

MINUTE ORDERS FOR 1969

69-1 ARMIL TAYLOR, Commissioner Emeritus

WHEREAS, ten short years have passed since January 14, 1959, and with their passing will cause to expire on January 14, 1969, your term as Member and Chairman of the Arkansas Highway Commission, we, the undersigned, your friends and fellow commissioners, those who will miss your comradeshipg sound counsel, and words of encouragement5 wish for your future the very best of everything. We wish to recognize you for your tireless efforts and acclaim your devotion to the service of this Commission. Your personal contributions over the past decade have promoted progress and economic growth in this Great State through sound planning and the application of business principles in the planning, construction, and maintenance of our system of Interstate, Primary, and Secondary Highways; and

WHEREAS, because of the imminent loss of the aforementioned knowledge and service to this Commission 7 these members 9 acting in their own best interests, do herewithg through this instrument, serve formal notice that you are hereby directed and expected to continue to serve this Commission and the State of Arkansas;

NOW, THEREFORE, with this plaque of appreciation from the Arkansas Highway Department for your past efforts, and with this token of our love and high esteem, we hereby bestow upon you, ad infinitum, the title Commissioner Emeritus.

69-2 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 11:00 A.M., Wednesday, January 89 1969.

69-3 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-554 through 68-556 at the regular meeting of the Commission on November 27, 1968.

..

Note: xx Total utility costs undetermined.

69-4 Effective January 1, 1969, the personnel practices for leave benefits as proposed by the Arkansas State Division of Personnel and approved by the Legislative Council sent to us under date of August 29, 1968, is hereby adopted as the leave plan for Arkansas Highway Department employees.

69-5 In BENTON COUNTY on U. S. Highway 71, Section 18 from the south end of Job 9564 at the junction of Highway 62 north of Rogers to the south city limits of Rogers, a distance of 2.30 miles, and,

 On U. S. Highway 71, Section 19 from Highway 72 south through Bentonville to the north end of Job 9564, a distance of 1.53 miles,

 NOW THEREFORE, the Director is authorized to widen the existing roadway to 4 lanes, construct concrete curb and gutter, asphaltic concrete hot mix base and surface on the existing right of way through Rogers and to resurface the existing pavement through Bentonville as a Betterment Project at an estimated cost of \$370,000.

 Work to be done by contract.

 The moving of utilities to be done by the city of Rogers at no cost to the state on U. S. 71, Section 18

69-6 In SCOTT COUNTY on HIGHWAY 71, from Y City-North, the Director is authorized to negotiate an Agreement with Phillips Engineers of Little Rock, Arkansas, for aerial mapping at an estimated cost of \$69000.00.

69-7 In GREENE COUNTY on State Highway 141, Section 3 between Beech Grove and Hooker the Director is authorized to construct three (3) new bridges (total length 178 lineal feet) and construct minor drainage structures as a Betterment Project at an estimated cost of \$22,500-

 Work to be done by maintenance forces.

69-8 In PERRY COUNTY on State Highway 216, Section 1 at the Fourche La Fave River Bridge the Director is authorized to set up the existing base material and construct a double bituminous surface treatment from Routine Maintenance Funds at an estimated cost of \$4,250.

 Work to be done by contract.

69-9 In POPE COUNTY on State Highway 16, Section 8 from the Van Buren County Line to State Highway 27, a distance of 7.56 miles, and, On State Highway 27, Section 14 from State Highway 16 to the Van Buren County Line, a distance of 2.09 miles, the Director is authorized to construct clearing and grubbing, grading, minor drainage structures, and base as a Betterment Project at an estimated cost of \$36,000.

Work to be done by contract and maintenance forces.
This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

- 69-10 In VAN BUREN COUNTY on State Highway 27, Section 15 from the Pope County Line to the Searcy County Line, a distance of 4.60 miles, the Director is authorized to construct clearing and grubbing, grading, minor drainage structures, and base as a Betterment Project at an estimated cost of \$18,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

- 69-11 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 12:30 P.M., Wednesday, January 8, 1969.

- 69-12 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, January 29, 1969. Upon convening in regular session Mr. Truman Bakerg Vice Chairman, turned the meeting over to Ward Goodman, Director of Highways. The meeting was opened for nominations for the position of Chairman of the State Highway Commission. A motion was made by Mr. John W. Harsh, seconded by Mr. Lawrence Blackwell and unanimously carried to elect Mr. Truman Baker as Chairman. The meeting was turned back to the newly elected Chairman, Mr. Truman Baker. Nominations were then in order for the position of Vice Chairman. A motion was made by Mr. W. Maurice Smith, Jr., seconded by Mr. Lawrence Blackwell and unanimously carried to elect Mr. John W. Harsh as Vice Chairman.

- 69-13 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

69-14 WHEREAS, Minute Order 2745 dated June 11, 1958 excludes materials produced by manufacturers outside the continental limits of the United States, its territories or possessions for use in facilities of the Arkansas Highway Department; and

WHEREAS, it has now been determined that the financial interests of the State can best be served by allowing the use of all materials that otherwise meet the requirements of the specifications; and

WHEREAS, the majority of the other States now permit the use of materials with points of origin outside the United States, its territories or possessions;

NOW THEREFORE, Minute Order 2745 dated June 11, 1958 is hereby rescinded. This action is subject to concurrence of the Bureau of Public Roads on projects financed in whole or in part with Federal Funds.

69-15 WHEREAS the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1969, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for membership dues for the year 1969 in the amount of \$2,279.25.

69-16 WHEREAS, the Purchasing Committee has awarded purchases on November 29, December 9, 16, and 23, 1968, January 6, 13, 15, 20 and 27 1969 in the amounts of \$33,670.10, \$44,320.57, \$140,773.20, \$83,328.13, \$84,961.13, \$7,200.00, \$58,562.90, \$106,699.26 and \$41,477.00 respectively, totaling \$600,992.29, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-17 In CRITTENDEN COUNTY on STATE HIGHWAY 131, Section 2;

WHEREAS, a segment of State Highway 131 is located on the landward berm of the Mississippi River Levee near Porter Lake and will require relocation because of the proposed enlargement of the berm by the Memphis District, Corps of Engineers, U. S. Army; and

WHEREAS, the Corps of Engineers proposes to relocate approximately one and one-half miles of State Highway 131 by shifting the alignment landward on the enlarged berm and by providing a double bituminous roadway surface of 20 feet in width at no cost to the State; and

WHEREAS, this type of construction is similar to that on the existing roadway;

NOW THEREFORE, the Director is authorized to permit the relocation of this segment of State Highway 131 as a part of the Corps of Engineers levee construction contract to be accomplished without cost to the State.

69-18 In CRITTENDEN COUNTY on STATE HIGHWAY 149, Section 5, and STATE HIGHWAY 118, Section 3;

WHEREAS, the Memphis District, Corps of Engineers, U. S. Army, proposes to construct the Big Creek Cutoff Channel which will require the construction of two new bridges on State Highways 149 and 118 north of Earle, Arkansas; and

WHEREAS, the Corps of Engineers proposes to enter into a cost-reimbursable contract for the design and construction of the two new bridges;

NOW THEREFORE, the Director is authorized to negotiate and execute contracts with the Corps of Engineers for the design and construction of the two new bridges at an estimated cost of \$10,200 for design and \$200,000 for construction, subject to 100% reimbursement of the costs involved by the Corps of Engineers.

The Director is further authorized to execute the necessary deeds and easements as may be required by the project.

69-19 In HOT SPRING COUNTY, between Rockport and Social Hill, IT IS ORDERED that the following State Highway System changes are hereby authorized:

1. The official location of State Highway No. 84, Section 6, shall be from the junction of U. S. 270 at Rockport, westerly on present and new location to the west side of Interstate Highway 30, thence southwesterly along the west side of Interstate Highway 30 on new and old location to a junction with the old route west of the Social Hill interchange. (New locations constructed by Jobs 6720 and 6809).

2. The official location of State Highway No. 171, Section 1, shall be in accordance with the new location as constructed by Job 6720, from the junction of the new location of State Highway No. 84 on the west side of Interstate Highway 30, northerly to junction of the present route location.

3. The sections of the old location of State Highway No. 84, Section 6, on the east side of Interstate Highway 30 in the vicinity of Social Hill and the Highway 84 and 171 interchange, which have been replaced by new construction and in accordance with Supreme Court decisions are declared to be no longer a part of the State Highway System; all as shown on the attached sketch which becomes a part of this Order.

69-20 WHEREAS, Minute Order Number 67-473 authorized the Director to select a city and enter into an agreement for the conduct of a Traffic Operations Program to Increase Capacity and Safety (TOPICS); and

WHEREAS, an Agreement of Understanding with the City of Searcy was executed on January 11, 1968, for the conduct of a TOPICS Study in Searcy; and

WHEREAS, the Searcy TOPICS Study has been completed and the findings and recommendations published in a report entitled, "Traffic Operations Program to Increase Capacity and Safety, Searcy, Arkansas, 68"; and

WHEREAS, the Searcy TOPICS Study Committee, composed of representatives of the City of Searcy, the Arkansas State Highway Department, and the Bureau of Public Roads, has approved the findings and recommendations of the report; and

WHEREAS, the City Council of the City of Searcy has approved the findings and recommendations of the study report by a Resolution dated January 7, 1969; and

WHEREAS, the Searcy TOPICS Study has received national recognition as the first study in the United States to be completed in an urban area of less than 25,000 population;

NOW THEREFORE, BE IT RESOLVED that the study, "Traffic Operations Program to Increase Capacity and Safety, Searcy, Arkansas, 1968", is approved to be used as a basis for future traffic operations improvements in the City of Searcy and the Director is authorized to implement the findings and recommendations of the study report pertaining to the State Highway System (Primary Type 1 and Secondary Highway Systems) at an estimated cost of \$39,1009 subject to the following:

1. Approval by the Bureau of Public Roads of the study report and the recommended Arterial City Street System (Primary Type 2 System).
2. Availability of Federal TOPICS funds as established by Section 135 of the 1968 Federal Aid Highway Act.
3. Execution of an Agreement of Understanding with the City of Searcy for the implementation of the findings and recommendations of the Study Report.
4. Agreement by the City of Searcy for the matching of available Federal TOPICS funds with City funds for the implementation of projects on the Arterial City Street System (Primary Type 2 System). Improvements on this system are estimated to cost approximately \$22,200.

69-21 In CROSS, WOODRUFF, AND MONROE COUNTIES on State Highway 39, Sections 6, 7, and 8 and State Highway 17, Section 3, a distance of 25.24 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$320,000.

Work to be done by contract.

69-22 In DALLAS COUNTY on State Highway 7, Section 5 from State Highway 128 at Sparkman to the Clark County Line, a distance of 9.66 miles, the Director is authorized to resurface the existing pavement with asphalt hot mix base and surface as a Betterment Project at an estimated cost of \$167,000.

Work to be done by contract.

69-23 In HEMPSTEAD AND NEVADA COUNTIES on State Highway 24, Sections 3 and 4 from McCaskill to Prescott, a distance of 17.92 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$157,600.

Work to be done by contract.

- 69-24 In LAFAYETTE COUNTY on State Highway 29, Section 2 from Lewisville to the Hempstead County Line, a distance of 9.31 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$79,900.

Work to be done by contract.

This will not eliminate the Program Item approved by Minute Order 67-308, Job 3700 (Lewisville-Palm), nor one mile of Item 4 of Minute Order 3582, Job 3584 (Palm-Hope)

- 69-25 In MILLER COUNTY on U. S. Highway 67, Section 1 in the city of Texarkana the Director is authorized to resurface 0.95 miles of the existing pavement as a Betterment Project at an estimated cost of \$22,000.

Work to be done by contract.

- 69-26 In OUACHITA AND CALHOUN COUNTIES on State Highway 4, Sections 9 and 10 from U. S. Highway 79 to Locust Bayou, a distance of 8.09 miles, the Director is authorized to resurface the existing pavement with asphalt hot mix base and surface as a Betterment Project at an estimated cost of \$126,000.

Work to be done by contract.

- 69-27 In PIKE COUNTY on State Highway 19, Section 6 from the Little Missouri River to Delight, a distance of 6.94 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$61,300.

Work to be done by contract.

- 69-28 In PIKE COUNTY on State Highway 26, Section 3 from Murfreesboro to Delight, a distance of 10.84 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$82,500.

Work to be done by contract.

- 69-29 In SEVIER COUNTY on U. S. Highway 71, Section 5 from Little River to Lockesburg, a distance of 10.04 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix base and surface as a Betterment Project at an estimated cost of \$209,600,

Work to be done by contract.

This will not eliminate the Program Item set up by Minute Order 67-321, Job 3711 (Ben Lomand-north), nor the Program Item set up by Minute Order 67-322, Job 3712 (Lockesburg-south).

- 69-30 In SEVIER COUNTY on U. S. Highway 71, Section 6 from Lockesburg to U. S. Highway 70, a distance of 5.44 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix base and surface as a Betterment Project at an estimated cost of \$108,300.

Work to be done by contract.

- 69-31 In SEVIER COUNTY on U. S. Highway 71, Section 7 from DeQueen to the Polk County Line, a distance of 11.01 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix base and surface as a Betterment Project at an estimated cost of \$230,500.

Work to be done by contract.

This will not eliminate Item 10 of Minute Order 5018, Job 3633 (Junction U. S. 70-KCS Overpass).

- 69-32 In WHITE COUNTY on U. S. Highway 67C, Section 12 from U. S. Highway 67 north to South Main Street in Searcy, and from U. S. Highway 67 west on East Race Street, a total distance of 4.43 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$110,000.

Work to be done by contract.

- 69-33 In WHITE COUNTY on State Highway 323, Section 4 from Highway 258 south, a distance of 5.5 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment, and one 60 foot bridge as a Betterment Project at an estimated cost of \$95,000.

Work to be done by contract and maintenance forces.

- 69-34 In WOODRUFF COUNTY on U. S. Highway 64B, Section 14B from Patterson to the west city limits of McCrory and from State Highway 145 to the east city limits of McCrory, a distance of 2.06 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$33,000.

Work to be done by contract.

- 69-35 Cross County, Job No. 11727, St. Francis Co. Line-Wynne, FAP F-031-2(15). The contract for the construction of approximately 4.280 miles of Grading, Minor Drainage Structures, ACHM Base Widening, ACHM Base & Surface Courses, Gravel Base Shoulders with DBST, Erosion Control Items, Widening 4 Comp. I-Beam Span Bridges (332.67' total), One Bridge-Length Culvert (22.17' span) & Misc. Items, State Highway 1, Section 13, is awarded to Reynolds

& Williams, Inc. of Little Rock, Arkansas on their low bid of \$611,318.29, subject to the concurrence of the Bureau of Public Roads.

- 69-36 Jefferson County, Job No. 2650, Blake St.-Texas St. Pine Bluff), FAP U-025-2(15). The contract for the construction of approximately 2.575 miles of Grading, Minor Drainage Structures, Quarry Stone Fill, Sand Fill, Crushed Stone Base Course (Alt. No. 1) or P. C. Stabilized Base (Alt. No), P. C. Concrete Pavement (9" U.T.), Erosion Control Items, Concrete Combination Curb and Gutter, ACHM Surface Shoulders, Guard Fence, 2 Comp. I-Beam Span Bridges (493.44' total) and Misc. Items, U. S. Highway 65, Sections 14 & 15, for Alternate No. 1, is awarded to McGeorge Contracting Co., Inc. of Pine Bluff, Arkansas, & Bituminous, Inc. of Pine Bluff, Ark., on their low bid of \$2,245,149.78, subject to the concurrence of the Bureau of Public Roads. No qualified bids received on Alternate No. 2.
- 69-37 Jefferson County, Job No. 2697, Mo. Pac. Overpass (Pine Bluff Arsenal), FAP S-A-AD-6(1). The contract for the construction of approximately 0.170 miles of Limited Grading, Crushed Stone Base Shoulders with Bituminous Treated Surface, Asphalt Treated Crushed Stone Base, ACHM Surface, Erosion Control Items, 1 Comb. R. C. Slab Span & Comp. I-Beam Span Overpass Structure (244.0') , Misc. Items, State Highway 256, Section 1, is awarded to Forsgren, Inc. of Fort Smith, Arkansas, on their low bit of \$124,053.75, subject to the concurrence of the Bureau of Public Roads.
- 69-38 Sebastian County, Job No. 4517, 4~th Street-Jct. I-540 (Fort Smith), FAP F-022-1(20). The contract for the construction of approximately 1.037 miles of Grading, Minor Drainage Structures, Selected Material, P. C. Concrete Base (8" U.T.), ACHM Base and Surface Courses, Erosion Control Items and Misc. Items, State Highway 22, Section 1, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$332,802.76, subject to the concurrence of the Bureau of Public Roads.
- 69-39 Sebastian County, Job No. 4552, Oklahoma Line-Hackett, State Job. The contract for the construction of approximately 0.471 mile of Grading, Minor Drainage Structures, DBST & Misc. Items, State Highway 10, Section 0, is awarded to Druyvesteyn Construction Corp. of Fort Smith, Arkansas, on their low bid of \$44,705.95
- 69-40 Sebastian County, Arkansas & Sequoyah, Oklahoma, Job No. 4584, U. S. Hwy. 64 Bridge Relocation (Fort Smith), Corps of Engineers Contract No. DACW03-67-C-0062. The contract for the construction of approximately 0.702 mile of Grading, Minor Drainage Structures, P. C. Concrete Pavement, Concrete Curb, One Reinforced Concrete & Structural Steel River Bridge (3092 lin. ft.), Removal of Existing Bridge, Pier Protection Cells, Road-way and Navigation Lighting and Misc. Items, U. S. Highway 64, Section 0, is awarded to Stanley Barber Construction Co. of Fort Smith, Arkansas, on their low bid of \$5,3589519.28, subject to the concurrence of the Corps of Engineers.
- 69-41 Sebastian County, Job No. 4601, River Front Drive (Fort Smith), State Job. The contract for the construction of approximately 4.798 miles of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base & Surface Courses, Bituminous Treated Shoulders, Fencing, Erosion

Control Items & Misc. Items, State Highway 59, Section 7, is awarded to Forsgren, Inc. of Fort Smith, Arkansas, on their low bid of \$826,148.95.

- 69-42 White County, Job No. 5605, Hwy. 267-Floyd, FAP S-582(2). The contract for the construction of approximately 3.857 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One Bridge Length Culvert (32.92 ft. span), Erosion Control and Misc. Items, State Highway 31, Section 4, is awarded to Burrow-Glover Const. Co., Inc. of Malvern, Ark. & Schmeckbro, Inc. of Little Rock, Ark. on their low bid of \$246,073.14.
- 69-43 Lonoke County, Job No. 6909, Baycu Meto Interchange (I-40), FAP FI-40-4(36)169. The contract for the construction of Grading, Minor Drainage Structures, Crushed Stone Baseg P. C. Concrete Pavement (8" U.T.) on Ramps, ACHM Base & Surface Courses (Go. Rd.), DBST (Shoulders), Erosion Control Items, Widen 1 Comp. I-Beam Span Underpass Structure (308.34') & Misc. Items, Interstate Highway 40, Section 41, is awarded to Hardy Construction Co., Inc. oe Pine Bluff, Ark. on their low bid of \$449,918.63, subject to the concurrence of the Bureau of Public Roads.
- 69-44 Columbia County, Job No. 7625, Waldo-Magnolia Relocation Grading and Structures, FAP F-010-1(23). The contract for the construction of approximately 9.244 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items, Gravel Base with Double Bituminous Surface Treatment (Local Rd.), Three R.C. Slab Span Bridges (660.0 ft. total), One Bridge Length Culvert (41.96 ft. span) and Misc. Items, State Highway 82, Section 3, is awarded to Reynolds & Williams, Inc. of Little Rock, Arkansas, on their low bid of \$1,177,071.22, subject to the concurrence of the Bureau of Public Roads.
- 69-45 Stone & Van Buren Counties, Job No. 8537, Shirley-Northwest, FAP S-528(1) & S-155(3). The contract for the construction of approximately 8.623 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, Erosion Control & Misc. Items, State Highway 110, Sections 2 & 3, & State Highway 16, Section 10, is awarded to Freshour Corporation of Sweet Home, Ark., on their low bid of \$390,347.35.
- 69-46 Johnson County, Job No. 8647, Franklin County Line-Hartman Road Bridges, FAP I-40-2(41)46. The contract for the construction of approximately 0.059 miles of Crushed Stone Base with Double Bituminous Surface Treatment (Local Rd.); One Composite I-Beam Span Underpass Structure (276.198 ft.), Two Composite I-Beam Span Bridges (636.18 ft. total) and Misc. Items, Interstate Highway 40, Section 2, is awarded to Bailey & Crouse Construction Co. of Green Forest, Ark. on their low bid of \$378,639.60, subject to the concurrence of the Bureau of Public Roads.
- 69-47 Poinsett County, Job No. 10795, Marked Tree Bypass (Surfacing), FAP F-033-1(22). The contract for the construction of approximately 12.941 miles of Limited Grading, Lime Treated Subgrade, Gravel Base, Asphalt Treated Gravel Base, ACHM Base & Surface, Erosion Control Items & Misc. Items, State Highway 63, Sections 8 & 9 & State Highway 75, Section 5, is awarded to Bituminous, Inc. of Pine Bluff, Ark. on their low bid of \$958,586.69, subject to the concurrence of the Bureau of Public Roads.

69-48 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at
3:15 P.M., Wednesday, January 29, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
February 27, 1969

69-49 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, February 26, 1969.

The matter of Senate Bill 304 concerning the Turnpike Authority was presented to the Commission by Director Ward Goodman. After discussion a motion was made by Maurice Smith, seconded by Lawrence Blackwell and unanimously carried to endorse Senate Bill 304 as it is written as of this date.

69-50 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-35 through 69-47 at the regular meeting of the Commission on January 29, 1969.

Total for 4 units 31,689.84

\$640,323.46

69-55 WHEREAS, the Arkansas State Highway Commission acquired by County Court Order dated December 4, 1933, the right of way for improvement of Highway 1, Job 11068, which included in addition to regular right of way, an area for a channel change of Link Creek; and

WHEREAS, the described area was acquired for the channel change which was accomplished during construction period of Job 11068; therefore, with the completion of this project the need for land has been met. The District Engineer recommends disposition of property outside normal right of way to the adjoining property owner subject to Drainage District easement for maintenance for the benefit of the public;

Part of the Northeast Quarter of the Southwest Quarter of Section 8, Township 6 North, Range 3 East, Cross County, Arkansas, more particularly described as follows:

Starting at the Northeast Corner of the Northeast Quarter of the Southwest Quarter of Section 8, said Corner also being on the Centerline of State Highway 1; thence North 87° 37' West a distance of 75.0 feet to a point on the existing westerly Right of Way line of said Highway for the point of beginning; thence South 2° 23' West a distance of 415.0 feet to a point; thence North 87° 37' West a distance of 275.0 feet to a point; thence North 2° 23' East a distance of 415.0 feet to a point; thence South 87° 37' East a distance of 275.0 feet to the point of beginning and containing 2.62 Acres, more or less.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the parcel of land described therein in favor of W. V. and Mildred Hegi for the sum of \$750.00

69-56 WHEREAS, in FAULKNER COUNTY on INTERSTATE HIGHWAY 40, at its crossing with Highway 25 in Conway, it was not possible to provide ingress and egress as a part of the Interstate Program; and

WHEREAS, the City Council of the City of Conway passed a resolution, dated November 26, 1968, requesting the State Highway Department and the Bureau of Public Roads to provide an 'off' and 'on' ramp to the west at Highway 25 and stating that the City would furnish the necessary right-of-way, free of manmade obstructions at no cost to the State; and

WHEREAS, after considerable study and investigation, it has been found desirable to construct an 'off' and 'on' ramp to the west at Highway 25, which would convert the existing grade separation facility to an Interchange facility;

NOW THEREFORE, the Director is authorized to proceed with necessary surveys and plan preparation and, as funds become available, to construct ramps, acceleration and deceleration lanes, and other incidentals necessary to provide an Interchange facility at an estimated cost of \$170,000.

This action is subject to the following conditions:

1. That right-of-way be furnished free of encroachments at no cost to the State.
2. Appropriate approval by the Bureau of Public Roads.

69-57 WHEREAS, the U. S. Department of Transportation, by issuance of PPM 21-18, dated January 17, 1969, has made available to the State Highway Department a Traffic Operations Program for Increasing Capacity and Safety (TOPICS) by which Federal Aid funds can be utilized to make specified minor highway improvements for the purpose of increasing the capacity and safety of city streets both on and off the present Federal Aid System.

WHEREAS, Section 10 of the Federal Highway Act of 1968, approved August 23, 1968, has set aside funds to be utilized exclusively in the TOPICS program.

WHEREAS, the City of Batesville, by Resolution dated February 24, 1969, has expressed its desire and interest to be selected for a TOPICS Study.

WHEREAS, numerous planning studies including the 1968 Batesville Highway Traffic Study have been conducted for the City which will provide support information for a TOPICS Study.

WHEREAS, a pilot TOPICS Study has been completed in the City of Searcy and was found to be highly desirable for cities in this population range.

NOW, THEREFORE, the Director is authorized to enter into an Agreement with the City of Batesville to conduct a TOPICS Study. It is understood that the City will provide financial assistance and/or help perform this study and that the Department's portion will be conducted under the TOPICS Program through the Planning and Research Division.

69-58 In INDEPENDENCE COUNTY in the City of Batesville, for a relocation of HIGHWAY 69, Section 2, from the new route of Highway 167 northwest to present Highway 69, a distance of approximately 1.5 miles, the Director is authorized to proceed with surveys and plans and with construction, as funds become available, at an estimated cost of \$200,000. The proposed relocation is in accordance with the Batesville Arkansas 1968 Highway Traffic Study which was approved by Minute Order 68-426.

Furnishing of right of way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-59 WHEREAS, in Monroe County, Arkansas, Brown Brothers Land and Lumber Company, on May 28, 1928, conveyed to the Arkansas State Highway Department, without cost to the state, a right of way through, over and across the following described lands:

Lots One, Three, Four and Five in the Northwest Quarter of Section Thirty-one and South of the Chicago, Rock Island and Pacific Railroad; also the Northeast of Section Thirty-one South of said Railroad; the Fractional Southeast of Section Thirty-one and all of Sections Thirty-two, Thirty-three, Thirty-four and Thirty-five; all in Township Three North and in Range Three West - said right of way to be of sufficient width to and for the proper construction and maintenance of said public highway; and

WHEREAS, in Monroe County, Arkansas, Elmo Chaney, M. R. Stinson, Sam Sayger, L. B. Armstrong and Mittie Joiner on June 1, 1928, conveyed to the Arkansas State Highway Department, without cost to the state, a right of way through, over and across the following described lands.

Sections Thirty-six (36), Township 3 North, Range 4 West, Sections Thirty-one (31), Thirty-two (32), Thirty-three (33), Thirty-four (34), Thirty-five (35), Thirty-six (36), Twenty-five (25), Township 3 North, Range 3 West, Section Thirty (30), Thirty-one (31), Township 3 North, Range 2 West, all in Monroe County, Arkansas;

WHEREAS, these rights of way were conveyed to the Arkansas State Highway Department for the purpose of building a highway, locally known as the Brasfield Cut-off; and

WHEREAS, the Arkansas State Highway Commission constructed a public thoroughfare across these lands, but has subsequently relocated said highway and abandoned those portions of the right of way no longer needed for highway purposes, and does hereby declare said portions surplus; and

WHEREAS, the Deview Water Company is the successor in title to those originally conveying said lands to the Arkansas State Highway Commission, and is the owner of the abutting and contiguous lands to the premises described;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described abandoned portions of the right of way to the Devew Water Company, reserving and excepting to the Arkansas State Highway Commission that portion of the right of way being used as the right of way to U. S. Highway No. 70 in Monroe County.

69-60 In WHITE COUNTY on STATE HIGHWAY 267, Section 1:

WHEREAS, the Missouri Pacific Railroad Company has requested permission to construct two spur crossings of State Highway 267 to serve the Speed Queen plant and other industrial facilities in Searcy, Arkansas;

NOW THEREFORE, the Director is authorized to issue a permit for the construction of the proposed crossings, subject to the following conditions:

1. That the crossings be for the length of the cross ties and a width extending from shoulder to shoulder of the highway and the crossings shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's Office and must meet the approval of the Department's District Engineer.
3. That the Company provide warning signals, displaying reflectorized standard cross-arms, and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

69-61 In BOONE COUNTY, for a bypass of HIGHWAY U.S. 65 in Harrison, along the right-of-way acquired from M. & N.A. Railroad, the Director is authorized to proceed with surveys and plans to determine construction costs and when this phase is completed, to submit them to the Highway Commission for further consideration.

It is anticipated that this project will be let in two stages, the first of which consists of bridges and approaches. Plans are to be worked up on this basis.

69-62 In HEMPSTEAD COUNTY on HIGHWAY 195, Section 1, from Fulton to State Highway 73, a distance of approximately 9.7 miles, the Director is authorized to proceed with surveys and plans and when funds are available, with construction at an estimated cost of \$451,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-63 In HEMPSTEAD and HOWARD COUNTIES on HIGHWAY 332, Sections 3 and 4, from Tollette to State Highway 4, a distance of approximately 8.1 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$408,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-64 In MILLER COUNTY on HIGHWAY 196, Section 1, from State Highway 134 - West, a distance of approximately 5.0 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$236,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-65 In NEVADA COUNTY on HIGHWAY 19, Section 5, from State Highway 24-North, a distance of approximately 8.1 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$435,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-66 In NEVADA COUNTY on HIGHWAY 368, Section 1, from State Highway 24 to the Ouachita County Line, a distance of approximately 2.8 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$109,000. Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-67 In PIKE COUNTY on HIGHWAY 301, Section 1, from Billston West, a distance of approximately 3.0 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$200,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-68 In POPE COUNTY on HIGHWAY 333, Section 0, from Highway 64 south and west, a distance of approximately 1.65 miles, the Director is authorized to proceed with surveys and plans and, when funds are available, with construction at an estimated cost of \$236,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 69-69 In CALHOUN COUNTY on State Highway 274, Section 2 from a point 4.36 miles east of the Ouachita County Line, east a distance of 6 miles, the Director is authorized to resurface the

existing pavement with asphaltic concrete hot mix base and surface from Routine Maintenance Funds at an estimated cost of \$74,000.

Work to be done by contract.

69-70 In CALHOUN AND BRADLEY COUNTIES on State Highway 4, Sections 11 and 12 from State Highway 160 to Banks, a distance of 8.65 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$ 101, 000.

Work to be done by contract.

69-71 WHEREAS, in CRAWFORD AND SEBASTIAN COUNTIES at the Van Buren Bridge on U. S. Highway 64 across the Arkansas River it is necessary to install navigation lights to comply with Coast Guard regulations, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

IT IS ORDERED that the Director be authorized to prepare plans, specifications, and let a contract for this work to be done as a Betterment Project at an estimated cost of \$6,000.00.

69-72 In DALLAS COUNTY on State Highway 9, Section 2 and State Highway 8, Section 7 from the Ouachita County Line to Princeton the Director is authorized to resurface 12.88 miles of the existing pavement as a Betterment Project at an estimated cost of \$206,000.

Work to be done by contract.

69-73 In INDEPENDENCE COUNTY on State Highway 14, Section 9 from Southside to Oil Trough, a distance of 11.74 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$116,400.

Work to be done by contract.

This will not eliminate Program Item No. 34 of Minute Order 64-375 (Job 5566, Junction of U. S. Highway 167-East) or 2.34 miles of Program Item No. 1 of Minute Order 3586 (Job 5502, West Oil Trough - Junction Highway 67).

69-74 In MISSISSIPPI COUNTY on State Highway 140, Section 2 and State Highway 120, Section 1 the Director is authorized to replace four (4) inadequate and decayed drainage structures as a Betterment Project at an estimated cost of \$21,500.

Work to be done by maintenance forces.

- 69-75 In MONTGOMERY COUNTY on State Highway 27, Section 7 from Washita to the Yell County Line, a distance of 6.0 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$61,800.

Work to be done by contract.

- 69-76 In POLK COUNTY on U. S. Highway 71, Section 8 from Wickes to Cove, a distance of 11.0 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$138,800.

Work to be done by contract.

This action will not eliminate Program Item approved by Minute Order 68-172 (Job 4628, Hatton-Cove) or that part of the Program Item approved by Minute Order 68-170 (Job 4626, Grannis-Hatton) from Wickes to Hatton.

- 69-77 WHEREAS, in PULASKI COUNTY at Little Rock on the Arkansas River Bridge on Interstate 30, the Main Street Bridge on State Highway 5, and the Broadway Bridge on U. S. Highway 70 it is necessary to install navigation lights to comply with Coast Guard regulations, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

IT IS ORDERED that the Director be authorized to prepare plans, specifications, and let a contract for this work to be done as a Betterment Project at an estimated cost of \$22,000.

- 69-78 In SCOTT COUNTY on U. S. Highway 270, Section 2 from Wye City, east a distance of 8.22 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$66,700.

Work to be done by contract.

- 69-79 In SCOTT COUNTY on State Highway 28, Section 2 from U. S. Highway 71, east a distance of 12.48 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$116,800.

Work to be done by contract.

- 69-80 In WHITE COUNTY on State Highway 16, Section 13 between Searcy and Pangburn the Director is authorized to construct new bridges and approaches at Big Creek and Panther Creek as a Betterment Project at an estimated cost of \$150,000.

Work to be done by contract.

69-81 WHEREAS, in YELL COUNTY at the Dardanelle Bridge on State Highway 7 across the Arkansas River it is necessary to install navigation lights to comply with Coast Guard regulations, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

IT IS ORDERED that the Director be authorized to prepare plans, specifications, and let a contract for this work to be done as a Betterment Project at an estimated cost of \$6,000.00.

69-82 Cross, Woodruff & Monroe Counties, Job No. 11-590, Jct. U. S. 64-Interstate 40 (Overlay), State Job (Betterment). The contract for the construction of approximately 25.24 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 39, Sections 6, 7 & 8, and State Highway 17, Section 3, is awarded to Ben M. Hogan Co. Inc. of Little Rock, Ark. on their low bid of \$279,164.00.

69-83 Sevier County, Job No. 3-605, Little River-Lockesburg Overlay, State Job (Betterment). The contract for the construction of approximately 10.04 miles of ACHM Overlay and Misc. Items, U. S. Highway 71, Section 5, is awarded to Madden Contracting Company of Minden, La. on their low bid of \$1513,901.85.

69-84 Sevier County, Job No. 3-606, Lockesburg-Jct. U. S. 70 Overlay, State Job (Betterment). The contract for the construction of approximately 5.44 miles of Asphaltic Concrete Hot Mix Base Course, Asphaltic Concrete Hot Mix Surface Course and Misc. Items, U. S. Highway 71, Section 6, is awarded to Madden Contracting Company of Minden, La. on their low bid of \$86,036.58.

69-85 Sevier County, Job No. 3-607, DeQueen-Polk County Line Overlay, State Job (Betterment). The contract for the construction of approximately 11.01 miles of Asphaltic Concrete Hot Mix Base Course, Asphaltic Concrete Hot Mix Surface Course and Misc. Items, U. S. Highway 71, Section 7, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Ark. on their low bid of \$228,339.45.

69-86 Polk County, Job No. 4-605, Acorn-North & Monroe Street in Mena (Overlay), State Job (Betterment). The contract for the construction of approximately 7.24 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 8, Section 1 and U. S. Highway 71, Section 9, is awarded to Mid-State Construction Company of Malvern, Ark. on their low bid of \$84,864.20.

69-87 Dallas County, Job No. 7-605, Jct. S. H. 128-Clark County Line (Overlay), State Job (Betterment). The contract for the construction of approximately 9.66 miles of Dense Graded Hot Mix Base Course, Asphaltic Concrete Hot Mix Surface Course and Misc. Items, State Highway 7, Section 5, is awarded to Mid-State Construction Company of Malvern, Ark. on their low bid of \$133,500.80.

- 69-88 Ouachita & Calhoun Counties, Job No. 7-606, Jct. Highway 79- Locust Bayou (Overlay), State Job (Betterment). The contract for the construction of approximately 8.09 miles of Dense Graded Hot Mix Base Course, Asphaltic Concrete Hot Mix Surface Course and Misc. Items, State Highway 4, Sections 9 & 10, is awarded to Jet Asphalt & Rock Co. of El Dorado, Ark. on their low bid of \$105,195.63.
- 69-89 Hempstead & Nevada Counties, Job No. 3644, Emmet Interchange-Hwy. 332 Grading & Structures, FAP I-30-1(22)36. The contract for the construction of approximately 6.059 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control & Misc. Items throughout project; Gravel Base & Bituminous Surface Treatment on Frontage Roads & Cross Roads; 4 R.C. Slab Span Bridges (708 lin. ft. total), 2 R.C. & Structural Steel I-Beam Span Bridges (640.76 lin. ft. total) & 1 R.C. & Structural Steel I-Beam & Plate Girder Span Bridge (464.58 lin. ft.); & 5 Bridge Length Culverts (173.68 lin. ft. total span), Interstate Highway 30, Section 1, is awarded to W. L. Sharpe Contracting Co. of Memphis, Tennessee, on their low bid of \$2,017,369.18, subject to the concurrence of the Bureau of Public Roads.
- 69-90 Franklin County, Job No. 4528, East Gar Creek-Johnson Co. Line Grading & Structures, FAP I-40-1(22)39. The contract for the construction of approximately 5.117 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control & Misc. Items throughout project; Crushed Stone Base & Bituminous Surface Treatment on Hwy. 186; 1 R.C. & Structural Steel FR. Bridge (334.65') and 2 R.C. & Structural Steel I-Beam Span Bridges (491.33' total), Interstate Highway 40, Section 1, is awarded to McClellan Construction Co., Inc. of Fcrt Smith, Ark. on their low bid of \$1,735,792.67, subject to the concurrence of the Bureau of Public Roads.
- 69-91 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, February 26, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 26, 1969

69-92 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, March 26, 1969.

69-93 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-89 through 69-90 at the regular meeting of the Commission on February 26, 1969.

Job No.	Project	Route	County	Contract & E& C	R/W & utilit ies	Total
3644	I-30-1(22)	30	Hempstead & Nev ada	2,218,920	4,250. xx	2,223,170
140537	R/W for Job 3644				140,000	140,000
4528	I-40-1(22)	40	Franklin	1,909,150	46,590	1,955,740
4500	R/W for Job 4528				103,000.	103,000
Grand Totals				4,128,070	293,840.	4,421,910

69-94 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

69-95 WHEREAS, each year it is necessary to place a bituminous surface treatment on many miles of asphalt roads to preserve the riding surface, and,

WHEREAS, this work is performed in the spring and summer, as weather conditions permit,

IT IS ORDERED that the Director be authorized to approve the attached bituminous program in the amount of \$1,000,000. This amount to be requested from the 1969-70 budget.

No additional allotment will be requested for this fiscal year.

69-96 WHEREAS, the increasing demands placed on production in the Sign Shop by the construction of larger signs for the interstate system necessitates the purchase of new equipment, and,

WHEREAS, the purchase of a drying oven with steel racks and a mechanical squeegee for painting signs will conserve critical floor space and increase the efficiency of the shop,

IT IS ORDERED that the Director be authorized to purchase this new equipment at an estimated cost of \$10,750.

This action will eliminate the need for the provisions of Minute Order 68-479.

69-97 WHEREAS The Arkansas State Highway Commission acquired by County Court Order dated December 30, 1939 the right of way for improvement of U. S. Highway 62, Job 9134, which included in addition to regular right of way, an area for drainage improvement; and

WHEREAS, the work for which property was acquired has been completed and need for extra property has passed. The District Engineer recommends reducing the right of way to the required width to meet needs for highway construction and maintenance purposes. The described parcel of land to be released to adjoining ownership which was concurred in by Bureau of Public Roads, March 10, 1969:

Starting at the Southeast Corner of Block 14 of the Original Survey of the City of Berryville; said point being on the existing westerly Right of Way line of U.S. Highway 62; thence North 23° 19' West along said existing right of way line a distance of 88 feet, more or less, to a point; thence South 66° 41' West a distance of 15.0 feet to a point; thence north 23° 19' west a distance of 41.7 feet, more or less, to a point; thence in a northwesterly direction on a curve Left, having a radius of 108.7 feet a distance of 124.4 feet to a point; thence North 1° 05' East a distance of 15.0 feet to a point; thence in a southeasterly direction on a curve Right, having a radius of 123.7 feet a distance of 141.6 feet to a point; thence South 23° 19' East a distance of 41.7 feet, more or less, to the point of beginning and containing 0.06 Acres, more or less.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute Quitclaim Deeds for the parcels of land described therein in favor of adjacent property owners Raymond Crow, Clyde and Beulah Newman, and Oscar and Kathleen Newman for consideration of ONE DOLLAR (\$1000).

69-98 In FRANKLIN COUNTY on HIGHWAY 23, Section 6, at the Arkansas River Bridge in Ozark, the Director is authorized to install illumination at an estimated cost of \$10,000.

The City Council of the City of Ozark passed a resolution on February 11, 1969 requesting the bridge illumination and agreeing to operate and maintain the lighting system at no cost to the State.

69-99 WHEREAS, the Purchasing Committee has awarded purchases on March 3, 10, 17 and 24, 1969, in the amounts of \$119,604.06, \$69,842.30, \$94,930.55 and \$147,593.94 respectively, totaling \$431,971.45, and sales on March 10, 1969, in the amount of \$126.30, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

- 69-100 In CLARK COUNTY on State Highway 7, Section 6 from the Dallas County Line northwest to State Highway 51, a distance of 11.24 miles, the Director is authorized to resurface the existing pavement with asphalt hot mix base and surface as a Betterment Project at an estimated cost of \$195,000.

Work to be done by contract.

- 69-101 In CONWAY COUNTY on State Highway 9, Section 7 from the Arkansas River Bridge to Morrilton, a distance of 1.90 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$21,000.

Work to be done by contract and maintenance forces.

- 69-102 In DREW COUNTY on State Highway 133, Section 4 between Wilmar and State Highway 35 the Director is authorized to replace four (4) deteriorated timber bridges (Total length of 245 feet) as a Betterment Project at an estimated cost of \$38,800.

Work to be done by contract and maintenance forces.

- 69-103 In MADISON COUNTY on State Highway 127, Section 2 from State Highway 12, west a distance of 2.0 miles, the Director is authorized to construct grading, minor drainage structures, crushed stone base, and double bituminous treatment as a Betterment Project at an estimated cost of \$50,000.

Work to be done by maintenance forces.

- 69-104 Polk County, Job No. 4-608, Wickes-Cove (Overlay), State Job (Betterment). The contract for the construction of approximately 11.00 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, U. S. Highway 71, Section 8, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Ark. on their low bid of \$111,745.00.

- 69-105 Scott County, Job No. 4-609, Jct. U. S. 71-Cedar Creek Bridge (Overlay), State Job (Betterment). The contract for the construction of approximately 12.48 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 28, Section 2, is awarded to Mid-State Construction Company, of Malvern, Ark. on their low bid of \$115,434.22.

- 69-106 White County, Job No. 5-549, Overlay City Route (Searcy), State Job (Betterment). The contract for the construction of approximately 4.43 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, U. S. Highway 67C, Section 12C, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Ark. on their low bid of \$100,091.60.

- 69-107 Independence County, Job No. 5-551, Southside-Oil Trough (Overlay), State Job (Betterment). The contract for the construction of approximately 11.74 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 14, Section 9, is awarded to House & House Construction Co. of Batesville, Ark. on their low bid of \$108,590.75-
- 69-108 Calhoun & Bradley Counties, Job No. 7-608, Jct. S. H. 160 Banks (Overlay), State Job (Betterment). The contract for the construction of approximately 8.65 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 4, Sections 11 & 12, is awarded to Jet Asphalt & Rock Co. of El Dorado, Ark. on their low bid of \$78,932.30.
- 69-109 Dallas County, Job No. 7-609, Ouachita County Line-Princeton (Overlay), State Job (Betterment). The contract for the construction of approximately 12.88 miles of Dense Graded Hot Mix Base Course and Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 9, Section 2 and State Highway 8, Section 7, is awarded to D. F. Jones Const. Co., Inc. of Little Rock, Ark. on their low bid of \$158,883.45.
- 69-110 Phillips County, Job No. 11693, Helena Loop Route, FAP U-018-1(15) & F-018-1(14). The contract for the construction of approximately 4.964 miles of Grading, Minor Drainage Structures, Gravel Base Asphalt Treated Gravel Base, ACHM Base & Surface, Bituminous Treated Shoulders, Concrete Curb & Gutter, Erosion Control Items, Fencing, 1 Bridge Length Culvert (30.33 ft. span) & Misc. Items, State Highway 49, Section 3, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Ark. on their low bid of \$1,674,628.49, subject to the concurrence of the Bureau of Public Roads.
- 69-111 Desha & Arkansas Counties, Job No. 2712, Arkansas River Bridge & Approaches (Pendleton) Superstructure, State Job. The contract for the construction of approximately 0.715 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Base & Surface, Bituminous Treated Shoulders, Erosion Control, One RC and Structural Steel I-Beam and Plate Girder Span River Bridge Super-structure (2898.67 lin. ft.) and Misc. Items, State Highway 1, Sections 2 & 3, is awarded to Carter Construction Co., Inc. of Benton, Ark. on their low bid of \$1,632,200.94, which, under the provisions of Act 264 of 1961, is deemed the best bid.
- 69-112 Hempstead County, Job No. 3721, Guernsey Rd.-Hwy. 29 (Surfacing), FAP I-30-1(57)25. The contract for the construction of approximately 5.785 miles of Grading, Minor Drainage Structures, Selected Material, Lime Treated Subgrade, Portland Cement Stabilized Base, Portland Cement Concrete Pavement Cont. Reinforced (8" U.T.), Erosion Control Items, Bituminous Treated Shoulders, Guard Fence and Misc. Items, Interstate Highway 30, Section 1, is awarded to Ben M. Hogan, Co., Inc. of Little Rock, Ark. on their low bid of \$2,391,058.97, subject to the concurrence of the Bureau of Public Roads.
- 69-113 Pike County, Job No. 3728, Prairie Creek Bridge & Approaches, State Job. The contract for the construction of approximately 0.279 mile of Grading, Minor Drainage Structures, Gravel Base, 1 Composite I-Beam Span Bridge (179.12 Ft.), Removal of Existing Bridge, Maintenance of

Traffic and Misc. Items, State Highway 301, Section 1, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Ark. on their low bid of \$71,387.55.

69-114 Carroll County, Job No. 9565, Osage Creek Bridge & Approaches, FAP RS-194(10). The contract for the construction of approximately 0.241 mile of Grating, Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface, Bituminous Treated Shoulders, One Composite I-Beam Span Bridge (441.16 ft.) and Misc. Items, State Highway 68, Section 4, is awarded to Waldron Construction Co. of Waldron, Ark. on their low bid of \$229,417.00.

69-115 Statewide, Job No. 1435, Primary System Mileposting, National Highway Safety Bureau Project No. IS-68-2-001. The contract for providing and installing steel mileposts, with reflectorized sign-faces on the entire Primary Highway System (not including Interstate Highway System) in the State of Arkansas, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Ark. on their low bid of \$72,151.20, subject to the concurrence of the Bureau of Public Roads.

69-116 Pulaski County, Job No. C-60-48, Little Rock Port Road, FAP SU-1135(2). The contract for the construction of approximately 1.832 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, ACHM Surface Course, One Composite I-Beam Span Bridge (182.08 Ft. Length) and Misc. Items, County FAS Route 1484, is awarded to APT Construction Co. of North Little Rock, Ark. on their low bid of \$356,116.34, subject to the concurrence of the Pulaski County Judge.

69-117 Miller County, Job No. 3704, Greenwich Village-Central, State Job. The contract for the construction of approximately 7.282 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, Solid Sodding, 1 Bridge Length Culvert (26.33 ft.) and Misc. Items, State Highway 196, Section 1, is awarded to Southwest Arkansas Company, Inc. of Texarkana, Ark. on their low bid of \$393,292.11.

69-118 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, March 26, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
APRIL 23, 1969

69-119 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, April 23, 1969.

69-120 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-110 through 69-117 at the regular meeting of the Commission on March 26, 1969.

69-122 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable;

NOW THEREFORE, the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1970, at a cost of \$13,200.00 to be paid to the National Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning and Research Division of the HPR-1(7) funds.

69-123 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1969 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

69-124 WHEREAS, the Purchasing Committee has awarded purchases on April 1, 7, 14 and 21, 1969, in the amounts of \$226,707.45, \$336,716.95, \$252,940.78 and \$90,744.48 respectively, totaling \$907,109.66, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-125 In INDEPENDENCE COUNTY, in the CITY OF BATESVILLE, on HIGHWAY 167, from the White River Bridge north to Main Street, a distance of approximately 1.0 mile, the Director is authorized to proceed with surveys and plans and with construction, as funds become available, at an estimated cost of approximately \$325,000.00. This action is subject to appropriate approval by the Bureau of Public Roads.

This action supersedes Minute Order 66-505, adopted September 28, 1966, pertaining to the programmed construction on this section of highway.

69-126 In JEFFERSON COUNTY, in the City of Pine Bluff, on HIGHWAY 79, at Arkansas AM&N College, for the construction of a pedestrian overpass, at an estimated cost of \$30,000, the Director is authorized to proceed with surveys and plans and with construction, as funds become available. This action is subject to the construction of the necessary fencing and sidewalks at no cost to the State.

69-127 WHEREAS it is the desire of both the Arkansas State Highway Commission and Asphalt Products Company to exchange certain lands hereinafter described with the additional consideration of \$22,000.00 to be paid to the Arkansas State Highway Commission by Asphalt Products Company at the time of the exchange.

WHEREAS the lands belonging to the Arkansas State Highway Commission to be delivered in exchange for property last herein described are to be delivered less every fixture or item except the metal building and gas pumps with tanks, and metal fence.

WHEREAS the lands to be exchanged by the Arkansas State Highway Commission are more particularly described as follows:

All that part of a strip of land 40 feet in width, being 20 feet on each side of the center line of former main spur tract to the plant of the Arkansas Brick & Manufacturing Company, as described in "FIRST" of Warranty Deed dated January 19, 1909, from the Arkansas Brick & Manufacturing Company to the St. Louis, Iron Mountain and Southern Railway Company (now Missouri Pacific Railroad Company), recorded in Record Book Deeds 96, Page 361, of the Recorder of Deeds Office for Pulaski County, Arkansas, in the East Half of the Northwest Quarter of Section 17, Township 1 North, Range 12 West, lying westerly of a straight line at right angles to said center line at a point 390 feet westwardly from the intersection of said center line with the North and South center line of said Section 17. Also

A strip of land 14 feet in width, being 7 feet on each side of the center line of a former spur track known as the "Warehouse Spur" and being the same property described in "THIRD" of said deed from Arkansas Brick & Manufacturing Company to the St. Louis, Iron Mountain & Southern Railway Company.

WHEREAS the lands to be exchanged by Asphalt Products Company are more particularly described as follows:

Part of the West Half of the Northwest Quarter of the Northeast Quarter of Section 35, Township 1 North, Range 12 West, more particularly described as follows:

Starting at the Northwest corner of said Northeast Quarter Section 35; thence South 0° 05' West 980.85 feet along N-S center line of Section 35 to the point of beginning; thence

East 328.0 feet to a point; thence North 89° 35' West 662.1 feet to a point; thence North 0° 05' East 326.95 feet along N-S center line of Section 35 to the point of beginning.

NOW THEREFORE, the Chairman of the Arkansas State Highway Commission is hereby authorized to execute a deed conveying the lands first herein described to Asphalt Products Company upon delivery of a deed from Asphalt Products Company conveying the lands last hereinabove described to the Arkansas State Highway Commission, and upon payment of the \$22,000.00 monetary consideration.

69-128 WHEREAS in PULASKI COUNTY the Highway Department has acquired a five-acre site for a new area headquarters on Shamburger Lane on the east side of U. S. Highway 65 near the State Highway 338 interchange, and

WHEREAS there is a need for buildings and appurtenances,

IT IS ORDERED that the Director be authorized to construct a building, including resident engineer's office, fences, and appurtenances necessary for a complete headquarters facility as a Building Project at an estimated cost of \$35,000.

Work to be done by contract.

69-129 In ST. FRANCIS COUNTY on STATE HIGHWAY 261, Section 2, in Palestine:

WHEREAS, it has been determined that the Chicago, Rock Island & Pacific Railroad crossing of State Highway 261 in Palestine is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$10,000, subject to the following conditions:

1. That the Chicago, Rock Island Pacific Railroad Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.

2. All required right-of-way will be furnished free of cost to the State.

3. Program approval by the Bureau of Public Roads.

69-130 In OUACHITA AND CALHOUN COUNTIES on State Highway 4, Sections 9 and 10 from U. S. Highway 79 to Locust Bayou, a distance of 7.52 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$54,000.

Work to be done by contract.

69-131 In SHARP COUNTY on State Highway 230, Section 1 there is a light I-Beam bridge being replaced under Job No. 5573, which cannot be used virtually intact on a state highway, and,

WHEREAS, the County Judge of Sharp County has requested this bridge for use on a county road,

NOW THEREFORE, IT IS ORDERED that the Director be authorized to convey this bridge to Sharp County, and the County Judge is authorized to remove the materials from the bridge site upon completion of the new structure.

69-132 WHEREAS, in VAN BUREN COUNTY on State Highway 356, Section 1 from State Highway 92 to the Cleburne County line, Minute Order 68-166 was approved March 27, 1968, for grading, minor drainage structures, one bridge, and approximately three inches of base material, and,

WHEREAS the district engineer would like to increase the base to six inches in preparation for a double bituminous surface treatment, IT IS ORDERED that the Director be authorized to supplement Betterment Job 8-575 in the amount of \$40,000 to purchase the additional base material dumped on the road.

Work to be done by contract.

69-133 Clark County, Job No. 7-607, Jct. S. H. 51-Dallas County Line (Overlay), State Job (Betterment). The contract for the construction of approximately 11.24 miles of Dense Graded Hot Mix Base Course and Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 7, Section 6, is awarded to Mid-State Construction Company of Malvern, Ark. on their low bid of \$200,411.45.

69-134 Cross County, Job No. 11765, Wynne-Harrells Corner, FAP F-031-2(23). The contract for the construction of approximately 3.789 miles of Grading, Minor Drainage Structures, Gravel Base Course, Asphalt Treated Gravel Base Course, ACHM Base & Surface Courses, Bituminous Treated Shoulders, Concrete Comb. Curb & Gutter, 2 Bridge-Length Culverts (44.34 ft. total span), 1 Plate Girder Span Railroad Underpass Structure (142.84 ft.), Shoo-fly Bridge & Approaches & Misc. Items, State Highway 1, Sections 13 & 13Y, U. S. Highway 64, Section 16, is awarded to Reynolds & Williams, Inc. of Little Rock, Ark., on their low bid of \$1,298,197.33, subject to the concurrence of the Bureau of Public Roads.

69-135 Pulaski County, Job No. 6856, Ark. River- Crystal Hill Rd. Grading, FAP I-430-2(83)140. The contract for the construction of approximately 0.742 mile of Grading, Minor

Drainage Structures, Fencing and Erosion Control items, Interstate Highway 430, Section 2, is awarded to S & W Const. Co. of Ten., Inc. of Memphis, Tenn., on their low bid of \$1,455,278.79, subject to the concurrence of the Bureau of Public Roads.

69-136 Conway & Faulkner Counties, Job No. 8646, Plumerville-Gold Creek Signing, FAP I-40-3(58)113. The contract which consists of Interstate Signing including Delineators, Standard Signs, Guide Signs-Roadside Mounted, Breakaway Sign Supports and Misc. Items, Interstate 40, Sections 31 & 32, is awarded to Fosco Fabricators, Inc. of Dixon, Ill., on their low bid of \$75,999.00, subject to the concurrence of the Bureau of Public Roads.

69-137 Carroll County, Job No. 9463, West Berryville-Green Forest, FAP F-RF-030-2(7). The contract for the construction of approximately 9.883 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Asphalt Treated Crushed Stone Base, Bituminous Treated Shoulders, Concrete Curb & Gutter, ACHM Base & Surface Courses, Erosion Control Items, Fencing, Concrete Retaining Walls, 4 Bridge-Length Culverts (119.25 ft. total span) & Misc. Items, U. S. Highway 62, Sections 4 & 5, is awarded to Freshour Corporation, of Sweet Home, Ark., on their low bid of \$2,480,181.17, subject to the concurrent of the Bureau of Public Roads.

69-138 Washington County, Job No. 9567, Strickler-Hwy. 170, FAPRS-530(4). The contract for the construction of approximately 2.547 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, and Misc. Items, State Highway 265, Section 1, is awarded to F. H. Necessary & Son Const. Co., Inc. of Rogers, Ark. & Paul K. Horn Concrete Const. Co. of Greenland, Ark. on their low bid of \$167,333.65.

Mr. Ward Goodman brought up the matter of the Memphis Bridge. After a discussion Mr. Goodman gave the costs on the completion of the Arkansas portion. The figures were verified by Mr. Rex Leathers, representative of the Bureau of Public Roads. A motion was made by Maurice Smith, seconded by John Harsh and carried to proceed with the completion of the work on the Arkansas portion of the bridge on which plans are ready and funds available, prior to June 30, 1969.

69-139 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday April 23, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 28, 1969

69-140 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, May 28, 1969.

69-141 Allotment is hereby made for construction for the listed jobs on which awards were made by Minute Orders 69-134 through 69-138 at the regular meeting of the Commission on April 23, 1969.

69-143 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information available; and

WHEREAS, the U. S. Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the U. S. Geological Survey for the periot of July 1, 1969 to June 30, 1970, on an expanded service basis involving the expenditure of State Funds in the amount of \$35,000.00, to the end that we are provided more drainage data and information.

69-144 WHEREAS, the Purchasing Committee has awarded purchases on April 28, May 5, 12, 19 and 26, 1969, in the amounts of \$105,172.53, \$126,767.91, \$570,493.74, \$35,157.85 and \$215,140.62 respectively, totaling \$1,052,732.65, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-145 In BAXTER COUNTY, IT IS ORDERED that a road to serve an industrial plant at Gassville, beginning at the junction of State Highway No. U.S. 62 approximately 0.3 mile west of the junction of State highway No. 126, thence north approximately 0.33 mile, as shown on attached sketch, is hereby made a part of the State Highway System.

69-146 In CONWAY and FAULKNER COUNTIES on Interstate 40 at the crossing of the Cadron River.

WHEREAS, the United States Corps of Engineers, in the construction of Lock and Dam No. 8 on the Arkansas River, has requested a perpetual easement over the property described as Tract 454E, as related to Lock and Dam No. 8, for the purpose of a permanent flowage with the right to occasionally overflow the lands lying between elevation 269.5 and 275.0 mean sea level in connection with the operation and maintenance of Lock and Dam No. 8; and

WHEREAS, the Corps of Engineers agrees and understands that this easement provides the United States has liability for damages to the facilities of the Arkansas State Highway Department on this property as may occur because of the construction, operation, installation, and maintenance of said river project.

NOW, THEREFORE, the Chairman is hereby authorized and directed to execute the subject easement donation deed.

69-147 WHEREAS, the U.S. Department of Transportation by issuance of PRM 21-18, dated January 17, 1969, has made available to the State Highway Department a Traffic Operations Program for Increasing Capacity and Safety (TOPICS) by which Federal-aid funds can be utilized to make specified minor highway improvements for the purpose of increasing the capacity and safety of city streets both on and off the present Federal-aid System.

WHEREAS, Section 10 of the Federal Highway Act of 1968, approved August 23, 1968, has set aside funds to be utilized exclusively in the TOPICS program.

WHEREAS, the City of Texarkana, Arkansas, by Resolution No. 303, has expressed its desire and interest to be selected for a TOPICS study.

WHEREAS, numerous planning studies including the 1965 Texarkana Urban Transportation Study have been conducted for the City which will provide support information for a TOPICS study.

NOW, THEREFORE, the Director is authorized to enter into an Agreement with the City of Texarkana, Arkansas, to conduct a TOPICS study. It is understood that the City will provide financial assistance and/or help to perform this study and that the Department's portion will be conducted under the TOPICS program through the Traffic Division.

69-148 WHEREAS, Act 82, section 7, of the 1959 State Legislature authorizes and directs the State Highway Commission to enter into appropriate contracts and cooperative agreements and to expend funds in aid of archeological salvage and preservation on state highway lands and rights-of-way; and

WHEREAS, the University of Arkansas Museum as the agent for the Arkansas Archeological Survey has requested funds to recover information about a prehistoric Indian village as existing within the right-of-way of the re-routing of State Highway 308, near Marked Tree; and

WHEREAS, it is in the public interest to recover and preserve these historical relics for educational and cultural use;

NOW, THEREFORE, THE DIRECTOR IS AUTHORIZED to enter into an agreement with the University of Arkansas to pay 50% of the total cost of the archeological recovery, provided however that the Department's share will not exceed \$6,000.00.

69-149 WHEREAS, The Arkansas State Highway Commission acquired property in fee, by deed dated December 9, 1959, the right of way for Interstate 30, Little Rock-North Little Rock Expressway, which included in addition to regular right of way requirement, a remnant of Lot 9, Block 5, Woodruff Addition to the City of Little Rock, Pulaski County, Arkansas; and

WHEREAS, this segment of Interstate program has been completed and need for small triangular parcel of 475 square feet acquired as remnant of Lot 9, Block 5, Woodruff Addition has passed, the District Engineer recommends disposition of the following described land which is concurred in by the U. S. Department of Transportation:

Part of Lot 9, Block 5 of Woodruff's Addition to the City of Little Rock, Pulaski County, Arkansas, more particularly described as follows:

Beginning at the Northeast Corner of Lot 9 of Block 5, said point being on the existing easterly Right of Way line of Interstate 30; thence North 88° 33' West along said right of way line and the North Lot line a distance of 15.47 feet to a point on the proposed easterly right of way line of said Highway; thence South 12° 34' East along said proposed right of way line a distance of 63.4 feet to a point on the existing easterly right of way line and the East line of said Lot; thence North 1° 32' East along said existing right of way line and Lot line a distance of 61.53 feet to the point of beginning and containing 475 square feet.

WHEREAS, the prior owner of subject land has granted to the Cook Realty and Investment Company a deed of her interest in said land, and

WHEREAS, the property has been appraised and market value determined by qualified appraisers, and the appraised valuation acceptable to the Investment Company.

NOW THEREFORE, as all policy procedural requirements have been accomplished in accordance with regulations and State law, the Chairman is hereby authorized to execute the attached deed to the land described herein in favor of the Cook Realty and Investment Company for the sum of \$5,000.00.

69-150 In CLEBURNE COUNTY on State Highway 210, Section 0 from State Highway 25, west a distance of 0.82 miles, the Director is authorized to set up the existing base material and construct a double bituminous surface treatment as a Betterment Project at an estimated cost of \$10,000.

Work to be done by purchase order contract.

69-151 WHEREAS, in CRITTENDEN COUNTY on Interstate 40, Section 52 and Interstate 55, Section 11 from the West Memphis interchange to the Mississippi River levee, a distance of 4 miles, Allotment 11-237S from the Bituminous Program has been made to overlay selected sections of the frontage roads with cold mix asphalt, and,

WHEREAS, a determination has been made by the District Engineer that additional strengthening for this section of road is required and that this can be done by the use of these funds for the purchase of asphaltic concrete hot mix and by the use of Routine Maintenance Funds for the lay down and finish operation,

NOW THEREFORE, IT IS ORDERED that the Director be authorized to let a contract for the lay down and finish operation at an estimated cost of \$10,000.

69-152 In CROSS COUNTY on State Highway 193, Section 2 from U. S. Highway 64, north a distance of 5.23 miles, the Director is authorized to construct grading, minor drainage structures, base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$64,800.

Work to be done by contract and state forces.

This action will eliminate the provisions of Minute Order 68-515, Job No. 11811 (Highway 64 - north).

69-153 In GREENE COUNTY on State Highway 228, Section 5 between the Cache River and Highway 25 the Director is authorized to reconstruct one bridge (108 feet in length) as a Betterment Project at an estimated cost of \$9,500 for material.

Work to be done by maintenance forces.

69-154 In POLK COUNTY on State Highway 88, Section 1 in the city of Mena from the Kansas City Southern Railroad, west a distance of 1.15 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$28,500.

Work to be done by contract.

- 69-155 In STONE COUNTY on State Highway 5, Section 16 from Highway 14 to Coon Creek, a distance of 8 miles, the Director is authorized to construct a double bituminous surface treatment as a Betterment Project at an estimated cost of \$17,600.

Work to be done by maintenance forces.

- 69-156 WHEREAS, in Van Buren County on State Highway 356, Section 1 from Highway 92 to the Cleburne County Line, a distance of 6.75 miles, grading, minor drainage structures, one bridge and base material have now been completed in preparation for a double bituminous surface treatment,

NOW THEREFORE, IT IS ORDERED that the Director be authorized to supplement Betterment Job 8-575 in the amount of \$50,500 to construct the double bituminous surface treatment.

Work to be done by contract.

- 69-157 In WHITE COUNTY on State Highway 11, Section 11 from U. S. Highway 67 southeast to Walker Corner, a distance of 7.5 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$75,000.

Work to be done by contract

- 69-158 Pike County, Job No. 3-604, Murfreesboro-Delight (Overlay), State Job (Betterment). The contract for the construction of approximately 10.84 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 26, Section 3, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Ark. on their low bid of \$70,801.80.

- 69-159 Jackson County, Job No. 5-534, Watson Lake-Jct. Hwy. 14 (Stab. Base), State Job (Betterment). The contract for the construction of approximately 4.01 miles of Portland Cement Stabilized Base Course and Misc. Items, State Highway 224, Section 1, is awarded to O'Neal Paving Co., Inc. of Memphis, Tenn. on their low bid of \$37,410.90.

- 69-160 White County, Job No. 5-552, Morning Sun-Walker Corner Overlay), State Job (Betterment). The contract for the construction of approximately 7.50 miles of ACHM Surface Course Overlay and Misc. Items, State Highway 11, Section 11, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Ark. on their low bid of \$81,325.70.

- 69-161 Cross County, Job No. 11709, Highway 42 Grade Raise (Oak Donnick Floodway), FAP RS-303(7) C of E Contr. No. DACW66-68-C-0008. The contract for the construction of approximately 1.499 miles of Grading, Minor Drainage Structures, Gravel Base, Bituminous Surface Treatment, 2 R.C. Slab Span Bridges (500 lin. ft. total length), 1 R.C. & Str. Steel I-Beam Span Bridges (398.08 lin. ft.), Removal of Existing Bridge and Misc. Items, State Highway 42,

Seciton 3, is awarded to Bradco Construction, Inc. of Warren, Ark. on their low bid of \$486,029.76, subject to the concurrence of the Corps of Engineers.

- 69-162 Nevada County, Job No. 3645, Highway 332-Hwy. 19 Grading, Structures & Surfacing, FAP I-30-1(23)42. The contract for the construction of approximately 2.878 miles of Grading, Minor Drainage Structures, Lime Treated Subgrade, Fencing, Erosion Control, Bituminous Treated Shoulders & misc. items throughout project; P.C. stabilized Base & P.C. Concrete Pavement-Cont. Reinf. (8" U.T.) on main lanes & ramps; Gravel Base, Asphalt Treated Gravel Base & ACHM Base & Surface on Hwy. 24; R.R. Trackwork; 1 R.C. & Structural Steel Plate Girder Span U'pass (489.34') on Hwy. 24 & 1 R.C. & Structural Steel Plat Girder Span R.R. U'pass (345.96'), Interstate 30, Section 1, is awarded to Reynolds & William's, Inc. of Little Rock, Ark. on their low bid of \$2,546,122.88, subject to the concurrence of the Bureau of Public Roads.
- 69-163 Lafayette & Columbia Counties, Job No. 3653, Stamps - Columbia Co. Line, FAP F-010-1(26). The contract for the construction of approximately 4.531 miles of Grading, Minor Drainage Structures, Gravel Base, Asphalt Treated Gravel Base, ACHM Base and Surface, Concrete Comb. Curb & Gutter, Bituminous Treated Shoulders, Erosion Control Items, 1 R.C. Slab Span Bridge (420.00 ft.) 3 Bridge Length Culverts (80.51 ft. total span), Rest Area Facilities and Misc. Items, State Highway 82, Sections 2 & 3, is awarded to Reynolds & Williams, Inc. of Little Rock, Ark. on their low bid of \$1,183,864.75, subject to the concurrence of the Bureau of Public Roads.
- 69-164 Howard & Pike Counties, Job No. 3709, Briar-Newhope Bridges & Approaches, FAP RS-577(1). The contract for the construction of approximately 2.078 miles of Grading, Minor Drainage Structures, Gravel Base, Erosion Control, 4 R.C. Slab Span Bridges (459.00 ft. total) and Misc. Items, State Highway 369, Sections 1 & 2, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Ark. on their low bid of \$298,441.30.
- 69-165 Franklin County, Job No. 4487, Jct. Hwy. 23-East Gar Creek Grading & Structures, FAP I-40-1(21)35. The contract for the construction of approximately 3.800 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control & Misc. Items throughout project; Crushed Stone Base & ACHM Base & Surface or Bituminous Surface Treatment on Cross Roads; 1 R.C. & Structural Steel Frame Underpass structure (308'), 2 R.C. Slab Span Overpass Structures (242' total), and 1 Bridge Length Culvert (47.83 span), Interstate 40, Section 1, is awarded to Forsgren, Inc. of Fort Smith, Ark. & McClellan Construction Co., Inc. of Fort Smith, Ark. on their low bid of \$1,833,706.50, subject to the concurrence of the Bureau of Public Roads.
- 69-166 Stone County, Job No. 5574, Iazard County Line-South, FAP FH-5-1(1) & RS-89(7). The contract for the construction of approximately 6.320 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Comp. I-Beam Span Bridge (195.00 ft.), 1 Bridge-Length Culvert (37.71 ft. span), Erosion Control Items and Misc. Items, State Highway 5, Section 16, is awarded to Rock Products, Inc. of Heber Springs, Ark. on their low bid of \$759,969.71, subject to the concurrence of the Bureau of Public Roads.

- 69-167 Union County, Job No. 7663, El Dorado-Hwy. 335, FAP F-019-1(5) The contract for the construction of approximately 3.824 miles of Grading, Minor Drainage Structures, Gravel Base, Asphalt Treated Gravel Base, ACHM Base & Surface, Bituminous Treated Shoulders, Fencing, Erosion Control Items, 2 R.C. Slab Span Bridges (224.0 ft. total), 1 Comp. I-Beam Span Grade Separation Structures (192.08 ft.), 1 Structural Steel Plate Girder RR Bridge (173.5 ft.) and Misc. Items, State Highway 7, Section 2, is awarded to Michey's, Inc. of Warren, Ark. and Ben M. Hogan Co., Inc. of Little Rock, Ark. on their low bid of \$1,754,786.14, subject to the concurrence of the Bureau of Public Roads.
- 69-168 Benton County, Job No. 9571, Rogers Widening & Surfacing, State Job. The contract for the construction of approximately 2.197 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, ACHM Base & Surface Courses, Concrete Comb. Curb & Gutter, Traffic Signal Lights 1 Bridge-Length Culvert (32.17') & Misc. Items, State Highway 71, Section 18, is awarded to Anchor Construction Co. of Fayetteville, Ark. on their low bid of \$596,910.36.
- 69-169 Randolph County, Job No. 10777, Ingram-Warm Springs Bridges & Approaches, State Job. The contract for the construction of approximately 0.757 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, Two Prestressed Precast Slab Span Bridges (284.48 ft.) and Misc. Items, State Highway 251, Section 1, is awarded to Miss. Valley Contracting Co., Inc. of Paragould, Ark. on their low bid of \$163,963.30.
- 69-170 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, May 28, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 25, 1969

69-171 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, June 25, 1969.

69-172 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-161 through 69-169 at the regular meeting of the Commission on May 28, 1969.

69-174 WHEREAS, the Purchasing Committee has awarded purchases on June 2, 9, 16 and 23, 1969, in the amounts of \$69,234.25, \$19,339.04, \$213,290.60 and \$102,487.90 respectively, totaling \$404,351.79, and sales on June 23, 1969, in the amount of \$29,492.41, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-175 WHEREAS, on May 12, 1969, the Procurement Officer for the Department advertised for delivery of asphalt products on a supply contract for the fiscal year beginning July 1, 1969, and,

WHEREAS, bids were received, opened, and read on June 2, 1969, and after a review by members of the Internal Audit Section, on June 23, 1969, the Purchasing Committee made a tentative award, based on low bids at plant and destination points, with the tentative award being made without prejudice to rights that may have accrued or may accrue either to the Department or any vendor, and subject to ratification by the Commission,

NOW THEREFORE, after reviewing the actions of the Purchasing Committee, the Highway Commission ratified their actions in all respects.

69-176 WHEREAS, Article II of Act 640 of the Acts of the General Assembly for the year 1967 authorizes the Arkansas State Highway Commission to determine by agreement with the U. S. Secretary of Transportation, unzoned industrial areas for the control of junkyards in areas adjacent to Interstate and Primary Highways; and

WHEREAS, an agreement defining unzoned industrial areas for the control of junkyards in areas adjacent to the Interstate and Primary Highways in this State has been entered into with the U. S. Secretary of transportation;

IT IS THEREFORE, CONSIDERED AND ORDERED that the following definition of an unzoned industrial area for the control of junkyards is hereby adopted in accordance with Article II of Act 640 of the Acts of the General Assembly for the year 1967, and is ordered published as prescribed by law.

UNZONED INDUSTRIAL AREA FOR THE CONTROL OF JUNKYARDS. An unzoned industrial area shall mean the land occupied by the regularly used building, parking lot and storage or processing area of an industrial activity and that land within 1,000 feet of said area, as measured along or parallel to the edge of pavement of the highway which is (1) located on the same side of the highway as the industrial activity, and (2) not predominantly used for residential or commercial purposes, and (3) not zoned by State or local laws, regulations, or ordinances.

For the purposes of this definition, an industrial activity shall mean those permitted only in industrial zones or in less restrictive zones by the nearest recognized public zoning authorities or such activities prohibited by said authority but generally recognized as industrial by other authorities within the State, except that none of the following shall be considered industrial activities:

1. Outdoor advertising structures.
2. Agricultural, forestry, grazing, farming, and similar activities, including, but not limited to, wayside fresh produce stands.
3. Transient or temporary activities.
4. Activities not visible from the main traveled way.
5. Activities more than 660 feet from the nearest edge of the right-of-way.
6. Activities conducted in a building principally used as a residence.
7. Railroad tracks and minor sidings, except in the area of a permanent facility for loading and unloading trains.
8. Junkyards, as defined in Art. II, Sec. 2 of Act 640 of the Acts of the General Assembly for the year 1967.

SECTION 2. That the definition of Unzoned Industrial Area for the Control of Junkyards set forth above shall be published in the Arkansas Gazette and the Arkansas Democrat once each week for three consecutive weeks.

SECTION 3. That two (2) copies of this Minute Order shall be mailed by certified mail, return receipt requested, to the Circuit Clerk of each County with directions that one (1) copy of this Minute Order be posted immediately at the Courthouse and one (1) copy of the Minute Order be retained in his office for public information.

SECTION 4. That the Legal Division shall be charged with the responsibility of seeing that these Rules and Regulations are published according to law and to maintain the prepared files in connection therewith.

69-177 WHEREAS, Article II of Act 640 of the Acts of the General Assembly for the year 1967 (Ark. Stats. 76-2513-2519) directs the Arkansas State Highway Commission to promulgate rules and regulations governing the location, planting, construction, and maintenance, including materials used therein, for the screening and fencing of junkyards as defined by the said Act;

IT IS THEREFORE, CONSIDERED AND ORDERED that the following rules and regulations are hereby adopted for the screening and fencing of junkyards as defined by Act 640 of the Acts of the General Assembly for the year 1967, and are ordered published as prescribed by law.

I. General.

These rules shall apply to all junkyards located on all highways designated by the Arkansas Highway Commission as Interstate Highways or Primary Highways, and which can be screened using natural objects, plantings, fences or other appropriate means. These rules do not apply to junkyards in zoned industrial areas, zoned by an authorized zoning commission or those which exist in an unzoned industrial area as determined by an agreement between the Arkansas State Highway Commission and the U. S. Department of Transportation.

II. Screening.

A. Fences.

1. The fencing shall be of permanent materials and constructed so that it will be capable of remaining erect for at least 10 years.

2. The fencing shall be high enough to screen all junk and junked cars from view of the traveled way of the highway, Should the junk pile(s) be increased in height, the fence must also be increased.

3. It shall extend along the frontage of the junkyard parallel to the highway and perpendicular to the highway along the sides of the junkyard to a distance so that all junk and wrecked cars will be screened from view oœ the traveled way of the highway. The fence must be located on the right of way line of the highway in front of the junkyard unless permission is obtained from the Highway Department to locate it elsewhere.

4. The fence must be neat in appearance and of a uniform color and height. Steel signs will not be acceptable as a fencing material. If the fence is to be painted, it shall be of a uniform color or neatly trimmed in another color. Bright, loud colors will not be acceptable.

5. It is not necessary that the fence be solid. However, the open spaces must be small enough that the junk material is substantially screened.

6. The fence shall be maintained by the owner andtor operator of the junkyard. Should the fence become damaged or destroyed, it must be repaired within 30 days.

B. Plantings.

1. If plantings are to be used for screening, they must be large enough and placed close enough to screen the junk and junked cars immediately after planting.

2. All plants used must be of evergreen varieties.

3. Plants must be located with the same stipulations as fences.

4. In no cases will the planting of young plants or sparse plants with the purpose that in time the screening will be accomplished be acceptable.

5. Should the plants become diseased, die or be damaged in any way so as to cause the junk not to be screened, they must be replaced within 30 days.

C. Natural Objects.

1. Natural occurring rock outcrops, woods, earth mounds, etc., may be utilized for screening if they are of a size such that the junk cannot be seen from the traveled way of the highway.

2. Natural objects may be used in conjunction with plantings, fences or other appropriate objects to screen junkyards.

D. Other Appropriate Objects for Screening.

1. Subject to prior approval by the Arkansas State Highway Commission, other objects for screening such as buildings, houses and occupied house trailers may be used entirely or in part to screen junkyards provided the objects are neat in appearance and properly maintained so as not to mar the natural beauty of the highway and its facilities.

III. Conditions with Regard to Screening.

A. It shall be the responsibility of the owner and/or operator of the junkyard to see that the screening is erected and maintained.

B. Prior to screening, plans showing the location of the proposed screen and a description of the materials to be used must be submitted to the Arkansas Highway Department, Maintenance Division, Roadside Development Section, P. O. Box 2261, Little Rock, Arkansas, 72203, for approval.

C. In no cases may the highway right of way be utilized for the storage of junk or junked vehicles. If the storage of junk or junked vehicles occurs in front of an erected screen, the yard shall be considered unscreened, and in violation of the provisions of Act 640 of the acts of the General Assembly for the year 1967.

IV. Failure to Screen.

Unscreened junkyards in violation of Act 640 of the Acts of the General Assembly for the year 1967 are deemed nuisances, and will be abated as prescribed by law.

SECTION 2. That the regulations set forth above shall be published in the Arkansas Gazette and the Arkansas Democrat once each week for three consecutive weeks.

SECTION 3. That two (2) copies of this Minute Order be mailed by certified mail, return receipt requested, to the Circuit Clerk of each County with directions that a copy of this Minute

Order be posted immediately at the Courthouse, and one (1) copy of the Minute Order be retained in his office for public information.

SECTION 4. That the Legal Division shall be charged with the responsibility of seeing that these Rules and Regulations are published according to Law and to maintain the prepared files in connection therewith.

69-178 WHEREAS, the Arkansas State Highway Commission did by Minute Order No. 68-200 adopt certain safety regulations for the movement of mobile homes on the highways of the State of Arkansas as directed by Act 263 of the Acts of the General Assembly for the year 1959 and Act 457 of the Acts of the General Assembly of the State of Arkansas for the year 1965; and,

WHEREAS, the application of the said regulations have been found workable and desirable and certain changes are needed; and

WHEREAS, it has been determined that mobile homes in excess of ten feet in width and equipped with a single axle, are being transported on the highways of the State of Arkansas; and,

WHEREAS, these movements of mobile homes in excess of ten feet in width, equipped with a single axle, are dangerous to the traveling public and endanger the lives of the operators of the vehicles towing the said mobile homes; and,

WHEREAS, Act 123 of the Acts of 1953 (Ark. Stats. 76-201.5(n) (2)), provides that additions and amendments to such regulations shall be published in the same manner as the original rules and regulations.

NOW THEREFORE, Minute Order No. 68-200 is hereby amended by adding Paragraph No. 9 to read as follows:

(9) The permit for the movement of a mobile home in excess of ten feet in width but not to exceed twelve feet in width, shall provide that the mobile home shall be equipped with tandem axles, and that the tandem axles be equipped with proper brakes.

The Legal Division of the Highway Department is hereby charged with the responsibility of seeing that these amendments and additions to these Regulations are published according to law and to maintain the permanent files in connection therewith.

69-179 Effective July 1, 1969, personnel of the Department will be governed by the attached Policy dated June 25, 1969, in the matter of "Use of State Vehicles."

POLICY OF THE USE OF STATE VEHICLES

It has always been the policy of the Highway Commission that no State vehicle could be used for other than official business. In the past few years, with the passage of time, more and more people have been using State vehicles for transportation from home to work and back, which is causing much dissatisfaction for those people who do not have this privilege and it is also contrary to good business practices.

In an effort to bring about uniformity, the Highway Commission adopts the following policy, effective July 1, 1969:

ADMINISTRATIVE - CENTRAL OFFICE

Persons assigned and permitted to drive automobiles to and from work will be determined as follows:

1. The following positions will be permanently assigned a vehicle; Director, Assistant Director, Chief Engineer, Assistant Chief Engineers and Division Heads; they are subject to call at all times. (Automobiles assigned to Division Heads will be utilized within the Division for local use during the work period.)
2. Individuals involved wholly or primarily in field operations necessitating full time use of a vehicle and others whose working condition requires at least 60% of their time on the road away from their base office may be assigned a vehicle.
3. Persons below Division Head status who do not meet the above criteria will not be assigned a unit without adequate justification, approved by the Assistant Director.
4. Assignment of a unit to an individual is considered approval to drive the vehicle between their work and home. As usual, no use for other than official use will be permitted.
5. Vehicles will be assigned the Divisions as necessary and will be considered Divisional Pool vehicles. The number assigned a Division or Section shall be recommended by the Division Head after a careful study is made of the needs.

MAINTENANCE - DISTRICTS

In each District there are certain Maintenance employees who are considered to be subject to call at any time. The following shall be assigned a vehicle:

District Engineers
District Maintenance Superintendents
Assistant Maintenance Superintendents
District Permit Officers
Area Foremen
Job Superintendents and District Equipment Supervisors
Ferry Foremen.

All other Personnel are to leave their vehicles at Area Headquarters or District Office at night.

CONSTRUCTION - RESIDENT ENGINEERS

The policy covering the use of construction vehicles provides some general rules to be followed:

1. Highway Department vehicles are for official use only, and must not be used for any other purpose.

2. Driving vehicles home at night should be governed by the circumstances, but as a general rule should be held to the minimum necessary to adequately protect the equipment and supervise the work.

3. Transportation to and from work will not be provided for employees who do not live in the town or city where their home office is located unless justification can be presented which is satisfactory to the District Engineer.

4. Permission to drive a vehicle home at night must be obtained from the District Engineer, and vehicles not taken home will be parked at locations designated by the District Engineer.

MATERIALS AND TESTS - FIELD PERSONNEL

Material Inspectors shall have a vehicle assigned to them because their work schedule is subject to the operations of Contractors and material suppliers and is unpredictable.

HEAVY BRIDGE MAINTENANCE - FIELD CREWS

The only personnel assigned vehicles and permitted to drive weekends are the four Foremen in order that they will be readily available in case of emergency.

RADIO SECTION - MAINTENANCE PERSONNEL

The personnel in this section responsible for the upkeep of our radio network shall be assigned a vehicle.

This policy is in no way expected to decrease the efficiency of operation. We simply have drifted beyond the normal in vehicles assignment and away from the prime purpose of this practice. The

administration of the above is the direct responsibility of the Division Head. When a Section is not part of a Division, administration will be by the Assistant Chief Engineer or Assistant Director, whomever is appropriate. General criteria has been designated and provisions for justifiable exceptions provided. It is expected that the proper application of the intent of this policy statement will effect a reduction in the number requested per Division. Vehicles assigned to individuals must be registered with the Assistant Director.

69-180 WHEREAS, the Department's policies regarding salaries and promotions and the Membership of the Salary Committee were established by Minute Order No. 66-162 and Minute Order No. 67-6, and

WHEREAS, recent personnel changes within the Department have affected the Membership of the Salary Committee,

NOW, THEREFORE, in order to continue the Department's existing policies regarding personnel and salaries and to retain the Membership of the Salary Committee as established by

Minute Order No. 66-162 and Minute Order No. 67-6, the Salary Committee henceforth will be composed of the Chief Engineer, the Assistant Director, the Construction Engineer, and the Maintenance Engineer.

All other conditions of Minute Order No. 66-162 and Minute Order No. 67-6 shall remain in effect.

69-181 WHEREAS, for efficient control of work, it is often necessary to transfer field personnel that are not locally available from their place of residence to another; and

WHEREAS, the employee, in moving his household furnishings from one job location to another, incurs moving expenses for a move not of his choice and beyond his control; and

WHEREAS, in the past, reimbursement for actual moving expenses was limited to a total of \$120.00; and

WHEREAS, moving costs have increased greatly;

NOW, THEREFORE, reimbursement of actual moving expenses may be authorized to a total of \$200.00 (Two Hundred Dollars) when certified by the Division Head or District Engineer that the transfer is in the best interest of the Department and that no qualified personnel is available locally, and when supported by an acceptable receipt as having been paid, and with prior approval by the Chief Engineer.

Effective date of this increase in moving expenses will be July 1, 1969.

69-182 In FAULKNER AND PERRY COUNTIES on STATE HIGHWAY 60, Sections 0 and 1:

WHEREAS, in accordance with the tripartite agreement between the Corps of Engineers, the Bureau of Public Roads, and the Department under Contract No. DA-03-050-CIVENG-65-121; the Corps of Engineers has accepted bids for the construction of that portion of the highway bridge outside the limits of the masonry lock and dam and proposes to award a contract to the low bidder, Bituminous, Inc., in the amount of \$651,691.36;

NOW THEREFORE, the Director is authorized to concur in the award of the contract by the Corps of Engineers and to deposit funds in accordance with the tripartite agreement.

69-183 WHEREAS, The Arkansas State Highway Commission acquired property in fee, by deed dated March 22, 1963, a remnant of land in the North half of Sections 13 and 14, Township 2 North, Range 7 West, Lonoke County, Arkansas in connection with the right of way requirement for Interstate 40; and

WHEREAS, this segment of Interstate 40 has been completed and this remnant of property has therefore, not been found needed for any purpose, and the District Engineer recommends disposition. The segment of property acquired with State funds is described as follows:

A part of the North Half of the North Half of Section 13, also a part of the North Half of the North Half of Section 14, all in Township 2 North, Range 7 West, Lonoke County, Arkansas, more particularly described as follows:

Beginning at the Northeast corner of Section 13; thence South 1° 45' West along the East line thereof a distance of 138.1 feet to a point on the proposed Northerly right of way line of Interstate Highway No. I-40; thence South 88° 44' 54" West along said right of way line a distance of 333.5 feet to a point; thence North 89° 52' 39" West along said right of way line a distance of 307.1 feet to a point; thence North 88° 18' West along said right of way line a distance of 685.2 feet to a point; thence

South 89° 58' 54" West along said right of way line a distance of 500.2 feet to a point; thence North 88° 18' West along said right of way line a distance of 4000.0 feet to a point; thence North 86° 34' 54" West along said right of way line a distance of 500.2 feet to a point; thence North 88° 18' West along said right of way line a distance of 2181.4 feet to a point; thence North 89° 35' 41" West along said right of way line a distance of 525.0 feet to a point; thence South 88° 05' 39" West along said right of way line a distance of 404.8 feet to a point; thence South 85° 51' 39" West along said right of way line a distance of 506.1 feet to a point; thence South 82° 13' 40" West along said right of way line a distance of 292.2 feet to a point; thence North 1° 13' East a distance of 215.4 feet to a point on the North line of the Northwest Quarter of the Northwest Quarter Section 14; thence South 88° 46' 40" East along the North line of Section 14 and 13 a distance of 10,229.7 feet to the point of beginning and containing 31.6 Acres, which includes 6.0 Acre subject to the easement of a county road right of way.

WHEREAS, the property has been appraised and market value determined by qualified appraisers, and the appraised valuation acceptable to Winthrop Rockefeller, predecessor in title, and

WHEREAS, said lands were appraised as croplands and adjoin the right of way of Interstate 40, and

WHEREAS, it is desired to preserve and protect, for scenic purposes, the natural beauty of such adjoining lands and to restrict future use and development to its continuing use as croplands.

AND WHEREAS, this land is no longer needed for highway purposes and by this Commission is declared surplus,

NOW THEREFORE BE IT HEREBY RESOLVED that the Chairman is hereby authorized to execute the attached deed to the land described herein to Winthrop Rockefeller for and in consideration of the sum of THREE THOUSAND THREE HUNDRED AND NO/100 Dollars, (\$3,300.00), reserving and excepting to the Arkansas State Highway Commission a scenic easement in perpetuity restricting the use and occupation of the lands to the permitted use.

69-184 WHEREAS the increase amount of construction work in PHILLIPS COUNTY and surrounding areas has created a need for a permanent Resident Engineer's office at West Helena, and,

WHEREAS a site has been acquired and a suitable plan has been developed for this office,

IT IS ORDERED that the Director be authorized to construct a Resident Engineer's office facility as a Building Project at an estimated cost of \$30,000.

Work to be done by contract.

69-185 WHEREAS, on July 1., 1954, the Arkansas State Highway Department executed an Industrial Track Agreement No. CA-43426 with the Missouri Pacific Railroad Company whereby the Arkansas State Highway Department agreed to maintain two existing spur tracks numbered 4-156, 2101 feet and 552 feet in length, and

WHEREAS, approximately 800 feet of the 2101 feet of the tracks numbered 4-156 is located on lands leased by the Missouri Pacific Railroad Company from the United States Air Force, and

WHEREAS, the Missouri Pacific Railroad Company now proposed to cancel the hereinabove set out Industrial Track Agreement numbered CA-43426 and proposes to enter into a new Industrial Track Agreement with the Arkansas State Highway Department whereby the Arkansas State Highway Department will agree to maintain spur tracks in the length of 1301 feet and 552 feet, all on property acquired by the Arkansas State Highway Department from the War Assets Administration, and

WHEREAS, the Missouri Pacific Railroad Company has assured the Arkansas State Highway Department that the use of the said 800 feet of track under Industrial Agreements with other parties will not interfere with service by the Missouri Pacific Railroad Company to and from the Jacksonville Shops.

NOW THEREFORE, the Director is hereby authorized and directed to execute the proposed Industrial Track Agreement by and between the Arkansas State Highway Department and the Missouri Pacific Railroad Company whereby the Arkansas State Highway Department will agree to maintain spur tracks, 1301 and 552 feet in length, on lands acquired by Arkansas State Highway Department from War Assets Administration.

69-186 In ARKANSAS COUNTY on HIGHWAY 152, Section 0, from Highway 11 west, a distance of approximately 7 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$462,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies

69-187 In CHICOT COUNTY on HIGHWAY 278, Section 0, from Highway 65 west, a distance of approximately 2 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$2289000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-188 In CHICOT COUNTY on HIGHWAY 144 Section 3a from Highway 65 east to Highway 1599 a distance of approximately 0.6 mile, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$84,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-189 In DREW COUNTY on HIGHWAY 138, Section 3, from the east end of Job 2-566 northeast to the west end of Job 2696, a distance of approximately 8.6 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$570,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-190 In DREW COUNTY on HIGHWAY 138, Section 3, for the Bayou Bartholomew and Coon Bayou Bridges, the Director is authorized to proceed with surveys and plans, and with construction of the bridges as funds become available, at an estimated cost of \$166,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-191 In GRANT & JEFFERSON COUNTIES on HIGHWAY 65, Sections 13 and 14, from the Pulaski County Line south to the Pine Bluff Expressway, a distance of approximately 21 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available at an estimated cost of \$6,600,000

This action is subject to program approval by the Bureau of Public Roads.

69-192 In JEFFERSON COUNTY on HIGHWAY 54, Section 9, from Highway 79 east, a distance of approximately 5 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$330,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-193 In BRADLEY COUNTY on State Highway 160, Section 8 from a point 0.21 miles west of the west city limits of Jersey, east a distance of 1.61 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$18,700.

Work to be done by contract.

69-194 In CLEBURNE COUNTY on State Highway 25, Section 3 from a point 1.93 miles north of State Highway 16 through Heber Springs, a distance of 2.7 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$419000.

Work to be done by contract.

69-195 In DALLAS COUNTY on State Highway 8, Section 7 from U. S. Highway 79 to U. S. Highway 79B and State Highway 274, Section 4 from the St. Louis Southwestern Railroad to U. S. Highway 79B in Fordyce, a distance of 1.56 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$23,000.

Work to be done by contract.

69-196 In IZARD COUNTY on State Highway 69, Section 1 from Melbourne to the Independence County Line, a distance of 14.47 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$170,000.

Work to be done by contract

69-197 In JACKSON COUNTY on State Highway 145, Section 1 from State Highway 149 south a distance of 3.5 miles, the Director is authorized to construct grading, minor drainage structures, base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$70,000.

Work to be done by contract and maintenance forces.

69-198 In LEE AND ST FRANCIS COUNTIES on U. S. Highway 799 Sections 16 and 17 from Soudan to State Highway 38 in Hughes, a distance of 13.54 miles the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$1789000-

Work to be done by contract.

69-199 In SEARCY COUNTY, in the CITY OF MARSHALL, for a relocation of Highway 27, Section 16, from the present route of Highway 27 at the intersection of South Street east to Highway 65, a distance of approximately 0.25 mile, the Director is authorized to proceed with construction, as a Betterment Project, at an estimated cost of \$33,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-200 In SHARP COUNTY on State Highway 58, Section 3 from Sitka, northeast a distance of 5.1 miles, the Director is authorized to construct grading, minor drainage structures, base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$70,700.

Work to be done by contract and maintenance forces.

This action will eliminate 5.1 miles of Job No. 5607 (Sitka -Williford), Minute Order 68-434.

69-201 In STONE COUNTY on State Highway 66, Section 2 and State Highway 14, Section 7 at Mountain View the Director is authorized to resurface 4.62 miles of existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$69,400.

Work to be done by contract.

69-202 In VAN BUREN COUNTY on U. S. Highway 65, Section 7 from Clinton to the Searcy County Line, a distance of 16.24 miles, the Director is authorized to place a slurry seal on the existing surface as a Betterment Project at an estimated cost of \$60,500.

Work to be done by contract.

69-203 In WHITE COUNTY on State Highway 11, Section 11 from the Prairie County Line to Walker's Corner, a distance of 7.75 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$88,500.

Work to be done by contract.

69-204 Howard County, Job No. 3586, Mineral Springs - Nashville Bridges & Approaches, FAP S-371(4). The contract for the construction of approximately 1.439 miles of Grading, Minor Drainage Structures, ACHM Base Course, ACHM Surface Course, 3 R.C. Slab Span Bridges (434.0'), 1 Bridge-Length Culvert (22.08'), DBST Shoulders, & Misc. Items, State Highway 27, Section 2, is awarded to Barber Bridge Builders, Inc. of Fort Smith, Arkansas, on their low bid of \$502,992.11.

69-205 Independence County, Job No. 5611, Batesville-Northeast Surfacing, FAP F-027-1(12). The contract for the construction of approximately 3.495 miles of Minor Grading, Minor Drainage Structures, Crushed Stone Base, Asphalt Treated Crushed Stone Base, ACHM Base and Surface, Bituminous Treated Shoulders, Concrete Curbs, Erosion Control Items and Misc. Items, State Highway 167, Section 18, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$512,989.42, subject to the concurrence of the Bureau of Public Roads.

69-206 Calhoun County, Job No. 7596, Hampton-Hwy. 274, FAP F-021-1(25). The contract for the construction of approximately 4.989 miles of Grading, Minor Drainage Structures, Gravel Base, Asphalt Treated Gravel Base, ACHM Base & Surface Courses, Erosion Control items C.C. Curb & Gutter, Widening of 3 R.C. Deck Girder Bridges (using R.C. Slab Spans) (411.69' total) and Misc. Items, State Highway 167, Section 4, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$993,517.36, subject to the concurrence of the Bureau of Public Roads.

69-207 Clark County, Job No. 7659, Gurdon I-30 Rest Areas, FAP FI-30-1(63)56, I-30-1(16)56. The contract consisting of Limited Site Grading, Gravel Base, Bituminous Treated Shoulders, ACHM Base & Surface, Concrete Combination Curb and Gutter, Erosion Control Items, Comfort Stations (Scheme B), Sewage Treatment Systems, Picnic Facilities, Storage Buildings, Lighting Systems & Misc. Items, Interstate 30, Section 1, is awarded to Hardy Construction Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$263, 999.60, subject to the concurrence of the Bureau of Public Road.

69-208 Dallas County, Job No. 7675, Jct. Hwy. 2299-Jct. Hwy. 167, State Job. The contract for the construction of approximately 2.276 miles of Grading, Minor Drainage Structures, Gravel Base, BST, 1 R.C. & Structural Steel I-Beam Span Railroad Overpass Structure & Misc. Items, State Highway 273, Section 2, is awarded to Burrow-Glover Const. Co., Inc. of Malvern, Arkansas & Schmeckbro, Inc. of Little Rock, Arkansas, on their low bid of \$21,128.80.

69-209 Quachita County, Job No. 7694, Camden-Hwy. 4 Relocation (Grading), FAP F-015-1(11). The contract for the construction of approximately 3.192 miles of Grading, Minor Drainage Structures, Selected Material, Sand Blanket, Gravel Base, Bituminous Treated Surface (Local Roads), Erosion Control Items and Misc. Items, State Highway 79, Section 3 & 4, is awarded to Eugene Luhr & Company of Columbia, IL, on their low bid of \$1,489,494.27, subject to the concurrent of the Bureau of Public Roads.

69-210 Johnson County, Job No. 8652, Franklin Co. Line-hwy. 64 Surfacing , FAP I-40-2(42)44. The contract for the construction of approximately 9.479 miles of Limited Grading, Crushed Stone Base, Bituminous Treated Shoulders, P.C. Concrete pavement (9" U.T. on Main Lanes, 8" U.T. on Ramps), Erosion Control Items, Guard Fence & Misc. Items, Interstate 40, Section 2, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$2,033,265.49, subject to the concurrence of the Bureau of Public Roads.

69-211 Craighead County, Job No. 10773, Jackson Co. Line-Cash, FAP S-RS-417((2)). The contract for the construction of approximately 5.440 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment and Misc. items, State Highway 226, Section 2, is awarded to APT Construction Co. of North Little rock, Arkansas, on their low bid of \$324,4282.41.

69-212 Mississippi County, Job No. 10798, Bardstown and Hilton Rest Area Revisions, FAP I-55-1(55)34, for providing and installing two 4000-gallon per day prefabricated

sewage treatment systems with appurtenances and performing minor revisions to the Rest Rooms of the Bardstown and Hilton Rest Areas. Bids were received on this job on May 28, 1969. All bids rejected June 25, 1969, considered as being too high. project of be readvertised, subject to concurrence of Bureau of Public Roads.

69-215 IT IS ORDERED that the Regular Meeting of the State highway Commission be closed at 3:00 P.M., Wednesday, June 25, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 21, 1969

69-214 IT IS ORDERED that the Special Meeting of the State Highway Commission be opened at 2:00 P.M. Monday, July 21, 1969. The following officials were in attendance:

Truman Baker, Chairmang Highway Commission
John Harsh, Vice Chairman
Maurice Smith, Member
Lawrence Blackwell, Member
J. C. Patterson, Member
Joe Purcell, Attorney General
Gerry Pinson, Assistant Attorney General
Ward Goodman, Director of Highways
Henry Gray, Assistant Director of Highways
Thomas Keys, Chief Counsel, Highway Department
Jim Shaver, Attorney with Shaver & Shaver
Members of News Media

69-215 WHEREAS, on July 21, 1969, beginning at 2:00 p.m., the Highway Commission met in special session to consider terms for settlement in the asphalt suits; and

WHEREAS, after much discussion and explanation by Jim Shaver, representing the law firm of Shaver and Shaver, and The Honorable Joe Purcell, Attorney General, the Highway Commission adopted the following resolution:

RESOLUTION

WHEREAS, Monsanto Company, Berry Petroleum Company, MacMillan Ring-Free Oil Company, IncOg and Arkansas Bitumuls Company, Inc., Defendants in the asphalt cases now pending in the United States District Court wherein the Arkansas State Highway Commission is a Plaintiff, have made an offer of compromise and settlement of said lawsuits by agreeing to pay \$1,5009000000, in settlement thereof, \$1,060,000.00, thereof to be paid immediately, in cash and \$440,000.00, thereof to be paid in four (4) equal annual installments⁹ together with interest at eight per cent (8%) per annum, secured by judgment against Berry Petroleum Company and MacMillan Ring-Free Oil Company Inc.; and

WHEREAS said Defendants have further consented to the entry of a final judgment in said Court dismissing said lawsuits and restraining and enjoining them from agreeing with other competitors to fix prices or allocate or divide territories or submit collusive bids in the sale of asphalt materials to the Arkansas State Highway Department; and

WHEREAS, the law firms of Shaver & Shaver and Glassie, Pewett, Beebe & Shanks, special attorneys representing the Commission in these cases and The Honorable Joe Purcell, Attorney General of the State of Arkansas, have recommended that said settlement be accepted and The Honorable Winthrop Rockefeller, Governor, after a study of these cases by his private

independent counsel, has advised this Commission that he feels it to the best interest of the State and its taxpayers that said recommendations be followed; and

WHEREAS, this Commission believes it to be to the best interest of the State⁹ its taxpayers, and Highway Department that said offer be accepted in full and complete settlement of all antitrust claims this Commission and said Highway Department have against all Defendants in said lawsuits;

NOW, THEREFORE, BE IT RESOLVED, that the offer of said Defendants to pay \$1,500,000,000, in settlement of said antitrust lawsuits and claims in the manner set forth above, be and the same is hereby accepted and approved and said attorneys authorized and directed to proceed with the settlement of said cases as herein set forth.

69-216 IT IS ORDERED that the Special Meeting of the State Highway Commission be recessed until 10:00 A.M., July 22, 1969.

69-217 The Highway Commission., on July 22, 1969, meeting in recess session to consider various aspects in the asphalt cases, upon a motion by Commissioner Smith and seconded by Commissioner Blackwell, adopted the attached resolutions, (2).

RESOLUTION

WHEREAS, the final decree settling the asphalt antitrust cases filed by this Commission in the United States District Court has been entered in said Court and the sum of \$1,060,000.00 has been paid into the registry of said Court by the Defendants, the Chief Counsel of the legal division of the Arkansas State Highway Department should be directed to file a Petition in said Court asking said Court to pay over said sum of money unto this Commission for use in the highway program of the State of Arkansas after said Court has first fixed and awarded therefrom a reasonable amount as attorneys' fees unto Shaver & Shaver and Glassie, Pewett, Beebe & Shanksg for their services rendered in said antitrust action;

NOW, THEREFORE, BE IT RESOLVED, That the Chief Counsel of the Arkansas State Highway Department be and he is hereby authorized to Petition said Court for payment of said \$1,060,000.00, paid by said Defendants, requesting that said sum of money be paid to this Commission after said Court has first fixed and awarded to Shaver & Shaver and Glassie, Pewett, Beebe & Shanks, attorneys, a reasonable fee for thier services rendered in connection with all claims of the State of Arkansas and this Commission against said Defendants arising out of the sale of asphaltic materials to the Highway Departments

RESOLUTION

WHEREAS, The original Agreement between the Arkansas State Highway Commission and Edwin H. Pewett, Attorney, member of the firm of Glassie & Molloy, now Glassie⁹ Pewett, Beebe & Shanksg Federal Bar Building West, 1819 H. Street NW, Washington, D. C., 20006, dated September 27, 1967, for legal services to be rendered in the trial of the antitrust actions referred to in said contract was entered into with the specific intent of employing said attorneys for the trial of said actions; and

WHEREAS, Thereafter Defendants made an offer of compromise and settlement of said lawsuits and Pewett was authorized and instructed to pursue and conduct settlement negotiations, which services were not within the intention of the original Agreement; and

WHEREAS, No change has been made in the original Agreement to compensate Pewett for services rendered in connection with said negotiations because to do so might have weakened the State's position and jeopardized negotiations if such change became known to the Defendants; and

WHEREAS Said original Agreement between the Commission and Pewett should now be amended so that Pewett and his firm may be appropriately compensated for their efforts in negotiating said settlement;

NOW THEREFORE, BE IT RESOLVED, That the Agreement of September 27, 1967, between Commission and Pewettg referred to above, be and the same is hereby amended by adding thereto the following new paragraph:

In the event said matter is settled or compromised before the trial of said case, Pewett or his firm shall be entitled to a reasonable fee based upon time spent in negotiating said settlement and the amount of recovery effected thereby taking into consideration the payments made to Pewett or his firm under Paragraph Four hereof. This amount shall be agreed upon by the Commission and Pewett, or his firm in light of the usual and customary fees paid in like cases into consideration other legal expenses of the Commission in the matter including the fees of the firm of Shaver & Shaver. If the parties cannot agree on what is reasonable, the amount to be paid Pewett or his firm may be fixed by arbitration to be agreed upon between the parties and/or submitted to a proper court for approval.

69-218 In HOT SPRING AND GARLAND COUNTIES on STATE HIGHWAY 7, Sections 8 and 9, from Lake Hamilton south, a distance of approximately 18.5 miles, the Director is authorized to widen the existing pavement, resurface with asphaltic concrete hot mix surface, and widen bridges, as a Betterment Project, at an estimated cost of \$500,000.

Work to be done by contract.

This action will not eliminate any Program Items on these sections.

69-219 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 3:30 P.M., Tuesday, July 22, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 23, 1969

69-220 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, July 23, 1969.

69-221 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-204 through 69-211 at the regular meeting of the Commission June 25, 1969, and Minute Order 69-182 which concurred in award made by the Corps of Engineers.

69-223 In the matter of the Asphalt Suit, the Chairman is authorized to endorse for the Commission, to be deposited in the account of the Arkansas Highway Department, a check in the amount of \$991,850.00 which was received from the Western Division, Eastern District of Arkansas, of the United States District Court as first payment in settlement of the suit.

69-224 In accordance with the provisions of Act 148 of 1961, as amended by Act 300 of 1965, the Director is authorized to pay \$2,000.00 to the Mississippi River Parkway Commission as the Department's pro-rata cost for 1970 fiscal year, for the promotion and development of the GREAT RIVER ROAD.

69-225 In order to meet the increased demand of the general public for the latest highway information which has nearly exhausted the supply of the 1969 edition of the Department's State Highway Map and to allow ample time for the printer to deliver a large quantity of these maps before the supply is completely exhausted, the Director is authorized to proceed with the necessary work and printing of 400,000 copies of the 1970 edition of this map at an estimated cost of \$28,000 from funds for such work contained in the approved budget for the 1969 70 fiscal year.

69-226 WHEREAS, the Purchasing Committee has awarded purchases on June 30, July 7, 14 and 21, 1969, in the amounts of \$50,924.16, \$58,034.10, \$24,811.35 and \$19~359D88 respectively, totaling \$153,129.49, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-227 In BENTON COUNTY on STATE HIGHWAY 12, SECTION 3, in ROGERS

WHEREAS, it has been determined that the automatic flashing lights at the St. Louis-San Francisco Railway crossing of State Highway 12 are operated excessively due to numerous railway switching movements which are hazardous to highway traffic and additional automatic crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic motion detectors to the existing flashing lights at this crossing at an estimated cost of \$2,000, subject to the following conditions:

1. That the St. Louis-San Francisco Railway Company will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. Il required right-of-way will be furnished free of cost to the Stalte.
3. rogram approval by the Bureau of Public Roads.

69-228 CLEBURNE COUNTY on HIGHWAY 16, Section 11, at the NARROWS BRIDGE, near Higden;

WHEREAS, the First Electric Cooperative Corporation of Jacksonville, Arkansas has requested permission to install, operate, and maintain a bridge illumination system consisting of mercury vapor lighting fixtures on the bridge superstructure; and

WHEREAS, it has been determined that the proposed illumination could improve traffic safety on the bridge and its approaches;

NOW THEREFORE, the Director is authorized to issue a permit to the First Electric Cooperative Corporation of Jacksonville, Arkansas for the installation, operation, and maintenance of the bridge illumination system subject to the following conditions:

1. That the proposed illumination installation, operation, and maintenance be in accordance with plans approved by the Department, which will include the provision for installation of illumination fixtures on the approaches to the bridge superstructure.
2. That all construction on highway right-of-way meet the approval of the Department's District Engineer.
3. That a surety Bond, in the estimated amount of cost for the work, be posted with the Department prior to the beginning of installation, to assure satisfactory completion.
4. That all construction⁹ installation, operation, and maintenance be performed without cost to the Department.
5. That the Company assume full liability of hazards that might be created by the construction operation.

69-229 In CONWAY AND POPE COUNTIES on HIGHWAY 247, Sections 1 and 2, from Highway 213 northwest, a distance of approximately 5.8 miles, the Director is authorized to proceed with plans and surveys for construction at an estimated cost of \$400,000. Work to be done by contract, as funds become available.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-230 IN CONWAY COUNTY, IT IS ORDERED that the official location of State Highway No. 287 section 4 in the vicinity of the State Highway 9 Interchange near Morrilton shall be along the north frontage road from the junction of State Highway 9 east to the junction of the old location, as constructed by Job 8491, and that portion of old State Highway No. 2879 section 4 from the junction of State Highway 9 east and north to Interstate Highway 40, which has been replaced by new construction^a and in conformity with Supreme Court decisions, is hereby declared to be no longer a part of the State Maintained Highway System, all as shown on attached sketch which becomes a part of this Order.

69-231 IN FAULKNER COUNTY at the State College of Arkansas, IT IS ORDERED, that two new drives, one from Donaghey Street westerly a distance of approximately 770 feet and the other from Bruce Street southerly along the west side of Estes Field to the junction of an existing drive⁹ a distance of approximately 930 feet, are hereby made a part of the system of institutional drives to

be maintained by the State Highway Department, and that two drives, approximately 710 feet in length which have been abandoned are no longer to be a part of the system of institutional drives maintained by the State Highway Department, all as shown on attached sketch.

69-232 In LONOKE COUNTY on STATE HIGHWAY 13, SECTION 10, in CARLISLE WHEREAS, it has been determined that the Chicago, Rock Island and Pacific Railroad Company crossing of State Highway 13 is hazardous and that additional automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights and short-arm gates at this crossing at an estimated cost of \$16,000, subject to the following conditions.

1. That the Chicago Rock Island and Pacific Railroad will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

69-233 WHEREAS, in PULASKI COUNTY Minute Order 69-128 was approved for the construction of a maintenance area headquarters building, including a resident engineer's office, at an estimated cost of \$35,000, and,

WHEREAS, further study and consideration indicates that due to the central location and large work load of this area, a separate resident engineer's office would be more functional,

NOW THEREFORE, IT IS ORDERED that the Director be authorized to supplement Minute Order 69-128 in the amount of \$20,000.

69-234 In FAULKNER COUNTY on Institutional Drive 876, Section 1 at the State College of Arkansas in Conway the Director is authorized to construct crushed stone base and asphaltic concrete hot mix surface on 930 feet and resurface trailer park drive and other selected sections with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$10,000.

Work to be done by contract and maintenance forces.

69-235 In INDEPENDENCE COUNTY on State Highway 69, Section 4 from the Point Ferry, west a distance of 4 miles, the Director is authorized to construct grading, minor drainage structures, and base as a Betterment Project at an estimated cost of \$65,000.

Work to be done by contract and maintenance forces.

This action will eliminate 4 miles of Minute Order 67-210, Job No. 5595 (Junction Highway 122 - Jacksonport).

69-236 In JACKSON AND INDEPENDENCE COUNTIES on U. S. Highway 67, Sections 14, 15, and 16 from the White County Line north to the White River Bridge at Newport, a distance of 16 miles, the Director is authorized to let a contract for heater planing the existing pavement from Routine Maintenance Funds at an estimated cost of \$12,800.

69-237 In PHILLIPS COUNTY on State Highway 20, Section 1 from Helena south the Director is authorized to replace 4 bridges (total length 521 feet) as a Betterment Project at an estimated cost of 570,000.

Work to be done by msintensnce forces.

69-238 In POINSETT COUNTY on U. S. Highway 63, Section 8 from Payneway, north a distance of 3 miles, the Director is authorized to widen the existing 20 foot portland cement concrete pavement, 3 feet on each sideg with asphaltic concrete hot mix base and surface and resurface selected sections as a Betterment Project at an estimated cost of \$70,000 Work to be done by contract and maintenance forces.

This action not eliminate Item 29 of Minute Order 5018, Job No. 10709 (Payneway - Trumann).

69-239 In POINSETT COUNTY on U. S. Highway 63, Section 8 from Trumann, south a distance of 4.63 miles, the Director is authorized to widen the existing 20 foot portland cement concrete pavement, 3 feet on each side, with asphaltic concrete hot mix base and surface as a Betterment Project at an estimated cost of \$68,000.

Work to be done by contract and maintenance forces.

This action will not ellminate Item 29 of Minute Order 5018, Job No. 10709 (Payneway - Trumann).

69-240 In POPE COUNTY on State Highway 16, Section 8 from the Van Buren County Line to State Highway 27, and on State Highway 27, Section 14 from State Highway 16 to the Van Buren County Line, a total length of 965 miles Minute Order 69-9 was approved for grading, minor drainage structures, and base, and,

WHEREAS, additional base material is needed to prepare the roadway for a double bituminous surface treatment,

IT IS ORDERED that the Director be authorized to purchase additional base material in stockpile as a supplement to Betterment Job 8-591 at an estimated cost of \$31,600.

Material to be purchased by contract

69-241 In POPE COUNTY on State Highway 7, Section 15 from Russellville to Dover, a distance of 6062 miles, the Director is authorized to extend minor drainage structures, construct shoulders, one bridge, and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$151,000.

Work to be done by contract and maintenance forces.

69-242 In ST. FRANCIS COUNTY on State Highway 284, Section 3 from the Crowley Ridge Vocational School to the Forrest City city limits, a distance of 1 mile, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$10,000.

Work to be done by maintenance forces.

69-243 In ST. FRANCIS and CROSS COUNTIES on State Highway 75, Sections 1 and 2 from Interstate 40 to U. S. Highway 64 at Parkin, a distance of 10.77 miles, the Director is authorized to widen the existing 18 and 20 foot surfaces to 22 feet, resurface with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$185,000.

Work to be done by contract and maintenance forces.

69-244 In SEBASTIAN COUNTY on State Highway 252, Section 4 from State Highway 22 to State Highway 96, a distance of 9.34 miles, the Director is authorized to construct grading, minor drainage structures, and crushed stone base as a Betterment Project at an estimated cost of \$152,000.

Work to be done by contract and maintenance forces.

69-245 In VAN BUREN COUNTY on State Highway 27, Section 15 from the Pope County Line to the Searcy County Line, a distance of 4.60 milesj Minute Order 69-10 was approved for grading, minor drainage structures, and base, and

WHEREAS, additional base material is needed to prepare the roadway for a double bituminous surface treatment,

IT IS ORDERED that the Director be authorized to purchase additional base material in stockpile as a supplement to Betterment Job 8-592 at an estimated cost of \$15,100.

Material to be purchased by contract.

69-246 In WHITE COUNTY on State Highway 323, Section 3 from State Highway 11, north 4.5 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$50,000.

Work to be done by contract.

69-260 WHEREAS, a Materials Reference Laboratory is operated by the National Bureau of Standards, and is authorized and approved by the Executive Committee of AASHO; and

WHEREAS, this Department has received notice that its share of the support of this Laboratory for fiscal year 1970 is \$4,400.00; and

WHEREAS, the services of the Materials Reference Laboratory are being used by and are considered to be of value to the Department;

NOW THEREFORE, IT IS ORDERED that the Director is hereby authorized to pay the Department's share of the cost of support of the AASHO Materials Reference Laboratory for fiscal year 1970 to the National Bureau of Standards, Washington, D. C.

69-261 WHEREAS, the protection of the public under conditions of nuclear attack or natural disaster is an assigned responsibility of the State Civil Defense Agency, and,

WHEREAS, a communications capability is necessary to the discharge of such responsibility and a shared use of the radio facilities of the Highway Department by the State Civil Defense Agency would enable them to expand the Civil Defense Radio System, which expansion would be in the public interest

THEREFORE a the Director of the Highway Department is authorized and directed to enter into agreements with the State Civil Defense Agency providing for shared use of sites and radio facilities where such use will not interfere with their use for highway purposes, such agreements to be made individually in each instance where use of an individual site is requested

69-262 WHEREAS, the Purchasing Committee has awarded purchases on July 28, August 4, 11, 18 and 25, 1969, in the amounts of \$177,896.12, \$333,012.64, \$94,166.71, \$174,928.02 and \$70,161.78 respectively, totaling \$850,165.,27, and sales on August 4, 1969, in the amount of \$6,340.16, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-263 WHEREAS, an award was made to Bise Auto Sales, Stuttgart, Arkansas for the purchase of four (4) tractor trucks to meet Highway Department Specification No. 68-69 N.E. No. 64-96, covered by Minute Order NoO 69-54 dated February 26 1969, and Contract NoO S-69-81 issued March 3, 1969, with these four (4) tractor trucks being Item 13 of the above numbered Minute Order and Contract, and,

WHEREAS, Bise Auto Sales took no exception to Highway Department specification, and,

WHEREAS, upon delivery from Bise Auto Sales of one (1) unit it was determined that the unit did not meet engine specification, and further investigation determined none of the four (4) units would meet specifications and,

WHEREAS, upon being notified of non-compliance, Bise Auto Sales advised that engine specification had been overlooked and Chrysler Corporation cannot replace the engine furnished with a larger engine, at this time, and will not furnish another model with another engine that will meet our specification, and

WHEREAS it has been determined by the Equipment Section of the Maintenance Division of the Highway Department, and concurred in by the Purchasing Director for the Purchasing Division of the State Administration Department that we should decline acceptance of these items not meeting specification and, due to the circumstances make no charge against Bise Auto Sales band.

NOW THEREFORE the Highway Purchasing Committee recommends to the Commission that the award for the purchase of these four (4) tractor trucks be rescinded and that Item 13 on Contract No. S-69-81 be cancelled with nonfor feiture of Bise Auto Sales bond

69-264 In BENTON COUNTY, IT IS ORDERED that a road to serve the Lost Bridge Public Use Area on Beaver Reservoir, beginning at the junction of State Highway 127 just west of the boundary of the Lost Bridge Public Use Area, thence easterly to the junction of the north access road of said Public Use Area, a distance of approximately 0.25 mile, as shown on attached sketch, be hereby made a part of the State Highway System.

69-265 In CALHOUN COUNTY on HIGHWAY Z74, Section 3, from Tinsman north, a distance of approximately 6.6 miles, the Director is authorized to proceed with construction at an estimated cost of \$315,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Commission policies.

69-266 WHEREAS, M.O. 64-379, dated October 28, 1964, and M.O. 65-469, dated October 27, 1965, authorized the Director to enter into an agreement with the local governments of Pine Bluff and Jefferson County for the purpose of planning, conducting, and participating in the Pine Bluff Urban Area Transportation Study; and,

WHEREAS, after reaching an agreement, the participating agencies, in cooperation with the Bureau of Public Roads, retained the services of Harland Bartholomew and Associates, to carry out certain phases of the work as defined in the Study Prospectus and set out in M.O. 65-469, dated October 27, 1965; and,

WHEREAS, the study has been completed and has been approved by the City of Pine Bluff in a regular meeting of the City Council July 7, 1969, the County of Jefferson by a letter dated August 22, 1969, and the Bureau of Public Roads by a letter dated July 23, 1969.

NOW THEREFORE, IT IS ORDERED that the Pine Bluff Urban Area Transportation Study, dated 1969, and compiled in two volumes by the Consultant, is approved to be used as the base study for the continuing comprehensive transportation planning process for the urban area of Pine Bluff and Jefferson County, all of which is in accord with the provisions of Section 9 of the Federal-aid Highway Act of 1962 In line with the further provisions of this Act, the Director is authorized to cooperate with the local governments in the continuing comprehensive transportation planning process and is further authorized to approve and sign the agreements with local governments covering the "continuing phase" of this process.

69-267 In LAFAYETTE COUNTY, IT IS ORDERED that upon the completion of Job 3577, the following State Highway System changes be made, all as shown on attached sketch which is made a part of this Order.

1. The Official route of State Highway No. U.S. 82, section 2 shall be in accordance with the new location as constructed by Job 3577,

2. The portion of old State Highway No. U.S. 82, section 2 along 6th Street from Spzuce Street to Maple Street and State Highway No. 29 Spur, section 1S along Maple Street from 6th Street to 2nd Street, is hereby redesignated as part of State Highway No. 29, section 1.

3. The portions of old State Highway No. U.S. 82, section 2 from the junction of the old and new locations west of Lewisville, easterly and north along 2nd Street and Spruce Street to the junction of 6th Street and Spruce Street, and from the junction of 6th Street and Maple Street, east along 6th Street to the junction of the old and new locations east of Lewisville, which have been replaced by new construction and in accordance with Supreme Court decisions, are hereby declared to be no longer a part of the State Highway System.

4. The portion of State Highway No. 29 section 1 along 2nd Street from Spruce Street to Maple Street which has been redesignated along new location is hereby declared to be no longer a part of the State Highway System.

69-268 WHEREAS, in Mississippi County, the municipality of Blytheville, representatives of the City and the Blytheville Air Force Base requested the Department, in April 1967, to conduct studies to determine the future highway needs of the Blytheville area; and

WHEREAS, the Planning and Research Division was subsequently authorized to conduct a comprehensive highway traffic study in the Blytheville area; and

WHEREAS, the study has been completed and findings and recommendations published in a report entitled, "BLYTHEVILLE, ARKANSAS 1969 HIGHWAY TRAFFIC STUDY", and was formally submitted to City Officials and interested citizens during a public presentation on June 5, 1969; and

WHEREAS, the City Council, by Resolution Number B7P 291, dated July 8, 1969, adopted the findings and recommendations contained in said report entitled, "BLYTHEVILLE, ARKANSAS, 1969 HIGHWAY TRAFFIC STUDY",

NOW THEREFORE, THE "BLYTHEVILLE, ARKANSAS, 1969 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall long-range plan of future state highway improvements, with no commitments for construction; AND, IT IS ORDERED that each future highway project will be determined on the basis of need and can be constructed only as funds become available

69-269 In SEBASTIAN COUNTY, in the CITY OF FORT SMITH, on STATE HIGHWAY 202 Truck Route;

WHEREAS, the Fort Smith Urban Transportation Study, approved in 1968, recommended four (4) lanes in the Wheeler Avenue corridor; and,

WHEREAS, the Highway 22 Truck Route along Wheeler Avenue is heavily congested and hazardous and can not be economically widened to four (4) lanes from Fresno Street north to Carnall Street; and,

WHEREAS, the City of Fort Smith has obtained a Federal Grant from the Economic Development Administration for widening Wheeler Avenue from Fresno Street south to Zero Street and Zero Street from Wheeler Avenue east to Highway 71; and,

WHEREAS, the City Board of Directors of the City of Fort Smith, by Resolution No. 345, dated May 5, 1969, requested the Highway Department to provide for four (4) lanes from Fresno Street north to Carnall Street, by developing a one-way couplet. This would involve retaining the existing two (2) lanes of Wheeler Avenue for northbound traffic and constructing two (2) lanes generally along South 6th Street for southbound traffic,

NOW THEREFORE, the Director is authorized to proceed with surveys, plans, and right-of-way determination to determine the feasibility of the proposed one-way couplet.

69-270 In SEBASTIAN COUNTY on HIGHWAY 22T, Section 1T, from Highway 71 east to Highway 540, a distance of approximately 0.8 mile; and, from Highway 45 east, approximately one mile, the Director is authorized to proceed with surveys and plans, and with construction as funds become available, at an estimated cost of \$415,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-271 In SEBASTIAN COUNTY on STATE HIGHWAY 59, SECTION 7, in FORT SMITH;

WHEREAS, it has been determined that the St. Louis-San Francisco Railway Company crossing of State Highway 59 is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights at this crossing at an estimated cost of \$10,000, subject to the following conditions:

1. That the St. Louis-San Francisco Railway Company will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Appropriate approval by the Bureau of Public Roads.

69-272 In CLAY COUNTY on State Highway 135, Sections 6 and 6Y from State Highway 90 to U. S. Highway 62, a distance of 4.85 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$50,000.

Work to be done by contract.

69-273 In CLAY COUNTY on State Highway 135, Section 6 from the Greene County Line to State Highway 90, a distance of 5.33 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$55,000.

Work to be done by contract.

69-274 In INDEPENDENCE COUNTY on State Highway 14, Section 8 from the Stone County Line to Locust Grove, a distance of 6.13 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$68,000.

Work to be done by contract.

69-275 In JACKSON COUNTY on U. S. Highway 67, Section 17 from Campbell Station to Tuckerman, a distance of 3 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$43,000.

Work to be done by contract.

69-276 In MISSISSIPPI COUNTY on State Highway 325, Section 0 from Osceola, south and west a distance of 1.50 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and channelize the intersections as a Betterment Project at an estimated cost of \$26,000.

Work to be done by contract and maintenance forces.

69-277 In MONROE COUNTY on State Highway 238, Section 1 from the Lee County Line, west and north a distance of 4.34 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$79,000.

Work to be done by contract and maintenance forces,

This action will eliminate the program item authorized by Minute Order 67-221, Job 11789 (Lee County Line - West and North).

69-278 WHEREAS, in OUACHITA COUNTY at the Buena Vista Rest Area on U. S. Highway 79 there is need for a storage facility and a water treatment system, and,

WHEREAS, suitable plans have been prepared for these installation.

IT IS ORDERED that the Director be authorized to construct these facilities from Routine Maintenance funds at an estimated cost of \$6,500.

Work to be done by contract and maintenance for

69-279 In POINSETT COUNTY on State Highway 14, Section 14 from Landers to Payneway, a distance of 7.19 miles, the Director is authorized to level up the existing pavement with asphalt treated base course and resurface with dense graded hot mix surface as a Betterment Project at an estimated cost of \$65,000.

Work to be do the by contract and maintenance forces.

- 69-280 In POINSETT COUNTY on State Highway 118, Section 2 from U. S. Highway 63, north a distance of 1.09 miles, in the city of Tyronza the Director is authorized to resurface the existing pavement with dense graded hot mix surface as a Betterment Project at an estimated cost of \$14,000.

Work to be done by contract.

- 69-281 In POINSETT COUNTY on State Highway 14, Section 14 from Harrisburg to Landers, a distance of 6.16 miles, the Director is authorized to level up the existing surface with asphalt treated base course and resurface with dense graded hot mix surface as a Betterment Project at an estimated cost of \$57,000.

Work to be done by contract and maintenance forces.

- 69-282 In SCOTT COUN~Y on State Highway 378, Section 1 from U. S. Highway 71 to the Sebastian County Line, a distance of 6.80 miles, the Director is authorized to construct grading, minor drainage structures and base as a Betterment Project at an estimated cost of \$132,000.

Work to be done by contract and maintenance forces.

- 69-283 In SEBASTIAN COUNTY on State Highway 45, Section 1 from Midland to Hackett, a distance of 8.67 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix surface course as a Betterment Project at an estimated cost of \$94,600.

Work to be done by contract and maintenance forces.

- 69-284 In SEBASTIAN COUNTY on U. S. Highway 64, Section 0 and State Highway 22, Section 1 from the Arkansas River Bridge to 46th Street, a distance of 3.40 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$74,100.

Work to be done by contract and maintenance forces.

- 69-285 In SEBASTIAN COUNTY on State Highway 22, Section 1 from Interstate 540 to Barling, a distance of 4.41 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$41,900.

Work to be done by contract and maintenance forces.

69-286 In STONE COUNTY on State Highway 263, Section 1 from Highway 9, north a distance of 7 miles, the Director is authorizet to construct a double bituminous surface treatment on the existing crushed stone base as a Betterment Project at an estimated cost of \$192,000.

Work to be done by maintenance forces.

69-287 In UNION COUNTY at the Junction City Rest Area and Information Center on U. S. Highway 167 there is need for a storage facility, and,

WHEREAS, a suitable plan has been prepared for this installation,

IT IS ORDERED that the Director be authorized to construct this facility from Routine Maintenance funds at an estimated cost of \$2,000.

Work to be done by maintenance forces.

69-288 WHEREAS, at the Poultry and Livestock Laboratory, north of Springdale, there is need for resurfacing of the existing drives and parking area, and construction of additional parking, it is ordered that the Director be authorized to perform this work from routine maintenance funds at an estimated cost of \$860.00.

Work to be done by maintenance forces.

69-289 In WHITE COUNTY on State Highway 36, Section 5 from Kensett to West Point, a distance of 4.89 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$54,000.

Work to be done by contract.

69-290 In WHITE COUNTY on U. S. Highway 67, Section 12 from a point 1.7 miles south of Garner to .5 mile south of Morning Sun, a distance of 5.66 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$70,000.

Work to be done by contract.

69-291 St. Francis & Cross Counties, Job No. 11-597, Jct. I-40 - Jct. U. S. 64 at Parkin (Overlay), State Job (Betterment). The contract for the construction of approximately 10.77 miles of Asphaltic Concrete Base & Surface Course Overlay, State Highway 75, Sections 1 & 2, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$149,475.03.

69-292 Jefferson County, Job No. 2739, A M & N College Pedestrian Overpass (Pine Bluff), State Job. The contract for the construction consisting of a Prefabricated Hyperbolic Arch Frame Pedestrian Bridge, including Concrete Bases, Chain Link Fence Screening, Guard Fence and Misc.

Items, State Highway 79, Section 10, is awarded to Bituminous, Inc. of Pine Bluff, Ark. on their low bid of \$39,2194.00,

- 69-293 Sevier County, Job No. 3665, Rolling Fork River Bridges & Approaches, FAP S-320(6). The contract for the construction of approximately 2.424 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, Erosion Control, 3 Composite I-Beam Span Bridges (519.24 ft.) & Approaches & Misc. Items, State Highway 24, Section 0, is awarded to Hardy Construction Co., Inc. of Pine Bluff, Ark. on their low bid of \$425,424.37.
- 69-294 Lafayette County, Job No. 3698, Walker Creek-McKamie, State Job. The contract for the construction of approximately 5.498 miles of Grading, Minor Drainage Structures, Gravel Surface Course, P. C. Stabilized Base Course, Selected Material, Double Bituminous Surface Treatment and Misc. Items, State Highway 53, Section 5, is awarded to R. H. Davis Construction Co., Inc. of Stamps, Ark. on their low bid of \$217,395.91.
- 69-295 Crawford County, Job No. 4639, Dora Rest Area and Lee Creek Interchange Signing, FAP I-40-1(48)2. The contract for the construction of Interstate and Local Signing, including Delineators, Standard Signs, Guide Signs- Roadside Mounted, One Overhead Sign Structure with Illumination, Breakaway Sign Supports & Misc. Items, Interstate 40, Section 1, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Ark. on their bid of \$46,860.90, this being the only bid received and price considered as being in line, and subject to the concurrence of the Bureau of Public Roads.
- 69-296 Pulaski County, Job No. 6851, Arkansas River Bridge Substructure, FAP I-430-2(87)139. The contract for the construction of approximately 0.846 mile of Limited Grading and Erosion Control on North Approach; 1 - Reinforced Concrete Abutment and 19 - Reinforced Concrete Piers for the Arkansas River Bridge Substructure, Interstate 430, Section 2, is awarded to Gardner Engineering Corp. of Houston, Texas, on their low bid of \$6,663,843.45, subject to the concurrence of the Bureau of Public Roads.
- 69-297 Pulaski County, Job No. 6891, South Terminal Interchange-North Terminal Interchange (Safety Improvement), FAP I-30-2(80)138 & I-40-3(51) 155. The contract for the construction of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Shoulder, P. C. Concrete Pavement (10" U.T.), Guard Fence, Erosion Control Items, Concrete Median Barrier, Overhead Signs, Sign Illumination, Lighting, Widening of 1 Composite I-Beam Span Bridge (72.79'), Precast Concrete Parapets & Bridge Median Barriers & Misc. Items, Interstate 30 & 40, Sections 2 & 3, was not awarded. All bids were rejected and considered too high. Plans and Specifications are to be revised and Job to be readvertised.
- 69-298 Lonoke County, Job No. 6912, Lonoke Weigh Station & Bayou Meto Interchange Signing, FAP I-40-4(35)170 & FI-40-4(37)170. The contract for the construction consisting of Interstate and Local Signing, including Standard Signs, Guide Signs-Roadside Mounted, Two Overhead Sign Support Structures with Illuminated Signs, Breakaway Sign Supports and Misc. Items, Interstate 40, Section 41, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Ark. on

their bid of \$51,842.20, this being the only bid received and price considered as being in line, and subject to the concurrence of the Bureau of Public Roads.

- 69-299 Hot Spring & Garland Counties, Job No. 6918, DeGray Reservoir -Lake Hamilton, State Job. The contract for the construction of approximately 19.993 miles of Limited Grading, Minor Drainage Structures, ACHM Base Course Widening, ACHM Surface Course, Crushed Stone Base Shoulders, Guard Fence, Widening 5 R.C. Slab Span Bridges (350.0' Total) & Misc. Items, State Highway 7, Sections 8 & 9, is awarded to Mid-State Construction Company of Malvern, Ark. on their low bid of \$489,138.64.
- 69-300 Benton County, Job No. 9533, Maysville-South, FAP S-246(5). The contract for the construction of approximately 5.686 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, Two Composite I-Beam Slab Span Bridges (391.39 Ft.), one Bridge Length Culvert (26.67 Ft.) and Misc. Items, State Highway 99, Section 1, is awarded to Bailey, Inc. of Green Forest, Ark. and F. H. Necessary & Son Const. Co., Inc. of Rogers, Ark. on their low bid of \$481,956.01.
- 69-301 Boone County, Job No. 9572, Harrison Bypass Bridge & Approaches, State Job. The contract for the construction of approximately 0.293 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, 1 Composite I-Beam Span Bridge (398.40') Approach Slabs, Erosion Control & Misc. Items, State Highway 65, Section 2, is awarded to Forsgren, Inc. of Fort Smith, Ark. on their low bid of \$282,696.03.
- 69-302 Lawrence & Randolph Counties, Job No. 10715, Jct. U. S. 63 Ravenden Springs, FAP S-37(4). The contract for the construction of approximately 6.685 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, Two Reinforced Concrete Slab Span Bridges (360 Ft. total length) and Misc. Items, State Highway 90, Sections 7 & 8, is awarded to APT Construction Co. of North Little Rock, Ark. on their low bid of \$568,532.48.
- 69-303 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, August 27, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 27, 1969

69-304 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M. Friday, October 3, 1969.

69-305 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 69-292 through 69-296 and 69-298 through 69-302 at the regular meeting of the Commission on August 27, 1969.

69-307 WHEREAS, by action of the Highway Research Committee on November 18, 1966, a research project, entitled Maintenance Practices Study, was approved to study maintenance practices and procedures, recommend improvements, and develop a training program for maintenance personnel; and,

WHEREAS, due to the heavy work load of Department research personnel, it is deemed in the best interest of the Department to employ the services of a consultant to assist in completing the study on schedule; and,

WHEREAS, the cost of the study will be a participating item in the HP&R, Part II, Work Program.

NOW THEREFORE, the Director is authorized to enter into an agreement with an approved consulting engineering firm to assist the Department in conducting and completing the Maintenance Practices Study.

This action is subject to approval by the Bureau of Public Roads.

69-308 WHEREAS, the Purchasing Committee has awarded purchases on September 2, 8, 15, 22 and 29, 1969, in the amounts of \$180,821.52, \$109,072.03, \$64,359.06, \$85,909.05 and \$441,247.97 respectively, totaling \$881,409.63, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-309 In CALHOUN COUNTY at the SOUTHWEST TECHNICAL INSTITUTE, IT IS ORDERED that the drives shown in red on attached sketch, to serve additional facilities at the Institute are hereby made a part of the designated drives to be maintained by the Arkansas State Highway Department.

69-310 IN CRAIGHEAD COUNTY, IT IS ORDERED that two additional drives, one an extension of Cherokee and the other a connection to Pawnee, a total length of approximately 0.15 mile, as shown on attached sketch, are hereby made a part of the institutional drives to be maintained by the Arkansas State Highway Department at Arkansas State University.

69-311 IN FULTON COUNTY, IT IS ORDERED that the road in T 20 and 21 N, R 8 W, beginning at the junction of State Highway No. 9 northeast of Salem, thence northerly to the community of Moko, thence northeasterly to the Missouri line and connecting with Missouri State Highway No. 17, a distance of approximately 1 is hereby made a part of the State Highway System.

69-312 In NEVADA COUNTY! the County Road leading from Highway 299 at Bluff City to White Oak Lake, a distance of 2.35 miles, with drives in White Oak Park as shown on the attached sketch are hereby made a part of the State Highway System.

69-313 In DALLAS COUNTY on HIGHWAY 229, Section 0, from Bunn to Highway 8, the Director is authorized to proceed with surveys and plans and with construction of bridges and approaches, as funds become available, at an estimated cost of \$198,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-314 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, from Des Arc east to Highway 33, the Director is authorized to proceed with surveys and plans, and with construction of bridges and approaches, as funds become available, at an estimated cost of \$434,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-315 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, from Highway 33 east to the Woodruff County Line, the Director is authorized to proceed with surveys and plans, and with construction of bridges and approaches, as funds become available, at an estimated cost of \$79,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-316 WHEREAS, the City of Jacksonville has requested permission to extend Redmond Road under the Missouri-Pacific Railroad Spur Overpass, through the control of access to connect with existing ramps to form a half-diamond interchange; and

WHEREAS, the construction of this road is in conformance with the Jacksonville Major Street Plan, ultimately providing a south loop connection between Redmond Road and James Street, and providing additional access to Dupree Park and Athletic Field;

NOW, THEREFORE, the Director is authorized to issue a permit for the construction of the extension of Redmond Road subject to the following conditions

1. That the construction plans be approved by the Department;
2. That all construction on U. S. 67 right-of-way meet the approval of the Department District Engineer;
3. That the facility be constructed without cost to the Department;
4. Approval by The Bureau of Public Roads.

69-317 In STONE COUNTY on HIGHWAY 14, Section 7, for four bridges, log mile 15.68, 17.83, 17.87, and 18.23, the Director is authorized to proceed with surveys and plans and with construction as funds become available, at an estimated cost of \$250,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-318 In UNION COUNTY, on State Highway 15, Section 2:

WHEREAS, floods during 1968 and 1969 have resulted in caving and scouring of the right bank of the Ouachita River to such an extent as to endanger the Moro Bay Ferry Landing at this location; and

WHEREAS, the Corps of Engineers, U. S. Army, has planned a project to provide bank protection at this location at an estimated cost of \$54,000.00 with Federal funds available to the statutory limit of \$50,000.00, and

WHEREAS, the construction of the project will be of great value to the State of Arkansas, to Union County, and to other local interests and property owners of the State;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby authorized, pursuant to the requirements of Section 14 of the Flood Control Act of 1946, to make assurances to the Government that, contingent upon the right of concurrence in the award of contract for the work in the event the total cost exceeds the amount of Federal funds available, the Commission will:

- a. Provide, without cost to the United States of America, all lands, free and clear of all utilities, special facilities, or other obstructions that interfere with such project construction;
- b. Hold and save the United States of America free from damages due to the construction and subsequent maintenance of the project;
- c. Maintain and operate the project works after completion without cost to the United States of America in accordance with regulations prescribed by the Secretary of the Army; and
- d. Assume responsibility for cost of all project works found necessary in excess of the \$50,000.00 Federal expenditure limitation on said project works.

69-319 In CONWAY COUNTY on State Highway 9, Section 7 from the end of Job No. 8595, west a distance of 650 feet, the Director is authorized to construct asphaltic concrete hot mix base and asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$5,200.

Work to be done by contract.

69-320 In CONWAY COUNTY on State Highway 247, Section 2 from the Pope County Line to State Highway 213, a distance of 3.26 miles, the Director is authorized to construct grading, minor drainage structures, one 62 foot bridge, base and double bituminous surface treatment as a Betterment Project at an estimated cost of 70,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right-of-way free of utilities and otherman made obstructions at no cost to the state.

- 69-321 In FAULKNER COUNTY on U. S. Highway 65, Section 9 from State Highway 124, north a distance of 500 feet, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance funds at an estimated cost of \$2,400.

Work to be done by contract.

- 69-322 In FAULKNER COUNTY on State Highway 287, Section 1 from Holland, west 1.2 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$27,000.

Work to be done by contract and maintenance forces.

This action subect to the furnishing of all required right-of-way free of utilities and other man made obstructions at no cost to the state.

This action will eliminate 1.2 miles of Minute Order 68-431, Job 8648 (east Cadron Creek Bridge - Holland, 2.76 miles).

- 69-323 In FULTON COUNTY on U. S. Highway 62, Section 12 from Viola to Salem, a distance of 8.74 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$115,500.

Work to be done by contract.

This will not eliminate Program Item 12 of Minute Order 3923.

- 69-324 In GRANT COUNTY on State Highway 291, Section 1 from State Highway 46, north a distance of 4.85 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface at an estimated cost of \$20,000.

Work to be done by maintenance forces.

This action will eliminate 4.85 miles of Item 47, Minute Order 64-375 Job 6 32 (Junction of Highway 46 - Prattsville).

- 69-325 In GRANT and SALINE COUNTIES on U. S. Highway 167, Sections 11 and 12 from Sheridan, north a distance of 15.80 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$168,700.

Work to be done by contract and maintenance forces.

- 69-326 In GREENE COUNTY on State Highway 69, State Highway 1 and State Highway 135 at Paragould the Director is authorized to resurface the existing pavement and turnouts on 2.47 miles as a Betterment Project at an estimated cost of \$35 000

Work to be done by contract and maintenance forces.

- 69-327 In INDEPENDENCE COUNTY on State Highway 233, Section 1 at Moorefield the Director is authorized to relocate 0.15 miles and construct one 93 foot precast concrete bridge from Routine Maintenance funds at an estimated cost of \$17,000.

Work to be done by maintenance forces.

- 69-328 In JACKSON COUNTY on State Highway 14, Section 12 from Amagon to the Poinsett County Line, a distance of 4.07 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$40,000.

- 69-329 In LEE COUNTY on U. S. Highway 79, Section 15 from the Junction of State Highway 78 east and west the Director is authorized to resurface 5.05 miles of selected sections with asphaltic concrete hot mix at an estimated cost of \$65,500.

Work to be done by contract.

- 69-330 In LONOKE COUNTY on State Highway 15, Section 9 from England, south a distance of 4.07 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$36,300.

Work to be done by contract.

- 69-331 In MILLER COUNTY on State Highway 245, Section 1 at Station 180+50 of Job 3648 the Director is authorized to remove the existing 48" pipe cross drain and construct a double 6' x 5' R.C. box culvert as a Betterment Project at an estimated cost of \$24,000.

Work to be done by contract.

- 69-332 In MISSISSIPPI COUNTY on State Highway 77, Section 1 in Manila for a connection between Highway 77 and Highway 18 the Director is authorized to construct 0.46 miles of clearing and grubbing, grading, minor drainage structures, base and double bituminous surface as a Betterment Project at an estimated cost of \$20,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

- 69-333 In MONROE COUNTY on U. S. Highway 79, Sections 13 and 14 from Clarendon east and west the Director is authorized to resurface 5.94 miles of selected sections with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$74,500.

Work to be done by contract.

- 69-334 In MONROE AND LEE COUNTIES on U. S. Highway 79, Sections 14 and 15 from Monroe, east and west for a distance of 4.0 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$52,000.

Work to be done by contract.

- 69-335 In POPE COUNTY on State Highway 333, Section 0 from U. S. Highway 64, southwest a distance of 1.52 miles, the Director is authorized to construct grading, minor drainage structures, one 31 foot bridge, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$66,250.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

This action will eliminate the provisions of Minute Order 69-68, Job 8656 (Highway 64 - southwest).

- 69-336 WHEREAS, in SEBASTIAN COUNTY at Ft. Smith the Garrison Street bridge on U. S. Highway 64 must have navigation lights installed to comply with Coast Guard regulations, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

IT IS ORDERED that the Director be authorized to prepare plans, specifications, and let a contract for this work to be done as a Betterment Project at an estimated cost of \$6,000.

- 69-337 In VAN BUREN COUNTY on State Highway 92, Section 3 from Bee Branch, southwest a distance of 3.66 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$70,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

This action will eliminate the grading, minor drainage structures, base and surface on 3.66 miles of Minute Order 66-147, Job 8604 (Conway County Line - Bee Branch, 8.22 miles).

- 69-338 In WHITE COUNTY on State Highway 323, Section 3 from West Point, south a distance of 2.81 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$31,000.

Work to be done by contract.

- 69-339 In WOODRUFF COUNTY on State Highway 306, Section 0 from Cotton Plant, north a distance of 4.30 miles, the Director is authorized to add additional base and construct a single bituminous surface treatment from Routine Maintenance funds at an estimated cost of \$7,700.

Work to be done by maintenance forces.

- 69-340 Fulton County, Job No. 5-568, Viola-Salem (Overlay), State Job (Betterment). The contract for the construction of approximately 8.74 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, U. S. Highway 62, Section 12, is awarded to Freshour Construction Co., Inc. of Sweet Home, Ark. on their low bid of \$95,284.80.

- 69-341 Pulaski County, Job No. 6-582, Asher Ave.-Roosevelt Road Inter-section Reconstruction, State Job (Betterment). 69-352 WHEREAS, Act 95 of the 1969 Acts of the General Assembly delegates the Commission the authority to issue rules and regulations approving the design and materials governing fabrication and application of the studs in studded tires and designating the times of year studded tires may be used, and

WHEREAS, in accordance with the intent of Act 95, the following rules and regulations are promulgated and shall apply to all studded tires sold and/ or used in the State of Arkansas:

1. All studded tires shall comply with the appropriate current minimum requirements for vehicle tires issued by the U. S. Department of Transportation.
2. The use of studded tires in the State shall be restricted to a four-month period beginning November 15, and ending March 15.
3. Studded tirel shall be governed by the following restrictions:
 - a. Protrusion of the studs beyond the periphery of the tire shall not exceed 1/16 inch.
 - b. Tires with studs shall be used only on automobiles and trucks weighing no more than 6,000 pounds, total weight.
 - c. Studs shall be installed only in openings molded into the tire for that purpose.

NOW THEREFORE, the above rules and regulations are hereby adopted and, as provided by Act 123 of 1953, shall have the force and effect of law sixty days after lawful publication.

69-353 WHEREAS, this Department has for a number of years maintained membership in the American Road Buildersl Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1970 membership dues in the amount of \$50.00.

69-354 WHEREAS, the Purchasing Committee has awarded purchases on October 6, 13, 20, 27, November 3, 10, 17 and 24, 1969, in the amounts of \$414,988.40, \$81,979.63, \$35,159.59, \$42,213.08, \$139,299.83, \$90,785.02, \$371,878.83 and \$118,824.39 respectively, totaling \$1,295,128.77 and sales on October 13, 1969 in the amount of \$106,069.31, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

69-355 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 96 vehicles to meet AHD Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference ST-70-27, opened at 2:30 P.M. November 4, 1969, with the 96 vehicles listed under Item Numbers 1, 2, and 3, and

WHEREAS, the Highway Purchasing Committee at its meeting of November 17, 1969, reviewed bids received and recommends to the Commission that the award be made to the lowest and best bid by item in the total amount of \$210,623.37,

NOW THEREFORE, the award for the purchase of the 96 vehicles is hereby made as listed below and the Director is authorized to notify the State Purchasing Director accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order No. 64-273, dated August 19, 1964.

69-356 WHEREAS, the County Judge of Craighead County has by letter requested an exchange of certain portions of County Roads for a portion of State Highway No. 226, and

WHEREAS, this exchange has merit by providing a better highway network in Craighead County,

NOW, THEREFORE, IT IS ORDERED that, upon issuance of the proper Court Order by the County Judge of Craighead County, under provisions of Section 4, Act 150 of 1961, that the portion of Wood Springs Road from the junction of the U.S. 63 Bypass west of Jonesboro, southwesterly to the junction of State Highway No. 226, a distance of approximately 0.55 mile will be made a part of State Highway No. 226, section 3; that the portion of present State Highway No. 226, section 3 from the junction of the Wood Springs Road in section 26, T14N, R3E, northerly, westerly and easterly to the junction of the U.S. 63 Bypass in section 23, T14N, R3E, a distance of approximately 1.83 miles, will no longer be a part of the State Highway System, to become a part of the Craighead County Maintained System; that the county road from the junction of State Highway No. 1 at Apt, north to the junction of the U.S. 63 Bypass, a distance of approximately 2.32 miles will become a part of the State Highway System, to be designated as State Highway No. 173, section 2; all as shown on attached sketch which becomes a part of this Order

69-357 IN MONROE COUNTY, to provide access to the site of the Louisiana Purchase Marker, IT IS ORDERED that, a route beginning at the junction of State Highway No. U.S. 49 southeast of Blackton, thence running generally east along the section line between sections, 35 and 2, 36 and 1, T1N and S, R1W, to the Monroe County line, a distance of 1.82 miles is hereby made a part of the State Highway System, to be designated as State Highway No. 362, section 1, all as shown on the attached sketch which is made a part of this Order.

69-358 IN POPE COUNTY, IT IS ORDERED that upon completion of Job 8-572, that the official location of State Highway No. 247 section 0, from State Highway No. 7 south of Russellville, shall be along a new location from the junction of State Highway No. 7 near Whigg Creek, easterly to the junction of present State Highway No. 247, as constructed by Job 8-572, and that, that portion of the old location of State Highway No. 247 from the junction of the old and new

location, north to the junction of State Highway No. 7, which has been replaced by new construction on new location, and in conformity with Supreme Court decisions, is hereby declared to be no longer a part of the State Maintained Highway System, all as shown on attached sketch which becomes a part of this Order.

69-359 In CRAWFORD COUNTY on Interstate 40 at the crossing of Lee Creek.

WHEREAS, the United States Corps of Engineers, in the construction of Lock and Dam No. 13 on the Arkansas River, has requested a perpetual easement over the property described as Tract No. 344E-1 and Tract No. 344E-2, as related to Lock and Dam No. 13, for the purpose of a permanent flowage easement on those described lands lying below 392 feet mean sea level, with the right to perpetually overflow lands lying below elevation 392 feet mean sea level and to occasionally overflow, flood, and submerge the land lying between 392 feet and 396 feet mean sea level in connection with the operation and maintenance of Lock and Dam No. 13; and

WHEREAS, the Corps of Engineers agrees and understands that this easement provides the United States has liability for damages to the facilities of the Arkansas State Highway Department on this property as may occur because of the construction, operation, installation, and maintenance of said river project.

NOW THEREFORE, the Chairman is hereby authorized and directed to execute the subject easement donation deed.

69-360 In FULTON COUNTY N HIGHWAY 395, Section 1, from Salem north to the Missouri State Line, a distance of approximately 10.5 miles, the Director is authorized to proceed with surveys and plans and with construction, as funds become available.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-361 In GREENE COUNTY on HIGHWAY 228, Section 5, from Fontaine northeast to Highway 25, a distance of approximately 6.13 miles, the Director is authorized to proceed with surveys and plans and with construction, as funds become available, at an estimated cost of \$340,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-362 WHEREAS, the U. S. Department of Transportation, by issuance of PPM 21-18, dated January 17, 1969, has made available to the State Highway Department a Traffic Operations Program for Increasing Capacity and Safety (TOPICS) by which Federal-aid funds can be utilized to make specified minor highway improvements for the purpose of increasing the capacity and safety of city streets, both on and off the present Federal-aid System; and

WHEREAS, Section 10 of the Federal Highway Act of 1968, approved August 23, 1968, has set aside funds to be utilized exclusively in the TOPICS program; and

WHEREAS, the City of Pine Bluff, Arkansas, by Resolution No. 250, has expressed its desire and interest to be selected for a TOPICS study; and

WHEREAS, numerous planning studies, including the 1968 Pine Bluff Urban Transportation Study, have been conducted for the City which will provide support information for a TOPICS study.

NOW THEREFORE, the Director is authorized to enter into an Agreement with the City of Pine Bluff, Arkansas, to conduct a TOPICS study. It is understood that the City will provide financial assistance and/or help to perform this study and that the Department's portion will be conducted under the TOPICS program through the Traffic Division.

69-363 In JEFFERSON COUNTY on U. S. HIGHWAY 65, Sections 14 & 15, in the City of Pine Bluff:

WHEREAS, the expressway route through Pine Bluff traverses an area of unstable soil conditions along the edge of Lake Pine Bluff; and

WHEREAS, it is necessary that the services of a qualified Soils and Foundation Engineer be obtained to study and make recommendations regarding the construction of the expressway facility across the unstable area;

NOW THEREFORE, the Director is authorized to negotiate and execute an agreement with a nationally recognized Soils Consulting firm to study and make recommendations regarding the most feasible and economical method of constructing the expressway across the edge of Lake Pine Bluff.

69-364 In MARION COUNTY on HIGHWAY 125 in order to conduct a feasibility study for a period of seven (7) months, the Director is authorized to lease and operate the existing ferry as a toll free facility.

This order is conditioned upon the execution of a satisfactory lease agreement in the amount of \$1.00 plus other valuable considerations. I

The effective date of this order is December 1, 1969.

69-365 In MILLER COUNTY, ARKANSAS and BOWIE COUNTY, TEXAS for a crossing of the RED RIVER via HIGHWAYS U.S. 59 and U.S. 71 near Index:

WHEREAS, the existing bridge is narrow and not adequate for present traffic demands; and

WHEREAS, this river crossing is a joint responsibility of the State of Texas and the State of Arkansas;

NOW, THEREFORE, the Director is authorized to sign an Agreement with the State of Texas providing for an auxiliary bridge to be constructed, and it is ordered, declared and ordained that it be for the use by the public without toll, fee or charge of any kind or amount insofar as said

bridge, approaches, and other facilities be within the States of Arkansas and Texas, and that the Director of Highways be, and is authorized on behalf of the Commission to convey this declaration of policy and the implementing order to the Texas State Highway Department and to make such other provision and assurance as shall be necessary to assure that said bridge be for use by the public without charge and to do and act in any lawful manner to that end.

The Agreement shall state that it is further agreed between the parties that said bridge provided for in the Agreement shall be constructed and maintained by the States of Texas and Arkansas for the use of such bridge by the public without charge.

69-366 In POLK COUNTY on HIGHWAY 88, Section 1 (Skyline Drive):

WHEREAS, Skyline Drive was constructed as a scenic parkway for the benefit of tourists;
and

WHEREAS, commercial traffic is prohibited by purpose and design of the facility; and

WHEREAS, Skyline Drive is often covered with ice or snow during the winter months and is subject to limited visibility during this season; and

WHEREAS, it is not economically feasible to provide safe travel on the facility under adverse weather conditions; and

WHEREAS, the Oklahoma State Highway Department proposes to officially close that section of Skyline Drive within the State of Oklahoma;

NOW THEREFORE, the Director is authorized to officially close the section of Skyline Drive in Arkansas during the period of December 1 through April 1 each year, subject to the following:

1. Appropriate approval by the Bureau of Public Roads.
2. Appropriate approval by the National Forest Service.

69-367 WHEREAS, it has been determined that additional area is needed for future adjunct use to the Jacksonville Shops; and

WHEREAS, lands lying between the Jacksonville Shops and Highway 67 right of way owned by Pulaski Industrial Park, Inc. are available for purchase and are described as follows:

Part of the South Half of the Southeast Quarter of Section 24, Township 3 North, Range 11 West, Pulaski County, Arkansas.

Starting at the Southeast Corner of Section 24; thence North 89° 47' West along the South line thereof a distance of 787.9 feet to a point on the existing westerly Right of Way line of U. S. Highways 67 and 167; thence North 1° 55' East along said right of way line a distance of 89.7 feet to the point of beginning; thence in a westerly direction a distance of 570.8 feet to a point that is 89.5 feet North of and 1,356.2 feet along a bearing

of North 89° 47' West from the Southeast Corner of Section 24, Township 3 North, Range 11 West; thence North a distance of 61 feet, more or less, to a point on the existing southerly Right of Way line of Main Street; thence in a southeasterly direction along the existing right of way line of Main Street a distance of 580 feet, more or less, to a point on the westerly Right of Way line of U. S. Highways 67 and 167; thence South 1° 55' West along said right of way line of U. S. Highways 67 and 167 a distance of 25.7 feet to the point of beginning and containing 0.57 Acre, more or less.

WHEREAS, an appraisal prepared by two competent appraisers of the Right of Way Division reflects that \$25,000.00 is the fair market value of the said lands; and,

WHEREAS, the Pulaski Industrial Park, Inc. has agreed to convey the described property to the Commission for the sum of \$25,000.00.

NOW, THEREFORE, the Director is hereby authorized to proceed to acquire the described lands and to pay as consideration therefor the sum of \$25,000.00.

69-368 WHEREAS, the Arkansas State Highway Commission is the owner of lands located in Pulaski County, Arkansas, and described as follows:

Area #1 - North Half of Block 10, Pope's Addition to the City of Little Rock.

Area #2 - Block 5 of Pope's Addition to the City of Little Rock, less and except that part of Block 5 used for highway purposes.

Area #3 - That part of Block 1, Russell's Addition to the City of Little Rock that lies South of the South right of way line of the Missouri Pacific Railroad.

WHEREAS, the City of Little Rock desires to lease for one year for the consideration of the sum of \$1.00 the above described property for the purpose of providing public vehicular parking areas, and the City of Little Rock Board of Directors has by Resolution No. 4263 adopted on October 6, 1969, authorized the City to enter into a lease agreement with the Commission; and

WHEREAS, the described property is not now used by the Commission nor needed in the near future for highway purposes, and it is in the public interest that such lease agreement, as approved by the Bureau of Public Roads, be entered into.

NOW, THEREFORE, the Chairman of the Commission is hereby authorized to execute a lease agreement with the City for the lease of the described property upon payment of the monetary consideration.

69-369 In SALINE COUNTY on STATE HIGHWAY 35, SECTION 1, in BENTON

WHEREAS, it has been determined that the Missouri Pacific Railroad Company crossing of State Highway 35 is hazardous and that additional automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights and short-arm gates at this crossing at an estimated cost of \$20,000, subject to the following conditions:

1. That the Missouri Pacific Railroad Company will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

69-370 WHEREAS, on April 27, 1964, property was acquired by Warranty Deed, and, certain adjoining property was acquired through condemnation proceedings on February 27, 1964, and

WHEREAS, both the above mentioned tracts were required for the construction of Interstate Highway 40, Project I-40-5(20)219; and, subject tracts being more particularly described as follows respectively:

Tract 220-S

Part of the Southwest Quarter of the Southwest Quarter of Section 4, Township 4 North, Range 2 East, St. Francis County, Arkansas, more particularly described as follows:

Starting at the Northwest corner of the Southwest Quarter of the Southwest Quarter of Section 4; thence South 0°27' East along the West line thereof a distance of 264.1 feet, more or less, to a point on the proposed Southerly right

of way line of the Palestine Interchange for the point of beginning; thence in an Easterly direction along said proposed right of way line 50 feet from and parallel to the centerline of a ramp, on a curve right having a radius of 666.2 feet a distance of 363.8 feet to a point on the existing Southerly right of way line of said interchange; thence South 87° 30' West along said existing right of way

line a distance of 356.0 feet to a point on the West line of the Southwest Quarter of the Southwest Quarter of Section 4; thence North 0°27' West along said West line a distance of 78 feet, more or less, to the point of beginning and containing 0.45 acre, more or less.

Tract 213-S

Part of the Southeast Quarter of the Southeast Quarter of Section 5, Township 4 North, Range 2 East, St. Francis County, Arkansas, more particularly described as follows:

Starting at the Northeast corner of the Southeast Quarter of the Southeast Quarter of Section 5; thence South 0°27' East along said East line a distance of 264.1 feet, more or less, to a point on the proposed Southerly right of way line of the Palestine Interchange for the point of beginning; thence continue South 0° 27' East along said East line a distance of 78 feet, more or less, to a point on the existing Southerly right of way line of said interchange; thence North 79° 35' 30" West along said existing right of way line a distance of 181.5 feet to a point on the proposed Southerly right of way line of said interchange; thence in an Easterly

direction along said proposed right of way line 50 feet from and parallel to the centerline of a ramp, on a curve right having a radius of 666.2 feet a distance of 181.1 feet, more or less, to the point of beginning and containing 0.17 acre, more or less.

WHEREAS, said parcels of land are considered of no use to the Highway Department by the District Engineer, and they may be disposed of without adverse affect on the right of way of Interstate Highway 40; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that these unused and not required tracts of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads;

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare these parcels of right of way surplus property and convey by deed any and all its rights to the adjoining original grantors for the appraised value of ONE HUNDRED FIFTYAND NO/100 DOLLARS (\$150.00) for Tract 220-S, and FIFTY AND NO/100 DOLLARS (\$50.00) for Tract 213-S.

69-371 In ASHLEY COUNTY on State Highway 52, Section 1 from Wilmot, west a distance of 6.5 miles, the Director is authorized to stockpile gravel base material as a Betterment Project at an estimated cost of \$12,500.

Material to be hauled and spread by maintenance forces.

69-372 In IZARD COUNTY on State Highway 56, Section 2 between Brockwell and Franklin the Director is authorized to construct one precast concrete bridge (19' total length) as a Betterment Project at an estimated cost of \$3,800.

Work to be done by contract and maintenance forces.

69-373 In LAWRENCE and GREENE COUNTIES on HIGHWAY 228, Sections 4 and 5, from Sedgwick east to Fontaine, a distance of approximately 3.2 miles, the Director is authorized to proceed with surveys and plans and with construction, as a Betterment Project, at an estimated cost of \$175,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

69-374 In MONROE COUNTY on State Highway 362, Section 1 from U.S. Highway 49 east to the Phillips County line, a distance of 1.82 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$48,000.

Work to be done by contract and maintenance forces.

69-375 In SHARP COUNTY on State Highway 354, Section 4 between Ash Flat and State Highway 58 the Director is authorized to construct three (3) bridges for a total length of 146 feet as a Betterment Project at an estimated cost of \$17,600.

Work to be done by contract and maintenance forces.

69-376 In WASHINGTON COUNTY on State Highway 265, Section 1 from Moffit to west Greenland, a distance of 6.97 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$205,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

This will eliminate Item 60 of Minute Order 5020, Job No.

69-377 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, November 26, 1969.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
JANUARY 24, 1968

The following is the record of the proceedings of the first meeting of 1968 which was held by the Arkansas state highway commission in Little Rock, Arkansas on January 24, 1968.

68-1 IT IS ORDERED that a regular meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, January 24, 1968.

68-2 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-575 through 67-587 at the regular meeting of the Commission on November 22, 1967.

68-4 WHEREAS, the U. S. Bureau of Public Roads is promoting the multi-state support and financing of two safety research projects, an 18 month effort titled "Safety Provisions for Support Structures on Overhead Sign Bridges" at a cost of \$266,000 and a 2 year effort titled "Diagnostic Studies of Highway Visual Communication Systems" at a cost of \$381,832, to be conducted by the Texas Transportation Institute; and

WHEREAS, recent multi-state research on break-away sign supports by TTI has been very successful and has provided special benefits to the participating states; and

WHEREAS, it would be of benefit in our effort to provide the latest safety features on our State Highways to support and assist in the financing of both safety research projects

NOW THEREFORE, the Director is authorized to obligate \$8,000 of the F. Y. 1969 HP&R funds, of which no State funds are involved, to be used in equal parts to assist in the financing of the two multi-state research projects and to include this research in Part 2 of the F.Y. 1969 Work Program.

68-5 WHEREAS, the Purchasing Committee has awarded purchases on November 27, December 4, 11, 18, 26, 1967 and January 8, 15 and 22, 1968 in the amounts of \$97,700.35, \$33,261.86, \$49,883.53, \$46,320.80, \$86,489.09, \$214,546.39, \$73,578.60 and \$7,997.28 respectively, totaling \$609,777.90, and sales on December 18, 1967 in the amount of \$992.80, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-6 WHEREAS, under date of September 2, 1967, by MINUTE ORDER 67-476, the Highway Commission approved the executing of a contract with the firm of Glassie & Molloy of Washington, D. C. to provide expert assistance in the Asphalt Case, and

WHEREAS, the firm of Glassie Molloy has performed outstanding services and it is determined that their contract should be extended;

NOW THEREFORE, the limits imposed by MINUTE ORDER 67-476 are hereby increased by an additional \$25,000.00.

68-7 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1968, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for membership dues for the year 1968 in the amount of \$2,279.25,

68-8 WHEREAS, the Arkansas State Highway Commission acquired property from J. C. and Virginia Wheatley through condemnation action in Hot Spring County Circuit Court filed June 30, 1966, as right of way for construction of Interstate Highway 30, Arkansas I-30-2(42)80; and

WHEREAS, the following described land, which was acquired as right of way, has been considered and determined not needed for the purpose acquired and neither needed for maintenance nor future operation of the project in question:

Part of the Northwest Quarter of the Southwest Quarter of Section 35, Township 4 South, Range 18 West, Hot Spring County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northwest Quarter of the southwest Quarter of Section 35; thence South 2° 05' West along the West line thereof a distance of 232.3 feet to a point on the existing northwesterly Right of Way line of State Highway 84; thence in a southerly direction along said existing right of way line on a curve left, having a radius of 1,949.86 feet a distance of 190.0 feet to a point; thence North 74° 59' West a distance of 120.2 feet to a point; of beginning and containing 0.26 Acre, more or less.

WHEREAS, said parcel of land is considered of no use to the Highway Commission by the District Engineer and it may be disposed of without adverse effect on the right of way of Interstate 30; and

WHEREAS, it is considered to be in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared surplus and disposed of at the appraised value of \$200.00, with the concurrence of the Federal Highway Administration:

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and execute and instrument of conveyance to J.C. and Virginia Wheatley for a consideration of Two Hundred and No/100 Dollars (\$200.00)

68-9 WHEREAS, Minute Order 67-440, dated August 23, 1967, authorized and directed the Chairman of the Arkansas State Highway Commission to execute a Quitclaim Deed for a parcel of land in right of way to Milous and Emma Virginia Campbell for and in consideration of the sum of One And No/100 Dollars, (1.00). A deed has been executed and delivered to Milous and Emma Virginia Campbell for the following described property:

Part of the Northeast Quarter of the Northwest Quarter of Section 1, Township 10 North, Range 4 West, Jackson County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of Section 1, Township 10 North, Range 4 West; thence easterly along the North line thereof a distance of 2,003 feet, more or less to a point on the centerline of U. S. Highway 67; thence South 13° 50' West along said centerline a distance of 375.0 feet to a point; thence North 76° 10' West a distance of 60.0 feet to the point of beginning; thence South 13° 50' West along a line 60 feet from and parallel to centerline of U. S. Highway 67 a distance of 200.0 feet to a point; thence North 76° 10' West a distance of 140 feet to a point; thence North 13° 50' East a distance of 200.0 feet to a point; thence South 76° 10' East a distance of 140.0 feet to the point of beginning and containing 0.64 Acre.

WHEREAS, on delivery of executed Quitclaim deed, County Surveyor in Jackson County, Arkansas, located the Section Line also County Line between Jackson and Independence Counties, which resulted in an error as to actual location of property involved. To provide deed as reflected by this survey will require a Correction Deed described as follows:

Part of the Northeast Quarter of the Northwest Quarter of Section 1, Township 10 North, Range 4 West, Jackson County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of Section 1, Township 10 North, Range 4 West; thence easterly along the North line thereof a distance of 2,003 feet, more or less to a point on the centerline of U. S. Highway 67; thence South 13° 50' West along said centerline a distance of 322.0 feet to a point; thence North 76° 10' West a distance of 60.0 feet to the point of beginning; thence South 13° 50' West along a line 60 feet from and parallel to centerline of U. S. Highway 67 a distance of 200.0 feet to a point; thence North 76° 10' West a distance of 140 feet to a point; thence North 13° 50' East a distance of 200.0 feet to a point; thence South 76° 10' East a distance of 140.0 feet to the point of beginning and containing 0.64 Acre.

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute the Corrected Quitclaim Deed for the parcel of land in right of way to Milous and Emma Virginia Campbell for and in consideration of the sum of ONE AND NO/100 DOLLARS, (\$1.00).

68-10 In WOODRUFF COUNTY, Minute Order 67-274 of May 24, 1967, is hereby rescinded and the following changes to the State Highway System in the vicinity of Patterson and McCrory are authorized upon the completion of Job 11718:

1. The official location of State Highway No. U.S. 64, sections 13 and 14, shall be in accordance with the new location as constructed by Jobs 11699 and 11718.

2. The one-block North-South section of old U.S. 64, Sec. 14, in Patterson, is hereby made a part of State Highway No. 17, section 4.

3. The portion of State Highway No. 17, section 5, between the junction of the new location of U.S. 64 north of McCrory and the old location of U.S. 64 in McCrory, is hereby redesignated as a part of State Highway No. 145, Section 4.

4. That portion of the old route of U.S. 64, section 14, from the junction of State Highway No. 17 in Patterson, east to the junction of the new location of U.S. 64 east of McCrory, is hereby retained as part of the State Highway System to be designated as U.S. 64 Business Route, section 14B.

5. That portion of old U. S. 64, section 13, from the junction of State Highway No. 17 in Patterson, west to the new location of U. S. 64, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

68-11 In ARKANSAS COUNTY an State Highway 44, Section 1 from Highway 1 to Tichnor, a distance of 5.25 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$61,700.

Work to be done by Contract.

68-12 In ARKANSAS AND PRAIRIE COUNTIES on U. S. Highway 79, Sections 11 and 12 from Stuttgart to the Monroe County line, a distance of 10.10 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$153,200.

Work to be done by Contract.

68-13 In BENTON COUNTY on State Highway 127 from Garfield to Beaver Lake boundaries, a distance of 6.10 miles, the Director is authorized to construct grading, base and double bituminous surface treatment as a Betterment Project at estimated cost of \$134,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will eliminate Job 9543 (U. S. 62-Lost Creek Bridge Use Area), which was programmed by Minute Order 67-198.

- 68-14 In CHICOT COUNTY on State Highway 8, Section 16 and State Highway 159, Section 1 in Eudora the Director is authorized to resurface two miles of the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$31,900.

Work to be done by contract.

- 68-15 In CLEVELAND COUNTY on State Highway 15, Section 6 from Rowell to Calmer, a distance of 3.0 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$36,500.

Work to be done by contract.

- 68-16 In CLEVELAND AND LINCOLN COUNTIES on State Highway 114, Sections 0 and 1 from Hudgins Creek to Palmyra and on State Highway 54, Section 6 from Glendale to the Junction of 114, for a total length of 5.95 miles, the Director is authorized to construct grading, minor drainage structures, portland cement stabilized base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$117,800.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 68-17 In COLUMBIA COUNTY on U. S. Highway 79, Section 1 from Nations Creek south, a distance of 9.09 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$136,000.

Work to be done by Contract.

This will eliminate the Program Provision of Minute Order 67-297, Job No. 7673 (North Emerson-Nations Creeks.

- 68-18 In DALLAS AND CLEVELAND COUNTIES on U. S. Highway 79, Sections 6 and 7 from Fordyce to Kingsland, a total of 6.87 miles, the Director is authorized to resurface the existing pavement and construct gravel shoulders as a Betterment Project at an estimated cost of \$92,100.

Work to be done by contract.

- 68-19 In DREW COUNTY on State Highway 4, Section 15 at Monticello the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$40,400.

Work to be done by contract.

68-20 In FAULKNER COUNTY on U. S. Highway 64, Section 8 and U. S. Highway 65, Sections 9 and 10 from the Junction of State Highway 25 north of Conway, to the Brumley Connection, with the exception of 1.459 miles which was constructed under Job No. 8453, the Director is authorized to construct 3.39 miles of grading, minor drainage structures, combination curb and gutter, base and asphaltic concrete hot mix surface as a State

68-21 WHEREAS, in FAULKNER COUNTY on State Highway 287, Section 1 from Springhill east, a distance of 4.82 miles, Minute Order 67-175 was approved April 22, 1967, for the construction of grading, minor drainage structures, base, double bituminous surface treatment and two bridges, and,

WHEREAS, due to the heavy work load of the district maintenance forces, it is the request of the District Engineer that Minute Order 67-175 be cancelled and that a State Contract be awarded for this work,

IT IS ORDERED that the Director be authorized to cancel Minute Order 67-175 and program the above work for construction by State Contract from Betterment funds at an estimated cost of \$232,000.

This work subject to the furnishing of all required right of way and the adjustment of utilities free of cost to the State.

68-22 In FULTON and IZARD COUNTIES on State Highway 223, Sections 1 and 2 from a point 3 miles South of Viola to Pineville, a distance of 19 miles, the Director is authorized to stockpile crushed stone base material near Wild Cherry as a Betterment Project at an estimated cost of \$65,000. Crushing and stockpiling to be done by contract

68-23 In GARLAND COUNTY on STATE HIGHWAY 298 from Highway 7 to Hamilton, a distance of approximately 4 miles, the Director is authorized to proceed with surveys, plans, and construction for grading, base and surfacing at an estimated cost of \$270,000.00,

This is a betterment project to be done by contract.

Right-of-way is to be furnished and utilities are to be moved at no cost to the State Highway Department.

68-24 In GRANT and JEFFERSON COUNTIES on U. S. Highway 65, Sections 13 and 14 from the Pulaski County line to Jefferson Springs, a distance of 7.85 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$121,300.

Work to be done by contract.

68-25 In HEMPSTEAD COUNTY at the Red River Vocational School and Hope District Headquarters yard the Director is authorized to resurface existing asphalt parking areas with Asphaltic Concrete Hot Mix from Routine Maintenance funds at an estimated cost of \$2,600.

Work to be done by Purchase Order Contract.

- 68-26 In HOT SPRING COUNTY on State Highway 9, Section 4 from Malvern to the Dallas County line, a distance of 16.92 miles, the Director is authorized to construct Asphaltic Concrete Hot Mix base, Asphaltic Concrete Hot Mix surface and crushed stone shoulders, five feet on each side, with single bituminous surface treatment as a Betterment Project at an estimated cost of \$300,300.00.

Work to be done by contract and maintenance forces

- 68-27 In JACKSON COUNTY on State Highway 145, Section 1 at Locust Creek the Director is authorized to construct one precast concrete bridge, 62 feet in length, as a Betterment Project at an estimated cost of \$18,000.

Work to be done by Purchase Order Contract.

- 68-28 In JEFFERSON COUNTY on U. S. Highway 79, Section 9 from Pine Bluff south the Director is authorized to resurface four selected sections of the existing pavement for a total length of 6.03 miles with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$84,600.

Work to be done by contract.

- 68-29 In JEFFERSON COUNTY on State Highway 15, Section 7 from Pine Bluff south, a distance of 4.25 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$49,200.

Work to be done by contract.

- 68-30 In JOHNSON COUNTY on State Highway 352, Section 3 from U. S. Highway 64 to Borden's Corner, a distance of 5.21 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and widening existing bridge structures as a Betterment Project at an estimated cost of \$113,000.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State,

- 68-31 In LAWRENCE COUNTY on State Highway 230, Section 6 at East Cache River the Director is authorized to construct one 170 foot bridge using a 100 foot road truss span, now in

stock, and two concrete approach spans on each end as a Betterment Project at an estimated cost of \$15,000.

Work to be done by Maintenance forces.

- 68-32 In LINCOLN COUNTY on State Highway 83, Section 4 from Highway 54 to Highway 114, a distance of 6.06 miles, the Director is authorized to construct grading, minor drainage structures, portland cement stabilized base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$105,500.

Work to be done by Contract and Maintenance forces.

- 68-33 In MADISON COUNTY on State Highway 68, Section 2 from Huntsville west, a distance of 6.50 miles, the Director is authorized to level up and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$70,400.

Work to be done by Contract.

- 68-34 In MILLER COUNTY on U. S. Highway 67, Section 11 at the Texarkana Airport access the Director is authorized to resurface 436 lineal feet of the existing pavement with asphaltic concrete hot mix from Routine Maintenance funds at an estimated cost of \$1,300.

Work to be done by Contract.

- 68-35 In MISSISSIPPI COUNTY on State Highway 198, Section O from Grider to Sans Souci, a distance of 3.38 miles, the Director is authorized to widen the existing right of way from 60 feet to 80 feet, widen the roadway from 28 feet to 32 feet, widen the surface from 20 feet to 24 feet, reconstruct the existing base and surface and construct double bituminous surface treatment as a Betterment Project at an estimated cost of \$67,000.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 68-36 In MISSISSIPPI COUNTY on State Highway 18, Section 6 from Big Lake to the West City Limits of Blytheville, a distance of 11 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix base and surface course as a Betterment Project at an estimated cost of \$145,000.

Work to be done by Contract

68-37 WHEREAS, in MISSISSIPPI COUNTY on State Highway 140, Section 3 on the connection from Osceola to Highway 61, a distance of 1.90 miles, Minute Order 67-182 was approved on April 26, 1967, to construct a drainage system, base and shoulders, and,

WHEREAS, this work is substantially complete,

IT IS ORDERED that the Director be authorized to construct asphaltic concrete hot mix surface and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$32,000.

Work to be done by Contract and Maintenance forces.

This work contingent on suitable outlet drainage being furnished by the City of Osceola and Mississippi County.

68-38 IN MISSISSIPPI COUNTY on U. S. 61, Section 2 from Bassett to Osceola (exception Job 10-573 - 1.1 mile), a distance of 14.41 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct stone shoulders as a Betterment Project at an estimated cost of \$192,000.

Work to be done by Contract and Maintenance forces.

68-39 In MONROE COUNTY on U. S. Highway 70, Section 17 from the Prairie County line to the Monroe County Area Headquarters, a distance of 7.30 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$133,000.

68-40 In MONROE COUNTY on U. S. Highway 79, Section 13 from the Prairie County line to the Junction of Highway 33, a distance of 2.60 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$32,000.

Work to be done by Purchase Order Contract.

68-41 In MONROE AND LEE COUNTIES on U. S. Highway 79, Sections 14 and 15 between Highway 17 and Marianna the Director is authorized to resurface three selected sections of the existing pavement for a total length of 18.0 miles with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$234,000.

Work to be done by contract.

68-42 In NEWTON COUNTY on State Highway 43, Section 1 from Ponca north, a distance of 3.15 miles, the Director is authorized to construct grading, base, double bituminous surface treatment and one 50 foot I-Beam bridge, using salvaged structural steel, as a Betterment Project at an estimated cost of \$85,000.00.

Work to be done by maintenance forces.

This action subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 68-43 In OUACHITA COUNTY on State Highway 7, Section 3 from the South City Limits of Camden to a point 0.8 miles south of Elliott, a distance of 6.31 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$65,000.

Work to be done by Contract.

This will eliminate Item 29 of Minute Order 64-374, Job No. 7627 (Elliott-Tate).

- 68-44 In OUACHITA COUNTY on State Highway 376, Section 1 from State Highway 4 east, a distance of 4.38 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix from Routine Maintenance funds at an estimated cost of \$41,900.00.

Work to be done by contract.

- 68-45 In PERRY COUNTY on State Highway 300, Section 1 from State Highway 216 to State Highway 113, a distance of 5.18 miles, the Director is authorized to construct clearing, grubbing, grading, minor drainage structures, gravel base, double bituminous surface treatment and two bridges as a State Contract from Betterment funds at an estimated cost of \$226,000.

This work subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 68-46 In POPE COUNTY on State Highway 247, Section 0 from Highway 7 east, a distance of 3.82 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and construct one 30 foot precast slab bridge as a Betterment Project at an estimated cost of \$72,000.

Work to be done by Purchase Order Contract and Maintenance forces.

- 68-47 In POPE COUNTY on State Highway 7, Section 14 at the Intersection of Highway 7 and 7T south of Russellville the Director is authorized to construct channelization in accordance with plans prepared by the Planning and Research Division as a Betterment Project at an estimated cost of \$11,500.

This project is recommended by the Accident Analysis Review Team to correct a high accident location.

Work to be done by Purchase Order Contract and Maintenance forces.

- 68-48 In PRAIRIE COUNTY on State Highway 33, Section 6 from U. S. Highway 70 to Interstate 40, a distance of 2.07 miles, the Director is authorized to widen and resurface the existing pavement with base and surface course as a Betterment Project at an estimated cost of \$57,400.

Work to be done by Contract.

- 68-49 In ST. FRANCIS COUNTY on U. S. Highway 70, Section 19 from Forrest City to the Junction of Highway 38, a distance of 6.15 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders with a single seal as a 68-50 In SEARCY COUNTY on U. S. Highway 65, Section 4 from St. Joe north, a distance of 6.0 miles, the Director is authorized to resurface the existing pavement and widen curves with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$68,800.

Work to be done by Contract.

- 68-50 In SEARCY COUNTY on U.S. Highway 65, Section 4 from St. Joe north, a distance of 6.0 miles, the Director is authorized to resurface the existing pavement and widen curves with asphaltic concrete hot mix as a Betterment Project as an estimated cost of 468,800.

Work to be done by Contract.

- 68-51 In SEBASTIAN COUNTY as a "Wye" connection between U. S. Highway 71 and U. S. Highway 271, for a distance of 1,100 feet, the Director authorized to construct grading, base and asphalt surface on Zero Street in the City of Ft. Smith as a Betterment Project at an estimated cost of \$7,500,

Work to be done by Contract and Maintenance forces.

- 68-52 In STONE COUNTY on State Highway 263, Section 1 from Rushing north to State Highway 66, a distance of 12 miles, the Director is authorized to stockpile crushed stone base material near Fox as a Betterment Project at an estimated cost of \$36,500.

Crushing and stockpiling to be done by contract.

- 68-53 In UNION COUNTY U. S. Highway 167, Section 2 from Highway 7 north, a distance of 3.68 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$40,000.

- 68-54 In WASHINGTON COUNTY on State Highway 68, Section 1 from U. S. Highway 71 east, a distance of 6.30 miles, (project length 6.50 miles including "Wye") the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$70,400.

Work to be donf by Contract.

68-55 WHEREAS, in CLEVELAND COUNTY at Rison and in LINCOLN COUNTY at Star City there is need for salt and calciwm chloride storage houses, and,

WHEREAS, suitable plans have been developed for these facilites,

IT IS ORDERED that the Director be authorized to construct two twelve foot by twelve foot (12' x 12') storage houses from Routine Maintenance funds at an estimated cost of \$3,000.

Work to be done by Purchase Order Contract.

68-56 In DALLAS and GRANT COUNTIES, on STATE HIGHWAY 46, Sections 1and 2:

WHEREAS, Minute Order 64-375, Item 46 authorized the improve-ment of Highway 46 from the Dallas County Line to Leola as designated by Job 6831; and

WHEREAS, that portion of Highway 46 in Dallas County from Highway 9 northeast to the Grant County Line, a distance of approximately 2.44 miles, was not programmed for improvement; and

WHEREAS, the proposed improvement would leave a gap necessitating costly maintenance and would not provide continuity of Highway improvement.

NOW THEREFORE, the Director is hereby authorized to proceed withconstruction of grading, minor drainage structures, basee and surfacing on Highway 46 from Highway 9 northeast to Leola, a distance of approximately 5.75 miles, at an estimated cost of \$285,000.00. This action will cancel Minute Order 64-375, Item 46.

Furnishing of right-of-way and adjustment of utilities shall be in accordance with applicable Highway Commission policies.

68-57 In LONOKE & WHITE COUNTIES on STATE HIGHWAY 161, Sections 1 & 2 from Junction U. S. Highway 67 north to Junction U. S. Highway 64, approximately 12.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base, and Surfacing at an estimated cost of \$900,000.00.

68-79 WHEREAS, there has developed a need for a State Highway connection between the old Interstate traveled-way and the newly constructed Interstate Routes to collect and distribute traffic from the Interstate Highway Network to local communities at existing interchanges with county roads.

NOW THEREFORE, the following described roads are hereby made a part of the State Highway System:

In Miller County, the county road from U. S. Highway 67 at Mandeville west to I-30, a distance of approximately 0.4 mile.

In Hot Spring County, the county road from U. S. Highway 67 in Friendship north to I-30, a distance of approximately 0.8 mile.

In Johnson County, the county road from U. S. Highway 64 at Coal Hill north to I-40, a distance of approximately 4.2 miles.

In Pulaski County, the county road from U. S. Highway 70 at Galloway north to I-40, a distance of approximately 0.4 mile.

In Lonoke County, the county road from U. S. Highway 70 north through Kerr to I-40, a distance of approximately 1.8 miles.

In St. Francis County, the county road from U. S. Highway 70 in Wheatley north to I-40, a distance of approximately 1.5 miles.

In St. Francis County, the road from U. S. Highway 70 in Palestine northward along Pannell, Parker, Wood, and North Main Streets to I-40, a distance of approximately 1.5 miles.

State Highway route and section designation will be made and appropriate Federal-aid System action taken at a later date based upon systems correlation study.

68-80 WHEREAS, the National Highway safety Standards require that each state shall have a program for skid prevention that will improve highway safety through the application of proven methods of increasing the coefficient of friction of pavement surfaces; and

WHEREAS, considerable emphasis has been placed on improving pavement skid resistance by AASHO and the Congressional Safety Committee; and

WHEREAS, it would be in the interest of highway safety for the Department to initiate a safety project to develop recommendations for improving the skid resistance of our ACHM surfaces.

THEREFORE, the Director is authorized to initiate a safety project with the objective of developing an ACHM surface that will meet the existing quality and performance requirements and will provide improved skid resistance.

The safety project will be financed under Part II of the Fiscal Year 1969 HP&R Work Program and will be under the direction of Planning & Research, in cooperation with Materials & Tests.

The scope of the project will involve specifying various ACHM mix designs on surfacing projects and based on the results of skid tests and other testing methods continue to improve the mix design until the maximum skid resistance can be obtained without a loss in pavement performance.

68-81 WHEREAS, Minute Order 64-324 dated September 16, 1964 authorized the Director to execute an Agreement with the City of Texarkana, Arkansas, Miller County, and the Texas State Highway Department for the purpose of making a comprehensive transportation study for the Texarkana urban area in accordance with Section 9 of the 1962 Federal-aid Highway Act; and

WHEREAS, the study has been completed and approved by the City of Texarkana, Arkansas by Resolution No. 211 dated December 18, 1967, Miller County by Resolution No. 211 dated December 28, 1967, and the Texas State Highway Department.

NOW THEREFORE, BE IT RESOLVED, that the Texarkana Urban Transportation Study, dated 1965 and compiled in two volumes, is approved to be used as a basis for future planning and development of the highway network of the urban area of Texarkana as funds become available, all of which is in accord with Section 9 of the 1962 Federal-aid Highway Act. And, in line with the future provisions of this Act, the Director is authorized to cooperate with the local governments and the Texas State Highway Department in developing a plan for the required "continuing phase" of the transportation study.

68-82 In Sebastian County on Interstate Route 540 - Section 11,

WHEREAS, The Fort Smith Water Department, under an agreement dated September 11, 1962, with the State Highway Department, placed a 30 inch cor-rugated metal pipe on an existing ten inch water line to provide for an adjustment required by the construction of Job No. 4480 on Interstate Route 540; and

WHEREAS, In replacing the water line inside the encasement pipe in April of 1967, the Water Department found that a segment of the corrugated metal pipe had collapsed to the point that the larger diameter replacement water line could not be pushed through the encasement pipe; and

WHEREAS, It has been conclusively established that the excessive loads or forces were applied during the construction of the Interstate highway fill over the 30 inch encasement pipe, and which construction operations are now the responsibility of the Arkansas State Highway Department; and

WHEREAS, the existing water line was located on a compensable property right owned by the Fort Smith Water Department which is still valid; and

WHEREAS, The Fort Smith Water Department has claimed reimbursement from the State Highway Department in the corrected billed amount of \$1,277.68 for the actual cost incurred in repairing the damaged encasement pipe.

NOW THEREFORE, The Director is authorized to make payment to the Fort Smith Water Department for the actual cost of making said pipe repairs, subject to verification of the charges by audit of the Water Department's records and accounts.

68-83 WHEREAS, the Purchasing Committee has awarded purchases on January 29, February 5, 12, 19, and 26, 1968 in the amounts of \$46~984.75, \$114,000.11, \$33,765.87, \$104,929.89 and \$1,397,351.34 respectively, totaling \$1,697,031.96, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-84 WHEREAS, Phases I and II of the Radio Modification Program are underway and multifrequency mobile units will be required for persons using radio for interdistrict operations,

IT IS ORDERED that the Director be authorized to purchase one hundred twenty five mobile radio units capable of four-channel operation. The cost of these mobile units shall not exceed One hundred thousand dollars (\$100,000.00).

68-85 WHEREAS, one of the recommendations of the Governmental Efficiency Study Commission as a result of their study of the Washington report was that the Highway Department develop a record retention program and microfilm all pertinent records of the Highway Department; and

WHEREAS, studies had been made at the request of the Highway Department by Kodak, IBM, and 3M to determine the most efficient and economical record retention program through microfilming adaptable to the needs of the Highway Department; and

WHEREAS, office space has been assigned for this activity, and it being determined that the purchase of the proposed equipment is best adapted to our purpose and will provide better utilization of storage space and a more efficient utilization of man power for information retrieval,

NOW, THEREFORE, the Director is hereby authorized to acquire through established purchasing procedures the following microfilm equipment estimated to cost \$20,000.00.

One 35mm Planetary Camera
One 16/35mm Microfilm Processor
One 16/35mm Micro Copier
One 16/35mm Micro Viewer/Printer
Three 16/35mm Micro Viewers
One Densitometer

68-86 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 91 vehicles to meet AHD Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-68-71, opening at 10:00 A.M., February 13, 1968, and

WHEREAS, the Highway Purchasing Committee at its meeting of February 19, 1968, reviewed bids received and recommends to the Commission that the awards be made to the lowest and best bids meeting Arkansas Highway Specifications in the total amount of \$189,428.42,

NOW THEREFORE the awards for the purchase of 91 vehicles are hereby made as listed below, and the Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the out-right sale of the used vehicles under the provisions of Minute Order No. 64-273 dated August 19, 1964.

ITEM 1

Fifty one (51) Automobiles to meet AHD Spec. 67-68 N.E. No. 64-32, award to Moore Ford Company, North Little Rock, for furnishing 1968 Year Model Ford Custom 500 4 Dr. Sedans at a net bid price of \$2,099.22 each

Total for 51	\$107,060.22
--------------	--------------

ITEM 2

Twenty Two (22) Station Wagons, 4 Dr. 6 Passenger, to meet AHD Spec. 67-68 N.E. No. 64-33, award to Moore Ford Company, North Little Rock, for furnishing 1968 Year Model Ford Custom 500 Wagons at a net bid price of \$2,149.44 each

Total for 22	47,287.68
--------------	-----------

ITEM 3

Two (2) Station Wagons, 4 Dr. 6 Passenger, to meet AHD Spec. 67-68 N.E. No. 64-34, award to Moore Ford Company, North Little Rock, for furnishing 1968 Year Model Ford Custom 500 Wagons at a net bid price of \$2,390.74 each

Total for	2 4,781.48
-----------	------------

ITEM 4

Station Wagons, 4 Dr. to meet AHD Spec. 67-68 N.E. No. 64-35, award to Starling and Curry Motors, Booneville, for furnishing 1968 Year Model Plymouth RL 45 Belvedere at a net bid price of \$1,893.69 each

Total for 16	\$30,299.04
--------------	-------------

TOTAL - 91 NEW VEHICLES	\$189,428.42
-------------------------	--------------

68-87 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 146 vehicles to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-68-133, opening at 10:00 A.M. February 21, 1968, and

WHEREAS, the Highway Purchasing Committee at its meeting of February 26, 1968, reviewed bids received and recommends to the Commission that the awards be made to the lowest and best bids meeting Arkansas Highway Specifications in the total amount of \$269,723.86,

NOW THEREFORE, the awards for the purchase of 146 vehicles are hereby made as listed below, and the Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the out-right sale of the used vehicles under the provisions of Minute Order No. 64-273 dated August 19, 1964.

ITEM 1

Thirty Five (35) Six Passenger Carryalls to meet AHD Spec. 67-68 N.E. No. 64-36, award to Polk Chevrolet- Pontiac Company, Inc., Corning, for furnishing 1968 Year Model Chevrolet CS 10906 at a net bid price of \$2,288.60 each

Total for 35 units \$80,101.00

ITEM 2

Seventy Nine (79) Pick Up Trucks, 5000# GVW, to meet AHD Spec. 67-68 N.E. No. 64-37, award to Moore Ford Company, North Little Rock, for furnishing 1968 Year Model Ford F100 Flareside Pick Ups at a net bid price of \$1,529.48 each

Total for 79 units 120,828.92

ITEM 3

One (1) Pick Up Truck, 5000# GVW, to meet AHD Spec. 67-68 N.E. No. 64-38, award to Rebsamen Ford Company, Little Rock, for furnishing 1968 Year Model Ford F100 Flareside, 131" Wheelbase, at a net bid price of

1,590.00

ITEM 4

One (1) Pick Up Truck, 7000# GVW, to meet AHD Spec. Little Rock, for furnishing 1968 Year Model Ford F250 Flareside, 131", at a net bid price of

1,839.79

ITEM 5

Twenty Four (24) Pick Up Trucks with Crew Cab, 7300# GVW, to meet AHD Spec. 67-68 N.E. No. 64-40, award to Moore Ford Company, North Little Rock, for furnishing 1968 Ford F250 Crew Cab Flareside at a net bid price of \$2,217.58 each

Total for 24 units \$53,221.92

ITEM 6

Three (3) Pick Up Trucks, 7800# GVW, to meet AHD Spec. 67-68 N.E. No. 64-41, award to Polk Chevrolet-Pontiac Company, Corning, for furnishing 1968 Year Model Chevrolet CE 31004 at a net bid price of \$1,896.69 each

Total for 3 units 5,690.07

ITEM 7

Three (3) Stake Body Trucks, 10,000# GVW, to meet AHD Spec. 67-68 N.E. No. 64-42, award to Buchanan Chevrolet and Olds., Osceola, for furnishing 1968 Year Model Chevrolet CE 31009 at a net bid price of \$2,150.72 each

Total for 3 units 6,452.16

146 VEHICLES \$269,723.86

68-88 In BENTON COUNTY on U. S. HIGHWAY 71, Section 18, from Rogers to Bentonville, the Director is authorized to widen the existing pavement, construct shoulders and drainage structures, and construct asphaltic concrete surfacing as a State contract at an estimated cost of \$550,000.00.

68-89 In FRANKLIN COUNTY, on HIGHWAY 219, Section 1, from Highway 64 in Ozark north to Interstate Route 40, a distance of approximately 1.9 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$193,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-90 In District Three at the following headquarters locations the Director is authorized to construct twelve foot by twenty foot (12' x 20') chemical storage houses from Routine Maintenance funds at an estimated cost of \$10,000:

No.	Location
1	District Headquarters on U. S. 67 at Hope
1	Area Headquarters on State Highway 29 at Hope
1	Area Headquarters on State Highway 27 at Nashville
1	Area Headquarters on State Highway 29 at Lewisville
1	Area Headquarters on U. S. 71 at Ashdown

Work to be done by Purchase Order Contract.

68-91 WHEREAS, in JEFFERSON COUNTY at the District 2 Headquarters in Pine Bluff there is a need for additional storage area, and,

WHEREAS, a suitable plan has been developed for this storage building,

IT IS ORDERED that the Director be authorized to construct one twenty foot by thirty foot (20' x 30') metal building as a Building Project at an estimated cost of \$5,000.

68-92 In MISSISSIPPI COUNTY, on STATE HIGHWAY 18, Section 6;

WHEREAS, the U. S. Corps of Engineers proposes to extend the channel of Ditch 81 of the Little River Drainage System to cross State Highway 18 approximately one mile west of Pettyville; and

WHEREAS, the proposed work by the Corps of Engineers will require that a new bridge be constructed at this location;

THEREFORE, the Director is authorized to negotiate and execute contracts with the Corps of Engineers for the design and construction of the new bridge at an estimated cost of \$10,000 for design and \$229,000 for construction subject to 100 percent reimbursement of the costs involved by the Corps of Engineers.

The Director is further authorized to execute the necessary deeds and easements as may be required by the project.

68-93 In PULASKI COUNTY on U. S. HIGHWAY 70, Section 13:

WHEREAS, there have been many accidents at the location of the Missouri Pacific Underpass just east of North Poplar Street from large vehicles striking the top of the underpass resulting in damage to the vehicles and/or the structure; and

WHEREAS, the City of North Little Rock has requested that the highway grade be lowered at this location to provide greater clearance and has offered to participate in the cost of the project;

NOW, THEREFORE, it is ordered that the Director is authorized to lower the highway surface at this location to provide the maximum clearance feasible at an estimated cost of \$30,000.00, subject to the following conditions:

1. Participation by the City of North Little Rock to the extent of one-half the cost of the project.
2. The furnishing of adequate storm drainage for the lowered highway facility by the City of North Little Rock without cost to the Department.

68-94 In PULASKI COUNTY, on U. S. HIGHWAY 70, Section 12,

WHEREAS, the City of Little Rock has requested permission to construct an at-grade intersection with U. S. Highway 70 (New Benton Highway) and 65th Street within the City Limits of Little Rock; and

WHEREAS, the Pulaski Area Transportation Study recommends that 65th Street be developed as a four lane facility and extended west with a connection to U. S. Highway 70; and

WHEREAS, the Highway Needs and Classification Study classified 65th Street as a Class III Major Arterial Street of four lanes;

NOW THEREFORE, the Director is authorized to issue a permit to the City of Little Rock for the construction of an at-grade intersection of 65th Street with U. S. Highway 70, subject to the following conditions.

1. That the proposed construction be in accordance with plans approved by the Department.

2. That all construction on the highway right-of-way meet the approval of the Department's District Engineer.

3. That all construction including utility adjustments and traffic control devices be performed at no cost to the Department.

4. That any additional right-of-way required be provided at no cost to the Department.

68-95 In WOODRUFF COUNTY, on HIGHWAY 17, Section 4, from Cotton Plant to Grays, the Director is authorized to extend or construct culverts and construct bridges and approaches as a State contract at an estimated cost of \$137,500.

This project is included in the Highway Safety Spot Hazard Program and will be constructed as a safety project.

68-96 In BOONE COUNTY on U. S. Highway 65, Section 1 from the Missouri State Line south to the Junction of U. S. Highway 62, a distance of 16.75 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Betterment Funds at an estimated cost of \$204,000,

Work to be done by contract and maintenance forces.

68-97 In CALHOUN COUNTY on State Highway 4, Section 11 from Hampton to Harrell, a distance of 4.79 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$85,000.

Work to be done by contract.

68-98 In CARROLL COUNTY on State Highway 68, Section 4 from Osage to the Madison County Line, a distance of 12.40 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix surface from Betterment Funds at an estimated cost of \$144,500.

Work to be done by contract and maintenance forces.

68-99 In COLUMBIA COUNTY on U. S. Highway 79, Section 1 from the Louisiana Line north 7.09 miles the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$95,000.

Work to be done by contract.

68-100 In CRAIGHEAD COUNTY on State Highway 135, Section 2 at Black Oak the Director is authorized to level up and resurface the existing surface, including the Highway 18 intersection, with hot mix base and surface as a Betterment Project at an estimated cost of \$21,500.

Work to be done by contract.

68-101 In HEMPSTEAD COUNTY on State Highway 355, Section 2 from north of McNab to south of Saratoga, a distance of 4.55 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$37,300.

Work to be done by contract.

68-102 In HOWARD COUNTY on State Highway 355, Section 1 from Saratoga to Mineral Springs, a distance of 9.56 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$78,300.

Work to be done by contract.

68-103 In JEFFERSON COUNTY on U. S. Highway 79, Section 10 from the Junction of Highway 15 to Highway 88, a distance of 4.23 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$59,800.

Work to be done by contract.

68-104 In JOHNSON COUNTY on State Highway 21, Section 1 from U. S. Highway 64 to Lake Ludwig, a distance of 4.7 miles, the Director is authorized to lengthen minor drainage structures, resurface the existing pavement with asphaltic concrete hot mix, construct crushed stone shoulders and one 55 foot bridge at a Betterment Project at an estimated cost of \$80,000.

Work to be done by contract and maintenance forces

68-105 In LAWRENCE COUNTY on U. S. Highway 63, Section 3 from Imboden to the rest area, a distance of 6.25 miles, the Director is authorized to level up and resurface the existing asphalt pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$68,000.

Work to be done by contract and maintenance forces.

68-106 In LITTLE RIVER COUNTY on State Highway 32, Section 1 from the Oklahoma State Line to Foreman, a distance of 5.61 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$49,000.

Work to be done by contract.

68-107 In MADISON COUNTY on State Highway 23 West~ Section 9, through Withrow Springs State Park, the Director is authorized to construct grading and double bituminous surface treatment on 2.65 miles from Routine Maintenance Funds at an estimated cost of \$5,200.

Work to be done by maintenance forces.

68-108 In MADISON COUNTY on State Highway 68, Section 3 from Huntsville to the Carroll County Line, a distance of 12.65 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Betterment Funds at an estimated cost of \$146,500.

Work to be done by contract and maintenance forces.

68-109 In MONTGOMERY COUNTY on State Highway 8, Section 2 from the Pike County Line to Norman, a distance of 11.97 miles. the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$91,000.

Work to be done by contract and maintenance forces.

68-110 In NEVADA COUNTY on State Highway 19, Section 4 from Rosston to the Junction of Highway 299, a distance of 9.49 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$73,600.

Work to be done by contract.

68-111 In OUACHITA COUNTY on State Highway 4, Section 8 and State Highway 7, Section 3 in Camden the Director is authorized to Heater Plane selected sections of the existing pavement for a total length of 1.29 miles from Routine Maintenance Funds at an estimated cost of \$7,300.

Work to be done by contract.

68-112 In OUACHITA AND CALHOUN COUNTIES on State Highway 274, Sections 1 and 2 from Highway 4 west, a distance of 5.90 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$61,000.

Work to be done by contract.

68-145 For carrying out the National Policy relating to control of outdoor advertising in areas adjacent to the National System of Interstate and Defense Highways and the Federal-aid Primary Highway System, as provided in Section 131(d), Title 23-Highways, U. S. Code and Section 4 of Act 640 of 1967, the Director is authorized to conduct a public hearing in order to determine customary use in the display of outdoor advertising in Arkansas with regard to size, lighting and spacings in areas zoned commercial or industrial and unzoned areas used for commercial or industrial purposes.

After considering the testimony of witnesses at the public hearing, the Director is authorized to prepare an Agreement for submission to the Secretary of the

U. S. Department of Transportation and when in agreement with the Secretary, the Director is authorized to sign the Agreement for the Commission.

It is further ordered that the Agreement contain a paragraph which provides that after signing with the Secretary, it be null and void except when adequate funds have been provided at the Federal level for carrying out the tentative Agreement.

68-146 WHEREAS, plans and specifications have been advertised on two separate occasions for the construction of a building to house our photogrammetry facilities; and,

WHEREAS, the low bid received on the second opening amounted to \$25,700.00 and exceeds the original authorization by \$11,700.00; and,

WHEREAS, the Purchasing Committee, after thorough consideration, has voted to accept the low bid pending approval of the supplemental authorization of \$11,700.00 and concurrence in the award;

NOW, THEREFORE, the Director is authorized to increase the allocation and advise the Purchasing Committee to award the contract to the low bidder.

68-147 WHEREAS, in the initial construction of the ten-story administration building, plans provided for the installation of a quality sound system for providing music throughout the building; and,

WHEREAS, after having been in use for more than a year, it is believed that this system provides for a pleasing atmosphere and more desirable working conditions and is conducive to achieving more production; and,

WHEREAS, there were no provisions for a similar system in the Planning & Research and the Materials & Tests buildings of this complex; and,

WHEREAS, there have been numerous requests for an extension of the sound system to these buildings, and it has been determined that the installation of approximately sixty (60) speakers with additional amplification can be extended to these areas at an estimated cost of approximately \$5,000.00;

NOW, THEREFORE, the Director is hereby authorized to request that bids be taken for providing this proposed extension.

68-148 In BAXTER COUNTY on STATE HIGHWAYS 101 and U. S. 62, the Highway Department is now operating a ferry; and

WHEREAS, the Arkansas Turnpike Authority has requested the Arkansas Highway Commission to conduct a feasibility study to determine the possibility of building a bridge to carry traffic across Norfolk Lake in lieu of these two ferries; and

WHEREAS, the Turnpike Authority has agreed to sign an agreement with the Highway Commission to repay them for the cost of the study if the project becomes feasible;

NOW, THEREFORE, the Director is authorized to enter into an agreement with the Turnpike Authority for reimbursement if the project is feasible and to negotiate with a Consulting Engineer for the feasibility study for this project.

68-149 WHEREAS, in Ouachita County, Arkansas, the Camden Chamber of Commerce in 1947 conveyed, without cost to the state, a parcel of land to the Arkansas State Highway Commission for use as a site for the erection of buildings and other facilities to be used as a district facility, and

WHEREAS, said deed was conditioned upon the lands being used for highway purposes and provided that, should such use cease, the lands conveyed shall revert back to the Camden Chamber of Commerce, its successors or assigns, or to the City of Camden, and

WHEREAS, this site of the old Arkansas Highway Department District Seven district facility, now known as the Camden Shop, at 769 Adams Avenue, S.E., Camden, Arkansas, is now surplus to highway use, and

WHEREAS, the Camden Chamber of Commerce has agreed to assign and quitclaim its reversionary interest in the property to the City of Camden and the City of Camden has submitted an offer of \$60,000.00 for the buildings and improvements on the site, with payment to be made at the rate of \$10,000.00 at the time of closing the transaction, with non-interest bearing installment payments of \$5,000.00 per year thereafter until fully paid, and

WHEREAS, an appraisal prepared by three appraisers of the Right-of-Way Division reflects that the City's offer represents fair market value of the improvements on the above designated old Arkansas Highway District Seven facilities at 769 Adams Avenue, S.E., Camden, Arkansas.

NOW THEREFORE BE IT HEREBY RESOLVED that the offer of the City of Camden as stated be accepted by the Arkansas State Highway Commission and its Chairman is hereby authorized and directed to execute a quitclaim deed, with a vendor's lien being retained to secure the payment of the purchase price remaining due, conveying all the right, title, interest and equity of the Arkansas State Highway Commission in and to the land, buildings and improvements so conveyed to the City of Camden, Arkansas.

68-150 In ST. FRANCIS COUNTY in the CITY OF PALESTINE:

That part of Minute Order 68-79 of February 28, 1968, describing the State Highway connection between the old Interstate traveled-way and the newly-constructed Interstate Route is hereby rescinded and the connection is described as follows:

In St. Francis County, the road from U. S. Highway 70 in Palestine northward along Pannell, easterly along Parker, and northerly along North Main to I-40 -- a distance of approximately 1.39 miles.

All other parts of Minute Order 68-79 remain unchanged.

68-151 In WOODRUFF COUNTY on STATE HIGHWAY 17, SECTION 4, in Patterson:

WHEREAS, it has been determined that the Missouri Pacific Railroad crossing of State Highway 17 in Patterson is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$11,000, subject to the following conditions:

1. That the Missouri Pacific Railroad Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

68-152 WHEREAS, the Purchasing Committee has awarded purchases on March 4, 11, 18 and 25, 1968, in the amounts of \$147,168.39, \$245,117.00, \$279,845.27 and \$130,426.80 respectively, totaling \$802,557.46, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-153 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 106 Vehicles to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-68-236, opening at 10:00 A.M. March 22, 1968, covering 105 Vehicles with no bids received on Item 10 (To be re-advertised), and

WHEREAS, the Highway Purchasing Committee at its meeting of March 25, 1968, reviewed bids received and recommends to the Commission that the award be made to the lowest and best bid meeting Arkansas Highway Department Specifications,

NOW THEREFORE, the award for the purchase of 105 Vehicles is hereby made to Polk Chevrolet-Pontiac Company, Inc., Corning, Arkansas, on their low "All or None" Bid in the amount of \$440,250.00, and the Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order No. 64-273 dated August 9, 1964.

ITEM 1 - Fifty Eight Dump Trucks, 19,500# GVW, with 3 Cubic Yard Capacity Bodies, to meet AHD Spec. 67-68 N. E. No. 64-66, for furnishing 1968 Year Model Chevrolet CE51003 with Heil SL 11 Dump Beds and Heil 1715 Hoists.

ITEM 2 - Eight Dump Trucks, 25,000# GVW, with 4 Cubic Yard Capacity Bodies, to meet AHD Spec. 67-68 N. E. No. 64-67, for furnishing 1968 Year Model Chevrolet CE61203 with Heil SL 11 Dump Beds and Heil 1721 Hoists.

ITEM 3 -

Sixteen Dump Trucks, 43,000# GVW, Tandem Axle, with 8 Cubic Yard Capacity Bodies, to meet

AHD Spec. 67-68 N. E. No. 64-68, for furnishing 1968 Year Model Chevrolet JM 71403 with Heil LH 11 Bodies and Heil 1824 Hoists.

ITEM 4 -

One Cab and Chassis, 19,500# GVW, 84" CA, to meet AHD Spec. 67-68 N. E. No. 64-69, for furnishing 1968 Year Model Chevrolet CE 51403.

ITEM 5 -

One Cab and Chassis, 19,500# GVW, 102" CA, to meet AHD Spec. 67-68 N. E. No. 64-70, for furnishing 1968 Year Model Chevrolet CE51703.

ITEM 6 -

Seven Cab and Chassis, 24,000# GVW, 102" CA, to meet AHD Spec. 67-68 N. E. No. 64-71, for furnishing 1968 Year Model Chevrolet CE61703.

ITEM 7 -

Two Tilt Cab and Chassis, 24,000# GVW, 118" CA, to meet AHD Spec. 67-68 N. E. No. 64-72, for furnishing 1968 Year Model Chevrolet TE 62003.

ITEM 8 -

Two Tractor Trucks, with winch, to meet AHD Spec. 67-68 N.E. No. 64-73, for furnishing 1968 Year Model Chevrolet HM 71413.

ITEM 9 -

Seven Tractor Trucks, without winch, to meet AHD Spec. 67-68 N. E. No. 64-74, for furnishing 1968 Year Model Chevrolet HM 71413.

ITEM 10 -

One Cab and Chassis, 24,000# GVW, 4 Whl. Drive, to meet AHD Spec. 67-68 N.E. No. 64-75 - No Bid Received (To be re-advertised).

ITEM 11 -

Two Cab and Chassis, 24,000# GVW, 84" CA, to meet AHD Spec. 67-68 N. E. No. 64-76, for furnishing 1968 Year Model Chevrolet CE 61403.

ITEM 12 -

One Tandem Axle Cab and Chassis, 43,000# GVW, to meet AHD Spec. 67-68 N. E. No. 64-77, for furnishing 1968 Year Model Chevrolet JM 71403.

68-154 WHEREAS, in CLARK COUNTY on State Highway 26, Section 5 from the Gum Springs Interchange to Gum Springs, a distance of approximately 1.54 miles, a Federal-aid Primary Highway connection was constructed on new location by Job No. 7620 and was designated a controlled access facility; and,

WHEREAS, it is necessary to fence controlled access facilities in order to maintain safety and service;

NOW, THEREFORE, the Director is authorized to construct the necessary fence to control the access as a Betterment Project at an estimated cost of \$7,000.

Work to be done by contract.

- 68-155 In FAULKNER COUNTY on State Highway 5, Section 12, from Pulaski County Line to Vilonia, a distance of 6.42 miles, the Director is authorized to place a slurry seal surface treatment on the existing pavement from Routine Maintenance funds at an estimated cost of \$16,500.

Work to be done by contract.

- 68-156 In FAULKNER COUNTY on Institutional Road 876, Section 1 at the State College of Arkansas in Conway the Director is authorized to level up and resurface the drive in front of the Fine Arts Building with asphaltic concrete Hot mix base and surface from Routine Maintenance funds at an estimated cost of \$7,300.

Work to be done by contract.

- 68-157 In HOT SPRING COUNTY on U. S. Highway 270, Section 8 from U. S. Highway 67 east, a distance of 4.30 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone with sealed shoulders as a Betterment Project at an estimated cost of \$57,900.

Work to be done by contract and maintenance forces.

- 68-158 In LONOKE COUNTY on State Highway 31, Section 3 from Wattensaw Bayou north to the White County Line, a distance of 9.53 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$104,300.

Work to be done by contract.

- 68-159 In LONOKE AND PRAIRIE COUNTIES on State Highway 38, Sections 0 and 1 from State Highway 31 east to State Highway 11, a distance of 18.47 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$212,000.

Work to be done by contract.

- 68-160 In PERRY COUNTY on State Highway 9, Section 6 from the Saline County Line to Williams Junction, a distance of 3.26 miles, the Director is authorized to place a slurry seal surface treatment on the existing pavement from Routine Maintenance funds at an estimated cost of \$8,200.

Work to be done by contract.

68-161 In POPE COUNTY on State Highway 872, Section 1 (Arkansas Tech) the Director is authorized to resurface 0.53 miles of selected sections of the existing pavement with asphaltic concrete hot mix from Routine Maintenance funds at an estimated cost of \$8,400.

Work to be done by contract.

68-162 In PRAIRIE COUNTY on State Highway 11, Section 9 from the Interstate 40 Interchange north to Highway 38, a distance of 10.75 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$147,600.

Work to be done by contract.

68-163 In PULASKI COUNTY on State Highway 5, Section 11 from the Kellogg Acres Road north to the Air Force Base Entrance, a distance of 5.32 miles, the Director is authorized to widen and resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$122,300.

Work to be done by contract and maintenance forces.

68-164 In PULASKI COUNTY on State Highway 338, Section 1 from State Highway 5 east to the Interstate 30 Interchange, a distance of 1.91 miles, the Director is authorized to widen one (1) mile of the existing roadway, construct crushed stone base and asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$45,800.

Work to be done by contract and maintenance forces.

68-165 In SALINE COUNTY on State Highway 88, Section 7 from Benton east, a distance of 2.76 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$33,200.

Work to be done by contract and state forces.

68-166 In VAN BUREN COUNTY on State Highway 356, Section 1 from State Highway 92 to the Cleburne County Line, a distance of 6.75 miles, the Director is authorized to construct grading, minor drainage structures, base and one 30 foot precast concrete slab bridge as a Betterment Project at an estimated cost of \$64,000.

Work to be done by contract and maintenance forces.

68-167 In CRAIGHEAD COUNTY, in the City of Jonesboro, on STATE HIGHWAY 18, Section 4, from Highway 1 (Main Street) east to U. S. Highway 63, a distance of approximately 3.1 miles,

the Director is authorized to widen the existing facility to four lanes at an estimated cost of \$400,000. This is in accordance with the 1962 Jonesboro Transportation, Land Use, and Population Study which was approved by Minute Order 4803.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

68-168 In LOGAN COUNTY, on U. S. HIGHWAY 71, Section 11, from the Scott County Line north a distance of approximately 1.1 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$275,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-169 In POLK COUNTY, on U. S. HIGHWAY 71, Sections 8 and 9, for a By-Pass of the City of Mena, a distance of approximately 3.5 miles, the Director is authorized to perform preliminary engineering and construction on new location at an estimated cost of \$700,000 as funds become available. The location will follow recommendations contained in the Mena Highway Traffic Study authorized by Minute Order 66-45.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-170 In POLK COUNTY, on U. S. HIGHWAY 71, Section 8, from Grannis to Hatton, a distance of approximately 8.3 miles, the Director is authorized to perform preliminary engineering and construction at an Estimated cost of \$1,345,000 as funds become available.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-171 In POLK COUNTY, on U. S. HIGHWAY 71, Section 9, from Acorn to the Scott County Line, a distance of approximately 6.8 miles, the Director is authorized to perform preliminary engineering and construction at an estimated cost of \$748,000 as funds become available.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-172 In POLK COUNTY, on U. S. HIGHWAY 71, Section 8, from Hatton to Cove, a distance of approximately 6.6 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$ 990,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-173 In POLK COUNTY, on U. S. HIGHWAY 71, Section 8, from the Sevier County Line to Grannis, a distance of approximately 4.5 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$743,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-174 In POLK COUNTY, on U. S. HIGHWAY 71, Section 8, from a point near the Ouachita National Forest boundary to Mena, a distance of approximately 6 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$935,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-175 In SCOTT COUNTY, on U. S. HIGHWAY 71, Section 10, from the Polk County Line - North, a distance of approximately 6 miles, the Director is authorized to perform preliminary engineering and construction at an estimated cost of \$660,000 as funds become available.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-176 In SCOTT COUNTY, on U. S. HIGHWAY 71, Section 12, the Director is authorized to widen the bridge at log mile 2.24 and construct approaches at an estimated cost of \$28,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-177 In SCOTT COUNTY, on U. S. HIGHWAY 71, Section 10, from a point approximately 2 miles south of "Y" City north on new location to Boles, a distance of approximately 5 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$1,040,000. The location will follow recommendations contained in the Highway 71 Location Study of August 1965.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-178 In SCOTT COUNTY, on U. S. HIGHWAY 71, Section 10, from Boles north to the Waldron ByPass, a distance of approximately 5 miles, the Director is authorized to construct grading, structures, base, and surfacing at an estimated cost of \$836,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-179 In SCOTT COUNTY, on U. S. HIGHWAY 71, Section 10, from Highway 28 to the Logan County Line, the Director is authorized to widen bridges and culverts and construct approaches at an estimated cost of \$311,000.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-180 In SCOTT and SEBASTIAN COUNTIES, on U. S. HIGHWAY 71, Sections 12 and 13, from Abbott to Witcherville, a distance of approximately 7 miles, the Director is authorized to perform preliminary engineering and construction on new location at an estimated cost of \$1,220,000 as funds become available.

The furnishing of right-of-way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

68-181 Chicot County, Job No. 2-581, Louisiana State Line, State Job (Betterment). The contract for the construction of approximately 7.33 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, with Gravel Surface Shoulders, U. S. Highway 65, Section 22, is awarded to Ben F. Hawkins, Contractor of Lake Village, Arkansas, on the only bid received of \$115,694.35.

68-182 Chicot County, Job No. 2-589, Resurface Hwys. 8 & 159 in Eudora, State Job (Betterment). The contract for the construction of approximately 2.00 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highways 8 & 159, Sections 16 & 1, is awarded to Ben F. Hawkins, Contractor of Lake Village, Arkansas, on the only bid received of \$31,403.10.

68-183 Scott & Logan Counties, Job No. 4-596, U. S. 71-Booneville, State Job (Betterment). The contract for the construction of approximately 13.65 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, Crushed Stone Materials for Shoulders and Misc. Items, State Highway 23, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$207,523.50.

68-184 Montgomery County, Job No. 4-597, Norman-Pike County Line, State Job (Betterment). The contract for the construction of approximately 11.97 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 8, Section 2, is awarded to Mid-State Construction Company of Malvern, Arkansas, on their low bid of \$81,328.50.

68-185 Madison County, Job No. 9-547, Huntsville-Carroll County Line, State Job (Betterment). The contract for the construction of approximately 12.65 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 68, Section 3, is awarded to D. F. Jones Const. Co., Inc. of Little Rock, Arkansas, on their low bid of \$115,128.30.

68-186 Carroll County, Job No. 9-548, Osage-Madison County Line, State Job (Betterment). The contract for the construction of approximately 12.40 miles of Asphaltic Concrete Hot Mix Surface

Course Overlay, State Highway 68, Section 4, is awarded to D. F. Jones Const. Co., Inc. of Little Rock, Arkansas, on their low bid of \$112,855.60.

- 68-187 Boone County, Job No. 9-549, Missouri State Line-Jct. Hwy. 62, State Job (Betterment). The contract for the construction of approximately 16.75 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, U. S. Highway 65, Section 1, is awarded to McClinton, Inc. of Harrison, Arkansas, on their low bid of \$152,282.50.
- 68-188 Franklin County, Job No. 4585, Highway 64 Alterations (Ozark Reservoir), Corps of Engineers Contract No. DACW03-67-C-0072. The contract for the construction of approximately 0.495 mile of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base & Surfacing with Bituminous Treated Shoulders or Concrete Curb & Gutter, 1 R.C. & Structural Steel I-Beam Span Bridge (211.33 lin. ft.) & Misc. Items, U. S. Highway 64, Section 3, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$270,741.85, subject to the concurrence of the Corps of Engineers.
- 68-189 Baxter County, Job No. 5577, Jct. Hwy. 126-Mountain Home, State Job. The contract for the construction of approximately 4.514 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 3 Bridge Length Culverts (77.08 ft. total span) & Misc. Items, State Highway 178, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas, on their low bid of \$347,486.96.
- 68-190 Faulkner County, Job No. 8569, McGintytown-Hwy. 107, FAP S-382(2). The contract for the construction of approximately 5.881 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bituminous Surface Treatment, 2 Bridge-Length Culverts (52.36 ft. total span) & Misc. Items, State Highway 225, Section 1, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$270,397.52.
- 68-191 Greene County, Job No. 10774, Lafe-Marmaduke, FAP S-579(1). The contract for the construction of approximately 7.299 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment and Misc. Items, State Highway 34, Section 4, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$374,741.50.
- 68-192 Dallas & Grant Counties, Job No. 1427, Jct. Hwy. 9-Leola, State Job. The contract for the construction of approximately 5.702 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, 1 Precast Concrete Slab Span Bridge (114.08 Ft. Total) & Misc. Items, State Highway 46, Sections 1 & 2, is awarded to Madden Contracting Company of Minden, La. on their low bid of \$210,195.24.
- 68-193 Yell County, Job No. G-75-3, Petit Jean River Bridge No. 2, FAPS-1201(2). The contract for the construction of approximately 0.397 mile of Grading, Minor Drainage Structures, Gravel Surface Course, One Composite I-Beam Span Bridge (197.08 Ft.) and Misc. Items, County FAS

1408, is awarded to Howard Jones Contractor, Inc. of Little Rock, Arkansas, on their low bid of \$78,724.10, subject to the concurrence of the Yell County Judge.

68-194 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, March 27, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 24, 1968

68-195 IT IS ORDERED that a Regular Meeting of the State Highway Colmmission be opened at 10:00 A.M., Wednesday, April 24, 1968.

68-196 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-188 through 68-193 at the regular meeting of the Commission on March 27, 1968.

68-198 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable;

NOW THEREFORE, the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1969, at a cost of \$13,200.00, to be paid to the National Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning & Research Division of the HPR-1(6) funds.

68-199 WHEREAS, the State Highway Commission has authorized funds to modernize the State Highway Radio System; and

WHEREAS, this necessitates changes in frequencies for the Districts; and

WHEREAS, the frequency assigned to District 10 is the same frequency as the Lake County, Tennessee, mobile stations at Ridgely, Tennessee, about 35 airline miles from the Blytheville Control Station; and

WHEREAS, estimates of cost have been made and it is determined that a change in frequency for the Tennessee stations would cost much less than the change in the Arkansas District station, and the Director has signed an agreement to pay Tennessee \$300.00 which is the estimated cost for making the change;

NOW, THEREFORE, the actions of the Director are ratified in all respects.

68-200 WHEREAS, Act 263 of the Acts of Arkansas for the year of 1959, as amended by Act 552 of the Acts of Arkansas for the year of 1963 and by 457 of the Acts of Arkansas for the year of 1965, provides that special permits must be obtained from the Arkansas State Highway

Department for the movement of all mobile homes in excess of 8 feet in width or in excess of 60 feet in length, but that no permit shall be issued for the moving of a mobile home in excess of 12 feet in width, excluding clearance lights, upon the highways of the State of Arkansas; and

WHEREAS, Act 263 of the Acts of Arkansas for the year of 1959, as amended by Act 552 of the Acts of Arkansas for the year of 1963 and by Act 457 of the Acts of Arkansas for the year of 1965, further provides that such special permits shall be issued by the Arkansas State Highway Department only to licensed carriers, dealers or manufacturers, who file with the Department evidence of acceptable liability insurance coverage as now provided by law; provided however that persons transporting their own mobile home not over 10 feet in width and not for the purpose of sale, and when the pulling vehicle and trailer are registered in the name of such persons and when the pulling vehicle is a truck of not less than 1-ton factory rated capacity equipped with such devices and safety equipment as are required by the Interstate Commerce Commission and when the driver of such vehicle is experienced, shall be entitled to a special permit upon showing that they are the owners and have a policy of liability insurance on the mobile home as now provided by law; and

WHEREAS, Act 263 of the Acts of Arkansas for the year of 1959, as amended by Act 552 of the Acts of Arkansas for the year of 1963 and by Act 457 of the Acts of Arkansas for the year of 1965, further provides that mobile homes in excess of 10 feet in width shall be moved or transported upon only those highways, roads and streets, and at such time and under such conditions as may be designated by the Arkansas State Highway Department; that such designated routes, times, speeds, shall be clearly shown on the permit; that an over-width or over-length mobile home shall not be transported on Saturday P. M., Sunday, or a legal holiday; that the acceptance of such permit shall be considered a clear commitment for compliance with Safety Regulations prescribed by the State Highway Department for such movement; and that a fee of \$5.00 shall be charged by the Arkansas State Highway Department for the issuance of all such special permits for a single continuous movement or operation of one 1) oversize mobile home; and

WHEREAS, the Safety Regulations promulgated by the Arkansas State Highway Department in compliance with the directive of the Legislature, by Act 263 of 1959, as amended, are in conflict with Safety Regulations contained in the Motor Carriers Regulation Act adopted by the State of Arkansas; Now,

THEREFORE, the Safety Rules and Regulations in force and effect as of the 24th day of April 1968 controlling the movements of mobile homes are hereby rescinded, and the following Safety Rules and Regulations are adopted for the movement of mobile homes; and special permits as provided by the said Act 263 of 1959, as amended, shall be issued under the following terms and conditions:

- (1) Permit for the movement of mobile homes in excess of 8 feet in width but not in excess of 10 feet in width shall provide that the vehicle towing the mobile home shall carry a WIDE LOAD sign on the front of said vehicle together with red flags on the front corners of the towing vehicle and the permit shall further provide that a WIDE LOAD sign shall be carried on the top rear of the mobile home being towed together with red flags on the rear top corners of the mobile home being towed.

- (2) The permit for the movement of a mobile home in excess of 10 feet in width but not to exceed 12 feet in width shall provide that the movement shall be preceded by one/escort vehicle where the highways over which the movement is to be made are less than 22 feet in width or where bridge structures are less than 24 feet in width or where restricted sight distance exists. The escort vehicle shall have an amber revolving light at least 11 inches in diameter and at least 9 inches in height on top of the cab of the escort vehicle and the escort vehicle shall carry a WIDE LOAD sign on the front of said escort vehicle and the mobile home shall carry a WIDE LOAD sign on the top rear of the mobile home. The vehicle towing the mobile home shall carry red flags on the front corners and the mobile home shall carry red flags on the rear top corners.
- (3) The permit for the movement of a mobile home in excess of 10 feet in width but not to exceed 12 feet in width where the highways over which the movement is to be made are more than 22 feet in width and the bridge structures are more than 24 feet in width and where sight distance is not restricted shall provide that the vehicle towing the mobile home shall carry a WIDE LOAD sign on the front of said vehicle together with red flags on the front corners of the towing vehicle and that a WIDE LOAD sign shall be carried on the top rear of the mobile home being towed together with red flags on the rear top corners of the mobile home being towed.
- (4) The WIDE LOAD signs required by these regulations shall be constructed of a durable material with a yellow background and red letters and the letters shall have a minimum height of 6". The red flags required by these Safety Regulations shall be of a minimum size of 18" square and shall be attached to the vehicle on which they are to be carried in such manner that they are easily visible to the traveling public.
- (5) All exterior lighting devices of the towing vehicle and the mobile home being towed shall be of a steady burning type except turn signals and stop lamps when used as turn signals, except that Lamps combined into the same shell or housing with any turn signals may be turned off by the same switch that turns the signal on for flashing and turned on again when the turn signal as such is turned off. This paragraph shall not be construed to prohibit the use of turn signals to give vehicular traffic hazard warning signals.
- (6) All permit issued for the movements of mobile homes shall have listed on the face of each permit the brand name of the mobile home and the serial number of the mobile home.
- (7) No refund shall be made on any permit for the movement of a mobile home, however, an extension of time for the movement of the mobile home under a permit may be granted where the extension for time is received prior to the expiration date of the permit and the request for the extension of time is supported by adequate justification.
- (8) The term "in width" wherever used in these regulations shall mean the overall width for all mobile homes, except that the prohibition against the issuance of permits for mobile homes in excess of twelve (12) feet in width shall allow the exclusion of the clearance lights.

68-201 WHEREAS, each year it is necessary to place a bituminous surface treatment on many miles of asphalt roads to preserve the riding surface, and,

WHEREAS, this work is performed in the spring and summer, as weather conditions permits

IT IS ORDERED that the Director be authorized to approve the attached bituminous program in the amount of \$1,250,000. This amount to be requested from the 1968-69 budget.

No additional allotment will be requested for this fiscal year.

68-202 In GARLAND COUNTY, on STATE HIGHWAY 7, Section 9, in the City of Hot Springs along Central Avenue;

WHEREAS, the City of Hot Springs has requested permission to construct improvements to State Highway 7 (Central Avenue) in Hot Springs to enhance the beauty of the downtown area; and

WHEREAS, it has been determined that the proposed improvements will not create a hazard to traffic using State Highway 7 in the City of Hot Springs.

NOW THEREFORE, the Director is authorized to grant permission to the City of Hot Springs to construct the proposed improvements subject to the following conditions:

1. That all construction and landscape work be done according to plans approved by the Department.
2. That all construction and landscape work meet the approval of the Department's District Engineer.
3. That all plant maintenance, be done by the City of Hot Springs in accordance with the present maintenance of Highway 70 within the City of Hot Springs
4. That varieties of plants and flowers used be restricted to those that do not exceed approximately two feet in height.
5. That traffic signals be installed as required as part of this improvement.
6. That all the proposed work be done without cost to the Department.

68-203 WHEREAS, the District Engineer has advised that J. T. Arnold III & Co. has not prosecuted the work on Job No. 11-533, Lee County, Highway No. 131, in a satisfactory manner; and

WHEREAS, on the 23rd day of April, 1968, National Surety Corporation delivered to the Arkansas State Highway Department a letter from J. T. Arnold III & Co. in which J. T. Arnold III

& Co. advised the Arkansas State Highway Department that it could not complete the performance of Job No. 11-533 and that the letter should be accepted as a voluntary admission of default; and

WHEREAS, the Purchasing Committee has recommended that necessary action be taken to default this contract; and

WHEREAS, representatives of National Surety Corporation are in agreement with this course of action;

NOW THEREFORE, IT IS ORDERED, that the rights of J. T. Arnold III & Co., the contractor on Job No. 11-533, to proceed with the contract is terminated by the Commission in accordance with the provisions of the contract documents effective immediately and the Chief Engineer is authorized to notify the National Surety Corporation that the Commission demands that they, as surety on the performance bond given by the contractor to secure performance of the said contract, assume the performance of the work required by said contract in accordance with plans and specifications in compliance with the terms and conditions of the said bond.

68-204 WHEREAS, in Ouachita County at Camden, Arkansas, the Old Arkansas Highway Department District Seven facility, now known as the District Engineer's Office, at 703-705 Glassell Drive is now surplus to highway use, and;

WHEREAS, a sale at public auction was held, following an appraisal prepared by three appraisers of the Right of Way Division, resulting in a bid of \$7850.00 by Mr. H. B. Silliman, Box F, Camden, Arkansas. This bid was in excess of the appraisal.

NOW THEREFORE, BE IT RESOLVED, that the bid of H. B. Silliman be accepted by the Arkansas State Highway Commission and its Chairman is hereby authorized and directed to execute a Warranty Deed conveying all the right, title, interest and equity of the Arkansas State Highway Commission in and to the land, building and improvements so conveyed to H. B. Silliman for a consideration of SEVEN THOUSAND EIGHT HUNDRED FIFTY AND NO/100 DOLLARS, (\$7850.00).

68-205 In PULASKI COUNTY in the CITY OF LITTLE ROCK:

WHEREAS, it is being proposed that the currently planned East- West Expressway (8th Street) in Little Rock be extended and converted to a I Tollway; and

WHEREAS, Section 9 of the Arkansas Municipal Tollway Authority Act (Act 33, 1968 First Extraordinary Session) requires a determination by the Authority that sufficient public funds for construction of a proposed toll-way are not available; and

WHEREAS, the Little Rock Municipal Tollway Authority has questioned the State Highway Commission as to the availability of State and Federal Highway Funds for construction of the proposed East-West Expressway;

NOW, THEREFORE, the Highway Commission has examined its financial capabilities and authorized the Director to write to the Tollway Authority, on behalf of the Highway Commission, as follows:

1 Interstate Route 430 East to University Avenue: The route for this stage has been designated; however, preparation of plans and construction have not been programmed and no uncommitted Highway Funds are available for this project in the foreseeable future.

2. University Avenue to Dennison Street: Cedar-Pine to Dennison - This work is under contract. University Avenue to Cedar-Pine - Plans are ready but no uncommitted Highway Funds are available for letting a contract.

3. Dennison Street East to Interstate Route 30: The route for this stage has been designated and preparation of construction plans has been authorized. Uncommitted funds for construction of the project are not available in the foreseeable future.

4. Interstate Route 30 East to Airport or Little Rock Port: The Highway Commission is not committed in any manner for this section and there will be no State or Federal Highway Funds available in the foreseeable future.

68-206 WHEREAS, the Purchasing Committee has awarded purchases on April 1, 8, 15, and 22, 1968, in the amounts of \$263,877.93, \$455,235.71, \$141,273.53 and \$434,648.74 respectively, totaling \$1,295,035.91, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-207 WHEREAS, award for the purchase of 105 vehicles to meet Arkansas State Highway Department specifications was made on the lowest and best bid received by the State Purchasing Director under Bid Reference S-68-236, opened 10:00 A.M. March 22, 1968, with award being made by Minute Order No. 68-153, dated March 27, 1968, to Polk Chevrolet-Pontiac Co., Inc., Corning, Arkansas, on their All or None bid of \$440,250.00 for the 105 vehicles, and,

WHEREAS, contract was issued accordingly to Polk Chevrolet-Pontiac Co., Inc. by the State Purchasing Director, and,

WHEREAS, Polk Chevrolet-Pontiac Co., Inc. by letter of April 5, 1968, to M. A. Safferstone, State Director of Purchasing advised they could not accept the aforementioned award because an error in the amount of \$15,000.00 would cause their company a loss of such magnitude they could not absorb it, and,

WHEREAS, this has caused considerable delay in the delivery of the vehicles, and,

WHEREAS, the earliest possible delivery is desirable due to the urgent need for vehicles,

NOW THEREFORE, Minute Order 68-153 awarding the 105 vehicles to Polk Chevrolet-Pontiac Co., Inc. on their "All or None" bid is hereby rescinded and the award for the purchase of the 105 vehicles in the total amount of \$442,442.42 is hereby made to the next low bids received on Bid S-68-236 on Items 1, 2, 3, 4, 5, 6, 7, 11 and 12 meeting Arkansas Highway Department

Specifications and as specified below with award on Item No's. 8 and 9 being made on bids specified below meeting Arkansas Highway Department Specifications with an acceptable delivery time. The Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order No, 64-273 dated August 9, 1964.

68-208 WHEREAS, in ARKANSAS COUNTY at the Stuttgart Area Headquarters there is need for a salt and calcium chloride storage house, and,

WHEREAS, suitable plans have been developed for this facility,

IT IS ORDERED that the Director be authorized to construct one 12' x 12' 8 storage house from Routine Maintenance funds at an estimated cost of \$1,500.

Work to be done by contracts

68-209 In ASHLEY COUNTY, on HIGHWAY 52, Section 0, from Highway 82 in Crossett east to Highway 81, a distance of approximately 7.8 miles, the Director is authorized to reconstruct the highway and bridges at an estimated cost of \$570,000,

The furnishing of right of way and adjustment of utilities shall be in accordance with the applicable Commission policies.

68-210 WHEREAS under the provisions of Sec. 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways, or portions thereof, in the State Highway System become a part of the County Highway System, and certain highways in the County System in return become a part of the State Highway System; and

WHEREAS, the County Judge of Mississippi County has by letter expressed a desire to exchange a County Road for a portion of State Highway 77;

NOW, THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Mississippi County, in accordance with the provisions of Sec. 4, Act 150 of 1961, the portion of the County Road from the junction of State Highway 136 north of Bondsville, north approx. 1/2 mile, thence east approx. 1 mile, thence north approx. 3 miles to the junction of State Highway 140, a total distance of approx. 4.53 miles, is to be made a part of the State Highway System; and that part of State Highway 77 from the junction of State Highway 140 at Athelstan south to the junction of State Highway 14, a distance of 6.10 miles, is hereby dropped from the State Highway System, to be made a part of the County-maintained System; and

IT IS FURTHER ORDERED that necessary highway route designations be made in accordance with those shown on attached sketch, which becomes a part of this Order.

68-211 In COLUMBIA COUNTY on State Highway 132, Section 1 from a point 5.66 miles north of Taylor northeast, a distance of 6.20 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$70,000.

Work to be done by contract.

68-212 In COLUMBIA COUNTY on State Highway 98, Section 1 from Waldo to McNeill, a distance of 4.01 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Routine Maintenance Fund Project at an estimated cost of \$55,000.

Work to be done by contract.

68-213 In COLUMBIA COUNTY on U. S. Highway 79, Section 1 from Nations Creek south, a distance of 9.09 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$92,000.

Work to be done by contract.

68-214 In CRAWFORD COUNTY on U. S. Highway 64, Section 2 from Van Buren east, a distance of 1.55 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$16,600.

Work to be done by contract.

68-215 In CRITTENDEN COUNTY on Interstate 40, Section 52 at the Lehi Interchange a land slide has caused damage to the fill slope and the slope paving beneath the overpass structure, and,

WHEREAS, it is determined necessary to repair this slide immediately .

NOW THEREFORE, the Director is authorized to prepare plans, specifications and a contract for the removal and disposal of the material rendered undesirable by the slide and to reconstruct the embankment and slope paving at the earliest time possible as a Betterment Project at an estimated cost of \$9,800.

Work to be done by contract.

68-216 In FRANKLIN COUNTY on State Highway 23, Section 7 from Ozark north, a distance of 10.0 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$111,700.

Work to be done by contract and/or maintenance forces.

68-217 WHEREAS, in FULTON AND IZARD COUNTIES on State Highway 223, Sections 1 and 2 from Pineville to Viola, a distance of 17.8 miles, Job No. 5-557 was approved by Minute Order 68-22 on February 27, 1968, for the stockpiling of crushed stone base material to be used on this job, and,

WHEREAS, the subgrade has been constructed,

IT IS ORDERED that the Director be authorized to construct two (2) precast concrete bridges, one multi-plate arch culvert, and a double bituminous surface as a supplement to Betterment Project 5-537 at an estimated cost of \$61,500.

Work to be done by contract and maintenance forces.

This will eliminate Program Item No. 32 of Minute Order 64-375, Job No. 5564 (Izard County Line to Viola) and Program Item No. 37 of Minute Order 64-375, Job 5569 (Pineville to the Fulton County Line).

68-218 In INDEPENDENCE COUNTY on State Highway 69, Sections 2 and 3 at Batesville, from the north city limits southeast for a distance of 3.3 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from the Bituminous Program Funds at an estimated cost of \$22,400.

68-219 In INDEPENDENCE COUNTY on State Highway 25, Section 4 from the Cleburne County Line to U. S. Highway 167, a distance of 11.06 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from the Bituminous Program Funds at an estimated cost of \$74,700.

- 68-220 In JEFFERSON COUNTY on State Highway 104, Section 2 from U. S. Highway 270 at Hardin to U. S. Highway 65 at Samples, a distance of 4.66 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$50,000.

Work to be done by contract.

- 68-221 In MONTGOMERY COUNTY on State Highway 27, Section 7 from U. S. Highway 270 north to Washita, a distance of 10.37 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$118,100.

Work to be done by contract and/or maintenance forces.

- 68-222 In PHILLIPS COUNTY on State Highway 1, Section 8 from U. S. Highway 49 to the Lee County Line, a distance of 6 miles, the Director is authorized to resurface the existing pavement and construct sealed gravel shoulders as a Betterment Project at an estimated cost of \$92,000.

Work to be done by contract and maintenance forces.

- 68-223 In POPE COUNTY on U. S. Highway 64, Section 6 from Atkins east and west, a distance of 2.69 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$26,500.

Work to be done by contract.

- 68-224 In POPE COUNTY on State Highway 105, Section 1 from U. S. Highway 64 to Interstate 40 at Atkins, a distance of 0.93 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$10,000.

Work to be done by contract.

- 68-225 In SCOTT COUNTY on U. S. Highway 71, Section 10 from the Polk County Line north, a distance of 18.77 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$216,100.

Work to be done by contract and/or maintenance forces.

- 68-226 In SCOTT AND LOGAN COUNTIES on U. S. Highway 71, Sections 10, 11 and 12 from Highway 23 to Abbott, a distance of 6.3 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$71,300.

Work to be done by contract.

68-227 In ST. FRANCIS AND CRITTENDEN COUNTIES on U. S. Highway 79, Sections 17 and 18 from Highway 38 to Simsboro, a distance of 8.0 miles, the Director is authorized to resurface the existing pavement, including 1.6 miles of frontage roads in Hughes, with asphaltic concrete hot mix and construct sealed gravel shoulders as a Betterment Project at an estimated cost of \$121,000.

Work to be done by contract and maintenance forces.

68-228 In WHITE COUNTY on U. S. Highway 67C, Section 12 from U. S. Highway 67 to South Main Street in Searcy, a distance of 3.0 miles, the Director is authorized to construct concrete combination curb and gutter on both sides of the existing pavement as a Betterment Project at an estimated cost of \$90,000.

Work to be done by contract.

68-229 In YELL COUNTY on State Highway 27, Section 0 from Danville northeast, a distance of 6.50 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$90,000.

Work to be done by contract.

68-230 In YELL COUNTY on State Highway 10, Section 4 from Danville to Ola, a distance of 11.08 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$205,500.

Work to be done by contract.

68-231 Howard County, Job No. 3-579, Saratoga-Mineral Springs Overlay, State Job (Betterment). The contract for the construction of approximately 9.56 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 355, Section 1, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their bid, the only bid received, of \$67,993.10.

68-232 Lonoke County, Job No. 6-572, White County Line-South Overlay, State Job (Betterment). The contract for the construction of approximately 9.53 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 31, Section 3, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$74,282.60.

68-233 Lonoke & Prairie Counties, Job No. 6-573, Hwy. 11-West Overlay, State Job (Betterment). The contract for the construction of approximately 18.47 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 38, Sections 0 & 1, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$150,256.41.

- 68-234 Prairie County, Job No. 6-574, I-40-North Overlay, State Job (Betterment). The contract for the construction of approximately 10.75 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 11, Section 9, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$104,880.10.
- 68-235 Columbia County, Job No. 7-585, Louisiana State Line-North, State Job (Betterment). The contract for the construction of approximately 7.09 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 79, Section 1, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$74,423.90.
- 68-236 Calhoun County, Job No. 7-586, Jct. Hwy. 167 In Hampton to Jct. 160, State Job (Betterment). The contract for the construction of approximately 4.79 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 4, Section 11, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$62,835.30.
- 68-237 Chicot County, Job No. 2694, Jct. Hwy. 165-Jct. Hwy. 65, FAP S-536(2). The contract for the construction of approximately 5.431 miles of Grading, Minor Drainage Structures, Gravel Base, Portland Cement Stabilized Base Course, Double Bituminous Surface Treatment and Misc. Items, State Highway 208, Section 1, is awarded to Linwood Smith of Lake Village, Arkansas, on their low bid of \$297,540.46.
- 68-238 Jefferson County, Job No. 2726, Pine Bluff Bridge Relocation Substructure & Grading, FAP F-015-2(16); C. of E. Contract Nos. DACW03-67-C-0015 & DACW03-67-C-0082. The contract for the construction of approximately 1.988 miles of Grading & Minor Drainage Structures on Bridge approaches & access roads; Crushed Stone Base w/ACHM or DBST on access roads; 2 R.C. Abutments, 12 R.C. Piers & 2 Pier Protective Cells for the Arkansas River Bridge (2501.00 lin. ft. ultimate length); Erosion Control items & Misc. Items, State Highway 79, Section 10, is awarded to San Ore Construction Co., Inc. & Gardner Engineering Corp., a joint venture d/b/a S.O.G., P. O. Box 19278, Houston, Texas, on their low bid of \$3,321,497.51, subject to the concurrence of the Bureau of Public Roads and the Corps of Engineers.
- 68-239 Nevada County, Job No. 3663 Emmet-Jct. Hwy. 19, FAP S-564(1). The contract for the construction of approximately 6.325 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 6 R.C. Slab Span Bridges (750.0' total) & Misc. Items, State Highway 299, Section 1, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their low bid of \$402,613.50.
- 68-240 Little River County, Job No. 3702, Hurricane Creek & Relief Bridges & Approaches, State Job. The contract for the construction of approximately 0.511 mile of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 1 Structural Plate Pipe Arch Bridge (58.90' Span) & Misc. Items, State Highway 234, Section 1, is awarded to R. M. Courson, Contractor, of Hamburg, Arkansas, on their low bid of \$73,819.65.

- 68-241 Crawford & Franklin Counties, Job No. 4527, Hwy. 215-Lonelm Grading & Structures, FAP I-40-1(19)24. The contract for the construction of approximately 4.814 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items, 6 R.C. & Structural Steel I-Beam Span Bridges (1588.98 lin. ft. total), 2 Bridge Length Culverts (51.67 lin. ft. span length) & Misc. Items, Interstate 40, Section 1, is awarded to W. J. Menefee Construction Co. of Sedalia Missouri on their low bid of \$1,684,743.80 subject to the concurrence of the Bureau of Public Roads.
- 68-242 Sebastian & Crawford Counties, Job No. 4594, Van Buren Bridge (Hwy. 64), FAP C. of E. Contract No. DACW03-67-C-0043. The contract for the construction of approximately 1.598 miles of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base & Surfacing, P.C. R.C. Pavement (10" U.T.), P.C. Concrete Base (6" & 8" U.T.), Concrete Curb & Gutter, Median & Median Barrier Construction, Erosion Control items, 1 R.C. & Structural Steel I-Beam Span Relief Bridge (500.08 lin. ft.), 1 R.C. & Structural Steel I-Beam & Plate Girder Span Bridge across the Arkansas River (3043.23 lin. ft.), Pier Protection Cells, Removal of Existing Bridge Structures & Misc. Items, U. S. Highway 64, Sections 1 & 2, is tentatively awarded to H. E. Cummins & Sons Construction Co. of Enid, Oklahoma, on their low bid of \$5,764,022.89, subject to the concurrence of the Corps of Engineers, and the Contractor's compliance with all Federal and State laws in connection with the execution of the contract.
- 68-243 Sebastian & Crawford Counties, Job No. 4605, Arkansas River Relief Bridge - I-40 Signing, FAP I-540-1(43)7. The contract for the construction of Interstate Signing, including Delineators, Standard Signs, Guide Signs-Roadside Mounted, Breakaway Sign Supports, Overhead Signs, Plate Guard Fence & Misc. Items, Interstate Highway 540, Section 1, is awarded to Cook & Weeks Construction Co. of Henryetta, Oklahoma, on their low bid of \$194,741.83, subject to the concurrence of the Bureau of Public Roads.
- 68-244 Fulton County, Job No. 5587, Saddle-North, State Job. The contract for the construction of approximately 6.549 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Composite I-Beam Span Bridge (373.41'), 1 Bridge Length Culvert (22.08' Span) & Misc. Items, State Highway 289, Section 4, is awarded to Four Bros, Inc. of North Little Rock, Arkansas, on their low bid of \$470,707.33.
- 68-245 Hot Spring County, Job No. 6897, I-30 & Hwy. 270 Interchange Revision, FAP I-30-2(82)98. The contract for the construction of Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base Course, P.C. Concrete Pavement (8" U.T.), Bituminous Treated Shoulders, Erosion Control Items and Misc. Items to provide a two-quadrant cloverleaf interchange at the U. S. 270 Interchange, Interstate Highway 30, Section 2, is awarded to McGeorge Contracting Co., Inc. of Pine Bluff, Arkansas & Mid-State Construction Company of Malvern, Arkansas, on the only bid received of \$330,833.12, subject to the concurrence of the Bureau of Public Roads.
- 68-246 Pulaski County, Job No. 6902, Pratt Road Interchange, State Job. The contract for the construction of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bituminous

Treated Shoulders, ACHM Base & Surface Courses, 3 Bridge Length Culverts (72.48' total), 1 Composite I- Beam Span Bridge (268.15' total) & Misc. Items, State Highway 65, Section 12, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$354,198.30.

68-247 Bradley County, Job No. 760S, Carmel-Warren, FAP S-308(2). The contract for the construction of approximately 3.897 miles of Grading, Minor Drainage Structures, Gravel & Asphalt Treated Gravel Base Course, ACHM Base Course, ACHM Surface Course with Double Bituminous Treated Shoulders & Misc. Items, State Highway 15, Section 3, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$421,406.68.

68-248 Yell & Pope Counties, Job No. 8618, Dardanelle Bridge Relocation Superstructure & Paving, FAP C. of E. Contract No. DACW03-67-C-0004. The contract for the construction of approximately 0.799 mile of Limited Grading, Minor Drainage Structures, Crushed Stone Base, B.S.T. on Shoulders, ACHM Surface (Islands), P.C. Concrete Pavement (10" U.T.), Curbs & Walks, Erosion Control Items, One Continuous Composite Plate Girder Span Bridge (2,076') & Misc. Items, State Highway 7, Sections 13 & 14, is awarded to John F. Beasley Const. Co. of Chicago, Illinois, on their low bid of \$2,620,889.92, subject to the concurrence of the Corps of Engineers

68-249 Benton County, Job No. 9564, Rogers-Bentonville, State Job. The contract for the construction of approximately 5.848 miles of Grading, Minor Drainage Structures, ACHM Base & Surface Course (Main Lanes) & Crushed Stone Base Course & Double Bituminous Surface Course (Shoulders), 2 R.C. Concrete Bridge Length Culverts (Spans 94.79' total) & Misc. Items, State Highway 71, Section 18, is awarded to Anchor Construction Co. of Johnson, Arkansas, on their low bid of \$579,761.23.

68-250 Greene County, Job No. 10721, Hwy. 1 Relocation (Paragould) State Job. The contract for the construction of approximately 2.366 miles of Grading, Minor Drainage Structures, Gravel Subbase, Gravel Base Shoulders w/DBST, Asphalt Treated Gravel Base, ACHM Base & Surface Courses, Concrete Curbs & Walks, Fencing, Erosion Control Items, 1 Composite I-Beam Span Bridge (202.95') & Misc. Items, State Highway 1, Sections 19 & 20, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$591,952.37.

68-251 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, April 24, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 22, 1968

68-252 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, May 22, 1968.

68-253 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-237 through 68-250 at the regular meeting of the Commission on April 24, 1968.

68-255 WHEREAS, the erection of other than official directional, informational and/or regulatory highway signs on highway rights of way is prohibited by law, and

WHEREAS, in past election years numerous political advertisements have been posted on highways creating hazards to the driving public,

NOW THEREFORE IT IS ORDERED that no political signs be permitted to be erected on the rights of way of roads on the State Highway System and that any such signs erected be promptly removed.

68-256 WHEREAS, the Department Radio System is undergoing modification to allow multichannel operation and,

WHEREAS, the Highway System radio unit in the Department Aircraft is capable of single channel operation only, it is necessary to procure new equipment for the aircraft.

THEREFORE, the Director is authorized to purchase suitable radio equipment to allow the aircraft to operate in the modified radio system. The cost of radio equipment shall not exceed \$2,000.00.

68-257 In OUACHITA COUNTY in the CITY OF CAMDEN on HIGHWAY 7, the Director is authorized to relocate and reconstruct State Highway 7-South from Goodgame Street to the Camden-Fairview Cut-off Road (State Highway 376).

This Minute Order is subject to the following conditions:

1. The construction of the facility is dependent upon the availability of funds.
2. The right-of-way for the entire project will be furnished at no cost to the State.
3. Utilities will be moved and/or adjusted at no cost to the State.
4. A commitment that the International Paper Company requests the adjustment in Highway 7 for their expansion.
5. Acceptance by the City of Camden of the conditions of this Minute Order by proper Resolution.
6. Approval by the Bureau of Public Roads.

68-258 In PULASKI COUNTY, on INTERSTATE ROUTE 30, Section 23;

WHEREAS, the Corps of Engineers, U. S. Army has provided a system of pier protection cells adjacent to the navigation channel on the bridges required to be altered or relocated as part of the Arkansas River Navigation Project; and

WHEREAS, the Corps of Engineers proposes to provide for pier protection cells adjacent to the navigation channel at the Interstate 30 Bridge crossing the Arkansas River in Little Rock;

NOW THEREFORE, the Director is authorized to negotiate and execute a contract with the Corps of Engineers for the design and construction of pier protection cells at the Interstate 30 Bridge in Little Rock, Arkansas, subject to 100% reimbursement of the costs involved by the Corps of Engineers; and

Due to the schedule for early navigation on the Arkansas River, the Director is further authorized to employ a Consulting Engineer to perform the design and construction supervision of the pier protection cells.

68-259 WHEREAS, the increased amount of construction work in WHITE COUNTY and surrounding areas has created a need for a permanent Resident Engineer's office at Searcy, and,

WHEREAS, a suitable plan has been developed, and the existing area headquarters site has sufficient grounds for a Resident Engineers office,

IT IS ORDERED that the Director be authorized to construct this Resident Engineer's office facility as a Building Project at an estimated cost of \$30,000.

68-260 WHEREAS, the Purchasing Committee has awarded purchases on April 29, May 6, 13, and 20, 1968, in the amounts of \$105,381.48, \$162,292.48, \$266,095.96 and \$266,570.01 respectively, totaling \$800,339.93, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-261 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of Nine Vehicles to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-68-394, opening at 10:00 A. M. May 17, 1968, and

WHEREAS, the Highway Purchasing Committee at its meeting of May 20, 1968, reviewed bids received and recommends to the Commission that the awards be made to the lowest and best bids meeting Arkansas Highway Department Specifications, and

NOW THEREFORE, the award for the purchase of the Nine Vehicles is hereby made in the total amount of \$49,469.68 on the low bids meeting Arkansas State Highway Department Specifications and as specified below, and the Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order No. 64-273 dated August 9, 1964. (Moore Ford Company's low bid on Item 2 was not considered because of non-compliance with bid deposit requirement.)

ITEM 1

One (1) Cab & Chassis, 24,000# GVW, 4-Wheel Drive to meet AHD Spec. 67-68 N. E. No. 64-75, award to International Harvester Company, Little Rock, for furnishing 1968 Year Model International 1700

4 x 4 at a net bid price of \$6,549.68

ITEM 2 -

Two (2) Cab & Chassis, 19,500# GVW, With 3 Cubic Yard Dump Bodies to meet AHD Spec. 67-68 N. E. No. 64-109, award to Smart Chevrolet Company, Pine Bluff, for furnishing 1968 Year Model Chevrolet CE 51003 with Heil SL 11 Body and Heil 1715 Hoist at a net bid price of \$3,662.00 each -

Total for two 7,324.00

ITEM 3

- Two (2) Tilt Chassis and Cab, 27,500# GVW to meet AHD Spec. 67-68 N. E. No. 64-110, award to Smart Chevrolet Company, Pine Bluff, for furnishing 1968 Year Model Chevrolet TE 61813 at a net bid price of \$5,500.00 ea. -

Total for two 11,000.00

ITEM 4

- Four (4) Tilt Chassis and Cab, 27,500# GVW, to meet AHD Spec. 67-68 N. E. No. 64-111, award to Smart Chevrolet Company, Pine Bluff, for furnishing 1968 Year Model Chevrolet TE 61813 at a net bid price of \$6,149.00 each -

Total for four

24,596.00

TOTAL FOR NINE NEW VEHICLES

\$49,469.68

68-262 In CALHOUN COUNTY on State Highway 4, Section 10 from Locust Bayou to Hampton, a distance of 11.38 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$130,000.

Work to be done by contract.

68-263 In CALHOUN COUNTY on State Highway 172, Section 1 from U. S. Highway 167 to Highway 160, a distance of 7.24 miles, the Director is authorized to construct clearing grubbing, grading, minor drainage structures and double bituminous surface treatment as a Betterment Project at an estimated cost of \$118,600.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

68-264 In CRITTENDEN COUNTY on State Highway 191, Section 1 and the Crittenden County Area Headquarters parking lot the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$10,000.

Work to be done by contract.

68-265 In DALLAS AND CALHOUN COUNTIES on State Highway 8, Sections 8 and 9 from Fordyce to the Cleveland County Line, a distance of 4.81 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$60,000.

Work to be done by contract.

68-266 In GARLAND COUNTY on State Highway 7, Section 9 at the Junction of Highway 5 the Director is authorized to construct a new drainage structure to replace one that washed away as a Betterment Project at an estimated cost of \$6,000.

Work to be done by maintenance forces.

68-267 In GREENE COUNTY on State Highway 135, Section 5 from the Paragould By-Pass to Highway 34, a distance of 5 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$55,000.

Work to be done by contract.

68-268 In HEMPSTEAD COUNTY on State Highway 29, Section 4 from north of Hope to Blevins, a distance of 14.37 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$108,800.

Work to be done by contract.

68-269 In HOT SPRING COUNTY on State Highway 84, Section 6 at Log Mile 19.88 the Director is authorized to construct a new precast concrete slab bridge 38 feet long to replace Bridge No. M1575, which was washed away, as a Betterment Project at an estimated cost of \$6,000.

Work to be done by contract and maintenance forces.

68-270 In HOWARD AND HEMPSTEAD COUNTIES on State Highway 32, Section 4 from the end of the completed Corps of Engineers job north to Saratoga, a distance of 2.93 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$22,500.

Work to be done by contract.

68-271 In HOWARD COUNTY on State Highway 24, Section 2 from the Sevier County Line to Highway 355, a distance of 7.31 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$59,900.

Work to be done by contract.

68-272 In LAFAYETTE COUNTY on State Highway 29, Section 1 from the Louisiana Line to Canfield, a distance of 11.62 miles, the Director is authorized to level up and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$153,000.

Work to be done by contract.

- 68-273 In LAFAYETTE COUNTY on State Highway 160, Section 2 from Bradley east, a distance of 5.07 miles, the Director is authorized to level up and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$124,000.

Work to be done by contract.

- 68-274 In LITTLE RIVER COUNTY on State Highway 41, Section 2 from Foreman to Cross Roads, a distance of 8.24 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a betterment Project at an estimated cost of \$72,000.

Work to be done by contract.

- 68-275 In NEVADA COUNTY on State Highway 76, Section 1 from State Highway 19 east to Highway 4, a distance of 7.29 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$57,500.

Work to be done by contract.

- 68-276 In NEVADA COUNTY on State Highway 24, Section 5 from State Highway 53 to the Ouachita County Line, a distance of 7.31 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$56,700.

Work to be done by contract.

- 68-277 In NEVADA COUNTY on State Highway 24, Section 5 from Prescott to Highway 53, a distance of 8.77 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$68,000.

Work to be done by contract.

- 68-278 In PIKE COUNTY on U. S. Highway 70, Section 4 from New Hope to Self Creek, a distance of 8.08 mile-s, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$65,000.

Work to be done by contract.

- 68-279 In SEVIER COUNTY on State Highway 24, Section 1 from Lockesburg to the Howard County Line, a distance of 6.13 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$51,700.

Work to be done by contract.

68-280 In WOODRUFF COUNTY on State Highway 17, Section 4 from Howell south, a distance of 0.20 miles, the Director is authorized to construct 1,000 feet of grading, minor drainage structures, base, bituminous surface treatment and one bridge on new alignment as a Betterment Project at an estimated cost of \$16,000.

Work to be done by contract and maintenance forces.

This will eliminate the bridge and approach item at log mile 11.02 from Minute Order 68-95, Job No. 11804.

68-281 St. Francis & Crittenden Counties, Job No. 11-582, Jct. S.H. 38-Simsboro (Overlay), State Job (Betterment). The contract for the construction of approximately 8.0 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and misc. items, State Highway 79, Sections 17 & 18, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$98,530.00.

68-282 Franklin County Job No. 4-599, Ozark-North (Overlay), State Job (Betterment). The contract for the construction of approximately 10.00 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 23, Section 7, is awarded to Bob Dills, Inc. of Fort Smith, Arkansas, on their low bid of \$104,455.98.

68-283 Montgomery County Job No. 4600, Mt. Ida-North (Overlay), State Job (Betterment) The contract for the construction of approximately 10.3 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 27 Section 7, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro Arkansas, on their low bid of \$93,318.20.

68-284 Scott County, Job No. 4-601, Polk County Line-North (Overlay), State Job (Betterment). The contract for the construction of approximately 18.77 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 71, Section 10, is awarded to Mid-State Construction Company of Malvern, Arkansas, on their low bid of \$181,488.01.

68-285 White County, Job No. 5-540, Jct. U. S. 67 South of Searcy to South Main in Searcy, State Job (Betterment). The contract for the construction of approximately 2.286 mi. of roadway improvements consisting of Concrete Comb. Curb and Gutter on existing subgrade along both sides of the Searcy City Route, south of South Main Street, U. S. Highway 67C, Section 12C, is awarded to Benning Construction Co. of Sheridan, Arkansas, on their low bid of \$79,423.89.

68-286 Columbia County, Job No. 7 589, Nations Creek-South (Shoulders), State Job (Betterment). The contract for the construction of approximately 9.09 miles of Gravel Base Shoulders with Double Bituminous Surface Treatment, State Highway 79, Section 1, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas on their low bid of \$78,932.00.

- 68-287 Yell County, Job No. 8-577, Danville-Chickalah, State Job (Betterment). The contract for the construction of approximately 6.50 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, Crushed Stone Base Shoulders and Misc. Items, State Highway 27, Section 10, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$90,117.00.
- 68-288 Yell County, Job No. 8-576, Danville-Ola Overlay, State Job (Betterment). The contract for the construction of approximately 11.08 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, Crushed Stone Base Course Shoulders and Misc. Items, State Highway 10, Section 4, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$203,969.65.
- 68-289 Little River County Job No. 3624, North Cross Roads - Little River Bridges & Approaches, FAP F-047-1(5). The contract for the construction of approximately 2.381 miles of Grading, Minor Drainage Structures, Gravel Base Courses Bituminous Treated Shoulders9 Dense Graded Hot Mix Base and Surface Courses, Erosion Control Items, Plate Guard Fence, 5 R.C. Slab Span Bridges (660.0' total), 1 Comp. I-Beam Span Bridge (252.54'), 2 Bridge Length Culverts (56.49' total span) & Misc. Items, State Highway 41, Section 2, is awarded to Michey's, Inc. of Warren, Arkansas, on their low bid of \$878,600.82, subject to the concurrence of the Bureau of Public Roads.
- 68-290 Howard County, Job No. 3659, Umpire-Pike County Line, FAPS-548(3). The contract for the construction of approximately 8.496 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Suriace Treatment, One Composite I-Beam Span Bridge (122.09 Ft.), One Bridge Length Culvert (26.67 Ft. Span) and Misc. Items, State Highway 84, Section 19 is awarded to Reynolds & Williams of Little Rock, Arkansas,,on their low bid of \$382,319.85.
- 68-291 Nevada County, Job No. 3719, Prescott-Boughton Road Surfacing, FAP I-30-1(56)46. The contract for the construction of approximately 4.809 miles of Minor Grading, Lime Treated Subgrade, Gravel Base Course, Portland Cement Concrete Pavement-Cont. Reinf. (8" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control Items, Guard Fence, Conc. Pier Protection and Misc. Items, Interstate Highway 30, Section 1, is awarded to T. L. James & Company, Inc. of Ruston, Louisiana, on their low bid of \$1,119,874,16, subject to the concurrence of the Bureau of Public Roads.
- 68-292 Van Buren County, Job No. 8587, Botkinburg-Northeast, State Job. 68-297 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information available; and

WHEREAS, the U. S. Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the U. S. Geological Survey for the period July 1, 1968, to June 30, 1969, on an expanded service basis involving the expenditure of State Funds in the amount of \$30,000.00, to the end that we are provided more drainage data and information.

68-298 WHEREAS, under date of September 27, 1967, by MINUTE ORDER 67-476, the Highway Commission approved the executing of a contract with the firm of Glassie & Molloy of Washington, D. C. to provide expert assistance in the Asphalt Case; and

WHEREAS, the limits imposed by MINUTE ORDER 67-476 were modified by MINUTE ORDER 68-6; and

WHEREAS, the firm of Glassie & Molloy has performed outstanding services and it is determined that their contract should be extended further;

NOW THEREFORE, the limits imposed by MINUTE ORDER 67-476 and MINUTE ORDER 68-6 are hereby cancelled.

68-299 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1968 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

68-300 WHEREAS, the Governmental Efficiency Study Commission recommended that a study be made of our Highway Sign Shop operations, in order to more efficiently do our work; and

WHEREAS, this recommendation has considerable merit; and

WHEREAS, the study can be done by representatives of the Department of Industrial Engineering of the University of Arkansas;

NOW, THEREFORE, the Director is authorized to enter into a contract with representatives of the University of Arkansas to perform the work and make recommendations for improvement at an estimated cost of \$1,000.00.

68-301 WHEREAS, in Conway County, the municipality of Morrilton, it has been recognized that the completion of Interstate 40 and the Arkansas River Navigation Project will result in the changing of traffic patterns in the Morrilton area, and

WHEREAS, it has been deemed desirable that the Department conduct a comprehensive traffic and highway system study including traffic desires, services for both internal and external traffic, and a comparison of alternate study routes, and

WHEREAS, the study has been completed and the findings have been assembled and published in a report entitled, "Morrilton, Arkansas, 1967 Highway Traffic Study",

NOW, THEREFORE, THE "MORRILTON, ARKANSAS, 1967 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall long-range plan of future state highway improvements, with no commitments for construction; AND IT IS ORDERED that each future highway project will be determined on the basis of need and can be constructed only as funds become available.

68-302 IN CRAIGHEAD COUNTY, ON U. S. HIGHWAY 63:

WHEREAS, Job 1160, WPGH 180-C covered the improvement of U. S. 63, Poinsett County Line North. Right of way was acquired in Craighead County by Court Order dated May 17, 1937, recorded in Book R Pages 26-27. Subsequently acreage property in the Town of Bay, Arkansas, was subdivided March 28, 1947, as the Elder Southwest Sub-division, establishing a street 100 feet in width along and adjacent to U. S. 63, which was dedicated on July 17, 1947; and

WHEREAS, U. S. Highway 63 has been improved under Job 10661, the job having been completed and accepted by the State in July 1963. A portion of the dedicated Street and right of way is not required for the free and safe flow of traffic or for future maintenance; therefore, may be disposed of without adverse effect to right of way needs for U. S. Highway 63 described as follows:

Starting at the South City Limits of Bay, Arkansas, and the south line of Elders Southwest Subdivision designated as center line of survey Station 145+00, Job 10661; thence North 29° 15' West along the center line of U. S. Highway 63, a distance of 200.0 feet to a point designated as center line of Survey Station 147+00; thence South 60° 45' West 35.0 feet to a point on the proposed westerly right of way line for the point of beginning; thence continue South 60° 45' West 15.0 feet to existing westerly line of right of way and Elders Subdivision Street area; thence North 29° 15' West 300.0 feet along said existing right of way and designated street area; thence North 60° 45' East 15.0 feet to a point on the proposed westerly right of way line; thence South 29° 15' East 300.0 feet to the point of beginning and containing 4,500 sq. feet.

Also:

Starting at the South line of the South City Limits of Bay, Arkansas, and the south line of Elders Southwest Subdivision designated as center line of Survey Station 145+00, Job 10661; thence North 29° 15' West along the center line of U. S. Highway 63, a distance of 200.0 feet to a point designated as center line of survey station 147+00; thence North 60° 45' East 35.0 feet to a point on the proposed easterly right of way line for the point of beginning; thence North 29° 15'

West along the proposed easterly right of way line 700.0 feet to a point; thence North 60° 45' East 15,0 feet to the point of beginning and containing 10,500 square feet.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus and relinquish its rights thereto by an indication of intent to the proper officers of the City of Bay, Arkansas, subject to concurrence of the Bureau of Public Roads.

68-303 WHEREAS, the reconstruction of State Highway 231, provides for a minor relocation at Giles, which will make it necessary to relocate the automatic flashing light signals at the Missouri Pacific Railroad Crossing.

NOW THEREFORE, the Director is authorized to proceed with the relocation of automatic flashing light signals at this crossing at an estimated cost of \$3,000, subject to the following conditions:

1. That relocation of the flashing light signals will be made at no cost to the Railroad Company. Maintenance of the signal device, after relocation, will be without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

68-304 In LONOKE COUNTY on INTERSTATE 40, approximately 3 1/2 miles east of Kerr Road Interchange, the Director is authorized to convert an existing separation into an interchange at an estimated cost of \$300,000.00, subject to the following conditions:

1. A firm commitment that an industry of major proportions will be established near the interchange.
2. The right-of-way for the improvement, clear of obstructions, including utilities, will be furnished free of cost to the Highway Department.
3. Connections to and from the interchange will be made by others.
4. Approval by the Bureau of Public Roads.

68-305 In PULASKI COUNTY on INTERSTATE ROUTE 30, Section 23

WHEREAS, on November 14, 1967 the Accident Analysis Review Team determined by extensive investigation of the I-30 dual structures over Arch Street in Little Rock that fifteen (15) accidents involving twenty-five (25) vehicles occurred when the structures were iced over during the one year study period; and

WHEREAS, the Review Team has recommended the installation of an 'ice on bridge' detector unit as a means of notifying the motorist of hazardous ice conditions existing on this 2,100 foot dual structure in an effort to reduce the accident rate; and

WHEREAS, said detector unit can be evaluated and studied to determine possible application to other long structures in the State as a means of reducing winter accidents.

NOW THEREFORE, the Director is authorized to acquire and have installed the ice on bridge' detector unit including four (4) automatically activated warning signs at an estimated cost of \$13,000 as a part of the Commission's efforts to improve the safety of State Highways.

68-306 In PULASKI COUNTY, for the future development of Highway Headquarters on the Little Rock-Benton Highway, Minute Order 4452 dated January 31, 1962 authorized the Director to notify the firm of Ginocchio- Cromwell-Carter-Dees and Neyland, Architects, to proceed with the plans for construction for all remaining auxiliary buildings, and;

WHEREAS, on October 14, 1965 the Director entered into an agreement with the Architects to prepare Plans and Specifications for Central Headquarters Additional Buildings (State Job 6773) and;

WHEREAS, these Plans and Specifications have been completed and delivered to the Department, and;

WHEREAS, the Architects have submitted their bill in the amount of \$18,307.58;

NOW THEREFORE, the Director is authorized to process this bill for payment.

68-307 WHEREAS, at Greenwood in SEBASTIAN COUNTY the area Headquarters was severely damaged by the tornado which struck the Greenwood area, and,

WHEREAS, it is necessary that this building be rebuilt before the winter season,

IT IS ORDERED that the Director be authorized to either repair this building or construct a new one as a Building Project at an estimated cost of \$20,000.

Work to be done by contract.

68-308 WHEREAS, the Purchasing Committee has awarded purchases on May 27, June 3, 10, 17 and 24, 1968, in the amounts of \$274,782.47, \$113,102.57, \$199,668.21, \$48,522.48 and \$639,724.09 respectively, totaling \$1,275,799.82, and sales on June 10, 1968, in the amount of \$10,937.79, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-309 WHEREAS, on May 7, 1968, the Procurement Officer for the Department advertised for delivery of asphalt products on a supply contract for the fiscal year beginning July 1, 1968; and,

WHEREAS, bids were received, opened, and read on May 27, 1968, and after a review by members of the Internal Audit Section, on June 24, 1968, the Purchasing Committee made a tentative award, based on low bids at plant and destination points, with the tentative award being made without prejudice to rights that may have accrued or may accrue either to the Department or any vendor, and subject to ratification by the Commission;

NOW THEREFORE, after reviewing the actions of the Purchasing Committee, the Highway Commission ratifies their actions in all respects.

68-310 In FULTON COUNTY at Mammoth Spring, IT IS ORDERED that the official route of State Highway 289, Section 4, is in accordance with the location as constructed by Joh 5-510 along the west corporate limits of Mammoth Spring; and that the old location along 10th Street, Walker Ave., and 8th Street, which has been replaced by construction, is hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this Order.

68-311 WHEREAS, a segment of State Highway 1, Section 19 in Paragould is designated over Court Street from Fifteenth Street east to North Second Street; however, at the request of the City it is not signed as a State Highway; and

WHEREAS, this segment is to be replaced by the construction of a route on new location under Job 10721, and

WHEREAS, the Paragould Highway Transportation Study Report, dated May, 1963 and prepared by the Department recommended that this segment of Court Street be removed from the system, and

WHEREAS, the City of Paragould has requested in a Resolution, dated May 27, 1968 that the segment be removed from the State Highway System, and the segment of Court Street from Fifteenth Street west to State Highway 25 be placed on the State Highway System, and

WHEREAS, the segment of Court Street from State Highway 25 east to new State Highway 1 as constructed by Job 10721 would provide a desirable connection between the two State Highways and would eliminate indirection of travel to motorists;

NOW THEREFORE, IT IS ORDERED that the segment of State Highway 1, Section 19 from Fifteenth Street east along Court Street to North Second Street is hereby declared to no longer be a part of the State Highway System; and that the segment of Court Street east from State Highway 25, Section 8 to State Highway 1, Section 19 (Fifteenth Street) is hereby declared to be a part of the State Highway System to be designated as State Highway 1, Section 19 "Wye" leg; all as shown on the attached sketch which becomes a part of this order.

68-312 WHEREAS, under the provisions of Section 4, Act 150 of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System and certain highways or portions in the County System in return become a part of the State Highway System; and

WHEREAS, the County Judge of Little River has expressed a desire to exchange a portion of a County Highway for a portion of State Highway 317, Section 1;

NOW, THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Little River County, the portion of the County Road from the end of pavement of State Highway 317 north of Fomby, southwesterly for 0.7 mile is hereby made a part of the State Highway System and that portion of State Highway 317, Section 1 from the end of pavement, northeasterly for 0.7 mile is hereby deleted as a part of the State Highway System, and the same is hereby transferred to the Little River County Highway System; all as shown on attached sketch which becomes a part of this Order.

68-313 In WASHINGTON COUNTY on HIGHWAY 71, Section 17, from the Fayetteville Loop north to the Frisco Underpass in Springdale, a distance of approximately 2.5 miles, the Director is authorized to proceed with surveys, plan preparation, and right-of-way determinations in accordance with the recommendations contained in the Highway 71 Route Study Report for Northwest Arkansas approved by Minute Order 3561 dated January 27, 1960.

68-314 In BOONE AND NEWTON COUNTIES on State Highway 7, Sections 18 and 19 from Dogpatch to Harrison, a distance of 9.50 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$110,900.

Work to be done by contract.

68-315 In COLUMBIA COUNTY on U. S. Highway 79, Section 1 from the Louisiana Line north, a distance of 7.09 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$111,700.

Work to be done by contract.

68-316 In CONWAY COUNTY on State Highway 9, Section 7 from the Perry County Line to the Arkansas River Bridge, a distance of 4.90 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct stone shoulders as a Betterment Project at an estimated cost of \$58,600.

Work to be done by contract.

68-317 In CRAIGHEAD COUNTY, in the City of JONESBORO, on HIGHWAY 351, Section 1, from Highway 63 north to Highway 18, a distance of approximately 0.65 mile, the Director is

authorized to proceed with construction at an estimated cost of \$75,000. This is to be a State contract financed from Betterment Funds.

The furnishing of right-of-way and utility adjustments shall be in accordance with the applicable Highway Commission policies.

68-318 In CRAWFORD COUNTY on U. S. Highway 71, Section 15 from 2 miles south of Mountainburg to the Washington County Line, a distance of 14.40 miles, the Director is authorized to resurface selected sections with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$114,500.

Work to be done by contract and maintenance forces.

68-319 In CROSS COUNTY on State Highway 39, Section 6 from Fair Oaks to the Poinsett County Line, a distance of 13.35 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$175,000.

Work to be done by contract and maintenance forces.

68-320 In DREW COUNTY on State Highway 4, Section 14 from the Bradley

County Line to Highway 81 in Monticello, a distance of 10.65 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$140,000.

Work to be done by contract.

68-321 In DREW COUNTY on State Highway 81, Sections 3 and 4 from Arkansas A & M College north, a distance of 4.44 miles, (Monticello Bypass) the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$52,900.

Work to be done by contract.

68-322 In FAULKNER COUNTY on State Highway 225, Section 1 from McGintytown to Mill Creek, a distance of 2.62 miles, the Director is authorized to construct 6 inch crushed stone base on selected sections, 4 inch plant mixed asphalt stabilized base and double bituminous surface treatment from Routine Maintenance Funds at an estimated cost of \$31,000.

Work to be done by contract and maintenance forces.

68-323 In FULTON COUNTY on U. S. Highway 63, Section 1 from the Sharp County Line to Mammoth Spring, a distance of approximately 13.50 miles, the Director is authorized to resurface

the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$100,000.

Asphaltic concrete hot mix to be purchased loaded in state trucks and laid by maintenance forces.

68-324 In JEFFERSON COUNTY on U. S. Highway 65 near Redfield the Director is authorized to construct the Dollarway Rest Area as a Betterment Project at an estimated cost of \$12,100 for materials only.

Work to be done by Green Thumb Program employees and maintenance forces.

This will eliminate the construction items of Job No. 2708, Dollarway Rest Area, Minute Order 66-213.

The right of way for this project was purchased under Job No. 2708.

68-325 In JOHNSON COUNTY on State Highway 123, Section 4 from U. S. Highway 64 west, a distance of 0.28 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix and construct stone shoulders as a Betterment Project at an estimated cost of \$6,500.

Work to be done by contract and maintenance forces.

68-326 In MADISON COUNTY on State Highway 68, Section 2 from the Washington County Line east, a distance of 7.00 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$68,700.

Work to be done by contract.

68-327 In OUACHITA COUNTY on State Highway 7, Section 3 and State Highway 4, Section 8 in Camden the Director is authorized to resurface 1.69 miles of the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$23,500.

Work to be done by contract.

68-328 In OUACHITA COUNTY on U. S. Highway 79, Section 4 from State Highway 9 to the Calhoun County Line, a distance of 8.05 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$91,000.

Work to be done by contract.

68-329 In POINSETT COUNTY on State Highway 39, Section 5 from the Cross County Line to Waldenburg, a distance of 9.11 miles, the Director is authorized to construct asphalt treated base

course on 5 miles and resurface the entire length with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$130,000.

Work to be done by contract.

68-330 In PULASKI COUNTY on State Highway 300, Section 2 at the Maumelle Lake Spillway Drltch the Director is authorized to replace one precast span of the existing bridge, which was washed out by the recent flood, and construct a 31 foot span extension as a Betterment Project at an estimated cost of \$13,000.

Work to be done by maintenance forces.

68-331 In SEARCY COUNTY on U. S. Highway 65, Section 5 from St. Joe to the Buffalo River Bridge, a distance of 4.80 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$55,600.

Work to be done by contract.

68-332 In UNION COUNTY on U. S. Highway 167, Section 1 from the south city limits of El Dorado north to U. S. Highway 167 (El Dorado Bypass), a distance of 5.30 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$114,000.

Work to be done by contract.

68-333 In UNION COUNTY on State Highway 7, Section 2 from U. S. Highway 82 in El Dorado to U. S. Highway 167, a distance of 3.12 miles, the Director is authorized to resurface two sections of the existing pavement, for a length of 2.19 miles, with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$27,500.

Work to be done by contract.

68-334 In WASHINGTON COUNTY on State Highway 16, Section 3 from Fayetteville east to Elkins, a distance of 8.00 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$73,400.

Work to be done by contract.

68-335 In WASHINGTON COUNTY on U. S. Highway 71, Section 17 from Center Street to Green Acres Road in Fayetteville, a distance of 1.72 miles, the Director is authorized to heater plane and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$35,200.

Work to be done by contract.

68-336 In WHITE COUNTY on U. S. Highway 67C, Section 12C from U. S. Highway 67 west for two miles at Searcy the Director is authorized to construct concrete curb and gutter as a Betterment Project at an estimated cost of \$75,000.

Work to be done by contract.

68-337 In WHITE COUNTY on U. S. Highway 67, Sections 12 and 13 from one mile south of Morning Sun to Bald Knob, a distance of approximately 10 miles, the Director is authorized to resurface selected sections of the existing pavement as a Betterment Project at an estimated cost of \$ 100, 000 .

Work to be done by contract.

68-338 Hempstead County, Job No. 3-583, Hope to Blevins (Overlay), State Job (Betterment). The contract for the construction of approximately 14.37 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 29, Section 4, is awarded to Carter Construction Co., Inc. of Benton, Arkansas & Madden Contracting Company of Minden Louisiana, on their low bid of \$91,094.50.

68-339 Lafayette County, Job No. 3-586, Louisiana State Line to Canfield (Overlay), State Job (Betterment). The contract for the construction of approximately 11.62 miles of Tack Coat & Asphaltic Concrete Hot Mix Base & Surface Overlay, State Highway 29, Section 1, is awarded to Carter Construction Co., Inc. of Benton, Arkansas & Madden Contracting Company of Minden, Louisiana, on their low bid of \$111,247.85.

68-340 Lafayette County Job No. 3-587, Bradley-East (Overlay), State Job (Betterment). The contract for the construction of approximately 5.07 miles of Tack Coat and Asphaltic Concrete Hot Mix Base and Surface Overlay, State Highway 160, Section 2, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their low bid of \$88,913.00.

68-341 Calhoun County, Job No. 7-591, Locust Bayou-Jct. Hwy. 167 (Overlay), State Job (Betterment). The contract for the construction of approximately 11.38 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 4, Section 10, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$109,983.65.

68-342 St. Francis County, Job No. 11730, Caldwell-Cross Co. Line, State Job. The contract for the construction of approximately 4.792 miles of Grading, Minor Drainage Structures, Gravel Base Course, ACHM Base & Surface Courses, Bituminous Treated Shoulders, Concrete Curbs & Gutters, Erosion Control, Guard Fence, 1 Composite I-Beam Span Bridge Widening (42.55'), 5 Br. Length Culverts (133.40' total span) & Misc. Items, State Highway 1, Section 12, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$547,241.10.

- 68-343 Hempstead County, Job No. 3643, Highway 29-Emmet Interchange Grading & Structures, FAP I-30-1(21)31. The contract for the construction of approximately 5.378 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control & Misc. items throughout project; Gravel Base & DBST on Cross Roads; Gravel Surface on Frontage Roads & Detours; 2 R.C. Slab Span Bridges (280.00 lin. ft. total length), 2 R.C. & Structural Steel Plate Girder Span Bridges (796.76 lin. ft. total length), & 3 Bridge Length Culverts (69.70 lin. ft. total span length), Interstate Highway 30, Section 1, is awarded to Bradco Construction, Inc. of Warren, Arkansas, & W. K. Ingram Construction Co. of West Memphis, Arkansas, on their low bid of \$1,428,165.56, subject to the concurrence of the Bureau of Public Roads.
- 68-344 Hempstead County, Job No. 3680, Sheppard-Guernsey (Surfacing), FAP I-30-1(49)22. The contract for the construction of approximately 3.021 miles of Limited Grading, Selected Material, Lime Treated Subgrade, Portland Cement Stabilized Base, Portland Cement Concrete Pavement-Cont. Reinforced (8" U.T.), Bituminous Treated Shoulders, Erosion Control Items, Guard Fence & Misc. Items, Interstate Highway 30, Section 1, is awarded to McMillin- Burkett Const. Co. of Texarkana, Texas & T. L. James & Company, Inc. of Ruston, Louisiana, on their low bid of \$894,784.08, subject to the concurrence of the Bureau of Public Roads.
- 68-345 Garland County, Job No. 6906, Hamilton-Highway 7, State Job. The contract for the construction of approximately 4.441 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 3 Str. Plate Pipe-Arch Bridge Length Culverts (99.34' total span) & misc. items, State Highway 298, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$334,880.33.
- 68-346 Conway & Van Buren Counties, Job No. 8602, Center Ridge-Van Buren County Line, State Job. The contract for the construction of approximately 5.231 miles of Grading, Minor Drainage Structures, Crushed Stone Base, DBST, 1 R.C. & Structural Steel I-Beam Span Bridge (118.03 lin. ft.), 1 Bridge Length Culvert (22.08 lin. ft. span) & misc. items, State Highway 92, Sections 2 & 3, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$366,970.57.
- 68-347 Conway County, Job No. 8639, Plumerville-Menifee (Surfacing), FAP I-40-3(56)113. The contract for the construction of approximately 4.224 miles of limited grading, Selected Materials, Crushed Stone Base Course, Double Bituminous Surface Treated Shoulders, Portland Cement Conc. Pavement (9" U.T.), Erosion Control Items, Guard Fence and Misc. Items, Interstate Highway 40, Section 3, is awarded to Ben M. Hogan Co. Inc. of Little Rock, Arkansas, on their low bid of \$794,934.08, subject to the concurrence of the Bureau of Public Roads.
- 68-348 Faulkner County, Job No. 8641, Springhill-East, State Job. The contract for the construction of approximately 4.862 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 3 Bridge Length Culverts (84.93 ft. total span) & Misc. Items, State Highway 287, Section 1, is awarded to E. C. Rowlett Construction Co. of Guy, Arkansas, on their low bid of \$259,978.73.

- 68-349 Pulaski, Lonoke & White Counties, Job No. 1428, Pulaski Co. Line-Beebe (Surfacing), FAP F-021-3(20). The contract for the construction of approximately 12.629 miles of Limited Grading, Minor Drainage Structures, Selected Materials, Crushed Stone Base Course, Portland Cement Concrete Pavement (9" U.T.), Erosion Control Items, Guard Fence and Misc. Items, U. S. Highway 67, Sections 10, 11, & 12, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$2,345,110.28, subject to the concurrence of the Bureau of Public Roads.
- 68-350 Lawrence County, Job No. 10775, Jct. Hwy. 25-Jct. Hwy. 34, FAP S-581(1). The contract for the construction of approximately 5.666 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment and Misc. Items, State Highway 231, Section 1, is awarded to Miss. Valley Contracting Co. of Paragould, Arkansas, on their low bid of \$308,943.16.
- 68-351 Crittenden County, Job No. 11803, Lehi Weigh Stations, State Job. The contract for the construction of two complete weigh station facilities with buildings, scales, water supply systems, sewage treatment systems, grading, gravel base course, Portland Cement Concrete Pavement (10" U.T.), ACHM Shoulders & Parking Areas and Misc. Items, Interstate Highway 40, Section 5, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$396,933.48, which, under the provisions of Act 264 of 1961, is the lowest qualified bid received.
- 68-352 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M.g Wednesday, June 26, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 24, 1968

68-353 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, July 24, 1968.

68-354 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-342 through 68-351 at the regular meeting of the Commission on June 26, 1968.

68-356 WHEREAS, it has come to our attention that there are considerable pressures being exerted to liberalize the weights and sizes of loads being hauled over our highways; and

WHEREAS, the United States Senate has passed a Bill which would raise the allowable load limits to 20,000 lbs. on a single axle and 34,000 lbs. on a tandem axle and would increase the width to 102 inches; and

68-364 In INDEPENDENCE COUNTY on STATE HIGHWAY 167 in the City of Batesville, due to the abnormal cost of relocating various utilities for Job 5585, Minute Order 65-505 is hereby modified to except from Item 1, a payment of \$10,000.00 for the City of Batesville to make necessary relocation of reimbursable utilities.

68-365 In LOGAN COUNTY on HIGHWAY 109, Job No. 4467; WHEREAS, an old existing bridge truss was removed which cannot be used virtually intact on a state highway; and

WHEREAS, the County Judge of Logan County has requested the truss for use on a county highway to replace a bridge which was washed out during recent floods;

NOW THEREFORE, in accordance with provisions of Minute Order 4063, the Director is authorized to convey the truss to Logan County and the Judge is authorized to remove the truss from its present location.

68-366 WHEREAS, in MISSISSIPPI COUNTY on HIGHWAY 18, Section 6, and HIGHWAY 151, Section 2, from Highway 61 in Blytheville northwest to a proposed entrance to the Blytheville Air Force Base, a distance of approximately 2.25 miles, it has been determined from a planning study that a 4-lane undivided facility is needed to safely and efficiently handle the traffic demand; and

WHEREAS, the U. S. Department of Defense approved the allocation of \$158,500 of Defense Access Highway funds for the improvement of highway facilities to serve the defense installation;

NOW THEREFORE, the Director is authorized to proceed with construction of a 4-lane undivided facility at an estimated construction cost of \$569,000. This action is subject to the following conditions:

1. The City of Blytheville and Mississippi County agrees to the furnishing of the WHEREAS, this Bill is being considered by the House of Representatives of the United States Congress; and

WHEREAS, the Arkansas State Highway Department has determined that the great majority of roads and bridges on the Highway System cannot tolerate these loads and widths;

NOW THEREFORE, BE IT RESOLVED that the Arkansas Highway Commission ratifies, in all particulars, the present Arkansas Laws pertaining to weights and sizes of vehicles on our highways: namely, a load limit of 18,000 lbs. on a single axle; 32,000 lbs. on a tandem axle; a gross load limit of 64,000 lbs. on the Secondary System; 73,280 lbs. on the Primary System; all with a maximum width of 96 inches; limits as to length are also included;

BE IT FURTHER RESOLVED that each member of the Arkansas Congressional Delegation in Washington be furnished a copy of this Minute Order

68-357 WHEREAS, it has been determined that it would be advantageous to the inspection of structural steel butt welds to use an Ultrasonic Testing Unit in addition to our present Radiographic examination requirements; and

WHEREAS, the success of this Ultrasonic Testing Unit and the training of personnel in its use will eventually eliminate the Radiographic examination requirements; and

WHEREAS, it is recommended by the Bureau of Public Roads and is in use by various surrounding states and has proven successful elsewhere throughout the country.

NOW THEREFORE, the Director is authorized to purchase an Ultrasonic Testing Unit and necessary accessories required for this type of testing at an estimated cost of \$3500.

68-358 In accordance with the provisions of Act 148 of 1961, as amended by Act 300 of 1965, the Director is authorized to pay \$2,000.00 to the Mississippi River Parkway Commission as the Department's pro-rata cost for 1969 fiscal year, for the promotion and development of the GREAT RIVER ROAD.

68-359 WHEREAS, the Purchasing Committee has awarded purchases on July 1, 8, 15 and 22, 1968, in the amounts of \$77,733.53, \$152,402.76, \$121,123.58, and \$113,808.85 respectively, totaling \$465,068.72, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

 NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-360 In COLUMBIA COUNTY on U. S. HIGHWAY 82, Section 3 near Waldo:

 WHEREAS, it has been determined that the St. Louis Southwestern Railway crossing of U. S. Highway 82 near Waldo is hazardous and warrants automatic grade crossing protection;

 NOW THEREFORE, the Director is authorized to proceed with the installation of automatic signals at this crossing at an estimated cost of \$10,000, subject to the following conditions:

1. That installation will be made without cost to the St. Louis Southwestern Railway Company and maintenance of the signal device will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

68-361 In CRAIGHEAD COUNTY on STATE HIGHWAY 351, Section 1, in Jonesboro:

 WHEREAS, it has been determined that the St. Louis San Francisco Railway crossing of State Highway 351 in Jonesboro (Kathleen St.) is hazardous and warrants automatic grade crossing protection;

 NOW THEREFORE, the Director is authorized to proceed with the installation of automatic signals at this crossing at an estimated cost of \$10,000, subject to the following conditions:

1. That the St. Louis San Francisco Railway Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

68-362 In CLARK COUNTY, in order to serve the Clark County Children's Colony, it is ordered that the Director improve the road for a distance of about 1.4 miles, beginning at the end of the frontage road and extending .3 miles on to the grounds, at an estimated cost of \$50,000.00.

This Minute Order is subject to the condition that all right-of-way and utility adjustments be furnished free of cost to the State.

68-363 In DREW COUNTY on HIGHWAY 81, from the Ashley County Line -North to the Junction with State Highway 83, a distance of approximately 14 miles, the Director is authorized to strengthen base, widen, and overlay with an asphaltic concrete hot mix surface course at an estimated cost of \$200,000.00.

This Minute Order does not cancel Minute Order 64-374 but holds it in abeyance until such time as funds are available.

necessary right-of-way and adjustments of utilities at no cost to the State.

2. Availability of Defense Access Highway funds in the amount of \$158,500.
3. Approval by the Bureau of Public Roads.

68-367 In RANDOLPH COUNTY on HIGHWAY 166, Section 0, on the old Davidsonville State Park Road, from Noland - North, a distance of approximately 3 miles, the Director is authorized to proceed with construction at an estimated cost of \$130,000.00. Work is to be performed by contract and State forces.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-368 In WASHINGTON COUNTY on HIGHWAY 265 from Strickler to Highway 170, a distance of 2.57 miles, the Director is authorized to proceed with grading, minor drainage structures, base course and double bituminous surfacing at an estimated cost of \$135,000.00.

68-369 In CALHOUN COUNTY, at the Southwest Technical Institute, the following described roads, a total length of approximately 2.8 miles, are hereby made a part of the Institutional Drives to be maintained by the Arkansas State Highway Department:

1. Hussey Road from the junction of State Highway 274 to Carr Road.
2. Coleman Road from Hussey Road to Carr Road.
3. Carr Road from Hussey Road to Spellman Road.
4. King Road from Coleman Road to Spellman Road.

All as shown on attached sketch drawn July 24, 1968.

68-370 In CALHOUN COUNTY, in the vicinity of Thornton, it is ordered that upon completion of Job 7650, that the official route of State Highway No. U. S. 167, section 4, shall be in accordance with the new location as constructed by Job 7650 and that the portion of the old route of U. S. 167 from the junction of the new location of U. S. 167 south of Thornton, north to the junction of U. S. 79 in Thornton is hereby redesignated as State Highway No. U. S. 167 Business Route, section 4B, all as shown on attached sketch which becomes a part of this order.

68-371 In CLARK COUNTY, in order to serve the Clark County Childrens Colony, it is Ordered that the road beginning at the end of the west frontage road of Interstate Highway 30, approximately 0.5 mile south of State Highway 7, thence west approximately 1.1 mile, thence north approximately 0.3 mile is hereby made a part of the State Highway System.

State Highway route and section designation will be made and appropriate Federal-Aid System action taken at a later date based upon system correlation study.

68-372 In CLARK COUNTY, IT IS ORDERED that an industrial road to serve the new plywood plant north of Gurdon, beginning at the junction of U. S. 67 north of the Missouri-Pacific Railroad crossing; thence westerly a distance of approximately 0.22 mile is hereby made a part of the State Highway System.

State Highway route and section designation will be made and appropriate Federal aid System action taken at a later date based upon systems correlation study.

68-373 In CLEBURNE COUNTY on Highway 110, the Director is authorized to proceed with plans and surveys for the replacement of the Winkley Bridge.

68-374 In COLUMBIA COUNTY, from McNeil to Magnolia, IT IS ORDERED that the following State Highway System changes are hereby authorized upon completion of Job 7601:

1. The Official route of State Highway No. U. S. 79 shall be in accordance with the new location as constructed by Job 7601.
2. That portion of the old route of U. S. 79 from the junction of State Highway No. 98 in McNeil, east to the junction of the new route of U. S. 79 shall be redesignated as part of State Highway 98, Section 1.
3. That portion of the old route of U. S. 79 from the junction of the new route of U. S. 79 south of Magnolia, north to the junction of U. S. 82 in Magnolia shall be redesignated as State Highway No. U. S. 79 Business Route, Section I-B.
4. That portion of the old route of U. S. 79 from the junction of U. S. 82 in Magnolia, north to the future route location of U. S. 82 just north of the north corporate limits of Magnolia shall be redesignated as State Highway No. 19, Section 1.

5. In accordance with Supreme Court decisions, that portion of the old route of U. S. 79 from the junction of State Highway 98 in McNeil, south to the junction of the future route location of U. S. 82 just north of Magnolia; and State Highway No. 179, Section 1 in Magnolia are declared to be no longer a part of the State Highway System.

All in accordance with attached sketch titled "Sketch Showing State Highway System Changes McNeil - Magnolia Columbia County" drawn July 15, 1968, which becomes a part of this Order.

68-375 WHEREAS, DALLAS COUNTY, MINUTE ORDER NO. 2823, dated July 9, 1958, designated certain roads that were to be a part of the State Highway System, subject to the following conditions being met:

- (1) All right-of-way free of obstructions will be furnished free of cost to the State within ninety (90) days; and
- (2) System approval by the Bureau of Public Roads; and

WHEREAS, the above set out conditions were not complied with for the road numbered 4 and described as follows in said Minute Order No. 2823: The County Road known as the Beech Grove-Bucksnot Road, beginning where that County Road intersects State Highway No. U. S. 79 at Beech Grove, thence north along said road and continuing north on new location to State Highway No. 8, a distance of approximately 2 miles; and

WHEREAS, because of the non-compliance with the above set out conditions, the Arkansas State Highway Commission, has been unable to designate as a part of the Arkansas State Highway System the above described road in accordance with Act 148 of the Acts of the General Assembly of the State of Arkansas for the year of 1957; and

WHEREAS, the adjoining property owners to that portion of the above described road that is open to the traveling public have requested by letter that the said portion of the road open to the traveling public not be made a part of the Arkansas State Highway System.

NOW, THEREFORE, MINUTE ORDER NO. 2823, dated July 9, 1958, is hereby modified to eliminate and delete the following described road from Minute Order No. 2823: The County Road known as the Beech Grove-Bucksnot Road, beginning where that County Road intersects State Highway No. U. S. 79 at Beech Grove, thence north along said road and continuing north on new location to State Highway No. 8, a distance of approximately 2 miles.

All other parts of Minute Order No. 2823 to remain unchanged.

68-376 In GARLAND COUNTY, in the vicinity of Hempwallace, IT IS ORDERED that the Official route of State Highway 227, Section 0 shall be in accord ance with the new location as constructed by Job 6-538; and in accordance with Supreme Court decisions, that portion of the old route from the junction of the new location, south along the section line between sections 25 and 26, T3S, R21W, to the junction of U. S. 70, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

68-377 In MISSISSIPPI COUNTY, it is Ordered that an industrial road at Osceola beginning at the junction of U. S. 61 at the section corner of sections 1, 2, 11 and 12, T12N, R10E, thence east and north along Compton Road to the junction of U.S. 61 (W. Keiser Avenue), a distance of approximately 1.5 miles is hereby made a part of the State Highway System.

State Highway route and section designation will be made and appropriate Federal-Aid System action taken at a later date based upon systems correlation study.

68-378 WHEREAS, at the District Three Headquarters at Hope the shop building is in need of a new roof, and,

IT IS ORDERED that the Director be authorized to replace the existing roof from Routine Maintenance funds at an estimated cost of \$4,500.

Work to be done by contract.

68-379 WHEREAS, in District Three there is need for four (4) additional salt and calcium chloride houses at the following area headquarters:

Miller County Area Headquarters

Nevada County Area Headquarters

Pike County Area Headquarters

Sevier County Area Headquarters

WHEREAS, suitable plans have been developed for these facilities,

IT IS ORDERED that the Director be authorized to construct these four (4) twelve foot by twenty foot (12' x 20') chemical storage facilities from Routine Maintenance funds at an estimated cost of \$10,000.

Work to be done by contract.

68-380 In ARKANSAS COUNTY on State Highway 130, Section 6 at Almyra the Director is authorized to resurface 1.75 miles of the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$13,000.

Work to be done by contract.

68-381 In BRADLEY COUNTY on State Highway 8, Section 11 from the Cleveland County line to State Highway 15, a distance of 8.06 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$90,000.

Work to be done by contract.

- 68-382 In CROSS COUNTY on State Highway 193, Section 2 from State Highway 42 south, a distance of 5.0 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and one 57 foot precast slab bridge as a Betterment Project at an estimated cost of \$75,000.

Work to be done by contract and maintenance forces.

- 68-383 In DESHA COUNTY on State Highway 4, Section 16 at McGehee, a distance of 0.37 miles, the Director is authorized to widen and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$15,500.

Work to be done by contract.

- 68-384 In OUACHITA COUNTY on State Highway 9, Section 1 from U. S. Highway 79 to the Dallas County line, a distance of 7.95 miles, the Director is authorized to construct asphaltic concrete not mix base and surface on the existing pavement as a Betterment Project at an estimated cost of \$117,000.

Work to be done by contract.

- 68-385 In PHILLIPS COUNTY on State Highway 39, Section 11 from Turner north, a distance of 5.0 miles, the Director is authorized to construct grading, minor drainage structures, soil cement stabilized base, single bituminous surface treatment and two (2) bridges (combined length 9S') as a Betterment Project at an estimated cost of \$75,000.

Work to be done by contract and maintenance forces.

This will eliminate 5.0 miles of Program Item 67-227, Job No. 11792 (Turner - Jct. U. S. Highway 49).

- 68-386 In POINSETT COUNTY on State Highway 75, Section 5 from the Cross County Line to the Marked Tree Bypass, a distance of approximately 11 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$375,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

68-387 In STONE COUNTY on State Highway 5, Section 16 from State Highway 14 south, a distance of 8 miles, the Director is authorized to construct minor drainage structures and crushed stone base course as a Betterment Project at an estimated cost of \$90,000.

Work to be done by contract and maintenance forces.

68-388 In STONE COUNTY on State Highway 263, Section 2 from Timbo north, a distance of 7 miles, the Director is authorized to construct minor drainage structures and crushed stone base course as a Betterment Project at an estimated cost of \$75,000.

Work to be done by contract and maintenance forces.

68-389 In UNION COUNTY on U. S. Highway 82, Section 6 between El Dorado and Strong the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders on two sections, totaling 11.24 miles, as a Betterment Project at an estimated cost of \$70,000.

Work to be done by contract.

68-390 In WOODRUFF COUNTY on State Highway 306, Section 0 from Cotton Plant north, 4.30 miles, the Director is authorized to construct gravel surface as a Betterment Project at an estimated cost of \$17,000.

Work to be done by contract and maintenance forces.

68-391 Monroe County, Job No. 11-551, Hwy. 17-Hwy. 49 (P.C. Stabilized Base), State Betterment Job. The contract for the construction of approximately 5.0 miles of Selected Material and Portland Cement Stabilized Base Course, State Highway 241, Section 2, is awarded to Bowyer-Johnson-Kimes, Inc. of Jackson, Tennessee, on their low bid of \$109,949.00

68-392 Lincoln County, Job No. 2-595, Jct. Hwy. 54-Jct. Hwy. 114 (P.C. Stabilized Base), State Job (Betterment). The contract for the construction of approximately 5.80 miles of Portland Cement Stabilized Base with Double Bituminous Surface Treatment, State Highway 83, Section 4, is awarded to Deep South Const. Co., Inc. of Hamburg, Arkansas, on their low bid of \$104,442.39.

68-393 Drew County, Job No. 2-599, Jcto Hwy. 83-North City Limits Monticello (Overlay), State Job (Betterment). The contract for the construction of approximately 4.44 miles of Asphaltic Concrete Hot Mix Surface Course Overlay, State Highway 81, Sections 3 & 4, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$58,159.65.

68-394 Drew County, Job No. 2 600, Bradley County Line-Jct. S. H. 81 (Overlay), State Job (Betterment). The contract for the construction of approximately 10.65 miles of Asphaltic

Concrete Hot Mix Surface Course Overlay and Gravel Shoulders, State Highway 4, Section 149 is awarded to Bituminous Inc. of Pine Bluff, Arkansas, on their low bid of \$145,899.10.

- 68-395 White County, Job No. 5-541, East Race Street (Searcy) - Hwy. 67 (Curb & Gutter), State Betterment Job. The contract for the construction of approximately 2014 miles of Concrete Combination Curb and Gutter, U. S. Highway 67C, Section 12C, is awarded to The Tucker Paving CorpO of North Little Rock, Arkansas, on their low bid of \$84,973.00.
- 68-396 White County, Job No. 5-542, Morning Sun-Bald Knob (Overlay), State Job (Betterment). The contract for the construction of approximately 10 miles of ACHM Surface Course Overlay and Misc. Items on Selected Sections, U. S. Highway 67, Sections 12 & 13, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$96,802.61.
- 68-397 Pulaski County, Job No. 6-575 U. S. Air Force Base Entrance-South Widening & Overlay, State Betterment Job. The contract for the construction of approximately 5.32 miles of Widening with Asphaltic Concrete Hot Mix Base Course and Overlay with Asphaltic Concrete Hot Mix Surface Course, State Highway 5, Section 11, is awarded to APT Construction Co. of I North Little Rock, Arkansas, on their low bid of \$111,267.79.
- 68-398 Columbia County, Job No. 7-595, Louisiana State Line-North (Shoulders), State Job (Betterment). The contract for the construction of approximately 7.09 miles of Gravel Base Shoulders with Double Bituminous Surface Treatment, State Highway 79, Section 1, is awarded to J. Lester Booker Company of Little Rock, Arkansas, on their low bid of \$91,204.84.
- 68-399 Union County, Job No. 7-596, Jct. Hwy. 167, Section 2 - South (Overlay), State Job (Betterment). The contract for the construction of approximately 5.30 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 167, Section 1, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$92,983.26.
- 68-400 Ouachita County, Job No. 7-597, Jct. Hwy. 9 to Calhoun Co. Line (Overlay), State Job (Betterment). The contract for the construction of approximately 8.05 miles of Asphaltic Concrete Hot Mix Surface Course Overlay and Misc. Items, State Highway 79, Section 4, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$73,254.21.
- 68-401 Boone & Newton Counties, Job No. 9-550, Harrison to Dogpatch (Overlay), State Betterment Job. The contract for the construction of approximately 9.5 miles of Overlay with Asphaltic Concrete Hot Mix Surface Course, State Highway 7, Sections 18 & 19, is awarded to McClinton, Inc., of Harrison, Arkansas, on their low bid of \$105,150.00.
- 68-402 Cross & Poinsett Counties, Job NoO 12-500, Fair Oaks-Waldenburg Overlay, State Betterment Job. The contract for the construction of approximately 22.46 miles of Overlay with Asphalt Treated Crushed Stone Base and/or Asphaltic Concrete Hot Mix Surface, State Highway

39, Sections 5 & 6, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$250,884.89

- 68-403 Woodruff County, Job No. 11697, Little Dixie-Dixie Bridges & Approaches, State Job. The contract for the construction of approximately 0.094 mile of Grading, Gravel Base Course, Three Precast Slab Span Bridges (202.00' total) and Misc. Items, State Highway 33, Section 7, is awarded to John M. Smith of Little Rock, Arkansas, on their low bid of \$72,127.90.
- 68-404 Little River County, Job No. 3661, Foreman-Jct. S.H. 234, FAP S-560(1). The contract for the construction of approximately 7.554 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, 1 Reinforced Concrete Slab Span Bridge (100 Lin. Ft.) and Misc. Items, State Highway 108, Section 2, is tentatively awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their low bid of \$315,804,030.9 subject to compliance with all State and Federal laws and regulations.
- 68-405 Montgomery County, Job No. 4611, Washita-West, FAP S-405(5). The contract for the construction of approximately 3.474 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One Bridge Length Culvert (32.92 Ft. Span) and Misc. Items, State Highway 88, Section 3, is tentatively awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their low bid of \$195,069.75, subject to compliance with all State and Federal laws and regulations.
- 68-406 Crawford County, Job No. 4619, Lee Greek Interchange & County Road, FAP S-1250(1). The contract for the construction of approximately 0.625 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Treated Shoulders & ACHM Base & Surface Courses for County & Frontage Roads; Ramps & Acceleration Lanes of P. C. Concrete Pavements (8" & 9" U. T.), and Misc. Items, Interstate Highway 40, FAS Route 2212, Section 1, is tentatively awarded to Hallett Construction Company of Crosby, Minn. on their low bid of \$332,872,028, subject to the concurrence of the Crawford County Judge and compliance with all State and Federal laws and regulations.
- 68-407 Independence County Job No. 55859 Batesville Northeast Grading & Structures FAP U-027-1(11) & F-027-1(9). The contract for the construction of approximately 30.571 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items, One Composite I-Beam Span Overpass (173.20'), One Composite I-Beam Span Bridge (209.07'), One Bridge-Length Culvert (22.08') and Misc. Items, State Highway 167, Section 18, is tentatively awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$622,360.49, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal laws and regulations.
- 68-408 Pulaski County, Job No. 6908 Highway Grade Adjustment (Mo Pac Underpass), State Job. The contract for the construction of approximately 0.059 mile of Grading & Grushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface Retaining Walls, Concrete Curb and Gutter and Misc. Items, State Highway 70, Section 139 is awarded to Hardy Construction Co., Inc. of

Pine Bluff Arkansas on their low bid of \$32,227.10, subject to the concurrence of the City of North Little Rock.

68-409 Craighead County, Job No. 10743, Highway 63 Bypass (Jonesboro) Grading & Structures, FAP F-033-1(13) & U-033-1(21). The contract for the construction of approximately 10.019 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items, Concrete Curbs & Misc. Items throughout the project; Gravel Base, ACHM & DBST on Cross Roads & Local Roads; 6 Composite I-Beam Span Bridges (1193.40' total), 1 R.C. Slab Span Bridge (105.00'), 3 Bridge-Length Culverts (71.99' total) and Related Items, State Highway 63, Section 7, is tentatively awarded to J. A. Hadley Const. Co., Inc. of Humboldt, Tennessee, on their low bid of \$2,319,254.42, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal laws and regulations.

68-410 Clay County, Job No. 10772, Jct. Hwy. 90-Jct. U. S. 62 Bridges & Approaches, State Job. The contract for the construction of approximately 0.416 mile of Grading, Minor Drainage Structures, Gravel Base, Two Reinforced Concrete Precast Slab Span Bridges (114.00 lin. ft. total length), One Bridge Length Culverts (22.86 lin. ft. span) and misc. items, State Highway 139, Section 4, is awarded to Miss. Valley Contracting Co., Inc. of Paragould, Arkansas, on their low bid of \$97,955.15.

68-411 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, July 24, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 21, 1968

68-412 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, August 21, 1968.

68-413 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-403 through 68-410 at the regular meeting of the Commission on July 24, 1968.

Job	Project	Route	County	Contract & E & C	R/W & Utilities	Total
11697	State	33	Woodruff	\$79,320.	None	\$79,320.

68-415 WHEREAS, the Interstate System, nation-wide, now stands at 41,000 miles, all of which has been designated and less than 15 miles remain for maing adjustments of any kind; and

WHEREAS, the 1968 Highway Act recognizes that there are serious missing segments in the Interstate System and must be built in the very near future if the System's ability to handle its traffic is to be maintained; and

WHEREAS, the 1968 Highway Act provides 1500 miles, nation-wide, to accomplish this purpose; and

WHEREAS, the Highway Commission feels that many of these serious missing segments are in Arkansas; and

WHEREAS, complete studies of these segments have been made by Wilbur Smith and Associates;

NOW THEREFORE, the Director is ordered to apply for additional mileage to be designated on the Interstate System as follows:

1. I-30 in Little Rock to Pine Bluff
2. I-30 in Little Rock to Dumas
3. I-40 in North Little Rock to Newport
4. I-55 at Gilmore to Walnut Ridge
5. I-40 at Van Buren to Rogers
6. I-30 at Texarkana, south to the Arkansas-Louisiana State Line.

68-416 WHEREAS, the Purchasing Committee has awarded purchases on July 29, August 5, 12, and 19, 1968, in the amounts of \$55,833.77, \$332,458.55, \$434,047.56, and \$157,872.26 respectively, totaling \$980,212.14, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-417 In order to meet the increased demand of the general public for the latest highway information and the time required for printing and delivery of a large quantity of maps early in 1969, the Director is hereby authorized to proceed with the necessary work and printing of 300,000 copies of the 1969 edition of the Highway Map of Arkansas at an estimated cost of \$21,000 from funds for such work contained in the approved budget for the 1968-69 fiscal year.

68-418 In CRAWFORD COUNTY, it is ORDERED, that a drive to serve Lake Fort Smith Park, beginning at the junction of State Highway No. U. S. 71 in Mountainburg in the NW1/4 NW1/4, Section 11, T11N, R30W, thence northeasterly to the junction of a drive near the swimming pool in Section 2, T11N, R30W, a distance of approximately 1.2 miles, as shown on attached sketch, is hereby made a part of the State Highway System.

68-419 In FAULKNER COUNTY at the State College of Arkansas in Conway,

IT IS ORDERED that three new drives to serve additional facilities at said college, as shown in red on attached sketch, a total length of approximately 1900 feet, are hereby made a part of the designated drives to be maintained by the State Highway Department at State College of Arkansas.

68-420 In FAULKNER COUNTY, it is Ordered that the following State Highway System designations be made upon completion of Interstate Highway No. 40 between Mayflower and Conway:

1. State Highway No. U.S. 65 shall be designated along Interstate Highway No. 40 from the Mayflower Interchange, junction of State Highway 89 north of Mayflower, to the Highway 65 Interchange, junction of State Highway U. S. 65 in Conway.

2. That part of present State Highway No. U.S. 65 from the junction of State Highway No. 89, north to the junction of State Highway No. 286 shall be redesignated as State Highway No. 365.

3. State Highway No. 286 from the east frontage road of Interstate Highway 40, west to the junction of present State Highway No. U.S. 65 and that part of present State Highway No. U.S. 65 from the junction of State Highway No. 286, north to the Highway 65 Interchange (Interstate Highway 40) shall be redesignated as State Highway No. U.S. 65 Business Route.

All as shown on attached sketch titled "Sketch Showing Changes to State Highway System Mayflower to Conway Faulkner County" drawn 8-7-68.

The Director is further authorized to submit to the U. S. Route Numbering Committee of the A.A.S.H.O., formal application for approval of this revision to U.S. Highway 65.

68-421 In LONOKE and PRAIRIE COUNTIES, IT IS ORDERED that the official route of State Highway No. 13 sections 10 and 11 between Hickory Plains and Carlisle, shall be in accordance

with the location as constructed by Job 6795; and that in accordance with Supreme Court decisions, portions of the old location, as shown on attached sketchg which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

68-422 In POPE COUNTY, IT IS ORDERED that a road to serve an industrial site for an Atomic Energy Plant, beginning at the junction of State Highway No. U. S. 64 near Mill Creek in Section 22, T8N, R21W, thence southerly and northwesterly to the plant entrance drive in Section 28, T8N, R21W, a distance of approximately 1.7 miles, as shown on attached sketch, is hereby made a part of the State Highway System.

68-423 In PULASKI COUNTY at the STATE HOSPITAL - LITTLE ROCK UNIT, IT IS ORDERED that a drive to serve additional facilities as shown in red on the attached sketch, total length of approximately 1,250 feet, is hereby made a part of the designated drives to be maintained by the State Highway Department at the State Hospital Little Rock Unit. It is further ordered that the subject drive be improved at an estimated cost of approximately \$ 10, 000 .

This Minute Order is subject to the condition that utility adjustments be made at no cost to the State.

68-424 In BENTON COUNTY on STATE HIGHWAY 59-B, Section 1-B, in Gentry:

WHEREAS, it has been determined that the Kansas City Southern Railway crossing of State Highway 59-B in Gentry is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic grade crossing protection at this crossing at and estimated cost of \$15,000, subject to the following conditions:

1. That the Kansas City Southern Railway Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

68-425 In FAULKNER COUNTY on Interstate 40 in the Southwest Quarter, Section 32, Township 4 North, Range 13 West, and below the 252 foot contor mean sea level.

WHEREAS, the United States Corps of Engineers, in the construction of Lock and Dam No. 7 on the Arkansas River, has requested a perpetual easement over the property described as Tract 417E-1, as related to Lock and Dam No. 7, for the purpose of a permanent flowage easement on those described lands lying below 249 mean sea level, with the right to occasionally overflow the lands lying between elevation 249 and 252 mean sea level in connection with the operation and maintenance of Lock and Dam No. 7; and

WHEREAS, the Corps of Engineers agrees and understands that this easement provides the United States has liability for damages to the facilities of the Arkansas State Highway Department on this property as may occur because of the construction, installation, operation and maintenance said river project.

NOW, THEREFORE, the Chairman is hereby authorized and directed to Execute the subject easement donation deed.

68-426 WHEREAS, in Independence County, the municipality of Batesville, the Mayor requested the Department, in a letter dated May 10, 1965, to conduct a traffic survey in the Batesville area, and

WHEREAS, Minute Order 66-43, dated January 12, 1966, authorized the Director to determine the most feasible location and type of facility to serve the U. S. Highway 167 traffic corridor, and

WHEREAS, the study has been completed and the findings have been assembled and published in a report entitled, "Batesville, Arkansas, 1968 Highway Traffic Study,"

NOW, THEREFORE, THE "BATESVILLE, ARKANSAS, 1968 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall long-range plan of future state highway improvements, with no commitments for construction; AND IT IS ORDERED that each future highway project will be determined on the basis of need and can be constructed only as funds become available.

68-427 WHEREAS, Minute Order 64-324, dated September 16, 1964, authorized the development of a comprehensive transportation study for the Texarkana Urban Area in accordance with Section 9 of the 1962 Federal-aid Highway Act; and

WHEREAS, the study has been completed and approved by Minute Order 68-81 to be used as a basis for future planning and development of the highway network of the urban area of Texarkana as funds become available; and

WHEREAS, the study provides for the development of U. S. Highway 67 as a one-way couplet along 7th, 8th, and 9th Streets from the Highway 71-9th Street Intersection west to the Texas State Line, a distance of 1.0 mile; and

WHEREAS, the proposed one-way couplet in Texarkana, Arkansas will connect to a proposed one-way couplet along 7th and 8th Streets in the City of Texarkana, Texas, which has been approved by Texas Highway Commission Minute Order 61086, dated July 10, 1968.

NOW THEREFORE, IT IS ORDERED that the Director be authorized to proceed with official negotiations with the State of Texas and to execute an agreement for the joint development of the proposed one-way couplet for the route of U. S. Highway 67 in Texarkana, Arkansas and Texarkana, Texas.

It is understood that the agreement will outline the responsibilities of each State and the development of all preliminary work necessary to hold a joint public hearing and, upon approval

of the public hearing, provide for coordination of scheduling the various phases of construction so that the facility will be completed and opened to traffic in Arkansas the same date it is completed and opened to traffic in Texas.

68-428 WHEREAS, in OUACHITA COUNTY at the District 7 Headquarters there is need for a steam cleaning facility, and,

WHEREAS, suitable plans have been developed to remodel one bay of the equipment storage building for this use,

IT IS ORDERED that the Director be authorized to do this work as a Building Project at an estimated cost of \$7,500.

Work to be done by contract

68-429 In PULASKI COUNTY for the EAST-WEST EXPRESSWAY (8th Street):

WHEREAS, Act 33 of the 1968 First Extraordinary Session provides that the Tollway Authority (Authorities) and the Highway Commission may enter into agreements and/or arrangements for their mutual benefit, subject to reimbursement to the Highway Commission for services rendered and/or materials furnished, if bonds are sold; and

WHEREAS, the Little Rock Tollway Authority is investigating the feasibility of completing, expanding, and converting to a toll facility the East-West Expressway; and

WHEREAS, the Highway Commission may be called upon for assistance in the furnishing of existing plans, reports, signs, safety vests, traffic cones, and such miscellaneous items as may be required for the traffic engineering study;

NOW THEREFORE, the Director is authorized to sign an Agreement with the Little Rock Tollway Authority to provide these items, subject to reimbursement of all costs when revenue bonds are sold.

68-430 In DALLAS COUNTY on HIGHWAY 9, Section 2, at the White Oak Creek Bridges, from log mile 5.70 to 7.04, a distance of approximately 1.34 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction of the two bridges and approaches at an estimated cost of \$120,000.

Furnishing of right of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-431 In FAULKNER COUNTY on HIGHWAY 287, Section 1, from Holland north and west to the East Cadron Creek Bridge, a distance of approximately 2.76 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction at an estimated cost of \$120,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 68-432 In FAULKNER COUNTY on HIGHWAY 65, from Highway 25 south to Interstate Route 40, a distance of approximately 11.69 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction at an estimated cost of \$1,285,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 68-433 In PERRY and CONWAY COUNTIES on HIGHWAY 9, from Perry north to the Arkansas River, a distance of approximately 6.58 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction at an estimated cost of \$800,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 68-434 In SHARP COUNTY on HIGHWAY 58, from Sitka to Williford, a distance of approximately 6.2 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction at an estimated cost of \$372,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

- 68-435 In BRADLEY COUNTY on State Highway 15, Section 3 from State Highway 4 south, a distance of 1.06 miles, at Warren the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$12,600.

Work to be done by contract.

- 68-436 In CALHOUN COUNTY on State Highway 4, Sections 10 and 11 from Harrell to Locust Bayou, a distance of 14.93 miles, (1.01 miles exception in Hampton) the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$78,000.

Work to be done by contract.

- 68-437 In CLARK COUNTY on State Highway 392, Section 1 from U. S. Highway 67 northwest, a distance of 0.198 miles, the Director is authorized to construct gravel base and asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$5,900.

Work to be done by contract.

68-438 In CRAIGHEAD COUNTY on State Highway 230, Sections 7 and 10 the Director is authorized to construct three bridges (total length 214 feet) as a Betterment Project at an estimated cost of \$15,000.

Work to be done by maintenance forces.

This action subject to the furnishing of all required right-of-way free of utilities and other man made obstructions at no cost to the state.

68-439 In CRAWFORD COUNTY on the Lake Fort Smith State Park access road the Director is authorized to resurface 1.20 miles of the existing surface with asphaltic concrete hot mix as a Betterment Project at an estimated COST of \$10,000.

Work to be done by contract and maintenance forces.

68-440 In DALLAS COUNTY on State Highway 9, Section 3 from State Highway 8 to the Hot Spring County Line, a Distance of 13.21 miles, the Director is authorized to resurface the existing pavement with dense graded hot mix base and asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$176,000.

Work to be done by contract.

68-441 In FAULKNER COUNTY on U. S. Highway 64, Section 8 from Conway to Cadron Creek, a distance of 4.35 miles, the Director is authorized to widen and resurface 1,200 lineal feet of selected sections with asphaltic concrete hot mix as a Betterment Project to improve hazardous curves an estimated cost of \$6,800.

Work to be done by contract.

68-442 In FAULKNER COUNIY on Institutional Road 876, Section 1 (State College of Arkansas) the Director is authorized to construct 1,700 lineal feet of asphaltic concrete hot mix surface on campus drives as a Betterment Project at an estimated cost of \$5,500.

Work to be done by contract.

Curbs and base course to be constructed by others.

68-443 In HOWARD and HEMPSTEAD COUNTIES on State Highway 24, Sections 2 and 3, from McCaskill to Nashville, a distance of 13.08 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a betterment project at an estimated cost of \$114,600.

Work to be done by contract.

68-444 In LAFAYETTE COUNTY on State Highway 29, Section 1 from the Louisiana State Line to Canfield, a distance of 11.62 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$122,000.

The shoulder material to be stockpiled by contract and the balance of the work to be done by state forces.

68-445 In LAFAYETTE COUNTY on State Highway 160, Section 1, from Bradley west, a distance of 8.71 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a betterment project at an estimated cost of \$77,000.

Work to be done by contract.

68-446 In NEVADA COUNTY on State Highway 19, Section 3, from the Columbia County Line to Rosston, a distance of 10.50 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a betterment project at an estimated cost of \$89,900.

Work to be done by contract.

68-447 In PIKE COUNTY on State Highway 84, Section 3, from State Highway 8 to Kirby, a distance of 9.34 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a betterment project at an estimated cost of \$73,100.

Work to be done by contract.

68-448 In POLK COUNTY on U. S. Highway 71, Section 9 from Acorn north, a distance of 6.69 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$81,200.

Work to be done by contract and/or maintenance forces.

68-449 In POLK COUNTY on State Highway 8, Section 1 on Monroe Street in Mena the Director is authorized to resurface 0.55 miles of the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$7,700.

Work to be done by contract and/or maintenance forces.

68-450 In SEBASTIAN COUNTY on State Highway 96, Section 1 from Hartford to Mansfield, a distance of 7.47 miles, the Director is authorized to resurface selected sections of the existing pavement with bituminous cold plant mix as a Betterment Project at an estimated cost of \$32,600.

Work to be done by maintenance forces.

68-451 In WASHINGTON COUNTY on U. S. Highway 71, Section 16 from Winslow to West Fork, a distance of 11.426 miles, the Director is authorized to resurface the existing pavement with sand asphalt hot mix as a Betterment Project at an estimated cost of \$60,000.

Work to be done by contract.

68-452 Cleveland & Lincoln Counties, Job No. 2-588, Hudgins Creek - Palmyra & Jct. Hwy. 114 - Glendale (Stab. Base & Surface), State Job (Betterment). The contract for the construction of approximately 5.57 miles of Portland Cement Stabilized Base and Double Bituminous Surface Treatment, State Highway 114, Sections 0 & 1, and State Highway 54, Section 6, is awarded to Deep South Const. Co., Inc. of Hamburg, Arkansas, on their low bid of \$108,355.68.

68-453 Drew County, Job No. 2-603, Ashley Co. Line-North (Widen & Overlay), State Job (Betterment). The contract for the construction of approximately 13.84 miles of Tack Coat, Widen with Asphaltic Concrete Hot Mix Base and Overlay with Asphaltic Concrete Hot Mix Surface, State Highway 81, Section 3, is awarded to Bituminous, Inc. of Pine Bluff, Ark. on their low bid of \$222,915.66.

68-454 Crawford County, Job No. 4-602, Mountainburg-North & South (Overlay), State Job (Betterment). The contract for the construction of approximately 14.40 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 71, Section 15, is awarded to Bob Dills, Inc. of Fort Smith, Arkansas, on their low bid of \$114,543.24, this being the only bid received.

68-455 Bradley County, Job No. 7-598, Cleveland Co. Line-Jct. Hwy. 15 (Overlay), State Job (Betterment). The contract for the construction of approximately 8.06 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 8, Section 11, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$92,196.78.

68-456 Ouachita County, Job No. 7-599, Jct. Hwy. 79-Dallas Co. Line (Overlay), State Job (Betterment). The contract for the construction of approximately 7.95 miles of Tack Coat, Dense Graded Hot Mix Base and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 9, Section 1, is awarded to Jet Asphalt & Rock Co. of El Dorado, Arkansas, on their low bid of \$102,590.28.

68-457 Washington County, Job No. 9-555, Winslow-Westfork (Overlay), State Job (Betterment). The contract for the construction of approximately 11.426 miles of Tack Coat and Sand-Asphalt Hot Mix Surface Overlay, State Highway 71, Section 16, is awarded to Anchor Construction Co. of Johnson, Arkansas, on the only bid received of \$69,471.82.

68-458 Monroe & Lee Counties, Job No. 11787, Monroe Co. Line-Moro, FAP S-469(3). The contract for the construction of approximately 7.575 miles of Grading, Minor Drainage Structures,

Gravel Base, Double Bituminous Surface Treatment, Erosion Control items, One Reinforced Concrete Slab Span Bridge (330 lin. ft.) and misc. items, State Highway 238, Sections 1 & 2, is tentatively awarded to D. F. Jones Const. Co. 9 Inc. of Little Rock, Arkansas, on their low bid of \$524,629.30, subject to compliance with all State and Federal Laws and Regulations.

- 68-459 Crawford County, Job No. 4591, Dora Rest Area, FAP I-40-1(37)2. The contract for the construction of a complete Interstate Rest Area, including limited Grading, Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface Course, a Tourist Comfort Facility, Water Supply System, Picnic Facilities, Fencing, Lighting, Landscaping, Sewage Treatment System and Misc. Items, Interstate Highway 40, Section 1, is tentatively awarded to Hallett Construction Company of Crosby, Minn., on their low bid of \$228,816.20, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal laws and regulations.
- 68-460 Polk County, Job No. 4621, Skyline Drive-Slides, FAP FLH-88(3), Part 2. The contract for the construction of approximately 0.230 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Concrete Combination Curb and Gutter, Erosion Control Items and Misc. Items, State Highway 88, Section 1, is tentatively awarded to Freshour Corporation of Sweet Home, Arkansas, on the only bid received of \$94,247.85, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal laws and regulations.
- 68-461 White County, Job No. 5553, Beebe-Searcy Bypass (Grading & Structures), FAP F-021-3(19) The contract for the construction of approximately 14.020 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items & Misc. Items throughout project; Crushed Stone Base w/DBST (local roads); 2 Comp O I-Beam Span Underpass Structures (524.36' total); 4 ContO Comp. I-Beam Span Bridges (608~32' total), 4 Comb. R.C. Slab Span & Comp I-Beam Span Bridges (1522.00' total); 3 Bridge Length Culverts (94.52' total span), U. S. Highway 67, Section 129 is tentatively awarded to Jeffrey Contractors, Inc. of Fort Smith, Arkansas, on their low bid of \$2,796,171.14, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal Laws and Regulations.
- 68-462 Sharp & Independence Counties, Job No. 5573, Cave City-Lawrence Co. Line, State Job. The contract for the construction of approximately 8.753 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatments One Bridge Length Culvert (33.33 ft. span length) and Misc. Items, State Highway 230, Section 1, is awarded to Freshour Construction Co., Inc. of Sweet Home, Arkansas, on their low bid of \$454,773.500
- 68-463 White County, Job No. 5598, Floyd-Romance, FAP S-582(1). The contract for the construction of approximately 6.410 miles of Grading, Minor Drainage Structures, Erosion Control Items, Crushed Stone Base, DBST, Concrete Curb and Gutter, 1 Bridge Length Culvert (31.23 lin. ft. span) & Misc. Items, State Highway 31, Section 4, is tentatively awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$445,809.03, subject to compliance with all State and Federal Laws and Regulations.

- 68-464 Prairie County, Job NoO 6819, White River Bridge at Des Arc (Superstructure & Paving), FAP S 141(9). The contract for the construction of approximately 00721 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Bituminous Surface Treatment, One Reinforced Concrete & Structural Steel I-Beam, Plate Girder & Tied Arch Span Bridge (2212.34 lin. ft.) Superstructure, Demolition of Existing Bridge and Misc. Items, State Highway 38, Section 1, is tentatively awarded to U. S. Steel Corporation of New York, New York, on their low bid of \$1,475,455.57, subject to compliance with all State and Federal Laws and Regulations.
- 68-465 Lawrence County, Job No. 10697, Strawberry River-Smithville, State Job. The contract for the construction of approximately 3.579 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Reinforced Concrete and Structural Steel I-Beam Span Bridge (182.40 lin. ft.) and Misc. Items, State Highway 115, Section 2, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$312,043.24.
- 68-466 Randolph County, Job No. 10740, Maynard-Supply, FAP S-578(1). The contract for the construction of approximately 3.882 miles of Grading, Minor Drainage Structures, Erosion Control, Crushed Stone Base, Bit. Surface Treatment, Concrete Curb & Gutter, 2 Bridge Length Culverts (50.27 lin. ft. span) & Misc. Items, State Highway 166, Section 2, is tentatively awarded to Miss. Valley Contracting Co., Inc. of Paragould, Ark., on their low bid of \$313,120.28, subject to compliance with all State and Federal Laws and Regulations.
- 68 467 Craighead County, Job No. 10788, Hwy. 63-Hwy. 18 (Jonesboro), State Job. The contract for the construction of approximately 0.620 mile of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Base and Surface and Misc. Item, State Highway 351, Section 1, is awarded to Vern Barnett Construction Co., Inc. of Jonesboro, Arkansas, on the only bid received of \$81,725.40.
- 68-468 Lonoke, Pulaski & White Counties, Job No. 1347, Hwy. 67-Hwy. 64, State Job. The contract for the construction of approximately 110630 miles of Grading, Minor Drainage Structures, Crushed Stone Base, DBST, 6 R.C. Slab Span Bridges (616.00 lin. ft. total), 2 Bridge Length Culverts (59.59 lin. ft. Span) and Misc. Items, State Highway 161, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$1,086,144.91.
- 68-469 Nevada & Glark Counties, Job No. 1418, Boughton Rd.-Hwy. 26 (Erosion Control), FAP I-30-1(55)51. The contract for the construction of Erosion Control Items, including Concrete Ditch Paving, Jute Matting, Sodding, Mulch and Misc. Items, Interstate Highway 30, Section 1, is tentatively awarded to C. W. Smith, Contractor of Guthrie, Oklahoma, on their low bid of \$358,068.15, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal laws and Regulations.
- 68-470 Clark & Hot Spring Counties, Job No. 1426, Caddo Valley-U. S. 270 Interchange Signing, FAP I-30-1(54)78 & I-30-2(81)80. The contract for the construction of Interstate Signing, including Delineators, Standard Signs, Guide Signs-Roadside Mounted. Illuminated Overhead Signs, Breakaway Sign Supports and Misc. Items, Interstate Highway 30, Sections 1 & 2, is

tentatively awarded to Interstate Sign Erectors, Inc. of Little Rock, Arkansas, on their low bid of \$107,859.40, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal Laws and Regulations.

68-471 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, August 21, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 25, 1968

68-472 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, September 25, 1968.

68-473 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-458 through 68-470 at the regular meeting of the Commission on August 21, 1968.

68-475 WHEREAS, the initial printing of Standard Specifications for Highway Construction, Edition of 1959, is now virtually depleted; and

WHEREAS, it is essential that these basic specifications be available for the efficient planning, design and construction of a modern highway system;

NOW THEREFORE, the Director is authorized to proceed in the most feasible and economical manner with the printing of 1,000 copies in book form of the Standard Specifications for Highway Construction, Edition of 1959, at an estimated cost of approximately \$11,000.

68-476 WHEREAS, a Materials Reference Laboratory is operated by the National Bureau of Standards, and is authorized and approved by the Executive Committee of AASHO; and

WHEREAS, this Department has received notice that its share of the support of this Laboratory for fiscal year 1969 is \$4,000.00; and

WHEREAS, the services of the Materials Reference Laboratory are being used by and are considered to be of value to the Department;

NOW THEREFORE, IT IS ORDERED that the Director is hereby authorized to pay the Department's share of the cost of support of the AASHO Materials Reference Laboratory for fiscal year 1969 to the National Bureau of Standards, Washington, D. C.

68-477 WHEREAS, the Purchasing Committee has awarded purchases on August 26 and 30, September 9, 16, and 23, 1968, in the amounts of \$316,348.85, \$136,490.01, \$170,581.18,

\$260,420.13 and \$54,154.10 respectively, totaling \$937,994.27, and sales in the amount of \$805.00, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-478 WHEREAS, in the Asphalt Suit it has been determined by our attorneys that expert advice is necessary for evaluating the data, from an economic standpoint;

NOW THEREFORE, the firm of Shaver and Shaver is authorized to employ the National Economic Research Association of Washington, D. C. to do this work.

68-479 WHEREAS, Minute Order 68-300, approved June 26, 1968, authorized a study of the Highway Sign Shop operations by the Department of Industrial Engineering of the University of Arkansas as recommended by the Governmental Efficiency Study Commission, and,

WHEREAS, this study has been completed and recommendations made,

NOW, THEREFORE, the Director is authorized to carry out the recommendation contained in Proposal No 1 at an estimated cost of \$6,000.

Work to be done by contract.

68-480 WHEREAS, under date of August 30, 1968, Lowell K. Bridwell, Federal Highway Administrator, furnished the Highway Department a certificate with the subject, "State Assurances With Regard to the Equal Opportunity Program" and the request that the Chief Administrator of the Highway Department sign it; and

WHEREAS, this certificate is in accordance with the provisions of the Federal Highway Act of 1968, as interpreted by the Legal Staff of the Bureau of Public Roads; and

WHEREAS, it is necessary that the certificate be executed before any federally assisted highway project may be approved;

NOW THEREFORE, the Director is authorized to sign, on behalf of the State Highway Commission, the above subject certificate.

68-481 WHEREAS, In DESHA COUNTY⁹ the City Council of the City of Arkansas City has requested, by Resolution dated August 14, 1968, that a portion of State Highway 4 be rerouted along Delta Queen Avenue between Linda Street and Sprague Street; and,

WHEREAS, this requested rerouting would provide a more direct connection between Linda Street and Sprague Street, and would eliminate two dangerous right angle turns in this portion of State Highway 4.

NOW THEREFORE, IT IS ORDERED that the Official Route of State Highway 4, Section 17 in Arkansas City between Linda Street and Sprague Street is hereby changed from Linda Street and Morning Star Avenue to Delta Queen Avenue, as shown on the attached sketch which becomes a part of this Order.

68-482 In FAULKNER COUNTY, at the Arkansas Childrens Colony, IT IS ORDERED that two new drives to serve additional facilities at said Colony, as shown in red on attached sketch, a total length of approximately 0.7 mile, are hereby made a part of the designated drives to be maintained by the State Highway Department; and a drive from the junction of State Highway 266, north through newly constructed facilities, a distance of approximately 1000 feet, as indicated on attached sketch, which no longer serves as a drive, is hereby dropped from the system of drives to be maintained at the Arkansas Childrens Colony.

68-483 IN FRANKLIN COUNTY, IT IS ORDERED that a road to serve a Corps of Engineers Recreational area on the Arkansas River, beginning at the junction of State Highways 41 and 96 at Cecil, thence north approximately 1.38 miles to said Recreational Area, as shown on attached sketch, is hereby made a part of the State Highway System as an extension of State Highway No. 41.

68-484 In CARROLL COUNTY, on HIGHWAY 68, Section 4, at the Osage Creek Bridge, the Director is authorized to proceed with construction of the bridge and approaches, when funds become available, at an estimated cost of \$225,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-485 In CLAY COUNTY on HIGHWAY 90, there is a bridge over the St. Francis River at the Arkansas-Missouri State Line which must be replaced, This replacement will be a joint responsibility of the States of Arkansas and Missouri.

NOW THEREFORE, the Director is authorized to enter into preliminary negotiations with the Missouri State Highway Commission, obtain clearance requirements from the Corps of Engineers, and determine estimate of cost. When this phase is completed, the Director is to report to the Highway Commission for further authorization.

68-486 In CRAWFORD AND SEBASTIAN COUNTIES on Interstate 540 at the crossing of the Arkansas River.

WHEREAS, the United States Corps of Engineers, in the construction of Lock and Dam No. 13 on the Arkansas River, has requested a perpetual easement over the property described as Tracts 223E and 224E, as related to Lock and Dam No. 13, for the purpose of a permanent flowage easement on those described lands lying below 392 mean sea level, with the right to occasionally overflow the lands lying between elevation 392 and 395 mean sea level in connection with the operation and maintenance of Lock and Dam No. 13; and

WHEREAS, the Corps of Engineers agrees and understands that this easement provides the United States has liability for damages to the facilities of the Arkansas State Highway Department on this property as may occur because of the construction, installation, operation and maintenance of said river project.

NOW, THEREFORE, the Chairman is hereby authorized and directed to execute the subject easement donation deed.

68-487 WHEREAS, Minute Order No. 64-119 of April 29, 1964, authorized participation in the Fort Smith Urban Transportation and Community Development Study; and

WHEREAS, Minute Order No. 65-35 of February 3, 1965 authorized the Director to execute a contract to retain the services of Harland Bartholomew and Associates for assistance in the Study; and

WHEREAS, these services have been completed according to the contract; and

WHEREAS, the Coordinating Committee for the Study has resolved by majority vote that the overall plan and recommendations presented in the report be approved by all participants as a basis for a continuing comprehensive transportation plan; and

WHEREAS, the Study has been approved by; the City of Fort Smith by Resolution No. 191, dated August 19, 1968, the City of Van Buren by Resolution dated August 5, 1968, and the County of Sebastian by Court Order dated August 6, 1968.

NOW THEREFORE, BE IT RESOLVED that the Fort Smith Urban Transportation and Community Development Study, dated 1968 and compiled in two volumes, is hereby approved and adopted as a guide to be used in the continuing development and future planning of the Highway Network in the urban area of Fort Smith-Van Buren as funds become available, all of which is in accord with Section 9 of the 1962 Federal-aid Highway Act. And, in line with future provisions of this Act, the Director is authorized to cooperate with the local governments in developing a plan for the required "continuing phase" of the transportation study.

68-488 WHEREAS, in CROSS COUNTY on State Highway 39, Sections 5 and 6 from Fair Oaks to Waldenburg Job No. 12-500, an interdistrict job which was set up for the resurfacing of the existing pavement, was awarded to the low bidder on July 24, 1968, by Minute Order 68-402, and

WHEREAS, U. S. Highway 64 from Fair Oaks west one mile is in need of resurfacing, and

WHEREAS, the contract price on Highway 39 was considerably below the estimate,

IT IS ORDERED that the Director be authorized to approve a Field Change in the amount of \$12,665.35 to add this one mile of U. S. Highway 64 to Job No. 12-500 in order that this much needed work can be accomplished immediately.

68-489 In FAULKNER COUNTY on HIGHWAY 225, Section 1, from Highway 285 to Greenbrier, a distance of approximately 5.2 miles, the Director is authorized to proceed with

surveys and plans, and when funds are available with construction as a Betterment Project at an estimated cost of \$260,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-490 WHEREAS, in PULASKI COUNTY, in the CITY OF LITTLE ROCK, at the intersection of Highway 70 (Roosevelt Road) and Asher Avenue, the City of Little Rock plans to widen Asher Avenue to accommodate three (3) lanes of traffic; and

WHEREAS, the City of Little Rock has requested the Department to revise the existing channelization and perform additional widening in the intersection area; and

WHEREAS, the City of Little Rock has agreed to install the necessary traffic signal system,

NOW THEREFORE, the Director is hereby authorized to proceed with construction at an estimated cost of \$12,0000 Work is to be performed by contract.

This action is subject to the following conditions:

1. The City will install the necessary traffic signal system.
2. Required right-of-way and adjustment of utilities shall be furnished by the City at no cost to the State.

68-491 WHEREAS, the Chairman of the Arkansas State Highway Commission was authorized and did execute and transmit a Quitclaim Deed to Lola Reed under a resolution incorporated in Minute Order No. 65-427, dated September 29, 1965, and

WHEREAS, it has been discovered that there was a wrong entitlement of range in the deed delivered, and

WHEREAS, it is the desire of the Arkansas State Highway Commission to correct said deed description through the execution of a new deed from the Highway Commission to Lola Reed entitled Correction Quitclaim Deed.

IT IS THEREFORE RESOLVED that the Chairman be and he is hereby authorized and directed to execute a Correction Quitclaim Deed using the description first hereinafter recited wherein the Arkansas State Highway Commission is the grantor and that Lola Reed is the grantee.

Part of the South Half of the Northwest Quarter of Section 30, .Township 14 North, Range 29 West, Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northeast Quarter of the Southwest Quarter of Section 30; thence North 1° 06' East along the East line thereof a distance of 980.5 feet to a point; thence South 61° 27' West a distance of 63.4 feet to a point on the existing center line of U. S. Highway 71; thence in a northwesterly direction along said center line of

Highway on a curve left, having a radius of 954.9 feet for a distance of 462.5 feet to a point; thence North 54° 23' West along said existing center line of Highway a distance of 1202.5 feet to a point; thence North 35° 37' East a distance of 40.0 feet to a point on the existing easterly right of way line for a point of beginning of land conveyed thence North 54° 23' West along said right of way line 40.0 feet from and parallel to center line of State Highway 71 a distance of 362.4 feet to a point; thence North 35° 37' East 20.0 feet to a point; thence South 54° 23' East a distance of 362.4 feet to a point; thence south 35° 37' West 20.0 feet to the point of beginning and containing 0.17 Acre, more or less.

68-492 WHEREAS, in WHITE COUNTY at the area headquarters on Highway 67 south of Searcy the new resident engineer's building, authorized by Minute Order 68-259, is nearing completion, and,

WHEREAS, there is need for an additional allotment to construct a sewer system, curb and gutter, purchase furniture and incidentals,

IT IS ORDERED that Minute Order 68-259 be supplemented in the amount of \$5,000.

Sewer and curb and gutter to be constructed by maintenance forces.

68-493 In DALLAS COUNTY at the intersection of U. S. Highways 79, 79B, and 167 at Fordyce the Director is authorized to surface the existing channelization with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$11,900.

Work to be done by contract.

68-494 In FAULKNER COUNTY on State Highway 266, Section 1 at Conway from U. S. Highway 64 east, a distance of 0.87 miles, the Director is authorized to resurface two sections of the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$5,000.

Work to be done by contract.

68-495 In FAULKNER COUNTY on Institutional Road 886, Section 1 at the Arkansas Children's Colony the Director is authorized to construct 0.70 miles of grading, base, asphaltic concrete hot mix surface, and resurface 1.07 miles of the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$22,000.

Work to be done by contract and maintenance forces.

68-496 In JEFFERSON COUNTY on U. S. Highway 65, Section 15 on East 6th Street from State Street to Ohio Street in Pine Bluff, a distance of 0.72 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix from Routine Maintenance Funds at an estimated cost of \$14,000.

Work to be done by contract.

68-497 WHEREAS, in JEFFERSON COUNTY at the area headquarters on Highway 81 there is need for additional cement and chemical storage, and,

WHEREAS, suitable plans have been developed for this facility,

IT IS ORDERED. that the Director be authorized to construct one twelve foot by twenty foot (12' x 20') storage facility from Routine Maintenance funds at an estimated cost of \$2,600.

Work to be done by contract.

68-498 Calhoun County, Job No. 7 602, Locust Bayou Harrell (Shoulders), State Job (Betterment). The contract for the construction of approximately 14.93 miles of Gravel Base, Prime Coat and Double Bituminous Surface Treatment for Shoulders, State Highway 4, Sections 10 & 11, is awarded to Deep South Const. Co.9 Inc. of Hamburg, Ark., on their low bid of \$56,188.99.

68-499 Dallas County, Job No. 7-604, Jct. Hwy. 8-Hot Spring County Line (Overlay), State Job (Betterment). The contract for the construction of approximately 13.21 miles of Tack Coat, Dense Graded Hot Mix Base and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 9, Section 3, is awarded to D. F. Jones Const. Co., Inc. of Little Rock, Ark., on their low bid of \$136,051.50.

68-500 Crittenden County, Job No. 11781, Hwy. 118-Hwy. I-55 Bridges & Approaches, Corps of Engineers Contract No. DACW66-68-C-0059. The contract for the construction of approximately 0.321 mile of Grading, Gravel Base, DBST, 1 R.C. & Structural Steel I-Beam Span Bridge (222.22'), 1 R.C. Slab Span & Structural Steel I-Beam Span Bridge (172.00'), 1 Bridge Length Culvert (22.17' span) and misc. items, State Highway 42, Section 5, is awarded to J. A. Hadley Const. Co., Inc. of Humboldt, Tenn., on their low bid of \$180,053.39, subject to the concurrence of the Corps of Engineers.

68-501 Woodruff County, Job No.11804, Cotton Plant-Grays (Drainage Structures), State Job. The contract for the construction of approximately 0.341 mile of Grading, Minor Drainage Structures, Gravel Base, One Reinforced Concrete Slab Span Bridge (75.0 ft.), One Bridge Length Culvert (29.67 ft. span), Erosion Control Items, Guard Fence and Misc. Items, State Highway 17, Section 4, is awarded to John Mo Smith of Little Rock, Arkansas, on their low bid of \$125,106.10.

68-502 Nevada County, Job No. 3723, Hwy. 19 Interchange, FAP I-30-1 (59)45. The contract for the construction of approximately 0.769 mile of Grading, Lime Treated Subgrade, Minor Drainage Structures, Fencing & Erosion Control items throughout project; P. C. Stabilized Base & Shoulders, P. C. Concrete Pavement-Cont. Reinforced (8" U.T.) & Bituminous Treated Shoulders on M. L. & Ramps; Gravel Base, Asphalt Treated Gravel Base, ACHM Base & Surface & Bituminous Treated Shoulders on Highway 19; 1 R.C. & Structural Steel I-Beam Span Underpass Structure (330.66 lin. ft.) & misc. items, Interstate Highway 30, Section 1, is tentatively awarded to Reynolds & Williams, Inc. of Little Rock, Arkansas, on their low bid of \$963,138.48, subject to

the concurrence of the Bureau of Public Roads and compliance with all State and Federal Laws and Regulations.

68-503 Franklin County, Job No. 4486, Lonelm-Jct. Hwy. 23 Grading & Structures, FAP I-40-1(20)28. The contract for the construction of approximately 5.706 miles of Grading, Minor Drainage Structures, Fencing and Erosion Control items throughout project; Crushed Stone Base and ACHM Base and Surfacing with Bituminous Treated Shoulders on Hwy. 23; Crushed Stone Base and Bituminous Surface Treatment on cross-roads; Crushed Stone Base on Frontage Road; Four RC & Structural Steel I-Beam Bridges (797.40 lin. ft. total), 4 R.C. & Structural Steel Pl. Girder Span Bridges (1226.52 lin. ft. total), One Bridge Culvert (31.23 lin. ft. span); and Misc. Items, Interstate Highway 40, Section 19 is tentatively awarded to McGeorge Contracting Co., Inc. of Pine Bluff, Ark. and Barber Bridge Builders, Inc. of Fort Smith, Ark., on their low bid of \$2,490,961.72, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal Laws and Regulations

68-504 Sebastian County, Job No. 4547, Greenwood Bypass (Hwy. 71), FAP F-011-2(13). The contract for the construction of approximately 4.855 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Asphalt Treated Crushed Stone Base, ACHM Base & Surface Courses, Bituminous Treated Shoulders, Erosion Control Items; 2 R.C. Slab Span Bridges (210.00' total), 1 Composite I-Beam Span Bridge (182.22') & Misc. Items, U. S. Highway 71, Sections 13 & 14, is tentatively awarded to D. B. Hill, Contractor of Little Rock, Arkansas, on their low bid of \$1,387,465.97, subject to the concurrence of the Bureau of Public Roads and compliance with all State and Federal Laws and Regulations.

68-505 Clark County, Job No. 7691, Clark County Childrens Colony Road, State Job. The contract for the construction of approximately 1.609 mile of Grading, Minor Drainage Structures, Gravel Base Course, ACHM Surface Course, One Bridge Length Culvert (37.71 ft. span) and Misc. Items, State Highways 390 & 890, Sections 1 & 9, is awarded to Jack Wood Construction Co., Inc. of Judsonia, Ark., on their low bid of \$78,217.93.

68-506 Faulkner County, Job No. 8644, Brumley Connection-Jct. Hwy. 25, State Job. The contract for the construction of approximately 3.108 miles of Limited Grading, Minor Drainage Structures, Crushed Stone Base, Asphalt Treated Crushed Stone Base, ACHM Base & Surfacing, Concrete Curb & Gutter and misc. items, U.S. Highway 64, Section 8, and U. S. Highway 65, Sections 9 & 10, is awarded to Conway Asphalt Co., Inc. of Conway, Ark. on their low bid of \$223,882.74.

68-507 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, September 25, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 23, 1968

68-508 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A M., Wednesday, October 23, 1968.

68-509 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 68-500 through 68-506 at the regular meeting of the Commission on September 25, 1968.

Job No.	Project	Route	County	Contract & E & C	R/W & Utilities	Total

68-511 WHEREAS, the Purchasing Committee has awarded purchases on September 30, October 7, 14 and 21, 1968, in the amounts of \$125,456.62, \$132,235.31, \$209,768.52 and \$61,629.20 respectively, totaling \$529,089.65, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-512 In ARKANSAS COUNTY, IT IS ORDERED that upon completion of Job 2701:

- with
1. The official route of State Highway No. 130, Section 6, shall be in accordance the new location as constructed by Job 2701.
 2. The portion of the old rcute from the junction of the old and new location at the west corporate limits of Almyra, east and south through Almyra to the south corporate limits shall be redesignated as State Highway No. 130 Spur, Section 6 Spur.
 3. The portion of the old route from the south corporate limits of Almyra, east along the corporate limits, thence south to the junction of the new location south Almyra, which has been replaced by new construction and in accordance Supreme Court decisions, is declared to be no longer a part of the State Highway System; all as shown on attached sketch.
- of
with
Highway

68-513 In INDEPENDENCE COUNTY, IT IS ORDERED that an industrial road to serve a new industry, beginning at the junction of State Highways No. U. S. 167 and 25 north of Batesville, thence west to a junction with the new location being constructed for U. S. 167, a distance of approximately 0.86 mile, as shown on attached sketch, is hereby made a part of the State Highway System.

68-514 WHEREAS, in CLAY COUNTY for the use of the rest area and weigh station on Highway 67 north of Corning there is need for an equipment storage and service building, and,

WHEREAS, suitable plans have been developed for this facility,

IT IS ORDERED that the Director be authorized to construct one thirteen foot by fifteen foot (13' x 15') building from Routine Maintenance funds at an estimated cost of \$3,500.

Work to be done by maintenance forces.

68-515 In CROSS COUNTY on HIGHWAY 193, from Highway 64 north, a distance of approximately 5 miles the Director is authorized to proceed with surveys and plans, and with construction as funds become available. Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-516 In JEFFERSON COUNTY, in the City of Pine Bluff, for Highway 65 (Pine Bluff Expressway) from Texas Street east and south to existing Highway 65, a distance of approximately 3.9 miles, the Director is authorized to proceed with surveys and plans, and as funds become available with construction at an estimated cost of approximately \$2,400,000.

68-517 In JOHNSON COUNTY, on HIGHWAY 164, Section 0, from Highway 64 near Coal Hill north to Interstate 40 at Center Point, a distance of approximately 4 miles, the Director is authorized to proceed with surveys and plans, and when funds are available with construction as a Betterment Project at an estimated cost of approximately \$210,000.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-518 In LAFAYETTE COUNTY on U. S. HIGHWAY 82, Section 2, in Lewisville-

WHEREAS, it has been determined that the Meriwether Gravel Company Railroad Spur crossing of U. S. Highway 82, in Lewisville, is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic signals at this crossing at an estimated cost of \$10,000, subject the following conditions:

1. All required right-of-way will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.

68-519 In POINSETT COUNTY on HIGHWAY 163, from the Cross County Line north to Poinsett County State Park, a distance of approximately 6 miles, the Director is authorized to proceed with surveys and plans, and with construction as funds become available.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-520 In ST. FRANCIS COUNTY on HIGHWAY 284, from Forrest City northeast, a distance of approximately 8 miles, the Director is authorized to proceed with plans, and with construction as funds become available.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-521 In CROSS COUNTY on U. S. Highway 64, Section 15 from Fair Oaks east, a distance of 3.55 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$40,000.

Work to be done by contract.

68-522 In GREENE COUNTY On State Highway 34, Section 4 from Marmaduke to Neighbor's Corner the Director is authorized to construct three (3) bridges (278 lin. feet) as a Betterment Project at an estimated cost of \$20,000 for materials.

Work to be done by maintenance forces.

68-523 WHEREAS, the COAST GUARD has requested that navigation lights be installed at the White River Bridge on Highway 67 at Newport in Jackson County, and,

WHEREAS it has been determined that the best method of accomplishing this work is by contract.

NOW THEREFORE IT IS ORDERED that the Director be authorized to prepare plans and specifications and let a contract for this work as a cost of \$6,000.

68-524 WHEREAS 9 the COAST GUARD has requested that navigation light be installed at the Arkansas River Bridge on Highway 79 at Pine Bluff in Jefferson County, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

NOW THEREFORE IT IS ORDERED that the Director be authorized to prepare plans and specifications and let a contract for this work as a Betterment Project at an estimated cost of \$4,000.

68-525 In POINSETT COUNTY on State Highway 14, Section 13 from the Jackson County Line to Waldenburg, a distance of 6.15 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$63,500.

Work to be done by contract.

68-526 In POPE COUNTY on State Highway 333, Section 1 from London north, a distance of 3.34 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$66,500.

Work to be done by contract and maintenance forces.

68-527 In PRAIRIE COUNTY on State Highway 343, Section 2 from State Highway 130 north, a distance of 2.15 miles, the Director is authorized to construct crushed stone base on 1.25 miles of selected sections as a Betterment Project at an estimated cost of \$15,900.

Work to be done by contract and maintenance forces.

68-528 In VAN BUREN COUNTY, on Highway 336, Section 0, from Culpepper to Highway 65 a distance of approximately six miles, the Director is , authorized to proceed with surveys and plans, and when funds are available, with construction as a Betterment Project at an estimated cost of approximately \$300,000.00.

Furnishing of right of way and adjustment of utilities shall be in accordance with applicable Highway Commission policies.

68-529 WHEREAS, the COAST GUARD has requested that navigation lights be installed at the White River Bridge on Highway 64 at Augusta in Woodruff County, and,

WHEREAS; it has been determined that the best method of accomplishing this work is by contract,

NOW THEREFORE IT IS ORDERED that the Director be authorized to prepare plans and specifications and let a contract for this work as a Betterment Project at an estimated cost of \$6,000.

68-530 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, October 23, 1968.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
November 27, 1968

68-531 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, November 27, 1968.

68-532 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

68-533 WHEREAS, the Arkansas State Highway Department is vitally interested in the development of a more efficient and economical means of protecting the motorist at railroad crossings; and

WHEREAS, the Department of Transportation, by issuance of IM 21 1 689 dated January 5, 1968, has initiated a joint railroad-highway safety effort on a nationwide basis designed to work toward the objective of developing new and more efficient crossing protection techniques; and

WHEREAS, the Arkansas State Highway Department has been charged with the task of studying and implementing new techniques for crossing protection on four crossings, one per every 4,000 miles of Federal-aid highways in the State of Arkansas; and

WHEREAS, the following four crossings have been selected after analysis of available data and appropriate recommendations have been developed by a diagnostic review team composed of Arkansas Highway Department, Department of Transportation, Arkansas State Police and American Association of Railroads representatives.

Garland County - S.H. 227 & MoPac RR - N.W. of Hot Springs
Benton County - S.H. 204 & KCS RR - N. of Siloam Springs
Lonoke County - S.H. 31 & CR&P RR - In Lonoke

Jefferson County - U.S. 65 & MoPac RR - At Noble Lake

NOW THEREFORE, the Director is authorized to proceed with the programming and implementation of the diagnostic team recommendations for the four railroad crossings as herein listed at an estimated total cost of \$5,000.

68-534 WHEREAS the Purchasing Committee has awarded purchases on October 28, November 4, 11, 18 and 25, 1968, in the amounts of \$213,338.13, \$575,796.63, \$67,411.94, \$193,475.59 and \$53,199.94 respectively, totaling \$585,222.23, and sales on November 25, 1968 totaling \$70,249 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

68-535 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 61 vehicles to meet AHD specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference 68-850 opening at 10:00 A. M. November 1, 1968, with the 61 vehicles listed under Item Numbers 1 and 7, and

WHEREAS, the Highway Purchasing Committee at its meeting of November 11, 1968, reviewed bids received and recommends to the Commission that the award be made to the low bid by item (and waive the informality of seat belt buckle, side marker lights and lane change signal exceptions to specifications) in the total amount of \$121,805 25.

NOW THEREFORE, the award for the purchase of the 61 vehicles is hereby made as listed below and the Director is authorized to notify the State Purchasing Director accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order NT. 64-273 dated August 19, 1964.

ITEM 1- Fifty one (51) Automobiles to meet AHD Spec. 68-69 N.E. No. 64-26, award to Ross-Wright Plymouth Company, North Little Rock, for furnishing 1969 Year Model Plymouth Fury 11, PL41 4 DrO Sedans at a net price of \$2,020.25 each

Total for 51 \$103,032

ITEM 2- Ten (10) Station Wagons, 4 DrO to meet AHD Spec. 68-69 N.E. No. 64-27, award to Ross-Wright Plymouth Company, North Little Rock, for furnishing 1969 Year Model Plymouth Belvedere RL45 at a net bid price of \$1,877.025 each

Total for 10 18,772.50

TOTAL - 61 NEW VEHICLES

68-536 WHEREAS, the Northwest Arkansas Regional Planning Commission has petitioned the Arkansas State Highway Commission to participate and cooperate in a comprehensive transportation and community development plan for Washington and Benton Counties; and,

WHEREAS, the Washington-Benton County area is one of the fastest growing areas of the state with the Fayetteville-Springdale-Rogers urban area expected to exceed 50,000 population by 1970; and,

WHEREAS, the Northwest Arkansas Regional Planning Commission is currently collecting planning data of such scope and detail so as to be compatible with a transportation plan; and,

WHEREAS, preliminary discussions and investigations indicate that the proposal for the Study has sufficient merit and justification to warrant participation by the Department;

NOW, THEREFORE, IT IS ORDERED, that the Director be authorized to execute for and in behalf of the Arkansas State Highway Commission, an agreement with the Northwest Arkansas Regional Planning Commission to plan, conduct, and participate in a transportation study for Washington and Benton Counties at a total estimated cost of \$130,000.

This action is subject to the following conditions:

1. Approval by the Bureau of Public Roads and participation in the cost of the study at the current applicable ratio of federal funds to state funds for Highway Planning and Research activities.
2. Consummation of properly executed agreements satisfactory to the Department, the Bureau of Public Roads, and the Northwest Arkansas Regional Planning Commission
3. Participation by the Northwest Arkansas Regional Planning Commission to the extent of one-half the Department's share of the estimated cost which is expected to be approximately \$39,000.
4. Furnishing by the Northwest Arkansas Regional Planning Commission of all planning data in sufficient detail so as to be used without modification in the transportation study.
5. Initiation and financing of the transportation study after July 1, 1969.

68-537 In CRITTENDEN COUNTY on Interstate 55 at the Ingram Boulevard Interchange

WHEREAS, the multiple use concept of lands within controlled access highway rights of way is an acceptable practice provided such use does not interfere with safety, moving traffic operations, and is in the public interest, and

WHEREAS, the St. Francis Levee District of West Memphis, quasi- governmental agency, has now applied for the purchase of a portion of right of way within the interchange area to construct a headquarters building, and

WHEREAS, their proposal, building design, and land use have been submitted the U. S. Department of Transportation for consideration and approval granted by letter dated November 12, 1968, and

WHEREAS, the prior owners of subject lands have granted to the St. Francis Levee District a deed to their interests in said land, and

WHEREAS, the property has been appraised and market value determined by qualified appraisers, and the appraised valuation acceptable to the Levee Board.

NOW, THEREFORE, since all policy procedural requirements have been accomplished in accordance with regulations and State law, the Chairman is hereby authorized to execute the attached deed to the lands described therein in favor of the St. Francis Levee District for the sum of \$20,000.00 in order that they may construct their headquarters facilities at this location.

68-538 WHEREAS, the Arkansas State Highway Commission acquired by County Court Order dated October 31, 1936, the right of way for improvement of U. S. Highway 67, Job 10210, which included in addition to the regular right of way, an area for barrow materials to build road embankment through the White River Bottom; and

WHEREAS, during paving construction under Job 5398, which was completed September 17 9 1954, it was determined by exchange of correspondence between the Highway Commission and the Bureau of Public Roads that a normal right of way of 60 feet from center of Highway could only be claimed and cleared of encroachments; therefore upon request of the present property owner the described parcel of property should be returned since it was not required for purpose intended and, also, in accordance with understanding between Bureau of Public Roads and the State Highway Department.

Part of the Northeast Quarter of the Northwest Quarter Section One (1), Township Ten (10) North Range Four (4) West, Jackson County, more particularly described as follows:

Starting at the Northwest corner of said Section 1, run thence easterly along the north line thereof a distance of 2003 feet more or less to a point on the centerline of U. S. Highway 67; thence South 13° 50' West along said centerline a distance of 522 feet to a point; thence North 76° 10' West a distance of 100 feet to the point of beginning of the tract herein described; thence South 13° 50' West parallel with said highway centerline and 100 feet therefrom a distance of 552.3 feet; thence North 76° 10' West 100 feet; thence North 13° 50' East 552 3 feet; thence South 76° 10' East 100 feet to the point of beginning, containing 1.27 acres³ more or less, except area now used as a public road.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the parcel of land in right of way to John A. Hinkle for and in consideration of the sum of ONE AND NO/100 DOLLARS, \$1.00).

68-539 In Lonoke County on S. H. 319, Section 1, in Ward.

WHEREAS it has been determined that the Missouri Pacific Railway crossing of S. H. 319 in Ward is hazardous and warrants automatic grade crossing protection.

NOW, THEREFORE, the Director is authorized to proceed with the installation of automatic signals and gates at this crossing at an estimated cost of \$20,000. subject to the following conditions:

1. That Missouri Pacific Railway Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads

68-540 In MADISON COUNTY on STATE HIGHWAY 295 from Highway 74 to Japton, for a distance of 4.90 miles, the Director is authorized to proceed with surveys and plans for grading, minor drainage structures, base, double bituminous surface treatment, one 300 foot bridge, and the widening of a 60 foot bridge.

When this work is completed, the Director will report back to the Highway Commission for further authorization when funds become available.

This work is to be done by contract and will be subject to the furnishing of all right-of-way free of utilities and other man made obstructions, at no cost to the State.

68-541 In MONTGOMERY COUNTY on HIGHWAY 298 from Story east to the Garland County Line, a distance of approximately 7.8 miles, the Director is authorized to proceed with surveys, plans, and construction of three bridges and approaches, as Federal-aid secondary funds become available, at an estimated cost of approximately \$110,000.

IT IS FURTHER ORDERED that surveys and plans be developed for the roadway portion of the project and that construction be undertaken as a betterment project when funds become available.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

68-542 In PULASKI COUNTY on INTERSTATE HIGHWAY 30, Section 23:

WHEREAS, the Guardian Company has requested that an off-ramp be provided for westbound traffic from Interstate 30 to the north frontage road to serve McDaniel Drive and a rapidly developing residential area; and

WHEREAS, there is an existing off-ramp from the Highway 70 connection to the north frontage road at the South Bypass Interchange with Interstate 30 which can be relocated to provide the requested off-ramp to serve McDaniel Drive; and

WHEREAS, the U-turns that are being made from the Interstate 30 off-ramp onto the frontage road are unsafe and are creating hazardous conditions, and the proposed off-ramp will alleviate the need for these U-turns and are to be signed accordingly when the off-ramp is relocated;

NOW THEREFORE, the Director is authorized to issue a permit to the Guardian Company for the relocation of the off-ramp subject to the following conditions:

1. That the proposed construction be in accordance with plans approved by the Department.
2. That all construction on highway right of way meet the approval of the Department's District Engineer.
3. That a Surety Bond in the estimated amount of cost for the work be posted with the Department prior to the beginning of operations to assure satisfactory completion
4. That all right-of-way required by the proposed construction, including detours, be furnished and required utility adjustments be performed without cost to the Department.
5. That all construction, including the installation of new interstate signs and other necessary traffic control devices, be performed without cost to the Department.
6. That the Company assume full liability of hazards to traffic that might be created by the construction operations.

Though no Federal funds are involved, this action is subject to approval by the Bureau of Public Roads.

68-543 In PULASKI COUNTY on INTERSTATE HIGHWAY 30, Section 23:

WHEREAS, Triangle Properties, Inc. has requested permission to relocate the Chicot Road off-ramp for eastbound traffic from Interstate 30 to the south frontage road to serve an industrial park; and

WHEREAS, Triangle Properties, Inc. has also requested permission to reconstruct the south frontage road from Base Line Road east to Chicot Road in order to improve sight distance and safety in this vicinity:

NOW THEREFORE, the Director is authorized to issue a permit to Triangle Properties, Inc. for the relocation of the off-ramp and reconstruction of the frontage road subject to the following conditions:

1. That the proposed construction be in accordance with plans approved by the Department.

2. That all construction on highway right-of-way meet the approval of the Department's District Engineer.

3. That a Surety Bond in the estimated amount of cost for the work be posted with the Department prior to the beginning of operations to assure satisfactory completion.

4. That all right-of-way required by the proposed construction, including detours, be furnished and required utility adjustments be performed without cost to the Department.

5. That all construction, including the installation of new interstate signs and other necessary traffic control devices, be performed without cost to the Department.

6. That the Company assume full liability of hazards to traffic that might be created by the construction operations.

Though no Federal funds are involved, this action is subject to approval by the Bureau of Public Roads.

68-544 In CHICOT COUNTY on State Highway 35, Section 9 from the Drew County Line to the Missouri Pacific Railroad in Dermott, a distance of 1.21 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$19,600.

Work to be done by contract.

68-545 In CONWAY COUNTY from U. S. Highway 64 to the Blackwell Interchange on Interstate 40, a distance of 3,000 feet, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$8,700.

Work to be done by contract.

68-546 In FAULKNER COUNTY on State Highway 286, Section 2 from U. S. Highway 64, south for one mile, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$22,000.

Work to be done by contract and maintenance forces

68-547 In FAULKNER COUNTY on State Highway 60, Section 0 from Donaghey Avenue to Farris Road in Conway, a distance of 0.45 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix, construct deceleration lane at the school, and construct shoulders as a Betterment Project at an estimated cost of \$16,500.

Work to be done by contract and maintenance forces.

68-548 In INDEPENDENCE COUNTY on State Highway 394, Section 1 (Industrial Road) from the Junction of U. S. Highway 167 and State Highway 25, west a distance of 0.90 miles, the Director is authorized to construct grading, minor drainage structures, base, and asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$30,000 for materials.

Work to be done by maintenance forces.

68-549 In PHILLIPS COUNTY on State Highway 185, Section 2 from State Highway 242 to U. S. Highway 49 at Helena, a distance of 2.27 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$54,000.

Work to be done by contract and maintenance forces.

68-550 In POPE COUNTY on State Highway 7, Section 15 the Director is authorized to construct one 129 foot bridge and approaches at Bakers Creek as a Betterment Project at an estimated cost of \$32,300.

Work to be done by contract and maintenance forces.

68-551 WHEREAS, the COAST GUARD has requested that navigation lights be installed on the lift span of the White River Bridge on Highway 70 at DeValls Bluff in Prairie County, and,

WHEREAS, it has been determined that the best method of accomplishing this work is by contract,

NOW THEREFORE IT IS ORDERED that the Director be authorized to prepare plans and specifications and let a contract for this work to be done as a Betterment Project at an estimated cost of \$1,500.

68-552 In WHITE COUNTY on Highway 267, Section 1 from Highway 320, north 1.05 miles, through the industrial area at Searcy the Director is authorized to construct grading, minor drainage structures, base, asphaltic concrete hot mix surface, and one 38 foot precast concrete slab bridge as a Betterment Project at an estimated cost of \$31,000.

Work to be done by contract and maintenance forces.

This action subject to the furnishing of all required right of way free of utilities and other man made obstructions at no cost to the state.

68-553 In CARROLL COUNTY on HIGHWAY 68 at the Carrollton State Park:

WHEREAS, the Publicity and Parks Commission has proposed to the State Highway Commission that a portion of this park be made into a State Highway Roadside Park with the drives to be on the State Highway System; and

WHEREAS, the State Highway Department has investigated this proposal and has found that it would be a good site for a roadside park and fits in with our long-range plan for roadside park development;

NOW THEREFORE, upon the execution of a 25 year easement from the Publicity and Parks Commission, the Director is authorized to develop the area as a Type E Roadside Park.

- 68-554 Franklin County, Job No. 4548, Fern-Shores Lake, State Job. The contract for the construction of approximately 4.551 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Erosion Control Items and Misc. Items, State Highway 215, Section 2, is awarded to F. H. Necessary & Son Const. Co., Inc. of Rogers, Arkansas, on their low bid of \$238,845.20.
- 68-555 Pope County, Job No. 8607, Jct. Hwy. 324 - Willson, State Job. The contract for the construction of approximately 2.228 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, One Reinforced Concrete Slab Span Bridge (150.0 Ft.) and Misc. Items, State Highway 105, Section 2, is awarded to Hardy Construction Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$150,957.34.
- 68-556 Yell County, Job No. 8611, North Pisgah-Dardanelle, State Job. The contract for the construction of approximately 5.222 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Treated Surface, 2 R.C. Slab Span Bridges (180.0' total), 2 Bridge Length Culverts (76.57' total span) & Misc. Items, State Highway 28, Section 6, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$398,150.72.
- 68-557 Howard & Hempstead Counties, Job No. 3-594, Nashville-McCaskill (Overlay), State Job (Betterment). The contract for the construction of approximately 13.08 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 24, Sections 2 & 3, is awarded to Beam Bros. Contractors of Prescott, Arkansas, on their low bid of \$95,357.70.
- 68-558 Lafayette County, Job No. 3-596, Red River-Bradley (Overlay), State Job (Betterment). The contract for the construction of approximately 8.71 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 160, Section 1, is awarded to Arkansas Rock and Gravel Co. of Murfreesboro, Arkansas, on their low bid of \$74,819.30, which under the provisions of Act 264 of 1961, is the lowest qualified bid received.
- 68-559 Nevada County, Job No. 3-597, Columbia County Line-Rosston (Overlay), State Job (Betterment). The contract for the construction of approximately 10.50 miles of Tack Coat and Asphaltic Concrete Hot Mix Surface Overlay, State Highway 19, Section 3, is awarded to Mid-State Construction Company of Malvern, Arkansas, on their low bid of \$77,617.94.

68-560 Calhoun County, Job No. 7-579, Jct. Hwy. 167-Jct. Hwy. 160 (Base & Surface), State Job (Betterment). The contract for the construction of approximately 7.24 miles of Gravel Base Course and Single Bituminous Surface Treatment, State Highway 172, Section 1, is awarded to R. N. Reynolds Const. Co., Inc. of Camden, Arkansas, on their low bid of \$69,700.74.

68-561 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., Wednesday, November 27, 1968.

MINUTE ORDERS FOR 1967

67-1 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 25, 1967.

67-2 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-742 through 66-749 at -the regular meeting of the Commission on December 28, 1966.

67-4 WHEREAS, the Purchasing Committee has awarded purchases on December 30, 1966, January 9, January 16 and January 23, 1967 in the amounts of \$6,889.94, \$58,538.94, \$89,036.23 and \$186,957.89, respectively, totaling \$341,423.00, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

WHEREAS, January 6, 1967, request was mailed to the State Director of Purchasing to advertise for purchase of seven items (162 vehicles) to meet Arkansas State Highway Department Specifications, and

NOW THEREFORE, the Purchasing Committee voted unanimously to recommend to the Commission that awards be made to the lowest and best bids meeting Arkansas State Highway Department Specifications as listed below, and the Director of Purchasing be notified accordingly, and the Chief of Equipment Division is authorized to proceed with the outright sale of used vehicles in accordance with Minute Order No. 64-273 dated August 19, 1964.

ITEM 6 - Two (2) Stake Trucks, 10,000# GVW, to meet AHD Spec. 66-67 N.E. No. 64-52, award to Moore Ford Company, North

Little Rock, for furnishing 1967 Year Model F350 Stakes
at a bid price each of \$1,978.50
Total for 2 Vehicles 3,957.00

ITEM 7 - Four (4) Cab & Chassis, 10,000# GVW, to meet AHD Spec.
66-67 N. E. No. 64-53, award to Rebsamen Motor Company,
Little Rock, for furnishing 1967 Year Model Ford F350
Cab and Chassis, at a bid price each of \$1,841.00
Total for 4 Vehicles 7,364.00

TOTAL 162 New Vehicles
240,139.38

67-6 WHEREAS, the Department's policies regarding salaries and promotions and the
Membership of the Salary Committee were established by Minute Order No. 66- 162, and

Membership WHEREAS, recent personnel changes within the Department have affected the
of the Salary Committee,

NOW THEREFORE, in order to continue the Department's existing policies regarding
personnel and salaries and to retain the Membership of the Salary Committee as established by
Minute Order No. 66-162, the Salary Committee henceforth will be composed of the Chief
Engineer, the Assistant to Chief Engineer, the Construction Engineer, and the Maintenance
Engineer.

All other conditions of Minute Order No. 66-162 shall remain in effect.

67-7 Within the limitations of funds authorized in the budget approved for the current fiscal
year, the Director is hereby authorized to proceed with the printing of 250,000 copies of the 1967
State Service Map at an estimated cost of \$20,000.

67-8 WHEREAS, the American Association of State Highway Officials has billed the
Arkansas State Highway Department for Departmental Membership Dues for the year 1967, which
membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for
payment the Statement for Membership Dues for the year 1967 in the amount of \$2,279.25.

67-9 In PHILLIPS COUNTY for the HELENA BRIDGE:

WHEREAS, the Trust Indenture for the Helena Bridge is silent as to the source of funds to
be used to pay for a traffic survey;

in NOW THEREFORE, the Highway Commission declares this to be a normal expenditure
the operation of the bridge and payment should be made out of toll revenues.

67-10 WHEREAS, in CARROLL COUNTY, the route added to the State Highway System by Minute Order 66-590 on November 23, 1966, was not the route intended to be added;

NOW, THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Carroll County, under provisions of Section 4, Act 150 of 1961, the road beginning at the junction of U. S. Highway No. 62 and W. Carl Street, thence proceeding westerly along W. Carl Street to Huntsville Ave., thence southerly along Huntsville Ave. and westerly and southerly along a county road to the Madison-Carroll County line on the Range line between R-25-W and R-26-W, a distance of approximately 11.29 miles, be made a part of the State Highway System, and the road added to the State Highway System by Minute Order 66-590 be deleted from the State Highway System, to become a part of the County-maintained highway system; all as shown on attached sketch.

67-11 WHEREAS, in HEMPSTEAD COUNTY, it has been proposed to change the location of the access highway to Bois D'Arc Lake, that was added to the State Highway System as State Highway No. 355, Section 3, by Minute Order 66-613, and

WHEREAS, under provisions of Section 4, Act 150, of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby certain highways or portions thereof in the State Highway System become a part of the County Highway System and certain highways in the County System in return become a part of the State Highway System;

NOW, THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Hempstead County, the sections of County Roads from the junction of State Highway No. 355, Section 3 in Section 35, T-13-S, R-25-W near Spring Hill, southwesterly to Bois D'Arc Lake in Section 4, T-14-S, R-25-W, a distance of approximately 3.6 miles and a "Y" leg from this road in Section 4, T-14-S, R-25-W, West to Bois D'Arc Lake, a distance of approximately 0.1 mile, be made a part of the State Highway System, and the portion of State Highway No. 355, Section 3, from the junction of the County Road in Section 35, T-13-S, R-25-W near Spring Hill, westerly, be deleted from the State Highway System, to become a part of the County maintained highway system; all as shown on attached sketch.

67-12 In ST. FRANCIS COUNTY, at the Crowley's Ridge Vocational-Technical School, an entrance road beginning at State Highway 284 and extending east a distance of approximately 845 feet, and approximately 1216.5 lineal feet of drives around the school, a total distance of approximately 2061.5 feet as shown on the attached sketch are hereby made a part of the State maintained institutional drives, to be designated as State Highway 890, Section 6.

67-13 In JEFFERSON COUNTY on U. S. 79, Section 9, Log Miles 13.09, located in Pine Bluff, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for the removal of the following junkyard:

U. S. 79, Section 9
Jefferson County
Grover Scruggs

This work is to be done at a total estimated cost of \$5,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

67-14 WHEREAS, in BOONE COUNTY on U. S. 65 in Harrison, Job 9486, has been programmed for the installation of traffic signals at Rush and Stephenson Avenues, and

WHEREAS, the Highway Commission desires to cooperate with the city in the improvement of traffic flow on U. S. 65,

IT IS ORDERED that the Director be authorized to widen the North approach of U. S. 65 at Rush Avenue and construct pedestrian safety islands in accordance with the attached plan as a Betterment Project, at an estimated cost of \$4,900.00.

Work to be done by Maintenance Forces subject to the following conditions:

The City of Harrison will,

1. Eliminate angle parking on U. S. 65.
2. Furnish the necessary right-of-way to widen the North approach at Rush Avenue.
3. Improve the existing traffic signals on the west side of the square Willow Street-Stephenson Avenue and Willow Street-Rush Avenue intersections).

67-15 WHEREAS, in Conway County on S. H. 124 Minute Order 66-23 was approved January 12, 1966, for the construction of grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project with the work to be done by Purchase Order Contract and Maintenance Forces in the amount of \$136,000, and,

WHEREAS, the District Engineer decided that due to the heavy work load of the Maintenance Forces in his District that he would contract the base and surface as a complete job,

IT IS ORDERED that the Director be authorized to supplement Job 8-540 in the amount of \$13,230.00 to complete this job.

67-16 In CRAWFORD COUNTY on U. S. 71, Section 15, from Mountainburg North, a distance of 1.50 miles, the Director is authorized to resurface the existing 36 foot pavement with 200 pounds per square yard of Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$23,900.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-17 WHEREAS, in Faulkner County on S. H. 124 Minute Order No. 65-528 was approved on November 24, 1965, for the construction of grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project with the work to be done by Purchase Order Contract and Maintenance Forces in the amount of \$30,000, and,

WHEREAS, the District Engineer decided that due to the heavy work load of the Maintenance Forces in his District that he would contract the base and surface as a complete job,

IT IS ORDERED that the Director be authorized to supplement Job 8-538 in the amount of \$4,135.00 to complete this job.

67-18 In FRANKLIN COUNTY on S. H. 23, Sections 4 and 6, from S. H. 96 South, a distance of 9.56 miles in Section 6 and 1.18 miles in Section 4, the Director is authorized to resurface the existing pavement with 150 pounds per square yard of Asphaltic Concrete Hot Mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$107,500.00.

Surface to be placed by Purchase Order Contract and shoulders to be constructed by Maintenance Forces.

67-19 In JOHNSON COUNTY on STATE HIGHWAY 359, Section 1 from U. S. Highway 64 to Piney Bay Recreation Area, a distance of 3.8 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and one (1) bridge as a Betterment Project, at an estimated cost of \$75,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

67-20 In LOGAN COUNTY on S. H. 23, Sections 3 and 5, from Chismville North, a distance of 2.62 miles on Section 3 and 6.41 miles on Section 5, the Director is authorized to resurface the existing pavement with 150 pounds per square yard of Asphaltic Concrete Hot Mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$89,200.00.

Asphaltic Concrete Hot Mix to be placed by Purchase Order Contract and shoulders to be constructed by Maintenance Forces.

67-21 In LOGAN COUNTY on S. H. 10, Section 2, from the Sebastian County Line East, a distance of 19.49 miles, the Director is authorized to construct crushed stone shoulders as a Betterment Project at an estimated cost of \$46,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-22 In MONTGOMERY COUNTY on S. H. 27, Section 6, from Norman to Mount Ida, a distance of 8.61 miles, the Director is authorized to resurface the existing pavement with 150

pounds per square yard of either cold plant mix or asphaltic concrete hot mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$74,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-23 WHEREAS in Pope County on S. H. 326 Minute Order 65-503 was approved on October 27, 1965, for the construction of grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project with the work to be done by Purchase Order Contract and Maintenance Forces in the amount of \$20,000, and,

WHEREAS, due to an anticipated substantial increase in traffic when this road is completed the District Engineer would now like to increase the base thickness from 6 to 8 inches compacted and construct an Asphaltic Concrete Hot Mix Surface consisting of 200 pounds per square yard,

IT IS ORDERED that the Director be authorized to supplement Job 8-536 in the amount of \$13,100. 00 to complete this job.

- 67-24 In PULASKI COUNTY at the Livestock and Poultry Commission Laboratories on State Police grounds in Little Rock the Director is authorized to construct crushed stone base course and single bituminous surface treatment on parking lots at an estimated cost of \$1,350.00. Work to be done by purchase order contract and state forces from betterment funds.

- 67-25 In ST. FRANCIS COUNTY on STATE HIGHWAY 284, Section 3 at Crow Creek, the Director is authorized to construct one (1) precast concrete bridge, length 131 feet, as a Betterment Project at an estimated cost of \$27,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 67-26 In SCOTT COUNTY on U. S. 71, Section 10, from S. H. 28 North to S. H. 23, a distance of 7.50 miles, the Director is authorized to resurface the existing pavement with 200 pounds per square yard of Asphaltic Concrete Hot Mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$98,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-27 The purpose of this Minute Order is to amend Minute Order 65-250 dated June 23, 1965, as follows:

In MILLER COUNTY on Highway U. S. 71, State Line Avenue in the City of Texarkana from U. S. 67 north to 39th Street, the Director is authorized to proceed with the preparation of plans and acquisition of right of way to construct two (2) 12' 0" undivided lanes with curb and

gutters at an estimated cost of \$220,000.00 for construction and \$180,000.00 for right of way acquisition. The City of Texarkana will be responsible for adjusting all utilities and will pay \$100,000.00 to the Arkansas State Highway Department as their contribution to this project.

It is the purpose of the above that when coordinated with the State of Texas, U. S. 71 in Texarkana from U. S. 67 to 39th Street will consist of a four-lane undivided highway, 48' 0" in width,

A condition of the Minute Order is that parking shall be prohibited along the entire stretch included within the limits of this order.

67-28 WHEREAS, in 1930, property was acquired by County Court Order dated October 18, 1930, for improvement of present State Highway 64, covered by Job 138. Subsequently this section of Highway 64 is being reconstructed under Job 11707, Project F-020-2(17); and

WHEREAS, in acquisition for construction in 1930 a parcel of land was acquired which was not needed for the dated construction and is not required to complete Job 11707, therefore, the following described land is no longer needed for any purpose;

Part of the Southeast Quarter of the Northwest Quarter of Section 25, Township 8 North, Range 4 West, Woodruff County, Arkansas, more particularly described as follows:

Beginning at a point on the proposed right of way line of U. S. Highway 64, said point being 70' left of and perpendicular to center line of survey station 191+75 (as surveyed by the Arkansas State Highway Commission), thence North 1ø 49' West along said proposed right of way line a distance of 130.0 feet to a point on the northerly existing right of line of said highway; thence North 88ø 11' East along said existing right of way line a distance of 150.0 feet to a point; thence South 1ø 49' East along said existing right of way line a distance of 130.0 feet to a point on the northerly proposed right of way line of said highway; thence South 88ø 11' West along said proposed right of way line a distance of 150.0 feet to the point of beginning and containing 0.45 acre.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse effect on the right of way of Highway 64; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared Surplus and disposed of subject to concurrence of the Bureau of Public Roads.

NOW, THEREFORE, it is authorized that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by deed any and all its rights to successful applicant for the appraisal value of ONE HUNDRED DOLLARS (\$100.00).

67-29 In CRAIGHEAD COUNTY on STATE HIGHWAY 1, Section 18, from State Highway 18 north on new location along Young Street and through property owned by Arkansas State University to existing State Highway 1, a distance of approximately 2.25 miles, the Director is

authorized as funds are available to construct Grading, Minor Drainage Structures, Base, Surfacing, and Bridges at an estimated cost of \$640,000.00.

This project is to be planned in accordance with recommendations contained in the Jonesboro Transportation and Land Use Plan dated June, 1962, which was approved by Minute Order No. 4803 of September 5, 1962.

This action is subject to approval of the Bureau of Public Roads.

67-30 In FAULKNER COUNTY for an on-ramp from STATE HIGHWAY 365 to INTERSTATE HIGHWAY 40, at MAYFLOWER, the Director is authorized to proceed with construction at an estimated cost of \$15,000.

This action is subject to approval by the Bureau of Public Roads.

67-31 WHEREAS, In Madison County, in the City of Huntsville, the present routing of traffic and parking causes much congestion and danger on the streets and highways leading on and off the public square; and

WHEREAS, the Department previously prepared a plan of operation which was approved but later disapproved by the City Council of the Board of Aldermen of Huntsville; and

WHEREAS, the Department has prepared a new plan of operation, which has been submitted to and approved September 12, 1966, by the City Council of the Board of Aldermen, by Resolution 66-9-1; and

WHEREAS, the Traffic Operation Plan - State Highways Nos. 23, 68, and 74, Main, War Eagle, and Ozark Streets, Huntsville, Madison County, Arkansas, as prepared by the Department - has considerable merit and when said streets and highways are properly signed and designated will operate to the overall advantage of the City of Huntsville and the traveling public;

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to proceed with construction of a new section of roadway between War Eagle and West Main Streets as indicated on the attached operation plan on property deeded to the Department by the City; and

IT IS FURTHER ORDERED that the above-named new section, the section of War Eagle Street from Ozark Street to the west side of the public square, and the street along the west side of the square between War Eagle Street and West Main Street be added to the State Highway System as S. H. 68; and

IT IS FURTHER ORDERED that the Director be authorized to proceed with installation of proper signs and channelization to provide for one-way movement of traffic around the public square; one-way movement, westbound, along S. H. No. 68 between S. H. No. 23 and Ozark Street; and one-way, eastbound, along S. H. No. 23 City Route between Ozark Street and S. H. No. 23; all as shown on attached sketch.

Work to be done by State forces.

This Minute Order supersedes M. O. 4873 of November 20, 1962.

67-32 In POLK COUNTY on State Highways 8 and 88:

WHEREAS, the City Officials of Mena and interested civic groups have become concerned about the present locations of these two highways within the City of Mena and have requested that the Department accomplish sufficient preliminary engineering to determine desirable changes in alignment and right-of-way requirements;

NOW, THEREFORE, the Director is authorized to conduct surveys and preliminary plans to determine right-of-way requirements for a relocation of these highways.

67-33 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:00 P.M., Wednesday, January 25, 1967.

February 22, 1967

67-34 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., February 22, 1967.

67-35 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

67-36 WHEREAS, the Purchasing Committee has awarded purchases on January 30, February 6, 13 and 20, 1967 in the amounts of \$243,378.24, \$258,026.74, \$72,417.97 and \$52,042.44,

respectively, totaling \$625,865.39 and sales on February 20, 1967 in the amount of \$9,834.85, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-37 WHEREAS, the Pitney-Bowes mailing machine, Model RD, presently in use in the Central Office Building, is eleven years old and frequently in need of repair; and

WHEREAS, it is most important that we maintain a smooth, regular flow of mail through our mail room; and

WHEREAS, Pitney-Bowes, Inc. is offering us \$525.00 as trade-in allowance on their improved Model 4351, which lists at \$1,840.10 less trade-in, or \$1,315.00 total delivery cost with trade-in.

THEREFORE, it is considered in the best interest of the Department, both economically and operational, to purchase a new mailing machine, and it is hereby ordered that the Director be authorized to cause the purchase of a new mailing machine to be made either to Pitney-Bowes, Inc., or any other firm which will provide the lowest price on equal type equipment.

67-38 WHEREAS, in CALHOUN COUNTY on U. S. Highway 167 from the Ouachita River Bridge, a distance of 8.08 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix with one bid received for opening on January 24, 1967, and,

WHEREAS, the Purchasing Committee, on January 30, 1967, recommended that this bid be accepted,

IT IS ORDERED that this work designated as Job No. 7-565 be awarded to the Jet Asphalt and Rock Company of El Dorado on their bid of \$84,883.64.

67-39 In COLUMBIA COUNTY on U. S. 82, Section 2 from the Nations Creek Bridge in Magnolia East, a distance of 5.68 miles, bids were invited under Purchase Order Contract Procedure (No. M-67-644) for the construction of gravel shoulders and double bituminous surface treatment on the shoulders, with three bids received for opening on February 9, 1967, and,

WHEREAS, the Purchasing Committee on February 13, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this job be awarded to the J. Lester Booker Company of Little Rock on their low bid of \$49,101.00.

67-40 WHEREAS, in COLUMBIA COUNTY on U. S. Highway 82 from the Lafayette County Line to Highway 98, a distance of 7.83 miles, bids were invited under Purchase Order Contract

procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with three bids received for opening on January 24, 1967, and,

WHEREAS, the Purchasing Committee on January 30, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job No. 7-568 be awarded to the R. H. Davis Construction Company of Stamps, on their low bid of \$144, 798.25.

67-41 WHEREAS, in COLUMBIA COUNTY on U. S. Highway 79 from the St. Louis and Southwestern Railroad Overpass to the Ouachita County Line, a distance of 6.94 miles, bids were invited under Purchase Order Contract procedure for the construction of gravel base and double bituminous surface with five bids received for opening on January 24, 1967, and,

WHEREAS, the Purchasing Committee, on January 30, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job No. 7-567 be awarded to the J. Lester Booker Company of Little Rock, on their low bid of \$43,074.30.

67-42 In GRANT COUNTY on U. S. 270 west from Sheridan to Poyen, a distance of 14.07 miles, bids were invited under Purchase Order Contract procedure for the construction of Hot Mix Base and Surface Course with seven (7) bids received for opening on January 31, 1967, and,

WHEREAS, the Purchasing Committee on February 6, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 6-548 be awarded to Mid-State Construction Company of Malvern on their low bid of \$194,080.96.

67-43 In GRANT COUNTY on U. S. 270 from Sheridan east to the Jefferson County Line, a distance of 11.04 miles, bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix Base and Surface, with eight (8) bids received for opening on January 31, 1967, and,

WHEREAS, the Purchasing Committee on February 6, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 6-547 be awarded to Mid-State Construction Company of Malvern on their low bid of \$162,391.00.

67-44 In MILLER COUNTY on U. S. 82 between Texarkana and McKinney Bayou, a distance of 13.03 miles, bids were invited under Purchase Order Contract procedure for the construction of 8 foot gravel shoulders and double bituminous surface treatment on the shoulders, with three (3) bids received for opening on February 2, 1967, and,

WHEREAS, the Purchasing Committee on February 6, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 3-552 be awarded to the J. Lester Booker Company of Little Rock on their low bid of \$103,592.42.

67-45 In MISSISSIPPI COUNTY on I-55 from State Highway 312 to the Missouri Line (Job No. 10767 FAP LSI-55-1(1)65) bids were invited under Purchase Order Contract procedure for the construction of landscaping, with one (1) qualified bid received for opening on February 2, 1967, and,

WHEREAS, the Purchasing Committee on February 6, 1967, recommended that this bid be accepted,

IT IS ORDERED that this job be awarded to the Lester Hurst Tree and Landscaping Service of Little Rock on their bid of \$23,581.35, subject to the concurrence of the Bureau of Public Roads.

67-46 In PULASKI COUNTY on Highway 5 from I Street in North Little Rock to a point 4.62 miles north, bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix Base and Surface with four (4) bids received for opening on February 2, 1967, and,

WHEREAS, the Purchasing Committee on February 6, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 6-550 be awarded to the APT Construction Company of North Little Rock on their low bid of \$82,669.50.

67-47 WHEREAS, request was mailed to the State Director of Purchasing on January 31, 1967, to advertise for purchase of forty one (41) station wagons to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were opened by the State Director of Purchasing 10:30 A.M., February 17, 1967, and tabulated by the Highway Department and presented to the State Highway Department Purchasing Committee by the Chief of Equipment Division, February 20, with recommendation that the Commission make the award to the lowest and best bids meeting Arkansas State Highway Department Specifications in the total amount of \$78,646.60, and that the Chief of Equipment notify the State Director of Purchasing to issue Contracts accordingly after approval of the Arkansas State Highway Commission.

NOW THEREFORE, the Purchasing Committee voted unanimously to recommend to the Commission that awards be made to the lowest and best bids meeting Arkansas State Highway Department Specifications as listed below, and the Director of Purchasing be notified accordingly.

ITEM 1 - Six (6) 1967 Year Model 4 Door, 6 Passenger Station Wagons
to meet AHD Specification 66-67 N.E. No. 64-59, award to

Smart Chevrolet Company, Pine Bluff, Arkansas, for furnish- ing 1967 Year Model Bel Air 15635SW Chevrolets at a bid price of \$2,216.00 each	Total for six vehicles	\$13,296.00
--	------------------------	-------------

No. 64-60, award to Twin City Rambler Company, Little Rock, Arkansas, for furnishing 1967 Year Model Rebel 550 Ramblers at a bid price each of \$1,867.16	Total for 35 Vehicles	<u>65,350.60</u>
---	-----------------------	------------------

TOTAL	FORTY ONE (41) NEW VEHICLES
<u>\$78,646.60</u>	

67-48 WHEREAS, in 1932, property was acquired from landowners by Court action for construction of State Highway No. 70 between Pulaski County line and Lonoke, Arkansas, Project No. 682; and

WHEREAS, in the acquisition an extra width right of way was acquired to provide fill material for embankment adjacent to the Bayou Meto bridge. This project was completed and subsequently improved in 1955 by Project No. 6430 and the following described land is no longer needed for any purpose:

A part of the Northwest Quarter of the Northwest Quarter of Section 36, Township 2 North, Range 9 West, Lonoke County, Arkansas, more particularly described as follows:

Starting at a point on the Centerline of U. S. Highway No. 70 at the West end of Highway bridge structure over Bayou Meto; thence along the Centerline of said highway and North 89ø 59' West 163.6 feet; thence continue along said Centerline of highway and South 89ø 37' West 696.4 feet to a point which is 60.0 feet South and 20.0 feet East more or less from the Northwest Corner of Section 36, Township 2 North, Range 9 West; thence South 0ø 23' East 60.0 feet to the point of beginning; thence North 89ø 37' East 100.0 feet; thence South 0ø 23' East 60.0 feet; thence 89ø 37' West 100.0 feet; thence North 0ø 23' West 60.0 feet to the point of beginning and containing 6000 square feet.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse affect on the right of way of U. S. Highway No. 70; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared Surplus and disposed of subject to concurrence of the Bureau of Public Roads.

NOW, THEREFORE, it is authorized that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by deed any and all its rights to W. E. Coats, 202 College Street, Lonoke, Arkansas, for a consideration of ONE HUNDRED AND NO/100 DOLLARS (\$100.00).

67-49 WHEREAS, the Arkansas Highway Commission acquired certain lands in the City of Little Rock for the Greater Little Rock Freeway as part of Interstate Highway 30; and

WHEREAS, the Little Rock School Board's lands for Booker School abut the easterly right of way of the Greater Little Rock Freeway between 21st street and 17th street; and

WHEREAS, in the section where the Booker School property abuts Freeway property the following described areas were acquired by the Arkansas Highway Commission to provide outlet ditching in order to adequately continue the flow of natural drainage across the Freeway and these areas extend beyond the right of way required for the operation and maintenance of the Freeway facility.

All bearings and distances on the following Legal Description are taken from the Arkansas State Highway Commission Right of Way Map, Job No. 6590, Sheet No. 22 of 26.

Starting at the intersection of the easterly right of way line of the Greater Little Rock Freeway Interstate Highway 30 with the East line of Bragg's Second Addition; thence North 22° 06' East along said easterly right of way line a distance of 21.01 feet to the point of beginning; thence North 73° 27' East along said easterly right of way line a distance of 100.75 feet to a point; thence North 9° 58' West along said easterly right of way line a distance of 50.0 feet to a point; thence South 74° 11' West along said easterly right of way line a distance of 66.09 feet to a point; thence North 22° 06' East along said easterly right of way line a distance of 88.37 feet to a point; thence North 67° 54' West along said easterly right of way line a distance of 15.0 feet to a point; thence in a southerly direction a distance of 155 feet, more or less, to the point of beginning and containing 0.12 acre, more or less.

Beginning at the intersection of the easterly right of way line of the Greater Little Rock Freeway Interstate Highway 30 with the South right of way line of East 17 Street; thence South 1° 22' West along said easterly right of way line a distance of 206.86 feet to a point; thence South 23° 19' East along said easterly right of way line a distance of 47.06 feet to a point; thence South 50° 18' West along said easterly right of way line a distance of 50.0 feet to a point; thence North 31° 20' West along said easterly right of way line a distance of 90.0 feet to a point; thence North 67° 54' West along said easterly right of way line a distance of 50.0 feet to a point; thence in a northeasterly direction a distance of 202 feet more or less, to a point on the South line of East 17 Street produced; thence South 88° 04' East along said South line a distance of 42 feet, more or less to the point of beginning and containing 0.46 acre, more or less.

WHEREAS, the Little Rock School Board has retained an Architect Engineer to develop plans for an athletic track and field facility for Booker School and to adequately provide for such, areas, or land described above will need to be utilized to construct the athletic track and field facility.

WHEREAS, it is hereby determined to be in the public interest to grant a perpetual easement to the Little Rock School Board subject to the plans as they affect drainage from the Freeway being approved by the State and Bureau of Public Roads. The State will retain ownership and control of the property for the purpose of which it was acquired.

NOW, THEREFORE, it is ordered that the Chairman of the Commission is authorized to execute an instrument permitting the use of the above described property to the Little Rock School Board.

67-50 WHEREAS, at the ST. CHARLES FERRY on the White River, between Arkansas and Phillips Counties, it has been determined by the Department that due to the increased vehicular traffic and river traffic that the present tug boat constructed in 1956 is not large enough and does not have sufficient power and should be replaced.

 IT IS ORDERED, that the Director be authorized to purchase a larger tug boat for this ferry at an estimated cost of \$30,000.00.

67-51 In FAULKNER COUNTY located on the west side of U. S. 65, Section 9, approximately 2.9 miles north of Junction U. S. 64 and U. S. 65, the Director is authorized to proceed with the acquisition of a scenic strip to implement the Highway Beautification Act of 1965 at an estimated cost of \$1,500.00, subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of the Bureau of Public Roads.

67-52 In PERRY COUNTY located on the east side of State Highway 9, Section 6, approximately 1 mile south of Perry the Director is authorized to proceed with the acquisition of a scenic strip to implement the Highway Beautification Act of 1965 at an estimated cost of \$2,240.00, subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of the Bureau of Public Roads.

67-53 In PULASKI COUNTY located on the south side of State Highway 10, Section 7, approximately 0.6 mile west of Junction State Highway 113, the Director is authorized to proceed with the acquisition of a scenic strip to implement the Highway Beautification-Act of 1965 at an estimated Cost of \$20,800.00, subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of the Bureau of Public Roads.

67-54 In ARKANSAS COUNTY on U. S. 79, Section 11, located at the city limits of Stuttgart, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyard:

U. S. 79, Section 11, Log Mile 11.20
Arkansas County
Newton Wrecking Company

 This work is to be done at a total estimated cost of \$7,787.23 and is subject to the following conditions:

1. Availability of Federal Matching Funds.

2. Bureau of Public Roads approval.

67-55 In ASHLEY COUNTY on U. S. 82, Section 8, located in the vicinity of Hamburg, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening and removal of the following junkyards:

U. S. 82, Section 8, Log Mile 22.4
Ashley County
Murphy Ford Company

U. S. 82 & 81, Section 8, Log Mile 19.65
Ashley County
R. L. Smith

This work is to be done at a total estimated cost of \$5,107.50 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-56 In BOONE COUNTY on U. S. 65, Sections 1 and 2, located in the vicinity of Harrison, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

U. S. 65, Section 1, Log Mile 2.42
Boone County
Mark M. Savage

U. S. 65, Section 1, Log Mile 16.00
Boone County
Ralph's Garage & Salvage

U. S. 65, Section 2, Log Mile 3.10
Boone County
Debs Fuller

This work is to be done at a total estimated cost of \$12,283.59 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-57 In DREW COUNTY, on State Highway 35, Section 8 and State Highway 4, Section 15 and U. S. 65, Section 18, located in the vicinity of Monticello and Winchester, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 35, Section 8, Log Mile .25
Drew County
Wood Body Shop

S. H. 4, Section 15, Log Mile .4
Drew County
Grady White Auto Ranch

U. S. 65, Section 18, Log Mile .40

Drew County
Johnson Garage

This work is to be done at a total estimated cost of \$5,539.82 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-58 In FAULKNER COUNTY on U. S. 64, Section 9, and U. S. 65, Section 9 and 10, located in the vicinity of Conway, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

U. S. 64, Section 9, Log Mile .2
Faulkner County
Pruitt Motor Company

U. S. 65, Section 10, Log Mile 2.00
Faulkner County
Johnson Auto Parts

U. S. 65, Section 10, Log Mile .86
Faulkner County
W. P. Watts

This work is to be done at a total estimated cost of \$9,772.18 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-59 In GARLAND COUNTY on State Highway 7, Section 9 and U. S. 70, Section 8 and U. S. 270, Section 5, located in the vicinity of Hot Springs, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 7, Section 9, Log Mile 0.00
Garland County
George Phillips

U. S. 70, Section 8, Log Mile 16.15
Garland County
E. Hunt

U. S. 70, Section 8, Log Mile 12.1
Garland County
W. M. Chase

U. S. 270, Section 5, Log Mile 13.17
Garland County
Willard Ward

This work to be done at a total estimated cost of \$8,647.21 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-60 In MARION COUNTY on U. S. 62, Section 9, located in the vicinity of Flippin, the Director is authorized in conformity with Public Law 89-265 and applicable state laws, to proceed with screening the following junkyards:

U. S. 62, Section 9, Log Mile 2.20
Marion County
Bill Baledge

U. S. 62, Section 9, Log Mile 8.86
Marion County
Flippin Auto Salvage

This work is to be done at a total estimated cost of \$4,400.22 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-61 In MILLER COUNTY on U. S. 67, Section 1 and U. S. 70, Section 3 and U. S. 82, Section 1 and U. S. 71, Section 1, located in the vicinity of Texarkana, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with the screening of the following junkyards:

U. S. 67, Section 1, Log Mile 1.60
Miller County
Danson Used Cars

U. S. 71, Section 1, Log Mile 16.6
Miller County
E. W. Rowton

U. S. 82, Section 1, Log Mile 20.25
Miller County
Howey Ham

U. S. 82, Section 1, Log Mile .50
Miller County
Champ Cole Body Shop

This work is to be done at a total estimated cost of \$10,240.95 and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-62 In POINSETT COUNTY on State Highway 1, Section 16 and U. S. 63, Sections 8 and 9, located in the vicinity of Marked Tree, Trumann and Harrisburg, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 1, Section 16, Log Mile 4.5
Poinsett County
Bill Armstrong

U. S. 63, Section 8, Log Mile 1.6
Poinsett County
B. C. Criss

U. S. 63, Section 8, Log Mile .8
Poinsett County

U. S. 63, Section 8, Log Mile 1.8
Poinsett County

63 Auto Sales

Jimmy Lafarlett

U. S. 63, Section 9, Log Mile 1.9
Poinsett County
Edward Hubbard

This work is to be done at a total estimated cost of \$7,003.70 and is subject to the following conditions:

1. Availability of Federal Matching; Funds.
2. Bureau of Public Roads approval.

67-63 In POLK COUNTY on U. S. 71, Sections 8 and 9, located in the vicinity of Mena, the Director is authorized in conformity with Public Law 89-265 and applicable state laws, to proceed with work necessary for screening the following junkyards:

U. S. 71, Section 8, Log Mile 32.5
Polk County
Edwards Salvage

U. S. 71, Section 8, Log Mile 32.70
Polk County
John Carter

U. S. 71, Section 8, Log Mile 32.76
Polk County
Phil Lance

U. S. 71, Section 8, Log Mile 3.7
Polk County
Luther & Elroy Bryant

U. S. 71, Section 9, Log Mile .06
Polk County
J. H. Cansler

This work is to be done at a total estimated cost of \$11,017.93, and is subject to the following conditions:

1. Availability of Federal Matching Funds.
2. Bureau of Public Roads approval.

67-64 In POPE COUNTY located on the south side of U. S. 64, Section 6, approximately 4.5 miles west of Russellville, the Director is authorized to proceed with the acquisition of a scenic strip to implement the Highway Beautification Act of 1965 at an estimated cost of \$19,000.00, subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of the Bureau of Public Roads.

67-65 In YELL COUNTY located on the west side of State Highway 7, Section 12, approximately 1.2 miles north west of Perry County Line, the Director is authorized to proceed

with the acquisition and improvement of a scenic strip to implement the Highway Beautification Act of 1965 at an estimated cost of \$5,750.00, subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of the Bureau of Public Roads.

67-66 In CROSS COUNTY, for a possible new District Headquarters site, the Director is authorized to negotiate with Mr. Homer Graff of Houston, Texas for a tract containing approximately twenty (20) acres and located in the West part of the NW 1/4 of the NE 1/4, Section 8, Township 7 North, Range East, Cross County, Arkansas.

67-67 WHEREAS, at the NEVADA COUNTY AREA HEADQUARTERS on State Highway 19 there is need for additional area for material storage and adequate accommodations for crews that work out of this Headquarters, and,

WHEREAS, there is available at this time five acres adjoining the existing two acre site which can be purchased for \$200.00 per acre.

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of Title to this property at an estimated cost of \$1,000.00.

67-68 In ASHLEY COUNTY on State Highway 133, Section 1T (Truck Route), in Crossett, the Director is authorized to resurface 1.49 miles of the existing pavement with asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$27,300.00.

Work to be done by Purchase Order Contract.

67-69 In CRAIGHEAD COUNTY, a county road from the junction of State Highways Nos. 173 and U. S. 63 in Jonesboro, south to the proposed relocation of U. S. 63, a distance of approximately 1.0 mile, as shown on attached sketch, is hereby made a part of the State Highway System; to be designated a part of State Highway No. 173, section 1; and

The Director is authorized to construct grading, structures, and gravel surface as a Betterment Project, at an estimated cost of \$18,500; and

The Director is further authorized when funds are available to proceed with construction of additional gravel base and asphaltic concrete hot-mix surface course, at an estimated cost of \$16,500; work to be done by Purchase Order Contract and Maintenance forces.

This action is subject to furnishing of right-of-way (120-foot width), free of manmade obstructions, including utilities and fences, at no cost to the Highway Department.

67-70 In GARLAND COUNTY on U. S. 270, Section 6, from Hot Springs east, a distance of 2.08 miles, the Director is authorized to trench and widen the existing 18 foot pavement to 22 feet

with Asphaltic Concrete Hot Mix Base Course and resurface the 22 foot width pavement with Asphaltic Concrete Hot Mix Surface Course as a Betterment Project at an estimated cost of \$54,700.00.

Work to be done by Purchase Order Contract.

This does not affect Item 4 of Minute Order 3587 dated January 27, 1960, (Job 6711, Junction Highway 70 - Southeast Reconstruction).

- 67-71 In GRANT COUNTY on STATE HIGHWAY 229, Section 2, from Leola South to the Dallas County Line, a distance of 2.68 miles, the Director is authorized to construct grading, base and single bituminous surface treatment, as a Betterment Project at an estimated cost of \$49,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 67-72 In JACKSON COUNTY on State Highway 42, Section 1, from State Highway 37 to the Cross County Line, a distance of 5.11 miles, the Director is authorized to construct a double bituminous surface treatment as a Betterment Project at an estimated cost of \$11,300.00.

Work to be done by Maintenance Forces.

This action and work previously accomplished by Maintenance Forces will eliminate Item 38 of Minute Order 64-375.

- 67-73 In JACKSON COUNTY on State Highway 33, Section 10 from Highway 17 to Highway 37, a distance of 4.56 miles, the Director is authorized to construct a double bituminous surface treatment as a Betterment Project at an estimated cost of \$10,100.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all right-of-way and adjustment of utilities free of cost to the State.

- 67-74 In JEFFERSON COUNTY on U. S. 65, Section 14c from U. S. 65 to U. S. 79 in Pine Bluff, a distance of 1.71 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface as a Betterment Project at an estimated cost of \$23,900.00.

Work to be done by Purchase Order Contract.

- 67-75 In LAFAYETTE COUNTY on U. S. 82, Section 2 from the Red River Bridge to Lewisville, a distance of 6.10 miles, the Director is authorized to construct an Asphaltic Concrete

Hot Mix Leveling Course and Surface Course on 2.53 miles from Red River to Spirit Lake and a Surface Course on 3.57 miles from Spirit Lake to Lewisville as a Betterment Project at an estimated cost of \$104,000.00.

Work to be done by Purchase Order Contract.

This will eliminate Item 13 of Minute Order 64-374 (Job No. 3654) Spirit Lake to Lewisville and Item 7 of Minute Order 39-23 (Job No. 3595) Red River to Spirit Lake.

- 67-76 In LAFAYETTE COUNTY on U. S. 82, Section 2A, in the City of Stamps, the Director is authorized to resurface 1.65 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface as a Betterment Project at an estimated cost of \$17,700.00.

Work to be done by Purchase Order Contract.

- 67-77 In LAFAYETTE COUNTY on S. H. 53, Section 4 in the Town of Buckner the Director is authorized to resurface 0.32 mile of the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$2,900.00.

Work to be done by Purchase Order Contract.

- 67-78 In MONROE COUNTY on U. S. 79, Section 14 from the White River Bridge at Clarendon to S. H. 86, a distance of 1.92 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract,

- 67-79 In POPE COUNTY on STATE HIGHWAY 164, Section 5 from Dover to Isabell Creek, a distance of 5.5 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project, at an estimated cost of \$132,000.00.

This action will delete 5.5 miles of Item 77, Minute Order 64-375 - Job No. 8583. The balance of Item 77 (3.48 miles) was deleted by Minute Order 65-153 approved May 19, 1965.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 67-80 In ST. FRANCIS and CRITTENDEN COUNTIES on U. S. 70, Sections 19 and 20, between S. H. 38 and the Junction of Interstate 40, the Director is authorized to construct Asphaltic Concrete Hot Mix Surface, Gravel Shoulders and a Single Bituminous Surface

Treatment on the shoulders of selected sections, totaling 9 miles, as a Betterment Job at an estimated cost of \$150,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-81 In SCOTT COUNTY on State Highway 248, Section 1 from Winfield East, a distance of 2.53 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and three precast concrete bridges as a Betterment Project at an estimated cost of \$65,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-82 In WHITE County on STATE HIGHWAY 258, Section 1, from Wright's Corner to Highway 157, a distance of 3.0 miles, the Director is authorized to construct a double bituminous surface treatment as a Betterment Project at an estimated cost of \$6,200.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all right-of-way and adjustment of utilities free of cost to the State.

- 67-83 In WOODRUFF COUNTY on State Highway 33, Sections 7 and 8 at Cache Bayou, Cypress Creek and Overcup Ditch, between Little Dixie and the Jackson County Line, the Director is authorized to replace three existing bridges (Total of 288 Lineal Feet) with precast concrete slabs on treated timber piling as a Betterment Project at an estimated cost of \$42,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces

67-84 In LITTLE RIVER COUNTY, on U. S, HIGHWAY 59-71, Section 4, and STATE HIGHWAY 32, Section 3:

WHEREAS, the Southwest Arkansas Water District proposes to construct water distribution facilities which will cross Highways 59-71 and 32, near Ashdown, Arkansas, and,

WHEREAS, Brown & Root, Inc., Engineers for the Southwest Arkansas Water District, has requested that permission be granted to perform the necessary construction on the highway rights-of-way involved;

NOW THEREFORE, the Director is authorized to grant a permit to the Southwest Arkansas Water District to construct the facilities across the highways affected, subject to the following conditions:

1. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.
2. That a surety bond be posted with the Department to assure satisfactory completion of the work.
3. That all right-of-way required by the proposed construction including detours be furnished and required utility adjustments be performed without cost to the Department.
4. That all construction be performed without cost to the Department.

67-85 In BOONE COUNTY, at the Twin Lakes Vocational Technical School in Harrison, an access road, N. Spring Street, from Arkmo and Vine Roads to the School, and a drive to the School, a total distance of approximately 0.45 mile, as shown on attached sketch, are hereby made a part of the State Maintained Institutional Drives.

The Director is authorized to construct grading, minor drainage structures, base, and asphaltic concrete hot mix surfacing as a Betterment Project at an estimated cost of \$9,600.00.

Work to be done by State Forces and Purchase Order Contract.

67-86 WHEREAS, in Little River County, on U. S. 71, Section 4, approximately 2.4 miles south of Ashdown, the Nekoosa, Edwards Paper Company desires access to proposed plant, and

WHEREAS, after analyzing the expected plant employment, it is deemed necessary that an access road connection be made by the Department within the existing right-of-way, and

WHEREAS, the attached layout of the proposed intersection will provide the needed safety;

NOW, THEREFORE, the Director is authorized to prepare the necessary detailed plans for this improvement to be completed as a Betterment Project at a cost not to exceed \$50,000

This action is contingent on the submission of a request for access permit by the Nekoosa, Edwards Paper Company and their agreeing to complete the necessary work outside the right-of-way as designated on the final plans.

67-87 WHEREAS, in MILLER COUNTY the Texas-Pacific Railroad Company has contracted with the Hyman-Michaels Company to salvage their rail facilities, and,

WHEREAS, the Company has completed the salvage operations except for two highway crossings at Doddridge and Fouke, and,

WHEREAS, since it is not desirable to reconstruct these crossings during the winter months they have offered to pay the Arkansas Highway Department \$550.00 for permission to abandon these crossings in place, and,

WHEREAS, the District Engineer has estimated that the \$550.00 will be sufficient to construct these crossings with Maintenance Forces,

IT IS ORDERED that the Director be authorized to enter into an agreement with the Hyman-Michaels Company to accept the \$550.00 as full consideration for the cost of reconstructing the crossings at the convenience of the Department.

67-88 In PULASKI COUNTY, in the City of Little Rock, the City has requested that the Highway Department revise the Highway 10 and Cedar Hill Road channelization by increasing the left turn bay for the west bound movement on Highway 10; and

WHEREAS, the Department has reviewed this request and finds that a revision is necessary for the orderly movement of traffic on Highway 10; and

WHEREAS, the Department desires to cooperate with the City of Little Rock in the handling of traffic on State Highways;

NOW THEREFORE, it is ordered that the Director be authorized to proceed with these revisions at an estimated cost of \$3,000.00. Work to be done by State Forces and purchase order contract.

67-89 In BENTON COUNTY on STATE HIGHWAY 264, SECTION 1, near VOGEL:

WHEREAS, it has been determined that the St. Louis-San Francisco Railway Company crossing of State Highway 264 just east of Vogel is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights at this crossing at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis-San Francisco Railway Lines will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-90 In MILLER COUNTY on STATE HIGHWAY 245, SECTION 1, in TEXARKANA:

WHEREAS, the Department has determined that the St. Louis South-western Railway crossing of the Texarkana Loop (State Highway 245) is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis Southwestern Railway Lines will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-91 In WASHINGTON COUNTY on STATE HIGHWAY 265, SECTION 1, in Fayetteville,

WHEREAS, it has been determined that the St. Louis-San Francisco Railway Company crossing of State Highway 265 in southwest Fayetteville is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights and short-arm gates at this crossing at an estimated cost of \$18,000, subject to the following conditions:

1. That the St. Louis-San Francisco Railway Company will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-92 In CLEBURNE COUNTY, on STATE HIGHWAY 107, Section 3, from the junction of Highway 25 north to the junction of Highway 110, a distance of approximately 3.7 miles, the Director is authorized to construct grading, drainage structures, base and surfacing, as a state contract from Betterment Funds at an estimated cost of \$250,000.00.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

67-93 WHEREAS, in MILLER COUNTY on INTERSTATE HIGHWAY 30, at its junction with Sugar Hill Road, near Mandeville, it was not possible to provide ingress and egress as a part of the Interstate program; and

WHEREAS, after considerable study and investigation, it has been found desirable to construct a system of ON and OFF ramps which would convert the existing grade separation facility to an interchange facility;

NOW, THEREFORE, the Director is authorized to proceed with all necessary surveys and plan preparation and, as funds are available, to construct by State contract all ramps, acceleration and deceleration lanes, and other incidentals necessary to provide an Interchange facility at an estimated cost of \$225,000.

This action is subject to the following conditions:

1. That Right-of-Way be furnished free of encroachments at no cost to the State.
2. Appropriate approval by the Bureau of Public Roads.

67-94 Miller County, Arkansas and Bowie County, Texas, Job No. 3669, 39th Street-Interstate 30 (Texarkana), FAP U-472(2). The contract for the construction of approximately 0.524 mile of Grading, Minor Drainage Structures, Lime Treated Subgrade, 8" Concrete Pavement with Concrete Curb on Main Lanes, Asphaltic Concrete Pavement on Side Streets and miscellaneous items on the Texarkana-Ashdown Road, U. S. 71, Section 3, is awarded to Harrison Paving Corporation of St. Joseph, Missouri on their low bid of \$284,268.14, subject to the concurrence of the Bureau of Public Roads.

67-95 Miller County, Job No 3648, U. S. Hwy. 82-Tennessee Street (Texarkana Loop Route), FAP State Job. The contract for the construction of approximately 1.005 miles of Grading, Minor Drainage Structures, Gravel Base Course, Dense Graded Hot Mix Base Course, Asphaltic Concrete Hot Mix Surface Course, Double Bituminous Surface Treatment (Shoulders), Fencing, One Bridge Length Culvert (36.24' span) and Miscellaneous Items on the Texarkana Loop Route, State Highway 245, Section 1, is awarded to Cleo Riggs Contractor, Inc., of Camden, Arkansas on their low bid of \$254,637.57.

67-96 Little River County, Job No. 3677, North Ogden Rest Area, FAP LSF-011-1(2). The contract for the construction of a complete rest area, including grading, minor drainage structures, gravel base, Asphaltic Concrete Hot Mix surface course, concrete curbs and walks, comfort station (Scheme A), water supply, picnic facilities, landscaping, fencing, sewage treatment system and miscellaneous items on the Texarkana-Ashdown Road, U. S. 71, Section 4, is awarded to Cleo Riggs Contractor, Inc., of Camden, Arkansas on their low bid of \$91,606.00, subject to the concurrence of the Bureau of Public Roads.

- 67-97 Scott County, Job No. 4532, Olio-Yell County Line, FAP FH-80-1(1). The contract for the construction of approximately 7.298 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, Erosion Control Items, One Reinforced Concrete Slab Span Bridge (84.0 ft.), One Composite I-Beam Span Bridge (230.41 ft.) Eight Bridge-Length Culverts (249.21 feet total span) and Miscellaneous Items on the Waldron-Danville Road, State Highway 80, Section 1, is awarded to Waldron Construction Company of Waldron, Arkansas on their low bid of \$464,871.10, subject to the concurrence of the Bureau of Public Roads.
- 67-98 Franklin County, Job No. 4533, Ozark Bridge Alterations, FAP Corps of Engineers Contract No. DA-03-050-CIVENG-66-37. The contract for the construction of One Steel Arch Rib and Tie Girder Span (473.53 lineal feet) to replace Two Reinforced Concrete Arch Spans, Widen the Clear Roadway Width of the Entire Bridge (1570.44 lineal feet) and Install Four Pier Protective Cells for the existing Arkansas River Bridge at Ozark, State Highway 23, Section 6, is awarded to Al Johnson Construction Company of Minneapolis, Minnesota on their low bid of \$2,152,966.00, subject to the concurrence of the Corps of Engineers.
- 67-99 Faulkner County, Job No. 8615, Lake Conway Bridge and Approaches, FAP State Job. The contract for the construction of approximately 0.371 mile of Grading, Minor Drainage Structures, Quarry Run Stone Fill, Crushed Stone Base Course, Double Bituminous Surface Treatment, One Reinforced Concrete Slab Span Bridge (180.0 feet) and Miscellaneous Items on the Lake Conway-Camp Robinson Road, State Highway 89, Section 4, is awarded to Bradco Construction, Inc., of Warren, Arkansas on their low bid of \$106,191.30.
- 67-100 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, February 22, 1967.

March 22, 1967

67-101 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 22, 1967.

67-102 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 67-45 and 67-94 through 67-99 at the regular meeting of the Commission on February 22, 1967, and Job 8620 awarded by the Purchasing Committee on March 6, 1967.

67-104 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable;

NOW, THEREFORE, THE DIRECTOR IS AUTHORIZED to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1968, at a cost of \$13,200.00, to be paid to the National Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning and Research Division of the HPR-1(5) funds.

67-105 WHEREAS, the Arkansas Turnpike Authority by letter, a copy of which is attached, has requested the Arkansas State Highway Commission to enter into a contract with the Turnpike Authority which would permit the Department to advance funds to the Turnpike Authority for planning purposes, and

WHEREAS, the funds requested would be used to cover the costs of a preliminary study by a consulting firm to determine the economic feasibility of all corridors as shown on the attached plat for the construction of toll turnpikes, and

WHEREAS the proposed agreement would provide that funds advanced by the Commission for planning purposes would be repaid from the first funds available from the sale of bonds by the Turnpike Authority and/or from any other funds made available to the Turnpike Authority for planning purposes.

NOW THEREFORE, the Director is authorized, subject to a favorable determination by the Department's attorneys of the legal authority of the Commission, to enter into an agreement with the Arkansas Turnpike Authority which would permit the Department to advance funds not to exceed \$100,000.00 to the Arkansas Turnpike Authority for planning purposes.

67-106 WHEREAS, the Bureau of Public Roads has issued a new Federal Policy and Procedure Memorandum 30-4 entitled "Utility Relocations and Adjustments" effective October 15 19669 which contains new provisions and requirements on the accommodation and installation of utility facilities on Federal Aid highway rights of ways and such provisions and requirements must be complied with as a condition to Federal Aid for highway construction, and

WHEREAS, the Arkansas State Highway Department receives benefits from the new Federal Highway Beautification and Safety Programs and to participate therein is obligated to comply with the Federal Regulations, directives, and guidelines applicable to such programs; and to obtain the full public benefit therefrom, the Department is further obligated to provide for protection of such highway improvements and scenic enhancements through the exercise of control of the highway rights of way as authorized by Arkansas Law empowering the State Highway Commission to issue permits licenses, rules and regulations, and to enter into agreements as necessary to assure that the public use of State Highway rights of way for highway purposes shall not be interfered with by the use of such highway rights of way for utility purposes, and

WHEREAS, the need exists for a new statement of the Commission's Policy on the Accommodation of Utilities on Arkansas State Highway Rights of Way and Property and to update the authorization to the Director to implement these new Federal Regulations and to

comply with these new Federal Highway Programs as said new Regulations and Programs apply to the joint use of highway right of way and lands for highway and utility purposes.

NOW THEREFORE, the attached Statement of the Policy of the Arkansas State Highway Commission on the Accommodation of Utilities on Arkansas State Highway Right of Way and Property is hereby approved and adopted, and the Director is hereby ordered and directed to issue rules and regulations, orders and directives, permits and licenses, and to effect notices to and enter into agreements with persons, firms, organizations, corporations, cooperatives, municipalities, and other agencies owning and operating utility lines, systems, or facilities on any right of way of the Arkansas State Highway System or real property of the Arkansas State Highway Department as he deems necessary and appropriate to effectively administer the provisions of said Policy Statements

67-107 WHEREAS, the landscape along the highway system of the State of Arkansas is a valuable asset to the people of the state, and,

WHEREAS, it is deemed necessary to preserve, protect and improve natural scenic areas along the highway system, and,

WHEREAS, it is desired to prepare a priority list of scenic strips and to proceed with acquisition and development of those strips,

NOW THEREFORE, the Director is authorized to proceed in an orderly fashion with the selection, acquisition and development of scenic strips, all in accordance with Act 89-285, Highway Beautification Act of 1965.

Acquisition of each site shall be subject to Bureau of Public Roads approval and availability of Federal Funds.

67-108 Due to recent organizational changes the Purchasing Committee established by Minute Order No. 66-160 is hereby reconstituted to consist of:

Director
Chief Engineer
Assistant Chief Engineer for
Engineering Operations
Maintenance Engineer

All other conditions of Minute Order No. 66-160 are to remain in effect.

67-109 WHEREAS, the Purchasing Committee has awarded purchases on February 27, March 6, 13 and 20, 1967 in the amounts of \$297,800.59, \$169,447.44, \$249,406.54 and \$132,217.38, respectively, totaling \$848,871.95, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars,

67-110 WHEREAS, in CHICOT AND ASHLEY COUNTIES on U. S. 82, between Montrose and Lake Village, bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix Surface and gravel shoulders on 12.04 miles of the existing pavement with two (2) bids received for opening on February 23, 1967, and,

WHEREAS, the Purchasing Committee on February 27 recommended that the low bid be accepted.

IT IS ORDERED that this work designated as Job No. 2-565 be awarded to Ben F. Hawkins of Lake Village on his low bid of \$190,180.15.

67-111 WHEREAS, in FRANKLIN COUNTY on State Highway 23 from Highway 96 south, a distance of 10.8 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix with two (2) bids received for opening on February 23, 1967, and,

WHEREAS, the Purchasing Committee on February 27 recommended that the low bid be accepted.

IT IS ORDERED that this work designated as Job No. 4-569 be awarded to the Ben M. Hogan Company, Inc., of Little Rock on their low bid of \$1,801.60.

67-112 WHEREAS, in LOGAN COUNTY on State Highway 23 from two miles south of Chismville north, a distance of 9.03 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix with two (2) bids received for opening on February 23, 1967, and,

WHEREAS, the Purchasing Committee on February 27 recommended that the low bid be accepted.

IT IS ORDERED that this work designated as Job No. 4-571 be awarded to the Ben M. Hogan Company, Inc., of Little Rock on their low bid of \$67,720.50.

67-113 WHEREAS, in MONTGOMERY COUNTY on State Highway 27, Section 6A from the Junction of State Highway 8 in Norman and extending north to Junction of State Highway 270 in Mt. Ida, a distance of 8.6 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix with three (3) bids received for opening on March 14, 1967, and,

WHEREAS, the Purchasing Committee on March 20 recommended that the low bid be accepted.

IT IS ORDERED that this work designated as Job No. 4-572 be awarded to Arkansas Rock and Gravel, Murfreesboro, Arkansas on their low bid of \$55,943.24.

67-114 WHEREAS, in District Seven there is an area consisting of parts of Bradley, Calhoun and Dallas Counties in which radio communication coverage is inadequate; and,

WHEREAS, satisfactory radio communication is deemed necessary for normal highway operations as well as for emergency activities;

NOW THEREFORE, the Director is therefore authorized and directed to procure a site, (approximately one acre), and the basic radio equipment for construction of a radio relay stations at a location to serve the described area. It has been determined that items of equipment necessary for this project, rather than the basic radio equipment, are on hand. It is further directed that payment for the site and radio equipment be made from funds allocated for operation and maintenance of the radio system and shall not exceed thirty five hundred dollars (\$3,500.00).

67-115 WHEREAS, in JEFFERSON COUNTY, on the campus of Arkansas A. M. & N. College in Pine Bluff, Arkansas, certain institutional drives have been officially designated to be maintained by the Arkansas State Highway Department; and

WHEREAS, three sections of the institutional drives should be improved at this time to facilitate the flow of traffic on the college campus.

NOW THEREFORE, the Director is authorized to construct grading, drainage structures, base, Asphaltic Concrete Hot Mix Surface Course, and incidental items at an estimated cost of \$26,500.00 at the locations shown on the attached sketches and as described below. Line "A", Reconstruct on new location approximately 450' of present Campus Drive. Line "B", Construct approximately 393' of access road to connect College Drive to Spruce Street. Line "C", Reconstruct approximately 1,770' to connect Arkansas A. M. & N. College Farm to U. S. Highway 79.

Work to be done by Purchase Order Contract.

This action is subject to the furnishing of all right-of-way and adjustment of utilities free of cost to the State Highway Commission.

67-116 In PHILLIPS COUNTY for the HELENA BRIDGE:

WHEREAS, on October 26, 1966, by MINUTE ORDER 66-561, the Arkansas Highway Commission adopted the following resolution:

The Highway Commission, in their continuous effort to provide the most service for the least cost to the user, are on record as favoring lower tolls for the Helena Bridge, and authorize the Director to propose to the Trustee that such tolls be reduced as much as can be under the terms of the Trust Indenture, with rate for any vehicle not to exceed \$1.00.

This action is subject to the concurrence of the Trustee, the Mississippi Highway Commission, and the Fiscal Agent of the State of Arkansas; and

WHEREAS, on December 28, 1966, by MINUTE ORDER 66-709, after conditions of Minute Order 66-561 had been met, the Arkansas Highway Commission adopted the following second resolution:

WHEREAS, the Highway Commission is very desirous of reducing tolls on vehicles crossing the Helena Bridge; and

WHEREAS, the State of Mississippi concurs in our desire; and

WHEREAS, the trust Indenture requires that prior to reduction of tolls, a traffic survey has to be made by an engineering firm with a national reputation; and

WHEREAS, Wilbur Smith and Associates, Consulting Engineers of New Haven, Connecticut, has submitted a satisfactory proposal for doing the work;

NOW THEREFORE, the Director is authorized to employ the consulting engineering firm of Wilbur Smith and Associates for a fee of \$6,400.00 which is a lump sum for performing the work; and

WHEREAS, after being notified to proceed, the firm of Wilbur Smith and Associates submitted a preliminary report under date of March 3, 1967 which proposed that the tolls vary from \$1.00 per vehicle for passenger cars to \$2.50 per vehicle for 5-axle vehicles; and

WHEREAS, the Highway Commission determined these tolls still too high and immediately directed Wilbur Smith and Associates to review their work; and

WHEREAS, Wilbur Smith and Associates has reviewed its findings and has now submitted a second preliminary report based on a flat toll of \$1.00 per vehicle, and proposes to certify that the requirements of the Trust Indenture can be met with these ;

NOW THEREFORE, when an official certificate is furnished by Wilbur Smith and Associates to this effect, and immediately upon approval by the Secretary of Defense, the Arkansas Highway Commission proposes to lower the tolls on the Helena Bridge to \$1.00 per vehicle.

67-117 WHEREAS, in RANDOLPH COUNTY, a county road, beginning at the junction of U. S. 67 in the City of Pocahontas, then proceeding east to the section line between Sections 35 and 36, T19N, R1 and 2E; thence south on said section line to the junction of State Highway 304, was made a part of the State Highway System by Commission Minute Order 66-648 of 11-23-66; and

WHEREAS, local officials have by Resolution expressed a desire to change the location of a portion of this highway addition; and

WHEREAS, local officials have also agreed to furnish necessary right-of-way at no cost to the State Highway Department for the new location;

NOW, THEREFORE, IT IS ORDERED that, upon issuance of the proper Court Order by the County Judge of Randolph County, under the provisions of Section 4, Act 150, of 1961, the officially designated route of State Highway 304, Section 1 North, shall be from the junction of U. S. 67 in the City of Pocahontas, east to the east line of the Pocahontas municipal airport; thence south along the east line of said airport to the junction of State Highway 304, Section 1; and that the portion of State Highway 304, Section 1 North, from the east line of said airport, east to the section line between sections 35 and 36, T19N, R1 and 2E; thence south along said section line to the junction of State Highway 304, Section 1, shall be deleted from the State Highway System, to become a part of the county-maintained system; all as shown on attached sketch.

This Order is subject to the following condition:

That adequate right-of-way, free of all obstructions, be furnished at no cost to the State Highway Department.

67-118 WHEREAS, the Arkansas State Highway Commission acquired property from J. N. Thomason by Warranty Deed on January 27, 1959 and Ruby Moore on April 8, 1959 in Mississippi County, Arkansas, as right of way for the construction of Interstate Highway 55, Arkansas I-55-1(6)43; and

WHEREAS, the following described land which was acquired in connection with the construction program, has served its purpose and is no longer needed in the maintenance and future operation of the project in question:

Parcel "A"

Part of the Northeast Quarter of the Southeast Quarter of Section 6, Township 12 North, Range 10 East, Mississippi County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northeast Quarter of the Southeast Quarter of Section 6; thence South 89° 22' East along the North line thereof a distance of 954.3 feet to a point on the proposed easterly right of way line of Interstate Highway 55 for the point of beginning; thence continue South 89° 22' East a distance of 34.0 feet to a point on the existing easterly right of way line of said Highway; thence South 28° 40' West along said existing right of way line a distance of 57.42 feet to a point; thence North 61° 20' West a distance of 30.0 feet to a point on the proposed easterly right of way line of said Highway; thence North 28° 40' East along said

proposed right of way line a distance of 41.5 feet to the point of beginning and containing 0.03 Acre or 1,484 square feet.

Parcel "B"

Part of the Southeast Quarter of the Northeast Quarter of Section 6, Township 12 North, Range 10 East, Mississippi County, Arkansas, more particularly described as follows:

Starting at the Southwest Corner of the Southeast Quarter of the Northeast Quarter of Section 6; thence South 89° 22' East along the South line thereof a distance of 954.3 feet to a point on the proposed easterly right of way line of Interstate Highway 55; thence North 28° 40' East along said proposed right of way line a distance of 58.5 feet to a point on the existing easterly right of way line of said Highway; thence South 61° 20' East along said existing right of way line a distance of 30.0 feet to a point; thence South 28° 40' West along said existing right of way line a distance of 42.58 feet to a point on the South line of the Southeast Quarter of the Northeast Quarter of Section 6; thence 89° 22' West along said South line a distance of 34.0 feet to the point of beginning and containing 0.03 acre or 1,516 square feet.

WHEREAS, said parcel of land is considered as no use to the Highway Commission by the District Engineer, and it may be disposed of without adverse effect on the right of way of Interstate 55; and

WHEREAS, it is considered to be in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared surplus and disposed of subject to concurrence with the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and disposed of it in line with the recommendation of the District Engineer for a total price of \$50.00 after the provisions of the Statutes of the State of Arkansas are fully complied with,

67-119 WHEREAS, the Arkansas State Highway Commission has constructed a central headquarters building; and,

WHEREAS, it is desirable that the premises on the "State Capitol Grounds" supporting, containing and holding the two frame structures of the Arkansas State Highway Department complex and belonging to the Arkansas State Highway Commission; and,

WHEREAS, it is desirable that the premises and frame structures be conveyed by Quitclaim Deed to the State of Arkansas; and,

WHEREAS, the premises and buildings are described as follows:

That portion or portions of the premises commonly known as the "State Capitol Grounds" supporting, containing and holding the two frame structures of the Arkansas State Highway Department complex specifically including the two frame structures last housing the greater portion of the Arkansas State Highway Department, Right of Way Division and

its Legal Division. The premises and the buildings thereon are immediately back of and South and South by Southwest of the State Board of Education Building.

WHEREAS, the Arkansas State Highway Commission desires to reserve the right of notice of razing of the building or buildings and the right of removal of the air conditioning unit including all parts thereto the duct or ducts and the vents together with all other fixtures attached to or housed in either or both buildings and proposes to remove said air conditioning unit or said fixtures within thirty (30) days of the receipt of the notice from the State of Arkansas as to the razing of the building or buildings.

NOW THEREFORE, be it hereby resolved that the Arkansas State Highway Commission be directed and authorized to execute an instrument of conveyance to the premises and buildings before described for ONE AND NO/100 Dollars, (\$1.00), consideration.

67-120 MINUTE ORDER NO. 66-7209 dated December 28, 1969 is amended to make the property description therein read as hereinafter set out:

Being a part of the Northwest Quarter of the Southwest Quarter and a part of the Northeast Quarter of the Southwest Quarter, being all in Section 22 Township 2 North, Range 12 West, Pulaski County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northwest Quarter of the Southwest Quarter of said Section 22, thence North 0ø 57' East along the East line thereof a distance of 83.0 feet to a point on the northerly proposed right of way line of Interstate Highway No. 40 for a point of beginning; thence South 76ø 24' 10" West along said northerly proposed-right of way line a distance of 305.5 feet to a point on the existing right of way line of said Highway; thence North 1ø 23' 30" East along said existing right of way line a distance of 150.0 feet to a point; thence South 87 50' East along said existing right of way line a distance of 294.65 feet to a point on the East line of said Northwest Quarter of the Southwest Quarter; thence North 0 57' East along said line a distance of 6000 feet to a point; thence South 88ø 00' East along said existing right of way line a distance of 126,0 feet to a point; thence South 46 14' 36" West along the proposed northerly right of way line of said Interstate 40 for a distance of 177.2 feet to the point of beginning and containing 0.95 Acre, more or less.

67-121 In CLEVELAND COUNTY on State Highway 15, Section 6 from Calmer to Woodlawn, a distance of 3.0 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$32,500.00.

Work to be done by Purchase Order Contract.

67-122 In GARLAND AND HOT SPRING COUNTIES on State Highway 51, Section 4, a distance of 1.45 miles, and U. S. 2709 Sections 6 and 7, a distance of 2.23 miles, in order to permit increasing the gross load limit on State Highway 51 from Jones Mill to Junction of U. S. 270 to 73,280 pounds, the Director is authorized to resurface with Asphaltic Concrete Hot Mix Surface and construct crushed stone shoulders with a single bituminous surface treatment as a Betterment Job at an estimated cost of \$82,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This work contingent on the participation of Reynolds Metals Company of Malvern in this cost up to a maximum of \$8,200.00.

- 67-123 In HEMPSTEAD COUNTY on U. S. 67, Section 2 from Hope to the Nevada County Line, a distance of 9.28 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$90,800.00.

Work to be done by Purchase Order Contract.

- 67-124 In HEMPSTEAD COUNTY on State Highway 195, Section 3 from DeAnn to Marlbrook, a distance of 4.75 miles, the Director is authorized to construct grading, minor drainage structures, gravel base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$76,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-125 In JEFFERSON COUNTY on State Highway 15, Section 7 (Main Street in Pine Bluff) the Director is authorized to construct 0.13 miles of street widening and combination curb and gutter to provide turning lanes in accordance with the attached plan as a Betterment Project at an estimated cost of \$5,540.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This work contingent on the construction of sidewalks and any required drainage facilities by the City at no cost to the State.

- 67-126 In LAFAYETTE COUNTY on U. S. 82, Section 2 from Red River to Lewisville, a distance of 6.1 miles, the Director is authorized to construct shoulders, widening and double bituminous surface treatment on the shoulders of 5.2 miles of this section as a Betterment Project at an estimated cost of \$23,200.00.

Work to be done by Maintenance Forces,

This section is being resurfaced with Asphaltic Concrete Hot Mix under Job 3-556.

- 67-127 In LOGAN COUNTY on State Highway 197, Section 0 from Scranton East, a distance of 7 miles, the Director is authorized to construct grading, minor drainage structures, crushed stone base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$125,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-128 In NEVADA COUNTY on State Highway 200, Section 1 from Rosston to Oak Grove School, a distance of 2.70 miles, the Director is authorized to construct grading, minor drainage structures, gravel base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$56,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces,

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-129 In NEVADA COUNTY on U. S. 67, Section 3 from Prescott to the Little Missouri River, a distance of 6.17 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Job at an estimated cost of \$60,600.00.

Work to be done by Purchase Order Contract.

- 67-130 In NEVADA COUNTY on U. S. 67, Section 3 from the Hempstead County Line to the north city limits of Prescott, a distance of 8.44 miles, the Director is authorized to resurface the existing pavement with Asphaltic Hot Mix as a Betterment Project at an estimated cost of \$87,500.00.

Work to be done by Purchase Order Contract.

- 67-131 In ST. FRANCIS and CRITTENDEN COUNTIES on U. S. Highway 70, Sections 19 and 20 from State Highway 38 to Junction of Interstate 40 the Director is authorized to construct Asphaltic Concrete Hot Mix Surface, Gravel Shoulders and Single Bituminous Surface on shoulders of selected sections totaling six miles as a Betterment Project at an estimated cost of \$100,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

Minute Order 67-80 authorized the resurfacing of nine miles of selected sections on this route. This action will complete the resurfacing of the entire section.

- 67-132 WHEREAS, the existing Missouri Pacific Overpass and the approaches thereto on Highway 67, Section 9, in Saline County constitute a hazard to the traveling public and the railroad has now been abandoned and removed; and

WHEREAS, this location has been listed in the Department's statewide inventory of spot hazard locations which need correction.

NOW THEREFORE, the Director is authorized to remove the existing overpass structure and construct grading, base and surfacing as a betterment project at the estimated cost of \$12,000.00.

Work to be done by State forces and purchase order contract.

- 67-133 In SEBASTIAN COUNTY on State Highway 10, Section 0 from the Oklahoma State Line to Hackett, a distance of one and one-half miles, the Director is authorized to construct clearing and grubbing, grading minor drainage structures and one bridge, length 93 lineal feet, as a State Contract from Betterment Funds at an estimated cost of \$66,100.00.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

This will eliminate Program Item 30 of Minute Order 64-375, Job 4552, Oklahoma State Line to Hackett.

- 67-134 Independence County, Job No. 5554, Greenbrier Creek Bridge Widening, FAP State Job. The contract for the construction of one combination reinforced concrete slab span and composite I-beam span bridge (141.5 ft. length) on the Locust Grove-Desha Road, State Highway 25, Section 4, is awarded to H. No Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$58,150.30.

- 67-135 Clark County, Job No. 7660, South Fork Terre Noir Creek Bridge and Approaches, FAP State Job. The contract for the construction of approximately 0.625 mile of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Surface Treatment, Two Precast Concrete Slab Span Bridges (228.16 ft.) and miscellaneous items on the Gurdon-Hollywood Road, State Highway 53, Section 0, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$99,561.04.

- 67-136 Baxter County, Job No. 9517, Norfork Dam Approach Road, FAP State Job. The contract for the construction of approximately 1.278 miles of Grading, Minor Drainage Structures, Double Bituminous Surface Treatment and miscellaneous items on the Norfork Dam-Jordan Road, State Highway 177, Section 1, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$224,349.93.

- 67-137 Benton County, Job No. 9532, Sugar Creek Bridge, FAP State Job. The contract for the construction of one composite I-Beam Span Bridge (287.08 ft.) north of Bella Yista on the Junction State Highway 279-Junction U. S. 71 Road, State Highway 340, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$84,829.70.

- 67-138 Clay County, Job No. 10752, North Corning Rest Area & Weigh Station, FAP LSF-021-5(3). The contract for the construction of a complete Rest Area and a complete Weigh Station, including Grading, Minor Drainage Structures, Fencing, Crushed Stone Base, ACHM Base and Surface Course, Concrete Curbs and Walks, Erosion Control Items, Comfort Station (Scheme A), Weigh Station, Truck Scales, Water Supply, Picnic Facilities, Landscaping, Sewage Treatment System and Miscellaneous Items on the Corning-Missouri Line Road, U. S. 67, Section 22, is tentatively awarded to Joseph and Daugherty, Inc., of North Little Rock, Arkansas on their low bid of \$298,929.00, subject to the concurrence of the Bureau of Public Roads and compliance with requirements of the specifications.
- 67-139 Poinsett County, Job No. 10765, Junction Highway 14-Lake Poinsett State Park, FAP State Job. The contract for the construction of approximately 2.388 miles of Grading, Minor Drainage Structures, Gravel Base Course and Miscellaneous Items on the Lake Poinsett State Park to State Highway 14 Road, State Highway 163, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$69,226.40.
- 67-140 Pulaski, White and Jackson Counties, Job No. 1415, Screening Junkyards in Pulaski, White and Jackson Counties, FAP CJF-OOOB(13). The contract for the construction of chain link fence, Redwood Slats, Landscape Planting and Miscellaneous Items to Screen Junkyards at Four Separate Sites, U. S. 64 and 67, Sections 11, 10 and 17, is tentatively awarded to United Fence Company of North Little Rock, Arkansas on their low bid of \$17,384.30, subject to the concurrence of the Bureau of Public Roads and compliance with requirements of the specifications.
- 67-141 Phillips County Arkansas and Oklahoma County, Mississippi, Insurance Coverage for Helena Bridge. The contract for Insurance Coverage for the Helena Bridge is tentatively awarded to Robert Barksdale Company, Inc., of Jackson, Mississippi on their low bid of \$27,743.88, subject to the concurrence of the Mississippi State Highway Commission and verification that all license requirements have been met.
- 67-142 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, March 22, 1967.

April 26, 1967

67-143 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 26, 1967.

67-144 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-134 through 67-140 at the regular meeting of the Commission on March 22, 1967.

<u>Job</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>

67-146 WHEREAS, in order to proceed as expeditiously and as efficiently as possible with a highway program in modern times, it is essential that the Department staff be provided with the necessary equipment and facilities to successfully accomplish the work to be done; and

WHEREAS, it is recognized that mapping and aerial photography is one tool that should be used to expedite planning and save man hours; and

WHEREAS, the presently used aircraft is outdated in that it is over twenty years old, expensive to maintain and operate, and limited in performance capability to adequately and economically meet the essential needs of the Department, including the expeditious movement of engineering and administrative personnel; and

WHEREAS, the Department desires to implement the more efficient and economical methods of photogrammetric processes for surveying and designing highways and for other essential functions;

NOW THEREFORE, after thorough study and careful consideration, the Director is authorized to proceed in the most feasible and economical manner to acquire a modern twin engine aircraft, capable of transporting at least six people, fully equipped for instrumental flying conditions, including essential radio and navigational instruments, and further adapted for use with an aerial camera.

67-147 WHEREAS, request was made by the State Maintenance Engineer to the State Purchasing Director for the purchase of 153 vehicles to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-67-360, opening at 10:00 A.M., April 20, 1967, and

WHEREAS, the Highway Purchasing Committee at its meeting of April 24, 1967, reviewed the bids received and recommends to the Commission that the awards be made to the

lowest and best "by item" bids meeting Arkansas State Highway Department Specifications in the total amount of \$477,008.10,

NOW THEREFORE, the awards for the purchase of 153 vehicles is hereby made as listed below, and the Director is authorized to notify the State Director of Purchasing accordingly, and is authorized to proceed with the outright sale of the used vehicles under the provisions of Minute Order No. 64-273 dated August 19, 1964.

ITEM 1 - Eighty (80) Chassis and Cab, 19,500# GVW, with 3 Cubic Yard Dump Body to meet AHD Spec. 66-67 N. E. No. 64-69, award to Moore Ford Company, North Little Rock, for furnishing 1967 Year Model Ford F-505 with Model 300U Hercules Galion Dump Body and Model 720 Hercules Galion Hoist at a net bid price of \$2,844.35 each, Total for 80 Units	\$227,548.00
ITEM 2 - Two (2) Chassis and Cab, 19,500# GVW, with 12' Flat Bed Dump Body and Hoist, to meet AHD Spec. 66-67 N. E. No. 64-70, award to H. F. Trotter, Inc., Pine Bluff, for furnishing 1967 Year Model Ford F-600 with Midwest Body and Heil Model 1715 PL Hoist at a net bid price of \$3,026.76 each, Total for 2 Units	6,053.52
ITEM 3 - Six (6) Tandem Axle Cab & Chassis, 43,000# GVW, with 8 Cubic Yard Dump Body to meet AHD Spec. 66-67 N. E. No. 64-71, award to International Harvester Company, Little Rock, for furnishing 1967 Year Model International IH-F-1800 with Model 500U Hercules Galion Body and Model 860 Hercules Galion Hoist at a net bid price of \$7,869.62 each, Total for 6 Units	47,217.72
ITEM 4 - Forty Eight (48) Chassis and Cab, 19,500# GVW, to meet AHD Spec. 66-67 N. E. No. 64-72, award to Moore Ford Company, North Little Rock, for furnishing 1967 Year Model Ford F505 at a net bid price of \$2,270.35 each, Total for 48 Units	108,976.80
ITEM 5 - Two (2) Chassis and Cab, 24,000# GVW, to meet AHD Spec. 66-67 N. E. No. 64-73, award to H. F. Trotter, Inc., Pine Bluff, for furnishing 1967 Year Model Ford F-700 at a net bid price of \$3,930.65 each, Total for 2 Units	7,861.30
ITEM 6 - Three (3) Chassis and Cab, 24,000# GVW, to meet AHD Spec. 66-67 N. E. No. 64-74, award to Pine Ford Company, Inc., Camden, for furnishing 1967 Year Model Ford F-600 at an average net bid price of \$3,221.78 Total for 3 Units	9,665.34

ITEM 7 - Three (3) Tractor Trucks, to meet AHD Spec. 66-67 N. E.
No. 64-75, award to International Harvester Company,
Little Rock, for furnishing 1967 Year Model International
IH V-200 at a net bid price of \$6,911.88 each,
Total for 3 Units 20,735.64

ITEM 8 - One (1) Tractor Truck, to meet AHD Spec. 66-67 N. E.
No. 64-76, award to International Harvester Company,
Little Rock, for furnishing 1967 Year Model International
IH V-200 at a net bid price of 6,199.61

ITEM 9 - Seven (7) Tractor Trucks, to meet AHD Spec. 66-67 N. E.
No. 64-77, award to Polk Chevrolet Company, Inc., Corning,
for furnishing 1967 Year Model Chevrolet HM 71213 at a
net bid price of \$5,656.59 each,
Total for 7 Units 39,596.13

ITEM 10- One (1) Four Wheel Drive Truck, Cab and Chassis, to meet
AHD Spec. 66-67 N. E. No. 64-78, award to International
Harvester Company, Little Rock, for furnishing 1967 Year
Model International IH 1300B 4 x 4 at a net price of 3,154.04

TOTAL 153 NEW VEHICLES
\$477,008.10

67-148 WHEREAS, the Arkansas State Highway Commission is the owner of the following
described parcel of land located in Bradley County, Arkansas, to-wit:

A part of the Southwest Quarter of the Southwest Quarter of Section 17, Township 12
South, Range 9 West, Bradley County, Arkansas, more particularly described as follows:

A strip of land of varied width from zero to a maximum of 18 feet, more or less, located
on West side of the right of way acquired by Easement Deed recorded in record Book CX, page
198, March 15, 1966, in records of Circuit Clerk, Bradley County in connection with Court Order
of Bradley County Court, September 27, 1965, recorded in County Court Records Book T, Page 1,
and starting at the common corner of Sections 17, 18, 19 & 20, Township 12 South, Range 9 West,
thence North 85ø 20' East 100.65 feet to the center line of State Highway 15, thence along the
center line of State Highway 15 and along a 1ø curve to the Northeast 152.4 feet to the point of
tangent; thence North 4ø 09' East 316.3 feet to a point; thence at right angles to center line of said
highway a distance of 50.0 feet to a common point of intersection between old and new right of
way of State Highway 14 at survey station 149.38; thence North 4ø 09' East along said new
westerly right of way line a distance of 505.35 feet to a point of curve; thence along an arc to
curve right and 50.0 feet from and parallel to center line of highway a distance of 56.65 to the
North property line of the L. W. Ederington property and common point between old and new
right of way lines and containing 0.2 Acre, more or less.

WHEREAS, it is the considered thought and opinion of the Arkansas State Highway
Commission that it is for the good of the State of Arkansas public that the lands described be

conveyed to Louis W. Ederington and Mary Catherine Ederington, husband and wife, for the consideration paid for the lands.

NOW THEREFORE BE IT HEREBY RESOLVED that the Chairman be and he is hereby authorized and directed to execute a Quitclaim Deed conveying the described lands to Louis W. Ederington and Mary Catherine Ederington, husband and wife, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration.

67-149

WHEREAS, the Arkansas State Highway Commission acquired by County Court Order dated May 2, 1934, the right of way needed for improvement of State Highway No. 167 which included in addition to the regular right of way the following described parcel of land as a barrow pit:

A parcel of land lying easterly of and adjacent to the said center line between Stations 232+60 and 238+00 more definitely described as follows:

Beginning at the intersection of the above described center line and the easterly line of Section 22, which point is center line Station 232+60; thence South 34° 18' West along the center line 540.0 feet to Station 238+00; thence South 55° 42' East, being at right angles to the said center line, 367.7 feet, plus or minus, to a point on the said east line of Section 22; thence northwardly along the section line 651.8 feet, plus or minus, along the section line to the point of beginning. Said described land is in section 22, Township 18 South, Range 15 West, Union County, Arkansas; and

WHEREAS, the following described parcel of land formally used as a barrow pit may be disposed of without adverse effect on the right of way of U. S. Highway No. 167:

Part of the Southeast Quarter of the Southeast Quarter of Section 22, Township 18 South, Range 15 West, Union County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of Section 22; thence North 0° 16' West along the East line thereof a distance of 129.1 feet to the point of beginning; thence North 55° 59' West a distance of 321.9 feet to a point on the existing south- easterly right of way line of U. S. Highway No. 167; thence North 34° 01' East along said existing right of way line a distance of 259.8 feet to a point on the proposed westerly right of way line of State Highway No. 7; thence South 55° 59' East along said proposed right of way line a distance of 144.8 feet to a point on the East line of the Southeast Quarter of the Southeast Quarter of Section 22; thence South 0° 16' East along said East line a distance of 314.4 feet to the point of beginning and containing 1.39 Acres, more or less.

WHEREAS, Willie Bell G. Smith, a descendant of the original grantor of this property under the above mentioned County Court Order, conveyed by Warranty Deed to E. A. and Betty J. Armstrong on September 10, 1963, and recorded in Book 1001 page 463, on July 31, 1964, in Circuit Clerks Records in Union County, a portion of the originally described barrow pit area; and

WHEREAS, the following parcel of land within the area of the original Court Order is required for highway construction purposes, a deed from the present owners E. A. and Betty J. Armstrong on the following described land is needed to clear the title:

Part of the Southeast Quarter of the Southeast Quarter of Section 22, Township 18 South, Range 15 West, Union County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of Section 22; thence North 0° 16' West along the East line thereof a distance of 443.5 feet to the point of beginning; thence North 55° 59' West a distance of 144.8 feet to a point on the existing southeasterly right of way line of U. S. Highway No. 167; thence North 34° 01' East along said existing right of way line a distance of 212.4 feet to a point on the East line of the Southeast Quarter of the Southeast Quarter of Section 22; thence South 0° 16' East along said East line a distance of 257.1 feet to the point of beginning and containing 0.36 Acre, more or less.

WHEREAS, E. A. and Betty J. Armstrong are the record owners of the following described parcel of land that is needed for the required right of way for the improvement of Highway No. 7 and the improvement of intersection of Highways No. 167 and 7 to be acquired by Warranty Deed:

Part of the Southwest Quarter of the Southwest Quarter of Section 23, Township 18 South, Range 15 West, Union County, Arkansas more particularly described as follows:

Starting at the Southwest Corner of Section 23; thence North 0ø 16' West along the West line thereof a distance of 443.5 feet to the point of beginning; thence continue North 0ø 16' West along said West line a distance of 226.8 feet to a point on the existing Westerly right of way line of State Highway No. 7; thence South 10ø 57' East along said existing right of way line a distance of 263.2 feet to a point; thence in a southerly direction along said existing right of way line on a curve Left, having a radius of 1667.0 feet a distance of 286.2 feet to a point; thence South 20ø 47' East along said existing right of way line a distance of 133.3 feet to a point; thence North 55ø 59' West a distance of 17.4 feet to a point on the proposed westerly right of way line of State Highway No. 7; thence North 20ø 47' West along said proposed right of way line a distance of 450.8 feet to the point of beginning and containing 0.32 Acre.

WHEREAS, the parcels of land under consideration either have served their purpose or are required in connection with the construction of improvements on the above mentioned highways; therefore, it would be in the best interest of the people of the State of Arkansas, that the exchange of property be made by the Arkansas State Highway Commission and E. A. and Betty J. Armstrong, subject to the concurrence by the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the surplus right of way to E. A. and Betty J. Armstrong in exchange for Warranty Deed from E. A. and Betty J. Armstrong to the Arkansas State Highway Commission for right of way needed for construction purposes on subject highway project in Union County, Arkansas

67-150 WHEREAS, the Purchasing Committee has awarded purchases on March 27, April 3, 10, 17 and 24, 1967 in the amounts of \$177,212.85, \$298,199.91, \$107,345.69, \$78,746.52, and \$138,219.48, respectively, totaling \$799,724.45, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

WHEREAS, the Purchasing Committee on March 20 recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job No. 4-572 be awarded to the Arkansas Rock and Gravel Company of Murfreesboro on their low bid of \$55,943.24.

67-164 In NEVADA COUNTY on U. S. 67 from the Hempstead County Line to Prescott bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix surface on 9 miles with seven bids received for opening on April 18, 1967, and,

WHEREAS, the Purchasing Committee on April 24, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 3-561 be awarded to Beam Bros. Contractors of Ft. Smith on their low bid of 73,339.00.

67-165 In NEVADA COUNTY on U. S. 67 from Prescott to the Little Missouri River bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix surface on six miles with seven bids received for opening on April 18, 1967, and,

WHEREAS, the Purchasing Committee on April 24, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 3-562 be awarded to the Arkansas Rock and Gravel Company of Murfreesboro on their low bid of \$50,577.10.

67-166 WHEREAS, in PERRY COUNTY on State Highway 300, Section 0 from Highway 9 to Highway 216, a distance of 3.55 miles, bids were invited under Purchase Order Contract procedure for the construction of gravel base course and double bituminous surface treatment with five (5) bids received for opening on April 4, 1967, and,

WHEREAS, the Purchasing Committee on April 10 recommended that the low bid be accepted.

IT IS ORDERED that this work designated as Job No. 8-542(1) be awarded to Four Brothers, Inc., of North Little Rock on their low bid of \$56,132.00.

67-167 In CROSS COUNTY, in the vicinity of Vanndale, IT IS ORDERED that the official location of S. H. 1, Sec. 14, shall be in accordance with the new location constructed by Job 11658; and in accordance with Supreme Court decisions, that part of the old location to the west of the new location which has been replaced by construction is no longer a part of the State Highway System; and

IT IS FURTHER ORDERED that the portion of the old route to the east of the new location through the community of Vanndale is hereby retained as part of the State Highway System, to be redesignated as S. H. 1 Business Route, Sec. 14B; all as shown on attached sketch, which becomes a part of this order.

67-168 In GRANT COUNTY, IT IS ORDERED that the official routing of State Highway No. 35, Section 2, in the City of Sheridan, shall be from the junction of State Highway U. S. 167, Section 11 (Rock Street), west along Vine Street to Arch Street, thence north along Arch Street; and IT IS FURTHER ORDERED that the section of Oak Street from State Highway U. S. 270 (Center Street) north to Vine Street is no longer a part of the State Highway System; all as shown on the attached sketch, which becomes a part of this Order.

67-169 In NEWTON COUNTY, through Western Grove, IT IS ORDERED that the official location of State Highway No. U. S. 65, Section 3, shall be in accordance with the new location as constructed by Job 9435 and that the portion of State Highway No. 123, Section 1, between the new and old locations of U. S. 65 and the portion of old U. S. 65 from the junction of State

Highway No. 123 northerly through Western Grove to the junction of the new location of U. S. 65, shall be redesignated as State Highway No. U. S. 65 Business Route, Section 3B; and

IT IS FURTHER ORDERED that the portion of old U. S. 65 from the junction of State Highway 123, south to the junction of the new location of U. S. 65, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

67-170 WHEREAS, the view from the highways is a valuable asset to the people of Arkansas, and,

WHEREAS, junkyards along the highway system are an eyesore to the traveling public, and,

WHEREAS, it is desired to proceed with the screening or removal of junkyards,

NOW THEREFORE, the Director is authorized to proceed in an orderly manner with the screening or removal of junkyards, all in accordance with Act 89-285, The Highway Beautification Act of 1965.

Screening or removal of each yard shall be subject to Bureau of Public Roads approval and availability of Federal Matching Funds.

67-171 In VAN BUREN COUNTY located on the east side of U. S. 65, Section 7, approximately 5 miles north of Clinton, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures to implement the Highway Beautification Act of 1965 at an estimated cost of \$95,000.00 and is subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of Bureau of Public Roads.

67-172 WHEREAS, the increased amount of construction work in CRAIGHEAD and POINSETT COUNTIES has created a need for a Resident Engineer's office at Jonesboro, and,

WHEREAS, the four (4) acres for the Area Headquarters at Jonesboro was acquired with the location of a Resident Engineer's office in mind,

IT IS ORDERED that the Director be authorized to construct a suitable Resident Engineer's office as a Building Project at an estimated cost of \$18,000.00.

67-173 In CROSS COUNTY at WYNNE, for a new District One (1) Headquarters facility (Job No. 11782), the Director is authorized to construct a facility including an administration building, shop and emergency operating center, as a Building Project, at an estimated cost of \$447,000.00.

IT IS FURTHER ORDERED that the Director be authorized to employ an architect for the preparation of plans for this facility,

- 67-174 In CRAIGHEAD COUNTY at Arkansas State University in Jonesboro, the Director is authorized to construct base and surfacing on four streets a total length of 0.6 mile as a Betterment Project at an estimated cost of \$9,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-175 In FAULKNER COUNTY on State Highway 287, Section 1 from Spring Hill East a distance of five (5) miles, the Director is authorized to construct grading, minor drainage structures, three (3) bridges, base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$110,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-176 In FRANKLIN COUNTY on State Highway 352, Section 1 from State Highway 23 to State Highway 219, the Director is authorized to construct grading, minor drainage structure, two (2) bridges, gravel base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$81,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-177 In LAWRENCE COUNTY on U. S. Highway 63, Section 3 from State Highway 117 West of Black Rock to State Highway 25 East of Portia, the Director is authorized to level up and resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$51,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-178 In LAWRENCE COUNTY on U. S. Highway 63, Section 3 at the Junction of U. S. Highway 63 and State Highway 25, the Director is authorized to construct a channelization as a Betterment Project at an estimated cost of \$8,000.00.

Work to be done by Maintenance Forces.

- 67-179 In LAWRENCE COUNTY on State Highway 230, Section 2 from Sharp County Line to Strawberry, a distance of 2.07 miles, the Director is authorized to construct crushed stone base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$26,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-180 In LINCOLN COUNTY on State Highway 54, Section 3 and State Highway 83, Section 3 from Garrett Bridge to the Drew County line, a distance of 8.2 miles, the Director is authorized to construct grading, minor drainage structures, gravel base, and double bituminous surface treatment as a Betterment Project at an estimated cost of \$121,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-181 In LONOKE COUNTY on S. H. 13, Section 9 from Humnoke south to the Jefferson County Line, a distance of 4.15 miles, the Director is authorized to construct minor drainage structures, crushed stone base and single bituminous surface treatment as a Betterment Project at an estimated cost of \$66,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-182 In MISSISSIPPI COUNTY on State Highway 140, Section 3 from Gwinn Street in Osceola to U. S. 61, a distance of 1.90 miles, the Director is authorized to construct a drainage system, widen roadway to twenty-four feet and construct six foot crushed stone shoulders as a Betterment Project at an estimated cost of \$39,000.00.

Work to be done by Maintenance Forces.

- 67-183 In MISSISSIPPI COUNTY on State Highway 18, Section 7 from Interstate 55 to Blytheville, a distance of 1.38 miles, the Director is authorized to widen the existing pavement from nineteen to twenty-four feet with Asphaltic Concrete Hot Mix Base Course, construct Asphaltic Concrete Hot Mix Surface Course for the entire width and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$54,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-184 In MONROE COUNTY on U. S. Highway 70, Section 17 and State Highway 17, Section 3 from U. S. Highway 49 to Interstate 40 through Brinkley a distance of 3.58 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$78,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-185 In POINSETT COUNTY at the Delta Vocational Technical School in Marked Tree the Director is authorized to construct additional drives and parking area in accordance with the attached sketch as a Betterment Project at an estimated cost of \$11,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-186 In POINSETT COUNTY on State Highway 63, Section 9 between Marked Tree and the Crittenden County Line, the Director is authorized to resurface two (2) sections of the existing pavement for a total length of 5.49 miles as a Betterment Project at an estimated cost of \$75,000.00.

Work to be done by Purchase Order Contract.

- 67-187 In POPE COUNTY on State Highway 326, Section 1 from Skyline Drive to the Russellville Recreation Area on Lake Dardanelle a distance of 2.41 miles, the Director is authorized to construct grading, minor drainage structures, gravel base, and Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$70,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces .

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

- 67-188 In PULASKI COUNTY on U. S. Highway 65, Section 12 at Pratt Road, the Director is authorized to construct a temporary channelization as a Betterment Project at an estimated cost of \$20,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-189 In ST. FRANCIS COUNTY on State Highway 38, Section 7, from U. S. Highway 79 to the East City Limits of Hughes a distance of 1.19 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-190 In ST. FRANCIS COUNTY at Crowley's Ridge Vocational Technical School, the Director is authorized to construct Asphaltic Concrete Hot Mix surface on 3.9 miles of drives and parking areas in accordance with the attached sketch as a Betterment Project at an estimated cost of \$12,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-191 In SEBASTIAN COUNTY on U. S. Highway 64, Section 1 on the South Bound Lane of North Tenth Street in Fort Smith, the Director is authorized to remove and reconstruct 500 lineal feet of concrete curb and gutter, 400 square yards of Portland Cement Concrete Base and resurface with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$16,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-192 In UNION COUNTY on State Highway 7, Section 2 from Smackover Creek to Smackover a distance of 3.30 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$31,000.00.

Work to be done by Purchase Order Contract.

- 67-193 In UNION COUNTY on U. S. Highway 82, Section 6 from Hi Bank Creek West a distance of 4.6 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$51,200.00.

Work to be done by Purchase Order Contract.

- 67-194 In YELL COUNTY on State Highway 27, Section 10 from a point 4.75 miles southwest of Chickalah to a point 5.25 miles northeast a distance of 10 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$75,500.00.

Work to be done by Purchase Order Contract.

- 67-195 In BAXTER COUNTY on STATE HIGHWAY 201, Section 0, from White River North approximately 4.1 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-196 In BAXTER COUNTY on STATE HIGHWAY 177, Section 0, from Jct. State Highway 5 to the White River (near Heron) approximately 3.1 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$150,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-197 In BENTON COUNTY on STATE HIGHWAY 94, Section 1, from the end of present pavement near Monte-Ne to Beayer Lake Horseshoe Bend Use Area, approximately 4.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-198 In BENTON COUNTY and STATE HIGHWAY 127, Section 4, from Jct. U. S. Highway 62 to Lost Bridge Use Area of Beaver Lake approximately 6.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$300,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-199 In BOONE COUNTY on STATE HIGHWAY 281, Section 0, from Jct. State Highway 7 north to Jct. State Highway 14, approximately 9.7 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$497,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-200 In BOONE COUNTY, on STATE HIGHWAY 68, Section 0, from Osage Creek west approximately two miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, including the necessary right-of-way and utility adjustments, as a Safety Project at an estimated cost of \$300,000.00.

This project will improve the sight distance and grade at Gallyhard Hill where there have been several fatal accidents.

This action is subject to program approval by the Bureau of Public Roads.

67-201 In CARROLL COUNTY on STATE HIGHWAY 143, Section 1, from Grandview to the Missouri Line, approximately 6.6 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridges as determined after survey, at an estimated cost of \$365,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-202 In CLAY COUNTY on STATE HIGHWAY 139, Section 4, between State Highway 90 and U. S. Highway 62, the Director is authorized as funds are available to construct three (3) bridges (log mile 0.49, 7.44 and 7.94) and approaches at an estimated cost of \$75,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

- 67-203 In CLEBURNE COUNTY on STATE HIGHWAY 225, Section 2, from the Jct. STATE HIGHWAY 356 to Jct. STATE HIGHWAY 16 approximately 5.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$340,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-204 In CRAIGHEAD COUNTY on STATE HIGHWAY 226, Section 2, from the Jackson County Line east to the Intersection of State Highway 18 at Cash, a distance of approximately 5.62 miles, the Director is authorized as funds are available to construct Grading, Minor Drainage Structures, Base and Surfacing at an estimated cost of \$275,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

- 67-205 In CRITTENDEN COUNTY on STATE HIGHWAY 118, Section 3, from Jct. State Highway 42 South, approximately 4.50 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$195,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-206 In FRANKLIN COUNTY on STATE HIGHWAY 23, Section 7, the Director is authorized to construct Bridges and Approaches at South Fork White Oak (Log 3.53) Rock Creek (Log 10.23) and Fain's Creek (Log 16.97) as determined after survey, at an estimated cost of \$120,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-207 In FULTON COUNTY on STATE HIGHWAY 9, Section 14, at the Strawberry River, the Director is authorized to construct Bridge and Approaches as determined after survey, at an estimated cost of \$75,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-208 In FULTON COUNTY on STATE HIGHWAY 289, Section 3, from IZARD County Line to Jct. U. S. Highway 62, approximately 3.1 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$180,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-209 In GREENE COUNTY on STATE HIGHWAY 34, Section 4, from the Intersection with State Highway 135 at Lafe east to the Intersection of State Highway 1 at Marmaduke, a distance of approximately 7.92 miles, the Director is authorized as funds are available to construct Grading, Minor Drainage Structures, Base and Surfacing at an estimated cost of \$366,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

- 67-210 In INDEPENDENCE and JACKSON COUNTIES on STATE HIGHWAY 69, Sections 4 and 5, from the Jct. State Highway 122 to Jacksonport approximately 10.7 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$600,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-211 In IZARD COUNTY on STATE HIGHWAY 289, Section 2, from Jct. State Highway 56 to the Fulton County Line a distance of approximately 7.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of approximately \$500,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-212 In JACKSON COUNTY on STATE HIGHWAY 224, Section 1, from Jct. State Highway 14 South a distance of approximately 12.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and three Bridges as determined after survey, at an estimated cost of approximately \$800,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-213 In LAWRENCE COUNTY on STATE HIGHWAY 231, Section 1, from the Intersection with State Highway 25 north to the Intersection with State Highway 34, a distance of approximately 5.71 miles, the Director is authorized as funds are available to construct Grading, Minor Drainage Structures, Base and Surfacing at an estimated cost of \$280,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

67-214 In LEE COUNTY on STATE HIGHWAY 238, Section 2, from Monroe County Line to Jct. U. S. 79, a distance of approximately 9.2 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and three Bridges as determined after surveys, at an estimated cost of \$567,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-215 In LEE COUNTY on STATE HIGHWAY 261, Section 1, from Jct. State Highway 259 to Holub, approximately 5.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base Surfacing and one Bridge at an estimated cost of \$240,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-216 In LOGAN COUNTY on STATE HIGHWAY 23, Sections 3 and 5, the Director is authorized to construct Bridges and Approaches at Little Six-Mile, Six Mile, and Welden Creek as determined after survey, at an estimated cost of \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-217 In LOGAN COUNTY on STATE HIGHWAY 10, Section 2, the Director is authorized to widen Bridges and Approaches at Prairie Branch (Log 14.27) Reveille Creek (Log 14.34) and extend four R C. Box Culverts (Log Miles 3.10, 11.12, 12.90, & 18.72) and widen Approaches as determined after survey, at an estimated cost of \$150,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-218 In MADISON COUNTY on STATE HIGHWAY 295, Section 1, from Jct. State Highway 74 north to Jct. State Highway 68, approximately 11.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridges as determined after survey, at an estimated cost of \$580,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-219 In MADISON and BENTON COUNTIES on STATE HIGHWAY 127, Sections 2 and 3, from Beaver Lake Reservoir to Jct. State Highway 23 approximately 9.1 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$450,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-220 In MARION COUNTY on STATE HIGHWAY 125, Section 0, from State Highway 235 north to U. S. Highway 62 at Pyatt approximately 7.9 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and replace existing Suspension Bridge with a structure to be determined after survey, at an estimated cost of \$450,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-221 In MONROE COUNTY on STATE HIGHWAY 238, Section 1, from Lee County Line west and north approximately 4.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and one Bridge, as determined after surveys, at an estimated cost of \$195,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-222 In MONROE COUNTY on STATE HIGHWAY 39, Section 9, from Jct. U. S. 49 to Jct. U. S. 79, approximately 5.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of approximately \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-223 In MONTGOMERY COUNTY on STATE HIGHWAY 88, Section 3, the end of Job 4550 to Jct. State Highway 27 at Washita, approximately 3.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$120,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-224 In NEWTON COUNTY on STATE HIGHWAY 327, Section 1, from Parthenon to Jasper, approximately 5.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridges as determined after survey, at an estimated cost of \$310,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-225 In NEWTON COUNTY on STATE HIGHWAY 74, Section 6, from Jasper to Piercetown, approximately 10.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Bridges as determined after survey, at an estimated cost of \$532,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-226 In PHILLIPS COUNTY on STATE HIGHWAY 316, Section 1, from Jct. U. S. 49 south approximately 5.7 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and two Bridges, as determined after surveys, at an estimated cost of \$280,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-227 In PHILLIPS COUNTY on STATE HIGHWAY 39, Section 11, from Turner to Jct. U. S. Highway 49, approximately 9.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and three Bridges, as determined after survey, at an estimated cost of \$428,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-228 In RANDOLPH COUNTY on STATE HIGHWAY 166, Section 1, from Engleberg north and west to the intersection with State Highway 115 at Stokes, a distance of approximately 2.06 miles, the Director is authorized as funds are available to construct Grading, Minor Drainage Structures, Base, Surfacing and two bridges or bridge length culverts at an estimated cost of \$125,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

67-229 In RANDOLPH COUNTY, on STATE HIGHWAY 251, Section 1, between Ingram and Warm Springs, the Director is authorized as funds are available to construct two (2) bridges (log mile 12.04 and 12.92) and approaches at an estimated cost of \$75,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

67-230 In ST. FRANCIS COUNTY on STATE HIGHWAY 334, Section 1, from Jct. State Highway 1 south and east approximately 5.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$250,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-231 In ST. FRANCIS COUNTY on STATE HIGHWAY 306, Section 2, from Woodruff County Line to Pine Tree, approximately 7.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$380,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-232 In SCOTT COUNTY on U. S. HIGHWAY 71, Section 10, at Waldron, the Director is authorized to proceed with surveys, plans, and construction of approximately 6.5 miles of a bypass in accordance with the Highway 71 Route Study Report consisting of Grading, Drainage Structures, Base, Surfacing and Bridges to be determined after survey at an estimated cost of \$1,397,000.00.

This action is subject to program approval by the Bureau of Public Roads Division of the Federal Highway Administration.

67-233 In SEARCY COUNTY on STATE HIGHWAY 235, Section 2, from Jct. U. S. Highway 65 to Marion County Line, approximately 4.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$250,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-234 In SEARCY COUNTY on U. S. HIGHWAY 65, Section 4, from Newton County Line to Buffalo River Bridge approximately 15.7 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, as determined after survey, at an estimated cost of \$1,810,000.00.

This action is subject to program approval by the Bureau of Public Roads Division of the Federal Highway Administration.

67-235 In SEBASTIAN COUNTY on STATE HIGHWAY 10, Section 1, the Director is authorized to widen Six Bridges and Extend one R. C. Box Culvert (Log Miles 0.04, 0.46, 0.80, 4.09, 10.91, 11.49, and 13.13) and Widen Approaches as determined after survey, at an estimated cost of \$190,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-236 In WASHINGTON COUNTY on STATE HIGHWAY 74, Section 1, from Elkins southwest through Sulphur City, approximately 6.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridges as determined after survey, at an estimated cost of \$340,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

67-237 In WASHINGTON COUNTY on STATE HIGHWAY 303, Section 1 and 2, from Mayfield to Benton County Line, approximately 8.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridge as determined after survey, at an estimated cost of \$420,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-238 In WHITE COUNTY on STATE HIGHWAY 31, Section 4, from Jct. State Highway 267 to Romance, a distance of approximately 11.5 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and four bridges as determined after survey, at an estimated cost of approximately \$600,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-239 In WHITE COUNTY on STATE HIGHWAY 323, Section 4, from Wrights Corner to Judsonia, approximately 5.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$250,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-240 In WOODRUFF COUNTY on STATE HIGHWAY 306, Section 1, from Jct. State Highway 39 to St. Francis County Line, approximately 4.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-241 In WOODRUFF and CROSS COUNTIES on STATE HIGHWAY 284, Sections 0 and 1, from Jct. State Highway 39, to Jct. State Highway 193, approximately 9.0 miles, the Director is authorized to construct Grading, Drainage Structures, Bases Surfacing and five Bridges as determined after surveys at an estimated cost of \$470,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies at the time of construction.

- 67-242 Phillips County, Arkansas and Cothma County, Mississippi, INSURANCE COVERAGE FOR HELENA BRIDGE:

WHEREAS, the Arkansas State Highway Commission, on March 22, 1967, by Minute Order No. 67-141, tentatively awarded the insurance coverage for the Helena Bridge to Robert Barksdale Company, Inc., of Jackson, Mississippi, on his apparent low bid of \$27,743.88; and

WHEREAS, it has been determined that Robert Barksdale Company, Inc. submitted an irregular bid, and that

Rector, Means and Rowland, Inc. of Little Rock, Arkansas and Fox-Everett, Incorporated of Jackson, Mississippi

and

Stewart, Snide, Hewes, Inc. of Gulfport, Mississippi submitted the next low bid with identical bids of \$28,837.86;

NOW, THEREFORE, the tentative award to Robert Barksdale Company, Inc. of Jackson, Mississippi is canceled and the contract for insurance coverage for the Helena Bridge is awarded jointly to Rector, Means and Rowland, Inc. of Little Rock, Arkansas and Fox-Everett, Inc. of Jackson, Mississippi, and Stewart, Snide, Hewes, Inc. of Gulfport, Mississippi, subject to the concurrence of the Mississippi State Highway Commission and verification that all license requirements have been met.

67-243 Ashley County, Job No. 2636, Crossett Surfacing, FAP U-010-2(15). The contract for the construction of approximately 1.347 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Shoulders, Asphaltic Treated Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface with Bituminous Treated Shoulders, Concrete Curb and Gutter and Miscellaneous Items in the City of Crossett, U. S. Highway 82, Section 8, is awarded to Ben F. Hawkins, Contractor of Lake Village, Arkansas on their low bid of \$425,425.07, subject to the concurrence of the Bureau of Public Roads.

67-244 Nevada County, Job No. 3646, Prescott-Boughton Road Grading and Structures, FAP I-30-1(24)46. The contract for the construction of approximately 4.826 miles of Grading, Minor Drainage Structures, Gravel Base Course with Double Bituminous Surface Treatment (Local Roads), Erosion Control Items, TWO Composite I-Beam Span Underpass Structures (692.42 Ft. Total), Three Reinforced Concrete Slab Span Bridges (264.0 Ft. Total) and Miscellaneous Items on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 1, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$959,015.08, subject to the concurrence of the Bureau of Public Roads.

67-245 Crawford County, Job No. 4598, Shibley Road-Dyer Interstate Signing, FAP I-40-1(40)9. The contract for the construction of Interstate signing, including delineators, standard signs, guide signs, breakaway sign supports and miscellaneous items on approximately 11.1 miles of the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 1, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$38,988.94, subject to the concurrence of the Bureau of Public Roads.

67-246 Prairie County, Job No. 6890, East Bank White River Bridge Revetment, FAP I-40-4(32)201. The contract for the construction of Earth Fill, Treated Timber Piling and Quarry-Run Stone for Pier No. 17, White River Bridge, north of DeValls Bluff, on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded to Massman Construction Company of Kansas City, Missouri on their low bid of \$78,234.00, subject to the concurrence of the Bureau of Public Roads.

- 67-247 Pope County, Job No. 8613, Russellville Bypass-Atkins (Surfacing), FAP I-40-2(36)85. The contract for the construction of approximately 9.276 miles of Limited Grading, Selected Material, Crushed Stone Base and Shoulders, Portland Cement Concrete Pavement (8" U.T. on Ramps and 9" U.T. on Main Lanes) with Bituminous Treated Shoulders, Erosion Control and Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,946,722.23, subject to the concurrence of the Bureau of Public Roads.
- 67-248 Mississippi County, Job No. 10735, Junction Highway 14-North, FAP State. The contract for the construction of approximately 2.222 miles of Grading, Minor Drainage Structures and Miscellaneous Items on the Denwood to Bondsville Road, State Highway 136, Section 2, is awarded to S. J. Cohen Company of Blytheville, Arkansas on their low bid of \$32,997.40.
- 67-249 Sebastian County, Job No. 4590, District 4 Headquarters Additions, OCD No. Ark. 400-5(67). The contract for the construction of Alterations and Additions to Shop Facilities, District 4 Headquarters at Fort Smith, is awarded to Larsen & Wear, Inc., of Fort Smith, Arkansas on their low bid of \$135,800.00, subject to the concurrence of the Office of Civil Defense.
- 67-250 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, April 26, 1967.

May 24, 1967

67-251 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., May 24, 1967.

67-252 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-243 through 67-249 at the regular meeting of the Commission on April 26, 1967.

67-254 WHEREAS, the present radio system extends over the entire State and all mobile units, base stations and control stations use a single pair of VHF radio frequencies, and,

WHEREAS, the radio traffic load has increased to the point that day to day use is difficult and where reception during an emergency would be endangered, now.

THEREFORE, in order to alleviate this condition and to provide for expected expansion of highway services, the Director is authorized to proceed with the First Phase of work required to provide the expanded facility. The attached plan of modification of the system is made a part of this order.

Expenditure of funds for Phase One shall not exceed \$96,700.00.

67-255 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1967 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

67-256 In CRAWFORD COUNTY on INTERSTATE HIGHWAY 40:

WHEREAS, the existing Weight Station facility on Highway U. S. 71 and State Highway 64 will be bypassed as truck traffic begins to utilize Interstate 40 between Alma and Van Buren when an additional stretch of I-40 is opened from Alma toward Ozark; and

WHEREAS, Weight Station locations have been acquired on both the east and west lanes; and

WHEREAS, it is desirable to cause the new Weight Station facility to be constructed as soon as possible;

NOW THEREFORE, the Director is hereby authorized to proceed in the most feasible and most economical manner in the preparation of construction plans and the construction of a complete Weight Station facility, including driveways, parking areas, housing and installation of new scales and appurtenances, at an estimated cost of \$250,000.00.

67-257 In CRITTENDEN COUNTY on STATE HIGHWAY 42, Section 5, between State Highway 118 and Interstate 55;

WHEREAS, Minute Order No. 66-724 dated December 28, 1966, programmed the construction of three (3) bridges as a State Contract from Betterment Funds to replace the existing inadequate bridges; and

WHEREAS, it has been determined that the Corps of Engineers, U. S. Army, is developing plans for the improvement of the Big Creek Channel at two of these locations and desires to enter into a cost-sharing agreement for the replacement of the bridges in a manner to accommodate the proposed channel;

NOW THEREFORE, the Director is authorized to negotiate a cost-sharing contract with the Corps of Engineers whereby the Department will design and construct the bridges to current design standards for existing traffic.

The Director is further authorized to execute the deeds and easements as may be required by the Corps of Engineers.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

67-258 In CROSS COUNTY on STATE HIGHWAY 42, Section 3;

WHEREAS, Minute Order 4215, dated August 2, 1961 authorized the Director to enter into an agreement with the Corps of Engineers, U. S. Army to construct alterations necessary to

provide crossings over new levees and ditches to be constructed by the Corps of Engineers subject to reimbursement of the costs involved; and

WHEREAS, the construction of the new levees by the Corps of Engineers has altered the normal drainage at Cross County Ditch to the extent that frequent flooding and damage to the bridge and roadway has occurred; and

WHEREAS, it is desirable and necessary to raise the grade of State Highway 42 between the levees for approximately 7100 feet to an elevation above the 50 year frequency design flood; and

WHEREAS, it has been determined that the Corps of Engineers is willing to participate in the necessary improvements to State Highway 42 to the extent of raising and extending the existing Cross County Ditch Bridge and providing 500 feet of relief structures;

NOW THEREFORE, the Director is authorized to design and construct the required alterations to State Highway 42, Section 3, necessary to raise the grade between the levees and to raise and extend Cross County Ditch Bridge and provide 500 feet of relief structures at an estimated cost of \$550,000; and

The Director is further authorized to enter into an agreement whereby the Corps of Engineers will make a lump sum contribution of \$200,000 which has been estimated as the cost to raise and extend the existing Cross County Ditch Bridge and to construct 500 feet of relief structures.

The Director is authorized to execute the necessary deeds and easements as may be required by the Corps of Engineers.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-259 WHEREAS, in JEFFERSON COUNTY, in the CITY OF PINE BLUFF, existing daily traffic on Highway 65 (Fifth Street) between Ohio and Spruce Streets is above the practicable capacity, thus creating traffic congestion and delay; and

WHEREAS, one of the major preliminary conclusions of the Traffic Operations Phase of the Pine Bluff Area Transportation Study is that the existing traffic delay and congestion could be alleviated through the development of Fifth and Sixth Streets as a one-way couplet between Ohio and Spruce Streets; and

WHEREAS, the Pine Bluff City Council, by Resolution dated March 7, 1967, requested the Department to properly sign and mark the one-way couplet;

NOW THEREFORE, IT IS ORDERED, and the Director is hereby authorized to proceed with installation of proper signs to provide for the following as shown on the attached sketch:

1. Fifth Street -- One-way west between Ohio and Spruce Streets.
2. Sixth Street -- One-way east between Ohio and Spruce Streets.
3. U.S. 79 -- Northbound on Mulberry Street between Sixth and Fifth Streets.

FURTHER, it is understood and agreed that this is a temporary action. Upon completion of the first stage of the Pine Bluff Expressway, 6th Street between Ohio and Spruce Streets will revert to the City.

67-260 In WASHINGTON COUNTY on STATE HIGHWAY 16, SECTION 3, in FAYETTEVILLE:

WHEREAS, it has been determined that the St. Louis-San Francisco Railway Company crossing of State Highway 16 in Fayetteville is hazardous and automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights at this crossing at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis-San Francisco Railway Company will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-261 WHEREAS, the Purchasing Committee has awarded purchases on May 1, May 8, May 15 and May 22, 1967 in the amounts of \$125,398.09, \$100,966.59, \$73,987.72 and \$189,880.37 respectively, totaling \$490,232.77, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-262 WHEREAS, pursuant to authority conveyed in Minute Order 67-146 bids were invited under purchase order contract procedure for the purchase of one twin engine aircraft fully equipped for instrumental flying including essential radio and navigational instruments and adapted for aerial camera with two (2) bids received for opening on May 16, 1967, and

WHEREAS, the Purchasing Committee on May 22, 1967, recommended that the low bid be accepted,

IT IS ORDERED that Bid No. M-67-848 be awarded to Little Rock Airmotive, Inc. on their low bid of \$194,445.

67-263 WHEREAS, in CROSS COUNTY on Highway 42 at the St. Francis River, bids were invited under Purchase Order Contract procedure for precast concrete bridge units to be delivered and placed with one bid received for opening on April 25, 1967, and

WHEREAS, the Purchasing Committee on May 1, 1967, recommended that this bid be accepted,

IT IS ORDERED that this work designated as Job No. 11-553 be awarded to Choctaw, Inc. of Little Rock on their bid of \$99,832.82.

67-264 In GARLAND COUNTY on U. S. Highway 270 from Hot Springs East a distance of 2.08 miles, bids were invited under Purchase Order Contract procedure for the construction of asphaltic concrete hot mix base and surface with two bids received for opening on April 27, 1967, and

WHEREAS, the Purchasing Committee on May 1, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designed as Job No. 6-557 be awarded to the Mid-State Construction Company of Malvern on their low bid of \$47,847.10.

67-265 WHEREAS, in MISSISSIPPI COUNTY on State Highway 18 in the city of Blytheville, bids were invited under Purchase Order Contract Procedure for the widening resurfacing of 1.38 miles of the existing pavement with two bids received for opening on May 18, 1967, and

WHEREAS, the Purchasing Committee on May 22, 1967, recommended that the low bid be accepted,

IT IS ORDERED that the work designated as Job No. 10-559 be awarded to Hughes and Company, Inc. of Blytheville on their low bid of \$43,603.53.

67-266 WHEREAS, in MONROE COUNTY on U. S. Highway 79, between the White River Bridge and Highway 86, bids were invited under Purchase Order Contract procedure for the resurfacing of 1.92 miles of the existing pavement with Asphaltic Concrete Hot Mix with 2 bids received for opening on May 9, 1967,

WHEREAS, the Purchasing Committee on May 15, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 11-554 be awarded to the L & N Asphalt Co. of Stuttgart on their low bid of \$26,577.00.

67-267 WHEREAS, in POINSETT COUNTY on State Highway 63, Section 1 between the Crittenden County line and Marked Tree, bids were invited under Purchase Order Contract Procedure for the resurfacing of 5.5 miles of the existing pavement with asphaltic concrete hot mix with two bids received for opening on May 18, 1967, and,

WHEREAS, the Purchasing Committee on May 22, 1967, recommended that the low bid be accepted,

IT IS ORDERED that the work designated as Job No. 10-561 be awarded to Vern Barnett Construction of Jonesboro on their low bid of \$57,576.00.

67-268 WHEREAS, in ST. FRANCIS AND CRITTENDEN COUNTIES on U. S. Highway 70, between Highway 38 and Interstate 40, bids were invited under Purchase Order Contract procedure for the resurfacing of 9 miles of the existing pavement with Asphaltic Concrete Hot Mix with 4 bids received for opening on May 9, 1967, and,

WHEREAS, the Purchasing Committee on May 15, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this Job designated as 11-555 be awarded to the Ben M. Hogan Company, Inc. of Little Rock on their low bid of \$100,447. 30.

67-269 WHEREAS, in ST. FRANCIS and CRITTENDEN COUNTIES on U. S. Highway 70, between Highway 38 and Interstate 40, bids were invited under Purchase Order Contract procedure for the resurfacing of 6 miles of the existing pavement with Asphaltic Concrete Hot Mix with 4 bids received for opening on May 9, 1967, and,

WHEREAS, the Purchasing Committee on May 15, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this Job designated as 11-557 be awarded to the Ben M. Hogan Company, Inc. of Little Rock on their low bid of \$71,370.44.

67-270 WHEREAS, in YELL COUNTY on State Highway 27, Section 10, Southwest of Dardanelle, bids were invited under Purchase Order Contract Procedure for the resurfacing of approximately ten (10) miles of the existing pavement with asphaltic concrete hot mix with one bid received for opening on May 16, 1967, and,

WHEREAS, the Purchasing Committee on May 22, 1967, recommended that this bid be accepted,

IT IS ORDERED that the work designated as Job No. 8-560 be awarded to the Ben M. Hogan Company of Little Rock on their bid of \$73,425.50.

67-271 In ARKANSAS COUNTY, IT IS ORDERED that upon the completion of Job 2564, between DeWitt and St. Charles, the following changes to State Highways be made:

1. The official, designated location of State Highway No. 1, section 5, shall be in accordance with the new location as constructed by Job 2564.

2. The portion of State Highway No. 153, section 1, from the junction of old State Highway 1 west of St. Charles, west for 1.23 miles, is hereby redesignated as a part of State Highway 1, section 5.

3. That part of old State Highway No. 1, section 5, from the junction of State Highway No. 153, section 2, west to the junction of the new location, is hereby redesignated as a part of State Highway No. 153, section 2.

4. That part of old State Highway No. 1, section 5, from the junction of the new location at the SE corporate limits of St. Charles, northwesterly and southwesterly to the SW corporate limits, is hereby redesignated as State Highway No. 1 Spur, section 5 spur.

5. That part of the old location of State Highway No. 1, section 5, from the junction of State Highway No. 153, section 2, east of Van, north to the junction of old 153, section 1, including a "Wye" leg connection; and that part of old State Highway No. 1, section 5, from the SW corporate limits of St. Charles westerly to the junction of the new location just west of State Highway No. 17; and that part of State Highway No. 17, section 0, between the old and new locations of State Highway 1 west of St. Charles, are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

67-272 In HEMPSTEAD COUNTY at the Red River Vocational Technical School near Hope, an access driveway from State Highway 29, approximately 775 feet in length, was added to the access driveway network of the State Highway System by Minute Order 66-293 of June 22, 1966.

This action is hereby amended and supplemented by the addition of a loop drive around the Vocational School Building, a distance of approximately 1,200 feet, as shown on the attached sketch; which loop drive is hereby made a part of the access driveway network of the State Highway System.

Except as modified herein, Minute Order 66-293 remains unchanged.

67-273 In LOGAN COUNTY, in the vicinity of New Blaine, IT IS ORDERED that upon completion of Job 4498, the following changes to the State Highway System be made:

1. The official location of State Highway No. 22, section 4, shall be in accordance with the location as constructed by Job 4498.

2. The portion of the old location of State Highway 22 from the junction of the old and new locations of State Highway 22 east of New Blaine, northwesterly and southwesterly through New Blaine to the junction of the new location just south of Mill Creek, is hereby redesignated as State Highway 197, sections 1 and 2.

3. That portion of the old location of State Highway 22 that is south of the new location in Section 10, T7N, R23W, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

67-274 In WOODRUFF COUNTY, in the vicinity of Patterson and McCrory, upon the completion of Job 11718, IT IS ORDERED that the following changes to the State Highway System be made:

1. The official location of State Highway No. U. S. 64, sections 13 and 14, shall be in accordance with the new location as constructed by Jobs 11699 and 11718.

2. The one-block North-South section of old U. S. 64, sec. 14, in Patterson is hereby made a part of State Highway No. 17, section 4.

3. The section of old U. S. 64, sec. 14, in McCrory between the junctions of State Highways 145, section 4, and 17, section 5, is hereby made a part of State Highway 145, section 4.

4. The portion of State Highway No. 17, section 5, between the junction of the new location north of McCrory and the old location in McCrory; and that part of the old location of U. S. 64, section 14, from the junction of State Highway 17 in McCrory west to the junction of State Highway 17 in Patterson, is hereby redesignated as State Highway No. U. S. 64 Business Route, section 14B.

5. The portion of old U. S. 64, section 13, from the junction of State Highway 17 in Patterson, west to the new location of U. S. 64; and that portion of old U. S. 64, section 14, from the junction of State Highway 145, section 4, in McCrory, east to the new location, are hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this Order.

67-275 In JEFFERSON COUNTY on INSTITUTIONAL ROAD No. 832, Section 1, at Tucker Prison Farm, the Director is Authorized to construct Grading, Base and Surfacing of a drive and parking area in front of the Administration Building at an estimated cost of \$4,000.00 as shown on the attached sketch.

The work to be accomplished by State forces using Routine Maintenance Funds.

67-276 In BENTON COUNTY on U. S. Highway 62, Section 2 through the City of Rogers, a distance of 2.02 miles, the Director is authorized to resurface the existing asphalt and concrete pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$28,400.00.

Work to be done by Purchase Order Contract.

67-277 In BENTON COUNTY on State Highway 68, Section 0 from the Washington County Line west, a distance of 8 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$83,500.00.

Work to be done by Purchase Order Contract.

- 67-278 In CARROLL COUNTY on State Highway 68, Section 4 from Alpena west, a distance of 8 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated Cost of \$99,700-

Work to be done by Purchase Order Contract.

- 67-279 In COLUMBIA COUNTY on U. S. Highway 82, Section 3 from the Lafayette County line to the Junction of Highway 98 a distance of 6.95 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment on the shoulders as a Betterment Project at an estimated cost of \$83,500.00.

Work to be done by Purchase Order Contract.

- 67-280 In CRAWFORD COUNTY on State Highway 59, Section 5 on Fourth Street in Van Buren a distance of 0.45 mile, the Director is authorized to construct concrete curb and gutter, crushed stone base and asphaltic concrete hot mix surface as a Betterment Project at an estimated cost of \$18,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-281 In CRAWFORD COUNTY on State Highway 348, Section 1, the Director is authorized to construct new decks on the Cetar Creek and Big Frog Bridges (total length 397 feet) as a Betterment Project at an estimated cost of \$12,000.00.

Work to be done by Maintenance Forces.

- 67-282 In CRITTENDEN COUNTY on U. S. 63, Section 10 from the Poinsett County Line south, a distance of 1.5 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$25,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 67-283 In HOWARD COUNTY on State Highway 27, Section 2, from Mineral Springs West a distance of 5.57 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$48,100.00.

Work to be done by Purchase Order Contract.

67-284 In MISSISSIPPI COUNTY on S. H. 136, Section 2 from Bondsville to Highway 14, a distance of 3.36 miles, the Director is authorized to construct base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$46,000.00.

Base material to be dumped on the road by contract and surface treatment to be placed by State Forces.

This will delete base and surfacing of Item No. 101, Minute Order 64-375, Job No. 10735, Jct. S. H. 14-North.

67-285 In OUACHITA COUNTY on U. S. Highway 79, Sections 3 and 4 from Center Street in Camden to the Junction of Highway 4 a distance of 4.52 Miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$66,400.00.

Work to be done by Purchase Order Contract.

67-286 In PERRY COUNTY on Highway 10, Section 5 from Perry to Adona, a distance of 6.5 miles, the Director is authorized to construct Asphaltic Concrete Hot Mix Base and surface on the existing pavement as a Betterment Project at an estimated cost of \$122,000.00.

Work to be done by Purchase Order Contract.

67-287 In PRAIRIE COUNTY on State Highway 249, Section 1 from State Highway 11 West a distance of 2.25 miles, the Director is authorized to construct grading, crushed stone base and single bituminous surface treatment as a Betterment Project at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-288 In PULASKI COUNTY on State Highway 338, Section 1 from Interstate 30 East to Highway 367 a distance of 4.39 miles, the Director is authorized to resurface the existing pavement with asphaltic hot mix concrete base and surface as a Betterment Project at an estimated cost of \$74,400.00.

Work to be done by Purchase Order Contract.

67-289 In SEBASTIAN COUNTY on State Highway 59 Truck Route in Fort Smith from North "B" Street to Midland Boulevard a distance of 1.52 miles, the Director is authorized to resurface the existing surface with asphaltic concrete hot mix as a Betterment Project at an estimated cost of \$17,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-290 In YELL COUNTY on State Highway 7, Section 13 from Ola to Dardanelle the Director is authorized to resurface selected sections with Asphaltic Concrete Hot Mix for a total length of 7 miles as a Betterment Project at an estimated cost of \$72,400,00.

Work to be done by Purchase Order Contract.

67-291 In BRADLEY COUNTY on State Highway 160, Section 9, from Vick to the Rock Island Railroad at Ingalls, approximately 5.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$220,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-292 In BRADLEY COUNTY on STATE HIGHWAY 160, Section 9, from the Rock Island Railroad at Ingalls to the Junction of Highway 15 at Hermitage, approximately 5.7 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing, at an estimated cost of \$200,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-293 In CALHOUN COUNTY on U. S. HIGHWAY 167, Section 3 from the Junction of Highway 172 to the Junction of Highway 4 in Hampton approximately 6.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$720,000.00.

This action is subject to program approval by the Bureau of Public Roads.

67-294 In CALHOUN COUNTY on STATE HIGHWAY 274, Section 3, from Sulphur Springs to the Dallas County line approximately 5.9 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$205,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-295 In CLARK COUNTY on STATE HIGHWAY 53, Section 0, from Hollywood to the Junction of Highway 8, approximately 7.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base, and Surfacing at an estimated cost of \$280,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-296 In CLARK COUNTY on STATE HIGHWAY 51, Section 0, from the Junction of Highway 53 to the Junction of U. S. Highway 67, approximately 8.4 miles, the Director is

authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$375,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-297 In COLUMBIA COUNTY on U. S. HIGHWAY 79, Section 1, from North Emerson to Nations Creek, approximately 8.9 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Widen Five Bridges, as determined after survey, at an estimated cost of \$1,167,000.00.

This action is subject to program approved by the Bureau of Public Roads.

67-298 In COLUMBIA COUNTY on STATE HIGHWAY 98, Section 3 from North Atlanta to the Junction of U. S. Highway 82, approximately 6.9 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$275,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-299 In CRITTENDEN COUNTY on STATE HIGHWAY 191, Section 1:

WHEREAS, permission has been requested to construct an Industrial spur track crossing State Highway 191, Section 1, at approximate Station 47+00 to serve an Industrial park east of the highway;

NOW THEREFORE, the Director is authorized to grant a permit to the St. Louis-San Francisco Railway Company to construct the proposed crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the crosswise and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.
3. That the Company provide warning signs displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

67-300 In DALLAS COUNTY on STATE HIGHWAY 273, Section 2, from the Junction of Highway 229 to the Junction U. S. Highway 167, approximately 2.3 miles, the Director is

authorized to construct Grading, Drainage Structures, Base, Surfacing and replace one Railroad Overpass as determined after survey, at an estimated cost of \$130,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-301 In DALLAS COUNTY on STATE HIGHWAY 128, Section 1, from the junction of Highway 7 in Sparkman to the Junction of Highway 207, approximately 2.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Widen One Bridge as determined after survey at an estimated cost of \$175,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-302 In HEMPSTEAD COUNTY on STATE HIGHWAY 355, Sections 3 and 3Y, from Spring Hill to Bois D'Arc Lake, approximately 4.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$140,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-303 In HEMPSTEAD COUNTY on STATE HIGHWAY 29, Section 3, from South City Limits to Junction U. S. Highway 67 in Hope, approximately 2.4 miles, the Director is authorized to Widen Base and Surfacing and Reconstruct Curb and Gutter, at an estimated cost of \$216,000.00.

- 67-304 In HEMPSTEAD and NEVADA COUNTIES, on STATE HIGHWAY 35S, Sections 4 & 5, from Patmos to Falcon, the Director is authorized to construct Bridges and Approaches, as determined after survey, at an estimated cost of \$80,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-305 In HOWARD COUNTY on STATE HIGHWAY 4, Section 2, from Baker Creek to Umpire, approximately 7.4 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and three Bridges as determined after survey, at an estimated cost of \$393,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-306 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 5, from McKamie to Walker Creek, approximately 5.6 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$250,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-307 In LAFAYETTE COUNTY on STATE HIGHWAY 313, Section 1, from Junction Highway 53 to Lewisville, the Director is authorized to construct Bridges and Approaches as determined after survey, at an estimated cost of \$160,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-308 In LAFAYETTE COUNTY on STATE HIGHWAY 29, Sections 1 & 2 from Junction U. S. Highway 82 in Lewisville to Palm, approximately 8.3 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$960,000.00,

This action is subject to program approval by the Bureau of Public Roads.

- 67-309 In LITTLE RIVER COUNTY on STATE HIGHWAY 108, Section 3, from Junction Highway 234, South, approximately 8.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Bridges as determined after survey, at an estimated cost of \$406,500.00,

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-310 In LITTLE RIVER COUNTY on STATE HIGHWAY 234, Section 1, near Winthrop, the Director is authorized to construct Bridges and Approaches as determined after survey, at an estimated cost of \$50,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-311 In MILLER COUNTY on STATE HIGHWAY 134, Section 1, from Junction Highway 196 South, approximately 3.2 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and one Bridge as determined after survey, at an estimated cost of \$142,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-312 In MILLER COUNTY on STATE HIGHWAY 196, Section 1, from Greenwich Village to Central, approximately 7.10 miles, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing at an estimated cost of \$290,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-313 In MILLER COUNTY on U. S. HIGHWAY 67, Section 1, from Junction U. S. Highway 82 to Junction Highway 245 (Texarkana Loop Route) approximately 1.8 miles, the Director is authorized to construct 4 lanes to Junction Highway 245 and Resurface the existing 4 lanes at an estimated cost of \$235,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 67-314 In NEVADA COUNTY on STATE HIGHWAY 299, Section 2, from Junction Highway 19 to Morris, approximately 6.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and three Bridges as determined after survey, at an estimated cost of \$301,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-315 In OUACHITA COUNTY on STATE HIGHWAY 368, Section 2, from the Junction of Highway 24, to the Nevada County Line, approximately 4.3 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Bridges as determined after survey, at an estimated cost of \$250,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-316 In OUACHITA COUNTY on STATE HIGHWAY 24, Section 6, from the Junction of Highway 4 Northwest towards Bragg City, approximately 7.3 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Bridge as determined after survey, at an estimated cost of \$1,210,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-317 In PIKE COUNTY on STATE HIGHWAY 369, Section 3, from Junction Highway 70 to Langley, approximately 5.8 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and one Bridge as determined after survey, at an estimated cost of \$313,500.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-318 In PIKE COUNTY on STATE HIGHWAY 84, Section 2, from Howard County Line to Langley, approximately 5.7 miles, the Director is authorized to construct Grading Drainage

Structures, Base, Surfacing, and three Bridges as determined after survey, at an estimated cost of \$374,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-319 In PIKE and HOWARD COUNTIES on STATE HIGHWAY 369, Sections 1 & 2, from Briar to New Hope, the Director is authorized to construct Bridges and Approaches as determined after survey, at an estimated cost of \$85,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with applicable Highway Commission policies.

67-320 In SEVIER COUNTY on STATE HIGHWAY 380, Section 1, from Junction U. S. Highway 71 to Cossatot River, the Director is authorized to construct Bridges and Approaches as determined after survey, at an estimated cost of \$1180,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

67-321 In SEVIER COUNTY on U. S. HIGHWAY 71, Section 5, from the end of Job 3611 west of Ben Lomond north approximately 5.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Widen two Bridges as determined after survey, at an estimated cost of \$875,000.00.

This action is subject to program approval by the Bureau of Public Roads.

67-322 In SEVIER COUNTY on U. S. Highway 71, Section 5, from Lockesburg south approximately 5.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing, and Widen three Bridges, as determined after survey, at an estimated cost of \$895,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 67-323 In UNION COUNTY on STATE HIGHWAY 129, Section 1, from Strong Southeast, approximately 8.0 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Bridges as determined after survey, at an estimated cost of \$485,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-324 In UNION COUNTY on STATE HIGHWAY 57, Section 3, from the Junction of U. S. Highway 82 at Marysville North to the Columbia County Line, approximately 7.3 miles, the Director is authorized to construct Grading, Drainage Structures, Base, Surfacing and Bridges as determined after survey, at an estimated cost of \$375,000.00.

Furnishing of right-of-way and adjustments of utilities shall be in accordance with the applicable Highway Commission policies.

- 67-325 In UNION COUNTY on U. S. HIGHWAY 82, Section 6 & 7, from 0.9 miles west of Strong to 2.9 miles east of Strong, approximately 3.8 miles total, the Director is authorized to construct Grading, Drainage Structures, Base and Surfacing and Replace Three Bridges as determined after survey, at an estimated cost of \$800,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 67-326 St. Francis County, Job No. 11763, Jct. Hwy. 38-Hwy. 75 Surfacing, FAP I-40-5(52)249. The contract for the construction of approximately 7.783 miles of Gravel Base Course, Portland Cem. Concrete Pavement Continuously Reinforced (8" U.T.), DBST on Shoulders, Erosion Control and Misc. Items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Austin Road Company and Worth Construction Company of Dallas, Texas, on their low bid of \$1,840,274.90, subject to the concurrence of the Bureau of Public Roads.

- 67-327 St. Francis County, Job No. 11764, Hwy. 75-Shearerville Surfacing, FAP I-40-5(53)258. The contract for the construction of approximately 8.033 miles of Limited Grading, Gravel Base Course, Portland Cement Concrete Pavement-Continuously Reinforced (8" U.T.), DBST (Shoulders), Erosion Control Items & Misc. Items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Austin Road Company and Worth Construction Company of Dallas, Texas, on their low bid of \$2,008,417.69, subject to the concurrence of the Bureau of Public Roads.

- 67-328 Franklin County, Job No. 4519, Logan Co. Line-Jct. Hwy. 96 Bridges & Approaches, FAP S-3(3). The contract for the construction of approximately 0.880 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bit. Surface Treatment, 1 Bridge Length Culvert. (22.17 ft.), 2 R.C. Slab Span Bridges (200.0 ft. total), 2 Composite I-Beam Span Bridges. (377.66 ft. total) & Misc. Items on the Caulksville-Ozark Road, State Highway 23, Section 6, is awarded to Barber Bridge Builders, Inc. of Fort Smith, Arkansas, on their low bid of \$281,981.55.

- 67-329 Hot Spring & Saline Counties, Job No. 6869, Clark County Line-Hwy. 67 (Fencing), FAP I-30-2(79)80. The contract for the construction of approximately 27.32 miles of Interstate Fencing including Woven Wire Fence & Gates, Steel Plate Guard Fence, Chain Link Fence Glare Screens and Misc. Items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to Texas Fence Company of Pine Bluff, Arkansas, on their low bid of \$208,036.05, subject to the concurrence of the Bureau of Public Roads.
- 67-330 Hot Spring County, Job No. 6883, Midway-Social Hill Surfacing, FAP I-30-2(77)85. The contract for the construction of approximately 5.234 miles of Limited Grading, Minor Drainage Structures, Selected Material, Gravel Base & Shoulders, Portland Cement Concrete Pavement (8" & 10" U.T.), Asphaltic Concrete Hot Mix Base & Surface, Bit. Treated Shoulders, Concrete Curb & Gutter, Erosion Control & Misc. Items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to T. L. James & Company, Inc. of Ruston, Louisiana, on their low bid of \$1,122,839.33, subject to the concurrence of the Bureau of Public Roads.
- 67-331 Pulaski County, Job No. 6885, West Chicot Road Drainage Structure, FAP I-30-2(78)132. The contract for the construction of Limited Grading, Crushed Stone Base, Portland Cement Conc. Paving (10" U.T.), Bituminous Surface Treatment (Frontage Roads & Shoulders) & Misc. Items to construct one R. C. Box Culvert (10' x 6' x 248") on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 2, is awarded to Bituminous, Inc. of Pine Bluff, Arkansas, on their low bid of \$46,660.80, subject to the concurrence of the Bureau of Public Roads.
- 67-332 Calhoun County, Job No. 7650, Thornton Bypass, FAP F-021-1(31) & FG-021-1(33). The contract for the construction of approximately 2.751 miles of Grading, Minor Drainage Structures, Gravel Subbase, Gravel Base Shoulders with DBST, Asphalt Treated Gravel Base, ACHM Base & Surface Courses, Erosion Control, Fencing, Concrete Curbs, Two Composite I-beam Span Overpass Structures, (386.08 ft. total) & Misc. Items on the Fordyce-Hampton Road, U. S. Highway 167, Section 7, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$579,812.41, subject to the concurrence of the Bureau of Public Roads.
- 67-333 Mississippi County, Job No. 10745, Tyrnza River Bridge & Approaches, FAP S-317(8). The contract for the construction of approximately 1.307 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Surface Treatment, One Combination Composite I-Beam & Reinforced Concrete Slab Span Bridge (350.0 ft.) & Misc. Items on the Denwood-Bondsville Road, State Highway 77, Section 3, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$155,655.091.
- 67-334 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:45 P.M., Wednesday, May 24, 1967.

June 28, 1967

67-335 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 28, 1967.

67-336 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-326 through 67-333 at the regular meeting of the Commission on May 24, 1967, and Job 8627 awarded by the Purchasing Committee on June 12, 1967.

67-338 WHEREAS, the Arkansas State Highway Commission is the title holder and possessor of a portion of Lots 9 and all of Lots 10 and 11 of and in the Chase Addition to the Town of Marion, Crittenden County, Arkansas, which abut an alley located between lots facing Lincoln Avenue and U. S. Highway 64;

WHEREAS, Mr. & Mrs. Dana F. Sulcer, owners of Lots 5, 6, 7, 8 and portion of Lot 9, also Lots 29, 30, 31, 32, 33, 34 and 35, and Mr. & Mrs. Milio Brunetti owners of Lots 1, 2, 3 and 4, also Lots 36, 37, 38, 39 and 40, which abut on either side of aforementioned alley in the Chase Addition are desirous of petitioning the City of Marion to close this alley so that full utilization of the property may be secured; and

WHEREAS, the remaining portion of this alley East of Logan Street was closed by the City of Marion by Ordinance 93, dated September 12, 1966, it is considered advantageous to join with the above mentioned private property owners in petitioning the City to close public traffic way;

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission express approval of the State Highway Commission to closing alley upon representation to the City of Marion, Arkansas by property owners involved.

67-339 WHEREAS, The Conway Development Corporation conveyed by Warranty Deed dated April 3, 1965 certain property for right of way needed for Interstate Highway 40 and State Highway 286, in Conway, Faulkner County, Arkansas;

WHEREAS, The Arkansas State Highway Commission, in the construction of this project, has concluded that a portion of the right of way acquired for building State Highway 286 Job 8467, F. A. P. S-551(1) is not required. Field Change Number 2 dated January 13, 1967 covers change in right of way needs which will release the following property to the Conway Development Corporation:

Part of the Southeast Quarter and the Southwest Quarter of Section 18, Township 5 North, Range 13 West, Faulkner County, Arkansas, more particularly described as follows:

Starting at the Northeast Corner of the Southeast Quarter of Section 18; thence South 2ø 11' West along the East line thereof a distance of 733.4 feet to a point on the existing Northerly right of way line of Interstate Highway No. 40; thence South 67ø 10' West along said existing right of way line a distance of 179.0 feet to a point; thence South 29ø 04' West along said existing right of way line a distance of 301.4 feet to a point; thence South 61ø 25' West along said existing right of way line a distance of 95.0 feet to a point; thence North 88ø 02' West along said existing right of way line a distance of 2,050.0 feet to the point of beginning; thence continuing North 88ø 02' West a distance of 366.9 feet to a point; thence North 56ø 51' West a distance of 38.6 feet to a point; thence South 85ø 10' East a distance of 400.5 feet to the point of beginning and containing .08 Acre.

NOW THEREFORE BE IT HEREBY RESOLVED, that the Chairman be and he is hereby authorized and directed to execute a Quitclaim Deed conveying the described lands to the Conway Development Corporation for and in Consideration of One and no/100 Dollars, (\$1.00), and other good and valuable consideration.

67-340 In FAULKNER COUNTY, on STATE HIGHWAY 89, SECTION 3,

WHEREAS, Minute Order 67-99 awarded a contract on Job No. 8615, Lake Conway Bridge & Approaches, to Bradco Construction, Inc., of Warren, Arkansas, on February 22, 1967; and

WHEREAS, A Work Order was issued to Bradco Construction, Inc., dated April 3, 1967, for Job 8615; and

WHEREAS, Bradco Construction, Inc., moved certain equipment on the job and erected the required signing and did other preliminary work toward the construction; and

WHEREAS, on the 21st day of April, 1967, the Chancery Court within and for Faulkner County of Arkansas, Case No. 10017, entered an injunction against the Highway Department, enjoining and restraining it from further construction on said job, until the said Highway Department posted a bond with the said court in the sum of Twenty Thousand and No/100 (\$20,000.00) Dollars, to guarantee the damages to one Melvin C. Holmes, a landowner adjacent to the right-of-way to said construction; and

WHEREAS, the injunction issued by the Court April 21, 1967, has from the date thereof to the present time delayed the commencement and progress of work on Job 8615; and

WHEREAS, it is the policy of the Highway Commission to construct Secondary roads, financed exclusively with State funds only where the right-of-way is furnished without cost to the State, free of man-made obstructions; and

WHEREAS, the contract was awarded on the basis of a County Court Order condemning the right-of-way for said construction; and

WHEREAS, the contractor has advised the Department that it cannot proceed with the construction on the basis of the contract prices because of the delays and increased prices and costs brought about thereby; and

WHEREAS, such increased cost is certain, but the amount thereof is unknown at the time when the work might be permitted, and the cost of construction might be greater under the existing contract than under a new contract as shown by a letter from the Contractor attached hereto and made a part hereof;

NOW THEREFORE, the Arkansas State Highway Commission hereby cancels said contract with the Bradco Construction, Inc., with its consent and approval, and authorizes and directs the out-of-pocket expenses expended by the said Bradco Construction, Inc., in connection with Job No. 8615 to be paid in satisfaction and settlement of said contract, the amount thereof having been submitted by the said Bradco Construction, Inc., and examined by the Commission and Department personnel, and found to be reasonable and correct in the sum of One Thousand Nine Hundred Thirty-Two and 90/100 (\$1,932.90) Dollars, as shown by a letter attached hereto, which letter contains three (3) attachments.

67-341 WHEREAS, increased electrical service capacity was required to serve the electrical requirements of the new Central Office Building, and the Arkansas Power and Light Company was requested to provide a ground mounted transformer station and an underground primary electrical distribution system to serve same; and

WHEREAS, an agreement dated June 14, 1966, was entered into with the Arkansas Power and Light Company to provide for such increased capacity of electrical service; and

WHEREAS, a supplemental agreement for Contribution in Aid of Construction was also entered into on June 14, 1966, to provide for the underground service facilities, and said

supplemental agreement also provided that the Highway Department would convey by written instrument Easements and Rights of Way for the installation, maintenance and operation of company's installations and underground circuits on and across the Department's Central Offices property.

NOW THEREFORE, the Chairman is hereby authorized to execute and convey the attached Easement and Right of Way to the Arkansas Power and Light Company granting the before agreed to rights and privileges to construct, operate and maintain company's underground electrical distribution circuits upon, over, underneath and across the Central Office property in the location as described therein and as such electrical distribution facilities are presently installed and situated on said property.

67-342 WHEREAS, MINUTE ORDER 67-105 authorized the Highway Department to advance funds to the Arkansas Turnpike Authority for the purpose of conducting feasibility studies in an amount not to exceed \$100,000.00; and

WHEREAS, it has been determined by the Attorney General of the State of Arkansas that the Highway Commission does not have the legal authority to advance funds, but can do the work subject to reimbursement by the Arkansas Turnpike Authority;

NOW THEREFORE, the Director is authorized to sign an Agreement with the Turnpike Authority on behalf of the Arkansas Highway Commission which would allow the Arkansas Highway Department to do preliminary plans and preliminary feasibility studies for approximately 1200 miles of possible corridors as shown on MINUTE ORDER 67-105, subject to reimbursement for the work if and when bonds are sold or other monies become available to the Arkansas Turnpike Authority.

67-343 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable;

NOW, THEREFORE, THE DIRECTOR IS AUTHORIZED to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1968, at a cost of \$13,200.00, to be paid to the National Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning and Research Division of the HPR-1(5) funds.

67-344 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information available; and

WHEREAS, the U. S Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the U. S. Geological Survey for the period July 1, 1967, to June 30, 1968, on an expanded service basis involving the expenditure of State Funds in the amount of \$30,000.00, to the end that we are provided more drainage data and information.

67-345 WHEREAS, the Purchasing Committee has awarded purchases on May 29, June 5, 12, 19, and 26, 1967 in the amounts of \$224,052.84, \$241,216.67, \$168,336.79, \$325,272.01 and \$176,442.94 respectively, totaling \$1,135,321.25, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-346 WHEREAS, on May 3, 1967, the Procurement Officer for the Department advertised for delivery of asphalt products on a supply contract for the fiscal year beginning July 1, 1967; and

WHEREAS, bids were received, opened, and read on May 22, 1967 and after a review by members of the Internal Audit Section, on June 26, 1967 the Purchasing Committee made a tentative award, based on low bids at plant and destination points, with the tentative award being made without prejudice to rights that may have accrued or may accrue either to the Department or any vendor, and subject to ratification by the Commission;

NOW THEREFORE, after reviewing the actions of the Purchasing Committee, the Highway Commission ratifies their actions in all respects.

67-347 IN WOODRUFF COUNTY, IT IS ORDERED that, upon issuance of the proper Court Order by the County Judge of Woodruff County in accordance with the provisions of Section 4, Act 150 of 1961, the official routing of State Highway No. 269 Section 1 shall be from the junction of State Highway 37, easterly generally along the section line between sections 22 and 27, 23 and 26, 24 and 25, T8N, R2W, and 19 and 30, 20 and 29, 21 and 28, T8N, RIW to a road junction near the NE corner of the NW1/4, section 28, T8N, RIW, thence southerly to junction of U. S. 64 near Morton; and that portion of present State Highway No. 269 Section 1 from the junction of State Highway 17 north of McCrory, easterly and northerly to the junction of the new route of State Highway 269 at the section corner of sections 23, 24, 25 and 26, T8N, R2W, a distance of approximately 3.25 miles is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

67-348 In CONWAY COUNTY on State Highway 154, Section 1 from Oppelo to Petit Jean Mountain, a distance of 6.0 miles, the Director is authorized to construct bituminous stabilized base course, Asphaltic Concrete Hot Mix surface course and shoulders as a Betterment Project at an estimated cost of \$155,000.00.

Work to be done by Purchase Order Contract.

67-349 In CRAWFORD COUNTY on State Highway 59, Section 5 S & E in Van Buren, for a distance of 0.58 mile, the Director is authorized to surface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$5,460.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-350 In CRITTENDEN COUNTY, ARKANSAS and SHELBY COUNTY, TENNESSEE on the Memphis-Arkansas Mississippi River bridge on Interstate 55 the Director is authorized to resurface the existing concrete filled grid deck with Asphaltic Concrete Hot Mix surface course as a Betterment Project at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract.

This action is subject to fifty per cent participation by the Tennessee Department of Highways.

67-351 In IZARD COUNTY on State Highway 9, Section 13 at Oxford the Director is authorized to construct one reinforced concrete bridge (length 50 feet) and approaches as a Betterment Project at an estimated cost of \$50,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-352 In ST. FRANCIS AND CRITTENDEN COUNTIES on U. S. Highway 70, Sections 19 and 20, for a distance of 7.8 miles of selected sections, and State Highway 128, Section 1, for a distance of 0.35 miles (connection to Interstate 40), the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface course and bituminous treated shoulders as a Betterment Project at an estimated cost of \$110,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

67-353 In WHITE COUNTY on State Highway 385, Section 1 from Plainview south, a distance of 3.0 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$67,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

Furnishing of right of way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

67-354 WHEREAS, in CONWAY COUNTY at the Area Headquarters building in Morrilton there is need for additional building space for a Resident Engineer's office, and,

WHEREAS, a suitable plan has been developed to extend the present building to provide this space,

IT IS ORDERED that the Director be ordered to construct a 32 feet by 22 feet addition to the existing building as a Building Project at an estimated cost of \$15,000.00.

Work to be done by Purchase Order Contract.

67-355 In CRAIGHEAD COUNTY located on the west side of U. S. 63, Section 7, approximately 4 miles north of Bay, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures to implement the Highway Beautification Act of 1965 at an estimated cost of \$85,000.00 and is subject to the following conditions:

1. Availability of Federal Funds.

2. Approval of Bureau of Public Roads.

67-356 WHEREAS, at the NEVADA COUNTY Area Headquarters on State Highway 19 there is need for additional accommodations for crews that work out of this headquarters, and,

WHEREAS, Minute Order No. 67-67 was approved February 22, 1967, for the purchase of additional land,

IT IS ORDERED that the Director be authorized to construct a 32' x 80' building and appurtenances as a Building Project at an estimated cost of \$22,500.00.

67-357 In PULASKI COUNTY on HIGHWAY U.S. 65, south of Little Rock:

WHEREAS, the County Judge of Pulaski County proposes to extend Pratt Road from its intersection with Ironton Road, eastward to Highway 365 near Tafton; and

WHEREAS, this construction will cross U.S. 65 at the site of a proposed and planned future interchange for which right-of-way was acquired; and

WHEREAS, current traffic estimates for vehicles crossing U.S. 65 is so much that a great hazard will exist if crossing at grade is allowed;

NOW THEREFORE, since this is considered a most worthwhile project and safety is paramount, it is considered that an emergency exists and the Director is authorized to prepare plans and construct an interchange at this location as soon as feasible, at an estimated cost of \$250,000.00.

This action is subject to approval by the Bureau of Public Roads.

67-358 Phillips County, Job No. 117689 Screening Junkyards in West Helena, FAP CJF-018-1(1). The contract for the construction of junkyard Screening, including Chain Link Fence and Gates,

Redwood Slats and Misc. Items at two separate sites, State Highway 49, Section 2, is awarded to National Fence Company of Little Rock, Arkansas, on their low bid of \$5,485.52.

- 67-359 Desha County, Job No. 2596, Mo. Pac. Grade Separation (McGehee), FAP SU-154(8). The contract for the construction of approximately 0.679 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Asphalt Treated Crushed Stone Base, ACHM Base & Surface Course, Sod Mulch, One Composite I-Beam Span Overpass (849.35 ft.) & Misc. Items, State Highway 4, Section 16, is awarded to D. F. Jones Const. Co., Inc. of Little Rock, Arkansas, on their low bid of \$416,938.95.
- 67-360 Desha & Arkansas Counties, Job No. 2711, Arkansas River Bridge & Approaches (Pendleton) Approach Substructure, FAP F-031-1(14). The contract for the construction of Clearing & Grubbing for bridge approaches with Riprap & Sod Mulch for Erosion Control & construction of 20 R.C. Piers & 2 Abutments all on Steel Bearing Piling on new roadway location west of the Pendleton Ferry, State Highway 1, Sections 2 & 3, is awarded to Michey's, Inc. of Warren, Arkansas, on their low bid of \$616,599.70.
- 67-361 Drew, Ashley & Chicot Counties, Job No. 2720, Screening Junkyards in Winchester, Monticello, West Crossett & Eudora, FAP CJF-OOOB(6). The contract for the construction of Junkyard Screening, including Chain Link Fence, Redwood Slats, Landscape Planting & Misc. Items at four separate sites, State Highways 65, 82 & 4, Sections 18, 21, 8 & 14, is awarded to National Fence Company of Little Rock, Arkansas, on their low bid of \$6,478.30.
- 67-362 Miller County, Job No. 3618, Forest Ave.-Dudley Ave. (Texarkana), FAP U-011-1(13). The contract for the construction of approximately 0.742 mile of limited grading, minor drainage structures, gravel base & Portland Cement Concrete Base (for widening), ACHM Base & Surface Courses, Concrete Curbs & Misc. Items, State Highway 71, Section 2, is awarded to Harrison Paving Corporation of St. Joseph, Missouri, on their low bid of \$276,781.10.
- 67-363 Nevada County, Job No. 3656, Little Terre Rouge Bridges & Approaches, FAP F-01-1(20). The contract for the construction of approximately 0.587 mile of Grading, Gravel Base Course, ACHM Base & Surface Courses, Double Bituminous Treated Shoulder & Detour Road, 3 R.CO Slab Span Bridges (315.0' Total) & Misc. Items, State Highway 67, Section 3, is awarded to Hillery & Hendrix Construction Co. of Prescott, Arkansas, on their low bid of \$218,555.13.
- 67-364 Miller County, Job No. 3686, Screening Junkyards in Texarkana, FAP W F-011-1(1). The contract for the construction of Junkyard Screening, including Redwood Slats, Landscape Planting and Misc. Items at two locations, State Highway 71, Section 2, is awarded to National Fence Company of Little Rock, Arkansas, on their low bid of \$1,916.00.
- 67-365 White County, Job No. 55769 Floyd-Center Hill, FAP S-570(1). The contract for the construction of approximately 7.489 miles of Grading, Minor Drainage Structures, DBST, 3 R.C. Slab Span Bridges (300' Total) & Misc. Items, State Highway 305, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$427,085.640

- 67-366 Grant County, Job No. 6888, Screening Junkyards in Sheridan, FAP WF- 000B(9). The contract for the construction of Junkyard Screening, including Chain Link Fenced Redwood Slats, Landscape Planting & Misc. Items, State Highways 167 & 270, Sections 10 & 9, is awarded to National Fence Company of Little Rock, Arkansas, on their low bid of \$1,901,014.
- 67-367 Ouachita County, Job No. 7654, Buena Vista Rest Area, FAP LSF- 015-1(2). The contract for the construction of a Rest Area Facility, including Grading, Minor Drainage Structures, Gravel Base, ACHM Surface Course, Concrete Curbs & Walks, Erosion Control, Comfort Station (Scheme B), Picnic Facilities, Water Supply, Sewage Treatment System & Misc. Items, State Highway 79, Section 3, is awarded to Benning Construction Co. of Pine Bluff, Arkansas, on their low bid of \$108,994.15.
- 67-368 Union County, Job No. 7656, North Junction City Rest Area, FAP LSF- 021-1(2). The contract for the construction of a Rest Area Facility, including Grading, Minor Drainage Structures, ACHM Surface Course, Concrete Curbs & Walks, Erosion Control, Comfort Station (Scheme A), Water Supply, Sewage Treatment System & Misc. Items, State Highway 167, Section 1, is awarded to Southeast Construction Co. of Pine Bluff, Arkansas, on their low bid of \$132,166.45.
- 67-369 Faulkner & Van Buren Counties, Job No. 8525, Damascus-Bee Branch, FAP F-025-3(10). The contract for the construction of approximately 8.761 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, ACHM Base & Surface Courses, Double Bituminous Treated Shoulders, Portland Cement Concrete Curbs & Gutters, Erosion Control Items, Extend One Bridge Length Culvert (22.08' span) & Misc. Items, State Highway 65, Section 8 & 9, is awarded to McGeorge Contracting Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$1,193,820.03.
- 67-370 Pope County, Job No. 8621, Mo. Pac. Overpass-Russellville (Reconstruction), FAP F-02-2(15). The contract for the construction of approximately 1.632 miles of Grading, Minor Drainage Structures, Crushed Stone Base Shoulders with DBST, ACHM Base & Surface Courses & Misc. Items, State Highway 64, Section 6, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$169,213.28.

67-378 In accordance with the provisions of Act 148 of 1961, as amended by Act 300 of 1965, the Director is authorized to pay \$2,000.00 to the Mississippi River Parkway Commission as the Department's pro-rata cost for 1968 fiscal year, for the promotion and development of the GREAT RIVER ROAD.

67-379 In DESHA and ARKANSAS counties on State Highway 1, Sections 2 and 3, at Pendleton on the Arkansas River:

WHEREAS, Job 2711, Arkansas River Bridge and Approaches, (Pendleton) Approach Substructure was awarded to the low bidder, Michey's, Inc., in the amount of \$616,599.70 by Minute Order 67-360 on June 28, 1967; and

WHEREAS, the contractor, Michey's, Inc. has failed to execute the contract and provide the required performance bond within the prescribed time, and has tendered a check in the amount of \$30,000.00 covering the proposal guarantee.

NOW THEREFORE, IT IS ORDERED, in accordance with the provisions of Articles 3.5 and 3.7 of the Standard Specifications for Highway Construction of the Arkansas State Highway Commission, edition of 1959, that the award of the contract to Michey's, Inc., by Minute Order 67-360 is annulled and the check of Michey's, Inc., in the amount of \$30,000.00 covering this is accepted by the State as liquidated damages.

IT IS FURTHER ORDERED that all other bids received on Job 2711 on June 28, 1967 be rejected as too high and that the job be readvertised.

This action is subject to approval of the Bureau of public Roads.

67-380 In INDEPENDENCE COUNTY on STATE HIGHWAY 122, Section 1, in Newark:

WHEREAS, it has been determined that the Missouri Pacific Railroad crossing of State Highway 122 in south Newark is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$87000, subject to the following conditions;

1. Missouri Pacific Railroad Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-381 In JACKSON and INDEPENDENCE COUNTIES at the site of the existing "Point Ferry" near Jacksonport on Black River the Director is authorized to provide facilities and operate a free ferry in accordance with the requirements of Act 269 of the 1967 Legislature at an estimated cost of \$45,000.00.

67-382 WHEREAS, the Arkansas State Highway Commission is the title holder and possessor of Lots 2 and 3 of and in the Middleton Subdivision to the City of Mena, in the Southwest Quarter of the Northeast Quarter, Section 24, Township 2 South, Range 31 West, Polk County, Arkansas, used as a maintenance headquarters;

WHEREAS, Mr. & Mrs. Merrill Calicott, Mr. & Mrs. Harrison Heath and Mr. & Mrs. C. S. Williams owners of property abutting the alley have petitioned the City of Mena, Arkansas to close a public alley traffic way; and

WHEREAS, the closing of this traffic way will not adversely affect State Highway Department Ownership, it is considered advantageous to join the above mentioned private property owners in the petition now before the City to close alley:

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission express approval of the State Highway Commission to closing alley upon representation to the City of Mena, Arkansas by property owners involved.

67-383 WHEREAS, M. O. 3559, dated January 27, 1960; M. O. 4520, dated March 7, 1962; and M. O. 5198, dated August 28, 1963, authorized the Director to enter into an agreement with the local governments of Little Rock, North Little Rock, and Pulaski County, and with the Metropolitan Area Planning Commission (Metroplan), for the purpose of making a comprehensive transportation study for the urban area of Pulaski County; and

WHEREAS, after reaching an agreement, the participating agencies, in cooperation with the Bureau of Public Roads, retained the services of Wilbur Smith and Associates, Consulting Engineers, to conduct the project; and

WHEREAS, the study has been completed and has been accepted and approved by the Cities of Little Rock and North Little Rock and by Pulaski County;

NOW THEREFORE, BE IT RESOLVED, that the Pulaski Area Transportation Study, dated 1966, and compiled in three volumes by the Consultant, is approved to be used as a basis for future planning and development of the highway network of the urban area of Pulaski County, all of which is in accord with Section 9 of the 1962 Federal Aid Act. And in line with the further provisions of this Act, the Director is authorized to cooperate with the local governments and Metroplan in developing a plan for the required "continuing phase" of the Transportation Study.

67-384 In SALINE COUNTY, on STATE HIGHWAY 183, Section I;

WHEREAS, the Aluminum Company of America proposes to reconstruct the existing haul road where it passes under State Highway 183 immediately west of Bauxite, Arkansas; and

WHEREAS, the work also includes proposed alterations to the existing State Highway 183 bridge structure to provide greater vertical clearance and the reconstruction of approximately 1000 ft. of roadway; and

WHEREAS, the Aluminum Company of America has requested permission to make the proposed alterations to State Highway 183; and

WHEREAS, the proposed alterations, which will conform to acceptable design criteria, will constitute an improvement of the existing highway facilities involved and is considered to be in the best public interest;

NOW THEREFORE, the Director is authorized to execute an agreement with the Aluminum Company of America covering the proposed highway alterations at this location subject to the following conditions:

1. That the proposed alterations which are to be performed without cost to the Department meet the Department's acceptable design criteria for highway construction, and construction plans be approved by the Department prior to beginning operations,
2. That a surety bond in the amount of the estimated cost of the proposed construction be posted with the Department to assure satisfactory completion of the work.
3. That all construction on the highway right-of-way meet the approval of the Department's District Engineer.
4. That any additional right-of-way and all utility adjustments required by the proposed construction be performed without cost to the Department.

67-385 WHEREAS, the Purchasing Committee has awarded purchases on June 26, July 3, 10, 17, and 24, 1967 in the amounts of \$176,442.94, \$45,509.02, \$406,185.57, \$174,604.72 and \$412,803.68 respectively, totaling \$1,215,545.93, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-386 WHEREAS, In PULASKI COUNTY on State Highway 338 (Baseline Road) from Interstate 30 east to State Highway 367, a distance of 4.39 miles, Minute Order 67-288 authorized the resurfacing of the existing pavement as a Betterment Job in the amount of \$74,400.00, and,

WHEREAS, bids were invited under Purchase Order Contract procedure with two bids received for opening on July 18, 1967, and,

WHEREAS, the Purchasing Committee on July 24, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job No. 6-562 be awarded to Bituminous, Inc. of Pine Bluff on their low bid of \$79,769.00 and an additional allotment be approved in the amount of \$5,369.00 from Betterment Funds.

67-387 In BAXTER COUNTY, at the mouth of Norfolk River, an emergency exists;

WHEREAS, it appears that the existing ferry across White Rive, at the mouth of Norfolk River, is about to be closed by its owner; and

WHEREAS, the road leading to the ferry and the ferry serve a recreation area, mail and school bus routes, and business people of Norfolk; and a delegation headed by the Honorable Vada Sheid, Representative, and other members of the Legislature appeared before the Highway Commission in behalf of this situation; and

WHEREAS, petitions have been received by the retail merchants in Norfolk, Arkansas, the City Council of the Town of Norfolk, the Postmistress, Superintendent of Schools, and others;

NOW THEREFORE IT IS ORDERED that the road leading from Highway 5 across White River, at the mouth of Norfolk River, west about 0,2 miles from Highway 5 to the west bank of the White River, is hereby made a part of the State Highway System.

This action is subject to the following conditions:

1. Transfer of the existing ferry to the State Highway Commission without any conditions whatsoever, and free of any and all costs.
2. All right-of-way to be furnished free of cost to the State.

67-388 In ASHLEY COUNTY on U. S. Highway 165, Section 1 from Parkdale to a point one mile south of the Portland City limits, a distance of 6.68 miles, the Director is authorized to resurface the existing pavement and construct gravel shoulders as a Betterment Project at an estimated cost of \$103,100.00.

Work to be done by Purchase Order Contract.

67-389 In BENTON COUNTY on U. S. Highway 71, Section 19 C (City Route through Bentonville), a distance of 2.0 miles, the Director is authorized to resurface the existing Asphalt and Concrete Pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$30,700.00.

Work to be done by Purchase Order Contract.

67-390 In CHICOT COUNTY on U. S. Highway 65, Sections 21 and 22 from Eudora north to U. S. Highway 82, a distance of 12.52 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$198,000.00.

Work to be done by Purchase Order Contract.

67-391 In CLARK COUNTY on U. S. Highway 67, Section 5 from Deceiper Creek to State Highway 51, a distance of 4.64 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$54,000.00.

Work to be done by Purchase Order Contract.

67-392 In CLARK COUNTY on U. S. Highway 67, Section 6 from the Junction of State Highway 51 north to the Hot Spring County Line, a distance of 7.29 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$97,000.00.

Work to be done by Purchase Order Contract.

67-393 In CLEVELAND and JEFFERSON COUNTIES on U. S. Highway 79, Sections 8 and 9 from Rison north, a distance of 12.28 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$157,100.00.

Work to be done by Purchase Order Contract.

67-394 In CRAIGHEAD COUNTY on State Highway 39, Section 4 from Jonesboro to the Poinset County Line, a distance of 11.91 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$117,000.00.

Work to be done by Purchase Order Contract and Maintenance forces,

67-395 In CRITTENDEN COUNTY on State Highway 218, Section 1 from Shearerville to the Junction of U. S. Highway 64, a distance of 8.35 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$255,500.00.

Work to be done by Purchase Order Contract and Maintenance forces.

This eliminates Program Item No. 1 of Minute Order No. 64-375, Job No. 11731 from Shearerville to U. S. Highway 64.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

67-396 In CROSS COUNTY on U. S. Highway 64 C, Section 16 (Cwynne City Route) from State Highway No. 1 to Junction of U. S. Highway 64, a distance of 4.36 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot mix surface course as a Betterment Project at an estimated cost of \$80,000.00.

Work to Be done by Purchase Order Contract.

67-397 In CROSS COUNTY on U.S. Highway 64, Section 15 from a point 0.40 miles east of Fair Oaks to 1.90 miles east of Fair Oaks, a distance of 1.5 miles, the Director is authorized to resurface

the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$24,000.00.

Work to be done by Purchase Order Contract.

67-398 In DREW COUNTY on State Highway 138, Section 3 at Ables Creek the Director is authorized to replace one timber bridge, length 152 feet, with treated timber piling and precast concrete slab bridge as a Betterment Project at an estimated cost of \$17,200.

Work to be done by Maintenance forces.

This will eliminate Item No. 15 of Minute Order 64 375, Job No. 2695, Salem - Winchester bridges.

67-399 In GREENE COUNTY on State Highway 141, Section 2 at Big Creek the Director is authorized to replace one narrow obsolete bridge with a reinforced concrete box culvert as a Betterment Project at an estimated cost of \$8,000.00.

Work to be done by Maintenance forces.

67-400 In HEMPSTEAD COUNTY on State Highway 73, Section 2 from Columbus to Cross Roads, a distance of 6.45 miles, the Director is authorized to level and resurface the existing pavement with Asphaltic Concrete Hot Mix base and surface as a Betterment Project at an estimated cost of \$72,500.00.

Work to be done by Purchase Order Contract.

67-401 In HEMPSTEAD COUNTY on State Highway 73, Section 2 from Cross Roads to the Junction of Highway 4, a distance of 6.56 miles, the Director is authorized to level and resurface the existing pavement with Asphaltic Concrete Hot Mix base and surface as a Betterment Project at an estimated cost of \$131,000.00.

Work to be done by Purchase Order Contract.

67-402 In HEMPSTEAD and HOWARD COUNTIES on State Highway 73, Sections 0, 1 and 2 from Saratoga to Columbus, a distance of 5.58 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$48,100.00.

Work to be done by Purchase Order Contract.

67-403 In JACKSON COUNTY on State Highway 224, Section 1 from Highway 14 south, a distance of approximately 8 miles, the Director is authorized to construct, partly on new location, grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$250, 000 . 00.

Work to be done by Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

This action will eliminate Minute Order 67-212, Job No. 5597, Junction of Highway 14 south.

- 67-404 In LEE COUNTY on U. S. Highway 79, Section 16 from Marianna to Soudan, a distance of 6.70 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$84,000.00.

Work to be done by Purchase Order Contract.

- 67-405 In LITTLE RIVER COUNTY on State Highway 32, Section 2, beginning at a point 0.60 miles east of State Highway 41 and extending east for a distance of 8.60 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$81,700.00.

Work to be done by Purchase Order Contract.

- 67-406 In LITTLE RIVER COUNTY on State Highway 32, Section 2 from Ashdown west, a distance of 7.07 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$67,000.00.

Work to be done by Purchase Order Contract.

- 67-407 In LOGAN COUNTY on State Highway 10, Section 2 from the Sebastian County line to the Yell County line, a distance of 19.5 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix at an estimated cost of \$209,500.00.

Work to be done by Purchase Order Contract.

- 67-408 In MADISON COUNTY on State Highway 68, Sections 2 and 3 through Huntsville, a distance of one mile, the Director is authorized to resurface the existing pavement to implement a one-way traffic plan through the city as a Betterment Project at an estimated cost of \$25,000.00.

Work to be done by Purchase Order Contract.

- 67-409 In MILLER COUNTY on U. S. Highway 82, Section 1 from McKinney Bayou to Garland City, a distance of 8.43 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$91,000.00.

Work to be done by Purchase Order Contract.

- 67-410 In MISSISSIPPI COUNTY on State Highway 14, Section 17 from Wilson to Golden Lake, a distance of 1.64 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface as a Betterment Project at an estimated cost of \$50,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

This action conditioned on the requirements of Minute Order 66-739 and a satisfactory agreement with the Frisco Railroad.

- 67-411 In MISSISSIPPI and POINSETT COUNTIES on State Highway 14, Section 16 and Highway 140, Section 1 east and west of Lepanto the Director is authorized to install three (3) pipe culverts to improve drainage as a Betterment Project at an estimated cost of \$4,000.00.

Work to be done by Maintenance forces.

- 67-412 In MONROE COUNTY on U. S. Highway 70, Section 17 from the Monroe County Area Headquarters building to the Jct. of U. S. 49, a distance of 3.25 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and gravel shoulders as a Betterment Project at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

- 67-413 In POINSETT COUNTY on State Highway 163, Section 3 from Highway 14 to the Lake Poinsett State Park, a distance of 2.39 miles, the Director is authorized to construct additional gravel, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

The grading, minor drainage structures and forty cubic yards of gravel base were constructed under Job No. 10765.

- 67-414 In POINSETT COUNTY on State Highway 39, Section 5 from Waldenburg to the Craighead County Line, a distance of 10.68 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$142,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

67-415 In RANDOLPH COUNTY on State Highway 251, Section 1 from Ingram north, a distance of 2.40 miles, the Director is authorized to construct clearing and grubbing, base and double bituminous surface, grading and minor drainage structures as a Betterment Project at an estimated cost of \$42,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

67-416 In SALINE COUNTY on State Highway 183, Section 1 at Bryant the Director is authorized to construct a Pedestrian Safety Fence on the Missouri Pacific Railroad Overpass as a Betterment Project at an estimated cost of \$ 900.00.

Work to be done by Purchase Order Contract

67-417 In SCOTT COUNTY on U. S. Highway 71, Section 10 from Waldron to the Junction of Highway 28, a distance of 2.45 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$17,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

67-418 In SEBASTIAN COUNTY on State Highway 10, Section 1 from Greenwood east, a distance of 14 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$161,700.00.

Work to be done by Purchase Order Contract.

67-419 In UNION COUNTY on U. S. Highway 82, Section 7 from the Ouachita River Bridge west, a distance of 4.92 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$107,000.00.

Work to be done by Purchase Order Contract.

67-420 In UNION COUNTY on State Highway I5, Section 2 from the Junction of State Highway 7 east, 3.02 miles to the Industrial Road, the Director is authorized to resurface the existing pavement as a Betterment Project at an estimated cost of \$42,400.00.

Work to be done by Purchase Order Contract

67-421 WHEREAS, in VAN BUREN COUNTY on State Highway 336, Section 1 Minute Order 66-39 was approved January 12, 1966, for the construction of grading, minor drainage structures, four inch compacted base and single bituminous surface treatment as a Betterment Project with the work to be done by Purchase Order Contract and Maintenance forces in the amount of \$30,000.00, and,

WHEREAS, due to anticipated substantial increase in traffic when the road is completed the District Engineer would now like to increase the base thickness from four inches to six inches and widen the subgrade from twenty feet to twenty-four feet in accordance with the attached Field Change.

IT IS ORDERED that the Director be authorized to supplement Special Project 8-545 in the amount of \$14,100.00 from Betterment funds.

67-422 In WHITE COUNTY on U. S. Highway 67 C, Section 12 C (Searcy City Route), a distance of 5 miles, the Director is authorized to improve shoulders with Asphaltic Concrete Hot Mix base and surface as a Betterment Project at an estimated cost of \$98,600.00.

Work to be done by Purchase Order Contract.

67-423 In BAXTER COUNTY located on the east side of S. H. 5, Section 18, approximately 1 mile south of Ellis, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park including buildings, toilet facilities, water system, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures to implement the Highway Beautification Act of 1965 at an estimated cost of \$75,000.00 and is subject to the following conditions:

1. Availability of Federal Funds.
2. Approval of Bureau of Public Roads.

67-424 WHEREAS, in CRAWFORD COUNTY, on INTERSTATE HIGHWAY 40, at Lee Creek, near Van Buren, it was not possible to provide ingress and egress as a part of the Interstate program; and

WHEREAS, after considerable study and investigation, it has been found desirable to construct a system of ON and OFF ramps which would convert the existing grade separation facility to an interchange facility;

NOW THEREFORE, the Director is authorized to proceed with all necessary surveys and plan preparation and, as funds are available, to construct all ramps, acceleration and deceleration lanes, and other incidentals necessary to provide an interchange facility at an estimated cost of \$190,000.

This action is subject to the following conditions:

1. That right-of-way be furnished free of encroachments at no cost to the State.
2. Appropriate approval by the Bureau of Public Roads

67-425 Crittenden County, Job No. 11705, Louise-Lehi, FAP F-015-3(11). The contract for the construction of approximately 4.428 miles of Grading, Minor Drainage Structures, Selected

Material, Sand Asphalt Base Course, ACHM Base & Surface Courses, Single Bituminous Surface Treated Shoulders, 2 R.C. Slab Span Bridges (159.0' total) Widen 1 R.C. Slab Span Bridge (75.0') Widen 1 Comp. I-Beam Span Bridge (143.08') & Misc. Items, State Highway 79, Section 18 is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$672,140.77.

67-426 Crittenden County, Job No. 11739, Jct. I-55 - St. Francis Levee, FAP I-40-5(43)282. The contract for the construction of approximately 2.037 miles of Grading, Minor Drainage Structures, Lime Treated Subgrade, P. C. Stabilized Base & Shoulders, Fencing, Erosion Control items & misc. items throughout project; P. C. Concrete Pavement-Cont. Reinforced (8" U. T.) w/Bituminous Treated Shoulders on Main Lanes, Ramps & Club Road; Gravel Base & ACHM Base & Surface on Frontage Roads & Mound City Road; 3 Overpass Structures (1103.49' total length) & 2 Railroad Overpass Structures (3650.68' total length), all of Reinforced Concrete & Structural Steel I-Beam Span Construction, Interstate Highway 40, Section 5, is awarded to J. A. Hadley Construction Co., Inc. of Humboldt, Tennessee, on their low bid of \$3,939,576.73.

67-427 Stone County, Job No. 5575, Junction Highway 263-Northeast, State Job. The contract for the construction of approximately 6.660 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 R. C. Slab Span Bridge (168.0') & Misc. Items, State Highway 9, Section 11, is awarded to Freshour Construction Co., Inc. of Sweet Home, Arkansas, on their low bid of \$515,140.28.

67-428 Garland County, Job No. 6843, Lake Hamilton-Grand Ave. Reconstruction, FAP F-017-1(12). The contract for the construction of approximately 5.203 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Asphalt Treated Crushed Stone Base, Bituminous Surface Treated Shoulders, ACHM Base Surface Courses, Concrete Curbs, Erosion Control Items & Misc. Items, State Highway 7, Section 9, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$1,105,977.53.

67-429 Conway County, Job No. 8540, Morrilton-Plumerville, FAP I-40-3 (41)108. The contract for the construction of approximately 4.397 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Erosion Control, Fencing & Misc. Items throughout project; P. C. Concrete Pavement (9" U.T.) on Main Lanes & (8" U.T.) on Ramps & Rest Areas w/Bituminous Treated Shoulders; ACHM Surface w/Bituminous Treated Shoulders on Highway 92; Crushed Stone Base only on Frontage Road; 2 R. C. & Structural Steel I-Beam Span Overpass Structures (367.50' total); 3 Bridge Length Culverts (72.68' total span), Interstate Highway 40, Section 3, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas, & Bradco Construction, Inc. of Warren, Arkansas, on their low bid of \$1,886,428.97.

67-430 Conway County, Job No. 8562, Point Remove Canal and Creek Bridges & Approaches, FAP F-02-3(10). The contract for the construction of approximately 0.250 mile of Limited Grading, Crushed Stone Base with Single Bituminous Surface Treatment (Detour Road), Crushed Stone Base Shoulders, ACHM Surface Course, Remodel & Widen 2 Composite Truss Span & R.C. Deck Girder Span Bridges (435.54' total) & Misc. Items, State Highway 64, Section 7, is awarded to Howard Jones Contractor, Inc. of Little Rock, Arkansas, on their low bid of \$191,467.84.

67-431 Benton County, Job No. 9505, Jct. Hwy. 12-North, FAP S-246(4). The contract for the construction of approximately 4.842 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Bridge Length Culvert (30.79' span length) & Misc. Items, State Highway 99, Section 1, is awarded to Northwest Arkansas Asphalt Co. of Springdale, Arkansas, & F. H. Necessary & Son Const. Co., Inc. of Rogers, Arkansas, on their low bid of \$192,244.06.

67-432 Prairie & Monroe Counties, Job No. 1417, Brasfield-East Robe Bayou Surfacing, FAP I-40-4(33)206. The contract for the construction of approximately 6.889 miles of Grading, Erosion Control, Portland Cement Stabilized Base & Shoulders, Portland Cement Concrete Pavement (10" U.T.), Bituminous Treated Shoulders, Guard Fence & Misc. Items, Interstate Highway 40, Section 4, is awarded to Hallett Construction Company of Crosby, Minn., on their low bid of \$1,817,914.66.

67-433 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, July 26, 1967.

August 23, 1967

67-434 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 23, 1967.

67-435 Allotment is hereby made for construction of the listed Jobs on which awards were made by Minute Orders 67-425 through 67-432 at the regular meeting of the Commission on July 26, 1967.

67-437 WHEREAS, MINUTE ORDER 67-342 authorizes the Director to sign an Agreement with the Arkansas Turnpike Authority, on behalf of the Arkansas Highway Commission, which will allow the Arkansas Highway Department to do preliminary plans and preliminary feasibility studies for approximately 1200 miles of possible corridors as shown in MINUTE ORDER 67-105 is subject to reimbursement for the work if and when bonds are sold or other monies become available to the Turnpike Authority; and

WHEREAS, this Agreement between the Highway Commission and the Turnpike Authority was executed at a meeting of the Turnpike Authority on July 21, 1967; and

WHEREAS, it has been determined desirable to conserve the forces of the Highway Department and to employ experts in the field of Revenue and Traffic to do the proposed work; and

WHEREAS, the Director has negotiated with Wilbur Smith and Associates, Consulting Engineers, for a fee of \$100,000,000, to make "Exploratory Investigations of Economic Feasibility for approximately 1200 miles of proposed Arkansas Toll Highways";

NOW THEREFORE, the actions of the Director in this matter are ratified in all respects.

67-438 The Director is hereby authorized to (1) proceed with the printing of a supplemental issue of 50,000 copies of the 1967 State Service Map to supply map demands for the remainder of the calendar year; (2) proceed early in 1968 with the printing of 250,000 copies of the 1968 edition of the Service Map; all at an estimated cost of \$25,000 from funds for such work contained in the approved budget for the 1967-68 fiscal year.

67-439 WHEREAS, the Arkansas State Highway Commission acquired by County Court Order dated April 15, 1940, the right of way for improvement of State Highway No. 1, Job 10233, which included in addition to the regular right of way an area 30 feet by 600 feet for a proposed drainage ditch within the ownership of the Stuck Brick Company; and

WHEREAS, the brick manufacturing plant ceased operation in August 1966 thereby eliminated the need for special drainage which will permit disposition of the described parcel of land without adverse effect on the right of way of State Highway No. 1:

A part of the Northwest Quarter of Section 17, Township 14 North, Range 4 East, Craighead County, Arkansas, more particularly described as follows

Starting at the Southwest corner of the Northwest Quarter of Section 17, Township 14 North, Range 4 East; thence South 89° 47' East along the South line of said Quarter a distance of 798.1 feet to a point; thence North 1° 19' East a distance of 77908 feet to a point on the South right of way line of State Highway 1, which point is 50 feet from and at right angles to the center line of said highway; thence South 89° 52' East along said southerly right of way line a distance of 210.6 feet to the point of beginning; thence continue South 89° 52' East 50 feet from and parallel to center line of State Highway No. 1 a distance of 451.3 feet; thence South 00° 08' West a distance of 30.0 feet; thence North 89° 52' West a distance of 451.3 feet; thence North 00° 08' East 30.0 feet to the point of beginning and containing 13539 square feet.

WHEREAS E. A. Stuck and Mrs. H. C. Stuck, widow of H. C. Stuck, the original grantor of this property under the above mentioned County Court Order have requested the return of property and as it is no longer needed for the purpose acquired or is required for any future contemplated improvement, it is considered in the best interest of the people of the State of Arkansas that the property be conveyed to E. A. Stuck, 1/2 interest and Mrs. H. C. Stuck, widow of H. C. Stuck 1/2 interest;

NOW, THEREFORE; it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the surplus right of way to E. A. Stuck and Mrs. H. C. Stuck, widow of H. C. Stuck for and in consideration of the sum of ONE AND NO/100 DOLLARS, (\$1.00).

67-440 WHEREAS, the Arkansas State Highway Commission acquired by County Court Order dated October 31, 1936, the right of way for improvement of U. S. Highway 67, Job 10210, which included in addition to the regular right of way, an area for barrow materials to build road embankment through the White River Bottom; and

WHEREAS, during paving construction under Job 5398, which was completed September 17, 1954, it was determined by exchange of correspondence between the Highway Commission and the Bureau of Public Roads that a normal right of way of 60 feet from center of Highway could only be claimed and cleared of encroachments; therefore, upon request of the present property owner the described parcel of property should be returned since it was not required for purpose intended and, also, in accordance with understanding between Bureau of Public Roads and the State Highway Department:

Part of the Northeast Quarter of the Northwest Quarter of Section 1, Township 10 North, Range 4 West, Jackson County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of Section 1, Township 10 North, Range 4 West; thence easterly along the North line thereof a distance of 2,003 feet, more or less to a point on the center line of U. S. Highway 67; thence South 13ø 50' West along said center line a distance of 375.0 feet to a point; thence North 76ø 10' West a distance of 60.0 feet to the point of beginning; thence South 13ø 50' West along a line 60 feet from and parallel to centerline of U. S. Highway 67 a distance of 200.0 feet to a point; thence North 76ø 10' West a distance of 140 feet to a point; thence North 13ø 50' East a distance of 200.0 feet to a point; thence South 76ø 10' East a distance of 140.0 feet to the point of beginning and containing 0.64 Acre.

NOW, THEREFORE, it is authorized and directed that the Chairman the Arkansas State Highway Commission execute a Quitclaim Deed for the parcel of land in right of way to Milous and Emma Virginia Campbell for and in consideration of the sum of ONE AND NO/100 DOLLARS, (\$1.00).

67-441 WHEREAS, the Arkansas State Highway Commission has acquired for Interstate controlled access right of way purposes and holds title to lands Job 6596 between 12th and 13th Streets East of the West line of Cypress Street in North Little Rock, Arkansas, and

WHEREAS, the City of North Little Rock desires to extend Cypress Street southward from 13th Street to 12th Street as an improvement to its Street System to make private property attractive to an industry desiring a location for a plant site, and

WHEREAS, the street improvements will be made without cost to the Highway Commission, it is found to be in the public interest to move control of access line, with concurrence of the Bureau of Public Roads, to make a parcel of property 275 feet in length and from 20 to 50 feet in width available to the City of North Little Rock for street purposes,

NOW, THEREFORE, it is authorized that the Chairman of the Arkansas State Highway Commission be authorized to execute an Easement for use of right of way for street purposes subject to agreement in change of control of access line by Bureau of Public Roads.

67-442 In SALINE COUNTY, in the City of Benton on HIGHWAY 70, Section 11C, from the Sevier Street Interchange with Interstate 30 east and northeast to the Congo Road Interchange with Interstate 30, a distance of approximately 2.9 miles, the Director is hereby authorized to proceed with surveys, plan preparation, right-of-way determination and study of required utility adjustments.

67-443 WHEREAS, the Purchasing Committee has awarded purchases on July 31, August 7, 14, 15, and 21 in the amounts of \$113,924.70, \$328,792.50, \$450,583.03, \$153,059.10 and \$887,670.08 respectively, totaling \$1,934,029.41, and sales on July 31 and August 14 in the amounts of \$27,701.10 and \$49,360.00 respectively, totaling \$77,061.10, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-444 WHEREAS, request was made by the State Maintenance Engineer to the State Director of Purchasing for the purchase of five (5) Pick Up Trucks with Crew Cabs to meet Arkansas State Highway Department Specifications, and

WHEREAS, bids were received by the Purchasing Director under Bid Reference S-67-751, opening at 11:00 A.M. July 26, 1967, and

WHEREAS, the Highway Purchasing Committee at its meeting of July 31, 1967, reviewed the bids received and recommends to the Commission that the award be made to the lowest and best bid meeting Arkansas State Highway Department Specifications in the amount of \$11,751.00,

NOW THEREFORE, the award for the purchase of five vehicles is hereby made to Bevis Dodge, Little Rock, for furnishing 1968 Year Model Dodge D200 at a unit price of \$2,350.20 or \$11,751.00 for five, and the Director is authorized to notify the State Director of Purchasing accordingly.

67-445 In ASHLEY COUNTY on U. S. Highway 165, Section 1 from Parkdale to the Louisiana line, a distance of 9.33 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$148,500.00.

Work to be done by Contract.

67-446 In CRAIGHEAD COUNTY on State Highway 39, Section 4 and State Highway 1, Section 17 in Jonesboro the Director is authorized to widen and resurface State Highway 39 and

resurface the existing pavement on State Highway 1 with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$21,000.

Work to be done by Contract.

- 67-447 In CRAWFORD COUNTY on State Highway 59, Section 5 at Cedarville the Director is authorized to remove the narrow truss bridge and construct a reinforced concrete and precast slab bridge 62 feet long as a Betterment Project at an estimated cost of \$40,000.

Work to be done by Contract and/or Maintenance forces.

- 67-448 In CRAWFORD COUNTY on State Highway 59, Section 5 from the Washington County Line south, a distance of 10.85 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$99,800.00.

Work to be done by Contract and/or Maintenance forces.

- 67-449 In FRANKLIN COUNTY on U. S. Highway 64, Section 3 from Ozark east to the Johnson County line, a distance of 7.06 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$48,500.00.

Work to be done by Contract and/or Maintenance forces.

- 67-450 In GARLAND COUNTY on U. S. Highway 270, Section 5 from Hot Springs west to the Ouachita River Bridge, a distance of 6.12 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$72,400.00.

Work to be done by Contract.

- 67-451 In JEFFERSON COUNTY on U. S. Highway 79, Section 9 from Seventeenth Avenue to Sixth Avenue in Pine Bluff, a distance of 1.2 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$15,700.00.

Work to be done by Purchase Order Contract.

This will eliminate Item No. 5 of Minute Order 3923 (Job No. 2627) South City Limits - Junction of U. S. 65.

- 67-452 In MISSISSIPPI COUNTY on U. S. Highway 61, Section 2 from Wilson to Osceola the Director is authorized to eliminate spot hazards at five locations as a Betterment project at an estimated cost of \$40,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

- 67-453 In MISSISSIPPI COUNTY on State Highway 136, Section 2 at Ditch No. 1 and No. 1 lateral the Director is authorized to construct two bridges, total length 340 linear feet, using I-Beams and precast concrete bridge units as a Betterment Project at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

- 67-454 In SCOTT COUNTY on U. S. Highway 71, Section 10 from Waldron south, a distance of 3.76 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$36,800.

Work to be done by Maintenance forces.

- 67-455 In SEBASTIAN COUNTY on State Highway 45, Section 1 the Director is authorized to remove two existing narrow truss bridges and construct two reinforced concrete and precast slab bridges (Total length 138 linear feet) as a Betterment Project at an estimated cost of \$19,500.00.

Work to be done by Maintenance forces.

- 67-456 In YELL COUNTY on State Highway 10, Section 3 from the Logan County Line to Danville, a distance of 18.21 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$245,000.00.

Work to be done by Contract.

- 67-457 In COLUMBIA COUNTY, on HIGHWAY 132, Section 1, from the Louisiana Line to Taylor, a distance of approximately 5.7 miles, the Director is hereby authorized to proceed with plan development and construction of an erosion control project at an estimated cost of \$22,000. This project is to provide erosion protection for Highway Construction Job 7608 which has just been completed.

- 67-458 In JOHNSON COUNTY on State Highway 103, Section 1, within the city limits of Clarksville, beginning at the Missouri Pacific Railroad and extending north to a point near the Intersection of North College Street, a distance of approximately 0.47 miles, the Director is authorized to construct grading, minor drainage structures, curb and gutter, base and surfacing, and other miscellaneous items at an estimated cost of \$60,000.

Furnishing of right of way and adjustment of utilities shall be in accordance with the applicable Highway Commission policies.

67-459 In MISSISSIPPI COUNTY on Route I-55, Section 12, beginning at the Crittenden County Line and ending at the S. H. 312 grade separation, a distance of approximately 34.14 miles, the Director is authorized to proceed with the construction of a landscaping project to implement the Highway Beautification Act of 1965.

The work is to be done at an estimated cost of \$113,000 and financed with funds provided by Public Law 89-285. Authorization is subject to the following conditions:

1. Availability of Federal funds.
2. Bureau of Public Roads approval.

67-460 Desha & Arkansas Counties, Job No. 2711, Arkansas River Bridge & Approaches (Pendleton) Approach Substructure, FAP F-031-1(14). The contract for Clearing and Grubbing for bridge approaches with Riprap & Sod Mulch for Erosion Control and construction of 20 R.C. Piers & 2 Abutments all on Steel Bearing Piling on new roadway location west of the Pendleton Ferry, State Highway 1, Sections 2 & 3, is awarded to Markwell & Hartz, Inc. of Memphis, Tennessee, on their low bid of \$737,497.65.

67-461 Union County, Job No. 7661, Dry Creek, Lapile Bayou & Relief Bridges & Approaches, State Job. The contract for the construction of approximately 0.947 mile of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 3 R.C. Precast Slab Span Bridges (399.24 Ft.) & Misc. Items, State Highway 275, Section 2, is awarded to S. M. Dixon Construction Co. of Warren, Arkansas, on their low bid of \$ 185,456.40.

67-462 Conway County, Job No. 8491, Kenwood-Morrilton, FAP 1-40-3(40)103. The contract for the construction of approximately 6.063 miles of Grading, Minor Drainage Structures, Lime Treated Subgrade, Crushed Stone Base, Erosion Control, Fencing & misc. items throughout project; P.C. Concrete Pavement on M. L. & Ramps w/Bituminous Treated Shoulders; ACHM w/Bituminous Treated Shoulders on Hwys. 95 & 9; Bituminous Surface Treatment on Hwy. 247; Crushed Stone only on Field Road, County Road & Frontage Road; 7 R.C. & Structural Steel I-Beam Span Bridges (1598.13 lin. ft. total); & 3 Bridge Length Culverts (115.16 lin. ft. total span), Interstate Highway 40, Section 3, is awarded to Barber Bridge Builders, Inc. of Fort Smith, Arkansas Druyvesteyn Construction Corp. of Fort Smith, Arkansas, and Freshour Construction Co., Inc. of Sweet Home, Arkansas, a joint venture, on their low bid of \$3,174,737.46.

67-463 Boone County, Job No. 9486, Harrison Street Signals, FAP U-9999(1). The contract for providing and installing traffic control signals at S. H. 7, Stephenson Street and Rush Street intersections in Harrison, U.S. Highway 65, Section 1, is awarded to Randall H. Sharpe, Contractor of Oklahoma City, Oklahoma, on their low bid of \$6,420.00.

67-464 Marion County, Job No. 9495, Hand Valley-Jct. U. S. 62, State Job. The contract for the construction of approximately 7.047 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Bridge Length Culvert (33.0 Ft. Span) & Misc. Items, State Highway 101,

Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$387,260.10.

67-465 Newton County, Job No. 9528, Hasty-Yardelle, State Job. The contract for the construction of approximately 5.169 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Bridge Length Culvert (26.92 Ft. Span), 1 R.C. Slab Span Bridge (175.0 Ft.) & Misc. Items, State Highway 123, Section 1, is awarded to W. H. Patterson Construction Co. of Fort Smith, Arkansas, on their low bid of \$280,505.20.

67-466 Poinsett County, Job No. 10719, Whitehall-West, State Job. The Contract for the construction of approximately 7.975 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, & Misc. Items, State Highway 214, Section 1, is awarded to Miss. Valley Contracting Co., Inc. of Paragould, Arkansas, on their low bid of \$410,710.41.

67-467 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, August 23, 1967.

September 27, 1967

67-468 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 27, 1967.

67-469 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-460 through 67-466 at the regular meeting of the Commission on August 23, 1967.

67-471 WHEREAS, a Materials Reference Laboratory is operated by the National Bureau of Standards, and is authorized and approved by the Executive Committee of AASHO; and

WHEREAS, this Department has received notice that its share of the support of this Laboratory for fiscal year 1968 is \$4,000.00; and

WHEREAS, the services of the Materials Reference Laboratory are being used by and are considered to be of value to the Department;

NOW THEREFORE, IT IS ORDERED that the Director is hereby authorized to pay the Department's share of the cost of support of the AASHO Materials Reference Laboratory for fiscal year 1968 to the National Bureau of Standards, Washington, D. C.

67-472 WHEREAS in Minute Order 67-254 dated May 24, 1967 the Commission adopted a plan of modification of the radio system and directed the implementation of the First Phase of this plan, and,

WHEREAS the First Phase work is in progress and in order to accomplish an orderly transition the Second Phase of the plan should now be implemented.

THEREFORE the Director is authorized to proceed with the Second Phase of work necessary under the Modification Plan. The expenditure of funds for Phase Two shall not exceed \$83,300.00.

67-473 WHEREAS, the U. S. Bureau of Public Roads, by issuance of MO 21-7-67 dated February 13, 1967, has made available to the State Highway Department a TRAFFIC OPERATIONS PROGRAM FOR INCREASING CAPACITY AND SAFETY (TOPICS) by which Federal-aid Highway Funds, excluding Interstate Funds, can be utilized to make specified minor highway improvements for the purpose of increasing the capacity and safety of city streets on and off the present Federal-aid systems; and

WHEREAS, the Bureau of Public Roads is requesting the application of this Program in one pilot city in each State to determine needed improvements; and

WHEREAS, the development of a TOPICS Program for one pilot city in Arkansas will be recognized as a progressive effort by the Department to assist municipalities in improving the safety and capacity of their urban street systems; and

WHEREAS, said Program can benefit the Department through developing favorable public relations, maintaining our excellent relation with the Bureau of Public Roads, and deriving increased road user benefits per highway dollars expended;

NOW THEREFORE, the Director is authorized to select one city in the State, in cooperation with the Bureau of Public Roads, that is in need of and receptive to such a program and to enter into an agreement with the selected pilot city to conduct a TOPICS study.

IT IS UNDERSTOOD that the selected city will provide financial assistance and/or help perform this study and that the Department's portion will be conducted under the normal Planning & Research program; and that the Director will report back to the Commission for further instruction upon completion of the study.

67-474 WHEREAS, the Federal Highway Safety Act of 1966 specifies that each State shall have a highway safety program designed to reduce traffic accidents and deaths, injuries and property damage resulting therefrom; and

WHEREAS, said program shall be in accordance with the uniform standards promulgated by the Secretary of the Department of Transportation; and

WHEREAS, any State that is not implementing a highway safety program approved by the Secretary, by December 31, 1968, will receive a 10% reduction in their normal Federal-aid highway apportionment; and

WHEREAS, such loss of funds would be detrimental to the total operation of the Arkansas State Highway Department; and

WHEREAS, the Arkansas State Highway Department has a responsibility for the implementation of four of the standards on the State Highway System which are Identification and Surveillance of Accident Locations; Highway Design, Construction, and Maintenance; Traffic Control Devices; Debris Removal; and

WHEREAS, Federal Highway Safety Funds are available on a 50-50 matching ratio for the implementation of these standards;

NOW THEREFORE, the Director is hereby authorized to proceed with the development and implementation of these standards with first priority being given to Identification and Surveillance of Accident Locations. The Director is authorized to proceed with a \$64,000 High Accident Location Project which includes the erection of mileposts on the Federal-aid Primary System. This action is subject to the approval of the National Highway Safety Bureau and availability of Federal Highway Safety Funds.

67-475 WHEREAS, in the development of the "Asphalt Case" there are miscellaneous expenses incurred which are legally a part of the cost of preparing and developing the case; and

WHEREAS, a separate Minute Order authorizing payment is not practical;

NOW THEREFORE, the Director is authorized to approve for payment any item of expense which he deems necessary to the prosecution of the "Asphalt Case," when recommended by the Attorney General and/or the firm of Shaver and Shaver, who have been retained as special attorneys.

Such miscellaneous payments as have been made prior to this Minute Order are hereby ratified.

67-476 WHEREAS, Paragraph 10 of the Agreement of June 22, 1966, with Shaver and Shaver provided that a firm of attorneys, skilled in the handling of Antitrust cases, be employed to assist, if deemed necessary; and

WHEREAS, the firm of Hollabaugh and Jacobs of Washington, D. C. which was employed by authority of Minute Order No. 66-4i8 dated August 24, 1966, to assist in the asphalt case has resigned; and

WHEREAS, the firm of Shaver and Shaver and the Attorney General have determined that further expert help is necessary and have contacted Edwin H. Pewett, partner in the firm of Glassie & Molloy, Federal Bar Building West, 1819 H Street N. W., Washington, D. C., to provide this assistance;

NOW THEREFORE, the Director of Highways and the Chairman of the Highway Commission are authorized to enter into a contract with Edwin H. Pewett, partner in the firm of Glassie & Molloy to provide this assistance, subject to the following conditions:

Total additional expenditures to be a maximum of \$25,000.00 plus actual out-of-pocket expenses; and

Approval by the Attorney General and the Governor of the State of Arkansas.

67-477 In ARKANSAS COUNTY on STATE HIGHWAY 152, SECTION 0, near HUMPHREY;

WHEREAS, it has been determined that the St. Louis-Southwestern Railway Lines crossing of State Highway 152 near Humphrey is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights and short-arm gates at this crossing at an estimated cost of \$18,000, subject to the following conditions:

1. That the St. Louis-Southwestern Railway Lines will provide 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-478 In ASHLEY COUNTY on U. S. Highway 82, Section 8, in Crossett:

WHEREAS, it has been determined that the Ashley, Drew and Northern Railway crossing of U. S. Highway 82 in Crossett is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$10,000, subject to the following conditions;

1. Ashley, Drew and Northern Railway Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-479 In BOONE COUNTY, in the City of Harrison, IT IS ORDERED, that upon the completion of Job 9525 the following State Highway System location changes be made:

1. The location of State Highway 7 from the junction of the present route at Central Ave. and Pine Street, shall be along Central Ave. to Spring Street, thence along the new location as constructed by Job 9525 to Chestnut Street, thence along Chestnut Street to junction of the present route at Chestnut and Ridge Avenue.
2. State Highway 206, Section 0, shall be extended one block south along Pine Street from Stephenson Avenue to Central Avenue (old location of State Highway 7).
3. The portions of old State Highway 7 along Stephenson Avenue from Pine Street to Vine Street, and along Rush Avenue, Olive Street, and Ridge Avenue between Vine Street and Chestnut Street are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

67-480 WHEREAS, MINUTE ORDERS 66-668 and 66-723 authorized the Director to purchase property, employ an architect and construct new office, emergency operating center, shops, parts room and service station, and

WHEREAS, suitable plans have been developed for a complete facility which includes, in addition to the above, a water supply system, resident engineer's office building, equipment storage sheds, a chemical storage building, curbs for parking facilities and an electrical distribution system,

IT IS ORDERED that the Director be authorized to make a supplemental allotment of \$307,000.00 for construction of this building project.

67-481 WHEREAS, in CLEBURNE COUNTY, State Highway 210, Section 0, has been duly made a part of the State Highway System to provide a public access to Greers Ferry Lake and the present westerly terminus is the boundary of the Federal land under the supervision of the Army Corps of Engineers.

NOW, THEREFORE, it is ordered that State Highway 210, Section 0, be extended from the above-mentioned terminus across the Army Corps of Engineers controlled land to Greers Ferry Lake as shown on the attached sketch.

67-482 In CRAIGHEAD COUNTY, in the City of Jonesboro, the Director is hereby authorized to establish a one-way couplet for the traffic operation on a portion of State Highway 1, Section 18, shown on attached sketch and described as follows:

Main Street from Warner Avenue to Burke Avenue to operate one-way northbound, and Union Street from the exit of the parking lot on the 100 block south to Warner Avenue, and Warner east to Main, to operate as one way; all as described in Section 1 of Ordinance No. 1179, passed by the City Council of Jonesboro August 21, 1967, which is attached hereto as a part of this Minute Order. This authorization is subject to the following conditions:

- 1 The City of Jonesboro will place in operable condition for highway traffic and continue to maintain that portion of Union Street designated above.
2. Necessary traffic controls on the one-way couplet shall be placed by the City in accordance with recommendations made by the traffic engineers of the Highway Department.
3. All work necessary to place the one-way couplet in operation shall be done by the City of Jonesboro at no cost to the Department.
4. This action is of a temporary nature, and the operation of the one way couplet as an emergency measure to relieve traffic congestion shall in no way alter or change the Jonesboro 1980 Plan, as shown in report dated June 1962, entitled, "Transportation, Land Use, and Population - Plan Book", which has been adopted by the City and the Department .
5. Official acceptance by the City of Jonesboro of all provisions of this Minute Order

67-483 In POPE COUNTY on STATE HIGHWAY 105, Section 2, from the junction of S. H. 324 northeastward to Wilson, a distance of approximately 2.2 miles, the Director is authorized to construct grading, minor drainage structures, base, surfacing and one bridge approximately 150 feet in length at an estimated total cost of \$175,000.

Furnishing of right-of-way and adjustment of utilities shall be in accordance with applicable Highway Commission policies.

67-484 In WASHINGTON COUNTY, in the City of Fayetteville, IT IS ORDERED, that upon the completion of Job 9458, the official location of State Highway 16, Section 3, shall be in accordance with the new location as constructed by Job 9458 from the junction of the present route at Happy Hollaw Road, southerly and westerly to the junction of the future location of U. S. 71; and that the portion of the present route of State Highway 16, Section 3, from Happy Hollow Road, westerly and northerly to junction of U. S. 71 at College Ave. is hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this order.

67-485 WHEREAS, the Purchasing Committee has awarded purchases on August 28, September 1, 11, 18, and 25 in the amounts of \$454,296.25, \$489,684.08, \$284,441.39, \$448,038.10 and \$366,920.37 respectively, totaling \$2,043,380.197 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-486 WHEREAS, pursuant to authority conveyed in Minute Order 67-254, bids were invited under Purchase Order Contract procedure for the purchase of equipment, materials and services for

Phase I of the Radio System Modification Plan with one bid being received for opening on September 14, 1967, and,

WHEREAS, the Purchasing Committee on September 18, 1967, recommended that the low bid be accepted,

IT IS ORDERED that Job No. 12-9(1) be awarded to Motorola Communications and Electronics, Inc. on their low bid of \$101,539.00.

67-487 In CRAWFORD COUNTY on State Highway 215, Section 1 from Mulberry north to the Interstate 40 Interchange, a distance of 1.75 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct crushed stone shoulders as a Betterment Project at an estimated cost of \$25,800.

Work to be done by Contract and Maintenance forces.

67-488 In CRITTENDEN COUNTY on U. S. Highway 70, Section 20 from the West Interstate 40 Connection to West Memphis, a distance of 6.61 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, place shoulder material and a single bituminous surface on the shoulders as a Betterment Project at an estimated cost of \$110,000.

Work to be done by Contract and Maintenance forces.

67-489 In CRITTENDEN COUNTY on U. S. Highway 79, Section 18 from Simsboro north 2.00 miles and from Louise west 1.87 miles the Director is authorized to widen the existing pavement from 18 feet to 22 feet, resurface with Asphaltic Concrete Hot Mix and reconstruct shoulders with Sand Asphalt Hot Mix Surface as a Betterment Project at an estimated cost of \$100,000.

Work to be done by Contract and Maintenance forces.

67-490 In CROSS COUNTY on State Highway 184 Section 1 from Parkin northeast, a distance of 3.75 miles, the Director is authorized to construct grading, minor drainage structures, base and bituminous surface treatment as a Betterment Project at an estimated cost of \$75,000.

Work to be done by Maintenance forces and Contract.

This action subject to the furnishing of all required right of way and utilities free of cost to the State.

67-491 In FRANKLIN COUNTY on State Highway 217, Section 2 from Charleston south to the Logan County Line, a distance of 5.94 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$110,400.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all the required right of way and utilities free of cost to the State.

- 67-492 In JEFFERSON COUNTY on U. S. Highway 65, Section 14 at the Jefferson Parkway the Director is authorized to construct acceleration and deceleration lanes as a Betterment Project at an estimated cost of \$1,500.

Work to be done by Purchase Order Contract and Maintenance forces.

- 67-493 In LEE COUNTY, in the City of MARIANNA, on Highway 79, Section 16, the Director is authorized to reconstruct and channelize the two at. grade intersections with Highway 1, Sections 9 and 10, as a Betterment Project at an estimated cost of \$22,000.

- 67-494 In LOGAN COUNTY on State Highway 217, Section 1 from Chismville to the Franklin County Line, a distance of 2.80 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and one 131 foot precast concrete bridge as a Betterment Project at an estimated cost of \$73,600.00.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all the required right of way and utilities free of cost to the State.

- 67-495 In MILLER COUNTY on U. S. Highway 82, Section 1 from McKinney Bayou to Garland City, a distance of 8.43 miles, the Director is authorized to construct gravel shoulders and double bituminous surface treatment eight feet wide on each side as a Betterment Project at an estimated cost of \$67,000.00.

Work to be done by Contract.

- 67-496 In MISSISSIPPI COUNTY on State Highway 119, Section 4 and State Highway 77, Section 1 at Leachville the Director is authorized to level up and resurface the existing pavement as a Betterment Project at an estimated cost of \$45,000.00.

Work to be done by Contract.

- 67-497 In MONTGOMERY COUNTY on U. S. Highway 270, Sections 3 and 4 from the Garland County Line to the Scott County Line the Director is authorized to resurface the existing pavement with bituminous cold plant material as a Betterment Project at an estimated cost of \$170,000.00.

Material to be dumped on road by purchase Order Contract. Material to be spread and processed by Maintenance forces.

67-498 In PIKE COUNTY on State Highway 27, Section 5 from Murfreesboro to Kirby, a distance of 14.10 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$112,700.00.

Work to be done by Contract.

67-499 In POPE COUNTY on State Highway 324, Section 1 from Atkins southwest, a distance of 3.83 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface as a Betterment Project at an estimated cost of \$70,000.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all the required right of way and utilities free of cost to the State.

67-500 In PULASKI COUNTY on State Highway 338, Section 2 from Sweet Home west, a distance of 5.16 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix base and surface and construct four foot wide crushed stone shoulders as a Betterment Project at an estimated cost of \$110,300.00.

Work to be done by Purchase Order Contract and Maintenance forces.

This action subject to the furnishing of all the required right of way and utilities free of cost to the State.

67-501 In SEBASTIAN COUNTY on State Highway 252, Section 2 from Milltown to State Highway 10, a distance of 5.1 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and one 31 foot precast concrete bridge as a Betterment Project at an estimated cost of \$115,800.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all the required right of way and utilities free of cost to the State.

67-502 In SEVIER COUNTY on U. S. Highway 70, Section 1 from DeQueen to Oklahoma Line and Section 1B in DeQueen, a distance of 7.6 miles, the Director is authorized to resurface selected sections of the existing pavement as a Betterment Project at an estimated cost of \$65,700.00

Work to be done by Contract.

67-503 In SEVIER AND HOWARD COUNTIES on U. S. Highway 70, Sections 2 and 3 from the Junction of U. S. 71 to Dierks, a distance of 11.06 miles, the Director is authorized to resurface the existing pavement as a Betterment Project at an estimated cost of \$94,300.

Work to be done by Contract.

- 67-504 In WOODRUFF COUNTY on State Highway 38, Section 2 between Little Dixie and Cotton Plant the Director is authorized to replace 4 existing bridges (total 235 lin. feet) with precast slab structures as a Betterment Project at an estimated cost of \$36,000.

Work to be done by Contract and Maintenance forces.

- 67-505 Woodruff County, Job No. 11653, Jct. Hwy. 37-Jackson County Line, FAP S-461(1). The contract for the construction of approximately 5.267 miles of Grading, Minor Drainage Structures, Gravel Base, DBST, One Precast R. C. Slab Span Bridge (57.00 ft.), Two Bridge Length Culverts (44.16 feet total span) & Other Misc. Items, State Highway 145, Section 3, is awarded to Bowyer & Johnson Const. Co. of Jackson, Tenn. on their low bid of \$342,971.18.

- 67-506 Montgomery County, Job No. 4550, Sims-East, FAP S-405(4). The contract for the construction of approximately 5.167 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, and Misc. Items, State Highway 88, Section 3, is awarded to Four Bros., Inc. of North Little Rock, Arkansas, on their low bid of \$204,177.27.

- 67-507 Crawford County, Job No. 4618, Dyer-Hwy. 215 (Surfacing), FAP I-40-1(45)20. The contract for the construction of approximately 3.949 miles of Grading, Crushed Stone Base, Bituminous Treated Shoulders, P. C. Concrete Paving (8" U. T., Ramps & 9" U. T., Main Lanes), Erosion Control Items, Concrete Pier Protection, Guard Fence & Misc. Items, Interstate Highway 40, Section 1, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$929,772.96, subject to the concurrence of the Bureau of Public Roads.

- 67-508 Independence County, Job No. 5503, Jct. Hwy. 122-Lawrence County Line, State Job. The contract for the construction of approximately 6.787 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST & Misc. Items, State Highway 25, Section 5, is awarded to Freshour Corporation of Sweet Home, Arkansas, on their low bid of \$244,290.72.

- 67-509 Fulton County, Job No. 5547, Salem-Northeast, FAP S-201(5). The contract for the construction of approximately 1.537 miles of Grading, Minor Drainage Structures, Crushed Stone & Asph. Treated Crushed Stone Base Course, DBST, One Composite I-Beam Span Br. (337.08 Ft.) & Misc. Items, State Highway 9, Section 15, is awarded to Michey's, Inc. of Warren, Arkansas, on their low bid of \$351,646.23.

- 67-510 Columbia County, Job No. 768i, Louisiana Line-Taylor (Erosion Control), State Job. The contract for the construction of approximately 5.657 miles of erosion control items, including Sod Mulch, Overseeding & Misc. Items on completed Job 7608, State Highway 132, Section 1, is awarded to Riverside Nursery of Little Rock, Arkansas, on their low bid of \$17,411.00,

- 67-511 Faulkner County, Job No. 8615, Lake Conway Britge & Approaches, State Job. The contract for the construction of approximately 0.371 mile of Grading, Minor Drainage Structures, Quarry Stone Fill, Crushed Stone Base Course, DBST, One R. C. Slab Span Bridge (180.0 Ft.) & Misc. Items, State Highway 89, Section 4, is awarded to Jeffrey Contractors, Inc. of Fort Smith, Arkansas, on their low bid of \$105,414.36.
- 67-512 Johnson County, Job No. 8616, Lamar-East, State Job. The contract for the construction of approximately 2.930 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, One 19.0' Precast Slab Span Bridge (Remodeled section 228.16' & new section 152.16'), Two Bridge Length Culverts (84.03' span) & Misc. Items, State Highway 194, Section 2, is awarded to Bailey & Crouse Construction Co. of Harrison, Arkansas, on their low bid of \$199,515.07.
- 67-513 Pope & Yell Counties, Job No. 8617, Dardanelle Bridge Relocation Substructure & Grading, Corps of Engineers Contract No. DACWO3-67-C-0004. The contract for the construction of approximately 0.678 mile of Grading & Minor Drainage Structures on Approaches, Access Roads & Railroad Relocation, Crushed Stone Base w/Bituminous Surface Treatment on Access Roads; Short section of P. C. Concrete Pavement on East Approach; R. R. Track Reconstruction; 2-R.C. Abutments, 13-R.C. Piers & Riprap for the Arkansas River Bridge; & Misc. Items, State Highway 7, Sections 13 & 14, is awarded to Foster & Creighton Company of Nashville, Tennessee, on their low bid of \$1,048,660.14 (Alternate No. 1), subject to the concurrence of the Corps of Engineers.
- 67-514 Mississippi County, Job 10737, Jct. Hwy, 148-Jct. Hwy. 18, State Job. The contract for the construction of approximately 5.660 miles of Grading, Minor Drainage Structures, Selected Material, Gravel Base, P. C. Stabilized Base Course, DBST and Misc. Items, State Highway 151, Section 1, is awarded to Hughes and Company, Inc. of Blytheville, Arkansas, on their low bid of \$238,850.40.
- 67-515 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, September 27, 1967.

October 25, 1967

67-516 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, October 25, 1967.

67-517 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-505 through 67-514 at the regular meeting of the Commission on September 27, 1967.

67-519 WHEREAS, the Arkansas State Highway Commission desires to continue to provide free ferry service at the Arkansas River crossing of Arkansas State Highway No. 1 between Arkansas and Desha Counties; and

WHEREAS, the present agreement by and between the Arkansas State Highway Department and Clay Cross expires October 31, 1967; and

WHEREAS, the minimum hourly rate as established by law has increased to \$1.40/hr. since the date of the present agreement and will be further increased to \$1.60/hr. on February 1, 1968; and

WHEREAS, compliance with these requirements will greatly increase the operating cost of this ferry;

NOW, THEREFORE, the Director is authorized to enter into an agreement with Clay Cross to continue to operate a free ferry at this location from November 1, 1967, and for a period until the Pendleton Bridge which is now under construction is open to traffic, said period in no event to exceed three years; and at the rate of \$8,538.61 per month, and

It is understood that this monthly rate will be subject to further negotiation on February 1, 1968 in consideration of the additional increase in the minimum wage which will become effective on that date.

67-520 In LAWRENCE COUNTY on U. S. HIGHWAY 63, Section 4:

WHEREAS, the St. Louis-San Francisco Railway Company has requested permission to construct an industrial spur track crossing U. S. Highway 63, in Hoxie, Arkansas to serve the Lawrence County Dryer and Seed Company;

NOW THEREFORE, the Director is authorized to grant a permit to the St. Louis-San Francisco Railway Company to construct the proposed crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.
3. That the Company provide warning signs displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

67-521 WHEREAS, the Arkansas State Highway Commission is the title holder and possessor of Lots 9, 10, 11, 12, 13, 14, 15 and 16 of Block 18 of Falconer Addition No. 2 to the City of Fort Smith; being a part of the Northeast Quarter of the Southwest Quarter of Section 34, Township 8 North, Range 32 West, Sebastian County, Arkansas;

WHEREAS, Mr. and Mrs. John B. Cunningham, owners of property abutting South 37th Street, have petitioned the City of Fort Smith, Arkansas, to close this public traffic way; and

WHEREAS, the closing of this traffic way will not adversely affect State Highway Department Ownership, it is hereby consented to by the Arkansas State Highway Commission to join the above mentioned private property owners in a petition before the City to close the aforementioned street;

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission express approval of the State Highway Commission to closing the aforementioned street upon representation to the City of Fort Smith, Arkansas, by property owners involved.

67-522 In WOODRUFF COUNTY, on U. S. Highway 64, Section 14:

WHEREAS, The District Engineer and Resident Engineer have advised that the Mississippi Valley Engineering and Construction Company has not prosecuted the work on Job 11682, McCrory Bypass-Cross County Line, in a satisfactory manner, and

WHEREAS, specifically on October 11, 1967 the Resident Engineer's crew determined that there was no activity on the job and were informed by the Mississippi Valley Engineering and Construction Company's Job Superintendent, Mr. Elmer Partain, that the project was shut down and had been turned over to the bonding company, and

WHEREAS, the Department's District Engineer, Mr. C. M. Matthews, was further informed on October 11, 1967 by Mr. E. C. Bowman, Vice President of the Mississippi Valley Engineering and Construction Company, that he had been advised by the surety, Continental Casualty Company of Chicago, Illinois, that their company was taking over the project as of that date and no further work was to be done by the Mississippi Valley Engineering and Construction Company, and

WHEREAS, on October 17, 1967, the Department notified the Mississippi Valley Engineering and Construction Company that if satisfactory arrangements were not made within 10 days to assure timely completion of the project that necessary action would be taken to default the contract, and

WHEREAS, the Department has had no response from the Contractor and no additional work has been performed on the project,

NOW THEREFORE IT IS ORDERED unless steps have been taken by the Contractor or the Surety to remedy the faults specified in the notice by October 28, 1967, that the right of Mississippi Valley Engineering and Construction Company, the contractor on Job 11682, to proceed with the contract is terminated by the Commission in accordance with the contract documents effective immediately and the Chief Engineer is authorized to arrange for completion of the work in accordance with the plans and specifications through any method deemed appropriate and in compliance with the terms and conditions of the contract and bond.

67-523 WHEREAS, the Purchasing Committee has awarded purchases on October 2, 9, 13 and 23, 1967 in the amounts of \$467,108.39, \$311,559.28, \$281,281.30 and \$188,984.49 respectively, totaling \$1,248,933.46 and sales on October 13 and 23, 1967 in the amounts of \$4,105.58 and \$69,913.41 respectively, totaling \$74,018.99, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-524 In ASHLEY COUNTY on U. S. Highway 165, Section 1 from the Louisiana Line to Parkdale, a distance of 9.33 miles, bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix surface with one (1) bid received for opening on September 26, 1967, and,

WHEREAS, the Purchasing Committee on October 2, 1967, recommended that this bid be accepted,

IT IS ORDERED that this work designated as Job 2-578 be awarded to Ben F. Hawkins, Contractor in Lake Village on his bid of \$150,571.30.

67-525 WHEREAS in ASHLEY COUNTY at Hamburg and in DESHA COUNTY at McGehee there is a need for Salt and Calcium Chloride Storage Houses, and,

WHEREAS suitable plans have been developed for these facilities,

IT IS ORDERED that the Director be authorized to construct two twelve by twelve foot (12' x 12') storage houses from Routine Maintenance Funds at an estimated cost of \$3,000.

Work to be done by Contract.

67-526 In CHICOT COUNTY on U. S. Highway 65, Section 22 from Eudora to the Louisiana State Line, a distance of 7.33 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$116,800.00.

Work to be done by Contract.

67-527 In GARLAND COUNTY on U. S. Highway 270, Section 5 from the Montgomery County Line to the west end of the Ouachita River Bridge, a distance of 13.52 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct base and surface treatment on the shoulders as a Betterment Project at an estimated cost of \$180,400.00.

Work to be done by Contract.

This will eliminate Program Item 14 of Minute Order 3923, Job 6738, Royal-Ouachita River reconstruction.

67-528 IN JEFFERSON COUNTY on U. S. Highway 65, Section 14 from Pine Bluff north, a distance of 11.5 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders as a Betterment Project at an estimated cost of \$162,000.00.

Work to be done by Contract.

67-529 In PERRY COUNTY on State Highway 216, Section 1 from the Fourche La Fave River to Houston, a distance of 2.62 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$66,000.00.

Work to be done by Contract and Maintenance forces.

67-530 In RANDOLPH COUNTY on State Highway 304 north, Section 1 from Pocahontas east, 0.501 of a mile, the Director is authorized to construct grading, minor drainage structures and Asphaltic Concrete Hot Mix surfaces as a Betterment Project at an estimated cost of \$20,000.00.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

67-531 In SEARCY COUNTY on U. S. Highway 65, Section 5 from the Buffalo River Bridge to Marshall, a distance of 9.80 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$107,400.00.

Work to be done by Contract.

67-532 In SEARCY COUNTY on U. S. Highway 65, Section 4 from the Newton County Line to Pindall, a distance of 5 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix as all Betterment Project at an estimated cost of \$54,700.00.

Work to be done by Contract.

67-533 WHEREAS, Minute Order 67-422 dated July 26, 1967, authorized the Director to improve the shoulders on U. S. Highway 67C, Section 12 in WHITE COUNTY, and,

WHEREAS, since this work started it has been determined that additional material will be needed to complete the job,

IT IS ORDERED that the Director be authorized to increase the original contract and quantities of Asphaltic Concrete Hot Mix by the amount of approximately \$16,060 in order that the work can be accomplished prior to the winter season. Additional work will be supplemental to Job 5-535.

67-534 In WHITE COUNTY on U. S. Highway 67, Section 12 from Beebe to McRae, a distance of 4.2 miles, the Director is authorized to resurface the existing pavement as a Betterment Project at an estimated cost of \$64,000.

Work to be done by Purchase Order Contract.

67-535 In YELL COUNTY on State Highway 28 from the Junction of State Highway 154 at Mt. George north, a distance of 3.94 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$70,000.00.

Work to be done by Contract and Maintenance forces.

This action subject to the furnishing of all required right of way and adjustment of utilities free of cost to the State.

This will eliminate 3.94 miles of Job 8611, Mt. George-Dardanelle, approved by Minute Order 66-319 on June 22, 1966.

- 67-536 Woodruff & Cross Counties, Job No. 11796, Jct. Hwy. 39-Jct. Hwy. 193, State Job. The contract for the construction of approximately 9.155 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 3 Bridge Length Culverts (87.92 Ft. Span) total, 1 Comp. I-Beam Span Bridge (148.16 Ft.), 1 R.C. Slab Span Bridge (75.0 Ft.) & Misc. Items, State Highway 284, Sections 0 & 1, is awarded to Michey's, Inc. of Warren, Arkansas, on their low bid of \$544,596.14.
- 67-537 Hempstead County, Job No. 3592, Hwy. 4-Hwy. 29 Grading & Structures, FAP I-30-1(20)30. The contract for the construction of approximately 1.363 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control & Misc. Items throughout project, Gravel Base, ACHM Base & Surfacing & Bituminous Treated Shoulders on Hwy. 29; 4 R. C. & Structural Steel I-Beam Span Overpass Structures (596.66 lin. ft. total), Interstate 30, Section 1, is tentatively awarded to Cleal T. Watts & H. F. Construction Company, Inc. of Russellville, Arkansas, on their low bid of \$741,229.99, subject to the concurrence of the Bureau of Public Roads and the Contractor's compliance with all Federal and State laws in connection with the execution of the contract.
- 67-538 Miller Arkansas & Bowie, Texas Counties, Job No. 3693 (Joint Ark.- Texas Project), State Line Interchange Illumination, FAP I-30-0(3)0. The contract for Illumination involves construction of 1-150 ft. Tower with 10 Floodlights and 4-100 ft. Towers with 6 Floodlights each for the Highway 71 Interchange at Texarkana, Interstate 30, Section 0, is awarded to Big State Construction Company of Arlington, Inc., Arlington, Texas, on their low bid of \$29,913.25 (Arkansas portion, \$14,406.50). On October 3, 1967 the Texas Highway Department awarded the contract to Big State Construction Company of Arlington, Inc., subject to the concurrence of the Bureau of Public Roads and the Arkansas Highway Department.
- 67-539 Little River County, Job No. 3718, Industrial Access Road Connection (Hwy. 71), State Job. The contract for the construction of approximately 0.597 mile of Grading, Minor Drainage Structures, Widening Existing Roadway to include Gravel Base Course, ACHM Base & Surface Course & Misc. Items, State Highway 71, Section 4, is awarded to McMillin-Burkett Const. Co. of Texarkana, Texas, on their low bid of \$80,198.66.
- 67-540 Logan County, Job No. 4520, Greasy, Booneville & Scott Creek Bridges & Approaches, FAP S-250(2) & S-252(2). The contract for the construction of approximately 0.371 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, Widening 3 R.C. Deck Girder Span Bridges (309.35 Ft. Total) & Misc. Items, State Highway 10, Section 2, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$132,794.86.

- 67-541 Cleburne County, Job No. 5588, Jct. Hwy. 25-Jct. Hwy. 110, State Job. The contract for the construction of approximately 2.435 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 1 Bridge Length Culvert (27.0 Ft. Span) & Misc. Items, State Highway 107, Section 3, is awarded to Rock Products, Inc. of Heber Springs, Arkansas, on their low bid of \$185,621.41.
- 67-542 Garland & Saline Counties, Job No. 6887, Screening Junkyards in Hot Springs and Benton, FAP CJF-017-1(1) & CJI-30-2(1)120. The contract for Junkyard Screening, including Chain Link Fence and Gates, Redwood Slats & Misc. Items at two separate locations, State Highways 7 & 30, Sections 9 & 22, is awarded to United Fence Company of North Little Rock, Arkansas, on their low bid of \$9,497.50, subject to the concurrence of the Bureau of Public Roads.
- 67-543 Perry County, Job No. 8520, Fourche LaFave River Bridges & Approaches, FAP S-518(2). The contract for approximately 0.621 mile of Grading, Minor Drainage Structures, Crushed Stone Base, One R.C. Slab Span Bridge (90' Length), One R.C. & Structural Steel I-Beam Span Bridge (421.99' Length) & Other Misc. Items, State Highway 216, Section 1, is awarded to Moro, Inc. of Warren, Arkansas, on their low bid of \$199,818.75.
- 67-544 Yell County, Job No. 8589, Jct. Hwy. 27-East, FAP S-9(7). The contract for the construction of approximately 5.300 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 1 Comp. I-Beam Span Bridge (282.08'), 1 R.C. Slab Span Bridge (75.0') & Misc. Items, State Highway 154, Section 2, is awarded to Moro, Inc., of Warren, Arkansas, on their low bid of \$317,086.68.
- 67-545 Pope & Conway Counties, Job No. 8614, Atkins-Kenwood Surfacing, FAP I-40-2(37)94 & I-40-3(20)99. The contract for the construction of approximately 8.182 miles of Limited Grading, Minor Drainage Structures, Lime Treated Subgrade, Selected Material, Crushed Stone Base Course, DBST Shoulders, P.C. Concrete Pavement (9" U.T., Main Lanes; 8" U.T., Ramps), Erosion Control Items & Misc. Items, Interstate 40, Sections 2 & 3, is awarded to Freshour Construction Co., Inc. of Sweet Home, Arkansas & T. L. James & Company, Inc. of Ruston, Louisiana, on their low bid of \$1,976,248.45, subject to the concurrence of the Bureau of Public Roads.
- 67-546 Pope County, Job No. 8619, Russellville Bypass-Atkins Interstate Signing, FAP I-40-2(38)85. The contract for Interstate Signing, including Delineators, Breakaway Sign Supports, Standard Signs, Guide Signs - Roadside Mounted & Misc. Items, Interstate 40, Section 2, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Arkansas, on their low bid of \$40,439.80, subject to the concurrence of the Bureau of Public Roads.
- 67-547 Boone County, Job No. 9494, Gaither-Hwy. 43, State Job. The contract for the construction of approximately 3.983 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, DBST, 3 R.C. Slab Span Bridges (299.0' Total), 1 Bridge Length Culvert (30.79'

Span) & Misc. Items, State Highway 206, Section 1, is awarded to McClinton, Inc. of Harrison, Arkansas, on their low bid of \$265,138.32.

67-548 Boone County, Job No. 9531, O.C.D.No. Ark. 400-23-67. The contract for the construction of District 9 Headquarters Buildings at Harrison, Arkansas, is awarded to C. E. Martin, d/b/a C. E. Martin Construction Company of Harrison, Arkansas, on their low bid of \$784,500.00, subject to the concurrence of the Office of Civil Defense.

67-549 Poinsett County, Job No. 10769, Marked Tree & Trumann Junkyards, FAP CJF-033-1(1). The contract for Junkyard Screening, including Chain Link Fence & Gates, Redwood Slats, Hedges & Misc. Items at three locations, State Highway 63, Sections 8 & 9, is awarded to National Fence Company of Little Rock, Arkansas, on their low bid of \$6,931.15, subject to the concurrence of the Bureau of Public Roads.

67-550 IT IS ORDERED that a Regular Meeting of the State Highway Commission be closed at 4:15 P.M., Wednesday, October 25, 1967.

November 22, 1967

67-551 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., Wednesday, November 22, 1967.

67-552 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 67-536 through 67-549 at the regular meeting of the Commission on October 25, 1967.

67-554 WHEREAS, the Purchasing Committee has awarded purchases on October 30, November , 13 and 20, 1967 in the amounts of \$405,013.30, \$114,348.91, \$381,370.91 and \$181,474.81 respectively, totaling \$1,082,207.93, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

67-555 WHEREAS, in PULASKI COUNTY on State Highway 338, Section 2 from State Highway 367 to Sweet Home bids were invited under Purchase Order Contract procedure for the

construction of Asphaltic Concrete Hot Mix base and surface on 5.16 miles of the existing pavement with three (3) bids received for opening on October 26, 1967, and,

WHEREAS, the Purchasing Committee on October 30, 1967, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 6-56S(2) be awarded to the APT Construction Company of North Little Rock on their low bid of \$101,438.90 and that a supplemental allotment of \$2,700 be made to cover the overrun of the original allotment.

67-556 In Lincoln County within the Town of Star City, that portion of State Highway 114, Section 1 relocated by Job No. 2668 along Arkansas Street a distance of 0.46 mile west from the intersection of Arkansas and Jefferson Streets, is hereby added to the State Highway System by this Minute Order; and the old location over Bradley Street, in accordance with Supreme Court decisions, is declared to be no longer a part of the State Highway System; all as shown on the attached sketch, which will become a part of this Minute Order.

67-557 IN LINCOLN COUNTY, IT IS ORDERED that the portion of State Highway No. 114, Section 3, from a point on the present route near the SW corner of Section 24, T8S, R5W, east for 0.5 mile and north 0.5 mile to a point on the present route near the center of Section 24, T8S, R5W, which has been reconstructed on a new location by Job 2633, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

67-558 IN POINSETT COUNTY, IT IS ORDERED that the portion of State Highway No. 163, Section 3, from the Junction of State Highway No. 14 east of Harrisburg, southerly to Poinsett County State Park, which was made a part of the State Highway System by M.O. 65-482 of October 27, 1965, and which has now been reconstructed on a new location by Jobs 10-569 and 10765, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of the Order.

67-559 WHEREAS, the Commission by Minute Order No. 66-668, acquired 19.29 acres of land at a cost of \$1,000.00, per acre from J. W. and Jane Bryan of Harrison, Arkansas, for the construction and maintenance operations of District Nine, and,

WHEREAS, J. W. and Jane Bryan own an additional five acres joining the 19.29 acres previously acquired and are agreeable to selling to the Commission the five acres for a total of \$5,000.00, as described:

A part of the Northwest Quarter of Section 29, Township 18 North, Range 19 West, Boone County, Arkansas, more particularly described as follows:

Beginning at the Northeast Corner of the Southeast Quarter of the Southwest Quarter of the Northwest Quarter of Section 29, Township 18 North, Range 19 West; thence North 89° and 48' West 417.5'; thence South 0° and 12' West 417.5'; thence South 89° and 48' East 303.3'; thence

South 0ø and 12' West 381.5' to county road; thence South 89ø and 48' East 114.2' along said county road; thence North 0ø and 12' East 799.0' to the point of beginning, containing 5.00 acres more or less.

WHEREAS, this five acres is needed for the storage of asphalt storage tanks, road materials and etc., and will be accessible to the county road on the back side of the new headquarters facility.

IT IS ORDERED that the Director be authorized to complete all details for the acquisition of the property described above.

67-560 In BOONE COUNTY, for a bypass of U. S. Highway 65, in the city of Harrison, a distance of approximately 3.8 miles, the Director is authorized to proceed with surveys, plans, and construction at an estimated cost of \$1,140,000, if and when funds become available.

67-561 WHEREAS, the City of Van Buren requested that the plans for the construction of Interstate 540 in the vicinity of the Arkansas River Bridge be so prepared to provide for the construction of an industrial lead railroad track under the bridge to serve the area East of Interstate 540 for industrial development.

WHEREAS, it was determined that the City's request had merit and was in the public interest, the construction plans prepared with the approval of the Bureau of Public Roads provided the necessary vertical and horizontal clearances to allow for the railroad track to pass under the Arkansas River Bridge approaches just South of Fourth Street, Van Buren.

WHEREAS, the owners of the industrial area, had acquired a strip of land lying north of Fourth Street as access from the Missouri - Pacific Railroad Company's property where the embankment of Interstate 540 main lanes would be constructed.

WHEREAS, the owners mentioned above waived severance damage to their remaining lands, accepting as just compensation the amount of the States approved appraisal for the value of the land acquired with the understanding the Arkansas State Highway Commission would acquire sufficient land to be made available for the construction, operation and maintenance of an industrial lead railroad track and utilizing the area reserved for such purpose in the construction plans for Interstate 540 as stated above.

WHEREAS, now that such sufficient lands have been acquired with the approval of the Bureau of Public Roads as indicated on the right of way maps for Job 4470-2.

NOW THEREFORE, IT IS HEREBY RESOLVED, in consideration of the conditions outlined above and in accord with the purposes for which these lands have been acquired, that the Chairman of the Arkansas State Highway Commission be authorized to execute a Permanent Easement Deed to the land indicated on the right of way maps for Job 4470-2, and the exhibit attached hereto, to T. J. Van Zandt, Trustee, for the owners, his successors and assigns for the sole purpose of constructing, operating and maintaining an industrial lead railroad and a 16 inch water line and the installation of such future utility facilities to serve the industrial area with the provision that all installations will in no way interfere with or adversely affect any highway facilities or use and any future utility installation will conform to the Arkansas State Highway Department's utility permit policies and with the understanding that should the grantee, his

successors or assigns attempt to use the land so conveyed for any purposes inconsistent as conditioned title to the land described above will automatically revert to the Arkansas State Highway Commission.

67-562 In MISSISSIPPI COUNTY on STATE HIGHWAY 14, Section 179 in Wilson:

WHEREAS, it has been determined that the St. Louis-San Francisco Railway crossing of State Highway 14 in Wilson is hazardous and warrants automatic grade crossing protection;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$10,000, subject to the following conditions:

1. St. Louis-San Francisco Railway Company will provide ten percent of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

67-563 WHEREAS, in District 8 there is need for salt and calcium chloride storage houses at the following locations:

Perryville in Perry County

Russellville in Pope County

Clarksville in Johnson County

Danville in Yell County

WHEREAS, suitable plans have been developed for these facilities,

IT IS ORDERED that the Director be authorized to construct four twelve foot by twenty foot storage houses from Routine Maintenance funds at an estimated cost of \$7,250.00.

67-564 WHEREAS, an aerial camera has been purchased and fitted into the Department aircraft, a photogrammetric specialist employed, and as there is a growing need for this service, it is now considered in order to provide space and equipment required for processing, developing, and printing aerial film on the Central Headquarters site,

NOW, THEREFORE, to conserve prime office space in the main building, the Director is hereby authorized to cause plans and specifications to be prepared for securing bids on construction of a metal building to contain approximately 1400 square feet east of the District Six Headquarters at an estimated cost of \$14,000.00, and the purchase of necessary film processing equipment at an estimated cost of \$25,000.00.

67-565 In PULASKI COUNTY at the State Hospital grounds in Little Rock the Director is authorized to furnish labor and equipment to spread and compact crushed stone base course and to furnish inspection on Asphaltic Concrete Hot Mix surface course for two parking lots at an estimated cost of \$2,700, which will be reimbursed by the State Hospital.

The crushed stone base to be dumped in place and the hot mix surface constructed by the State Hospital under separate contract.

67-566 In WHITE COUNTY on U. S. 64C, Section 10C:

WHEREAS, the Farmer's Market & Supply, Inc., in conjunction with the Missouri Pacific Railroad Company has requested permission to construct an industrial spur track crossing U. S. Highway 64C in Beebe, Arkansas to serve a warehouse facility

NOW THEREFORE, the Director is authorized to grant a permit to the Farmer's Market & Supply, Inc., for the construction of the proposed crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's Office, and must meet the approval of the Department District Engineer.
3. That the Company provide warning signals, displaying reflectorized standard cross-arms, and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

67-567 In CHICOT COUNTY on State Highway 278, Section 0 between Chicot Junction and the Ashley County line the Director is authorized to replace five existing timber bridges with treated timber and precast concrete structures and construct three corrugated arch cross drains as a Betterment Project at an estimated cost of \$34,100.

Work to be done by Purchase Order Contract and maintenance forces.

67-568 In COLUMBIA COUNTY on State Highway 132, Section 1 from Magnolia southwest, a distance of 6.24 miles the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$61,000.

Work to be done by Contract.

67-569 WHEREAS, in DREW COUNTY on State Highway 81, Section 4 from the north city limits of Monticello to the Lincoln County line the Director is authorized to widen the existing pavement and construct Asphaltic Concrete Hot Mix surface as a Betterment Project at an estimated cost of \$177,000.00.

Work to be done by contract.

67-570 In WASHINGTON COUNTY on U. S. Highway 71, Section 17 at Dickinson Avenue in Fayetteville the Director is authorized to construct left turning lanes using Asphaltic Concrete Hot Mix surface from Routine Maintenance funds at an estimated cost of \$4,125.

Work to be done by Purchase Order Contract.

67-571 In LAWRENCE COUNTY on U. S. Highway 67, Section 18 at the Junction of Highway 63 in Hoxie the Director is authorized to reconstruct the intersection and railroad crossing as a Betterment Project at an estimated cost of \$8,700.

Work to be done by maintenance forces.

67-572 In UNION COUNTY on U. S. Highway 82, Section 7 from the Ouachita River west, a distance of 5.14 miles, the Director is authorized to construct gravel shoulders from Routine Maintenance funds at an estimated cost of \$13,000.

Work to be done by Purchase Order Contract

67-573 In UNION COUNTY on U. S. Highway 82, Sections 5 & 6 from the West City Limits to the East City Limits of El Dorado, a distance of 2.79 miles, the Director is authorized to construct Asphaltic Concrete Hot Mix surface on the existing pavement from Routine Maintenance funds at an estimated cost of \$32,800.

Work to be done by Purchase Order Contract.

67-574 Searcy County, Job No. 9-541, Buffalo River Bridge-Marshall (Overlay), State Job (Betterment). The contract for the construction of approximately 9.80 miles of ACHM Surface Course & Related Items, U.S. Highway 65, Section 5, is awarded to McClinton, Inc. of Harrison, Arkansas, on their low bid of \$103,156.50.

67-575 Phillips County, Job No. 11736, West Helena-Lexa, FAP S-112(2). The contract for the construction of approximately 4.881 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 1 Bridge Length Culvert (32.92 Ft. Span) & Misc. Items, State Highway 242, Section 1, is awarded to D. F. Jones Const. Co., Inc. of Little rock, Arkansas, on their low bid of \$338,790.14.

- 67-576 Crittenden County, Arkansas, Job No. 11777 (Joint Arkansas-Tennessee Project), St. Francis Levee-Miss. River Bridge Grading & Minor Structures, FAP I-40-5(55)284. The contract for the construction of approximately 1.479 miles of Grading, Minor Drainage Structures, Fencing and Erosion Control Items on the West Memphis-Memphis Interstate Highway 40, Section 52, is awarded to Holloway Construction Co., of Wixom, Michigan, on their low bid of \$1,489,964.70, subject to the concurrence of the Bureau of Public Roads and the Tennessee Department of Highways. Note: Arkansas participation in this project will be 100% Federal Funds and 40% State Matching Funds.
- 67-577 St. Francis County, Job No. 11793, Jct. Hwy. 1-Southeast, FAP SU-574(2) & S-574(1). The contract for the construction of approximately 5.483 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST & Misc. Items, State Highway 334, Section 1, is awarded to Bowyer & Johnson Const. Co. of Jackson, Tennessee, on their low bid of \$263,391.68.
- 67-578 Pike County, Job 3664, Langley-Self Creek, FAP S-548(2). The contract for the construction of approximately 5.956 miles of Grading, Minor Drainage Structures, Gravel Base Course, DBST, 1 R.C. Span Bridge (105.0 Ft.) & Misc. Items, State Highway 84, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$298,441.11.
- 67-579 Jackson County, Job No. 5552, White River Bridge-Diaz Overpass, FAP U-021-4(9). The contract for the construction of approximately 4.852 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Treated Shoulders, ACHM Base & Surface Courses, Concrete Curbs & Gutters, Traffic Control Devices & Misc. Items, U. S. Highway 67, Section 17, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$1,042,645.64, subject to the concurrence of the Bureau of Public Roads.
- 67-580 Johnson County, Job No. 8545, Hartman Road-Jct. U. S. 64 (Grading & Structures), FAP I-40-2(21)49. The contract for the construction of approximately 4.114 miles of Grading, Minor Drainage Structures, Woven Wire Fence, Crushed Stone Base w/Bituminous Treated Surface (Local Roads), Erosion Control Items, 2 Comp. I-Beam Span Underpass Structures (590.83 Ft. Total) & Misc. Items, Interstate Highway 40, Section 2, is tentatively awarded to Buchanon Bros. Const. Co. of Kansas City, Kansas, on their low bid of \$937,711.75, subject to the concurrence of the Bureau of Public Roads and the Contractor's compliance with all Federal and State Laws in connection with the execution of the Contract.
- 67-581 Johnson & Pope Counties, Job No. 85g3, Big Piney Rest Areas, FAP I-40-2(32)68. The contract for Constructing two Interstate Rest Areas & One Scenic Overlook, including Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base & Surface Courses, Concrete Walks & Curbs, Signing, Erosion Control Items, Landscaping, Two Scheme B Comfort Stations, Sewage Treatment Systems, Picnic Facilities, Water Supply Systems & Misc. Items, Interstate Highway 40, Section 2, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$399,087.79, subject to the concurrence of the Bureau of Public Roads.
- 67-582 Conway County, Job No. 8595, Morrilton Bridge Relocation, Corps of Engineers Contract No. DACW03-67-C-0005. The contract for the construction of approximately 1.625 miles of

Grading, Minor Drainage Structures, Gravel Base, Asphalt Treated Gravel Base, ACHM Base & Surface w/Bituminous Treated Shoulders, 1 R.C. & Structural Steel Plate Girder Span Bridge (1893.39 lin. ft.), Removal of Existing Bridge & Misc. Items, State Highway 9, Section 7, is tentatively awarded to Rosiek Construction Co., Inc. of Detroit, Michigan, on their low bid of \$2,349,008.95, subject to the concurrence of the Corps of Engineers and the Contractor's compliance with all Federal and State Laws in connection with the execution of the Contract.

- 67-583 Pope County, Job No. 8635, Russellville-Atkins Landslide Correction, FAP I-40-2(39)86. The contract for the construction of Landslide Correction, including Grading, Fencing, Underdrains, Erosion Control Items & Misc. Items at two locations, Interstate Highway 40, Section 2, is awarded to A. K. McBride of Fort Smith, Arkansas, on their low bid of \$55,890.60, subject to the concurrence of the Bureau of Public Roads.
- 67-584 Conway & Faulkner Counties, Job No. 8636, Menifee-Conway (Surfacing), FAP I-40-3(54)118. The contract for the construction of approximately 6.538 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Portland Cement Concrete Pavement (9" U.T., Main Lanes; 8" U.T. Ramps), DBST Shoulders, Erosion Control Items, Guard Fence & Misc. Items, Interstate Highway 40, Section 3, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their low bid of \$1,492,483.08, subject to the concurrence of the Bureau of Public Roads,
- 67-585 Faulkner County, Job No. 8638, Hwy. 25-Brumley (Surfacing), FAP I-40-3(553)124. The contract for the construction of approximately 5.649 miles. of Limited Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base Course, Bituminous Treated Shoulders, Portland Cement Concrete Pavement (9" U.T., Main Lanes; 8" U.T., Ramps), Erosion Control Items, Guard Fence, Corrugated Concrete Shoulders (at Intersections) & Misc. Items, Interstate Highway 40, Section 3, is awarded to Wright Contracting Co. of Columbus, Georgia, on their low bid of \$1,594,096.03, subject to the concurrence of the Bureau of Public Roads.
- 67-586 Prairie, Monroe & St. Francis Counties, Job No. 1363, Hwy. 249-Becks Road Interstate Signing, FAP I-40-4(31)191 & I-40-5(48)220. The contract for the construction of Interstate Signing including Standard Signs, Guide Signs-Roadside Mounted, Breakaway Sign Supports, Delineators, Guard Fence, Concrete Pier Protection & Misc. Items, Interstate Highway 40, Sections 4 & 5, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Arkansas, on their low bid of \$317,588.97, subject to the concurrence of the Bureau of Public Roads.
- 67-587 Faulkner & Pulaski Counties, Job No. 1434, Hwy. 25-Morgan Fencing, FAP I-40-3(53)124. The contract for Constructing Interstate Right-of-Way Fencing, including Woven Wire Fence and Chain Link Fence along approximately 17.9 miles of the Little Rock-Fort Smith Interstate Road, Interstate Highway 40, Section 3, is tentatively awarded to Bryant Brothers Construction Co. of Clinton, Arkansas, on their low bid of \$106,471.44, subject to the concurrence of the Bureau of Public Roads and the Contractor's compliance with all Federal and State Laws in connection with the execution of the Contract.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION

January 12, 1966

66-1 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 12, 1966.

66-2 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-535, 65-536, and 65-538 through 65-543 at the regular meeting of the Commission on November 24, 1965.

Job No.	Project	Rout	County	Contract & E & C	R/W & Utilities	Total

66-4 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1966, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for membership dues for the year 1966 in the amount of \$1,519.50.

66-5 In ASHLEY COUNTY, a County Road beginning at the junction of U.S. Highway 82 in Crossett and extending East to the junction of State Highway 81, a distance of approximately 7.8 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-6 In CRAIGHEAD COUNTY, a County Road beginning at the intersection of Highway 1 and an FAS Road 1 mile north of Brookland, Arkansas, and running east along said FAS Route to its intersection with Highway 135 at Dixie, a distance of 7.0 miles, is hereby made a part of the State Highway System.

66-7 In CROSS COUNTY, a County Road approximately 4.8 miles east of Hickory Ridge on State Highway 42 and extending south to connect with Highway U.S. 64, as shown on the attached sketch, a distance of approximately 10.1 miles, is hereby made a part of the State Highway System.

66-8 In GREENE COUNTY, a County Road beginning approximately 5 miles south of Paragould at the intersection of Highway 1, and a county road locally known as the Bethel Road, and running east along Bethel Road to its intersection with Pekin Road, thence north along Pekin Road to its intersection with Highway 25 in Paragould, a distance of approximately 7.5 miles, is hereby made a part of the State Highway System.

66-9 In GREENE COUNTY, a County Road beginning at the intersection of a county road and Highway 228 in Fontaine and running in an easterly direction along the county road locally known as the Lorado Road to its intersection with Highway 141, a distance of approximately 6.0 miles, is hereby made a part of the State Highway System.

66-10 In HOWARD and PIKE COUNTIES, a county road beginning at the junction of State Highway 26, approximately 4.5 miles East of Center Point, in Howard County, to the junction of Highway U.S. 70 at New Hope, in Pike County, consisting of 11.3 miles in Howard County and 3.3 miles in Pike County, a total distance of approximately 14.6 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-11 In LEE COUNTY, a county road beginning at Holub on Highway 121 and extending westward toward State Highway 259 for a distance of approximately 5.5 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-12 In LONOKE COUNTY, a County Road beginning at the junction of U.S. 70, near McCreanor, and extending South to a junction with a County Road at Miles Store, a distance of 8.3 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-13 In VAN BUREN COUNTY, a county road beginning at the junction of Highway US 65 (Approximately 3.0 miles south of Clinton) and extending through the Culpepper Community, a distance of approximately 6.0 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-14 In WHITE COUNTY, at the Foothills Vocational Technical School in Searcy, a drive beginning at Davis Drive, running westerly and southerly to Moore Avenue a distance of approximately 1,600', as shown on attached sketch, is hereby made a part of the State maintained institutional drives to be designated as S. H. 889, Section 1.

66-15 In ARKANSAS COUNTY on STATE HIGHWAY 153, Section 0, from the Rice Experiment Station to State Highway 33, a distance of 6.8 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$126,000.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-16 In ARKANSAS COUNTY on STATE HIGHWAY 153, Section 0, at Little LaGrue Bayou, the Director is authorized to replace two old timber bridges (Total Length - 114 lineal feet), using Treated Timber Piling and Sway Braces, Precast Concrete Caps and Slabs, and Metal Guard Rail and Fence, as a Betterment Project, at an estimated cost of \$12,200.00.

Work to be done by Maintenance Forces.

66-17 In ASHLEY COUNTY on US 165, Section 1, from a point one mile south of Portland - North, a distance of 7.21 miles, the Director is authorized to construct one drainage structure and resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$92,800.00.

Work to be done by Purchase Order Contract

66-18 In ASHLEY COUNTY on STATE HIGHWAY 278, Section 1, from Portland to a point 2.89 miles East, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$56,000.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-19 In BOONE COUNTY on STATE HIGHWAY 206, Section 1, from Gaither to 3.83 miles south of Bellefonte, a distance of 7 miles, the Director is authorized to place Mineral Aggregate, as a Betterment Project, at an estimated cost of \$59,700.00.

Work to be done by Maintenance Force.

- 66-20 In CARROLL COUNTY on STATE HIGHWAY 103, Section 3, the Director is authorized to construct one I-Beam Bridge (Total Length - 300 Lineal Feet) over Osage Creek, as a Betterment Project, at an estimated cost of \$121,500.00.

Work to be done by Purchase Order Contract.

This will delete construction of Osage Creek Bridge and Approaches from Item 89, Minute Order 64-375, which was previously programmed as Job 9506.

- 66-21 In CLARK COUNTY on STATE HIGHWAY 51, Section 1:

WHEREAS, Item 56 of Minute Order 64-375 programmed grading, minor drainage structures base and surfacing and replacement of one bridge for 5.4 miles from the Junction of US 67 to Burtzell as a Federal Aid secondary project at an estimated cost of \$223,000; and

WHEREAS, it appears to be in the public interest to complete the section of this highway between US 67 and Interstate Highway 30 at the earliest feasible date in order to provide a usable section of Interstate Highway 30 from the Junction of State Highway 51 to Junction State Highway 7 north of Arkadelphia.

NOW THEREFORE, the Director is authorized to construct the 1.82 mile section of State Highway 51 between US 67 and Interstate 30 as a Federal Aid secondary project at an estimated cost of approximately \$114,000 and to construct the 2.4 mile section between Interstate 30 and Burtzell as a State Betterment project at an estimated cost of approximately \$90,000.

- 66-22 In CONWAY COUNTY on STATE HIGHWAY 113, Section 5, between the junctions with State Highway 9 and State Highway 154, the Director is authorized to replace the existing I-Beam Bridge with a Double 8' x 8' x 38' R. C. Box Culvert, as a Betterment Project, at an estimated cost of \$4,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-23 In CONWAY COUNTY on STATE HIGHWAY 124, Section 5, from Springfield to the Faulkner County Line, a distance of 6.70 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$136,000.00.

Work to be done by Purchase Order Contract Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will delete 6.7 miles of Item 42, Minute Order 3924, which was previously programmed as Job 8498, Springfield - Martinville.

- 66-24 In CRAWFORD COUNTY on STATE HIGHWAY 220, Section 2, from the junction with State Highway 55 to Lee Creek (Devil's Den Road), a distance of 10 miles, the Director is authorized to construct Crushed Stone Surface Course, as a Betterment Project, at an estimated cost of \$40,170.00.

Material to be dumped on road by Purchase Order Contract and balance of work to be done by Maintenance Forces.

- 66-25 In CROSS COUNTY on STATE HIGHWAY 163, Section 2, from the junction of State Highway 42 at Birdeye to the Poinsett County Line, a distance of 5.40 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and one 57-foot Bridge, as a Betterment Project, at an estimated cost of \$100,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-26 In GREENE COUNTY on STATE HIGHWAY 141, Section 3, from Beech Grove to a point 3.04 miles south, the Director is authorized to construct Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$43,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-27 In JOHNSON COUNTY on STATE HIGHWAY 194, Section 2, from Lamar to a point 3.38 miles East, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$50,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-28 In LEE AND ST. FRANCIS COUNTIES on STATE HIGHWAY 259, Sections 1 and 2, from New Salem to US 70, a distance of 3.54 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$55,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-29 In LOGAN COUNTY on STATE HIGHWAY 197, SECTION 1, from the Junction with State Highway 22 at New Blaine to the Shoal Bay Recreation Area, a distance of approximately 1.0 mile (0.5 mile on relocation), the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and one Bridge Length Culvert, as a Betterment Project and as a State Contract Job, at an estimated cost of \$62,000.00.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-30 In MONTGOMERY COUNTY on STATE HIGHWAY 27, Section 6, from the junction with Present State Highway 27 to the junction with US 270 (Mt. Ida Bypass), a distance of one mile, the Director is authorized to construct Base of Native Gravel, stabilized with emulsion, Prime and Double Seal, as a Betterment Project, at an estimated cost of \$14,700.00.

Gravel to be hauled by Purchase Order Contract and balance of work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-31 In NEWTON COUNTY on STATE HIGHWAY 43, Section 1, from the Boone County Line to a point 7.00 miles South, the Director, is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$140,000.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-32 In PHILLIPS COUNTY on STATE HIGHWAY 242, Section 0, on the West Helena City Streets, from US 49 to a point 0.82 mile Southeast, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$15,000.00.

Work to be done by Purchase Order Contract

- 66-33 In PHILLIPS COUNTY on US 49, Section 2, from the Monroe County Line to Wycamp, a distance of 12.18 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$125,000.00.

Work to be done by Purchase Order Contract.

- 66-34 In PERRY COUNTY on STATE HIGHWAY 300, Section 0, from State Highway 9 to State Highway 216, a distance of 3.55 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$59,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-35 In PERRY COUNTY on STATE HIGHWAY 314, Section 1, from Hollis to a point 5.95 miles West, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$70,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-36 In POPE COUNTY, in the City of Russellville, for a relocation of Highway 7 along Arkansas Avenue from Highway US 64 north to "G" Street, a distance of approximately 0.54 miles, the Director is authorized to proceed with plans and construction of a four lane undivided facility including the replacing of an existing bridge, as a betterment project, at an estimated cost of \$150,000.00.

This action is subject to the furnishing of right-of-way and adjustment of utilities at no cost to the Highway Department.

- 66-37 In POPE COUNTY on STATE HIGHWAY 333, Section 1, from US 64 to a point 0.21 mile North (London Connection), the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$6,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-38 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 1, from US 70 - South, the Director is authorized to construct three bridges (total length 124 lineal feet) and one 60" x 36' Concrete Culvert, as a Betterment Project, at an estimated cost of \$14,000.00.

Work to be done by Maintenance Forces.

- 66-39 In VAN BUREN COUNTY on STATE HIGHWAY 336, Section 1, from US 65 to a point 3.25 miles East, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-40 In WOODRUFF COUNTY on US 64-C, Section 13, and State Highway 339, Section 1, in Augusta, a distance of 1.82 miles, the Director is authorized to resurface the existing pavement on US 64-C, with Asphaltic Concrete Hot Mix Surface Course and construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Course on Highway 339, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-41 In YELL COUNTY on STATE HIGHWAY 307, Section 2, from the Ozark National Forest to the junction of State Highway 27, a distance of 3.75 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$62,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-42 WHEREAS, the City of Batesville has submitted an offer of \$42,000 for the site of the Old District Five Headquarters in Batesville, Arkansas on St. Louis Street, known as

Lots 1, 2, 3, 4, and 5 of Block 3 of
Ramsey's Addition to the City of Batesville, Arkansas

WHEREAS, the City of Batesville donated the above described property to the Arkansas State Highway Commission in the year of 1938 without cost to the State, and

WHEREAS, this Old District Headquarters site as described above is surplus to highway use, and

WHEREAS, an appraisal prepared by the Right of Way Division reveals that the City's offer of \$42,000 is in excess of the appraised value of the improvements on the above described Old District Headquarters site.

THEREFORE, be it resolved that the offer of the City of Batesville as stated be accepted by the Arkansas State Highway Commission, and its Chairman is hereby empowered to execute a quitclaim deed in favor of the City of Batesville for the above described Old Headquarters site.

66-43 In INDEPENDENCE COUNTY, on US HIGHWAY 167, Sections 17 and 18, from the foot of Ramsey Hill (End Job 5500) northward approximately 5.25 miles through Batesville to a point southwest of Pfeiffer, the Director is authorized to proceed with preliminary studies, surveys, plans and cost estimates to determine the most feasible location and type facility to serve this traffic corridor and when this determination has been made, to proceed with surveys and plan preparation up to the Public Hearing stage, all at an estimated cost of \$7,000.00. These actions are subject to program approval by the Bureau of Public Roads.

66-44 WHEREAS, the 1965 General Assembly by Act 144 directs the Highway Commission to establish and thereafter maintain and operate a free public ferry on the Red River crossing of State Highway 160 at Spring Bank, between Lafayette and Miller Counties, which said acquisition and maintenance shall be provided
from maintenance funds of the State Highway Department,

IT IS ORDERED that the Director be authorized to proceed with the construction and installation of a ferry facility at the cost of \$100,000.00 and operations cost of \$10,000.00 to July 1, 1966 - Total Allotment, \$110,000.00.

66-45 The Director is hereby authorized to conduct a transportation planning study to determine the future Highway network needs for the City of Mena, Polk County, and including the proposed future location of US Highway 71 northward to "Y" City in Scott County. This authorization is subject to the following
conditions:

1. Availability of manpower and planning funds.
2. Approval by the Bureau of Public Roads.

66-46 WHEREAS, increased communication requirements have arisen as a result of expanded highway services.

IT IS ORDERED that the Director prepare plans and procure equipment to fill these needs by providing additional control and transmitting facilities for the Central Office Building, sixteen area headquarters type control stations, and twenty mobile radio units. Total cost of these new facilities shall not exceed \$80,000.00. This authorization is contingent upon the participation in the purchase by the Office of Civil Defense in all portions eligible under present OCD programs.

66-47 In WOODRUFF COUNTY on HIGHWAY 33, Section 7, MINUTE ORDER 64-69, dated February 26, 1964, is hereby canceled for lack of right-of-way.

66-48 In POINSETT COUNTY, on HIGHWAY 39, from Waldenburg north to the Craighead County Line, a distance of approximately 10.8 miles, the Director is authorized to proceed with surveys, plans and reconstruction of the road and the replacement of 4 bridges, all at an estimated cost of \$770,000.00.

This action is subject to the furnishing of all right-of-way, free of cost to the State, and program approval by the Bureau of Public Roads.

66-49 St. Francis County, Job No. 11725, Becks Road-Highway 38 Interstate Signing, FAP I-40-5(40)238. The contract for the construction of approximately 11.644 miles of Interstate Signing, including delineators, standard signs, guide signs, four illuminated overhead signs and miscellaneous items on the Little Rock- West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$83,831.28, subject to the concurrence of the Bureau of Public Roads.

66-50 Lincoln County, Job No. 2698, Bayou Bartholomew Bridge & Approaches, FAP S-494(2). The contract for the construction of approximately 1.515 miles of Grading, Minor Drainage Structures, Gravel Surface Course, One Composite I-Beam Span Bridge (497.16 Ft.) and Miscellaneous Items on the Meroney-South Road, State Highway 293, Section 1, is awarded to Mississippi Valley Contracting Company of Paragould, Arkansas on their low bid of \$151,849.29.

66-51 Lafayette County, Job No. 3636, Junction Dooley Road-Junction Highway 53, State Project. The contract for the construction of approximately 4.5 miles of Grading, Minor Drainage Structures, Selected Material, Portland Cement Stabilized Base Course, Gravel Surface Shoulders, Double Bituminous Surface Treatment and Miscellaneous Items on the Junction Dooley Road-Junction Highway 53 Road, State Highway 160, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$170,993.91.

66-52 Miller County, Job No. 3666, Homan-Red River Bridge (Surfacing), FAP I-30-1(36)11. The contract for the construction of approximately 5.025 miles of Limited Grading, Selected Material, Portland Cement Stabilized Base Course, Portland Cement Concrete Pavement (10" U.T.), DBS Treated Shoulders, MedianBarrier, Fencing, Erosion Control and Miscellaneous Items on the Little Rock- Texarkana Interstate Road, Interstate 30, Section 1, is awarded to Hallett Construction Company of Crosby, Minnesota on their low bid of \$1,074,309.26, subject to the concurrence of the Bureau of Public Roads.

66-53 White County, Job No. 5549, Antioch-Northeast, FAP S-498(2). The contract for the construction of approximately 6.447 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Two R. C. Slab Span Bridges (212.00 Ft. Total), One Bridge Span Length Culvert

(22.17 Ft. Span) and other Miscellaneous Items on the Searcy-Antioch Road, State Highway 267, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$366,115.12.

66-54 Cleburne County, Job No. 5556, Drasco-West, FAP S-527(2). The contract for the construction of approximately 7.199 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, Concrete Curb and other miscellaneous items on the Stark-Drasco Road, State Highway 92, Section 5, is awarded to Freshour Construction Company of Sweet Home, Arkansas on their low bid of \$372,414.80.

66-55 Prairie County, Job No. 6786, Highway 11-White River (Surfacing), FAP I-40-4(27)193. The contract for the construction of approximately 5.382 miles of Limited Grading, Selected Material, Crushed Stone Base Course, Portland Cement Concrete Pavement (10" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other Miscellaneous Items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,512,533.83, subject to the concurrence of the Bureau of Public Roads.

66-56 Clark County, Job No. 7639, Gum Springs-Caddo Valley Interstate Signing, FAP I-30-1(37)69. The contract for the construction of approximately 9.30 miles of Interstate Signing, including delineators, standard signs and guide signs on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$41,692.20, subject to the concurrence of the Bureau of Public Roads.

66-57 Pope County, Job No. 8488, East End Russellville Bypass-Pottsville (Grading & Structures) FAP I-40-2(22)85. The contract for the construction of approximately 3.934 miles of Grading, Minor Drainage Structures, Crushed Stone Base with Double Bituminous Surface Treatment on Frontage Roads & Cross Roads, Four Reinforced Concrete & Structural Steel I-Beam Span Bridges (656.85 Ft. Total), Two Reinforced Concrete Slab Span Bridges (392.00 Ft. Total) and other Miscellaneous Items on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 2, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$757,890.90, subject to the concurrence of the Bureau of Public Roads.

66-58 Pope County, Job No. 8489, Atkins-Conway County Line Grading Structures, FAP I-40-2(24)94 The contract for the construction of approximately 4.63 miles of Grading, Minor Drainage Structures, Crushed Stone Base with Double Bituminous Surface Treatment on Frontage Roads and Cross Roads, 2 R.C. Slab Span Bridges (240.0' Total), 2 R. C. and Structural Steel I-Beam Span Bridges (428.64' Total), 1 Bridge Span Length Culvert (31.0' Total Span) and Miscellaneous Items on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 2, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$567,542.04, subject to the concurrence of the Bureau of Public Roads.

66-59 Conway County, Job No. 8532, Hattieville-Junction Highway 124, FAP S-456(2). The contract for the construction of approximately 5.521 miles of Grading, Minor Drainage Structures,

Crushed Stone Base, Bituminous Treated Surface and Miscellaneous Items on the Hattieville-Jerusalem Road, State Highway 213, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$193,987.79.

66-60 Yell County, Job No 8539 Scott County Line-Waltreak, FAP S-392(7) and FH-80-2(2). The contract for the construction of approximately 6.526 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, 3 Bridge Span-Length Culverts (74.37 ft. Total), Erosion Control and Other Miscellaneous Items on the Danville-Waldron Road, State Highway 80, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas on their low bid of \$364,476.09, subject to the concurrence of the Bureau of Public Roads.

66-61 Mississippi County, Job No. 10726, Junction Highway 181-Junction Highway 18, State Project. The contract for the construction of approximately 5.945 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, 1 Comb. R.C. Slab Span and Structural Steel I-Beam Span Bridge (165.25' Total) and other Miscellaneous Items on the Junction Highway 181-Junction Highway 18 Road, State Highway 239, Section 2. All bids were rejected as being too high. Plans and specifications are to be reviewed and the Job re-advertised.

66-62 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, January 12, 1966.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
February 23, 1966

66-63 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., February 23, 1966.

66-64 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-49 through 66-60 at the regular meeting of the Commission on January 12, 1966.

Job No.	Project	Route	County	Contract & E&C	R/W & Utilities	Total
11725	I-40-5(40)	40	St. Francis	\$92,210.	None	\$92,210.

66-66 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt surfaced roads to preserve the surface, and,

WHEREAS, this work is performed during the spring and summer, as weather conditions permit,

IT IS ORDERED that the Director be authorized to approve the attached Program in the amount of \$1,000,000.00. This amount is to be requested from the 1966-1967 Budget.

No additional allotment will be requested for this fiscal year.

66-67 In CALHOUN COUNTY on STATE HIGHWAY 4, Section 10, from the Ouachita County line to the East City Limits of Locust Bayou, a distance of 3.47 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$38,700.00.

Work to be done by Purchase Order Contract.

66-68 In CALHOUN COUNTY on STATE HIGHWAY 172, Section 1, from U.S. 167 to State Highway 160, the Director is authorized to construct 133 Lineal Feet of Bridges and a Double Culvert, as a Betterment Project, at an estimated cost of \$15,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-69 In CARROLL COUNTY on STATE HIGHWAY 21, Section 5, from Osage Creek to a point 6 miles south of the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$63,000.00.

Work to be done by Purchase Order Contract.

66-70 WHEREAS, in CLARK COUNTY on STATE HIGHWAY 53, Section 1, from the Little Missouri River special Project 7-525 was approved by Minute Order 65-217 for the construction of Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$34,600.00,

IT IS ORDERED that the Director be authorized to cancel Minute Order 65-217 and resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Projects at an estimated cost of \$70,900.00.

Work to be done by Purchase Order Contract.

66-71 In CONWAY COUNTY on US HIGHWAY 64, Section 7, from State Highway 13 East, the distance of 1.81 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment , at an estimated cost of \$14,000.00.

66-72 In GARLAND COUNTY on STATE HIGHWAY 227, Section 0, from US 70 to US 270 (Sunshine Road), a distance of 7 .92 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$115,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-73 In HOT SPRING COUNTY on STATE HIGHWAY 22, Section 1, from Lonoke West, a distance of 5.10 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, in accordance with previously prepared plans, as a Betterment Project, at an estimated cost of \$121,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will eliminate Program Item 21 of Minute Order 4485 (Job 6756).

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-74 In JOHNSON COUNTY on US HIGHWAY 64, Section 5, from Clarksville to Lamar, a distance of 4.22 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$15,200.00.

Work to be done by Purchase Order Contract.

- 66-75 In MISSISSIPPI COUNTY on STATE HIGHWAY 18, Section 7, from Interstate Route 55 to Barfield Landing, a distance of 6.6 miles, the Director is authorized to construct four new bridges (total length 223 linear feet), construct grading, minor drainage structures, base and surfacing on 1.8 miles of relocation, and resurface with Hot Mix Asphalt and construct shoulders on the remaining 4.8 miles as a Betterment Project at an estimated cost of \$380,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of right-of-way and adjustment of utilities free of cost to the State.

- 66-76 In OUACHITA COUNTY on STATE HIGHWAY 4, Section 8, from Camden - West, a distance of 1.50 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$11,000.00.

Work to be done by Purchase Order Contract.

- 66-77 In OUACHITA COUNTY on STATE HIGHWAY 4, Section 9, from Camden to the Calhoun County line, a distance of 4.40 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$47,700.00.

Work to be done by Purchase Order Contract.

- 66-78 In OUACHITA COUNTY on US 79, Section 3, from Camden-Southwest, a distance of 12.00 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$148,200.00.

Work to be done by Purchase Order Contract.

- 66-79 In OUACHITA COUNTY on US 79, Section 4, from Bearden to the Calhoun County line, a distance of 1.15 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,500.00.

Work to be done by Purchase Order Contract.

- 66-80 In PRAIRIE COUNTY on STATE HIGHWAY 33, Section 6, from State Highway 38 to a point 1.70 miles South, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment as a Betterment Project, at an estimated cost of \$32,850.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will eliminate 1.7 miles from item 23 of Minute Order 4485, Job 6758, Plunkett - Jct. Hwy. 38.

This action is subject to the furnishing of all required right-of-way and adjustment of all utilities free of cost to the state.

- 66-81 In PULASKI COUNTY, at the intersection of University Avenue, Highway 5 and Highway 70 South, the Director is authorized to remodel the inter-section as a Betterment Project at an estimated cost of \$50,000 and to improve the Highway 5 West Connection as a Betterment Project at an estimated cost of \$50,000.

This action is subject to a commitment by the City of Little Rock to furnish, operate, and maintain the necessary electrical signalization.

- 66-82 In ST. FRANCIS COUNTY from US 70 to Interstate 40, a distance of 1.6 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the condition that the County Judge of St. Francis County will agree to accept this road for maintenance when it is no longer needed as an access to the Interstate Highway.

This is considered to be an emergency in order that traffic may use completed portions of Interstate Highway I-40 around Forrest City without having to travel down the main streets of the City.

- 66-83 In WHITE COUNTY on INSTITUTIONAL ROAD 889, Section 1, at the Foothills Vocational Technical School in Searcy, the Director is authorized to construct 2600 feet of Grading, Minor Drainage Structures, Base, Concrete Curb and Gutter and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$17,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-84 WHEREAS, at the District No 4, Headquarters in Fort Smith, the expansion of the District organization and the increase in maintenance operations make it desirable that the Shop and Office Building be enlarged to adequately serve its functions,

IT IS ORDERED that the Director be authorized to employ an Architect and take necessary steps to construct this addition, in accordance with the attached sketch, as a Building Project, at an estimated cost of \$180,000.00.

- 66-85 In CONWAY COUNTY, on STATE HIGHWAY 92, Section 2, from the Junction of Highway 9 in Center Ridge northeastward approximately 5.25 miles to the Van Buren County Line, the Director is authorized to proceed with surveys, plan preparation and, as funds are available, construction of grading, minor drainage structures, base, surface, and one bridge (approx. 120 lin. ft.) at an estimated total cost of \$310,000.00. This action is subject to program approval by the Bureau of Public Roads and right-of-way being furnished in accord with previously stated policies for Secondary highways.

- 66-86 WHEREAS, the Arkansas State Highway Commission has acquired certain lands for State Highway 23, in Section 2, Township 9 North, Range 27 West, Franklin County, Arkansas, and

WHEREAS, the Arkansas Louisiana Gas Company desires to secure an oil and gas lease from the Commission on the above mentioned lands, and

WHEREAS, the oil and gas lease has been reviewed by the Right of Way Division and the Legal Division, and found to be satisfactory,

NOW, THEREFORE, the Director is authorized to execute the oil and gas for; the Commission.

- 66-87 In JOHNSON COUNTY on STATE HIGHWAY 123, SECTION 4;

WHEREAS, Eureka Brick and Tile Company has requested authorization to construct and maintain an overhead belt conveyor crossing approximately 10 feet east of Missouri Pacific Railroad grade crossing in Clarksville; and

WHEREAS, it would not be feasible to install an underground conveyor system because of inadequate drainage;

NOW THEREFORE, the Director is authorized to grant a permit to Eureka Brick and Tile Company to construct and maintain an overhead belt conveyor crossing State Highway 123, Section 4, subject to the following conditions:

1. That the construction, operation, and maintenance of the overhead belt conveyor shall be satisfactory to the Department District Engineer.
2. That the structure supporting the belt conveyor not present an obstruction to traffic and shall maintain minimum desirable clearances.
3. That the Company shall construct and maintain the belt conveyor at no cost to the State.
4. That the Company assume full liability for hazard to traffic created by construction and operation of the belt conveyor.

66-88 WHEREAS, in LAWRENCE COUNTY at the US HIGHWAYS 63 and 67 crossing of the main tracks of the Missouri Pacific Railroad in Hoxie, Minute Order 4477 revised Minute Order 3276 by providing for the replacement of the existing flashing light signals with a flashing lights and short-arm gate combination installation at an approximate cost of \$19,500 less salvage value of the existing flashing light signals, and

WHEREAS, with recent innovations in signal equipment it is now possible to add short-arm gates to the existing flashing light signals, as originally intended by Minute Order 3276, at a considerable reduction in cost, and

WHEREAS, it will be necessary for the State to participate in the cost of the highway traffic signals to be installed and interconnected with the railroad-highway signals,

NOW THEREFORE, Minute Order 4477 is hereby declared null and void and Minute Order 3276 is hereby revised to delete condition number three.

All other conditions of Minute Order 3276 to remain in effect.

66-89 In LINCOLN COUNTY, on STATE HIGHWAY 293, for the approaches and bridge over Bayou Bartholomew, the Director is authorized to proceed with plans and construction an estimated cost of 175,000.00.

66-90 The purpose of this Minute Order is to ratify Commission action authorizing payment to the City of Helena for the acquisition of private right of way on Job 11734 within the corporate limits of the City of Helena an amount of \$11,000.00.

A State Warrant has been issued for this amount in accordance with the Commission authorization and a Resolution by the City Council of the City of Helena authorizing

the Mayor and the City Clerk to execute a deed in favor of the Arkansas State Highway Commission to private lands lying within the right of way of State Highway 20 within city limits.

66-91 In PULASKI COUNTY, in the City of Little Rock, for the EAST-WEST EXPRESSWAY:

WHEREAS, the East-West Expressway being constructed along the south boundary of the State Hospital grounds is a controlled access facility which prohibits direct north-south thoroughfare, and

WHEREAS, the State Hospital Board of Control has expressed concern for the safety of patients because of an expected increase in local traffic and therefore has requested permission to construct a service road outside the control of access line but partially within the north right-of-way limits of the East-West Expressway;

NOW THEREFORE, the Director is authorized to issue a permit for the construction of a service road outside the control of access line but partially within the north right-of-way limits of the East-West Expressway from approximately Station 221 near Adams Street to approximately Station 235 near Lewis Street subject to the following conditions:

1. That the construction plans be approved by the Department.
2. That all construction on the expressway right-of-way meet the approval of the Department District Engineer.
3. That satisfactory arrangements be made by the State Hospital with the Little Rock Water Department for the necessary relocation of the 12 inch water line involved.
4. Approval by the Bureau of Public Roads.

66-92 In PULASKI COUNTY, in the City of Little Rock, for the EAST-WEST EXPRESSWAY, from the eastern end of current construction to the terminal interchange with Interstate Route 30;

WHEREAS, the conditions of Minute Order 2977 have been accepted by the City of Little Rock by Resolution 2251, dated November 10, 1958, including a proposal by the City that all right-of-way be furnished, clear of obstructions, free of cost to the State; and

WHEREAS, construction of the first stage from University Avenue to Dennison Street is presently underway; and

WHEREAS, there is an urgent need to have right-of-way requirements and completed construction plans for the second stage at an early date; and

WHEREAS, the current work load of the Department's personnel on other urgent projects is such that immediate attention cannot be given to this section of the expressway;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing right-of-way requirements and complete construction plans for the EAST-

WEST EXPRESSWAY from Dennison Street eastwardly to the terminal interchange with Interstate Route 30, subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. The Arkansas State Highway Commission be given assurance that the City of Little Rock will furnish all rights-of-way, clear of obstructions and free of cost to the State.
3. The provisions of this Minute Order be accepted by official action of the Board of Directors of the City of Little Rock

66-93 WHEREAS, in SEBASTIAN COUNTY, the City of Fort Smith requires a permanent easement and right of way 10 feet in width including the perpetual right to enter thereon for the purpose of constructing, maintaining, removing, relaying and repairing sewer lines with all appurtenances thereto over, under and upon land lying and being situated in the Fort Smith District of Sebastian County, Arkansas;

NOW THEREFORE, be it resolved that the Commission grant the easement requested and authorize its Chairman to execute such an easement on the land lying and being situated in the Fort Smith District of Sebastian County, Arkansas;

NOW THEREFORE, the Commission Chairman is authorized and ordered to proceed in executing the easement requested and by this Commission granted.

66-94 St. Francis and Crittenden Counties, Job No. 11750, Becks Road-Highway 38 and Shearerville-West Memphis Interchange (Fencing), FAP I-40-5(45) 238 and I-40-5(46)267. The contract for the construction of approximately 24.377 miles of Interstate Highway Fencing including woven wire fence, chain link fence, guard fence and miscellaneous items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Thompson's Fence and Construction Company of Memphis, Tennessee on their low bid of \$95,837.58, subject to the concurrence of the Bureau of Public Roads.

66-95 St. Francis County, Job No. 11752, Goodwin-Becks Road Surfacing, FAP I-40-5(47)229. The contract for the construction of approximately 8.604 miles of Gravel Base Course, Portland Cement Concrete Pavement (8" and 10" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other Miscellaneous Items on the Little Rock-West Memphis Interstate Road near Palestine, Interstate 40, Section 5, is awarded to Hallett Construction Company of Crosby, Minnesota on their low bid of \$1,862,584.36, subject to the concurrence of the Bureau of Public Roads.

66-96 Arkansas County, Job No. 2700, Rice Experiment Station-Almyra, FAP S-206(4). The contract for the construction of approximately 4.318 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course (Widening), ACHM Base and Surface Courses and Miscellaneous Items on the DeWitt-Stuttgart Road, State Highway 130, Section 6, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on his low bid of \$190,447.15.

- 66-97 Logan County, Job No. 4586, New Blaine-Shoal Bay Recreation Area, State Job. The contract for the construction of approximately 1.025 miles of Grating, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface, One Bridge-Length Culvert (33.00 ft. length) and Miscellaneous Items on the New Blaine-Shoal Bay Road, State Highway 197, Section 1, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas and D. B. Hill, Contractor, of Little Rock, Arkansas on their low bid of \$61,131.60.
- 66-98 Pulaski County, Job No. 6826, Industrial Spur-Rock Island Overpass (Surfacing), FAP I-30-2(72)136. The contract for the construction of approximately 1.961 miles of Limited Grading, Subgrade Preparation, Crushed Stone Base Course, Portland Cement Concrete Pavement (10" U.T.), ACHM Surface on Shoulders, Traffic Control for Phase Construction and other Miscellaneous items on the Little Rock-Texarkana Interstate Road near Little Rock, Interstate 30, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$759,939.30, subject to the concurrence of the Bureau of Public Roads.
- 66-99 Bradley County, Job No. 7582, Warren-North Reconstruction, FAP S-229(3) and SU-229(4). The contract for the construction of approximately 5.340 miles of Grading, Minor Drainage Structures, ACHM Base Widening, Asphaltic Treated Gravel Base, ACHM Base and Surface Courses, Concrete Curb and Gutter, Erosion Control Items and miscellaneous items on the Warren-Pine Bluff Road, State Highway 15, Section 4, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$538,400.94.
- 66-100 Dallas and Calhoun Counties, Job No. 7644, Thornton-Fordyce Bypass, FAP F-015-1(10). The contract for the construction of approximately 2.188 miles of Grading, Minor Drainage Structures, Lime Treated Subgrade, Gravel Subbase, Asphaltic Treated Gravel Base Course, ACHM Base and Surface Courses, Gravel Base with Double Bituminous Surface Treated Shoulders and other Miscellaneous Items on the Thornton-Fordyce ByPass Road, US Highway 79, Sections 5 and 6, is awarded to Reynolds and Williams of Little Rock, Arkansas on their low bid of \$497,753.17, subject to the concurrence of the Bureau of Public Roads.
- 66-101 Pope County, Job No. 8546, Pottsville-Atkins (Grading and Structures), FAP I-40-2(23)88. The contract for the construction of approximately 5.323 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course on Highway 105, Frontage Roads and Utility Road with Double Bituminous Surface Treatment on Highway 105 and Frontage Roads; One R.C. and Structural Steel I-Beam Span U'pass Structures (245.36' Total) and other miscellaneous items on the Fort Smith - Little Rock Interstate Road near Atkins, Interstate 40, Section 2, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on- their low bid of \$598,697.11, subject to the concurrence of the Bureau of Public Roads.
- 66-102 Faulkner County, Job No. 8597, Brumley-Mayflower (Surfacing), FAP I-40-3(50)130. The contract for the construction of approximately 6.620 miles of Limited Grading, Selected Material, Crushed Stone Base Course, Portland Cement Concrete Pavement (9" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other Miscellaneous Items on the Little Rock - Fort Smith Interstate Road near Lake Conway, Interstate 40, Section 3, is awarded to

J. Briscoe, Contractor, of Stillwater, Oklahoma on his low bid of \$1,580,075.67, subject to the concurrence of the Bureau of Public Roads.

66-103 Mississippi County, Job No. 10726, Junction Highway 181-Junction Highway 18, State Job. The contract for the construction of approximately 5.945 miles of Grading, Minor Drainage Structures, Gravel Base Course (Alternate #1) or Portland Cement Stabilized Base Course (Alternate #2), Double Bituminous Surface Treatment, One Comb. R.C. Slab Span and Structural Steel I-Beam Span Bridge (165.25 ft. Total) and other miscellaneous items on the Junction Highway 181-Junction Highway 18 Road, State Highway 239, Section 2, is awarded to S. J. Cohen Company of Blytheville, Arkansas on their bid of Alternate #2 of \$291,813.88.

66-104 Crittenden County, Job No. C-18-115, Ten Mile Bayou Bridge, FAP S-854(15). The contract for the construction of approximately 0.283 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface, One Composite I-Beam Span Bridge (252.08 ft.) and Miscellaneous Items on the Amanca-Riceville Road, County Road, FAS Route 1971, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$84,981.70, subject to the concurrence of the Crittenden County Judge.

66-105 Monroe County, Job No. 11745, North Holly Grove-Clarendon, State Job. The contract for the construction of approximately 6.622 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and Miscellaneous Items on the Holly Grove-Clarendon Road, State Highway 86, Section 3, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on his low bid of \$194,405.20.

66-106 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:00 P.M., Wednesday, February 23, 1966.

MINUTES OF THE MEETING OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 23, 1966

66-107 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 23, 1966.

66-108 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-94 through 66-105 at the regular meeting of the Commission on February 23, 1966.

Job No.	Project	Route	County	Contract & E & C	R/W & Utilities	Total

	GRAND TOTAL			7,412,100.	401,136.	7,813,236.

66-109 The following Supplemental Agreement has been examined by the Commission and is hereby approved. The Director is instructed to execute the agreement form on behalf of the Commission.

Job	FAP	F.C. No.	Job Name	Contractor	Amount	Increase or Decrease in Project Cost
11707	F-020-2(18)	4	White River Bridge- East Co.,	Ben M. Hogan Inc.	89.00	+89.00

66-110 Henceforth, on Federal-aid Secondary Projects or State Financed Secondary Projects which pass through towns or cities, it shall be the policy of the Highway Commission that right-of-way and utility requirements shall be the responsibility of the respective jurisdictions.

The counties shall be responsible for that portion of the project in the county, and the towns or cities shall be responsible for the portion within the limits of the community.

66-111 In accordance with the provisions of Act 148 of 1961, as amended by Act 300 of 1965, the Director is authorized to pay \$2,000.00 to the Mississippi River Parkway Commission as the Department's pro-rata cost for 1966, for the promotion and development of the GREAT RIVER ROAD.

66-112 In FRANKLIN COUNTY, at the Arkansas Valley Vocational Technical Center in Ozark, the drives around the Center, from State Highway 23 and Helberg Lane, a distance of approximately 0.29 mile, as shown on attached sketch, are hereby made a part of the State-maintained institutional drives, to be designated as State Highway 890, Section 1.

66-113 In LINCOLN COUNTY, It Is Ordered that the existing State Highway 11, Section 4, approximately 5.96 miles in length, be exchanged for a County Road beginning at the Junction of Highway US 65, Section 16 and State Highway 11, Section 3 in Grady, and extending North by way of Woodville and ending in Section 3, Township 7 South, Range 6 West, a distance of 4.75 miles, near Round Lake, in accordance with the attached sketch.

66-114 In ARKANSAS COUNTY on STATE HIGHWAY 1, Section 4, from DeWitt to a point 6 miles South, the Director is authorized to widen the existing pavement from 18 feet to 20 feet and resurface the entire width with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$75,200.00.

Work to be done by Purchase Order Contract.

66-115 In ASHLEY COUNTY on US 82, Section 9, from Montrose to a point 8.30 miles west, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$108,800.00.

Work to be done by Purchase Order Contract.

66-116 In CLARK COUNTY on US 67, Sections 4 and 5, from Gurdon-North and South, for a total distance of 8.73 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$98,800.00.

Work to be done by Purchase Order Contract.

66-117 In CRAWFORD COUNTY on US 64, Section 2, from Van Buren to Alma, a distance of 9.73 miles, the Director is authorized to plane selected sections of the existing surface and resurface with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$10,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-118 In GRANT COUNTY on STATE HIGHWAY 190, Section 1, at Polk Creek, the Director is authorized to construct 1 Precast Slab Bridge, using 31-foot spans, and approaches, as a Betterment Project, at an estimated cost of \$15,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State,

Work to be done by Maintenance Forces.

66-120 In HOWARD COUNTY on STATE HIGHWAY 24, Section 2, from Nashville - West, a distance of 4.80 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$55,500.00.

Work to be done by Purchase Order Contract.

66-121 In HOWARD and HEMPSTEAD COUNTIES, on STATE HIGHWAY 27, Sections 2 and 3, from Nashville - North, a distance of 6.45 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$74,600.00.

Work to be done by Purchase Order Contract.

66-122 In INDEPENDENCE COUNTY an STATE HIGHWAY 69, Section 4, between Newark and the Black River, the Director is authorized to replace 4 substandard timber bridges, as a Betterment Project, at an estimated cost of \$40,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

Due to the hazardous condition of these bridges, this is an emergency project.

66-123 In JOHNSON COUNTY, on STATE HIGHWAY 194, SECTION 1, from the junction of US 64 east of Hartman and extending eastward to the beginning of asphalt surfacing near Interstate 40 at Clarksville, a distance of 7.5 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment as a Betterment Project, at an estimated cost of approximately \$260,000.00.

Work to be done by State Contract.

This action is subject to the furnishing of all right-of-way and adjustment of all utilities free of cost to the State.

66-124 In LITTLE RIVER COUNTY on STATE HIGHWAY 41, Section 3, from - Foreman - South, a distance of 6.23 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$68,000.00.

Work to be done by Purchase Order Contract.

66-125 In MILLER COUNTY on US 82, Section 1, from a point 7.90 miles east of Texarkana - East, a distance of 6.50 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$68,000.00.

Work to be done by Purchase Order Contract.

66-126 In NEVADA COUNTY on STATE HIGHWAY 24, Section 5, from STATE HIGHWAY 53 - South to Bluff City, a distance of 3 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$33,000.00.

Work to be done by Purchase Order.

66-127 In NEVADA COUNTY on STATE HIGHWAY 53, Section 2, from State Highway 24 to the Clark County line, a distance of 2.84 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$32,000.00.

Work to be done by Purchase Order Contract.

- 66-128 In OUACHITA COUNTY on US 79, Section 3, from the Columbia County line to a point 9.92 miles east, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$121,300.00.

Work to be done by Purchase Order Contract.

- 66-129 In OUACHITA COUNTY on STATE HIGHWAY 57, Section 1, from Stephens - North and South, a distance of 1.23 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$15,500.00.

Work to be done by Purchase Order Contract.

- 66-130 In PIKE COUNTY on STATE HIGHWAY 27, Section 4, from the Hempstead County line - Northeast a distance of 2.80 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$32,400.00.

Work to be done by Purchase Order Contract.

- 66-131 In PIKE COUNTY on US 70, Section 4, from Self Creek to Kirby, a distance of 6.87 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project; at an estimated cost of \$76,000.00.

Work to be done by Purchase Order Contract.

- 66-132 In PIKE COUNTY on STATE HIGHWAY 27, Section 4, from Murfreesboro - Southeast, a distance of 3.50 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$40,500.00.

Work to be done by Purchase Order Contract.

- 66-133 In POLK COUNTY on STATE HIGHWAY 246, Section 1, from the end of Job 4502 to the Howard County line, a distance of 14.7 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$222,400.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-134 In PULASKI COUNTY at the new HIGHWAY DEPARTMENT CENTRAL OFFICE BUILDING, the Director is authorized to construct Parking Area, in accordance with plans prepared by the architects, as a Betterment Project, at an estimated cost of \$47,200.00, under Job No. 6774.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-135 In PULASKI COUNTY on STATE HIGHWAY 130, Section 1, from US 70 in North Little Rock to the Lonoke County line, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$75,700.00.

Work to be done by Purchase Order Contract.

66-136 In PULASKI COUNTY on US 70, Section 13, from Interstate 30-East to State Highway 130, in North Little Rock, a distance of 2.24 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$36,300.00.

Work to be done by Purchase Order Contract.

66-137 In SEBASTIAN COUNTY on US 71, Section 14, from Mill Creek to Dodson Avenue, a distance of 2 miles, the Director is authorized to plane the existing surface and resurface with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$26,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-138 In SEVIER COUNTY on US 71, Section 6, from US 70 to DeQueen, a distance of 7.95 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$93,000.00.

Work to be done by Purchase Order Contract.

66-139 In UNION COUNTY on US 82, Section 5, from the Columbia County line to Cairo, a distance of 7.28 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$91,700.00.

Work to be done by Purchase Order Contract.

66-140 In UNION COUNTY on US 82, Section 5, from Cairo to a point 6.93 miles East, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$87,300.00.

Work to be done by Purchase Order Contract.

66-141 In WHITE COUNTY on STATE HIGHWAY 124, Section 12, and STATE HIGHWAY 305, Sections 3 and 4, from the junction of State Highway 16 to Hickory Flat, a distance of 11.9 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$180,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right- of-way and adjustment of utilities free of cost to the State.

66-142 WHEREAS, at the Area Headquarters Building at Arkadelphia there is need for additional space for the Resident Engineer's Office, and,

WHEREAS, a suitable plan has been developed to extend the present building to provide this space,

IT IS ORDERED that the Director be authorized to construct this addition to the existing building, as a Building Project, at an estimated cost of \$12,500.00.

Construction to be done by Purchase Order Contract.

66-143 In BAXTER COUNTY on STATE HIGHWAY 177, Section 1:

WHEREAS, Minute Order 65-473 authorized the extension of this route from the west boundary of the Norfork Lake recreation area for approximately 3.22 miles eastwardly over existing Government drives and across the dam with an extension on new location to a junction with the county road west of Jordan; and

WHEREAS, it has been determined by the Corps of Engineers that the routing of this highway across the dam will require the relocation of alignment plugs to an area outside the roadway;

NOW THEREFORE, in connection with the issuance of the necessary easements for right-of-way across Government lands and the license to cross the dam, the Director is authorized to reimburse the Corps of Engineers for the actual costs of moving the control stations involved at an estimated cost of approximately \$4,000.00.

66-144 In BOONE COUNTY on STATE HIGHWAY 7, Sections 19 and 20, in Harrison, the Director is authorized to construct a one mile relocation, from South Avenue to Chestnut Street, as a State Contract, at an estimated cost of \$225,000.00.

This work was programmed as Item 3 of Minute Order 5019, as Job 9491.

66-145 In COLUMBIA COUNTY on US HIGHWAY 82, Section 3:

WHEREAS, the St. Louis-Southwestern Railway Lines proposes to construct a spur track connection to serve the Dow Chemical Company which will cross US Highway 82 at approximate log mile 6.71 within the city limits of Waldo, Arkansas; and

WHEREAS, the Railroad Company has requested a permit to construct a railroad crossing at grade at this location;

NOW THEREFORE, the Director is authorized to grant a permit to the St. Louis-Southwestern Railway Company for the construction of a railroad crossing at grade, subject to the following conditions;

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with the requirements of a permit to be issued by the Chief Engineer's Office, and meet the approval of the Highway Department District Engineer.
3. That the company provide a flashing light installation and advance warning signs for protection of traffic.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

66-146 In CRAWFORD COUNTY on STATE HIGHWAY 59, SECTION 5, Minute Order 65-453 provided for the reconstruction and widening from the Junction of US 64 and 71 south to the Interstate Highway 540, and

WHEREAS, the crossing of the Missouri Pacific Railroad and State Highway 59 has been declared hazardous and the Department has determined that automatic grade crossing protection is warranted,

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$8,000.00, subject to the following conditions:

1. That the Missouri Pacific Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required R/W will be furnished free of cost to the State.

66-147 In VAN BUREN COUNTY, on STATE HIGHWAY 92, beginning at the Conway County line and extending to Bee Branch, a distance of 8.22 miles, the Director is authorized to proceed with surveys, plans, and construction, when funds are available, for grading, drainage structures, widening five bridges and double bituminous surfacing at an estimated cost of \$450,000.00.

This action is subject to the usual conditions pertaining to right-of-way on the Secondary System and program approval by the Bureau of Public Roads.

66-148 In WASHINGTON COUNTY on STATE HIGHWAY 16, Section 3, the Director is authorized to construct a relocation of 3.54 miles (Fayetteville Bypass), as a State Contract, at an estimated cost of \$335,000.00.

A part of this work was programmed as Item 53 of Minute Order 3924 and Minute Order 4632, as Job 9458.

66-149 St. Francis and Lee Counties, Job No. 11711, Holub-Palestine, FAP S-525(2). The contract for the construction of approximately 7.972 miles of Grading, Minor Drainage Structures Gravel Base Course, Double Bituminous Surface Treatment, One Reinforced Concrete Slab Span Bridge (75.00 Ft.) and Miscellaneous Items on the Holub-Palestine Road, State Highway 261, Sections 1 and 2, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$346,386.44.

66-150 Arkansas County, Job No. 2702, DeWitt West ByPass, State Job. The contract for the construction of approximately 2.00 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, ACHM Surface, One Bridge Span Length Culvert (25.5 Ft. Total Span) and Other Miscellaneous Items on the DeWitt West ByPass Road, State Highway 152 (Alternate), Section 1 A, is awarded to N. M. Graves & Son Contractors, Division of WAAS, Inc., of Pine Bluff, Arkansas on their low bid of \$115,978.66.

66-151 Sebastian County, Job No. 4491, Junction State Highway 253-US 71, FAP U-011-2(5). The contract for the construction of approximately 2.189 miles of Grading, Minor Drainage Structures, Subbase, Crushed Stone Base, Asphaltic Treated Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surfacing with Bituminous Treated Shoulders or Concrete Combination Curb and Gutter and other Miscellaneous Items on the Fort Smith-Spiro, Oklahoma Road, U.S. Highway 271, Section 1, is awarded to Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$610,221.95, subject to the concurrence of the Bureau of Public Roads.

66-152 Scott County, Job No. 4587, Junction Highways 71 and 23 Rest Area, FAP LSF-011-2(1). The contract for a complete rest area, consisting of parking facilities, park drives, comfort station, picnic facilities, water supply facilities, sewerage system, landscaping and drainage and miscellaneous items on the Waldron-Greenwood Road, U.S. Highway 71, Section 10, is tentatively awarded to Waldron Construction Company of Waldron, Arkansas on their low bid of \$82,179.19, subject to the concurrence of the Bureau of Public Roads and the compliance with all Federal and State Laws in connection with the execution of the contract.

- 66-153 Grant County, Job No. 6792, Saline River-Northeast, FAP S-485(4). The contract for the construction of approximately 6.818 miles of Grading, Minor Drainage Structures, Gravel Subbase, Asphaltic Treated Gravel Base, ACHM Surface, Five Precast Concrete Slab Span Bridges (1026.74 Ft. Total) and Miscellaneous Items on the Leola-Sheridan Road, State Highway 46, Section 2, is awarded to S. M. Dixon Construction Company of Warren, Arkansas and Moro, Inc., of Warren, Arkansas on their low bid of \$557,283.42.
- 66-154 Clark County, Job No. 7649, Highway 51-Missouri Pacific Overpass (Surfacing), FAP I-30-1(42)53. The contract for the construction of approximately 5.041 miles of Limited Grading, Lime Treated Subgrade, Selected Material, Gravel Base with Bituminous Treated Shoulders, Asphaltic Concrete Hot Mix on Cross Road and Rest Areas, P. C. Concrete Pavement on Main Lanes (10" U.T.) & Ramps (8" U.T.), Erosion Control and Miscellaneous Items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,180,369.23, subject to the concurrence of the Bureau of Public Roads.
- 66-155 Johnson County, Job No. 8596, Clarksville-East Cabin Creek Surfacing, FAP I-40-2(33)57. The contract for the construction of approximately 6.444 miles of Reconditioning Subgrade, Crushed Stone Base and Shoulders, Bituminous Surface Treatment on Shoulders, Portland Cement Concrete Pavement (9" U.T. on Main Lanes and 8" U.T. on Ramps), Erosion Control, Guard Fence and Miscellaneous Items, on the Fort Smith-Little Rock Interstate Road near Clarksville, Interstate 40, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,253,120.92, subject to the concurrence of the Bureau of Public Roads.
- 66-156 Newton County, Job No. 9519, awards Junction-East Erosion Control, FAP FH-16-3(3). The contract for the construction of approximately 6.82 miles of Erosion Control Measures, including Seeding and Related Items on the Edwards Junction-Junction State Highway 7 Road, State Highway 16, Section 7, is awarded to Carter's Lawn and Tree Service of Dardanelle, Arkansas on their bid of \$9,601.40, subject to the concurrence of the Bureau of Public Roads.
- 66-157 Benton County, Job No. 9521, Arkansas and Missouri State Line Rest Area, FAP LSF-011-3(3). The contract for a complete rest area facility, including crushed stone base and bituminous treated parking area, comfort station, information booth, water supply system, sewage treatment system picnic facilities, drainage structures and miscellaneous items on the Bentonville-Missouri State Line Road, U.S. Highway 71, Section 19, is tentatively awarded to Paul Trent Construction Company of Rogers, Arkansas on their low bid of \$65,990.30, subject to the concurrence of the Bureau of Public Roads and compliance with all Federal and State Laws in connection with the execution of the contract and with the requirements of the specifications.
- 66-158 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, March 23, 1966.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its third meeting of 1966 in Little Rock, Arkansas on March 23, 1966.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 19, 1966

The following is the record of the proceedings of the fourth meeting of 1966 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on April 19, 1966. The following members were present:

Wayne Hampton	Chairman
Arnil Taylor	Vice-Chairman
Truman Baker	Member
John W. Harsh	Member
Maurice Smith	Member

66-159 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 10:00 A.M., April 19, 1966.

66-160 In order for the Highway Department to have more controls over the purchasing done, this Order hereby establishes a "Purchasing Committee". The duties of the Committee are to keep records of every transaction, review all bids, and make recommendations to the Highway Commission.

Membership of the Committee shall consist of:

Director
Chief Engineer
Chief of Equipment
Chief of Legal Division
Maintenance Engineer

66-161 WHEREAS, it has come to the attention of the Highway Commission, through the news media, that a former employee was presented a farewell gift of an air-conditioned pick-up truck; and

WHEREAS, the Commission is opposed to, and deplores, this procedure for departing or incumbent employees, and considers it an unnecessary burden to many of the employees who can ill afford to make contributions to such a gift but are hesitant not to do so; and

WHEREAS, the Highway Commission desires to establish a policy for the future;

NOW THEREFORE, IT IS ORDERED that in the future, no employee shall be given a gift by Highway Department employees, except one of little value and without any pressure, actual or implied from anyone; and

It is clearly the purpose of the Highway Commission that an employee who contributes and one who does not, will remain on exactly the same basis, and no record of contributors shall be kept.

66-162 Recent happenings concerning raises not authorized by the Highway Commission emphasizes the need for more inter-department controls. The Highway Commission recognizes the constant need for improved salaries and promotions of qualified persons. They have always been on record as favoring adequate pay for our personnel and promotions, when deserved; and have, when submitted through channels, approved them within the limits imposed by law as to maximum per grade, number in the grade, and total apportionment for salaries and wages.

To guide the Commission further, this Order hereby establishes a "Salary Committee" whose membership will be composed of an Assistant Chief Engineer, the Construction Engineer, the Maintenance Engineer, and the Chief of Right-of-Way and Legal Divisions.

The purpose of the Committee is to review all requests; to evaluate them as to merit, money available, positions available; and tend to equalize them so that persons in different divisions and districts performing similar duties with the same degree of responsibility will be on the same basis.

After the Salary Committee completes their review, their recommendation will be sent to the Chief Engineer and Director for review, and finally, through them, to the Highway Commission.

66-163 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 3:50 P.M., Tuesday, April 19, 1966.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its fourth meeting of 1966 in Little Rock, Arkansas on April 19, 1966.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 27, 1966

The following is the record of the proceedings of the fifth meeting of 1966 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on April 27, 1966. The following members were present:

Wayne Hampton	Chairman
Arnil Taylor	Vice-Chairman
Truman Baker	Member
John W. Harsh	Member

66-164 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 27, 1966.

66-167 WHEREAS, awards for purchases have been made on bids opened on April 21, 1966 in the amount of \$18,578.32, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

66-168 WHEREAS, in ASHLEY COUNTY on US 82, from Montrose - West, bids were invited under Purchase Order Contract procedure for the resurfacing of 8.30 miles of the existing pavement with Asphaltic Concrete Hot Mix, with one bid received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee, on April 25, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 2-546, be awarded to Ben F. Hawkins, Contractor, of Lake Village, on his bid of \$105,955.00.

66-169 WHEREAS, in HOWARD and HEMPSTEAD COUNTIES, on STATE HIGHWAY 27 from Nashville - North, bids were invited under Purchase Order Contract procedure for the resurfacing of 6.45 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 4 bids received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee, on April 25, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-532, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$48,929.65.

66-170 WHEREAS, in HOWARD COUNTY on STATE HIGHWAY 24, from Nashville - West, bids were invited under Purchase Order Contract procedure for the resurfacing of 4.8 miles of the existing pavement, with 4 bids received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee on April 25 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 3-531 be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$36,397.13.

66-171 In PIKE COUNTY on STATE HIGHWAY 27, from Cooley's Store to Murfreesboro, bids were invited under Purchase Order Contract procedure for the resurfacing of 3.50 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 4 bids received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee, on April 25, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-539, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$27,418.75.

66-172 WHEREAS, in PIKE COUNTY on STATE HIGHWAY 27, from the Hempstead County line - Northeast, bids were invited under Purchase Order Contract procedure for the resurfacing of 2.80 miles of the existing surface with Asphaltic Concrete Hot Mix, with 4 bids received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee, on April 25, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-537, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$21,471.68.

66-173 WHEREAS, in PULASKI COUNTY on HIGHWAYS 5 and 70 in Little Rock, bids were invited under Purchase Order Contract procedure for the resurfacing of this Intersection with Asphaltic Concrete Hot Mix, with 3 bids received for opening on April 21, 1966, and,

WHEREAS, the Purchasing Committee, on April 25, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 6-541, be awarded to the APT Construction Company of North Little Rock, on their low bid of \$47,998.20.

66-174 WHEREAS, at the request of State Civil Defense Authorities, the Arkansas State Highway Department, for many years, has made surveys, cost estimates, inspections and performed other engineering services for cities and counties as a part of the necessary procedure required for federal assistance under Public Law 875, in the repair of roads, streets and bridges which were damaged by floods and other natural causes, and

WHEREAS, it has come to our attention that in the recent past the Department has frequently been called upon to make inspections and cost estimates for repairs to roads and bridges having sustained only minor damage, and

WHEREAS, these inspections have involved considerable miles of travel and man-hours of both office and field work which in effect served no useful purpose and

WHEREAS, the Department has frequently experienced difficulty in collecting from the counties and cities involved, the cost of performing these engineering services, and

WHEREAS, the Commission is without legal authority to perform the requested services unless reimbursement is provided.

NOW, THEREFORE, it is ordered that the Director will perform such engineering services to the affected cities and counties only in accordance with the following regulations:

1. The appropriate official of the affected city or county will submit, in writing, his request for the Department's assistance through the office of State Civil Defense.
2. The letter of request will include the local official's estimate of allowable damage as determined by the Office of Emergency Planning regulations.
3. A check in the amount of one percent of the estimate submitted, drawn on the city or county treasury and made payable to the Arkansas State Highway Department, must accompany the request to cover the estimated cost of the engineering services.
4. A County Court Order or City Ordinance, as the case may be, must also accompany the request, guaranteeing total reimbursement to the Department for all engineering charges. After final disposition of the project has been

made, whether a project application for federal assistance has been approved or not, an accounting of all engineering charges will be made and payments will be adjusted accordingly.

5. After Civil Defense has reviewed the request and determined that an inspection is justified, the request, with all supporting documents will be transmitted, in writing, to the Director's designated representative. No work in this connection will be performed by the Department until all of the above requirements have been met.

66-175 In ARKANSAS COUNTY, in the City of Gillett, for a connection with State Highway 1 and Front Street at Main, a section of City Street, as shown on the attached sketch, for a distance of approximately 0.33 mile, is hereby added to the State Highway System, as an emergency addition.

66-176 In JEFFERSON COUNTY, in order to provide access to the farm buildings of the Arkansas A.M. & N. College from US 79, a road from US 79, beginning between the north city limits of Pine Bluff and Caney Bayou and running west to the Arkansas A.M. & N. College Farm, a distance of approximately 2,000 feet, as shown on attached sketch, is hereby made a part of the State Highway System.

66-177 In JEFFERSON COUNTY, at the Arkansas A.M. & N. College: three drives, one from the present drive south to Reeker Street; one from the present drive west to Spruce Street; and one from the present drive, north and west to Spruce Street -- a total length of approximately 0.21 mile, and as shown on attached sketch -- are hereby made a part of State-Maintained Institutional Drives, to be designated as State Highway 878, Section 1.

66-178 WHEREAS, in CLAY COUNTY, the existing Weight Station facility on Highway 67 in Corning is crowded and beyond economical maintenance; and

WHEREAS, Weights and Standards Division has selected a more suitable location for a new Weight Station on Highway 67 approximately 1-3/4 miles south of the Missouri State Line; and

WHEREAS, the 100' x 2000' strip of right-of-way (4.7 acres) required for the new facility has an appraised value of \$7,450.00, as determined by Right of Way Division,

NOW, THEREFORE, the Director is hereby authorized to proceed in the most feasible and economical manner with acquisition of right-of-way, preparation of construction plans, and the construction of a complete Weight Station facility, including deceleration and acceleration lanes, driveways, parking areas, housing, and installation of new scales and appurtenances, at an estimated total cost of \$120,000.00.

66-179 WHEREAS, the Arkansas State Highway Commission has acquired certain lands for State Highway purposes in Section 29, Township 9 North, Range 31 West, Crawford County, Arkansas, and

WHEREAS, Oren Swint desires to secure an oil and gas lease from the Commission on the above mentioned lands, and

WHEREAS, the oil and gas lease has been reviewed by the Right of Way Division and the Legal Division, and found to be satisfactory,

NOW, THEREFORE, the Chairman of the Commission is authorized to execute the oil and gas lease for the Commission.

66-180 WHEREAS, the Arkansas State Highway Commission has acquired certain lands for State Highway purposes in Section 20, Township 9 North, Range 31 West, Crawford County, Arkansas, and

WHEREAS, Floyd E. Sagely desires to secure an oil and gas lease from the Commission on the above mentioned lands, and

WHEREAS, the oil and gas lease has been reviewed by the Right of Way Division and the Legal Division, and found to be satisfactory,

NOW, THEREFORE, the Chairman of the Commission is authorized to execute the oil and gas lease for the Commission.

66-181 In MILLER COUNTY, on STATE HIGHWAY LOOP 235, from Highway US 82 to Tennessee Street, Job 3648, officials of the Texarkana Chamber of Commerce have pledged \$14,000.00 as a contribution toward the purchase of right-of-way for this one mile project.

The Highway Commission considers this an equitable proposal and the Director is authorized to proceed with right-of-way acquisition and utility relocations so that a contract can be awarded at the earliest possible date.

66-182 In PULASKI COUNTY, in the City of Little Rock, for the EAST-WEST EXPRESSWAY;

WHEREAS, Minute Order 66-92, dated February 23, 1966, authorized the Director to employ a Consulting Engineer for the purpose of developing right-of-way requirements and complete construction plans for the EAST-WEST EXPRESSWAY from Dennison Street eastwardly to the terminal interchange with Interstate Route 30; and

WHEREAS, Garver and Garver, Inc., Consulting Engineers, has submitted a proposal to perform the required engineering services for the sum of \$192,454.69, which is considered to be reasonable compensation in line with the Department's previous experience on similar projects for the work involved;

NOW THEREFORE, the Director is authorized to execute the Agreement for Engineering Services with Garver and Garver, Inc., subject to approval by the Bureau of Public Roads.

66-183 In PULASKI COUNTY, for the new Headquarters Building, the Building Committee is authorized to advertise, through regular purchasing processes, for furniture for the executive, commission, and staff offices at an estimated cost of \$50,000.00.

66-184 In SEBASTIAN COUNTY, for the alterations and additions to District 4 Headquarters in Fort Smith, the Director is authorized to notify the firm of Nelson, Laser & Cheyne, Architects of Fort Smith, Arkansas, to proceed with construction plans, including an Emergency Operating Center, in accordance with the executed agreement and Minute Order 66-84.

66-185 In ARKANSAS COUNTY on STATE HIGHWAY 11, Section 7, from US 79-North to the Prairie County line, a distance of 3.98 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct Base and Single Bituminous Surface Treatment on the shoulders, as a Betterment Project, at an estimated cost of \$85,500.00.

Surface Course to be done by Purchase Order Contract, Base to be dumped on shoulders by Purchase Order Contract and balance of the work to be done by Maintenance Forces.

66-186 In ARKANSAS COUNTY on US 79-C, Section 11, from Buerkle Street to Main Street in Stuttgart, a distance of 0.37 mile, the Director is authorized to widen the existing surface 4 feet with crushed stone base and resurface the entire width with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$6,800.00.

Work to be done by Purchase Order Contract.

66-187 In ASHLEY COUNTY on STATE HIGHWAY 278, Section 1, from Portland - West, a distance of 1.5 miles, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$26,900.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-188 In CARROLL COUNTY on STATE HIGHWAY 23, Section 10, from US 62 at Eureka Springs to a point 6 miles south, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$69,600.00.

Work, including tack coat, to be done by Purchase Order Contract.

66-189 In COLUMBIA COUNTY on US 82, Section 4, from the Union County Line to a point 4.5 miles west, the Director is authorized to construct Gravel Base for Shoulders, as a Betterment Project, at an estimated cost of \$37,400.00.

Base to be dumped on shoulders by Purchase Order Contract and balance of work to be done by Maintenance Forces.

66-190 In CRAWFORD COUNTY on US 64, Section 2, from Van Buren to Alma, a distance of 4.81 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$39,500.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-191 In FRANKLIN COUNTY on STATE HIGHWAY 22, Section 2, from the Sebastian County line to the Logan County line, the Director is authorized to resurface 6.58 miles of selected sections with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$35,100.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-192 In INDEPENDENCE, WHITE and JACKSON COUNTIES on US 167, Sections 14, 15, 16 and 17, from a point 2.7 miles north of Pleasant Plains to a point 12 miles south, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, at an estimated cost of \$100,000.00, with funds to come from the District No. 5 Sealing Program and Routine Maintenance Budget.

Work to be done by Purchase Order Contract.

66-193 In LOGAN COUNTY on STATE HIGHWAY 109, Section 2, from Paris - South, a distance of 1.5 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$6,200.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-194 In LOGAN COUNTY on STATE HIGHWAY 309, Section 3, from Paris - North, a distance of 3.43 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$27,800.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-195 In POLK COUNTY on US 71, Section 9, from Mena to Acorn, a distance of 6.41 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$51,500.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-196 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, from the Arkansas County line to US 70, a distance of 14.78 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct Base and Single Bituminous Surface Treatment on shoulders, as a Betterment Project, at an estimated cost of \$260,600.00.

Surface Course to be done by Purchase Order Contract, Base to be dumped on shoulders by Purchase Order Contract and balance of work to be done by Maintenance Forces.

66-197 In PULASKI COUNTY on US 70, Section 12, from Roosevelt Road to Markham Street on Broadway in Little Rock, a distance of 1.7 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$28,800.00.

Work to be done by Purchase Order Contract.

66-198 In SCOTT COUNTY on STATE HIGHWAY 80, Section 1, from Waldron - East and West, a distance of 1.5 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$17,500.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-199 In SEBASTIAN COUNTY on STATE HIGHWAY 22-T, Section 1, from State Highway 22 to State Highway 45, a distance of 4.87 miles, the Director is authorized to resurface selected sections of the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$14,400.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-200 In SEBASTIAN COUNTY on STATE HIGHWAY 22-T, Section 1, (Fort Smith Truck Route) from Carnall Avenue to Arkoma Road, a distance of 2 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$12,400.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-201 In SEBASTIAN COUNTY on STATE HIGHWAY 45, Section 2, from Smelter - North to State Highway 22, a distance of 3.6 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$16,500.00.

Asphaltic Concrete Hot Mix to be dumped in Arkansas Highway Department paver and balance of work to be done by Maintenance Forces.

66-202 In CLARK, NEVADA AND HEMPSTEAD COUNTIES on US 67, Sections 2, 3 and 5, and located in the vicinity of Gurdon, Prescott and Hope, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with screening the following junkyards:

US Highway 67, Section 3
Nevada County
Prescott Salvage & Used Parts

US Highway 67, Section 2
Hempstead County
Wylie Wrecking Company

US Highway 67, Section 2
Hempstead County
Hope Wrecking Company

US Highway 67, Section 5
Clark County
Soonover Body Shop

US Highway 67, Section 2
Hempstead County
Bill Acrey

This work is to be done at a total estimated cost of \$15,600 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-203 IN JOHNSON, CONWAY AND POPE COUNTIES on US 64, Sections 4, 5, 6 and 7, located in the vicinity of Morrilton, Atkins, Lamar, Plummerville and Clarksville, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with work necessary for screening the following junkyards:

US 64, Section 7
Conway County
Waxie M. Crosby

US 64, Section 7
Conway County
Jacob Van Marion

US 64, Section 7
Conway County
Ray Kelly

US 64, Section 7
Conway County
Henry Moore

US 64, Section 6
Pope County
D. G. Johnson

US 64, Section 5
Johnson County
M. H. Ruhl

US 64, Section 4
Johnson County
W. Warren

US 64, Section 7
Conway County
Don Gibby

This work is to be done at a total estimated cost of \$13,568 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-204 In POPE COUNTY on Highway 7, Section 14, located between Dardanelle and Russellville, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with work necessary for removing or screening the following junkyards:

Highway 7, Section 14
Pope County
Standridge Brothers

Highway 7, Section 14
Pope County
J. O. Stewart & Herman Johnson No. 1

Highway 7, Section 14
Pope County
J. O. Stewart & Herman Johnson No. 2

This work is to be done at a total estimated cost of \$7,200 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-205 In PULASKI COUNTY, on Interstate 40, Section 33, and on US 70, Section 13, located in the vicinity of North Little Rock, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with work necessary for screening the following junkyards:

I-40, Section 33 Pulaski County Tom Jordon	US 70, Section 13 Pulaski County McCarrol Auto Salvage
US 70, Section 13 Pulaski County D. F. King	US 70, Section 13 Pulaski County A. J. Sims
US 70, Section 13 Pulaski County Clifton's, Inc.	

This work is to be done at a total estimated cost of \$2,500 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-206 IN CHICOT COUNTY, Job Number 2704, on US 65, Section 21, and US 82, Section 11, located between Lake Chicot and the highway, approximately 3.0 miles south of Lake Village, the Director is authorized to proceed with the construction of a Type "C" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic

tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$95,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-207 IN CLARK COUNTY, Job No. 7655, located on the east side of US Highway 67, Section 5, approximately 2.0 miles north of Gurdon, the Director is authorized to proceed with the construction of a "Type E" Roadside Park, including Picnic Tables, Trash Receptacles, Small Parking and Minor Drainage Structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$10,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-208 IN CLAY COUNTY, Job Number 10752, located on the west side of US 67, Section 22, approximately 1.0 mile south of the Missouri State line, the Director is authorized to proceed with the construction of a Type "C" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$80,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-209 IN CLEVELAND COUNTY, Job Number 2705, on US 79, Section 8, located on the east side of the highway at the junction of S. H. 212, Section 1, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$72,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-210 IN CRAWFORD COUNTY, Job No. 4589, located on the west side of US Highway 71, Section 15, approximately 8.0 miles north of Mountainburg, the Director is authorized to proceed with construction of a "Type E" Roadside Park and Scenic Overlook, including picnic tables, trash receptacles, small parking and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$4,000.00, subject to the following conditions:

1. Availability of Federal matching funds.

2. Bureau of Public Roads approval.

66-211 IN FAULKNER COUNTY, Job No. 8609, located on the south side of US Highway 64, Section 9, approximately 2.0 miles west of Vilonia, the Director is authorized to proceed with the construction of a "Type D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of approximately \$62,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-212 IN INDEPENDENCE COUNTY, Job Number 5583, located on the west side of US 167, Section 17, approximately 9.0 miles south of Batesville, at Salado Creek, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$61,000, and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-213 IN JEFFERSON COUNTY, Job No. 2708, located on US HIGHWAY 65, Section 14, North of Pine Bluff, the Director is authorized to proceed with the construction of a "Type E" Roadside Park, including Picnic Tables, Trash Receptacles, Small Parking and Minor Drainage Structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$4,000.00, and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-214 IN LITTLE RIVER COUNTY, Job Number 3677, located on the east side of US 71, Section 4, north of Ogden, the Director is authorized to proceed with the construction of a Type "C" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$80,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-215 IN OUACHITA COUNTY, Job No. 7654, located approximately 3.0 miles north of Buena Vista on the south side of US Highway 79, Section 3, the Director is authorized to proceed with the construction of a "Type D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$72,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-216 IN RANDOLPH COUNTY, Job No. 107S3, located on the north side of US 62 Highway, Section 19, approximately 5.0 miles west of Pocahontas, the Director is authorized to proceed with the construction of a "Type D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$65,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-217 IN SALINE COUNTY, Job Number 6867, located on the east side of US 65, Section 12 at the junction of US 167, Section 12, approximately 11.0 miles south of Little Rock, the Director is authorized to proceed with the construction of a Type "D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$70,000, and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-218 IN UNION COUNTY, Job 7656, located on the east side of U. S, Highway 167, Section 1, 0.5 mile north of the Louisiana State Line at Junction City, the Director is authorized to proceed with the construction of a "Type C" Rest Area and Roadside Park, including buildings, toilet facilities, water system, sewage treatment system, picnic tables, landscaping, grading, paving and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$65,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-219 IN WASHINGTON COUNTY, Job Number 9520, located on the west side of US 71, Section 16, near Brentwood, the Director is authorized to proceed with the second stage construction of a Type "D" Rest Area and Roadside Park, including buildings, toilet facilities, water system and well, sewage treatment system, picnic tables and landscaping, to implement the Highway Beautification Act of 1965, at an estimated cost of \$35,000 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-220 IN YELL COUNTY, Job No. 8600, located on the east side of State Highway 7, Section 12, approximately 3.0 miles south of Ola, the Director is authorized to proceed with the construction of a "Type E" Roadside Park including picnic tables, trash receptacles, small parking and minor drainage structures, to implement the Highway Beautification Act of 1965, at an estimated cost of \$4,000.00, subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-221 Lee County, Job No. 11754, Brickeys Rest Area, FAP LSF-015-3(1). The contract for the construction of a complete Rest Area, including Grading, Minor Drainage Structures, Gravel Base, Bituminous Surface Treatment, Concrete Curbs and Walks, Comfort Station (Scheme B), Water Supply, Picnic Facilities, Sewage Treatment, Landscaping, Fencing, Erosion Control Items and Miscellaneous Items, US Highway 79, Section 16, is awarded to Central Structures Company of Little Rock, Arkansas on their low bid of \$70,943.75, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the specifications.

66-222 Lafayette County, Job No. 3577, Lewisville-Stamps Reconstruction, FAP F-010-1(17). The contract for the construction of approximately 5.436 miles of Grading, Minor Drainage Structures, Selected Material, Gravel and Asphaltic Treated Gravel Base Courses, Asphaltic Concrete Hot Mix Base and Surface Courses, Bituminous Treated Shoulders, Erosion Control Items, Two Bridge-Length Culverts (69.21 Ft. Total Span) and Miscellaneous Items, US Highway 82, Section 2, is awarded to R. H. Davis Construction Company, Inc., of Stamps, Arkansas on their low bid of \$698,700.21, subject to the concurrence of the Bureau of Public Roads.

66-223 Pike County, Job No. 3676, Glenwood Rest Area, FAP LSF-014-1(1). The contract for the construction of a complete Rest Area, including grading, minor drainage structures, gravel base, bituminous surface treatment, concrete curbs and walks, comfort station (Scheme C), water supply, picnic facilities, sewage treatment, landscaping, fencing, erosion control items and miscellaneous items, US Highway 70, Section 5, is awarded to Central Structures Company of Little Rock, Arkansas on their low bid of \$51,983.25, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the specifications.

- 66-224 Montgomery County, Job No. 4506, Caddo River Bridge & Approaches, State Job. The contract for the construction of approximately 0.353 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, One R.C. & Structural Steel I-Beam Span Bridge (502.09 Lin. Ft.) and Other Miscellaneous Items, State Highway 240, Section 1, is awarded to Sutton Construction Company of Crossett, Arkansas on their low bid of \$129,032.30.
- 66-225 Sharp County, Job No. 5534, Calamine-Lawrence County Line, State Job. The contract for the construction of approximately 3.691 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bituminous Treated Surface, One Reinforced Concrete Slab Span Bridge (90.00 Ft.), One Composite I-Beam Span Bridge (294.08 Ft.) and Miscellaneous Items, State Highway 115, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$291,128.60.
- 66-226 Garland County, Job No. 6868, Lonsdale Rest Area, FAP LSF-014-2(1). The contract for the construction of a complete rest area, including grading, minor drainage structures, crushed stone base course, bituminous surface treatment, concrete walks and curbs, comfort station (Scheme B), water supply system, picnic facilities, sewage treatment facilities, landscaping and miscellaneous items, US Highway 70, Section 9, is awarded to Calvin Carter Construction Company, Inc., of Texarkana, Texas on their low bid of \$71,512.60, subject to the concurrence of the Bureau of Public Roads.
- 66-227 Union County, Job No. 7561, Hillsboro-West and East (Reconstruction), FAP F-010-2(14). The contract for the construction of approximately 4.631 miles of Grading, Minor Drainage Structures, Asphalt Treated Gravel Base, Gravel Shoulders with Bituminous Surface Treatment, ACHM Base and Surface Courses, One Bridge-Length Culvert (22.08 Ft. Span), Erosion Control Items and Miscellaneous Items, US Highway 82, Section 6, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$829,656.40, subject to the concurrence of the Bureau of Public Roads.
- 66-228 Conway and Faulkner Counties, Job No. 8464, Menifee-Conway Grading and Structures, FAP I-40-3(16)118. The contract for the construction of approximately 6.606 miles of Grading, Minor Drainage Structures, Crushed Stone Base with Bituminous Surface Treatment on Cross Road, Crushed Stone Base on Frontage Road, Three R.C. & Structural Steel I-Beam Span Structures (2 - Brs. 357.26' each 1 - U'pass Structure 228.22'), one Bridge Length Culvert (25.59' Span) and Other Miscellaneous Items, Interstate 40, Section 3, is awarded to W. J. Menifee Construction Company of Sedalia, Missouri on their low bid of \$1,387,320.02, subject to the concurrence of the Bureau of Public Roads.

66-237 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1966 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

66-238 WHEREAS, the Arkansas Office of Economic Opportunity is responsible for the coordination of Federal sponsored poverty type programs not limited to, but including the College Work-Study, Green Thumb, Neighborhood Youth or Adult Corps; and,

WHEREAS, it is the desire of the Commission to cooperate, to the extent possible, with these programs designed to provide educational opportunities for our youth or to alleviate hardship; and,

WHEREAS, the Department can effectively utilize many persons through participation in these programs to aid in improving the highway facilities for the people of Arkansas.

NOW THEREFORE, the Director of Highways is hereby authorized to participate in these poverty type programs to the extent economically possible subject to the following:

1. Any funds that may be required to participate in these programs will be provided from funds other than Salaries and Wages, and,
2. No promise of permanent employment will be made based on participation in any program.

66-239 WHEREAS, the Purchasing Committee has awarded purchases on May 2, May 9, May 16, May 19 and May 23, 1966 in the amounts of \$66,424.20, \$141,486.93, \$39,528.26, \$124,442.75 and \$219,222.08, respectively, totaling \$591,104.22, and sales on May 9 and May 23, 1966 in the amounts of \$137.50 and \$77.00, respectively, totaling \$214.50, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

66-240 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAY 1, from DeWitt- South, bids were invited under Purchase Order Contract procedure for the resurfacing of 6 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on April 26, 1966, and,

WHEREAS, the Purchasing Committee on May 2, recommended that the low bid be accepted,

IT IS ORDERED THAT this job, designated as Special Project 2-545 be awarded to D. F. Jones, Contractor, of Little Rock, on his low bid of \$63,856.25.

66-241 WHEREAS, in CARROLL COUNTY on US 62, from Eureka Springs-East, bids were invited under Purchase Order Contract procedure for resurfacing 2.50 miles of the existing pavement, with one bid received for opening on May 12, 1966, and,

WHEREAS, the Purchasing Committee, on May 16, recommended that this bid be accepted,

IT IS ORDERED that this job be awarded to McClinton Brothers of Fayetteville, on their bid of \$27,043.60.

66-242 WHEREAS, in CARROLL COUNTY on STATE HIGHWAY 23, from Eureka Springs - South, bids were invited under Purchase Order Contract procedure for resurfacing 6 miles of the existing pavement, with one bid received for opening on May 12, 1966, and,

WHEREAS, the Purchasing Committee on May 16, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 9-529, be awarded to McClinton Brothers Company of Fayetteville, on their bid of \$64,370.00.

66-243 WHEREAS, in CLARK COUNTY on STATE HIGHWAY 53, Section 1, from Gurdon - South, bids were invited under Purchase Order Contract procedure for resurfacing 8.25 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 4 bids received for opening on May 17, 1966, and,

WHEREAS, the Purchasing Committee, on May 23, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-542, be awarded to Beam Brothers, Contractors, of Fort Smith, on their low bid of \$59,623.08.

66-244 WHEREAS, in CLARK COUNTY on US 67, north and south of Gurdon, bids were invited under Purchase Order Contract procedure for resurfacing 8.73 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 4 bids received for opening on May 17, 1966, and,

WHEREAS, the Purchasing Committee, on May 23, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-547, be awarded to Mid-State Construction Company of Malvern, on their low bid of \$84,701.62.

66-245 In COLUMBIA COUNTY on US 82, from Cairo - West, bids were invited under Purchase Order Contract procedure for resurfacing 7.28 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on April 28, 1966, and,

WHEREAS, the Purchasing Committee, on May 2, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-550, be awarded to Jet Asphalt and Rock Company of El Dorado on their low bid of \$81,058.47.

66-246 In FAULKNER COUNTY on US 64, Section 8, from Conway - East, bids were invited under Purchase Order Contract Procedure for resurfacing 3.85 miles of the existing pavement with Asphaltic Concrete Hot- Mix, with 2 bids received for opening on May 19, 1966, and,

WHEREAS, the Purchasing Committee on May 23, recommended that the low bid be accepted,

IT IS ORDERED that this job be awarded to J. W. McCracken of Conway, on his low bid of \$42,967.62.

66-247 In FAULKNER COUNTY on US 64, Section 9, from Conway-West, bids were invited under Purchase Order Contract procedure for resurfacing 7.63 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on May 19, and,

WHEREAS, the Purchasing Committee, on May 23, recommended that the low bid be accepted,

IT IS ORDERED that this job be awarded to J. W. McCracken of Conway, on his low bid of \$63,296.80.

66-248 WHEREAS, in HEMPSTEAD COUNTY on STATE HIGHWAY 195, bids were invited under Purchase Order Contract procedure for the construction and installation of Precast Concrete Bridge Units, with one bid received for opening on May 12, 1966, and,

WHEREAS, the Purchasing Committee, on May 23, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-530, be awarded to Choctaw, Incorporated, of Little Rock, on their bid of \$43,614.03.

66-249 WHEREAS, in LITTLE RIVER COUNTY on STATE HIGHWAY 41, from Red River - North, bids were invited under Purchase Order Contract procedure for the resurfacing of 2.61 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on April 28, 1966, and,

WHEREAS, the Purchasing Committee, on May 2, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-533, be awarded to Central Contracting Company of Texarkana on their low bid of \$46,061.24.

66-250 In MILLER COUNTY on US 82, from Texarkana - East, bids were invited under Purchase Order Contract procedure for resurfacing 6050 miles of the existing pavement with Asphaltic Concrete Hot Mix, with one bid received for opening on April 28, 1966, and,

WHEREAS, the Purchasing Committee, on May 2, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-534, be awarded to Central Contracting Company of Texarkana on their bid of \$57,130.320

66-251 In OUACHITA COUNTY on US 79, Section 3, from the Columbia County line - East, bids were invited under Purchase Order Contract procedure for resurfacing 9.92 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on May 17, 1966, and,

WHEREAS, the Purchasing Committee, on May 23, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-548, be awarded to Reynolds and Williams of Little Rock, on their low bid of \$114,570.50.

66-252 In PIKE COUNTY on US 70, from the junction of State Highway 27 in Kirby to Self Creek, bids were invited under Purchase Order Contract procedure for resurfacing of 6.87 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 4 bids received for opening on April 28, 1966, and,

WHEREAS, the Purchasing Committee, on May 2, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-538, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$51,074.97.

66-253 WHEREAS, in ST. FRANCIS COUNTY on the connection between I-40 and US 70 (known as Becks Spur Road), bids were invited under Purchase Order Contract procedure for the construction of 1.6 miles of Asphaltic Concrete Hot Mix Surface Course, with 2 bids received for opening on April 26, 1966, and,

WHEREAS, the Purchasing Committee, on May 2, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 11-539, be awarded to Ben M. Hogan Company of Little Rock on their low bid of \$20,430.00.

66-254 WHEREAS, in SEVIER COUNTY on US 71, from US 70 to DeQueen, bids were invited under Purchase Order Contract procedure for resurfacing 7.95 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 3 bids received for opening on April 28, 1966, and,

WHEREAS, the Purchasing Committee, on May 16, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-540, be awarded to Central Contracting Company of Texarkana, on their low bid of \$58,611.98.

66-255 WHEREAS, in WHITE COUNTY on STATE HIGHWAYS 305 and 124, bids were invited under Purchase Order Contract procedure for Crushed Stone Base Material to be dumped on 11.9 miles, with 4 bids received for opening on May 10, 1966, and

WHEREAS, the Purchasing Committee, on May 16, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 5-521, be awarded to Freshour Construction Company of Sweet Home, on their low bid of \$90,500.00.

66-256 WHEREAS, County Court Order of October 1927, Crawford County Court covers the right of way for Job 406, Pine Spring - Mountainburg Road, State Highway 71, Section 15; and

WHEREAS, State Highway 71, Alma North was reconstructed, widened and changed in places under Job 4464 in 1963, and

WHEREAS, in the Southwest Quarter of the Northeast Quarter of Section 33, Township 11 North, Range 30 West, the alignment of highway was changed so that the following described parcel of land is outside the normal right of way limits and is not required for construction or maintenance purposes:

Being a part of the Northwest Quarter of the Southeast Quarter and a part of the Southwest Quarter of the Northeast Quarter all in Section 33, Township 11 North, Range 30 West, Crawford County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Southwest Quarter of the Northeast Quarter of Section 33; thence North 01° 31' West along the East line thereof a distance of 385.0 feet to a point on the old existing southeasterly right of way line of US Highway No. 71 for the point of beginning; thence South 38° 33' West along said right of way line a distance of 208.1 feet to a point; thence southwesterly along said right of way line on a curve right, having a radius of 618.0 feet, a distance of 536.3 feet to a point on the proposed southeasterly right of way line of said highway; thence North 29° 05' West along said

right of way line a distance of 10.0 feet to a point; thence North 61° 41' 28" East along said right of way line a distance of 277.0 feet to a point on the old existing northwesterly right of way line and the now proposed northwesterly right of way line of said highway; thence northeasterly along said common right of way line on a curve left, having a radius of 538.0 feet, a distance of 151.6 feet to a point on the now proposed northwesterly right of way line of said highway; thence North 55° 39' 27" East along said right of way line a distance of 283.4 feet to the point of beginning and containing 0.92 acre.

WHEREAS, said parcel of land may be disposed of without adverse effect to the right of way for US Highway 71; and

WHEREAS, it is considered for the best interest of the people of the State of Arkansas that the unused and not required tract of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by Quit Claim Deed any and all rights in the described land to the adjoining land owners Arnold G. and Mary F. Goodwin.

66-257 WHEREAS, the Arkansas State Highway Commission holds title to and possesses Lots Numbered 12, 13, 14, 15, 16, 17, 18, 19 and 20 of and in the Chase Addition to the Town of Marion in Crittenden County, Arkansas, upon, over and across which the Arkansas Power and Light Company expresses a need and desire for an exclusive easement for automotive vehicle parking only with ingress and egress thereto for so long a period of time as the lands are not needed for highway construction purposes.

WHEREAS, the Arkansas Power and Light Company, a corporation organized and doing business in the State of Arkansas, holds title to and possesses the following described lands in the County of Faulkner, State of Arkansas, to-wit:

Part of the Southwest Quarter of the Southeast Quarter of Section 6, Township 5 North, Range 13 West, Faulkner County, Arkansas, more particularly described as follows:

Starting at the Southwest Corner of the Southwest Quarter of the Southeast Quarter of Section 6; thence North 1° 53' 30" West along the West line thereof a distance of 630.4 feet to a point; thence South 87° 45' East a distance of 736.0 feet to a point on the proposed southwesterly Right-of-Way line of Interstate Highway 40 for the point of beginning; thence continue South 87° 45' East a distance of 174.9 feet to a point; thence South 1° 47' West a distance of 300.0 feet to a point on the proposed southwesterly right of way line of said highway; thence North 24° 11' West along said proposed right of way line a distance of 215.8 feet to a point; thence North 35° 02' West along said proposed right of way line a distance of 134.2 feet to the point of beginning and containing 0.54 Acre.

ALSO: Starting at the Southwest Corner of the Southwest Quarter of the Southeast Quarter of Section 6; thence North 1° 53' 30" East along the West line thereof a

distance of 40.0 feet to a point on the existing northerly right of way line of US Highway 64; thence South 87° 49' 30" East along said existing right of way line a distance of 630.6 feet to the point of beginning; thence North 1° 57' 30" East a distance of 46.7 feet to a point on the proposed northerly right of way line of said highway; thence South 87° 51' 30" East along said proposed right of way line a distance of 281.2 feet to a point; thence South 1° 47' West a distance of 46.9 feet to a point on the existing northerly right of way line of said highway; thence North 87° 49' 30" West along said existing right of way line a distance of 281.4 feet to the point of beginning and containing 0.30 Acre.

A total acreage of 0.84 Acre.

WHEREAS, the Arkansas State Highway Commission and the Arkansas Power and Light Company each desire an exchange of an exclusive easement upon, over and across the described land of the Arkansas State Highway Commission conditioned upon its use only for automotive vehicle parking for so long a period as not needed by the Arkansas State Highway Commission for highway construction purposes for the described lands belonging to the Arkansas Power and Light Company.

NOW THEREFORE it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey an exclusive easement to the Arkansas Power and Light Company on the lands first hereinbefore described subject to the reversions set out in exchange for and in consideration for a warranty deed conveying the lands last hereinbefore described to the Arkansas State Highway Commission properly executed and delivered by the Arkansas Power and Light Company.

66-258 In GARLAND COUNTY on US HIGHWAY 270, Section 6:

WHEREAS, the Chicago, Rock Island and Pacific Railroad Company proposes to construct a spur track connection to serve the Union Carbide Corporation which will cross US Highway 270 at approximate log mile 7.6, Section 6, east of Hot Springs, Arkansas; and

WHEREAS, the Railroad Company has requested a permit to construct a railroad crossing at grade at this location;

NOW THEREFORE, the Director is authorized to grant a permit to the Chicago, Rock Island, and Pacific Railroad Company for the construction of a railroad crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.

3. That the Company provide warning signs displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

66-259 WHEREAS, in District No. 2 there is need for a Materials Testing Laboratory, to be used for the testing of materials for both Maintenance and Construction, and,

WHEREAS, the District Engineer has requested that this Laboratory be constructed at the Jefferson County Area Headquarters,

IT IS ORDERED that the Director be authorized to construct this building, as a Building Project, at an estimated cost of \$15,000.00.

Construction to be done by Purchase Order Contract.

66-260 In CRAWFORD COUNTY on STATE HIGHWAY 22, Section 2, from State Highway 59 to Lee's Creek, a distance of 10 miles, the Director is authorized to add additional Base and construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$67,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-261 In CRITTENDEN COUNTY on US 64, Section 17, from State Highway 147 to Marion, a distance of 5.7 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$65,000.00.

Work to be done by Purchase Order Contract.

66-262 In FRANKLIN COUNTY on INSTITUTIONAL ROAD 890, at the Ozark Vocational Training School, the Director is authorized to construct Grading, Minor Drainage Structures, Concrete Curb and Gutter, Base and Asphaltic Concrete Hot Mix Surface on 0.29 mile, as a Betterment Project, at an estimated cost of \$15,000.000.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-263 In HEMPSTEAD COUNTY on STATE HIGHWAY 4, Section 6, from the Nevada County line to a point 2.4 miles West, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$24,900.00.

Work to be done by Purchase Order Contract.

- 66-264 In LITTLE RIVER COUNTY on STATE HIGHWAY 234, Section 0, from Crossroads to the Oklahoma State Line, a distance of 5.45 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$30,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-265 In MILLER COUNTY on STATE HIGHWAY 134, Section 1, from Gin Valley Road to Moccasin Bayou, a distance of 7.45 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$88,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-266 In MISSISSIPPI COUNTY at the Cotton Boll Vocational Technical School, an entrance road beginning at Highway 148 near the east end of the Burdette Interchange and running in a northwesterly direction approximately 800 linear feet and approximately 5500 square yards of driveways and other areas to be paved around the main building of the School, as shown on the attached sketch, is hereby made a part of the State Highway System.

The Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-267 In NEVADA COUNTY on STATE HIGHWAY 19, Section 4, from Prescott to a point 6 miles South, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$58,100.00.

Work to be done by Purchase Order Contract.

- 66-268 In POINSETT COUNTY on US 63, Section 8, from Payneway to State Highway 75, a distance of 4.33 miles, the Director is authorized to install Underdrains at pavement edge on selected sections and resurface 3.42 miles of the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$70,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-269 In POINSETT COUNTY for a bypass of Highway US 63, in the City of Marked Tree, a distance of approximately 2.3 miles, the Director is authorized to proceed with surveys, plans, and construction at an estimated cost of \$600,000.00.

This action is subject to program approval by the Bureau of Public Roads.

66-270 In PULASKI COUNTY, in the City of North Little Rock, Highways 365 and US 70, from Pike Avenue on the west to Highway 130 on the east, are hereby relocated along the river front in accordance with the recommendation of the Pulaski Area Transportation Study, subject to the following conditions:

1. Acceptance of the present location of the highways into the City Street System by the City of North Little Rock.
2. Prior to any construction, right-of-way, free of man-made obstructions including utilities, be furnished free of cost to the State.
3. Approval of proposed relocation by the Bureau of Public Roads.

66-271 Miller County, Job No. 3668, State Line Interchange-Homan Interstate Signing, FAP I-30-1(35)0. The contract for the construction of Delineators, Standard Signs, Guide Signs, Illuminated Overhead Signs and Miscellaneous Items, Interstate 30, Section 1, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$82,988.84, subject to the concurrence of the Bureau of Public Roads.

66-272 Polk County, Job No. 4543, Skyline Drive (Mena-Northwest), FAP FLH-88(3). The contract for the construction of approximately 5.843 miles of Grading, Minor Drainage Structures, Asphalt Treated Gravel Base, Gravel and Sod Mulch Shoulders, Double Bituminous Surface Treatment, Erosion Control items and Miscellaneous Items, State Highway 88, Section 1, is awarded to Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$949,062.47, subject to the concurrence of the Bureau of Public Roads.

66-273 Independence County, Job No. 5583, Salado Creek Rest Area, FAP LSF-027-1(1). The contract for the construction of a complete rest area, including Grading, Minor Drainage Structures, Crushed Stone Base, Bituminous Treated Surfacing, Comfort Station (Scheme B), Rubble Masonry Walks, Water Supply, Picnic Facilities, Sewage Treatment, Landscaping, Fencing and Miscellaneous Items, US Highway 167, Section 17, is awarded to B. F. Stratton Construction Company, Inc., of Sheridan, Arkansas on their low bid of \$47,394.75, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the specifications.

66-274 Clark County, Job No. 7651, Highway 51-Gum Springs Interstate Signing, FAP I-30-1(43)53. The contract for the construction of approximately 15.015 miles of Interstate Signing, including Delineators, Standard Signs, Guide Signs and Miscellaneous Items, Interstate 30,

Section 1, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$39,812.77, subject to the concurrence of the Bureau of Public Roads.

66-275 Clark County, Job No. 7653, Highway 51-Hot Spring County Line Fencing, FAP I-30-1(45)53. The contract for the construction of approximately 27.4 miles of Interstate fencing, including woven wire fence and gates, steel and aluminum plate guard fence and Miscellaneous Items, Interstate 30, Section 1, is awarded to Texas Fence Company of Pine Bluff, Arkansas on their low bid of \$139,412.13, subject to the concurrence of the Bureau of Public Roads.

66-276 St. Francis County, Job No. C-68-4, Crow Creek Bridge & Approaches, FAP S-1229(1). The contract for the construction of approximately 0.265 mile of Grading, Gravel Surface Course, One Composite I-Beam Span Bridge (202.11 Ft.) and Miscellaneous Items, County FAS 1353, is awarded to W. L. Sharpe Contracting Company, Inc., of Memphis, Tennessee on their low bid of \$77,930.82, subject to the concurrence of the St. Francis County Judge.

66-277 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, May 25, 1966.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its sixth meeting of 1966 in Little Rock, Arkansas on May 25, 1966.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 22, 1966

The following is the record of the proceedings of the seventh meeting of 1966 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on June 22, 1966. The following members were present:

Wayne Hampton	Chairman
Arnil Taylor	Vice-Chairman
Truman Baker	Member
John W. Harsh	Member
Maurice Smith	Member

66-278 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 22, 1966.

66-279 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-271 through 66-276 at the regular meeting of the Commission on May 25, 1966.

Job No.	Project	Route	County	Contract & E & C	R/W & Utilities	Total
3668	I-30-1(35)	30	Miller	91, 280.	None	91,280.

66-281 WHEREAS, the Purchasing Committee has awarded purchases on May 27, June 6, 13 and 20, 1966 in the amounts of \$290,919.31, \$26,957.38, \$86,271.11 and \$122,092.09, respectively, totaling \$526,239.89, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

66-282 In ARKANSAS COUNTY on STATE HIGHWAY 11, from Stuttgart to the Prairie County line, bids were invited under Purchase Order Contract Procedure (Bid #M-66-990) for resurfacing 3.98 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on June 16, 1966, and,

WHEREAS, the Purchasing Committee on June 20 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 2-547, be awarded to L & N Asphalt Company of Stuttgart on their low bid of \$49,415.00.

66-283 In CRITTENDEN COUNTY on US 64 from State Highway 147 to Marion, bids were invited under Purchase Order Contract procedure (Bid #M-66-955) for resurfacing 5.7 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 3 bids received for opening on June 9, 1966, and,

WHEREAS, the Purchasing Committee, on June 13, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 11-540, be awarded to Ben M. Hogan Company, Inc., of Little Rock on their bid, by reason of Arkansas preference, of \$67,375.00.

66-284 WHEREAS, in HEMPSTEAD COUNTY at the DISTRICT HEADQUARTERS in Hope, bids were invited under Purchase Order Contract procedure (Bid #M-66-892) for the construction of a Service Station, with 4 bids received for opening on May 26, 1966, and,

WHEREAS, the Purchasing Committee, on May 27, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-228-B, be awarded to E. G. Larson of Arkadelphia on his low bid of \$38,698.00.

66-285 In OUACHITA COUNTY on STATE HIGHWAY 7 in Camden, bids were invited under Purchase Order Contract procedure (Bid #M-66-948) for resurfacing 2.6 miles of the existing pavement with Asphaltic Concrete Hot Mix, with one bid received for opening on June 2, 1966, and,

WHEREAS, the Purchasing Committee, on June 6, recommended that this bid be accepted,

IT IS ORDERED that this job be awarded to Reynolds & Williams of Little Rock, on their bid of \$21,577.40.

66-286 In PRAIRIE COUNTY of STATE HIGHWAY 11, Section 8, from US 70 to the Arkansas County line, bids were invited under Purchase Order Contract procedure (Bid #M-66-992) for the resurfacing of 14.78 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on June 16, 1966, and,

WHEREAS, the Purchasing Committee, on June 20, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 6-545, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$144,395.02.

66-287 WHEREAS, in WHITE, JACKSON and INDEPENDENCE COUNTIES on US 167, bids were invited under Purchase Order Contract procedure (Bid #M-66-929) for the resurfacing of 11.23 miles with Asphaltic Concrete Hot Mix, with one bid received for opening on May 26, 1966, and,

WHEREAS, the Purchasing Committee, on May 27, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 5-169, be awarded to Ben M. Hogan Company, Inc., of Little Rock, on their bid of \$95,600.50.

66-288 Within the limitations of funds authorized for the new budget for the fiscal year 1966-67, the Director is authorized to proceed with a second printing of 100,000 copies of the 1966 State Service Map at an estimated cost of \$8,000.00.

66-289 WHEREAS, in order to carry out a program of safety for the employees of the Arkansas State Highway Department, and also to provide adequate protection to the traveling public, a manual of safety rules and regulations has been compiled by the Internal Safety Office, with the joint efforts of the various Divisions and Districts; and

WHEREAS, it is essential that each employee be made aware of and familiar with the safety rules, regulations, and requirements of the Department;

NOW, THEREFORE, the "Safety Manual", as prepared, IS HEREBY APPROVED, and the Director IS AUTHORIZED to have 5,000 copies printed, at an estimated cost of \$2,000.00; and a copy will be distributed to each present and future employee of the Department.

66-290 WHEREAS, the Internal Audit Section of the State Highway Department has information that may indicate that certain oil companies which have in the past sold asphalt on public bids to the State Highway Department may have violated the State and/or Federal Anti-Trust Laws; and

WHEREAS, the Internal Audit Section has recommended that attorneys be furnished the information in order to reach some conclusion; and

WHEREAS, the Legal Staff of the Highway Department is devoting its full time to the acquisition of right-of-way and for other purposes pertaining to State Highway business;

NOW, THEREFORE, the State Highway Commission, subject to approval and cooperation of the Attorney General, hereby employs the law firm of Shaver and Shaver of Wynne, Arkansas to proceed to pursue, through legal channels, to a conclusion.

66-291 WHEREAS, the Arkansas River Navigation Project requires the alteration and/or replacement of 8 highway bridges between Pine Bluff and Fort Smith; and

WHEREAS, agreement has previously been reached between the Department and the Corps of Engineers for alterations to the Ozark (State Highway 22) Bridge, the replacement of the existing Dardanelle (State Highway 7) Bridge with a new high level 4-lane fixed span bridge, and the replacement of the existing Morrilton (State Highway 9) Bridge with a new high level 2-lane fixed span bridge; and

WHEREAS, agreement has been reached with the Corps of Engineers regarding the remaining highway bridges involved in the Arkansas River Navigation Project.

NOW THEREFORE, the Director is authorized to negotiate and execute agreements with the Corps of Engineers for replacement and/or alterations at Government expense without cost to the Department to current design standards of the following bridges:

At the Broadway and Main Street Bridges in Little Rock alterations of one bridge as necessary to provide for navigation and replacement of the other bridge with a new high level 4-lane fixed span bridge.

At the Van Buren (US 64-71) Bridge replacement of the existing bridge with a new high level 4-lane bridge.

At the Garrison Avenue (US 64) Bridge at Fort Smith, subject to the concurrence of the Oklahoma Department of Highways, replacement of the existing bridge with a new high level 4-lane bridge.

The Director is further authorized to negotiate and execute an agreement with the Corps of Engineers for the replacement of the existing Pine Bluff (US 79) Bridge with a new high level bridge, based on a lump sum contribution by the Corps of Engineers in the amount of \$2,640,000.

In order to expedite the progress on the Arkansas River Navigation Project the Director is further authorized, subject to the acceptance of the conditions of this Minute Order by the Corps of Engineers, to proceed with the negotiation and execution of any and all of the agreements involved and upon execution of the individual contracts with the Corps of Engineers to proceed at each location with the design and construction of the altered and/or replacement highway facilities involved.

The Director is further authorized to execute the necessary easements, deeds, and subordination agreements occasioned by the projects.

66-292 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the US Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the US Geological Survey for the period July 1, 1966, to June 30, 1967, involving the expenditure of State Funds in the amount of \$26,000.00, to the end that we are provided more drainage data and information.

66-293 In HEMPSTEAD COUNTY, at the Red River Vocational Technical School near Hope, an access drive from State Highway 29, Sec. 3, at log-mile 11.98, running westerly and southerly, a distance of approximately 775 feet, as shown on attached sketch, is hereby made a part of the State Highway System.

The Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project, at an estimated cost of \$8,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-294 WHEREAS, in right of way acquisition for Job 6590, Arkansas I-30 2(15)139, Little Rock - North Little Rock Expressway project, Lots 7, 8 and 9, Block 36, Bragg's Second Addition to the City of Little Rock, Arkansas, were acquired in the entirety, and

WHEREAS, the construction of the Little Rock - North Little Rock Expressway has been completed and as the following described parcel of land is outside the normal right of way limits, it is not required for maintenance or future construction purposes:

Being a part of Lots 7, 8 and 9, Block 36, Bragg's Second Addition to the City of Little Rock, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of Lot 7; thence South 87° 31' East along the North line thereof a distance of 65.13 feet to a point; thence South 26° 44' West for a distance of 155.44 feet to a point on the West line of Lot 9; thence North 1° 58' East for a distance of 141.88 feet to the point of beginning and containing 4,616.4 square feet.

WHEREAS, said parcel of land is not needed for the right of way of Interstate Highway 30, it is considered in the best interest of the people of the State of Arkansas that the unused and not required tract of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads;

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by deed any and all rights in the described land to the adjoining landowner T. Guy Bragg for the appraised value of \$5,000.00.

66-295 On US 64, Section 2, through Section 8, in the counties of Crawford, Franklin, Johnson and Faulkner, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with work necessary for screening the following junkyards:

US 64, Section 2
Crawford County

US 64, Section 3
Franklin County

The Coleman

Fay Cloos

US 64, Section 4
Johnson County
C. W. Teague

US 64, Section 5
Johnson County
Ralph Buchanan

US 64, Section 8
Faulkner County
J. V. Palmer

US 64, Section 8
Faulkner County
Maxwell Auto Sales

US 64, Section 8
Faulkner County
Maxwell Auto Sales

66-296 On US 67, Sections 10, 11, 12, 13 & 17, in the counties of Pulaski, Lonoke, White and Jackson, the Director is authorized, in conformity with Public Law 89-285 and applicable State laws, to proceed with work necessary for screening the following junkyards:

US 67, Section 10
Pulaski County
Richard Bean

US 67, Section 11
Lonoke County

Brinefield Salvage

66-297 In NEWTON COUNTY, Job No. 9526, on STATE HIGHWAY 7, Section 18, log mile 6.85, located on the east side of the highway approximately 7.75 miles south of Jasper, the

Director is authorized to proceed with the acquisition of additional right of way for a Roadside Park, Type "E" facility to implement the Highway Beautification Act of 1965 at an estimated cost of \$350.00, subject to the availability of Federal funds and approval of Bureau of Public Roads.

This site would incorporate an overlook with a scenic view along with picnic facilities. These improvements are to be accomplished by state district forces and it is anticipated that the "Green Thumb" personnel of Newton County would perform the major portion of this work once the right of way has been acquired.

- 66-298 In CLARK COUNTY on STATE HIGHWAY 53, Section 0, from US 67 to a point 3.85 miles north, the Director is authorized to construct Asphalt Treated Base and Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$44,300.00.

All work to be done complete in place by Purchase Order Contract.

- 66-299 In CROSS COUNTY on STATE HIGHWAY 284, Section 1, from State Highway 193 to a point 4.3 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, from Betterment Funds, at an estimated cost of \$150,000.00.

Work to be done by State Contract.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-300 In CROSS COUNTY on US 64, Section 16, from Wynne to the Crittenden County line, a distance of 17 miles, the Director is authorized to construct a Bituminous Surface Treatment on the existing shoulders, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Maintenance Forces.

- 66-301 In CROSS COUNTY on STATE HIGHWAY 1, Section 14, at Vanndale, the Director is authorized to resurface one mile of the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$10,600.00.

Work to be done by Purchase Order Contract.

- 66-302 WHEREAS, in DREW COUNTY at the Monticello Area Headquarters there is need for additional area to stock materials and adequately accommodate the crews that work out of this Headquarters, and,

WHEREAS, the American Legion has 3.12 acres adjoining the existing Headquarters, which they have offered to sell to the Department for \$700.00 per acre,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of Title, at an estimated cost of \$2,184.00.

66-303 WHEREAS, a dedication of the Millwood Dam is scheduled for the first part of October and Dignitaries from this State, other States, and Washington, D. C. are expected to attend, and

WHEREAS, the President of the United States has also been invited; and

WHEREAS, the road leading from Saratoga to the dedication site is a gravel county road, and not one that would improve the image of Arkansas;

NOW, THEREFORE, the Arkansas Highway Commission declares that an emergency exists and takes the following actions:

1. Add the county road from Saratoga south to the dam site, a distance of approximately 2.85 miles, to the State Highway System, according to the attached sketch.
2. Authorize a betterment project to reshape and reconstruct the existing roads add base and construct double bituminous seal at an estimated cost of \$48,000.00.

66-304 In JOHNSON COUNTY on STATE HIGHWAY 215, Section 4, from the Wolf Pen Creek Recreation Area to Oark, a distance of 3 miles, the Director is authorized to construct Grading, Minor Drainage Structures, widen 2 Bridges, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$81,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-305 In LEE and ST. FRANCIS COUNTIES on STATE HIGHWAY 1, Sections 10 and 11, from the Missouri Pacific Overpass to Forrest City, a distance of 9.50 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct gravel shoulders, as a Betterment Project, at an estimated cost of \$150,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-306 In OUACHITA COUNTY on US 79, Section 3, from the Columbia County line to Camden, a distance of 21.92 miles, the Director is authorized to construct Gravel Shoulders and Double Bituminous Surface Treatment on shoulders, as a Betterment Project, at an estimated cost of \$196,300.00.

Work to be done complete in place by Purchase Order Contract.

66-307 WHEREAS, in OUACHITA COUNTY on STATE HIGHWAY 57, Section 0, Minute Order 64-422 was approved on December 2, 1964, for the construction of Portland Cement Stabilized Base Course and Double Bituminous Surface Treatment on 7.13 miles between State Highway 4 and Goodhope, with the work to be done by Purchase Order Contract and State Forces at an estimated cost of \$73,800.00, and,

WHEREAS, the District Engineer would now like to do this job complete in place by Purchase Order Contract,

IT IS ORDERED that the Director be authorized to supplement Special Project 7-519 in the amount of \$30,200.00.

66-308 In PHILLIPS COUNTY on US 49, Section 2, from the Monroe County line to Wycamp, a distance of 20.23 miles, the Director is authorized to construct Gravel Shoulders and Bituminous Surface Treatment on Shoulders, as a Betterment Project, at an estimated cost of \$68,500.00.

Work to be done by Maintenance Forces.

66-309 In PHILLIPS COUNTY on STATE HIGHWAY 242, Section 0, from State Highway 318 to the West Helena City Limits, a distance of 1.1 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$12,000.00.

Work to be done by Purchase Order Contract.

66-310 In POINSETT COUNTY at the Delta Vocational Technical School at Marked Tree, an entrance road beginning at US 63 approximately two miles west of Marked Tree and running in a southerly direction approximately 475 feet, then easterly approximately 225 feet to intersect with an existing gravel roadway, giving a total length of roadway of approximately 700 linear feet, as shown on the attached sketch, is hereby made a part of the State Highway System.

The Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project, at an estimated cost of \$5,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-311 WHEREAS, Minute Order 65-153 was approved on May 19, 1965, for the construction of Grading, Minor Drainage Structures, Base and Double Bituminous Surface on State Highway 164, Section 5, as a Betterment Project, with the work to be done by Purchase Order Contract and Maintenance Forces in the amount of \$55,000.00, ;and,

WHEREAS the District Engineer would now like to have the base set up and the surface treatment done by Contract,

IT IS ORDERED that the Director be authorized to do this work by Purchase Order Contract and supplement the allotment in the amount of \$19,400.00.

66-312 WHEREAS, in POPE COUNTY at the DISTRICT NO. 8 HEADQUARTERS there is need for additional storage space, and,

WHEREAS, the existing storage building can be extended,

IT IS ORDERED that the Director be authorized to construct a 48' long by 32' wide addition, as a Building Project, at an estimated cost of 12,500.00.

Work to be done by Purchase Order Contract.

66-313 In ST. FRANCIS COUNTY on STATE HIGHWAY 38 at the I-40 Interchange, the Director is authorized to resurface 0.5 mile of the existing pavement for the I-40 - US 70 Connection with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$8,000.00.

Work to be done by Purchase Order Contract.

66-314 In UNION COUNTY on US 82, Section 5, from the Columbia County line to El Dorado, a distance of 18.10 miles, the Director is authorized to construct Gravel Shoulders and Double Bituminous Surface Treatment on Shoulders, as a Betterment Project, at an estimated cost of \$165,000.00.

All work to be done complete in place by Purchase Order Contract.

66-315 In WHITE COUNTY on US 167, Section 14, from Bald Knob to a point 8.10 miles north, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$74,400.00.

Work to be done by Purchase Order Contract.

66-316 In WOODRUFF COUNTY on Highway 64-C, Section 13, at Augusta, the Director is authorized to construct one 19-foot Precast Concrete Bridge, as a Betterment Project, at an estimated cost of \$3,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-317 In WOODRUFF COUNTY on STATE HIGHWAY 17, Section 5, at McCrory, the Director is authorized to resurface 1.10 miles of the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$22,000.00.

Work to be done by Purchase Order Contract.

66-318

In CONWAY COUNTY, on STATE HIGHWAY 113, Section 5: WHEREAS, the Arkansas Kraft Corporation proposes to construct a reservoir on both sides of State Highway 113 in connection with the industrial operations of the Company; and

WHEREAS, the proposed construction will Interfere with the normal drainage and operation of the existing roadway; and

WHEREAS, the Arkansas Kraft Corporation has requested permission to make alterations to State Highway 113 as required by the construction of the reservoirs; and

WHEREAS, the proposed alterations, to be performed to current design criteria, will constitute an improvement of the existing highway facilities involved and will be in the best public interest;

NOW THEREFORE, the Director is authorized to execute an agreement with the Arkansas Kraft Corporation covering the proposed highway alterations at this location subject to the following conditions:

1. That the proposed alterations which are to be performed current design criteria for highway construction, and construction plans to be approved by the Department prior to beginning operations.
2. That a surety bond in the amount of the estimated cost of the proposed construction posted with the Department to assure satisfactory completion of the work.
3. That all construction on the highway right-of-way meet the approval of the Department's District Engineer.
4. That all right-of-way required by the proposed construction be furnished and all required utility adjustments be performed without cost to the Department.

66-319

In YELL COUNTY, on HIGHWAY 28, Section 6, from the junction of Highway 154 at Mt. George northeastward to the junction of Highway 7 at Dardanelle, a distance of approximately 9.0 miles, the Director is authorized to proceed with surveys and plans and, as funds are available, construction of grading, minor drainage structures, base, surfacing and replacing three bridge length structures, all at an estimated cost of \$400,000. This action is subject to right-of-way being furnished in accord with previously stated policies for Secondary highways and program approval by, the Bureau of Public Roads.

66-320

Lee County, Job No. 11706, Felton-Missouri Pacific Overpass, FAP F-031-2(12). The contract for the construction of approximately 3.099 miles of Grading, Minor Drainage Structures, Gravel Base and Shoulders, Asphalt Treated Gravel Base, Bituminous Treated Shoulders, ACHM Base and Bridge Length Culvert (22.67' span) and miscellaneous items, State Highway 1, Section 10, is awarded to Forsgren, Inc., of Fort Smith, Arkansas and Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,059,330.57, subject to the concurrence of the Bureau of Public Roads.

- 66-321 Crittenden County, Job No. 11757, Shearerville-Lehi Surfacing, FAP I-40-5(49)266. The contract for the construction of approximately 4.790 miles of Grading, Portland Cement Stabilized Base, Portland Cement Concrete Pavement continuously reinforced (8" U.T.), Bituminous Treated Shoulders, Erosion Control Items and miscellaneous items, Interstate 40, Section 5, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,261,711.00, subject to the concurrence of the Bureau of Public Roads.
- 66-322 St. Francis County, Job No. 11758, Monroe Co. Line-Becks Road Fencing, FAP I-40-5(50)220. The contract for the construction of approximately 8.148 miles of Interstate Fencing, including Woven Wire Fence and Woven Wire Gates, Interstate 40, Section 5, is awarded to United Fence Company of North Little Rock, Arkansas on their low bid of \$64,159.05, subject to the concurrence of the Bureau of Public Roads.
- 66-323 Cleveland County, Job No. 2705, Junction Highways 79 and 212 Rest Area, FAF LSF-015-2(1). The contract for the construction of a complete rest area, including grading, minor drainage structures, crushed stone base, Double Bituminous Surface Treatment, comfort station (scheme B), water supply system, picnic facilities, sewage treatment system, landscaping, fencing, lighting and miscellaneous items, US Highway 79, Section 8, is awarded to B. F. Stratton Construction Company, Inc., of Sheridan, Arkansas on their low bid of \$64,351.85, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the specifications.
- 66-324 Hempstead County, Job No. 3678, Fulton-Sheppard (Surfacing), FAP I-30-1(47)17. The contract for the construction of approximately 4.413 miles of Grading, Lime Treated Subgrade, Portland Cement Stabilized Base, Portland Cement Concrete Pavement (10" U.T. Main Lanes, 8" U.T. Ramps), Concrete Curb, Erosion Control and miscellaneous items, Interstate 30, Section 1, is awarded to Austin Road Company of Dallas, Texas on their low bid of \$1,200,438.38, subject to the concurrence of the Bureau of Public Roads.
- 66-325 Polk County, Job No. 4540, Wilhelmina State Park Section (Skyline Drive), FAP S-547(3). The contract for the construction of approximately 2.153 miles of Grading, Minor Drainage Structures, Asphalt Treated Gravel Base, Gravel and Sod Mulch Shoulders, Double Bituminous Surface Treatment, Erosion Control and miscellaneous items, State Highway 88, Section 1, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$268,862.30.
- 66-326 Fulton County, Job No. 5557, Mammoth Spring-Missouri State Line, FAP F-033-2(7). The contract for the construction of approximately 0.271 mile of Grading, Minor Drainage Structures, Gravel Base, ACHM Base and Surface Courses, Concrete Combination Curb and Gutter, Widen 1 R.C. Deck Girder Bridge (32.50'), and miscellaneous items, US Highway 63, Section 1. No bids were received on this contract.

- 66-327 Clark County, Job No. 7633, Junction US Highway 67-Burtsell, FAP S-329(2). The contract for the construction of approximately 4.217 miles of grading, minor drainage structures, gravel base course, bituminous treated surface, asphaltic concrete hot mix surface course, one bridge length culvert (22.08 ft. span) and miscellaneous items, State Highway 51, Section 1, is awarded to Moro, Inc., of Warren, Arkansas on their low bid of \$229,705.01.
- 66-328 Faulkner County, Job No. 8466, Highway 25-Highway 266 (Grading and Structures), FAP I-40-3(18)124. The contract for the construction of approximately 2.412 miles of Grading and Minor Drainage Structures throughout the project, Crushed Stone Base with ACHM Base and Surface and Concrete Curb on Cross Roads; Crushed Stone Base with Double Bituminous Surface Treatment on Frontage Road; 4 O'pass Structures (914.44' total length) and 1 U'pass structure (291.04' in length), all of R. C. and Structural Steel I-Beam Span construction; 2 Bridge Length Culverts (60.84' total span); and Miscellaneous Items, Interstate 40, Section 3, is awarded to W. J. Menifee Construction Company of Sedalia, Missouri on their low bid of \$1,059,951.41, subject to the concurrence of the Bureau of Public Roads.
- 66-329 Faulkner County, Job No. 8467, Highway 266-Brumley (Grading and Structures), FAP I-40-3(19)126, F-020-1(1) and S-551(1). The contract for the construction of approximately 3~898 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on Frontage Road, Crushed Stone Base and ACHM Base and Surface on Industrial Road and Highway 64, One R.C. and Steel I-Beam Span U'pass Structure (224.29 ft. total), Two R.C. and Steel I-Beam Span O'pass Structures (453.82 ft. total), Concrete Curb, Erosion Control and other miscellaneous items, Interstate 40, Section 3, US Highway 64, Section 9, and State Highway 286, Section 1, is awarded to W. J. Menifee Construction Company of Sedalia, Missouri on their low bid of \$868~982.24, subject to the concurrence of the Bureau of Public Roads.
- 66-330 Washington County, Job No. 9520, Brentwood Rest Area, FAP LSF-011-3(2). The contract for the construction of a complete rest area, including, concrete walks, comfort station, water supply system, picnic facilities, lighting, landscaping, sewage treatment system and incidental items, US Highway 71, Section 16, is awarded to Paul K. Horn d/b/a Horn Concrete Finishing Company, Inc., of Greenland, Arkansas on their low bid of \$38,478.00, subject to the concurrence of the Bureau of Public Roads.
- 66-331 Carroll County, Job No. 9523, Osage Creek Bridge and Approaches, State Job. The contract for the construction of approximately 0.454 mile of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bituminous Surface Treatment, One Composite I-Beam Span Bridge (298.08 ft.) and miscellaneous Items, State Highway 103, Section 3, is awarded to Bailey & Crouse Construction Company of Harrison, Arkansas on their low bid of \$138,598.10.
- 66-332 Mississippi County, Job No. 10696, Kochtitzki, National and Ditch No. 31 Bridges and Approaches, FAP S-99(7). The contract for the construction of approximately 0.568 mile of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Three Composite I-Beam Span Bridges (592.62 ft. total length) and other miscellaneous items, State

Highway 140, Section 2, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$240,919.10.

66-333 Craighead and Mississippi Counties, Job No. 10707, Monette-Junction Highway 119, FAP F-024-1(4). The contract for the construction of approximately 5.203 miles of Grading, Minor Drainage Structures, Gravel Base and Shoulders, Asphalt Treated Gravel Base, Bituminous Treated Shoulders, Concrete Curb and Gutter, Asphaltic Concrete Hot Mix Base and Surface, Five R. C. Slab Span Bridges (455 lin. ft. total length) and miscellaneous items, State Highway 18, Sections 4 and 5, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$903,290.17, subject to the concurrence of the Bureau of Public Roads.

66-334 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., Wednesday, June 22, 1966,

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 28, 1966

66-335 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 28, 1966.

66-336 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-320 through 66-325 and 66-327 through 66-333 at the regular meeting of the Commission on June 22, 1966.

Job No.	Project	Route	County	Contract & E & C	R/W & Utilities	Total

66-338 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable;

NOW, THEREFORE, THE DIRECTOR IS AUTHORIZED to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1967, at a cost of \$10,481.00, to be paid to the National Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning and Research Division of the HPR-1(4) funds.

66-339 In CONWAY COUNTY, on STATE HIGHWAY 9, Section 7, Morrilton Bridge and Approaches;

WHEREAS, the Arkansas River Navigational Project by the Corps of Engineers, US Army, will require alterations and/or replacement of eight highway bridges crossing the Arkansas River; and

WHEREAS, Minute Order No. 66-291, dated June 22, 1966, recognized that an understanding existed between the Department and the Corps of Engineers whereby the existing Morrilton Bridge would be replaced with a new high level 2-lane fixed span bridge and approaches at no cost to the Department; and

WHEREAS, the Corps of Engineers has proposed a preliminary plan which is acceptable to the Department.

NOW THEREFORE, the Director is authorized to execute an agreement with the Corps of Engineers to design and construct to current Department Criteria a new high level 2-lane fixed span bridge to replace the existing Morrilton Bridge subject to 100% cost reimbursement by the Government.

The Director is further authorized to employ a Consulting Engineer to perform the necessary engineering services in connection with the proposed project.

The Director is further authorized to execute the necessary easements, deeds, and subordination agreements occasioned by the navigation project.

66-340 In FRANKLIN COUNTY, on US HIGHWAY 64, Section 12:

WHEREAS, the operation of Lock & Dam No. 12 near Ozark as part of the Arkansas River Navigation Project will impound water to an elevation that will affect US Highway 64 at Gar Creek and at a tributary to Hicks Creek, and

WHEREAS, it has been determined that it will be necessary to construct a new bridge across Gar Creek and to raise the grade of the roadway to an elevation above the proposed Lock & Dam No. 12 pool.

NOW THEREFORE, the Director is authorized to negotiate and execute an agreement with the Corps of Engineers whereby the Department will design and construct the required alterations to current design criteria subject to 100% cost reimbursement by the Government.

The Director is further authorized to execute the necessary easements, deeds and subordination agreements occasioned by the project.

66-341 In POPE COUNTY, on STATE HIGHWAY 7, Section 14, Dardanelle Bridge and Approaches;

WHEREAS, the Arkansas River Navigational Project by the Corps of Engineers, US Army, will require alterations and/or replacement of eight highway bridges crossing the Arkansas River; and

WHEREAS, Minute Order No 66-291, dated June 22, 1966, recognized that an understanding existed between the Department and the Corps of Engineers whereby the existing Dardanelle Bridge would be replaced with a new high level 4-lane fixed span bridge and approaches at no cost to the Department; and

WHEREAS, the Corps of Engineers has proposed a preliminary plan which is acceptable to the Department;

NOW THEREFORE, the Director is authorized to execute an agreement with the Corps of Engineers to design and construct to current Department Criteria a new high level 4-lane fixed span bridge to replace the existing Dardanelle Bridge subject to 100% cost reimbursement by the Government.

The Director is further authorized to employ a Consulting Engineer to perform the necessary engineering services in connection with the proposed project.

The Director is further authorized to execute the necessary easements, deeds, and subordination agreements occasioned by the navigation project.

66-342 In MISSISSIPPI COUNTY:

WHEREAS, State Highway 181 at the Missouri line fails to adequately connect with Missouri NN, by approximately 1/3 mile; and

WHEREAS, this connection is desirable and Missouri has agreed to make the connection, subject to partial reimbursement of 30% or approximately \$4500.00 by the Arkansas Highway Commission;

NOW THEREFORE, the Director is authorized to enter into an agreement with Missouri to make the connection, based on these included provisions.

66-343 WHEREAS, the City of Little Rock has requested the Arkansas Highway Commission to lease to it the area under the Broadway Street Bridge, and the ramps connecting to La Harpe Boulevard in Little Rock in order to control parking thereunder, and

WHEREAS, the City of Little Rock is not presently empowered to enforce full parking restrictions under Broadway Street Bridge as mentioned above, and it is in the public interest to properly police the use of the area under the bridge and ramps.

NOW, THEREFORE, it is ordered that the Chairman of the Highway Commission is authorized to execute a lease to the City of Little Rock for the use of the area under the Broadway Street Bridge and ramps connecting to La Harpe Boulevard, the lease to be cancelable by the Commission on thirty days notice and contain such stipulations to insure the interests of the Arkansas Highway Commission and the Bureau of Public Roads are fully protected.

This action subject to concurrence by the Bureau of Public Roads

66-344 AT ARKANSAS POLYTECHNIC COLLEGE, RUSSELLVILLE, POPE COUNTY, ARKANSAS, IT IS ORDERED that a proposed drive, approximately 1600 ft in length, from present drive north and east to Highway 7, as shown on attached sketch, be made a part of the State-maintained institutional drives; drive to be designated as part of State Highway 872, Section 1, for record urposes.

66-345 WHEREAS, the Purchasing Committee has awarded purchases on June 27, July 5, 11, 18 and 25, 1966 in the amounts of \$348,403.79, \$73,596.35, \$131,077.93, \$309,060.52, and \$285,740.14, respectively, totaling 1,147,878.73, and sales on June 27, 1966 in the amount of \$277.00, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in their special meetings on June 28 and 30, 1966 and in making the awards as above stated be ratified and confirmed in all particulars.

66-346 WHEREAS, on June 9, 1966, the Procurement Officer for the Department advertised for delivery of asphalt products on a supply contract for the fiscal year beginning July 1, 1966; and

WHEREAS, bids were received, opened, and read on June 21, 1966 and after a review by members of the Internal Audit Section, on June 30, 1966 the Purchasing Committee made a tentative award, based on low bids at plant and destination oints, with the tentative award being made without prejudice to rights that may have accrued or may accrue either to the Department or the Company, and subject to ratification by the Commission;

NOW THEREFORE, after reviewing the actions of the Purchasing Committee, the Highway Commission ratifies their actions in all respects.

In PULASKI COUNTY at the new CENTRAL OFFICE BUILDING Minute Order 66-134 was approved on March 23, 1966 for the construction of a parking area in the amount of \$47,200, and,

WHEREAS, bids were awarded for ready mix concrete for curb and gutter, crushed stone base and asphaltic concrete hot mix in the amount of \$34,935.00 which was considerably below the estimate, and since there is additional work to be done by the State on parking areas immediately adjacent to the building which will require approximately \$9,456.00,

It is ordered that the Director be authorized to take advantage of the excellent bids already received and overrun the original contract awards in order to complete this work.

The original allotment is sufficient to cover this work and no additional funds are needed.

66-348 In CLARK COUNTY on STATE HIGHWAY 53, from US 67 - North, bids were invited under Purchase Order Contract procedure (Bid 1-M-67-58) for the construction of 3.85 miles of Asphaltic Concrete Hot Mix Base and Surface, with 3 bids received for opening on July 14, 1966, and,

WHEREAS, the Purchasing Committee, on July 18, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-553, be awarded to Beam Brothers, Contractors, of Fort Smith on their low bid of \$40,809.70.

66-349 In GREENE COUNTY at the new DISTRICT HEADQUARTERS in Paragould bids were invited under Purchase Order Contract procedure (Bid M-67-64) for the construction of driveways and parking areas with Asphaltic Concrete Hot Mix Base and Surface, with two bids received for opening on July 19, 1966, and,

WHEREAS, the Purchasing Committee, on July 25, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job 10722 be awarded to Vern Barnett Construction Company of Jonesboro, on their low bid of \$67,173.00.

66-350 In NEVADA COUNTY on STATE HIGHWAY 19, from Prescott-South, bids were invited under Purchase Order Contract procedure (Bid 1-M-66-1007) for resurfacing 6 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 3 bids received for opening on June 21, 1966, and,

WHEREAS, the Purchasing Committee, on June 27, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 3-544, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$42,949.91.

66-351 In OUACHITA COUNTY on US 79, from the Columbia County line to Camden, bids were invited under Purchase Order Contract procedure (Bid M-67-56) for the construction of 21.92 miles of Gravel Shoulders and Double Bituminous Surface Treatment on the Shoulders, with 3 bids received for opening on July 14, 1966, and,

IT IS ORDERED that this job, designated as Special Project 7-554, be awarded to the APT Construction Company of North Little Rock on their low bid of \$165,780.00.

66-352 In OUACHITA COUNTY on STATE HIGHWAY 57 between State Highway 4 and Good Hope, bids were invited under Purchase Order Contract procedure (Bid 1-M-67-57) for the construction of 7.13 miles of Base and Double Bituminous Surface Treatment, with 3 bids received for opening on July 14, 1966, and,

WHEREAS, the Purchasing Committee, on July 18, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-519, be awarded to J. T. Arnold III and Company of Helena on their low bid of \$99,844.20.

66-353 In POINSETT COUNTY on US 63, from Payneway to State Highway 75, bids were invited under Purchase Order Contract procedure (Bid M-66-1002) for the resurfacing of 4.33 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 3 bids received for opening on June 21, 1966, and,

WHEREAS, the Purchasing Committee, on June 27, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 10-542, be awarded to Vern Barnett Construction Company of Jonesboro, on their low bid of \$483,600.00.

66-354 In PULASKI COUNTY at the new HIGHWAY BUILDING bids were invited under Purchase Order Contract procedure (Bid M-66-1006) for the surfacing of the Parking Area, with three bids received for opening on June 21, 1966, and,

WHEREAS, the Purchasing Committee, on June 27, recommended that the low bid be accepted,

IT IS ORDERED that this work, designated as Job 6774, be awarded to the Ben M. Hogan Company of Little Rock, on their low bid of \$22,058.00.

66-355 In UNION COUNTY on US 82 West of El Dorado bids were invited under Purchase Order Contract procedure (Bid M-67-75) for the construction of 18.1 miles of shoulder gravel and double bituminous surface treatment on the shoulders, with two bids received for opening on July 19, 1966, and,

WHEREAS, the Purchasing Committee, on July 25, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-555, be awarded to the Deep South Construction Company of Hamburg, on their low bid of \$156,108.00.

66-356 In UNION COUNTY on U. S. 82, from Cairo-East, bids were invited under Purchase Order Contract procedure (Bid #M-66-1000) for the resurfacing of 6.93 miles of the existing pavement with Asphaltic Concrete Hot Mix, with one bid received for opening on June 21, 1966, and,

WHEREAS, the Purchasing Committee, on June 27, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-551, be awarded to Jet Asphalt & Rock Company of El Dorado on their bid of \$81,103. 94.

66-357 In WHITE COUNTY on US 167, from Bald Knob to a point 8.10 miles north, bids were invited under Purchase Order Contract procedure (Bid #M-67-13) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with one bid received for opening on June 28, 1966, and,

WHEREAS, the Purchasing Committee, on July 5, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 5-523, be awarded to the Ben M, Hogan Company, Inc., of Little Rock, on their bid of \$67,975.25.

66-358 WHEREAS, the Arkansas State Highway Commission, titleholder and possessor of Lots 12, 13, 14, 15, 16, 17, 18, 19 and 20 of and in the Chase Addition to the Town of Marion, Crittenden County, Arkansas, has granted the Arkansas Power and Light Company an exclusive easement for automobile vehicle parking only with ingress and egress thereto as provided in Minute Order 66-257.

WHEREAS, the owners of Lots 25, 26, 27 and 28 and the Arkansas Power and Light Company, owner of 1.15 acres of land south of and adjacent to Logan Street, are desirous of petitioning the City of Marion to close Logan Street adjacent to the property as well as the alley located between Highway Department ownership and private ownership, Lots 25, 26, 27, and 28, so that full utilization of the property may be secured; and

WHEREAS, it is considered advantageous to join with the above mentioned private property owners in petitioning the City to close public trafficways;

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission express approval of the State Highway Commission to closing of streets and alleys upon representation to the City of Marion, Arkansas, by private property owners involved.

66-359 WHEREAS, a County Court Order dated October 26, 1927, Independence County Court covers right of way for Job 506, Batesville - Pleasant Plains Road, State Highway 11, Section 14, said road now being designated as Route 167, Section 17; and

WHEREAS, State Highway 167, Section 17, North Pleasant Plains - North was reconstructed, widened and changed in places under Job 5513 in 1965, and

WHEREAS, in the Southeast Quarter of the Northwest Quarter of Section 35 and the Southwest Quarter of the Northeast Quarter of Section 35, Township 12 North, Range 6 West, an extra width of right of way was acquired as a source of embankment material and gravel supply for the original construction of Job 506. Said land was not required in connection with the work

carried out under Job 5513. The following described land outside the regular right of way limits is no longer needed for any purpose:

Tract 12

Part of the Southeast Quarter of the Northwest Quarter of Section 35, Township 12 North, Range 6 West, Independence County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Southeast Quarter of the Northwest Quarter of Section 35; thence South 86° 53' 30" West along the South line thereof a distance of 112.5 feet to a point on the existing Westerly right of way line of US Highway 167; thence North 1° 48' East along said existing right of way line a distance of 223.7 feet for the point of beginning; thence North 71- 27' West along said existing right of way line a distance of 316 feet, more or less, to a point; thence in a Northeasterly direction along said existing right of way line a distance of 1030 feet, more or less, to a point; thence South 63° 55' East along said existing right of way line a distance of 44 feet, more or less, to a point on the East line of said Southeast quarter of the Northwest Quarter; thence South 0° 01' West along said East line a distance of 730 feet, more or less, to a point on the proposed Westerly right of way line of said Highway; thence in a Southwesterly direction along said proposed right of way line a distance of 380 feet, more or less, to the point of beginning and containing 5.62 acres, more or less.

Tract 13

Part of the Southwest Quarter of the Northeast Quarter of Section 35, Township 12 North, Range 6 West, Independence County, Arkansas, more particularly described as follows:

Beginning at a point on the existing Easterly right of way line of US Highway 167 which is 60 feet right of and perpendicular to center line Station 389+33 as surveyed by the Arkansas State Highway Commission, said point being also on the proposed Easterly right of way line of said Highway; thence South 63° 55' East along said existing right of way line a distance of 349 feet, more or less, to a point; thence in a Southwesterly direction along said existing right of way line a distance of 969 feet, more or less, to a point; thence North 71° 27' West along said existing right of way line a distance of 343 feet, more or less, to a point on the proposed Easterly right of way line of said Highway; thence in a Northeasterly direction along said proposed right of way line which is 60 feet from and parallel to said center line a distance of 1004 feet, more or less, to the point of beginning and containing 8.36 acres, more or less.

Tract 37

Part of the Southwest Quarter of the Northeast Quarter of Section 35, Township 12 North, Range 6 West, in Independence County, Arkansas, more particularly described as follows:

Beginning at a point on the existing Westerly right of way line of US Highway 167 which is 60 feet - left of and perpendicular to center line Station 389+33.0 as surveyed by the Arkansas State Highway Commission, said point being also on the proposed Westerly right of way line of said Highway; thence in a Southwesterly direction along said proposed right of way line which is 60 feet from and parallel to center line a distance of 641.2 feet, more or less, to a point on the West line of the Southwest Quarter of the Northeast Quarter of Section 35; thence North 0° 01' East along said West line a distance of 730 feet, more or less, to a point on the existing right of way line

of said Highway; thence South 63° 55' East along said existing right of way line a distance of 296 feet, more or less, to the point of beginning and containing 2.10 acres, more or less.

WHEREAS, said parcels of land may be disposed of without adverse affect to the right of way for US Highway 167; and

WHEREAS, it is considered in the best interest of the people of declared surplus and disposed of subject to concurrence by the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare these parcels of right of way surplus property and convey by Quitclaim Deeds any and all rights in the described properties to the adjoining landowners Artie Rutledge, 10.46 acres and Nell Elaine Mobley, Gay W. Mobley, Mark G. Mobley, Zachary F. Mobley and Freeman K. Mobley 5.62 acres.

66-360 WHEREAS the Arkansas State Highway Commission acquired the following described parcel of land from Roy A. Adams and Helen G. Adams, husband and wife, and Fannie Seamster, on September 20, 1965, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration, the land being located in Washington, County, to-wit:

A strip of land forty (40) feet of equal and uniform width across the West Half (W1/2) of the Northeast Quarter (NE. of the Southwest Quarter (SW. and the Northwest Quarter (NW) of the Southwest Quarter (SW) of Section Twenty (20), Township Sixteen (16), North of Range Thirty (30) West of the 5th P.M., being more particularly described as follows, to-wit:

Beginning at a point Forty (40) feet South of the Northeast corner of the West Half (W1/2) of the Northeast Quarter (NE o of the Southwest Quarter (SW) of said section, township, and range, thence West across said Twenty (20) acre tract and continuing across said Forty (40) acre tract to a point on the West boundary of said Northwest Quarter (NW) of the Southwest Quarter (SW) , thence North Forty (40) feet to the Northwest corner of said Northwest Quarter (NW) of the Southwest Quarter (SW), thence East to the Northwest corner of said West Half (W1/2) of the Northeast Quarter (NE) of the Southwest Quarter (SW) , thence South Forty (40) feet to the point of beginning.

WHEREAS, this land is no longer needed for highway purposes and by this Commission is declared surplus; and

WHEREAS, Roy A. Adams and Helen G. Adams, husband and wife, and Fannie Seamster, predecessors in title have expressed the desire that said lands be conveyed to them for the consideration first recited.

NOW THEREFORE BE IT HEREBY RESOLVED that the Chairman be and he is hereby authorized and directed to execute a Quitclaim Deed conveying the described lands to Roy A. Adams and Helen G. Adams, husband and wife, and Fannie Seamster, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration.

66-361 WHEREAS, the Arkansas State Highway Commission acquired the following described parcels of land from William M. Center and Wilma J. Center, husband and wife, on September 3, 1963, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration, the lands being located in Washington County, Arkansas, to-wit:

A strip of land 40 feet of equal and uniform width all being situated in Section 20, Township 16 North, Range 30 West, described as follows;

Beginning at a point 40 feet South of the Northeast corner of the Northeast Quarter of the Southeast Quarter of said Section 20, thence due West along the North side of the said Northeast Quarter and containing through and across the North side of the Northwest Quarter of the Southeast Quarter of said Section 20, thence continuing through and across the North side of the East Half of the Northeast Quarter of the Southwest Quarter of said Section 20 to a point 40 feet South of the corner of the said East Half of said Northeast Quarter of the Southwest Quarter, thence North 40 feet to the Northwest corner of said East Half of the Northeast Quarter, thence due East to the Northeast corner of the Northeast Quarter of the Southeast quarter, thence 40 feet South to the point of beginning except that portion embraced in the right of way of the St. Louis-San Francisco Railway Company.

ALSO, a strip of land 40 feet of equal and uniform width being situated in Section 20, Township 16 North, Range 30 West, described as follows:

Beginning at a point 40 feet North of the Southeast corner of the Southwest Quarter of the Northeast Quarter, thence due West to a point 40 feet North of the Southwest corner of said Southwest Quarter, thence South 40 feet to the Southwest corner of said South-west Quarter, thence due East to the Southeast corner of said Southwest Quarter, thence North 40 feet to the point of beginning.

ALSO: A strip of land 15 feet of equal and uniform width lying South of and adjacent to a strip of land 25 feet of equal and uniform width heretofore conveyed by us to the City of Fayetteville and recorded in Deed Record Book 544 at Page 598 and which is described as follows:

A part of the Northwest Quarter of the Southwest Quarter of Section 21, Township 16 North, Range 30 West of the 5th P~Mo being more particularly described as follows:

Beginning at the Northwest corner of the Southwest Quarter of Section 21, and running thence East 644.75 feet to the West side of Brooks Avenue; thence South 30° West along the West side of Brooks Avenue 28.8 feet, thence West 630.32 feet, thence North 25 feet to the place of beginning, containing 0.36 Acres, more or less ;

The above described 15 foot strip of land now being conveyed by us being described as follows:

A part of the Northwest Quarter of the Southwest Quarter of Section 21, Township 16 North, Range 30 West, of the 5th P.M. being more particularly described as follows:

Beginning at a point 40 feet South of the Northwest corner of said Southwest Quarter, thence East to the West line of Brooks Avenue, thence northeasterly along the West side of Brooks Avenue to the South boundary of the above described strip heretofore conveyed by us to the City of Fayetteville, thence along the South boundary of above described strip to a point on the West line of said northwest Quarter which point is 25 feet South of the Northwest corner of said Southwest Quarter, thence South 15 feet to the point of beginning.

WHEREAS, this land is no longer needed for highway purposes and by this Commission is declared surplus; and

WHEREAS, William M. Center and Wilma J. Center, husband and wife, predecessors in title have expressed the desire that said lands be conveyed to them for the consideration first recited.

NOW THEREFORE BE IT RESOLVED that the Chairman be and he is hereby authorized and directed to execute a Quitclaim Deed conveying the described lands to William M. Center and Wilma J. Center, husband and wife, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration.

66-362 WHEREAS the Arkansas State Highway Commission acquired the following described parcel of land from D. H. Baldwin Company, on November 4, 1964, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration, the land being located in Washington County, Arkansas, to-wit:

A strip of land 40 feet of equal and uniform width situated in the Northwest Quarter of Section 20, Township 16 North, Range 30 West of the 5th P.M. in Washington County, Arkansas, described as follows:

Beginning at the Southeast corner of said Northwest Quarter, thence West along the South boundary line of said Northwest Quarter to the present County Road, thence along the right-of-way line of said County Road North 21 55' West to a point which is 40 feet North of the South line of said Northwest Quarter, thence East to the East boundary line of said Northwest Quarter, thence South 40 feet to the point of beginning.

WHEREAS, this land is no longer needed for highway purposes and by this Commission is declared surplus; and

WHEREAS, D. H. Baldwin Company, predecessor in title has expressed the desire that said lands be conveyed to it for the consideration first recited.

NOW THEREFORE BE IT HEREBY RESOLVED that the Chairman be and he is hereby authorized and directed to execute a Quitclaim Deed conveying the described lands to the D. H. Baldwin Company, for and in consideration of the sum of ONE AND NO/100 Dollars, (\$1.00), and other good and valuable consideration.

66-363 WHEREAS, in ARKANSAS COUNTY at Stuttgart, the Department owns a Maintenance Headquarters Lot, containing approximately 1/4 acre, which, due to the increased responsibilities of the maintenance organization is too small, and,

WHEREAS, a suitable site, containing 1.72 acres, located on State Highway 11 in Stuttgart, with all utilities available, has been located and can be purchased at a cost of \$15,250.00.

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title to this property and to sell the presently owned site, with the proceeds to be applied to this purchase.

66-364 WHEREAS, in CLAY COUNTY, there exists a tract of land on US Highway 67, approximately 1-3/4 miles south of the Missouri State Line and located between a proposed new Weigh Station facility and a proposed new Rest Area; and,

WHEREAS, it is desirable to secure this 100'x 850' (approximately 1.88 acres) tract to prevent possible unsightly construction between these two proposed facilities and to allow some beautification;

NOW, THEREFORE, the Director is authorized, in conformity with Public Law 89-285 and applicable State Laws, to proceed in the most feasible and economical manner with work necessary for securing and beautifying this site.

66-365 WHEREAS, in DREW COUNTY, due to the increased construction activity, there is need for a Resident Engineer's Office, and,

WHEREAS, the Department is now acquiring an additional 3 acres at the Monticello Area Headquarters site,

IT IS ORDERED that the Director be authorized to construct a suitable Resident Engineer's Office, as a Building Project, at an estimated cost of \$15,000.00.

66-366 In ARKANSAS COUNTY on STATE HIGHWAY 1, Section 4, from State Highway 44 to a point 2.52 miles north, the Director is authorized to widen the existing 18-foot pavement one foot on each side with Asphaltic Concrete Hot Mix and resurface the entire width and, also, construct Gravel Shoulders, as a Betterment Project, at an estimated cost of \$28,500.00.

Work to be done by Purchase Order Contract

66-372 In CLEVELAND and BRADLEY COUNTIES on STATE HIGHWAY 189, Sections 1 and 2, between Kingsland and Warren, the Director is authorized to replace 12 old timber bridges (total length-495 lin. ft.) with Precast Concrete Slab Spans on Treated Timber Piling, as a Betterment Project, at an estimated cost of \$61,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-373 In CRAIGHEAD COUNTY on STATE HIGHWAY 139, Section 0, from State Highway 18 to a point 4.56 miles south, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$94,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will eliminate 4.56 miles of Item 62 of Minute Order 5020, Carraway to the junction of Highway 18, Job 10710.

66-374 In CRAIGHEAD COUNTY on STATE HIGHWAY 226, Section , between the Jackson County line and Gibson Switch, the Director is authorized to construct 3 Precast Slab Bridges and Minor Drainage Structures, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-375 In DESHA and CHICOT COUNTIES on STATE HIGHWAY 208, Sections 2 and 3, from Halley to the Mississippi River Levee, a distance of 5.41 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$109,200.00.

Work to be done by Purchase Order Contract and Maintenance forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-376 In DESHA COUNTY on STATE HIGHWAY 208, Section 2, from Halley - East, the Director is authorized to widen one 176-foot bridge and construct 2 structures (total length-380 lin. ft.), as a State Contract Job from Betterment Funds, at an estimated cost of \$148,600.00.

66-377 In DREW COUNTY on STATE HIGHWAY 138, Section 3, between Monticello and State Highway 293, the Director is authorized to replace 8 old timber bridges (total length-333 lin. ft.) with Precast Concrete Slabs on Treated Timber Piling, as a Betterment Project, at an estimated cost of \$40,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-378 In GRANT COUNTY on US 270, Section 10, from Sheridan to the Jefferson County line, a distance of 11.04 miles, the Director is authorized to resurface the existing pavement with

Asphaltic Concrete Hot Mix and construct and seal 8-foot shoulders, as a Betterment Project, at an estimated cost of \$235,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-379 In GRANT COUNTY on US 270, Section 9, from the railroad crossing at Poyen to Sheridan, a distance of 14.07 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and construct 8-foot Gravel Shoulders, as a Betterment Project, at an estimated cost of \$306,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will eliminate Item 23 of Minute Order 64-374, Prattsville to Sheridan, Job 6829.

66-380 In INDEPENDENCE COUNTY on STATE HIGHWAY 25, section 5, from Charlotte to Cord, a distance of 5.79 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$84,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will eliminate 5.79 miles of Item 2 of Minute Order 3586, Charlotte to the Lawrence County line, Job 5503.

66-381 In IZARD COUNTY on STATE HIGHWAY 58, Section 0, between Guion and State Highway 69, on two sections for a total of 7.2 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and one 80-foot Bridge, as a Betterment project, at an estimated cost of \$108,100.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will eliminate 7.2 miles of Item 36, Minute Order 64--375, Guion to the junction of Highway 69, Job 5568.

66-382 In JEFFERSON COUNTY on US HIGHWAYS 65 and 79 in the Bluff, the Director is authorized to resurface 3.02 miles of the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$57,100.00.

Work to be done by Purchase Order Contract.

66-383 In LAWRENCE COUNTY on STATE HIGHWAY 117, Section 1, from Strawberry to Jessup, a distance of 3.99 miles, the Director is authorized to construct Minor Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will eliminate Item 66 of Minute Order 5020, Strawberry to junction of Highway 115, Job 10714.

66-384 In LONOKE COUNTY on STATE HIGHWAY 381, Section 1, from US 70 - South, a distance of 4.05 miles, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$73,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-385 In PULASKI COUNTY on STATE HIGHWAY 5, Section 11, from Park Hill to Kellogg Road, a distance of 4.62 miles, the Director is authorized to widen, level up and resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$82,500.00.

Work to be done by Purchase Order Contract.

66-386 In SALINE COUNTY on STATE HIGHWAY 183, Section 1, from State Highway 35 at Benton to Interstate 30, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$75,100.00.

Work to be done by Purchase Order Contract.

66-387 In SALINE COUNTY on STATE HIGHWAY 5, Section 8, from Interstate 30 - North to the Pulaski County line, a distance of 7.17 miles, the Director is authorized to resurface the existing pavement and seal Gravel Shoulders, as a Betterment Project, at an estimated cost of \$59,500 00

Work to be done by Purchase Order Contract ant Maintenance Forces.

66-388 In UNION COUNTY on STATE HIGHWAY 15, Section 2, from Pidgeon Hill-North to the Moro Bay Ferry, a distance of 2.20 miles, the Director is authorized to construct Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$32,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-389 In UNION COUNTY on STATE HIGHWAY 335, Section 1, from US 82 to State Highway 7, a distance of 7.12 miles, the Director is authorized to construct 15 Corrugated Metal Arch Pipe Cross Drains and one 38-foot Precast Slab Bridge, as a Betterment Project, at an estimated cost of 14,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-390 In WOODRUFF COUNTY on STATE HIGHWAY 262, Section 1, from McClelland to a point 4.7 miles north, the Director is authorized to construct grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$85,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment f utilities free of cost to the State.

- 66-391 In WOODRUFF COUNTY on STATE HIGHWAY 33, Section 7, from State Highway 38 - North to Dixie, the Director is authorized to construct 3 Precast Slab Bridges (total length 57'), as a Betterment Project, at an estimated cost of \$9,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-392 Lincoln County, Job No. 2633, Gould-Douglas, FAP S-468(1). The contract for the construction of approximately 6.411 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, Gravel Shoulders, One Reinforced Concrete and Structural Steel I-Beam Span Bridge (137.17 ft.) and other miscellaneous items, State Highway 114, Section 3, is awarded to Linwood Smith of Lake Village, Arkansas on his low bid of \$347,506.19.

- 66-393 Chicot County, Job No. 2659, Lake Village-Halley Junction, FAP F-025-1(14). The contract for the construction of approximately 14.773 miles of Grading, Minor Drainage Structures, ACHM Base Widening, Selected Material, Crushed Stone Base Course Shoulders with Bituminous Surface Treatment, Widening 5 I-Beam Span Bridges (778.35' total) and miscellaneous items, US Highway 65, Section 20, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$1,399,592.42, subject to the concurrence of the Bureau of Public Roads.

- 66-394 Lincoln County, Job No. 2707, Bayou Bartholomew Bridge and Approaches, FAP State Job. The contract for the construction of approximately 2.792 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, One

Reinforced Concrete and Structural Steel I-Beam Span Bridge (402.34 lin. ft.) and miscellaneous items State Highway 293, Section 2, is awarded to S. M. Dixon Construction Company of Warren, Arkansas on their low bid of \$207,024.60.

66-395 Crawford County, Job No. 4593, Alma-Dyer (Surfacing), FAP I-40-1(39)13. The contract for the construction of approximately 6.630 miles of Limited Grading, Minor Drainage Structures, Crushed Stone Subbase and Base Courses, Bituminous Treated Shoulders, P. C. Concrete Pavement (9" U.T. Main Lanes, 8" U.T. Ramps), Erosion Control Items and miscellaneous items, Interstate 40, Section 1, is awarded to J. Briscoe, Contractor, of Stillwater, Oklahoma on his low bid of \$1,419,673.24, subject to the concurrence of the Bureau of Public Roads.

66-396 Hot Spring County, Job No. 6720, Social Hill-Rockport, FAP I-30-2(69)91. The contract for the construction of approximately 5.830 miles of grading, Minor Drainage Structures, Gravel Base, Erosion Control Items, Fencing and miscellaneous items throughout Project; P.C. Concrete Pavement (8" & 10" U.T.) with Bituminous Treated Shoulders on Main Lanes and Ramps; Asphaltic Concrete and Bituminous Surface Treatment on miscellaneous roadways; 1 R.C. Slab Span Bridge (150.00 lin. ft.) and 6 R. C. and Structural Steel I-Beam Span Bridges (1525.83 lin. ft.total); and 3 Bridge-Length Culverts (115.45 lin. ft. total span), Interstate 30, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas, Forsgren, Inc., of Fort Smith, Arkansas and T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$3,386,883.47, subject to the concurrence of the Bureau of Public Roads.

66-397 Pulaski County, Job No. 6884, Screening Junkyards in North Little Rock, FAP CJI-40-3(1)158 and CJF-02-3(1). The contract for the construction of Landscaping and Redwood Slats in existing Chain Link Fence at various locations east of North Little Rock, Interstate 40, Section 33 and US Highway 70, Section 13, is tentatively awarded to National Fence Company of Little Rock, Arkansas on their low bid of \$2,393.55, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the Specifications.

66-398 Columbia County, Job No. 7601, Magnolia-McNeil, FAP F-015-1(9) and F-010-1(19). The contract for the construction of approximately 7.845 miles of Grading, Minor Drainage Structures, Gravel Base, Asphalt Treated Gravel Base, Dense Graded Hot Mix Base, ACHM Surface, DBST Shoulders and Local Connecting Roads, Erosion Control Items, Fencing and miscellaneous items, US Highway 79, Sections 1 and 2, is awarded to T. L. James & Company, Inc. of Ruston, Louisiana on their low bid of \$1,284,927.409 subject to the concurrence of the Bureau of Public Roads.

66-399 Conway County, Job No. 8541, Plumerville Meniffee (Grading and Structures), FAP I-40-3(42)113. The contract for the construction of approximately 4.224 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items and miscellaneous items, Interstate 40, Section 3, is awarded to W. J. Meniffee Construction Company of Sedalia, Missouri on their low bid of \$406,210.83, subject to the concurrence of the Bureau of Public Roads.

- 66-400 Yell County, Job No. 8588, Fourche LaFave River Bridge and Approaches, FAP S-149(2). The contract for the construction of approximately 0.943 mile of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, One Combination R. C. Slab Span and Structural Steel I-Beam Span Bridge (504.16 ft.) and miscellaneous items, State Highway 28, Section 3, is awarded to Waldron Construction Company of Waldron, Arkansas on their low bid of \$221,226.06.
- 66-401 Pope and Conway Counties, Job No. 8606, Screening Junkyards in Atkins, Morrilton and Plumerville, FAP CJF-02-2(1) and CJF-02-3(2). The contract for the construction of chain link fencing and gates, Redwood Slats, landscaping and miscellaneous items, US Highway 64, Sections 6 and 7, is tentatively awarded to National Fence Company of Little Rock, Arkansas on their low bid of \$8,456.90, subject to the concurrence of the Bureau of Public Roads and compliance with the requirements of the specifications.
- 66-402 Pope County, Job No. 8610, Screening Junkyards Between Dardanelle and Russellville, FAP CJF-022-1(1). The contract for the construction of Limited Grading, Minor Drainage Structure, Gravel Base and miscellaneous items in connection with Screening a Junkyard, State Highway 7, Section 14, is awarded to Carter's Lawn & Tree Service of Dardanelle, Arkansas on their bid of \$3,600.00, subject to the concurrence of the Bureau of Public Roads.
- 66-403 Benton County, Job No. 9475, Rogers-East, FAP US-300(4) and S-300(5). The contract for the construction of approximately 1.604 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Concrete Curb & Gutter, Asphaltic Concrete Hot Mix Base and Surface with Bituminous treated Shoulders and other miscellaneous items, State Highway 12, Section 3, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$297,248.56, subject to the concurrence of the Bureau of Public Roads.
- 66-404 Newton County, Job No. 9499, Junction Highway 7-West, FAP FH-16-3(2) and LSS-493(1). The contract for the construction of approximately 6.180 miles of Grading, Minor Drainage Structures, Asphalt Treated Plant Mixed Crushed Stone Base, Bituminous Treated Surface and Shoulders, Erosion Control, Landscaping Overlook and miscellaneous items, State Highway 16, Section 7, is awarded to J.W. McCracken Contractor, Inc., of Conway, Arkansas on their low bid of \$393,300.02, subject to the concurrence of the Bureau of Public Roads.
- 66-405 Benton and Madison Counties, Job No. 9504, Junction Highway 45-Northwest, FAP S-300(3). The contract for the construction of approximately 7.116 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, Three Reinforced Concrete Slab Span Bridges (355.0 ft. total), One Bridge-Length Culvert (28.80 ft. span) and miscellaneous items, State Highway 12, Sections 3 and 4, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$470,784.11.
- 66-406 Randolph County, Job No. 10720, Dalton-Missouri Line, FAP S-292(4). The contract for the construction of approximately 8.142 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and miscellaneous items, State Highway 93, Section

1, is tentatively awarded to Orrick Stone Company of Mineral Springs, Arkansas on their low bid of \$382,656.89 subject to the Contractor's compliance with all Federal and State Laws in Connection with the execution of the contract.

66-407 Faulkner and Pulaski Counties, Job No. 1381, God Creek-Morgan Interstate Signing, FAP I-40-3(47)131. The contract for the construction of approximately 102. miles of Interstate Signing, including Delineators, Standard Signs, Guide Signs and miscellaneous items, Interstate 40, Section 3, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their bid of \$26,779.60, subject to the concurrence of the Bureau of Public Roads.

66-408 Fulton County, Job No, 5557, Mammoth Spring-Co. State Line, FAP F-033-2(7). The contract for the construction of approximately 0.271 mile of Grading, Minor Drainage Structures, Gravel Base, ACHM Base and Surface Courses, Concrete Combination Curb and Gutter, Widen One Reinforced Concrete Deck Girder Bridge (32.50 ft.), and miscellaneous items, US Highway 63, Section 1. No bids were received.

66-409 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Thursday, July 28, 1966.

MINUTES OF THE MEETING
OF THE

66-413 WHEREAS, awards for purchases have been made on bids opened on August 1, 8, 15 and 22, 1966 in the amounts of \$151,354.72, \$80,531.52, \$126,388.89 and \$138,818.66, respectively, totaling \$497,093.79, and sales on August 15 and 22, 1966 in the amounts of 1,500.00 and \$4,514.72, respectively, totaling \$6,014.72, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

66-414 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 8, between US 70 and the Arkansas County Line, a distance of 14.78 miles bids were invited under Purchase Order Contract procedure (Bid No. M-67-93), for the construction of six foot crushed stone shoulders, with two bids received for opening on July 26, 1966, and,

WHEREAS, the Purchasing Committee, on August 1, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this work designated as Job No. 6-545 be awarded to the APT Construction Company of North Little Rock, on their low bid of \$78,597.45.

66-415 WHEREAS, on April 27, 1964, property was acquired from Mr. and Mrs. Bert Sulcer, Route 1, Palestine, Arkansas, by deed for construction of Interstate Highway 40, Project I-40-5(20)219; and

WHEREAS, a siphon proposed at or near the west boundary of this ownership as eliminated during construction after concluding negotiations with owner; and

WHEREAS, the following described land which was acquired for the siphon construction is no longer needed for any purpose:

A part of the Northwest Quarter of Section 7, Township 4 North, Range 2 East, St. Francis County, Arkansas, more particularly described as follows:

Starting at the Southwest Quarter of Section 7; thence South 88° 00' 30" East along the South line of the Northwest Quarter a distance of 40.0 feet to a point on right of way line of Interstate Highway 40, thence North 0° 27' West along said right of way line 14.8 feet to a point; thence North 8° 38' 30" East along said right of way line a distance of 506.4 feet to the point of beginning; thence North 59° 09' East a distance of 228.1 feet to a point; thence South 7° 55' East a distance of 75.0 feet to a point; thence South 78° 17' 45" West a distance of 210.5 feet to the point of beginning and containing 0.18 Acre, more or less.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse affect on the right of way of Interstate Highway 40; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by deed any and all its rights to the original grantors for the appraised value of TWENTY-FIVE AND NO/100 Dollars (\$25.00).

66-416 In the City of Mena, Polk County, the Director is hereby authorized to abandon a portion of State Highway 8, Section 1 and to re-route said Highway as set forth in the attached Resolution approved July 5, 1966, by the City Council of Mena and shown on the attached sketch map dated August 18, 1966, and made a part of this Minute Order.

This action is to become effective when that portion of Monroe Street, designated for relocation of the route, has been surfaced to secondary highway standards.

66-417 In ST. FRANCIS COUNTY, the official designated location of State Highway No. 357, section 1, from US 70 south to State Highway 50 near Greasy Corner, shall be in accordance with the location as constructed by Job 11687 and, in accordance with Supreme Court decisions, the old portions of State Highway 357, section 1, which have been relocated by Job 11687 are declared to be no longer a part of the State Highway System, all as shown on the attached sketch which becomes a part of this Order.

66-418 WHEREAS, Paragraph 10 of the Agreement of June 22, 1966 with Shaver and Shaver provided that a firm of attorneys, skilled in the handling of Antitrust cases, be employed to assist, if deemed necessary; and

WHEREAS, the firm of Shaver and Shaver has determined that such expert help is necessary and has contacted the firm of Hollabaugh and Jacobs, 910 Seventeenth Street, NW, Washington, D. C., to provide this assistance;

NOW THEREFORE, the Director of Highways and the Chairman of the Highway Commission are authorized to enter into a contract with Hollabaugh and Jacobs to assist, subject to the following conditions:

Total additional expenditures to be a maximum of \$5,000.00 plus actual out-of-pocket expenses; and

Approval by the Attorney General of the State of Arkansas.

66-419 In ARKANSAS COUNTY on US 79, Section 11C, from State Highway 130 to US 79 in Stuttgart, a distance of 2.07 miles, the Director is authorized to resurface existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$43,600.00.

Work to be done by Purchase Order Contract.

66-420 In ARKANSAS COUNTY on STATE HIGHWAY 130, Section 6, from DeWitt South, a distance of 0.45 mile, the Director is authorized to construct is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-421 In COLUMBIA COUNTY on US 82, Section 4, from Nations Creek to a point 5.68 miles east, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$69,800.00.

Work to be done by Purchase Order Contract.

- 66-422 In CRAWFORD COUNTY on STATE HIGHWAY 59, Section 5, from an Buren North, a distance of 3.91 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix surface course, as a betterment Project at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-423 In CROSS COUNTY on STATE HIGHWAY 184, the Director is authorized to replace the existing bridge over the Tyronza River, about one-half mile north of Parkin, at an estimated cost of \$90,000.00.

This work is to be done by contract and financing from Betterment Funds.

- 66-424 In HEMPSTEAD COUNTY on STATE HIGHWAY 4, Section 5, from Hope to Ozan, a distance of 10.28 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$89,800.00.

Work to be done by Purchase Order Contract.

- 66-425 In HEMPSTEAD COUNTY on STATE HIGHWAY 195, Section 3, from De Ann to Marlbrook, the Director is authorized to construct four (4) precast concrete slab bridges and minor drainage structures as a Betterment Project, at an estimated cost of \$15,000.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 66-426 In LINCOLN COUNTY on STATE HIGHWAY 293, Section 2, from State Highway 54 South, a distance of 3.20 miles, the Director is authorized to widen the existing roadway and construct minor drainage structures and gravel base material as a Betterment Project at an estimated cost of \$15,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 66-427 In LONOKE COUNTY on STATE HIGHWAY 381, Section 1, from the end of Job No. 6-549 South on U.S. 70 to a point 3.98 miles South, the Director is authorized to construct grading, crushed stone base, single bituminous surface treatment and three bridges, as a Betterment Project at an estimated cost of \$102,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-428 WHEREAS, MINUTE ORDER 66-35 was approved January 12, 1996, for the construction of Grading, crushed stone and double bituminous surface treatment on State Highway 314, Section 1, in Perry County as a Betterment project, with the work to be done by Purchase Order Contract and Maintenance Forces in the amount of \$70,000.00, and,

WHEREAS, the District Engineer would now like to have the base set up and the surface treatment complete in place by Purchase Order Contract,

IT IS ORDERED that the Director be authorized to do this work by Purchase Order Contract and to supplement the allotment in the amount of \$19,000.00.

66-429 In POINSETT COUNTY on STATE HIGHWAY 14, Section 13, from Waldenburg to Harrisburg, a distance of 11.69 miles, the Director is authorized to level up selected sections of the existing pavement with asphaltic concrete base material and construct a surface with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$108,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-430 In CROSS COUNTY, on HIGHWAYS 1 and US 64, the Director is authorized to proceed with widening to four lanes, beginning at the south city limits of Wynne and ending at the junction of Highways US 64 and 1 at Harrels Corner, a distance of 3.87 miles, at an estimated cost of \$1,300,000.00.

This action is subject to program approval by the Bureau of Public Roads.

66-431 In UNION COUNTY, on HIGHWAY 7, from the junction of US 167 south to the Louisiana Line, a distance of approximately 9.4 miles, the Director is authorized to widen, strengthen and overlay with hot mix asphalt concrete at an estimated cost of \$235,000.00.

66-432 WHEREAS, the Corps of Engineers, Arkansas River Navigation Project will require alterations and/or replacement of the existing US Highway 79 Bridge at Pine Bluff; and

WHEREAS, Minute Order 66-291, dated June 22, 1966 uthorized the Director to negotiate and execute an agreement with the Corps of Engineers for thereplacement of the existing bridge at this location with a new high level bridge based on a lump sum contribution by the Corps of Engineers in the amount of 2,640,000;

NOW THEREFORE, the Director is authorized to proceed with the design and construction of a new high level 4 lane fixed span bridge & approaches at Pine Bluff to replace the existing US 79 bridge at an estimated cost of approximately \$7,000,000; and

The Director is further authorized to employ a Consulting Engineer to perform the necessary engineering services in connection with the proposed project.

This action subject to the following:

1. Execution of a satisfactory agreement with the Corps of Engineers providing for a lump sum contribution by the Government in the amount of \$2,640,000.
2. Approval by the Bureau of Public Roads.

66-433 In WHITE COUNTY, from the junction with Highway US 64 at Beebe to the Searcy bypass, a distance of approximately 14 miles, for a relocation of US 67, the Director is authorized to proceed with surveys, plans, right-of-way requirements and acquisition, and when completed, to return to the Commission for construction authorization.

This action is subject to program approval by the Bureau of Public Roads.

66-434 Cross County, Job No. 11761, Junction Highway 193-McElroy, FAP State. The contract for the construction of approximately 4.110 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, Concrete Curb and Miscellaneous Items on the Penrose-Wynne Road, State Highway 284, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$150,839.07.

66-435 Cross and Woodruff Counties, Job No. 11762, Junction Highway 64-Vanndale and McCrory Bypass-Cross County Line (Erosion Control), FAP F-031-2(19) and F-020-2(22). The contract for the construction of approximately 66 acres of seeding, State Highway 1, Section 14, and US Highway 64, Section 14, is awarded to J. C. Cheek Sod and Erosion Contractor of Kosciusko, Mississippi on his low bid of \$19,935.34, subject to the concurrence of the Bureau of Public Roads.

66-436 Miller County, Job No. 3638, Sulphur River-Pleasant Hill, FAP S-514(3). The contract for the construction of approximately 5.843 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Miscellaneous Items on the Brightstar-Texarkana Road, State Highway 237, Section 1, is awarded to McMillin-Burkett Construction Company of Texarkana, Texas on his low bid of \$229,715.99.

66-437 Miller and Lafayette Counties, Job No. 3675, Spring Bank Ferry Approaches, FAP State. The contract for the construction of approximately 1.301 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, Portland Cement Concrete Pavement (8" U.T.), Concrete Riprap and Miscellaneous Items on the Approaches to Spring Bank Ferry, on the Doddridge-Bradley Road, State Highway 160, Sections 0 and 1, is awarded to R. N. Reynolds Construction Company, Inc., of Camden, Arkansas on their low bid of \$111,600.22.

- 66-438 Sebastian and Crawford Counties, Job No. 4482, Arkansas River Relief Bridge-Junction I-40, FAP I-540-1(24)7 and S-408(7). The contract for the construction of approximately 3.797 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Fencing, Erosion Control and Miscellaneous Items throughout project; Portland Cement Concrete Pavement (8" and 9" U. T.) with Bituminous Treated Shoulders on Main Lanes and Ramps; Asphaltic Concrete Hot Mix with Bituminous Treated Shoulders or Bituminous Surface Treatment only on Cross Roads; 1 R.C. and Structural Steel I-Beam Span Bridges (2572.09) lineal feet total) and 1 Prestressed Precast R.C. Slab Span Bridge (93.00 lineal feet); on the Fort Smith-Junction Interstate Highway 40 Road, Interstate 540, Section 1 and State Highway 162, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas and McClellan Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$2,808,333.27, subject to the concurrence of the Bureau of Public Roads.
- 66-439 Crawford County, Job 4568, Shibley Grade Separation-Alma (Surfacing), FAP I-40-1(38)9. The contract for the construction of approximately 4.369 miles of Limited Grading, Minor Drainage Structures, Crushed Stone Subbase and Base, Portland Cement Concrete Pavement (8" and 9" U.T.) with Bituminous Treated Shoulders, Erosion Control Items, 4 R.C. and Structural Steel I-Beam Span Bridges (729.79 lineal feet total) and Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 1, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,103,808.46, subject to the concurrence of the Bureau of Public Roads.
- 66-440 Izard County, Job No. 5568, North Guion-South Gid, FAP State. The contract for the construction of approximately 4.503 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Bituminous Treated Surface and Miscellaneous Items on the Guion-Sage Road, State Highway 58, Section 0, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$188,984.34.
- 66-441 Ouachita, Dallas and Union Counties, Job No. 7657, Highway 4 Spur in Camden, Fordyce Bypass and El Dorado Bypass (Fencing), FAP U-012-1(15); F-015-2(11) and U-021-1(32). The contract for the construction of Right-of-Way fencing, including woven wire and chain link fence, State Highway 4, Section 1, US Highway 79, Section 2, and US Highway 167, Section 1, is awarded to R. N. Reynolds Construction Company of Camden, Arkansas on their low bid of \$57,289.81, subject to the concurrence of the Bureau of Public Roads.
- 66-442 Van Buren and Cleburne Counties, Job No. 8586, Junction Highway 16-Southwest, FAP S-549(2). The contract for the construction of approximately 3.362 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Bituminous Treated Surface, Two Bridge-Length Culverts (60.18 Ft. Total Span) and Miscellaneous Items on the Morgantown-Northeast Road, State Highway 92, Sections 3 and 4, is awarded to Vance Brothers, Inc., of Kansas City & Missouri on their low bid of \$175,113.22.
- 66-443 Pope County, Job No. 8599, Junction US 64-"G" Street (Russellville), FAP State. The contract for the construction of approximately 0.393 mile of Grading, Minor Drainage Structures, Asphalt Treated Plant Mix Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface

Courses, Curb and Gutter, One Composite I-Beam Span Bridge (57.08 ft.) and Miscellaneous Items on the Russellville-Dover Road, State Highway 7, Section 15, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on his bid of \$141,823.45.

66-444 Benton County, Job No. 9433, Rogers-Junction Highway 72, FAP F-030-2(6). The contract for the construction of approximately 6.301 miles of Grading, Minor Drainage Structures, Asphalt Treated Plant Mixed Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface, Bituminous Treated Shoulders, Seeding, One Reinforced Concrete and Structural Steel I-Beam Span Bridge (170.04 lineal feet) and Miscellaneous Items on the Rogers-Gateway Road, US Highway 62, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$679,857.67, subject to the concurrence of the Bureau of Public Roads.

66-445 Washington County, Job No. 9458, Fayetteville Loop-East City Limits - Fayetteville), FAP State Job. The contract for the construction of approximately 3.526 miles of Grading, Minor Drainage Structures, Fencing, Crushed Stone Base Course, Plant Mixed Crushed Stone Base Course, Bituminous Treated Shoulders, Concrete Curb and Gutter, Asphaltic Concrete Hot Mix Surface, Erosion Control Items, Three Bridge-Length Culverts (94.43 Ft. Total Span) and Miscellaneous Items on the Highway 16 Relocation in Fayetteville, State Highway 16, Section 3, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$483,491.38.

66-446 Prairie and Monroe Counties, Job No. 1409, Highway 11-St. Francis County Line Fencing, FAP I-40-4(30)193. The contract for the construction of woven wire fence and gates along Right-of-Way on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded to Thompson's Fence and Construction Company of Memphis, Tennessee on their low bid of \$89,916.60, subject to the concurrence of the Bureau of Public Roads.

66-453 WHEREAS, a Materials Reference Laboratory is operated by the National Bureau of Standards, and is authorized and approved by the Executive Committee of AASHO; and

WHEREAS, this Department has received notice that its share of the support of this Laboratory for fiscal year 1967 is \$3,333.00; and

WHEREAS, the services of the Materials Reference Laboratory are being used by and are considered to be of value to the Department.

NOW THEREFORE, IT IS ORDERED that the Director is hereby authorized to pay the Department's share of the cost of support of the AASHO Materials Reference Laboratory for fiscal year 1967 to the National Bureau of Standards, Washington, D. C.

66-454 In INDEPENDENCE COUNTY, IT IS ORDERED that the official location of State Highway No. 122, Section 1 from the junction of State Highway No. 69, south to the White River shall be in accordance with the location as constructed by Job 5543 and that the old portions of State Highway No. 122, section 1 which were relocated by the construction of Job 5543 are hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch which is made a part of this Order.

66-455 In NEVADA COUNTY, from Waterloo east to the junction of State Highway No. 4, IT IS ORDERED that the official location of State Highway No. 76, Section 1 shall be in accordance with the location as constructed by Job 3600; and IT IS FURTHER ORDERED that the portions of the old location, east of Waterloo and at the junction of State Highway No. 4, which were relocated by construction of Job 3600, are to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this order.

66-456 In PERRY COUNTY, IT IS ORDERED that the official location of State Highway No. 155, Section 6 in the vicinity of Fourche La Pave River, shall be in accordance with the location as constructed by Job 8592 and that the old portion of State Highway No. 155, Section 6 which was relocated by the construction of Job 8592 is hereby declared to be no longer a part of the State Highway system, all as shown on attached sketch which is made a part of this Order.

66-457 WHEREAS, District Two Headquarters in Pine Bluff has become severely congested, and there is no property readily available adjacent to the District Two Headquarters for needed expansion; and,

WHEREAS, sufficient additional land adjoining the Jefferson County Area Headquarters is available which can be used to store materials now stored at the District Two Headquarters thereby relieving the congested condition at the District Two Headquarters; and,

WHEREAS, the Right of Way Division appraised the additional land adjoining the Jefferson County Area Headquarters, and the owner of the property has agreed to sell for \$8,500.00 the approximate 4.7 acres that adjoin the Jefferson County Area Headquarters, described as follows:

A tract of land located in the Southwest Quarter of the Southwest Quarter of Section 21, Township 6 South, Range 8 West, of the 5th P.M. Jefferson County, Arkansas, more particularly described as follows:

Beginning at the Southwest Corner of the said section; thence East 1342 feet to an iron pipe located at the Southeast Corner of the Southwest Quarter of the Southwest Quarter; thence North along East boundary 20 feet; thence West 5730.6 feet to a point on the East right of way line of State Highway No. 81, hence North 37° 07' West along said right of way 376.8 feet to the point of beginning; thence North 37° 07' West 297.8 feet along East right of way line; thence East

990.3 feet to the East boundary of the Southwest Quarter of the outhwest Quarter; thence South 237.71 feet along said boundary; thence West 05.6 feet to the point of beginning and containing 4.7 Acres, more or less.

NOW, THEREFORE, it is ordered that the Director be authorized to complete all details for the acquisition of the above-described property to relieve the congestion at the District Two Headquarters in Pine Bluff, Jefferson County, Arkansas.

66-458 WHEREAS, County Court Order of January 12, 1948, Pope ounty Court covers the right of way for Job 8273, Dover - Forest Boundary Road, State Highway 7, Section 15; and

WHEREAS, in the Southeast Quarter of the Southeast Quarter of Section 32, Township 10 North, Range 20 West, the following described property outside the regular right of way, having been acquired to construct an entrance to this property, which was not done. The extra parcel of property is not required for maintenance.

Being a part of the Southeast Quarter of the Southeast Quarter of Section 32, Township 10 North, Range 20 West, Pope County, Arkansas, more particularly described as follows:

Beginning at a point on the existing right of way line to the right of the Center Line of State Highway No. 7, 40.0 feet from and perpendicular to Center Line of Survey Station 341+50 asdescribed in the Court Order and shown on the sketch Maps attached there to of Job No. 8273, FAP S-170 (5), Dover - Forest Boundary Road, Pope County, Arkansas, State Highway 7, Section 15 and recorded in the County Court Records of Pope County, Arkansas on Page 282-3 of Book "X" on the 12th day of January 1948; thence North 5° 35' East, 100.0 feet to a point 40.0 feet from and perpendicular to Center Line of Survey Station 341+50; thence South 84° 25' East, 85.0 feet to a point; thence South 5° 35' West 100.0 feet to a point; thence North 84° 25' West 85.0 feet to the point of beginning and containing 0.195 acres.

WHEREAS, said parcel of land may be disposed of without adverse effect on the right of way of State Highway 7; and

WHEREAS, it is the recommendation of District Engineer and is considered in the best interest of the people of the State of Arkansas that the unused and not required tract of land be declared surplus and disposed of to the adjoining property owner subject to concurrence of the Bureau of Public Roads.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by Quit Claim Deed for a consideration of Forty Dollars (\$40) any and all rights in the described land to the adjoining land owner W. D. Hickey.

66-459 WHEREAS, the Arkansas State Highway Commission has acquired for right-of-way purposes and holds title to lands including the area under the Broadway Street Bridge in Little Rock, and under the ramps connecting to La Harpe Boulevard, and

WHEREAS, the City of Little Rock desires to secure a lease on said lands in order to control parking thereunder, not being presently empowered to enforce full parking restrictions

thereupon, and it having been found to be in the public interest to properly police the use of the area under the bridge and ramps, and

WHEREAS, the lease has been reviewed by the Right of Way Division and the Legal Division and found to be satisfactory,

NOW, THEREFORE, the Director is authorized to execute said lease for the Commission.

66-460 WHEREAS, the Purchasing Committee has awarded purchases on August 29, 1966, September 6, September 12, September 16 and September 26, 1966 in the amounts of \$334,561.18, \$38,564.89, \$335,574.12, \$43,999.57 and \$164,982.36, respectively, totaling \$917,682.12 and sales on September 12 and September 26, 1966 in the amounts of \$550.02 and \$420.00, respectively, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

Work to be done by Purchase Order Contract.

66-492 In JEFFERSON COUNTY on US 79, Section 10B at Altheimer, the Director is authorized to resurface 0.83 miles of the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$10,900.

Work to be done by Purchase Order Contract.

66-493 In JOHNSON COUNTY on STATE HIGHWAY 103, Section 0, from Jamestown to Clarksville, a distance of 2.01 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Treatment on 1.41 miles, which excepts the portion constructed as a part of I-40, as a Betterment Project, at an estimated cost of \$40,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

This will eliminate Item 65 of Minute Order 64-375, Job No. 8571, Jamestown to Clarksville.

66-494 WHEREAS, for the FLAT CREEK WATERSHED PARK at Lake Charles in Lawrence County, Minute Order 5228 was approved on August 28, 1963, for the improvement of a pull-off area from Highway 25 at an estimated cost of \$9,700.00 and authorized a Letter of Intent to the Soil Conservation Service to expend approximately \$60,600.00 for a park roadway system in the future, and,

WHEREAS, Minute Order 64-419 approved December 2, 1964, authorized the construction of clearing, grubbing, grading, minor drainage structures and surfacing of approximately two miles of driveways and other facilities as a Betterment Project at an estimated cost of \$30,000.00.

IT IS ORDERED that the Director be authorized to complete this construction with a supplemental allotment of \$30,600.00 to come from the Betterment Allotment.

66-495 In MONROE COUNTY on STATE HIGHWAY 241, Section 2, from State Highway 17 to US 49, a distance of 5 miles, the Director is authorized to construct grading, minor drainage structures, portland cement stabilized base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$140,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-496 In NEWTON COUNTY on STATE HIGHWAY 123, Section 1, from Yardell to Hasty, a distance of 5.3 miles, the Director is authorized to construct grading, minor drainage structures, crushed stone base and double bituminous surface treatment and one 100' bridge as a State Contract, at an estimated cost of \$292,000.00.

This action is subject to the furnishing of all required right of-way and adjustment of utilities free of cost to the State.

This action will eliminate 5.3 miles of previously programmed Item 94, Minute Order 64-375, Job No. 9511, Piercetown to Yardell.

66-497 In RANDOLPH COUNTY on STATE HIGHWAY 166, Section 0, from US 62J Southwest, a distance of 3 miles, the Director is authorized to construct Clearing and Grubbing, Grading and Minor Drainage Structures as a State Contract, at an estimated cost of \$61,000.00.

Funds to be transferred from District Ten Betterment Allotment.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-498 In RANDOLPH COUNTY on STATE HIGHWAY 166, Section 0, from US 62, the Director is authorized to construct Base Course and Double Bituminous Surface Treatment as a Betterment Project, at an estimated cost of \$49,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-499 In SCOTT COUNTY on STATE HIGHWAY 28, Section 1, the Director is authorized to replace the existing timber bridge at Six Mile Creek with reinforced concrete bents and precast concrete deck also construct approaches as a Betterment Project, at an estimated cost of \$25,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-500 In SEBASTIAN COUNTY on STATE HIGHWAY 22, Section 1, from Barling east, a distance of 13.2 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$71,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-501 In SEBASTIAN COUNTY on STATE HIGHWAY 252, Section 2, a distance of to construct grading, minor drainage structures, base and double bituminous surface treatment and widen one 81' existing bridge as a Betterment Project, at an estimated cost of \$108,300.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-502 In YELL COUNTY on STATE HIGHWAY 7, Section 13, from Centerville to Dardanelle, a distance of 8 miles, the Director is authorized to resurface 7 miles of selected sections with Asphaltic Concrete Hot Mix as a Betterment Project, at an estimated cost of \$62,500.00

Work to be done by Purchase Order Contract.

66-503 In ARKANSAS COUNTY on US HIGHWAY 79C, Section 11C, in Stuttgart, Arkansas.

WHEREAS the Bogard Grain and Seed Co., Inc. of Stuttgart proposes to construct, maintain and operate a new industrial spur track at Main and Harrison Streets; and

WHEREAS, the Company has requested a permit to construct a railroad crossing at grade at this location;

NOW THEREFORE, the Director is authorized to grant a permit to the Bogard Grain and Seed Company Inc., of Stuttgart for the construction of a railroad crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the cross-ties and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.
3. That the Company provide warning signs displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

66-504 In CRAIGHEAD COUNTY on US HIGHWAY 63-C in Jonesboro, the St. Louis-San Francisco Railroad has declared that their crossing of US 63-C at Floyd Street is very hazardous, and

WHEREAS the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is extremely dangerous and that automatic grade crossing signals should be installed,

NOW THEREFORE the Director is authorized to proceed with the installation of automatic flashing light signals; at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis-San Francisco Railroad will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

66-505 WHEREAS, in INDEPENDENCE COUNTY, on US HIGHWAY 167, Sections 17 and 18, feasibility studies have been accomplished under Minute Order 66-43 to the end that the most feasible location of US Highway 167 from White River northward to the junction of Main and St. Louis Streets has been determined to be substantially that of the present location, and

WHEREAS, it is desirable to provide for the construction of a facility through this section of Batesville which would adequately serve the anticipated traffic, and

WHEREAS, work authorized under Minute Order 65-505 is limited to approximately 3.0 miles of new location extending northward from the junction of Main and St. Louis Streets;

THEREFORE, Minute Order 65-505 is hereby revised to extend the limits of authorized work approximately 1.0 mile southward to a point just north of the White River Bridge and to adjust the total estimate cost of the work to \$2,000,000.000 All other provisions of Minute Order 65-505 shall remain in full force and effect.

66-506 In MILLER and LITTLE RIVER COUNTIES:

WHEREAS, there exists at the crossing of HIGHWAY US 71 and the RED RIVER at Index an old, narrow, and dangerous bridge with a 17 foot Roadway, built in 1919; and

WHEREAS, this bridge can no longer carry the present traffic in a safe manner and should be replaced or improved; and

WHEREAS, there is a concerted effort at this time to eliminate as many hazardous conditions for the safety of the traveling public as is possible;

NOW THEREFORE, the Director is authorized to make a study of this situation, make surveys, prepare plans and estimate of cost, and, at the conclusion of this phase, come back to the Highway Commission with a request for funds for construction.

The above action is subject to the following conditions:
That every avenue be explored to determine if a point project with the State of Texas can be accomplished. Program approval by the Bureau of Public Roads.

66-507 In POINSETT COUNTY on HIGHWAY 163 from Highway 14 to Lake Poinsett State Park, the Director is authorized to proceed with construction of grading, base, minor drainage structures, and surfacing at an estimated cost of \$75,000.00,

66-508 In PULASKI COUNTY on S. H. 365, Section 11:

WHEREAS, the City of North Little Rock is currently constructing improvements to correct serious storm drainage problems that exist in various parts of the city; and

WHEREAS, in order to correct a drainage problem that exists along Pike Avenue, the City of North Little Rock has determined that it is necessary to construct a large drainage structure on Pike Avenue from 26th Street south to the Arkansas River; and

WHEREAS, the City of North Little Rock has requested permission to construct the drainage improvements on Pike Avenue which will involve temporarily closing the street, the detouring of traffic, and the reconstruction of the existing street from 26th Street south to 4th Street;

NOW THEREFORE, the Director is authorized to grant a permit to the City of North Little Rock to close the street and tear up and remove the existing pavement on Pike Avenue from 26th Street south to 4th Street; to install the proposed drainage facilities and to construct two lanes of an ultimate four lane facility, subject to the following conditions:

1. That the proposed construction be in accordance with plans approved by the Department.
2. That all construction on the highway right-of-way meet the approval of the Department District Engineer.
3. That only short sections of Pike Avenue be closed at a time and that adequate, well-marked detours be provided.
4. That all construction be performed at no cost to the Department.
5. That all rights of way required for the reconstructed highway facility be provided without cost to the Department.
6. That all utility adjustments required by the proposed construction be performed at no cost to the Department.

66-509 In SEBASTIAN COUNTY on STATE HIGHWAY 22T, Section 1T:

WHEREAS, Forsgren Brothers, General Contractors, has requested permission to construct an industrial spur railroad crossing in Fort Smith near the intersection of State Highway 22T and South 55th Street;

NOW THEREFORE, the Director is hereby authorized to grant a permit to Forsgren Brothers, to construct the proposed railroad crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the cross ties and a width extending from shoulder to shoulder, and at all times to maintain the crossing in a manner satisfactory to the State Highway Department.
2. That all construction on the highway right-of-way meet the approval of the Department District Engineer.
3. That the owner provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

66-510 St. Francis County, Job No. 11737, Pine Tree-Colt, FAP S-565(1). The contract for the construction of approximately 6.950 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, Guard Fence and Miscellaneous Items, State Highway 306, Section 2, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$337,491.07.

66-511 Arkansas County, Job No. 2701, Almyra-Junction Highway 33, FAP S-206(5). The contract for the construction of approximately 5.479 miles of Grading, Minor Drainage Structures,

Crushed Stone Base, ACHM Base and Surface Courses, Concrete Curbs and Miscellaneous Items, State Highway 130, Section 6, is awarded to D.F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$359,942.55.

66-512 Polk County, Job 4551, Little River Bridge & Approaches, FAP State Job. The contract for the construction of approximately 0.5888 mile of Grading, Minor Drainage Structures, One Composite I-Beam Span Bridge (372.41 ft.) and Miscellaneous Items, State Highway 246, Section 0, is awarded to Waldron Construction Company of Waldron, Arkansas on their low bid of \$184,216.39.

66-513 Fulton County, Job No. 5557, Mammoth Spring, Mo. State Line, FAP F-033-2(7). The contract for the construction of approximately 0.271 mile of Grading, Minor Drainage Structures, Gravel Base, ACHM Base & Surface Courses, Concrete Combination Curb and gutter, Widen One Reinforced Concrete Deck Birder Bridge (32.50 ft.), and Miscellaneous Items, U.S. Highway 63, Section 1, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$118,257.75, subject to the concurrence of the Bureau of Public Roads.

66-514 Hot Spring County, Job No. 6882- Friendship-Midway Surfacing), FAP I-30-2(76)80. The contract for the construction of approximately 4.462 miles of Limited Grading, Minor Drainage Structures, Selected Material, Gravel Base, P.C. Concrete Pavement (10" U.T. on Main Lanes & 8" U.T. on Ramps), ACHM Surf. on Cross Roads Bituminous Treated Shoulders, Erosion Control and Miscellaneous Items, Interstate 30, Section 2, is awarded to Ben M. Hogan Company Inc., of Little Rock, Arkansas on their low bid of \$1,012,812,064, subject to the concurrence of the Bureau of Public Roads.

66-515 Faulkner County ,Job No. 8533 Cadron Creek Bridge-Junction Highway 25, FAP State Job. The contract for the construction of approximately 6.881 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Bituminous Treated Surface, One Reinforced Concrete Slab Span Bridge (90.0 Ft.) and Miscellaneous Items, State Highway 107, Section 1, is awarded to Freshour Construction Company, Inc., of Sweet Homes Arkansas on their low bid of \$291,046.95.

66-522 WHEREAS, the Purchasing Committee has awarded purchases on October 3, October 10, October 17 and October 24, 1966 in the amounts of \$101,609.21, \$104,320.66, \$57,011.12 and \$202,847.18, respectively, totaling \$465,788.17, and sales on October 24, 1966 in the amount of \$702.00, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

66-523 In ARKANSAS COUNTY on STATE HIGHWAY 276, Section 1, from Lodges Corner-South, bids were awarded under Purchase Order Contract procedure (Bid No. M-67-392) for the resurfacing of 2.0 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 1 bid received for opening on October 18, 1966, and,

WHEREAS, the Purchasing Committee, on October 24, 1966, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-561, be awarded to the L & N Asphalt Company, of Stuttgart, on their bid of \$26,398.43.

66-524 In ARKANSAS COUNTY on STATE HIGHWAY 11, Section 6 on Park Avenue, in Stuttgart, bids were invited under Purchase Order Contract procedure (Bid No. M-67-391) for the resurfacing of 2.41 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 1 bid received on October 18, 1966, and,

WHEREAS the Purchasing Committee, on October 24, 1966, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-560, be awarded to L & N Asphalt Company, of Stuttgart, on their bid of \$33,712.50.

66-525 In CLAY COUNTY on US 67, Section 22, from State Highway 211 to the North City Limits of Corning, a distance of 7.19 miles, bids were invited under Purchase Order Contract procedure (Bid I-M-67-377) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with two bids received for opening on October 13, 1966, and,

WHEREAS, the Purchasing Committee on October 17, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 10-550, be awarded to Vern Barnett Construction Company of Jonesboro on their low bid of \$86,068.20.

66-526 In CONWAY COUNTY on STATE HIGHWAY 124, Section 5, from the Faulkner County Line to Springfield, a distance of 6.7 miles, bids were invited under Purchase Order Contract procedure for the construction of Crushed Stone Base and Double Bituminous Surface Treatment, with 4 bids received for opening on October 13, 1966, and,

WHEREAS, the Purchasing Committee on October 17, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 8-540, be awarded to Four Brothers, Incorporated, of North Little Rock on their low bid of \$84,914.00.

66-527 In FAULKNER COUNTY on STATE HIGHWAY 124, Section 6, from the Conway County Line East, a distance of 1.7 miles, bids were invited under Purchase Order Contract procedure (Bid #M-67-380) for the construction of a Crushed Stone Base and Double Bituminous Surface Treatment, with 4 bids received for opening on October 13, 1966, and,

WHEREAS, the Purchasing Committee on October 17, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 8-538, be awarded to Four Brothers, Incorporated, of North Little Rock on their low bid of \$23,585.00.

66-528 In GREENE COUNTY on STATE HIGHWAY 1, Section 20, from the Junction of Highway 25 to the Junction of Highway 139 in Paragould, a distance of 1.30 miles, bids were invited under Purchase Order Contract procedure (Bid 1-M-67-378) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with two bids received for opening on October 13, 1966, and,

WHEREAS, the Purchasing Committee on October 17, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 10-549, be awarded to the Commercial Asphalt Paving Company of Paragould on their low bid of \$24,950.00.

66-529 In JEFFERSON COUNTY on HIGHWAY 65 in Pine Bluff bids were invited under Purchase Order Contract procedure (Bid No. M-67-390) for the resurfacing of 2.71 miles of the existing pavement with Asphaltic Concrete Hot Mix, with 3 bids received for opening on October 18, 1966, and,

WHEREAS, the Purchasing Committee, on October 24, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-563, be awarded to Bituminous, Incorporated, of Pine Bluff, on their low bid of \$37,698.00.

66-530 In OUACHITA COUNTY at the new District Headquarters, at Camden, bids were invited under Purchase Order Contract procedure (M-67-406) for the construction of driveways and parking lots with Asphaltic Concrete Hot Mix, with 3 bids received for opening on October 20, 1966, and,

WHEREAS, the Purchasing Committee, on October 24, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as No. 7645, be awarded to the Jet Asphalt and Rock Co., of El Dorado, on their low bid of \$43,962.00.

66-531 In POLK COUNTY on US 71, Section 9, from State Highway 8 North, a distance of 6.41 miles, bids were invited under Purchase Order Contract procedure (Bid -M-67-375) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with 2 bids received for opening on October 13, 1966, and,

WHEREAS, the Purchasing Committee on October 17, 1966, recommended that the low bid be accepted,

IT IS ORDERED, that this job designated as Special Project No. 4-553 be awarded to Beam Brothers Contractors of Fort Smith on their low bid of 44,693.00.

66-532 In YELL COUNTY on STATE HIGHWAY 7, Section 13, from Centerville to Dardanelle, bids were invited under Purchase Order Contract procedure (Bid No. M-67-410) for the resurfacing of 7 miles of selected sections with Asphaltic Concrete Hot Mix, with 1 bid received for opening on October 20, 1966, and,

WHEREAS, the Purchasing Committee, on October 24, 1966, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 8-552, be awarded to Ben M. Hogan Co., Inc., of Little Rock, on their bid of \$60,652.00.

66-533 WHEREAS, the County Judge of Lawrence County has expressed a desire to exchange a road that is part of the County Highway System for a portion of State Highway No. 231, Section 1, and

WHEREAS, under the provisions of Section 4 Act 150, of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System and certain highways in the County System in return become a part of the State Highway System;

NOW, THEREFORE, IT IS ORDERED that, upon issuance of the proper Court Order by the County Judge of Lawrence County, the County Road from the junction of State Highway 25, approximately one-half mile west of the Greene County line, north, northwesterly, and west to the junction of State Highway No. 231 at the SW corner of Sec. 23, T17N, R2E, a distance of approximately 1.9 miles, be made a part of the State Highway System, and the portion of State Highway No. 231, Section 1, from the SW corner of Section 23, T17N, R2E, west and south to the junction of State Highway No. 25, a distance of approximately 1.5 miles, be deleted as a part of the State Highway System, to become a part of the Lawrence County Highway System, all as shown on attached sketch.

66-534 In BENTON and WASHINGTON COUNTIES on US 62 and S. H. 59, located in the vicinity of Fayetteville and Gentry, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 59, Section 1, Log Mi. 18.10
Benton County
Roy Baxley

US 62, Section 1, Log Mi. 23.37
Washington County
Ken Bell

US 62, Section 1, Log Mi. 8.50

Washington County
James Stewart

US 62, Section 1, Log Mi. 2.80
Washington County
Wilson Snodgrass

This work is to be done at a total estimated cost of \$11,161.50 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-535 In CLARK COUNTY on US 67, Section 5, located in the vicinity of Gurdon, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 67, Section 5, Log Mi. 1.5
Clark County
W. F. Freeman Garage

US 67, Section 5, Log Mi. 1.4
Clark County
Lee Roy's Truck Stop

This work is to be done at a total estimated cost of \$6,835.40 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-536 In CRITTENDEN COUNTY on US 70, Section 20, located in the vicinity of West Memphis, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 70, Section 20, Log Miles 9.42
Crittenden County
United Iron & Metal Company

US 70, Section 20, Log Miles 10.10
Crittenden County
Roscoe Hanne

This work is to be done at a total estimated cost of \$9,658.28 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-537 In DREW, ASHLEY and CHICOT COUNTIES on US 65, S. H. 4 and US 82, located in the vicinity of Winchester, Monticello, W. Crossett and Eudora the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 65, Section 18, Log Mi. .02
Drew County
Zeno's

US 167, Section 10, Log Mi. 6.49
Grant County
John Flory

US 270, Section 10, Log Mi. .69
Grant County
Porter Pruitt

US 270, Section 9, Log Mi. 16.04
Grant County
Okiets Mobile Service

This work is to be done at a total estimated cost of \$4,653.00 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-540 In GREENE and CLAY COUNTIES on S. H. 1 and 25 and US 62 and 67, located in the vicinity of Paragould, Piggott and Corning, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyard.

S. H. 25, Section 9, Log Mi. 1.7
Greene County
Kearnes Auto Parts

S. H. 25, Section 9, Log Mi. 1.1
Greene County
Highway Salvage

US 67, Section 22, Log Mi. 11.8
Clay County
Rhodes Highway Salvage

US 62, Section 21, Log Mi. 6.85
Clay County
Donald Hughes Salvage Yard

S. H. 1, Section 21, Log Mi. 15.56
Clay County
Ray Huffman Salvage Yard

This work is to be done at a total estimated cost of \$11,549.25 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-541 In LONOKE and PULASKI COUNTIES on US 70, located in the vicinity of Lonoke and North Little Rock, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening and following junkyards:

US 70, Section 15, Log Mi. .93
Lonoke County
Lonoke City Dump

US 70, Section 13, Log Mi. 7.2
Pulaski County
Clyde Mixon

This work is to be done at a total estimated cost of \$726. and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-542 In MILLER and NEVADA COUNTIES on US 71 and 67, located in the vicinity of Texarkana, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 71, Section 2, Log Mi. 12.46
Miller County
G. W. Flanagan, Jr.

US 71, Section 2, Log Mi. 12.10

Miller County
Herschel Fike

US 67, Section 3, Log Mi. .1
Nevada County
Booker Garage

This work is to be done at a total estimated cost of \$2,363.63 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-543 In PHILLIPS COUNTY and LEE COUNTY on US 49, Section 2, in the vicinity of West Helena and on US 79, Section 16, in the vicinity of Marianna the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 49, Section 2, Log Mi. 23.1
Phillips County
Turk Corder

US 49, Section 2, Log Mi. 22.1
Phillips County
Thompson & King

US 79, Section 16, Log Mi. 1.0
Lee County
C. O. Humphries

This work is to be done at a total estimated cost of \$7,781.40 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-544 In ASHLEY and CHICOT COUNTIES on STATE HIGHWAY 82, Sections 9 and 10, between Montrose and Lake Village, a distance of 12.04 miles, the Director is authorized to overlay existing asphalt pavement by Purchase Order Contract from Betterment Funds at an estimated cost of \$190,000.00.

66-545 In CLARK COUNTY on HIGHWAY 53, beginning 0.17 mile north of South Fork Terre Noir Creek and extending south a distance of 0.61 mile, the Director is authorized to replace a dilapidated, dangerous bridge and immediate approaches at an estimated cost of \$87,100.00.

This is to be a State Contract Project.

Surveys and plans should be begun as soon as feasible.

66-546 In DREW COUNTY on STATE HIGHWAY 138, Section 3, from Monticello-Northeast, a distance of 7.0 miles, the Director is authorized to shape road surface and ditches, install side drives and cross drain culverts, and add gravel base course with a double bituminous surface treatment at an estimated cost of \$114,000.00.

Work to be done by State Forces from Betterment Funds.

66-547 In UNION COUNTY on HIGHWAY 275, in Section 2, the Director is authorized to replace three bridges with approaches, one each over LaPile Bayou, LaPile Bayou Relief, and Dry Creek. This project begins at the North City Limits of Strong, extending north a distance of approximately 1.04 miles, and is estimated to cost \$164,000.00.

This is to be a State Contract job.

Surveys and plans should begin as soon as feasible.

66-548 In COLUMBIA COUNTY at the Maintenance Area Headquarters in Magnolia, the Director is authorized to construct a 32' x 20' addition to the existing building for a Resident Engineer's Office as a Building Project, at an estimated cost of \$13,000.00

Work to be done by Purchase Order Contract.

66-549 In BOONE COUNTY on US 62, Section 6, from the Boone County Line to US 65, a distance of 7 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project, at an estimated cost of \$83,300.00.

Work to be done by Purchase Order Contract.

66-550 In CALHOUN COUNTY on STATE HIGHWAY 203, Section 1, from Woodberry to the Junction of State Highway 274, a distance of 2.02 miles, the Director is authorized to construct Clearing and Grubbing, Grading, Minor Drainage Structures, Cement Stabilized Base and Double Bituminous Surface Treatment as a Betterment Project, at an estimated cost of \$33,200.00.

The Clearing and Grubbing, Grading and Minor Drainage Structures to be done by Maintenance Forces. Cement Stabilized Base and Double Bituminous Surface Treatment to be done by Purchase Order Contract.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-551 In CARROLL COUNTY on US 62, Section 5, from Green Forest to the Boone County Line, a distance of 10 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project, at an estimated cost of \$96,500.Q0.

Work to be done by Purchase Order Contract.

66-552 In CRAWFORD COUNTY on the South Lane of US 64, Section 2, from Van Buren to Alma, a distance of 3.30 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project, at an estimated cost of \$24,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-553 In CRAWFORD COUNTY on US 64C (Alma City Route) from the function of US 64 West to the Junction of US 64 East, a distance of 1.60 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$8,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-554 In FAULKNER COUNTY from US 65 to Interstate 40, a distance of approximately 0.4 miles, the Director is authorized to construct grading, minor drainage structures, base and asphaltic concrete hot mix surface course, as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by purchase order contract and maintenance forces.

This action is subject to the following conditions:

1. That the County Judge of Faulkner County will agree to accept this road for maintenance when it is no longer needed as an access to the Interstate highway.
2. All right-of-way to be furnished at no cost to the Arkansas Highway Department.

This is considered to be an emergency in order that traffic may use completed portions of Interstate Highway Interstate 40.

66-555 In FAULKNER COUNTY on US 64, Section 9, from the Junction of Highway 36 to the White County Line, a distance of 10.80 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix as a Betterment Project, at an estimated cost of \$109,700.00.

Work to be done by Purchase Order Contract.

66-556 In FAULKNER COUNTY on STATE HIGHWAY 89, Section 4, the Director is authorized to construct one (1) bridge and approaches to replace an existing deteriorated timber bridge as a State Contract, at an estimated cost of \$90,000.00.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-557 In JOHNSON COUNTY on STATE HIGHWAY 194, Section 2, from Lamar East, a distance of 3.7 miles, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a State Contract, at an estimated cost of \$168,200.00.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-558 In OUACHITA COUNTY on STATE HIGHWAY 76, Section 2, from the Junction of Highway 57 to the Junction of Highway 24, a distance of 6.48 miles, the Director is authorized to construct Clearing and Grubbing, Grading, Minor Drainage Structures, Cement Stabilized Base and Double Bituminous Surface Treatment as a Betterment Project, at an estimated cost of \$111,600.00.

The Clearing and Grubbing, Grading and Minor Drainage Structures to be done by maintenance Forces. Cement Stabilized Base and Double Bituminous Surface Treatment to be done by Purchase Order Contract.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-559 In POLK COUNTY on STATE HIGHWAY 8, Section 1, on Monroe Street-in Mena, a distance of 0.55 mile, the Director is authorized to construct grading, minor drainage structures, base and double bituminous surface treatment as a Betterment Project at an estimated cost of \$26,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right- of-way and adjustment of utilities free of cost to the State.

66-560 WHEREAS, in JOHNSON COUNTY, on STATE HIGHWAY 315 at its Junction with Interstate Highway 40, it was not possible to provide ingress and egress as a part of the Interstate program, and

WHEREAS, it is desirable to construct a system of ON and OFF ramps which would convert the existing grade separation facility to an interchange facility,

THEREFORE, the Director is authorized to proceed with all necessary surveys and plan preparation and, as funds are available, to construct by State contract all ramps, acceleration and deceleration lanes, and other incidentals necessary to provide an interchange facility at an estimated cost of \$110,000.00.

These actions are subject to the following conditions:

1. That right-of-way be furnished free of encroachments at no cost to the State.
2. Appropriate approval by the Bureau of Public Roads.

66-561 In PHILLIPS COUNTY for the HELENA BRIDGE, the Highway Commission, in their continuous effort to provide the most service for the least cost to the user, are on record as favoring lower tolls for the bridge and authorize the Director to propose to the Trustee that such tolls be reduced as much as can be under the terms of the Trust Indenture, with rate for any vehicle not to exceed \$1.00.

This action is subject to the concurrence of the Trustee, the Mississippi Highway Commission, and the Fiscal Agent of the State of Arkansas.

66-562 In PRAIRIE COUNTY, on HIGHWAY 38 at Des Arc:

WHEREAS, Minute Order 64-12 authorized the development of plans for stage construction of a bridge across the White River; and

WHEREAS, the plans for this bridge have been completed; and

WHEREAS, Minute Order 65-125 authorized construction of the west approach to this bridge and is now substantially complete; and

WHEREAS, due to limited funds available, stage construction of the bridge and approaches will be in the public interest.

NOW THEREFORE, the Director is authorized to proceed with stage construction of the substructure and the superstructure contracts as funds become available.

This action is subject to program approval by the Bureau of Public Roads.

66-563 In SEBASTIAN CONWAY on STATE HIGHWAY 540, Section 1, from the Oklahoma State Line northeastward to the south end of Interstate Highway 540 at the junction with State Highway 22:

WHEREAS, Minute Order 4777 authorized surveys, preliminary plans and acquisition of right-of-way in critical areas; and

WHEREAS, plans have been developed sufficiently to permit the commencement of stage construction of this much needed facility;

NOW THEREFORE, the Director is authorized to proceed with the completion of all plans, acquisition consistent with established policy of all necessary right-of-way, and, as funds become available, construction of this facility of approximately 6.6 miles in length.

These actions are subject to program approval by the Bureau of Public Roads.

66-564 Monroe and Woodruff Counties, Job No. 11713, Junction Highway 17-Junction Highway 39, FAP State Job. The contract for the construction of approximately 3.719 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, Concrete Curbs and Miscellaneous Items on the Cotton Plant-Hunter Road, State Highway 38, Section 3. All bids were rejected as being too high. The job is to be re-advertised.

66-565 Desha and Arkansas Counties, Job No. 2710, Arkansas River Bridge and Approaches (Pendleton) Four Main River Bridge Piers, FAP F-031-(13). The contract for the construction of four reinforced Concrete Main River Bridge Piers on new roadway location west of the Pendleton Ferry on the Dumas-Gillett Road, State Highway 1, Sections 2 and 3, is awarded to San Ore Construction Company, Inc., and Gardner Engineering Corporation, a joint venture d/b/a S. O. G., of Houston, Texas on their low bid of \$1,138,607.00, subject to the concurrence of the Bureau of Public Roads.

66-566 Hempstead County, Job No. 3591, Guernsey Road-Highway 4 Grading and Structures, FAP I-30-1(19)25. The contract for the construction of approximately 4.682 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control. Items and Miscellaneous Items throughout Project, Gravel Base with Bituminous Surface Treatment on Old Highway 67; Gravel and Asphalt Treated Gravel Base with Asphaltic Concrete Hot Mix Surface and Bituminous Treated Shoulders on Highway 4; 6 Reinforced Concrete Slab Span Bridges (700.00 lineal feet total); 4 Reinforced Concrete and Structural Steel I-Beam Span Bridges (1354.45 lineal feet total); and 3 Bridge Length Culverts; on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to Freeto Construction Company, Inc., of Pittsburg, Kansas on their low bid of \$1,693,417.32, subject to the concurrence of the Bureau of Public Roads.

66-567 Lafayette County, Job No. 3660, Buckner-North, FAP State Job. The contract for the construction of approximately 4.432 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Surface Treatment and Miscellaneous Items on the Buckner-Bodcaw Road, State Highway 53, Section 4, is awarded to R. H. Davis Construction Company, Inc., of Stamps, Arkansas on their low bid of \$134,651.38.

66-568 Johnson County, Job No. 8598, Junction US 64-East Cabin Creek Interstate Signing, FAP I-40-2(34)54. The contract for the construction of pproximately 10.0 miles of Interstate Signing, including Delineators, Standard igns, Roadside Mounted Guide Signs, Standard Sign Support Assemblies, Breakaway Sign Supports and Miscellaneous Items on the

Little Rock-Fort Smith Interstate Road, Interstate 40, Section 2, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their bid of \$57,900.44, subject to the concurrence of the Bureau of Public Roads.

66-569 Washington County, Job No. 9497, West Greenland-Fayetteville, FAP State Job. The contract for the construction of approximately 3.370 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Reinforced Concrete Slab Span Bridge (90.0 lineal feet), One Bridge Length Culvert (22.1 lineal feet span) and miscellaneous items, on the Moffit-Fayetteville Road, State Highway 265, Section 1, is awarded to F. H. Necessary and Son Construction Company, Inc., of Rogers, Arkansas and McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$200,686.91.

66-570 Searcy County, Job No. 9502, Baxter County Line-West, FAP State Job. The contract for the construction of approximately 4.753 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, One Bridge Length Culvert (31.23 feet span), and Miscellaneous Items on the Harriet-Big Flat Road, State Highway 14, Section 4, is awarded to Four Bros., Inc., of North Little Rock, Arkansas on their low bid of \$422,529.22.

66-571 Clay County, Job No. 10760, Little Black River Bridge and Approaches, FAP S-460(2). The contract for the construction of approximately 0.286 mile of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, One Composite I-Beam Span Bridge (573.25 Feet) and Miscellaneous Items on the Success-Northwest Road, State Highway 211, Section 1. Only one bid was received and was considered as being too high. The job is to be readvertised.

66-572 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, October 26, 1966.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
November 23, 1966

66-576 WHEREAS, the Purchasing Committee has awarded purchases on October 31, November 7, 14, and 21, 1966, in the amounts of \$162,853.44, \$52,866.82, \$56,426.52 and \$64,661.80, respectively, totaling \$336,808.58, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

66-577 WHEREAS, in HEMPSTEAD and HOWARD COUNTIES on S. H. 32, in the vicinity of Saratoga, bids were invited under Purchase Order Contract procedure M-67-448) for the construction of gravel base course, with four bids received for opening on November 3, 1966, and,

WHEREAS the Purchasing Committee on November 21, 1966, recommended that the low bidder be accepted,

IT IS ORDERED, that this job designated as Special Project No. 3-546 be awarded to J. T. Arnold, III and Company of Camden, Arkansas on their low bid of \$30,470.00.

66-578 WHEREAS, in CARROLL COUNTY on US 62, between Green Forest and the Boone County line, a distance of ten miles, bids were invited under Purchase Order Contract procedure (M-67-463) for the resurfacing of the existing pavement with asphaltic concrete hot mix, with one bid received for opening on November 15, 1966, and,

WHEREAS the Purchasing Committee on November 21, 1966, recommended that this bid be accepted,

IT IS ORDERED, that this job designated as Special Project No. 9-533 be awarded to McClinton, Inc. of Harrison on their bid of \$88,144.56.

66-579 In MILLER COUNTY for the Spring Bank Ferry on STATE HIGHWAY 160 East of Doddridge, bids were invited under Purchase Order Contract procedure (M-67-416) for the construction of one (1) steel towboat, with one bid received for opening on November 10, 1966, and,

WHEREAS the Purchasing Committee on November 14, 1966, recommended that alternate #2, submitted by Grafton Boat Company be accepted,

IT IS ORDERED, that this work designated as Job No. 3675(2) be awarded to the Grafton Boat Company of Grafton, Illinois on their bid of \$28,940.00.

66-580 WHEREAS, a delegation of certain officials from the City of Newport, Jackson County, Arkansas, presented a resolution on April 14, 1965, which petitioned the Arkansas Highway Commission to program and reconstruct Highway 67 in Newport to a four-lane paved surface; and

WHEREAS, the Chief Engineer requested the Division of Planning and Research to make a Highway Network Study of the area to determine long-range highway needs; and

WHEREAS, a comprehensive traffic and highway study has been completed, including traffic desires, existing highway services for both internal and external traffic, and an economic comparison between existing and improved conditions; and

WHEREAS, the results of this study have been assembled and published in a report entitled, "Newport, Arkansas, 1966 Highway Traffic Study";

NOW, THEREFORE, THE "NEWPORT, ARKANSAS, 1966 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as a long-range outline of future State Highway improvements,

AND IT IS ORDERED that future highway projects shall be determined on the basis of need and feasibility and be constructed only as funds become available.

66-581 WHEREAS, on March 4, 1957, property was acquired from Stephen A. Pierce and Ruby Pearl Pierce, husband and wife, El Dorado, Arkansas, by deed for construction of the El Dorado Bypass, Project U-021-1 (1), Job 7440; and

WHEREAS, a remnant of said acquisition described below was beyond the normal right of way line and was used neither on the construction nor is required in the maintenance of highway;

A part of the Northeast Quarter of the Southeast Quarter of Section 27, Township 17 South, Range 15 West, El Dorado, Union County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northeast Quarter of the Southeast Quarter, Section 27; thence East along the North line of the Northeast Quarter of the Southeast Quarter of Section 27 a distance of 378.3 feet for a point of beginning; thence continue East along said North land line a distance of 15.7 feet to a point; thence South 169.0 feet to a point on the Northerly existing Right of Way line of State Highway 15; thence South 85° 30' West along said existing right of way line a distance of 30.5 feet to a point; thence North 5° 30' East a distance of 173.5 feet to the point of beginning and containing 3,723.9 square feet.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse affect on the right of way of State Highway 167; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads;

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by Quitclaim Deed any and all its rights to the original grantors for the appraised value of TWO HUNDRED FIFTY and NO/100 DOLLARS (\$250.00).

66-582 In ARKANSAS COUNTY, a County Road (Old Highway 79) from Highway 11 to Highway 146, a distance of approximately 1.1 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-583 In ARKANSAS COUNTY, the County Road beginning at a junction with State Highway 1 at the southwest corner of Section 23, Township 4 South, Range 2 West, and extending due east to the intersection of State Highway 17, a distance of approximately 3.1 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In ARKANSAS COUNTY, the County Road beginning at State Highway 11 one mile south of the junction of State Highway 11 and 276 and extending south 1 mile then east one mile then south 2 miles, a distance of 4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-584 In ASHLEY COUNTY, the County Road beginning at the junction of State Highway 133 near the NW corner of Section 11, Township 15 South, Range 8 West, and extending in a northwesterly direction to the junction of State Highway 160, a distance of approximately 3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-585 In BAXTER COUNTY, a county road beginning at the end of Highway 201 and extending southward to White River (Shipps Ferry Landing), a distance of approximately 4.10 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

In BAXTER COUNTY, a county road beginning at the junction of Highway 5 south of Mountain Home and extending southward to Henon, a distance of approximately 3.10 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-586 In BENTON COUNTY, a county road beginning at the junction of Highway US 62 in Garfield and extending to Lost Bridge Use Area, Beaver Reservoir, a distance of approximately 6.0 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

In BENTON COUNTY, a county road beginning at the junction of Highway 94 near Monte Ne and extending to Horseshoe Bend Use Area, Beaver Reservoir, a distance of approximately 4.0 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-587 In BOONE COUNTY, a county road beginning at the junction of Highway 7 north of Bergman and extending north to the junction with Highway 14, a distance of approximately 9.70 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-588 In BRADLEY COUNTY, the County Road beginning at the junction of Highway 15 at Carmel and extending south through Sumpter to the junction of Highway 160 at Johnsville, a distance of approximately 13 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-589 In CALHOUN & OUACHITA COUNTIES, the County Road beginning at the end of existing Highway 274 in Calhoun County and extending westerly and northwesterly in Ouachita County to Highway 4 for a total distance of 12.80 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

(Calhoun County --- 11.16 Miles)
(Ouachita County -- 1.64 Miles)

66-590 In CARROLL COUNTY, a county road beginning at the junction of Highway US 62 in Berryville and extending south to the Madison County Line, a distance of approximately 9.60 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-591 In CHICOT COUNTY, the County Road beginning at the junction of Highways 165 and 208 and extending west approximately 0.25 mile, thence north approximately 0.5 mile, thence west approximately 0.25 mile to the city limits of Dermott, a distance of approximately 1.0 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CHICOT COUNTY, the County Road beginning at the junction of State Highway 144 near the southwest corner of Section 15, Township 15 South, Range 3 West, and extending in a northerly direction to the intersection of Highway 208, a distance of approximately 8.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-592 In CLARK COUNTY, the County Road beginning at the Junction of Highway 84 in Amity and extending north across the Caddo River to a County Road Intersection, a distance of approximately 2.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CLARK COUNTY, the County Road beginning at the Intersection of State Highway 8 southeast of Amity and extending in a northeasterly direction to the southwest end of the Caddo River Bridge, a distance of approximately 3.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CLARK COUNTY, the County Road beginning at the Junction with State Highway 8 and extending north and west to a County Road Intersection, a distance of approximately 3.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-593 In CLAY COUNTY, the County Road beginning at the Junction of Highway 90 in Boydsville and extending north to a junction with US Highway 62, a distance of approximately 7.1 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CLAY COUNTY, the County Road beginning at Knob and extending north to an intersection with Highway 90, 3.25 miles west of Boydsville, a distance of 3.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-594 In CLEBURNE COUNTY, the County Road beginning at the Junction of Highway 25 and extending north to the Junction of Highway 110, a distance of approximately 3.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CLEBURNE COUNTY, the County Road beginning at the Junction of State Highway 356 and extending north through Cross Roads to the Junction of State Highway 16, a distance of approximately 5.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-595 In COLUMBIA COUNTY, the County Road beginning at the Junction of Highway 132 approximately 2.54 miles west of Magnolia and extending northwesterly to a connection with Highway US 82 for a distance of 8.15 miles as shown on the attached sketch is hereby made a part of the State Highway System.

66-596 In CONWAY COUNTY, the County Road beginning at the Junction of Highway 95 approximately 1 mile south of Cleveland and extending east to the junction of State Highway 9 at

Center Ridge, a distance of approximately 12.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-597 In CRAIGHEAD COUNTY, the County Road beginning at the intersection of Highway 226 one mile north of Gibson and extending northerly to a junction with Highway 91 at Herman, a distance of 4.35 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CRAIGHEAD COUNTY, the County Road beginning at the junction of US Highway 63 near the southeast corner in the City of Jonesboro, thence north to its intersection with Sarah Avenue, thence on new location northeast and north to a junction with State Highway 18 east of Kathleen Street, a distance of 0.65 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

In CRAIGHEAD COUNTY, the County Road beginning at a junction with Highway 1 approximately one mile west of Pleasant Grove and extending northerly to an intersection with the County Road at which point FAS Route 1864 turns east, a distance of 5.3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-598 In CRAWFORD COUNTY, the County Road leading eastward from Figure Five to Rudy, a distance of approximately 6.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-599 In CRITTENDEN COUNTY, the County Road beginning at a junction with US 64 in Crawfordsville and extending north approximately 4.5 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

In CRITTENDEN COUNTY, the County Road beginning at a junction with US 709 2 miles west of Lehi and extending north to a junction with US Highway 64B in Crawfordsville, a distance of 5.5 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

66-600 In CROSS COUNTY, the County Road beginning at Wilkins on State Highway 1 and extending west and north to a junction with State Highway 284, for a distance of approximately 6.3 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

In CROSS COUNTY, the County Road beginning at Gieseck on State Highway 75 and extending west, a distance of approximately 6.1 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

66-601 In DALLAS COUNTY, the County Road beginning at the end of existing Highway 229 and extending southeasterly a distance of 8.91 miles to a Junction of Highway 8 north of Fordyce as shown on the attached sketch is hereby made a part of the State Highway System.

In DALLAS COUNTY, from Highway 167 near Hurricane Creek and extending westerly a distance of 2.29 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

66-602 In DESHA COUNTY, the County Road beginning at the junction of Highway 208 and Highway 35 at Halley and extending north to Trippe Junction, a distance of approximately 5.0 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

66-603 In DREW COUNTY, the County Road beginning at the junction of Highway 4 in Wilmar and extending north to the intersection of Highway 35, a distance of approximately 7.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In DREW COUNTY, the County Road beginning at the junction of Highway 81 at Shady Grove and extending southwest through the community of New Hope to the Saline River at Ozmont Bluff, a distance of approximately 12 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-604 In FAULKNER COUNTY, the County Road beginning at the junction of US Highway 64 and extending southeast to Saltillo, a distance of approximately 7.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-605 In FAULKNER COUNTY, the following described roads are hereby made a part of the State Highway System:

1. The county road from the end of State Highway No. 285 at Bono, north to the junction of State Highway No. 124 east of Martinville, a distance of approximately 5.6 miles.
2. The county road from the junction of State Highway No. US 65 in Greenbrier, west to the junction of State Highway No. 285 north of Wooster, a distance of approximately 5.1 miles.

66-606 In FRANKLIN COUNTY, the County Road leading eastward from State Highway 23 to State Highway 219 at Mountain Grove, a distance of approximately 3.2 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

In FRANKLIN COUNTY, the County Road leading from a junction with US 64 in Altus north 6 miles to a junction with Old Wire Road, a distance of approximately 6 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-607 In FRANKLIN & LOGAN COUNTIES, the County Road leading south from Highway 22 near Charleston and extending eastward to connect with Highway 23 at Chismville, a distance of 9 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

(Franklin County - 6 miles)
(Logan County - 3 miles)

66-608 In FULTON COUNTY, the County Road beginning at the Junction of Highway 62 and extending north to Saddle, a distance of approximately 7.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In FULTON COUNTY, the County Road beginning at the Junction of State Highway 62 in Glencoe and extending south to the IZARD COUNTY LINE, a distance of approximately 3.1 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-609 In GARLAND COUNTY, the County Road extending eastward from the end of State Highway 298 at the Montgomery County line to the end of State Highway 298 at Hamilton, commonly known as the Possum Kingdom Road, a distance of 17.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-610 In GRANT COUNTY, the County Road from the junction of Highway 35 east of Cross Roads extending east to the Jefferson County line, a distance of 6.88 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-611 In GRANT and SALINE COUNTIES, the County Road at a junction with State Highway 291 northeast through Tull to the junction of State Highway 35 at Shaw, a distance of 5.13 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

(Grant County - 1 mile)
(Saline County - 4.13 miles)

66-612 In GREENE COUNTY, the County Road beginning at the Junction of State Highway 34 in Beech Grove and extending in a northeasterly direction to its junction with State Highway 135 in Hooker, a distance of approximately 6.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In GREENE COUNTY, the County Road beginning at State Highway 1 approximately 0.7 mile south of Paragould and extending in a westerly direction to its Junction with County Road 46, a distance of approximately 3.3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-613 In HEMPSTEAD COUNTY, the County Road beginning at the Junction of State Highway 29 at Evening Shade and extending west through Springhill to Bois D'Arc Lake, a distance of approximately 6.6 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In HEMPSTEAD COUNTY, the County Road beginning at the Howard County Line near Yancy and extending east and north to a junction with State Highway 4 near Sardis, a distance of approximately 3.3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In HEMPSTEAD COUNTY, the County Road beginning at the Junction of US Highway 67 at the Guernsey Weight Station and extending north to the Cross Road at Guernsey, a distance of approximately 1.0 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-614 In HOT SPRING COUNTY, the County Road from the junction of State Highway 9 in Lono east to the Grant County line, a distance of 1.99 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

In HOT SPRING COUNTY, the County Road from the junction with State Highway 84 near DeRoche north to the Garland County line, a distance of 5.64 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-615 In HOWARD COUNTY, the County Road beginning at the Junction of State Highway 355 in Tollette and extending east through Schooley to the Hempstead County Line, a distance of approximately 4.6 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In HOWARD COUNTY, the County Road beginning at the east end of the Corps of Engineers construction at Baker's Creek Bridge and extending east to the junction of State Highway 4 in Umpire, a distance of approximately 7.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-616 In INDEPENDENCE COUNTY, the County Road beginning at the Junction of US Highway 167 at Southside and extending west and north through Jamestown to the Junction of Highway 25 at Locust Grove, a distance of approximately 8.1 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-617 In IZARD COUNTY, the County Road beginning at State Highway 56 east of Franklin and extending north to the Fulton County Line, a distance of approximately 7.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In IZARD COUNTY, the County Road beginning in Wiseman and extending approximately 3.1 miles east in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-618 In JACKSON COUNTY, the County Road beginning at the Junction of State Highway 17 in Diaz and extending north to the Junction of State Highway 37, a distance of approximately 9.2 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In JACKSON COUNTY, the County Road beginning at the Junction of State Highway 69 and extending north and east approximately 1.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-619 In JEFFERSON COUNTY, the County Road beginning at the junction of Highway 79 in Watson Chapel and extending southwest through the community of Sulphur Springs to the Grant County line, a distance of approximately 10.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-620 In JOHNSON COUNTY, the following described roads are hereby made a part of the State Highway System:

1. The county road (Wire Road) from the junction of State Highway No. US 64 west of Clarksville, west to a county road crossing (Bordens Corner), a distance of approximately 5.4 miles,
2. The county road from the junction of State Highway No. US 64 east of Piney, north to the entrance of Piney Bay Use Area of Dardanelle Reservoir, a distance of approximately 3.8 miles.

66-621 In LAFAYETTE COUNTY, the County Road beginning at the Junction of State Highway 29 in Canfield and extending east to the Junction of State Highway 53, a distance of approximately 6.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-622 In LAWRENCE COUNTY, the County Road beginning at State Highway 25 at Saffell thence following FAS Route 1219 east and thence north to a junction with State Highway 25 in Lynn, a distance of 9.00 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-623 In LEE COUNTY, the County Road beginning at a junction with US 79 at Bledsoe and extending eastward and south a distance of approximately 3.3 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

In LEE COUNTY, the County Road beginning at a junction with State Highway 1 four miles north of Highway 121 and extending west and south to a junction with Highway 121 at Rondo, a distance of approximately 7 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

66-624 In LINCOLN COUNTY, the County Road beginning approximately .9 mile west of Gould on Highway 114 at the northwest corner of Section 2, Township 9 South, Range 5 West, and extending southeast 6.05 miles to a junction with Highway 54 in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-625 In LOGAN COUNTY, the County Road leading from Highway 109 at Scranton eastward toward Dardanelle Lake for a distance of 7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-626 In LONOKE COUNTY, the County Road beginning at Highway 130 at Keo and extending north 10.9 miles to a junction with US 70 in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-627 In LONOKE COUNTY, the County Road beginning at the junction of Highway 67 in Ward and extending westerly to the Faulkner County line, a distance of approximately 10.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In LONOKE COUNTY, the County Road beginning at the junction of Highway 89 and extending south along the west city limits of Lonoke to a junction with US Highway 70, a distance of approximately 0.25 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-628 In MADISON COUNTY, a county road beginning at the junction of Highway 23 and extending through Withrow Springs State Park to the junction of Highway 23, a distance of approximately 2.60 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

In MADISON COUNTY, a county road beginning at the junction of Highway 74 and extending south and east, a distance of approximately 4.90 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

In MADISON COUNTY, a county road beginning at the junction of Highway 16 in Combs and extending northeast, a distance of approximately 3.20 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-629 In MARION COUNTY, a county road beginning at the junction of Highway US 62 near Pyatt and extending southerly to the junction of Highway 235, a distance of approximately 7.90 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-630 In MILLER COUNTY, the County Road beginning at the east end of State Highway 196 and extending east to a junction with State Highway 134 west of Garland City, a distance of approximately 6.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In MILLER COUNTY, the County Road beginning at its Junction with US Highway 71 near Mt. Pleasant and extending north through the communities of Greenwich Village and Rondo, a distance of approximately 6.2 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-631 In MISSISSIPPI COUNTY, the County Road beginning at the intersection of East Quinn Avenue and North Pearl Street (Old Highway 61) in the City of Osceola extending north to a

junction with US Highway 61, a distance of 1.9 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In MISSISSIPPI COUNTY, the County Road beginning at the intersection of County Road 43 and County Road 2 in Yarbrow, thence following County Road 43 south to its junction with US Highway 61 in Yarbrow, a distance of 0.45 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-632 In MONROE COUNTY, the County Road beginning at a junction with State Highway 33 south of Roe and extending east to Aberdeen, a distance of 3.1 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

In MONROE COUNTY, the County Road beginning at the end of State Highway 146 south of Holly Grove and extending south and east to the Phillips County line, a distance of 6.9 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

66-633 In MONTGOMERY COUNTY, the County Road leading from US Highway 70 east of Glenwood south to the Clark County line, a distance of approximately 2.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-634 In NEVADA COUNTY, the County Road beginning at the junction of State Highway 19 south of Laneburg and extending east and north to a junction with State Highway 299 west of Morris, a distance of approximately 1.6 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

In NEVADA COUNTY, the County Road beginning at the end of State Highway 355 at the Hempstead County Line and extending east to a junction with State Highway 53 at Falcon, a distance of approximately 4.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In NEVADA COUNTY, the County Road beginning at Cale and extending north to a junction with State Highway 299 at Morris, a distance of approximately 3.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In NEVADA COUNTY the County Road beginning at the junction of State Highway 24 and extending east to the Ouachita County Line in Reader, a distance of approximately 2.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-635 In NEWTON COUNTY, a county road beginning at the junction of Highway 7, 4.6 miles south of Jasper, and extending easterly to the junction of Highway 123 near Vendor, a distance of

approximately 7.10 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-636 In OUACHITA COUNTY, a County Road beginning at the Junction of State Highway 4 west of Camden and extending south a distance of 1.54 miles to a Junction of State Highway 79 and continuing east to a Junction of Highway 7 south of Camden for a total distance of 6.39 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

66-637 In OUACHITA COUNTY, a County Road beginning at State Highway 24 and extending a distance of 4.30 miles northwesterly to the Town of Reader and ending at the Nevada County Line for a distance of 4.30 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

66-638 In PERRY COUNTY, the County Road beginning at the junction of Highway 300 (0.4 mile west of the junction of State Highways 300 and 216) and extending south and east to the junction of State Highway 216, a distance of approximately 1.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-639 In PHILLIPS COUNTY, the County Road beginning at Watkins Corner and extending east and north to connect with State Highway 316, a distance of approximately 5.5 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

In PHILLIPS COUNTY, the County Road beginning with the junction of State Highway 85 at Oneida and extending east to a junction with State Highway 44, a distance of 4.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-640 In PHILLIPS COUNTY, the County Road one mile west of West Helena which connects Highway 242, with Highway 185, a distance of approximately 1.5 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-641 In PIKE COUNTY, the County Road beginning at the east end of State Highway 301 at Billstown and extending south and east to a Junction with a County Road south of Pisgah, a distance of approximately 3.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In PIKE COUNTY, the County Road beginning at the Junction of US Highway 70 and extending north to a junction with State Highway 84 at Langley, a distance of approximately 5.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-642 In POINSETT COUNTY, the County Road beginning at the Junction of State Highway 149 and extending east to its junction with US Highway 63 at Tyronza, a distance of 2.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In POINSETT COUNTY, the County Road beginning at the Junction of State Highway 14 at Landers and extending north to its junction with State Highway 214, a distance of approximately 2.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In POINSETT COUNTY, the County Road beginning at the Junction of Highway 14 at Weona and extending south to its junction with County Road 65 at which FAS Route 1956 turns west, a distance of approximately 4.85 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-643 In POLK COUNTY, the County Road leading from Highway 8 to Shady Lake, a distance of 12.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-644 In POPE COUNTY, the County Road beginning at the junction of Highway 7 near North Dardanelle and extending east and north to the junction of US Highway 64 at Pottsville, a distance of approximately 7.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-645 In POPE COUNTY, from the north end of Highway 333, Section 1, (London Interchange) and extending north to a county road, a distance of approximately 3.3 miles, and as shown on the attached sketch, is hereby made a part of the State Highway System.

66-646 In PRAIRIE COUNTY, the County Road beginning at the Junction of State Highway 38 in Hickory Plains and extending north and west to the Lonoke County Line and thence north approximately 0.5 mile to a point where the County Road turns west and leaves Prairie County, a distance of approximately 5.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-647 In PULASKI COUNTY, a county road extending eastward from Terrytown to Highway 367, a distance of approximately 6.3 miles, in accordance with the attached sketch is hereby made a part of the State Highway System.

In PULASKI COUNTY, a county road commonly known as Dixon Road from Highway 367 to Sweet Home, a distance of approximately 5.5 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-648 In RANDOLPH COUNTY, the County Road beginning at the junction of US Highway 67 in southeast Pocahontas) thence following County Road 40 east and south to its junction with State Highway 304, a distance of 2.2 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In RANDOLPH COUNTY, the County Road beginning at the inter- section of County Road FAS Route 2073 and State Highway 251, 1.15 miles north of Attica, thence along FAS Route

2073 in a northeasterly direction to its junction with State Highway 115 in Maynard, a distance of 7.3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-649 In ST. FRANCIS COUNTY, the County Road beginning at a junction with the proposed Forrest City Bypass and extending north and east, a distance of 8.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In ST. FRANCIS COUNTY, the County Road beginning at the end of State Highway 75 from Hicks Station and extending south to State Highway 50, a distance of approximately 1.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-650 In SCOTT COUNTY, the County Road leading westward from State Highway 71 north of Waldron to the Sebastian County line, a distance of 5.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-651 In SEARCY COUNTY, a county road beginning at the junction of Highway 74 in Snowball and extending south to the junction of Highway 27 near Witts Springs, a distance of approximately 10.90 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-652 In SEBASTIAN COUNTY, the County Road for a relocation of US 59 in Fort Smith in accordance with the attached sketch for a distance of 6.5 miles is hereby made a part of the State Highway System, and by replacing 1.7 miles making a net addition to the State Highway System of 4.8 miles.

In SEBASTIAN COUNTY, the County Road from the junction of State Highway 22 one mile west of the Franklin County line and extending north 9 miles to a junction with State Highway 96 in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-653 In SEVIER COUNTY, the County Road beginning at the Junction of US Highway 71 and extending east through the communities of King and Fairview to a Junction with a County Road north of Lebanon, a distance of approximately 10.9 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-654 In SHARP COUNTY, the County Road beginning at the intersection of US Highway 167 in Ashflat and extending south and east through Center to the Junction of State Highway 58, a distance of approximately 13.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-655 In STONE COUNTY, the County Road beginning at the end of State Highway 5 and extending south to the Cleburne County Line, a distance of approximately 9.9 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-656 In UNION COUNTY, a County Road from Highway 7 eastward through Norphlet to a Junction with US Highway 167 for a distance of 7.40 miles in accordance with the attached sketch is hereby made a part of the State Highway System.

66-657 In UNION COUNTY, the County Road beginning at a Junction of Highway 15 at Old Union and extending southeasterly a distance of 4.016 miles to Lawson in accordance with the attached sketch is hereby made a part of the State Highway System.

66-658 In VAN BUREN COUNTY, the County Road beginning at the junction of State Highway 16 (approximately 3 miles northeast of Alread) and extending northwesterly to the Searcy County line, a distance of approximately 4.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In VAN BUREN COUNTY, the County Road beginning at the junction of State Highway 95 in Scotland and extending southwesterly to the County Road intersection, a distance of approximately 3.9 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In VAN BUREN COUNTY, a city street beginning at the junction of US Highway 65 and Main Street (City of Clinton) and extending south along School Street, thence east and north along Patton Street to the junction of US Highway 65 near the Red River Bridge, a distance of approximately 0.9 mile in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-659 In WASHINGTON COUNTY, a county road beginning at the junction or end of Highway 265 at Moffitt and extending south and east to a junction with Highway 170, a distance of approximately 9.30 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

In WASHINGTON COUNTY, a county road beginning at the junction of Highway 68 and extending to Highway 68 north in Springdale, a distance of approximately 1.20 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

66-660 In WHITE COUNTY, the County Road beginning at the Junction of State Highway 36 and extending north and east to Sidon, a distance of approximately 3.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In WHITE COUNTY, the County Road beginning approximately 0.75 miles south of US Highway 67 and extending north along the east City Limits of Judsonia to Wrights Corner, a distance of approximately 5.4 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-661 In WHITE COUNTY, the County Road beginning at the Junction of State Highway 157 at Plainview and extending south and thence east to the Junction of US Highway 67, a distance of approximately 3.8 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-662 In WOODRUFF COUNTY, the County Road beginning at a junction with State Highway 17 north of Howell extending east, a distance of 3.7 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In WOODRUFF COUNTY, the County Road on the west city limits of Cotton Plant extending from a junction with State Highway 38 north 4.3 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

In WOODRUFF COUNTY, the County Road beginning at a junction with US 64 and extending south and east, a distance of 3.0 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-663 In YELL COUNTY, the County Road beginning at the Perry County line and extending southwesterly to the junction of State Highway 27 at Onyx, a distance of approximately 6.2 miles in accordance with the attached sketch, is hereby made a part of the State Highway System.

66-664 In BENTON and WASHINGTON COUNTIES on State Highway 68, Section 1, US 71, Sections 19 and 17 and State Highway 59, Section 1, located in the vicinity of Springdale, Bentonville and Fayetteville, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 68, Section 1
Washington County
Joe Claypool

S. H. 59, Section 1
Benton County
Travis Barnett

US 71, Section 19
Benton County
Jimmie's Body Shop

US 71, Section 17
Washington County
T. D. Parks

This work is to be done at a total estimated cost of \$5,669.50 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-665 In FRANKLIN and LOGAN COUNTIES on State Highway 22, Sections 2 and 3, located in the vicinity of Paris and Charleston, the Director is authorized, in conformity with Public Law

89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

S. H. 22, Section 2 Franklin County Crawford Auto Clinic	S. H. 22, Section 3 Logan County Elmer Rogers Garage
S. H. 22, Section 3 Logan County Moores Body Shop	S. H. 22, Section 3 Logan County Bart Brooks

This work is to be done at a total estimated cost of \$7,271.00 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-666 In SCOTT COUNTY on US 71, Section 10, and located in the vicinity of Waldron, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 71, Section 10 Scott County Donald Williams	US 71, Section 10 Scott County Blythe's Salvage Yard
US 71, Section 10 Scott County Otis Langley	US 71, Section 10 Scott County G. W. Williams

This work is to be done at a total estimated cost of \$5,733.30 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-667 In WHITE, INDEPENDENCE and JACKSON COUNTIES on US 67, Section 17, in the vicinity of Newport and on US 167, Sections 14 and 18, in the vicinity of Bald Knob and Batesville, the Director is authorized, in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for screening the following junkyards:

US 167, Section 14 White County Bald Knob City Dump	US 167, Section 14 White County C. Dillon
US 167, Section 18 Independence County	US 167, Section 14 White County

Nelse Barnett

A. E. Pyle

US 67, Section 17
Jackson County
Langley & Rogers

This work is to be done at a total estimated cost of \$11,867.35 and is subject to the following conditions:

1. Availability of Federal matching funds.
2. Bureau of Public Roads approval.

66-668 WHEREAS, the District Supervisory Operation of District Nine is now located in two different locations in congested areas of Harrison which are too small for the proper supervision and coordination of construction and maintenance operation in this District, and,

WHEREAS, a suitable location containing approximately 19.28 acres has been located at a point 5 miles South of the square in Harrison on US Highway 65, at a cost of \$1,000.00 per acre, and,

WHEREAS, the property being considered is presently owned by J. W. and Jane Bryan of Harrison, Arkansas described as follows:

A part of the Northwest Quarter of Section 29, Township 18 North Range 19 West, Boone County Arkansas, more particularly described as follows:

Beginning at the Northeast Corner of the Southeast Quarter of the Southwest Quarter of the Northwest Quarter of Section 29, Township 18 North Range 19 West, thence West 983'; thence North 29° and 52', East 1,625' to the South Right-of-Way Line of US Highway 65; thence South 34° and 40', East along the South Right of-Way Line of U.S. Highway 65 950'; thence South 29° and 52' east a distance of 732.6' to the point of beginning containing 19.28 acres more or less.

IT IS ORDERED that the Director be authorized to complete all details for the acquisition of property involved to be used as a District Headquarters for District Nine at Harrison, Boone County, Arkansas.

66-669 In HEMPSTEAD COUNTY at the District Three Headquarters there is need for an addition to the existing Parts Room, and,

WHEREAS, a 24' x 50' extension can be added,

IT IS ORDERED that the Director be authorized to construct this addition, as a Building Project, at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract.

66-670 WHEREAS, in UNION COUNTY at the Area Headquarters Building in El Dorado, there is need for additional space for the Resident Engineer's Office, and,

WHEREAS, a suitable plan has been developed to extend the present building to provide this space,

IT IS ORDERED that the Director be authorized to construct a 32' x 20' addition to the existing building, as a Building Project, at an estimated cost of \$13,000.00.

Work to be done by Purchase Order Contract.

66-671 WHEREAS, Minute Order 66-479, dated September 28, 1966, authorized the Director to resurface selected sections of State Highway 276, Section 1, in Arkansas County, and,

WHEREAS, since this work started it has been determined that additional sections between Log Mile 0.00 and Log Mile 3.66 should be strengthened to prevent damage resulting from the use of this highway by heavily loaded trucks,

IT IS ORDERED, that the Director be authorized to extend the original contract and quantities of Asphaltic Concrete Hot Mix Surface Course by the amount of approximately \$13,210.00 in order that the work can be accomplished prior to the winter months.

Additional work will be supplemental to Job No. 2-561.

66-672 In CALHOUN COUNTY on US 167, Section 3, from the Ouachita River to the Junction of State Highway 172, a distance of 8.08 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$98,600.00.

Work to be done by Purchase Order Contract.

66-673 In CLEVELAND and DALLAS COUNTIES on US 167, Sections 7, 8 and 9, from Farindale South, a distance of 12.75 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$118,000.00.

Work to be done by Purchase Order Contract.

66-674 In COLUMBIA COUNTY on US 79, Section 2, from the St. Louis and Southwestern Railroad to the Ouachita County Line, a distance of 6.94 miles, the Director is authorized to construct Gravel Shoulders and Double Bituminous Surface Treatment on the Shoulders, as a Betterment Project, at an estimated cost of \$52,600.00.

Work to be done by Purchase Order Contract.

66-675 In COLUMBIA COUNTY on US 82, Section 3, from the Lafayette County Line to the Junction of Highway 98, a distance of 7.83 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix and selected sections of Dense Grade Hot Mix, as a Betterment Project, at an estimated cost of \$146,000.00.

Work to be done by Purchase Order Contract.

66-676 In FAULKNER COUNTY on US 64, Section 9, from US 65 to the White County Line, a distance of 18.62 miles, the Director is authorized to construct additional gravel base and double bituminous surface treatment on selected sections of the shoulders, as a Betterment Project at an estimated cost of \$76,000.00.

Work to be done by Maintenance Forces.

66-677 In FAULKNER COUNTY on US 64, Section 8, from the Conway County Line to US 65, a distance of 5.06 miles, the Director is authorized to construct additional gravel base and double bituminous surface treatment on selected sections of the shoulders, as a Betterment Project at an estimated cost of \$213500.00.

Work to be done by Maintenance Forces.

66-678 In HEMPSTEAD COUNTY on US 679 Section 2, from Hope to Fulton, a distance of 12.48 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project at an estimated cost of \$129,500.00.

Work to be done by Purchase Order Contract.

66-679 In HOWARD and PIKE COUNTIES on US 70, Sections 3 and 4, from Dierks to New Hope, a distance of 13.17 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix, as a Betterment Project, at an estimated cost of \$96,500.00.

Work to be done by Purchase Order Contract.

66-680 In MILLER COUNTY on US 82, Section 1, from Texarkana to McKinney Bayou, a distance of 12.19 miles, the Director is authorized to construct Gravel Shoulders and a Double Bituminous Surface Treatment on the Shoulders, as a Betterment Project, at an estimated cost of \$130,900.00.

Work to be done by Purchase Order Contract.

66-681 In MISSISSIPPI COUNTY on STATE HIGHWAY 297, Section 1, from State Highway 14 to the City of Dyess, a distance of 2.0 miles, the Director is authorized to construct 2 new

bridges (total length approximately 375 linear feet), grading, minor drainage structures, base and surfacing as a Betterment Project at an estimated cost of \$82,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of right-of-way free of man made obstructions, including utilities, free of cost to the State.

66-682 In NEVADA COUNTY on STATE HIGHWAY 19, Sections 4 and 5, from the Little Missouri River to Rosstong the Director is authorized to construct five (5) Precast Slab Bridges total length 254 lineal feet), as a Betterment Project, at an estimated cost of \$28,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-683 In POPE COUNTY on Institutional Route 872 on the Arkansas Polytechnic College Campus, the Director is authorized to construct 1800 feet of grading, minor drainage structures, base and asphaltic concrete hot mix surface course, as a Betterment Project at an estimated cost of \$11,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-684 In UNION COUNTY at the Oil Belt Vocational Technical School at El Dorado, an entrance road beginning at S. H. 15 and extending north a distance of 340 feet and one beginning at the school and extending east approximately 565 feet to a county road, also approximately 1,020 lineal feet of drives around the school giving-g a total length of approximately 1,925 feet, as shown on the attached sketch, is hereby made a part of the State Highway System.

The Director is authorized to construct grading, curb and gutter, base and asphaltic concrete. hot mix surface as a Betterment Project at an estimated cost of \$15,700.00.

Work to be done by Purchase Order Contract.

66-685 In PULASKI COUNTY, for a frontage road for INTERSTATE HIGHWAY 30 on the Little Rock South Bypass, the Industrial Development Company of Little Rock is authorized to construct two segments of frontage road along the north side of Interstate Highway 30 from 68th Street westward to Murray Street and from Scott Hamilton Drive westward to Doyle Springs Road, for a total of approximately 49500 feet, subject to the following conditions:

Plans and construction shall be subject to the supervision and approval of the Arkansas State Highway Department.

Costs for engineering and construction to be paid for by the Industrial Development Company.

Additional right-of-way that may be required to be furnished free of cost to the State.

Performance bonds in the estimated amount of cost for the work, to be furnished by the Development Company prior to the beginning of work.

Though no Federal Funds are involved, this action is subject to approval by the Bureau of Public Roads.

66-686 In ASHLEY COUNTY on US HIGHWAY 82 SECTION 8, in Crossett:

WHEREAS, the Chicago Rock Island and Pacific Railroad Company and the Missouri Pacific Railroad Company have declared that their crossings of US Highway 82 are very hazardous, and

WHEREAS, the Department has determined that these crossings should be protected by automatic grade crossing signals and, further, that these two crossings should be considered as one combined crossing rather than two separate crossings,

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$12,000.00 subject to the following conditions:

1. That the Missouri Pacific Railroad Company and the Chicago, Rock Island and Pacific Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

66-687 Monroe and Woodruff Counties, Job No. 11713, Junction Highway 17- Junction Highway 39, FAP State Job. The contract for the construction of approximately 3.719 miles of Grading, Minor Drainage Structures, Gravel Base Course (Alternate No. 1) or P.C. Stabilized Base (Alternate No. 2), Bituminous Treated Surface, Concrete Curbs and Miscellaneous Items on the Cotton Plant-Hunter Road, State Highway 38, Section 3. All bids were rejected as being too high. The job is to be readvertised.

66-688 Crittenden County, Job 11748, 7th Street Extension (West Memphis), FAP US-562(1). The contract for the construction of approximately 0.772 mile of Grading, Minor Drainage Structures, Lime Treated Subgrade, Portland Cement Stabilized Base, Portland Cement Concrete Pavement (9" U.T.), Concrete Curb and Gutter, One Portland Cement Slab Span Bridge (90.0 Lineal Feet) and Miscellaneous Items on the 7th Street Extension (West Memphis), Highway 191, Section 1, is awarded to W. J. Ingram Construction Company of West Memphis, Arkansas on their low bid of \$368,248.39, subject to the concurrence of the Bureau of Public Roads.

66-689 Crittenden County, Arkansas and Shelby County, Tennessee, Job No. 11770, (Joint Arkansas-Tennessee Project), Memphis Bridge (Eight Main Channel Piers), FAP I-40-1(102)0. The contract for the construction of eight reinforced concrete main channel piers for the main unit

of the proposed bridge over the Mississippi River on Interstate Highway 40 at Memphis, Interstate 40, Section 52, is awarded to Massman Construction Company of Kansas City, Missouri and Al Johnson Construction Company of Minneapolis, Minnesota on their low bid of \$9,491,249.00, subject to the concurrence of the Bureau of Public Roads and the Tennessee Department of Highways.

66-690 Lincoln County, Job No. 2\1668, Palmyra-Star City, FAP S-538(2). The contract for the construction of approximately 5.442 miles of Grading, Minor Drainage Structures, Selected Material, Portland Cement Stabilized Base, Bituminous Surface Treatment, 1 Bridge Length Culvert (22.08 Ft. Span) and Miscellaneous Items on the Calmer-Star City Road, State Highway 114, Section 1, is awarded to Linwood Smith of Lake Village on his low bid of \$253,201.75.

66-691 Chicot County, Job No. 2693, Highway 159, West, FAP S-471(4). The contract for the construction of approximately 4.989 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base Course, Double Bituminous Surface Treatment and Miscellaneous Items on the Wilmot-East Road, State Highway 52, Section 3, is awarded to Deep South Construction Company, Inc., of Hamburg, Arkansas on their low bid of \$162,448.48.

66-692 Little River County, Job No. 36379 Alleene-Wilton, FAP S-513(3). The contract for the construction of approximately 7.563 miles of Grading, Minor Drainage Structures, Gravel Base Course, Bituminous Treated Surface, 1 R.C. Slab Span Bridge (75.00 Ft.), 1 Bridge Length Culvert (22.08 Ft. Span) and Miscellaneous Items on the Alleene-Wilton Road, State Highway 234, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$317,255.99.

66-693 Miller County, Job No. 3662, Junction Highway 160-Sulphur River, FAP S-514(4). The contract for the construction of approximately 7.348 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Miscellaneous Items on the Brightstar-Texarkana Road, State Highway 237, Section 1, is awarded to Hallett Construction Company of Crosby, Minnesota on their low bid of \$381,260.40.

66-694 Miller County, Arkansas and bowie County, Texas, Job No. 3669 (Joint Arkansas-Texas Project), 39th St.-I-30 (Texarkana), FAP U-422(2). The contract for the construction of approximately 0.524 mile of Grading, Minor Drainage Structures, Lime Treated Subgrade, 8" Concrete Pavement with Concrete Curb on Main Lanes, Asphaltic Concrete Pavement on Side Streets and Miscellaneous Items on the Texarkana-Ashdown Road, US Highway 71, Section 3. Only one bid received and was considered as being too high. The job is to be re-dvertised.

66-695 Crawford County, Job No. 4485, Dyer-Highway 215 Grading and Structures, FAP I-40-1(26)20. The contract for the construction of approximately 4.026 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control and Miscellaneous Items Throughout Project, Crushed Stone Base and Bituminous Surface Treatment on Frontage Roads and Cross Roads; 4 R.C. and Structural Steel I-Beam Span Bridges (1076.94' total); and 3 Bridge Length Culverts (73.26' span); on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 1, is tentatively awarded to Barber Bridge Builders, Inc., of Fort Smith, Arkansas, Waldron

Construction Company of Waldron, Arkansas and McClellan Construction Company of Fort Smith, Arkansas on their low bid of \$1,086,025.31, subject to the concurrence of the Bureau of Public Roads and compliance with all Federal and State Laws in connection with the execution of the contract.

66-696 Sebastian County, Job No. 4597, Highway 45-Highway 22, FAP U-045-1(4). The contract for the construction of approximately 2.202 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Portland Cement Concrete Pavement (9" U.T. and 8" U.T.), Asphaltic Concrete Hot Mix Base and Surface Courses (Cross Roads), Bituminous Treated Surface (Shoulders and Connections), Three Underpass Structures (757.85 Ft. Total) and Four Overpass Structures (625.00 Ft. Total) all of Composite I-Beam Span Construction, Fencing Erosion Control and Miscellaneous Items on the State Highway 540, State Highway 540, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$1,695,032.95, subject to the concurrence of the Bureau of Public Roads.

66-697 Lonoke and Prairie Counties, Job No. 6795, Hickory Plains-South, FAP S-12(4). The contract for the construction of approximately 7.781 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, 1 R.C. Concrete Slab Span Bridge (75.00 Ft.) and Miscellaneous Items on the Carlisle-Hickory Plains Road, State Highway 13, Sections 10 and 11, is awarded to Howard Jones, Contractor, of Little Rock, Arkansas on his low bid of \$309,618.17.

66-698 Calhoun County, Job No. 7632, Northeast Hampton Tinsman, FAP S-553(1). The contract for the construction of approximately 7.022 Miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Miscellaneous Items on the Hampton-Tinsman Road, State Highway 274, Section 3, is awarded to R. N. Reynolds Construction Company, Inc., of Camden, Arkansas on their low bid of \$191,377.17.

66-699 Conway County, Job No. 8490, Pope County Line-Kenwood Grading and Structures), FAP I-40-3(39)99. The contract for the construction of approximately 3.649 miles of Grading, Minor Drainage Structures, Fencing, Erosion Control Items, Crushed Stone Base with Bituminous Treated Surface (Local Roads), 1 Continuous Comp. Structural Steel Frame Span Underpass Structure (202.22 Ft.) and Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 3, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$559,436.13, subject to the concurrence of the Bureau of Public Roads.

66-700 Johnson County, Job No. 8603, Junction Highway 64-Clarksville, FAP State Job. The contract for the construction of approximately 7.460 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment and Miscellaneous Items on the Junction US 64-Clarksville Road, State Highway 194, Section 1, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$272,935.63.

66-701 Lawrence County, Job No. 10713, Independence County Line-Strawberry, FAP S-221(6). The contract for the construction of approximately 5.780 miles of Grading, Minor Drainage

Structures, Crushed Stone Base, Bituminous Treated Surface, Erosion Control Items, One Reinforced Concrete Slab Span Bridge (120.00 Ft.), One Bridge-Length Culvert (22.08 Ft. Span) and Miscellaneous Items on the Charlotte-Strawberry Road, State Highway 25, Section 6, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$316,643.05.

66-702 Mississippi County, Job No. 10716, Junction Highway 140-Junction Highway 18, FAP State Job. The contract for the construction of approximately 10.079 miles of Grading, Minor Drainage Structures, Gravel Surface, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and Miscellaneous Items, on the Junction Highway 140-Junction Highway 18 Road, State Highway 181, Section 2, is awarded to S. J. Cohen Company of Blytheville, Arkansas on their low bid of \$424,825.01.

66-703 Randolph County, Job No. 10763, Junction Highway 62-Southwest, FAP State Job. The contract for the construction of approximately 3.125 miles of Grading, Minor Drainage Structures and Miscellaneous Items along State Route 166 running southwest from Junction US 62, State Highway 166, Section 0, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$73,085.30.

66-704 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P.M., Wednesday, November 23, 1966.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 28, 1966

66-705 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., December 28, 1966.

66-706 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 66-695 through 66-703 at the regular meeting of the Commission on November 23, 1966.

66-708 WHEREAS, Minute Order No. 66-418 approved August 24, 1966, authorized the employment by Shaver and Shaver of the firm of attorneys skilled in handling Antitrust cases, and

WHEREAS, the firm of Shaver and Shaver did employ such expert help from the firm of Hollabaugh and Jacobs, 910 Seventeenth Street, N.W., Washington, D.C., and

WHEREAS, the limitation on the expenditures authorized by this Minute Order was \$5,000.00 plus actual out-of-pocket expenses, and

WHEREAS, the first phase of the work has been completed and that the firm of Shaver and Shaver deems it vital to continue to use the firm of expert attorneys.

NOW, THEREFORE, Minute Order No. 66-418 is extended to provide an additional \$15,000.00 plus actual out-of-pocket expenses.

66-709 In PHILLIPS COUNTY for the Helena Bridge,

WHEREAS, the Highway Commission is very desirous of reducing tolls on vehicles crossing the bridge, and

WHEREAS, the State of Mississippi concurs in our desire, and

WHEREAS, The Trust Indenture requires that prior to reduction of tolls, a traffic survey has to be made by an engineering firm with a national reputation, and

WHEREAS, Wilbur Smith and Associates, Consulting Engineers of New Haven, Connecticut, has submitted a satisfactory proposal for doing the work.

NOW THEREFORE, the Director is authorized to employ the consulting engineering firm of Wilbur Smith and Associates for a fee of \$6,400 which is a lump sum for performing the work.

66-710 WHEREAS, the Purchasing Committee has awarded purchases on November 28, December 5, 12, 19 and 23, 1966 in the amounts of \$18,550.06, \$99,804.02, \$6,840.46, \$74,835.22 and \$32,843.63, respectively, totaling \$232,873.39, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

66-711 November 30, 1966, request was mailed to the State Director of Purchasing to advertise for purchase of two items of automobiles to meet Arkansas State Highway Department Specifications as follows:

Item 1 - Seven Automobiles to meet Arkansas State Highway Department Specification 66-67 N.E. No. 64-41

Item 2 - Fifty Three Automobiles to meet Arkansas State Highway Department Specification 66-67 N.E. No. 64-42

10 A.M. December 20, 1966, bids were opened by the State Director of Purchasing and tabulated by the Highway Department and presented to the State Highway Department Purchasing Committee at 9:00 A. M. December 23, 1966, by the Chief of Equipment Section with recommendation that the Commission make the award to Rebsamen Motors, Little Rock, Arkansas, on both items, being the lowest and best bid in a total amount of \$118,163.00, and that the Chief of Equipment notify the State Director of Purchasing to issue Contract accordingly after approval of the Arkansas State Highway Commission.

NOW THEREFORE, the Purchasing Committee voted unanimously to recommend to the Commission that awards be made to Rebsamen Motors, Little Rock, and the Director of Purchasing be notified accordingly.

66-712 WHEREAS, in ARKANSAS COUNTY at Stuttgart bids were invited under Purchase Order Contract procedure (M-67-514) for the construction of one (1) 32' X 80' Area Headquarters Building, with two bids received for opening on December 15, 1966, and,

WHEREAS, the Purchasing Committee on December 19, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special project No. 2-23-B, be awarded to the Jack Morgan Construction Company of England on their low bid of \$19,650.00.

66-713 In BOONE COUNTY on U.S. Highway 62, Section 6, from the Carroll County Line to the Junction of U.S. Highway 65, a distance of 7 miles, bids were invited under Purchase Order Contract procedure (M-67-511) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with one (1) bid received for opening on December 6, 1966, and,

WHEREAS, the Purchasing Committee on December 12, 1966, recommended that this bid be accepted,

IT IS ORDERED that this job designated as Special Project 9-532 be awarded to McClinton, Inc. of Harrison on their bid of \$73,803.28.

66-714 In CLEVELAND & DALLAS COUNTIES on U.S. 167, Sections 7, 8 and 9, from Farindale South, a distance of 12.75 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with five bids received for opening on December 22, 1966, and,

WHEREAS, the Purchasing Committee on December 23, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this work, designated as Job No. 7-566, be awarded to Mid-State Construction Company of Malvern on their low bid of \$96,165.20.

66-715 In DALLAS COUNTY on U.S. 167, Section 7, from U.S. 79 North, a distance of six miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with five bids received for opening on December 22, 1966, and,

WHEREAS, the Purchasing Committee on December 23, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this work, designated as Job No. 7-562, be awarded to Reynolds & Williams of Little Rock on their low bid of \$53,941.00.

66-716 In DALLAS COUNTY on U.S. 79-B, Section 6 at Fordyce, from U.S. 79 to U.S. 167, a distance of 1.72 miles, bids were invited under Purchase Order Contract procedure for the

resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with four bids received for opening on December 22, 1966, and,

WHEREAS, the Purchasing Committee on December 23, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this work, designated as Job No. 7-561, be awarded to Reynolds & Williams of Little Rock on their low bid of \$16,045.50.

66-717 In FAULKNER COUNTY on U.S. 64 from State Highway 36 to the White County Line, a distance of 10.08 miles, bids were invited under Purchase Order Contract procedure (M-67-483) for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix, with three (3) bids received for opening on November 22, 1966, and,

WHEREAS, the Purchasing Committee on November 28, 1966, recommended that the low bid be accepted,

IT IS ORDERED that this work, designated as Special Project 8-554, be awarded to the Bituminous, inc., of Pine Bluff on their low bid of \$111,749.79.

66-718 The purpose of this Minute Order is to amend and clarify Minute Order 66-627 to read as follows:

In LONOKE COUNTY, the County Road beginning at the junction of Highway 67 in Ward and extending westerly to the Faulkner County line, a distance of approximately 10.5 miles in accordance with the attached sketch, is hereby made a part of the State Highway System, it being understood that the State does not assume any obligation for the bonded indebtedness which this road has or might have as a result of the creation of the Ward Improvement District as created under the authority of Act No. 367 of 1955.

66-719 WHEREAS, on the 27th day of December 1935, the City of Paragould executed a lease contract with the State Highway Department so that the following described lands located in the City of Paragould, Greene County, Arkansas, could be used for District Ten Headquarters, to-wit:

Beginning at the Quarter Corner of the South line of Section 36, Township 17 North, Range 5 East and running thence West 150 feet; thence North 308 feet; thence East 150 feet; thence South 308 feet to the place of beginning.

WHEREAS, the lease contract provides at any time the State Highway Department abandons the above-described lands, then it is expressly understood and agreed that all improvements placed on the lands described above shall remain and be the property of the City of Paragould.

WHEREAS, the State Highway Department has vacated and abandoned the above-described lands.

NOW, THEREFORE, it is ordered that the lease contract mentioned above is now cancelled, and in compliance with the terms of the lease contract, the improvements on the lands described above are now the property of the City of Paragould.

66-720 WHEREAS, in 1961, property was acquired from Mr. and Mrs. Albert J. Heyden and Raymond Fisher, Raymond G. Fisher and wife Myrtle Fisher and Lena Margaret Faryewicz, Little Rock, Arkansas, by deed for construction of Interstate Highway 40, Project I-40-5(20) 219; and

WHEREAS, in acquisition total taking were acquired and with the completion of this project the following described land which was acquired is no longer needed for any purpose;

Part of the Northeast Quarter of the Southeast Quarter of the Northwest Quarter of the Southeast Quarter of Section 2, Township 2 North, Range 12 West, in Pulaski County, Arkansas, more particularly described as follows, to wit:

Begin at a point which is 150 feet North of the Southwest corner of the Northeast Quarter Southwest Quarter of said Section 22; thence run West 300 feet; thence North $56^{\circ} 51'$ East, a distance of 74 feet to the West line of the right of way of U.S. Highway 65; thence South $46^{\circ} 30'$ East along said right of way of said Highway, 30 feet to the right of way marker; thence North $43^{\circ} 30'$ East a distance of 10 feet to a right of way marker; thence South $46^{\circ} 30'$ East along said right of way of said Highway, a distance of 498.5 feet; thence North $88^{\circ} 45'$ West a distance of 458.5 feet; thence South 60 feet to the point of beginning, now in the City of North Little Rock, AND

Lots 1 and 2 of Pickthorne Addition to the City of North Little Rock, in Pulaski County, Arkansas, EXCEPT

The West 50 feet of Lot 2, Pickthorne Addition to the City of North Little Rock and a part of the Northwest Quarter of the Southwest Quarter of Section 22, Township 2 North, Range 12 West, Pulaski County, Arkansas; more particularly described as follows: Beginning at the Northwest Corner of Lot 2 of Pickthorne Addition to the City of North Little Rock and run South 136.2 feet along the East lines of Lots 3, 4, and 5, of said Pickthorne Addition to the Southeast corner of said Lot 5; thence South $89^{\circ} 45'$ East, 50 feet parallel to the North line of said Lot 2; thence North 136.2 feet parallel to the East line of said Lots 3, 4, and 5, to the North line of said Lot 2; thence North $89^{\circ} 45'$ West, 50 feet along the North line of said Lot 2 to the point of beginning.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse effect on the right of way of Interstate Highway 40; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared surplus and disposed of subject to concurrence of the Bureau of Public Roads.

NOW, THEREFORE, it is authorized that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by deed an and all its rights to successful applicant for the appraised value of THREE THOUSAND FIFTY DOLLARS (\$3,050.00).

66-721 WHEREAS, the Arkansas State Police Fort Smith Headquarters needs to be situated in larger accommodations, better located adjacent to the System of Interstate Highways and other State Highways to better fulfill its purpose to patrol state highways, make arrests, investigate accidents and enforce vehicle laws and further safety on highways.

WHEREAS, there is a tract of land near the Kelley Highway I-540 Interchange, more fully described below, not required for other highway purposes.

Part of the Southeast Quarter of the Southeast Quarter of Section 2, and the Southwest Quarter of the Southwest Quarter of Section 1, Township 8 North, Range 32 West, Sebastian County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of Lot 33 of Boone Subdivision; thence South 20° 54' West a distance of 85 feet to a point 50 feet South of the center line of Kelley Highway for the point of beginning; thence South 87° 27' East along a line 50 feet from and parallel to said center line a distance of 50 feet to a point; thence South 2° 54' West a distance of 570 feet, more or less, to a point which is 40 feet East of the center line of relocated North 58th Street; thence in a Northwesterly direction along a line 40 feet from and parallel to said center line a distance of 590 feet, more or less, to a point 50 feet South of the center line of Kelley Highway; thence South 87° 27' East along a line 50 feet from the parallel to said center line a distance of 70 feet, more or less, to the point of beginning and containing 0.8 Acre, more or less.

WHEREAS, the construction of the headquarters building will be of benefit to the travelling public and in keeping with the overall purposes of the Commission and Public Roads.

THEREFORE, it is ordered that the Chairman of the Commission is authorized to execute an instrument permitting the use of the above-described tract by the Arkansas State Police with the provision that plans for the improvements must be approved by the Highway Department and the Bureau of Public Roads.

66-722 WHEREAS, in 1962, property was acquired from Mr. and Mrs. Albert Laser, Forrest City, Arkansas, by deed for construction of Interstate Highway 40, Project I-40-5 (25) 238; and

WHEREAS, in the acquisition of a remnant removed from the main body of land was acquired. This project has been completed and the following described land in the remnant is no longer needed for any purpose:

Part of the Southeast Quarter of the Southwest Quarter of Section 25, Township 5, North, Range 2 East, St. Francis County, Arkansas, more particularly described as follows:

Starting at the Southeast corner of the Southwest Quarter of Section 25; thence North 00° 14' West along the East line of the Southwest quarter a distance of 25.0 feet to the North side of county road for the point of beginning; thence South 89° 03' 10" West along North side of county road 361.5 feet to a point on the South access line of Interstate Highway 40; thence North 52° 35' East on the said access line 218.5 feet to a point; thence continue along said access line North 55° 05' East a distance of 229.0 feet to a point on the East line of the Southwest Quarter of Section 25; thence South 00° 14' along said quarter line 257.8 feet to the point of beginning and containing 1.07 acres, more or less.

WHEREAS, said parcel of land is considered of no use to the Highway Department by the District Engineer, and it may be disposed of without adverse effect on the right of way of Interstate Highway 40; and

WHEREAS, it is considered in the best interest of the people of the State of Arkansas that this unused and not required tract of land be declared Surplus and disposed of subject to concurrence of the Bureau of Public Roads.

NOW THEREFORE, it is authorized that the chairman of the Arkansas State Highway Commission declare a parcel of right of way Surplus property and convey by deed any and all rights to the original grantors for the appraised value of FIVE HUNDRED AND NO/100 DOLLARS (\$500.00).

66-723 In BOONE COUNTY on U.S. Highway 65, 5½ miles Southeast of Harrison on property authorized by Minute Order 66-581, the Director is authorized to construct new office, emergency operating center, shops, parts room and service station for the new District Nine Headquarters, as a Building Project, at an estimated cost of \$493,000.00.

IT IS FURTHER ORDERED that the Director be authorized to employ an architect for the preparation of plans for this facility.

66-724 In CRITTENDEN COUNTY on State Highway 42, Section 5, between State Highway 118 and Interstate 55, the Director is authorized to construct three (3) bridges, total length 267 lineal feet, as a State Contract from Betterment Funds at an estimated cost of \$92,000.00.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-725 In CROSS COUNTY on STATE HIGHWAY 42, Section 3, from Coldwater to Twist, a distance of 1.7 miles, the Director is authorized to construct grading, minor drainage structures, base, double bituminous surface treatment and one (1) 557' precast slab bridge across the St. Francis River, as a Betterment Project at an estimated cost of \$181,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

66-726 In HEMPSTEAD AND HOWARD COUNTIES on State Highway 4, Sections 4 and 5, from Hope to Nashville, the Director is authorized to resurface selected sections of the existing asphalt pavement, for a total length of 16.63 miles, with Asphaltic Concrete Hot Mix as a Betterment Project at an estimated cost of \$140,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-727 In PRAIRIE COUNTY on STATE HIGHWAY 38, Section 1, at Des Arc, the Director is authorized to make extensive repairs, consisting of some piling, caps, stringers and decking, on the White River Bridge, as a Betterment Project at an estimated cost of \$29,800.00.

Work to be done by Maintenance Forces.

66-728 In PULASKI COUNTY on STATE HIGHWAY 365, Section 12, at the Confederate Boulevard and Roosevelt Road Intersection, the Director is authorized to relocate and construct this intersection in accordance with the attached plans, which were prepared by Garver and Garver, Consulting Engineers, for the city of Little Rock, as a Betterment Project at an estimated cost of \$31,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

66-729 In MISSISSIPPI COUNTY on Route I-55, Section 12 beginning at the S. H. 312 grade separation and ending at the Missouri State Line, a distance of approximately six miles, the Director is authorized to proceed with the construction of a landscaping project to implement the Highway Beautification Act of 1965.

The work is to be done at an estimated cost of \$17,700 and financed with funds provided by Public Law 89-285. Authorization is subject to the following conditions.

1. Availability of Federal funds.
2. Bureau of Public Roads approval.

66-730 In WASHINGTON COUNTY on S. H. 62, Section 1, Log Miles 2.8, located in Summers, Arkansas on the north side of the highway, the Director is authorized in conformity with Public Law 89-285 and applicable state laws, to proceed with work necessary for the removal of the following junkyard at an estimated cost of \$805.

S.H. 62, Section 1
Washington County
Wilson Snodgrass

This action will eliminate Part IV of Minute Order 66-534 which provided for screening of this junkyard at an estimated cost of \$1,327.

This action is subject to the following conditions:

1. Availability of Federal funds.
2. Bureau of Public Roads approval.

66-731 WHEREAS, the District Engineer and the Resident Engineer have advised that B. F. Stratton Construction Company has not prosecuted the work on Job 2705, Jct. Hwys. 79 and 212 Rest Area, in a satisfactory manner;

WHEREAS, specifically on December 17, 1966, 72% of the contract time had elapsed with only 24% of the work being completed, and no work has been done by the Contractor since November 9, 1966; and

WHEREAS, on December 5, 1966 the Construction Engineer notified B. F. Stratton Construction Company by Certified Mail that if they did not take the necessary corrective action within 10 days to assure timely completion of the project that he would recommend that their contract be placed in default; and

WHEREAS, the Department has had no response from the contractor and no additional work has been performed on the project, and the Construction Division has recommended that the necessary action be taken to default this contract; and

WHEREAS, representatives of the National Surety Corporation are in agreement with this course of action;

NOW THEREFORE, IT IS ORDERED, that the right of B. F. Stratton Construction Company, the contractor on Job 2705, to proceed with the contract is terminated by the Commission in accordance with the provisions of the contract documents effective immediately and the Chief Engineer is authorized to notify the National Surety Corporation that the Commission demands that they, as surety on the Performance Bond given by the Contractor to secure the performance of said contract, assume the performance of the work required by said contract in accordance with the plans and specifications in compliance with the terms and conditions of said bond.

66-732 WHEREAS, the District Engineer and the Resident Engineer have advised that B. F. Stratton Construction Company has not prosecuted the work on Job 5583, Salado Creek Rest Area, in a satisfactory manner, and

WHEREAS, specifically on November 26, 1966 109% of the contract time had elapsed with only 35% of the work completed; and

WHEREAS, on December 5, 1966 the Construction Engineer notified B. F. Stratton Construction Company by Certified Mail that if they did not take the necessary corrective action within 10 days to assure timely completion of the project that he would recommend that their contract be placed in default; and

WHEREAS, the Department has had no response from the contractor and no additional work has been performed on the project, and the Construction Division has recommended that the necessary action be taken to default this contract; and

WHEREAS, representatives of the National Surety Corporation are in agreement with this course of action;

NOW THEREFORE, IT IS ORDERED, that the right of B. F. Stratton Construction Company, the contractor on Job 5583, to proceed with the contract is terminated by the Commission in accordance with the provisions of the contract documents effective immediately and the Chief Engineer is authorized to notify the National Surety Corporation that the Commission demands that they, as surety on the Performance Bond given by the Contractor to secure the performance of said contract, assume the performance of the work required by said contract in accordance with the plans and specifications in compliance with the terms and conditions of said bond.

66-733 WHEREAS, Minute order 4841 authorized the Director to acquire certain properties for establishing and constructing an Alternate Route through the City of Harrison in cooperation with the City of Harrison and others, and,

WHEREAS, in compliance with the provisions of Minute Order 4841, the City of Harrison has provided conveyances of title for those parcels of land which are it s responsibility to acquire.

NOW, THEREFORE, it is ordered that the Director take what action is necessary to participate in the cost of the above mentioned acquisition on the basis of 50 - 50 participation as the State's reasonable contribution to such right of way cost.

66-734 In COLUMBIA COUNTY, on HIGHWAY 82, Section 3:

The Director is hereby authorized, as funds are available, to proceed with preparation of plans and reconstruction of existing Highway 82 from a point approximately 30 feet south of the south edge of Columbia Street in magnolia northwardly for approximately 1.35 miles along the existing route at an estimated cost of \$290,000.00.

This action is subject to the approval of the Bureau of Public Roads and right-of-way being furnished in accordance with established policy for secondary highways.

66-735 In CRITTENDEN COUNTY, on STATE HIGHWAY 149, Section 5:

WHEREAS, the enlargement of the Tyronza River Channel, as part of the improved flood control system of the St. Francis River Basin Project by the U. S. Corps of Engineers, will require alternations to the existing bridge on State Highway 149 near Poindexter, Crittenden County; and

WHEREAS, the Corps of Engineers has proposed alternations involving the addition of 2 spans to the existing bridge;

NOW THEREFORE, the Director is authorized to negotiate and execute a contract with the Corps of Engineers whereby the Department will be responsible for the design and construction of the proposed alternations subject to 100 percent reimbursement of the costs involved by the Corps of Engineers.

The Director is further authorized to execute the necessary deeds and easements as may be required by the project.

66-736 In Franklin County on State Highway 186 from the junction of U.S. 64 at Altus north to the Interstate Highway I-40, a distance of approximately 6.0 miles, the Director is authorized to proceed with grading, minor drainage structures, crushed stone base and double bituminous surface treatment at an estimated cost of \$400,000 subject to Right-of-Way for the project, being furnished at no cost to the state and program approval by the Bureau of Public Roads.

66-737 In LITTLE RIVER COUNTY on STATE HIGHWAY 32, Section 2:

WHEREAS, The St. Louis-San Francisco Railway Company has requested permission to construct an Industrial spur track crossing State Highway 32, Section 2, approximately one mile west of Ashdown to serve the Nekossa-Edwards Paper Company;

NOW THEREFORE, the Director is authorized to grant a permit to the St. Louis-San Francisco Railway Company to construct the proposed crossing at grade, subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway, and the crossing shall be maintained in a condition satisfactory to the State Highway Department at all times.
2. That all construction on the highway right-of-way be in accordance with a permit to be issued by the Chief Engineer's office, and must meet the approval of the Department District Engineer.
3. That the Company provide warning signs displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

66-738 In LITTLE RIVER COUNTY on STATE HIGHWAY 234, SECTION 1, in Wilton:

WHEREAS, the Department is committed to install the proper type of signalization within the limits of construction Job 3637, Alleene-Wilson, and

WHEREAS, it has been determined that the Kansas City Southern Railway crossing of State Highway 234 in Wilton is hazardous and that automatic grade crossing protection is warranted;

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing lights with short-arm gates at this crossing at an estimated cost of \$20,000 subject to the following conditions:

1. All required right-of-way, free of obstructions, will be furnished free of cost to the State,

- 2, Acceptance of the old route as a city street by the City of Wilson upon completion of construction of the new route.
3. System approval by the Bureau of Public Roads.

66-739 In PRAIRIE AND WOODRUFF COUNTIES, Whereas a proposed drainage district will require the alteration or building of additional bridges to accomplish the plan of the district, and Whereas the Highway Commission desired to cooperate with the Drainage District to our mutual benefit.

Now therefore the Director is authorized to:-

Route 33 Section 7 Lateral 1-B construct a bridge approximately 75' long at an estimated cost of \$20,000.

Route 33 Section 7 Lateral 1-D construct a bridge approximately 75' long at an estimated cost of \$25,000.

Route 262 Section 1 Lateral 1-C construct a bridge approximately 75' at an estimated cost of \$20,000.

The above action is subject to a contribution to the project by the Drainage District in the amount of \$5,000.

66-741 In SEBASTIAN COUNTY and the CITY OF FORT SMITH for a proposed River Front Drive of approximately 6.5 miles on State Highway 59, in accordance with the attached sketch, the Director is authorized to make surveys, plans and Right-of-Way determination.

It is anticipated that all construction work on this project will be performed on property provided at not cost to the State and for this reason, it is necessary to determine the right-of-way limits at an early date.

This action is subject to program approval by the Bureau of Public Roads.

66-742 Monroe and Woodruff Counties, Job No. 11713, Junction Highway 17-Junction Highway 39, FAP State Job. The contract for the construction of approximately 3.719 miles of Grading, Minor Drainage Structures, P.C. Stabilized Base, Bituminous Treated Surface and Miscellaneous Items on the Cotton Plant-Hunter Road, State Highway 38, Section 3, is awarded to Bowyer & Johnson Construction Company of Jackson, Tennessee on their low bid of \$176,930.11.

66-743 Cross County, Job No. 11766, Tyronza River Bridge & Approaches (Parkin), FAP State Job. The contract for the construction of approximately 0.112 mile of Grading, Minor Drainage Structures, Gravel Surface Course, One Composite I-Beam Span Bridge (302 lin. ft.) and miscellaneous items on the Tyronza River Bridge and Approaches north of Parkin, State Highway 184, Section 1, is awarded to Bradco Construction, Inc., of Warren, Arkansas on their low bid of \$120,215.90.

- 66-744 Pulaski County, Job No. 6802, Cedar, Pine-Dennison Street Grading, Structures, Base and Surfacing, FAP U-036-1(6). GRAND TOTAL FOR 248 NEW VEHICLES \$473,845.22

NOW THEREFORE, the Acting Director is authorized to proceed in the most feasible manner with the purchase of the 248 new vehicles as advertised by request through State Purchasing Department and recommend to State Purchasing Director that awards be made as listed above, and the Acting Director is authorized to proceed with the outright sale of the used vehicles in accordance with Minute Order No. 64-273 dated August 19, 1964.

65-6 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAY 17, south of Ethel, bids were invited under Purchase Order Contract Procedure for the placing of Precast Concrete Bridge Units on Three bridges, with one bid received for opening on December 10, 1964, and,

WHEREAS, the Purchasing Committee on December 14 recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-519, be awarded to Choctaw, Incorporated, of Little Rock on their bid of \$31,187.66.

65-7 WHEREAS, in WOODRUFF COUNTY on U. S. 64, six miles east of Augusta, Mr. E. A. Jones, through the Arkansas Soil and Water Conservation Commission, has offered to lease to the Department a suitable site, containing 2 acres, for a roadside park, with the lease to run for a period of 25 years, and,

WHEREAS, Minute Order 3425, approved on September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute a lease with Mr. E. A. Jones for this property for a period of 25 years and to establish a roadside park on the site.

65-8 In MARION COUNTY on STATE HIGHWAY 202, Section 1, from Bull Shoals Lake through Oakland, a distance of 5.8 miles, the Director is authorized to construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$19,500.00.

Work to be done by Maintenance Forces.

65-9 In PHILLIPS COUNTY on U. S. 49, Section 3, from West Helena to Helena, a distance of 7.8 miles, the Director is authorized to remove the existing curb and dirt filled median and replace with 9-inch uniform thickness Reinforced Concrete Pavement, as a Betterment Project, at an estimated cost of \$28,000.00.

Work to be done by Maintenance Forces.

65-10 In UNION COUNTY on STATE HIGHWAY 15, Section 2, from Pigeon Hill to the Moro Bay Ferry, a distance of 1.24 miles, the Director is authorized to raise the grade and lengthen the culverts, as a Betterment Project, at an estimated cost of \$34,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces

65-11 In WASHINGTON COUNTY on STATE HIGHWAY 68, Section 1, from the Benton County line to a point 2-1/2 miles east, the Director is authorized to resurface the existing pavement with Plant Mix, Hot or Cold, Asphaltic Material, as a Betterment Project, at an estimated cost of \$19,000.00.

Work to be done by Maintenance Forces.

65-12 WHEREAS, the Missouri Pacific Railroad has declared that the Missouri Pacific Railroad grade crossing of State Highway 23, Section 5, near Ratcliff is hazardous, and,

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has determined that automatic grade crossing protection is warranted.

NOW THEREFORE, in LOGAN COUNTY, on State Highway 23, Section 5, at the crossing of the Missouri Pacific Railroad near Ratcliff, the Director is authorized to proceed with the installation of flashing lights grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Missouri Pacific Railroad will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-13 WHEREAS, Minute Order 4485, Item 12 provides for grading, minor drainage, base and surfacing on State Highway 266 from the Junction of U.S. Highway 71 east 7.1 miles in POLK COUNTY, and

WHEREAS, the Kansas City Southern Railway crosses State Highway 266 at Vandervoort and

WHEREAS, an investigation indicates that this crossing will be hazardous and installation of automatic grade crossing protection is required,

NOW THEREFORE, in POLK COUNTY, on HIGHWAY 266 at the crossing of the Kansas City Southern Railway at Vandervoort, the Director is authorized to proceed at the appropriate time with the installation of flashing lights and short-arm gates at an estimated cost of \$16,000 subject to the following conditions:

1. That the railway company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-14 Pulaski County, Job No. 6772, Central Office Building in vicinity of Mabelvale Interchange, OCDM Ark. 400-3(64). The contract for the general construction, including Heating, Ventilating, Air Conditioning, Plumbing, Electrical and Fire Protection Equipment is awarded to Bush Construction Company of Hot Springs, Arkansas on their low bid of \$1,809,500.00, subject to the concurrence of the Office of Civil and Defense Mobilization.

65-15 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:30 P.M., Wednesday, January 13, 1965.

February 3, 1965

65-16 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., February 3, 1965

Upon convening in regular session Wayne Hampton, Chairman, turned the meeting over to Mack Sturgis, Director of Highways. The meeting was opened for nominations for the position of Chairman of the State Highway Commission. A motion was made by Mr. Taylor, seconded by Mr. Smith and unanimously carried to re-elect Wayne Hampton as Chairman. Nominations were then in order for the position of Vice-Chairman. A motion was made by Truman Baker, seconded by John W. Harsh and unanimously carried to elect Arnil Taylor as Vice-Chairman. The meeting was then turned back to the newly elected Chairman, Wayne Hampton.

65-17 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-265 and 64-266 at the regular meeting of the Commission on July 22, 1964, Minute Order 64-338 at the regular meeting of the Commission on September 16, 1964, and Minute Order 65-14 at the regular meeting of the Commission on January 13, 1965.

NOW THEREFORE, the Director is authorized to proceed in the most feasible manner with the purchase of the sixteen new vehicles and recommend to the State Purchasing Department that awards be made as listed above.

65-21 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt surfaced roads to preserve the surface, and,

WHEREAS, this work is performed during the spring and summer, as weather conditions permit,

IT IS ORDERED that the Director be authorized to approve the attached Program in the amount of \$1,000,000.00. This amount is to be requested from the 1965-1966 Budget.

No additional allotment will be requested for this fiscal year.

65-22 WHEREAS, the increase in Maintenance Operations makes it desirable that an Area Headquarters be established in the vicinity of Bald Knob in White County, and,

WHEREAS, a suitable site, containing three acres, has been tentatively located, approximately one mile west of U.S. 167 on State Highway 258, at a cost of approximately \$300.00 per acre,

IT IS ORDERED that the Director be authorized to complete all details for the transfer of title and construction of fences and appurtenances necessary for a complete Headquarters facility, using a Department-owned building which is to be moved from Batesville, as a Building Project, at an estimated cost of \$7,500.00.

65-23 In MISSISSIPPI COUNTY on STATE HIGHWAY 312, Section 1, from the end of the I-55 Overpass to U. S. 61, a distance of 0.63 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$22,000.00.

Work to be done by Maintenance Forces.

65-24 In PHILLIPS COUNTY on STATE HIGHWAY 242, Section 1, from Lexa-East, a distance of 2.10 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and two Bridges, as a Betterment Project, at an estimated cost of \$55,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will delete 2.10 miles of Item 6 (Job 11736, West Helena to Lexa) which was approved by Minute Order 64-375.

65-25 In PULASKI COUNTY on HIGHWAY 365, Section 12, and U. S. 70, Section 12 (Roosevelt Road), from I-30 west to Asher Avenue, a distance of 3.04 miles, the Director is authorized to level up and patch the existing pavement and resurface with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$50,000.00.

Leveling and patching to be done by Maintenance Forces and balance of work to be done by Purchase Order Contract.

65-26 In SCOTT COUNTY on STATE HIGHWAY 80, Section 0, from Hon to Waldron, a distance of 6.61 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$70,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This will not alter Program Item 28 of Minute Order 5020 (Job 4523 - Hon Branch and Poteau Bridges and Approaches in Scott County).

65-27 WHEREAS the Arkansas State Highway Commission is the owner of the following described parcel of land located in Benton County, Arkansas, to wit:

A part of the Southeast Quarter of the Northwest Quarter and the Southwest Quarter of the Northeast Quarter of Section 10, Township 20 North, Range 29 West, containing 6.1 acres, more or less, more particularly described as follows:

Beginning at the most westerly point on the East abutment of Sugar Creek Bridge on the old State Highway No. 62 (now County Road) in Bestwater, Arkansas, thence North 65 degrees West 1 chain, thence South 75 degrees West 8 chains 36 links.

The above line being at the North waters edge of Sugar Creek, thence North 3 chains, thence North 70 degrees East 7 chains 24 links, thence North 52 degrees East 2 chains 4 links, thence South 71 degrees East 2 chains, 53 links, thence in a Southerly direction with the West side of the right-of-way of old State Highway No. 62 (now County Road) to place of beginning,

being the same land described in Deed Record 236, Page 74, and shown in Surveyor's Record "L", Page 3."

WHEREAS said parcel of land was acquired by the Arkansas State Highway Commission as a gravel pit from which to obtain gravel for State Highway purposes, and

WHEREAS said parcel of land is no longer needed or required by the Highway Commission; and

WHEREAS said land is highly desirable and useful to be and become a part of the Pea Ridge National Military Park; and

WHEREAS it would be for the best interest of the people of the State of Arkansas that title to said tract of land be transferred by the Arkansas State to Arkansas Pea Ridge National Park Commission:

THEREFORE it is by the Arkansas State Highway Commission considered and ordered that Mack Sturgis, Director of Highways, of the State of Arkansas be, and he is hereby, authorized, empowered and directed to execute and deliver in behalf of the Arkansas State Highway Commission a deed to said Arkansas Pea Ridge National Park Commission conveying to said

Arkansas Pea Ridge National Park Commission all the rights, title, and interest of the Arkansas State Highway Commission in and to said parcel of land.

65-28 In JACKSON COUNTY on Route 67, Section 14, WHEREAS, Job No. 5458, FAP F-021-4(3), White County Line - North, required an adjustment in the facilities of the Farmers Electric Cooperative Corporation to clear highway constructing and,

WHEREAS, by letter of July 5, 1956, the Farmers Electric Cooperative Corporation was requested by the Department to relocate and adjust its facilities and was advised that the County of Jackson was to furnish the right of way free of cost and clear of obstructions, and that any cost of adjustments eligible for reimbursement would be paid by the County of Jackson, and,

WHEREAS, Commission Minute Order 1331 of February 29, 1956, provided, among other things, that "all required right of way be furnished free of obstructions" and under the then existing Department policies and procedures, reimbursement to the utility for the adjustment of its facilities was considered the obligation of the County in which the project was located, and

WHEREAS, the County of Jackson disclaimed this obligation because of its inability to make reimbursement from current funds as required by the Constitution of the State, and,

WHEREAS, in order to expedite the construction of the project, the Department, by letter of September 20, 1956, advised the Farmers Electric Cooperative Corporation; to file its claim to the State Highway Department for reimbursement for making the adjustment in its facilities required by highway construction; to submit an estimate of cost and sketches showing the proposed adjustments, which same required approval of the Department and the Bureau of Public Roads; and advised that upon approval a Work Order would be issued to the Corporation to proceed with its adjustment, and,

WHEREAS, an Agreement covering the adjustment work was executed between the Department and the Corporation, approved by the Bureau of Public Roads, and a Work Order was subsequently issued to the Farmers Electric Cooperative Corporation to proceed with the approved adjustment work, and,

WHEREAS, the final bill covering the cost of the adjustment indicated that in the performance of the work the Farmers Electric Cooperative Corporation inadvertently failed to comply with a technical provision of Federal Bureau of Public Roads regulations, thereby invalidating the cost of the work for participation in Federal funds, and

WHEREAS, the Farmers Electric Cooperative Corporation performed the adjustment in good faith and, except for the technical violation of Federal procedures, in accordance with the Department's request to relocate its facilities, and to the satisfaction of the Department's Engineer and the project requirements, and said Corporation prays for relief of the loss of the actual cost of the adjustment which otherwise would be eligible for reimbursement and participation in Federal funds.

NOW, THEREFORE, the Director is hereby authorized to reimburse the Farmers Electric Cooperative Corporation for the actual and eligible costs of making the adjustment as developed by an audit by the Highway Department of the Cooperative's final bill and records applicable to

the said project, and which amount is estimated to be \$988.21 as reflected by the Cooperative's final bill, and without participation in Federal funds.

65-29 WHEREAS, when Highway Job No. 8515, Big Piney Creek Bridge and Approaches, U. S. Highway 64, Section 5 in Johnson County, Arkansas, was constructed a strip of land outside the boundaries needed for and necessary to the construction of the project was acquired; and

WHEREAS, the United States of America through the U. S. Army Engineer District, Corps of Engineers at Little Rock, Arkansas, supplied the money consideration with which the right-of-way was purchased; and

WHEREAS, the Arkansas State Highway Commission occupied the status and performed the duty of negotiator and purchasing agent of the United States of America for lands acquired; and

WHEREAS, the lands not needed or used for right-of-way purposes are as follows:

A tract of land situated in the County of Johnson, State of Arkansas, being a part of the Southwest Quarter of the Northwest Quarter and a part of the Northwest Quarter of the Southwest Quarter being all in Section 15, Township 8 North, Range 22 West of the 5th Principal Meridian and being more particularly described as follows:

Starting at the Northwest Corner of the Southwest Quarter of the Northwest Quarter of said Section; thence South 1ø 21' 51" East along the West line thereof a distance of 1,084.27 feet to a point on the southerly proposed right of way line of U. S. Highway No. 64 for a point of beginning; thence South 41ø 17' 30" East along said proposed right of way line a distance of 339.8 feet to a point; thence South 50ø 45' 40" East along said proposed right of way line a distance of 209.2 feet to a point; thence in a south- easterly direction along a curve left, having a radius of 1,502.41 feet a distance of 515.1 feet to a point on the westerly Fee line of a Reservoir; thence South 35ø 25' 53" West along said Fee line a distance of 138.3 feet to a point on the northerly existing right of way line of the Missouri Pacific Railroad; thence along the Arc of a 2ø 02' 08" Curve to the right along said Railroad right of way line 631.4 feet to a point; thence North 41ø 17' 30" West along said Railroad right of way line a distance of 408.42 feet to a point on the West line of the Southwest Quarter of the Northwest Quarter; thence North 1ø 21' 51" West along said West line a distance of 30.2 feet to the point of beginning and containing 1.4 Acres, more or less.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the described lands to the United States of America. The consideration is ONE AND NO/100 DOLLARS, (\$1.00), and other good and valuable consideration.

65-30 In LITTLE RIVER COUNTY on Route 234, Section 1, WHEREAS, Job No. 3619, FAP S-513(1), Alleene - Winthrop, required an adjustment in the facilities of the Southwest Arkansas Electric Cooperative Corporation to clear highway construction, and,

WHEREAS, between January 17, 1964, and August 15, 1964, the Southwest Arkansas Electric Cooperative Corporation was advised of the required adjustments, did submit an Estimate of Cost and Plans on which a Highway-Utility Agreement was subsequently executed and

approved, and was authorized by Work Order letter from the Department to accomplish such adjustments, and

WHEREAS, in accomplishing the approved adjustment work, the Southwest Arkansas Electric Cooperative Corporation inadvertently failed to comply with a technical provision of Federal Bureau of Public Roads regulations, thereby technically disqualifying eligibility of the costs for participation in Federal funds, and,

WHEREAS, the Southwest Arkansas Electric Cooperative Corporation performed the adjustment in good faith and without intention of violating a technical procedure, and did perform the work to the satisfaction of the Department Engineers and the project requirements, and prays for relief from the loss of the actual cost of the pole line adjustment which otherwise would have been eligible for reimbursement and participation in Federal funds.

NOW, THEREFORE, the Director is hereby authorized to reimburse the Southwest Arkansas Electric Cooperative Corporation for the actual and reimbursable cost of making the adjustment as developed by an audit by the Highway Department of the Cooperative's final bill and its records applicable to the said project, and which amount is estimated to be \$1,937.96 as reflected by the final bill submitted on August 15, 1964, and without participation in Federal funds.

65-31 In PERRY COUNTY on STATE HIGHWAY 113, Section 4: WHEREAS, The Chicago, Rock Island and Pacific Railroad Company has requested authorization to construct a grade crossing of State Highway 113 approximately 3.0 miles northwest of Houston, with a spur track to serve a pulpboard plant being built in Conway County,

NOW THEREFORE, the Director is hereby authorized to grant authorization to Chicago, Rock Island and Pacific Railroad Company to construct a railroad crossing at grade subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder, and constructed with a Portland Cement concrete base and pavement.
2. That all construction on the highway right-of-way meet the approval of the Department District Engineer.
3. That the Company provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

65-32 WHEREAS, in ARKANSAS COUNTY, the St. Louis Southwestern Railway crossing of STATE HIGHWAY 152 located approximately 2.2 miles west of DeWitt has been declared hazardous, and

WHEREAS, it has been determined that automatic grade crossing protection is necessary.

NOW, THEREFORE, in ARKANSAS COUNTY, on STATE HIGHWAY 152, SECTION 1, at the crossing of the St. Louis Southwestern Railway near DeWitt, the Director is authorized to proceed with the installation of flashing light grade crossing protection at an estimated cost of \$8,000, subject to the following conditions:

1. That the St. Louis Southwestern Railway will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State,
2. All required right of way will be furnished free of cost to the State,
3. Program approval by the Bureau of Public Roads.

65-33 In FAULKNER COUNTY on STATE HIGHWAY 286, Section 1: WHEREAS, this non-existent road from the Southeast Interchange of Interstate Highway 40 in Conway west to U. S. Highway 65 was added to the State Highway System by Minute Order 5013; and

WHEREAS, the construction of this road will be necessary to serve the traffic which will be channeled over it as a result of the construction of Interstate Highway 40.

NOW THEREFORE, it is ordered that the Director be authorized to proceed with all necessary arrangements to accomplish the construction of grading, minor drainage structures, base and surfacing of this section of State Highway 286 at an estimated cost of approximately \$54,000. This work to be accomplished as a Federal-Aid Secondary project as a part of Job 8467.

This action subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. Right-of-Way furnished in accordance with previous State right-of-way policies for Secondary highways.

65-34 In FAULKNER & PERRY COUNTIES on STATE HIGHWAY 60, Sections 0 and 1: WHEREAS, pursuant to the authority of Minute Order 64-10 the Department made application for and has received certification by the Bureau of Public Roads for a highway crossing over Lock & Dam #8 on the Arkansas River at Toad Suck Ferry near Conway; and

WHEREAS, studies by the Little Rock District Corps of Engineers have determined that the proposed bridge is structurally feasible and can be constructed without interference with the lock and dam; and

WHEREAS, the Department has been informed that, of the \$600,000 cost of the proposed bridge over the masonry lock and dam structure which will be eligible for participation in special 100% Federal (Section 320, Title 23) funds, there is presently available to the Department \$531,000 for its construction.

NOW THEREFORE, the Director is authorized to negotiate a tripartite agreement between the Department, Bureau of Public Roads, and the Corps of Engineers that will permit the

construction of the proposed bridge across the masonry lock and dam structure as a part of the Corps of Engineers lock and dam contract at an estimated cost of \$600,000.

The Director is further authorized to program for construction when funds are available utilizing normal Federal Aid secondary funding procedures, the portion of the bridge outside the masonry lock and dam structure and the approach roadways at an estimated cost of \$915,000.

65-35 WHEREAS, Minute Order No. 64-119 of April 29, 1964, authorized participation in the Ft. Smith Urban Area Transportation and Community Development Study to the extent of one-half of the total estimated cost of \$150,000; and

WHEREAS, the Study must be comprehensive and carried on cooperatively by the State and local governments, in order to meet the requirements of Section 9 of the Federal Aid Highway Act of 1962, and the Study should be sufficiently advanced by July 1, 1965, to qualify for Federal Aid Funds on construction projects in the area and

WHEREAS, the Department does not have enough experienced personnel available to complete the Transportation Phase of the Study by July 1965, due to the work involved in three other similar urban area studies in the State; and

WHEREAS, in accordance with established procedures for selection of consultants, the local governments and the City Planning Division of the University of Arkansas, in cooperation with the Highway Department and the Bureau of Public Roads, have selected and retained the consulting firm of Harland Bartholomew and Associates to conduct the Planning Phase of the Study;

NOW, THEREFORE, in the interest of economy and efficiency, the Director is hereby authorized to execute for and in behalf of the Highway Commission a corresponding and coordinated contract with the previously selected consultant firm of Harland Bartholomew and Associates, Memphis, Tennessee, to conduct the Transportation Phase of the Study, at a cost not to exceed that authorized by Minute Order 64-119.

This action is subject to approval by the Bureau of Public Roads.

65-36 Lafayette County, Job No. 3631, Spirit Lake-Lewisville Bridges and Approaches, FAP F-010-1(14). The contract for the construction of approximately 0.606 mile of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, Two R. C. Slab Span Bridges (280.00 ft. length), One Bridge Length Culvert (26.17 ft. span), Detours and miscellaneous items on the Texarkana-Lewisville Road, U. S. Highway 82, Section 2, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$146,128.31, subject to the concurrence of the Bureau of Public Roads.

65-37 Hempstead County, Job No. 3642, Fulton-Sheppard (Grading & Structures), FAP I-30-1(17)17. The contract for the construction of approximately 4.579 miles of Grading, Minor Drainage Structures, Gravel Base Course (Co. & Frontage Roads), ACHM Base & Surface Courses (Co. Rd.), DBST (Co. & Frontage Roads), 5 Composite I-Beam Structures (1675.90 ft. total length), 5 R. C. Slab Span Bridges (426.00 ft. total length), One Bridge Length Culvert

(25.34 ft. span), Erosion control items, Fencing and miscellaneous items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to S. & W. Construction Company, Inc., of Memphis, Tennessee on their low bid of \$1,297,587.20, subject to the concurrence of the Bureau of Public Roads.

- 65-38 Polk County, Job No. 4541, Skyline Drive (Oklahoma Line-State Park), FAP FLH-88(1). The contract for the construction of approximately 3.848 miles of Grading, Minor Drainage Structures, Fencing, Asphaltic Treated Gravel Base, Gravel & Sod Mulch Shoulders, Bituminous Surface Treatment, Seeding Slopes and other miscellaneous items on the Oklahoma State Line-Queen Wilhelmina State Park Skyline Drive Road, State Highway 88, Section 1, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$323,421.72, subject to the concurrence of the Bureau of Public Roads.
- 65-39 Lonoke & Prairie Counties, Job No. 6822, Highway 31-Highway 249 Interstate Signing, FAP I-40-4(24)176. The contract for the construction of approximately 16.5 miles of Interstate Highway Signing consisting of Delineators, Standard Signs and Guide Signs on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$23,649.45, subject to the concurrence of the Bureau of Public Roads.
- 65-40 Clark County, Job No. 7612, Missouri Pacific Overpass-Highway 53 (Grading & Structures), FAP I-30-1(16)58. The contract for the construction of approximately 3.967 miles of Grading, Minor Drainage Structures, Gravel Base & Double Bituminous Surface Treatment on County Road Separation, Three R. C. & Structural Steel I-Beam Span Bridges (784.17 ft. total), Two R.C. Slab Span Bridges (504.00 ft. total), Erosion Control and other Miscellaneous Items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to S. & W. Construction Company, Inc., of Memphis, Tennessee on their low bid of \$903,111.40, subject to the concurrence of the Bureau of Public Roads.
- 65-41 Johnson County, Job No. 8486, Jamestown Road-Cabin Creek (Grading & Structures), FAP I-40-2(15)59. The contract for the construction of approximately 3.988 miles of Grading, Minor Drainage Structures, Subbase, Crushed Stone Base & Double Bituminous Surface Treatment on County Road Separations and Frontage Road, Two R. C. & Structural Steel I-Beam Span U'pass Structures (547.75 ft. total) and other Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$711,557.24, subject to the concurrence of the Bureau of Public Roads.
- 65-42 Johnson County, Job No. 8529, Clarksville-Jamestown Road (Grading & Structures), FAP I-40-2(17)57. The contract for the construction of approximately 1.867 miles of Grading, Minor Drainage Structures, Subbase (on Main Lanes & Ramps), Crushed Stone Base & Double Bituminous Surface Treatment (on Miscellaneous Roads), Four R. C. & Structural Steel I-Beam Span Bridges (1111.85 ft. total), Five Bridge Span-Length Culverts & other Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Southeast

Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$701,166.37, subject to the concurrence of the Bureau of Public Roads

- 65-43 Johnson County, Job No. 8543, Cabin Creek East & West (Grading and Structures), FAP I-40-2(19)63. The contract for the construction of approximately 0.719 mile of Grading, Minor Drainage Structures, Subbase on Main Lanes, Crushed Stone Base on County Road Connection, Four R. C. & Structural Steel I-Beam Span Overpass Structures (718.0 ft. total) and Other Miscellaneous Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$407,769.33, subject to the concurrence of the Bureau of Public Roads.
- 65-44 Johnson & Pope Counties, Job No. 8553, Cabin Creek-East Russellville Interstate Signing, FAP I-40-2(27)63. The contract for the construction of approximately 21.4 miles of Interstate Highway Signing consisting of Delineators, Standard Signs and Guide Signs (Roadside Mounted) on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 3, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$57,854.31, subject to the concurrence of the Bureau of Public Roads.
- 65-45 Washington County, Job No. 9488, Highway 71 Signalization (Springdale), FAP U-011-3(14). The contract for installing Traffic Control Signals (Span Wire Mounted) and Related Items on Highway 71 at Sunset Avenue, Emma Avenue and Huntsville Avenue in Springdale, Arkansas, on U. S. Highway 71, Section 17, is awarded to Standard Electric Company of Fort Smith, Arkansas on their low bid of \$23,753.00, subject to the concurrence of the Bureau of Public Roads.
- 65-46 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., Wednesday, February 3, 1965.

March 10, 1965

65-47 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 10, 1965.

65-48 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-36 through 65-45 at the regular meeting of the Commission on February 3, 1965.

65-50 WHEREAS, in District Nine it has been called to the attention of the Highway Director that one additional Bulldozer is necessary to adequately meet the maintenance demands in the District;

NOW THEREFORE, IT IS ORDERED that the Director be authorized to proceed in the most feasible manner with the purchase of one new Bulldozer of the size and type required for District 9 from funds in the Betterment and Equipment Allotment.

65-51 WHEREAS, Section 6 of Act 98 of the 1955 Acts of the General Assembly of Arkansas, as amended, authorizes the State Highway Commission to issue special permits to applicants desiring to operate vehicles exceeding the maximum size or weight limits permitted by law upon the highways in the State Highway System; and,

WHEREAS, there is a need for a uniform policy for the issuance of such special permits in order to insure an equitable and efficient administration of the law;

THEREFORE, the following rules and regulations are adopted for the issuance of such special permits:

A. DEFINITIONS

- (1) The term "vehicle" as used herein with reference to the size or weight thereof means the overall size or weight of a vehicle or combination of vehicles including the load thereon if loaded, or the size or weight of a vehicle itself if empty.
- (2) The term "oversize vehicle" as used herein means a vehicle or combination of vehicles, whether empty or loaded, exceeding the maximum limits for width or length prescribed by law for vehicles operating upon the highways of the State without a special permit.
- (3) The term "overweight vehicle" as used herein means a vehicle or combination of vehicles, whether empty or loaded, exceeding the maximum limits of weights prescribed by law for vehicles operating upon the highways of the State without a special permit.
- (4) The term "movement" as used herein means the movement or operation of a vehicle, whether empty or loaded, on the highways in the State Highway System.
- (5) The term "tandem axle" as used herein means two (2) or more consecutive axles in tandem, articulated from a common attachment to the vehicle, and spaced not less than forty (40) nor more than ninety-six (96) inches apart, or two (2) consecutive axles in tandem, individually attached to the vehicle, and spaced not less than forty (40) nor more than ninety-six (96) inches apart.
- (6) The term "total gross weight" as used herein means the total gross weight imposed upon the highway by all the wheels of a vehicle whether empty or loaded.

B. APPLICATION FOR PERMIT.

- (1) In consideration of the granting of a special permit the applicant shall assume absolute liability and pay for any and all damages to highways, highway facilities, persons or private property resulting from the movement of such oversize or overweight vehicle and shall file with the Arkansas Highway Department a written statement of the assumption of such liability together with a qualified corporate surety bond or certificate of insurance from a company authorized to do business in the State of Arkansas guaranteeing the payment of such damages.

C. OVERSIZE VEHICLE.

- (1) The personnel of the Weights and Standards Division, District Engineers and such other personnel of the State Highway Department as may be designated by the Director of Highways are authorized to issue permits for the movement of overlength vehicles not to exceed sixty-five (65) feet in length and overwidth vehicles not to exceed twelve (12) feet in width.
- (2) Permits for the movement of oversize vehicles exceeding sixty-five (65) feet in length and twelve (12) feet in width shall be issued by the Permit Section in the Central Office in Little Rock, Arkansas.
- (3) Movement of overwidth vehicles shall be when visibility is good during daylight hours only.
- (4) No overwidth vehicle shall follow another overwidth vehicle closer than one thousand (1,000),feet.
- (5) The movement of vehicles in excess of twelve (12) feet in width and/or seventy-five (75) feet in length shall be accompanied by two (2) guard vehicles to warn traffic front and rear of the oversize vehicle.
- (6) The maximum overall width of a vehicle authorized to be moved upon highways by permit shall be twenty (20) feet or less based on the condition of the highways, distance traveled, and the volume or type of traffic.
- (7) The maximum overall width as provided in Section C (6) may be exceeded up to twenty-four (24) feet by permit only when an emergency exists and then only for short moves based on the degree of such emergency.

D. OVERWEIGHT VEHICLES

- (1) All permits for the movement of overweight vehicles shall be issued by the Permit Section of the Central Office in Little Rock, Arkansas.
- (2) No permit shall be issued for the movement of a vehicle if the gross weight imposed upon the highway by the wheels of any one single axle exceeds twenty-five thousand (25,000) pounds, or if the gross weight imposed upon the highway by the wheels of a tandem axle exceeds forty-five thousand (45,000) pounds, provided that the gross weight imposed upon the highway by the wheels of any one single axle of a tandem axle does not exceed twenty-five thousand (25,000) pounds.
- (3) Application for a regular overweight permit for the movement of a vehicle having an axle arrangement consisting of one or more single axles in combination with one or more regular tandem axles shall be submitted to the Permit Section of the Central Office in Little Rock, Arkansas.
- (4) No permit shall be issued for the movement of vehicles having a total gross weight in excess of one hundred and eight thousand (108~000) pounds, except, that with the expressed approval of the Director, a special

overweight permit for a moving vehicle having a total gross weight in excess of one hundred and eight thousand (108,000) pounds may be granted in cases where the applicant is using unique equipment for hauling indivisible construction, industrial, electrical, mechanical or nuclear power plant machinery or such other indivisible machinery or equipment which has been declared by the United States Department of Defense to be essential to the national defense; provided that no single load axle shall exceed eighteen thousand (18,000) pounds, and no tandem axle shall exceed thirty-two thousand (32,000) pounds. The application for such permit is to be submitted to the Permit Section of the Central Office in Little Rock, Arkansas, together with a detailed sketch of such unique hauling equipment to be used in the requested movement, at least two (2) days in advance of the expected movement.

E. HOURS OF MOVEMENT.

- (1) Movement of oversize or overweight vehicles shall be in daylight only, and no movement shall be made on Saturdays, Sundays or holidays, except when the necessity for the movement is created by an emergency.
- (2) Permits for emergency movements on Saturdays, Sundays or holidays are to be issued only upon the applicant's statement of the nature of the emergency; provided that the permit shall be issued or withheld at the sole discretion of the issuing agent based on the seriousness of the emergency and the volume and type of traffic.
- (3) The term "holiday" as used herein means the following holidays:

July 4	Independence Day
September	Labor Day
November 11	Veterans' Day
November	Thanksgiving Day
December 25	Christmas Day
January 1	New Year's Day

F. TRAFFIC AND MOTOR VEHICLE Regulations

- (1) All movements by special permit for oversize or overweight vehicles shall comply with the State laws regulating movement of vehicles upon the highways of the State of Arkansas, including, but not limited to, the laws pertaining to vehicle licensing and laws governing the movement of vehicles when operating upon the public highways, roads, and streets of this State.

G. FORMER REGULATIONS RESCINDED.

- (1) Minute Order 904 adopted April 13, 1955 and Minute Order 5040 dated May 29, 1963 are and

H. PUBLICATION.

- (1) The Director of Highways is hereby directed to cause the provisions herein to be published as rules and regulations in the manner prescribed by law.

I. EFFECTIVE DATE.

- (1) The provisions herein shall become effective immediately upon passage as a policy and procedure directive to affected personnel for the exercise of discretion in issuing special oversize or overweight permits. The provisions herein shall become effective as rules and regulations adopted by the Commission from sixty (60) days after the date of the last publication hereof.

65-52 WHEREAS, County Court Order dated October 7, 1935, recorded in Faulkner County Record Book 27, page 358, covers the right of way for Job 678 in the vicinity of the present proposed interchange to serve Mayflower, Arkansas, from Interstate 40 Highway project; and

WHEREAS, in the acquisition of right of way for the above aforementioned interchange, the property needed for the interchange was acquired from Henry C. and Cordia M. Burford in Faulkner County Circuit Court Case 4474; and

WHEREAS, the Arkansas State Highway Commission is the owner of the following described parcel of land located in Faulkner County:

A part of the West Half of the Northwest Quarter of Section 20, Township 4 North, Range 13 West, containing 0.33 acre, more or less, more particularly described as follows:

Starting at the Northeast Corner of the Southwest Quarter of the Northwest Quarter of Section 20, Township 4 North, Range 13 West; thence South 1ø 57' 30" East 210.2 feet to a point of Center line of County Road; thence South 87ø 00' 30" West 760.8 feet to intersection of the East line of the East right of way line of U. S. Highway 65; thence North 16ø 12' 30" East along said East right of way line 165.0 feet to the point of beginning, thence continue North 16ø 12' 30" East 359.7 feet to a point; thence South 88ø 16' 30" East 41.3 feet to a point; thence South 16ø 12' 30" West 370.0 feet; thence North 73ø 47' 30" West 40.0 feet to the point of beginning.

WHEREAS, said parcel of land may be disposed of without adverse effect to the right of way for U. S. Highway 65; and

WHEREAS, court action in right of way requirements for Interstate 40 may be affected by the transfer of this right of way to the adjacent owners. It would be for the best interest of the people of the State of Arkansas that title to said tract of land be transferred by the Arkansas State Highway Commission to Henry C. and Cordia M. Burford, subject to the concurrence of the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the chairman of the Arkansas State Highway Commission declare this parcel of right of way surplus property and convey by Quitclaim Deed the described land to Henry C. and Cordia M. Burford, on advice from Chief of the Legal Division that pending case is satisfactorily concluded by them. The consideration is ONE AND NO/100 DOLLARS (\$1.00) and other good and valuable considerations.

65-53 WHEREAS, the District Supervisor Operation of District 7 is now separated and located in three (3) different locations which does not afford the proper supervision and coordination of effort which makes it desirable that the District Headquarters be established in the vicinity of Camden, Ouachita County, and,

WHEREAS, a suitable location containing approximately 19.32 acres, has been tentatively located at a point approximately three (3) miles South of Camden, Arkansas, on U. S. Highway 79, at a cost of FIVE HUNDRED DOLLARS (\$500.00) per acre, and,

WHEREAS, the property being considered is presently owned by Mr. and Mrs. H. W. Inzer and is located in Ouachita County, Arkansas, to wit:

A part of the East Half of the Northwest Quarter of the Southwest Quarter of Section 5, Township 14 South, Range 17 West, Ouachita County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Southwest Quarter of Section 5, thence East along the North line of the said Southwest Quarter 806.0 feet to the point of beginning of land conveyed, said point being 6.0 feet South of Center line of U. S. Highway 79; thence continue along said Quarter line 540.0 feet to the Northeast Corner of the Northwest Quarter of the Southwest Quarter of Section 5, said point being 27.0 feet South of Center line of U. S. Highway 79; thence South along the East line of said Northwest Quarter of the Southwest Quarter 1390.0 feet to the Southeast Corner of the Northwest Quarter of the Southwest Quarter; thence West along the South line of said Northwest Quarter of the Southwest Quarter of Section 5 a distance of 660.0 feet thence North 977.0 feet; thence East 120.0 feet; thence North 413.0 feet to the point of beginning and containing 19.32 Acres including 0.64 Acre within existing right of way of U. S. Highway 79.

IT IS ORDERED that the Director be authorized to complete all details for the acquisition of property involved to be used as a District Headquarters for District 7 at Camden, Ouachita County, Arkansas.

65-54 WHEREAS, in the construction of the Interstate System through Johnson County it will be necessary to establish a Resident Engineer's Office in the vicinity of Clarksville, and,

WHEREAS, no suitable quarters are available,

IT IS ORDERED that the Director be authorized to construct a 43'x23' Brick and Masonry Building on the Clarksville Area Headquarters lot, as a Building Project, at an estimated cost of \$15,000000.

Construction to be done by Purchase Order Contract.

65-55 In ARKANSAS COUNTY on STATE HIGHWAYS 11, Section 6, and 152, Section 1, from Lodges Corner to DeWitt, a distance of 10.12 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course and construct Gravel Shoulders, as a Betterment Project, at an estimated cost of \$104~100.00.

Work to be done by Purchase Order Contract.

- 65-56 In BENTON COUNTY on STATE HIGHWAY 12, Section 3, from the East End of Job 9471 (White River Bridge) east to the beginning of Job 9473, a distance of 3.80 miles, the Director is authorized to construct Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$38,200.00.

Work to be done by Maintenance Forces.

- 65-57 In CHICOT COUNTY on STATE HIGHWAY 8, Section 17 and STATE HIGHWAY 209, Section 19 from Eudora to Readland, a distance of 3.13 miles, the Director is authorized to construct Gravel Shoulders, as a Betterment Project, at an estimated cost of \$6,000.00.

Work to be done by Maintenance Forces.

- 65-58 In CLEBURNE COUNTY on STATE HIGHWAY 110, Section 4, from Heber Springs to Wilburn, a distance of 8.01 miles, the Director is authorized to set-up the existing base and construct a Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$26,300.00.

Work to be done by Maintenance Forces.

- 65-59 In CONWAY COUNTY on U. S. 64, Section 7, from the Pope County line - East, a distance of 1.50 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$14,500.00.

Work to be done by Purchase Order Contract.

- 65-60 In CONWAY COUNTY on U. S. 64, Section 7, from Morrilton to Menifee, a distance of 10.70 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$58,500.00

Work to be done by Purchase Order Contract.

- 65-61 In CRITTENDEN COUNTY on I-55, Section 11, from Marion to the Frisco Underpass at Lake David, the Director is authorized to construct Sand Asphalt Overlay on selected sections of the right and left Frontage Roads, as a Betterment Project, at an estimated cost of \$24,500.00.

Work to be done by Maintenance Forces.

- 65-62 In FAULKNER COUNTY on STATE HIGHWAY 225, Section 1, from Greenbrier to McGintytown, a distance of 5.30 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces

This will delete 5.30 miles from Item 63 of Minute Order No. 64-375, approved October 28, 1964. (Job No. 8569 - Greenbrier - Jct. Highway 107).

- 65-63 In FULTON COUNTY on STATE HIGHWAY 289, Section 1, from Mammoth Spring - South, a distance of 6.55 miles, the Director is authorized to reconstruct the roadway and construct Minor Drainage Structures, Crushed Stone Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$101,700.00.

Work to be done by Maintenance Forces.

This Minute Order will delete 6.55 miles from Item 33 of Minute Order 64-375, Job 5565, Mammoth Spring - South.

- 65-64 In JOHNSON COUNTY on STATE HIGHWAY 292, Section 1, from Ludwig-East, a distance of 3.78 miles, the Director is authorized to shape the existing roadway and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$53,500.00,

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-65 In JOHNSON COUNTY on STATE HIGHWAY 103, Section 1, from U. S. 64 to the North City Limits of Clarksville, a distance of 0.93 mile, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$7,500.00.

Work to be done by Purchase Order Contract.

- 65-66 In MISSISSIPPI COUNTY on STATE HIGHWAY 148, Section 2, from the end of the asphalt pavement to the I-55 Interchange, a distance of 0.24 mile, the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$8,500.00.

Work to be done by Maintenance Forces.

- 65-67 In POPE COUNTY on STATE HIGHWAY 7, Section 14, from the Arkansas River Bridge to U. S. 64, a distance of 3.82 miles, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$8,000.00.

Work to be done by Purchase Order Contract.

- 65-68 In POPE COUNTY on STATE HIGHWAY 7, Section 15, from State Highway 124 to Shiloh Creek, a distance of 1.65 miles, the Director is authorized to widen and resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$4,500.00.

Work to be done by Purchase Order Contract and Maintenance

- 65-69 In POPE COUNTY on U. S. 64, Section 6, from Glenwood Street to 4th Street in Russellville, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$7,700.00.

Work to be done by Purchase Order Contract.

- 65-70 In SCOTT COUNTY on STATE HIGHWAY 248, Section 1, from Waldron-West, a distance of 3.31 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment, one 120-foot Bridge at Haw Creek and one 60-foot Bridge at Dunn Bayou, as a Betterment Project, at an estimated cost of \$56,800.00.

Base material to be dumped in place by Purchase Order Contract and balance of work to be done by Maintenance Forces.

This will delete Program Item 27 (Job 4522, Waldron-West) which was programmed by Minute Order 5020 on April 24, 1963.

- 65-71 In SCOTT COUNTY on STATE HIGHWAY 250, Section 1, from U. S. 71 - East to the Forest Boundary, a distance of 4.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$41,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-72 In CALHOUN COUNTY, on U. S. HIGHWAY 167, SECTION 4 at the crossing of the St. Louis Southwestern Railway near Thornton, the Director is authorized to proceed with the installation of flashing lights and short arm gates automatic grade crossing protection at an estimated cost of \$6,500. These signals have been removed from a temporary detour crossing constructed on Job 7563 at Eagle Mills in Ouachita County and are now in storage and can be reinstalled at a new location.

This installation is subject to the following conditions:

1. That the St. Louis Southwestern Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State

2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-73 In Clay County, on U. S. Highway 62 in Piggott, the St. Louis Southwestern Railway Lines has declared that the St. Louis Southwestern Railway and U. S. Highway 62 crossing is very hazardous, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is extremely dangerous and that the automatic flashing light signals now in place at the crossing should be supplemented by short-arm gates,

NOW, THEREFORE, in CLAY COUNTY, on U. S. HIGHWAY 62, SECTION 21, at the crossing of the St. Louis Southwestern Railway in Piggott, the Director is authorized to proceed with the installation of automatic short-arm gates to the existing flashing light signals at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis Southwestern Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. That supplementation of the automatic signal devices, by addition of the short-arm gates to the existing flashing light signals, can be made without replacement of the existing flashing light signals.
4. Program approval by the Bureau of Public Roads.

65-74 In COLUMBIA COUNTY, on STATE HIGHWAY 98 east of McNeil the St. Louis Southwestern Railway crossing has been declared hazardous, and

WHEREAS, the District Engineer has requested that this crossing be protected with automatic grade crossing signals, and the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is extremely dangerous and warrants installation of flashing lights and bells, and

WHEREAS, the St. Louis Southwestern Railway Lines will remove the existing flashing light signals now in place on U. S. Highway 167 and the St. Louis Southwestern Railway crossing near Thornton in Calhoun County and these signals will be available for reinstallation,

NOW THEREFORE, in COLUMBIA COUNTY, on STATE HIGHWAY 98, SECTION 2, at the crossing of the St. Louis Southwestern Railway east of McNeil, the Director is authorized to proceed with the installation of flashing light grade crossing protection at an estimated cost of \$4,500 subject to the following conditions:

1. That the St. Louis Southwestern Railway Lines will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-75 WHEREAS, in LITTLE RIVER COUNTY on STATE HIGHWAY 234, Section 1, at the crossing of the Kansas City Southern Railway Company tracks in Winthrop, Minute Order 4551 provided only for flashing light signal protection; and

WHEREAS, subsequent information relative to sight distance and train speed makes it mandatory, according to PPM 21-10 as revised, that any automatic signal protection installed will include short-arm gates as well as flashing lights;

NOW, THEREFORE, Minute Order 4551 is hereby amended to include both flashing lights and short-arm gates automatic grade crossing protection at a total estimated cost of \$16,000.

All other provisions of Minute Order 4551 shall remain unchanged.

65-76 In PHILLIPS COUNTY, on STATE HIGHWAY 242, the Missouri Pacific Railroad crossing located approximately two miles south of West Helena has been declared hazardous, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is dangerous and that automatic grade crossing protection is warranted,

NOW, THEREFORE, in PHILLIPS COUNTY, on STATE HIGHWAY 242, SECTION 0, at the crossing of the Missouri Pacific Railroad near West Helena, the Director is authorized to proceed with the installation of flashing lights automatic grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the Missouri Pacific Railroad will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-77 In INDEPENDENCE COUNTY on STATE HIGHWAY 14, Section 10: WHEREAS, it has come to the Department's attention that the right bank of White River at a point approximately 1/4 mile east of Oil Trough has caved off to a point near the edge of the pavement; and

WHEREAS, pursuant to a study by the Little Rock District Corps of Engineers it has been determined that adequate bank stabilization can be accomplished under the provisions of Section

14 of the Flood Control Act of 24 July 1946 providing the Highway Department will agree to serve as the local sponsoring agency;

NOW THEREFORE, the Director is authorized to enter an agreement with the Corps of Engineers whereby the Department will serve as the local sponsoring agency for this project and agree to (1) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project; (2) hold and save the United States free from damages due to the construction works; and (3) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army.

65-78 In LINCOLN COUNTY, on STATE HIGHWAY 11 and Prison Road PI-l:

WHEREAS, the Corps of Engineers, U. S. Army, is undertaking improvements of Canal 19 that will require alterations of State Highway 11 and Prison Road PI-l; and

WHEREAS, the Corps of Engineers desires to enter into a cost reimbursable contract with the Department for alterations to State Highway 11 and Prison Road PI-l;

NOW THEREFORE, the Director is authorized to negotiate a reimbursable contract with the Corps of Engineers, U. S. Army, whereby the Department will relocate, rearrange, and alter the sections of State Highway 11 and Prison Road PI-l as necessary to accommodate the Corps of Engineers project.

The Director is further authorized to execute the necessary deeds, easements, and subordination agreements to permit flooding of highway rights-of-way in connection with the improvement and operation of the Corps of Engineers project.

65-79 WHEREAS in SCOTT, LOGAN and SEBASTIAN COUNTIES, the present alignment of Route 71 from the vicinity of "Y" City to a point just West of Greenwood is poor; and

WHEREAS, it has been determined that route studies should be made to determine the most feasible location and type facility to serve this traffic corridor for both present and future traffic demands;

NOW THEREFORE, the Director is authorized to proceed with preliminary studies, surveys, plans and cost estimates to determine the most feasible location of Route 71 from the vicinity of "Y" City to a point just West of Greenwood, at an estimated cost of \$10,000.00. This action is subject to program approval by the Bureau of Public Roads under the normal procedures for route studies.

65-80 Sevier County, Job No. 3641, Jct. Hwy. 41-Cossatot River Bridge, FAP S-320(4). The contract for the construction of approximately 6.375 miles of Grading, Minor Drainage Structures, Double Bituminous Surface Treatment, Four Bridge Length Culverts (110.49 ft. total span) and miscellaneous related items on the Horatio-Locksburg Road, State Highway 24, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$248,406.23.

- 65-81 Miller County, Job No. 3652, State Line Interchange-Homan (Surfacing), FAP I-30-1(32)00. The contract for the construction of approximately 11.108 miles of Grading, Mr. Dr. Strs., Portland Cement Stabilized Base & Shoulders, Portland Cement Concrete Pavement (10" U.T.), Double Bit. Surf. Treated Shoulders, Fencing, Erosion Control & other misc. items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, to Hallett Construction Company of Crosby, Minnesota on their low bid of \$3,003,794.54, subject to the concurrence of the Bureau of Public Roads.
- 65-82 Sebastian County, Job No. 4538, Jct. Hwy. 22-Arkansas River Relief Bridge Interstate Signing, FAP I-540-1(33)11. The contract for the construction of approximately 3.6 miles of Interstate Signing, including delineators, standard signs, guide signs-roadside mounted, one overhead sign and misc. items on the Fort Smith ByPass Interstate Loop, Interstate 540, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas of their low bid of \$27,093.42, subject to the concurrence of the Bureau of Public Roads.
- 65-83 Hot Spring County, Job No. 6812, U.S. 270 Interchange-Nine Mile Creek Interstate Signing, FAP I-30-2(70)97. The contract for the construction of approximately 7.0 miles of Interstate Highway Signing consisting of Delineators, Standard Signs and Guide Signs on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 2, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$17,825.00, subject to the concurrence of the Bureau of Public Roads.
- 65-84 Hot Spring & Saline Counties, Job No. 6824, Nine Mile Creek- U.S. 70 Interchange Interstate Signing, FAP I-30-2(71)104. The contract for the construction of approximately 6.8 miles of Interstate Highway Signing consisting of Delineators, Standard Signs, Guide Signs (Roadside Mounted) and One Overhead Sign on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$33,936.70, subject to the concurrence of the Bureau of Public Roads.
- 65-85 Clark County, Job No. 7572, Highway 51-Missouri Pacific Overpass Grading & Structures, FAP I-30-1(15)53. The contract for the construction of approximately 5.079 miles of Gr., Mr. Dr. Strs., Gravel Base & Dbl. Bit. Surf. Trmt. on Hwy. 51, One R.C. & Dtr. Steel I-Beam Span U'Pass Str. (214.24 ft.), One Br. Span Lgth. Culvt. (25.60 ft. span), Erosion Control & Other Misc. Items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to W.K. Ingram Construction Company of West Memphis, Arkansas on their low bid of \$636,928.56, subject to the concurrence of the Bureau of Public Roads.
- 65-86 Johnson County, Job No. 8560, Cabin Creek-Big Piney Creek Surfacing, FAP I-40-2(31)63. The contract for the construction of approximately 5.142 miles of Grading, Crushed Stone Base Course, Portland Cement Concrete Pavement (9" U.T.), DBST (Shoulders), Erosion Control Items & Misc. Items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$919,260.70, subject to the concurrence of the Bureau of Public Roads.

65-87 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at
3:30 P.M., Wednesday, March 10, 1965.

April 14, 1965

65-88 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 14, 1965.

65-89 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-80 through 65-86 at the regular meeting of the Commission on March 10, 1965.

65-91 Minute Order No. 64-190 dated June 24, 1964, and No. 64-273 dated August 19, 1964, covering equipment purchases for the Arkansas State Highway Department Fiscal Year 1964-65 authorized the purchase of additional equipment after sale of used equipment, as estimates of the purchases were made on estimated cost not including trade-in.

WHEREAS, at this time the Department is in bad need of ten additional new automobiles, and

WHEREAS, in accordance with Act 313 of 1955, the Chief of Equipment Division has requested the State Purchasing Department to secure bids for the outright purchase of ten new automobiles for the Arkansas State Highway Department for which bids were opened under Bid Reference S-65-164 10:00 A.M. March 12, 1965, and

WHEREAS, the low bid for the ten automobiles meeting Arkansas State Highway Department Specifications was submitted by H. F. Trotter, Incorporated, Pine Bluff, Arkansas, at a net price each of \$2,310.04, or total of \$23,100.40 for the ten new units,

NOW THEREFORE, the Director is authorized to proceed in the most feasible manner with the purchase of the ten new automobiles and recommend to the State Purchasing Department that awards be made as follows and as reflected on the attached Bid Tabulation:

ITEM 1 - Ten (10) Automobiles, 4 Door Sedans, to meet AHD Specification 64-65 N.E. No. 64-105, award to H.

F. Trotter, Inc., Pine Bluff, Arkansas, for furnishing 1965 Year Model Ford Custom 500 Fordor at a net price each of \$2,310.04 - Total for Ten Units	\$23,100.40
---	-------------

65-92 WHEREAS, requests for transfer of funds from Betterment Job Allotment to Special Equipment Allotment have been made by letter from District One dated April 7, 1965, District Nine dated March 9, 1965, and District Ten dated March 4, 1965, to cover purchase of the following list of equipment:

DISTRICT ONE, WYNNE

1 Ea. Gradall Machine	Estimated Price
\$35,500.00	
Balance in Special Equipment Allotment	—
<u>10,123.00</u>	
Transfer from Betterment Job Allotment to Special Equipment Allotment	Total Transferred
	25,377.00

DISTRICT NINE, HARRISON

1 Ea. 125 H.P. Crawler Tractor with Angle Dozer and Rear Two Tooth Hydraulic Rooter, approved for purchase by M. O. No. 65-50 dated 3-10-65 with no money value or allotment. Total Purchase Price - \$32,337.79	
Transfer from Betterment Job Allotment to Special Equipment Allotment	Total Transferred
	32,337.79

DISTRICT TEN, PARAGOULD

1 Ea. Crawler Tractor with Dozer, 125 H. P. Drawber Rating With D-7 Cat. Crawler Tractor Trade-in, 1941 Year	20,000.00
3 Ea. Heavy Duty 160 H. P. Motor Graders, with 3 old Motor Graders as trade-in Est. Purchase Price \$16,000.00 Ea.	<u>48,000.00</u>
Transfer from Betterment Job Allotment to Special Equipment Allotment	Total Transferred
	<u>\$ 68,000.00</u>
	\$125,714.79

WHEREAS, it is requested that the transfer of funds be approved for the purchase of the equipment,

NOW THEREFORE, the Director is authorized to proceed in the most feasible manner with the transfer of funds and purchase of equipment for Districts 1, 9 and 10 in the total amount of \$125,714.79.

65-93 WHEREAS, awards for purchases have been made on bids opened on January 28, February 4, 11, 18, 25 and March 4, 1965 in the amounts of \$288,124.14, \$64,943.31, \$100,712.16, \$131,983.83, \$74,095.35 and \$19,119.56, respectively, totaling \$678,978.35, and sales on February 25, 1965 in the amount of \$4,407.77, all of which have been approved in minutes of the Purchasing Committee which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that these actions in making the awards be ratified and confirmed in all particulars.

65-94 WHEREAS, the Purchasing Committee has awarded purchases on January 25, 1965, March 15, March 22, March 29, April 5 and April 12, 1965 in the amounts of \$53,315.40, \$38,884.56, \$34,116.03, \$64,649.41, \$53,307.49 and \$130,791.16, respectively, totaling \$375,064.06, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

65-95 WHEREAS, after careful study by the Department's staff it has been determined that Minute Order No. 65-51 passed by the Arkansas State Highway Commission on March 10, 1965 should be amended to permit more judicious administration.

NOW, THEREFORE, IT IS ORDERED that Section "C" of Minute Order No. 65-51 be rescinded in its entirety and that a new Section "C" be substituted therefor as follows:

C. OVERSIZE VEHICLE.

- (1) The personnel of the Weights and Standards Division, District Engineers and such other personnel of the State Highway Department as may be designated by the Director of Highways are authorized to issue permits for the movement of overlength vehicles not to exceed seventy-five (75) feet in length and/or overwidth vehicles not to exceed twelve (12) feet in width.
- (2) Permits for the movement of oversize vehicles exceeding seventy-five (75) feet in length and/or twelve (12) feet in width shall be issued by the Permit Section in the Central Office in Little Rock, Arkansas.
- (3) Movement of overwidth and/or overlength vehicles shall be made during daylight hours only when weather and surface conditions are favorable.

- (4) The movement of vehicles in excess of twelve (12) feet in width and/or seventy-five (75) feet in length shall be accompanied by a minimum of one escort vehicle with revolving red light mounted on top of cab and with plainly legible sign, with a minimum of six inch letters on front and rear of escort vehicle, with the legend "OVERSIZE LOAD". The escort vehicle shall precede the oversize vehicle or load on all undivided highways. The escort vehicle shall follow the oversize vehicle or load on divided roadways.
- (5) At the discretion of the permit officer, one or more escort vehicles or special lighting devices and "OVERSIZE LOAD" signs may be required on sections of roads with narrow surfaces, restricted sight distances, and/or narrow structures for all oversize vehicles or loads.
- (6) No overwidth vehicle shall follow another overwidth vehicle closer than one thousand (1,000) feet.
- (7) The maximum overall width of a vehicle authorized to be moved upon highways by permit shall be twenty (20) feet or less based on the condition of the highway, distance traveled, and the volume or type of traffic.
- (8) The maximum overall width as provided in Section C (7) may be exceeded up to twenty-four (24) feet by permit only when an emergency exists and then only short moves based on the degree of such emergency.

All other provisions of Minute Order No. 65-51 are to remain in full force and effect.

65-96 The Director is hereby authorized to initiate a detailed series of statewide highway planning studies, the objective being to determine the extent of highway facilities, adequate for the next two decades, for both State and local governments in Arkansas, the cost, and the fiscal resources available therefor. These studies are to be accomplished as Planning and Research Funds become available and shall be started at the earliest possible date; and shall include the following separate but correlated phases of work: (1) A functional highway, road, and street systems classification study, including state highways, county roads, and city streets, (2) A comprehensive highway needs-cost study for all levels of government; and (3) A financial resources and fiscal study, which shall include estimated of cost and proposed methods of financing the highway needs.

These studies shall be coordinated with those to be performed by the "Highway Revenue Distribution Study Commission" authorized by HCR 71 of the 1965 General Assembly and such similar studies as may be requested by the Bureau of Public Roads.

This authorization is subject to the approval of the Bureau of Public Roads.

65-97 WHEREAS, all State Highway Departments have been requested to cooperate with the Federal Government in "The President's Roadside Beautification Program"; and

WHEREAS, the Federal Highway Administrator by Instructional Memorandum 21-4-65 of March 10, 1965, set forth the regulations and authorized Federal-Aid participation in a program to be submitted by July 1, 1965, for constructing highway landscape improvements; for developing Rest Areas, Roadside Parks, and scenic overlooks; and for screening and/or eliminating unsightly areas, such as junkyards, mine tailings, trash dumps, and "messy" borrow locations, on the Federal-Aid System; and

WHEREAS, the Director by Administrative Circular No. 65-7 set up a Beautification Committee to study and recommend a 10-year program for the construction and improvement of Arkansas' roadside parks; and

WHEREAS, the 65th General Assembly passed legislation which requests the cooperation of the State Highway Commission, the Publicity and Parks Commission the Game and Fish Commission, and all other State agencies in the establishment and the operation of tourist information centers at major highway entrances into this State; and

WHEREAS, the State Highway Commission recognizes the economic values to be realized from increased tourist travel, as well as the competitive values and importance of attractive roadside parks in stimulating and retaining tourist travel; and

WHEREAS, the Beautification Committee (a) has prepared a 10-year program for improvement and development of Rest Areas and Roadside Parks, (b) is to make ready a similar report for the screening or elimination of unsightly areas along highways, and (c) is preparing a proposed program of developing scenic overlooks;

NOW, THEREFORE, the Director is hereby authorized to prepare a long-range program of highway beautification and roadside development projects which shall include (1) highway landscape improvements, (2) screening of unsightly areas, and (3) development of safety rest areas, scenic overlooks, and tourist information centers; to initiate work on these programs as funds and personnel are available, subject to the approval of the Bureau of Public Roads; and to work in cooperation with the Publicity and Parks Commission in developing tourist information centers.

65-98 WHEREAS, in Cross County, the Municipality of Wynne requested the Department to develop a plan for an ultimate highway network within and through the urban area that would permit the City to plan for an integrated major street system to adequately serve the future traffic needs of the area, and

WHEREAS, a comprehensive traffic and highway systems study has been made, including traffic desires, services for both internal and external traffic, and a comparison of alternate study routes, and

WHEREAS, the findings of this study have been assembled and published in a report entitled, "Wynne, Arkansas, 1964 Highway Traffic Study,"

NOW, THEREFORE, the "WYNNE, ARKANSAS, 1964 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall long-range plan of future State Highway improvements, with no commitments for

construction; AND IT IS ORDERED that each future highway project will be determined on the basis of need and can be constructed only as funds become available.

65-99 WHEREAS, in Monroe County, the Municipality of Brinkley requested the Department to develop a plan for an ultimate highway network within and through the urban area that would permit the City to plan for an integrated major street system to adequately serve the future traffic needs of the area, and

WHEREAS, a comprehensive traffic and highway systems study has been made, including traffic desires, services for both internal and external traffic, and a comparison of alternate study routes, and

WHEREAS, the findings of this study have been assembled and published in a report entitled, "Brinkley, Arkansas, 1964 Highway Traffic Study,"

NOW, THEREFORE, THE "BRINKLEY, ARKANSAS, 1964 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall long-range plan of future State Highway improvements, with no commitments for construction; AND IT IS ORDERED that each future highway project will be determined on the basis of need and can be constructed only as funds become available.

65-100 In COLUMBIA COUNTY there is a small tract of land left when the Highway Commission purchased land for the Columbia County Area Headquarters in the amount of 0.38 Acre.

WHEREAS, this tract of land is needed for the stockpiling of highway materials, and

WHEREAS, Mr. Harry Colay, Administrator for the Gear Estate, has offered to sell the above-mentioned 0.38 Acre for \$100.00, and described as follows, to wit:

Starting at the Northeast Corner, Section 15, Township 17 South, Range 21 West, thence South 300.0 feet to a point of beginning; thence South 184.9 feet; thence North 43° 16' West 253.9 feet; thence East 174.0 feet to the point of beginning and containing 0.38 Acre, more or less, and all located in the Northeast Quarter, Northeast Quarter, Section 15, Township 17 South, Range 21 West, Columbia County, Arkansas.

IT IS ORDERED that the Director be authorized to complete all details for the acquisition of the property involved to be made a part of the Columbia County Area Headquarters, Magnolia, Arkansas.

65-101 In PULASKI COUNTY, there is a tract of land containing 10 acres, more or less, immediately west and adjacent to the Arkansas Highway Commission's Central Headquarters and District Six Headquarters Area, described as follows:

East Half of the East Half of the Southwest Quarter of the Southeast Quarter, Section 34, Township 1 North, Range 13 West, containing 10 acres, more or less.

WHEREAS, it has been determined that this 10-acre tract of land is necessary to the overall development of the Central Headquarters Area, and

WHEREAS, Mr. Howard E. Cox, owner, has agreed to sell the property to the Highway Commission for \$62,000 with the following conditions:

- (1) The Highway Commission will pay \$17,400 at the time a duly executed warranty deed has been furnished the Commission.
- (2) The balance of the \$62,000 to be paid the grantor in two equal payments, the first becoming due and payable between January 1 and January 15, 1966; the second becoming due and payable between January 1 and January 15, 1967, or the balance shall become due and payable within thirty days after the grantor makes written request to the Commission for payment of the balance in full.
- (3) The grantor shall retain any and all improvements with the right to use them or the right to remove them at grantor's discretion or 120 days after receiving written notice from the Commission to vacate the property providing such notice shall not be given prior to June 15, 1966.

IT IS ORDERED that the Director be authorized to complete all details for the acquisition of the property to be made a part of the Arkansas Highway Department Central Headquarters Area.

65-102 In LITTLE RIVER COUNTY, IT IS ORDERED that the official routing of State Highway No. U.S. 71, Section 4, through Ashdown shall be in accordance with the relocated and reconstructed section as constructed by Job 3580; and, in conformity with Supreme Court decisions, the portion of the old route along Main Street and Park Avenue which has been replaced by new construction on new location, is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

65-103 WHEREAS, there is need for ten additional Two-Way Communication Mobile Radio Units,

IT IS ORDERED that the Director be authorized to purchase the 10 additional units at a cost of approximately \$8,500.00, provided that Civil Defense participation of approximately 50 per cent can be obtained.

65-104 WHEREAS, the increase in traffic at Pendleton Ferry, due to the Arkansas River construction work, has created the need to extend the hours of ferry service:

NOW, THEREFORE, the Director is authorized to extend the hours of operation as required, up to 24 hours per day.

The cost for the additional operation shall not exceed \$12.15 per hour.

65-105 In CLAY COUNTY on STATE HIGHWAY 1, Section 21, from State Highway 90 north to Piggott - a distance of 10 miles, the Director is authorized to level up the existing surface with Blade Mix Asphaltic Material and construct Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$45,000.00.

Work to be done by Maintenance Forces.

This does not alter Item 39 of Minute Order 64-374.

65-106 In CROSS COUNTY at the Intersection of State Highways 1 and 284 in Wynne, the Director is authorized to construct Curbs, Islands and additional Pavement, in accordance with channelization plans prepared by the Planning and Research Division, as a Betterment Project, at an estimated cost of \$12,000.00.

Work to be done by Maintenance Forces.

This work to be conditioned on the furnishing of right-of-way and the removal of all utilities by the City of Wynne at no cost to the State.

65-107 In FRANKLIN COUNTY on STATE HIGHWAY 288, Section 1, from Peter Pender - East, a distance of 4.64 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and 3 Bridges, as a Betterment Project, at an estimated cost of \$48,000.00.

Work to be done by Maintenance Forces.

65-108 WHEREAS, in HEMPSTEAD COUNTY on STATE HIGHWAY 4 at Hope, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with three bids received for opening on March 18, 1965, and,

WHEREAS, the Purchasing Committee, on March 22, 1965, recommended, that the low bid of \$29,823.90 by Mid-State Construction Company be accepted

IT IS ORDERED that this work be awarded to Mid-State Construction Company of Malvern on their bid.

65-109 In INDEPENDENCE COUNTY on U. S. 167, Section 17, at Batesville, the Director is authorized to replace the existing timber deck on the White River Bridge with a Concrete Deck, as a Betterment Project, at an estimated cost of \$80,000.00.

Work to be done by contract

65-110 In LONOKE COUNTY on STATE HIGHWAY 130, Sections 2 and 3, from England - North and East, a total distance of 12.28 miles, the Director is authorized to resurface selected

sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$113,200.00.

Work to be done by Purchase Order Contract.

- 65-111 WHEREAS, at the Miller County Area Headquarters at Texarkana, there is need for an Air Conditioning System to serve the increased number of personnel working in the Resident Engineer's Office,

IT IS ORDERED that the Director be authorized to add Air Conditioning to the present heating system, which will serve both the Maintenance and Resident Engineer Offices, as a Building Project, at an estimated cost of \$1,050.00.

- 65-112 WHEREAS, Minute Order 64-211 authorized the construction of 2071 miles of STATE HIGHWAY 181, Section 4, from the Blytheville Air Base to the Missouri State Line, as a Betterment Project, with an allotment of \$76,500.00, and,

WHEREAS, two Plan Changes increased the cost of this construction,

IT IS ORDERED that Minute Order 64-211 (Special Project 10-517) be supplemented from Betterment Funds in the amount of \$26,000.00.

- 65-113 In POPE COUNTY on STATE HIGHWAY 164, Section 3, from Long Pool Road to State Highway 7, a distance of 3.20 miles, the Director is authorized to construct Grading, Base and Single Bituminous Surface Treatment, as a Betterment Project at an estimated cost of \$25,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-114 WHEREAS, in YELL COUNTY on State Highway 28, Section 3, approximately 3 miles east of Gravelly, Mrs. Grace Raney of Gravelly has offered to deed to the Department a suitable site for a Roadside Park, containing 1.15 acres,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to establish a Roadside Park on this site.

- 65-115 In ARKANSAS COUNTY, on STATE HIGHWAY 169, Section 1, the construction of Lock and Dam #2 of the Arkansas River Navigation Project by the Corps of Engineers, U. S. Army, will require alterations to STATE HIGHWAY 169; and

WHEREAS, the Corps of Engineers have proposed alterations involving raising the existing highway in place; and

WHEREAS, the National Park Service of the U. S. Department of Interior has requested that the alterations be performed on new location to better serve the park facilities of Arkansas Post National Monument.

NOW THEREFORE, the Director is authorized to negotiate and execute a contract with the Corps of Engineers whereby the Department will be responsible for the design and construction of the required alterations on the proposed revised alignment subject to lump sum reimbursement in the amount of the estimated cost c~ raising the existing route in place.

The Director is further authorized to construct the alterations on new location subject to the condition that necessary right-of-way be provided with cut cost to the Department.

The Director is further authorized to execute deeds and easements as may be required by the Navigation Project.

65-116 In FAULKNER & PERRY COUNTIES on STATE HIGHWAY 60, Sections 0 and 1; WHEREAS, pursuant to the authority of Minute Order 65-34 the Director has executed a tripartite agreement between the Department, The Bureau of Public Roads and the Corps of Engineers for the construction of a bridge crossing over Lock and Dam No. 8 on the Arkansas River at Toadsuck Ferry near Conway; and

WHEREAS, the contract provides for construction by the Corps of Engineers, as a part of the lock and dam, of the portion of the bridge crossing over the masonry lock and dam structure at an estimated cost of \$600,000 with approximately \$531,000 to be furnished by the Bureau of Public Roads from Title 23 U. S. Code 320 funds and the balance of approximately \$69,000 to be furnished by the Department; and

WHEREAS, as a requirement of Title 23 U. S. Code 320 the contract further provides that the Corps of Engineers will at a later date construct the portions of the bridge outside the limits of the masonry lock and dam at an estimated cost of \$817,000 with funds to be furnished by the Department in time to allow completion of construction within two years following completion of the lock and dam, and

WHEREAS a the contract further provides that the Department will construct approach roadways to the bridge within two years after the completion of the lock and dam,

NOW THEREFORE, the actions of the Director in connection with the negotiations and execution of this tripartite agreement are ratified in all respects.

The Director is further authorized to execute the necessary flowage easements and right-of-way documents involved in the construction of these facilities.

65-117 It having come to the attention of the Arkansas State Highway Commission that on August 31, 1961, Access Driveway Permit No. 7214 was issued by the Arkansas State Highway Department to J. J. Petrus, providing for the construction across the right-of-way of State Highway No. 11 of an access driveway 24 feet wide on the east side of State Highway No. 11, approximately 3.5 miles from the junction of State Highways 86 and 11, and providing for the installation of a drainage structure 36 inches in diameter and 24 feet in length, which permit was issued upon the condition that the permittee, J. J. Petrus, had the legal right to the possession and control of the parcel of property adjacent to the right of way frontage within which the proposed driveway was to be constructed; and it now appearing to the Commission that Arkansas Irrigation Company had, at the time of the issuance of said permit, the right to impound and control water from said adjacent parcel of property below elevation 207.00, which fact was not known to the Highway Department at the time of the issuance of the original permit aforesaid; and it further appearing to the Commission that the drainage structure provided for in said permit, which is located in the drainage ditch of said State Highway No. 11 contemplated the normal flow and drainage of water controlled by natural conditions, but that said drainage structure as actually installed permits and has been used to permit, the flow of water through said drainage structure contrary to and against the natural flow under natural conditions, and that a proper control should be placed upon said drainage structure; and that it will be for the best interest of the State Highway Department that a new permit be issued jointly to said J. J. Petrus, or his successors in title, and Arkansas Irrigation Company, which should provide for a proper control to be installed on said drainage structure and that said original Permit No. 7214 be revoked.

IT IS THEREFORE BY THE COMMISSION CONSIDERED AND ORDERED that said original Permit No. 7214 be, and the same is hereby, revoked and that a new permit as above defined and described be issued in lieu thereof.

IT IS SO ORDERED,

65-118 In CALHOUN COUNTY on HIGHWAY U.S. 167 between Hampton and the Ouachita River there are two narrow bridges that are so dangerous it is considered that an emergency exists, and the Director is authorized to widen them and their approaches at an estimated cost of \$45,000.00,

This action is subject to approval by the Bureau of Public Roads.

65-119 In CRITTENDEN COUNTY, on INTERSTATE HIGHWAY 40 for a bridge over the Mississippi River near Memphis:

WHEREAS, an Agreement has been entered into between the Tennessee Department of Highways and the Arkansas State Highway Commission as approved by Minute Order No. 64 322 September 16, 1964, and

WHEREAS, the Commissioner for the Tennessee Department of Highways has negotiated an agreement with Hazelet and Erdal, Professional Engineers, Louisville, Kentucky, in accordance with the aforementioned Minute Order; and

WHEREAS, this Consulting Engineer Agreement has been examined and is found acceptable to the Department; and

WHEREAS, the Director has executed the Consulting Engineer Agreement on behalf of the Arkansas State Highway Commission for the performance of professional engineering services in connection with the location, design, and construction of the Memphis Bridge for the following lump sum fees; preliminary plans 405,000; design - \$849,840; construction supervision - \$1,386,000. The total cost which is to be participating in Federal Aid Interstate (90-10) funds to be prorated on a State fund matching basis of 40% by Arkansas and 60% by Tennessee; and

WHEREAS, this action was taken subject to approval by the Bureau of Public Roads.

NOW THEREFORE, the actions of the Director in this matter are ratified in all respects

65-120 In CROSS COUNTY, on STATE HIGHWAY 42, the St. Louis Southwestern Railway crossing at Hickory Ridge has been declared hazardous, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is dangerous and that automatic grade crossing protection is warranted,

NOW, THEREFORE, in CROSS COUNTY, on STATE HIGHWAY 42, SECTION 2, at the crossing of the St. Louis Southwestern Railway at Hickory Ridge, the Director is authorized to proceed with the installation of flashing lights and short arm gates automatic grade crossing protection at an estimated cost of \$16,000 subject to the following conditions:

1. That the St. Louis Southwestern Railway will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-121 In IZARD and STONE COUNTIES on STATE HIGHWAY 5 at Calico Rock:

WHEREAS, by authority of Minute Order 64-121, plans were developed for stage construction of a bridge across White River, initially for the substructure and later for the superstructure, and

WHEREAS, by the authority of Minute Order 64-323, construction of the substructure for this White River Bridge has now progressed to the point that the orderly continuation of stage construction necessitates an early contract for the construction of the superstructure.

NOW THEREFORE, the Director is authorized to proceed with the construction of the superstructure for this White River Bridge at an estimated cost of \$266,000.

This action is subject to program approval by the Bureau of Public Roads.

65-122 In JACKSON COUNTY on HIGHWAY U.S. 67 in the City of Newport, due to existing traffic conditions it is declared that an emergency exists from the end of the White River Bridge to the beginning of the Diaz Overpass, a distance of approximately 4.7 miles, and the Director is authorized to proceed with surveys, completion of plans for a 4-lane facility, and construction, as soon as funds are available, at an estimated cost of \$1,000,000.00 is action is subject to the furnishing of right-of-way and the removal of utilities at no cost to the State, and program approval by the Bureau of Public Roads.

65-123 In JEFFERSON COUNTY for a new expressway of Highway US 65 through the City of Pine Bluff:

WHEREAS, previous minute orders authorized surveys and planning of the Pine Bluff Expressway, with construction being deferred until right-of-way was furnished by others than the State Highway Department; and

WHEREAS, it has been determined that this project is of much importance both to the Highway Commission and to the City of Pine Bluff; but the City of Pine Bluff does not have, nor will it have in the immediate future, sufficient funds to pay for the right-of-way in full; and

WHEREAS, the City of Pine Bluff wants to cooperate to its fullest ability and in token thereof has passed a resolution dated September 21, 1964 which commits them to a total payment of \$100,000 to be paid in annual payments of \$25,000 each until the full amount has been paid and as evidence of good faith, has already delivered the first payment;

NOW THEREFORE, the Highway Commission accepts the offer of the City of Pine Bluff and authorizes the Director to proceed with completion of plans and acquisition of right-of-way to facilitate construction of the project as soon as feasible.

This action is subject to final approval of the plans and right-of-way acquisition by the Bureau of Public Roads.

65-124 In PRAIRIE COUNTY 9 on HIGHWAY 38 at Des Arc:

WHEREAS, Minute Order 64-12 authorized the development of plans for stage construction of a bridge across the White River; and

WHEREAS, the plans for this bridge have been completed; and

WHEREAS, due to limited funds available stage construction of the bridge and approaches will be in public interest.

NOW THEREFORE, the Director is authorized to proceed with the construction of the west approaches for this White River bridge at an estimated cost of approximately \$208,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of-way free of cost to the State

- 65-125 Phillips County, Job No. 11681, Wycamp-West Helena, FAP F-018-1(13) & U-018 1(16). The contract for the construction of approximately 4.588 miles of Grading, Minor Drainage Structures, Gravel and Asphalt Treated Gravel Base Courses, ACHM Base & Surface Courses, Dbl. Bit. Treated Shoulders, Concrete Curb and other misc. items on the Wycamp-West Helena Road, U. S. Highway 49, Section 2, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on their low bid of \$659,509.72, subject to the concurrence of the Bureau of Public Roads.
- 65-126 St. Francis County, Job No. 11714~ Jct. Hwy. 38-Hicks Station Grading and Structures, FAP I-40-5(33)249. The contract for the construction of approximately 4.486 miles of Gr., Mr. Dr. Strs., Subbase (M.L.), Selected Material, Gravel Base & DBST (Frtg. & Co.Rds.), 2 Comp. I-Beam Span U'pass Strs. (428.55 ft. Tot. Lgth.) 9 2 Comp. I-Beam Span O'pass Strs. (844.36 ft. Tot. Lgth.) (Alt. No. 1) or 2 Comp. prestressed Conc. Beam Span O'pass. Strs. (844.20 ft. Tot. Lgth.) (Alt. 65-141 WHEREAS, the completion and anticipated completion of sections of the Interstate System makes it necessary to provide weight stations at approved locations for essential enforcement of commercial vehicle size and weight restrictions; compliance with vehicle licensing requirements; compliance with permit regulations; and the performance of other duties and functions assigned the Weights and Standards Division; and

WHEREAS, in order to adequately perform the functions assigned to the Weights and Standards Division on the Primary and Secondary Systems it is necessary that proper facilities including weighing equipment and housing be provided at various future locations; and

WHEREAS, the Highway Director has secured the services of Harold Boyce, Architect, at an agreed fee of \$813.00 to design a typical Weight Station Building to be used at all locations on all highway systems where future weight station facilities are to be provided;

NOW, THEREFORE, the actions of the Highway Director in securing the services of an architect are hereby ratified in all particulars and the Director is further authorized and directed to proceed in the most feasible and economical manner possible to provide the necessary facilities essential for the functions of the Weights and Standards Division.

65-142 WHEREAS, the Purchasing Committee has awarded purchases on April 19, April 26, May 3, May 10 and May 17, 1965 in the amounts of \$105,070.49, \$58,419.62, \$124,487.04, \$136,180.13 and \$193,031.16, respectively, totaling \$617,188.44 and Sales on May 17, 1965 in the amount of \$12,106.35, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

65-143 WHEREAS, District Nine, Harrison, has requested by letter dated March 9, 1965 that funds be transferred from Betterment Job Allotment to Special Equipment Allotment to cover purchase of two Crawler Tractors with three trade-ins and purchase of five heavy duty motor graders with five trade-ins, and

WHEREAS, Traffic Services Division has requested by Form AH-118 (Request for Movement of Property) dated March 30, 1965, that funds be transferred from Budget 420 (Traffic

Services) to Budget 640 (Road Machinery and Equipment) to cover the purchase of one Pavement Marking Machine in the estimated amount of \$35,000.00, and

WHEREAS, one Crawler Tractor with two trade-ins was approved for purchase for District Nine under M. O. No. 65-50 dated March 10, 1965, and funds transferred from Betterment Job Allotment to Special Equipment Allotment under M. O. 65-92 dated April 14, 1965, and it is requested that funds now be transferred from Betterment Job Allotment to Special Equipment Allotment to cover the purchase of one Crawler Tractor with one trade-in and five motor graders with five trade-ins in the estimated amount of \$97,000.00,

NOW THEREFORE, the Director is authorized to proceed in the most feasible manner with the transfer of funds and purchase of additional equipment for District Nine and the transfer of funds and purchase of Pavement Marking Machine for Traffic Services as listed below:

- | | | |
|-------|---|----------------------------------|
| 1 Ea. | 125 H.P. Crawler Tractor with Angle Dozer and Rear Tooth Hydraulic Rooter, W/I Trade-in, State No. 2800, 1946 IHC Tractor | Estimated Price \$ 32,000.00 |

| 5 Ea. | 125 H.P. Motor Graders, W/5 Trade-ins, State No. 1305 - 1948 CMC Trojan, State No. 1371, 1950 Austin Western, State No. 1393 - 1950 Huber, State No. 2376 - 1941 Caterpillar, and State No. 3759 - 1946 Caterpillar | Estimated Price <u>65,000.00</u> |

AMOUNT TO BE TRANSFERRED FROM DISTRICT 9 BETTERMENT JOB ALLOTMENT TO SPECIAL EQUIPMENT ALLOTMENT	97,000.00
--	-----------

1 Ea. Pavement Marking Machine (420 to 640)	Estimated Price <u>35,000.00</u>	
TOTAL AMOUNT TO BE TRANSFERRED		\$132,000.00

65-144 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAYS 11 and 152, from Lodges Corner to DeWitt, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with three bids received for opening on April 15, 1965, and,

WHEREAS, the Purchasing Committee on April 19 recommended that the low bid be accepted,

IT IS ORDERED that the job, designated as Special Project No. 2-523(1), be awarded to D. F. Jones Construction Company of Little Rock. on their low bid of \$77,127.S0.

65-145 WHEREAS, in CONWAY COUNTY on U. S. 64, Section 7, from Morrillonto Meniffee, bids were invited under Purchase Order Contract procedure for the resurfacing of selected sections with Asphaltic Concrete Hot Mix Surface Course, with three bids received for opening on April 22, 1965, and,

WHEREAS, the Purchasing Committee on April 26 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 8-519(1), be awarded to J. W. McCracken of Conway, on his low bid of \$44,950.12.

65-146 WHEREAS, in HEMPSTEAD COUNTY at the District No. 3 Headquarters at Hope, bids were invited under Purchase Order Contract procedure for the construction of a Paint Shop, with two bids received for opening on May 13, 1965, and,

WHEREAS, the low bid exceeded the estimate by \$4,430.00, and,

WHEREAS, the Purchasing Committee, on May 17, recommended that the allotment be supplemented in this amount and that the award be made to the low bidder,

IT IS ORDERED that this job, designated as Special Project No. 3-198-B, be awarded to Carroll Building and Appliance Company of Murfreesboro on their low bid of \$32,430.00 and that Minute Order 64-357 be amended to increase the allotment from \$28,000.00 to \$32,430.00.

65-147 WHEREAS, in HOWARD COUNTY on STATE HIGHWAY 355, from State Highway 24 to Mineral Springs, bids were invited under Purchase Order Contract procedure for 15,302 cubic yards of Gravel Base Course dumped on the road, with five bids received for opening on May 13, 1965, and,

WHEREAS, the Purchasing Committee, on May 17, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 3-512 (1), be awarded to McMillin-Burkett Construction Company of Texarkana, Texas, on their low bid of \$29,991.92.

65-148 WHEREAS, in LOGAN COUNTY on STATE HIGHWAY 23, from the Scott County line to the State Sanitorium, bids were invited under Purchase Order Contract procedure for Cold Plant Mix Asphalt dumped on the road, with one bid received for opening on May 6, 1965, and,

WHEREAS, the Purchasing Committee, on May 10, recommended that this bid be accepted,

IT IS ORDERED that this work be awarded to Arkhola Sand and Gravel Company of Fort Smith on their bid of \$39,681.30.

65-149 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY 130, from the Pulaski County line to Humnoke, bids were invited under Purchase Order Contract procedure for the resurfacing of selected sections, totaling 12.28 miles, with six bids received for opening on May 13, 1965, and,

WHEREAS, the Purchasing Committee, on May 17, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 6-520(1), be awarded to Southeast Construction Company of Pine Bluff, on their low bid of \$88,852.69.

65-150 WHEREAS, in SEBASTIAN COUNTY on STATE HIGHWAY 10, from seven miles east of Greenwood to the Logan County line, bids were invited under Purchase Order Contract procedure for Cold Plant Mix Asphalt dumped on the road, with one bid received for opening on May 6, 1965, and,

WHEREAS, the Purchasing Committee, on May 10, recommended that this bid be accepted,

IT IS ORDERED that this work be awarded to Arkhola Sand and Gravel Company of Fort Smith on their bid of \$32,665.00.

65-151 WHEREAS, in BOONE COUNTY at the District No. 9 Headquarters in Harrison, there is need for an additional building to house a Materials Laboratory and other facilities, and,

WHEREAS, additional land has been acquired adjacent to the existing lot,

IT IS ORDERED that the Director be authorized to construct an additional building, satisfactory for the District's use, as a Building Project, at an estimated cost of \$35,000.00.

65-152 In LINCOLN COUNTY on STATE HIGHWAY 11, Section 2, at Star City, the Director is authorized to overlay the existing pavement around the Square with Cold Plant Mix material and seal, as a Betterment Project, at an estimated cost of \$3,500.00.

Work to be done by Maintenance Forces.

65-153 In POPE COUNTY on STATE HIGHWAY 164, Section 5, from the Isabell Creek Bridge to STATE HIGHWAY 105 in Oak Grove, a distance of 3.48 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$55,000.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

This will delete 3.48 miles of Item 77, Minute Order No. 64-375 - Job 8583.

65-154 WHEREAS, in the acquisition of right of way for the construction of Interstate Highway 40, Right of Way Project 8463 Section 2, London - East End Russellville ByPass, the entire ownership of Mr. and Mrs. James Alewine was acquired on October 31, 1962.

WHEREAS, in the acquisition of right of way for the above mentioned Interstate Project, a remnant including improvements was acquired with State funds; and

WHEREAS, the Arkansas State Highway Commission is the owner of the following described parcel of land located in Pope County:

Part of the Southeast Quarter of the Southeast Quarter of Section 33, Township 8 North, Range 20 West, Pope County, Arkansas.

Starting at the Northeast Corner of the Southeast Quarter of the Southeast Quarter of Section 33; thence North 88° 16' West along the North line thereof a distance of 421.5 feet to a point on the proposed southwesterly right of way line of Interstate Highway 40 for the point of beginning; thence South 49° 55' East along said proposed right of way line a distance of 34.0 feet to a point; thence South 34° 32' 26" East along said proposed right of way line a distance of 207.4 feet to a point; thence South 49° 55' East along said proposed right of way a distance of 45.6 feet to a point; thence South 40° 05' West along said proposed right of way line a distance of 20.0 feet to a point; thence South 49° 55' East along said proposed right of way line a distance of 10.0 feet to a point on the existing northwesterly right of way line of Arkansas State Highway No. 124; thence South 40° 05' West along said existing right of way line a distance of 200.8 feet to a point; thence southerly along said existing right of way line on a curve right having a radius of 2261.8 feet a distance of 123.2 feet to a point; thence North 3° 40' East a distance of 490.6 feet to a point on the North line of the Southeast Quarter of the Southeast Quarter of Section 33; thence South 88° 16' East along said north line a distance of 5.52 feet to the point of beginning and containing 1.0 Acre, more or less, including building improvements thereon.

WHEREAS, said parcel of land and improvements thereon may be disposed of without adverse affect on the right of way for U. S. Interstate Highway 40:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of right of way and improvements thereon as surplus property and dispose of it in compliance with the Statutes in effect.

65-155 WHEREAS, the Arkansas State Highway Commission is the owner of the following described parcel of land located in Union County, Arkansas, to wit:

A part of Lot 29, Wilchers Subdivision to El Dorado, Union County, Arkansas, containing 1,987.5 square feet, more particularly described as follows:

Beginning at the Northwest Corner of Lot 29, Wilchers Subdivision; thence East along the north line of said Lot 29 a distance of 52.0 feet to the westerly right of way line of Highway 167 ByPass; thence southwesterly along the said westerly right of way line of Highway 167 ByPass 55.7 feet to the south line of Lot 29; thence West along the south line of Lot 29 a distance of 27.5 feet to the Southwest Corner of said Lot 29; thence North 50.0 feet to the point of beginning.

WHEREAS, said parcel of land was acquired by the Arkansas State Highway Commission in the acquisition of right of way for Highway 167 ByPass; and

WHEREAS, said parcel of land is outside a line of continuity for normal right of way widths and is no longer needed or required by the Highway Commission;

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission declare this parcel of property as surplus and the disposition thereof be in accordance with the provisions of Statutes in effect.

65-156 In SEARCY, WHITE COUNTY, ARKANSAS, there is located an Area Headquarters.

WHEREAS, this Area Headquarters has out grown its area and additional property is needed for the proper maintenance of Highway materials; and

WHEREAS, Mr. Ivan Quattlebaum has offered to sell a tract of land containing 2.96 Acres, more or less, for a consideration of \$3,500.00, and described as follows, to wit:

Starting at the common corner of Sections 13, 14, 23 and 24, Township 7 North, Range 7 West; thence North 89° 51' East 810.3 feet along the line between Sections 13 and 14; thence South 0° 25' West, 170.0 feet to the point of beginning; thence North 89° 51' East, 509.2 feet to the northwest right of way line of U. S. Highway 67; thence South 42° 53' West 569.6 feet along said right of way line; thence North 47° 07' West, 172.0 feet; thence North 0° 25' East, 299.18 feet to the point of beginning and containing 2.96 Acres, more or less, and all located in the Northwest Quarter of the Northwest Quarter of Section 24, Township 7 North, Range 7 West, White County, Arkansas.

The above described tract of land is south of and adjacent to the existing Area Headquarters.

IT IS ORDERED, that the Director of the Highway Department be authorized to complete all details for the acquisition of property involved to be used as Area Headquarters at Searcy, White County, Arkansas.

65-157 In CONWAY COUNTY for INTERSTATE ROUTE 40 from near Kenwood to and including the Highway 92 Interchange in Plumerville, being the section from A5.2.1 to A5.3.1 of the 1964 104(b) (5) study:

WHEREAS, the Department's personnel are so busily engaged in current projects that immediate attention cannot be given to this section of the Interstate System; and

WHEREAS, it is desired to develop right-of-way requirements and construction plans at the earliest possible date;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing complete construction plans and right-of-way requirements for the project.

This action is subject to the approval of the Bureau of Public Roads.

65-158 WHEREAS, In DESHA COUNTY on STATE HIGHWAY 4, SECTION 16, at the Missouri Pacific Railroad crossing in McGehee, Minute Order 3922 authorized the construction of an overpass with approaches over existing tracks and a proposed Missouri Pacific Hump yard, subject to certain conditions, the second condition being the provision of a definite commitment by the Missouri Pacific Railroad Company that the hump yard will be built, with a target date for the beginning of construction; and

WHEREAS, the Missouri Pacific Railroad Company has subsequently advised that the proposed hump yard at McGehee will not be constructed;

NOW THEREFORE, Minute Order 3922 is hereby amended to exclude reference to the proposed Missouri Pacific Hump yard and to delete condition number 2. All other provisions of Minute Order 3922 shall remain unchanged.

65-159 In WASHINGTON COUNTY on U. S. 71 Bypass of Fayetteville: WHEREAS, the studies, surveys and plans necessary to determine right-of-way requirements, authorized by Minute Order 3562 dated January 26, 1960 and Minute Order 4848 dated October 10, 1962 have been completed; and

WHEREAS, this route passes through an area that is being developed rapidly; and

WHEREAS, it is considered economical and wise to protect the right-of-way at this time.

NOW THEREFORE, the Director is authorized to proceed with the acquisition of right-of-way.

This action is subject to the approval of the Bureau of Public Roads.

65-160 In WASHINGTON COUNTY on U. S. 71 in and south of Fayetteville, the Director is authorized to eliminate an existing hazardous condition by widening the existing pavement to four lanes from the Fayetteville airport northwardly for a distance of approximately 3.8 miles to the beginning of the existing four lane pavement near the Junction of U. S. Highway 62 at an estimated cost of \$665,000.

This action is subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. That right-of-way and utility adjustments be provided by local interests without cost to the Department.

65-161 In WOODRUFF COUNTY on HIGHWAY U. S. 64 in the vicinity of McCrory:

WHEREAS, Minute Order 4486, Item 1, authorized the construction of grading, minor drainage structures, and approximately 1,650 feet of major structures from approximately 2 miles

north of Cavell east on new location to tie with existing location east of McCrory, such work being the first stage of an ultimately completed facility; and

WHEREAS, this work under Job 11699 has now progressed to the point that the orderly continuation of stage construction necessitates an early contract for the base, surface and erosion control for this section of roadway:

NOW THEREFORE, the Director is authorized to proceed with preparation of plans, and construction, as funds are available, of approximately 8.0 miles of base, surface and erosion control through the limits of Job 11699 at an estimated cost of \$750,000.00.

This action is subject to program approval by the Bureau of Public Roads.

65-162 Cross County, Job No. 11658, Junction Highway 64-Vanndale, FAP F-031-2(13). The contract for the construction of approximately 5.415 miles of Grading, Minor Drainage Structures, Subbase, Gravel & Asphalt Treated Gravel Bases, ACHM Base & Surface Course, DBST Shoulders, 4-R.C. Slab Span Bridges (285.00 feet total), 1 Bridge-Span Length Culvert (22.08 ft. span) and miscellaneous items, State Highway 1, Section 14, is awarded to Freshour Construction Company, Inc., of Sweet Home, Arkansas on their low bid of \$620,937.77, subject to the concurrence of the Bureau of Public Roads.

65-163 Lincoln County, Job No. 2628, Drew County Line-Star City, FAP F-023-1(13). The contract for the construction of approximately 9.422 miles of Grading, Minor Drainage Structures, Asphalt Treated & ACHM Base Courses, ACHM Surface Courses, 1 Bridge Span Length Culvert (22.17 ft. span), Erosion Control Items and miscellaneous items, State Highway 81, Section 5, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$644,957.34, subject to the concurrence of the Bureau of Public Roads.

65-164 Ashley County, Job No. 2646, Crossett-North, FAP S-511(1). The contract for the construction of approximately 5.771 miles of Grading, Minor Drainage Structures, P. C. Stabilized Base, DBST, 1 Bridge-Span Length Culvert (22.08 ft. span) and miscellaneous items, State Highway 133, Section 2, is awarded to Eugene A. Ware, Inc., of Bastrop, Louisiana on their low bid of \$194,792.13.

65-165 Desha County, Job No. 2666, Kelso-West, FAP S-426(3). The contract for the construction of approximately 9.767 miles of Grading, Minor Drainage Structures, Selected Material, P.C. Stabilized Base, DBST, 1 Bridge-Span Length Culvert (25.5 ft. span) and other miscellaneous items, State Highway 138, Section 4, is awarded to B. M. Smith, Contractor, of Lake Village, Arkansas on their low bid of \$256,078.25.

65-166 Polk County, Job No. 4542, Skyline Drive (State Park-Southeast), FAP FLH-88(2). The contract for the construction of approximately 4.678 miles of Grading, Minor Drainage Structures, Asphalt Treated Gravel Base Courses, Gravel and Sod Mulch Shoulders, DBST, Erosion Control Items and Miscellaneous related items, State Highway 88, Section 1, is awarded to Forsgren, Inc.,

of Fort Smith, Arkansas on their low bid of \$424,743.17, subject to the concurrence of the Bureau of Public Roads.

- 65-167 Stone & Izard Counties, Job No. 5560, White River Bridge Superstructure, FAP S-89(4). The contract for the construction of approximately 813.13 feet of Combination R.C. Slab Span & R.C. & Structural Steel Plate Girder Spans for the White River Bridge Superstructure at Calico Rock, State Highway 5, Sections 16 and 17, is awarded to Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$216,480.00.
- 65-168 Prairie County, Job No. 6718, White River Bridge and Approaches, FAP I-40-4(10)200. The contract for the construction of approximately 2.758 miles of Grading, Minor Drainage Structures, Erosion Control and other miscellaneous items throughout the project; P.C. Concrete Pavement (10" U.T.), Crushed Stone Base and Shoulders with B.S.T. on Main Lanes and Ramps; Concrete Median Divider for Main Lanes, Crushed Stone Base and B.S.T. on Rest Area Roads; 2-R.C. and Structural Steel I-Beam Span Relief Bridges (644.36' total length); and 1-R.C. and Structural Steel Plate Girder Span River Bridge (2700.50 lineal Feet), Interstate 40, Section 4, is awarded to Austin Bridge Company, of Dallas, Texas on their low bid of \$4,521,182.70, subject to the concurrence of the Bureau of Public Roads.
- 65-169 Hot Spring County, Job No. 6808, Friendship-Midway (Grading and Structures, FAP I-30-2(67)80. The contract for the construction of approximately 4.526 miles of Grading, Minor Drainage Structures, Gravel Base on Frontage Roads and Cross Roads, DBST on Right Frontage Road and Cross Road, 1-R.C. and Structural Steel, I-Beam U'pass Structure (233.28 ft.), 4-R.C. and Structural Steel I-Beam Span O'pass Structures (675.48 ft.-Alternate No. 1) or 4 Prestressed Concrete Beam Span O'pass Structures (675.10 ft.-Alternate No. 2), 1 Bridge-Span Length Culvert (22.08 ft. span), Erosion Control and other miscellaneous items, Interstate 30, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$1,181,289.39, subject to the concurrence of the Bureau of Public Roads.
- 65-170 Pulaski County, Job No. 6840, Missouri Pacific Overpass- Lonoke County Line (Fencing), FAP I-40-3(48)157. The contract for the construction of approximately 7.721 miles of Fencing, Consisting of Woven Wire Fence and Chain Link Fence (Steel or Aluminum Alloy), with Gates and appurtenances and minor related items, Interstate 40, Section 3, is awarded to United Fence Company of North Little Rock, Arkansas on their low bid of \$46,351.19, subject to the concurrence of the Bureau of Public Roads.
- 65-171 Crawford County, Job No. C-17-10, Dean Springs-East and West Surfacing, FAP S-1179(2). The contract for the construction of approximately 3.396 miles of Reconstructed Base Course, Additional Crushed Stone Base, DBST, Traffic Control Signing and miscellaneous items, County Road, Section FAS Route 2046, is awarded to Freshour Construction Company, Inc., of Sweet Home, Arkansas on their low bid of \$25,039.20, subject to the concurrence of the Crawford County Judge.

65-172 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at
3: 00 P.M., Wednesday, May 19, 1965.

June 29, 1965

MEMORANDUM

An error was made in numbering the minute orders for the June 23, 1965. Commission meeting. Please change the numbers as follows:

65-138 to 65-173	65-168 to 65-203	65-198 to 65-233

65-176 WHEREAS, the Purchasing Committee has awarded purchases on May 24 and 31 and June 7, 14 and 21, 1965 in the amounts of \$89,460.55, \$200,861.48, \$164,718.93, \$62,985.07 and \$85,751.20, respectively, totaling \$603,777.23 and Sales on June 7, 1965 in the amount of

\$5,908.00, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

65-177 A RESOLUTION to permit the movement of maximum gross loads of 73,280 pounds on certain State Highways not on the Federal-Aid Primary System in the State of Arkansas.

WHEREAS, the State Highway-Commission is authorized by law under Sub-section (d) of Section 3 of Act 78 of 1963 to designate certain State Highways not on the Federal-Aid Primary System as being eligible on which to move the legal maximum gross weight of 73,280 pounds and to permit the movement of the maximum weights; and,

WHEREAS, after thorough investigation and after giving careful consideration to all factors involved the Highway Commission has deemed it to be in the best interest of the people of Arkansas to permit the movement of the legal maximum gross loads of 73,280 pounds at reduced speeds on certain secondary highways as follows:

1. State Highway U. S. No. 65, Section 14(c) from its Junction with U. S. 65 in northwest Pine Bluff to its Junction with U. S. 79 at Cedar and Pullen Streets in Pine Bluff, and
2. State Highway U. S. No. 79, Section 11(c) beginning at the Junction with U. S. No. 79 west of Stuttgart and ending at the Junction with State Highway 130 in the southern part of Stuttgart and
3. State Highway 130, Section 6, beginning at the Junction with U. S. 79, Section 11(c) at south Main Street in Stuttgart and extending to the junction with State Highway 11, Section 6 southeast of Stuttgart, and
4. State Highway 11 from its intersection with State Highway 130, Section 6 and extending to the intersection with State Highway 152, Section 1 west of DeWitt, and
5. The section of State Highway 152, Section 1 and 1A from its intersection with State Highway 11, Section 6, to the intersection of State Highway No. 1, Section 4, South of DeWitt.

PROVIDED, HOWEVER, that no vehicle carrying weights in excess of 64,000 pounds shall move at a speed of greater than 35 m.p.h. over any portions of the above designated highways. The provision of this minute order shall be immediately revokable for the owner of any vehicle violating the maximum gross weight limits or the speed limit as set forth herein; and

PROVIDED, FURTHER, that all other legal and regulatory restrictions shall be fully adhered to including the 18,000 pound legal restriction on single axles and the 32,000 pound legal restriction on tandem axle assemblies.

65-178 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the U. S. Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the U. S. Geological Survey for the period July 1, 1965, to June 30, 1966, on an expanded service basis involving the expenditure of State Funds in the amount of \$26,000.00, to the end that we are provided more drainage data and information.

65-179 WHEREAS, acquisition of title by the Arkansas State Highway Commission to the Jay Neal and Cary S. Neal tract on Highway I-40, Crawford County, Arkansas, was made in fee upon June 26, 1963, for right of way purposes;

WHEREAS, a portion thereof, extending and lying South beyond the proposed right of way line of Highway I-40 is described as follows:

Part of the West Half of the Northwest Quarter of Section 15 and the Southwest Quarter of the Southwest Quarter of Section 10, Township 9 North, Range 31 West, Crawford County, Arkansas, more particularly described as follows:

A strip of land 7.5 feet wide on each side of the following described center line: Starting at the Intersection of the North Right of Way line of U. S. Highways 64 and 71 with the West Right of Way line of Shibley Road Grade Separation; thence North 67° 34' East along the North Right of Way line of U. S. Highways 64 and 71 a distance of 8.3 feet to the point of beginning; thence North 2° 59' East a distance of 359.4 feet to a point; thence North 2° 43' 38" West a distance of 452.5 feet to a point; thence North 24° 21' East a distance of 101.3 feet to a point; thence North 5° 27' East a distance of 43.0 feet to the point of beginning of an exception said point being approximately on the southerly control of access line; thence continue North 5° 27' East a distance of 282.6 feet to the end of said exception said point being approximately on the northerly control of access line; thence North 2° 24' East a distance of 429.4 feet to a point; thence North 2° 59' East a distance of 330.0 feet to a point; thence North 29° 12' East a distance of 72.5 feet to the point of ending.

WHEREAS, the Fort Smith Gas Corporation requests and requires an easement permitting the laying, operating, maintaining, altering, repairing and possible removal of a pipeline for the transportation of oil and gas, or products of oil and gas, upon said portion of the Jay Neal and Cary S. Neal tract described;

NOW THEREFORE, be it resolved that the Commission grant the easement requested and authorize its Chairman to execute such an easement

NOW THEREFORE, the Commission Chairman is authorized and ordered to proceed in executing the easement requested and by this Commission granted.

65-180 WHEREAS, C. E. and Louise E. Hiser by Warranty Deed dated November 14, 1963, conveyed property for right of way for Job 8462-4 - Right of Way, Job 8485 - Construction, Arkansas I-40-2(11)54, near Clarksville, Arkansas, for Interstate 40 highway project; and,

WHEREAS, the Arkansas State Highway Commission acquired, in addition to the regular requirement for right of way, the following described parcel of land as a remnant:

A part of the Northeast Quarter of the Southwest Quarter of Section 2, Township 9 North, Range 24 West, Johnson County, Arkansas, more particularly described as follows:

Starting at the Northwest Corner of the Northeast Quarter of the Southwest Quarter of Section 2; thence South 2ø 44' 40" West a distance of 116.5 feet to the point of beginning; thence South 55ø 09' 20" East 209.5 feet to a point; thence North 87ø 14' West 177.5 feet to the west line of the Northeast Quarter of the Southwest Quarter of Section 2; thence North 2ø 44' 40" East along said line a distance of 111.2 feet to the point of beginning and containing 0.23 Acres.

WHEREAS, said remnant of land may be disposed of without adverse effect on the right of way of U. S. Highway Interstate 40; and,

WHEREAS, C. E. and Louise E. Hiser are the owners of a parcel of land formally owned by B. L. and Vermell E. Helm, needed for the construction of Interstate Highway 40, which is in the process of condemnation in Johnson County Circuit Court Case 2290, described as follows:

A part of the Northwest Quarter of the Southwest Quarter of Section 2, Township 9 North, Range 24 West, Johnson County, Arkansas, more particularly described as follows:

Beginning at the Northeast Corner of the Northwest Quarter of the Southwest Quarter of Section 2; thence South 2ø 44' 40" West a distance of 116.5 feet to a point on the proposed southwesterly right of way line of Interstate Highway 40; thence North 59ø 17' 20" West along said proposed right of way line a distance of 248.6 feet to a point on the North line of the Northwest Quarter of the Southwest Quarter of Section 2; thence South 87ø 14' East along said North line a distance of 219.6 feet to the point of beginning and containing 0.29 Acre.

WHEREAS, the parcels of land are of equal value and ,C. E. and Louise E. Hiser have requested an exchange of the remnant owned by the Highway Department for the parcel of right of way needed for the construction of Interstate Highway 40. It would be for the best interest of the people of the State of Arkansas, that an exchange of property, with equal consideration, be made by the Arkansas State Highway Commission and C. E.' and Louise E. Hiser, which transaction has been concurred by the Bureau of Public Roads:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the surplus right of way to C. E. and Louise E. Hiser in exchange for a Warranty Deed from C. E. and Louise E. Hiser to the Arkansas State Highway Commission for the right of way needed for construction purposes, presently in the Circuit Court of Johnson County, which will be withdrawn by mutual consent.

65-181 WHEREAS, acquisition of title by the Arkansas State Highway Commission to the James Alewine and Betty Alewine one acre tract on Highway I-40, Pope County, Arkansas, was made in fee upon December 18, 1962, for right of way purposes;

WHEREAS, the portion thereof, extending and lying Southwesterly beyond the proposed right of way line of Highway I-40 is described as follows:

Part of the Southeast Quarter of the Southeast Quarter of Section 33, Township 8 North, Range 20 West, Pope County, Arkansas, more particularly described as follows:

Starting at the Northeast Corner of the Southeast Quarter of the Southeast Quarter of Section 33' thence North 88ø 16' West along the North line thereof a distance of 421.5 feet to a point on the proposed Southwesterly right of way line of Interstate Highway 40 for the point of beginning proper; thence South 49ø 55' East a distance along said Interstate Route right of way line of 34.0 feet to a point; thence South 34ø 32' 26" East continuing along the South right of way line of the Interstate Highway 207.4 feet to a point; thence South 49ø 55' East continuing along the South right of way line of the Interstate Highway a distance of 45.6 feet to a point which is a point of intersection of the South right of way line of the Interstate Highway and the Northwesterly right of way line of State Highway 124; thence South 40ø 05' West along the Northwesterly line of State Highway 124 for a distance of 20.0 feet to a point; thence North 49ø 55' West a distance of 48.3 feet to a point; thence North 34ø 32' 26" West a distance of 107.7 feet to a point; thence North 55ø 27' 34" East a distance of 10.0 feet to a point; thence North 34ø 32' 26" West a distance of 20.0 feet to a point; thence South 55ø 27' 34" West a distance of 10.0 feet to a point; thence North 34ø 32' 26" West a distance of 82.4 feet to a point; thence North 49ø 55' West a distance of 21.3 feet to a point; thence North 03ø 40' East a distance of 19.7 feet to a point; thence South 88ø 16' East a distance of 5.52 feet to the point of beginning proper and containing 0.11 Acre, more or less.

WHEREAS, the Arkansas Louisiana Gas Company requests and requires an easement permitting the laying, operating, maintaining, altering, repairing and possible removal of a pipeline for the transportation of gas, or products of gas, upon said portion of the James Alewine and Betty Alewine one acre tract extending Southwesterly of the right of way line;

NOW THEREFORE, be it resolved that the Commission grant the easement requested and authorize its Chairman to execute such an easement on the land lying Southwesterly of the proposed new right of way line of the James Alewine and Betty Alewine one acre tract in Pope County, Arkansas;

NOW THEREFORE, the Commission Chairman is authorized and ordered to proceed in executing the easement requested and by this Commission granted.

65-182 In District One, the following-described roads are hereby made a part of the State Highway System. State Highway route and section designation will be made and appropriate Federal-aid System action taken at a later date based upon systems correlation study.

65-206 WHEREAS, July 4th, 1965 falls on Sunday;

NOW THEREFORE, IT IS DECLARED that Monday, July 5th, is a Holiday for all State Highway employees.

65-207 In NEWTON COUNTY, a county road beginning at the junction of Highway 7, Section 18, in Jasper and extending a distance of 6.0 miles to Parthenon (near Diamond Cave), in accordance with the attached sketch, is hereby made a part of the State Highway System.

65-208 In SEARCY COUNTY, a county road beginning at the junction of Highway 65, Section 4, near Pindall and extending a distance of 4.0 miles to the Marion County Line, in accordance with the attached sketch, is hereby made a part of the State Highway System.

65-209 In SEARCY COUNTY, a county road beginning at the junction of Highway 74, Section 8, in Landis and extending through Thola to the Stone County Line, a distance of 5.90 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

65-210 In District Ten, the following-described roads are hereby made a part of the State Highway System. State Highway route and section designation will be made and appropriate Federal-aid System action taken at a later date, based upon system correlation study.

CLAY COUNTY

Beginning approximately one-half (~) mile East of Brookings at the Junction of a County road and State Highway #280 and running Westerly through the Community of Brookings to Black River Recreational Area Headquarters. 1.0 Mi.

Beginning at the Junction of State Highway #90 and a County FAS road in Holly Island and running North along said FAS road to its Junction with US Hwy. #82 at Trinnon. 8.9 Mi.
Total miles added 9.9 Mi.

CRAIGHEAD COUNTY

Beginning at the Junction of a County road and Hwy. #39, approximately 1.7 miles East of Gibson Switch and running North along said County road 2 miles to another County road, thence in an easterly direction along said County road approximately two (2) miles, thence in a northeasterly direction to West Matthews Street, thence East along West Matthews Street to its Junction with US Hwy. #63 in the City of Jonesboro. 8.5 Mi.

Beginning at the Lawrence-Craighead County Line at Cache River and running East along a County FAS road to its Junction with US Hwy. #63 in the town of Bono. 3.3 Mi.
Total miles added 11.8 Mi.

GREENE COUNTY

Beginning in the Town of Marmaduke at the Junction of Hwys. #1-#34 and County Street and running East along County Street and a County FAS road to the junction of said FAS road and Hwy. #139 at Neighbors Corner. 5.5 Mi.

Beginning at the end of State Hwy. #304 and the Randolph-Greene County line and running in an easterly direction along a County FAS Route to its junction with Hwy. #90 in the Town of Delaplaine. 5.0 Mi.
Total miles added 10.5 Mi.

LAWRENCE COUNTY

Beginning at the Junction of a County road and U.S. Hwy. #67 in Alicia, running East approximately three (3) miles, thence North one-half (1/2) mile, thence East approximately five (5) miles to State Hwy. #91. 8.5 Mi.

Beginning at the Junction of old Hwy. #63 and Hwy. #25 and running northwesterly along a County road known as old Hwy. #63 to its Junction with Hwy. #117. 1.4 Mi.

Beginning at the Junction of State Highway #91 and a County FAS road, approximately two (2) miles North of the

Craighead-Lawrence County Line and running East along said FAS route to Cache River at Craighead-Lawrence County Line.

4.5 Mi.
Total miles added 14.4 Mi.

MISSISSIPPI COUNTY

Beginning Rt the Junction of Hwy. US 61 and a FAS Route known as River Grain Road at Grider and running in a northeasterly direction along said FAS route to Sans Souci Landing on the Mississippi River. 3.75 Mi.

Beginning at the Golden Lake Community and extending in a Northerly direction along a FAS County Route to its junction with U.S. 61 in Wilson. 2.0 Mi.

Beginning at the junction of Ermine Lane and old Hwy. 140 in Osceola and running North along Ermine Lane to its junction with Hwy. 158. 3.50 Mi.

A City Street in Manila, connecting Hwy. 18, Hwy. 77 and Hwy. 18B, beginning at its junction with Hwy. 18 and running North to the junction of Hwy. 77 and Hwy. 18B 0.40 Mi.

A county road which is approximately 1.0 mile south of Highway 18 East of Blytheville, beginning at Hwy. 239 and extending Eastward to an intersection with Hwy. 151. 2.0 Mi.
Total miles added 11.65 Mi.

POINSETT COUNTY

Beginning at the end of a County road in Lake Poinsett State Park and running northeasterly along a new location approximately 0.6 miles to intersect another County road at its intersection with Dawson Road, thence in a northerly direction along said County Road at its junction with State Hwy. 14 at a point approximately two (2) miles East of the East City Limits of Harrisburg. 2.8 Mi.

Beginning at the junction of a County Road and Hwy. 149 in the Community of Black Oak and running West along said County Road two (2) miles to a County crossroad junction. 2.0 Mi.
Total Miles added 4.8 Mi.

RANDOLPH COUNTY

Beginning at the Junction of State Hwy. 11166 and a County FAS road at the East City Limits of Maynard, Arkansas, thence in an easterly direction along said FAS road approximately six (6) miles, thence South three (3) miles, thence East and Southeast to the Junction of said FAS route and old US 1167 and Alternate Route US 1167 C in the town of Reyno. 11.0 Mi.
Total miles added 11.0 Mi.

65-211 In ARKANSAS COUNTY on STATE HIGHWAY 152, Section 1, at DeWitt, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment on .25 mile of the West Bypass and resurface selected sections of the remaining .15 mile with Cold Plant Mix material, as a Betterment Project, at an estimated cost of \$7,250.00.

Work to be done by Maintenance Forces.

65-212 In ASHLEY COUNTY on U. S. 82, Section 9, from Hamburg to a point 7.75 miles east, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$100,000. 00.

Work to be done by Purchase Order Contract.

65-213 In CALHOUN COUNTY on STATE HIGHWAY 203, Section 1, from State Highway 4, a distance of 4.53 miles Northwest, the Director is authorized to construct gravel base and Double Bituminous Surface Treatment, as a Betterment Project at an estimated cost of \$3,095.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-214 In CALHOUN COUNTY on U. S. 167, Section 4, from STATE HIGHWAY 274 North, a distance of 10.04 miles, the Director is authorized to construct a Single Bituminous Surface Treatment on the shoulders, as a Betterment Project, at an estimated cost of \$9,200.00.

Work to be done by Maintenance Forces.

65-215 WHEREAS, in CLARK COUNTY on STATE HIGHWAY 128, Section 4, from Joan to STATE HIGHWAY 7, a distance of 6.51 miles, the Director is authorized to construct a dust palliative treatment as a Betterment Project at an estimated cost of \$8,900.00.

Work to be done by Maintenance Forces.

65-216 In CLARK COUNTY on U. S. 67, Section 5, from Gum Springs to Curtis Junction, a distance of 4.58 miles, the Director is authorized to resurface the existing concrete pavement with an Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$40,300.00.

Work to be done by Purchase Order Contract.

65-217 WHEREAS, in CLARK COUNTY on STATE HIGHWAY 53, Section 1, from the Little Missouri River to the South City Limits of Gurdon, a distance of 7.86 miles, the Director is authorized to construct a gravel overlay and single bituminous treatment as a Betterment Project at an estimated cost of \$34,600.00.

Work to be done by Maintenance Forces and Purchase Order

65-218 In COLUMBIA COUNTY on U. S. 82, Section 3, from a point approximately 1.3 miles east of the junction of State Highway 98 in Waldo to a point 2.5 miles east of State Highway 98, a distance of 1.2 miles, the Director is authorized to construct Base and Asphaltic Concrete Hot Mix Surface Course through Big Creek Overflow Section, as a Betterment Project, at an estimated cost of \$55,200.00.

Work to be done by Purchase Order Contract.

65-219 WHEREAS, in COLUMBIA COUNTY on U. S. HIGHWAY 79, Section 2, from the Cotton Belt Overpass to the Ouachita County Line, a distance of 6.78 miles, the Director is authorized to resurface the existing pavement with asphaltic concrete hot mix surface course as a Betterment Project at an estimated cost of \$43,750.00.

Work to be done by Purchase Order Contract.

65-220 In CRAIGHEAD COUNTY on STATE HIGHWAY 139, Section 0, from Caraway to a point 5.56 miles north, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$135,000.00.

Work to be done-by Purchase Order Contract and Maintenance Forces.

65-221 In CRITTENDEN COUNTY on U. S. 70, Section 20, at West Memphis, the Director is authorized to resurface one mile from the junction of Interstate 55-West and .6 mile from the junction of 77-West with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$30,700.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

65-222 In CROSS COUNTY on STATE HIGHWAY 284, Section 1 from Wynne - West, a distance of 1.76 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$25,000.00.

Work to be done by Maintenance Forces.

65-223 In FAULKNER COUNTY on STATE HIGHWAY 285, Section 1, from Wooster to a point 2.35 miles north, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

65-224 In FRANKLIN COUNTY on STATE HIGHWAY 215, Section 2, from the Forest Boundary to Fern, a distance of 5.10 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$80,000.00.

Work to be done by Purchase Order-Contract and Maintenance Forces.

65-225 In GREENE COUNTY on STATE HIGHWAY 141, Section 2, at a point approximately 0.15 mile south of State Highway 25, the Director is authorized to replace one 51-foot timber bridge with a 70-foot bridge to increase the drainage area and construct three additional culverts, as a Betterment Project, at an estimated cost of \$8,000.00.

Work to be done by Maintenance Forces.

65-226 In GREENE COUNTY on STATE HIGHWAY 34, Section 4, the Director is authorized to construct four bridges between Lafe and Marmaduke, as a Betterment Project, at an estimated cost of \$16,500.00.

Work to be done by Maintenance Forces.

65-227 WHEREAS, in GREENE COUNTY at Crowley's Ridge State Park, the State Park, the State Park Service has requested that two additions (totaling 0.19 mile), as designated on the attached sketch, be added to Institutional Road 853, Section 1.

NOW THEREFORE, IT IS ORDERED that these additions be made and that grading, minor drainage structures, base and double bituminous surface treatment be constructed, as a Betterment Project, at an estimated cost of \$3,200.00.

Work to be done by Maintenance Forces.

65-228 In HEMPSTEAD COUNTY on STATE HIGHWAY 355, Section 2, from Fulton to McNab, a distance of 4.66 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$76,000.00.

Work to be done by Contract.

65-229 In HEMPSTEAD COUNTY on STATE HIGHWAY 29, Section 4, from U. S. 67 to State Highway 32 North, a distance of 2.75 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$34,700.00.

Work to be done by Contract.

65-230 In JEFFERSON and ARKANSAS COUNTIES on U. S. 79, Sections 10 and 11, from Wabbaseka to a point 2.10 miles east of Humphrey, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$100,100.00.

Work to be done by Purchase Order Contract.

65-231 In LAFAYETTE COUNTY on STATE HIGHWAY 29, Section 1, from Lewisville - South, a distance of 12.54 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$142,500.00.

Work to be done by Contract.

65-232 In LEE COUNTY on STATE HIGHWAY 131, Section 1, from U. S. 79 to a point 4 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$85,000.00.

Work to be done by Maintenance Forces.

65-233 In LITTLE RIVER COUNTY on STATE HIGHWAY 41, Section 3, from Foreman - South, a distance of 2.10 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$25,600.00.

Work to be done by Contract.

65-234 In LITTLE RIVER COUNTY from Formby north to Little River Park, a distance of 3.95 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$51,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-235 In MILLER COUNTY on U. S. 71, Section 1, from the Louisiana State Line to Doddridge, a distance of 5.29 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$65,500.00.

Work to be done by Contract.

65-236 In NEVADA COUNTY on STATE HIGHWAY 19, Section 5, and STATE HIGHWAY 24, Section 4, from Prescott - West, a distance of 2.12 miles, the Director is authorized to resurface

the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated of \$36,000.00.

Work to be done by Contract.

- 65-237 In NEVADA COUNTY on STATE HIGHWAY 299, Section 1, from Bluff City to the State Forestry Nursery, a distance of 3.12 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$34,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-238 In PHILLIPS COUNTY on STATE HIGHWAY 242, Section 1, from West Helena - North, a distance of 2.27 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$25,200.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

- 65-239 In PHILLIPS COUNTY on U. S. 49, Section 2, from Marvell to Wycamp, the Director is authorized to resurface selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$52,200.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

- 65-240 In PHILLIPS COUNTY on U. S. 49, Section 3, in West Helena, the Director is authorized to resurface 2,900 feet of Plaza Avenue, between 2nd Street and 10th Street, with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$25,000.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

- 65-241 In POINSETT COUNTY on STATE HIGHWAY 308, Section 1, from U. S. 63 to Marked Tree City Limits, a distance of 0.56 miles, the Director is authorized to construct Base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$17,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-242 In POINSETT COUNTY on U. S. 63, Section 9, at Marked Tree, the Director is authorized to resurface 1.22 miles of the existing pavement, as a Betterment Project, at an estimated cost of \$40,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-243 In POINSETT COUNTY on STATE HIGHWAY 214, Section 1, from State Highway 39 to a point 5.68 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$70,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-244 In RANDOLPH COUNTY on STATE HIGHWAY 251, Section 1, from State Highway 115 to Ingram, a distance of 7.7 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$170,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-245 In UNION COUNTY on STATE HIGHWAY 15, Section 2, from Old Union to Mill Creek, a distance of 1.35 miles, the Director is authorized to construct Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$18,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-246 In UNION COUNTY on U. S. 82, Sections 5 and 6, from the West City Limits to the East City Limits of El Dorado, a distance of 2.96 miles, the Director is authorized to Heater Plane the existing pavement, as a Betterment Project, at an estimated cost of \$11,100.00.

Work to be done by Purchase Order Contract.

65-247 In WOODRUFF COUNTY on STATE HIGHWAY 262, Section 1, from State Highway 33 to a point 4 miles west, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Maintenance Forces.

65-248 In ARKANSAS and DESHA COUNTIES on STATE HIGHWAY 1: WHEREAS, the construction of a new bridge, with approaches, over the Arkansas River near Pendleton was authorized by MINUTE ORDER 64-374, and

WHEREAS, the need for the early construction of this river crossing is considered urgent; and

WHEREAS, Highway Department forces are fully engaged on other work that prevents their assignment to this project at this time, and

WHEREAS, it is necessary to have plans on hand when funds for construction are available;

NOW THEREFORE, the Director is authorized to employ a consulting engineer for the development of studies, a preliminary report, surveys, sub-surface investigations, right-of-way requirements, and complete construction plans for the bridge and approaches.

This action is subject to program approval by the Bureau of Public Roads.

65-249 WHEREAS, in IZARD COUNTY on STATE HIGHWAY 5, SECTION 17, the Commission by Minute Orders 64-121 and 64-323 provided for the construction of the substructure and superstructure of the Calico Rock bridge and,

WHEREAS, this bridge and approaches will cross the Missouri Pacific Railroad on new location creating a hazardous railroad crossing condition;

NOW THEREFORE, in IZARD County on State Highway 5, Section 17 at the new crossing of the Missouri Pacific Railroad in Calico Rock, the Director is authorized to proceed with the installation of flashing lights and short-arm gates at an estimated cost of \$16,000, subject to the following conditions:

1. That the installation of the signals shall be financed at the applicable pro rata of State and Federal funds and maintenance of the signal devices will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-250 In MILLER COUNTY on HIGHWAY U.S. 71, State Line Avenue in the City of Texarkana, from U.S. 67 north to 24th Street, the Director is authorized to proceed with widening the existing pavement from new curb lines built by the City of Texarkana. This will consist of additional base and overlay to the State Line, 24' - 0" wide, at an estimated cost of \$60,000.00. The City of Texarkana will be responsible for setting the curbs back, adjusting drives, adjusting utilities and furnishing of right-of-way.

Also, in TEXARKANA on State Line Avenue (U.S. 71) from 24th Street to 39th Street, the Director is authorized to proceed with widening the present pavement as a regular highway construction project consisting of new curbs, drainage, base and overlay to the State Line. Right-of-way for the project is the responsibility of the City of Texarkana. The estimated cost of this portion is \$85,000.00. Utility adjustments will be the responsibility of the State.

It is the purpose of the above that when coordinated with the State of Texas, U.S. 71 in Texarkana from U.S. 67 to 39th Street will consist of a four-lane undivided highway 48' - 0" in width.

A condition of the Minute Order is that parking shall be prohibited along the entire stretch included within the limits of this order.

65-251 WHEREAS, in PULASKI COUNTY, for a proposed Riverside Drive in North Little Rock, the Mayor of the City of North Little Rock, with members of the Planning Commission, has requested the Highway Commission to consider a designation for inclusion in the State Highway System and improvement of a route similar to that on the attached sketch, and in general from Rose City to Pike Avenue; and

WHEREAS, the City of North Little Rock proposes to furnish all required right-of-way on the route, free of obstructions and free of cost to the State, including the adjustment of all utilities; and

WHEREAS, the Highway Commission, in March, 1964, by MINUTE ORDER NO. 64-98, ordered that the proposal of the City of North Little Rock be accepted and the route be designated, subject to several prevailing conditions; and

WHEREAS, since urban renewal funds are to be utilized in the purchase of all of the required right-of-way, the Urban Renewal Commissioner of the Housing and Home Finance Agency requires adequate assurance that the thoroughfare will be built and by a design that will provide direct service to one or more urban renewal projects, including the so-called Market Plaza project; and

WHEREAS, the preliminary design of the proposed riverside drive presented by the City of North Little Rock in March, 1964, and again today, appears to be acceptable for the purpose of cost estimating and showing service and probable use in the Market Plaza project, and

WHEREAS, the Highway Commission has no funds currently available for the construction of the route and cannot, therefore, establish a firm construction schedule, but recognizes the merit of the proposal from the standpoint of need, design, and long-range planning, and wants to cooperate with the City of North Little Rock to the extent needed to permit North Little Rock to obtain available urban renewal funds;

NOW, THEREFORE, IT IS ORDERED that the proposed route and preliminary design of Riverside Drive be accepted and henceforth the project be planned and construction be initiated as soon as possible, in light of the future availability of urban and/or primary funds, the provision of right-of-way, and North Little Rock's transportation and urban renewal needs.

Since it is anticipated that Federal Aid Highway Funds will be expended on the project, the above actions are subject to approval by the Bureau of Public Roads at all stages.

65-252 St. Francis County, Job No. 11715, Hicks Station-Shell Lake Grading and Structures, FAP I-40-5(34)254. The contract for the construction of approximately 6.891 miles of Grading, Minor Drainage Structures, Subbase, 8 R.C. Slab Span Bridges (880.0' total), 6 R.C. and Structural Steel I-Beam Span Bridges (739.76' total), Gravel Base and Double Bituminous Surface Treatment on Highway 75, County Road and Frontage Roads and other miscellaneous items on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$1,824,230.61, subject to the concurrence of the Bureau of Public Roads.

- 65-253 Jefferson County, Job No. 2~51, 46th Street-Harding Avenue (Pine Bluff), FAP US-307(8). The contract for the construction of approximately 1.995 miles of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base and Surface Courses, Concrete Curb, 1 Bridge Span Length Culvert (30.99' total span) and other miscellaneous items on Olive Street from 46th Street to Harding Avenue in Pine Bluff, State Highway 15, Section 7, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$551,218.76, subject to the concurrence of the Bureau of Public Roads.
- 65-254 Lincoln County, Job No. 2681, Canal 19 Bridge Alterations, Corps of Engineers Contract No. DA-22-052-CIVENG-65-363. The contract for the construction of approximately 0.321 mile of Grading, Minor Drainage Structures, Gravel Surface, Extend and Remodel 1 Precast R.C. Slab Span Bridge (145.17 lineal feet) approximately 1.7 miles northeast of Junction Highway 65 in Varner on S.H. 831 and Construct 1 R.C. Precast Slab Span Bridge (129.79 lineal feet) approximately 2.5 miles northeast of Junction Highway 65 in Grady on State Highway 11, Section 4, and State Highway 831, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$859,851.40, subject to the concurrence of the Corps of Engineers.
- 65-255 Miller County, Job No. 3629, Red River Levee-Red River Bridge Grading & Structures, FAP I-30-1(11)15. The contract for the construction of approximately 1.645 miles of Grading, Minor Drainage Structures, 2 R.C. Slab Span O'pass Structures (180.0' total), Gravel Base and Double Bituminous Surface Treatment on Frontage Roads, Seeding, Fencing and other miscellaneous items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattisburg, Mississippi on their low bid of \$380,551.11, subject to the concurrence of the Bureau of Public Roads.
- 65-256 Crawford County, Job No. 4483, Shibley Grade Separation-Alma Grading and Structures, FAP I-40-1(9)9. The contract for the construction of approximately 4.470 miles of Grading, Minor Drainage Structures, Crushed Stone Base with Double Bituminous Surface Treatment or Asphaltic Concrete Hot Mix Base and Surface on Frontage Roads and Cross Roads, 4 R.C. & Steel I-beam Span U'pass Structures (946.59'), 6 R.C. & Steel I-beam Span O'pass Structures (1466.32'), 5 Bridge Span Length Culverts (133.29' total span) & other miscellaneous items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$1,553,974.15, subject to the concurrence of the Bureau of Public Roads.
- 65-257 Montgomery County, Job No. 4501, Sims-Washita Bridges and Approaches, FAP S-405(3). The contract for the construction of approximately 1.525 miles of Grading, Minor Drainage Structures, Gravel Base Course, 4 R.C. Slab Span Bridges (430.0' total), 1 Bridge Span Length Culvert (33.33' total span) and other miscellaneous items on the Sims-Washita Road, State Highway 88, Section 3, is awarded to Bailey & Crouse Construction Company of Harrison, Arkansas on their low bid of \$184,995.89.
- 65-258 Logan County, Job No. 450, Highway 309 Alterations (McLean Bottoms), FAP S-390(1) and Corps of Engineers Contract No. DA-03-050-CIVENG-65-5. The contract for the

construction of approximately 2.362 miles of Grading, Minor Drainage Structures, Gravel Base, Bituminous Surface Treatment, 2 R.C. and Structural Steel I-Beam Span Bridges (490.34 lineal feet total) and 1 Bridge Length Culvert (37.71 lineal feet) on the Paris-Webb City Road, State Highway 309, Section 3, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on their low bid of \$334,429.53, subject to the concurrence of the Corps of Engineers.

65-259 Hot Spring County, Job No. 6809, Midway-Social Hill Grading & Structures, FAP I-30-2(68)85. The contract for the construction of approximately 5.286 miles of Grading, Minor Drainage Structures, Gravel Base with Double Bituminous Surface Treatment on Highway 84 Relocation, Cross Roads and Frontage Road, 3 R.C. & Structural Steel I-beam Span U'pass Structures (501.95' total), 2 R.C. & Structural Steel I-beam Span Bridges (564.52' total) Alternate #1 or 2 Prestressed Concrete Beam Span Bridges (564.44' total) Alternate #2, 4 Bridge Span Length Culverts (108.64' total span), Erosion Control and other miscellaneous items on the Texarkana-Little Rock Interstate Road, Interstate 30, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid on Alternate No. 1 of \$1,348,764.10, subject to the concurrence of the Bureau of Public Roads.

65-260 Union County, Job No. 7637, Old Union-Pigeon Hill (Surfacing), FAP S-448(3). The contract for the construction of approximately 9.541 miles of Gravel Base Course, Double Bituminous Surface Treatment and miscellaneous items on the Old Union-Moro Bay Ferry Road, State Highway 15, Section 2, is awarded to Moro, Inc., of Warren, Arkansas on their low bid of \$163,384.57.

65-261 Perry and Faulkner Counties, Job No. 8556, Toad Suck Ferry Relocation, Corps of Engineers Contract No. DA-03-050-CIVENG-65-85. The contract for the construction of approximately 1.879 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Dumped Riprap and other miscellaneous items on the Houston-Conway Road, State Highway 60, Sections 0 & 1, is awarded to Four Bros., Inc., of North Little Rock, Arkansas on their low bid of \$186,230.69, subject to the concurrence of the Corps of Engineers.

65-262 Mississippi County, Job No. 10610, Highway 158-Missouri Line Erosion Control, FAP I-55-1(48)52. The contract for the construction of approximately 19.417 miles of Seeding, Solid Sodding, Sod Mulch and miscellaneous related items for Control of Erosion on the West Memphis-Missouri Line Interstate Road, Interstate 55, Section 1, is tentatively awarded to J. C. Cheek Sod & Erosion Contractor of Kosciusko, Mississippi on their low bid of \$137,046.13, subject to the concurrence of the Bureau of Public Roads and the compliance with all Federal and State laws in connection with the execution of the contract.

65-263 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, June 23, 1965.

July 28, 1965

65-264 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 28, 1965.

65-265 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-252 through 261 at the regular meeting of the Commission on June 23, 1965.

65-267 In accord with the provisions of M.O. 65-96 of April 14, 1965, the Director is hereby authorized to: (1) enter into an agreement with the Automotive Safety Foundation, a non-profit organization of Washington, D.C., to assist in the Highway Classification Study, and (2) enter into an agreement with the consultant firm of Roy Jorgensen and Associates of Gaithersburg, Maryland, to make the Financial Resources and Fiscal Study. Funds for this work are included in the regular budget of the Planning and Research Division.

These actions are subject to approval by the Bureau of Public Roads.

65-268 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation performed by the Federal Government, state highway departments, etc., correlates such information, and disseminates reports thereof to the subscribing agencies; and

WHEREAS, all the states participate in this program and subscribe to the service since it is considered very valuable,

NOW, THEREFORE, IT IS ORDERED that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1966, at a cost of \$10,481.00, to be paid to the National

Academy of Sciences. This sum is to be paid as a participating item from the budget of the Planning and Research Division of the HPR 1(3) funds.

65-269 In accordance with the provisions of Act 148 of 1961, the Director is authorized to pay \$1,000.00 to the Mississippi River Parkway Commission as the pro rata cost to Arkansas for 1965-1966 fiscal year, for the promotion and development of the GREAT RIVER ROAD.

65-270 WHEREAS, the Arkansas Highway Commission has acquired certain lands for State Highway 71 in Section 25, Range 7 North, Township 32 West, Sebastian County, Arkansas, and

WHEREAS, as the lands mentioned above are within the Bonanza Field and the Shell Oil Company desires to secure an oil and gas lease from the Commission, and

WHEREAS, the oil and gas lease has been reviewed by the Right of Way Division and the Legal Division, and found to be satisfactory,

NOW, THEREFORE, the Director is authorized to execute the oil and gas lease for the Commission.

65-271 WHEREAS, acquisition of title by the Arkansas State Highway Commission to the Clyde B. and Lucy Randall and B. E. and Marguerite Cobb tract on Highway I-540, Sebastian County, Arkansas, was taken in fee by amendment to complaint and declaration to taking in Circuit Court Case 3471 filed September 28, 1962, for right of way purposes:

WHEREAS, the Arkansas State Highway Commission acquired in addition to the regular requirement for right of way of current highway construction, the following described parcel of land for anticipated future use:

A part of the Southwest Quarter of Section 24, Township 8 North, Range 32 West, Sebastian County, Arkansas, more particularly described as follows:

Starting from the Southwest Corner of Section 24; thence North 165.0 feet; thence East 25.0 feet to the North line of Cliff Drive; thence 1724.2 feet northeasterly along the North line of said Cliff Drive to an iron pin being the Southeast Corner of Lot 18, Block 1, Crestview Estates Addition to Fort Smith, Arkansas, said stake being the point of beginning; thence North 11° 37' West 150.0 feet; thence North 60° 02' West 97.7 feet; thence North 32° 03' 30" East 144.5 feet to a point on the southerly right of way line of State Highway 22; thence South 60° 05' East along said right of way line 243.2 feet to a point on the North line of Cliff Drive; thence South and southwesterly along the North line of Cliff Drive and South 25° 06' East 4.64 feet; South 6° 35' East 50.0 feet; South 18° 58' West 50.0 feet; South 33° 26' West 50.0 feet; South 54° 39' West 50.0 feet; South 72° 20' West 50.0 feet; South 79° 07' West 50.0 feet to the point of beginning and containing 1.17 acres, more or less.

WHEREAS, said parcel of land is not needed for foreseeable future construction and may be disposed of without adverse effect on the highway system program, is declared surplus:

WHEREAS, the right of way condemnation is being finalized and as this parcel of land is not required for the construction of Interstate Highway 540, it would be for the best interest of the people of the State of Arkansas, that the parcel of land be conveyed to the original owners and the value thereof considered in the final judgment in this case:

NOW, THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission execute a Quitclaim Deed for the surplus right of way to Clyde B. and Lucy Randall and B. E. and Marguerite Cobb.

65-272 WHEREAS, Act 123 of 1953, establishing the authority of the Highway Commission, under Amendment 42, states under Section 5, which defines the powers and duties of the Commission, paragraph (a), "To divide the State Highway System into such maintenance and construction districts as the Commission deems reasonable and proper for the performance of its duties hereunder"; and

WHEREAS, Baxter County, now assigned to District 5, is physically separated by lakes and streams from the remainder of the District, and

WHEREAS, for a number of years practically all the highways in Baxter County have been operated, repaired, and maintained by District 9, and

WHEREAS, this condition results in confusion of published records of maintenance costs and highway mileage, and

WHEREAS, this situation also causes confusion in the administration and operation of the highways in Baxter County,

NOW, THEREFORE, the Director is hereby authorized to officially transfer Baxter County from District 5 to District 9 and to maintain all maps, records, and accounts accordingly, as of July 1, 1965.

65-273 WHEREAS, in BENTON COUNTY, Job 9475 has been programmed from the Jct. of Locust St. and U.S. Highway 62 in the City of Rogers to complete the construction of Highway 12 from Rogers eastward, and

WHEREAS, in return for relocating Highway 12 the City of Rogers by Ordinance No. 505, dated July 9, 1965, has agreed to accept and maintain as a city street the present location of Highway 12 from the Jct. of Second and Walnut St.. east two blocks, thence north along Arkansas Avenue to the Jct. of Locust St. and Highway 12, and

WHEREAS, this rerouting of Highway 12 is considered to be in the best interest of the State and the traveling public,

NOW, THEREFORE, BE IT RESOLVED that the State accept the proposition offered by the City of Rogers in Ordinance No. 505 of July 9, 1965, and upon completion of construction on Job 9475 reroute State Highway 12 from the Jct. of Poplar and Second St., northward along Second St., approximately seven blocks over U.S. Highway 62, thence eastward from the Jct. of

Locust St., approximately two blocks to the Jct. of present State Highway 12, all in accordance with the attached sketch dated July the 26th, attached to and made a part of this Minute Order.

65-274 In CHICOT COUNTY: WHEREAS, it has been proposed that the section of old U. S. 65 from the junction of State Highway 209 in Readland, southeasterly and westerly to the junction of U. S. 65, be made a part of the State Highway System; and

WHEREAS, under the provisions of Section 4, Act 150, of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby highways or portions thereof in the State System become a part of the County Highway System and certain highways in the County System in return become a part of the State Highway System;

NOW THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Chicot County, the section of county road from the junction of S. H. 209 in Readland, southeasterly and westerly to the junction of U. S. 65, a distance of approximately 4.5 miles be made a part of the State Highway System and the portion of State Highway No. 8, Section 17 from the junction of S. H. 209 at Grand Lake, easterly to Grand Lake Landing, a distance of 1.34 miles be deleted from the State Highway System, to become a part of the County maintained highway system, all as shown on attached sketch.

65-275 In COLUMBIA COUNTY, IT IS ORDERED that the official routing of State Highway No. 19, Section 1, shall be in accordance with the relocated and reconstructed section as constructed by Job 7585, from a point near the south city limits of Magnolia northeasterly to the junction of U. S. 79 near Renfroe Street.

IT IS FURTHER ORDERED that the old section along Washington Street to Main Street, which has been replaced by new construction, is to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

65-276 In CRAWFORD COUNTY, in the City of Van Buren, Fourth Street from the junction of U.S. 64-71, south to Interstate Highway 540, a distance of approximately 0.53 mile, as shown on attached sketch, is hereby made a part of the State Highway System.

65-277 In CRAWFORD COUNTY, the following county roads are hereby made a part of the State Highway System, in accordance with the attached sketch:

A county road from the junction with State Highway 59, two miles North of Cedarville, North and East 10.0 miles to and including the crossing of Leel's Creek, a distance of 10.0 miles.

A county road from the junction with Highway U.S. 71 North of Mountain-burg, Northwest two miles to Chester, a distance of 2.0 miles.

A county road from the junction with Highway U.S. 71 three miles North of Alma, North and East to Mountainburg, a distance of 7.7 miles.

A county road, formerly Highway U.S. 64, from the junction with State Highway 162 in Alma thence East to the junction with Highway U.S. 64, a distance of 1.0 miles.

65-278 In DALLAS COUNTY, a road beginning at the north terminus of State Highway 274 at the Dallas-Calhoun County line, north to the junction of U.S. 79 in Fordyce, a distance of 1.22 miles, in accordance with attached sketch, is hereby made a part of the State Highway System.

65-279 In GARLAND COUNTY, a county road beginning at the junction of U.S. 270 west of Royal, extending south and southeast to the junction of U.S. 70 near Hempwallace, for a distance of approximately 7.92 miles, is hereby made a part of the State Highway System.

65-280 In GRANT COUNTY, a county road beginning at the junction of S.H. 291 and extending southeast to the junction of S.H. 46, a distance of approximately 4.86 miles, is hereby made a part of the State Highway System.

65-281 In MARION AND SEARCY COUNTIES, a county road from the south terminus of State Highway 235, Section 1, north of Verona, southerly, west, and south to the north terminus of State Highway 235, Section 2, on the Marion-Searcy County line, a distance of 2.16 miles, in accordance with attached sketch, is hereby made a part of the State Highway System.

65-282 In SEBASTIAN COUNTY, the following county roads are hereby made a part of the State Highway System, in accordance with the attached sketch:

A county road from the junction with State Highway 45, 1.3 miles North of Midland, West to the Oklahoma State Line at Slaytonville, a distance of 4.4 miles.

A county road from the junction with Highway U.S. 71, 2.0 miles North of Huntington, North and East to the junction with State Highway 10, 9.0 miles East of Greenwood, a distance of 13.0 miles.

65-283 In STONE COUNTY, a county road from the junction of State Highway 66, west to the end of State Highway 74 at the Stone - Searcy County line, a distance of 0.71 mile, in accordance with attached sketch is hereby made a part of the State Highway System.

65-284 WHEREAS, the Purchasing Committee has awarded purchases on June 28, July 1, 12, 19, and 26, 1965 in the amounts of \$14,875.01, \$74,835.70, \$79,972.72, \$282,762.98 and \$209,407.86, respectively, totaling \$661,854.27, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office.

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

65-285 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAYS 11 and 152, bids were invited under Purchase Order Contract for the construction of Gravel Shoulders, with three bids received for opening on July 1, 1965, and,

WHEREAS, the Purchasing Committee, on July 2, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 2-523(2), be awarded to L & N Asphalt Company of Stuttgart on their low bid of \$34,960.00.

65-286 WHEREAS, in ASHLEY COUNTY on U. S. 82, Section 9, from Hamburg-East, bids were invited under Purchase Order Contract procedure for the resurfacing of 7.75 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with two bids received for opening on July 15, 1965, and,

WHEREAS, the Purchasing Committee, on July 19, 1965, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 2-527(1), be awarded to Beam Brothers, Contractors, of Fort Smith, on their low bid of \$95,530.00.

65-287 WHEREAS, in COLUMBIA COUNTY on STATE HIGHWAY 98, Section 2, bids were invited under Purchase Order Contract for furnishing and processing Soil Cement Base Course, with four bids received for opening on June 24, 1965, and,

WHEREAS, the Purchasing Committee, on June 28, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 7-518(1) be awarded to Ben F. Hawkins, Contractor, of Lake Village, on his low bid of \$43,760.66.

65-288 WHEREAS, in COLUMBIA COUNTY on U. S. 82, Section 3, bids were invited under Purchase Order Contract procedure for the construction of Asphalt Treated Base Course and Asphaltic Concrete Hot Mix Surface Course, with two bids received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-521(1), be awarded to R. H. Davis Construction Company of Stamps, on their low bid of \$46,823.25.

65-289 WHEREAS, in HEMPSTEAD COUNTY on U. S. 67 at Hope, bids were invited under Purchase Order Contract for the resurfacing of the existing pavement, with three bids received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that the low bid be accepted,

IT IS ORDERED that this job be awarded to HMB Construction Company of Texarkana, Texas, on their low bid of \$26,483.84.

65-290 WHEREAS, in JEFFERSON and ARKANSAS COUNTIES, on U. S. 79, Sections 10 and 11, from Wabbaseka-Northeast, bids were invited under Purchase Order Contract procedure for the resurfacing of 8.9 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with four bids received for opening on July 15, 1965, and

WHEREAS, the Purchasing Committee, on July 19, recommended that the low bid be accepted and that the Project be supplemented in the amount of \$3,872.00,

IT IS ORDERED that this job, designated as Special Project No. 2-528(1), be awarded to the L & N Asphalt Company, Inc. of Stuttgart, on their low bid of \$103,972.00, and that Minute Order 65-230 be amended to increase the allotment from \$100,100.00 to \$103,972.00.

65-291 WHEREAS, in NEVADA COUNTY on STATE HIGHWAY 355, Section 5, from State Highway 53 to Willisville, bids were invited, under Purchase Order Contract procedure, for the construction of Cement Stabilized Base Course, with five bids received for opening on July 8, 1965, and,

WHEREAS, the Purchasing Committee, on July 12, recommended that the low bid meeting the time requirement be accepted,

IT IS ORDERED that this job, designated as Special Project No. 3-517(1), be awarded to Ben Hawkins, Contractor, Lake Village, on his low bid of \$51,551.00.

65-292 WHEREAS, in PHILLIPS COUNTY on STATE HIGHWAY 242 in West Helena, bids were invited under Purchase Order Contract procedure for resurfacing the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 11-523(1), be awarded to D. F. Jones, Contractor, of Little Rock, on his bid of \$23,800.00.

65-293 WHEREAS, in PHILLIPS COUNTY on U. S. 49, Section 2, from Marvell to Wycamp, bids Were invited under Purchase Order Contract for the resurfacing of selected sections of the

existing pavement with Asphaltic Concrete Hot Mix Surface course, with one bid received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 11-524(1) be awarded to D.F. Jones, Contractor, of Little Rock, on their low bid of \$51,850.00.

65-294 WHEREAS, in PHILLIPS COUNTY on U. S. 49, Section 3, on Plaza Avenue in West Helena, bids were invited under Purchase Order Contract procedure for resurfacing the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 11-525(1), be awarded to D. F. Jones, Contractor, of Little Rock, on his low bid of \$23,675.00.

65-295 WHEREAS, in POPE COUNTY on STATE HIGHWAY 326, Section 1, bids were invited under Purchase Order Contract procedure for the construction of Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on July 22, 1965, and

WHEREAS, the Purchasing Committee, on July 26, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 8-529(1), be awarded to Ben Hogan Construction Company of Little Rock, on their low bid of \$27,235.00.

65-296 WHEREAS, in POPE COUNTY on STATE HIGHWAY 326, Section 1, bids were invited under Purchase Order Contract procedure for the placing of Crushed Stone Base Course and Prime Coat, with two bids received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 8-529(2), be awarded to Ben Hogan Company of Little Rock, on their low bid of \$42,180.00.

65-297 WHEREAS, in WHITE COUNTY on STATE HIGHWAY 323, bids were invited under Purchase Order Contract procedure for Crushed Stone Base Material to be dumped on the road, with three bids received for opening on July 22, 1965, and,

WHEREAS, the Purchasing Committee, on July 26, recommended that the low bid be accepted,

IT IS ORDERED that this job be awarded to Acme Materials Company of Little Rock, on their low bid of \$69,457.50.

65-298 WHEREAS, in SCOTT COUNTY at the intersection of U. S. 71 and STATE HIGHWAY 23, Mr. and Mrs. E. E. Barber have offered to lease to the Department a suitable site, containing approximately 6 acres, for a roadside park, with the lease to run for a period of 25 years, or as long as the Highway Department continuously maintains the area as a roadside park, and,

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute a lease with Mr. and Mrs. Barber for this property for a period of 25 years, and to establish a roadside park on the site.

65-299 WHEREAS, in JEFFERSON COUNTY at the District No. 2 Headquarters there is need for additional Stock Room space; and

WHEREAS, there is sufficient space to extend the present stock room to the south;

NOW THEREFORE, IT IS ORDERED that the Director be authorized to construct a 26' x 44' addition, as a Building Project, at an estimated cost of \$17,500.00

65-300 WHEREAS, in OUACHITA COUNTY on property acquired by the Commission for new District Headquarters, approximately three miles south of Camden on U. S. 79, the Director is authorized to construct Grading and Fencing, as a Building Project, at an estimated cost of \$30,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-301 In ARKANSAS COUNTY on STATE HIGHWAY 276 Spur, from Bayou Meto-South, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$20,000.00.

Work to be done by Maintenance Forces

65-302 In ARKANSAS COUNTY on STATE HIGHWAY 44, Section 1, from Tichnor to a point 3.4 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$63,900.00.

Work to be done by Maintenance Forces.

65-303 In ASHLEY COUNTY on U. S. 82, Section 8, from the Ouachita River to Crossett, a distance of 7.8 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$103,000.00.

Work to be done by Purchase Order Contract.

This will eliminate Item 7 of Minute Order 64-374, Job 2683, Ouachita River - Crossett.

65-304 In ASHLEY COUNTY on U. S. 82, Section 8, from Hamburg - South, a distance of 4.5 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$55,800.00.

Work to be done by Purchase Order Contract.

65-305 WHEREAS, Minute Order 65-213, approved on June 23, 1965, for the construction of State Highway 203, Section 1, in Calhoun County, is in error as to the estimated cost, which should have been \$30,900.00.

IT IS ORDERED that Minute Order 65-213 be amended to correct the allotment to \$30,900.00. All other conditions of this Minute Order will remain the same.

65-306 In CARROLL COUNTY at Eureka Springs, on U. S. 62, Sections 3 and 4, and STATE HIGHWAY 23, Section 11, the Director is authorized to resurface the existing pavement on 5.50 miles with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$74,900.00.

Work to be done by Purchase Order Contract.

65-307 In CLEBURNE COUNTY on STATE HIGHWAY 110, Section 5, from Heber Springs to Eden Isle, a distance of 4.6 miles, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$34,500.00.

Work to be done by Maintenance Forces.

65-308 In CLEVELAND COUNTY on STATE HIGHWAY 114, Section 0, from State Highway 35 - East, a distance of 4.96 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$69,000.00.

Work to be done by Maintenance Forces.

This will eliminate Item 11 of Minute Order 5020, Job 2665, State Highway 35 - East.

65-309 In GARLAND COUNTY on U. S. 70, Section 8, on Pike Avenue in Hot Springs, the Director is authorized to resurface 0.76 mile of the existing pavement, from McClard Street to Summer Street with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$14,700.00.

Work to be done by Purchase Order Contract.

65-310 In GRANT COUNTY on STATE HIGHWAY 291, Section 1, and STATE HIGHWAY 190, Section 1, from U. S. 270 - South on Highway 291 to the junction of Highways 291 and 190, thence northeast to U. S. 270 in Prattsville, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$16,800.00.

Work to be done by Maintenance Forces.

65-311 In HEMPSTEAD COUNTY on STATE HIGHWAY 332, Section 6, from De Ann to the Nevada County line, a distance of 2.87 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$42,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-312 In INDEPENDENCE COUNTY on STATE HIGHWAY 14 (ALT.), Section 9A, from State Highway 25 to Salado, a distance of 3.9 miles, the Director is authorized to construct Minor Drainage Structures, Base and Surfacing, as a Betterment Project, at an estimated cost of \$53,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-313 In JACKSON COUNTY on STATE HIGHWAY 37, Section 3, from State Highway 14 to State Highway 18, a distance of 6.48 miles, the Director is authorized to construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$87,590.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-314 In JEFFERSON COUNTY on STATE HIGHWAY 81, Section 7, from U. S. 65 to the Lincoln County line, a distance of 8.33 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$95,800.00.

Work to be done by Purchase Order Contract.

This will eliminate Item 10 of Minute Order 64-374, Job 2686, Lincoln County Line - U. S. 65.

- 65-315 In JEFFERSON and ARKANSAS COUNTIES on U. S. 79, Sections 10 and 11, from Wabbaseka - North, a distance of 9 miles, the Director is authorized to gravel selected sections of the existing shoulders, as a Betterment Project, at an estimated cost of \$33,300.00.

Work to be done by Purchase Order Contract.

- 65-316 In LINCOLN COUNTY on STATE HIGHWAY 81, Section 6, from Star City to the Jefferson County line, a distance of 11.81 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$137,100.00.

Work to be done by Purchase Order Contract.

This will eliminate Item 11 of Minute Order 64-374, Job 2687, Star City - Jefferson County line.

- 65-317 In LONOKE COUNTY on STATE HIGHWAY 130, Section 2, from the Pulaski County line to a point 1.7 miles South, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$13,200.00.

Work to be done by Purchase Order Contract.

- 65-318 In LONOKE COUNTY on STATE HIGHWAY 130, Section 3, from the Prairie County line to a point 2.1 miles west, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$16,500.00.

Work to be done by Purchase Order Contract.

- 65-319 In MILLER COUNTY on STATE HIGHWAY 296, Section 1, from McKinney Bayou - East, a distance of 5.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$76,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-320 In MONROE COUNTY on HIGHWAY 86 from Junction U.S. 79 southeast toward Holly Grove, a distance of approximately 6.93 miles, the Director is authorized to proceed with grading, minor drainage structures, Portland Cement Stabilized Base with double bituminous surface treatment course at an estimated cost of \$215,000.00 to be charged to Betterment/State Job Fund, and work is to be done by contract.

This action is subject to the furnishing of right-of-way and adjustment of utilities according to Highway Commission policy.

- 65-321 In NEVADA COUNTY on STATE HIGHWAY 332, Section 7, from the Hempstead County line to Prescott, a distance of 4.80 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$73,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-322 In PERRY COUNTY on STATE HIGHWAY 314, Section 1, from Hollis-West, a distance of 5.95 miles, the Director is authorized to widen the existing drainage structures and construct additional side and cross drains, as a Betterment Project, at an estimated cost of \$61,000.00.

Work to be done by Maintenance Forces.

- 65-323 In POINSETT COUNTY on U. S. 63, Section 8, at the St. Francis River Floodway, west of Marked Tree, the Director is authorized to make major repairs to the existing substructures of five bridges, as a Betterment Project, at an estimated cost of \$62,000.00.

Piling to be driven by Purchase Order Contract and balance of work to be done by Maintenance Forces.

- 65-324 In POPE COUNTY on STATE HIGHWAY 326, Section 1, from U. S. 64- West, a distance of 3.03 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$90,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-325 In PRAIRIE COUNTY on STATE HIGHWAY 11, Section 9, from Interstate 40 to U. S. 70, a distance of 2.5 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Base Course and Surface Course, as a Betterment Project, at an estimated cost of \$53,200.00.

Work to be done by Purchase Order Contract.

- 65-326 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 1, from Screeton to a point 7.25 miles south, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$102,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-327 In SALINE COUNTY on STATE HIGHWAY 5, Section 7, from State Highway 9 to a point 9.11 miles East, the Director is authorized to resurface the existing Portland Cement Concrete Pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$61,100.00.

Work to be done by Purchase Order Contract.

This will eliminate Item 53 of Minute Order 64-375, Job 6838, Crows - East.

- 65-328 In SALINE COUNTY on STATE HIGHWAY 35, Section 1, from U. S. 70-C to State Highway 183, in Benton, a distance of 1.48 miles, the Director is authorized to level up selected sections with Asphaltic Concrete Hot Mix Base Course and resurface with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$13,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-329 In SHARP COUNTY on STATE HIGHWAY 230, Section 1, from Cave City to Hilltop, the Director is authorized to construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$7,400.00.

Work to be done by Maintenance Forces.

- 65-330 In WHITE COUNTY on STATE HIGHWAY 323, Section 3, from West Point- South to State Highway 11, a distance of 8.0 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$134,500.00.

Work to be done by Maintenance Forces.

65-331 In BENTON COUNTY on STATE HIGHWAY 12, Section 3:

WHEREAS, improvement of this route for approximately 1.6 miles located partly within the City of Rogers, Arkansas is urgently needed to properly serve the increased traffic that has resulted from the construction of Beaver Reservoir; and

WHEREAS, the Department's surveys and design forces are fully engaged on other work that prevents their assignment to this project at an early date.

NOW THEREFORE, the Director is authorized to employ the services of a Consulting Engineer to develop construction plans for this project and to proceed with the construction of the necessary improvements at an estimated cost of approximately \$175,000 subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. Right of-way to be furnished in accordance with the existing Department policies for secondary highways.

65-332 WHEREAS, in CLARK COUNTY, on STATE HIGHWAY 51, SECTION 1, there exist five bridges (approximately 560 feet total length) in the Terre Noir and Bradshaw Creek areas which are hazardous and in need of replacement, and

WHEREAS, the alignment of Highway 51 in the Terre Noir Creek area is poor and could be greatly improved by constructing approximately 1.5 miles of relocated roadway in conjunction with the necessary bridge work,

NOW THEREFORE, the Director is authorized to proceed with surveys, plan preparation and, as funds are available, the construction of new bridges to replace those at log stations 18.88, 19.40, 20.11, 21.87 and 22.37, along with necessary approach work and the aforementioned roadway relocation, at a total estimated cost of \$325,000.00. This action is subject to the following conditions-

1. Program approval by the Bureau of Public Roads.
2. Right of way being furnished in accord with previously stated policies for Secondary highways.

65-333 In CRAWFORD & SEBASTIAN COUNTIES for a future crossing of the Arkansas River the Director is authorized to certify to the Corps of Engineers, U. S. Army through the Bureau of Public Roads, that a bridge and highway are needed and desired across proposed Lock & Dam #13 on the Arkansas River; and

To request that the Corps of Engineers' design for the lock and dam include provisions for foundations for the future bridge crossing.

The Director is further authorized to negotiate a contract with the Corps of Engineers covering payment by the Department of the additional cost of design and construction work

necessary to provide foundations for a future highway bridge crossing at an estimated cost of approximately \$50,000.

65-334 WHEREAS, in District 4, the six items of work listed hereinafter for improvements on the Federal Aid Secondary System of State Highways have been determined to be much needed projects,

NOW, THEREFORE, IT IS ORDERED that the following listed projects be added to and made a part of the Long-Range Secondary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads, to right of way being furnished in accord with previously stated right-of-way policies, and, with respect to the Railroad Signalization project, appropriate participation in cost and continuous maintenance by the Railroad Company.

65-335 In MISSISSIPPI COUNTY on STATE HIGHWAY 18, SECTION 5, the St. Louis Southwestern crossing at Carmi has been declared hazardous, and

WHEREAS, the Planning and Research Division of the Arkansas State Highway Department has determined that this crossing is dangerous and that automatic grade crossing protection is warranted,

NOW THEREFORE, in Mississippi County on State Highway 18, Section 5, at the crossing of the St. Louis Southwestern Railway at Canmi, the Director is authorized to proceed with the installation of flashing lights automatic grade crossing protection at an estimated cost of \$8,000 subject to the following conditions:

1. That the St. Louis Southwestern Railway will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-336 In FRANKLIN COUNTY, on STATE HIGHWAY 23, Section 6:

WHEREAS, the existing Arkansas River Bridge at Ozark will interfere with the development of the Arkansas River Navigational Project currently under construction by the Corps of Engineers, U. S Army; and

WHEREAS, the Corps of Engineers, as a result of preliminary studies by a Consulting Engineering firm, have proposed alterations to the bridge that are acceptable to the Department.

NOW THEREFORE the Director is authorized to negotiate and execute an agreement with the Corps of Engineers whereby the Department will be responsible for the planning, design, and construction of alterations of the portion of the bridge involved in the navigation project to current design criteria subject to 100% cost reimbursement by the Government

The Director is further authorized to design and proceed with alterations of the portions of the bridge not involved in the navigation project as necessary in order to provide a clear bridge roadway of 28 feet at an estimated cost of \$180,000.00.

65-337 In SCOTT COUNTY on U. S. HIGHWAY 71, Section 10, from the junction of S H. 250 North 6.5 miles on new location to the junction of S H. 28, the Director is authorized to proceed with surveys, preparation of plans, and, as funds are available, acquisition of right of way and the construction of Grading, Minor Drainage Structures, Base, Surface and 685 Lin Ft. of Bridges at

an estimated cost totaling \$1,397,000.00. These actions are subject to program approval by the Bureau of Public Roads.

- 65-338 Greene County, Job 10722, District 10 Headquarters, FAP O.C.D. No. Ark. 400-9(65). The contract for construction of District 10 headquarters is awarded to Earl Kirk Construction Company, Paragould, Arkansas on the low base bid of \$577,000.00, subject to the concurrence of the Office of Civil and Defense Mobilization in the EOC portion of the contract.
- 65-339 Crittenden County, Job No. 11708, Jct. Hwy. 42-Poinsett County Line, FAP S-52(6). The contract for the construction of approximately 4.994 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment and miscellaneous items on the Heafer-Tyronza Road, State Highway 118, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$223,390.51.
- 65-340 Cross County, Job No. 11710, Levesque-Birdeye, FAP S-533(1). The contract for construction of approximately 8.991 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, Concrete Curb Islands, and other miscellaneous items on the Levesque-Birdeye Road, State Highway 163, Section 2, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$355,738.60.
- 65-341 Jefferson County, Job No. 2613, Tucker-Lonoke County Line, FAP State Job. The contract for construction of approximately 4.087 miles of Shaping Roadway and Ditches, Minor Drainage Structures, Gravel Shoulders, Asphaltic Concrete Hot Mix Surface Course and other miscellaneous items on the Sherrill- England Road, State Highway 15, Section 8, is awarded to Ben M. Hogan Co., Inc. of Little Rock, Arkansas, on their Low bid of \$91,698.86.
- 65-342 Drew County, Job No. 2677, Lincoln County Line-South, FAP S-539(2). The construction of approximately 5.530 miles of Grading, Minor Drainage Structures, Selected Material, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, and miscellaneous items on the Monticello-Coleman Road, State Highway 83, Section 2, is awarded to Linwood Smith, Lake Village, Arkansas, on their low bid of \$158,840.57.
- 65-343 Crawford County, Job No. 4484, Alma-Dyer Grading and Structures, FAP I-40-1(25)13. The construction of approximately 6.630 miles of Grading, Minor Drainage Structures, Crushed Stone Base with Double Bituminous Surface-Treatment on County Roads and Frontage Roads, ACHM Base and Surfacing on Georgia Ridge Road, 3 R.C. and Steel I-Beam Span Underpass Structures (677.01' total), 3 Bridge Span Length Culverts (86.08' total span), Erosion Control items and other miscellaneous items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas, on their low bid of \$1,498,742.12, subject to the concurrence of the Bureau of Public Roads.
- 65-344 Scott County, Job No. 4526, Olio-West, FAP S-392(6). The construction of approximately 5.464 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double

Bituminous Surface Treatment, 4 Bridge-Length Culverts (108.34 ft. total span) and miscellaneous items on the Waldron-Danville Road, State Highway 80, Section 1, is awarded to Reynolds & Williams, of Little Rock, Arkansas, on their low bid of \$261,991.01.

- 65-345 Sebastian County, Job No. 4539, Jct. Highway 22-Arkansas River Relief Bridge (Erosion Control & Fencing), FAP I-540-1(34)11. The construction of approximately 3.498 miles of Fencing and Erosion Control consisting of Limited Grading, Wire Fence, Chain Link Fence, Seeding, Sodding, Concrete Ditch Paving and other miscellaneous items on the Fort Smith Interstate Spur, Interstate 540, Section 1, is awarded to Carter's Lawn and Tree Service, of Dardanelle, Arkansas, on their low bid of \$101,946.60, subject to the concurrence of the Bureau of Public Roads.
- 65-346 White County, Job No. 5527, El Paso-North, FAP S-482(2). The construction of approximately 3.714 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Reinforce Concrete Slab Span Bridge (90.0 ft. total length) and other miscellaneous items on the El Paso-Rosebud Road, State Highway 5, Section 14, is awarded to Four Brothers, Inc., of North Little Rock, Arkansas, on their low bid of \$269,122.90.
- 65-347 Stone & Izard, Job No. 5579, White River Bridge Approaches (Calico Rock), FAP S-89(5). The construction of approximately 0.291 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment on South Approach, Portland Cement Concrete Pavement (8" Uniform Thickness) on North Approach and other miscellaneous items on the White River Bridge Approaches at Calico Rock, State Highway 5, Sections 16 and 17, is awarded to Rock Products, Inc. of Heber Springs, Arkansas, on their low bid of \$55,877.75.
- 65-348 Indenpendence County, Job No. 5580, Redecking White River Bridge (Batesville), FAP State Job. The redecking of the White River Bridge Swing Span at Batesville, State Highway 167, Section 17, is awarded to Bradco Construction, Inc. of Warren, Arkansas, on their sole bid of \$66,878.00.
- 65-349 Prairie County, Job 6820, White River Bridge at Des Arc (West Approach), FAP S-141(10). The construction of approximately 1.277 miles of Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base Course, Double Bituminous Surface Treatment, Concrete Curb and Miscellaneous items on the West Approach to the White River Bridge, State Highway 38, Section 1, is awarded to Cleo Riggs Contractor, Inc., Camden, Arkansas on their low bid of \$167,964.28.
- 65-350 Pulaski County, Job No. 6841, Little Rock-North Little Rock Freeway Ramp Signals, FAP I-30-2(73)139. The installation of traffic-actuated signalization systems at four interchanges on the Little Rock-North Little Rock Freeway, Interstate 30, Section 2, is awarded to Fagan Electric Co., Inc. of Little Rock, Arkansas, on their low bid of \$44,470.45, subject to the concurrence of the Bureau of Public Roads.

- 65-351 Union & Dallas Counties, Job 7643, Upland-El Dorado Bypass & Fordyce Bypass Erosion Control, FAP F-021-1(30) & F-015-2(13). The construction of approximately 9.729 miles of Erosion Control Work consisting of Topsoil, Seeding, Solid Sodding, Sod Mulch, Concrete Ditch Paving and other miscellaneous items on the Upland-El Dorado Bypass Road, State Highway 167, Section 1, Union County, and on the Fordyce Bypass Road, State Highway U.S. 79, Section 6, Dallas County, is awarded to Western Landscaping, Inc., of Oklahoma City, Oklahoma on their low bid of \$51,380.64, subject to the concurrence of the Bureau of Public Roads.
- 65-352 Johnson County, Job 8522, Hagarville-Forest Boundary, FAP S-266(4). The construction of approximately 3.347 miles of Grading, Minor Drainage Structures, Selected Material, Gravel Base Course, Double Bituminous Surface Treatment, Seeding, One Reinforced Concrete Slab Span Bridge (125.00 feet length) and Miscellaneous items on the Hagarville-Pelsor Road, State Highway 123, Section 3, is awarded to Forsgren, Inc. of Fort Smith, Arkansas, on their low bid of \$181,044.94.
- 65-353 Pope County, Job 8531, Junction U. S. 64-Junction Highway 7, FAP S-170(7). The construction of approximately 2.53 miles of Grading, Minor Drainage Structures, Asphalt Treated Plant Mixed Crushed Stone Base and Asphaltic Concrete Hot Mix Surface; Crushed Stone Base and Double Bituminous Surface Treatment on Shoulders and other miscellaneous items on the East Russellville Bypass Truck Route, State Highway 7T, Section 14T, is awarded to APT Construction Company of North Little Rock, Arkansas, on their low bid of \$232,747.67.
- 65-354 Poinsett County, Job 10694, L'Anguille River & Relief Bridges & Approaches, FAP S-510(1). The construction of approximately 0.397 mile of Grading, Gravel Surface, One Prestressed Precast Reinforced Concrete Slab Span Bridge (93.00 feet), One Precast and Prestressed Precast Reinforced Concrete Slab Span Bridge (138.08 feet), One Precast Reinforced Concrete Slab Span Bridge (57.00 feet) and other miscellaneous items on the Fisher-Whitehall Road, State Highway 214, Section 1, is awarded to S. M. Dixon Construction Company of Warren, Arkansas, on their low bid of \$97,409.75.
- 65-355 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, July 28, 1965.

August 25, 1965

65-356 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 25, 1965.

65-357 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-262 on June 23, 1965, and 65-339 through 65-354 at the regular meeting of the Commission on July 28, 1965.

65-359 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1965 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

65-360 WHEREAS, it has been determined that there exists a need for expediting the preliminary engineering phase of the work load within the Department, and

WHEREAS, to accomplish this end, the use of Photogrammetric Engineering is considered to be an effective procedure,

NOW, THEREFORE, the Director is authorized to proceed with the installation and utilization of the necessary equipment and supplies as are required for Aerial Photogrammetry and its ultimate uses in locating and designing highways, and to take the necessary actions to implement its use.

65-361 Minute Order 65-269 is hereby modified to provide that the Director be authorized in accordance with the provisions of Act 148 of 1961 to pay \$2,000.00 to the Mississippi River Parkway Commission as the Department's pro-rata cost for the 1965-66 fiscal year, for the promotion and development of the Great River Road.

65-362 WHEREAS, the increase in Maintenance Operations makes it desirable that a new Area Headquarters be established in the vicinity of Blytheville in Mississippi County, and

WHEREAS, the Armored Planting Company has offered to sell to the Department five acres of land east of Blytheville on State Highway 18, for \$7,500.00.

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and to construct building, fences and appurtenances necessary for a complete Headquarters facility as a Building Project at an estimated cost of \$36,000.00.

65-363 The purpose of this Minute Order is to ratify action of the Commission at its regular meeting February 3, 1965 wherein there was unanimous agreement to assist the City of West Helena financially, assistance being limited not to exceed \$22,500.00, in relocating its utilities, and for the acquisition of right of way within the corporate limits of West Helena on Job 11681.

This Minute Order is to authorize issuance of a State Warrant to the City of West Helena in the amount of \$12,700.00 for the relocation of a municipally owned utility. An amount of \$9,800.00 has been expended by the Highway Department for the acquisition of four tracts within the city limits. The remainder of the right of way within the city limits has been provided free of cost to the State.

65-364 WHEREAS, in VAN BUREN COUNTY, it has been proposed to change the location of the access highway to Sugar Loaf public use area on Greers Ferry Reservoir; and

WHEREAS, under provisions of Section 4, Act 150, of 1961, the State Highway Commission and County Judges are authorized to enter into agreements whereby certain highways or portions thereof in the State Highway System become a part of the County Highway System and certain highways in the County System in return become a part of the State Highway System;

NOW, THEREFORE, IT IS ORDERED that upon issuance of the proper Court Order by the County Judge of Van Buren County, the section of county road from State Highway No. 92 near the Cleburne County line, west to the Sugar Loaf public use area, a distance of 1.4 miles, be made a part of the State Highway System, and the road from State Highway No. 92 northerly to the Sugar Loaf public use area, a distance of approximately 1.3 miles, which was designated as a State Highway by Minute Order 65-200 on June 23, 1965, be deleted from the State Highway System, to become a part of the County-maintained highway system; all as shown on attached sketch.

65-365 In BENTON COUNTY, the road from the junction of U. S. 71 in Lowell, west to a road junction in Cave Springs, a distance of 5.6 miles, is hereby made a part of the State Highway System.

65-366 In BENTON COUNTY, the road from the junction of State Highway 279 northeast of Hiwasse, northeasterly to the junction of State Highway 94 at the Arkansas - Missouri State line, a distance of approximately 8 miles, as shown on attached sketch, is hereby made a part of the State Highway System.

65-367 In BENTON and MADISON COUNTIES, the road from the junction of State Highway 12 approximately one mile west of the junction of State Highway 23, westerly and northerly to the Beaver Reservoir in section 20, T19N, R27W, a distance of approximately 9.5 miles, is hereby made a part of the State Highway System.

65-368 In BENTON and WASHINGTON COUNTIES, the road from the junction of State Highway 12 south of Bentonville, southerly via Cave Springs and Elm Springs to the junction of State Highway 68 in Tontitown, a distance of 12.37 miles, is hereby made a part of the State Highway System.

65-369 In BOONE COUNTY, the following described county roads are hereby made a part of the State Highway System:

1. The road from the end of State Highway 206 at Capps, easterly to the junction of State Highway 7 in Harrison, a distance of approximately 4.4 miles.

2. The road from the junction of U. S. 65 north of Harrison, east to the junction of State Highway 7 north of Harrison in section 34, T19N, R20W, a distance of approximately 1.5 miles.

3. The road from the junction of State Highway 14 at Lead Hill, northerly via Diamond City and Sugar Loaf, to the Lead Hill Public Use Area Boundary on Bull Shoals Lake, a distance of approximately 3.9 miles.

65-370 In CLEBURNE COUNTY, the road from junction of State Highway 124 near the Cleburne County line, north to the junction of State Highway 25 south of Pearson, a distance of approximately 4.1 miles, is hereby made a part of the State Highway System.

65-371 In MADISON COUNTY, the road from the junction of State Highway 68 at Hindsville, west, north, and west to the junction of State Highway 295, a distance of 1.6 miles, is hereby made a part of the State Highway System.

65-372 In NEWTON COUNTY, the road from the junction of State Highway 123 at Mount Judea, northeasterly and southeasterly to a county road junction 0.6 miles north of Bass, a distance of 5.6 miles, is hereby made a part of the State Highway System.

65-373 In WASHINGTON COUNTY, the road from the junction of State Highway 16 east of Fayetteville, north to the junction of State Highway 45 east of Fayetteville, a distance of approximately 2.3 miles, is hereby made a part of the State Highway System.

65-374 In WASHINGTON COUNTY, the road from the junction of State Highway 16 at Elkins, southwesterly via Sulphur City for a distance of 6.0 miles, is hereby made a part of the State Highway System.

65-375 In WASHINGTON COUNTY, in the City of Fayetteville, a route from the junction of U. S. 71, west along 15th Street to the junction of the loop route of U. S. 71, a distance of approximately 1.6 miles, as shown on attached sketch, is hereby made a part of the State Highway System.

65-376 In WHITE COUNTY, the road from junction U.S. 67-C in Searcy, east and south to junction State Highway 320, a distance of approximately two miles, is hereby made a part of the State Highway System.

65-377 In ARKANSAS COUNTY on STATE HIGHWAY 152 Alt., Section 1A, on the DeWitt-West Bypass, a distance of 2.40 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Soil Cement Stabilized Base and Asphaltic Concrete Hot Mix Surface Course, as a State Contract Job, at an estimated cost of \$130,000.00.

This work is to be contingent on the right-of-way being furnished free and clear of utilities.

65-378 In BOONE COUNTY on U. S. HIGHWAY 65, Section 1, from the North City Limits of Harrison to Bear Creek Springs, a distance of 6.00 miles, the Director is authorized to level up and resurface the existing pavement as a Betterment Project at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract.

65-379 In CALHOUN COUNTY on STATE HIGHWAY 274, Section 3, from Tinsman to the Dallas County Line, a distance of 10.55 miles, the Director is authorized to construct seven

corrugated metal arch pipe culverts and four pre-cast slab bridges as a Betterment Project at an estimated cost of \$47,000 00

Work to be done by Purchase Order Contract and Maintenance Forces.

65-380 In CALHOUN COUNTY on U. S. 167, Section 3, from the South City Limits of Hampton to a point 5 miles south, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$36,900.00.

Work to be done by Purchase Order Contract.

65-381 In CLARK COUNTY on STATE HIGHWAY 51, Section 0, between State Highway 53 and U. S. 67, the Director is authorized to construct two Precast Concrete Slab Bridges, as a Betterment Project, at an estimated cost of \$13,600.00.

Work to be done by Purchase Order Contract ant Maintenance Forces.

65-382 In CLARK COUNTY on U. S. 67, Section 4, from State Highway 51- North, a distance of 3.50 miles, the Director is authorized to resurface the existing asphalt pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$42,300.00.

Work to be done by Purchase Order Contract.

65-383 In CLARK COUNTY on U. S. 67, Section 5, from State Highway 53 to a point 2.60 miles north, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$30,700.00.

Work to be done by Purchase Order Contract.

65-384 In COLUMBIA COUNTY on STATE HIGHWAY 160, Section 3, the Director is authorized to construct Portland Cement Stabilized Base and Double Bituminous Surface Treatment on the following two sections: 2.05 miles between the Lafayette County line and Taylor and 2.28 miles from Macedonia - West, as a Betterment Project, at an estimated cost of \$68,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-385 In COLUMBIA COUNTY on STATE HIGHWAY 98, Section 3, between U. S. 82 and U. S. 79, the Director is authorized to construct the Cornie Creek Bridge and two Relief Structures, using Precast Concrete Slabs, as a Betterment Project, at an estimated cost of \$23,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-386 In CRAWFORD COUNTY on STATE HIGHWAY 220, Section 2, at Lee's Creek, the Director is authorized to construct one concrete pier, one abutment and erect two 90-foot Army Trusses to connect with the existing bridge - Also, construct approach on west end, as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by Maintenance Forces

65-387 In CROSS COUNTY on STATE HIGHWAY 42, and 1B, in Cherry Valley, a total length of 1.17 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Asphaltic Concrete Hot Mix Surface Course and One Precast bridge as a Betterment Project at an estimated cost of \$45,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-388 In CROSS COUNTY on U. S. HIGHWAY 64, Section 16, from State Highway 1 to Crittenden County Line, the Director is authorized to Resurface two sections of the existing pavement for a distance of 15.50 miles with Sand Asphaltic Hot Mix Surface Course as a Betterment Project at an estimated cost of \$107,000.00.

Work to be done by Purchase Order Contract.

65-389 In CROSS COUNTY on STATE HIGHWAY 1, Section 14, from Vanndale to the Poinsett County Line, a distance of 8.93 miles, the Director is authorized to resurface the existing pavement with Sand Asphaltic Hot Mix Surface Course as a Betterment Project at an estimated cost of \$62,000.00.

Work to be done by Purchase Order Contract.

65-390 In FAULKNER COUNTY at Arkansas State Teachers College in Conway, a driveway south and west of the Girls' Dormitory and Student Center is, hereby, made a part of the Institutional Drives, in accordance with the attached sketch, and the Director is authorized to construct Base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$6,500.00.

65-391 In GREENE COUNTY on STATE HIGHWAY 1, Section 19, from the Craighead County Line to State Highway 25 in Paragould, a distance of 6.94 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course as a Betterment Project at an estimated cost of \$83,000.00.

Leveling to be done by State Forces. Hot Mix Surface Course to be done by Purchase Order Contract.

65-392 In INDEPENDENCE COUNTY on U.S. HIGHWAY 167, Section 18, from Batesville to Cave City, a distance of 14.00 miles, the Director is authorized to resurface the existing pavement

with Asphaltic Concrete Hot Mix Surface Course as a Betterment Project at an estimated cost of \$130,000.00.

Work to be done by Purchase Order Contract.

- 65-393 In IZARD COUNTY on STATE HIGHWAY 9, Section 12, from Melbourne to Twin Creek, a distance of 11.3 miles, the Director is authorized to construct Minor Drainage Structures, Base and Surfacing, as a Betterment Project, at an estimated cost of \$118,000.00.

Work to be done by Maintenance Forces.

- 65-394 In LEE COUNTY, on STATE HIGHWAY 259, Section 1, from State Highway 78 to Salem, a distance of 4.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and two bridges as a Betterment Project as an estimated cost of \$75,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-395 In MONTGOMERY COUNTY on STATE HIGHWAY 240, Section 1, from Hopper south, a distance of 2.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and One Bridge as a Betterment Project at an estimated cost of \$14,600.00.

Work to be done by Maintenance Forces.

- 65-396 In PHILLIPS COUNTY on STATE HIGHWAY 318, Section 1, from Helena Crossing to State Highway 242, a distance of 2.60 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface, as a Betterment Project, at an estimated cost of \$65,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-397 In POINSETT COUNTY on STATE HIGHWAY 1, Section 15, from the Cross County line to Harrisburg, a distance of 8.24 miles, the Director is authorized to level up and resurface selected sections with Asphaltic Concrete Hot Mix Base and Surface Course and construct Gravel Shoulders, as a Betterment Project, at an estimated cost of \$106,000.00.

Resurfacing to be done by Purchase Order Contract and the balance of the work by Maintenance Forces.

- 65-398 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 0, at Wattensaw Bayou, the Director is authorized to construct two bridges, total length 364 lineal feet, using treated timber substructure and reinforced concrete deck, as a Betterment Project, at an estimated cost of \$18,800.00.

Work to be done by Maintenance Forces.

- 65-399 In VAN BUREN COUNTY on STATE HIGHWAY 330, Section 1, from Choctaw - East a distance of 1.8 miles, to the Choctaw Recreational Area, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$27,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-400 In WASHINGTON COUNTY on U. S. 62, Section 1, from Farmington to Prairie Grove, a distance of 6.40 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$64,150.00.

Work to be done by Purchase Order Contract.

- 65-401 In YELL COUNTY on STATE HIGHWAY 27, from the West City Limits of Dardanelle west a distance of 1.50 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course as a Betterment Project at an estimated cost of \$11,600.00.

Work to be done by Purchase Order Contract

- 65-402 In BAXTER COUNTY for an extension of Highway 177 over Norfork Dam, and for service to Fulton County, the Director is authorized to proceed with a rock cut, construction of an immediate approach on the east side, of approximately 0.5 miles, including grading, base, and surfacing at an estimated cost of \$200,000.00.

This action is subject to the furnishing of all right-of-way free of cost to the State, and approval by the Corps of Engineers and the Bureau of Public Roads.

- 65-403 In CRAWFORD COUNTY on STATE HIGHWAY 162, Section 1:

WHEREAS, at Frog Bayou, approximately 205 miles south of Highway U.S. 64, a 220 foot bridge was collapsed by a truck and is beyond repair;

IT IS ORDERED that the Director be authorized to proceed with the construction of a new bridge and approaches, as an emergency project, at an estimated cost of \$80,000.00.

- 65-404 In CRITTENDEN COUNTY on STATE HIGHWAY 191 in the City of West Memphis, the Director is authorized to proceed with the construction of an extension of 7th Street, a distance of approximately 0.65 mile, with a 4-lane concrete pavement and with curb and gutter at an estimated cost of \$235,000.00.

The above action is subject to program approval by the Bureau of Public Roads and the furnishing of right-of way and adjustment of utilities to be provided at no cost to the State.

65-405 In HEMPSTEAD COUNTY for INTERSTATE ROUTE 30 from STATE HIGHWAY 4 near Hope to and including the Grade Separation for a County Road near Emmet, for approximately 6.5 miles:

WHEREAS, the workload of the Department's personnel on other urgent projects is such that immediate attention cannot be given to this section of the Interstate System; and

WHEREAS, it is desired to develop right-of-way requirements and construction plans at the earliest possible date;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing complete construction plans and right-of-way requirements for the project.

This action is subject to the approval of the Bureau of Public Roads.

65-406 In HEMPSTEAD and NEVADA COUNTIES on INTERSTATE ROUTE 30 from a county road near Emmet to and including the Highway 19 Interchange near Prescott, for approximately 10.0 miles:

WHEREAS, the work load of the Department's personnel on other urgent projects is such that immediate attention cannot be given to this section of the Interstate System; and

WHEREAS, it is desired to develop right-of-way requirements and construction plans at the earliest possible date:

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing complete construction plans and right-of-way requirements for the project.

This action is subject to the approval of the Bureau of Public Roads.

65-407 In CROSS COUNTY on STATE HIGHWAY 39, SECTION 6, at Fair Oaks, the Missouri Pacific Railroad Company has declared that its crossing at S.H. 39 is very hazardous, and

WHEREAS, the Planning and Research Division of the Arkansas Highway Department has determined that this crossing is extremely dangerous and that automatic grade crossing signals should be installed at this crossing.

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$8,000 subject to the following conditions:

1. That the Missouri Pacific Railroad will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-408 Woodruff County, Job No. 11707, White River Bridge-East, FAP F-020-2(18). The contract for the construction of approximately 6J886 miles of Grading, Minor Drainage Structures, Crushed Stone and Asphaltic Treated Crushed Stone Base, ACHM Base and Surface Courses, Double Bituminous Surface Treated Shoulders, Widen One 509.55 ft. bridge, construct one R.C. Slab Span Bridge (90.0 ft.), One Bridge Span Length Culvert (26.67 ft. total span) and other miscellaneous items on the Bald Knob-McCrory Road, U. S. Highway 64, Sections 12 and 13, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$916,435.09, subject to the concurrence of the Bureau of Public Roads.

65-409 Woodruff County, Job No. 11718, McCrory Bypass Surfacing, FAP F-020-2(21). The contract for the construction of approximately 7.985 miles of Limited Grading and Minor Drainage Structures, Crushed Stone and Asphalt Treated Crushed Stone Base Courses, ACHM Base and Surface Courses, Double Bituminous Treated Shoulders, Seeding and other miscellaneous items on the McCrory ByPass Road, U. S. Highway 64, Sections 13 and 14, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$697,058.49, subject to the concurrence of the Bureau of Public Roads.

65-410 Desha County, Job No. 2674, Missouri Pacific Overpass and Approaches Widening, FAP F-025-1(12). The contract for the construction of approximately 0.554 mile of Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base Course, ACHM Base and Surface Courses, Widening One RCDG Bridge (770.50 Ft.) and miscellaneous items on the Lake Village-Dumas Road, U. S. Highway 65, Section 19. All bids were rejected as being too high. Plans and Specifications are to be reviewed and the job is to be readvertised.

65-411 Arkansas County, Job No. 2676, Highway 169 Alterations (Lock and Dam No. 2) Corps of Engineers Contract No. DA-03-050-CIVENG-65-51. The contract for the construction of approximately 1.022 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized

Base, Double Bituminous Surface Treatment, Dumped Riprap, One R.C. Slab Span Bridge (125 Lin. Ft.) and other miscellaneous items on the Junction Highway 1-Arkansas Post Road, State Highway 169, Section 1, is awarded to Eugene Luhr & Company of Columbia, Illinois on their low bid of \$141,406.74.

65-412 Arkansas County, Job No. 2688, DeWitt-Junction Highway 33, FAP S-206(3). The contract for the construction of approximately 5.965 miles of Limited Grading, Minor Drainage structures, Crushed Stone Base Course (widening), Asphaltic Concrete Hot Mix Base and Surface Courses and miscellaneous items on the DeWitt-North Road, State Highway 130, Section 6, is awarded to D.F. Jones, Contractor, of Little Rock, Arkansas on his low bid of \$273,095.21.

65-413 Hempstead County, Job No. 3634, Junction Highway 29-Patmos, FAP S-540(1). The contract for the construction of approximately 3.357 miles of Grading, Minor Drainage Structures, Selected Material, Gravel Base Course, Double Bituminous Surface Treatment, Erosion Control Items and Miscellaneous Items on the Junction Highway 29-Patmos Road, State Highway 355, Section 1, is awarded to R.H. Davis Construction Company, Inc., and R.H. Davis Bridge Company, Inc., of Stamps, Arkansas on their low bid of \$118,955.10.

65-414 White County, Job No. 5537, Higginson-Southeast Bridges and Approaches, State Project. The contract for the construction of approximately 0.909 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, 8 Reinforced Concrete Box Culverts, One Reinforced Concrete Slab Span Bridge (90.0 ft. total) and other miscellaneous items at nine locations on the Higginson-Griffithville Road, State Highway 11, Section 11, is awarded to John M. Smith of Little Rock, Arkansas on their low bid of \$128,835.51.

65-415 Prairie County, Job No. 6859, White River Levee-Brasfield Surfacing, FAP I-40-4(25)202. The contract for the construction of approximately 3.428 miles of Grading, Crushed Stone Base Course, Portland Cement Concrete Pavement (10" Uniform Thickness), Double Bituminous Surface Treated Shoulders, Erosion Control and other miscellaneous items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded to Wright Contracting Company of Columbus, Georgia on their low bid of \$1,012,543.19, subject to the concurrence of the Bureau of Public Roads.

65-416 Clark County, Job No. 7571, Amity-Hot Spring County Line, FAP S-214(2). The contract for the construction of approximately 6.344 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment and other miscellaneous items on the Amity-Bismarck Road, State Highway 84, Section 4, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$272,332.46.

65-417 Columbia County, Job No. 7608, Louisiana Line-Taylor, FAP S-10(4). The contract for the construction of approximately 5.674 miles of Grading, Minor Drainage Structures, Selected Material, Sand Asphaltic (Hot-Mixed, Hot-Laid) Base (Alternate No. 1) of P.C. Stabilized Base (Alternate No. 2); DGHM Base Course, ACHM Surface Course, DBST (Shoulders), Curb and Gutter, One R.C. Slab Span Bridge (90.0 ft. length), One Bridge-Length Culvert (22.08 ft. span)

and Related Items on the Louisiana Line-Taylor Road, State Highway 132, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid on Alternate No. 2 of \$518,567.73.

65-418 Ouachita County, Job No. 7622, Highway 4 Spur in Camden (Surfacing), FAP U-012-1 (14). The contract for the construction of approximately 2.783 miles of Limited Grading, Minor Drainage Structures, Gravel Base Course, Asphalt Treated Gravel Base, Dense Graded Hot Mix Base, ACHM Surface, DBST (Shoulders), Erosion Control Items and miscellaneous items on the Camden Spur, State Highway 4, Section 8, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$333,053.44, subject to the concurrence of the Bureau of Public Roads.

65-419 Perry County, Job No. 8592, Fourche LaFave River Bridge and Approaches, FAP S-558(1). The contract for the construction of approximately 0.492 mile of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, One R.C. Composit I-Beam Span Bridge (422.17 ft. length) and miscellaneous items on the Aplin-South Road, State Highway 155, Section 6, is awarded to D.F. Jones Construction Company, Inc., of Little Rock, Arkansas on their low bid of \$154,388.20.

65-420 Mississippi County, Job No. 10746, Blytheville Weigh Station, State Project. The contract for furnishing all materials, labor, equipment, tools and incidentals necessary to complete the weigh station house, scales, additional pavement, site improvements and all other items in accordance with the plans and specifications furnished on Interstate 55, Section 1, All bids were rejected as being too high. Plans and Specifications are to be reviewed and the job is to be readvertised.

65-421 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:45 P.M., Wednesday, August 25, 1965.

September 29, 1965

65-422 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 29, 1965.

65-423 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-408, 65-409, and 65-411 through 65-419 at the regular meeting of the Commission on August 25, 1965.

65-425 WHEREAS, in Union County, on Job No. 7539 (R/W Job 7440) El Dorado Bypass, certain lands were acquired by condemnation from the Wilson Estate, which condemnation suit is still pending; and,

WHEREAS, the Commission did on July 24, 1963, approve Minute Order No. 5171 authorizing the Director to approve four items of expenditure; and,

WHEREAS, it is found that the expenditures authorized by the Minute Order have been made except for the cost of cleaning out the lake situated upon the Wilson Estate Lands; and,

WHEREAS, it now appears to the Commission that it is impractical to carry out, to the satisfaction of the owners, the contemplated cleaning out of sediment in said lake, it is found that it would be in the best interest of the Commission and the public to rescind said Minute Order except as to the expenditures already made thereunder.

NOW, THEREFORE, it is ordered that Minute Order No. 5171 of July 24, 1963, be, and it is hereby, rescinded except as to those expenditures already made thereunder.

65-426 WHEREAS, The Arkansas State Highway Commission proposes to reconstruct Highway 71 from Winslow to Westfork, both in Washington County, Arkansas.

WHEREAS, the Arkansas State Highway Commission is engaged in a dispute as to the right-of-way with Edna Schupback and Dorothy Cuneo in the Washington County, Arkansas Circuit Court; and

WHEREAS, this dispute may be settled on the exchange of lands proposed; and

WHEREAS, Edna Schupback and Dorothy Cuneo hold title to and possess 0.16 Acres within the Southwest Quarter of the Northwest Quarter of Section 30, Township 14 North, Range 29 West in Washington County, Arkansas, needed for right-of-way purposes for the reconstruction of Highway 71, described as follows:

Starting at the Southeast Corner of the Northeast Quarter of the Southwest Quarter of Section 30; thence North 10 06' East along the East line thereof a distance of 980.5 feet to a point; thence South 610 27' West a distance of 63.4 feet to a point on the existing Center Line of in. 5. Highway 71; thence in a northwesterly direction along said Center Line of Highway on a curve Left, having a radius of 954.9 feet for a distance of 462.5 feet to a point; thence North 540 23' West along said existing Center Line of highway a distance of 1180.2 feet to a point of beginning; thence South 350 37' West a distance of 50.0 feet to a point on the right of way line; thence North 540 23' West along said right of way line 146.6 feet to a point; thence North 350 37' East 50.0 feet to the Center line of in. 5. Highway 71; thence South 540 23' East 146.6 feet to the point of beginning.

WHEREAS, the Arkansas State Highway Commission holds title to and possesses 0.08 acre within the Southwest Quarter of the Northwest Quarter of Section 30, Township 14 North, Range 29 West, in Washington County, Arkansas; and

WHEREAS, Edna Schupback and Dorothy Cuneo, and the Arkansas State Highway Commission, desire an exchange of the lands belonging to Edna Schupback and Dorothy Cuneo for lands belonging to the Arkansas State Highway Commission.

NOW THEREFORE, The Arkansas State Highway Commission Chairman is authorized and directed to convey by deed the lands first hereinafter described to Edna Schupback and Dorothy Cuneo in exchange for and in consideration for a like instrument of conveyance of lands needed properly executed and delivered by Edna Schupback and Dorothy Cuneo.

Part of the Southwest Quarter of the Northwest Quarter of Section 30, Township 14 North, Range 29 West, in Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northeast Quarter of the Southwest Quarter of Section 30; thence North 10 06' East along the East line thereof a distance of 980.5 feet to a point; thence South 610 27' West a distance of 63.4 feet to a point on the existing Center line of in. 5. Highway 71; thence in a northwesterly direction along said Center line of Highway on a curve Left, having a radius of 954.9 feet for a distance of 462.5 feet to a point; thence North 540 23' West along said existing Center line of Highway a distance of 1180.2 feet to a point; thence South 350 37' West a distance of 40.0 feet to a point on the existing westerly right of way line of in. 5. Highway 71; thence North 540 23' West along said existing right of way line a distance of 21.9 feet to a point; thence South 350 37' West along said existing right of way line a distance of 10.0 feet to a point of beginning of land conveyed; thence continue South 350 37' West along said line a distance of 30.0 feet to a point; thence North 540 23' West a distance of 124.7 feet to a point; thence North 350 37' East a distance of 30.0 feet to a point which is 50.0 feet from and perpendicular to Center line of in. 5. Highway 71; thence South 540 23' East 50.0 feet from and parallel to Center line of in. 5. Highway 71 a distance of 124.7 feet to the point of beginning.

65-427 WHEREAS, acquisition of title by the Arkansas State Highway Commission to the hereinafter described 0.17 acre tract, more or less, for highway purposes in Washington County, Arkansas was made on September 16, 1929 by order of the Washington County Court in the reconstruction of State Highway No. 71 for right-of-way purposes;

WHEREAS, the portion of land thereof lying and extending beyond the right-of-way line of State Highway No. 71 as now proposed and not needed for right-of-way purposes is described as follows:

Part of the South Half of the Northwest Quarter of Section 30, Township 14 North, Range 30 West, in Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northeast Quarter of the Southwest Quarter of Section 30; thence North 10 06' East along the East line thereof a distance of 980.5 feet to a point; thence South 610 27' West a distance of 63.4 feet to a point on the existing center line of in. 5. Highway 71; thence in a northwesterly direction along said center line of Highway on a curve left, having a radius of 954.9 feet for a distance of 462.5 feet to a point; thence North 540 23' West along said existing center line of Highway a distance of 1202.5 feet to a point; thence North 350 37' East a distance of 40.0 feet to a point on the existing easterly right of way line for a point of beginning of land conveyed; thence North 540 23' West along said right of way line 40.0 feet from and parallel to center line of State Highway 71 a distance of 362.4 feet to a point; thence North

350 37' East 20.0 feet to a point; thence South 540 23' East a distance of 362.4 feet to a point; thence South 350 37' West 20.0 feet to the point of beginning and containing 0.17 Acre, more or less.

WHEREAS, the Arkansas State Highway Commission is engaged in a dispute as to right-of-way with Lola Reed in the Washington County, Arkansas Circuit Court; and

WHEREAS, this dispute may be settled on conveyance by the Arkansas State Highway Commission of the land by quitclaim deed herein above described to Lola Reed;

NOW THEREFORE, the Arkansas State Highway Commission Chairman is authorized and directed to proceed in executing a quitclaim deed of conveyance of the lands before described to Lola Reed for a consideration of ONE AND NO/100 Dollars, (\$1.00).

65-428 In BAXTER COUNTY, the county road from the junction of State Highway 5 in Sec. 3, Twsp. 19 N, Range 12 W, northeasterly to a county road junction, a distance of approximately two miles, is hereby made a part of the State Highway System.

In BAXTER COUNTY, the county road known as the Leon Dew Road or the Sycamore Springs Road, from Highway 5 to Norfolk Lake, a distance of approximately 2.0 miles, is hereby made a part of the State Highway System.

65-429 WHEREAS, in DALLAS COUNTY, near Fordyce, an 0.13 mile section of State Highway 273, Section 1, between the new and old locations of in. 5.79, was closed and barricaded during the construction of Job 7615 to eliminate a traffic hazard, and

WHEREAS, this 0.13 mile section of State Highway 273 no longer serves as a highway connection since adequate service is provided by a connection to new in. 5. 79,

NOW, THEREFORE, IT IS ORDERED that the official designation of the south terminus of State Highway No. 273, section 1, shall be the junction of new in. 5. 79, as constructed by Job 7615, all as shown on attached sketch.

65-430 In CLARK and NEVADA COUNTIES, in the vicinity of Little Missouri River, the official designated location of S.H. No. 53, Section 1 and 2, shall be in accordance with the location constructed by Job 1393 and, in accordance with Supreme Court decisions, the old location of S.H. 53, Sections 1 and 2, not used in the construction of Job 1393 is declared to be no longer a part of the Highway System, all as shown on attached sketch which becomes a part of this Order.

65-431 In CLARK COUNTY, in the vicinity of Caddo River, the official designated location of State Highway 84, Sec. 4, shall be in accordance with the location as constructed by Job 7617 and, in accordance with Supreme Court decisions, the old location of State Highway 84, Sec. 4, in the vicinity of Caddo River which has been relocated by Job 7617 is declared to be no longer a part of the State Highway System, all as shown on the attached sketch which becomes a part of this Order.

65-432 WHEREAS, in MILLER COUNTY, at Texarkana, the location of State Highway 196, Sec. 1, was erroneously described by M.O. 65-189 as along Forest Avenue, and

WHEREAS, this was not the route that was intended to be included in the State Highway System,

NOW, THEREFORE, IT IS ORDERED that M.O. 65-189 of June 23, 1965, be rescinded and the following-described road be made a part of the State Highway System:

Beginning at the junction of State Highway No. in. 5. 71 and Division Avenue, thence east along Division Avenue to Flower Street, thence south along Flower Street to Genoa Road, thence easterly along Genoa road through the community of Genoa to a county road junction on the section line between sections 13 and 14, T-16-S, R-27-W, a distance of approximately 11.4 miles; all as shown on attached sketch.

65-433 In PHILLIPS COUNTY in the City of West Helena, for STATE HIGHWAY 242, the following changes, as shown on the attached sketch, are ordered:

Delete from the System by rerouting that part of State Highway 242, Section 0, from the junction of Plaza Street (U.S. 49) south along South Seventh Street (S.H. 242) to Russell Street in West Helena and add to the System that part of Sebastian Street from the junction of Plaza Street (U.S. 49) southeasterly to Russell Street, then east along Russell Street to the junction of South Seventh Street (present S.H. 242).

65-434 In UNION COUNTY, in the vicinity of Junction City, the official designated location of State Highway No. in. 5. 167, Sec. 1 shall be in accordance with the location constructed by Job 7565 and, in accordance with Supreme Court decisions, the old portion of State Highway 167, Sec. 1 not used in the construction of Job 7565 is declared to be no longer a part of the State Highway System, all as shown on attached sketch which becomes a part of this Order.

65-435 WHEREAS, in HEMPSTEAD COUNTY at the District No. 3 Headquarters in Hope the existing Service Station is both antiquated and inadequate, and,

WHEREAS, there is sufficient space at the existing Headquarters site for a new service station facility,

IT IS ORDERED that the Director be authorized to construct a new service station facility, as a Building Project, at an estimated cost of \$35,000.00.

Construction to be done by Purchase Order Contract.

65-436 In CARROLL COUNTY on in. 5. 62, Section 4, between Eureka Springs and the junction with State Highway 143, a distance of 8 miles, the Director is authorized to level up and resurface

the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$78,800.00.

Work to be done by Purchase Order Contract.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-437 In FRANKLIN COUNTY on STATE HIGHWAY 186, Section 1, from Alix to Altus, a distance of 3.22 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$43,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-438 In FRANKLIN COUNTY on STATE HIGHWAY 219, Section 0, from in. 5. 64 to a point 1.44 miles Southwest, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment and one 20-Foot Bridge, as a Betterment Project, at an estimated cost of \$24,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-439 In HOT SPRING COUNTY on in. 5. 270, Section 7, from the Interstate 30 Interchange at Rockport to the Railroad Overpass at Malvern, a distance of 2.0 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$21,800.00.

Work to be done by Purchase Order Contract.

65-440 In LOGAN COUNTY on STATE HIGHWAY 109, Section 3, from Scranton to Morrison Bluff, a distance of 2.3 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$23,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-441 In LONOKE COUNTY on STATE HIGHWAY 13, Section 10, from Carlisle-North to Interstate 40, a distance of 1.40 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course and construct Shoulders, as a Betterment Project, at an estimated cost of \$17,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-442 In LONOKE COUNTY on STATE HIGHWAY 236, Section 1, from State Highway 89 to State Highway 31, a distance of 6.18 miles, the Director is authorized to construct Grading, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$61,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State

65-443 In LONOKE COUNTY on STATE HIGHWAY 321, Section 1, from State Highway 38 to a point 3.93 miles south, the Director is authorized to construct Grading, Crushed Stone Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$34,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-444 In MILLER COUNTY on STATE HIGHWAY 296, Section 1, from Hervey to a point 4.67 miles west, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$72,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-445 In MONTGOMERY COUNTY on STATE HIGHWAY 188, section 1, from 5. H. 27 to Little Fir Recreational Area, a distance of 8.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base, Double Bituminous Surface Treatment, one 20-Foot Bridge and widen a 150-Foot Low Water Crossing, as a Betterment Project, at an estimated cost of \$86,100.00

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-446 In OUACHITA COUNTY on in. 5. 79, Section 4, from Eagle Mills to Bearden, a distance of 5.47 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$50,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-447 In POPE COUNTY on Institutional Drive 876, Section 1, Arkansas Polytechnic College, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Asphaltic Concrete Hot Mix Surface Course on 0.26 mile, as a Betterment Project, at an estimated cost of \$10,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-448 In PRAIRIE COUNTY on STATE HIGHWAY 249, Section 1, from Interstate 40 to a point 2.70 miles north, the Director is authorized to construct Grading, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-449 In PULASKI COUNTY on STATE HIGHWAY 5, Section 9, from the Saline County line to a point 5.45 miles north, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course and construct and seal Shoulders, as a Betterment Project, at an estimated cost of \$49,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-450 In VAN BUREN COUNTY on STATE HIGHWAY 337, Section 1, from State Highway 92 to the Sugar Loaf Recreation Area, a distance of 1.36 miles, the Director is authorized to

construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$26,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-451 In INDEPENDENCE COUNTY on STATE HIGHWAY 14, Section 10: WHEREAS, Minute Order 65-77 authorized the Director to enter an agreement with the Corps of Engineers whereby the Department will serve as the local sponsoring agency for a revetment project on the right bank of the White River for the protection of a section of State Highway 14 near Oil Trough; and

WHEREAS, the Federal Government is limited in its participation in the proposed protective work to the sum of \$50,000; and

WHEREAS, although bids received indicate that the total estimated cost of the project will be approximately \$44,000.00, Federal regulations provide that the local sponsoring agency must assume the responsibility for all costs in excess of Federal limitations.

NOW THEREFORE, Minute Order 65-77 is modified to provide that the Director is authorized to provide the required assurances that the Department will assume responsibility for all costs on the work provided in the specifications for Corps of Engineers bank protection contract CIVENG-03-050-66-26, in excess of \$50,000.

All other provisions of Minute Order 65-77 to remain in effect.

65-452 In BENTON COUNTY on STATE HIGHWAY 12, SECTION 3, in ROGERS, the Planning and Research Division of the Arkansas Highway Department has determined that the St. Louis San Francisco Railroad crossing is dangerous and warrants installation of automatic grade crossing protection,

NOW THEREFORE, the Director is authorized to proceed with the installation of automatic flashing light signals at this crossing at an estimated cost of \$8,000, subject to the following conditions:

1. That the St. Louis San Francisco Railway Company will provide a minimum of 101 of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

65-453 In CRAWFORD COUNTY on STATE HIGHWAY 59, Section 5:

WHEREAS, in the CITY OF VAN BUREN, Minute Order Number 65-276 made Fourth Street from the Junction of in. 5. 64-71 south to Interstate Highway 540, a distance of approximately 0.53 miles, a part of the State Highway System, with this street being designated as State Highway 59, Section 5; and

WHEREAS, this 0.53 mile section of highway will not adequately serve the traffic which will be channeled over it as a result of the completion of Interstate Highway 540;

NOW THEREFORE, it is ordered that the Director be authorized to proceed with surveys, preparation of plans, and construction, as funds are available, to improve this highway to a fire-lane facility at an estimated cost of \$95,000. This action is subject to the following conditions:

1. Right-of-way to be furnished without cost to the Department.
2. Utility relocations to be performed without cost to the Department.
3. Program approval by the Bureau of Public Roads.

65-454 In FRANKLIN and CRAWFORD COUNTIES for INTERSTATE ROUTE 40 from a point immediately west of the Mulberry River to and including the interchange with S. H. 23 near Ozark, Arkansas, a distance of approximately 11.2 miles;

WHEREAS, the current workload of the Department's Design Divisions on other urgent projects is such that immediate attention cannot be given to this section of the Interstate System; and

WHEREAS, it is desired to develop right-of-way requirements and construction plans at the earliest possible date;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing right-of-way requirements and complete construction plans for the project.

This action is subject to approval of the Bureau of Public Roads.

65-455 In FRANKLIN COUNTY for INTERSTATE ROUTE 40, from So H. 23 Interchange near Ozark, Arkansas, to the Franklin-Johnson County Line, a distance of approximately 9.0 miles:

WHEREAS, the current workload of the Department's Design Divisions on other urgent projects is such that immediate attention cannot be given to this section of the Interstate System; and

WHEREAS, it is desired to develop right-of-way requirements and construction plans at the earliest possible date;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer for the purpose of developing right-of-way requirements and complete construction plans for the project.

This action is subject to approval of the Bureau of Public Roads.

- 65-456 St. Francis County, Job No. 11668, Shell Lake-Shearerville Grading & Structures, FAP 1-40-5(35)261. The contract for the construction of approximately 5.089 miles of Grading, Minor Drainage Structures, Gravel Subbase on Main Lanes & Ramps, Gravel Base with DEST on Highway 149, County Roads & Frontage Road; 2 R. C. & Steel I-Beam Span O'pass Structures (1156.32 Feet total); 2 R. C. Slab Span Bridges (150.0 Feet total); 4 R. C. & Steel I-Beam Span in pass Structures (907.28 Feet total); 2 R. C. & Steel I-Beam O'pass Structures (1097.00 Feet total) Alternate No. 1 or 2 Prestressed Concrete Beam Span O'pass Structures (1096.8 Feet total) Alternate No. 2 & other Miscellaneous Items on the Little Rock-West Memphis Interstate Road near Shearerville, Interstate 40, Section 5, is awarded to Michey's, Inc., of Warren, Arkansas and W. K. Ingram Construction Company of West Memphis, Arkansas on their low bid on Alternate No. 1 of \$2,010,341.50, subject to the concurrence of the Bureau of Public Roads.
- 65-457 Hempstead & Miller Counties, Job No. 3589, Red River Bridge & Approaches, FAP 1-30-1(12)16. The contract for the construction of approximately 1.041 miles of Grading, Minor Drainage Structures, P. C. Stablized Base, P. C. Concrete Pavement (8" & 10" in. T.), Concrete Curbs, Fencing, Erosion Control Items, One R. C. & Plate Girder Span River Bridge (1294.47 Feet), One R. C. & I-Beam Span O'pass Structure (107.17 Feet), One Bridge Span Length Culvert (25.33 Feet Span), DEST on Shoulders, Gravel Base & DEST (County Road) and Miscellaneous Items, Interstate 30, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$2,079,126.81, subject to the concurrence of the Bureau of Public Roads.
- 65-458 Montgomery County, Job No. 4521, Highway 27 Relocation (Mount Ida), State Project. The contract for the construction of approximately 1.097 miles of Grading, Minor Drainage Structures and Miscellaneous Items on the Highway 27 Relocation in Mount Ida, State Highway 27, Section 6, is awarded to F. H. Necessary & Son Construction Company, Inc., of Rogers, Arkansas on their low bid of \$50,760.74.
- 65-459 Crawford County, Job No. 4566, Frog Bayou Bridge & Approaches, FAP 5-408(8). The contract for the construction of approximately 0.245 mile of Grading, Gravel Base Course and Double Bituminous Surface Treatment on Approaches; One Reinforced Concrete & Structural Steel I-Beam Span Bridge (343.06 Feet total) and other Miscellaneous Items on the Van Buren-Alma Road, State Highway 162, Section 1, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$123,704.26.
- 65-460 Pulaski County, Job No. 6800, University Avenue-Dennison Street Structures, Grade Separations & Detours, FAP in-036-l(5). The contract for the construction of Grading, Minor Drainage Structures & other Miscellaneous Items throughout the project; Crushed Stone Base with Asphaltic Concrete Surface or P. C. Concrete Pavement on Cross Streets, Ramps & Service Roads; Crushed Stone Base with Bituminous Surface Treatment on Detours; 5 R. C. Slab Span U'pass Structures (910.20 Lineal Feet total Length); and 1 Bridge Length Culvert (55.15 Lineal Feet Span Length), on the proposed East-West Expressway between University Avenue and Dennison Street in the City of Little Rock, State Highway 6, Section 0, is awarded to 5. &W. Construction

Company, Inc., of Memphis, Tennessee on their low bid of \$1,272,351.35, subject to the concurrence of the Bureau of Public Roads.

- 65-461 Columbia County, Job No. 7635, Wilson Corners-Southeast, State Project. The contract for the construction of approximately 3.193 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment and other Miscellaneous Items on the Wilson Corners-Village Road, State Highway 98, Section 2, is awarded to R. N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$102,752.64.
- 65-462 Washington County, Job No. 9513, West Fork White River Bridge and Approaches, FAP 5-316(5). The contract for the construction of approximately 0.226 mile of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One Reinforced Concrete & Structural Steel I-Beam Span Bridge (362.73 Feet Total) and other Miscellaneous Items on the West Fork Road, State Highway 170, Section 1, is awarded to Jeffrey Contractors, Inc., of Fort Smith, Arkansas on their low bid of \$118,305.34.
- 65-463 Mississippi County, Job No. 10746, Blytheville Weigh Station, State Project. The contract for the furnishing of all Materials, Labor, Equipment, Tools and incidentals necessary to complete the Weigh Station House, Scales, Additional Pavement, Site Improvements and all other items in conformity with the Plans and Specifications furnished, Interstate 55, Section 1, is awarded to Peterson, Garbi & Joseph, Inc., of North Little Rock, Arkansas on their low bid of \$71,800.00. This Contract award is contingent upon approval of the scale shop drawings, scale specifications and scale foundation by the Arkansas State Highway Commission.
- 65-464 Mississippi County, Job No. 10748, Bardstown and Hilton 1-55 Rest Areas, FAP 1-55-1(49)33. The contract for constructing two Interstate Rest Areas, including limited grading, sod mulch, landscaping items, sidewalks, 22'x36' comfort stations, water wells, sewage treatment plants, fencing, picnic facilities, lighting and miscellaneous items at two locations on the West Memphis- Missouri State Line Interstate Road, Interstate 55, Section 1. Only one bid was received and was considered as being too high. The plans and specifications are to be reviewed and the Job readvertised.

65-465 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at
4:00 P.M., Wednesday, September 29, 1965.

October 27, 1965

65-466 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., October 27, 1965.

65-467 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 65-456 through 65-463 at the regular meeting of the Commission on September 29, 1965.

65-469 WHEREAS, Minute Order 64-379, dated October 28, 1964, authorized the Director to execute an agreement with the local governments to plan, conduct, and participate to the extent of one-half the total estimated cost of \$150,000 in the Pine Bluff Urban Area Transportation and Community Development Study; and,

WHEREAS, a Prospectus, dated February, 1965, was developed to define the phases of work to be completed by the Department and the phases of work to be completed by the local governments; and,

WHEREAS, when it became evident that the Department had neither the computer equipment nor the available personnel to complete certain phases of the work, the Coordinating Committee was asked to select a consulting engineering firm to complete the work as defined in the Prospectus; and,

WHEREAS, said Committee, after a review of several qualified firms, selected Harland Bartholomew and Associates.

NOW THEREFORE, IT IS ORDERED that the Director be authorized to execute, for and in behalf of the Arkansas State Highway Commission, an agreement with Harland Bartholomew and Associates to conduct the following specified work, as outlined in the attached Prospectus, at a cost not to exceed \$42,360;

- II.A.8 All items listed except the screenline checks.
- II.B. Analysis of existing travel desires.
- II.C. Projection of travel data.
- II.D. Roadway standards.
- II.E. Comprehensive transportation plan.
- II.Gen. Publication of reports.

This action is subject to the approval of the Bureau of Public Roads.

65-470 In FRANKLIN COUNTY, on STATE HIGHWAY 23, Section 6:

WHEREAS, Minute Order No. 65-336 authorized the Director to negotiate an agreement with the Corps of Engineers whereby the Department will plan, design and construct alterations to that portion of the Arkansas River Bridge at Ozark involved in the Arkansas River Navigation Project, subject to 100% cost reimbursement by the Government; and

WHEREAS, Minute Order No. 65-336 further authorized the Director to design and construct alterations to widen that portion of the bridge not involved in the navigation project; and

WHEREAS, the current work load of the Department's Design Divisions on other urgent projects is such that immediate attention cannot be given to this project in order to meet the scheduled completion date established by the Corps of Engineers;

NOW THEREFORE, the Director is authorized to employ a Consulting Engineer to furnish Engineering Services in connection with this job, subject to 100% cost reimbursement by the Government for that portion of the alterations deemed to be required by the Arkansas River Navigation Project.

65-471 WHEREAS, Highway 71 in Sebastian, Logan and Scott Counties between Greenwood and "Y" City is obsolete due to excessive curvature, indirection, and narrow bridges, and

WHEREAS, in a continuing policy of developing long-range plans for the improvement of state highways, Minute Order 65-79 of March 10, 1965, authorized the Director to proceed with a route investigation, and

WHEREAS, the Right-of-Way, Surveys, Roadway Design, Bridge Design, and Planning and Research Divisions, in cooperation with the Bureau of Public Roads, have completed a preliminary investigation to establish the most feasible route location between Greenwood and "Y" City, and

WHEREAS, the results of the investigation have been published in a report entitled, "Highway 71 Location Study".

NOW THEREFORE, it is ordered that the "Highway 71 Location Study" report be adopted and approved for the future programming and improvement of U. S. 71 between "Y" City and Greenwood, subject to the approval of Bureau of Public Roads.

65-472 In ARKANSAS COUNTY, a county road beginning at the junction of Highway 152, beginning at approximately the section corner between Sections 17, 18, 19 and 20, Township 4 South, Range 5 West, and extending in a northerly direction to the Northeast corner of Section 31, Township 3 South, Range 5 West, thence West one mile to the Northwest corner of Section 31, Township 3 South, Range 5 West, thence North to the junction of U.S. Highway 79, a distance of approximately 9.3 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

65-473 In BAXTER COUNTY, the road from the end of State Highway No. 177, Section 1, easterly, northerly, and southerly across the Norfork Dam to a county road junction west of Jordan, a distance of approximately 3.22 miles, as shown on attached sketch, is hereby made a part of the State Highway System, subject to the following condition:

That all necessary right of way be furnished free of cost to the State Highway Department.

65-474 In CLEVELAND and BRADLEY COUNTIES, a gravel road beginning at what is now the south end of State Highway 189, noted at log mile 76.9 and extending east to log mile 78.2, thence south to log mile 79.0, thence southeast to log mile 80.25, thence south to the Bradley County line, log mile 83.8, a distance of approximately 6.9 miles in Cleveland County, thence to the junction of State Highway 8, log mile 84.55, a distance of approximately 0.75 miles in Bradley County, (a total distance of approximately 7.65 miles) as shown on the attached sketch, is hereby made a part of the State Highway System.

65-475 In DESHA COUNTY, a county road beginning at Halley and extending east to the Chicot Desha County line, a distance of approximately 4.6 miles, thence in CHICOT COUNTY to the levee right of way, a distance of approximately 0.7 miles, (a total distance of approximately 5.3 miles) as shown on the attached sketch, is hereby made a part of the State Highway System.

65-476 In GARLAND COUNTY, a county road from the junction of State Highway 7 at Lake Hamilton, west to the Junction of a county road at Pettyview, a distance of approximately 4.67 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

65-477 In GRANT and SALINE COUNTIES, a county road from the end of State Highway 291 north of Prattsville, north and west to the junction of State Highway 229 at Traskwood, a distance of approximately 12.29 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

- 65-478 In INDEPENDENCE COUNTY, a county road extending north from Newark and west to Sulphur Rock, a distance of approximately 8.3 miles, and as shown on the attached sketch, is hereby made a part of the State Highway System.
- 65-479 In JOHNSON COUNTY, the county road beginning at a point one and one-half (1) miles west of the north terminus of State Highway No. 103, Section I and extending to a point one and one-half (1 1/2) miles east of the north terminus of State Highway No. 103, through the community of Oark, a total distance of three (3) miles is hereby made a part of the State Highway System, to be designated as State Highway No. 215, Section 4.
- 65-480 In POINSETT COUNTY, a county road beginning where Highway 163 ends at the Cross Poinsett County Line and running west to the County Road running north out of Bay Village; thence in a northerly direction along said County Road, a distance of approximately 5.9 miles to its intersection with the Lake Poinsett Dam Road; thence meandering in a northwesterly direction around the west side of Lake Poinsett to connect with a proposed new route from Lake Poinsett to Highway 14, a total approximate distance of 8.0 miles, is hereby made a part of the State Highway System.
- 65-481 In POINSETT COUNTY, State Highway 308, from Highway U.S. 63 to Highway 135, is hereby rerouted in accordance with the attached sketch, provided the rerouting can be done in accordance with Act 150 of 1961.
- 65-482 In POINSETT COUNTY, a county road shown on the attached sketch is substituted for that addition made to the State Highway System by Minute Order 65-210, provided the substitution is agreed to by the County Judge of Poinsett County in accordance with provisions of Act 150 of 1961.
- 65-483 In POLK COUNTY, a county road approximately 13.7 miles in length, from the junction with State Highway 246, 5.9 east of Vandervoort, east and south to the Howard County Line, is hereby made a part of the State Highway System.
- 65-484 In POPE COUNTY, the county road from the junction of U.S. 64 east of Russellville in Section 3, T7N, R20W, north to the junction of State Highway No. 124, a distance of 1.52 miles, is hereby made a part of the State Highway System.
- 65-485 In PRAIRIE COUNTY, a county road from the junction of State Highway 130 north to the junction of State Highway 86 near Slovak, a distance of approximately 8.74 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.
- 65-486 In WHITE COUNTY, a county road beginning at Little Red on Highway 124 and extending northerly toward Hickory Flat, as shown on the attached sketch, for a distance of approximately 4.2 miles, is hereby made a part of the State Highway System.

65-487 In BENTON COUNTY on STATE HIGHWAY 68, Section 0, at Siloam Springs, the Director is authorized to resurface the City Bypass, a total of 3.20 miles, with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$33,300.00.

Work to be done by Maintenance Forces.

65-488 In BENTON COUNTY on STATE HIGHWAY 340, Section 1, from State Highway 94 to State Highway 279, a distance of 8.75 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$166,700.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-489 In CARROLL COUNTY on STATE HIGHWAY 187, Section 1, from U. 5. 62 to Grassy Knob, a distance of 4 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$16,300.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

65-490 In CRAIGHEAD COUNTY on STATE HIGHWAY 1, Section 18, from the East City Limits of Jonesboro to a point 3.69 miles Northeast, the Director is authorized to level up the existing pavement and resurface with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$45,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-491 In CRAWFORD COUNTY on STATE HIGHWAY 282, Section 2, from the junction of U. 5. 71 south of Mountainburg to Mountainburg, a distance of 7.7 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$77,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

65-492 In CRAWFORD COUNTY on STATE HIGHWAY 282, Section 3, from Chester to U. 5. 71, a distance of 2.0 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$16,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-493 In CRAWFORD COUNTY on STATE HIGHWAY 59, Section 5, from the Frisco Railroad Crossing to a point 2 miles north, the Director is authorized to resurface 1.66 miles of selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$20,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-494 In DESHA COUNTY on STATE HIGHWAY 277, Section 2, the Director is authorized to construct one bridge, using Treated Timber Piling and Precast Concrete Superstructure, as a Betterment Project, at an estimated cost of \$6,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 65-495 In FRANKLIN COUNTY on STATE HIGHWAY 41, Section 0, from Branch to Chismville, a distance of 6.75 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$111,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-496 In FRANKLIN COUNTY on STATE HIGHWAY 22, Section 2, from the East City Limits of Charleston to the West City Limits of Branch, a distance of 4.06 miles, the Director is authorized to resurface selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$16,800.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 65-497 In INDEPENDENCE COUNTY on STATE HIGHWAY 69, Section 2, from the junction of State Highway 106 to the North City Limits of Batesville, a distance of 7.7 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$65,000.00.

Work to be done by Purchase Order Contract.

- 65-498 In LINCOLN COUNTY on U. S. 81, Sections 5 and 6, from the South City Limits of Star City to the North City Limits of Star City, a distance of 2.04 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$28,100.00.

Work to be done by Purchase Order Contract.

- 65-499 In LINCOLN COUNTY on STATE HIGHWAY 199, Section 1, the Director is authorized to construct one bridge, using Treated Timber Piling and Precast Concrete Superstructure, as a Betterment Project, at an estimated cost of \$8,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 65-500 In LOGAN COUNTY on STATE HIGHWAY 309, Section 2, from the Yell County Line to Magazine Mountain, a distance of 6.78 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$99,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

- 65-501 In LONOKE COUNTY on STATE HIGHWAY 321, Section 1, from State Highway 38 to a point 3.93 miles South, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$41,100.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-502 In MADISON COUNTY on STATE HIGHWAY 74, Section 4, from State Highway 23 to a point 3 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$55,400.00.

Work to be done by Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities to be free of cost to the State.

- 65-503 In POPE COUNTY on STATE HIGHWAY 326, Section 2, from U. S. 64 to State Highway 124, a distance of 1.50 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$20,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-504 In YELL COUNTY on STATE HIGHWAY 309, Section 1, from Havana to the Logan County Line, a distance of 3.85 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$56,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-505 In INDEPENDENCE COUNTY on U. 5. HIGHWAY 167, Section 18, from the junction of Main and St. Louis Streets in Batesville, North and Northeast approximately 3.0 miles on new location to a point on existing U. 5. Highway 167 approximately one mile Southwest of Pfeiffer, the Director is authorized to proceed with surveys, preparation of plans and, as funds are available, construction of Grading, Minor Drainage Structures, Base, Surface, one Railroad Overpass and one Bridge over Miller Creek at an estimated total cost of \$1,000,000.00.

These actions are subject to the following conditions:

1. Right-of-way to be furnished free of obstructions at no cost to the Department.
2. Program approval by the Bureau of Public Roads.

65-506 In POLK COUNTY, for SKYLINE DRIVE:

WHEREAS, MINUTE ORDER 4845 provided that the work should be done with Public Lands Funds; and

WHEREAS, it develops that a part of the location, about two miles in length, is through Wilhelmina State Park; and

WHEREAS, Public Lands Funds cannot be spent on other than federal property; and

WHEREAS, construction of this two-mile gap across the park property is considered essential and needed at the present time;

NOW THEREFORE, the Director is authorized to proceed with plans and construction, as a Federal Aid Secondary project, at an estimated cost of \$100,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 65-507 Phillips County, Job No. 11734, Helena-South, FAP 5-506(2). The contract for the construction of approximately 2.282 miles of Grading, Minor Drainage Structures, Gravel and Asphalt Treated Gravel Base Course, ACHM Surface Course, DBST Shoulders, 1 R.C. and Structural Steel I-Beam Span Bridge (217.17' Total), 1 Bridge Span Length Culvert (26.17' Total Span) and other miscellaneous items on the Helena-South Road, State Highway 20, Section 1, is awarded to D. F. Jones, Contractor of Little Rock, Arkansas on his low bid of \$315,548.81.
- 65-508 Monroe and St. Francis Counties, Job No. 11744, Wheatley-West Surfacing, FAP 1-40-4(26)213 and 1-40-5(42)220. The contract for the construction of approximately 9.083 miles of Limited Grading, Selected Material, Gravel Base, Portland Cement Concrete Pavement (10" U.T.) on Main Lanes (8" U.T.) on Ramps, Double Bituminous Surface Treated Shoulders, Concrete Curb and Divider Strip, Erosion Control and other Miscellaneous Items on the Little Rock-West Memphis Interstate Road, Interstate 40, Sections 4 and 5, is awarded to Hallett Construction Company of Crosby, Minnesota on their low bid of \$2,267,569.79, subject to the concurrence of the Bureau of Public Roads.
- 65-509 Desha County, Job No. 2674, Missouri Pacific Overpass and Approaches Widening, FAP F-025-l(12). The contract for the construction of approximately 0.554 mile of Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base Course, ACHM Base & Surface Courses, Widening One RCDG Bridge (770.50 Ft.) and Miscellaneous Items on the Lake Village-Dumas Road, U. S. Highway 65, Section 19, is awarded to Thomco, Inc., of Little Rock, Arkansas on their low bid of \$131,684.25, subject to the concurrence of the Bureau of Public Roads.
- 65-510 Hempstead County, Job No. 3590, Sheppard-Guernsey Road Grading and Structures, FAP 1-30-1(18)22. The contract for the construction of approximately 3.071 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on Guernsey Road, Four R.C. Slab Span Bridges (524.00 Ft. Total), One R.C. and Structural Steel I-Beam Span Underpass Structure (280.25 Ft. Total), Erosion Control and other miscellaneous items on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 1, is awarded to Freeto Construction Company, Inc., of Pittsburg, Kansas on their low bid of \$588,260.44, subject to the concurrence of the Bureau of Public Roads.

- 65-511 Logan County, Job No. 4498, Midway-Delaware Reconstruction, FAP F-022-1(17). The contract for the construction of approximately 12.902 miles of Grading, Minor Drainage Structures, Crushed Stone and Asphalt Treated Crushed Stone Base, ACHM Base and Surface Courses, Bituminous Treated Shoulders, Widening 2 R.C. Slab Span Bridges (416.65 Ft. Total Length), 1 Comp. I-beam Span Bridge (227.16 Ft. Length), 5 Bridge Span Length Culverts (121.41 Ft. Total Span) and miscellaneous items on the Midway-Delaware Road, State Highway 22, Section 4, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$2,038,037.76, subject to the concurrence of the Bureau of Public Roads.
- 65-512 Jackson County, Job No. 5571, Jacksonport-Newport, FAP State Job. The contract for the construction of approximately 3.768 miles of Grading, Minor Drainage Structures, Portland Cement Stabilized Base, Double Bituminous Surface Treatment, Ditch Paving and other miscellaneous items on the Jacksonport-Newport Road, State Highway 69, Section 5, is awarded to Ben F. Hawkins, Contractor, of Lake Village, Arkansas on their low bid of \$183,607.04.
- 65-513 Clark County, Job No. 7620, Gum Springs Interchange-Gum Springs, FAP F-01-l(18). The contract for the construction of approximately 1.558 miles of Grading, Minor Drainage Structures, Lime Treated Subgrade, Asphalt Treated Gravel Base, Dense Graded Hot Mix Base, ACHM Surface Course, DBST on Shoulders, Seeding and miscellaneous items on the Gum Springs Interchange-Gum Springs Road, U. S. Highway 67 Spur, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$262,816.88, subject to the concurrence of the Bureau of Public Roads.
- 65-514 Yell County, Job No. 8538, Centerville-West, FAP 5-9(6). The contract for the construction of approximately 6.619 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, One R.C. Slab Span Bridge (84.00 Ft. Length), Two Bridge-Length Culverts (57.46 Ft. Total Span) and Miscellaneous Items on the Centerville-Danville Road, State Highway 154, Section 2, is awarded to North Side Construction Company of Fort Smith, Arkansas on their low bid of \$237,539.85.
- 65-515 Clark and Hot Spring Counties, Job No. 1362, Caddo Valley-Friendship (Surfacing), FAP 1-30-1(40)78 and 1-30-2(75)80. The contract for the construction of approximately 3.420 miles of Limited Grading, Gravel Base Course, Portland Cement Concrete Pavement (10" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other miscellaneous items on the Little Rock-Texarkana Interstate Road, Interstate 30, Sections 1 and 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$645,850.80, subject to the concurrence of the Bureau of Public Roads.
- 65-516 Mississippi County, Job No. 10748, Bardstown and Hilton 1-55 Rest Areas, FAP 1-55-1(49)33. The contract for the construction of Two Interstate Rest Areas, including limited grading, sod mulch, sidewalks, 22' x 36' comfort stations, water wells, sewage treatment plans, fencing, picnic facilities, lighting and miscellaneous items at two locations on the West Memphis Missouri State Line Interstate Road, Interstate 55, Section 1, is tentatively awarded to Carter's Lawn & Tree Service of Dardanelle, Arkansas on their low bid of \$83,456.06, subject to the

concurrence of the Bureau of Public Roads and the compliance with all Federal and State Laws in connection with the execution of the contract.

65-517 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:30 P.M., Wednesday, October 27, 1965.

MINUTES OF THE MEETING
OF THE

65-521 In BRADLEY COUNTY, a county road beginning at the south end of present Highway 160 at Vicks and extending northeast through the intersection of a North and South County Road at Johnsville, and extending easterly to a county road bridge over the Saline River to end at present Highway 160 on the Bradley-Ashley County line, a distance of approximately 9.3 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

65-522 In OUACHITA COUNTY, a road beginning at the junction with Highway 24, 2.5 miles southeast of Bragg City, and extending west through Poison Springs and ending at the junction of Highway 57 at Good Hope Church, a distance of approximately 6.5 miles, as shown on the attached sketch, is hereby made a part of the State Highway System.

65-523 In PIKE COUNTY, a county road beginning at the end of Highway 84 in Howard County and extending easterly to the end of Highway 84 in Pike County, a distance of approximately 5.40 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

65-524 In SEVIER COUNTY, a county road beginning at the junction with Highway U.S. 71 and extending southeasterly from DeQueen toward the junction with Highway 24, for a distance of approximately 7.80 miles, in accordance with the attached sketch, is hereby made a part of the State Highway System.

65-525 In CARROLL COUNTY, MINUTE ORDER NO. 65-306 is hereby cancelled and the Director is authorized to proceed with a betterment project for the grading, drainage, minor bridge structures and surfacing of Highway 103 beginning at Rule at Rule, for a distance of approximately 4.0 miles, at an estimated cost of \$74,900.00.

65-526 In CHICOT COUNTY on STATE HIGHWAY 278, Section 0, from Chicot Junction to a point 12.8 miles West, the Director is authorized to gravel selected sections, as a Betterment Project, at an estimated cost of \$14,900.00.

65-526 – Continued

Work to be done by Purchase Contract and Maintenance Forces.

65-527 In CRITTENDEN COUNTY on STATE HIGHWAY 147, Section 0, from the Lee County Line to the junction of State Highway 131 at Bruins, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$120,000.00.

Work to be done by Purchase Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-528 In FAULKNER COUNTY on STATE HIGHWAY 124, Section 4, from the Conway County Line to a point 1.7 miles East, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$30,000.00.

Work to be done by Purchase Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-529 In INDEPENDENCE COUNTY on STATE HIGHWAY 122, Section 1, from the Newark to the junction of State Highway near Cord, a distance of 10.32 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$160,000.00.

Work to be done by Purchase Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-530 In LEE COUNTY on STATE HIGHWAY 131, Section 1, from a point 4 miles south of U.S. 79 to the Levee, a distance of 5.57 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$120,000.00.

Work to be done by Purchase Contract and Maintenance Forces.

This action is subject to the furnishing of all required right-of-way and adjustment of utilities free of cost to the State.

65-531 WHEREAS, in Marion County, Arkansas, the Arkansas State Highway Commission holds title to certain lands adjacent to its Area Maintenance Headquarters Site and;

WHEREAS, this land is described as follows:

65-531 – Continued

Lots Five (5), Six (6), Seven (7), and Eight (8) of Block Nine (9) in the Frey Addition to the town of Yelleville, Arkansas.

NOW THEREFORE, this land is no longer needed for highway purposes and by this Commission is declared surplus and:

WHEREAS, the City of Yelleville, Marion County, Arkansas, has expressed its desire to acquire title to lands hereinabove described as by law provided; and

WHEREAS, the land above described has been appraised by three competent appraisers, it is resolved that the described land be sold by the Arkansas State Highway Commission as surplus land under Acts 124 of 1933 and 419 of 1953, and the Chairman of the Commission is authorized and directed to convey by Quitclaim Deed the above described parcel of land at the appraised price or consideration of One Thousand Two Hundred Fifty and No/100 Dollars, (\$1,250.00).

65-532 WHEREAS, on STATE HIGHWAY 24, SECTIONS 4 and 5 in the city of Prescott, the crossing of the Missouri Pacific Railroad and the crossing of U.S. Highway 67 in the same proximity constitutes a congested and hazardous condition, and

WHEREAS, the District Engineer has recommended that surveys and investigations be made to determine the feasibility of eliminating this hazard by means of grade separation or structures at the most desirable location,

NOW THEREFORE, the Director is authorized to proceed the necessary surveys, investigations, and studies to determine the most feasible manner of eliminating these hazardous crossings in Prescott, the cost of such surveys, investigations and studies estimated to be \$5,000.00

65-533 WHEREAS, in the city of Arkadelphia, Clark County, a highway planning study has been made to determine the adequacy of the existing highway network, and specifically, the location and type of facilities required to provide adequate connections from the urban area along State Highway 51 to Interstate Route 30; and

WHEREAS, the study recommends that a connection be developed by using Pine and Caddo Streets as a one-way couplet from 10th Street (Highway U.S. 67) westward to the junction of these streets and that the remainder of Highway 51 be widened to four lanes to join Interstate 30; and

WHEREAS, the City Council of Arkadelphia, by Resolution dated November 4, 1965, expressed the willingness and desire of the City to work with the Department toward the creation of a one-way couplet system, as recommended in the 1962 Traffic Study Report;

NOW, THEREFORE, IT IS ORDERED that the plan be approved as recommended and shown in Figure V in the 1962 Highway Traffic Study of Arkadelphia for development of a connection for Highway 51 from Highway U.S. 67 (10th Street) along Caddo and Pine Streets to the junction of Interstate Route 30, a distance of approximately 2.0 miles, and the Director IS AUTHORIZED to proceed with surveys and development of the plans for right of way determination and construction, at an estimated cost of \$193,000, subject to the following conditions:

1. The City will furnish required right of way and adjust necessary utilities at no cost to the Highway Department;
2. Program approval by the Bureau of Public Roads.

65-534 Ouachita County, Job No. 7645, District 7 Headquarter Building, O.C.D. No. Ark 400-3-66. The contract for the construction of District Headquarters Building in Camden is awarded to Langley Construction Company of Little Rock, Arkansas on their low base bid of \$666,666.66, subject to concurrence of the Office of Civil and Defense Mobilization in the EOC portion of the contract.

65-535 St. Francis County, Job No. 11749, Wheatley-Goodwin Surfacing, FAP I-40-5 (44)223. The contract for the construction of approximately 6.376 miles of Gravel Base Course, Portland Cement Concrete Pavement (10" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other miscellaneous items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to Hallett Construction Company, Crosby, Minnesota on their low bid of \$1,342,280.91, subject to the concurrence of the Bureau of Public Roads.

65-536 Pike County, Job No. 3640, Self Creek-Salem, FAP S-548(1). The contract for the construction of approximately 7.340 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Treated Surface, 2 R.C. Slab Span Bridges (240.00 feet total) and miscellaneous items on the Langley-Salem Road, State Highway 84, Section 2, is awarded to Reynolds and Williams of Little Rock, Arkansas on their low bid of \$337,844.35

65-537 Cleburne County, Job No. 5556, Drasco-West, FAP S-527(2). The contract of the construction of approximately 7.199 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment, Concrete Curb and other miscellaneous items on the Starck-Drasco Road. State Highway 92, Section 5. All bids were rejected as being too high. Plans and specifications are to be reviewed and the Job readvertised.

65-538 Lonoke & Prairie Counties, Job No. 6863. Pulaski County Line-Highway 11 Fencing, FAP I-40-4(28) 164. The contract for the construction of approximately 28.94 Interstate miles of woven wire fencing, including gates and related items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded tentatively to H.C. Ormond Supply Company of Harrison, Arkansas on their low bid of \$100,799.17, subject to the concurrence of the Bureau of Public Roads and the compliance with all Federal and State Laws in connection with the execution of the contract.

65-539 Calhoun County, Job 7642, Merritt Creek and Relief Bridges and Approaches, FAP- F-021-1(29). The contract for the construction of approximately 0.132 mile of Grading, Gravel Base Course, ACHM Surface, Widening 2 R.C. Deck Girder Span Bridges (21-.12 feet Total Length) and other miscellaneous items on the Hampton-El Dorado Road, U.S. Highway 167, Section 3, is awarded to R.N. Reynolds & Sons Construction Company of Camden, Arkansas on their low bid of \$51,441.34, subject to the concurrence of the Bureau of Public Roads.

65-540 Clark County, Job No. 7647, Highway 53-Gum Springs (Surfacing), FAP I-30-1(39)62. The contract for the construction of approximately 6.182 miles of Limited Grading, Selected Material, Gravel Base Course, Portland Cement Concrete (10" U.T. on Main Lanes) (8' U.T. on Ramps), Double Bituminous Surface Treated Shoulders, Concrete Curb, Erosion Control and

other miscellaneous items on the Little Rock-Texarkana Interstate Road, Interstate 30, Section 1 is awarded to T.L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,197,205.27, subject to the concurrence of the Bureau of Public Roads.

65-541 Clark County, Job No.7648, Missouri Pacific Overpass-Highway 53, Surfacing, FAP I-30-1(38)58. The contract for the construction of approximately 3.871 miles of Limited Grading, Selected Material, Gravel Base Course, Portland Cement Concrete Pavement (10" U.T.), Double Bituminous Surface Treated Shoulders, Erosion Control and other miscellaneous items on the Little Rock-Texarkana Road, Interstate 30, Section 1, is awarded to T.L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$726,920.55, subject to the concurrence of the Bureau of Public Roads.

65-542 Greene County, Job No. 10698, Beech Grove-South, FAP State Project. The contract for the construction of approximately 3.379 miles of Grading, Minor Drainage Structures and other miscellaneous items on the Beech Grove-Stanford Road, State Highway 141, Section 3, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$78,085.98.

65-543 Lawrence County, Job No. 10712, Smithville-Denton, FAP S-496(2). The contract for the construction of approximately 5.530 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bituminous Surface Treatment, 2 R.C. Slab Span Bridges (165.00) and miscellaneous items on the Smithville-Black Road, State Highway 117, Section 2, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$284,376.66.

65-544 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday November 24, 1965.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its eleventh meeting of 1965 in Little Rock, Arkansas on November 24, 1965.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 15, 1964

The following is the record of the proceedings of the first meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on January 15, 1964. The following members were present:

Wayne Hampton	Chairman
W. J. Denton	Vice-Chairman
Armil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

64-1 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., January 15, 1964.

64-2 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 5341 through 5344 at the regular meeting of the Commission on November 27, 1963.

64-4 WHEREAS, the Purchasing Committee has awarded purchases on December 2, December 9, December 16 and December 20, 1963 and January 6 and January 13, 1964 in the amounts of \$100,267.30, \$39,415.20, \$58,000.13, \$200,522.51, \$29,102.17 and \$74,148.25, respectively, totaling \$501,455.56 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-5 WHEREAS, the American Association of State Highway Officials has billed the Arkansas State Highway Department for Departmental Membership Dues for the year 1964, which membership is regarded as being highly beneficial to the Department,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for membership dues for the year 1964 in the amount of \$1,519.50.

64-6 WHEREAS, Sec. 76-201.5 of the Arkansas Statutes of 1947 official edition provides that the State Highway Commission shall print and distribute the rules and regulations necessary to carry out the statutes governing the use of motor vehicles and state highways, and

WHEREAS, the supply of "Arkansas Motor Vehicle and Traffic Laws and State Highway Commission Regulations" booklets issued under date of 1962, Jointly by the Arkansas State Highway Commission and the Arkansas Revenue Department, which embodies Traffic Regulations, Specifications for Motor Vehicle Equipment, and Registration and Title Laws, is now exhausted,

NOW, THEREFORE, IT IS ORDERED that the Director be, and he is hereby, authorized to amend the issue of 1962 to include all subsequent statutes and to proceed with arrangements for printing five thousand (5,000) copies at an estimated cost of \$3,500, the cost of which, by longstanding agreement, is to be borne equally by the Revenue and. Highway Departments respectively. All within the limits of funds set forth under Sec. 3, Item 1, of the 1963-64 Budget approved under Minute Order 5038 of May 29, 1963.

64-7 WHEREAS, in Union County on Job 7539 (Right of Way Job 7440) El Dorado Bypass, certain lands were acquired by condemnation from the Wilson Estate, which condemnation suit is still pending; and

WHEREAS, Minute Order 5171 of July 24, 1963 authorized the Director to approve the various terms of settlement of this litigation; and

WHEREAS, it is determined that additional funds are necessary for preliminary expenses of settlement.

NOW THEREFORE, it is hereby ordered that the Director be and is hereby authorized to:

- (1) Approve the expenditures of approximately \$1500.00 for purchase of material and cost of installation of material to drain the lake on the Wilson Estate property by a drawdown pipe, and
- (2) Approve the other items of settlement as set out in the previous Minute Order referenced above.

64-8 In WASHINGTON COUNTY on HIGHWAY US 71; WHEREAS, when Old Job 450 (New Job 9469, Frisco Underpass) was built a strip of land outside the limits needed for construction was taken; and

WHEREAS, this land is described as follows:

Part of the Northwest Quarter of the Southeast Quarter of Section 11, Township 17 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northwest Quarter of the Southeast Quarter of Section 11; thence North 88° 39' West along the South line thereof a distance of 40.0 feet to a point on the existing westerly Right of Way line of US Highway No. 71; thence North 0° 42' East along said existing right of way line a distance of 138.5 feet to the point of beginning; thence South

74° 42' West a distance of 62.4 feet to a point; thence North 0° 42' East a distance of 142.8 feet to a point; thence North 60° 42' East a distance of 69.3 feet to a point; thence South 0° 42' West

a distance of 160.3 feet to the point of beginning and containing 0.21 Acre, more or less.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus, and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission from the predecessors in title of the Rogers Investment Company and that said Rogers Investment Company is the owner of the abutting and contiguous land the premises described;

WHEREAS, Minute Order No. 5292, dated October 30, 1963, and Minute Order 5331, dated November 27, 1963, authorized the conveyance of the above described property but contained an erroneous description.

WHEREAS, the description is corrected and Minute Order No. 5292, dated October 30, 1963, and Minute Order 5331, dated November 27, 1963, are superseded.

THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed he above described parcel of land to the Rogers Investment Company.

64-9 In BRADLEY and UNION COUNTIES for a crossing of HIGHWAY 15 over the Ouachita River at Moro Bay, the Arkansas General Assembly by Act 134 of 1963 directed the Arkansas Highway Commission to install and operate a free ferry.

Therefore, the Director is authorized to proceed with plans for the ferry, with estimate of costs, and to report back to the Highway Commission for further authorization.

64-10 In FAULKNER and PERRY COUNTIES, for a future crossing of the Arkansas River of Highway 60, the Director is authorized to certify to the Corps of Engineers - US Army, through the Bureau of Public Roads, that a bridge and highway are needed and desired across proposed Lock and Dam Number 8 on the Arkansas River at a site near the present crossing of Toad Suck Ferry; and, to request that the design for this lock and dam include provisions for the future bridge foundations.

Upon, and after, approval of such certification by the Chief of Engineers, the Director is further authorized to negotiate a contract with the Corps of Engineers covering the cost of bridge foundation design and construction work for the sum of approximately \$50,000.00.

64-11 In IZARD and STONE COUNTIES, on HIGHWAY 5 at Calico Rock:

WHEREAS, a study has been completed, location determined and estimate of cost made for a bridge over the White River; and

WHEREAS, the next step toward building a bridge is the completion of construction plans;

NOW THEREFORE, the Director is authorized to make surveys and final construction plans, with provisions in the plans with provision in the plans being made so that the bridge can be contracted in increments.

64-12 In PRAIRIE COUNTY, on HIGHWAY 38 at Des Arc:

WHEREAS, a study has been completed, location determined and estimate of cost made for a bridge over the White River; and

WHEREAS, the next step toward building a bridge is the completion of construction plans;

NOW THEREFORE, the Director is authorized to make surveys and prepare final construction plans with provisions in the plans being made so that the bridge can be contracted in increments.

64-13 WHEREAS, the contract for the operation of the St. Charles Ferry on the White River, State Highway No 1 at St. Charles, Arkansas expired December 31, 1963 and,

WHEREAS, Mr. Clay Cross has offered to convey all rights to the power unit described in the attached proposal for the sum of Nine Hundred Ninety Dollars (\$990.00), and

WHEREAS, this power unit is more efficient and more economical to operate,

NOW, THEREFORE, the Director is authorized to purchase the power unit to be retained at the St. Charles Ferry.

64-14 WHEREAS, the contract for the operation of the Toad Suck Ferry on the Arkansas River, State Highway 60, West of Conway, expired November 30, 1963 and,

WHEREAS, Mr. Clay Cross has offered to sell the spare parts listed on the attached proposal for the sum of Five Hundred Eighty Five Dollars (\$585.00) and,

WHEREAS, it is desirable to retain the spare parts for stock to facilitate the operation of the Toad Suck Ferry,

NOW THEREFORE, the Director is authorized to purchase these parts for use on the Toad Suck Ferry.

64-15 WHEREAS, each year it is necessary to place a bituminous treatment on many miles of asphalt surfaced roads to preserve the surface, and,

WHEREAS, this work is performed during the late spring and summer, as weather conditions permit,

IT IS ORDERED that the Director be authorized to approve the attached program in the amount of \$1,000,000.00 - This amount to be requested for the 1964-1965 Budget. No additional allotment is requested for this fiscal year

- 64-16 In CRAIGHEAD COUNTY on STATE HIGHWAY 226, Section 2, between State Highway 18 and State Highway 39, the Director is authorized to construct two new bridges at Bayou DeView and Big Bayou DeView, using one 90-foot salvaged steel truss and one 62-foot span of salvaged I-Beams, as a Betterment Project, at an estimated cost of \$28,000.00.

Work to be done by State forces.

- 64-17 In CRAWFORD COUNTY on STATE HIGHWAY 162, Section 1, three miles south of Alma, the Director is authorized to replace the deteriorated untreated timber superstructure, totaling 254 linear feet, with treated timber stringers and metal bridge plank, as a Betterment Project, at an estimated cost of \$11,500.00.

Work to be done by Maintenance forces.

- 64-18 In CRAWFORD COUNTY on STATE HIGHWAY 282, Section 1, at Rudy, the Director is authorized to replace the deteriorated untreated timber decking, totaling 304 linear feet, with metal bridge plank and construct four concrete bents in the approach spans, as a Betterment Project, at an estimated cost of \$9,200.00.

Work to be done by Maintenance forces.

- 64-19 In JOHNSON COUNTY on STATE HIGHWAY 164, Section 1, from State Highway 21 to State Highway 123, a distance of 3.56 miles, the Director is authorized to construct grading, minor drainage structures, crushed stone base course and double bituminous surface treatment, as a Betterment Project, at an estimated cost of \$62,000.00 for materials.

Work to be done by Maintenance forces.

- 64-20 In MISSISSIPPI COUNTY on STATE HIGHWAY 14, Section 16, from the Poinsett County line to Wilson, a distance of 15.42 miles, the Director is authorized to level up and resurface ten miles of selected sections, using Blade Mix Material, as a Betterment Project, at an estimated cost of \$27,000.00.

Work to be done by State forces.

- 64-21 In POPE COUNTY on STATE HIGHWAY 164, Section 4, from Scottsville to a point 1.51 miles N., the Director is authorized to construct grading, minor drainage structures, crushed stone base course and double bituminous surface treatment, as a Betterment Project, at an estimated cost of \$18,000.00 for materials.

Work to be done by Maintenance forces.

64-22 WHEREAS, the Highway Commission on April 24, 1963, added to the Highway System a section of County road, from State Highway 27 in Dover to State Highway 105 at Oak Grove, designated as State Highway 164, Section 5, and,

WHEREAS, this addition, as presently designated, follows Maple Street in Dover on State Highway 27, which would require the construction of an expensive bridge and the removal of one house, and,

WHEREAS, the City of Dover has requested that the section from Water Street to State Highway 27 be deleted from the Highway System and that the section of Water Street from Maple Street to State Highway 7 be added,

IT IS ORDERED that the Director be authorized to make this change, in accordance with the attached sketch, and to construct grading, minor drainage structures, crushed stone base course and double bituminous surface treatment on one mile from Dover-east, as a Betterment Project, at an estimated cost of \$13,000.00.

Work to be done by State forces.

64-23 In ST. FRANCIS COUNTY at Forrest City on State Highway 1, from Mississippi Street to a point 0.64 mile south of US 70, a distance of 1.58 miles, and on US 70 from a point 0.64 mile east of State Highway 1 to the Rock Island Railroad Overpass, a distance of 1.71 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$58,560.00

Work to be done by Purchase Order Contract.

64-24 In SALINE COUNTY on 845, Section 1, Alexander State Sanitorium Streets, the Director is authorized to construct 0.462 mile of Base Course and Asphalt io Concrete Hot Mix Surface Course, in accordance with the attached plan sheets, as a Betterment Project, at an estimated cost of \$10,400.00.

Base Material and Asphaltic Concrete Hot Mix Surface Course to be done by Purchase Order Contract and balance of work to be done by State forces.

64-25 In SCOTT COUNTY on STATE HIGHWAY 250, Section 1, 14 miles east of Waldron, the Director is authorized to replace the rotten untreated timber superstructure totaling 34 linear feet, with salvaged I-Beams and metal bridge plank, as a Betterment Project, at an estimated cost of \$2,400.00

Work to be done by Maintenance forces.

- 64-26 In SCOTT COUNTY on STATE HIGHWAY 28, Section 1, 4 miles west of US 71, the Director is authorized to replace the deteriorated timber superstructure, totaling 66 linear feet, with salvaged I-Beams and metal bridge plank, as a Betterment Project, at an estimated cost of \$4,500.00.

Work to be done by Maintenance forces.

- 64-27 Monroe County, Job No. 11662, Highway 17 Interchange-St. Francis County Line FAP I-40-4(14)216. The contract for the construction of approximately 2.459 miles of Gr., Minor Dr. Strs., Subbase on Main Lanes & Ramp, Gravel Base on Fr. Rd. & Co. Rd. with Dbl. Bit. Surf. Trm't. on Co. Steel I-Beam Span U'Pass Strs. (434.48 Ft. Tot.), on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 4, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$465,745.99, subject to the concurrence of the Bureau of Public Roads

64-32 Pulaski County, Job No. 6806, Crystal Hill Levy (surfacing), FAP I-40-3(38)147. The contract for the construction of approximately 5.211 miles of Limited Grading & Minor Drainage Structures, Selected Material, Crushed Stone Base, P.C. Concrete Paving (9" U.T.), Double Bituminous Treated Shoulders, Erosion Control & other misc. items on the Little Rock-Fort Smith Interstate Road, Interstate 40, Section 3, is awarded to St. Francis Material Company, Inc., of Forrest City, Arkansas on their low bid of \$1,388,915.72, subject to the concurrence of the Bureau of Public Roads.

64-33 WHEREAS, when Highway Job No. 6590 right of way was acquired, a strip of land outside the boundaries needed for and necessary to its construction was acquired; and

WHEREAS, this land is described as follows:

Part of Lot 4, NASH'S SUBDIVISION of Lots 4, 5, 6 and 7, Block 3, STEVENSON'S ADDITION to the City of Little Rock described as follows:

All of that portion of said Lot 4 not a part of the right of way of US Interstate Highway No. 30, described approximately as follows: Beginning at the southwest corner of said Lot 4; thence north 14.42 feet; thence east 13.5 feet; thence in a south-south-easterly direction 14.39 feet to a point 15.11 feet east of point of beginning; thence west 15.11 feet to point of beginning; and

NOW, THEREFORE, this parcel of land is no longer needed for highway purposes and by this Commission is declared surplus; and

WHEREAS, the immediate predecessors in title to said land, E. W. Jones and Alice J. Jones, husband and wife, have notified the Commission that it is their desire to re-acquire the premises as by law provided; and

WHEREAS, the land above described will be appraised by three competent appraisers, and it is resolved that the described land be sold by the Arkansas State Highway Commission as surplus land under Act 419 of 1953, and the Chairman of the Commission is hereby authorized and directed to convey by Quitclaim Deed the above described parcel of land at the appraisal price as determined by three competent appraisers.

64-34 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, January 15, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its first meeting of 1964 in Little Rock, Arkansas on January 15, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE

64-38 WHEREAS, the Purchasing Committee has awarded purchases on January 20 and 27, and February 3, 10, 17, 17 (Special) and 24, 1964 in amounts of \$17,320.61, \$103,047.91, \$18,246.75, \$67,377.32, \$233,108.54, \$5,559.12 and \$220,700.10, respectively, totaling \$665,360.35, and awarded sales at a Special Meeting on February 20, 1964 for 88 Used Vehicles in the amount of \$28,553.05, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-39 WHEREAS, bids have been received by the State Purchasing Department under Bid Reference S-64-37 dated January 16, 1964, opened 10:00 A.M. January 23, 1964, for the purchase of twenty eight (28) vehicles for the Arkansas State Highway Department, and under Bid Reference S-64-68 dated January 24, 1964, opened 10:00 A.M. February 11, 1964, for the purchase of eighty three (83) vehicles for the Arkansas State Highway Department at the request of the Chief, Equipment Division, an in accordance with Act 313 of 1955 and Highway Minute Order Numbers 5038 dated May 29, 1963, and 5193 dated August 28, 1963, and

WHEREAS, the lowest and best bid under Bid S-64-37 for furnishing the eighteen (18) vehicles listed under Item Numbers 1, 2, 4, and 5, was submitted by Moore Ford Company, North Little Rock, Arkansas, in the total amount of \$31,255.13, and the lowest and best bid for furnishing the two (2) vehicles listed under Item 3 was submitted by Bevis Dodge, Little Rock, Arkansas, in the total amount of \$4,371.98, an lowest and best bid for furnishing the eight (8) vehicles under Item 6 was submitted by Arkansas Motors, Pine Bluff, in the total amount of \$18,876.24, making a total purchase price for the twenty eight (28) vehicles of \$54,503.35, and

WHEREAS, the lowest and best bid under Bid S-64-68 for furnishing the eighty three (83) vehicles was submitted by Leo Smith Chevrolet Company, Stuttgart, Arkansas, at a total purchase price of \$183,561.14, and

WHEREAS, the total purchase price for the 111 Vehicles listed on Bid S-64-37 and S-64-68 is in the total amount of \$238,064.49 with the awards being made as specified below, and

WHEREAS, Allotment under Minute Order No. 5193 dated August 28, 1963 was based on purchase of Highway Type Vehicles with trade-in allowance, and the allotment will be insufficient to make all purchases of equipment listed unless funds arrived from the sale of the used vehicles advertised for sale and sold in accordance with Act 313 be approved for use by the Equipment Division in the Fiscal Year 1963-64,

NOW THEREFORE, the Acting Director is authorized to transfer funds to the Equipment Allotment after the sale of all used vehicles, and

NOW THEREFORE, the award for the purchase of the twenty eight vehicles on bid S-64-37 is hereby made as follows: Items One, Two, Four and Five to Moore Ford Company, North Little Rock, Arkansas in the amount of \$31,255.13; Item Three to Bevis Dodge Company, Little Rock, Arkansas, in the amount of \$4,371.98; Item Six to Arkansas Motors, Pine Bluff, Arkansas, in the amount of \$18,876.24, and the award for the purchase of the eighty three (83) 19,500 Lbs. GVW Cab and Chassis on Bid S-64-68 is hereby made to Leo Smith Chevrolet Company, Stuttgart in the amount of \$183,561.14 making a total purchase price for the 111 vehicles in the amount of \$238,064.49, and the Acting Director is hereby authorized to advise the State Purchasing Director to award Contracts as listed below:

64-40 In CRAIGHEAD COUNTY, on HIGHWAY US 63: WHEREAS, when old Job 1160 (new Job 10661, Poinsett County Line - North Reconstruction) was built, a rectangular strip of land outside the limits needed for construction was taken for barrow materials; and

WHEREAS, this land is described as follows:

Starting at the Poinsett-Craighead County Line designated as Center Line of Surrey Station 0+00.0, Job No. 10661; thence North 29° 13' West along the Center Line of US Highway No. 63, a distance of 3025.0 feet, more or less, to its intersection with the Mid-Stream of Big Bay Ditch, it also being the property line; thence in a northwesterly direction along said property line, 98.0 feet, more or less, to a point on the proposed right of way line to the left of the Center Line 90.0 feet from and perpendicular to Center Line Station 30+65±, the point of beginning.

Beginning at the above described point; thence continue in a northwesterly direction along said Mid-Stream of Big Bay Ditch 22.0 feet, more or less, to a point on the existing right of way line to the left of the Center Line 110.0 feet from and perpendicular to Center Line Station 30+75±; thence :North 29° 13' West along said existing right of way line 561.0 feet, more or less, to a point 110.0 feet from and perpendicular to Center Line Station 36+36; thence in a northeasterly direction 20.0 feet to a point on the proposed right of way line 90.0 feet from and perpendicular to said Center Line Station 36+36.0; thence South 29° 13' East 571.0 feet, more or less, along said proposed right of way line to the point of beginning and containing 0.26 Acre.

ALSO: Starting at the Poinsett-Craighead County Line designated as Center Line of Survey Station 0+00.0, Job No. 10661; thence North 29° 13' West along the Center Line of US Highway

No. 63, a distance of 3025.0 feet, more or less, to its intersection with the Mid-Stream of Big Bay Ditch, it also being the property line; thence in a southeasterly direction along said property line, 75.0 feet, more or less, to a point on the proposed right of way line to the right of the center line 70.0 feet from and perpendicular to Center Line Station 29+93±, the point of beginning.

Beginning at the above point; thence North 29° 13' West, 643.0 feet, more or less, along the proposed right of way line to the right of the Center Line to a point 70.0 feet from and perpendicular to Center Line Station 36+36.0, thence in a northeasterly direction 40.0 feet to a point on the existing right of way line to the right of the Center line 110.0 feet from and perpendicular to said Center Line Station 36+36.0; thence South 29° 13' East, 658.0 feet, more or less, along said existing right of way line to a point at the Mid-Stream of Big Bay Ditch, 110.0 feet from and perpendicular to Center Line Station 29+78±; thence in a northwesterly direction along said Mid-Stream of Big Bay Ditch, the property line 43.0 feet, more or less, to the point of beginning and containing 0.6 Acre.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to Charles Robinson Estate.

64-41 In CRAIGHEAD COUNTY, on HIGHWAY US 63: WHEREAS, when old Job 1160 (new Job 10661, Poinsett County Line - North Reconstruction) was built, a rectangular strip of land outside the limits needed for construction was taken for barrow materials; and

WHEREAS, this land is described as follows:

Starting at the Poinsett Craighead County Line designated as Center Line of Survey Station 0+00.0, Job No. 10661; thence North 29° 13' West along the Center Line of US Highway No 63, a distance of 1,840.0 feet to a point designated as Center Line of Survey Station 18+40.0; thence to a point on the proposed right of way line to the left of the center line, 90.0 feet

from and perpendicular to Center Line Station 18+40.0, the point of beginning.

Beginning at the above described point; thence continue to a point on the existing right of way line a distance of 20.0 feet to a point 110.0 feet from and perpendicular to Center Line Station 18+40.0; thence North 29° 13' West along said existing right of way line a distance of 1,235.0 feet, more or less, to its intersection with the Mid-Stream of Big Bay Ditch; it also being the property line; thence in a southeasterly direction along said property line 22.0 feet, more or less, to a point on the proposed right of way line; thence South 29° 13' East along said proposed right of way line a distance of 1,225.0 feet, more or less, to the point of beginning and containing 0.56 Acre.

ALSO: Starting at the PcinsettCraighead County Line designated as Center Line of Survey Station 0+00.0, Job No. 10661; thence North 29° 13' West along the Center Line of US Highway No. 63, a distance of 1,840.0 feet to a point designated as Center Line of Survey Station 18+40.0; thence to a point on the proposed right of way line to the right of the center line, 70.0 feet, said point being 70.0 feet from and perpendicular to Center Line Station 18+40.0, the point of beginning.

Beginning at the above described point; thence North 29° 13' West along the proposed right of way line to the right of the center line, 1,153.0 feet, more or less, to its intersection with the Mid-Stream of Big Bay Ditch, it also being the property line; thence in a southeasterly direction along said property line, 43.0 feet, more or less, to a point on the existing right of way line; thence South 29° 13' East along said existing right of way line 1,138.0 feet, more or less, to a point 110.0 feet from and perpendicular to Center Line Station 18+40.0; thence to a point on the proposed right of way line 70.0 feet from and perpendicular to Center Line Station 18+40.0, the point of beginning and containing 1.05 Acres.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus;

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deed the above described parcel of land to E. Sloan Farms, Inc.

64-42 WHEREAS, the Arkansas State Highway Commission has constructed, is constructing, is constructing, and will construct Central Headquarters consisting of Arkansas State Highway Department Division buildings on the lands hereinafter described.

WHEREAS, the proposed easement and proposed right of way consists of the land described as follows:

Being a part of the Southeast Quarter of the Southeast Quarter of Section 34, Township 1 North, Range 13 West, Pulaski County, Arkansas, more particularly described as follows:

Starting at the Southwest corner of the Southeast Quarter of the Southeast Quarter of Section 34; thence North 1° 30' East along the West line thereof a distance of 39.7 feet to the point of beginning; thence continue North 1° 30' East along said West land line a

distance of 650.0 feet to a point; thence South 88° 30' East for a distance of 16.0 feet to a point; thence South 1° 30'

West 16.0 feet from and parallel with said West land line for a distance of 18.0 feet to a point; thence South 88° 30' East a distance of 236.0 feet to a point; thence South 1° 30' West a distance of 24.0 feet to a point; thence North 88° 30' West a distance of 236.0 feet to a point; thence South 1° 30' West along a line 16.0 feet from and parallel with the West line of the Southeast Quarter of the Southeast Quarter a distance of 608.0 feet to a point; thence North 88° 30' West a distance of 16.0 feet to the point of beginning and containing 0.37 Acre.

WHEREAS, in connection with the maintenance and the operation of the Central Headquarters and each of said buildings in particular, there will be created through its and their maintenance and operation a need requiring electricity and electric circuits including all necessary accessories and facilities for the purpose of transmitting and distributing electric current and the supplying of electric services as needed; and

WHEREAS, it will be necessary that these accessories and facilities must be maintained, in an adequate and safe manner; and

WHEREAS, the Arkansas Power and Light Company, its successors and assigns, need the right to trim and keep trimmed the trees near the electric circuits and trees and growths upon the lands of the Central Headquarters Site which will conflict with the original location and construction of said circuits; and

WHEREAS, it will be possible for the Telephone Company (Southwestern Bell Telephone Company), its successors and assigns, to install its lines and to supply telephone services to the Central Headquarters consisting of the Arkansas State Highway Department Division buildings through the use of pole structures of the said Arkansas Power and Light Company; and

WHEREAS, the Arkansas State Highway Commission desires to reserve the right to use the said easements and rights of way for any purpose which will not interfere or conflict with the rights and uses hereinabove granted to the Grantee and, if the Grantee should ever permanently abandon the use of the said easements and rights of way for the purposes hereinabove conveyed, the same shall revert to the Grantor, or its successors and assigns.

NOW THEREFORE, be it hereby resolved that, the Arkansas State Highway Commission Clairman be directed and authorized to execute the instrument granting and conveying the recited necessary easements and rights of way to the Arkansas Power and Light Company.

64-43 In ARKANSAS COUNTY on HIGHWAY 44:

WHEREAS, MINUTE ORDERS 5184 and 5185, adopted by the Arkansas State Highway Commission on August 20, 1963, imposed restrictions on the maximum gross weight, maximum axle weights and maximum speed of loaded trucks on State Highway 44 from the junction of State Highway to Tichnor in Arkansas County; and

WHEREAS, a sub-contractor for the successful bidder on the Lock and Dam project No. 1 awarded by the US Corps of Engineers has asked the Highway Commission to lift the maximum gross weight; and maximum axle weight restrictions, and has offered to perform certain construction work and furnish certain construction materials; and

WHEREAS, this arrangement is satisfactory to the Arkansas State Highway Commission;

NOW THEREFORE IT IS ORDERED that the above mentioned weight restrictions be lifted to the legal limit and the speed limit restrictions shall remain in force for the duration of this contract, subject to the following conditions:

1. The sub-contractor will construct a low water bypass around the existing State Highway bridge over Cypress Bayou. The subcontractor will be responsible for any flood damage which might result from the construction of this low water bypass.
2. The sub-contractor will furnish 2,400 Tons of SB-2 crushed stone to the Highway Department at locations specified by the Highway Department's District Engineer.

All other provisions of Minute Orders 5184 and 5185 will remain in full force and effect but it should be noted that although other Highways in the area are not posted for special weight and speed limitations at this time, the Highway Commission reserves the right to post such restrictions at any time they consider that the highways are being excessively damaged by the repetitive hauling of heavily loaded trucks.

64-44 In ASHLEY COUNTY on US HIGHWAY 165, Section 1; the Director is hereby authorized to grant a permit to Pugh and Company for the construction of a railroad crossing at grade across US Highway 165, located approximately 0.44 miles north of the northern city limits of Portland, Arkansas, subject to the following conditions:

1. The owner to install a crossing meeting the standards of the Missouri Pacific Railroad Company, for the length of the cross ties and a width extending from shoulder to shoulder of the Highway, and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.
2. That all construction on the highway right-of-way meet the approval of the Highway Department District Engineer.
3. That the owner provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

64-45 In JEFFERSON and LINCOLN COUNTIES, for a future crossing of the Arkansas River of Highway 11, the Director is authorized to certify to the Corps of Engineers - US Army, through the Bureau of Public Roads, that a bridge and highway are needed and desired across proposed Lock and Dam Number 3 on the Arkansas River; and to request that the design for this lock and dam include the provisions for the future bridge foundations.

Upon, and after, approval of such certification by the Chief of Engineers, the Director is further authorized to negotiate a contract with the Corps of Engineers covering the cost of bridge foundation design and construction work for the sum of approximately \$50,000.00.

64-46 In LITTLE RIVER COUNTY on STATE HIGHWAY 32, Section 1: WHEREAS, the St. Louis-San Francisco Railway Company proposes to construct a wye track connection which will cross State Highway 32 to serve the Arkansas Cement Corporation Industrial facilities near Foreman, Arkansas; and

WHEREAS, the Railway Company has requested a permit to construct a Railroad crossing at grade at this location.

NOW THEREFORE, the Director is hereby authorized to grant a permit to the St. Louis-San Francisco Railway Company for the construction of a railroad crossing at grade subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the Highway, and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.
2. That all construction on the highway right-of-way be in accordance with the requirements of a permit to be issued by the Chief Engineer's office, and meet the approval of the Highway Department District Engineer.
3. That the Company provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

64-47 In COLUMBIA COUNTY, IT IS ORDERED that the official routing of State Highway No. 160, section 3, in the vicinity of Dorcheat Bayou east of Taylor, shall be in accordance with the relocated and reconstructed section as constructed by Job 7594; and, in conformity with Supreme Court decisions, that portion of the old route which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

64-48 In SEBASTIAN COUNTY, IT IS ORDERED that the official routing of State Highways Nos. US 71, section 14, and 45, sections 1 and 2, between Fort Smith and Greenwood shall be in accordance with the relocated and reconstructed sections as constructed by Job 4447; and, in conformity with Supreme Court decisions, the portions of the old routes which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which becomes a part of this Order.

64-49 WHEREAS, in CLEVELAND COUNTY, approximately 7 miles northeast of Rison on US 79, at the junction of State Highway 212, Mr. George Holmes has offered to lease to the Department a suitable site for a roadside park, containing approximately one acre, with the lease to run for a period of 25 years, and,

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute the lease with Mr. Holmes for this property for a period of 25 years for the purpose of establishing a roadside park.

64-50 In FULTON COUNTY, on HIGHWAY 63, Section 1:

WHEREAS, the Missouri State Highway Commission construction program includes improvement of Route 63 from Thayer, Missouri to the Arkansas State Line; and

WHEREAS, there exists an undesirable sight distance condition and a general need for improved traffic facilities on this route from the Missouri State Line to Mammoth Spring, Arkansas;

NOW THEREFORE, the Director is hereby authorized to improve approximately 1,400 feet of Highway 63 to a four-lane facility in accordance with current Department design standards at a cost of approximately \$200,000; and, the Director is further authorized to coordinate the planning and design with the Missouri State Highway Commission as deemed necessary for the proper and desirable roadway connection at the State Line.

This action is subject to program approval by the Bureau of Public Roads.

64-51 WHEREAS, in GREENE COUNTY on STATE HIGHWAY 25, n Paragould, Minute Order 5293 was approved on November 30, 1963, to accept a satisfactory site for the construction of a new District10 Headquarters, from the Paragould Chamber of Commerce,

IT IS ORDERED that this Minute Order be amended to authorize the Director to construct this facility, as a Building Project, at an estimated cost of \$350,000.00, with the construction to begin in 1964, if feasible.

All other provisions of Minute Order 5293 will remain in force.

64-52 WHEREAS, in OUACHITA COUNTY in the City of Camden, on State Highway 7, US 79 and the Parking Lot and Driveway at the District Maintenance Headquarters, bids were invited under Purchase Order Contract procedure for resurfacing with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on February 13, 1964, and,

WHEREAS, the Purchasing Committee, on February 17, 1964, recommended that the award be made to the bidder, as the price was in line with other contract work in this area,

IT IS ORDERED that the award for this work, under Bid Reference M-64-425, be made to Haynie and Williams of El Dorado on their bid of \$20,932.60.

- 64-53 In BAXTER COUNTY on US 62, Section 10, from Cotter to Mountain Home, a distance of 7.0 miles, the Director is authorized to resurface the existing pavement with premix produced by the Department's Asphalt Plant at Flippin, as a Betterment Project, at an estimated cost of \$19,000.00.

Work to be done by Maintenance forces.

- 64-54 In CRITTENDEN COUNTY on US 63, Section 10, from Interstate 55 to a point 1.83 miles north, the Director is authorized to resurface the existing pavement with Cold Mix Asphalt Material, as a Betterment Project, at an estimated cost of \$19,000.00.

Work to be done by Maintenance forces.

- 64-55 In DREW COUNTY on S.H. 81, SECTION 3, between the Ashley County Line and Monticello, the DIRECTOR is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, for eight new bridges totaling approximately 660 Lin. Ft. at Log Stas. 0.42, 1.34, 1.51, 2.08, 4.71, 5.52, 8.16 and 13.60, at an estimated cost of \$262,000.00.

This action is subject to program approval by the Bureau of Public Roads.

- 64-56 WHEREAS, in FAULKNER COUNTY on STATE HIGHWAY 287, Section 1, from State Highway 36 to Holland, Minute Order 5302 was approved on October 30, 1963, for the construction of this road, and,

WHEREAS, the relocation of utilities was not anticipated and not included in the Minute Order allotment,

IT IS ORDERED that the Director be authorized to supplement Minute Order 5302 in the amount of \$7,000.00 for the reimbursement of utility companies, when their lines have been relocated.

Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$17,100.00.

- 64-57 In FRANKLIN COUNTY on STATE HIGHWAY 309, Section 4, from Webb City to the Logan County line, a distance of 6.83 miles, the Director is authorized to construct

Work to be done by Maintenance forces.

- 64-58 In LOGAN COUNTY on STATE HIGHWAY 309, Section 3, from Paris to Roseville, a distance of 9.97 miles, the Director is authorized to construct Double Bituminous Surface Treatment on two miles, as a Betterment Project, at an estimated cost of \$5,400.00.

Work to be done by Maintenance forces.

- 64-59 In LONOKE COUNTY on STATE HIGHWAY 130, Section 3, from Humnoke to a point 2.22 miles east, the Director is authorized to level up with Blade Mix material and resurface with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$33,800.00.

Leveling to be done by Maintenance forces and surfacing by Purchase Order Contract.

- 64-60 In LONOKE COUNTY on STATE HIGHWAY 130, Section 2, from England to a point 4.84 miles north, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$44,300.00.

Work to be done by Purchase Order Contract.

- 64-61 In MADISON COUNTY on STATE HIGHWAY 12, Section 4, from Clifty to State Highway 45, a distance of 2.8 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$54,500.00.

Work to be done by Maintenance forces.

- 64-62 In MISSISSIPPI COUNTY on STATE HIGHWAY 148, Section 1, 4.8 miles east of US 61 at Clear Lake, the Director is authorized to construct one 6-span bridge, using Treated Timber Substructure and Reinforced Concrete Deck, as a Betterment Project, at an estimated cost of \$9,000.00.

Work to be done by Maintenance forces.

- 64-63 In MISSISSIPPI COUNTY on the Grider-River Grain County Road, the Director is authorized to repair and replace damaged sections of this road, which was used as an Interstate 55 haul road, as a Betterment Project, at an estimated cost of \$15,000.00.

Work to be done by Maintenance forces.

64-64 In PULASKI COUNTY on STATE HIGHWAY 5, Section 9, from University Avenue to a point 2.51 miles west, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course and reconstruct the shoulders, as a Betterment Project, at an estimated cost of \$22,200.00.

Surface Course to be done by Purchase Order Contract and balance of work by Maintenance forces.

64-65 In SALINE COUNTY on US 70, Section 11, in the City of Benton, from State Highway 35 to Interstate 30, a distance of 1.76 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,300.00.

Work to be done by Purchase Order Contract.

64-66 In SHARP COUNTY on STATE HIGHWAY 175, Section 2, from Cherokee Village to US 62, a distance of 4.25 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$64,200.00.

Work to be done by Maintenance forces.

64-67 In WASHINGTON COUNTY on STATE HIGHWAY 68, Section 1, from Tontitown to a point 2.5 miles west, the Director is authorized to resurface the existing pavement with Premix Asphalt material, as a Betterment Projects at an estimated cost of \$19,000.00.

Work to be done by Maintenance forces.

64-68 In WHITE COUNTY on STATE HIGHWAY 124, Section 12, from Pangburn to a point 4.15 miles east, the Director is authorized to construct Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$53,000.00.

Work to be done by Maintenance forces.

64-69 In WOODRUFF COUNTY on STATE HIGHWAY 33, Section , from Highway 33-C to US 64, a distance of 1.27 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$30,000.00.

Mineral Aggregate and Gravel Base to be dumped on road by Purchase Order Contract and balance of work to be done by Maintenance forces.

- 64-70 St. Francis County, Job No. 11665, Palestine-Becks Road, FAP I-40-5(30)234. The contract for the construction of approximately 3.010 miles of Gr., Minor Dr. Strs., Subbase & other misc. items throughout Project; Gravel Base & Dbl. Bit. Surf. Trm't. on Co. Rd., Two R.C. & Str. Steel I-Beam Span O'Pass Strs., (1564.32 Ft. Total) & One R.C. & Str. Steel I-Beam Span U'Pass Str. (262.8 Ft. Total) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to Dixie Contractors, Inc., of Memphis, Tennessee on their low bid of \$1,311,52.5.20, subject to the concurrence of the Bureau of Public Roads.
- 64-71 Woodruff County, Job No. 11699, McCrory ByPass, FAP F-020-2(20). The contract for the construction of approximately 8.241 miles of Gr., Minor Dr. Strs, Crshd. Stone Base & Dbl. Bit. Surf. Trm't. on Traffic Service Rds. & Hwy. 17 Connection, One R.C. Slab Span Br. (500.0 Ft.), One Comb. R.C. Slab & Str. Steel I-Beam Span Br. (850.0 Ft.), Two Bra Lgth. Culvts. (49.75 Ft. Total Span) & other misc. items on the McCrory Bypass, US Highway 64, Sections 13 & 14, is awarded to Mississippi Valley Engineering & Const. Co., of Memphis, Tennessee on their low bid of \$610,102.82, subject to the concurrence of the Bureau of Public Roads.
- 64-72 Arkansas County, Job No 2641, Bayou Meto Bridge & Approaches, FAP S-446(2). The contract for the construction of approximately 0.427 mile of Gr, Minor Dr. Strs., Gravel Surf. Crse., One Composite I-Beam Span Br. (242.17 Ft. Tot. Lgth.), Removal of Existing Br. (210 Ft. Tot. Lgth.), & other misc. items on the Humphrey-DeWitt Road, State Highway 152, Section 0, is awarded to Southeast Construction Co., Inc, of Pine Bluff, Arkansas on their low bid of \$79,337.35.
- 64-73 Chicot County, Job No. 2664, Bayou Macon, Canal 43 & Clay Bayou Bridges & Approaches, FAP S-537(1). The contract for the construction of approximately 0 669 mile of Gr., Minor Dr. Strs., Gravel Surf., Three R.C. & Str. Steel I-Beam Span Brs. (657.73 Ft. Tot. Lgth.) and other misc. items on the Halley-Dewey Road, State Highway 35, Section 11, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on his low bid of \$217,953.72
- 64-74 Drew County Job No. 2667, Monticello-North, FAP S-539(1). The contract for the construction of approximately 5.390 miles of Gr., Minor Dr. Strs., Selected Material, P.C. Stab. Base Crse., Dbl. Bit. Surf. Trm't and other misc. items on the Monticello-Coleman Road, State Highway 83, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$178,433.78.
- 64-75 Lincoln County, Job No. 2672, Bayou Bartholomew Bridge and Approaches, FAP S-494(1). The contract for the construction of approximately 0.149 mile of Gr., Removal of Existing Br. Strs., Embankment, Gravel Surf. Crse., One Prestressed Precast Slab Span Br. (372.17 Ft. Tot. Lgth) and other misc. items on the Bayou Bartholomew Bridge, State Highway 293, Section 1, is

awarded to W. R. Fairchild Const. Co., Ltd., of Hattiesburg, Mississippi on their low bid of \$78,637.40.

- 64-76 Crawford County, Job No 4503, Fayetteville Avenue Widening (Alma), FAP S-408(4). The contract for the construction of approximately 0.294 mile of Gr., Minor Dr. Strs, Crshd. Stone Base, ACHM Base & Surf., Conc. Comb. Curb & Gutter & other misc. items in the City of Alma, State Highway 162, Section 1, is awarded to Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$83,864.95.
- 64-77 Clark County, Job No. 7617, Caddo River Bridge and Approaches, FAP S-214(3). The contract for the construction of approximately 1.04 miles of Gr., Minor Dr Strs., Gravel Base, Dbl. Bit. Surf. Trm't., One R.C. & Str. Steel I-Beam Span Br. (638.17 Ft.) and other misc. items on the Amity-Bismarck Road, State Highway 84, Section 4, is awarded to E. E. Barber Const. Co, Inc., of Fort Smith, Arkansas on their low bid of \$229,910.53.
- 64-78 Madison County, Job No. 9478, Jct. Hwy. 68-Jct. Hwy. 12, FAP S-523(1). The contract for the construction of approximately 6.1 miles of Gr., Minor Dr. Strs., Crshd. Stone Base, Dbl. Bit. Surf. Trm't., One R.C. & Str. Steel I-Beam Span Br. (507.5 Ft.), One Bridge Length Culvt. (46.61 Ft. Tot. Span) and other misc. items on the Hindsville-Jct. Hwy. 12 Road, State Highway 45, Section 7, is awarded to Forsgren, Inc, of Fort Smith, Arkansas on their low bid of \$401,214.50.
- 64-79 Mississippi County, Job No. 10618, Hwy. 61 Interchange-Mo. Line Interstate Signing, FAP I-55-1(46)63. The contract for the construction of approximately 9.112 miles of constructing Interstate Highway Signing, consisting of Delineators, Standard Signs & Guide Signs on the West Memphis-Missouri State Line Interstate Road, Interstate 55, Section 1, is awarded to Fosco Fabricators, Inc., of Dixon, Illinois, on their low bid of \$42,178.80, subject to the concurrence of the Bureau of Public Roads.
- 64-80 Mississippi County, Job No. 10700, Jct. Hwy. 140-Jct. Hwy. 18 Bridges & Approaches, FAP S-466(3). The contract for the construction of approximately 0.558 mile of Gr., Minor Dr. Strs. Gravel Base Crse., Three R.C. Slab Span Bridges (728.00 Ft. Tot. Lgth.) & other misc. items on the Keiser-Dell Road, State Highway 181, Section 2, is awarded to Continental, Inc., of Memphis, Tennessee on their low bid of \$188,143.04.
- 64-81 Cleburne & White Counties, Job No. 1370(2) (7), Jct. Hwy. 25-Jct. US 67B (Searcy) - Jct. US 67 near Judsonia-Entrance Missile Site 8, FAP R-AD-200(1). The contract for the construction of approximately 29.91 miles of ACHM Leveling Crse., ACHM Surf. Crse. & Crshd. Stone Shldrs. on the Heber SpringsSearcy Road and the Judsonia-Plainview Road, State Highway 16, Sections 12 & 13, and State Highway 157, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$293,609.47, subject to the concurrence of the Bureau of Public Roads.

- 64-82 Faulkner & White Counties, Job No. 1370(3), Jct. US 64 (Hamlet)-Jct. US 67B (Searcy), FAP R-AD-200(1). The contract for the construction of approximately 38.97 miles of ACHM Leveling Crse., ACHM Surf. Crse. & Crshd. Stone Shldrs. on the Hamlet-Searcy Road, State Highway 36, Sections 1, 2 & 3 is awarded to Southeast Construction Co., Inc., of Pine Bluff, Arkansas on their low bid of \$408,353.60, subject to the concurrence of the Bureau of Public Roads.
- 64-83 Conway County, Job No. 1370(5), Jct. US 64 (Morrilton)-Entrance Missile Site 11, FAP R-AD-200(1). The contract for the construction of approximately 8.41 miles of ACHM Surface Course and Crushed Stone Shoulders on the Morrilton-Clinton Road, State Highway 95, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$68,703.22, subject to the concurrence of the Bureau of Public Roads.
- 64-84 Searcy County, Job No. C-64-3, Highway 27-Highway 65, FAP S-1198(1). The contract for the construction of approximately 1.996 miles of Gr., Minor Dr. Strs., Crshd. Stone Base Crse., Dbl. Bit. Surf. Trm't. and other misc. items on a County Road between Hwy. 27 and Hwy. 65, west of Marshall in Searcy County, County Road FAS Rt. 1939, is awarded to McClinton Brothers Company of Fayetteville, Arkansas on their low bid of \$70,695.32, subject to the concurrence of the Searcy County Judge.
- 64-85 Bowie, Texas & Miller, Arkansas, Job No. Ark. 3649 & Texas Control 610-7-5 & 6 and 218-2-3, Texas Line Interchange (Surfacing), FAP I-30-3(31)164 & C 218-2-3 (Texas) and I-30-0(2)000 (Ark. & Texas). The contract for the construction of Stab. Subbase, Base, Conc. Pavm't. & Ramps for Information Bureau on approximately 6.2 miles of Interstate Hwy. 30 in Bowie County, Texas, and Miller County, Arkansas, and approximately 2 mile of Loop 151 in Bowie County, Arkansas, Interstate 30 & Loop 151, Sections 0 & 3, is award- ed to T. L. James & Company, Inc., of Ruston, Louisiana and McMillin-Burkett Construction Company of Texarkana, Texas on their low bid of \$2,029,084.85, subject to the concurrence of the Bureau of Public Roads and Texas Highway Commission.
- 64-86 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, February 26, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its second meeting in Little Rock, Arkansas on February 26, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 25, 1964

The following is the record of the proceedings of the third meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on March 25, 1964. The following members were present:

Wayne Hampton	Chairman
Armil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

64-87 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., March 25, 1964.

64-88 The first order of business was a motion by Mr. Taylor, seconded by Mr. Baker and carried to adopt the following Resolution:

"WHEREAS, on March 22, 1964, William Joe Denton, Vice Chairman of the Arkansas State Highway Commission, completed his tasks in this world and passed on to others the work and responsibilities which he had been so ably and conscientiously carrying; and

WHEREAS, by his death the State of Arkansas and its citizens lost the services of one of its most progressive, farsighted and public-spirited supporters; an advocate of progress, as was proven by his successful development and management of his Eastern Arkansas estate; whose interests, which included his family, his church, highways, farming, banking, education, land drainage, in addition to many others, were an outstanding example for all of us to follow; who freely gave his time, able guidance, and leadership to public service for his community and for his State; and

WHEREAS, we of the Highway Commission who have been privileged to work intimately with William Joe Denton, know better than many that this wonderful and able man earned the respect and admiration of all who knew him;

NOW THEREFORE, as an expression of our admiration and respect for William Joe Denton, and in grateful recognition of his contribution to his beloved State and community, we order this Resolution spread on the records of the Arkansas State Highway Department and that a copy of the Resolution be sent to his family."

64-89 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-70 through 64-85 at the regular meeting of the Commission on February 26, 1964.

------	------------	---	------------------------------	-------------------------------------	----------	-----------

64-91 WHEREAS, the Purchasing Committee has awarded purchases on March 2, 9, 16 and 23, 1964 in the amounts of \$122,823.96, \$12,985.36, \$26,599.09 and \$56,308.44, respectively, totaling \$218,716.85 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-92 WHEREAS, in HEMPSTEAD COUNTY at the District No. 3 Headquarters in Hope, there are two parcels of land located just south and adjoining to the existing lot, which can be purchased at the present time, and,

WHEREAS, there is need for additional acreage for present and future expansion,

IT IS ORDERED that the Director be authorized to refer the negotiation of these two tracts to the Right-of-Way Division, with authority to purchase, as a Building Project, at a reasonable price, considering the special value to the Highway Department, not to exceed \$6,650.00.

64-93 WHEREAS, in POPE COUNTY at District No. 8 Headquarters in Russellville there is a need for additional Shop facilities, a Materials Testing Laboratory and Painting and Remodeling of the existing buildings, and,

WHEREAS, there is sufficient space at the existing District Headquarters site for these facilities,

IT IS ORDERED that the Director be authorized to construct the facilities and remodel the buildings, as a Building Project, at an estimated cost of \$35,000.00.

Construction to be done by Purchase Order Contract.

64-94 In CONWAY COUNTY on STATE HIGHWAY 154, Section 1, from State Highway 9 to Pontoon, a distance of 18.9 miles, the Director is authorized to resurface 9.6 miles of selected sections with Blade Mix Sand Asphalt, as a Betterment Project, at an estimated cost of \$17,500.00.

Work to be done by Maintenance forces.

64-95 WHEREAS, in JEFFERSON COUNTY as a future location for US Highway 79, Minute Order 5262 authorized the Director to certify to the Corps of Engineers, US Army, through the Bureau of Public Roads, that a bridge and highway is needed and desired across proposed Lock and Dam No. 4 on the Arkansas River; and

WHEREAS, further studies have determined that the cost of providing for bridge foundation design and construction work into Lock and Dam No. 4 will be approximately \$68,000;

NOW, THEREFORE, the Director is authorized to negotiate a contract with the Corps of Engineers covering the cost of the design and construction work involved and to advance funds in the amount of approximately \$68,000, as necessary to assure construction of the necessary bridge foundations.

64-96 In LAFAYETTE COUNTY: WHEREAS, the Navy Department proposes to construct the Red River Valley Space Surveillance Station at a location approximately two miles southeast of Lewisville; and

WHEREAS, such location is presently served by an earth-surfaced county road which is inadequate for the purposes of the Navy Department as an access road; and

WHEREAS, the Bureau of Public Roads has requested that the Highway Department perform the necessary preliminary engineering, contract administration, and construction of approximately 1.4 miles of county road improvement at an estimated cost of \$40,000.00 and the Director has expressed willingness by the Department to perform such services subject to full reimbursement of all cost involved; and

WHEREAS, the Highway Department is authorized to perform such work, under these conditions, by Act 262 of 1937;

NOW THEREFORE IT IS ORDERED that the action of the Director be ratified and confirmed in all particulars and that he be authorized to carry out the work to completion. This action subject to the following provisions:

1. Full reimbursement will be made to the State for preliminary engineering, construction, contract administration and engineering supervision.
2. All necessary rights-of-way will be provided at no cost to the State.
3. All maintenance of this county road will be the responsibility of others.

64-97 In PULASKI COUNTY on the STATE CAPITOL GROUNDS, the Director is authorized to prepare a site for a parking lot on the northwest corner of the grounds, back of the Welfare Building, and to install drainage facilities at an estimated cost of \$16,411.00.

64-98 WHEREAS, in PULASKI COUNTY for a proposed Riverside Drive in North Little Rock, the Mayor of the City of North Little Rock, with members of the Planning Commission, has requested the Highway Commission to consider a designation for inclusion in the State Highway System and improvement of a route similar to that on the attached sketch, and in general from Rose City to Pike Avenue; and

WHEREAS, the City of North Little Rock proposes to furnish all required right-of-way on the route, free of obstructions and free of cost to the State, including the adjustment of all utilities; and

WHEREAS the Mayor of North Little Rock desires an immediate expression of the Highway Commission for the designation and construction on the basis of the City of North Little Rock's proposal; and

WHEREAS, the Highway Commission has no funds currently available nor in sight in the foreseeable future for the construction of the route but recognizes the merit of the proposal from the standpoint
of need, long-range planning and possible State assistance;

NOW THEREFORE, IT IS ORDERED that the proposal of North Little Rock be accepted and the route be tentatively designated, subject to the following conditions:

1. All actions of the Commission pertaining thereto, including system designation, will be subject to approval by the Bureau of Public Roads.
2. State funds to be made available in the future, based on present sources of finance, will be urban and-or primary. In no case will the Commission consider a fund source that will in any manner defer the building of the secondary or farm-to-market state road system.
3. The amount of funds which may be used will be limited to the proportionate need in the City of North Little Rock as compared to the need of other cities in the State.
4. Agreements to be made by the City of North Little Rock and the Highway Commission will include provisions for city maintenance of illumination and signalization that may be included in construction plans.
5. The City of North Little Rock will assume responsibility for damages to abutting property resulting from construction plans prepared by the Highway Department and approved by the City.
6. The Highway Commission's preference for construction will be that portion beginning at Rose City-West to Locust Street.
7. Acceptance of the provisions of this Minute Order by official action of the City Council of North Little Rock.

64-99 St. Francis County, Job No. 11664, Goodwin-Palestine, FAP I-40-5(27)229. The contract for the construction of approximately 5.741 miles of Gr., Mr. Dr. Strs., Gravel Base on Detour Rd., County, Farm & Frontage Rds.; Dbl. Bit. Surf. Tr'mt. on Co. & Frontage Rds.; Two

Underpass Strs. (436.55 Ft.) of Reinf. Conc. & Str. 64-108 WHEREAS, the Purchasing Committee has awarded purchases on March 30, April 6, April 13, April 20, and April 27, 1964 in the amounts of \$63,712.50, \$94,402.53, \$26,068.08, \$45,422.50, and \$25,393.80, respectively, totaling \$254,999.41 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-109 WHEREAS, in accordance with Highway Minute Order Nos. 5038 dated May 29, 1963, and 5193 dated August 26, 1963, the Chief, Equipment Division in accordance with Act 313 of 1955, requested the State Purchasing Department to secure bids for the purchase of thirty one (31) new trucks for the Arkansas State Highway Department, and

WHEREAS, Bids for the 31 new trucks were received by the State Purchasing Department under Bid Reference S-64-146 dated February 13, 1964, opened 11:00 A.M., February 27, 1964, and

WHEREAS, the State Purchasing Department furnished tabulation of bids received showing the total bid price for the trucks listed under each item number, and by letter dated March 6, 1964, to the Chief, Equipment Division, Arkansas State Highway Department, specified the low bidder on each item and the model of trucks the low bidder proposed to furnish. The lowest bidder on Item 3 and the lowest bidder on Item 7, by request by letter to the Director of Purchasing, were permitted by the Director of Purchasing to withdraw their bids due to error in bidding, and

WHEREAS, the total overall low purchase price for the 31 trucks meeting Arkansas State Highway Department Specifications was submitted on low "By Item" Bids in the amount of \$131,978.16, with the awards being made as specified below,

NOW THEREFORE, the award for the purchase of the 31 trucks is hereby made to the lowest bidders meeting Arkansas State Highway Department Specifications on their low "By Item" Bids as specified below, and the Director is hereby instructed in the most feasible manner to notify the State Purchasing Director to award Contracts in accordance with list of vehicles specified below:

ITEM 1 - Six (6) only Cab & Chassis, 19,500 Lbs. GVW, to meet AHD Specification 63-64 N.E. No. 64-38, award to Polk Chevrolet Company, Corning, Arkansas, for furnishing 1964 Year Model Chevrolet C6503 at a net price each of \$2,353.51 - Total for Six	14,121.06

TOTAL FOR thirty one (31) Vehicles	131,978.16

64-110 WHEREAS, on February 21, 1964, the Highway Department was advised by the First Pyramid Life Insurance Company of America that the present Highway Employees Group Insurance Plan would be terminated as of June 30, 1964, and

WHEREAS, the Highway Employees Group Insurance Committee authorized by Minute Order 2295 of October 23, 1957, has prepared specifications and bid forms for receiving new bids for a Highway Employees Group Insurance Plan, which have been approved by the State Insurance Commissioner,

NOW, THEREFORE, IT IS ORDERED that the specifications for a Highway Employees Group Insurance Plan, dated April 29, 1964, be and are hereby approved, AND the Director is authorized to advertise for and receive bids under regular purchasing procedures, make an award, and execute a contract on behalf of the Commission for the group insurance service described in said specifications;

AND, the Group Insurance Committee is hereby authorized, in addition to the duties prescribed in Minute Order 2295, to receive and review the bids submitted and recommend to the Director the company or firm to whom the award is to be made.

Except for the revisions set forth herein, the conditions of Minute Order 2295 shall remain in full force and effect.

64-111 In accordance with the provisions of Arkansas Statutes outlined in Section 7, Act 82, of 1959, and US Code, Title 23, Highways, Chapter 3, Section 305, THE DIRECTOR IS HEREBY AUTHORIZED to enter into a Cooperative Agreement with the University of Arkansas for a program of highway archeological salvage which will include a survey of possible archeological sites and the preservation and salvage of archeological artifacts on lands and highway rights of way on the Interstate Highway System now or hereafter coming into control of the Commission; all of said survey and site inspection to be performed at an estimated cost of \$16,600.00.

This action is subject to the approval of the Bureau of Public Roads.

64-112 WHEREAS, interested citizens of Texas, Oklahoma, and Arkansas have requested the State Highway Departments of these states to cooperate in obtaining a US Highway route designation for a route between US Highway No. 60 near Canadian, Texas, and US 62 near Alpena, Arkansas, via State Highway No. 33 in Texas and Oklahoma and State Highway No. 68 in Arkansas; and

WHEREAS, the State Highway Commissions of Texas and Oklahoma have concurred in this request, as evidenced by their application to the Route Numbering Committee of the American Association of State Highway Officials for establishment of a new US Route between said termini; and

WHEREAS, it is considered to be of much benefit to the traveling public to establish this new US Route;

NOW, THEREFORE, the Director is authorized to join with the Texas and Oklahoma Highway Commissions in their request to the American Association of State Highway Officials for the establishment of a new US Route along present State Highway No. 68 from the Oklahoma-Arkansas state line, via Siloam Springs, Springdale, and Huntsville, to junction of US 62 near Alpena.

64-113 In ARKANSAS COUNTY, at DeWitt, IT IS ORDERED that the following State Highway System changes be made, all as shown on attached sketch which is made a part of this Order:

1. State Highway No. 152, section 1, is to be relocated along present State Highway No. 152A from the junction of Bowers Ave. to junction of Jefferson and 2nd Streets.
2. 2nd Street from Jefferson Street to junction of the new location of State Highway No. 1 east of DeWitt is hereby made a part of the State Highway System, and this section of 2nd Street and the section of old State Highway No. 1 (presently designated as St. Hwy. No. 130) from 2nd Street south along Jefferson and 13th Streets is designated as State Highway No. 1 Business Route.
3. Monroe Street from Maxwell Ave. south to 13th Street is hereby made a part of the State Highway System, to be designated as State Highway No. 130, section 6.
4. The present sections of State Highway No. 152, section 1, along Bowers Ave., N. Jackson, and W. Cross Main Street and of State Highway No. 130, section 6, along W. Maxwell Ave., N. Adams, W. Cross Main, and Jefferson Street (from W. Cross Main Street to 2nd Street) are hereby declared to be no longer a part of the State Highway System.

These changes are subject to acceptance of the following conditions:

1. That the 60-foot right-of-way for Monroe Street be cleared of all obstructions other than utilities by the City of DeWitt.
2. That the 50-foot right-of-way for 2nd Street from Jefferson Street to Dudley as proposed to be furnished by the City of DeWitt is acceptable by the State Highway Department as adequate for a 30-foot street with curb, gutters, and storm sewers, and that the City will make a contribution for curb and storm sewers.
3. That the deletion from the State Highway System of Bowers Ave., west of the west city limits, be acceptable to Arkansas County.
4. That the City of DeWitt, by Resolution, accept all provisions of this Minute Order.

64-114 In FAULKNER COUNTY: WHEREAS, the claim of the City of Conway in the amount of \$18,224 for reconstruction work necessitated by damage to city streets from ICBM construction operations has been approved by the Federal agency involved through the Bureau of Public Roads; and

WHEREAS, the Bureau of Public Roads has requested that the Department perform the necessary engineering work involved and negotiate a contract with the City of Conway for the accomplishment of the necessary work by the City at an estimated cost of \$18,224, and the Director has expressed willingness by the Department to perform such services subject to full reimbursement of all costs involved; and

WHEREAS, the City of Conway has requested that the Department furnish the necessary engineering and prepare the plans and contract documents for the necessary street repairs; and

WHEREAS, the Highway Department is authorized to perform such work under these conditions by Act 262 of 1937;

NOW THEREFORE, it is ordered that the action of the Director in this regard be ratified and confirmed in all particulars and that he be authorized to carry out the work to completion. This action subject to the following provisions:

1. Full reimbursement will be made to the State for preliminary engineering, construction, contract administration and engineering supervision.
2. Because of budgetary limitations the Department is not to be billed for any of the work performed until after July 1, 1964.
3. All maintenance of the city streets involved will be the responsibility of others.
4. Acceptance of all the conditions of this Minute Order by the City of Conway and approval by the Bureau of Public Roads.

64-115 In JEFFERSON & LINCOLN COUNTIES: WHEREAS, pursuant to Minute Order 64-45 the Corps of Engineers was requested to make arrangements for providing foundations for a future bridge crossing of State Highway 11 over Lock & Dam #3 on the Arkansas River; and

WHEREAS, the Department was notified at a conference on March 17, 1964 that plans for this Lock & Dam structure without provisions for a future highway bridge crossing were complete, that the job had been advertised for letting on April 23, 1964, and that the estimated cost of design and construction of the necessary foundations to accommodate a future highway bridge at this location had increased to approximately \$125,000; and

WHEREAS, providing foundations for a future Highway 11 bridge crossing at this location is considered essential to the future development of the road network in this area.

NOW THEREFORE, the Director is hereby authorized to negotiate a contract with the Corps of Engineers covering payment by the Department of the cost of the design and construction work involved and to advance funds in the amount of approximately \$125,000 as necessary to assure construction of the necessary bridge foundations. The Director is further authorized to certify to the Corps of Engineers, US Army through the Bureau of Public Roads that a bridge and

highway are needed and desired across proposed Lock & Dam #3 in accordance with the provisions of Title 23, U.S.C. Section 320.

64-116 WHEREAS, in JOHNSON COUNTY, Minute Order 5202 made the road from US Highway 64 in Knoxville to the Knoxville Road Grade Separation at Interstate Highway 40 a part of the State Highway System, with this road later being designated as State Highway 315, Section 1, and

WHEREAS, this 980 feet of unsurfaced road will not adequately serve the traffic which will be channel led over it as a result of the construction of Interstate Highway 40;

NOW THEREFORE, it is ordered that the Director be authorized to proceed with all necessary arrangements to accomplish the construction of grading, minor drainage structures, base and surfacing of this 980 feet of State Highway 315 at a total estimated cost of \$12,000.00. This work is to be accomplished as a Federal Aid Secondary Project and, if feasible, by means of Field Change to State Job 8487. This action is subject: to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. Right-of-Way furnished in accordance with previously stated right-of-way policies for Secondary Highways.

64-117 In LEE COUNTY on STATE HIGHWAY 121, Section 1: WHEREAS, a construction project proposed by the Memphis District Corps of Engineers on the St. Francis Levee south of US Highway 79 near Marianna in Lee County will involve approximately 1/2 mile of State Highway 121: and WHEREAS, the Corps of Engineers proposes to replace the section of State Highway 121 involved by providing a relocated highway on top of the proposed levee construction with a gravel surface roadway of 20 ft width; and

WHEREAS, this type of construction is similar to that used for the existing roadway on top of the levee between the work now proposed and US Highway 79;

NOW THEREFORE, the Director is authorized to permit the relocation of this section of State Highway 121 as a part of the Corps of Engineers levee construction contract to be accomplished without cost to the State.

64-118 In MILLER COUNTY on US HIGHWAY 71, Section 3: WHEREAS, US Highway 71 traverses the Arkansas-Texas State Line northwardly for approximately 1.3 miles as a part of the highway systems of both states from Interstate Highway 30 interchange to a point approximately 4 miles south of the Red River where it enters Texas; and

WHEREAS, the condition of the roadway in this section is such that resurfacing is considered necessary and desirable, and

WHEREAS, the Highway Departments of both States realize the need for resurfacing of this section of US Highway 71 along the state line and desire to participate in a joint betterment project for the resurfacing of this section at an estimated cost of \$32,000 to be shared on a 50-50 basis by both states;

NOW THEREFORE, the Director is authorized to negotiate an agreement with the Texas Highway Department whereby the Texas Highway Department would be responsible for preparing plans and specifications, awarding a contract and supervising construction of the proposed asphaltic concrete overlay, subject to payment by the Arkansas State Highway Department of their prorata share in the estimated amount of \$16,000.

64-119 WHEREAS, administrative officials of the City of Fort Smith and the County of Sebastian, supported by various other official and quasi-official agencies and organizations of the Fort Smith Urban Area, have petitioned the Arkansas State Highway Commission to participate and cooperate in a comprehensive Fort Smith Urban Area Transportation and Community Development Study; and,

WHEREAS, the Bureau of Public Roads, through recent memoranda, encouraged the State Highway Departments to use funds allocated for Highway Planning and Research purposes to participate in and cooperate with the local governmental units of urban areas in studies essential for the planning and development of an integrated street and highway network to efficiently and effectively serve the present and future traffic and transportation needs of urban areas; and,

WHEREAS, Section 9 of the Federal-Aid Highway Act of 1962 requires that after July 1, 1965, the Secretary of Commerce shall not approve any program for projects in any urban area of more than fifty thousand population unless he finds that such projects are based on a continuing comprehensive transportation planning process carried on cooperatively by States and local communities; and,

WHEREAS, the local governments in their proposal have estimated the total project cost at approximately \$150,000, one-half of which, or \$75,000, they have agreed to furnish by matching Federal Housing and Home Finance Agency funds; and,

WHEREAS, preliminary discussions and investigations indicate that the Proposal for the Study has sufficient merit and justification to warrant participation and cooperation by the Department to the extent of about one-half of the total project cost, or approximately \$75,000;

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to execute, for and in behalf of the Arkansas State Highway Commission, an agreement with the local governments to plan, conduct, and participate to the extent of one-half the total estimated cost of \$150,000 in the Fort Smith Urban Area Transportation Study.

This action is subject to the following conditions:

1. Approval by the Bureau of Public Roads and participation in the cost of the study at the current applicable ratio of federal funds to state funds for Highway Planning and Research activities.
2. Consummation of properly executed agreements satisfactory to the Department, the Bureau of Public Roads, City Planning Division, University of Arkansas and the local governments.

64-120 In SEBASTIAN COUNTY, on STATE HIGHWAY 45, Section 1: WHEREAS, Sebastian Lake Developments, Inc. proposes to construct a reservoir in connection with the development of property along Highway 45, Section 1, in Sections 9 and 10, Township 6 North, Range 32 West; and

WHEREAS, the Corporation has requested permission to make alterations on Highway 45 required by the construction of the reservoir; and

WHEREAS, the proposed alterations, to be performed to current design criteria will constitute an improvement of the existing highway facilities involved and will be in the best public interest;

NOW THEREFORE, the Director is authorized to execute an agreement with Sebastian Lake Developments, Inc., covering the proposed highway alterations at this location subject to the following conditions:

1. That the proposed alterations which are to be performed without cost to the Department meet the Department's current design criteria for highway construction.
2. That a surety bond in the amount of the estimated cost of the proposed construction be posted with the Department to assure satisfactory completion of the work.
3. That all construction on the highway right-of-way meet the approval of the Department's District Engineer.
4. That all right-of-way required by the proposed construction be furnished and all required utility adjustments be performed at no cost to the Department.

64-121 In IZARD & STONE COUNTIES on STATE HIGHWAY 5 and in PRAIRIE COUNTY on STATE HIGHWAY 38: WHEREAS, Minute Order 64-11 authorized the development of plans for stage construction of a bridge over the White River at Calico Rock, and Minute Order 64-12 authorized the development of plans for stage construction of a bridge over the White River at Des Arc; and

WHEREAS, the Department's Bridge Design Division is involved with a heavy work load in connection with the Interstate Highway Program that precludes development of plans for both bridges at the same time; and

WHEREAS, it is desired to award stage construction contracts at both locations at an early date;

NOW THEREFORE, the Director is authorized to develop construction plans for the Calico Rock Bridge by the use of Department staff personnel and to employ a Consulting Engineering firm to develop plans for the Des Arc Bridge.

All other provisions of Minute Orders 64-11 and 64-12 to remain in effect.

64-122 In UNION COUNTY on US HIGHWAY 167, Section 1 (El Dorado By-pass):
WHEREAS, Minute Order 64-7 allotted \$1,500 for the installation of a drawdown structure to drain the lake on the Wilson estate property; and

WHEREAS, it has developed that the estimated cost of this installation will be approximately \$2,500;

NOW THEREFORE, the funds allotted for this purpose are increased to an amount of \$2,500. All other conditions of Minute Order 64-7 to remain in effect

64-123 In FRANKLIN COUNTY on STATE HIGHWAY 309, Section 4, at Smith Creek, the Director is authorized to remove one 12 foot wide truss and construct abutments for an 80-foot salvaged low truss and reinforced concrete deck, as a Betterment Project, at an estimated cost of \$6,300.00.

Work to be done by Maintenance forces.

64-124 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY 130, Section 3, bids were invited under Purchase Order Contract procedure for resurfacing 2.22 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, and two bids were received for opening on April 2, 1964, and,

WHEREAS, the Purchasing Committee, on April 6, recommended that the low bid of \$19,299.00 be accepted,

IT IS ORDERED that this work, designated as Special Project No. 6-505, be awarded to D. F. Jones Construction Company of Little Rock on their low bid.

64-125 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY 130, Section 2, bids were invited under Purchase Order Contract procedure for resurfacing 4.84 mile of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, and two bids were received for opening on April 2, 1964, and,

WHEREAS, the Purchasing Committee, on April 6, recommended that the low bid of \$40,419.00 be accepted,

IT IS ORDERED that this work, designated as Special Project No. 6-506, be awarded to D. F. Jones Construction Company of Little Rock on their low bid.

64-126 In MISSISSIPPI COUNTY on STATE HIGHWAY 120, Section 1, 2.6 miles east of US 61, the Director is authorized to drive additional treated timber piling, construct treated timber caps and stringers and reinforced concrete deck on one 61-foot bridge, at an estimated cost of \$5,000.00.

Work to be done by Maintenance forces.

64-127 In SEBASTIAN COUNTY on STATE HIGHWAY 10, Section 1, from US 71 to the Logan County line, the Director is authorized to overlay selected sections with Cold Plant Mix material, as a Betterment Project, at an estimated cost of \$46,500.00.

Material to be dumped on road by Purchase Order Contract and laid by State forces.

64-128 In SEBASTIAN COUNTY on STATE HIGHWAY 253, Section 2, from State Highway 45 to US 271, the Director is authorized to overlay selected sections with Cold Plant Mix material, as a Betterment Project, at an estimated cost of \$9,400.00.

Material to be dumped on road by Purchase Order Contract and laid by State forces.

64-129 In SEBASTIAN COUNTY on STATE HIGHWAY 45, Section 1, from Hackett to State Highway 253, the Director is authorized to overlay selected sections with Cold Plant Mix Material, as a Betterment Project, at an estimated cost of \$8,300.00.

Material to be dumped on road by Purchase Order Contract and laid by State forces

64-130 In WOODRUFF COUNTY on STATE HIGHWAY 17, Section 4, from Patterson to a point one mile north (proposed new location of US 64), the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$31,900.00

Work to be done by Maintenance forces.

64-131 WHEREAS, the 1963 General Assembly by Act 134 directs the Highway Commission to establish and thereafter maintain and operate a free public ferry on the Ouachita River crossing of State Highway 15 at Morobay, between Bradley and Union Counties, which said acquisition and maintenance shall be provided from maintenance funds of the State Highway Department,

IT IS ORDERED that the Director be authorized to proceed with the construction and installation of a ferry facility at the cost of \$64,000.00 and perations cost of \$15,000.00 to July 1, 1965 - Total Allotment, \$79,000.00.

- 64-132 St. Francis County, Job No. 11663, Monroe Co. Line-Goodwin, FAP I-40 5(26)220. The contract for the construction of approximately 9.4 miles of Gr., Minor Dr. Strs., Subbase (Main Lns., Ramps & Fr. Rds.), Gravel Surf. or Gravel Base with Bit. Surf. Trm't. on Co. Rds. & Fr. Rds., Four R.C. & Str. Steel I-Beam Span Brs. (893,56 Ft. Tot.), Four R.C. Slab Span Brs. (500.00 Ft. Tot.), One Br. Lgth. Culvt. (26.67 Ft. Span) & other misc. items on the Little Rock-Memphis Interstate Road, Interstate 40, Section 5, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas and Michey's, Inc., of Warren, Arkansas on their low bid of \$1,968,178.95, subject to the concurrence of the Bureau of Public Roads.
- 64-133 Lafayette County, Job No. 3650, Access Road to US Navy Space Surveillance Station, FAP N-AD-4(1). The contract for the construction of approximately 1.317 miles of Gr., Minor Dr. Strs., Gravel Surf. Crse. & other misc. items on Access Road to proposed US Navy Space Surveillance Station, is awarded to R. H. Davis Bridge Company, Inc, and R. H. Davis Construction Company, Inc., of Stamps, Arkansas on their low bid of \$28,641.55, subject to the concurrence of the Bureau of Public Roads.
- 64-134 Crawford County, Job No 4511, Jct. Hwy. 59-Shibley Grade Separation (Surfacing), FAP I-40-1(17)5 and I-540-1(18)7. The contract for the construction of approximately 3.694 miles of Gr., Minor Dr. Strs., Subbase, Crshd. Stone Base, P.C. Conc. Pavem't. (9" U.T.), Bit. Trtd. Shldrs. & other misc. items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 1, and Interstate 540, Section 1, is awarded to J. Briscoe, Contractor, of Stillwater, Oklahoma on his low bid of \$916,716.59, subject to the concurrence of the Bureau of Public Roads.
- 64-135 Prairie County, Job No 6717, Hwy. 11-White River Grading & Structures, FAP I-40-4(9)193. The contract for the construction of approximately 5.701 miles of Gr., Minor Dr. Strs. & other misc. items throughout proj.; Crshd. Stone Base & Dbl. Bit. Surf. Trm't. on Fr. Rds. & Hwy. 11; Crsh Stone Surf. on Co. Rd.; 2 R.C. Slab Span Brs. (2900' Tot.), 2 R.C. & Str. Steel I-Beam Span U'Pass Strs. (564.64' Tot.); 2 R.C. & Str. Steel I-Beam Span O'Pass Strs. (480.56' Tot.) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas and Michey's, Inc., of Warren, Arkansas on their low bid of \$1,224,604.94, subject to the concurrence of the Bureau of Public Roads.
- 64-136 Pulaski County, Job No. 6785, Bingham Road-South Terminal Interchange (Surfacing), FAP F-025-2(14). The contract for the construction of approximately 8.097 miles of Limited Gr. & Minor Dr. Strs., Selected Material, Crshd. Stone Base & Shldrs. with Bit. Trm't. on Shldrs., P.C. Conc Pavm't. (9" in.T.) on Main Lns., ACHM Base & Surf. on Ramps & Connections, Erosion Control & other misc. items on the Little Rock-Pine Bluff & Sheridan Road, US Highway 65,

Section 12, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$1,656,532.04, subject to the concurrence of the Bureau of Public Roads.

64-137 Dallas County, Job No. 7615, Fordyce Bypass, FAP F-015-2(8) & FG-015-2(10). The contract for the construction of approximately 2.715 miles of Gr., Minor Dr. Strs., Lime Trtd. Subgrade, Subbase, Gravel & Asph. Trtd. Gravel Base Crses., ACHM Base & Surf. Crses. with Dbl. Bit. Trtd. Shldrs., One R.C. & Str. Steel I-Beam Span Br. (170.2 Ft. Tot. Lgth), One Br. Span Lgth. Culvt. (25.34 Ft. Tot. Span) & other misc. items on the Fordyce ByPass, US Highway 79, Section 6, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$484,159.24, subject to the concurrence of the Bureau of Public Roads.

64-138 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:30 P.M., Wednesday, April 29, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its fourth meeting of 1964 in Little Rock, Arkansas on April 26, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 27, 1964

The following is the record of the proceedings of the fifth meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on May 27, 1964. The following members were present:

Wayne Hampton	Chairman
Arnil Taylor	Member
Truman Baker	Member
John W. Harsh	Member

64-139 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., May 27, 1964.

64-140 WHEREAS, the matter of filling the unexpired term of William J. Denton, deceased, was brought to the attention of the Highway Commission by the Director, upon the motion of Commissioner John Harsh, seconded by Commissioner Truman Baker and unanimously carried that the vacancy be filled, the following order was adopted:

WHEREAS, the Honorable William J. Denton passed away on March 22, 1964; and

WHEREAS, a vacancy caused by his untimely death has not been filled by the Governor of the State of Arkansas within the time set out by law; and

WHEREAS, the remaining commissioners of the State Highway Commission are authorized, empowered and directed by Section of Amendment No. 42 of the Constitution of the State of Arkansas to appoint a commissioner to the State Highway Commission for the unexpired term of the said William J. Denton.

NOW THEREFORE BE IT RESOLVED by the State Highway Commission at a regular meeting of said Commission duly and legally called and held at the Office of the Director of State Highways of the State of Arkansas, at Little Rock, Arkansas on this 27th day of May, 1964, the following commissioners being present: Wayne Hampton, Arnil Taylor, Truman Baker and John W. Harsh. Upon a motion by Commissioner Arnil Taylor, seconded by Commissioner Truman Baker and approved unanimously by the Commission; C. L. Denton, Jr., is hereby appointed a Commissioner of the State Highway Commission for the term beginning on the date hereof and ending in January, 1965.

BE IT FURTHER RESOLVED that Judge Jim Johnson, Justice of the Arkansas Supreme Court be invited to administer the oath of Office.

64-141 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-132 through 64-137 at the regular meeting of the Commission on April 29, 1964.

Job	Project	Route	County	Contract &E&C	R/W @ Utilities	Total
11663	I-40-5(26)	40	St. Francis	2,164,990.	13,960.	2,178,950.
11627	R/W for Job 11663			---	215,000.	215,000.

71

64-143 WHEREAS, the Purchasing Committee has awarded purchases on May 4, 11, 18 and 25, 1964 in the amounts of \$14,791.48, \$51,197.10, \$20,588.00 and \$5,310.90, respectively, totaling \$91,887.48 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-144 WHEREAS, under Act 123 of 1953 it is the statutory duty of the State Highway Commission to adopt reasonable rules and regulations for the protection of and covering traffic on and in use of the State Highway System; and

WHEREAS, such rules and regulations prescribed by the State Highway Commission are imbued with the force and effect of law by statutory recognition; and

WHEREAS, Section 11-313, "RESTRICTIONS ON USE OF CONTROLLED ACCESS ROADWAY," of the UNIFORM VEHICLE CODE provides for the prohibition of the use of such roadways by parades, pedestrians, bicycles, and other nonmotorized traffic when official signs are erected on the roadways where such regulations are applicable; and

WHEREAS, the use of controlled access State Highways of the State by pedestrians and bicycles is creating an extreme hazard to the motoring public;

NOW, THEREFORE, IT IS HEREBY DECLARED to be a policy of this Commission that the use of controlled access State Highways in the State by parades, pedestrians, bicycles, and other non- motorized traffic shall be prohibited. The Director of Highways is directed to erect official signs on the roadways where such regulations are applicable.

64-145 In BENTON COUNTY, IT IS ORDERED that the official routing of State Highway No. 12, Section 3, in the vicinity of Beaver Reservoir east of Rogers, shall be upon completion of Jobs 9470, 9471, 9472 and 9473, in accordance with the relocated and reconstructed sections; and, in conformity with Supreme Court decisions, those portions of the old route which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

64-146 WHEREAS, in DREW COUNTY, in the CITY OF MONTICELLO, the present routing of traffic and parking causes much congestion and hazard on the streets and highways leading on and off the public square, and

WHEREAS, the City Council of the Board of Aldermen by Resolution dated April 10, 1964, requested the Department to designate one-way movement of traffic for Highways 4 and 35, and

WHEREAS, the Department has determined that the one-way plan has considerable merit and when signed and designated will operate to the overall advantage of the City of Monticello and the traveling public,

NOW, THEREFORE, IT IS ORDERED, and the Director is hereby authorized to proceed with installation of proper signs to provide for one-way movement; eastbound, along S.H. No. 4 between Church Street and Dillard Street; and westbound, along McCloy Avenue between Dillard Street and Church Street; all as shown on attached sketch.

64-147 WHEREAS, in PULASKI COUNTY, in the CITY OF LITTLE ROCK, the Highway Commission by Minute Orders 124 (June 26, 1953), 233 (September 11, 1953), and 236 (September 30, 1953) designated through truck routes as follows:

For Highway 65, starting at the intersection of Confederate Blvd. and Roosevelt Rd., thence northwesterly along Barber St. to E. 21st St., thence westerly along 21st St. to Rock St., thence northerly along Rock St. to 11th St., thence westerly along E. 11th St. to Broadway;

For Highways 67-70, starting at intersection of Asher Ave. and Roosevelt Rd., extending northeasterly along Asher Ave. to Wright Ave., thence easterly along Wright Ave. to Pulaski St., thence north along Pulaski St. to W. 10th St., thence easterly along W. 10th St. to Broadway; and

WHEREAS, the Minute Orders also provided that the truck routes were to be designated, signed, and maintained only until such time as adequate highway facilities through the City are available; and

WHEREAS, recent studies by the Department have shown that, with the completion of the Freeway through the City, adequate highway facilities are now available and the truck routes are no longer necessary as state highway facilities;

NOW, THEREFORE, IT IS ORDERED that the provisions of Minute Orders 124, 233, and 236 are hereby rescinded, and that on the city streets described herein, all state highway delineation be removed and State maintenance discontinued immediately; also that the City of Little Rock be officially advised of this action.

Attached sketch is hereby made a part of this Order.

64-148 In SEVIER COUNTY, IT IS ORDERED that the portion of the old route of State Highway No. US 70, section 1, through DeQueen, which has been replaced on new location by construction of Job 3541, be retained as part of the State Highway System, and designated as US 70 Business Route; all as shown on attached sketch which becomes a part of this Order.

64-149 WHEREAS, the Arkansas State Highway Commission proposes to construct a fully controlled access highway from Brumley to Mayflower, both in Faulkner County, Arkansas.

WHEREAS, the Arkansas Game & Fish Commission, a State agency, holds title to and possesses 18.72 acres, within the Southeast Quarter of the Southwest Quarter of Section 20, also 14.73 acres in the West Half of the Southeast Quarter of Section 32, both in Township 5 North, Range 13 West, Faulkner County, Arkansas, and 15.55 acres of the Southwest Quarter of Section 17 and the Northwest Quarter of Section 20, Township 4 North, Range 13 West, Faulkner County, Arkansas, needed for right-of-way purposes for the recited controlled access highway, and

WHEREAS, the Arkansas State Highway Commission holds title to and possesses a part of the East Half of the Northwest Quarter, the West Half of the Northeast Quarter and the West Half of the South- east Quarter, all in Section 29, also a part of the North Half of the Northeast Quarter of Section 32, being all of Lots 46 thru 56, 61, 174 and part of Lots 45, 57, 59, 60, 62, 168, 169, 170, 171, 172 and 173 of Earl's Lakeside Sub-division, all in Township 5 North, Range 13 West, Faulkner County, Arkansas, and all of the dedicated streets of said subdivision therein located containing 62.11 acres, more or less, with 2.52 acres, more or less, being contained in the said dedicated streets of Earl's Lakeside Sub-division, and 5.68 acres, more or less, in Lots 2 thru 35 of Block 5, Roberts and Flanagan's Sub-division of a part of the East Half of the Southwest Quarter of Section 17, Township 4 North, Range 13 West, Faulkner County, Arkansas, needed by the Arkansas Game & Fish Commission for conservation purposes, and

WHEREAS, the Arkansas Game & Fish Commission and the Arkansas State Highway Commission each desire an exchange of the lands belonging to the Arkansas Game & Fish Commission for lands belonging to the Arkansas State Highway Commission conditioned that the lands conveyed by the Arkansas Game & Fish Commission shall revert to the grantor upon failure of their being used for highway purposes with a reversion of the lands conveyed in the proposed exchange to the Arkansas State Highway Commission upon their not being used for game and fish conservation purposes.

NOW THEREFORE it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey by Warranty Deed the lands first hereinafter described to the Arkansas Game & Fish Commission subject to the reversion set out and in exchange and in consideration for a like instrument of conveyance of lands needed properly executed and delivered by the Arkansas Game & Fish Commission.

Part of the North Half of the Northeast Quarter of Section 32 and the West Half of the Southeast Quarter of Section 29, and a part of the East Half of the Northwest Quarter and the West

Half of the Northeast Quarter of Section 29, all in Township 5 North, Range 13 West, being all of Lots 46, thru 56, 61, 174 and part of Lots 45, 57, 59, 60, 62, 168, 169, 170, 171, 172 and 173 of Earl's Lakeside Sub-division, Faulkner County, Arkansas, and all of the dedicated streets of said sub-division that are located within the following described area.

Starting at the Northwest corner of the Northwest Quarter of the Southeast Quarter of Section 29, thence South $87^{\circ} 53'$ East along the North line thereof a distance of 196.4 feet to a point on the proposed easterly right of way line of Interstate Highway No. 40 for the point of beginning; thence North $12^{\circ} 42' 30''$ West along said proposed right of way line a distance of 1836.3 feet to a point; thence South $51^{\circ} 37'$ East a distance of 2.6 feet to a point; thence South $47^{\circ} 37'$ East a distance of 246.8 feet to a point; thence South $24^{\circ} 07'$ East a distance of 281.2 feet to a point; thence South $58^{\circ} 37'$ East a distance of 334.0 feet to a point; thence South $6^{\circ} 37'$ East a distance of 367.0 feet to a point; thence South $50^{\circ} 37'$ East a distance of 340.6 feet to a point; thence South $51^{\circ} 37'$ East a distance of 224.4 feet to a point; thence South $60^{\circ} 37'$ East a distance of 174.9 feet to a point; thence South $26^{\circ} 23'$ East a distance of 475.0 feet to a point; thence South $7^{\circ} 37'$ West a distance of 135.7 feet to a point; thence South $11^{\circ} 29'$ West a distance of 160.0 feet to a point; thence South $16^{\circ} 43'$ East a distance of 153.2 feet to a point; thence South $12^{\circ} 39' 30''$ East a distance of 168.8 feet to a point; thence South $9^{\circ} 10'$ West a distance of 154.7 feet to a point; thence South $4^{\circ} 58'$ West a distance of 225.4 feet to a point; thence South $49^{\circ} 02' 30''$ West a distance of 78.3 feet to a point; thence North $64^{\circ} 27'$ West a distance of 105.1 feet to a point; thence North $59^{\circ} 58'$ West a distance of 160.6 feet to a point; thence North $82^{\circ} 00'$ West a distance of 67.9 feet to a point; thence North $64^{\circ} 30' 30''$ West a distance of 163.5 feet to a point; thence South $70^{\circ} 46' 30''$ West a distance of 94.2 feet to a point; thence South $15^{\circ} 22' 30''$ East a distance of 237.2 feet to a point; thence South $72^{\circ} 30' 30''$ East a distance of 185.8 feet to a point; thence South $49^{\circ} 06' 30''$ East a distance of 94.3 feet to a point; thence South $11^{\circ} 28'$ West a distance of 77.8 feet to a point; thence South $65^{\circ} 33' 30''$ West a distance of 247 feet, more or less, to a point; thence South $75^{\circ} 18'$ East a distance of 235 feet, more or less, to a point; thence South $4^{\circ} 55' 30''$ East a distance of 161.8 feet to a point; thence North $71^{\circ} 59' 30''$ East a distance of 169.1 feet to a point; thence South $53^{\circ} 22'$ East a distance of 185.3 feet to a point; thence South $13^{\circ} 28'$ West a distance of 151.2 feet to a point; thence South $21^{\circ} 36' 30''$ West a distance of 249.0 feet to a point; thence South $10^{\circ} 32' 30''$ West a distance of 98.0 feet to a point; thence South $20^{\circ} 22' 30''$ West a distance of 132.9 feet to a point; thence South $21^{\circ} 56' 30''$ West a distance of 93.2 feet to a point; thence South $14^{\circ} 56'$ West a distance of 145.3 feet to a point; thence South $65^{\circ} 48' 30''$ West a distance of 80.5 feet to a point; thence South $12^{\circ} 41' 30''$ East a distance of 98.8 feet to a point; thence South $60^{\circ} 59' 30''$ East a distance of 58.3 feet to a point; thence South $24^{\circ} 53' 30''$ East a distance of 151.2 feet to a point; thence South $6^{\circ} 21' 30''$ West a distance of 94.4 feet to a point; thence South $49^{\circ} 48' 30''$ East a distance of 150.40 feet to a point; thence South $8^{\circ} 52' 30''$ East a distance of 179.7 feet to a point; thence South $2^{\circ} 24' 30''$ West a distance of 113.4 feet to a point; thence South $21^{\circ} 15'$ East a distance of 126.2 feet to a point; thence South $30^{\circ} 11' 30''$ East a distance of 155.8 feet to a point; thence South $37^{\circ} 54' 30''$ East a distance of 172.08 feet to a point; thence North $87^{\circ} 51' 30''$ West a distance of 457.0 feet to a point on the proposed easterly right of way line of Interstate Highway No. 40; thence North $4^{\circ} 31' 30''$ West along said proposed right of way line a distance of 519.3 feet to a point; thence North $11^{\circ} 11'$ West along said proposed right of way line a distance of 534.2 feet to a point; thence North $12^{\circ} 42' 30''$ West along said proposed right of way line a distance of 2696.1 feet to the point of beginning and containing 62.11 acres, more or less, which includes 2.52 acres, more or less, contained in dedicated streets of Earl's Lakeside Subdivision.

And also a part of Lots 2 thru 35 of Block 5 of Robert's and Flanagin's Sub-division of a part of the East Half of the Southwest Quarter of Section 17, Township 4 North, Range 13 West, Faulkner County, Arkansas, more particularly described as follows:

Beginning at the Northeast corner of Lot 2 of Block 5 of Robert's and Flanagin's Sub-division; thence South 3° 03' East a distance of 93.2 feet to a point; thence South 0° 55' East a distance of 104.4 feet to a point; thence South 3° 13' West a distance of 52.0 feet to a point; thence South 4° 30' East a distance of 102.0 feet to a point; thence South 3° 04' East a distance of 50.8 feet to a point; thence South 0° 08' West a distance of 54.6 feet to a point; thence South 6° 32' East a distance of 100.2 feet to a point; thence South 8° 17' East a distance of 205.2 feet to a point; thence South 1° 13' East a distance of 152.0 feet to a point; thence South 11° 26' East a distance of 259.9 feet to a point; thence South 14° 41' East a distance of 52.0 feet to a point; thence South 12° 05' East a distance of 156.0 feet to a point; thence South 7° 18' East a distance of 101.9 feet to a point; thence South 8° 45' East a distance of 50.0 feet to a point; thence South 5° 28' East a distance of 50.5 feet to a point; thence South 7° 51' West a distance of 49.0 feet to a point; thence South 0° 52' West a distance of 50.0 feet to a point; thence South 0° 22' East a distance of 49.3 feet to the Southeast Corner of Lot 35 of Block 5 of Robert's and Flanagin's Subdivision; thence North 88° 29' West along the South line of Block 35 a distance of 287.1 feet, more or less, to 46" East along said proposed right of way line a distance of 453 feet, more or less, to a point; thence North 5° 06' East along the said proposed right of way line a distance of 1264.1 feet to the point of beginning and containing 5.68 acres, more or less. a point on the proposed easterly right of way line of Interstate Highway No. 40; thence North 0° 40'

64-150 WHEREAS, in the reconstruction of STATE HIGHWAY 123 and the requirement for additional right of way, it is necessary to move a store building at Piercetown, and,

WHEREAS, Mr. Norton, the owner of the building, has agreed to a release of the right of way for \$350.00, which is the cost of moving the building,

IT IS ORDERED that the Director be authorized to make payment to Mr. and Mrs. C. O. Norton the sum of \$350.00 as total consideration for the moving of a one (1) story frame store building from the right of way on Job 9-500 under the terms of the release agreement granted the Arkansas Highway Department March 21, 1964 by Mr. and Mrs Norton.

64-151 In WASHINGTON COUNTY on HIGHWAY US 71; WHEREAS, when Old Job 450 (New Job 9469, Frisco Underpass) was built a strip of land outside the limits needed for construction was taken; and

WHEREAS, this land is described as follows:

A part of the West half of the Southeast Quarter of Section 11, Township 17 North, Range 30 West, Washington County, Arkansas, more particularly described as follows:

Starting at the Southeast Corner of the Northwest Quarter of the Southeast Quarter of Section 11; thence North 88° 39' West along the South line thereof a distance of 40.0 feet to a point; thence South 0° 42' West 40 feet from, along and parallel to existing Center Line of US

Highway 71 a distance of 36.2 feet for the point of beginning; thence continue South 0° 42' West a distance of 81.4 feet to a point; thence North 89° 18' West a distance of 60.0 feet to a point; thence North 0° 42' East a distance of 238.9 feet to a point; thence North 74° 42' East a distance of 52.0 feet to a point; thence South 0° 42' West a distance of 171.8 feet to a point; thence South 89° 18' West a distance of 10.0 feet to the point of beginning and containing 0.29 Acre.

WHEREAS, this parcel of land is no longer needed for highway purposes and is declared surplus, and

WHEREAS, the parcel of land described is determined to have been originally acquired by the Arkansas State Highway Commission for the predecessors in title of Leroy and Victor Kessell and L. R and Ethel Mae Bennett, and that said Leroy and Victor Kessell and L. R. and Ethel Mae Bennett are the owners of the abutting and contiguous land the premises described;

THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission convey by Quitclaim Deeds an undivided two thirds interest to Leroy and Victor Kessell and an undivided one third interest to L. R and Ethel Mae Bennett, the afore described parcel of land.

64-152 MINUTE ORDER 5038, of May 29, 1963, which sets out the Highway Department Budget for 1963-64 is hereby revised as follows:

Section V - - Machinery and Vehicle
Equipment is increased by
\$1,250,000.00.

Section VI - - Betterments is increased
by \$1,250,000.00.

All other provisions of Minute Order 5038 remain the same.

64-153 In ARKANSAS COUNTY on STATE HIGHWAY 11, Section 6, from Lodges Corner - North, a distance of 12.9 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course and construct shoulders, as a Betterment Project, at an estimated cost of \$116,500.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-154 In DESHA and CHICOT COUNTIES on STATE HIGHWAY 35, Sections 9 and 10, from Halley to US 65, a distance of 3.15 miles, the Director is authorized to construct Gravel Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$14,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

- 64-155 In FAULKNER COUNTY on US 64, Section 8, from Conway to the Missouri Pacific Railroad Viaduct, a distance of 4.16 miles, the Director is authorized to resurface the existing rough and slippery pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$5,300.00.

Work to be done by Purchase Order Contract.

- 64-156 In GRANT COUNTY on STATE HIGHWAY 229, Section 3, from the Saline County line to a point 5.50 miles south, the Director is authorized to reshape the existing roadway and construct gravel base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$15,200.00

Work to be done by Maintenance forces.

- 64-157 In JEFFERSON COUNTY on US 65, Sections 14 and 15, in the City of Pine Bluff, the Director is authorized to resurface approximately one-quarter mile of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$5,000.00.

Work to be done by Purchase Order Contract

- 64-158 In JEFFERSON COUNTY US 79, Section 10, from Pine Bluff to the Arkansas River Bridge, the Director is authorized to resurface 2.9 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$35,100.00.

Work to be done by Purchase Order Contract.

- 64-159 In JEFFERSON COUNTY on STATE HIGHWAY 15, Section 7, on Main Street in Pine Bluff the Director is authorized to resurface 0.84 mile of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$11,800.00.

Work to be done by Purchase Order Contract.

- 64-160 In LONOKE COUNTY on STATE HIGHWAY 130, Section 29 from England - North, the Director is authorized to resurface 3.71 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$36,800.00.

Work to be done by Purchase Order Contract.

- 64-161 In LONOKE COUNTY on STATE HIGHWAY 130, Section 3, from England - East, the Director is authorized to resurface two sections, for a total length of 4.1 miles, with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$37,300.00.

Work to be done by Purchase Order Contract.

- 64-162 In MILLER COUNTY on STATE HIGHWAY 134, Section 1, from US 71 to Gin Valley Road, a distance of 5.9 miles, the Director is authorized to reshape the existing roadway and construct minor drainage structures and gravel base, as a Betterment Project, at an estimated cost of \$77,000.00.

Gravel base to be dumped on road by Purchase Order Contract and balance of work to be done by Maintenance forces.

- 64-163 In MISSISSIPPI COUNTY on STATE HIGHWAY 136, Section 2, at Little River, the Director is authorized to widen a 100-foot salvaged steel truss to 24 feet clear roadway and construct it across the main channel, also construct seventeen 19-foot approach spans of treated timber with reinforced concrete deck, as a Betterment Project, at an estimated cost of \$31,000.00.

Work to be done by Maintenance forces.

- 64-164 In MONROE COUNTY on STATE HIGHWAY 86, Section 3, from Holly Grove - North, a distance of 2.30 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$50,000.00.

Work to be done by Maintenance forces.

- 64-165 In NEVADA COUNTY on STATE HIGHWAY 32, Section 8, from the Hempstead County line to Bodcaw, a distance of 4.7 miles, the Director is authorized to reshape the existing roadway and construct minor drainage structures, gravel base and double bituminous surface treatment at an estimated cost of \$78,500.00.

Gravel base to be dumped on road by Purchase Order Contract and balance of work to be done by Maintenance forces.

- 64-166 In PERRY COUNTY on STATE HIGHWAY 216, Section 1, from State Highway 9 - Northeast, a distance of 7.7 miles, the Director is authorized to shape the roadway, construct minor drainage structures, gravel base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Purchase Order Contract and State forces.

64-167 In PIKE COUNTY on STATE HIGHWAY 27, Sections 4 and 5, in the City of Murfreesboro, the Director is authorized to resurface 1.01 miles of the existing pavement with Dense Graded Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$20,800.00.

Work to be done by Purchase Order Contract.

64-168 In POPE COUNTY on US 64, Section 6, from Russellville to Atkins, a distance of 10.75 miles, the Director is authorized to resurface the existing rough and slippery pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$13,700.00.

Work to be done by Purchase Order Contract.

64-169 In PRAIRIE COUNTY on STATE HIGHWAY 130, Section 4, from the Lonoke County line to the Arkansas County line, a distance of 2.86 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$26,000.00.

Work to be done by Purchase Order Contract.

64-170 In SHARP COUNTY on STATE HIGHWAY 58, Section 3, from State Highway 115 to Poughkeepsie, a distance of 6 miles, the Director is authorized to construct Crushed Stone Base, as a Betterment Project, at an estimated cost of \$51,000.00.

Material to be dumped on the road by Purchase Order Contract and spread by Maintenance forces.

64-171 In VAN BUREN COUNTY on STATE HIGHWAY 330, Section 2, from State Highway 16 - South, a distance of 4.35 miles, the Director is authorized to clear right-of-way, construct minor drainage structures, base material and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$43,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-172 In WHITE COUNTY on STATE HIGHWAY 124, Section 12, from Sunnydale - West, a distance of 5.02 miles, the Director is authorized to construct Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$84,900.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-173 WHEREAS, in Arkansas County, Minute Orders 5184 and 5185 recognized the inadequacy for normal use of the existing bridge over Cypress Bayou by imposing load and speed restrictions on this section of State Highway 44 between State Highway 1 and Tichnor, and

WHEREAS, the arrangements provided by Minute Order 64-43 are of temporary nature, offering no permanent solution to an emergency situation;

NOW THEREFORE, it is ordered that the DIRECTOR be authorized to proceed with surveys, preparation of plans and the construction of a new bridge over Cypress Bayou, and paved approaches thereto, at an estimated cost of \$165,000.00. This action subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. Right-of-way furnished in accord with previously stated right-of-way policies for Secondary Highways.

64-174 In BENTON COUNTY on STATE HIGHWAY 59, Section 2: WHEREAS, the Siloam Springs Industrial Development Corporation has requested authorization for a proposed grade crossing of the Kansas City Southern Railroad spur track and State Highway 59, to serve a proposed Industrial Development Area;

NOW THEREFORE, the Director is hereby authorized to grant authorization to the Siloam Springs Industrial Development Corporation in conjunction with the Kansas City Southern Railroad Company to construct a railroad crossing at grade subject to the following conditions:

1. That the crossing be for the length of the crossties and a width extending from shoulder to shoulder of the highway, and at all times to maintain the crossing in a condition satisfactory to the State Highway Department.
2. That all construction on the highway right-of-way meet the approval of the Department District Engineer.
3. That the Company provide warning signals displaying standard cross arms and advance warning signs.
4. That the installation be made and subsequently operated and maintained at no cost to the State.

64-175 In PRAIRIE COUNTY, on STATE HIGHWAY 38 at Des Arc: WHEREAS, Minute Order 64-121 authorized the Director to employ a Consultant to develop construction plans for the White River Bridge; and

WHEREAS, preliminary surveys, studies, and reports were performed by the Consulting Engineering firm of Carver & Carver, Inc., who have demonstrated their capabilities on other similar projects; and

WHEREAS, a tentative engineering agreement has been prepared and the Consulting Engineering firm of Carver & Carver, Inc. has been selected to perform the work; and

WHEREAS, the execution of the Proposed Consulting Engineering Agreement has been concurred in by the Bureau of Public Roads and the fee has been analyzed and is considered to be just and equitable;

NOW THEREFORE, the actions of the Director in this matter are ratified in all particulars and he is authorized to execute a Consulting Engineering Agreement with the firm of Carver & Carver, Inc. for the preparation of construction plans and Contract documents and checking shop and erection drawings and pile foundations during construction.

64-176 In PULASKI COUNTY for INTERSTATE ROUTE I-430 which connects Interstate Routes I-30 and I-40 by means of a west bypass of Little Rock:

WHEREAS, this is a part of the Interstate System that must be completed prior to 1972; and

WHEREAS, due to the rapid development of the area through which I-430 passes, it is essential that the line be established and right-of-way requirements determined at an early date; and

WHEREAS, this is scheduled for construction near the end of the Interstate program and highway personnel is so busily engaged in current projects that immediate attention cannot be given to Route I-430;

NOW THEREFORE, the Director is authorized to employ a consulting engineer for the purpose of developing Route I-430 by furnishing any additional surveys, soundings for the Arkansas River Bridge, complete construction plans and right-of-way requirements for the project.

This action is subject to approval by the Bureau of Public Roads.

64-177 WHEREAS, after the hearings before the Highway Commission the Commission reassembled in the Office of the Director and upon a motion by John Harsh and seconded by C. L. Denton, Jr., Truman Baker was elected Vice-Chairman of the Commission unanimously.

64-178 Woodruff County, Job No. 11682, McCrory ByPass-Cross County Line, FAP F-020-2(19). The contract for the construction of approximately 5.539 miles of Gr., Minor Dr. Strs., Gravel & Asph. Trtd. Gravel Base Crses., ACHM Base & Surf. Crse., Bit. Trtd. Shldrs., Three R.C. Slab Span Brs. & other misc. items on the McCrory-Wynne Road, US Highway 64, Section 14, is awarded to Mississippi Valley Engineering & Construction Company of Memphis,

Tennessee on their low bid of \$863,392.93, subject to the concurrence of the Bureau of Public Roads.

64-179 St. Francis County, Job No. 11721, Becks Road-Hwy. 38 Erosion Control, FAP I-40-5(37)238. The contract for the construction of approximately 11.6 miles of Limited Gr., Minor Dr. Strs., Conc. Ditch Paving, Seeding, Sodding & other misc. items for Erosion Control on the Little Rock-West Memphis Interstate Road near Forrest City, Interstate 40, Section 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$382,246.15, subject to the concurrence of the Bureau of Public Roads.

64-180 Ashley County, Job No. 2629, Wilmot-Chicot County Line, FAP S-471(1). The contract for the construction of approximately 6.663 miles of Gr., Minor Dr. Strs., P.C. Stab. Base, Dbl. Bit. Surf. Trm't., One R.C. Slab Span Br. & other misc. items on the Wilmot-Chicot County Line Road, State Highway 52, Section 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$248,890.07.

64-181 Crawford County, Job No. 4509, Oklahoma State Line-Jct. Hwy. 59 (Surfacing), FAP I-40-1(16)0. The contract for the construction of approximately 5.638 miles of Gr., Minor Dr. Strs., Subbase, Crshd. Stone Base, P.C. Conc. Pavm't. (9" U.T.), Dbl. Bit. Trtd. Shldrs. & other misc. items on the Fort Smith-Little Rock Interstate Road near Van Buren, Interstate 40, Section 1, is awarded to Empire Construction, Inc., of Tulsa, Oklahoma on their low bid of \$1,051,989.12, subject to the concurrence of the Bureau of Public Roads.

64-182 Union County, Job No. 7598, Upland-El Dorado ByPass, FAP F-021-1(26). The contract for the construction of approximately 7.430 miles of Gr., Minor Dr. Strs., Gravel Base Crse., Asph. Trtd. Gravel Base Crse., ACHM Base & Surf. Crses., Dbl. Bit. Surf. Trm't on Shldrs., Widening Two R.C. & Steel I-Beam Span Brs. (372.72 Ft. Tot. Lgth.) & other misc. items on the Junction City-El Dorado Road, US Highway 167, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$987,016.09, subject to the concurrence of the Bureau of Public Roads.

64-183 Faulkner County, Job No. 8453, Conway-South, FAP F-02-3(6). The contract for the construction of approximately 1.459 miles of Gr., Minor Dr. Strs., Crshd. Stone Base, Bit. Trtd. Shldrs., Conc. Curb & Gutter, ACHM Base & Surf. & other misc. items on the Conway-Little Rock Road, US Highway 65, Section 10, is awarded to APT Construction Company of North Little Rock, Arkansas on their low bid of \$176,962.36 subject to the concurrence of the Bureau of Public Roads.

64-184 Yell County, Job No. 8482, Waltreak-Macedonia, FAP S-392(10), S-392(11) & FH-80-2(1). The contract for the construction of approximately 6.997 miles of Gr., Minor Dr. Strs., Gravel Base Crse., Dbl. Bit. Surf. Trm't., Two Br. Lgth. Culvts. (69.93 Ft. Total Length) & other misc. items on the Waltreak-Danville Road, US Highway 80, Section 2, is awarded to Forsgren

Brothers of Fort Smith, Arkansas on their low bid of \$294,980.30, subject to the concurrence of the Bureau of Public Roads.

64-185 Logan County, Job No. C-42-7, Hwy. 116-Joyland Surfacing, FAP S-1158(2). The contract for the construction of approximately 4.03 miles of Reconstructing Base Crse. & Dbl. Bit. Surf. Trm't. on Hwy. 116-Joyland Road, County Road, is awarded to Freshour Construction Company, Inc., of Sweet Home, Arkansas on their low bid of \$29,331.42, subject to the concurrence of the Logan County Judge.

64-186 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:15 P.M., Wednesday, May 27, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its fifth meeting in Little Rock, Arkansas on May 27, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION

64-190 The attached budget for the fiscal year beginning July 1, 1964, and ending June 30, 1965, is approved and allotments made from the Highway Department Appropriation for Salaries, Wages (Extra Help), Expenses, Materials, Equipment, and Supplies in the amounts and for the purposes stipulated, all subject to the approved procedures for expenditures. In addition to the amounts in the attached budget, the net final balance remaining in 1963-64 budget shall be brought forward and made available for the purpose(s) of Salaries, Wages and/or Expenses as requested.

The Director is hereby authorized to make such adjustments between the organizational allocations shown herein as are found necessary, all within the limits of the total budget amount. The Commission will authorize, individually, all projects to be constructed with funds under Section VI herein.

64-191 WHEREAS, in order to provide bridges of a most economical length and size, it is necessary to have all the hydrological information and data available; and

WHEREAS, the US Geological Survey provides a service for furnishing this type of information on a cooperative basis;

NOW THEREFORE, the Director is authorized to enter into a continuation of the existing cooperative agreement with the US Geological Survey for the period July 1, 1964, to June 30, 1965, involving State Funds in the amount of \$20,000.00, to the end that we are provided more drainage data and information.

64-192 WHEREAS, the Southeastern Association of State Highway Officials has billed this Department for annual association dues for 1964 in the amount of \$300.00; and

WHEREAS, membership in this association is considered as being of valuable aid in this Department's operations;

NOW THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

64-193 WHEREAS, Walter E. Hicks, currently the District Engineer of State Highway District Number 7 with headquarters in Camden, has completed forty (40) years of continuous and uninterrupted service as an employee of the State Highway Department; and,

WHEREAS, because of his extremely high character and through his determination and dedication to duty and efficiency he has made many significant and lasting contributions to the improvement of the Highway Department and the Highway System of Arkansas; and,

WHEREAS, the State Highway Commission has for several years, given recognition to employees who have rendered service of twenty-five (25) years and over to the Department; and,

WHEREAS, Walter E Hicks is the first Highway Department employee to reach this milestone of forty (40) years of meritorious service to his State and his fellow man; and,

NOW THEREFORE, we, the members of the State Highway Commission, by this special action, do hereby, officially commend and honor Walter E. Hicks for attaining the stature of being the first employee to complete forty (40) years of efficient and loyal service to the Highway Department and the citizens of Arkansas

IT IS ORDERED that this Resolution be spread upon the Official Records of the Highway Department and that a copy of this document be presented, by the Chairman of the Highway ommission, to Walter E. Hicks for his keeping.

64-194 WHEREAS, the Purchasing Committee has awarded purchases on June 1, 8, Special Meeting on June 10 for Asphaltic Materials, June 15 and 22, 1964 in the amounts of \$113,968.97, \$21,088.26, \$18,872.70 and \$419,227.21, respectively, totaling \$573,157.14, and Sales on June 22 in the total amount of \$24,539.20 in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-195 In LOGAN COUNTY, IT IS ORDERED that the official routing of State Highway No. 109, section 3, between Subiaco and Scranton shall be in accordance with the relocated and reconstructed section, as constructed by Job 4494; and, in conformity with Supreme Court decisions, the portions of the old route at Subiaco and Scranton which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch, which becomes a part of this Order.

64-196 In ST. FRANCIS COUNTY on HIGHWAY 357, Section 1: WHEREAS, the Corps of Engineers, US Army, as part of the St. Francis River Basin Project, proposes to enlarge Blackfish Bayou; and

WHEREAS, the Corps of Engineers has expressed a willingness to enter into a cost reimbursable contract whereby the Department will design and construct a new bridge over blackfish Bayou; and

WHEREAS, it now appears most feasible and suitable to construct this bridge on new location as part of Job 11687;

NOW, THEREFORE, it is ordered, that the Director is authorized to negotiate a cost reimbursable contract with the Corps of Engineers for the design and construction of the new bridge and appurtenances, at an estimated cost of \$62,700.

The Director is authorized upon completion of construction to execute a perpetual easement as may be required to permit the widened channel to cross the highway right-of-way.

64-197 WHEREAS, in ARKANSAS COUNTY on STATE HIGHWAY 11, from Lodges Corner to Stuttgart, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing avement, with three bids received from opening on June 18, 1964, and,

WHEREAS, the low bid exceeded the estimate by \$6,870.00, and,

WHEREAS, the Purchasing Committee, on June 22, 1964, recommended that this bid be accepted, provided additional funds are allotted for the overrun,

IT IS ORDERED that this job, designated as Special Project No. 2-509(1), be awarded to D. F. Jones Construction Company, Little Rock, on their low bid of \$123,370.00 and that Minute Order 64-153 be amended to increase the allotment from \$116,500.00 to \$123,370.00.

64-198 In JEFFERSON COUNTY on US 79 from Pine Bluff to the Arkansas River Bridge, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement using Asphaltic Concrete Hot Mix Surface Course, with two bids received for opening on June 18, 1964, and,

WHEREAS, the low bid exceeded the estimate by \$2,496.00, and,

WHEREAS, the Purchasing Committee on June 22, 1964, recommended that this bid be accepted, provided additional funds are allotted,

IT IS ORDERED that this job, designated as Special Project No. 2-512(1), be awarded to the Asphalt Materials Company, Pine Bluff, on their low bid of \$37,596.00 and that Minute Order 64-158 be amended to increase the allotment from \$35,100.00 to \$37,596.00.

64-199 WHEREAS, in ST. FRANCIS COUNTY in the City of Forrest City, on State Highway 70 and 1, bids were invited under Purchase Order Contract procedure for resurfacing with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening June 11, 1964, and,

WHEREAS, the Purchasing Committee, on June 15, 1964, recommended that the award be made to the bidder, as the price was in line with other contract work in this area,

NOW THEREFORE, it is ordered that award for this work, designated as Job No. 11-505, be made to Ben M. Hogan Company, Inc. on their bid of \$55,946.80.

64-200 In BOONE COUNTY on STATE HIGHWAY 7, Section 20, from Harrison to a point 2.9 miles north, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,500.00.

Work to be done by Purchase Order Contract.

64-201 In COLUMBIA COUNTY on STATE HIGHWAY 875, Section 1, Southern State College Campus Drive, the Director is authorized to resurface 0.86 mile of the existing pavement, as a Betterment Project, at an estimated cost of \$19,800.00.

Work to be done by Purchase Order Contract.

64-202 In CONWAY COUNTY on STATE HIGHWAY 113, Section 6, from Morrilton-west to US 64, a distance of 8.03 miles, the Director is authorized to reshape the existing roadway, construct minor drainage structures, additional crushed stone base and Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$100,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-203 In CRAIGHEAD COUNTY on US 63, Section 6, on Gee Street in Jonesboro from Huntington Avenue to Frierson Street, a distance of 1.09 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$14,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-204 In CRAWFORD COUNTY on STATE HIGHWAY 282, Section 1, from Rudy to US 70, a distance of 4.00 miles, the Director is authorized to construct Crushed Stone Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$36,000.00.

Work to be done by Maintenance forces.

64-205 In CRITTENDEN COUNTY on US 70 and STATE HIGHWAY 77, in the City of West Memphis, the Director is authorized to resurface 1.6 miles with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$33,700.00 - Funds to come from the 1964-1965 Betterment Budget.

Work to be done by Purchase Order Contract.

64-206 In JACKSON COUNTY on STATE HIGHWAY 37, Section 5, from the west City Limits of Tuckerman to Elgin Ferry, a distance of 7.5 miles, the Director is authorized to construct Soil Cement Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$62,400.00.

Work to be done by Maintenance forces.

64-207 In LAWRENCE COUNTY on US 63, Section 4, from State Highway 91 to the Greene County line, a distance of 6.51 miles, the Director is authorized to level up and resurface selected sections of the existing surface, as a Betterment Project, at an estimated cost of \$26,000.00.

Work to be done by Purchase Order Contract.

64-208 In LONOKE COUNTY on STATE HIGHWAY 31, Section 3, from US 70 in Lonoke north to Interstate 40, a distance of 1.41 miles, the Director is authorized to resurface the existing

pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,660.00.

Work to be done by Purchase Order Contract.

64-209 In MADISON COUNTY on STATE HIGHWAY 12, Section 4, near Clifty, the Director is authorized to construct by contract two Reinforced Concrete Slab Span Bridges and Approaches across Stanley Branch, as a Betterment Project at an estimated cost of \$75,000.00.

64-210 In MISSISSIPPI COUNTY on STATE HIGHWAY 18, Section 7, from the Mississippi River Levee to the Barfield Landing, a distance of 0.57 mile, the Director is authorized to Raise and Widen the existing fill and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$10,800.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-211 In MISSISSIPPI COUNTY on STATE HIGHWAY 181, Section 4, from the Blytheville Air Base to the Missouri State Line, a distance of 2.71 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$76,500.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-212 In PERRY COUNTY on STATE HIGHWAY 155, Section 4, from Casa to a point 0.25 mile north, the Director is authorized to reshape the existing roadway, construct additional stone base surface course and single bituminous surface treatment, as a Betterment Project, at an estimated cost of \$2,800.00.

Work to be done by Maintenance forces.

64-213 In POINSETT COUNTY on STATE HIGHWAY 1, Sections 15 and 16, in Harrisburg from Estes Street to the junction with State Highway 14 East, a distance of 1.25 miles, the Director is authorized to level up and resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$11,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-214 In WASHINGTON COUNTY on STATE HIGHWAY 45, Section 5, in Fayetteville, the Director is authorized to resurface 2.5 miles of the existing pavement with Plant Mix Material, as a Betterment Project, at an estimated cost of \$19,500.00.

Work to be done by Maintenance forces.

- 64-215 WHEREAS, in WHITE COUNTY Minute Order 64-172 for the construction of Base and Double Bituminous Surface Treatment on State Highway 124, Section 12, from Sunnydale - West, was approved by the Commission, in the amount of \$84,900.00, on May 27, 1964, and,

WHEREAS, right of way for this improvement is not at present available and,

WHEREAS, State Highway 310, Section 1, from State Highway 16 to Pickens Chapel, a distance of 5.36 miles, can be constructed,

IT IS ORDERED that the allotment be transferred to State Highway 310, Section 1, for the construction of Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$84,900.00.

Work to be done by Maintenance forces.

- 64-216 In WOODRUFF COUNTY on STATE HIGHWAY 260, Section 1, from State Highway 33 - East, a distance of 4.00 miles, the Director is authorized to construct Grading, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$65,000.00 - Funds to come from the 1964-1965 Betterment Budget.

Work to be done by Maintenance forces.

- 64-217 In WOODRUFF COUNTY on STATE HIGHWAY 33-C, Section 7, in the City of Augusta, the Director is authorized to resurface 2.49 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$24,000.00.

Work to be done by Purchase Order Contract.

- 64-218 In FAULKNER AND PERRY COUNTIES, on STATE HIGHWAY 60, Sections 0 and 1;

WHEREAS, the construction of Lock and Dam No. 8 near Toad Suck Ferry by the Corps of Engineers, US Army, as part of the Arkansas River Development Project, will necessitate the relocation of the ferry and the approach roadways to the landings;

NOW THEREFORE, the Director is authorized to negotiate an agreement with the Corps of Engineers whereby the Department will design to current standards and perform the necessary construction work to relocate the ferry and approach roadways subject to 100% reimbursement.

The Director is further authorized to execute deeds and/or easements as necessary to permit use by the Corps of Engineers of portions of the present right-of-way that will be abandoned, upon completion of the ferry relocation.

- 64-219 Clay County, Arkansas and Dunklin County, Missouri, Job No. 10692, St. Francis River Bridge & Approaches, Job No. 10692, FAP Missouri-State Job and Arkansas-S-505(1). The contract for the construction of approximately 0.495 mile of Grading, Minor Drainage Structures:, Aggregate Base with Bituminous Surface, One Reinforced Concrete and Structural Steel Bridge (548.67 Lin. Ft.) and other misc. items on the Piggott, Arkansas-Holcomb, Missouri Road, State High\way 1 (Ark.), Section 22, Route (Mo.) BB, Section 35(1), is awarded to Paul Montgomery, Inc., and Hines & Ellerman Construction Company of Poplar Bluff, Missouri on their low bid of \$336,152.38, Arkansas' portion is \$173,379.67, subject to the concurrence of the Missouri Highway Commission and the licensing of the Contractors by the Licensing Board for the State of Arkansas.
- 64-220 Polk County, Job No. 4502, Junction US 71-East, FAP S-515(1). 64-230 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1965, in the amount of \$10,481.00 to be paid to the National Academy of Sciences. This sum to be paid as a participating item from the budget of the Planning and Research Division previously approved for 1964-65 by Minute Order 64-190.

64-231 WHEREAS, adequate progress and proper advancement in the areas of highway design, construction, maintenance, operation, and administration require continuing development of new techniques, procedures, equipment, and materials which must first be studied, explored, tried, and confirmed by the application of the principles of scientific research, and

WHEREAS, the urgent need for increased emphasis in highway research throughout the Nation has resulted in Congressional action which made available additional Federal-Aid funds to the states specifically for research work, and

WHEREAS, the American Association of State Highway Officials, in cooperation with the Bureau of Public Roads and the Highway Research Board, has established a national cooperative highway research program in which Arkansas has agreed to participate, and

WHEREAS, by administrative action in 1962 the Engineer of the Planning and Research Division was assigned the responsibility for administering, conducting, and reporting on highway research projects, and a Research Section was created, and concurrently a Highway Research Committee was established (drawn from staff members of the Department, Bureau of Public Roads, and University) to serve as a cooperative organization for the promotion and coordination of research in the Department, and

WHEREAS, research projects have been and now are being conducted by Highway employees to the extent that qualified personnel can be spared from assigned duties, and

WHEREAS, the Department, in cooperation with the University, has carried on a limited program of additional highway research under a basic joint agreement executed with that agency in 1956, and

WHEREAS, in view of the recent advances made in the administration and methods of highway research and of the broadened areas for research endeavor, many of the terms, conditions, and requirements of the basic agreement of 1956 are now obsolete and should be revised and updated in line with current policies and procedures for highway research required by the Bureau of Public Roads,

NOW, THEREFORE, in recognition of the foregoing, THE DIRECTOR IS HEREBY AUTHORIZED to execute a new basic agreement for a Joint Highway Research Program with the University of Arkansas, effective July 1, 1964, and to carry on a continuing program of highway research within the Department and with the University, commensurate with funds, personnel, and facilities available for such work.

64-232 In GREENE COUNTY in the City of Paragould for a District Headquarters plant, the Director is authorized to negotiate with the firm of Wittenberg, Delony and Davidson, Inc. of Little Rock, Arkansas for the preparation of plans and general supervision of construction.

64-233 In LOGAN COUNTY, on STATE HIGHWAY 309, Section 3; WHEREAS, the construction of the Dardanelle Reservoir of the Arkansas River Navigation Project by the Corps of Engineers, US Army, will require alterations to State Highway 309; and

WHEREAS, it will be required to relocate approximately 1300 feet of roadway, construct a new bridge, and raise the grade for approximately 2300 feet.

NOW THEREFORE, the Director is authorized to negotiate a reimbursable contract with the Corps of Engineers whereby the Department will be responsible for the design and construction of the required alterations to current design standards for existing traffic, subject to 100% reimbursement of the costs involved.

The Director is further authorized to execute the necessary deeds and easements as may be required by the reservoir project.

64-234 WHEREAS, in St. Francis County, the Municipality of Forrest City requested the Department to develop a plan for an ultimate highway network within and through the urban area that would permit the City to plan for an integrated major street system to serve the future traffic needs of the area adequately, and

WHEREAS, a comprehensive traffic and highway systems study has been made and the findings assembled and published in a report entitled, Forrest City, Arkansas, 1964 Highway Traffic Study," and

WHEREAS, the findings contained in the report have been discussed with City officials and approval was expressed of the recommendations shown therein,

NOW, THEREFORE, THE "FORREST CITY, ARKANSAS, 1964 HIGHWAY TRAFFIC STUDY" IS HEREBY APPROVED AND THE RECOMMENDATIONS ACCEPTED as an overall longrange program of State Highway improvements, with no commitment for construction; AND, though funds for the improvements are not now available or presently in sight, IT IS ORDERED that the Director proceed at this time with surveys and preparation of preliminary location plans for right of way requirements, to the public hearing stage, for the future location of Highway 1 described in the report as Alternate C, East Bypass. This action is subject to the following conditions: (1) that right of way be provided by the City free-of-cost to the State; (2) that the plan be approved by the Bureau of Public Roads.

64-235 WHEREAS, the Arkansas State Highway Commission proposes to widen Highway No. 167 in Union County, Arkansas.

WHEREAS, the Arkansas State Highway Commission holds title to and possesses:

A part of the Southwest Quarter of the Southwest Quarter of Section 11, Township 18 South, Range 15 West, Union County, Arkansas, more particularly described as follows:

Starting at the Southwest corner of the Southwest Quarter of the Southwest Quarter of Section 11, thence North 0° 10' East along the West line thereof a distance of 161.7 feet to the point of beginning; thence continue North 0° 10' East a distance of 180.4 feet to a point on the proposed southwesterly right of way line of US Highway No. 167; thence southeasterly along said right of way line on a curve left, having a radius of 2939.8 feet a distance of 226.5 feet to a point; thence South 37° 47' East along said right of way line a distance of 1.9 feet to a point; thence North 88° 11' West a distance of 133.9 feet to a point of beginning and containing 0.30 acre, more or less.

WHEREAS, the premises described were acquired in order that that portion as hereinbefore described not planned to be used for right-of-way purposes be exchanged and conveyed to T. A. Reynolds and Della M. Reynolds, husband and wife, and Cecil R. Draper and Edith Draper, husband and wife, doing business as Reynolds & Draper Company, a partnership, for property used for right-of-way purposes conveyed to the Arkansas State Highway Commission by the purported grantees and in consideration of the sum of TWO HUNDRED AND NO/100 Dollars, (\$200.00), to be paid to the Arkansas State Highway Commission by Reynolds & Draper Company. Reynolds & Draper Company are the former owners of an undivided one-sixth (1/6) interest in the property to be conveyed.

NOW THEREFORE, it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey by warranty deed the lands first hereinbefore described to Reynolds & Draper Company in exchange and acquisition of lands as hereinbefore recited.

64-236 WHEREAS, the Arkansas State Highway Commission proposes to widen Highway No. 167 in Union County, Arkansas.

WHEREAS, the Arkansas State Highway Commission holds title to and possesses:

A part of the Southeast Quarter of the Southeast Quarter of Section 10, Township 18 South, Range 15 West, Union County, Arkansas, more particularly described as follows:

Starting at the Southeast corner of the Southeast Quarter of the Southeast Quarter of Section 10; thence North 0° 10' East along the East line thereof a distance of 632.7 feet to a point on the proposed northeasterly right of way line of US Highway No. 167 for the point of beginning; thence northwesterly along the said right of way line on a curve right, having a radius of 2789.8 feet for a distance of 397.8 feet to a point; thence South 89° 21' East a distance of 164 feet, more or less, to a point on the East line of the said Southeast Quarter of the Southeast Quarter; thence South 0° 10' West along the East line thereof a distance of 360 feet, more or less, to the point of beginning and containing 0.75 acre, more or less.

ALSO: A part of the Southwest Quarter of the Southwest Quarter of Section 11, Township 18 South, Range 15 West, Union County, Arkansas, more particularly described as follows:

Starting at the Southwest corner of the Southwest Quarter of the Southwest Quarter of Section 11; thence North 0° 10' East along the West line thereof a distance of 632.7 feet to a point on the proposed northeasterly right of way line of US Highway No. 167 for the point of beginning; thence continue North 0° 10' East a distance of 415 feet, more or less, to the point of intersection with the center line of an abandoned road; thence southerly along said center line a distance of 743 feet, more or less, to a point on the proposed northeasterly right of way line of said US Highway; thence northwesterly along said right of way line on a curve right, having a radius of 2789.8 feet a distance of 336.5 feet to the point of beginning and containing 0.80 acre, more or less.

WHEREAS, the premises described were acquired in order that that portion as before described not planned to be used for right-of-way purposes be exchanged and conveyed to E. A. Armstrong and Betty Armstrong, husband and wife, for property used for right-of-way purposes conveyed to the Arkansas State Highway Commission, by the purported grantees and in consideration of the sum of ONE THOUSAND THREE HUNDRED FIFTY AND NO/100 Dollars, (\$1,350.00), to be paid to the Arkansas State Highway Commission by E. A. Armstrong and Betty Armstrong, husband and wife.

NOW THEREFORE it is authorized and directed that the Chairman of the Arkansas State Highway Commission convey by warranty deed the lands first hereinbefore described to E. A. Armstrong and Betty Armstrong, husband and wife, in exchange of lands as hereinbefore recited.

64-237 In DREW and DESHA COUNTIES, IT IS ORDERED that the official routing of State Highway No. 277, section 1, in the vicinity of Tillar shall be in accordance with the relocated and reconstructed section as constructed by Job 2648; and, in conformity with Supreme Court decisions, the portions of the old route at and in the vicinity of Tillar which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch, which is made a part of this Order.

64-238 In CLARK COUNTY on Highway 26-S-5 (FAS Route 276), from the junction of Interstate Route 30 at the Gum Springs Interchange southeast to the junction of US 67 at Gum Springs, a distance of approximately 1.80 miles, the Director is authorized to proceed with grading, minor drainage structures, base and surface for an Interstate connection on new location at an estimated cost of \$135,000. This action is subject to (a) the approval of the Bureau of Public Roads, and (b) the necessary right-of-way being furnished free-of-cost to the State.

64-239 In MISSISSIPPI COUNTY on HIGHWAY 181 from Bassett to Interstate Highway I-55, a distance of two miles, the Director is authorized to proceed with grading, base course, hot mix surface course, and the replacement of one bridge, all at an estimated cost of \$250,000.00.

This action is subject to program approval by the Bureau of Public Roads and the furnishing of land for right-of-way free of cost to the State.

64-240 WHEREAS, the Purchasing Committee has awarded purchases on June 29, July 2, 13 and 20, 1964 in the amounts of \$707,995.56, \$75,898.46, \$203,195.75 and \$178,370.81, respectively, totaling \$1,165,463.58, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-241 WHEREAS, in CRITTENDEN COUNTY on US 70 and STATE HIGHWAY 77 in West Memphis, bids were invited under Purchase Order Contract procedure for the resurfacing of 1.6 miles of the existing pavement, with three bids received for opening on July 16, 1964, and,

WHEREAS, the Purchasing Committee on July 20 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 11-510(1), be awarded to Warren Brothers Roads Company of Memphis, Tennessee, on their low bid of \$30,942.10.

64-242 WHEREAS, in CRITTENDEN COUNTY on US 63, Section 10, from Interstate 55-North, a distance of 1.83 miles, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with three bids received for opening on July 16, 1964, and,

WHEREAS, the low bid exceeded the estimate by \$1,739.60, and,

WHEREAS, the Purchasing Committee on July 20, 1964, recommended that the low bid be accepted, provided additional funds are allotted to cover the overrun,

IT IS ORDERED that this job, designated as Special Project No. 11-506(1), be awarded to Ben M. Hogan Company, Inc., of Little Rock, on their low bid of \$20,739.60 and that Minute Order 64-54 be amended to increase the allotment from \$19,000.00 to \$20,740.00.

64-243 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY 130, Section 2, from England to a point 3.71 miles north, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with two bids received for opening on June 25, 1964, and,

WHEREAS, the Purchasing Committee on June 29 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 6-510(1), be awarded to the APT Construction Company of North Little Rock on their low bid of \$32,757.25.

64-244 WHEREAS, in LONOKE COUNTY on STATE HIGHWAY 130, Section 3, from England-East, bids were invited under Purchase Order Contract procedure for the resurfacing of two sections of the existing pavement, with two bids received for opening on June 25, 1964, and,

WHEREAS, the low bid exceeded the estimate by \$2,038.32, and,

WHEREAS, the Purchasing Committee on June 29 recommended that the low bid be accepted, provided additional funds are allotted to cover the overrun,

IT IS ORDERED that this job, designated as Special Project 6-511(1) be awarded to the APT Construction Company of North Little Rock on their low bid of \$39,338.32 and that Minute Order 64-161 be amended to increase the allotment from \$37,300.00 to \$39,340.00.

64-245 WHEREAS, in PRAIRIE COUNTY on STATE HIGHWAY 130, Section 4, from the Arkansas County line to the Lonoke Countyline, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement, with two bids received for opening on June 25, 1964, and,

WHEREAS, the Purchasing Committee on June 29 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 6-512(1), be awarded to L & N Asphalt Company, Incorporated, of Stuttgart on their low bid of \$25,327.98.

64-246 WHEREAS, in BOONE COUNTY at the District #9 Headquarters in Harrison, Mr. L. A. Moore has agreed to sell to the Arkansas State Highway Commission approximately two acres of land, which adjoins the existing lot on the east and is the only possible expansion available at: this Headquarters, and,

WHEREAS, there is need for additional acreage for present and future expansion,

IT IS ORDERED that the Director be authorized to refer the negotiation of this tract to the Right-of-Way Division with authority to purchase, as a Building Project, at a reasonable price, considering the special value to the Department, not to exceed \$5,000.00.

64-247 WHEREAS, in GREENE COUNTY at Paragould additional land is needed for the new District Headquarters site, and,

WHEREAS, Paragould Developments, Inc., Alvin B. Samuels, President, has offered to sell to the Department 3.95 acres at a cost of \$6,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title, with the cost to be charged to the Building Project authorization, as contained in Minute Order 64-51.

64-248 In ARKANSAS COUNTY on STATE HIGHWAY 130, Section 5, from the Prairie County Line to State Highway 11, a distance of 2.18 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$21,800.00.

Work to be done by Purchase Order Contract.

64-249 In BENTON COUNTY on STATE HIGHWAY 264, Section 1, from US 71 to Beaver Lake Reservoir, a distance of 7 miles, the Director is authorized to construct Grading, Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$85,000.00.

Work to be done by Maintenance forces.

64-250 In CLARK COUNTY on STATE HIGHWAY 51, Section 1, from Okolona-South, a distance of 5.3 miles, the Director is authorized to construct Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$45,000.00, on condition that all right of way, free of obstructions, be furnished to the Department free of cost within 30 days.

Work to be done by Maintenance Forces.

64-251 In CLEVELAND COUNTY on STATE HIGHWAY 54, Section 7, from the Lincoln County line to the Jefferson County line, a distance of 6.52 miles, the Director is authorized to reshape the existing roadway and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$75,200.00.

Work to be done by Maintenance Forces.

64-252 In DESHA COUNTY on STATE HIGHWAY 54, Section 2, from US 65 to a point 0.58 mile west, the Director is authorized to construct Minor Drainage Structures, Base and Double Bituminous Surface Course 10 feet wide on each side of the existing pavement, as a Betterment Project, at an estimated cost of \$6,700.00.

Work to be done by Maintenance Forces.

- 64-253 In GRANT COUNTY on US 270, Section 9, from Poyen-West, a distance of 2.05 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Leveling Course and Surface Course, as a Betterment Project, at an estimated cost of \$20,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-254 In HOT SPRING COUNTY on US 270, Section 8, from the Grant County line to a point 1.85 miles west, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Leveling Course and Surface Course, as a Betterment Project, at an estimated cost of \$17,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-255 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 6, from the Louisiana Line to McDonald's Corner, a distance of 2.42 miles, the Director is authorized to reshape the existing roadway and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$37,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-256 In MARION COUNTY on STATE HIGHWAY 125, Section 1, from Peel to Bull Shoals Reservoir, a distance of 4.24 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$80,000.00.

Work to be done by Maintenance Forces.

- 64-257 In MILLER COUNTY on STATE HIGHWAY 134, Section 1, from US 71 to the Gin Valley Road, a distance of 5.9 miles, the Director is authorized to construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$18,600.00.

Work to be done by Maintenance Forces.

- 64-258 In PHILLIPS COUNTY on STATE HIGHWAY 243, Section 1, from Marvell-North, a distance of 3.1 miles, the Director is authorized to construct Grading, Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$60,000.00.

Work to be done by Maintenance Forces.

- 64-259 In PRAIRIE COUNTY on STATE HIGHWAY 86, Section 1, from Slovak-West, a distance of 7.11 miles, the Director is authorized to reshape the existing roadway and construct

Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$75,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-260 In PRAIRIE COUNTY on STATE HIGHWAY 249, Section 1, from Hazen to Interstate 40, a distance of 3.45 miles, the Director is authorized to reshape the existing roadway and construct Base and Single Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$36,200.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-261 In PULASKI COUNTY on the STATE CAPITOL GROUNDS at the Welfare Parking Lot, the Director is authorized to construct Crushed Stone Base, Concrete Curb and Asphaltic Concrete Hot Mix Surface Course, as a supplement to Special Project No. 36-1, covered by Minute Order 64-97, as a Betterment Project, at an estimated cost of \$4,700.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-262 Pulaski & Lonoke Counties, Job No. 6811, North Terminal Interchange-Highway 31 Interstate Signing, FAP I-40-3(45)154 & I-40-4(21)164. The contract for the construction of approximately 21.08 miles of Interstate Highway Signing consisting of Delineators, Standard Signs, Guide Signs (Roadside Mtd.) & Overhead Signs on the Little Rock-W. Memphis Interstate Road, Interstate 40, Sections 3 & 4, is awarded to Interstate Sign Erectors, Inc. of Little Rock, Arkansas on their low bid of \$99,747.87, subject to the concurrence of the Bureau of Public Roads.

- 64-263 Johnson & Pope Counties, Job No. 8548, Big Piney-Mill Creek Surfacing, FAP I-40-2(25)68. The contract for the construction of approximately 7.98 miles of Limited Grading, Minor Drainage Structures, Selected Material & Subbase, Crushed Stone Base Course, Bituminous Surface Treatment on Shoulders, ACHM Base & Surface Courses (Local Roads), P. C Concrete Pavement (9" U.T.), & other miscellaneous items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Empire Construction, Inc. of Tulsa, Oklahoma on their low bid of \$1,475,345.61, subject to the concurrence of the Bureau of Public Roads. Drainage Structures, Subbase, Crushed Stone Base Course, P.C. Concrete Pavement (9" U.T.), Double Bituminous Surface Treatment on Shoulders & other miscellaneous items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Empire Construction, Inc. of Tulsa, Oklahoma on their low bid of \$1,486,694.41, subject to the concurrence of the Bureau of Public Roads.

- 64-265 Johnson & Pope Counties, Job No 8555, Big Piney-Mill Creek Erosion Control, FAP I-40-2(28)68. The contract for the construction of approximately 7.984 miles of Erosion Control Work consisting of Seeding, Sod Mulch, Jute Matting, Concrete Ditch Paving & other miscellaneous items on the Fort Smith-Little Rock Interstate Road near Russellville, Interstate 40, Section 2, is awarded to Western Landscaping, Inc. of Oklahoma City, Oklahoma on their low bid of \$74,246.53, subject to the concurrence of the Bureau of Public Roads.
- 64-266 Pope County, Job No. 8557, Russellville By-Pass Erosion Control, FAP I-40-2(29)77. The contract for the construction of approximately 7.93 miles of Seeding, Sod Mulch, Concrete Ditch Paving & other erosion control items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 2, is awarded to Western Landscaping, Inc. of Oklahoma City, Oklahoma on their low bid of \$77,478.87, subject to the concurrence of the Bureau of Public Roads.
- 64-267 Faulkner & Pulaski Counties, Job No. 1395, Mayflower-Morgan Surfacing), FAP I-40-3(43)136. The contract for the construction of approximately 5.395 miles of Limited Grading & Minor Drainage Structures, Selected Material, Crushed Stone Base Course, P.C. Concrete Pavement (9" U.T.), Double Bituminous Treated Shoulders Crushed Stone Base Course & ACHM Surface Course on Temporary Connection, Erosion Control & other miscellaneous items on the Fort Smith-Little Rock Interstate Road, Interstate 40, Section 3, is awarded to Ben M. Hogan Company, Inc. of Little Rock, Arkansas on their low bid of \$1,190,334.74, subject to the concurrence of the Bureau of Public Roads.
- 64-268 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P.M., Wednesday, July 22, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its seventh meeting in Little Rock, Arkansas on July 26, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 19, 1964

The following is the record of the proceedings of the eighth meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on August 19, 1964. The following members were present:

Wayne Hampton	Chairman
Truman Baker	Vice-Chairman
Armil Taylor	Member
C. L. Denton, Jr.	Member

64-269 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., August 19, 1964.

64-270 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-262 and 64-267 at the regular meeting of the Commission on July 22, 1964.

Job No.	Project	Route	County	Contract & E&C	R/W & Utilities	Total
6811	I-40-3(45) & I-40-4(21)	40	Pulaski & Lonoke	109,710.	None	109,710.
1395	I-40-3(43)	40	Faulkner & Pulaski	1,309,360.	None	1,309,360.
GRAND TOTAL				1,419,070.	None	1,419,070.

64-271 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

Job	FAP	F.C. No.	Job Name	Contractor	Amount	Increase or Decrease in Project Cost
11663	I-40-5(26)	3	Monroe Co. Line-Goodwin	D. B. Hill, Contractor & Michey's, Inc.	\$17,140.00	\$0.00
11666	I-40-5(21)	3	Becks Road-Forrest City	Jeffrey Contractors, Inc.	12,300.00	+920.00
4473	F-022-1(14)	7	Paris-Midway	Reynolds & Williams	600.00	+600.00
7576	U-012-1(13)	3	Hwy. 4 Spur in Camden	H. C. Cathey, Inc.	825.00	+825.00

8497	F-025-3(5)	5	Clinton - Botkinburg	Ben M. Hogan & Co.	52,187.50	+10,986.54
10615	I-55-1(30)	3	Lemsford Grade Separation-Mo. Line (Surfacing)	Road Builders, Inc.	7,893.00	+7,893.00
10701	S-52(5)	2	Crittenden Co. Line-Jct. Hwy. 135	Miss. Valley Contr. Co.	1,500.00	+1,500.00

64-272 WHEREAS, the Purchasing Committee has awarded purchases on July 27, August 3, 10 and 17, 1964 in the amounts of \$122,851.81, \$96,518.92, \$48,484.71 and \$166,936.08, respectively, totaling \$434,791.52., and sales on July 27, 1964 in the amount of \$17,247.75, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-273 WHEREAS, Minute Order Number 64-190 dated June 24, 1964 allotted \$1,200,000.00 for purchase of New Equipment in the 1964-65 Fiscal Year, and

WHEREAS, the attached list of Capital Outlay Road Machinery and Equipment in the estimated amount of \$1,154,784.65 including Sales Tax and Certificates of Titles, to be purchased in the Fiscal Year 1964-65 for the Ten Districts and General Administrative, and

WHEREAS, it is to the advantage of the Arkansas State Highway Department to purchase Highway Type Vehicles outright and sell the used units to the highest bidders, and

WHEREAS, net purchase price of Highway Type Vehicles was based on trade-in allowance, and the allotment will not be sufficient to make all purchases of equipment listed unless funds arrived from the sale of the used vehicles advertised for sale and sold in accordance with Act 313 be approved for use by the Equipment Division in the Fiscal Year 1964-65,

NOW THEREFORE, the Acting Director is authorized to proceed in the most feasible manner with the purchase of Capital Outlay Equipment in the 1964-65 Fiscal Year as listed on attached equipment list. The Acting Director is also authorized to transfer funds arrived by cash receipts for the sale of highway type vehicles to the highest bidders in accordance with Act 313 to the Equipment Allotment, as the \$1,154,784.65 is an estimated amount and Minute Order Number 64-190 allotted \$1,200,000.00 for the Fiscal Year 1964-65 for the purchase of equipment for the ten districts and General Administrative. The total number of units to be purchased is 118 new Off-The-Road with 43 trade-in and 306 new Highway Type Vehicles with outright sale of 274 used vehicles and where necessary to increase the number of units to be purchased to complete equipment needed, not to exceed the authorized equipment allotment

66-274 In BENTON COUNTY, IT IS ORDERED that the official routing of State Highway No. 72, Section 3, at Pea Ridge State Park, shall be in accordance with the relocated and reconstructed section as constructed by Job 9477; and, in conformity with Supreme Court Decisions, that portion of the old route through Pea Ridge State Park which has been replaced by new construction on new location is hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which is made a part of this Order.

64-275 In LEE COUNTY, IT IS ORDERED that the official routing of State Highway No. 44, Section 5, in the St. Francis National Forest, shall be in accordance with the relocated and reconstructed section as constructed by Job 11684; and, in conformity with Supreme Court decisions, the portions of the old route which have been replaced by new construction on new location are hereby declared to be no longer a part of the State Highway System; all as shown on attached sketch which is made a part of this Order.

64-276 WHEREAS, The Commission, by Minute Order 4485, Item 13 provided for the reconstruction and widening of State Highway 162 (Fayetteville Avenue) in Alma, CRAWFORD COUNTY, and

WHEREAS, this widening and reconstruction will make it necessary to relocate the existing flashing light signals at the Missouri Pacific Railroad and Fayetteville Avenue crossing in Alma;

THEREFORE, in CRAWFORD COUNTY on STATE HIGHWAY 162, SECTION 1, at the crossing of the Missouri Pacific Railroad in Alma (Fayetteville Avenue), the Director is authorized to proceed with the relocation of the existing flashing light signals at an estimated cost of \$3,070.00, subject to the following conditions:

1. That relocation of the flashing lights shall be financed at the applicable pro rata of State and Federal funds and maintenance of the signal devices will be without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

64-277 In CRITTENDEN COUNTY on INTERSTATE ROUTES 40 and 55 and in the West Memphis Interchange: WHEREAS, there exists a conflict in the location of a major Interstate Sign installation with an existing 115,000 volt electric transmission line owned and operated by the Arkansas Power and Light Company; and

WHEREAS, it has been determined to be in the best interest of the Department and the public as well as necessary for the utility company to eliminate said conflict by adjusting the electric transmission wires to provide the necessary clearance to meet minimum National Electric Safety Code requirements; and

WHEREAS, the existing electric transmission line is located on a private utility Easement owned by Arkansas Power and Light Company which under the Laws of the State of Arkansas entitle the company to reimbursement for costs of adjustments of its facilities necessitated by highway construction;

NOW, THEREFORE, the Director is hereby authorized to enter into an Agreement with the Arkansas Power and Light Company to have the necessary adjustments performed by the company's construction forces and at actual cost in the estimated total reimbursable amount of \$3,061.50. This authorization is subject to audit by the Department of the company's cost records and accounts to confirm eligibility for reimbursement of the billed actual cost for making said adjustments. Payment to be made from the approved Traffic Services budget.

64-278 WHEREAS, in JACKSON COUNTY on STATE HIGHWAY 17 at the two crossings of the Missouri Pacific Railroad Company's tracks, the COMMISSION by MINUTE ORDER 4301 provided for the relocation of the existing flashing lights and short arm gate signal installations at an estimated cost of \$7,000, and

WHEREAS, State Highway 17 was reconstructed and widened without finding it necessary to relocate these existing signals,

NOW, THEREFORE, in JACKSON COUNTY on STATE HIGHWAY 17 since it has been established that the existing automatic grade crossing signals do not need to be relocated, Minute Order 4301, is hereby declared null and void.

64-279 WHEREAS, in LAWRENCE COUNTY on US 63, Section 4, from the Greene County line to State Highway 91, bids were invited under Purchase Order Contract procedure for the resurfacing of selected sections of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on July 30, 1964, and

WHEREAS, the Purchasing Committee on August 3 recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 10-515(1), be awarded to Vern Barnett Construction Company of Jonesboro on their bid of \$25,452.00.

64-280 WHEREAS, in WOODRUFF COUNTY on STATE HIGHWAY 33C, Section 7, at Augusta, bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, with one bid received for opening on July 30, 1964, and,

WHEREAS, the Purchasing Committee on August 3 recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project No. 11-512(1), be awarded to Ben M. Hogan Company of Little Rock on their bid of \$24,005.40.

64-281 WHEREAS, in JEFFERSON COUNTY, at District No. 2 Headquarters in Pine Bluff, the existing Equipment Paint Shop is inadequate and in extremely poor condition, and,

WHEREAS, a suitable plan has been developed to provide a new Equipment Paint Shop,

IT IS ORDERED that the Director be authorized to construct this new Paint Shop in accordance with the attached plan, as a Building Project, at an estimated cost of \$25,000.00.

Construction to be done by Purchase Order Contract.

64-282 In ARKANSAS COUNTY on STATE HIGHWAY 130, Section 6, in DeWitt, the Director is authorized to resurface 0.44 mile of the existing pavement with Plant Mix Material, as a Betterment Project, at an estimated cost of \$5,300.00.

Work to be done by Maintenance Forces.

64-283 In BAXTER and MARION COUNTIES on STATE HIGHWAY 202, Sections 1 and 2, from State Highway 5 to a point 5 miles west, the Director is authorized to construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$19,500.00.

Work to be done by Maintenance Forces.

This construction will remove 5 miles from the project as programed under Item 48 of Minute Order 3924.

64-284 In BOONE COUNTY on STATE HIGHWAY 7, Section 20, from a point 4 miles north of Harrison (End of Special Project 9-507) North, a distance of 2.9 miles, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$19,500.00.

Work to be done by Purchase Order Contract.

64-285 In CALHOUN COUNTY on STATE HIGHWAY 203, Section 1, from Hampton to State Highway 274, the Director is authorized to construct 5 Precast Concrete Bridges (494 Lin. Ft.) and install 3 Corrugated Metal Arch Culverts to replace 13 deteriorated untreated timber bridges, as a Betterment Project, at an estimated cost of \$53,700.00.

Precast Concrete Units are to be set by Purchase Order Contract and balance of work to be done by Maintenance Forces.

64-286 In DALLAS COUNTY on STATE HIGHWAY 229, Section 1, from Carthage to the Grant County line, a distance of approximately 6 miles, the Director is authorized to construct Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$74,000.00.

Work to be done by Purchase Order Contract and Maintenance forces.

64-287 In HEMPSTEAD COUNTY on STATE HIGHWAY 355, Section 4 from Patmos-East, a distance of 0.7 mile, the Director is authorized to reshape the existing roadway and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$10,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-288 In HOWARD COUNTY on US 70, Section 3, in the Town of Dierks, the Director is authorized to resurface 0.55 mile of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$12,500.00.

Work to be done by Purchase Order Contract.

64-289 In HOWARD COUNTY on STATE HIGHWAY 355, Section 0, from State Highway 24 to a point 4 miles south, the Director is authorized to reshape the existing roadway, construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$59,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-290 In JEFFERSON COUNTY on STATE HIGHWAY 832, Section 1 (Tucker Prison Farm), the Director is authorized to construct Minor Drainage Structures, Additional Base and Double Bituminous Surface Treatment on 1.37 miles of the existing roadway, as a Betterment Project, at an estimated cost of \$13,100.00.

Work to be done by Maintenance Forces.

64-291 In LAFAYETTE COUNTY on STATE HIGHWAY 53, Section 4, from the Nevada County Line-South, a distance of 1.9 miles, the Director is authorized to reshape the existing roadway and construct Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$28,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-292 In SEBASTIAN COUNTY on STATE HIGHWAY 96, Section 1, at Jim Fork Creek, the Director is authorized to remove the existing deteriorated steel and timber bridge and construct

reinforced Concrete Sub-Structure and Precast Concrete Deck, for a total length of 112 feet, as a Betterment Project:, at an estimated cost of \$15,500.00.

Precast Slabs to be installed by Purchase Order Contract and balance of work to be done by Maintenance Forces.

64-293 In SEBASTIAN COUNTY on STATE HIGHWAY 255, Section 2, at Vache Grasse Creek, the Director is authorized to remove one narrow Pony Truss and construct Reinforced Concrete Abutments and Piers and erect one 90-foot Army Truss with two 20-foot I-Beam Approach Spans, as a Betterment Project, at an estimated cost of \$8,500.00.

Work to be done by Maintenance Forces.

64-294 In SEVIER COUNTY on STATE HIGHWAY 24, Section 1, and US 71, Sections 5 and 6, in the Town of Lockesburg, the Director is authorized to resurface 1.05 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$18,000.00.

Work to be done by Purchase Order Contract

64-295 In SEVIER COUNTY on STATE HIGHWAY 41, Section 1, and STATE HIGHWAY 24, Section 0, in the Town of Horatio, the Director is authorized to resurface 1.05 miles of the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$17,000.00.

Work to be done by Purchase Order Contract.

64-296 In SHARP COUNTY on STATE HIGHWAY 58, Section 3, from State Highway 115 to Poughkeepsie, a distance of 6 miles, the Director is authorized to construct Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$23,600.00.

Work to be done by Maintenance Forces.

This is a Supplement to Special Project 5-505, approved by Minute Order 64-170.

64-297 In WASHINGTON COUNTY on STATE HIGHWAY 170, Section 1, from Devils Den State Park - North, a distance of 4.82 miles, the Director is authorized to construct Erosion Control by seeding 28.5 acres of right-of-way, as a Betterment Project, at an estimated cost of \$9,500.00.

Work to be done by Purchase Order Contract.

64-298 In WOODRUFF COUNTY on STATE HIGHWAY 269, Section 1, from US 64-North, a distance of 3.13 miles, the Director is authorized to construct Grading, Minor Drainage Structures,

Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$50,000.00.

Work to be done by Maintenance Forces.

- 64-299 Bowie County, Texas & Miller County, Arkansas, Job No. 3578 (Betterment Job), I-30-North Resurfacing, FAP State Job. The contract for the construction of approximately 1.320 miles of Resurfacing with Asphaltic Concrete Pavement on the Texarkana-Ashdown Road, US Highway 71, Section 3, is awarded to Texarkana Construction Company of Texarkana, Texas on their low bid of \$62,008.27 - Arkansas Portion - \$10,865.19.
- 64-300 Little River County, Job No. 3619, Alleene-Winthrop, FAP S-513(1). The contract for the construction of approximately 6.791 miles of Gr., Minor Dr. Strs., Gravel Base Crse., Dbl Bit. Surf Tr'mt., Four R. C. Slab Span Brs. (400.0 Ft. Total Lgth.), Detour Rds. & other misc. items on the Winthrop-Alleene Road, State Highway 234, Section 1, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas on their low bid of \$273,783.46.
- 64-301 Crawford County, Job No. 4531, Oklahoma Line-Shibley Grade Separation Interstate Signing, FAP I-40-1(23)0 & I-540-1(31)7. The contract for the construction of approximately 9.3 miles of Interstate Highway Signing consisting of Delineators, Standard Signs, Guide Signs and Overhead Signs on the Fort Smith-Little Rock Interstate Road near Fort Smith, Interstate 40, Section 1, and Interstate 540, Section 1, is awarded to Fosco Fabricators, Inc. of Dixon, Illinois on their low bid of \$61,000.00, subject to the concurrence of the Bureau of Public Roads.
- 64-302 Sebastian County, Job No. 4534, Jct. Hwy. 22-Arkansas River Relief Bridge (Surfacing), FAP I-540-1(28)11. The contract for the construction of approximately 3.498 miles of Limited Grading, Minor Drainage Structures, Selected Material, Crushed Stone Base, Portland Cement Concrete Pavement (9"U.T.), Double Bit. Treated Shoulders and other Misc. Items on the Jct. Hwy. 22-Arkansas River Relief Bridge Interstate Road near Fort Smith, Interstate 540, Section 1, is awarded to Hallett Construction Company of Crosby, Minnesota on their low bid of \$918,391.40, subject to the concurrence of the Bureau of Public Roads.
- 64-303 Stone County, Job No. 5548, Tomahawk Creek-Mountain View, FAP S-295(4). The contract for the construction of approximately 6.559 miles of grading, minor drainage structures, crushed stone base course, double bituminous surface treatment, two R.C. slab span bridges (195.0 ft. total length), one bridge length culvert (26.67 ft. span) and other misc. items on the Rushing-Mountain View Road, State Highway 9, Section 11, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on his low bid of \$381,894.18.
- 64-304 Lonoke County, Job No. 6794, Blakemore-Jct. Hwy. 13, FAP S-334(3). The contract for the construction of approximately 7.196 miles of Gr., Minor Dr.Strs., Crushed Stone Base Crse., Dbl. Bit. Surf. Tr'mt. & other misc. items on the Blakemore-Hwy. 13 Road, State Highway 232,

Section 1, is awarded to Burrow-Glover Const. Co., Inc., Malvern, Ark. & Schmeckbro, Inc., Sweet Home, Ark. on their low bid of \$276,909.76.

64-305 Pulaski County, Job No. 6810, Morgan-North Terminal Interchange Interstate Signing, FAP I-40-3(44)142. The contract for the construction of approximately 11.007 miles of Interstate Highway Signing consisting of Delineators, Standard Signs, Guide Signs (Roadside Mounted), and One Overhead Sign on the Fort Smith-Little Rock Interstate Road in and near North Little Rock, Interstate 40, Section 3, is awarded to Fosco Fabricators, Inc., of Dixon, Illinois on their low bid of \$51,000.00, subject to the concurrence of the Bureau of Public Roads.

64-306 Clark County, Job No. 7600, Highway 53-Gum Springs, FAP I-30-1(13)62. The contract for the construction of approximately 6.409 miles of Gr., Mr. Dr. Strs., 6 combination R.C. Slab & Str. Steel I-beam Span Brs. (2083.02 Ft. Tot.), 2 R.C. Slab Span Brs. (300.0 Ft. Tot.), 2 R.C. & St.c. Steel I-beam Span U'pass Strs. (490.02 Ft. Tot.), Gravel Base & Bit. Surf. Tr'mt. on Frtg. Rds. & Cross Rds. & other Misc. Items on the Texarkana-Little Rock Intersate Road, Interstate 30, Section 1, is awarded to H. N. Rodgers & Sons Company of Memphis, Tennessee on their low bid of \$1,767,093.77, subject to the concurrence of the Bureau of Public Roads.

64-307 Madison County, Job No 9500, Stanley Branch Bridges and Approaches, FAP State Job. The contract for the construction of approximately 0.515 mile of grading, minor drainage structures, two reinforced concrete slab span bridges, (175 Ft. total length) and miscellaneous items on the Rogers-Clifty Road, State Highway 12, Section 4, is awarded to Bailey & Crouse Construction Company of Harrison, Arkansas on their low bid of \$60,674.80.

64-308 Greene County, Job No. 10711, Jct. Highway 25-Mayo Ditch Bridge, FAP S-406(4). The contract for the construction of approximately 8.8 miles of Grading, Minor Drainage Strs., One Br. Lgth. Culvt. (48.92 Ft. Span), Gravel Base Crse., Dbl. Bit. Surf. Tr'mt. & other misc. items on the Brighton-Mounds Road, State Highway 139, Section 2, is awarded to Mississippi Valley Contracting Co.,Inc.of Paragould, Arkansas on their low bid of \$232,271.93.

64-309 Mississippi County, Job No. 10717, Jct. Highway 77-Missouri Line, FAP S-532(1). The contract for the construction of approximately 5.574 miles of grading, minor drainage structures, Portland Cement Stabilized Base Course, Gravel Base Course (Shoulders), Double Bit. Surf. Treatment, Four R.C. Slab Span Bridges (415.0 Ft. Tot. Lgth.) & other misc. items on the Manila-Missouri Line Road, State Highway 119, Section 5, is awarded to APT Construction Co. & D & W Bridge Co., Inc. of North Little Rock, Arkansas on their low bid of \$304,179.34.

64-310 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, August 19, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its eighth meeting in Little Rock, Arkansas on August 19, 1964.

64-314 WHEREAS, the Purchasing Committee has awarded purchases on August 24, 31 and September 4 and 14, 1964 in the amounts of \$104,963.64, \$113,097.46, \$142,611.74 and \$146,330.87, respectively, totaling \$507,003.71, and sales on August 24, 1964 in the amount of \$7,103.99, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the

Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-315 Within the limitations of funds authorized by Budget Minute Order 64-190 of June 24, 1964, the Director is hereby authorized to proceed with printing 400,000 copies of the 1965 State Highway Map at: an estimated cost of \$32,000.

64-316 In accordance with the provisions of Act 148 of 1961, the Director is authorized to pay \$1,000.00 to the Mississippi River Parkway Commission as the prorata cost to Arkansas for 1964-1965 fiscal year, for the promotion and development of the GREAT RIVER ROAD.

64-317 WHEREAS, Act 182 of 1957 directs the Highway Department to make a study of the use of State Highways, County Roads, and Municipal Streets during the calendar year 1960, and each fourth year thereafter, and to file a report of its findings with the Governor and the General Assembly during the first week of the regular session of the General Assembly in 1961, and quadrennially thereafter; and

WHEREAS, development of the second road-use report has progressed to the point where printing should be scheduled and paper selected and ordered;

NOW THEREFORE, IT IS ORDERED that the Director be and is hereby authorized to proceed with final development of said report and, after approval by the Highway Commission, to publish 750 copies thereof at a cost of approximately \$700.00.

64-318 In WASHINGTON COUNTY, in the City of Fayetteville, IT IS ORDERED that the following-described streets are hereby designated a Temporary Truck Route of State Highway No. 16, Sec. 3: From the junction of State Highway No. US 71 at West Sixth Street, east along West Sixth Street to South Locust Avenue; thence south along South Locust Avenue to West Seventh Street; thence east along Seventh Street to Wood Avenue; thence north along Wood Avenue to junction with State Highway No. 16; all as shown on attached sketch, which becomes a part of this order.

64-319 In ARKANSAS COUNTY on HIGHWAY 1, Section 5 from St. Charles west approximately 10 miles partially on new location the Director is authorized to proceed with construction involving grading, drainage structures, base and surfacing at an estimated cost of \$1,800,000.00.

This action is subject to approval by the Bureau of Public Roads.

64-320 WHEREAS, in BOONE COUNTY at the intersection of State

Highways 62 and 65, the Federal Government, working through the Corps of Engineers and the Civil Defense Agency, desires to construct with federal funds, a radioactive protected Radio Warning Facility at the Harrison Weight Station owned by the Arkansas State Highway department and which also serves as a District Headquarters for the Arkansas State Police and houses the State Police District radio equipment, and

WHEREAS, federal regulations require that the owners of the land on which the proposed Radio Warning Facility is to be constructed, shall be the contracting agency for construction of the facility, and

WHEREAS, a tentative agreement has been reached involving the Highway Department, Corps of Engineers, Arkansas State Police and the State Civil Defense Office whereby the Highway Department will employ the Engineering Firm of Crafton and Tull of Rogers, Arkansas to develop plans and specifications and supervise construction and the Department will administer award of a contract for construction of the facility at a cost not to exceed \$6,000.00, all of which will be borne by the Federal Government on a 100% reimbursable basis;

NOW THEREFORE, the actions of the Director in this matter are ratified in all particulars and he is authorized to proceed with the work necessary to construct and complete the Radio Warning Facility as Highway Department Job No. 9501.

64-321 WHEREAS, in CLARK COUNTY, between State Highway 51 and State Highway 53 west of Gurdon, a County Road will cross the Missouri Pacific Railroad Company's main line at grade at a point between and beneath dual railroad overpass structures on INTERSTATE HIGHWAY 30, and

WHEREAS, an investigation indicates that this crossing will be hazardous and installation of automatic grade crossing protection is required,

NOW, THEREFORE, the Director is authorized to proceed at the appropriate time with the installation of flashing light signals at an estimated cost of \$8,000.00, subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation without cost to the State.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

64-322 In CRITTENDEN COUNTY on INTERSTATE HIGHWAY I-40 for a bridge over the Mississippi River near Memphis:

WHEREAS, on Monday, August 24, 1964, the Chairman of the Arkansas Highway Commission; Mr. C. L. Denton, Jr., member of the Commission, and members of the Highway Department staff met with the Commissioner for the Tennessee Department of Highways and members of his staff for discussion of the proposed bridge, and signed a preliminary agreement which included the basic points of understanding to be incorporated in a more complete Two-State Agreement; copy of the preliminary agreement is attached and made a part of this minute order; and

WHEREAS, at this same meeting, the State of Tennessee proposed that the engineering firm of Hazelet and Erdal would be the consulting engineers for the project, subject to the submission of a satisfactory fee; and

WHEREAS, the Arkansas Highway Commission concurred in this selection; and

WHEREAS, the above two actions were taken, subject to approval by the Bureau of Public Roads;

NOW THEREFORE, the actions of the Chairman and the Acting Director in this matter are ratified in all respects.

64-323 In IZARD ANP STONE COUNTIES on STATE HIGHWAY 5 at Calico Rock: WHEREAS, Minute Order 64-121 authorized the development of plans for stage construction of a bridge across the White River; and

WHEREAS, substructure plans for this bridge have been completed; and

WHEREAS, due to limited funds available stage construction of this bridge will be in the public interest.

NOW THEREFORE, the Director is authorized to proceed with the construction of the substructure for this White River Bridge at an estimated cost of approximately \$125,000.

This action is subject to program approval by the Bureau of Public Roads, and the furnishing of right-of-way free of cost to the State.

64-324 WHEREAS, the Texarkana urban area, as defined by the Federal Bureau of the Census, lies in two States and is required to have a comprehensive and continuing urban transportation plan, as provided in the Federal Highway Act of 1962, in order to qualify highway projects for Federal Aid after July 1, 1965; and,

WHEREAS, the sister Cities of Texarkana, Texas, and

Texarkana, Arkansas, have cooperated in joint planning programs in the past through a Joint Planning Commission; and,

WHEREAS, the City of Texarkana, Arkansas, has requested State participation in a comprehensive and continuing urban transportation plan, as provided in the Federal Highway Act of 1962, in order to serve the future needs of an expanding community and to provide information on which the routing and design of freeways, expressways, and arterial streets within the urban area of Texarkana may be better established; and,

WHEREAS, the Texas Highway Commission has received a similar request from Texarkana, Texas, and subsequently authorized the Texas Highway Department to enter into an agreement with that City, by Minute Order 54901 dated July 31, 1964; and,

WHEREAS, it is the established policy of the State Highway Department to cooperate with the Cities of Arkansas in transportation planning; and,

WHEREAS, it is also the established practice of the Arkansas Highway Department to cooperate with adjoining States in joint projects; and,

WHEREAS, a preliminary meeting of representatives of the two Cities, the Joint Planning Commission, and the two highway departments resulted in agreements, subject to approval and authorization by proper administrative actions, covering the following points:

1. Study Area -- The tentative boundaries were established;
2. Procedures and Scope -- A preliminary prospectus was developed;
3. Total Cost -- A preliminary estimate was made for the entire Study Area of \$100,000, based on the work being accomplished as one project;
4. Division of Cost -- Based on the 1960 Census of the urban areas in the two States included in the Study Area, which showed the percentage that this urban population is of the combined urban population of the area in the two States to be approximately as follows:

Texas	62%
Arkansas	38%,

costs are to be shared based on the ratio of population shown above;

5. Administration -- The Texas Highway Department will establish a Study Office and select the engineer to be in charge; The Arkansas Highway Department will provide the liaison and assistance needed in the Study;

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to execute, for and in behalf of the Arkansas State Highway Commission, an agreement with the appropriate local governments to

plan, conduct, and participate to the extent of thirty-eight percent (38%) of the total estimated cost of \$100,000 in the Texarkana Urban Area Transportation Study; and

IT IS FURTHER ORDERED that the Director enter into an agreement with the Texas Highway Department for the work, such agreement setting out in detail the extent and limits of the work to be accomplished, establishing practical operating arrangements and providing for reimbursement by the Department for the Arkansas share of the actual costs as described hereinbefore.

This action is subject to the following conditions:

1. Approval by the Bureau of Public Roads and participation in the cost of the study at the current applicable ratio of Federal funds to State funds for Highway Planning and Research activities.
2. Consummation of properly executed agreements satisfactory to the Department, the Bureau of Public Roads, and the local governments.

64-325 In PULASKI COUNTY on the STATE CAPITOL GROUNDS:

WHEREAS, the Final Estimate Section of the Construction Division is located in three separate offices, two in the Central Office Building and one in a rented office downtown; and

WHEREAS, the efficiency of the Final Estimate Section and the Construction Division can be increased by concentrating the Final Estimate Section into one office; and

WHEREAS, space is available in the old laboratory of the Materials and Tests Building which can be remodeled into an office, with a floored storage space for the General Services Division above the office space;

NOW, THEREFORE, the Director is authorized to proceed with the plans by staff forces and construction by Purchase Order Contract, from the Building Reserve Fund, at an estimated cost of \$7,750.00.

64-326 In YELL COUNTY on STATE HIGHWAY 10, Section 3:
WHEREAS, it has become necessary for the City of Danville to expand their water supply; and

WHEREAS, the City desires to construct a run-of-the-river overflow dam across Petit Jean River, partially on highway right-of-way, upstream from Bridge No. 1118;

NOW THEREFORE, the Director is hereby authorized to grant authorization to the City of Danville to construct the overflow dam subject to the following conditions:

1. That the dam be constructed, operated, and maintained in a condition satisfactory to the State Highway Department.

2. That, prior to construction, the Department District Engineer be notified, and construction methods and finished results shall meet with his full approval.
3. That the City assume full liability for any hazard to traffic created by construction operations.
4. That the City absorb all costs of the initial construction and bear all costs of future damage repairs and extra maintenance costs occasioned by the effects of the dam; and should future highway improvements require the removal or alterations of the facilities covered herein the necessary work involved will be accomplished by the City of Danville without cost to the Department.
5. That the City save the Arkansas State Highway Commission harmless in all respects.
6. That the conditions of this Minute Order be accepted by the City of Danville.

64-327 WHEREAS, in CROSS COUNTY at the District No. 1 Headquarters in Wynne, there is need for additional Stock Room space, and,

WHEREAS, there is sufficient space to extend the present office to the south,

IT IS ORDERED that the Director be authorized to construct a 30' x 34' addition, as a Building Project, at an estimated cost of \$15,000.00.

64-328 WHEREAS, the increase in Maintenance Operations makes it desirable that an Area Headquarters be established in the vicinity of West Fork, Washington County, and,

WHEREAS, Messrs. Thomas M. McCorkle, Jr. and T. L. McKnight of West Fork have offered to sell to the Commission a suitable site, consisting of 3.0 acres on the west side of US 71, one mile north of West Fork, for \$3,000.00,

IT IS ORDERED that the Director be authorized to complete all details necessary for the transfer of title and the construction of buildings, fences and appurtenances necessary for a complete Headquarters facility, as a Building Project, at an estimated cost of \$30,000.00.

Land to be acquired after appraisal and approval by the Right-of-Way Division, at a fair price considering special use.

64-329 In CRAIGHEAD COUNTY on STATE HIGHWAY 18, Section 4, from Jonesboro to Nettleton, a distance of 2.91 miles, the Director is authorized to level up and resurface the existing pavement with Sand Asphalt Surface Course, as a Betterment Project, at an estimated cost of \$16,500.00.

Work to be done by Purchase Order Contract and Maintenance

Forces.

- 64-330 In CROSS COUNTY on STATE HIGHWAY 42, Section 2, from the Jackson County line to Hickory Ridge, a distance of 2.45 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface, as a Betterment Project, at an estimated cost of \$35,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-331 In GARLAND COUNTY on US 70, Sections 8 and 9, in Hot Springs, the Director is authorized to resurface Grand Avenue from Third Street to Bernhardt Street, with Asphaltic Concrete Hot Mix Surface Course and Leveling Course, as a Betterment Project, at an estimated cost of \$97,400.00.

Work to be done by Purchase Order Contract.

- 64-332 In PERRY COUNTY on State Highway 216, Section 1, from State Highway 9 - Northeast, a distance of 7.24 miles, the Director is authorized to supplement the Allotment, covered by Minute Order 64-166 (Job 8-513), to construct Minor Drainage Structures which were not anticipated in the original request, in the amount of \$35,000.00 from Betterment Funds.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-333 In RANDOLPH COUNTY on STATE HIGHWAY 304, Section 1, from US 67 - East, a distance of 4.00 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface, as a Betterment Project, at an estimated cost of \$66,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

- 64-334 In SEBASTIAN COUNTY on STATE HIGHWAY 45, Section 1, from US 71 to State Highway 253, a distance of 3.11 miles, the Director is authorized to construct Base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$13,500.00.

Work to be done by Maintenance Forces.

- 64-335 In SEBASTIAN COUNTY on STATE HIGHWAY 252, Section 1, from Huntington - West to State Highway 45, a distance of 4.86 miles, the Director is authorized to construct Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$12,200.00.

Work to be done by Maintenance Forces.

- 64-336 In SEBASTIAN COUNTY on State Highway 255, Section 2, from State Highway 22 to State Highway 96 at Lavaca, a distance of 4.76 miles, the Director is authorized to construct Grading, Base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$10,600.00.

Work to be done by Maintenance Forces.

- 64-337 In WHITE COUNTY on STATE HIGHWAY 5, Section 14, from Hammons ville - North, the Director is authorized to supplement Minute Order 5009 (Special Project 5-123), which was approved on April 24, 1963, in the amount of \$4,760.00, to construct Double Bituminous Surface Treatment, as a Betterment Project.

- 64-338 St. Francis County, Job No. 11722, Becks Road-Forrest City Surfacing, FAP I-40-5(38)238. The contract for the construction of approximately 5.595 miles of Grading, Selected Material, P.C. Stab. Base, P.C. Conc. Pavement (10" U.T.), Gravel Base with Double Bit. Surf. Tr'mt. on Shoulders, Erosion Control and other Misc. Items on the Little Rock-West Memphis Interstate Road near Forrest City, Interstate 40, Section 5, is awarded to Rea Construction Company of Charlotte, North Carolina on their low bid of \$1,387,024.53, subject to the concurrence of the Bureau of Public Roads and the compliance with all Federal and State Laws in connection with the execution of the contract.

- 64-339 St. Francis County, Job No. 11723, Forrest City-Hwy. 38 Surfacing, FAP I-40-5(39)243. The contract for the construction of approximately 5.557 miles of minor grading, selected material, P.C. Stab. Base Course, P.C. Conc. Pavement (10" U.T.), Gravel Base & Double Bit. Surf. Tr'mt. (Shoulders), Erosion Control & Misc. Items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to T. L. James & Company, Inc., of Ruston, Louisiana on their low bid of \$1,326,635.83, subject to the concurrence of the Bureau of Public Roads.

- 64-340 Sebastian County, Job No. 4524, Oklahoma Line-Hartford, FAP S-319(2). The contract for the construction of approximately 3.768 miles of Grading, Minor Drainage Strs., Crushed Stone Base, Double Bit. Surf. Tr'mt. on Rdwy. Surf., Single Bit. Surf. Tr'mt. on Shoulders, One R.C. & Str. Steel I-Beam Span Bridge (62.17 Ft.), Two R.C. Slab Span Bridges (149.0 Ft. Total) and other Misc. Items on the Oklahoma Line-Hartford Road, State Highway 96, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$236,349.00.

- 64-341 Saline & Pulaski Counties, Job No. 6825, US 167 Interchange-South Terminal Interchange Signing, FAP F-025-2(16). The contract for the construction of one Roadside Mounted Guide Sign and Four

Overhead Signs on the new Little Rock-Pine Bluff & Sheridan Road, US Highway 65, Sections 12 & 13, is awarded to Interstate Sign Erectors, Inc., of Little Rock, Arkansas on their low bid of \$30,989.00, subject to the concurrence of the Bureau of Public Roads.

64-342 Columbia County, Job No. 7607, Taylor-Dorcheat Creek, FAP S-490(3). The contract for the construction of approximately 3.311 miles of Grading, Minor Drainage Strs., P.C. Stab. Base (Alt. #1), Bit. Stab. Base (Alt. #2), Gravel Base Crse. (Alt. #3); Db1. Bit. Surf. Tr'mt; One R.C. Slab Span Bridge (75.0 Ft. length) & Misc. Items on the Taylor-Macedonia Road, State Highway 160, Section 3, is awarded to R. H. Davis Bridge Co., Inc. & R. H. Davis Construction Co., Inc., of Stamps, Arkansas on their low bid of \$121,982.32 (Alt. 3).

64-343 Chicot County, Job No. C-9-7, Macon Lake Bridge, FAP S-1217(1). The contract for the construction of approximately 0.170 mile of Gr., Gravel Surf. Crse., One R.C. & Str. Steel I-Beam Span Bridge (402.17 Ft. Total) & Other Misc. Items on the Hwy. 65-Macon Lake County Road (Bowman Road), County Road, Section FAS Rt. 2159, is awarded to Southeast Construction Co., Inc., of Pine Bluff, Arkansas on their low bid of \$83,951.95, subject to the concurrence of the Chicot County Judge.

64-344 Crittenden County, Job No. C-18-105, Big Creek Bridge, FAP S-814(12). The contract for the construction of one Prestressed Precast Slab Span Bridge (162.17 Ft. Length) and Minor Related Items on the Earle-Heafer Road, County Road, Section FAS Rt. 1959, is awarded to John M. Smith of Little Rock, Arkansas on his low bid of \$33,954.17, subject to the concurrence of the Crittenden County Judge.

64-345 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., Wednesday, September 16, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its ninth meeting in Little Rock, Arkansas on September 16, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 28, 1964

The following is the record of the proceedings of the tenth meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on October 28, 1964. The following members were present:

Wayne Hampton	Chairman
Truman Baker	Vice-Chairman
Armil Taylor	Member
John W. Harsh	Member
C. L. Denton, Jr.	Member

64-346 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., October 28, 1964.

64-347 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-263 and 64-264 at the regular meeting of the Commission on July 22, 1964 and on which awards were made by Minute Orders 64-339 through 64-344 at the regular meeting of the Commission on September 16, 1964.

64-349 WHEREAS, the Purchasing Committee has awarded purchases on September 21, 28 and October 5, 12, 19 and 26, 1964 in the amounts of \$67,951.92, \$207,865.71, \$133,200.82, \$81,722.87, \$60,538.00 and \$314,317.18, respectively, totaling \$865,596.50, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the

Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

A motion was made by Mr. Taylor, seconded by Mr. Denton and unanimously carried to adopt the following resolution:

64-350 GLENN F. WALLACE, a former member and Chairman of the Arkansas State Highway Commission, passed away on October 13, 1964.

With his passing the State of Arkansas lost one of its most loyal, progressive, and public spirited supporters. One of the original members of the Highway Commission, as constituted under the Mack-Blackwell amendment in 1953, he became the first person to have the distinction of serving out a full ten-year term. He served as Chairman of the Commission in 1957 and 1958 and as Vice-Chairman in 1962.

In addition to his outstanding record in behalf of an improved Highway System, he made valuable and lasting contributions to the betterment and improvement of the livestock and agricultural industries in Arkansas and the nation. His leadership and untiring efforts were instrumental in the elevation of the annual Arkansas Livestock Exposition to one of the finest in the world.

NOW THEREFORE, as an expression of our admiration and respect for GLENN F. WALLACE and in grateful recognition of his contribution to his beloved State we order this resolution spread on the records of this Department and that a copy be furnished to his wife, Sarah Wallace.

64-351 In BOONE COUNTY on HIGHWAY US 65 and US 65 BYPASS

WHEREAS, this land is described as follows:

All of Lots Eight (8), Ten (10), Twelve (12), Fourteen (14), Six-teen (16) and Eighteen (18) in Block Twenty-four (24) of the Original Town of Harrison, Arkansas, not lying within the Highway 65 right-of-way; and also a part of Lot Fifteen (15) in said Block Twenty-four (24) described as beginning at the Southwest corner thereof, run thence North to the Northwest corner thereof, thence in a Southeasterly direction to a point on the South line of said Lot Fifteen (15) which is eighteen feet East from the point of beginning, thence West to the point of beginning. Subject to easements of water and sewerlines, if any.

A part of the Southeast quarter of the Southeast quarter, Section 4, Township 18 north, Range 20 west, more particularly

described as follows: Starting at the Southeast corner of said section, run thence North along the East line of said section 92 feet, thence West to the East right-of-way line of the Arkansas and Ozarks Railway right-of-way for the real point of beginning, thence Northerly along said East right-of-way line to a point 144 feet North 74 feet West of the Southeast corner of said Section 4, thence West 50 feet to the center of said Arkansas and Ozark Railway right-of-way, thence Southerly with the center of said right-of-way to a point directly west of the point of beginning thence East to the point of beginning, said lands being that part of the Arkansas and Ozark Railway Corporation reverting to the adjacent land owners upon abandonment of the railroad.

A part of the Southeast quarter of the Southeast quarter, Section 4, Township 18 North, Range 20 West, more particularly described as follows: Beginning at the Southeast corner of Section 4, run thence North along the East line of Section 4, a distance of 60 feet, thence West 74 feet more or less to the East right-of-way line of the Arkansas and Ozarks railway right-of-way for the real point of beginning, thence West 50 feet to the center of said right-of-way, thence southerly with the center of said right-of-way to the section line between Sections 4 and 9, thence East along said section line 50 feet more or less to the East right-of-way line of said railroad right-of-way, thence North along the East line of said right-of-way to the real point of beginning, said lands being a 50 foot strip of land and that part of the Arkansas and Ozarks Railway Corporation reverting to the adjacent land owners upon abandonment of the railroad.

Part of the Southeast Quarter of the Northeast Quarter of Section 9, Township 18 North, Range 20 West, Boone County, Arkansas, more particularly described as follows: Starting at the Southeast corner of the Southeast Quarter of the Northeast Quarter of Section 9; thence North $0^{\circ} 11'$ West along the East line thereof a distance of 532.9 feet to a point on the existing Southerly right-of-way line of US Highway No. 65; thence in a Southwesterly direction along said existing right-of-way line a distance of 180 feet, more or less, to the point of beginning; thence continue in a Southwesterly direction along a curve right, having a radius of 766.2 feet a distance of 92.8 feet to a point on the existing Northerly right-of-way line of Nicholson Avenue; thence North $82^{\circ} 53'$ West along said existing right-of-way line a distance of 20.2 feet to its point of intersection with the existing southerly right-of-way line of US Highway No. 65; thence in an Easterly direction along said existing right-of-way line on a curve left, having a radius of 756.2 feet a distance of 106.8 feet to a point; thence South $30^{\circ} 01'$ East a distance of 10.0 feet to the point of beginning and containing 0.02 acre.

WHEREAS, these parcels of land were acquired by the Urban

Renewal Agency of the City of Harrison in the general Urban Renewal Plan for the community; and

WHEREAS, the Urban Renewal Agency feels that said lands, as described in description, should be donated to the Arkansas State Highway Department for highway purposes and that said lands have no value to the Urban Renewal Agency project for any other purpose;

WHEREAS, URBAN RENEWAL AGENCY OF THE CITY OF HARRISON by Resolution No. 98, dated April 28, 1964, deeded to the Arkansas State Highway Department by Quitclaim Deed the said lands as described without cost to the State.

NOW THEREFORE, IT IS AUTHORIZED AND DIRECTED that the Chairman of the Arkansas State Highway Commission accept with thanks and deep gratitude, the lands offered by the Urban Renewal Agency of the City of Harrison, Arkansas.

64-352 WHEREAS, the Arkansas State Police has requested the Publicity and Parks Commission, the Department of Revenues, the Department of Education and the State Highway Commission to join with them in sharing the cost of publishing 50,000 Driver's License Manuals; and,

WHEREAS, the Driver's License Manual is a valuable booklet for the education of new and prospective drivers and for the improvement of drivers of all ages; and,

WHEREAS, it is in the best interest of the Highway Commission and the Highway Department to cooperate fully in efforts to improve the quality and driving skills of our State's drivers;

NOW, THEREFORE, the Director is authorized to join with the above listed Departments and to participate in the cost of publishing 50,000 copies of the Driver's License Manual at a cost to the Department not to exceed \$1,100.00.

64-353 WHEREAS, in CALHOUN COUNTY on STATE HIGHWAY 203, Section 1, from Hampton to State Highway 274, bids were invited under Purchase Order Contract procedure for the placing of Precast Caps and Slabs on 5 bridges, with one bid received for opening on September 17, and,

WHEREAS, the Purchasing Committee, on September 21, recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Special Project 7-515, be awarded to Choctaw, Inc., of Little Rock on their bid of \$41,280.76.

64-354 In CONWAY COUNTY on STATE HIGHWAY 113, from Morrilton - West, bids were invited under Purchase Order Contract procedure for Asphaltic Concrete Hot Mix Surface Course, with three bids received for opening on October 22, 1964, and,

WHEREAS, the Purchasing Committee, on October 26, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 8-516, be awarded to Ben M. Hogan Company on their low bid of \$43,246.50.

64-355 WHEREAS, in GARLAND COUNTY on US 70 in Hot Springs (Grand Avenue), bids were invited under Purchase Order Contract procedure for the resurfacing of the existing pavement with Asphaltic Concrete Hot Mix Base and Surface Course, with two bids received for opening on October 1, 1964, and,

WHEREAS, the Purchasing Committee on October 5 recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 6-518, be awarded to the Mid-State Construction Company of Malvern on their low bid of \$87,804.15.

64-356 WHEREAS, at the Area Headquarters Building at Hope there is need for additional space for the Resident Engineer's office, and,

WHEREAS, a suitable plan has been developed to extend the present building to provide this space,

IT IS ORDERED that the Director be authorized to construct this addition to the existing building, in accordance with the attached plan, as a Building Project, at an estimated cost of \$13,250.00.

Construction to be done by Purchase Order Contract.

64-357 WHEREAS, at the District Headquarters at Hope there is need for a Paint Shop, and,

WHEREAS, a suitable plan has been developed for this building,

IT IS ORDERED that the Director be authorized to construct a Paint Shop on the District Headquarters lot, in accordance with the attached plan, as a Building Project, at an estimated cost of \$28,000.00.

Construction to be done by Purchase Order Contract.

64-358 WHEREAS, in JEFFERSON COUNTY bids were invited under Purchase Order Contract procedure for the construction of an addition

to the District Shop Building for a Paint Shop, with three bids received for opening on October 1, 1964, and,

WHEREAS, the Purchasing Committee, on October 5, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 2-183-B, be awarded to the Arthur J. Arney Company of Pine Bluff on their low bid of \$24,400.00.

64-359 WHEREAS, in POPE COUNTY at the District No. 8 Headquarters, bids were invited under Purchase Order Contract procedure for the construction of an addition to an existing Metal Shop Building, with four bids received for opening on August 20, 1964, and

WHEREAS, the Purchasing Committee, on October 26, recommended that the low bid be accepted, subject to approval of the Shop Drawings and Foundation Plan,

IT IS ORDERED that this job, designated as Special Project 8-133-B, be awarded to Deevers Construction Company of Russellville on their low bid of \$29,997.50, if it meets the above conditions.

64-360 In WHITE COUNTY on US 64, from the Faulkner County line to Barrentine Corner, bids were invited under Purchase Order Contract procedure for the resurfacing of selected sections, with four bids received for opening on October 22, 1964, and

WHEREAS, the Purchasing Committee, on October 26, recommended that the low bid be accepted,

IT IS ORDERED that this job, designated as Special Project 5-508, be awarded to the Southeast Construction Company of Pine Bluff on their low bid of \$51,783.10.

64-361 In ARKANSAS COUNTY on STATE HIGHWAY 17, Section 0, the Director is authorized to replace four old timber bridges with Precast Units, as a Betterment Project, at an estimated cost of \$35,400.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-362 In CLARK COUNTY on Institutional Road 874, Section 1, Henderson State Teachers College Drives, the Director is authorized to resurface the existing pavement with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$10,100.00.

Work to be done by Purchase Order Contract.

64-363 In DREW COUNTY on STATE HIGHWAY 138, Section 3, from State Highway 4 to a point 2-1/2 miles north, the Director is authorized to construct Grading, Minor Drainage Structures, Base Course and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$32,600.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-364 In LINCOLN COUNTY on STATE HIGHWAY 54, Section 3, from Garnett-East, a distance of 4 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$36,900.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-365 In LINCOLN COUNTY on STATE HIGHWAY 54, Section 6, at Sanders Creek, the Director is authorized to replace three old deteriorated bridges with Precast Units (Total Length 155 Lin. Ft.), as a Betterment Project, at an estimated cost of \$22,000.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-366 In MISSISSIPPI COUNTY on STATE HIGHWAY 18, Section 5, at Manila, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$10,000.00.

Work to be done by Maintenance Forces and Purchase Order Contract.

64-367 In MISSISSIPPI COUNTY on Institutional Road 817, Section 1, from Keiser to the Experiment Station, a distance of 0.83 mile, the Director is authorized to place Base and Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$12,000.00.

Work to be done by Maintenance Forces.

64-368 In MISSISSIPPI COUNTY on STATE HIGHWAY 18B, Section 5B, in Manila, the Director is authorized to construct Grading, Base and Double Bituminous Surface Treatment on this connection (Length 0.38 Mile), as a Betterment Project, at an estimated cost of \$9,000.00.

Work to be done by Maintenance Forces.

64-369 In MISSISSIPPI COUNTY on STATE HIGHWAY 312, Section 1, between State Highway 18 and Interstate 55, the Director is authorized to reconstruct one bridge (62 Lin. Ft.), as a Betterment Project, at an estimated cost of \$3,000.00.

Work to be done by Maintenance Forces.

64-370 In MISSISSIPPI COUNTY on STATE HIGHWAY 148, Section 2, between State Highway 181 and Interstate 55, the Director is authorized to reconstruct the Drainage Ditch Bridge (Length 72 feet), as a Betterment Project, at an estimated cost of \$5,000.00.

Work to be done by Maintenance Forces.

64-371 In POLK COUNTY on STATE HIGHWAY 246, Section 0, from Hatfield to the Oklahoma State Line, a distance of 5.95 miles, the Director is authorized to construct Grading, Minor Drainage Structures, Base and Double Bituminous Surface Treatment, as a Betterment Project, at an estimated cost of \$35,500.00.

Work to be done by Purchase Order Contract and Maintenance Forces.

64-372 In WHITE COUNTY on US 64, Section 10, from the Faulkner County line to Barrentine Corner, a distance of approximately 12 miles, the Director is authorized to resurface 5.5 miles of selected sections with Asphaltic Concrete Hot Mix Surface Course, as a Betterment Project, at an estimated cost of \$63,500.00.

Work to be done by Purchase Order Contract.

64-373 WHEREAS, in LAFAYETTE COUNTY on US 82 between Stamps and Buckner, the Arkansas Power and Light Company has offered to lease to the Department a suitable site for a roadside park, containing 0.46 acres, with the lease to run for a period of 25 years, and,

WHEREAS, Minute Order 3425, approved September 30, 1959, authorized the Department to acquire roadside park sites in this manner,

IT IS ORDERED that the Director be authorized to execute the attached Lease with the Arkansas Power and Light Company for this property, for a period of 25 years and to establish a roadside park on the site.

64-374 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Project, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way; and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, in nine sheets, which includes 43 items of work for improvements on the

Federal Aid Primary System of State Highways, at an estimated cost of \$47,261,420, be added to and made a part of the Long-Range Primary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads.

64-375 WHEREAS, it is the policy of the Highway Commission to maintain a Long-Range Program of Highway Construction Projects, whereby ample lead time is available for necessary route studies, surveys, development of proper designs, completion of final plans, and acquisition of right of way; and

WHEREAS, a sufficient number of projects previously programmed have been placed under contract to justify authorization of an additional increment of proposed construction items,

NOW, THEREFORE, IT IS ORDERED that the attached list, in 16 sheets, which includes 108 items of work for improvements on the Federal Aid Secondary System of State Highways, at an estimated cost of \$39,827,850, be added to and made a part of the Long-Range Secondary Construction Program; and the Director is authorized to proceed with surveys, preparation of plans, and construction, as funds are available, giving due consideration first to projects previously authorized. This action is subject to the approval of each individual program item by the Bureau of Public Roads and to right of way being furnished in accord with previously stated right of way policies.

64-376 In CHICOT COUNTY on HIGHWAY 52 from the Ashley County line east of Wilmot to the junction with Highway 159, a distance of approximately 10.1 miles, the Director is authorized to proceed with construction, grading, drainage structures, base and double bituminous surfacing at an estimated cost of \$400,000.00.

This action is subject to the furnishing of right-of-way free of cost to the State, and program approval by the Bureau of Public Roads.

64-377 In CONWAY COUNTY, for a future crossing of the Arkansas River, the Director is authorized to certify to the Corps of Engineers-US Army, through the Bureau of Public Roads, that a bridge and highway are needed and desired across proposed Lock and Dam Number 9 on the Arkansas River; and to request that the design for the lock and dam include the provisions for the future bridge foundations.

The Director is further authorized to negotiate a contract with the Corps of Engineers covering payment by the Department of the additional cost of design and construction work necessary to provide foundations for a future highway bridge crossing at an estimated cost of approximately \$33,000.00.

64-378 In CLARK COUNTY on Highway 26-S-5, from the junction of Interstate Route 30 at the Gum Springs Interchange southeast to the junction of US 67 at Gum Springs, a distance of approximately 1.80 miles:

WHEREAS, MINUTE ORDER 64-238 recognized this segment of State Highway 26 as a part of the Federal Aid Secondary system and required that the necessary right-of-way for the construction of this segment be furnished free-of-cost to the State, and

WHEREAS, this segment of State Highway 26 has now been deleted from the Federal Aid Secondary system and incorporated into the Federal Aid Primary system, thereby permitting right-of-way acquisition under procedures established for Primary highways,

NOW, THEREFORE, it is ordered that the stipulation of MINUTE ORDER 64-238 requiring that the necessary right-of-way be furnished free-of-cost to the State be rescinded and that right-of-way acquisition be accomplished in accordance with previously stated policies for Primary highways. Except as modified herein, all provisions of Minute Order 64-238 will remain in full force and effect.

64-379 WHEREAS, administrative officials of the City of Pine Bluff have petitioned the Arkansas State Highway Commission to participate and cooperate in a comprehensive Pine Bluff Urban Area Transportation and Community Development Study; and,

WHEREAS, the Bureau of Public Roads, through recent memoranda, encouraged the State Highway Departments to use funds allocated for Highway Planning and Research purposes to participate in and cooperate with the local governmental units of urban areas in studies essential for the planning and development of an integrated street and highway network to efficiently and effectively serve the present and future traffic and transportation needs of urban areas; and,

WHEREAS, Section 9 of the Federal-Aid Highway Act of 1962 requires that after July 1, 1965, the Secretary of Commerce shall not approve any program for projects in any urban area of more than fifty thousand population unless he finds that such projects are based on a continuing comprehensive transportation planning process carried on cooperatively by States and local communities; and,

WHEREAS, the local governments in their proposal have estimated the total project cost at approximately \$150,000, one-half of which, or \$75,000, they have agreed to furnish by matching Federal Housing and Home Finance Agency funds for the Land Use and Community Planning phase of the Study; and,

WHEREAS, preliminary discussions and investigations indicate

that the Proposal for the Study has sufficient merit and justification to warrant participation and cooperation by the Department to the extent of about one-half of the total project cost, or approximately \$75,000 for the Transportation Planning phase of the Study;

NOW THEREFORE, IT IS ORDERED that the Director be authorized to execute, for and in behalf of the Arkansas State Highway Commission, an agreement with the local governments to plan, conduct, and participate to the extent of one-half the total estimated cost of \$150,000 in the Pine Bluff Urban Area Transportation and Community Development Study.

This action is subject to the following conditions:

1. Approval by the Bureau of Public Roads and participation in the cost of the study at the current applicable ratio of federal funds to state funds for Highway Planning and Research activities.
2. Consummation of properly executed agreements satisfactory to the Department, the Bureau of Public Roads, City Planning Division, University of Arkansas and the local governments.

64-380 In JOHNSON COUNTY on STATE HIGHWAY 103, Section 0: WHEREAS, on a former county road, that was added to the State Highway System by Minute Order 5013, the Johnson County Judge had previously entered into an agreement with the Corps of Engineers for the construction of necessary alterations of the section of the route involved in the Dardanelle Reservoir Project; and

WHEREAS, the Corps of Engineers has expressed a desire to modify their agreement with the Johnson County Judge and enter into a lump sum agreement in the amount of \$30,000 with the Highway Department for constructing the necessary alterations to the 1/4 mile section of State Highway 103 involved in the reservoir; and

WHEREAS, under the circumstances involved this is considered to be a fair and reasonable settlement;

NOW THEREFORE, the Director is authorized to negotiate an agreement with the Corps of Engineers whereby the Department will be responsible for constructing the necessary alterations subject to reimbursement in a lump sum amount of \$30,000.

Upon execution of the contract with the Corps of Engineers the Director is authorized to proceed with the construction of the necessary alterations to current secondary standards at an estimated cost of \$35,000.

The Director is further authorized to execute the necessary flowage easements involved on highway right-of-way.

64-381 WHEREAS, in LINCOLN COUNTY, on State Highway 11,

Section 2, in the CITY OF STAR CITY, the old routing of traffic and parking caused much congestion and hazard on the streets and highways leading on and off the public Square, and

WHEREAS, due to the location of a factory and a heavy increase in traffic, the City designated one-way movement of traffic for Highway 11 around the Square, and

WHEREAS, the City has removed the old Courthouse from the area and has constructed a parking lot to absorb the loss in parking from changing angle to parallel parking around the Square, and

WHEREAS, the Department has determined that the one-way plan has considerable merit and when properly signed and designated will operate to the overall advantage of the City of Star City and the traveling public,

NOW, THEREFORE, the Director is hereby authorized to proceed with installation of proper signs to conform with the one-way movement around the City Square in accord with the attached sketch, which is made a part of this Order.

64-382 In PULASKI COUNTY for a frontage road on Interstate Highway I-30 on the Little Rock South Bypass, Richard C. Butler is authorized to construct a section of frontage road approximately 1600 feet in length along the south side of Interstate Highway 30 from 65th Street westward, subject to the following conditions:

Plans and supervision of construction to be by the Arkansas State Highway Department.

Costs for engineering and construction to be paid for by the developer.

Additional right-of-way that may be required to be furnished free of cost to the State.

Performance bond, in the estimated amount of cost for the work, to be furnished by the developer prior to the beginning of work.

Though no Federal Funds are involved, this action is subject to approval by the Bureau of Public Roads.

64-383 Monroe County, Job No. 11598, Robe Bayou-East Grading & Structures, FAP I-40-4(13)209. The contract for the construction of approximately 3.562 miles of Grading, Minor Drainage Strs. & other misc. items throughout project; Crshd. Stone Surface on County & Frontage Roads; and 6-R.C. & Str. Steel I-Beam Span Bridges (3181.04' total length) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of

\$2,291,046.51, subject to the concurrence of the Bureau of Public Roads.

- 64-384 Crittenden County, Job No. 11669, Shearerville-Lehi Grading & Structures, FAP I-40-5(32)266. The contract for the construction of approximately 4.868 miles of Gr., Mr. Dr. Strs., Lime-treated Sub-grade, Gravel Base Crse., Db1. Bit. Surf. Tr'mt., 2 Composite I-beam Span U'pass Strs. (432.64 ft. Tot. Lgth.); 2 Composite I-beam Span O'pass Strs. (226.34 ft. tot. lgth.); 11 R.C. Slab Span Brs. (825.0 ft. tot. lgth.) & other misc. items on the Little Rock-West Memphis Interstate Road, Interstate 40, Section 5, is awarded to McGeorge Contracting Company, Inc., of Pine Bluff, Arkansas and E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$1,291,256.16, subject to the concurrence of the Bureau of Public Roads.
- 64-385 Lee County, Job No. 11685, Smiths Corner-Holub, FAP S-265(3). The contract for the construction of approximately 5.014 miles of Grading, Minor Drainage Structures, Gravel Base Course, Double Bit. Surface Treatment, Two Bridge-Length Culverts (44.16 ft. total span) and other misc. items on the Jct. US 79 to Holub Road, State Highway 121, Section 2, is awarded to Moro, Inc., of Warren, Arkansas on their low bid of \$193,692.27.
- 64-386 St. Francis County, Job No. 11687, Jct. Hwy. 50-North Bridges & Approaches, FAP S-470(1) & Corps of Engineers Contract No. DA-40-041-CIVENG-65-1. The contract for the construction of approximately 2.479 miles of Grading, Minor Drainage Structures, Gravel Surface, Three Reinforced Concrete Slab Span Bridges (344' total lgth.) and other misc. items on the Greasy Corner-Hwy. 70 Road, State Highway 357, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$177,117.22, subject to the concurrence of the Corps of Engineers.
- 64-387 Arkansas County, Job No. 2678, Cypress Bayou Bridge and Approaches, FAP S-276(3). The contract for the construction of approximately 0.490 mile of grading, gravel base course, double bituminous surface treatment, one prestressed precast slab span bridge (310.3 ft. length) and other misc. items on Gillette-Tichnor Road, State Highway 44, Section 1, is awarded to W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$129,736.74.
- 64-388 Hempstead & Nevada Counties, Job No. 3576, Blevins-Jct. Hwy. 19, FAP S-98(3). The contract for the construction of approximately 9.065 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and other misc. items on the Blevins-Antoine Road, State Highway 29, Sections 4 and 5, is awarded to H. C. Cathey, Inc., of Camden, Arkansas on their low bid of \$236,972.72.

- 64-389 Independence County, Job No. 5513, North Pleasant Plains-North Reconstruction, F-027-1(6). The contract for the construction of approximately 5.385 miles of Gr., Mr. Dr. Strs., Plant Mixed Crshd. Stone Base & Asph. Treated Plant Mixed Crshd. Stone Base Crse., Bit. Surf. Tr'mt. on Shldrs., ACHM Base & Surf. Crses., 1 Composite I-Beam Span Br. (225.16' tot. lgth.), 1 R.C. Slab Span Br. (150.0' tot. lgth.), Widening 1 R.C. Slab Span Br. (105.10' tot. lgth.) & other misc. items on the North Pleasant Plains-Batesville Road, US Highway 167, Section 17, is awarded to Ben M. Hogan Company, Inc., of Little Rock, Arkansas on their low bid of \$856,190.86, subject to the concurrence of the Bureau of Public Roads.
- 64-390 Independence County, Job No. 5543, Oil Trough-Newark, FAP S-273(3). The contract for the construction of approximately 3.987 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, One R.C. Slab Span Bridge (75.0 Ft. Total Lgth) and other misc. items on the Oil Trough-Newark Road, State Highway 122, Section 1, is awarded to Mississippi Valley Contracting Company, Inc., of Paragould, Arkansas on their low bid of \$184,495.40.
- 64-391 Stone & Izard Counties, Job No. 5559, White River Bridge Substructure, FAP S-89(3). The contract for the construction of Two End Bents, Eight Reinforced Concrete Footings and Piers and misc. related items for the substructure on 813.13 ft. (ultimate) bridge across the White River at Calico Rock, State Highway 5, Sections 16 and 17, is awarded to L. G. Barcus & Sons, Inc., of Kansas City, Kansas on their low bid of \$109,065.10.
- 64-392 Pulaski County, Job No. 6747, Jct. Hwy. 5-Lonoke Co. Line, FAP S-173(3). The contract for the construction of approximately 4.309 miles of Grading, Minor Drainage Structures, Plant Mixed Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Hwy. 5-Cabot Road, State Highway 89, Section 2, is awarded to Burrow-Clover Construction Company, Inc., of Malvern, Arkansas and Schmeckbro, Inc., of Sweet Home, Arkansas on their low bid of \$131,598.84.
- 64-393 Faulkner County, Job No. 8523, Enola-Cadron Creek Bridge, FAP S-301(3). The contract for the construction of approximately 5.308 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment and misc. items on the Enola-Quitman Road, State Highway 107, Section 1, is awarded to Southeast Construction Company, Inc., of Pine Bluff, Arkansas on their low bid of \$181,891.76.
- 64-394 Van Buren County, Job No. 8536, Morgantown-Northeast, FAP S-549(1). The contract for the construction of approximately 5.118 miles of Grading, Minor Drainage Structures, Crushed Stone Base

Course, Double Bituminous Surface Treatment and misc. items on the Morgantown-Higden Road, State Highway 92, Section 3, is awarded to D. F. Jones, Contractor, of Little Rock, Arkansas on his low bid of \$265,690.80.

- 64-395 Newton County, Job No. 9460, Edwards Junction-East, FAP FH-16-3(1). The contract for the construction of approximately 6.82 miles of Grading, Minor Drainage Structures, Subbase, Asphalt Treated Crushed Stone Base, Double Bituminous Surface Treatment and other misc. items on the Edwards Junction-East Road, State Highway 16, Section 7, is awarded to Forsgren, Inc., of Fort Smith, Arkansas on their low bid of \$351,322.25, subject to the concurrence of the Bureau of Public Roads.
- 64-396 Newton County, Job No. 9480, Yardelle-Western Grove, FAP S-266(5). The contract for the construction of approximately 3.529 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, Two Bridge Length Culverts (58.26 ft. total span) and misc. related items on the Yardelle-Western Grove Road, State Highway 123, Section 1, is awarded to F. H. Necessary & Son Construction Company, Inc., of Rogers, Arkansas on their low bid of \$166,203.74.
- 64-397 Newton County, Job No. 9481, Mount Sherman-Jasper, FAP S-524(1). The contract for the construction of approximately 5.370 miles of Grading, Minor Drainage Structures, Crushed Stone Base Course, Double Bituminous Surface Treatment and other misc. items on the Mount Sherman-Jasper Road, State Highway 74, Section 5, is awarded to Anchor Construction Company of Tulsa, Oklahoma on their low bid of \$244,744.15.
- 64-398 Lawrence County, Job No. 10682, Denton-Jct. US 63, FAP S-496(1). The contract for the construction of approximately 5.390 miles of grading, minor drainage structures, crushed stone base course, double bituminous surface treatment, two bridge-length culverts (59.59 ft. total span) and misc. related items on the Smithville-Black Rock Road, State Highway 117, Section 2, is awarded to Burrow-Glover Construction Company, Inc., of Malvern, Arkansas and Schmeckbro, Inc., of Sweet Home, Arkansas on their low bid of \$196,030.89.
- 64-399 Mississippi County, Job No. 10724, Jct. I-55-Bassett, FAP S-535(1). The contract for the construction of approximately 2.004 miles of Gr., Mr. Dr. Strs., Selected Material, Gravel Base Crse. (Shldrs.), Asph. Treated Gravel Base Crse., Dbl. Bit. Surf. Tr'mt (Shldrs.), ACHM Surf. Crse., One R.C. Slab Span Br. (75.0') & misc. related items on the I-55 to Bassett Road, State Highway 181, Section 0, is awarded to Hughes and Company, Inc., of Blytheville, Arkansas on their low bid of \$265,622.24.
- 64-400 Prairie & Monroe Counties, Job No. 1394, Brasfield-Robe

Bayou Grading & Structures, FAP I-40-4(12)206. The contract for the construction of approximately 3.882 miles of Grading, Minor Drainage Structures & other misc. items throughout project; Crushed Stone Surface on County Roads; and Six R.C. & Str. Steel I-Beam Span Bridges (2893.80' total length) on the Little Rock-Memphis Interstate Road, Interstate 40, Section 4, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$2,317,377.19, subject to the concurrence of the Bureau of Public Roads.

64-401 Yell County, Job No. C-75-1, Petit Jean River Bridge, FAP S-1201(1). The contract for the construction of approximately 0.227 mile of Grading, Gravel Surface Course, One Composite I-Beam Span Bridge (222.17 ft. length) and other misc. items on County FAS Route 1408 Southwest of Havana, County Road, Section FAS Route 1408, is awarded to E. E. Barber Construction Company, Inc., of Fort Smith, Arkansas on their low bid of \$73,165.35, subject to the concurrence of the County Judge.

64-402 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:40 P.M., Wednesday, October 28, 1964.

I hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its tenth meeting in Little Rock, Arkansas on October 28, 1964.

Dorothy Switzer
Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 2, 1964

The following is the record of the proceedings of the eleventh meeting of 1964 which was held by the Arkansas State Highway Commission in Little Rock, Arkansas on December 2, 1964. The following members were present:

Wayne Hampton	Chairman
Truman Baker	Vice-Chairman
Armil Taylor	Member
John W. Harsh	Member
C. L. Denton, Jr.	Member

64-403 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., December 2, 1964.

64-404 Allotment is hereby made for construction of the listed jobs on which awards were made by Minute Orders 64-383 through 64-401 at the regular meeting of the Commission on October 28, 1964.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract & E & C</u>	<u>R/W & Utilities</u>	<u>Total</u>
11598	I-40-4(13)	40	Monroe	2,520,140.	None	2,520,140.

64-406 WHEREAS, C. Don Hayes, currently Chief, Equipment Division, has completed forty (40) years of service as an employee of the State Highway Department; and

WHEREAS, because of his extremely high character and through his determination and dedication to duty and efficiency he has made many significant and lasting contributions to the improvement of the Arkansas Highway Department; and

WHEREAS, the State Highway Commission has for several years, given recognition to employees who have rendered service of twenty-five (25) years and over to the Department;

IT IS ORDERED that this Resolution be spread upon the Official Records of the Highway Department and that a copy of this document be presented, by the Chairman of the Highway Commission, to C. Don Hayes for his keeping.

WHEREAS, the lowest and best bid under Bid S-64-1003 for furnishing the six Station Wagons under Item No. 1 was submitted by K and H Motors, Inc., Little Rock, Arkansas, in the total amount of \$10,799.46; the lowest and best bid for furnishing the three Delivery Vans under Item No. 2 was submitted by Polk Chevrolet Company, Corning, Arkansas, in the total amount of \$6,145.92; and the lowest and best bid for furnishing the forty five Carryalls under Item No. 3 was submitted by International Harvester Company, Little Rock, Arkansas, in the total amount of \$95,165.55, making a total purchase price for the fifty four vehicles of \$112,110.93, and

NOW THEREFORE, the Acting Director is hereby authorized to recommend to the State Purchasing Director to award Contracts as listed below:

ITEM 2 - Three (3) Delivery Vans, to meet AHD Spec. 64-65 No. 64-63, award to Polk Chevrolet Company, Corning, Arkansas, for furnishing 1965 Year Model Chevrolet Chevy Van G1205 at a net price each of \$2,048.64 - Total for three Delivery Vans	6,145.92
ITEM 3 - Forty Five (45) 6 Passenger Carryalls, to meet AHD Spec.	

64-65 N.E. No. 64-68, award to International Harvester, Little Rock for furnishing 1965 Year Model International C-1000 at a net price each of \$2,114.79 - Total for forty five Carryalls	<u>95,165.55</u>
TOTAL FOR FIFTY FOUR VEHICLES	112,110.93

64-408 WHEREAS, the Purchasing Committee has awarded purchases on November 2, 6, 16, 23 and 30, 1964 in the amounts of \$104,693.32, \$104,945.89, \$40,704.44, \$21,483.65 and \$16,847.07, respectively, totaling \$288,674.37, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the Procurement Office,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

64-409 WHEREAS, at the proposed Ferry at Moro Bay on State Highway 15, at the Ouachita River, bids were invited under Purchase Order Contract procedure for 700 Cubic Yards of Sacked Concrete Riprap in place on the approach slopes, with one bid received for opening on November 12, 1964, and,

WHEREAS, the Purchasing Committee on November 16 recommended that this bid be accepted,

IT IS ORDERED that this job, designated as Job 7618, be awarded to R. N. Reynolds and Sons, Contractors, Camden, on their bid of \$21,700.00.

64-410 WHEREAS in White County on Highway 64 bids were invited under purchase order contract procedure, from 33 bidders for Asphaltic Concrete Hot Mix Surface Course with three (3) bids received for opening on November 19, 1964, and,

WHEREAS the Purchasing Committee on November 23, 1964, recommended that the low bid be accepted,

IT IS THEREFORE ORDERED that this job, designated as Bid No. M-65-351, be awarded to Ben M. Hogan, Incorporated on their low bid of \$56,521.60.

64-411 In CROSS and WOODRUFF COUNTIES, the following State Highway number changes are hereby authorized:

1. The present route of State Highway No. 145 from the junction of State Highway No. 39 near Hillemann to the junction of US 65 near Fair Oaks is hereby redesignated as State Highway No. 39.
2. The present route of State Highway No. 39 from the junction of

State Highway No. 145 near Hilleman to the junction of US 64 at Morton is hereby redesignated as State Highway No. 269.

64-412 In PULASKI and SALINE COUNTIES, upon the completion of Interstate Route 40 from the Levi Interchange to the Morgan Interchange and the new routes of US 65-167 south of Little Rock, the following State Highway number changes are hereby authorized:

1. The present route of State Highway No. US 65 from the Morgan Interchange, southerly to the junction of US 70 in North Little Rock shall be redesignated as State Highway No. 365 section 11.
2. The present route of State Highway No. US 65 from the junction of US 70 at Broadway and Roosevelt Road in Little Rock, east and southerly to the junction of the new route near the Saline-Grant County line shall be redesignated as State Highway No. 365 section 12.
3. The present route of State Highway No. US 167 from the junction of the new route in Saline County northly to the junction of US 70 at Roosevelt Road and Arch Street in Little Rock shall be redesignated as State Highway No. 367 sections 12 and 13.

64-413 In DREW and DESHA COUNTIES, IT IS ORDERED that the official routing of State Highway No. 277, section 1, in the vicinity of Tillar shall be in accordance with the relocated and reconstructed section as constructed by Job 2648; and, in conformity with Supreme Court decisions, the portions of the old route at and in the vicinity of Tillar which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System, all as shown on attached sketch, which is made a part of this Order.

64-414 WHEREAS, the increase in construction activity in Arkansas County requires that a Resident Engineer's Office be established at DeWitt, and,

WHEREAS, there is adequate space for development of this office at the Maintenance Headquarters,
