highway I-30, Hot Spring County, Arkansas, was made in fee upon March 5, 1962, for right of way purposes,

WHEREAS, the portion thereof, extending and lying northwesterly beyond the proposed right of way line of Highway I-30 is described as follows:

Starting at the Southwest Corner of the Southeast Quarter of the Northeast Quarter of Section 9; thence North 0° 04' 40" West along the West line thereof a distance of 122.56 feet to the point of beginning; thence continue North 0° 04' 40" West a distance of 86.14 feet to a point; thence North 87° 25' 30" East a distance of 130.28 feet to a point; thence South 54° 42' West a distance of 159.2 feet to the point of beginning and containing 0.1 Acre, in Section 9, Township 4 South, Range 17 West, Hot Spring County, Arkansas, and

WHEREAS, the American Telephone and Telegraph Company of Arkansas, requests and requires an easement permitting the placing of two poles with supporting anchors upon said portion of the Rueben M. Rhodes one acre tract extending northwesterly of the right of way line,

NOW THEREFORE, be it resolved as provided under the State-Utility Agreement signed on April 28, 1961, that the Commission grant the easement requested and authorize its chairman to execute such an easement on the land lying northwesterly of the proposed new right of way line of the Rueben M. Rhodes one acre tract in Hot Spring County, Arkansas;

NOW THEREFORE, the Commission Chairman is authorized and ordered to proceed in the most feasible manner in executing the easement requested and by this Commission granted.

4625 In INDEPENDENCE COUNTY, in the City of Batesville, the DIRECTOR is authorized to designate that portion of Ross Street from N. Central Street (S.H. 69) to Baker Street as the route of State Highway No. 106 and to eliminate from the State Highway System that part of the old route along Baker Street, all in accordance with attached sketch which is made a part of this Order.

4626 In JEFFERSON COUNTY, at Altheimer, upon completion of Job 2593, IT IS ORDERED that the official routing of State Highway No. US 79 shall be in accordance with the relocated and reconstructed section, and the old route of US 79 through Altheimer shall be retained as a part of the State Highway System, to be designated as State Highway No. US 79 Business Route, section 10B, all as shown on attached sketch which becomes a part of this Order.

4627 WHEREAS, Minute Order 4550 authorized the purchase of an Area Headquarters site South of Texarkana in Miller County, and,

WHEREAS, the Department now has title to the property, IT IS ORDERED that the Director be authorized to proceed with the construction of an Area Headquarters and Resident Engineer's Office Building for a complete facility, as a supplement to Building Job 3-145-B, at a cost not to exceed \$25,000.00.

4628 WHEREAS, Minute Order 4587 authorized the purchase of an Area Headquarters site at El Dorado in Union County, and,

WHEREAS, the Department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of an Area Headquarters and Resident Engineer's Office Building for a complete facility, as a supplement to Building Job 7-118-B, at a cost not to exceed \$21,000.00.

4629 IZARD and STONE COUNTIES on HIGHWAY 5, WHERE-
AS, Minute Order 4176 provided that certain studies be made in con-
nection with a proposed new bridge over White River near Calico
Rock; and

WHEREAS, Minute Order 4389 authorized the Director to
negotiate with a qualified Consulting Engineer for performing the
work; and

WHEREAS, the Director has negotiated a contract with Garver
& Garver, Consulting Engineers, Little Rock, Arkansas, for performing
the work at a fee of \$27,485.32.

NOW THEREFORE, the actions of the Director in this matter
are ratified in all respects, subject to concurrence by the Bureau of
Public Roads.

4630 In LAFAYETTE COUNTY, on STATE HIGHWAY 29, SEC-
TION 2, the Director is hereby authorized to grant a permit to Gifford-
Hill & Company, Inc., for construction of a railroad grade crossing,
across State Highway 29, to serve a gravel plant, subject to the follow-
ing conditions:

1. The Owner to provide warning signals displaying reflectorized
standard cross arms and advance warning signs.
2. The Owner to install an Asphaltic Concrete Hot-Mix Type crossing,
meeting the standards of the St. Louis-Southwestern Railway Com-
pany, for the length of the cross ties and for a width extending from
shoulder to shoulder of the highway, and at all times maintain the
crossing in a condition satisfactory to the State Highway Depart-
ment.
3. The crossing not to be super-elevated and to match the existing
highway pavement grade on each side, and the cut pavement and
base course to be removed to a firm surface on each side and re-
placed with clean base course and asphalt paving materials meeting
the requirements of Arkansas Highway Department Specifications,
and formed to true matching lines and grades.
4. That the Owner make judicious use of appropriate safety devices
and practices such as barricades, lights, signs, watchmen and flag-
men, as may be needed during construction and subsequent opera-
tion of the crossing, to protect travel, and that the Owner save
harmless the Arkansas State Highway Commission in all respects.
5. The Highway Department District Engineer, Mr. J. E. Lowder, PO
Box 457, Hope, Arkansas, to be notified prior to starting operations
within the limits of the highway right-of-way in order that he may
supply inspection if he desires. Construction methods and finished
results must meet with his full approval.
6. That the Owner absorb all cost of the initial installation and subse-
quent operations at no cost to the State, and any time improvement
in the highway facilities necessitates adjustment of the track, it will
be done, when requested, by the Owner at no expense to the State.

4631 In PIKE COUNTY in the CITY OF GLENWOOD for a connection between the new Bypass, Job 3575, and Main Street in Glenwood, the Director is authorized to construct a ramp near the east end of the Caddo River Bridge with state forces at an estimated cost of \$10,000.00.

This action is subject to the condition that all right-of-way be furnished free of cost to the State.

4632 WHEREAS, in the City of Fayetteville, Washington County, the improvement of S.H. 16 was programmed along Sixth Street for a distance of 1.1 miles, and

WHEREAS, local interests have advised that adequate right of way cannot be obtained on this proposed relocation, and

WHEREAS, right of way is available on a relocation along Fifteenth Street to the present route of S.H. 16 east of the city limits of Fayetteville;

NOW, THEREFORE, it is ordered that the official designated routing of S.H. 16, Sec. 3, shall be from the junction of US 71 and Fifteenth Street, east and north along the location as shown on attached sketch, a distance of approximately 1.9 miles in length. This action is subject to the following conditions:

1. That all right of way be furnished free of cost to the State;
2. Approval by the Bureau of Public Roads.

4633 Crittenden County, Job No. 11696, Ten Mile Bayou Channel Bridge, FAP State Job. The contract for the construction of Grading, Gravel Base and Double Bituminous Surface Treatment on Temporary Detour and Grading and One R.C. Slab Span Bridge (75.0 lin. ft.) on Hwy. 79 across Ten Mile Bayou on the Lehi-Midway Corner Road, US Highway 79, Section 18, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$40,864.80.

4634 Jefferson County, Job No. 2645, Hardin-North, FAP S-508(1). The contract for the construction of approximately 4.664 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Two R.C. Slab Span Bridges (150.0' total length) and other Misc. items on the Hardin-North Road, State Highway 104, Section 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$270,480.91.

4635 Montgomery County, Job No. 4496, Hopper-East, FAP S-479(2). The contract for the construction of approximately 5.159 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One Precast & Prestressed Precast R.C. Slab Span Bridge (69.0'), One Bridge Length Culvert (30 21'

span) and other misc. items on the Hopper-Hwy. 8 Road, State Highway 240, Section 1, is awarded to J. W. McCracken Contractor, Inc., of Conway, Arkansas on their low bid of \$307,791.03.

- 4636 Pulaski County, Job No. 6690, Crystal Hill-Levy Grading & Structures, FAP I-40-3(24)147. 4658 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the High-

way Research Correlation Service for the fiscal year ending June 30, 1963, in the amount of \$5,678.00, to be paid to the National Academy of Sciences.

4659 WHEREAS, the Purchasing Committee has awarded purchases on May 28, June 4, 11, 18 and 25, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4660 In CLARK and HOT SPRING COUNTIES, WHEREAS, the Corps of Engineers, US Army, is undertaking the construction of DeGray Reservoir that will require alterations to State Highway 7 at the location of a saddle dyke between Caddo Valley and Bismarck;

NOW THEREFORE, the Director is authorized to negotiate a contract with the Corps of Engineers whereby the Corps will be responsible for providing a suitable subgrade to current design criteria for the relocated portion of the highway, and providing a suitable dust free detour to carry traffic during construction; and the Department will be responsible for providing for the construction of the base, surfacing, and related items subject to full reimbursement of the cost, by the Government.

The Director is further authorized to execute the necessary deeds, easements and subordination agreements to permit the necessary flooding of the highway rights of way in connection with the construction and operation of the reservoir.

4661 In CRITTENDEN COUNTY on HIGHWAY US 79, for a new bridge across Ten Mile Channel, Job 11696:

WHEREAS, the Highway Commission received bids for the construction of this project on May 23, 1962; and

WHEREAS, the low bidder for the project was BucTon Construction Company of Hazen, Arkansas, with a submitted low bid of \$40,864.80 and along with the bid a certified check in the amount of \$1,000.00, in lieu of bid bond, was submitted; and

WHEREAS, the BucTon Construction Company was tentatively awarded the contract in the bid amount, but has not furnished the required performance bond within the specified time;

NOW THEREFORE, IT IS ORDERED that the tentative award to BucTon Construction Company be cancelled and the contract

awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their second low bid of \$41,557.75 which is \$692.95 more than the low bid of BucTon Construction Company.

BE IT FURTHER ORDERED that \$692.95 be deducted from the certified check of BucTon Construction Company and the remainder of \$307.05 be refunded to them.

4662 In FRANKLIN COUNTY on STATE HIGHWAY 219, SECTION 1, WHEREAS, Job 4493 authorized by Minute Order 3924, Item #18, provided for grading, minor drainage structures, bituminous surface treatment and one new bridge length 60' from Ozark to Low Gap; and

WHEREAS, Route 219 has since been extended north, by Minute Order 4521, for a distance of 0.76 miles to a more logical terminus at the junction of a county road; and

WHEREAS, it is considered desirable to extend the construction job approximately 4000 feet north to the new terminus, including one new 171' bridge; and

WHEREAS, the unit prices involved are considered favorable and have been agreed to by the Contractor;

NOW THEREFORE, the Director is authorized to execute a field change adding the additional work to the contract subject to approval of the modification of the program item by the Bureau of Public Roads.

4663 WHEREAS, in Pulaski County the Commission by Minute Order No. 4210, dated August 2, 1961, has heretofore declared the herein described piece of property to be surplus and not necessary for highway purposes in connection with the improvement of Highway 67, Job No. 6608, and

WHEREAS, by said Minute Order the Director was ordered to dispose of same, subject to the concurrence of the Bureau of Public Roads, in the manner provided by Statute, and

WHEREAS, the herein described property was obtained from one A. Russell Drane by Warranty Deed:

"Part of the Northwest Quarter of the Southeast Quarter of Section 4, Township 2 North, Range 11 West, Pulaski County, Arkansas:

Beginning at the Southeast Corner of the Northwest Quarter of the Southeast Quarter of said Section 4, thence South 89° 52' West a distance of 174.9 feet to a point on the Southeasterly right of way line of new US Highway 67; thence North 62° 11' East along said right of way line a distance of 43.6 feet; thence

North 27° 49' West a distance of 25.0 feet; thence North 62° 11' East along said right of way line a distance of 166.0 feet; thence South 0° 32' East a distance of 119.6 feet to the point of beginning and containing 0.28 acres. Save and except .074 acres in county road."

WHEREAS, after legal advertisement was made in two newspapers having statewide distribution a public sale was held on February 2, 1962, the high bid of \$5,000.00 on above described land was made by one A. N. Zeiler, Route 5, Box 378-B, North Little Rock, Arkansas,

NOW THEREFORE, it is considered and ordered that the Chairman of the Commission be and is hereby authorized to execute a Quitclaim Deed conveying the above described property to A. N. Zeiler for the consideration of \$5,000.00.

4664 WHEREAS, the Arkansas Highway Commission in order to complete the construction of the Greater Little Rock Freeway acquiring Tract 250, Right of Way Job 6590, whereon was located the Scott-Meyer Building with appurtenant improvements located North and East of the intersection of Markham and Rector Streets between Markham and the right of way of the Missouri Pacific Railroad Company.

WHEREAS, the Right of Way Division has at public auction made arrangements to dispose of the improvements on Tract 250 with the provisions that the purchaser of the improvements clear the site.

WHEREAS, it appears there may be a part of Tract 250 that is surplus property as far as interstate highway construction and maintenance is concerned.

THEREFORE, the Director is authorized to determine the amount of surplus property and dispose of it as provided by State Statutes, Policies and Procedures of the Right of Way Division, all subject to the concurrence of the Bureau of Public Roads.

4665 WHEREAS, in MONTGOMERY COUNTY, in the City of Mt. Ida, the route of State Highway No. 27, Section 6, is impracticable to improve in order to meet today's traffic needs, and

WHEREAS, the City of Mt. Ida has offered to supply all necessary right of way for a new location of this section of State Highway No. 27 through Mt. Ida,

NOW, THEREFORE, IT IS ORDERED that the official routing of State Highway No. 27, Section 6, shall be from a point on the present route near the southwest city limits to the junction of US 270 in Mt. Ida -- a distance of approximately 1.06 miles generally as shown on attached sketch; subject to the following conditions:

1. All required right of way, free of obstructions, will be furnished free

of cost to the State.

2. Acceptance of the old route as a city street by the City of Mt. Ida upon completion of construction of the new route.
3. System approval by the Bureau of Public Roads.

4666 In OUACHITA COUNTY, in the City of Camden, the DIRECTOR is authorized to designate that portion of California Avenue from Jackson Street to Washington Street and the portion of Washington Street from California Avenue to Harrison Avenue as the route of State Highway No. US 79 and to eliminate from the State Maintained Highway System, that portion of Jackson Street from California Avenue to Harrison Avenue and that portion of Harrison Avenue from Jackson Street to Washington Street, all in accordance with attached sketch which is made a part of this Order.

4667 WHEREAS, under the provisions of Section 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System, and certain highways in the County System in return become a part of the State Highway System; and

WHEREAS, such an agreement has been reached between the State Highway Commission and the County Judge of Union County whereby State Highway 129, Section 2 from State Highway 7 northward to Norphlet, Arkansas -- a distance of 2.38 miles and State Highway 275, Section 2, from a point on State Highway 129 south of Strong, southward to the Louisiana line near Oakland -- a distance of 6.19 miles will be accepted into the Union County Highway System, and whereby the County Highway, FAS Route No. 1767, from a point on US 167 south of El Dorado to a connection with Louisiana Highway No. 558 at the State line near Lockhart -- a distance of 9.40 miles will be accepted into the State Highway System; and

WHEREAS, said agreement is evidenced by an appropriate Order of the Union County Court;

NOW, THEREFORE, IT IS ORDERED that, in accordance with agreement reached as required by law, that State Highway 129, Section 2, from State Highway 7 northward to Norphlet, Arkansas -- a distance of 2.38 miles and State Highway 275, Section 2, from a point on State Highway 129 south of Strong, southward to the Louisiana line near Oakland a distance of 6.19 miles -- is hereby deleted as a part of the State Highway System, to be maintained and operated as a County Highway under the jurisdiction of the County Court. It is further ordered that the County Highway, FAS Route 1767, from a point on US 167 south of El Dorado to a connection with Louisiana Highway No. 558 at the State line near Lockhart -- a distance of 9.40 miles -- is hereby accepted and designated as a route of the State Highway System, to be designated as State Highway 7, Section 1.

4668 In INDEPENDENCE COUNTY near the City of Batesville:
WHEREAS, the Highway Department has purchased a site for the construction of a new District Headquarters in the future; and

WHEREAS, the Department has also purchased a number of surplus buildings to be erected on the site; and

WHEREAS, for the orderly and efficient development of the site, it is necessary to have an approved plan showing the ultimate development of the site, including the location of the recently purchased buildings;

NOW THEREFORE, the Director is authorized to employ an architect for the purpose of developing a report and plot plan for the District Headquarters site.

4669 WHEREAS, Minute Order 4279 authorized the establishment of an Area Headquarters at the Eureka Gardens Grade Separation in Pulaski County and,

WHEREAS, this site has been fenced and is being used for storage of materials and equipment,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for an Area Headquarters and Resident Engineer's Office, as a supplement to Building Job 6-128-B, at a cost not to exceed \$23,000.00.

4670 In ARKANSAS COUNTY on STATE HIGHWAY 17, Section 0, from Ethel to a point 5.7 miles south, the Director is authorized to proceed with the grading, minor drainage structures and gravel surfacing, as a betterment project, at an estimated cost of \$19,900.00.

Work to be done by state forces.

4671 In BENTON COUNTY on STATE HIGHWAY 59, Section 1, from Gentry-south, a distance of 2.65 miles, the Director is authorized to resurface the existing surface with Cold Plant Mix Asphalt at an estimated cost of \$19,400.00.

Work is to be done by State forces.

4672 In BENTON COUNTY on US 71, Section 19, from Bella Vista-north, a distance of 3.10 miles, the Director is authorized to resurface the existing asphalt pavement with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$19,500.00.

Work is to be done by State forces.

4673 In CLARK COUNTY on US 67, Sections 4 and 5, in Gurdon, the Director is authorized to resurface 0.83 mile of the existing pavement with Asphaltic Concrete Hot Mix material, as a Betterment

Project, at an estimated cost of \$7,000.00.

Work is to be done by Purchase Order Contract.

- 4674 In CRAIGHEAD COUNTY, on STATE HIGHWAY 135, Section 2, from the Poinsett County Line to Black Oak, the Director is authorized to overlay selected sections of the existing pavement with cold plant mix asphalt, as a betterment project, at an estimated cost of \$10,000.00.

Work to be done by state forces.

- 4675 In LEE COUNTY on STATE HIGHWAY 147, Section 1, from State Highway 38 to US 79, a distance of 5.61 miles, the Director is authorized to place a sand asphalt blade mix overlay on the existing pavement, as a betterment project, at an estimated cost of \$11,600.00.

Work to be done by state forces.

- 4676 In HOT SPRING COUNTY on US 67, Sections 7 and 8, in Malvern, for a distance of 2.26 miles, the Director is authorized to resurface the existing pavement with approximately 1-1/4 inches of Asphaltic Concrete Hot Mix material, as a Betterment Project, at an estimated cost of \$18,000.00.

Work is to be done by Purchase Order Contract.

- 4677 In HOT SPRING COUNTY on US 270, Section 7, in Malvern, for a distance of 0.15 mile, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix material, as a Betterment Project, at an estimated cost of \$3,600.00.

Work is to be done by Purchase Order Contract.

- 4678 In HOWARD COUNTY on STATE HIGHWAY 355, Section 0, from Mineral Springs north, the Director is authorized to overlay two (2) miles of the existing pavement with cold plant mix asphalt, as a betterment project, at an estimated cost of \$4,600.00.

Work to be done by state forces.

- 4679 In JACKSON COUNTY on STATE HIGHWAY 18, Section 1, between US 67 and Grubbs, the Director is authorized to replace three timber bridges with Precast Slabs, as a Betterment Project, at an estimated cost of \$15,000.00.

Precast Slabs to be contracted in place by Purchase Order Contract and the balance of the work to be done by State forces.

- 4680 In JEFFERSON COUNTY on STATE HIGHWAY 79, Section 10, from State Highway 15 to State Highway 88, a distance of 4.23 miles, the Director is authorized to place a sand asphalt hot mix overlay on selected sections, as a betterment project, at an estimated cost of \$19,300.00.

Work to be done by purchase order contract.

4681 In JEFFERSON COUNTY on US 79, Section 10, in the town of Altheimer, the Director is authorized to place a sand asphalt hot mix overlay on the existing pavement, as a betterment project, at an estimated cost of \$15,300.00.

Work is to be done by purchase order contract.

4682 (This number is voided.)

4683 In LAWRENCE COUNTY, in the city of Walnut Ridge, on STATE HIGHWAY 25, Section 7, and US 67, Sections 18 and 19, the Director is authorized to resurface the existing pavement with hot mix sand asphalt, as a betterment project, at an estimated cost of \$3,500.00.

Work to be done by Purchase Order Contract.

4684 In LEE COUNTY on STATE HIGHWAY 121, Section 3, from Smith's Corner to Cypress Corner, a distance of 14.93 miles, the Director is authorized to place a sand asphalt blade mix overlay on the existing pavement, as a betterment project, at an estimated cost of \$19,900.

Work to be done by state forces.

4685 In LEE COUNTY on STATE HIGHWAY 131, Section 1, from Brickeys to the Mississippi River Levee, the Director is authorized to reconstruct two (2) bridges and replace one (1) bridge with pipe culvert, as a betterment project, at an estimated cost of \$12,000.00.

Work to be done by state forces.

4686 In LITTLE RIVER COUNTY on STATE HIGHWAY 41, Section 3, from State Highway 32 south, the Director is authorized to place a sand asphalt blade mix overlay on two (2) miles of selected sections, as a betterment project, at an estimated cost of \$5,300.00.

Work to be done by maintenance forces.

4687 In LOGAN COUNTY on STATE HIGHWAY 10, Section 2, from Booneville to the Yell County line, a distance of 13 miles, the Director is authorized to overlay 3.34 miles of selected sections with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$20,000.00.

Work is to be done by State forces.

4688 In MISSISSIPPI COUNTY on STATE HIGHWAY 148, Section 2, the Director is authorized to build two (2) three-span precast slab bridges, as a betterment project, at an estimated cost of \$9,000.00.

Precast slabs to be contracted in place by Purchase Order Contract. Balance of work to be done by state forces.

4689 In MISSISSIPPI COUNTY on STATE HIGHWAY 148, east

and west of Hightower, a distance of 4.08 miles, the Director is authorized to place additional surface material on the existing roadway, as a betterment project, at an estimated cost of \$18,500.00.

Material to be dumped in place by Purchase Order Contract and spread by state forces.

4690 In NEVADA COUNTY on STATE HIGHWAY 53, Section 3, from State Highway 19 to State Highway 4, a distance of 7 miles, the Director is authorized to overlay 2 1/2 miles of selected sections with cold plant mix asphalt, as a betterment project, at an estimated cost of \$17,800.00.

Work to be done by state forces.

4691 In NEVADA COUNTY on STATE HIGHWAY 53, Section 3, from State Highway 4 to Bodcaw, the Director is authorized to overlay two (2) miles of selected sections with cold plant mix asphalt, as a betterment project, at an estimated cost of \$14,200.00.

Work to be done by state forces.

4692 In OUACHITA COUNTY on US 79, Section 3, from the Columbia County line-north, a distance of 16 miles, the Director is authorized to resurface selected sections of the existing pavement with Cold Plant Mix material, as a Betterment Project, at an estimated cost of \$19,000.00.

Work is to be done by State forces.

4693 In PERRY COUNTY, on STATE HIGHWAY 10, Section 5, from Yell County Line to Perry, a distance of 17 miles, the Director is authorized to resurface selected sections with blade mix asphalt, as a betterment project, at an estimated cost of \$15,000.00.

Work to be done by state forces.

4694 In PIKE COUNTY, on STATE HIGHWAY 26, Section 2, from the Howard County Line to S.H. 27, a distance of 4.94 miles, the Director is authorized to resurface the existing pavement with Asphaltic Hot Mix Surface Course, as a betterment project, at an estimated cost of \$51,600.00.

Work to be done by State contract.

4695 In POINSETT COUNTY, on STATE HIGHWAY 1, Section 15, from Cross County Line to Harrisburg, a distance of 8.42 miles, the Director is authorized to overlay selected sections with cold plant mix asphalt, as a betterment project, at an estimated cost of \$10,000.00.

Work to be done by state forces.

4696 In PULASKI COUNTY on US 67, Section 10, in North Little Rock, from Locust Street to Interstate 40, the Director is authorized to resurface the existing pavement with approximately 2-1/4 inches of Asphaltic Concrete Hot Mix material, as a Betterment Project, at an estimated cost of \$20,000.00.

Work is to be done by Purchase Order Contract.

- 4697 In RANDOLPH COUNTY, in the city of Pocahontas, on STATE HIGHWAY 90, Section 6, the Director is authorized to resurface the existing pavement with hot mix sand asphalt, as a betterment project, at an estimated cost of \$3,800.00.

Work to be done by Purchase Order Contract.

- 4698 In SALINE COUNTY on US 67, Section 9, from State Highway 229 to Interstate 30, a distance of 1.55 miles, the Director is authorized to resurface the existing pavement with 2 inches of Asphaltic Concrete Hot Mix material, as a Betterment Project, at an estimated cost of \$19,800.00.

Work is to be done by Purchase Order Contract.

- 4699 In SCOTT COUNTY on US 71, Section 10, from "Y" City to the Polk County line, a distance of 8 miles, the Director is authorized to overlay 4.29 miles of selected sections with Blade Mix Asphalt material, as a Betterment Project, at an estimated cost of \$20,000.00.

Work is to be done by State forces.

- 4700 In SEBASTIAN COUNTY on STATE HIGHWAY 45, Section 1, from US 271 to Midland, a distance of 18 miles, the Director is authorized to overlay 4.5 miles of selected sections with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$20,000.00.

Work is to be done by State forces.

- 4701 In UNION COUNTY on STATE HIGHWAY 15, Section 2, from Moro Bay to a point 1.94 miles south, the Director is authorized to place gravel surface material, as a betterment project, at an estimated cost of \$7,000.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

- 4702 In VAN BUREN COUNTY, on STATE HIGHWAY 16, Section 9, from US 65 to a point 7 miles west, the Director is authorized to resurface selected sections of the existing pavement with blade mix asphalt, as a betterment project, at an estimated cost of \$20,000.00.

Work to be done by state forces.

- 4703 In VAN BUREN COUNTY, on STATE HIGHWAY 16, Section 10, between US 65 and State Highway 110, a distance of 10 miles, the Director is authorized to resurface selected sections with blade mix asphalt, as a betterment project, at an estimated cost of \$20,000.00.

Work to be done by state forces.

- 4704 In WASHINGTON COUNTY on U.S. 62, Section 1, from Farmington to 2.65 miles east, the Director is authorized to resurface the existing asphalt pavement with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$19,400.00.

Work is to be done by State forces.

4705 In WASHINGTON COUNTY on STATE HIGHWAY 68, Section 1, from US 71-west, a distance of approximately 2.75 miles, the Director is authorized to resurface the existing pavement with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$19,400.00.

Work is to be done by State forces.

4706 In WHITE COUNTY on STATE HIGHWAY 36, Section 5, from Kensett to a point 5.7 miles east, the Director is authorized to place additional Base Course and a Cold Plant Mix Asphalt Overlay on selected sections and a Single Bituminous Surface Treatment on the entire length, as a Betterment Project, at an estimated cost of \$14,000.00.

Work is to be done by State forces.

4707 In WHITE COUNTY on STATE HIGHWAY 36, Section 5, from the end of the existing asphalt pavement to Georgetown, a distance of 10.2 miles, the Director is authorized to place a Double Bituminous Surface Treatment and construct Minor Drainage Structures, as a Betterment Project, at an estimated cost of \$40,300.00.

Work is to be done by State forces.

4708 In WOODRUFF COUNTY on STATE HIGHWAY 17, Section 4, from a point 2.5 miles north of Wiville to Patterson, a distance of 5.37 miles, the Director is authorized to place a sand asphalt blade mix overlay on the existing pavement, as a betterment project, at an estimated cost of \$8,800.00.

Work is to be done by state forces.

4709 WHEREAS, the Commission by Minute Order 3579 provided for the grading, drainage, widening and strengthening of State Highway 81 from the Junction of US Highway 82 at Hamburg north to the Drew County Line in Ashley County, and,

WHEREAS, the Missouri Pacific Railroad Company has requested by letter that this highway-railroad crossing be protected by automatic grade crossing protection devices and the Planning and Research Division has determined that flashing light signal protection is warranted at this crossing,

THEREFORE, in ASHLEY COUNTY on STATE HIGHWAY 81, SECTION 2, at the crossing of the Missouri Pacific Railroad, the Director is authorized to proceed with the installation of flashing light signals at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.

3. Program approval by the Bureau of Public Roads.

4710 In BENTON COUNTY: WHEREAS, the National Park Service is desirous of restoring Pea Ridge Battle Grounds to its natural state; and

WHEREAS, existing Highway 72 must be relocated to accomplish this,

NOW THEREFORE, the Director is authorized to relocate Highway 72 from the Pea Ridge National Park at an estimated cost of \$100,000.00.

This action is subject to the furnishing of right-of-way free of cost to the State, and participation by others in the cost of performing the work.

4711 WHEREAS, the Commission by Minute Order 4491 provided for the installation of flashing light signal protection at the intersection of State Highway 113 and the Chicago, Rock Island and Pacific Railroad in Houston, and

WHEREAS, the grade crossing protection for this crossing has been determined to warrant the installation of flashing lights and short-arm gates.

Therefore, Minute Order 4491 is hereby rescinded and declared null and void. NOW THEREFORE, the Director is authorized to proceed with the installation of flashing light and short-arm gates automatic grade crossing protection at an estimated cost of \$18,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4712 Ashley County, Job No. 2612, Hamburg-Drew County Line, FAP F-023-1(7). The contract for the construction of approximately 12.304 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface Courses, Bituminous Treated Shoulders, Concrete Curb and Gutter, Four R.C. Slab Span Bridges (425.00 ft. total length) and Extend Three Bridge Length Culverts (66.24 ft. total span lgth.) on the Hamburg-Monticello Road, State Highway 81, Section 2, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,304,886.79, subject to the concurrence of the Bureau of Public Roads.

4713 Sevier County, Job No. 3541, DeQueen-West, FAP F-014-1(5). The contract for the construction of approximately 3.451 miles of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete

Hot Mix Base & Surface Courses, Bituminous Treated Shoulders, One R.C. & Structural Steel I-Beam Span & Plate Girder Span R.R. Overpass Structure (974.98') and other misc. items on the DeQueen-Ardmore, Oklahoma Road, State Highway 70, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$883,744.20, subject to the concurrence of the Bureau of Public Roads.

- 4714 Howard County, Job No. 3609, Saline River-Umpire, FAP S-321(5). The contract for the construction of approximately 7.464 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One R.C. & Structural Steel I-Beam Span Bridge (362.17 ft.), One Bridge Length Culvt. (22.42 ft. span) & other misc. items on the Dierks-Umpire Road, State Highway 4, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$590,358.10.
- 4715 Cleburne County, Job No. 5480, Greers Ferry Highway Relocation-Erosion Control, Corps of Engineers Contract No. DA-03-050-CIVENG-59-291. The contract for Seeding Slopes in the Greers Ferry Reservoir area on the Heber Springs-Stark Road and on the Stark-Bee Branch Road, State Highway 16, Section 11, and State Highway 92, Section 4, is awarded to Carter's Lawn and Tree Service, of Dardanelle, Arkansas on their low bid of \$11,948.30, subject to the concurrence of the Corps of Engineers.
- 4716 White & Independence Counties, Job No. 5540, Sunnydale-Pleasant Plains, FAP S-400(2). The contract for the construction of approximately 9.585 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One R.C. & Structural Steel I-Beam Span Bridge (122.17 ft.) and other misc. items on the Sunnydale-Pleasant Plains Road, State Highway 157, Sections 1 & 2, is awarded to CoArk Construction Co., Inc., of North Little Rock, Arkansas, and Mississippi Valley Contracting Co., Inc., of Paragould, Arkansas on their low bid of \$595,685.46.
- 4717 Garland County, Job No. 6740, Mountain Pine-Lake Ouachita State Park, FAP S-484(1). The contract for the construction of approximately 5.598 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Three Bridge-Length Culverts (89.68' Total Span) and Other Misc. Items on the Mountain Pine-Lake Ouachita State Park Road, State Highway 227, Section 1, is awarded to Company of Malvern, Arkansas and Schmeckenbecher Bros., Home, Arkansas on their low bid of \$499,967.07.
- 4718 Pulaski County, Job No. 6763, South Terminal Interchange Erosion Control, FAP 1-30-2(60)138. The contract for the construction of Limited Grading, Solid Sodding, Sod Mulch, Jute Matting and Concrete Ditch Paving for the South Terminal Interchange just

South of Little Rock, on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 2, is awarded to D. F. Jones Construction Co., Inc., of Little Rock, Arkansas on their low bid of \$34,779.53, subject to the concurrence of the Bureau of Public Roads.

- 4719 Bradley & Calhoun Counties, Job No. 7583, Moro Creek & Relief Bridges & Approaches, FAP 5-488(1). The contract for the construction of approximately 1.824 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit Surf. Tr't., One Comb. R.C. Slab Span and R.C. & Str. Steel I-Beam Span Bridge and One R.C. Slab Span Bridge on the Hampton-Hermitage Road, State Highway 160, Sections 7 & 8, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$235,333.19.
- 4720 Washington County, Job No. 9459, Devils Den State Park-North, FAP S-316(4). The contract for the construction of approximately 4.824 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bit. Surface Treatment and other misc. items on the Devils Den State Park-West Fork Road, State Highway 170, Section 1, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$292,889.21.
- 4721 Benton County, Job No. 9470, White River Bridge Substructure, Corps of Engineers Contract No. DA-03-050-CIVENG-62-521. The contract for the construction of the substructure portion of a 1515 foot bridge and short sections of roadway embankment adjacent thereto, on the Rogers-East Road, State Highway 12, Section 3, is awarded to Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$418,332.99, subject to the concurrence of the Corps of Engineers.
- 4722 Randolph County, Job No. 10687, Dalton-North Bridges & Approaches, FAP S-292(3). 4728 WHEREAS, in JEFFERSON COUNTY on US 79, Section 10, bids were invited under Purchase Order Contract procedure for the resurfacing of 4.23 miles with Hot Sand Asphalt Surfacing Material under Minute Order 4680, and,

WHEREAS, two bids were received, the low bidder being Graves Brothers of Pine Bluff, and,

WHEREAS, the Purchasing Committee, on July 30, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job 2-126(1), be awarded to Graves Brothers Construction Company on their low bid of

\$20,560.50.

4729 WHEREAS, in PIKE COUNTY on STATE HIGHWAY 26, Section 2, due to the urgency of the Asphalt Season, bids were invited under Purchase Order Contract procedure from 48 prospective bidders for the resurfacing of the existing pavement on 4.94 miles, with only one bid received for the bid opening, at 10:00 am. on July 19, 1962, and,

WHEREAS, the Purchasing Committee, on July 23, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job No. 3-150(1), be awarded to McMillan-Burkett Construction Company of Texarkana on their bid of \$56,006.25.

4730 WHEREAS, the Purchasing Committee has awarded purchases on July 2, 9, 16, 23 and 30, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4731 In PULASKI COUNTY, for the new Materials and Tests Laboratory, WHEREAS, the successful operation of the new Materials and Tests Laboratory, the construction of which was awarded to contract under Job 6770 at the letting of June 27, 1962, will require the installation of a Universal Testing Machine; and

WHEREAS, the use of our present testing machine cannot be dispensed with for moving it into the new building prior to its occupancy in use; and

WHEREAS, the present machine, although it still has a useful service life, is in need of repairs and will have to be reconditioned when moved; and

WHEREAS, the anticipated future demand for testing will require additional equipment of this type;

NOW THEREFORE, the Director is authorized to purchase a 400,000 lb. capacity hydraulic Universal Testing Machine suitable for compression, tension and transverse testing at an estimated cost of \$31,000.00. Section V of the current budget is hereby modified by the addition of \$31,000.00 for additional laboratory and testing equipment.

4732 WHEREAS, the Southeastern Association of State Highway

Officials has billed this Department for annual association dues for 1962 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

4733 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the US Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the US Geological Survey for the period July 1, 1962, to June 30, 1963, involving State Funds in the amount of \$15,000.00, to the end that we are provided more drainage data and information.

4734 WHEREAS, the Arkansas State Police has requested the Publicity and Parks Commission, the Department of Revenues, and the State Highway Commission to join with them in sharing the cost of publishing 100,000 Driver's License Manuals; and,

WHEREAS, the Driver's License Manual is a valuable booklet for the education of new and prospective drivers and for the improvement of drivers of all ages; and,

WHEREAS, it is in the best interest of the Highway Commission and the Highway Department to cooperate fully in efforts to improve the quality and driving skills of our State's drivers;

NOW, THEREFORE, the Director is authorized to join with the above listed Departments and to participate in the cost of publishing 100,000 copies of the Driver's License Manual at a cost to the Department not to exceed \$2,250.00.

4735 In ASHLEY COUNTY, IT IS ORDERED that the official routing of State Highway No. 8, Section 14, between Beech Creek and Overflow Creek, shall be in accordance with the relocated and reconstructed section, as constructed by Job 2614; and in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

4736 In BENTON COUNTY, in the City of Gentry, the portion of

Rust Street from Main Street south to the junction of State Highway No. 59, a distance of approximately 0.57 mile, is hereby made a part of the State Highway System, to be designated as State Highway No. 59 Business Route, all as shown on attached sketch, which becomes a part of this Order.

- 4737 In CLEBURNE COUNTY, north of Heber Springs, the access road constructed to and across Greers Ferry Dam is hereby made a part of the State Highway System as the official routing of State Highway No. 25, Section 3; and the old sections of State Highway No. 25, Section 3, on the north side of Greers Ferry Reservoir through Tumbling Shoals and on the south side of the Reservoir from the junction with the access road north to the Reservoir, shall be retained as a part of the State Highway System as State Highway No. 25 Spur, Section 3 spur, all as shown on attached sketch which becomes a part of this Order.
- 4738 In PIKE COUNTY, at Glenwood, IT IS ORDERED that the official routing of State Highway No. 8, Section 3, shall be along Railroad Avenue to Broadway, thence along Broadway, Elm Street, and the ramp connection as constructed by Job 3626 to the new location of US 70; and that the part of Broadway from Railroad Avenue to Oak Street and Section Line Street (old US 70) from Oak Street to the new location of US 70 east of Glenwood, is hereby designated as State Highway No. US 70 Business Route, Section 5-B; and that part of Oak Street and 3rd Street from Broadway south to the new location of US 70, is hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this Order.
- 4739 In UNION COUNTY, IT IS ORDERED that the official routing of State Highway No. 15, Section 2, between Old Union and the Ouachita River, shall be in accordance with the relocated and reconstructed section, as constructed by Job 7570; and in conformity with Supreme Court decisions, the portions of the old route which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.
- 4740 In YELL COUNTY, IT IS ORDERED that the official routing of State Highway No. 27, Section 3, between Aly and Rover, shall be in accordance with the relocated and reconstructed section, as constructed by Job 8451; and in conformity with Supreme Court decisions, the portions of the old route which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System, all as shown on sketch attached, which becomes a part of this Order.
- 4741 In PERRY COUNTY on Highway 60, Job #8502: Whereas, there are existing bridges at Log 0.69, 8.58 and 10.55 to be removed, the trusses of which cannot be used virtually intact on a state highway;

and

WHEREAS, the County Judge of Perry County has requested these trusses for use on a county highway;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the trusses to Perry County and the Judge is authorized to remove the trusses from the bridge sites.

4742 In PIKE COUNTY on HIGHWAY 70 at Glenwood, there is an old bridge that has been replaced under Job No. 3575; the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Pike County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the truss to Pike County and the Judge is authorized to remove the truss from the bridge site.

4743 In ASHLEY COUNTY on STATE HIGHWAY 133, Section 1-T (City Truck Route), in Crossett, the Director is authorized to repair the existing surface and place a Bituminous Surface Treatment on 1.49 miles, as a Betterment Project, at an estimated cost of \$8,200.00.

Work is to be done by State forces.

4744 In BAKTER COUNTY on STATE HIGHWAY 5, Section 19, in Mountain Home, the Director is authorized to resurface 2.5 miles of the existing pavement with State-Owned Blade Mix Asphalt, as a Betterment Project, at an estimated cost of \$6,800.00.

Work to be done by State forces.

Work to be done by District No. 9.

4745 In BENTON COUNTY on STATE HIGHWAY 59, Section 1-B (Business Route), from State Highway 59 to State Highway 12 in Gentry, a distance of .6 mile, the Director is authorized to repair and resurface the existing roadway, as a Betterment Project, at an estimated cost of \$10,000.00.

Work is to be done by State forces.

4746 In CHICOT COUNTY on STATE HIGHWAY 208, Section 1, from US 165 to US 65, a distance of 5.52 miles, the Director is authorized to resurface the existing roadway with Gravel Surface material, as a Betterment Project, at an estimated cost of \$11,000.00.

Material to be dumped in place by Purchase Order Contract and spread by State forces.

4747 In COLUMBIA COUNTY on US 79, US 82 and S.H. 132, in

the city of Magnolia, the Director is authorized to resurface 1.21 miles of the existing pavement with Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$15,200.00, subject to the following condition:

The city of Magnolia will pay \$2,310.00 of the cost of the job, which will be payment for the surfacing of parking area.

Work to be done by Purchase Order Contract.

- 4748 In CONWAY COUNTY on STATE HIGHWAY 95, Section 1, from Morrilton to the Van Buren County line, a distance of 25.84 miles, the Director is authorized to resurface selected sections with Blade Mix Material, as a Betterment Project, at an estimated cost of \$19,700.00.

Work to be done by State forces.

- 4749 In CRAIGHEAD COUNTY on STATE HIGHWAY 18, Section 4, and US 63, Section 7, in the Cities of Jonesboro and Nettleton, the Director is authorized to resurface the existing pavement with Sand Asphalt Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract.

- 4750 In CRAIGHEAD COUNTY in the City of Jonesboro on STATE HIGHWAY 1, Section 17, STATE HIGHWAY 39, Section 4, and US 63, Section 6, the Director is authorized to resurface the existing pavement with Sand Asphalt Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$14,400.00.

Work to be done by Purchase Order Contract.

- 4751 In CRAWFORD COUNTY on US 64, Section 2, from Van Buren to Alma, a distance of approximately 9 miles, the Director is authorized to resurface 3.77 miles of selected sections with Cold Plant Mix Asphalt, or Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$20,000.00.

Work to be done by State forces.

- 4752 In CRITTENDEN COUNTY on STATE HIGHWAY 38, Section 8, from Bruin to Seyppell - a distance of 2.6 miles, the Director is authorized to place Gravel Base Course, as a Betterment Project, at an estimated cost of \$18,700.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

- 4753 In CRITTENDEN COUNTY on US 64, Section 17, in the City of Earle, the Director is authorized to resurface two sections, totaling 1.25 miles, of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,800.00.

Work is to be done by Purchase Order Contract.

4754 In DESHA COUNTY on STATE HIGHWAY 1, Section 4, and STATE HIGHWAY 4, Section 16, in McGehee, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,900.00.

Work to be done by Purchase Order Contract.

4755 In FAULKNER COUNTY on STATE HIGHWAY 25, Section 0, from Wooster south to Cadron Creek, a distance of 3.2 miles, the Director is authorized to widen and resurface the existing roadway, as an Emergency State Construction Project, at an estimated cost of \$60,000.00.

4756 In GREENE COUNTY on STATE HIGHWAY 90, Section 4, from the Clay County line to the Randolph County line, a distance of approximately 10 miles, the Director is authorized to resurface selected sections of the existing pavement with Blade Mix Material, as a Betterment Project, at an estimated cost of \$10,000.00.

Work to be done by State forces.

4757 In HOWARD COUNTY on STATE HIGHWAY 355, Section 0, from Mineral Springs to Center Point, a distance of approximately 8 miles, the Director is authorized to place Gravel Surface material, as a Betterment Project, at an estimated cost of \$8,100.00.

Material to be dumped in place by Purchase Order Contract and spread by State forces.

4758 In JACKSON COUNTY on STATE HIGHWAY 14, Section 12, from Newport-west, a distance of 7.73 miles, the Director is authorized to resurface selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,800.00.

Work to be done by Purchase Order Contract.

4759 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 6, from the Louisiana line to State Highway 160, a distance of 8 miles, the Director is authorized to place Gravel Surface material, as a Betterment Project, at an estimated cost of \$9,500.00.

Gravel to be dumped in place by Purchase Order Contract and spread by State forces.

4760 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 5, from McKamie south to Walker Creek, a distance of 13 miles, the Director is authorized to place Gravel Surface material, as a Betterment Project, at an estimated cost of \$14,000.00.

Gravel to be dumped in place by Purchase Order Contract and spread by State forces.

- 4761 In LAWRENCE COUNTY, on S.H. 25, Section 6, between Powhatan and Strawberry, the Director is authorized to proceed with the work of widening, strengthening and redecking two rotted and dangerous bridges (total length 108 feet). The work is to be done as a Betterment Project, at an estimated cost of \$5,500.00, materials only.
Work to be done by State Forces.
- 4762 In MARION COUNTY on STATE HIGHWAY 62, Section 9, from Yellville to Flippin, a distance of 7 miles, the Director is authorized to resurface the existing pavement with State-Owned Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$19,100.00.
Work to be done by State forces.
- 4763 In MISSISSIPPI COUNTY on STATE HIGHWAY 140, Section 2, from Osceola-West, the Director is authorized to resurface selected sections with Sand Asphalt material, as a Betterment Project, at an estimated cost of \$20,000.00.
Work to be done by Maintenance forces or Purchase Order Contract.
- 4764 In OUACHITA COUNTY on US 79, Section 3, from Highland Park Street to Harrison Street in Camden, a distance of 1.18 miles, the Director is authorized to place Asphaltic Concrete Hot Mix Surface Course on the existing pavement, as a Betterment Project, at an estimated cost of \$12,800.00.
Work to be done by Purchase Order Contract.
- 4765 In PERRY COUNTY on STATE HIGHWAY 10, Section 5, from the Yell County line to Adona, a distance of 11.82 miles, the Director is authorized to resurface three miles of selected sections with Plant Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,300.00.
Work to be done by State forces
- 4766 In PIKE COUNTY on STATE HIGHWAY 84, Section 0, from State Highway 27 to Langley, a distance of 13 miles, the Director is authorized to place Gravel Surface material, as a Betterment Project, at an estimated cost of \$16,700.00.
Material to be dumped in place by Purchase Order Contract and spread by State forces.
- 4767 In PRAIRIE COUNTY on HIGHWAY 38, SECTION 1, White River Bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening the suspension span, by replacing the existing deteriorated stringers where required, and replacing the 3" untreated oak deck with a 4" laminated treated timber deck, as a Betterment Project, at an estimated cost of \$24,000.00 for materials only.
This work is to be done by State Forces.

4768 In PRAIRIE COUNTY on STATE HIGHWAY 38, Section 1, at Des Arc, the Director is authorized to widen the existing roadway and place Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$29,200.00.

Base material to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

4769 In PULASKI COUNTY on US 70, Section 13, and US 65, Section 11, at the north end of the Broadway Bridge in North Little Rock, the Director is authorized to rechannelize this intersection in accordance with the attached plan, as a Betterment Project, at an estimated cost of \$5,700.00.

Work is to be done by State forces.

4770 In SEARCY COUNTY on STATE HIGHWAY 27, Section 16, in Marshall, the Director is authorized to resurface 1.1 miles of the existing pavement with State-Owned Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$3,300.00.

Work to be done by State forces.

4771 In SEBASTIAN COUNTY on STATE HIGHWAY 96, Section 3, from State Highway 22 to the Franklin County line, a distance of 15.34 miles, the Director is authorized to place Crushed Stone Base Course and Double Bituminous Surface Treatment on 2.25 miles of selected sections, as a Betterment Project, at an estimated cost of \$18,900.00.

Work to be done by State forces.

4772 In UNION COUNTY on STATE HIGHWAY 7, Section 2, from Smackover south, a distance of 3.8 miles, the Director is authorized to resurface the existing pavement with Dense Graded Hot Mix Asphalt Surface Course, as a Betterment Project, at an estimated cost of \$19,800.00.

Work to be done by Purchase Order Contract.

4773 In UNION COUNTY on STATE HIGHWAY 15, Section 2, from Morobay Ferry south, a distance of 1.94 miles, the Director is authorized to perform the work of clearing and grubbing for a proposed connection between the end of the existing road and the ferry site at Ouachita River, as a Betterment Project, at an estimated cost of \$8,600.00.

Work to be done by Purchase Order Contract.

4774 In WASHINGTON COUNTY on STATE HIGHWAY 170, Section 2, from US 62 through Appleby, a distance of 5.44 miles, the Director is authorized to place a Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$17,300.00.

Work to be done by State forces.

This project qualifies for credit under Act 150 of 1961.

4775 In WHITE COUNTY on STATE HIGHWAY 16, Section 13, from Searcy north, a distance of .73 mile, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,800.00.

Work to be done by Purchase Order Contract.

4776 In WHITE COUNTY on US 67-C, Section 12, from US 67 to the south City Limits of Searcy, a distance of 2.75 miles, the Director is authorized to place additional Base Course and a Bituminous Surface Treatment on the shoulders, as a Betterment Project, at an estimated cost of \$8,500.00.

Work to be done by State forces.

4777 In SEBASTIAN COUNTY: WHEREAS, MINUTE ORDER 4469 dated January 31, 1962 added a route to the highway Primary System for future development from Highway US 271 south of Fort Smith to a connection with the Interstate Spur, I-540, at Highway 22; and

WHEREAS, this route passes through an area that is being developed rapidly; and

WHEREAS, it is economical and wise to protect the right-of-way at this time;

NOW THEREFORE, the Director is authorized to proceed with surveys, preliminary plans to determine right-of-way requirements, and acquisition of right-of-way in critical areas.

This action is subject to program approval by the Bureau of Public Roads.

4778 In WHITE COUNTY, on HIGHWAY US 67: WHEREAS, when old Job 586 (new Job 5499, McRae-Northeast Reconstruction) was built, a rectangular strip of land approximately 228.0' x 350.0' outside the limits needed for construction was taken for barrow materials; and

WHEREAS, this land is described as follows:

Starting at the Northeast corner of the Northwest Quarter of the Northwest Quarter of Section 3, Township 6 North, Range 7 West, White County, Arkansas; thence South 1° 36' West, 1564.0 feet to a point on center line of Survey, designated as Station 276+70.0; thence South 48° 30' West along said center line of Survey, 1890.0 feet to a point designated as Center Line Station 257+80±; thence North 41° 30' West to a point on the existing right of way line 72.0 feet from and perpendicular to said center line of Survey Station 257+80.0±, the point of beginning.

Beginning at the above described point; thence South 48° 30' West, 350.0 feet to a point 72.0 feet from and perpendicular to center line of Survey Station 254+30.0; thence North 41° 30' West, 228.0 feet to a point; thence North 48° 30' East, 350.0 feet to a point; thence South 41° 30' East, 228.0 feet to the point of beginning; and

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus;

NOW THEREFORE, IT IS ORDERED that the Director take whatever steps are necessary to convey the above described parcel of land back to the original owners.

4779 WHEREAS, The St. Louis Southwestern Railway Lines has requested automatic grade crossing protection for the State Highway 11 and St. Louis Southwestern Railway Lines at Ricusky and,

WHEREAS, The Planning and Research Division of the Arkansas Highway Department has found that this crossing warrants automatic grade crossing protection,

NOW, THEREFORE, in ARKANSAS COUNTY on STATE HIGHWAY 11, SECTION 6 at the crossing of the St. Louis Southwestern Railway Lines near Ricusky, the Director is authorized to proceed with the installation of flashing light automatic grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4780 WHEREAS, The St. Louis Southwestern Railway Lines has requested automatic grade crossing protection for the State Highway 130 and St. Louis Southwestern Railway at Ricusky and,

WHEREAS, The Planning and Research Division of the Arkansas Highway Department has found that this crossing warrants automatic grade crossing protection,

NOW, THEREFORE, in ARKANSAS COUNTY on STATE HIGHWAY 130, SECTION 6 at the crossing of the St. Louis Southwestern Railway Lines near Ricusky, the Director is authorized to proceed with the installation of flashing light automatic grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the

installation cost and will maintain the devices after installation without cost to the State.

2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4781 In FAULKNER COUNTY, for an extension of HIGHWAY 266 to the new additions to the Children's Colony, the Director is authorized to construct the road, service roads, and parking areas as shown on the attached sketch. The work consists of grading, minor drainage structures, base and double bituminous surfacing at an estimated cost of \$50,000.00.

This action is subject to the payment by the Children's Colony of \$14,000.00 for the service roads and parking areas, and the furnishing of right-of-way free of cost to the Highway Department.

4782 In LEE COUNTY on HIGHWAY 261 between Holup and Gill there is an old, dilapidated, and dangerous bridge which is subject to frequent overflowing. The Director is authorized to replace this bridge as an emergency program measure at an estimated cost of \$33,000.00 for bridge and approaches.

This action is subject to the furnishing of right-of-way free of cost to the State.

4783 In POINSETT COUNTY on Highway 136 from Highway 135 to State Highway 140, a distance of approximately 2.0 miles, in order to fully comply with Act 150 of 1961, the Director is authorized to improve the road to secondary standards with grading, base, structures, and double bituminous surface course at an estimated cost of \$80,000.00. This action is subject to the furnishing of right-of-way free of cost to the State.

4784 In PULASKI COUNTY for an EAST-WEST EXPRESSWAY in the vicinity of Eighth Street in Little Rock, from University Avenue to Park Street:

WHEREAS, by MINUTE ORDER No. 2977, dated October 7, 1958, the State Highway Commission committed itself to build an expressway type facility if and when monies were available, provided certain conditions were met by the City of Little Rock; and

WHEREAS, the conditions of Minute Order No. 2977 have been accepted by the City of Little Rock, including a proposal by the City that all right-of-way be furnished, clear of obstructions, free of cost to the State; and

WHEREAS, the City, after a gross appraisal had been made of the proposed route to provide a four-lane expressway type facility, held an election which carried and sold bonds to acquire the right-of-way; and

WHEREAS, after studies were made by the Department it develops that in some stretches of the facility there will be traffic to warrant six lanes, which requires a greater taking of right-of-way than was anticipated in the original concept; and detailed appraisals indicate higher costs to acquire than was originally planned, which makes the amount received from the bond sale inadequate; and

WHEREAS, the City of Little Rock, by official request, has petitioned that Federal-aid Highway Funds be made available for matching city expenditures for right-of-way, when eligible; and

WHEREAS, the Highway Commission recognized some merit in the plea of the City;

NOW THEREFORE, IT IS ORDERED that the right-of-way to be provided by the City, which has been appraised by standards acceptable to the Bureau of Public Roads, reviewed and approved by the State Highway Department and negotiated for or acquired by condemnation in a manner approved by the State Highway Department and the Bureau of Public Roads, may be submitted to the Bureau of Public Roads for participation in Federal Funds to the maximum amount of \$800,000.00. Removal of man-made obstructions can be a part of this offer by the Highway Department, except that removal and rearrangement of utilities will still be the sole responsibility of the City.

This action is subject to the acceptance by official action of the Board of Directors of the City of Little Rock, and approval by the Bureau of Public Roads. By Bureau of Public Roads regulations, property acquired prior to this action and program approval cannot be participating in Highway Federal-aid Funds.

All other provisions and conditions of Minute Order No. 2977 not in conflict with this order are to remain in full force and effect.

4785 Cross County, Job No. 11676, St. Francis Bay-East, FAP F-020-2(12) & Corps of Engineers Contract No. DA-40-041-CIVENG-62-53. The contract for the construction of approximately 0.966 miles of Grading, Minor Drainage Structures, Gravel Base, ACHM Base & Surface Courses, Sealed Shoulders and other misc. items on the Levesque-Parkin Road, US Highway 64, Section 16, is awarded to W. K. Ingram Construction Company of West Memphis, Arkansas on their low bid of \$220,221.98, subject to the concurrence of the Bureau of Public Roads & the Corps of Engineers.

4786 Drew & Cleveland Counties, Job No. 2637, Rye-Southeast, FAP S-473(2). The contract for the construction of approximately 6.289 miles of Grading, Minor Drainage Structures, Shaping Roadway & Ditches, Portland Cement Stabilized Base, Double Bit. Surface Treatment and other Misc. Items, on the Rye-Monticello Road, State Highway 35, Sections 6 & 7, is awarded to Reynolds & Williams of Little

Rock, Arkansas on their low bid of \$189,606.31.

- 4787 Miller County, Job No. 3566, Texas State Line-Homan Grading & Structures, FAP I-30-1(4)0. The contract for the construction of approximately 11.162 miles of Grading & Minor Drainage Strs. throughout project; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Fr. Rds., Co. Rds. & Detours; Gravel Base, ACHM Surf. with Bit. Treated Shldrs. on Paups Spur Rd.; 4-R.C. Slab Span Brs. (480.00 ft. tot. lgth.), 5-R.C. & Str. Steel I-Beam Span Brs. (1168.25 ft. tot. lgth.) & 1-Dbl. Sectional Plate Pipe Arch Culvt. (28.33 ft. tot. waterway span) on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to W. R. Fairchild Const. Co., Ltd., of Hattiesburg, Mississippi on their low bid of \$1,726,743.27, subject to the concurrence of the Bureau of Public Roads.
- 4788 Independence County, Job No. 5515, Bethesda-East, FAP S-481(1). The contract for the construction of approximately 4.453 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Bethesda-Batesville Road, State Highway 106, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$311,862.45.
- 4789 Johnson & Pope Counties, Job No. 8461, Big Piney Creek-London Grading & Structures, FAP 1-40-2(2)68. The contract for the construction of approximately 6.044 miles of Grading & Minor Drainage Strs. throughout project; Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. on Fr. Rds., Co. Rds. & Interchange; 2 R.C. & Str. Steel I-Beam & Plate Girder Span Bridges (1344.34' tot. lgth.), 5 R.C. & Str. Steel I-Beam Span Brs. (854.84' tot. lgth.) & other misc. items on the proposed location of the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 2, is awarded to S. E. Evans, Inc., of Fort Smith, Arkansas on their low bid of \$1,960,849.01, subject to the concurrence of the Bureau of Public Roads.
- 4790 Boone County, Job No. 9425, Harrison-Cottonwood Road, FAP U-025-4(6). The contract for the construction of approximately 4.621 miles of Grading, Minor Drainage Structures, Plant Mixed Crshd. Stone Base, ACHM Base & Surface Courses, Bit. Treated Shldrs., Conc. Curb & Gutter & Remodeling One R.C. Slab Span Br. (401') & One R.C. Deck Girder Span & R.C. Slab Span Br. (69') on the Marshall-Omaha Road, US Highway 65, Sections 1 & 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas, on their low bid of \$1,055,484.67, subject to the concurrence of the Bureau of Public Roads.
- 4791 Benton County, Job No. 9471, White River Bridge Superstructure, FAP Corps of Engineers Contract No. DA-03-050-CIVENG-62-521. The contract for the construction of approximately 1515 feet

of Bridge Superstructure, the major items being Reinforced Concrete Deck, Continuous Structural Steel Plate Girders and the Removal of Existing Bridge on the Rogers-East Road, State Highway 12, Section 3, is awarded to Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$380,990.86, subject to the concurrence of the Corps of Engineers.

4792 Pulaski County, Job No. 6771, Laboratory Furniture & Equipment, FAP State Job. The contract for furnishing and installing Laboratory Furniture & Equipment for Materials & Tests Laboratory is awarded to Parkin Printing & Stationery Company of Little Rock, Arkansas on their low bid of \$179,111.00.

4793 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Thursday, August 2, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and thirteenth Meeting in Little Rock, Arkansas on August 2, 1962.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 5, 1962

The following is the record of the proceedings of the One Hundred and fourteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 5, 1962 at which time the following members were present:

J. E. Crain	Chairman
Glenn F. Wallace	Vice-Chairman
Truman Baker	Member
Wayne Hampton	Member
Arnil Taylor	Member

4794 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 5, 1962.

4795 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4785 through 4792 and for Job 7588 at the regular meeting of the Commission on August 2, 1962.

4797 J. H. (JIM) CRAIN, former chairman and three times a member of the Arkansas State Highway Commission died on July 23, 1962.

Upon his retirement from active public service in 1960 the State of Arkansas and its citizens lost the services of one of its most progressive, farsighted, and public spirited supporters. He was an advocate of progress as was proven by his successful development, management, and expansion of a potentially rich section of Eastern Arkansas into one of the world's greatest private agricultural enterprises. He freely gave his time and ability to public service for his community and his State.

In addition to almost fourteen years of service on the Arkansas State Highway Commission, a tenure unequaled by any other, he served the public interest in numerous capacities on committees and commissions, including membership on the State Highway Audit Commission (1951-52). The findings and recommendations of the Audit Commission led to initiation and adoption of the Mack-Blackwell Amendment to our State's Constitution, which provided for the present system of administration for the Highway Department.

NOW THEREFORE, as an expression of our admiration and respect for J. H. (JIM) CRAIN and in grateful recognition of his contribution to his beloved State we order this resolution spread on the

records of this Department and that a copy be furnished to his son John E. Crain, Sr., present chairman of the Arkansas State Highway Commission for delivery to the family.

4798 The attached list of Capital Outlay Road Machinery and Equipment in the estimated amount of \$999,231.80 including Tax and Certificates of Title, to be purchased the Fiscal Year 1962-63 from July 1, 1962 to July 1, 1963 under Minute Order Number 4656 dated June 27, 1962. Budget of \$1,050,000.00.

The Director is hereby authorized to proceed in the most feasible manner through proper channels with the purchase of Capital Outlay Road Machinery and Vehicles as per the attached list for the fiscal year 1962-63 not to exceed \$1,050,000.00, the total allotment for the Fiscal Year from July 1, 1962 to July 1, 1963.

4799 WHEREAS, due to age and condition it is necessary at this time to replace heating and air conditioning equipment in the existing buildings located at Jacksonville, consisting of Equipment Office, Central Warehouse and Central Shops,

WHEREAS, the existing buildings located at Jacksonville were acquired from War Assets shortly after World War II, and the heating system is now obsolete,

WHEREAS, \$45,000.00 was allotted under Minute Order Number 4656 dated June 27, 1962, under Section VI, Jacksonville Improvements,

IT IS ORDERED that the Director be authorized to proceed with Building Project in the most feasible manner in the replacement of the heating and air conditioning system in the existing buildings of Equipment Office, Central Warehouse and Central Shops located at Jacksonville, due to obsolescence, in accordance with Arkansas State Highway Department Specifications in an amount not to exceed \$45,000.00.

4800 WHEREAS, on August 22, 1962, a center striping truck, license number 6559, which was being used on STATE HIGHWAY 9 in IZARD COUNTY was totally destroyed by fire and,

WHEREAS, in order to keep the highways striped in a suitable manner it is necessary that this striping machine be replaced,

IT IS ORDERED that the Director be authorized to supplement the machinery and vehicle equipment allotment, as approved by Minute Order 4656, in the amount of \$25,000.00 for the purchase of a new striping truck complete.

4801 WHEREAS, the Purchasing Committee has awarded purchases

on August 6, 13, 20, 27 and September 4, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4802 WHEREAS, in MONROE and PHILLIPS COUNTIES, upon completion of Jobs 11519 and 11542, a direct route between US 70 and the Helena Bridge will be provided, and

WHEREAS, an agreement was reached with the Mississippi Highway Department to designate the approach routes to the Helena Bridge as S.H. 6, and

WHEREAS, for the convenience of the motoring public it would be less confusing to have a single route designation in Arkansas from the Helena Bridge to US 70 near Brinkley,

NOW, THEREFORE, IT IS ORDERED That, upon completion of Jobs 11519 and 11542, the following route designation changes be made:

1. S.H. No. 6 shall be along the route of S.H. 20, as constructed by Jobs 11519 and 11542, from US 70 near Brinkley to the jct. of the present route near the Monroe-Phillips County Line; thence along the present route of S.H. 20 via Marvell, Walnut Corner, West Helena, and Helena to the jct. of the present route of S.H. 6 at Helena; thence along present S.H. 6 to the Helena Bridge.

2. The portion of S.H. No. 20, Secs. 3 & 4, from the jct. of present S.H. 20 and 6 in Helena, south to the jct. of S.H. 49, shall be designated as S.H. 49, Sec. 1, with the portion of S.H. 20 from the jct. of S.H. 49 and 20 south to the Mississippi River to be designated as S.H. 49, Sec. 1 Spur.

3. S.H. 86, Sec. 3, in Monroe County, shall be extended to include the portion of Old S.H. 20 from the jct. of S.H. 20 and 86, east to the jct. of the new route as constructed by Job 11519.

4. The portion of S.H. 39, Sec. 9, from the jct. of US 70 in Brinkley, south to the jct. of S.H. 238, Sec. 1, shall be designated as S.H. 238, Sec. 1, and the portion of S.H. 39, Sec. 9, from the jct. of S.H. 238 south to the route as constructed by Job 11542 shall be designated as S.H. 238, Sec. 1 Spur.

5. All portions of S.H. 20, Secs. 1 & 2, and 39, Sec. 9, not used in the above redesignations and that have been replaced by new construction, and in conformity with Supreme Court decisions are declared to be no longer a part of the State Highway System, all as shown on attached sketch.

4803 WHEREAS, at the request of the City of Jonesboro, an Agree-

ment was entered into for a comprehensive study and development of a future land use and transportation plan, through the cooperation of the City Planning Division of the University, the State Highway Department, the Bureau of Public Roads, the Housing and Home Finance Agency, and the City; and

WHEREAS, upon completion of the cooperative study, a public hearing was held after due public notice, according to State Law, and thereafter the City Planning Commission adopted the Plan and certified same to the City Council with recommendation for adoption; and

WHEREAS, on July 16, 1962, the City Council approved and adopted the Plan as an official plan and guide for future land use and transportation improvements for the City; and

WHEREAS, this planning study was the first developed in the Nation using City, State, Federal Aid, and Housing and Home Finance Agency funds for cooperative, comprehensive urban planning and, as a result, the study has been designated as a pilot project, recommended for use throughout the country by the Bureau and HHFA;

NOW, THEREFORE, BE IT RESOLVED, That the highway network and suggested improvements thereon as set forth in the publication entitled "Jonesboro, Arkansas, Transportation, Land Use, and Population, Plan Book, June 1962" be and is hereby adopted as an official plan and guide by the Department for such future improvements of the proposed State Highway System serving Jonesboro as may be found feasible.

4804 WHEREAS, in WASHINGTON COUNTY on STATE HIGHWAY 45, approximately one mile south of Cane Hill, the Cane Hill Restoration Club has offered to lease to the Department a suitable site, containing 2.93 acres, for a roadside park, the lease to run for a period of twenty-five years and,

WHEREAS, Minute Order 3425, approved on September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute a lease with the Care Hill Restoration Club on this property for a period of twenty-five years and to establish a roadside park.

4805 WHEREAS, Minute Order 4656 approved June 27, 1962, made an allotment of \$1,000,000.00 for Betterment Projects and,

WHEREAS, this fund has been depleted.

IT IS ORDERED, that the Betterment Projects Fund be supplemented in the amount of \$500,000.00. The allotment to come from

unallotted funds.

- 4806 In ARKANSAS COUNTY on STATE HIGHWAY 11, SECTION 7, from Stuttgart North to the Prairie County Line, a distance of 4 miles, the Director is authorized to resurface the existing pavement as a Betterment Project at an estimated cost of \$20,000.00.

Work to be done by contract.

- 4807 WHEREAS, Minute Order 4747, approved on August 2, 1962, authorized the resurfacing of 1.21 miles of US 79, US 82 and S.H. 132 in the City of Magnolia, as a betterment project, at an estimated cost of \$15,200.00, on the condition that the City of Magnolia would pay \$2,310.00 of the cost, which was to cover the surfacing of parking areas and,

WHEREAS, we have been informed that the \$15,200.00 estimate did not include the cost of resurfacing the parking areas,

IT IS ORDERED that Minute Order 4747 be revised to authorize the resurfacing of the 1.21 miles, as a betterment project, at an estimated cost of \$15,200.00, with the City of Magnolia doing the work of resurfacing of parking areas at the City's expense.

- 4808 In MISSISSIPPI COUNTY on STATE HIGHWAY 158, Section 1, from Interstate 55 to State Highway 77, a distance of 9 miles, the Director is authorized to resurface 3.13 miles of the existing pavement with Blade Mix Material and to place Gravel Blade Mix on 4.87 miles of the existing gravel surface, to repair damage caused by material haul in the construction of Interstate 55, as a Betterment Project, at an estimated cost of \$48,500.00.

Material to be dumped in place by Purchase Order Contract and balance of work to be done by State forces.

- 4809 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, from US 70 South, the Director is authorized to resurface selected sections for a total length of 6.3 miles with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$40,000.00.

Work to be done by contract.

- 4810 In SEBASTIAN COUNTY on STATE HIGHWAY 96, Section 1, at Mansfield, the Director is authorized to proceed with the work of rebuilding two rotted and dangerous bridges (Total Length 162 feet). The work is to be done as a Betterment Project, at an estimated cost of \$21,000.00 for materials only.

Work to be done by State forces.

- 4811 In YELL COUNTY on OLD STATE HIGHWAYS 22, 7 & 155, in the city of Dardanelle, the Director is authorized to resurface the

existing pavement with Asphaltic Concrete Hot Mix Surface Course as a Betterment Project, at an estimated cost of \$9,800.00.

Work to be done by contract.

4812 WHEREAS, The Commission by Minute Order 4485 provided for the Grading, Minor Drainage Structures, Base and Surfacing with a relocation in Tillar on State Highway 138 from the Junction of S.H. 4 Northeast to Junction US 65 at Tillar in Drew and Desha Counties, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has found that this crossing warrants automatic grade crossing protection,

NOW, THEREFORE, in DREW COUNTY on State Highway 138, Section 1, at the new crossing of the Missouri Pacific Railroad in Tillar the Director is authorized to proceed with the installation of flashing light automatic grade crossing protection at an estimated total cost of \$8,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4813 WHEREAS, the Missouri Pacific Railroad Company has requested automatic grade crossing protection for the US Highway 67 and Missouri Pacific Railroad near Searcy, White County, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has found that this crossing warrants automatic grade crossing protection,

NOW, THEREFORE, in WHITE COUNTY on US HIGHWAY 67, SECTION 12, at the crossing of the Missouri Pacific Railroad Company Lines near Searcy the Director is authorized to proceed with the installation of flashing light automatic grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required Right-of-Way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4814 In CRITTENDEN COUNTY on HIGHWAY US 70 and 79 in the City of West Memphis, from 14th Street to Club Road, in order to eliminate a dangerous and hazardous condition the Director is authorized to replace existing dirt shoulders with crushed stone base and asphaltic concrete hot mix, install necessary storm sewers and drainage for highway water, and overlay the existing roadway with asphaltic

concrete hot mix at an estimated cost of \$85,000.00.

- 4815 In GARLAND COUNTY in the City of Hot Springs on HIGHWAY US 70 from Third and Grand to the end of Job 6726, a distance of approximately 2.03 miles, the Director is authorized to widen and reconstruct the existing facility at an estimated cost of \$240,000.00.

This action is subject to program approval by the Bureau of Public Roads and the removal of parking by the City of Hot Springs.

- 4816 In LAFAYETTE COUNTY on STATE HIGHWAY 160, Section 2, two untreated detour structures were erected in 1959 to be used until new bridges could be constructed and,

WHEREAS, these bridges are now in bad condition but can be used, with proper maintenance, until new bridges are completed, if construction is started soon,

IT IS ORDERED that these bridges be programed for construction at an estimated cost of \$80,000.00, subject to approval by the Bureau of Public Roads.

- 4817 In MILLER COUNTY on HIGHWAY 82 at Log Mile 13.08, McKinney Bayou, there is an old timber bridge, built in 1930, which is inadequate and dangerous for the heavy traffic carried. The Director is authorized to replace this bridge at an estimated cost of \$95,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 4818 In WHITE COUNTY on HIGHWAY 5 from Rosebud-South, approximately 7.61 miles, the Director is authorized to place approximately 3,000 cubic yards of base course per mile at an estimated cost of \$51,000.00.

The material is to be bought, dumped in place, and spread by State forces.

- 4819 Union County, Job No. 7588, El Dorado By-Pass Additional Frontage Roads & Fencing, FAP U-UG-021-1(13) & U-021-1(24). The contract for the construction of approximately 0.814 mile of additional Frontage Roads, consisting of Grading, Minor Drainage Strs., Gravel & Crushed Stone Base, ACHM Surface with Concrete Curb & Gutter; Wire Fence on selected sections of the entire by-pass & other misc. items on the El Dorado East By-Pass Road, US Highway 167, Section 2, only one bid was received on FAP U-UG-021-1(13) and was rejected; only one bid was received on FAP U-021-1(24) which award was made to J. Lester Booker Company of Little Rock, Arkansas on their bid of \$96,061.25, subject to the concurrence of the Bureau of Public Roads.

- 4820 Monroe County, Job No. 11672, Junction Hwy. 20-Brinkley,

FAP S-216(7). The contract for the construction of approximately 1.299 miles of Grading, Minor Drainage Strs., Crushed Stone Base, Concrete Curb & Gutter, Asphaltic Concrete Hot Mix Surface and other misc. items, in and near the City of Brinkley, State Highway 39, Section 9, and US Highway 70, Section 17. No bids were received.

- 4821 Little River County, Job No. 3598, Oklahoma Line-East, FAP S-272(2). The contract for the construction of approximately 4.156 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, One Reinforced Concrete Slab Span Bridge (84.0' Total Length) and other misc. items, on the Oklahoma Line-Foreman Road, State Highway 108, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$213,446.04.
- 4822 Stone County, Job No. 5521, Lick Creek & Brushy Creek Bridges & Approaches, FAP S-295(3). The contract for the construction of approximately 0.947 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Two Reinforced Concrete & Structural Steel I-Beam Span Bridges (260.56' Total Length) and other misc. items on the Rushing-Mountain View Road, State Highway 9, Section 11, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$128,912.54.
- 4823 Pulaski County, Job No. 6765, Levy Overpass-North Terminal Interchange, FAP I-40-3(32)153. The contract for the construction of approximately 0.514 mile of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, P.C. Concrete Base (6" U.T.), P.C. Concrete Pavement (10" U.T.), Asph. Conc. Hot Mix Shoulders, Sod Mulch & other misc. items, in North Little Rock on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 3, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$389,845.16, subject to the concurrence of the Bureau of Public Roads.
- 4824 Ouachita County, Job No. 7563, Jct. Hwy. 4-Eagle Mills Reconstruction, FAP F-015-1(3) & FG-015-1(5). The contract for the construction of approximately 6.695 miles of Grading, Mr. Dr. Strs., Gravel Subbase & Base, Asph. Treated Gravel Base, Dense Graded Hot Mix Base, Asph. Conc. Hot Mix Surf., Bit. Treated Shoulders, Conc. Curb, Remodel & Raise Existing R.CA & Str. Steel I-Beam & Deck Girder Span R.R. O'pass Str. (361.10 lin. ft.), Two New R.C. Slab Span Bridges (250.00 lin. ft. total length) & other misc. items on the Camden-Fordyce Road, US Highway 79, Section 4, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$697,149.40, subject to the concurrence of the Bureau of Public Roads.
- 4825 Faulkner County, Job No. 8500, Enola-Jct. Hwy. 225 Bridges & Approaches, FAP S-301(2). The contract for the construction of

approximately 0.643 mile of Grading, Minor Drainage Structures, Crushed Stone Base, One R.C. Slab Span Bridge (90.0'), One Reinforced Concrete & Structural Steel I-Beam Span Bridge (287.17'), One Br.-Length Culvert (26.67' Total Span) & other misc. items on the Enola-Quitman Road, State Highway 107, Section 1, is awarded to J. W. McCracken Contractor, Inc., of Conway, Arkansas on their low bid of \$159,853.32.

4826 Faulkner County, Job No. 8528, Cadron Creek-Wooster Resurfacing, FAP State Job. The contract for the construction of approximately 3.126 miles of Limited Grading, Crushed Stone Base and Shoulders and Asphaltic Concrete Cold. Lay Wearing Surface on the Conway-Wooster Road, State Highway 25, Section 0, is awarded to APT Construction Company of North Little Rock, Arkansas, on their low bid of \$76,600.35.

4827 Craighead County, Job No. 10693, Jct. US Hwy. 63-Jct. Hwy. 18, FAP State Job. The contract for the construction of approximately 0.494 mile of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Surface and other misc. items in the City of Jonesboro, State Highway 173, Section 1, is awarded to Vern Barnett Construction Company of Jonesboro, Arkansas on their low bid of \$34,295.70.

4828 Craighead County, Job No. 10702, Johnson Avenue Reconstruction (Jonesboro), FAP State Job. The contract for the construction of approximately 1.383 miles of Grading, Minor Drainage Structures, Gravel Base and Asphaltic Concrete Hot Mix Surface in the City of Jonesboro on the Jonesboro-Hoxie Road, State Highway 63C, Section 6C, is awarded to Salmons Construction Company of Jonesboro, Arkansas on their low bid of \$83,325.52.

4829 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in the vicinity of Pine Bluff, Jefferson County, and,

WHEREAS, Mr. L. R. Lavender has offered to sell the Department a suitable tract of land, containing approximately 4.75 acres, located on State Highway 81, four and one-half miles south of Pine Bluff, for \$4,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$33,000.00.

4830 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, September 5, 1962.

I hereby certify that the foregoing is a true and correct record of

the proceedings taken by the Arkansas State Highway Commission at its One Hundred and fourteenth Meeting in Little Rock, Arkansas on September 5, 1962.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 10, 1962

The following is the record of the proceedings of the One Hundred and fifteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on October 10, 1962 at which time the following members were present:

J. E. Crain	Chairman
Truman Baker	Member
Wayne Hampton	Member
Arnil Taylor	Member

4831 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., October 10, 1962.

4832 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4821 through 4828 at the regular meeting of the Commission on September 5, 1962.

4834 WHEREAS, the Purchasing Committee has awarded purchases on September 10, 17, 24, and October 1 and 8, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4835 WHEREAS, by Minute Order 4806 in Arkansas County on State Highway 11, Section 7, the Director was authorized to resurface the existing pavement from Stuttgart north to the Prairie County line a distance of four miles as a betterment project at an estimated cost of \$20,000.00, work to be done by contract, and

WHEREAS, by Minute Order 4809 in Prairie County on State Highway 11, Section 8 from U. 5. 70 south, the Director was authorized to resurface selected sections for a total length of 6.3 miles as a betterment project at an estimated cost of \$40,000.00, work to be done by contract, and

WHEREAS, sealed bids were received in the Procurement Office of the Highway Department for the work described in Minute Order 4806 as Allotment No. 2-142(1) with Graves Brothers of Pine Bluff submitting the only bid received of \$19,994.58, and

WHEREAS, sealed bids were received on the work described in Minute Order 4809, as Allotment No. 6-161(1) on September 20, 1962 with the Graves Brothers submitting the low bid of \$43,285.00, and

WHEREAS, the Purchasing Committee at its meeting on October 1, awarded these contracts to Graves Brothers, subject to the submission by the contractor of a satisfactory performance bond, and

WHEREAS, Graves Brothers has not submitted the required performance bond and now desires to assign their contract to Southeast Construction Co., Inc. and said Southeast Construction Co., Inc. has submitted a sufficient performance bond, and has accepted and agreed to the assignment of the contract from Graves Brothers Contractors, and

WHEREAS, the Purchasing Committee at its meeting on October 8, accepted the assignment of the contract from Graves Brothers to Southeast Construction Co., Inc. subject to the approval of the Commission,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in accepting the assignment of the contracts on Job Allotment 2-142(1) and Job Allotment 6-161(1), Graves Brothers to Southeast Construction Co., Inc., be ratified and confirmed in all particulars.

4836 WHEREAS, in WHITE COUNTY on STATE HIGHWAY 5, Section 14, bids were invited, under Purchase Order Contract, for the delivery of 24,000 cubic yards of Crushed Stone Base Material under Minute Order 4818, which approved an allotment of \$51,000.00, and,

WHEREAS, the low bidder was the Freshour Corporation with a bid of \$57,360.00 and

WHEREAS, the Purchasing Committee, on October 1, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 5-106, be awarded to the Freshour Corporation on their low bid and that the allotment, approved by Minute Order 4818, be supplemented in the amount of \$6,400.00.

4837 WHEREAS, Minute Order 4578 permits acceptance of Prequalification Questionnaires for the Contractor's fiscal year; and

WHEREAS, the L. S. Company, Inc. has changed its fiscal year to end December 31 in lieu of September 30; and

WHEREAS, the L. S. Company, Inc. is presently qualified to bid with this Commission until December 1, 1962; and

WHEREAS, the L. S. Company, Inc., a reliable contracting firm with a long record of satisfactory performance on contracts with the Department, has requested that the grace period for submitting a new

Prequalification Questionnaire be extended from sixty (60) days to one hundred fifty (150) days to avoid the necessity of having a certified audit made ninety (90) days prior to the end of the fiscal year;

NOW THEREFORE BE IT RESOLVED, that the L. S. Company, Inc., be and is hereby granted special permission to bid on highway projects within the limits of its approved Prequalification Questionnaire until its annual audit as of December 31, 1962 can be made and submitted not later than March 1, 1963.

4838 WHEREAS, the Highway Group Insurance fifth contract year with the First Pyramid Life Insurance Company expires January 1, 1963, and

WHEREAS, the First Pyramid Life Insurance Company has been losing money consistently on Employees Health Benefits as shown on the attached report, dated October 2, 1962, which was submitted to the Highway Commission by the Group Insurance Committee, and

WHEREAS, officials of the First Pyramid Life Insurance Company have informed the Group Insurance Committee that they would be unable to renew our contract under the present plan for the sixth contract year beginning January 2, 1963, and

WHEREAS, the Group Insurance Committee has reviewed several proposed semi-monthly rates on variations of the present Employees Group Plan shown on the attached report, and

WHEREAS, the Group Insurance Committee with the authority vested by Minute Order 2295, of October 23, 1957, voted unanimously to recommend continued coverage under Plan 4, in the attached report,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to renew our insurance coverage as provided in Plan 4 with the First Pyramid Life Insurance Company for one (1) contract year beginning January 2, 1963.

4839 In accordance with the provisions of Act 148 of 1961, the Director is authorized to pay \$1,000.00 to the Mississippi River Parkway Commission as the pro-rata cost to Arkansas for the promotion and development of the GREAT RIVER ROAD.

4840 WHEREAS, the 1961 General Assembly by Act 453 directs the State Highway Commission to establish and thereafter maintain a free public ferry on the Arkansas River crossing of State Highway No. 1 between Arkansas and Desha Counties, which said acquisition and maintenance shall be provided from maintenance funds of the State Highway Department.

NOW THEREFORE, the Director is authorized to enter into a contract with CLAY CROSS to operate a free public ferry on the Arkansas River crossing of State Highway No. 1 between Arkansas and Desha Counties for the term of five (5) years.

4841 WHEREAS, in Boone County at Harrison, Arkansas certain properties are desirable for establishing and constructing an Alternate Route through the City of Harrison, and

WHEREAS, certain desirable lands belonging to the Arkansas and Ozark Railway Corporation can be bought at a reasonable cost immediately, and

WHEREAS, the City of Harrison, individuals, Boone County by its County Judge and the Urban Renewal Agency of Harrison, Arkansas are desirous of, and have pledged to obtain and deliver to the Director of Highways, Conveyances of title to other lands desirable for said alternate route.

NOW THEREFORE, IT IS ORDERED that the Director be, and he is hereby, authorized to purchase the right of way now owned by the Arkansas and Ozark Railway Corporation for the amount of \$75,000.00 and to accept conveyances of title to the Arkansas Highway Department of certain lands by the above-mentioned individuals and agencies, affecting the acquisition of land necessary to construct said alternate route.

4842 In CRITTENDEN COUNTY on INTERSTATE ROUTE 55, between the Missouri Pacific overpass and the City of Marion, the Director is authorized to perform corrective drainage work as needed to facilitate the flow of surface water from the highway and adjoining lands, at an estimated cost of \$2,500.00.

This action is subject to the furnishing of all easements necessary to perform the work free of cost to the Highway Department.

Work to be done by State forces.

4843 WHEREAS, in Madison County in the City of Huntsville as a joint project, the State Police Department and the State Civil Defense Agency are building a new Police Station and Community Center, and

WHEREAS, this building will be made available for the use by the Highway Department at much benefit to them.

NOW THEREFORE as our contribution toward the project, the Director is authorized to perform excavation for the project with state forces.

4844 WHEREAS, in Phillips County a Highway Traffic Study for the Helena-West Helena area was prepared by the Planning and Research

Division and presented jointly to interested citizens of both cities and surrounding area at a public meeting, and

WHEREAS, in the interest of sound planning for the over-all development of the future transportation network and the relief of heavy truck and other traffic through the urban areas of Helena-West Helena, among other recommendations, the addition of a relief or "Loop Route" to the State Highway System was found justified,

NOW, THEREFORE, IT IS ORDERED, that a relief loop route beginning at the junction of present State Highway 20 and Panama Road in West Helena, thence south along Panama Road to the intersection of Plaza, thence southerly along the old M & A Railroad right-of-way for approximately 5,000 feet, thence in a southeasterly direction for approximately 3.05 miles to the junction of present State Highways 20 and 6 in Helena, a total distance of approximately 5.4 miles, as shown on attached sketch and described in the Helena-West Helena Highway Traffic Study as Route No. 1 is hereby made part of the State Highway System. The Director is authorized to proceed with field surveys for final location and preparation of preliminary plans for determination of right-of-way requirements at an estimated cost of \$8,000. This action is subject to the following conditions:

1. Substantial financial assistance by the cities of Helena and West Helena in obtaining necessary right-of-way after final location is determined from field surveys and right-of-way delineated based upon economic feasibility, and design criteria.
2. Approval of the general route location as part of the primary system by the Bureau of Public Roads.

4845 WHEREAS, the Federal-aid Highway Act of 1962, now before the Congress provides authorization of Federal funds for the development of public lands highways, and,

WHEREAS, public meetings have been held and a complete report has been made showing the desirability and feasibility of a recreation and scenic road in the Ouachita National Forest between Mena, Arkansas and US Highway 271 north of Tahlequah, Oklahoma, a distance of about 55 miles and to Cost about 7 Million Dollars, and

WHEREAS, the Committee on Public Works, United States Senate, has expressed the hope that in allocation of the additional funds recommended, the Federal Highway Administrator will give priority to the needs for funds for the specific public lands highway project above-mentioned, and

WHEREAS, the rights-of-way, construction and maintenance costs for the project would be paid entirely from Federal funds, and the Arkansas Highway Commission would furnish only engineering services for design and construction of the project;

NOW, THEREFORE, IT IS ORDERED that the route between Mena, Arkansas, over Rich Mountain and through Queen Wilhelmina State Park to the Arkansas-Oklahoma State Line be added to the State Highway System, subject to allocation of Public Lands Highway funds by the Federal Highway Administrator for rights-of-way and construction of the project. Pursuant thereto the Director is authorized to perform all engineering and other work necessary in the design, acquisition of rights-of-way and construction of the proposed public lands highway.

4846 In PULASKI COUNTY for the South Terminal Interchange:

WHEREAS, Job 6763, an erosion control project, was let to the D. F. Jones Construction Company which included 2,642 cubic yards of sod mulch; and

WHEREAS, after the work had begun it was discovered that the quantities bid on were very much underestimated and to accomplish the work intended would require approximately 11,775 cubic yards of sod mulch, which exceeds the allowable 25% overrun of the contract allowed by the specifications without Highway Commission approval; and

WHEREAS, the Contractor has agreed to place the additional sod mulch at the unit bid price in the contract;

NOW THEREFORE, the Director is authorized to place the necessary sod mulch to properly accomplish the work intended.

4847 WHEREAS, in SCOTT COUNTY, at White Oak Mountain, we have a radio repeater station which is being operated with a generator using LP gas for fuel, and,

WHEREAS, the continuous operation of a generator necessitates the maintenance of two generators at this location (one for stand-by), and,

WHEREAS, the US Forest Service has agreed to join with us in erecting a power line from a point approximately three (3) miles away, and,

WHEREAS, the Arkansas Valley Electric Cooperative, Inc., at Ozark, has indicated that they will construct this line at an estimated cost of \$10,000.00,

IT IS ORDERED that the Director be authorized to join with the US Forestry Service in negotiating with the Arkansas Valley Electric Cooperative, Inc., for the construction of the power line to serve White Oak Mountain radio station, and to bear one-half the actual cost of construction, not to exceed \$5,000.00.

Funds to come from the Radio Budget Expense Allotment.

4848 In WASHINGTON COUNTY for a HIGHWAY US 71 bypass of Fayetteville:

WHEREAS, a route study to establish a general corridor of the bypass was made by the Department under date of December 1959, approved by the Commission and the Bureau of Public Roads; and

WHEREAS, more detailed studies have been made from current aerial maps and on-the-ground inspections to establish more exact location for the bypass; and

WHEREAS, these findings have been compiled in a report as a supplement to the original study and entitled "Fayetteville Loop Route Study" dated May 1962 and revised October 1962;

NOW THEREFORE, this supplemental report, as revised, is accepted and approved by the Highway Commission which specifies that the recommended alignment for the Fayetteville Bypass of US 71 conform to that shown on Plate 2 of the revised report and is designated Line "C".

The Director is authorized to complete surveys and plans necessary to determine right-of-way requirements and then to report back to the Highway Commission for further authority.

These actions are subject to the approval of the Bureau of Public Roads.

4849 In CLAY COUNTY on STATE HIGHWAY 90, Section 1, St. Francis River Bridge (Total Length of Arkansas Part - 1,061 feet), the Director is authorized to proceed with the remodeling of the existing rotten and dangerous structure. The work of replacing deteriorated piling and caps and the replacement of the rotten timber deck with Precast Concrete Units (41 spans), R. C. Concrete deck (4 spans) and timber deck with wearing surface (6 spans) to be done as a Betterment Project at an estimated cost of \$60,000.00 for materials only.

Work to be done by State forces.

4850 In CLEVELAND COUNTY on STATE HIGHWAY 114, Section 0, between Calmer and the Lincoln County line, the Director is authorized to replace seven (7) narrow and rotten untreated timber bridges. Replacement of four (4) bridges will be with treated timber and R. C. Concrete decks; Three (3) bridges are to be replaced with one (1) eight-span Precast Slab bridge on treated timber structure. These 407 linear feet of bridges are to be built as a Betterment Project, at an estimated cost of \$13,200.00 for materials only.

Work to be done by State forces.

- 4851 In COLUMBIA COUNTY on US 79, Section 1, from the Louisiana State Line to Magnolia, a distance of 17 miles, the Director is authorized to resurface 7 miles of selected sections with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$58,700.00.
 Work to be done by Contract.
- 4852 In CONWAY COUNTY for an access drive, approximately 0.30 mile in length, to the Petit Jean Vocational Trade School from Highway 9 North of Morrilton, the Director is authorized to construct the drive consisting of grading, drainage structures, base course, and double bituminous seal course with maintenance forces, at an estimated cost of \$5,000.00, as a betterment project.
 This action is conditioned on the furnishing of right-of-way free of cost to the Department.
- 4853 In CRITTENDEN COUNTY on STATE HIGHWAY 118, Section 3, from State Highway 42 to the Poinsett County line, a distance of five miles, the Director is authorized to place Gravel Surface Material, in order to insure uninterrupted use of the road this winter, as a Betterment Project, at an estimated cost of \$20,000.00.
 Material to be dumped in place by contract and spread by State forces.
- 4854 In FAULKNER COUNTY on HIGHWAY US 65 in and south of Conway, the Director is authorized to eliminate an existing dangerous and hazardous condition by widening the existing pavement from just south of the industrial area to the existing four-lane facility in Conway.
 This is a betterment project, estimated to cost approximately \$80,000.00 and is to be done by state contract.
- 4855 In FAULKNER COUNTY on certain drives of the State Teachers College in Conway, the Director is authorized to improve approximately 1550 lineal feet of the drives by the addition of base course and asphaltic surface course at an estimated cost of \$4,000.00.
 This is a betterment project and the work is to be performed by State Maintenance Forces.
- 4856 In INDEPENDENCE COUNTY at the new Headquarters Site south of Batesville, it is ordered that an allotment of \$35,000.00 be made for the purpose of installing a water supply system for the proposed facility, consisting of a well, pump and storage.
 This estimate is based on the recommendation made by Cowling and Roark, Architects.
- 4857 In LOGAN COUNTY on STATE HIGHWAY 22, Section 4, from Midway to the Yell County line, a distance of 13.23 miles, the Director is authorized to resurface 2 miles of selected sections with

Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$12,100.00.

Work to be done by State forces.

- 4858 In NEVADA COUNTY on STATE HIGHWAY 19, Section 4, and STATE HIGHWAY 24, Section 5, in Prescott, the Director is authorized to resurface 1.45 miles with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$20,000.00.
Work to be done by Contract.

- 4859 In POPE COUNTY, on the Campus of Arkansas Polytechnic College, the Director is authorized to improve a recently added section of drive 0.21 miles in length, with maintenance forces, as a betterment project, at an estimated cost of \$4000.00.

- 4860 In SCOTT COUNTY on US 71, Section 12, from Abbott to Mansfield, a distance of 3.39 miles, the Director is authorized to resurface 2 miles of selected sections with Cold Plant Mix Asphalt, as a Betterment Project, at an estimated cost of \$12,200.00.
Work to be done by State forces.

- 4861 In WHITE COUNTY on STATE HIGHWAY 36, Section 5, from West Point to Georgetown, the Director is authorized to replace three (3) bridges (Total Length 114 ft.) with Precast Concrete Slabs and to remove three (3) other bridges and replace them with Multiple Arch Pipe Culverts, as a Betterment Project, at an estimated cost of \$21,000.00.
Work to be done by State forces.

- 4862 In YELL COUNTY on STATE HIGHWAY 28, Section 3, at Hopper Creek Bridge between Bluffton and Briggsville, the Director is authorized to proceed with the work of remodeling the concrete sub-structure and replacing narrow rotted timber deck with precast concrete slab deck (Total length 40 feet), as a betterment project at an estimated cost of \$5,000.00 for materials.
Work to be done by State Forces.

- 4863 Faulkner County, Job No. 8527, Siebenmorgan Extension, FAP State Job. The contract for the construction of approximately 0.797 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bit. Surf. Treatment, Concrete Curb and other misc. items on the Arkansas Children's Colony Service Drives & Parking Areas and Siebenmorgan Road Extension (Conway), State Highway 266, Section 1, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$49,989.20.

- 4864 WHEREAS, it has been determined by the Arkansas State Highway Commission that it acquired the total fee and that it is neither necessary nor desirable for state highway purposes that there be a retention of the oil and gas rights thereto, save and except the rights of

ingress and egress, in and to the hereinafter described lands located in Pulaski County, Arkansas, to-wit:

Part of the Northeast Quarter and the East Half of the Northwest Quarter of Section 21, Township 2 North, Range 10 West, Pulaski County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northeast Quarter of the Northwest Quarter of Section 21; thence South $0^{\circ} 06'$ West along the West line of the Northeast Quarter of the Northwest Quarter 1657.38 feet to a point on the proposed Northerly right of way line of Interstate Highway No. 40 for the point of beginning; thence North $80^{\circ} 50'$ East a distance of 3492.30 feet to a point; thence on a curve right having a radius of 23095.0 feet, a distance of 467.81 feet to a point on the East line of Section 21, which is the Pulaski-Lonoke County Line; thence South $0^{\circ} 02'$ East along said line a distance of 353.43 feet to a point on the proposed Southerly right of way line for Interstate Highway No. 40; thence Westerly on a curve left having a radius of 22745.0 feet a distance of 411.67 feet to a point; thence South $80^{\circ} 50'$ West a distance of 3549.40 feet to a point on the West line of the Northeast Quarter of the Northwest Quarter of Section 21; thence North $0^{\circ} 06'$ East along said West line a distance of 354.62 feet to the point of beginning and containing 31.833 Acres.

ALSO:

Part of the East Half of the Southwest Quarter of Section 19, Township 2 North, Range 10 West, Pulaski County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northeast Quarter of the Southwest Quarter of Section 19; thence South $0^{\circ} 10'$ West 598.44 feet to a point on the proposed Northerly right of way line of Interstate Highway No. 40, for the point of beginning; thence North $86^{\circ} 04'$ East a distance of 193.94 feet to a point; thence North $80^{\circ} 50'$ East a distance of 1141.72 feet to a point on the centerline of Section 19; thence South $0^{\circ} 10'$ West along the centerline of Section 19 a distance of 380.03 feet to a point on the proposed Southerly right of way line for new Highway; thence South $80^{\circ} 50'$ West a distance of 280.07 feet to a point; thence North $9^{\circ} 10'$ West a distance of 20.00 feet to a point that is 180.0 feet from and perpendicular to center line of survey for Interstate Highway No. 40; thence South $80^{\circ} 50'$ West a distance of 796.98 feet to a point; thence on a curve left having a radius of 1382.39 feet a distance of 263.15 feet to a point on the West line of the Northeast Quarter of the Southwest Quarter of Sec-

tion 19; thence North 0° 10' East along the said West line a distance of 403.38 feet to the point of beginning and containing 11.122 Acres.

ALSO:

Part of the North Half of the Southeast Quarter of Section 19, Township 2 North, Range 10 West, (South and West of Ink Bayou), Pulaski County, Arkansas, more particularly described as follows:

Starting at the Southwest Corner of the Northwest Quarter of Southeast Quarter of Section 19; thence North 0° 10' East 530.11 feet to a point on the proposed Southerly right of way line of Interstate Highway No. 40 for a point of beginning; thence continue North 0° 10' East along the centerline of Section 19, a distance of 311.26 feet to the center of Ink Bayou; thence South 60° 16' East a distance of 170.63 feet to a point; thence South 43° 06' East a distance of 241.05 feet to a point on the proposed Southerly right of way line of Interstate Highway No. 40; thence South 80° 50' West a distance of 317.83 feet to the point of beginning and containing 1.260 Acres.

ALSO:

Part of Section 20, Township 2 North, Range 10 West (West of Dick Jeter Road) Pulaski County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Southwest Quarter of Section 20; thence South 0° 01' East 2.37 feet to a point on the proposed Northerly right of way line of Interstate Highway No. 40 for the point of beginning; thence North 80° 50' East a distance of 1671.36 feet to a point; thence South 9° 10' East a distance of 10.0 feet to a point that is 175.0 feet from and perpendicular to centerline of survey for new Highway; thence North 80° 50' East a distance of 1300.0 feet to a point; thence North 61° 42' East a distance of 118.30 feet to a point; thence North 32° 21' East a distance of 698.70 feet to a point; thence North 25° 34' East a distance of 420.0 feet to a point; thence North 20° 44' East a distance of 80.10 feet to a point; thence South 69° 16' East a distance of 10.0 feet to a point on the existing Westerly right of way line of Dick Jeter Road (County); thence Southerly on a curve right having a radius of 2835.0 feet along the Westerly right of way of County Road, a distance of 573.91 feet to a point; thence South 32° 20' West a distance of 637.80 feet to a point; thence on a curve left, having a radius of 2895.0 feet a distance of 811.65 feet to a point; thence South 16° 16' West a distance of 626.70 feet to a point; thence on a curve right, having a radius of 1116.0 feet, a distance of 256.11

feet to a point; thence North 60° 35' West a distance of 10.0 feet to a point; thence Northerly on a curve left, having a radius of 2825.0 feet a distance of 185.22 feet to a point; thence North 16° 13' East a distance of 922.40 feet to a point; thence North 38° 06' West a distance of 104.30 feet to a point that is 175.0 feet from and perpendicular to centerline of survey for new Highway; thence South 80° 50' West a distance of 2729.18 feet to a point on the West line of Section 20; thence North 0° 01' West a distance of 364.63 feet to the point of beginning and containing 24.538 acres.

ALSO:

Part of Section 20 and the West Half of the West Half of Section 21, Township 2 North, Range 10 West (East of Dick Jeter Road) Pulaski County, Arkansas, more particularly described as follows:

Starting at the Northeast Corner of the Northwest Quarter of the Northwest Quarter of Section 21; thence South 0° 06' West 1657.38 feet to a point on the proposed Northerly right of way line of Interstate Highway No. 40 for the point of beginning; thence continuing South 0° 06' West along the East line of the Northwest Quarter of the Northwest Quarter of Section 21, a distance of 354.62 feet to a point on the proposed Southerly right of way line of new Highway; thence South 80° 50' West a distance of 3441.80 feet to a point; thence South 42° 38' West a distance of 134.10 feet to a point; thence South 24° 57' West a distance of 200.0 feet to a point; thence South 31° 48' West a distance of 503.60 feet to a point; thence South 24° 57' West a distance of 411.20 feet to a point; thence on a curve right having a radius of 2905.0 feet a distance of 191.45 feet to a point; thence North 60° 35' West a distance of 10.0 feet to a point on the existing Easterly right of way line of Dick Jeter Road (County); thence Northeasterly along said right of way line on a curve left, having a radius of 1176.0 feet a distance of 269.89 feet to a point; thence North 16° 16' East a distance of 626.70 feet to a point; thence on a curve right having a radius of 2835.0 feet a distance of 794.87 feet to a point; thence North 32° 20' East a distance of 637.80 feet to a point; thence on a curve left having a radius of 2895.0 feet a distance of 586.03 feet to a point; thence South 69° 16' East a distance of 10.00 feet to a point; thence South 20° 44' West a distance of 424.90 feet to a point; thence South 18° 00' West a distance of 496.50 feet to a point; thence South 19° 40' East a distance of 59.50 feet to a point that is 175 feet from and perpendicular to centerline of survey for new Highway; thence North 80° 50' East a distance of 3248.90 feet to the point of beginning and containing 34.724 acres.

NOW THEREFORE, the Arkansas State Highway Commission

on this 10th day of October, 1962, approves the sale of the oil and gas rights as hereinabove limited and the Chairman of this Commission is directed to execute a deed to said oil and gas rights in accordance with the controlling Arkansas Statutes.

4865 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, October 10, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and fifteenth Meeting in Little Rock, Arkansas on October 10, 1962.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
November 20, 1962

The following is the record of the proceedings of the One Hundred and sixteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on November 20, 1962 at which time the following members were present:

J. E. Crain	Chairman
Truman Baker	Member
Wayne Hampton	Member
Arnil Taylor	Member

4866 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., November 20, 1962.

4867 Allotment is hereby made for construction of the listed Job on which award was made by Minute Order 4863 at the regular meeting of the Commission on October 10, 1962.

					276.00	-73.80

4869 WHEREAS, the Purchasing Committee has awarded purchases on October 15, 22, 29, and November 5, 12 and 19, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4870 In the interest of efficiency and economy and in order to secure the necessary information for use in the design of bridge structures, the Director is authorized to proceed with the purchase of one (1) Core Drill complete with all necessary equipment and accessories, for the Surveys Division at an estimated cost of \$25,000.00.

4871 Within the limitations of funds authorized in Minute Order of June 27, 1962, the Director is hereby authorized to proceed with the second printing, of 50,000 copies of the 1962 State Service Map at an estimated cost of \$4,500.

4872 In LITTLE RIVER COUNTY, IT IS ORDERED that the official routing of State Highway No. 41, Section 3, between Foreman, Arkansas, and New Boston, Texas, in the vicinity of the Red River, shall be in accordance with the relocated and reconstructed section, as constructed by Job 3540; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

4873 WHEREAS, in Madison County, in the City of Huntsville, the present routing of traffic and parking causes much congestion and danger on the streets and highways leading on and off the public square, and

WHEREAS, the Department has prepared a plan of operation which has been submitted to and approved October 12, 1962, by the City Council of the Board of Alderman by Resolution 62-10-2, and

WHEREAS, the Traffic Operation Plan - State Highways Nos. 23, 68, and 74, Main, War Eagle, and Ozark Streets, Huntsville, Madi-

son County, Arkansas, as prepared by the Department, has considerable merit and when said streets and highways are properly signed and designated will operate to the overall advantage of the City of Huntsville and the traveling public,

NOW, THEREFORE, IT IS ORDERED that the section of War Eagle Street from Ozark Street to the west side of the public square, and the street along the west side of the square between War Eagle Street and West Main Street are hereby made a part of the State Highway System as S.H. No. 68, Section 2.

IT IS FURTHER ORDERED, that the Director is hereby authorized to proceed with installation of proper signs and channelization to provide for one-way movement of traffic around the public square; one-way movement, westbound, along S.H. No. 68 between S.H. 23 and Ozark Street; one-way, eastbound along S.H. No. 23 City Route between Ozark Street and S.H. No 23; all as shown on attached sketch.

4874 WHEREAS, in COLUMBIA COUNTY on US 79, Section 1, bids were invited under Purchase Order Contract procedure from 92 prospective bidders for resurfacing approximately seven (7) miles of selected sections, with only one bid received for opening October 25, 1962, and

WHEREAS, the Purchasing Committee, on October 29, 1962, recommended that this bid be accepted,

NOW THEREFORE, IT IS ORDERED that this job, designated as Job No. 7-139(1) MO 4851 be awarded to Haynie and Williams of El Dorado on their bid of \$55,855.00.

4875 In MADISON COUNTY on STATE HIGHWAYS 23 and 68 in the City of Huntsville, the Director is authorized to construct channelization, curb and gutter and Cold Plant Mix Overlay, as a Betterment Project, at an estimated cost of \$7,000.00.

Work to be done by State forces.

4876 WHEREAS, in PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, from US 70 south, bids were taken for the resurfacing of 6.31 miles under authority of Minute Order 4809, with an allotment of \$40,000.00, and,

WHEREAS, the low bid was \$43,285.00.

IT IS ORDERED that Job 6-161 be supplemented in the amount of \$3,285.00.

4877 In WOODRUFF COUNTY on STATE HIGHWAY 33, Section 8, Cypress Creek Bridge (Total Length - 120 feet), the Director is authorized to proceed with the replacement of the existing rotten timber deck, as a Betterment Project, using steel bridge plank with asphalt

surfacing, at an estimated cost of \$3,600.00 for materials only.

Work to be done by State forces.

4878 In CLAY COUNTY on HIGHWAY 1: WHEREAS, MINUTE ORDER 4336 authorized the Director to enter into preliminary negotiations with the Missouri State Highway Commission for the replacement of a bridge over the St. Francis River and report to the Highway Commission for further authority; and

WHEREAS, this phase is now complete; and

WHEREAS, it has been determined that the estimated cost of the portion in Arkansas is approximately \$180,000.00.

NOW THEREFORE, the Director is hereby authorized to enter into an agreement with the Missouri State Highway Commission for the design and construction of the bridge, whereby the Missouri State Highway Commission will be responsible for:

1. Preliminary engineering and preparation of plans;
2. Handling with the Corps of Engineers for any necessary permits or approvals for construction of said bridge;
3. Paying contractors' estimates for work in Missouri;
4. Reimbursing the Department for Missouri's share of the construction engineering; and

Whereby the Arkansas Highway Commission will be responsible for:

1. Providing right-of-way for the required channel change;
2. Preparing specifications, proposals, and contract documents for construction in accordance with its standard practices, and receiving bids for the proposed work;
3. Performing all construction engineering and supervision;
4. Paying contractors' estimates for work in Arkansas;
5. Reimbursing Missouri for fifty percent (50%) of the design cost.

All of the above is subject to program approval for the Arkansas portion of construction items by the Bureau of Public Roads.

4879 In CONWAY COUNTY on STATE HIGHWAY 95, Section 1: WHEREAS, there is a relocation of a short section of Highway 95 in the vicinity of Caney Creek being constructed under Job 8514; and

WHEREAS, the Conway County Judge has requested that the existing road and bridge across Caney Creek be left in place to serve a local community upon completion of the relocation project; and

WHEREAS, it has been determined that the structure is not suitable for use intact elsewhere on the State Highway System;

NOW THEREFORE, it is directed that the existing bridge and roadway being replaced by the relocation be left in place upon the

completion of Job 8514 and that title and maintenance of these facilities be transferred to Conway County.

This action is subject to the condition that the County Judge accept the provisions of this Minute Order within 30 days.

- 4880 In CRAIGHEAD COUNTY on the grounds of Arkansas State College, the Director is authorized to improve drives, as shown on the attached sketch, at an estimated cost of \$5,300.00.
- 4881 In SEBASTIAN COUNTY on HIGHWAY 71, State Secondary Job 4447, the Director is authorized to exchange lands in accordance with the agreement between the Arkansas State Highway Department and the Southwestern Electric Power Company. The exchange of deeds is to be made without consideration other than title to the respective described lands, and the relocation of certain fence at the expense of the Southwestern Electric Power Company. The relocation has been accomplished.
- 4882 St. Francis County, Job No. 11667, Scenic Hills Road-Highway 38 Grading & Structures, FAP I-40-5(28)247. The contract for the construction of approximately 3.859 miles of Grading, Mr. Drainage Strs. & misc. items throughout project; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Frtg. Rds & Cross Rds.; Gravel Base on Private Rd.; Gravel Surf. on Detour; Two R.C. Slab & Prestressed Conc. Beam Span O'pass. Strs. (346.92 ft. tot. lgth.); Two R.C. Slab & Str. Steel I-Beam & Plate Girder Span River Bridges (2054.36 ft. tot. lgth.); & One R.C. Slab & Str. Steel I-Beam Span & U'pass. Str. (277.81 ft.); on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Michey's, Inc., of Warren, Arkansas on their low bid of \$1,992,418.62, subject to the concurrence of the Bureau of Public Roads.
- 4883 Crittenden County, Job No. 11678, West Memphis Bypass Interstate Signing, FAP I-40-5(24)271. The contract for the construction of approximately 9.260 miles of installing Standard, Guide and Overhead Signs and Delineators on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to Meyer Machine, Inc., of Red Wing, Minnesota on their low Alternate #1 bid of \$76,992.70, subject to the concurrence of the Bureau of Public Roads.
- 4884 Crittenden County, Job No. 11704, 14th Street-Club Road Reconstruction (West Memphis), FAP State Job. The contract for the construction of approximately 1.521 miles of Grading, Minor Drainage Structures, Crushed Stone Base on Shoulders, ACHM Surface Course and Misc. Items on Broadway Blvd. (West Memphis), US Highway 70, Section 20, is awarded to Warren Brothers Roads Company of Cambridge, Massachusetts, on their low bid of \$77,044.20.
- 4885 Arkansas County, Job No. 2617, Bayou Meto Bridge &

Approaches, FAP S-446(1). The contract for the construction of approximately 1.856 miles of Grading, Minor Drainage Structures, Gravel Base, One Reinforced Conc. & Structural Steel I-Beam Span Bridge (320.17' total length) and other misc. items on the Humphrey-Lodge Corner Road, State Highway 152, Section 0, is awarded to S.M. Dixon Construction Company of Warren, Arkansas on their low bid of \$129,140.77.

- 4886 Ashley County, Job No. 2635, Parkdale-Northwest, FAP S-440(11). The contract for the construction of approximately 4.379 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface; Treatment and other Misc. Items on the Hamburg-Parkdale Road, State Highway 8, Section 14, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on their low bid of \$169,549.19.
- 4887 Pike County, Job No. 3579, Kirby-Glenwood, FAP F-014-1(6). The contract for the construction of approximately 8.565 miles of Grading, Minor Drainage Strs., Gravel Base, ACHM Surface Courses with Bituminous Treated Shldrs., Conc. Curb & Gutter, Widen Two R.C. Deck Girder Span Bridges (124.08 ft. tot. lgth.), Two Bridge Lgth. Culvts. (60.09 ft. tot. span lgth.) & other Misc. Items, on the Kirby-Glenwood Road, US Highway 70, Section 5, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$975,910.59, subject to the concurrence of the Bureau of Public Roads.
- 4888 Franklin County, Job No. 4492, Charleston-Vesta, FAP S-477(1). The contract for the construction of approximately 5.866 miles of Grading Minor Drainage Structures, Crushed Stone Base, Double Bit. Surface Treatment, Four Reinforced Concrete Slab Span Bridges (300' Total Span Length) and other misc. items on the Charleston-Vesta Road, State Highway 217, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$276,869.82.
- 4889 Pulaski County, Job No. 6601, North Little Rock Illumination, FAP I-30-2(61)141 & I-40-3(31)153. The contract for the construction of approximately three miles of Freeway Illumination on Interstate Highway 30 and Interstate Highway 40 in North Little Rock, Interstate 30, Section 2, and Interstate 40, Section 3, is awarded to Fagan Electric Co., Inc., of Little Rock, Arkansas on their low bid of \$242,612.90, subject to the concurrence of the Bureau of Public Roads.
- 4890 Pulaski County, Job No. 6735, Chicot Road-South Terminal Interchange Interstate Signing, FAP I-30-2(53)132. The contract for the construction of approximately 5.571 miles of Standard, Guide and Overhead Signs, Delineators, Reflectorized Paint and Plastic Pavement Marking, and Precast Plastic Traffic Markers on the Little Rock-Texas-Kana Interstate Road near Little Rock, Interstate 30, Section 2, is

awarded to Interstate Highway Sign Company of Little Rock, Arkansas on their low Alternate #1 bid of \$48,528.09, subject to the concurrence of the Bureau of Public Roads.

- 4891 Pope County, Job No. 8476, London-East End Russellville Bypass, FAP I-40-2(5)75. The contract for the construction of approximately 10.212 miles of Grading, Minor Drainage Strs. & Misc. Const. Items throughout project; Crshd. St. Base or Crshd. St. Base with Dbl. Bit. Surf. Tr'mt. on Frtg. Rds., Ramps, Cross Rds., Ramps, Cross Rds. & Detours; Four R.C. & Str. Steel I-Beam Span Brs. (1789.24 ft. tot. lgth.) & Five R.C. & Str. Steel I-Beam Span U'pass. Strs. (1203.93 ft. tot. lgth.); on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and E. E. Barber Const. Company, Inc., of Fort Smith, Arkansas on their low bid of \$2,845,671.88, subject to the concurrence of the Bureau of Public Roads.
- 4892 Madison County, Job No. 9446, Pettigrew-Red Star, FAP S-325(7) & FH-16-2(1). The contract for the construction of approximately 8.931 miles of Grading, Minor Drainage Strs., P.C. Stabilized Base, Dbl. Bit. Surf. Tr'mt., Bit. Treated Shldrs., 1 - R.C. Slab Span Bridge (125'), 3 - Br.-Lgth. Cross Drain Culvts. (77.08'), 1 - Br.-Lgth. Side Drain Culvt. (22.08') and other misc. items on the Pettigrew-Red Star Road, State Highway 16, Section 5, all bids were rejected.
- 4893 Washington County, Job No. 9448, Hwys. 71 & 68-N Reconstruction (Springdale), FAP U-011-3(12) & US-111(3). The contract for the construction of approximately 3.859 miles of Grading, Minor Drainage Strs., Plant Mixed Crshd. St. Base, ACHM Base & Surf., P.C. Conc. Base (7" U.T.), Asph. Conc. Curb, P.C. Conc. Curb & Gutter, Two R.C. Slab Span Brs. (120.00' tot. lgth.) & other misc. items in the City of Springdale, US Highway 71, Section 17, and State Highway 68-N, Section 1-N, is awarded to Anchor Construction Company of Tulsa, Oklahoma on their low bid of \$1,136,946.32, subject to the Bureau of Public Roads.
- 4894 Clay County, Job No. 10666, Holly Corner-Mo. State Line Bridges & Approaches, FAP F-038-1(1). The contract for the construction of approximately 0.541 mile of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., Three R.C. Slab Span Bridges (275.0' Tot. Lgth.) and other misc. items on the Holly Corner-Mo. State Line Road, State Highway 90, Section 1, is awarded to Mississippi Valley Contr. Company, Inc., of Paragould, Arkansas on their low bid of \$149,463.80, subject to the concurrence of the Bureau of Public Roads.
- 4895 Poinsett & Mississippi Counties, Job No. 10704, Jct. Hwy. 135-Jct. Hwy. 140, FAP S-338(2). The contract for the construction of approximately 2.357 miles of Grading, Minor Drainage Structures,

Gravel Base, Double Bituminous Surface Treatment on the Rivervale-Bondsville Road, State Highway 136, Section 0, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$119,432.60.

4896 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Tuesday, November 20, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and sixteenth Meeting in Little Rock, Arkansas on November 20, 1962.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 19, 1962

The following is the record of the proceedings of the One Hundred and seventeenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on December 19, 1962 at which time the following members were present:

J. E. Crain	Chairman
Glenn F. Wallace	Vice-Chairman
Truman Baker	Member
Wayne Hampton	Member
Arnil Taylor	Member

4897 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., December 19, 1962.

4898 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4482 through 4891 and 4893 through 4895 at the regular meeting of the Commission on November 20, 1962.

4900 WHEREAS, the Purchasing Committee has awarded purchases on November 26, 30 and December 10 and 17, 1962, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4901 WHEREAS, this Department has for a number of years maintained membership in the American Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be

authorized to process for payment the statement for 1963 membership dues in the amount of \$37.50.

4902 WHEREAS, under the provisions of Sec. 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System, and certain highways in the County System in return become a part of the State Highway System; and

 WHEREAS, such an agreement has been reached between the State Highway Commission and the County Judge of Perry County whereby the portion of S.H. 155, Sec. 4, from a road junction in Casa, northward to the junction of a County Highway in Sec. 28, T5N, R19W -- a distance of 3.54 mi., -- will be accepted into the Perry County Highway System, and whereby the County Highway from a junction with S.H. 155 in Casa, westerly, northerly, and easterly to the junction with S.H. 155 in Sec. 28, T5N, R19W -- a distance of 5.13 mi. -- will be accepted into the State Highway System; and

 WHEREAS, said agreement is evidenced by an appropriate order of the Perry County Court;

 NOW, THEREFORE, IT IS ORDERED that, in accordance with the agreement reached as required by law, S.H. 155, Sec. 4, from a road junction in Casa northward to the junction of a County Highway in Sec. 28, T5N, R19W -- a distance of 3.54 miles -- is hereby deleted as a part of the State Highway System, to be maintained and operated as a County Highway under the jurisdiction of the County Court. IT IS FURTHER ORDERED that the County Highway from a junction with S.H. 155 in Casa, westerly, northerly, and easterly to the junction with S.H. 155 in Sec. 28, T5N, 19W -- a distance of 5.13 mi. -- is hereby accepted and designated as a route of the State Highway System. All as shown on the attached sketch, which becomes a part of this order.

4903 In SHARP COUNTY, IT IS ORDERED that the official routing of State Highway No. U.S. 63, section 2, in the vicinity of Martins Creek near Williford, shall be in accordance with the relocated and reconstructed section, as constructed by Job 5473; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

4904 In INDEPENDENCE COUNTY near the City of Batesville, for a new District Headquarters, the Director is authorized to proceed with foundations, fencing and sewer services at an estimated cost of \$60,000.00 to be paid from the budget building fund.

 The Director is also authorized to instruct the architects to pro-

ceed with final plans for the facility.

- 4905 In MISSISSIPPI COUNTY on HIGHWAY 119, from the junction of Highway US 61 eastward to the Mississippi River Levee, a distance of approximately 4.27 miles, the Director is authorized to add approximately 40 cubic yards per station of GB-2 base material and minor drainage structures at an estimated cost of \$35,000.00.

This is an emergency Betterment Project required to maintain traffic during the winter months. The material is to be delivered to the project by state contract and spread by state maintenance forces.

- 4906 In OUACHITA COUNTY on HIGHWAY 4: Item 5 in the list of items providing for work to be done by the State Highway Department outlined in MINUTE ORDER 844, dated March 9, 1955, is hereby revised to read as follows:

5. The State Highway Department will construct a divided Arterial facility with partial control of access on the proposed bypass route from a point near the Intersection of Highway US 79 and Highway 4 east of Camden to a point near the Intersection of Highway 4 and Highway 24 west of Camden as funds become available. Access to the facility will be in accordance with rules outlined in "Regulations for Access Driveways to State Highways" 1962 edition.

The first increment of this work shall be the western section from near the junction of 4 and 24 to Highway 7.

The purpose of this revision is to delete the requirement for an indicated fully controlled access facility for this section of the improvement and to allow the construction of an adequate section with some separations of grades.

This action is subject to approval by the Bureau of Public Roads.

- 4907 WHEREAS, the Arkansas State Highway Commission is the owner of fee title to all lots and parts of lots, except 1, 2 and 3, in Block 3, Masonic Addition to Little Rock, Arkansas, which abut on that certain alley running north and south between East Ninth Street and East Tenth Street in Little Rock, Arkansas, being the alley in the center of said Block 3; and,

WHEREAS, Humble Oil & Refining Company is the owner of fee title to lots 1, 2 and 3 in Block 3, Masonic Addition, in the City of Little Rock; and,

WHEREAS, It has been determined by the Arkansas State Highway Commission that it is desirable that the above described alley be closed and that fee title to all that portion of said alley within the right-of-way of US Interstate Highway No. 30 be acquired and vested in the Arkansas State Highway Commission:

NOW, THEREFORE, The Arkansas State Highway Commission does hereby authorize, empower and direct the Chairman to do all acts and things necessary or appropriate to cause said alley to be closed and abandoned, including without limiting the generality of the foregoing, the power to execute all agreements, petitions and documents of whatever kind as may be necessary in the premises; and,

Further, upon the foregoing described alley being so closed and abandoned, to execute a conveyance to Humble Oil & Refining Company in exchange for a conveyance from Humble Oil & Refining Company, which conveyances shall accomplish the vesting of fee title in the Arkansas State Highway Commission to all that part of said alley between Lots 1, 2 and 3 on the east and Lots 10, 11 and 12 on the west of said alley in said Block 3 of Masonic Addition to Little Rock, Arkansas, which lies within the right of way of US Interstate Highway No. 30, the east right-of-way line thereof through such part of said alley running from the northeast corner of said Lot 12 to the southwest corner of said Lot 3.

4908 In PULASKI COUNTY on HIGHWAY US 67, from Little Rock to Jacksonville, at the Rixey Overpass in the northwest quarter of the intersection, there is a parcel of land of approximately 0.66 acres which abuts partially on the service road and partially on the ramp. There is not sufficient frontage on the service road to provide an adequate entrance to the property. It has been determined that if an entrance to the property beginning at the southeast corner and extending along the boundary line in a northwesterly direction 40' - 0", as shown on the attached sketch, would not constitute a hazard to the public, and the Director is authorized to issue a permit on this basis.

This action is subject to approval by the Bureau of Public Roads.

4909 In WHITE COUNTY, for HIGHWAY 31 from Antioch to the junction of Highway 5, and other roads in the vicinity, the Director is authorized to purchase 20,000 cubic yards of SB-2 Crushed Stone at an estimated cost of \$38,000.00, to be stockpiled for maintenance purposes in order that traffic may be adequately maintained during the winter months.

Payment for the material is to come from the regular maintenance budget for District 5.

4910 In ARKANSAS COUNTY on STATE HIGHWAY 1, Section 5, Job No. 2599:

WHEREAS, there is one 140-foot truss and one 80-foot truss to be removed, neither of which can be used virtually intact on a State highway; and,

WHEREAS, the County Judge of Arkansas County has requested the trusses for use on a County highway;

THEREFORE, in accordance with provision of Minute Order 4063, the Director is authorized to convey these trusses to Arkansas County and the Judge is authorized to remove the trusses from the bridge sites.

4911 In HOWARD COUNTY on HIGHWAY 4, Job No. 3609:
Whereas, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Howard County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the truss to Howard County and the Judge is authorized to remove the truss from the bridge site.

4912 In RANDOLPH COUNTY on HIGHWAY 93, Job 10687:
WHEREAS, there is an old existing bridge to be removed, the truss of which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Randolph County has requested the truss for use on a county highway;

NOW THEREFORE, in accordance with provisions of MINUTE ORDER 4063, the Director is authorized to convey the truss to Randolph County and the Judge is authorized to remove the truss from the bridge site.

4913 WHEREAS, in PULASKI COUNTY at the DISTRICT NO. 6 HEADQUARTERS Minute Order 4230, in the amount of \$30,000.00, was approved for the surfacing of streets, parking lots and driveways, and,

WHEREAS, the completed job amounted to \$37,951.90,

IT IS ORDERED that Job 6-81-B be supplemented in the amount of \$7,951.90.

4914 WHEREAS, in WHITE COUNTY on JOB 5499, 484 feet of Aluminum Guard Rail was delivered too late to be used on the job and is now the property of Arkansas Best Freight System of Little Rock, stored at Searcy, Arkansas, and,

WHEREAS, this material is fabricated so that it can be utilized on bridges now under construction in District No. 5, and has been offered to the Department at cost,

IT IS ORDERED that the Director be authorized to take bids for 484 feet of Aluminum Guard Rail and to purchase from the low bidder at a price not to exceed \$1,452.00.

4915 WHEREAS, the Commission by Minute Order 4395 provided for the installation of flashing light signal protection at the intersection of US HIGHWAY 270 and the Chicago, Rock Island and Pacific Railroad in Poyen, and

WHEREAS, it has been found that additional grade crossing protection is warranted

NOW THEREFORE, Minute Order 4395 is hereby rescinded and declared null and void, and the Director is authorized to proceed with the installation of flashing light and short arm gates automatic grade crossing protection at the intersection of US Highway 270 and the Chicago, Rock Island and Pacific Railroad in Poyen at an estimated cost of \$18,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4916 Cross County, Job No. 11660, L'Anguille River-Jct. Hwy. 1 Reconstruction, FAP F-020-2(9). The contract for the construction of approximately 5.091 miles of Grading, Minor Drainage Structures, Gravel Base and Asphaltic Concrete Hot Mix Base and Surface Courses with Bituminous Treated Shoulders, on the McCrory-Parkin Road, US Highway 64, Section 15, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$515,287.75, subject to the concurrence of the Bureau of Public Roads.

4917 Cross County, Job No. 11680, Woodruff County Line-Brushy Creek, FAP F-020-2(13). The contract for the construction of approximately 5.510 miles of Grading, Minor Drainage Structures, Gravel Base and Asphaltic Concrete Hot Mix Base and Surface Courses with Bituminous Treated Shoulders and other misc. items on the McCrory-Parkin Road, US Highway 64, Section 15, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$638,275.00, subject to the concurrence of the Bureau of Public Roads.

4918 Miller County, Job No. 3621, Sulphur River Bridge & Approaches, FAP S-514(2). The contract for the construction of approximately 0.397 mile of Grading, Gravel Base, One Reinforced Concrete and Structural Steel I-Beam Span Bridge (532.17 ft.) and other misc. items, on the Brightstar-Texarkana Road, State Highway 237, Section 1, is awarded to Robbie A. Sims Company of Farmerville, Louisiana on their low bid of \$180,895.40.

- 4919 Sebastian County, Job No. 4480, Jct Hwy. 22-Ark. River Bridge Grading & Structures, FAP 1-540-1(13)11. The contract for the construction of approximately 3.755 miles of Grading, Mr. Dr. Strs. & misc. const. items throughout project; Crshd. St. Base & Dbl. Bit. Surf. Tr'mt or ACHM Base & Surf. with Conc. Curb & Gutter or P.C. Conc. Base (8" U.T.) with Integral Curb & ACHM Surf. on Frtg. Rds., Cross Rds. & Connections; 6 O'pass Strs. & 2 U'pass Strs. all of R.C. & Str. Steel I-Beam Span Const. (1392.26 ft. tot. lgth.) & 3 Br.-Lgth. Culvts. (86.87 ft. tot. span length) on the Fort Smith-Jct. 1-40 Interstate Road, Interstate 540, Section 1, is awarded to S. E. Evans, Inc., of Fort Smith, Arkansas and Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$1,736,031.20, subject to the concurrence of the Bureau of Public Roads.
- 4920 Baxter County, Job No. 5530, Norfork Lake-Missouri State Line, FAP S-453(1). The contract for the construction of approximately 7.120 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and Other misc. items, on the Mountain Home-Howards Ridge, Mo. Road, State Highway 201, Section 1, all bids were rejected.
- 4921 Pulaski County, Job No. 6667, Dark Hollow Interchange-Eureka Gardens (Surfacing), FAP I-40-3(14)156. The contract for the construction of approx. 1.545 miles of Grading, Mr. Dr. Strs., Subbase, Plant Mixed Crshd. St. Base & other misc. items throughout project; P.C. Conc. Pavement (10" U.T.) & Bit. Treated Shdrs. on Main Lanes & Ramps; ACHM Base & Surf. with Bit. Treated Shldr. on Ramp Connections at US 67E, near N. Little Rock on the Little Rock-Memphis Interstate Rd., I- 40, Sec. 3, is awarded to Foster & Creighton Co. of Nashville, Tennessee on their low bid of \$639,617.22, subject to the concurrence of the Bureau of Public Roads.
- 4922 Ouachita County, Job No. 7589, Jct. Hwy. 4-South, FAP S-211(2). The contract for the construction of approximately 6.094 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Two Bridge Length Culverts (70.93 ft. total span lgth.) and other misc. items, on the Stevens-Jct. Hwy. 4 Road, State Highway 57, Section 1, is awarded to W. C. Burrow Company of Malvern, Arkansas and Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas on their low bid of \$313,248.13.
- 4923 Columbia County, Job No. 7594, Dorcheat Bayou Bridges & Approaches, FAP S-490(2). The contract for the construction of approximately 1.180 mile of Grading, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, Two R.C. Slab Span Bridges (540.0 ft. total length) and other misc. items, on the Taylor-Macedonia Road, State Highway 160, Section 3, is awarded to R. N. Reynolds & Sons Const. Co., of Camden, Arkansas on their low bid of \$230,102.14.
- 4924 Pope County, Job No. 8511, Appleton-Conway County Line,

FAP S-243(4). The contract for the construction of approximately 2.615 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Appleton-Jerusalem Road, State Highway 124, Section 2, is awarded to Four Bros., Inc., of Sweet Home, Arkansas on their low bid of \$114,722.65.

4925 Madison County, Job No. 9436, Alabam-Forum, FAP S-278(3). The contract for the construction of approximately 3.281 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Old Alabam-Forum Road, State Highway 127, Section 1, is awarded to Northwest Arkansas Asphalt Company of Fayetteville, Arkansas on their low bid of \$123,343.73.

4926 Benton County, Job No. 9474, Highway 94 Alterations (Beaver Reservoir), Corps of Engineers Contract No. DA-03-050-CIVENG-62-536. The contract for the construction of approximately 0.479 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Riprap and other misc. items on the Rogers-Monte Ne Road, State Highway 94, Section 1, is awarded to Gillioz Company, Inc., of Monett, Missouri on their low bid of \$64,280.77, subject to the concurrence of the Corps of Engineers.

4927 Greene & Clay Counties, Job No. 10703, Mayo Ditch-Rector, FAP S-406(3). The contract for the construction of approximately 8.064 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Three R. C. Slab Span Bridges (345.0 ft. total length), and other misc. items, on the Hwy. 25-Rector Road, State Highway 139, Sections 2 & 3, is awarded to D. & W. Bridge Company, Inc., and APT Construction Company of North Little Rock, Arkansas on their low bid of \$351,538.63.

4928 Phillips County, Job No. C-54-8, Helena-West Helena, FAP S-1168(1). The contract for the construction of approximately 2.272 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and other misc. items on the Helena-West Helena County Road, County Road, is awarded to S. J. Cohen Company of Blytheville, Arkansas on their low bid of \$159,043.18, subject to the concurrence of the Phillips County Judge.

4929 Madison County, Job No. 9446, Pettigrew-Red Star, FAP S-325(7) & FH-16-2(l). The contract for the construction of approximately 8.931 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., 1 R.C. Slab Span Bridge (125'), 3 Br.-Lgth. Cross Drain Culvts. (77.08'), 1 Br.-Lgth. Side Drain Culvt. (22.08') and other misc. items on the Pettigrew-Red Star Road, State Highway 16, Section 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$758,175.23, subject to the concurrence of the Bureau of Public Roads.

4930

IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, December 19, 1962.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and seventeenth Meeting in Little Rock, Arkansas on December 19, 1962.

Dorothy Switzer, Secretary

MINUTES OF THE MEETING
OF THE

3974 WHEREAS, the Purchasing committee has awarded purchases on December 19 and 27, 1960, and January 3 and 9, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3975 WHEREAS, Section 2 of Act 330 of 1959 provides appropriations for the following Items: (1) Salaries, (2) Hourly Wages, and (3) Other Expenses; and further provides in Section 4 that any unexpended appropriation balances as of June 30, 1960 may upon resolution of the State Highway Commission be brought forward and made available for use in Item (3), Other Expenses, and

WHEREAS, all of the funds provided in the appropriation for the 1959-60 fiscal year were not expended and it is to the best interest of the State Highway Department to have this unused appropriation available for the 1960-61 fiscal year,

THEREFORE, IT IS ORDERED that the Director be and is hereby authorized to bring forward the unexpended appropriations in Items (1), (2), and (3) as of June 30, 1960, and add them to Item (3) for use during the 1960-61 fiscal year.

3976 The Director is hereby authorized to exercise the option of the existing Lease Agreement between the Game and Fish Commission and the Highway Commission to extend the period for rental of the Third Floor of the Game and Fish Commission Building.

3977 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Depart-

mental Membership Dues for the year 1961, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1961 in the amount of \$1,519.50.

3978 Within the limitation of funds authorized by Budget Minute Order 3710 of May 25, 1960, Section 4, Item 7, the Director is hereby authorized to proceed with the printing of 100,000 copies of the 1961 State Service Map, at an estimated cost of \$8,500.

3979 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established at Arkadelphia in Clark County, and,

WHEREAS, Mrs. C. E. Thompson has offered to sell the Department a suitable tract of land, containing two acres, located at the junction of State Highways 8 and 51 west of Arkadelphia, and near the proposed interstate route, for \$1,000.00 per acre,

IT IS ORDERED that the Director be authorized to complete all details necessary for transfer of title, as a Building Project, at an estimated cost of \$5,000.00 for the land and fences.

3980 WHEREAS, the lease on District 10 Headquarters at Paragould, Arkansas expired on December 27, 1960, and

WHEREAS, under the terms of the existing lease, this Department has the right to extend the lease for an additional time at the consideration of one dollar (\$1.00).

IT IS THEREFORE ORDERED, that the Director of the Arkansas State Highway Department execute an Extension Agreement extending the lease on the Paragould Headquarters for a term of twenty-five (25) years from December 27, 1960.

3981 In POPE COUNTY, in the City of Russellville:

WHEREAS, additional office space is needed for efficient operation of District No. 8 Administrative Personnel, and,

WHEREAS, there is sufficient area at the existing headquarters at Russellville to enlarge the present building,

IT IS ORDERED that the Director be authorized to construct, as a Building Project, an addition to the present District Office building at an estimated cost of \$6,000.00 for materials. Work to be done by State forces.

3982 In HEMPSTEAD COUNTY on HIGHWAY 29, Section 4, east of Blevins the Director is authorized to proceed with the work of replacing two narrow and dangerous bridges (Total length - 48') using treated timber piling, treated timber caps, salvaged bridge steel and a concrete deck. This work is to be done as a Betterment Project by State Forces at an estimated cost of \$2,100.00 for material only.

3983 In LINCOLN COUNTY on HIGHWAY 11, Section 4, east of Grady the Director is authorized to proceed with the work of replacing two narrow and dangerous bridges (Total length - 72') using treated timber piling, treated timber caps, salvaged bridge steel and a concrete deck. This work is to be done as a Betterment Project by State Forces at an estimated cost of \$3,200.00 for materials only.

3984 In PULASKI COUNTY at the junction of US Highway 65 and State Highway 176 in North Little Rock, the Director is authorized to proceed with channelization of the intersection in accordance with plans prepared by the Division of Planning and Research and approved by the city of North Little Rock, as a Betterment Project, at an estimated cost of \$1600.00 for materials.

Work to be done by Maintenance Forces.

3985 In UNION COUNTY on the El Dorado Bypass, for a distance of 5.32 miles, the Director is authorized to proceed with the necessary work to control the erosion of the existing completed roadway, as a Betterment Project, at an estimated cost of \$5300.00 for materials.

Work to be done by Maintenance Forces.

3986 In MISSISSIPPI COUNTY on US HIGHWAY 18, SECTION 6, BIG LAKE FLOODWAY, the Director is authorized to enter into an agreement, on behalf of the Arkansas State Highway Commission, with the Corps of Engineers, US Army, whereby, in order to permit the Corps of Engineers to enlarge the Big Lake Outlet Ditch across the highway right-of-way, the State Highway Department will perform alternations to the existing Highway 18 Bridge at the Big Lake Floodway crossing approximately 3 miles east of Manila, on a cost reimbursable basis.

The Director is further authorized to execute, on behalf of the Arkansas State Highway Commission, a perpetual easement giving the United States the authority to construct, maintain, and operate the aforesaid Channel across the Right-of-Way of State Highway 18.

3987 In PULASKI COUNTY in the CITY OF LITTLE ROCK for the MARKHAM STREET INTERCHANGE on the Little Rock-North Little Rock Freeway:

WHEREAS, the original design for the interchange required that the property at the northeast corner of Third and Rock Streets be

acquired for right-of-way purposes. This property identified as Tract No. 251 for Job 6590 was owned by John A. Riggs, Jr. and was purchased by the State; and

WHEREAS, because of a redesign in the Interchange, Tract No. 251 is no longer needed for right-of-way purposes and is declared surplus; and

WHEREAS, by Act 419 of the Arkansas Acts of 1953, the original owner shall have the first claim to surplus land acquired for right-of-way purposes; and

WHEREAS, Tract 251 was offered back to John A. Riggs, Jr. at the purchase price paid by the State, the offer was accepted by John A. Riggs, Jr., and the tract conveyed to him;

NOW THEREFORE, the actions of the Chairman and the Director are ratified in all particulars in this matter.

This action is subject to approval by the Bureau of Public Roads.

3988 In LITTLE RIVER COUNTY on HIGHWAY 32, SECTION 3, from the Junction of US Highway 71 in Ashdown, east to the Junction of the Corps of Engineers' Right Abutment Access Road to Millwood Reservoir, Job 3573 Ashdown-East, Minute Order 3333 is amended to provide for construction of approximately 7 miles of grading, drainage structures, base course, and surfacing at an estimated cost of approximately \$300,000, subject to the following conditions:

- (1) Right-of-Way to be furnished clear of obstructions without cost to the State.
- (2) Program approval by the Bureau of Public Roads.

3989 In RANDOLPH COUNTY on STATE HIGHWAY 93, Section 1, a secondary route, at or near existing fords, log stations 9.32 and 13.42, the Director is authorized to proceed with the construction of two bridges with an estimated total length of 175 feet at an estimated cost of \$39,400.00.

This action is subject to the furnishing of all necessary rights of way, clear of obstructions and free of cost, to the Department; and to program approval by the Bureau of Public Roads.

3990 Phillips & Monroe Counties, Job No. 11519, Jct. Hwy. 79-Phillips County Line, FAP F-018-1(2). The contract for the construction of approximately 9.031 miles (Incl. 151.17' of Br. & Br.-Lgth. Culvt.) of Grading, Mr. Dr. Strs., Gravel & Crshd. Stone Base Crse., ACHM Base & Surf. Crses., P. C. Stabilized Shldrs. with Dbl Bit. Surf. Tr'mt., Seeding, One R. C. Slab Span Br. & One Br.-Lgth. Culvt. on the Jct. Hwy. 79-Marvell Road via Blackton Community, State

Highway 20, Sections 1 & 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$861,687.58, subject to the concurrence of the Bureau of Public Roads.

- 3991 Johnson County, Job No. 8475, Hartman-East, FAP F-02-2(7). The contract for the construction of approximately 5.635 miles of Grading, Mr. Dr. Strs., Widening & Resurfacing with ACHM Base & Surf. Crses., Crshd. Stone Shoulders sealed with Db1. Bit. Surf. Tr't., Seeding, Extending One Br.-Lgth. Culvt (22.17' Span) and Remodeling & Widening One R.C.D.G. Span Br. (109.0') on the Ozark-Clarksville Road, US Highway 64, Section 4, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$340,527.38, subject to the concurrence of the Bureau of Public Roads.
- 3992 Greene County, Job No. 10655, Junction Hwy. 25-North, FAP S-360(1). The contract for the construction of approximately 5.807 miles of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr't. & Two Combination Precast & Prestressed Precast R.C. Slab Span Brs. (176.08') on the Jct. Hwy. 25-Beech Grove Road, State Highway 141, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$208,701.04.
- 3993 Greene County, Job No. 10657, Mayo Ditch Bridge & Approaches, Corps of Engineers Contract No. DA-40-041-CIVENG-61-33. The contract for the construction of approximately 0.198 mile of Grading, Minor Drainage Structures, Gravel Surface Course, and One R. C. Slab Span Bridge (210.0') on the Jct. Hwy. 25-Mounds Road, State Highway 139, Section 2, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$49,827.90, subject to the concurrence of the Corps of Engineers.
- 3994 Greene County, Job No. 10657-A, South Alexander Ditch Bridge & Approaches, FAP S-406(2). The contract for the construction of approximately 0.112 mile of Grading, Gravel Surface Course and One R. C. Precast Slab Bridge on Concrete Piling (57.0') on the Jct. Hwy. 25-Mounds Road, State Highway 139, Section 2, is awarded to BucTon Construction Company, of Hazen, Arkansas on their low bid of \$18,800.00.
- 3995 Mississippi County, Job No. 10665, Joiner-Pecan Point, FAP S-52(4). The contract for the construction of approximately 8.108 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Joiner-Pecan Point Road, State Highway 118, Section 1, is awarded to A. P. T. Construction Company, of North Little Rock, Arkansas on their low bid of \$225,945.41.
- 3996 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:00 P.M., Wednesday, January 11, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-fifth Meeting in Little Rock, Arkansas on January 11, 1961.

4001 WHEREAS, the Purchasing Committee has awarded purchases on January 12, 23 and 30, and February 6, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4002 IN PHILLIPS COUNTY, the official routing of State Highway No. 1 at Marvell shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change in Vicinity of Marvell", drawn 11-29-60.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 1 through the City of Marvell which has been replaced by new construction (Job 11506) is hereby declared to be no longer a part of the State Highway System.

4003 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt road to preserve the surface and,

WHEREAS, this work is performed during the entire calendar year with approximately one-half the funds allotted from the Bituminous Program Appropriation for each fiscal year,

IT IS ORDERED that the Director be authorized to approve the attached Bituminous Program for the 1961 calendar year in the amount of \$956,000.00. No additional allotment is requested for this fiscal year.

4004 In ARKANSAS COUNTY on STATE HIGHWAY 44, Section 1, from the end of the gravel section to Bayou La Grue, a distance of 1.5 miles, the Director is authorized to place gravel surface course, as a betterment project, at an estimated cost of \$5,600.00 for materials. Work to be done by maintenance forces.

4005 In FAULKNER COUNTY on STATE HIGHWAY 225, Section 1, in Greenbrier, Arkansas, the Director is authorized to place base course and bituminous surface treatment on 2,100 feet from the existing asphalt pavement to the east City Limits, as a betterment project, at an estimated cost of \$5,000.00 for materials - Work to be done by maintenance forces.

4006 In GARLAND COUNTY at the intersection of US HIGHWAY

70 and STATE HIGHWAY 7 (Central and Grand Avenues) in Hot Springs, the Director is authorized to construct a channelization of this intersection in accordance with plans prepared by the Planning and Research Division, as a betterment project, at an estimated cost of \$1,700.00 for materials - Work to be done by maintenance forces.

- 4007 In GREENE COUNTY on HIGHWAY 135, Section 5, between the junction of Hwy. 34 and Lafe, the Director is authorized to proceed with the work of strengthening, widening and placing a concrete deck on five timber bridges (Total length - 254'), as a Betterment Project, at an estimated cost of \$6,850.00 for materials only.

This work is to be done by State Forces.

- 4008 In GREENE COUNTY on STATE PARK ROAD 853 at Crowley's Ridge, the Director is authorized to place gravel base and bituminous surface on 1.3 miles of the park drives, as a betterment project, at an estimated cost of \$5,300.00 - Gravel base to be dumped in place by contract and balance of the work to be done by State forces.

- 4009 In JACKSON COUNTY on STATE HIGHWAY 33, Section 109 from Highway 17 to Highway 37, a distance of 4.5 miles, the Director is authorized to place minor drainage structures and gravel base material, as a betterment project, at an estimated cost of \$18,900.00 for materials dumped in place by contract - Other work to be done by maintenance forces.

- 4010 In LITTLE RIVER COUNTY on HIGHWAY 234, Section 1, from the Kansas City Southern Railroad crossing in Alleene to a point 0.5 mile east the Director is authorized to construct gravel base and bituminous surface, as a betterment project, at an estimated cost of \$1,600.00 for materials. Work to be done by maintenance forces.

- 4011 WHEREAS, in Pulaski County at the University of Arkansas Medical Center, the initial construction included a driveway on the south boundary of the Medical Center property from the State Hospital drive to the Medical Center parking lot, and,

WHEREAS, the Highway Department has been requested to assume maintenance of this drive and construct an extension to connect with Elm Street,

IT IS ORDERED that this extension be constructed, as a betterment project, at an estimated cost of \$1,500.00 for materials and that the entire drive be made a part of the State Highway System.

This work will be done by maintenance forces.

- 4012 In UNION COUNTY on STATE HIGHWAY 7, Section 2 in the City of Smackover, the Director is authorized to resurface 1.92 miles

of the existing asphalt pavement as a betterment project at an estimated cost of \$12,600.00 for the material contracted in place.

4013 In WASHINGTON COUNTY on STATE HIGHWAY 16 Section 3, from U. S. 71 to the east city limits of Fayetteville, a distance of 1.09 miles the Director is authorized to resurface the existing asphalt pavement with asphalt concrete hot mix surface material as a Betterment project at an estimated cost of \$10,000 for materials in place. Tack coat to be placed by maintenance forces

4014 In PHILLIPS COUNTY for the Helena Bridge: WHEREAS, the Agreement between the Arkansas Highway Commission and the Mississippi Highway Commission, dated the 12th day of August, 1958, and the Trust Indenture for the Helena Bridge both provide that the two states enter into another agreement to provide for the operation and maintenance of the Helena Bridge; and

WHEREAS, some construction contracts have been completed and parts of the bridge are now the responsibility of the States; and

WHEREAS, in the near future all construction contracts will be completed and the bridge put in operation;

NOW THEREFORE, the Director is authorized to execute, on behalf of the Highway Commission, the attached agreement which provides for maintenance and operation of the Helena Bridge.

This action is subject to concurrent execution by the Mississippi Highway Commission, approval by the Bureau of Public Roads, the Housing and Home Finance Agency, and the Simmons National Bank, Trustee.

4015 In UNION COUNTY on the EL DORADO HIGHWAY US 167 BYPASS, it has been determined that when the US 167 Bypass is completed, two parcels of property will be completely landlocked without ingress. Since it is not considered feasible, practical, or warranted to purchase these landlocked parcels, the Director is authorized to proceed with the construction of frontage roads: one approximately 400 feet in length and the other approximately 1,000 feet in length, all at an estimated cost of \$11,000.00.

4016 In PULASKI COUNTY for HIGHWAY US 67, Job 6478, Jacksonville Air Base-North, was built and provided for the construction of frontage roads, grading for four lanes and surfacing for two lanes. In order to protect the investment in the grading and to provide for adequate service for increased traffic use, the Director is authorized to proceed with construction of the two west lanes of pavement and surfacing of frontage roads, from the Air Base to the Lonoke County Line, an approximate distance of 4.18 miles at an estimated cost of \$450,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 4017 Pike County, Job No. 3575, Caddo River Bridge & Approaches (Glenwood), FAP F-014-1(4) The contract for the construction of approximately 1.405 miles (Incl. approx. 587.17' of Br.) of Grading, Mr. Dr. Strs., Gravel Base, ACHM Surf., Bit. Treated Shoulders, Seeding & One R.C. Bridge with deck supported by either Structural Steel I-Beams or Prestressed Conc. Beams on the new Glenwood south bypass location, US Highway 70, Section 5, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$301,328.05, subject to the concurrence of the Bureau of Public Roads.
- 4018 Sevier County, Job No. 3587, Cossatot River Bridges & Approaches, FAP S-320(3). The contract for the construction of approximately 2.430 miles (Incl. 976.51' of Brs.) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt & Three R.C. & Str. Steel I-Beam Span Bridges on the Horatio-Lockesburg Road, State Highway 24, Section 1, is awarded to W. R. Fairchild Const., Co, Ltd., of Hattiesburg, Mississippi on their low bid of \$270,168.69.
- 4019 Prairie County, Job No. 6731, Beulah-North, FAP S-217(4). The contract for the construction of approximately 3.327 miles of Grading, Mr. Dr. Strs., Crshd. Stone Base & Double Bituminous Surface Treatment on the Biscoe-Des Arc Road, State Highway 33, Section 6, is awarded to A. P. T. Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$120,712.48.
- 4020 Poinsett County, Job No. 10667, Waldenburg/Harrisburg Bridges & Approaches, FAP S-296(10). The contract for the construction of approximately 0.150 miles (Incl. 200' of Brs.) of Short Approaches involving Grading, Mr. Dr. Strs., Gravel Base & Dbl. Bit. Surf. Tr'mt. & Constructing 3 R.C. Slab Span Bridges on the Waldenburg-Harrisburg Road, State Highway 14, Section 13, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$66,813.50
- 4021 Pulaski County, Job No. 6-81-B, District 6 Headquarters Building at Little Rock. The contract for the construction of a Shop, Warehouse & Office Building; Shed; Paint Spray Building; Service Station; Related Site Work, Roads, etc., is awarded to N P. Alessi, Inc., of Little Rock, Arkansas on their low bid of \$343,103.00.
- 4022 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, February 8, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at

its Ninety-sixth Meeting in Little Rock, Arkansas on February 8, 1961.

Dorothy Switzer
Secretary

ADDENDUM

Prior to being convened in regular session the Commission received its new member, Mr. Truman Baker. During the regular session a motion was made by Mr. Armil Taylor, seconded by Mr. Truman Baker and unanimously carried to elect Mr. Harry W. Parkin Chairman and Mr. John Crain Vice-Chairman.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 15, 1961

The following is the record of the proceedings of the Ninety-seventh Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on March 15, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4023 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 15, 1961.

4024 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4017 through 4021 at the regular meeting of the Commission on February 8, 1961.

4026 A POLICY on the Regulation of Gross Weights Carried upon Certain Highways Incapable of Supporting the Maximum Gross Weights Permitted by Law.

WHEREAS, the State Highway Commission is charged by law with the protection and preservation of the State Highways of Arkansas; and,

WHEREAS, Sections 122 and 123, Title 76, Arkansas Statutes of 1947, direct and authorize the State Highway Commission to inspect all improved highways with specific reference to classifying such highways in respect to "the weight of loaded or unloaded vehicles which may be used thereon"; and,

WHEREAS, highways requiring restricted gross weights are to be posted with signs at all intersections stating maximum allowable gross weight; and,

WHEREAS, notice of such classification of a highway is to be published in a newspaper of general circulation in the county or counties in which a highway subject to restricted weight limitation lies;

NOW, THEREFORE, IT IS ORDERED that the following State Highways between the termini set out below shall be restricted to gross motor vehicle weights not exceeding 40,000 pounds per vehicle.

1. S.H. 29 - Hope to Louisiana Line.
2. S.H. 31 - Beebe to U.S. No. 79.
3. S.H. 91 - S.H. 25 to U.S. 63 east of Hoxie.

Within the next three weeks, notice of this restriction shall be lawfully published in newspapers of general circulation in the counties in which such highways lie, and the regulation of weights shall become in full force and effect on the sixty-first day after publication. Easily legible signs stating the maximum allowable gross weight per vehicle shall be erected at all intersections within the above-described highway sections not later than the sixtieth day following publication of this regulation.

These rules and regulations are not to be construed in any way as repealing the existing "rules of the road".

4027 A POLICY for the Protection and Preservation of Highways: to

Regulate Motor Vehicles Using Certain Devices to Evade Statutory
Motor Vehicle Weight Limitations; and to Curtail Present Abusive
Practices by Certain Road Users

WHEREAS, under Act 123 of 1953 it is the statutory duty of the State Highway Commission to adopt reasonable rules and regulations for the protection of and covering traffic on and in use of the State Highway System; and,

WHEREAS, under Act 123 of 1953 it is the statutory duty of the State Highway Commission to adopt reasonable rules and regulations for controlling the use of State Highways; and,

WHEREAS, such rules and regulations prescribed by the State Highway Commission are imbued with the force and effect of law by statutory recognition; and,

WHEREAS, a small segment of motor vehicle operators are using sliding fifth wheels and/or dummy or non-load-carrying axles in an obviously improper manner, to deliberately circumvent the lawful restrictions on axle weights and gross weights; and,

WHEREAS, these practices are resulting in excessive damage to the State Highways and other roads and streets of the State and in unnecessarily high levels of repair and reconstruction costs, as well as in reduced levels of comfort and convenience, for the motoring public;

NOW, THEREFORE, the following rules and regulations are hereby adopted and, as provided by Act 123 of 1953, shall have the force and effect of law sixty days after lawful publication:

1. Sliding fifth wheel - adjustment of:

- (a) The adjustment of the sliding fifth wheel on those truck-tractors having a single rear axle shall be limited to an overall adjustment which shall never result in a setting in excess of twelve inches forward of the center of the said single rear axle;
- (b) The adjustment of the sliding fifth wheel on those truck-tractors having a tandem rear axle assembly shall be limited to an overall adjustment which shall never result in a setting in excess of twelve inches forward of a point equidistant between the centers of the extreme axles of the tandem axle assembly.

2. Tandem axle assembly - maximum loading on any one axle thereof:

The load imposed upon the highway by the wheels of any single axle of a vehicle, including any one axle of a tandem axle assembly, shall not exceed 18,000 pounds; provided that the tolerances allowed by law shall apply hereto.

These rules and regulations are not to be construed in any way

as repealing the existing "rules of the road".

4028 MINUTE ORDER 2082 is hereby revised to read as follows:

WHEREAS, a study of the personnel records of the Highway Department reveals that there are a number of employees of advanced age who, according to the prevailing practice in industry, business, and governmental agencies, should be retired from active duty, and

WHEREAS, after carefully considering the economic, professional, and social aspects of the situation, it is the considered opinion of the Commission that steps should be taken to conform to the prevailing rule for the retirement of superannuate employees,

NOW THEREFORE IT IS ORDERED that effective December 31, 1961, all employees who are sixty-seven (67) years of age or older shall be retired on such benefits as they may be entitled to at that time.

IT IS FURTHER ORDERED that on and after December 31, 1961 when any employee becomes sixty-seven (67) years of age they shall be retired at the close of the month in which the age of sixty-seven (67) is attained on such retirement benefits as they may be entitled to at that time.

The Commission, in recognition of the acute shortage of Professional Engineers and other key employees throughout the highway field, reserves the right to continue in an active duty status such employees whose employment has or will be terminated under the provisions of this order when satisfactory evidence is established that by doing so, the Department's best interests will be served. If and when the provisions of this section are exercised, employment shall be on a year by year basis as authorized by the Commission.

4029 WHEREAS, Johnson grass is an obnoxious weed and if allowed to go to seed and spread, causes much damage to the land; and

WHEREAS, it is of much importance to maintain, without obstruction, the existing drainage ditches and channels across highway rights-of-way both during and after construction;

NOW THEREFORE IT IS ORDERED that the following be the policy of the Highway Commission:

1. In those areas subject to the growth of Johnson grass, plans and/or specifications will provide that the contractor shall so maintain the right-of-way during construction that the weed does not go to seed; and
2. After the construction project has been completed, maintenance forces will mow the right-of-way at sufficient intervals to prevent the spread of Johnson grass; and

3. During construction the contractor will be required, by plans and/or specifications, to maintain existing drainage ditches and channels within the right-of-way limits; and
4. After construction it shall be the responsibility of the Maintenance Division to maintain an unobstructed flow in drainage ditches or channels across the right-of-way.

4030 WHEREAS, it is necessary to keep a stockpile of structural beams on hand for possible emergencies; and

WHEREAS, the present stockpile of structural beams on hand is not a sufficient supply, in case of emergencies;

NOW THEREFORE, the Director is authorized to purchase 18 new, or equivalent to new, beams 24 inches deep, weighing 76 pounds per foot and 60 feet - 0 inches long at an estimated cost of \$5,800.00. The beams are to be delivered to the Central Shops in Jacksonville and unloaded on blocks placed by the Department.

4031 WHEREAS, the Purchasing Committee has awarded purchases on February 13, 20, 27, and March 6 and 13, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4032 WHEREAS, in Poinsett County on State Highway 1, between Harrisburg and Jonesboro, Mt. Oliver Payne, through the local Home Demonstration Club, has offered to lease to the Department a suitable site, containing 0.2984 acres, for a roadside park, the lease to run for a period of twenty-five years

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside sites in this manner,

NOW, THEREFORE, it is ordered that the Director be authorized to execute this lease with Mr. Payne for a period of twenty-five years for the purpose of establishing a roadside park.

4033 In ARKANSAS and DESHA COUNTIES on HIGHWAY 1, the Director is authorized to certify to the Corps of Engineers, US Army, that a public bridge and highway is needed and desired across the lock and dam on the Arkansas River nearest the present Pendleton Ferry, and to request that necessary design studies be made.

4034 In FAULKNER and PERRY COUNTIES on HIGHWAY 60, the Director is authorized to certify to the Corps of Engineers, US

Army, that a public bridge and highway is needed and desired across the lock and dam on the Arkansas River at a point approximately 0.50 miles downstream from the present Toad Suck Ferry location, and to request that necessary design studies be made.

4035 WHEREAS, in STONE and IZARD COUNTIES on Highway 9, Sections 11 and 12, between the towns of Allison and Sylamore, the privately owned ferry on White River has been condemned by the US Coast Guard and has ceased operation; and

WHEREAS, a facility for crossing the river at this point is considered essential to the economy of the surrounding area;

NOW THEREFORE, It Is Ordered that the Director be authorized to purchase and install a complete ferry facility, including all necessary appurtenances thereto, at an estimated cost of \$18,500.00, and to operate the facility as a free ferry.

IT IS FURTHER ORDERED that the Director be authorized to negotiate for and enter into an agreement whereby the facility will be operated in the most economical and advantageous manner for the Highway Department.

4036 WHEREAS, additional office space is needed for efficient operation of District No. 9 Administrative Personnel, and,

WHEREAS, there is sufficient area at the existing District Headquarters at Harrison to enlarge the present facility,

IT IS ORDERED that the Director be authorized to act in all particulars to effect the enlargement of the present facility, as a Building Project, at an estimated cost of \$20,000.00.

4037 WHEREAS, additional office space is needed for efficient operation of District No. 1 Administrative Personnel, and,

WHEREAS, there is sufficient area at the existing District Headquarters at Wynne to enlarge the present facility,

IT IS ORDERED that the Director be authorized to act in all particulars to effect the enlargement of the present facility, as a Building Project, at an estimated cost of \$15,000.00.

4038 WHEREAS, additional office space is needed for efficient operation of District No. 2 Administrative Personnel, and,

WHEREAS, there is sufficient area at the existing District Headquarters at Pine Bluff to enlarge the present facility,

IT IS ORDERED that the Director be authorized to act in all

particulars to effect the enlargement of the present facility, as a Building Project, at an estimated cost of \$15,000.00.

4039 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established near Hardy in Sharp County, and,

WHEREAS, Mr. and Mrs. A. R. Cullum of Hardy have offered to sell the Department a suitable tract consisting of three acres, located on US 62 approximately six miles south of Hardy, for \$1,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to proceed with the construction of the building, fencing and other appurtenances for a complete Area Headquarters, as a Building Project, at an estimated cost of \$20,000.00.

4040 In BENTON COUNTY on STATE HIGHWAY 94, Section 1, from the Frisco Railroad Tracks to a point 2.4 miles southeast, the Director is authorized to resurface the existing asphalt pavement as a Betterment Project at an estimated cost of \$16,450.00 for materials. Work to be done by Maintenance Forces.

4041 In MADISON COUNTY on STATE HIGHWAY 23, Section 8, between State Highway 16 and Franklin County Line, the Director is authorized to construct one bridge using salvaged I beams and reinforced concrete deck to replace a deteriorated timber structure, as a Betterment Project, at an estimated cost of \$1850.00 for materials. Work to be done by Maintenance Forces.

4042 In MADISON COUNTY on STATE HIGHWAY 16, Section 3, near Combs, the Director is authorized to purchase 10,000 cubic yards of mineral aggregate in stockpile to be used in making Asphalt Premix for the resurfacing of selected sections as a Betterment Project, at an estimated cost of \$19,855.00 for materials. Work to be done by Maintenance Forces.

4043 In MADISON COUNTY on STATE HIGHWAY 45, Section 6, from State Highway 68 to the Washington County Line, a distance of 35 miles, the Director is authorized to resurface the existing pavement as a Betterment Project at an estimated cost of \$15,200.00 for materials. Work to be done by Maintenance Forces.

4044 In OUACHITA COUNTY on STATE HIGHWAY 7, Section 3, from the South City Limits of Camden to Elliott, a distance of 5.27 miles, the Director is authorized to resurface the existing pavement with a Sand Asphalt Hot Mix Surface Course, as a betterment project, at an estimated cost of \$16,300.00 - Work to be done by contract.

4045 In POINSETT COUNTY on US 63-C, Section 8-C, in the City

of Trumann, the Director is authorized to proceed with the work of widening and resurfacing 2,000 feet of the existing roadway, as a betterment project, at an estimated cost of \$14,000.00 by contract.

- 4046 In UNION COUNTY on HIGHWAY 160, Section 5 between Mt. Holly and Smackover, the Director is authorized to proceed with the work of constructing five bridges, using salvaged steel, treated timber and concrete, to replace some narrow, rotted timber bridges and to install five lines of corrugated metal pipe culvert, all as a Betterment Project, at an estimated cost of \$9,700.00, for materials only.

This work is to be done by State Forces.

This work is eligible for credit under Act 150 of 1961.

- 4047 Secondary Program Minute Order 3924 of November 9, 1960,
Item 60, is hereby amended to read as follows:
- | | | | |
|----------------|------------------------------------|------------------|------------|
| 60 Mississippi | Bridges from Jct. S.H. 14 south to | Construct 3 new | 101,475.00 |
| 77 | the Crittenden County Line (Log | bridges totaling | |
| | Sta's. 14.07, 15.85, and 21.54) | approx. 250' | |

In all other respects, Minute Order 3924 remains unchanged.

- 4048 WHEREAS, the Phillips County Road Commission has initiated proceedings toward negotiating a contract between Phillips County and the Arkansas State Highway Commission under which the Highway Department will assume responsibility for the construction, repair, and maintenance of the County Road System under the provisions of Act 114 of 1953; and,

WHEREAS, House Resolution No. 19, adopted February 24, 1961, requests the Highway Department to cooperate with the Legislative Council in the study of the feasibility of transferring all County FAS roads to the State Highway System; and,

WHEREAS, the study under H.R No. 19 is to include an engineering-financing analysis of needs-costs and revenues; and,

WHEREAS, road-use, classification and needs studies of the Phillips County Roads are necessary to provide data for the proposed contract negotiations and the Phillips County Study will also be useful as a pilot project for the H.R. No. 19 Study; NOW, THEREFORE,

IT IS ORDERED, and the Director is hereby authorized, to proceed with utmost urgency in a County-Wide Road Study of needs, costs, revenue trends, and, in cooperation with the County Judge, the designation of a County Road System, all to be used as a basis for consideration of the proposed contract between the County and the State. The cost of this work is not to exceed \$3,000.00 and is to be financed with funds previously budgeted under Sec 4, Item 7, of Minute Order

3710 of May 25, 1960.

4049 In PHILLIPS COUNTY: WHEREAS, for construction of the Helena Bridge, Federal Aid Project U-F-018-5(2), Housing and Home Finance Agency Project No PFL-V-3-91, the several classifications of laborers and mechanics to be employed, and the minimum rates of pay, were established by the Director of Mississippi State Highway Department (Decision No 75, dated July 7, 1958) and the Arkansas State Highway Commission (Minute Order 2807, dated July 9, 1958) and approved by the Housing and Home Finance Agency on July 14, 1958; and

WHEREAS, the Contractor for Arkansas Job No 11638, Contract No. 8 for the Construction of Helena Bridge, under the provisions of the contract and by letter dated February 9, 1961, has requested the establishment of additional classifications and minimum rates of pay;

NOW THEREFORE IT IS ORDERED that additional classifications and minimum rates of pay are established hereby as follows:

Glazier	\$2.00 per hour
Plumber	\$2.00 per hour
Mason Tenders	\$1.00 per hour
Painter, Brush	\$1.75 per hour
Painter, Spray	\$1.75 per hour

4050 WHEREAS, the County Court of Washington County entered an Order, dated November 16, 1960, allowing the claim of H. O. Davis in the sum of \$687.50 for right-of-way condemned March 14, 1949, for Job No. 9254, but upon which no entry has ever been made or payment to H. O. Davis made, and,

WHEREAS, the Arkansas State Highway Commission is constructing a bridge upon the said land.

NOW THEREFORE, the Director is authorized to reimburse Washington County the sum of \$687.50, the amount of the claim, which the County Court allowed H. O. Davis for his land being used for the construction of said bridge.

4051 In WASHINGTON COUNTY, on HIGHWAY US 71, for a west bypass of Fayetteville: WHEREAS, MINUTE ORDER 3562 authorizes the Director to proceed with surveys, plans, right-of-way determination and estimate of costs; and

WHEREAS, in order to accomplish the terms of Minute Order 3562, it is considered necessary to have the area for the Fayetteville-West Bypass mapped by aerial photogrammetric methods for comparison studies of a number of possible locations for the bypass route;

NOW THEREFORE, IT IS ORDERED that the Director is

hereby authorized to receive bids for aerial photography and topographic mapping of the area at an estimated cost of \$6,000.00.

This action is subject to approval by the Bureau of Public Roads.

- 4052 In MISSISSIPPI COUNTY, for an extension of HIGHWAY 140 due east from Dead Man Curve, west of Osceola, to a junction with Highway US 61, a distance of approximately 2.06 miles, the Director is authorized to proceed with construction of two lanes of an ultimate four-lane facility at an estimated cost of \$220,000.00.

This action is subject to the following conditions:

1. Program and system change approval by the Bureau of Public Roads.
2. The furnishing of right-of-way for a four-lane facility, clear of obstructions, free of cost to the State.
3. Agreement by the County Judge of Mississippi County, and the City of Osceola, to a release of the abandoned portion from the State Highway System.

- 4053 St. Francis County, Job No. 11651, Jct. Hwy. 50 - Heth, FAP S-71(6). The contract for the construction of approximately 3.583 mi. of Gr., Mr. Dr. Strs, Gravel Base, Double Bituminous Surface Treatment and one Precast R.C.A Slab Span Bridge (57.0 ft.) on the Hughes-Earle Road, State Highway 149, Section 2, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$137,582.49.

- 4054 Scott County, Job No. 4472, Fourche LaFave River Bridge & Approaches, FAP S-146(4). The contract for the construction of approximately 1.211 miles (Incl.. 559.16' of Bridge) of Grading, Minor Drainage Structures, Gravel. Base, Double Bituminous Surface Treatment and One Reinforced Concrete and Structural Steel I-Beam Span Bridge on the Parks-Cedar Creek Road, State Highway 28, Section 2, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$197,193.35.

- 4055 White County, Job No. 5499, McRae - Northeast Reconstruction, FAP F-021-3(10). The contract for the construction of approximately 5.652 miles (include 465.57' of Brs.) of Gr., Mr. Dr. Strs, Crshd. Stone Shoulders with Dbl. Bit. Surf. Tr'mt., Widen & Resurface with ACHM Base & Surf. Crses., Seeding Slopes, Widen 3 R.C.D.G. Span. Brs. & Construct One RC & Plate Girder Span Br. on existing abutments on the Cabot-Bald Knob Road, US Highway 67, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$427,258.08, subject to the concurrence of the Bureau of Public Roads.

- 4056 Dallas & Calhoun Counties, Job No. 7569, Tri County Lake-Jct. Hwy. 8, FAP S-455(1) The contract for the construction of approxi-

mately 2.030 miles (Incl. 100.0 Ft. of Br.) of Grading, Minor Drainage Structures, Gravel Base, Double Bit, Surface Treatment, Seeding and One R.C. Slab Span Bridge on the Tri County Lake - Jct. Hwy. 8 Road, State Highway 205, Sections 1 & 2, is awarded to Southeast Construction Co., Inc., of Pine Bluff, Arkansas on their low bid of \$99,415.31.

4057 Desha County, Job No. C-21-5, Lake Isaacs Bridge & Approaches, FAP S-1142(2). The contract for the construction of approximately 0.188 mile (Incl. 247.25' of Bridge) of Grading, Minor Drainage Structure and One Reinforced Concrete Precast Slab Span Bridge on the State Highway 1 - Arkansas City County Road, County Road, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$45,290.00, subject to the concurrence of the Desha County Judge.

4058 Phillips County, Arkansas and Coahoma County, Mississippi, Job No. 11630, Insurance Coverage for Helena Bridge, FAP U-F-018-5(2), H. & H.F.A. Proj. PFL-V-3-91. The contract for the insurance coverage of Job No. 11630 is awarded to Stewart-Sneed-Hewes, Inc., of Gulfport, Mississippi and The Security Agency of Pine Bluff, Arkansas on their low bid of \$49,225.04, subject to the concurrence of the Bureau of Public Roads, Housing and Home Finance Agency & Mississippi State Highway Commission, Simmons National Bank, Trustee and certification that all license requirements have been met.

4059 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, March 15, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-seventh Meeting in Little Rock, Arkansas on March 15, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 19, 1961

The following is the record of the proceedings of the Ninety-eighth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 27, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4060 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 19, 1961.

4061 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4053 through 4057 at the regular meeting of the Commission on March 15, 1961.

4063 WHEREAS, in the improvement and reconstruction of U. S. and State Highways, there are frequent occasions wherein existing steel bridges must be replaced with bridges of more modern design and greater capacity, and

WHEREAS, it is considered advisable that the Highway Commission institute a written policy to be used as a guide in the disposition of such steel structures as may become available for use at other locations,

NOW, THEREFORE, IT IS THE ORDER OF THE HIGHWAY COMMISSION that the following criteria, in the order set forth, be the guide for disposition of such steel structures as may become available through replacement or abandonment:

Item 1 - If, in the opinion of the Director, the structure is such that it can be used, virtually intact, at another location on the State Highway System, then it shall remain the property of the Highway Department to be used at their discretion.

Item 2 - If the structure, in the opinion of the Director, does not meet the criteria as set forth in Item 1, but can be used, virtually intact, on the County Highway System, and the County Judge of the County in which the structure is located indicates a desire to use the structure, virtually intact, then such County Judge shall be given the option of utilizing such structure.

Item 3 - If the structure, in the opinion of the Director, does not meet either of the criteria as set forth in Items 1 and 2, then all parts of such structure shall remain the property of the Highway Department to be used at their discretion.

4064 WHEREAS, the Purchasing Committee has awarded purchases on March 20 and 27, and April 3, 10, and 17, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and

the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4065 WHEREAS, Mr. G. W. Long, an employee of the Highway Department, was injured on the job and was paid Workmen's Compensation in the amount of \$2,328.58.

Mr. Long sued a third party and recovered judgment. This Department intervened in such suit to recover the amount of Workmen's Compensation, but through error a 101 permanent partial disability awarded in the amount of \$1,404.00 was paid to the Department in addition to the \$2,328.58 to which the Department was entitled, that the \$1,404.00 should be paid to Mr. G. W. Long.

IT IS THEREFORE considered and ordered that a warrant in the amount of \$1,404.00 be issued to Mr. G. W. Long in settlement of this overpayment.

4066 In HEMPSTEAD and LAFAYETTE COUNTIES, STATE HIGHWAY 29 from Hope to the Louisiana Line is hereby designated to be a part of the Federal Aid Primary System.

This action is subject to approval by the Bureau of Public Roads.

4067 In JACKSON COUNTY in the CITY OF NEWPORT, the termini and roadway length of MINUTE ORDER 3924, Item 26, is hereby revised to read as follows:

From the junction with US 67 in Newport, north to Diaz, 2.24 miles, and thence east to a junction with US 67, an added distance of .7 miles.

The estimated cost for the total project is revised to \$100,000.00.

All other conditions of Minute Order 3924, Item 26, remain in full force and effect.

4068 IN OUACHITA COUNTY, on STATE HIGHWAY 7, SECTION 4: WHEREAS, the existing highway underpass under the St. Louis-Southwestern Railway Lines, with a current traffic count of 500 vehicles a day, is restricted to a single lane with two right angle turns and thirteen (13) foot clearance between existing pile bents and,

WHEREAS, St. Louis-Southwestern Railway Lines have indicated their intention to replace the existing railroad trestle with a new structure that will provide adequate space for two lanes of traffic crossing at an oblique angle that will eliminate the two existing right angle turns; providing the Highway Department will bear the additional cost

of a steel span involved.

NOW THEREFORE, the Director is authorized to enter into an agreement with the St. Louis-Southwestern Railway Lines for the construction of the additional steel span as proposed by the Railroad Company's letter of April 3, 1961, at an estimated cost to the Department of approximately \$3,000.

4069 WHEREAS, Graves Brothers, Contractors, Contractors on Job No. 7550, East Hillsboro - West Strong Relocation on State Highway 82, Section 6, Union County, stated by letter dated March 27, 1961, that they were unable to maintain insurance coverage and to continue with performance of the contract; and waived Notice of Default in order to permit the Department to arrange for completion of the work required by the contractor through any method deemed appropriate, and

WHEREAS, the Chief Engineer, under date of March 28, 1961, demanded that National Surety Corporation, as surety on the performance bond given by the contractors to secure the performance of the contract, assume the performance of the work required by said contract in accordance with the plans and specifications in compliance with the terms and conditions of the bond, and

WHEREAS, the surety, National Surety Corporation, under date of April 4, 1961, presented a signed agreement to assume responsibility for satisfactory completion of all work required by the contract by the employment of Graves Brothers, Contractors of Pine Bluff, Arkansas, which agreement was approved and accepted for the Department on April 4, 1961, by Ward Goodman, Chief Engineer, as provided by the specifications.

NOW THEREFORE IT IS ORDERED that the actions of the Chief Engineer in this matter be ratified and confirmed in all particulars.

4070 In WOODRUFF COUNTY at the intersection of State Highway 33 and US Highway 64, the Director is authorized to release to the Woodruff Electric Cooperative Corporation, a triangular section of the existing right-of-way approximately 100'x200'x200' in exchange for an additional 10' of right-of-way on the north side of US Highway 64, beginning at the apex of the triangle released to the Cooperative and extending along US Highway 64 approximately 200' as shown by the attached plot, subject to concurrence of the Bureau of Public Roads.

4071 In Yell County on Highway 22, Section 5, Logan County Line-Dardanelle. WHEREAS, the proposed construction of Dardanelle Reservoir by the Corps of Engineers, U.S. Army, will require the relocation of six (6) segments of State Highway 22 including approximately 1.57 miles of roadway and two bridges.

NOW THEREFORE, the Director is authorized to negotiate a contract with the Little Rock District, Corps of Engineers, U.S. Army, whereby the Department will be responsible for the design and construction of the relocated facilities to current design standards for existing traffic, subject to 100% reimbursement by the government for the sections involved in the reservoir area. The Director is further authorized upon completion of construction of the relocated route to execute a Quitclaim Deed covering the right-of-way of the abandoned portions of Highway 22 lying within the Reservoir Area and to execute a subordination agreement covering flowage easements.

4072 In LITTLE RIVER COUNTY at Ogden the official routing of State Highway No. U.S. 71, Section 4, shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change at Ogden" drawn 4-12-61.

By this action and in conformity with Supreme Court decisions, the section of old State Highway No. U.S. 71 at Ogden which has been replaced by new construction, Job No. 3492, is hereby declared to be no longer a part of the State Maintained Highway System.

4073 In MARION COUNTY at Yellville the official routing of State Highway No. 14, Section 3, shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change in Yellville," drawn 227-61.

By this action and in conformity with Supreme Court decisions, the section of old Highway 14 along Valley and Berry Streets which has been replaced by new construction along Tutt Street is hereby declared to be no longer a part of the State Maintained Highway System.

4074 WHEREAS, further study indicates a need to extend to logical termini additional routes added to the System by Act No. 148 of the 1957 General Assembly,

NOW, THEREFORE, It is ordered that Minute Order 3753 of June 29, 1960, is hereby amended to include the following described routes which are hereby made a part of the State Highway System, subject to the same conditions of Minute Order 3753, which remain unchanged:

1. In Chicot County, State Highway 159, Section 2 from the south terminus of present route 9 south to a county road junction at Jennie, a distance of approximately 2.1 miles.
2. In Jackson County, State Highway 17, Section 7 from the north terminus of present route in Diaz, east to junction of State Highways 18 and U.S. 67 in Diaz, a distance of approximately 0.76 mile.

4075 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters in the northern half of Benton County, and

WHEREAS, Mr. and Mrs. Ray Mann have offered to donate to the Department a suitable site, containing 2.24 acres, located on US Highway 62 near Avoca,

IT IS ORDERED that the Director be authorized to act for the Commission in completing all details necessary for the transfer of title.

Funds for the construction of the building and other improvements will be provided after July 1, 1961.

4076 In HEMPSTEAD COUNTY on HIGHWAY 355, Section 4, between Highway 29 and Patmos the Director is authorized to proceed with the work of constructing two bridges (Total length 120'), using treated timber, salvaged steel and concrete deck, to replace some rotted an dangerous timber bridges. This work is to be done by State Forces as a Betterment Project at an estimated cost of \$4,125.00 for materials only.

4077 In JACKSON COUNTY on STATE HIGHWAY 17, Section 6, from Tupelo to Shoffner, a distance of 5 miles, the Director is authorized to resurface the existing asphalt pavement, as a betterment project, at an estimated cost of \$10,600.00 for materials - Work to be done by maintenance forces.

4078 In SEBASTIAN COUNTY on STATE HIGHWAY 253, Section 0, from State Highway 22-T to State Highway 22, a distance of 0.82 mile, the Director is authorized to construct crushed stone base and double bituminous treatment, as a Betterment Project, at an estimated cost of \$5,510.00 for materials.

Work is to be done by State forces.

4079 The Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction on the Secondary System for the following program of projects. This action is subject (a) to the furnishing of all necessary right of way, clear of obstructions, free of cost to the Department, and (b) to the approval of each individual project by the Bureau of Public Roads.

Item No.	County & Route	Termini and Roadway Length	Description of Work	Estimated Cost
			<u>District 1</u>	
1	Crittenden 218	Ditch No. 20, Alligator Bayou, and Ditch No. 18, Brs. (Log Sta's. 0.71, 1.89, and 3.06)	Construct three new bridges totaling approximately 171 lineal feet	35,000

double bituminous sur-
face treatment

64,000

4080 In ASHLEY COUNTY on HIGHWAY U.S. 82, from the Rock Island Railroad near the east city limits of Crossett-westward, a distance of approximately 3.0 miles, the Director is authorized to proceed with a resurfacing project at an estimated cost of \$200,000.00.

This action is subject to program approval by the Bureau of Public Roads.

4081 In CRAIGHEAD COUNTY on HIGHWAY 1 from log mile station 7.50 north of Jonesboro to the Greene County line, a distance of approximately 7.10 miles, the Director is authorized to reconstruct the roadway and bridges at an estimated cost of \$450,000.00.

This action is subject to program approval by the Bureau of Public Roads.

4082 In CROSS COUNTY on U. S. HIGHWAY 64 at the crossing of the St. Louis-Southwestern Railroad's track near Fair Oaks, the Director is authorized to proceed in the most feasible manner with the relocation of the existing flashing light signal protection at an estimated cost of \$2,000.00 subject to the following conditions:

1. That relocation of the flashing light signal protection will be made at no cost to the Railroad Company. Maintenance of the signal devices after relocation will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4083 In GREENE COUNTY on STATE HIGHWAY 25 at the crossing of the tracks of the Missouri Pacific Railroad Company and the St. Louis-Southwestern Railroad in Paragould, the Director is authorized to proceed with the modification of the existing flashing light signals by the addition of short-arm gates at an estimated cost of \$16,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4084 In LAWRENCE COUNTY on HIGHWAY U.S. 67 the CITY of WALNUT RIDGE, for a distance of approximately 2170 feet, the Director is authorized to widen an existing street and to correct hazardous drainage conditions at an estimated cost of \$20,000.00. This action is subject to the following conditions:

1. The furnishing of all required right-of-way, clear of obstructions and free of cost to the State.
2. The responsibility for the adjustment of all utilities, except storm sewer, by the City of Walnut Ridge.
3. Acceptance of the provisions of this minute order, by official action

of the City Council, within 90 days.

- 4085 In UNION COUNTY on U. S. HIGHWAY 167 at the crossing of the Chicago, Rock Island and Pacific Railway's track North of Junction City, the Director is authorized to proceed in the most feasible manner with the relocation of the flashing light signal protection at an estimated cost of \$6,000.00 subject to the following conditions:
1. That relocation of the flashing light signal protection will be made at no cost to the Railroad Company. Maintenance of the signal devices after relocation will be without cost to the State.
 2. All required right-of-way will be furnished free of cost to the State.
 3. Program approval by the Bureau of Public Roads.

- 4086 In WASHINGTON COUNTY in the CITY of FAYETTEVILLE on HIGHWAY U.S. 71 from the intersection of North Street, south to the end of the present three-lane marked facility, a distance of approximately 1200 feet, the Director is authorized to widen the present Highway U.S. 71 to four 12'-0" lanes with curb and gutter; replace sidewalks and retaining walls, where required; and overlay the present highway; all at an estimated cost not to exceed \$80,000.00 for construction.

 This action is subject to the following conditions:

1. The necessary additional right-of-way to be furnished at no cost to the State.
 2. All utility adjustments to be made at no cost to the State.
 3. Official acceptance of the provisions of this minute order by the City Council of Fayetteville.
- 4087 WHEREAS, the State Highway Commission by Minute Orders No. 125 dated June 25 & 26, 1953, No. 623 dated August 26, 1954, and No. 741 dated December 9, 1954, established right-of-way policies for the selection of sections of the Interstate, Primary, Secondary and Urban Federal-aid Highway Systems for improvement in construction programs, and

 WHEREAS, the Federal-aid Highway Act of 1956 and subsequent amendments of 1958 and 1959 have greatly increased Federal funds available to the State for construction and reconstruction of highways included in the Federal-aid Highway Systems when matched by State funds in the legal ratios, and

 WHEREAS, Rules and Regulations promulgated by the Secretary of Commerce under authority of the Federal-aid Highway Act of 1956 as amended in 1958 and 1959 have been revised, and

 WHEREAS, it appears desirable to revise the right-of-way policies as established by Minute Orders Numbers 125, 623 and 741 to better conform to Federal-aid Highway Acts, Federal Rules and Regulations, and present conditions within the State

NOW THEREFORE IT IS ORDERED that, effective July 1, 1961, Minute Orders Numbers 125, 623 and 741 are hereby superseded, and that the following right-of-way policies are adopted as elements for consideration in the selection of sections of the Federal-aid Highway Systems for improvement in construction programs:

To the extent that right-of-way is a determining element preference will be given in accordance with the following:

I. National System of Interstate and Defense Highways

1. Rights-of-way will be acquired by the State in accordance with Federal requirements without local financial assistance.

II. Primary System - Rural

1. Rights-of-way will be acquired by the State in accordance with Federal requirements without local financial assistance.

III. Primary System - Urban

1. Where all right-of-way free of obstructions is furnished free of cost to the State.
2. Where right-of-way is provided free of cost to the State, with the State assuming legally eligible costs of moving obstructions.
3. Where local funds are provided for matching Federal-aid funds in the acquisition of rights-of-way and removing obstructions.
4. Where the State acquires rights-of-way without local financial assistance.

IV. Secondary System - Rural and Urban

1. Where all right-of-way free of obstructions is furnished free of cost to the State.
2. Where all right-of-way is furnished free of cost to the State, with the State assuming legally eligible costs of moving obstructions.
3. Program items previously approved are hereby modified to conform to paragraph IV 2.

*Note: See MO 4143 for revision.

4088 Monroe County, Job No. 11542 Alternate No. 1, Briskly-Jct. US 79, FAP F-018-1(4) & FG-018-1(6). The contract for the construction of approximately 13.124 miles (Incl. 236.16' of R.R. Overpass) of Grading, Mr. Dr. Strs., Gravel & Crashed. Stone Base Crses., ACHM Base & Surf. Crses., Gravel Shlders. sealed with Dbl. Bit. Surf. Tr'mt. & One R.C. Railroad Overpass Str. with deck supported by Str. Steel I-Beams on the Brinkley-Jct. US 79 Road, State Highway 20, Section 1, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas, and Michey's Inc., of Warren, Arkansas, on their low bid of \$1,413,355.05, subject to the concurrence of the Bureau of Public Roads.

4089 Arkansas County, Job No. 2599, DeWitt-Northeast Relocation, FAP F-031-1(8). The contract for the construction of approximately 5.815 miles (Incl. 662.17' of Brs.) of Grading, Minor Drainage Strs.,

Plant Mixed Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt., Seeding, Two R.C. Slab Span Bridges & One R.C. & Str. Steel I-Beam Span Bridge on the relocation of Hwy. 1 east of DeWitt, State Highway 1, Sections 4 & 5, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$733,764.08, subject to the concurrence of the Bureau of Public Roads.

- 4090 Desha County, Job No. 2611, Drew County Line-Dumas, FAP F-025-1(6). The contract for the construction of approximately 7.158 miles (Incl. 247.42' of Br. & Br.-Lgth. Culvt.) of Grading, Minor Drainage Strs., Widening & Resurf. with ACHM Base & Surf. Crses., Crshd. Stone Shldrs. Sealed with Dbl. Bit. Surf. Tr'mt., Remod. & Widen One R.C.D.G. Span Bridge & Extend One Br.-Lgth. Culvt. on the McGehee-Dumas Road, US Highway 65, Section 17, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$499,765.88, subject to the concurrence of the Bureau of Public Roads.
- 4091 Little River County, Job No. 3573, Ashdown-East, FAP S-82(2). The contract for the construction of approximately 4.341 miles of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. and other miscellaneous items on the Ashdown-East Road, State Highway 32, Section 3, is awarded to R. H. Davis Construction Company, Inc., and R. H. Davis Bridge Company, Inc. of Stamps, Arkansas on their low bid of \$155,970.30.
- 4092 Crawford County, Job No. 4464, Alma-North Reconstruction, FAP F-011-3(6). The contract for the construction of approximately 8.597 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base Crse., ACHM Base & Surf. Crses, Bit. Treated Shoulders, Seeding and other miscellaneous items on the Alma-Mountainburg Road, US Highway 71, Section 15, is awarded to Arco, Inc., of Tulsa, Oklahoma on their low bid of \$807,672.31, subject to the concurrence of the Bureau of Public Roads.
- 4093 Lonoke County, Job No. 6537, Lonoke-Hwy. 70 Drainage, FAP F-02-4(9). The contract for the construction of approximately 0.936 mile of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, ACHM Base & Surface Courses, Curbing, Walks and Driveways in the City of Lonoke, US Highway 70, Sections 14 & 15, was not awarded.
- 4094 Pulaski County, Job No. 6649, Chicot Road-Industrial Spur (Surfacing), FAP I-30-2(55)132. The contract for the construction of approximately 3.769 miles of Dual-Lane construction involving limited grading & Mr. Dr. Strs., Selected Material, Plant Mixed Crshd. Stone Base Crses., P.C. Conc. Pavement (10" U.T.) on Main Lanes with Bit. Treated Shldrs., ACHM Base & Surf. Crses. on various Cross Roads, Ramps & Acceleration Lanes and other miscellaneous items on the Little Rock South By-Pass Road, Interstate 30, Section 2, is awarded

to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$983,275.32, subject to the concurrence of the Bureau of Public Roads.

4095 Saline County, Job No. 6663, Spring Lake Jct. U. S. 65, FAP F-021-2(4). The contract for the construction of approximately 4.983 miles of Grading, Mr. Dr. Strs., Seeding, Sod Mulch, Two Bridge Length Culvts. (44.84 ft. Span Lgth) and One R.C. & Str. Steel I-Beam Span Bridge (174.08 lin. ft.) on the Sheridan-Little Rock Road, US Highway 167, Section 12, is awarded to John M. Smith of Little Rock, Arkansas on his low bid of \$238,903.22, subject to the concurrence of the Bureau of Public Roads.

4096 Pulaski County, Job No. 6744, Dark Hollow Interchange & Connections Surfacing, FAP I-40-3(27)155. The contract for the construction of approximately 1.698 miles of Limited Grading & Mr. Dr. Strs., Plant Mixed Crshd. Stone Base, P.C. Conc. Pv't. (9" & 10"U.T.), Plant Mixed Crshd. Stone Shldrs. sealed with Dbl. Bit. Surf. Tr'mt., ACHM Base & Surf. Crses. on Fr. Rds., Cross Rds., Ramps & Connections & other misc. items on the Dark Hollow Interchange portion of the Little Rock-Memphis Interstate Road, Interstate 40, Section 3, is awarded to Foster & Creighton Company of Nashville, Tennessee on their low bid of \$760,419.57, subject to the concurrence of the Bureau of Public Roads.

4097 Pulaski County, Job No. 6745, Jacksonville Air Base-North Additional Lanes Pavement, FAP F-021-3(12). The contract for the construction of approximately 4.072 miles of Limited Grading & Mr. Dr. Strs., Plant Mixed Crshd. Stone Base Crse., P.C. Conc. Pv't. (9" U.T.) on Main Lanes, Dbl. Bit. Surf. Tr'mt. on Main Lane Shoulders & Frtg. Roads and ACHM Base & Surf. Crses. on One Temp. Connection on the Jacksonville-Cabot Road, US Highway 67, Section 10, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$483,153.97, subject to the concurrence of the Bureau of Public Roads.

4098 Union County, Job No. 7557, El Dorado-Calion, FAP F-021-1(15). The contract for the construction of approximately 8.744 miles (Incl. 60.0' of Br. Remod.) of Grading, Mr.Dr.Strs., Gravel Base (4" x 26' Asphalt Treated), Dense Graded Hot Mix Base and Surface Crses. & Remodeling One R.C. Deck Girder Bridge on the El Dorado-Hampton Road, US Highway 167, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$623,671.00, subject to the concurrence of the Bureau of Public Roads.

4099 Yell County, Job No. 8458, Hwy. Relocations-Dardanelle, FAP F-022-1(11) & S-293(3). The contract for the construction of approximately 4.116 miles of Grading, Mr.Dr.Strs., Plant Mixed Crshd. Stone Base with Bit. Treated Shoulders, Conc. Curb & Gutter, ACHM Base & Surf. Crses., Seeding & One Br. Lgth. Culvt. (22.42' Span Lgth.), on the Paris-Dardanelle and Dardanelle-Russellville Road, State Highway

22, Section 5, and State Highway 7, Section 13, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$479,052.15, subject to the concurrence of the Bureau of Public Roads.

4100 Poinsett County, Job No. 10674, Payneway Drainage Ditch Bridge, FAP F-033-1(11). The contract for the construction of approximately 0.046 mile (Incl. 137.15' of Br.) of Grading, Approach Pavement & One R.C. & Str. Steel I-Beam Span Bridge on the Payne-way-Marked Tree Road, US Highway 63, Section 8, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$52,023.58, subject to the concurrence of the Bureau of Public Roads and Drainage District No. 7.

4101 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:45 P.M., Wednesday, April 19, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-eighth Meeting in Little Rock, Arkansas on April 19, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 24, 1961

The following is the record of the proceedings of the Ninety-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 24, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4102 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., May 24, 1961.

4103 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4088 through 4092 and 4094 through 4100 at the regular meeting of the Commission on April 19, 1961.

4105 WHEREAS the Purchasing Committee consists of the Highway Director, Chief Engineer, State Maintenance Engineer, Legal Counsel, and the Director of Equipment, which serves in making awards for purchases from bids received each week to the lowest and best bidder meeting State Highway Department Specifications (If the above members are unable to be present, their assistants act as proxy in order to make a quorum).

NOW THEREFORE it is directed that the Purchasing Committee's duties be extended to include the disposal of State Highway major, minor and shop equipment and materials for ratification of the State Highway Commission. The Committee will make inspections of equipment and materials returned to the Equipment Division, Jacksonville, from the 10 Districts and other Departments due to its age and conditions and make recommendations to the Highway Commission for their approval, before it is placed in line for sale to the highest and best bid to the best interest of the Arkansas State Highway Department.

As the equipment accumulates on the yard at Equipment Division, Jacksonville, the Director of Equipment will request the Committee to inspect and make recommendations to the Commission.

4106 WHEREAS, the Purchasing Committee has awarded purchases on April 24, and May 1, 8, 15, and 22, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4107 The Director is hereby authorized to execute an extension of the cooperative agreement with the College of Engineering, University of Arkansas, dated December 12, 1956 to provide for a continuation of the Joint Highway Research Program now underway on Flexible Bases and Pavements, for the fiscal year 1961-62. Under the terms of renewed agreement, the Department is authorized to reimburse the University for the expense of the research work during the fiscal year in an amount not to exceed \$21,300.00, to be paid from the overall budget of the Planning and Research Division. Additional expenditures for work done by the Department on this project shall not exceed \$4,000.00 during the fiscal year.

4108 Within the limitation of funds authorized by Budget Minute Order 3710 of May 25, 1960, Section 4, Item 7, the Director is hereby authorized to proceed with the printing of 200,000 copies of the 1961 State Service Map, at an estimated cost of \$17,000.

4109 Within the limitations of funds authorized by Budget Minute Order 3710 of May 25, 1960, Section 4, Item 7, the Director is hereby authorized to proceed with the litho-printing of 3,000 copies of an 88-page progress report to the people, titled "Your Highway System and Its Future," showing highway improvements completed, underway, and programmed, covering a period from July 1, 1956, to date, at an estimated cost of \$4,350.00.

4110 WHEREAS, in CLARK COUNTY, Job No. 7547, FAP S-41(3), Ouachita River Bridge and Approaches, in the construction of Piers No. 1, 2, 3, and 4 for Bridge No. 1412 across Ouachita River near Arkadelphia, Arkansas, R. N. Reynolds and Sons were the Contractors, and

 WHEREAS, relying upon the information shown on the Layout Sheet as the result of soundings made by the Highway Forces to determine the sub-service soil conditions which indicated that founding material ranged from sandy clay medium firm near the surface overlying loose sand and gravel and below the river bed, and

 WHEREAS, during the sinking operations of the steel cofferdams large boulders were encountered some five to six feet above the lower or plan elevation of the bottom of the seal course concrete sec-

tions of the piers, which condition necessitated underwater cofferdams and removal of large boulders from under the steel sheet piling and in the inside areas of the dam before reaching the plan elevation of the seal section, and

WHEREAS, this condition was not reflected in the layout sheet and was unknown to the Department or the Contractor at the time of bidding, and the Contractor has thus been forced to expend the extra sum of \$12,630.81 as is shown by the attached tabulation of the expense incurred by the Contractor, and that this sum is justly due to R. N. Reynolds and Sons.

IT IS THEREFORE ORDERED that R. N. Reynolds and Sons be reimbursed for their expenses in the particulars set forth above in the sum of \$12,630.81, and that the Director be authorized to process this voucher.

4111 In CROSS COUNTY this Department assumed the property and indebtedness of Road Improvement District No. 1 of Cross County, Arkansas, in which property is included among other things a contract of sale of gravel from R. J. Tucker, et al., to Road Improvement District No. 1, all of said gravel being located in Section 22, Township 7 North, Range 3 East, Cross County, Arkansas.

That no gravel has been taken from this property since February 18, 1918 and said gravel rights are not being used by or of value to this Department, said contract of sale being recorded in Deed Record Book 34, Page 440 and which constitutes a cloud on the title of T. V. Dodd, and that any right or title of this Department to said land should be released

IT IS THEREFORE considered and ordered that the Director be authorized to execute a Quitclaim Deed to that part of the Northwest Quarter of Section 22, Township 7 North, Range 3 East, that is covered by a contract of sale dated February 19, 1918 from R. J. Tucker, et al., to Road Improvement District No 1.

4112 In MILLER COUNTY, for a junction with Interstate Highway 30 and Highway US 71 on the State Line between Arkansas and Texas, in Texarkana, an interchange must be built as a joint project The Director is authorized to enter into an agreement with the Texas Highway Department and execute the agreement on behalf of the Arkansas State Highway Commission. The agreement will provide that the project be designed and construction be supervised by the Texas Highway Department. Arkansas will reimburse Texas for one-half of the state funds required for design, engineering during construction, and the construction costs.

4113 In MISSISSIPPI COUNTY, the road from a junction with Highway 181 in Keiser-East to the University of Arkansas Experiment

Station, a distance of approximately 0.83 miles, is hereby made a part of the State Highway System

- 4114 In PHILLIPS COUNTY: WHEREAS, there is a serious congestion on Highway 20 through the City of West Helena, generally caused by through trucks; and

WHEREAS, with the opening of the Helena Bridge over the Mississippi River it is a prerequisite for the financial stability of the bridge that traffic to the bridge be made as safe and convenient as possible; and

WHEREAS, the Cities of Helena and West Helena have agreed on a possible route that would serve for a truck route around West Helena and to the bridge;

NOW, THEREFORE, soon after the bridge is opened to traffic, the Director is authorized to proceed with an engineering and traffic report and after its completion to report back to the Commission for further authority.

This action is subject to approval by the Bureau of Public Roads.

- 4115 In PHILLIPS COUNTY for the HELENA BRIDGE INSURANCE, the Highway Commission, by MINUTE ORDER 4058 dated March 15, 1961, made a tentative award for coverage, as advertised, to the firms of Stewart-Sneed-Hewes, Inc. of Gulfport, Mississippi and the Security Agency of Pine Bluff, Arkansas on their low bid, subject to certain conditions. All conditions of Minute Order 4058 having been met, the Director and Chief Engineer are authorized to execute the contract for the Highway Commission.

This action is subject to a similar execution by the Director of the Mississippi Highway Commission after specific authority has been designated to him by the Mississippi Highway Commission.

- 4116 In PRAIRIE COUNTY, near the City of Des Arc: WHEREAS, there is an old and dilapidated bridge over White River; and

WHEREAS, there is need for a new bridge which will be an expensive installation and beyond the immediate possibility of construction; and

WHEREAS, studies are needed to determine the most economical design and location for construction when funds are available, probably by stages;

NOW THEREFORE, the Director is authorized to make studies, preliminary plans, request permission from the Corps of Engineers, and when completed, report back to the Commission for further authority.

This action is subject to program approval by the Bureau of Public Roads.

- 4117 In STONE and IZARD COUNTIES this Department is required by Act 467 of the Acts of 1961, to operate a ferry across White River at the towns of Allison and Sylamore on State Highway No. 9.

To comply with the provisions of the said Act, the Director is authorized to advertise for bids for contract operation of said ferry. Upon receipt of bids the Commission will determine whether operation of the ferry will be by contract or by State forces.

- 4118 WHEREAS, in Cleveland County on State Highway 35, approximately 1.8 miles west of Pansy, Messrs. J. E. and N. R. Coggans have offered to lease to the Department a suitable site containing 0.295 acre for a roadside park, the lease to run for a period of 25 years.

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside sites in this manner,

NOW, THEREFORE, it is ordered that the Director be authorized to execute this lease with Messrs. J. E. and N. R. Coggans for a period of 25 years for the purpose of establishing a roadside park.

- 4119 WHEREAS, it is considered desirable in the interest of efficiency to establish an Area Headquarters in Hot Spring County at Malvern, and,

WHEREAS, Mr. Ray M. Martin of Malvern has offered to sell to the Department a suitable site containing 4.9 acres, 0.26 acre of which will be needed for Interstate Highway 30 construction, located on US 270 north of Malvern, for \$4,500.00,

IT IS ORDERED that the Director be authorized to act for the Commission in completing all details necessary for the transfer of title at a cost of \$4,500.00, as a Building Project.

- 4120 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in Phillips County, and,

WHEREAS, Mr. John F. Mitchell of Barton has offered to sell the Department a suitable site consisting of three acres, located on the south side of State Highway 20 approximately one-half mile west of Walnut Corner, for \$2,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to proceed with the construction of the fencing and other appurtenances, as a Building Project,

at an estimated cost of \$5,500.00.

- 4121 In CRAWFORD COUNTY on US 64, Section 2, from Van Buren to Alma, the Director is authorized to resurface selected sections of the north lane of the four-lane pavement for a total length of 2.91 miles as a Betterment Project, at an estimated cost of \$19,900.00 for materials only. Work to be done by maintenance forces.
- 4122 In NEVADA COUNTY on State Highway 355, Section 5, between Willisville and Highway 53, the Director is authorized to proceed with the work of replacing three rotted, narrow and dangerous timber bridges and one inadequate 24" R.C. pipe with four bridges (total length-155') to be constructed of treated timber and salvaged steel with concrete decks. This work is to be done by State Forces at an estimated cost of \$6,300.00 for materials only.
- 4123 In RANDOLPH COUNTY on S. H. 93, Section 1, at Eleven Point River, the Director is authorized to proceed with the work of repairing damage, caused by the recent heavy rains, to the road and ditch sections near the bridge end at an estimated cost of \$5,000.00. This work is to be done by contract.
- 4124 In UNION COUNTY on U.S. 82, Section 6, from Caney Creek east, approximately 6 miles, the Director is authorized to resurface 2 1/4 miles of existing surface, on selected sections, with a Dense Graded Hot Surface Course as a Betterment Project at an estimated cost of \$18,300.00. Work to be done by contract.
- 4125 In WHITE COUNTY, on S.H. 36, Section 3, and S.H. 16, Section 13, in the city of Searcy, the Director is authorized to resurface the existing asphalt pavement for a total length of 1.43 miles with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$17,300.00. Tack coat and leveling course to be placed by maintenance forces. Resurfacing to be done by contract.
- 4126 In CRAIGHEAD COUNTY on STATE HIGHWAY 158 at the crossing of the St. Louis-San Francisco Railway tracks in Bay, the Director is authorized to proceed in the most feasible manner with the installation of flashing lights and short-arm gate protection at an estimated cost of \$16,000 subject to the following conditions:
1. That the Railway will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
 2. All required right-of-way will be furnished free of cost to the State.
 3. Program approval by the Bureau of Public Roads.
- 4127 In LEE COUNTY on STATE HIGHWAY 121 at the crossing of the Missouri Pacific Railroad's track at Lagrange, the Director is authorized to proceed in the most feasible manner with the installation of flashing light with short-arm gate signal protection at an estimated

cost of \$16,000 subject to the following conditions:

1. That the Railway will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

4128 In MADISON COUNTY on HIGHWAY 23, the War Eagle Creek Bridges at log mile station 23.76 in Section 8 and at log mile station 4.08 in Section 9 have been so damaged by recent floods that they have to be rebuilt. The Director is authorized to replace the War Eagle Creek Bridges and approaches at an estimated cost of \$255,000.00.

This action is subject to the provisions of MINUTE ORDER 4087, Section IV, and program approval by the Bureau of Public Roads.

This action is eligible for compliance with Act 150 of 1961.

4129 State-wide, Job No. 12-1 (1) OCDM No. 000-4(61) & 000-11(61). The contract for furnishing and installing radio equipment in accordance with plans and specifications for State-wide Radio System, Arkansas State Highway Department is awarded to Motorola Communications & Electronics, Inc., of Dallas, Texas on their low bid of \$176,134.43, contingent upon receipt by the State of OCDM approved, amended Project Applications in the amount of the combined low bids for the system.

4130 State-wide, Job No. 12-1 (2) OCDM No. 000-4(61) & 000-11(61). The contract for furnishing and installing Auxiliary Power Equipment and all Lighting and Power Wiring for Arkansas State Highway Department Radio System is awarded to C & C Electric Company of Little Rock, Arkansas on their low bid of \$29,068.00, contingent upon receipt by the State of OCDM approved, amended Project Applications in the amount of the combined low bids for the system.

4131 State-wide, Job No. 12-1 (3). The contract for furnishing and installing Steel Antenna Towers for Arkansas State Highway Department Radio System is awarded to Swager Tower Company of Fremont, Indiana on their low bid of \$46,100.00, contingent upon receipt by the State of OCDM approved, amended Project Applications in the amount of the combined low bids for the system.

4132 State-wide, Job No. 12-1 (4). The contract for furnishing and erecting Prefabricated Metal buildings for the Radio System of the State Highway Department is awarded to Hughes Engineering and Construction Company of Magnolia, Arkansas on their low bid of \$12,010.00, contingent upon receipt by the State of OCDM approved, amended Project Applications in the amount of the combined low bids

for the system.

- 4133 State-wide, Job No. 12-1 (5). The contract for furnishing and installing and filling of Liquefied Petroleum Gas Tanks for Radio System of Arkansas State Highway Department is awarded to Harris Distributors of Little Rock, Arkansas on their low bid of \$5,165.00, contingent upon receipt by the State of OCDM approved, amended Project Applications in the amount of the combined low bids for the system.
- 4134 Cross County, Job No. 11646, Fair Oaks-Harrels Corner Bridges & Approaches, FAP F-020-2(6). The contract for the construction of approximately 3.373 miles of Grading, Minor Drainage Strs., Gravel Base & Single Bit. Surf. Tr'mt. on Traffic Service Roads; Gravel Base, ACHM Base & Surf. Crses. & Seeding on Main Lanes; 10 R.C. Slab Span & Str. Steel I-Beam Span Br. (1360.0 lin. ft.) on the Augusta-Parkin Road, US Highway 64, Section 15, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$660,359.44, subject to the concurrence of the Bureau of Public Roads.
- 4135 Lee County, Job No. 11655, Jct. Hwy. 1 - La Grange, FAP S-265(2). The contract for the construction of approximately 2.000 miles (Include 75.00 ft. of Bridge) of Grading, Minor Drainage Strs., Gravel Base, Double Bit. Surf. Tr'mt. & One R.C. Slab Span Bridge on the Jct. Hwy. 1 - La Grange Road, State Highway 121, Section 3, is awarded to W. C. Burrow Company of Malvern, Arkansas on their low bid of \$70,031.02.
- 4136 Ashley County, Job No. 2614, Beech Creek - East, FAP S-440(12). The contract for the construction of approximately 4.122 miles of Grading, Minor Drainage Strs., Gravel Base, Double Bituminous Surface Treatment and Seeding of Slopes on the Hamburg-Parkdale Road, State Highway 8, Section 14, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their bid of \$185,364.16, which was the only bid received and was considered to be in line.
- 4137 Baxter County, Job No. 5505, Mountain Home-North, FAP S-453(2). The contract for the construction of approximately 5.386 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base and Double Bit. Surf. Treatment on the Mountain Home-Clarks Ridge Road, State Highway 201, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$198,402.94.
- 4138 Lonoke County, Job No. 6537, Lonoke-Hwy. 70 Drainage, FAP F-02-4(9). The contract for the construction of approximately 0.936 mile of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, ACHM Base & Surface Courses, Curbing, Walks and Driveways in the City of Lonoke, US Highway 70, Sections 14 &

15, is awarded to A.P.T. Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$90,635.28, subject to the concurrence of the Bureau of Public Roads.

4139 Ouachita County, Job No. 7568, Stephens-North, FAP S-211(3). The contract for the construction of approximately 3.681 miles (Include 117.08' of Br.) of Grading, Minor Drainage Structures, Bituminous Stabilized Base, Double Bit. Surf. Treatment & One Precast Conc. Slab Span Bridge on the Stephens-North Road, State Highway 57, Section 1, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their bid of \$166,231.35, which was the only bid received and was considered to be in line.

4140 Union County, Job No. 7570, East Old Union-Ouachita River, FAP S-448(2). The contract for the construction of approximately 9.541 miles of Grading, Minor Drainage Structures, Gravel Surface Course and Seeding Slopes on the El Dorado-Morrobbay Road, State Highway 15, Section 2, is awarded to S. M. Dixon Construction Company of Warren, Arkansas on their low bid of \$227,893.11.

4141 Craighead County, Job No 10663, Bay-Lunsford, FAP S-459(1). The contract for the construction of approximately 5.127 miles (Include 138.0' of Brs.) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One Precast R.C. Slab Span Bridge and One Prestressed Precast R.C. Slab Span Bridge on the Bay-Lunsford Road, State Highway 158, Section 4, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$191,123.65.

4142 Crawford & Washington Counties, Job No. 1386, Mountainburg-Winslow Reconstruction, FAP F-011-3(7). The contract for the construction of approximately 7.894 miles of Grading, Minor Drainage Strs., Plant Mixed Crushed Gravel Base, ACHM Base & Surface Courses and Double Bit. Surf. Treated Shoulders on the Alma-Fayetteville Road, US Highway 71, Sections 15 & 16, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$594,849.90, subject to the concurrence of the Bureau of Public Roads.

4143 MINUTE ORDER 4087 adopted by the Highway Commission on April 19, 1961 is hereby revised as follows:

IV. Secondary System - Rural and Urban

1. Where all right-of-way is furnished free of cost to the State, with the State assuming legally eligible costs of moving obstructions.
2. Program items previously approved are hereby modified to conform to paragraph IV, 1.

Except for the above specific revision, the remaining provisions

of Minute Order 4087 are to remain in full force and effect.

4144 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, May 24, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-ninth Meeting in Little Rock, Arkansas on May 24, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING OF THE
ARKANSAS STATE HIGHWAY COMMISSION

June 2, 1961

The following is the record of the proceedings of the One Hundredth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 2, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4145 IT IS ORDERED that the Special Meeting of the State Highway Commission be opened at 10:00 A.M., Friday, June 2, 1961.

4146 WHEREAS, Heavily loaded trucks travelling at high speeds are seriously damaging secondary highways in White, Cleburne, Conway, Faulkner and Van Buren Counties, and

WHEREAS, an unusually large number of heavily loaded trucks travelling at high speeds are hazardous and detrimental to the safety of the travelling public, and

WHEREAS, it is the responsibility and duty of the State Highway Commission to protect the highways from such damage, and to protect the safety of the travelling public by reasonable and non-discriminatory regulation of traffic,

NOW, THEREFORE IT IS HEREBY ORDERED that loaded trucks exceeding 30,000 lbs. gross weight shall be limited to a maximum speed of 35 miles per hour on State Highways 16, 36, 31, 157, 25, 5, 124, 87, 9, 92, 95 and 356 within the above counties, effective immediately.

4147 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 12:15 P.M., Friday, June 2, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundredth Meeting in Little Rock, Arkansas on June 2, 1961.

Dorothy Switzer, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 28, 1961

The following is the record of the proceedings of the One Hundred and first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 28, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4148 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 28, 1961.

4149 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4134 and 4136 through 4142 at the regular meeting of the Commission on May 24, 1961.

4152 The attached budget for the fiscal year beginning July 1, 1961 and ending June 30, 1962, is approved and allotments made for the Biennial Highway Department Appropriation for Salaries, Wages (Extra Help), Expenses, Materials, Equipment, and Supplies in the amounts and for the purposes stipulated, all subject to the approved procedures for expenditures. The Director is hereby authorized to

make such adjustments between the organizational allocations shown herein as are found necessary, all within the limits of the total budget amount. The Commission will authorize, individually, all projects to be constructed with funds under Section VI herein.

4153 WHEREAS, further study indicates a need for more flexibility in the position, grade and salary schedule to assure a more equitable administration of compensation to salaried employees.

NOW, THEREFORE, IT IS ORDERED That Minute Order 3872 of October 5, 1960 is hereby amended by a substitution of position, grade and salary schedule dated June 21, 1961 for the one dated September 21, 1960. All other conditions and provisions of Minute Order 3872 remain unchanged.

4154 WHEREAS, the Purchasing Committee has awarded purchases on May 29, and June 5, 12, 19 and 26, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW, THEREFORE, IT IS ORDERED That the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4155 In ASHLEY COUNTY, on U. S. HIGHWAY 165, SECTION 1, the Director is hereby authorized to grant a permit to the Wilmot Grain Company for the construction of a railroad crossing, at grade across US 165, to serve a grain elevator.

The permit to be subject to the following conditions:

1. The Owner to provide warning signals displaying standard cross arms, and advance warning signs, and adequate illumination during the hours of darkness.
2. The Owner to install a solid treated timber plank crossing, meeting the standards of the Missouri Pacific Railroad Company, for the length of the cross ties and for the width extending from shoulder to shoulder of the highway, and at all times maintain the crossing in a condition satisfactory to the State Highway department.
3. The crossing not to be super-elevated and to match the existing highway pavement grade on each side, and the cut pavement and base course to be removed to a firm surface on each side and replaced with clean base course and asphalt paving materials meeting the requirements of the Highway Department Specifications, and formed to true matching lines and grades.
4. That the Owner make judicious use of appropriate safety devices and practices such as barricades, lights, signs, watchmen, and flagmen, as may be needed during construction and subsequent operation of the crossing, to protect travel, and that the Owner save harmless the Arkansas State Highway Commission in all respects.

5. The Highway Department Acting District Engineer, Mr. John S. Harris Jr., 1300 Ohio Street, Pine Bluff, Arkansas, to be notified prior to starting operations within the limits of the highway right-of-way in order that he may supply inspection if he desires Construction methods and finished results must meet his full approval.
6. That the Owner absorb all cost of initial installation and subsequent operations at no cost to the State, and any time improvement in the highway facilities necessitates adjustment of the track, it will be done by the Owner at no expense to the State when requested.

4156

IN COLUMBIA COUNTY in the WALDO-MAGNOLIA-MCNEIL AREA: WHEREAS, to establish an adequate future Highway System within and through the Waldo, Magnolia, and McNeil Area the Highway Department has made a comprehensive study, including traffic desires, services for internal and external traffic, and ability to build within the means available; and

WHEREAS, the findings of this study have been assembled and published in a report entitled "Highway Route Study, Waldo-Magnolia-McNeil Area", dated April, 1960; and

WHEREAS, after dissemination of the information in the report, and after wide publicity and advertising, interested parties presented their views on the proposed routes recommended in the report at the Public Hearing held in Magnolia on June 2, 1960; and

WHEREAS, a transcript of the Public Hearing was made and the results have been given serious consideration, including additional information and recommendations submitted by the Magnolia City Council and City Planning Commission, dated September 16, 1960; and

WHEREAS, careful consideration has been given to the economic effects of the recommended routes;

NOW THEREFORE, IT IS ORDERED that the "Highway Route Study, Waldo-Magnolia-McNeil Area," dated April, 1960, is hereby approved and the recommendations accepted as an overall program of future highway improvements, to be authorized as funds become available; and the Director is authorized to proceed with necessary Federal-Aid System adjustments in accord with the attached sketch from the route study designated Figure No. XIV, dated April 1, 1960, all subject to approval of the Bureau of Public Roads.

4157

IN DREW COUNTY the section of old Highway 81 from the junction of present State Highway 81 south of Monticello, north to State Highway 4 in Monticello via Jackson and Main Street, is hereby reinstated as a part of the State Highway System, all as sworn on attached sketch which is made a part of this Order.

4158 IN GARLAND COUNTY in the CITY OF HOT SPRINGS:
WHEREAS, to establish an adequate future Highway System within
and through the City of Hot Springs, the Highway Department has
made a comprehensive study, including traffic desires, services for
internal and external traffic, and ability to build within the means
available; and

WHEREAS, the findings of this study have been assembled and
published in a report entitled "Hot Springs Highway Traffic Study,"
dated December, 1960; and

WHEREAS, after dissemination of the information in the
Report, and presentation of the findings to City and County officials at
an informational meeting held in Hot Springs on March 24, 1961, the
City of Hot Springs approved recommendations contained therein by
adopting City Ordinance No. 2682 on May 1, 1961;

NOW, THEREFORE, IT IS ORDERED that the "Hot Springs
Highway Traffic Study" dated December, 1960, is hereby approved
and the recommendations accepted as an overall program of future
Highway improvements, to be authorized as funds become available;
and the Director is authorized to proceed with field surveys and
preparation of preliminary plans for determination of final location and
right of way requirements for the relocation and extension of Highways
70-270 from Third Street along West Grand Avenue at an estimated
cost of \$7,500.

This action is subject to approval by the Bureau of Public Roads.

4159 IN LEE COUNTY on HIGHWAY 121: WHEREAS, MINUTE
ORDER 4135 awarded the contract for Job 11655, Junction Highway
1 - LaGrange, to W. C. Burrow Company of Malvern, Arkansas on
their low bid of \$70,031.02 corrected in accordance with
specifications; and

WHEREAS, the W. C. Burrow Company has requested to be
relieved of their bid proposal and submitted a check for \$3,000.00 as
forfeiture of their bid deposit; and

WHEREAS the Director and the Chief Engineer, in the best
interest of the Department, on May 31, 1961 issued a Notice of Award
to BucTon Construction Company of Hazen, Arkansas on their bid of
\$86,760.10 which is the next lowest qualified bid;

NOW, THEREFORE, the actions of the Director and the Chief
Engineer in this award are ratified in all particulars.

4160 IN MILLER COUNTY for a proposed loop around Texarkana:
WHEREAS, the Highway Department Staff, Miller County, the City of
Texarkana, and the Bureau of Public Roads have agreed upon a general
location; and

WHEREAS, in order to protect future right-of-way which may be built upon by new industry or housing developers;

NOW, THEREFORE, the Director is authorized to make surveys, plans, right-of-way requirements, and estimate of cost of the proposed loop route to the end that construction can begin when funds are available, as determined by future highway Commission authorizations.

This action is subject to approval by the Bureau of Public Roads.

4161 WHEREAS, the Arkansas State Highway Commission has heretofore adopted Regulations for Access Driveways to Highways but that the same have not been published or distributed as directed by statute to give the regulations the effect of law and it is deemed advisable to re-enact the existing regulations and publish the same.

IT IS THEREFORE considered and ordered that the following regulations will cover Access Driveways to State Highways:

WHEREAS, The Director of Highways by Commission Policy Minute Order No. 387 of February 25, 1954, was directed to develop standards for permissible types of access driveways to State Highways, and in furtherance of such instruction caused such standards to be drafted and printed as Regulations for Access Driveways to State Highways, and

WHEREAS, such Regulations have been applied since their printing and have been found workable and desirable.

NOW, THEREFORE, the aforementioned Regulations for Access Driveways to State Highways as set out as follows are hereby adopted as regulations of the State Highway Commission and are ordered published as prescribed by the provisions of Act No. 123 of the Acts of 1953 (Ark. Stat. 76-201.5 (n) (2)).

A. GENERAL

1. APPLICATIONS. Applications for permits shall be made by the owner or lessee, who shall represent all parties in interest, and such permits shall be only for the bona fide purpose of securing or changing access to his property, but not for the purpose of parking or servicing vehicles on the state highway right-of-way.

2. PRIVATE RESIDENTIAL DRIVEWAY A private residential driveway is defined as a driveway adjacent to a state highway to provide entrance to and/or exit from a residential dwelling for the exclusive use and benefit of those residing therein.

3. COMMERCIAL DRIVEWAY A commercial driveway is defined as an entrance to and/or exit from any commercial business, or public establishment adjacent to a state highway.

4 MATERIALS. The grantee shall furnish all materials

necessary for the construction of the entrances and appurtenances authorized by the permit. All materials shall be of satisfactory quality and shall be subject to inspection and approval by the State Highway Department.

5. CONSTRUCTION AND RECONSTRUCTION. All new access driveways, following approval of permit shall be constructed in conformance with the applicable regulations or as directed by the District Engineer. Any existing access driveway structures which are destroyed or removed in the construction or reconstruction of a section of highway will be replaced or reconstructed by the State Highway Department to a design within these regulations and a condition equal to or better than the original structures.

6. INSPECTION - MAINTENANCE. The State Highway Department reserves the right to inspect these installations at the time of construction and at all times thereafter, and to require such changes, maintenance, and repairs as may at any time be considered necessary to provide protection of life and property on or adjacent to the highway.

The cost of changes, maintenance, and repairs of commercial driveways, islands, and other access driveway appurtenances on the right-of-way will be the responsibility of the grantee, except as provided under Construction and Reconstruction herein.

Private residential driveways will be maintained by the State Highway Department.

7. CHANGES. No driveway, approach, or other improvement constructed on the right-of-way shall be relocated or its dimensions altered without a duly executed permit from the State Highway Department.

8. PUBLIC ACCESS DRIVEWAYS. The maintenance and/or reconstruction of approaches from all public thoroughfares intersecting or joining State Highways shall be the responsibility of the State Highway Department. This shall include all approaches from county - or city - maintained roads and streets and those from schools and churches. Access driveways for other public establishments shall be installed in the same manner as a commercial driveway with the cost to be borne by the owner.

9. INDEMNIFICATION. The grantee shall hold harmless the State Highway Commission and its duly appointed agents and employees against any action for personal injury or property damage sustained by reason of the exercise of his permit.

10. LIMITATION. These regulations shall apply on all highways, other than controlled access facilities, under the jurisdiction of the State Highway Department as defined by law.

11. SIGNS. The Grantee shall not be permitted to erect any sign, either fixed or movable, on or extending over any portion of the highway right-of-way.

12. DESIGN. Design requirements for access driveways are as

follows:

a. All parts of entrances and exits on highway right-of-way shall be confined within the grantee's property frontage. Frontage is that portion of the grantee's property lying between the two most distant possible lines drawn perpendicular from the centerline of the highway to grantee's abutting property.

b. Locations of access driveways shall be selected to provide maximum safety for highway traffic and for users of the driveway.

c. At any intersection of a State Highway with another highway, road, or street, where additional right-of-way has been procured for improved sight distance, no access driveway will be permitted on or across the frontage. At any other intersection, access driveways shall be prohibited for a sufficient distance from the intersection to preserve the normal and safe movement of traffic through it, and in no case shall the distance be less than the intersecting street return radius. All parts of any access driveway, including the radii, shall be a minimum of ten (10) feet inside the abutting property frontage, except as provided in paragraph "g".

d. Radii for all access driveways in urban areas shall be not less than two and one-half (2 1/2) feet, and in rural areas the radii shall be not less than (10) feet, except as provided in paragraph "g".

e. Drainage in highway side ditches shall not be altered or impeded. When drainage structures are required, size of opening and other design features shall be approved by the State Highway Department, and in all cases the structure shall be no smaller than a 22" x 13" arch pipe or an 18" diameter pipe culvert.

f. The safety zones adjacent to access driveways may be filled-in provided the requirements below are fully complied with.

(1) Surface drainage shall be provided so that all surface water on the filled-in area shall be carried away from the highway roadbed in a suitable manner.

(2) The drainage opening underneath the filled-in area shall be adequate to carry the design flow or water in the highway side ditches.

(3) The filled-in area shall be sufficiently delineated by curbs or guardposts to prevent use of the area for parking or travel. Reflectorized guide posts in rural areas are desirable.

(4) The filled-in area shall extend from the sidewalk, or where no sidewalk exists, from the right-of-way line to the shoulder line or curbed pavement as the case may be, provided that other limits may be specified by the State Highway Department to provide conformance with proposed future improvements to the existing highway section.

(5) Driveway slope -- The grade on the driveway shall be so constructed as to conform to the slope of the roadway shoulder from the edge of the surface to the shoulder line and thence shall be sloped downward a minimum of 1/4" per foot, and a maximum of 1" per foot for a distance necessary to place the low point of the driveway 8" below the shoulder elevation. If Valley Gutters are used, the lowest point of the gutter shall be

a minimum of 8" below the shoulder elevation and a valley gutter of at least 4 feet in width maintained.

g. The State Highway Department may authorize or require certain changes in the design limits herein when such changes are necessary to preserve the normal and safe movement of traffic or to permit reasonable access. In consideration of type, speed, and volume of highway and access driveway traffic, larger curb return radii than the minimum herein may be required by the District Engineer. When physical factors make it impractical to obtain reasonable access within these requirements, appropriate variations may be authorized by the District Engineer; provided, however, that in all cases, curb return radii shall be confined to the grantee's property frontage and shall not be less than two and one-half (2 1/2) feet, and the island between driveways shall not be less than five (5) feet long, driveway widths shall never exceed 45 feet, and no part of a driveway or its radii shall extend beyond grantee's property line extensions at highway or street intersections.

B. COMMERCIAL ACCESS DRIVEWAYS

1. CONSTRUCTION. The grantee shall do all work and pay all costs in connection with the construction of access driveways and their appurtenances on the right-of-way, except that in areas outside the corporate limits of municipalities the State Highway Department will assist by establishing flow-line grades for drainage structures and finished grades for driveway surfaces or such other comparable assistance which the District Engineer may agree to perform; provided materials are furnished at the site as set out under the regulations entitled MATERIALS herein.

2. WIDTH. The width of access driveways shall not exceed forty (40) feet measured at right angles to the center line of the driveway, except as increased by permissible radii or as provided in paragraph "g".

3. ANGLE. The angle of access driveways from the pavement shall be sixty (60) degrees to ninety (90) degrees, except that one-way entrances from divided lane highways or one-way frontage roads shall be forty-five (45) degrees to ninety (90) degrees.

4. SAFETY ZONES All parts of the highway right-of-way between the curb or shoulder line and the right-of-way line along the grantee's property frontage, except the areas contained in the access driveways, shall be Safety Zone. Safety Zones between drives shall be not less than twenty-five (25) feet in length except as provided in paragraph "g", and generally should be a minimum of one-third the length of the property frontage. Curbs or posts shall be installed by the grantee as may be necessary to prohibit vehicle parking and access in safety zones. If curbs are used they shall be concrete or masonry barrier type curbs not less than six (6) inches in height. If posts are used, they shall be round, six (6) inches in diameter, with domed tops, two and three-quarter (2-3/4) feet in length; and shall be installed six (6) feet apart, extending fifteen (15) inches above the ground, and shall

be painted white, and reflectorized when feasible. The barrier line nearest the highway shall be on line with existing curbs, or established curb lines, but not less than twenty-two (22) feet from the center of the pavement; provided the District Engineer or his authorized representative does not require a greater distance when needed to preserve the safety and utility of the highway or provide conformance with proposed highway improvements.

5. VEHICLE SERVICE FIXTURES. The distance from the right-of-way line to the near edge of service pumps, vendor stands, tanks, or water hydrants shall be a minimum of fifteen (15) feet. To permit free movement of large vehicles and, in certain instances, to insure that they be entirely off highway right-of-way while being serviced, a greater distance is recommended.

6. DRIVE-IN THEATER DRIVEWAYS.

a. DESIGN OF ENTRANCES. Normally not more than one entrance should exist for each access drive, but where arrival volume is almost evenly divided by direction, individual entries for right and left turns, separated by several hundred feet, may be provided. On two-lane roads where left turns are permitted the entrance shall not exceed 30 feet in width. On three - or more - lane highways where left turns are prohibited the entrance lane shall not exceed 14 feet in width. On three - or more - lane highways where left turns are permitted the entrance shall not be over 19 feet wide. Entry turn speeds of 20 miles per hour should be provided for right turn movements. Entry turn speeds of 10 miles per hour should be provided for left turn movements. Not more than one exit should exist for each access drive, and no more than one lane shall be permitted for each direction of travel. Where left turns are prohibited, the exit shall be not more than 14 feet wide. Where left turns are permitted, the exit shall be not more than 19 feet wide with a small island in the throat. Acceleration and deceleration lanes should be used if possible. Cuts shall not be made in the median or multi-lane highways to permit left turn movement.

b. SIGNS AND LIGHTING. The entrances and exits shall be clearly indicated by signs installed off the right-of-way by the theater grantee, and it is recommended that the grantee install adequate lighting of the entrances and exits to assist in the safe movement of traffic.

C. RESIDENTIAL DRIVEWAYS.

1. CONSTRUCTION. The grantee shall do all work and pay all costs in connection with the construction of access driveways and their appurtenances on the right-of-way, except that in areas outside the corporate limits of municipalities the State Highway Department will install a drainage structure or valley across the highway ditch and will spread gravel or stone for the driveway surface, provided materials are furnished at the site as set out under the regulations entitled MATERIALS herein.

2. WIDTH. The width shall not exceed twenty-four (24) feet measured at right angles to the centerline of the driveway, except as increased by permissible radii.

3. ANGLE. The angle of the access driveway from the highway

pavement shall be forty-five (45) degrees to ninety (90) degrees.

SECTION 1 - ???????

SECTION 2 - No exceptions to these regulations shall be granted to the State Highway Commission, supported by documented proof of such except for reasons of undue hardships and then only upon application hardship.

SECTION 3 - That the regulations set forth above shall be published in the Arkansas Gazette and the Arkansas Democrat once each week for three consecutive weeks.

SECTION 4 - That two (2) copies of this Minute Order and two (2) copies of the printed Regulations be mailed by certified mail, return receipt requested, to the Circuit Clerk of each County with directions that a copy of this Minute Order and a copy of the printed Regulations be posted immediately at the Courthouse and one (1) copy of the Minute Order and printed Regulations be retained in his office for public information.

SECTION 5 - That the Legal Division shall be charged with the responsibility of seeing that these Regulations are published according to law and to maintain the prepared files in connection therewith.

4162 IN UNION COUNTY, Job 7539 - El Dorado Bypass - FAP No. U-021-1(4), G. E. Wilson, Trustee for the Wilson Estate, Highway 167, a residential sub-division has been damaged by construction on the above job, which construction has resulted in heavy silting of the property and the lake thereon, and the destruction of timber and the washing out of roads constructed by the property owner, and

WHEREAS, this damage may result in a claim being presented through the Claims Commission, and it is deemed necessary that all possible information be compiled and proper weight be given to means to remedy the damage to the property.

IT IS THEREFORE ordered that the Director be requested to initiate a complete study and report on the effects of the bypass construction at the above property, both past, present and future. That a survey and estimate be made as to the cost of diverting the drainage around the lake on the Wilson Property. After consideration of all the facts, formulate a proposal, designed to settle the whole problem. Present the proposal to the property owner in an effort to arbitrate an effective solution.

4163 WHEREAS, in Washington County there is a short section of County Road approximately 0.6 mile in length from the end of Oklahoma State Highway No. 100 to Arkansas State Highway No. 59 which serves as a connection between these two highways, and

WHEREAS, Oklahoma has paved Highway 100 to the Arkansas State Line to the highest of Secondary standards, and

WHEREAS, the exchange of traffic between Oklahoma and

Arkansas at this point justifies an adequate highway connection in Arkansas,

NOW, THEREFORE, IT IS ORDERED that the section of County Road from the end of Oklahoma Highway 100 at the Arkansas State Line to Arkansas State Highway No. 59 across Sec. 4, T13N, R33W, approximately 0.6 mile in length, is hereby made a part of the State Highway System, to be designated as 244, Section 1, in accordance with attached sketch.

4164 IN WASHINGTON COUNTY, for a western loop of Fayetteville: WHEREAS, MINUTE ORDER 4051 provided that the Director was authorized to receive bids for mapping by photogrammetric methods; and

WHEREAS, it has been determined that work of this type is professional in nature and the receiving of bids would be unethical; and

WHEREAS, with the concurrence of the Bureau of Public Roads, the Director has selected the outstanding firm of Alster and Associates of Washington, D. C. to perform these professional services at a negotiated fee of \$8,380.00, which has been fully justified;

NOW, THEREFORE, the actions of the Director in this matter are hereby ratified.

This action is subject to approval by the Bureau of Public Roads.

4165 IN YELL COUNTY on HIGHWAY 27: WHEREAS, there is an old steel bridge 150 feet long, weighing approximately 30 tons, to be abandoned, which cannot be used virtually intact by the Highway Department; and

WHEREAS, Job 1338 required that the timber portion of this bridge becomes the property of the contractor and the steel truss has to be disassembled, match-marked and stored at the bridge site; and

WHEREAS, the County Judge of Yell County states that the truss can be used on a county highway;

NOW THEREFORE, as set out in MINUTE ORDER 4063, the Director is authorized to convey to the County Judge of Yell County the steel truss at the site where the truss is stored and in the stockpile.

4166 IN ARKANSAS COUNTY: WHEREAS, S. H. 146, Section 1 from U. S. 79 to S. H. 33 North; Section 2 from S. H. 33 South to Prestons Ferry and S. H. 33, Section 1 from S. H. 146 West to S. H. 146 East, a total length of 13.95 miles, have suffered extensive damage during the past winter; and

WHEREAS, this has necessitated continuous excessive maintenance expense;

NOW THEREFORE, IT IS ORDERED that the Director be authorized to resurface, as a Betterment Project, the existing pavement with asphalt hot mix surface course at an estimated cost of \$60,000.00. Work is to be done by contract.

- 4167 IN BRADLEY COUNTY on HIGHWAY 160, Section 8, between Jersey and the junction of Highway 15, the Director is authorized to proceed with the work of replacing two narrow and dangerous timber structures with new bridges (total length - 76') constructed of treated timber with concrete decks, at an estimated cost of \$4,800.00 for materials only. This work is to be done as a Betterment Project by State Forces.

 This work qualifies under Act 150

- 4168 IN CRITTENDEN COUNTY on U. S. HIGHWAY 64, Section 17, from State Highway 147 to Interstate 55, a distance of 5.2 miles, the Director is authorized to resurface selected sections with a Sand Asphalt Blade Mix material, as a Betterment Project, at an estimated cost of \$7,000.00 for materials. The work is to be done by Maintenance Forces.

- 4169 IN CRITTENDEN COUNTY on STATE HIGHWAY 77, Section 5, from US 61 to Ten Mile Bayou Bridge, a distance of 0.75 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$19,000.00. Work to be done by contract.

- 4170 IN DALLAS COUNTY on U. S. HIGHWAY 79, Section 6, and STATE HIGHWAY 8, Section 89 in the City of Fordyce, a total length of one mile, the Director is authorized to resurface the existing pavement, as a Betterment Project, at an estimated cost of \$19,800.00. The work is to be done by contract.

- 4171 IN NEVADA COUNTY on S. H. 32, Section 8, from the Hempstead County Line to Bodcaw, a distance of 4.72 miles, the Director is authorized to place gravel surface course and install minor drainage structures as a Betterment Project at an estimated cost of \$129100.00. Gravel to be contracted and drainage structures to be installed by State Forces.

 This action is eligible for compliance with Act 150 of 1961.

- 4172 IN PHILLIPS COUNTY on S.H. 49, Section 1, from Modoc to Old Town, a distance of 1 mile, the Director is authorized to place additional gravel base and bituminous surface treatment, to repair damage caused by seep water from the Mississippi River, as a Betterment Project, at an estimated cost of \$99600.00 for materials, with

work to be done by Maintenance Forces.

4173 IN PRAIRIE COUNTY on HIGHWAY 38, Section 1, at the Des Arc Bridge over White River, the Director is authorized to proceed with the work of strengthening and rehabilitating the south approach to the main span by replacing the rotten stringers, caps, piling and sway bracing and installing a 4" treated timber laminated deck at an estimated cost of \$17,000.00 for materials only. This work is to be done as a Betterment Project by State Forces.

4174 IN WASHINGTON COUNTY on STATE HIGHWAY 74, Section 2 at Tuttle Creek, the Director is authorized to proceed with the work of repairing the damage to the foreslopes of the existing bridge by constructing gravity type retaining walls at an estimated cost of \$2,000.00 for materials only. This work is to be done as a Betterment Project by State Forces.

4175 IN WOODRUFF COUNTY on S.H. 38, Section 2, from the Prairie County Line to Cotton Plant, a distance of 6.26 miles, the Director is authorized to construct a sand asphalt overlay to reinforce the existing surface, as a Betterment Project, at an estimated cost of \$19,500.00 for materials, with work to be done by Maintenance Forces.

4176 IN IZARD and STONE COUNTIES, for a crossing of HIGHWAY 5, over the White River near Calico Rock, the Director is authorized to proceed with surveys, plans, and estimate of cost for a new bridge which, due to financial limitations, will probably be built by stages. After this work is complete, the Director shall report to the Highway Commission for further authorization.

This action is subject to program approval by the Bureau of Public Roads.

4177 IN IZARD and SHARP COUNTIES on STATE HIGHWAY 56, Sections 2 and 3, from Ash Flat to Franklin, a distance of 8.685 miles, the Director is authorized to proceed with the strengthening of the base, resurfacing, and reconstructing shoulders at an estimated cost of \$150,000.00.

This action is subject to program approval by the Bureau of Public Roads.

4178 IN JACKSON COUNTY, on STATE HIGHWAY 37, Section 2, from Amagon to the Woodruff County line, a distance of 15.238 miles, the Director is authorized to proceed with the strengthening of the base, resurfacing, and reconstructing shoulders at an estimated cost of \$300,000.00.

This action is subject to program approval by the Bureau of

Public Roads.

- 4179 IN LITTLE RIVER COUNTY on HIGHWAY US 71, because a part of US 71 is to be relocated by the Corps of Engineers due to the construction of Millwood Reservoir, and because it is considered good judgment to coordinate our planning to provide a satisfactory complete facility, Item 4 of MINUTE ORDER 3581 is hereby canceled and the following substituted for it:

In Little River County, can Highway U.S. 713 beginning at a point in Ashdown at the end of Job 3492 near the junction of Highway 32 east and extending northward approximately 6.20 miles to a point approximately 0.60 miles north of the junction with Highway 234 at Wilton, the Director is authorized to proceed with the work of widening, strengthening, resurfacing, extending structures, and widening bridges at an estimated cost of \$400,000.00. This authorization includes investigations and estimates for securing better alignment in Ashdown for U.S. 71 from the junction with Highway 32 west to the north city limits and relocation of U.S. 71 through the section, if found to be economical and feasible. This action is subject to program approval by the Bureau of Public Roads.

- 4180 Monroe & Phillips Counties, Job No. 11641, Turner-North Relocation, FAP F-031-1(7). The contract for the construction of approximately 5.465 miles (Incl. 300.0 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base & Shoulders, Double Bit. Surf. Treatment and Three R.C. Slab Span Bridges on the DeWitt-Marvell Road, State Highway 1, Sections 6 & 7, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$409,393.86, subject to the concurrence of the Bureau of Public Roads.

- 4181 Little River County, Job No 3605, Fomby-West, FAP S-82(3). The contract for the construction of approximately 1.692 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Sod Mulch and other misc. construction items on the Ashdown-East Road, State Highway 32, Section 3, is awarded to Business Associates, Inc., of Hot Springs, Arkansas on their low bid of \$59,256 16

- 4182 Jackson & Lawrence Counties, Job No 5493, Tuckerman-Alicia Reconstruction, FAP F-021-4 (6) & F-021-5 (8). The contract for the construction of approximately 11.591 miles (Incl. 390.0 ft. of Bridges) of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base on Relocation, Widening and Resurfacing with ACHM Base & Surface Crses., Crshd. Stone Shlds. with Dbl Bit. Surf Tr'mt., Conc. Curb, Four R.C. Slab Span Brs. & other miscellaneous items on the Newport/Hoxie Road, US Highway 67, Sections 17 & 18, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$866,493.36, subject to the concurrence of the Bureau of

Public Roads.

- 4183 Pulaski County, Job No 6593, Markham Street Interchange, FAP I-30-2(25)141 & US-372(16). The contract for the construction of an Interchange facility consisting of Grading, Minor Drainage Structures, Bases, Surfacing, 8 R.C & Str Steel Bridge Structures having a total length of approx. 1352 lin. ft., Retaining Walls and other misc. items on the Little Rock-North Little Rock Expressway System, Interstate 30, Section 2, State Highway 10, Section 8, is awarded to Foster & Creighton Company of Nashville, Tennessee on their low bid of \$1,983,817 99, subject to the concurrence of the Bureau of Public Roads.
- 4184 Pulaski County, Job No. A6673, Westrock Relocation Surfacing, FAP US-372(14). The contract for the construction of approximately 0.446 mile of Limited Grading & Minor Drainage Structures, Plant Mixed Crushed Stone Base, P.C. Concrete Pavement (9" U.T.), Curbing and other misc. items on the Westrock Relocation in Little Rock, State Highway 10, Section 8, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$149,254.74, subject to the concurrence of the Bureau of Public Roads.
- 4185 Lonoke County, Job No. 6680, Pulaski County Line-Highway 31 Grading and Structures, FAP I-40-4(2)164. The contract for the construction of approximately 11.132 miles of Grading, Minor Drainage Strs., Base & Surfacing on various Cross Roads and connections, Seeding Slopes, Five R.C. & Str. Steel I-Beam Span Underpass Strs. (1179.34 lin. ft.) & Four R.C. Slab Span Bridges (1080.0 lin. ft.) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$1,568,820.74, subject to the concurrence of the Bureau of Public Roads.
- 4186 Pulaski County, Job No. 6689, Morgan Interchange, FAP I-40-3(23)142. The contract for the construction of approximately 1.323 miles of Grading, Minor Drainage Strs., Plant Mixed Crushed Stone Base on Fr. Rd. & Hwy. 65, Dbl. Bit. Surf. Tr't. on Fr. Rd., ACHM Base & Surf. Courses on Hwy. 65, Seeding and One R.C. & Str. Steel I-Beam Span Grade Separation Str. on the Little Rock-Conway Interstate Road, Interstate 40, Section 3, is awarded to Machen Construction Company of Little Rock, Arkansas on their low bid of \$348,268.81, subject to the concurrence of the Bureau of Public Roads.
- 4187 Lonoke County, Job No. 6713, Pulaski County Line-Cabot, FAP S-173(4). The contract for the construction of approximately 2.891 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base and Double Bituminous Surface Treatment on the Jct. Hwy. 5-Cabot Road, State Highway 89, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of

\$77,760.04.

- 4188 Pulaski County, Job No. 6746, Railroad and Highway Grade Separation (Levy), FAP I-40-3(28)153. The contract for the construction of approximately 0.167 mile of Limited Grading and Minor Drainage Structures and Two Reinforced Concrete and Structural Steel Plate Girder Span Overpass Structures (1851.78' Total Length) on the Little Rock-Conway Interstate Road, Interstate 40, Section 3, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$570,689.94, subject to the concurrence of the Bureau of Public Roads.
- 4189 Conway County, Job No. 8480, Point Remove Creek-Junction Highway 95, FAP S-243(6). The contract for the construction of approximately 2.696 miles (Incl. 23 ft. of Br. Lgth. Culvt.) of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment, Seeding Slopes and One Bridge Length Culvert on the Jerusalem-Hwy. 95 Road, State Highway 124, Section 3, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$127,888.29.
- 4190 Pope County, Job No. 8481, Junction Highway 105-Appleton, FAP S-243(5). The contract for the construction of approximately 4.591 miles (Incl. 327.38' of Brs.) of Grading, Minor Drainage Strs., Plant Mixed Crushed Stone Base, Double Bit Surf. Treatment, Seeding Slopes, One R.C. Slab Span Bridge and One R.C. & Str. Steel I-Beam Span Bridge on the Russellville-Appleton Road, State Highway 124, Section 2, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$259,354.78.
- 4191 Benton County, Job No. 9439, Pea Ridge-Missouri State Line, FAP S-177(2). The contract for the construction of approximately 6.150 miles of Grading, Minor Drainage Strs., Crushed Stone Base, Double Bituminous Surface Treatment and Seeding Slopes on the Pea Ridge-Missouri State Line Road, State Highway 94, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$238,267.13.
- 4192 Newton County, Job No. 9443, Boxley South, FAP S-138(7). The contract for the construction of approximately 2.334 miles (Including 804.33' of Bridge) of Grading, Minor Drainage Strs., Crshd. Stone Base, Double Bituminous Surface Treatment, Two R.C. Slab Span Bridges & Two R.C. Slab & Structural Steel I-Beam Span Bridges on the Boxley-Fallsville Road, State Highway 21, Section 3, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$317,903.41.
- 4193 Mississippi County, Job No 10656, Bridge Alterations Big Lake Floodway, Corps of Engrs., Contract No. DA-40-041-CIVENG-61-47. The contract for the construction of approximately 0.059 mile of

Channel Excavation, Approach Slab and Remodeling and extending length of One R.C. & Str. Steel IBeam Span Bridge (137.08' of Br. Remod. & 153.08' of New Bridge) on the Manila-Blytheville Road, State Highway 18, Section 6, is awarded to D. & W. Bridge Company, Inc., of North Little Rock, Arkansas on their low bid of \$103,965.40, subject to the concurrence of the Corps of Engineers.

4194 Lawrence County, Job No. 10690, Highway 67 Widening & Drainage in Walnut Ridge, FAP State Job. The contract for the construction of approximately 0.285 mile of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Surface and Curbing on each side of existing pavement in the City of Walnut Ridge, US Highway 67, Section 18, is awarded to D. F. Jones Construction Company, Inc, of Little Rock, Arkansas on their low bid of \$31,242.30.

4195 Faulkner & White Counties, Job No. 1392, Mount Vernon-Rosebud, FAP S-171(4). The contract for the construction of approximately 7.158 miles (Including 176.17' of Bridge) of Grading, Minor Drainage Strs., Crushed Stone Base, Double Bit. Surface Treatment and One R.C. and Structural Steel I-Beam Span Bridge on the Mount Vernon-Rosebud Road, State Highway 36, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$290,653.69.

4196 Desha County, Job No. C-21-4, Highway 1-Arkansas City, FAP S-1142(1). The contract for the construction of approximately 11.908 miles of Grading, Minor Drainage Structures, Gravel or Portland Cement Stabilized Base and Double Bituminous Surface Treatment on the Arkansas City-Jct. State Hwy. 1 County Road, County Road, is rejected and is to be re-advertised, subject to the concurrence of the Desha County Judge.

4197 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, June 28, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and first Meeting in Little Rock, Arkansas on June 28, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 2, 1961

The following is the record of the proceedings of the One Hundred and second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 2, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4198 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 2, 1961.

4199 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4159 and 4180 through 4195 at the regular meeting of the Commission on June 28, 1961.

4201 WHEREAS, the policy was established in April 22, 1952, that maintenance of existing access roads and drives for State institutions would be performed by the Department, and since that time there has been a growing demand for construction of new roads and improvement of existing facilities, and, during this same period, the mileage of the State Highway System has increased to the point where available revenues are insufficient to meet demands for construction on the System; and,

WHEREAS, the primary obligation of the Commission is to adequately maintain and properly improve the highways of the State System, and highway revenues are so dedicated, and also, by statutory authority, funds for the maintenance and complete operation of all State institutions are provided through revenues specifically set aside for that purpose; NOW, THEREFORE,

With the foregoing premises in mind, the following policies are hereby declared with regard to the roads and drives of State institutions:

1. The preservation and upkeep of the publicly traveled access roads and drives at State institutions is a logical responsibility of the State Highway Department, although such roads and drives are not statutory

components of the State Highway System.

2. The maintenance and improvement of service drives, parking areas, and other non-public roads are not considered a responsibility of the Highway Department, but are deemed to be an institutional obligation.

3. The initial construction or major reconstruction of roads and drives to serve new, additional, or expanded facilities or improvement of existing roads to higher standards at any institution is considered a legitimate charge against the budget of the institution, and such future work will only be undertaken by the Highway Department on a cost-reimbursable agreement with the institution.

4. In furtherance of the policy, the Director is hereby ordered to make an engineering study of the roads and drives of all State institutions, except State Parks, and to log, classify, and plat said roads and drives as follows:

a. Those access roads and drives which have predominantly public function and serve as public access from existing road or street systems to the facilities of an institution.

b. Those internal roads and drives which serve primarily an institutional function between the buildings and facilities thereof.

5. The roads so platted and approved by the Chief Engineer as set out in item 4 (a) herein shall be designated as Institutional Roads accepted for maintenance by the State Highway Department, and a copy of said plat shall be supplied to the head of each State institution.

4202 The attached list of Capital Outlay Road Machinery and Shop Equipment is the estimated amount of \$874,464.47 including tax, to be purchased the Fiscal Year 1961-62 from July 1, 1961 to July 1, 1962 under Minute Order No. 4152 dated June 28, 1961. Budget of \$1,000,000.00.

The Director is hereby authorized to proceed in the most feasible manner through proper channels with the purchase of Capital Outlay Road Machinery, Vehicles and Shop Equipment as per the attached list for the Fiscal Year 1961-62 not to exceed \$1,000,000.00 the total allotment for the Fiscal Year from July 1, 1961 to July 1, 1962.

4203 WHEREAS, for roads and extensions of roads tentatively added to the State Highway System, previous minute orders included conditions regarding right-of-way and acceptance in the Federal-aid System which had to be met before state maintenance could begin; and

WHEREAS, these conditions have caused great misunderstanding and confusion among the people in the vicinity as to what agency is to maintain the road;

NOW THEREFORE, in order to clarify this misunderstanding regarding roads and extensions of roads previously designated by the Commission as additions to the State Highway System, the Director is authorized to provide maintenance pending fulfillment of right-of-way and Federal-aid System conditions.

4204 WHEREAS, the Purchasing Committee has awarded purchases on July 3, 10, 17, 24 and 31, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4205 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

 WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

 BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1962, in the amount of \$5,678.00, to be paid to the National Academy of Sciences.

4206 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1961 in the amount of \$300.00; and

 WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

 NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

4207 WHEREAS, the State Highway Department now has Fire and Extended insurance coverage on principal buildings and contents owned by the Department throughout the State, and

 WHEREAS, it has been determined that considerable savings in insurance premiums can be made by insuring properties of the State Highway Department under the Public and Institutional Property Plan,

 NOW, THEREFORE IT IS ORDERED that Mr. Ralph H. Baker, be appointed Agent of Record to work out a Public and Institutional Property Plan for insuring State Highway Department properties as indicated by the Director.

4208 WHEREAS, the Mississippi River Parkway created under Federal and State legislation was for the development of a river road through ten states along the Mississippi River, and such development is of vital interest, aesthetic and economic to the State of Arkansas, and the State of Arkansas is a participant in the Mississippi River Parkway Planning Commission, and as such member is obligated for an annual fee of \$1,000 as this State's share of the cost of the planning program, and

 WHEREAS, the State of Arkansas is in arrears in its dues, and in recognition thereof the 1961 Legislature in ACT 148 authorized this Commission to expend from its regular appropriation sufficient funds for its pro rata share as a participating member of such Agency, and

 WHEREAS, Section 2 of said ACT 148 has appropriated the sum of \$4,000 as the pro rata share of the fees and dues for the past two years and \$2,000 for current fiscal years dues.

 NOW, THEREFORE, IT IS CONSIDERED AND ORDERED that the Director cause warrants to be drawn for any past due fees and assessments and current assessment not to exceed the sum of \$4,000.

4209 WHEREAS, due to lack of space in the Highway Department Building, the Legal Division and County Roads Division, are housed in the frame building in back of the Department's Office Building, that the space available in this building is entirely inadequate and both divisions are forced to work in cramped quarters; and

 WHEREAS, it is possible for the Department to lease on a yearly basis, approximately 29000 square feet of floor space in a brick building at 1401 West Sixth Street:, Little Rock, Arkansas, for an annual rental of SIX THOUSAND SIX HUNDRED AND NO/100 DOLLARS (\$6,600.00), and

 WHEREAS, it has been determined that this building and location will be in every way suitable for the County Roads Division,

 NOW THEREFORE, IT IS ORDERED that the Director be authorized to execute for and in behalf of the Arkansas State highway Commission, the attached lease which may be renewed from time to time.

4210 WHEREAS, in PULASKI COUNTY the Commission has heretofore acquired the following described piece of property in connection with the improvement of Highway 67, Our Job No. 6608, and

 Part NW 1/4 SE 1/4, Section 4, Ts. 2 N., R. 11 W., described as beginning at the SE corner of said NW 1/4 SE 1/4; thence North 210 feet; thence West 315 feet; thence South 210 feet; thence East 315 feet to beginning.

WHEREAS, said Job has now been completed and it is found that the following described property which is part of the property above described property is not needed in connection with the said Job or Highway 67, and that the same should be declared surplus:

Part NW 1/4 SE 1/4 Section 4, Ts. 2 N., R. 11 W., particularly described as follows Beginning at the Southeast corner of said NW 1/4 SE 1/4; thence run along a line which is 89 feet north 52 minutes east a distance of 315 feet to a point, thence run along a line which is 0 degrees north 32 minutes west a distance of 20 feet to a point, thence run along a line which is 89 degrees north 52 minutes east a distance of 140.1 feet to a point, thence run northwesterly 25 feet to a point which is 166 feet southwesterly on a line running north 62 degrees 11 minutes east from a point which is 0 degrees north 32 minutes west 119.6 feet from the SE corner of NW 1/4 SE 1/4 of said Section 4, Ts. 2 N., R. 11 W., thence run along a line running 62 degrees north 11 minutes east 166 feet to a point, thence run southerly along a line 0 degrees north 32 minutes west 119.6 feet to a point of beginning.

That this property is no longer necessary or desirable for State Highway purposes

IT IS THEREFORE considered and ordered that the property described in the preceding paragraph be and the same is hereby declared surplus, and the Director is hereby authorized, subject to the concurrence of the Bureau of Public Roads, to dispose of the same in the manner provided by statute, and in the event that said property is offered at public or private sale, no bid on the same shall be considered unless such bid is in an amount equal to the price paid by the Department and interest thereon

4211 In PULASKI COUNTY, to provide access to the new Highway Department District 6 Headquarters now under construction in the vicinity of the Mabelvale Pike Interchange of Interstate Route 30, it is ordered that a section of the county road known as Mabelvale Pike, from the Mabelvale Interchange to the north boundary line of the Highway Department property (a distance of approximately 0.26 mile), as shown on attached sketch which is made a part of this Order, is hereby made a part of the State Highway System.

4212 WHEREAS, IN WASHINGTON COUNTY, those roads and drives at the University of Arkansas as are shown on a plat on file in the Department were accepted for maintenance by Commission Resolution of April 22, 1952, and

WHEREAS, officials of the University have requested the Department to consider a request for maintenance of additional drives to serve the growth and expansion of the University since the original

action was taken, and

WHEREAS a review and study has been made of the drives to determine those of predominantly public use and those primarily for institutional use,

NOW, THEREFORE, it is ordered, that those drives and streets totaling 2.53 miles, be accented for maintenance as are so indicated on the attached sketch, which is made a part of this Order and is identified more specifically, "Plat Showing Those Streets and Drives to Be Maintained by the Arkansas State Highway Department at the University of Arkansas, Fayetteville, Washington County", drawn April 1, 1961.

4213 In WHITE COUNTY, the City of Kensett, the DIRECTOR is authorized to designate that portion of Marquard Street from West 1st Street to East 4th Street as the route of State Highway No. 36 and to eliminate from the State Highway System that part of the old route along West 1st Street, Searcy Street and East 4th Street, all in accordance with attached sketch which is made a part of this Order

4214 In BOONE COUNTY the town of Alpena has installed and has been maintaining a traffic control light on US Highway 62 at the intersection of Center Street in Alpena, and

WHEREAS, it has been determined that the installation and maintenance of this traffic light is unwarranted restriction of traffic on Highway 62 at that point, and that the said light should be removed.

IT IS THEREFORE CONSIDERED AND ORDERED that the Director take all necessary steps for the removal of the signal light at the location herein described.

4215 In CROSS COUNTY on HIGHWAY 42, SECTION 3, The Director is hereby authorized to enter into an agreement with the Corps of Engineers, US Army, on behalf of the Arkansas State Highway Commission, whereby the State Highway Department will construct the alterations on Highway 42 in the vicinity of Birdeye and Monterey, necessary to provide crossings over new levees and ditches to be constructed by Corps of Engineers.

The alterations involved are to be performed by the Department on a cost reimbursement basis in order to permit the Corps of Engineers to construct the Oak Donnick Floodway Project being sponsored by the St. Francis Levee District of Arkansas.

The Director is further authorized, on the behalf of the Arkansas State Highway Commission, to execute a perpetual easement giving the Government the authority to construct, maintain, and operate the aforesaid project across Highway 42.

4216 In MISSISSIPPI COUNTY this Commission has acquired right of way tracts which are included in various drainage districts, and

WHEREAS, the assessment of benefits by such districts on the lands acquired by the Department have not been paid in many instances.

IT IS THEREFORE considered and ordered that the Director ascertain the status of all the assessments levied by such Drainage District upon the portion of the land acquired by this Department and ascertain the amount that will be necessary to amortize the assessments due on such tract.

4217 In PHILLIPS COUNTY for the HELENA BRIDGE, the Highway Commission hereby adopts the following Resolution:

WHEREAS, the Arkansas State Highway Commission and the Mississippi State Highway Commission entered into a certain agreement entitled "An Agreement By and Between the Arkansas State Highway Commission and the Mississippi State Highway Commission Providing for and Relating to the Construction of an Interstate Toll Bridge Across the Mississippi River in the Area of the City of Helena, Arkansas and Friars Point, Mississippi" dated August 12, 1958, and

WHEREAS, Section 8 of such Agreement authorized the execution of a Trust Agreement by and between the Arkansas State Highway Commission and the Mississippi State Highway Commission, and Bank or Trust Company as Trustee for the security and benefit of the holders of revenue bonds, and

WHEREAS, said Trust Agreement has been executed and creates certain funds which have been designated as (1) Mississippi River Bridge Revenue Fund, (2) Mississippi River Bridge Operation and Maintenance Fund, (3) Bridge Revenue Construction Bond and Interest Sinking Fund, and (4) Mississippi River Bridge Maintenance Reserve Fund, and

WHEREAS, Article IV of said Trust Indenture designated the First National Bank in Little Rock, Arkansas as depository and paying agent of (1) Mississippi River Bridge Revenue Fund, and (2) Mississippi River Bridge Operation and Maintenance Fund, and

WHEREAS, Article IV of said Trust Indenture designates the Simmons National Bank in Pine Bluff, Arkansas as depository of (3) Bridge Revenue Construction Bond and Interest Sinking Fund, and (4) Mississippi River Bridge Maintenance Reserve Fund, and

WHEREAS, Section 413 of said Trust Indenture provides that payment from the various funds shall be made by requisition, check, or voucher, signed by a member, officer, agent or employee of the

Arkansas State Highway Commission designated by resolution for such purpose, and

WHEREAS, the purpose of this resolution is to designate such person to sign the requisitions, checks, or vouchers for payment from said funds,

NOW THEREFORE, BE IT RESOLVED:

That any one of the following individuals:

J. E. McCarthy

F. L. Wagner

J. J. Schamer

is hereby designated as the representative of the Arkansas State Highway Commission and is authorized to sign the necessary requisitions, checks or vouchers for payment from the various funds as created by the said Trust Indenture, that each requisition, check or voucher so signed shall contain at least necessary information to reflect the name of the person to whom payment is made, the amount of the payment, and the purpose for which the payment is being made.

Approved this 2nd day of August, 1961, at a regular Arkansas State Highway Commission meeting and in witness whereof, each Commissioner herewith affixes his name.

4218 In PHILLIPS COUNTY for the HELENA BRIDGE: WHEREAS, from the beginning, it was intended that the completed bridge would be available for the installation of pipelines, and in the design of the bridge, allowances were made to provide for such installation; and

WHEREAS, a major pipeline transmission company has made inquiry as to the rates to be charged for attaching pipe transmission lines to the bridge; and

WHEREAS, before an answer can be made to the inquiry, a study must be made to determine equitable rates and conditions for the attachment;

NOW THEREFORE, the Director is authorized to enter into an agreement with Howard, Needles, Tammen & Bergendoff, Consulting Engineers of Kansas City, Missouri, who have made a proposal to make such a study and make recommendations, based on the following considerations:

1. Current rental rates being paid by utilities on other toll bridges.
2. The quantity and value of the product to be transported.
3. Capitalized savings in cost to the utility, based on attachment to the bridge versus providing their own crossing.
4. The investment, in bridge construction cost, of the load-carrying capacity yielded to the pipeline.
5. The risk of property damage and personal injury attributable to the

pipeline.

6. Such other factors that may appear pertinent to the establishment of equitable rental rates and conditions.

It is further ordered that the Director pay the Consultant the reasonable fee of \$2,500.00, from the Helena Bridge Bond Funds, for the study and sufficient bound copies of the report with recommendations.

This action is subject to approval by the State of Mississippi and the Housing and Home Finance Agency.

- 4219 WHEREAS, there is an ever present need for materials to be used in replacing and repairing old and inadequate bridges on the highway system; and

WHEREAS, the Department has no 19' Precast Slab units in its stock at the present time even though such units are very valuable in our bridge program;

NOW THEREFORE, the Director is authorized to purchase new, or equivalent to new, 38 - 19' Precast Curb Units, 80 - 19' Precast Interior Units and 726' of Guard Rail and Posts at an estimated cost of \$7,000.00, which money is to come from the Betterment Fund.

- 4220 In ARKANSAS and JEFFERSON COUNTIES, on US 79, Sections 10 and 11, from Wabbaseka to Stuttgart, a distance of 14.86 miles, the Director is authorized to repair base failures on the existing asphalt sealed shoulders, as a betterment project, at an estimated cost of \$6,000.00 for materials.

Work is to be done by maintenance forces.

- 4221 In CALHOUN COUNTY on U.S. 167, Sections 3 and 4, in the City of Hampton, the Director is authorized to resurface the existing concrete pavement with Asphaltic Concrete Hot Mix Surface Course, as a betterment project, at an estimated cost of \$5,700.00 for materials in place - Work to be done by contract.

- 4222 In CHICOT COUNTY on STATE HIGHWAY 144, Section 3, from Luna to 1.7 miles west, the Director is authorized to place additional gravel base and double bituminous surface treatment, as a betterment project, at an estimated cost of \$16,400.00 for materials.

Work is to be done by maintenance forces.

- 4223 In CLAY COUNTY on HIGHWAY 90, Section 2 in the city of Rector the Director is authorized to proceed with the work of resurfacing with Asphaltic Concrete Hot Mix that portion of the highway from the junction with Highway 1 to the S.L. & S.W. Railroad, and of

widening the base 2.5 feet on each side using Asphaltic Concrete Hot Mix and resurfacing the entire width with Asphaltic Concrete Hot Mix from the end of the curb and gutter section to the north city limits. This work is to be done by contract as a betterment project at an estimated cost of \$12,250.00.

4224 In FAULKNER COUNTY on US 65, Section 9, from Greenbrier to the north City Limits of Conway, a distance of 9.62 miles, the Director is authorized to resurface selected sections, as a betterment project, at an estimated cost of \$9,100.00 for materials - Work to be done by maintenance forces.

4225 In FAULKNER COUNTY on US 64, Section 9, from US 65 in Conway to Vilonia, a distance of 12.59 miles, the Director is authorized to resurface selected sections, as a betterment project, at an estimated cost of \$9,100.00 for materials - Work to be done by maintenance forces.

4226 In INDEPENDENCE COUNTY on HIGHWAY 37, Section 6 at Curia Creek the Director is authorized to proceed with the work of replacing a bridge, which washed out during recent flooding, with a Precast Concrete bridge 76' long on concrete piling. The concrete piling are to be contracted for driven in place and the remainder of the work is to be done by State Forces all as a betterment project at an estimated cost of \$10,000.00 for materials and piling in place. This work qualifies under provisions of Act 150 of 1961.

4227 In LOGAN COUNTY on STATE HIGHWAY 23, Sections 3, 4 and 5, from Booneville to Caulksville, a distance of 10.21 miles, the Director is authorized to resurface selected sections with Cold Plant Mix Asphalt, as a betterment project, at an estimated cost of \$19,950.00 for materials.

Work is to be done by maintenance forces.

4228 In POINSETT COUNTY on US 63, Sections 8 and 9, from the end of the St. Francis River Bridge to Elm Street in Marked Tree, a distance of approximately 1,300 feet, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a betterment project, at an estimated cost of \$3,750.00 for materials in place - Work to be done by contract.

4229 In POINSETT COUNTY on City Route US 63C, Section 8, from US 63 at Melton Road to West Speedway Street in the City of Trumann, a distance of 7,940 feet, the Director is authorized to construct a Double Bituminous Surface Course on the 3,970 feet of existing gravel surface, resurface with Asphaltic Concrete Hot Mix the existing 3,970 feet of asphalt surface and install minor drainage structures, as a betterment project, at an estimated cost of \$11,900.00. Double Bituminous Surface and Minor Drainage Structures to be done

by maintenance forces - Resurfacing to be done by contract.

- 4230 In PULASKI COUNTY at the new DISTRICT NO. 6 HEAD-QUARTERS, which is nearing completion, the Director is authorized to construct base and surfacing for the street, driveways, parking lots and storage areas, as a betterment project, at an estimated cost of \$30,000.00.

The base course is to be contracted dumped in place with spreading and compaction to be done by maintenance forces.

The Asphaltic Concrete Hot Mix Surface Course is to be contracted in place.

- 4231 In RANDOLPH COUNTY on HIGHWAY 166, Section 1, between the Junction with US 67 and Engleburg, the Director is authorized to proceed with the work of replacing two narrow and hazardous bridges with bridges constructed of salvaged steel, treated timber and concrete, and strengthening and redecking another bridge. This work is to be done by State Forces as a betterment project at an estimated cost of \$9,600.00 for materials only.

This work qualifies under the provisions of Act 150 of 1961.

- 4232 In RANDOLPH COUNTY on HIGHWAY 90, Section 5, the Director is authorized to proceed with the work of replacing one narrow and inadequate bridge with a structure of treated timber and salvaged steel and placing a concrete deck, and replacing one narrow and inadequate bridge with metal arch pipe. This work is to be done as a betterment project by State Forces at an estimated cost of \$3,600.00 for materials only.

- 4233 In SEVIER COUNTY on U.S. 71, Sections 5, 6 and 7, between S.H. 27 and the Polk County line, a distance of 36.12 miles, the Director is authorized to resurface selected sections with a Blade Mix Asphalt Surface, as a betterment project, at an estimated cost of \$16,300.00 for materials. Work to be done by maintenance forces.

- 4234 In STONE COUNTY on HIGHWAY 14, Section 7, the Director is authorized to proceed with the work of replacing a narrow and inadequate timber and I Beam bridge with a salvaged truss span (100' length) of 24' roadway and concrete deck as a betterment project. This work is to be done by State Forces at an estimated cost of \$9,850.00 for materials only.

- 4235 WHEREAS Minute Order 3979 authorized the purchase of an area headquarters site at Arkadelphia in Clark County, and

WHEREAS the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed

with the construction of a building and other appurtenances for a complete headquarters facility, as a supplement to Building Project Number 7-99-B, at a cost not to exceed \$18,000.00.

- 4236 WHEREAS Minute Order 3954 authorized the purchase of an area headquarters site at Morrilton in Conway County, and

WHEREAS the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete headquarters facility, as a supplement to Building Project Number 8-47-B, at a cost not to exceed \$18,000.00.

- 4237 WHEREAS Minute Order 4119 authorized the purchase of an area headquarters site at Malvern in Hot Spring County, and

WHEREAS the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete headquarters facility, as a supplement to Building Project Number 6-108-B, at a cost not to exceed \$18,000.00.

- 4238 WHEREAS Minute Order 3887 approved the establishment of an area headquarters at Forrest City in St. Francis County, and

WHEREAS the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete headquarters facility, as a supplement to Building Project Number 11-83-B, at a cost not to exceed \$18,000.00.

- 4239 In CHICOT COUNTY on East Speedway Street, on HIGHWAY 35, in the City of Dermott there is an unsatisfactory drainage condition and a hazardous traffic condition The Director is authorized to correct these conditions by widening, 8 feet, that section of East Speedway Street from the Missouri Pacific Railroad to Main Street at an estimated cost of \$10,500.00.

This action is subject to the condition that the City of Dermott, by official action, will accept the responsibility for the storm sewers required, for the adjustment of utilities, and for the furnishing of right-of-way clear of obstructions.

- 4240 In GRANT COUNTY on HIGHWAY 46, Section 2, from Leola East, a distance of approximately 3.5 miles, the Director is authorized to proceed with surveys, plans and reconstruction, including grading, drainage structures, bridges, base, and bituminous surfacing at an estimated cost of \$300,000.00.

This authority includes the replacement of old dilapidated bridges at log miles 17.96 and 19.50.

This action is subject to the furnishing of right-of-way free of cost to the State, and program approval by the Bureau of Public Roads.

This project satisfies the requirements of Act 150 of 1961.

4241 In LAFAYETTE COUNTY on U. S. HIGHWAY 82, at the crossing of Red River, whereas the Corps of Engineers is preparing to perform emergency bank protection work consisting of pile dykes, rock groins, board revetment, and channel excavation at a cost to the Government of \$240,000.00 for construction, and

WHEREAS, under Public Law 86-645, it is necessary that local interests give assurances that they will, without cost to the Government:

- (a) Provide lands, easements, and rights-of-way necessary for the construction of the project;
- (b) Hold and save the United States free from damages due to the construction works; and
- (c) Maintain and operate the works after completion in accordance with regulations prescribed by the Secretary of the Army; and

WHEREAS, the proposed construction work will be of mutual benefit to the Highway Department and St. Louis Southwestern Railway Co. bridges and facilities, and

WHEREAS, the St. Louis Southwestern Railway Co. has agreed to serve jointly as local sponsors with the Arkansas Highway Department.

NOW THEREFORE, the Director is hereby authorized to enter into agreements with the Corps of Engineers, US Army, and St. Louis Southwestern Railway Co., whereby the Department will serve as local sponsor of the emergency bank protection, involving an estimated cost for rights-of-way of approximately \$6,000.00; subject to satisfactory agreement by the St. Louis Southwestern Railway Company to assure joint responsibility for sponsorship of the project, including sharing equally in all costs involved.

4242 In LAFAYETTE and HEMPSTEAD COUNTIES on HIGHWAY 29: WHEREAS, Arkansas State Highway 29 from the Arkansas-Louisiana line, south of Bradley, northerly via Lewisville to Highway U.S. 67 in Hope was transferred as of June 16, 1961, from the Federal-Aid Secondary System to the Federal-Aid Primary System; and

WHEREAS, the 47.52 miles so transferred included 13.97 miles from the Lafayette County Line-north, whereon a construction project for grading, minor drainage structures, widening and strengthening of base, and surfacing had been programmed by MINUTE ORDER 3582, Item 4, adopted January 27, 1960 (Job 3584); and

WHEREAS this program item was described and the cost estimate prepared on the basis of standards for construction projects on the Federal-Aid Secondary System; and

WHEREAS, construction on this route must now comply with the standards for construction projects on the Federal-Aid Primary System;

NOW, THEREFORE, IT IS ORDERED:

- (a) That Secondary Item 4 of Minute Order 3582 is hereby deleted and the following described Primary Program Item substituted therefor:
In District 3, in Hempstead County, on Highway 29 from the Lafayette County Line north to the approximate south city limits of Hope, a distance of 12.3 miles, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans, acquisition of rights-of-way, grading, minor drainage, widening and strengthening base and surface and construction of one bridge approximately 135 ft. in length on location partially on new alignment, all at an estimated cost of \$835,000.00;
- (b) That this action is subject to approval of the Bureau of Public Roads;
- (c) That all other items of Minute Order 3582 remain unchanged by this modification.

4243 In LITTLE RIVER COUNTY on U.S., HIGHWAY 71 at the crossing of the St. Louis San Francisco Railway's track in Ashdown, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

- 1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the state.
- 2. All required right-of-way will be furnished free of cost to the state.
- 3. Program approval by the Bureau of Public Roads.

4244 In PULASKI COUNTY on STATE HIGHWAY 130 at the crossing of the St. Louis - Southwestern Railway track 0.7 mile East of Rose City, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

- 1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the state.
- 2. All required right-of-way will be furnished free of cost to the state.
- 3. Program approval by the Bureau of Public Roads.

4245 Crittenden County, Job No. 11650, Cross County Line-Lansing (Surfacing), FAP F-020-2(7). The contract for the construction of approximately 8.426 miles of Limited Grading, Gravel Base, Dbl. Bit.

Surface Treatment on Shoulders and on one short section of roadway, ACHM Base & Surface Courses on the major portion of roadway and other misc. items on the Parkin-Marion Road, U.S. Highway 64, Section 17, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana, on their low bid of \$595,699.05, subject to the concurrence of the Bureau of Public Roads.

- 4246 Cross County, Job No. 11654, Birdeye-Coldwater, FAP S-303(5). The contract for the construction of approximately 3.025 miles (Including 60.0 ft. of bridges) of grading, minor drainage structures, gravel base course, double bituminous surface treatment, one reinforced concrete precast slab span bridge and other miscellaneous items on the BirdeyeColdwater Road, State Highway 42, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$129,284.29.
- 4247 Phillips County, Job No. 11673, Perry Street-Northwest (Helena), FAP F-018-1(8). The contract for the construction of approximately 0.323 mile of Grading, Minor Drainage Structures, Widening Drives with P.C. Concrete Base (8" U.T.) & Curb, Resurfacing with Asphaltic Concrete Hot Mix Surface Course and other Misc. Construction items in the City of Helena, State Highway 20, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$55,463.70, subject to the concurrence of the Bureau of Public Roads.
- 4248 Arkansas County, Job No. 2638, Jct. Hwy. 79-East Resurfacing, FAP State Job. The contract for the construction of approximately 13.95 miles of Sand-Asphalt Hot Mix Surface Course on the Stuttgart-Prestons Ferry Road, State Highway 33, Section 1, and State Highway 146, Sections 1 & 2, is awarded to H. C. Cathey, Inc., of Camden, Arkansas on their low bid of \$60,911.36.
- 4249 Sevier County, Job No. 3593, Hwy. 41 Relocation in Horatio, FAP State Job. The contract for the construction of approximately 0.287 mile of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment in Horatio on the Foreman-DeQueen Road, State Highway 41, Section 1, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$17,938.00.
- 4250 Sebastian County, Job No. 4447, Fort Smith-Greenwood Reconstruction, FAP F-011-2(1) & S-252(1). The contract for the construction of approximately 12.591 miles of Grading, Minor Drainage Strs., Plant Mixed Crshd. Stone Base, ACHM Base & Surf. Crses., Bit. Treated Shoulders, One R.C. Slab Span Br. (75.0'), Two Br.Lgth. Culvts. (59.01' Tot. Span Lgth.), Remodel Two R.C.D.G. Brs. (64.35' Tot. Lgth.) and other misc. items on the Greenwood-Fort Smith Road, US Highway 71, Section 14, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$1,148,031.24, subject to the

concurrence of the Bureau of Public Roads.

- 4251 Crawford County, Job No. 4462, Oklahoma State Line-Jct. Hwy. 59 (Grading & Structures), FAP 1-40-1(5)0. The contract for the construction of approximately 5.767 miles of Grading, Minor Drainage Strs., Incidental Bases & Surfacing on certain designated roads, Seeding and Two Overpass Strs., Two Underpass Strs., & Two Bridges, the net length of major strs. being 2067.20 lin.ft., on the Okla. Line-Jct. Hwy. 59 Interstate Road, Interstate 40, Section 1, is awarded to E. E. Barber Const. Co., Inc., of Fort Smith, Arkansas on their low bid of \$1,792,317.66, subject to the concurrence of the Bureau of Public Roads.
- 4252 Crawford County, Job No. 4477, Oklahoma State Line-Jct. Hwy. 59, FAP S-447(1). The contract for the construction of approximately 7.883 miles (Incl. 240.0' of Brs.) of Grading, Minor Drainage Strs., Plant Mixed Crushed Stone Base, Double Bituminous Surf. Tr'mt. and One R.C. Slab Span Bridge on the Oklahoma State Line Uniontown-Hwy. 59 Road, State Highway 220, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$311,647.77.
- 4253 Jackson County, Job No. 5517, Diaz-South & East, FAP State Job. The contract for the construction of approximately 2.853 miles of Grading, Minor Drainage Strs., Gravel Base, Double Bituminous Surface Treatment and other miscellaneous items on the Newport-Diaz and Diaz-East Road, State Highway 17, Section 7, is awarded to CoArk Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$99,687.64.
- 4254 White County, Job No. 5528, Searcy, Southwest, FAP S-498(1). The contract for the construction of approximately 6.059 miles (Include 270.0' of Brs.) of Grading, Minor Drainage Strs., Plant Mixed Crushed Stone Base, Double Bit. Surface Treatment and Two R.C. Slab Span Bridges on the Searcy-Antioch Road, State Highway 267, Section 1, is awarded to S. M. Dixon Construction Company of Warren, Arkansas on their low bid of \$278,391.58.
- 4255 White County, Job No. 5529, Access Road to I.C.B.M. Sites 16, 17 & 19, FAP R-AD-3(5), R-AD-3(8) & R-AD-3(9). The contract for the construction of approximately 1.570 miles of Grading, Minor Drainage Structures, Crushed Stone Base & Double Bituminous Surface Treatment on Access Roads to I.C.B.M. Sites 16, 17 & 19, all County Roads, County Roads, is awarded to P. B. Price Construction Company of Little Rock, Arkansas on their low bid of \$95,297.05, subject to the concurrence of the Bureau of Public Roads.
- 4256 Lawrence County, Job No. 10624, Flat Rock Creek Relocation, FAP S-221(2). The contract for the construction of approximately

1.125 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Strawberry-Powhatan Road, State Highway 25, Section 6, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$69,545.63.

4257 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, August 2, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and second Meeting in Little Rock, Arkansas on August 2, 1961.

Dorothy Switzer, Secretary

R E S O L U T I O N

“WHEREAS, This Commission has from time to time been assigned the responsibility of maintaining drives at certain of the State supported institutions and

“WHEREAS, It is the consensus of this Commission that it is responsible for the orderly and systematic maintenance of said drives as a means of preserving their usefulness and appearance,

“NOW, THEREFORE, BE IT RESOLVED, That the following drives be made a part of the State Highway System without the customary assignment of Route numbers:

Lake Catherine State Park
Arkansas Post State Park
Crowley Ridge State Park
Buffalo State Park
Petit Jean State Park
Mt. Nebo State Park
Devils Den State Park
Cummins Prison Farm
Tucker Prison Farm
White Boys Industrial School - Pine Bluff
Negro Boys Industrial School - Wrightsville
Training School for White Girls - Collegeville
Fargo Training School for Negro Girls
State Hospital - Little Rock Unit
State Hospital - Benton Unit
Arkansas State Tuberculosis Sanatorium - Booneville
Arkansas State Tuberculosis Sanatorium - Wildcat Mountain
Thomas C. McRae Memorial Sanatorium
Arkansas A & M College - Monticello
Arkansas Polytechnic College - Russellville
University of Arkansas - Fayetteville
Henderson State Teachers College - Arkadelphia
Southern State College - Magnolia
Arkansas State Teachers College - Conway
Arkansas State College - Jonesboro

A M & N College - Pine Bluff
Arkansas School for the Deaf - Little Rock
Arkansas School for the Blind - Little Rock

[R E S O L U T I O N Continued]

Vocational School - Huntsville
Vocational School - Clinton
Junior Agricultural College - Beebe
University of Arkansas Experiment Stations
 Main Station - Fayetteville
 Cotton Branch - Lee County
 Livestock & Forestry - Independence County
 Fruit & Truck Branch - Hempstead County
 Rice Branch - Arkansas County
 Delta Branch - Crittenden County
State Capitol Grounds - Little Rock
Arkansas Highway Department Shops - Jacksonville
State Police Office:
 District No. 1 - Little Rock
 District No. 2 - Newport
 (Resolution inapplicable-no drives)
 District No. 3 - Clarksville
 District No. 4 - Hope
 District No. 5 - Warren
 District No. 6 - Forrest City
 District No. 7 - Harrison
 (Resolution inapplicable-no drives)

and,

“BE IT FURTHER RESOLVED, That the Highway Department by this action limits its responsibility for maintenance to those drives which are indicated on the Department’s plats entitled “Roads in State Institutions Maintained by Arkansas Highway Department” approved by the Chief Engineer on April 22, 1952 which are hereby made a part of these minutes, copies of which for record purposes are herewith ordered to be lodged in the Commission file and in the Office of the Chief Engineer.”

I, V. E. Scott, Secretary to the Arkansas State Highway Commission, hereby certify that the above and foregoing is a true and correct copy of a resolution adopted by the said Commission at its regular meeting of April 22, 1952.

V. E. Scott, Secretary
MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 6, 1961

The following is the record of the proceedings of the One Hundred and third Meeting of the Arkansas State Highway Com-

mission which was held in Little Rock, Arkansas on September 6, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Arnil Taylor	Member
Glenn F. Wallace	Member

4258 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 6, 1961.

4259 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 4245 through 4253 and 4255 through 4256 at the regular meeting of the Commission on August 2, 1961.

4261 Effective September 16, 1961, The Honorable Dan D. Stephens is hereby appointed Chief Counsel to the Arkansas State Highway Commission.

WHEREAS, Arkansas Statutes of 1947, Section 75-501 through Section 75-503, sets forth the following requirements:

"75-501. Adoption of sign manual and uniform system of traffic-control devices. - The State Highway Commission shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this act for use upon highways within this State. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American Association of State Highway Officials.

"75-502. Traffic-control devices on state highways. - (a) The State Highway Commission shall place and maintain such traffic-control devices, conforming to its manual and specifications, upon all State highways as it shall deem necessary to indicate and carry out the provisions of this act or to regulate, warn, or guide traffic.

"(b) No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the State Highway Commission except by the latter's permission.

"75-503. Local traffic-control devices. - (a) Local authorities in their respective jurisdictions, shall place and maintain such traffic-control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this act or local traffic ordinances or to regulate, warn, or guide traffic. All such traffic-control devices hereafter erected shall conform to the State manual and specifications.

"(b) Local authorities in exercising those functions referred to in the preceding paragraph shall be subject to the direction and control of the State Highway Commission"; and

WHEREAS, "Title 23, United States Code, Highways", approved August 27, 1958, includes the following requirements regarding traffic control devices on federal-aid projects under Section 109 (d): "On any highway project in which Federal funds hereafter participate, or on any such project constructed since December 20, 1944, the location, form and character of informational, regulatory and warning signs, curb and pavement or other markings, and traffic signals installed or placed by any public authority or other agency, shall be subject to the approval of the State Highway Department with the concurrence of the Secretary (of Commerce) who is directed to concur only in such installations as will promote the safe and efficient utilization of the highways"; and,

WHEREAS, a manual on Uniform Traffic Control Devices for Streets and Highways, dated June, 1961, has been prepared and approved by American Association of State Highway Officials,

Institute of Traffic Engineers, National Committee on Uniform Traffic Laws and Ordinances, National Association of County Officials, and American Municipal Association; and

WHEREAS, the State Statute above-quoted requires the adoption of a uniform manual to be in accord with that approved by American Association of State Highway Officials;

NOW, THEREFORE, it is ordered that the Manual on Uniform Traffic Control Devices for Streets and Highways approved by the American Association of State Highway Officials, published June, 1961, be and is hereby adopted as the Arkansas Manual on Uniform Traffic Control Devices for Streets and Highways, effective on and after this date.

To implement this order, the Director is hereby authorized to take the following actions:

- (1) Will purchase from the U.S. Government Printing Office with funds budgeted under Minute Order No. 4152, 1,000 copies of the Manual on Uniform Traffic Control Devices, at an estimated cost of \$1500, for the use of the Department and local governments.
- (2) May rebind the Manuals purchased to include a printed supplement of applicable Arkansas Statutes, pertinent Orders of the Commission, and special traffic control devices not contained therein but which apply to the State of Arkansas.
- (3) Have all copies of the Manual issued for use marked "adopted by the Arkansas State Highway Commission, September 6, 1961, under authority of Act 300 of 1937", and include a copy of this Minute Order, in the event said Manual is not rebound to include the printed supplements above authorized.
- (4) Shall approve, upon recommendation of the Chief Engineer, any supplement to said Manual hereafter issued for additional traffic control devices. Such supplements shall conform to the general requirements for Standardization as set forth in the Manual.

4263 WHEREAS the State Civil Defense Office has available a surplus Air Force C-45 airplane that is available for transfer to the Highway Department; and

WHEREAS valuable engineering time can be saved by the utilization of air travel to distant points in the State; and

WHEREAS the plane would be of extreme benefit in case of emergencies such as floods, fires or other natural disasters; and

WHEREAS a better overall view of the highway system can be obtained by air travel; and

WHEREAS quite a few of the modern Highway Departments have found airplanes to be especially beneficial in the overall planning

and administration of their highway systems.

NOW, THEREFORE, the Director is authorized to negotiate with Civil Defense to acquire the plane and have it renovated and converted for civilian type use at a cost of approximately \$12,000.00.

4264 WHEREAS, the Purchasing Committee has awarded purchases on August 7, 14, 21, 28 and September 1, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4265 In BENTON COUNTY for Highways 12 and 94, the Director is authorized to enter into an agreement, on behalf of the Arkansas State Highway Commission, with the Corps of Engineers, US Army, whereby the Department will rearrange and relocate the sections of Highways 12 and 94 made necessary by the construction of Beaver Reservoir, subject to the condition that all work will be performed on a one hundred per cent cost reimbursable basis and that roadway and bridge alterations will be replaced to modern design standards.

The Director is also authorized, on behalf of the Commission, to convey to the Government the Department's right, title, a interest in and to the right-of-way involved in the portions of routes abandoned within the reservoir area.

4266 In CRITTENDEN COUNTY on STATE HIGHWAY 77, SECTION 5, the Director is hereby authorized to grant a permit to the GUARANTY LOAN & REAL ESTATE COMPANY for the construction of a railroad crossing, at grade across State Highway 77, at the location indicated on the map prepared by Bond Engineering Company dated August 1961, approximately 1 1/4 miles north of US Highway 70 and approximately 1/4 mile south of Interstate Highway 55 to serve an industrial development area subject to the following conditions:

1. The Owner to provide warning signals displaying standard cross arms, and advance warning signs, and adequate illumination during the hours of darkness.
2. The Owner to install a solid treated timber plank crossing, meeting the standards of the St. Louis-San Francisco Railroad Company, for the length of the cross ties and for the width extending from shoulder to shoulder of the highway, and at all times maintain the crossing in a condition satisfactory to the State Highway Department.
3. The crossing not to be super-elevated and to match the existing highway pavement grade on each side, and the cut pavement and base course to be removed to firm surface on each side and replaced with clean base course and asphalt paving materials meeting the require-

ments of the Highway Department Specifications, and forced to true matching lines and grades.

4. That the Owner make judicious use of appropriate safety devices and practices such as barricades, lights, signs, watchmen, and flagmen, as may be needed during construction and subsequent operation of the crossing, to protect travel, and that the Owner save harmless the Arkansas State Highway Commission in all respects.

5. The Highway Department District Engineer, Mr. C. M. Matthews, North State Street, Wynne, Arkansas, to be notified prior to starting operations within the limits of the highway right-of-way in order that he may supply inspect on if he desires. Construction methods and finished results must meet his full approval.

6. That the Owner absorb all cost of the initial installation and subsequent operations at no cost to the State, and any time improvement in the highway facilities necessitates adjustment of the track, it will be done by the Owner at no expense to the State when requested.

4267 WHEREAS, in FAULKNER COUNTY, in the City of Conway, Mr. and Mrs. Paul Wilson are the owners of land at the Junction of Old US Highway 64 and the present US Highway 64, their holdings having been conveyed to them under a Warranty of Title that extended to the curb at the junction of the two roads mentioned, and relying upon such warranty, Mr. & Mrs. Wilson constructed a motel that encroaches approximately thirteen feet (13') upon right-of-way property, and

WHEREAS, the District Engineer for District 8 has advised that a portion of our right-of-way can be sold to Mr. & Mrs. Paul Wilson, who are Successors in Title of the owners from whom the right-of-way was acquired without interfering with the road condition at that point. That the property described in this order is sufficient to prevent encroachments or parking on the right-of-way.

THAT the property described below should be declared surplus.

IT IS THEREFORE considered and ordered that the Director be and he is authorized to execute for a consideration of \$273.42 (the appraised value) a Quitclaim Deed of the Department conveying the following 1,302 square feet of surplus property to Mr. and Mrs. Paul Wilson:

Beginning at the Northeast Corner of the NE-SW Section 36, Township 6 North, 14 West, thence South 726.1 feet to the intersection of the South right-of-way line of Highway 64, thence North 72° West 408.9 feet to point of beginning, thence South 48° West 99.3 feet, thence North 22°, 12 feet West 28 feet, thence North East 93 feet to point of beginning.

4268 In FAULKNER COUNTY on HIGHWAY 36, Section 1 at Cadron Creek: Whereas, there is an old steel bridge 143 feet long, to be abandoned, which cannot be used virtually intact by the Highway Department; and

WHEREAS, Job 1392 requires that the steel truss be dis-assembled, match-marked and stored at the bridge site; and

WHEREAS, the County Judge of Faulkner County states that the bridge can be used on a county highway;

NOW THEREFORE, as set out in Minute Order 4063, the Director is authorized to convey to the County Judge of Faulkner Co. the steel from this bridge, at the site, to be loaded and hauled away by the County Judge.

4269 In FRANKLIN COUNTY: WHEREAS, under date of January 21, 1931, D. L. and Isabella Parker conveyed to the Arkansas State Highway Department in fee, the following described land:

A strip of land 80 feet wide, being 40 feet on each side of contiguous and parallel to the center line of the Arkansas State Highway Department's survey of Road 64, Section 3, said center line being more particularly described as follows: Beginning at a point 512.5 feet North of the Southwest corner of Section 4, Township 9 North, Range 26 West, said point being Station 74518.7 of the said Highway Department Survey and lying in the westerly line of the Southwest Quarter of the Southwest Quarter, Section 4, Thence South 23 degrees 27' east a distance of 263.3 feet to a point in the Southerly line of the D. L. Parker property, being station 74782 of said survey, all lying in the Section 4, Township 9 North, Range 26 West, and containing less portion in present road - 0.30 acres, more or less; and

WHEREAS, the State has no interest in the mineral rights to this property;

NOW THEREFORE, upon payment of \$5.00 and other valuable consideration, the Commission is authorized to sign a Mineral Lease in favor of the J. M. Huber Corporation of Denver, Colorado with the understanding that if drilling is done, none will be on the above described land.

4270 In LAWRENCE COUNTY, on US HIGHWAY 63, SECTION 4, the Director is hereby authorized to grant a permit to the Cox Cotton Company for the construction of a railroad crossing, at grade across US 63, to serve the Black River Cotton Company, subject to the following conditions:

1. The Owner to provide warning signals displaying standard cross arms, and advance warning signs, and adequate illumination during the hours of darkness.
2. The Owner to install a solid treated timber plank crossing, meeting the standards of the St. Louis-San Francisco Railroad Company, for the length of the cross ties and for the width extending from shoulder to shoulder of the highway, and at all times maintain the

crossing in a condition satisfactory to the State Highway Department.

3. The crossing not to be super-elevated and to match the existing highway pavement grade on each side, and the cut pavement and base course to be removed to a firm surface on each side and replaced with clean base course and asphalt paving materials meeting the requirements of the Highway Department Specifications and formed to true matching lines and grades.
4. That the Owner make judicious use of appropriate safety devices and practices such as barricades, lights, signs, watchmen, and flagmen, as may be needed during construction and subsequent operation of the crossing, to protect travel, and that the Owner save harmless the Arkansas State Highway Commission in all respects.
5. The Highway Department District Engineer, Mr. John F. Price, 1435 West Kingshighway, Paragould, Arkansas, to be notified prior to starting operations within the limits of the highway right-of-way in order that he may supply inspection if he desires. Construction methods and finished results must meet his full approval.
6. That the Owner absorb all cost of the initial installation and subsequent operations at no cost to the State, and any time improvement in the highway facilities necessitates adjustment of the track, it will be done by the Owner at no expense to the State when requested.

4271 In GREENE COUNTY, upon completion of Job 10655, the official routing of State Highway No. 141 in the vicinity of Stanford shall be in accordance with the relocated and reconstructed section as indicated on attached sketch map, identified as "Designation Change Vicinity of Stanford", drawn 8-15-61, which becomes a part of this Order.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 141 which has been replaced by new construction is hereby declared to be no longer a part of the State Highway system.

4272 In INDEPENDENCE COUNTY, upon completion of Job 5491, the official routing of State Highway No. 25 in the vicinity of Charlotte shall be in accordance with the relocated and reconstructed section as constructed by Jobs 5475 and 5491, all as indicated on the attached sketch map, identified as "Designation Change in Vicinity of Charlotte", drawn 8-15 61, which becomes a part of this Order.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 25 which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System.

4273 In PHILLIPS COUNTY, it is Ordered that the new route to the Mississippi River Bridge near Helena is hereby made a part of the State Highway System to be designated as State Highway No. 6 Sec-

tion 4.

4274 In PIKE COUNTY, at Glenwood upon completion of Job 3575, Caddo River Bridge and approaches, the official routing of State Highway No. US 70 section 5 shall be in accordance with the relocated and reconstructed section, and a connection for State Highway No. 8 section 3 along Broadway, Oak Street, and 3rd Street to the new location of US 70 is made a part of the State Highway System, all as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change at Glenwood", drawn 6-16-61.

By this action and in conformity with Supreme Court decisions, the sections of Old Highway US 70 which have been replaced by new construction is hereby declared to be no longer a part of the State Maintained Highway System.

4275 In POINSETT COUNTY, upon completion of Job 10648, the official routing of State Highway No. 149 shall be in accordance with the relocated and reconstructed section as indicated on the attached sketch map, identified as "Designation Change Vicinity of Marked Tree", drawn 5-30-61, which becomes part of this Order.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 149 through Marked Tree which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System.

4276 In ST. FRANCIS COUNTY, upon completion of Job 11651, the official routing of State Highway No. 149 in the vicinity of Heth shall be in accordance with the relocated and reconstructed section as indicated on the attached sketch map, identified as "Designation change Vicinity of Heth", drawn 8-15-61, which becomes a part of this Order.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway No. 149 through Heth which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System.

4277 WHEREAS, Minute Order 4075, approved on April 19, 1961, accepted a offer from Mr. and Mrs. Ray Mann to donate 2.24 acres of land on US 62 near Avoca for an Area Headquarters site and,

WHEREAS, the State now has title to this property

IT IS ORDERED that the Director be authorized to proceed with the construction of a building, fences and other facilities necessary for an Area Headquarters facility, as a Building Project, at an estimated cost of \$13,000.00.

4278 WHEREAS, it is anticipated that the new District 6 Headquarters, located on the Little Rock-Benton Highway, will be completed in the near future and,

 WHEREAS, the property now being used by District 6, at 12th and Maple Streets in North Little Rock, is to be used as the Central Sign Shop and Headquarters for the Sign and Center Stripe Section,

 IT IS ORDERED that the Director be authorized to remodel the existing building for the use of the Sign and Center Stripe Section, as a Building Project, at an estimated cost of \$19,900.00. Work is to be done by contract.

4279 WHEREAS, it is considered desirable in the interest of efficiency to establish an Area Headquarters in North Pulaski County, and,

 WHEREAS, the Department has a suitable site, consisting of approximately 3.5 acres, located adjacent to the Eureka Gardens Interchange, can be utilized for this purpose

 IT IS ORDERED that the Director be authorized to establish an Area Headquarters on this site as a Building Project, with an allotment of \$5,000.00 for fencing and other appurtenances.

4280 In BAXTER COUNTY on US 62, Section 11, from Mountain Home to a point 2.5 miles east, the Director is authorized to resurface the existing pavement with Asphaltic Cold Plant Mix material, as a betterment project, at a cost of \$7,100.00.

 Work to be done by maintenance forces.

4281 In CONWAY COUNTY on HIGHWAY 95, Section 1, from Morrilton to S.H. 213 a distance of 7.53 miles, the Director is authorized to resurface selected sections with Bituminous cold plant mix material as a Betterment Project at an estimated cost of \$12,600.00 for materials.

 Work to be done by Maintenance Forces.

4282 In CRAIGHEAD COUNTY on STATE HIGHWAY 1, Section 17, from Jonesboro to a point 6.9 miles south, the Director is authorized to resurface the existing asphalt pavement with Sand Asphalt Hot Mix Surface Course, as a betterment project, at an estimated cost of \$20,000.00.

 Work is to be done by contract.

4283 In CRAIGHEAD COUNTY on STATE HIGHWAY 139, Section 0, from State Highway 18 to Hancock (Milum Bill Road extension), a distance of 4.56 miles, the Director is authorized to resurface the existing gravel road with gravel base material, as a betterment project, at an estimated cost of \$13,900.00.

Gravel is to be dumped in place by contract and spread by State forces.

- 4284 In CRAWFORD COUNTY on STATE HIGHWAY 162, Section 1, from Van Buren to Kibler, a distance of 0.80 mile, the Director is authorized to construct additional gravel base and double bituminous surface treatment, as a betterment project, at an estimated cost of \$6,100.00 for materials.

Work is to be done by maintenance forces.

- 4285 In JACKSON COUNTY on STATE HIGHWAY 37, Sections 4 and 5 at Tuckerman, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course and place minor drainage structures on 0.78 mile, as a Betterment Project, at an estimated cost of \$9,100.00.

Surfacing to be placed by contract and drainage structures to be installed by state forces.

- 4286 In LAWRENCE COUNTY on S.H. 117, Section 2, between US 63 and Smithville, the Director is authorized to construct a quadruple 42" x 40' R. C. Pipe Culvert, to replace a 30' timber bridge which burned on August 3, 1961, as a Betterment Project, at an estimated cost of \$1,650.00. Work to be done by Maintenance Forces.

This work qualifies for credit under provisions of Act 150 of 1961.

- 4287 In MADISON COUNTY on STATE HIGHWAY 12, Section 4, from Clifty to State Highway 23, a distance of 3.35 miles, the Director is authorized to place additional gravel base material and Double Bituminous Surface Treatment, as a betterment project, at an estimated cost of \$14,700.00.

Work is to be done by maintenance forces.

This project will qualify under the provisions of Act 150 of 1961.

- 4288 In MARION COUNTY on STATE HIGHWAY 178, Section 1, from Flippin to Bull Shoals Dam, a distance of 10.11 miles, the Director is authorized to resurface selected sections with Asphaltic Cold Plant Mix material, as a betterment project, at an estimated cost of \$15,400.00.

Work is to be done by maintenance forces.

- 4289 In MARION COUNTY on STATE HIGHWAY 14, Section 2, between Yellville and Summit, a distance of 2 miles, the Director is authorized to resurface the existing pavement with Asphaltic Cold Plant Mix material, as a betterment project, at an estimated cost of \$5,700.00.

Work to be done by maintenance forces.

4290 In MISSISSIPPI COUNTY on STATE HIGHWAY 77, Section 3, from Athelston to National Ditch, a distance of 2.46 miles, the Director is authorized to resurface the existing gravel road with gravel base material, as a betterment project, at an estimated cost of \$13,300.00.

Gravel is to be dumped in place by contract and spread by State forces.

4291 In MONROE COUNTY on US 79, Section 14, between State Highway 17 and State Highway 20, the Director is authorized to install two double 8' x 3' Reinforced Concrete Box Culverts as a betterment project, at an estimated cost of \$19,600.00.

Work is to be done by contract.

4292 In POINSETT COUNTY on STATE HIGHWAY 214, Section 1, between Fisher and Whitehall, a distance of 14.72 miles, the Director is authorized to place gravel surface course and install minor drainage structures, as a betterment project, at an estimated cost of \$19,700.00.

Gravel is to be dumped in place by contract, with the spreading of the gravel and installation of drainage structures to be done by State forces.

This action is eligible for compliance with Act 150 of 1961.

4293 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 1, from State Highway 33 to a point 4.5 miles west (Milum Bill Road extension), the Director is authorized to resurface the existing road with gravel surface material, as a betterment project, at an estimated cost of \$19,400.00.

Material is to be dumped in place by contract and spread by maintenance forces.

4294 In PRAIRIE COUNTY on STATE HIGHWAY 249, Section 1, from State Highway 11 to a point one mile west (Milum Bill Road extension), the Director is authorized to resurface the existing gravel road with gravel surface material, as a betterment project, at an estimated cost of \$5,000.00.

Material is to be dumped in place by contract and spread by State forces.

4295 In SEARCY COUNTY on STATE HIGHWAY 66, Section 1, in the Town of Leslie, the Director is authorized to resurface 1.46 miles with Asphaltic Concrete Hot Mix Surface Course, as a betterment project, at an estimated cost of \$19,200.00.

Work is to be done by contract.

4296 In SEBASTIAN COUNTY on STATE HIGHWAY 96, Section 3, at Big Creek, the Director is authorized to replace the existing structure with a salvaged 100' Truss, as a betterment project, at an estimated cost of \$5,700.00.

Work is to be done by maintenance forces.

- 4297 In UNION COUNTY on US 82, Sections 5 and 6, and US 167, Section 2, in the City of El Dorado, the Director is authorized to resurface selected sections of 2.31 miles on the existing asphalt streets with Asphaltic Concrete Hot Mix Surface Course, as a betterment project, at an estimated cost of \$19,900.00.

Work is to be done by contract.

- 4298 In WHITE COUNTY on US 64-C, Section 10, at Beebe, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course for a distance of 1.51 miles, as a betterment project, at an estimated cost of \$18,500.00.

Surfacing to be done by contract, tack coat by maintenance forces.

- 4299 In WOODRUFF COUNTY on State Highway 260, Section 1, between Revel and Grays, the Director is authorized to replace two existing bridges (Total length 171') with treated timber substructure and concrete deck, as a betterment project, at an estimated cost of \$7,900.00.

Work is to be done by maintenance forces.

This project will qualify for credit under the provisions of Act 150 of 1961.

- 4300 In YELL COUNTY on HIGHWAY 10, Section 3 from Danville to the Logan County Line a distance of 20.05 miles, the Director is authorized to resurface selected sections with Bituminous cold plant mix material as a Betterment Project at an estimated cost of \$10,600.00 for materials.

Work to be done by Maintenance Forces.

- 4301 In JACKSON COUNTY on STATE HIGHWAY 17 at the Crossings of the Missouri Pacific Railroad Company's tracks west and south of Diaz, the Director is authorized to proceed in the most feasible manner with the relocation of the two existing sets of flashing light and short-arm gate signal installations at Highway Stations 68+50 and 68+88 and 128+14 and 129+10 (R.R. Mile Post 260-02 and 259-05) at an Estimated cost of \$7,000 subject to the following conditions:

1. That relocation of the flashing light and short-arm gate installations will be made at no cost to the Railroad Company. Maintenance of the signal devices after relocation will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

- 4302 Crittenden County, Job No. 11683, Seyppell-Jct. Hwy. 147, FAP S-23(2). The contract for the construction of approximately 4.774 miles of Grading, Minor Drainage Structures, Portland Cement

Stabilized Base and Double Bituminous Surface Treatment on the Seyppell-Thompson Grove Road, State Highway 38, Section 8, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$169,184.38.

- 4303 Jefferson County, Job No. 2551, Pine Bluff City Connection, FAP U-016-2(11) The contract for the construction of approximately 1.755 miles of Grading, Minor Drainage Structures, Widening & Re-surfacing with Plant Mixed Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface Crses. and Concrete Curbing on the Little Rock-Pine Bluff Road, US Highway 65, Section 14, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$327,926.25, subject to the concurrence of the Bureau of Public Roads.
- 4304 Arkansas County, Job No. 2615, Jct. Hwy. 146-Prairie County Line, FAP S-322(5) The contract for the construction of approximately 3.588 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base with Gravel Shoulders and Double Bituminous Surface Treatment on the DeWitt-Roe Road, State Highway 33, Section 1, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$152,917.89.
- 4305 Chicot County, Job No. 2630, Lakeport-Jct. US Hwy. 82, FAP S-472(1). The contract for the construction of approximately 5.006 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base Course, and Double Bituminous Surface Treatment on the Lakeport-Shives Road, State Highway 142, Section 1, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$214,999.21.
- 4306 Drew County, Job No. 2631, Monticello-Northwest, FAP S-473(1). The contract for the construction of approximately 5.530 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and Seeding Shoulders and Slopes on the Monticello-Rison Road, State Highway 35, Section 7, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$157,929.31.
- 4307 Hempstead County, Job No. 3602, Jct. Hwy. 4-Southeast, FAP S-499(1). The contract for the construction of approximately 3.221 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment and other misc. items on the Hope-Bodcaw Road, State Highway 32, Section 7, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$129,172.56.
- 4308 Scott County, Job No. 4471, Wye City-East Reconstruction, FAP F-016-1(4)FH. The contract for the construction of approximately 8.221 miles of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr't.,

Seeding, 3 R.C. Slab Span Brs. (210.01' tot.), 3 Br.-Lgth. Culvts. (79.63' tot. span), Remod. 4 R.C. & Str. Steel I-Beam Span Brs, (135.10'), Remod. One R.C. Slab Span Str. (17.90') and Extend One Br. Lgth. Culvt. (22.08' Span) on the "Y" City-Mt. Ida Road, US Highway 270, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$760,349.24, subject to the concurrence of the Bureau of Public Roads.

- 4309 Crawford & Franklin Counties, Job No. 4475, Alma-Mulberry Reconstruction, FAP F-02-1(8). The contract for the construction of approximately 10.718 miles (Incl. 1045.83' of Br. Widening) of Grading, Minor Drainage Strs., ACHM Base & Surface Crses., Plant Mixed Crshd. Stone Shoulders Sealed with Dbl. Bit. Surf. Tr'mt. and Widening Three Bridges on the Alma-Ozark Road, US Highway 64, Sections 2 & 3, is awarded to Arco, Inc., of Tulsa, Oklahoma on their low bid of \$949,516.73, subject to the concurrence of the Bureau of Public Roads.
- 4310 Polk County, Job No. 4479, Wickes-Howard County Line, FAP S-451(1). 4325 WHEREAS, the Arkansas State Highway Employees Group Insurance fourth contract year with the First Pyramid Life Insurance Company of America expires January 1, 1962, and

WHEREAS, the First Pyramid Life Insurance Company of America, in their letter of September 25, 1961, has made a formal offer to continue coverage under the Arkansas Highway Department's master policies for the fifth contract year, which begins January 2, 1962, at the same rates as those now in effect, and

WHEREAS, the Group Insurance Committee discussed the continuation of our present contract, and after a review of the experience record for the period October 1, 1959, through September 30, 1960, comprising the first full year the \$35 deductible applied to hospitalization benefits, the Committee decided unanimously to continue the present coverage for the fifth contract year, and

WHEREAS, the Committee made this decision because about eighty per cent of current employees and retirees are members of the plan and are evidently satisfied with the premium rates, benefits, and service rendered by the First Pyramid Life Insurance Company of America,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to continue our present insurance coverage with the First Pyramid Life Insurance Company of America for one contract year beginning January 2, 1962.

4326 WHEREAS, it is necessary to establish a new resident engineering party in Sheridan to supervise the construction of Job 1387, Farindale to Cross Roads; and Job 6699, Cross Roads to Sheridan; both on Highway US 167; and

WHEREAS, it is necessary to establish a new resident engineering party in Walnut Ridge to supervise construction of Job 10624, Flat Rock Creek relocation; Job 10690, Street Widening in Walnut Ridge; and Job 10660, Walnut Ridge to Pocahontas; and

WHEREAS, in order to keep up with the accelerated program in surveys a new Bridge Survey Crew is being established; and

WHEREAS, these three new establishments require transportation vehicles and other equipment;

NOW THEREFORE, MINUTE ORDER 4202 is hereby revised to provide a total expenditure for equipment for the fiscal year 1962 in the amount of \$898,990.00 which will provide the following additional

equipment:

Residency at Sheridan	3 pick-ups
Residency at Walnut Ridge	3 pick-ups
Bridge Survey Party	1 carry-all
	1 3/4 ton truck
	Sounding Equipment - Auger
	Drill mounted on Tractor,
	Trailer for Hauling Drill.

4327 WHEREAS under Minute Order No. 4202 the Arkansas State Highway Commission on August 2, 1961 reduced the request for approval for purchase a major equipment list by striking off all equipment not having trade-in.

WHEREAS Maintenance District Number Six in submitting list for Pick Up Trucks failed to show trade-in on six (6) 1/2 Ton Pick Ups requested for purchase in the amount of \$9,690.00, and replacement of the Pick Ups will be necessary for an efficient operation for the Fiscal Year 1961-62, due to age and condition of the old 1954 Pick Ups to be traded.

NOW THEREFORE the Director is hereby authorized to proceed in the most feasible manner through the proper channels with the purchase of six (6) new Pick Ups with six (6) old trade-ins for use by Maintenance District Number Six.

4328 WHEREAS, the purchasing Committee has awarded purchases on September 11, 18, 25 and October 2, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4329 WHEREAS, Arco, Incorporated has contracted with the State Highway Department to perform:

Federal Aid Project F-011-3(6), State Job No. 4464, Alma-North Reconstruction, State Highway 71, Crawford County, Arkansas, and Federal Aid Project F-02-1(8), State Job No. 4475, Alma-Mulberry Reconstruction, State Highway 64, Crawford and Franklin Counties, Arkansas.

WHEREAS, Standard Industries, Incorporated is sole stockholder of Arco, Incorporated, ratified plan of complete liquidation and dissolution of Arco, Incorporated on September 30, 1961 and assumed all the assets, liquidation and duties of Arco, Incorporated included in the above described contracts, and

WHEREAS, Standard Industries, Incorporated is a corporation prequalified to do business in the State of Arkansas, a licensed contractor with the State Highway Commission, and is qualified to handle projects in the amount of \$12,000,000.00, an amount far in excess of the aggregate amounts of the above contracts, and

WHEREAS, Standard Industries, Incorporated is desirous of the State Highway Commission's consent to such assignment, and

WHEREAS, the Chief Engineer of the State Highway Department has given his consent to the assigning by Arco, Incorporated to Standard Industries, Incorporated, the above contracts herein described as Jobs No. 4464 and 4475.

NOW THEREFORE the Arkansas State Highway Commission does hereby consent to the assignment by Arco, Incorporated to Standard Industries, Incorporated, of the contracts herein above described and identified as State Job No. 4464 and State Job No. 4475, effective September 30, 1961.

4330 WHEREAS, in FAULKNER COUNTY, in the City of Conway, Mr. and Mrs. Paul Wilson are the owners of land at the Junction of Old US Highway 64 and the present US Highway 64, their holdings having been conveyed to them under a Warranty of Title that extended to the curb at the junction of the two roads mentioned, and relying upon such warranty, Mr. and Mrs. Wilson constructed a motel that encroaches approximately thirteen feet (13') upon right-of-way property, and

WHEREAS, it has been determined, and the Arkansas State Highway Commission has been advised by the District Engineer for District 8 that a portion of our right-of-way is no longer needed for right-of-way purposes, inasmuch as such property is not needed to prevent encroachment or parking on the right-of-way, and

WHEREAS, by proper Commission resolution as of this date, the Arkansas State Highway Commission has, pursuant to Act 124 of 1933, declared in regular meeting that the property is no longer necessary or desirable for State Highway purposes, and by said resolution has declared the following described property to be surplus and for sale:

Starting at the Northeast Corner of the NE-SW Section 36, Township 6 North, 14 West, thence South 726.1 feet to the intersection of the South right-of-way line of Highway 64, thence North 72° West 408.9 feet to the point of beginning, thence South 48° West 99.3 feet, thence North 22° 12' west 28 feet, thence North East 93 feet to point of beginning: and

WHEREAS, by Act 419 of the Arkansas Acts of 1953, the original owner or his successors in title shall have the first claim to surplus land acquired for right-of-way purposes; and

WHEREAS, the property hereinbefore described has been appraised by three competent appraisers in compliance with the statutory authorization afore designated, and the market value of such property has been determined to be in the amount of \$273.42, and

WHEREAS, this property has been offered back to Mr. and Mrs. Paul Wilson at the appraised market value, and

WHEREAS, such offer has been accepted by Mr. and Mrs. Paul Wilson within the time prescribed for exercising the option authorized by statute, and

WHEREAS, Minute Order 4267, approved September 6, 1961, was in error because of a misdescription of the property to be conveyed:

IT IS FURTHER ORDERED AND DECLARED that by this action, Minute Order 4267, approved September 6, 1961, is rescinded and declared null and void.

IT IS THEREFORE CONSIDERED AND ORDERED that the Director be and he is authorized to have executed for the consideration of \$273.42 (the appraised value) the Quitclaim Deed conveying the hereinbefore described surplus property to Mr. and Mrs. Paul Wilson.

4331 WHEREAS, on Job No. 3563, Little River County, Minute Order No. 3679 dated April 27, 1960, provided for the construction of 1.2 miles of approach road leading to the new interstate bridge across the Red River, subject to Little River County furnishing right-of-way, free of obstructions at no cost to the State, and

WHEREAS, Little River County did furnish right-of-way 80 feet in width, free of obstructions at no cost to the State thereby discharging its obligation, and

WHEREAS, the State Highway Department determined that due to the importance of the interstate bridge which was designed to primary standards, the approach road likewise should be designed to primary standards requiring right-of-way 120 feet in width, and

WHEREAS, Little River County was requested by the Department to obtain the additional right-of-way free of obstructions with assurance of reimbursement for the additional costs, and

WHEREAS, Little River County did obtain the additional right-of-way, free of obstructions, at a cost of \$1,905.25.

NOW, THEREFORE , the Director is hereby authorized to reimburse Little River county in the amount of \$1,905.25 in full pay-

ment of additional right-of-way costs so incurred.

4332 WHEREAS, the county Court of Madison County, Arkansas entered an Order condemning lands owned by Lester Neal on November 19, 1960, and

WHEREAS, Lester Neal refused to remove a barn in the right-of-way condemned until such time as he either secured the forecast of removing the barn or was paid for the cost of removing the barn, and

WHEREAS, the circuit Court of Madison County entered a temporary order directing the said Lester Neal to remove the barn upon the Arkansas State Highway Commission depositing a bond in the amount of \$1,100.00 and in compliance with said Order, Lester Neal has removed the barn from the right-of-way, and

WHEREAS, Madison County does not have sufficient monies to pay for the removal of said barn and the Commission's policy now is to pay for the removal of obstructions where the county provides the land.

NOW THEREFORE IT IS ORDERED that the Director be authorized to pay the sum of \$1,100.00 to Lester Neal for the removal of a barn from the right-of-way condemned by a County Court Order of Madison county dated November 19, 1960.

4333 In ASHLEY and BRADLEY COUNTIES there is an existing county road between Fountain Hill and Warren which crosses Saline River by means of a toll ferry, that is of considerable importance to citizens in that area. Free flow of traffic is somewhat impeded because of the toll ferry and much benefit to the State would accrue if there was a free bridge in its place. The Counties have requested aid from the Highway Department to help them with their problem. Since the Highway Department has a truss bridge, 234 feet in length, recently salvaged from across Current River on Highway US 167 which could be used, the Director is authorized to advise the Judges of Ashley and Bradley Counties that this truss is available to them, in the stockpile at Jacksonville, for use at the above mentioned location.

4334 In BENTON County, WHEREAS, Minute Order 4265 authorized the Director to execute an agreement with the Corps of Engineers for the purpose of relocating and rebuilding Highway 12 and Highway 94, made necessary by the construction of the Beaver Dam; and

WHEREAS, the highway Department will be responsible for the preparation of plans and the supervision of construction, the costs of which are all to be paid for by the Corps of Engineers; and

WHEREAS, due to the work load already imposed on the Highway Department staff, outside consultant services are necessary; and

WHEREAS, all preliminary studies and surveys were prepared by the consulting engineering firm of Howard, Needles, Tammen and Bergendoff of Kansas City, Missouri, which was retained by the Corps of Engineers;

NOW THEREFORE, the Director is authorized to negotiate a contract with Howard, Needles, Tammen and Bergendoff for the preparation of final plans and the supervision of the construction work, all to be paid for by the Corps of Engineers.

This action is subject to approval of the Corps of Engineers.

4335 In BRADLEY COUNTY on HIGHWAY 8, MINUTE ORDER 3924 - Item 36 (Job 7581) provided that the section of this highway from a junction with Highway 4 south to meet a county road, a distance of approximately 3.1 miles, was to be improved at an estimated cost of \$70,000.00. After surveys have been made and plans completed, it is found that the cost, due to high fills and bridges, will be more than originally estimated. This will be a new road on new location. Item 36 of Minute Order 3924 is hereby canceled and the following substituted in lieu thereof:

In Bradley County on Highway 8, the Director is authorized to construct a road, including grading, drainage structures, base, surfacing, and new bridges totaling approximately 270 feet in length, from the junction of Highway 8 with Highway 4 east of Warren - South to a county road, a distance of approximately 2.3 miles, at an estimated cost of \$189,000.00.

4336 In CLAY COUNTY on HIGHWAY 1, there is a dilapidated and dangerous bridge over the St. Francis River which must be replaced. This replacement will be a joint responsibility of the States of Arkansas and Missouri. The Director is authorized to enter into preliminary negotiation with the Missouri State Highway Commission, obtain clearance requirements from the Corps of Engineers, and determine estimate of cost. When this phase is complete, the Director is to report to the Highway Commission for further authority.

4337 In CRAIGHEAD COUNTY in the City of Jonesboro, HIGHWAY 173 is hereby extended southward to Nettleton Road and that section between Nettleton Avenue (Highway U.S. 63) and Nettleton Road (Highway 18), a distance of approximately one-half mile, is hereby added to the State Highway System.

4338 In INDEPENDENCE COUNTY on HIGHWAY 14, there is an old truss bridge being salvaged from across Salado Creek and replaced by a new bridge, under Job 5492. The District Engineer has advised that the bridge cannot be used intact for highway purposes. In accordance with the provisions of MINUTE ORDER 4063, the County Judge of Independence County, who can use the bridge on a county road, is authorized to pick up the truss at the job site and remove it for county

use.

4339 In INDEPENDENCE COUNTY on HIGHWAY 122 near Oil Trough, the Director is authorized to take whatever steps are necessary to install a free ferry across White River, with an operation of 8 hours per day, at an estimated installation cost of \$18,000.00.

4340 WHEREAS, Minute Order 4120 authorized the purchase of an Area Headquarters site at Walnut Corner in Phillips County and,

WHEREAS, the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete Headquarters facility, as a Supplement to Building Project No. 11-102-B, at an estimated cost of \$16,000.00.

4341 In DREW COUNTY on STATE HIGHWAY 138, Section 1, between State Highway 4 and Tillar, the Director is authorized to relocate approximately 4,500 feet adjacent to Bayou Bartholomew to provide a route above high water, as a betterment project, at an estimated cost of \$15,100.00.

Work is to be done by contract.

This work will qualify for credit under Act 150 of 1961.

4342 In GARLAND COUNTY on US 270, Section 6, from US 70 to the end of the curb and gutter section in Hot Springs, a distance of 0.54 mile, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface material, as a betterment project at an estimated cost of \$15,000.00.

Work is to be done by contract.

4343 In HEMPSTEAD COUNTY on STATE HIGHWAY 4, Section 5, and on STATE HIGHWAY 29, Section 3, in the City of Hope, the Director is authorized to proceed with the leveling of the existing asphalt pavement by Heater Planing the surface, as a betterment project, at an estimated cost of \$4,900.00.

Planing is to be done by contract.

4344 In LAFAYETTE COUNTY on STATE HIGHWAY 160, Section 2, from the Columbia County line to a point 4 miles west and south (Milum Bill road extension), the Director is authorized to place gravel surface material, as a betterment project, at an estimated cost of \$15,100.00.

Material is to be dumped in place by contract and spread by State

forces.

4345 WHEREAS, Minute Order 4287 approved the reconstruction of 3.35 miles on STATE HIGHWAY 12, Section 4, in Madison County and,

WHEREAS, the original estimate did not include the cost of moving and resetting 24 REA power poles,

IT IS ORDERED that the Director be authorized to Supplement Job 9-72 in the amount of \$2,400.00.

4346 In MARION COUNTY on STATE HIGHWAY 125, Section 1, from the Missouri State Line south to Bull Shoals Lake, a distance of 0.6 mile, the Director is authorized to reshape the roadway and ditches and place a double bituminous surface treatment, as a betterment project, at an estimated cost of \$2,000.00 for materials.

Work is to be done by maintenance forces.

This work qualifies for credit under Act 150 of 1961.

4347 In MILLER COUNTY on US 67, Section 1, from Ash Street to US 82 at the underpass in Texarkana, the Director is authorized to resurface the existing asphalt pavement with Asphaltic concrete Hot Mix surface material, as a betterment project, at an estimated cost of \$17,600.00.

Work is to be done by contract.

4348 In MISSISSIPPI COUNTY on HIGHWAY US 61 at the intersection with Chickasawba, the Director is authorized to proceed with improving the intersection at an estimated cost of \$14,000.00 as a betterment project.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State.

4349 In MISSISSIPPI COUNTY on STATE HIGHWAY 77, from State Highway 118 to the Crittenden County line, a distance of 5.46 miles, the Director is authorized to place additional gravel base course on selected sections, as a betterment project, at an estimated cost of \$4,000.00.

Gravel is to be dumped in place by contract and spread by State forces.

4350 In PULASKI COUNTY on STATE HIGHWAY 830, Section 6, from the Interstate 30 frontage road to the new District 6 Headquarters, a distance of 0.30 mile, the Director is authorized to widen and recon-

struct the existing road, as a betterment project, at an estimate cost of \$4,300.00.

Grading and base is to be done by State forces, surfacing by Contract.

- 4351 In PULASKI COUNTY at the new State Veterinarian Headquarters on State Police property, the Director is authorized to surface the Laboratory Drive, approximately 340 feet, as a betterment project, at an estimated cost of \$640.00 for materials.

Work is to be done by maintenance forces.

- 4352 In PULASKI COUNTY on US 67-70, Section 12, at the intersection of Asher Avenue and University Boulevard, the Director is authorized to remodel the intersection in accordance with plans prepared by the Planning and Research Division and approved by the City of Little Rock, as a betterment project, at an estimated cost of \$5,300.00.

Work is to be done by maintenance forces.

- 4353 In WASHINGTON COUNTY on US 62, Section 1, in the City of Fayetteville from US 71 to a point 2.4 miles west, the Director is authorized to resurface the existing asphalt pavement with Cold Plant Mix material, as a betterment project, at an estimated cost of \$19,100.00 for materials.

Work is to be done by maintenance forces.

- 4354 In WASHINGTON COUNTY, on State Highway 68 North, Section 1, from Shiloh Street to the East City Limits of Springdale, a distance of approximately 1.1 miles, the Director is authorized to resurface the existing pavement: with asphaltic concrete hot mix surface course, including heater planing of the existing surfacing, as a betterment project at an estimated cost of \$28,300. The work to be done by contact.

This order is conditioned on the City Council of Springdale taking appropriate action to require parrallel parking on either side of that portion of Highway 68 North (Emma Avenue) from Shiloh Street east to the St. Louis-San Francisco Railroad, for the purpose of permitting four-lane traffic operation on said section.

This action supersedes and cancels Minute Orders Nos. 2131 of June 5, 1957; 3564 of January 27, 1960; and 3627 of March 2, 1960.

- 4355 In WASHINGTON COUNTY IN THE CITY OF SPRINGDALE, on that portion of Highway 68 North, Section 1 (Emma Avenue), from US Highway 71 east to Shiloh Street, a distance of

approximately one-fourth mile, the Director is hereby authorized to proceed with reconstruction, widening and resurfacing to permit operation of four moving traffic lane on said highway section; all at an estimated cost of \$45,000.

This action is subject to the following conditions:

- (1) That the City of Springdale will provide the additional right of way for the construction work to a minimum width of 60 feet and remove or adjust utility facilities that would interfere with construction, all at no cost to the Highway Department.
- (2) That the City of Springdale will prohibit all parking on said section, upon completion of the construction work.
- (3) Approval y the Bureau of Public Roads.

This action supersedes and cancels Minute Order No. 3627 of March 2, 1960.

- 4356 State-wide, Job No. 12-1 (7), OCDM No. 000-13 (61). The contract for furnishing and installing Engine-Generators and Electrical Work for State Highway Department Radio System is awarded to Standard Electric Company of Fort Smith, Arkansas on their low bid of \$7,500.00.
- 4357 State-wide, Job No. 12-1 (8), OCDM No. 000-13 (61). The contract for furnishing and installing Steel Antenna Towers for the State Highway Department Radio System is awarded to Swager Tower Corporation of Fremont, Indiana on their low bid of \$12,800.00.
- 4358 State-wide, Job No. 12-1 (9), OCDM No. 000-13 (61). The contract for furnishing and erecting Prefabricated Metal Buildings for the Radio System of the State Highway Department is awarded to Hughes Engineering and Construction Company of Magnolia, Arkansas on their low bid of \$3,650.00.
- 4359 State-wide, Job No. 12-1 (10), OCDM No. 000-13 (61). The contract for furnishing and installing and filling of Liquefied Petroleum Gas Tanks for Radio System of the Arkansas State Highway Department is awarded to Harris Distributors, Inc., of Little Rock, Arkansas on their low bid of \$1,435.00.
- 4360 State-wide, Job No. 12-1 (6), OCDM No. 000-13 (61). The contract for furnishing and installing radio equipment in accordance with plans and specifications for State-wide Radio System, Arkansas State Highway Department is awarded to General Electric Company of Little Rock, Arkansas on their low bid of \$65,997.00.
- 4361 Miller County, Job No. 3574, North Fouke-Texarkana, FAP F-011-1(7). The contract for the construction of approximately 9.090 miles of Grading, Minor Drainage Strs., Gravel Base, ACHM Base & Surf. Crses., Bit. Treated Shoulders, Remodeling Two R.C. Deck Girder Span Bridges (68.98' Tot), Extending One Br.-Lgth. Culvt.

(22.08' Span), and other misc. items can the Fouke-Texarkana Road, US Highway 71, Section 2, is awarded to McMillin-Burkett Construction Company of Texarkana, Texas on their low bid of \$713,091.54, subject to the concurrence of the Bureau of Public Roads.

4362 Miller County Job No. 3603, Garland City-West, FAP S-500(1). The contract for the construction of approximately 2.997 miles (Include 57.0' of Br.) of Grading Minor Drainage Strs., Gravel Base, Double Bit. Surface Treatment and One Precast R.C. Slab Span Bridge on the Garland City-West Road, State Highway 134, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$145,090.31.

4363 Union County, Job No. 7565, Junction City-North Reconstruction, FAP F-021-1(17). The contract for the construction of approximately 5.925 miles of Grading, Minor Drainage Strs., Plant Mixed Crshd. Stone Base on New Location & Grade Change Sections, ACHM Base & Surf. Crses., Gravel Shldrs. sealed with Dbl. Bit. Surf. Tr't., One New R.C. Slab Span Br. (150.0'), Remodeling Three R.C.D.G. Span Brs. (362.9') & Extending One Br.-Lgth. Culvt (32.92' Span) on the Junction City-El Dorado Road, US Highway 167, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$654,969.86, subject to the concurrence of the Bureau of Public Roads.

4364 Columbia County, Job No. 7586, Rocky Mount-North & South, FAP S-490(1). The contract for the construction of approximately 5.783 miles of Grading, Minor Drainage Strs., Portland Cement or Bituminous Stabilized Base Course, Double Bituminous Surface Treatment and Seeding Slopes on the Marcedonia-Taylor Road, State Highway 160, Section 3, is awarded to H. C. Cathey, Inc., of Camden, Arkansas on their low bid of \$187,025.92.

4365 Craighead County , Job No. 10661, Poinsett County Line-North Reconstruction, FAP F-033-1(10). The contract for the construction of approximately 3.680 miles (Incl. 347.87' of Br. Remod.) of Grading, Minor Drainage Strs., Plant Mixed Crshd. Stone Base, ACHM Base & Surf. Courses, Dbl. Bit. Surface Tr't. on Shoulders and Remodeling Three R.C.D.G. Span Bridges on the Trumann-Jonesboro Road, US Highway 63, Section 7, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$283,377.77, subject to the concurrence of the Bureau of Public Roads.

4366 Craighead County Job No. 10668, Jonesboro-North Bridges & Approaches, FAP S-360(2) & US-360(3). The contract for the construction of approximately 0.031 mile of Grading, Minor Drainage Structures, Gravel Base Dbl. Bit. Surf. Tr'mt. One R.C. Slab Span Bridge (93.0 ft.) and One Precast R.C. Slab Span Bridge (76.0 ft.) on the Jonesboro-Walcot Road, State Highway 141, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould,

Arkansas on their low bid of \$64,668.00, subject to the concurrence of the Bureau of Public Roads.

4367 Dallas & Grant Counties, Job No. 1387, Farindale-Cross Roads Reconstruction, FAP F-021-2 (5). The contract for the construction of approximately 9.291 miles (Incl. 2042.09' of Br. Remod.) of Grading, Mr. Dr. Strs., Subbase, Gravel Base, Plant Mixed Crushed Stone Base, ACHM Base & Surf. Courses, Bituminous Treated Shoulders, Remodeling Seven R.C. Deck Girder Span Bridges & Remodeling One Combination Steel Truss & R.C. Deck Girder Span Bridge on the Fordyce-Sheridan Road, US Highway 167, Sections 9 & 10, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$1,079,099.23, subject to the concurrence of the Bureau of Public Roads.

4368 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, October 4, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and fourth Meeting in Little Rock, Arkansas on October 4, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
November 8, 1961

The following is the record of the proceedings of the One Hundred and fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on November 8, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4369 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., November 8, 1961.

4370 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Order 4361 through 4367 at the regular meeting of the Commission on October 4, 1961.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
3574	F-011-1(7)	71	Miller	784,380.	66,670.	851,050.

C-14-20	S-1156(1)	1	Lamartine - Nevada Co. Line	Nevada County	4,581.00	None

4373 WHEREAS, Minute Order Number 4202 of August 2, 1961, provided \$874,464.47 for the purchase of 317 pieces of Road and Shop Equipment during the Fiscal Year 1961-62 including sales tax, and

WHEREAS, Minute Order Numbers 4326 and 4327 dated

October 4, 1961, raised expenditure for equipment to \$908,680.00 for the Fiscal Year 1961-62, and

WHEREAS, it is necessary that additional equipment be purchased to keep up with the accelerated maintenance and construction operation of the Department,

NOW THEREFORE IT IS ORDERED that the expenditure be increased to \$963,580.00 to cover the purchase of one (1) Gradall, two (2) 45 Drawbar H. P. Rubber Tired Tractors, two (2) 15 Ft. Rotary Type Mowers, and three (3) 1/2 Ton Pick Ups for use of the Highway Department in Districts One, Three, Four and Ten, which brings the number of Major Road and Shop Equipment to be purchased in the Fiscal Year 1961-62 to a total of 339 pieces.

4374 WHEREAS, the following list of surplus, obsolete and junk materials and equipment have been sent in to Central Shops, Jacksonville, from the Ten Districts for the reason that they are of no further value to the Arkansas State Highway Department due to age and condition,

- 18 - Motor Graders, Maintainers, and Pull Graders
- 8 - Crawler Tractors
- 5 - Asphalt Kettles
- 7 - Items of various miscellaneous major and minor equipment
- 3,596 - Approx. Junk Vehicular Tires, Various Sizes
- 1,460 - Approx. Junk Vehicular Batteries
- 27 - Junk Vehicular Radiators
- 50 - Approx. Net Tons of Mixed Scrap Iron

WHEREAS, the Purchasing Committee in accordance with Minute Order Number 4105 dated May 24, 1961 recommends that the equipment be placed in line for sale,

NOW THEREFORE it is ordered that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell the surplus, obsolete and junk materials and equipment listed above to the highest and best bidder to the best interest of the Arkansas State Highway Department.

4375 WHEREAS, the Purchasing Committee has awarded purchases on October 9, 16, 23, 30 and November 6, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4376 WHEREAS, in BENTON COUNTY at Siloam Springs, State Highway No. 68 has been constructed by Job 9376 on new location, highway extensions and additions are necessary to provide an adequate highway network.

NOW THEREFORE, IT IS ORDERED that the following changes, additions, and deletions to the designated State Highway System, all as shown on attached sketch, which becomes a part of this Order, be made upon completion of Job 9376:

1. State Highway No. 68 -- designated along the new location as constructed by Job 9376, from the Oklahoma State Line to the junction of the old route east of Siloam Springs.
2. State Highway No. 59 -- extended easterly along the old route of S.H. 68 (E. Jefferson Street) to the junction of the new route of S.H. 68 east of Siloam Springs.
3. State Highway 99 -- extended southerly along S. Mt. Olive Street to a junction with the new route of S.H. 68.
4. State Highway No. 68 City Route -- designated as along W. University from N. Mt. Olive Street to Broadway; thence along Broadway to Main Street; thence long Main Street and old State Highway No. 68 to the junction of S.H. 59 at E. Jefferson and Lincoln Streets.
5. All other portions of old State Highway No. 68 along Holly, W. Tulsa, E. Jefferson, and N. Britt Streets not used in the above re-designations, and in conformity with Supreme Court decisions -- no longer to be a part of the designated or signed State Highway System.

4377 WHEREAS, IN CRAIGHEAD COUNTY, the Highway Department, the City Planning Division of the University, and official representatives of the local government of the City of Jonesboro and Craighead County have been working together for the past several months on a cooperative planning project for the purpose of developing a correlated highway transportation network and land use plan for the Jonesboro area, and

WHEREAS, the findings and recommendations of these joint agencies were presented at a public meeting in Jonesboro October the 26th as a three-fold transportation plan designated as (1) County Highway Plan, (2) Master Street Plan, and (3) State Highway Network Plan, and

WHEREAS, upon recommendation of the City Planning Commission, the City Council of Jonesboro by Ordinance has formally approved the State Highway Network and City Street Plans as presented, and

WHEREAS, at the public meeting not only were the Plans accepted but it was also agreed by those present to recommend that first priority in the Highway Network Plan be given to the proposed

arterial route designate as the Johnson Street connection,

NOW, THEREFORE, as an interim measure prior to consideration of the entire Highway Network Plan, IT IS HEREBY ORDERED, that items 8, 9, and 10 of the Arterial Routes described in Section (B) of Jonesboro City Ordinance No. 1034 comprising portions of Johnson Ave., Floyd St., and Dan Ave. between Main St. and US Highway 63, designated as the Johnson Street Extension, are added to the State Highway System as a highway connection between US 63 and S.H. 1, a total length of 1.33 miles, which shall be designated as City Route US 63. This addition to the Highway System shall be in accord with the sketch attached hereto and made a part of this Minute Order and entitled, "City Route US 63", dated November 8, 1961.

- 4378 In UNION COUNTY at El Dorado, it is ordered, that the following changes, additions, and deletions to the designated State Highway System, all as shown on attached sketch, which becomes a part of this Order, are to be made upon completion of the new El Dorado Bypass, State Highway No. US 167:
1. State Highway No. US 167 is designated along the new Bypass location from south of S.H. No. US 82 to the junction of the old route north of El Dorado, with a connection along the old route, westerly from the new route to junction of S.H. No. 7 north of El Dorado.
 2. The old route of S.H. No. US 167, from the junction of S.H. No. 7 north of El Dorado, south to the junction of S.H. No. US 82 in El Dorado, is to be redesignated as State Highway No. 7.
 3. The portion of the old route of S.H. No. US 167 southeast of El Dorado between the new route and S.H. No. US 82, which has been replaced by new construction, in conformity with Supreme Court decisions is no longer a part of the designated State Highway System.

- 4379 WHEREAS, the existing Electrical System in the District No. 10 Headquarters Building in Paragould, Greene County, is antiquated, overloaded and in violation of existing National and City Ordinances,

THEREFORE, it is ordered that the Director be authorized to proceed with the renovation of the Electrical Switchgear, as a building project, at an estimated cost of \$2,000.00.

- 4380 In CROSS COUNTY on HIGHWAY 42, Section 2, west of Cherry Valley, the Director is authorized to replace a rotted and dangerous bridge over a side drain with a salvaged steel and timber bridge (length - 68'). This work to be done by State Forces as a Betterment Project at an estimated cost of \$2,300.00 for materials only.

- 4381 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 2, at the bridge over Polk Bayou in Batesville, the Director is authorized to proceed with the work of erecting a bin type retaining wall to re-

place a section of wall which failed recently. This work is to be done as a Betterment Project at an estimated cost of \$13,000.00.

4382 In NEVADA COUNTY on HIGHWAY 32, Section 8, between Bodcaw and the Hempstead County Line, the Director is authorized to proceed with the work of replacing three narrow and deteriorated bridges using treated timber, salvage steel and concrete (total length - 246'). This work is to be done by State Forces as a Betterment Project, at an estimated cost of \$5,400.00 for materials only.

4383 On STATE HIGHWAY 96, Section 3, at Mill Creek east of Lavaca, the Director is authorized to remove the existing dilapidated steel truss and construct a Precast Concrete Deck Bridge (Total length 61 feet), as a betterment project, at an estimated cost of \$7,800.00.

Precast deck to be contracted in place by Purchase Order Contract with the balance of the work to be done by Maintenance forces.

4384 In ST. FRANCIS COUNTY on US 79, Section 17, and STATE HIGHWAY 149, Section 1, in east Hughes, the Director is authorized to install 99 feet of Reinforced Concrete Pipe Culvert to lower the flow line of the existing drainage structures, as a betterment project, at an estimate cost of \$1,280.00.

Work is to be done by Maintenance forces.

4385 In UNION COUNTY on STATE HIGHWAYS 160, Section 5, from Beech Creek east and west, a total length of 1.5 miles, the Director is authorized to resurface the existing roadway with Gravel Surface Course, as a betterment project, at an estimated cost of \$8,700.00.

Material is to be dumped in place by Purchase Order Contract and spread by State forces.

4386 In WOODRUFF COUNTY on HIGHWAY 260, Section 1, between Revel and Grays, the Director is authorized to proceed with the work of replacing two narrow and dangerous timber bridges (total length 152') with treated timber and concrete bridges. This work is to be done by State Forces as Betterment Project at an estimated cost of \$7,900.00 for materials only.

4387 WHEREAS, in ARKANSAS and MONROE COUNTIES, on Highway 1, Sections 5 and 6, at the White River crossing, the ferry barge in use was designed to accommodate a gross load of 50,000 pounds, and

WHEREAS, this ferry is being subjected to much heavier loads than was intended, causing damage not only to the ferry but to the heavily loaded trucks.

NOW THEREFORE IT IS ORDERED that the Director be authorized to erect signs to notify the public that the gross load limit of the St. Charles Ferry is 50,000 pounds.

4388 WHEREAS, the Corps of Engineers, US Army, is undertaking a channel improvement project on Black Pond Slough that will require alterations to the STATE HIGHWAY 35 and US HIGHWAY 65 crossings; and

WHEREAS, the existing timber bridge on Highway 35 will require complete replacement to current design standards and the US Highway 65 Bridge will require widening of the existing bridge and lengthening to accommodate the widened drainage channel;

NOW THEREFORE the Director is authorized to negotiate a reimbursable contract with the Corps of Engineers whereby the Department will be reimbursed for 100% of the cost of the alterations to the State Highway 35 Bridge, and for the portion of the cost of the alterations to the US Highway 65 Bridge occasioned by the drainage project.

The Director is further authorized to execute the deeds and/or easements necessary to permit the channels involved to cross the highway rights-of-way.

4389 In IZARD and STONE COUNTIES on Highway 5: WHEREAS, MINUTE ORDER 4176 provided that studies, surveys, preliminary plans, and estimate be made for the future construction of a bridge over White River; and

WHEREAS, it was contemplated that the work called for by Minute Order 4176 would be done by state forces; and

WHEREAS, it appears that due to the regular construction program work load it will be some time in the future before state forces can be utilized on this project; and

WHEREAS, an emergency exists which will not wait for the work to be done by state forces;

NOW THEREFORE , the Director is authorized to negotiate with a consulting engineering firm for the carrying out of the provisions of Minute Order 4176.

This action is subject to the approval of the Bureau of Public Roads.

4390 In PHILLIPS COUNTY for the Helena Bridge: WHEREAS, MINUTE ORDER 4218 authorized the Director to enter into an agreement with Howard, Needles, Tammen and Bergendoff, of Kansas City, Missouri, for the furnishing of report with recommendation of toll rates

for the installation of pipe lines on the Helena Bridge including methods and conditions of attachment; and

WHEREAS, the report has been completed as required by the specifications and copies furnished to the Department; and

WHEREAS, the report indicates that much study was given to the subject and sound conclusions reached;

NOW THEREFORE IT IS ORDERED that the Howard, Needles, Tammen and Bergendoff report "Helena Bridge Over the Mississippi River - Utility Pipe Lines" dated September 15, 1961 be hereby approved and the recommendations adopted as Highway Commission Policy for the Helena Bridge.

This action is subject to approval by the Highway Commission of Mississippi, The Simmons First National Bank - Trustee, and the Housing and Home Finance Agency.

4391 WHEREAS, the Corps of Engineers, US Army, is undertaking the construction of Dardanelle Reservoir that will require alterations to US Highway 64 at Piney Creek, Mill Creek, and Illinois Bayou between Knoxville and Russellville, and State Highway 7 at Shiloh Creek, north of Russellville.

NOW THEREFORE the Director is authorized to negotiate a contract with the Corps of Engineers whereby the Department will be reimbursed for the cost of the alterations, to current design standards, occasioned by the reservoir project.

The Director is further authorized to execute the necessary deeds, easements, and subordination agreements to permit flooding of the highway rights-of-way in connection with the construction and operation of the reservoir.

4392 In POPE COUNTY on HIGHWAY 124: WHEREAS, on Job 8481, from the junction of Highway 105 to Appleton, there is an old bridge across Clear Creek that is to be replaced by a new one; and

WHEREAS, this old bridge cannot be used on a state highway virtually intact; and

WHEREAS, it can be used virtually intact on a county road, and a request has been received for the bridge by the County Judge of Pope County;

NOW THEREFORE, by the provisions of MINUTE ORDER 4063, the Director is authorized to convey the abandoned bridge to the Judge of Pope County, to be picked up at the site by the County and reused virtually intact on a county road.

4393 In PRAIRIE COUNTY on HIGHWAY 38: WHEREAS, MINUTE ORDER 4116 provided that studies, surveys, preliminary plans, and estimate be made for the future construction of a bridge over White River; and

WHEREAS, it was contemplated that the work called for by Minute Order 4116 would be done by state forces; and

WHEREAS, it appears that due to the regular construction program work load it will be some time in the future before state forces can be utilized in this project; and

WHEREAS, an emergency exists which will not wait for the work to be done by state forces;

NOW THEREFORE the Director is authorized to negotiate with a consulting engineering firm for the carrying out of the provisions of Minute Order 4116.

This action is subject to the approval of the Bureau of Public Roads

4394 In GARLAND COUNTY and the CITY of HOT SPRINGS, for a connection between Highway 7 and the new Hot Springs to Benton Highway (US 70), MINUTE ORDER 788 specifies that the Commission will give favorable consideration to the construction of such a road, if feasible, and all required right-of-way free of obstructions will be furnished free of cost to the State.

Considerable study has been made and improvement in location and grade of the existing Gorge Road has been found to have merit. The Director is hereby authorized to proceed in the most feasible and economical manner with surveys, plans, and construction of such a connection project at an estimated cost of \$590,000.00, subject to the following conditions:

1. All required right-of-way, free of obstructions, will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the Mayor of Hot Springs and the Judge of Garland County within 60 days after right-of-way requirements are furnished.
3. Approval for the use of 100% Federal Funds for all costs for the project within the National Park.
4. System and program approval by the Bureau of Public Roads.

4395 In GRANT COUNTY on US HIGHWAY 270, Section 9, at the crossing of the Chicago Rock Island Pacific Railroad Company tracks in Poyen, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices s after installation without cost to the State
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

- 4396 Union County, Job No. 7588, El Dorado By-pass Additional Frontage Roads, FAP F-021-1(20). The contract for the construction of approximately 0.414 miles of additional Frontage Roads consisting of Grading, Minor Drainage Structures, Gravel Base Course and Seeding Slopes on the north end of the El Dorado East By-pass Road, US Highway 167, Section 2, on which one bid only was received was rejected and will be readvertised.
- 4397 Ashley County, Job No. 2623, Ouachita River Relief Bridges Widening, FAP F-010-2(12). The contract for the construction of Minor Approach Work and Widening Two - 220 foot R. C. Deck Girder Span Bridges on the Crossett-Strong Road, US Highway 82, Section 8, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$68,224.60, subject to the concurrence of the Bureau of Public Roads.
- 4398 Howard County, Job No. 3596, Junction Hwy. 70-Saline River, FAP S-321(4). The contract for the construction of approximately 3.808 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One New R.C. Slab Span Bridge (90.0'), Remodeling One R.C. Slab Span Bridge (35.88') and other miscellaneous items on the Jct. Hwy. 70-Umpire Road, State Highway 4, Section 2, is awarded to W. C. Burrow Company of Malvern, Arkansas and Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas on their low bid of \$231,884.47.
- 4399 Lafayette County, Job No. 3597, Bradley-East, FAP S-220(4). The contract for the construction of approximately 5.046 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Seeding Slopes, on the Bradley-Taylor Road, State Highway 160, Section 2, is awarded to J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$161,038.18.
- 4400 Crawford County, Job No. 4488, Van Buren City Widening, FAP U-02-1(10). The contract for the construction of approximately 1.409 miles of Grading, Minor Drainage Strs., Widening & Resurfacing with P.C. Conc. Base & ACHM Surface Course, One Br.,-Lgth. Culvert (32.92' span) and other miscellaneous items in the City of Van Buren, US Highway 64, Section 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$323,351.75, subject to the concurrence of the Bureau of Public Roads.
- 4401 Franklin County, Job No. 4493, Ozark-Low Gap, FAP S-478(1). The contract for the construction of approximately 4.210 miles of

Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Seeding Slopes, One Bridge Length Culvert (22.17' Span Lgth.) and Remodel One R.C. & Structural Steel I-Beam Span Bridge, (49.88' Tot. Lgth.) on the Ozark-Low Gap Road, State Highway 219, Section 1, is awarded to Gillioz Company, Inc., of Monett, Missouri on their low bid of \$215,111.15.

- 4402 Pulaski County, Job No. 6603, Arkansas River Bridge Illumina-
tion, FAP I-30-2(57)141. The contract for the furnishing and installing
lighting facilities on the Arkansas River Freeway Bridge and
Approaches in Little Rock and North Little Rock, Interstate 30, Sec-
tion 2, is awarded to The L. E. Myers Company of St. Louis, Missouri
on their low bid of \$44,029.97, subject to the concurrence of the
Bureau of Public Roads.
- 4403 Grant County, Job No. 6699, Cross Roads-Sheridan Reconstruc-
tion, FAP F-021-2(3). The contract for the construction of approxi-
mately 5.945 miles (Incl. 150.0' of Brs.) of Grading, Minor Drainage
Strs., Gravel Subbase, Gravel Base, Plant Mixed Crushed Stone Base,
ACHM Base & Surface Courses, Bituminous Treated Shoulders, Curb-
ing and Two R.C. Slab Span Bridges on the Fordyce-Sheridan Road,
US Highway 167, Sections 10 and 11, is awarded to Ben M. Hogan &
Company of Little Rock, Arkansas on their low bid of \$705,742.20,
subject to the concurrence of t e Bureau of Public Roads.
- 4404 Hot Spring County, Job No. 6721, Ouachita River Bridge &
Approaches, FAP I-30-2(56)96. The contract for the construction of
approximately 0.808 mile of Grading, Minor Drainage Strs., Parallel
712.16' of R.C. & Str. Steel Girder & I-Beam Span Bridges and Seed-
ing Slopes on the Texarkana-Little Rock Interstate Road, Interstate 30,
Section 2, is awarded to W. R. Fairchild Construction Company, Ltd.,
of Hattiesburg, Mississippi on their low bid of \$620,418.98, subject to
the concurrence of the Bureau of Public Roads.
- 4405 Grant County, Job No. 6750, Leola-East, FAP S-485(1). The
contract for the construction of approximately 3.520 miles of Grading,
Minor Drainage Structures, Gravel Subbase, Gravel Base, Double
Bituminous Surface Treatment, Seeding Slopes, Two Bridge Length
Culverts (47.68' Total Span Lgth.) and Three Precast R.C. Slab Span
Bridges (591.25' Tot. Lgth.) on the Leola-Sheridan Road, State High-
way 46, Section 2, is awarded to John M. Smith of Little Rock,
Arkansas on his low bid of \$297,818.39.
- 4406 Bradley County, Job No. 7581, Jct. Hwy. 4-South, FAP
S-487(1). The contract for the construction of approximately 2.275
miles of Grading, Minor Drainage Structures, Gravel Base, Double
Bituminous Surface Treatment, Seeding Slopes, Two Precast R.C. Slab
Span Bridges (209.16' Tot. Lgth.) & Two Prestressed Precast R.C.
Slab Span Bridges (248.16' Tot. Lgth.) on the Jct. Hwy. 4-South Road,
State Highway 8, Section 12, is awarded to S. M. Dixon Construction

- Company of Warren, Arkansas on their low bid of \$210,716.85.
- 4407 Washington County, Job No. 9465, US 71 Widening in Fayetteville, FAP State Job. The contract for the construction of approximately 0.377 mile of Widening and Resurfacing, involving Grading, Minor Drainage Structures, P.C. Concrete Base, ACHM Surface, Curbing, Retaining Walls and other miscellaneous items in the City of Fayetteville, US Highway 71, Section 17, is awarded to Anchor Construction Company of Tulsa, Oklahoma on their low bid of \$89,489.77, subject to the concurrence of the Bureau of Public Roads.
- 4408 Randolph County, Job No. 10659, Lawrence County Line-Pocahontas Reconstruction, FAP F-021-5(6). The contract for the construction of approximately 7.589 miles of Grading, Minor Drainage Structures, Asphaltic Concrete Hot Mix Base and Surface Courses, Bituminous Treated Plan Mixed Crushed Stone Shoulders, Seeding Slopes and Widening One R.C. Deck Girder Span & R.C. Slab Span Bridge (74.83 ft.) on the Walnut Ridge-Pocahontas Road, US Highway 67, Section 20, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$417,204.36, subject to the concurrence of the Bureau of Public Roads.
- 4409 Mississippi County, Job No. 10684, Cross Bayou & Ditch Nos. 1 & 40 Bridges & Approaches, FAP S-317(5). The contract for the construction of approximately 0.600 mile (Incl. 285.17' of Brs.) of Grading, Gravel Base Course and Three Precast R.C. Slab Span Bridges on the Turrell-Jct. Hwy. 14 Road, State Highway 77, Section 3, is awarded to W. L. Sharpe Contracting Company, Inc., of Memphis, Tennessee on their low bid of \$77,942.59.
- 4410 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, November 8, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and fifth Meeting in Little Rock, Arkansas on November 8, 1961.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 15, 1961

The following is the record of the proceedings of the One Hundred and sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on December 15, 1961 at which time the following members were present:

Harry W. Parkin	Chairman
J. E. Crain	Vice-Chairman
Truman Baker	Member
Armil Taylor	Member
Glenn F. Wallace	Member

4411 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., December 15, 1961.

4412 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 4397 through 4409 at the regular meeting of the Commission on November 8, 1961.

4414 WHEREAS, this Department has for a number of years maintained membership in the American Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1962 membership dues in the amount of \$37.50.

4415 The Director is hereby authorized to enter into an agreement on behalf of the Department to participate in the cost of a proposed Long-Range Cooperative Highway Research Program with the member states of the American Association of State Highway Officials. This authorization is conditioned upon the following:

1. Approval of the Research Project by a majority (36) of the member states of AASHO.
2. The Project will be financed with Federal-aid 1 1/2% Planning and Research funds in an amount not to exceed five per cent (5%) of such funds apportioned to the State for any fiscal year.

4416 The Director is authorized to proceed with the printing of 500 copies in book form of the Construction Division Manual of Instructions to Resident Engineers, 1962 Edition.

4417 WHEREAS, the Right of Way Division is housed in extremely cramped quarters in the old frame building in back of the Department's Central Office Building, this space being entirely inadequate for all Sections of the Right of Way Division, and

WHEREAS, the Planning & Research Division is in dire need of the space now occupied by the Traffic Services Section of the Maintenance Division on the third floor of the Game and Fish Commission Building, and

WHEREAS, it is possible for the Department to lease approxi-

mately 4,000 square feet of floor space in a brick building located at 921 West Capitol Avenue, Little Rock, Arkansas, for a monthly rental of SEVEN HUNDRED FIFTY AND NO/100 DOLLARS (\$750.00), and

WHEREAS, it has been determined that this building and location will be suitable for the Utilities Section of the Right of Way Division, and the Traffic Services Section of the Maintenance Division,

NOW THEREFORE, IT IS ORDERED that the Director be authorized to execute for and in behalf of the Arkansas Highway Commission a lease for this property.

4418 WHEREAS, the Purchasing Committee has awarded purchases on November 13, 20, 22 and December 11, 1961, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

4419 WHEREAS, under the provisions of Section 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System, and certain highways in the County System in return become a part of the State Highway System; and

WHEREAS, such an agreement has been reached between the State Highway Commission and the County Judge of Jefferson County whereby that portion of State Highway 11, Section 5, from the Arkansas River northward to the junction of State Highway 88 at Reydel -- a distance of 3.9 miles -- will be accepted into the Jefferson County Highway System, and whereby the County Highway from the junction with State Highway 270 near Hardin, north to the junction with Highway 65 near Samples -- a distance of 4.9 miles -- will be accepted into the State Highway System; and

WHEREAS, said agreement is evidenced by an appropriate Order of the Jefferson County Court dated December 8, 1961;

NOW, THEREFORE, IT IS ORDERED that, in accordance with agreement reached as required by law, that portion of State Highway 11, Section 5, from the Arkansas River north to the junction with State Highway 88 at Reydel -- a length of 3.9 miles -- is hereby deleted as a part of the State Highway System, to be maintained and operated as a County Highway under the jurisdiction of the County Court. It is further ordered that the County Highway from a point near Hardin on

State Highway 270 north to State Highway 65 near Samples -- a length of 4.9 miles -- is hereby accepted and designated as a route of the State Highway System.

4420 WHEREAS, in JEFFERSON COUNTY, in order to comply with the requirements of Act 150 of 1961 for improvement of State Highways, it is necessary that an additional highway route be added to the System, and

WHEREAS, by concurrent action this date the county road from Hardin north to US Highway 65 has been made a part of the State System and will be designated State Highway 104, Section 2,

NOW, THEREFORE, the Director is authorized to proceed with the following-described improvement on this State Highway:

Jefferson	Hardin north	Grading, minor drainage, base	
104 Sec 2	4.89 mi.	& surfacing, & two bridges.	195,450.00

4421 In LITTLE RIVER and SEVIER COUNTIES, the Director is ordered to change the Federal-aid system designation of State Highway No. 41 from the Texas State Line to DeQueen from the Federal-aid Secondary System to the Federal-aid Primary System, subject to approval of the Bureau of Public Roads.

4422 WHEREAS, Act 83 of 1961 requires, in part, that the State Highway System the roads and highways which connect established State Highways with State Parks; and

WHEREAS, under the provisions of Act 418 of 1957, the Publicity and Parks Commission in 1959 accepted warranty deeds to 28 acres of land designated for Park purposes in Randolph County, which was designated Old Davidsonville State Park; and

WHEREAS, this park site is not presently served by a State Highway;

NOW, THEREFORE, IT IS ORDERED that the county road from the intersection with US Highway 62, approximately one mile west of Pocahontas and extending southward to the Old Davidsonville State Park on Black River, a distance of approximately 9.0 miles, is hereby designated as a part of the State Highway System, in compliance with the terms of Act 83 of 1961.

4423 In WOODRUFF COUNTY, east of Augusta, the county road along the section line between sections 31 and 32, T8N, R3W, approximately 1.2 miles in length, which serves as a connection between State Highways 33 and US 64, is hereby made a part of the State Highway System.

4424 In YELL COUNTY at Dardanelle, State Highways Nos. 7 and 22 have been constructed by Job 8458 on new location, and highway

extensions, additions, and deletions are necessary to provide an adequate highway network.

NOW THEREFORE, IT IS ORDERED that the following changes, additions, and deletions to the designated State Highway System, all as shown on the attached sketch which becomes a part of this Order, be made upon completion of Job 8458:

1. State Highway No. 7 -- designated along the new location as constructed by Job 8458, from the south terminus of the project north to Union Street, thence east to the existing route at Second Street.
2. State Highway 22 -- designated along the new location from the north terminus of Job 8458 on present Highway 22, south to an intersection with State Highway 7 at Union Street.
3. State Highway 27, Section 10, is hereby designated to terminate at the intersection with State Highway 7 as relocated by Job 8458.
4. State Highway 155, Section 1, is hereby designated to terminate at the intersection with Highway 22 as relocated by Job 8458.
5. All portions of (1) State Highway 7 from the south end of Job 8458 east and north along 2nd Street to Union Street; (2) State Highway 22 from the north end of Job 8458 east and south along 2nd Street to Union Street; (3) State Highway 27 from the intersection with Job 8458 east and along Quay Street to 2nd Street; and (4) State Highway 155 from the intersection with Job 8458 east and along Rock Street to 2nd Street, which are not used in the foregoing redesignations, and in conformity with Supreme Court decisions, are hereby declared to be no longer a part of the designated or signed State Highway System.

4425 In LAWRENCE COUNTY on HIGHWAY 25, Section 6, between Powhatan and Strawberry, the Director is authorized to proceed with the work of replacing two rotted and dangerous timber bridges (total length - 114') with precast concrete slab spans on treated timber piling. Slabs are to be purchased in place by Contract Purchase Order, with the remainder of the work to be done by State Forces. This work is to be done as a Betterment Project, at an estimated cost of \$9,950.00 for materials only.

4426 In MADISON COUNTY on HIGHWAY 23, Section 8, between Aurora and Huntsville, the Director is authorized to proceed with the work of replacing one narrow and dilapidated timber bridge (length 81') with a structure of concrete and salvaged steel. This work to be done by State Forces, as a Betterment Project at an estimated cost of \$3,450.00 for materials only.

4427 In WASHINGTON COUNTY on STATE HIGHWAY 244, Section 1, from State Highway 59 to the end of Oklahoma Highway 100 at the Arkansas-Oklahoma Line, a distance of 0.61 miles, the Director is authorized to proceed with grading, minor drainage structures, crushed stone base and double bituminous surface, as a better-

ment project, at an estimated cost of \$10,400.00 for materials.

Work is to be done by maintenance forces.

This project satisfies the requirements of Act 150 of 1961.

4428 WHEREAS, it is considered desirable in the interest of efficiency to establish an Area Headquarters in Faulkner County near Conway and,

WHEREAS, Mr. Robert Anthony of Haynes, Arkansas, has offered to sell the Department three acres, located on the south side of US 64, four miles east of Conway, for \$3,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$20,000.00.

4429 WHEREAS, it is considered desirable in the interest of efficiency to establish an Area Headquarters in Garland County near Hot Springs, and

WHEREAS, Mr. Arch Cooper of Hot Springs has offered to sell the Department two acres, located adjacent to a service road on US 70, east of the Hot Springs City Limits, for \$3,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$20,000.00.

4430 In CHICOT COUNTY on HIGHWAY 144, Section 2, between US 65 and US 165,

WHEREAS, the existing bridge over Boeuf River has become hazardous due to scour around the piling which has caused settlement of approximately one foot; and

WHEREAS, the nature of the stream, which has been changed by the Corps of Engineers, now dictates a need for a structure of different design;

NOW THEREFORE, the Director is authorized to proceed on an emergency basis with the work of replacing the existing structure as a construction project at an estimated cost of \$55,000.00.

This action is subject to the approval of the Bureau of Public Roads.

4431 In IZARD COUNTY in the CITY of MELBOURNE on JOB

5495 now under construction, it has been discovered that there are city water lines which interfere with construction of the project. The District Engineer has estimated that the cost for relocating the water lines is \$1,839.00, which the Utilities Section has approved. The City of Melbourne does not have the funds to make the change and since it is now the Commission Policy to remove man-made obstructions, the Director is authorized to reimburse the City of Melbourne \$1,839.00 for making the change.

4432 Minute Order 4270 regarding RAILROAD CROSSING TO SERVE COX COTTON COMPANY AT HOXIE is hereby revised to provide the following changed conditions:

1. The Owner to provide warning signals, displaying reflectorized standard crossarms, and advance warning signs.
2. The Owner to install an asphaltic concrete hot-mix type crossing, meeting the standards of the St. Louis-San Francisco Railway Co., for the length of the crossties and for a width extending from shoulder of the highway, and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.

All other conditions three (3) through six (6) of Minute Order 4270 to remain in effect.

4433 In PRAIRIE COUNTY on HIGHWAY 38: WHEREAS, MINUTE ORDER 4116 provided that certain studies be made in connection with a new bridge over the White River near Des Arc; and

WHEREAS, MINUTE ORDER 4393 provided that the Director be authorized to negotiate with a qualified consulting engineer for performing the work; and

WHEREAS, the Director has negotiated a contract with Garver and Garver, Consulting Engineers of Little Rock, Arkansas, for performing the work at a fee of \$27,999.14 which has been approved by the Bureau of Public Roads;

NOW THEREFORE, the actions of the Director in this matter are ratified in all respects.

4434 Monroe County, Job No. 11686, Jct. Hwy. 39-East, FAP S-469(2). The contract for the construction of approximately 3.221 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Seeding Slopes, and One Precast & Precast Prestressed R. C. Slab Span Bridge on the Brinkley-Garret Grove Road, State Highway 238, Section 1, is awarded to L. S. Company, Inc., P.O. Box 369, Lake Village, Arkansas on their low bid of \$165,994.11.

4435 Woodruff County, Job No. 11688, Bayou De View & Caney Creek Bridges & Approaches, FAP S-141(5). The contract for the

construction of approximately 0.951 mile (Include 418.33' of Brs.) of Grading, Minor Drainage Strs., Gravel Base, Double Bit. Surface Treatment and Two Precast R. C. Slab Span Bridges on the Cotton Plant-Jct. Hwy. 39 Road, State Highway 38, Section 3, is awarded to W. L. Sharpe Contracting Co., Inc., 3431 Lamar Avenue, Memphis 18, Tennessee on their low bid of \$128,374.48.

4436 Crawford County, Job No. 4463, Jct. Hwy. 59-Shibley Grade Separation, FAP I-40-1(7)5 & I-540-1(14)15. The contract for the construction of approximately 3.776 miles (Include a totoal of 2130.96' of Major Strs.) of Grading, Mr. Dr. Strs. & Misc. Construction throughout project; Crshd. Stone Base & Dbl. Bit. Surf. Treatment on Frtg. Rds. & Cross Rds.; 4 Underpass Strs., 2 R.R. Overpass Strs. & 4 Brs., all of R.C. & Str. Steel I-Beam Span Construction, on the Oklahoma State Line-Alma Interstate Road, Interstate 40, Section 1, and Interstate 540, Section 1, is awarded to S. E. Evans, Inc., P.O. Box 903, Fort Smith, Arkansas on their low bid of \$1,295,785.15, subject to the concurrence of the Bureau of Public Roads.

4437 Franklin County, Job No. 4474, Ozark-Altus Reconstruction, FAP F-02-1(7). The contract for the construction of approximately 5.285 miles of Grading, Minor Drainage Strs., Plant Mixed Crshd. Stone Shldrs., ACHM Base & Surf. Crses., Remodeling Two R.C.D.G. Span Brs. (119.77' total lgth.) & Remodeling One Combination R.C.D.G. Span & Str. Steel Plate Girder Span Br. (188.20' in length) on the Ozark-Altus Road, US Highway 64, Section 3, is awarded to D. F. Jones Const. Co., Inc., P.O. Box 2660, Little Rock, Arkansas on their low bid of \$452,753.83, subject to the concurrence of the Bureau of Public Roads.

4438 Fulton County, Job No. 5508, Viola-Missouri State Line, FAP S-454(1). The contract for the construcion of approximately 8.023 miles of Grading, Minor Drainage Strs., Crushed Stone Base, Double Bituminous Surface Treatment and Two Bridge-Length Culverts (68.84' Total Span Length) on the Viola-Missouri State Line Road, State Highway 223, Section 3, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas on their low bid of \$318,235.05.

4439 White County, Job No. 5522, South Rosebud Bridge & Approaches, FAP S-482(1). The contract for the construction of approximately 0.151 mile of Grading, Minor Drainage Structure, Crushed Stone Base and One R.C. Slab Span Bridge (75.00 lin. ft.), on the Rosebud-South Road, State Highway 5, Section 14, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$33,674.80.

4440 Cleburne County, Job No. 5526, Independence Co. Line-Northwest, FAP S-480(2). The contract for the construction of approximately 4.078 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and Seeding

Slopes, on the Floral-Concord Road, State Highway 87, Section 4, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$184,227.98.

- 4441 Pulaski County, Job No. 6604, South Terminal Interchange Surfacing, FAP I-30-2(58)138. The contract for the construction of approximately 0.954 mile of Plant Mixed Crushed Stone Base, Double Bit. Surface Treatment and other miscellaneous items on the South Terminal Interchange of the Little Rock-North Little Rock Freeway, Interstate 30, Section 2, is awarded to D. F. Jones Construction Co., Inc. of Little Rock, Arkansas on their low bid of \$159,139.38, subject to the concurrence of the Bureau of Public Roads.
- 4442 Marion County, Job No. 9442, Jct. Hwy. 14-Buffalo River State Park, FAP S-458(1). The contract for the construction of approximately 2.779 miles of Grading, Minor Drainage Structures and Double Bituminous Surface Treatment, on the Hwy. 14-Buffalo River Road, State Highway 268, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their bid of \$99,733.20, which was the only bid received.
- 4443 Boone County, Job No. 9455, Jct. Hwy. 7-Jct. Hwy. 65 Bridges and Approaches, FAP S-492(1). The contract for the construction of approximately 0.667 mile of Grading, Crushed Stone Base, One Bridge Length Culvert (38.18' Span Length) and Two R.C. Slab Span Bridges (165.00' total lgth.) on the Gaither-Bellefonte Road, State Highway 206, Section 1, is awarded to McClinton Brothers Co. of Fayetteville, Arkansas on their low bid of \$80,225.13.
- 4444 Mississippi County, Job No. 10606, Bardstown-Hilton Base & Surfacing, FAP I-55-1(27)34. The contract for the construction of approximately 9.387 miles of Limited Grading, Crushed Stone Base Courses, P.C. Concrete Pavement (10" U.T.), Bituminous Treated Shoulders, Seeding Slopes and other miscellaneous items on the West Memphis-Missouri State Line Interstate Road, Interstate 55, Section 1, is awarded to T. L. James & Company Inc., of Ruston, Louisiana on their low bid of \$2,292,230.43, subject to the concurrence of the Bureau of Public Roads
- 4445 Lawrence County, Job No. 10660, Walnut Ridge-Randolph County Line Reconstruction, FAP F-021-5(7). The contract for the construction of approximately 5.642 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, ACHM Base & Surface Crses., Bit. Treated Shoulders, Seeding Slopes and Widen Three R.C. Deck Girder Span Brs. (290.04 ft. tot. lgth.), on the Walnut Ridge-Pocahontas Road, US Highway 67, Section 19, is awarded to D. F. Jones Const. Co., Inc., of Little Rock, Arkansas on their low bid of \$367,400.09 subject to the concurrence of the Bureau of Public Roads.
- 4446 Clay County, Job No. 10670, Vancel Creek Bridge &

Approaches, FAP S-345(7). The contract for the construction of approximately 0.094 mile of Grading, Gravel Base, Double Bituminous Surface Treatment and One Reinforced Concrete Slab Span Bridge (75.00 Ft. total length), on the Boydsville-Rector Road, State Highway 90, Section 2, is awarded to Mississippi Valley Contr. Co., Inc. of Paragould, Arkansas on their low bid of \$42,570.95.

4447 Lawrence County, Job No. 10683, Clover Bend-Minturn, FAP S-497(1). The contract for the construction of approximately 4.520 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and Two R.C. Slab Span Bridges (215 ft. tot. lgth.), on the Minturn-West Road, State Highway 228, Section 1, is awarded to D. F. Jones Const. Co., Inc., of Little Rock, Arkansas on their low bid of \$264,382.07.

4448 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 1:30 P.M., Friday, December 15, 1961.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its One Hundred and sixth Meeting in Little Rock, Arkansas on December 15, 1961.

Dorothy Switzer, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 28, 1960

The following is the record of the proceedings of the Eighty-fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 27, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3541 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 27, 1960.

3542 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3527 through 3531 and 3533 through 3538 at the regular meeting of the Commission on December 9, 1959:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
11648	I-40-5(22)281	40	Crittenden	33,340.	None	33,340.
3568	F-011-1(2)	71	Miller	53,930.	None	53,930.
3569	S-288(2)	27	Pike	48,570.	None	48,570.
4455	F.H. A-28-A & S-146(3)	28	Scott	543,650.	None	543,650.
5488	S-306(1)	224	Jackson	46,480.	None	46,480.
8470	S-315(2)	60	Perry	124,190.	None	124,190.

7551	F-021-1(12)	2	Junction City	Reynolds &			
			Pavement	Williams	301.50	+301.50	

3544 WHEREAS, the extensive increase of Highway Department operations and the necessity for contact with the field forces during

emergencies are requiring better communication between the Central Office, District Offices and the Field Personnel and,

WHEREAS, it has been determined that a State-Wide Two-Way Radio Communication System would provide this service and more economical operations,

IT IS ORDERED that the Director be authorized to employ a Radio Engineer and the necessary Technical Assistants to make surveys, plans and specifications and to take bids for a complete State-Wide Radio Communication System at an estimated cost of \$350,000.00, subject to participation of approximately 50 per cent by the Office of Civil and Defense Mobilization.

3545 The Director is authorized to proceed in the most feasible and economical manner with the work of adapting or installing Air Conditioning and Heating units in the IBM and Vault building at an estimated cost of \$6,765.00.

3546 WHEREAS, the American Association of State Highway Officials has billed the Department for Departmental Membership Dues for the year 1960, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1960 in the amount of \$1,519.50.

3547 WHEREAS, a motion was made by Mr. Armil Taylor, seconded by Mr. Harry Parkin that the Mississippi River bridge under construction at Helena be officially named "HELENA BRIDGE" subject to concurrence of the State Highway Commission of the State of Mississippi.

3548 WHEREAS, the Purchasing Committee has awarded purchases on December 14, 21, and 28, 1959, and January 4., 11, 18 and 25, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3549 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Alma in Crawford County and,

WHEREAS, a suitable site, consisting of 3 acres, located

approximately 1 mile east of Alma on U.S. Highway 64 has been offered to the Department by Mr. Buddy Byars at a cost of \$1,500.00,

IT IS ORDERED that the Director be empowered to act for the Commission in consummating all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at a cost not to exceed \$20,000.00 including the cost of the land.

3550 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Walnut Ridge in Lawrence County and,

WHEREAS, a suitable site, consisting of two acres, located adjacent to the East City Limits of Walnut Ridge on Highway 25 has been offered to the Department by Mr. Everett Webb at a cost of \$1,500.00,

IT IS ORDERED that the Director be empowered to act for the Commission in consummating all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at a cost not to exceed \$19,500.00 including the cost of the land.

3551 In BAXTER COUNTY at the HENDERSON FERRIES for US Highway 62 and State Highway 101 on Norfolk Lake, the Director is authorized to proceed in the most feasible and economical manner with the procurement of one additional barge and tug boat to provide for rapidly increasing traffic, at an estimated cost of \$70,000.00.

3552 WHEREAS, in Marion County at the Wilson Quarry, north of Flippin, the Department is now purchasing Crusher Screenings on a royalty basis at twenty-five cents per cubic yard, for use in maintenance operations in Marion, Baxter, Boone and Searcy Counties, and,

WHEREAS, an analysis of this material reveals that it is very close to our Class 3 Mineral Aggregate, which we are using, principally, for bituminous blade mix for patching and resurfacing, and,

WHEREAS, a measurement of this stockpile indicates that it contains approximately 187,000 cubic yards, which the owners have offered to sell to the Department for \$25,000.00 - or about thirteen and one-third cents per cubic yard,

IT IS ORDERED that the Director be authorized to purchase this stockpile at a cost of \$25,000.00, with the funds to come from the Sealing Allotment approved by Minute Order 3209, subject to the following conditions:

1. That this action will cancel all outstanding leases and options on this material.

2. That the owners will furnish the Department with a lease on the stockpile site and an access road to State Highway 178 for a period of five years, at no cost, and an option for an additional five years at a cost of \$100.00 per year.

3553 In BENTON, CRITTENDEN, HOT SPRING, ST. FRANCIS and YELL COUNTIES: WHEREAS, the furnishing of right-of-way at a cost not to exceed the State's appraisal for work on the PRIMARY SYSTEM, as provided in the original minute orders, could not be accomplished by the Counties; and

WHEREAS, the following projects are deemed to be of prime importance in the establishment of a connected highway system;

NOW THEREFORE IT IS ORDERED THAT the minute orders providing for the furnishing of right-of-way at a cost not to exceed the State's appraisal, be revised to delete that requirement as follows:

M.O. 906	Job 9376	Siloam Springs Relocation	Highway 68
M.O. 1002	Job 6518	Malvern-Junction Highway 51	Highway US 270
M.O. 1324	Job 11555	Cross County Line- Lansing	Highway US 64
M.O. 1789	Job 11581	Forrest City- Caldwell	Highway 1
M.O. 1791	Job 8458	Dardanelle Relocation	Highway 22

All other provisions of the original minute orders are to remain in full force and effect.

3554 In MONROE and PHILLIPS COUNTIES: WHEREAS, the furnishing of right-of-way, clear of obstructions, free of cost to the State, for work on the PRIMARY SYSTEM, as provided in the original minute orders, could not be accomplished by the Counties; and

WHEREAS, the following projects are deemed to be of prime importance in the establishment of a connected highway system;

NOW THEREFORE IT IS ORDERED that the minute orders providing for the furnishing of right-of-way on Primary Projects are hereby revised to delete the free right-of-way requirement as follows:

M.O. 1094	Job 11519	Highway US 79- Phillips County Line	Highway 20
M.O. 1375	Job 11452	Brinkley-Junction US 79	Highway 39

All other provisions of the minute orders are to remain in full force and effect.

3555 In CLEBURNE COUNTY on HIGHWAY 25, Section 3, at

Tumbling Shoals, the Director is authorized to sell to the highest bidder who will effect the complete disassembly and removal, the old suspension cables, hanger rods and unusable timber in the abandoned suspension bridge over Little Red River.

3556 In CRITTENDEN COUNTY on December 9, 1959, bids were received for Job C-18-81, F.A.P. S-1131(2), and by Minute Order 3539 the Highway Commission awarded the contract to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas, subject to concurrence by Crittenden County.

By letter dated December 18, 1959, Judge Milton R. Beck of Crittenden County requested all bids be rejected as the low bid of \$8,582.90 is approximately 17 per cent over the estimate.

On December 21, 1959, by letter, Mississippi Valley Contracting Company, Inc. was notified by the Director of the action of Crittenden County.

Minute Order 3539 is hereby cancelled and the actions of the Director and Crittenden County are ratified in all particulars.

3557 In DREW COUNTY on HIGHWAY 81 at Monticello, authorized by Arkansas State Highway Commission Minute Order No. 1045, dated July 27, 1955, sets out the reason for the acquisition and use of lands for right of way purposes; however, due to a change in construction design and an incorrect land description, it is now determined that a portion of the acquired land is no longer needed for right of way purposes.

Now, therefore, the Director is authorized to release that portion not required for right of way purposes to the original owners thereof at the same cost on a per acre basis that was paid for the land by the Arkansas State Highway Department.

3558 In POLK COUNTY on HIGHWAY 272, Section 1 the Director is hereby authorized to grant a permit to Mr. L. L. Morrow for the construction of a railroad crossing at grade to serve a miniature railroad to be operated as a concession at Queen Wilhelmina State Park near Mena.

The permit to be subject to the following conditions:

1. Installation to be made at no expense to the State.
2. The owner to provide electric warning signals displaying standard crossarms, and advance warning signs.
3. The owner to install a solid treated timber plank crossing, meeting the standards of the Kansas City Southern Railroad Company, for the length of the crossties and for a width extending from shoulder to shoulder of the highway, and to at all times, maintain the crossing in a condition satisfactory to the State Highway Department.

4. All construction on the highway right-of-way must meet the approval of the Highway Department District Engineer.

3559 WHEREAS, administrative officials of the Cities of Little Rock and North Little Rock and the County of Pulaski, supported by various other official and quasi-official agencies and organizations of the Pulaski Metropolitan area, have petitioned the Arkansas State Highway Commission to participate and cooperate in a comprehensive Pulaski County Transportation Study; and,

WHEREAS, the Bureau of Public Roads, through recent memoranda, encouraged the State Highway Departments to use funds allocated for Highway Planning Survey purposes to participate in and cooperate with the local governmental units of urban areas in studies essential for the planning and development of an integrated street and highway network to efficiently and effectively serve the present and future traffic and transportation needs of urban areas; and,

WHEREAS, the local governments in their proposal have agreed to supply funds for such project equal to at least one-half of the Highway Department's matching share of Federal-Aid funds required for the study, and

WHEREAS, preliminary discussions and investigations indicate that the Proposal for a Pulaski County Transportation Study has sufficient merit and justification to warrant full participation and cooperation by the Department;

NOW, THEREFORE, IT IS ORDERED, that the Director is hereby authorized to execute, for and in behalf of the Arkansas State Highway Commission, an equitable agreement with the local governmental entities to plan and conduct a Pulaski County Transportation Study at an estimated cost of approximately \$150,000, using unexpended balances from currently allocated Highway Planning Survey Funds; subject to the following conditions:

1. Approval by the Bureau of Public Roads and participation in the cost of the study at the currently applicable ratio of federal funds to state funds for Highway Planning Survey activities
2. Consummation of a properly executed agreement satisfactory to the Department, the Bureau of Public Roads, the administrative officials of the Cities of Little Rock and North Little Rock, and the County Judge of Pulaski County.

3560 In SALINE and PULASKI COUNTIES, on December 9, 1959 bids were received for Job 6692, FAP I-30-2(47)110, and by Minute Order 3532 the Highway Commission awarded the contract to National Advertising Company of Bedford Park, Illinois, subject to concurrence by the Bureau of Public Roads. Official award could not be made within the time limit specified by the contract specifications and more time is required for investigation and study. On January 14, 1960, by

certified mail, each bidder was notified by the Director that all bids were therefore being rejected. Minute Order 3532 is hereby cancelled and the actions of the Director in this matter are ratified in all particulars.

3561 WHEREAS, in BENTON & WASHINGTON COUNTIES, a traffic engineering study and route report have been made for that portion of U.S. Highway 71 from West Fork to the Missouri State Line for the purpose of determining the route and type of future improvements; and

WHEREAS, the report recommends retention and improvement of the existing route from West Fork to Rogers (with a loop route to the west of Fayetteville), and a relocation westward generally along Highway 102 to Bentonville, and thence along Highway 100 to the Missouri State Line, all as shown on the attached sketch; and

WHEREAS, the report and recommendations were presented in a public hearing at Fayetteville to officials and citizens of towns and communities of the affected area, and comments heard have been considered;

NOW, THEREFORE, IT IS ORDERED that the report and recommendations are herewith approved, and the Director is hereby authorized to initiate a program of improvement by stage construction, as need indicates and funds permit, on the following described route: U.S. Highway 71, FAP Route 011-3 from West Fork to the junction with Highway U.S. 62 and S.H. 102 north of Rogers (with a loop route to the west of Fayetteville), and from the junction with U.S. 62 west along Highway 102, FAS Route 401, to the junction with Highway 100, FAP Route 013-1 at Bentonville, thence along Highway 100 to the Missouri State Line.

This action is subject to the following conditions:

1. Official action within 30 days by the Cities of Fayetteville, Springdale, Rogers, and Bentonville for acceptance and approval of the "Northwest Arkansas Highway U.S. 71 Route Study Report" and agreement to enact necessary ordinances for the regulation and control of traffic and protection of required rights-of-way on the proposed improvement when requested by the Department.
2. Approval by the Bureau of Public Roads

IT IS FURTHER ORDERED that request for revision in the routing of U.S. 71 along Highway 100 be held in abeyance until joint action can be taken with the State of Missouri.

3562 In WASHINGTON COUNTY, for a west bypass of Fayetteville by U.S. 71, the Director is authorized to proceed with surveys, plans, right-of-way determination, and estimate of construction costs. As soon as the work provided by this Minute Order is accomplished, the Direc-

tor will report back to the Commission for further action.

This action is subject to program approval by the Bureau of Public Roads.

- 3563 In WASHINGTON COUNTY, on the existing location of HIGHWAY U.S. 71 within the Urban Limits of Springdale, the Director is authorized to proceed with surveys, plans, right-of-way determination, and estimate of construction costs. As soon as the work provided by this Minute Order is accomplished, the Director will report back to the Commission for further action.

This action is subject to program approval by the Bureau of Public Roads.

- 3564 In WASHINGTON COUNTY: WHEREAS, MINUTE ORDER 2131 approved the improvement of Highway 68 in the City of Springdale by state forces at an estimated cost of \$35,500.00; and

WHEREAS, because state force work, in this matter, was curtailed prior to the carrying out of the Minute Order; and

WHEREAS, it has been determined that the work called for in MINUTE ORDER 2131 is of great importance;

NOW THEREFORE BE IT PROVIDED that MINUTE ORDER 2131 is revised to provide that the work be done by contract, as a Federal Aid project.

This action is subject to approval by the Bureau of Public Roads, and the removal of parking by a City Ordinance.

- 3565 In CHICOT COUNTY, from Dermott east to State Highway No. U.S. 65, the official routing of State Highway No. 35-S-9 shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change, Vicinity of Dermott", drawn 1-14-60.

By this action and in conformity with Supreme Court decisions, the section of old Highway 35-S-9 which has been replaced by new construction is hereby declared to be no longer a part of the State Maintained Highway System.

- 3566 In CLARK COUNTY, in the City of Arkadelphia, in accordance with construction project No. 7519 previously authorized by the Commission, on the marked and traveled highway routes, it is ordered that the official designations for State Highway No. 51, sec. 2, shall be along Caddo Street, east from the junction of U.S. 67 at 10th Street, and State Highway No. U.S. 67 shall be north along 6th Street to

Clinton Street, thence west along Clinton Street to 10th Street, thence north along 10th Street, all as shown on attached Sketch Map, which is hereby made a part of this Order and which is identified more specifically "Designation Change in Arkadelphia", drawn 1-13-60.

- 3567 In LITTLE RIVER COUNTY, at Foreman, the official routing of State Highway No. 108-S-1 shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change in Foreman", drawn 1-15-60.

By this action and in conformity with Supreme Court decisions, the section of old Highway 108 along Elm and 1st Streets which has been replaced by new construction is hereby declared to be no longer a part of the State Maintained Highway System.

- 3568 At the BRADLEY and CALHOUN COUNTY line on HIGHWAY 160, Sections 7 and 8, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening and replacing the dilapidated and very dangerous floor system of the truss bridge over Moro Creek, as a Betterment Project, at an estimated cost of \$3,600.00 for materials only.

This work is to be performed by State Forces.

- 3569 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 3, approximately 1/2 mile west of Newark and approximately 1 mile south of Sulphur Rock, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing a concrete deck to replace the existing timber decks on two bridges, 288 feet in total length, as a Betterment Project, at an estimated cost of \$7,400.00 for materials only.

This work is to be done by State Forces.

- 3570 In PIKE COUNTY on HIGHWAY 70, Section 5, at Glenwood, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening and replacing the rotted and dangerous deck and stringers, and other members as needed, of the bridge over Caddo River, as a Betterment Project, at an estimated cost of \$13,200.00 for materials only.

This work is to be done by State Forces.

- 3571 In SHARP COUNTY on HIGHWAY 58-E, Section 3 approximately 2.28 miles northeast of Williford, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing a concrete deck to replace the existing timber deck on one bridge, 60 feet in length, as a Betterment Project, at an estimated cost of \$1,300.00 for materials only.

This work is to be done by State Forces.

3572 In UNION COUNTY on HIGHWAY 82, Section 5, near the West city limits of El Dorado, the Director is authorized to proceed in the most feasible and economical manner with the work of installing a 60" pipe culvert alongside an existing box culvert, as a Betterment Project, to provide additional waterway area thereby relieving the flooding of the highway and adjacent property in time of heavy rains. The estimated cost of this work is \$3,100.00.

3573 In JEFFERSON COUNTY on the grounds of the Arkansas Boys Industrial School at Pine Bluff, the Director is authorized to proceed in the most feasible and economical manner with improvements of streets, indicated on the attached sketch, as follows:

1. Street A - 20 Ft. width, 315 lin. ft.
Street B - 30 Ft. width, 380 lin. ft.
Street C - 14 Ft. width, 1136 lin. ft.
Street E - 20 Ft. width

All to be improved with a base of 4 inch compacted thickness and surfaced with a single bituminous surface treatment.

2. Street D, with widths varying from 12 to 20 feet for 1360 feet, shape roadway and ditches and construct base of 4 inch compacted thickness.

This work is to be done at an estimated cost of \$7,300.00.

3574 WHEREAS, each year it is necessary to place a bituminous seal coat on many miles of asphalt road to preserve the surface and,

WHEREAS, this work is performed during the entire calendar year with approximately one-half the funds allotted from the Bituminous Appropriation for each fiscal year,

Program

IT IS ORDERED, that the Director be authorized to approve the attached Bituminous Program for the 1960 calendar year in the amount of \$956,000.00.

3575 In COLUMBIA COUNTY at the intersection of STATE HIGHWAY 98 and U. S. HIGHWAY 82 east of Waldo, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing, channelizing the intersection, and placing approximately 2,640 feet of overlay on selected sections of U.S. 82, southeast of the intersection, at an estimated cost of \$25,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3576 In PRAIRIE COUNTY on HIGHWAY 70, Section 16 at the White River Bridge,

Whereas, the cost of maintaining the existing deck on the three truss spans is prohibitive, and

Whereas, the work of maintaining the deck presents an inconvenience and a hazard to traffic,

Now Therefore, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the existing deck with an open grid deck, as a construction project, at an estimated cost of \$80,000.

3577 In District 1, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the five following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Crittenden 64	East end of Job 11555, near Lansing, to Jct. S.H. 147 near Vincent 7.00 Miles	Grading, minor drainage structures, base and surface; and two bridges totaling approx. 75 lin. feet, alignment to be partially on a new location	508,100.00
2	Cross 1	Jct. US 64 north of Wynne to Vanndale 5.49 Miles	Grading, minor drainage structures, widening base & surface, and five bridges with a total of approx. 475 lin. feet	412,800.00
3	Lee 1	Jct. US 79 at Marianna north to Jct. S.H. 121 near Felton 2.75 Miles	Grading, minor drainage structures, strengthening base & surface	137,000.00
4	Cross 64	L'Anguille River Bridge east to Jct. S.H. 1 north of Wynne 6.24 Miles	Grading, minor drainage structures, widening & strengthening base and surface	356,300.00
5	St. Francis 1 & 70	Forrest City Resurface 5.44 Miles	Resurfacing & widening and reconstruction on selected sections	163,200.00

3578 In District 1, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the six following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights of way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
----------	------------------	--------------------------	---------------------	----------------

1	St. Francis 149	Jct. S.H. 50 north, to south end of Job #11642 at Heth 3.50 Miles	Grading, minor drainage structures, base, and double bituminous surface treatments	122,500.00
2	St. Francis 50	Jct. S.H. 149 at Greasy Corner, to Jct. U.S. 79 at Chatfield 2.50 Miles	Grading, Minor drainage structures, base, double bituminous surface treat- ment, and two bridges with a total of approx. 400 lin. feet	197,500.00
3	Woodruff 145	Jackson Co. Line-Jct. S.H. 37 5.32 Miles	Grading, minor drainage structures, base, double bituminous surface treatment, and four bridges with a total of 133 lin. feet	224,000.00
4	Cross 42	One Mile east of Birdeye to Jct. S.H. 75 at Coldwater 5.70 Miles	Grading, minor drainage structures, base, double bituminous surface treatment, and two bridges with a total of approx. 153 lin. feet	230,000.00
5	Lee 121	Jct. S.H. 1 east to terminus of Route at LaGrange bituminous surface 2.01 Miles	Grading, minor drainage structures, base, and double treatment	75,000.00
6	Woodruff Bayou 269	Review Br.	Construct a new bridge of approx. 175 lin. feet	48,100.00

3579 In District 2, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the four following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Jefferson 270	From Jct. US 65 west to Grant County Line 9.06 Miles	Grading, minor drainage structures, widening & strengthening base and surface & single bituminous surface treatment on shoulders	395,000.00
2	Arkansas 1	Beginning at end of Job 2492 near Gillett north for 5.34 miles 5.34 Miles	Grading, minor drainage structures, base & surface, & 1 new bridge of approx. 40 lin. feet, alignment to be partially on a new location	351,400.00
3	Desha	From south end of Job 2566 at Dumas, south to	Grading, minor drainage Structures, widening &	

	65	Drew County Line	strengthening base & surface. Remodel & widen existing bridge of 227 lin. feet	388,100.00
4	Ashley	From Jct. US 82 at Hamburg north to Drew County Line	Grading, minor drainage structures, widening & strengthening base and surface. Replace 5 timber structures with approx. 400 lin. feet of bridges	
	81	12.18 Miles		990,400.00

3580 In District 2, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the eight following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Jefferson	From Lonoke County Line south to Tucker	Resurface	
	15	3.86 Miles		57,900.00
2	Ashley	From south end of Job 2584 southeast to Jct. S.H. 165 at Parkdale	Grading, minor drainage structures, base, double bituminous surface treatment, and construct 1 new bridge with approx. 460 lin. ft. at Log Sta. 18.75	407,600.00
	8	9.05 Miles		

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
3	Arkansas	From Jct. S.H. 146 north to Prairie County Line	Grading, minor drainage structures, base, double bituminous surface treatment, & construct 1 new bridge of approx. 31 lin. ft.	135,900.00
	33	3.73 Miles		
4	Cleveland	From Jct. S.H. 15 at Pansy northwest to end of existing asphalt surface	Grading, minor drainage structures, base, double bituminous surface treatment, & 6 new bridges with approx. 325 lin. ft.	424,000.00
	35	9.91 Miles		
5	Arkansas	From a beginning 4.6 mi. southeast of Jct. US 79 and extending on south-west to Log Sta. 6.80	Replace existing bridge over Bayou Meto at Log Sta. 5.40 with approx. 300 lin. ft. bridge on a new location	
	152	2.20 Miles	Construction to include 2.2 miles of grading, minor drainage structures and travel service	

6	Lincoln	From Garrett Bridge southwest (bridges)	Replace seven existing timber structures with approx. 438 lin. ft. of new bridges & approaches	119,000.00
	54	1.00 Mile		145,000.00
7	Jefferson	From Jct. US 65 north to terminus of route at the International Paper Mill	Widen & strengthen base & resurface with asphaltic hot mix to 22 feet. Present surface is inadequate because of abnormal use by heavy trucks	60,000.00
	81	1.89 Miles		
8	Desha	Canal 43 Bridge	Replace bridge with immediate approaches	85,000.00
	138	182 ft. length		

3581 In District 3, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the four following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Lafayette	From east City Limits of Lewisville to west City Limits of Stamps	Grading, minor drainage structures, widen and strengthen base & surface. Widen existing 363-foot bridge	263,300.00
	82	3.48 Miles		
2	Miller	From north City Limits of Texarkana (Log Sta. 2.24) north to Texas State Line (Log Sta. 4.47)	Construct four-lane pavement to adequate standards for interchange connections with proposed Interstate Rt. I-30 (Texas to pay half of the cost)	334,500.00
	71	2.23 Miles		
3	Pike	From Jct. S.H. 84 at Kirby to west City Limits of Glenwood	Grading, minor drainage structures, widen & strengthen base & surface. Widen 3 existing bridges, total length approx. 160 lin. ft. Partial relocation of selected sections	667,500.00
	70	8.58 Miles		
4	Little River	From north terminus of Job 3492 at Ashdown north to south City Limits of Wilton	Grading, minor drainage structures, widen and strengthen base & surface and widen 1 existing 22-lin. foot bridge	262,500.00
	71	4.02 Miles		

3582 In District 3, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction

outlined on the seven following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department, and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Lafayette 160	From Red River opposite Spring Bank east to west end of Job 3472 5.72 Miles	Grading, minor drainage structures, base and double bituminous surface treatment. Construct 1 bridge of approx. 32 lin. ft.	176,400.00
2	Pike 29	From 1 mile southwest of Antoine south to Jct. of S.H. 19 3.20 Miles	Grading, minor drainage structures, base and double bituminous surface treatment, & 1 new bridge approx. 180 lin. feet	148,000.00
3	Clark & Little Mo. River Bridge Nevada and approaches 53	Construct 1 bridge of approx. 500 lin. ft. on new location. Roadway approaches to consist of grading, minor drainage structures, base & double bituminous surface treatment to a width of 22 ft. 1.00 Miles		154,000.00
4	Hempstead 29	From Lafayette Co. Line north to Jct. US 67 in Hope 13.97 Miles	Grading, minor drainage structures, widen and strengthen base and surface	369,500.00
5	Howard Saline River Bridge & approaches 27	Construct two new bridges with a total of approx. 283 lin. ft on new location, widen existing bankment, construct base & surface from Little River Co. Line for approx. 1.22 miles east 1.22 Miles		105,400.00
6	Howard 27	From north City Limits of Mineral Springs to south City Limits of Nashville 5.60 Miles	Grading, minor drainage structures, widen and strengthen base & surface, and widen 4 existing bridges with an approx. total length of 490 lin. feet	242,100.00
7	Sevier 24	From Jct. S.H. 41 east to Jct. US 71 in Lockesburg, 3 new	Construct 3 new bridges totaling approx. 350 lin. feet, with approaches	

bridges at Log. Stations
7.15, 8.05, & 8.50

100,000.00

3583 In District 4, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the four following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Logan 22	From Jct. S.H. 109 in Paris east to Jct. S.H. 109 in Midway 11.34 Miles	Grading, minor drainage structures, widen and strengthen base & surface. To include 3700 feet of curb & gutter section in Paris.	900,000.00
2	Franklin 64	From east end of Job 4451 east through Ozark to west end of Job 1291 near Altus 5.25 Miles	Grading, minor drainage structures, widen and strengthen base & surface & widen 3 bridges totaling 296 lin. feet	372,000.00
3	Crawford 64	From east end of Job 4367 east through Mulberry to west end of Job 4451 11.00 Miles	Grading, minor drainage structures, widen and strengthen base & surface, widen 3 bridges totaling 1,046 lin. feet, construct 1 new bridge approx. 346 lin. feet	915,000.00
4	Montgomery 270	Bridges between Scott County Line and Mt. Ida	Widen 8 existing bridges totaling 468 lin. ft. at Log Sta. 1.30, 2.43, 3.38, 4.28, 7.77, 8.89, 17.02 & 17.50. Construct 1 new bridge over Ouachita River, approx. 550 lin. feet & approaches on a new location.	215,900.00

3584 In District 4, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the three following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department, and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Crawford	From Jct. S.H. 59 approx. 8 miles north of Van	Grading, minor drainage structures, base and	

220	Buren north and west to double the Oklahoma State Line	7.90 Miles	bituminous surface treatment. Construct 2 new bridges totaling approx. 232 lin. feet at Log Stations 3.96 & 4.07	334,500.00
2	Scott From the west boundary of the Ouachita National Forest east through the Forest to the Yell Co. Line	17.54 Miles	Grading, minor drainage structures, base and surface. Construct 10 new bridges totaling approx. 470 lin. feet	777,500.00
3	Polk From Jct. US 71 in Wickes east to Howard County Line	4.89 Miles	Grading, minor drainage structures, base & double bituminous surface treatment	161,900.00

3585 In District 5, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the four following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Baxter 62	From east City Limits of Cotter east to Jct. S.H. 5 south in Mt. Home 9.77 Miles	Grading, minor drainage structures, widen and strengthen base & surface, & widen 1 bridge approximately 33 lin. feet	386,800.00
2	White 67	Beginning 0.7 of a mile east of McRae (end of Job 1272) northeast to west end of Job 5312 5.66 Miles	Grading, minor drainage structures, widen and strengthen base and surface	101,900.00
Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
3	Independence 11	From 2.6 miles south of Jct. S.H. 14 north to White River Relief Bridge 6.34 Miles	Grading, minor drainage structures, widen and strengthen base & surface, 1 climbing lane 0.7 of a mile 3 bridges widened which have a total approximate length of 185 lin. ft.	435,000.00
4	White 64	From Jct. US 67 in Bald Knob east to Woodruff County Line 9.20 Miles	Grading, minor drainage structures, widen and strengthen base & surface, and widen 14 existing brs. which total approx. 3,488 lin. feet. (RR overpass to be	

retained)

1,350,000.00

3586 In District 5, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the seven following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Independence & Jackson 14	From Jct. US 67 west to Grading, minor drainage 2 miles west of Oil Trough 11.30 Miles	structures, base and asphaltic concrete hot mix surface, partially on new location	500,000.00
2	Independence 25	From east terminus of Job 5475 near Charlotte east to Lawrence County Line 13.49 Miles	Grading, minor drainage structures, base and double bituminous surface treatment, partially on new location. Construct 3 new bridges totaling approx. 80 lin. ft. at Log Stations 16.97, 18.99 and 24.85	450,000.00
3	Sharp	From Jct. S.H. 58 (Log Sta. 9.04) east to Lawrence County Line 9.00 Miles	Grading, minor drainage structures, base and double bituminous surface treatment. Construct 3 new bridges totaling approx. 321 lin. ft.	380,000.00
4	Baxter 201	From Jct. S.H. 5 in Mt. Home north to Missouri State Line 12.70 Miles	Grading, minor drainage structures, base and double bituminous surface treatment	405,000.00
5	Fulton 9	From East Terminus of Job 5370-east to the Jct. of US 63 in Mammoth Spring 3.17 Miles	Grading, minor drainage structures, widen and strengthen base and surface on partial new location	262,300.00
6	Fulton 9	Bridge over Town Creek in Salem 95 ft. long	Widen and/or replace	30,000.00
7	Fulton 11	Viola to Missouri State Line 8.08 Miles	Grading, drainage structures, base and double bituminous surfacing	300,000.00

3587 In District 6, the Director is hereby authorized, as funds are

available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the four following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Garland	From the Hot Springs Co. Line north to concrete curb & gutter section near south City Limits of Hot Springs 8.89 Miles	Grading, minor drainage structures, widen and strengthen base & surface. Widen 4 existing bridges which total approx. 1,577 lin. feet	845,400.00
2	Hot Spring	From Jct. S.H. 51 near Jones Mill east & south to Jct. S.H. 51 near Malvern 7.68 Miles	Grading, minor drainage structures, widen and strengthen base & surface. Widen 2 existing bridges which total approx. 190 lin. ft.	491,500.00
3	Hot Spring	From Jct. S.H. 84 in Bis-marck north & east to Garland County Line 9.03 Miles	Grading, minor drainage structures, widen and strengthen base & surface. Widen 7 existing bridges which total approx. 406 lin. feet	789,900.00
4	Garland	From Jct. US 70 in Hot Springs southeast to the west terminus of Job 6578 2.08 Miles	Grading, minor drainage structures, widen and strengthen base & surface. Widen 1 existing bridge which totals approx. 87 lin. feet	128,800.00

3588 In District 6, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the three following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Pulaski	From end of Job 6535 in Wrightsville south to Grant Co. Line (except sec. between Log Sta. 17.04 to Log Sta. 17.31) totaling approx. 120 lin 7.95 Miles	Grading, minor drainage structures, widen and strengthen base & surface. Construct 1 new bridge	439,500.00
2	Pulaski & Lonoke	From Jct. US 67 in Cabot west to Jct. S.H. 5	Grading, minor drainage structures, base and double bituminous surface treatment	

3	89	8.05 Miles		201,300.00
	Lonoke	From Jct. US 70 in Lonoke	Grading, minor drainage	
		north to Log Sta. 7.59	structures, widen and	
	31		strengthen base & surface.	
		7.59 Miles	Construct 4 new bridges	
			totaling approx. 270 lin.	
			feet	243,600.00

3589 In District 7, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the five following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Union 82	From the west terminus of Job #7550 at Hillsboro west to east end of Job #7468 southeast of El Dorado 5.00 Miles	Grading, minor drainage structures, widen and strengthen base and surface	325,000.00
2	Columbia 82	From Jct. S.H. 98 near Waldo southeast to north end of Job #7503 in Magnolia 5.01 Miles	Grading, minor drainage structures, widen. and strengthen base and surface	185,600.00
3	Ouachita 79	From Jct. S.H. 4-northeast to Jct. S.H. 9 at Eagle Mills 6.63 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen three bridges with a total of approximately 614 lin. ft.	692,700.00
4	Calhoun 79	From Jct. U.S. 167 in Thornton southwest to the Ouachita County Line 6.11 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen one bridge of approximately 161 lin. ft.	401,200.00
5	Union 167	From Junction City (Log Sta. 0.81) north to Catesville (Log Sta. 6.40) 5.59 Miles	Grading, minor drainage structures, widen base and surface, and widen five existing bridges, with a total of approximately 536 lin. ft.	359,900.00

3590 In District 7, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the six following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and

(b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Clark 51	From the Jct. S.H. 26, northeast to the Jct. US 67 at Arkadelphia 7.13 Miles	Grading, minor drainage structures, widen and strengthen base and surface	304,800.00
2	Dallas From 7	Ouachita County Line northeast to Jct. S.H. 128 in Pine Grove 7.51 Miles	Grading, minor drainage structures, base, and double bituminous surface treatment on partially new location	225,300.00
3	Ouachita 57	From the Jct. S.H. 4, south to the Jct. US 79 in Stephens 10.44 Miles	Grading, minor drainage structures, base and double bituminous surface treatment, and one new bridge totaling approximately 21 lin. ft.	352,700.00
4	Calhoun 205	From Jct. S.H. 8 east of Fordyce south to the end of highway at Log Sta. 1.80 1.80 Miles	Grading, minor drainage structures, base and double bituminous surface treatment and construct one new bridge of approximately 25 lin. ft.	69,700.00
5	Union From 15	From approximately one-and-a-half miles east of Old Union, east to the new crossing of Ouachita River near Moro 12.43 Miles	Grading, minor drainage structures, and traffic service gravel, alignment partially on new location	186,500.00
6	Clark 84	From the Jct. S.H. 8 in Amity, northeast to the Hot Spring Co. Line 10.05 Miles	Grading, minor drainage structures, base and double bituminous surface treatment, and two new bridges totaling approximately 285 lin. ft.	399,000.00

3591 In District 8, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the three following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Johnson 64	From east terminus of Job 8407 southeast to the Pope County Line 2.60 Miles	Grading, minor drainage structures, widen and strengthen base & surface, and one new bridge totaling approximately	

			314 lin. feet	252,200.00
2	Van Buren	From Jct. S.H. 110 at Botkinburg north to the Searcy County Line	Grading, minor drainage structures, widen and strengthen base & surface on partial new location. One new bridge totaling approx.	
	65	7.77 Miles		
			184 lin. feet	456,700.00
3	Van Buren	From Jct. S.H. 95 in Clinton south to Jct. S.H. 124	Widen and remodel four existing bridges, totaling approx. 741 lin. ft.	185,300.00
	65			

3592 In District 8, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the six following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Conway	From Pope County Line southeast to Jct. S.H. 95	Grading, minor drainage structures, base and double bituminous surface treatment, and construct 1 bridge approx. 60 lin. ft. in length	331,800.00
	124	10.51 Miles		
2	Pope	From Jct. S.H. 105, east to Conway County Line	Grading, minor drainage structures, base and double bituminous surface treatment, and 2 new bridges totaling approx. 303 lin. ft.	340,600.00
	124	7.35 Miles		
Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
3	Yell	From Scott Co. Line east to west terminus of Job 8474 at Macedonia	Grading, minor drainage structures, base and double bituminous surface treatment	586,400.00
	80	14.66 Miles		
4	Conway	From Jct. S.H. 95 west to Hattieville	Grading, minor drainage structures, base and double bituminous surface treatment, and 3 new bridges totaling approx. 132 lin. ft.	149,400.00
	213	3.60 Miles		
5	Faulkner	Muddy Bayou and Muddy Bayou Relief Bridges	Replace existing bridges with im-	
	36	140 lin. ft.	mediate approaches	55,000.00
6	Faulkner & White	End of pavement at Mt. Vernon to beginning of pavement at Rosebud	Grading, minor drainage structures, base and double bituminous surface treatment and a 150 ft. bridge over Cadron Creek	245,000.00
	36	7.25 Miles		

3593 In District 9, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of rights-of-way, and construction outlined on the five following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Searcy 65	From two miles north of Leslie, to Jct. S.H. 27 in Marshall 7.20 Miles	Grading, minor drainage structures, base and asphaltic concrete hot mix surface, and one new bridge totaling 84 lin. ft., on new location	615,000.00
2	Washington 71	From Winslow (end of Job #1291), north to the Jct. 170 at West Fork 12.00 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen nine existing bridges totaling approximately 657 lin. ft.	1,040,000.00
Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
3	Benton 62	From north end of curb and gutter section in Rogers (Log Sta. 0.69) northeast to Jct. S.H. 72 at Garfield 10.60 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen one existing bridge approximately 140 lin. ft. in length	725,000.00
4	Benton 62 and 47	From Jct. S.H. 72 at Garfield, northeast to Jct. S.H. 47 in Gateway AND Jct. U.S. 62 in Gateway north to Mo. State Line 6.80 Miles	Grading, minor drainage structures, widen and strengthen base and surface. Remodel SL-SW railroad underpass at Log Sta. 17.23, and widen one existing bridge of approximately 22 lin. ft.	475,000.00
5	Boone and Newton 65	From the east city limits of Harrison, southeast to the Jct. S.H. 123 at south city limits of Western Grove in Newton County 11 20 Miles	Grading, minor drainage structures, widen and the strengthen base and surface, and widen six existing bridges totaling approximately 457 lin. ft.	930,000.00

3594 In District 9, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the eleven following described Secondary System program

items. This action is subject (a) to the furnishing of all necessary rights-of-way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Madison 127	Alabam From Jct. S.H. 23 at Forum, southeast to double bituminous surface 3.41 Miles	Grading, minor drainage structures, base and treatment	114,600.00
2	Washington 16	Illinois River Bridge at Log Sta. 3.94 east of Benton County Line 0.70 Miles	Construct one new bridge of approx. 450 lin. ft. and roadway approaches to consist of grading, minor drainage structures, base, & double bituminous surface treatment	175,000.00
3	Benton 59	Illinois River Bridge at Log Sta. 5.98 north of Washington County Line 1.00 Mile	Construct 1 new bridge of approx. 950 lin. ft. & roadway approaches to consist of grading, minor drainage structures, base, & double bituminous surface treatment	355,000.00
4	Benton 94	Jct. S.H. 72 near Pea Ridge, northwest to the Missouri State Line 6.60 Miles	Grading, minor drainage structures, base and double bituminous surface treatment	279,800.00
5	Marion 125	From Jct. S.H. 14, north to Bull Shoals Lake at tip of peninsula 12.70 Miles	Grading, minor drainage structures, base and double bituminous surface treatment	380,000.00
6	Madison 74	From Jct. S.H. 68 in Huntsville, southwest to east end of Job 9414 near Wesley 13.40 Miles	Grading, minor drainage structures, base and double bituminous surface treatment, and 3 new bridges totaling approx. 83 lin. ft.	480,000.00
7	Marion 268	From Jct. S.H. 14, east into Buffalo River State Park 3.50 Miles	Grading, minor drainage structures, base and double bituminous surface treatment	126,000.00
8	Newton 21	From Boxley - South 2.5 Miles	Grading, drainage, bridges, base and double bituminous surface treatment	180,000.00
9	Newton	From north City Limits	Grading, drainage,	

	43	of Ponca south to Jct. Hwy. 21 at Boxley 5.2 Miles	bridges, base and double bituminous surface treatment	195,000.00 Estimated
<u>Item No.</u>	<u>County and Route</u>	<u>Termini & Roadway Length</u>	<u>Description of Work</u>	<u>Cost</u>
10	Searcy	Big Creek Bridge and approaches at Log Sta.. 10.94 1.00 Mile	Construct 1 new bridge of approx. 330 lin. ft. and approaches to consist of grading, minor drainage structures, and stone base	145,000.00
11	Madison	Pettigrew-Red Star 16 9.2 Miles	Grading, drainage structures, base and double bituminous surfacing	360,000.00

3595 In District 10, the Director is hereby authorized, as funds are available, to proceed with preparation of plans, requisition of rights-of-way, and construction outlined on the five following described Primary System program items. This action is subject to approval of the individual projects by the Bureau of Public Roads.

<u>Item No.</u>	<u>County and Route</u>	<u>Termini & Roadway Length</u>	<u>Description of Work</u>	<u>Estimated Cost</u>
1	Craighead	From the southeast terminus of Job #10598 southeast to Jct. S.H. 91 8.83 Miles	Grading, minor drainage structures, widen and strengthen base and surface	504,200.00
2	Randolph	From the Lawrence Co. Line, north to Jct. US 62 in Pocahontas 67 7.82 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen three existing bridges totaling approximately 1,656 lin. ft.	566,600.00
3	Lawrence	From Jct. S.H. 25W in Walnut Ridge, north to the Randolph Co. Line 67 5.65 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen three existing bridges totaling approx. 295 lin. ft.	412,600.00

<u>Item No.</u>	<u>County and Route</u>	<u>Termini & Roadway Length</u>	<u>Description of Work</u>	<u>Estimated Cost</u>
4	Craighead	From Log Sta. 9.69 north of Bay, south to the Poinsett Co. Line 63 3.68 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and widen two existing bridges totaling approximately 306 lin. ft.	277,500.00

5	Greene	From Jct. S.H. 1 in Paragould, east for 6.98 miles to west terminus, Job #10316 6.98 Miles	Grading, minor drainage structures, widen and strengthen base and surface, and construct five new bridges totaling approximately 410 lin. ft.	427,700.00
---	--------	---	---	------------

3596 In District 10, the Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction outlined on the eight following described Secondary System program items. This action is subject (a) to the furnishing of all necessary rights of way, clear of obstructions, free of cost to the Department and (b) to approval of the individual projects by the Bureau of Public Roads.

Item No.	County and Route	Termini & Roadway Length	Description of Work	Estimated Cost
1	Craighead	From Lunsford, west to Jct. U.S. 63 in Bay 158 5.56 Miles	Grading, minor drainage structures, base & double bituminous surface treatment. Construct one new bridge of approx. 71 lin. feet, & widen one existing bridge of approx 39 line feet	189,400.00
2	Clay	From Jct. U.S. 67, north to Success 211 3.51 Miles	Grading, minor drainage structures, base & double bituminous surface treatment, & one new bridge of approx. 41 lin. ft.	144,300.00
3	Mississippi	Joiner East to Pecan Point 118 7.85 Miles	Grading, drainage structures base & double bituminous surface treatment	275,000.00
4	Clay	Bridges from Mo. State Line (St. Francis River) west to Jct. S.H. 1 in Holly Corner 90	Construct three new bridges totaling approx. 210 lin. feet	71,400.00

- 3597 Cleburne County, Job No. 5483, Corps of Engineers Contract No. DA-03-050-CIVENG-59-291. The contract for the construction of approximately 2479 feet of Superstructures on Two Combination Str. Steel I-Beam Span, Cantilever Thru Truss Span & Suspended Thru Truss Span Bridges with R.C. Decks on the Hwy. 92-Edgemont portion of the Greer's Ferry Reservoir Highway Relocations, State Highway 16, Section 11, is awarded to U. S. Steel Corporation of Memphis, Tennessee on their low bid of \$1,207,626.09, subject to the concurrence of the Corps of Engineers.
- 3598 Greene & Lawrence Counties, Job No. 10598, FAP F-033-1(5). The contract for the construction of approximately 0.681 mi. (Incl. 402.76' of Br. Remod.) of Gr., Mr. Dr. Strs., Crshd. Stone Base, ACHM Base & Surf. Crses. & Remodeling & Widening One R.C.D.G. Bridge (105.2') & One R.C.D.G. & Steel Truss Bridge (297.56') on the Jonesboro-Hoxie Road, U. S. Highway 63, Sections 4 & 5, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$142,029.91, subject to the concurrence of the Bureau of Public Roads.
- 3599 Craighead County, Job No 10650, FAP F-033-1(7). The contract for the construction of Grading & Crushed Stone Shoulders on Approaches & Widening & Remodeling Five R.C. Deck Girder Span Bridges (490 lin. ft.) on the Hoxie-Jonesboro Road, U. S. Highway 63, Section 6, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$59,713.30, subject to the concurrence of the Bureau of Public Roads.
- 3600 Randolph County, Job No. 10653, FAP F-021-5(5). The contract for the construction of Surface Widening on approaches and Remodeling & Widening of an existing R.C. Deck Girder & Structural Steel Thru-Truss Span Bridge (753.80 lin. ft.) to a 28' Clear Bridge Rdwy. width on the Pocahontas-Corning Road, U. S. Highway 67, Section 21, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$190,085.10, subject to the concurrence of the Bureau of Public Roads.
- 3601 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, January 27, 1960.

I hereby certify that the foregoing is true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-fifth Meeting in Little Rock, Arkansas on January 27, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 2, 1960

The following is the record of the proceedings of the Eighty-sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on March 2, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Glenn F. Wallace	Member

3602 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 2, 1960.

3603 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3597 through 3600 at the regular meeting of the Commission on January 27, 1960:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
5483	Corps of Engrs.	16	Cleburne	1,328,380.	None	1,328,380.
10598	F-033-1(5)	63	Greene & Lawrence	156,210.	4,500.	160,710.
10650	F-033-1(7)	63	Craighead	65,680.	None	65,680.
10653	F-021-5(5)	67	Randolph	<u>209,080.</u>	<u>None</u>	<u>209,080.</u>
GRAND TOTAL				1,759,350.	4,500.	1,763,850.

3604 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or Decrease in Project Cost</u>

10632	F-035-1(5)	1	Blytheville-Mo.	Ben M. Hogan & Company		
			State Line		128.00	-254.80

3605 WHEREAS, in the past payments to Contractors for stored materials not yet incorporated into the work have been limited to steel products, and

WHEREAS, a committee from the Associated General Contractors has requested that this policy be broadened to include other materials, and

WHEREAS, the Commission, after due consideration, deems a

broadening of this policy to be in the public interest,

NOW, THEREFORE, the Director is hereby authorized to make payments to Contractors for materials not yet incorporated in the work when stored or stockpiled in an acceptable manner at or near the site of the work subject to such regulations and safeguards as the Director may promulgate. The minimum payment for materials as provided herein shall be not less than \$10,000 and only with agreement of Surety.

3606 The Director is hereby authorized to establish a General Services Division to better coordinate the services and housekeeping functions of the Highway Department effective March 2, 1960. These services shall include but not be limited to personnel, procurement, data processing, reproduction, buildings and grounds, records and supplies.

 The Director is authorized to transfer the Internal Audit functions to the office of the Administrative Assistant effective March 2, 1960.

3607 WHEREAS, the Purchasing Committee has awarded purchases on February 1, 8, 15, 22 and 29, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3608 WHEREAS, Minute Order 2584, approved on February 26, 1958, authorized the purchase of two acres of land on Highway 79 near Buena Vista in Ouachita County, at a cost of \$200.00, for a storage yard, and,

 WHEREAS, subsequent to this authorization the owner withdrew his offer to sell the land,

 IT IS ORDERED that the provisions of Minute Order 2534 be cancelled.

3609 In Saline County, on Interstate Highway 30 and on State Highway 5, the Director is hereby authorized to sell property that is surplus to the needs of right of way as follows:

 On Interstate Highway 30 the residual of the property known as the "Daisy James Property" (see description attached) at the highest bid offered but not less than \$5000.

On State Highway 5 the residual of the property known as the "Junie Fowler Property" (see description attached) and including the improvements thereon at the highest bid offered but not less than \$1500.

The sale to comply with prescribed legal procedures.

3610 The Director is authorized to make application to the American Association of State Highway Officials for the extension of State Highway No. US 167, from its present terminus in Little Rock, to a new terminus at the junction of State Highways Nos. US 62 and 63 at Hardy, via US 67 from Little Rock to Bald Knob, thence along State Highway No. 11 from Bald knob to junction with US 62 near Ash Flat, thence along US 62 to junction of US 63 at Hardy.

3611 WHEREAS, the State Highway Department of Missouri has indicated by letter of January 28, 1959, that they are now ready to request a rerouting of Highway No. US 71 in Missouri to connect with Arkansas Highway No. 100;

NOW, THEREFORE, the Director, in accordance with Minute Order 3561, is authorized to make application to the American Association of State Highway Officials for changing the designation of State Highway No. US 71 in Benton County, from the present route between Bentonville and the Missouri State Line via Gravette and Sulphur Springs, to follow the route of State Highway No. 100 from Bentonville to the Missouri State Line via Bella Vista.

3612 In Mississippi County on State Highway No. 239, Section 1, the route established by Minute Order No. 2207 of July 10, 1957, is hereby redescribed to read as follows: "From State Highway No. 18 in the eastern edge of Blytheville, south approximately 3 miles, thence east approximately one-half mile, thence south to the junction with State Highway No. 148" as shown on the attached sketch, which is hereby made a part of this Order and which is identified "Designation Change State Highway 239, Sec. 1", drawn 2-23-60. All other provisions of Minute Order No. 2207 are to remain unchanged.

This action subject to system approval by the Bureau of Public Roads.

3613 WHEREAS, in the business district of El Dorado the City has devised and put into operation a traffic plan of parallel one-way streets which utilizes a portion of the official route of State Highway No. 15, Section 2, for a westbound movement only, beginning at Jackson Street and extending westward along Main Street to North West Street (junction present US No. 167), a distance of five blocks; and,

WHEREAS, designation of this highway route for westbound

traffic only precludes its use for eastbound traffic for the five-block section; and,

WHEREAS, the City has designated a similar five-block section of Cedar Street which parallels Main Street one block to the south as a one-way street for eastbound traffic only; and,

WHEREAS, an investigation by the Department reveals that the traffic plan has considerable merit and when properly marked and signed will operate to the overall advantage of the City of El Dorado and to the traffic traveling that portion of the State Highway No. 15; and,

WHEREAS, the City of El Dorado, by letter dated February 19, 1960, has agreed to continue maintenance of the section of Cedar Street used for the one-way movement;

NOW, THEREFORE, the Director is hereby authorized to proceed with the erection of proper signs and other traffic control devices, not to include traffic signals, to provide for adequately-marked routes for both east and westbound movements of State Highway No. 15, as follows (and as shown on attached sketch):

1. Main Street, present State Highway 15, to be marked for a westbound movement only for State Highway No. 15 traffic from North Jackson Street to North West Street, a distance of five blocks.
2. Cedar Street, not on the State Highway System, to be marked for an eastbound movement only for State Highway No. 15 traffic from North West Street eastward to Jackson Street; Cedar Street from Jackson Street east for one block and thence northward one block to Main Street, both blocks to be continued as two-way streets, to be marked for the eastbound movement for State Highway No. 15 traffic.

The above actions are subject to the following conditions:

1. That this action to mark the section of Cedar Street and the one block connecting Cedar and Main Streets shall in no way obligate the Highway Department, now or in the future, to assume any responsibility for the maintenance or upkeep of the street.
2. That the City of El Dorado pass an Ordinance prohibiting and/or regulating parking as the Highway Department deems necessary for efficient utility of the revised traffic plan.

3614 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Hamburg, in Ashley County, and,

WHEREAS, Ashley county has offered to procure a tract of 2.26 acres, located adjacent to and north of US Highway 82 - 2.13 miles east of State Highway 81 - that is suitable for this purpose, at a cost of \$100.00 per acre, one-half to be paid by Ashley County and one-half by the Highway Department,

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, with an allotment of \$19,500.00, including the State's part of the cost of the land.

3615 WHEREAS, the District Six Headquarters is very inadequate and inaccessible, due to the location in the City of North Little Rock, and,

WHEREAS, the area is too small for the District Six Shop and the Central Sign Shop, and,

WHEREAS, we have option to purchase 13.87 acres of ground, located just west of the Mablevale Interchange on Interstate Highway 30, southwest of Little Rock, which is suitable for a District Headquarters, with available space for future expansion,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the purchase of this land at an estimated cost of \$30,000.00, with the funds to be allotted from the State Jobs and Betterments appropriation, as contained in Minute Order 3209.

3616 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Lincoln, in Washington County, and,

WHEREAS, the Lincoln Kiwanis Club has offered to secure a site on US Highway 62, in Lincoln, consisting of 2.07 acres, at no cost to the State, which is suitable for this purpose,

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of title and to provide fencing and appurtenances for an Area Headquarters, as a B-Project, at a cost not to exceed \$5,000.00, with funds for the building to be provided after July 1, 1960.

3617 In ARKANSAS COUNTY, within Arkansas Post State Park, the Director is authorized to proceed in the most feasible and economical manner with grading, base, and bituminous surfacing of approximately one mile of drives at an estimated cost of \$25,000.00 as a Betterment Project. Drives and areas used primarily for parking are excluded from the provisions of this minute order.

3618 In CLEBURNE COUNTY on HIGHWAY 16, Section 11, from the junction of State Highway 25 in Heber Springs to a point 0.6 mile west, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt

surface, as a Betterment Project, at an estimated cost of \$5,100.00 for materials in place.

3619 In CLEBURNE COUNTY on HIGHWAY 16, Section 12, from State Highway 25 in Heber Springs to a point 0.75 mile south, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt surface, as a Betterment Project, at an estimated cost not to exceed \$6,400.00 for materials in place.

3620 In CLEBURNE COUNTY on HIGHWAY 25, Section 3, from State Highway 16 in Heber Springs to a point 0.6 mile north of the junction of State Highway 25 and State Highway 110, a distance of 0.94 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt surface, as a Betterment Project, at an estimated cost not to exceed \$8,400.00 for materials in place.

3621 In LINCOLN COUNTY on HIGHWAY PI-1, beginning at the entrance to the State Penitentiary and extending north a distance of approximately 1.8 miles, the Director is authorized to proceed in the most feasible and economical manner with minor grading, base, and surfacing at an estimated cost of \$25,000.00.

3622 In PULASKI COUNTY on the grounds of the Governor's Mansion, the Director is authorized to proceed with the addition of base and an asphaltic surfacing to the back drives at an estimated cost of \$1,100.00.

3623 In SEBASTIAN COUNTY on HIGHWAY 22, Section 1-T, beginning at the concrete pavement opposite the Athletic Mining Smelter and extending east a distance of 3.74 miles to the west entrance to Fort Chaffee, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing one mile of selected sections of the existing concrete pavement as a Betterment Project at an estimated cost of \$9,000.00 for materials only.

This work is to be performed by State Forces.

3624 In GARLAND and SALINE COUNTIES on HIGHWAY US 70 from the end of the concrete pavement west of Benton to the end of Job 6617, a distance of approximately 19.6 miles, the Director is authorized to proceed with the placing of the final surface course on the existing pavement at an estimated cost of \$325,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3625 In LONOKE COUNTY on Highway US 70:

WHEREAS, in the City of Lonoke, beginning near Jefferson Street and extending westward approximately 3100 feet, there exists a dangerous traffic hazard and an unsatisfactory drainage condition; and

WHEREAS, the citizens of Lonoke have expressed a desire for a cooperative project wherein the City of Lonoke will participate in the correction of these conditions; and

WHEREAS, such a project has been found to have much merit;

NOW THEREFORE, the Director is authorized to proceed with necessary work to correct the conditions including widening and strengthening existing pavement at an estimated cost of \$60,000.00.

This action is subject to the following conditions:
Program approval by the Bureau of Public Roads.

Enforcement of 'no parking' from the beginning of the project on the west to College Street.

Enforcement of parallel parking from College Street to the end of the project.

Cash contribution by the City of Lonoke in the amount of \$5,000.00 as their share for curb, gutters, and storm sewers.

Official acceptance by the Mayor of Lonoke within 60 days.

3626 In PULASKI COUNTY, on the Eighth Street Expressway, between Interstate Routes 30 and 430, in the City of Little Rock, the Director is authorized, by utilizing an aerial map with adequate ground controls which is to be furnished by the City of Little Rock at no cost to the Department, to proceed with surveys and plans as necessary to develop design standards, geometrics, right-of-way requirements, and route determination to satisfy the requirements for a public hearing, at an estimated cost of \$25,000.00 (Urban Funds). All other conditions of Minute Orders 2977 and 3369 are to remain in effect.

This action is subject to program approval by the Bureau of Public Roads.

3627 In WASHINGTON COUNTY on HIGHWAY 68N, in the City of Springdale, the limits of the project authorized by MINUTE ORDERS 2131 and 3564 are hereby extended to provide improvement of Highway 68N (Emma Street) from US 71 to the east city limits of Springdale. The revised estimated cost of the project is \$135,000.00.

This action is subject to program approval by the Bureau of Public Roads, enforcement of satisfactory parking controls, and the execution of a satisfactory cooperative agreement with the City of Springdale after right-of-way requirements have been delineated and

local benefits determined.

- 3628 Howard County, Job No. 3572, FAP S-352(1). The contract for the construction of approximately 7.312 miles of Grading, Mr. Dr. Strs., Gravel Base & Double Bit. Surf. Tr'mt. having a Subgrade 32 feet, Crown 28 feet and Surface 20 feet in width on the Lockesburg-Center Point Road, State Highway 26, Section 1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$134,951.76.
- 3629 Logan County, Job No. 4467, FAP S-389(2). The contract for the construction of approximately 5.393 miles (Incl. 341 34' of Br. & Br. Lgth. Culvts.) of Gr., Mr. Dr. Strs., Crshd Stone Base, Dbl. Bit Surf. Tr'mt., 3 Br. Lgth. Culvts., & 1 R. C. & Str Steel I-Beam Span Br, the typical section showing a Subgr. 30', Crown 26', Surf 20' & Cl. Br. Rdwy .24' in width, on the Midway-Scranton Road, State Highway 109, Section 4, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$205,993.66.
- 3630 Cleburne County, Job No. 5485, Corps of Engrs. Contract No. DA-03-050-CIVENG-59-291. The contract for the construction of approximately 4.359 miles of Grading, Mr. Dr. Strs., Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. on the Hwy. 92-Stark section of the Greers Ferry Reservoir Highway Relocations, State Highway 16, Section 11, and State Highway 92, Section 4, is awarded to CoArk Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$174,351.28, subject to the concurrence of the Corps of Engineers.
- 3631 Jackson County, Job No. 5489, FAP S-302(6). The contract for the construction of approximately 0.473 mile (Incl. 465.25 ft. of Brs.) of Grading & Gravel Base Crse. with a Subgr. 32 feet & Crown & Surf. (Gravel) 28 feet in width & Two Prestressed Precast R.C. Slab Span Brs. with Clr. Rdwy. 24 feet in width on the State Hwy. 17-State Hwy. 37 Road, State Highway 33, Section 10, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$104,613.52.
- 3632 Pulaski County, Job No. 6596, FAP I-30-2(29)141, I-091-2(29). The contract for the construction of approximately 1.193 miles (Incl. 989.42' of Brs.) of Grading, Mr. Dr. Strs., Crshd. Stone Base, P.C. Conc. Pv't. (10" U.T.) on Main Lanes & Ramps, P.C. Conc. Base & ACHM Surf. on Service Rds. & Cross Sts., 7 Twin R.C. & Str. Steel I-Beam Span Brs. & One Twin Comb. R.C. & Str. Steel I-Beam Span & Girder Span Br. on the L.R.-N.L.R. Interstate Expressway, Interstate 30, Section 2, is awarded to Foster & Creighton Company of Nashville, Tennessee on their low bid of \$3,763,205.05, subject to the concurrence of the Bureau of Public Roads.
- 3633 Conway County, Job No. 8459, FAP S-79(1). The contract for the construction of approximately 10.033 miles (Incl. 353.95' of Brs.)

of Gr., Mr. Dr. Strs., Manipulation of Exist. Surfacing, Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt, Two R.C. Slab Span Brs., 1 R.C. & Str. Steel Composite I-Beam Span Br. & Extending 1 Br.-Lgth. Culvt., the Typical section showing a Subgr. 30', Crown 26', Surf. 20 feet & Clr. Br. Rdwy. 24' in width, on the Plumerville-Springfield Road, State Highway 92, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$257,727.71.

3634 Faulkner County, Job No. 8460, FAP S-301(1). The contract for the construction of approximately 2.456 miles (Incl. 305.5' of Brs. & Br. Lgth. Culvt.) of Gr., Mr. Dr. Strs., Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. having a subgr. 30 feet, Crown 28 feet & Surf. 20 feet in width; 3 R.C. Slab Span Brs. having a clear Br. Rdwy. 24 feet in width; & 1 Br. Lgth. Culvt. on the Hamlet-Quitman Road, State Highway 107, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$120,208.73.

3635 Baxter County, Job No. C-3-3, FAP S-1144(1). The contract for the construction of approximately 1.003 miles of Grading, Minor Drainage Structures, Gravel Base Crse. & Dbl. Bit. Surf. Tr'mt., having a Subgrade 26 feet, Crown 24 feet and Surface 18 feet in width on the State Hwy. 178-Bull Shoals Reservation Boundary County Road, County Road, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$21,790.60, subject to the concurrence of the Baxter County Judge.

3636 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, March 2, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-sixth Meeting in Little Rock, Arkansas on March 2, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 27, 1960

The following is the record of the proceedings of the Eighty-seventh Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 27, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
Armil Taylor	Member
Glenn F. Wallace	Member

3637 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 27, 1960.

3638 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3628 through 3635 at the regular meeting of the Commission on March 2, 1960:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
3572	S-352(1)	26	Howard	148,440.	None	148,440.
4467	S-389(2)	109	Logan	226,570.	None	226,570.

C-3-3	S-1144(1)	Co. Rd.	Baxter	<u>23,960.</u>	<u>None</u>	<u>23,960.</u>
	GRAND TOTAL			5,261,020.	43,604.	5,304,624.

Note: R/W and additional utility cost for Job 6596 is provided under Jobs 6590 & 6676.

3639 The following Supplemental Agreements have been examined by the Commission and are hereby approved The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or Decrease in Project Cost</u>
6592	I-30-2(22)141	3	Ark. River Bridge- South Approach	E. E. Barber Const. Co., Inc.	735.00	+735.00
6595	I-30-2(28)138	1	South Terminal Interchange	W. R. Fairchild Const. Co., Ltd.	127.05	+127.05
6676	I-30-2(40)138	1	Utility Adjust- ments, Little Rock Freeway (Const. Job 6600)	City of North Little Rock	2,590.00	+1,950.00
10647	S-338(1)	1	Ditch No. 10 Bridge & Approaches	Miss. Valley Contr. Co., Inc.	1,071.50	None
11588	I-40-5(5)279	3	West Memphis Interchange & Frisco Grade Separation	Reynolds & Williams	393.30	+393.30

3640 WHEREAS, the Purchasing Committee has awarded purchases on March 7, 14, 21, 28, and April 4, 11, 18, and 25, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3641 In PULASKI COUNTY, on U. S. Highway 67-70, the Director is hereby authorized to sell property that is surplus to the needs for right of way as follows:

The residual of the property known as the "Thomas Bardin Tract" described as:

Starting at the Southwest Corner of the Northeast Quarter, Southeast Quarter, Section 24, Township 1 North, Range 13 West, and running 602 feet; thence North 315 feet; thence West 177.6 feet to the Westerly right of way line of Arkansas State Highway (U. S.) 67-70 for a point of beginning; thence West 16.4 feet; thence North 105 feet; thence East 26.7 feet; thence Southwesterly along the Westerly right of way line of said highway 105.5 feet, more or less, to the point of beginning, containing 0.052 acre, more or less.

The sale to comply with prescribed legal procedures at an acceptable bid of not less than the appraised value of \$1,000.

3642 WHEREAS, deficiencies exist in the lighting system of the Central Office Buildings, Little Rock, and that preliminary investigation reveals corrective measures can be made only through means of a thorough general lighting and load study,

IT IS ORDERED that the Director be authorized to engage Blaylock and Associates, Electrical Engineers, to perform this study to include a complete analysis of existing deficiencies together with recommendations and cost estimates. The cost of the study to be on the basis of \$7.50 per hour, total time not to exceed 80 hours.

3643 The Director is authorized to buy ten automobile air conditioners, one to be assigned to each District Engineer.

3644 Within the limitations of funds authorized by Budget Minute Order 3209 of May 13, 1959, Section 4, Item 7, the Director is hereby authorized to proceed with the first printing of 200,000 copies of the 1960 State Service Map at an estimated cost of \$17,000.

3645 The Director is hereby authorized to execute an extension of the cooperative agreement with the College of Engineering, University of Arkansas, dated December 12, 1956, to provide for a continuation of the Joint Highway Research Program now underway on Flexible Bases and Pavements, for the fiscal year 1960-61. Under the terms of renewed agreement, the Department is authorized to reimburse the University for the expense of the research work during the fiscal year

in an amount not to exceed \$18,000.00, to be paid from the overall budget of the Planning and Research Division.

3646 In GARLAND and SALINE COUNTIES on HIGHWAY US 70, MINUTE ORDER 3624 is hereby amended to include the addition of the final surface course for the main lane of Job 6617. The revised length of the project is approximately 23.0 miles.

3647 In GRANT, JEFFERSON, PULASKI and SALINE Counties, MINUTE ORDER 3122, adopted February 18, 1959, is hereby revised to read as follows:

In Grant, Jefferson, Pulaski and Saline Counties, based on economic justification, predicted traffic, and engineering judgment, the following is determined to be the design criteria for these portions of primary highways:

US 65-US 167 - South for a distance of approximately 10.6 miles from the South Terminal Interchange of Interstate Route I-30 in Little Rock: An ultimate freeway type facility of four lanes, divided, with a 60' median and full control of access. Right-of-way and access rights for the ultimate facility to be acquired initially. Grading and surfacing for four lanes are to be built as the first stage.

US 167 - From junction with US 65, south of the South Terminal Interchange to junction with existing US 167, 1.0 miles southwest of Spring Lake: A divided arterial type facility of ultimate four lanes, divided, with a 60' median. Right-of-way, minimum of 204', to be acquired initially. Provisions for future frontage roads are not to be provided. Two lanes are to be constructed as the first stage.

US 65 - From junction with US 167, south of the South Terminal Interchange toward Pine Bluff to the Grant-Jefferson County Line: A divided arterial type facility of ultimate four lanes, divided, with a 60' median. Right-of-way, minimum of 204', to be acquired initially. No provisions for future frontage roads are to be provided. Two lanes are to be constructed as first stage.

The above policy and design criteria is subject to approval by the Bureau of Public Roads.

3648 In GREENE, PHILLIPS, SEBASTIAN and WASHINGTON COUNTIES: WHEREAS, the furnishing of right-of-way at a cost not to exceed the State's appraisal for work on the PRIMARY system, as provided by the original Minute Orders, could not be accomplished by the Counties; and

WHEREAS, the following projects are deemed to be of prime

importance in the establishment of a connected highway system;

NOW THEREFORE, IT IS ORDERED that the Minute Orders providing for the furnishing of right-of-way, at a cost not to exceed the State's appraisal, be revised to delete that requirement as follows:

M.O. 1239	Job 11641	Turner-North Relocation	Hwy. 1	Phillips Co.
1653	4447	Fort Smith-Greenwood	Hwy. US 71	Sebastian Co.
1790	9399	West Fork-Greenland	Hwy. US 71	Washington Co.
1706	10581	Halliday-Clay Co. Line	Hwy. 1	Greene Co.

The revision for the port Smith-Greenwood project pertains to the Primary section of the road only. All other provisions of all Minute Orders are to remain in full force and effect.

3649 In JACKSON COUNTY on HIGHWAY US 67 at the Newport end of the bridge across White River, the Director is authorized to proceed with widening the south approach and channelization at an estimated cost of \$25,000.00.

3650 In MILLER COUNTY on HIGHWAY US 71: WHEREAS, Minute Order 3334 provided for the reconstruction of US 71 for a distance of approximately 10.87 miles between Fouke and Texarkana; and

WHEREAS, one condition in the Minute Order was the acceptance by the Mayor of Texarkana, within sixty days, which could not be accomplished; and

WHEREAS, the citizens of Texarkana have requested an extension of time for acceptance of the provisions of the Minute Order;

NOW THEREFORE, IT IS ORDERED that the date for acceptance of Minute Order 3334 is hereby extended to April 12, 1961. All other conditions and provisions of the Minute Order are to remain in full force and effect.

3651 In MONROE COUNTY, MINUTE ORDER 1375 is hereby clarified to provide that the section of HIGHWAY 39 south of Brinkley, for approximately two miles, is retained as a part of the highway system after Highway 20, a primary route, has been constructed.

3652 In PIKE COUNTY the route of HIGHWAY 29 from Antoine to a junction with Highway 19 is hereby revised to conform to the attached sketch.

This action is subject to the acceptance of the abandoned portion by the County and system approval by the Bureau of Public Roads.

3653 In PULASKI COUNTY on HIGHWAYS US 65 and US 167 on new location toward Pine Bluff, the Director is authorized to negotiate

with a nationally recognized firm, or firms, for the drilling of test holes, the taking of cores, and the analysis of samples. This work is necessary for the determination of location and for determining the extent of bauxite and clay deposits necessary in the evaluating of right-of-way costs.

This action is subject to approval and participation in the costs thereof by the Bureau of Public Roads.

3654 WHEREAS, in PULASKI COUNTY, in the City of Little Rock, Minute Order 3285 of 6-17-59 ordered, pending completion of the La Harpe Boulevard - Expressway connection, that traffic to and from Highway 10 be temporarily routed over Spring, West 2nd, and West 4th to Broadway, and

WHEREAS, the City of Little Rock desires to make Spring Street one-way south from Markham, thus necessitating a change in the existing traffic pattern,

NOW, THEREFORE, IT IS ORDERED, pending completion of the La Harpe Boulevard - Expressway connection, that traffic to and from Highway 10 be temporarily routed as follows: (1) east or west bound from Broadway, west on West 2nd to State, thence north on State to Highway 10; (2) south or north bound from Highway 10, south at Spring to West 2nd, thence west to Broadway.

3655 WHEREAS, Minute Order 3549, approved January 27, 1960, authorized the purchase of three acres of land on U. S. Highway 64 one mile east of Alma in Crawford County, from Mr. Buddy Byars, at a cost of \$1,500.00, for an area headquarters, and

WHEREAS, examination of the abstract reveals that Mr. Byars cannot furnish a satisfactory title,

IT IS ORDERED that the provisions of Minute Order 3549 be cancelled.

3656 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters near Alma, in Crawford County, and,

WHEREAS, Mr. Rudy Steele of Van Buren has offered 2.9 acres located 2.3 miles west of Alma on U. S. 64, which is suitable for this purpose, for \$2,900.00.

IT IS ORDERED that the Director be authorized to act for the Commission in conclude all details necessary for the transfer of title and to provide buildings, fences and appurtenances for an area headquarters, as a B-Project, at an estimated cost of \$20,000.00.

3657 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at McGehee, in Desha County, and,

 WHEREAS, a suitable site, consisting of two acres, located 3.6 miles northwest of McGehee on Highway 65, has been offered to the Department by Mr. J. W. Norris at a cost of \$1,000.00,

 IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of title and to provide \$5,00000 for the land, fencing and appurtenances, as a B-Project, with funds for the building to be provided after July 1, 1960.

3658 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Ozark, in Franklin County, and,

 WHEREAS, Mr. Seldon Huggins has offered to sell a 3 acre lot located at the north city limits of Ozark, on Highway 23, which is suitable for this purpose, for \$2,700.00.

 IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of title and to provide fencing and appurtenances, as a B-Project, at a cost of \$5,000.00 with funds for the building to be provided after July 1, 1960.

3659 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Marianna, in Lee County, and,

 WHEREAS, Mrs. Dodridge McCullough of Marianna has offered to sell a 2 acre lot located at the north city limits on U. S. 79, which is suitable for this purpose, for \$2,500.00.

 IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of title and to provide fencing and appurtenances, as a B-Project, at a cost of \$5,000.00 with funds for the building to be provided after July 1, 1960.

3660 WHEREAS, the department has purchased 13.87 acres of land near the Mabelvale Interchange for a new District 6 Headquarters and future expansion, and,

 WHEREAS, Mrs. Belle Biggs has 4.89 acres adjoining this property on the south which she has offered to sell to the department for \$11,000.00 with a stipulation that she will remove the existing buildings and other improvements, and,

 WHEREAS, consulting Engineers have advised that this property will be needed for the proposed construction.

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the purchase of this land at a cost of \$11,000.00, with the funds to be allotted from the State jobs and Betterments appropriation, as contained in Minute Order 3209.

3661 In CLEVELAND COUNTY on HIGHWAY 8, Section 10, from New Edinburg to the Bradley County line, a distance of 6.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the resurfacing of the existing asphalt pavement, as a Betterment Project, at an estimated cost of \$12,200.00, for materials only.

3662 In CRITTENDEN COUNTY on HIGHWAY 218, Section 1, from State Highway 147 to U. S. 70 at Shearerville, a distance of 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, minor drainage and gravel surfacing, as a Betterment Project, at an estimated cost of \$16,700.00, for materials only.

3663 In DREW COUNTY on HIGHWAY 83, Section 2, north of Monticello, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening, lengthening and placing a concrete deck to replace existing timber decks on two bridges (Total Length - 150 feet), as a Betterment Project, at an estimated cost of \$7,200.00, for materials only.

This work is to be done by State forces.

3664 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 2, from State Highway 11 to the end of the curb and gutter section in Batesville, a distance of 1.61 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt surface, as a Betterment Project, at an estimated cost not to exceed \$19,900.00 for materials in place.

3665 In MILLER COUNTY on HIGHWAY 134, Section 1, from US Highway 71 to US Highway 82, a distance of 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surface, as a Betterment Project, at an estimated cost of \$20,000.00 for materials only.

3666 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, at White River, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening the east approach to the bridge over White River by replacing the existing rough and rotted 3" untreated oak deck with a 4" laminated treated timber deck, as a Betterment Project, at an estimated cost of \$9,400.00, for materials only.

This work is to be done by State forces.

- 3667 In PULASKI COUNTY on the grounds of the State Police Headquarters, the Director is authorized to proceed with the improvement of institutional drives, as a betterment project, at an estimated cost of \$10,000.00.

Any work done in connection with improving areas used for parking is to be paid for, at the contract unit bid prices, by the Arkansas State Police Commission.

This action is subject to acceptance by the Arkansas State Police Commission within sixty days.

- 3668 In PULASKI COUNTY on the grounds of the Negro Deaf and Blind School, the Director is authorized to proceed with the improvement of institutional drives at an estimated cost of \$600.00 for materials only.

This is to be a betterment project.

- 3669 In ST. FRANCIS COUNTY on HIGHWAY 38, Section 6, from a point 1.3 miles east of Blackfish Bayou to 3-1/2 miles east, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing, to strengthen and improve the riding surface, as a Betterment Project, at an estimated cost of \$7,000.00, for materials only.

- 3670 In SCOTT COUNTY on HIGHWAY 80, Section 0, from US Highway 71 to the west City Limits of Waldron, a distance of 0.75 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel base material and bituminous surface treatment, as a Betterment Project, at an estimated cost of \$3,700.00, for materials only.

- 3671 In SCOTT COUNTY on HIGHWAY 248, Section 0, from State Highway 80 to the southwest City Limits of Waldron, a distance of 0.30 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel base material and bituminous surface treatment, as a Betterment Project, at an estimated cost of \$1,500.00, for materials only.

- 3672 In SCOTT COUNTY on HIGHWAY 71, Section 10, from the Polk County line to Waldron, a distance of 21.32 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing pavement to strengthen and improve the riding surface, as a Betterment Project, at an estimated cost of \$19,400.00, for materials only.

3673 In UNION COUNTY on HIGHWAY 7, Section 2, from the south City Limits of Smackover to the Ouachita County Line, a distance of 4.19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing selected sections of the existing concrete pavement to strengthen and improve the riding surface, as a Betterment Project, at an estimated cost of \$10,400.00, for materials only.

3674 WHEREAS, in UNION COUNTY on HIGHWAY 57, Section 3, at Log Mile 3.65 the existing 76-foot treated timber bridge was destroyed by fire on the night of April 6, 1960, and,

WHEREAS, a drainage survey indicates that this structure can be replaced with a multiple pipe culvert,

IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the installation of a multiple pipe culvert, as a Betterment Project, at an estimated cost of \$4,800.00, for materials only.

This work is to be performed by State forces.

3675 In WASHINGTON COUNTY on HIGHWAY 16, Section 2, from the north City Limits of Fayetteville to the Benton County Line, a distance of 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing selected sections to strengthen the existing surface, as a Betterment Project, at an estimated cost of \$20,000.00, for materials only.

3676 In GARLAND COUNTY on STATE HIGHWAY 70 at the crossing of the Chicago, Rock Island and Pacific Railroad's track at Grand Avenue in Hot Springs, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3677 In GREENE COUNTY on STATE HIGHWAY 1 at the crossing of the St. Louis-Southwestern Railway Company's track in Marmaduke, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000. 00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.

3. Program approval by Bureau of Public Roads.

- 3678 In LAWRENCE COUNTY on STATE HIGHWAY 91 at the crossing of the St. Louis-San Francisco Railway Company's track near Hoxie, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:
1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
 2. All required right-of-way will be furnished free of cost to the date.
 3. Program approval by the Bureau of Public Roads.

3679 In LITTLE RIVER COUNTY on HIGHWAY 41: WHEREAS, there still remains a section of road approximately 1.2 miles in length leading to the new bridge under construction over Red River, which is subject to overflow and which has not been programmed for improvement,

NOW THEREFORE, the Director is authorized to proceed with the necessary work to raise the grade above high water, add base, provide a double bituminous surface, and build a bridge for flood relief, all at an estimated cost of \$125,000.00.

The provisions of this minute order are subject to program approval by the Bureau of Public Roads, and to the furnishing of right-of-way, clear of obstructions, at no cost to the State.

- 3680 In MARION COUNTY on HIGHWAY US 62 in the City of Yellville, the Director is authorized to proceed with the following:
1. Change the Federal Aid route designation of Highway US 62 from the present routing on Main Street to a new routing on Church St.
 2. Route eastbound Highway US 62 traffic over the present route (Main Street) but reroute westbound Highway US 62 traffic over Church Street.
 3. Route highway traffic traveling between Highway US 62-west and Highway 14-north, over Church Street.
 4. Expend approximately \$7,000.00 to improve Church Street to the extent that it can carry the anticipated additional traffic occasioned by this change, the work to be done as a betterment project.

The provisions of this minute order are subject to the following conditions:

1. System change approval by the Bureau of Public Roads.
2. The City of Yellville will remove angle parking on the outside of the streets on the north, south, and east sides of the square.
3. The four-way stop at the northeast corner of the square be changed to a two-way stop, with Church Street having the right-of-way.
4. Acceptance of the provisions of this minute order by the City Council of Yellville within sixty days.

3681 In MONROE COUNTY on HIGHWAY 39, beginning at the

intersection of US 70 and Highway 39 in the City of Brinkley and continuing south to the beginning of Job 11618 for a distance of 0.37 miles, and beginning at the end of Job 11618 and continuing south for approximately 1.35 miles to the point where Highway 20 will leave the present location and be rebuilt under Job 11542, the Director is authorized to improve these sections of road to satisfactory standards by the construction of grading, base and surfacing at an estimated cost of \$60,000.00.

This action is subject to the following conditions:

1. Acceptance of the provisions of this minute order by the City Officials of Brinkley and the County Judge of Monroe County within sixty days.
2. The furnishing of right-of-way, clear of obstructions, free of cost to the State.
3. The passing of satisfactory ordinances to control traffic for that portion of the project in the City of Brinkley.
4. Program approval by the Bureau of Public Roads.

3682 In POPE COUNTY on HIGHWAY 247 in Section 1, at Log Stations 1.68 and 1.82: WHEREAS, a heavy truck, carrying gas well drilling equipment, has caused the collapse of one bridge and weakened the other;

NOW THEREFORE, the Director is authorized to construct two new bridges with approaches at these locations at an estimated cost of \$37,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3683 In PRAIRIE COUNTY on STATE HIGHWAY 70 at the crossing of the Chicago, Rock Island and Pacific Railroad's track in Mesa, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3684 In SHARP COUNTY on HIGHWAY 115, SECTION 3, WHEREAS, the existing 69-foot timber bridge at log mile 12.72 on the Cave City-Smithville Road has deteriorated to such an extent to be hazardous to traffic,

NOW THEREFORE, the Director is hereby authorized to proceed with reconstruction at an estimated cost of \$45,000.00.

This action is subject to the furnishing of all necessary right-of-

way clear of obstructions, at no cost to the State, and program approval by the Bureau of Public Roads.

3685 In UNION COUNTY, the crossing of County FAS Route 1765 (Washington Street, El Dorado) and the tracks of the Chicago, Rock Island and Pacific Railroad has been determined by the Traffic Section of the Highway Department and to warrant installation of additional grade crossing protection.

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious s project.

NOW THEREFORE, the Director is authorized to program, for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic protection for this crossing as determine by the Hazard Rating Formula, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction, and to operate and maintain the project.
3. Agreement by all parties that no state funds will be used in the construction, operation, or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

3686 In YELL COUNTY on HIGHWAY 22: WHEREAS, MINUTE ORDER 1791 provided for the improvement of Highway 22 from Dardanelle to the Logan County Line; and

WHEREAS, at the design stage it was found that a relocation of Highway 22 in Dardanelle was necessary; and

WHEREAS, at the Public Hearing on January 21, 1960, it was pointed out that it would be desirable to provide for a relocation of Highway 7 to the relocated Highway 22; and

WHEREAS, it is considered good engineering procedures to proceed on both relocations concurrently;

NOW THEREFORE, the director is authorized to proceed with a connection from Highway 7 to Highway 22 on a new location at an estimated cost of \$75,000.00.

This action is subject to program approval by the Bureau of Public Roads, and the furnishing of right-of-way, clear of obstructions, free of cost to the State, for that portion of the work on the Secondary System.

- 3687 Crittenden County, Job No. 11555, FAP F-020-2(5). The contract for the construction of approximately 8.454 miles (Incl. 150.00 ft. of Brs.) of Grading, Mr., Dr., Strs., & Two R. C. Slab Span Brs., the Typical Section indicates a Subgrade 56' and 80' and Clear Bridge Roadway 28' in width on the Parkin-Crawfordsville Road, U. S. Highway 64, Section 17, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$242,061.11, subject to the concurrence of the Bureau of Public Roads.
- 3688 Phillips County, Arkansas & Coahoma County, Mississippi, Job No. 11638 (Contract No. 8), FAP U-F-018-5(2) H.H.F.A. Project PFL-V-3-91. The contract for the construction of Office Building; Garage Building; Toll Booth; Toll Collection Equipment; Site Grading & Surfacing; Bridge and Area Lighting; Water, Gas and Power Supply is awarded to Peterson, Garbi & Joseph, Inc., of North Little Rock, Arkansas on their bid of \$165,000.00, which was the only bid received, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.
- 3689 Lincoln County, Job No. 2597, FAP S-362(2). The contract for the construction of approximately 0.435 miles of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt, & One R. C. & Str. Steel I-Beam Span Bridge (402.33') having a Min. Subgr. 32', Surface 20' & Clear Bridge Rdwy. 24' in width, on the Tyro-Dumas Road, State Highway 54, Section 3, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$97,948.12.
- 3690 Arkansas County, Job No. 2600, FAP S-344(1). The contract for the construction of approximately 11.679 miles of Grading, Mr. Dr. Strs., P. C. Stabilized Base Crse. & Dbl. Bit. Surf. Tr'mt. having a Crown 28' and Surface 20' in width on the Crockett's Bluff-Casscoe and Crockett's Bluff-St. Charles Road, State Highway 153, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$249,283.27.
- 3691 Jefferson County, Job No. 2608, FAP State Job. The contract for the construction of approximately 0.661 mile of Grading, Mr. Dr. Strs., Gravel Base & Single Bit. Surf. Tr'mt. having a Crown & Surface 12', 14', 20' and 30' in width on Driveways of the Arkansas Boys Industrial School at Pine Bluff, P. I., Section 3, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$7,517.90.
- 3692 Miller County, Job No. 3528, FAP F-010-1(5). The contract for the construction of approximately 4.952 miles of Grading, Mr. Dr. Strs., Widening & Resurfacing with Gravel Base, ACHM Base & ACHM Surf. with a Subgr. 48' & 56', Crown 40' & Surface 24' in width on the Texarkana-Garland City Road, U. S. Highway 82, Section

1, is awarded to HMB Construction Company of Texarkana, Texas on their low bid of \$392,023.04, subject to the concurrence of the Bureau of Public Roads.

3693 Scott County, Job No. 4461, FAP S-392(4). The contract for the construction of approximately 3.957 miles (Incl. 124.08' of Bridge) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One Pre-stressed Precast R.C. Slab Span Bridge, with a Min. Subgr. 30', Min. Crown 28', Surface 20' & Clear Bridge Roadway 24' in width on the Waldron-Danville Road, State Highway 80, Section 1, is awarded to W. O. Olentine of Little Rock, Arkansas on their low bid of \$122,237.28.

3694 Montgomery County, Job No. 4469, FAP S-222(3). The contract for the construction of approximately 4.127 miles of Grading, Mr. Dr. Strs., Gravel Base & Dbl. Bit. Surf. Tr'mt., having a Subgrade 32', Crown 28' and Surface 20' in width, on the Pine Ridge-Pencil Bluff Road, State Highway 88, Section 3, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$100,213.32.

3695 Cleburne County Job No. 5484, Corps of Engineers Contract No.DA-03-050-CIVENG-59-291. The contract for the construction of approximately 2.078 miles of Grading, Mr. Dr. Strs., Selected Material, Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt. & Riprap on the Stark-Edgemont section of the Greer's Ferry Reservoir Highway Relocations, State Highway 16, Section 11, is awarded to M. E. Gillioz of Monett, Missouri on his low bid of \$603,764.45, subject to the concurrence of the Corps of Engineers.

3696 Pulaski County, Job No. 6635, FAP I-40-3(9)156. The contract for the construction of approximately 1.739 miles (Incl. 1024.62' of Bridges) of Grading, Mr. Dr. Strs., Plant Mixed Crshd. Stone Base (Conn. Rds. & U. S. 67E), ACHM Base & Surf. (U. S. 67E), Dbl. Bit. Surf. Tr'mt. (Conn. Rds.) & Four R. C. & Str. Steel I-Beam Brs., the typical section showing main lane subgrs. 52' & Cl. Br. Rdwy. 28' in width, on the Little Rock-Memphis Interstate Road, Interstate 40, Section 3, is awarded to W. R. Fairchild Construction Company Ltd., of Hattiesburg, Mississippi on their low bid of \$1,010,667.07, subject to the concurrence of the Bureau of Public Roads.

3697 Prairie County, Job No. 6683 - Alternate No. 1, FAP S-217(2). The contract for construction of approximately 4.017 miles (Include 114.08' of Bridge) of Grading, Mr. Strs., Gravel Base & Dbl. Bit. Surf. Tr'mt. with a Subgr. 32', Crown 28' & Surf. 20' in width & 1 Precast R.C. Slab Span Bridge with Clear Rdwy. 24' in width on the Biscoe-Des Arc Road, State Highway 33, Section 6. All bids were rejected - Contract was awarded on basis of Alternate No. 2, lowest bid received.

3698 Prairie County, Job No. 6683 - Alternate 2, FAP S-217(2). The

contract for the construction of approximately 4.017 miles (Include 114.08' of Bridge) of Grading, Mr. Dr. Strs., P.C. Stabilized Base & Dbl. Bit. Surf. Tr'mt. with a Subgr. 32', Crown 28' & Surf. 20' in width & One Precast R.C. Slab Span Br. with Clear Rdwy. 24' in width on the Biscoe-Des Arc Road, State Highway 33, Section 6, is awarded to Bowyer & Johnson Construction Company of Jackson, Tennessee, on their low bid of \$157,144.25.

3699 Saline & Pulaski Counties, Job No. 6692, FAP I-30-2(47)110. The contract for the construction of approximately 20.845 miles of Ground and Overhead Signs and Delineators on the Malvern-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to Arkansas Sign & Neon Corporation of Little Rock, Arkansas, on their low bid of \$164,759.60, subject to the concurrence of the Bureau of Public Roads.

3700 Garland & Saline Counties, Job No. 6726, FAP F-014-2(14). The contract for the construction of approximately 22.174 miles of Asphaltic Conc. Hot Mix Base and/or Surf. Crse. & Plant Mixed Crushed Stone Shoulders covered with Double Bituminous Surf. Tr'mt. having a Min. Crown 40', Rdwy. Surf- 24' & Shoulders 8' (or as designated) in width, on the Hot Springs-Benton Road, U. S. Highway 70, Sections 9 & 10, is awarded to Ben M. Hogan & Company Little Rock, Arkansas on their low bid of \$441,460.21, subject to the concurrence of the Bureau of Public Roads.

3701 Calhoun County, Job No. 7553, FAP F-021-1(14) The contract for the construction of approximately 10.151 Miles (Incl. 88.71' of Brs. & 44.16' of Br. Lgth. Culvt.) of Gr., Mr. Dr. Strs., Gravel Base (26'x4" Cement Treated) & Dense Graded Hot Mix Base & Surf. Crses. with Subgr. 50' to 56', Crown 40' minimum & Surf. 24' in width; Extend 2 Br. Lgth. Culvts. (44.16') Remodel 1 R.C. & Str. Steel I-Beam Span Br. (62.83') with Clr. Rdwy. width 28' & One R. C. Deck Girder Span Br. (25.88') with Clr. Rdwy. width 40' on the Hampton-Thornton Road, U. S. Highway 167, Section 4, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$541,055.22, subject to the concurrence of the Bureau of Public Roads.

3702 Clark County, Job No., 7556, FAP S-41(6). The contract for the construction of approximately 3.819 miles of Grading, Mr. Dr. Strs., Gravel Base & Dbl. Bit. Surf. Tr'mt. having a Subgrade 32 feet, Crown 28 feet and Surface 20 feet in width on the Joan-Donaldson Road, State Highway 51, Section 2, is awarded to Graves Brothers, Contractors of Pine Bluff, Arkansas on their low bid of \$74,669.37.

3703 Van Buren County, Job No. 8469, Corps of Engineers Contract No. DA-03-050-CIVENG-59-291. The contract for the construction of approximately 1.846 miles (Incl. 38.19' of Br. Lgth. Culvt.) of Grading, Mr. Dr, Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt. & One Bridge-Lgth. Culvt. on the Hwy. 65-Choctaw section of the Greer's Ferry

Reservoir Highway Relocations, State Highway 330, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$108,989.29, subject to the concurrence of the Corps of Engineers.

3704 Mississippi County, Job No. 10607, FAP I-55-1(40)43. The contract for the construction of approximately 1.097 miles (Include 505.22' of Twin Brs. & Br. Lgth. Culvts.) of Grading, Mr. Dr. Strs., & Twin R. C. & Str. Steel I-Beam Span Brs, on Main Lanes & Gr., Mr. Dr. Strs., Gravel Base & P. C. Conc. Pv't. (8 U.T.) with Bit. Shoulders on Ramps on the West Memphis-Mo. State Line Interstate Road, Interstate 55, Section 1, is awarded to S. & W. Construction Company, Inc., of Memphis, Tennessee on their low bid of \$826,12 .05, subject to the concurrence of the Bureau of Public Roads.

3705 Poinsett County, Job No. 10648, FAP S-71(5). The contract for the construction of approximately 1.457 miles (Incl. 200.00' of Bridges) of Grading, Mr. Dr. Strs., Gravel Base & ACHM Surf. Crse. with a Subgr. 36', Minimum Crown 28' & 5 Surf. 20' in width & Two R.C. Slab Span Brs. with a Clear Rdwy. 24' in width, on the Earle-Marked Tree Road, State Highway 149, Section 6, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$116,708.58.

3706 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4: 5 P.M., Wednesday, April 27, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-seventh Meeting in Little Rock, Arkansas on April 27, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 25, 1960

The following is the record of the proceedings of the Eighty-eighth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 25, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3707 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., May 25, 1960.

3708 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3687 and 3689 through 3705 at the regular meeting of the Commission on April 27, 1960:

3711 WHEREAS, the letting dates for the first half of the calendar year 1960 heretofore have been scheduled, and similar scheduling for the last half of that year presently is needed;

 NOW, THEREFORE, IT IS ORDERED that letting dates for the last half of the calendar year 1960 be established as follows:

 July 28
 August 31
 October 5
 November 9
 December 14

3712 WHEREAS, State Civil Defense authorities have requested the Department to perform services of inspections and reports in connection with work performed by certain Cities and Counties of the State for reimbursement; and

 WHEREAS, the Civil Defense authorities indicate that there are no funds available to reimburse the Department for the cost of the requested services; and

 WHEREAS, the Commission is without legal authority to perform requested services unless reimbursement is provided; and

 WHEREAS, it has been indicated that a request will be made for

the Department to perform the services at the expense of the affected Cities and Counties;

NOW THEREFORE IT IS ORDERED that the Director proceed to make the investigation and reports as requested by the affected Cities and Counties where Ordinances or Court Orders are furnished guaranteeing reimbursement to the Highway Fund immediately upon billing for the cost of the services rendered in response to this order.

3713 WHEREAS, by Act 156 of 1959, the General Assembly created the Office of Civil Defense and Disaster Relief within the Executive Department of the State, of which the Highway Department is an agency, and

WHEREAS, under the National Plan for Civil Defense and Defense Mobilization, by Executive Order, the Bureau of Public Roads assumes responsibility for Federal action with respect to highways and highway traffic regulation, in cooperation with State Highway Departments, and

WHEREAS, the Highway Department now has no policy guides or operational plans for cooperating with State and Federal emergency planning agencies in case of natural disaster or Civil Defense emergency,

NOW, THEREFORE, it is hereby declared to be a policy of this Commission that the Department be fully prepared to assume its responsibilities in the highway field in Civil Defense mobilization, and the Director is hereby authorized to create within the Department a Civil Defense Organization and define its duties and responsibilities for proper coordination with all local, State and Federal Civil Defense agencies.

3714 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the U. S. Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a cooperative agreement with the U. S. Geological Survey to the end that we are provided more drainage data and information.

This action is subject to program approval by the Bureau of Public Roads.

3715 In PULASKI COUNTY on Interstate Route 40, State Job 6438 (R/W), the Director is authorized to exchange lands previously

acquired in excess of the needed right of way now considered surplus for certain lands owned by the Winrock Enterprises, Inc. that are needed for the right of way. The exchange deed to be made without consideration other than title to the respective described lands.

3716 WHEREAS, the Purchasing Committee has awarded purchases on May 2, 9, 16 and 23, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3717 In BENTON COUNTY on US Highway 71 from Rogers to Bentonville, Minute Orders 1139 and 2059 are hereby modified to provide for construction on the approved relocation of US 71 as follows: North from US 71 in Rogers along 8th Street, projected, to the junction with presently-marked State Highway 102, thence west to US 71 in Bentonville, a distance of approximately 6.5 miles, the work to include right of way, grading, structures, and stage surfacing at an estimated cost of \$520,200.

3718 In BENTON COUNTY on US 62, Minute Order 3577, District 9, Primary item 3 is hereby modified to coordinate the work proposed with the approved relocation of Highway 71, as follows: From the junction with the approved relocation of US Highway 71 north of Rogers, northeast to the junction with State Highway 72 near Garfield, a distance of approximately 9.8 miles at an estimated cost of \$688,000. The type of work shown in the previous Minute Order remains unchanged, except for inclusion of grading, drainage, and surfacing on one-half mile connection to US 71.

3719 In FAULKNER COUNTY on STATE HIGHWAY 266, Section 1: WHEREAS, MINUTE ORDER 3271 provided for the improvement of this road from its junction with Highway US 64-65 in Conway to the intersection of Ingram Street and Siebenmorgan Road; and

WHEREAS, it is found that to have a completed facility, it is necessary to extend this project along Siebenmorgan Road for a distance of approximately 0.2 miles;

NOW THEREFORE, the Director is authorized to proceed with the extension of existing contract (Job 8472) at an estimated cost of \$10,000.00.

3720 In IZARD COUNTY on HIGHWAY 9, Section 12, between Sylamore and Melbourne, the Director is authorized to proceed with

the work of widening, strengthening and placing a concrete deck, to replace the existing timber decks, on two bridges (total length - 220'), as a Betterment Project, at an estimated cost of \$5,700.00 for materials only.

This work is to be done by State forces.

- 3721 In JEFFERSON COUNTY, upon completion of Job 2589, the official routing of State Highway No. 31-S-1 shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change at Sherrill", drawn 5-11-60.

By this action, and in conformity with Supreme Court decisions, the section of old State Highway 31 through Sherrill which has been replaced by new construction is hereby declared to be no longer a part of the State Maintained Highway System.

- 3722 WHEREAS, in RANDOLPH and CLAY COUNTIES, Minute Order 1044 stipulated that all portions of old US 67 not used in the relocation would no longer be a part of the highway system, and

WHEREAS, to provide a connection for State Highway No 211, Section 1, it is necessary to retain a portion of the old route of US 67,

NOW, THEREFORE, IT IS ORDERED that upon completion of Jobs 10621 and 10623, the portion of old US 67 from the junction of Highway 211 north of Datto, east to the new route of US 67, is hereby made a part of State Highway No. 211, Section 1, all as indicated on the attached sketch map, which is made a part of this Order, and which is identified more specifically "Designation Change at Biggers, Reyno and Datto", drawn 5-19-60.

- 3723 In SEBASTIAN COUNTY for HIGHWAY 22T near the town of Barling, the Director is authorized to proceed with relocation of 22T by continuing along Fort Smith Boulevard, in Fort Chaffee, to an intersection with a road designated as AC-8; and thence north to an intersection with Highway 22 near the east city limits of Barling. It is estimated that the cost of making this relocation, for fencing, removing gates and incidentals, will be approximately \$5,000.00.

This action is subject to approval by the Corps of Engineers to make the relocation through Fort Chaffee.

- 3724 WHEREAS, IN SEBASTIAN COUNTY, in the City of Fort Smith, all necessary Ordinances have been in effect for a number of years, designating 10th and 11th Streets from Garrison Ave to N. "O" Street as one-way streets, and

WHEREAS, the Department has agreed and concurred with City officials of Fort Smith in the one-way operation of these streets for the more efficient movement of traffic on Highways No. US 64 and 71, and has erected standard signs and markings directing such movement, and

WHEREAS, 11th Street has for several years been functioning as an integral part of the State Highway System without official designation and has been approved by the Bureau of Public Roads as a part of the Federal-Aid Primary System,

NOW, THEREFORE, IT IS ORDERED that 11th Street from Garrison Ave. to its junction with 10th Street, in accordance with attached sketch, is hereby made a part of the State Highway System and is to be designated as a part of US 64, Section 1.

3725 WHEREAS, in WASHINGTON COUNTY, on HIGHWAY 170, Section 1, at Devils Den State Park, the bridge over Lee Creek washed out on the night of May 5, 1960, and

WHEREAS, this bridge is vital to the function of the State Park in that the creek divides the park,

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to expedite replacement of this bridge as a construction project at an estimated cost of \$45,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3726 WHEREAS, additional office space is needed for efficient operation of District No. 3 administration personnel, and,

WHEREAS, there is sufficient area at the existing District Headquarters at Hope to enlarge the present facility,

NOW, THEREFORE, IT IS ORDERED that the Director be empowered to act in all particulars to effect the enlargement of the present facility at an estimated cost of \$13,000.00, which money is to be appropriated from the Unallotted Reserve Fund.

This work is to be done by contract.

3727 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Camden, in OUACHITA COUNTY, and,

WHEREAS, the City of Camden has offered for sale to the department a suitable tract consisting of 5.03 acres located approximately 3.5 miles east of Camden on Highway 4, at a cost of \$1,150 00 including cost of the abstract,

IT IS ORDERED that the Director be empowered to act for the Commission in all details necessary for the transfer of title and to provide fencing and appurtenances, as a B-Project, at a cost of \$5,900.00 with funds for the building to be provided after July 1, 1960.

3728 WHEREAS, the purchase of the property, located north of the Mabelvale Interchange, for a new District No. 6 Headquarters and other facilities, which was authorized by Minute Orders 3615 and 3660, has been completed,

IT IS ORDERED that the Director be authorized to contract for architectural services for planning and study of the entire tract of land and for complete architectural plans for the new District No. 6 Headquarters.

3729 In MISSISSIPPI COUNTY, on Highway 181, Section 3, WHEREAS, the existing 58-foot timber bridge at log station 444 is inadequate to span the enlarged Ditch No. 21B channel and has deteriorated to such an extent as to require replacement;

NOW, THEREFORE, IT IS ORDERED, that the Director proceed with reconstruction at an estimated cost of \$27,000.00, subject to the following conditions:

1. Agreement by Drainage District No. 17, Blytheville, Arkansas, to participate in the cost of construction in the amount of one-half of the additional cost of the increased length occasioned by the widened channel.
2. Program approval by the Bureau of Public Roads.

3730 In OUACHITA COUNTY for a relocation of HIGHWAY 4 beginning near the intersection of Highways 4 and 24 west of Camden, and thence in a southeasterly direction, as a part of the circumferential route contemplated by MINUTE ORDER 844, to a junction with existing Highway 7 south of Camden, a distance of approximately 2.6 miles, the Director is authorized to do all things necessary for the construction of two lanes of an ultimate four-lane facility at an estimated cost of \$300,000.00. This minute order is subject to the following conditions:

1. The furnishing of all required right-of-way (not including buildings) at no cost to the State.
2. The adjustment of all utilities free of cost to the State.
3. Acceptance of the provisions of this minute order by officials of the City of Camden and Ouachita County within sixty days.
4. Program approval by the Bureau of Public Roads.

All parts of Minute Order 844 not in conflict with this minute order are to remain in full force and effect.

3731 In PRAIRIE COUNTY on STATE HIGHWAY 33 at the cross-

ing of the Chicago, Rock Island and Pacific Railroad Company's track near Biscoe, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection with short-arm gates at an estimated cost of \$15,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3732 In SEVIER COUNTY on HIGHWAY 41 in the City of Horatio, for a distance of approximately 1500 feet, the Director is authorized to construct, on a new location, a section of highway with grading, drainage structures and double bituminous surfacing which will pass on the north of existing school property and will eliminate two sharp curves, all at an estimated cost of \$20,000.00.

This action is subject to the following conditions:

1. The furnishing of all right-of-way clear of obstructions, free of cost to the State
2. The removal of angle parking from the highway in the main part of town.
3. Acceptance of the provisions of this Minute Order by the Mayor and City Council of Horatio within 60 days.
- 4 Program approval by the Bureau of Public Roads.

3733 Crittenden County, Job No. 11610, FAP I-40-5(9)271. The contract for the construction of approximately 6.951 miles of Lime Treated Subgrade, Selected Material, Crshd. Stone Base, P.C. Conc. Pv't. (10" U.T.), Bituminous Surfaced Gravel Shoulders & other incidental items, the Main Lanes having a typical 24' Surf. width, on the Lehi Leg of the West Memphis Bypass Interstate Road, Interstate 40, Section 5, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,724,104.16, subject to the concurrence of the Bureau of Public Roads.

3734 Arkansas County, Job No. 2588, FAP S-77(8). The contract for the construction of approximately 8.386 miles of Grading, Mr Dr. Strs., Portland Cement Stabilized Base Crse. & Double Bituminous Surface Treatment having a Subgrade and Crown 32 ft., Stabilized Base 22 ft and Surface 20 ft. in width on the Reydel-Stuttgart Road, State Highway 11, Section 6, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$198,989.02.

3735 Lincoln County, Job No. 2621, FAP State Job. The contract for the construction of approximately 1.631 miles of Gravel Base Course & Single Bituminous Surface Treatment having an Existing Subgrade 26 feet, Crown 24 feet, and Surface 18 feet in width on the Cummins Prison Farm Road, Penal Institution, Section 1, is awarded to Graves

Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$21,441.44.

- 3736 Logan County, Job No. 4468, FAP S-137(3). The contract for the construction of approximately 1.161 miles (Incl. 876.25 ft. of Br. & Br. Remod.) of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., One New R.C. Slab Span Br. (540.0') & Remodeling One Exist. R.C. Deck Girder & Str. Steel Truss Span Bridge (336.25'), the typical section showing a Crown 32', Surf. 22' & Cl. Br. Rdwy. 28' in width, on the Booneville-State Sanatorium Road, State Highway 23, Section 3, is awarded to D. & W. Bridge Company, Inc., of North Little Rock, Arkansas on their low bid of \$195,559.16.
- 3737 Jackson County, Job No. 5496, FAP S-417(1). The contract for the construction of approximately 0.245 mi. (Incl. 304.42' of Bridge) of Gr., Gravel Base & One Precast R.C. Slab Span Bridge (304.42'), the typical section having a Subgrade 32', Crown 28' and Clear Bridge Roadway 24' in width, on the Swifton-Cash Road, State Highway 226, Section 1, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on his low bid of \$58,281.05.
- 3738 Pulaski County, Job No. 6597, FAP I-40-3(8)153. The contract for the construction of approximately 1.147 miles (Measurement along East Bound Lane) of Gr., Mr. Dr. Strs., Cr. Stone Base, P.C. Conc. Pv't. & ACHM Shldrs. on Main Rdwy. Legs, Access Ramps of Hwy. 5 Reloc.; P.C. Conc. Base & ACHM Surf. on Service Rds. & Shldrs.; 5 RC & Str. Steel I-Beam Span Brs. (919.57') & 3 Br.Lgth. Culvts. (91.75') all at the Jct. of Interstate Hwy. 30 & Interstate Hwy. 40 in North Little Rock, Interstate 40, Section 3, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas, E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas, and Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$3,573,146.26, subject to the concurrence of the Bureau of Public Roads.
- 3739 Yell County, Job No. 8451, Forest Highway Project A-27-G. The contract for the construction of approximately 15.014 miles (Incl. 942.80' of Brs. & Br. Lgth. Culvts.) of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., Remodeling 1 R.C.D.G. Span Br. & One R.C. & Str. Steel I-Beam Span Br., const. two R.C. & Str. Steel I-Beam Span Brs, Two Br.-Lgth. Culvts. & Extending One Br. -Lgth. Culvt., having a subgrade 32' Crown 28', Surf. 20' & Clr. Br. Rdwy. 24' in width, on the Mt. Ida-Rover Road, State Highway 27, Section 8, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas, and D. B. Hill, Contractor, of Little Rock, Arkansas on their low bid of \$953,673.03, subject to the concurrence of the Bureau of Public Roads.
- 3740 Carroll County, Job No. 9427, FAP S-387(2). The contract for the construction of approximately 7.760 miles (Incl. 73.94' of Br. Lgth.-Culvts.) of Gr., Mr. Dr. Strs., Crshd. Stone Base Crse., Dbl. Bit. Surf. Tr'mt. & Three Bridge Lgth. Culvts. having a Subgrade 32 feet,

Crown 28 feet and Surface 20 feet in width on the Berryville-Viola, Missouri Road, State Highway 221, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$267,937.16.

3741 Van Buren & Stone Counties, Job No. 1391, FAP S-295(2).
The contract for the construction of approximately 7.134 miles of Limited Grading, Crshd. Stone Base & Dbl. Bit. Surf. Treatment, having a Crown 28' and Surface 20' in width, on the Shirley-Mountain View Road, State Highway 9, Sections 10 & 11, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$98,470.90.

3742 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:40 P.M., Wednesday, May 25, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-eighth Meeting in Little Rock, Arkansas on May 25, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 29, 1960

The following is the record of the proceedings of the Eighty-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 29, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Arnil Taylor	Member
Glenn F. Wallace	Member

3743 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 29, 1960.

3744 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Order 3688, April 27, 1960, and Minute Orders 3733 through 3741 at the regular meeting of the Commission on May 25, 1960.

WAGES

	<u>Min.</u>	<u>Max.</u>
Unskilled	\$1.00	\$1.20
Intermediate	1.20	1.50
Skilled	1.50	1.90

Maximum of 5¢ per hour raise for employees in each class with at least six months service with the Department only, except in the case of a bonafide promotion.

3747 Effective July 1, 1960, the Legal Department will operate as an agency separate from the Right-of-Way Division and will report to and be under the supervision of the Director through the Administrative Assistant-Legal.

3748 The attached list of Capital Outlay Road Machinery and Equipment is the estimated amount of \$840,883.50 including tax, to be purchased the Fiscal Year 1960-61 from July 1, 1960 to July 1, 1961 under Minute Order No. 3710 Dated May 25, 1960. Budget of \$850,000.00.

The Director is hereby authorized to proceed in the most feasible manner with the purchase of Capital Outlay Road Machinery and Vehicles as per the attached list for the Fiscal Year 1960-61 not to exceed \$850,000.00 the total allotment for the Fiscal Year from July 1, 1960 to July 1, 1961.

3749 WHEREAS, on June 9, 1960, the Purchasing Committee opened

bids for 80,000 gallons of reflectorizing traffic paint; and

WHEREAS, Pulaski Glass and Mirror Company of Little Rock bid \$180,000.00 and claimed Arkansas preference by reason of a certified representative inventory of the commodity, in the amount of \$2,252.64, at the time the bid was submitted; and

WHEREAS, the next low bidder was Stebbins and Roberts of Little Rock with a bid of \$185,080.00 and who claimed Arkansas preference by reason of a certified representative inventory of the commodity, in the amount of \$60,533.16, at the time the bid was opened; and

WHEREAS, the Highway Commission has determined that both firms qualify for Arkansas preference, with representative inventories;

NOW THEREFORE, the Purchasing Committee is authorized to award the contract to Pulaski Glass and Mirror Company on their low bid of \$180,000 00.

3750 WHEREAS, the Purchasing Committee has awarded purchases on May 30, and June 6, 13, 20 and 27, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3751 In PULASKI COUNTY, in the City of Little Rock for the EIGHTH STREET EXPRESSWAY: WHEREAS, the City of Little Rock and the Arkansas State Highway Department have a cooperative agreement for the development of an east-west expressway type facility, generally in the vicinity of Eighth Street; and

WHEREAS, the City of Little Rock, after an election by its citizens, sold bonds for the purchase of right-of-way for the project; and

WHEREAS, the purchase of right-of-way should begin as soon as requirements are furnished by the Highway Department; and

WHEREAS, in order to expedite the project, it is desirable for the Highway Department to augment its forces;

NOW THEREFORE, the Director is authorized to negotiate a contract with a consulting engineer for the determination of right-of-way requirements and the furnishing of an engineering report.

This action is subject to program approval by the Bureau of

Public Roads

3752 WHEREAS, in order to provide hydrological information and data for bridge surveys, MINUTE ORDER 3714 authorized the execution of an agreement with the U. S. Geological Survey, subject to program approval by the Bureau of Public Roads; and

WHEREAS, it has been found that funds which operate the U.S. Geological Survey cannot be matched by other government funds;

NOW THEREFORE, Minute Order 3714 is hereby revised to delete the requirement that the action is subject to program approval by the Bureau of Public Roads.

3753 WHEREAS, a considerable number of the highway routes added to the System by Act No. 148 of the 1957 General Assembly were stubs or spurs which did not extend into nearby communities or make connection with adjacent State Highways, and

WHEREAS, minor extension of certain of these routes would make a more logical terminus for the highway and provide highway service for additional towns and communities,

NOW, THEREFORE, It is ordered that the following listed highway routes be extended as described and they are hereby made a part of the State Highway System, subject to the following conditions:

1. That the Counties furnish right-of-way of minimum 80 ft. width free of obstructions, including utility poles, at no cost to the State Highway Department, prior to the assumption of State maintenance
2. That approval is given by the Bureau of Public Roads as a part of the Secondary Federal Aid System.

Listing consisting of four sheets attached.

3754 WHEREAS, IN SEBASTIAN COUNTY, State Highway No. 96, sec. 1, between Hartford and the Oklahoma State Line has been marked and maintained over a W.P.A. constructed county road since 1941, which eliminates two railroad crossings of the C.R.I. & P.R.R., and

WHEREAS, said County Road has an eighty (80) foot right of way with a right of way for new location cleared and dedicated to the Oklahoma State Line which will connect to the future location of Oklahoma State Highway No. 83, and eliminate an additional railroad crossing.

NOW, THEREFORE, IT IS ORDERED, that the route of State Highway No. 96, sec. 1, from Hartford to the Oklahoma State Line is redesignated over existing W.P.A. County Road, all as shown on attached sketch, which is hereby made a part of this Order and which is identified more specifically, "Designation Change in Vicinity of

Hartford," drawn 6-17-60.

3755 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established at Harrison, in Boone County, and,

WHEREAS, the City of Harrison has offered to sell the Department a suitable tract, located 300 feet west of U. S. Highway 65 and 1.8 miles north of the Harrison City Limits, containing 3.145 acres, for \$1,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title, as a B-Project, at an estimated cost of \$4,000.00 for the land and fencing, with the funds for the building to be allotted after July 1, 1960.

3756 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in the vicinity of Morrilton, Conway County, and,

WHEREAS, a Mr. Earl Smith has offered to sell the Department a suitable tract, located on U. S. Highway 64, three and one-half miles east of Morrilton, containing 3.0 acres, for \$2,250.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title, as a B-Project, at an estimated cost of \$5,400.00 for the land and fencing, with funds for the building to be allotted after July 1, 1960.

3757 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established at Lonoke, in Lonoke County, and,

WHEREAS, a Mr. L. A. Coulter has offered to sell the Department a suitable site, containing 3.25 acres, bounded by State Highway 31 on the north and Interstate 40 right-of-way on the south and west, for \$2,970.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title, as a Betterment Project, at an estimated cost of \$5,400.00 for the land and fencing, with funds for the building to be allotted after July 1, 1960.

3758 In CRITTENDEN COUNTY on HIGHWAY 38, Section 8, from Highway 147 to Seyppell, a distance of 4.8 miles, the Director is authorized to proceed with the work of placing gravel surfacing, as a Betterment Project, at an estimated cost of \$27,665 00 - Work to be done by contract.

3759 WHEREAS, in FAULKNER COUNTY on STATE HIGHWAY

36, Section 1, the bridge over Palarm Creek, about 2 miles north of US 64, washed out during a flash flood on June 27, 1960, and,

WHEREAS, the proper placement of this bridge is essential,

IT IS ORDERED that the Director be authorized to expedite the replacement of this bridge, as a Construction Project, at an estimated cost of \$20,000 00.

3760 In FAULKNER COUNTY on HIGHWAY 225, Section 1, in the Town of Greenbrier, the Director is authorized to proceed with the construction of 4,000 feet of base course and single bituminous surface treatment, as a Betterment Project, at an estimated cost of \$13,500.00. Work to be done by contract.

3761 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 3, from Highway 11 to a point 0.50 mile east, on HIGHWAY 11, Section 14, from Highway 69 to a point 0.30 mile south and on HIGHWAY 11, Section 15, from Highway 69 to the north city limits of Batesville, a total length of 1.34 miles - all in Batesville, the Director is authorized to proceed with the resurfacing of the existing surface, as a Betterment Project, with an asphaltic concrete hot mix surface course, at an estimated cost of \$19,750.00.

Asphaltic Concrete Hot Mix Surface Course to be contracted in place. Tack Coat to be applied by State forces.

3762 In PHILLIPS COUNTY in the City of Helena, on HIGHWAY 20 from Perry Street northwest toward West Helena, a distance of approximately 0.35 miles, there exists a mall with side drives which are too narrow and dangerous.

NOW THEREFORE, to eliminate this hazardous condition, the Director is authorized to decrease the width of the mall and improve the drives at an estimated cost of \$75,000.00.

This action is subject to the following conditions:

1. The removal of parking on the drives by City Ordinance.
2. The furnishing of all right-of-way, clear of obstructions, free of cost to the State.
3. Acceptance of the provisions of this minute order, within sixty days after right-of-way requirements are known, by the officials of the City of Helena.
4. The adjustment of all utilities, free of cost to the State.
5. Program approval by the Bureau of Public Roads.

3763 In POINSETT COUNTY on HIGHWAY U.S. 63 near Payne-way: WHEREAS, the Corps of Engineers in cooperation with the Drainage District is relocating a ditch that will be of much good to the County; and

WHEREAS, the present ditch is alongside existing Highway US 63, and is a source of potential maintenance problems; and

WHEREAS, the relocation of the ditch will be of much benefit to the Highway Department;

NOW THEREFORE, the Director is authorized to construct a bridge to span the new ditch at an estimated cost of \$48,000.00, subject to the following conditions:

1. Payment of one-half the cost by the Drainage District.
2. Acceptance of the provisions of this minute order by the Drainage District within sixty days
3. The furnishing of all right-of-way, clear of obstructions, free of cost to the State.
4. Program approval by the Bureau of Public Roads.

3764 In PRAIRIE COUNTY on HIGHWAY 33, beginning at the end of Job No. 6683 and extending approximately 3.5 miles to the levee, the Director is authorized to proceed with construction of grading, base, and structures at an estimated cost of \$140,000 00.

This action is subject to the following conditions:

1. The furnishing of all right-of-way clear of obstructions, including utility poles, free of cost to the State.
2. Program approval by the Bureau of Public Roads.
3. Acceptance of the provisions of this minute order within 30 days after the right-of-way requirements have been made known to the County Judge of Prairie County.

3765 Chicot County, Job No. 2607, Alternate No. 1, FAP F-025-1(5). The contract for the construction of approximately 2.413 miles of Grading, Minor Drainage Structures, Widening & Resurfacing with ACHM Base & Surface Crses. & 10 ft. Portland Cement Stabilized Shoulders with Dbl. Bit. Surf. Tr'mt. with the typical section showing a Subgr. 53', Crown 44' & Surf. 24' in width on the Lake Village-Eudora Road, U.S. Highway 65, Section 21. All bids were rejected on Alternate No. 1 because they were higher than Alternate No. 2 Bid.

3766 Chicot County, Job No. 2607, Alternate No. 2, FAP F-025-1(5). The contract for the construction of approximately 2.413 miles of Grading, Minor Drainage Strs., Widening & Resurfacing with ACHM Base & Surf. Crses. & 10 ft. Bituminous Stabilized Shoulders with Dbl. Bit. Surf. Tr'mt. with the typical section showing a Subgr. 53', Crown 44', & Surf. 24' in width on the Lake Village-Eudora Road, US Highway 65, Section 21, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their bid of \$151,311.62, which was the only bid received for Alternate No 2, subject to the concurrence of the Bureau of Public Roads.

3767 Arkansas County, Job 2622, FAP State Job. The contract for the construction of approximately 0.863 mile of Grading, Minor Drainage Strs., Gravel Base & Dbl. Bit. Surf. Tr'mt., the typical section having a subgrade 26', Crown 24' & Surface 20' in width, on the main

drives within Arkansas Post State Park, Route 852, Section 1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$21,341.85.

- 3768 Sebastian County, Job No. 4466, FAP F-011-2(2). The contract for the construction of approximately 0.174 mile of Grading & P.C. Conc. Pav'mt. (9" U.T.) 38' in width on 10th Street & ACHM Surface 59.5' in width on Rogers Avenue with Curbing and Miscellaneous Items on both sections, US Highway 71, Section 14, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their bid of \$32,867.25, which was the only bid received, subject to the concurrence of the Bureau of Public Roads.
- 3769 Independence County, Job No. 5492, FAP 5-465(1). The contract for the construction of approximately 0.557 mile (Incl. 342.17 ft. of Brs.) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt., One R.C. Slab Span Br. (100 ft.) & One R.C. & Str. Steel I-Beam Span Br. (242.17') the typical section showing a Subgr. 40', Crown 36', Surf. 24' & Clr. Br. Rdwy. 28' in width, on the Salado-Oil Trough Road, State Highway 14, Section 9, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$148,753.52.
- 3770 White County- Job No. 5497, FAP S-400(1). The contract for the construction of approximately 0.321 mile (Incl. 403.5' of Br.) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One Pre-stressed Precast Slab Span Bridge, the typical section showing a Subgr. 32', Crown 28' to 46', Surf. 20' & Clr. Br. Rdwy. 24' in width, on the Judsonia-Sunnydale Road, State Highway 157, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$83,434.10.
- 3771 Pulaski County, Job No. 6637, FAP I-40-3(10)158. The contract for the construction of approximately 1.872 miles (Approaches & Bridges) of Gr., Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt. & Four R.C. & Str. Steel I-Beam Span Overpass Strs. (945.67'), the typical section having a Crown 28' to 46', Surf. 22' to 34' & Clr. Br. Rdwy. 24' and 26' in width on the Little Rock-Memphis Interstate Road, Interstate Highway 40, Section 3, is awarded to Michey's, Inc., of Warren, Arkansas on their low bid of \$475,379.53, subject to the concurrence of the Bureau of Public Roads.
- 3772 Grant, Saline & Pulaski Counties, Job No. 6697, FAP F-025-2(7). The contract for the construction of approximately 7.687 miles (Incl. 510' of Brs.) of Gr., Mr. Dr. Strs. & Five R.C. Slab Span Brs. with the typical sections showing a Subgr. 57 feet & 60 feet & Clr. Br. Rd-. 28' & 40' in width on the Little Rock-Pine Bluff Road, US Highway 65, Sections 12 & 13, is awarded to H. C. Cathey of Camden, Arkansas on his low bid of \$569,023.46, subject to the concurrence of the Bureau of Public Roads.

- 3773 Pulaski County, Job No. 6715, FAP State Job. The contract for the construction of approximately 0.187 mile of Grading, Mr. Dr. Strs., Crshd. Stone Base, ACHM Surf. & Curbing on Drives & Parking Areas at State Police Headquarters in Little Rock, State Highway A.S.P. , Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$10,882.10.
- 3774 Union County, Job No. 7541, FAP U-UG-021-1(6). The contract for the construction of approximately 5.096 miles of Limited Grading, Gravel & Crshd. Stone Base Crses., Curbing, Guard Fence, ACHM Base & Surf. Crses. & Bit. Treated Shoulders, the typical main lane section, having a Crown 40' & Surf. 24' in width, on the El Dorado East ByPass Road, US Highway 167, Sections 1 & 2, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$438,684.15, subject to the concurrence of the Bureau of Public Roads.
- 3775 Perry County, Job No. 8455, FAP S-67(2). The contract for the construction of approximately 0.699 mice (Incl. 84.0' of Brs.) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One R.C. Slab Span Bridge, the typical section showing a Subgr. 32', Crown 28', Surf. 20' & Clr. Br. Rdwy. 24' in width, on the Houston-Bigelow Road, State Highway 60, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$56,194.65.
- 3776 Benton County, Job No. 9401, FAP US-300(1). The contract for the construction of approximately 0.373 mile of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Concrete Combination Curb and Gutter and Asphaltic Concrete Hot Mix Surface 48' in width on West Poplar Street in Rogers, State Highway 12, Section 3. No bids received, to be readvertised.
- 3777 Madison & Carroll Counties, Job No. 9423, FAP S-337(3). The contract for the construction of approximately 6.316 miles (include 437.74' of Brs.) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Srf. Tr't., One R.C. Slab Span Br., One R.C. & Str. Steel I-Beam Span Br. & Two Br.-Lgth. Culvts., the typical section showing a Crown 26', Surface 20' & Clr. Br. Rdway. 24' in width, on the Kingston-Hwy. 68 Road, State Highway 21, Section 4, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$356,162.58.
- 3778 Washington County, Job No. 9424, FAP S-339(1). The contract for the construction of approximately 9.871 Miles of Gr., Mr. Dr. Strs., Crshd. Stone Base, ACHM Surf., Remodeling Two Brs. (1008.94' total lgth.) & extending Three Br.-Lgth. Culvts. (77.08' total span lgth.), the typical section showing a subgrade 40', Crown 34', Surface 22' & Clr. Br. Rdwy. 28' in width, on the Fayetteville-Elkins Road, State Highway 16, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$634,106.75.

3779 Greene County, Job No. 10581, PAP F-031-3(l). The contract for the construction of approximately 3.295 miles (incl. 625.33' of Brs.) of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Srf. Tr't., Seven R.C. Slab Span Brs. & One Br.-Lgth. Culvt., having a Subgrade 46', Crown 40', Surface 24' & Clear Br. Rdwy. 28' in width, on the Paragould-Rector Road, State Highway 1, Section 20, is awarded to Michey's, Inc., of Warren, Arkansas on their low bid of \$354,707.05, subject to the concurrence of the Bureau of Public Roads.

3780 Jefferson & Lonoke Counties, Job No. 1388, FAP S-129(5). The contract for the construction of approximately 6.709 Miles (incl. 2208' of Br Lgth. Culvt.) of Gr., Mr. Dr. Strs., Selected Mat'l. Subbase & Shldr., P.C. Stabilized Base, Dbl. Bit. Srf. Tr't. & One Br.-Lgth Culvt., the typical section showing a Subgrade 32', Crown 28' & Surf. 20' in width, on the Gethsemane-Tomberlin Road, State Highway 31, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$197,987.81.

3781 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:45 P.M., Wednesday, June 29, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-ninth Meeting in Little Rock, Arkansas on June 29, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
JULY 2, 1960

-------	----------	---	--	---	--------------------------

3785 Former Senator YOUNG MILTON MACK of Moorefield died on July 20, 1960.

His death has removed a dedicated citizen of our State. Born of distinguished Confederate ancestry he carried throughout his life a love of his State and an abiding respect for his people.

Living in a fertile section, he early in life gave his attention to the bettering of those things which made for the advancement of agri-culture and the kindred activity of our rural section.

Called early in life to fill County offices of responsibility and trust he dedicated himself to that plan of service and so succeeded in his discharge of duties that his tenure in County office has established a bench mark by which public service has since been measured in this State. Called to a larger field of activity he lent to the State Senate a fearlessness and dignity that has elicited the admiration of our people: As a joint author of a constitutional amendment that removed the Highway Department from the field of partisan politics he performed a service the good effects of which will be felt for many generations.

To every task however humble, to every activity and to every position of trust he brought the dignity and integrity of a gentleman.

NOW THEREFORE as an expression of our admiration and respect for YOUNG MILTON MACK we order this resolution spread on the records of this Department and that a copy be furnished to the family of the deceased with the firm knowledge and conviction that with the sincerity and integrity of every motive as his shield he marches forever in the ranks of honor.

3786 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1960 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

3787 WHEREAS, the classification of a Front End Loader Operator is listed in the unskilled category in Minute Order 2081 and,

WHEREAS, the type of equipment and the class of work being done by these operators justify a higher rating,

IT IS ORDERED that the title for Front End Loader Operators be changed to the Intermediate classification.

All other provisions of Minute Order 2081 will remain unchanged.

3788 WHEREAS, the following list of Junk Materials have been sent in to Jacksonville Shop from the Ten Districts for the reason that they are of no further value to the Arkansas State Highway Department due to age and condition,

2,782 - Approx. Junk Vehicular Tires, Various sizes
972 - Approx. Junk Vehicular Batteries
54 - Junk Vehicular Radiators
500 - Approx. Net Tons of Mixed Scrap Iron
36 - Various Items Surplus and Obsolete Shop Equipment

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest and best bidder.

3789 WHEREAS, the Purchasing Committee has awarded purchases on July 5, 11, 18 and 25, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3790 In MONROE COUNTY, the listing of highway routes to be extended that was a part of Minute Order 3753 is hereby amended to include a 2.27 mile extension of State Highway No. 241, sec. 1, from the present north terminus to the junction of Highway 17 at Keevil.

All other provisions of Minute Order 3753 to remain unchanged.

3791 WHEREAS, in PIKE COUNTY, at Daisy State Park, the Arkansas Publicity and Parks Commission has requested inclusion in the State Highway System of approximately 086 mile of additional drives within the park boundary that serve expanded facilities,

NOW THEREFORE, IT IS ORDERED, that these drives, as shown on attached sketch, are hereby made a part of the State Highway System and are to be designated as State Highway No 858-S-1 for the purpose of mileage and maintenance expenditure records and are not to be signed.

3792 WHEREAS, in YELL COUNTY, at Mount Nebo State Park, the Arkansas Publicity and Parks Commission has requested inclusion in the State Highway System of approximately 2.19 miles of additional drives within the park boundary that serve expanded facilities,

NOW THEREFORE, IT IS ORDERED, that these drives, as shown on attached sketch, are hereby made a part of the State Highway System and are to be designated as State Highway No. 856-S-1 for the purpose of mileage and maintenance expenditure records and are not to be signed.

3793 In SEBASTIAN COUNTY on Tenth Street and Rogers Avenue in Fort Smith: WHEREAS, on June 29, 1960, bids were received for Job 4466 and the only bidder, Forsgren Brothers, submitted a bid of \$32,867.25; and

WHEREAS, a contract was tentatively awarded, subject to approval by the Bureau of Public Roads; and

WHEREAS, due to the fact that the bid amount was over the estimate by more than ten percent (10%) and could not be justified, the Bureau of Public Roads did not concur in the award;

NOW THEREFORE, the Director is authorized to advise Forsgren Brothers that their tentative award has been cancelled, and that the job will be readvertised at the next most convenient advertising date.

3794 In SEBASTIAN COUNTY on HIGHWAY 22, MINUTE ORDER 3194 is hereby revised to allow the adjustment of a 12-inch water line, placed to serve Fort Chaffee, to be an item participating in the cost of the project, and not the responsibility of the City of Fort Smith.

Except for this revision, all provisions of Minute Order 3194 are to remain in full force and effect.

3795 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established at Magnolia in Columbia County and,

WHEREAS, a Mrs. Greer has offered to sell the Department a suitable tract of land, located on State Highway 132 near the west City Limits of Magnolia, containing two acres, for \$1,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to proceed with the fencing of the lot, as a B-Project, at an estimated cost of \$5,100.00 for the land and fencing, with funds for the building to be allotted at a later date.

3796 WHEREAS, Minute Order 3657 authorized the purchase of an Area Headquarters site at McGehee in Desha County, with an allotment of \$5,000.00 for the land, fences and appurtenances and,
 WHEREAS, the Department now has title to the property,

 IT IS ORDERED that the Director be authorized to proceed with the construction of the building and other appurtenances to complete the Headquarters facility, as a Supplement to B-Project No. 2-80-B, at a cost not to exceed \$15,000.00

3797 WHEREAS, Minute Order 3658 authorized the purchase of an Area Headquarters site at Ozark in Franklin County, with an allotment of \$5,000.00 for the land, fencing and appurtenances and,
 WHEREAS, the Department now has title to the property,

 IT IS ORDERED that the Director be authorized to proceed with the construction of the building and other appurtenances to complete the Headquarters facility, as a Supplement to B-Project No. 4-49-B, at a cost not to exceed \$15,000.00.

3798 WHEREAS, Minute Order 3659 authorized the purchase of an Area Headquarters site at Marianna in Lee County, with an allotment of \$5,000.00 for the land, fencing and appurtenances and,
 WHEREAS, the Department now has title to the property,

 IT IS ORDERED that the Director be authorized to proceed with the construction of the building and other appurtenances to complete the Headquarters facility, as a Supplement to B-Project No. 11-73-B, at a cost not to exceed \$15,000.00.

3799 In CRAIGHEAD COUNTY on the Campus of Arkansas State College at Jonesboro a new street, 1,060 feet in length, as shown in red on the attached sketch, is hereby made a part of the State Highway System and the Director is authorized to repair the existing gravel base and construct a double bituminous surface, as a Betterment Project, at an estimated cost of \$800.00 for materials. Work to be done by State forces.

 Concrete curb and gutter and gravel base have been placed by the College.

3800 In DESHA COUNTY on STATE HIGHWAY 85, Section 3, from Snow Lake to the Phillips County line, a distance of 7 miles, the Director is authorized to proceed with the work of placing a blade mix sand asphalt surface course on the existing surface, as a Betterment Project, at an estimated cost of \$10,250.00 for materials.

 Work to be done by Maintenance forces from District #1.

3801 In PULASKI COUNTY on U. S. HIGHWAY 65, Section 12, the Director is ordered to cancel Item No. 1 from Minute Order 3588

and to authorize the resurfacing of the existing roadway of the sections from Sweet Home to 1.55 miles south and from Wrightsville south to the Grant County line (except the section between Log Stations 16.87 and 17.38), a total net length of 9.50 miles, with asphaltic concrete hot mix surface course and bituminous treated crushed stone shoulders, as a Betterment Project, at an estimated cost of \$67,000.00.

Work to be done by contract.

3802 WHEREAS, the dam at the east end of Hill's Lake on the south side of U. S. 70, one mile west of the Lonoke County Line, has been causing the inundation of the Highway and creating a hazard to life and property and,

WHEREAS, an agreement has been reached with Mr. L. P. Gaston, the property owner, to permit the Department to lower the elevation of the dam to eliminate the flooding,

IT IS ORDERED that the Director be authorized to proceed with the construction of a concrete spillway to lower the flow line to the elevation of 240.5, as agreed to, as a Betterment Project, at an estimated cost of \$740.00 for materials.

Work to be done by Maintenance forces.

3803 WHEREAS, IN RANDOLPH COUNTY, the new route of State Highway 93-S-1, constructed by Job 10642, completed in May 1960, bypassed the Community of Dalton, and

WHEREAS, the surfacing of the old route through Dalton is in very poor condition and could be repaired and sealed at an estimated cost of approximately \$300.00 for materials,

NOW THEREFORE, IT IS ORDERED, that the old route of 93-S-1 through Dalton, approximately 1500 feet in length, be repaired and sealed by Maintenance Forces at a cost not to exceed \$300 00 for materials, and upon completion of said work,

IT IS FURTHER ORDERED, that the old section of 93-S-1 replaced by new construction as shown on attached sketch, and in accordance with Supreme Court decisions, is no longer a part of the State Highway System.

3804 In SEBASTIAN COUNTY on STATE HIGHWAY 22-T, Section 1, Truck Route in Fort Smith, from State Highway 45 to State Highway 253, a distance of 4.11 miles, the Director is authorized to proceed with the resurfacing of 1.4 miles of selected sections of the existing concrete pavement, as a Betterment Project, at an estimated cost of \$11,400 00 for materials.

Work to be done by State forces using a State owned Asphalt Paving Machine.

3805 In ASHLEY COUNTY on HIGHWAY 82 in Section 8, at Log Mile 0.85 and Log Mile 1.49, there are two bridges in good condition except they are only 20 feet wide with a 24 foot pavement on either side. This narrow width constitutes a hazard. The Director is authorized to proceed with the widening of these two bridges at an estimated cost of \$65,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3806 In CROSS COUNTY on HIGHWAY 64, Section 16: WHEREAS, the Corps of Engineers, US Army, proposes to construct a new levee that will cross Highway 64 near River Front, approximately one mile east of St. Francis Bay Bridge; and

WHEREAS, the elevation of the finished levee grade will require raising the grade and alterations of Highway US 64 for a distance of approximately 2,000 feet; and

WHEREAS, the levee construction will confine the floodwaters of the St. Francis Bay Watercourse (Oak Donnick Floodway) and the raising of the highway grade between St. Francis Bay and the new levee will prevent future flooding of this section of Highway 64, which has been subject to frequent flooding in the past;

NOW THEREFORE IT IS ORDERED, that the Director be authorized to proceed with the necessary work to raise the grade of Highway 64 for approximately one mile between the St. Francis Bay Bridge and the proposed east levee of Oak Donnick Floodway above high water, and to provide satisfactory base and surfacing at an estimated cost of \$60,000:00, subject to program approval by the Bureau of Public Roads.

The Director is further authorized to provide the necessary easements over existing highway right-of-way and to enter into an agreement with the Corps of Engineers whereby, the cost of the work involved in the 2,000 foot grade raise occasioned by the construction of the levee will be paid for by the Corps of Engineers.

3807 In GREENE COUNTY on HIGHWAY 139, Section 2, at Log Mile 5.52 and Log Mile 8.84, there are two narrow and dangerous bridges which require immediate replacing. The Director is authorized to construct a new bridge 60 feet long at Log Mile 5.52, and a new bridge approximately 95 feet long over Mayo Ditch at Log Mile 8.84. These two bridges are to be built to current Federal Aid Standards at an estimated cost of \$39,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3808 In VAN BUREN COUNTY on HIGHWAY US 65: WHERE-
AS, MINUTE ORDER 3591, Item 3 authorized a project from the
junction of State Highway 95 in Clinton-south to the junction of State
Highway 124, for the widening and remodeling of four existing bridges
totaling approximately 741 lineal feet at an estimated cost of
\$185,300.00; and

WHEREAS, after surveys have been made, it has been deter-
mined that one of the bridges previously scheduled for widening and
remodeling should be rebuilt on a new location; and

WHEREAS, this additional construction would exceed the
amount estimated in the original minute order;

NOW THEREFORE, IT IS ORDERED that Minute Order 3591
be revised to provide for the widening and remodeling of three existing
bridges and the construction of a new bridge over Pine Mountain Creek
at a total estimated cost, for the project, of \$300,000.00.

3809 Sebastian County, Job No. 4465, FAP F-022-1(12). The con-
tract for the construction of approximately 1.036 miles of Grading, Mr.
Dr. Strs., P.C. Conc. Base, ACHM Surface 48' typical width, Curbing
& Miscellaneous Construction on Rogers Avenue in Fort Smith, State
Highway 22, Section 1, is awarded to Forsgren Brothers of Fort Smith,
Arkansas on their low bid of \$211,652.87, subject to the concurrence
of the Bureau of Public Roads.

3810 Sebastian County, Job No. 4466, FAP F-011-2(2). The contract
for the construction of approximately 0.174 mile of Grading, and P.C.
Conc. Pav'mt. (9" U.T.) 38' in width on 10th Street & ACHM Surface
59.5' in width on Rogers Ave. with Curbing and Miscellaneous Items
on both sections, U. S. Highway 71, Section 14, is awarded to
Forsgren Brothers of Fort Smith, Arkansas on their low bid of
\$35,145.00, subject to the concurrence of the Bureau of Public Roads.

3811 Cleburne County, Job No. 5486, Corps of Engr's Contract No.
DA-03-050-CIVENG-59-291. The contract for the construction of
approximately 11.848 miles of Grading, Mr. Dr. Strs., Two Br. Lgth.
Strs. Total Lgth 209', Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. on
the Hwy. 92-Southeast to Hwy. 25 section of the Greer's Ferry
Reservoir Highway Relocations, State Highway 16, Section 11, is
awarded to Southeast Construction Company, Inc., of Pine Bluff,
Arkansas on their low bid of \$470,617.13, subject to the concurrence
of the Corps of Engineers.

3812 Independence County, Job No. 5491, FAP S-221(4). The con-
tract for the construction of approximately 11.892 miles of Grading,
Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt. & One Br.
Lgth. Culvt. (26.17' Span Lgth.) with the typical showing a Crown 28
ft. & Surf. 20 ft. in width on the Batesville-Tuckerman Road, State

Highway 25, Section 5, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$297,883.43.

- 3813 Lonoke County, Job No. 6682, FAP S-210(4). The contract for the construction of approximately 7.854 miles of Grading, Mr. Dr. Strs., Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. having a Subgrade 32 feet, Crown 28 feet & Surf. 20 feet in width on the Humnoke-Carlisle Road, State Highway 13, Section 9, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$272,272.40.
- 3814 Pulaski County, Job No. 6729, FAP State Job. The contract for the construction of approximately 0.131 mile of Grading, Curbing, P.C. Conc. Base, Asph. Conc. Hot Mix Surf. & other misc. construction necessary to accomplish widening the existing surf. by approx. 18 feet on Broadway Street in the City of Little Rock, U. S. Highway 70, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$12,383.90.
- 3815 Faulkner County, Job No. 8494, FAP State Job. The contract for the construction of approximately 0.757 mile of Crshd. Stone Base Crse. & Single Bit. Surf. Tr'mt. on Existing Subgrade with Minimum Crown 26 feet and Surface 20 feet in width on the Greenbrier-Quitman Road, State Highway 225, Section 1, is awarded to CoArk Construction Company, Inc., of North Little Rock, Arkansas on their low bid of \$15,780.05.
- 3816 Benton County, Job No. 9401, FAP US-300(1). The contract for the construction of approximately 0.373 mile of Grading, Mr. Dr. Strs., Plant Mixed Crshd. Stone Base, Conc. Comb. Curb & Gutter & ACHM Surf. 48' in width on West Poplar Street in Rogers, State Highway 12, Section 3, is awarded to Anchor Construction Company of Tulsa, Oklahoma on their low bid of \$59,121.25, subject to the concurrence of the Bureau of Public Roads.
- 3817 Washington County, Job No. 9419, FAP S-132(6). The contract for the construction of approximately 0.377 mile (incl. 617.5' of Br.) of Gr., Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr., Riprap & One R.C. & Str. Steel Plate Girder Span Br., the typical section showing a Subgrade 40', Crown 36', Surf. 24' & Clr. Br. Rdwy. 28' in width, on the Springdale-Huntsville Road, U. S. Highway 68, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$292,893.32.
- 3818 Marion County, Job No. 9421, FAP F-030-3(1) & S-223(10). The contract for the construction of approximately 357.67 feet of approach widening & surfacing & Remodeling Three Reinforced Conc. Deck Girder Bridges (357.67 ft. total length) to Clear Bridge Roadway width of 24' & 28' in and south of Yellville, US Highway 62, Section 9, and Skate Highway 14, Section 3, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on

their low bid of \$50,292.29, subject to the concurrence of the Bureau of Public Roads.

3819 Searcy County, Job No. 429, FAP S-70(2). The contract for the construction of approximately 10.100 miles of Gr., Mr. Dr. Strs., Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt., the typical sections showing a Subgrade 30', Crown 26' and Surface 20' in width, on the Witt Springs-Marshall Road, State Highway 27, Section 16, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$150,647.17.

3820 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Thursday, July 28, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-seventh Meeting in Little Rock, Arkansas on April 27, 1960.

Dorothy Switzer, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 31, 1960

The following is the record of the proceedings of the Ninety-first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 31, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3821 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 31, 1960.

3822 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3809 through 3819 at the regular meeting of the Commission on July 28, 1960.

3824 The attached regulations and requirements regarding Utility Crossings for the Interstate System or Controlled Access Facilities are hereby adopted as a policy of the Arkansas State Highway Commission.

3825 WHEREAS, on August 11, 1960 bids were opened for the purchase of Diesel Motor Graders as follows:

Item 1	2 Motor Graders with scarifiers, less trade-in of graders now owned by the State - State Nos. 1312 and 3765
Item 2	3 Motor Graders without scarifiers, less trade-in of graders - State Nos. 2373, 2383, and 3784
Item 3	1 Motor Grader, less trade-in - State No. 1304

with the two lowest bids received being from Little Rock Road Machinery Company and Moody Equipment and Supply Company, both of Little Rock; and

WHEREAS, Moody Equipment and Supply Company bid a lump sum bid on Items 1 and 2 as follows:

\$71,025.00	less trade-in of \$10,000.00 - or	\$61,025.00
	Sales Tax on \$71,025.00	<u>2,130.75</u>
Total Net, Items 1 and 2 including tax		\$63,155.75

And Little Rock Road Machinery Company bid as follows:

Item 1	2@ \$19,930.00 or \$39,860.00 less trade-in of \$15,110.00 or a total, before tax, of	\$24,750.00
Item 2	3@ \$19,160.00 or \$57,480.00 less trade-in of \$21,480.00 or a total, before tax, of	\$36,000.00
	Sales Tax on \$97,340.00 is	<u>2,920.20</u>
Total Net, Items 1 and 2, including tax		\$63,670.20

WHEREAS, the low bids received on Item 3 are as follows:

Little Rock Road Machinery Company

Item 3 - 1 @ \$16,870.00 less trade-in of \$5,420.00	
or a total, before tax, of	\$11,450.00
Sales Tax on \$16,870.00 is	<u>506.10</u>
Total Net, Item 3, incl. tax	\$11,956.10

Moody Equipment and Supply Company

Item 3 - 1 @ \$12,108.00 less trade-in of \$300.00	
or a total, before tax, of	\$11,808.00
Sales Tax on \$12,108.00 is	<u>363.24</u>
Total Net, Item 3, incl. tax	\$12,171.24

NOW THEREFORE, IT IS ORDERED that awards be made as follows:

Items 1 and 2 to Moody Equipment and Supply Company on their total net bid, including tax, of \$63,155.75

and

Item 3 to Little Rock Road Machinery Company on their total net bid, including tax, of \$11,956.10

which awards result in a total cost to the Department of \$75,111.85

3826 WHEREAS, the Purchasing Committee has awarded purchases on August 1, 8, 15, 22 and 29, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3827 WHEREAS, a new tug is being put in service at the crossing of Norfolk Lake by Highway US 62; and

WHEREAS, it is desired to honor the memory of Cecil S. Lynch, former member and Chairman of the Arkansas State Highway Commission;

NOW THEREFORE IT IS ORDERED that the name for the new tug shall be "Cecil S. Lynch".

3828 In CARROLL COUNTY, the listing of highway routes to be extended that was a part of Minute Order 3753 is hereby amended to revise the description of the extension of State Highway No. 103,

Section 3, to read, "Extend from Rule to State Highway 68 at Gobbler, via Connor and Rudd, a distance of approximately 9.57 miles."

All other provisions of Minute Order 3753 to remain unchanged.

3829 In JEFFERSON COUNTY, the findings and recommendations of the attached "Pine Bluff Highway Study" for Highways US 65, US 79 and State 15 through Pine Bluff are hereby approved, subject to concurrence by the Bureau of Public Roads and findings that may be developed from the Public Hearing of September 6, 1960.

3830 In PHILLIPS COUNTY, for the Helena Bridge across the Mississippi River, the Director is authorized to advertise and receive bids in duplicate for furnishing insurance for loss or damage occurring from any cause and loss of use and occupancy as required by the Trust Indenture. This action is subject to the approval of the Mississippi Highway Commission, The Trustee and the Federal Housing and Home Finance Agency.

3831 In PULASKI COUNTY, in the City of Little Rock, for the employment of an engineering consultant for the furnishing of an engineering report and right-of-way requirements for an East-West Expressway in the vicinity of Eighth Street, and in accordance with Minute Order 3751, the contract with Garver and Garver of Little Rock, Arkansas as negotiated and executed by the Director is hereby ratified.

3832 In PULASKI COUNTY in the building of the Interstate, the law firm of Mehaffy, Smith and Williams have been retained to assist in the filing of condemnation suits, and

WHEREAS, it is now determined necessary to retain the said firm for further legal services in connection with:

State Job No. 6438, FAP No. 1-40-3 (3)156-

Dark Hollow - Lonoke County Line: and

State Job No 6696, FAP Applicable

Fourche Creek to Jefferson County Line

which jobs are not embraced in their present Contract, and

The said firm of Mehaffy, Smith and Williams have expressed their willingness to furnish advice and assistance in such condemnations and proceedings at and for the rate of compensation provided in their existing contract.

The Director is therefore authorized to execute in behalf of the Arkansas State Highway Commission the attached Contract and Agreement for such legal services.

This action subject to approval by the Bureau of Public Roads.

3833 In SEVIER COUNTY on HIGHWAY 41 in the City of Horatio, MINUTE ORDER 3732 authorized the construction of a short bypass subject to a number of conditions, one of which was a requirement for

approval by the Bureau of Public Roads Since Highway 41 at this location is not on the Federal-aid System, federal-aid participation could not be obtained from the Bureau of Public Roads. This is an exceptionally meritorious project and the Director is authorized to proceed in accordance with Minute Order 3732, except that the requirement for Bureau of Public Roads approval is hereby deleted. All other conditions of Minute Order 3732 remain the same.

3834 WHEREAS, the Department and the Highway Departments of certain other states acting through the American Association of State Highway Officials have sponsored the AASHO road tests in the vicinity of Ottawa, Illinois conducted by the National Academy of Sciences; and

WHEREAS, the Department and the Academy have entered into an agreement by the terms of which the Academy undertook the research project and the Department agreed to provide certain financial assistance therefore; and

WHEREAS, on the basis of a revised estimate of cost, a revised schedule of contributions of participating State Highway Departments has been formulated in which the Department's share is increased; and

WHEREAS, it is considered in the interest of the Department to provide additional financial support of the said research project

NOW, THEREFORE, the Director is hereby authorized to program with the Bureau of Public Roads additional research funds and to execute Amendment No. 4, Agreement No. 3 with the National Academy of Sciences to increase the Department's share from \$155,828.00 to \$172,841.00. It is understood that no State funds are required in this project.

3835 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1961, in the amount of \$3,948.00, to be paid to the National Academy of Sciences.

3836 WHEREAS, in HEMPSTEAD COUNTY, the route of State Highway No. 24, section 3 was reconstructed and relocated in the

vicinity of McCaskill by Job 3489, and

WHEREAS, the old route not used in the relocation was put in good shape for maintenance with a bituminous seal, and

WHEREAS, by placing the old route in good shape for maintenance and surfacing, the County Judge of Hempstead County agreed to accept maintenance of the old route,

NOW THEREFORE, IT IS ORDERED, the old sections of State Highway No. 24 near McCaskill not used in construction of the new route and in conformity with Supreme Court decisions, are no longer a part of the State Highway System, all as indicated on attached sketch which is identified more specifically "Designation Change Near McCaskill" drawn 8-18-60.

3837 In PULASKI COUNTY, upon completion of Job 6615, the following State Highway System designation changes are authorized between the cities of North Little Rock and Jacksonville:

Until completion of the Little Rock-North Little Rock Freeway, State Highway No. US. 67 is to be designated along the present route of US 67-W from junction of US 70 in North Little Rock to junction with the new location constructed by Jobs 6371 and 6615, thence along said new location to junction of present route at Jacksonville.

State Highway Number US 67-E from intersection with US 70 at Prothro Junction to junction US 67-W near Rixie and old US 67 from junction US 67-E and 67-W to junction of new route of US 67 at Jacksonville is to be changed to State Highway No. 161 section 0.

The Commission action of February 25, 1954, M.O. No. 383, establishing a Temporary Truck Route along Oak and Center Streets in Jacksonville is hereby cancelled since the vertical clearance obstruction at the Mo.-Pac. underpass has been eliminated by raising the clearance to 14.12 feet.

The section of U. S. 67-W from junction of the new location of U. S. 67 to the junction of U. S. 67-E near Rixie has been replaced by new construction and in conformity with Supreme Court decisions is no longer a part of the State Highway System.

All changes are as shown in accordance with attached sketch, which is made a part of this Order and which is identified more specifically "Designation Change North Little Rock", drawn 8-15-60.

3838 WHEREAS, Minute Order 3755 approved the purchase of an Area Headquarters site at Harrison, Boone County, with an allotment of \$4,000 00 for the land, fencing and appurtenances and,

WHEREAS, the Department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with construction of the building and other appurtenances for a complete Headquarters facility, as a Supplement to Project No. 9-50-B, at a cost not to exceed \$14,500.00.

3839 WHEREAS, in CLAY COUNTY the City of Corning has offered to install a four-inch water line to the southeast corner of the Area Headquarters site to provide fire protection and an adequate water supply, provided the Department will participate in the cost,

IT IS ORDERED that the Director be authorized to negotiate with the City of Corning for this service at a cost not to exceed \$800.00, with the funds to come from an allotment approved by Minute Order 3314.

3840 WHEREAS, the increase in maintenance operations makes it desirable that a site be purchased for use as a District Storage Lot and Area Headquarters at Hope, Hempstead County, and,

WHEREAS, Mr. Archie Smith has offered to sell the Department a suitable site containing five acres, located on State Highway 29, three-fourths mile north of the north City Limits of Hope, for \$300.00 per acre,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to construct buildings, fences and appurtenances, as a B-Project, at an estimated cost of \$16,000.00.

3841 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established at Marked Tree in Poinsett County and,

WHEREAS, Mr. L. V. Ritter has offered to sell the Department a suitable site, containing 3 acres, located on State Highway 149 approximately one mile south of the south City Limits of Marked Tree, for \$200.00 per acre,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and proceed with the construction of the building, fences and appurtenances for a complete Headquarters facility, as a B-Project, at an estimated cost of \$15,000.00.

3842 WHEREAS, the increase in maintenance operations makes it desirable that an Area Headquarters be established in the vicinity of Clinton, Van Buren County, and,

WHEREAS, Mr. Clyde McCastlain has offered to sell the

Department a suitable tract, containing 2.2 acres, located on State Highway 95 in the City Limits of Clinton, for \$2,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a B-Project, at an estimated cost of \$15,000.00.

- 3843 WHEREAS, Minute Order 3616 approved the establishment of an Area Headquarters at Lincoln in Washington County, on a site donated by the Lincoln Kiwanis Club, with an allotment of \$5,000.00 for fences and appurtenances and,

WHEREAS the Department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete Headquarters facility, as a Supplement to Project No. 9-42-B, at a cost not to exceed \$5,500.00.

- 3844 In CRAIGHEAD COUNTY on HIGHWAY 18, Section 3, near Cash, the Director is authorized to proceed with the work of replacing a rotted and dangerous timber bridge (Length - 61') using treated timber piles and caps and salvaged bridge steel and placing a concrete deck. This work is to be done as a Betterment Project by State forces at an estimated cost of \$2,100.00 for materials only.

- 3845 In CRAWFORD COUNTY on U. S. 64, Section 2, between Flat Rock Creek and Big Frog Bayou, a distance of 5.7 miles, the Director is authorized to proceed with resurfacing selected sections (total of 2 miles), as a betterment project, at an estimated cost of \$10,250.00 for materials.

Work to be done by maintenance forces.

- 3846 In CRITTENDEN COUNTY on I-40 at the Bolling Road Grade Separation the Director is authorized to proceed with the work of reconstructing the paved fore slope at the south end of the structure at an estimated cost of \$6,000.00.

The work is to be done by contract.

- 3847 In CROSS COUNTY on STATE HIGHWAY 42, Section 3, from Twist to the St. Francis River, a distance of 2.8 miles, the Director is authorized to place additional gravel base and a double bituminous surface treatment, as a betterment project, at an estimated cost of \$19,400.00. The base material is to be dumped on the road by contract with the balance of the work to be done by maintenance forces.

- 3848 In DESHA COUNTY on STATE HIGHWAY 138, Section 4,

between the Drew County line and Kelso, a distance of 12.89 miles, the Director is authorized to proceed with the resurfacing of the existing road with gravel surface material, as a B-Project, at an estimated cost of \$17,400.00 Gravel to be contracted dumped on road, to be spread by State forces

3849 In MISSISSIPPI COUNTY on S. H. 119, Section 4, at the junction of S. H. 18 the Director is authorized to proceed with the placing of Gravel Base and Double Bituminous Surface Treatment on the east leg of the wye intersection (800 Lin. Ft.) as a Betterment Project, at an estimated cost of \$3,620.00. Gravel base to be dumped on the road by contract with the balance of the work to be done by Maintenance Forces.

3850 In MISSISSIPPI COUNTY on HIGHWAY 158, Section 1, approximately 2.25 miles west of Victoria, the Director is authorized to proceed with the work of strengthening, widening and placing a concrete deck on one bridge (Length - 197'), as a Betterment Project, at an estimated cost of \$10,000.00 for materials only.

This work is to be done by State forces.

3851 In MISSISSIPPI COUNTY on HIGHWAY 181, Section 1, near Keiser, the Director is authorized to proceed with the work of strengthening, widening and placing a concrete deck to replace the existing timber deck on one bridge (Length - 46'), as a Betterment Project, at an estimated cost of \$2,200.00 for materials only.

This work is to be done by State forces.

3852 In PULASKI COUNTY at the new Headquarters site, located north of the Mabelvale Interchange, the Director is authorized to construct a complete District No. 6 Headquarters facility, as a B-Project, at an estimated cost of \$200,000.00, including architectural fees.

3853 Crittenden County, Job No 11645, FAP I-40-5(23)279 & I-55-1(41)0. The contract for the construction of approximately 18.950 miles of Ground Mounted Signs, Overhead Signs and Delineators on the Memphis-Lake David Interstate Road, Interstate 40, Section 5, and Interstate 55, Section 1, is awarded to Arkansas Sign & Neon Corporation of Little Rock, Arkansas on their low bid of \$142,563.36, subject to the concurrence of the Bureau of Public Roads.

3854 Jefferson County, Job No. 2593, FAP F-015-2(7). The contract for the construction of approximately 6.367 mi. (incl. 75.0 ft. of Br.) of Gr., Mr. Dr. Strs., Gravel Base, Plant Mixed Crshd. Stone Base (4" Depth), ACHM Base & Surf. Crses., Dbl. Bit. Tr. Shldr. & One R. C. Slab Span Br., the typical section showing a Subgr. 48' to 52', Min. Crown 40', Surf. 24' & Clr. Br. Rdwy. 28' in width, on the Pine Bluff-Stuttgart Road, U. S. Highway 799 Section 109 is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of

\$621,438.23, subject to the concurrence of the Bureau of Public Roads.

- 3855 Arkansas County, Job No. 2606, FAP S-206(1). The contract for the construction of approximately 0.896 Mi. of Gr., Mr. Dr. Str., Crshd. Stone Base, Dbl. Bit. Surf. Tr., Six Prestressed Precast R. C. Slab Span Brs. (434.25 ft. total lgth.) & Two Precast R. C. Slab Span Brs. (117.00' total lgth.) with the typical sections showing a Subgr. 36 ft., Crown 32 ft., Surf. 20 ft. & Clr. Br. Rdwy. 24 ft. in width on the DeWitt-Stuttgart Road, State Highway 130, Section 6, is awarded to Ford Construction Company of Dyersburg, Tennessee on their low bid of \$193,522.53.
- 3856 Miller County, Job No. A-3528, FAP F-010-1(9). The contract for the construction of approximately 0.877 mile of Gr., Mr. Dr. Strs., P. C. Conc. Base (9" U. T.) with Integral Curb and Asphaltic Conc. Hot Mix Base and Surface Crses., the typical section showing a normal crown & surface 52 feet in width, in the city of Texarkana, US Highway 82, Section 1, is awarded to HMB Construction Company of Texarkana, Texas on their low bid of \$199,308.82, subject to the concurrence of the Bureau of Public Roads.
- 3857 Jackson County, Job No. 5509, FAP State Job. The contract for the construction of approximately 0.061 Mi. (Include 120.08' of Br. Remod.) of Gr., Mr. Dr. Strs., Crshd. Stone Base, ACHM Base & Surf. Crses., Curbing, Dbl. Bit. Surf. Tr'mt on Islands & Remod. a portion of One Br. Str., the typical sections having various surf. widths & a Clr. Br. Rdwy. variable in width, at the south end of the White River Bridge at Newport, US Highway 67, Section 17. No bids received on this job.
- 3858 Sharp County, Job No. 5510, FAP S-452(2). The contract for the construction of approximately 0.132 mi. of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf Tr'mt. & One Bridge Lgth. Culvt. (55.63 ft. span lgth.), the typical section showing a Subgrade 32 ft., Crown 28 ft. & Surface 20 ft. in width on the Cave City-Smithville Road, State Highway 115, Section 3, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$29,770.50.
- 3859 Pulaski County, Job No. 6638, FAP I-40-3(5)158. The contract for the construction of approximately 6.514 Mi. of Gr., & Minor Dr. Strs. on Main Lanes & Frntg. Rds. & Crshd. Stone Base & Dbl. Bit. Surf. Tr'mt. on Frntg. Rds., the typical sections showing Main Lane Subgrades 52 ft. to 55 ft. in width, on the Little Rock-Memphis Interstate Road, Interstate 40, Section 3, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$559,811.36, subject to the concurrence of the Bureau of Public Roads.
- 3860 Hot Spring & Saline Counties, Job No. 6684, FAP

I-30-2(43)104. The contract for the construction of approximately 6.493 mi. of Gr., Mr. Dr. Strs., Two R. C. Slab Span Brs. (300' Tot.), Seven R. C. & Str. Steel I-Beam Span Brs. (1902.49' Tot.), Two Br.-Lgth. Culvts. (51.40' Tot. Span), Seeding, Crshd Stone Base with Dbl. Bit. Surf. Tr. on designated Frntg. Rds & Apprs., & Other Misc. Const., the typical sections showing Main Lane Subgrs. 56' or 59', Frntg. Rd. & Appr. Subgrs. 40' & 46', Ramp subgrs. 37' & 43', Frntg. Rd. & Appr. Surfs. 20' & 22' & Clr. Br. Rdwys. 24', 26' & 28' in width, on the Malvern-Benton Interstate Road, Interstate 30, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$1,596,602.22, subject to the concurrence of the Bureau of Public Roads.

- 3861 Hot Spring County, Job No. 6700, FAP S-41(5). The contract for the construction of approximately 5.436 Mi. (Incl. 168.0 ft. of Brs.) of Gr., Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & Two R. C. Slab Span Brs. with the typical section showing a subgrade 32 ft., Crown 28 ft., Surface 20 ft. and Clr. Br. Rdwy. 24 ft. in width on the Joan-Donaldson Road, State Highway 51, Section 3, is awarded to W.C. Burrow Company of Malvern, Arkansas and Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas on their low bid of \$160,943.04.
- 3862 Prairie County, Job No. 6706, FAP State Job. The contract for the construction of approximately 606.67 feet of Steel Grid Flooring on White River Bridge at DeValls Bluff, U. S. Highway 70, Section 16, is awarded to Dixico, Inc., of Warren, Arkansas on their low bid of \$131,830.00.
- 3863 Pulaski County, Job No. 6712, FAP State Job. The contract for the construction of approximately 9.220 Mi. of Asphaltic Conc. Hot Mix Surf. Crse. & Crshd. Stone Shldrs. sealed with Single Bit. Surf. Tr'mt., the typical section showing a surface 18' & sealed shoulders 3' in width, on the Pine Bluff-Little Rock Road, U. S. Highway 65, Section 12, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$73,224.14.
- 3864 Yell County, Job No. 8474, FAP S-392(5). The contract for the construction of approximately 6.306 Mi. of Gr., Mr. Dr. Strs., Gravel Base Crse., Dbl. Bit. Surf. Tr'mt. & One Prestressed Precast R. C Slab Span Br. (96.46 Lin. Ft.) with the typical section showing a Subgrade 32 ft., Crown 30 ft., Surface 20 ft. & Clr. Br. Rdwy. 24 ft. in width on the Danville-Waldron Road, State Highway 80, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$198,788.39.
- 3865 Faulkner County, Job No 8493, FAP State Job. The contract for the construction of approximately 0.333 mi. (Incl. 100 ft. Br.) of Gr., Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr. & One Reinforced Conc. Slab Span Br., the typical section showing a Subgrade 32', Min.

Crown 28', Surface 20' & Clr. Br. Rdwy. 24' in width, on the Hamlet-Mount Vernon Road, State Highway 36, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$40,753.58.

- 3866 Monroe & Prairie Counties, Job No. 1390, FAP S-157(3). The contract for the construction of approximately 10.108 Mi. of Gr., Mr. Dr. Strs., P. C. Stab. Base & Dbl. Bit. Surf. Tr'mt. having a Subgrade 32 feet, Crown 30 feet, Stabilized Base 21 feet and Surface 20 feet in width on the Roe-DeValls Bluff Road, State Highway 33, Sections 4 & 5, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$253,304.78.
- 3867 Baxter County, Job No. C-3-2, FAP S-1143(1). The contract for the construction of approximately 1.499 Mi. of Gr., Mr. Dr. Strs., Gravel Base Crse. & Dbl. Bit. Surf. Tr'mt. with the typical section showing a Subgrade 26 feet, Crown 24 feet and Surface 18 feet in width on the State Highway 62-Talbert's Landing on Lake Norfolk County Road, County Road. It is recommended these bids be rejected.
- 3868 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4. 15 P.M., Wednesday, August 31, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-first Meeting in Little Rock, Arkansas on August 31, 1960.

Dorothy Switzer
Secretary

ADDENDUM

Prior to being convened in regular session the Commission received its new member, Mr. J. E. Crain, who will fill the unexpired term of his father, J. H. Crain.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 5, 1960

The following is the record of the proceedings of the Ninety-second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on October 5, 1960 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
J. E. Crain	Member
Arnil Taylor	Member
Glenn F. Wallace	Member

3869 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., October 5, 1960.

3870 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3853 through 3866 at the regular meeting of the Commission on August 31, 1960.

3872 WHEREAS, Act 123 of 1953, the Enabling Act under which the Department operates, vests the Commission with the power and the duty to:

- (a) Establish highway policies and administrative practices for the guidance and direction of the Director, and
- (b) Establish a job classification system and a salary scale in the Department; and

WHEREAS, the establishment of a job classification system and a standard salary schedule with in-grade promotional steps is needed for efficient personnel administration and to insure uniformity in carrying out the Commission's policy of equal pay for equal work and responsibility,

NOW, THEREFORE, IT IS ORDERED that the attached Salary Schedule and Positions and suggested Grade Schedule dated September 21, 1960, be and is hereby approved and adopted as official Commission policy and the Director is authorized to include both in the proposed Departmental appropriation bill to be submitted to the 1961 General Assembly.

3873 WHEREAS, the Purchasing Committee has awarded purchases on September 6, 12, 19, 26, and October 3, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3874 WHEREAS, Act 182 of 1957 directs the Highway Department to make a study of the use of State Highways, County Roads, and Municipal Streets during the calendar year 1960, and each fourth year

thereafter, and to file a report of its findings with the Governor and the General Assembly during the first week of the regular session of the General Assembly in 1961, and quadrennially thereafter; and

WHEREAS, development of the first road-use report has progressed to the point where printing can be started;

NOW, THEREFORE, IT IS ORDERED that the Director be and is hereby authorized to proceed with final development of said report and to publish 750 copies thereof, all within the limits of funds budgeted under M. O. 3710 of May 25, 1960.

3875 In ASHLEY COUNTY on STATE HIGHWAY 52, Section 2, from Wilmot to the Chicot County Line, a distance of 6.5 miles, the Director is authorized to resurface the existing gravel road and install minor drainage structures as a betterment project, at an estimated cost of \$16,900.00. Gravel to be dumped on the road by contract, balance of work to be done by Maintenance forces.

3876 In CHICOT COUNTY on US 82, Section 10, from the Ashley County Line to Lake Village, a distance of 9.96 miles, the Director is authorized to proceed with the resurfacing of selected sections with Sand Asphalt Hot Mix Surface Course, as a betterment project, at an estimated cost of \$19,600.00, work to be done by contract.

3877 In COLUMBIA COUNTY on HIGHWAY 160, Section 3, from the City Limits of Taylor east for a distance of 10.73 miles, the Director is authorized to proceed with the placing of gravel surfacing on the existing surface, as a betterment project, at an estimated cost of \$19,200.00.

Materials are to be dumped in place on the road and the balance of the work to be done by maintenance forces.

3878 In CRAWFORD COUNTY, on Interstate Highway 40, Right-of-Way Job 4460, Construction Job 4462, located between the Oklahoma State Line at Dora and Highway 59 just north of Van Buren, the Director is hereby authorized to sell and/or demolish the buildings purchased in the acquisition of right-of-way in accordance with the prescribed legal procedures.

3879 In DREW COUNTY, upon completion of Job 2521, the official routing of State Highway No. 81 in the vicinity of Monticello shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change at Monticello", drawn 9-19-60.

By this action and in conformity with Supreme Court decisions, the section of old Highway 81 through the City of Monticello which has been replaced by new construction is hereby declared to be no

longer a part of the State Highway System.

3880 In FAULKNER COUNTY for an extension of Highway 5, a new route approximately 5.40 miles in length is hereby added to the State Highway System. The route is described in general as connecting the terminus of Highway 5 at US 64 with the southeast corner of Section 9, Township 6 North, Range 11 West which is on Highway 36 approximately 1.0 miles east of Naylor, all as shown in approximate location on attached sketch.

This action is subject to system approval by the Bureau of Public Roads.

3881 In GREENE COUNTY on Highway 139, Section 2, at Mayo Ditch, the Director is hereby authorized to enter into an agreement on behalf of the Arkansas State Highway Commission, with the Corps of Engineers, US Army, whereby the State Highway Department will rearrange the Highway 139 Bridge crossing Mayo Ditch, approximately 8.84 miles north of State Highway 25 on a cost reimbursable basis, in order to permit the Corps of Engineers to construct, improve and widen Mayo Ditch Channel, across the highway right-of-way.

The Director is further authorized, on behalf of the Arkansas State Highway Commission, to execute a perpetual easement giving the Government the authority to construct, maintain, and operate the aforesaid channel across the right-of-way of State Highway 139.

3882 In LOGAN COUNTY on Highway 109 in Scranton: WHEREAS Job 4467 from Midway to the Stop and Go light on Highway 109 in Scranton is now under construction; and

WHEREAS, since Job 4467 was programmed, Highway 109 has been extended through Scranton and placed on the State Highway System; and

WHEREAS, it is in the public interest to extend Job 4467 northward 397.0 feet and thence westward along the Main Street of Scranton for an approximate distance of 2,862.0 feet,

NOW THEREFORE, IT IS ORDERED that Job 4467 be extended 3,259.0 feet, as described above, at an estimated cost of \$5,500.00 subject to the following conditions:

1. The furnishing of all required right-of-way, clear of obstructions, at no cost to the State.
2. Program approval by the Bureau of Public Roads.

3883 WHEREAS, Minute Order 3757 approved the purchase of an Area Headquarters site at Lonoke in Lonoke County, with an allotment of \$5400.00 for the land, fencing and appurtenances and,

WHEREAS, the department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of the building and other appurtenances for a complete Headquarters facility, as a Supplement to Project No. 6-89-B, at a cost not to exceed \$14,000.00.

3884 In MISSISSIPPI COUNTY on HIGHWAY 158, Section 1, approximately 3.5 miles west of Victoria, the Director is authorized to proceed with the work of strengthening, widening and placing a concrete deck on one bridge (Length - 90') as a Betterment Project, at an estimated cost of \$4,650.00 for materials only.

This work is to be done by State Forces.

3885 WHEREAS, Minute Order 3727 approved the purchase of an Area Headquarters site at Camden in Ouachita County, with an allotment of \$5,900.00 for the land, fencing and appurtenances and,

WHEREAS the Department now has title to the property,

IT IS ORDERED that the Director be authorized to proceed with the construction of a building and other appurtenances for a complete Headquarters facility, as a Supplement to Project No. 7-73-B, at a cost not to exceed \$14,900.00.

3886 In OUACHITA COUNTY on US 79, Section 3, from the Gum Creek Bridge to Buena Vista, a distance of 7 miles, the Director is authorized to proceed with the resurfacing of selected sections (length 2 miles), as a betterment project, at an estimated cost of \$15,400.00 for materials only.

Work to be done by maintenance forces.

3887 WHEREAS, the increase in maintenance operations makes it desirable that a site be purchased for an Area Headquarters at Forrest City in St. Francis County, and,

WHEREAS, the State Police have offered to donate to the department a suitable site containing 3 acres, located on State Highway 70, approximately 3 miles west of Forrest City,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to construct fences and appurtenances as a B-Project, at an estimated cost of \$3,500.00.

3888 In SALINE COUNTY it is deemed advisable to employ local counsel in the acquisition of land for the right-of-way in connection with **Job No. 6672, I-30-2(41)105, Hot Spring-Saline County Line**, and

WHEREAS in other litigation in SALINE COUNTY the Department has advantageously utilized the services of *Attorney O. Wendell Hall*, and the said attorney has indicated his willingness to render services required for a fee of \$250.00 for each case and an additional

fee of \$250.00 if his services are required on appeal to Supreme Court.

IT IS THEREFORE ORDERED that the Director be and he is therefore authorized to sign in behalf of the Commission the contract with the said Attorney.

3889 WHEREAS, W. O. Olentine, Contractor on Job 4461, FAP S-392(4), Waldron-Forest Boundary on State Highway 80, Section 1, Scott County, stated by letter dated September 2, 1960, that he is without financial resources to carry on the work under this contract to completion; and waived Notice of Default in order to permit the Department to arrange for completion of the work required by the contractor through any method deemed appropriate, and

WHEREAS, the Chief Engineer, under date of September 6, 1960, demanded that the United States Fidelity and Guaranty Company, as surety on the performance bond given by the contractor to secure the performance of the contract, assume the performance of the work required by said contract in accordance with the plans and specifications in compliance with the terms and conditions of the bond, and

WHEREAS, the surety, United States Fidelity and Guaranty Company, under date of September 12, 1960, advised that they were in the process of entering into contracts with Forsgren Brothers, Fort Smith, Arkansas for completion of the bridge and concrete work and with D. F. Jones Construction Company of Little Rock, Arkansas, for completion of the grading, gravel base and asphalt work. This agreement was approved for the Department on September 13, 1960, by letter to the surety, by Wand Goodman, Chief Engineer, as provided by the specifications.

NOW THEREFORE IT IS ORDERED that the actions of the Chief Engineer in this matter be ratified and confirmed in all particulars.

3890 In SCOTT COUNTY on HIGHWAY 28, Section 1, approximately 3.5 miles northwest of Waldron, the Director is authorized to proceed with the work of replacing a weak, dilapidated and dangerous bridge with a truss bridge salvaged from a construction job on Highway 22 (Length 80') at an estimated cost of \$5,115.00 for materials only.

This work is to be done by State Forces.

3891 In SEVIER COUNTY on STATE HIGHWAY 24, Section 1, from State Highway 41 to the west city limits of Lockesburg, a distance of 9 miles, the Director is authorized to place additional gravel surface material, as a betterment project, at an estimated cost of \$12,500.00. The materials to be dumped in place by contract and to be spread by maintenance forces.

3892 In SHARP and INDEPENDENCE COUNTIES on US HIGHWAY 167, Sections 18 and 19, from a point .25 mile south of the Sharp County line to State Highway 115 through Cave City, a distance of 1.75 miles, the Director is authorized to resurface the existing asphalt pavement, as a betterment project, at an estimated cost of \$18,400.00.

Surfacing to be done by contract. Tack Coat to be placed by State forces.

3893 In WASHINGTON COUNTY on Highway 68-S-1, at the crossing with White River.

WHEREAS the Commission acting upon a letter of assurance from the District Engineer, Corps of Engineers, US Army, on July 28, 1960, awarded a contract for the construction of a new bridge and approaches on new location, to an elevation high enough to clear the Beaver Reservoir Flood Pool.

NOW THEREFORE, the Director is authorized to negotiate a contract with the Little Rock District, Corps of Engineers, US Army, covering reimbursement to the Department of the additional costs occasioned by the Beaver Reservoir. The Director is further authorized upon completion of Job 9419, to execute a Quitclaim Deed covering the right-of-way of the replaced highway lying within the reservoir area and to execute a subordination agreement covering flowage easements.

3894 In WASHINGTON COUNTY on STATE HIGHWAY 16: WHEREAS, under the terms of MINUTE ORDER 3452, it has been necessary for the County to expend an excessive amount of money to furnish right-of-way, free of obstructions, for the construction of Job 9424, Fayetteville-Elkins Reconstruction; and

WHEREAS, a large portion of the expenditures consisted of clearing existing right-of-way of encroachments which properly were the responsibility of the Department; and

WHEREAS, due to recent floods, Washington County has suffered the loss of numerous bridges on the County Road System;

NOW THEREFORE, the Director is hereby authorized, as remuneration for the County's expenditures for right-of-way clearance on Job 9424, and in consideration of the emergency resulting from recent floods, to transfer to Washington County, title to two steel through-truss bridges being replaced on Job 9424, Fayetteville-Elkins Reconstruction, at West Fork and Middle Fork of White River, and the three truss spans totaling 450 feet being replaced on Job 9419, White River Bridge and Approaches (east of Springdale).

3895 In WOODRUFF COUNTY, the route, approximately 4.60 miles long, connecting Highway 39 north of Hilleman with the southern

terminus of Highway 145 north of Penrose is hereby made a part of the State Highway System.

This action is subject to system approval by the Bureau of Public Roads.

- 3896 Crittenden County, Job No. 11674, FAP State Job. The contract for the construction of approximately 3.314 miles of Minor Drainage Structures, Gravel Base Course and Shaping Roadway and Ditches on the Thompson Grove-Seypell Road, State Highway 38, Section 8, is awarded to W. C. Burrow Company of Malvern, Arkansas on their low bid of \$22,335.00.
- 3897 Crittenden County, Job No. 11677, FAP State Job. The contract for the construction of embankment and Slope Paving at Bolling Road Grade Separation west of West Memphis on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$5,037.10.
- 3898 Desha County, Job No. 2620, FAP S-426(1). The contract for the construction of approximately 0.242 mile (incl. 251.17 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Surface Course and One Prestressed Precast R.C. Slab Span Bridge on the Winchester-Kelso Road, State Highway 138, Section 4, is awarded to BSW Construction Company of Grenada, Mississippi on their low bid of \$63,123.02.
- 3899 Pulaski County, Job No. 6678, FAP US-372(15) & US-USG-372(13). The contract for the construction of approximately 4.411 miles (incl. 937.28 ft. of Br. Remod.) of Grading, Minor Drainage Structs. Cr. Stone Base, P.C. Conc. Base (8" U.T.), Conc. Curb, Asph. Conc. Hot Mix Base and Surf. Crses. and Widening and Remod. One R.C. and Structural Steel I-Beam Span R.R. Overpass Struct. in the City of Little Rock, State Highway 10, Section 8, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$800,658.22, subject to the concurrence of the Bureau of Public Roads.
- 3900 Lonoke County, Job No. 6701, FAP S-173(2). The contract for the construction of approximately 8.673 miles of Grading, Minor Drainage Structs., Removing & Replacing Existing Surfacing, Plant Mixed Crushed Stone Base, Dbl. Bit. Surface Treatment and Seeding on the Lonoke-Cabot Road, State Highway 89, Section 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$231,242.37.
- 3901 Pulaski County, Job No. 6733, FAP F-FG-025-2(11). The contract for the construction of approximately 0.379 mile of Grading, Minor Drainage Structures and Two Reinforced Concrete & Structural Steel I-Beam Span Bridges (1625.11' total length) on the new location

of the Pine Bluff-Little Rock Road, US Highway 65, Section 12, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$594,058.85, subject to the concurrence of the Bureau of Public Roads.

3902 Washington County, Job No. 9449, FAP S-316(2). The contract for the construction of approximately 0.169 mile (incl. 182.17' of Bridge) of Grading, Minor Drainage Structure, Crushed Stone Base, Double Bit. Surf. Tr'mt. and One Reinforced Conc. & Structural Steel I-Beam Span Bridge on the Devil's Den State Park Road, State Highway 170, Section 1, is awarded to A. K. McBridge of Fort Smith, Arkansas on his low bid of \$56,640.34.

3903 Baxter County, Job No. C-3-2, FAP S-1143(1). The contract for the construction of approximately 1.449 miles of Grading, Minor Drainage Structures, Gravel Base Course and Dbl Bit. Surf. Tr'mt. on the State Highway 62-Talbert's Landing on Lake Norfork County Road, County Road, is awarded to Northwest Arkansas Asphalt Company of Fayetteville, Arkansas on their low bid of \$37,539.08, subject to the concurrence of the Baxter County Judge.

3904 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:45 P.M., Wednesday, October 5, 1960.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-second Meeting in Little Rock, Arkansas on October 5, 1960.

3908 WHEREAS, the Purchasing Committee has awarded purchases on October 10, 17, 24, 31, and November 7, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3909 In CLEBURNE, CONWAY, FAULKNER, VAN BUREN, and WHITE COUNTIES: WHEREAS, the Department of Defense is constructing eighteen missile bases; and

WHEREAS, certain work has to be done on access roads to the proposed bases prior to letting contracts for their construction, and on an emergency basis; and

WHEREAS, the Department of Defense is paying all costs through the Bureau of Public Roads; and

WHEREAS, the Highway Department is furnishing all materials and equipment, as required, up to a maximum of \$50,00000, including equipment rental; and

WHEREAS, the Highway Department is authorized to perform such work, under these conditions, by Act 262 of 1937;

NOW THEREFORE, the actions of the Director and the Highway Department are hereby ratified in all particulars.

3910 WHEREAS, the Department has purchased 18.76 acres near the Mablevale Interchange for a new Central and District No. 6 Headquarters site, and,

WHEREAS, the tract of land, containing 8.29 acres, located between this property and the Mablevale Interchange, owned by Mrs. J.S. Moseley, can be purchased for \$37,500.00, and,

WHEREAS, the Consulting Engineers have advised that this additional property will be needed for the proposed construction,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of title with the funds to be allotted from the State Jobs and Betterments appropriation, as contained in Minute Order 3710.

3911 In SALINE COUNTY on Interstate Highway I 30, in the northeast quadrant of the intersection with existing Highway US 70 near Benton, the Director is authorized by Minute Order No. 3193, dated April 8, 1959, to acquire among other pieces of property, the property of R. E Keathley. That the Keathley property is described as follows:

That part of the SE 1/4 of the SE 1/4 of Section 3, Township 2 South, Range 15 West, described as beginning at the Southeast corner of said SE 1/4 of the SE 1/4 and run thence North 594 feet to the center of branch for a point of beginning; run thence North to the South right of way line of the new highway, as said new highway is now located; thence West along the South right of way line of said new Highway 67-70 a distance of 300 feet; thence South to the center of said branch; thence in a North-easterly direction along the center of said branch to the point of beginning.

Upon which property there is a nine room, two bath, one and one-half story residence and garage; a souvenir and gift shop; a concrete block service station and on which property there is a going business.

That the owner has agreed to transfer the property to the Department for the sum of \$30,000.00, reserving the right to remove all of the improvements from the property and to dismiss any claims which he now has for damages to his property caused by the building of said highways; that this price is less than our appraised value of the

property.

The Director is hereby authorized to consummate the above transaction at and for the cost to the Department of \$30,000.00.

3912 WHEREAS, in the acquisition of the right-of-way for Highway 36, at the edge of Kensett, Arkansas, the said right-of-way was acquired under an Order of the White County Court under date of February 14, 1947; the land herein referred to being donated by the owner, and

That said right-of-way traversed Parcel 16 which comprises Lots 7, 8, 9, 10, 11 and 12 of Block 26 of the original City of Kensett, and the right-of-way at this point was widened from 50' to 80' on the north side of center line of the highway. That the additional 30' was for a borrow pit. That the 30' strip through said lots adjacent to the highway is not needed and can be declared surplus, and

IT IS THEREFORE considered and ordered that a 30' strip along the north side of Highway 36, in the town of Kensett, Arkansas at Lots 7, 8, 9, 10, 11 and 12 of Block 26, be and the same declared surplus, and that subject to the approval of the Bureau of Public Roads, the Director is authorized and empowered to execute a release of said property in the manner provided by statute.

3913 In CRAWFORD, WASHINGTON, and BENTON COUNTIES, subject to approval by the American Association of State Highway Officials, IT IS ORDERED that State Highway No. US 271 be extended from its present terminus at the junction of US 71 in Fort Smith to the Missouri State Line north of Sulphur Springs via US 71 and 64 to the junction of State Highway No. 59 in Van Buren, thence along State Highway No. 59 via Evansville, Dutch Mills, Summers, Siloam Springs, Gentry, Decatur, Gravette, and Sulphur Springs to the Missouri State Line.

3914 WHEREAS, in NEWTON COUNTY, at Lurton, a more direct connection to the north for State Highway 23 is needed to eliminate indirection and better serve the highway needs of the people of that area,

NOW THEREFORE, IT IS ORDERED, that the old section of State Highway 7, approximately 0.6 mile in length, which was dropped from the system by Minute Order 1770 of October 31, 1956, is hereby reinstated as a part of the State Highway System to be designated as a Wye leg of State Highway No. 123, subject to the following conditions:

1. All required right of way, free of obstructions, will be furnished without cost to the State.
2. Acceptance by the Bureau of Public Roads as part of the Federal-aid Secondary System.

3915 In JEFFERSON COUNTY on STATE HIGHWAY 15, Section 7, on the east side of Olive Street in Pine Bluff, the Director is authorized to surface a widened section of this Street (26' x 660') with Asphaltic Concrete Surface Course, as a betterment project, at an estimated cost of \$3,300.00.

Work to be done by Maintenance Forces

3916 In LONOKE COUNTY on STATE HIGHWAY 236, Section 1, from State Highway 89 to State Highway 31, a distance of 6.18 miles, the Director is authorized to construct minor drainage structures and place gravel base course, as a betterment project, at an estimated cost of \$20,000.00. Gravel to be dumped in place by contract - Balance of work to be done by maintenance forces.

3917 In MONROE COUNTY on PI-6 at the Fargo Training School, the Director is authorized to place minor drainage structures, gravel base and single bituminous surface on 0.7 mile, as a betterment project, at an estimated cost of \$4,800.00 for materials. Base material is to be dumped in place by contract with balance of the work to be done by maintenance forces.

3918 In PRAIRIE COUNTY on HIGHWAY 86, Section 2, from State Highway 31 to a point 3.9 miles southeast, the Director is authorized to place additional base course material, as a betterment project, at an estimated cost of \$18,000.00. The material is to be dumped in place by contract and spread by maintenance forces.

3919 In PULASKI COUNTY at the new State Veterinarian Building, on the State Police property, on Roosevelt Road, the Director is authorized to surface a driveway, approximately 200 feet in length, from the end of the driveway behind the Forestry Building to the new building, as a betterment project, at an estimated cost of \$750.00 for materials, with the work to be done by Maintenance forces.

3920 In WOODRUFF COUNTY on STATE HIGHWAY 262, Section 1, from State Highway 33 to McClelland, a distance of 4 miles, the Director is authorized to place additional gravel surface material on selected sections (Total length 2 miles), as a betterment project, at an estimated cost of \$19,900.00. The gravel is to be dumped in place by contract and spread by maintenance forces.

3921 In YELL COUNTY on HIGHWAY 60, Section 3, approximately 3 miles east of Plainview, the Director is authorized to proceed with the work of widening, strengthening and placing a concrete deck on an existing bridge (Length 80'), as a Betterment Project, at an estimated cost of \$3,500.00 for materials only.

This work is to be done by State Forces.

3922 In DESHA COUNTY on HIGHWAY 4, in the City of McGheee, the Director is authorized to proceed with surveys, plans right-of-way acquisition and construction of an overpass with approaches over existing tracks and a proposed Missouri Pacific Hump Yard at an estimated cost of \$425,000.00.

The provisions of this minute order are subject to the following conditions:

1. Program approval, as a grade crossing project, by the Bureau of Public Roads.
2. Definite commitment by the Missouri Pacific Railroad Company that the hump yard will be built, with a target date for the beginning of construction.
3. Participation in the cost of construction and engineering for the project, in the amount of 10%, by the Missouri Pacific Railroad Company.
4. Furnishing of right-of-way, clear of obstructions, free of cost to the State, except for federal participation.

3923 The Director is hereby authorized, as funds are available, to proceed with preparation of plans, acquisition of right of way, and construction on the Primary System as outlined in the following program of projects, consisting of 29 items, listed on the 10 sheets attached hereto. This action is subject to approval of each individual project by the Bureau of Public Roads

3924 The Director is hereby authorized, as funds are available, to proceed with the preparation of plans and construction on the Secondary System as outlined in the following program of projects, consisting of 62 items listed on the 12 sheets attached hereto. This action is subject (a) to the furnishing of all necessary right of way, clear of obstructions, free of cost, to the Department, and (b) to approval of each individual project by the Bureau of Public Roads.

3925 In DESHA COUNTY: WHEREAS, MINUTE ORDER 3898 awarded the contract for Job 2620 to BSW Construction Company of Grenada, Mississippi on their low bid of \$63,123.02; and

WHEREAS, the BSW Construction Company has not become licensed as required by State law, nor furnished a performance bond after being notified of the award;

NOW THEREFORE, Minute Order 3898 is hereby cancelled and the award is made to R. N. Reynolds and Sons Construction Company of Camden, Arkansas on their bid of \$63,317.12 which is the lowest qualified bid, and the Director is authorized to return the bid bond of the BSW Construction Company

3926 Jefferson County, Job No. 2619, FAP S-269(3). The contract for the construction of approximately 1.887 miles of Crushed Stone Base and Asphaltic Concrete Hot Mix Surface Course on the Jct. Hwy.

65-International Paper Mill Road, US Highway 81, Section 83 is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of 70,694.01.

3940 WHEREAS, the Purchasing Committee has awarded purchases on November 14, 21, 28 and December 5, and 12, 1960, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3941 WHEREAS, this Department has for a number of years maintained membership in the America Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1961 membership dues in the amount of \$52.50.

3942 WHEREAS, the Arkansas State Highway Employees Group Insurance first three year contract with the First Pyramid Life Insurance Company of America expires January 1, 1961, and

WHEREAS, the First Pyramid Life Insurance Company of America has made a formal offer to continue coverage under the Arkansas Highway Department's master policies for the fourth contract year, which begins January 2, 1961, at the same rates as those now in effect, and

WHEREAS, the Group Insurance Committee met at 11:00 A.M. November 14 to discuss the continuation of our present contract, and after a review of the experience record and proposed changes in benefits and premium increase the Committee voted unanimously to continue the present coverage for the fourth contract year. About eighty per cent of current employees and retirees are members of the plan and evidently are satisfied.

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to continue our present insurance coverage with the First Pyramid Life Insurance Company of America for one

contract year beginning January 2, 1961.

3943 WHEREAS, the installation of aluminum and glass storm doors at the front and west entrances of the Central Office Building will increase the efficiency of heating and cooling the building and will eliminate the draft conditions in halls; and

WHEREAS, an estimate of cost has been obtained in the amount of \$1,090.00;

NOW THEREFORE, the Director is authorized to invite bids for furnishing all materials and installation of the storm doors.

3944 In WHITE COUNTY on Job No. 5440 it was agreed that the County Court of White County would acquire the right-of-way on said job and that this Department would reimburse the County within the limits of the State's appraisals.

THAT included in the acquired right-of-way was certain property belonging to David Hamby which was certified by the County Court of White County as being of value of \$6.40 which David Hamby had agreed to accept. That the said David Hamby denied having agreed to accept the sum of \$6.40 for his damages and on an appeal from the order of the White County Court, the Circuit Court found that David Hamby had not agreed to accept such sum and that he had been misled by misrepresentation made to him and that he was entitled to \$1,000.00 as his damages for which amount judgment was rendered against White County and that the sum of \$1,000.00 less \$6.40 remitted to White County with other amounts due on this job should be paid by this Department.

IT IS THEREFORE ordered that a warrant in the sum of \$993.60 be processed in payment of this debt.

3945 In ASHLEY COUNTY on HIGHWAY 52, Section 1, from Wilmot to a point 6.5 miles west, the Director is authorized to resurface with gravel surfacing material, as a betterment project, at an estimated cost of \$13,000.00, with the gravel to be dumped in place by contract and spread by State forces.

3946 In JACKSON COUNTY on STATE HIGHWAY 145, Section 1, from Highway 14 to Highway 37, a distance of 9 miles, the Director is authorized to place stone base material, as a betterment project, at an estimated cost of \$19,600.00 with the material to be dumped in place by contract and spread by State forces.

3947 In JEFFERSON COUNTY on STATE HIGHWAY 104, Section 1, from US 79 to the Boys' Industrial School at Pine Bluff, a distance of 2.65 miles, the Director is authorized to install side drain culverts to replace the existing wooden culverts, as a betterment project, at an

estimated cost of \$7,600.00 for materials only.

3948 In LITTLE RIVER COUNTY on HIGHWAY 234, Section 1, between Alleene and Winthrop the Director is authorized to proceed with the work of replacing two rotted and narrow timber bridges (Total length - 90') using treated timber piling, treated timber caps, salvaged bridge steel and a concrete deck. This work is to be done as a betterment project by State Forces at an estimated cost of \$2,800.00 for materials only.

3949 In LOGAN COUNTY on STATE HIGHWAY 22, Section 4, from Midway to the Yell County line, distance of 14.62 miles, the Director is authorized to resurface selected sections (total length 5.75 miles) with blade mix asphalt surface material, as a betterment project, at an estimated cost of \$20,000.00 for materials - Work to be done by State forces.

3950 In MILLER COUNTY on US HIGHWAY 71, Sections 1 and 2, from Texarkana to the Louisiana line, the Director is authorized to resurface selected sections of the existing asphalt pavement, as a betterment project, at an estimated cost of \$9,800.00 for materials only.

Work to be done by Maintenance forces.

3951 In MISSISSIPPI COUNTY on STATE HIGHWAY 77, Section 2, at the junction of State Highway 18 in Manila, the Director is authorized to proceed with the work of grading, drainage and double bituminous surfacing the west leg of the wye, a distance of 1,200 feet, as a betterment project, at an estimated cost of \$4,000.00 for materials. The work is to be done by State Forces.

3952 In PHILLIPS COUNTY:

WHEREAS, for construction of the Helena Bridge, Federal Aid Project U-F-018-5(2), Housing and Home Finance Agency Project No. PFL-V-3-91, the several classifications of laborers and mechanics to be employed, and the minimum rates of pay, were established by the Director of Mississippi State Highway Department (Decision No. 75, dated July 7, 1958) and the Arkansas State Highway Commission (Minute Order 2807, dated July 9, 1958) and approved by the Housing and Home Finance Agency on July 14, 1958,

AND WHEREAS, the Contractor for Arkansas Job No. 11638, Contract No. 8 for the construction of Helena Bridge, under the provisions of the contract and by letter dated December 12, 1960, has requested the establishment of additional classifications and minimum rates of pay,

NOW THEREFORE IT IS ORDERED that additional classifi-

cations and minimum rates of pay are established hereby as follows:

Roofer	\$1.65 per hour
Sheet Metal Worker	\$2.00 per hour

3953 In POINSETT COUNTY on HIGHWAY 69, Section 6, west of Trumann, the Director is authorized to proceed with the work of widening, strengthening and placing a concrete deck on two timber bridges (Total length - 97') using treated timber and salvaged bridge steel. This work is to be done as a Betterment Project by State Forces at an estimated cost of \$4,100.00 for materials only.

3954 WHEREAS, on June 29, 1960, Minute Order 3756 was approved for the purchase of an Area Headquarters site from a Mr. Earl Smith of Morrilton, and,

WHEREAS, subsequent investigation revealed that title to this property could not be obtained, and,

WHEREAS, Mr. Orville Farley of Morrilton has offered to sell the Department a suitable site containing 4.75 acres, located just west of Morrilton on US 64, for \$2,750.00,

IT IS ORDERED that the funds allocated by Minute Order 3756, in the amount of \$5,400.00, be used for the purchase of this property and the construction of fences and appurtenances.

3955 In JEFFERSON COUNTY in the CITY OF PINE BLUFF: WHEREAS, to establish an adequate Highway System within and through the City of Pine Bluff, the Highway Department has made a comprehensive study, including traffic desires, services for internal and external traffic, and ability to build within the means available; and

WHEREAS, the findings of this study have been assembled and published in a report entitled "Pine Bluff Highway Study," dated August, 1960; and

WHEREAS, after dissemination of the information in the report, and after wide publicity and advertising, interested parties presented their views on the proposed route recommended in the report at official Public Hearings held in Pine Bluff on September 6, 1960 and continued on September 12, 1960; and

WHEREAS, a transcript of the Public Hearings was made and the results have been given serious consideration by the Staff and Commission, including additional information and recommendations submitted by the Pine Bluff Planning Commission, dated September 12, 1960, and attached to the transcript; and

WHEREAS, careful consideration has been given to the economic effects of the proposed work and recommended route;

NOW THEREFORE, IT IS ORDERED that the "Pine Bluff Highway Study" dated August, 1960 is hereby accepted as official, the routes recommended are hereby adopted, and the Director is authorized to proceed with whatever actions are necessary to determine locations, prepare plans, and buy right-of-way for construction of the section designated 1A; and to survey, prepare plans, and buy right-of-way for the remaining projects in order as recommended.

This action is subject to the conditions that, when detailed surveys are made, the final location will reflect consideration of the recommendations of the Pine Bluff Planning Commission as shown in their letter, dated September 12, 1960, which is attached and made a part of the transcript; and those of other interested citizens and groups, as recorded in the transcript.

This action is also subject to the further condition that it has the approval of the Bureau of Public Roads.

- 3956 In LINCOLN COUNTY on STATE HIGHWAY 114, Section 2, a secondary route from junction with US Highway 65 in Gould north-east to the levee at Douglas, a distance of 7.01 miles, the Director is authorized to proceed with grading, minor drainage structures, base, and surface of roadway and two bridges, totaling 203 lineal feet; at an estimated cost of \$274,500.

This action is subject to the furnishing of all necessary rights of way clear of obstructions, and free of cost to the Department; and to program approval by the Bureau of Public Roads.

- 3957 Woodruff County, Job No. 11656, Bayou Devew Bridge & Approaches, FAP S-311(1). The contract for the construction of approximately 0.288 miles (Incl 140.0' of Br.) of Grading, Minor Drainage Structures, Gravel Base and One R. C. Slab Span Bridge on the Morton-North Road, State Highway 269, Section 1, is awarded to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$36,617.62.

- 3958 Cleveland County, Job No. 2616, Pansy-Northwest, FAP S-242(2). The contract for the construction of approximately 9.237 miles (Incl. 383.83' of Brs. & Br. Lgth. Culvt.) of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surface Treatment, Three Pre-cast R. C. Slab Span Bridges (361.75'), Extend One Bridge-Length Culvert (22.08' Span Lgth.) and other miscellaneous items on the Pansy-Rison Road, State Highway 35, Section 5, is awarded. to L. S. Company, Inc., of Lake Village, Arkansas on their low bid of \$285,603.33.

- 3959 Lincoln County, Job No. 2618, Garrett Bridge-Southwest Bridges & Approaches, FAP S-362(3). The contract for the construc-

tion of approximately 0.567 mile of Grading, Gravel Base Course and Three Precast and Prestressed Precast R. C. Slab Span Bridges on Concrete Piling (331.16 ft. total length) on the Dumas-Little Garnett Road, State Highway 54, Section 3, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$86,238.59.

- 3960 Little River County, Job No. 3563, Red River-North Reconstruction, FAP S-202(11). The contract for the construction of approximately 1.129 miles (Incl. 75.0 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bit. Surf. Tr'mt., Seeding and One R. C. Slab Span Bridge on the New Boston, Texas-Foreman, Arkansas Road, State Highway 41, Section 3, is awarded to R. H. Davis, of Stamps, Arkansas on his low bid of \$122,326.17.
- 3961 Pike County, Job No. 3582, Jct., Hwy., 19-Northeast, FAP S-441(1). The contract for the construction of approximately 3.397 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Seeding, One Bridge Length Culvert (37.01 ft. span) and One Precast R. C. Slab Span Bridge (209.25 lin. ft.) on the Prescott-Antoine Road, State Highway 29, Section 6, is awarded to R. H. Davis, of Stamps, Arkansas on his low bid of \$126,100.12.
- 3962 Sharp County, Job No. 5473, Martin Creek Bridge & Approaches, FAP F-033-2(5). The contract for the construction of approximately 0.572 miles (Incl. 227.16' of Br.) of Grading, Minor Drainage Strs., Pl. Mxd. Crushed Stone Base, ACHM Base and Surf. Courses, Bituminous Treated Shoulders and One R. C. & Str. Steel I-Beam Span Bridge on the Imboden-Hardy Road, US Highway 63, Section 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$146,216.76, subject to the concurrence of the Bureau of Public Roads.
- 3963 Baxter & Stone Counties, Job No. 5490, Forest Boundary-Fifty-Six, FAP S-223(12), FH-14-1(1). The contract for the construction of approximately 8.248 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and Seeding on the Harriet-Allison Road, State Highway 14, Sections 5 & 6, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$216,976.22, subject to the concurrence of the Bureau of Public Roads.
- 3964 Fulton County, Job No. 5507, Town Creek Bridge & Approaches (Salem), FAP S-201(4). The contract for the construction of approximately 0.036 mile (Incl. 93.92' of Br. Remod.) of Grading, Crushed Stone Base and Double Bituminous Surface Treatment on short approaches and Remodeling One Existing Bridge Structure at Town Creek in the City of Salem, State Highway 9, Section 15, is awarded to D. & W. Bridge Company, Inc., of North Little Rock,

Arkansas on their low bid of \$31,846.40.

- 3965 Johnson & Newton Counties, Job No. 8473, Ozone-Newton County Line, FAP S-138(5), FH-21-1(1). The contract for the construction of approximately 7.992 miles of Grading, Minor Drainage Structures, Asphalt Treated Plant Mixed Cr. Stone Base Crse., Dbl. Bit. Surf. Tr'mt. and Seeding on the Ozone-Fallsville Road, State Highway 21, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$405,561.67, subject to the concurrence of the Bureau of Public Roads.
- 3966 Newton County, Job No. 9426, Johnson County Line-Fallsville, FAP S-138(6), FH-21-2(1). The contract for the construction of approximately 5.785 miles of Grading, Minor Drainage Structures, Asphalt Treated Pl. Mxd. Crushed Stone Base Course, Double Bituminous Surface Treatment and Seeding on the Ozone-Fallsville Road, State Highway 21, Section 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$295,111.65, subject to the concurrence of the Bureau of Public Roads.
- 3967 Madison County, Job No. 9441, Wesley-Huntsville, FAP S-287(5). The contract for the construction of approximately 13.029 miles (Incl. 301.11' of Brs. & Br. Lgth. Culvts.) of Grad., Minor Drainage Structures, Plant Mixed Crushed Stone Base, Dbl. Bit. Surface Tr't., Two Precast Concrete Slab Span Bridges, Four Bridge-Length Culverts and other miscellaneous construction on the Fayetteville-Huntsville Road, State Highway 74, Section 3, is awarded to Gillioz Company, Inc., of Monett, Missouri on their low bid of \$621,656.23.
- 3968 Clay County, Job No. 10664, Jct., Hwy., 67-Success, FAP S-460(1). The contract for the construction of approximately 3.397 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Bridge Length Culvert (35.03 ft. span length) and One Reinforced Concrete Slab Span Bridge (120.00 Lin. Ft.) on the Datto-Success Road, State Highway 211, Section 1, is awarded to Mississippi Valley Contracting Company, Inc, of Paragould, Arkansas on their low bid of \$149,237.33.
- 3969 Crittenden & Mississippi Counties, Job No. 1335, Lake David-Bardstown Base & Surfacing, FAP I-55-1(26)23. The contract for the construction of approximately 11.198 miles of Limited Grading & Minor Drainage Structures, Selected Mat., Cr. Stone Base, Portland Cement Concrete Pavement (10" U. T.), Bituminous Treated Shoulders, Precast Concrete Slope Protection, Curbing, Solid Sodding and Seeding on the West Memphis-Missouri State Line Road, Interstate 55, Section 1, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$2,444,650.95, subject to the concurrence of the Bureau of Public Roads.

3970

IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:30 P.M., Wednesday, December 14, 1960

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Ninety-fourth Meeting in Little Rock, Arkansas on December 14, 1960.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 5, 1959

The following is the record of the proceedings of the Seventy-second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 5, 1959 at which time the following members were present:

Glenn F. Wallace	Chairman
Harry W. Parkin	Vice-Chairman
Lawrence Blackwell	Member
James H. Crain	Member
Raymond F. Orr	Member

3071 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 11:00 A.M., January 5, 1959.

3072 The Arkansas Highway Commission has very carefully considered a letter of resignation submitted by Mr. Herbert Eldridge under date of December 30, 1958.

It is with regret that the Commission has unanimously decided to accept Mr. Eldridge's resignation. Mr. Eldridge's letter leaves to the discretion of the Commission the effective date. The Commission will immediately begin the difficult task of seeking a Director who can and will maintain the continuance of the Commission's dedication to the spirit and expressed intent of the Mack-Blackwell Amendment.

The Commission has told Mr Eldridge it will do everything possible to secure a Director by March 1. Mr. Eldridge has agreed to continue as Director until March 1.

Mr. Eldridge has served the people of Arkansas most faithfully and in an outstanding way as Director for nearly six years. The Commission expresses its thanks and appreciation for the splendid job of road building that Mr. Eldridge has done under the Commission's policies.

3073 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 11:55 A.M., Monday, January 5, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-second Meeting in Little Rock, Arkansas on January 5, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 28, 1959

The following is the record of the proceedings of the Seventy-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 28, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3074 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 28, 1959.

3075 It is ordered that the Highway Commission meet in Special Session on Wednesday, February 18, 1959 at 2:00 P.M. for the purpose of receiving bids for the sale of bonds for the Helena Bridge.

3076 In addition to his duties and responsibilities as Maintenance Engineer, Mr. R. B. Winfrey will act as Director effective January 15, 1959.

3077 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 3064 through 3069 at the regular meeting of the Commission on November 25, 1958.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

3080 WHEREAS, The American Association of State Highway Officials has billed the Department for Departmental Membership Dues for the year 1959, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1959 in the amount of \$1,519.50.

3081 WHEREAS, this Department has for a number of years maintained membership in the American Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1959 membership dues in the amount of \$37.50.

3082 WHEREAS, the Purchasing Committee has awarded purchases on December 1, 8, 15, 22, 1958 and January 5, 12, 19 and 26, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3083 WHEREAS, the State Purchasing Department received bids on Bid Reference No. S-59-34 on January 22, 1959, and

WHEREAS, it has subsequently been determined that the Department was supplied with erroneous information on specifications which has resulted in formal protest being lodged against the awards as recommended by the State Purchasing Department

NOW, THEREFORE, it is the considered judgment of this Com-

mission that the State's interests will best be served by rejecting all bids and that the Director be and he is hereby instructed to readvertise for bids on these items at a later appropriate date.

3084 WHEREAS, This Department is urgently in need of additional office space, and

WHEREAS, the Commission is informed that the Third floor of the Game and Fish Commission Building containing approximately 4,679 square feet is available

NOW, THEREFORE, IT IS ORDERED that the Acting Director be and he is hereby authorized to make an offer to the Game and Fish Commission effective March 1, 1959 to rent the entire Third floor of the Game and Fish Commission building at an annual rental of \$12,000.00, payments to be made in equal monthly installments with the further provision that the Commission shall have the right to renew, said agreement for an additional three one-year periods at the rate of \$12,000.00 per year.

With the further provisions that all utilities except those for telephone will be furnished at no cost to the State Highway Commission.

The acceptance of the provisions of the order by the Game and Fish Commission shall be construed as an agreement by and between the respective Commissions, and all actions of their respective agents shall be governed accordingly.

3085 Within the limitation of funds authorized by Budget Minute Order No. 2695 of May 7, 1958, Section 4, Item 7, the Director is hereby authorized to proceed with the printing of 200,000 State Service Maps, at an estimated cost of \$17,000

3086 For the purpose of conducting construction inspector's training courses, the Director is authorized to transfer the estimated cost of \$4,000.00 from the budget unassigned balance to cover salaries and expenses of employees and miscellaneous supplies.

3087 In Craighead County on Highway 39, Section 4, at the South City Limits of Jonesboro, Arkansas, it has been determined that a strip of land 600 feet long and 30 feet wide, lying between station 379+50 and station 385+50 on the North side and a strip of land 300 feet long and 15 feet wide lying between station 378+00 and station 381+00 on the South side, both strips of land lying 40 feet from and parallel with the centerline of Highway 39, was secured for the construction of highway Job No. 10220 in 1940 and is no longer needed for highway maintenance purposes.

It is ordered that the Director be authorized to release this right-of-way to the abutting property owner in accordance with pre-

scribed legal procedures.

3088 Whereas, in co-operation with the Texas Highway Department and based on the findings of a joint traffic survey, the need was established and the general location determined for a belt-line highway route bounding the west, south, and east sides of the urban area of Texarkana, Arkansas-Texas; and

Whereas, the location of that portion of the circumferential route lying in Texas has been approved by their local government officials and the Highway Department of Texas; and

Whereas, the City Planning Division of the University has advised that the suggested belt-line location ties in with the Master Street Plan now being developed for Texarkana; and

Whereas, on November 25, 1958, the City Council of Texarkana, Arkansas, and the County Judge of Miller County approved the belt-line route location, and this action is duly attested by signatures on a map of the proposed location;

Now Therefore, in the interest of sound planning for the over-all development of the future transportation network for the urban area of Texarkana, the Director is hereby authorized to approve the route location developed by the Department, and to supply a properly-signed map of the plan to the interested local governmental agencies and the Texas Highway Department. It is expressly understood that no steps will be taken toward development of the proposed route until further action is taken by the Commission and approval of the route location by the Bureau of Public Roads.

3089 In BOONE COUNTY on State Highway 206, Section 1, the route established by Minute Order No. 2167 is hereby modified to read as follows:

"From GAITHER COMMUNITY east to a crossing with State Highway 7 and thence northeast to Bellefonte, a distance of approximately 10.71 miles, along the route indicated as changed designation on attached route sketch map drawn January 13, 1959.

3090 In PULASKI COUNTY, on the State Capitol Grounds, the Director is authorized to proceed in coordination with other State Agencies, to provide for the erection of Heritage lights mounted on ten foot poles in front of the Education, Health, Highway and Game and Fish Buildings with four lights to be erected in front of the Highway Building at an estimated cost to the Department of approximately \$330.00. It is understood that the maintenance and operation expense will be borne by the Office of the Secretary of State.

3091 In PHILLIPS COUNTY, for the Access Road to the Helena Bridge, condition 1 of Minute Order 2820 is revised to read as follows:

All required right-of-way, free of obstructions, will be furnished free of cost to the State. The adjustment of utilities will be made by the State as a participating in federal aid item, provided this provision will not unduly delay the project. The State's share for the adjustment of the utilities will be reimbursed by the City of Helena.

All other provisions of Minute Order 2820 are to remain the same.

3092 In POINSETT COUNTY on HIGHWAY 14 at the crossing of the St. Louis Southwestern Railway Company in Waldenburg, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program Approval by the Bureau of Public Roads.

3093 In PULASKI COUNTY on Highway 5 in the City of North Little Rock, from 24th Street to "H" Street a distance of approximately 1.11 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys and plans for the widening of the highway in cooperation with the City of North Little Rock subject to the following conditions:

1. All construction will be performed by the City of North Little Rock.
2. All required utility adjustments will be made without cost to the State.
3. City of North Little Rock to remove parking from both sides of Main from 13th Street to 24th Street between the hours of 7:00 and 8:30 A. M. and 4:30 to 6:00 P. M.
4. City of North Little Rock to install, operate and maintain satisfactory signal lights to provide three lane operation with reversing two lanes to town in the morning and two lanes out of town in the evening.
5. Acceptance of the provisions of this Minute Order by the Mayor of the City of North Little Rock within 60 days.

3094 WHEREAS, in SEBASTIAN COUNTY, at GREENWOOD, we have been renting a Maintenance Headquarters lot from the Missouri Pacific Railroad Company and,

WHEREAS, the Railroad Company has now declared this property surplus and has offered to sell approximately 2-1/3 acres for an Area Headquarters at a cost of \$200.00 per acre,

IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the purchase of this property and with the construction of buildings, fences and other ap-

purtenances for a complete Area Headquarters facility, as a B-Project, at an estimated cost of \$20,000.00, which will include the cost of the land.

3095 WHEREAS, in SEBASTIAN COUNTY, at Fort Smith, the Department now has under construction a new Division Headquarters facility at a cost of approximately \$125,000.00 and,

WHEREAS, there is still need for a storage building, driveways and other appurtenances, before the facility will be complete and,

WHEREAS, there still remains a balance of \$25,000.00 in the purchase price, as agreed to by the American Can Company for the property on Midland Boulevard and approved by the Commission under Minute Order 2740, which has not been allocated,

IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the construction of a metal storage building, a loading platform, driveways and other appurtenances, at an estimated cost of \$25,000.00.

3096 In BENTON COUNTY on State Highway 102, Section 3, from Highway 102 at Centerton east to Highway 94, a distance of approximately 9.43 miles, the conditions of Minute Order 2951 having been fulfilled, the Director is authorized to proceed in the most feasible and economical manner with the work necessary to bring the route to a standard for maintenance, at an estimated cost of \$13,800.00.

3097 In FAULKNER COUNTY on State Highway 225, Section 1, from U. S. Highway 65 at Greenbrier northeast through Centerville Community to Highway 107, a distance of approximately 12.6 miles, the conditions of Minute Order 2185 having been fulfilled, the Director is authorized to proceed in the most feasible and economical manner with the work necessary to bring the route to a standard for maintenance, at an estimated cost of \$12,800.00.

3098 In INDEPENDENCE COUNTY at the Division 5 Maintenance Headquarters, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing two prefabricated metal storage buildings to replace a frame storage building and a frame shed building, which are old and unfit for use, as a B-Project, at an estimated cost of \$16,000.00.

3099 In LITTLE RIVER and SEVIER COUNTIES on HIGHWAY 41 at the crossing of Little River, MINUTE ORDER 3004 is hereby modified to provide for the replacement of the Little River Bridge at an estimated cost of \$489,000.00. The conditions of MINUTE ORDER 3004 remain unchanged.

3100 In POINSETT COUNTY on State Highway 136, Section 0,

from Highway 135 southeast of Riverdale east to Mississippi County Line, a distance of approximately 2.17 miles, the conditions of Minute Order No. 2216 having been fulfilled, the Director is authorized to proceed in the most feasible and economical manner with the work necessary to bring the route to a standard for maintenance, at an estimated cost of \$10,900.00.

- 3101 In UNION COUNTY on U. S. HIGHWAY 167, the first paragraph of Minute Order No. 2897 is revised to read as follows: in Junction City from First Street to the City Limits, a distance of approximately 0.86 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$46,600.00 in State and Federal Funds.

All other provisions of Minute Order No. 2897 are to remain the same.

- 3102 Phillips County, Arkansas and Coahoma County, Mississippi, Job No. 11631 (Contract No. 1), FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of Six Caisson Piers for the River Bridge is awarded to Kansas City Bridge Company of Kansas City, Missouri and Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$2,629,988.00, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.

- 3103 Phillips County, Arkansas and Coahoma County, Mississippi, Job No. 11632 (Contract No. 2) FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of Piers and Abutments for the Approaches to the River Bridge is awarded to Kansas City Bridge Company of Kansas City, Missouri and Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$569,246.00, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.

- 3104 Coahoma County, Mississippi, Job No. 11633 (Contract No. 3 & 6), FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of approximately 2000.0 feet of Substructures & Superstructure consisting of Piers and Abutments and Fabrication and Erection of Superstructure and Deck using Precast Prestressed Concrete Beams is awarded to Peter Kiewit Sons' Company of Omaha, Nebraska on their low bid of \$599,620.00, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.

- 3105 Phillips County, Arkansas and Coahoma County, Mississippi, Job No. 11634 (Contract No. 4), FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of approximately 3110.0 feet of Fabrication and Erection of Superstructure Metalwork

and Deck Construction for the River Bridge is awarded to John F. Beasley Construction Company of Chicago, Illinois on their low bid of \$3,664,237.50, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.

- 3106 Phillips County, Arkansas and Coahoma County, Mississippi, Job No. 11635 (Contract No. 5), FAP U-F-018-5(2), HHFA Project PPL-V-3-91. The contract for the construction of approximately 2094.00 feet of Fabrication and Erection of Superstructure Metalwork and Deck Construction for Approaches to the River Bridge is awarded to John F. Beasley Construction Company of Chicago, Illinois on their low bid of \$856,955.50, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.
- 3107 Coahoma County, Mississippi, Job No. 11637 (Contract No. 7), FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of approximately 1.286 miles of Grading, Granular Embankment and Base, Gravel Shoulders and 8" Portland Cement Concrete Pavement is awarded to R. B. Potashnick of Cape Girardeau, Missouri on their low bid of \$818,033.50, subject to the concurrence of the Bureau of Public Roads, the Housing and Home Finance Agency and the Mississippi State Highway Commission.
- 3108 Phillips County, Arkansas, Job No. 11638 (Contract No. 8), FAP U-F-018-5(2), HHFA Project PFL-V-3-91. The contract for the construction of Office Building; Garage Building; Toll Booth; Toll Collection Equipment; Site Grading and Surfacing; Bridge and Area Lighting; Water, Gas and Power Supply, all bids rejected.
- 3109 Chicot County, Job No. 2542, FAP F-012-1(3). The contract for the construction of approximately 3.513 miles (Incl. 150' of Bridge) of Grading, Mr. Dr. Strs., Crshd. Stone Base and Shoulders, ACHM Base & Surf. Crses. & One R.C. Slab Span Bridge on the Dermott-Halley Road, State Highway 35, Section 9, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$373,696.17, subject to the concurrence of the Bureau of Public Roads.
- 3110 Ashley County, Job No. 2584, FAP S-440(7). The contract for the construction of approximately 8.946 miles of Grading, Minor Drainage Structures, Gravel Base & Double Bituminous Surface Treatment on the Hamburg-Parkdale Road, State Highway 8, Section 14, is awarded to L. S. Company, Inc. of Lake Village, Arkansas on their low bid of \$257,139.30.
- 3111 Jefferson and Arkansas Counties, Job No. 2590, FAP 5-77(7). The contract for the construction of approximately 0.198 miles (Incl. 402.08' of Bridge) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl.

Bit. Surf. Tr'mt. & One R.C. & Structural Steel I-Beam Bridge on the Reydel-Stuttgart Road, State Highway 11, Sections 5 and 6, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$120,494.38.

- 3112 Lafayette County, Job No. 3567, FAP State. The contract for the construction of a Rock Fill for Red River Bridge Pier Protection on the Lewisville-Garland City Road, U. S. Highway 82, Section 2, is awarded to McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$47,100.00.
- 3113 Saline County, Job No. 6627, FAP I-30-2(26)114. The contract for the construction of approximately 2.747 miles of Grading, Mr. Dr. Strs., Wire Fence, Crshd. Stone Base, Bit. Surf. Tr'mt. on Shldrs. & P.C. Conc. Pavement (8" & 10" U.T.) on the Texarkana-Little Rock Interstate Road, Interstate Highway 309 Section 2, is awarded to McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$716,786.61, subject to the concurrence of the Bureau of Public Roads.
- 3114 Saline and Pulaski Counties, Job No. 6653, FAP I-30-2(39)117. The contract for the construction of approximately 4.961 miles (Fr. Rd. Lin. Measurement) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt., Four R.C. Slab Span Bridges (600 Lin.Ft.) & Seeding Slopes on the Benton-Little Rock Interstate Road, Interstate Highway 30, Section 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$366,722.59, subject to the concurrence of the Bureau of Public Roads.
- 3115 Pulaski County, Job No. 6659, FAP U-US-01-2(25). The contract for the construction of Illumination Facilities on La Harpe Boulevard from Cross Street to Cumberland Street in Little Rock, State Highway 10, Section 8, is awarded to I. K. Electric Company, Inc. of Little Rock, Arkansas on their low bid of \$57,626.21, subject to the concurrence of the Bureau of Public Roads.
- 3116 Benton County, Job No. 9410, FAP S-279(1). The contract for the construction of approximately 5.655 miles (Incl. 150.67' of Br. & Br. Lgth. Culvt.) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt., Three Br. Lgth Culvts. and One R. C. Slab Span Bridge on the Decatur-Centerton Road, State Highway 102, Section 2, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$185,930.30.
- 3117 Crittenden & Mississippi Counties, Job No. 1334, FAP I-55-1(10)23, I-093-1(10). The contract for the construction of approximately 11.221 miles (Incl. 167.54' of M-Span Culvt. & Br.) of divided Main Lanes, Service Roads, 1 Interchange, 2 Gr. Separations, R.C. Slab Brs., 2 M-Span Culvt., necessary ramps, connecting lanes & crossroads, requiring Gr., Mr. Dr. Strs., Gr. Base, 8" U.T., P.C. Conc.

Pvt. & Bit. Surf. Tr'mt. on the Lake David-Bardstown Interstate Route, Interstate Highway 55, Section 1, is awarded to McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$1,664,121.67, subject to the concurrence of the Bureau of Public Roads.

3118 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, January 28, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-third Meeting in Little Rock, Arkansas on January 28, 1959.

V. E. Scott
Administrative Assistant

ADDENDUM

Prior to being convened in regular session the Commission received its new member, Mr. Armil Taylor, and proceeded with the election of officers as follows:

A motion was made by Mr. Parkin, seconded by Mr. Crain and unanimously carried to elect Mr. Lawrence Blackwell chairman. A motion was then made by Mr. Crain, seconded by Mr. Blackwell and unanimously carried to re-elect Mr. Harry W. Parkin vice-chairman.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
February 18, 1959

The following is the record of the proceedings of the Seventy-fourth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on February 18, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3119 IT IS ORDERED that the Special Meeting of the State Highway Commission be opened at 2:00 P.M., February 18, 1959.

3120 In PHILLIPS COUNTY for the purpose of selling bonds for the Helena Bridge,

The Arkansas State Highway Commission (hereinafter referred to as "Arkansas Commission") met in Special Session at the Arkansas State Highway Department Building, Little Rock, Arkansas, at 2:00 p.m. on the 18th day of February 1959, due notice of the time, place and purpose of the meeting having been given to all members of the Commission.

The meeting was called to order by the Chairman of the Commission, L. Blackwell, and upon roll call the following other members were present:

H. W. Parkin	James H. Crain	
Glenn F. Wallace	Armil Taylor	Absent: None

A quorum of the Commission being present at the meeting, the following, among other business, was transacted, to-wit:

Mr. Parkin introduced a resolution which he read and moved that it be adopted. Mr. Wallace seconded the motion. The motion carrying with it the adoption of the resolution prevailed by a unanimous vote.

The Chairman declared the resolution duly carried. The resolution is as follows:

RESOLUTION

AWARDING TO THE PURCHASER \$7,000,000 ARKANSAS STATE HIGHWAY COMMISSION STATE HIGHWAY MISSISSIPPI RIVER BRIDGE REVENUE CONSTRUCTION BONDS, SERIES 1959.

WHEREAS the Arkansas State Highway Commission (hereinafter referred to as "Arkansas Commission") has duly advertised by publication in The Bond Buyer, the Arkansas Gazette, the Arkansas Democrat, the Clarion Ledger and otherwise, and now has under consideration the sale of its \$7,000,000 Arkansas State Highway Commission State Highway Mississippi River Bridge Revenue Construction Bonds, Series 1959, dated January 1, 1959, with interest payable semi-annually on January 1 and July 1 of each year commencing July 1, 1959, and maturing serially on January 1 in each of the years 1964 to 1989, inclusive; and

WHEREAS the following offer was received:

<u>Name of Offerer</u>	<u>Price</u>	<u>Interest Rate</u>
The United States of America	Par and Accrued Interest	4 3/8%

and

WHEREAS after having received and considered the offer of the United States of America for the \$7,000,000 of bonds, which offer is par and accrued interest to the date of delivery at an interest rate of 4 3/8% per annum and is the best and only bid received for said bonds, it is considered to be in the best interests of the Arkansas Commission that said offer be accepted;

NOW, THEREFORE, BE IT RESOLVED by the Arkansas Commission:

Section 1. That the offer of the United States of America for said \$7,000,000 of bonds being par and accrued interest to date of delivery for bonds bearing interest at the rate of 4 3/8% per annum be, and the same is hereby, accepted.

Section 2. That the Chairman and Secretary of the Commission and the Director or Acting Director be, and they are hereby, ordered and directed to do any and all things necessary to complete the delivery of said bonds to the purchaser, in accordance with the offer, and to receive and handle the proceeds thereof as prescribed in that certain Trust Indenture entered into by and between the Arkansas Commission, the Mississippi State Highway Commission and The Simmons National Bank of Pine Bluff, Pine Bluff, Arkansas, as Trustee, dated as of January 1, 1959, securing said bonds.

ADOPTED AND APPROVED this 18th day of February, 1959.

3121 In PHILLIPS COUNTY, for the Helena Bridge, the Arkansas Highway Commission hereby approves an Amendatory Offer, dated February 9, 1959, by the Housing and Home Finance Agency, as follows:

"WHEREAS, the Housing and Home Finance Agency, hereinafter referred to as the Government, has heretofore entered into a Loan Agreement with the State Highway Commission (Arkan-

sas), hereinafter called the Borrower, consisting of an Offer executed on behalf of the Government, dated June 4, 1958, together with the Terms and Conditions and the Special Conditions attached thereto and made a part thereof, and the acceptance of said Offer by the Borrower, dated June 16, 1958; and

"WHEREAS, said Loan Agreement provides for a loan by the Government to the Borrower in an amount not to exceed \$8,000,000 to aid in financing the construction of essential public works or facilities, as described in said Offer, then estimated to cost \$14,395,000, and

"WHEREAS, the Borrower has requested that the loan be reduced to an amount not to exceed \$7,000,000, and it is deemed to the advantage of the Government to amend the Loan Agreement to reduce the amount of the loan and for other purposes;

"NOW, THEREFORE, the Government does hereby amend its Offer, as modified by Amendment Number 1, dated August 12, 1958, and by the acceptance hereof the Borrower agrees that said Offer shall be and is amended in the following respects:

"1. The amount of the loan stated on the face of the Offer is reduced from an amount not to exceed \$8,000,000 to an amount not to exceed \$7,000,000, the presently estimated cost of the Project is reduced from \$14,395,000 to \$12,540,240, and the amount of the Borrower's Revenue Bonds which the Government has agreed to purchase is reduced from \$8,000,000 to \$7,000,000.

"2. Sub-sections B2 and B3, of the Special Conditions attached to said Offer, are deleted and new sub-sections B2, B3 and B4 are substituted therefor as follows:

"B-2", The Borrower Shall covenant and agree to establish and maintain with the Trustee to be designated in the Indenture, so long as any of the Bridge Revenue Bonds are outstanding, a special account to be known as the "Bridge Revenue Bond and Interest Sinking Fund" into which shall be deposited all accrued interest received from the sale of the Revenue Bonds and in addition thereto, the amount of \$1,225,000 which is the amount estimated as "Interest During Construction" in the "Estimate of Project Cost". After completion of the project, there shall be deposited, by transfer from the Bridge Revenue Fund on or before the 5th day of each month, sums equal to at least 1/5 the amount of interest due the next succeeding interest payment date plus 1/10 of the principal due the next principal payment date until a debt service reserve in the amount of \$508,000 has been accumulated. Thereafter, it shall transfer and deposit such sums as may be necessary to meet the then current year's debt ser-

vice and maintain the reserve of \$508,000.

"B-3". As soon as the required reserve is accumulated in the Bridge Revenue Construction Bond and Interest Sinking Fund the Borrower shall establish with the Paying Agent Bank a separate account designated "Mississippi River Bridge Maintenance Reserve Fund" into which shall be deposited from the Mississippi River Bridge Revenue Fund on or before the close of each fiscal year the balance therein until the funds and/or investments in the Mississippi River Bridge Maintenance Reserve Fund shall aggregate \$200,000. Thereafter, there shall be deposited annually such sums as may be required to restore and maintain the balance of \$200,000 in said Fund. All monies in the Mississippi River Bridge Maintenance Reserve Fund may be drawn on and used by the Borrower to pay the cost of extraordinary repairs necessary to restore the Project to operation, in the event of total or partial damage or destruction for which there are no other funds available or for any other work necessary for the continued operation of the Project or resumption of operation in the event operation has ceased, for which no other funds are available. However, in the event funds in the debt service reserve in the Bridge Revenue Construction Bond and Interest Sinking Fund shall be reduced below \$508,000, funds on deposit in the Mississippi River Bridge Maintenance Reserve Fund shall be transferred to the extent required to eliminate the deficiency in that Fund.

"B-4". The Borrower may invest debt service reserve monies on deposit to the credit of the "Bridge Revenue Construction Bond and Interest Sinking Fund" and maintenance reserve monies on deposit to the credit of the "Mississippi River Maintenance Reserve Fund" in direct obligations of, or obligations the principal of and the interest on which are guaranteed by, the United States Government."

All other provisions of the Original Offer, as modified by Amendment Number 1 dated August 12, 1958, remain in full force and effect.

3122 In GRANT, JEFFERSON, PULASKI AND SALINE COUNTIES, based on economic justification, predicted traffic, and engineering judgment, the following is determined to be the design criteria for these portions of primary highways:

U.S. 65 - U.S. 167 South for a distance of approximately 10.6 miles from the South Terminal Interchange of Interstate Route I-30 in Little Rock: A freeway type facility of ultimate four lanes divided with a 60' median and full control of access. Right-of-way and access rights for the ultimate facility to be acquired initially. Grading for four lanes and surfacing for two

lanes are to be built as the first stage.

U.S. 167 - From junction with U.S. 65, south of the South Terminal Interchange to junction with existing U.S. 167, 1 mile southwest of Spring Lake: A divided arterial type facility of ultimate four lanes divided with a 60' median. Right-of-way of minimum 204' to be acquired initially but not access rights. Provisions for future frontage roads are not to be provided. Two lanes to be constructed as first stage.

U.S. 65 - From junction with U.S. 167, south of the South Terminal Interchange to Pine Bluff: A divided arterial type facility of ultimate four lanes divided with a 60' median. Right-of-way of minimum 204' to be acquired initially. No access rights to be obtained and no provisions for future frontage roads are to be provided. Two lanes to be constructed as first stage.

The above policy and design criteria is subject to approval by the Bureau of Public Roads.

3123 WHEREAS, the County Judge of Hempstead County has proposed the exchange of certain Highways and a County Road in Hempstead County, and

WHEREAS, the proposed exchange of routes between the County Road System and the State Highway System is considered to have merit in the overall development of transportation in this area, and

WHEREAS, the removal of routes from the State Highway System is conditioned upon necessary Legislative action,

NOW THEREFORE, be it resolved and it is hereby agreed that the State Highway Commission will accept into the System as a portion of S.H. 29 the County Road extending from Blevins to a junction with S.H. 19 in Nevada County, a length of 9.38 miles, upon passage and approval of the necessary Legislation to abandon Highway 32, Section 4, 2.6 miles; Highway 32, Section 5, 6.6 miles; and Highway 355, Section 3, 2.5 miles; subject to the following conditions:

1. The County Judge of Hempstead County will initiate the necessary Legislation to abandon the following described routes:
 - a. Highway 32, Section 4, beginning at Little River and extending to a junction with S.H. 355, approximately 3/4 mile north of Fulton, length 2.6 miles;
 - b. Highway 32, Section 5, from the junction with Highway 73 east of Columbus to Washington, length 6.6 miles;
 - c. Highway 355, Section 3, from the community of Springhill to the intersection with S.H. 29 at the community of Evening Shade, length 2.5 miles.

2. All required right-of-way, free of obstructions, will be furnished without cost to the State on the new section of S.H. 29.

The Director is hereby authorized to advise the County Judge of Hempstead County immediately of this action.

3124 In HOT SPRING COUNTY on U.S. HIGHWAY 67 MINUTE ORDER 907 is hereby modified to fix the amount of the States appraisal at \$108,943.00. It is understood that this amount will provide payment for all valid claims against the Department for consummation of agreement with Hot Spring County under Minute Order No. 714.

3125 In HOT SPRING COUNTY, the crossing of Grigsby Road (County FAS 1586) and the Missouri Pacific railroad tracks in Malvern has been determined by the Traffic Section of the Highway Department to be hazardous and to warrant protection by flashing lights and bells, and

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious project,

NOW THEREFORE, the Director is authorized to program for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic signal protection to this crossing subject to the following conditions:

1. Request by the Missouri Pacific Railroad Company for the protection of the crossing.
2. Agreement by the Railroad Company to operate, maintain, and pay their share of construction of the project.
3. Agreement by all parties that no state funds will be used in construction, operation or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

3126 WHEREAS, the County Judge of Little River County has proposed the exchange of a portion of State Highway 32 and a section of a county road, and

WHEREAS, the proposed exchange of routes between the County System and the State Highway System is considered to have merit in the overall development of transportation in this area, and

WHEREAS, the removal of a route from the State Highway System is conditioned upon necessary legislative action,

NOW THEREFORE BE IT RESOLVED, AND IT IS HEREBY AGREED, that the State Highway Commission will accept into the

State Highway System as a portion of State Highway 234, a section of the county road extending from the eastern terminus of S.H. 234 from a point just east of Alleene easterly to a junction of State Highway S.H. 71 at Wilton, a distance of approximately 6.5 miles, upon passage and approval of the necessary legislation to abandon that portion of State Highway 32, Section 1, from Blackland northward through Arkinda to the Oklahoma State Line, a distance of approximately 4 miles, subject to the following conditions:

1. The County Judge of Little River County will initiate the necessary legislation to abandon the following described route:
Highway 32, Section 1, beginning at the Community of Blackland, extending northward through Arkinda to the Oklahoma State Line, a distance of approximately 4 miles.
2. All required right-of-way, free of obstructions will be furnished without cost to the State on the extended section of State Highway 234 as above described.

The Director is hereby authorized to advise the County Judge of Little River County immediately of this action.

3127 In PULASKI COUNTY, the crossing of Chicot Road (County FAS 1866) and the Missouri Pacific railroad tracks near Cloverdale has been determined by the Traffic Section of the Highway Department to be hazardous and to warrant automatic protection, and

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious project,

NOW THEREFORE, the Director is authorized to program, for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic protection for this crossing as determined by the Hazard Rating Formula, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction, and to operate and maintain the project.
3. Agreement by all parties that no state funds will be used in the construction, operation, or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

3128 In PULASKI COUNTY, the crossing of Fairfax Road (County FAS 1938) and the Missouri Pacific Railroad tracks near Booker has been determined by the Traffic Section of the Highway Department to be hazardous and to warrant automatic protection, and

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with

Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious project,

NOW THEREFORE, the Director is authorized to program, for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic protection for this crossing as determined by the Hazard Rating Formula, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction, and to operate and maintain the project.
3. Agreement by all parties that no state funds will be used in the construction, operation, or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

3129 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 5:00 P.M., Wednesday, February 18, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-fourth Meeting in Little Rock, Arkansas on February 18, 1959.

3133 In accordance with request of February 9, 1959, from the Division Engineer, Bureau of Public Roads, the Acting Director is authorized to return the \$3,000,000 Trust Fund Advance.

Payments may be made in increments of \$500,000 as accumulations are made in the Trust Account.

3134 MINUTE ORDER NO. 2118 of June 5, 1957 is hereby amended to read that "none of the services charged for were rendered from January to March 15, 1957."

3135 IT IS ORDERED effective March 1 Assistant Engineer of Maintenance Gerald R. Sisk will assume the duties and responsibilities of Acting State Engineer of Maintenance at a salary of \$10,800.00 per annum; and

BE IT FURTHER ORDERED that Minute Order No. 3076 dated January 28, 1959, which designated R. B. Winfrey as Acting Director, be amended by relieving him of his duties as State Maintenance Engineer and that he be effective March 1, 1959 continued as Acting Director at a salary of \$15,000.00 per annum.

3136 WHEREAS, the Purchasing Committee has awarded purchases on February 2, 9, 16, 23 and March 2, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3137 WHEREAS this Commission by the adoption of Minute Order 3084 dated January 28, 1959 made an offer to the Arkansas Game & Fish Commission for the rental of the Third Floor of its building on the State Capitol grounds, and

WHEREAS the Arkansas Game & Fish Commission has accepted said offer as evidenced by Lease Agreement dated March 1,

1959, which is hereby made a part of this minute order, and

WHEREAS the terms and conditions of said Lease Agreement are hereby accepted and ratified by this Commission effective as of March 1, 1959,

NOW, THEREFORE, BE IT ORDERED that the Acting Director be and he is hereby empowered to execute said Lease Agreement for and on behalf of this Commission.

3138 The Director is authorized to proceed in the most feasible and economical manner with the publication of 1,000 copies of a pamphlet to describe occupational titles on Construction Projects at an estimated cost of \$450.00, to be paid from approved budget account. This action is necessary in order that there be uniformity in enforcement of the Wage and Hour requirements on Interstate Projects.

3139 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Marshall in Searcy County, and

WHEREAS, the Marshall Chamber of Commerce has agreed to purchase a suitable site, consisting of two acres, located one-half mile south of the City Limits of Marshall on State Highway 27, which they will donate to the Department,

IT IS ORDERED that the Director be authorized to act for the Commission in completing all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at an estimated cost of \$20,000.00.

3140 WHEREAS, under Bid No. M-59-208, the Department on February 19, 1959, received sealed bids for ten (10) one cubic yard capacity Front End Loaders, less two (2) trade-ins to meet Arkansas Highway Department Specifications 58-59 N.E. No. 67-5013, and

WHEREAS, the Case Model W-9 Loader as proposed by Rogers Equipment Company and Scoopmobile Model LD 5 TD Loader as proposed by Standard Equipment & Supply Company, DO NOT meet specifications, and

WHEREAS, the loaders proposed by Moody Equipment and Supply Company (Yale and Towne Trojan Model 104) Little Rock Road Machinery Company (Hough Model HUD) Kern-Limerick, Incorporated, (Tractomotive Model TL-14DA); and R. A. Young and Sons, Inc., (Michigan Model 75AD) all DO MEET the specifications, analysis of which is attached to and made a part of these minutes, and bids of which are all documented and filed in the Office of the Director of Equipment and Procurement, and

WHEREAS, the Purchasing Committee in meeting March 2, 1959, recommends that the bids be referred to the Commission for their action,

NOW THEREFORE IT IS ORDERED that the Director be authorized to award the purchase of these loaders to the Moody Equipment and Supply Company on their low bid of \$104,950.00 as the low bid to meet Arkansas Highway Department Specifications.

3141

On the basis of bids received by the State Purchasing Department, Room 104, State Capitol Building, Little Rock, Arkansas, in accordance with Act 313 of 1955 under Bid Reference S-58-753 opened 10:00 A.M. January 14, 1959, all bids rejected by the State Purchasing Director, Bid Reference S-59-34 opened 10:00 A.M. January 22, 1959, all bids rejected under Highway Commission Minute Order No. 3083 dated January 28, 1959, and Bid Reference S-59-59 opened 10:00 A.M. February 18, 1959, for the purchase of 223 New Motor Vehicles with trade-in allowance for 187 Used Motor Vehicles, at the request of Arkansas Highway Department pursuant to Highway Commission Minute Order No. 2695 dated May 7, 1958, Minute Order No. 2805 dated July 9, 1958, and Minute Order No. 3083 dated January 28, 1959, the purchase of the 223 New Motor Vehicles with trade-in allowance for 187 Used Motor Vehicles, listed under Item Nos. 1 through 14 is hereby awarded to the lowest and best bid as specified below meeting Arkansas Highway Department Specifications and Special Conditions.

		<u>\$ 5,050.44</u>
		<u>\$375,410.71</u>

3142 In LINCOLN COUNTY on HIGHWAY 11 at the crossing of the Missouri Pacific Railroad Company, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. The Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

3143 In CHICOT COUNTY on HIGHWAY 257, for that portion (0.59 miles) in Chicot State Park which was added to the Highway System, and shown by sketch map dated March 4, 1959, the Director is authorized to proceed in the most feasible and economical manner with grading, drainage, and bituminous surfacing at an estimated cost of \$10,000.00, subject to the following conditions:

System and program approval by the Bureau of Public Roads.

3144 In CRAWFORD COUNTY on U. S. HIGHWAY 71 from the junction of U. S. Highway 64 in Alma, North, to the South end of Job 1291, a distance of 8.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$650,000.00, subject to program approval by the Bureau of Public Roads.

3145 In Crittenden County, for the convenience and guidance of the traveling public, the portion of State Highway 147 from the junction of State Highway 38 and 50 east of Beck to the junction of State Highway 50 at Thompson Grove, and State Highway 50 from the junction of State Highway 147 at Thompson Grove to end at Seyppell, shall be signed as State Highway 38, and State Highway 50 from junction of 147 and 38 east of Beck to its termini SE of Bruins shall be signed as State Highway 147, all as indicated on attached sketch map, which is hereby made a part of this Order and which is identified more speci-

fically "Designation Change Vicinity of Horseshoe Lake" drawn 2-20-59.

3146 In Jefferson County on U. S. Highway 79, Section 10, the Government proposes to perform certain bank stabilization work at the Jack Bradley Bend, Arkansas River, at no cost to the State, and

WHEREAS, this work will offer needed protection to the east end of U. S. Highway 79 Bridge at that location, and

WHEREAS, the Little Rock District, Corps of Engineers, has requested a perpetual easement across the right-of-way of Highway 79 at that location for the purpose of entering upon and performing the work necessary to construct, maintain and operate this project,

NOW THEREFORE IT IS ORDERED that the Director be and is hereby empowered to execute an easement deed for this purpose to the Little Rock District, Corps of Engineers, U. S. Army.

3147 WHEREAS, in LAWRENCE COUNTY, on HIGHWAY 25, Section 7, at the west end of the Cache River Bridge the right-of-way south of the center line was widened from 100 feet to 325 feet between station 398 + 24.6 and the bridge end at station 401 + 65.32 to provide embankment material for the construction of the road, and

WHEREAS, the right-of-way beyond 100 feet south of the center line is no longer needed, and

WHEREAS, the adjoining owners, Mr. and Mrs. Cliff Kirkpatrick, have requested that this land be returned to them for their use,

IT IS ORDERED that the Director be authorized to execute a deed releasing the above described property as shown on the attached sketch to Mr. and Mrs. Cliff Kirkpatrick.

3148 In MILLER COUNTY on HIGHWAY US 71, south from the Red River Bridge at Index, a distance of approximately 0.57 miles, the Director is authorized to proceed in the most feasible and economical manner with the widening and strengthening of existing pavement at an estimated cost of \$33,000.00. This action is subject to program approval by the Bureau of Public Roads.

3149 In MISSISSIPPI COUNTY on HIGHWAY 136 at the crossing of ditch number 16, MINUTE ORDER NO. 3053 is devised to provide that the Director is authorized to proceed with plans and, by contract, to replace an existing dangerous and dilapidated timber bridge with a precast concrete slab bridge at an estimated cost of \$9,000.00. This action is subject to program approval by the Bureau of Public Roads.

3150 WHEREAS, in Poinsett County in the City of Trumann, a city truck route was requested by the Committee to be added to the High-

way System under provisions of the Milum Road Act, and

WHEREAS, at that time there was a prohibition, which is no longer in effect, from adding city streets under the Milum Act, and

WHEREAS, the Commission has been requested again to add the original proposed truck route to the Highway System, and

WHEREAS, Poinsett County does not have the maximum allowable length of roads permissible under the Milum Act,

NOW THEREFORE it is directed that the truck route, as shown on the attached sketch dated March 4, 1959, be designated U. S. 63 City Route and added to the State Highway System.

3151 In PULASKI COUNTY for a connection between LaHarpe Boulevard and the Little Rock-North Little Rock Expressway, the Director is authorized to take whatever feasible and practicable steps that are necessary to make surveys, preliminary studies, determine right-of-way requirements and cost estimate When this has been done, the Director shall report back to the Commission for further authority as to right-of-way acquisition, plan completion and construction of the project.

This action is subject to the approval of the Bureau of Public Roads.

3152 In WOODRURF COUNTY, WHEREAS, the official Highway Map of 1929 which designated the Highway System included a road (shown as 106) from a point on Highway 33, south of Augusta, extending easterly through Revel to Grays on Highway 17, and

WHEREAS, this highway has not been designated as a state highway since 1933, and

WHEREAS, no act of the Legislature has been found which removed the road from the Highway System,

NOW THEREFORE the Director is ordered to proceed with steps necessary to designate this highway as a part of the State Highway System, to sign it as Highway 260, and resume State maintenance.

3153 Drew, Ashley & Chicot Counties, Job No. 2582, FAP S-213(2). The contract for the construction of approximately 9.585 miles (Incl. 284.25' of Bridges) of Grading, Mr. Dr. Strs., P.C. Stabilized Base, Dbl. Bit. Surf. Tr'mt., One Precast R.C. Slab Span Bridge (132.17') & One R.C. & Structural Steel I-Beam Span Bridge (152.08') on the Jerome-McMillan Corner Road, State Highway 144, Sections 1 & 2, is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas on their low bid of \$354,870.94.

- 3154 Johnson County, Job No. 8431, FAP F-02-2(6). The contract for the construction of approximately 0.190 miles (Incl. 667' of Bridges) of Grading, Mr. Dr. Strs., P.C. Conc. Pavement (8" U.T.) retaining walls, Two R.C. Slab Span Bridges & Remodeling One R.C. Deck Girder Bridge on the Clarksville-Russellville Road, U. S Highway 64, Section 5, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$218,962.70, subject to the concurrence of the Bureau of Public Roads.
- 3155 Madison County, Job No. 9407, FAP S-337(2). The contract for the construction of approximately 0.264 miles (Incl. 302.16' of Bridge) of Grading, Mr. Dr. Strs., & One R.C. & Structural Steel I-Beam Bridge on the Jct. Hwy. 68-Kingston Road, State Highway 21. Section 4, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$89,144.07.
- 3156 Lawrence County Job No. 10638, FAP S-262(2). The contract for the construction of approximately 0.637 miles (Incl. 700.08' of Bridge) of Grading, Mr. Dr. Strs., Cr. Stone Base, Dbl. Bit. Surf. Tr'mt. & One R. C. & Structural Steel I-Beam Bridge on the Cave City-Smithville Road, State Highway 115. Section 2 is awarded to & McCracken, of Conway, Arkansas on their low bid of \$148,320.19.
- 3157 Mississippi County, Job No. 10639, FAP S-260(2). The contract for the construction of approximately 0.195 miles (Incl. 217.40' of Bridge) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One R. C. & Structural Steel I-Beam Span Bridge on the Lepanto-Marie Road, State Highway 14, Section 16, is awarded to D. & W. Bridge Company, Inc., of North Little Rock, Arkansas on their low bid of \$66,875.90.
- 3158 Randolph County, Job No. 10642, FAP S-292(2). The contract for the construction of approximately 0.918 miles (Incl. 1152.17' of Bridge) of Grading, Mr. Dr. Strs., Cr. Stone Base, Dbl. Bit. Surf. Tr'mt. & One R.C. & Structural Steel I-Beam Bridge on the Pocahontas-Dalton Road, State Highway 93, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$300,171.24.
- 3159 Arkansas, Prairie & Monroe Counties. Job No. 1378, FAP F-015-3(4). S. Highway 79, Sections 11, 12 & 13, is awarded to Ben M. Hogan & Company, of Little Rock, Arkansas on their low bid of \$345,712.65, subject to the concurrence of the Bureau of Public Roads.
- 3160 IT IS ORDERED that the Regular Meeting of the State Highway

Commission be closed at 2:30 P.M., Wednesday, March 4, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-fifth Meeting in Little Rock, Arkansas on March 4, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 18, 1959

The following is the record of the proceedings of the Seventy-sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on March 18, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
James H. Crain	Member
Glenn F. Wallace	Member

3161 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 2:00 P.M., March 18, 1959.

3162 In PHILLIPS COUNTY, for the purpose of authorizing the issuance of Arkansas State Highway Commission State Highway Mississippi River Bridge Revenue Construction Bonds, Series 1959, dated January 1, 1959, for the purpose of constructing and acquiring an Interstate Toll Bridge and Approaches across the Mississippi River in the area of the City of Helena, Arkansas and Friars Point, Mississippi; authorizing the execution and delivery of a Trust Indenture in connection therewith; and prescribing other matters pertaining thereto,

The Arkansas State Highway Commission met in Special Session at the Arkansas State Highway Department Building in the City of Little Rock, Arkansas, at 2 o'clock P.M. on the 18th day of March, 1959, due notice of the time, place and purpose of the meeting having been given to all members of the Commission.

The meeting was called to order and upon roll call the following members were present:

Lawrence Blackwell, Chairman
James H. Crain, Member
Glenn F. Wallace, Member

Absent: Harry in. Parkin, Vice Chairman
Armil Taylor, Member

A quorum of the Commission being present at the meeting, the following, among other business, was transacted, to-wit:

Mr. Wallace introduced a resolution which he read and moved that it be adopted. Mr. Crain seconded the motion. The motion, carrying with it the adoption of the resolution, prevailed by a unanimous vote.

The Chairman declared the resolution duly carried. The resolution is as follows:

R E S O L U T I O N

WHEREAS the Arkansas State Highway Commission (hereinafter called the "Arkansas Commission"), under the Constitution and applicable laws of the State of Arkansas including particularly Act 104 of the Acts of the General Assembly of the State of Arkansas for the year 1953, as amended by Act 15 of the General Assembly of the State of Arkansas for the year 1957, is authorized to construct and acquire an interstate toll bridge across the Mississippi River in the area of the City of Helena, Arkansas and Friars Point, Mississippi; to construct or acquire the necessary approaches thereto; to issue revenue bonds for financing all or part of the cost of said construction and acquisition; and to enter into contracts with governmental agencies, including the Mississippi State Highway Commission (hereinafter called the "Mississippi Commission"), for the purpose of carrying out and effectuating said authority; and

WHEREAS the estimated total cost of the project is \$12,540,240, which estimate includes the amount of construction contracts awarded, the amount estimated for the one item of construction which has not been awarded, interest on the bonds during construction and for twelve (12) months thereafter, legal and engineering fees, and construction and project contingencies, and the Arkansas Commission and the Mississippi Commission have agreed to share in the cost of construction of the project as hereinafter set forth in the form of Trust Indenture approved hereby; and

WHEREAS in connection with the financing of the cost of the project, it is necessary for the Arkansas Commission to issue its revenue bonds in the total principal amount of \$7,000,000; and

WHEREAS in order to secure the payment of the principal of and interest on the bonds and to establish and declare the terms and conditions upon which the bonds are to be issued, received and held, and to set forth the commitments covenants and agreements of the Arkansas Commission and the Mississippi Commission with reference to the construction, operation and maintenance of the project, access roads, handling and maintaining of revenues and funds and payment of the principal of and interest on the bonds, the Commissions must authorize and direct the execution and delivery of a Trust Indenture (herein sometime called the "Indenture");

NOW, THEREFORE, BE IT RESOLVED by the Arkansas Commission:

Section 1. That to provide for the authorization of and to secure bonds of the Arkansas Commission in the aggregate principal amount of Seven Million Dollars (\$7,000,000) (hereinafter sometimes called

the "bonds"), and to prescribe the terms and conditions upon which such bonds are to be secured, executed, authenticated, accepted, and held, and to set forth commitments, covenants and agreements for the benefit of the bondholders in order to insure the prompt and proper construction of the project, operation and maintenance of the project, and payment of the principal of and interest on the bonds in accordance with the tenor thereof, the Chairman of the Arkansas Commission is hereby authorized and directed to execute and acknowledge a Trust Indenture, and the Secretary of the Commission is hereby authorized and directed to execute said Indenture and to affix the seal of the Commission thereto and to attest the same, and to cause the Indenture to be accepted, executed and acknowledged by the Mississippi Commission and by The Simmons National Bank of Pine Bluff, Pine Bluff, Arkansas, the Trustee, with the form of the Indenture, which constitutes a part of this authorizing resolution and is attached hereto.

Section 2. The Chairman and Secretary of the Commission and the Director or Acting Director are hereby authorized and directed to do any and all lawful things to effect the execution of the Indenture, its acceptance by the Trustee, the execution and delivery of the bonds, and the performance of all the commitments, agreements, covenants and obligations of the Commission under the Indenture.

Adopted and approved this 18th day of March, 1959.

3163

In PHILLIPS COUNTY, for the purpose of fixing the initial schedule of rates of tolls for traffic over the Mississippi River Bridge in the vicinity of Helena, Arkansas and Friars Point, Mississippi,

The Arkansas State Highway Commission met in Special Session at the Arkansas State Highway Department Building in the City of Little Rock, Arkansas, at 2 o'clock P.M. on the 18th day of March, 1959, due notice of the time, place and purpose of the meeting having been given to all members of the Commission.

The meeting was called to order and upon roll call the following members were present:

Lawrence Blackwell, Chairman

James H. Crain, Member

Glenn F. Wallace, Member

Absent: Harry W. Parkin, Vice Chairman

Armil Taylor, Member

A quorum of the Commission being present at the meeting, the following, among other business, was transacted, to-wit:

Mr. Wallace introduced a resolution which he read and moved that it be adopted. Mr. Crain seconded the motion. The motion carrying with it the adoption of the resolution, prevailed by a unanimous vote.

The Chairman declared the resolution duly carried. The resolution is as follows:

R E S O L U T I O N

BE IT RESOLVED by the Arkansas State Highway Commission:

Section 1. That the initial schedule of rates of tolls for traffic over the Mississippi River Bridge in the vicinity of the City of Helena, Arkansas and Friars Point, Mississippi concerning which the Arkansas State Highway Commission has sold and proposes to issue its \$7,000,000 Arkansas State Highway Commission State Highway Mississippi River Bridge Revenue Construction Bonds, Series 1959, dated January 1, 1959, secured by that certain Trust Indenture entered into by and between the Arkansas State Highway Commission, the Mississippi State Highway Commission and The Simmons National Bank of Pine Bluff, Pine Bluff, Arkansas, dated as of January 1, 1959, shall be, and is hereby fixed, as follows:

Passenger cars and light trucks (2 axles and 4 tires)	\$1.00
Medium trucks (2 axles and 6 tires)	\$1.50
Vehicles with 3 axles	\$2.50
Vehicles with 4 axles	\$3.50
Vehicles with 5 or more axles	\$4.50
House trailers - per axle	\$.75
Busses	\$2.50
Motorcycles	\$.50

Section 2. That said initial schedule, as hereinabove set forth, shall not be changed except as provided in, and said schedule shall otherwise be subject to the provisions of, said Trust Indenture, hereinabove referred to in Section 1 hereof, and particularly Article IV, Sections 401, et seq. therein.

Adopted and approved this 18th day of March, 1959.

3164 In PHILLIPS County for the Helena Bridge, BE IT RESOLVED by the Arkansas State Highway Commission that R. B. Winfrey, who is Acting Director and Executive Secretary of the Arkansas State Highway Commission, be, and he is hereby, authorized and directed to sign as Secretary of the Arkansas State Highway Commission all documents and instruments of every nature whatever pertaining to the Mississippi River Bridge in the vicinity of Helena, Arkansas and Friars Point, Mississippi, and pertaining to the Arkansas State Highway Commission State Highway Mississippi River Bridge Revenue Construction Bonds, Series 1959, dated January 1, 1959.

3165 In PHILLIPS County for the Mississippi River Bridge near Helena the Director through regular channels is authorized to issue an

interim work order to each contractor for the purpose of making shop drawings, assembling materials and buying supplies and upon notice from the Federal Housing and Home Finance Agency that all conditions pertaining to the financing of the project have been met the Director is authorized to issue a work order in regular form.

3166 In HOT SPRING COUNTY on HIGHWAY U. S. 67, it is understood that the right-of-way from the east city limit of Malvern to Station 102 (East Boundary of Acme Brick Company) is the full responsibility of the State and its cost is not to be included in the value of the State's appraisal of \$1089943.00 as set out in MINUTE ORDER No. 3124.

3167 In JEFFERSON COUNTY on U. S. HIGHWAY 79 from the junction of State Highway 88, west of Altheimer, to Wabbaseka, a distance of 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing this road, including relocations where necessary, at an estimated cost of \$420,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3168 WHEREAS, West Memphis Asphalt Company, Inc. and A. E. Raines Construction Company, Contractors on Job No. 11503, Cache River-Jct. 17, on State Highway 70, Section 17, Monroe County, stated by letter dated March 4, 1959, that their insurance expired as of midnight on March 4, 1959, and they were unable to maintain insurance coverage and to continue with performance of the contract; and waived Notice of Default in order to permit the Department to arrange for completion of the work required by the contractor through any method deemed appropriate, and

WHEREAS, the Chief Engineer, under date of March 4, 1959, demanded that the Aetna Casualty and Surety Company, as surety on the performance bond given by the contractors to secure the performance of the contract, assume the performance of the work required by said contract in accordance with the plans and specifications in compliance with the terms and conditions of the bond, and

WHEREAS, the surety, The Aetna Casualty and Surety Company, under date of March 4, 1959, presented a signed agreement to assume responsibility for satisfactory completion of all work required by the contract by the employment of Mississippi Valley Construction Company of Paragould, Arkansas, which agreement was approved and accepted for the Department on March 4, 1959, by Ward Goodman, Chief Engineer, as provided by the Specifications.

NOW THEREFORE IT IS ORDERED that the actions of the Chief Engineer in this matter be ratified and confirmed in all

particulars.

3169 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 2:50 P.M., Wednesday, March 18, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-sixth Meeting in Little Rock, Arkansas on March 18, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 8, 1959

The following is the record of the proceedings of the Seventy-seventh Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 8, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3170 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 8, 1959.

3171 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3153 through 3159 at the regular meeting of the Commission on March 4, 1959

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

3174 In PHILLIPS COUNTY for the HELENA BRIDGE, the following members of the Arkansas Highway Department Staff, whose signatures appear below, are authorized to certify and approve Requisitions to the State Treasurer of Arkansas for payment of funds from the "State Highway Bridge Revenue Construction Fund" account:

/s/ J. T. Pendergrass
J. T. Pendergrass
Assistant Chief Engineer

/s/ Ward Goodman
Ward Goodman
Chief Engineer

/s/ R. B. Winfrey
R. B. Winfrey
Acting Director and Secretary

3175 WHEREAS, the Purchasing Committee has awarded purchases

on January 27 (inadvertently omitted from Minute Order No. 3082) March 9, 16, 24, 30 and April 6, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3176 In CLAY COUNTY on Highway 1, Section 22 in the vicinity of Piggott and immediately west of the St. Francis River, the Corps of Engineers, U. S. Army, proposes to construct a new levee which will require raising the grade and alternations to State Highway No. 1 for a distance of approximately 1,940 feet.

The Director is authorized and directed to provide the necessary easements over existing highway right-of-way, and enter into an agreement with the Corps of Engineers whereby the Corps will construct the earth work and drainage structures necessary in connection with the proposed highway alterations, and the Department will, subject to full reimbursement by the Government, construct the base and surfacing as a replacement in kind of the original highway facility at no expense to the State.

3177 In CRAWFORD and SEBASTIAN COUNTIES, the route for the Interstate Spur of Interstate Highway 40, north of Van Buren to State Highway 22 in Fort Smith, has been restudied and re-evaluated, and

WHEREAS, a majority of those who objected to the route proposed by the Consulting Engineering Firm of Edwards, Kelcey and Beck and as presented at the Public Hearing have now, by official action, withdrawn their objections, and

WHEREAS, the route designated by MINUTE ORDER 2870 has not been approved by the Bureau of Public Roads,

NOW THEREFORE, MINUTE ORDER 2870 is cancelled and the Director is authorized to proceed in the most feasible manner with the submission to the Bureau of Public Roads, for approval, of a route which coincides with that recommended by the firm of Edwards, Kelcey and Beck in their report to the Highway Commission, dated May 20, 1957, and entitled "Interstate Spur 094."

This action is subject to approval by the Bureau of Public Roads.

3178 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Fordyce in Dallas

County, and

WHEREAS, Mr. W. H. Easterling has for sale a suitable site consisting of 2 acres located approximately 1 1/4 miles northwest of the City Limits of Fordyce on State Highway 8, at a price of \$200.00 per acre,

IT IS ORDERED that the Acting Director be authorized to act for the Commission in completing all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at a cost of \$20,000.00, including the cost of the land.

3179 In DREW COUNTY on Highway 35, Section 8, at Log Station 14.42, Log Station 15.13, and Log Station 15.80 as indicated on the attached marked print on the Monticello-Dermott Road, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the existing timber bridges at an estimated cost of \$45,500.00, subject to program approval by the Bureau of Public Roads.

3180 In FAULKNER COUNTY at the intersection of Highways 64, 65 and 60 in Conway, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing concrete pavement, 100 feet east on U. S. Highway 64 and 100 feet west on State Highway 60, to improve traffic flow and relieve a bad drainage condition, as an M-Project, at an estimated cost of \$3,600.00.

3181 In GARLAND COUNTY, upon the completion of Job No. 6617, all portions of the old route of State Highway No. 88-S-5, except for a direct connection to Lonsdale, not retained in the newly relocated and reconstructed section, are no longer needed as a part of the State Maintained Highway System.

Therefore by this action and in conformity with Supreme Court decisions, the sections of old Highway No. 88-S-5 which have been replaced by new construction, except for a direct connection to Lonsdale, are hereby declared to be no longer a part of the State Highway System.

3182 In HEMPSTEAD COUNTY on Highway 73, Section 2, for a distance of approximately 6.617 miles on the Crossroads-Columbus Road, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four foot earth shoulders at an estimated cost of \$7,700.00, subject to program approval by the Bureau of Public Roads.

3183 In HEMPSTEAD COUNTY, the official routing of State Highway No. 355-S-2 in and near Fulton shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map, which is hereby made a part of this Minute Order and

which is identified more specifically "Designation Change at Fulton" drawn 4-3-59.

By this action and in conformity with Supreme Court decisions, the section of old State Highway No. 355-S-2 in and near Fulton, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

3184 In HEMPSTEAD COUNTY on Highway 24, Section 3, at Ozan Creek Bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of raising the existing 112 foot concrete bridge to match road grade as built above high water elevation at an estimated cost of \$11,000.00, subject to program approval by the Bureau of Public Roads.

3185 In INDEPENDENCE COUNTY, on Highway 11, Minute Order No. 2946 is amended to read as follows:

WHEREAS, floods during 1957 and 1958 have resulted in caving and scouring of the left bank of the White River to such an extent as to endanger the State Highway Bridge at this location; and

WHEREAS, the Corps of Engineers, U.S. Army, has planned a project to provide bank protection at this location at an estimated cost of \$32,000.00 with Federal funds available to the statutory limit of \$50,000.00, and

WHEREAS, the construction of the project will be of great value to the State of Arkansas, to Independence County, and to other local interests and property owners of the State

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized, pursuant to the requirements of Section 14 of the Flood Control Act of 1946, to make assurances to the Government that, contingent upon the right of concurrence in the award of contract for the work in the event the total cost exceeds the amount of Federal funds available, the Commission will:

- (a) Provide without cost to the United States all lands, easements, and right-of-way required by the project.
- (b) Hold and save the United States free from damages due to the construction including damage, if any, to owners' fences in connection with lands covered by easements.
- (c) Maintain and operate all works, after completion in accordance with regulations prescribed by the Secretary of the Army.
- (d) Assume all project cost in excess of the Federal limitation of \$50,000.00 found necessary to provide a complete and fully effective project that will not require any additional improvements to insure successful operation.

3186 In LOGAN COUNTY, at the Arkansas State Tuberculosis Sana-

torium, at Booneville, the state maintained driveways are hereby extended a distance of .4 mile, as shown by the attached sketch, to serve recently completed apartment buildings, and the Acting Director is authorized to proceed in the most feasible and economical manner with the construction, as an M-Project, of this additional driveway, at an estimated cost of \$3,900.00.

3187 In LONOKE COUNTY on Highway 232, Section 1, at Log Station 3.62, Log Station 3.72, and Log Station 7.01 as indicated on the attached marked print on the Blakemore-Seaton Road, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the existing timber bridges at an estimated cost of \$110,000.00, subject to program approval by the Bureau of Public Roads.

3188 In MISSISSIPPI COUNTY, upon completion of Job 10563, the official routing of State Highways No. 158-S-1 and U.S. 61-S-3 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change, Osceola to Luxora," drawn 2-11-59.

By this action and in conformity with Supreme Court decisions, the section of old Highway U. S. 61-S-3 from the junction of Highway 158-S-1 to the beginning of Job 10563 which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

3189 In NEVADA COUNTY on Highway 67, Section 3, for a distance of approximately 1.307 miles in the City of Prescott, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing gravel shoulders at an estimated cost of \$7,500.00, subject to program approval by the Bureau of Public Roads.

3190 In OUACHITA COUNTY on Highway 7, Section 4, for a distance of approximately 3.952 miles on the Amy-North Road, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four foot earth shoulders at an estimated cost of \$6,200.00, subject to program approval by the Bureau of Public Roads.

3191 In PIKE COUNTY on Highway 27 near Murfreesboro, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing or widening and remodeling an existing dangerous and narrow bridge over Prairie Creek at an estimated cost of \$60,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3192 In SALINE COUNTY, all portions of the old route of State Highway No. 88-S-6, except for the direct connection to Lonsdale, not retained in the newly relocated and reconstructed section as constructed by Jobs No. 6418, 6421, 6423, and 6457, are no longer needed as a part of the State Maintained Highway System.

Therefore by this action and in conformity with Supreme Court decisions, the sections of old Highway No. 88s-6 which have been replaced by new construction, except for the direct connection to Lonsdale, are hereby declared to be no longer a part of the State Highway System.

3193 In SALINE COUNTY on INTERSTATE HIGHWAY I 30, in the northeast quadrant of the intersection with existing Highway U. S. 70 near Benton, the Director is authorized to proceed in the most feasible and economical manner with the elimination of a potentially dangerous and hazardous condition by the acquisition of properties owned by M. O. Bowden, F. M. James, and R. C. Keathley.

This action is subject to program approval by the Bureau of Public Roads.

3194 In SEBASTIAN COUNTY on HIGHWAY 22, for & distance of 1.04 miles, in order to complete the gap between Job 4448, now under construction, and Job 4369, previously built to Fort Chaffee, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, and construction at an estimated cost of \$155,000.00 for a four-lane facility. This action is subject to program approval by the Bureau of Public Roads and to the following conditions:

That the City of Fort Smith will:

1. Furnish all required right-of-way free of obstructions and free of cost to the State.
2. Provide for the adjustment of utility lines.
3. Provide for the adjustment of manhole rings and covers.
4. Provide for construction of any needed facilities back of the curb lines not included in the State's plans and contract.
5. Prohibit parking on the completed street section.
6. Accept the provisions of this order within 60 days after completed plans are made available.

3195 In SEVIER COUNTY on Highway 27, Section 1, for a distance of approximately 1.390 miles on the Junction Hwy. 71-Howard County Line Road, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing gravel base course and double bituminous surface treatment and gravel shoulders at an estimated cost of \$24,000.00, subject to program approval by the Bureau of Public Roads.

3196 In WOODRUFF COUNTY on U. S. Highway 64, Minute Order No. 3052 is amended to read as follows:

WHEREAS, floods during 1957 and 1958 have resulted in caving and scouring of the left bank of the White River to such an extent as to endanger the State Highway Bridge at this location; and

WHEREAS, the Corps of Engineers, U. S. Army, has planned a project to provide bank protection at this location at an estimated cost of \$49,000.00 with federal funds available to the statutory limit of \$50,000.00, and

WHEREAS, the construction of the project will be of great value to the State of Arkansas, to Woodruff County, and to other local interests and property owners of the State;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized pursuant to the requirements of Section 14 of the Flood Control Act of 1946, to make assurances to the Government that, contingent upon the right of concurrence in the award of contract for the work in the event the total cost exceeds the amount of federal funds available, the Commission will:

- (a) Provide without cost to the United States all lands, easements, and right-of-way required by the project.
- (b) Hold and save the United States free from damages due to the construction.
- (c) Maintain and operate all works, after completion in accordance with regulations prescribed by the Secretary of the Army.
- (d) Assume all project cost in excess of the Federal limitation of \$50,000.00 found necessary to provide a complete and fully effective project that will not require any additional improvements to insure successful operation.

3197 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at McCrory, and

WHEREAS, Mr. Frank Edmons of McCrory has offered to sell a two-acre site, located approximately .2 mile west of the City Limits of McCrory, which is suitably located for this purpose, for \$1,000.00, \$300.00 of which the McCrory Chamber of Commerce has agreed to contribute,

IT IS ORDERED THAT the Acting Director be authorized to act for the Commission in completing all details necessary for the transfer of title at a cost of \$700.00 and to provide adequate facilities for an Area Headquarters, as a B-Project, at an estimated cost of \$20,000.00, which will include the cost of the land.

3198 St. Francis County, Job No 11623, FAP S-28(2). The contract for the construction of approximately 0.394 miles (Incl. 532.08' of

Bridge) of Grading, Minor Drainage Structures Gravel Base, Double Bituminous Surface Treatment and One R. C. & Structural Steel I-Beam Bridge on the Widener-Greasy Corner Road, State Highway 50, Section 1, is awarded to Michey`s, Inc., of Warren, Arkansas on their low bid of \$169,932.22.

3199 Lee County, Job No. 11624, FAP S-298(1). The contract for the construction of approximately 0.453 miles (Incl. 247.17' of Bridge) of Grading, Minor Drainage Structures, Gravel Base, One Sectional Plate Pipe and 1 R.C. Precast Slab Span Bridge on the Raggio-Mississippi Levee Rd., State Hwy. 131, Sec. 1, is awarded to the J. Lester Booker Company of Little Rock, Arkansas on their low bid of \$68,375.20.

3200 Desha County. Job No. 2566, FAP F-025-1(3). The contract for the construction of approximately 7.129 miles (Incl. 91.67' of Br. Remod.) of Grading, Mr. Dr. Strs., Gravel or Crushed Stone Shoulders, ACHM Base & Surface Courses and Remodeling One R. C. Deck Girder Bridge on the McGehee-Pine Bluff Road, U. S. Highway 65, Section 17, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$346,636.82, subject to the concurrence of the Bureau of Public Roads.

3201 Little River County, Job No. 3553, FAP S-272(1). The contract for the construction of approximately 2.838 miles of Grading, Minor Drainage Structures, Gravel Base and Shoulders and Double Bituminous Surface Treatment on the Foreman-Southwest Road, State Highway 108, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$68,271.65.

3202 Little River County Job No. 3561, FAP S-202(9). The contract for the construction of approximately 0.662 miles (Incl. 364.34' of Bridges) of Grading, Gravel Base, Double Bituminous Surface Treatment, Two Precast Slab Span Bridges & One Prestressed Precast Slab Span Bridge on the Foreman-South Road, State Highway 41 Section 3, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$98,835.67, subject to the concurrence of the Bureau of Public Roads.

3203 Pulaski County Job No. 6639, FAP I-40-3(12)158. The contract for the construction of approximately 0.335 miles (Incl. 210.24' of Bridge) of Grading, Minor Drainage Strs., Crushed Stone Base, ACHM Surface and One R. C. & Structural Steel I-Beam Bridge on the Little Rock-Memphis Interstate Road, Interstate 40, Section 3, is awarded to D. F. Jones Construction Co., Inc., of Little Rock, Arkansas on their low bid of \$134,711.93, subject to the concurrence of the Bureau of Public Roads.

3204 Saline County Job No. 6662, FAP S-81(5). The contract for the construction of approximately 4.653 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Crows-Paron Road, State Highway 9, Section 5, is awarded to

Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas on their low bid of \$89,379.65.

- 3205 Mississippi County Job No. 10616, FAP I-55-1(22)62, I-093-1(22). The contract for the construction of approximately 2095.56' in centerline length (4191.12' in Br. Lgth.) Incl. 3 pairs of R.C. & Str. Steel Grade Separation Strs. consisting of 2 parallel Interchange Brs., 2 parallel overpasses over Railroad South of Blytheville & 2 parallel overpasses over railroad East of Blytheville on the West Memphis-Missouri State Line Interstate Road, Interstate 55. Section 1, is awarded to J. B. Michael & Company, Inc., of Memphis, Tennessee on their low bid of \$1,347,833.56, subject to the concurrence of the Bureau of Public Roads.

- 3206 Craighead County. Job No. 10637, FAP S-241(3). The contract for the construction of approximately 0.397 miles (Incl. 272.08' of Bridge) of Grading, Mr. Dr. Strs., Gravel Base, Double Bituminous Surface Treatment and One R. C. & Structural Steel I-Beam Bridge on the Jonesboro-Egypt Road, State Highway 91, Section 2, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$97,858.48.

- 3207 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:15 P.M., Wednesday, April 8, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-seventh Meeting in Little Rock, Arkansas on April 8, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 13, 1959

The following is the record of the proceedings of the Seventy-eighth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 13, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3208 IT IS ORDERED that a Regular Meeting of the- State Highway Commission be opened at 10:00 A.M., May 13, 1959.

3209 The following budget for the fiscal year beginning July 1, 1959, and ending June 30, 1960, is approved and allotments made for the Biennial Highway Department Appropriation for Salaries, Wages (Extra Help), Expenses, Materials, Equipment, and Supplies in the amounts and for the purposes stipulated, all subject to the approved procedures for expenditures. The Director is hereby authorized to make such adjustments between the organizational allocations shown herein as are found necessary, all within the limits of the total budget amount. The Commission will authorize individually all projects to be constructed with funds under Section 8 herein.

3212 In PHILLIPS COUNTY for the Helena Bridge; whereas, MINUTE ORDER 2157 authorized the employment of the firm of Stifel, Nicolaus and Company of St. Louis, Missouri, as fiscal agents for the selling of bonds in connection with the project; and

WHEREAS, circumstances beyond the control of the firm developed and due to which the fiscal agent could not perform the work called for in his contract; and

WHEREAS, the fiscal agent has incurred certain expenses in connection therewith;

NOW THEREFORE, the Director is authorized to reimburse the firm of Stifel, Nicolaus and Company, fiscal agents, for their out-of-pocket expense as submitted, in the amount of \$5,000.00.

3213 In PHILLIPS COUNTY for the Helena Bridge;

WHEREAS, it has been determined that it will be to the advantage of the Government and the States and will not hinder the progress of the project to take delivery of the bonds for the project in several installments; and

WHEREAS, it is possible to anticipate needs with a reasonable degree of accuracy;

NOW THEREFORE, the Director is authorized to determine approximate needs for periods of three or four months in advance and prepare requisition documents to the Federal Housing and Home Finance Agency for delivery of bonds accordingly.

This action is subject to approval by the State of Mississippi, the Bureau of Public Roads, and the Simmons National Bank in Pine Bluff, Trustee,

3214 WHEREAS, the Purchasing Committee has awarded purchases on April 13, 20, 27 and May 4, and 11, 1959, in accordance with authority previously conveyed, all of which have been document by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3215 The Director is authorized to proceed in the most feasible and economical manner with the printing of 4,000 copies in book form of the Standard Specification for Road and Bridge Construction, 1959 edition.

3216 WHEREAS, the Department has not been able to supply the demand of the general public for County Maps as requested because reproduction facilities are limited primarily to printing of plans, and

WHEREAS, many other states have for years supplied the public with litho printed County Maps at a reasonable price, and

WHEREAS, printed maps are much more legible and useful than the present blue line copies, and

WHEREAS, the maps can be litho printed for approximately the same price as for prints made by our reproduction section,

NOW THEREFORE, it is ordered, and the Director is authorized to proceed with the litho printing of 500 copies of each of the 75 County Maps prepared by the Department to 1/2 scale, at a cost not to exceed \$3500. The sale and distribution of said maps is hereby authorized in accordance with "Policy on Distribution of County Maps", dated 5-8-59, which is attached hereto and made a part of this Minute Order.

3217 WHEREAS, the paper stock supplied by the manufacturer to the Democrat Printing & Lithographing Co. for use in printing our contract for 200,000 copies of the first edition of the 1959 Service Map was of inferior quality, and

WHEREAS, the defective quality of the paper was not evident until after the maps were printed and placed in use, and

WHEREAS, the printing firm on being notified of this matter has offered to supply 100,000 copies of the Service Map on approved paper stock at no cost to the State,

NOW THEREFORE, it is ordered that the Director be authorized to accept the offer of the printing firm to supply 100,000 replacement copies of the map and to make final settlement with the firm on the basis of the original order of 200,000 copies of the 1959 Service Map.

3218 WHEREAS, at the last session of the Legislature, the House of Representatives, by official Resolution (HR 33), requested the Highway Commission to encourage establishment of the Mississippi River Parkway, and

WHEREAS, the Highway Commission always cooperates with the desires of both houses of the Legislature,

NOW THEREFORE, the Director is authorized to cooperate with the Mississippi River Parkway Commission and the Bureau of

Public Roads to the end that Federal funds allotted for surveys are used and studies are made to insure that the Parkway traverses through Arkansas to the greatest extent possible.

3219 In BOONE COUNTY on HIGHWAY 43, from the Newton County Line-Northeast for approximately 9.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading, drainage structures, base, and Double Bituminous surfacing at an estimated cost of \$245,000.00. This action is subject to the following conditions:

1. Right-of-way, clear of obstructions, to be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.

3220 In CLEBURNE and VAN BUREN COUNTIES on Highway 124 between Damascus and Quitman, a distance of approximately 10.0 miles,

WHEREAS, the surveys authorized by Minute Order No. 2588 have been completed, the Direct is hereby authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, base, and surfacing at an estimated cost of \$250,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Cleburne and Van Buren Counties within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3221 In CRAIGHEAD COUNTY on HIGHWAY US 63, between the Greene County Line and Bono, the Director is authorized to proceed in the most feasible and economical manner with the widening of 5 narrow bridges at an estimated cost of \$75,000.00.

This action is subject to approval by the Bureau of Public Roads.

3222 In HEMPSTEAD COUNTY on HIGHWAY US 67 in the City of Hope for a distance of 1.19 miles the Director is authorized to proceed in the most feasible and economical manner with an asphaltic hot mix surface course at an estimated cost of \$20,000.00. This action is a modification of Minute Order 2625 and is subject to program approval by the Bureau of Public Roads.

3223 In JEFFERSON COUNTY for the Vocational Training School in Pine Bluff, the Director is authorized to proceed in the most feasible and economical manner with the construction of an entrance road and partial drives at an estimated cost of \$5,000.00.

Paving or improvement of parking areas is not authorized by

this action.

3224 In LITTLE RIVER COUNTY on HIGHWAY 41, WHEREAS, it has been determined that the citizens of Little River County have satisfied their obligations in the furnishing of right-of-way free of obstructions when Job 3503 (Foreman-South to Red River) was built on existing location, and

WHEREAS, Job 3540 (Red River Bridge and Approaches) is on a new location and of primary characteristics, and is of importance to the State in general,

NOW THEREFORE, the Director is authorized to proceed in the most feasible manner with the acquisition of right-of-way at a cost to the State not to exceed \$5,000.00. Except for this additional authorization, MINUTE ORDER 2894 remains in full force and effect.

3225 In LOGAN COUNTY on HIGHWAY 109 from Midway to Scranton for a distance of approximately 5 miles the Director is authorized to proceed in the most feasible and economical manner with the construction of grading, minor drainage structures, surfacing and bridges at an estimated cost of \$245,000.00. This action subject to the following conditions:

1. Right-of-way to be furnished clear of obstructions without cost to the State.
2. Program approval by the Bureau of Public Roads.

3226 In MADISON COUNTY on HIGHWAY 68, at the crossing with War Eagle River near Harmony, there exists a narrow (15'-0") width roadway bridge with dangerous alignment on both ends.

NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner with the construction of a new bridge and approaches at this crossing at an estimated cost of \$140,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way by Madison County, free of manmade obstructions and without cost to the State.

3227 In MARION COUNTY on HIGHWAY US 62 and STATE HIGHWAY 14, Minute Order No. 2382 is revised as follows: the Director is authorized to proceed in the most feasible and economical manner with the widening of existing narrow and dangerous bridges listed below:

Highway 62, Bridge over Town Branch in Yellville.
Highway 14, Section 3, Log Mile 0.86
Highway 14, Section 3, Log Mile 2.59

This work is estimated to cost \$40,000.00, and this action is subject to the following conditions:

1. All right-of-way to be furnished, clear of obstructions, free of cost to the State.
2. Program approval by the Bureau of Public Roads.

3228 In MISSISSIPPI COUNTY on HIGHWAY 137 from the Junction with Highway 150, North to the Missouri Line for a distance of approximately 2.0 miles, the Director is authorized to proceed in the most feasible and economical manner with grading-minor structure and surfacing at an estimated cost of \$75,000.00 subject to the following conditions:

1. Right-of-way to be furnished clear of obstructions without cost to the State.
2. Program approval by the Bureau of Public Roads.

3229 In MONROE COUNTY on STATE HIGHWAY 33 at the crossing of the St. Louis-Southwestern Railway Lines in Roe, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3230 In NEVADA and PIKE COUNTIES on HIGHWAY 19 from the end of the asphalt surfacing north of Prescott to Delight, a distance of approximately 10.25 miles, the Director is authorized to proceed in the most feasible and economical manner with final base course, surfacing, removal of an old bridge over Little Missouri River and riprapping the ends of a new bridge over the Little Missouri River at an estimated cost of \$165,000.00. This action subject to program action by the Bureau of Public Roads.

3231 In PERRY COUNTY on HIGHWAY 60, from the junction of Highway 113 to Toad Suck Ferry, for a distance of 7.3 miles, the Director is authorized to proceed in the most feasible and economical manner with minor grading, drainage structures, base and surfacing, to provide an all-weather road, at an estimated cost of \$85,000.00 subject to the following conditions:

1. Furnishing of all right-of-way, free of obstructions, at no cost to the State.
2. Program approval by the Bureau of Public Roads.
3. Acceptance of the provisions of this Minute Order by the County Judge of Perry County within 60 days.

3232 In POINSETT COUNTY on HIGHWAY 149 in and near Marked Tree, the route is tentatively revised to conform to that shown

on the attached sketch and the change is described as follows: beginning at a point approximately 1.75 miles south of Marked Tree, extend existing Highway 149 due North to an intersection with Normandy Street, thence northeast to an intersection with Highway U. S. 63. The Director is authorized to proceed in the most feasible and economical manner with the surveys, plans, and construction at an estimated cost of \$125,000.00, subject to the following conditions:

1. All right-of-way, clear of obstructions, furnished free of cost to the State.
2. Agreement by the City and County to maintain the abandoned section of Highway 149 after the highway on new location is opened to traffic.
3. Agreement by the legislative delegation, representing Poinsett County, that they will propose removal, from the State Highway System, of the abandoned section to the next Legislature.
4. Program approval by the Bureau of Public Roads.

3233 In SEBASTIAN COUNTY in Fort Smith, Tenth Street, extended south of Garrison Avenue to Rogers Avenue and thence along Rogers Avenue to Towson Avenue, is declared to be a part of the State Highway System, and the Director is authorized to make surveys and preliminary plans in order to ascertain construction costs. When costs have been determined, the Director shall report back to the Commission for further action.

 This action is subject to the following conditions:

1. Right-of-way, clear of obstructions, furnished without cost to the State.
2. Program and system approval by the Bureau of Public Roads.

3234 In WASHINGTON COUNTY on HIGHWAY 68, at the crossing with White River, there is a dangerous and dilapidated bridge with a narrow roadway which carries approximately 1,000 vehicles per day,

 NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner with the replacement of this bridge on a new location and elevation at an estimated cost of \$235,000.00.

 Since this bridge is located in the Beaver Dam Reservoir area this action is taken subject to the approval of the Bureau of Public Roads and the Corps of Engineers.

3235 In CRITTENDEN COUNTY, on HIGHWAY 70, Section 21, at the Memphis-Arkansas Bridge over the Mississippi River,

 WHEREAS, an Agreement was entered into on the 29th day of November, 1950 by and between the Department of Highway and Public Works of the State of Tennessee and the Arkansas State Highway Commission for the maintenance of said bridge,

WHEREAS, under the terms of said Agreement each of the Departments agree to defray the cost, on a 50-50 basis, of all major repairs, painting, et cetera, and

WHEREAS, field investigation has determined that the bridge is in need of painting, which work is estimated to cost a total of \$150,000.00,

NOW, THEREFORE, IT IS ORDERED that the Acting Director be and he is hereby empowered to consummate all details required to paint said bridge and to approve paint for this Commission's share of the cost not to exceed the sum of \$75,000.00, said funds to be paid from the regular budget allotment.

3236 In BOONE COUNTY on State Highway 206, Section 1, from Highway 7 approximately two miles north of the Newton County Line west to Gaither, a distance of approximately 3.03 miles, the conditions of Minute Order No. 2167 having been fulfilled, the Director is authorized to proceed in the most feasible and economical manner with the work necessary to bring the route to a standard for maintenance, at an estimated cost \$5,900.00.

3237 In CRITTENDEN COUNTY, that section of road from the junction of US 64 and Interstate Highway 55 near Marion east to Highway 77 in Marion, a distance of approximately 0.59 miles, has been determined to be a necessary connection of State Highway routes and is hereby reincorporated into the State Highway System, as shown and designated on the attached sketch.

3238 In GARLAND COUNTY, the following route changes, additions, and deletions to the designated State Highway System are authorized upon completion of Job No. 6617 (Hot Springs Connection):

1. That portion of State Highway No. U.S. 70 from the Junction of Ouachita and Central Avenues in Hot Springs to the junction of State Highway No. 7 northeast of Hot Springs will be designated as State Highway No. 7, and the portion from the junction of State Highway No. 7 northeast of Hot Springs to the Saline County line will be designated as State Highway No. 5.
2. State Highway U. S. 70 is hereby rerouted and redesignated from the junction of Ouachita Ave. in Hot Springs, to follow Grand Avenue to Gorge Road, thence along newly-constructed Highway 88 to the Saline County line, all to be a part of the State Highway System.
3. The portion of old State Highway No. 88, retained as a direct connection to Lonsdale by Minute Order 3181, will be designated as State Highway No. 88, Section 5.

All of the revisions of the State Highway System in Garland County are authorized as indicated on the attached Sketch Map, which

is hereby made a part of this Order and which is identified more specifically as "Designation Changes, Garland County" drawn 4-30-59.

3239 That portion of Minute Order 3126 setting out the roads to be accepted into the State Highway System is hereby amended to include that section of county road extending west from Blackland and making connection with Oklahoma State Highway No. 21, a distance of approximately 0.5 miles.

 All other provisions of Minute Order 3126 remain unchanged.

3240 WHEREAS, Act 387 of the 1957 General Assembly of the Legislature amended Act 109, Ark. Acts of 1937, Sec. 1 and 2 (Ark. Stats. /1947/ Sec. 76-502, 76, 503) to make roads leading to State Parks and within State Parks a part of the State Highway System and to provide for their maintenance and repair and for other purposes,

 AND WHEREAS, the road connecting Bull Shoals State Park to State Highway No. 178 to the west in Marion County meets the requirements of this act,

 NOW THEREFORE, it is ordered, in accordance with the provisions of said Act 387, that the road connecting Bull Shoals State Park to State Highway No. 178, a distance of approximately 1.15 miles, as shown on the attached Sketch Map, is hereby made a part of the State Highway System. This Minute Order supplements the highway additions at Bull Shoals State Park authorized by M.O. 2988 of October 22, 1958.

3241 In MISSISSIPPI COUNTY in the City of Luxora, approximately 1.25 miles of City Streets, consisting of approximately 1/2 mile on Calhoun Avenue and 3/4 mile on Main Street which were constructed as a part of U. S. Highway 61, are hereby made a part of State Highway 158, in accordance with the attached sketch, and the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing approximately mile on the north end of Main Street at an estimated cost of \$11,500.00.

3242 In PULASKI COUNTY, on Interstate Expressway, in the City of Little Rock (Right of Way Job No. 6590) between Sixth Street and the north right of way line of the Chicago, Rock Island and Pacific Railroad at a point near the Biddle Shops yard area, the Director is hereby authorized to sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

3243 WHEREAS, in Pulaski County, the old highway from the Saline County Line to the junction of Asher and Hayes Streets in Little Rock was authorized by M.O. 967 of 5-18-55 to be signed as State Highway No. 5 pending completion of the Interstate Route and final action on the status of the old route, and

WHEREAS, the type and volume of traffic using this route is of such importance and consequence as to justify its retention in the designated State Highway System,

NOW, THEREFORE, it is ordered that temporary Highway 5 from the Saline County Line to the junction of Asher and Hayes Streets in Little Rock be retained in the State-Maintained Highway System as State Highway No. 5, Section 9, as shown on the attached Sketch Map, which is hereby made a part of this Order and which is identified more specifically "Designation Change, Saline County Line to Little Rock," drawn 4-28-59.

IT IS FURTHER ORDERED that the portion of new Interstate Route from the Saline County Line to Asher Avenue be designated as U.S. Highway 70, pending completion and final signing of the Interstate Highway.

3244 WHEREAS, the 1959 Legislature passed an Act (298) entitled "An Act to Remove a Part of State Highway 161 from the State Highway System," which by Section 1 stated "That part of State Highway 161 running from State Highway 30 to Faulkner Lake Road in Pulaski County, a distance of approximately one mile, is hereby removed from the State Highway System and hereafter the duty of maintaining the said part of said highway shall rest with the County," and said Act was signed by the Governor,

NOW, THEREFORE, in accordance with said Act 298, that part of State Highway 161 from State Highway 130 (old 30) to the Faulkner Lake Road, as shown on the attached sketch map, which is hereby made a part of the Minute Order, and which is identified more specifically "Designation Change Baucum to Galloway," drawn 4-7-59, is hereby declared to be no longer a part of the State Highway System.

3245 In SALINE COUNTY, the following changes, additions, and deletions to the designated State Highway System are authorized upon completion of Job 6617, Hot Springs Connection, and Job 6627, Benton West - Pavement:

1. State Highway No. U.S. 70 from the Garland County line to the junction of the new Interstate Route in Benton will be changed to State Highway No. 5.
2. New State Highway No. 88 from the Garland County line to the junction of U.S. 67 southwest of Benton will be changed to State Highway No. U.S. 70.
3. The Interstate Route from the junction with U.S. 67 southwest of Benton to the Pulaski County line will be designated as State Highway No. U.S. 70 pending completion and marking of the Interstate Route.
4. U.S. No. 70 City Route in Benton is hereby designated from the Sevier Street Interchange along old Highways U.S. 67 and 70 to

Congo Road, thence over Congo Road, a distance of 0.27 mile to the new Interstate Route, all to be a part of the State Highway System.

5. Temporary Highway 5 from the junction with new Interstate Route northeast of Benton to the Pulaski County line is hereby permanently designated as State Highway 5; Section 8.
6. The portion of old State Highway No. 88 retained in the State Highway System as a direct connection to Lonsdale, will be designated as State Highway No. 88, Section 5.
7. All other portions of old U.S. 67 and 70 not used in the above redesignations, that have been replaced by new construction, and in conformity with Supreme Court decisions, will no longer be a part of the designated State Highway System.

All of the above changes are as indicated on the attached Sketch Map, which is hereby made a part of this Order and which is identified more specifically "Designation Changes, Saline County" drawn 4-30-59.

3246 Little River County, Arkansas and Bowie County, Texas - Job No. 3540, FAP S-2325(1) Ark. & Texas and S-2325(2) Texas only. The contract for the construction of approximately 4.402 miles (Incl. 1581.58' of Bridges) of Grading, Mr. Dr. Strs., Flexible Base, One Course Surface Treatment, One R.C. Slab & Girder Span Relief Bridge (320.00') & One R.C. Slab & Girder & I-Beam Span River Bridge (1261.58') on the New Boston, Texas-Foreman, Ark. Road, Arkansas State Highway 41, Section 3, is awarded to W. Paul Carlisle & M. E. Oden of Dallas, Texas on their low bid of \$703,793.09, subject to the concurrence of the Texas Highway Department, and to the Contractor being licensed with the Contractors Licensing Board for the State of Arkansas.

3247 Phillips County. Job No. 11520, FAP F-FG-018-1(5). The contract for the construction of approximately 0.563 miles (Incl. 572.16' of Brs.) of Grading, Minor Drainage Strs., Crushed Stone Base, Dbl. Bit. Surf. Tr'mt. on Shoulders, P.C. Conc. Pav't. (10" U.T.), One R.C. Slab Span Bridge & One R. C. & Str. Steel I-Beam Span Bridge on the Helena Bridge-Helena Road, State Highway 20, Section 3, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on his low bid of \$304,422.49, subject to the concurrence of the Bureau of Public Roads.

3248 Sharp County, Job No. 5478, FAP S-309(3). The contract for the construction of approximately 2.360 miles of Grading, Minor Drainage Strs., Crushed Stone Base and Double Bituminous Surface Treatment on the Williford-Northeast Road, State Highway 58E, Section 3E, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$63,024.83.

3249 Pulaski County. Job No. 6632, FAP I-30-2(30)136. The con-

tract for the construction of approximately 1.603 miles (Incl. 5004.58 net lin. ft. of Brs.) of Grading, Minor Drainage Strs., Two R.C. Slab Span Bridges & Two R.C. & Str. Steel Composite I-Beam Bridges on the Little Rock South ByPass Road, State Highway 30, Section 2, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$1,832,694.38, subject to the concurrence of the Bureau of Public Roads.

- 3250 Pulaski County, Job No. 6645, FAP I-30-2(38)134. The contract for the construction of approximately 1.990 miles (Incl. 950.77 net lin. ft. of Brs.) of Grading, Minor Drainage Strs., & Five R.C. & Str. Steel I-Beam Bridges on the Little Rock South ByPass Road, State Highway 30, Section 2, is awarded to Michey's, Inc., of Warren, Arkansas and D. B. Hill, Contractor, of Little Rock, Arkansas on their low bid of \$691,340.67, subject to the concurrence of the Bureau of Public Roads.
- 3251 Pulaski County Job No. 6647, FAP I-30-2(33)132. The contract for the construction of approximately 1.976 miles (Incl. 1657.33 net lin. ft. of Brs.) of Grading, Mr. Dr. Strs., (Cr. Stone Base & Dbl. Bit. Surf. Tr't. on Frtg. Rds. & Cross Rds. only) & Five R.C. & Str. Steel I-Beam Bridges on the Little Rock South ByPass Road, State Highway 30, Section 2, is awarded to S. M. Dixon Construction Company of Warren, Arkansas and D. B. Hill, Contractor, of Little Rock, Arkansas on their low bid of \$917,933.70, subject to the concurrence of the Bureau of Public Roads.
- 3252 Union County, Job No. 7539, FAP U-021-1(4). The contract for the construction of approximately 4.651 miles of Grading & Minor Drainage Strs. on entire length of project and Cr. Stone Base & ACHM or Bit. Tr't. on short sections of Frtg. Rds., connections & Detours on the El Dorado East ByPass Road, U. S. Highway 167, Sections 1 & 2, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$392,957.28, subject to the concurrence of the Bureau of Public Roads.
- 3253 Clark County Job No. 7547, FAP S-41(3). The contract for the construction of approximately 0.227 miles (Incl. 503.79' of Br.) of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr't. & One R.C. & Str. Steel I-Beam Span & Truss Span Bridge on the Arkadelphia-Fordyce Road, State Highway 51, Section 2, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$188,815.52.
- 3254 Clay County Job No. 10640, FAP S-345(5). The contract for the construction of approximately 0.271 miles (Incl. 311.95' of Brs.) of Grading, Gravel Base, Dbl. Bit. Surf. Tr't., One R.C. Slab Span Bridge & One R.C. & Str. Steel I-Beam Span Bridge on the Jct. Hwy. 135-Boydsville Road, State Highway 90, Section 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their

low bid of \$79,217.28.

3255 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:15 P.M., Wednesday, May 13, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-eighth Meeting in Little Rock, Arkansas on May 13, 1959.

V. E. Scott
Administrative Assistant

ADDENDUM

3256 Mississippi County Job No. 10605, FAP I-55-1(33)34. The contract for the construction of approximately 8.341 miles of Grading, Minor Drainage Strs., Surfacing Frtg. Rds., One M Span Culvt. & 1112.94' of R.C. & Str. Steel Interchange, Separation & Bridge Strs., including grading & paving of ramps & cross roads on the West Memphis-Missouri State Line Road, State Highway 55, Section 1, is awarded to Ottinger Construction Company of Fort Worth, Texas on their low bid of \$1,329,370.55, subject to the concurrence of the Bureau of Public Roads and the issuance of a license to the Ottinger Construction Company by the Arkansas State Licensing Board.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing Minute Order No. 3256 is a part of the official proceedings of the Seventy-eighth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 13, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 17, 1959

The following is the record of the proceedings of the Seventy-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 17, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Arnil Taylor	Member

3257 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 17, 1959.

3258 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3247 through 3254 at the regular meeting of the Commission on May 13, 1959:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
11520	F-FG-018-1(5)	20	Phillips	334,850.	2,780.	337,630
5478	S-309(3)	58E	Sharp	69,320.	None	69,320.
6632	I-30-2(30)136	30	Pulaski	2,015,950.	36,970.	2,052,920.
6645	I-30-2(38)134	30	Pulaski	760,450.	58,070.	818,520.
6647	I-30-2(33)132	30	Pulaski	1,009,710.	72,390.	1,082,100.
6521	I-IN-30-2(1)132 (R/W for Jobs 6632, 6645 & 6647)				790,000.	790,000.
7539	U-021-1(4)	167	Union	432,250.	None	432,250.
7547	S-41(3)	51	Clark	207,680.	None	207,680.
10640	S-345(5)	90	Clay	<u>87,120.</u>	<u>None</u>	<u>87,120.</u>
GRAND TOTAL				4,917,330.	960,210.	5,877,540.

Note: R/W for Job 7539 is provided under Job 7440.

3259 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Acting Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Project Cost</u>	<u>Increase or Decrease in</u>
4450	FHP A-88A	1	Polk Co. Line - Oden	McGeorge Contracting Co., Inc.	12,600.00	-14,229.00	
6654	F-US-01-2(24)	4	LaHarpe Blvd. Signing, Signal Controls and Channelization	Fagan Electric Co., Inc.	56.29	+56.29	

3260 WHEREAS, the Purchasing Committee has awarded purchases on May 18, 25, June 1, 8 and 15, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3261 The attached list of Capital Outlay Road Machinery and Equipment is the estimated amount of \$697,802.40 including tax, to be purchased the fiscal year 1959-60 from July 1, 1959 to July 1, 1960 under Minute Order No. 3209 dated May 13, 1959. Budget of \$700,000.00.

The Director is hereby authorized to proceed in the most feasible manner with the purchase of Capital Outlay Road Machinery and Vehicles as per the attached list for the fiscal year 1959-60 not to exceed \$700,000.00 the total allotment for the fiscal year from July 1, 1959 to July 1, 1960.

3262 WHEREAS, for the past several years the Arkansas Highway Department has engaged in a Joint Highway Research Program with the College of Engineering of the University of Arkansas, and

WHEREAS, much good will and assistance in recruiting engineering personnel has come to the Department from this co-operative work, and

WHEREAS, engineering studies on Flexible Bases and Pavements are now underway which need to be completed, and

WHEREAS, the current agreement will expire at the close of the 1959 fiscal year,

NOW, THEREFORE, it is hereby ordered that an extension of the cooperative agreement dated December 12, 1956, be authorized for the ensuing biennium, with an allotment of \$20,300 for the 1959-60 fiscal year, 71 1/2% of which shall be derived from the 1 1/2% federal Highway Planning Funds and the remaining 28 1/2% from Highway Department matching funds.

3263 IT IS ORDERED that legal holidays for the biennium 1959-61 be observed as follows:

Independence Day
Labor Day
Thanksgiving Day
Christmas Day
New Year's Day

On Biennial and State-wide Election days two (2) hours will be allowed for all employees to cast their ballots.

In the event, any of the foregoing holidays occur on Saturday, Friday preceding will be observed. Similarly, if any of them fall on Sunday, Monday following will be observed.

3264 In PHILLIPS COUNTY for the HELENA BRIDGE,
WHEREAS, on August 14, 1957 the Highway Commissions of Arkansas and Mississippi entered into an agreement with Stifel, Nicolaus and Company, Inc. for the purpose of furnishing the services of Fiscal Agent and Bond Counsel, and

WHEREAS, it developed that the firm of Stifel, Nicolaus and Company, Inc. could not furnish the services contracted for, and the Commissions had to seek another firm to furnish the required services and additional ones; and

WHEREAS, the firm of Mehaffy, Smith and Williams of Little Rock, Arkansas was selected to carry on to completion all services needed, to the end that the bonds to finance the Helena Bridge could be sold and delivered; and

WHEREAS, the bonds have been sold, printed, delivered, and payment received, and the firm of Mehaffy, Smith and Williams has done an outstanding job;

NOW THEREFORE, the Director is authorized to reimburse the firm of Mehaffy, Smith and Williams at the rate of eight-tenths of one percent (0.8%) of the amount of the bond issue plus out-of-pocket expenses as submitted, including printing of the bonds, as full and final payment.

This action is subject to the approval of the Mississippi Highway Commission and the Housing and Home Finance Agency.

3265 WHEREAS, in BENTON COUNTY in the Town of Gentry, a new Area Headquarters is just being completed and the Town of Gentry has offered to pipe city water to the site (a distance of 2,676 feet) provided the Highway Department will participate in the cost,

IT IS ORDERED that the Acting Director be authorized to negotiate with the Town of Gentry for this service, at a cost not to exceed \$850.00.

3266 In COLUMBIA COUNTY on HIGHWAY 160, Section 3 (Milum Act Road), between Macedonia and Taylor, the Acting Director is authorized to proceed in the most feasible and economical manner with the work of repairing one timber bridge (342 feet in length), as an

M-Project, at an estimated cost of \$2,700.00.

3267 In CONWAY and PERRY COUNTIES on Highway 113
between Copperas Gap and Oppello,

WHEREAS, the existing route has been closed due to bank caving of the Arkansas River, the route is hereby re-designated to follow the route, as indicated on the attached sketch map, from Copperas Gap to a point approximately 2 1/2 miles southeast of Oppello for a distance of approximately three miles. The Director is authorized to proceed in the most feasible and economical manner with construction of approximately three miles of roadway and a 240-foot bridge over Cypress Creek at an estimated cost of \$135,000.00, subject to the following conditions:

1. Right-of-way, clear of obstructions, furnished without cost to the State.
2. Program and system approval by the Bureau of Public Roads.

3268 In CRITTENDEN COUNTY, upon completion of Job 11622, the official routing of State Highway No. 42-S-5 shall be in accordance with the relocated and reconstructed section, as indicated on the attached sketch map, which is made a part of this Order and which is identified more specifically "Designation Change Heafer to S.H. 149," drawn 6-1-59.

By this action and in c conformity with Supreme Court decisions, the section of old Highway 42 southerly to Three Forks which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System.

3269 In DESHA COUNTY on HIGHWAY 54, in the City of Dumas, this highway from the Junction of US 65 to the northwestern corporate city limits, a distance of approximately 1.52 miles, is in need of improvement; and

WHEREAS, the City Officials of Dumas have indicated that they will participate in the improvement of this section of Highway 54 in some degree;

NOW THEREFORE, the Director or is authorized to proceed in the most feasible manner with surveys and preliminary plans to determine needs, costs, and equitable distribution.

After the work provided y this minute order has been completed and costs have been determined, the Director will report back to the Highway Commission for further instructions.

3270 In FAULKNER COUNTY on the campus of Arkansas State Teachers College, additional drives (1492 feet in length) to serve two new buildings are hereby made a part of the State Highway System, in

accordance with the attached sketch, and the Acting Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing, as an M-Project, at a cost not to exceed \$2,500.00.

- 3271 In FAULKNER COUNTY for an entrance road to the Children's Colony near Conway, a connection from US 65, running east along the south boundary of the Hendrix College property to join Siebenmorgan Road at Ingram Street, a distance of approximately 0.36 miles, is hereby designated a part of the State Highway System and the Director is authorized to proceed in the most feasible and economical manner with improvements to secondary standards at an estimated cost of \$16,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, at no cost to the State.

- 3272 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Sheridan and,

WHEREAS, the Sheridan Chamber of Commerce has located a suitable site on Highway 270, approximately .8 mile east of the junction of Highways 167 and 270 n Sheridan, which can be purchased for \$1,350.00 - \$400.00 of which will be contributed by the Chamber of Commerce,

IT IS ORDERED that the Acting Director be authorized to act for the Commission in completing all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at an estimated cost not to exceed \$20,000.00, including the State's part of the cost of the land.

- 3273 WHEREAS, in HEMPSTEAD COUNTY on U. S. HIGHWAY 67, Section 2, at the south end of the Red River Bridge at Fulton, Arkansas, Minute Order 3049 was approved, in the amount of \$5,980.00, as an M-Project, to repair the Pile Dike which provides bank protection for the bridge abutment and,

WHEREAS, the bid prices exceeded the estimated price and it was later found that additional work was required to complete the job, necessitating an overrun of \$3,205.27,

IT IS ORDERED that the Acting Director be authorized to approve the overrun and supplement Maintenance Job 3-12, from the Betterment Fund, in the amount of \$3,205.27.

- 3274 In HEMPSTEAD COUNTY Minute Order 3182 is revised to be as follows:

On HIGHWAY 73, Section 2, for a distance of approximately

6.617 miles on the Crossroads-Columbus Road, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four foot earth shoulders at an estimated cost of \$7,700.00.

- 3275 In JACKSON COUNTY, in the CITY OF NEWPORT, on HIGHWAY 224, from Remmel-Wilkerson Avenue east to a junction with Highway 14, a distance of approximately 0.96 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, minor drainage structures, and surfacing at an estimated cost of \$24,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, without cost to the State and program approval by the Bureau of Public Roads.

- 3276 In LAWRENCE COUNTY, the crossing of Highway 63 and main tracks of the Missouri Pacific Railroad in Hoxie has been determined by the Traffic Section of the Highway Department to be hazardous and additional automatic protection is warranted including providing (1) short arm gates to be added to the existing flashing light signals (2) install traffic light signals at the intersection of Highway 67 and 63 that is about 40 feet west of the railroad track; these traffic signals to so operate to eliminate the hazard of the traffic on Highway 67 blocking the intersection causing traffic on 63 to be on the railroad crossing when trains are approaching.

NOW THEREFORE, the Director is authorized to program a project with the Bureau of Public Roads which will provide the protection as proposed by the Traffic Section of the Highway Department, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction and to operate and maintain the installation and agreement by the City of Hoxie that it will enforce compliance with the traffic signals installed at the intersection of Highways 63 and 67.
3. Agreement by all parties that no state funds will be used in the construction operation, or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

- 3277 In LINCOLN COUNTY on HIGHWAY 54, at the crossing of Bayou Bartholomew, the Director is authorized to proceed in the most feasible and economical manner with the replacing of a narrow and dangerous bridge and approaches at an estimated cost of \$125,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, at no cost to the State, and program approval by the Bureau of Public Roads.

3278 In LITTLE RIVER COUNTY on Highway 41, allotment is hereby made in the amount of \$302,450.00 covering Arkansas' portion of the cost including Contract an E & C for Job 3540, FAP S-2325(1), Red River Bridge and Approaches, Arkansas and Texas joint project. Award of this contract was made by Minute Order No. 3246 at the regular meeting of the Commission on May 13, 1959.

3279 In LOGAN COUNTY on HIGHWAY 23, between Booneville and the State Sanatorium, in order to eliminate narrow and dangerous bridges, the Director is authorized to proceed in the most feasible and economical manner with the construction of new bridges and/or widening existing bridges at an estimated cost of \$170,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, without cost to the State and program approval by the Bureau of Public Roads.

3280 In MADISON COUNTY on HIGHWAY 21 from Kingston to a junction with Highway 68, a distance of approximately 6.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, drainage structures, surfacing, widening one narrow bridge, and the replacement of one narrow and dangerous bridge at an estimated cost of \$380,000.

This action is subject to the furnishing of all right-of-way, clear of obstructions, at no cost to the State, and program approval by the Bureau of Public Roads.

3281 In MILLER COUNTY on HIGHWAY U. S. 82 from the Missouri Pacific Overpass in Texarkana east, a distance of 5.9 miles, Minute Order No. 1374 is reinstated and revised to provide as follows:

The Director is authorized to proceed with the widening and strengthening of the existing road section to a four lane section for that portion within the City Limits and a modern two lane facility for the remainder of the section at an estimated cost of \$650,000.00.

1. The State will remove and/or move buildings for the entire project and provide the right-of-way for that portion outside of the City Limits.
2. The City of Texarkana is to provide the right-of-way within the City Limits.
3. This action subject to program approval by the Bureau of Public Roads and the acceptance of the conditions of this Minute Order by the Officials of Texarkana within sixty days.

3282 In MONTGOMERY COUNTY on HIGHWAY 88, from a point approximately 1.5 miles west of Oden to the Junction with US 270 at Pencil Bluff, a distance of approximately 5.0 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, drainage structures base and surfacing at an estimated cost of

\$150,000.00.

This action is subject to the furnishing of all right-of-way, clear of obstructions, free of cost to the State, and program approval by the Bureau of Public Roads.

3283 In OUACHITA COUNTY Minute Order 3190 is revised to be as follows:

On HIGHWAY 7, Section 4, for a distance of approximately 3.952 miles on the Amy-North Road the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four foot earth shoulders at an estimated cost of \$6,200.00.

3284 In PULASKI COUNTY, the crossing of County FAS Route 1484 and the main track of the Missouri Pacific Railroad near College Station has been determined by the Traffic Section of the Highway Department to be hazardous and to warrant flashing light signal protection.

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious project,

NOW THEREFORE, the Director is authorized to program, for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic protection for this crossing as determined by the Hazard Rating Formula, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction, and to operate and maintain the project.
3. Agreement by all parties that no state funds will be used in the construction, operation, or maintenance of the project.
4. Program approval by the Bureau of Public Roads.

3285 WHEREAS, in Pulaski County, in the City of Little Rock, all construction has been completed on LaHarpe Boulevard, and

WHEREAS, Minute Order 3151 of 3-4-59 authorized preliminary engineering for a connection between n La Harpe Boulevard and the Little Rock-North Little Rock expressway,

NOW, THEREFORE, IT IS ORDERED that the official routing of State Highway No. 10-S-8 shall be over the newly-constructed La Harpe Boulevard from Lincoln Avenue to Markham and Cumberland Streets, and upon completion of necessary construction said

section shall be extended over the proposed connection between La Harpe Boulevard to the Markham Street Interchange of the Little Rock-North Little Rock expressway, Interstate Route 30.

By this action, and in conformity with Supreme Court Decisions, the section of old Highway 10-S-8 along Cross Street and West Capitol Avenue to Broadway is no longer a part of the State Highway System, all in accordance with attached sketch map, which is made a part of this Order, and which is identified more specifically "Designation Change, State Highway No. 10 in Little Rock," drawn 6-10-59.

IT IS FURTHER ORDERED, pending completion of the La Harpe-Expressway connection, that traffic to and from Highway 10 be temporarily routed as follows: (1) north and west bound from Broadway, east on Fourth to Spring, thence north on Spring to Highway 10; (2) east and south or north bound from Highway 10, south at Spring to West 2nd, thence west to Broadway.

3286 In PULASKI COUNTY, on the CAPITOL GROUNDS, at the north end of the south mall, the Director is authorized to proceed in the most feasible and economical manner with the work to add approximately 10 feet more width to the street between the Capitol and the Mall at an estimated cost of \$2,000.00.

3287 WHEREAS, in RANDOLPH COUNTY on JOB 10633, from the junction of Highway 90 to Dalton, a field change was approved which eliminated a bridge and replaced it with a concrete culvert and,

WHEREAS, the contractor (Mississippi Valley Contracting Company) had purchased the guard rail for a bridge, which was eliminated,

IT IS ORDERED that the Acting Director be authorized to purchase the guard rail from the Mississippi Valley Contracting Company for use by the Maintenance Division at a cost of \$934.06.

3288 In RANDOLPH COUNTY on HIGHWAY 67, the Director is authorized to proceed in the most feasible and economical manner with the work of widening the bridge over Current River at an estimated cost of \$185,000.00, subject to program approval by the Bureau of Public Roads.

3289 In SEBASTIAN COUNTY in the CITY OF FORT SMITH, on the TRUCK ROUTE of HIGHWAY 22T, from Schuler Avenue to Towson Avenue, a distance of approximately .78 of a mile, the Director is authorized to proceed in the most feasible a economical manner with the work of repairs and resurfacing, by contract, at an estimated cost of \$38,000.00.

3290 In WASHINGTON COUNTY on HIGHWAY 16, from Fayetteville to Elkins, a distance of approximately 10.36 miles, the

Director is authorized to proceed in the most feasible and economical manner with the work of extending structures and reconstructing the surface with crushed stone base and asphaltic concrete surfacing at an estimated cost of \$460,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3291 Jefferson County, Job No 2589, FAP S-129(4). The contract for the construction of approximately 6.148 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Sherrill-Lonoke Road, State Highway 31, Section 1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$180,614.27.
- 3292 Pulaski County, Job No. 6615, FAP F-021-3(8). The contract for the construction of approximately 7.223 miles of limited Grading, Mr. Dr. Strs., Cr. Stone Base, P.C. Conc. Pav'mt. (9"U.T.), on Two Main Lanes, Dbl. Bit. Surf. Tr'mt. on Fr. Roads & Main Lane Shldrs. & ACHM Surf. Crse. in designated sections on the North Little Rock-Jacksonville Road, U.S. Highway 67, Section 10, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$904,740.70, subject to the concurrence of the Bureau of Public Roads.
- 3293 Pulaski County, Job No. 6681, FAP S-372(12). The contract for the construction of approximately 12.075 miles (Incl. 478.24' of Br. Remod.) of Grading, Mr. Dr. Strs., Cr. Stone Shldrs. Surf. with Single Bit. Surf. Tr'mt., ACHM Base & Surf. Crses., Major Remod. on one R.C.D.G. Span Bridge & Minor Remod. on three R.C.D.G. Span Bridges on the Perryville-Little Rock Road, State Highway 10, Section 7, is awarded to Graves Brothers Contractors of Pine Bluff, Arkansas on their low bid of \$290,840.68.
- 3294 Union County, Job No. 7540, FAP U-021-1(5). The contract for the construction of approximately 965 net lin. ft. of Bridges including One R.C. & Str. Steel Composite I-Beam Span Overpass, Three R.C. & Str. Steel I-Beam Span Underpasses & One R.C. Slab Span Creek Bridge on the El Dorado East By-Pass Road, U. S. Highway 167, Sections 1 and 2, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$309,839.30, subject to the concurrence of the Bureau of Public Roads.
- 3295 Van Buren County, Job No. 8452, FAP S-295(1). The contract for the construction of approximately 0.301 mile (Incl. 467.16' of Bridge) of Grading, Minor Drainage Strs., Gravel Base, Double Bit. Surf. Tr'mt. & One R.C. & Str. Steel I-Beam Span Bridge on the Clinton-Shirley Road, State Highway 9, Section 10, is awarded to D. F. Jones Construction Co., Inc., of Little Rock, Arkansas on their

low bid of \$160,919.05.

3296 Mississippi County, Job No. 10611, FAP I-093-1(20), I-55-1(21)52. The contract for the construction of approximately 9.905 mi. (Incl. 2365.00 net lin. Ft. of Brs. & 21.55' of Br. Lgth. Culvt.) of Grading, Mr. Dr. Strs.; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Fr. Rds. & Grade Separations; 8" P.C. Conc. Pv't. on Interchg. Ramps & Approaches; Two R.C. & Str. Steel Interchg. Strs. & 3 R.C. Str. Steel Grade Separation Strs.; 10 R. C. Slab Span Brs. & One Br. Lgth. Culvt. on Main Lanes & Fr. Rds. on the West Memphis-Missouri State Line Interstate Road, State Highway 55, Section 1, is awarded to J. B. Michael & Company, Inc., of Memphis, Tennessee on their low bid of \$2,319,393.81, subject to the concurrence of the Bureau of Public Roads.

3297 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:40 P.M., Wednesday, June 17, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-ninth Meeting in Little Rock, Arkansas on June 17, 1959.

V. E. Scott
Administrative Assistant

ADDENDUM

3298 In MISSISSIPPI COUNTY for Job 10605, Project I-55-1(33)34, WHEREAS, Arkansas State Highway Commission, on May 13, 1959, received bids on this project and Ottinger Construction Company of Fort Worth, Texas was the low bidder, and by Minute Order No. 3256 dated May 13, 1959, the Highway Commission awarded the contract to Ottinger Construction Company on the basis of their low bid; and

WHEREAS, Ottinger Construction Company was given notice award of this contract under date of May 18, 1959 and which notice they received on May 19, 1959; and

WHEREAS, Ottinger Construction Company filed suit in Federal Court on May 20, 1959 to prevent the Highway Department from forcing them to take the contract and from enforcing the forfeiture of their bid bond because of an alleged error claimed, and because Ottinger Construction Company pled that they were not a responsible and legal bidder and have renounced any and all claims under said bid, and stated that they could not and will not undertake the performance of the contract; and

WHEREAS, the said District Judge, on June 17, 1959, has found that the Federal Court is without jurisdiction, and dismissed the

case in all parts; and

WHEREAS, Ottinger Construction Company has not filed a performance bond within the required and stipulated time;

NOW THEREFORE, the Arkansas State Highway Commission hereby awards the contract for Job 10605 to Reynolds and Williams of Little Rock on their low bid of \$1,611,257.41 which was the next low bid, and instructs the Administrative Assistant-Legal of the Arkansas State Highway Department to proceed in the most expeditious manner with whatever actions are necessary to recover under the bid bond furnished by Ottinger Construction Company.

This action is subject to the concurrence of the Bureau of Public Roads.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing Minute Order No. 3298 is a part of the official proceedings of the Seventy-ninth Meeting of the State Highway Commission which was held in Little Rock, Arkansas on June 17, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 22, 1959

The following is the record of the proceedings of the Eightieth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 22, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member

3299 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 22, 1959.

3300 Effective August 1, 1959, F. R. Oliver will assume the duties and responsibilities of Director of Highways at a salary of \$16,500.00 per year; R. B. Winfrey will assume the duties and responsibilities of Maintenance Engineer at a salary of \$11,700.00 per year and G. R. Sisk will assume the duties and responsibilities of Assistant Maintenance Engineer at a salary of \$9,600.00 per year. This minute order supersedes and revises the maximum salary set out as Item 1, Director, in MINUTE ORDER NO. 3173.

3301 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3291 through 3296 and Minute Order 3298 at the regular meeting of the Commission on June 17, 1959:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

13131	F-0113(1)	3	Mountainburg- Winslow Climbing Lanes	Ben M. Hogan & Co.	600.00		+600.00

3303 WHEREAS, the Purchasing Committee has awarded purchases on June 22, 29, July 6, 13 and 20, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3304 WHEREAS, the following list of Junk Materials have been sent in to Jacksonville Shop from the Ten Divisions for the reason that it is of no further value to the Arkansas State Highway Department due to condition,

3865 - Approx. Junk Vehicular Tires, various sizes
1493 - Approx. Junk Vehicular Batteries
61 - Junk Vehicular Radiators
190 - Approx. Net Tons of Mixed Scrap Iron

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest and best bidder.

3305 WHEREAS, Section 33 of Act 307 of the Acts of the General Assembly of 1959, delegated responsibility for determination and establishment of speed limits on controlled access highways to the Highway Commission, and,

WHEREAS, based on engineering and traffic investigations and conferences with State Police Officials responsible for enforcement of speed regulations, it has been determined that the following general policies pertaining to regulations of speeds are needed in order to realize maximum utility of controlled access facilities and to provide for the safe and expeditious movement of traffic thereon,

NOW, THEREFORE, IT IS DECLARED That:

1. The maximum and minimum speed limits on highways with full control of access shall be 70 mph. and 45 m.p.h. respectively, except through specific areas where local conditions, on the basis of engineering and traffic investigations, indicate lower limits would be conducive to more efficient traffic operation.
2. The maximum and minimum speed limits on highways with partial control of access shall be as posted by the Department after thorough engineering and traffic investigations, but shall in no case exceed the maximum of 70 mph.
3. The above maximum speeds shall not be posted on any section until the highway has been completed and is operating as designed.

3306 WHEREAS, Minute Order 2081 of May 1, 1957, establishes minimum and maximum hourly rates and titles for Unskilled, Intermediate, and Skilled employees, and

WHEREAS, the Division of Statistics and Analyses has a budget for hourly wages which can be used to pay Interviewers on Origin and Destination Studies, and

WHEREAS, these Interviewers are employed on the job and work only a few days and it is impracticable to pay them on a salary appropriation, and

WHEREAS, the title of "Interviewer" was not included in Minute Order 2081 of May 1, 1957,

NOW, THEREFORE, IT IS ORDERED that the Acting Director be and he is hereby authorized to amend Minute Order 2081 and establish a new grade for "Interviewer" in the Intermediate Classification, minimum rate \$1.20 and maximum rate \$1.50 an hour.

3307 WHEREAS, the Highway Research Correlation Service of the

Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1960, in the amount of \$3,589.00, to be paid to the National Academy of Sciences.

3308 In PHILLIPS COUNTY for the HELENA BRIDGE, whereas the firm of Howard, Needles, Tammen & Bergendoff, during the preparation of plans and specifications for the Helena Bridge project, was required to do work not provided in the original contract; and

WHEREAS, no provision was made in the contract with Howard, Needles, Tammen & Bergendoff which would provide a method of payment for additional work; and

WHEREAS, Howard, Needles, Tammen & Bergendoff has submitted a bill in the amount of \$3,314.22, based upon actual labor cost plus 100%, for doing the extra work which is the usual approved method of payment for extra work; and

WHEREAS, the State Highway Commission of Mississippi and the Bureau of Public Roads have approved payment for this additional work;

NOW THEREFORE, the Director is authorized to execute a supplemental agreement for performing the work and to authorize payment of the Arkansas share of the cost.

3309 In PHILLIPS COUNTY, for the HELENA BRIDGE, the Statement in the amount of \$5,223.73 as submitted by the Simmons National Bank of Pine Bluff, Trustee, covering certification fee and out-of-pocket expenses in connection with the delivering of bonds for the bridge, is hereby approved.

This action is subject to concurrence by the State Highway Commission of Mississippi and the Housing and Home Finance Agency.

3310 In PULASKI COUNTY on Interstate Highway 30, Job No. 6590, the Little Rock-North Little Rock Expressway, in order to expedite the construction of the project, the Director is authorized to enter into contract with Messrs. Walter L. Hinton, Jr. and Russell L.

McLean, professional appraisers, to appraise the properties between East 10th Street and East Roosevelt Road in accordance with the Fees, Schedule of Time and Conditions set forth in the attached offer dated July 21, 1959.

The contracts and subsequent appraisals shall meet all applicable requirements of the Bureau of Public Roads.

3311 In PULASKI COUNTY on Highway U. S. 67 for the Livestock Commission, the Director is authorized to proceed in the most feasible and economical manner with studies of the traffic and parking facilities at the Livestock Exposition Grounds and when the studies are complete to refer back to the Commission for their further consideration and recommendation.

3312 In UNION COUNTY on HIGHWAY 167, in the City of Junction City, MINUTE ORDERS 2897 and 3101 provided programming of improvements on the main street of Junction City from the Louisiana State Line to the Junction City, Arkansas City Limits subject to a number of conditions, one of which was that the City would provide and pay for storm sewers required, if any. The City was furnished a preliminary estimate of cost which did not include storm sewers because at that stage it did not seem that storm sewers would be needed. The City accepted the provisions of the minute orders, thinking that no storm sewers would be needed. As plans developed, it was found that good engineering judgment required the use of storm sewers for the benefit of the highway but not necessarily for the benefit of Junction City. This added cost to the project is beyond the financing capability of the City and since this project is desired by the City and the State, it is ordered that Minute Orders 2897 and 3101 be revised to eliminate the requirement that Junction City pay for the cost of the storm sewers.

3313 In CALHOUN COUNTY on HIGHWAY 4 from Locust Bayou to Hampton (Job 7406), MINUTE ORDER No. 47, dated April 24, 1953, authorized construction of the project without specifying conditions of right-of-way acquisition; and

WHEREAS, at that time there was no definite policy concerning right-of-way; and

WHEREAS, records indicate that the Highway Commission was to pay Calhoun County fifty percent of the cost of right-of-way acquisition; and

WHEREAS, Calhoun County actually paid for the right-of-way and has furnished the Department with supporting documents in support, with no reimbursement from the State;

NOW THEREFORE, the Director is authorized to pay Calhoun County \$2,858.70 as full and final payment for the State's share of

right-of-way cost on the Locust Bayou-Hampton project.

- 3314 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Corning, in Clay County, and,

WHEREAS, the Corning Chamber of Commerce has offered to procure a tract of 2 acres, located 660 feet north of the city limits on U. S. Highway 67, that is suitable for this purpose, at a cost of \$2,000.00 - \$1,500.00 of which will be contributed by the Chamber of Commerce and \$500.00 by the Highway Department,

IT IS ORDERED that the Acting Director be empowered to act for the Commission in concluding all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, with an allotment of \$20,000.00, including the State's part of the cost of the land.

- 3315 In COLUMBIA COUNTY from Highway U. S. 79 to the President's residence on the campus of Southern State College, the Director is authorized to proceed in the most feasible and economical manner with improvements and construction exclusive of curb and gutters at an estimated cost of \$3,500.00.

- 3316 In CRITTENDEN COUNTY at the Missouri Pacific Overpasses, north of West Memphis, the Director is authorized to proceed in the most feasible and economical manner with repairs to an existing slide and providing a berm as preventative measure to prevent future slides at an estimated cost of \$11,640.00.

- 3317 In GARLAND COUNTY in the City of Hot Springs, whereas, MINUTE ORDER 3238 added Grand Avenue, from its junction with Ouachita Avenue to the Gorge Road, to the Arkansas State Highway System and designated it to be Highway US 70; and

WHEREAS, in the interest of traffic safety and for the public good it is necessary for the Highway Department to have control of the right-of-way from outside of traveled way to outside of traveled way,

NOW THEREFORE, it is directed that MINUTE ORDER 3238 be clarified to provide that the raised median of Grand Avenue within the limits of the Minute Order be included as an addition to the Arkansas State Highway System.

- 3318 In JEFFERSON COUNTY for HIGHWAY US 65 in the City of Pine Bluff, the Director is authorized to proceed in the most feasible and economical manner with on-the-ground surveys, field investigations, preliminary plans to determine right-of-way requirements, and estimate of costs of three proposed locations for Highway US 65 in and through Pine Bluff as shown on the attached sketch and designated as

Route "B", Route "C" (partially along the present route), and Route "D".

After the work authorized by this minute order has been completed, the Director shall submit the results of the study to the Highway Commission for their further consideration.

3319 WHEREAS, in Pope County on the campus of the Arkansas Polytechnic College at Russellville the drives that were made a part of the State Highway System, by Commission action of April 22, 1952, have been altered and relocated since such action and do not conform with the drives as they were then constructed,

NOW, THEREFORE, it is ordered that the drives as shown on the attached Revised Sketch of Roads in State Institutions maintained by Arkansas State Highway Department, drawn 6-25-59, are hereby made a part of the State Highway System, and

IT IS FURTHER ORDERED, that the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing on approximately 1,784 feet of drives as indicated on attached sketch, as an M-Project, at a cost not to exceed \$1,600.00.

3320 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Benton and,

WHEREAS, the State Hospital has a 2.1 acre tract, located south of the Highway 67-70 interchange, south of Benton, that is suitable for this purpose and which has an appraised value of \$735.00,

IT IS ORDERED that the Acting Director be authorized to submit an offer of this amount to the Hospital Board for their approval.

IT IS FURTHER ORDERED that, when the acquisition of this property is completed, the Acting Director be authorized to provide adequate facilities for an Area Headquarters, as a B-Project, at a cost of \$20,000.00, including the cost of the land.

3321 In ST. FRANCIS COUNTY on HIGHWAY 70, Section 19, at Crow Creek, erosion of the bank at the west abutment has reached the point that the abutment is in danger of falling and it is necessary to take immediate action to relieve this condition.

IT IS ORDERED that the Acting Director be authorized to proceed in the most feasible and economical manner with the construction of a retaining wall and backfill, as an M-Project, at an estimated cost of \$10,000.00.

3322 In ARKANSAS COUNTY on STATE HIGHWAY 1, beginning

on the existing road 0.7 miles south of DeWitt and extending north-easterly, partially on new and partially along existing location for a distance of approximately 6.0 miles to a point on the existing highway 1.1 miles northeast of LaGrue Bayou, the Director is authorized to proceed in the most economical and feasible manner with grading, drainage structures, surfacing, and bridges, at an estimated cost of \$650,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3323 In ARKANSAS COUNTY, on HIGHWAY 153, from a junction with Highway 33 east through Crockett's Bluff and thence south toward St. Charles for a total distance of approximately 11.0 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, base, structures and surfacing at an estimated cost of \$400,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way, clear of obstructions, free of cost to the State.

3324 In BOONE COUNTY on HIGHWAY US 65 in and through the City of Harrison, from Cottonwood Road to an intersection with a county road near the southeast city limits, a distance of approximately 4.82 miles, the Director is authorized to proceed in the most feasible and economical manner with reconstructing, widening to four lanes, resurfacing and widening structures at an estimated cost of \$720,000.00. This action is subject to the following conditions:

1. All parking on the improvement provided by this Minute Order to be prohibited by official City Ordinance.
2. Agreement by the City of Harrison to make traffic control system conform to approved regulations and standards.
3. Adjustment of all utilities at no cost to the State.
4. Acceptance of the provisions of this Minute Order by the Mayor of Harrison within 60 days after plans are complete and submitted to the City for consideration.
5. Program approval by the Bureau of Public Roads.

3325 In CALHOUN COUNTY on HIGHWAY US 167, from the junction with Highway DA-NR 1 and extending north 10.25 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening, strengthening, resurfacing, extending culverts and widening bridges at an estimated cost of \$430,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3326 WHEREAS, in CRAWFORD COUNTY, in the City of Van Buren, a more direct connection to the east for State Highway No. 59

is needed to eliminate indirection for highway traffic through the City,

NOW, THEREFORE, it is ordered that the section of East Main Street from the junction of West Main and Fayetteville to the junction of State Highway No. U.S. 64 is hereby made a part of the State Highway System; as shown on attached sketch titled Designation Change in City of Van Buren, drawn 7-8-59, subject to the following conditions:

1. The City of Van Buren will eliminate all angle-parking on East Main Street, in accordance with Section 38 of Act 307 of the 1959 General Assembly of Arkansas.
2. Acceptance of the provisions of this Order by the Mayor of the City of Van Buren within 60 days.

3327 In CROSS COUNTY on HIGHWAY US 64 from the Woodruff County line to the junction with State Highway No. 1 at Harrels Corner, a distance of 14.00 miles, there are thirteen narrow and dilapidated timber bridges which are dangerous and beyond repair. The Director is authorized to proceed in the most feasible and economical manner with the replacement of these bridges at an estimated cost of \$300,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3328 In GRANT COUNTY on HIGHWAY US 167 from its junction with Highway 35, north to the beginning of Job 6450 in Sheridan, a distance of approximately 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, and construction of widening and strengthening base, resurfacing, extending structures and widening or replacing bridges at an estimated cost of \$534,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3329 In HOWARD COUNTY on HIGHWAY 26 from its junction with Highway 24 to Center Point, a distance of 7.40 miles, the Director is authorized to proceed in the most feasible and economical manner with reconstruction including grading, base and surfacing at an estimated cost of \$150,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way, clear of obstructions, free of cost to the State.

3330 In JACKSON COUNTY on HIGHWAY 33, Section 10, from Tupelo to the junction with Highway 37, there are five bridges which are dangerous, three of which are beyond repair; and

WHEREAS, Highway 33, Section 10, is impassable because of the condition of these bridges; and

WHEREAS, due to the limited finances available at this time, it is not possible to replace all bridges to the full required length and to raise the road above high water; and

WHEREAS, the Commission is desirous of making improvements that will assure that the road will be passable at least 80 percent of the time;

NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner with the repair of bridges at log miles 1.30 and 3.33 and to build new bridges with immediate connecting approaches as follows:

Log mile 2.75 - Construct bridge length 186 feet long

Log mile 3.01 - Construct bridge length 279 feet long

Log mile 3.09 - Eliminate by combining with bridge at log mile 3.01

This work is estimated to cost \$115,500.00, and this action is subject to program approval by the Bureau of Public Roads and the right-of-way being furnished clear of obstructions at no cost to the State.

3331 In JOHNSON COUNTY on HIGHWAY 21 from Ozone to the Newton County Line, a distance of approximately 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, and construction of a Forest Highways Project including grading, base, structures, and double bituminous surfacing at an estimated cost of \$300,000.00. This action is subject to the following conditions:

1. The furnishing of right-of-way, clear of obstructions, free of cost to the State.
2. Program approval by the U. S. Forest Service and the Bureau of Public Roads.
3. Acceptance of the provisions of this Minute Order by the County Judge of Johnson County within 30 days after right-of-way requirements are furnished.

3332 In LAWRENCE COUNTY on HIGHWAY 91 from Highway US 63 to Highway 25, a distance of 2.6 miles, the Director is authorized to strengthen the existing pavement by adding an asphalt hot-mix surface course, two inches thick, and raising shoulders to match, at an estimated cost of \$25,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3333 In LITTLE RIVER COUNTY on HIGHWAY 32 from Ash-down, east to the beginning of a proposed access road to the Millwood Dam, a distance of approximately 9.12 miles,

WHEREAS, the County Judge is desirous of securing right-of-way for any improvements that may be made on this road by the Commission,

NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner with surveys and plans to determine right-of-way requirements to the extent that right-of-way can be ready and clear of obstructions when available funds will allow the Commission to program the project for construction.

This action is subject to program approval by the Bureau of Public Roads.

3334 In MILLER COUNTY on HIGHWAY US 71, beginning at a point approximately 3.30 miles north of Fouke and for a distance of approximately 10.87 miles along the existing route of US 71 to Dudley Avenue in Texarkana, the Director is authorized to proceed in the most feasible and economical manner with the work of widening, strengthening, resurfacing, extending structures, and widening bridges at an estimated cost of \$830,000.00. It is anticipated that the section in the urban limits of 1.26 miles will be a facility of four lanes if traffic justifies.

This action is subject to the following conditions:

1. Adjustment of utilities within the City to be made at no cost to the State.
2. Additional right-of-way within the city limits to be furnished free of cost to the State.
3. Acceptance of the provisions of this minute order by the Mayor of Texarkana, Arkansas within 60 days.
4. Program approval by the Bureau of Public Roads.

3335 In NEWTON COUNTY on HIGHWAY 21 from the Johnson County line to Fallsville, a distance of approximately 6.2 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, and construction of a Forest Highways Project including grading, base, structures, and double bituminous surfacing at an estimated cost of \$230,000.00. This action is subject to the following conditions:

1. The furnishing of right-of-way, clear of obstructions, free of cost to the State.
2. Program approval by the U. S. Forest Service and the Bureau of Public Roads.
3. Acceptance of the provisions of this Minute Order by the County Judge of Newton County within 30 days after right-of-way requirements are furnished.

3336 In OUACHITA COUNTY on HIGHWAY 7 from the Union County Line toward Elliott, a distance of 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with widening, strengthening, and resurfacing, including widening of bridges

and extending drainage structures, at an estimated cost of \$270,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3337 In PIKE COUNTY, WHEREAS, the work provided by Minute Order No. 1378 for HIGHWAY 8 has been completed and is in service; and

WHEREAS, the citizens of Glenwood have indicated that they would accept and work for a new bridge over Caddo River other than on an extension of the present main street;

NOW THEREFORE, on US 70 at the crossing with Caddo River near Glenwood, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, acquisition of right-of-way and construction of a bridge with approaches (approximately 1.40 miles), including surfacing, for proper connection to the present route of US 70 east and west of Glenwood at an estimated cost of \$370,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3338 In SCOTT COUNTY on HIGHWAY US 270, from Wye City-East, approximately 8.0 miles, the Director is authorized to proceed in the most feasible and economical manner with strengthening, widening, reconstructing, extending and widening structures, and resurfacing at an estimated cost of \$500,000.00.

This action is subject to Bureau of Public Roads' approval of this as a Forest Project with 100% reimbursement in Federal Funds.

- 3339 In STONE COUNTY on HIGHWAY 14 from the west Forest boundary and extending to a point 0.8 miles west of the town of Fifty Six, an approximate distance of 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, and construction of a Forest Highways Project including grading, base, structures, and double bituminous surfacing at an estimated cost of \$220,000.00. This action is subject to the following conditions:
1. The furnishing of right-of-way, clear of obstructions, free of cost to the State.
 2. Program approval by the U. S. Forest Service and the Bureau of Public Roads.
 3. Acceptance of the provisions of this Minute Order by the County Judge of Stone County within 30 days after right-of-way requirements are furnished.

- 3340 In WOODRUFF COUNTY on HIGHWAY 38 from the White County Line to Cotton Plant, a distance of approximately 6.3 miles, the

Director is authorized to proceed in the most feasible and economical manner with reconstruction, providing additional base and double bituminous surfacing at an estimated cost of \$140,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3341 St. Francis County, Job No. 11642, FAP S-71(4). The contract for the construction of approximately 3.500 miles of Grading, Mr. Dr. Strs., Gravel Base, Seeding Shldrs. & Slopes and Double Bituminous Surface Treatment on the Heth-Shell Lake Road, State Highway 149, Section 2, is awarded to D. F. Jones Construction Co., Inc., of Little Rock, Arkansas on their low bid of \$108,526.36.
- 3342 Howard & Hempstead Counties, Job No. 3564, FAP S-275(3). The contract for the construction of approximately 4.924 miles of Grading, Minor Drainage Strs., Gravel Base and Double Bituminous Surface Treatment on the Columbus-Saratoga Road, State Highway 73, Sections 1 & 2, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$133,092.98.
- 3343 Sevier & Hempstead Counties, Job No. 3570, FAP S-371(2) & S-208(5). The contract for the construction of approximately 1.233 miles (Incl. 112' of Br. Remod.) of Gravel Base Crse., Double Bit. Surf. Treatment and Remodeling One R. C. Slab Span Bridge on the Nashville-Prescott Road, State Highway 27, Section 1 and State Highway 24, Section 3, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$37,219.00.
- 3344 Sebastian County, Job No. 4439, FAP State. The contract for the construction of approximately 0.778 mile of Selected Material, Crushed Stone Base and ACHM Surface Course in the City of Fort Smith. One bid only was received, which bid was rejected.
- 3345 Pulaski County. Job No. 6600, FAP I-30-2(46)141. The contract for the construction of approximately 0.188 Mi. (Incl. 507.52' of Brs.) of Grading, Mr. Dr. Strs., Cr. Stone Base, P. C. Conc. Base & ACHM Surf. on Serv. Rds., P.C. Conc. Pv't. on Main Lanes, Pumping Station, One R. C. & Str. Steel I-Beam Span Br. (Ext. of River Br.) & One R. C. & Str. Steel I-Beam Span Br. (Street Overpass) on the Little Rock-North Little Rock Interstate Expressway, State Highway 30, Section 2, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$1,153,286.58, subject to the concurrence of the Bureau of Public Roads.
- 3346 Clark County. Job No. 7552, FAP S-41(4). The contract for the construction of approximately 4.959 miles of Grading, Minor Drainage Strs., Gravel Base and Double Bituminous Surface Treatment on the Arkadelphia -Joan Road, State Highway 51, Section 2, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of

\$97,585.65.

- 3347 Perry County, Job No. 8454, FAP S-267(2). The contract for the construction of approximately 0.358 mile (Incl. 84.0' of Br.) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One R. C. Slab Span Bridge on the Perryville-Bigelow Road, State Highway 113, Section 3, is awarded to H. E. Murray Construction, Inc., of Little Rock, Arkansas on their low bid of \$35,373.31.
- 3348 Carroll County, Job No. 9417, FAP S-219(3). The contract for the construction of approximately 7.001 miles (Incl. 521.07' of Brs. & Br. Lgth. Culvts.) of Grading, Mr. Dr. Strs., Crs. Stone Base, Dbl. Bit. Surf. Tr'mt., Two R. C. & Str. Steel I-Beam Span Brs., One R. C. Slab Span Br. & Three Br. Lgth. Culvts. on the Huntsville-Berryville Road, State Highway 21, Section 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$399,354.39.
- 3349 Mississippi County. Job No. 10608, FAP 1-55.1(34)43. The contract for the construction of approximately 7.893 Mi. (Incl. 967.64 net lin. ft. of Brs. & Br. Lgth. Culvts.) of Dr., Mr. Dr. Strs.; Gravel Base & Dbl. Bit. Surf. Tr'mt. on Frtg. Rds. & Gr. Sep. Apprs.; 8" P.C. Conc. Pv't. on Interchg. Ramps & Apprs. & 2 R.C. Slab Span Brs. on Main Lanes; 2 R.C. & Str. Steel I-Beam Span Brs. on Main Lane Interchg. Strs. 1 R.C. & Str. Steel I-Beam Span Dr. Sep. Str.; & 4 Br. Lgth. Culvts. on the West Memphis-Missouri State Line Interstate Road, State Highway 55, Section 1, is awarded to Pioneer Contracting Company, Inc., of Memphis, Tennessee on their low bid of \$1,585,543.63, subject to the concurrence of the Bureau of Public Roads.
- 3350 Randolph & Clay Counties, Job No. 10623, FAP F-021-5(4) Part 3. The contract for the construction of approximately 12.576 miles of Grading, Mr. Dr. Strs., Cr. Stone Base, P. C. Conc. Pv't. (9" U.T.) on the Primary Road & Dbl. Bit. Surf. Tr'mt. on Detours & Connections on the Pocahontas-Corning Road, U. S. Highway 67, Sections 21 & 22, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$1,054,246.00, subject to the concurrence of the Bureau of Public Roads.
- 3351 Poinsett & Mississippi Counties, Job No. 10643, FAP S-52(3). The contract for the construction of approximately 4.663 miles (Incl. 247.08' of Br.) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One R. C. & Str. Steel I-Beam Span Bridge on the Tyronza-Pecan Point Road, State Highway 118, Sections 1 & 2, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$230,760.04.
- 3352 Mississippi County, Job No. 10644, FAP S-331(1) & 5-332(1). The contract for the construction of approximately 7.349 miles (Incl. 264.92' of Brs.) of Grading, Mr. Dr. Strs., P. C. Stabilized Base, Dbl.

Bit. Surf. Tr'mt. & Two Prestressed Precast Conc. Slab Span Bridges on the Victoria-Luxora and the Victoria-Osceola Roads, State Highway 158, Section 1, and State Highway 119, Section 2, is awarded to CoArk Construction Company of North Little Rock, Arkansas on their low bid of \$288,871.00.

3353 Mississippi County, Job No. 10651, FAP State. The contract for the construction of approximately 0.467 mile of Gravel Base Course Shoulders & ACHM Base and Surface Courses on North Main Street in Luxora, State Highway 158, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their bid of \$11,825.60, which was the only bid received.

3354 Prairie & Monroe Counties, Job No. 1379, FAP S-322(3). The contract for the construction of approximately 5.262 miles of Grading, Mr. Dr. Strs., Bit. Stabilized Base Course and Single Bit. Surf. Tr'mt. on the Casscoe-Roe Road, State Highway 33, Sections 2 & 3, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$202,012.31.

3355 Hempstead, Nevada & Ouachita Counties, Job No. 1385, FAP State. The contract for the construction of approximately 11.588 miles of Gravel Shoulders on the Cross Roads-Columbus Road; in the City of Prescott; and on the Amy-North Road, State Highway 73, Section 2, U. S. Highway 67, Section 3, and State Highway 7, Section 4, is awarded to The J. Lester Booker Company, of Little Rock, Arkansas on their low bid of \$21,663.72.

3356 Phillips County, Job No. 11506, FAP F-031-1(5). The contract for approximately 2.685 miles of Grading, Minor Drainage Strs., Gravel Base Shoulders, Double Bituminous Surface Treatment & Concrete Curb on the Marvell-DeWitt Road, State Highway 1, Section 7, is awarded to Salmons Construction Company of Jonesboro, Arkansas on their low bid of \$154,693.70, subject to the concurrence of the Bureau of Public Roads.

3357 Saline & Perry Counties, Job No. 1339, FHP FH-9-A. The contract for the construction of approximately 8.182 miles (Incl. 155.41' of Br. Lgth. Culvts.) of Grading, Mr. Strs., Cr. Stone Base, Dbl. Bit. Surf. Tr'mt., Seeding & Four Br. Lgth. Culvts. on the Paron-Perryville Road, State Highway 9, Section 5 & 6, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$348,137.97, subject to the concurrence of the Bureau of Public Roads.

3358 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, July 22, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eightieth Meeting in Little

Rock, Arkansas on July 22, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 26, 1959

The following is the record of the proceedings of the Eighty-first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 26, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3359 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 26, 1959.

3360 WHEREAS, the budget for the fiscal year beginning July 1, 1959 and ending June 30, 1960 was authorized by Minute Order 3209 of May 13, 1959 and did not include a sufficient allocation of funds necessary to match the employees' contributions for Social Security or to the Retirement, and

WHEREAS, this has previously been allocated in one amount under Section 1 of the budget but was not done for the current budget, and

WHEREAS, it has been determined to be to the best interest of the Department to charge these matching costs to each unit in order to have an appropriate distribution of costs and make the applicable portion eligible for Federal Aid, and

WHEREAS, only a small portion of the funds necessary were allocated, and it is necessary to allocate additional funds rather than use funds allocated for other purposes,

NOW THEREFORE IT IS ORDERED, that the amounts set forth below be allocated to the units shown, from the appropriations for the State Highway Fund authorized under Act 330 of 1959, Section 3, Item 3, for other costs.

	<u>Previously Allocated</u>	<u>Present Allocation</u>

3363 WHEREAS, The First Pyramid Life Insurance Company of America has been the insurer for the Arkansas State Highway Employees Group Insurance Plan since January 1, 1958, and

WHEREAS, the attached report shows this company absorbed a financial loss during the first year of the operation, which was expected, and

WHEREAS, this loss has increased through the first five months of the second year of operation, and

WHEREAS, the Group Insurance Committee has met with representatives of The First Pyramid Life Insurance Company of America and discussed adjustments in certain benefits of the plan,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to amend the original insurance contract, dated December 5, 1957, with The First Pyramid Life Insurance Company of America to include the changes set forth in the attached proposal dated August 24, 1959.

3364 WHEREAS, the Southeastern Association of State Highway Officials has billed this department for annual association dues for 1959 in the amount of \$300,00, and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations,

IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

- 3365 WHEREAS, the Purchasing Committee has awarded purchases on July 27, August 3, 10, 17 and 24, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

- 3366 In PHILLIPS COUNTY for the HELENA BRIDGE, the following additional member of the Arkansas Highway Department Staff, whose signature appears below, is authorized to certify and approve Requisitions to the State Treasurer of Arkansas for payment of funds from the "State Highway Bridge Revenue Construction Fund" account:
- /s/F. R. Oliver
F. R. Oliver
Director of Highways

- 3367 WHEREAS, there was an agreement between the Highway Department and Hot Spring County that the Highway Department would acquire and pay for the right of way between Station 102 and the City Limits on Job No. 6498, Malvern-North Hot Spring County, that there are three claims remaining unsatisfied,

NOW THEREFORE, it is ordered that the Director be and he is hereby authorized to pay Right of Way Claims of L. M. Mange \$2,000.00, Cecil Tate \$1,500.00 and George McClure \$1,000.00, in the total amount of \$4,500.00 in accordance with an order of the Hot Spring County Court in order to final out this job.

- 3368 In PULASKI AND SALINE COUNTIES, WHEREAS, the appraisals on Job No. 6611, Saline River-Pulaski County Line and Job No. 6612, Saline County Line to Little Rock, were made under contract by Conner, Baldwin and Farris on May 28, 1956, and that while said appraisals complied with the terms of the contract between Conner, Baldwin and Farris and the Arkansas Highway Department, subsequent requirements promulgated by the Bureau of Public Roads prevented participation by the Bureau in the cost of said right of way, and

WHEREAS, the requirements of the Bureau of Public Roads have now been reviewed by the representatives of the Bureau of Public Roads, the Arkansas Highway Department and Conner, Baldwin and

Farris, and it has been found that the records of Conner, Baldwin and Farris contain sufficient data to enable Conner, Baldwin and Farris to compile and present appraisals containing the information and in form approved by the Bureau of Public Roads.

IT IS THEREFORE ORDERED that the Director execute on behalf of the Commission a contract with Conner, Baldwin and Farris for appraisals on the above jobs in the form and manner required by the Bureau of Public Roads at a cost to the Department, not to exceed fifty dollars (\$50.00) per tract for each tract processed under order of the Director.

3369 In PULASKI COUNTY for a connection tentatively designated as Eighth Street, between the Little Rock-North Little Rock Expressway and the proposed Fourth Bridge Interstate Bypass Route, upon adoption of a Master Street Plan by the City of Little Rock, the Director is authorized to take necessary steps to get Federal Aid Route Approval, and upon approval from the Bureau of Public Roads to make surveys and preliminary plans to determine right-of-way requirements for that portion from Park Avenue to Hayes Street. All other conditions of Minute Order No. 2977 are to remain the same.

3370 In CALHOUN and DALLAS COUNTIES on HIGHWAYS US 167 and US 79, from a point near the south c its limits of Thornton to the junction of Highways US 79 and US 167 north of Fordyce, a distance of approximately 6.7 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, right-of-way and construction of widening, strengthening base and resurfacing and construction of grading, structures and surfacing on new location when necessary, including a grade separation at the crossing of the St. Louis-Southwestern Railroad, at an estimated cost of \$600,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3371 In CARROLL COUNTY on HIGHWAY 221 from a junction with Highway 21, north of Berryville, to the Missouri State Line, an approximate distance of 7.7 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, minor drainage structures, bridges, base and double bituminous surfacing at an estimated cost of \$335,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions free of cost to the State, and program approval by the Bureau of Public Roads.

3372 In CLARK COUNTY on HIGHWAY 51 from Joan to the Hot Spring County line, a distance of approximately 3.73 miles, the Director is authorized to proceed in the most feasible and economical

manner with grading, base, structures and double bituminous surface course at an estimated cost of \$95,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3373 In CRAWFORD and WASHINGTON COUNTIES to fill in gaps left by Job 1291 from Mountainburg to Winslow, a project distance of approximately 8.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the widening, strengthening, straightening, extending drainage structures and resurfacing of an existing highway which is difficult to maintain and hazardous to traffic, at an estimated cost of \$700,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3374 In DALLAS and GRANT COUNTIES on HIGHWAY US 167 from the junction of Highway 48 at Farindale to the junction of Highway 35 at Crossroad, a distance of 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with surveys, plans, right-of-way and construction of widening and strengthening base, resurfacing, extending minor structures and widening bridges at an estimated cost of \$950,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3375 In HEMPSTEAD COUNTY on HIGHWAY US 67 in the City of Hope, MINUTE ORDER 3222 provided improvements on this section subject to Bureau of Public Roads approval, but it has been found that the work will not qualify as a Federal Aid project. Now therefore, MINUTE ORDER 3222 is revised to delete the requirement that the program item be approved by the Bureau of Public Roads and the Director is hereby authorized to perform the work in any feasible and economical manner.

- 3376 In HOT SPRING COUNTY on HIGHWAY 51 from the Clark County line to the end of the present pavement east of Donaldson, a distance of approximately 5.5 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, base, structures and double bituminous surface course at an estimated cost of \$165,000.00.

This action is subject to the furnishing of right-of-way clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3377 In INDEPENDENCE COUNTY on HIGHWAY 25 between

Batesville and Charlotte, beginning at a point about one mile east of Highway 11, for a distance of approximately 12.4 miles including a spur into Charlotte, the Director is authorized to proceed in the most feasible and economical manner with grading, drainage structures, base and double bituminous surfacing at an estimated cost of \$399,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3378 In INDEPENDENCE COUNTY on HIGHWAY 14 the Director is authorized to proceed in the most feasible and economical manner with the replacement of two narrow and dangerous bridges with immediate approaches. One bridge is over Salado Creek and the other is over Cedar Creek. The estimated cost of \$120,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3379 In JEFFERSON and LONOKE COUNTIES on HIGHWAY 31 from Gethsemane to Tomberlin, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, drainage structures, base, and double bituminous surface course at an estimated cost of \$275,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way, clear of obstructions, free of cost to the State.

- 3380 In LAWRENCE and GREENE COUNTIES, on US HIGHWAY 63 at its crossing over Cache River, a distance of approximately 0.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of remodeling two bridges and reconstructing the approaches thereto at the estimated cost of \$150,000.00.

- 3381 In LOGAN and YELL COUNTIES on HIGHWAY 22 from Paris to Dardanelle, the Director is authorized to proceed in the most feasible and economical manner with widening to modern standards all of the bridges, except those involved in the sections requiring adjustment by the construction of the Dardanelle Dam, at an estimated cost of \$253,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3382 In LONOKE COUNTY on HIGHWAY 89 from the end of the pavement north of Lonoke and extending to the intersection of Highway 38 in Cabot, a distance of approximately 9.0 miles, the Director is

authorized to proceed in the most feasible and economical manner with grading, drainage structures, base, and a double bituminous treatment course at an estimated cost of \$275,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way, clear of obstructions, free of cost to the State.

- 3383 In MONROE and PRAIRIE COUNTIES on HIGHWAY 33 from the end of Job 6664 south of DeValls Bluff to Roe, a distance of approximately 10.65 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, drainage structures, base and double bituminous treatment surface course at an estimated cost of \$375,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3384 In POLK COUNTY from HIGHWAY US 270 to Wilhelmina State Park, a distance of approximately 2.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the improvement of this road at an expenditure cost of not more than \$15,000.00.

- 3385 In SEARCY COUNTY on U. S. HIGHWAY 65, Section 6, from the Van Buren County line north, a distance of 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, drainage structures and surfacing at an estimated cost of \$500,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3386 In STONE and VAN BUREN COUNTIES on HIGHWAY 9 from Shirley to Rushing, a distance of approximately 7.05 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, structures, additional base and double bituminous surfacing at an estimated cost of \$140,000.00.

This action is subject to the furnishing of right-of-way clear of obstructions, free of cost to the State, and program approval by the Bureau of Public Roads.

- 3387 WHEREAS, in UNION COUNTY on U. S. HIGHWAY 82, Minute Order 2896 was approved on August 13, 1958, for surveys, investigations, and preparation of plans for construction of grading, structures, base and surfacing of approximately 5 miles of the highway between Hillsboro and Strong, and

WHEREAS, Minute Order 2896 did not authorize construction,

NOW THEREFORE, IT IS ORDERED that the provisions of Minute Order 2896 be amended to provide that the Director be authorized to proceed in the most feasible manner with the construction of the work described at an estimated cost of \$512,450.00 when the conditions of the original minute order regarding right-of-way have been met.

3388 In UNION COUNTY on HIGHWAY US 167 beginning at the intersection with Highway 7 north of El Dorado and extending toward the Ouachita River to the beginning of Job 7543, approximately 9.1 miles, the Director is authorized to proceed in the most feasible economical manner with an asphaltic overlay for the portion built under Job 7409 and to widen, strengthen, extend drainage structures and resurface the remaining portion at an estimated cost of \$430,000.00.

This action is subject to program approval by the Bureau of Public Roads.

3389 In YELL COUNTY on HIGHWAY 80 from the end of the pavement in Danville toward Chalybeate Springs for a distance of 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with grading, structures, base course and double bituminous surfacing at an estimated cost of \$225,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

3390 In ARKANSAS COUNTY on STATE HIGHWAY 146 at the crossing of the St. Louis-Southwestern Railway Lines in Stuttgart, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3391 In CLEVELAND COUNTY on STATE HIGHWAY 97 at the crossing of the St. Louis-Southwestern Railway Lines in Kingsland, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

- 3392 In CLAY COUNTY on HIGHWAY 90, Section 2, approximately 2.25 miles north of Rector, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing a concrete deck to replace the existing timber deck on one bridge, 76 feet in length, as a Betterment Project, at an estimated cost of \$3,500.00 for materials only - Work to be done by maintenance forces.
- 3393 In MADISON COUNTY on HIGHWAY 23, Section 8, between Witter and War Eagle Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening two bridges (Total Length - 123 feet) as a Betterment Project, at an estimated cost of \$3,000.00, for materials only - Work to be done by maintenance forces.
- 3394 In PHILLIPS COUNTY on HIGHWAY 242, Section 1, from State Highway 85 to Lexa, a distance of 0.9 mile, the Director is authorized to construct base and single bituminous surface with State forces, as a Betterment Project, at an estimated cost of \$6,000.00.
- 3395 In PRAIRIE COUNTY on HIGHWAY 249, Section 1, from Hazen to a point eight miles north, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a gravel base as a Betterment Project at an estimated cost of \$17,000.00 for materials.
- 3396 The Director is hereby authorized to proceed in the most feasible and economical manner with the work of Waterproofing and Caulking the Main Highway Office Building located on the Capitol Grounds, at an estimated cost of \$3,000.00.
- 3397 The Director is hereby authorized to proceed in the most feasible and economical manner with the work of painting the IBM, Photo Lab, and Materials and Tests Buildings located on the Capitol Grounds, at an estimated cost of \$4,000.00.
- 3398 In YELL COUNTY on HIGHWAY 7, Section 13, at the west end of the Arkansas River Bridge in Dardanelle, the Director is authorized to proceed in the most feasible and economical manner with the construction of 110 lineal feet of concrete pavement to connect the existing pavement to the bridge end and eliminate a hazardous condition, as a maintenance betterment project, at an estimated cost of \$1,850.00.
- 3399 Jefferson County, Job No. 2595, FAP State. The contract for the construction of approximately 0.144 mile of Grading, Minor Drainage Str., Crushed Stone Base and ACHM Surf. Crse. on drives at the Vocational Technical School at Pine Bluff, S. S. 14, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$7,939.80, subject to satisfactory and adequate financial legislation

by the Federal Congress.

- 3400 Little River & Sevier Counties, Job No. 3565, FAP S-202(10). The contract for the construction of approximately 0.852 mile (Incl. 1980.16' of Bridge) of Grading, Gravel Base, Dbl. Bit. Surf. Tr'mt. & One Combination R. C. Slab Span & Plate Girder Span Bridge (1980.16') on the DeQueen-Foreman Road, State Highway 41. Sections 1 & 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$425,923.55, subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3401 Sebastian County, Job No. 4439, FAP State. The contract for the construction of approximately 0.778 mile of Selected Material, Crushed Stone Base and Asphaltic Concrete Hot Mix Surface Course in the City of Fort Smith, State Highway 22T. Section 1, is awarded to Forsgren Brothers, of Fort Smith, Arkansas on their low bid of \$45,127.90, subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3402 Pulaski County, Job No. 6628, FAP I-40-3(7)155, I-092-3(7). The contract for the construction of a system of separated lanes and overpasses consisting of Gr. & Mr. Dr. Strs. for 4 lanes, certain frtg. & connecting roads with surfacing and 4 R. C. & Str. Steel Overpasses and 1 Multiple Span Culvt. on the North Little Rock-Memphis Road, Interstate Road, Interstate 40, Section 3, is awarded to Jeffrey Contractors, Inc., of Fort Smith, Arkansas on their low bid of \$1,130,860.55, subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3403 Union County, Job No. 7551, FAP F-021-1(12). The contract for the construction of approximately 0.795 mile of Grading, Mr. Dr. Strs., Gravel Base Course, ACHM Base & Surface Courses and Asphaltic Concrete Curb in the City of Junction City, U. S. Highway 167 Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$68,833.058, subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3404 Benton County, Job No. 9397, FAP F-011-3(5). The contract for the construction of approximately 0.263 mile of Grading, Minor Drainage Strs., Crushed Stone Base, Concrete Combination Curb and Gutter and Dense Graded Road Mix Surface Course in the City of Gravette, U.S. Highway 71, Section 19, is awarded to Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$25,713.28, subject to the concurrence of the Bureau of Public Roads and subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3405 Benton County, Job No. 9416, FAP S-279(3). The contract for the construction of approximately 5.390 miles of Grading, Minor Drainage Strs., Crushed Stone Base and Double Bit. Surface Treatment

on the Centerton-Decatur Road, State Highway 102, Section 2, is awarded to Gillioz Company, Inc., of Monett, Missouri on their low bid of \$143,732.72, subject to satisfactory and adequate financial legislation by the Federal Congress.

- 3406 Craighead County, Job No. 10576, FAP F-033-1(2). The contract for the construction of approximately 3.554 miles (Incl. 334.95' of Brs.) of Grading, Mr. Dr. Strs., Crshd. Stone Base, ACHM Base & Surf. Crses., Extend Three Br.-Length Culvts., Remodel Two Bridges and Construct One New Bridge on the Jonesboro-Hoxie Road, U. S. Highway 63, Section 6, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$407,457.28, subject to the concurrence of the Bureau of Public Roads and subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3407 Mississippi County, Job No. 10614, FAP I-55-1(21)62, I-093-1(21). The contract for the construction of approximately 9.541 miles of constructing a controlled access facility composed of Main Lanes, prescribed Service Roads, 2 Gr. Sep., 2 Interchgs., 4 Brs., 1 Multispan Culvt., necessary ramps, Connecting lanes & Crossroads requiring Gr., Dr. Strs., Gr. Base, Bit. Surf. Tr., & 8" & 10" U.T.P.C. Conc. Pv't., R.C. & Str. Steel Strs. on the Lemsford Gr. Sep-Missouri State Line, Interstate Road, Interstate 55, Section 1, is awarded to Reynolds & Williams, of Little Rock, Arkansas on their low bid of \$3,407,878.39, subject to the concurrence of the Bureau of Public Roads and subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3408 Mississippi County, Job No. 10632, FAP F-035-1(5). The contract for the construction of approximately 6.126 miles of Grading, Mr. Dr. Strs., Crshd. Stone Shoulders with Dbl. Bit. Surf. Tr'mt. & Widening & Resurfacing with ACHM Base & Surf. Crses. on the Blytheville-Steele, Missouri Road, U. S. Highway 61, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$240,221.64, subject to the concurrence of the Bureau of Public Roads and subject to satisfactory and adequate financial legislation by the Federal Congress.
- 3409 Clay County, Job No. 10641, Contract No. DA-40-041-CIVENG-59-122. The contract for the construction of approximately 0.367 mile of Selected Material, Gravel Base and ACHM Surface Course on the Piggott-Holcomb, Missouri Road, State Highway 1, Section 22, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$21,760.90, subject to the concurrence of the Corps of Engineers.
- 3410 Franklin & Johnson Counties, Job No. 1274, FAP F-02-1(4) & F-02-2(5). The contract for the construction of approximately 8.068 miles (Incl. 22.08' of Br. Lgth. Culvt.) of Grading, Mr. Dr. Strs., Crshd.

Stone Base & Shoulders, Dbl. Bit. Surf. Tr. on Traffic Service Roads, Widening & Resurfacing with ACHM Base & Surf. Crses. & Extending One Bridge-Lgth. Culvt. on the Ozark-Clarksville Road, U.S. Highway 64, Sections 3 & 4, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$443,799.74, subject to the concurrence of the Bureau of Public Roads and subject to satisfactory and adequate financial legislation by the Federal Congress.

3411 Desha County, Job No. C-21-3, FAP S-1132(1). The contract for the construction of approximately 57.0 feet of Reinforced Concrete Precast Slab Span Bridge with Treated Timber piling on the Jct. Hwy. 4-South County Road approximately 1 1/2 miles west of Arkansas City, County Road, is awarded to A. W. Warren of West Memphis, Arkansas on his low bid of \$6,928.50, subject to the concurrence of the Desha County Judge, and subject to satisfactory and adequate financial legislation by the Federal Congress.

3412 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, August 26, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-first Meeting in Little Rock, Arkansas on August 26, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 30, 1959

The following is the record of the proceedings of the Eighty-second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 30, 1959 at which time the following members were present:

Lawrence Blackwell	Chairman
Harry W. Parkin	Vice-Chairman
James H. Crain	Member
Armil Taylor	Member
Glenn F. Wallace	Member

3413 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 30, 1959.

3414 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 3399 through 3411 at the regular meeting of the Commission on August 26, 1959:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
2595	State	S. S.	Jefferson	8,730.	None	8,730.

3416 WHEREAS, Minute Order 947 dated May 18, 1955, provides for establishment on a permanent basis a District organization plan for coordination and supervision of construction and maintenance activities as outlined on a tentative basis in Minute Order 56 dated May 21, 1953, and

WHEREAS, pursuant to the above Minute Orders, district offices and organizations have been established as follows:

District 1 with Headquarters at Jonesboro
Supervising Maintenance Divisions 1 and 10

District 2 with Headquarters at Pine Bluff
Supervising Maintenance Divisions 2 and 6

District 3 with Headquarters at Camden
Supervising Maintenance Divisions 3 and 7

District 4 with Headquarters at Russellville
Supervising Maintenance Divisions 4 and 8

District 5 with Headquarters at Harrison
Supervising Maintenance Divisions 5 and 9, and

WHEREAS, the organization in each District includes a District Engineer and a District Assistant (Construction) both required to be registered Professional Engineers, and a District Assistant (Maintenance) not required to be a registered Professional Engineer, and

WHEREAS, the Maintenance Division organizations are directly supervised by Division Maintenance Superintendents with ample qualifications and proven ability in maintenance work, and

WHEREAS, each present location of a District headquarters is separate from the two supervised Maintenance Division headquarters, which requires much long distance travel with resulting non-productive loss of time, large long-distance telephone bills and the payment of rent and utilities for headquarters offices, thereby resulting in high costs and loss of efficiency in the coordination and supervision of construction and maintenance in the two divisions, and

WHEREAS, increased efficiency and lower costs can be obtained in the utilization of present field supervisory personnel by relocation's of District headquarters and revision of assignments

NOW THEREFORE IT IS ORDERED that the Director be and is hereby authorized to proceed with reorganization of the Districts and relocation of District headquarters as follows:

1. Abolish the present 5 District headquarters as established pursuant to Minute Order 947.
2. Establish District headquarters in each of the 10 present Maintenance Division headquarters to be numbered in accordance with the present Maintenance Division numbers.
3. Assign a registered Professional Engineer as District Engineer or Acting District Engineer to each of the 10 new District headquarters. The District Engineer or Acting District Engineer will be responsible for directing, supervising and coordinating construction and maintenance activities in the District in conformance with established policies and procedures of the Department.
4. Discontinue the position of District Assistant (Construction) as not needed in the smaller District area. Resident Engineers will function under direction and supervision of the District Engineer.
5. Discontinue the position of District Assistant (Maintenance) as not needed. The Division Maintenance Superintendents will function under direction and supervision of the District Engineer.

The relocations of headquarters and transfer of personnel involved shall be effective November 1, 1959

3417 Effective November 1, 1959, MINUTE ORDER 3173 is revised to provide that the maximum salary allowed for Item 27, Division Maintenance Superintendent, is \$7,980.00 per year.

All other provisions of MINUTE ORDER 3173 are to remain unchanged.

3418 WHEREAS this Commission by the adoption of Minute Order 3138 dated March 4, 1959, authorized the Director to publish a pamphlet to describe occupational titles on Construction Projects in order that there be uniformity in enforcement of the Wage and Hour requirements on Interstate Projects, and

WHEREAS, a pamphlet titled "Standard Job Classifications and Descriptions for Highway Construction in Arkansas" and bearing the date 1959, has been compiled and printed, and

WHEREAS, it is necessary that this pamphlet be approved by this Commission prior to its official use,

NOW THEREFORE BE IT ORDERED that the pamphlet titled

"Standard Job Classifications and Descriptions for Highway Construction in Arkansas", dated 1959, is hereby adopted and its use on Interstate Projects is authorized hereby.

3419 Within the limitation of funds authorized by Budget Minute Order 3209 of May 13, 1959, Section 4, Item 7, the Director is hereby authorized to proceed with the second printing for 100,000 copies of the 1959 State Service Map at an estimated cost of \$8,500.

3420 The Director is hereby authorized to change the organizational designation of the Division of Statistics and Analyses to the Division of Planning and Research effective October 1, 1959.

3421 WHEREAS, the Purchasing Committee has awarded purchases on August 31, September 8, 14, 21 and 28, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3422 In the interest of staff efficiency, the Director is authorized to purchase eighteen (18) air conditioning units for automobiles at an estimated cost of \$5,000.00. The type units to be purchased are to be those which can be changed car to car.

3423 WHEREAS, on the urban extensions of State Highways and along State Highways through small towns and communities an increasing number of sections are being taxed with traffic volumes at or above the design capacity of the roadways, and,

 WHEREAS, at numerous locations on state highways local jurisdictions have established unreasonably low speed limits and erected substandard, unwarranted and unapproved traffic control devices, and these, together with other poor traffic operating practices, are resulting in excessive congestion, hazardous parking and unnecessary delays to motorists, and,

 WHEREAS, in order to realize maximum utility of existing and planned facilities it is imperative that the safest and most efficient methods of traffic control be utilized to the fullest extent practicable, and,

 WHEREAS, The Highway Commission by Act 300 of 1937, and subsequent Amendments, and by Act 307, of 1959, has been delegated responsibilities and authorities necessary to obtain maximum utility of State Highways,

NOW, THEREFORE, in accordance with legally delegated responsibilities, it is ordered that the following be and are adopted as policies of the Arkansas State Highway Commission:

1. All traffic signals, signs, and other devices, hereafter, installed and used to direct, control, restrict, or regulate traffic upon, entering, or leaving any State Highway shall have written approval from the Highway Department as required by Section 29, Act 300 of the Acts of the General Assembly of 1937.
2. All traffic signals, signs, and other devices hereafter used on any State Highway shall conform to the standards contained in the "Manual of Uniform Traffic Control Devices for Streets and Highways", as required by Act 143 of the Acts of the General Assembly of 1959.
3. In compliance with the provisions of Section 38 of Act 307 of the Acts of the General Assembly of 1959, angle parking will not be permitted on any section of a State Highway except where specifically authorized by Minute Order based on an engineering and traffic investigation which must indicate that angle parking can be permitted without restricting the normal flow of traffic and without reducing the roadway width for moving lanes of traffic below the width required to adequately serve the traffic demand.
4. The Director is hereby ordered to notify all local jurisdictions and the State Police of these policies. And, consistent with the best possible public relation practice, local jurisdictions having traffic control devices in operation and/or permitting parking which does not conform to the provisions of these policies and to the requirement of State laws, shall be requested to make necessary changes. Traffic Engineering personnel of the Department, to the fullest possible extent, shall assist and advise local jurisdictions in their efforts to make traffic control devices and parking practices qualify for Department Approval.

3424 WHEREAS, on many urban extensions of State Highways and on certain State Highways through small towns and communities traffic volumes have increased to the extent that present facilities, under existing operating conditions, are inadequate to efficiently and safely serve traffic demands, and

Whereas, it has been the policy of the Department to permit local jurisdictions to install and operate traffic signals some of which have not been approved by the Department as required by Statute (Sec. 29, Act 300 of 1937), and,

WHEREAS, because of insufficient funds and lack of technical engineering knowledge as to equipment and application, this practice has led to many signal installations which are sub-standard, unwarranted, and misapplied, thereby, creating congestion, and unnecessary delays, and,

WHEREAS, on new construction and major reconstruction pro-

jects, traffic control devices, including traffic signals, are considered a participating item,

NOW, THEREFORE, in order to insure that maximum utility and efficiency is realized along highways where new construction or major reconstruction is planned, as a Federal-Aid project, the Director is hereby instructed to have traffic engineering studies made, prior to the design stage, throughout the length of planned projects and the necessary traffic control devices included in the plans as a participating item subject to the following conditions of cooperation, by local jurisdictions, inside cities and towns:

1. Agreement, to furnish, at no cost to the State, the current necessary to power electrically operated traffic control devices.
2. Acceptance of responsibility for the maintenance, repairs and up-keep of traffic signals at no cost to the State.
3. Agreement to maintain and operate traffic signals on time cycles provided by the Department.

3425 MINUTE ORDER 1410 (Policy on Roadside Parks) is hereby revised to provide that land leased to the Department for a period of at least twenty-five years will, when approved by the Commission, satisfy the requirement pertaining to the furnishing of land for roadside parks.

All other provisions of MINUTE ORDER 1410 are to remain in full force and effect.

3426 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Clarksville in Johnson County and,

WHEREAS, the Arkansas State Police have offered to donate, at no cost to the Highway Department, approximately 3.9 acre of the property where their Headquarters is located on U.S. Highway 64, approximately 2.8 miles west of Clarksville, which is suitable for this purpose,

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for transfer of title and provide adequate facilities for an Area Headquarters, as a B-Project, at a cost not to exceed \$20,000.00.

3427 In GARLAND COUNTY, MINUTE ORDER No. 3181 provided that, upon completion of Job 6617, certain sections of Highway 88 were to be deleted from the State Highway System by virtue of having been replaced or relocated by new construction. It is hereby ordered that the effective date of Minute Order 3181 be held in abeyance until those sections to be dropped from the State Highway System can be put in a good state of maintenance.

3428 WHEREAS, in WOODRUFF COUNTY, the Town of McCrory

has offered to extend a 6-inch water line a distance of 1,056 feet to the Area Headquarters site to provide an adequate water supply, provided the Department will participate in the cost,

IT IS ORDERED that the Director be authorized to negotiate with the Town of McCrory for this service at a cost not to exceed \$600.00, with the funds to come from the allotment approved by Minute Order 3197.

3429 In IZARD COUNTY, the Director is authorized to proceed in the most feasible and economical manner with engineering, traffic, and economic studies for a bridge or bridges which will provide all-weather highway traffic over the White River.

When these studies are complete and recommendations are made, the Director shall report back to the Commission for further consideration of the matter.

3430 In CLAY COUNTY on HIGHWAY 90, Section 2, approximately 4.2 miles north of Rector, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing a concrete deck to replace the existing timber deck on one bridge, 77 feet in length, as a Betterment Project, at an estimated cost of \$3,500.00 for materials only - Work to be done by maintenance forces.

3431 In NEVADA COUNTY on HIGHWAY 53, Section 3, from Bodcaw to Falcon, a distance of 6.38 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surface course, as a Betterment Project, at an estimated cost of \$15,000.00 for materials - Work to be done by maintenance forces.

3432 In NEVADA COUNTY on HIGHWAY 355, Section 5, from Highway 53 to Willisville, a distance of 6.62 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surface course, as a Betterment Project, at an estimated cost of \$15,000.00 for materials - Work to be done by maintenance forces.

3433 In VAN BUREN COUNTY on State Highway 254, Section 1, from U.S. Highway 65 at Dennard southwest through Rocky Hill, a distance of approximately 5.2 miles, the conditions of Minute Order No. 2230 having been fulfilled, the Director is authorized to proceed in the most feasible and economical manner with the work necessary to bring the route to a standard for maintenance at an estimated cost of \$1,400.00.

3434 In COLUMBIA COUNTY on HIGHWAY 82, Section 3, between Waldo and Magnolia, the Director is authorized to proceed in

the most feasible and economical manner with the work of resurfacing selected sections (total length - 2.15 miles), as a Betterment Project, at an estimated cost of \$19,400.00 for materials only.

- 3435 In HOT SPRING COUNTY on HIGHWAY 84, Section 4, at Rockport, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening and replacing the rotted, rough and dangerous floor system of the bridge over Ouachita River, as a Betterment Project, at an estimated cost of \$13,000.00 for materials only.

This work is to be performed by State Forces.

- 3436 In LAFAYETTE COUNTY on HIGHWAY 160, Section 1, between Bradley and Red River, the Director is authorized to proceed in the most feasible and economical manner with the work of installing additional drainage structures to avoid flooding adjacent lands, as a Betterment Project, at an estimated cost of \$2,100.00.

- 3437 In ASHLEY COUNTY on STATE HIGHWAY 8 at the crossing of the Missouri Pacific Railroad's track in Parkdale, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

- 3438 In BRADLEY COUNTY on STATE HIGHWAY 4 at the crossing of the Chicago, Rock Island and Pacific Railroad's track in Banks, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

- 3439 In CHICOT COUNTY on STATE HIGHWAY 8 at the crossing of the Missouri Pacific Railroad's track in Eudora, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.

3. Program approval by Bureau of Public Roads.

3440 In GRANT COUNTY on STATE HIGHWAY 270 at the crossing of the Missouri Pacific Railroad's track in Sheridan, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3441 In HOT SPRING COUNTY on STATE HIGHWAY 270 at the crossing of the Chicago, Rock Island and Pacific Railroad's track in Malvern, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3442 In HOT SPRING COUNTY on STATE HIGHWAY 51 at the crossing of the Missouri Pacific Railroad's tracks in Donaldson, the Director is authorized to proceed in the most feasible manner with the installation of automatic protective devices at an estimated cost of \$16,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3443 In JEFFERSON COUNTY on STATE HIGHWAY 79 at the crossing of the Missouri Pacific Railroad's tracks in Pine Bluff, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$20,000.00 subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3444 In PHILLIPS COUNTY on STATE HIGHWAY 49 at the crossing of the Missouri Pacific Railroad's track in Elaine, the Director is authorized to proceed in the most feasible manner with the installation of flashing light signal protection at an estimated cost of \$8,000.00

subject to the following conditions:

1. That the Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by Bureau of Public Roads.

3445 In PULASKI COUNTY, the crossing of County FAS Route 1477 (Baseline Road) and the main track of the Chicago, Rock Island and Pacific Railroad has been determined by the Traffic Section of the Highway Department to be hazardous and to warrant flashing light signal protection.

WHEREAS, this project is located on a County Federal Aid Secondary Route in an Urban Area and cannot be financed with Federal Aid Secondary Funds but can be with Urban Funds, and

WHEREAS, the Highway Commission recognizes this as an unusual condition and a meritorious project.

NOW THEREFORE, the Director is authorized to program, for use of Urban Funds, a project with the Bureau of Public Roads which will provide automatic protection for this crossing as determined by the Hazard Rating Formula, subject to the following conditions:

1. Request by the Railroad Company for protection of the crossing.
2. Agreement by the Railroad Company to participate in their share of the cost of construction, and to operate and maintain the project.

3450 In LOGAN COUNTY on HIGHWAY 23, MINUTE ORDER 3279, which programmed the bridges between Booneville and the junction with Highway 116, is hereby amended to provide that from the junction of Highways 23 and 116 toward Booneville for a distance of approximately 0.85 miles, the Director is authorized to proceed in the most feasible and economical manner with improvement of the roadway section including widening, strengthening, and 22' - 0" double bituminous surface course at an estimated additional cost of \$45,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State, and program approval by the Bureau of Public Roads.

3451 In SEARCY COUNTY on STATE HIGHWAY 27 from Marshall, south 10.2 miles, to the end of Job 9360 (built in 1956), the Director is authorized to proceed in the most feasible and economical manner with grading and drainage structures and from Marshall south to the beginning of Job 9360, a distance of 13.3 miles, with base and surfacing. All of this work is to be done at an estimated cost of \$450,000.00.

This action is subject to the furnishing of right-of-way clear of obstructions, free of cost to the State, and program approval by the Bureau of Public Roads.

- 3452 In WASHINGTON COUNTY on HIGHWAY 16, between Fayetteville and Elkins, there are bridges over West Fork of White River and Middle Fork of White River which are narrow and in a dangerous condition. The Director is authorized to proceed in the most feasible and economical manner with the replacement of these bridges at an estimated cost of \$240,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State, and program approval by the Bureau of Public Roads.

- 3453 In WHITE COUNTY on HIGHWAY 157, Section 1, between Providence and Steprock, the Director is authorized to proceed in the most feasible and economical manner with the construction of one bridge and approaches over Ten Mile Creek, at an estimated cost of \$105,000.00.

This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and program approval by the Bureau of Public Roads.

- 3454 Drew County, Job No. 2521, FAP F-023-1(4). The contract for the construction of approximately 4.488 miles of Grading, Minor Drainage Structures, Gravel Base, Conc. Comb. Curb & Gutter & ACHM Base & Surf. Crses. on the West Monticello By-Pass Road, U.S. Highway 81, Sections 3 & 4; is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas on his low bid of \$463,476.29, subject to the concurrence of the Bureau of Public Roads.

- 3455 Drew County, Job No. 2594, FAP F-012-1(6). The contract for the construction of Grading, Shoulder Widening with Embankment Material and Gravel Base and Two R.C. Slab Span Bridges (150.00 Feet) on the Monticello-Dermott Road, State Highway 35, Section 8, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$36,230.14, subject to the concurrence of the Bureau of Public Roads.

- 3456 Nevada & Pike Counties, Job No. 3550, FAP S-258(2). The contract for the construction of approximately 10.252 miles of Gravel Base, Dbl. Bit. Surf. Tr'mt., Sacked Sand-Cement Riprap and Removal of Existing Bridge on the Prescott-Delight Road, State Highway 19, Sections 5 & 6, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$107,155.96.

- 3457 Hempstead County, Job No. 3571, FAP State. The contract for the construction of approximately 1.205 miles of Dense Graded Hot

Mix Surface Course in the City of Hope, US Highway 67, Section 2, is awarded to McMillin-Burkett Construction Company of Texarkana, Texas on their low bid of \$16,632.68.

- 3458 Franklin County, Job No. 4451 FAP F-02-1(6). The contract for the construction of approximately 12.064 miles (Incl. 276.90' of Br. Remodeling) of Grading, Mr. Dr. Strs., Crshd. Stone Shoulders, ACHM Base & Surf. Crses. & Remodeling One R. C. Deck Girder Bridge on the Van Buren-Clarksville Road, US Highway 64, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$607,190.21, subject to the concurrence of the Bureau of Public Roads.
- 3459 Jackson County Job No. 5458, FAP F-021-4(3). The contract for the construction of approximately 4.824 miles (Incl. 97.50' of Br. Lgth. Culvts.) of Grading, Minor Dr. Strs., Widening & Resurfacing with ACHM Base & Surf. Crses., Bit. Treated Gravel Shoulders, & Extending Four M-Span Culverts on the Bradford-Newport Road, US Highway 67, Section 14, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$338,456.09, subject to the concurrence of the Bureau of Public Roads.
- 3460 White County, Job No. 5479, FAP S-200(3). The contract for the construction of approximately 5.336 miles (Incl. 378.41' of Bridges) of Grading, Mr. Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Tr'mt., Two Prestressed Precast R.C. Slab Span Bridges & One R.C. & Str. Steel I-Beam Span Bridge on the Beebe-Antioch Road, State Highway 31, Section 4, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$227,466.60.
- 3461 Cleburne County, Job No. 5481, Contract No. DA-03-050-CIVENG-59-291. The contract for the construction of approximately 1,377 feet of abutments & piers for a bridge substructure, consisting of clearing & grubbing, common & rock excav. for strs., Class A & Class B Concrete; Reinf. Steel; & Metal bearing & Rdwy. expansion devices, on the Greers Ferry Highway Relocation, State Highway 16, Section 11, is awarded to Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$377,737.00, subject to the concurrence of the Corps of Engineers.
- 3462 Cleburne County, Job No. 5482, Contract No. DA-03-050-CIVENG-59-291. The contract for the construction of approximately 1,102 feet of abutments & piers for a bridge substructure, consisting of clearing & grubbing; common & rock excav. for strs., Class A and Class B concrete; reinforcing steel; & metal bearing & roadway expansion devices on the Greers Ferry Highway Relocation, State Highway 16, Section 11, is awarded to Guy H. James Construction Company of Oklahoma City, Oklahoma on their low bid of \$302,963.10, subject to the concurrence of the Corps of Engineers.

- 3463 Pulaski County, Job No. 6595, FAP I-30-2(28)138. The contract for the construction of an Interchange Facility (Approx. 1.083 miles plus add'l. lengths of legs) consisting of Grading, Mr. Dr. Strs., 3 R. C. & Str. Steel I-Beam Underpass Strs. (609.57' total) & Twin R. C. & Str. Steel I-Beam & Girder Railroad Overpass Strs. (2122.72' total) on the Little Rock Interstate Expressway system, Interstate 30, Section 2, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$2,740,545.59, subject to the concurrence of the Bureau of Public Roads.

3473 WHEREAS, on Job 10605, Bardstown-Hilton, an Interstate Project in Mississippi County, Ottinger Construction Company of Fort Worth, Texas was the low bidder and the Highway Commission awarded them the contract; and

WHEREAS, Ottinger Construction Company claimed an error in their bid and did not furnish the required performance bond; and

WHEREAS, the Highway Commission then called upon the Bonding Company, the Standard Accident Insurance Company of Detroit, Michigan, Resident Agent R. H. Siegfried Company of Tulsa, Oklahoma, for forfeiture of the bid bond in the amount of \$35,000.00; and

WHEREAS, the Bonding Company resisted payment and suit was entered in Second Division Chancery Court to recover the bid bond amount; and

WHEREAS, at the hearing on October 1, 1959, Mr. Ottinger testified that a judgment of \$35,000.00 would break him, though this is contrary to the Financial Statement on file in Highway Department records;

NOW THEREFORE, the variance between the disclosure by

Ottinger Construction Company to this Department in the financial statement filed with the Department, and the sworn testimony of Mr. E. C. Ottinger, et al., in the Pulaski Chancery Court, Second Division, is so great that pending the reconciliation of the testimony and the financial statement, the Chief Engineer, subject to concurrence by the Federal Bureau of Public Roads, is hereby directed to refrain from issuing to the Ottinger Construction Company bid proposals, until further action by this Commission.

3474 WHEREAS, the Purchasing Committee has awarded purchases on October 5, 12, 19, 26 and November 2, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3475 WHEREAS, for the purpose of advancing knowledge, solving mutual highway problems, and disseminating valuable information, the Arkansas State Highway Department and the highway departments of twelve other states with similar characteristics have formed the Southeastern Association of State Highway Officials; and

 WHEREAS, responsible officials of these states meet in annual session and convention; and

 WHEREAS, the location has been, by precedent, rotated so that each state is host to the Convention, in order; and

 WHEREAS, if the usual pattern is followed, Arkansas should be the host state in 1961;

 NOW THEREFORE, the Chairman is authorized, on behalf of the Commission, to extend an invitation to the Board of Directors of the Association, meeting in Miami Beach, to hold the annual meeting of the Southeastern Association of State Highway Officials in Arkansas during the calendar year 1961, the place to be in Little Rock and the dates to be announced later.

3476 In accordance with the budget authorization of COMMISSION MINUTE ORDER 3209 of May 13, 1959, and on the basis of the low bid received, the Director is authorized to enter into an agreement with Motion Picture Laboratories, Inc. of Memphis, Tennessee, for the furnishing of professional and technical services required to complete a finished 16mm color, sound movie print at the low bid price of \$1,676.00.

3477 WHEREAS, Minute Order No. 1535 provided for the release of

a tract of land 50' x 120' which comprises a part of the right of way of US Highway 79, Jobs 743 and 7168, at the north end of the Ouachita River Bridge, and authorized the Director to perform all acts necessary to complete the sale of said tract to Camden Radio Incorporated at a price not less than the State's appraisal, and

WHEREAS, investigation reveals that the said right of way was acquired by easement only, and cannot legally be sold,

NOW, THEREFORE, It Is Ordered that Minute Order No. 1535 be and is hereby amended to authorize the Director to release the said easement subject to approval by the Bureau of Public Roads.

3478 In Pulaski County, on Interstate Expressway, in the City of North Little Rock (Right of Way Job 6670) beginning at Orange Street and extending in a northwesterly direction along the proposed location of Interstate Route 40 to the Faulkner-Pulaski County Line including right of way for all interchanges and grade separations, the Director is hereby authorized to sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

3479 In Pulaski County, on Interstate Expressway, in the City of North Little Rock (Right of Way Job No. 6609) from 19th Street in North Little Rock, thence in a northwesterly direction through the right of way area to be acquired for the construction of the Dare Hollow Interchange and North Terminal Interchange to Orange Street in Levy, now a part of North Little Rock, the Director is hereby authorized to sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

3480 In Pulaski County, on Interstate Expressway, beginning at the east end of the Dark Hollow Interchange extending in an easterly direction to the Lonoke County Line (Right of Way Job 6438) including all right of way required for construction of Interchanges and grade separations, the Director is hereby authorized to sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

3481 WHEREAS, it has been determined that a statewide radio communication system for the Highway Department would be of much benefit; and

WHEREAS, a preliminary study has justified the system both from a need and economic basis;

NOW THEREFORE, the Director is authorized to take whatever steps are necessary to determine if the Civil Defense Agency will share in the cost of installation.

3482 In CRAWFORD COUNTY, STATE HIGHWAY 220, Section 1, is hereby extended from Uniontown-west, a distance of 1.18 miles, to the Oklahoma State line and is designated as a part of the State Secondary Highway System.

 All other conditions and provisions of Minute Order 2179 will remain unchanged.

3483 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Brinkley in Monroe County and,

 WHEREAS, a suitable site, consisting of 3 acres, located 3.7 miles west of Brinkley on US Highway 70, has been offered to the Department by Mrs. Opal Bridges at a cost of \$1,200.00,

 IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of title and to provide adequate facilities for an Area Headquarters, as a B-Project, at a cost not to exceed \$20,000.00, including the cost of the land.

3484 WHEREAS, the Commission by Minute Order 3334 dated July 22, 1959 authorized the improvement of U. S. HIGHWAY 71 from a point 3.3 miles north of Fouke to Dudley Avenue in Texarkana, with the stipulation that all right-of-way for the 1.26 miles within the City limits should be furnished free of cost to the State, and

 WHEREAS, Mayor H. C. Hay has advised that it will be necessary to issue bonds to defray the cost of such acquisition and has requested that the time for acceptance of Minute Order 3334 be extended to April 12, 1960 to permit the City to take the necessary proceedings for the issuance of the bonds, and

 WHEREAS, this request appears reasonable and calculated to properly serve the public interest,

 IT IS ORDERED that the City's request be approved and that the time for the acceptance of Minute Order 3334 be extended to April 12, 1960. Except as herein modified the conditions of Minute Order 3334 shall continue in full force and effect.

3485 In CHICOT COUNTY on the Chicot State Park driveways (Total length - 0.75 mile), the Director is authorized to proceed in the most feasible and economical manner with the placing of gravel surface courses as a Betterment Project, at an estimated cost of \$6,500.00.

3486 In CHICOT COUNTY on US HIGHWAY 65, Section 21, between U. S. 82 and Eudora, a distance of 11.84 miles, the Director is authorized to proceed in the most feasible and economical manner with

the work of resurfacing selected sections (Total Length - 4.73 Miles) with a sand asphalt hot mix surface course, as a Betterment Project, at an estimated cost of \$20,000.00.

- 3487 JEFFERSON COUNTY on HIGHWAY 11, Section 5, from Reydel south to the Arkansas River Levee, a distance of 3.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surface course and drainage culverts, as a Betterment Project, at an estimated cost of \$12,000.00 for materials.
- 3488 In MILLER COUNTY on HIGHWAY 82, Section 1, in Texarkana at the proposed US 82 underpass (Job 3547), the Director is authorized to proceed in the most feasible and economical manner with the construction of gravel base and bituminous surface treatment on selected sections of 1.14 miles of City Streets for detour routes, as a Betterment Project, at an estimated cost of \$8,500.00 for materials.
- 3489 In PULASKI COUNTY, in the City of Little Rock on Broadway (Highway US 67-70), the Director is authorized to proceed in the most feasible and economical manner with the elimination of a dangerous and narrow section between Twenty-third Street and Roosevelt Road at an estimated cost of \$6,500.00.
- This action is subject to the furnishing of right-of-way, clear of obstructions, free of cost to the State and the construction of curb and gutter by the City of Little Rock.
- 3490 In UNION COUNTY on HIGHWAY 160, Section 5, from the end of the asphalt pavement west of Smackover to the end of the section, a distance of 7.21 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of gravel surface course, as a Betterment Project, at an estimated cost of \$18,000.00.
- 3491 In WHITE COUNTY on HIGHWAY 124, Section 12, from Pangburn to Sunnysdale - a distance of 8.43 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surface course, as a Betterment Project, at an estimated cost of \$13,000.00 for materials in place.
- 3492 In WHITE COUNTY on HIGHWAY 157, Section 1, from the end of the asphalt pavement north to the Independence County line - a distance of 6.12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surface course, as a Betterment Project, at an estimated cost of \$14,000.00 for materials in place.
- 3493 Pulaski County, Job No. 6592, FAP I-30-2(22)141, I-091-2(22). The contract for the construction of approximately 0.291 mi. (Include

918.64' of Brs.) of Gr., Mr. Dr. Strs., Crshd. Stone Base, P.C. Conc. Pav't. (10" U.T.) on Main Lanes, P.C. Conc. Base & ACHM Surf. on cross streets, 1 R.C. & Str. Steel I-Beam Span Street Overpass & 1 R.C. & Str. Steel I-Beam Span St. & R.R. Overpass Str. (Ext. of River Br.) on the L.R.-N.L.R. Interstate Expressway, Interstate 30, Section 2, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$1,578,508.74, subject to the concurrence of the Bureau of Public Roads.

- 3494 Hot Spring & Garland Counties, Job No. 6660, FAP S-280(1). The contract for the construction of approximately 11.940 miles (Include 75.00' of Bridge) of Grading, Minor Drainage Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt. & One R. C. Slab Span Bridge on the Malvern-Lake Catherine State Park Road, State Highway 171, Sections 1 & 2, is awarded to Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas and Malvern Gravel Company of Malvern, Arkansas on their low bid of \$364,598.79.
- 3495 Lonoke County, Job No. 6694, FAP S-334(1). The contract for the construction of approximately 0.494 Mi. (Incl. 194.96' of Brs.) of Grading, Minor Drainage Strs., Crshd. Stone Base & Two Precast R.C. Slab Span Bridges on the Blakemore-Seaton Dump Road, State Highway 232, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$61,967.11.
- 3496 Conway & Perry Counties, Job No. 8471, FAP S-267(3). The contract for the construction of approximately 2.994 miles (Incl. 196.0' of Bridge) of Grading, Minor Drainage Strs., Gravel Base & One R.C. Slab Span Bridge on the Oppello-Houston Road, State Highway 113, Sections 4 & 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$124,974.86.
- 3497 Faulkner County, Job No. 8472, FAP State. The contract for the construction of approximately 0.403 mi. of Grading, Minor Drainage Strs. & Crshd. Stone Base Course on the State Highway 65-Arkansas Children's Colony Road, State Highway 266, Section 1, is awarded to J. W. McCracken, Contractor, of Conway, Arkansas on his low bid of \$12,723.40.
- 3498 Boone County, Job No. 9420, FAP S-336(2). The contract for the construction of approximately 8.635 miles (Incl. 22.08' of Br. Lgth. Culvt.) of Grading, Minor Drainage Strs., Crshd. Stone Base, Double Bituminous Surface Treatment & One Bridge Length Culvert on the Boxley-Harrison Road, State Highway 43, Section 2, is awarded to Peter Kiewit Sons' Company of Omaha, Nebraska on their low bid of \$225,253.48.
- 3499 Mississippi County, Job No. 10647, FAP S-338(1). The contract for the construction of approximately 0.037 Mi. (Incl. 45.00' of Bridge) of Grading, Gravel Base, Double Bituminous Surface Treat-

ment and One R. C. Precast Slab Span Bridge on the West Ridge-Etowah Road, State Highway 136, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$16,385.50.

3500 Van Buren & Cleburne Counties, Job No. 1367, FAP S-244(4). The contract for the construction of approximately 9.705 miles of Grading, Minor Drainage Strs., Crushed Stone Base & Double Bituminous Surface Treatment on the Damascus-Searcy Road, State Highway 124, Sections 7 & 8, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$234,338.23.

IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:40 P.M., Wednesday, November 4, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-third Meeting in Little Rock, Arkansas on November 4, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE

3505 MINUTE ORDER NO. 3300 is hereby modified to increase the salary of the Director of Highways to \$18,000.00 per year effective January 1, 1960. All other provisions of Minute Order No. 3300 remain in effect.

3506 MINUTE ORDER NO. 3173 dated April 8, 1959, is hereby revised to make the maximum salary for Item No. 10, Administrative Assistant, \$9,900.00.

3507 WHEREAS, this Department has for a number of years maintained membership in the American Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1960 membership dues in the amount of \$52.50.

3508 WHEREAS, MINUTE ORDER 3215 (dated May 13, 1959) authorized the Director to proceed with the printing of 4,000 copies, in book form, of the Standard Specifications for Road and Bridge Construction, 1959 Edition; and

WHEREAS, this printing has been satisfactorily accomplished and token delivery made to the Department;

NOW THEREFORE IT IS ORDERED that these specifications entitled "Standard Specifications for Highway Construction, Edition of 1959" are hereby adopted and their use as such is hereby authorized, subject to final approval by the Bureau of Public Roads.

3509 WHEREAS, Section 76-218 of the Arkansas Statutes of 1947 official edition provides that the State Highway Commission shall print and distribute the rules and regulations necessary to carry out the statutes governing the use of motor vehicles and state highways, and

WHEREAS, the "Traffic and Motor Vehicle Regulations" as issued under date of July 1, 1957, jointly by the Arkansas State Highway Commission and the Arkansas Revenue Department, which embodies Traffic Regulations, Specifications for Motor Vehicle Equipment, and Registration and Title Laws, is now obsolete,

NOW, THEREFORE, IT IS ORDERED that the Director be, and he is hereby authorized to amend the issue of July 1, 1957, to include all subsequent statutes and to proceed with arrangements for printing five thousand (5,000) copies at an estimated cost of \$3,500, the cost of which, by long standing agreement, is to be borne equally by the Revenue and Highway Departments respectively.

3510

On the basis of bids received by the State Purchasing Department, Room 104, State Capitol Building, Little Rock, Arkansas, in accordance with Act 313 of 1955 under Bid Reference S-59-752 opened 10:00 A.M. November 30, 1959 (with the Bids of Wade Goin Ford Company, Hot Springs, Arkansas, and the Bids of International Harvester Company, Little Rock, Arkansas, rejected by the State Purchasing Director) for the purchase of 196 new motor vehicles (without trade-ins at the request of the Director of Equipment and Procurement because of the uncertainty of delivery date on new vehicles) and pursuant to Highway Commission Minute Order No. 3209 dated May 13, 1959, and Minute Order No. 3261 dated June 17, 1959, the purchase of the 196 new motor vehicles is hereby awarded to the lowest and best bids as specified below meeting Arkansas Highway Department Specifications and Special Conditions, and the Director is hereby authorized to proceed in the most feasible manner with the sale of the used vehicles.

3511 WHEREAS, the Purchasing Committee has awarded purchases on November 6, 16, 23, 30 and December 7, 1959, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars

3512 WHEREAS, in PULASKI COUNTY the Arkansas State Highway Department is the owner of the following described tract of land:
 "A tract of land in the E 1/2 NW 1/4 Sec. 17-1N-12W, described as follows: Begin at a point 350' West of the northeast corner of SE 1/4 NW 1/4, thence South 5 d 28 m W 380' to an iron pin marking the boundary of the Arkansas Brick and Tile Co's land; thence north 82 d 12 m West 437.3' thence north 70 d 29 m West 588' to the west boundary of the SE 1/4 NW 1/4 of said Section 17; thence north along the west boundary line 270' to the south right of way line of Fairground Spur; thence east along said south right of way line to a point where the said south right of way line intersects the north line of the SE 1/4 NW 1/4, thence east along the said line to the point of beginning (except that part occupied as a right of way) containing 9.70 acres, more or less."

That a portion of this tract of land has been leased for a number of years to Ben M. Hogan who has maintained an Asphalt Plant thereon.

That Ben M. Hogan is the owner of the following described lands which are adjacent to and partly surrounded by the grounds

belonging to the Arkansas State Highway Department, and that the Arkansas State Highway Department has constructed a building on a part of Mr. Hogan's land:

"All that part of a strip of land 40 feet in width, being 20 feet on each side of the center line of former main spur tract to the plant of the Arkansas Brick & Manufacturing Company, as described in "FIRST" of Warranty Deed dated January 19, 1909, from the Arkansas Brick & Manufacturing Company to the St. Louis, Iron Mountain and Southern Railway Company (now Missouri Pacific Railroad Company), recorded in Record Book Deeds 96, Page 361, of the Recorder of Deeds Office for Pulaski County, Arkansas, in the E 1/2 of the NW 1/4 of Section 17, Township 1 North, Range 12 West, lying westerly of a straight line at right angles to said center line at a point 390 feet westwardly from the intersection of said center line with the North and South center line of said Section 17. Also

A strip of land 14 feet in width, being 7 feet on each side of the center line of a former spur track known as the "Warehouse Spur" and being the same property described in "THIRD" of said deed from Arkansas Brick & Manufacturing Company to the St. Louis, Iron Mountain & Southern Railway Company."

That Ben M. Hogan desires the portion of land that is now leased to him and proposes transferring in part in exchange therefor, the portion of lands above described belonging to him.

That it appears advantageous that the exchange be made.

IT IS THEREFORE ORDERED that the Director be and he is hereby authorized to execute for and in the name of the Arkansas State Highway Department, a Quit Claim Deed to Ben M. Hogan covering the following lands:

"That portion of the above described land of the addition lying North of the line beginning at a point on the West line of the SE 1/4 of the NW 1/4, Section 17 in Township 1 North, Range 12 W, which is 175.6 feet South of the NW corner of the SE 1/4 of the NW 1/4, thence south 89 d 48 m east a distance of 1,000.52 feet to the east end of the property

That Ben M. Hogan is to convey by Quit Claim Deed to the Arkansas State Highway Department all lands owned by him lying south of a line described as follows:

"Beginning at the point on the west line of SE 1/4, NW 1/4, Section 17, T 1 N, R 12 W, which is 175.6 feet south of the NW corner of said SE 1/4, NW 1/4, thence south 89 d 48 m east a distance of 1,000.52 feet to the east end of the line."

AND IN ADDITION THERETO, pay to the Arkansas State Highway Commission the sum of three thousand dollars (\$3,000.00).

3513 WHEREAS, the reconstruction of U. S. No. 82, under Job No. 7524, has made it necessary to relocate the present Weight Station at the east intersection of Nos. 82 and 167 at El Dorado; and,

 WHEREAS, the Weights and Standards Division of the Arkansas State Police, by letter dated August 27, 1959, has requested the Department to cooperate and assist in selection of a new location, acquisition of the necessary right-of-way, and construction of the new facility excluding scales, buildings and appurtenances, and,

 WHEREAS, through preliminary investigations a suitable site which is acceptable to both the Department and State Police Officials has been located on U. S. No. 167 approximately three and one-half miles south of the South City Limits of El Dorado where strip of right-of-way approximately 70' R 600' (0.95 acres) can be acquired at an estimated cost of \$3500.00 (Cost established by Right-of-Way Division as appraised valuation); and

 WHEREAS, a portion of the right-of-way costs will be offset by requirements for future improvement on this primary route from the present 18' surface within an 80' right-of-way to a 24' surface within a 120' right-of-way;

 NOW, THEREFORE, the Director is hereby authorized to proceed in the most feasible and economical manner, at an estimated cost of \$23,500, with acquisition of the necessary right-of-way, preparation of construction plans, and other work necessary for construction of, acceleration and deceleration lanes, driveways, scale approaches, parking areas, and other work necessary to make the site ready for installation of scales, housing, and appurtenances by the State Police.

3514 WHEREAS Melvin Lawson, Chairman of the Highway, Traffic and Parking Committee of the Little Rock Chamber of Commerce and others appeared before the Commission at its meeting of November 4 for the purpose of selecting a suitable name for what is commonly referred to as the third bridge, and

 WHEREAS subsequent negotiations have resulted in a selection that is acceptable to all parties concerned,

 NOW, THEREFORE, BE IT ORDERED that the bridge in question be officially designated as "The Freeway Bridge" and that all departmental records be conformed to this action.

3515 WHEREAS, due to increased operations, it is considered necessary in the interest of efficiency to establish an Area Headquarters and to enlarge a storage area at the District Headquarters at Wynne, Cross County, and,

WHEREAS, Mr. B. Black, who owns the property adjoining the District Headquarters, has agreed to sell four acres east of the lot to the Department for \$4,000.00,

IT IS ORDERED that the Director be authorized to act for the Commission in completing all details necessary for the transfer of title and to provide buildings, fence and other facilities for an Area Headquarters and additional storage space for District No. 1, as a "B" Project, at an estimated cost of \$25,000.00, including the cost of the land.

- 3516 In CHICOT COUNTY on HIGHWAYS US 65 and US 82, from the north end of Job 2534 (just completed) and extending to the Junction of Highways US 65 and US 82 north of Lake Village, a distance of 2.60 miles, the Director is authorized to proceed in the most feasible and economical manner with the widening and strengthening of the existing pavement to current primary design standards (24.0-foot width pavement with shoulders 10.0 feet wide) at an estimated cost of \$150,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3517 In CLAY COUNTY on HIGHWAY 90, Section 2, between Rector and Boydsville, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing concrete decks to replace the existing timber decks on four bridges (Total Length - 198 feet), as a Betterment Project, at an estimated cost of 88,550.00 for materials only.

Work to be done by Maintenance forces.

- 3518 WHEREAS it is reported that the electrical system in the District 5 Headquarters Building at Batesville is inadequate with attendant hazards to persons and property.

IT IS ORDERED that the Director be and he is hereby authorized to have these properties rewired at a cost not to exceed \$7,500.00.

- 3519 In JOHNSON COUNTY on HIGHWAY US 64 from the end of Job 1274, west of Hartman to the beginning of Job 8381 west of Clarksville, a distance of 5.7 miles, the Director is authorized to proceed in the most feasible and economical manner with widening, strengthening and reconstruction of the existing highway and the widening of Slough Creek bridge. All work is to be performed to modern primary standards; i.e., 24.0' pavement width, 8.0' shoulders and 28.0' bridge width. The estimated cost of the project is \$365,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 3520 In MILLER COUNTY for the City of Texarkana, MINUTE ORDER 3088 is hereby amended and supplemented in the following respects:
1. That portion of the circumferential route from its junction with Highway US 71 south of Texarkana to a junction with the Interstate route north and east of Texarkana, an approximate distance of 6.03 miles, is hereby made a part of the State Highway System.
 2. This action is subject to system approval by the Bureau of Public Roads.

- 3521 In MISSISSIPPI COUNTY on HIGHWAY 181, Section 3, at Pemiscot Bayou and Ditch No. 21, the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening, widening and placing concrete decks to replace the existing timber decks on the two bridges (Total Length - 169 feet), at an estimated cost of \$7,300.00 for materials only.

Work to be done by Maintenance forces.

- 3522 In POPE COUNTY in the City of Russellville; whereas, the Master Street Plan as recommended by the Russellville Planning Commission was approved by the City Council on April 16, 1959, and has been officially recorded in compliance with state statutes; and

WHEREAS, the city desired to coordinate the future development of the street system with any planned improvements of State Highway Routes, and has officially requested approval of the Highway Commission of the Master Street Plan as it affects State Highway routes;

NOW THEREFORE, it is ordered that the Master Street Plan as shown on the attached map be hereby approved as a basis for future planning by the State Highway Commission, subject to the following conditions:

1. That Highway 7 will be routed along Arkansas Avenue, provided the City will furnish the land for right-of-way of adequate width for the construction of a satisfactory urban connection to the Interstate Highway.
 2. That future improvements upon any other revision of the State Highway System in the Urban Area of Russellville be governed by the findings of a comprehensive traffic survey to be conducted by the Department during the calendar year 1960.
 3. Approval of this action by the Bureau of Public Roads.
- 3523 In SCOTT COUNTY on HIGHWAY 28, Section 2 between Needmore and Forester at log mile 6.99 the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the narrow and dangerous bridge over Fourche La Fave River at an estimated cost of \$100,000.00.

This action is subject to the furnishing of all necessary right-of-way clear of obstructions, at no cost to the State, and program approval by the Bureau of Public Roads.

- 3524 In SEBASTIAN COUNTY on U. S. HIGHWAY 64, Section 1, from the intersection of Midland Boulevard and Waldron Road to the south end of the Arkansas River Relief Bridge, a distance of 0.48 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing concrete pavement, as a Betterment Project, at an estimated cost of \$7,700.00.
- 3525 In SEBASTIAN COUNTY, in the City of Fort Smith, MINUTE ORDER 3233 pertaining to an extension of Tenth Street across Garrison Avenue is hereby amended to provide that the work shall be constructed at an estimated cost of \$30,000.00 and the demolition of the building now in place on Garrison Avenue will be included as a participating cost in the project not to be borne by the City. All other provisions in Minute Order 3233 are to remain in full force and effect.
- 3526 In WOODRUFF COUNTY, under the provisions of the Milum Road Act, a county road from Highway 33 to and through McClelland, as shown on the attached sketch, is hereby made a part of the State Highway System.
- 3527 Crittenden County, Job No. 11648, FAP I-40-5(22)281. The contract for the construction of Grading, Minor Drainage Structures and Gravel Base Course in the vicinity of Ingram Blvd., Interchange in West Memphis, Interstate 40, Section 5, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$30,319.55, subject to the concurrence of the Bureau of Public Roads.
- 3528 Miller County, Job No. 3568, FAP F-011-1(2). The contract for the construction of approximately 0.575 mile of Grading, Minor Drainage Strs., Gravel Shoulders & Widening & Resurfacing with ACHM Base & Surf. Crses. on the Texarkana-DeQueen Road, U. S. Highway 71, Section 3, is awarded to Arco, Inc., of Tulsa, Oklahoma on their low bid of \$49,033.39, subject to the concurrence of the Bureau of Public Roads.
- 3529 Pike County, Job No. 3569, FAP S-288(2). The contract for the construction of approximately 0.241 mile (Incl. 162.25' of Bridge) of Grading, Gravel Base, Double Bituminous Surface Treatment & One R.C. & Str. Steel I-Beam Span Bridge on the Murfreesboro-Kirby Road, State Highway 27, Section 5, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$44,159.16.
- 3530 Scott County, Job No. 4455, FAP S-146(3) and FHP A-28-A. The contract for the construction of approximately 9.684 miles (Incl. 1179.5' of Bridges) of Grading, Mr. Dr. Strs., Gravel Base, Dbl. Bit. Surf. Tr'mt., Four R.C. Slab Span Brs., One R.C. & Str. Steel Comp.

I-Beam Span Bridge & Remod. One R.C. & Str. Steel Comp. I-Beam Span Bridge on the Forester-Nola Road, State Highway 28, Section 2, is awarded to D. F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$494,256.20, subject to the concurrence of the Bureau of Public Roads.

3531 Jackson County, Job No. 5488, FAP S-306(1). The contract for the construction of approximately 0.982 mile of Grading, Minor Drainage Strs., Gravel Base and Double Bit. Surf. Tr'mt. on the Remmel Park-Jct. Hwy. 14 Road, State Highway 224, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$42,254.99.

3532 Saline & Pulaski Counties, Job No. 6692, FAP I-30-2(47)110. The contract for the construction of approximately 20.845 miles of Ground and Overhead Signs and Delineators on the Malvern-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to National Advertising Company of Bedford Park, Illinois on their low bid of \$191,363.12, subject to the concurrence of the Bureau of Public Roads.

3533 Perry County, Job No. 8470, FAP S-315(2). The contract for the construction of approximately 7.494 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Perryville-Conway Road, State Highway 60, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$112,908.10.

The contract for the construction of approximately 0.775 mile of Grading, Minor Drainage Structures and Gravel Base Course on the State Highway 70-Interstate Highway 40 County Road, County Road, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$8,582.90, subject to the concurrence of the Crittenden County Judge.
- 3540 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, December 9, 1959.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighty-fourth Meeting in Little Rock, Arkansas on December 9, 1959.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 22, 1958

The following is the record of the proceedings of the Sixtieth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 22, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2354 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 22, 1958.

2355 WHEREAS, The American Association of State Highway Officials has billed the Department for Departmental Membership Dues for the year 1958, which membership is regarded as being highly beneficial to the Department

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1958 in the amount of \$1,519.50.

2356 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2343, 2344, 2345, 2347, 2348, 2350 and 2352 at the regular meeting of the Commission on December 4, 1957:

2358 Whereas, Each prospective bidder is required to file with the Commission a Financial Statement, Experience Record and Equipment Schedule on an annual basis reflecting the status of the prospective bidder as of December 31, or any subsequent date within the ensuing calendar year, and

Whereas, It is the common practice of Contractors to have audits and financial statements prepared on an annual basis, therefore,

Be It Resolved, That hereafter the 90 day grace period granted by resolution on November 21, 1952 be reduced to 30 days, except that the financial statement due December 31, 1957 must be filed by February 12, 1958 in order to bid at the February 26th letting and by March 18, 1958 in order to bid at the April 2nd letting.

2359 MINUTE ORDER 1353 pertaining to Employee Leave Policy is hereby cancelled and superseded by the following:

Employees of the Arkansas Highway Department as are defined eligible herein may take accrued vacation, sick and military leave as limited by the following general policies:

VACATION LEAVE

1. Eligibility for Leave. All regular employees of the Highway Department including those paid on an hourly basis shall be eligible for vacation leave after nine months continuous employment. Vacation leave will not apply to part time employees.
2. Accrual and Usage. Vacation Leave will be accrued on the basis of two weeks (10 working days) for each full year period. Computation of vacation leave will begin with employment and for record purposes accruals will be credited monthly.

Each eligible employee may have two weeks vacation leave each calendar year. If an employee desires to use vacation leave in increments of less than two weeks at a time, a total of ten working days per calendar year may be used.

It is the desire of the Commission that employees take a vacation each year. At the end of the calendar year unused vacation accruals will be lost except as herein provided.

Upon approval by the Director an employee may be permitted a vacation period of a maximum of 15 days provided that vacation leave for the employee over a two year period does not exceed 20

days.

The dates for vacation leave must be approved in advance by the employees' Division Head or District Engineer.

3. Payment for Vacation Accruals. Upon termination of an employee payment will be made for vacation accruals not to exceed 10 days.
4. Administration. Division Heads and District Engineers will be responsible for the administration of the vacation leave policies outlined herein but copies of vacation leave records shall be furnished to the Personnel Division for permanent file.

SICK LEAVE

1. Eligibility for Sick Leave. Such employees of the Highway Department as have been defined eligible for vacation leave are also eligible for sick leave after three months continuous service. Sick leave is defined and shall be administered according to the following general policies.
2. Amount of Leave. Sick leave will accrue at the rate of one-half working day per calendar month of employment: Computation of sick leave will begin with the first full calendar month of employment or major portion thereof.
3. Sick leave may accrue from year to year with a maximum of 90 days. No payment will be made for accumulated sick leave upon termination of service.
4. Usage. Employees returned from sick leave of three working days or less will sign a certificate stating that absence was due to sickness. Any sick leave of more than three working days must be accompanied by a doctor's certificate or the entire leave will be deducted from vacation leave or the salary, as the case may be.

Sick leave used in excess of accrual will be charged against vacation leave until such leave is exhausted. Then the employee will be placed on leave without pay or on the disability provision of the retirement plan if applicable.

5. Administration. Division Heads and District Engineers will be responsible for administration of the sick leave policies outlined herein. Copies of all sick leave certificates will be furnished the Personnel Division for permanent record.

MILITARY LEAVE

Military Leave is granted State employees under the provisions of Act 465 of 1949.

Employees are granted two weeks plus necessary travel time for

military leave without loss of pay, and this shall be in addition to regular vacation time allowed such employees.

2360 WHEREAS, the Purchasing Committee has awarded purchases on December 9, 16, 23 and 30, 1957 and January 6, 13 and 20, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2361 In accordance with the budget authorization of Commission Minute Order 2080 of May 1, 1956, and on the basis of the low bid received, the Director is authorized to enter into an agreement with the George W. Colburn Laboratory, Inc. of Chicago, Illinois, for furnishing the professional and technical services required to complete a finished 16mm color, sound movie pilot print at the low bid price of \$1607.92.

2362 The attached list of Capital Outlay Major and Minor Highway Equipment is the estimated amount of \$607,488.77, including Tax, to be purchased the last six months of the fiscal year 1957-58 from January 1, to July 1, under Minute Order No. 2327 dated December 4, 1957, in the amount of \$615,000.00.

The Director is hereby authorized to proceed in the most feasible manner with the purchase of Capital Outlay Vehicles and Road Equipment as per the attached list for the last six months of the fiscal year 1957-58 not to exceed \$615,000.00 the total allotment for the six months from January 1, to July 1, 1958.

2363 WHEREAS, the Department has the following office machines and miscellaneous office equipment which are of no further value to the Department because of wear and obsolescence:

- 1 Burroughs Bookkeeping Machine Series 300 Sensimatic Control with 91A Stand
- 2 Royal Typewriters, 11" Carriage
- 1 Smith Corona Typewriter, 12" Carriage
- 2 Underwood Typewriters, 11" Carriage
- 1 Burroughs Adding Machine (Manual)
- 1 IBM Electromatic Typewriter, 12" Carriage
- 2 Underwood Typewriters, 14" Carriage
- 1 Todd Check Protector
- 1 Addressograph, Model 100 Q
- 1 Royal Typewriter, 10" Carriage
- 1 Posting Tray Unit (Shaw-Walker Fire Proof, #4224-1776)
- 2 Diebold Posting Trays, Model x-28, 15-5/8" Deep
- 1 Remington Band Posting Tray

- 1 Hamilton Drafting Table
- 5 Kardex, 4" x 6" x 24", 22 Drawer
- 9 4" x 6" Double Drawer Metal Card Files

WHEREAS, further retention of this equipment will result in additional loss in value with no benefit accruing to the Department,

NOW, THEREFORE, the Director is hereby authorized to dispose of this equipment in accordance with legal procedures to the highest and best bidder.

- 2364 WHEREAS, Conway County has requested that they be allowed to purchase the old Palarm Creek Bridge (approximately 58 tons of steel), which was salvaged from Highway #65 at the Pulaski-Faulkner County line, and

WHEREAS, this steel is unsuitable for further use by the Highway Department,

IT IS ORDERED that the Director be authorized make this bridge available to Conway County at the current price of scrap steel.

- 2365 In SALINE COUNTY on INTERSTATE HIGHWAY 30 from Benton to the Pulaski County Line, a distance of approximately 9.6 miles, (Job 6611) the Director is hereby authorized to sell buildings purchased in the acquisition of necessary right-of-way in accordance with prescribed legal procedures.

- 2366 WHEREAS, State Civil Defense authorities have requested the Department to perform services of inspections and reports in connection with work performed by certain Cities and Counties of the State for reimbursement and

WHEREAS, the Civil Defense authorities indicate that there are no funds available to reimburse the Department for the cost of the requested services, and

WHEREAS the Commission is without legal authority to perform the requested services unless reimbursement is provided

WHEREAS the President of the County Judge's Association has indicated that a request will be made for the Department to perform the services at the expense of the affected Cities and Counties,

NOW THEREFORE IT IS ORDERED that the Director proceed to make the investigation and reports as requested by the affected Cities and Counties where Ordinances or Court Orders are furnished guaranteeing reimbursement to the Highway Fund from turnback with-

holdings for the cost of the services rendered in response to this order.

2367 WHEREAS, IZARD COUNTY has submitted an offer to donate a site for a roadside park, located 7.2 miles east of Calico Rock on Highway 56, and

WHEREAS, investigation reveals that the proposed site is satisfactory for such purpose,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State and to take such further action as is required to develop a roadside park.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters and installations necessary to provide adequate services for a roadside park at a cost not to exceed \$500.00.

2368 WHEREAS, the Kiwanis Club of Lincoln, Arkansas, has submitted an offer to donate a site for a roadside park, located on HIGHWAY west of the Town of Lincoln, and

WHEREAS, investigation reveals that the proposed site is satisfactory for such purpose,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State and to take, such further action as is required to develop a roadside park.

2369 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Melbourne, Arkansas, and

WHEREAS, the City of Melbourne has a tract of approximately 2.1 acres, located 1 1/2 miles east of Melbourne on Highway 69 which is suitably located and ,which they will transfer to the Department at no cost to the State,

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of title to the State.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of buildings, fences and appurtenances necessary to provide adequate service for an area headquarters at a cost not to

exceed \$15,000.00.

2370 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Lewisville, Arkansas and,

WHEREAS, Mr. O. B. Foster has a tract of two acres that is suitably located for such purpose, which he has offered to sell to the Department

NOW THEREFORE, IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property at a cost not to exceed \$400.00.

2371 WHEREAS, it is considered necessary in the interest of efficiency to purchase an Area Headquarters site at DeQueen, Arkansas, in Sevier County, and

WHEREAS, a tract of 2 acres suitable for this purpose, located 1-3/4 miles north of DeQueen, can be purchased at a cost of not more than \$200.00 per acre,

THEREFORE, IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary to transfer this property to the State at a cost not to exceed \$400.00.

2372 WHEREAS, Minute Order 2011 authorized the acceptance of an offer made by the citizens of Mountain View and Stone County to donate 3 acres of land to the Department for use as an Area Headquarters and

WHEREAS, subsequent to Commission approval, the owner withdrew his offer to sell the land and the Lions Club of Mountain View has located a tract of 3 1/2 acres on Highway 9, opposite the original site, which they can procure at a cost of \$400.00 more than the cost of the original site,

NOW THEREFORE, IT IS ORDERED that Minute Order 2011 be amended to provide for the expenditure of \$400.00 to acquire this property.

All other provisions of Minute Order 2011 shall remain unchanged.

- 2440 In WHITE COUNTY on HIGHWAY 11, Section 11-A, from Bald Knob-North to Jackson County line, a distance of 9.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 7.00 miles) at an estimated cost of \$4,100.00.
- 2441 In STONE COUNTY on HIGHWAY 14, Section 7, from Mountain View to Independence County line, a distance of 22.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 7.0 miles) at an estimated cost of \$8,400.00.
- 2442 In INDEPENDENCE COUNTY on HIGHWAY 14, Section 8, from Stone County line to Locust Grove, a distance of 6.17 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 3.00 miles) at an estimated cost of \$3,800.00.
- 2443 In INDEPENDENCE COUNTY on HIGHWAY 25, Section 4, from the junction of Highway 11 to Cleburne County line, a distance of 11.06 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 5.00 miles) at an estimated cost of \$5,000.00.
- 2444 In INDEPENDENCE COUNTY on HIGHWAY 11, Section 14,

from the junction of Highway 25 to White County line, a distance of 15.72 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 4.00 miles) at an estimated cost of \$4,500.00.

2445 In SHARP COUNTY on HIGHWAY 115, Section 3, from Cave City to the junction of Highway 58, a distance of 5.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.

2446 In CLEBURNE COUNTY on HIGHWAY 16, Section 11, from Heber Springs to Van Buren County line, a distance of 17.94 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$17,300.00.

2447 In WHITE COUNTY on HIGHWAY 5, Section 4, from Cleburne County line to Rosebud, a distance of 2.24 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,300.00.

2448 In CLEBURNE COUNTY on HIGHWAY 5, Section 5, from White County line to the junction of Highway 25, a distance of 7.63 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,500.00.

2449 In JACKSON COUNTY on HIGHWAY 11, Section 12, from White County line to White County line, a distance of 1.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$900.00.

2450 In WHITE COUNTY on HIGHWAY 11, Section 13, from Jackson County line to Denmark, a distance of 1.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$900.00.

2451 In BAXTER COUNTY on HIGHWAY 62, Section 11, from Henderson Ferry to Fulton County line, a distance of 5.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,900.00.

2452 In FULTON COUNTY on HIGHWAY 62 Section 12, from Baxter County line to Salem, a distance of 19.54 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$25,600.00.

- 2453 In WHITE COUNTY on HIGHWAY 157, Section 1, from Highway 67-North, a distance of 15.93 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$17,500.00.
- 2454 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 3, from Newark to South City limits of Sulphur Rock, a distance of 5.33 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,700.00.
- 2455 In SHARP COUNTY on HIGHWAY 63, Section 2, from Hardy-East, a distance of 3.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,400.00.
- 2456 In STONE COUNTY on HIGHWAY 66, Section 2, from Mountain View-West, a distance of 7.48 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,100.00.
- 2457 In JACKSON COUNTY on HIGHWAY 14, Section 11, from Independence County line to junction of Highway 67, a distance of 3.94 miles the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,300.00.
- 2458 In INDEPENDENCE COUNTY on HIGHWAY 14, Sections 9 and 10, from Jackson County line to one mile-west of Oil Trough, a distance of 6.81 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,600.00.
- 2459 In FULTON COUNTY on HIGHWAY 9, Section 15, from Salem to Mammoth Springs, a distance of 19.91 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$21,100.00.
- 2460 In INDEPENDENCE COUNTY on HIGHWAY 106, Section 1, from Batesville to Missouri Pacific Overpass, a distance of 2.45 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing

asphalt surface at an estimated cost of \$2,200.00.

2461 In JACKSON COUNTY on HIGHWAY 17, Section 6, from Tupelo to Auvergne, a distance of 8.23 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,300.00.

2462 In LONOKE COUNTY on HIGHWAY 38, Section 0, from junction of Highway 89 at Cabot to the junction of Highway 31, a distance of 8.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,000.00.

2463 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, from White River Bridge at Des Arc to the Woodruff County line, a distance of 8.60 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,900.00.

2464 In GRANT COUNTY on HIGHWAY 35, Section 3, from junction of Highway 167 to Cleveland County line, a distance of 16.40 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,400.00.

2465 In GRANT COUNTY on HIGHWAY 46, Section 2, from junction of Highway 270 in Sheridan - West, a distance of 4.93 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,000.00.

2466 In SALINE COUNTY on HIGHWAY 88, Section 7, from junction of Highway 5 in Benton to Alorca Plant, a distance of 2.74 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,300.00.

2467 In PULASKI COUNTY on HIGHWAY 10, Section 7, from Perry County line to junction of Highway 113, a distance of 7.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.

2468 In PULASKI COUNTY on HIGHWAY 10, Section 0, from Little Maumelle Creek to Little Rock City limits, a distance of 10.21 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,500.00.

2469 In GARLAND COUNTY on HIGHWAY 88, Section 5, from

Morning Star to a point 5 miles east and from Lonsdale to the Saline County line for a total length of 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface as an estimated cost of \$4,900.00.

2470 In GARLAND COUNTY on HIGHWAY 7, Section 10, from junction of Highway 70 to Perry County line, a distance of 17.49 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 8.00 miles) at an estimated cost of \$6,700.00.

2471 In GARLAND COUNTY on HIGHWAY 70, Section 8, from Hot Spring County line to Hot Springs, a distance of 17.40 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt surface (total length 8.00 miles) at an estimated cost of \$6,700.00.

2472 In HOT SPRING COUNTY on HIGHWAY 7, Section 8, from Clark County line-North, a distance of 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,200.00.

2473 In HOT SPRING COUNTY on HIGHWAY 270, Section 7, from junction of Highway 51-North of Jones Mill to the overpass at Malvern, a distance of 11.12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,100.00.

2474 In HOT SPRING COUNTY on HIGHWAY 84, Section 4, from Social Hill to junction of Highway 270, a distance of 6.54 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,400.00.

2475 In GARLAND COUNTY on HIGHWAY 88, Section 4, from the junction of Highway 70 to the junction of Highway 7, a distance of 7.02 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,800.00.

2476 In LONOKE COUNTY on HIGHWAY 31, Section 2, from junction of Highway 30 to Tomberlins, a distance of 2.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,000.00.

- 2477 In LONOKE COUNTY on HIGHWAY 15, Section 9, from Jefferson County line-North, a distance of 2.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,700.00.
- 2478 In COLUMBIA COUNTY on HIGHWAY 79, Section 2, from McNeil to Ouachita County line, a distance of 7.69 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.
- 2479 In OUACHITA COUNTY on HIGHWAY 79 Section 3, from Columbia County line to Stephens, a distance of 2.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,900.00.
- 2480 In OUACHITA COUNTY on HIGHWAY 4, Section 9 from junction of Highway 79 to Calhoun County line, a distance of 4.40 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,500.00.
- 2481 In CALHOUN COUNTY on HIGHWAY 4, Section 10, from Ouachita County line to Hampton, a distance of 14.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,700.00.
- 2482 In CALHOUN COUNTY on HIGHWAY 79, Section 5, from Ouachita County line to Dallas County line, a distance of 8.47 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,800.00.
- 2483 In DALLAS COUNTY on HIGHWAY 79, Section 6, from Calhoun County line to Fordyce, a distance of 2.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,900.00.
- 2484 In CALHOUN COUNTY on DANRI - 2, from the junction of Highway 167 to Naval Ammunition Depot - East gate, a distance of 5.90 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,700.00.
- 2485 In CALHOUN COUNTY on HIGHWAY 167, Section 3, from

Union County line to Hampton, a distance of 13.21 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,600.00.

2486 In CLARK COUNTY on HIGHWAY 26, Section 5, from junction of Highway 67 to Gum Springs plant, a distance of 0.97 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$800.00.

2487 In DALLAS COUNTY on HIGHWAY 128, Section 1, from junction of Highway 9 to junction of Highway 7, a distance of 6.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,200.00.

2488 In CLARK COUNTY on HIGHWAY 7, Section 6, from Dallas County line to junction of Highway 51, a distance of 11.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,300.00.

2489 In CLARK COUNTY on HIGHWAY 7, Section 7, from junction of Highway 67 to Hot Spring County line, a distance of 5.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,300.00.

2490 In CLARK COUNTY on HIGHWAY 51, Section 2, from junction of Highway 7 to Ouachita River Bridge, a distance of 1.17 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$900.00.

2491 In OUACHITA COUNTY on HIGHWAY 79, Section 3, from Camden to Buena Vista, a distance of 8.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,100.00.

2492 In CLARK COUNTY on HIGHWAY 8, Section 5, from Pike County line to Alpine, a distance of 6.78 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,500.00.

2493 In COLUMBIA COUNTY on HIGHWAY 79, Section 1, from Louisiana State line to Brister, a distance of 9.09 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at

an estimated cost of \$7,300.00.

- 2494 In UNION COUNTY on HIGHWAY 129, Section 1, from junction of Highway 82 to Old Lapile, a distance of 7.90 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,400.00.
- 2495 In UNION COUNTY on HIGHWAY 82, Section 7, from Strong to Big Slough Creek, a distance of 12.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,700.00.
- 2496 In UNION COUNTY on HIGHWAY 57, Section 3, from Mount Holly to junction of Highway 82, a distance of 5.36 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,300.00.
- 2497 In BRADLEY COUNTY on HIGHWAY 15, Section 3, from Hilo to Morobay, a distance of 6.18 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,000.00.
- 2498 In VAN BUREN COUNTY on HIGHWAY 65, Section 7, from Clinton-North, a distance of 16.94 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,900.00.
- 2499 In VAN BUREN COUNTY on HIGHWAY 16, Section 9, from Clinton - west, a distance of 15.58 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$22,400.00.
- 2500 In VAN BUREN COUNTY on HIGHWAY 16, Section 10, from Clinton to the Cleburne County line, a distance of 16.09 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$23,100.00.
- 2501 In VAN BUREN COUNTY on HIGHWAY 92, Section 3, from Bee Branch to Morgantown, a distance of 4.60 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,700.00.
- 2502 In VAN BUREN COUNTY on HIGHWAY 130, Section 1,

from the Junction of Highway 65 to Choctaw, a distance of 2.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,500.00.

- 2503 In YELL COUNTY on HIGHWAY 10, Section 3, from Danville to the Logan County line, a distance of 20.05 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on Selected Sections of the existing asphalt surface total length 11.00 miles at an estimated cost of \$13,000.00.
- 2504 In PERRY COUNTY on HIGHWAY 10, Section 5, from Yell County line to Casa, a distance of 5.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,200.00.
- 2505 In FAULKNER COUNTY on HIGHWAY 36, Section 1, from the Junction at Highway 64 to the Junction of Highway 107 a distance of 9.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,100.00.
- 2506 In CONWAY COUNTY on HIGHWAY 92, Section 1, from Plummerville-North, a distance of, 2.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,600.00.
- 2507 In CONWAY COUNTY on HIGHWAY 92, Section 1, from Springfield to the Junction of Highway 9, a distance of 3.60 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,100.00.
- 2508 In CONWAY COUNTY on HIGHWAY 95, Section 1, from Morrilton-North, a distance of 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,300.00.
- 2509 In YELL COUNTY on HIGHWAY 10, Section 4, from Ola to the Perry County line, a distance of 7.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,100.00.
- 2510 In PERRY COUNTY on HIGHWAY 60, Section 1, from Houston-East, a distance of 4.40 miles, the Director is authorized to

proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,200.00.

- 2511 In PERRY COUNTY on HIGHWAY 113, Section 3, from Bigelow to the Junction of Highway 60, a distance of 1.80 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,700.00.
- 2512 In FAULKNER COUNTY on HIGHWAY 60, Section 0, from Conway to the Toad Suck Ferry, a distance of 2.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,900.00.
- 2513 In WASHINGTON and BENTON COUNTIES on HIGHWAY 71, Sections 17 and 18, from Fayetteville to Rogers, a distance of 17.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt shoulders at an estimated cost of \$6,200.00.
- 2514 In MADISON COUNTY on HIGHWAY 68, Section 2, from Hartwell to Holman Creek, a distance of 3.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,600.00.
- 2515 In SEARCY COUNTY on HIGHWAY 66, Section 1, from Leslie-East, a distance of 6.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,500.00.
- 2516 In NEWTON COUNTY on HIGHWAY 7, Section 18, from the Boone County line to Jasper, a distance of 10.56 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,200.00.
- 2517 In BOONE COUNTY on HIGHWAY 14, Section 1, from the Marion County line-West, a distance of 11.62 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing surface as an estimated cost of \$13,000.00.
- 2518 In MADISON COUNTY on HIGHWAY 68, Section 3, from the Carroll County line-West, a distance of 7.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at

an estimated cost of \$10,000.00.

- 2519 In CARROLL COUNTY on HIGHWAY 68, Section 4, from the Madison County line-East, a distance of 4.68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,600.00.
- 2520 In CARROLL COUNTY on HIGHWAY 23, Section 11, from Eureka Springs to the Missouri State line, a distance of 9.47 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,200.00.
- 2521 In BENTON COUNTY on HIGHWAY 59, Section 1, from Gravette to Decatur, a distance of 7.40 miles, the Director is authorized to proceed in the most feasible and economical her with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,100.00.
- 2522 In BENTON COUNTY ON HIGHWAY 71, Section 19, from Gravette to the Missouri State line, a distance of 6.70 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,600.00.
- 2523 In BENTON COUNTY on HIGHWAY 102, Section 1, from Gravette to Maysville, a distance of 9.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,800.00.
- 2524 In WASHINGTON COUNTY on HIGHWAY 112, Section 1, from the Junction of Highway 16 in Fayetteville to the junction of Highway 68, a distance of 8.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,500.00.
- 2525 In SEARCY COUNTY on HIGHWAY 65, Section 6, from the Van Buren County line to the Cave Creek Bridge, a distance of 4.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous deal on the existing asphalt surface at an estimated cost of \$6,200.00.
- 2526 In WASHINGTON COUNTY on HIGHWAY 68, Section 1, from the Madison County line-West, a distance of 8.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,700.00.

- 2527 In WASHINGTON COUNTY on HIGHWAY 68, Section 1, from the Junction of Highway 71-West, a distance of 2.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,000.00.
- 2528 In MADISON COUNTY on HIGHWAY 74, Section 3, from the Junction of Highway 68-West, a distance of 3.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,900.00.
- 2529 In WASHINGTON COUNTY on HIGHWAY 68N, Section 1N, from the Junction of Highway 68 City Route to the Frisco Railroad tracks in Springdale, a distance of 3.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,000.00.
- 2530 In BENTON COUNTY on HIGHWAY 12, Section 2, from Gentry-East, a distance of 18.30 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$25,400.00.
- 2531 In BENTON COUNTY on HIGHWAY 71, Section 18, from Junction of Highway 71, Section 19C to the junction of Highway 100, a distance of 1.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,100.00.
- 2532 In BOONE COUNTY on HIGHWAY 62, Section 6, from the Carroll County line to Bear Creek, a distance of 6.98 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,400.00.
- 2533 In BAXTER COUNTY on HIGHWAY 5, Section 8, from the Izard County line to Norfolk, a distance of 6.48 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,900.00.
- 2534 In CRAIGHEAD AND GREENE COUNTIES on HIGHWAY 1, Sections 18 and 19, from the Junction of Highway 173 in Jonesboro to the Junction of Highway 25, a distance of 19.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$21,400.00.

- 2535 In POINSETT COUNTY on HIGHWAY 14, Section 14, from Harrisburg to Harrisburg corner, a distance of 13.35 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,300.00.

2573 WHEREAS, the Purchasing Committee has awarded purchases on January 27, February 3, 10, 17 and 24, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2574 The following policy pertaining to PREGNANCY LEAVE for women employees of Arkansas State Highway Department is hereby adopted.

Time Limit. To minimize any risks of accidents, or employee's health, the time limit of employment for employees who become pregnant is hereby limited to six months.

Doctor's Certificate. It shall be necessary for the employee who becomes pregnant to obtain a doctor's certificate stating the approximate date of delivery, as soon as the pregnancy is confirmed. The certificate is to be presented to the Division Head who shall then

forward it to the Personnel Office for the employee's permanent file.

Maximum Leave. The employee may be placed on leave without pay at the end of the six months pregnancy, for a period of six months only.

Eligibility for Reemployment. Not later than six months period of leave without pay, the employee may report for reemployment if she so desires, in order to have first preference for the next job opening and to retain employee benefits.

Any employee failing to comply with the provisions of this Order shall be subject to termination.

2575 The Director is authorized to enter into contract with Wilbur Smith and Associates, Consulting Engineers, Columbia, S. C., to prepare report on Highway User Taxes in accordance with submitted proposal, subject to concurrence of the U. S. Bureau of Public Roads.

2576 WHEREAS, in CLARK COUNTY on HIGHWAY 7, Section 6, at the Leau Frais Creek, the Department has constructed a new bridge on a new location and the old steel truss, which is now abandoned, is still in place and

WHEREAS, the old bridge is of light design and unsuitable for further use by the Department and,

WHEREAS, Little River County has requested that they be allowed to purchase a bridge of this type for use on a County road,

IT IS ORDERED that the Director be authorized to make this bridge (approximately 8 tons) available to Little River County at the current price of scrap steel with the County to remove the structure from its present location.

2577 In Mississippi County on Primary Highway 61 from Luxora to Osceola, a distance of approximately 3.1 miles (Job No. 10563), the Director is hereby authorized to sell buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

2578 In Pulaski County, on Interstate Expressway in the City of North Little Rock, between the sea wall and Broadway Street a distance of approximately 1250 feet (Job 6590-Right of Way), the Director is hereby authorized to sell buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

2579 In Faulkner County, on the Campus of Arkansas State Teachers College at Conway, driveways, approximately 0.26 miles in length, as

shown on attached sketch which is made a part of this Minute Order, are hereby made a part of the State Highway System.

2580 In MONROE COUNTY MINUTE ORDER 2208 is hereby modified to describe roads designated as a part of the State Secondary Highway System as follows:

1. From U. S. Highway 79 at Clarendon North, a distance of approximately 9 miles.
2. From State Highway 39 approximately one and one-half miles south of Brinkley east a distance of approximately 3 miles.'

Other conditions and provisions of Minute Order 2208 remain unchanged.

2581 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Gentry, in Benton County and,

WHEREAS, the City of Gentry has a site of approximately two acres which is suitably located for this purpose, and which they will transfer to the Department at no cost.

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property to the Department at no cost to the State.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

2582 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Heber Springs, in Cleburne County, and

WHEREAS, the Heber Springs Chamber of Commerce has located a suitable site, consisting of 2 acres, on Highway #110 at the east city limits, which they will transfer to the Department at no cost,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of title at no cost to the State.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of all buildings, fences and appurtenances necessary to provide adequate service for an Area Headquarters at a

cost not to exceed \$15,000.00.

2583 In CROSS COUNTY at the DIVISION 1 Maintenance Headquarters site, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing one warehouse building, and a storage shed at an estimated cost of \$13,100.00.

2584 WHEREAS, it is considered necessary in the interest of efficiency to purchase a site for a material storage lot near Camden and,

WHEREAS, a tract of two acres suitable for this purpose located on Highway 79, in the Buena Vista community can be purchased at a cost of not more than \$100.00 per acre.

THEREFORE, it is ordered that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property to the State at a cost not to exceed \$200.00.

2585 WHEREAS, it is considered necessary in the interest of efficiency to establish a Maintenance Area Headquarters at Waldron, Arkansas, in Scott County, and

WHEREAS, the Waldron Chamber of Commerce has located a two-acre site one-half mile south of the Waldron City Limits on Highway #71 which is suitable for that purpose

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the acquiring of this property at a cost not to exceed \$400.00.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of buildings, fences and appurtenances necessary to provide adequate service for an area headquarters at a cost not to exceed \$15,000.00.

2586 WHEREAS, the Department now operates free ferries on Highways 62 and 101 at Henderson, Arkansas, across Lake Norfolk on both routes and,

WHEREAS, two of the barges now in operation are 24' wide by 100' long, and the other one is 24' by 80' long and,

WHEREAS, due to the increased traffic it is considered necessary to remodel the 24' wide by 80' long barge to make a 24' by 100' barge,

IT IS ORDERED that the Director be authorized to proceed in

the most feasible and economical manner with the work of reconstructing this barge at an estimated cost of \$10,000.00, the cost of which shall be from regular operating budget for the Henderson Ferry.

2587 In BOONE COUNTY on U. S. HIGHWAYS 62 and 65 in the City of Harrison, the Director is authorized to proceed with surveys and investigations necessary to determine right-of-way requirements for an improved facility and, upon completion, to report the findings to the Commission for consideration of further action.

2588 In CLEBURNE and VAN BUREN COUNTIES on HIGHWAY 124 between Damascus and Quitman, at the request of property owners along the route who want to set back fences to right-of-way lines, the Director is authorized to proceed in the most feasible and economical manner with surveys of the route at a cost not to exceed \$3,000.00.

2589 In GRANT COUNTY on HIGHWAY 167, Section 10, at a creek near the South City limits of Sheridan, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing one bridge (59 lineal feet), at an estimated cost of \$2,700.00.

2590 In JACKSON COUNTY on U. S. HIGHWAY 67 from the Missouri Pacific R. R. Overpass north of Newport to the Lawrence County Line, a distance of approximately 18 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening, grading, structures and pavement at an estimated cost of \$1,440,000.00, subject to program approval by the Bureau of Public Roads.

2591 In PHILLIPS COUNTY on HIGHWAY 49, Section 1, East of Elaine, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing two bridges (total length 102 feet), at an estimated cost of \$9,800.00.

2592 In PIKE and MONTGOMERY COUNTIES on HIGHWAY 70, Sections 5 and 6, from Glenwood to the Hot Spring County line, a distance of 9.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing pavement at an estimated cost of \$38,500.00.

2593 In PULASKI COUNTY on the State Capitol Grounds, according to the provisions of Act 549, approved March 30, 1957, the Director is hereby authorized to proceed in the most economical and feasible manner of constructing parking facility approximately 9400 square yards at an estimated cost of \$26,000.00.

2594 The Director is authorized to proceed in the most feasible and economical manner with the work of microfilming Departmental

records at an estimated cost of \$24,000.00 for equipment, labor and supplies for one year.

- 2595 The Director is hereby authorized to proceed in the most feasible and economical manner with the work of placing copper piping for air conditioning system of the main office building at an estimated cost of \$2,200.00.
- 2596 In SALINE COUNTY on HIGHWAY 167, Section 12, at Lorance Creek, the Director is authorized to proceed in the most feasible and economical manner with the reconstruction of one bridge (77 lineal feet), at an estimated cost of \$3,800.00.
- 2597 Crittenden County, Job No. 11544, FAP I-093-1(17). The contract for the construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, Bituminous Surf. Treatment, P. C. Conc. Pav't. (8" & 10" U.T.) and One R.C. & Str. Steel I-Beam Overpass (211.17') on the West Memphis-Missouri State Line Interstate Road, Interstate, is awarded to Ben M. Hogan and Company of Little Rock, Arkansas on their low bid of \$745,651.64, subject to the concurrence of the Bureau of Public Roads.
- 2598 Crittenden County, Job No. 11603, FAP I-092-5(10). The contract for the construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Surface and One R.C. & Str. Steel I-Beam Overpass Structure (382.60') on the West Memphis ByPass Interstate Road, Interstate, is awarded to Michey's Inc. of Warren, Arkansas on their low bid of \$190,564.06, subject to the concurrence of the Bureau of Public Roads.
- 2599 Little River County, Job No. 3492, FAP F-011-1(1). The contract for the construction of approximately 10.118 miles of Grading, Minor Drainage Structures, Gravel Base & Shoulders, and Widening & Resurfacing with Asphaltic Concrete Hot Mix on the Texarkana-Ashdown Road, U. S. Highway 71, Section 4, is awarded to Arco, Inc. of Little Rock, Arkansas on their low bid of \$609,950.55, subject to the concurrence of the Bureau of Public Roads.
- 2600 White County, Job No. 5440, FAP F-021-3(4) & F-021-4(2). The contract for the construction of approximately 11.924 miles (Include 525.54' of Bridges) of Grading, Minor Drainage Structures, Widening & Resurfacing with Asphaltic Concrete Hot Mix, Remodeling & Widening Two R.C. & Str. Steel I-Beam Bridges & Extending Four M-Span Culvts. on the Bald Knob-Newport Road, U. S. Highway 67, Section 13, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$523,676.92, subject to the concurrence of the Bureau of Public Roads.
- 2601 Saline County, Job No. 6516, FAP IN-091-2(2). The contract for the construction of approximately 8.580 miles of Grading, Minor

Drainage Structures, Crushed Stone Base & Dbl. Bit. Surf. Tr'mt. (Main Lane Shoulders & Fr. Rds.) P. C. Conc. Pav't. 8" U. T. (Fr. Rds. & Connections), P. C. Conc. Pav't. 10" U. T. (Main Lanes) & Extending One Br. -Length Culvt. (Fr. Rds.) on the Benton-Little Rock Road, U. S. Highways 70 & 67, Sections 11 & 9, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$1,476,981.84, subject to the concurrence of the Bureau of Public Roads.

2602 Conway & Van Buren Counties, Job No. 8427, FAP S-226(2). The contract for the construction of approximately 9.131 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Cleveland-Scotland Road, State Highway 95, Sections 1 & 2, is awarded to Four Bros., Inc. of Sweet Home, Arkansas on their low bid of \$143,000.67.

2603 Mississippi County, Job No. 10563, FAP F-035-1(4). The contract for the constructions of approximately 2.385 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Shoulders and Asphaltic Concrete Hot Mix Base & Surface Courses on the Osceola-Blytheville Road, U. S. Highway 61, Section 3, is awarded to Ben M. Hogan and Company of Little Rock, Arkansas on their low bid of \$142,515.16, subject to the concurrence of the Bureau of Public Roads.

2604 Greene County, Job No. 10582, FAP S-268(1). The contract for the construction of approximately 8.009 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Delaplaine-Beech Grove Road, State Highway 34, Section 3, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$105,888.06.

2605 Randolph & Clay Counties, Job No. 10622, FAP F-021-5(4) Part 4. The contract for the construction of approximately 3.052 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Gravel or Crushed Stone Shoulders, ACHM Base & Surface Courses and Extending One Bridge-Length Culvt. (22.08' in Length) on the Pocahontas-Corning Road, U. S. Highway 67, Sections 21 & 22, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$152,380.02, subject to the concurrence of the Bureau of Public Roads.

2606 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:15 P.M. Wednesday, February 26, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Sixty-second Meeting in Little Rock, Arkansas on February 26, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 2, 1958

The following is the record of the proceedings of the Sixty-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 2, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
Raymond F. Orr	Member
Harry W. Parkin	Member

2607 IT IS ORDERED that Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 2, 1958.

2608 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2597 through 2605 at the regular meeting of the Commission on February 26, 1958:

TOTAL \$214,019.99

2613 WHEREAS, the Civic Clubs of Corning, Arkansas, has submitted an offer to donate a site for a roadside park, located on HIGHWAY 67 north of Corning, and

WHEREAS, investigation reveals that the proposed site is satisfactory for such purpose,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State and to take such further action as is required to develop a roadside park.

2614 WHEREAS, in CHICOT COUNTY on HIGHWAY 144, Section 3, north of Lake Village, the Department is constructing two new bridges on a new location and,

WHEREAS, the two trusses being replaced are narrow and unsuitable for further use by the Department and,

WHEREAS, Chicot County has requested that they be allowed

to purchase these bridges,

IT IS ORDERED that the Director be authorized to make these structures available to Chicot County at the current price of scrap steel.

2615 In CRITTENDEN, CROSS, WHITE and WOODRUFF COUNTIES the approved Route of Highway US 64 from the junction of US 67 at Bald Knob to the junction of Interstate Route 55 near Marion is as shown on the attached sketch which is made a part of this Minute Order. This action is subject to the approval of the Bureau of Public Roads.

2616 WHEREAS, in HOWARD COUNTY on HIGHWAY 4, Section 3, at the south city limits of Dierks, a new bridge is being constructed to replace a narrow steel truss bridge, and

WHEREAS, Howard County has requested that they be allowed to purchase a bridge of this type and,

WHEREAS, the truss is of light design, and the I-Beam stringers are the only members in the structure, which are of further use to the Department,

IT IS ORDERED that the Director be authorized to salvage the I-Beam stringers and make the balance of the steel (approximately 6 tons) available to Howard County at the current price for scrap steel.

2617 In SEBASTIAN COUNTY on U. S. HIGHWAY 64 at the crossing of the Arkansas River at Fort Smith (Job 4454 Garrison Avenue Bridge Lighting) Minute Order 1824 is hereby amended to provide for an estimated cost of \$3,500.00 in lieu of the original estimate of \$2,500.00.

In all other particulars the provisions of Minute Order 1824 shall remain in full force and effect.

2618 In ST. FRANCIS COUNTY on U.S. HIGHWAY 70, the Director is authorized to enter into an agreement, on behalf of this Highway Commission, with the Corps of Engineers, U. S. Army, whereby the State Highway Department will rearrange the U. S. Highway 70 facility at the crossing of Fishing Lake approximately 8.9 miles east of Forrest City on a cost reimbursable basis, in order to permit the Corps of Engineers to construct, across the highway right-of-way, the Round Pond Drainage District Channel, a part of the St. Francis Basin Project.

The Director is also authorized to execute, on behalf of this Commission, a perpetual easement giving the United States the authority to construct, maintain, and operate the aforesaid Channel across U. S. Highway 70 right-of-way.

2619 In WHITE COUNTY at the intersection of Highways U. S. 67 and 36 east of Searcy the Director is authorized to proceed with surveys, investigations and plans for work necessary to improve the safety and appearance of the intersection and to provide proper setting for display of the Blue Star Memorial Highway Marker. Upon completion of plans the Director will report to the Commission for consideration of further action.

2620 In ARKANSAS COUNTY on HIGHWAY 33, Section 1, between the junction with Highway 153 and the junction with Highway 146, the Director is authorized to proceed in the most feasible and economical manner with the construction of two bridges (Total length - 57 feet) at an estimated cost of \$6,400.00.

2621 In BRADLEY COUNTY on HIGHWAY 4, Section 12, from Banks to Warren, a distance of 9.49 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt pavement to provide a satisfactory riding surface, at an estimated cost of \$24,200.00.

2622 In CARROLL COUNTY at the junction of U. S. Highway 62 and State Highway 23 in Eureka Springs, the Director is authorized to proceed in the most feasible and economical manner with the construction of curbs and channelization at an estimated cost of \$3,100.00.

2623 In CRAIGHEAD COUNTY on HIGHWAY 39, Section 4, from the Poinsett County line to 3.4 miles north, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,600.00.

2624 In GREENE COUNTY on HIGHWAY 90, Section 4, from the Randolph County line to 2 miles north, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal at an estimated cost of \$2,000.00.

2625 In HEMPSTEAD COUNTY on HIGHWAY 67, Section 2, from Washington Street to Bonner Street in the City of Hope, a distance of 1.19 miles, the Director is authorized to proceed with the work of resurfacing this section at an estimated cost of \$16,500.00.

2626 WHEREAS, Minute Order 2469 of January 22, 1958, authorized the placing of a bituminous seal on six miles of Highway 88, Section 5, in Garland County, at an estimated cost of \$4,900.00, and

WHEREAS, this section deteriorated to the extent that this work had to be done before the sealing allotment was made and the material for the work was taken from Routine Maintenance Stock,

IT IS ORDERED that the provisions of Minute Order 2469 be

cancelled.

- 2627 In HOT SPRING COUNTY on HIGHWAY 70, Section 7, from the Montgomery County line to the Garland County line, a distance of 3.69 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,500.00.
- 2628 In LONOKE COUNTY on HIGHWAY 30, Section 3, from the Junction of Highway 31 to the Lonoke-Prairie County line, a distance of 13.55 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing selected sections at an estimated cost of \$13,700.00.
- 2629 In MISSISSIPPI COUNTY on Highway 77, Section 1, from Leachville to the Missouri State Line, a distance of 4.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,100.00.
- 2630 In NEWTON COUNTY on HIGHWAY 16, Section 7, from the Junction of Highway 7 to Edwards Junction, a distance of 13.2 miles, Highway 21, Section 2 from Edwards Junction to the Johnson County line, a distance of 14.8 miles and Highway 21 Section 3 from Edwards Junction to a point 5 miles North, the Director is authorized to proceed in the most feasible and economical manner with the purchase of crushed stone base material to place these routes in a serviceable condition, at an estimated cost of \$40,000.00.
- 2631 In PHILLIPS COUNTY on HIGHWAY I from Monroe County Line to near Marvell, a distance of approximately 7.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing leveling course and surfacing at an estimated cost of \$90,000.00, subject to program approval by the U. S. Bureau of Public Roads.
- 2632 In PULASKI COUNTY on U. S. HIGHWAYS 67-70 from Little Rock to the Saline County Line, Job 6517, the Director is authorized to include for payment to the Contractor an item for handling cross traffic during construction of concrete pavement by leaving openings in pavement in lieu of constructing timber bridges as provided by plans, in the amount of \$3,800.00.
- 2633 In PULASKI COUNTY on HIGHWAY 10 from the Little Rock City Limit to Robinson School, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$400,000.00 subject to program approval by the Bureau of Public Roads.

- 2634 In PULASKI COUNTY on HIGHWAY 65, Section 12, from the CRI & P Railroad at Biddle Shops to the Mo. Pac. Railroad Spur Track, a distance of 0.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing the existing pavement at an estimated cost of \$18,800.00.
- 2635 In PULASKI and SALINE COUNTIES on U. S. HIGHWAY 65 from Little Rock Expressway Fourche Interchange to the Jefferson County Line near Hensley, a distance of approximately 16.5 miles, and on U. S. HIGHWAY 167 from U. S. 65 to end of present construction near Spring Lake in Saline County, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading, structures and surfacing at an estimated cost of \$4,745,000.00 subject to program approval by the U. S. Bureau of Public Roads.
- 2636 In PULASKI COUNTY on HIGHWAY 167, Section 13, from the end of the American Cyanamid Plant to the CRI & P Overpass, a distance of 4.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing the existing pavement at an estimated cost of \$100,000.00.
- 2637 In SEBASTIAN COUNTY on HIGHWAY 96, Section 3, from the Junction of Highway 22, to the Franklin County line, the Director is authorized to proceed in the most feasible and economical manner with the purchase of crushed stone base material to repair selected sections, at an estimated cost of \$20,800.00.
- 2638 IN SEVIER COUNTY on HIGHWAY 27 FROM U.S. HIGHWAY 71 to the Howard County Line, a distance of approximately 9 miles, MINUTE ORDER 2057 is hereby cancelled and in lieu thereof the Director is authorized to proceed in the most feasible and economical manner with the construction of bridges (779 lin. ft.) at an estimated cost of \$175,000.00 subject to program approval by the Bureau of Public Roads.
- 2639 In WOODRUFF COUNTY on HIGHWAY 64, Section 13, from Augusta to a point 4.6 miles - East, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt pavement to provide a satisfactory riding surface, at an estimated cost of \$20,600.00.
- 2640 In CHICOT COUNTY, MINUTE ORDER 2171 which designated certain county roads as being a part of the State Highway System, as provided for in Act 148 of 1957, is hereby repealed in its entirety and the following is substituted therefor.

The following roads are hereby designated as a part of the State Secondary Highway System:

1. From U. S. Highway 65 at Bellaire west to U. S. Highway 165, a distance of approximately 5.6 miles,
2. Beginning at a point where State Highway 144 turns north in the City of Lake Village, and runs southward along old U. S. 65, also known as S. Lakeshore Drive, and on across new U. S. 65 and 82 and following old U. S. 65 towards the Town of Jennie, a distance of approximately 3.8 miles,
3. From State Highway 8 at Grand Lake south to U. S. Highway 65 west of Readland, a distance of approximately 2.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the State to bring the roads to a satisfactory condition for maintenance.

2641 In MONROE COUNTY in accordance with the official request dated March 11, 1958 of the designated representatives, as provided for in Act 148 of 1957, Minute Order 2580, as it relates to the designation of certain county roads as being a part of the state secondary highway system, is hereby repealed in its entirety and in lieu thereof the provisions of Minute Order 2208 as originally adopted on July 10, 1957 are hereby readopted in their entirety.

2642 In WHITE COUNTY, MINUTE ORDER 2300 is hereby cancelled and in lieu thereof the following action is taken:

MINUTE ORDER 2232 is hereby modified to change the description of the first road to read as follows:

From U. S. Highway 67 at or near Lincoln Street in Searcy west and southwest a distance of approximately 6 miles.

In all other respects Minute Order 2232 shall remain in full force and effect.

2643 In ARKANSAS COUNTY on HIGHWAY 152 from Highway 1 to Deluce, a distance of approximately 7.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, base and surfacing at an estimated cost of \$165,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Arkansas County within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2697 WHEREAS, the Secretary-Treasurer of the Southeastern Association of State Highway Officials has called attention to the fact that the dues of the Arkansas State Highway Department for the year 1958 are now due in the amount of \$300.00, and

WHEREAS, membership in this association is considered as being valuable in the Department's operations,

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

2698 WHEREAS, the Purchasing Committee has awarded purchases on April 7, 14, 21, 28 and May 5, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2699 WHEREAS, Conway County has requested that they be allowed to purchase an obsolete Pony Truss Bridge (approximately 25 tons), which was salvaged from Ditch No. 1 on Highway #62 in Clay County and removed to the Jacksonville Shop in 1952, and

WHEREAS, this steel is unsuitable for further use by the Highway Department,

IT IS ORDERED that the Director be authorized to make this bridge available to Conway County at the current price for scrap steel. Steel I-Beams for floor system are not included with this bridge.

- 2700 WHEREAS, the following listing of obsolete equipment and junk materials at the Jacksonville Shops is of no further value to the Arkansas State Highway Department due to age and condition,
- | | |
|--|-------------------------|
| 2891 - Approx. Junk Vehicular Tires | 1 - LaPlant Choate Plow |
| various sizes | 1 - Sythe Gas Driven |
| 200 - Approx. Net Tons of Mixed | 1 - Wheel Tractor |
| Scrap Iron | 1 - Pug Mill |
| 689 - Approx. Junk Vehicular Batteries | 1 - Rotary Sweeper |
| 18 - Junk Vehicular Radiators | 1 - Jeep |
| 10 - 2 Cu. Yd. Dump Body | 2 - Chip Spreaders |
| 1 - Small Center Stripe Machine | 1 - Post Hole Digger |
| 1 - Asphalt Kettle | Attachment |
| 1 - Pull Grader | 1 - Mud Jack |
| 2 - Motor Graders | 1 - Asphalt Pump |
| 1 - Boom Type Hoist | |

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest bidder,

IT IS FURTHER ORDERED that should no bids be received in response to the advertisement, that said Junk and materials of no further value be consigned to scrap iron pile for sale as such.

- 2701 In Pulaski County, on Interstate Expressway in the City of North Little Rock, from Broadway Street to 19th Street, a distance of approximately 5,850 feet in the area between Locust Street and Cypress Street (Job 6590, Right of Way), the Director is hereby authorized to sell buildings purchased in the acquisition of necessary right of way in accordance with legal procedures.

- 2702 WHEREAS, the supply of the publication, "Something About Interstate Highways in Arkansas," issued in June, 1957, is practically exhausted, and

WHEREAS, there is a continuing need to keep before the citizens of Arkansas information concerning the Interstate as well as a desire on the part of the people for such information;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to bring up to date information concerning the Interstate System in Arkansas and to publish 15,000 copies of such information in booklet form, approximately 6" x 9", all within the limit of funds budgeted under M. O. 2080 of May 1, 1957.

- 2703 WHEREAS, Section 76-201.5 of the Cumulative Supplement to

the Arkansas Statutes of 1947, provides for the adoption, printing and distribution of the official rules and regulations of the Commission for the protection of traffic on and in the use of State Highways, and

WHEREAS, the supply of the publication, "Regulations for Installation of Traffic Control Devices on State Highways", as issued January 1, 1950, which embodied the laws, rules and regulations for installing Traffic Control Devices, is now exhausted;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to amend and bring up to date the issue of January 1, 1950, and to proceed with the printing of 1,000 copies at an estimated cost of \$500.00, all within the limit of funds budgeted under M. O. 2080 of March 1, 1957.

2704 WHEREAS, this Commission has heretofore entered into an agreement with the firm of Brown and Blauvelt, Consulting Engineers of New York City, New York, for engineering services on the Little Rock-North Little Rock Expressway, State Job No. 6466, pursuant to Commission Minute Order No. 740, dated December 29, 1954 and Minute Order No. 1074, dated August 31, 1955, and

WHEREAS, the firm of Brown and Blauvelt, Consulting Engineers, a partnership, has now been dissolved by mutual consent of the partners, and

Whereas, the contract and agreement existing between this Commission and the firm of Brown and Blauvelt has been regularly assigned to the Blauvelt Engineering Company, together with any and all sums of money due by this Commission under its said contract and agreement.

NOW THEREFORE IT IS ORDERED that the transfer of the contract and agreement existing between this Commission and firm of Brown and Blauvelt, Consulting Engineers, as above referred to, is hereby acknowledged and accepted as transferred to the Blauvelt Engineering Company which assumes all obligations and liabilities formerly resting upon Brown and Blauvelt and which engineering company will be entitled to any sums now and hereafter due on the contract and agreement as above set forth.

2705 In ST. FRANCIS COUNTY on U. S. HIGHWAY 70, the Director is authorized to enter into an agreement with Garver and Garver, Consulting Engineers of Little Rock, Arkansas, for the preparation of plans and specifications for work required by the Corps of Engineers, U. S. Army, in the rearrangement of U. S. Highway 70 at Fishing Lake caused by the construction of a portion of the St. Francis Basin Project approximately 8.9 miles east of Forrest City, Arkansas.

2706 WHEREAS, it is considered necessary in the interest of

efficiency to establish an Area Headquarters in Nevada County, and

WHEREAS, Mr. T. M. Carruthers has a lot consisting of two acres, located on Highway #19, approximately 4 1/2 miles south of Prescott, which is suitable for this purpose, that can be purchased at a cost of \$125.00 per acre, including the Abstract of Title,

IT IS ORDERED that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property to the Highway Department at a cost not to exceed \$250.00.

2707 WHEREAS, the White County Council of Home Demonstration Clubs at Searcy, Arkansas, has submitted an offer to donate a site for a roadside park, consisting of approximately one-half acre, located on U. S. Highway 67 south of Searcy, and

WHEREAS, investigation reveals that the proposed site is satisfactory for such purpose,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State and to take such further action as is required to develop a roadside park.

2708 In ST. FRANCIS and CRITTENDEN COUNTIES, upon completion of construction of Job No. 11584 the following changes in highway signing will be effected:

1. Highway 38 from its intersection with U. S. Highway 79 will be extended easterly through the City of Hughes over the presently signed route of Highway 50 to its intersection with Highway 147.
2. Highway 149 will be extended from its intersection with U. S. Highway 79 over the completed Job 11584 to intersection with Highway 38 in the City of Hughes.

2709 In BENTON COUNTY on HIGHWAY 59, Section 2, from the Washington County line to a point 2.5 miles north, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt pavement at an estimated cost of \$2,650.00, with funds to come from the present Division Sealing Allotment.

2710 In BOONE COUNTY on HIGHWAY 14 on Lead Hill and Lowry relocated sections, a distance of approximately 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$140,000.00, subject to program approval by the Bureau of Public Roads.

2711 In DREW COUNTY on HIGHWAY 4 from Highway 138 to the Desha County Line, a distance of approximately 7.0 miles, the Director

is authorized to proceed in the most feasible and economical manner with the work of placing double asphalt surface treatment at an estimated cost of \$30,000.00, subject to program approval by the Bureau of Public Roads.

- 2712 In FULTON, LAWRENCE AND SHARP COUNTIES on US HIGHWAY 63, from the Arkansas-Missouri State Line to U.S. Highway 67 at Hoxie, a distance of approximately 54. miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$1,028,000.00, subject to program approval by the Bureau of Public Roads.
- 2713 In JEFFERSON, ARKANSAS, MONROE, LEE, ST. FRANCIS and CRITTENDEN COUNTIES on U.S. HIGHWAY 79 from Wabbaseka to Simsboro, a distance of approximately 95.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$2,362,000.00, subject to program approval by the U.S. Bureau of Public Roads.
- 2714 In WASHINGTON COUNTY ON HIGHWAY 59 Section 3, from the Benton County line to a point 2.7 miles south, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt pavement at an estimated cost of \$2,850.00, with funds to come from the present Division Sealing Allotment.
- 2715 In CRAIGHEAD COUNTY on HIGHWAY 91 at the crossing of Cache River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge (approximate length 300 feet) at an estimated cost of \$90,000.00, subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Craighead County within 15 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 2716 In LAWRENCE COUNTY on HIGHWAY 115 at the crossing of Strawberry River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches (approximate length 0.3 mile) at an estimated cost of \$190,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Lawrence County within 15 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

2717 In MISSISSIPPI COUNTY on HIGHWAY 14 at the crossing of Drainage Ditch No. 40, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge, (approximate length 180 feet) at an estimated cost of \$50,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Mississippi County within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2718 In PERRY COUNTY on HIGHWAY 60, Section 1, at Houston, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing one bridge (approximate length 50 feet) at an estimated cost of \$11,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Perry County within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2719 In PERRY COUNTY on HIGHWAY 113, Section 3, at a point one-half mile north of Bigelow, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing one bridge (approximate length 62 feet) at an estimated cost of \$15,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Perry County within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2720 In PULASKI COUNTY on proposed route HIGHWAY 10 (Riverfront Drive) from Lincoln St. to Cumberland Street, the Director is authorized to proceed in the most feasible and economical manner with the work of installing illumination fixtures subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. The City of Little Rock will maintain and operate the illumination facility after completion of installation.
3. Acceptance of the provisions of this order by the City of Little Rock within 60 days.

2721 In WHITE COUNTY, Minute Order 2232 as modified by Minute Orders 2300 and 2642, which designated certain county roads

as being a part of the State Highway System as provided for in Act 148 of 1957, are hereby repealed in their entirety and the following is substituted therefor.

The following roads are hereby designated as a part of the state secondary highway system:

1. From U. S. Highway 67 at or near Lincoln Street in Searcy west and southwest, a distance of approximately 6 miles,
2. From the intersection with State Highway 11 north of Bald Knob westward and northerly to Wright's Corner, a distance of approximately 5 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2722 In YELL COUNTY on HIGHWAY 28, Sections 3 & 4, at a point one-half mile east of the junction of Highway 27, and at a point one mile east of Bluffton, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing three bridges (total length approximately 69 feet) at an estimated cost of \$15,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Yell County within 15 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2723 Lee County, Job No. 11576, FAP S-265(1). The contract for the construction of approximately 7.959 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Oak Forest-Marianna Road, State Highway 121, Section 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$166,025.89.

2724 Crittenden County, Job No. 11593, FAP I-40-5(4)271, I-092-5(4). The contract for the construction of approximately 7.126 miles (Incl. a total of 2076.51' of Brs.) of Grading, M.Dr.Strs., (Gravel Base & Dbl. Bit. Surf. Tr. on Fr. Rds. only) & Eighteen R.C. Slab Span Brs. & Three R.C. & Comp. I-Beam Overpass Structures on the Forest City-Memphis Interstate Road, Interstate 40, Section 5, is awarded to S. M. Dixon Construction Company of Warren, Arkansas and D. B. Hill, Contractor, of Little Rock, Arkansas on their low bid of \$1,140,926.78, subject to the concurrence of the Bureau of Public Roads.

- 2725 Lincoln & Desha Counties, Job No. 2574, Contract No. DA-22-O52-CIVENG-58-38. The contract for the construction of approximately 64.0 feet or 0.012 miles of Channel Excavation and Extending the lengths of Two Bridges on the Gould-Douglas Road and on the Dumas-Pendleton Road, State Highways 114 and 54, Sections 2 and 1, is awarded to D. & W. Bridge Company, Inc., of North Little Rock, Arkansas on their low bid of \$15,057.00, subject to the concurrence of the Corps of Engineers.
- 2726 NEVADA & PIKE COUNTIES, Job No. 3519, FAP S-258(1). The contract for the construction of approximately 10.252 miles of Grading, Minor Drainage Structures, and Subbase Course on the Prescott-Delight Road, State Highway 19, Sections 5 & 6, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$155,417.82.
- 2727 Garland County, Job No. 6617, FAP U-O14-2(10) & F-014-2(11). The contract for the construction of approximately 3.036 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bit. Surf. Tr'mt. and Asphaltic Concrete Hot Mix Surface Course on the Hot Springs-Benton Road, State Highway 88, Section 5, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$558,323.91, subject to the concurrence of the Bureau of Public Roads.
- 2728 Saline County, Job No. 6631, FAP S-81(4). The contract for the construction of approximately 7.68 miles of Gravel Base Course and Double Bituminous Surface Treatment on the Paron-Jct. Hwy. 70 Road, State Highway 9, Section 5, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$78,127.10.
- 2729 Lonoke County, Job No. C-43-7, FAP S-1072(3). The contract for the construction of approximately 10.825 miles of Reconstructed Base Course, Additional Crushed Stone Base Course & Double Bituminous Surface Treatment on the Ward-Funston County Road, County Road is awarded to Freshour Corporation, of Sweet Home, Arkansas on their low bid of \$45,063.32, subject to the concurrence of the Lonoke County Judge.
- 2730 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M. Wednesday, May 7, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Sixty-fourth Regular Meeting in Little Rock, Arkansas on May 7, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 11, 1958

The following is the record of the proceedings of the Sixty-fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 11, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Lawrence Blackwell	Member
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2731 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 11, 1958.

2732 Cecil Lynch, on May 26, 1958 completed his tasks in this World and passed on to others the work and the responsibilities which he had been so ably and conscientiously carrying. He passed on to some of us whose privilege it had been to work closely with him, the very keen knowledge that if we are to measure up to his outstanding excellence, we must be devoted and sincere.

Cecil, in leaving to us his unfinished work, has left with us also, a host of memories and recollections of the things that made him a real man in every sense of the word. We recall his unswerving integrity under all conditions, and his complete devotion to any duty which he assumed or to which he was assigned. His unfailing good nature helped to smooth many a rough spot faced by the Highway Commission while he was a member. Cecil's training as an engineer and the experience which he gained in his active working life coupled with his outstanding talents together, enabled him to render, the very greatest good and service possible to his State.

The outstanding ability in matters of engineering and finance, and the sound judgment of Cecil Lynch enabled him to make his mark in the history pages of his community and his State in a way that will be remembered always.

Cecil was an outstanding influence for good and for the right; and this influence is too little realized by the people of the State of Arkansas for whom he worked so ably and devotedly.

We of the Highway Commission who have been privileged to work intimately with Cecil S. Lynch, know better than many that this wonderful and able man earned the respect and admiration of all who knew him. We join in this tribute to his memory in order that this can be made a permanent part of the minutes of the Highway Commission and that a copy of this be sent to his family.

2733 WHEREAS the untimely passing of Cecil S. Lynch, Vice-Chairman of this Commission, has placed this body under the necessity of selecting an active Vice-Chairman,

IT IS ORDERED, as attested by our signatures hereon, that Harry W. Parkin be elected to fill the vacancy with all powers and duties pertaining to the office.

2734 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2723 through 2729 at the regular meeting of the Commission on May 7, 1958.

2736 In PHILLIPS COUNTY on HIGHWAY 20, at the crossing of the Mississippi River at Helena (Arkansas-Mississippi Interstate Bridge Project), the Director is hereby authorized, effective June 11, 1958, to accept the offer of the Housing and Home Finance Agency, United States of America, for a loan under the terms of Public Law 345, 84th Congress; to furnish such information as the Housing and Home Finance Agency may reasonably request in connection with the offer and to execute on behalf of the Department all forms required for acceptance of the offer and approval of the loan.

2737 WHEREAS, experience has shown the desirability of the establishment of a definite policy governing unencumbered balances at the close of any fiscal year, and

WHEREAS, the State Director of Budgets and the Legislative Auditor have advised that an allotments are strictly an administrative problem of the Department and may be carried forward to the subsequent fiscal year without conflict with any fiscal policy or statutes, so long as the expenditures do not exceed the appropriation, and

WHEREAS, the Department's appropriation is usually materially in excess of the amount allocated by the Commission it is the considered opinion of the fiscal authorities that it is to the best interest of the Department that all unencumbered balances and overruns be carried forward into the subsequent fiscal year,

NOW, THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to cause any unencumbered balances in any fiscal year to be brought forward for use during the subsequent fiscal year. Unencumbered balances are to be applied as additional allotments, and overruns of balances are to be brought forward and applied as the first charge against the allotment for the new fiscal year.

2738 WHEREAS, Act 3 of the Extraordinary Session of 1957, Section 3, provides appropriations for the following items: (1) Salaries, (2) Extra Help, and (3) Other Expenses; and further provides in Section 6 that any unexpended appropriation balances remaining on June 30, 1958, may upon resolution of the State Highway Commission be brought forward and made available for the purposes set forth under Item (3), and

WHEREAS, it is expected that all the funds provided in the appropriation for the fiscal year 1957-58 will not be expended during that year, and it is to the best interest of the State Highway Department to have this unused appropriation available for the next fiscal year,

THEREFORE, IT IS ORDERED that the Director be and is hereby authorized to bring forward any unexpended appropriations in Items (1), (2), and (3) at June 30, 1958, and add such balances to the

appropriation for Item (3) for use during the year beginning July 1, 1958, and ending June 30, 1959, in accordance with provisions of Section 6 of Act 3 of the Extraordinary Session of 1957.

2739 WHEREAS, the Purchasing Committee has awarded purchases on May 12, 19, 26 and June 2, and 9, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

THEREFORE, IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2740 WHEREAS, THIS COMMISSION is in possession of and is holding under deeds from the Fort Smith Chamber of Commerce, the property on Midland Boulevard, Fort Smith, on which there is erected the offices, shops and other facilities used by the Department in its operation in that area, and

WHEREAS, THE AMERICAN CAN COMPANY has offered reimbursements and inducements for this Commission to reconvey the Midland Boulevard property to the Fort Smith Chamber of Commerce and to re-establish the Fort Smith office and shops on the property now owned by the Commission on Towson Avenue in the City of Fort Smith, all of which more fully appears in the copy of an agreement, hereto attached, and

WHEREAS, it is the decision of the Commission that it would be desirable and economical for the Commission to accept the proposed agreement, and to erect the office and shops on the Towson Avenue property.

IT IS THEREFORE ORDERED

1. That the Director of Highways be, and he is hereby authorized on the behalf of the Commission to execute the Agreement tendered by the American Can Company for reimbursement of cost and expenses in removal of facilities from Midland Boulevard property and erection of buildings on Towson Avenue property as set forth in Exhibit A hereto.
2. That the Director of Highways be, and he is hereby authorized to execute on behalf of the Commission the Quitclaim Deed conveying the Midland Boulevard property to the Fort Smith Chamber of Commerce, a copy of said Deed being attached hereto, and marked Exhibit B.

2741 In Pulaski County on La Harpe Boulevard (State Highway 10), in order to provide greater safety to the public in the vicinity of the Arch Street Overpass and the electrical switch yard of the Arkansas Power and Light Company, the Director is authorized to execute the

attached agreement which permits the installation and maintenance of a special barrier fence within the limits of the highway right-of-way.

2742 WHEREAS, in Pulaski County near the old State Penitentiary the Ben M. Hogan Company is occupying State owned property under lease executed in April, 1948, which lease has by its terms now expired.

IT IS HEREBY ORDERED that the terms of said lease are continued and said lease extended for a period of one year from April 30, 1958.

2743 WHEREAS, the Department has the following item which is of no further value to the Department, because of wear and obsolescence:
One (1) Metal Fireproof Safe,
Serial No. S-1558. Underwriters
Laboratory, Inc., Light Safe
Inspection No. 16448.

WHEREAS, further retention of this equipment will result in additional loss in value with no benefit accruing to the Department,

NOW, THEREFORE, the Director is hereby authorized to dispose of this equipment in accordance with legal procedures to the highest and best bidder.

2744 In Logan County on Highway 22, Section 2, Highway Construction Job No. 4427, Franklin County Line - Paris Road, the Director is hereby authorized to sell buildings purchased in the acquisition of necessary right of way in accordance with legal procedures.

2745 WHEREAS, it is essential that proper control shall be exercised at the source of manufacture of materials used in highway work in order to insure proper quality; and

WHEREAS, it is difficult to exercise supervision of manufacturing processes at plants located in foreign countries;

NOW, THEREFORE, it is hereby ordered that beginning September 1, 1958 all contracts and all materials purchased shall include a provision that all materials furnished for use in facilities for the Arkansas Highway Department shall be manufactured in mills located within the continental limits of the United States or its territories or possessions.

This action is taken subject to concurrence of the U. S. Bureau of Public Roads on projects financed in whole or in part with Federal funds.

2746 In Faulkner County the official routing of State Highway Num-

ber 25 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map, which is hereby made part of this Order and which is identified more specifically "Changed Designation, Highway Routes and Sections North of Conway," drawn 5-20-58.

By this action and in conformity with Supreme Court decisions, the section of Old Highway Number 25, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

2747 In CALHOUN and UNION COUNTIES on US HIGHWAY 167 from a point 20,451 feet north of the Ouachita River bridge to a point 349 feet south of the Ouachita River bridge, a distance of approximately 3.9 miles, the Director is authorized to proceed in the most feasible and economical manner with work necessary for leveling and widening of pavement at an estimated cost of \$308,000.00 subject to program approval by the Bureau of Public Roads.

2748 In FAULKNER COUNTY on US HIGHWAY 65 from the south end of four lane section in Conway south a distance of approximately one mile the Director is authorized to proceed with surveys, investigations, plans and cost estimate to improve the safety and convenience of the facility and upon completion of feasibility study and estimated cost to report back to the Commission for consideration of program.

2749 In HEMPSTEAD COUNTY on HIGHWAY 24, Section 3, at the Ozan Creek Relief Bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of raising the grade on 3,500 feet of roadway and constructing one relief bridge (length 76 lineal feet), at an estimated cost of \$37,000.00, subject to approval by the Bureau of Public Roads.

2750 In MILLER COUNTY on U.S. HIGHWAY 82, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing the Missouri Pacific Railroad Underpass at Texarkana, at an estimated cost of \$400,000, subject to program approval by the Bureau of Public Roads. Plans for this project have been prepared under authority of Minute Order 2151

2751 In MILLER COUNTY on Highway 71 WHEREAS, undermining of the south approach structure of the Red River Bridge at Index is threatened as a result of heavy scour occasioned by recent floods of the Red River at that location, and

WHEREAS, the Corps of Engineers, U.S. Army has indicated a willingness to participate in the cost of repair of the damaged area and provision of adequate bank protection;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to negotiate a contract with the U.S. Army, Corps of Engineers, Tulsa District for the accomplishment of this work at a total estimated cost of \$113,000.00, with Federal participation to the extent of the statutory limitation of \$50,000.00. Arkansas Highway Commission participation is herewith authorized not to exceed \$63,000.00.

2752 In MONTGOMERY COUNTY on HIGHWAY 88 from Oden to forest boundary, a distance of approximately 10.9 miles, Minute Order No. 2020 authorizing the construction of grading, structures, base and surfacing at an estimated cost of \$285,866.00 is hereby modified to provide for the work at an estimated cost of \$411,000.00. Other provisions and conditions of Minute Order No. 2020 remain unchanged.

2753 In NEVADA COUNTY on U.S. HIGHWAY 67 through the City of Prescott, a distance of approximately 1.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing pavement at an estimated cost of \$25,000.00 subject to program approval by the Bureau of Public Roads.

2754 WHEREAS, in OUACHITA COUNTY on HIGHWAY 7 (Adams Street) in Camden, a Vitrified Clay Pipe under the street has collapsed and, this collapse has created, a hazard to the property on the west side of Adams Street and is considered an emergency,

IT IS ORDERED that the Director be authorized to negotiate with the City of Camden for the City to Install 160 lineal feet of Asphalt Coated Corrugated Metal Pipe Culvert and to reimburse the City for the actual cost of the installation in an amount not to exceed \$5,100.00, with the provision that the City of Camden will, at its expense, construct all junction boxes and make all necessary connections to this structure. This action is taken to expedite completion of work and relieve the existing hazards to property and traffic movements.

2755 In PERRY and SALINE COUNTIES on HIGHWAY 9 from the junction with Highway 10 south to forest boundary North of Paron, a distance of approximately 6.8 miles, Minute Order No. 2022 authorizing the construction of bridges, estimated total length 605 feet, at an estimated cost of \$79,332.00 is hereby modified to provide for work of grading, minor drainage structures, bases and surfacing at an estimated cost of \$380,000.00. Other provisions and conditions of Minute Order No. 2022 remain unchanged.

2756 In PULASKI COUNTY on HIGHWAY 10, LaHarpe Boulevard Section, the Director is authorized to enter into an agreement with

Garver and Garver, Consulting Engineers of Little Rock, Arkansas, which will provide the following engineering services:

Using the Wilbur Smith report as a guide, the Consultant will furnish the Department complete plans and specifications for Signs, Signals, and Channelization from which contracts can be let without any further work by the Department and at a cost not to exceed \$2,200.00.

This action is subject to program approval by the Bureau of Public Roads.

- 2757 In SCOTT COUNTY on HIGHWAY 28 from Forester to the forest boundary, a distance of approximately 7.4 miles, Minute Order No. 2023 authorizing the construction of bridges, estimated length of 647 feet, at an estimated cost of \$153,550.00 is hereby modified to provide for work of grading, minor drainage structures, five bridges, base and surfacing at an estimated cost of \$470,000.00. Other provisions and conditions of Minute Order No. 2023 remain unchanged.
- 2758 In UNION COUNTY on U.S. HIGHWAY 82 from the Ouachita River bridge west, a distance of approximately 4.75 miles, the Director is authorized to proceed in the most feasible and economical manner with work necessary for leveling and widening pavement at an estimated cost of \$390,000.00, subject to program approval by the Bureau of Public Roads.
- 2759 In WHITE COUNTY, at the Beebe Junior Agricultural College on the Streets designated as SS-13, the Director is authorized to proceed in the most feasible and economical manner with the placing of gravel base and surfacing at an estimated cost of \$7,760.00.
- 2760 In ARKANSAS COUNTY on conditionally designated road from U. S. Highway 79 one mile east of Humphrey southeast to State Highway 11, a distance of 13.62 miles, the conditions of Minute Order 2163 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$21,100.00 and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 2761 In CLAY COUNTY on conditionally designated road from U.S. Highway 62 at Pollard north to the Missouri State Line, a distance of approximately 4.62 miles, the conditions of Minute Order 2173 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$925.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2762 In CLAY COUNTY on conditionally designated road from US Highway 67 at the Datto Curve north through Success, a distance of approximately 3.51 miles, the conditions of Minute Order 2173 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,785.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2763 In CLEVELAND COUNTY on conditionally designated road from State Highway 35 two miles south of Rison east to State Highway 15 at Calmer, a distance of approximately 8.38 miles, the conditions of Minute Order 2175 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$26,475.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2764 In CLEVELAND COUNTY on conditionally designated road from State Highway 35 at Staves east, a distance of 3.75 miles, the conditions of Minute Order 2175 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$10,640.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2765 In INDEPENDENCE COUNTY on conditionally designated road from Highway 11 at Pleasant Plains west through Floral to the Cleburne County Line, a distance of approximately 10.2 miles, the conditions of Minute Order 2194 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$7,300.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2766 In LINCOLN COUNTY on conditionally designated road from State Highway 54 at Garrett Bridge southwest through Tyro to Little Garnett, a distance of approximately 12 miles, the conditions of Minute Order 2200 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$5,475.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2767 In SHARP COUNTY on conditionally designated road from Highway 11 in Cave City east to the Lawrence County Line, a distance of approximately 11.82 miles, the conditions of Minute Order 2226 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$5,700.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2768 In WOODRUFF COUNTY on conditionally designated road from Highway 33 east to Revel, a distance of approximately 3.66 miles, the conditions of Minute Order 2233 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$5,310.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2769 In WOODRUFF COUNTY on conditionally designated road from U. S. Highway 64 through Pumpkin thence west one half mile, a distance of approximately 3.59 miles, the conditions of Minute Order 2233 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$5,540.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2770 In WOODRUFF COUNTY on conditionally designated road from Highway 17 east of Cotton Plant to Highway 39, a distance of approximately 4.69 miles, the conditions of Minute Order 2233 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide standard for maintenance at an estimated cost of \$14,125.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2771 In LEE COUNTY on HIGHWAY 131, Section 1, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing two bridges (approximate length, 440 ft.) and approaches at an estimated cost of \$125,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Lee County within 15 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.
- 2772 In ST. FRANCIS COUNTY on HIGHWAY 50 at the crossing of Burnt Cone Lake, the Director is authorized to proceed in the most feasible and economical manner with the construction of bridge (approximate length 514 ft.) and approaches at an estimated cost of \$135,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of St. Francis County within 15 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 2773 In VAN BUREN COUNTY on HIGHWAY 9 at the crossing of Little Red River near Shirley, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches at an estimated cost of \$150,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Van Buren County within 15 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 2774 In YELL COUNTY on HIGHWAY 27 from Rover to Aly, a distance of approximately 16.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, minor drainage structures, two bridges, base and surfacing at an estimated cost of \$512,772.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.

Hwy. 50-Hughes Road, State Highway 38, Section 6, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$291,927.95.
- 2785 Woodruff County, Job No. 11621, FAP DS-304(3). The contract for the construction of approximately 5.603 miles (Incl. 26.67' of Br. Lgth. Culvt. Extension) of Grading, Minor Drainage Strs., Gravel Base Crse. & Double Bituminous Surface Treatment on the McCrory-Beedeville Road, State Highway 37, Section 1, is awarded to W. C. Burrow Company of Malvern, Arkansas and M. & L. Construction Company of Little Rock, Arkansas on their low bid of \$130,502.10.
- 2786 Ashley County, Job No. 2550, FAP US-45(2). The contract for the construction of approximately 1.224 miles of Grading, Mr. Dr. Strs., P. C. Slab. Base, ACHM Surf., Asph. Conc. Curb & Extending One Bridge Lgth. Culvt. (22.17') on Main Street in the City of Crossett, State Highway 133, Section 1, is awarded to Graves Brothers, Contractors of Pine Bluff, Arkansas on their low bid of \$144,289.26, subject to the concurrence of the Bureau of Public Roads.
- 2787 Drew County, Job No. 2568, FAP DF-012-1(4). The contract for the construction of approximately 1089.24 feet of 7 Reinf. Conc. Slab Bridges, 1 Reinf. Conc. & Str. Steel I-Beam Bridge all on Concrete Piling and 2 Multispan R. C. Box Culvts. including necessary channel excavation and approach fills on the Monticello-Dermott Road, State Highway 35, Section 8, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on their low bid of \$296,091.69, subject to the concurrence of the Bureau of Public Roads.
- 2788 Drew County, Job No. 2579, FAP DS-154(3). The contract for the construction of approximately 8.262 miles of Double Bituminous Surface Treatment on the Monticello-McGehee Road, State Highway 4, Section 15, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$30,093.14.
- 2789 Hempstead County, Job No. 3557, FAP DS-275(1). The contract for the construction of approximately 6.617 miles of Grading, Minor Drainage Structures, Gravel Base Course and Double Bitumi-

nous Surface Treatment on the Hope-Saratoga Road, State Highway 73, Section 2, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$159,398.53.

- 2790 Saline County, Job No. 6587, FAP I-30-2(20)116, I-091-2(20). The contract for the construction of an Interchange facility consisting of Grading and One Reinforced Concrete & Structural Steel I-Beam Overpass Structure on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 2, is awarded to W. C. Burrow Company of Malvern, Arkansas on their low bid of \$79,408.01, subject to the concurrence of the Bureau of Public Roads.
- 2791 Pulaski County, Job No. 6599, FAP I-30-2(32)141, I-091-2(32). The contract for the construction of approximately 1779. feet of Superstructure for the principal spans of a structural steel span & Reinforced Concrete Deck Bridge over the Arkansas River on the Little Rock-North Little Rock Expressway, Interstate 30, Section 2, is awarded to U. S. Steel Corporation of Memphis, Tennessee on their low bid of \$2,754,276.03, subject to the concurrence of the Bureau of Public Roads.
- 2792 Lonoke County, Job No. 6658, FAP DS-270(5) & DS-76(6). The contract for the construction of approximately 18.295 miles of Grading, Mr. Dr. Strs., Cr. Stone Shoulders and Widening & Resurfacing with ACHM Base & Surface Courses on the Scott-Stuttgart Road, State Highway 30, Sections 2 & 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$448,454.53.
- 2793 Marion County, Job No. 9386, FAP S-223(4). The contract for the construction of approximately 0.370 miles (Incl. 516.16' of Bridges) of Grading, Mr. Dr. Strs., Gravel Base, Double Bit. Surf. Trt'mt., One R. C. Slab Bridge & One R. C. & Str. Steel I-Beam Bridge on the Yellville-South Road, State Highway 14, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$134,971.08.
- 2794 Madison County, Job No. 9408, FAP DS-278(1). The contract for the construction of approximately 1.656 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Single Bituminous Surface Treatment on the Old Alabam-Forum Road, State Highway 127, Section 1, is awarded to McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$69,556.35.
- 2795 Boone County, Job No. 9409, FAP DS-223(5). The contract for the construction of approximately 10.134 miles of Grading, Crushed Stone Base Course & Double Bituminous Surface Treatment on the Omaha-Lead Hill Road, State Highway 14, Section 1, is awarded to Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$139,860.90.

2796 Lawrence County, Job No. 10564, FAP F-033-1(3). The contract for the construction of approximately 7.034 miles of Grading, Mr. Dr. Strs., Cr. Stone Base, ACHM Base and Surface, Dbl. Bit. Surf. Trt'mt. (Shoulders) and One Br. Length Culvt. (26.67') on the Sedgwick-Hoxie Road, U. S. Highway 63, Section 4, is awarded to D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$575,976.20, subject to the concurrence of the Bureau of Public Roads.

2797 Lawrence County, Job No. 10625, FAP DS-284(1). The contract for the construction of approximately 1.292 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment on Shoulders & ACHM Base and Surface Courses on the Hoxie-Jonesboro Road, U. S. Highway 63, Section 4, is awarded to D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their bid of \$83,852.94.

2798 Lawrence County, Job No. 10631, FAP DS-241(1). The contract for the construction of approximately 2.634 miles of Grading, Minor Drainage Structures, Gravel Base Course-, and Double Bituminous Surface Treatment on the Walnut Ridge-Egypt Road, State Highway 91, Section 1, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$62,509.91.

2799 Searcy & Stone Counties, Job No. 1325, FAP S-437(5). The contract for the construction of approximately 16.234 miles of Reconstructed Base Course, Crushed Stone Base Course & Double Bituminous Surface Treatment on the Leslie-Mountain View Road, State Highway 66, Sections 1 & 2, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$159,713.44.

2800 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M. Wednesday, June 11, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Sixty-fifth Regular Meeting in Little Rock, Arkansas on June 11, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 9, 1958

The following is the record of the proceedings of the Sixty-sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 9, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Harry W. Parkin	Vice-Chairman
Lawrence Blackwell	Member
James H. Crain	Member
Raymond F. Orr	Member

2801 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 9, 1958.

2802 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2775 through 2799 at the regular meeting of the Commission on June 11, 1958.

2804 WHEREAS, the Purchasing Committee has awarded purchases on June 16, 23, 30 and July 7, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2805 The attached list of Capital Outlay Road Machinery and Equipment is the estimated amount of \$768,064.42 including tax, to be purchased the fiscal year 1958-59 from July 1, 1958 to July 1, 1959 under Minute Order No. 2695 dated May 7, 1958. Budget of \$700,000.00 and \$770,118.10 allocated under Minute Order No. 2362 dated January 22, 1958, the unencumbered balance carried forward by authority of Minute Order No. 2737 and 2738 dated June 11, 1958, for a total of \$770,118.10.

One Steel Tug Boat for use at Norfolk Ferry in an estimated amount of \$15,000.00 to be purchased as a replacement for State No. 4917, that is 15 years old, from funds allotted to Ferry operations.

The Director is hereby authorized to proceed in the most feasible manner with the purchase of Capital Outlay Road Machinery and Vehicles as per the attached list for the fiscal year 1958-59 not to exceed \$770,118.10 the total allotment for the fiscal year from July 1, 1958 to July 1, 1959.

2806 In BAXTER COUNTY, Job No. C-3-1, FAP S-1100(1). The contract for the construction of approximately 1.936 miles of Grading, Minor Drainage Structures, Gravel Base, and open Graded Road Mix Surface Course on the Highway 62-Lakeside Terrace Road, County Road was awarded to Freshour Corporation of Sweet Home, Arkansas, on their low bid of \$43,236.36, subject to the concurrence of the Baxter County Judge, on December 4, 1957. (M. O. 2351)

WHEREAS, the Baxter County Judge had failed to concur in the award or make the necessary deposit of funds to permit the issuance of a work order; on June 11, 1958, the Contractors, by letter, requested the Commission to cancel their proposal and return their bond on this project, and

WHEREAS, it appears that the conditions of the award not having been met in a reasonable time, the Contractor is entitled to relief,

IT IS ORDERED that the award be cancelled and the Director is hereby authorized to return the Contractors' bond.

2807 In PHILLIPS COUNTY, Highway 20, at the crossing of the Mississippi River (Arkansas-Mississippi Bridge project near Helena) the following schedule of wage rates has been determined as the local prevailing wage and is approved for use for the construction of the Mississippi River Bridge project, subject to concurrence of the Mississippi Highway Commission.

2808 In MILLER COUNTY on HIGHWAY 71, WHEREAS, floods on Red River during the spring of 1957 and 1958 have caused a considerable amount of damage to work which was performed by the Corps of Engineers in 1950 for the protection of the Index bridge and other facilities on the north or left bank of the Red River; and

WHEREAS, the Corps of Engineers and the Kansas City Southern Railway Company performed limited emergency flood repairs during May 1958; and

WHEREAS, the Corps of Engineers is planning for more permanent repairs estimated to cost \$260,000.00 under the Red River below Denison Project as approved by the Flood Control Act of 1946, if approved by higher authority; and

WHEREAS, the extent of non-Federal participation in the remedial work will be of great value when reported to higher authority for approval;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to execute a contract with the U.S. Army, Corps of Engineers, Tulsa District, for the accomplishment of this work at a total cost to the Arkansas State Highway Commission of \$10,000.00. This action is subject to the following conditions:

Right-of-way and land for the project will be furnished by others.

The Kansas City Southern Railway Company and Southwestern Gas and Electric Corporation will make contributions of at least equivalent value.

2809 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Osceola in Mississippi County, and

WHEREAS, Civic Interests in Osceola have located a suitable site, consisting of two acres, on Highway 40 approximately two miles west of Osceola, which they will donate to the Department, provided that in the event the Department should ever abandon the property it would revert to the Osceola Chamber of Commerce,

IT IS ORDERED that the Director be authorized to act for the Commission in completing all details necessary for the transfer of the title at no cost to the State.

BE IT FURTHER ORDERED that, when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of buildings, fences and appurtenances necessary to provide adequate service for an Area Headquarters, at an estimated cost of \$15,000.00.

2810 In SEBASTIAN COUNTY, for the purpose of furnishing complete architectural services in connection with the design, plans and inspection for the new Division Headquarters and Shops to be constructed at Fort Smith, the Director is authorized to enter into a contract with E. Chester Nelson and Associates, chosen from the list of registered architects who answered in the affirmative the Invitation sent out under date of July 2, 1958, and whose record indicates that they are competent to handle all phases of this work.

2811 WHEREAS, the Texas Highway Department and the Arkansas State Highway Commission have heretofore agreed to construct a bridge between New Boston, Texas and Foreman, Arkansas, said pro-

ject being known as Arkansas Job No. 3540, Red River Bridge; and

WHEREAS, the Texas Highway Department must, by and under Texas law (19 Vernon's Texas Civil Statutes, Art. 679a) have assurance that the aforesaid bridge will be for use by the public without charge, and to this end have requested the Commission to seek an opinion from the Attorney General of the State of Arkansas as to whether this Commission has authority by law to provide, make, order, declare and ordain that the aforesaid bridge shall be for use by the public without charge; and

WHEREAS, the Attorney General of the State of Arkansas has rendered his official opinion that this Commission has by provision of law power and authority to provide, make, order, declare and ordain that an interstate bridge between the State of Arkansas and any adjoining sovereign state be for use by the public without charge; that

WHEREAS, it is the decision of this Commission that it is desirable that the bridge aforementioned be for use by the public without toll, fee or charge of any kind or amount;

IT IS THEREFORE ORDERED:

1. That the bridge, approaches and other facilities on and of the bridge to be constructed by the Texas Highway Department and the Arkansas State Highway Commission between New Boston, Texas and Foreman, Arkansas, said project being known as Arkansas Job No. 3540, Red River Bridge, are hereby made, ordered, declared and ordained to be for use by the public without toll, fee or charge of any kind or amount insofar as said bridge, approaches and other facilities be within the State of Arkansas and under the jurisdiction and control of the aforesaid Arkansas State Highway Department.
2. That the Director of Highways be, and he is hereby, authorized on behalf of this Commission to convey this declaration of policy and the implementing order to the Texas Highway Department, and to make such other provision and assurance as shall be necessary to assure that the aforesaid project be for use by the public without charge, and to do and act in any lawful manner to that end.

2812 In LITTLE RIVER COUNTY on HIGHWAY 41, Section 3, at Walnut Bayou, between Foreman and Red River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing three bridges, at an estimated cost of \$40,000.00, subject to approval of the Bureau of Public Roads.

2813 WHEREAS, in LITTLE RIVER COUNTY on HIGHWAY 41, Section 3, between Red River and Foreman, Minute Order 1820 was approved on December 5, 1956 for the construction of seven bridges, at an estimated cost of \$41,300.00 and

WHEREAS, subsequent to the approval of this job, the plans for

the bridges at Log Mile 8.77 and 8.96 had to be changed to meet the grade line of a joint program with the Highway Department of Texas for this route necessitating longer structures and the U.S. Engineers at Tulsa, Oklahoma requested that the span lengths on the Walnut Bayou Bridge be increased from 19 feet to 31 feet because of plans they have for a drainage canal at this location, the cost of the entire job will be increased.

NOW THEREFORE, IT IS ORDERED that the provisions of Minute Order 1820 be amended to provide for the exception of the Walnut Bayou and Relief Bridges, and to reduce the estimated cost of the four remaining bridges to \$22,000.00.

All other provisions of Minute Order 1820 shall remain unchanged.

- 2814 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, at the White River Suspension Bridge at Des Arc, the Director is authorized to proceed in the most feasible and economical manner with repair of this bridge (2696 feet in length) at an estimated cost of \$23,300.00.
- 2815 In ARKANSAS COUNTY on the Experiment Station Grounds at Stuttgart, two driveways, 1,420 feet in length, in accordance with the attached sketch, are hereby made a part of the State Highway System and the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$3,500.00.
- 2816 In PULASKI COUNTY, driveways on the Arkansas School for the Deaf Grounds, 1,600 feet in length, in accordance with the attached sketch are made a part of the State Highway System and the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing, at an estimated cost of \$2,300.00.
- 2817 In ASHLEY COUNTY on HIGHWAY 81 at the crossing of the Ashley, Drew and Northern Railway Company in Fountain Hill, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:
1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
 2. All required right-of-way will be furnished free of cost to the State.
 3. Program Approval by the Bureau of Public Roads.
- 2818 In CHICOT COUNTY on HIGHWAY 35 at the crossing of the Missouri Pacific Railroad Company on East Speedway Street in Dermott, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:
1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.

2. All required right-of-way will be furnished free of cost to the State.
3. Program Approval by the Bureau of Public Roads.

2819 In HOT SPRING COUNTY on HIGHWAY 51 at the crossing of the Chicago, Rock Island and Pacific Railroad Company near Jones Mill, the Director is authorized to proceed in the most feasible manner with the work of installing flashing light signal protection at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program Approval by the Bureau of Public Roads.

2820 In PHILLIPS COUNTY from Highway 20 in Helena to the Mississippi River Levee, a distance of approximately 0.6 miles, to provide an access road to the proposed Helena Bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, and surfacing at an estimated cost of \$260,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the City of Helena within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2821 In BRADLEY COUNTY, MINUTE ORDER 2168, which designated certain county roads as being a part of the State Highway System as provided for in Act 148 of 1957, is hereby repealed in its entirety and the following is substituted therefor:

The following roads are hereby designated as a part of the State Highway System:

1. From State Highway 4 southwest of Hermitage west via Jersey to the Calhoun County Line, a distance of approximately 8.7 miles,
2. From State Highway 4 four and one-half miles east of Warren south along a new route to Old State Highway 4, a distance of approximately 3.1 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2822 In CALHOUN COUNTY, MINUTE ORDER 2169, which designated certain county roads as being a part of the State Highway System as provided for in Act 148 of 1957, is hereby repealed in its entirety and the following is substituted therefor:

The following roads are hereby designated as a part of the State Highway System:

1. From the Dallas County Line and extending to the Tri-County Lake Boat Landing; thence along the road east of the spillway to the picnic area adjacent on the east side of the lake, a distance of approximately 1.8 miles,
2. From State Highway 4 in the City of Hampton northwest via Woodberry to a county road, a distance of approximately 5.3 miles,
3. From State Highway 4 in Harrell southeast on the Jersey road to the Bradley County Line, a distance of approximately 6.8 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2823 In DALLAS COUNTY, MINUTE ORDER NO. 2182 as modified by Minute Order No. 2298, which designated certain county roads as being a part of the State Highway System as provided for in Act 148 of 1957, are hereby repealed in their entirety and the following is substituted therefor:

The following roads are hereby designated as a part of the State Highway System:

1. The County Road running south from State Highway No. 8 toward the Tri-County Lake Boat Landing to the Calhoun County Line, a distance of approximately 0.2 miles,
2. From State Highway 48 east of Carthage north along the Carthage Leola Road, to the Grant County Line, a distance of approximately 6.2 miles,
3. From State Highway 7 east of Sparkman northeast along the Sparkman-Nix Road, a distance of approximately 4 miles,
4. The County Road known as the Beech Grove-Bucksnot Road, beginning where that County Road intersects State Highway No. U.S. 79 at Beech Grove, thence north along said road and continuing north on new location to State Highway No. 8, a distance of approximately 2 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the State to bring the roads to a satisfactory condition for maintenance.

2824 In BAXTER COUNTY on conditionally designated road from Highway No. 5 to the Marion County Line, approximately 2.68 miles, the conditions of Minute Order 2165 having been fulfilled, the Director

is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$200.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2825 In CARROLL COUNTY on conditionally designated road from Highway 21 north of Berryville to Missouri State Line, approximately 7.74 miles, the conditions of Minute Order 2170 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$200.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2826 In Clay County on conditionally designated road from Highway 1 at Rector south to the Greene County Line, approximately 4.04 miles, the conditions of Minute Order 2173 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$3,150.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2827 In CLEBURNE COUNTY on conditionally designated road from Highway No. 25 at Concord southwest to Independence County Line, approximately 6.10 miles, the conditions of Minute Order 2174 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,200.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2828 In CLEBURNE COUNTY on conditionally designated road from Highway No. 110 east of Heber Springs to Wilburn, approximately 6.56 miles, the conditions of Minute Order 2174 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$13,850.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2829 In DREW COUNTY on conditionally designated road from west City Limits of Winchester east to Desha County Line, approximately 1.62 miles, parts 1 & 2 of the original Minute Order, the conditions of Minute Order 2184 having been fulfilled, the Director is

hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,950.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2830 In GREENE COUNTY on conditionally designated road from Highway 25 west of St. Francis River Bridge through Alexander and Neighbors to the Clay County Line, approximately 12.91 miles, the conditions of Minute Order 2190 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$18,133.75; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2831 In HEMPSTEAD COUNTY on conditionally designated road from Highway No. 4 southeast of Hope through Shover Springs to Nevada County Line, approximately 7.30 miles, the conditions of Minute Order 2191 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$17,372.68; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2832 In HEMPSTEAD COUNTY on conditionally designated road from Highway No. 29 east through Patmos to County Road, approximately 4.0 miles, the conditions of Minute Order 2191 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$8,442.55; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2833 In HOWARD COUNTY on conditionally designated road from U. S. Highway 70 approximately four miles north of Dierks north to Umpire, a distance of approximately 11.27 miles, the conditions of Minute Order 2193 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$17,504.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2834 In IZARD COUNTY on conditionally designated load from Highway 56 north through Pineville and Crossroads to Fulton County Line, approximately 8.92 miles, the conditions of Minute Order 2195 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to

provide a standard for maintenance at an estimated cost of \$2,300.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2835 In MARION COUNTY on conditionally designated road from Baxter County Line west through Oakland to Bull Shoals Lake, approximately 6.95 miles, the conditions of Minute Order 2205 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$600.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2836 In RANDOLPH COUNTY on conditionally designated road from Highway 115 north of Pocahontas northwest toward Warm Springs, approximately 12.00 miles, the conditions of Minute Order 2220 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,401.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2837 In SEBASTIAN COUNTY on conditionally designated road from Highway 96 at Lavaca southeast to Highway 22, approximately 2.78 miles, the conditions of Minute Order 2224 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,165.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2838 In ST. FRANCIS COUNTY on conditionally designated road from Highway No. 50 near Greasey Corner north to U.S. HIGHWAY 70 at Blackfish Lake, approximately 10.30 miles, the conditions of Minute Order 2227 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$38,700.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2839 In ST. FRANCIS COUNTY on conditionally designated road from U. S. Highway 70 at Palestine south, approximately 3.42 miles, the conditions of Minute Order 2227 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance

at an estimated cost of \$75.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2840 Crittenden County, Job No. 11575, FAP DS-71(3). The contract for the construction of approximately 0.352 miles of Grading, Minor Drainage Structures, Gravel and Crushed Stone Base, ACHM Surface and Conc. Comb. Curb and Gutter on 2nd Street in the City of Earle, U. S. Highway 64, Section 17, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$44,742.00.

2865 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1959, in the amount of \$2,871.00, to be paid to the National Academy

of Sciences.

2866 WHEREAS , the Purchasing Committee has awarded purchases on July 14, 21, 28 and August 4, and 11, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2867 WHEREAS, the Arkansas State Highway Commission and the Mississippi State Highway Commission have determined that it is necessary to construct an interstate bridge with approaches across the Mississippi River near Helena, Arkansas, in Phillips County, Arkansas and Coahoma County, Mississippi, and

WHEREAS, Howard, Needles, Tammen and Bergendoff, Consulting Engineers of Kansas City, Missouri and New York, New York, were engaged to prepare plans and specifications for the aforesaid public work, and said engineer has completed plans and specifications and submitted them for approval; and

WHEREAS, the completed plans and specifications have been carefully studied and are considered to comprise adequate planning of the public work essential to the State of Arkansas and the State of Mississippi and within the financial ability of the Arkansas State Highway Commission and the Mississippi Highway Commission to construct;

NOW THEREFORE, BE IT RESOLVED by the Arkansas State Highway Commission, a governing body, that the plans and specifications submitted by Howard, Needles, Tammen and Bergendoff for the construction of the bridge and approaches across the Mississippi River, as identified by the signature of the Chief Engineer for the State Highway Department, be and are hereby approved, subject to concurrence by the Mississippi Highway Commission, the U. S. Bureau of Public Roads, and the Housing and Home Finance Agency.

2868 WHEREAS, the Arkansas State Highway Commission and the Mississippi State Highway Commission have determined that it is necessary to construct an interstate bridge with approaches across the Mississippi River in the area of Helena, Phillips County, Arkansas, and Friars Point, Coahoma County, Mississippi; and

WHEREAS, in connection therewith, it is necessary for the said Commissions to enter into an agreement relating to the construction of said bridge and the financing of the cost thereof; and

WHEREAS, an agreement has been prepared, presented to, and examined by the Arkansas State Highway Commission, which agreement prescribes the rights, duties, powers, and obligations of the Arkansas State Highway Commission and the Mississippi State Highway Commission in relation to the construction and subsequent operation and maintenance of the interstate toll bridge and approaches;

NOW, THEREFORE, BE IT RESOLVED by the Arkansas State Highway Commission, a governing body, that that certain document entitled "AN AGREEMENT BY AND BETWEEN THE ARKANSAS STATE HIGHWAY COMMISSION AND THE MISSISSIPPI STATE HIGHWAY COMMISSION PROVIDING FOR AND RELATING TO THE CONSTRUCTION OF AN INTERSTATE TOLL BRIDGE ACROSS THE MISSISSIPPI RIVER IN THE AREA OF THE CITY OF HELENA, ARKANSAS AND FRIARS POINT, MISSISSIPPI", a copy of which is attached hereto and made a part hereof, be, and the same is hereby approved as to the form and contents and that the Director be, and he is hereby authorized and directed, for and on behalf of the Arkansas State Highway Commission, to execute the said agreement, and after execution by the Director and by the authorized representative of the Mississippi State Highway Commission, the said agreement shall constitute a valid contract of the Arkansas State Highway Commission according to the import thereof.

2869 In PHILLIPS COUNTY, for the proposed Interstate Toll Bridge across the Mississippi River at Helena, the schedule of tolls to be fixed and prescribed initially in the Trust Agreement will be those recommended by Wilbur Smith and Associates in their "Traffic and Revenues Report" dated January, 1955 and revised under date of July 22, 1957, and are as follows:

Schedule of Toll Rates

Passenger cars and light trucks (two axles, 4 tires)	1.00	
Medium Trucks (2 axles, 6 tires)	1.50	
Vehicles with 3 axles	2.50	
Vehicles with 4 axles	3.50	
Vehicles with 5 or more axles	4.50	
House Trailer, per axle	.75	
Busses	2.50	
Motorcycles		.50

This action is subject to the approval of the Housing and Home Finance Agency.

2870 In CRAWFORD and SEBASTIAN COUNTIES, after considering information submitted in Public Hearing, the route of INTERSTATE SPUR A 40 from Interstate Highway 40 to Fort Smith is described as follows:

Beginning at a junction with the approved route location of Interstate Highway 40 northeast of Van Buren; thence south and southwest along the route recommended by Consulting

Engineers to a point just north of Grand Avenue; thence along a line to the east of Cliff Drive, across Free Ferry Road and Euper Lane to a point on State Highway 22 southeast of Cliff Drive and near the junction of County Road FAS 1371 and State Highway 22, all as shown on the attached sketch entitled 'Route of Fort Smith Spur' and dated June 11, 1958.

This action is subject to approval by the Bureau of Public Roads.

2871 WHEREAS, the Federal Government has made provisions to bear the cost of flood damage in certain Cities and Towns and to reimburse the Cities and Counties through the State Civil Defense Authority.

WHEREAS, the reimbursement is to be made on the basis of technical inspections and reports and the said Cities and Counties do not have technical personnel for this work, and

WHEREAS, the Cities and Counties have requested this Department to make such inspections and reports but that this Department is without authority of law to perform said work without reimbursement, and the Civil Defense Authority has advised that there are no funds from which reimbursements can be made.

WHEREAS, under MINUTE ORDER No. 2366 for January 22, 1958 the Director was ordered to make investigations and reports as requested by the affected Cities and Counties for which work reimbursement was to be made from City and County Turnback Funds, and

WHEREAS, the authority to use turnback funds has been questioned by the Attorney General.

NOW THEREFORE IT IS ORDERED that MINUTE ORDER NO. 2366 of January 22, 1958 be, and the same is hereby rescinded and set aside. That the Director be and he is hereby ordered to have the investigations and reports made when a contract for reimbursement to this Department from County Funds for the Department's expense in making such investigation and report has been executed by the County Judge under a Court Order authorizing such Contract, or a Certified Copy of City Ordinance pledging payment from City Funds for such services to the city.

2872 WHEREAS, the various counties of this State have heretofore pledged portions of their Turnback Funds to guarantee the fulfillment of their contracts in the matter of negotiated contracts on County Roads, and

WHEREAS, the Attorney General has given an opinion that the Counties' Turnback Funds can not be so pledged, and

WHEREAS, the Attorney General has advised that the counties may give to this Department a performance bond in lieu of a turnback pledge or a cash deposit.

IT IS THEREFORE ORDERED that the Director be and he is hereby authorized to accept performance bonds, executed by bonding companies authorized to do business in this State, from the counties in the matters of negotiated county contracts in place of a cash deposit or a pledge of Turnback Funds.

2873 WHEREAS, under the terms of the contract proposal and work order with Wilbur Smith and Associates, Consultants, of Columbia, S. C., authorized by Minute Order 2575 of February 26, 1958, the report on Highway User Taxes was due on August 10, 1958, and

WHEREAS, by letter dated July 29, 1958, the Consultants have requested a ten (10) day extension of time which appears to be justified,

NOW THEREFORE IT IS ORDERED that the Director be authorized to extend to August 20, 1958, the time for completion and delivery of the Motor User Tax Report by Wilbur Smith and Associates.

2874 In PULASKI COUNTY on HIGHWAY 10, LaHarpe Boulevard Section, the Director is authorized to enter into an Agreement with Garver and Garver, Consulting Engineers of Little Rock, Arkansas, which will provide the following engineering services:

The Consultant will furnish the Department preliminary studies, estimates of costs, specifications, bill of materials, and complete plans for illuminating the main lanes and ramps of the Boulevard, from which contracts can be let without any further work by the Department at a cost not to exceed \$3,500.00.

This action is subject to program approval by the Bureau of Public Roads.

2875 In SEBASTIAN COUNTY, for architectural services and construction costs involved in relocating the Division Offices, Shops and other facilities from the present location on Midland Boulevard to the new location on Towson Avenue, the Director is hereby authorized to proceed in the most feasible and economical manner with the work at a cost not to exceed \$115,000.00.

2876 The Director is hereby authorized to proceed in the most feasible and economical manner with the work of placing new electrical service drops, service entrance and main panel board for the and Right-of-Way buildings at an estimated cost of \$4,500.00. Payment for this work is to be made from approved Buildings and Grounds budget.

2877 In Pulaski County, on Interstate Expressway in the City of Little Rock between Markham Street and East Sixth Streets the Director is hereby authorized to sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures.

2878 The surplus property belonging to the Arkansas State Highway Commission at the Mabelvale West Interchange having been sold at public auction on August 8, 1958, to the highest bidder, Bernard W. Diggs, Little Rock, Arkansas, for the sum of \$8,500.00, said sale is hereby approved and the Director is authorized to execute a deed on behalf of the Commission to Mr. Benard W. Diggs for the sum of \$89,000.00.

2879 WHEREAS, the Mena Garden Club has submitted an offer to donate a site for a roadside park, consisting approximately .3 of an acre, located on Highway 8, approximately 16 miles east of Mena, and,

 WHEREAS, investigation reveals that the site is satisfactory for such purpose,

 IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State, and to take such further action as is required to develop a roadside park.

2880 In CRITTENDEN COUNTY on old route of U. S. Highway 61 from Lake David to West Memphis, the provisions and conditions of Minute Order No. 1703 having been fulfilled with the completion of work under Job No. 11574, the Director is authorized to assume the road for state maintenance and to sign the road as Highway 77 for the guidance and convenience of the traveling public.

2881 In YELL COUNTY on HIGHWAY 28, MINUTE ORDER 2722 authorizing the construction of three bridges as a Federal Aid Project is hereby cancelled as it has been determined that the work can be more economically performed with state forces and financed from the regular maintenance budget.

2882 Whereas, it is considered necessary in the interest of efficiency to establish an area headquarters at West Memphis, Arkansas and,

 WHEREAS, at the traffic interchange at the Junction of U. S. Highway 63, 61, and 70, the State has a strip of land on the Highway right-of-way containing 4.4 acres which is a suitable location for this purpose.

 IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the installation of build-

ings, fences, and appurtenances necessary to provide adequate services for an area headquarters at a cost not to exceed \$24,500.00.

2883 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Monticello, in Drew County, and,

WHEREAS, the American Legion, the city of Monticello and Drew County had offered to procure a tract of two acres, located one mile North of the City Limits of Monticello that is suitably located for such purposes, which they will transfer to the Department at a cost of \$400.00,

IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of the property to the Department at a cost not to exceed \$400.00,

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

2884 In ASHLEY COUNTY on HIGHWAY 81, Section 1, from Highway 82 to the Louisiana line, a distance of 12.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt pavement, at an estimated cost of \$13,600.00, with the funds to come from the present Division Sealing Allotment.

2885 In LEE COUNTY on HIGHWAY 44, Section 5, from Highway 1, in Marianna, to the end of the asphalt pavement, a distance of 3.15 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of a bituminous seal on the existing asphalt pavement, at an estimated cost of \$1,500.00, with the funds to come from the present Division Sealing Allotment.

2886 In LEE COUNTY on HIGHWAY 78, Section 2, Highway 79 to Moro, a distance of 1.87 miles, the director is authorized to proceed in the most feasible and economical manner with the placing of a bituminous seal on the existing asphalt pavement, at an estimated cost of \$1,600.00, with the funds to come from the present Division Sealing Allotment.

2887 In LEE COUNTY on HIGHWAY 121, Section 3, from Highway 79 to Aubrey, a distance of 4.22 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of a bituminous seal on the existing asphalt pavement, at an estimated cost of \$3,600.00, with the funds to come from the present Division Sealing Allotment.

2888 In WOODRUFF COUNTY on Highway 33, Section 8, from the Jackson County line - West, a distance of 2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt pavement, at an estimated cost of \$1,800.00, with the funds to come from the present Division Sealing Allotment.

2889 In WOODRUFF COUNTY on HIGHWAY 33, Section 7, from Highway 38 to Highway 64, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on selected sections of the existing asphalt pavement (total length 5 miles), at estimated cost of \$4,600.00, with the funds to come from the present Division Sealing Allotment.

2890 In MONROE COUNTY on U.S. HIGHWAY 70 in the City of Brinkley the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional surfacing at an estimated cost of \$7,000.00 subject to program approval by the Bureau of Public Roads.

2891 In PULASKI COUNTY on the State Capitol Grounds the Director is authorized to proceed in the most feasible and economical manner with the work of widening a portion of the driveway opposite the northwest corner of the Capitol at an estimated cost of \$1,500.000

2892 In ASHLEY COUNTY in the City of Portland from U. S. Highway 165 west along Third Street 792 ft., thence south along street paralleling the east side of Missouri Pacific Railroad 528 ft., thence east along Bain Street 1380 ft. to U.S. Highway 165, a distance of 0.51 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing surface at an estimated cost of \$350.00 subject to the following conditions.

1. The City of Portland will assume responsibility for future maintenance.
2. Acceptance of the provisions of this offer by official action of the City of Portland within 60 days.

2893 In BENTON COUNTY on U.S. HIGHWAY 71 at Gravette, MINUTE ORDER NO. 1624 is hereby cancelled and, in lieu thereof the following action is taken:

U. S. Highway 71 is hereby relocated in Gravette to extend west along Broadway from Fourth Street to First Street (Highway 59) thence north on First Street to Main Street and the Director is authorized to proceed in the most feasible and economical manner with the construction of two lane pavement on Broadway from Fourth Street to First Street and improvement of two lane pavement on First Street from Broadway to Main Street at an estimated cost of \$20,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Any required adjustment of utility lines will be made without cost to the State
3. The City of Gravette by ordinance will enforce no parking on Broadway from Fourth Street to First Street and on First Street from Broadway to Main Street.
4. Upon completion of construction the present route of U.S. Highway 71 from Fourth Street and Broadway to Main Street and First Street will be abandoned as a part of the State Highway System.
5. Acceptance of the provisions of this order by the Mayor of the City of Gravette within 60 days.
6. Program approval by the Bureau of Public Roads.

2894 In LITTLE RIVER COUNTY on HIGHWAY 41 at the crossing of Red River, the Director is authorized to proceed in coordination with the Texas Highway Department and in the most feasible and economical manner with the work of constructing an interstate bridge project at an estimated cost to the State of Arkansas of \$360,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Little River County within 30 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2895 In PULASKI COUNTY on HIGHWAY 10, beginning near the intersection with Cedar Hill Road in Little Rock and extending westerly approximately 0.47 miles on new locations the Director is authorized to proceed in the most feasible and economical manner with work necessary to relocate present Highway 10 to a new location through the proposed West Rock Housing Project at an estimated cost of \$170,000.00. This action is subject to the following conditions:

1. All right-of-way free of obstructions furnished free of cost to the State.
2. All required utility adjustments to be made without cost to the State.
3. Storm sewers, curb, gutters, and sidewalks which may be built now or later will be the responsibility of the City.
4. The City of Little Rock by ordinance will enforce no parking.
5. That portion of highway between termini of this project will be abandoned as a state highway and maintenance will be assumed by the City.
6. Acceptance of the provisions of this Minute Order by the Board of Directors of the City of Little Rock within 60 days after right-of-way requirements are furnished.
7. Program approval by the Bureau of Public Roads.

2896 In UNION COUNTY on U.S. HIGHWAY 82 from a point approximately 1 1/2 miles east of Hillsboro to a point approximately 2

miles west of Strong, a distance of approximately 5 miles, the Director is authorized to proceed with surveys, investigation and preparation of plans for construction of grading, structures, base and surfacing subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Union County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.
4. Authorization of construction will be considered by the Commission when funds are available.

2897 In UNION COUNTY on U.S. HIGHWAY 167 in Junction City from Third Street to First Street, a distance of approximately 0.15 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$12,600.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Any required utility adjustments will be made without cost to the State.
3. The City of Junction City will provide for the cost of constructing curb and gutter and storm sewers where required.
4. The City of Junction City will assume responsibility for any work needed behind curb lines not included in the State's contract.
5. The City of Junction City by ordinance will enforce parallel parking.
6. Acceptance of the provisions of this order by the Mayor of Junction City within 60 days.
7. Program approval by the Bureau of Public Roads.

2898 In BAXTER COUNTY on conditionally designated road from Highway 5 in Mountain Home north to Missouri State Line, approximately 12.63 miles, the conditions of Minute Order 2165 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$500.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2899 In CHICOT COUNTY on conditionally designated road from U. S. Highway 65 at Bellaire west to U. S. Highway 165, approximately 5.52 miles, the conditions of Minute Order 2640 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,590.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2900 In CRAWFORD COUNTY on conditionally designated road from Highway 59 south of Cedarville southwest through Oliver Springs then northwest to Uniontown, approximately 6.76 miles, the conditions of Minute Order 2179 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$7,691.20; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance

2901 In CRAWFORD COUNTY on conditionally designated road from U. S. Highway 64 at Mulberry north through Maxey to county road intersection, approximately 4.37 miles the conditions of Minute Order 2179 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$3,900.40; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public and to accept the road for state maintenance.

2902 In CROSS COUNTY on conditionally designated road from the intersection of State Highway 42 at Birdeye north to the Poinsett County Line, a distance of approximately 5.4 miles, (Designation No. 1 of Minute Order 2181) the conditions of Minute Order 2181 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$300.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2903 In DESHA COUNTY on conditionally designated road from Highway No. 1 at Kelso west to the Drew County Line, approximately 12.89 miles, the conditions of Minute Order 2183 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,675.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance

2904 In FRANKLIN COUNTY on conditionally designated road from Highway 22 at Charleston north to Vesta, approximately 5.87 miles, the conditions of Minute Order 2186 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$6,680.20, and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2905 In FULTON COUNTY on conditionally designated road from U. S. Highway 62 at Viola south through Mitchell, Bexar and Wild Cherry to the Izard County Line, approximately 12.92 miles, the conditions of Minute Order 2187 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$4,700.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2906 In INDEPENDENCE COUNTY on conditionally designated road from Highway 69 at Moorefield north to Highway 25, approximately 1.16 miles, the conditions of Minute Order 2194 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$500.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2907 In IZARD COUNTY on conditionally designated road from Highway 69, approximately 1.5 miles south of Sage southwest, approximately 2.78 miles toward Gid, the conditions of Minute Order 2195 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$400.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2908 In LEE COUNTY on conditionally designated road from Highway 78 at South Plains north approximately 3.00 miles to New Salem, the conditions of Minute Order 2234 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$600.00, and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2909 In LEE COUNTY on conditionally designated road from Highway 121 at Holup north approximately 2.01 miles to Gill, the conditions of Minute Order 2234 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,100.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2910 In LEE COUNTY on conditionally designated road from the junction of Highway 1 & 121 east, approximately 2.01 miles to

LeGrange, the conditions of Minute Order 2234 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$4,575.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2911 In LEE COUNTY on conditionally designated road from east end of Highway 44 southeast, approximately 5.10 miles to Bear Creek Lake, the conditions of Minute Order 2234 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,200.00, and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2912 In LOGAN COUNTY on conditionally designated road from Highway 22 at Midway north to Scranton, approximately 5.46 miles, the conditions of Minute Order 2202 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$4,048.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2913 In MONROE COUNTY on conditionally designated road from U.S. Highway 79 in Clarendon north to the Keevil Cut-off, approximately 6.45 miles, the conditions of Minute Order 2641 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$10,400.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2914 In MONROE COUNTY on conditionally designated road from Highway 39 south of Brinkley east and south through Pleasant Valley Community, approximately 5.51 miles, the conditions of Minute Order 2641 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$11,475.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public, and to accept the road for state maintenance.

2915 In NEWTON COUNTY on conditionally designated road from Highway 7 at Jasper west through Mount Sherman to Highway 43 at

Ponca, approximately 14.13 miles, the conditions of Minute Order 2211 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,300.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public and to accept the road for state maintenance.

2916 In OUACHITA COUNTY on conditionally designated road from U. S. Highway 79 at Stephens north through Troy to Highway 4, approximately 10.44 miles, the conditions of Minute Order 2212 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$25,112.85; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public and to accept the road for state maintenance.

2917 In PRAIRIE COUNTY on conditionally designated road from U. S. Highway 70 at west city limits of Hazen north and west along F.A.S. County Road about seven miles, thence east about one mile, a distance of approximately 7.70 miles, the conditions of Minute Order 2219 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,350.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public, and to accept the road for state maintenance.

2937 WHEREAS, the Purchasing Committee has awarded purchases on August 18, 25 and September 2, 8, and 15, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2938 WHEREAS, the extensive increase of Highway Department operations has created new functions which make it necessary for various employees to handle money, and

WHEREAS, any loss to the State from dishonesty resulting from actions of any of these employees is recoverable by the State on the Public Official Bond covering the Director on which the Director would be personally liable to the Bonding Company, and it is to the best interest of the Highway Department in behalf of the Director to cover these employees by Fidelity Bonds, and

WHEREAS, a survey has been made to determine the appropriate coverage at the lowest cost to the Highway Department, and as a result of this survey the insurers offer to cover all present employees of the Highway Department under one "Honesty Blanket Bond" for substantially the same premium as it would cost to bond the necessary

employees individually,

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to contract with the firm of Rebsamen & East, Inc., to write an "Honesty Blanket Bond" in the amount of \$10,000 coverage for a premium of approximately \$1,500 for a three-year period.

2939 WHEREAS, on July 1, 1958, the Federal Aid records maintained by the Accounting Division, which had been kept on a book-keeping machine, were transferred to and will be maintained by the Data Processing Center on punch cards, and

WHEREAS, the machine on which these records were kept, described below, is of no further value to the Department:

One (1) Remington Rand Bookkeeping Machine,
Serial 685-E Y171962, Year Model 1949, with 1 R8680 stand.

WHEREAS, further retention of this machinery will result in additional loss in value with no benefits accruing to the Department,

NOW, THEREFORE, the Director is hereby authorized to dispose of this machine in accordance with legal procedures, to the highest and best bidder.

2940 WHEREAS, it has been the practice of the Arkansas Highway Commission to advertise a minimum of two weeks prior to opening of proposals for contract projects, and

WHEREAS, the Arkansas Chapter of the Associated General Contractors has advised that they could give a more thorough examination of the projects, to the benefit of the State, if a longer period between advertising date and date of proposal opening was involved, and have requested a period of three weeks,

NOW THEREFORE BE IT RESOLVED that the minimum date for advertising projects will be three weeks prior to opening of proposals effective January 1, 1959.

2941 WHEREAS, each prospective bidder is required to file with the Commission a Financial Statement, Experience Record, and Equipment Schedule, on an annual basis, reflecting the status of a prospective bidder as of December 31 or any subsequent date within the ensuing calendar year, and

WHEREAS, Minute Order No. 2358 provided a grace period of thirty days, and

WHEREAS, the Arkansas Chapter of the Associated General Contractors has requested that the thirty day grace period be extended

to March 1,

NOW THEREFORE BE IT RESOLVED that hereafter, Contractor's Financial Statement, Experience Record, and Equipment Schedule, due on December 31 will be accepted up to and including March 1 of the following calendar year.

2942 The report entitled "A Study of Highway User Taxes, State of Arkansas" by Wilbur Smith and Associates has been examined and is found to be prepared in substantial agreement with the- terms of the proposal for this work dated February 14, 1958. The report is herewith accepted and in accordance with the agreement authorized by Minute Order 2575 of February 26, 1958, the Director is hereby authorized to make payment to the firm of Wilbur Smith and Associates in the amount of \$30,000.00 for preparation of the report all in accordance with Paragraph I of the original proposal.

2943 In accordance with the budget authorization of Commission Minute Order 2695 of May 7, 1958, and on the basis of the low bid received, the Director is authorized to enter into an agreement with the Jamison Film Company of Dallas, Texas, for furnishing the professional and technical services required to complete a finished 16mm color, sound movie pilot print at the low bid price of \$2292.00.

2944 MINUTE ORDER NO. 1178 pertaining to participation with the Highway Research Board and the Bureau of Public Roads in a comprehensive study of Highway Laws of the several states is hereby modified to extend the studies for a period of 2 additional years for completion and to authorize participation of the Department in the amount of \$1,000.00 per year.

2945 In CRAIGHEAD COUNTY on the Arkansas State College grounds at Jonesboro, additional streets, 1.61 miles in length, in accordance with the attached sketch are hereby made a part of the State Highway System, and the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing selected sections as an M-Project, at a cost not to exceed \$3,200.00, provided that the College will construct, at no cost to the Highway Department, two bridges on the streets to be added.

2946 In INDEPENDENCE COUNTY, on Highway 11, floods during 1957 and 1958 have resulted in caving and scouring of the left bank of the White River to such an extent as to endanger the State Highway Bridge at this location; and

WHEREAS, the Corps of Engineers, U. S. Army, has planned a project to provide bank protection at this location; and

WHEREAS, under the provisions of Section 14 of the Flood Control Act of 1946 the responsible local interests are required to give

certain assurances relative to furnishing right-of-way, hold the United States free from damages due to construction of the project, and agree to maintain and operate the works after completion; and

WHEREAS, the construction of the project will be of great value to the State of Arkansas, to Independence County, and to other local interests and property owners of the State;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to agree to provide the necessary right-of-way free of cost to the Government and to give the required assurances to the U. S. Army, Corps of Engineers, Little Rock District, in order to expedite early accomplishment of the work.

2947 In JEFFERSON COUNTY on U. S. HIGHWAYS 65 and 79 in Pine Bluff from the present route of U. S. Highway 65 on the west side of the City extending easterly along Second Street thence south to connection with present route of U. S. 65 on the east side of the City, the Director is authorized to proceed with surveys and investigations for plan preparation, cost estimates and determination of right-of-way requirements. Upon completion of the work authorized the proposed project will then be brought to the attention of the Commission for program consideration.

2948 WHEREAS, in SEBASTIAN COUNTY at Fort Smith, Arkansas, Minute Order 2875 was approved for the construction of division offices, shops and other facilities on property located on Towson Avenue, at a cost of \$115,000.00, and

WHEREAS, the agreement with the American Can Company included an item of \$10,000.00 for the removal of the Highway Departments' equipment and fixtures from the Midland Boulevard site to the Towson Avenue site.

IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the moving of the equipment and fixtures at a cost not to exceed \$10,000.00.

2949 In ST. FRANCIS COUNTY on HIGHWAYS 38 and 149 in the City of Hughes, construction of curb and gutter having been completed by the City for a distance of 1720 feet, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$715.00 subject to the condition that the City of Hughes by ordinance will enforce parallel parking.

2950 WHEREAS, Mrs. J. H. White of Durham, Arkansas, has offered to donate a site for a roadside park consisting of approximately .3 of an acre located on S. H. 16 near Durham, 15 miles southeast of Fayetteville, and

WHEREAS, investigation reveals that the proposed site is satisfactory for such purpose,

IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of this property, and to take such further action as is required to develop a roadside park.

2951 In BENTON COUNTY, MINUTE ORDER 2166, which designated certain county roads as being a part of the State Highway System as provided for in Act 148 of 1957, is hereby repealed and the following is substituted therefor:

The following roads are hereby designated as a part of the State Highway System:

1. From State Highway 102 at Centerton east to the junction with State Highway 94, a distance of approximately 9.4 miles,
2. From State Highway 59 approximately 1 mile north of U. S. Highway 68 west to State Highway 99, a distance of approximately 2.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2952 In CROSS COUNTY, Minute Order 2181 is hereby modified to change the description of route designation No. 2 to read as follows:
From the intersection of State Highway 42 at Birdseye south, a distance of approximately 6.6 miles.
Minute Order 2181 remains in all other respects unchanged.

The conditions, regarding furnishing right-of-way free of obstructions at no cost to the State and Bureau of Public Roads' approval, having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$300.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2953 In MISSISSIPPI COUNTY, MINUTE ORDER 2207 of July 10, 1957, which added certain roads to the State Secondary Highway System is hereby supplemented by adding Item 4 to read as follows:
4. Rivervale Road from the Poinsett County Line easterly to Highway 40, a distance of approximately .18 mile.
All other terms and conditions of Minute Order 2207 remain unchanged.

2954 In CALHOUN COUNTY on conditionally designated road from Highway 4 in Hampton northwest through Woodberry to Junction DANR Road, approximately 5.32 miles, the conditions of Minute Order 2822 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$15,576.75; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2955 In CHICOT COUNTY on conditionally designated road from Highway 8 at Grand Lake south to U.S. Highway 65 west of Readland, approximately 2.50 miles, the conditions of Minute Order 2640 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,201.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2956 In CONWAY COUNTY on conditionally designated road from Highway 95 at Possum Trot to one mile west of Hattievville, thence north through Old Hickory and east to Highway 124, approximately 9.47 miles, the conditions of Minute Order 2177 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$6,130.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2957 In POPE COUNTY on conditionally designated road from Highway 105 north of Atkins northeast through Economy, approximately 4.88 miles, the conditions of Minute Order 2218 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$6,492.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

2958 In SEBASTIAN COUNTY on conditionally designated road from U. S. Highway 71 at Huntington west to Highway 45, approximately 4.86 miles, the conditions of Minute Order 2224 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$7,998.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state

maintenance.

- 2959 In WHITE COUNTY on conditionally designated road from U. S. Highway 67 at, or near, Lincoln Street in Searcy west and south-west, approximately 6.16 miles, the conditions of Minute Order 2721 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$13,800.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 2960 St. Francis County, Job No. 11577, Refer: USED Contr. No. DA-40-041-CIVENG-58-92. The contract for the construction of 410 feet of R.C. & Str. Steel Bridge with approach slabs at existing location of bridge over Fishing Lake and Const. & remove approx. 2000 feet of detour road & timber bypass bridge on the Forest City-West Memphis Road, U. S. Highway 70, Section 19, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on his low bid of \$384,105.89, subject to the concurrence of the Corps of Engineers.
- 2961 Miller County, Job No. 3547, FAP FG-010-1(4). The contract for the construction of one R.C. & Str. Steel R.R.-Hwy. grade separation structure (172.08') carrying three tracks over four Hwy. lanes (divided) & installation & removal of temporary R.R. by-pass and through trestles on the Texarkana-Magnolia Road, U. S. Highway 82, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$332,979.74, subject to the concurrence of the Bureau of Public Roads.
- 2962 Sevier County,, Job No. 3556, FAP DS-371(1). The contract for the construction of approximately 1.390 miles of Grading, Two Prestressed Precast Slab Span Bridges (620.50') & Six R.C. Precast Slab Span Bridges (323.08') on the Ashdown-Nashville Road, State Highway 27, Section 1, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$193,736.38.
- 2963 Hempstead County, Job No. 3560, FAP DS-208(4). The contract for the construction of approximately 0.746 miles of Grading, Gravel Base & Shoulders, Single Bit. Surf. Tr'mt. & One Precast R.C. Slab Span Bridge (114.17') on the Nashville-Prescott Road, State Highway 24, Section 3, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$40,070.97.
- 2964 Independence County, Job No. 5472, FAP DS-273(2). The contract for the construction of approximately 0.725 miles of Grading, Minor Drainage Structures & One R.C. & Structural Steel I-Beam Bridge (272.08') on the Newark-Cord Road, State Highway 122, Section 1, is awarded to W. C. Burrow Company of Malvern, Arkansas

and M. & L. Construction Company of Little Rock, Arkansas on their low bid of \$97,426.28.

- 2965 Prairie County, Job No. 6664, FAP DS-157(1). The contract for the construction of approximately 4.068 miles of Grading, Mr. Dr. Strs., Sand-Asphalt Road Mix Base Crse., Double Bituminous Surface Treatment & Extending One Bridge Length Culvt. (31.2') on the DeValls Bluff-Roe Road, State Highway 33, Section 5, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$151,741.86.
- 2966 Pulaski County, Job No. 6674, FAP State. The contract for the construction of a parking area facility consisting of Grading, Portland Cement Concrete Pavement (7" U.T.) & Integral Curb directly West of the State Capitol Building on the Capitol Grounds in Little Rock, Capitol Grounds, is awarded to Artie Gregory Contractor, Inc., of Little Rock, Arkansas on their low bid of \$3,302.00.
- 2967 Ouachita County, Job No. 7548, FAP DS-294(2). The contract for the construction of approximately 3.952 miles of Grading, Minor Drainage Strs., Gravel Base and Single Bituminous Surface Treatment on the Camden-Sparkman Road, State Highway 7, Section 4, is awarded to H. C. Cathey of Camden,, Arkansas on his low bid of \$101,099.32.
- 2968 Johnson County, Job No. 8450, FAP DS-266(2). The contract for the construction of approximately 8.174 miles (Incl. 143.86' of Bridges) of Grading, Minor Dr. Strs., Gravel Base, Single Bit. Surf. Tr'mt., Two Br.-Length Culverts & One Prestressed Precast Slab Span Bridge on the Lamar-Sand Gap Road, State Highway 123, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$198,367.21.
- 2969 Madison County, Job No. 9411, FAP DS-325(3). The contract for the construction of approximately 6.270 miles of Grading, Minor Dr. Strs., Gravel Base and Double Bituminous Surface Treatment on the Brashers-Pettigrew Road, State Highway 16, Section 5, is awarded to Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$119,290.50.
- 2970 Searcy County, Job No. 9412, FAP S-223(9) & S-143(4). The contract for the construction of approximately 9.881 miles of Grading, Mr. Dr. Strs., Crushed Stone Base & Double Bituminous Surface Treatment on the Yellville-Marshall Road, State Highway 14, Section 4, and State Highway 27, Section 4, is awarded to Reynolds and Williams of Little Rock, Arkansas on their low bid of \$186,441.20.
- 2971 Crittenden County, Job No. C-18-65, FAP S-817(4). The contract for the construction of approximately 1.969 miles of Grading, Mr. Dr. Strs., and Gravel Base Course on the St. Clair-Redman Point Road,

County Road, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$19,169.25, subject to the concurrence of the Crittenden County Judge.

2974 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, September 17, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Sixty-eighth Meeting in Little Rock, Arkansas on September 17, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 7, 1958

The following is the record of the proceedings of the Sixty-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on October 7, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Harry W. Parkin	Vice-Chairman
Lawrence Blackwell	Member
James H. Crain	Member
Raymond F. Orr	Member

2975 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 2:30 P.M., October 7, 1958.

2976 In PULASKI COUNTY on HIGHWAY 10 from La Harpe Boulevard to the Little Rock City Limit, a distance of approximately 4.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement to a standard of four twelve-foot undivided lanes at an estimated cost of \$1,030,000., subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. All required adjustment of utilities will be made free of cost to the State.
3. The City of Little Rock by Ordinance will enforce no parking on pavement constructed under the provisions of this action.
4. The City of Little Rock will assume responsibility for damages to abutting property on basis of plans prepared by the State and approved by the City.
5. The City of Little Rock will assume responsibility for maintenance of illumination and signalization facilities that may be included in construction plans.
6. Acceptance of the provisions of this order by the Board of Directors of the City of Little Rock within 120 days.
7. It should be understood that according to present estimates of income and commitments, the Department may not be in position to finance construction prior to the fiscal year beginning July 1, 1960.
8. Program approval by the Bureau of Public Roads.

2977 WHEREAS IN PULASKI COUNTY the Board of Directors of the City of Little Rock has requested the Highway Commission to consider the designation for inclusion in the State Highway System and improvement of a route along Eighth Street from the Third bridge expressway to the proposed Fourth bridge by-pass route and

WHEREAS the desired improvement consists of a fully con-

trolled access facility to be constructed by stages and a proposed interim use of two streets (Eighth and Ninth for one way traffic between the Third bridge expressway and Park Avenue, and

WHEREAS the first stage construction proposed extends from Park Avenue to Hayes Street, and

WHEREAS the City of Little Rock proposes to furnish all required right-of-way on the route free of obstructions and free of cost to the State; the right-of-way cost from Park Avenue to Hayes Street and the cost of protecting right-of-way on the remainder of the route to be financed from the proceeds of a bond issue to be placed before the electorate in the near future; and the cost of right-of-way acquisition on other sections of the route to be financed from the proceeds of bond issues to be placed before the electorate in the distant future, and

WHEREAS the Board of Directors of the City of Little Rock desire an immediate expression of the Highway Commission for the designation and construction on the basis of the City's proposal, and

WHEREAS the Highway Commission has no funds currently available nor in sight in the foreseeable future for construction of the route but recognizes the merit of the proposal from the standpoint of need, long range planning and possible State assistance,

NOW THEREFORE IT IS ORDERED that the proposal of the City be accepted and that the route be tentatively designated subject to the following conditions.

1. All actions of the Commission pertaining thereto will be subject to the approval of the Bureau of Public Roads.
2. State funds to be made available in the future, based on present sources of finance, will be Urban and Primary. In no case will the Commission consider a fund source that would in any manner defer the building of the secondary or farm-to-market road systems.
3. The amount of funds to be used will be limited to the proportionate need in the City of Little Rock as compared to the need of other cities of the State.
4. Maintenance of any completed portion of the route will not be assumed by the State until the Commission has assurances from the City to the satisfaction of the Department that the entire route will be completed.
5. The assumption of maintenance of the entire route by the State may bring about the abandonment of some existing state maintained routes in the City of Little Rock if necessary, according to formula determination by the Commission, to sustain a proper balance of mileage maintained by the State in Arkansas cities.
6. Agreements to be made by the City of Little Rock and the Highway Commission will include provisions for City maintenance of illumination and signalization that may be included in construction plans.
7. The City of Little Rock will assume responsibility for damages to

abutting property resulting from construction plans prepared by the Department and approved by the City.

2978 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 3:00 P.M., Tuesday, October 7, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Sixty-ninth Meeting in Little Rock, Arkansas on October 7, 1958.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 22, 1958

The following is the record of the proceedings of the Seventieth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on October 22, 1958 at which time the following members were present:

Glenn F. Wallace	Chairman
Harry W. Parkin	Vice-Chairman
Lawrence Blackwell	Member
James H. Crain	Member
Raymond F. Orr	Member

2979 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., October 22, 1958.

2980 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 2960 through 2973 at the regular meeting of the Commission on September 17, 1958.

2982 WHEREAS, the Purchasing Committee has awarded purchases on September 22, 29 and October 6, 13 and 20, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2983 WHEREAS, the extensive increase of Highway Department operations and the necessity for State-wide contact during emergencies are requiring better communication between the Central Office and the District Offices, the Division Offices and field personnel and,

WHEREAS, it appears that a State-wide radio system would provide this service,

IT IS ORDERED that the Director be authorized to make surveys and secure estimates for a system of this type and also to employ a Radio Technician or Consultants to assist in making the surveys and estimates.

2984 WHEREAS, Act 166 of 1937 authorized the State Highway Commission to grant the Arkansas State Police the use of certain properties, known as the Old Penitentiary Site, located south of Roosevelt Road and north of the Missouri Pacific Railroad Spur, in the City of Little Rock, and

WHEREAS, they have requested that the State Highway Commission deed this property to them, including all improvements thereon,

IT IS ORDERED that the Director be authorized to execute a deed to the Arkansas State Police for the above-mentioned property provided the authority therefor and the form of deed are approved by the Attorney General.

2985 In PULASKI COUNTY on HIGHWAYS 10 and 113, the relocations caused by the Maumelle Lake and provided by the Little Rock Municipal Water Works Board have been inspected by staff members of the Highway Department and on their recommendation the relocations, as built, are accepted and made a part of the Highway System. Upon receipt of deeds to the right-of-way, the Director is authorized to take whatever steps necessary to release the right-of-way of the original sections from any claim by the Highway Commission.

2986 In PIKE COUNTY on Highway 8, Section 4, the construction of Job 3549 (Highway 8 Relocation at Glenwood) having been completed, the portions of the present route not used in the relocated highway, in conformity with existing Supreme Court decisions, are hereby declared to be no longer a part of the State Highway System.

2987 In FULTON COUNTY, in the City of Salem, the section of old US Highway 62 west of Highway 9, which was dropped by MINUTE ORDER 1154 upon the completion of the relocated section of U. S. Highway 62 in 1955, is hereby redesignated as a part of the State Highway System.

 The redesignated section is as indicated on the attached sketch map, drawn October 8, 1958, which is hereby made a part of this Order and is identified more specifically as "Sketch to show designation of addition to State Highway System, State Highway No. U. S. 62C-Sec. 12-C, at Salem, Fulton County".

2988 WHEREAS, ACT 387 of the 1957 General Assembly of the Legislature amended Act 109, Ark. Acts of 1937, Sec. 1 and 2 (Ark. Stats. (1947) Sec. 76-502, 76-503) to make roads leading to State Parks and within State Parks a part of the State Highway System and to provide for their maintenance and repair and for other purposes,

 AND WHEREAS, the State Publicity and Parks Commission has added the following park areas to those already under their control and direction: Lake Ouachita State Park in Garland County, Bull Shoals State Park in Baxter and Marion Counties, Queen Wilhelmina State Park in Polk County, and Daisy State Park in Pike County; therefore,

 IT IS ORDERED, in accordance with the provisions of said Act 387, that the Roads most used at present within said State Parks and the roads and highways most used at present connecting said State Parks with an established State Highway, as shown on the sketches attached to this Minute Order, are hereby made a part of the State Highway System, to wit:

Lake Ouachita State Park	3.15 miles,
Bull Shoals State Park	5.67 miles,
Queen Wilhelmina State Park	2.80 miles,

Daisy State Park

1.58 miles.

13.20 Total

2989 In LAFAYETTE COUNTY at the Department owned Area Headquarters Lot at Lewisville, the Director is authorized to proceed in the most feasible and economical manner with the installation of buildings, fences and appurtenances necessary to provide adequate services for an Area Headquarters as a B-Project, at a cost not to exceed \$15,000.00.

2990 In SEVIER COUNTY at the Department owned Area Headquarters Lot, located 1-3/4 miles north of DeQueen, the Director is authorized to proceed in the most feasible and economical manner with the installation of buildings, fences and appurtenances necessary to provide adequate services for an Area Headquarters as a B-Project, at a cost not to exceed \$15,000.00.

2991 In MILLER COUNTY on HIGHWAY 71, Section 1, at the south end of the Sulphur River Bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the eroded roadway embankment at the bridge abutment and to strengthen the slopes by paving the fill slope with concrete masonry, as an M-Project, at an estimated cost of \$10,300.00.

2992 In MILLER COUNTY ON HIGHWAY 71: Minute Order 2751 is amended to read as follows:

WHEREAS, undermining of the south approach structure of the Red River Bridge at Index is threatened as a result of heavy scour occasioned by recent floods at that location, and

WHEREAS, the Corps of Engineers, U.S. Army, has indicated a willingness to participate in the cost of repair of the damaged area and provision of adequate bank protection;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to negotiate a contract with the Tulsa District, Corps of Engineers, U. S. Army, for the accomplishment of this work at a total estimated cost of \$113,000.00, with Federal participation to the extent of the statutory limitation of \$50,000.00. Arkansas Highway Commission participation is hereby authorized at an estimated cost of \$63,000.00.

Pursuant to the requirements of Section 14 of the 1946 Flood Control Act the Director is authorized to make assurances to the Government that the Commission will:

- (a) Provide without cost to the United States all lands, easements, and right-of-way required by the project.
- (b) Hold and save the United States free from damages due to the construction.

- (c) Maintain and operate all works, after completion in accordance with regulations prescribed by the Secretary of the Army.
- (d) Assume all project cost in excess of the Federal limitation of \$50,000.00 found necessary to provide a complete and fully effective project that will not require any additional improvements to insure successful operation.

2993 In PULASKI COUNTY on HIGHWAY 10 from Robinson School West (Sect.), a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening grading, structures and surfacing at an estimated cost of \$300,000.00, subject to program approval by the Bureau of Public Roads.

2994 In COLUMBIA COUNTY on U.S. HIGHWAY 82 in the City of Magnolia, the Director is authorized to proceed in the most feasible and economical manner with traffic channelization around the Court House Square in accordance with the attached sketch. The appropriation in the amount of \$3,700.00, as an M-Project, is hereby authorized, provided

1. The City of Magnolia will remove and replace, at its own expense, all Parking Meters which have to be moved to accomplish this improvement.
2. The City of Magnolia will enact such ordinances necessary to enforce traffic movement and vehicular parking in accordance with the channelization plan.

2995 In Little River County on Highway 32 from Ashdown east, a distance of approximately 7.2 miles, the provisions of Minute Order 913 are hereby reinstated for a period of 90 days.

2996 In ARKANSAS COUNTY on HIGHWAY 11 from Bayou Meto to Highway 152 a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$360,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Arkansas County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2997 In BENTON COUNTY on HIGHWAY 102 from Centerton West, a distance of approximately 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$180,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.

2. Acceptance of the provisions of this order by the County Judge of Benton County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2998 In CARROLL COUNTY on HIGHWAY 21 from Metalton to Highway 68, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$310,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Carroll County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

2999 In CLARK COUNTY on HIGHWAY 51 from Highway 7 to Joan, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Clark County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3000 In CONWAY COUNTY on HIGHWAY 92 from U.S. 64 to Springfield, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening grading, structures and surfacing at an estimated cost of \$165,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Conway County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3001 In FAULKNER COUNTY on HIGHWAY 107 from Highway 36 to Enola, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$90,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Faulkner County within 60 days after right-of-way requirements are

furnished.

3. Program approval by the Bureau of Public Roads.

3002 In HEMPSTEAD and HOWARD COUNTIES on HIGHWAY 73 from Columbus to Saratoga, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Hempstead and Howard Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3003 In JEFFERSON COUNTY on HIGHWAY 31 from Highway 15 to Gethsemane, a distance of approximately 7 miles the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$210,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Jefferson County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3004 In LITTLE RIVER and SEVIER COUNTIES on HIGHWAY 41 at the crossing of the Little River, a distance of approximately 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches at an estimated cost of \$400,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Little River and Sevier Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3005 In LONOKE COUNTY on HIGHWAY 13 from Humnoke North, a distance of approximately 8.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$300,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Lonoke County within 60 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

3006 In MISSISSIPPI COUNTY on HIGHWAY 118 from Highway 77 to Highway 135, a distance of approximately 5 miles and from Joiner east to County Road intersection, a distance of approximately 2.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$216,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Mississippi County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3007 In MISSISSIPPI COUNTY on HIGHWAY 158 from U.S. Highway 61 at Luxora to Highway 181, a distance of approximately 7 miles, and on HIGHWAY 119 from Highway 158 south approximately 1 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$244,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Mississippi County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3008 In MONROE COUNTY on HIGHWAY 33 from Highway 79 to Arkansas County Line, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Monroe County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3009 In PRAIRIE COUNTY on HIGHWAY 33 from Biscoe to Beulah, a distance of approximately 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$120,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of

Prairie County within 60 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

3010 In SCOTT COUNTY on HIGHWAY 80 from Waldron to the Forest Boundary, a distance of approximately 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$120,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Scott County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3011 In SHARP COUNTY on HIGHWAY 58-E from Williford to U.S. Highway 63, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$90,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Sharp County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3012 In ST. FRANCIS COUNTY on HIGHWAY 149 from Highway 70 to Heth, a distance of approximately 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$120,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of St. Francis County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

3013 In WASHINGTON COUNTY on HIGHWAY 170 from Westfork South, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Washington County within 60 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

3014 In WHITE COUNTY on HIGHWAY 31 from U.S. 67 to Antioch, a distance of approximately 5 miles the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of White County within 60 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

3015 In BENTON COUNTY on conditionally designated road from Highway 59, approximately one mile north of Highway 68 west to Highway 99, a distance of approximately 2.50 miles, the conditions of Minute Order 2951 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$2,600.00: and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3016 In DREW COUNTY on conditionally designated road from Highway 4 in Monticello north to Coleman, approximately 10.95 miles, the conditions of Minute Order 2184 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$700.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3017 In MILLER COUNTY on conditionally designated road from U.S. Highway 71 southeast of Texarkana, south a distance of approximately 11.79 miles the conditions of Minute Order 2206 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$28,000.00: and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3018 In PHILLIPS COUNTY on conditionally designated road from Highway 20 in West Helena southwest to Highway 44, approximately 4.43 miles, the conditions of Minute Order 2214 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$6,200.00: and upon completion of the work to erect highway signs and markers for safety and conven-

ience of the traveling public; and to accept the road for state maintenance.

3019 In PHILLIPS COUNTY on conditionally designated road from Highway 20 at Marvell north along County Road to Lee County Line thence west one half mile, a distance of approximately 6.67 miles, the conditions of Minute Order 2214 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$22,000.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3020 In POPE COUNTY on conditionally designated road from Highway 7, approximately five miles north of Dover northwest through Bullfrog Valley to the Johnson County Line, approximately 7.21 miles, the conditions of Minute Order 2218 having been fulfilled,, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$7,400.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3021 In VAN BUREN COUNTY on conditionally designated road from Highway 92 east of Bee Branch southeast through Fairbanks to the Cleburne County Line approximately 6.75 miles, the conditions of Minute Order 2230 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$4,800.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3022 In WHITE COUNTY on conditionally designated road from the intersection with Highway 11 north of Bald Knob westward and northerly to Wright's Corner, approximately 5.24 miles, the conditions of Minute Order 2721 having been fulfilled,, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$11,900.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3023 Nevada County, Job No. 3559, FAP F-01-1(8). The contract for the construction of approximately 1.307 miles of Asphaltic Concrete Cold Lay Wearing Surface in the City of Prescott, U. S. Highway 67, Section 3, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$39,030.75, subject to the concurrence of the Bureau of Public Roads.

- 3024 Sebastian County, Job No. 4448, FAP U-022-1(9). The contract for the construction of approximately 1.326 miles of Grading, Mr. Dr. Strs., Conc. Comb. Curb & Gutter, P. C. Conc. Base and ACHM Surface Course on Garrison Avenue & Rogers Avenue in the City of Ft. Smith, State Highway 22, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$174,789.95, subject to the concurrence of the Bureau of Public Roads.
- 3025 Pulaski County, Job No. 6654, FAP F-US-01-2(24). The contract for the construction of Signs, signal controls and channelization curbs & islands along 0.979 miles of La Harpe Blvd. access ramps and intersecting city streets in Little Rock, State Highway 10, Section 8, all bids rejected.
- 3026 Lonoke County, Job No. 6661, FAP S-210(2). The contract for the construction of approximately 8.423 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Carlisle-Humnoke Road,, State Highway 13, Section 9, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$279,850.93.
- 3027 Pulaski County, Job No. 6675. The contract for demolition and disposal of one story concrete building occupying block between East Third and East Fourth Streets from Ferry Street to Rector Street in Little Rock, Arkansas, Interstate 30, Section 2, is awarded to Patton Wrecking & Demolition Company of Little Rock, Arkansas on their low bid of \$19,890.00.

3036 In PHILLIPS COUNTY on HIGHWAY 20, Mississippi River Bridge project, upon completion of arrangements for toll revenue finance, the Director is authorized to enter into agreement with the Simmons National Bank of Pine Bluff as Trustee and with the First National Bank of Little Rock as Paying Agent, subject to the following conditions:

1. Concurrence by the Mississippi State Highway Commission.
2. Approval of the Federal Housing and Home Finance Agency.

3037 In the matter of the operation of the existing Ferry across the White River on Highway 1 at St. Charles, Arkansas, the Commission has reviewed and approved a contract for the operation of said Ferry by Clay Cross, and the Director is authorized and empowered to execute the attached Agreement for and in behalf of the Commission.

3038 In the matter of the acquisition of a Ferry across the Arkansas River near Toad Suck on State Highway 60, between Faulkner and Perry Counties and the operation of the same, the Commission has reviewed the attached Agreement between this Commission and Mr. Clay Cross of Dumas, Arkansas, and the Agreement is in all things approved, and the Director is empowered and directed to execute the same for and in behalf of the Commission.

3039 WHEREAS, the Purchasing Committee has awarded purchases on October 27 and November 3, 6, 17 and 24, 1958, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

3040 In CLEBURNE and VAN BUREN COUNTIES for HIGHWAYS 16, 25, 92 and 130, the Director is authorized to enter into an Agreement with Garver and Garver, Consulting Engineers of Little Rock, Arkansas, for surveys and preparation of Plans and Specifica-

tions for work required by the Corps of Engineers, U. S. Army, in the rearrangement of Highways 16, 25, 92 and 130 caused by the construction of the Greer's Ferry Dam near Heber Springs.

This action is subject to the following conditions:

1. Approval of the Consulting Engineers' Contract by the Corps of Engineers, U. S. Army, and
2. Payment for the authorized work to be at no cost to the State Highway Department.

3041 WHEREAS, the designated Interstate and Defense Highways in the State have been assigned numbers of 30, 40, and 55 by the American Association of State Highway Officials, and

WHEREAS, it is desired to avoid confusion by not using the same numbers on other highway systems within the State,

NOW THEREFORE, IT IS ORDERED that the presently numbered highways 30, 40, 55, and 130 be changed to numbers 130, 140, 355, and 330, respectively, and the Director is hereby authorized to proceed with the change of numbers on the present routes.

3042 In PULASKI COUNTY on the State Capitol Grounds in the City of Little Rock, the Director is authorized to proceed in the most feasible and economical manner with the work of widening driveway near the southwest corner of the State Capitol at an estimated cost of \$3,600.00.

3043 In ARKANSAS COUNTY the route of HIGHWAY 17 from Highway 1 to Ethel is hereby described as being from Highway 1 approximately 1 1/2 miles west of St. Charles south along county road to Ethel, a distance of approximately 4.8 miles, subject to the following conditions:

1. The present route from St. Charles to Ethel will be the responsibility of Arkansas County
2. All required right-of-way free of obstructions will be furnished free of cost to the State.
3. Acceptance of the provisions of this offer by the County Judge of Arkansas County within 60 days after right-of-way requirements are furnished.
4. System approval by the Bureau of Public Roads.

3044 In GREENE COUNTY on HIGHWAY 25 at the crossing of the St. Louis Southwestern Railway and the Missouri Pacific Railroad in Paragould the Director is authorized to proceed in the most feasible manner with the work of extending the track circuits on the Missouri Pacific Railroad's siding to provide additional safety to the public in view of train movements on this siding over Highway 25, at an estimated cost of \$2,000.00 subject to the following conditions:

1. That the Railroad Company will make the installation, provide a

minimum of 10% of the installation cost and will maintain the devices after installation.

2. Program approval by the Bureau of Public Roads.

3045 In SALINE COUNTY on INTERSTATE ROUTE 30 through the City of Benton the Director is authorized to proceed in the most feasible and economical manner with the work of installing illumination facilities, subject to the following conditions:

1. The City of Benton will enter into agreement with the Department to provide for the maintenance and operation of the illumination facility, without cost to the Department.
2. Program approval by the Bureau of Public Roads.

3046 In CLEBURNE and VAN BUREN COUNTIES for HIGHWAYS 16, 25, 92 and 130, the Director is authorized to enter into an Agreement, on behalf of this Highway Commission, with the Corps of Engineers, U. S. Army, whereby the State Highway Department will rearrange and relocate Highways 16, 25, 92 and 130 made necessary by the construction of the Greer's Ferry Dam, subject to the condition that all work will be on a full-cost reimbursable basis and that relocations and bridges will be made as replacements to modern design standards.

The Director is also authorized, on behalf of the Commission, to convey to the Government the Department's right, title, and interest in and to the right-of-way involved in the portions of routes abandoned within the reservoir area.

3047 In CRITTENDEN and MISSISSIPPI COUNTIES on Interstate Highway No. 55, between Lake David and the Arkansas-Missouri State Line consisting of right-of-way acquisition Job Nos. 1333, FAP No. I-55-1(4)23, Section 1; 10600, FAP No. I-55-1(16)35, Section 2; 10601, FAP No. I-55-1(6)43, Section 3; 10602, FAP No. I-55-1(18)52, Section 4; 10603, FAP No. I-55-1(19)62, Section 5; the Director is hereby authorized to move, sell and/or demolish buildings purchased in the acquisition of necessary right of way in accordance with prescribed legal procedures. This minute order supersedes Section 2 of Minute Order No. 2294 of October 23, 1957.

3048 WHEREAS in GARLAND COUNTY the Highway Commission by action dated April 15, 1949, authorized the Department to sign and maintain as a detour not in the System until further action a local road known as the Gorge Road in Hot Springs, and

WHEREAS the type and volume of traffic using the Gorge Road is of such importance and consequence to justify the inclusion of the road in the designated State Highway System.

NOW THEREFORE it is ordered that the Director be and is hereby authorized to include in the official designated State Highway

System the Gorge Road on which signing and maintenance as a detour was authorized April 15, 1949.

3049 In HEMPSTEAD COUNTY on HIGHWAY 67, section 2, at the south end of the Red River Bridge at Fulton, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing existing pile dike and extending four panels of the dike to provide bank protection for the bridge abutment, the work to be done as an M-Project, at an estimated cost of \$5,980.00.

3050 In LAFAYETTE COUNTY on HIGHWAY 82, Section 2, at the east approach of the Red River Bridge at Garland City, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing a crushed stone fill around the foundation piling of an approach pier which have become exposed through bank scour, due to recent high water, the work to be done as an M-Project at an estimated cost of \$73,500.00.

3051 In PULASKI COUNTY, on Highway 65, WHEREAS, traffic was in 1956, at the request of the City of North Little Rock re-routed on a trial basis to require north bound traffic to pass under the north end of the Broadway Bridge and,

WHEREAS, the traffic handling resulting from this re-routing has proved satisfactory and the City of North Little Rock has requested the Department to assume maintenance of the routes and

WHEREAS, the highway traffic using the routes justifies State Maintenance, NOW, THEREFORE, IT IS ORDERED that the proposal of the City be accepted and that the routes be tentatively designated subject to the following condition:

1. In completion of the Little Rock-North Little Rock Expressway System a further study will be made which might result in the abandonment of some routes or portions of routes as may be deemed necessary by the Commission in order to maintain a proper balance of mileage maintained by the State in Arkansas cities.

3052 In WOODRUFF COUNTY, on U.S. Highway 64, WHEREAS, floods during 1957 and 1958 have resulted in caving and scouring of the left bank of the White River to such an extent as to endanger the State Highway Bridge at this location; and

WHEREAS, the Corps of Engineers, U. S. Army, has planned a project to provide bank protection at this location; and

WHEREAS, under the provisions of Section 14 of the Flood Control Act of 1946 the responsible local interests are required to give certain assurances relative to furnishing right-of-way, hold the United States free from damages due to construction of the project, and agree to maintain and operate the works after completion; and

WHEREAS, the construction of the project will be of great value to the State of Arkansas, to Woodruff County, and to other local interests and property owners of the State;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized to agree to provide the necessary right-of-way free of cost to the Government and to give the required assurances to the U. S. Army, Corps of Engineers, Little Rock District, in order to expedite early accomplishment of the work.

3053 In MISSISSIPPI COUNTY on HIGHWAY 136, at the crossing of Ditch No. 16, an old timber bridge is in a deteriorated and dangerous state of repair and,

WHEREAS, the engineer for the Drainage District No. 17 has given permission to replace this bridge with an adequate 72-inch pipe culvert in lieu of a bridge and,

WHEREAS, Drainage District No. 17 of Mississippi County has agreed to replace the bridge, if the State will furnish the culvert pipe,

NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner to accept the terms of the Drainage District and to furnish the culvert pipe. Payment for the pipe to be charged to the regular budget item of Construction Betterments as an M-Project at an estimated cost of \$3,000.00.

3054 On roads conditionally designated by Commission Minute Orders pursuant to action of the 1957 General Assembly the Director is hereby authorized to proceed with erection of route markers and to perform routine maintenance pending fulfillment of conditions of Commission Minute Orders.

3055 In JACKSON COUNTY the description of Road No. 4 of MINUTE ORDER 2196 as being from U.S. Highway 67 two miles southwest of Swifton east, a distance of approximately 1.5 miles is hereby modified to be as follows:

"From U.S. Highway 67 two miles southwest of Swifton east a distance of approximately 3.6 miles."

All other provisions and conditions of Minute Order 2196 remain unchanged.

3056 In UNION COUNTY MINUTE ORDER 2229 conditionally designating a road from Mount Holly east on the Mount Holly-Smackover Road, a distance of approximately 12 miles, is hereby modified to describe the designation as being from Highway 7 at Smackover west on the Smackover-Mount Holly Road a distance of approximately 12

miles. Other provisions and conditions of Minute Order 2229 remain unchanged.

- 3057 In COLUMBIA COUNTY on conditionally designated road from Highway 19 at Macedonia southwest to Highway 132 at Taylor, approximately 13.39 miles, the conditions of Minute Order 2176 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$12,600.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 3058 In LAFAYETTE COUNTY on conditionally designated road from Highway 29 at Bradley southeast through State Line and north toward Walker Creek, approximately 12.06 miles, the conditions of Minute Order 2198 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$20,700.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 3059 In LAWRENCE COUNTY on conditionally designated road from U.S. Highway 67 at Minturn west through Clover Bend, approximately 4.50 miles, the conditions of Minute Order 2199 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$4,900.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 3060 In LAWRENCE COUNTY on conditionally designated road from State Highway 117 at Strawberry west to the Sharp County Line, approximately 2.07 miles, the conditions of Minute Order 2199 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$200.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.
- 3061 In LOGAN COUNTY on conditionally designated road from Highway 22 at Subiaco northeast toward Scranton, approximately 6.78 miles, the conditions of Minute Order 2202 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$8,100.00; and upon completion of the work to erect highway signs and markers for safety and conven-

ience of the traveling public; and to accept the road for state maintenance.

3062 In POINSETT COUNTY on conditionally designated road from U. S. Highway 63 at Tyronza south to the Crittenden County Line, approximately 2.95 miles, the conditions of Minute Order 2216 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$200.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3063 In SALINE COUNTY on conditionally designated road from Highway 35 east of Benton to Highway 183 north of Bauxite, approximately 5.38 miles, the conditions of Minute Order 2221 having been fulfilled, the Director is hereby authorized to proceed in the most feasible and economical manner with the work necessary to provide a standard for maintenance at an estimated cost of \$1,500.00; and upon completion of the work to erect highway signs and markers for safety and convenience of the traveling public; and to accept the road for state maintenance.

3064 Jefferson County, Job No. 2583, FAP S-77(5). The contract for the construction of approximately 4.176 miles of Grading, Mr. Dr. Strs., P.C. Stabilized Base, Double Bit. Surf. Treatment & One R. C. Precast Slab Span Bridge (38.0') on the Reydel-Stuttgart Road, State Highway 11, Section 5, is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas on his low bid of \$156,299.25.

3065 Pulaski County, Job No. 6654, FAP F-US-01-2(24). The contract for the construction of Signs, Signal controls and channelization curbs & islands along 0.979 miles of La Harpe Blvd. access ramps and intersecting city streets in Little Rock, State Highway 10, Section 8, is awarded to Fagan Electric Company, Inc., of Little Rock, Arkansas on their low bid of \$72,267.64, subject to the concurrence of the Bureau of Public Roads.

3066 Marion County, Job No. 9413, FAP S-223(8). The contract for the construction of approximately 9.567 miles of Grading, Minor Drainage Strs., Crushed Stone Base & Double Bit. Surf. Treatment on the Yellville-Harriett Road, State Highway 14, Section 3, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$228,928.40.

3067 Crawford & Washington Counties, Job No. 1291, FAP F-011-3(1). The contract for the construction of approximately 9.959 miles of Grading, Mr. Dr. Strs., Gravel Base, Widening & Resurfacing with ACHM Base and Surface and Widening Three R.C. Deck Girder Bridges on the Alma-Fayetteville Road, U. S. Highway 71, Sections 15

& 16, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$925,936.10, subject to the concurrence of the Bureau of Public Roads.

3068 Cleburne, Faulkner & White Counties, Job No. 1369, FAP S-244(2). The contract for the construction of approximately 7.945 miles of Grading, Mr. Dr. Strs., Crushed Stone Base, Double Bit. Surf. Treatment and Extending One Bridge Length Culvert (32.92') on the Quitman-Rosebud Road, State Highway 124, Sections 8, 9 & 10, is awarded to Mode & McCracken of Conway, Arkansas on their low bid of \$149,928.16.

3069 Baxter County, Job No. C-3-1, FAP S-1100(1). The contract for the construction of approximately 1.936 miles of Grading, Mr. Dr. Strs., Gravel Base & Double Bit. Surf. Treatment on the Jct. Hwy. 62-Lakeside Terrace County Road, County Road, is awarded to A. P. T. Construction Company, Inc. of North Little Rock, Arkansas on their low bid of \$39,516.25, subject to the concurrence of the Baxter County Judge.

3070 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Tuesday, November 25, 1958.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventy-first Meeting in Little Rock, Arkansas on November 25, 1958.

1834 WHEREAS, the Purchasing Committee has awarded purchases on December 10, 17, 21, 1956 and January 7, 14, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1835 WHEREAS the Commission on December 5 by the adoption of Minute Order No. 1812 awarded the purchase of fifteen (15) Sedan Deliveries to the Johnson Auto Company of West Memphis, Arkansas on their low bid of \$1,335.14 each or a total of \$20,027.01, and

WHEREAS the Johnson Auto Company of West Memphis refused to effect delivery at the bid price and

WHEREAS no bid bond was required to enforce delivery the State Purchasing Agent, as authorized by law, awarded the purchase to the next low bidder, the Leo Smith Chevrolet Company of Stuttgart at a unit price of \$1,441.85 or \$21,627.75 for the lot.

NOW THEREFORE IT IS ORDERED that the portion of Minute Order No. 1812 making the award to Johnson Auto Company be and is hereby cancelled and the award is hereby made to Leo Smith Chevrolet Company of Stuttgart on their bid of \$21,627.75.

Other provisions and conditions of Minute Order No. 1812 remain unchanged.

1836 WHEREAS, The American Association of State Highway Officials has billed the Department for Departmental Membership Dues for the year 1957, which membership is regarded as being highly beneficial to the Department

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1957 in the amount of \$1,519.50.

1837 WHEREAS, this Department has for a number of years main-

tained membership in the American Road Builders Association with material benefit from the services and publications resulting therefrom

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1957 membership dues in the amount of \$37.50.

- 1838 In UNION COUNTY on the proposed route of U. S. HIGHWAY 82 at El Dorado, a distance of approximately 5.91 miles, the contract for preliminary engineering services with the consulting engineering firm of Norris and Elder, Houston, Texas, in accordance with Minute Order No. 740, is hereby ratified and confirmed in all particulars and the Preliminary Report is accepted.
- 1839 In BENTON COUNTY on HIGHWAY 12 in the City of Rogers (W. Poplar St.) from U. S. Highway 71 (8th St.) to 3rd Street, the Director is authorized to proceed with surveys and necessary investigations to determine the feasibility of widening as a Federal Urban Project and to report back to the Commission for consideration of further action.
- 1840 In CRITTENDEN COUNTY, on HIGHWAY 70, Section 20, at the intersection of Highways 70, 79, and 147 at Lehi, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing curbs and traffic channelization at an estimated cost of \$2,500.00.
- 1841 In DESHA COUNTY, on HIGHWAY 1, Section 1, between McArthur and Rohwer, the Director is authorized to proceed in the most feasible and economical manner with the reconstruction of four bridges (total length 315 lineal feet) at an estimated cost of \$27,800.00
- 1842 In FRANKLIN and MADISON COUNTIES on HIGHWAY 23 from end of pavement north of Ozark to Highway 16 at Brashers, a distance of approximately 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$115,000.00 on condition that all required right-of-way, free of obstructions is furnished free of cost to the State within 90 days.
- 1843 In MISSISSIPPI COUNTY on the 1.7 mile section of HIGHWAY 18, to be abandoned by relocation, the Director is authorized to proceed in the most feasible and economical manner with the work of repairs to shoulders and surfacing at an estimated cost of \$3,450.00.
- 1844 In PHILLIPS COUNTY on HIGHWAY 85, Section 1, between Walnut Corner and Highway 44, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing four (4) bridges (total length 224 lin. ft.) and minor drainage structures at an estimated cost of \$19,400.00.

1845 In RANDOLPH COUNTY on HIGHWAY 90 at the crossing of the Missouri Pacific Railroad in O'Kean, Arkansas, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00, subject to the following conditions:

1. That the Railway Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1846 In POINSETT COUNTY on U. S. HIGHWAY 63 from the junction with Highway 149 at Marked Tree southeast a distance of 1500 lin. ft. to factory road entrance, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$10,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. All required storm sewers with inlets to be furnished free of cost to the State.
3. Acceptance of the provisions of this order by the Mayor of the City of Marked Tree within 60 days after receipt of project plans.

1847 In CRITTENDEN COUNTY on HIGHWAY 42, Section 4, from Cross County Line to junction of Highway 149, a distance of 5.78 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,600.00.

1848 In CROSS COUNTY on HIGHWAY 42, Section 3, and HIGHWAY 75, Sections 3 and 4, from junction of U. S. 64 to Poinsett County line, a distance of 15.25 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,600.00.

1849 In LEE COUNTY on HIGHWAY 121, Section 3, from junction of U. S. 79 to junction of Highway 1, a distance of 14.93 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,800.00.

1850 In MONROE COUNTY on HIGHWAY 39, Section 8, from junction of Highway 17 to Woodruff County line, a distance of 5.99 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,600.00.

1851 In PHILLIPS COUNTY on HIGHWAY 20, Section 2, from

Monroe County Line to Marvell, a distance of 9.80 miles, the Director is authorized to proceed in the most Feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,100.00.

- 1852 In PHILLIPS COUNTY on HIGHWAY 49, Section 0, from Lambrook to Elaine, a distance of 6.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,400.00.
- 1853 In PHILLIPS COUNTY on HIGHWAY 49, Section 1, from end of old concrete pavement east of Elaine - north to end of old asphalt pavement, a distance of 5.92 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,800.00.
- 1854 In WOODRUFF COUNTY on HIGHWAY 17, Section 5, from junction of Highway 37 to Jackson County Line, a distance of 4.95 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,500.00.
- 1855 In WOODRUFF COUNTY on HIGHWAY 33, Section 7, from junction of Highway 38 to Gregory, a distance of 11.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,400.00.
- 1856 In WOODRUFF COUNTY on HIGHWAY 33, Section 8, from junction of U. S. Highway 64 to Jackson County Line, a distance of 10.99 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,000.00.
- 1857 In ARKANSAS COUNTY on HIGHWAY 1, Section 3, from Pendleton Ferry North, a distance of 3.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,300.00.
- 1858 In ARKANSAS COUNTY on HIGHWAY 33, Section 1, from the junction of Highway 30 northward to the junction of Highway 146, a distance of 12.77 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$12,200.00.
- 1859 In ARKANSAS COUNTY on HIGHWAY 146, Section 1, from

the junction of Highway 33 to Prestons Ferry, a distance of 1.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,300.00.

- 1860 In ASHLEY COUNTY on HIGHWAY 81, Section 2, from the Drew County Line-South, a distance of 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.
- 1861 In ASHLEY COUNTY on HIGHWAY 133, Section 1, from Crossett to the Louisiana Line, a distance of 8.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,100.00.
- 1862 In ASHLEY COUNTY on HIGHWAY 133, Section 1 (Temporary Truck Route), from the junction of Highway 82 South to the junction of Highway 133, a distance of 1.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,300.00.
- 1863 In CLEVELAND COUNTY on HIGHWAY 8, Section 10, from the junction of Highway 97 to the Dallas County Line, a distance of 4.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,500.00.
- 1864 In CLEVELAND AND LINCOLN COUNTIES on HIGHWAY 11, Sections 1 and 2, from Pansy to Star City, a distance of 13.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,500.00.
- 1865 In DESHA COUNTY on HIGHWAY 1, Section 1, from McGehee to Watson, a distance of 19.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$23,300.00.
- 1866 In DESHA COUNTY on HIGHWAY 1, Section 2, from the Pendleton Ferry southward (top of levee), a distance of 1.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,300.00.
- 1867 In DESHA COUNTY on HIGHWAY 4, Section 16, from the Bayou Bartholomew Bridge to McGehee, a distance of 3 miles, the

Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated coat of \$3,400.00.

- 1868 In DESHA COUNTY on HIGHWAY 4, Section 17, from the junction of Highway 65 to Arkansas City, a distance of 11.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,200.00.
- 1869 In DESHA and LINCOLN COUNTIES on HIGHWAY 54, Sections 2 and 3, from Dumas to the Garrett Bridge, a distance of 11.82 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,500.00.
- 1870 In DREW COUNTY on HIGHWAY 4, Section 15, from the East City Limits of Monticello to the junction of Highway 138, a distance of 14.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,100.00.
- 1871 In DREW COUNTY on HIGHWAY 81, Section 3, from Monticello-South, a distance of 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,400.00.
- 1872 In DREW COUNTY on HIGHWAY 81, Section 4, from Monticello-North, a distance of 6.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,000.00.
- 1873 In JEFFERSON COUNTY on HIGHWAY 79, Section 10, from the Junction of Highway 88 to Wabaseka, a distance of 7.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,400.00.
- 1874 In HOWARD COUNTY on HIGHWAY 4, Section 3, from the junction of Highway 26-West, a distance of 4.98 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,900.00.
- 1875 In LITTLE RIVER COUNTY on HIGHWAY 32, Section 1, from the junction of Highway 41 to the Oklahoma Line, a distance of 5.68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,500.00.

- 1876 In HOWARD COUNTY on HIGHWAY 26, Section 1, from the junction of Highway 4 to the Pike County Line, a distance of 7.76 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,100.00.
- 1877 In HOWARD COUNTY on HIGHWAY 4, Section 3, from the junction of Highway 24 to the junction of Highway 26, a distance of 7.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,200.00.
- 1878 In HEMPSTEAD COUNTY on HIGHWAY 73, Section 2, from the junction of Highway 4 to Cross Roads, a distance of 6.58 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,100.00.
- 1879 In LITTLE RIVER COUNTY on HIGHWAY 41, Section 3, from the junction of Highway 32 to one-half mile North of Red River, a distance of 8.66 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,000.00.
- 1880 In NEVADA COUNTY on HIGHWAY 76, Section 1, from the junction of Highway 19 to the junction of Highway 4, a distance of 7.38 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,400.00.
- 1881 In MILLER COUNTY on HIGHWAY 82, Section 1, from the End of Concrete Pavement to St. L. & S. W. Overpass Approach, a distance of 13.94 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,900.00.
- 1882 In HEMPSTEAD COUNTY on HIGHWAY 4, Section 6, from the Nevada County Line to the junction of Highway 67, a distance of 6.58 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,100.00.
- 1883 In MILLER COUNTY on HIGHWAY 160, Section 0, from Red River to the junction of Highway 71, a distance of 2.39 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,100.00.

- 1884 In LITTLE RIVER COUNTY on HIGHWAY 32, Section 2, from the junction of Highway 71 to South of junction of Highway 41, a distance of 16.27 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,600.00.
- 1885 In PIKE COUNTY on HIGHWAY 19, Section 7, from the junction of Highway 27 to Narrows Dam, a distance of 6.45 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,500.00.
- 1886 In MILLER COUNTY on HIGHWAY 160, Section 0, from junction of Highway 71 to Texas State Line, a distance of 9.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,400.00.
- 1887 In PIKE COUNTY on HIGHWAY 26, Section 2, from the Howard County Line to the junction of Highway 27, a distance of 4.94 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,200.00.
- 1888 In LAFAYETTE COUNTY on HIGHWAY 29, Section 1, from the Louisiana Line to Lewisville, a distance of 24.40 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$19,300.00.
- 1889 In SCOTT COUNTY on HIGHWAY 71, Section 10, from the Polk County Line to the Logan County Line, a distance of 34.47 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$35,300.00.
- 1890 In MONTGOMERY COUNTY on HIGHWAY 8, Section 2 from Black Springs to the Pike County Line, a distance of 13.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,400.00.
- 1891 In SEBASTIAN COUNTY on HIGHWAY 10, Section 1, from Greenwood to the Logan County Line, a distance of 13.96 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$12,400.00.
- 1892 In LOGAN COUNTY on HIGHWAY 10, Section 2, from the

Sebastian County Line to Booneville, a distance of 7.92 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface, at an estimated cost of \$6,900.00.

- 1893 In SEBASTIAN COUNTY on HIGHWAY 96, Section 1, from the West City Limits of Hartford to the junction of Highway 71 at Mansfield, a distance of 9.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,800.00.

- 1894 In BENTON COUNTY on HIGHWAY 96, Section 4, from the Sebastian County Line to Cecil, a distance of 7.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,000.00.

- 1895 In SEBASTIAN COUNTY on HIGHWAY 96, Section 3, from the East City Limits of Lavaca to the Franklin County Line, a distance of 12.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,900.00.

- 1896 In POLK COUNTY on HIGHWAY 71, Section 9, from the Ouachita River to the Scott County Line, a distance of 7.31 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,600.00.

- 1897 In MONTGOMERY COUNTY on HIGHWAY 270, Section 4, from Mt. Ida to the Garland County Line, a distance of 14.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,600.00.

- 1898 In MONTGOMERY COUNTY on HIGHWAY 270, Section 3, beginning at a point 4 miles West of Mt. Ida to Mt. Ida, a distance of 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,200.00.

- 1899 In LOGAN COUNTY on HIGHWAY 71, Section 11, from the Sebastian County Line to the Scott County Line, a distance of 1.12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,100.00.

- 1900 In POLK COUNTY on HIGHWAY 71, Section 8, from the Sevier County Line to Mena, a distance of 34.77 miles, the Director is authorized to proceed in the most feasible and economical manner with

the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$34,800.00.

- 1901 In SCOTT COUNTY on HIGHWAY 71, Section 12, from the Logan County Line to the Sebastian County Line, a distance of 6.55 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.
- 1902 In SHARP COUNTY on HIGHWAY 63, Section 2, from the junction of Highway 58 to Lawrence County Line, a distance of 7.55 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,100.00.
- 1903 In INDEPENDENCE COUNTY on HIGHWAY 11, Section 15, from Batesville to Cave City, a distance of 13.35 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,400.00.
- 1904 In CLEBURNE COUNTY on HIGHWAY 16, Section 11, from Stark to Heber Springs, a distance of 11.77 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$12,900.00.
- 1905 In WHITE and INDEPENDENCE COUNTIES on HIGHWAY 11, Sections 13 and 14, from Denmark-north to Salado Mtn., a distance of 8.75 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,500.00.
- 1906 In IZARD COUNTY on HIGHWAY 56, Section 2, from Brockwell to Franklin, a distance of 11.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,900.00.
- 1907 In IZARD and FULTON COUNTIES, on HIGHWAY 9, Sections 13 and 14, from Brockwell to Salem, a distance of 18.41 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$24,700.00.
- 1908 In IZARD COUNTY on HIGHWAY 56, Section 1, from Brockwell to Calico Rock, a distance of 14.32 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$16,700.00.

- 1909 In SHARP COUNTY on HIGHWAY 115, Section 3, from the junction of Highway 11 to the junction of Highway 58, a distance of 5.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,800.00.
- 1910 In INDEPENDENCE COUNTY on HIGHWAY 69, Section 3, from Batesville to Sulphur Rock, a distance of 7.81 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,600.00.
- 1911 In WHITE AND JACKSON COUNTIES on HIGHWAY 87, Sections 1 and 2, from Bradford to Denmark, a distance of 8.88 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,000.00.
- 1912 In CLEBURNE COUNTY on HIGHWAY 25, Section 2, from the Faulkner County line to the junction of Highway 16, a distance of 13.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$15,200.00.
- 1913 In GRANT COUNTY on HIGHWAY 167, Section 10, from the Dallas County line to the South City limits of Sheridan, a distance of 13.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,300.00.
- 1914 In HOT SPRING COUNTY on HIGHWAY 84, Section 3, from the Clark County Line to Lambert, a distance of 9.79 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,800.00.
- 1915 In LONOKE COUNTY on HIGHWAY 31, Section 3, from Wattensaw Bayou to the White County Line, a distance of 9.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,500.00.
- 1916 In LONOKE COUNTY on HIGHWAY 89, Section 1, from the West City Limits of Lonoke to Two Prairie Bayou, a distance of 8.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,100.00.
- 1917 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, from Hickory Plains to Des Arc, a distance of 14.80 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,800.00.

1918 In GARLAND COUNTY on HIGHWAY 7, Section 9, from the Hot Spring County Line to Hot Springs, a distance of 8.63 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,800.00.

1919 In HOT SPRINGS COUNTY on HIGHWAY 7, Section 8, from the Clark County Line to the Garland County Line, a distance of 15.64 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,100.00.

1920 In PRAIRIE COUNTY on HIGHWAY 11, Section 9, from Hazen to the Junction of Highway 38, a distance of 14.48 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,500.00.

1921 In GARLAND COUNTY on HIGHWAY 88, Section 5, from the City Limits of Hot Springs to the Morning Star Post Office, a distance of 3.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,700.00.

1922 In GARLAND COUNTY on HIGHWAY 70T, Section 9T, from the end of the Divided Section of the Gorge Route to the Junction of Highway 70, Section 9, a distance of 1.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,400.00.

1923 In HOT SPRING COUNTY on HIGHWAY 9, Section 4, from the Dallas County Line to the South City Limits of Malvern, a distance of 16.68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$15,000.00.

1924 In DALLAS COUNTY on HIGHWAY 8, Section 6, from the junction with HIGHWAY 7 to the Junction with HIGHWAY 9, a distance of 17.06 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,300.00.

1925 In DALLAS COUNTY on HIGHWAY 48; Section 1, from the junction with Highway 9 to the Junction with Highway 167, a distance of 14.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,800.00.

ible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,200.00.

- 1926 In CLARK COUNTY on HIGHWAY 51, Section 1, from the South City Limits of Okolona to the junction with Highway 26, a distance of 14.39 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,200.00.
- 1927 In OUACHITA COUNTY on HIGHWAY 4, Section 8, from the Nevada County Line-East, a distance of 8.97 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,000.00.
- 1928 In DALLAS and CALHOUN COUNTIES on HIGHWAY 8, Sections 8 and 9, from the junction of Highway 79 to the Cleveland County Line, a distance of 4.81 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,900.00.
- 1929 In CALHOUN COUNTY on HIGHWAY 167, Section 4, from the junction of Highway 4 to the Shumaker Ordnance Plant Access Road, a distance of 5.11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,500.00.
- 1930 In BRADLEY COUNTY on HIGHWAY 8, Section 11, from the junction of Highway 15 to the Cleveland County Line, a distance of 8.06 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,800.00.
- 1931 In UNION COUNTY on HIGHWAY 82, Section 6, from the junction of Highway 129 to Hibank Creek, a distance of 11.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,300.00.
- 1932 In COLOMBIA COUNTY on HIGHWAY 19, Section 1, from the South City Limits of Magnolia to Macedonia, a distance of 6.60 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,300.00.
- 1933 In OUACHITA COUNTY on HIGHWAY 7, Section 4, from the junction of Highway 79 to Amy, a distance of 10.92 miles, the Director is authorized to proceed in the most feasible and economical

manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,600.00.

1934 In COLUMBIA COUNTY on HIGHWAY 132, Section 1, from the West City Limits of Magnolia to Bussey, a distance of 14.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,000.00.

1935 In DALLAS COUNTY on HIGHWAY 7, Section 5, from the North City Limits of Sparkman to Dalark, a distance of 9.33 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,100.00.

1936 In JOHNSON COUNTY on HIGHWAY 21, Section 1, from the junction of Highway 64 to Ludwig, a distance of 4.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,000.00.

1937 In PERRY COUNTY on HIGHWAY 9, Section 6, from the Conway County Line-South, a distance of 2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,900.00.

1938 In PERRY COUNTY on HIGHWAY 7, Section 11, from the junction of Highway 60 to Yell County Line, a distance of 2.21 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,900.00.

1939 In PERRY COUNTY on HIGHWAY 113, Section 3, from Bigelow to the Pulaski County Line, a distance of 8.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,400.00.

1940 In CONWAY COUNTY on HIGHWAY 9, Section 8, from the Van Buren County Line-South, a distance of 15.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,900.00.

1941 In FAULKNER COUNTY on HIGHWAY 25, Section 0, from the junction of Highway 64 to Cadron Creek, a distance of 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,800.00.

- 1942 In FAULKNER COUNTY on HIGHWAY 36, Section 1, from Mt. Vernon-South, a distance of 10.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,500.00.
- 1943 In FAULKNER COUNTY on HIGHWAY 60, Section 0, from Toad Suck Ferry-North, a distance of 1.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$1,400.00.
- 1944 In POPE COUNTY on HIGHWAY 27, Section 11, from Dover to Hector, a distance of 11.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,400.00.
- 1945 In POPE COUNTY on HIGHWAY 105, Section 1, from the junction of Highway 27-South, a distance of 9.23 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,900.00.
- 1946 In POPE COUNTY on HIGHWAY 124, Section 2, from the West City Limits of Appleton to the East City Limits of Appleton, a distance of 1 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$900.00.
- 1947 In POPE COUNTY on HIGHWAY 124, Section 1, from Center Valley to the junction of Highway 105, a distance of 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,500.00.
- 1948 In VAN BUREN COUNTY on HIGHWAY 65, Section 7, from the junction of Highway 16-North, a distance of 16 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$21,000.00.
- 1949 In VAN BUREN COUNTY on HIGHWAY 9, Section 9, from the junction of Highway 65-Southwest, a distance of 3.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,700.00.
- 1950 In YELL COUNTY on HIGHWAY 155, Section 1 and S. P. 6, from the junction of Highway 22 to the Top of Mt. Nebo, a distance of

7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,000.00.

- 1951 In YELL COUNTY on HIGHWAY 28, Section 4, from the junction of Highway 7 to the Junction of Highway 27, a distance of 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,300.00.
- 1952 In YELL COUNTY on HIGHWAY 28, Section 3, from Briggsville to Bluffton, selected sections for a distance of 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,000.00.
- 1953 In YELL COUNTY on HIGHWAY 7, Section 13, from the second street in Dardanelle to the junction of Highway 10, a distance of 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,100.00.
- 1954 In YELL COUNTY on HIGHWAY 7, Section 12, from the Perry County Line to the Junction of Highway 10, a distance of 6.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,300.00.
- 1955 In BENTON COUNTY on HIGHWAY 12, Section 3, from Rogers to White River, a distance of 6.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,200.00.
- 1956 In BENTON COUNTY on HIGHWAY 72, Section 1, from the junction of U. S. Highway 62 to Pea Ridge, a distance of 6.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,900.00.
- 1957 In BOONE, NEWTON and SEARCY COUNTIES on U. S. HIGHWAY 65, Sections 2, 3, and 4, from the junction of U. S. Highway 62 South of Harrison to St. Joe, a distance of 21.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$23,000.00.
- 1958 In CARROLL COUNTY on HIGHWAY 21, Section 6, from Berryville-North, a distance of 5.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an esti-

mated cost of \$5,300.00.

- 1959 In CARROLL COUNTY on HIGHWAY 23, Section 10, from the Madison County Line to Eureka Springs, a distance of 7.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,000.00.
- 1960 In SEARCY COUNTY on HIGHWAY 66, Section 1, from Leslie-East, a distance of 6.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,000.00.
- 1961 In WASHINGTON COUNTY on HIGHWAY 62, Section 1, from the Oklahoma State Line to Farmington, a distance of 21.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$23,900.00.
- 1962 In WASHINGTON and BENTON COUNTIES on U. S. HIGHWAY 71, Sections 16 and 17, from Fayetteville to Rogers, a distance of 17.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt shoulders at an estimated cost of \$11,400.00.
- 1963 In MADISON COUNTY on HIGHWAY 68, Section 2, from Hartwell to Holman Creek, a distance of 3.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,300.00.
- 1964 In BOONE and NEWTON COUNTIES on HIGHWAY 7, Sections 18 and 19, from Harrison to the Ozark National Forest Boundary, a distance of 28.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$32,600.00.
- 1965 In BENTON COUNTIES on U. S. HIGHWAY 71, Section 19, from Bentonville to Gravette, a distance of 16.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$14,900.00.
- 1966 In BENTON COUNTY on HIGHWAY 68, Section 0, from the junction of Highway 59 to the Washington County Line, a distance of 10.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,300.00.

- 1967 In WASHINGTON COUNTY on HIGHWAY 68, Section 1, from Benton County Line-East, a distance of 9.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,000.00.
- 1968 In MADISON COUNTY on HIGHWAY 23, Section 9, from the junction of Highway 68 to Forum, a distance of 7.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,200.00.
- 1969 In CRAIGHEAD and GREENE COUNTIES on HIGHWAY 1, Sections 18 and 19, from Jonesboro to Paragould, a distance of 19.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$19,400.00.
- 1970 In CLAY COUNTY on HIGHWAY 1, Section 22, from the junction of U. S. Highway 62 to the St. Francis River, a distance of 4.86 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,200.00.
- 1971 In POINSETT and MISSISSIPPI COUNTIES on HIGHWAY 14, Sections 15 and 16, from Lepanto to Marie, a distance of 13.38 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$12,300.00.
- 1972 In LAWRENCE COUNTY on HIGHWAY 25, Section 7, from the junction of U. S. Highway 63 to Walnut Ridge, a distance of 4.71 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,500.00.
- 1973 In GREEN COUNTY on HIGHWAY 34, Section 3, from the junction of Highway 135 to Beech Grove, a distance of 8.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,300.00.
- 1974 In POINSETT COUNTY on HIGHWAY 39, Section 5, from the Craighead County Line to the junction of Highway 14 at Waldenburg, a distance of 10.68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,700.00.

- 1975 In POINSETT and MISSISSIPPI COUNTIES on HIGHWAY 40, Sections 1 and 2, from Marked Tree to Little River, a distance of 19.03 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$18,200.00.
- 1976 In LAWRENCE COUNTY on HIGHWAY 63, Section 3, from Imboden to Portia, a distance of 11.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,700.00.
- 1977 In RANDOLPH COUNTY on HIGHWAY 90, Section 5, from O'Kean to the junction of U. S. Highway 67, a distance of 11.23 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,600.00.
- 1978 In MISSISSIPPI COUNTY on HIGHWAY 120, Section 1, from the junction of U. S. Highway 61 to the junction of County Road 8 miles east, a distance of 8.03 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,400.00.
- 1979 In MISSISSIPPI COUNTY on HIGHWAY 136, Section 3, from the junction of Highway 40 to the junction of Highway 77, a distance of 5.62 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,100.00.
- 1980 In POINSETT COUNTY on HIGHWAY 149, Section 6, from Marked Tree to Crittenden County Line, a distance of 6.49 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,800.00.
- 1981 In MISSISSIPPI COUNTY on HIGHWAY 150, Section 1, from Number Nine to the junction of Highway 137, a distance of 5.26 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,000.00.
- 1982 In MISSISSIPPI COUNTY on HIGHWAY 181, Section 1, from the junction of Highway 14 at Marie-North, a distance of 3.03 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,900.00.
- 1983 Ashley & Chicot Counties, Job No. 2541, FAP S-440(6). The

contract for the construction of approximately 16.749 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Parkdale-Eudora Road, State Highway 8, Sections 15 and 16, is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas, and S. R. D. Company of Warren, Arkansas on their low bid of \$549,760.60.

- 1984 Sebastian & Crawford Counties, Job No. 4424, FAP F-02-1(2). The contract for the construction of approximately 1763.84' of Remodeling Side Drives and Sidewalks, and Remodeling Expansion Shoes of Existing Truss Spans on the Arkansas River Bridge at Van Buren, U. S. Highway 64, Sections 1 and 2, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$312,355.30, subject to the concurrence of the Bureau of Public Roads.

10556	S-262(1)	115	Lawrence	\$398,830.00
10584	State	158 & 181	Mississippi	<u>\$29,500.00</u>
			TOTAL	\$2,091,810.00

1999 The Director is authorized to transfer from the budget unassigned balance funds for conducting the employees training program including salaries, expenses and supplies, estimated to be \$12,000.00 per training session.

2000 The following Supplemental Agreement has been examined by the Commission and is hereby approved. The Director is instructed to execute the agreement form on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C.</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or Decrease in Project Cost</u>
7511	State	1	Dalark-Jct. 7:51 Surfacing	Ben M. Hogan & Co.	\$13,338.00	None

2001 WHEREAS, the Purchasing Committee has awarded purchases

on January 21, 25 and February 4, 11 and 18, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2002 The Director is authorized to proceed in the most feasible and economical manner with the purchase of testing equipment to be used for the purpose of making soil analysis and investigation by the Materials Division at an estimated cost of \$20,000.00.

2003 WHEREAS, on the portion of the Interstate Highway from the Pulaski County Line to Lehi a contract was awarded to the firm of V. L. Beavers for aerial photography and mapping, and

WHEREAS, as the work progressed it was mutually agreed by representatives of the State and Bureau of Public Roads that more mapping and photography was required than was originally contemplated, and

WHEREAS, the Contract unit prices as bid by V. L. Beavers were unusually favorable,

NOW THEREFORE the Director is authorized to extend the existing contract with V. L. Beavers to incorporate the required additional services, subject to concurrence by the Bureau of Public Roads, at an approximate cost of \$35,000.00.

2004 In MILLER COUNTY in the metropolitan area of the City of Texarkana, the Director is authorized to proceed in cooperation with the Texas Highway Department to make preliminary investigations and studies necessary for the development of a plan for highways of the area to relieve traffic congestion and which will provide for orderly future development in accordance with availability of funds for construction.

2005 In PERRY and PULASKI COUNTIES for the proposed relocation of Highways 10 and 113 caused by construction of the new Little Rock Water Supply, the Director is authorized to sign an agreement with the Commissioners of the Little Rock Municipal Water Works which will define terms upon which the relocation can be made.

2006 WHEREAS, Minute Order 1688 authorized the acceptance of an offer made by Perry County to donate two acres of land located at Perryville, Arkansas, to the Department for use as an Area Headquarters, and,

WHEREAS, legal investigation indicates that the county is prohibited by law from donating property.

THEREFORE, IT IS ORDERED, that Minute Order 1688 be amended to provide for the purchase of this tract of land at a cost not to exceed \$75.00.

All other provisions of Minute Order 1688 shall remain unchanged.

2007 In PULASKI COUNTY on proposed U. S. Highway 67 through the City of Jacksonville, public auction was held in accordance with newspaper publication for the removal of one partially completed frame residence located in the right of way.

The high bid of \$2650.00 submitted by Bart Gray Realty Company is hereby accepted.

2008 In BENTON COUNTY the official routing of State Highway 16, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, State Highway, 16 at Illinois River", drawn 12-5-56.

By this action and in conformity with Supreme Court decisions, the section of old Highway 16, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

2009 In SEARCY COUNTY the official routing of State Highway 27 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, Canaan and Bear Creek", drawn 12-18-56.

By this action and in conformity with Supreme Court decisions, the section of old Highway 27, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

2010 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Berryville, Arkansas, and,

WHEREAS, the Berryville Chamber of Commerce has offered to procure a tract of two acres that is suitably located for such purpose, which they will transfer to the Department at a cost of \$400.00.

NOW THEREFORE, IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property at a cost not to exceed

\$400.00,

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

2011 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Mountain View, Arkansas, and,

WHEREAS, the citizens of Mountain View and Stone County, have a tract of three acres that is suitably located for such purpose, which they have offered to donate to the Department.

THEREFORE, IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State,

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

2012 In SEBASTIAN COUNTY at the DIVISION HEAD-QUARTERS BUILDING, on Midland Boulevard at Fort Smith, the Director is authorized to proceed in the most feasible and economical manner with the work of rewiring the electrical system to provide adequate electrical services for present and future needs at an estimated cost of \$7,100.00.

In ARKANSAS COUNTY at the State Rice Experiment Station the State maintained driveways are hereby extended a distance of 1360 feet as shown by the attached sketch and the Director is authorized to proceed in the most feasible and economical manner with the work of improvement to dustless standard at an estimated cost of \$1,500.00.

2014 In BENTON COUNTY on HIGHWAY 99 from Siloam Springs to Highway 12, a distance of approximately 8 miles, the Director is authorized to proceed with the construction of minor drainage structures with State forces at an estimated cost of \$21,760.00 when the conditions of Minute Order 1625 are fulfilled.

2015 In CLEBURNE COUNTY on HIGHWAY 16, Section 1, between Stark and Miller, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing

two bridges(total length 665 lin. ft.) at an estimated cost of \$11,400.00.

- 2016 In JACKSON COUNTY on HIGHWAY 37 from the Woodruff County Line to Amagon, a distance of approximately 15.25 miles, the Director is authorized to proceed with the construction of minor drainage structures with State forces at an estimated cost of \$13,753.00 when the conditions of Minute Order 1636 are fulfilled.
- 2017 In LONOKE COUNTY the drives serving the State Fish Hatchery, 1.2 miles in length, as shown by the attached sketch are hereby made a part of the designated State Highway System and the Director is authorized to proceed in the most feasible and economical manner with improvements to dustless surface standard at an estimated cost of \$8,200.00.
- 2018 In PULASKI COUNTY, on HIGHWAY 5, Section 1, at Kellogg Creek, 9.22 miles north of the junction with U. S. 67 W at 13th & Main Streets in North Little Rock, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing a bridge, 95 feet long at an estimated cost of \$10,500.00.
- 2019 In JEFFERSON COUNTY, HIGHWAY 81 is hereby extended from the intersection of U. S. Highway 65 north a distance of approximately 1.8 miles to the International Paper Company plant and the Director is authorized to proceed with surveys, plans and construction of grading, structures and surfacing at an estimated cost of \$54,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Jefferson County within 60 days after right-of-way requirements are furnished.
 3. System and program approval by the Bureau of Public Roads.
- 2020 In MONTGOMERY COUNTY on HIGHWAY 88 from Oden to forest boundary, a distance of approximately 10.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, base and surfacing at an estimated cost of \$285,866.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Montgomery County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads and Forest Service.
- 2021 In MONTGOMERY and YELL COUNTIES on HIGHWAY 27 from Story to Aly, a distance of approximately 7.8 miles, the Director is authorized to proceed in the most feasible and economical manner

with the work of constructing grading, structures, base and surfacing at an estimated cost of \$330,540.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Montgomery and Yell Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads and Forest Service.

2022 In PERRY and SALINE COUNTIES on HIGHWAY 9 from the junction with Highway 10 south to forest boundary north of Paron, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridges, estimated total length 605 feet, at an estimated cost of \$79,332.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Perry and Saline Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads and Forest Service.

2023 In SCOTT COUNTY on HIGHWAY 28 from Forester to the forest boundary, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridges, estimated total length 647 feet, at an estimated cost of \$153,550.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Scott County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads and Forest Service.

2024 Jefferson County, Job No. 2552, FAP F-025-2(3). The contract for the construction of approximately 9.798 miles (incl. 87.11' of Br. Remod.) of Grading, Minor Drainage Structures, Gravel Base, Gravel or Crushed Stone Shoulders, ACHM Base and Surface Courses and Remodeling and Widening Two Reinforced Concrete Bridges on the Gould-Pine Bluff Road, U. Lot No. 7.	3 - Automobiles 4 - Station Wagons	\$3,373.00
Lot No. 8.	6 - Station Wagons - 1 - Sedan	
	Delivery	\$2,565.00
Lot No. 9.	7 - Sedan Delivery	<u>\$2,317.00</u>

	Total	\$17,554.00
Twin Lakes Motors, Inc., Mountain Home, Arkansas		
Lot No. 2. 7 - Automobiles		\$2,569.00
Clem Motor Company, 9th & Center Sts., Little Rock, Arkansas		
Lot No. 6. 7 - Automobiles		\$3,648.00
Total amount Lot No. 1 through No. 9		\$23,771.00

2036 WHEREAS, the Purchasing Committee has awarded purchases on February 25, March 4, 11, 18 and 25, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

 NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2037 In PULASKI COUNTY, the planning and design on the Little Rock-North Little Rock Expressway has advanced to the stage that right-of-way acquisition should begin. A first allotment of funds is made in amount of \$625,000.00 from the current Highway Construction Appropriation to cover expense of right-of-way acquisition and other expense incidental thereto.

2038 In NEWTON COUNTY on State Highway No. 7, in the Ozark National Forest, in compliance with Article VI of the Cooperative Agreement dated April 15, 1946, between the Arkansas State Highway Commission and the Commissioner of Public Roads, Public Roads Administration, the State agreed to furnish clear right of way, except upon government lands, without expense to the Federal Government.

 IT IS THEREFORE ORDERED that the Director be authorized to reimburse the Treasurer of Newton County \$1,666.73 for fencing private property adjacent to relocated Sections of Highway No. 7.

2039 In CRITTENDEN COUNTY on Interstate Route 093, the Director is authorized to enter into an agreement with Carver and Carver, Consulting Engineers of Little Rock, Arkansas, for the preparation of plans and specifications for the proposed construction of a traffic interchange between Interstate Highway 093 and U. S. Highway 63 approximately two miles northwest of Turrell, Crittenden County, Arkansas, subject to the approval of the Bureau of Public Roads.

2040 In PULASKI COUNTY on the Little Rock Riverfront Drive, the Director is authorized to negotiate a contract with Wilbur Smith and Associates for consulting engineering services to furnish complete plans and specifications for the signalization and signing of the entire

project at a cost not to exceed \$12,000.00.

2041 WHEREAS, the Department for a number of years has had an agreement with Mr. J. C. Murray, now deceased, for freight traffic service consisting of the furnishing of freight rates and auditing of freight bills of the Department's shipments, and

 WHEREAS the Little Rock Chamber of Commerce has set up a Traffic Department which is utilizing the former staff and facilities of Mr. Murray, and have agreed to render this service on the same basis as heretofore, and

 WHEREAS this service is considered to be essential to the Department on all purchases involving movement via common carriers.

 NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to execute an agreement with The Little Rock Chamber of Commerce for the continuance of this service at a fee not to exceed \$100.00 per month.

2042 In JEFFERSON COUNTY, on Highway 15, the Corps of Engineers, U.S. Army, desires to extend the Plum Bayou Levee. At a point approximately two miles south of the Town of Sherrill, State Highway 15 is in close proximity to the Bayou bank and the economical construction of the levee will require that Highway 15 be shifted some 80 feet eastward for approximately 3500 feet as shown on attached sketch map. The Corps of Engineers proposes to construct this relocation of Highway 15 at no expense to the State.

 The Director is authorized and directed to enter into the necessary agreements with the Corps of Engineers, U. S. Army, to effect the desired relocation of Highway 15 as described above, to accept the relocated facility, and to transfer the State's interest in the abandoned portion of right-of-way to the Corps of Engineers or to the Levee District.

2043 In PHILLIPS, MONROE, ARKANSAS and DESHA COUNTIES the route of HIGHWAY 1 from Marvell to Dumas as shown by sketch dated December 1958 is hereby approved.

2044 In PULASKI COUNTY at the request of the City of North Little Rock the Director is authorized to proceed with surveys and report on the need for modifications and/or improvements of truck routes in the City of North Little Rock.

2045 WHEREAS , it is considered necessary in the interest of efficiency to establish a Sub-Area Headquarters at Black Rock, Arkansas, in Lawrence County, and

 Mr. W. E. Verkler has a tract of 1.19 acres located approximate-

ly 2 miles west of Black Rock, which is suitably located for this purpose and will be donated at no cost to the Department, provided that if the Department should ever abandon this lot, that the property would revert back to Mr. W. E. Verkler, or his heirs.

NOW, THEREFORE IT IS ORDERED that the Director be authorized to act for the Commission in concluding all details necessary for the transfer of title at no cost to the State.

BE IT THEREFORE ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of all buildings, fences, and appurtenances necessary to provide adequate service for a Sub-Area Headquarters at a cost not to exceed \$5,000.00.
