2046 In CLAY COUNTY on HIGHWAY 90, Sections 2 and 3, between Boydsville and Peach Orchard, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and redecking five bridges (total length 290 lin. ft.) at an estimated cost of \$10,100.00.

2047 In CONWAY and VAN BUREN COUNTIES, on HIGHWAY #95, Sections 1 and 2, from Scotland to a point 9.13 miles south, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading and minor drainage structures with state forces at an estimated cost of \$10,700.00 when the conditions of Minute Order 1630 are fulfilled.

2048 In GARLAND COUNTY on the proposed route of U. S. HIGHWAY 70 from Grand Avenue in Hot Springs east a distance of approximately 3 miles, the Director is authorized to proceed with construction of grading structures and surfacing for a fully controlled access facility at an estimated cost of \$1,800,000.00.

2049 In GREENE COUNTY on HIGHWAY 34, Section 3, from Evening Star to Beech Grove, a distance of 4.07 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading and minor drainage structures at an estimated cost of \$5,100.00 when the conditions of Minute Order 1707 are fulfilled.

2050 In HOT SPRING and GARLAND COUNTIES on HIGHWAYS #171, Sections 1 and 2, and SP-1 in Lake Catherine State Park, from Highway #84 to the park, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing seven bridges (total length 249 lin. ft.) and installing minor drainage structures at an estimated cost of \$9,000.00.

2051 In LEE COUNTY on HIGHWAY 121, Section 2, from the junction of Highway 1, north of Felton to Holders Crossing, a distance of eight miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of one bridge (total length 57 lin. ft.) and minor drainage structures at an estimated cost of \$24,000.00 when the conditions of Minute Order 1709 are fulfilled.

2052 In MISSISSIPPI COUNTY on HIGHWAY 158, Section 2, from Highway 77 west, 1.92 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of a bituminous surface treatment at an estimated cost of \$3,500.00.

2053 In POLK COUNTY on HIGHWAY 88, Section 2, from Highway #71 to the Montgomery County Line, a distance of 16.37 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading and minor drainage structures with state forces at an estimated cost of \$22,000.00 when the conditions of Minute Order 1650 are fulfilled.

2054 In PULASKI COUNTY on the Interstate Route of U. S. HIGHWAY 67 from approximately 1 mile south of Hayes Street intersection in Little Rock to the Saline County Line, a distance of approximately 7.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing facilities needed for control of access in accordance with design standards for the Interstate Highway System as follows:

<u>Job</u>	<u>Description</u>	<u>Length</u>	<u>Est. Cost</u>
6580	Otter Creek Bridges	0.04	\$50,600.00
6582	Mablevale Pike Interchange	0.90	\$160,000.00
6583	Saline-Pulaski Co. Interchange	0.70	\$170,000.00

2055 In PULASKI COUNTY on HIGHWAY 70, Section 12, at the Hayes Street intersection in the City of Little Rock, the Director is authorized to proceed in the most feasible and economical manner with the construction of curbs and traffic channelization at an estimated cost of \$3,000.00.

2056 In SEBASTIAN COUNTY on HIGHWAY 45, Section 1, between Hartford and Hackett, the Director is authorized to proceed in the most feasible and economical manner with the work of redecking two bridges (total length 116 lin. ft.) and reconstructing one bridge (total length 134 lin. ft.) at an estimated cost of \$16,500.00.

2057 In SEVIER COUNTY on HIGHWAY 27, Section 1, from Highway #71 to the Howard County Line, the Director is authorized to proceed in the most feasible and economical manner with the construction of six (6) bridges (total length 209 lin. ft.) at an estimated cost of \$21,000.00.

- 2058 In YELL COUNTY on HIGHWAY 27, Section 9, from Highway #80 near Danville to Highway 28 near Rover, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of minor drainage structures with state forces at an estimated cost of \$7,900.00 when the conditions of Minute Order 1656 are fulfilled.
- 2059 In BENTON COUNTY on U. S. HIGHWAY 71 from Rogers to Bentonville, a distance of approximately 8 miles, MINUTE ORDER NO. 1139 providing for work of widening grading structures and surfacing at an estimated cost of \$340,000.00 is hereby modified to provide for the work at an estimated cost of \$483,200.00. Other provisions and conditions of Minute Order No. 1139 remain unchanged.
- 2060 In DESHA COUNTY on U. S. HIGHWAY 65 from the Lincoln County Line to Highway 54 at Dumas, a distance of approximately 7 miles MINUTE ORDER NO. 1785 authorizing the widening and strengthening of pavement at an estimated cost of \$280,000.00 is hereby modified to provide for work of grading, minor drainage structures, metal shoulders, bridge widening and pavement widening and strengthening at an estimated cost of \$432,000.00. Other provisions and conditions of Minute Order No. 1785 remain unchanged.
- 2061 In FAULKNER COUNTY on U. S. HIGHWAY 65 from 1/4 mile south of Gold Creek to Palarm Creek, a distance of approximately 8 miles, MINUTE ORDER NO. 1778 authorizing the work of widening and strengthening surfacing at an estimated cost of \$280,000.00 is hereby modified to provide for work of widening grading, structures and widening and strengthening pavement at an estimated cost of \$499,680.00. Other provisions and conditions of Minute Order 1778 remain unchanged.
- 2062 In JACKSON COUNTY on U. S. HIGHWAY 67 from the White County Line northeast, a distance of approximately 6.8 miles, MINUTE ORDER NO. 1331 providing for the work of widening and strengthening pavement at an estimated cost of \$272,000.00 is hereby modified to provide for the work at an estimated cost of \$385,000.00. Other provisions and conditions of Minute Order No. 1331 remain unchanged.
- 2063 In Johnson County on US Highway 64 from Clarksville to the Pope County Line, a distance of approximately 15 miles, Minute Order No. 1236 providing for the work of widening and strengthening pavement at an estimated cost of \$525,000 00 is hereby modified to provide for the work at an estimated cost of \$835,600.00. Other provisions and conditions of Minute Order No. 1236 remain unchanged.
- 2064 In LAWRENCE COUNTY on U. S. HIGHWAY 63 from Hoxie to Sedgwick, a distance of approximately 8 miles, MINUTE ORDER NO. 1734 providing for widening and strengthening pavement is here-

by modified to include the work of constructing a grade separation at the crossing of the Missouri-Pacific Railroad tracks at Hoxie at a total estimated cost of \$1,089,000.00. Other provisions and conditions of Minute Order No. 1734 remain unchanged.

- 2065 In LITTLE RIVER COUNTY on U. S. HIGHWAY 71, from the Red River Bridge to Ashdown, a distance of approximately 10 miles, MINUTE ORDER NO. 1640 providing for the work of widening and strengthening pavement at an estimated cost of \$350,000.00 is hereby modified to provide for the work of widening and strengthening pavement and for construction on new location in the vicinity of Ogden at an estimated cost of \$634,500.00. Other provisions and conditions of MINUTE ORDER No. 1640 remain unchanged.
- 2066 In PULASKI COUNTY on U. S. HIGHWAY 67 from North Little Rock to the Lonoke County Line, a distance of approximately 17.2 miles, Minute Order No. 47 dated April 24, 1953 providing for construction of a two lane highway at an estimated cost of \$1,918,000.00 is hereby modified to provide for construction of a four lane controlled access facility, including frontage roads and interchanges, and the Director is authorized to proceed with construction of the 2.9 mile section through Jacksonville at an estimated cost of \$2,245,000.00 and the 10 mile section from Jacksonville to North Little Rock at an estimated cost of \$3,017,500.00.
- 2067 In WHITE COUNTY on U. S. HIGHWAY 67 from Bald Knob to the Jackson County Line, a distance of approximately 10.5 miles, MINUTE ORDER NO. 970 providing for the work of widening and strengthening pavement at an estimated cost of \$420,000.00 is hereby modified to provide for the work at an estimated cost of \$706,500.00. All other provisions and conditions of Minute Order No. 970 remain unchanged.
- 2068 Lee County, Job No. 11489, FAP F-031-2(4). The contract for the construction of approximately 8.372 miles (incl. 0.402 miles of Connection) of Grading, Minor Drainage Structures, Gravel Base and Asphaltic Concrete Hot Mix Surface Course on the Barton-Marianna Road, State Highway 1, Section 9, is awarded to Don Hudson, Contractor, of West Helena, Arkansas on his low bid of \$311,204.66, subject to the concurrence of the Bureau of Public Roads.
- 2069 Arkansas County, Job No. 2528, FAP S-257(1). The contract for the construction of approximately 2.081 miles incl. 76.0' of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, and One Precast R. C. Slab Span Bridge on the Jct. State Highway 1-Arkansas Post State Park Road, State Highway 169, Section 1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$88,494.83.
- 2070 Cleveland County, Job No. 2557, FAP S-242(1). The contract

for the construction of approximately 6.773 miles (incl. 43.34' of Bridge Length Culverts) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, and Extending Two Bridge Length Culverts on the Rison-Pansy Road, State Highway 35, Section 5, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$128,312.32.

2071 Lincoln County, Job No. 2559, FAP S-264(1). The contract for the construction of approximately 2.391 miles (incl. 95.08' of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, and One Precast R. C. Slab Span Bridge on the Varner-Arkansas State Prison Farm Road, PI-1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$73,488.35.

2072 Pulaski County; Job No. 6371, FAP U-021-3(6). The contract for the construction of approximately 7.334 miles (incl. 609.71' of Br. & Br. Lgth. Culv.) of Grading, Minor Drainage Structures, and 4 I-Beam Span & R. C. Deck Bridges, 10 R. C. Slab Bridges, and 1 Bridge Length Culvert on 4 Main Lanes & Frontage Roads on the North Little Rock-Jacksonville Road, U. S. Highway 67, Section 10, is awarded to W. D. Jeffrey Construction Company of Fort Smith, Arkansas on their low bid of \$1,006,354.19, subject to the concurrence of the Bureau of Public Roads.

- 2073 Pulaski County, Job No. 6507, FAP U-021-3(5). The contract for the construction of approximately 2.917 miles (incl. 720.28' of Br. & Br. Lgth. Culvts.) of Grad., Minor Drain. Strs., Cr. Stone Base & Shldrs., Bit. Surf. Shldrs., ACHM Surf. & P. C. Conc. Pavt. (8" U.T.) on Fr. Rds. & Connections, P. C. Conc. Pavt. (9" U.T.) on Main Lanes, Seven R.C.Brs. & Two Br. Lgth. Culvts. on the Little Rock-Cabot Road, U. S. Highway 67, Section 10, is awarded to Ben M. Hogan & Company and Reynolds & Williams of Little Rock, Arkansas on their low bid of \$1,900,037.69, subject to the concurrence of the Bureau of Public Roads.
- 2074 Carroll County, Job No. 9389, FAP S-219(2). The contract for the construction of approximately 8.754 miles (incl. 86.09' of Br. Length Culverts) of Grading, Minor Drainage Structures, Crushed Stone Base, Single Bituminous Surface Treatment and Three Bridge Length Culverts on the Berryville-Metalton Road, State Highway 21, Section 5, is awarded to M. E. Gillioz of Monett, Missouri on his low bid of \$217,468.14.
- 2075 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:45 P.M., March 27, 1957.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fiftieth Regular Meeting in Little Rock, Arkansas on March 27, 1957.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 1, 1957

2081 The Director is hereby authorized to establish minimum and maximum hourly rates for unskilled, intermediate and skilled employees, effective July 1, 1957, as follows:

U N S K I L L E D

\$1.00 - \$1.20 per hour

Asphalt Raker	
Bridge Laborer	
Carpenter Helper	
Front End Loader	
Laborer	
Mechanic - Class III	
Operator - Rubber Tired Tractor and Attachments	
Roller Operator (3 to 5-Ton)	
<u>I N T E R M E D I A T E</u>	\$1.20 - \$1.50 per hour
Asphalt Raker (High Type Surface)	
Blacksmith	
Bridge Carpenter	
Crawler Tractor Operator	
Crew Leader	
Distributor Driver	
Distributor Operator	
Grader Operator	
Jack Hammer Operator	
Mechanic - Class II	
Mixer Operator (Woods -Cement Mixer, etc.)	
Motor Patrol Operator - Section (Minimum \$1.25)	
Mowing Machine Operator	
Mud Jack Operator	
<u>I N T E R M E D I A T E</u> (Continued)	
Oiler (Skilled)	
Painter (Rough)	
Pile Driver Operator	
Powder Man	
Roller Operator (Heavy)	
Sign-Man	
Truck Driver (2-Ton Capacity or less)	
<u>S K I L L E D</u>	\$1.50 - \$1.85 per hour
Asphalt Plant Superintendent	
Bull Dozer Operator	
Carpenter (Journeyman)	
Crane Operator	
Dragline Operator	
Heavy Truck Driver	
Master Finisher	
Mechanic - Class I	
Motor Patrol Operator (Special)	
Power Shovel Operator	
Welder	

The foregoing rates shall be continued in full force and effect until otherwise notified by this Commission.

2082 WHEREAS, a study of the personnel records of the Highway Department reveals that there are a number of employees of advanced age who, according to the prevailing practice in industry, business, and

governmental agencies, should be retired from active duty, and

WHEREAS, after carefully considering the economic, professional, and social aspects of the situation, it is the considered opinion of the Commission that steps should be taken to conform to the prevailing rule for the retirement of superannuate employees,

NOW THEREFORE IT IS ORDERED that effective December 31, 1957, all employees who are seventy-five (75) years of age or older shall be retired on such benefits as they may be entitled to at that time.

IT IS FURTHER ORDERED that on and after June 30, 1958 when any employee becomes seventy (70) years of age they shall be retired at the close of the month in which the age of seventy (70) is attained on such retirement benefits as they may be entitled to at that time.

The Commission in recognition of the acute shortage of Professional Engineers and other key employees throughout the highway field reserves the right to continue in an active duty status such employees whose employment has or will be terminated under the provisions of this order when satisfactory evidence is established that by so doing the Department's best interests will be served. If and when the provisions of this section are exercised employment shall be on a year by year basis as authorized by the Commission with the further stipulation that the rate of pay for the affected employee shall not be greater than that last paid him while on active duty status.

2083 WHEREAS, the Purchasing Committee has awarded purchases on April 1, 8, 15, 22 and 29, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2084 WHEREAS, there is an accumulation of junk and obsolete equipment and materials at the Jacksonville Shops that is of no further value to the Arkansas State Highway Department due to age and condition

1099 - Automotive Type Junk Batteries	1 - Tractor Type Mower (Wrecked)
44 - Automotive Type Junk Radiators	3 - Wheel Tractors with Loader Attachment
2400 - Pounds Zink	5 - Crawler Tractors - Small and Medium
400 - Approx. net Tons of Mixed Scrap Iron	
3242 - Junk Automotive Tires-Variou	7 - Loader Attachments

Sizes	for Austin Western Grader
45 - Pcs. Minor Junk Shop Equipment such as Motor Testers, Metal Lathe, Hand Type Mowers, Valve Refacers, etc.	2 - Locomotive Type Steam Boilers
250 - Pounds approx. Obsolete Vehicular Parts	2 - 3" Asphalt Pumps 1 - Chip Spreader
9 - Pull Graders	1 - Rotary Broom 5 - Old Dragline and Clamshell Buckets
1 - Tandem Axle Truck 12-Ton	3 - Rock Crushers
1 - Rotary Scraper	3 - Mud Jacks
1 - Road Disc	1 - Aggregate Bin

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest bidder

IT IS FURTHER ORDERED that should no bids be received in response to the advertisement, that said junk and materials of no further value be consigned to scrap iron pile for sale as such.

- 2085 In order to expedite the process of obtaining vehicle axle-weights as required by Section 210 of the Highway Revenue Act of 1956, the Director is authorized to effect the purchase of a Portable Weighing Station from funds available through, regular purchasing procedures at a cost not to exceed \$3,000.00.
- 2086 Based on a bid of \$5,444.83 received on January 31, 1957, the Director is authorized to award the purchase of an offset duplicating machine to the Multigraph Sales Agency, Little Rock, Arkansas; the purchase to be financed from the Chief Engineer's current budget. (Copy of Bid No. M-57-432 attached).
- 2087 In GARLAND COUNTY on proposed State Highway 88, Hot Springs City Connection, public auction was held in accordance with newspaper publications for the sale and removal of eight tourist cabins and furnishings located within the right of way.
- The high bid in amount of \$100.00 for furnishings, submitted by Roy Williams, is hereby accepted.
- The high bid in amount of \$600.00 for eight buildings, submitted by W. L. Wheatley, is hereby accepted.
- 2088 In CRITTENDEN COUNTY on U.S. HIGHWAY 61 at the Junction State Highway 42, the Director is authorized to hold public auction in a manner prescribed by law, to proceed with the removal of buildings and other obstructions within the right of way required for the Highway 42 Interchange.

2089 The Contract for legal services between the Commission and the firm of Mehaffy, Smith and Williams of Little Rock in connection with State Job No. 6371, Federal Aid Project No. F-021-3(6), North Little Rock to Jacksonville Air Base, Pulaski County, Arkansas, is hereby approved.

2090 In CHICOT COUNTY on HIGHWAY 144, Section 3, from Lake Village East, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing four bridges (total length 787 lin. ft.) at an estimated cost of \$16,400.00.

2091 In GARLAND and SALINE COUNTIES on the proposed route of U.S. HIGHWAY 70, in accordance with the provisions of Minute Order No. 69 for construction by stages, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing for two traffic lanes from the end of the Hot Springs city section to the junction with the interstate route of U. S. Highway 67, a distance of approximately 23 miles, at an estimated cost of \$966,000. subject to approval of the Bureau of Public Roads.

2092 In GREENE COUNTY on HIGHWAY 135 the Director is authorized to proceed in the most feasible and economical manner with the work of constructing 8 Mile Creek Bridge, washed out by recent floods, at an estimated cost of \$36,000.00 subject to program approval by the Bureau of Public Roads.

2093 In JEFFERSON COUNTY on HIGHWAY 81 at the crossing of the Missouri Pacific Railroad Company east of Pine Bluff, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railroad Company will install and maintain devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. That the project will be financed with 100% Federal Funds as the proposed highway-railroad grade crossing project is in Classification IV of GAM325 and no benefit to the Carrier is involved.

2094 In MADISON COUNTY on HIGHWAY 23, Section 9, from Carroll County Line to Forum, a distance of 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading and minor drainage structures at an estimated cost of \$20,000.00 when the conditions of Minute Order 1641 are fulfilled.

2095 In PERRY COUNTY on HIGHWAY 9, Section 6, from the junction of Highway 10 to Perryville, a distance of 10 miles, the Director is authorized to proceed in the most feasible and economical

manner with the work of resurfacing the existing asphalt pavement on selected sections for a total length of approximately 4 miles at an estimated cost of \$19,000.00.

2096 In PHILLIPS COUNTY on HIGHWAY 1 at the crossing of the Missouri Pacific Railroad Company West of Marvell, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$8,000 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

2097 WHEREAS in PHILLIPS COUNTY MINUTE ORDERS 263 and 563 provide for the construction of a toll bridge across the Mississippi River at Helena in cooperation with the Mississippi Highway Commission and the Bureau of Public Roads, and

WHEREAS upon completion of plans for the project the quantities and cost estimate on basis of current construction costs exceed the estimates on which previous financial arrangements were made, and

WHEREAS the Mississippi Highway Commission has advised that they are unable to increase the amount of state participation in the construction cost, and

WHEREAS the Arkansas Highway Commission will consider increasing its participation in the construction cost consistent with available funds and other requirements on the primary and urban systems and

WHEREAS the amount of additional finance cannot be determined until construction bids have been received and bond financing fully explored.

NOW THEREFORE' IT IS ORDERED that when plans are complete and right-of-way is available the Director proceed with request for construction bids after which further action will be considered for finance of the project.

This action is subject to concurrence of the Mississippi Highway Department and the Bureau of Public Roads.

2098 In POINSETT COUNTY on HIGHWAY 63, Section 8, at the intersection of Highways 63, 69 and Main Street in the City of Trumann, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing curbs and traffic channelization, at an estimated cost of \$3,000.00.

- 2099 In SALINE COUNTY on HIGHWAY 9, Section 5, between Highway 70 and the Alum Fork Bridge, a distance of 4.72 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing two bridges (total length 95 lin. ft.) and installing minor drainage structures at an estimated cost of \$16,100.00 on condition that all required right-of-way, free of obstructions is furnished free of cost to the State within 90 days.
- 2100 In UNION COUNTY on U. S.. HIGHWAY 82 from U.S. Highway 167 east of El Dorado, a distance of approximately 2.1 miles, MINUTE ORDER 1497 authorizing the widening and strengthening of pavement at an estimated cost of \$100,000.00 is hereby modified to authorize the work at an estimated cost of \$174,700.00. Other provisions and conditions of Minute Order 1497 remain unchanged.
- 2101 In WHITE COUNTY on HIGHWAY 16, Section 13, between Searcy and Pangburn, the Director is authorized to proceed in the most feasible and economical manner with the reconstruction of two (2) bridges (total length 190 lin. ft.) at an estimated cost of \$19,000.00.
- 2102 In MISSISSIPPI COUNTY the official routing of State Highway 18-S-6 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change at Blytheville", drawn 11-26-56.
- By this action and in conformity with Supreme Court decisions, the section of old Highway 18, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.
- 2103 Nevada County, Job No. 3458, FAP S-434(4). The contract for the construction of approximately 10.743 miles of Grading, Minor Drainage Structures, Gravel Base and Shoulders and Single Bituminous Surface Treatment on the Rosston-Camden Road', State Highway 4, Section 7, is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas on his low bid of \$240,356.34.
- 2104 Pike County, Job No. 3537, FAP S-259(1). The contract for the construction of approximately 9.052 miles of Grading, Minor Drainage Structures, Gravel Base Course and Single Bituminous Surface Treatment on the Kirby-Amity Road, State Highway 84, Section 1, is awarded to Schmeckenbecher Bros., Contractors, of Sweet Home, Arkansas on their low bid of \$130,527.88.
- 2105 Sebastian County, Job No. 4452, FAP U-02-1(3) & U-022-1(8). The contract for the construction of approximately 0.743 miles of Resurfacing with Asphaltic Concrete Hot Mix Surface Course on Garrison Avenue in the City of Fort Smith, U. S. Highway 64 and State Highway 22, Section 0 and Section 1, is awarded to Forsgren Brothers

of Fort Smith, Arkansas on their low bid of \$37,438.30, subject to the concurrence of the Bureau of Public Roads.

- 2106 Garland County, Job No. 6503, FAP U-014-2(7) & F-014-2(5). The contract for the construction of approximately 2.966 miles of Grading and Minor Drainage Structures on Four Main Lanes and Frontage Roads on the Hot Springs-Benton Road, State Highway 88, Section 5, is awarded to Jeffrey Contractors, Inc. of Fort Smith, Arkansas on their low bid of \$338,287.14, subject to the concurrence of the Bureau of Public Roads.
- 2107 Pulaski County, Job No. 6580, FAP IN-091-2(8). The contract for the construction of approximately 180.00 Lin. Ft. of Bridges on Frontage Roads only on the Little Rock-Benton Road, U. S. Highway 70, Section 12, is awarded to John M. Smith of Little Rock on his low bid of \$35,955.70, subject to the concurrence of the Bureau of Public Roads.
- 2108 Clark County, Job No. 7525, F-F-012(20). The contract for the construction of approximately 1384.25 Lin. Ft. of Remodeling and Widening on Three R. C. Deck Girder Bridges on the Arkadelphia-Malvern Road, U. S. Highway 67, Section 6 is awarded to S. M. Dixon Construction Company of Warren, Arkansas on their low bid of \$304,010.87, subject to the concurrence of the Bureau of Public Roads.
- 2109 Benton County, Job No. 9387, FAP S-246(2). The contract for the construction of approximately 1.312 miles (incl. 272.08' of Bridge) of Grading, Minor Drainage Structures and One Reinforced Concrete & Structural Steel I-Beam Bridge on the Siloam Springs-Jct. Hwy. 12 Road, State Highway 99, Section 1 is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$105,619.56.
- 2110 Franklin & Madison Counties, Job No. 1337, State. The contract for the construction of approximately 17.564 miles of Gravel Base and Single Bituminous Surface Treatment on the Brashers-Ozark Road, State Highway 23, Sections 7 & 8 is awarded to Northwest Arkansas Asphalt Co. of Sulphur Springs, Arkansas on their low bid of \$89,350.50.
- 2111 Boone County, Job No. C-5-2, FAP S-1054(2). The contract for the construction of approximately 3.719 miles of Reconstructed Base Course and Double Bituminous Surface Treatment on the Lead Hill-Sugar Loaf Road, County Road is awarded to Northwest Arkansas Asphalt Co. of Sulphur Springs, Arkansas on their low bid of \$17,746.28, subject to the concurrence of the Boone County Judge.
- 2112 Desha County, Job No. C-21-2, FAP S-976(2). The contract for the construction of approximately 3.516 miles of Gravel Base Course on the Laconia Circle Road, County Road is awarded to Reynolds &

Williams, of Little Rock, Arkansas on their low bid of \$17,111.44,
subject to the concurrence of the Desha County Judge.

2113 IT IS ORDERED that the Regular Meeting of the State Highway
Commission be closed at 4:45 P.M., May 1, 1957.

I, V. E. Scott, Administrative Assistant, hereby certify that the
foregoing is a true and correct record of the proceedings taken by the
Arkansas State Highway Commission at its Fifty-first Regular
Meeting in Little Rock, Arkansas on May 1, 1957.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSIONERS
June 5, 1957

The following is the record of the proceedings of the Fifty-second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 5, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2114 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., June 5, 1957.

2115 Allotment is hereby made for construction of the following projects on which contract awards are made by Minute Orders 2103 through 2112 at the regular meeting of the Commission on May 1, 1957:

Total for County Roads				38,340.00	----	38,340.00
GRAND TOTAL						\$1,607,750.00

2116 WHEREAS, the Purchasing Committee has awarded purchases on May 6, 13, 20 and 27, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

 NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2117 The Director is hereby authorized to request an advance of Federal Aid Funds in accordance with the provisions of Federal Aid Acts and rules and regulations prescribed by the Bureau of Public Roads.

 This advance in funds shall be used as a Revolving Fund to enable the Department to make prompt payment for right-of-way and construction in progress, and shall at this time not exceed \$3,000,000.

2118 The Director is hereby authorized to process for payment the statement of Neill Bohlinger, Attorney, in the amount of \$2,500.00 for services rendered on special assignments of the Commission from January through April 1957.

2119 WHEREAS, an overpayment of \$20.31 was made to the United States Department of the Interior by BucTon Construction Company through a contract consummated between the Highway Department and the United States Department of the Interior for Special Use Permit in connection with construction of Job 11495, Indian Bay, Phillips County Line, and

 WHEREAS, this refund is due BucTon Construction Company, but was remitted to the Highway Department by Warrant Number 39,390.765 dated January 29, 1957, and

 WHEREAS, the Department of the Interior states that they are not authorized to change payee on such Warrant.

 NOW, THEREFORE, IT IS ORDERED that the Director be and is hereby authorized to cause said Warrant to be endorsed to the order of BucTon Construction Company.

2120 In FRANKLIN COUNTY on HIGHWAY #41, Section 0, and HIGHWAY #96, Section 4, the Director is authorized to proceed in the most feasible and economical manner with the purchase of crushed stone base material to repair selected sections at an estimated cost of \$17,300.00.

2121 In MONTGOMERY COUNTY on HIGHWAY #270, Sections

3 and 4, the Director is authorized to proceed in the most feasible and economical manner with the purchasing of gravel base material and mineral aggregate to be used in producing blade mix asphalt premix to resurface selected sections at an estimated cost of \$36,000.00.

- 2122 In CRITTENDEN COUNTY on the Interstate Routes of U. S. HIGHWAYS 61 and 70 from the Mississippi River Levee at West Memphis to Lake David and from interchange North of West Memphis to a point west of Lehi, a total distance of approximately 29 miles, the Director is authorized to proceed with stage construction for the completion of controlled access facilities as follows:

<u>Job No.</u>	<u>Description</u>	<u>Length</u>	<u>Est. Cost</u>
11389	Fr.W.Memphis Interchange to 2 Mi. west of Lehi-gr.strs & surf.	7.4	3,800,000.
	West Memphis Interchange at Jct. U.S. 61-63-70	1.4	1,300,000.
11445	Fr.Marion Interchange to Miss. R. Levee Addn'l. pavement lanes	5.1	1,775,000.
	Frisco RR Gr. Sep.&Interchange		1,500,000.
	Interchange for proposed Miss. River Br.	0.2	1,070,000.
11543	Marion Interchange	1.0	718,000.
11540	Marion-Turrell-Pavement- Structures	12.9	2,057,000
	Lake David-Interchange	1.0	805,000.
	Totals	29.0	\$14,168,000.

- 2123 In SALINE COUNTY on the Interstate Route of U.S. HIGHWAY 67 from the Pulaski County Line to the junction of the proposed U.S. HIGHWAY 70 route southwest of Benton, a distance of approximately 14.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing facilities for control of access in accordance with design standards for the Interstate Highway System as follows:

<u>Job No.</u>	<u>Description</u>	<u>Length</u>	<u>Est. Cost</u>
6516	Addn'l pavement lanes & R/W, Benton-Pulaski C.L.	9.6	\$2,325,000.
6584	Alcoa Road Interchange		428,000.
6585	Congo Road Interchange		425,000.
6586	Hot Springs Road Interchange		495,000.
6587	Sevier Road Interchange		454,000.
6572	Benton-Southwest-Grading & Sm. Strs. & R/W	1.8	560,000.
	Surfacing		500,000.
6571	Saline River Bridges & Int.	0.6	\$1,400,000.
	From present route U. S. 67 to proposed Int. U.S. 67-70 Surf.	<u>2.8</u>	<u>800,000.</u>
	Total	14.8	\$7,387,000.

- 2124 In CRAIGHEAD COUNTY on HIGHWAY #135, Sections 2

and 3, north and south of HIGHWAY #18, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing three (3) bridges (total length 331 lin. ft.) at an estimated cost of \$17,800.00.

- 2125 In CRAWFORD COUNTY on HIGHWAY #64 and #71, at the intersection of 15th Street in the City of Van Buren, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement and constructing curbs to relieve traffic congestion at an estimated cost of \$950.00.
- 2126 In MILLER COUNTY on Highway No. U.S. 71, Sec. 3(c) at the intersection of State Line Avenue, Walnut, and Eighth Streets in the City of Texarkana, the Director is authorized to proceed in the most feasible, and economical manner, in cooperation with the Texas Highway Department, with the work of constructing curbs and traffic channelization at an estimated cost of \$5,000.00 for the Arkansas portion of the project.
- 2127 In NEVADA and PIKE COUNTIES on HIGHWAY 19 from Delight to end of pavement North of Prescott, a distance of approximately 10 miles, MINUTE ORDER NO. 1647 is hereby modified to provide for the work of constructing grading, drainage structures and partial base at an estimated cost of \$460,000.00. Other provisions and conditions of Minute Order No. 1647 remain unchanged.
- 2128 In POPE COUNTY, at the intersection of HIGHWAYS #64 and #7 in the City of Russellville, the Director is authorized to proceed in the most feasible and economical manner with the work of widening approximately 1200 feet of existing streets and constructing curbs and channelizations at an estimated cost of \$10,900.00.
- 2129 In PRAIRIE COUNTY on HIGHWAY #38, Section 1, between the Woodruff County Line, and a point five (5) miles east of Des Arc, the Director is authorized to proceed in the most feasible and economical manner with the widening of four (4) bridges (total length 196 lin. ft.) and the extension of existing concrete culverts at an estimated cost of \$8,900.00.
- 2130 In PULASKI COUNTY on HIGHWAY NO. 70, Section 12, at Hayes Street Intersection in the City of Little Rock, Minute Order No. 2055, authorizing the work of constructing curbs and traffic channelization at an estimated cost of \$3,000.00, is hereby modified to provide for more extensive work of constructing curbs and islands and for needed overhead signs at an estimated cost of \$15,500.00.
- 2131 In WASHINGTON COUNTY on HIGHWAY 68 - North, Section 1-North, through the City of Springdale, from Highway #71-East, a distance of 4100 feet, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing and

resurfacing at an estimated cost of \$35,500.00 with the understanding that the resurfaced width will be the present pavement width where parallel parking is enforced by ordinance and the moving traffic lane width where diagonal parking is permitted.

- 2132 Jefferson County Job No. 2571, TAP 5-269(1). The contract for the construction of approximately 1.886 miles (incl. 57.0' of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment, and One R. C. Precast Slab Span Bridge on the Jct. Hwy. 65 - North Road, State Highway 81, Section 8, is awarded to G. E. Steed, Contractor, of Springhill, Louisiana on his low bid of \$53,419.49.

- 2133 Hempstead County, Job No. 3536, FAP S-208(3). The contract for the construction of approximately 5.282 miles (incl. 287.5' of Bridge) of Grading, Minor Drainage Structures, Gravel Base & Shoulders, Single Bituminous Surface Treatment and One Precast Slab Span Bridge on the Nashville - Prescott Road, State Highway 24, Section 3, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$139,797.16.

- 2134 Saline County Job No. 6541, FAP S-81(3). The contract for the construction of approximately 7.711 miles (incl. 223' of Bridges) of Grading, Minor Drainage Structures, One R. C. Bridge and Two Bridge-Length Culverts on the Paron - Jct. Hwy. 70 Road, State Highway 9, Section 5, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$153,871.40.

- 2135 Prairie & Lonoke Counties, Job No. 6574, FAP S-141(2). The contract for the construction of approximately 8.018 miles (incl. 55.00' of Bridge-Length Culverts) of Grading, Minor Drainage Structures, Crushed Stone Base, Double Bituminous Surface Treatment, and Two Bridge-Length Culverts on the Hickory Plains - Jct. Hwy. 31 Road, State Highway 38, Sections 0 & 1, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of, \$239,326.20.

- 2136 Garland & Saline Counties Job No. 6621, FAP F-014-2(13). The contract for the construction of approximately 19.232 miles of Crushed Stone Base Course and Double Bituminous Surface Treatment on the Hot Springs - Benton Road, State Highway 88, Sections 5 & 6, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$508,952.48, subject to the concurrence of the Bureau of Public Roads.

- 2137 Johnson County Job No. 8407, FAP T-022(1). The contract for the construction of approximately 10.662 miles (incl. 44.75' of Br. Lgth. Culvt.) of Grading, M.Dr.Strs., Cr. Stone Base & Shoulders ACHM Base & Surface Courses, Conc. Comb. Curb & Gutter and Ext. Two Br. Lgth. Culvt. on the Clarksville - Piney Road, U. S. Highway 64, Section 5, is awarded to D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$642,389.63, subject to the

concurrence of the Bureau of Public Roads.

2138 Washington County Job No. 9390, FAP S-385(2). The contract for the construction of approximately 6.727 miles (incl. 338.79' of Brs. & Br. Lgth. Culv.) of Grading, M. Dr. Strs., Crushed Stone Base, Single Bit. Surf, Trt'mt., Two R.C. Slab Span Bridges and One Bridge Length Culvert on the Dutch Mills - Cane Hill Road, State Highway 45 Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$199,993.11,

2139 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:35 P.M., June 5, 1957.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 10, 1957

The following is the record of the proceedings of the Fifty-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 10, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2140 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., July 10, 1957.

2141 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2132 through 2138 at the regular meeting of the Commission on May 1, 1957, and for Right-of-Way Acquisition for future construction projects as listed:

			No. 2	County		

2143 WHEREAS, the Purchasing Committee has awarded purchases on June 3, 10, 17, 24 and July 8, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2144 The following general policy is hereby adopted with reference to the issuance of permits for movement of 10 ft. wide house trailers on the State Highway System.

Permits will be granted for movement originating in the state only;

Permits may be granted for the movement on low-boy in accordance with usual regulations, and

Permits may be granted for the movement for such vehicles on their own wheels when towed by a 3/4 ton truck or more; on highway routes specified; where pilot car or flagmen is provided as specified; when movements are made only in daylight hours; when movement is to be made on days other than Saturdays, Sundays and legal holidays; and when towed by licensed and bonded carriers.

* Minute Order 2144 was Rescinded by Minute Order 68-200, 4/24/68.

2145 WHEREAS, for the past several years the Arkansas Highway Department has entered into a cooperative project between the State Highway Department and the College of Engineering of the University of Arkansas, and

WHEREAS, much good will come to the State Highway Department from this co-operative project, and

WHEREAS, continued experiments need to be done to complete the project, and

WHEREAS, the current agreement expired at the close of the 1957 fiscal year,

IT IS HEREBY ORDERED that an extension to this plan be authorized for the ensuing biennium with an allotment of \$25,000.00, one-half of which shall be derived from the 1 1/2% reserved by Federal law for highway planning and research and the remaining one-half from State Highway Department matching funds.

2146 WHEREAS, Section 76-218 of the Arkansas Statutes 1947 official edition provides for the printing and distribution of the Highway Commission's rules and regulations governing the use of the state highways, and

WHEREAS, the "Traffic and Motor Vehicle Regulations" as issued under date of July 1, 1955 jointly by the Arkansas State Highway Commission and the Arkansas Revenue Department, which embodied Traffic Regulations, Specifications for Motor Vehicle Equipment and Registration and Title Laws, is now obsolete,

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to amend the issue of July 1, 1955 to include all subsequent statutes and to proceed with arrangements for printing five thousand (5,000) copies at an estimated cost of \$3,500.00, one-half of which, by long standing agreement, is to be borne by the Revenue and Highway Departments respectively.

2147 The Director is authorized to execute the agreement (attached) with the State Forestry Commission regarding use of space in the Old Highway Building.

2148 WHEREAS, in Franklin County on State Highway 22, the Highway Commission constructed an overpass over the Missouri Pacific Railroad west of Charleston, and

WHEREAS, prior to the construction of the Charleston Overpass an order was entered in the Franklin County Court at Page 93 of Book "X" on May 19, 1936, condemning a wide right of way west of the overpass to obtain fill material for the approach, instead of a temporary construction easement, but this additional width of right of way has not been used or occupied by the State Highway Department, and

WHEREAS, the land involved in the wide right of way was later purchased by Mr. Ed Crawford, Jr., of Charleston, without the knowledge that a condemnation existed and he is presently occupying the land originally condemned, and

WHEREAS, the construction plans for Job No. 4425, Reconstruction Across Franklin County, have been drawn to show a 60 foot width of right of way on the right (south) side of centerline of survey from Station 53+74.5 to Station 58+82 and a 90 foot width of right of way on the same side from Station 58+82 to Station 62+30.2 across the frontage of the Crawford property and these widths of right of way are sufficient for highway needs and purposes in this section.

IT IS ORDERED that the Director be and is hereby authorized to execute a quitclaim deed in favor of Ed Crawford, Jr., for the area of right of way presently under condemnation in excess of the area shown as right of way on the approved construction plans for Job No. 4425 on the south side of the survey centerline between Station 53+74.5 and Station 62+30.2, adjacent to the west side of the Missouri Pacific Railroad right of way as shown by the shaded portion of the sketch dated May 1957 and attached hereto.

- 2149 In CLAY COUNTY, on Highway 90, Section 1, near West Kennett and immediately west of the St. Francis River, the Corps of Engineers, U.S. Army, proposes to construct a new levee which will cross Highway 90. The elevation of the finished levee grade will require an upward adjustment of the highway grade at the crossing.

The Director is authorized and directed to enter into agreement with the Corps of Engineers whereby the Corps will construct the earthwork and drainage structures necessary for the adjustment of the highway grade and the State Highway Department will construct the base and surfacing for the adjusted highway facility, all at the expense of the U. S. Government as a replacement in kind of the original highway facility.

- 2150 In CRAIGHEAD COUNTY, on Highway 18, Section 5, near Lake City and immediately east of the St. Francis River Floodway, the Corps of Engineers, U.S. Army, proposes to construct a new levee which will cross Highway 18. The elevation of the finished levee grade will require an upward adjustment of the highway grade at the crossing.

The Director is authorized and directed to enter into agreement with the Corps of Engineers whereby the Corps will construct the earthwork and drainage structures necessary for the adjustment of the highway grade and the State Highway Department will construct the base and surfacing for the adjusted highway facility, all at the expense of the U.S. Government as a replacement in kind of the original highway facility.

- 2151 In MILLER COUNTY for remodeling an existing Underpass at the crossing of U.S. Highway 82 and the Missouri Pacific Railroad in Northeast Texarkana, the Director is authorized to enter into an engineering contract with Garver and Garver, Consulting Engineers of

Little Rock, for complete plans and specifications, subject to the concurrence of the Bureau of Public Roads.

- 2152 The Director is hereby authorized to sell, according to law, and dispose of, the dwelling house acquired from Edwin Clamon and his wife on Job No. 6503, Hot Springs City Connection, which is located within the right of way on Mill Creek Road.
- 2153 The Director is hereby authorized to execute a deed to a certain tract of property belonging to the Highway Department to the Arkansas State Forestry Commission pursuant to the provisions of Act 195 of 1957.
- 2154 The Director is hereby authorized to execute an Easement Agreement with the Arkansas Power and Light Company with respect to the locating of its Dixie-Newport 115 Transmission Line on and across the Highway Shop Property at Jacksonville, Arkansas.
- 2155 In SALINE COUNTY on U.S. HIGHWAYS 67-70 from the Saline River to the Pulaski County Line (Job 6611), on basis of public sale in accordance with legal procedures, the Director is authorized to complete transactions for disposal of frame residence to W.H. Thomas, Route 1, Benton, on his bid of \$700.00 and frame building to J. R. Blakemore, General Delivery, Benton, on his bid of \$375.00.
- 2156 In LITTLE RIVER COUNTY in the City of Foreman on HIGHWAYS 32 and 41, a distance of 900 lin. ft., the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$940.00.
- 2157 In PHILLIPS COUNTY on basis of proposals received for services as Fiscal Agent for the Mississippi River Bridge project at Helena the Director is authorized to process contract agreement with the firm of Stifel, Nicolaus and Company of St. Louis, Missouri. This action is subject to concurrence of the Mississippi Highway Commission.
- 2158 In POPE COUNTY on HIGHWAY #27, Section #11, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing one bridge (total length 80 lin. ft.) over Darr Creek, which was washed out by the recent floods, at an estimated cost of \$16,300.00.
- 2159 In CRAIGHEAD COUNTY on HIGHWAY 1 at the crossings of the St. Louis-San Francisco and St. Louis Southwestern Railways and Main Street in Jonesboro, Arkansas, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$22,000.00, subject to the following conditions:
1. That the Railway Companies will provide a minimum of 10% of the

- installation cost and will maintain the devices after installation.
- 2. All required right-of-way will be furnished free of cost to the State.
- 3. Program approval by the Bureau of Public Roads.

- 2160 In LAWRENCE COUNTY on HIGHWAY 25 at Flat Rock Creek, the Director is authorized to proceed when funds can be made available with the construction of 1.1 miles of relocation at an estimated cost of \$40,750.00 subject to the following conditions:
- 1. All required right-of-way free of obstructions will be furnished free of cost to the Department.
 - 2. Program approval by the Bureau of Public Roads.

- 2161 In PULASKI COUNTY, the route of the Little Rock third bridge and expressway is hereby modified to utilize the portion of the route proposed by Metroplan east of University of Arkansas and City of Little Rock buildings which are adjacent to McArthur Park subject to the following conditions:
- 1. Receipt of official actions by the City Council of the City of Little Rock and the Board of Trustees, University of Arkansas, satisfactory to the Department, waiving claims for damages to their properties due to location of expressway facility.
 - 2. Route approval by the Bureau of Public Roads.

- 2162 In WOODRUFF COUNTY on HIGHWAY 39 at the crossing of the Missouri Pacific Railroad Company south of Morton, Arkansas, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions:
- 1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain devices after installation.
 - 2. All required right-of-way will be furnished free of cost to the State.
 - 3. Program approval by the Bureau of Public Roads.

- 2163 In ARKANSAS COUNTY a road from U.S. Highway 79 one mile east of Humphrey southeast to State Highway 11, a distance of approximately 13.6 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:
- 1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
 - 2. System approval by the Bureau of Public Roads,
 - 3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

- 2164 In ASHLEY COUNTY a road from U.S. Highway 82 in North Crossett, north, a distance of approximately 11 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:
- 1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,

2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

2165 In BAXTER COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From Skate Highway 5 in Mountain Home north to the Missouri State Line, a distance of approximately 12.6 miles,
2. From State Highway 5 to the Marion County Line, a distance of approximately 2.7 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2166 In BENTON COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 102 at Centerton east to U.S. Highway 62, a distance of approximately 9.5 miles,
2. From State Highway 59 approximately 1 mile north of U.S. Highway 68 west to State Highway 99, a distance of approximately 2.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2167 In BOONE COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 7 two miles north of the Newton County Line northeast along FAS County Road to U.S. Highway 65 at Bellefonte, a distance of approximately 8.2 miles,
2. From State Highway 7 two miles north of the Newton County Line west along FAS County Road, a distance of approximately 3 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2168 In BRADLEY COUNTY, the following roads are hereby

designated as a part of the state secondary highway system:

1. From State Highway 15 west of Hermitage to Jersey, a distance of approximately 7.1 miles,
2. From State Highway 4 one mile east of Warren along the route of Old State Highway 4, a distance of approximately 4.8 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2169 In CALHOUN COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 4 in the City of Hampton northwest to State Highway DANR, a distance of approximately 7.5 miles,
2. From Dallas County Line and extending to the Tri-County Lake Boat landing; thence along the road east of the spillway to the Fordyce-Tinsman Road; thence north along the Fordyce-Tinsman Road to the south end of the blacktop road just outside the City Limits of Fordyce, a distance of approximately 6.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2170 In CARROLL COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 21 north of Berryville to the Missouri State Line, a distance of approximately 7.9 miles,
2. From U. S. Highway 62 in Green Forest south, a distance of approximately 4.1 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2171 In CHICOT COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From U.S. Highway 65 at Bellaire west to U.S. Highway 165, a distance of approximately 5.6 miles,
2. From U.S. Highway 65 south to Jennie, a distance of approximately 3.5 miles,

3. From State Highway 8 at Grand Lake south to U.S. Highway 65 west of Readland, a distance of approximately 2.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the State to bring the roads to a satisfactory condition for maintenance.

2172 In CLARK COUNTY a road from U.S. Highway 67 0.3 miles north of Gurdon northwest to Trinity, a distance of 11.1 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

2173 In CLAY COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 1 from Rector south to the Greene County Line, a distance of approximately 4.1 miles,
2. From U.S. Highway 67 at the Datto Curve north through Success, a distance of approximately 3.6 miles,
3. From U.S. Highway 62 from Pollard north to the Missouri State Line, a distance of approximately 4.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2174 In CLEBURNE COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 110 two miles east of Heber Springs east to Wilburn, a distance of approximately 7 miles,
2. From State Highway 25 at Concord to the Independence County Line, a distance of approximately 6.3 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to satisfactory condition for maintenance.

2175 In CLEVELAND COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 35 at Staves east, a distance of approximately 3.8 miles,
2. From State Highway 35 two miles south of Rison east to State Highway 15 at Calmer, a distance of approximately 8.6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2176 In COLUMBIA COUNTY a road from State Highway 19 at Macedonia southwest and west to State Highway 132 at Taylor, a distance of approximately 13.7 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

2177 In CONWAY COUNTY a road from State Highway 95 at Possum Trot to one mile west of Hattieville, thence north through Old Hickory and east to State Highway 124, a distance of approximately 9.8 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

2178 In CRAIGHEAD COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 158 at Caraway north, east and north, a distance of 6 miles,
2. From U. S. Highway 63 at Bay east along F.A.S. road to Lunsford, a distance of 5.7 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory

condition for maintenance.

2179 In CRAWFORD COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 59 eight miles north of Van Buren to Uniontown, a distance of approximately 7.6 miles,
2. From U. S. Highway 64 in Mulberry north through Maxey to county road intersection, a distance of approximately 4.4 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2180 In CRITTENDEN COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 147 north of Horseshoe Lake along FAS county road to Seyppell, a distance of approximately 5 miles,
2. From State Highway 147 at Cunninghams Corner southwest to US Highway 70 at Shearerville, a distance of approximately 7 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2181 In CROSS COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From the intersection of State Highway 42 at Birdeye north to the Poinsett County Line, a distance of approximately 5.4 miles,
2. From the intersection of State Highway 42 at Birdeye south a distance of approximately 4.5 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2182 In DALLAS COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 8 east of Fordyce south to the Calhoun County Line, a distance of approximately 0.2 mile,
2. From State Highway 48 east of Carthage north along the Carthage-Leola Road, to the Grant County Line, a distance of approximately

6.2 miles,

3. From State Highway 7 east of Sparkman northeast along the Sparkman-Nix Road, a distance of approximately 2.3 miles,
4. From State Highway 79 at Beech Grove west along the Beech Grove-Bucksnot Road, a distance of approximately 1 mile,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2183 In DESHA COUNTY a road from State Highway 1 at Kelso west to the Drew County Line, a distance of approximately 12.9 miles, is hereby designated as a part of the State Secondary Highway System, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the State to bring the road to a satisfactory condition for maintenance.

2184 In DREW COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From U.S. Highway 65 one-half mile south of the Desha County Line west to Winchester, a distance of approximately 1 mile,
2. From U.S. Highway 65 one-half mile south of the Desha County Line east to the Desha County Line, a distance of approximately 0.5 mile,
3. From State Highway 4 in Monticello north to Coleman, a distance of approximately 11.1 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2185 In FAULKNER COUNTY a road from U.S. Highway 65 at Greenbrier east through the Centerville Community to State Highway 107, a distance of approximately 13 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is

accomplished by the state to bring the road to a satisfactory condition for maintenance.

2186 In FRANKLIN COUNTY, the following roads are hereby designated as a part of the state secondary highway system:

1. From State Highway 22 at Charleston north through Vesta, a distance of approximately 6 miles,
2. From U.S. Highway 64 at Ozark north on the Ozark-Mountain Top Road, a distance of approximately 6 miles,

Subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2187 In FULTON COUNTY a road from U. S. Highway 62 in Viola south through Wild Cherry to the IZARD County Line, a distance of approximately 13.4 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
2. System approval by the Bureau of Public Roads,
3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

3. State maintenance of the roads will begin when the needed work is accomplished by the state to bring the roads to a satisfactory condition for maintenance.

2235 Crittenden County, Job No. 11540, FAP I-093-1(14). The contract for the construction of approximately 12.283 miles of Grading, Minor Drainage Structures, Gr. or Cr. Stone Shldrs., Comb. P.C. Conc. Pav'mt. (9" U.T.) & Gr. Base & Dbl. Bit. Surf. Trtmt. on Fr. Rds., & Cr. Stone Base & P.C. Conc. Pav'mt. (10" U.T.) on Main Lane on the Marion-Turrell Interstate Road, U. S. Highway 61, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$1,893,779.93, subject to the concurrence of the Bureau of Public Roads.

2236 Woodruff County, Job No. 11580, FAP S-216(3). The contract for the construction of approximately 9.695 miles of Gravel Base Course and Double Bituminous Surface Treatment on the Hillemann-Morton Road, State Highway 39, Section 7, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$133,671.60.

2237 White County, Job No. 5445, FAP S-171(3). The contract for the construction of approximately 0.682 miles (incl. 252' of Bridge) of Grading, Minor Drainage Structures, Crushed Stone Base and One R.C. Slab Span Bridge on the Mt. Vernon-Rose Bud Road, State Highway 36, Section 2, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$57,925.37.

2238 Saline County, Job No. 6571, FAP I-091-2(10). The contract for the construction of approximately 0.345 miles (3649.04 Lin. Ft. of Bridges) of constructing Six I-Beam Span and R.C. Deck Bridges on the Benton-Texarkana Interstate Road, is awarded to W. R. Fairchild Construction Company, Ltd. of Hattiesburg, Mississippi on their low

bid of \$1,253,800.76, subject to the concurrence of the Bureau of Public Roads.

2239 Garland County, Job No. 6616, FAP U-014-2(9) & F-014-2(12).
The contract for the construction of approximately 620.83 Feet (2108.83 net Lin. Ft. of Bridges) of constructing six R. C. & Str. Steel I-Beam Bridges on Main Lanes, Four R. C. Slab Span Bridges on Frontage Roads and One R. C. & Str. Steel I-Beam Overpass Structure on the Hot Springs-Benton Road, State Highway 88, Section 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$508,613.40, subject to the concurrence of the Bureau of Public Roads.

2240 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., July 10, 1957.

MINUTES OF THE MEETING
OF THE
STATE HIGHWAY COMMISSION
July 18, 1957

The following is the record of the proceedings of the Fifty-fourth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 18, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Harry W. Parkin	Member

2241 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 10:00 A.M., July 18, 1957.

2242 MINUTE ORDER NO. 2144 is hereby amended to read as follows:

The following general policy is hereby adopted with reference to the issuance of permits for movement of 10 ft. wide house trailers on the State Highway System.

Permits may be granted for the movement on low-boy in accordance with usual regulations, and

Permits may be granted for the movement for such vehicles on their own wheels when towed by a 3/4 ton truck or more; on highway routes specified; where pilot car or flagmen is provided as specified; when movements are made only in daylight hours; when movement is to be made on days other than Saturdays, Sundays and legal holidays; and when towed by licensed and bonded carriers.

* Minute Order 2242 was Rescinded by Minute Order 68-200, on 4/24/68.

2243 Due to the necessity of reducing maintenance budgets for the remainder of the calendar year and in order to utilize a maximum of regular employees the Director is authorized to proceed on 32 hour work week of maintenance employees and rotation of positions where feasible to accomplish the maximum employment of regular employees desired by the Commission. It is understood that all temporary employees are released until further notice.

2244 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 10:50 A.M. Thursday, July 18, 1957.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 7, 1957

The following is the record of the proceedings of the Fifty-fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 7, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

- 2245 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 1:30 P.M., Wednesday, August 7, 1957.

WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1958, in the amount of \$2,871.00, to be paid to the National Academy of Sciences.

- 2247 WHEREAS, the President of the Southeastern Association of State Highway Officials has called attention to the fact that the dues of the Arkansas State Highway Department for the year 1957 are now due in the amount of \$200.00, and

WHEREAS, membership in this association is considered as being valuable in the Department's operations,

IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

- 2248 On basis of quotations received in response to invitations to local major companies the Director is hereby authorized to enter into agreement with the R. E. Hartenstein Company for maintenance of the elevator in the Highway Building.

2249 WHEREAS, Minute Order 1911 of January 16, 1957, authorized the placing of a bituminous seal on 8.88 miles of the existing asphalt surface on Highway 87, Sections 1 and 2, from Bradford to Denmark in WHITE and JACKSON COUNTIES at an estimated cost of \$8,000.00, and

WHEREAS, subsequent investigation has revealed that these sections can be maintained for another year by sealing selected sections at an estimated cost of \$1,123.00, and

WHEREAS, four other routes in WHITE and JACKSON COUNTIES have deteriorated to such an extent that bituminous seals must be placed in order to maintain them in suitable condition,

THEREFORE, IT IS ORDERED that the Director be authorized to transfer \$6,877.00 from the authorization contained in Minute Order 1911 to the following routes:

WHITE COUNTY - HIGHWAY 31, Section 4, from Beebe to the Lonoke County line, a distance of 2.8 miles - \$2,399.00

JACKSON COUNTY - HIGHWAY 33, Section 9, from Tupelo to the Woodruff County line, a distance of 0.9 mile - \$716.00

JACKSON COUNTY - HIGHWAY 17, Section 6, from Tupelo to the Woodruff County line, a distance of 2 miles - \$2,139.00

JACKSON and WHITE COUNTIES - HIGHWAY 11, Sections 11 and 12, on selected sections from Bald Knob to Denmark - \$1,623.00.

2250 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 1:45 P.M. Wednesday, August 7, 1957.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fifty-fifth Meeting in Little Rock, Arkansas on August 7, 1957.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 21, 1957

The following is the record of the proceedings of the Fifty-sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 21, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2251 IT IS ORDERED that a Special Meeting of the State Highway Commission be opened at 1:30 P.M., August 21, 1957.

2252 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2235 through 2239 at the regular meeting of the Commission on July 10, 1957:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Contract</u>	<u>R/W & Utilities</u>	<u>Total</u>

2254 WHEREAS, the Purchasing Committee has awarded purchases on July 15, `22, 29 and August 5, 12 and 19, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2255 Minute Order No. 2079 dated May 1, 1957, is hereby modified to include the position of Assistant Engineer Statistics and Analysis at a maximum annual salary of \$8,808.00.

2256 In CRITTENDEN COUNTY on Interstate Route 093, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing the Frisco R. R. Underpass at Lake David, at an estimated cost of \$320,000.00 subject to program approval by the Bureau of Public Roads.

2257 In GREENE COUNTY on HIGHWAY 34, Section 3, from Evening Star to Beech Grove, the Director is authorized to transfer \$400.00 from Section 8 of Minute Order 2080 to Job 10591-M, approved by Minute Order 2049, for the purchase of gravel base material to place this road in a serviceable condition.

2258 In GREENE COUNTY on highway routes in the City of Paragould the Director is authorized to proceed in the most feasible and economical manner with the work of making traffic origin and destination survey.

2259 In LEE COUNTY on HIGHWAY 121, Section 2, from Highway 1, north of Felton to Holders Crossing, a distance of 8 miles, the Director is authorized to transfer \$3,000.00 from Section 8 of Minute Order 2080 to Job 11586-M, approved by Minute Order 2051, for the purchase of gravel base material to place this road in a serviceable condition.

2260 In LINCOLN COUNTY on the Penitentiary Road, Job 2559, an existing bridge which has no salvage value in the State has been replaced. The Director is authorized to sell the salvaged bridge to the Penitentiary Board at the current price for scrap steel.

2261 In PULASKI COUNTY on the proposed interstate Route of U. S. HIGHWAYS 67-70 through the Cities of North Little Rock and Little Rock, a distance of approximately 5.2 miles, the provisions of MINUTE ORDER 1381 for City participation in the cost of rights-of-way and City responsibility for utility adjustments are hereby rescinded since under the provisions of the Highway Act of 1956 the State will be in position to bear the cost.

The Director is authorized to inform the proper officials of the Cities of Little Rock and North Little Rock that the State will provide for the installation of illumination fixtures for the entire facility within the Cities on condition that the Cities agree on or before March 1, 1958, to accept responsibility for the maintenance and operation of the illumination facility.

2262 The sale of the house formerly owned by Walter Siersleblen within the right of way on Job No. 6611, Pulaski - Saline County Interchange, to Edd Parker, Route 1, Box 379, Alexander, Arkansas, for the sum of \$355.00 is hereby approved.

2263 In DESHA and LINCOLN Counties, the Corps of Engineers, U. S. Army, in cooperation with the Cypress Creek Drainage District (in Desha County) and the Cummins Drainage District (in Lincoln County), proposes to enlarge and improve portions of the channel of Canal 19, Reach 3; this work will require adjustment of highway facilities as follows:

1. Highway 54-S-1: Add additional spans to highway bridge to accomodate enlarged channel.
2. Highway 114-S-2: Add additional spans to highway bridge to accomodate enlarged channel.

The Corps of Engineers will reimburse the State Highway Department for actual cost of the work.

NOW, THEREFORE, IT IS ORDERED that the Director be and is hereby instructed to enter into agreement with the Corps of Engineers for the preparation of plans and the prosecution of the work. The Director is also authorized to execute, in behalf of the Commission, the necessary easements to the Government for the Drainage Districts for the enlarged channel crossings of Highways 54 and 114.

2264 In CONWAY COUNTY on HIGHWAY 95, Section 1, the Director is authorized to purchase 20,000 board feet of bridge lumber to repair or replace timber structures, which were damaged or destroyed during the flash flood of August 12, 1957, at an estimated cost of

\$2,000.00.

- 2265 In CONWAY COUNTY on HIGHWAY 95, Section 1, at a point 1 1/2 miles south of Cleveland, the Director is authorized to proceed in the most feasible and economical manner with the construction of one bridge (Length 31 Lin. Ft.), to replace a bridge which was washed out during the flash flood of August 12, 1957, at an estimated cost of \$5,000.00.
- 2266 In CONWAY COUNTY on HIGHWAY 124, Section 3, at Point Remove Creek southeast of Jerusalem, and, Section 5, at Cove Creek, between Martinville and Springfield, the Director is authorized to proceed in the most feasible and economical manner with the reconstruction of two bridges (total length 450 Lin. Ft.), which were washed out during the flash flood on August 12, 1957, at an estimated cost of \$100,000.00.
- 2267 In POPE COUNTY on HIGHWAY 124, Section 2, southeast of Appleton, the Director is authorized to proceed in the most feasible and economical manner with the repair of two precast concrete slab bridges, which were damaged during the flash flood of August 12, 1957, at an estimated cost of \$5,000.00.
- 2268 IT IS ORDERED that the Special Meeting of the State Highway Commission be closed at 2:15 P.M. Wednesday, August 21, 1957.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY DEPT.
September 18, 1957

The following is the record of the proceedings of the Fifty-seventh Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 18, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
James H. Crain	Member
Raymond F. Orr	Member
Harry W. Parkin	Member

2269 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., September 18, 1957.

2270 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Project Cost</u>	<u>Increase or Decrease in</u>
2571	S-269(1)	2	Jct. Hwy. 65-North	G. E. Steed,	576.00	236.00	
				Contractor			
8408	F-02-2(2)	3	Pottsville-East & West Reconstruct-	Ben M. Hogan & Co.			
			tion		3,375.00		+3,375.00

2271 WHEREAS, the Purchasing Committee has awarded purchases on August 23 and 26 and September 3, 9 and 16, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2272 The Director hereby is authorized to delete from receivable accounts of the Dent the amount of \$4,688.49 as the uncollectable balance due from former employees for 1955 social security contributions.

2273 The Director is hereby authorized to proceed in the most feasible and economical manner with the work of installing heating and cooling system in the old Highway building at an estimated cost of \$20,530.00.

2274 In CLEVELAND COUNTY the official routing of State High-

way US-79 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, between Rison and Kingsland", drawn 9-5-57.

By this action and in conformity with Supreme Court decisions, the section of old Highway US-79 at the crossing of Saline River, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 2275 In DREW COUNTY on the campus of Arkansas A & M College, a driveway serving new building, length 1300 ft., in accordance with attached sketch is hereby made a part of the State Highway System and the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$2,450.00.
- 2276 The Director is authorized to make application to the American Association of State Highway Officials for changing the designation of Highway No. U.S. 70, from the present route between Benton and Hot Springs in Saline and Garland Counties, to the new route now under construction.
- 2277 IN PIKE COUNTY on HIGHWAY 8 from U. S. Highway 70 southwest of Glenwood east a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$90,000.00, subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Pike County within 60 days after right-of-way requirements are furnished.
 3. Sections of present road not utilized in proposed construction will be abandoned as State route.
 4. Program approval by the Bureau of Public Roads.
- 2278 In PULASKI COUNTY on U. S. HIGHWAYS 67-70 the Director is authorized to relocate the crossover immediately south of the Hayes Street Intersection to a point opposite proposed street near the Howard Johnson Restaurant and Motor Lodge, in accordance with plan approved by the Chief Engineer 8-27-57, on condition that the State Highway fund be reimbursed for the total cost of all necessary changes and additions, including signs and markings, estimated to be \$10,000.00.
- 2279 In PULASKI COUNTY on the State Hospital grounds the Director is authorized to proceed in the most feasible and economical manner with the work of repairing and surfacing driveways at an estimated cost of \$2,450.00.

2280 The Director is hereby authorized to sell and dispose of according to law a one-story frame 4-room house acquired from Walter D. Cox and wife; and a one-story frame 5-room house acquired from E. T. Wills and wife, located within the right of way on Job 6607, Benton-West Road.

2281 WHEREAS, Minute Order 1888 of January 16, 1957, authorized the placing of a bituminous seal on 24.40 miles of the existing asphalt surface on Highway 29, Section 1, from the Louisiana Line to Lewisville in Lafayette County at an estimated cost of \$19,300.00, and

 WHEREAS, subsequent investigation has revealed that 12.40 miles of this road can be maintained for another year without being sealed, and

 WHEREAS, on HIGHWAY 71, Sections 5, 6 and 7, in SEVIER COUNTY, from the Little River County line to the Polk County line, some sections have deteriorated to such an extent that a bituminous seal must be placed to maintain them in a suitable condition,

 THEREFORE, IT IS ORDERED that the Director be authorized to transfer \$9,800.00 from Minute Order 1888 to HIGHWAY 71, Sections 5, 6 and 7, in SEVIER COUNTY, for the placing of a bituminous seal on selected sections totaling 12.40 miles in length.

2282 In WHITE COUNTY on HIGHWAYS 31 and 5 from U. S. HIGHWAY 67 at Beebe to Highway 36 at Rosebud, a distance of approximately 25.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing crushed stone surfacing on selected sections at an estimated cost of \$21,630.00.

2283 Crittenden County Job No. 11543, FAP I-093-1(3). The contract for the construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, P. C. Conc. Pav't. (10" U.T.), Two R. C. & Str. Steel I-Beam Overpass structures, Frontage Roads & Access Lanes (P. C. Conc. Pav't. 10" U.T.) on the West Memphis-Turrell Interstate Road, is awarded to E. E. Barber Construction Company, Inc. of Fort Smith, Arkansas on their low bid of \$770,439.39, subject to the concurrence of the Bureau of Public Roads.

2284 Crittenden County Job No. 11585, FAP I-093-1(9). The contract for the construction of a Railroad Underpass Facility consisting of Grading, One Temporary Timber Trestle, One Temporary I-Beam & Timber Span R. R. Bridge & One Permanent Plate Girder Span & R. C. Railroad Bridge (308.58 Lin. Ft.) at Lake David on the Memphis-Blytheville Interstate Road, U. S. Highway 61, Section 1, is awarded to E. E. Barber Construction Company, Inc. of Fort Smith, Arkansas on their low bid of \$268,858.82, subject to the concurrence

of the Bureau of Public Roads.

- 2285 Pulaski County Job No. 6582, FAP I-091-2(14). The contract for the construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, P. C. Conc. Pav't (8" U.T.) & One Reinf. Conc. & Structural Steel I-Beam Overpass Structure on the Little Rock-Benton Interstate Road, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$227,918.25, subject to the concurrence of the Bureau of Public Roads.
- 2286 Saline & Pulaski Counties, Job No. 6583, FAP I-091-2(13). The contract for the construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, Dbl. Bit. Surf. Trtmt. on Shldr., P. C. Conc. Pav't. (8" U.T.) and one Composite I-Beam Span Overpass on the Little Rock-Benton Interstate Road, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$219,278~19, subject to the concurrence of the Bureau of Public Roads.
- 2287 Greene County. Job No. 10594, FAP S-193(2): The contract for the construction of approximately 0.176 miles (incl. 132.08' of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment & One R.C. & Str. Steel I-Beam Bridge on the Lake City-Paragould Road, State Highway 135. Section 4, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$33,797.45.
- 2288 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 2:45 P.M. Wednesday, September 18, 1957.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fifty-seventh Regular Meeting in Little Rock, Arkansas on September 18, 1957.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 23, 1957

2292 WHEREAS, the Purchasing Committee has awarded purchases on September 23 and 26 and October 7 and 21, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2293 In accordance with the provisions of Section 57, Act No. 65, Acts of 1929, and of Arkansas State Highway Commission Minute Order No. 387, February 25, 1954, the Director is hereby authorized to proceed with arrangements for printing fifteen hundred (1500) copies of "Regulations for Access Driveways to State Highways," at an estimated cost of \$1,300.00.

2294 The Director is hereby authorized to sell and dispose of, according to law, all buildings within the right of way on the following listed jobs:

1. Job No. 11488
Marion - Turrell, Additional Lanes, including Interchanges
Crittenden County
2. Job No. 1333, Section I
Lake David - Bardstown
Crittenden and Mississippi Counties
3. Job No. 11389
West Memphis Bypass, West Leg
Crittenden County
4. Job No. 6611
Benton - West
Saline County.

2295 The Specifications for a Highway Employees Group Insurance Plan, dated October 11, 1957, are hereby approved and the Director is authorized to advertise for and receive bids under regular purchasing procedures, make an award, and execute a contract on behalf of the Commission for the insurance service described in said specifications.

The Director is further authorized to appoint a Group Insurance Committee of not less than five highway employees to administer the Group Insurance Program on behalf of the group members. Said Committee shall serve at the pleasure of the Director, shall organize and elect a chairman and take all action necessary with the Contracting Firm to assure enrollment of employees in the group plan, and to keep the system in operation. The Insurance Committee may designate an

additional employee to act as Executive Secretary to keep necessary records of the Group, supervise payment of premiums by payroll deductions, and handle necessary correspondence.

Annually, the Insurance Committee shall submit to the Commission a complete report on the status of the Group Insurance Plan, together with recommendations for any changes or alterations in the original contract.

It is expressly understood that all premiums are to be paid by the employees who are members of the Group Insurance Plan without contribution of State funds.

2296 WHEREAS, Act 3 of the First Extraordinary Session of the 1957 General Assembly makes provisions under certain conditions for overtime work of employees engaged in the preparation of plans, and

WHEREAS, during the remainder of the fiscal year ending June 30, 1958 it is apparent that there will be a continued shortage of employees in the plan sections and that the work volume will not be lessened,

NOW THEREFORE, in accordance with the provisions of Section 2 of Act 3, the Commission hereby declares that an emergency exists and the Director is authorized, as of October 16, 1957, to proceed with overtime work in the plan sections as needed but not to exceed the limitations of Act 3.

2297 On INTERSTATE HIGHWAYS 30, 40 and 55 the Director is authorized to request program approval by the Bureau of Public Roads on sections where needed for plan preparation, right-of-way acquisition and construction to the extent of available 1959 Interstate funds.

2298 In DALLAS COUNTY, MINUTE ORDER NO. 2182 is hereby modified to change the description of the fourth road to read as follows: "From U. S. Highway 79 at Beech Grove north along the Beech Grove-Bucksnot road, a distance of approximately 1 mile."

In all other respects Minute Order No. 2182 remains unchanged.

2299 In SEBASTIAN COUNTY MINUTE ORDER NO. 2224 is hereby modified to include the following described road:

From State Highway 22 approximately 1.4 miles east of U. S. Highway 71 in Fort Smith south via 31st Street to State Highway 22T, a distance of approximately 3.6 miles.

In all other respects Minute Order No. 2224 remains unchanged.

2300 In WHITE COUNTY, MINUTE ORDER NO. 2232 is hereby modified to change the description of the first road to read as follows: "From Highway 36 intersection with Fourth Street in Searcy, south along 4th Street and southwest on Old Searcy-Little Rock road to intersection with McRae road, a distance of approximately 6 miles."

In all other respects Minute Order No. 2232 remains unchanged.

2301 In COLUMBIA COUNTY on U.S. HIGHWAY 79 at Magnolia, the Director is authorized to proceed in the most feasible and economical manner with tile work of installing storm drain to adjust unsatisfactory drainage condition in the vicinity of North Street intersection at an estimated cost of \$6,200.00.

2302 In Crittenden County on Interstate Route 092 at the proposed Frisco Overpass in West Memphis, the Director is authorized to proceed in the most feasible and economical manner with the work of relocating existing flashing light signals at existing crossing of Hwy. 61 to protect one of the proposed frontage roads and installing additional flashing light signals to protect the other frontage road at an estimated cost of \$8,000.00 subject to approval of the Bureau of Public Roads.

2303 In Garland County on in U.S. Highway 270 at the crossing of the Missouri Pacific Railroad Company, Mt. Pine Branch, southwest of Hot Springs, Arkansas, the Director is authorized to proceed in the most feasible and economical manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions.

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

2304 In LAFAYETTE COUNTY on HIGHWAY 82, Section 2, from Spirit Lake to Buckner, a distance of 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the resurfacing of selected sections (total length 5 miles) at an estimated cost of \$68,300.00.

2305 In LITTLE RIVER County on State Highway 108, Section 1, approximately two and one half miles southwest of the Town of Foreman, the Arkansas Cement Corporation proposes to build a cement plant. In order to make the best use of the terrain in arranging the layout of the plant, it will be necessary for the plant site to include an area now occupied by State Highway 108. The Arkansas Cement Corporation proposes to construct a relocation of Highway 108 around the north side of the plant site in all respects equal to or better than the present highway; the Company has presented an easement deed in favor of this Commission for the right-of-way required for the relocation (80 ft. in width).

The Director is hereby authorized and directed to issue a permit to the Arkansas Cement Corporation for the relocation of approximately 2000 feet of State Highway 108 as outlined above, subject to the further conditions listed below; upon completion and acceptance of the relocation, that portion of the present highway thus replaced will no longer be a part of the State Highway System and the Director will quitclaim the abandoned right-of-way to the Arkansas Cement Corporation on behalf of this Commission.

This action is conditioned upon:

1. The Arkansas Cement Corporation will perform all construction for the highway relocation at its own expense and hold the Arkansas State Highway Commission harmless in all respects in regard to the relocation of State Highway 108.
2. The construction of relocated Highway 108 will be substantially in accordance with plans approved by the Chief Engineer, State Highway Department, and will be subject to inspection by the Highway Department District Engineer and must meet with his full approval.

2306 In LOGAN COUNTY on HIGHWAY #22, Sections 3 and 4, from Paris to the Logan - Yell County Line, the Director is authorized to proceed in the most feasible and economical manner with the resurfacing of selected sections of the existing pavement (total length approximately 2.2 miles) at an estimated cost of \$26,000.00.

2307 In LONOKE COUNTY on HIGHWAY #13, Section 9, from Humnoke to Carlisle, a distance of 17.01 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of surface gravel on selected sections at an estimated cost of \$2,600.00.

2308 In LONOKE COUNTY on HIGHWAY #89, Section 1, from Cabot to the Two Prairie Bayou Bridge, a distance of 9.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of surface gravel on selected sections at an estimated cost of \$3,900.00.

2309 In MONROE and PRAIRIE COUNTIES on HIGHWAY #33, Sections 4, 5, and 6, from the junction of Highway #38, at Des Arc, to the junction of Highway #79 at Roe, a distance of 27.74 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of surface gravel on selected sections at an estimated cost of \$12,200.00.

2310 In PIKE COUNTY MINUTE ORDER No. 2215 is hereby cancelled and in lieu thereof the following action is taken:

 In PIKE COUNTY a road from U.S. HIGHWAY 70 at Salem west a distance of 12.0 miles is hereby made a part of the State

Secondary Highway System, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days after right-of-way requirements are furnished.
2. System approval by the Bureau of Public Roads.
3. State maintenance of the road will begin when the needed work is accomplished by the State to bring the road to a satisfactory condition for maintenance.

2311 In PULASKI County the official routing of State Highway U.S.-67 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, North of Jacksonville", drawn 10-21-57.

By this action and in conformity with Supreme Court decisions, the section of old Highway US-67, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

2312 In ST. FRANCIS COUNTY on HIGHWAY 50 at the crossing of the St. Francis River at Madison, the Director is authorized to proceed in the most feasible and economical manner with work necessary to increase the load capacity of the St. Francis River bridge to 10 tons at an estimated cost of \$52,600.00 and the heavy bridge maintenance budget is hereby supplemented in the amount of \$40,000.00.

2313 In WASHINGTON COUNTY on U.S. HIGHWAY 71 at Springdale the Director is authorized to proceed in the most feasible and economical manner with the work of constructing pavement approach to driveways of weight station at an estimated cost of \$2,500.00.

2314 In YELL COUNTY on HIGHWAY #22, Section 5, from the Yell-Logan County Line to the west City Limits of Dardanelle, the Director is authorized to proceed in the most feasible and economical manner with the resurfacing of selected sections of the existing pavement (total length approximately 1.5 miles) at an estimated cost of \$18,000.00.

2315 Crittenden County Job No. 11445, FAP I-092-5(3) and I-093-1(13). The contract for the construction of approximately 4.872 miles (incl. 360 net lin. ft. of Bridges) of Grading, Minor Drainage Structures, Gravel & Crushed Stone Base, Dbl. Bit. Surf. Treatment, P.C. Conc. Pav't. (9" & 10" U.T.) and Three R.C. Slab Span Bridges on the West Memphis Bypass Interstate Road, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$1,185,112.42, subject to the concurrence of the Bureau of Public Roads.

- 2316 Crittenden County, Job No. 11591, FAP I-093-1(15). The construction of an Interchange facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Surf. Course and One R.C. & Str. Steel I-Beam Overpass Structure on the Marion-Turrell Interstate Road, is awarded to D. F. Jones Construction Co., Inc. of Little Rock, Arkansas on their low bid of \$179,947.35, subject to the concurrence of the Bureau of Public Roads.
- 2317 Saline County, Job No. 6584, FAP I-091-2(18). The construction of an Interchange Facility consisting of Grading, Minor Drainage Structures, Crushed Stone Base, P.C. Conc. Pav't. (8" U.T.), & One R.C. & Str. Steel I-Beam Overpass on the Little Rock-Benton Interstate Road, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$233,636.09, subject to the concurrence of the Bureau of Public Roads.
- 2318 Pulaski County, Job No. 6591, FAP I-091-2(21). The construction of approximately 0.232 miles (Piers Only) of Reinforced Concrete Piers for the Arkansas River Bridge on the Little Rock-North Little Rock Expressway, is awarded to Massman Construction Company of Kansas City, Missouri on their low bid of \$931,096.00, subject to the concurrence of the Bureau of Public Roads.
- 2319 Pulaski County, Job No. 6629, FAP State. The construction of Signs and Alteration of Traffic Channels consisting primarily of Grading, Gravel Base, Dbl. Bit. Surf. Treatment, ACHM Surf. Crse., P.C. Conc. and Asph. Conc. Curbing at the Jct. of Hwy. 70 & Hayes Street in the Southwest Area of Little Rock, U. S. Highway 70, Section 12, is awarded to A. P. T. Construction Company of North Little Rock, Arkansas on their low bid of \$14,922.25.
- 2320 Union County, Job No. 7537, FAP U-UG-021-1(3). The construction of approximately 5.320 miles of Clearing and Grubbing within the right-of-way for the El Dorado By-Pass (Hwy. 167) Road, U. S. Highway 167, Sections 1 & 2, is awarded to R. H. Davis of Stamps, Arkansas on their low bid of \$23,968.91, subject to the concurrence of the Bureau of Public Reads.
- 2321 Conway County, Job No. 8447, FAP S-243(2). The construction of approximately 0.261 miles (incl. 256.19' of Bridge) of Grading, Gravel Base Course and One R. C. & Str. Steel Truss & I-Beam Span Bridge on the Jerusalem-Jct. Hwy. 95 Road, State Highway 124, Section 3, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$57,344.10.
- 2322 Conway County, Job No. 8448, FAP S-271(1). The construction of approximately. 0.237 miles (incl. 267.44' of Bridge) of Grading, Gravel Base Course, and One R.C. & Str. Steel I-Beam & Truss Bridge on the Plummerville-Damascus Road, State Highway 124, Section 5, is awarded to Forsgren Brothers of Fort Smith, Arkansas on

their low bid of \$55,678.76.

2323 Lonoke County, Job No. C-43-6, FAP S-1072(2). The construction of approximately 10.825 miles of Crushed Stone Base Course on the Ward-Faulkner County Line Road, County Road, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$84,926.39. Lonoke County has concurred in this award.

2324 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:15 P.M. Wednesday, October 23, 1957.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fifty-eighth Regular Meeting in Little Rock, Arkansas on October 23, 1957.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 4, 1957

The following is the record of the proceedings of the Fifty-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on December 4, 1957 at which time the following members were present:

Glenn F. Wallace	Chairman
Cecil S. Lynch	Vice Chairman
Raymond F. Orr	Member
Harry W. Parkin	Member

2325 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., December 4, 1957.

2326 Allotment is hereby made for construction of the listed projects on which awards were made by Minute Orders 2315 through 2323, at the regular meeting of the Commission on October 23, 1957:

2329 In PHILLIPS COUNTY on HIGHWAY 20, the Director is authorized to proceed with request to the Bureau of Public Roads for program of the Mississippi River bridge at Helena on basis of finance proposed by the Fiscal Agent in report of October 7, 1957, which involves an 8 Million Dollar bond issue and participation by Arkansas of federal funds in the amount of \$5,395,000.00.

The Director is further authorized to execute modified agreement with the Mississippi Highway Department to provide for joint maintenance and operation of the bridge beginning with completion of construction.

2330 WHEREAS, this Department has for a number of years maintained membership in the American Road Builders' Association with material benefit from the services and publications resulting therefrom,

NOW THEREFORE IT IS ORDERED that the Director be authorized to process for payment the statement for 1958 membership dues in the amount of \$37.50.

2331 WHEREAS, the Purchasing Committee has awarded purchases on October 28, November 11, 18 and 25 and December 2, 1957, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the action of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

2332 In PULASKI County, on Highway US-65, Section 11, the Director is hereby authorized to grant a permit to Jeffrey Stone Company of North Little Rock for the construction of a railroad spur track crossing the highway at grade to serve a stone quarry and crushing plant approximately one and one half miles outside the north City Limits of North Little Rock,

The permit will be conditioned on:

1. The installation will be at no expense to the State.
2. The Jeffrey Stone Company will cause a standard flashing light signal to be erected to protect the crossing.
3. The Jeffrey Stone Company will construct the crossing with a Portland Cement concrete base and pavement extending the length of crossies and will, at all times, maintain the crossing in a condition satisfactory to the State Highway Department.
4. All construction on highway right-of-way must meet the approval of the Highway Department District Engineer.

2333 In Arkansas County on U.S. 79 at the crossing of the Chicago, Rock Island and Pacific Railroad Company's Main Track in Stuttgart, Arkansas, the Director is authorized to proceed in the most feasible and economical manner with the work of installing flashing light signal protection at an estimated cost of \$8,600.00 subject to the following conditions:

1. That the Railroad will provide a minimum of 10% of the installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

2334 In Chicot County, a road from Highway 144 to boat dock on Lake Chicot, a distance of approximately 0.6 mile, in Lake Chicot

State Park, is hereby made a part of the State Highway System and the Director is hereby authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, base and surfacing at an estimated cost of \$18,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the Department.
2. System and program approvals by the Bureau of Public Roads.

- 2335 In PULASKI COUNTY a road from State Highway 30 at Scott south along the Scott-England road, a distance of approximately 12 miles, is hereby designated as a part of the state secondary highway system, subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the state within 90 days,
 2. System approval by the Bureau of Public Roads,
 3. State maintenance of the road will begin when the needed work is accomplished by the state to bring the road to a satisfactory condition for maintenance.

- 2336 In DALLAS COUNTY on HIGHWAY 8, Section 6, between Dalark and Princeton, the Director is authorized to proceed in the most feasible and economical manner with the work of placing embankment material on an overflow section, west of Tulip Creek, to raise the grade above high water at an estimated cost of \$5,200.00.

- 2337 In FALCONER COUNTY on HIGHWAY 36, Section 1, between Naylor and Mount Vernon, the Director is authorized to proceed in the most feasible and economical manner with the construction of 2 bridges (total length 62 lin. ft.) at an estimated cost of \$7,000.00.

- 2338 In FRANKLIN COUNTY on HIGHWAY 23, Section 7, north of Ozark, the Director is authorized to proceed in the most feasible and economical manner with the work of redecking two bridges (total length 107 lin. ft.) at an estimated cost of \$7,800.00.

- 2339 In HEMPSTEAD COUNTY on U.S. HIGHWAY #67, approximately 5 miles south of Hope, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing concrete driveway of weight station at an estimated cost of \$4,000.00.

- 2340 In LONOKE COUNTY on HIGHWAY #13, Section 9, from Humnoke to Carlisle, a distance of approximately 17 miles, Minute Order #2307 of October 23, 1957, authorized the placing of surface gravel on selected sections, and

WHEREAS, subsequent investigation has revealed that this road cannot be maintained without additional surface gravel, the Director is authorized to amend Minute Order #2307 to provide additional surface gravel at an estimated cost of \$28,000.00.

- 2341 In PERRY COUNTY on HIGHWAY 60, Section 1, approximately 1.4 miles east of the junction of Highway 113, the Director is authorized to proceed in the most feasible and economical manner with the construction of one bridge, length 31 lineal feet, at an estimated cost of \$3,400.00.
- 2342 In SHARP COUNTY on HIGHWAY 63, Section 2, near the junction of Highway 58-East at Martin Creek, the Director is authorized to proceed in the most feasible and economical manner with the repairing of one bridge (total length 120 lin. ft.), which was damaged on November 16, 1957, by a trailer truck, at an estimated cost of \$6,000.00.
- 2343 St. Francis & Crittenden Counties, Job No. 11572, FAP S-71(2). The contract for the construction of approximately 7.962 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Jct. 128 ea. 17000 lb GVW Dump Chassis with Cab A.H.D. Specification 55-56 NE 67-30.

Items No. 1 - 2 - 4 - 6 - 7 - 9 - 10 - 11 - 12 to General Motors Corporation, Chevrolet Motor Division, Detroit 2, Michigan.

92 Each 1956 Chevrolet Model No. 6103 V-8 Dump Chassis W/Cab at a low bid price of \$1,717.17, total 92 Units	\$157,979.64		
Less \$25.00 discount per unit 92 units	\$2,300.00	or a total of	\$155,679.64
Less allowance for 92 old units	\$11,569.00.		
Net cost to Arkansas State Highway Dept.			\$144,110.64

Item No. 3. To Hope Auto Company, Hope, Arkansas.
14 Each 1956 Ford Model F-600 V-8 Dump Chassis
W/Cab at a low bid price of \$1,710.81 ea. Total 14
Units \$23,951.34 Less 14 old units trade in \$1,981.50
Net cost to Arkansas State Highway Dept. \$21,969.84

Item No. 5. To Rider Motor Company, Batesville, Ark.
9 Each 1956 Ford F-600 V-8 Dump Chassis W/Cab
at a low bid price of \$1,726.10 ea. Total 9 units
\$15,534.90. Less 9 old units trade-in at \$1,350.00
Net cost to Arkansas State Highway Dept. \$14,184.90

Item No. 8. To Hamilton-Rainwater Motor Company, Dardanelle, Arkansas.
13 Each - 1956 Ford Model F-600 - V-8 Dump Chassis
W/Cab at low bid price of \$1,720.40 ea. Total 13 units
\$22,365.20 Less 13 old units trade in \$2,425.00
Net cost to Arkansas State Highway Dept. \$19,940.20

10 Each Chassis W/Cab 17000 GVW - L.W.B. A.R.D. Specification
55-56 NE No. 67-31.

Items 14-16-17-18 and 19 To General Motors Corporation, Chevrolet Motor
Division, Detroit 2, Michigan.
9 Each 1956 Chevrolet Model 6503 - V-8 L.W.B. Chassis
W/Cab 17000 G.V.W. at a low bid price of \$1,839.67 per unit,
Total 9 units \$16,557.03 Less \$25.00 per unit discount, 9 units
\$225.00 Less 7 old units trade-in \$840.00
Net cost to Arkansas State Highway Dept. \$15,492.03

Item No. 15. To Sizeland Motor Company, Camden, Arkansas.
1 Each 1956 F-600 Ford V-8 Chassis W/Cab at a low bid
price of \$1,944.10. Less 1 old unit trade-in \$225.00.
Net cost to Arkansas State Highway Dept. \$1,719.10

5 - Each Chassis and Cab 17000 lb. G.V.W. AHD Specification
55-56 NE No. 67-32

Item No. 21. To General Motors Corp., Chevrolet Motor Division,
Detroit 2, Michigan.
5 Each 1956 Chevrolet Model 6403 - V-8 Chassis W/Cab
at a low bid price of \$2,321.32 ea. Total five units
\$11,606.60. Less \$25.00 per unit discount \$125.00.
Net cost to Arkansas State Highway Dept. \$11,481.60

9 - Each Tractor Trucks 24000 Lbs. G.V.W. AHD Specification 55-56
NE No. 67-35

Items No. 22-24-25 and 26 To White County Motor Company, Searcy, Ark.
8 Each 1956 Ford Model F-800 - V-8 at a low bid price of
\$5,253.57, Total 8 units \$42,028.56 Less 6 old units trade-in \$550.00
Net cost to Arkansas State Highway Dept. \$41,478.56

Item No. 23. To International Harvester Co., Little Rock, Ark.
1 Each 1956 Int. Model R195A at a low bid price
of \$5,647.07. Less 1 old unit trade-in at \$550.00
Net cost to Arkansas State Highway Dept. \$5,097.07

2 - Each Chassis and Cab 21000 G.V.W. AHD Specification 55-56
NE No. 67-33.

Item No. 28. To Cogswell Motors, Russellville, Arkansas.
2 Each 1956 F-750 Ford V-8 Chassis in/Cab 175" W.B.
at a low bid price of \$2,886.89 each Total 2 units \$5,773.78.
Net cost to Arkansas State Highway Dept. \$5,773.78

2 - Each Tandem Axle Chassis and Cab 28000 G.V.W. AHD
Specification 55-56
NE No. 67-34.

Item No. 29. To International Harvester Company, Little Rock, Ark.
2 Each 1956 Int. Model SF 172 Chassis W/Cab at a low bid
price of \$3,911.38. Total 2 units \$7,822.76.
Net cost to Arkansas State Highway Dept. \$7,822.72

9 - Each Pick-Up Trucks 1/2 Ton - AHD Specification 55-56
NE No. 67-28

Items No. 30 and 31. To General Motors Corporation, Chevrolet Motor
Division, Detroit 2, Michigan.
9 Each 1956 Chevrolet Model 3104, 6 Cyl. 1/2 Ton Pick-Ups
at a low bid price of \$969.88 ea., Total 9 units \$8,728.92.
Less \$25.00 discount per unit - 9 units \$22,500. Less 2 old
units trade-in \$202.00.
Net cost to Arkansas State Highway Dept. \$8,301.92

5 - Each Pick-Up Trucks 1-Ton - AHD Specification 55-56
NE No. 67-29

Items No. 33 - 34 and 35. To General Motors Corporation, Chevrolet Motor
Division, Detroit 2, Michigan.
5 Each 1956 Chevrolet Model 3804-6 cyl. 1-Ton Pick-Up
Truck at a low bid price of \$1,201.48 Total 5 units \$6,007.40.
Less \$25.00 per unit discount, 5 units \$125.00. Less 3 old units
trade-in \$530.00
Net cost to Arkansas State Highway Dept. \$5,352.40

40 Each Station Wagons 4-Door 6-Passenger 6-Cyl. AHD Specification
55-56 NE No. 67-27

Items No. 37 - 38 - 39 - 40 - 42 - 43 - 44 and 45. To General Motors
Corporation, Chevrolet Motor Division, Detroit 2, Michigan.
39 Each 1956 Chevrolet Model 2109 6-Cyl. Station Wagons

at a low bid price of \$1,307.84 each, total 39 Units \$51,005.76. Less \$25.00 per unit discount, 39 units \$975.00. Less 39 old units trade-in \$5,624.00 Total net cost to Ark. State Highway Dept.	\$44,406.76
Item No. 41. To Hamilton-Rainwater Motor Co., Dardanelle, Ark. 1 Each 1956 Ford Country Sedan 6-Passenger 4-Door 6-Cyl. at a low bid price of \$1,399.00. Less 1 old unit trade-in \$452.50 Total net cost to Arkansas State Highway Dept.	\$946.50
40 - Each Automobile 4-Door Sedan - AHD Specification 55-56 NE No. 67-26.	
Items No. 47 - 49 - 52 - 56 - 57 and 58. To General Motors Corporation, Chevrolet Motor Division, Detroit 2, Michigan. 20 - Each 1956 -Chevrolet Model 2103 - V-8 4-Door Sedan at a low bid price of \$1,254.49 each, Total 20 units \$25,089.80, Less \$25.00 per unit discount \$500.00. Less 20 old units trade-in \$5,901.00 Total net cost to Ark. State Highway Dept.	\$18,688.80
Item No. 48. To H. F. Trotter Inc., Pine Bluff, Ark. 5-Each Ford V-8 Customline 4-Door Sedan at a low bid price of \$1,253.69, total 5 units \$6,268.45. Less 5 old units trade-in \$2,375.00. Total net cost to Ark. State Highway Dept.	\$3,893.45
Items No. 50 and 55. To Randall Motor Company, Fort Smith, Ark. 6-Each 1956 Ford V-8 Customline 4-Door Sedan at a low bid price of \$1,224.59 each, total 6 units \$7,347.54. Less 6 old units trade-in \$2,725.00 Total net cost to Ark. State Highway Dept.	\$4,622.54
Item No. 51. To Rider Motor Co., Batesville, Arkansas 1-Each 1956 Ford V-8 Customline 4-Door Sedan at a low bid price of 1,205.39 ea. Less 1 old unit trade-in at 700.00 Total net cost to Ark. State Highway Dept.	\$505.39
Item No. 53. To Sizeland Motor Co., Camden, Arkansas 5-Each Ford V-8 Customline 4-Door Sedan at a low bid price of \$1,471.00 ea. Total 5 units \$7,355.00. Less 5 old Units trade-in \$3,995.00. Total net cost to Ark. State Highway Dept.	\$3,360.00
Item No. 54. To Hamilton-Rainwater Motor Co., Dardanelle, Ark. 3-Each 1956 Ford V-8 Customline 4-Door Sedan at a low bid price of \$1,119.00 each. Total 3 units \$3,352.00. Less 3 old units trade-in \$1,207.50. Total net cost to Ark. State Highway Dept.	<u>\$2,144.50</u>

Total purchase price 250 Vehicles; less trade-in and discounts \$381,292.74

1256 WHEREAS, The American Association of State Highway Officials has billed the Department for Departmental Membership Dues for the year 1956, which membership is regarded as being highly beneficial to the Department

 NOW THEREFORE IT IS SO ORDERED that the Director be authorized to process for payment the Statement for membership dues for the year 1956 in the amount of \$1,013.00.

1257 That as a result of certification by the Governor of an election conducted by the Arkansas State Highway Employees Retirement System pursuant to Act 248 of 1951 as amended by Act 427 of the Acts of 1955, the Director is hereby designated as Agent for the Arkansas State Highway Commission and is authorized to enter into an agreement with the State Agency to bring the employees of the Arkansas State Highway Department under the provisions of the Federal Social Security Laws, effective January 1, 1956.

1258 In LEE COUNTY, on U.S. HIGHWAY 79, the Director is authorized to enter into an agreement on behalf of this Highway Commission with the Corps of Engineers, U.S. Army, whereby the State Highway Department will alter and rearrange the U.S. Highway 79 facility approximately 3 miles east of Marianna, Arkansas, on a cost reimbursable basis, in order to permit the Corps of Engineers to construct the Madison to Marianna Levee and Floodway, St. Francis Basin Project, across the highway right-of-way.

 The Director is also authorized to execute, on behalf of this Commission, a perpetual easement giving the United States the authority to construct, maintain, and operate the aforesaid Levee and Floodway across U.S. Highway 79 right-of-way

1259 In LEE COUNTY on U.S. HIGHWAY 79, the Director is authorized to enter into an agreement with Garver and Garver, Consulting Engineers of Little Rock, Arkansas, for the preparation of plans and specifications for work required by the Corps of Engineers, U.S. Army, in the rearrangement of U.S.. Highway 79 caused by the construction of a portion of the St. Francis Basin Project near Marianna, Arkansas.

1260 In FULTON and SHARP COUNTIES the official routing of U.S. HIGHWAY 63 shall follow the new construction between Mammoth Spring and Hardy as indicated on the attached sketch map entitled, "Designation Change from Mammoth Spring to Hardy"-drawn 12-2-55, which is hereby made a part of this Order.

By this action, those sections of old U.S. Highway 63 between Mammoth Spring and Hardy which have been replaced by new construction are hereby declared to be no longer part of the State Highway System.

1261 In ST. FRANCIS COUNTY the route of HIGHWAY 38, from a point approximately 1.81 miles west of the junction with Highway 79 at Hughes for a distance of approximately 5.68 miles to a point north of Blackfish Bayou, is hereby modified to utilize a County road running west from the point of beginning for approximately 3 miles thence along a relocation across Blackfish Bayou (Job 11502) for approximately 2.43 miles to a tie with the existing road at the aforesaid point north of Blackfish Bayou, all as shown on the attached sketch entitled "Designation Change in Vicinity Blackfish Bayou" drawn 12-22-55, which is hereby made a part of this Order.

Upon completion of construction of Blackfish Bayou Bridge and Approaches (Job 11502) the present route of Highway 38 within the above described limits, approximately 5.68 miles in length, will be abandoned as a part of the State Highway System.

1262 In MISSISSIPPI COUNTY on U.S. HIGHWAY 61 in the City of Osceola, a distance of approximately 1.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement widening and resurfacing at an estimated cost of \$36,500.00.

1263 In PHILLIPS COUNTY on HIGHWAY 49, from end of concrete pavement to Old Town, a distance of approximately 5.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$28,600.00.

1264 The Director is authorized to proceed with surveys, investigations, plans and cost estimates for use in subsequent secondary program consideration for the following road and bridge projects:

<u>County</u>	<u>Highway</u>	<u>Limits</u>
Phillips	1	From Hwy 1 at Monroe C.L. through Watkins Comer & Cypert to Hwy. 1SW of Marvell
<u>County</u>	<u>Highway</u>	<u>Limits</u>
Poinsett	149	Marked Tree to Crittenden C.L.
Howard	4	Center Point to Dierks
Nevada	4	Rosston to Ouachita C.L.
Ashley & Chicot	8	Eudora to Parkdale
Pike & Nevada	19	Delight South to end of pavement N. of Prescott
Jackson	37	Beedeville to Hwy. 14
Benton	99	Siloam Springs to Hwy. 12
Saline	9	Paron South 8 mi.

Madison	23	Carroll C.L. to Forum
Carroll	21	Berryville to Metalton
Washington	45	Cane Hill to Dutch Mills
Lawrence	115	Smithville to U. S. 63
Mississippi	40	Replace Left Hand Chute Little River Bridge
Mississippi	14	Replace Tyronza River Bridge
Chicot	35	U. S. Hwy 165 to U. S. 65

1265 In ARKANSAS COUNTY on HIGHWAYS 146 and 153 from Highway 30 north a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$120,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1266 In BENTON COUNTY on HIGHWAY 72 from Pea Ridge to U. S. Highway 62, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$80,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1267 In BENTON COUNTY on HIGHWAY 12 from Rogers to the White River, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing base and surfacing at an estimated cost of \$70,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1268 In CLEBURNE COUNTY on HIGHWAY 16 from Heber Springs to Stark, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$120,000.00 on condition that all required right-of-way free of obstructions be furnished free of cost to the State within 90 days.

1269 In CRAWFORD COUNTY on HIGHWAY 162, Section 1, from the intersection of Highways 64 and 162 to the south city limits of Alma, a distance of 9.78 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface at an estimated cost of \$47,600.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the state within ninety (90) days.

1270 In CROSS COUNTY on HIGHWAY 145 from U.S. Highway 64 south through Fair Oaks, a distance of approximately 4.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$40,000.00 on condition that all required right-of-way

free of obstructions be furnished free of cost to the State within 90 days.

11533	State	33	Woodruff	\$106,000.00
2538	State	85	Desha	\$52,040.00
3488	S-98(2)	29	Hempstead	\$262,200.00
6478	F-021-3(1)	67	Pulaski	\$731,390.00
6526	State	S.H.	Pulaski	\$14,190.00
6536	State	67	Saline	\$83,150.00
7505	State	15	Bradley	\$64,000.00
9366	S-246(1)	99	Benton	\$97,540.00
10457	F-026-1(2)	25	Greene	\$229,860.00
10552	State	63 & 67	Lawrence	<u>\$8,450.00</u>
Total from current Highway Construction Approp.				\$1,648,820.00
C-4-3	S-19(3)	County Road	Benton	\$36,310.00
C-60-24	S-1036(2)	County Road	Pulaski	<u>\$34,360.00</u>
Total from County & Federal Aid Secondary Funds				<u>\$70,670.00</u>
GRAND TOTAL				\$1,719,490.00

1303 The following Supplemental Agreement has been examined by the Commission and is hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

F.C.

<u>Job</u>	<u>FAP</u>	<u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
10520	S-1010(1)	3	Jonesboro-Nettleton	BucTon Const. Co.	\$200.00

1304 WHEREAS, the Purchasing Committee has awarded purchases on December 19, 1955, January 30, February 6, 13, 20 and 27, 1956 in accordance with authority previously conveyed all of which have been documented by official minutes which are of record in the file, of the

Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1305 WHEREAS, in order to comply with United States Coast Guard regulations pertaining to fuel storage tanks on the barge which is used for ferry operations, it has become necessary to remove these tanks and make an installation on the lake shore.

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with this installation at a cost not to exceed \$5,000.00.

1306 In DESHA COUNTY, the Corps of Engineers, U.S. Army, proposes to enlarge and relocate portions of the channel of Bayou Macon, as Ditch No. 19;

WHEREAS, this work will require adjustment of the highway facility as follows:

1. Highway 1-S-1: Relocation of ditch requires new bridge and removal of existing bridge across present channel.
2. Highway 4-S-17: Enlargement of channel requires remodeling existing 19 ft. roadway structure.

WHEREAS, the Corps of Engineers will reimburse the State Highway Department for replacement in kind;

NOW, THEREFORE, IT IS ORDERED, that the Director be and is hereby instructed to enter into agreement with the Corps of Engineers for the preparation of plans and the prosecution of the work to include widening the Bayou Macon Bridge on Highway 4 to modern standards in connection with the remodeling. The sum of \$25,000. is hereby authorized from Highway Department funds to cover the cost of the necessary betterments in which the Government will not participate. The Director is also authorized to execute, in behalf of the Commission, the necessary easements to the Government for the enlarged channel crossings of Highways 1 and 4.

1307 WHEREAS, the Highway Department has received a request from Judge Boyd Carpenter of Sharp County to purchase approximately 200 7" I-beams, 10' in length (approximately 18.3 tons), which were salvaged from the Arkansas River Bridge at Pine Bluff and are now stored at the Central Shops at Jacksonville, Arkansas, and,

WHEREAS, these I-beams are unsuitable for future use in the State Highway System,

NOW, THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to sell this steel to Sharp County at a price of \$25 per ton.

- 1308 In SHARP COUNTY on U. S. HIGHWAY U.S. 62 a strip of land approximately 15 feet wide by 150 feet long, shown on the attached sketch, which has been furnished to the State by Sharp County as right-of-way free of obstructions for Job No. 5402, is no longer needed for highway purposes.

The Director is authorized to release to Sharp County by the most feasible manner, the described strip of land.

- 1309 WHEREAS, in CROSS and WOODRUFF COUNTIES, a road from U.S. Highway 64, southwest, paralleling St. Louis Southwestern Railway, to Penrose, a distance of 4.0 miles, has been built as a result of action by Arkansas State Highway Commission; and

WHEREAS, this road has not been given a State Highway designation;

NOW, THEREFORE, IT IS ORDERED, that this road be designated as part of the State Highway System and signed as State Highway 145 for convenience of the traveling public, as indicated on the attached sketch map entitled, "Route Designation, Fair Oaks-Penrose", drawn 9-16-55, which is hereby made a part of this Order.

- 1310 WHEREAS, Division 6 is in need of an Area Headquarters in the south part of Little Rock and,

WHEREAS, it has been determined that the Department has a tract of three acres that is suitably located for such purpose and is not being used at the present time.

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, and utilities and all appurtenant works necessary to provide adequate service for an area headquarters at a cost not to exceed \$15,000.00.

- 1311 In CRITTENDEN COUNTY on U.S. HIGHWAY 63 from the intersection of U.S. Highway 61 north approximately 1.7 miles, Minute Order No. 398 is hereby cancelled and the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$66,000.00.

- 1312 In DESHA and LINCOLN COUNTIES on HIGHWAY 54 from

Dumas to Garrett Bridge, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphaltic surfacing at an estimated cost of \$20,000.00.

- 1313 In GARLAND COUNTY on U.S. HIGHWAY 270 from junction of U. S. Highway 70 at Hot Springs west to the Ouachita River bridge, a distance of approximately 6.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$110,000.00.

- 1314 In GRANT and JEFFERSON COUNTIES on U.S. Highway 65 from the Pulaski County Line to a point approximately 2 miles south of Jefferson, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$330,000.00.

- 1315 In JACKSON COUNTY on HIGHWAY 14 from U.S Highway 67 in Newport south and east a distance of approximately 7.75 miles the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$80,000.00.

- 1316 In JACKSON COUNTY on U. S. HIGHWAY 67 from end of White River Bridge to the Missouri Pacific Railroad overpass, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing, widening and strengthening pavement at an estimated cost of \$125,000.00

- 1317 In POINSETT COUNTY on U.S. HIGHWAY 63 from Marked Tree south a distance of 1.22 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at estimated cost of \$25,000.00.

- 1318 In PRAIRIE COUNTY, on HIGHWAY 11, Section 9, at Wattensaw Bayou, the Director is hereby authorized to proceed in the most feasible and economical manner with the work of widening and placing a concrete deck on the existing bridge (length 610 lineal feet), an estimate cost of \$18,300.00.

- 1319 In PULASKI COUNTY on U.S. HIGHWAY 67-E from near junction with U.S. Highway 70 to junction with U.S. Highway 67-W, a distance of approximately 3.8 miles, and on U.S. HIGHWAY 67-W from junction with U.S. Highway 67-E south a distance of approximately 0.4 mile the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$67,000.00.

1320 In WOODRUFF COUNTY on HIGHWAY 33, Section 4, from the Junction of Highways #38 and #33 at Little Dixie to the beginning of asphalt pavement at Gregory, a distance of 11.4 miles, the Director is authorized to proceed in the most feasible and economical with the work of placing a double bituminous surface treatment at an estimated cost of \$33,000.00.

1321 In CLARK and DALLAS COUNTIES on HIGHWAYS 7 from junction of Highway 51 to Dalark, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading base and surfacing at an estimated cost of \$180,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1322 In CLEBURNE and WHITE COUNTIES on HIGHWAY 5 from Highway 25 to Highway 36 at Rosebud, a distance of approximately 10. miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$100,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1323 In CLEVELAND and LINCOLN COUNTIES on HIGHWAY 11 from Pansy to Star City, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphaltic surfacing at an estimated cost of \$15,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1324 In CRITTENDEN COUNTY on U.S. HIGHWAY 64 from the Cross County Line to connection with present road approximately 3 miles west of Crawfordsville, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$800,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Upon completion of construction the portions of the present road not used in the relocated highway and not a part of Highway 149 will no longer be a part of the State maintained highway system.
3. Acceptance of the provisions of this order by the County Judge of Crittenden County within 90 days after right-of-way requirements are furnished.
4. Program approval by the Bureau of Public Roads.

1325 In DESHA COUNTY on HIGHWAY 85 from Snow Lake to the Phillips County Line, a distance of approximately 8 miles, the Director

is authorized to proceed in the most feasible and economical manner with the work of constructing dustless surfacing at an estimated cost of \$16,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1326 In FRANKLIN COUNTY on HIGHWAY 96 from the Sebastian County Line to Cecil, a distance of approximately 6.97 miles, the Director is authorized to proceed the most feasible and economical with the work of constructing a single asphalt surface treatment at an estimated cost of \$17,500.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1327 In GREENE COUNTY on HIGHWAY 34 from Highway 135 to Beech Grove, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$80,000.00 on condition that all required right-of-way, free of obstructions is furnished free of cost to the State within 90 days.

1328 In HEMPSTEAD and NEVADA COUNTIES on U.S. Highway 67 from Hope to Prescott, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical with the work of widening and strengthening pavement at an estimated cost of \$600,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judges of Hempstead and Nevada Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1329 In HOWARD and PIKE COUNTIES on HIGHWAYS 26 from Center Point to Highway 27, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$130,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the state within 90 days.

1330 In IZARD COUNTY on HIGHWAY 56 from Brockwell to Franklin, a distance of approximately 10 miles the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$100,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1331 In JACKSON COUNTY on U.S. HIGHWAY 67 from the White County Line north, a distance of approximately 6.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an

estimated cost of \$272,000.00, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Jackson County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1332 In POINSETT and MISSISSIPPI COUNTY on HIGHWAY 14 from Lepanto to Highway 181, a distance of approximately 13.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphalt surfacing at an estimated cost of \$39,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1333 In PERRY COUNTY, on HIGHWAY 113, Section 3, from Bigelow to the Pulaski County line, a distance of 8.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface treatment at an estimated cost of \$20,400.00, on condition that all required right-of-way free of obstruction is furnished free of cost to the State within ninety (90) days.

1334 In PERRY and YELL COUNTIES on HIGHWAY 7 from Fourche Junction to Ola, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$80,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1335 In PHILLIPS COUNTY on HIGHWAY 49 from Elaine to Lambrook, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphaltic surfacing at an estimated cost of \$24,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1336 In PHILLIPS COUNTY on HIGHWAY 49 from end of pavement east of Elaine to Old Town, a distance of approximately 5.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphaltic surfacing at an estimated cost of \$18,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1337 In POINSETT COUNTY on HIGHWAY 149 from Marked Tree to the Crittenden County Line, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing additional base and surfacing at an estimated cost of \$70,000.00 on condition that all

required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1338 In PULASKI COUNTY on HIGHWAY 113, Section 2, from Perry County line to Highway 10, a distance of 3.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface treatment at an estimated cost of \$7,400.00, on condition that all required right-of-way free of obstruction is furnished free of cost to the State within ninety (90) days.

1339 In SALINE COUNTY on U. S. HIGHWAY 67 from the Hot Spring County Line to a point near the junction with Highway 88, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$300,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Saline County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1340 In SEBASTIAN COUNTY on HIGHWAY 96 from Lavaca to the Franklin County Line distance of approximately 12.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing additional base and single asphalt surface treatment at an estimated cost of \$59,500.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1341 In SHARP COUNTY on HIGHWAY 115 from Cave City to junction Highway 58, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$50,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1342 Pulaski County, Job No. 6535, State. The contract for the construction of approximately 7.070 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Little Rock-Pine Bluff Road, U.S. Highway 65, Section 11, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$144,266.60.

1343 Benton County, Job No. 9367, FAP S-192(2). The contract for the construction of approximately 1.240 miles (incl. 952.17 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel or Crushed Stone Base, Double Bituminous Surface Treatment and One R. C. & Structural Steel I-Beam Bridge on the Fayetteville-Siloam Springs

Road, State Highway 16, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$267,557.00.

- 1344 Lawrence County, Job No. 10535, State. The contract for the construction of approximately 2.061 miles of Gravel or Crushed Stone Base and Double Bituminous Surface Treatment on the Powhatan-Black Rock Road, State Highway 25, Section 6, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$25,533.70.
- 1345 Mississippi County, Job No. 10467, FAP F-024-1(2). The contract for the construction of approximately 3.557 miles (incl. 63 ft. of Bridge) of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Surface and One R.C. Slab Span Bridge on the Blytheville-Manila Road, State Highway 18, Sections 6 & 7, is awarded to S. J. Cohen Company of Blytheville, Arkansas on their low bid of \$214,452.98, subject to the concurrence of the Bureau of Public Roads.
- 1346 Pulaski & Faulkner Counties; Job No. 1311, FAP S-225(2). The contract for the construction or approximately 14.481 miles of Crushed Stone Base and Double Bituminous Surface Treatment on the Macon-Vilonia Road, State Highway 5, Sections 1 & 2, is awarded to Four Brothers, Inc. of Sweet Home, Arkansas on their low bid of \$170,976.37.
- 1347 Crawford & Washington Counties, Job No. 1315, FAP S-333(10). The contract for the construction of approximately 23.117 miles of Double Bituminous Surface Treatment on the Van Buren-Siloam Springs Road, State Highway 59, Sections 4 & 5, and State Highway 156, Section 1, is awarded to Four Brothers, Inc. of Sweet Home, Arkansas on their low bid of \$66,104.29.
- 1348 IT IS ORDERED that the Regular Meeting of the State Commission be closed at 4:00 P.M., February 29, 1956.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 4, 1956

The following is the record of the proceedings of the Thirty-ninth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 4, 1956 at which time the following members were present:

Cecil S. Lynch	Chairman
James H. Crain	Member
Glenn F. Wallace	Member

1349 IT IS ORDERED that a Regular Meeting of the of the State Highway Commission be opened at 10:00 A. M., April 4, 1956.

1350 Allotment is hereby made in the amount of \$996,010.00 from the current Highway Construction Appropriation for construction of the following listed projects on which contract awards are made by Minute Orders 1342 through 1347 at the regular meeting of the Commission on February 29, 1956:

Job No.	Project	Route	County	Amount

1352 WHEREAS , the Purchasing Committee has awarded purchases

on March 5, 12, 19, 26 and April 2, 1956, in accordance with authority previously conveyed all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1353 MINUTE ORDER NO. 350 pertaining to Employee Leave policy is hereby cancelled and superseded by the following in order to clarify initial intent.

Employees of the Arkansas Highway Department as are defined eligible herein may take accrued vacation, sick and military leave as limited by the following general policies:

VACATION LEAVE

1. Eligibility for Leave. All regular employees of the Highway Department including those paid on an hourly basis shall be eligible for vacation leave after nine months continuous employment. Vacation leave will not apply to part time employees.
2. Accrual and Usage. Vacation Leave will be accrued on the basis of two weeks (10 working days) for each full year period. Computation of vacation leave will begin with employment and for record purposes accruals will be credited monthly. Each eligible employee may have two weeks vacation leave each calendar year. If an employee desires to use vacation leave in increments of less than two weeks at a time, a total of ten working days per calendar year may be used.

Upon approval by the Director an employee may be permitted a vacation period of a maximum of 15 days provided that vacation leave for the employee over a two year period does not exceed 20 days.

The dates for vacation leave must be approved in advance by the employees' Division Head or District Engineer.

At the end of each calendar year unused vacation accruals will be credited as sick leave.

3. Payment for Vacation Accruals. Upon termination of an employee payment will be made for vacation accruals not to exceed 10 days.
4. Administration. Division Heads and District Engineers will be responsible for the administration of the vacation leave policies outlined herein but copies of vacation leave records shall be furnished to the Personnel Division for permanent file.

SICK LEAVE

1. Eligibility for Sick Leave. Such employees of the Highway Department as have been defined eligible for vacation leave are also eligible for sick leave after three months continuous service. Sick leave is defined and shall be administered according to the following general policies.
2. Amount of Leave. Sick leave will accrue at the rate of one-half working day per calendar month of employment. Computation of sick leave will begin with the first full calendar month of employment or major portion thereof.
3. Sick leave may accrue from year to year. Unused earned vacation leave may be transferred to sick leave annually. No payment will be made for accumulated sick leave upon termination of service.
4. Usage. Employees returned from sick leave of three working days or less will sign a certificate stating that absence was due to sickness. Any sick leave of more than three working days must be accompanied by a doctor's certificate or the entire leave will be deducted from vacation leave or the salary, as the case may be.

Sick leave used in excess of accrual will be charged against vacation leave until such leave is exhausted. Then the employee will be placed on leave without pay or on the disability provision of the retirement plan if applicable.

5. Administration. Division Heads and District Engineers will be responsible for administration of the sick leave policies outlined herein. Copies of all sick leave certificates will be furnished to the Personnel Division for permanent record.

MILITARY LEAVE

Military Leave is granted State employees under the provisions of Act 465 of 1949.

Employees are granted two weeks plus necessary travel time for military leave without loss of pay, and this shall be in addition to regular vacation time allowed such employees.

RECORDS

It shall be the duty of the Director of Personnel to prepare and furnish all necessary leave forms and to keep a permanent and continuous leave record for all highway employees.

1354 WHEREAS, the construction program of the State Highway Department includes a large mileage of roads to be surfaced with asphalt during this calendar year and

 WHEREAS, the Lion Oil Company of El Dorado is one of the principal producers of road asphalts used by the Department and

 WHEREAS, the production of asphalt by the Lion Oil Company

has been stopped by reason of a strike and

WHEREAS, the production of this plant is essential to assure a continuing program of asphalt surfaced roads

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby instructed to call the gravity of this situation to the attention of the officials of the Lion Oil Company and the affected labor unions to the end that their differences may be composed and irreparable damage to the State's transportation system and economy avoided.

1355 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters in Calhoun County, and,

WHEREAS, Mr. A. G. Tomlinson of Hampton, Arkansas, has a two acre tract located 1 1/2 miles north of the city limits of Hampton on Highway 167 which is suitably located for this purpose and can be purchased at a cost of \$400.00.

NOW, THEREFORE, IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer of this property to the State at a cost not to exceed \$400.00.

BE IT FURTHER ORDERED, that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of buildings, fences, and appurtenances necessary to provide adequate services for an area headquarters at a cost not to exceed \$15,000.00.

1356 WHEREAS, it is considered necessary in the interest of efficiency to establish a Sub-Area Headquarters at Princeton, Arkansas, in Dallas County, and

WHEREAS, Mr. A. B. Morgan has a tract of one acre located approximately 1/2 mile south of Princeton, which is suitably located and can be purchased at a cost of \$200.00

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer of title to the State at a cost not to exceed \$200.00.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of all buildings, fences, and appurtenances necessary to provide adequate service for a Sub-Area Headquarters at

a cost not to exceed \$5,000.00.

1357 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Nashville, Arkansas, in Howard County, and,

WHEREAS, the town of Nashville has two acres located on Highway 27 at the south city limits which is suitably located and can be purchased at a cost of \$400.00.

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer of this property to the State at a cost not to exceed \$400.00.

BE IT FURTHER ORDERED, that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of buildings, fences, and appurtenances necessary to provide adequate services for an area headquarters at a cost not to exceed \$15,000.00.

1358 WHEREAS, the Town of Hazen donated an Area Headquarters site of approximately three (3) acres, located in the north 360 feet of Block "A" of Hurts' Addition to the Town of Hazen, to the Highway Department, and,

WHEREAS, the Town had previously planned to reserve a plot 60 feet wide by 50 feet long in the northwest corner of said tract for a Gas Regulator Station in connection with their municipally owned gas distribution system, and,

WHEREAS, the deed transferring the property to the Highway Department through error neglected to retain title to this 50' x 60' plot, which deed is now of record in Prairie County,

NOW, THEREFORE IT IS ORDERED, that the Director be and he is hereby authorized to transfer title to said plot to the Town of Hazen.

1359 WHEREAS, in Benton County, on Highway 12, the Department has constructed a new bridge to replace the old steel structure at Vaughn and the County Judge of Benton County has requested that he be allowed to purchase, for \$100.00, the old steel beams (approximately seven tons), which are located at the bridge site, for use on the County Road System, and,

WHEREAS, this steel is unsuitable for further use by the Department,

IT IS ORDERED that the Director be and he is hereby authorized to transfer title to this steel to Benton County at a price of \$100.00.

1360 WHEREAS, the Highway Department has received a request from Judge Boyd Carpenter of Sharp County to purchase approximately 200 7" I-beams, 10' in length (approximately 18.3 tons), which were salvaged from the Arkansas River Bridge at Pine Bluff and are now stored at the Central Shops at Jacksonville, Arkansas,, and,

WHEREAS these I-beams are unsuitable for future use in the State Highway System,

NOW, THEREFORE IT IS ORDERED that the Director be and, he is hereby authorized to sell this steel to Sharp County at a price of \$25 per ton.

1361 In SEBASTIAN COUNTY, in the City of Fort Smith, the Chairman is hereby authorized to execute necessary documents for transfer of a portion of property now being used as Division 4 Maintenance Headquarters, being a strip 50 ft. by 210.4 ft. to the Fort Smith Chamber of Commerce for the appraised amount of \$250.00. This action is taken at the request of the Fort Smith Chamber of Commerce who initially donated the tract to the Department, and in accordance with proscribed legal procedure.

1362 In COLUMBIA COUNTY, on HIGHWAY 82, Section 3, between Magnolia and the Lafayette County line, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four (4) precast concrete slab bridges (247 lin. ft.) at a cost not to exceed \$22,400.00.

1363 In LEE COUNTY on HIGHWAY 121 from Aubrey to State Highway 1, a distance of approximately 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing asphaltic surfacing at an estimated cost of \$20,000.00.

1364 In LINCOLN COUNTY on HIGHWAY 11, Section 2, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing 2 timber bridges with reinforced concrete structures 114 ft. total length and placing concrete wearing surface on one 42 ft. length steel I-beam span at an estimated cost of \$11,300.00.

1365 In MISSISSIPPI COUNTY on HIGHWAY 120 from U. S. Highway 61 to O'Donnell Bend, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing surfacing at an estimated cost

of \$21,500.00.

1366 In MISSISSIPPI COUNTY on HIGHWAY 150 from Number Nine to Huffman, a distance of approximately 5.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing surfacing at an estimated cost of \$15,000.00.

1367 In MISSISSIPPI COUNTY on HIGHWAY 136 from Highway 40 to Highway 77, a distance of approximately 5.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing surfacing at an estimated cost of \$15,100.00.

1368 In PIKE COUNTY, on HIGHWAY 84, Section 1, between Kirby and Highway 8, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing three (3) precast concrete slab bridges (209 lin. ft.) at a cost not to exceed \$18,700.00.

1369 In PULASKI COUNTY on U. S. HIGHWAY 65 near Woodson the Director is authorized to proceed in the most feasible and economical manner with the work of constructing Clear Creek and Relief bridges and approaches at an estimated cost of \$80,000.00.

1370 In PULASKI COUNTY on the Interstate routes of U. S. HIGHWAYS, 65, 67 and 70 the Director is authorized to proceed with surveys, investigations, plans and right-of-way appraisals and when plans, right-of-way requirements and appraisals are complete to bring to the attention of the Commission for consideration of further action.

1371 In BOONE COUNTY on HIGHWAY 7 in Harrison from end of concrete pavement on South Pine St. to a point 300 feet south of intersection of Highways 7 & 43, a distance of approximately 1,500 lin. ft. the Director is authorized to proceed in the most feasible and economical manner with the work of constructing climbing lane at an estimated cost of \$12,700.00, on condition that all required right-of-way free of obstructions is furnished free of cost to the State.

1372 In CLAY and RANDOLPH COUNTIES on U. S. HIGHWAYS 62 and 67, Minute Order Number 1044 is amended to provide a City Connection to each of the town of Biggers Reyno, and Datto from a proposed relocation of U. S. Highways 62 and 67 at an estimated cost of \$40,000.00.

1373 In DALLAS COUNTY on HIGHWAY 48, Section 1, from Farindale to Carthage, a distance of approximately 9.3 miles, MINUTE ORDER 1001 is hereby modified to include the work of constructing surfacing at a revised estimated cost for base and surfacing of \$88,600.00. Other conditions and provisions of Minute Order 1001 remain unchanged.

- 1374 In MILLER COUNTY on U. S HIGHWAY 82 from the Missouri Pacific Railroad Overpass in Texarkana east a distance of approximately 5.0 miles, the Director is authorized to proceed with surveys, investigations and plans for widening of the underpass, widening and strengthening the road section and when plans and right-of-way are available to bring the subject back to the attention of the Commission for consideration of construction finance. This action is taken subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of Miller County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1375 In MONROE COUNTY on HIGHWAY 39 from U. S. Highway 70 at Brinkley to U. S. Highway 79 on approved primary route, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$700,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. The portion of the present road serving Monroe, Smale and Blackton not included on the approved primary route will be retained as a portion of the highway system for maintenance and subsequent improvement.
 3. Acceptance of the provisions of this order by the County Judge of Monroe County within 60 days after right-of-way requirements are furnished.
 4. Program approval by the Bureau of Public Roads.

- 1376 In PHILLIPS COUNTY on HIGHWAY 49 from Elaine to Lambrook, a distance of approximately 8 miles, MINUTE ORDER NO. 1335 is hereby modified to provide for the construction of additional base and surfacing at an estimated cost of \$38,500.00. All other provisions and conditions of Minute Order No. 1335 remain unchanged.

- 1377 In PHILLIPS COUNTY on HIGHWAY 20 in the City of Helena along Biscoe and Columbia Streets from the south city limit to Perry Street, a distance of approximately 0.8 mile, MINUTE ORDER NO. 1095 is hereby modified to provide the following conditions:
1. That the City of Helena will:
 - a. Furnish all required right-of-way free of obstructions and free of cost to the State.
 - b. Provide for the adjustment of utility lines.
 - c. Provide for the adjustment of manhole rings and covers.
 - d. Provide for construction of any needed facilities back of curb lines not included in the State's plans and contract.

- e. Prohibit parking on the completed street section.
 - f. Accept the provisions of this order within 30 days.
2. Program approval by the Bureau of Public Roads.

Upon fulfillment of conditions the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures, paving and appurtenances at an estimated cost of \$120,000.00.

- 1378 In PIKE COUNTY on U. S. HIGHWAY 70 and HIGHWAY 8 at Glenwood the Director is authorized to proceed with surveys investigations and plans for the construction of a bridge across the Caddo River on an extension of Main Street, and approaches for proper connection to present route east and west of Glenwood; and for the relocation and construction of Highway 8 from a point on the relocated section of U. S. Highway 70 west of Glenwood extending southeast to a connection of the present route of Highway 8 south of the Missouri Pacific Railroad, and upon completion of plans and right-of-way acquisition to bring to the attention of the Commission for consideration of construction finance. This action is subject to the following conditions:
- 1. All required right-of-way for Highway 70 construction free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 - 2. All required right-of-way for Highway 8 construction, free of obstructions will be furnished free of cost to the State.
 - 3. Upon completion of construction, sections of present route not used in the relocated highways will no longer be a part of the State maintained system.
 - 4. Acceptance of the provisions of this offer by the County Judge of Pike County within 60 days after right-of-way requirements are furnished.
 - 5. Program approval by the Bureau of Public Roads.

- 1379 In POINSETT and MISSISSIPPI COUNTIES on HIGHWAY 14 from Highways 40 to Highway 181, a distance of approximately 13.4 miles, MINUTE ORDER 1332 is hereby modified to include the work of constructing additional base and surfacing at an estimated cost of \$85,000.00. Other provisions and conditions of Minute Order 1332 remain unchanged.

- 1380 In POLK COUNTY on HIGHWAY 4, Section 1, from the intersection of Highway 71 to the Oklahoma State Line, a distance of 2.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material and bituminous surfacing at an estimated cost of \$16,000.00, on condition that all required right-of-way free of obstruction is furnished free of cost to the State within ninety (90) days.

- 1381 In PULASKI COUNTY on the proposed interstate route of U. S. HIGHWAYS 65, 67 and 70 through the Cities of Little Rock and

North Little Rock from a point of interchange near the south city limits of Little Rock to a proposed interchange near the north city limits of North Little Rock, a distance of approximately 5.2 miles, the Director is authorized to proceed with right-of-way acquisition and plans for construction on the basis of the report of the consulting engineering firm of Brown & Blauvelt, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Appraisals and acquisition to be made by qualified persons or firm selected by the State in coordination with the Mayors of Little Rock and North Little Rock and the County Judge of Pulaski County.
3. The contract cost of services involved in right-of-way appraisals and acquisition will be borne by the State.
4. The Cities of Little Rock, North Little Rock and Pulaski County will assume responsibility for adjustment of all utility lines required by the construction.
5. Acceptance of the provisions of this order by the Mayors of Little Rock, North Little Rock and the County Judge of Pulaski County within 90 days.
6. Program approval by the Bureau of Public Roads

Upon availability of right-of-way and plans, the Director will report back to the Commission for consideration of finance for construction.

1382 St. Francis County, Job No. 11502, FAP S-236(1). The contract for the construction of approximately 2.550 miles (incl. 407.08 ft. of R. C. & Structural Steel I-Beam Bridge) of Grading, Minor Drainage Structures, Gravel Base on the Widener-Hughes Road, State Highway 38, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$158,926.70.

1383 Crittenden County, Job No. 11548, FAP IN-03-1(8). The contract for the construction of six Reinforced Concrete Slab Span Bridges (648 Lin. Ft.) on the Marion-Turrell Road, U. S. Highway 61, Section 1, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas, on his low bid of \$142,170.32, subject to the concurrence of the Bureau of Public Roads.

1384 Woodruff & Cross Counties, Job No. 11551, State. The contract for the construction of approximately 4.266 miles of Gravel Base and Single Bituminous Surface Treatment on the Penrose-Fairoaks Road, State Highway 145, Sections 4 & 5, is awarded to West Memphis Asphalt Co., Inc. of West Memphis, Arkansas on their low bid of \$28,898.05.

1385 Woodruff County, Job No. 11552, State. The contract for the construction of approximately 11.132 miles of Single Bituminous Surface Treatment on the Little Dixie-Gregory Road, State Highway 33, Section 4, is awarded to J. M. Reed & Son of Judsonia, Arkansas on their low bid of \$27,800.83.

- 1386 Jefferson County, Job No. 2471, FAP F-025-2(2). The contract for the construction of approximately 4.560 miles of Grading, Minor Drainage Structures, Widening & Resurfacing with Asphaltic Concrete Hot Mix on the Pine Bluff-Grady Road, U. S. Highway 65, Section 15, is awarded to Tecon Paving Company of Dallas, Texas on their low bid of \$209,861.79, subject to the concurrence of the Bureau of Public Roads.
- 1387 Jefferson & Grant Counties, Job No. 2537, State. The contract for the Remodeling and Widening of six Reinforced Concrete Bridges (270 Lin. Ft.) on the Pine Bluff-Little Rock Road, U. S. Highway 65, Sections 14 & 13, is awarded to W. R. Fairchild Construction Co., Ltd. of Warren, Arkansas on their low bid of \$107,884.05.
- 1388 Arkansas County, Job No. 2543, State. The contract for the construction of approximately 12.715 miles of Gravel Base and Single Bituminous Surface Treatment on the Emanuel-Prestons Ferry Road, State Highway 153, Section 1, and State Highway 146, Section 1, is awarded to Forcum-Lannom, Inc. of Dyersburg, Tennessee on their low bid of \$117,780.75.
- 1389 Drew County, Job No. 2544, State. The contract for the construction of approximately 12.909 miles of Gravel Base and Single Bituminous Surface Treatment on the Monticello-Tillar Road, State Highway 4, Section 15, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas on their low bid of \$120,755.62.
- 1390 White County, Job No. 5430, FAP S-247(1). The contract for the construction of one Reinforced Concrete & Structural Steel I-Beam Bridge (502 Lin. Ft.) with approximately 0.321 miles of Grading and Gravel Approaches on the Pangburn-Sunnydale Road, State Highway 124, Section 12, is awarded to E. E. Barber Construction Co., Inc. of Fort Smith, Arkansas on their low bid of \$166,291.70, subject to the concurrence of the Bureau of Public Roads.
- 1391 Saline County, Job No. 6418, FAP F-014-2(6) & IN-01-2(3). The contract for the construction of approximately 3.141 miles of Grading, Minor Drainage Structures and Gravel Surface on Frontage Roads on the Benton-Lonsdale Road, State Highway 88, Section 6, and U. S. Highway 67, Section 9 is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$266,854.39, subject to the concurrence of the Bureau of Public Roads.
- 1392 Saline & Grant Counties, Job No. 6496, FAP S-328(4). The contract for the construction of approximately 18.111 miles (incl. 244.25 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Two R. C. Slab Span Bridges on the Benton-Sheridan Road, State Highway 35, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on

their low bid of \$406,127.14.

- 1393 Pulaski County, Job No. 6527, FAP IN-01-2(14). The contract for the construction of approximately 0.681 miles of Grading, Minor Drainage Structures, P. C. Concrete Pavement on Right Traffic Lane, Frontage Roads, Ramps and Connections and One R. C. & Structural Steel Overpass on the Little Rock-Benton Road, U. S. Highway 70, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$439,520.95, subject to the concurrence of the Bureau of Public Roads.
- 1394 Pulaski County, Job No. 6557, State. The contract for the Resurfacing with Asphaltic Concrete Hot Mix, approximately 0.955 miles on Asher Avenue, 1.305 miles on Highway 5, 3.809 miles on Highway 67E, and 0.379 miles on Highway 67W for a total of 6.448 miles on U. S. Highway 70, Section 12, State Highway 5, Section 1, and U. S. Highways 67E & 67W, Section 10, is awarded to A.P.T. Construction Company of North Little Rock, Arkansas on their low bid of \$100,593.60.
- 1395 Conway & Yell Counties, Job No. 8378, FAP S-9(3). The contract for the construction of One Reinforced Concrete & Structural Steel I-Beam Bridge (318.21 Lin. Ft.) with approximately 0.659 miles of Grading and Gravel Approaches on the Centerville-Petit Jean State Park Road, State Highway 154, Sections 1 & 2, is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$104,168.33.
- 1396 Yell County, Job No. 8401, FAP S-212(4). The contract for the construction of approximately 10.560 miles of Crushed Stone Base and Double Bituminous Surface Treatment on the Danville-Chickalah Road, State Highway 27, Section 10, is awarded to Southeast Construction Inc. of Pine Bluff, Arkansas on their low bid of \$88,454.39.
- 1397 Greene & Clay Counties, Job No. 10519, State. The contract for the construction of approximately 11.760 miles of Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Grading for Approaches on the Delaplaine-Highway 135 Road, State Highway 90, Sections 4 & 3, is awarded to D. F. Jones Construction Co., Inc. of Little Rock, Arkansas on their low bid of \$158,039.50.
- 1398 Greene County, Job No. 10561, State. The contract for the construction of approximately 7.938 miles of Gravel Base and Single Bituminous Surface Treatment on the Beech Grove-Highway 135 Road, State Highway 34, Section 3, is awarded to BucTon Construction Co., Inc. of Hazen, Arkansas on their low bid of \$37,210.30.
- 1399 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M. April 4, 1956.

I, V. E. Scott, Administrative Assistant, hereby certify that the

foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Thirty-ninth Regular Meeting in Little Rock, Arkansas on April 4, 1956.

V. E. Scott
Administrative Assistant

ARKANSAS STATE HIGHWAY DEPARTMENT
LITTLE ROCK, ARKANSAS
May 11, 1956

ADMINISTRATIVE CIRCULAR 56-23

TO: ALL DIVISION HEADS & DISTRICT ENGINEERS

There is transmitted herewith for your information and files
a copy of the Minutes of the May 9, 1956 Commission Meeting.

You are requested to carefully review this record and to take
appropriate action through designated lines of authority to
ensure compliance with any orders that apply to your respective
divisions or districts.

Herbert Eldridge
Director of Highways

MINUTES OF THE MEETING
OF THE

1404 WHEREAS, the Purchasing Committee has awarded purchases on April 9, 16, 23, 30 and May 7, 1956, in accordance with authority previously conveyed all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and con-

firmed in all particulars.

1405 WHEREAS, there is an accumulation of junk and obsolete equipment and materials at the Jacksonville Shop that is of no further value to the Arkansas State Highway Department due to age and condition.

1230 - Automotive Type Junk Batteries
55 - Automotive Junk Radiators
3675 - Junk Automotive Tires of Various Sizes
78 - Old Steam Radiators
2300 - Gallons of Asphalt Type Black Center
Marking Paint in 55 gal. Drums
200 - Tons of Mixed Scrap Iron

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest bidder.

IT IS FURTHER ORDERED that should no bids be received in response to the advertisement, that said junk and materials of no further value be consigned to the scrap iron pile for sale as such.

1406 In order to provide for additional administrative needs in the continually increasing work program of the Department, the Director is hereby authorized to temporarily utilize a title of Assistant Chief Engineer, and

In furtherance of more efficient departmental operations, the Director is authorized to combine the Divisions of Legal and Right of Way under one administrative head.

1407 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Huntsville, Arkansas, and,

WHEREAS, the town of Huntsville has offered to transfer title to a parcel of land, located approximately one mile east of town on Highway 68 containing 2.41 acres, which is suitably located,

NOW, THEREFORE, IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer at no cost to the State.

BE IT FURTHER ORDERED, that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of buildings, fences, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

1408 In CRITTENDEN COUNTY on U. S. HIGHWAYS 61, 64, 70 and 79 at the crossing of the Mississippi River, in accordance with previously executed maintenance agreement with the State of Tennessee, the Director is authorized to approve a contract with Standard Electric Company of Memphis for maintaining bridge lights and navigation lights for a period of one year beginning May 10, 1956 at a cost of \$2,469.96, one-half of which will be paid by the State of Tennessee.

1409 WHEREAS in LEE COUNTY on U. S. HIGHWAY 79 the construction of the Madison to Marianna Levee and Floodway near Marianna requires adjustment of grades of U. S. Highway 79 and the Missouri-Pacific Railroad, and

 WHEREAS, the construction requires the adjustment of the Railroad's communication line, now located on the side of the track, and

 WHEREAS, the Railroad Company has requested permission to locate the communication line on highway right-of-way during the construction period of about fifteen months in order that the line will be out of the way of construction operations and will not interfere with highway operations, and

 WHEREAS, the Railroad Company agrees to remove the obstruction after the construction has been completed

 NOW THEREFORE IT IS ORDERED that the request of the Railroad Company be granted under the terms and conditions as stated and the Director is authorized to handle any further arrangements as may be required in the fulfillment thereof.

1410 In order to promote the orderly development of roadside park construction along the Arkansas State Highway System the following general policy is hereby adopted:

 Roadside parks to be developed shall be located off, but abutting, the highway right-of-way. In general the size should be about 1/10 acre with a dimension along the highway of 60 or more feet.

 On the primary and heavily traveled secondary routes, parks should be located approximately midway between principal towns. (Example: On U. S. Highway 67, Little Rock to Corning, between Little Rock and Searcy; between Searcy and Newport; between Newport and Walnut Ridge; between Walnut Ridge and Corning (optional - between Walnut Ridge and Pocahontas and between Pocahontas and Corning).

 On the interstate system parks shall preferably be located

between the through lanes in rural areas and from 30 to 60 miles apart. On the secondary system parks shall be located at points of especial scenic value and generally not closer than 10 miles apart.

Park locations will be made by the Department subject to acceptance by the Commission. Preferably parks should be located at shady, restful spots, above normal highwater level, away from or protected from deep water courses, steep slopes and other hazards. Parks shall be located away from business establishments and residences.

Running water and toilet facilities will not be provided and need not be considered in site selections.

The land for roadside parks must be donated to the Department without qualifications by interested individuals, groups or organizations. Donor plaques will be installed where desired.

After a selected site has been accepted by the Commission the Department will construct a paved driveway serving the park area and needed facilities such as tables, benches, picnic fireplaces, garbage cans and fire wood, in accordance with developed standard plans adaptable to individual sites.

Present park sites complying with the above will be retained. Those not complying will be abandoned as new facilities are provided. Presently operated roadside tables will be continued until adequate park sites are developed, permitting their abandonment.

1411 In PULASKI COUNTY on U. S. HIGHWAY 67-70, the Director is authorized in accordance with proscribed procedure to request bids for sale of house and residual land outside the limits of required right-of-way as acquired in right-of-way negotiations at the Mablevale West Interchange.

1412 In SALINE COUNTY on U. S. HIGHWAY 67-70 and STATE HIGHWAY 183, the Director is authorized in accordance with proscribed procedure to request bids for sale of house located on the right-of-way acquired for the Highway 183 Interchange.

1413 WHEREAS, Judge Edgar Gordon, County Judge of Conway County, has requested that he be allowed to purchase 200 I-beams (approximately 18.3 tons) which were salvaged from the side drives of the Arkansas River Bridge at Pine Bluff, and,

WHEREAS, this steel is unsuitable for further use by the Department,

IT IS ORDERED that the Director be and he is hereby authorized to transfer title to this steel to Conway County at the current

market price for scrap steel.

- 1414 WHEREAS, in Hempstead County on Highway 73, the Department is replacing two (2) narrow steel bridges and Judge U. G. Garrett, County Judge of Hempstead County, has requested that he be allowed to purchase the old bridges in the (approximate weight six (6) tons) for use on the County road system, and,

WHEREAS, this steel is unsuitable for further use by the Department,

IT IS ORDERED that the Director be and he is hereby authorized to transfer title to this Steel to Hempstead County at the current price for scrap steel.

- 1415 In ARKANSAS and MONROE COUNTIES HIGHWAYS 153 and 146 from a junction with Highway 30 north of DeWitt north to the junction with U. S. Highway 79 at Roe, upon completion of construction from Highway 30 to Highway 146, will be signed as HIGHWAY 33 and, in ARKANSAS COUNTY, HIGHWAY 146 from the above described Highway 33 to St. Charles will be signed as Highway 153 for the convenience and guidance of the traveling public.

- 1416 In PULASKI and LONOKE COUNTIES the official routing of State Highway 30, Sections 1 and 2, near Scott, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically. "Designation Change, Near Scott, drawn 11-4-55.

By this action and in conformity with Supreme Court decisions, the section of old Highway which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System

- 1417 WHEREAS, the State Highway Commission of Oklahoma has asked the Arkansas State Highway Commission to concur with them in their request for the establishment of a U. S. Route from Amarillo, Texas, to Little Rock, Arkansas; and,

WHEREAS, the State Highway Commission of Oklahoma has requested approval of Federal Designation carrying the number U. S. 366 over Oklahoma State Highway No. 9 across the State of Oklahoma, and State Highway No. 9 coincides with Highway No. U. S. 271 from Spiro, Oklahoma, to the Arkansas State Line.

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to prepare and submit an application to the American

Association of State Highway Officials for the establishment of a U. S. Route, to be designated No. U. S. 366, between Amarillo, Texas, and Little Rock, Arkansas, with proper supporting papers for the portion within Arkansas, over the following route:

From the Oklahoma State Line, over Highway No. U. S. 271 to No. U. S. 71 at Fort Smith; thence over No. U. S. 71 to No. 10 at Greenwood; thence over No. 10 through Booneville, Danville, and Ola to No. 9 at Perry; thence over No. 9 through Perryville to No. 10 at Williams Junction; thence over No. 10 to No. U. S. 70 at Little Rock.

- 1418 In ASHLEY COUNTY on HIGHWAY 8, Section 14, between Hamburg and Parkdale, the Director is authorized to proceed with surveys, investigations and plans for the replacement of two bridges at an estimated cost of \$67,000.00 on condition that all required right-of-way, free of obstructions is furnished free of cost to the State within 60 days after right-of-way requirements are furnished to the County Judge.
- 1419 In ASHLEY COUNTY on HIGHWAY 133 in the City of Crossett from U. S. Highway 82 to the south city limit, the Director is authorized to proceed with surveys, investigations, plans and cost estimates for widening pavement and upon completion of plans to report back to the Commission for consideration of construction finance.
- 1420 In BOONE COUNTY on U. S. HIGHWAY 65, the Director is authorized to proceed with surveys, investigations and plans for widening Dry Fork Bear Creek, Dry Jordon Creek, Brush Creek and Huzzah Creek Bridges located North and South of Harrison, and upon completion of plans and cost estimates to bring back to the attention of the Commission for consideration of construction finance.
- 1421 In JEFFERSON COUNTY on U. S. HIGHWAY 65 from the junction with U. S. HIGHWAY 270 to the junction with HIGHWAY 65-C in Pine Bluff, a distance of approximately 1.54 miles, the Director is authorized to proceed with surveys, investigations and plans for widening pavement to provide for four moving traffic lanes and 2 parking lanes and upon completion of plans and cost estimates to report back to the Commission for consideration of construction finance.
- 1422 In MISSISSIPPI COUNTY on HIGHWAY 151 at Blytheville, the Director is authorized to proceed with surveys, investigations, plan and cost estimates for a relocation of the highway to a junction with Highway 18 east of the present junction, a relocation distance of approximately 0.6 mile, and upon completion of plans and right-of-way requirements to report back to the Commission for consideration of construction finance.
- 1423 In MONROE COUNTY on U. S. HIGHWAY 79 in the City of Clarendon from the end of the White River bridge to the St. L. S. W.

Railroad Crossing, the Director is authorized to proceed with surveys, investigations and plans for widening pavement on existing right-of-way and upon completion of plans and cost estimate to report back to the Commission for consideration of construction finance.

- 1424 In BOONE and MARION COUNTIES, on HIGHWAY 62, Sections 7 and 8, from George's Creek-west, a distance of 14.30 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$13,365.00.
- 1425 In CALHOUN COUNTY, on HIGHWAY 4, Section 11-A, from Hampton to Harrell, a distance of 4.68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,137.00.
- 1426 In CARROLL COUNTY, on HIGHWAY 62, Section 4, from Berryville west, a distance of 7.70 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,450.00.
- 1427 In CLARK COUNTY, on HIGHWAY 26, Section 4-A, from Antoine River-Fast, a distance of 5.4s miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,739.00.
- 1428 In CLARK COUNTY, on HIGHWAY 67, Section 4-A & C, from Little Missouri River to the junction of Highway 53 in Gurdon, distance of 9.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,203.00.
- 1429 In CLARK COUNTY, on HIGHWAY 67, Section 5-A & C, from Gurdon to Arkadelphia, a distance of 10.42 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,870.00.
- 1430 In COLUMBIA COUNTY, on HIGHWAY 79, Section 1-A, from Brister to Magnolia, a distance of 8.92 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,969.00.
- 1431 In COLUMBIA COUNTY, on HIGHWAY 79, Section 2-A, from Southern State College to McNeil, a distance of 4.39 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing

asphalt surface at an estimated cost of \$3,308.00.

- 1432 In COLUMBIA COUNTY, on HIGHWAY 132, Section 1-A, from the Louisiana State Line-North, a distance of 12.16 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$9,587.00.
- 1433 In CRAIGHEAD COUNTY, on HIGHWAY 141, Section 1, north of Jonesboro, a distance of 4.66 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,994.00.
- 1434 In CRAWFORD COUNTY, on HIGHWAY 162, Section 1, from the junction of Highway 64 in Van Buren to the South City Limits of Alma, a distance of 9.78 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$7,255.00.
- 1435 In CRITTENDEN COUNTY, on HIGHWAY 50, Section 4, from St. Francis County Line to the junction of State Highway 147, a distance of 2.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$2,015.00.
- 1436 In CRITTENDEN COUNTY, on HIGHWAY 147, Section 1, from the junction of State Highway 50 to the junction of U. S. Highway 79, a distance of 8.32 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,047.00.
- 1437 In CROSS COUNTY, on HIGHWAY 1, Section 14, from the junction of U. S. Highway 64 to Vanndale, a distance of 5.49 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,765.00.
- 1438 In FAULKNER COUNTY, on HIGHWAY 25, Section 0-A, from Wooster to the junction of Highway 65 at Greenbrier, a distance of 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,914.00.
- 1439 In GRANT COUNTY, on HIGHWAY 46, Section 2-G, from Log Station 14.60 to Log Station 19.70 at the junction of Highway 270 at Sheridan, a distance of 5.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of

placing a bituminous surface treatment on the existing gravel base at an estimated cost of \$6,179.00 on condition that all required right-of-way free of obstructions will be furnished free of cost to the State within 60 days.

- 1440 In GREENE and CRAIGHEAD COUNTIES, on HIGHWAY 63, Sections 5 and 6, from Jonesboro to Lawrence County Line, a distance of 12.50 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$11,136.00.
- 1441 In SPRING COUNTY, on HIGHWAY 84, Section 3-G, from Clark County Line to the end of the asphalt section at Lambert, a distance of 9.80 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface treatment on the existing gravel base at an estimated cost of \$12,694.00 on condition that all required right-of-way free of obstructions will be furnished free of cost to the State within 60 days.
- 1442 In HOWARD COUNTY, on HIGHWAY 27, Section 2-A, from the junction of Highway 55 at Mineral Springs to Nashville, a distance of 6.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,141.00.
- 1443 In LAWRENCE COUNTY, on HIGHWAY 25, Section 6, from Strawberry to Powhatan, a distance of 15.70 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,439.00.
- 1444 In LEE COUNTY, on HIGHWAY 79, Section 16, from Marianna-east, a distance of 8.80 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,570.00.
- 1445 In MILLER COUNTY, on HIGHWAY 71, Section 1-A, from the Louisiana State Line north, a distance of 6.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,400.00.
- 1446 In OUACHITA COUNTY, on HIGHWAY 9, Section 1-A, from Eagle Mills north to Log Mile 7.95, a distance of 7.95 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,865.00.

- 1447 In PERRY COUNTY, on HIGHWAY 10, Section 6-A, from Pulaski County Line north, a distance of 3.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,462.00.
- 1448 In PERRY COUNTY, on HIGHWAY 60, Section 2-A, from five miles west of Perryville to Aplin, a distance of five miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,914.00.
- 1449 In PIKE COUNTY, on HIGHWAY 26, Section 3-A, from Murfreesboro to the Antoine River, a distance of 16.63 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,276.00.
- 1450 In PIKE COUNTY, on HIGHWAY 70, Section 4-A, from New Hope to Kirby, a distance of 14.39 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$12,123.00.
- 1451 In PRAIRIE COUNTY, on HIGHWAY 11, Section 8-A, from Arkansas County Line north, a distance of 8.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$8,252.00.
- 1452 In PRAIRIE COUNTY, on HIGHWAY 86, Section 1-G, from Slovak, Arkansas, to the junction of Highway 11, a distance of 2.58 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface treatment on the existing gravel base at an estimated cost of \$5,445.00.
- 1453 In RANDOLPH COUNTY, on HIGHWAY 115, Section 1, from the Missouri State Line to Fourche Creek, a distance of 12.80 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$10,853.00.
- 1454 In SALINE COUNTY, on HIGHWAY 111, Section 1-G, from the junction of Highway 5 south to the Girls Training School, a distance of 1.23 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous surface treatment on the existing gravel base at an estimated cost of \$1,394.00.
- 1455 In SEVIER COUNTY, on HIGHWAY 24, Section 1-A, from Lockesburg to the Saline River, a distance of 6.44 miles, the Director

is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,955.00.

- 1456 In SEVIER COUNTY, on HIGHWAY 27, Section 1-A, north and south of Ben Lomond, a distance of 6.75 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,487.00.
- 1457 In SEVIER COUNTY, on HIGHWAY 41, Section 1-A, from Horatio to DeQueen, a distance of 8.14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,952.00.
- 1458 In SEVIER COUNTY, on HIGHWAY 70, Section 1-A, from the Oklahoma State Line to DeQueen, a distance of 7.53 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$5,893.00.
- 1459 In SEVIER COUNTY, on HIGHWAY 70, Section 2-A, from the junction of U. S. Highway 71 to the Saline River, a distance of 7.46 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$6,905.00.
- 1460 In ST. FRANCIS COUNTY, on HIGHWAY 50, Section 3, from Hughes-east, a distance of 5.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$4,614.00.
- 1461 In UNION COUNTY, on HIGHWAY 167, Section 2-A, from Log Mile 6.80 to the Ouachita River south Log Mile 13.02, a distance of 6.22 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a bituminous seal on the existing asphalt surface at an estimated cost of \$3,573.00.
- 1462 In CLARK COUNTY on U. S. HIGHWAY 67 in Arkadelphia from Evans Street along 10th Street, Chilton Street and 6th Street to Walnut Street, a distance of 1.09 miles, and on HIGHWAY 51 from 1st Street along Caddo Street to 10th Street and from 10th Street along Pine Street to 13th Street, a distance of 0.89 mile; on U. S. HIGHWAY 67 in Gurdon from Beech Street a distance of approximately four blocks or 0.33 mile, and on HIGHWAY 53 from U. S. Highway 67 to Joslyn Street, a distance of 0.52 mile; a total distance of 2.83 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of

\$54,800.00.

- 1463 In COLUMBIA COUNTY on HIGHWAY 19, Section 1, between Macedonia and the Louisiana Line, the Director is hereby authorized to proceed in the most feasible and economical manner with the work of constructing two bridges (total length 95 Lin. Ft.) at an estimated cost of \$8,800.00.
- 1464 In CRAIGHEAD COUNTY on HIGHWAY 1, Section 17, between Jonesboro and the Poinsett County line, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing six bridges (total length 240 Lin. Ft.) at an estimated cost of \$12,800.00.
- 1465 In CRITTENDEN COUNTY on U. S. HIGHWAY 70 from near junction of U. S. Highways 61-63 at West Memphis west to end of widened pavement section near Hicks Station, a distance of approximately 33 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing pavement at an estimated cost of \$330,000.00.
- 1466 In DALLAS COUNTY on HIGHWAY 7, Section 5, between Sparkman and Fairview, the Director is hereby authorized to proceed in the most feasible and economical manner with the work of constructing four bridges (total length of 285 Lin. Ft.) at an estimated cost of \$23,600.00.
- 1467 In FAULKNER COUNTY on HIGHWAY 25 at E. Cadron Creek relief bridge the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing and widening (1,000 ft.) at an estimated cost of \$63,000.00.
- 1468 In FAULKNER COUNTY, on HIGHWAY 36, Section 1, from the end of the existing pavement to a point near Mt. Vernon, a distance of 10 miles, the Director is hereby authorized to proceed in the most feasible and economical manner with the work of constructing minor drainage structures at an estimated cost of \$7,800.00.
- 1469 In GREENE COUNTY on HIGHWAY 34 (Section 3) between Delaplaine and Highway 135, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing side drains and extending cross drains to improve drainage and eliminate 3 one-span trestles at an estimated cost of \$6,400.00.
- 1470 In INDEPENDENCE and WHITE COUNTIES on HIGHWAY 11 from north of Pleasant Plains to Denmark, a distance of approximately 9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and resurfacing at an estimated cost of \$95,000.00.
- 1471 In JEFFERSON COUNTY on U. S. HIGHWAY 65 in Pine

Bluff from 13th Street to 17th Street, a distance of 9.43 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$11,500.00.

- 1472 In JEFFERSON COUNTY on U. S. HIGHWAY 79, Section 9, from a point 6 1/2 miles south of the City Limit of Pine Bluff to the beginning of the concrete pavement at the City Limit of Pine Bluff, a distance of approximately 6.5 miles, MINUTE ORDER 1201 is hereby modified to provide for widening and resurfacing at a revised estimated cost of \$120,000.00.
- 1473 In LAWRENCE, RANDOLPH, and CLAY COUNTIES on HIGHWAY 67, Sections 19, 20, 21 and 22, (selected sections) the Director is hereby authorized to proceed in the most feasible and economical manner with the work of removing broken concrete pavement and replacing these sections at an estimated cost of \$6,400.00.
- 1474 In LEE COUNTY on HIGHWAY 131, Section 1, at a point 1.85 miles east of Briceys, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing one bridge (285 Lin. Ft.) at an estimated cost of \$30,500.00.
- 1475 In OUACHITA COUNTY on U. S. HIGHWAY 79 and STATE HIGHWAY 7 in the City of Camden from the intersection of Lincoln Drive to the Ouachita River Bridge on U. S. HIGHWAY 79, a distance of 1.87 miles, and on HIGHWAY 7 from U. S. 79 at Van Buren Street south to near Pace Street, a distance of 1.17 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing pavement at an estimated cost of \$58,800.00.
- 1476 In PULASKI COUNTY on U. S. HIGHWAY 65 from end of concrete pavement section in North Little Rock northwest a distance of 7.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$220,000.00.
- 1477 In PULASKI COUNTY on HIGHWAY 67, Section 10-T, (truck route) from the junction of Highway 67 to the Jacksonville School intersection, a distance of 0.60 miles, the Director is hereby authorized to proceed in the most feasible and economical manner with the work of resurfacing and installing drainage structures at a cost not to exceed \$12,100.00.
- 1478 In SEBASTIAN COUNTY in the City of Fort Smith on truck route of HIGHWAY 22 from South "D" Street to Towson Avenue, a distance of approximately 2.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of

repairs and resurfacing at an estimated cost of \$36,000.00.

- 1503 Phillips County, Job No. 11553, State. The contract for the construction of approximately 6.596 miles of Gravel Base and Single Bituminous Surface Treatment on the Elaine-Lambrook Road, State Highway 49, Section 0, is awarded to Don Hudson, Contractor, of West Helena, Arkansas on his low bid of \$34,287.67.
- 1504 Lee County Job No. 11558, State. The contract for the Furnishing, Loading, Hauling and Windrowing Gravel Base Course Material for approximately 10.662 miles of the Aubrey-Junction Highway No. 1 Road, State Highway 121, Section 3, is awarded to Fell Vaughan, Contractor, of North Little Rock, Arkansas on his low bid of \$68,182.77.
- 1505 Hempstead County Job No. 3451, FAP S-58(1). The contract for the construction of approximately 9.136 miles (incl. 112 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and One R. C. Slab Span Bridge on the Fulton-Saratoga Road, State Highway 55, Section 2, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$257,619.34.

- 1506 Hempstead County, Job No. 3520, State. The contract for the construction of approximately 6.562 miles of Gravel Base and Single Bituminous Surface Treatment on the Hope-Cross Roads Road, State Highway 73, Section 2, is awarded to S. M. Dixon, Contractor, of Warren, Arkansas on his low bid of \$63,768.41.
- 1507 Izard County, Job No. 5457, State. The contract for the construction of approximately 11.424 miles of Crushed Stone Base and Single Bituminous Surface Treatment on the Brockwell-Franklin Road, State Highway 56, Section 2, is awarded to Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$95,141.74.
- 1508 Hot Spring County, Job No. 6497, FAP F-01-2(15). The contract for the construction of approximately 16.762 miles of Grading, Minor Drainage Structures, Gravel Base and Asphaltic Concrete Hot Mix Surface on the Arkadelphia-Malvern Road, U. S. Highway 67, Section 7, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$900,852.59, subject to the concurrence of the Bureau of Public Roads.
- 1509 Hot Spring County, Job No. 6501, FAP S-152(1). The contract for the construction of approximately 12.027 miles of Grading, Minor Drainage Structures, Gravel Base and Two R.C. Slab Span Bridges (280 ft.) on the Bismarck-Malvern Road, State Highway 84, Section 4, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$231,579.56.
- 1510 Prairie County, Job No. 6542, State. The contract for the construction of approximately 9.997 miles of Gravel Base and Single Bituminous Surface Treatment on the Hickory Plains-DesArc Road, State Highway 38, Section 1, is awarded to Four Brothers, Inc. of Sweet Home, Arkansas on their low bid of \$96,981.41.
- 1511 Lonoke County, Job No. 6543, State. The contract for the construction of approximately 8.00 miles of Gravel Base and Single Bituminous Surface Treatment on the Lonoke-Cabot Road, State Highway 89, Section 1, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$82,602.96.
- 1512 Garland County Job No. 6545, State. The contract for the construction of approximately 6.108 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Hot Springs-Mt. Ida Road, U. S. Highway 270, Section 5, is awarded to Southeast Construction Co., Inc. of Pine Bluff, Arkansas on their low bid of \$109,226.73.
- 1513 Ouachita County. Job No. 7509, State. The contract for the construction of approximately 8.939 miles of Gravel Base and Single Bituminous Surface Treatment on the Rosston-Camden Road, State Highway 4 Section 8, is awarded to Linwood Smith, Contractor, of

Lake Village, Arkansas on his low bid of \$106,109.09.

- 1514 Dallas County Job No. 7513, State. The contract for the construction of approximately 9.325 miles of Gravel Base and Single Bituminous Surface Treatment on the Carthage-Farindale Road, State Highway 48. Section 1, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$75,881.26.
- 1515 Van Buren County Job No. 8412, State. The contract for the construction of approximately 14.769 miles of Crushed Stone Base and Single Bituminous Surface Treatment on the Clinton-Copeland Road, State Highway 16, Section 9, is awarded to Four Brothers, Inc. of Sweet Home, Arkansas on their bid of \$63,015.52, which was the only bid received.
- 1516 Pope County, Job No. 8413, State. The contract for the construction of approximately 12.840 miles of Crushed Stone Base and Single Bituminous Surface Treatment on the Russellville-Northeast Road, State Highway 124, Section 1, and Atkins-North Road, State Highway 105, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$95,872.80.
- 1517 Perry & Yell Counties, Job No. 8416, State. The contract for the construction of approximately 7.766 miles of Gravel Base and Single Bituminous Surface Treatment on the Fourche Junction-Ola Road, State Highway 7 Sections 11 & 12, is awarded to Fell Vaughan, Contractor, of North Little Rock, Arkansas on his low bid of \$68,480.76.
- 1518 Poinsett County, Job No. 10555, State. The contract for the construction of approximately 6.013 miles of Gravel Base and Single Bituminous Surface Treatment on the Marked Tree-Earle Road, State Highway 149, Section 6, is awarded to Mississippi Valley Contracting Co., Inc. of Paragould, Arkansas on their low bid of \$41,931.01.
- 1519 Randolph County, Job No. 10558, State. The contract for the construction of approximately 10.521 miles of Grading, Minor Drainage Structures, Gravel or Crushed Stone Base and Single Bituminous Surface Treatment on the Shannon-O'Kean Road, State Highway 90, Section 5, is awarded to D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$139,190.17.
- 1520 Mississippi County, Job No. 10565, State. The contract for the construction of approximately 5.221 miles of Single Bituminous Surface Treatment on the Yarbrow-Huffman Road, State Highway 150 Section 1, is awarded to O'Neal Paving Company, Inc. of Memphis, Tennessee on their low bid of \$14,545.53.
- 1521 Mississippi County, Job No. 10566, State. The contract for the construction of approximately 7.977 miles of Gravel Base and Single

Bituminous Surface Treatment on the O'Donnell Bend-West Road, State Highway 120, Section 1, is awarded to Forcum-Lannom, Inc. of Dyersburg, Tennessee on their low bid of \$94,637.34.

- 1522 Mississippi County Job No. 10567, State. The contract for the construction of approximately 5.608 miles of Gravel Base and Single Bituminous Surface Treatment on the road through Etowah, State Highway 136, Section 3, is awarded to Mississippi Valley Contracting Co., Inc. of Paragould, Arkansas on their low bid of \$48,543.14.
- 1523 White & Lonoke Counties Job No. 1317, State. The contract for the construction of approximately 12.186 miles of Gravel Base and Single Bituminous Surface Treatment on the Beebe-Lonoke Road, State Highway 31, Sections 3 & 4, is awarded to Freshour Corporation of Sweet Home, Arkansas on their low bid of \$107,263.90.
- 1524 Jefferson & Grant Counties, Job No. 1319, State. The contract for the construction of approximately 10.978 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Pine Bluff-Little Rock Road, U. S. Highway 65, Sections 13 & 14, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$276,297.81.
- 1525 Poinsett & Crittenden Counties Job No. 1322, State. The contract for the construction of approximately 1.22 miles of Resurfacing in Marked Tree and Southeast and 1.83 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix from Lake David-North, for a total of 3.05 miles on the Turrell-Marked Tree Road, U. S. Highway 63, Sections 9 & 10, is awarded to D. F. Jones Construction Co., Inc. of Little Rock, Arkansas on their low bid of \$89,127.90.
- 1526 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:30 P.M., May 9, 1956.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fortieth Regular Meeting in Little Rock, Arkansas on May 9, 1956.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 13, 1956

The following is the record of the proceedings of the Forty-first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 13, 1956 at which time the following members were present:

Cecil S. Lynch	Chairman
Raymond F. Orr	Vice Chairman
Willie A. Lawson	Member
James H. Crain	Member

11532	U-018-1(3)	20	Phillips	\$171,020.00
11549	State	49	Phillips	\$57,700.00
11553	State	49	Phillips	\$38,010.00
11558	State	121	Lee	\$74,540.00
3451	S-58(1)	55	Hempstead	\$291,470.00
3520	State	73	Hempstead	\$70,140.00
5457	State	56	Izard	\$105,350.00
6497	F-01-2(15)	67	Hot Spring	\$1,018,850.00
6501	S-152(1)	84	Hot Spring	\$259,830.00
6542	State	38	Prairie	\$106,820.00
6543	State	89	Lonoke	\$90,860.00
6545	State	270	Garland	\$120,140.00
7509	State	4	Ouachita	\$118,470.00
7513	State	48	Dallas	\$83,460.00
8412	State	16	Van Buren	\$69,660.00
<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
8413	State	105 & 124	Pope	\$105,660.00
8416	State	7	Perry & Yell	\$75,420.00
10555	State	149	Poinsett	\$46,270.00
10558	State	90	Randolph	\$156,200.00
10565	State	150	Mississippi	\$16,000.00
10566	State	120	Mississippi	\$104,100.00
10567	State	136	Mississippi	\$53,390.00
1317	State	31	White & Lonoke	\$118,090.00
1319	State	65	Jefferson & Grant	\$304,020.00
1322	State	63	Poinsett & Crittenden	<u>\$98,040.00</u>

GRAND TOTAL

\$3,753,510.00

1529 WHEREAS, the Purchasing Committee has awarded purchases on May 14, 21, 28, June 4, 11 and 12, 1956, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1530 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>FAP</u>	<u>F.C.</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
2505	F-015-2(4)	4	Saline River Br. Relocation	Linwood Smith	\$4,925.00
4401	F-016-1(1)	1	Oklahoma Line- Acorn	McGeorge Contr. Co., Inc.	\$4,446.00
6306	F-016-2(1)	4	Poyen-Prattsville	D.F. Jones Const. Co., Inc.	\$8,937.50
6306	F-016-2(1)	5	Poyen-Prattsville	D.F. Jones Const. Co., Inc.	\$1,396.24

<u>Job</u>	<u>FAP</u>	<u>F.C.</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
7487	State	1	Holly Springs- Jct. Hwy. 8 Princeton-Hot Spring C/L and Princeton-Fordyce	Graves Bros.	\$43,302.98
8382	S-392(3)	1	Danville-Scott C/L Bridges & Approaches.	Forsgren Bros	\$6,304.20
C-1-2	S-1028(1)	1	Tichnor-South	Arkansas Co.	\$336.00
C-76-3	S-1045(1)	1	Little Red River Bridge	Forsgren Bros.	\$288.00

1531 WHEREAS, the President of the Southeastern Association of State Highway Officials has called attention to the fact that the dues of the Arkansas Department for the year 1956 are now due in the amount of \$200.00, and

WHEREAS, membership in this association is considered as being valuable in the Department's operations,

IT IS ORDERED that the Director be and he is hereby authorized to process this item for payment.

1532 The Director is hereby authorized to establish in the Department an accounting control system whereby construction job costs and maintenance costs may both be recorded against common highway control sections designated in each county.

1533 The Director is hereby authorized to proceed in the most feasible and economical manner with the conversion of five (5) light weight motor graders to five (5) pneumatic tired wheel tractors, Serial Nos. 49046, 316-3, 474-5, 7145, and 7159, and the steel frames and blade circles removed in making the conversion be placed on the scrap iron pile to be sold as scrap iron.

1534 WHEREAS, the Publicity and Parks Commission and the Industrial Research and Extension Center of the University of Arkansas have asked the Arkansas State Highway Commission to cooperate in a joint study of Tourists and Travel Business in the State of Arkansas; and,

 WHEREAS, much of the data needed for such a study is in the Arkansas State Highway Department files and can be brought up to date with a small amount of additional field work;

 THEREFORE, IT IS ORDERED, that the Director be authorized to prepare and furnish this data as the Commission's contribution to, that study, and to participate in the technical review and editorial policy of the joint report.

1535 WHEREAS, Camden Radio Incorporated has requested the release of tract of land 50' x 120' comprising a part of the right-of-way of Highway 7 and U. S. Highway 79 at the north end of the Ouachita River Bridge as indicated on the attached sketch which is hereby made a part of this order, and

 WHEREAS, investigation reveals that this property is subject to periodic overflow and can be released without impairing the Highway service and is so recommended by the District Engineer.

 NOW, THEREFORE, IT IS ORDERED that the Director be and he is hereby authorized to perform all acts necessary to complete the sale of said tract to Camden Radio Incorporated at a price not less than the State's appraisal.

1536 WHEREAS, Minute Order 1361 authorized the release of a tract of land 50' x 210.4' from the Division 4 Maintenance Headquarters at Fort Smith to the Chamber of Commerce, and

 WHEREAS, there is continuing need for storage space which is expected to increase as the Department's operations expand, and

WHEREAS, the Department now owns approximately 7.7 acres at the site of the weight station on Towson Avenue in Fort Smith which is suited for storage purposes.

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of fencing this property as a storage lot at a cost not to exceed \$5,000.00.

1537 WHEREAS, in Clark County, on Highway 51, Section 1, at Little Decipher Creek, the Department is replacing an obsolete bridge and the County Judge of Clark County has requested that he be allowed to purchase the old bridge for use on the County Road System, and,

WHEREAS, this steel is not suitable for further use by the Department,

IT IS ORDERED that the Director be and he is hereby authorized to transfer title to this steel (weight approximately 4 tons) at the current market price for scrap steel.

1538 WHEREAS, in Lee County on Highway 121, Section 3, at Cypress Creek, the Department is replacing an obsolete steel bridge and Judge J. O. Foreman, County Judge of Lee County, has requested that he be allowed to purchase this bridge for use on the County Road System, and

WHEREAS, this steel is unsuitable for further use by the Department,

IT IS ORDERED that the Director be and he is hereby authorized to transfer title to this steel (approximate weight 26 tons) to Lee County at the current price for scrap steel.

1539 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Ashdown, Arkansas, and

WHEREAS, Mrs. W. E. Setleff has a tract of two acres located one-quarter mile north of the city limits of Ashdown, which is suitably located and can be purchased at a cost of \$200.00 per acre

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to act for the commission in concluding all details necessary for the transfer of title to the state at a cost not to exceed \$400.00.

BE IT THEREFORE ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal

matters, installation of buildings, fences, and appurtenances necessary to provide adequate service for an area headquarters at a cost not to exceed \$15,000.00.

- 1540 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Paris, Arkansas, and

WHEREAS, Mr. Jeff Grissom has a tract of two acres located in the west city limits of Paris, Arkansas, which is suitably located and can be purchased at a cost of \$250.00 per acre

NOW, THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer of title to the State at a cost not to exceed \$500.00.

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, installation of buildings, fences, and appurtenances necessary to provide adequate service for an area headquarters at a cost not to exceed \$14,000.00.

- 1541 In CRAWFORD COUNTY on HIGHWAY 162 from Van Buren to Alma, the Director is authorized to permit the Southwestern Bell Telephone Company to retain its pole line as now located on the highway right-of-way for a period not to exceed 18 months. This action is taken because the company is replacing the line with an underground cable which they expect to have completed in the specified time thereby replacing the pole line.

- 1542 In CRAWFORD and SEBASTIAN COUNTIES on the Interstate route of U. S. HIGHWAY 64 through Van Buren and Fort Smith, the Director is authorized to proceed with surveys, investigations, and all preliminary work necessary to determine location and right-of-way requirements and upon completion thereof to report back to the Commission for consideration of construction finance.

- 1543 In JEFFERSON COUNTY in the metropolitan area of Pine Bluff the Director is authorized to proceed with surveys, investigations, and all Preliminary work necessary to determine location and right-of-way requirements for adequate highway facilities to serve the area, and upon completion thereof to report back to the Commission for consideration of construction finance.

- 1544 In POPE COUNTY on U. S. HIGHWAY 64 in Russellville from South Denver Street to South Glenwood Street, a distance of 883 ft., the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$14,900.00 subject to the following conditions:

The City of Russellville will:

1. Furnish all required right-of-way, free of obstructions, free of cost to the State.
2. Provide for the construction of curbs and gutters.
3. Provide for the adjustment of utility lines where required.
4. Provide for any needed construction back of curb lines not covered in the State's plans.
5. By ordinance enforce parallel parking.
6. Accept the provisions of this order within 30 days after plans are furnished.

1545 WHEREAS, in PULASKI COUNTY on West Markham Street, the City of Little Rock desires to widen the pavement from Elm Street to Hayes Street, and

WHEREAS, the portion from Elm Street to Van Buren Street, a distance of approximately 2600 feet is along state property and subject to assessment for the paving costs, and

WHEREAS, the Department has the responsibility for maintenance of drives on the affected state property and in order to expedite the completion of the needed facility the Commission will consider the proposed pavement widening a part of the drives serving the state property and participate in the cost of construction, estimated to be \$52,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the Department.
2. All required adjustment of utility lines will be made without cost to the Department.
3. The City of Little Rock will maintain the completed work.
4. Acceptance of the provisions of this order by the Mayor of the City of Little Rock within 60 days.

1546 In CLARK COUNTY on U. S. HIGHWAY 67 at the crossing of the Missouri Pacific Railroad one and one half miles north of Gurdon, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1547 In DREW COUNTY on HIGHWAY 81 at the crossing of the Missouri Pacific Railroad, approximately 1/2 mile west of present crossing in Monticello, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1548 In FRANKLIN COUNTY on HIGHWAY 22 at the crossing of the Missouri Pacific Railroad in Branch, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1549 In LOGAN COUNTY on HIGHWAY 22 at the crossing of the Missouri Pacific Railroad, approximately 3 miles west of Paris, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$8,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1550 In CLARK COUNTY on HIGHWAY 51, Section 2, between Brown Springs and Highway 7, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing three bridges (total length 247 lineal feet) and minor drainage structures at an estimated cost of \$30,200.00, on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1551 In CLARK COUNTY on HIGHWAY 51 from Boswell to junction Highway 26, a distance of approximately 8.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$90,000.00 on condition that all required right-of-way is furnished free of cost to the State within 30 days.

1552 In CRITTENDEN and CROSS COUNTIES on HIGHWAY 42 from Highway 149 to one mile west of Twist, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible manner with the work of placing additional base and surfacing at an estimated cost of \$77,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 40 days.

1553 In DREW COUNTY on HIGHWAY 4, Section 15, between the junction of Highway 138 and the Desha County Line, the Director is authorized to proceed in the most feasible and economical manner with

the work of replacing three timber bridges (95 lineal feet) at an estimated cost of \$10,800.00.

- 1554 In GARLAND COUNTY on HIGHWAY 88, Section 5 at Log Mile 2.84 east of Hot Springs, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing one bridge (80 lineal feet) at an estimated cost of \$4,600.00.
- 1555 In HOWARD COUNTY on HIGHWAY 4 from Center Point north, a distance of approximately 4.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$42,500.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 30 days.
- 1556 In LITTLE RIVER COUNTY on HIGHWAY 32 MINUTE ORDER NO. 1274 is hereby cancelled and in lieu thereof the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing from end of pavement west of Foreman west to the Oklahoma State Line, a distance of approximately 1.5 miles, at an estimated cost of \$10,300.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 40 days.
- 1557 In LONOKE COUNTY on HIGHWAY 89, Section 1 between Cabot and the Pulaski County Line, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing five timber bridges (total length 95 lineal feet) and installing minor drainage structures at an estimated cost of \$8,900.00.
- 1558 In MILLER COUNTY on HIGHWAY 134, Section 1, from Garland City to Highway 71, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing six timber bridges (total length 361 lineal feet) at an estimated cost of \$33,000.00.
- 1559 In PERRY COUNTY on HIGHWAY 7, Section 11, between Hollis and Fourche Junction, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing selected sections at an estimated coat of \$15,000.00.
- 1560 In SEARCY COUNTY on HIGHWAY 27, Section 16, between Marshall and the Van Buren County Line, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing eight timber bridges (254 lineal ft.) at an estimated cost of \$21,700.00.
- 1561 In UNION COUNTY on HIGHWAY 15, Section 2, from the end of the pavement east of El Dorado to Moro Bay, the Director is authorized to proceed in the most feasible and economical manner with

the work of reconstructing two timber bridges and replacing two timber bridges (total length 194 lineal feet) with corrugated metal arch culvert at an estimated cost of \$4,200.00.

- 1562 In UNION COUNTY on HIGHWAY 129, Section 1, between Strong and Huttig, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing three timber bridges (total length 272 lineal feet) and replacing one timber bridge with corrugated metal arch culvert at an estimated cost of \$5,000.00.
- 1563 In MADISON and FRANKLIN COUNTIES on HIGHWAY 23, Section 7 and 8, from the junction of Highway 16 to the end of pavement north of Ozark, a distance of 18.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surface course at an estimated cost of \$44,000.00.
- 1564 Woodruff County Job No. 11436, FAP S-216(2). The contract for the construction of approximately 8.857 miles (incl. 114.0 ft. of bridges) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and two Precast Slab Bridges on the Monroe County Line-Hillemann Road, State Highway 39 Section 7, is awarded to McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$292,704.22.
- 1565 Cross County Job No. 11512, FAP S-303(3). The contract for the construction of approximately 11.851 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Four Reinforced Concrete Slab Span Bridges on the Hickory Ridge-Cherry Valley Road, State Highway 42 Section 2, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$299,686.87.
- 1566 Phillips County Job No. 11550, State. The contract for the construction of approximately 9.713 miles of Grading, Minor Drainage Structures, Crushed Stone Base, and Asphaltic Concrete Hot Mix Base and Surface Courses on the Walnut Corner-Elaine Road, State Highway 85, Section 1, is awarded to West Memphis Asphalt Company, Inc. of West Memphis, Arkansas on their low bid of \$184,289.61.
- 1567 Lincoln County Job No. 2513, FAP S-126(4). The contract for the construction of approximately 7.875 miles of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and one Reinforced Concrete Slab Span Bridge on the Fresno-Grady Road, State Highway 11, Section 3, is awarded to Linwood Smith, Contractor, of Lake Village, Arkansas on his low bid of \$308,601.83.

- 1568 Jefferson County. Job No. 2553, State. The contract for the construction of approximately 6.786 miles of Asphaltic Concrete Hot Mix Base and Surface Course in the Pine Bluff area on U. S. Highway 79, Section 9, is awarded to Graves Brothers, Contractors, of Pine Bluff, Arkansas on their low bid of \$112,472.48.
- 1569 Howard & Pike Counties, Job No. 3523, State. The contract for the construction of approximately 12.040 miles of Gravel Base and Single Bituminous Surface Treatment on the Center Point-Jct. 26:27 Road, State Highway 26. Sections 1 & 2, is awarded to A.P.T. Construction Company of North Little Rock, Arkansas on their low bid of \$82,028.48.
- 1570 Sebastian County Job No. 4435, State. The contract for the construction of approximately 8.361 miles of Crushed Stone Base and Double Bituminous Surface Treatment on the Greenwood-Junction Highway 22 Road, State Highway 96 Section 2, is awarded to Bob Dills, Inc. of Fort Smith, Arkansas on their low bid of \$76,961.01.
- 1571 Jackson County. Job No. 5442, State. The contract for the construction of approximately 285.33 feet of Precast Slab Bridge on the Tuckerman-Grubbs Road, State Highway 37. Section 4, is awarded to J. H. Leveck & Sons of Little Rock, Arkansas on their low bid of \$44,372.98.
- 1572 Cleburne County Job No. 5451, State. The contract for the construction of approximately 11.534 miles of Crushed Stone Base and Single Bituminous Surface Treatment on the Edgemont-Heber Springs Road, State Highway 16, Section 11, is awarded to Interstate Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$100,725.92.
- 1573 Jackson County, Job No. 5453, State. The contract for the construction of approximately 12.584 miles of Gravel Base or Hot Mix Widening and/or Resurfacing with Asphaltic Concrete Hot Mix on the Newport-Tuckerman Road, U. S. Highway 67 Section 17, and the Newport-Harrisburg Road, State Highway 14, Section 12, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$154,898.58.
- 1574 White & Independence Counties. Job No. 5460, State. The contract for the construction of approximately 8.611 miles of Crushed Stone Base and Single Bituminous Surface Treatment on the Bald Knob-Batesville Road, State Highway 11. Sections 13 & 14, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$94,677.96.
- 1575 Pulaski County. Job No. 6510, FAP U-US-524(1) Part 3. The contract for the construction of approximately 0.161 miles (incl. 573.51 feet of Bridges) of Grading, Minor Drainage Structures, Portland Cement Concrete Pavement, one Reinforced Concrete & Structural

Steel Ramp to Broadway Bridge and one Reinforced Concrete & Structural Steel I Beam Viaduct at Missouri Pacific Railroad on Lincoln Avenue, all on the Little Rock River Front Drive, State Highway 10, Section 8, is awarded to J. H. Leveck & Sons of Little Rock, Arkansas on their low bid of \$181,732.75, subject to the concurrence of the Bureau of Public Roads.

- 1576 Pulaski County Job No. 6566, State. The contract for the construction of approximately 7.100 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Little Rock-Conway Road, U. S. Highway 65 Section 11, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$184,263.85.

10554	State	61	Mississippi	\$46,880.00
1318	F-01-2(17)	67	Clark & Hot Spring	<u>\$343,030.00</u>
Total from current Highway Construction Appropriation				\$3,510,360.00
C-5-1	S-1054(1)	County Road	Boone	\$58,080.00
C-23-1	S-1063(1)	County Road	Faulkner	\$24,820.00
C-30-2	S-1065(1)	County Road	Hot Spring	<u>\$51,460.00</u>
Total from County and Federal Aid Secondary Funds				\$134,360.00
GRAND TOTAL				\$3,644,720.00

1592 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1957, in the amount of \$2,347.00, to be paid to the National Academy of Sciences.

1593 WHEREAS, the Purchasing Committee has awarded purchases on June 18, 25, July 2, 9 and 16, 1956, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1594 WHEREAS, The County Judge of Pulaski County has requested that he be allowed to purchase steel I-Beams and Channels (approximately 90 tons) which are stored at the central shops at Jacksonville, and,

WHEREAS, this steel is unsuitable for further use by the department,

IT IS ORDERED that the Director be authorized to transfer title to this steel to Pulaski County at the current market price for scrap steel.

- 1595 In NEWTON COUNTY the official routing of State Highways 7 and 123 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change at Lurton", drawn 6-18-56.

By this action and in conformity with Supreme Court decisions, the sections of old Highway No. 7 which have been replaced by new construction, are hereby declared to be no longer parts of the State Highway System.

- 1596 In PIKE, HEMPSTEAD, HOWARD and SEVIER COUNTIES, the temporary designation of Highway US 70 over State Highway 27 from Kirby to Nashville and thence over State Highway 24 to a junction with Highway US 71 at Lockesburg is hereby cancelled following the completion of construction on the designated permanent route of Highway US 70 from Kirby via Dierks to DeQueen.

The Director is instructed to remove the "US 70 Temporary" route markers from the temporary route and to sign as Highway US 70 only the permanent route.

- 1597 In WASHINGTON COUNTY on U. S. HIGHWAY 71 from the North City Limit of Fayetteville to the South City Limit of Springdale the Director is authorized to erect maximum 50 miles per hour speed signs for the safety and convenience of traffic.

- 1598 In COLUMBIA COUNTY on driveways at the Southern State College, the Director is authorized to proceed in the most feasible and economical manner with the work of adjustments and resealing at an estimated cost of \$2,300.00.

- 1599 In COLUMBIA, LAFAYETTE and MILLER COUNTIES on U. S. HIGHWAY 82 in the Cities of Waldo, Stamps, Lewisville and Garland City, a distance of approximately 3.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$105,000.00.

- 1600 In CONWAY COUNTY on HIGHWAY 9, Section 7, the Director is authorized to proceed in the most feasible and economical manner with the work of painting the steel on the Arkansas River Bridge at an estimated cost of \$11,500.00.

- 1601 In CONWAY COUNTY on HIGHWAY 154, Section 1, from Rockwin farm to rock quarry, a distance of approximately 2 1/2 miles, the Director is authorized to proceed in the most feasible and economi-

cal manner with the work of placing additional base and surfacing at an estimated cost of \$17,500.00.

- 1602 In CRITTENDEN COUNTY on the Interstate Route of U. S. HIGHWAY 61, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing county road grade separation west of Jericho, at an estimated cost of \$160,000.00 subject to program approval by the Bureau of Public Roads.
- 1603 In DREW COUNTY on HIGHWAY 4, Section 15 at Bartholomew cut-off creek, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing 4 timber bridges (total length 380 lineal feet) at an estimated cost of \$36,000.00.
- 1604 In GARLAND COUNTY on HIGHWAY 70, Section 9, from the Jack Tar Court at the intersection of Harrell Street and Park Avenue to the junction with Highway 7, a distance of 5.20 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$153,000.00.
- 1605 In GARLAND COUNTY on HIGHWAY 88, Section 5, in Hot Springs from Central Avenue to Grand Avenue, a distance of 0.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$15,000.00.
- 1606 In GREENE COUNTY on HIGHWAY 25, Section 8, between Paragould and the Lawrence County Line, a distance of 9.52 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing one timber bridge (76 lineal feet) and pavement repairs at an estimated cost of \$23,000.00.
- 1607 In HOWARD COUNTY in the City of Nashville on HIGHWAY 27 from the South City Limit to the Missouri Pacific Railroad tracks, and on HIGHWAY 24 from First Street to Seventh Street, a total distance of approximately 2.18 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$66,000.00 with the understanding that the resurfaced width will be the present pavement width where parallel parking is enforced by ordinance and the moving traffic lane width where diagonal parking is permitted.
- 1608 In MILLER COUNTY on HIGHWAY 71, Section 3 in Texarkana from the end of the curb and gutter to the junction of U. S. 59 West, a distance of 0.95 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of construct-

ing base and surfacing 16' wide on the east shoulder of the Highway at an estimated cost of \$15,000.00.

- 1609 In MILLER COUNTY on U. S. HIGHWAY 71 in the City of Texarkana from the south City Limit (Forest Street) to East 7th Street and from East 7th Street to State Line Avenue, a distance of approximately 1.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$68,500.00.
- 1610 In NEVADA COUNTY on HIGHWAY 53, Section 3 between the junction of Highway 19 and Bodcaw, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing six timber bridges (170 lineal feet) at an estimated cost of \$12,300.00.
- 1611 In OUACHITA COUNTY on HIGHWAY 7 in the City of Camden from near Pace Street to the south City Limit of Cullendale Addition, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$76,000.00.
- 1612 In POPE COUNTY on HIGHWAY 105 from Highway 124 to Highway 27, a distance of approximately 4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$40,000.00.
- 1613 In PRAIRIE COUNTY on HIGHWAY 33, Section 6 between Des Arc and Highway 70, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing two timber bridges (142 lineal ft.) at an estimated cost of \$12,000.00.
- 1614 In PULASKI COUNTY on HIGHWAY 65, Section 11, from the Palarm Creek Bridge south to the end of Job 6566, a distance of 5.80 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$190,000.00.
- 1615 In RANDOLPH COUNTY on HIGHWAY #90, Section 5, between Highway #67 and O'Kean, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four bridges (total length 162 Lin. Ft.) at an estimated cost of \$15,000.00.
- 1616 In SEARCY and STONE COUNTIES on HIGHWAY 66, from approximately 7.5 miles east of Leslie to approximately 7.5 miles west of Mountain View, a distance of approximately 19 miles, upon comple-

tion of first stage construction the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$190,000.00 subject to program approval by the Bureau of Public Roads.

- 1617 In SEVIER COUNTY in the City of DeQueen on U. S. HIGHWAY 70 from a point near Ballard Street to Ninth Street and on HIGHWAY 41 from U. S. Highway 70 south approximately a distance of 5 blocks, a total distance of approximately 1.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$60,000.00 with the understanding that the resurfaced width will be the present pavement width where parallel parking is enforced by ordinance and the moving traffic lane width where diagonal parking is permitted.
- 1618 In ST. FRANCIS COUNTY on HIGHWAY 149, Section 1 at Greasey Corner, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing one timber bridge (380 lineal feet) at an estimated cost of \$37,000.00.
- 1619 In CONWAY COUNTY on HIGHWAY 92 from Highway 9 to Springfield, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$30,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 30 days.
- 1620 In WHITE COUNTY on HIGHWAY 31 from the business route of U. S. Highway 67 in the City of Beebe to U. S. Highway 67, a distance of approximately 1 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$25,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 1621 In CRITTENDEN COUNTY on U. S. HIGHWAY 79 at the crossing of the Missouri Pacific Railroad at Simsboro, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$8,000, subject to the following conditions:
1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
 2. All required right of way will be furnished free of cost to the State.
 3. Program approval by the Bureau of Public Roads.
- 1622 In ARKANSAS COUNTY on HIGHWAY 169 from Highway 1 to Arkansas Post, a distance of approximately 2.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$125,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free

- of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Arkansas County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

1623 In ASHLEY and CHICOT COUNTIES on HIGHWAY. 8 from Parkdale to Eudora, a distance of approximately 18 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$540,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Ashley and Chicot Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1624 In BENTON COUNTY on U. S. HIGHWAY 71 in the City of Gravette the Director is authorized to proceed in the most feasible and economical manner with the work of constructing pavement on Broadway from 1st Street to 4th Street to be used for one way traffic of U. S. Highway traffic, at an estimated cost of \$13,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Any required adjustment of utility lines will be made without cost to the State.
3. The City of Gravette by ordinance will enforce one way traffic on Main Street and on Broadway from 1st Street to 4th Street.
4. The City of Gravette by ordinance will enforce parallel parking on the one way and two way routes of U. S. Highway 71.
5. Acceptance of the provisions of this order by the Mayor of the City of Gravette within 60 days.

1625 In BENTON COUNTY on HIGHWAY 99 from Siloam Springs to Highway 12, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$240,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Benton County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1626 In CARROLL COUNTY on HIGHWAY 21 from Berryville to Metalton, a distance of approximately 9 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$270,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Carroll County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

- 1627 In CHICOT COUNTY on HIGHWAY 35 from U. S. Highway 165 to U. S. Highway 65 a distance of approximately 2.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$100,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Chicot County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1628 In CLEBURNE and VAN BUREN COUNTIES on HIGHWAY 16 from Stark to Shirley, a distance of approximately 12. miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$240,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Cleburne and Van Buren Counties within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1629 In CLEVELAND COUNTY on HIGHWAY 35 from Rison southeast a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$210,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Cleveland County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1630 In CONWAY and VAN BUREN COUNTIES on HIGHWAY 95 from Cleveland to Scotland, a distance of approximately 11.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$220,000.00 subject to the following

conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Conway and Van Buren Counties within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1631 In CRAIGHEAD COUNTY on U. S. HIGHWAY 63 from the junction with Highway 91 to end of concrete pavement in Jonesboro, a distance of 3.72 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$200,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Craighead County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1632 In CRITTENDEN COUNTY on HIGHWAY 149 from south of Earle to U. S. Highway 70, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$175,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Crittenden County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1633 In DREW COUNTY on HIGHWAY 4 from the junction of Highway 138 to the Desha County Line, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$140,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Drew County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1634 In HEMPSTEAD COUNTY on HIGHWAY 24 from Blevins to McCaskill, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with

the work of constructing grading structures and surfacing at an estimated cost of \$180,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Sections of present road not used in construction will be abandoned as part of highway system.
3. Acceptance of the provisions of this order by the County Judge of Hempstead County within 60 days after right-of-way requirements are furnished.
4. Program approval by the Bureau of Public Roads.

1635 In HOWARD COUNTY on HIGHWAY 4 from 4.5 miles north of Center Point to Dierks, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$150,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Sections of present road not utilized in the construction will be abandoned as a part of the State maintained system.
3. Acceptance of the provisions of this order by the County Judge of Howard County within 60 days after right-of-way requirements are furnished.
4. Program approval by the Bureau of Public Roads.

1636 In JACKSON COUNTY on HIGHWAY 37 from Highway 14 to the junction of Highway 42, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and base at an estimated cost of \$360,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Jackson County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1637 In JOHNSON COUNTY on HIGHWAY 123 at the crossing of Piney Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches at an estimated cost of \$125,000.00 subject to the following conditions:

1686 WHEREAS, the Purchasing Committee has awarded purchases on July 23, 30, August 6, 13 and 20, 1956, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1687 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Rison, Arkansas, and,

WHEREAS, the Civic Club of Rison has offered to procure a tract of two acres that is suitably located for such purpose which they will transfer to the Department at a cost not to exceed \$400.00.

NOW THEREFORE, IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property at a cost not to exceed \$400.00,

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

1688 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Perryville, Arkansas, and,

WHEREAS, Perry County has a tract of two acres that is suitably located for such purpose, which the County Judge has offered to donate to the Department.

NOW THEREFORE, IT IS ORDERED, that the Director be empowered to act for the Commission in concluding all details necessary for the transfer of this property at no cost to the State,

BE IT FURTHER ORDERED that when the transfer is satisfactorily completed, the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of building, fence, and appurtenances necessary to provide adequate services for an Area Headquarters at a cost not to exceed \$15,000.00.

1689 In GRANT COUNTY the official routing of State Highway US-270 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, Poyen to Prattsville", drawn 11-15-55.

By this action and in conformity with Supreme Court decisions, the section of old Highway US-270, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 1690 In ASHLEY COUNTY on U. S. HIGHWAY 82 from the Ouachita River Bridge east a distance of approximately 2.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and leveling pavement at an estimated cost of \$19,700.00.
- 1691 In CRITTENDEN COUNTY on HIGHWAY 42, Section 4, between Twist at the Jct. of Highway 149, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing 2 bridges (total length 431 lineal ft.) at an estimated cost of \$12,700.00.
- 1692 In FAULKNER COUNTY on U. S. HIGHWAY 65 from rail-road spur track crossing south of Conway to 1/4 mile south of Gold Creek, a distance of approximately 3.75 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$151,000.00.
- 1693 In GREENE COUNTY on HIGHWAY 34, Section 3, between Delaplaine and the Junction of Highway 135, the Director is authorized to proceed in the most Feasible and economical manner with the work of reconstructing seven bridges (total length 478 lineal ft.) at an estimated cost of \$24,300.00.
- 1694 In LAWRENCE and CRAIGHEAD COUNTIES on HIGHWAY 91, Sections 1 and 2, from Walnut Ridge to the Jct. of State Highway 18, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing six bridges (total length 268 lineal ft.) at an estimated cost of \$18,200.00.
- 1695 In LITTLE RIVER COUNTY on HIGHWAY 41 at the crossing of Red River, the Director is authorized to proceed with negotiations with the Texas Highway Department for surveys, investigations and plans for the construction of the Red River Bridge from funds to be made available for the fiscal year beginning July 1, 1960.
- 1696 In MISSISSIPPI COUNTY on HIGHWAY 14, Sections 15 and 16, from Lepanto to Marie, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing three bridges (total length 319 lineal ft.) at an estimated cost of \$22,500.00.
- 1697 In OUACHITA COUNTY on HIGHWAY 7, Section 3, from

the Union County Line to the south City Limits of Camden, a distance of 13.20 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing concrete pavement at an estimated cost of \$80,700.00.

- 1698 In OUACHITA COUNTY on U. S. HIGHWAY 79 from the Ouachita River Bridge to junction with Highway 4 and in the City of Bearden from the west City Limit to the east City Limit, a total distance of approximately 3.87 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement widening and resurfacing at an estimated cost of \$109,000.00 on condition that all encroachments on the right-of-way are removed without cost to the State.
- 1699 In PULASKI COUNTY, the road from U. S. HIGHWAY 65 at Wrightsville to the Negro Boys Industrial School, a distance of approximately 1.1 miles is hereby designated as a part of the State Highway System and the Director is authorized to proceed in the most feasible and economical manner with construction to dustless surface standard at an estimated cost of \$40,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State.
- 1700 In SEVIER COUNTY on U. S. HIGHWAY 70 from U. S. Highway 71 at DeQueen west approximately 4 miles to intersection with present route of U. S. Highway 70, the Director is authorized to proceed with surveys, investigations, and plans and upon completion of plans to bring to the attention of the Commission for consideration of construction finance.
- 1701 In STONE COUNTY on HIGHWAY 14 from Blanchard Springs Road to Fifty Six, a distance of approximately 3.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$30,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State.
- 1702 In CLEVELAND COUNTY on U. S. HIGHWAY 79 from the Saline River Bridge project north a distance of approximately 2.9 miles and from the Saline River bridge project south, a distance of approximately 3.6 miles, a total distance of approximately 6.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$810,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Sections of the present highway not utilized in the reconstruction will be abandoned as a part of the State maintained highway system.

3. Acceptance of the provisions of this order by the County Judge of Cleveland County within 60 days after right-of-way requirements are furnished.
4. Program approval by the Bureau of Public Roads.

1703 In CRITTENDEN COUNTY on the old route of U. S. HIGHWAY 61 from the intersection of U. S. Highways 61 and 63 at Lake David to its junction with the present route of U. S. Highways 61 and 63 north of West Memphis, a distance of approximately 16.5 miles is hereby reinstated as a part of the State Highway System, subject to the following conditions:

1. All required right-of-way (a minimum of 60 ft. in urban and 80 ft. in rural areas) free of obstructions, be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Crittenden County within 90 days.

Upon fulfillment of the conditions of the order the Director is authorized to proceed in the most feasible and economical manner with the work of reconditioning and resurfacing at an estimated cost of \$250,000.00.

1704 In CRITTENDEN COUNTY on U. S. HIGHWAY 64 in the City of Earle from Ruth Street to Depot Street, a distance of 1850 feet, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing pavement at an estimated cost of \$60,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. All required utility adjustments will be made without cost to the State.
3. Acceptance of the provisions of this offer by the Mayor of the City of Earle within 30 days after completed plans are furnished.

1705 In GARLAND COUNTY on HIGHWAY 88 from the Saline County Line to Hot Springs MINUTE ORDER NO. 788, Item 2, pertaining to right-of-way acquisition is hereby modified as follows:

2. In GARLAND COUNTY all required right-of-way free of obstructions will be furnished on the basis of the State bearing all costs in excess of the amount of local participation of \$38,000.00.

In all other respects MINUTE ORDER NO. 788 is unchanged.

1706 In GREENE COUNTY on HIGHWAY 1 from Paragould to the Clay County Line, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing 9 timber bridges (700. lin. ft.) with steel and concrete bridges at an estimated cost of \$210,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a

- cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Greene County within 30 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

1707 In GREENE COUNTY on HIGHWAY 34 from Delaplaine to Beech Grove, a distance of approximately 9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$270,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Green County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1708 In JEFFERSON COUNTY on U. S. HIGHWAY 65 from the junction with U. S. Highway 270 to the junction with U. S. Highway 65-C, a distance of approximately 1.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work cost widening pavement at an estimated cost of \$300,000.00 subject to the following conditions:

1. All encroachments on right-of-way to be removed without cost to the State.
2. All required utility adjustments to be made without cost to the State.
3. Acceptance of the provisions of this order by the proper local government officials within 60 days after completed plans are furnished.
4. Program approval by the Bureau of Public Roads.

1709 In LEE COUNTY on HIGHWAY 121 from Highway 1 to Holders, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$240,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Lee County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1710 In MONROE COUNTY on U. S. HIGHWAY 79 in the City of Clarendon from the White River Bridge to the St. Louis-Southwestern Railway Crossing, a distance of 3200 lin. ft., the Director is authorized to proceed in the most feasible and economical manner with the work of pavement widening at an estimated cost of \$55,000.00 subject to the following conditions:

1. All right-of-way encroachments will be removed without cost to the State.
2. All required utility adjustments will be made free of cost to the State.
3. Acceptance of the provisions of this order by the Mayor of the City of Clarendon within 30 days after completed plans are furnished.

1711 In SEBASTIAN COUNTY on HIGHWAY 22 in the City of Fort Smith from 13th Street to Creekmore Park, a distance of approximately 1.5 miles, the Director is authorized to proceed in the most feasible manner with the work of widening 2 feet on each side and surfacing at an estimated cost of \$110,000.00 subject to the following conditions:

 That the City of Fort Smith will:

1. Furnish all required right-of-way free of obstructions and free of cost to the State.
2. Provide for the adjustment of utility lines.
3. Provide for the adjustment of manhole rings and covers.
4. Provide for construction of any needed facilities back of the curb lines not included in the state's plans and contract.
5. Prohibit parking on the completed street section.
6. Accept the provisions of this order within 60 days after completed plans are made available.

1712 Crittenden County. Job No. 11539, FAP IN-092-5(1). The contract for the construction of approximately 4303.83 feet of Bridge Widening and Remodeling on the Little Rock-Memphis Road, State Highway 70, Section 21, is awarded to E. E. Barber Construction Company, Inc. of Fort Smith, Arkansas on their low bid of \$989,265.90.

1713 Lincoln County, Job No. 2522, FAP F-025-1(1). The contract for the construction of approximately 11.408 miles of Grading, Minor Drainage Structures, Widening and Resurfacing with ACHM and extending Two Multi-Span Culverts on the Pine Bluff -Dumas Road, State Highway 65, Section 16, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$588,351.00.

1714 Miller County, Job No. 3534, State. The contract for the construction of approximately 1.720 miles of ACHM Base and Surface Courses in the City of Texarkana, State Highway 71. Sections 2 & 3, is awarded to Tecon Paving Company of Dallas, Texas on their low bid of \$69,002.48.

1715 Howard County Job No. 3535, State. The contract for the construction of approximately 2.180 miles of resurfacing with ACHM Base and Surface Courses in the City of Nashville, State Highway 24, Section 2 and State Highway 27, Section 2, is awarded to Tecon Paving Company of Dallas, Texas on their low bid of \$66,453.61.

- 1716 Sharp County Job No. 5459, State. The contract for the construction of approximately 5.246 miles of Furnishing, Loading, Hauling, and Windrowing Crushed Stone Base Course on the Cave City-Imboden Road, State Highway 115, Section 3, is awarded to Four Bros., Inc. of Sweet Home, Arkansas on their low bid of \$36,828.00.
- 1717 Pulaski County Job No. 6567, State. The contract for the construction of approximately 0.673 miles of Grading, Minor Drainage Structures, Crushed Stone Base, ACHM Base and Surface Courses and Concrete Combination Curb and Gutter on West Markham Street in the City of Little Rock, is awarded to Artie Gregory, Contractor, Inc. of Little Rock, Arkansas on their low bid of \$65,729.29.
- 1718 Pulaski County, Job No. 6573, State. The contract for the construction of approximately 5.800 miles of Grading, Minor Drainage Structures, and Widening and Resurfacing with Crushed Stone Base and Asphaltic Concrete Hot Mix Base and Surface Courses on the Little Rock-Conway Road, State Highway 65, Section 11, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$199,061.51.
- 1719 Garland County Job No. 6575, State. The contract for the construction of approximately 6.150 miles of Resurfacing with Asphaltic Concrete Base and Surface Courses and Widening State Highway 70 Section only, all in Hot Springs and vicinity, State Highway 70, Section 9 and State Highway 88, Section 5, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$179,890.15.
- 1720 Columbia County. Job No. 7502, FAP F-015-1(1). The contract for the construction of approximately 600.0 feet of Reinforced Concrete Bridges and 78.2 feet of Embankment on the Magnolia-Emerson Road, State Highway 79, Section 1, is awarded to D & W Bridge Company, Inc., of North Little Rock, Arkansas on their low bid of \$133,214.90.
- 1721 Ouachita County, Job No. 7530, State. The contract for the construction of approximately 3.010 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix Base and Surface Courses in the City of Camden, State Highway 7, Section 3, is awarded to Graves Brothers, Contractors of Pine Bluff, Arkansas on their low bid of \$73,239.69.

1324	State	82	Miller, Lafayette & Columbia	<u>\$98,780.00</u>
Total from current Highway Construction Appropriation				\$3,702,310.00
	C-43-3 S-964(3)	County Road	Lonoke	<u>\$8,580.00</u>
Total from County and Federal Aid Secondary Funds				\$8,580.00
	D-8426	State	9	Conway
				<u>\$14,520.00</u>
Total from Heavy Bridge Maintenance Funds				<u>\$14,520.00</u>
TOTAL				\$3,725,410.00

1730 The following Supplemental Agreements have been examined by

the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>FAP</u>	<u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
11512	S-303(3)	1	Hickory Ridge-Cherry Valley	Miss. Valley Contracting Co.,Inc.	\$12,975.00
11512	S-303(3)	2	Hickory Ridge-Cherry Valley	Miss. Valley Contracting Co.,Inc.	\$84.00
2471	F-025-2(2)	1	Pine Bluff -Jct.	Tecon Paving Co.	
			Hwy. 81 Reconstruction		\$300.00
6478	F-021-3(1)	3	Jacksonville Air Base-North	Ben M. Hogan & Company	\$1,890.00
C-37-1	S-937(1)	2	Spirit Lake-South	Lafayette County	\$19,653.00

1731 WHEREAS, the Purchasing Committee has awarded purchases on August 24, 31, September 10, 17 and 24, 1956, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1732 WHEREAS, The County Judge of Sharp County has requested that he be allowed to purchase 100 steel I-Beams (approximately 9 tons) which are stored at the central shops at Jacksonville, and,

WHEREAS, This steel is unsuitable for further use by the department,

IT IS ORDERED that the Director be authorized to transfer title to this steel to Sharp County at the current market price for scrap steel.

1733 WHEREAS it is understood that The Yale and Towne Manufacturing Company is considering the location of a plant at Forrest City, conditioned on the plant site abutting the proposed Interstate highway right-of-way and in such manner as to afford travelers on the highway a view of the plant, and

WHEREAS, The Department has not made engineering studies for the determination of location and right-of-way requirements for the proposed Interstate highway and may not be in position to furnish accurate information in regard thereto for a period of twelve to eighteen months or more, and

WHEREAS, the Department his willing to consider the proposed plant site South boundary as the North boundary of the proposed Interstate Highway right-of-way and to locate the highway as near the North right-of-way boundary as design considerations will permit, the

distance from the North boundary to the centerline of the highway not to exceed 350 feet at the Southeast corner of the plant site (along Highway 1) and not to exceed 500 feet at the tentative Southwest corner of the plant site (1320 feet west of Highway 1), on condition that such right-of-way will be economically available to the Department when needed, and

WHEREAS, local officials at Forrest City have pledged the zoning for protection of right-of-way to be required for the location of the Interstate highway abutting the proposed plant site and in the general area,

NOW THEREFORE IT IS ORDERED that the Director be and is hereby instructed to comply with the desires of officials of St. Francis County and The Yale and Towne Manufacturing Company in the location of the proposed Interstate highway in accordance with drawing dated 9-24-56 and subject to approval of the Bureau of Public Roads.

1734 In LAWRENCE COUNTY on U. S. HIGHWAY 63 from Hoxie to Sedgwick, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$480,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Lawrence County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1735 In BRADLEY COUNTY on HIGHWAY 15 from Warren to Hermitage, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of re-sectioning and maintenance betterments on condition that all required right-of-way free of obstructions will be furnished free of cost to the State.

1736 In BRADLEY COUNTY on HIGHWAY 15, Section 3, between Hilo and Hermitage, at Eagle Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing five (5) bridges (total length 903 lineal ft.) at an estimated cost of \$12,500.00.

1737 In CRAIGHEAD COUNTY on HIGHWAY 63, Sections 6 and 7, from the South City Limits of Nettleton to the end of the concrete pavement near the North City Limits of Jonesboro, a distance of approximately 5.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$66,800.00 on condition that all required utility

adjustments are made without cost to the State.

- 1738 In GARLAND COUNTY on U. S. HIGHWAY 270 from a point 2.62 miles east of U. S. Highway 70 truck route in Hot Springs to the intersection of Highway 51 north of Jones Mill, a distance of approximately 7.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing pavement at an estimated cost of \$138,000.00.
- 1739 In LEE COUNTY on HIGHWAY 121, Section 1, between Highway 79 and the St. Francis River, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and reconstructing two (2) bridges (total length 380 lineal ft.) at an estimated cost of \$11,000.00.
- 1740 In LONOKE COUNTY on HIGHWAY 89, Section 1, between Cabot and Lonoke at Two Prairie Bayou, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four (4) bridges (total length 266 lin. ft.) at an estimated cost of \$26,800.00.
- 1741 In MONROE COUNTY on U. S. HIGHWAY 70 in the City of Brinkley, a distance of approximately 1.2 miles and on HIGHWAY 17 from its junction with U. S. Highway 70 north a distance of approximately .35 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$22,200.00 with the understanding that the resurfaced width will be the present pavement width where no parking and where parallel parking is enforced by ordinance, and the moving traffic lane width where diagonal parking is permitted.
- 1742 In POPE COUNTY in the City of Russellville on HIGHWAY 124, Section 1, HIGHWAY 7, Section 15, and HIGHWAY SS2, two streets on the Arkansas Polytechnic College campus, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing 1.764 miles at an estimated cost of \$14,400.00.
- 1743 In POPE COUNTY on HIGHWAY 124, Section 2, between Highway 105 and the Conway County Line, and in VAN BUREN COUNTY on HIGHWAY 130, Section 1, between Highway 65 and Choctaw, the Director is authorized to proceed In the most feasible and economical manner with the work of reconstructing five (5) bridges (total length 162 lineal feet) at an estimated cost of \$10,000.00.
- 1744 In SEBASTIAN COUNTY on HIGHWAY 96, Sections 2 and 3, between Greenwood and the Franklin County line, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing six (6) bridges (total length 390 lineal ft.) at an estimated cost of \$11,900.00.

- 1745 Monroe County, Job No. 11503, FAP F-02-4(6). The contract for the construction of approximately 7.242 miles of Grading, Minor Drainage Structures, Gravel or Crushed Stone Shoulders and Asphaltic Concrete Hot Mix Base and Surface Courses on the DeValls Bluff-Brinkley Road, U. S. Highway 70, Section 17, is awarded to West Memphis Asphalt Company, Inc. and A. E. Rains Construction Company of West Memphis, Arkansas on their low bid of \$341,351.61, subject to the concurrence of the Bureau of Public Roads.
- 1746 St. Francis & Crittenden Counties, Job No. 11565, State. The contract for the construction of approximately 33.288 miles of Resurfacing with Asphaltic Concrete Hot Mix Surface Course on the Brinkley-West Memphis Road, U. S. Highway 70, Sections 19 & 20, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$314,794.60.

1761 WHEREAS, the Purchasing Committee has awarded purchases on October 1, 8, 15, 22 and 29, 1956, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee in making the awards be ratified and confirmed in all particulars.

1762 On the basis of Bids received 10:00 A.M. September 28, 1956 by the State Purchasing Department, Room 104 State Capitol, Little Rock, under Bid Reference No. S-56-585, dated September 19, 1956 on 25 Motor Vehicles, pursuant to Highway Commission Minute Order No. 1403 Budget and Commission approval August 22, 1956, purchases are hereby awarded to the low bidders as follows:

- Item No. 1. To Cogswell Motors, Russellville, Arkansas, 22 each 1/2 Ton Ford Pick-Up Trucks Model F100 - 110" W.B. 6-Cylinder, at a low bid price of \$1,247.49 each, total 22 units \$27,444.78. Meeting Arkansas State Highway Department Specifications 56-57 NE No. 67-5003.
- Item No. 2. To Central Motor Company, Searcy, Arkansas, 3 each 3/4 Ton Dodge Pick-Up Trucks Model K6-D200, at a low bid price of \$1,495.15 each, total 3 units \$4,485.45. Arkansas State Highway Department Specifications 56-57 NE No. 67-5004.

1763 WHEREAS, the County Judge of Pike County has requested that he be allowed to purchase an obsolete steel truss bridge (weight 8.3 tons) located on Highway 84, approximately 4 miles East of Kirby in Pike County, and,

WHEREAS, this bridge is unsuitable for further use by the Department,

IT IS ORDERED that the Director be authorized to transfer title to this bridge to Pike County at \$25.00 per ton, which is the current market price for usable scrap steel.

1764 WHEREAS, Minute Order 1114 of October 5, 1955, accepted a plan of settlement offered by Sharp County covering an overpayment of \$2,118.71 by the State for right-of-way on Job 5327, and

WHEREAS, the County has to date refunded \$1,000.00 of the sum due, and

WHEREAS, the County Judge of Sharp County has requested a modification of the original plan of settlement whereby all payments to the Highway Department would be made from regular County Turn-back Funds, and

WHEREAS, the revised plan of settlement would lighten the burden of the payments on Sharp County by extending the time for approximately fifteen months, and

WHEREAS, the revision sought by the County has been covered by an official Court Order dated October 13, 1956, properly recorded and certified,

NOW THEREFORE IT IS ORDERED, that the revised plan of settlement submitted by Sharp County for the liquidation of this claim be and is hereby accepted as satisfactory and that the State Treasurer be so advised.

1765 In CRAWFORD and SEBASTIAN COUNTIES on the Interstate Spur from Van Buren to Fort Smith, the engineering contract with the firm of Edwards, Kelcey and Beck of Newark, New Jersey for complete engineering services in connection with a preliminary design report and the furnishing of right-of-way requirements for the Interstate Spur, as approved by the Director, is hereby ratified and confirmed subject to approval by the Bureau of Public Roads.

1766 In CLARK COUNTY the official routing of State Highways 51-S-2 and 7-S-6 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, Arkadelphia-Dalark", drawn 9-14-56.

By this action and in conformity with Supreme Court decisions, the sections of old Highways 7 and 51, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

1767 In CRITTENDEN COUNTY the official routing of State Highway 149 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, In Vicinity of Three Forks", drawn 10-23-56.

By this action and in conformity with Supreme Court decisions, the sections of old Highway 149, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

1768 In LAFAYETTE COUNTY the official routing of State Highways 29-S-1 and 160-S-1 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, Lewisville-Bradley", drawn 6-28-56.

By this action and in conformity with Supreme Court decisions, the sections of old Highways 29 and 160, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

1769 In MISSISSIPPI COUNTY the official routing of State Highways 18-S-5, 77-S-1 & 2 and 119-S-4 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, in Vicinity of Manila and Leachville", drawn 12-27-55.

By this action and in conformity with Supreme Court decisions, the section of old Highway 18-S in the west edge of Manila, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

1770 In NEWTON COUNTY the official routing of State Highways 123-S-1 and 7-S-17 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, at Lurton", drawn 6-18-56.

By this action and in conformity with Supreme Court decisions, the sections of old Highways 7 and 123, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

1771 WHEREAS, the Green Forest Lions Club has negotiated for and submitted a Warranty Deed for a Roadside Park located approximately 3 miles East of Green Forest on U. S. 62, at no cost to the State, and,

WHEREAS, an investigation reveals that the proposed site is satisfactory for such purposes,

NOW, THEREFORE, BE IT RESOLVED that the Director be and he is hereby authorized to accept in the name of the Commission title to said property and to take such further action as is required to develop a park to the standards heretofore prescribed by the Commission.

1772 In HEMPSTEAD COUNTY at the Division 3 Headquarters site the Director is authorized to proceed in the most feasible and economi-

cal manner with the work of constructing warehouse building at an estimated cost of \$15,000.00.

ELECTRICAL:(Wiring and Fixtures)	Bragg Electrical Co.	\$4,876.00

CONTRACT AWARD ORDER

The contract for construction of an addition to the Materials and Tests laboratory building is awarded to the above named firms in the amounts shown opposite their respective names based on their bids which were the lowest and best bids received.

776 WHEREAS, The Purchasing Committee has awarded purchases on December 13, 20, January 3, 10, 17, 24 and 31, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

777 WHEREAS , experience has shown that the operating and maintenance costs on the Higgins Boat, State No. 1771, which is in use at the Henderson Ferry, are excessive and

WHEREAS, it is considered to be the part of good business to dispose of said motor boat,

NOW THEREFORE IT IS SO ORDERED that the Director be and he is hereby authorized to dispose of Raid unit at the highest price obtainable and to, by the most feasible and economical methods, purchase one outboard motor and one metal hull as a replacement unit at an approximate cost of \$800.00.

778 The Director is hereby authorized to engage the services of attorneys and to pay a fee not to exceed \$3,000.00 in connection with litigation growing out of Job No. 7403.

779 WHEREAS in ASHLEY COUNTY on HIGHWAY 8 from Hamburg to Parkdale the bridges are inadequate to render proper traffic service, and

WHEREAS, relocation of the highway route will be required for replacement of several bridges and

WHEREAS, the Department is presently unable financially to undertake replacement of all bridges on the route but desires to proceed by stages with bridge replacements as funds can be made available

NOW THEREFORE it is ordered that the Director proceed with surveys and investigations to determine the most needed bridge replacements at an approximate cost of \$50,000.00 and to proceed with construction when the required right-of-way free of obstructions is furnished free of cost to the State.

This action is conditioned upon program approval by the Bureau of Public Roads.

780 In ASHLEY COUNTY on HIGHWAY 82 at the crossing of the Missouri Pacific Railroad Southwest of Hamburg, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$6,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right of W8~ will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

781 WHEREAS, In BENTON COUNTY the CITY OF SILOAM SPRINGS has requested that the old route of HIGHWAY 68 through the City be signed as the City Route of the Highway, as a convenience to through traffic, and

WHEREAS, the City of Siloam Springs has agreed to continue maintenance of the route at no cost to the State if the request is granted.

NOW THEREFORE it is ordered that the Director proceed with the placing of signs on the City Route as requested on condition that the mayor of Siloam Springs accepts the provisions of this order within 60 days.

782 In BENTON COUNTY on HIGHWAY 59 at the crossing of Flint Creek South of Gentry City, the Director is authorized to proceed with the construction of bridge and approaches at an estimated cost of \$70,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.

2. Acceptance of the provisions of this order by the County Judge of Benton County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

783 In BENTON COUNTY on HIGHWAY 99 from Maysville to the Oklahoma State Line, a distance of approximately 2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing, grading, structures and surfacing at an estimated cost of \$70,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Benton County within 90 days.
3. Program approval by the Bureau of Public Roads.

784 In CLEVELAND COUNTY on U. S. HIGHWAY 79 at the crossing of the Saline River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing the Saline River bridge and approaches, a project length of approximately 2.25 miles, at an estimated cost of \$969,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$5,000.00.
2. Acceptance of the provisions of this order by the County Judge of Cleveland County within 90 days.
3. Program approval by the Bureau of Public Roads

785 In CRAIGHEAD COUNTY, at the request of the CITY OF JONESBORO, the Director is hereby authorized to proceed with surveys, investigations and report of highway routes and city street connections for the metropolitan area that will adequately provide for traffic service and on locations that will promote the present and future development of the area.

786 In FAULKNER and PULASKI COUNTIES on U. S., HIGHWAY 65 at the crossing of Palarm Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing parallel bridge facility at an estimated cost of \$55,000.00.

787 In FRANKLIN COUNTY on HIGHWAY 41 from intersection Highway 22 to intersection of Highway 96, a distance of approximately 10.10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional crushed stone surfacing at an estimated cost of \$17,500.00.

788 In GARLAND and SALINE COUNTIES on the proposed highway route from Hot Springs to Benton MINUTE ORDER NO. 69,

dated May 21, 1953, tendering an offer to the local government units for the construction of the proposed highway is hereby modified as follows:

1. To extend the proposed project from the intersection of U. S. Highway 67 and the proposed route along Highway 67 to the Saline River at Benton.
2. In GARLAND COUNTY all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$50,000.00.
3. In SALINE COUNTY all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$95,000.00.
4. Acceptance of the provisions of this order by the respective County Judges and by the Mayor of Hot Springs within 30 days.
5. The Commission will give favorable consideration to the construction of a connecting road from the proposed road to Highway 7 near the Northeast City Limit of Hot Springs if such connection is feasible and on condition that all required right-of-way free of obstructions is furnished free of cost to the State.

In all other respects the provisions of Minute Order No. 69 are unchanged.

789 In FULTON COUNTY on HIGHWAY 9, from the IZARD County Line to Salem, a distance of approximately 9.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$22,400.00.

790 In GRANT COUNTY on U. S. HIGHWAY 270 from Poyen to Prattsville, a distance of approximately 5 miles, MINUTE ORDER NO. 136 is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of 13,000.00 and to extend the time for acceptance until March 8, 1955. All other provisions of Minute Order No. 136 remain unchanged.

791 In HOT SPRING COUNTY on the present and interstate routes of U. S. HIGHWAY 67, MINUTE ORDER NO. 714 at the request of the County Judge is hereby modified to extend the time for acceptance until March 8, 1955.

792 In IZARD COUNTY on HIGHWAY 9 from Brockwell to the Fulton County Line, a distance of approximately 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$18,700.00.

793 In MISSISSIPPI COUNTY on HIGHWAY 181 from Highway 18 north, a distance of approximately 7.8 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$32,000.00.

794 In MISSISSIPPI COUNTY on HIGHWAY 118 from the Poinsett County Line to U. S. 61 at Joiner, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$24,000.00.

795 In MISSISSIPPI COUNTY on HIGHWAY 181 from Highway 18 to Highway 40, a distance of approximately 10.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$21,000.00.

796 In MONROE COUNTY on HIGHWAY 39 from U. S. HIGHWAY 79 to Brinkley, a distance of approximately 14.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$41,800.00.

797 In NEVADA COUNTY on HIGHWAY 76 from Highway 4 to Highway 19 a distance of approximately 7.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$25,400.00.

798 In PHILLIPS COUNTY on HIGHWAY 1 from Marvell to the Phillips-Monroe County Line, a distance of approximately 10.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$500,000.00 subject to the following conditions.

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Phillips County within 90 days.
3. Program approval by the Bureau of Public Roads.

799 In POINSETT COUNTY on HIGHWAY 14 from the Jackson County Line to Highway 39 the Director is authorized to proceed in the most feasible and economical manner with the work of replacing seven bridges at an estimated cost of \$180,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Poinsett County within 60 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

800 In POPE COUNTY on HIGHWAY 124, Section 1, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing 3 steel and concrete bridges to replace timber bridges at an estimated cost of \$28,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.
3. Acceptance of the provisions of this order by the County Judge of Pope County within 60 days.

The contract for the construction of approximately 0.383 miles (including 392.00 ft. of Bridge) of grading, minor drainage, gravel base and one R. C. Slab Bridge over Smackover Creek, County Road, is awarded to Michey's, Inc. of Warren, Arkansas on their low bid of \$71,935.20, subject to the concurrence of the Bureau of Public Roads and of Union & Ouachita Counties.

813 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P. M., February 2, 1955.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twenty-seventh Regular Meeting in Little Rock, Arkansas on February 2, 1955.

V. E. Scott
Administrative Assistant

ADDENDUM

Immediately before the noon recess Chairman Orr stated that, while he appreciated the honor of having served as chairman for the past two years, he felt that new members of the Commission should have a voice in the selection of its officers and that he hoped the other Commissioners agreed and would thereby set a precedent.

Mr. Wallace in deference to Mr. Orr's statement moved that Mr. Lynch be advanced from the position of Vice Chairman to that of Chairman and that Mr. Orr be named Vice Chairman. The motion was seconded by Mr. Crain and upon being put to a vote, unanimously carried.

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
MARCH 9, 1955

The following is the record of the proceedings of the Twenty-eighth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on March 9, 1955 at which time the following members were present:

Cecil S. Lynch	Chairman
Raymond F. Orr	Vice Chairman
Willie A. Lawson	Member
James H. Crain	Member
Glenn F. Wallace	Member

814 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., March 9, 1955.

815 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>FAP</u>	<u>FC</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Project Cost</u>	<u>Increase or</u> <u>Decrease in</u>

5 - Rotary Scrapers	1 - Power Lawn Mower
10 - Maintenance Rollers	1 - Power Scythe
2 - Road Plows	4 - Power Saws
4 - Air Compressors	10 - Asphalt Tampers
1 - Trailer Type Asphalt Distributor	7 - Paving Breakers
1 - Crysler Sea Mule Tug Boat	1 - Double Drum Hoist
1 - Pug Mill	1 - Jeep-0-Trench Attachment
1 - 3-Gang Mower	

Approximately 79 Tons Junk Rubber Tires	62 - Junk Equipment
894 - Junk Equipment Batteries	Radiators
Approximately 220 Net Tons Mixed Scrap Iron	

Equipment to be removed from active inventory and used for repair parts in repairing like equipment:

1 - Rome Motor Grader Model 404 - State No. 3278

Shop Equipment: 23 Pieces that are of no further value to the department due to age and conditions Equipment consists of Steam Cleaners, Car Jacks, Valve Grinders, Acetylene Generators, etc.

820 The Director is authorized to proceed in the most feasible and economical manner with the work of installing heating and cooling system in the portion of the old Highway Building now being used by the Department at an estimated cost of \$6,500.00.

821 WHEREAS, the Department has recently received Senate Concurrent Resolution Number Two of the 1953 Session of the Arkansas General Assembly, with reference to allowing time off with pay for legal holidays to employees of the Highway Department who are paid on an hourly basis, and

WHEREAS, it is desired that all employees of the Maintenance Division work a minimum of five days per week, and that those days shall be Monday through Friday, and

WHEREAS, legal holidays shall be construed to mean only those days defined by the General Assembly of the State of Arkansas, and only those which fall on the week days of Monday through Friday, and only those when, because of the holiday, Maintenance operations

cease,

NOW THEREFORE it is hereby ordered that all regular employees of the Maintenance Division of the State Highway Department who are paid on an hourly basis shall be eligible to receive time off with pay for legal holidays as defined above, and the Director is authorized to proceed with measures necessary to fulfillment.

822 WHEREAS, the Commission has heretofore authorized the purchase of ground for 6 area headquarters as a means of promoting efficiency in the respective districts, and

WHEREAS in order to adequately establish the contemplated service it becomes necessary to erect thereon suitable buildings for administrative and repair purposes

NOW, THEREFORE, it is ordered that the Director be, and he is, hereby authorized to proceed in the most feasible and economical manner with the work of constructing 6 fabricated steel buildings of a type that is suitable for the contemplated services including all appurtenant work in the way of foundations and utilities at an estimated cost of \$72,000.00.

823 WHEREAS, in the relocation and construction of State Highway 68 near Marble, Madison County, an old, substandard, steel bridge remains on the abandoned section, which is scheduled for dismantling by the contractor, and

WHEREAS, said bridge is not suited for continued use by the Highway Department but, according to the request of County Judge W. J. Ledford, will be of value to the County in its road program

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to transfer title to said bridge to Madison County at a price not to exceed the current market price for scrap steel.

824 In MONTGOMERY COUNTY on HIGHWAYS 27 and 270, the work of relocation necessitated by the impounding of water by Blakely Mountain Dam having been completed, the Director is hereby authorized to execute documents relinquishing claim to State Highway right of way on the abandoned sections in accordance with Department of Army Contract No. DA-22-052-eng-3493.

825 The Director is authorized to proceed with surveys and investigations necessary to determine right-of-way requirements for the following sections of the Secondary Highway System:

<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Length Mi.</u>
Cross	42	Cherry Valley to Hickory Ridge	13.
Hempstead	55	Fulton to Saratoga	11.

Carroll	68	Dryfork to Alpena	17.
Woodruff	39	Monroe C.L. to U.S. 64	19.
Boone	14	Omaha East	10.
Clay & Greene	90	Delaplaine to Knobel	10.
Hot Spring	84	Bismarck to Social Hill	13.
Lincoln	11	Fresno to Grady	9.
Searcy & Stone	66	6 Mi. E. of Leslie to 6 Mi. West of Mountain View	19.

826 In MISSISSIPPI and CRITTENDEN COUNTIES on the proposed interstate route of U. S. HIGHWAY 61 from the Missouri State Line to Lake David, a distance of approximately 50 miles, the Director is authorized to proceed with surveys, investigations, right-of-way appraisals, right -of -way acquisition and plans for construction to interstate standards and to bring to the Commission proposals for construction by stages when right-of-way and plans are available.

827 In ARKANSAS COUNTY on HIGHWAY 146 from U. S. 79 to Highway 153, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$70,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

828 In CLEVELAND and GRANT COUNTIES on HIGHWAY 35 from Staves to U. S. Highway 167, a distance of approximately 18 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$145,000.00 subject to the following conditions:

1. All required right-of -way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

829 In CONWAY and YELL COUNTIES on HIGHWAY 154, Sections 1 and 2, the Director is authorized to proceed in the most feasible and economical manner with erecting a bridge and 1.7 miles of gravel road, across Petit Jean Creek, at an estimated cost of \$90,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Conway and Yell Counties within 30 days after right-of-way requirements are available.
3. Program approval by the Bureau of Public Roads.

830 In CRAIGHEAD COUNTY on an extension of Highway 18 from U. S. Highway 63 at Nettleton to HIGHWAY 1 at Jonesboro, a distance of approximately 2.8 miles, locally known as the Nettleton cut off road, the section is hereby designated as a part of the Highway System and the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$70,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.

2. Acceptance of the provisions of this order by the County Judge of Craighead County within 60 days.
3. Program approval by the Bureau of Public Roads.

831 In CRAIGHEAD and MISSISSIPPI COUNTIES on HIGHWAY 158 from Caraway to Highway 77, a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$250,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Craighead and Mississippi Counties within 120 days.
3. Program approval by the Bureau of Public Roads,

832 In CRITTENDEN COUNTY MINUTE ORDER NO. 629 pertaining to connecting roads between the old and new routes of U. S. Highway 61 - 63 is hereby canceled and in lieu thereof the following offer is tendered:

Highway 42 is hereby extended from its present eastern terminus at the new route of U. S. Highways 61-63 to Turrell, a distance of approximately 2 miles, and the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$18,000.00 subject to the following conditions:

1. All required right-of-way, free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Crittenden County within 60 days.
3. Program approval by the Bureau of Public Roads.

833 In CROSS COUNTY on HIGHWAY 75 from the Poinsett C. L. to Highway 64, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$216,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

834 In DALLAS COUNTY on HIGHWAY 8 from Princeton to near Fordyce, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$75,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.

2. Program approval by the Bureau of Public Roads.

835 In DALLAS COUNTY on HIGHWAY 9 from Hot Spring C. L. to Princeton, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$112,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

836 In GREENE COUNTY on HIGHWAY 25 at the crossing of the St. Francis River MINUTE ORDER NO. 260 is hereby modified to extend the bridge approach westerly approximately 1 mile and to provide that all required right-of-way for the extension, free of obstructions will be furnished at a cost to the State not to exceed the amount of \$13,000.00. This action is conditioned upon the acceptance of the provisions by the County Judge of Greene County within 30 days.

837 In HEMPSTEAD COUNTY on HIGHWAY 29 from Hope to Blevins, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$350,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Hempstead County within 120 days.
3. Program approval by the Bureau of Public Roads.

838 In HOWARD and HEMPSTEAD COUNTIES on HIGHWAY 24 from Nashville to McCaskill, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$350,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Howard and Hempstead Counties within 120 days.
3. Program approval by the Bureau of Public Roads.

839 In LAWRENCE and CRAIGHEAD COUNTIES on HIGHWAY 91 from Highway 63 to Highway 18, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$150,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free

of cost to the State within 90 days.

2. Program approval by the Bureau of Public Roads.

840 In MISSISSIPPI COUNTY on HIGHWAY 185 from Manila west, a distance of approximately 6 miles, MINUTE ORDER 640 tendering an offer for construction is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal. All other provisions and conditions of Minute Order 640 remain unchanged.

841 In MISSISSIPPI COUNTY on HIGHWAY 151 from Gosnell to Missouri Line, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$75,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Mississippi County within 120 days.
3. Program approval by the Bureau of Public Roads.

842 In MONROE COUNTY on HIGHWAY 17 from Holly Grove to Highway 1, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$280,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

843 In MONTGOMERY COUNTY on HIGHWAY 27 from U. S. Highway 270 to Washita, a distance of approximately 10.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$275,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the States
2. Acceptance of the provisions of this order by the County Judge of Montgomery County within 90 days after right-of-way requirements are available.

844 WHEREAS in OUACHITA COUNTY in the CITY OF CAMDEN a study has been made by the Department in coordination with the City Planning Commission for a long range plan of highways serving the City, and

WHEREAS the overall plan provides for a bypass or circumferential route from near the intersection of U. S. Highway 79 and Highway 4 east of Camden extending around the southern portion of

the City and north of Cullendale to a point near the intersection of Highways 4 and 24 west of Camden, and

WHEREAS the plan also provides for a relocation of Highway 7 from the business district south to a connection with the present route south of Cullendale, and

WHEREAS the City desires surveys of the proposed routes with right-of-way requirements for their protection of the right-of-way and desires immediate construction on the proposed relocation of Highway 7 from the business district to a point south of Cullendale, and

WHEREAS the Commission desires to expedite construction on the plan consistent with traffic needs and available funds

NOW Therefore it is ordered that the Director be and is hereby authorized to tender the following offer to the proper officials of the City of Camden and Ouachita County:

Provided that the City of Camden and Ouachita County will:

1. Furnish all required right-of-way, free of obstructions and free of cost to the State from the business district on the proposed route of Highway 7 to the intersection with the proposed bypass route.
2. Furnish all required right-of-way on the proposed route of Highway 7 from the intersection of the proposed bypass route south through Cullendale to present route south of Cullendale at a cost to the State not to exceed the amount of the State's appraisal.
3. Furnish all required right-of-way on Highway 7 from a point south of Cullendale to the Union County Line at a cost to the State not to exceed the amount of the State's appraisal.
4. Protect right-of-way on the proposed bypass route for subsequent furnishing at a cost to the State not to exceed the amount of the State's appraisal.
5. Accept the provisions of this offer within 60 days.

The Arkansas Highway Department will:

1. Furnish all required surveys and investigations to determine locations and right-of-way requirements.
2. Construct a 64 ft. width pavement section on the proposed route of Highway 7 from the business district south to intersection with the proposed bypass route when right-of-way and plans are available.
3. Construct by stages a divided roadway controlled access facility on the proposed route of Highway 7 from the proposed bypass route south through Cullendale to a point on the present route south of Cullendale when right-of-way and plans are available.
4. Construct by stages a divided roadway controlled access facility on Highway 7 from a point south of Cullendale to the Union County Line when right-of-way, plans and construction funds are available.
5. Construct by stages a divided roadway controlled access facility on

the proposed bypass route from a point near the intersection of U.S. Highway 79 and Highway 4 east of Camden to a point near the intersection of Highways 4 and 24 west of Camden when right-of-way, plans and funds are available.

6. Maintain the facilities upon completion of construction.

Upon acceptance of the provisions of this order by the Mayor of the City of Camden and by the County Judge of Ouachita County the Director is authorized to proceed with surveys, investigations, plans and program proposals for further action of the Commission for the fulfillment of the State's responsibility.

845 In PHILLIPS COUNTY on HIGHWAY 44 from Highway 20 to Elaine, a distance of approximately 23 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures, widening and strengthening pavement at an estimated cost of \$270,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

846 In PHILLIPS COUNTY on Highways 44 and 85 from Elaine, to the Desha County Line, a distance of approximately 17 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures, widening and strengthening pavement at an estimated cost of \$345,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

847 In POLK COUNTY on HIGHWAY 8 from Board Camp to Forest Boundary, a distance of approximately 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$150,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Polk County within 120 days.
3. Program approval by the Bureau of Public Roads.

848 In POLK COUNTY and MONTGOMERY on HIGHWAY 8 from the west Forest boundary near Big Fork to a point approximately 4.5 miles east of the Polk-Montgomery County Line, a distance of approximately 10.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$271,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Polk County within 90 days after right-of-way requirements are available.

849 In RANDOLPH COUNTY on HIGHWAY 90 from Lorine to Junction Highways 90 and 93, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$50,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

850 In ST. FRANCIS COUNTY on HIGHWAY 38 the Director is authorized to proceed in the most feasible and economical manner with the construction of bridges between Highways 50 and 79 at an estimated cost of \$200,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of St. Francis County within 120 days.
3. Program approval by the Bureau of Public Roads.

851 In UNION COUNTY on U. S. HIGHWAY 82 from El Dorado to the Columbia County Line, a distance of approximately 18.5 miles, MINUTE ORDER 674 is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$68,000.00. All other provisions and conditions of Minute Order 674 remain unchanged.

852 In VAN BUREN COUNTY on HIGHWAY 95 from Clinton to Scotland a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$120,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

853 In VAN BUREN COUNTY on HIGHWAY 124, Section 7, across Cadron Creek, the Director is authorized to proceed in the most feasible and economical manner with replacing the present suspension bridge (225 lin.ft.) with a bridge at an estimated cost of \$66,000.00 subject to the following conditions:

1. All required right-of -way free of obstructions will be furnished free of cost to the State.

2. Acceptance of the provisions of this order by the County Judge of Van Buren County within 30 days after right-of-way requirements are available.
3. Program approval by the Bureau of Public Roads.

854 In WOODRUFF COUNTY on HIGHWAY 17 from Grays to near Cotton Plant, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing minor grading, structures base and surfacing at an estimated cost of \$130,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State within 90 days.
2. Program approval by the Bureau of Public Roads.

855 In BOONE COUNTY on HIGHWAY 65 at the crossing of the Arkansas and Ozarks Railway north of Harrison, the Director is authorized to proceed in the most feasible manner with the work of installing automatic grads crossing protective devices at an estimated cost of \$2,000.00 subject to the following conditions:

1. That the Railroad Company will rehabilitate and install signals located on abandoned portions of the rail line.
2. That said company will provide a minimum of 10% of the rehabilitation and installation cost and will there-after maintain the signal devices.
3. All required right-of-way will be furnished free of cost to the State.
4. Program approval by the Bureau of Public Roads.

856 In NEVADA COUNTY on HIGHWAY 24 at the crossing of the Missouri Pacific Railroad in the City of Prescott, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$6,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right of way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

857 In BAXTER COUNTY on HIGHWAY 126 from Midway to U. S. 62, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$42,000.00 subject to the program approval by the Bureau of Public Roads.

858 In BRADLEY COUNTY on Highway 15, Section 3, 4.4 miles southwest of Hermitage, the Director is authorized to proceed in the most feasible and economical manner with replacing the present untreated timber bridge with a precast concrete slab bridge at an

estimated cost of \$17,800.00.

859 In CARROLL COUNTY on HIGHWAY 23 from Eureka Springs to the Missouri Line, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$110,000.00 subject to program approval by the Bureau of Public Roads.

860 In CLARK COUNTY on HIGHWAY 7 the Director is authorized to proceed in the most feasible and economical manner with the work of constructing three precast concrete slab bridges to replace three untreated timber bridges that are deteriorated beyond repair, at an estimated cost of \$17,000.00.

861 In CLEVELAND COUNTY on HIGHWAY 97 from U. S. Highway 79 to Highway 8, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$27,500.00.

862 In COLUMBIA COUNTY on HIGHWAY 19 from Macedonia to the Louisiana State Line, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$80,000.00 subject to program approval by the Bureau of Public Roads.

863 In COLUMBIA COUNTY on HIGHWAY 82 from the south intersection of Highway 98 to the beginning of the concrete pavement in the City of Magnolia, a distance of 4.98 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing the existing asphalt surface with a dense graded Asphaltic Rot Mix Surface Course at an estimated cost of \$34,300.00.

864 In CONWAY COUNTY on U. S. HIGHWAY 64 from Point Remove Creek to near Pottsville, a distance of approximately 8.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$290,000.00.

865 In CRITTENDEN and MISSISSIPPI COUNTIES on U. S. HIGHWAY 61 from Lake David to Wilson, a distance of approximately 18.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$800,000.00 subject to program approval by the Bureau of Public Roads.

866 In DALLAS COUNTY on HIGHWAY 9 from Holly Springs to Highway 8, a distance of approximately 11 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$70,000.00 subject to program approval by the Bureau of Public Roads.

867 In JOHNSON COUNTY on U.S. HIGHWAY 64 from Clarks-ville West 4.0 miles the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement including necessary structure widening at an estimated cost of \$150,000.00.

868 In LOGAN COUNTY on HIGHWAY 109 from Paris to Magazine, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$135,000.00 subject to program approval by the Bureau of Public Roads.

869 In MISSISSIPPI COUNTY on HIGHWAY 40, 1 1/2 miles east of Athelstan, which is located at the junction of Highways 77 and 40, the Director is authorized to proceed in the most feasible and economical manner with the work of placing drainage facilities at an estimated cost of \$2,000.00.

870 In MISSISSIPPI COUNTY on U. S. HIGHWAY 61 from Osceola to the Missouri State Line, a distance of approximately 24.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$1,000,000.00 subject to program approval by the Bureau of Public Roads.

871 In OUACHITA COUNTY on HIGHWAY 4, Section 8, from the Nevada County line east for a distance of 9.00 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of gravel surfacing at an estimated cost of \$34,600.00.

872 In OUACHITA COUNTY on HIGHWAY 7 the Director is authorized to proceed in the most feasible and economical manner with the work of constructing 3 precast concrete slab bridges to replace untreated timber bridges that are deteriorated beyond repair, at an estimated cost of \$65,000.00.

873 In LONOKE and PULASKI COUNTIES on U. S. HIGHWAY 67 from the Pulaski County Line North a distance of approximately 1.7 miles and from Jacksonville North to the proposed interstate highway route, a distance of approximately 1.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$136,000.00.

- 874 In RANDOLPH COUNTY on HIGHWAY 67, Section 20, in the City of Poca hontas, the Director is authorized to proceed in the most feasible and economical manner with replacing the present timber deck on the Black River Bridge (232 lineal feet) with a steel and concrete deck at an estimated cost of \$40,000.00.
- 875 In SCOTT COUNTY on HIGHWAY 80, Section 1, from Highway 71 in Waldron to the Yell County line, a distance of 23.4 miles, the Director is authorized to proceed in the most feasible and economical manner with placing crushed stone surfacing at an estimated cost of \$45,600.00.
- 876 In WASHINGTON COUNTY on U. S. HIGHWAY 71 from Fayetteville South 5.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement including necessary structure widening at an estimated cost of \$190,000.00.
- 877 In WASHINGTON COUNTY on HIGHWAY 74 from U. S. Highway 71 to Devils Den State Park, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner through maintenance betterments and program proposals to the Commission for ilk necessary to provide an adequate facility for traffic service.
- 878 In WASHINGTON COUNTY on HIGHWAY 180 from U. S. Highway 71 to Highway 112, a distance of approximately 1.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$16,000.00.
- 879 In WOODRUFF and JACKSON COUNTIES on HIGHWAY 33 from Augusta to Tupelo, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$78,000.00 subject to program approval by the Bureau of Public Roads.
- 880 St. Francis & Lee Counties, Job No. 11458, FAP S-207(2). The contract for the construction of approximately 11.408 miles of Gravel Base and Double Bituminous Surface Treatment on the Wheatley-Moro Road, State Highway 78, Sections 1 and 2, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$175,256.75.
- 881 Desha County, Job No. 2469, FAP 5-189(10). The contract for the construction of approximately 9.015 miles of Gravel Base and Double Bituminous Surface Treatment on the Watson-Pendleton Road, State Highway 1, Section 2, is awarded to Linwood Smith of Lake Village, Arkansas on his low bid of \$135,949.22.

- 882 Lafayette County, Job No. 3472, FAP S-220(1). The contract for the construction of approximately 9.127, miles of Grading, Minor Drainage, Gravel Base and Double Bituminous Surface Treatment on the Bradley-West Road, State Highway 160, Section 1, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$160,619.96. This award is made subject to deposit of funds by local interests sufficient to cover 25% of the construction cost.
- 883 Hot Spring County, Job No. 6407, FAP F-FG-016-2(3). The contract for the construction of approximately 0.433 miles (including 1116.17 ft. of bridges) of Grading, Minor Drainage, Gravel Base, P.C. Concrete Pavement, One R.C. Bridge and One R.C. & Structural Steel Overpass on Main Street in Malvern is awarded to the D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$371,509.18, subject to the concurrence of the Bureau of Public Roads. (U. S. Highway 270, Section 7)
- 884 Saline County, Job No. 6457, FAP F-014-2(8). The contract for the construction of approximately 6.695 miles (including 381.10 ft. of bridges) of Grading, Minor Drainage, Gravel Surface, Two R.C. Slab Bridges and One Multi-Span Culvert on the Lonsdale-Benton Road, State Highway 88, Section 6, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$202,319.03, subject to the concurrence of the Bureau of Public Roads.
- 885 Saline & Pulaski Counties, Job No. 6490, FAP FI-01-2(9). The contract for the construction of five Reinforced Concrete & Structural Steel I-Beam Bridges (approximately 1001.00 total Lin. Ft.) on the Benton-Little Rock Road (Additional Lanes), U. S. Highway 70, Sections 11 & 12, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$266,636.80, subject to the concurrence of the Bureau of Public Roads.
- 886 Clark County, Job No. 7435, FAP S-209(10). The contract for the construction of approximately 10.544 Miles of Gravel Base and Double Bituminous Surface Treatment on the Arkadelphia-Murfreesboro Road, State Highway 26, Section 4, is awarded to the A.P.T. Construction Company of North Little Rock, Arkansas on their low bid of \$96,130.10.
- 887 Conway County, Job No. 8376, State. The contract for Reflooring Swing Span (approximately 370.00 Ft.) with Concrete Filled Steel Grid Floor Slab on the Arkansas River Bridge at Morrilton, State Highway 9, Section 7, is awarded to Michey's, Inc. of Warren, Arkansas on their low bid of \$38,449.70.
- 888 Benton & Washington Counties, Job No. 9355, FAP F-028-I(1). The contract for the construction of approximately 0.265 miles (including 167.17 Ft. Bridge) of Grading, Minor Drainage, Open

Graded Road Mix Approaches & One R.C. & Structural Steel I-Beam Bridge on the Springdale-Siloam Springs Road (Wildcat Creek Bridges and Approaches), State Highway 68, Sections 0 & 1, is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$73,167.35, subject to the concurrence of the Bureau of Public Roads.

889 Jackson & Poinsett Counties, Job No. 1290, FAF S-124(1). 			Riv. Reconstruction	Constr.Co.		\$348.00

895 WHEREAS, The Purchasing Committee has awarded purchases on March 14, 21, 28 and April 4 and 11, 1955, in accordance with authority previously conveyed, all which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

896 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Murfreesboro, Arkansas,

WHEREAS, preliminary investigation indicates that the Pike County Livestock Sales, Inc. has a tract of 2 acres, that is suitably located for such purpose, which can be purchased at a cost of \$400.00,

NOW, THEREFORE, IT IS ORDERED that the Director be, and he is hereby empowered to negotiate for the purchase of this property at a price not to exceed \$400.00, and

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

WHEREAS, the Commission, by Minute Order No. 805, authorized the acquisition of a site for the establishment of the sub-district headquarters at Springdale, and

WHEREAS, the acquisition of said property has now been completed,

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, utilities and all appurtenant works necessary to provide adequate services for a sub-district headquarters at a cost not to exceed \$40,000.00.

898 The Director is hereby authorized to reimburse Southeast Construction Company, Inc., in the amount of \$2,385.96 in connection with litigation of Elliott, Sanders, McGraw, Brazil and Robertson vs. Southeast Construction Company, Inc., in Scott County Circuit Court. These actions arise out of the Needmore-Forester Road on State Highway #28.

That said cases have not been finally determined and that they are of vital interest to the Commission and the Director is further authorized to expend a further sum of not more than \$1,900.00 for the defense in these actions in the Circuit Court of Scott County and if necessary on appeal to the Supreme Court.

899 The Director is hereby authorized to enter into an agreement with the firm of Peat, Marwick, Mitchell & Company, accountants and auditors of Saint Louis, Missouri, for professional services required to make a detailed audit and report of the accounts, records and inventories of the Highway Department covering the two year period beginning January 1, 1953, for the sum of Twenty-five Thousand (\$25,000) dollars.

900 The Director is authorized to enter into contract with the Southwestern Bell Telephone Company for installation of 740-E-3 Digit Dial PBX System one position switchboard with maximum growth of 146 stations at the Highway Building at an estimated cost of \$7,100.00.

901 In Chicot County on Highway U. S. 82, the Director is authorized to enter into agreement with the Corps of Engineers, U. S. Army, for remodeling the highway bridge across Boeuf River at Government expense in order to conform to channel improvements to be constructed by the Corps of Engineers.

902 The Director is hereby authorized to execute the necessary Maintenance Agreements between the Arkansas Highway Department and the Missouri Highway Department for the maintenance of the bridge over the St. Francis River on Highway No. 62, constructed as Job No. 10405, and for the maintenance of the proposed bridge over the St. Francis River on Highway No. 25, Job No. 10452.

 Job 10405 and Job 10452 are joint projects between the Arkansas Highway Department and the Missouri Highway Department.

903 WHEREAS, for the past two years the Arkansas Highway Department has entered into a cooperative project between the State Highway Department and the College of Engineering of the University of Arkansas, and

 WHEREAS, much good will come to the State Highway Department from this co-operative project, and

 WHEREAS, continued experiments need to be done to complete the project, and

 WHEREAS, the current agreement will expire at the close of the current fiscal year

 IT IS HEREBY ORDERED that an extension to this plan be authorized for the ensuing biennium with an allotment of \$25,000, one-half of which shall be derived from the 1-1/2% reserved by Federal law for highway planning and research and the remaining one-half from State Highway Department matching funds.

904 WHEREAS, Act 98 of the 1955 session of the General Assembly vests in the Highway Commission the power to adopt such rules and regulations as are necessary to protect the highways, structures and safety of the traveling public,

 NOW THEREFORE IT IS ORDERED that the following regulations shall be adopted pursuant to said Act 98 of 1955:

FOREWARD:

 The Arkansas Highway Commission has recognized the need for a uniform policy and control over the issuance of Special Permits for the movement of overweight or oversize vehicles and loads.

 It shall be the primary policy of the ARKANSAS HIGHWAY COMMISSION to give first consideration to the safety and convenience of the general public and the protection of the highway system of the State.

 The Legislature, in setting forth certain statutory limits of size, weight, and loads for vehicles operated over the highways, obviously intended to protect the public from hazard and unnecessary inconvenience, and to protect the highways from material damage.

 Furthermore, it is our opinion that the Legislature did not author-

ize the Arkansas Highway Department to allow, by permit, the indiscriminate movement of any and all vehicles or loads over the highways.

Therefore under the provisions of the statutes with particular reference to Act 98 of 1955, the following limitations on issuance of permits and movement by Special Permit are hereby adopted as a governing policy by the Arkansas Highway Commission:

The applicant shall agree to the following conditions and restrictions in accepting the permit:

In consideration of the granting of a permit the applicant shall assume full responsibility for any damages to the roads, bridges, persons or private property resulting from the movement and warrant that this liability is covered by insurance in companies authorized to transact business in the State of Arkansas.

OVERWIDTH VEHICLES

1. Movement of overweight vehicles and/or loads shall be in daylight hours only and then only when visibility is good.
2. No overweight load shall follow another overweight load closer than 1,000 feet.
3. If load is 12 feet or wider, a guard car shall accompany the load to warn traffic front and rear.
4. Maximum overall width of load shall be 20 feet or less based upon condition of road and volume or type of traffic.
5. The maximum in 4 above may be exceeded only when an emergency exists and then for short moves based on the degree of the emergency.

OVERLOADS

1. Vehicles shall be loaded in a manner to evenly distribute the load insofar as possible over all load carrying axles.
2. It shall be the policy of the Commission not to issue a permit for a load in excess of 25,000 pounds on a single axle or 40,000 pounds on a tandem axle.

HOURS OF MOVEMENT

1. Movement of oversize and/or overloaded vehicles shall be in daylight hours only and no movement shall be made on Saturdays, Sundays, or Holidays, excepting in real emergency.
2. Permits for emergency movement on Saturdays, Sundays, or Holidays are to be issued only upon the applicants statement of the nature of the emergency, provided that the permit shall be issued or withheld at the sole discretion of the Arkansas State Highway Department based on the seriousness of the emergency and the volume and type of traffic.

LEGAL HOLIDAY

The term "Legal Holiday" as used on permits means the following holidays:

July 4	Independence Day
September	Labor Day
November 11	Veterans' Day
November	Thanksgiving Day
December 25	Christmas Day
January 1	New Year's Day

TRAFFIC AND MOTOR VEHICLE REGULATIONS

All movements by Special Permit for overloaded and/or oversize vehicles shall comply with the Arkansas Statutes regulating movement of vehicles over Arkansas Highways with particular reference to license laws and laws governing the movement of vehicles when operating for hire.

IT IS FURTHER ORDERED that these regulations shall become effective immediately upon the passage and approval of this Minute Order.

Minute Order 904 was Rescinded by Minute Order 5040, on 5/29/63, and Minute Order 65-51, on 3/10/65.

905 In Cross County the official routing of State Highway 1-S-13, 64-S-15, 64-S-16, and 75-S-2 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically as: "Changed Designation of State Highway Routes & Sections in the vicinity of Wynne and Parkin, Cross County" drawn August 3, 1954.

By this action, and in conformity with Supreme Court decisions, the section of old Highway U.S. 64 through Parkin, which has been replaced by new construction is hereby declared to be no longer a part of the State Highway System.

The Director is instructed to dismantle and to remove the bridge across St. Francis River on the old route of State Highway U.S. 64 and to make the steel available to the County Judge of Cross County for the County's use.

906 In BENTON COUNTY on U. S. HIGHWAY 68 at Siloam Springs the Director is authorized to proceed in the most feasible and economical manner with the work of location surveys, investigations, preparation of plans and construction of an alternate route of the highway through Siloam Springs, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Benton County within 90 days after right-of-way requirements have been furnished.
3. Program approval by the Bureau of Public Roads.

907 In HOT SPRING COUNTY on the present route of U.S. HIGHWAY 67 from the Saline County Line to the Clark County Line, a distance of approximately 29 miles, MINUTE ORDER 714 tendering an offer for improving the route is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal and to extend the time for acceptance by the County Judge of Hot Spring County until April 30, 1955. All other provisions and conditions of MINUTE ORDER 714 remain unchanged.

908 In MISSISSIPPI COUNTY on HIGHWAY 18 at Blytheville from end of present improvement one mile west of the City to end of Main Street, a distance of approximately 2.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$190,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the proper local government official within 60 days.
3. Program approval by the Bureau of Public Roads.

909 In PULASKI COUNTY on the Route of U. S. Highway 67 from the South City Limit of Jacksonville to the beginning of Job 6478 (Jacksonville Air Base-Lonoke County Line) the Director is authorized to proceed with construction when plans are complete and when right-of-way is available, subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the Mayor of the City of Jacksonville within 60 days.
3. Program approval by the Bureau of Public Roads.

910 WHEREAS in WASHINGTON COUNTY in the City of Fayetteville requests have been received for the improvement of West Maple Street from Garland Avenue to Razorback Road and Razorback Road from West Maple to West 6th in order to render adequate service to the Stadium and Fair Grounds, and

WHEREAS Highway 16 can be routed over the proposed section, a distance 1.19 miles, which with the abandonment of the present route along Maple, Arkansas Avenue and Dickson Street, a distance of 1.27 miles, means that the request could be granted without adding to the mileage of the maintained State Highway System, and

WHEREAS, the request appears to have merit for improved local traffic service without impairing through traffic service

NOW THEREFORE IT IS ORDERED that the Director tender

to the proper officials of the City of Fayetteville the following tentative offer:

Provided that the City of Fayetteville will:

1. Furnish all required right-of-way free of obstructions free of cost to the State.
2. Provide for the removal or adjustment of utility lines as may be required for the construction.
3. Accept the provisions of this order within 60 days.

The Arkansas Highway Department will:

1. Provide for the construction of 40 ft. width of base and paving on Maple Street from Garland Avenue to Razorback Road and for the construction of 30 ft. width of base and 22 ft. width surfacing on Razorback Road from West Maple to West 6th Street, at an estimated cost of \$18,900.00.
2. Designate and sign the section as a part of Highway 16.
3. Maintain the road upon completion of construction.
4. Abandon the present route of Highway 16 from Garland Avenue to North College Avenue as a portion of the State Highway System.

Upon acceptance of the provisions of this order by the Mayor of the City of Fayetteville the Director is authorized to proceed with measures necessary to fulfill the State's obligation.

- 911 In FULTON COUNTY on HIGHWAY 9, Section 14, from the Izard-Fulton County Line to Salem, a distance of approximately 9.8 miles, the Director is authorized to proceed in the most feasible and economical manner with placing base and surfacing at an estimated cost of \$49,100.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 912 In IZARD COUNTY on HIGHWAY 9, Section 13, from Brockwell to the Izard-Fulton County Line, a distance of approximately 8.2 miles, the Director is authorized to proceed in the most feasible and economical manner with placing base and surfacing at an estimated cost of \$41,100.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 913 In LITTLE RIVER COUNTY on HIGHWAY 32 from Ashdown east a distance of approximately 7.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$16,900.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 914 In LITTLE RIVER COUNTY on HIGHWAY 41 from Foreman south to Red River, a distance of approximately 8.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base and dustless surface treatment at an estimated cost of \$27,600.00 on condition that all

required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

- 915 In MILLER COUNTY on HIGHWAY 160 from Doddridge to Red River, a distance of approximately 2.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel and dustless surface treatment at an estimated cost of \$12,900.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 916 In WASHINGTON COUNTY on HIGHWAY 74 from U. S. Highway 71 to Devils Den State Park, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing base and surfacing at an estimated cost of \$70,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.
- 917 In HOT SPRING COUNTY on HIGHWAY 84 from the Clark County Line to Lambert, a distance of approximately 11.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel at an estimated cost of \$29,600.00.
- 918 In HOWARD COUNTY on HIGHWAY 26 from Highway 24 to Corinth, a distance of approximately 13.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing timber culverts with concrete pipe at an estimated cost of \$18,400.00.
- 919 In INDEPENDENCE COUNTY on HIGHWAY 11 at the crossing of the White River the Director is authorized to proceed in the most feasible and economical manner with the work of removing railing and constructing bracketed railing in order to increase effective roadway width at an estimated cost of \$27,000.00.
- 920 In LONOKE COUNTY on HIGHWAY 13 from Carlisle to the Prairie County Line, a distance of approximately 10.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$45,300.00.
- 921 In NEVADA COUNTY on HIGHWAY 19, South of Prescott, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing four reinforced concrete bridges to replace timber bridges at an estimated cost of \$25,300.00.
- 922 In NEVADA COUNTY on HIGHWAY 53, Section 2, on two (2) Little Missouri River Relief Bridges (898.66 lineal feet), the Director is authorized to proceed in the most feasible and economical

manner with widening, strengthening, and placing concrete decks at an estimated cost of \$35,000.00.

- 923 In PRAIRIE COUNTY on HIGHWAY 13 from Highway 38 at Hickory Plains to the Lonoke County Line, a distance of approximately 5.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$29,200.00.
- 924 In SEBASTIAN COUNTY on HIGHWAY 22 TRUCK ROUTE from Highway 22 through Barling, a distance of approximately 1.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and surfacing at an estimated cost of \$17,800.00.
- 925 In STONE COUNTY on HIGHWAY 14, Section 7, from a point 4.56 miles east of Highway 9 to St. James, a distance of 4.18 miles, the Director is authorized to proceed in the most feasible and economical manner with placing additional base material at an estimated cost of \$23,700.00.
- 926 Cross County, Job No. 11474, FAP F-020-2(3). The contract for the construction of approximately 8.013 miles (Incl. 175.00 Ft. Bridge) of Grading, Minor Drainage, Gravel Base, Dense Graded Asphaltic Hot Mix Surface and One R. C. Bridge on the Wynne-Parkin Road, U. S. Highway 64, Section 16, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$272,693.57, subject to the concurrence of the Bureau of Public Roads.
- 927 Arkansas County, Job No. 2492, FAP F-031-1(3). The contract for the construction of approximately 7.091 miles of Grading, Minor Drainage, Gravel Base and Double Bituminous Surface Treatment on the Gillett-Pendleton Road, State Highway 1, Section 3, is awarded to the McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$301,837.32, subject to the concurrence of the Bureau of Public Roads.
- 928 Miller County, Job No. 3490, FAP FI-01-1(5). The contract for the construction of approximately 1.760 Miles of Grading, Minor Drainage, Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Fulton-Texarkana Road, U. S. Highway 67, Section 1, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$114,452.33, subject to the concurrence of the Bureau of Public Roads.
- 929 Polk County, Job No. 4390, FAP S-222(1). The contract for the construction of approximately 1.771 miles (Incl. 554.34 Ft. of Bridges) of Grading, Minor Drainage, Gravel Base and Two R. C. & Structural Steel I-Beam Bridges on the Mena-Ink Road, State Highway 88, Section 2, is awarded to the E. E. Barber Construction Company, Inc. of

Fort Smith, Arkansas on their low bid of \$180,586.50.

- 930 Garland County, Job No. 6442, FAP F-014-2(1). The contract for the construction of approximately 13.106 miles (Incl. 487.69 Ft. of Bridges) of Grading, for Drainage, One R. C. and Structural Steel Bridge, One R. C. Bridge and Multi -Span Culverts on the Hot Springs-Lonsdale Road, State Highway 88, Section 5, is awarded to the McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$726,597.69, subject to the concurrence of the Bureau of Public Roads.
- 931 Saline County, Job No. 6485 FAP UI-01-2(6) & FI-01-2(7). The contract for the construction of approximately 10.936 miles (Incl. 69.33 Ft. M-Span Culverts) of Grading, Minor Drainage and Two M-Span Culvert Extensions on the Little Rock-Benton Road, U. S. Highway 67-70, Sections 9 & 11, is awarded to the William D. Jeffrey Construction Company, Inc. of Fort Smith, Arkansas on their low bid of \$180,069.40, subject to the concurrence of the Bureau of Public Roads.
- 932 Pulaski & Lonoke Counties, Job No. 6502. 947 WHEREAS The District organization plan tentatively adopted by MINUTE ORDER 56 dated May 21, 1953, was included in the Departmental budget approved by the 1955 General Assembly and

WHEREAS the District organization plan has proven merit for continuance on a permanent basis

NOW THEREFORE it is ordered that the Director be and is hereby authorized to proceed with the District organization plan as provided by the approved budget and as follows:

District 1 to include Maintenance Divisions 1 and 10 with District headquarters located at Jonesboro.

District 2 to include Maintenance Divisions 2 and 6 with District headquarters at Pine Bluff.

District 3 to include Maintenance Divisions 3 and 7 with District headquarters at Camden.

District 4 to include Maintenance Divisions 4 and 8 with District headquarters at Russellville.

District 5 to include Maintenance Divisions 5 and 9 with District headquarters at Harrison.

948 The action of the Director in executing the contract in regard to the Harahan Bridge by and between the Arkansas & Memphis Railway Bridge and Terminal Company, the City of Memphis, Crittenden County and the Arkansas State Highway Department, is hereby ratified and approved.

949 In PHILLIPS COUNTY on HIGHWAY 20 at the crossing of the Mississippi River, the engineering contract with the firm of Howard, Needles, Tammen and Bergendoff for complete engineering services in connection with the design and construction of the Mississippi River Bridge at Helena as approved by the Director is hereby ratified and confirmed subject to approval by the Mississippi Highway Commission and the Bureau of Public Roads.

950 WHEREAS, The Purchasing Committee has awarded purchases on April 18, 25, May 2, 9, and 16, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

951 WHEREAS, Section 76-218 of the Arkansas Statutes 1947 official edition provides for the printing and distribution of the Highway Commission's rules and regulations governing the use of the state highways, and

WHEREAS, the "Traffic and Motor Vehicle Regulations" as issued under date of September 1, 1953 jointly by the Arkansas State Highway Commission and the Arkansas Revenue Department, which

embodied Traffic Regulations, Specifications for Motor Vehicle Equipment and Registration and Title Laws, is now obsolete,

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to amend the issue of September 1, 1953 to include all subsequent statutes and to proceed with arrangements for printing five thousand (5,000) copies at an estimated cost of \$2,600.00, one-half of which, by long standing agreement, is to be borne by the Revenue and Highway Departments respectively.

952 WHEREAS, Act of the 1955, session of the General Assembly vests in the State Highway Commission the authority to adopt and promulgate rules and regulations for the movement of oversize and overweight vehicles over all highways under the Commission's jurisdiction, and

WHEREAS, sub-section (a) of section 6 of said Act authorizes the Highway Commission to delegate the authority to other State Agencies to issue special permits cohering the movement of oversize or overweight vehicles, and

WHEREAS it is considered desirable, in the interest of the issuance and regulation of such permits, to delegate the authority therefor to the State Police Department that is suitably organized and equipped to effectively enforce said regulations,

NOW THEREFORE IT IS ORDERED by this Commission that the provision of sub-section (a) of section 6 of Act 98 of 1955 be exercised and that the Arkansas State Police Department be hereby authorized to issue special permits covering the movement of over-length house trailers, subject to the provisions of Act 98 of 1955, and further provided that no special permit shall be issued for vehicles over eight (8) feet overall width and that all such permits shall be in conformity with the limitations prescribed in Minute Order No. 904 which is made a part hereof.

NOW IT IS THEREFORE ORDERED that the provisions of this Minute Order shall become effective immediately upon its adoption.

Minute Order 952 was Rescinded by Minute Order 68-200, on 4/24/68.

953 The Director is authorized to permit movement of 26 houses by Gamblin and Gamblin of Newport as an exception to Minute Order 904 due to change of regulations during moving operation and with the understanding that any-further house movements by those involved will be in accordance with governing regulations. The movements granted herewith-will conform to routes and safety regulations prescribed in issued permits.

954 The Director is authorized to proceed in the most feasible and economical manner with the work of painting the following listed bridges at an estimated cost of \$79,000.00.

<u>COUNTY</u>	<u>HIGHWAY</u>	<u>STREAM CROSSING</u>
Baxter	5	North Fork White River
Cross	64	Saint Francis Bay
Craighead	63	Cache River
Fulton	9	South Fork Spring River
Fulton	9	Big Strawberry
Jefferson	79	Arkansas River
Independence	25	Greenbrier Creek

<u>COUNTY</u>	<u>HIGHWAY</u>	<u>STREAM CROSSING</u>
Lee	1	Longuille River
Marion	104	Crooked Creek
Sharp	63	Martins Creek
White	16	Big Creek
White	16	Panther Creek
Yell	7	Arkansas River

955 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at DeWitt, Arkansas, and

WHEREAS, preliminary investigation indicates that the City of DeWitt has a tract of 2.231 acres, that is suitably located for such purpose, which can be purchased at a cost of \$400.00,

NOW IT IS THEREFORE ORDERED that the Director be, and he is hereby empowered to negotiate for the purchase of this property at a price not to exceed \$400.00, and

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

956 In BENTON COUNTY on HIGHWAY 12 between Rogers and the White River, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing three timber bridges with reinforced concrete bridges at an estimated cost of \$15,400.00.

957 In CONWAY COUNTY on U. S. HIGHWAY 64 on sections northwest of Morrilton the Director is authorized to proceed in the most feasible and economical manner with the work of constructing truck climbing lanes on condition that all required right-of-way free of obstructions is furnished at a cost to the State not to exceed the amount of the State's appraisal.

958 In CRAWFORD COUNTY on U. S. HIGHWAYS 64 and 71 in Van Buren from South 7th Street to beginning of four lane section, a distance of approximately 1.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement resurfacing at an estimated cost of \$15,000.00.

959 In DALLAS COUNTY on U. S. HIGHWAY 167 from Ivan to the Cleveland County Line and from the Cleveland County Line to Jct. Highway 48 (Job 1280) MINUTE ORDER 751 is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$8,000.00. All other provisions of Minute Order 751 remain unchanged.

960 In JEFFERSON and LINCOLN COUNTIES on U. S. HIGHWAY 65 from a point approximately 4 miles North of the Jefferson-Lincoln County Line to a point approximately 2 miles South of the Jefferson-Lincoln County Line, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$240,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judges of Jefferson and Lincoln Counties within 60 days.
3. Program approval by the Bureau of Public Roads.

961 In LEE COUNTY on HIGHWAY 1 from Marianna to the Phillips County Line, a distance of approximately 10 miles, MINUTE ORDER 187 pertaining to this road section, is hereby modified to provide that all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal. All other provisions and conditions of Minute Order 187 remain unchanged.

962 In LOGAN, SEBASTIAN and YELL COUNTIES on HIGHWAY 22 from Dardanelle to Camp Chaffee, a distance of approximately 68 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing concrete pavement at an estimated cost of \$62,500.00.

963 In MILLER COUNTY on U. S. HIGHWAY 67 from the end of new construction to the Red River Bridge, a distance of approximately 1.8 miles, MINUTE ORDER NO. 716 is hereby modified to provide that all required right-of-way, free of obstructions, will be furnished at a cost to the State not to exceed the amount of the State's appraisal. All other provisions and conditions of MINUTE ORDER NO. 716 remain unchanged.

964 WHEREAS, the Commission, by Minute Order No. 896,
authorized the acquisition of a 2 acre tract of ground for the establish-
ment of an Area headquarters at Murfreesboro, Arkansas, and

WHEREAS, the acquisition of said property is now nearing
completion,

IT IS ORDERED that the Director be, and he is, hereby
authorized to proceed in the most feasible and economical manner with
the work of installing buildings, fences, utilities and all appurtenant
works necessary to provide adequate services for an Area Head-
quarters at an estimated cost of \$12,000.00.

965 In PIKE and MONTGOMERY COUNTIES on HIGHWAY 27,
Section 5, and HIGHWAY 70, Sections 5 & 6 from Murfreesboro-
rtheast, a distance of 14.265 miles, the Director is authorized to pro-
ceed in the most feasible and economical manner with the placing of
asphalt resurfacing on selected sections at an estimated cost of
\$40,000.00.

966 In PULASKI COUNTY on the proposed route of U. S. HIGH-
WAY 67 from Jacksonville to the Lonoke County Line, MINUTE
ORDER 671 is hereby modified to provide that all required right-of
way free of obstructions will be furnished at a cost to the State not to
exceed the amount of the State's appraisal. Other provisions and
conditions of Minute Order No. 671 remain unchanged.

967 In PULASKI and SALINE COUNTIES on the OLD ROUTE of
U. S. 67-70 from Little Rock to Benton, a distance of approximately 24
miles, the Director is authorized to sign the route as State Highway 5
pending final completion of construction of the new route of U. S.
67-70 and final action on the status of the old route.

968 In SEBASTIAN COUNTY on HIGHWAY 71, Towson Avenue
in Fort Smith, from the intersection of Towson and Garrison Avenues
to Dodson Avenue, a distance of 0.84 mile, the Director is authorized
to proceed in the most feasible and economical manner with the placing
of asphalt resurfacing at an estimated cost of \$26,500.00.

969 In SEBASTIAN COUNTY, Minute Order No. 600, later
amended by Minute Order No. 672, provided for the designation and
improvement of a truck route in the City of Fort Smith, and

WHEREAS, subsequent study of the project indicates the desir-
ability of a change in routing between Carnall Avenue and South 5th
Street,

NOW THEREFORE IT IS ORDERED that the description of
the routing, as set out in the above noted Minute Orders, be amended
to read as follows:

"Beginning at Barling, Arkansas, going over the Camp Chaffee Access Road to Highway 71; thence along Highway 71 to South Fresno Street; thence along South Fresno Street to Wheeler Avenue; thence along Wheeler Avenue to Carnall Avenue; thence along Carnall Avenue to South 6th Street; thence along South 6th Street to Parker Avenue; thence west along Parker Avenue to South 5th Street; thence northward along South 5th Street to Garrison Avenue."

Except as herein modified, the provisions of Minute Order No. 600, as amended, shall remain in full force and effect.

- 970 In WHITE COUNTY on U. S. HIGHWAY 67 from Bald Knob to the Jackson County Line, a distance of approximately 10.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$420,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of White County within 60 days.
 3. Program approval by the Bureau of Public Roads.

- 971 In YELL COUNTY on HIGHWAY 27 from Dardanelle to Chickalah (Section 10) a distance of approximately 7.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing additional base and surfacing at an estimated cost of \$68,000.00 subject to program approval by the Bureau of Public Roads.

- 972 Jefferson County, Job No. 2495, FAP S-129(3). The contract for the construction of approximately 0.928 Miles (Incl. 319.48 Ft. Brs.) of Grading, Minor Drainage, Gravel or Crushed Stone Base, 2 M-Span Culverts and Two Precast Slab Bridges on the Sherrill-Coy Road, State Highway 31, Section 1, is awarded to the W. R. Fairchild Construction Company, Ltd. of Hattiesburg, Mississippi on their low bid of \$88,951.72.

990 Minute Order 946 of May 18, 1955, setting out the budget allotments for the fiscal year beginning July 1, 1955, is hereby amended by adding the following item to be allocated from unallotted Reserve:

1. <u>Administration:</u>	<u>Item 3</u>
Matching Highway	

Employees Retirement
Contributions ----- \$225,000
This action does not change the total
of the original budget in the amount
of ----- \$15,651,705

991 WHEREAS, The Purchasing Committee has awarded purchased
on May 23, 31, June 6, 13 and 20, 1955, in accordance with authority
previously conveyed, all of which have been documented by official
minutes which are of record in the files of the Commission and the
office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the
Purchasing Committee, in making the award, be ratified and confirmed
in all particulars.

992 The following Supplemental Agreements have been examined by
the Commission and are hereby approved. The Director is instructed to
execute the agreement forms on behalf of the Commission.

			F.C.				Incr. or Decr. in

993 The Compliance with State Statutes and for the proper operation
of the Department, the Director is hereby authorized to establish the
positions of Disbursing Agent and Acting Disbursing Agent to approve
all disbursing documents; and the position of Cashier to properly
receipt and deposit all cash funds received by the department.

994 WHEREAS, Act 421 of the 1955 General Assembly makes
provision under certain conditions for overtime work of employees in
the Plans and Materials Sections, and

WHEREAS, during the fiscal year beginning July 1, 1955 it is apparent that there will be a continued shortage of employees in the sections and that the work volume will not be lessened,

NOW THEREFORE, in accordance with the provisions of Act 421, the Commission hereby declares an emergency and the Director is authorized to continue overtime work in the sections as needed but not to exceed the limitations of Act 421.

995 The Director is hereby authorized to extend Resident Engineer policy transfer allowances to assignments to District Organizations covered by Administrative Orders 55-3 to 55-7 inclusive, where movement of household furniture is involved.

996 WHEREAS, Act 98 of the 1955 session of the Arkansas General Assembly provides that the State Highway Commission may at its discretion reduce the axle loads or gross weights of vehicles using the State highways where damage occurs as a result of excessive loads or weather conditions, and

WHEREAS, Highway 7, Sections 10 and 11, in Garland and Perry Counties between the Junction of U. S. Highway 70 and Fourche Junction is undergoing excessive damage because of overloads

IT IS ORDERED that the provisions of said Act 98 of 1955 be invoked and that the Director be and he is hereby instructed to reduce the permissible gross load to 24,000 pounds between the points herein designated on Highway 7, and

BE IT FURTHER ORDERED that a copy of this Minute Order be transmitted to the State Police for enforcement purposes.

997 WHEREAS, the Highway Department owns and operates a storage lot and building in Stuttgart with a frontage of two hundred and forth (240) linear feet on Buerkle Street and,

WHEREAS, the adjacent property owners have established a cooperative paving project and have asked the Department to participate so as to provide a complete improvement, and

WHEREAS, this project is considered to have merit for the improvement of the Department services,

IT IS ORDERED that the Director be and is hereby authorized to participate in the cost of this project in an amount not to exceed \$324.00.

998 WHEREAS, the Commission, by Minute Order 995, authorized the acquisition of a site for the establishment of an Area Headquarters at DeWitt, and

WHEREAS, the acquisition of said property has now been completed,

IT IS ORDERED that the Director be, and he is hereby, authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, utilities and all appurtenant works necessary to provide adequate services for an area headquarters at a cost not to exceed \$15,000.00.

999 In CLEVELAND COUNTY on HIGHWAY 35, Section 4, from the Grant County line to Rison, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing 7 timber bridges (673 Lin. Ft.) and minor drainage structures at an estimated cost of \$64,600.00.

1000 In CRAIGHEAD and GREENE COUNTIES on HIGHWAY 141, Sections 1 and 2, from the end of the asphalt pavement north of Jonesboro to Walcott, a distance of 9.57 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel base course material and a single bituminous surface treatment at an estimated cost of \$43,600.00 on condition that all required right-of-way free of obstructions be furnished free of cost to the state within 90 days.

1001 In DALLAS COUNTY on HIGHWAY 48, Section 1, from the intersection of Highway 167 at Farindale to Carthage, a distance of 9.30 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel base course at an estimated cost of \$28,400.00, on condition that all required right-of-way, free of obstructions be furnished free of cost to the State.

1002 In HOT SPRING COUNTY on U. S. HIGHWAY 270 from the Main Street overpass project in Malvern to junction with Highway 51, a distance of approximately 3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$150,000.00 subject to the following conditions:

1. All required right-of-way, free of obstructions, will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Hot Spring County within 60 days after right-of-way requirements have been furnished.
3. Program approval by the Bureau of Public Roads.

1003 WHEREAS the Commission by MINUTE ORDER 465 dated April 15, 1954 submitted an offer to Polk County to construct U. S. HIGHWAY 270 from U. S. Highway 71 to the Oklahoma State Line, which offer expired without acceptance, and

WHEREAS there is active interest on the part of the people who will be served by this highway for the improvement to proceed as originally contemplated

IT IS ORDERED that MINUTE ORDER 465 be reinstated and amended to read as follows:

In POLK COUNTY on U. S. HIGHWAY 270 from U. S. Highway 71 to the Oklahoma State Line, a distance of approximately 16 miles, the Director is authorized to proceed with surveys, investigations, plan preparation and construction of grading, structures and surfacing at an estimated cost of \$800,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order within 90 days after right-of-way requirements are furnished. Right-of-way requirements will be furnished to the county within 90 days from the date of this order.
3. Program approval by the Bureau of Public Roads.

1004 In SHARP COUNTY on HIGHWAY 11 North of Evening Shade, the Director is authorized to proceed in the most feasible and economical manner with the work of widening the Strawberry River Bridge at an estimated cost of \$80,000.00 subject to the following conditions:

1. Any additional right-of-way that may be required will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.

1005 In VAN BUREN COUNTY on HIGHWAY 16, Section 9, from the intersection of Highways 65 and 16 north of Clinton to a point near Copeland, a distance of 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$40,800.00.

1006 In WASHINGTON COUNTY in the City of Fayetteville, the time for acceptance of Minute Order 910, as it relates to the improvement of West Maple Street and Razorback Road, is hereby extended sixty (60) days.

Except as herein modified, the provisions of Minute Order 910 shall remain in full force and effect.

1007 Crittenden County, Job No. 11470, FAP S-90(4). The contract for the construction of approximately 2.938 miles of Grading, Minor Drainage, Gravel Base and Double Bituminous Surface Treatment on the Hughes-Bruins Road, State Highway 50, Section 4, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$73,631.72.

- 1008 Monroe County, Job No. 11511, State. The contract for the construction of approximately 13.753 miles of Gravel Base and Double Bituminous Surface Treatment on the Holly Grove-Cross Roads Road State Highway 17, Section 1, is awarded to Don Hudson of Helena, Arkansas on his low bid of \$220,049.86.

1036 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable,

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1956, in the amount of \$2,347.00, to be paid to the National Academy

of Sciences.

1037 The Director of Highways is hereby authorized to pay the annual membership dues of the Arkansas State Highway Department for the Calendar year of 1955 in the amount of \$200 to the Southeastern Association of State Highway Officials.

1038 WHEREAS, for efficient control of the work it is often necessary to require field personnel that cannot be hired locally to move from one location to another, and

WHEREAS, when a bona fide transfer is made which completely changes the equivalent of a permanent residence for a permanent employee, the employee usually incurs expenses in making the move which are beyond his control or choice,

NOW, THEREFORE, in order to keep all employees on the same basis insofar as possible, reimbursement of actual moving expenses is authorized, not to exceed a total of One Hundred Twenty Dollars (120.00), when certified by the Division Head or District Engineer that the transfer is in the best interest of the Department and that no qualified personnel is available locally and with prior approval by the Chief Engineer.

Since the previous "Resident Engineer Moving Policy" expired on June 30, 1955, the effective date of this policy will be July 1, 1955.

1039 WHEREAS, the Purchasing Committee has awarded purchases on June 27, July 5, 11, 18 and 25, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1040 The Director is hereby authorized to proceed through proper channels with the purchase of Maintenance Equipment for the fiscal year 1955-56 according to anticipated needs.

1041 WHEREAS, the Paragould Chamber of Commerce has offered to transfer in fee 5.64 acres of land for use by the Department as a storage lot, and

WHEREAS, the present tract of 1.06 acres being used as Division 10 Headquarters is inadequate and has necessitated the rental of additional space at Thirty Dollars (\$30.00) per month, and

WHEREAS, the offer of the Paragould Chamber of Commerce will supply adequate space for an Area Headquarters and, in addition, storage space for Division 10

IT IS ORDERED, that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer, at no cost to the state, of title covering the 5.64 acres to the Commission.

1042 WHEREAS, the Arkansas State Police by letter dated June 28, 1955 have requested permission to erect a permanent weight station at the south intersection of U. S. Highways 63 and 67 in Hoxie, and

WHEREAS, the request appears to have merit in the carrying out of the duties and responsibilities of the State Police in the enforcement of weight regulations, and

WHEREAS, it has been determined that a permanent installation is not practical for the reason that the future plans of the Highway Department are to construct a grade separation at this location

NOW THEREFORE IT IS ORDERED that the Director be, and be is hereby, authorized to approve the permit based on the following conditions:

1. That the installation be designed and installed in such a manner as to not impair in any way the service features of the highways and to be readily movable without severance damage to the highway or rights-of-way.
2. That the State Police will within 90 days, at their own expense, remove all buildings and appurtenances at such time as the Department notifies them that it is prepared to proceed with additional improvements.

1043 WHEREAS, the records of the Arkansas State Highway Commission show the following two actions pertaining to Route No. 152, Section 2, in Arkansas County: one a motion carried January 1, 1933,

adding this road, only vaguely described, to the System, and the other a resolution adopted July 28, 1938 which provided that a road constructed by the W.P.A. and C.C.C. from the southern terminus of the existing road to intersect State Highway No. 17, be incorporated into the System.

NOW, THEREFORE, in order to clarify the location of this road, it is ordered that the official routing shall be that now being maintained as shown on the attached sketch entitled,

"SKETCH TO CLARIFY LOCATION
OF
STATE HIGHWAY NO. 152, SECTION 2,
ARKANSAS COUNTY"

and which is hereby made a part of this order.

1044 In CLAY and RANDOLPH COUNTIES on U. S. HIGHWAYS 62 and 67 from 4 miles west of Corning to the Current River, a distance of approximately 16 miles, the Director is authorized to proceed with surveys, investigations and plans for construction of grading, structures and surfacing at an estimated cost of \$1,500,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judges of Clay and Randolph Counties within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.
4. Sections of present road not utilized in proposed construction will be abandoned as part of the State Highway System.

1045 In DREW COUNTY on HIGHWAY 81 at Monticello, the Director is authorized to proceed in the most feasible and economical manner with the work of surveys, investigations, plans and construction of an alternate route from a point on the present route south of Monticello to a point on the present route north of Monticello, a distance of approximately 3 1/2 miles, at an estimated cost of \$325,000. subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Drew County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1046 In JEFFERSON COUNTY on U.S. HIGHWAY 65 from the end of curb and gutter section at Ohio Street in Pine Bluff to intersection of Highway 81, a distance of approximately 5.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost

of \$220,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Jefferson County within 90 days after Right-of-Way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1047 In LITTLE RIVER COUNTY on HIGHWAY 41 from Foreman to Red River, a distance of approximately 8.5 miles, the provisions of MINUTE ORDER 914 that all required right-of-way free of obstructions will be furnished free of cost to the State within 90 days is hereby modified to extend the time for right-of-way acquisition an additional 120 days. Other provisions and conditions of Minute Order No. 914 remain unchanged.

1048 In MISSISSIPPI COUNTY on HIGHWAY 151, the Corps of Engineers, U. S. Army, in order to properly provide for the operation of the north-south runways at the Blytheville Air Force Base has applied for certain clearance easements for flights over the State Highway. Since the path of flight over the State Highway will provide ample safe clearance, the Director is authorized to grant a permit as requested.

1049 In MONROE and PHILLIPS COUNTIES, the Director is hereby authorized to request the Bureau of Public Roads for approval of extending the primary route of Highway 20 from its present terminus with the junction of U.S. Highway 79 to a connection with U.S. Highway 70 at or near Brinkley, following generally the route of State Highway 39.

1050 In SEBASTIAN COUNTY, at the request of the CITY OF FORT SMITH, the Director is hereby authorized to proceed with surveys, investigations and reports of highway routes and city street connections for the metropolitan area that will adequately provide for traffic service and on locations that will promote the present and future development of the area.

1051 In UNION COUNTY on U. S. HIGHWAY 82 From El Dorado to the Columbia County Line, a distance of approximately 18.5 miles, the Director is authorized to increase the amount of state participation in right-of-way cost not to exceed the total of \$103,000.00. This action is necessary due to the removal of a power line on private property not covered by previous agreements of Minute Orders 674 and 851.

1052 In WASHINGTON COUNTY Minute Orders 910 and 1006 are hereby cancelled and in lieu thereof the following action is taken:

WHEREAS in WASHINGTON COUNTY in the City of Fayetteville requests have been received for the improvement of West Maple Street from Garland Avenue to Razorback Road and Razorback

Road from West Maple to West 6th in order to render adequate service to the Stadium and Fair Grounds, and

WHEREAS Highway 16 can be routed over the proposed section, a distance of 1.19 miles, which with the abandonment of the present route along Maple, Arkansas Avenue and Dickson Street, a distance of 1.27 miles, means that the request could be granted without adding to the mileage of the maintained State Highway System, and

WHEREAS the request appears to have merit for improved local traffic service without impairing through traffic service

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with construction of 40 ft width of base and paving on Maple Street from Garland to Razorback Road and the construction of 30 ft width base and 22 ft width surfacing on Razorback Road from West Maple to West 6th Street at an estimated cost of \$18,900.00; to sign the section as Highway 16 and to abandon as a state supported route the section of the present route from Garland Avenue to North College Avenue.

- 1053 Cross County, Job No. 11513, State. The contract for the construction of approximately 15.224 miles of Gravel Base and Double Bituminous Surface Treatment on the Parkin-Marked Tree Road, State Highways 42 & 75, Sections 2, 3 & 3, is awarded to the Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$147,961.95.
- 1054 Crittenden County, Job No. 11517, FAP FGI-03 -1(6). The contract for the construction of 951.75 ft. of Overpass Structure and approximately 0.350 miles of Grading Approaches on the Marion-West Memphis Road, U.S. Highway 61, Section 1, is awarded to the S.R.D. Company of Warren, Arkansas on their low bid of \$324,146.63, subject to the concurrence of the Bureau of Public Roads.
- 1055 Chicot County, Job No. 2504, DA-22-052-eng-3843. The contract for the construction of approximately 20 Lin. Ft. of Bridge Remodeling and Channel Improvement over Boeuf River on the Montrose-Lake Village Road, U.S. Highway 82, Section 10, is awarded to the W. R. Fairchild Construction Co., Ltd. of Warren, Arkansas on their low bid of \$35,037.50, subject to the concurrence of the Corps of Engineers, U. S. Army.
- 1056 Polk County, Job No. 4325, FAP S-326(6). The contract for the construction of approximately 5.969 miles of Grading, Minor Drainage, Gravel or Crushed Stone Base and Double Bituminous Surface Treatment on the Board Camp-Norman Road, State Highway 8, Section 1, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$157,703.62.

- 1057 Polk & Montgomery Counties, Job No. 4407, Forest Highway Project B-8-B. The contract for the construction of approximately 10.109 miles of Grading, Minor Drainage, Gravel or Crushed Stone Base and Double Bituminous Surface Treatment on the Mena-Norman Road, State Highway 8, Sections 1 & 2, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$192,365.49, subject to the concurrence of the Bureau of Public Roads.
- 1058 Pulaski County, Job No. 6509, FAP U-US-524(1) Part 2. The contract for the construction of approximately 0.019 miles (including 413.08 Ft. of Bridge) of Grading, Minor Drainage, P.C. Concrete Pavement, Remodeling a portion of Main St. Bridge & Construct One R. C. & Steel Bridge, State Highway 10, Section 8, is awarded to J. H. Leveck & Sons of Little Rock, Arkansas on their low bid of \$228,877.30, subject to the concurrence of the Bureau of Public Roads.
- 1059 Dallas County, Job No. 7487, State. The contract for the construction of approximately 37.658 miles of Gravel Base and Double Bituminous Surface Treatment in the vicinity of Princeton, State Highways 8 & 9, Sections 2, 3 & 7, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$203,956.80.
- 1060 Yell County, Job No. 8387, FAP S-212(3). The contract for the construction of approximately 7.210 miles of Crushed Stone Base and Double Bituminous Surface Treatment on the Chickalah-Dardanelle Road, State Highway 27, Section 10, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$75,254.75.
- 1061 Mississippi County, Job No. 10511, FAP S-227(1). The contract for the construction of approximately 1.655 miles of Grading, Minor Drainage, Gravel Base and Double Bituminous Surface Treatment on the Burdette-Junction Highway 61 Road, State Highway 148, Section 2, is awarded to the Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$51,196.19.
- 1062 Conway County, Job No. C-15-1, FAP S-1030(1). The contract for the construction of approximately 6.306 miles of Shaping Roadway and Ditches, Crushed Stone Base and Open Graded Road Mix Surface Course on a County Road north of Highway 154 near Petit Jean State Park is awarded to Fell Vaughan, Contractor, of North Little Rock, Arkansas on his low bid of \$77,977.83, subject to the concurrence of Conway County.
- 1063 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P.M., July 27, 1955.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the

Arkansas State Highway Commission at its Thirty-second Regular Meeting in Little Rock, Arkansas on July 27, 1955.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 31, 1955

The following is the record of the proceedings of the Thirty-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 31, 1955 at which time the following members were present:

Cecil S. Lynch	Chairman
Raymond F. Orr	Vice Chairman
Willie A. Lawson	Member
James H. Crain	Member
Glenn F. Wallace	Member

1064 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M. August 31, 1955.

1065 Allotment is hereby made in the amount of \$1,648,960.00 divided as follows: from the current Highway Construction Appropriation \$1,562,200.00, from the County and Federal Aid Secondary Fund \$86,760.00, for construction of the following listed projects on which contract awards are made by Minute Orders 1053 through 1062 at the regular meeting of the Commission on July 27, 1955.

1067 WHEREAS, the Purchasing Committee has awarded purchases on August 1, 8, 16, 22 and 29, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED THAT the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1068 WHEREAS the Department's program of purchasing new equipment has resulted in the accumulation of a large quantity of obsolete equipment repair parts which are now in storage at the Central Shops in Jacksonville, and

WHEREAS said parts are of no further value to the Department

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest bidder all such repair parts

IT IS FURTHER ORDERED that should no bids be received in response to the advertisement, that said obsolete repair parts be consigned to the scrap iron pile for sale as such.

1069 Recently the Department has replaced the following old equipment that has been in service at Henderson Ferry since 1943:

- 1 - 22' x 80' Wooden Ferry Barge, State No. 4918, located at Henderson Ferry
- 1 - Chrysler 5-C Tug Boat, State No. 4999, on equipment yard at Jacksonville

WHEREAS the old equipment is of no further value to the State Highway Department due to age and condition

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby authorized to proceed through regular channels to advertise and sell to the highest bidder the old equipment at its present location

IT IS FURTHER ORDERED that if no bids should be received in response to the advertisement, that said obsolete equipment be salvaged and placed in scrap pile to be sold as junk.

1070 WHEREAS in DESHA COUNTY on HIGHWAY 4, the Department has constructed new bridges and the County Judge of Desha County has requested that the replaced bridge located approximately 3 miles west of McGehee be released to the County for use on the County road system, and

WHEREAS, the replaced bridge is unsuitable for further use on the State highway system

NOW THEREFORE IT IS ORDERED that the Director be and is hereby authorized upon completion of the bridge construction contract to transfer title to said bridge to Desha County at a price not to exceed the current market price for scrap steel.

1071 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Warren, Arkansas, and,

WHEREAS, preliminary investigation indicates that Mr. Barney Anderson has a tract of approximately two acres, that is suitably located for such purpose, which can be purchased at a cost of \$400.00 and

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to negotiate for the purchase of this property at a price not to exceed \$400.00, and,

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

1072 WHEREAS, the construction of a water supply lake for the City of Conway has necessitated the relocation of a section of Highway #25, Section 0, and a 50-foot pony truss bridge with 15-foot clear roadway remains on the abandoned section, and

WHEREAS, said bridge is not suited for continued use by the Highway Department but, according to the request of County Judge Faber Watson will be of value to the County in its road program.

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to transfer title to said bridge to Faulkner County at a price not to exceed current market price for scrap steel.

1073 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Salem, Arkansas, and

WHEREAS, preliminary investigation indicates that H. J. Perryman has a tract of two acres that is suitably located for such purpose which can be purchased at a cost of \$500.00 - \$200.00 of which will be provided by the Town of Salem,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby empowered to negotiate for the purchase of this property at a cost to the State not to exceed \$300.00, and,

BE IT FURTHER ORDERED, that the Director be empowered to perform all acts necessary for the completion of the fee simple purchase of this property.

1074 In PULASKI COUNTY in Little Rock and North Little Rock on the route of the proposed Arkansas River bridge and expressway, a distance of approximately 5.0 miles, the Director is authorized to enter into contract with the consulting engineering firm of Brown and Blauvelt, New York City, for engineering services in accordance with the State's invitation.

1075 IN UNION COUNTY on the proposed route of U. S. 167 at El Dorado, a distance of approximately 5.5 miles, the contract with the consulting engineering firm of Norris and Elder, Houston, Texas, in accordance with authority of Minute Order No. 740 for engineering services is hereby ratified and confirmed in all particulars.

1076 In CARROLL COUNTY on HIGHWAY 21E & W, upon completion of construction of sections from Oakgrove to Urbanette and from Oakgrove to near Green Forest the Director is authorized to sign the route from Oakgrove to Berryville as HIGHWAY 21 and from Oakgrove to Green Forest as HIGHWAY 103.

This action is taken in the interest of convenience to the traveling public and for simplification of accounting procedures in the Department.

1077 In MISSISSIPPI COUNTY on HIGHWAY 18, Section 7, from Blytheville to Barfield, a distance of 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of repairing existing pavement at an estimated cost of \$58,300.00.

1078 In PERRY COUNTY on HIGHWAY 113, Section 3, from the

Pulaski County line to the Railroad Tracks at the South City Limits of Bigelow, a distance of 8.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$29,300.00.

- 1079 In POLK COUNTY on HIGHWAY 88, Section 2, near the junction of Highway 88 and U. S. Highway 71, near Mena, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing an existing timber bridge with a culvert at an estimated cost of \$20,000.00.
- 1080 In POPE COUNTY on U. S. HIGHWAY 64 from the Conway County Line to approximately 2 miles west of Atkins, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$245,000.00.
- 1081 In POPE COUNTY on HIGHWAY 105 Section 1, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing one Timber Bridge (285 lineal feet) and redecking one Bridge with Concrete (60 lineal feet) at an estimated cost of \$27,400.00.
- 1082 In PRAIRIE COUNTY on HIGHWAY 70, Section 16, White River Bridge at DeValls Bluff (606 lineal feet), the Director is authorized to proceed in the most feasible and economical manner with the work of replacing the timber floor with steel plank deck, surfaced with asphalt, at an estimated cost of \$46,500.00.
- 1083 In PULASKI COUNTY on the State Hospital Grounds, the Director is authorized to proceed in the most feasible and economical manner with the work of driveway relocation at an estimated cost of \$6,500.00.
- 1084 In UNION COUNTY on HIGHWAY 15, Section 2 in the City of El Dorado, a distance of 2.45 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$32,700.00.
- 1085 In UNION COUNTY on HIGHWAY 82, Section 6 in the City of El Dorado, a distance of 1.83 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$25,200.00.
- 1086 In UNION COUNTY on HIGHWAYS 167 and 7, from a point 1.64 miles south of the junction of Highway 7 to a point 2.76 miles north of the junction, a distance of 4.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$71,000.00.
- 1087 In CRAIGHEAD COUNTY on U. S. HIGHWAY 63 from the

South City Limit of Nettleton to Bay, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$240,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Craighead County within 60 days.
3. Program approval by the Bureau of Public Roads.

1088 In CRITTENDEN COUNTY on HIGHWAY 64 at the crossing of the Missouri Pacific Railroad at Hanover, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protection devices at an estimated cost of \$6,000 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1089 In CRITTENDEN COUNTY ON HIGHWAY 147 at the crossing of the Missouri Pacific Railroad at Vincent, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protection devices at an estimated cost of \$6,000 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1090 IN CROSS COUNTY on HIGHWAY 39 at the crossing of the Missouri Pacific Railroad at Fair Oaks, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protection devices at an estimated cost of \$6,000 subject to the following conditions

1. That the Railroad Company will provide a minimum of 10% of the installation Cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1091 In LEE COUNTY on HIGHWAY 121, Section 3, from Aubrey to the junction of Highway 1, a distance of 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing minor drainage structures and gravel base material at an estimated cost of \$73,400.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1092 In LINCOLN COUNTY on U. S. HIGHWAY 65 from Grady to

the Desha County Line, a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$350,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1093 In MISSISSIPPI COUNTY on HIGHWAY 150, Section 1, from Number Nine to Huffman a distance of 5.26 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$48,600.00 on condition that all required right-of-way free of obstructions is furnished at no cost to the State within 90 days.

1094 In MONROE and PHILLIPS COUNTIES on the proposed route of HIGHWAY 20 from U. S. Highway 79 to a Junction of the Highway 86 near the Monroe-Phillips County Line a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$450,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Monroe and Phillips Counties within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1095 In PHILLIPS COUNTY on HIGHWAY 20 in the City of Helena along Biscoe and Columbia Streets from the South City Limit to Perry Street, a distance of approximately 0.8 mile, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$73,000.00 subject to the following conditions:

1. That the City of Helena will:
 - a. Furnish all required right-of-way free of obstructions free of cost to the State.
 - b. Provide for all needed facilities back of the curb lines, including such items as constructing concrete steps, drive-ways, sidewalks and retaining walls.
 - c. Provide for the adjustment of manhole rings and covers.
 - d. Provide for the adjustment of utility lines.
 - e. Prohibit parking on the completed street section.
 - f. Accept the provisions of this order within 60 days.
2. Program approval by the Bureau of Public Roads.

1096 In PHILLIPS COUNTY on HIGHWAY 44 at the crossing of the

Missouri Pacific Railroad at Elaine, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$6,000 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1097 In SEVIER COUNTY on U. S. HIGHWAY 70 at DeQueen, the Director is authorized to proceed in the most feasible and economical manner with the work of widening grading structures and pavement east and west of the business section of DeQueen, a distance of approximately 1.54 miles, at an estimated cost of \$80,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Sevier County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1098 In WOODRUFF COUNTY on HIGHWAY 33, Section 4, from Little Dixie to Gregory, a distance of 11.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing minor drainage structures and gravel base material at an estimated cost of \$81,500.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within 90 days.

1099 Monroe County, Job No. 11495, FAP F-031-1(4). The contract for the construction of approximately 5.820 miles (incl. 500 ft. of Bridges) of Grading, Minor Drainage, Gravel Base, Double Bituminous Surface Treatment and Two R. C. Slab Span Bridges on the Indian Bay-Marvel Road, State Highway 1, Section 6, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$328,430.60, subject to the concurrence of the Bureau of Public Roads.

1100 Cleburne County, Job No. 5422, FAP S-365(6). 		South	Company	2,062.50	\$2,062.50

1114 WHEREAS, in April 1952 a reimbursement for right-of-way cost was made to Sharp County on Job 5327, Project F-373(5), which was later found to be \$2,118.71 in excess of the 3/4 contribution required under the County Court Order setting forth the claim, and

WHEREAS, a formal statement for the overpayment was presented to the County Judge of Sharp County, and

WHEREAS, in response to the statement submitted, the County Judge has prepared and entered a court order authorizing the State Treasurer during 1956 to withhold and pay to the Highway Department from regular County Turnback Funds and from Turnback Funds available under Act 5 of 1949 certain specified sums until the amount of \$2,118.71 has been paid,

NOW THEREFORE IT IS SO ORDERED that the plan for settlement for this claim offered by Sharp County be accepted as satisfactory and that the State Treasurer be so advised.

1115 WHEREAS, the Purchasing Committee has awarded purchases on September 6, 12, 19, 26 and October 3, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1116 The audit authorized by Minute Order 899 of April 13, 1955, has been completed and the report delivered by the firm of Peat, Marwick, Mitchell and Company in accordance with the agreement dated April 18, 1955.

The Director is hereby authorized to accept the audit report.

1117 WHEREAS, in the reconstruction of bridges on Highway 8, Section 16, Chicot County, two steel bridges have been removed which

have a total weight of 26,000 pounds, and

WHEREAS, said bridges are not suited for continued use by the Highway Department but, according to the request of County Judge H. L. Locke will be of value to the County in its road program.

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized, to transfer title to said bridges to Chicot County at a price not to exceed the current market price for scrap steel.

- 1118 WHEREAS, the Commission, by Minute Order 1073, authorized the acquisition of a site for the establishment of an Area Headquarters at Salem, and

WHEREAS, the acquisition of said property has now been completed,

IT IS ORDERED, that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, and all appurtenant work necessary to provide adequate service for Area Headquarters at a cost not to exceed \$15,000.00.

- 1119 WHEREAS, the Commission, by Minute Order 1071, authorized the acquisition of a site for the establishment of an Area Headquarters at Warren, and

WHEREAS, the acquisition of said property has now been completed,

IT IS ORDERED, that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, and all appurtenant work necessary to provide adequate service for an Area Headquarters at a cost not to exceed \$15,000.00.

- 1120 WHEREAS, the Department is renting an office building for District 3 at Camden on a monthly basis without a lease at the rate of \$90.00 per month, and

WHEREAS, this building has approximately 1200 square feet of floor space containing seven rooms, two rest rooms and is located on a 90 by 120 foot lot, and

WHEREAS, preliminary investigation indicates it is owned by the Federal Housing Administration and can be purchased at a cost of \$11,000.00, and

WHEREAS, it is considered desirable in the interest of good business and ultimate economy to acquire title to this property,

NOW, THEREFORE, IT IS ORDERED that the Director be

and he is hereby empowered to negotiate for the purchase of this property at a price not to exceed \$11,000.00, and

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

- 1121 In Little Rock, in connection with the construction of the River-front Drives Project, the Director is authorized to execute an agreement with the City of Little Rock which will provide: Traffic Signal Lights that are mutually agreed to be necessary for safety and benefit of the public, will be installed as a construction item provided the City will assume the responsibility of maintenance and operation and will legally prohibit parking at all points within the limits of the project.
- 1122 In ASHLEY COUNTY, on HIGHWAY 52, Section 2, from the end of the concrete pavement east of Wilmot to the Ashely-Chicot County Line, a distance of 6.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surface material at an estimated cost of \$17,300.00.
- 1123 In CRITTENDEN COUNTY, on HIGHWAY 42, Section 5, from the Junction of Highway 149 to the Junction of Highway 61, a distance of 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$38,600.00.
- 1124 In HEMPSTEAD COUNTY, on HIGHWAY 73, Section 2, between Columbus and Cross Roads, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing four (4) bridges, a total length of 190 lin. feet, at an estimated cost of \$17,500.00.
- 1125 In JEFFERSON COUNTY, on Highway 65, Section 14, from the Junction of HIGHWAY 270 southeast to the beginning of the thirty (30) foot concrete pavement, a distance of 3.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$59,000.00.
- 1126 In JEFFERSON COUNTY, on HIGHWAY 65C, Section 14, from the Junction of 65 and 65C to the Junction 65C and 79, a distance of 1.71 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$18,000.00.
- 1127 In JEFFERSON COUNTY, on HIGHWAY 79, Section 10, from the Junction of Mulberry and Barraque Streets to a point 0.13 mile east of the Junction of HIGHWAY 15, a distance of 7.20 miles, the

Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$119,100.00.

1128 In PULASKI COUNTY, on HIGHWAY 70, Section 13, from the Junction of HIGHWAY 67 east to the Pulaski-Lonoke County Line, a distance of 7.55 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$167,400.00.

1129 In SEBASTIAN COUNTY, on HIGHWAY 64, Section 1, north 10th and Short Towson Avenue in Fort Smith, a distance of 0.95 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$15,700.00.

1130 In WASHINGTON COUNTY on HIGHWAY 16 in the City of Fayetteville from College Street to Garland Avenue, a distance of approximately 1.27 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement repairs at an estimated cost of \$27,000.00.

Upon completion of the work the road section will be abandoned as a part of the State Highway System in accordance with the provisions of Minute Order 1052.

1131 In YELL COUNTY on HIGHWAY 27 from Danville to Chickalah, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing base and surfacing at an estimated cost of \$125,000.00 subject to program approval by the Bureau of Public Roads.

1132 In CLAY COUNTY, on HIGHWAY 1, Section 22, from the Junction of U.S. Rte. 62 to the St. Francis River Bridge, a distance of 4.86 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material and minor drainage structures at an estimated cost of \$14,800.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1133 In DESHA COUNTY, on HIGHWAY 54, Section 2, from the end of the pavement in Dumas to the Desha-Lincoln line, a distance of 3.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$27,600.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1134 In LAWRENCE COUNTY, on HIGHWAY 25, Section 7, from

the end of the asphalt pavement west of Walnut Ridge to Highway 63 a distance of 3.91 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a concrete deck on four bridges and additional base material at an estimated cost of \$25,400.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1135 In LINCOLN COUNTY, on HIGHWAY 54, Section 3, from the Lincoln-Desha County line west, a distance of 7.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$44,600.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1136 In MISSISSIPPI COUNTY, on HIGHWAY 120, Section 1, from the Junction of Highway 61 east, a distance of 8.03 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material and minor drainage structures at an estimated cost of \$71,500.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1137 In MISSISSIPPI COUNTY, on HIGHWAY 136, Section 3, from the Junction of Highway 40 to the Junction of Highway 77, a distance of 5.62 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of additional gravel base material and minor drainage structures at an estimated cost of \$42,800.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the state within ninety (90) days.

1138 In ST. FRANCIS COUNTY, on HIGHWAY 50, Section 1, from the Junction of Highway 149 at Greasy Corner to the junction of Highway 79 at Chatfield, a distance of 2.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$17,000.00 on condition that all required right-of-way free of obstructions is furnished free of cost to the State within ninety (90) days.

1139 In BENTON COUNTY on U.S. HIGHWAY 71 from Rogers to Bentonville, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening grading, structures and sufracing at an estimated cost of \$340,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Benton County within 90 days.
3. Program approval by the Bureau of Public Roads.

- 1140 In BOONE COUNTY on HIGHWAY 14 from Omaha east a distance of approximately 10 miles (section) the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$300,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Boone County within 90 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1141 In CARROLL COUNTY on HIGHWAY 68 from Dryfork to Alphenia, a distance of approximately 17 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$415,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judge of Carroll County within 90 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1142 In CHICOT COUNTY on HIGHWAY 65 from the end of the concrete pavement south of Lake Village to the junction of Highway 82, a distance of approximately 2.13 miles, and on HIGHWAY 82 toward the Mississippi River Bridge to the concrete pavement leading to the bridge, a distance of approximately 5.52 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$345,000.00 subject to the following conditions:
1. All right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of Chicot County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.

- 1143 In CLAY and GREENE COUNTIES on HIGHWAY 90 from Highway 135 to Delaplaine, a distance of approximately 14 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of construction grading, drainage structures and surfacing at an estimated cost of \$215,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished free of cost to the State.
 2. Acceptance of the provisions of this order by the County Judges of

Clay and Greene Counties within 90 days after right-of-way requirements are furnished.

3. Program approval by the Bureau of Public Roads.

1144 In CROSS COUNTY on HIGHWAY 42 from end of pavement east of Hickory Ridge to Cherry Valley, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$200,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Cross County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1145 In HEMPSTEAD COUNTY on HIGHWAY 55 from Saratoga to Fulton, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$375,000.00 subject to the following:

1. All required right-of-way, free of obstructions, will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Hempstead County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1146 In HOT SPRING COUNTY on HIGHWAY 84 from end of pavement east of Bismarck to Social Hill, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$345,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Hot Spring County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1147 In LINCOLN COUNTY on HIGHWAY 11 from Fresno to Grady, a distance of approximately 9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$225,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the state.

2. Acceptance of the provisions of this order by the County Judge of Lincoln County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1148 In PULASKI COUNTY on U.S. HIGHWAY 70 at the crossing of the St. Louis Southwestern Railway at Rose City, in North Little Rock, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$6,000.00 subject to the following conditions:

1. That the Railroad Company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
2. All required right-of-way will be furnished free of cost to the State.
3. Program approval by the Bureau of Public Roads.

1149 In SEARCY AND STONE COUNTIES ON HIGHWAY 66 from end of pavement east of Leslie to end of pavement west of Mountain View, a distance of approximately 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading and drainage structures at an estimated cost of \$380,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judges of Searcy and Stone Counties within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1150 In ST. FRANCIS COUNTY on U. S. HIGHWAY 79 in the City of Hughes the Director is authorized to proceed in the most feasible and economical manner with the work of constructing connection from U.S. Highway 79 to Blackwood Street to form a business route of U.S. 79 through the City of Hughes and to construct crossover at 3rd Street at an estimated cost of \$12,000.00 subject to the following conditions:

1. No additional crossovers will be constructed within the limits of the frontage roads except by authorization of the Highway Department and that such crossovers as constructed will be not less than 700 feet apart, measured along the centerline of U. S. HIGHWAY 79.
2. The City of Hughes will pass an ordinance to terminate all present and future street designations at the frontage roads except where crossovers are now in place or provided by this order.
3. All required right-of-way for the business route connection will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
4. Acceptance of the provisions of this order by the Mayor of the City of Hughes within 60 days.

1151 In WOODRUFF COUNTY on HIGHWAY 39 from the Woodruff-Monroe County Line to U. S. HIGHWAY 64, a distance of

approximately 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$570,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Woodruff County within 90 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1152 In ARKANSAS COUNTY the official routing of State Highway 11, Section 6, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change Stuttgart-Eldridge Corner", drawn 9-14-55.

By this action and in conformity with Supreme Court decisions, the sections of old Highway 11 between Stuttgart and Eldridge Corner, which have been replaced by new construction, are hereby declared to be no longer parts of the State Highway System.

1153 In CLAY COUNTY the official routing of State Highway 135, Section 6, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change Highway No. 135-Clay Co.", drawn 9-12-55.

By this action, and in conformity with Supreme Court decisions, the sections of old Highway 135 in Clay County, which have been replaced by new construction, are hereby declared to be no longer parts of the State Highway System.

1154 In FULTON COUNTY the official routing of U.S. Highway 62, Sections 12 and 13, and State Highway 9, Sections 14 and 15, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change at Salem", drawn 7-27-55.

By this action and in conformity with Supreme Court decisions, the section of old U. S. Highway 62 west of Highway 9, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

1155 In HOWARD COUNTY the official routing of U. S. Highway 70, Section 3, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change Near Dierks", drawn 9-19-55.

By this action and in conformity with Supreme Court decisions, the section of old U.S. Highway 70 immediately north of Dierks, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 1156 In LAWRENCE COUNTY the official routing of U.S. Highway 67, Section 18, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change at Alicia", drawn 9-12-55.

By this action and in conformity with Supreme Court decisions, the section of old U.S. Highway 67 in and lately north of Alicia, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 1157 In MILLER COUNTY the official routing of U.S. Highway 67, Section 1, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change Texarkana-Mandeville", drawn 9-20-55.

By this action and in conformity with Supreme Court decisions, the section of old U.S. Highway 67 through Mandeville, which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 1158 In POINSETT COUNTY the official routing of State Highway 135, Section 1, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change Highway No. 135-Poinsett Co.", drawn 9-13-55.

By this action and in conformity with Supreme Court decisions, the sections of old Highway 135 at the junction with U. S. Highway 63, immediately south of Lepanto, and at Rivervale, which have been replaced by new construction, are hereby declared to be no longer parts of the State Highway System.

- 1159 In SHARP COUNTY the official routing of U. S. Highway 62, Section 17, and State Highway 175, Section 1, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change at Hardy", drawn 7-27-55.

By this action and in conformity with Supreme Court decisions, the section of old U. S. Highway 62 immediately south of Hardy,

which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

- 1160 In UNION COUNTY the official routing of U.S. Highway 82, Section 6, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change El Dorado-Strong", drawn 9-12-55.

By this action and in conformity with Supreme Court decisions, the sections of old U.S. Highway 82 between El Dorado and Strong, which have been replaced by new construction, are hereby declared to be no longer parts of the State Highway System.

- 1161 Faulkner & Perry Counties, Job No. 1287, State. The contract for ferry service across the Arkansas River near Toad Suck, State Highway 60, is awarded to Clay Cross of Dumas, Arkansas on his bid of \$29,000.00, which was the only bid received. (Note: The amount of \$29,000.00 is determined from estimated traffic and proposed toll charges and is used only for the purpose of bidding. The total cost to the State is \$20,000.00 for ferry equipment on which the State retains ownership.)
- 1162 Crittenden County, Job No. 11496, FAP S-245(1). The contract for the construction of approximately 1.380 miles of Gravel Base and Double Bituminous Surface Treatment on the Turrell-Highway 61 Road, State Highway 42, Section 4, is awarded to West Memphis Asphalt Company, Inc. of West Memphis, Arkansas on their low bid of \$19,908.81.
- 1163 Crittenden County, Job No. 11500, FAP S-71(1). The contract for the construction of approximately 9.151 miles (incl. 516.58 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Two R. C. & Structural Steel I-Beam Bridges on the Earle-Marked Tree Road, State Highway 149, Section 5, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$365,787.85.
- 1164 Hempstead & Nevada Counties, Job No. 3513, State. The contract for the construction of approximately 3.70 miles of repairs and Asphalt Underseal for Concrete Pavement in selected sections on the Hope-Prescott Road, U. S. Highway 67, Sections 2 & 3, is awarded to Campbell Construction Inc. of Shreveport, Louisiana on their low bid of \$119,137.60.
- 1165 Montgomery County, Job No. 4408, Forest Highway Project A-27-D. The contract for the construction of approximately 10.216 miles of Grading, Minor Drainage Structures, Gravel or Crushed Stone Base and Double Bituminous Surface Treatment and one Multi Span Culvert on the Mt. Ida-Washita Road, State Highway 27, Section 7, is

awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$328,860.81, subject to the concurrence of the Bureau of Public Roads.

- 1166 Jackson County, Job No. 5418, FAP S-224(1). The contract for the construction of approximately 0.469 miles (incl. 475.34 ft. of Bridges) of Grading, Minor Drainage Structures and Two R. C. Precast Slab Bridges on the Jct. Highway 14-Jct. Highway 37 Road, State Highway 145, Section 1, is awarded to the W. R. Fairchild Construction Co., Ltd. of Warren, Arkansas on their low bid of \$97,398.34.
- 1167 White County, Job No. 5423, FAP S-171(2). The contract for the construction of approximately 0.264 miles (incl. 228.25 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Base and One R. C. Precast Slab Bridge on the Georgetown-West Point Road, State Highway 36, Section 5, is awarded to Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$55,489.22.
- 1168 Prairie County, Job No. 6523, State. The contract for the construction of approximately 606.75 feet of Reflooring with Bituminous Surfaced Steel Bridge Plank on the White River Bridge at DeValls Bluff, U. S. Highway 70, Section 16, is awarded to J. H. Leveck & Sons of Little Rock, Arkansas on their low bid of \$53,192.90.
- 1169 Pope County, Job No. 8377, FAP S-243(1). The contract for the construction of approximately 0.369 miles (incl. 140.00 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Two R.C. Slab Span Bridges and. One R. C. Box Culvert on the Russellville-Appleton Road, State Highway 124, Section 1, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$49,073.30.
- 1170 Pope County, Job No. 8395, State. The contract for the construction of approximately 7.196 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix Surface on the Morrilton-Russellville Road, U. S. Highway 64, Section 6, is awarded to Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$197,961.01.
- 1171 Benton County, Job No. 9365, FAP S-366(1). The contract for the construction of approximate 0.227 miles (incl. 167.17 ft. of Bridge) of Grading, Gravel or Crushed Stone Base, Double Bituminous Surface Treatment and One R. C. & Structural Steel Bridge on the Siloam Springs-Gentry City Road, State Highway 59, Section 1, is awarded to A. K. McBride of Fort Smith, Arkansas on his low bid of \$58,907.00.
- 1172 Craighead County, Job No. 10520, FAP S-1010(1). The contract for the construction of approximately 2.826 miles (incl. 100.34 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Surface, One R. C. Slab Span Bridge and

One Multi Span Culvert on the Jonesboro-Nettleton Road, State Highway 18, Section 4, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$119,758.69.

- 1173 White & Cleburne Counties, Job No. C-76-3, FAP S-1045(1).
The contract for the construction of One 252 ft. R. C. Low Water Bridge and approximately 0.350 miles of approaches thereto on the Pangburg-Hiram Road, County Road, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$62,758.20, subject to the concurrence of White and Cleburne Counties.

- 1174 IT IS SO ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P.M., October 5, 1955.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Thirty-fourth Regular Meeting in Little Rock, Arkansas on October 5, 1955.

V. E. Scott
Adminstrative Assistant

MINUTES OF THE MEETING OF THE
ARKANSAS STATE HIGHWAY COMMISSION

November 9, 1955

The following is the record of the proceedings of the Thirty-fifth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on November 9, 1955 at which time the following members were present:

Cecil S. Lynch	Chairman
Raymond F. Orr	Vice Chairman
Willie A. Lawson	Member
James H. Crain	Member
Glenn F. Wallace	Member

1175 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., November 9, 1955.

1176 Allotment is hereby made in the amount of \$1,705,520.00 divided as follows: from the current Highway Construction Appropriation \$1,635,720.00, from County and Federal Aid Secondary Funds \$69,800.00, for construction of the following listed projects on which contract awards are, made by Minute Orders 1161 through 1173 at the regular meeting of the Commission on October 5, 1955:

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>		<u>Amount</u>
1287		State	60	Faulkner & Perry	\$20,000.00
11496		S-245(1)	42	Crittenden	\$22,190.00
11500		S-71(1)	149	Crittenden	\$402,360.00
3513		State	67	Hempstead & Nevada	\$131,050.00
4408	F.H.P.A-27-D		27	Montgomery	\$364,340.00
5418		S-224(1)	145	Jackson	\$107,130.00
5423		S-171(2)	36	White	\$61,020.00
6523		State	70	Prairie	\$58,860.00
8377		S-243(1)	124	Pope	\$54,120.00
8395		State	64	Pope	\$217,800.00
9365		S-366(1)	59	Benton	\$64,830.00
10520		S-1010(1)	18	Craighead	<u>\$132,020.00</u>
Total from current Highway Construction Approp.					\$1,635,720.00
C-76-3 S-1045(1) County Rd. White & Cleburne					<u>\$69,800.00</u>
Total from County & Federal Aid Secondary Funds					<u>\$69,800.00</u>
GRAND TOTAL					\$1,705,520.00

1177 The following Supplemental Agreement has been examined by the Commission and is hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

Job	FAP	No.	Job Name	Contractor	Amount	Increase or Decrease in Project Cost
10452	F-276(2)	1	Bridge over St. Francis River, Paragould-East	W.L.Sharpe Contracting Company	\$1,744.75	\$957.56 Ark. Portion

1178 WHEREAS, the American Association of State Highway

Officials has requested the Highway Research Board to undertake a comprehensive study of the Highway Laws of the several States, and

WHEREAS, the Highway Research Board has agreed to undertake the study, and prepared a budget and planned for the work over a period of three years, and

WHEREAS, the Executive Secretary of the A.A.S.H.O. has advised that the Bureau of Public Roads will participate in the study and that the cost of the work has been prorated among the member States on the basis of \$500 for each of the fiscal years 1957 and 1958, and

WHEREAS, it is agreed that such a study of Highway Laws will be of great benefit in the administration of the affairs of this Department,

NOW THEREFORE IT IS ORDERED that the Director be and is hereby authorized to include the sum of \$500 for this work in the budgets to be prepared for each of the fiscal years 1957 and 1958, and to disburse these amounts upon receipt of proper billing, and to supply the Highway Research Board with the necessary copies of Arkansas Statutes.

1179 WHEREAS, the Purchasing Committee has awarded purchases on October 10, 17, 24, 31 and November 7, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1180 WHEREAS, Cleburne County entered a court order on September 22, 1955, which agreed to deposit in escrow with the State Treasurer fifty percent of the estimated funds necessary to construct Job C-76-3, Federal Aid Project S-1045(1), and

WHEREAS, when bids were received for this project on October 5, 1955, it was found that the County's share of the cost of this work was in excess of County funds available, and

WHEREAS, in order to prevent undue delay of this road project, the County has entered its order dated October 11, 1955, authorizing the State Treasurer to withhold the escrow funds required for this project in the amount of \$17,050 from the County Turnback Funds due Cleburne County for the year 1955 under Act 5 of 1949, and further directs that the Treasurer credit the sum of \$17,050 to the Highway Department Fund, and

WHEREAS, the funds ordered withheld and credited to the Highway Department Fund will be due and payable under the order by the close of this calendar year,

NOW THEREFORE IT IS ORDERED that the plan offered by Cleburne County for furnishing the escrow funds be accepted as satisfactory and that the State Treasurer be so advised, and the Director is hereby authorized to proceed with the work on this project.

1181 WHEREAS, in October 1949, Lee County authorized the Department to make surveys and plans on Job C-39-1, Aubrey West and South Plains North bridges, and deposited the sum of \$400.00 to defray the cost thereof, and

WHEREAS, upon completion of the plans in 1950 at a cost of \$801.90 the County requested cancellation of the project for lack of construction funds, and

WHEREAS, a formal statement for the additional expenditure of \$401.90 was presented to the County Judge of Lee County, and

WHEREAS, in response to the statement the County Judge has entered a court order authorizing the State Treasurer to withhold the sum of \$401.90 from the December 1955 quarterly allotment of County Turnback Funds due Lee County and credit this amount to the Highway Department Fund,

NOW THEREFORE IT IS ORDERED that the plan of settlement for this claim offered by Lee County be accepted as satisfactory and that the State Treasurer be so advised.

1182 In Sharp County on U. S. Highway 63 State Job 5385 was completed September 4, 1953 and the account closed. It now develops that \$640.00 in right of way claims have been allowed by the County Judge and since it was originally agreed that the State would assume fifty percent of the cost of right of way it is necessary to make a supplemental allotment to the project.

IT IS THEREFORE ORDERED that the Director be authorized to allocate \$320.00 to Job 5385 to cover the right of way costs incurred.

1183 Whereas, the property acquired by the State Highway Commission from the Conway County Bridge Improvement District included, in addition to the Arkansas River Bridge at Morrilton, a dwelling and several outbuildings, and

WHEREAS, the said buildings are of no use to the Highway

Department and are unoccupied except for itinerant cotton pickers, and

WHEREAS several local residents have evidenced an interest in acquiring the dwelling,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby authorized to dispose of said buildings as provided by law.

1184 In CRITTENDEN AND MISSISSIPPI COUNTIES from a point near the Junction of U. S. Highway 61 and U. S. Highway 63 in Crittenden County northerly along the route of the Inter-state Highway through Mississippi County to the Missouri Line, a distance of approximately 49.9 miles, the Director is authorized to enter into contract with Sverdrup and Parcel, Inc., Consulting Engineers of St. Louis, Missouri, for engineering services in accordance with the State's invitation.

1185 In ARKANSAS County the official routing of State Highway 1, Sections 3 and 4, shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically "Designation Change, Gillette South", drawn October 28, 1955.

By this action and in conformity with Supreme Court decisions, the section of old Highway No. 1 which has been replaced by new construction, is hereby declared to be no longer a part of the State Highway System.

1186 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Lake Village, Arkansas, and,

WHEREAS, preliminary investigation indicates that a tract of two (2) acres, three (3) miles west of Lake Village on Route 82, can be secured by the City of Lake Village at a cost not to exceed \$400.00 to the State,

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby empowered to negotiate for the purchase of this property at a cost to the State not to exceed \$400.00, and,

BE IT FURTHER ORDERED, that the Director be empowered to perform all acts necessary for the completion of the fee simple purchase of this property.

1187 WHEREAS, the Commission, by Minute Order 1041, authorized the acquisition of a site for a storage lot to be used by the Division Office in Paragould, and

WHEREAS the acquisition of said property has now been completed,

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, utilities and all appurtenant work necessary to provide adequate service for this storage lot at a cost not to exceed \$25,000.00.

1188 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Hazen, Arkansas, and

WHEREAS the town of Hazen has offered to transfer title to approximately three (3) acres of land for use by the Department which is suitably located.

NOW THEREFORE IT IS ORDERED that the Director be and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer at no cost to the State.

1189 In COLUMBIA COUNTY on U. S. HIGHWAY 79 from Magnolia to Emerson the Director is authorized to proceed in the most feasible and economical manner with the work of replacing 6 timber bridges (598 Lin. Ft.) with concrete and steel bridges at an estimated cost of \$175,000.00 subject to the following conditions:

1. All required right-of-way will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.

1190 In JOHNSON COUNTY on U.S. HIGHWAY 64 in the City of Clarksville, from the Missouri Pacific Railroad Crossing to Grandview St., a distance of approximately 3070 ft., the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing for widening and strengthening pavement at an estimated cost of \$117,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. The moving of utilities, parking meters and lighting system will be made without cost to the State.
3. Acceptance of the provisions of this order by the Mayor of the City of Clarksville within 60 days.
4. Program approval by the Bureau of Public Roads.

1191 In PULASKI COUNTY on the proposed route of U. S. HIGHWAY 67 from North Little Rock to Jacksonville, a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$1,750,000.00 subject to the following conditions:

1. All required right-of-way, free of obstructions will be furnished at a cost to the State not to exceed the amount of the States appraisal.
2. Acceptance of the provisions of this order by the County Judge of Pulaski County within 60 days after right-of-way requirements are

furnished.

3. Program approval by the Bureau of Public Roads.

- 1192 The Director is authorized to proceed with surveys, investigations, plans and cost estimates for use in subsequent program considerations for the following bridge projects:

<u>County</u>	<u>Highway</u>	<u>Stream Crossing</u>
Arkansas	169	Little Post Bayou
Jackson	37	Village Creek
Marion	14	Crooked Creek
Marion & Searcy	14	Buffalo River
Perry	113	Fourche River
White	36 & 124	Cadron Creek
Yell	28	Fourche River

- 1193 In BRADLEY COUNTY, on HIGHWAY 15, Section 3, from Hilo to Hermitage, a distance of 8.13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel base course and a bituminous surface treatment at an estimated cost of \$41,400.00, on condition that all required right-of-way free of obstruction is furnished free of cost to the State within ninety (90) days.

- 1194 In COLUMBIA COUNTY, on HIGHWAY 82, Section 3 and 4, in the City of Magnolia, a distance of 1.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of resurfacing at an estimated cost of \$28,000.00.

- 1195 In COLUMBIA COUNTY, on HIGHWAY 79, Section 1 and 2, in the City of Magnolia, a distance of 2.34 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and resurfacing at an estimated cost of \$49,400.00.

- 1196 In CRAWFORD and SEBASTIAN COUNTIES on U.S. HIGHWAYS 64 and 71, at the crossing-of the Arkansas River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing side drives on the Arkansas River bridge at an estimated cost of \$400,000.00, subject to program approval by the Bureau of Public Roads.

- 1197 In CRITTENDEN COUNTY on the interstate routes of U.S. HIGHWAYS 61 and 70 from West Memphis to the Mississippi River bridge, the Director is authorized to proceed in the most feasible and economical manner with the work of widening bridges at an estimated cost of \$1,000,000.00 subject to program approval by the Bureau of Public Roads.

- 1198 In DALLAS COUNTY, on HIGHWAY 8, Section 7, from Princeton to a point 13.71 miles southeast, a distance of 13.71 miles,

and HIGHWAY 9, Section 2, from the Junction of Highway 128 to the Junction of Highway 8, 11.44 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of clearing and grubbing at an estimated cost of \$33,600.00.

- 1199 In IZARD COUNTY, on HIGHWAY 56, Section 2, between Brockwell and Ash Flat, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing two precast concrete deck bridges (95 lin. feet) at an estimated cost of \$16,100.00.
- 1200 In JEFFERSON COUNTY on U. S. HIGHWAY 65 from Leitner to near Jefferson, a distance of approximately 9 miles the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$270,000.00.
- 1201 In JEFFERSON COUNTY, on HIGHWAY 79, Section 9, from a point 6 1/2 miles south of the city limits of Pine Bluff to the beginning of the concrete pavement at the city limits of Pine Bluff, a distance of miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material and a double bituminous surface treatment at an estimated cost of \$51,000.00.
- 1202 In POINSETT and MISSISSIPPI COUNTIES, on HIGHWAY 14, Sections 15 and 16, from the Junction of HIGHWAY 40 at Lepanto to the Junction of HIGHWAY 181, a distance of 13.38 miles, the Director is authorized to proceed in the most feasible and economics manner with the work of placing additional gravel base material at an estimated cost of \$49,100.00.
- 1203 In PULASKI COUNTY on U. S. HIGHWAY 65 from near South City Limit of Little Rock to Wrightsville, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$240,000.00.
- 1204 Crittenden County, Job No. 11488, FAP FI-03-1(5). The contract for the construction of approximately 12.916 miles (inc. 324.0 ft. of bridges) of Grading, Minor Drainage Structures, Gravel Base (on Frontage Roads) and Three R. C. Slab span Bridges on the Marion-Turrell Road, U. S. Highway 61, Section 1, is awarded to D. B. Hill, Contractor, of Little Rock, Arkansas on his low bid of \$675,870.34, subject to the concurrence of the Bureau of Public Roads.
- 1205 Desha County, Job No. 2493, FAP F-031-1(2). The contract for the construction of approximately 2.714 miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Pendleton-Arkansas River Levee Road, State Highway 1, Section 2, is awarded to Linwood Smith of Lake Village,

Arkansas on his low bid of \$129,277.39, subject to the concurrence of the Bureau of Public Roads.

- 1206 Cleveland County, Job No. 2505, FAP F-015-2(4). The contract for the construction of approximately 2.849 miles (incl. 2509.25 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Asphaltic Concrete Hot Mix Surface and Two R.C. & Structural Steel I-Beam Bridges on the Fordyce-Pine Bluff Road, U. S. Highway 79, Section 7, is awarded to Linwood Smith of Lake Village, Arkansas on his low bid of \$638,194.67, subject to the concurrence of the Bureau of Public Roads.
- 1207 Ashley County, Job No. 2508, FAP S-440(4). Chemin-A-Haut Creek Bridge and Approaches on State Highway 8, Section 14. All bids were rejected with instructions to readvertise.
- 1208 Lincoln & Jefferson County, Job No. 2515, FAP F-025-2(1). The contract for the construction of approximately 6.439 miles (incl. 75 ft. of Bridges) of Grading, Minor Drainage Structures, Widening and Resurfacing with Asphaltic Concrete Hot Mix and Remodeling Two R.C. Bridges on the Grady-Pine Bluff Road, U.S. Highway 65, Sections 15 & 16, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$347,260.25, subject to the concurrence of the Bureau of Public Roads.
- 1209 Jefferson County, Job No. 2535, State. The contract for the construction of approximately 11.46 miles of Asphaltic Concrete Hot Mix Resurfacing in the Pine Bluff area on State Highway 15, Section 7, 0.460 miles; U.S. Highway 65C, Section 14, 1.710 miles; U.S. Highway 65, Section 14, 3.130 miles; and U.S. Highway 79, Section 10, 6.160 miles is awarded to the Tecon Paving Company of Dallas, Texas on their low bid of \$177,348.45.
- 1210 Howard & Hempstead Counties, Job No. 3489, FAP S-208(2). The contract for the construction of approximately 11.655 miles (incl. 300.75 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Two R. C. Slab Span Bridges on the Nashville-McCaskill Road, State Highway 24, Sections 2 & 3, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$318,588.60.
- 1211 Polk County, Job No. 4401, FAP F-016-1(1). The contract for the construction of approximately 15.664 miles (incl. 43.75 ft. of M-Span Culverts) of Grading, Minor Drainage Structures, Gravel or Crushed Stone Base and Double Bituminous Surface Treatment on the Oklahoma Line-Acorn Road, U. S. Highway 270, Section 1, is awarded to the McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas on their low bid of \$516,401.18, subject to the concurrence of the Bureau of Public Roads.

- 1212 Sharp County, Job No. 5441, FAP F-027-1(3). The contract for the construction of approximately 349 feet of Widening One Bridge consisting of Three R.C. Arch Spans and Two R. C. Deck Girder Spans on the Evening Shade-Ash Flat Road, State Highway 11, Section 16, is awarded to J. W. Walker of Lonoke, Arkansas on his low bid of \$74,765.15, subject to the concurrence of the Bureau of Public Roads.
- 1213 Mississippi County, Job No. 10355, FAP F-024-1(1). The contract for the construction of approximately 6.310 miles (incl. 175.00 ft. of Bridges) of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Surface and Two R. C. Slab Span Bridges on the Manila-Monette Road, State Highways 77 and 18S, Sections 2 and 5, is awarded to the D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$348,948.58, subject to the concurrence of the Bureau of Public Roads.
- 1214 Clay County, Job No. 10512, FAP F-030-6(1). The contract for the construction of approximately 1.893 miles (incl. 1581.55 ft. of Bridges) of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Surface and Two R. C. and Structural Steel I-Beam Bridges on the Corning-Piggott Road, U.S. Highway 62, Section 20, is awarded to S. M. Dixon of Warren, Arkansas on his low bid of \$575,401.22, subject to the concurrence of the Bureau of Public Roads.
- 1215 Poinsett County, Job No. 10514, FAP S-296(8). The contract for the construction of approximately 0.163 miles (incl. 644.00 ft. of Bridges) of Grading, Gravel Base and Three R. C. Slab Span Bridges and Approaches thereto on the Newport-Harrisburg Road, State Highway 14, Section 13, is awarded to S. M. Dixon of Warren, Arkansas on his low bid of \$137,013.52.
- 1216 Mississippi County, Job No. 10524, FAP F-035-1(3) Part 1. The contract for the construction of approximately 13.300 miles of Grading, Minor Drainage Structures, Widening and Resurfacing with Asphaltic Concrete Hot Mix Surface on the Osceola-Blytheville Road, U. S. Highway 61, Section 3, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$455,905.26, subject to the concurrence of the Bureau of Public Roads.
- 1217 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:15 P.M., November 9, 1955.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Thirty-fifth Regular Meeting in Little Rock, Arkansas on November 9, 1955.

1221 WHEREAS, this apartment has for a number of years maintained membership in the American Road Builders Association with material benefit from the services and publications resulting therefrom.

THEREFORE IT IS ORDERED that the Director be authorized to proceed for payment the statement for 1956 membership dues in the amount of \$37.50.

1222 WHEREAS, the Purchasing Committee has awarded purchases on November 14, 21, 28, December 5 and 12, 1955, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the awards, be ratified and confirmed in all particulars.

1223 The Director is hereby authorized to enter into an agreement with the firm of Peat, Marwick, Mitchell and Company, accountants and auditors of Saint Louis, Missouri, for professional services required to make a detailed audit and report of the accounts, records and inventories of the Highway Department, covering the eighteen months period January 1, 1955 to June 30, 1956, and to program, supervise, coordinate and prepare a comprehensive and complete audit inventory of stock on hand at the Central Store at Jacksonville, all at a cost not to exceed twenty-four thousand nine hundred fifty (\$24,950.00) dollars.

1224 In CLAY COUNTY on U. S. HIGHWAY 62 between Corning and Pollard (Job 10441) a supplemental appropriation of \$220.00 is hereby made to cover the State's share of right-of-way cost on billing made after closure of job account.

1225 WHEREAS, the Commission by Minute Order will authorized the acquisition of a site to be used as an area headquarters at Lake Village, and,

WHEREAS, the acquisition is now being completed,

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, and all appurtenances necessary to provide an adequate area headquarters at a cost not to exceed \$15,000.00.

1226 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Jonesboro, Arkansas, and,

WHEREAS, the Chamber of Commerce at Jonesboro has offered to transfer, without cost, title to approximately four (4) acres of land for use by the Department which is suitably located

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby empowered to act for the Commission in concluding all details necessary for the transfer of title to the State.

BE IT FURTHER ORDERED, that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of buildings, fences, and appurtenances necessary to provide adequate services for an area headquarters at a cost not to exceed \$15,000.00.

1227 WHEREAS, the Commission by Minute Order 1188 authorized the acquisition of a site to be used as an area headquarters at Hazen, and

WHEREAS, the acquisition is now being completed,

IT IS ORDERED that the Director be and he is hereby authorized to proceed in the most feasible and economical manner with the work of installing buildings, fences, and all appurtenances necessary to provide an adequate area headquarters at a cost not to exceed \$15,000.00.

1228 WHEREAS, it is considered necessary in the interest of efficiency to establish an area headquarters at Pocahontas, Arkansas, and,

WHEREAS the Chamber of Commerce at Pocahontas has offered to transfer, without cost, title to approximately two (2) acres of land for use by the Department which is suitably located

NOW THEREFORE IT IS ORDERED that the Director be, and he is hereby empowered to act for the Commission in concluding all

details necessary for the transfer of title to the State.

BE IT FURTHER ORDERED, that when the transfer is satisfactorily completed the Director be authorized to proceed in the most feasible and economical manner with the completion of all legal matters, the installation of buildings, fences, and appurtenances necessary to provide adequate services for an area headquarters at a cost not to exceed \$15,000.00.

1229 In LAWRENCE COUNTY at the junction of HIGHWAYS 25 and 67 near Hoxie, the Director is authorized to proceed in the most feasible and economical manner with the work of building approaches, all on highway right-of-way, to State Police weight Station at an estimated cost of \$6,500.00.

1230 In DESHA COUNTY, on HIGHWAY 85, Section 3, from the Phillips-Desha County Line to Snow Lake, a distance of 8.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel base material at an estimated cost of \$36,600.00.

1231 In SALINE COUNTY on the present route of U. S. HIGHWAY 67 from the Saline River bridge southwest to county road junction, a distance of approximately 3.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$78,000.00.

1232 In HOWARD COUNTY the official routing of STATE HIGHWAY 55 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically, "Designation Change, Saratoga-Mineral Springs", drawn September 15, 1955.

By this action and in conformity with Supreme Court decisions, the sections of old Highway 55 in Mineral Springs and near Tollette, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

1233 In HOWARD COUNTY the official routing of U. S. HIGHWAY 70 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically, "Designation Change, Dierks to Saline River", drawn November 15, 1955.

By this action and in conformity with Supreme Court decisions, the sections of old U. S. Highway 70 between Dierks and the Saline River, which have been replaced by new construction, are hereby declared to be no longer a part of the State Highway System.

- 1234 In CLARK COUNTY on U. S. HIGHWAY 67 from Arkadelphia to the Hot Spring County Line, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$280,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of Clark County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 1235 In FRANKLIN COUNTY on HIGHWAY 22 from the Sebastian County Line to the Logan County Line, a distance of approximately 9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$297,000.00 subject to the following conditions:
1. All required right-of-way, free of obstructions, will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of Franklin County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 1236 In JOHNSON COUNTY on HIGHWAY 64 from the Pope County Line to Clarksville, a distance of approximately 15 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$525,000.00 subject to the following conditions:
1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
 2. Acceptance of the provisions of this order by the County Judge of Johnson County within 60 days after right-of-way requirements are furnished.
 3. Program approval by the Bureau of Public Roads.
- 1237 In LAFAYETTE COUNTY on HIGHWAY 160 at the crossing of the St. Louis Southwestern Railway Lines in the town of Bradley, the Director is authorized to proceed in the most feasible manner with the work of installing automatic protective devices at an estimated cost of \$7,500.00 subject to the following conditions:
1. That the railroad company will provide a minimum of 10% of the installation cost and will maintain the devices after installation.
 2. All required right-of-way will be furnished free of cost to the State.
 3. Program approval by the Bureau of Public Roads.
- 1238 In LOGAN COUNTY on HIGHWAY 22 from the Franklin County Line to Paris, a distance of approximately 11 miles, the

Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$385,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Logan County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1239

In PHILLIPS COUNTY on HIGHWAY 1 from Marvell to the Phillips-Monroe County Line, a distance of approximately 10.9 miles, MINUTE ORDER NO. 798, dated February 2, 1955 is hereby canceled and, in lieu thereof, the following action is taken.

WHEREAS the approved primary route of Highway 1 is a generally direct line from Marvell to the Phillips-Monroe County Line to connect with the section under construction in Monroe County, and

WHEREAS the present road from a point approximately 3 miles southwest of Marvell south through Cypert and Watkins Corner and west to the Phillips-Monroe County Line is not on the approved primary route and can be improved with federal funds only as a part of the secondary system, and

WHEREAS the citizens of the area desire the construction on the approved primary route and reconstruction of the present road,

NOW THEREFORE IT IS ORDERED that the Director be and is hereby authorized to tender the following tentative offer to the County Judge of Phillips County:

Provided that Phillips County will:

1. Furnish all required right-of-way for construction on the approved primary route, free of obstructions, at a cost to the State not to exceed the amount of the State's appraisal.
2. Furnish all required right-of-way free of obstructions and free of cost to the State on the present road from the primary route approximately three miles southwest of Marvell to the primary route at the Phillips Monroe County line.
3. Accept the provisions of this order within 60 days after right-of-way requirements are furnished.

The Arkansas Highway Department will:

1. Provide for the construction on the approved primary route from Marvell to the Phillips-Monroe County Line.
2. Provide for reconstruction of the present road from the primary route approximately 3 miles southwest of Marvell to the primary route at the Phillips-Monroe County Line with funds to be made available for the fiscal year beginning July 1, 1957.

This action is subject to system and program approvals by the Bureau of Public Roads.

1240 IN POPE COUNTY on HIGHWAY 64 from 2 miles west of Atkins to Russellville, a distance of approximately 11 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$385,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Pope County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1241 In SEBASTIAN COUNTY on HIGHWAY 22 from Camp Chaffee to the Franklin County Line, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of pavement widening and strengthening at an estimated cost of \$396,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of the State's appraisal.
2. Acceptance of the provisions of this order by the County Judge of Sebastian County within 60 days after right-of-way requirements are furnished.
3. Program approval by the Bureau of Public Roads.

1242 Ashley County, Job No. 2508, FAP S-440(4). The contract for the construction of approximately 0.429 miles (incl. 224.08 ft. of Bridge) of Grading, Gravel Base and One R.C. & Structural Steel I-Beam Bridge on the Hamburg-Parkdale Road, State Highway 8, Section 14, is awarded to the W. R. Fairchild Construction Company, Ltd. of Warren, Arkansas on their low bid of \$79,820.77.

1243 Jefferson COUNTY, Job No. 2526, State. The contract for the construction of approximately 8.314 miles of Widening and Resurfacing with Asphaltic Concrete Hot Mix on the Pine Bluff-Little Rock Road, U. S. Highway 65, Section 14, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$210,238.60.

1244 Columbia County, Job No. 7503, State. The contract for the construction of approximately 3.680 miles including 1.460 miles of Widening and Resurfacing and 2.220 miles of Resurfacing, all with Asphaltic Concrete Hot Mix, in the City of Magnolia, U. S. Highway 79, Sections 1 & 2, and U. S. Highway 82, Sections 3 & 4, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$59,297.48.

1245 Dallas County, Job No. 7504, State. The contract for the con-

struction of approximately 25.150 miles of Clearing and Grubbing within existing right-of-way on the Holly Springs-Jct. Highway 8 and Princeton-Fordyce Roads, State Highway 9, Section 2 and State Highway 8, Section 7, respectively, is awarded to the Freshour Corporation of Sweet Home, Arkansas on their low bid of \$10,454.19.

1246 Van Buren County, Job No. 8379, FAP S-244(1). The contract for the construction of approximately 0.415 miles (incl. 252.17 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel or Crushed Stone Base, and One R. C. & Structural Steel I-Beam Bridge on the Gravesville-Quitman Road, State Highway 124, Section 7, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$76,716.87.

1247 Yell County, Job No. 8382, FAP S-392(3). The contract for the construction of approximately 0.742 miles (incl. 273.26 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base and Three R. C. Precast Slab Bridges on the Danville-Waldron Road, State Highway 80, Section 2, is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$81,861.87.

1248 Poinsett County, Job No. 10504, FAP S-205(2). The contract for the construction of approximately 11.785 miles (incl. 188.25 ft. of Bridges) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and Two R. C. Slab Span Bridges on the Harrisburg-Jonesboro Road, State Highway 1, Section 16, is awarded to the Freshour Corporation of Sweet Home, Arkansas on their low bid of \$230,479.87.

1249 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:15 P.M., December 14, 1955.

I, V. E. Scott, Administrative Assistant, hereby certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Thirty-sixth Regular Meeting in Little Rock, Arkansas on December 14, 1955.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
January 14, 1954

The following is the record of the proceedings of the Sixteenth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on January 14, 1954, at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

- 337 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., January 14, 1954.

The next order of business was the receipt of bids on various road and bridge projects. See Minute Orders No. 364 through No. 372, inclusive, for the record of awards.

Following this phase of the meeting the Commission went into regular session and the following proceedings were taken:

- 338 WHEREAS, The Arkansas State Highway Department has for many years held membership in the American Association of State Highway Officials, that such membership is considered beneficial to this Department

NOW THEREFORE it is ordered that the Director is hereby authorized to process for payment invoice for departmental membership dues for the year 1954, in the amount of \$1,013.00.

- 339 Allotment is hereby made, from the current Highway Construction Appropriation, in the amount of \$3,420,836.00 for construction of the following listed projects on which contract awards were made by Minute Orders 323 through 335 at the regular meeting of the Commission on December 3, 1953.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
11322	F-020-2(2)	64	Cross	\$274,200.00
11399	(F-02-4(2)			\$379,520.00
	(F-02-5(1)	70	Monroe	
11451	F-02-5(2)	70	St. Francis	\$635,330.00
11456	State	70	St. Francis	\$33,530.00
3468	F-01-1(1)	67	Nevada	\$283,546.00
4393	S-150(2)	8	Polk	\$173,400.00
6403	S-117(6)	7	Garland	\$145,810.00

7361	(F-010-1(1)			\$308,890.00
	(F-010-2(1)	82	Union	
9326	S-136(2)	43	Boone	\$163,950.00
10402	F-021-5(1)	67	Clay	\$230,720.00
10439	S-317(4)	77	Mississippi	\$329,600.00
10469	F-031-2(2)	1	Poinsett	\$152,430.00
1272	F-021-3(2)	67 & 89	Lonoke & White	<u>\$309,810.00</u>
			Total	\$3,420,836.00

340 WHEREAS, the State Highway Department frequently prepares reports of surveys and studies in limited quantities for distribution to governmental agencies and other interested parties; and the Department also prepares proposals, bid sheets, special provisions, and many other papers connected with contract letting; also many blank forms in limited quantities for temporary use, and other similar paper by mimeograph process; and

WHEREAS, all these papers can be prepared in a more attractive manner at a lower cost on a multilith duplicating machine; and

WHEREAS, such a machine will take a larger sheet of paper than any of our present mimeograph style duplicators;

THEREFORE, the Director is authorized to proceed with the purchase of a multilith duplicator at an estimated cost of \$2,900.

341 The Director is hereby authorized to dispose of the following properties in Saline County, Arkansas that have been declared surplus to the needs of the Department:

1. Approximately 0.35 acres of land together with a 28 ft. by 48 ft. frame dwelling and a 12 ft. by 34 ft. frame garage, commonly known as the Junie Fowler property.
2. Approximately 0.38 acres of land together with one 24 ft. by 41 ft. frame dwelling; one 24 ft. by 26 ft. frame dwelling; one 10 ft. by 10 ft. frame shed; and one 12 ft. by 12 ft. frame shed, commonly known as the Burkes property.
3. One stucco building 44 ft. by 15 ft. and one stucco service station and garage 53 ft. by 60 ft. with 16 ft. by 28 ft. canopy both to be removed from right of way.
4. Approximately 0.17 acres of land commonly known as the Tommie Lawrence property.

342 The Director is authorized to settle the Walter C. Moore claim
on Job No. 7403, Curtis-North Road in the amount of \$350.00.

343 WHEREAS, the Purchasing Committee pursuant to authority
heretofore conveyed has awarded purchases on December 7, 14, 21,
28, 1953 and January 4, 1954, all of which are documented by official
minutes which are of record in the files of the Commission and the
Office of the Director of Equipment and Procurement.

NOW THEREFORE, IT IS ORDERED that the actions of said
Purchasing Committee in effecting the above indicated awards be
hereby ratified and confirmed in all particulars.

344 WHEREAS, it is considered necessary in the interest of efficien-
cy to establish an Area Headquarters in the Town of Pencil Bluff, and

WHEREAS, preliminary investigation indicates that Mr. Byron
Galloway of Pencil Bluff has a tract of approximately two acres, more
or less, that is suitably located for such purpose which can be pur-
chased at a cost of \$500.00, and

NOW THEREFORE, IT IS ORDERED that the Director be,
and is hereby, empowered to negotiate for the purchase of this property
at a price not to exceed \$500.00, and

BE IT FURTHER ORDERED that the Director be empowered
to perform any acts necessary for the completion of the fee simple pur-
chase of this property.

345 The following Supplemental Agreements have been examined
by the Commission and are hereby approved. The Director is instructed
to execute the agreement forms on behalf of the Commission.

<u>Job</u> <u>No.</u>	<u>FAP</u>	<u>F. C.</u> <u>No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase</u> <u>or Decrease in</u> <u>Project</u> <u>Cost</u>
9308	State	3	Vaughn-Gentry Road	McClinton Bros. Co.	\$435.00	-\$265.00
9337	F-452(5)	7	Bentonville Bypass	Ellis & Koo nce	\$950.00	-\$100.00

346 WHEREAS, Under the terms of a Cooperative Agreement
entered into on April 15, 1946, between the Arkansas State Highway
Commission and the Commissioner of Public Roads, Public Roads
Administration, the Commissioner of Public Roads agreed to construct
approximately 40 miles of State Highway No. 7, lying between
Russellville and Jasper in the Ozark National Forest, with Forest

Highway Funds; and the State Highway Commission agreed to furnish clear rights of way, except upon Government lands, and to maintain the improvement, all without expense to the Federal Government, and

WHEREAS, The work for which the Department has now been billed was performed on portions of the right of way acquired from private owners. The items were included in the Bureau of Public Roads contract in order to establish unit prices by competitive bidding,

The Director is hereby ordered to make payment in amount of \$6,966.00 to M. E. Gillioz, Contractor, Monett, Missouri for the removal of buildings and fence from the right of way on Arkansas Forest Highway Project B-7-A2, B, Pt. 2, State Highway 7-S-17, Newton County. The items of work have been certified by the Supervising Highway Engineer, Bureau of Public Roads.

347 WHEREAS, during the construction of Job 10158, Highway 63, through the city of Jonesboro, it became necessary, in order to obtain drainage, to acquire through condemnation proceedings, an easement on a strip of land 30' x 110' south of the St. Louis Southwestern Railway Main Tracks and west of Highway Survey Stations 1128/45 to 1128/75. This easement was obtained by order of Craighead County Court dated February 25, 1933, and is recorded on Page 469 of Book "P" Craighead County Court Records, and

WHEREAS, The City of Jonesboro now wishes to extend Oakhurst Street, west of Highway 63 and the City has agreed to make the necessary provisions to carry the drainage away from Highway 63 as part of the extension of Oakhurst Street; the afore mentioned strip of land 30' x 110' being no longer needed in the presence of the drainage facility provided by the said street extension,

IT IS THEREFORE ORDERED that the Director execute a Quitclaim Deed and Release of Easement for and in behalf of this Commission, at the request of the City Authorities, in behalf of the General Electric Realty Corporation releasing the rights in the said 30' x 110' strip of land now held by this Commission.

348 In Mississippi County on Highway 18 from Manila to Leachville a distance of approximately 8.7 miles, Minute Order 220, dated September 10, 1953, allotted \$41,000 for the construction of shoulders. Subsequent investigation reveals in addition to shoulder widening the entire area should be re-surfaced in order to provide a satisfactory facility. It is, therefore, ordered that the original authorization of \$41,000 be increased to \$125,000.

In all other respects the provisions of Minute Order 220 remains unchanged.

WHEREAS, this Commission by previous action has caused a survey of all of its properties to be made for the purpose of arriving at a reasonable and satisfactory property insurance program and,

WHEREAS, the firm of Rebsamen and East, through its representative Mr. John P. Corn, Chartered Property and Casualty Underwriter, has submitted its recommendations in reports dated June 25 and July 29, 1953, which are hereby made a part of this order, which has subsequently undergone extensive study and investigation and,

WHEREAS, the proposal includes the cancellation of some items, the modification of other items and the addition of items, the total value of insurance will be substantially increased and the amount of insurance premiums will be decreased, resulting in a better value to the State.

NOW THEREFORE it is ordered that the Director be and he is hereby authorized to engage the services of Rebsamen and East in establishing an insurance program in accordance with the above mentioned reports subject to the condition that all existing policies where feasible and practical be continued in force but modified in accordance with the proposed program.

The only compensation for services of the Rebsamen and East Company will be the standard policy premiums.

Employees of the Arkansas Highway Department as are defined eligible herein may take earned vacation, sick and military leave as limited by the following general policies:

VACATION LEAVE

1. Eligibility for Leave

All regular employees of the Highway Department, including those paid on an hourly basis shall be eligible for vacation leave after six months continuous employment. Vacation leave shall not apply to part time employees whose work depends upon need and weather conditions.

2. Earning of Leave

Vacation leave will be earned on the basis of two weeks for each full year period. Computation of vacation leave will begin with the first full calendar month of employment and for record purposes will be credited to the employee monthly.

3. Usage and Accrual

Vacation leave must be earned before use. Each employee who has sufficient leave to his credit may use two weeks continuous leave each calendar year. If an employee desires to take vacation leave in increments of less than one week at a time to the benefit of Depart-

ment work load and schedules, a total of ten working days per calendar may be used. No employee may use more than ten working days vacation leave in any one calendar year except upon special approval. On January 1, 1954, all vacation leave accrual in excess of fifteen days will be transferred to sick leave and annually thereafter to the limit of accrual defined under sick leave regulations.

4. Terminal Leave

Terminal leave covering unused vacation leave may be paid not to exceed one-half month.

5. Administration

Division Heads and District Engineers will be responsible for the administration of the vacation leave policies outlined herein but copies of vacation leave records shall be furnished the Personnel Division for permanent file.

SICK LEAVE

1. Eligibility for Sick Leave

Such employees of the Highway Department as have been defined eligible for vacation leave are also eligible for sick leave after three months continuous service. Sick leave is defined and shall be administered according to the following general policies.

2. Amount of Leave

Sick leave will accrue at the rate of one-half working day per calendar month of employment. Computation of sick leave will begin with the first full calendar month of employment or major portion thereof.

3. Sick leave may accrue from year to year. Unused earned vacation leave may be transferred to sick leave annually. No payment will be made for accumulated sick leave upon termination of service.

4. Usage

Employees returned from sick leave of three working days or less will sign a certificate stating that absence was due to sickness. Any sick leave of more than three working days must be accompanied by a doctor's certificate or the entire leave will be deducted from vacation leave or the salary, as the case may be.

Sick leave used in excess of accrual will be charged against vacation leave until such leave is exhausted. Then the employee will be placed on leave without pay or on the disability provision of the retirement plan if applicable.

5. Administration

Division Heads and District Engineers will be responsible for

administration of the sick leave policies outlined herein. Copies of all sick leave certificates will be furnished the Personnel Division for permanent record.

MILITARY LEAVE

Military Leave is granted State employees under the provisions of Act 465 of 1949.

Employees are granted two weeks plus necessary travel time for military leave without loss of pay, and this shall be in addition to regular vacation time allowed such employees.

RECORDS

It shall be the duty of the Director of Personnel to prepare and furnish all necessary leave forms and to keep a permanent and continuous leave record for all highway employees.

- 351 Supplementing Minute Orders No. 43 and No. 105 as they relate to the employment and classification of personnel, the Director is hereby authorized to establish as of January 15, 1954, minimum and maximum hourly rates for unskilled, intermediate and skilled employees as follows:

U N S K I L L E D.....\$0.85 - \$1.00 per hour

Mechanic - Class II

Laborer

Truck Driver

Maintenance Roller Operator

Maintenance Asphalt Raker

Carpenter Helper

Front End Loader

Operator - Rubber tired tractor

Bridge Crew Laborer (Unskilled)

Mower Operator

I N T E R M E D I A T E.....\$1.00 - \$1.30 per hour

Mechanic - Class II

Bridge Carpenter

Distributor Operator

Distributor Driver

Maintenance Patrol Operator

Oiler (Skilled)

Roller Operator (Heavy)

Heavy Truck Driver

Painter (Rough)

Asphalt Raker (High type surfacing)

Sign-man

S K I L L E D.....\$1.30 to \$1.75 per hour
Mechanic Class I

S K I L L E D.....\$1.30 to \$1.65 per hour
Asphalt Plant Superintendent
Carpenter (Journeyman)
Crane Operator
Crusher Operator (400 ton Capacity)
Master Finisher
Painter (Journeyman)
Pile Driver Operator
Power Shovel Operator
Roller Operator (Finishing high type surfacing)
Heavy Motor Patrol Operator (Qualified to finish Asphalt
Surfacing)
Bull Dozer Operator
Welder

The foregoing rates shall be continued in full force and effect until otherwise notified by this Commission.

352 WHEREAS, in CRITTENDEN COUNTY, essential highway facilities connecting with the Mississippi River bridge near West Memphis have been constructed, and

WHEREAS, the plan for needed highway facilities in the area includes a connection from U. S. Highways 70 and 79 approximately 1.1 miles east of Lehi, extending northeasterly to a junction with U. S. Highways 61 and 63 approximately 0.5 miles north of the north city limit of West Memphis, a distance of approximately 5.1 miles, and

WHEREAS, the development of the connection is desired for adequate travel facilities and for the present and future favorable development of the area, and

WHEREAS, in the interest of advance planning and for the understanding of responsibilities for cooperative development the following action is taken

NOW THEREFORE IT IS ORDERED that the Director be instructed to make the following tentative proposal to the proper officials of Crittenden County and the City of West Memphis:

Provided that Crittenden County and the City of West Memphis will:

1. Furnish all required right-of-way free of obstructions and free of cost to the State.

The Arkansas Highway Department will:

1. Provide for construction of the project at an estimated cost of \$640,000.00.
2. Begin construction within 12 months after right-of-way is available.
3. Maintain the completed facility.

This action is conditioned on (1) Program approval by the Bureau of Public Roads and (2) Acceptance by the proper local overnment officials within 90 days.

353 GREENE COUNTY on HIGHWAY 25 at the crossing of the St. Francis River the Director is authorized to proceed with the construction of the St. Francis River Bridge and approaches at an estimated cost of \$420,000.00 pursuant to the conditions of Minute Order No. 260.

354 In LEE AND PHILLIPS COUNTIES on HIGHWAY 1 from Walnut Corner to Marianna, a distance of 15.4 miles, the work of widening and strengthening pavement authorized by Minute Order 187, subject to program approval by the Bureau of Public Roads, is hereby made conditioned upon the required right of way free of obstructions being furnished free of cost to the State.

355 In POLK COUNTY on STATE HIGHWAY 88, Minute Order No. 276, providing for construction of Irons Fork and Ouachita River Bridges, is hereby modified to extend the time for acceptance an additional 60 days.

356 WHEREAS in COLUMBIA COUNTY on STATE HIGHWAY 19 in the City of Magnolia, south of U. S. Highway 82, requests have been made for paving on Jackson and Haynesville Streets which are on the presently marked route, and

WHEREAS records of the Department show that the designated route is along Washington Street and that there is no official authorization for the present marking along Haynesville and Jackson Streets, and

WHEREAS it is understood that a routing other than along Washington Street is desired to avoid further traffic congestion at the Courthouse square, and

WHEREAS the Department does not object to a routing along Jackson Street provided that a more direct route can be developed from Jackson Street to Washington Street south of Haynesville Street

NOW THEREFORE IT IS ORDERED that the Director be instructed to make the following tentative offer to the proper local officials.

Provided that Columbia County and the City of Magnolia will:

1. Provide all required right-of-way free of obstructions and free of cost to the State for a satisfactory connection from Jackson Street to Washington Street south of Haynesville Street.
2. Accept maintenance responsibility for the portion of the designated route of Highway 19 along Washington and Calhoun Streets upon completion of construction of the Jackson-Washington Street connection.

The Arkansas Highway Department will:

1. Designate the route of Highway 19 along Jackson Street and the proposed connection to Washington Street.
2. Construct a two lane (24' width) dustless pavement on Jackson Street from Taylor Street and along the proposed connection to Washington Street.
3. Maintain the route upon completion of construction.

This action is subject to the following conditions:

1. Acceptance of the offer by the proper local officials within 60 days.
2. Program approval by the Bureau of-Public Roads.
3. In case of non acceptance of the offer route markers will be placed on the designated route.

357

WHEREAS, officials in the City of North Little Rock have made presentations for the improvement of traffic handling in the city, and

WHEREAS, such city officials have also requested improved traffic facilities on Highway 67-70 between Rose City and Prothro Junction to handle the expected traffic increase incident to the construction and operation of the Jacksonville Air Base, and

WHEREAS, it is entirely probable that a considerable time element will be involved before the new location of Highway 67 north of North Little Rock and serving the air base can be constructed and placed in service, and

WHEREAS, the proper officials and representatives of citizen's groups have expressed co-operative interest in accomplishing these needed improvements,

NOW THEREFORE BE IT ORDERED that the Director is hereby instructed to make the following tentative offer to the proper officials of the City of North Little Rock:

Provided that the City of North Little Rock will:

1. Remove parking on US Route 65 from the Broadway Bridge to the

north end of Pike Avenue.

2. Remove parking on US 67-70 from Locust Street to Prothro Junction.
3. Construct an approved type of curb and gutter from Rose City to Prothro Junction to provide for a 40 foot wide highway.
4. Place a dustless surface pavement from the edge of the existing highway to sidewalk lines on Route 176 through the Levy business section.
5. Save harmless the State Highway Department from any claims for right of way or property damage that might be connected with the work.

The Arkansas Highway Department will:

1. Furnish all necessary engineering.
2. Widen and resurface the pavement between Rose City and Prothro Junction to 40 foot width, which will match the present facility on East Broadway which is Route 67-70, and the Department will maintain the facility after completion.
3. Resurface the existing bituminous pavement through the Levy business section on Route 176.

Upon acceptance of the provisions of this order by the proper officials of North Little Rock within ninety days and conditioned upon the State portion of the work between Rose City and Prothro Junction being approved by the Bureau of Public Roads as a Federal-aid project, the Director is authorized to proceed with the above described construction and resurfacing work.

358 WHEREAS, the Arkansas State Highway Commission is charged with the proper signing, marking, striping and traffic controlling on the Official State Highway System, and

WHEREAS, for the safety, welfare and convenience of the public, such practice should be based on proper and accepted engineering study and determination and in conformity with recommended uniform methods and practices, and

WHEREAS, State statute and the provisions of Section 12 of the Federal-aid Highway Act of 1944 requires such procedures and practices,

THEREFORE BE IT ORDERED, that the Director of Highways be and is hereby authorized to perform such signing, marking, striping, channelization, light control installations at rural locations, and roadway illumination as engineering study and judgment indicate is necessary to promote safe and efficient utilization of the highways. All such traffic control to be in accordance with the currently approved Arkansas Manual on Uniform Traffic Control Devices for Streets and

Highways and the latest available Manual on Uniform Traffic Control Devices for Streets and Highways as prepared by the Joint Committee on Uniform Traffic Control Devices and approved by the Bureau of Public Roads.

It is further ordered that petitions from towns and cities to install traffic control devices on State Highway extensions within corporate limits shall be subjected to an engineering analysis to determine if warrants as outlined in the above manuals are met or exceeded. If such warrants are satisfied, permission to install and operate approved devices or signs shall be granted. If minimum warrants are not satisfied, but an unusual accident history exists at a location, minimum warrant requirements may be waived and permission given for a trial operation of the proposed traffic control installation.

All work performed under this order shall have advance authorization by the Commission.

359 In BENTON and WASHINGTON COUNTIES on U. S. HIGHWAY 71, from Rogers to Fayetteville, a distance of approximately 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$1,100,000.

This action is conditioned as follows:

1. Program approval by the Bureau of Public Roads.
2. That additional right-of-way will be required only at sections where relocations are made and where necessary or proper construction, not to exceed 120 ft. width.
3. That all required right-of-way free of obstructions will be furnished free of cost to the State.
4. Where full width pavement is desired in cities or built up areas the State will provide the additional pavement width agreed upon provided the local government agency will provide curb and gutter and storm sewer drainage where necessary.
5. Acceptance of the provisions of this order by the proper officials of the Counties and affected Cities within 60 days.

Recess was declared at 12:30 P. M. and the afternoon session convened at 1:30 P. M. with all Commissioners present. Public hearings were then held on various improvements. See Hearing Docket for the record of groups present and improvements desired.

At the completion of the Hearings the Commission returned to regular session and additional proceedings were taken as follows:

360 WHEREAS in LAFAYETTE AND MILLER COUNTIES Minute Order 264 extended a proposal for the construction of Highway

160 from Bradley to Doddridge, which has not been accepted and,

WHEREAS, in LAFAYETTE COUNTY the citizens desire construction on the highway from Bradley west, approximately 10 miles, on the basis of Minute Order 264 and,

WHEREAS, modification for construction is satisfactory to the Department

NOW THEREFORE IT IS HEREBY ORDERED that the Director tender to the County Judge of Lafayette County the following tentative proposal:

Provided that Lafayette County will:

1. Provide all required right of way free of obstructions and free of cost to the State.
2. Provide \$50,000 or one-fourth of the estimated cost of construction to be paid as follows: (1) \$30,000 in cash on or before the receipt of bids and (2) \$20,000 from County Turnback Funds, \$2,500 of which shall be paid each quarter beginning April 1, 1954 and ending April 1, 1956.

The Arkansas Highway Department will:

1. Furnish preliminary engineering free of cost to the County.
2. Furnish three-fourths of the construction cost of the project beginning at Bradley and extending westerly on Highway 160 for a distance the \$200,000. construction fund will provide as determined by bid prices.
3. Construct a two lane dustless road.
4. Maintain the road upon completion of construction.

This action is subject to the following conditions:

1. Acceptance by the County within 60 days
2. Program approval by the Bureau of Public Roads.
3. Procedural approval by the Attorney General of the State of Arkansas.
4. Construction will not be started prior to July 1, 1954.

361

In LAWRENCE COUNTY on U. S. HIGHWAY 67 from Walnut Ridge to Hoxie, a distance of approximately 1.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$62,000.

This action is conditioned upon the following:

1. Program approval by the Bureau of Public Roads.

2. That no additional right-of-way will be required.

362 In JEFFERSON COUNTY on U. S. HIGHWAY 65 from Pine Bluff to Dexter, a distance of approximately 8.3 miles, and from Pine Bluff to intersection of Highway 81, a distance of approximately 4.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$645,000.

This action is conditioned upon the following:

1. Program approval by the Bureau of Public Roads.
2. That no additional right-of-way will be required.

363 In SEBASTIAN COUNTY on HIGHWAY 22 from Fort Smith to intersection of Highway 96, a distance of approximately 11.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$649,000.

This action is conditioned upon the following:

1. Program approval by the Bureau of Public Roads.
2. That no additional right-of-way will be required.

364 St. Francis & Lee Counties, Job No. 11444, FAP S-207 (1). The contract for the construction of approximately 11.447 miles of Grading, Minor Drainage Structures, Gravel Base and one R. C. and Structural Steel I-Beam Bridge (103.3 Ft.) on the Wheatley-Marianna Road, State Highway 78, Section 1 & 2, is awarded to Pardue and Humphries, Memphis, Tennessee, on their low bid of \$156,876.88, subject to the concurrence of the Bureau of Public Roads.

365 Lafayette County Job No- 3376, FAP S-467(5). The contract for the construction of approximately 9.272 miles of Grading, Gravel Base and Dense Graded Asphaltic Hot Mix Surface Course on the Lewisville-Bradley Road, State Highway 29, Section 1, is awarded to R. H. Davis Company, Stamps, Arkansas, on their low bid of \$121,911.94, subject to the concurrence of the Bureau of Public Roads.

366 Nevada County, Job No. 3475. The contract for the construction of approximately 11.0 miles of Gravel Surface Course on the Rosston-East Road, State Highway 4, Section 7, is awarded to the Mississippi Valley Construction Company, Inc., Paragould, Arkansas, on their low bid of \$19,754.00.

367 Pulaski County, Job No. 6449, FAP FI-01-2(1) and U-01-2(2). The contract for the construction of approximately 8.898 miles of Portland Cement Concrete Pavement with Stabilized Shoulders on the Little Rock - Benton Road, U. S. Highway 70, Section 12, is awarded to Ben M. Hogan & Co., Little Rock, Arkansas, on their low bid of \$855,349.46, subject to the concurrence of the Bureau of Public

Roads.

368 Prairie County, Job No. 6470, The contract for the construction of approximately 21.96 miles of Gravel Surface Course on the Des Arc-West and DeValls Bluff-South Roads, State Highway 38 and State Highway 33, Sections 1 and 2, is awarded to Graves Brothers, Contractors, Pine Bluff, Arkansas, on their low bid of \$53,048.65.

369 Clark County, Job No. 7420, FAP S-209(9). The contract for the construction of approximately 10.66 miles of Grading, Minor Drainage Structures, Gravel Base, Four R. C. Slab Span Bridges and Remodeling Three Bridges on the Murfreesboro-Arkadelphia Road (Hollywood-East & West), State Highway 26, Section 4, is awarded to the W. C. Burrow Company, Malvern, Arkansas, on their low bid of \$197,500.34, subject to the concurrence of the Bureau of Public Roads.

370 Dallas County, Job No. 7442. The contract for the construction of approximately 11.8 miles of Gravel Surface Course on the Dalark-Sparkman Road, State Highway 7, Section 5, is awarded to Linwood Smith, Lake Village, Arkansas, on his low bid of \$7,351.40.

371 Clark County, Job No. 7443. The contract for construction of approximately 17.4 miles of Gravel Surface Course on the Okalona-Terre Noir Creek and Gravel Junction-Ouachita River Bridge Roads, State Highway 51 and State Highway 7, Sections 1, 2 & 6, is awarded to the Steinberg-Boyd Construction Company, Tulsa, Oklahoma, on their low bid of \$14,363.78.

372 Mississippi County, Job 10478, 5.0 miles of Gravel or Crushed Stone Surface Course on Selected Sections on the Number Nine-Huffman Road, State Highway 150, Section 1. All bids were rejected.

373 WHEREAS, on basis of bids received January 13, 1954 by the State Department of Finance and Administration under bid reference S-53-873 dated December 28, 1953, on 160 motor vehicles pursuant to Highway Commission Minute Order No. 186, purchases are hereby awarded to the low bidders as follows:

374 IT IS ORDERED that the Regular Meeting of the State Highway
Commission be closed at 4:45 P. M., January 14, 1954.

This is to certify that the foregoing is a true and correct record of
the proceedings taken by the Arkansas State Highway Commission at
its Sixteenth Regular Meeting in Little Rock, Arkansas on January 14,
1954.

ARKANSAS STATE HIGHWAY DEPARTMENT
LITTLE ROCK, ARKANSAS
March 1, 1954

ADMINISTRATIVE CIRCULAR NO. 54-26

TO: ALL DIVISION HEADS, ACTING DISTRICT ENGINEERS, AND
DISTRICT MAINTENANCE SUPERINTENDENTS

There is transmitted herewith for your information and files a copy of the Minutes of the February 25, 1954 Commission Meeting.

You are requested to carefully review this record and to take appropriate action through designated lines of authority to ensure compliance with any orders that apply to your respective divisions or districts.

Herbert Eldridge
Director of Highways

VES:fj

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
February 25, 1954

The following is the record of the proceedings of the Seventeenth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on February 25, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

375 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., February 25, 1954.

376 WHEREAS, the Purchasing Committee pursuant to authority heretofore conveyed has awarded purchases on January 11, 18, 25 and February 1, 8, 12 & 15, 1954, all of which are documented by official minutes which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement.

NOW THEREFORE, IT IS ORDERED that the actions of said Purchasing Committee in effecting the above indicated awards be hereby ratified and confirmed in all particulars.

377 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at, or near, the City of Mena in Polk County, and

WHEREAS, a preliminary investigation indicates that Lots #2 (110' x 300') and #3 (111' x 300') of the Middleton Sub-Division to the City of Mena, which are suitably located for this purpose, can be purchased from the J. Albert Middleton Estate through Mary Reeves, Executrix, for a total price of \$600.00

NOW, THEREFORE, IT IS ORDERED that the Director be, and he is hereby, empowered to negotiate for the purchase of the above mentioned lots at a total price for the two lots not to exceed \$600.00 and

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

378 In SEARCY and STONE COUNTIES on Highway 66 between Oxley and Alco the present county road is hereby designated as the

temporary route of the highway pending construction on the designated route.

- 379 The following Supplement Agreement has been examined by the Commission and is hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job No.</u>	<u>FAP</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or De cre ase in Pro ject Cos t</u>
2449	S-129(1)	1	Plum Bayou Bridge & Approaches	Southeast Constr. Co., Inc.	\$100.00	\$145.00

- 380 It is proposed to install three phase electric service to District 8 Headquarters at Russellville, Arkansas.

This service is to replace the present single phase service and will make possible the use of electrical equipment operating on 120 to 230 volts and will not increase the cost of the same amount of electric service but will allow the use of three phase equipment which is lower in initial cost and which operates more efficiently.

The Director is hereby authorized to execute an agreement with the Arkansas Power and Light Company to provide three phase electric service to the District 8 Headquarters at Russellville, Arkansas.

- 381 In YELL COUNTY on Highway 7, Section 13, at Dardanelle, the Director is authorized to proceed in the most feasible and economical manner with replacing the present timber deck on the Arkansas River Bridge (362 Lin. Ft.) with a steel and concrete deck at an estimated cost of \$43,000.00.

- 382 In COLUMBIA COUNTY on U. S. Highway 82 at the crossing of Big Creek the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing Big Creek and Relief bridges at an estimated material cost of \$24,200.00.

- 383 WHEREAS in PULASKI COUNTY on the temporary truck route in the City of Jacksonville serving U. S. HIGHWAY 67, traffic congestion and steep grade on East Main Street as well as increased traffic due to the Bomber Base Construction has brought a request from city officials for a modification of the temporary truck route and

WHEREAS the proposed route would extend along South Oak and North Oak Streets to East Center Street thence along East Center and West Center Street to intersection with U. S. Highway 67 thereby increasing the distance of the temporary truck route by approximately 0.3 mile, and

WHEREAS the proposal will not adequately provide for detour traffic but will afford some relief of traffic congestion at the intersection of U. S. Highway 67 and Main Street

NOW THEREFORE IT IS ORDERED that the Director be and is hereby instructed to tender the following offer to the proper officials of the City of Jacksonville.

Provided that the City of Jacksonville will:

1. Provide all required right-of-way free of obstructions and free of cost to the State.
2. Provide for automatic protective devices at the crossing of the Missouri Pacific Railroad tracks on Center Street.
3. Provide 6 inch thickness of additional base material, meeting the requirements of the specifications of the Department, on the section from East Main Street to U. S. Highway 67 on Center Street.

The Arkansas Highway Department will:

1. Construct a double asphalt surface treatment on the base placed by the City.
2. Maintain the temporary truck route until the completion of the relocated section of U. S. Highway 67 in the area.

Upon acceptance of the provisions of this order within 60 days by the proper officials of the City of Jacksonville and upon fulfillment of the work to be performed by the City the Director is authorized to proceed with the State's portion of the work in the most feasible and economical manner.

384 In MISSISSIPPI COUNTY on HIGHWAY 181 from Highway 151 west and south, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel on sections at an estimated material cost of \$23,000.00.

385 In OUACHITA COUNTY on STATE HIGHWAY 7 from U. S. 79 to Amy, a distance of approximately 11.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$19,200.00.

386 In HEMPSTEAD COUNTY on STATE HIGHWAY 73 from State Highway 4 to intersection with State Highway 32, a distance of

approximately 11.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$26,400.00.

387 It shall be the policy of the State Highway Commission that reasonable access will be allowed from abutting property to the State Highway System by permit unless the portion of the State Highway involved has been declared, constructed and operated under the provisions of controlled access legislation.

Where sufficient right of way is acquired for the purpose of ultimately limiting access by means of service roads when the need for such control is indicated, permission for individual access drives to the highway may be granted with the provision that such drives will be removed by the Department when the service road is provided by the Department.

Along highways on the Federal-aid Primary System constructed to accepted modern geometric standards since 1946 egress and ingress for commercial establishments shall be channelized so as to eliminate random fringe traffic friction and to preserve corners at intersections for pedestrian refuge, highway signing and preservation of sight distance.

If a means of access to abutting property exists at the time the construction project is undertaken and such construction or reconstruction requires the replacement or adjustment of the entrance the cost of the work will be chargeable to the project. If need for access develops subsequent to the beginning of the highway the installation must conform to Highway Department requirements as to layout, location, size of waterway opening, flow line elevations, length of entrance and the kind of drainage structures used. In installing entrances to private residential property the property owner shall furnish the approved drainage structure at his expense and the Department will make the installation and stand the remainder of the expense.

The Director of Highways is directed to develop standards for permissible types of entrances in line with the above stated policy. The standards are to include geometric layouts and the types and kinds of drainage structures that will be permitted for both temporary and permanent installations and the permit procedure to be used in authorizing the installation of side drives on the highway right of way.

388 The Director is hereby authorized to proceed with payment of 1954 membership dues of the Arkansas Highway Department in the American Road Builders' Association in the amount of \$37.50.

389 The Director is hereby authorized to proceed with all preparation necessary for the granting of awards in longevity service to Highway employees.

These awards shall consist of lapel pins, certificates and/or other similar measures for recognition of Employee service in increments of five years beginning with ten years of service in the Department.

390 In LAWRENCE COUNTY on HIGHWAY 25 Minute Order 311 extending an offer for the construction from Powhatan to U. S. 63 and for business route of U. S. 63 in Black Rock, a distance of approximately 3.3 miles, is hereby modified to extend the time for acceptance an additional 60 days. All other provisions of the order remain unchanged.

391 In MARION and BOONE COUNTIES on HIGHWAY 14 Minute Order 314 extending an offer for construction from Lead Hill to a point near Dodd City, a distance of approximately 13.8 miles, is hereby modified to extend the time for acceptance an additional 60 days. All other provisions of the Order remain unchanged.

392 In CRAWFORD COUNTY on U. S, HIGHWAY 64, Job No. 4367, on bids received January 29, 1954, for the sale of the residue of the O. H. Walker property as authorized by Minute Order No.184 the bid of T. L. Lansdell in the amount of \$5,061.00 is hereby accepted and the Director is authorized to proceed with all measures necessary to consummate the transaction

393 In COLUMBIA COUNTY the official routing for U. S. HIGHWAY 82-S-3 and STATE HIGHWAY 98-S-1 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically as: "Proposed Designation of State Highway Routes & Sections at Waldo, Columbia County" dated January 1, 1954.

By this action and in conformity with existing Supreme Court decisions, old U. S. Highway 82 which began at a point approximately 43 miles east of the junction of State Highway 19 and present U. S. Highway 82 at the approximate east city limits of Waldo and which ran in a southerly and easterly direction a distance of approximately 1.1 miles to a junction with new U. S. Highway 82 approximately .58 miles south of the junction of U. S. Highway 82 and State Highway 98 is hereby declared to be no longer a part of the State Highway System.

394 WHEREAS, Act 117 of 1953 directs the State Highway Commission to collect and place in printed form in a single properly indexed volume all the laws of the State and the United States which pertain or relate to the Arkansas Highway System and to annotate the same with all relevant decisions of the Arkansas Supreme Court, opinions of the Attorney General, administrative rules, regulations and orders, and

WHEREAS, investigations have been made regarding qualifications and fee for performing said services and former Attorney General Ike Murry has offered his services at a fee of \$2,500.00 on specifications acceptable to the Department, and

WHEREAS, the proposal of Mr. Murry is satisfactory to the Commission.

NOW, THEREFORE, the Director is authorized to proceed with execution of agreement with Mr. Murry for the required services.

395 WHEREAS, it is found in completing the bridges and constructing the immediate approaches thereto in Newton County, Highway 123, which construction was originally authorized by Minute Order 245, that right-of-way will have to be provided to build a mile of roadway and that right of entry was originally given only for the building of the sub-structure units of the bridges, which are now in place, and

WHEREAS, additional funds should be authorized to complete the approaches and the bridges in order to make them usable,

NOW THEREFORE BE IT ORDERED, that the Director make an offer to the County Officials of Newton County that upon assurances that the necessary right-of-way will be furnished free of cost to the State, that the dismantling of the bridge trusses on Highway 62 on the White River in Carroll County will be started and transferred to the existing sub-structures on Highway 123 in Newton County and the project completed for use and an additional allotment of \$20,000 be made available to finance the cost of the approaches.

396 In ARKANSAS COUNTY on HIGHWAY 11 in Stuttgart from the railroad spur track to the concrete pavement section, a distance of approximately 1510 lineal feet, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$30,000.

This action is taken to fulfill a commitment made by the Commission June 25, 1952.

397 WHEREAS, the City Council of Camden has petitioned the Missouri Pacific Railroad for protection of the grade crossing on US Highway 79, on Jackson Street, in the City of Camden, and

WHEREAS, investigation shows that a serious hazard exists at said grade crossing, and

WHEREAS, the Railroad Company has concurred in the need for protecting this crossing and agreed to participate in the cost of such

work to the usual 10 per cent,

THEREFORE, BE IT ORDERED, that the Director proceed with the signal installation at an estimated cost of \$5,000 subject to approval of the Bureau of Public Roads.

398 In CRITTENDEN COUNTY on U. S. HIGHWAY 63 from the intersection of U. S. Highway 61 North approximately 1.74 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$85,000.00. This action is conditioned on present right-of-way being adequate for the proposed improvement and subject to program approval by the Bureau of Public Roads.

399 WHEREAS, in Crittenden County local interests have appeared in the interest of the further improvement of Highway 50 from the Junction of State Highway 147, to Bruins, which is estimated to cost \$80,000 and

WHEREAS, they have offered to assist in financing the cost of construction and

WHEREAS, the road has merit for construction at this time on the basis of local participation in the cost of construction.

NOW, THEREFORE, IT IS ORDERED that the Director tender to the County Judge of Crittenden County the following tentative proposal:

Provided that Crittenden County will:

1. Provide all required right-of-way free of obstructions and free of cost to the State.
2. Provide one-fourth (1/4) of the estimated cost of construction.

The Arkansas Highway Department will:

1. Furnish preliminary engineering free of cost to the County.
2. Furnish three-fourths of the cost of construction of the project.
3. Construct a two lane dustless road.
4. Maintain the road upon completion.

This action is subject to the following conditions:

1. The acceptance by the County within 60 days.
2. Program approval by the Bureau of Public Roads.
3. Procedural approval by the Attorney General of the State of Arkansas.
4. Construction will not be started prior to January 1, 1955.

400 In FULTON and SHARP COUNTIES on U. S. HIGHWAY 62 from Salem to Hardy, a distance of approximately 28 miles, the Director is authorized to proceed with surveys, investigations and plan preparation for grading, drainage structures and surfacing and when right-of-way and plans are available to bring to the attention of the Commission for consideration of finance. This action is taken in order to expedite construction when funds are available in the next federal aid program and is conditioned on the following:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the proper local government officials will be received by January 1, 1955.
3. Program approval by the Bureau of Public Roads.

401 In CRAIGHEAD and POINSETT COUNTIES on HIGHWAY 143 between Caraway and Lepanto the Director is authorized to proceed in the most feasible and economical manner with the work of replacing bridges at Left and Right Hand Chutes on Little River at an estimated cost of \$197,500.00.

402 WHEREAS, Federal forest highway funds are currently being used without state matching for the completion of construction on forest sections of State Highway 7, and

WHEREAS, there is an unprogrammed balance of approximately \$189,565.00 available for use on other state highway routes in national forests, and

WHEREAS, there is understanding with officials of the Forest Service and the Bureau of Public Roads that the next item for program is on the section of Highway 23 in the Ozark National Forest North of Ozark, and

WHEREAS, Highway 23 has merit for expeditious completion of construction

NOW THEREFORE the Director is authorized to proceed with program of available Forest funds on Highway 23 on the basis of utilizing state funds for matching in accordance with governing regulations.

403 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:45 P. M., February 25, 1954.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Seventeenth Regular Meeting in Little Rock, Arkansas on February 25, 1954.

V. E. Scott
Administrative Assistant

ARKANSAS HIGHWAY DEPARTMENT'

FROM THE PRESS

PARIS PROGRESS, Feb. 22, 1954

"We hope Eisenhower's Federal Aid Highway Bill, giving Arkansas an additional \$3.3 million dollars to build highways doesn't get lost. We need the improved highways in every section of the state, but more than any thing else we need the employment this work will provide. The new Highway Bill is now before the House Public Works Committee, of which congressman Trimble is a member. If and when the bill is passed Arkansas will receive about \$4,495,000 in federal funds for primary road projects and \$3,597,000 in federal funds for the secondary road system. The Urban (city) projects on Arkansas Highways will receive \$827,000 in federal funds. This amount plus the state funds spent by the highway department should provide several miles of modern highways. With this amount of money to be spent on highways maybe we can influence the state to do something about the Scranton, Prairie View road to Midway."

ARKANSAS HIGHWAY DEPARTMENT

FROM THE PRESS

BETTER ROADS MAGAZINE - Feb. 1954

"ANY COMPLAINTS?"

Does Any Public Agency have more complaints to deal with than a highway department? Almost the first thing a highway official has to learn, if he expects to stay on the job, is how to handle complaints. Beyond the proverbial soft answer, there are three inflexible rules, most of our Forum contributors this month agree. First, acknowledge receipt of a complaint at once if it comes by letter. Second, make arrangements for some member of the highway staff to review the problem in person with the complainant at the site involved. This offers convincing evidence of the department's interest, and the trouble can often be cleared up on the spot. Third, where further remedial action is required, give the person who made the complaint a full explanation of what has been done and why. Well-founded complaints are useful to a highway administrator. They afford a measure of the department's operating efficiency, and they make it possible to correct small troubles while they are still small. Many complaints are unjustified, of course. One engineer estimates that only 60 per cent of the complaints he receives are with real foundation. But it is a good thing to dispose of fancied grievances, which may otherwise remain as a cause of permanently strained relations."

ARKANSAS STATE HIGHWAY DEPARTMENT
LITTLE ROCK, ARKANSAS
March 15, 1954

ADMINISTRATIVE CIRCULAR NO. 54-32
TO: ALL DIVISION HEADS AND ACTING DISTRICT ENGINEERS

There is transmitted herewith for your information and files
a copy of the Minutes of the March 11, 1954 Commission
Meeting.

You are requested to carefully review this record and to take
appropriate action through designated lines of authority to
ensure compliance with any orders that apply to your respec-
tive divisions or districts.

Herbert Eldridge
Director of Highways

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
March 11, 1954

The following is the record of the proceedings of the Eighteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on March 11, 1954 at which time the following members were present:

Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

404 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., March 11, 1954.

405 Allotment is hereby made, from the current Highway Construction Appropriation, in the amount of \$1,614,390.00 for construction of the following listed projects on which contract awards and/or rejections were made by Minute Orders 364 through 372 at the regular meeting of the Commission on January 14, 1954.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
11444	S-207(1)	78	Lee and St. Francis	\$172,540.00
3376	S-467(5)	29	Lafayette	\$134,050.00
3475	State	4	Nevada	\$21,720.00
6449	U-01-2(2)			
	FI-01-2(1)	70	Pulaski	\$986,560.00
6470	State	38 & 33	Prairie	\$58,350.00
7420	S-209(9)	26	Clark	\$217,230.00
7442	State	7	Dallas	\$8,080.00
7443	State	51 & 7	Clark	\$15,800.00
*10478	State	150	Mississippi	\$60.00
				<u>\$1,614,390.00</u>

* Advertising expense for job on which all bids were rejected.

406 WHEREAS, the Purchasing Committee pursuant to authority heretofore conveyed has awarded purchases on February 19, March 1, and March 8, 1954, all of which are documented by official minutes which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement;

NOW THEREFORE, IT IS ORDERED that the actions of said Purchasing Committee in effecting the above indicated awards be hereby ratified and confirmed in all particulars.

407 Bid Reference No. M-54-360, 100 - 3 C. Y. Medium Duty

Dump Bodies with 7" hoist and power takeoff installed. The purchase was hereby awarded to the Davis Wrecking and Equipment Company of Little Rock, Arkansas on their low bid of \$41,500.00.

408 WHEREAS, it appears that action was taken by a former Highway Commission to relieve Crawford County of all cost in the acquisition of a right of way for the Van Buren-Alma Road, and

WHEREAS, the Highway Department has paid all right of way claims on this road except the claims of W. B. Byars and Tony Christello, and

WHEREAS, on January 14, 1954 these claims were tried in the Crawford County Circuit Court resulting in a jury verdict in favor of W. B. Byars in the amount of \$14,000.00 and Tony Christello in the sum of \$11,000.00; judgment was entered by the Court for these amounts with interest and cost.

NOW, THEREFORE, IT IS ORDERED that the Director is hereby authorized to approve the payment of the amount of these judgments.

409 WHEREAS, on basis of bids received March 9, 1954, by the State Department of Finance and Administration under Bid Reference S-54-126 dated February 12, 1954, on 147 motor vehicles pursuant to Highway Commission Minute Order No. 258 purchases are hereby awarded to the low bidders as follows:

Items Nos. 1 - 5 - 9 - 12 - 15 - 18 - 22 - 26 - 30 - 31 - 34 and 37.
100 - Ford F-600 - Chassis and Cab 130" WB - 16000 GVW
White County Motor Company, Searcy Arkansas

Per Unit \$1,469.09 ea.

Total \$146,909.00

Items Nos. 1A - 5A - 9A - 12A - 15A - 18A - 22A - 26A - 30A - 31A
34A and 37A

Sell or trade 92 old vehicles to the following dealers on their high bids;

Item 1A - 10 Old units to E. Snyder & Co., Forrest City, Ark.	\$ 1,010.50

WHEREAS in SALINE COUNTY ON U. S. HIGHWAY 167
 from Pulaski County Line to the Grant County Line, right-of-way
 acquisition for Job 6422 has proceeded on the basis of 75 state
 participation in the cost, and

WHEREAS, negotiations for settlements needed for completion
 of right-of-way acquisition on which agreed settlements are possible
 have developed amounts in excess of appraisal value but which are

justified by subsequent appraisals of this Department, and

WHEREAS, SALINE COUNTY has agreed to participate 50% in the cost of settlement of the following claims

NOW THEREFORE IT IS ORDERED That the Director be and is hereby authorized to proceed with settlement of the following on the basis of 50% state participation.

<u>Owner</u>	<u>Recommended Settlement</u> <u>Amount</u>
1. J. T. Wilkerson	\$300.00
2. J. B. Wells	\$342.00
3. L. J. Miller	\$160.00

411 In DALLAS and CLEVELAND COUNTIES ON U. S. HIGHWAY 167 from Ivan to Junction Highway 48, a distance of approximately 11.6 miles, (Job 1280) the work of widening and strengthening pavement authorized by Minute Order 272, subject to program approval of the Bureau of Public Roads is hereby further conditioned as follows:

1. All required right-of-way to provide a minimum width of 120 feet, free of obstructions, will be furnished free of cost to the State.
2. Acceptance of the provisions of the order by the proper County officials-within 60 days.

412 In MILLER and LAFAYETTE COUNTIES on U. S. HIGHWAY 82 at the crossing of the Red River the Director is authorized to enter into agreements with the U. S. Engineers, and the Cotton Belt Railroad Company for bank protection work needed for the protection of the highway and railroad bridges at an estimated cost to the Department of \$35,000.00.

413 MINUTE ORDER 109 authorizing the installation of air conditioning units in the Highway Building is hereby modified to include the Materials and Test and Accounting Sections at a revised total estimated cost of \$42,000.00

414 On U. S. HIGHWAY 70 from Little Rock to West Memphis, the Director is authorized to proceed with a study and report on the feasibility of tolls for financing the construction of a modern highway facility, utilizing nationally recognized consulting engineering services. This action is taken at the request of the Legislative Council Committee on Roads.

415 In BOONE and MARION COUNTIES the official routing for HIGHWAY 43-S-3 and HIGHWAY 14-S-1 and S-2 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this order

and which is identified more specifically as: "Proposed Designation of State Highway Routes and Sections in the vicinity of Lowry and Lead Hill, BOONE and MARION COUNTIES" dated November 17, 1953.

By this action, and in conformity with existing Supreme Court decisions, two sections of road formerly a portion of Highway 14, now replaced by relocations and reconstruction and which are described as follows: (1) Beginning at a point where the westerly relocating started approximately 6.1 miles east of Omaha, thence in a generally easterly direction to and across the Bear Creek Bay of Bull Shoals Lake, thence in a southeasterly direction to the eastern end of the- relocation, approximately 12.9 miles via relocated Highway 14 east of Omaha-the replaced Section being approximately 6.3 miles long-and 2)Beginning at a point where the easterly rerouting started approximately 3.7 miles northwesterly of Lead Hill, thence southeasterly to and across the East and West Sugar Loaf Creek Bays of Bull Shoals Lake, and the Boone-Marion County Line, to the end of the relocation approximately 2.5 miles southeasterly of Lead Hill, the replaced Section being approximately 6.2 miles long, are hereby declared to be no longer a part of the State Highway System.

416 In SEARCY COUNTY the official routing for State Highway 27 immediately north of Marshall shall follow the completed new construction as indicated on the attached sketch map, which is hereby made a part of this Order and which is identified more specifically as: "Changed Designation of State Highway Routes and Section in the Vicinity of Marshall Searcy County," dated March 15, 1954.

By this action and in conformity with existing Supreme Court decisions old State Highway 27 for a distance of approximately 3.27 miles northerly from Marshall to the junction with the relocated section, as shown on the aforementioned sketch, is hereby declared to be no longer a part of the State Highway System and is replaced by approximately 3.15 miles as relocated.

417 In PULASKI COUNTY on HIGHWAY 30 from U. S. Highway 70 at Rose City, southeast a distance of approximately 6.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$192,000.00.

418 In DALLAS COUNTY the Director is hereby authorized to proceed in the most feasible and economical manner with bridge replacement on HIGHWAY 8, Section 6, at West Tulip Creek and Cypress Creek at an estimated cost of \$41,200.00.

419 In PHILLIPS COUNTY the Director is hereby authorized to proceed in the most feasible and economical manner with the placement of gravel on approximately 8.5 miles of HIGHWAY 49, Section 0, at the estimated cost of \$44,000.00.

420 In ST. FRANCIS COUNTY the route of HIGHWAY 75 is hereby modified to provide for its southern terminus at the intersection with U. S. Highway 70 and the route of HIGHWAY 38 is hereby modified to include that portion of Highway 75 from U. S. Highway 70 south to intersection with Highways 38 and 50 at Widener. The Director is authorized to proceed with route modifications and signing in accordance with this action.

421 In PULASKI COUNTY on HIGHWAY 30 from a point northwest of Scott to Scott, a distance of approximately two miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and base on new location at an estimated cost of \$123,500.

 This action is conditioned as follows:

1. All required right of way free of obstructions will be furnished free of cost to the State.
2. The portion of the present route within the limits of this project will be abandoned as a state supported route upon completion of construction on new location.
3. Acceptance of the provisions of this order by the proper local government officials within 60 days.

422 Miller County, Job No. 3427, FAP U-01-1(3), F-FI-01-1(4). The contract for the construction of approximately 6.762 miles of grading, minor drainage structures, Portland Cement Concrete Pavement and two R. C. Bridges (162 ft.) on the Texarkana-Paup's Spur Road, U. S. Highway 67, Section 1, is awarded to Reynolds & Williams, Little Rock, Arkansas on their low bid of \$610,917.73 subject to the concurrence of the Bureau of Public Roads.

423 Lonoke County, Job No. 6430, FAP F-02-4(3). The contract for the construction of approximately 22.860 miles of grading, minor drainage structures, widening and resurfacing Portland cement concrete pavement with asphaltic concrete hot mix surface on the Pulaski County Line-Carlisle Road, U. S. Highway 70, Sections 14 & 15, is awarded to Reynolds & Williams, Little Rock, Arkansas on their low bid of \$741,355.41 subject to the concurrence of the Bureau of Public Roads.

424 Lonoke County, Job No. 6447, FAP S-139(2). The contract for the construction of approximately 10.054 miles of grading, minor drainage structures, gravel or crushed stone base, road mix bituminous surface course and 4 R. C. bridges (288.0 ft.) on the Coy-Lonoke road, State Highway 31, Section 2, is awarded to McGeorge Construction Company, Inc. of Pine Bluff on their low bid of \$329,127.35 subject to the concurrence of the Bureau of Public Roads.

- 425 Prairie County, Job No. 6462, FAP S-361(1). The contract for the construction of approximately 11.496 miles of grading, minor drainage structures, bituminous stabilized base and bituminous surface treatment on the Des Arc-Griffithville road, State Highway 11, Section 10, is awarded to the Steinberg-Boyd Construction Company of Tulsa, Oklahoma on their low bid of \$265,509.98 subject to the concurrence of the Bureau of Public Roads.
- 426 Calhoun and Bradley Counties, Job No. 7434, FAP F-012-1(1). The contract for the construction of approximately 3.705 miles of grading, minor drainage structures, gravel base, road mix bituminous surface course and 8 R. C. bridges (1450 ft.) on the Harrell-Warren Road, State Highway 4, Sections 11 & 12, is awarded to the W. R. Fairchild Construction Company, Ltd., of Hattiesburg, Mississippi on their low bid of \$301,746.47 subject to the concurrence of the Bureau of Public Roads.
- 427 Perry County, Job No. 8356, FAP S-81(2). The contract for the construction of one reinforced concrete and structural steel I-Beam bridge (252.17 ft.) and approaches (0.250 mi.) over Big Maumelle River on the Perryville-Benton Road, State Highway 9, Section 6, is awarded to R. H. Davis, Stamps, Arkansas on his low bid of \$52,650.46 subject to the concurrence of the Bureau of Public Roads.
- 428 Pulaski County, Job No. 1275. The contract for the construction of approximately 0.214 miles of grading, Portland Cement Concrete Base and asphaltic concrete hot mix surface course for a widened section on Wood Lane on East side of Capitol Grounds in Little Rock is awarded to R. W. Hammock of Van Buren, Arkansas on his low bid of \$19,978.50 subject to the concurrence of the Bureau of Public Roads.
- 429 Garland County, Job No. C-26-1, FAP S-986(1). The contract for the construction of approximately 1.917 miles of grading, minor drainage structures and gravel base course on the Humphrey-Dairy-Northwest Road, County Road, is awarded to Jeffrey, Lawrence & Tilley of Fort Smith on their low bid of \$32,154.41 subject to the concurrence of the Bureau of Public Roads and of Garland County.
- 430 Poinsett County, Job No. C-56-3, FAP S-801(3). The contract for the construction of approximately 1.682 miles of double bituminous surface treatment on the Marked Tree-Northeast Road, County Road, is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$8,998.95 subject to the concurrence of the Bureau of Public Roads and Poinsett County.
- 431 Union County, Job No. C-7347, FAP S-889(1). The contract for the construction of approximately 2.687 miles of grading, minor drainage structures and gravel base course on the Smackover-Southwest Road, County Road, is awarded to Linwood Smith of Lake Village on his low bid of \$29,243.98 subject to the concurrence of the

Bureau of Public Roads and Union County.

432 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:30 P. M., March 11, 1954.

 This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Eighteenth Regular Meeting in Little Rock, Arkansas on March 11, 1954.

Administrative Assistant

ARKANSAS STATE HIGHWAY DEPARTMENT

LITTLE ROCK, ARKANSAS

April 20, 1954

ADMINISTRATIVE CIRCULAR NO. 54-44

TO: ALL DIVISION HEADS AND ACTING DISTRICT ENGINEERS

There is transmitted herewith for your information and files
a copy of the Minutes of the April 15, 1954 Commission Meeting.

You are requested to carefully review this record and to take
appropriate action through designated lines of authority to ensure
compliance with any orders that apply to your respective divisions
or districts.

Herbert Eldridge
Director of Highways

VES:fj

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
April 15, 1954

The following is the record of the proceedings of the Nineteenth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on April 15, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Dan F. Portis	Member
Glenn F. Wallace	Member

433 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., April 15, 1954.

434 Allotment is hereby made in the amount of \$2,795,780.00 divided as follows: from the current Highway Construction Appropriation - \$2,694,050.00, from County and Federal Aid Secondary Funds - \$79,760.00, from Act 553 of 1953 - \$21,970.00, for construction of the following listed projects on which contract awards were made by Minute Orders 422 through 431 at the regular meeting of the Commission on March 11, 1954.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
*3427	U-01-1(3)	Miller		\$834,680.00
	F-FI-01-1(4)	67		
6430	F-02-4(3)	70	Lonoke	\$815,470.00
6447	S-139(2)	31	Lonoke	\$362,030.00
6462	S-361(1)	11	Prairie	\$292,060.00
7434	F-012-1(1)	4	Calhoun & Bradley	\$331,900.00
8356	S-81(2)	9	Perry	<u>\$57,910.00</u>
	Total from current Highway Construction Appropriation			\$2,694,050.00

(*Includes \$157,000.00 provided by Minute Order 158 for right-of-way)

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>

1275	State	Capitol Grounds	Pulaski	<u>\$21,970.00</u>
	Total from Act 553 of 1953			\$21,970.00

GRAND TOTAL

\$2,795,780.00

435 WHEREAS, the Purchasing Committee pursuant to authority heretofore conveyed has awarded purchases on March 10, 15, 22, 29 and April 5, 12 and 13, 1954, all of which are documented by official minutes which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement;

NOW THEREFORE, IT IS ORDERED that the actions of said Purchasing Committee in effecting the above indicated awards be hereby ratified and confirmed in all particulars.

436 In JEFFERSON COUNTY, at the request of the CITY OF PINE BLUFF, the Director is hereby authorized to proceed with surveys, investigations and report of highway routes and city street connections for the metropolitan area that will adequately provide for traffic service and on locations that will promote the present and future favorable development of the area.

437 In order to adequately provide night watchman service in the ten districts of the Department the Director is authorized to utilize seven additional positions as night watchmen at a salary of \$150.00 per month to be paid from the extra help fund. This action is desired to equalize working hours, duties and salary of the night watchmen in the Districts.

438 In BENTON and WASHINGTON COUNTIES on U. S. HIGHWAY 71 from Rogers to Fayetteville, Minute Order 359 is hereby modified to extend the time for acceptance until May 19, 1954.

439 In UNION COUNTY the official routing of State Highway 167 in and North of El Dorado shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically as: "Changed Designation of State Highway Routes & Sections in El Dorado, Union County" dated August 12, 1953 and revised April 6, 1954.

By this action and in conformity with existing Supreme Court decisions, adjustments are made in the route designations of State Highway 7 and U. S. 167. Those sections of old U. S. Highway 167 which have been replaced by new construction are hereby declared to be no longer a part of the State Highway System.

440 The Director is hereby authorized to execute a deed conveying the following surplus lands in Pulaski County, Arkansas, to James K. Compton, it having been agreed that James K. Compton would convey to the Arkansas State Highway Commission a triangle of land in the northeast corner of the intersection of the new Little Rock-Saline County Line Road and the Mablevale Pike in exchange of said surplus

lands and it having been determined that the market value of the lands being conveyed to the Arkansas State Highway Commission exceeds the market value of said surplus lands:

Approximately 0.22 acres of land being the residue of the I. D. Tate property located on the east side of the new Little Rock-Saline County Line Road.

441 The Director is hereby authorized to execute a deed conveying the following surplus lands in Saline County, Arkansas, to Porter H. Lunn and Julia A. Lunn, his wife, it having been agreed that they should receive these surplus lands as part of their right of way settlement in accordance with the claim of Porter H. Lunn, filed in the Saline County Court:

Approximately 0.029 acres of land being the residue of the James Moorman property located on the south side of the new Benton Pulaski County Line Road.

442 WHEREAS, Minute Order #104, dated June 25, 1953, provided an allotment of \$300,000.00 for Traffic Sign and Traffic Stripe Operations, and

WHEREAS, this amount, in the light of the accelerated program, is insufficient

IT IS HEREBY ORDERED that the aforementioned allotment be increased in the amount of \$10,000.00 for materials and \$5,000.00 for labor for use in the current fiscal year.

443 In BAXTER COUNTY, the Director is authorized to obtain by the most feasible and economical means, an additional steel barge, 24' x 100' at an estimated cost of \$45,000.00 to adequately provide for traffic at the Norfolk Ferry.

444 WHEREAS, on the basis of bids received on April 8, 1954 on Bid Reference No. M-54-464 for 105 tons of glass reflectorizing spheres, Flex-O-Lite Manufacturing Corporation submitted the low bid on Alternate No. 1 in the amount of \$16,569.00 and

WHEREAS, subsequent information develops the fact that they are unable to effect delivery prior to July 1st, and

WHEREAS, there is an urgent need for this material to further the Department's striping program, and in view of the fact that the Purchasing Committee recommends the award to the second low bidder

IT IS THEREFORE ORDERED that the award be made to the Cataphote Corporation on Alternate No. 1 on their bid of \$16,653.00.

445 The Director is hereby authorized to join with the States of Missouri, Kansas and Colorado in requesting consideration of the American Association of State Highway Officials for the extension of U. S. Highway 78 from its present westerly terminus at Memphis, Tennessee to Denver, Colorado. The proposed route would be along U. S. Highway 63 in the State of Arkansas.

446 In LAWRENCE COUNTY on HIGHWAY 115 the Director is authorized to proceed with request to the Bureau of Public Roads to include the section from U. S. Highway 63 at Imboden to Smithville in the Federal Secondary System.

447 WHEREAS, in Green County, the Corps of Engineers, U. S. Army, proposes to construct a new levee and drainage ditch as part of the St. Francis Basin Project across State Highway 25 at a point approximately 1.0 mile west of the St. Francis River and

WHEREAS, this will require adjustment of the highway facility to meet the new levee grade and the Corps of Engineers will reimburse the Highway Department for replacement of the highway facility in kind; a contract with the Corps of Engineers covering the rearrangement of the highway facility is now being negotiated.

NOW THEREFORE IT IS ORDERED that the Director be and is hereby instructed to prepare plans, execute agreement with the U. S. Government and to proceed with the work.

The reimbursable work under this contract is estimated to cost \$40,000 and the sum of \$10,000 is hereby allotted from Highway Department Funds to cover the cost of necessary betterments in which the Government will not participate.

448 WHEREAS, in CRITTENDEN COUNTY Minute Order 399 tendered an offer for the improvement of Highway 50 on the basis of local participation in the construction cost to the extent of 25% and

WHEREAS, the County Judge of Crittenden County has indicated that local interests can supply a sum of \$15,000.00 for participation in the construction cost and requests that the improvement be

made to a reduced length if necessary and

WHEREAS, the proposed modification for construction is satisfactory to the Department

NOW THEREFORE IT IS HEREBY ORDERED that the Director tender to the County Judge of Crittenden County the following tentative proposal:

Provided that Crittenden County will:

1. Provide all required right-of-way free of obstructions and free of cost to the State.
2. Provide \$15,000.00 or one-fourth of the estimated cost of construction to be furnished on or before receipt of bids for construction.

The Arkansas Highway Department will:

1. Furnish preliminary engineering free of cost to the County.
2. Furnish three-fourths of the construction cost of the project beginning at the intersection of Highway 50 and 147 and extending southerly on Highway 50 for a distance the \$60,000.00 construction fund will provide as determined by bid prices.
3. Construct a two lane dustless road.
4. Maintain the road upon completion of construction.

This action is subject to the following conditions:

1. Acceptance by the County within 60 days.
2. Program approval by the Bureau of Public Roads.
3. Procedure approval by the Attorney General of the State of Arkansas.
4. Construction will not be started prior to January 1, 1955.

449 In POPE COUNTY on STATE HIGHWAY 7 from Junction of Highway 124 to the South City Limit of Dover, a distance of approximately 7.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening surfacing at an estimated cost of \$58,800.00.

450 In POINSETT COUNTY on U. S. HIGHWAY 63, the Director is authorized to proceed in the most feasible and economical manner with the work of placing a concrete filled steel grid floor on the movable span of the St. Francis River Bridge at Marked Tree at an estimated cost of \$26,000.00.

451 In YELL COUNTY on HIGHWAY 155 from Dardanelle to Mt. Nebo, Minute Order No. 213 is hereby modified to show an estimated cost of the authorized work as \$65,000.00.

452 WHEREAS, the existing bridge over Wildcat Creek on State Highway 68 east of Siloam Springs in Benton County is geometrically inadequate and structurally unsafe for present traffic demands,

NOW THEREFORE BE IT ORDERED, that the Director replace the facility at an estimated cost of \$85,000 for the proposed bridge and immediate approaches. This order is conditioned upon the

necessary right-of-way for adjusting approaches and channel improvement will be furnished free of cost to the Department and the project is approved by the Bureau of Public Roads.

453 In WASHINGTON COUNTY on HIGHWAY 16 at the crossing of the Illinois River the Director is authorized to proceed in the most feasible and economical manner with the work of constructing the Illinois River bridge and approaches at an estimated cost of \$200,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Washington County within 60 days.
3. Program approval by the Bureau of Public Roads.

454 In LINCOLN COUNTY on STATE HIGHWAY 11 from U. S. Highway 65 northeast, a distance of approximately 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$9,900.00. This action is conditioned on all required right-of-way free of obstructions being furnished free of cost to the State.

455 In CRITTENDEN COUNTY on U. S. HIGHWAY 63 from the intersection of U. S. Highway 61 north a distance of approximately 1.74 miles, the work of widening and strengthening pavement authorized by Minute Order 398 is hereby made subject to the following conditions:

1. That all required right-of-way free of obstructions be furnished free of cost to the State.
2. Acceptance of the provisions of the order by the County Judge of Crittenden County within 60 days.
3. Program approval by the Bureau of Public Roads.

456 In CLAY COUNTY on U. S. HIGHWAY 67 from Corning to the Missouri State Line, the work of widening and strengthening pavement authorized by MINUTE ORDER 272 is hereby made subject to the following conditions:

1. That all required right-of-way, free of obstructions, be furnished free of cost to the State.
2. Acceptance of the conditions of this order by the County Judge of Clay County be received within 60 days.
3. Program approval by the Bureau of Public Roads.

457 In RANDOLPH COUNTY on U. S. HIGHWAY 67 from Pocahontas to Current River, the work of widening and strengthening pavement authorized by MINUTE ORDER 272 is hereby made subject to the following conditions:

1. That all required right-of-way, free of obstructions, be furnished free of cost to the State.
2. Acceptance of the conditions of this order by the County Judge of Randolph County be received within 60 days.
3. Program approval by the Bureau of Public Roads.

458 In PULASKI COUNTY on U. S. HIGHWAYS 67 - 70 in the City of North Little Rock, Minute Order No. 357 providing for pavement widening from Rose City to Prothro Junction is hereby modified to remove the condition of program approval by the Bureau of Public Roads.

459 In LAWRENCE COUNTY on U. S. HIGHWAY 67, from Walnut Ridge to Hoxie, a distance of approximately 1.8 miles, MINUTE ORDER 361 providing for widening and strengthening pavement is hereby modified to remove the condition of program approval by the Bureau of Public Roads.

460 In MARION and BOONE COUNTIES on HIGHWAY 14 Minute Order 314 extending an offer for construction from Lead Hill to a point near Dodd City, modified for time extension for acceptance by Minute Order 391, is hereby modified to continue the time for acceptance until May 19, 1954.

461 The Director is hereby authorized to proceed through proper channels with the purchase of the following maintenance equipment.

Major Equipment needed for the fiscal year 1954-1955.

-----------------	---------------------------	----------------

462 WHEREAS, a suspension bridge on a county road over Big Creek in Southeast Cleburne County has failed, and

WHEREAS, the interruption isolates the community of McJester and stops school bus and mail route service, and

WHEREAS, the stream at the site has a deep ravine cross-section making it desirable to use a single span crossing, and

WHEREAS, the Department has an 80 foot long steel pony truss with an eleven foot roadway that could serve satisfactorily at this location and is not needed nor adequate for service on the State Highway System and is inventoried at scrap price,

NOW THEREFORE BE IT ORDERED for the public good that the Director is authorized to release the span to Cleburne County for a purchase price equivalent to the scrap value.

463 WHEREAS, In MARION COUNTY the designated route of STATE HIGHWAY 101 terminates at Rea Valley .and a section south of Rea Valley is not being maintained by the Department in accordance with instructions of the Commission to maintain only designated highway routes, and

WHEREAS, the 3.7 mile section has not been on the designated Highway System since 1929 but there has been intermittent maintenance of the section by State Highway Department forces since that time, and

WHEREAS, the road section south of Rea Valley does not have merit to justify its designation for inclusion in the State Highway System at this time

NOW THEREFORE IT IS ORDERED that no further mainten-

ance be performed on the road section south of Rea Valley by state forces but in deference to the past confusion created by unauthorized maintenance by state forces the Director is authorized to proceed with repair of bridges on the road at an estimated cost of \$2,150.00.

464 In HOWARD and PIKE COUNTIES on U. S HIGHWAY 70 from Dierks to New Hope, a distance of approximately 12 miles, the Director is authorized to proceed with surveys, investigations and plan preparation for grading drainage structures and surfacing and, when right-of-way and plans are available to bring to the attention of the Commission for consideration of finance. This action is taken in order to expedite construction when funds are available in the next federal aid program and is conditioned on the following:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the proper local government officials will be received by November 1, 1954.
3. Program approval by the Bureau of Public Roads.

465 In POLK COUNTY on U. S. HIGHWAY 270 from U. S. Highway 71 to the Oklahoma State Line, a distance of approximately 16 miles, the Director is authorized to proceed with surveys, investigations and plan preparation for grading, structures and surfacing and when right-of-way and plans are available to bring to the attention of the Commission for consideration of finance. This action is taken in order to expedite construction when funds are available in the next federal aid program and is conditioned on the following:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the proper local government official will be received by November 1, 1954.
3. Program approval by the Bureau of Public Roads.

466 In PULASKI COUNTY on the U. S. HIGHWAY 65, 67, 70 truck routes in Little Rock, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing asphaltic concrete surface course at an estimated cost of \$50,000.00

467 Phillips County, Job No. 11471 n.~ The contract for the construction of approximately 7.96 miles of Gravel Surfacing on Selected Sections of the Elaine-Lambrook Road, State Highway 49, Section 0, is awarded to Graves Brothers, Pine Bluff, Arkansas on their low bid of \$32,735.62.

468 Ashley County, Job No. 2434, FAP F-023-1(1). The contract for the construction approximately 11.941 miles (including 220.16 Ft. of

Bridges) of Grading, Minor Drainage Structures, P.C. Stabilized Base, Bituminous Surface Treatment and Two R. C. Bridges on the Louisiana Line-Hamburg Road, State Highway 81, Section 1, is awarded to Linwood Smith, Lake Village, Arkansas on his low bid of \$341,324.36, subject to the concurrence of the Bureau of Public Roads.

- 469 Pike County, Job No. 3455, FAP F-014-1(1). The contract for the construction of approximately 8.020 miles of Grading, Minor Drainage Structures, Gravel Base and Road Mix Bituminous Surface Course on the New Hope-Daisy Road, U. S. Highway 70, Section 4, is awarded to the Interstate Construction Company, Pine Bluff, Arkansas, on their low bid of \$153,880.97, subject to the concurrence of the Bureau of Public Roads.
- 470 Cleburne County, Job No. 5363, FAP S-397(2). The contract for the construction of approximately 0.435 miles (including 552 ft. Bridge) of One R. C. and Structural Steel I-Beam Bridge and Approaches on the Heber Springs-Edgemont Road (Devil's Fork Creek Bridge and Approaches), State Highway 16, Section 11, is awarded to the M. & W. Construction Company, Tupelo, Mississippi on their low bid of \$156,574.96, subject to the concurrence of the Bureau of Public Roads.
- 471 Cleburne & Independence Counties, Job No. 5377, FAP S-365(5). The contract for the construction of approximately 8.753 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Concord-Locust Grove Road, State Highway 25, Sections 3 & 4, is awarded to Four Bros., Inc., Sweet Home, Arkansas on their low bid of \$176,511.81 subject to the concurrence of the Bureau of Public Roads.
- 472 Cleburne County, Job No. 5401, FAP S-365(4). The contract for the construction of approximately 7.946 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Tumbling Shoals-Drasco Road, State Highway 25, Section 3, is awarded to Mode & McCracken, Conway, Arkansas on their low bid of \$192,121.14, subject to the concurrence of the Bureau of Public Roads.
- 473 Prairie County, Job No. 6468, FAP F-02-4(4). The contract for the construction of approximately 12.133 miles of Widening P.C. Concrete Pavement with P.C. Concrete Base and Resurfacing with Asphaltic Concrete Hot Mix on the Lonoke County Line-Mesa Road, U. S. Highway 70, Section 16, is awarded to Reynolds & Williams, Little Rock, Arkansas, on their low bid of \$527,733.22, subject to the concurrence of the Bureau of Public Roads.
- 474 Pulaski County, Job No. 6476. The contract for the construction of approximately 6.420 miles of Widening and Resurfacing P. C.

Concrete Pavement with Asphaltic Concrete Hot Mix on the Rose City-Scott Road, State Highway 30, Section 1, is awarded to Bituminous, Inc., Pine Bluff, Arkansas on their low bid of \$191,207.12.

- 475 Dallas County, Job No. 7421, FAP S-355(2). The contract for the construction of approximately 3.810 miles (including 66 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Road Mix Bituminous Surface and One R. C. Bridge on the Holly Springs Sparkman Road (Jct. Highway 128-Sparkman), State Highway 7, Section 5, is awarded to the Mississippi Valley Contracting Co., Inc., Paragould, Arkansas on their low bid of \$78,019.67, subject to the concurrence of the Bureau of Public Roads.
- 476 Yell County, Job No. 8361. The contract for the construction of approximately 365.21 ft. of Reflooring Swing Span of Arkansas River Bridge with Concrete Filled Steel Grid Floor Slab on the Dardanelle-Russellville Road, State Highway 7, Section 11, is awarded to J. H. Leveck & Son, Little Rock, Arkansas, on their low bid of \$43,646.00.
- 477 Washington & Benton Counties, Job No. 9340, FAP S-192(1). The contract for the construction of approximately 7.681 miles of Grading, Minor Drainage Structures, Crushed Stone Base and Double Bituminous Surface Treatment on the Siloam Springs-Fayetteville Road (Siloam Springs-Lake Wedington), State Highway 16, Sections 1 & 2, is awarded to M. E. Gillioz, Monett, Missouri, on his low bid of \$134,935.19, subject to the concurrence of the Bureau of Public Roads.
- 478 Boone County, Job No. 9345, FAP S-136(4). The contract for the construction of approximately 278.00 ft. of Widening One R. C. Bridge and One R. C. Overpass on the Bergman-Lead Hill Road, State Highway 43, Section 3, is awarded to the D. F. Jones Construction Company, Little Rock, Arkansas on their low bid of \$41,283.73, subject to the concurrence of the Bureau of Public Roads.
- 479 Randolph & Greene Counties, Job No. 10435, FAP S-144(3). The contract for the construction of approximately 7.351 miles (including 72.0 ft. of Bridge) of Grading, Minor Drainage Structures, Gravel Base, Double Bituminous Surface Treatment and One R. C. Bridge on the O'Kean-Delaplaine Road, State Highway 90, Sections 4 & 5, is awarded to the D. F. Jones Construction Company, Little Rock, Arkansas on their low bid of \$137,152.44, subject to the concurrence of the Bureau of Public Roads.
- 480 Washington County, Job No. C-72-5, FAP S-999(2). The contract for the construction of approximately 2.184 miles of Double Bituminous Surface Treatment on the Prairie Grove-South Road, County Road, is awarded to the Northwest Arkansas Asphalt Company, Sulphur Springs, Arkansas on their low bid of \$8,095.77, subject to the concurrence of the Bureau of Public Roads and of Washington

County.

481 Washington County, Job No. C-72-6, FAP S-1000(2). The contract for the construction of approximately 5.829 miles of Double Bituminous Surface Treatment on the Springdale-Elm Springs Road, County Road, is awarded to Graves Brothers, Pine Bluff, Arkansas on their low bid of \$19,744.06, subject to the concurrence of the Bureau of Public Roads and of Washington County.

482 Independence County, AFE No. 5-115. The contract for the painting of the White River Bridge at Batesville with Paint furnished by the State on State Highway 11, Section 14, is awarded to Randall H. Sharpe, Oklahoma City, Oklahoma on his low bid of \$3,654.13.

483 Jackson County, .AFE No. 5-116. The contract for the painting of the White River Bridge at Newport with Paint furnished by the State on U. S. Highway 67, Section 16, is awarded to Randall H. Sharpe, Oklahoma City, Oklahoma on his low bid of \$4,716.13.

484 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P. M., April 15, 1954.

 This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Nineteenth Regular Meeting in Little Rock, Arkansas on April 15, 1954.

V. E. Scott
Administrative Assistant

MINUTES OF MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
May 20, 1954

The following is the record of the proceedings of the Twentieth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on May 20, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Dan F. Portis	Member

485 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., May 20, 1954.

486 In DALLAS and CLEVELAND COUNTIES the official routing of U. S. HIGHWAY 79 shall be in accordance with the relocated and reconstructed section as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically as "Changed Designation of State Highway Routes & Sections in the vicinity of Fordyce & Kingsland, Dallas & Cleveland Counties" dated May 5, 1954.

By this action and in conformity with Supreme Court decisions, old U. S. Highway 79 which extends northeasterly from Fordyce generally parallel to the St. Louis-Southwestern Railway to a junction with new U. S. Highway 79 in Kingsland, approximately 6.8 miles in length, is hereby declared to be no longer a part of the State Highway System.

487 In GRANT and SALINE COUNTIES the official routing for U. S. HIGHWAY 167 shall be in accordance with the relocated and reconstructed sections as indicated on the attached sketch map which is hereby made a part of this Order and which is identified more specifically as: "Changed Designation of State Highway Routes & Sections from Sheridan-North, Grant & Saline County" dated May 5, 1954.

By this action and in conformity with existing Supreme Court decisions, those sections of old U. S. Highway 167 that are indicated by dotted lines on the aforementioned sketch and which were replaced by relocation and reconstruction are hereby declared to be no longer a part of the State Highway System.

488 WHEREAS in JACKSON COUNTY a detour has been provided for Highway 14 during the construction of the Cache River

bridge by way of Highway 37 and 18 and

WHEREAS the detour will require long travel distance for traffic to and from areas in the proximity and south of Amagon particularly school bus traffic and

WHEREAS there is a county road that could be used by school bus and other traffic to reduce the detour mileage and on which Jackson County has made some improvements to accommodate such traffic and

WHEREAS Jackson County has requested State assistance for further improvement on the road to better serve the anticipated traffic caused by the Cache River bridge construction on Highway 14 and

WHEREAS the State desires to render adequate traffic service and to minimize the inconvenience caused by the temporary closure of Highway 14

NOW THEREFORE the Director is authorized to proceed in the most feasible and economical manner with the work of strengthening bridges and placing additional gravel on the County road at an estimated cost of \$6,000.00.

The Director is also authorized to sign the County road as a detour at its intersections with Highways 37 and 145 and to maintain the road during the period of closure of Highway 14 due to bridge construction.

489 WHEREAS, the Arkansas Highway Commission holds regularly scheduled public hearings for the purpose of giving all interested citizens and groups opportunity to present requests pertaining to the affairs of the Department and

WHEREAS, such hearings are open to the public in accordance with the spirit of the laws of the State and according to preferred procedure of this Commission, and

WHEREAS, the Commission believes that all subjects worthy of consideration by the Commission can be presented in open meetings

NOW THEREFORE it is ordered that the Director be and is hereby instructed to inform all delegations desiring an appearance before this Commission of the policy expressed herein and to make no appointments for private hearings.

490 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job No.</u>	<u>FAP</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or Decr ease Proj. Cost</u>

Reserve for Emergencies			\$100,000	\$100,000
Total	<u>\$1,314,600</u>	<u>\$3,300,000</u>	<u>\$4,910,000</u>	<u>\$9,524,600</u>

493 WHEREAS, The Purchasing Committee in accordance with authority that has been previously conveyed has awarded purchases on April 19, 26, 27, and May 3, 4, 10, & 17, 1954, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment & Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

494 The Director is hereby authorized to proceed through proper channels with the sale of Arkansas State Highway Equipment to the Arkansas State Police in accordance with Article 8, Section 2 of Act 41 of 1953, at Arkansas State Highway Department inventory value June 30, 1953.

1 - Flink-Rawls 3-Wheel Power Mower, State No. 4357, with 4 ft. Sickle Bar, Model S-1-116 1946 Year Model, Motor No. 646257 Inventory value June 30, 1953	\$ 200.00
1 - Worthington Airfield 3-Gang Mower, State No. 4391, 30" Serial No. A12881 - 1946 Year Model Inventory value June 30, 1953	<u>\$ 150.00</u>
Total	\$ 350.00

495 WHEREAS, by motion dated August 8, 1951, the Arkansas
State Highway Commission relieved Clark County of participation in
right of way costs on JOB NO. 7403, Curtis-North Road, and

 WHEREAS, judgment for right of way damages was rendered
May 8, 1953, in the Circuit Court of Clark County in favor of C. P.
Mitchell and Mrs. Vernon Mitchell, joint owners of property on the
project, in the amount of \$20,140.00 plus interest and costs, and

 WHEREAS, this judgment was affirmed in a 4-3 decision dated
March 29, 1954, by the Arkansas Supreme Court and whereas a
rehearing of this decision was denied by order of the Arkansas
Supreme Court dated May 3, 1954;

 NOW, THEREFORE, IT IS ORDERED that the Director be
and he is hereby authorized to direct payment of this judgment.

496 The Director is hereby authorized to proceed in the most feasible
and economical manner with the work of enlarging facilities of the
Materials and Tests Laboratory at an estimated cost of \$34,000.00.

497 Minute Order No. 270 approved October 30, 1953 is hereby
amended to read as follows: In Mississippi County on U. S. Highway
61 from the Crittenden County Line to the Missouri State Line, subject
to approval by the Bureau of Public Roads, the Director is authorized
to proceed in the most feasible and economical manner with the work
of widening and reconstructing seven bridges and immediate
approaches at an estimated cost of \$205,000.

498 In CRITTENDEN COUNTY on HIGHWAY 50 from Highway
147 to Bruins, MINUTE ORDER NO. 399 tendering an offer for im-
provement; of the road having been accepted by the County Judge of
Crittenden County, the alternate proposal tendered by MINUTE
ORDER NO. 448 is hereby cancelled.

499 In CARROLL COUNTY on HIGHWAY 21W from Urbanette
to Oakgrove, a distance of approximately 6 miles and on HIGHWAY
21E from end of pavement north of Green Forest to Oakgrove, a
distance of approximately 4 miles, the Director is authorized to
proceed in the most feasible and economical manner with the work of
constructing grading, structures and surfacing at an estimated cost of
\$250,000. This action is taken at this time in order to expedite needed
facilities serving the construction of Table Rock Dam and is subject to
the following conditions:

1. All required right-of-way free of obstructions will be furnished free
of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of
Carroll County within 60 days.
3. Program approval by the Bureau of Public Roads.

WHEREAS, in CRAWFORD COUNTY on HIGHWAY 59 the City of Van Buren has requested a change in the route of the highway in the City to expedite traffic movement and particularly to relieve traffic congestion on 4th Street at the end of the Arkansas River bridge, and

WHEREAS, the proposed routing would require all east bound traffic at the end of the Arkansas River bridge to turn to the right; and Highway 59 traffic to turn right on Broadway to 3rd Street, thence along 3rd Street to Main Street thence along Main Street to 8th Street, the present route of Highway 59. West bound traffic on Highway 59 would use Main and 4th Streets to enter on the Arkansas River bridge, and

WHEREAS, the proposed plan will greatly speed up traffic at the north end of the Arkansas River bridge at the intersection of 4th and Jefferson Streets and will eliminate conflict points of cross traffic.

NOW THEREFORE IT IS ORDERED that the Director proceed in the most feasible and economical manner with the work necessary to modify the route as requested and according to the attached plan at an estimated cost of \$5,750.00 subject to the following conditions:

1. That all required right-of-way, free of obstructions, will be furnished free of cost to the State.
2. The City of Van Buren will pass ordinances making Jefferson Street one way between 4th and 5th Street; Fourth Street one way between Main Street and Jefferson; Third Street one way from Broadway to Main Street; and to prohibit parking on these street sections.
3. The present route of Highway 59 from Broadway to Main Street along 8th Street will be abandoned as a State Highway.
4. Acceptance of the provisions of this order by the proper officials of the City of Van Buren within 60 days.

In FAULKNER, PULASKI and WHITE COUNTIES the route of HIGHWAY 5 from a point near the Pulaski-Faulkner County Line to Rosebud is hereby modified as follows:

"From a point on the present location of Highway 5 in Pulsaki County approximately 3 miles south of the Faulkner County Line extending northwesterly to intersect with the Vilonia Otto County road at or near Otto, thence along or near the Vilonia Otto County road to U. S. Highway 64 at or near Vilonia thence northerly to intersect Highway 36 at or near Naylor, thence along the general route of Highway 36 to Rosebud."

The Section of the preset route of Highway 5 from Rosebud to near Romance would be made an extension of Highway 31 and the pre-

sently designated route of Highway 5 from the point west of Romance to the point near the Pulaski-Faulkner County Line will be abandoned as a part of the State Highway System. This action is taken to provide additionally needed facilities to serve the Air Force Bomber Base now under construction and is subject to the following conditions:

[501 Contionued]

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Immediately proposed construction will be limited to the section in Pulaski and Faulkner Counties from the end of pavement in Pulaski County to U. S. Highway 64 in Faulkner County.
3. Finance of construction will be considered from funds made available after January 1, 1955.
4. Acceptance of the provisions of this order by the proper officials of Faulkner, Pulaski and White Counties within 60 days.
5. Program approval by the Bureau of Public Roads.

502 WHEREAS i-n GREENE COUNTY on HIGHWAY 141 the official designation extends northerly from Highway 25 at a point approximately 8 miles west of Paragould along the Stanford road and

WHEREAS the temporary and maintained route extends northerly from Highway 25 at a point approximately 10 miles west of Paragould, and

WHEREAS the citizenship of the area by petition dated March 13, 1954 have requested through proper channels that the temporarily marked and maintained route be made the permanent route of the highway and

WHEREAS the request is in accordance with need for traffic service of the area

NOW THEREFORE IT IS ORDERED that the route of Highway 141 be modified in accordance with the request and the attached route sketch, subject to the following conditions:

1. That all required right-of-way free of obstructions be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Greene County within 90 days.
3. Route approval by the Bureau of Public Roads.
4. Upon acceptance by the County and route approval by the Bureau of Public Roads the 3.6 mile section of the presently designated route from Highway 25 north abandoned by the relocation will no longer be a part of the State Highway System.

503 In JACKSON COUNTY on HIGHWAY 145 at the crossing of

the Cache River, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridges and approaches at an estimated cost of \$200,000.00.

This action is subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of the order by the County Judge of Jackson County within 60 days.
3. Program approval by the Bureau of Public Roads.

504 In LONOKE COUNTY on HIGHWAY 31 at the crossing of Salt Bayou near Coy, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing Salt Bayou bridge and approaches at an estimated cost of \$20,000.00.

This action is subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Lonoke County within 60 days.
3. Program approval by the Bureau of Public Roads.

505 In LONOKE and WHITE COUNTIES on Highway 31 from end of pavement 7 miles north of Lonoke to Beebe, a distance of approximately 12.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of large drainage structures at an estimated cost of \$162,000.00. This action is conditioned as follows:

1. All required right-of-way for bridges and subsequent roadway construction free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the proper County officials will be received in 90 days.
3. Program approval by the Bureau of Public Roads.

506 WHEREAS, in MISSISSIPPI COUNTY presentations have been made for the construction of an adequate facility extending from U. S. Highway 61 through Burdette to designated section of Highway 148, a distance of approximately 1.6 miles, and

WHEREAS, the proposed road improvement would serve an essential traffic service and

WHEREAS, the Highway Commission presently does not have funds available to meet the needs on the existing designated Highway System and at the same time make extensions to the Highway System,

and

WHEREAS, there are Federal Secondary Funds available for use by Counties on a matching basis

NOW THEREFORE IT IS HEREBY ORDERED that the Director be instructed to tender the following offer to the proper officials of Mississippi County as a means to attain the desired facility Provided that Mississippi County will:

1. Furnish all required right-of-way free of obstructions.
2. Furnish funds from local sources to match Federal Secondary Funds for construction in accordance with the provisions of the Federal Aid Act.
3. Accept the provisions of this order within 90 days.

The Arkansas Highway Department will:

1. Handle all required engineering work for planning and constructing the road.
2. Designate and maintain the road after completion of construction. The action is subject to program approval by the Bureau of Public Roads.

Upon acceptance of the provisions of this offer by the proper officials of Mississippi County the Director is instructed to proceed with measures necessary for fulfillment.

507 In ST. FRANCIS COUNTY on U. S. HIGHWAY 70 from Franklin to Division Streets in Forrest City, a distance of approximately 0.57 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening pavement at an estimated cost of \$28,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. The City of Forrest City will furnish \$10,000.00 as the City's portion of the construction cost.
3. The City of Forrest City will accept responsibility for storm sewer drainage as may be needed now or in the future.
4. Approval by the Bureau of Public Roads for federal fund participation.
5. Acceptance of the provisions of this order by the proper officials of the City of Forrest City within 60 days.

508 The Director is authorized to proceed in the most feasible and economical manner with the work of painting the following listed bridges at an estimated cost of \$65,400.00.

<u>County</u>	<u>Highway</u>	<u>Stream Crossing</u>
Woodruff	64	White River
Monroe	79	White River
Poinsett	63	St. Francis River
Lee	79	St. Francis River
Little River	71	Red River

Miller & Lafayette	82	Red River
Union & Ashley	82	Ouachita River
Johnson	64	Piney Creek
Pope	7	Illinois Bayou, McCoy Creek Stout Creek and Baker Creek
Newton	7	Little Buffalo River and Buffalo River
Van Buren	65	Archeys Fork
Perry	7	Bear Creek and South Fork Fourche River

509 In ARKANSAS COUNTY on STATE HIGHWAY 146 from U. S. 79 east of Stuttgart to State Highway 153, a distance of approximately 11.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$63,924.00.

510 In ARKANSAS COUNTY on HIGHWAY 153 at the crossing of Big Lagrue Bayou, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing 3 bridges at an estimated cost of \$21,400.00.

511 In BENTON and WASHINGTON COUNTIES on U. S. HIGHWAY 71 from Fayetteville to Rogers, a distance of approximately 19 miles MINUTE ORDER 359 tendering an offer for improvement of the road section is hereby modified to remove the condition of program approval by the Bureau of Public Roads and the Director is authorized to proceed with preparation of plans for construction by stages and to proceed with request for construction bids when plans are complete and right-of-way is available.

512 In CHICOT COUNTY on HIGHWAY 144 from 1 mile north-east Lake Village to Mississippi River levee, a distance of approximately 8.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing dust palliative at an estimated cost of \$10,000.00.

513 In CONWAY COUNTY on HIGHWAY 9 from the Arkansas River Bridge to the Perry County Line, a distance of approximately 5.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of reconstructing pavement and shoulders at an estimated cost of \$44,500.00.

514 In CONWAY COUNTY on U. S. HIGHWAY 64 from Morrilton to the Pope County Line, a distance of approximately 8.5 miles, Minute Order 127 authorizing widening and strengthening of pavement is hereby modified to change the limits to be from Point Remove Creek to the Pope County Line, a distance of approximately 4.3 miles; at an estimated cost of \$160,000; and to remove the condition of program approval by the Bureau of Public Roads.

515 In CRAWFORD COUNTY on HIGHWAY 162 from U. S. 64

to Alma, a distance of approximately 9.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing dust palliative at an estimated cost of \$12,600.00.

516 In CRITTENDEN COUNTY on HIGHWAY 149 from end of pavement 2 miles south of Earle to the Crittenden-St. Francis County Line, a distance of approximately 6.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$22,800.00.

517 In CRITTENDEN COUNTY on U. S. HIGHWAYS 61 and 63 from the St. Francis Levee to Highway 64, a distance of approximately 9.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading and structures for two additional lanes and completing the construction of base and surfacing on frontage roads at an estimated cost of \$644,000.00. This action is subject to program approval by the Bureau of Public Roads.

518 In CRITTENDEN COUNTY on U. S. HIGHWAYS 61 & 63 from U. S. Highway 64 to junction of Highways 61 and 63, a distance of approximately 13.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading and structures for two additional traffic lanes at an estimated cost of \$288,000.00. This action is subject to program approval by the Bureau of Public Roads.

519 In FAULKNER COUNTY on HIGHWAY 25 from Wooster to U. S. Highway 65, a distance of approximately 4.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of dust palliative, at an estimated cost of \$6,600.00.

520 In LEE COUNTY on HIGHWAY 121 from Highway 1 to U. S. Highway 79, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$48,00.00.

521 In LEE COUNTY on HIGHWAY 121 from near Aubrey to State Highway 1, a distance of approximately 10.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$42,800.00.

522 In MONTGOMERY COUNTY on HIGHWAY 88 on sections from the Polk County Line to U. S. Highway 270, a distance of approximately 3.75 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing asphaltic seal at an estimated cost of \$9,500.00.

- 523 In MONROE COUNTY on HIGHWAY 20 from U. S. Highway 79 to Highway 86, a distance of approximately 10.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$38,700.00.
- 524 In NEVADA COUNTY on HIGHWAYS 19 and 24 in the City of Prescott, a distance of approximately 1.3 miles, the Director is authorized to proceed in the most feasible and economical manner the work of placing additional asphaltic concrete surfacing at an estimated cost of \$21,500.00.
- 525 In NEVADA COUNTY on HIGHWAY 19 North of Prescott the Director is authorized to proceed in the most feasible and economical manner with the work of constructing 3 precast concrete slab bridges to replace untreated timber bridges, at an estimated cost of \$39,100.00.
- 526 In PERRY COUNTY on HIGHWAY 10 from Perry to the Yell County Line, a distance of approximately 19 miles, the Director is authorized to proceed with the work of placing additional base and surfacing at an estimated cost of \$85,600.00.
- 527 In POINSETT COUNTY on HIGHWAY 69 from Trumann to State Highway 1 a distance of approximately 7.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the placing of asphaltic seal at an estimated cost of \$12,300.00.
- 528 In POLK COUNTY on HIGHWAY 88 on sections from U. S. 71 to the Montgomery County Line, a distance of approximately 5.35 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing asphaltic seal at an estimated cost of \$14,800.00.
- 529 In PRAIRIE COUNTY on HIGHWAY 38 from East end White River bridge to the Prairie-Woodruff County Line, a distance of approximately 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$114,100.00.
- 530 In PULASKI COUNTY on HIGHWAY 5 from Sylvan Hills Water Tank to 2.8 miles north, the Director is authorized to proceed in the most feasible and economical manner with the work of placing asphaltic concrete leveling course at an estimated cost of \$16,500.00.
- 531 In PULASKI COUNTY on U. S. HIGHWAYS 67 & 70 from Little Rock to the Saline County Line, a distance of approximately 8.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading and drainage structures for two additional traffic lanes at an estimated cost of \$485,000. This action is subject to program approval by the Bureau of

Public Roads.

- 532 In SALINE COUNTY on U. S. HIGHWAYS 67 & 70 from the Pulaski County Line to the Saline River at Benton, a distance of approximately 11.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading and drainage structures for two additional traffic lanes at an estimated cost of \$317,000.00. This action subject to program approval by the Bureau of Public Roads.
- 533 In SCOTT COUNTY on HIGHWAY 28 from U. S. Highway 71 to the Oklahoma State Line, a distance of approximately 20.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel and dust palliative at an estimated cost of \$51,500.00.
- 534 In ST. FRANCIS COUNTY on HIGHWAY 50 from end of pavement near Widener east a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$25,000.00.
- 535 In ST. FRANCIS COUNTY on HIGHWAY 149 from the St. Francis-Crittenden County Line to State Highway 50, a distance of approximately 8.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel at an estimated cost of \$31,000.00.
- 536 In STONE COUNTY on HIGHWAY 9 from Mountain View to Intersection of Highways 9 & 14, a distance of approximately 5.65 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel and dust palliative at an estimated cost of \$23,500.00.
- 537 In WOODRUFF COUNTY on HIGHWAY 37 from Highway 17 to the Woodruff-Jackson County Line, a distance of approximately 5.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$18,300.00.
- 538 In WOODRUFF COUNTY on HIGHWAY 145 from Highway 37 to the Jackson-Woodruff County Line, a distance of approximately 5.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$26,900.00.
- 539 In YELL and SCOTT COUNTIES on STATE HIGHWAY 28 from Plainview to Nola, a distance of approximately 17.3 miles, the Director is authorized to proceed in the most feasible and economical

manner with the work of placing additional base and surfacing at an estimated cost of \$104,500.00.

540 In MONTGOMERY COUNTY on HIGHWAY 27 from Mt. Ida to Lake Ouachita the Director is authorized to concur with affected Federal agencies in the use of available Forest highway funds for the improvement of the road section without state matching funds and MINUTE ORDER 402 pertaining to the use of Forest highway funds on HIGHWAY 23 in Franklin and Madison Counties is hereby cancelled.

541 Under the provisions of Section 10 of the Federal Highway Act of 1950, Congress has made funds available in current and in future appropriations for construction of highways through Federal reservations without the requirement of matching.

 On Highway 27 in Yell County, between Onyx and Fourche LaFave River, a distance of approximately 5 miles, is a section where all land is owned by the U. S. Forest Service, and which should qualify for such funds.

 The Director is hereby authorized to make the necessary application to the Bureau of Public Roads for an allotment of Federal Lands funds for construction of this portion of Highway 27.

542 Cross County, Job No. 11235, FAP F-020-2(1). The contract for the construction of approximately 7.231 miles of grading, minor drainage structures, gravel base and dense graded asphaltic hot mix surface on the Wynne-Parkin Road, U. S. Highway 64 and State Highway 75, Sections 16 & 2, is awarded to the McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas, on their low bid of \$279,493.34, subject to the concurrence of the Bureau of Public Roads.

543 Phillips & Lee Counties, Job No 11452, FAP F-031-2(1). The contract for the construction of approximately 6.080 miles of grading, minor drainage structures, gravel base and asphaltic concrete hot mix surface course on the Walnut Corner-Marianna Road, State Highway 1, Sections 8 & 9, is awarded to BucTon Construction Company of Hazen, Arkansas on their low bid of \$244,262.16, subject to the concurrence of the Bureau of Public Roads.

544 Jefferson County, Job No. 2314, FAP F-015-2(3). The contract for the construction of approximately 1614.12 Feet of widening side drives and 250 Feet of P. C. concrete pavement approaches, U. S. Highway 79, Section 10, is awarded to the S.R.D. Company of Warren, Arkansas on their low bid of \$416,196.55, subject to the concurrence of the Bureau of Public Roads.

 (Arkansas River Bridge near Pine Bluff)

- 545 Ashley County, Job No. 2433, FAP S-80(3) & F-023-1(3). The contract for the reconstruction of approximately 13.569 miles of grading, minor drainage structures, gravel base and dense graded asphaltic hot mix surface course on the Crossett-Hamburg Road, U. S. HIGHWAY 82, Section 8, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$335,966.06, subject to the concurrence of the Bureau of Public Roads.
- 546 Howard County, Job No. 3452, FAP S-97(1). The contract for the construction of approximately 9.217 miles (including 644 ft. bridges) of grading, minor drainage structures, gravel base and four R. C. bridges on the Saratoga-Mineral Springs Road, State Highway 55, Section 1, is awarded to S. M. Dixon, Contractor, on his low bid of \$239,070.91, subject to the concurrence of the Bureau of Public Roads.
- 547 Sharp County, Job No. 5383, FAP F-027-1(1). The contract for the construction of approximately 11.724 miles of grading, minor drainage structures, crushed stone base and asphaltic concrete hot mix surface course on the Evening Shade-Ash Flat Road (Evening Shade-Jct. Highway 62), State Highway 11, Section 6, is awarded to the Interstate Construction Company, Inc., Pine Bluff, Arkansas on their low bid of \$373,344.47, subject to the concurrence of the Bureau of Public Roads.
- 548 Pulaski County, Job No. 6477, State. The contract for the resurfacing of approximately 5.721 miles with asphaltic concrete hot mix surface on the Little Rock Truck Routes and Highway 10 between Lincoln Avenue viaduct and West Capitol Avenue in Little Rock, U. S. Highways 70T & 65T and State Highway 10, Sections 12, 12, & 8, is awarded to the A.P.T. Construction Company of North Little Rock, Arkansas on their low bid of \$56,216.40.
- 549 Yell County, Job No. 8347, FAP S-356(2). The contract for the construction of approximately 6.621 miles of gravel or crushed stone base and double bituminous surface treatment on the Dardanelle-Mt. Nebo Road, State Highway 155, Section 1, is awarded to the Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$73,609.05, subject to the concurrence of the Bureau of Public Roads.
- 550 Pope County, Job No. 8363, State. The contract for the reconstruction of approximately 7.800 miles of crushed stone base widening and open graded road mix surface course on the Russellville-Dover Road, State Highway 7, Section 15, is awarded to the Northwest Arkansas Asphalt Company of Sulphur Springs, Arkansas on their low bid of \$63,255.30.
- 551 Washington County, Job No. 9323, FAP S-333(11). The contract for the construction of approximately 16.334 miles (including 47.58 Ft. bridge) of grading, minor drainage structures, crushed stone

base, base course preservative treatment and one R. C. bridge on the Crawford County Line-Summers Road, State Highways 59 & 156, Sections 4 & 1, is awarded to M. E. Gillioz of Monett, Missouri on his low bid of \$350,838.70, subject to the concurrence of the Bureau of Public Roads.

552 Lawrence & Greene Counties, Job No. 10466, FAP F-026-1(1). The Contract for the construction of approximately 10.231 miles of grading, minor drainage structures, crushed stone base and asphaltic concrete hot mix surface on the Walnut Ridge-Paragould Road and widening and resurfacing between Walnut Ridge and Hoxie, State Highway 25 and U. S. Highway 67, Sections 7, 8, & 18, is awarded to the Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$354,868.78, subject to the concurrence of the Bureau of Public Roads.

553 Woodruff & Jackson Counties, Job No. 1283, FAP S-26(3). The contract for the surfacing with gravel base and double bituminous surface treatment on the Tupelo-McCrory Road, approximately 7.326 miles in length (Tupelo-Jct. Highway 37), State Highway 17, Sections 5 & 6, is awarded to the Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$148,979.42, subject to the concurrence of the Bureau of Public Roads.

554 Crittenden County, Job No. C-18-31, FAP S-816(19). The contract for the surfacing with gravel base and double bituminous surface treatment on the Clarkedale-West Road, approximately 2.513 miles in length, County Road, is awarded to the D. F. Jones Construction Company of Little Rock, Arkansas on their low bid of \$29,991.42, subject to the concurrence of the Bureau of Public

555 In STONE COUNTY on HIGHWAY 14 from Highway 9 to Blanchard Springs Road, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel and dust palliative at an estimated cost of \$18,800.00.

556 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:00 P. M., May 20, 1954.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twentieth Regular Meeting in Little Rock, Arkansas on May 20, 1954.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 24, 1954

The following is the record of the proceedings of the Twenty-first Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on June 24, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Dan F. Portis	Member
Glenn F. Wallace	Member

557 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., June 24, 1954.

558 In the interest of efficiency and economy the Director is hereby authorized to combine for administrative purposes the functions of the Federal Aid Division, the Accounting Division and the Fuel and Inventory Section of the Maintenance Division. The combined function will operate as the Accounting Division under the supervision of a Director of Accounting, effective July 1, 1954.

559 Allotment is hereby made in the amount of \$3,335,700.00 divided as follows: from the current Highway Construction Appropriation \$3,302,610.00, from County and Federal Aid Secondary Funds \$33,090.00, for the construction of the following listed projects on which contract awards were made by Minute Orders 542 through 554 at the regular meeting of the Commission on May 20, 1954.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
11235	F-020-2(1)	64 & 75	Cross	\$325,470.00
11452	F-031-2(1)	1	Phillips & Lee	\$268,680.00
2314	F-015-2(3)	79	Jefferson	\$457,810.00
2433	(F-023-1(3) (S-80(3)	82	Ashley	\$424,540.00

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
3452	S-97(1)	55	Howard	\$262,970.00
5383	F-027-1(1)	11	Sharp	\$410,670.00
6477	State	70T, 65T & 10	Pulaski	\$61,830.00
8347	S-356(2)	155	Yell	\$80,950.00
8363	State	7	Pope	\$69,580.00
9323	S-333(11)	59 & 156	Washington	\$385,910.00
10466	F-026-1(1)	25 & 67	Lawrence & Greene	\$390,340.00
1283	S-26(3)	17	Woodruff & Jackson	<u>\$163,860.00</u>

Total from Current Highway Construction Appropriation	\$3,302,610.00
C-18-3 S-816(19) County Road Crittenden	<u>\$33,090.00</u>
Total from County and Federal Aid Secondary Funds	<u>\$33,090.00</u>
GRAND TOTAL	\$3,335,700.00

560 The Director of Highways is hereby authorized to pay the annual membership dues of the Arkansas State Highway Department for the calendar year 1954 in amount of \$200 to the Southeastern Association of State Highway Officials.

561 WHEREAS, The Purchasing Committee has awarded purchases on May 24, 26, and June 1, 7, 11, 14 and 21, 1954, in accordance with authority heretofore conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment & Procurement,

 NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

562 Minute Order No. 142 dated June 25, 1951, authorizing the use of titles of Administrative Assistant and Engineer Traffic and Safety is hereby modified to provide maximum salaries of \$6,600.00 per annum each, effective July 1, 1954.

563 WHEREAS, Minute Order 263 of October 29, 1953, provided for the construction of a toll bridge across the Mississippi River at or near Helena, conditioned upon fulfillment of the following requirements by Phillips County and the City of Helena:

1. That all required right-of-way for the project be furnished free of obstructions and free of cost to the State.
2. That one million dollars be provided toward the construction of the project, and

 WHEREAS, Requirement 2 above has been fulfilled through the agreed participation in construction of the bridge by the Mississippi Highway Commission in the amount of one million dollars,

 NOW, THEREFORE, It is ordered that the Director be authorized to take the following actions to carry out the provisions of Minute Order 263:

1. Sign the joint agreement with the Mississippi State Highway Commission covering construction, maintenance and financing of the proposed bridge.
2. Proceed with the necessary preliminary surveys, studies and investigations required for the construction of the bridge.

It is further ordered that all other provisions of Minute Order 263 remain in full force and effect but that no further action be taken toward construction of the bridge, other than the authorizations given herein, until the right-of-way condition is accepted by the proper officials of Phillips County and the City of Helena.

564 WHEREAS, it is considered necessary in the interest of efficiency to establish an Area Headquarters at Searcy, Arkansas, and

WHEREAS, preliminary investigation indicates that Mr. Herman Langley of Searcy has a tract of approximately 2 acres, more or less, that is suitably located for such purpose, which can be purchased at a cost of \$300.00, and

NOW, THEREFORE, IT IS ORDERED that the Director be, and he is hereby empowered to negotiate for the purchase of this property at a price not to exceed \$300.00, and

BE IT FURTHER ORDERED that the Director be empowered to perform any acts necessary for the completion of the fee simple purchase of this property.

565 The Director is hereby authorized to proceed through proper channels with the disposal of the following obsolete equipment, junk batteries and junk radiators, that are of no further value to the Arkansas State Highway Department due to age and condition.

2 - Pull Graders	2 - Crawler Tractors
2 - Portable Asphalt Plants	2 - Power Units
1 - Tank Car Heater	1 - Homemade Aggregate Dryer
1 - Air Compressor 60 cu. ft.	1205 - Junk Equipment Batteries
13 - Asphalt Kettles	78 - Junk Equipment Radiators

Obsolete Equipment to be sold, listed by State Number, Year Model and Make.

566

WHEREAS one of the critical deficiencies in the operation of the Department is the lack of adequate equipment for the maintenance and betterment of the highway system, and

WHEREAS the deficiency is costly to the Department in the upkeep of worn out, outmoded equipment and to efficient highway service, and

WHEREAS in order for the Department to become adequately

equipped for efficient operation and improved services the annual budget for equipment must be augmented

NOW THEREFORE an appropriation in the amount of four hundred fifty thousand dollars is hereby made in addition to the regular maintenance budget to cover the cost of equipment authorized by Minute Order No. 461, dated April 15, 1954.

567 WHEREAS, Arkansas County has a great need for bridges on their County Road System, and

WHEREAS, the Department has a 100 foot steel span on Highway 152 west of DeWitt that has been retired from service by a new structure, and

WHEREAS, the 100 foot steel span is too light for use on the State Highway System and is inventoried at scrap price

NOW THEREFORE BE IT ORDERED for the public good that the Director is authorized to release the span to Arkansas County for a purchase price equivalent to the scrap value.

568 In BENTON COUNTY on HIGHWAY 16 at the crossing of the Illinois River, Minute Order No. 453 is hereby modified to extend the time for acceptance by the County an additional 60 days.

569 In CLAY COUNTY on U. S. HIGHWAY 67 from Corning to the Missouri State Line Minute Order No. 456 is hereby amended to extend the time for acceptance by Clay County until August 15, 1954.

570 WHEREAS in FAULKNER and PERRY COUNTIES at the crossing of HIGHWAY 60 and the Arkansas River requests have been received for ferry service and

WHEREAS the General Assembly of 1953 appropriated the sum of \$20,000.00 for ferry service at the crossing which according to engineering studies is inadequate to provide for the facility needed for reasonably adequate traffic services, and

WHEREAS provision was not made for maintenance and operating expense of a ferry, and

WHEREAS the Commission from currently available funds is not in position to assume the additional expense that would be required by the ferry installation and operation and meet the needs for traffic services on the designated highway system, and

WHEREAS the need for a facility to reduce travel distance is recognized

NOW THEREFORE it is ordered that the Director tender the following proposal to the proper officials of Faulkner and Perry Counties

Provided that Faulkner and Perry Counties will:

1. Provide all required right-of-way free of obstructions and free of cost to the State.
2. Accept the provisions of this order within 90 days.

The Arkansas Highway Department will:

1. Prepare specifications and request bids for construction, maintenance and operation of toll ferry services. The franchise, toll fees, quality of service, safety provisions and other features will be covered by specification and contract and subject to regulation by the Department.
2. Provide \$20,000.00 for ferry equipment upon award of contract for ferry operation.
3. Provide toll ferry service at no further cost to the State if satisfactory bids are received for contract award.

This action is subject to procedural approval by the Attorney General of the State of Arkansas.

571 In GARLAND COUNTY on U. S. HIGHWAYS 70, 270 and STATE HIGHWAY 7 in Hot Springs from Market Street to 70-270 wye and from Market Street to Greenwood Street, a distance of approximately 3.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional surfacing at an estimated cost of \$50,000.00

appropriate action through designated lines of authority to
ensure compliance with any orders that apply to your respective
divisions or districts.

Herbert Eldridge
Director of Highways

VES:ms

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 22, 1954

The following is the record of the proceedings of the Twenty-second Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 22, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Dan F. Portis	Member
Glenn F. Wallace	Member

595 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., July 22, 1954.

596 WHEREAS, the Highway Research Correlation Service of the Highway Research Board collects available information concerning past, current, and proposed research work relating to highways and highway transportation of the Federal Government, State Highway Departments, etc., correlates such information and disseminates such reports to the subscribing agencies, and

WHEREAS, all the States participate in this program and subscribe to the service as it is considered very valuable.

BE IT ORDERED, that the Director is authorized to renew the subscription of the Arkansas State Highway Department to the Highway Research Correlation Service for the fiscal year ending June 30, 1955, in the amount of \$2,347.00, to be paid to the National Academy of Sciences.

597 Allotment is hereby made in the amount of \$3,175,190.00 divided as follows: from the current Highway Construction Appropriation \$3,147,000.00, from County and Federal Aid Secondary Fund \$15,000.00, from Highway Maintenance Funds \$13,190.00, for construction of the following listed projects on which contract awards are made by Minute Orders 574 through 591 at the regular meeting of the Commission on June 24, 1954.

Job No.	Project	Route	County	Amount
2470	S-185(3)	114	Lincoln	\$107,620.00
3450	S-208(1)	24	Hempstead & Nevada	185,160.00
4394	S-150(3)	8	Polk	120,150.00
5400	F-030-4(1)	62	Sharp	335,790.00
5410	S-169(2)	69	Independence & Izard	207,820.00

Total from County & Federal Aid Secondary Funds				<u>\$15,000.00</u>
AFE 12-33	State	7	Perry, Pope & Newton	
		64	Johnson	
		65	Van Buren	<u>\$13,190.00</u>
Total from Highway Maintenance Funds				<u>\$13,190.00</u>
GRAND TOTAL				<u>\$3,175,190.00</u>

598 WHEREAS, In Poinsett County, the Arkansas State Highway Commission has under its supervision the maintenance of a highway bridge on U. S. Route 63, west of Marked Tree, Arkansas, near Harrisburg Corner, and within the St. Francis River floodway area; and,

WHEREAS, Much scour damage has been done at said bridge location by floodwaters flowing through the levee borrow pits; and

WHEREAS, The Commission has requested the United States, through the Memphis District, Corps of Engineers, to repair said scour damage at Federal Expense; and

WHEREAS, -The Memphis District, Corps of Engineers, has advised the Commission that it is authorized to construct the work under the provisions of Section 14 of Public Law 526, 79th Congress, provided the Commission will furnish satisfactory assurances of local cooperation; NOW THEREFORE

BE IT RESOLVED by the Arkansas State Highway Commission that in consideration of the benefit to be derived from the repair of said scour damage at the expense of the United States, the Commission agrees to and assures the United States that it will:

- a) Provide without cost to the United States all lands, easements and rights-of-way necessary for the construction of the work;
- b) Hold and save the United States free from damages due to the construction works;
- c) Maintain and operate all the works after completion.

The Director is authorized to proceed with measures necessary for fulfillment of the provisions of this order and to bring the subject

back to the attention of the Commission if the estimated cost is in excess of the amount of Federal participation of \$50,000.

599

WHEREAS in PRAIRIE COUNTY on U. S. HIGHWAY 70 and STATE HIGHWAY 11 in the City of Hazen request has been made for pavement widening in accordance with policies of the Department that in essence requires local government units to provide for parallel drainage, by construction of curb and gutters and/or storm sewers, and

WHEREAS the proposed improvement consists of approximately 3 blocks in length on U. S. Highway 70 and approximately 12 blocks in length on Highway 11, and

WHEREAS the proposed improvement has merit for immediate action to coordinate with local improvements within the City and with the State's work now under construction on U. S. Highway 70

NOW THEREFORE IT IS HEREBY ORDERED that the Director tender the following tentative offer to the Mayor of Hazen

Provided that the City of Hazen will:

1. Furnish all required right-of-way free of obstructions and free of cost to the State.
2. Provide for the construction of curb and gutters and/or storm sewers along the sections where pavement widening is proposed.
3. Accept the provisions of this order within 30 days.

The Arkansas Highway Department will:

1. Widen base and surfacing to the curb and gutter sections provided by the City.
2. Maintain the portion of the facility that is the State's construction responsibility.
3. Provide for an asphaltic seal on Highway 11 within the City.

Upon acceptance of this order by the Mayor of the City of Hazen the Director is authorized to proceed with measures necessary to fulfilment.

600

WHEREAS in SEBASTIAN COUNTY the CITY OF FORT SMITH has requested the designation of a truck route described as follows:

"Beginning at Barling, Arkansas, going over the Camp Chaffee access road to Highway 71; thence along Highway 71 to South Fresno Street; thence along South Fresno Street to Wheeler Avenue; thence along Wheeler Avenue to Carnall Avenue; thence a short distance of about a block and one-half to two blocks on South 6th Street; thence one block West to the end of South 5th Street; thence North on South

5th Street to Garrison Avenue", and

WHEREAS the portion of the route from Highway 22 at Barling to U. S. Highway 71 is recognized as a needed facility justifying state support

NOW THEREFORE IT IS ORDERED that the Director tender to the proper officials of Fort Smith and Sebastian County the following tentative offer

Provided that the City of Fort Smith and Sebastian County will:

1. Provide for the construction and maintenance of the portion of the proposed route from Highway 71 along Fresno Street, Wheeler Avenue, Carnall Avenue, South Sixth Street and South Fifth Street to Garrison Avenue.
2. Accept the provisions of this order within 30 days.

The Arkansas Highway Department will:

1. Designate and sign the proposed route as a truck route.
2. Provide such construction as needed and maintain the route from Highway 22 at Barling to U. S. Highway 71.

Upon acceptance of the provisions of the order by the proper officials of the City of Fort Smith and Sebastian County, the Director is authorized to proceed with measures necessary for fulfilment of the State's responsibility.

601 WHEREAS an agreement was reached between representatives of the Highway Department and R. S. and T. H. Rainwater, owners of a cotton gin located at Minturn, Arkansas, on the Alicia-Hoxie Road, Job No. 10401, under which agreement said owners were to receive a total sum of \$12,800.00 for right of way damages provided they removed said gin from the new right of way and reconstructed same, and

WHEREAS this Commission finds that R. S. and T. H. Rainwater have complied with the terms of said agreement to the extent of clearing the right of way and are therefore entitled to receive the balance of said \$12,800.00 settlement due them, and

WHEREAS by motion dated September 28, 1951, the Arkansas State Highway Commission relieved Lawrence County of participation in right of way costs on this project,

NOW THEREFORE, IT IS ORDERED THAT the Director be and he is hereby authorized to direct payment of the balance of said \$12,800.00 settlement to R. S. and T. H. Rainwater.

This payment is to be made on the understanding that no part of the new right of way of the Alicia-Hoxie Road, as condemned by order

of Lawrence County Court dated August 1, 1951 may be used by said owners in connection with their gin operation and is to be kept free and clear of all encroachments.

602 In CALHOUN COUNTY on U. S. HIGHWAY 79 from the Ouachita County Line to the Dallas County Line, a distance of approximately 8.71 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional surfacing at an estimated cost of \$22,800.00.

603 In CRAIGHEAD COUNTY , the designated route of HIGHWAY 1 through the-City of Jonesboro is along Main Street and Johnson Avenue and the Director is authorized to sign the route for proper guidance of the traveling public.

604 In NEVADA COUNTY on HIGHWAY 76 from Highway 19 to Highway 4, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing three timber bridges, total length 209 ft. with concrete bridges at an estimated cost of \$16,900.00.

605 WHEREAS, The Purchasing Committee has awarded purchases on June 28, July 6, 12 and 19, 1954, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment and Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

606 On the basis of Bids received July 16, 1954, by the State Department of Finance and Administration under Bid Reference S-54-447 dated June 28, 1954, on 168 Motor Vehicles pursuant to Highway Commission Minute Order No. 461 purchases are hereby awarded to the low bidder as follows:

Less outright sale of 165 Used Vehicles to-highest bidders	<u>\$21,621.79</u>	
Net difference between cost of New Vehicles		

and sale of Old Vehicles

\$147,615.70

607

In MONROE and LEE COUNTIES the official routing of State Highway 79 east of Clarendon shall be changed to conform to completed new construction on relocated sections as shown on the attached sketch which is hereby made a part of this Order and which is entitled "Changed Designation of State Highway Routes and Sections East of Clarendon, Monroe and Lee Counties" drawn in June 1954.

The connections of State Highway 17, 20 and 39 with Highway US 79 shall be changed as indicated on the aforementioned sketch.

By this action and in conformity with Supreme Court Decisions, those sections of Old State Highway US 79 which are indicated by dotted lines on the cited sketch and which have been replaced by construction on a new location are hereby declared to be no longer a part of the State Highway System.

608

Minute Order No. 592 awarded a Contract on AFE 12-34 to Randall H. Sharpe for painting Five Steel Bridges in Woodruff, Monroe, Lee, Poinsett and Independence Counties on his low bid of \$25,036.13.

Minute Order No. 593 awarded a Contract on AFE 12-35 to L. M. Jack Frank & Son, Inc., for painting Three Steel Bridges in Little River, Miller, Lafayette, Union and Ashley Counties on the firm's low bid of \$27,976.60.

The provisions of Act 124 of 1939, as amended, prohibit any person or firm from entering into any construction contract when the value of the contemplated work is \$20,000 or more and the Contractor is not licensed by the Contractors Licensing Board of the State of Arkansas.

In default of a history of this type work the Engineer's estimates were less than \$20,000 in each case and, therefore, proposals were sold to prospective bidders not licensed in this State. The bidders, however, were advised of the provisions of the law and both made application for license, but after submitting bids in excess of \$20,000.

The Licensing Board has held that the submission of bids in excess of \$20,000 by unlicensed firms is a violation of law and has refused to consider the applications until these violations have been eliminated through cancellation of the awards.

Minute Orders 592 and 593 are hereby revoked and all bids received on AFE's 12-34 and 12-35 are rejected. The Director is ordered to return the Bidders' Guarantee Checks now held and to re advertise the work for receipt of bids.

609

Hempstead & Nevada Counties, Job No. 3435, FAP S-434(2). The contract for the construction of approximately 12.577 Miles

(including 39.0 Feet M. Span Culvert) of Grading, Minor Drainage Structures and Gravel Base Course on the Hope-Rosston Road, State Highway 4, Sections 6 & 7, is awarded to Campbell Construction Company, Inc. of Shreveport, Louisiana on their low bid of \$153,129.41, subject to the concurrence of the Bureau of Public Roads.

- 610 Nevada County, Job No. 3448, FAP S-174(3). The contract for the construction of approximately 10.525 miles (including 88.5 Ft. M. Span Culvert) of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment on the Rosston-Magnolia Road, State Highway 19, Section 3, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$215,286.49, subject to the concurrence of the Bureau of Public Roads.
- 611 Yell County, Job No. 8368, FAP S-212(1). The contract for the construction of approximately 7.209 miles (including 57.43 Ft. M-Span Culvert) of Grading, Minor Drainage Structures and Crushed Stone Base on the Chickalah-Dardanelle Road, State Highway 27, Section 10, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$103,336.55, subject to the concurrence of the Bureau of Public Roads.
- 612 Poinsett County, Job No. 10479, FAP F-031-2(3). The contract for the construction of approximately 7.784 Miles of Gravel Base and Dense Graded Asphaltic Hot Mix Surface on the Harrisburg-Wynne Road, State Highway 1, Section 15, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$87,903.20, subject to the concurrence of the Bureau of Public Roads.
- 613 Benton County, Job No. C-4-2, FAP S-19(2). The contract for the construction of approximately 5.476 Miles of Grading, Minor Drainage Structures, Gravel Base Course and Double Bituminous Surface Treatment on the Cave Springs-Lowell Road, County Road, is awarded to the Mississippi Valley Contracting Company, Inc. of Paragould, Arkansas on their low bid of \$58,342.24, subject to the concurrence of the Bureau of Public Roads.
- 614 Crittenden County, Job No. C-18-44, FAP S-818(6). The contract for the construction of approximately 0.897 Miles of Gravel Base and Double Bituminous Surface Treatment on the Marion-St. Clair Road, County Road, is awarded to the D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$11,841.46, subject to the concurrence of the Bureau of Public Roads and Crittenden County.
- 615 Crittenden County, Job No. C-18-47, FAP S-854(7). The contract for the construction of approximately 1.163 Miles of Gravel Base and Double Bituminous Surface Treatment on the Amanca-Riceville Road, County Road, is awarded to the D. F. Jones Construction Co., Inc. of Little Rock, Arkansas on their low bid of \$14,637.46, subject to the concurrence of the Bureau of Public Roads and Crittenden County.

IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:30 P. M., July 22, 1954.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twenty-second Regular Meeting in Little Rock, Arkansas on July 22, 1954.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 26, 1954

The following is the record of the proceedings of the Twenty-third Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 26, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Dan F. Portis	Member
Glenn F. Wallace	Member

617 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., August 26, 1954.

618 WHEREAS, there is an unexpended balance of \$3,824,192. remaining in the appropriation authorized for construction on June 30, 1954 under Act 451 of the Acts of 1953 and that said appropriation may be brought forward and made available for purposes therein provided during the fiscal year beginning July 1, 1954 and ending June 30, 1955.

NOW, THEREFORE, BE IT RESOLVED by the Arkansas State Highway Commission that a formal request be made to the Department of Finance and Administration for a transfer of said \$3,824,192. balance in the Construction Appropriation as of June 30, 1954 to Construction Appropriation starting July 1, 1954 as follows:

From - Construction (2801-7-54 RA) \$3,824,192.

To - Construction (2801-7-55 RA) \$3,824,192.

619 Allotment is hereby made in the amount of \$710,090.00 divided as follows: from the current Highway Construction Appropriation \$615,510.00, from County and Federal Aid Secondary Fund \$94,580.00, for construction of the following listed projects on which contract awards are made by Minute Orders 609 through 615 at the regular meeting of the Commission on July 22, 1954.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
3435	S-434(2)	4	Hempstead & Nevada	\$168,380.00
3448	S-174(3)	19	Nevada	\$236,810.00
8368	S-212(1)	27	Yell	\$113,660.00
10479	F-031-2(3)	1	Poinsett	<u>\$96,660.00</u>
Total from current Highway Construction Approp.				\$615,510.00

C-4-2	S-19(2)	County Road	Benton	\$65,360.00
C-18-44	S-818(6)	County Road	Crittenden	\$13,070.00
C-18-47	S-854(7)	County Road	Crittenden	<u>\$16,150.00</u>
Total from County & Federal Aid Secondary Funds				<u>\$94,580.00</u>
GRAND TOTAL				<u>\$710,090.00</u>

620 The following items of primary program are hereby cancelled because of lack of concurrence of the Bureau of Public Roads

<u>Min.</u>					
<u>Order</u>	<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Length</u>	<u>Est. Cost</u>
362	Jefferson	U. S. 65	Pine Bluff-Dexter	8.3	\$415,000
362	Jefferson	U. S. 65	Pine Bluff-Jct. 81	4.9	\$230,000
187	Franklin & Johnson	U. S. 64	Altus to Clarksville	6.0	\$270,000
127	Conway	U. S. 64	Morrilton-Pope	8.5	\$400,000

621 The Director is authorized to proceed in the most feasible and economical manner with the work of painting the following listed steel bridges at an estimated cost of \$22,000.00:

<u>County</u>	<u>Highway</u>	<u>Stream Crossing</u>	<u>Bridge No.</u>
Boone	U. S. 62	Long Creek	1488
Conway	U. S. 64	Point Remove Canal	1670
Conway	U. S. 64	Point Remove Creek	1671
Crawford	59	Lee Creek	1811
<u>County</u>	<u>Highway</u>	<u>Stream Crossing</u>	<u>Bridge No.</u>
Faulkner	25	East Cadron Creek	
Franklin	23	Mulberry Creek	1789
Independence	25	Curia Creek	2515
Johnson	U. S. 64	Horsehead Creek	1198
Lawrence	U. S. 62	Spring River	1984
Pulaski	U. S. 65	Palarm Creek	1726
St. Francis	U. S. 70	Crow Creek	1472
White	U. S. 67	Bull Bayou	1463
White	U.S. 67	Des Arc Bayou	1452
Yell	10	Petit Jean Creek	1118
Yell	7	Petit Jean Creek	856

622 WHEREAS, The Purchasing Committee has awarded purchases on July 26, August 2, 9, 16 and 23, 1954, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment & Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

623 WHEREAS the Highway Commission in its endeavor to utilize

funds to render the maximum of highway services to the people of the State in accordance with need and in the belief that the people who own adjacent property and who will receive the most benefit from road improvements are willing to donate the required right-of-way has proceeded to date on this basis, and

WHEREAS the procedure has permitted the building of more miles of dustless roads and has merit for continuance for the improvement of road systems to dustless standards, and

WHEREAS the Congress by the enactment of the Highway Act of 1954 (Public Law No. 350) has provided for expeditious construction of the Interstate system of highways which will require rights-of-way of 250 feet or more in width, and

WHEREAS the Interstate system of highways in Arkansas includes U. S. Highway 61 from the Missouri Line north of Blytheville to the Mississippi River bridge near Nest Memphis; U. S. Highway 64 from Conway to the Oklahoma State Line at Fort Smith; U. S. Highway 65 from Little Rock to Conway; U. S. Highway 67 from Little Rock to the Texas State Line at Texarkana and U. S. Highway 70 from Little Rock to the Mississippi River bridge near West Memphis, total mileage approximately 527, and

WHEREAS the Interstate system is presently served by two lane pavements that with further rehabilitation will be reasonably adequate for present traffic volumes over a greater portion of the mileage and it is recognized that the need for additional facilities and the property damage cost in most cases will not be conducive to the donation of the required rights-of-way and

WHEREAS the Commission desires to expedite the building of the Interstate system in keeping with the Highway Act of 1954 and for the advancement of highway services in the State and to proceed in fairness with the problem of right-of-way acquisition and at the same time to be protected from exorbitant and unjust claims for damages that would preclude the possibility of continued orderly and expeditious highway development in the State

NOW THEREFORE IT IS HEREBY ORDERED that the following procedure for selection of road sections for improvement shall govern until further notice:

Based upon road merit as determined by the Department, preference will be given in the selection of road sections for improvement in accordance with the following:

1. Where all required right-of-way free of obstructions, is furnished free of cost to the State.
2. Where there is local participation in the cost of acquiring right-of-

way free of obstructions, and in accordance with the amount or percentage of local participation.

3. Where right-of-way free of obstructions is acquired at the expense of the State at a total cost not to exceed the amount of the State's appraisal, and
4. Where the State bears the entire cost of right-of-way acquisition without local assistance or cost guaranty.

624 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job</u>	<u>F.A.P.</u>	<u>F.C. No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase or</u>
						<u>Decrease in Project Cost</u>
11451	Non. Part.	1	Wheatley-Palestine Reconstr.	Ben M. Hogan & Co.	\$120.00	\$120.00
6449	U-01-2(2)	4	Little Rock-Saline Co. Line Pavement	Ben M. Hogan & Co.	\$1321.50	\$1399.22

625 In ARKANSAS COUNTY on HIGHWAY 1 from Gillett to overflow section of Arkansas River, a distance of approximately 7.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$210,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Arkansas County within 60 days.
3. Program approval by the Bureau of Public Roads.

626 In ARKANSAS COUNTY on HIGHWAY 146 from U.S. Highway 79 to Highway 153, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing three timber bridges with steel and concrete bridges at an estimated cost of \$13,700.00.

627 In ASHLEY COUNTY on HIGHWAY 8 from Hamburg to Parkdale, a distance of approximately 17.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$11,200.00.

628 In CRITTENDEN COUNTY on U. S. HIGHWAYS 61 & 63, Minute Order No. 517 provided an allotment of \$644,000.00 for grading and structures for two additional lanes from the St. Francis

Levee to Highway 64 and completion of frontage roads, and

WHEREAS, the said allotment of \$644,000.00 failed to provide funds for the construction of the frontage roads which are estimated to cost \$98,000.00,

NOW THEREFORE, It is Ordered that the allotment heretofore made be increased to a total of \$742,000.00.

629 WHEREAS in CRITTENDEN COUNTY presentations have been made for the improvement to dustless surface standard of roads from Turrell, Clarkdale and James Mill to the new location of U. S. Highways 61 and 63, a total length of approximately 2.9 miles, and

WHEREAS, the Commission believes that additional designations should be made because of the large unimproved mileage presently designated, and

WHEREAS, the Commission recognizes the merit of the request for adequate traffic service to the towns and communities afforded by connections with the highway system

NOW THEREFORE IT IS ORDERED that the Director be instructed to make the following tentative offer to Crittenden County for the improvement of the roads

Provided that Crittenden County will:

1. Furnish all right-of-way free of obstructions and free of cost to the State.
2. Provide for the use of county federal aid funds for one-half the construction cost.
3. Maintain the roads after completion of construction.
4. Accept the provisions of this order within 60 days.

The Arkansas Highway Department will:

1. Furnish funds for matching of county federal aid funds to the extent of one-half the construction cost, estimated to be \$28,000.00.
2. Provide for preliminary and construction engineering services in accordance with usual handling of County-Federal Aid Projects.

Upon acceptance of the provisions of this order by the County Judge of Crittenden County the Director is authorized to proceed with the work necessary to fulfillment, subject to concurrence of the Bureau of Public Roads.

630 In DESHA COUNTY on HIGHWAY 1 from Highway 54 to the Arkansas River levee, a distance of approximately 3.73 miles, the Director is authorized to proceed in the most feasible and economical

manner with the work of constructing grading, structures and surfacing at an estimated cost of \$111,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Desha County within 60 days.
3. Program approval by the Bureau of Public Roads.

631 WHEREAS, in FAULKNER, PULASKI and WHITE COUNTIES MINUTE ORDER 501 tendered an offer for a relocation of HIGHWAY 5 from a point on the present road in Pulaski County to Rosebud in White County and for construction from the point on the present road in Pulaski County to U. S. Highway 64 in Faulkner County, and

WHEREAS, the provisions of Minute Order 501 have been accepted by the proper officials of Faulkner and Pulaski Counties

NOW THEREFORE IT IS HEREBY ORDERED that the Director proceed with All work necessary to the relocation and construction of that portion of the proposed route in Pulaski and Faulkner Counties to a connection with U. S. Highway 64 and that the portion of Minute Order 501 pertaining to the route north of U. S. Highway 64 be and is hereby cancelled.

632 In FRANKLIN COUNTY on HIGHWAY 96 from Highway 23 to the Sebastian County Line, a distance of approximately 14.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$21,300.00.

633 In FULTON and SHARP COUNTIES on U. S. HIGHWAY 62 from Salem to Hardy, a distance of approximately 28.6 miles, the Director is authorized to proceed with the construction of grading structures and surfacing at an estimated cost of \$1,122,000. when right-of-way is available and plans are complete in accordance with the provisions of Minute Order No. 400.

634 In HOT SPRING COUNTY on HIGHWAY 9 from the Dallas County Line north to end of pavement, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing surfacing at an estimated cost of \$21,200.00.

635 In HOWARD and PIKE COUNTIES on U. S. Highway 70 from Dierks to New Hope, a distance of approximately 11.5 miles, the Director is authorized to proceed with the construction of grading, structures and surfacing at an estimated cost of \$480,000. when right-of-way is available and plans are complete in accordance with the

provisions of Minute Order No. 464.

636 In INDEPENDENCE COUNTY on HIGHWAY 25 east of
Batesville, the Director is authorized to proceed in the most feasible
and economical manner with the work of replacing four bridges at an
estimated cost of \$29,000.00.

637 In JACKSON COUNTY on HIGHWAY 18 from Grubbs to the
Poinsett County Line, a distance of approximately 1.62 miles, the
Director is authorized to proceed in the most feasible and economical
manner with the work of constructing grading, base and surfacing at an
estimated cost of \$46,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Jackson County within 60 days.
3. Program approval by the Bureau of Public Roads.

638 In JACKSON, LINCOLN, MONTGOMERY, POLK, WHITE
AND YELL COUNTIES, the Director is authorized to proceed in the
most feasible and economical manner with the work of fencing area
headquarters at Newport, Star City, Pencil Bluff, Mena, Searcy and
Danville at an estimated cost of \$26,250.00

639 WHEREAS, in Jefferson County Minute Order No. 362
extended a proposal to widen and strengthen Highway 65 from Pine
Bluff to Dexter, a distance of approximately 8.3 miles, and from Pine
Bluff South to the junction of Highway 81, a distance of approximately
4.9 miles, subject to the approval of the Bureau of Public Roads, and
further subject that no additional right-of-way would be required, and

WHEREAS, this road can be made eligible for approval by the
Bureau of Public Roads only by increasing this right-of-way width
from 80 to a minimum of 120 feet, and

WHEREAS, several property owners along the Northern of
these two sections have expressed a desire to attempt to procure the
required additional right-of-way in order to preserve their investment
along this section of Highway 65

NOW THEREFORE, the Director is hereby authorized to tender
to the County Judge of Jefferson County the following tentative
proposal,

Provided that Jefferson County will:

1. Provide all required right-of-way free of obstruction and free of cost to the State.

The Arkansas Highway Department will:

1. Proceed with widening and strengthening Highway 65 from Pine Bluff to Dexter.

This action is conditioned upon the following:

1. Delivery of the required right-of-way within 90 days.
2. Program approval by the Bureau of Public Roads.

640 In MISSISSIPPI COUNTY on HIGHWAY 18 S from Manila West a distance of approximately 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing, grading, structures and surfacing at an estimated cost of \$365,000.00 subject to the following:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this offer by the County Judge of Mississippi County within 90 days.
3. Program approval by the Bureau of Public Roads.

641 In MONROE COUNTY on HIGHWAY 1 from the end of the Indian Bay Project (Job 1276) to the Phillips County Line, a distance of approximately 6.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$430,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Monroe County within 60 days.
3. Program approval by the Bureau of Public Roads.

642 In OUACHITA COUNTY on HIGHWAY 24 from Log mile 6.2 to Log mile 14.2 between Highway 4 and the Nevada County Line, a distance of approximately 8.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional asphaltic surfacing at an estimated cost of \$23,600.00.

643 In POINSETT COUNTY on HIGHWAY 75 from Marked Tree to the Cross County Line, a distance of approximately 11.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$85,800.00.

644 WHEREAS, on Highway 67-70 in Pulaski and Saline Counties, between Little Rock and Benton, a right-of-way two hundred feet wide has been purchased and a two lane highway built thereon, and

WHEREAS, the first stage of a second two lanes has been pro-

grammed for construction in the near future which will be followed by paving an additional two lanes, and

WHEREAS, this section is a part of the Interstate system which will ultimately become a controlled access highway, for which a 200 foot right-of-way is inadequate, and

WHEREAS, due to its location, it will be one of the highest traveled sections of the Interstate system within the State of Arkansas, and

WHEREAS, the development of property adjacent to a new highway always causes an increase in value of all adjacent property and thereby greatly increases the cost of additional rights-of-way

NOW THEREFORE IT IS ORDERED that the Director proceed in cooperation with the respective County Judges to ascertain the probable cost of procuring such additional right-of-way as may be necessary to provide an ultimate controlled access facility from the South end of the present two hundred foot right-of-way at the Saline River extending North and East across that portion of Saline County traversed by the new 67-70 Highway and continuing through Pulaski County along this same highway to a point in Pulaski County where said Highway 67-70 will depart from the present route to make a through connection to the proposed Little Rock Expressway.

645 In SEBASTIAN COUNTY on HIGHWAY 96 from the Franklin County Line to the east City Limit of Lavaca, a distance of approximately 12.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$16,900.00.

646 In UNION COUNTY on U. S. HIGHWAY 82 from the Columbia County Line to El Dorado, a distance of approximately 18 1/2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening roadbed structures and surfacing at an estimated cost of \$985,000.00 subject to the following:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this Order by the County Judge of Union County within 90 days.
3. Program approval by the Bureau of Public Roads.

647 In UNION COUNTY on U. S. HIGHWAY 82 on two sections of proposed relocation East of El Dorado, a distance of approximately 2 1/2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing, grading, drainage structures and surfacing at an estimated cost of \$132,000.00

subject to the following:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Union County within 90 days.
3. Program approval by the Bureau of Public Roads.

648 In WHITE COUNTY on HIGHWAY 36, from West Point to Georgetown, a distance of approximately 10.2 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$31,400.00.

649 Pulaski County, Job No. 6456, Access Road Project No. R.D.-1. The contract for the construction of approximately 2.462 miles of grading, minor drainage structures, crushed stone base and asphaltic concrete hot mix surface on the North Little Rock-Macon Road (Bayou Meto-Macon Relocation), State Highway 5, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$89,207.84, subject to the concurrence of the Bureau of Public Roads.

650 Hot Spring County, Job No. 6469, FAP S-214(1). The contract for the construction of approximately 2.259 miles of grading, minor drainage structures, gravel base and double bituminous surface treatment on the Bismarck-Marcus Road, State Highway 84, Section 3, is awarded to Four Brothers, Incorporated of Sweet Home, Arkansas on their low bid of \$40,716.61, subject to the concurrence of the Bureau of Public Roads.

651 Union, Columbia and Ouachita Counties, Job No. 7430, FAP S-211(1). The contract for the construction of approximately 10.189 miles (including 704.0 ft. of bridges) of grading, minor drainage structures, gravel base, double bituminous surface treatment and seven R. C. bridges on the Mount Holly-Stephens Road, State Highway 57, Sections 3, 2 & 1, is awarded to Linwood Smith, Lake Village, Arkansas, on their low bid of \$349,128.24, subject to the concurrence of the Bureau of Public Roads.

652 Carroll & Madison Counties, Job No. 9327, FAP S-194(5). The contract for the construction of approximately 6.648 miles (including 427 ft. of bridges) of grading, minor drainage structures, crushed stone base, double bituminous surface treatment and one R.C. and structural steel I-Beam bridge on the Marble-Dryfork Road, State Highway 68, Sections 3 & 4, is awarded to the Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$309,889.35, subject to the concurrence of the Bureau of Public Roads.

653 Washington and Benton Counties Job No. 9357, State. The

contract for the construction of approximately 10.571 miles (including 177.08 ft. of bridge widening) of widening and resurfacing existing Portland Cement Concrete Pavement with asphaltic concrete hot mix surface course on the Springdale-Rogers Road, U. S. Highway 71, Sections 17 & 18, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$341,967.16.

- 654 Poinsett County, Job No. 10486, State. The contract for the reflooring of approximately 163.30 feet of Swing Span with Concrete Filled Steel Grid Floor Slab, St. Francis River Bridge at Marked Tree, U. S. Highway 63, Section 8, is awarded to J. H. Leveck & Son of Little Rock, Arkansas on their low bid of \$21,920.00.
- 655 Mississippi County, Job No. C-47-11, FAP S-1002(2). The contract for the construction of approximately 1.481 miles of Open Graded Road Mix Surface Course on the Osceola-Highway 61 Road (Osceola-South & West Surfacing), County Road, is awarded to the D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$13,579.45, subject to the concurrence of the Bureau of Public Roads. Mississippi County has concurred.
- 656 Saline County, Job No. C-62-4, FAP S-975(2). The contract for the construction of approximately 2.177 miles of grading, minor drainage structures and gravel base on the new Alcoa Plant-Highway 70 Road, County Road, is awarded to the M. & L. Construction Company of Little Rock, Arkansas on their low bid of \$40,119.69, subject to the concurrence of the Bureau of Public Roads. Saline County has concurred.
- 657 Woodruff, Monroe, Lee, Poinsett & Independence Counties, AFE 12-34, State. The contract for the painting of five steel bridges in Woodruff, Monroe, Lee, Poinsett & Independence Counties with paint furnished by the State, U. S. Highway 64, Section 12; U. S. Highway 79, Sections 13 & 16; U. S. Highway 63, Section 8; & State Highway 11, Section 14, is awarded to L. M. Jack Frank & Son, Inc. of Oklahoma City, Oklahoma on their low bid of \$18,696.80.
- 658 Little River, Miller, Lafayette, Union & Ashley Counties, AFE 12-35, State. The contract for the painting of three steel bridges in Little River, Miller, Lafayette, Union & Ashley Counties with paint furnished by the State, U. S. Highway 71, Section 4; U. S. Highway 82, Sections 1 & 2 and U. S. Highway 82, Sections 7 & 8, is awarded to L. M. Jack Frank & Son, Inc. of Oklahoma City, Oklahoma on their low bid of \$13,294.90.
- 659 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 4:45 P. M., August 26, 1954.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twenty-third Regular Meeting in Little Rock, Arkansas on August 26, 1954.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 23, 1954

The following is the record of the proceedings of the Twenty-fourth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 23, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Dan F. Portis	Member
Glenn F. Wallace	Member

660 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., September 23, 1954.

661 WHEREAS, The Purchasing Committee has awarded purchases on August 30, September 7, 13, & 20, 1954, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment & Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

662 Allotment is hereby made in the amount of \$1,364,570.00 divided as follows: from the current Highway Construction Appropriation \$1,269,560.00, from County and Federal Aid Secondary Fund \$59,910.00, from Highway Maintenance Funds \$35,100.00, for construction of the following listed projects on which contract awards are made by Minute Orders 649 through 658 at the regular meeting of the Commission on August 26, 1954.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
6456	ARP No. R.D.-1	5	Pulaski	\$99,620.00
6469	S-214(1)	84	Hot Spring	\$44,780.00

2470	S-185(3)	1	Fresno-Gould Surfacing	Graves Bros. Contractor	52,081.20	None

664 The Director is authorized to proceed with surveys and investigations necessary to determine right-of-way requirements for the following sections of the Secondary Highway System

County	Highway	Limits	Approx. Length-Mi.
Poinsett	1	Craighead C.L. to Hwy. 14	13.
Clark	8	Alpine to Hwy. 51	10.

Benton	12	Gentry to Okla. State Line	6.
Cleburne	25	Drasco to Concord	12.
Crittenden	149	End of Pavement; N. of Earle to Poinsett	10.
		C. L.	
Saline & Grant	35	Benton to Sheridan	20.

665 WHEREAS, two acres of land in Yell County in the Town of Danville were purchased by the Commission pursuant to Minute Order No. 300 for use as a maintenance area headquarters, and

WHEREAS, it has been requested that the south 50 feet of this property be dedicated to the Town of Danville, Arkansas, in order to open up Woods Street and that the Commission be deeded an equal area of land adjoining the east side of its property as is being taken off the south side as is shown on a plat attached hereto, and

WHEREAS, it has been determined that it is to the best interest of the Commission to make this exchange,

NOW, THEREFORE, it is ordered that the Director is hereby authorized to dedicate the south 50 feet of the Commission's said lands to the Town of Danville for the opening of a public street provided an equal amount of land adjoining the east side of said lands be deeded to the Commission.

666 WHEREAS, the Highway Commission by Resolution dated April 22, 1952 placed various drives in state institutions on the State Highway System, and

WHEREAS, the adoption at that time did not include the drives in the Arkansas Livestock Show Association on Roosevelt Avenue in Little Rock, and

WHEREAS, it has been determined that these drives are of such importance as to warrant similar consideration

IT IS ORDERED that the afore mentioned Resolution be amended to include the drives in the Arkansas Livestock Show Association.

667 In CRAIGHEAD COUNTY on driveways at the Arkansas State College at Jonesboro designated by Resolution dated April 22, 1952, the Director is authorized to proceed in the most feasible and economical manner with maintenance betterment on 5250 lin. ft. according to attached sketch at an estimated cost of \$8,000.00.

668 In FAULKNER and PULASKI COUNTIES on HIGHWAY 5 from U. S. 64 at or near Vilonia to end of pavement near Macon, a distance of approximately 14.2 miles, the Director is authorized to pro-

ceed in the most feasible and economical manner with the construction of grading, drainage structures and surfacing at an estimated cost of \$510,000.

This action is subject to fulfillment of conditions of Minute Order 501 accepted by Faulkner and Pulaski Counties.

669 In MISSISSIPPI COUNTY the old route of Highway 77 from Carroll's Corner through Etowah to Highway 40 is hereby retained as a part of the State Secondary Highway System and the Director is authorized to sign the route as Highway No. 136 for guidance of the traveling public.

670 WHEREAS in MISSISSIPPI COUNTY the road from U. S. Highway 61 through Burdette and Hightower to Highway 181, a distance of approximately 8 miles was partially designated by Resolution adopted by the Highway Commission dated July 31, 1940, and signed as Highway 148, and

WHEREAS the action provided for the designation of one mile West from Burdette and failed to include the section of this highway between U. S. Highway 61 and the one mile designated section West of Burdette, and

WHEREAS this action put into the highway system one mile of highway completely isolated from the system, and

WHEREAS this isolation results in a complicated condition for understanding; for maintenance; for signing for travel guidance; and fails to render the desired traffic service, and

WHEREAS, this Commission is without authority to alleviate the condition by removal of sections from the designated highway system and is most reluctant to make additions to the designated system until the present system is improved to dustless standards, except on the basis of outstanding merit, and

WHEREAS the designation of the section from U. S. Highway 61 to Burdette has outstanding merit to provide adequacy of traffic service and to connect the previously designated one mile section West of Burdette to the highway system

NOW THEREFORE IT IS ORDERED that the section from U. S. 61 through Burdette to the beginning of the section designated in said resolution of July 31, 1940 be and is hereby included as a part of the designated highway system

It is further ordered that Minute Order No. 506 be and is hereby cancelled and in lieu thereof the Director is authorized to proceed with surveys and plans for the construction of the road from U. S. Highway

61 to Burdette, subject to the following conditions:

1. That all required right-of-way free of obstructions is furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Mississippi County within 60 days.
3. Program approval by the Bureau of Public Roads.

671 WHEREAS in PULASKI COUNTY on U. S. HIGHWAY 67 from Jacksonville to the Lonoke County Line, the work of constructing grading structures and surfacing, previously programmed and not under contract, is desired for early construction, and

WHEREAS the construction cannot be undertaken until right-of-way, free of obstructions, is available, and

WHEREAS the County Judge of PULASKI COUNTY has offered assistance in acquiring obstruction free right-of-way in order that starting of construction can be expedited and

WHEREAS the proposal for assistance is in accordance with the provisions of MINUTE ORDER No. 623, where the acquisition is made at the expense of the State not to exceed the amount of the State's appraisal.

NOW, THEREFORE, it is ordered that the proposal of Pulaski County be accepted subject to the following:

1. Acceptance of the provisions of this order by the County Judge within 30 days.
2. Right-of-way acquisitions including control of access to be handled according to the procedures necessary for Federal Aid participation.
3. The cost to the State for right-of-way acquisitions will not exceed the amount of \$35,268.00.

672 In SEBASTIAN COUNTY, MINUTE ORDER NO. 600, dated July 22, 1954, is hereby modified to read as follows:

WHEREAS in SEBASTIAN COUNTY the CITY OF FORT SMITH has requested the designation of a truck route described as follows:

"Beginning at Barling, Arkansas, going over the Camp Chaffee access road to Highway 71; thence along Highway 71 to South Fresno Street; thence along South Fresno Street to Wheeler Avenue; thence along Wheeler Avenue to Carnall Avenue; thence a short distance of about a block and one-half to two blocks on South 6th Street; thence one block West to the end of South 5th Street; thence North on South 5th Street to Garrison Avenue", and

WHEREAS the portion of the route from Highway 22 at Barling to U. S. Highway 71 is recognized as a needed facility justifying state support

NOW THEREFORE IT IS ORDERED that the Director tender to the proper officials of Fort Smith and Sebastian County the following tentative offer

Provided that the City of Fort Smith and Sebastian County will:

1. Provide for the construction of the portion of the proposed route from Highway 71 along Fresno Street, Wheeler Avenue Carnall Avenue, South Sixth Street and South Fifth Street to Garrison Avenue in accordance with plans approved by the Department.
2. Accept the provisions of this order within 30 days.

The Arkansas Highway Department will:

1. After the completion of construction by the local government units, designate, sign and maintain the proposed route as a truck; route.
2. Provide such construction as needed and maintain the route from Highway 22 at Barling to U. S. Highway 71.

Upon acceptance of the provisions of the order by the proper officials of the City of Fort Smith and Sebastian County the Director is authorized to proceed with measures necessary for fulfillment of the State's responsibility,

673 In ST. FRANCIS COUNTY on HIGHWAY 50 from Widener east, a distance of approximately 8.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional base and double bituminous surface treatment at an estimated cost of \$90,000.00.

674 In UNION COUNTY on U. S. HIGHWAY 82 from the Columbia County Line to El Dorado, a distance of approximately 18.5 miles, the conditions of Minute Order No. 646 for the work of widening roadbed structures and surfacing at an estimated cost of \$985,000.00 are hereby modified as follows:

Provided that Union County will:

1. Provide all required right-of-way free of obstructions at a cost to the State not to exceed \$35,000.00.
2. All right-of-way acquisitions at State expense to be handled according to approved procedures as will assure Federal participation.
3. Accept the provisions of this order within 60 days.

The Arkansas Highway Department will:

1. Participate in the cost of right-of-way an amount not to exceed the sum of \$35,000.00.
2. Provide for the construction and maintenance of the highway

section.

The action is subject to program approval by the Bureau of Public Roads.

- 675 Monroe County, Job No. 11465, FAP S-216(1). The contract for the construction of approximately 5.927 miles of gravel base and double bituminous surface treatment on the Brinkley-Hunter Road, State Highway 39, Section 7, is awarded to the McGeorge Contracting Company, Inc. of Pine Bluff, Arkansas, on their low bid of \$75,602.09, subject to the concurrence of the Bureau of Public Roads.
- 676 Desha County, Job No. 2383, FAP S-154(1). The contract for the construction of approximately 0.688 Miles of Grading, Minor Drainage Structures, Gravel Base and Double Bituminous Surface Treatment Approaches for three R. C. Bridges (474.41 ft.) on the Monticello-McGehee Road, State Highway 4, Section 16, is awarded to the S. M. Dixon Construction Company of Warren, Arkansas, on their low bid of \$140,956.44, subject to the concurrence of the Bureau of Public Roads.
- 677 Sebastian County, Job No. 4396, State. The contract for the construction of approximately 1.676 miles of Grading, Minor Drainage Structures, Crushed Stone Base, Asphaltic Concrete Hot Mix Base and Surface Course on the Division and North Fifth Street connection in Fort Smith, State Highway 59, Section 6, is awarded to Forsgren Brothers of Fort Smith, Arkansas, on their low bid of \$47,676.26.
- 678 Garland County, Job No. 6493, State. The contract for the construction of approximately 3.131 miles of Asphaltic Concrete Hot Mix Resurfacing beginning at the Junction of Highways 70 & 270 West of Hot Springs and extends along Highway 70 to Market Street, thence along Highway 7 to Greenwood Street, U. S. Highway 70, Section 8 & State Highway 7, Section 9, is awarded to Graves Brothers of Pine Bluff, Arkansas on their low bid of \$47,047.76.
- 679 Prairie County, Job No. 6495, State. The contract for the construction of approximately 8.42 miles of Double Bituminous Surface Treatment on the Des Arc-Cotton Plant Road, State Highway 38, Section 1, is awarded to the Spa Construction & Supply Company of Hot Springs, Arkansas on their low bid of \$34,788.53.
- 680 Randolph County, Job No. 10476, FAP F-021-5(2). The contract for the construction of approximately 5.879 miles of Grading, Minor Drainage Structures, Widening and Resurfacing existing P.C. Concrete Pavement with Asphaltic Concrete Hot Mix Surface and Remodeling 16 Bridges (2104.20 ft.) on the Pocahontas-Corning Road, U. S. Highway 67, Section 21, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$661,959.15, subject to the concurrence of the Bureau of Public Roads.
- 681 Poinsett & Craighead Counties, Job No. 10480, FAP S-50(6).

The contract for the construction of approximately 10.513 miles of Crushed Stone Base and Asphaltic Concrete Hot Mix Surface on the Lepanto-Black Oak Road, State Highway 143, Sections 1 & 2, is awarded to the Ben M. Hogan Company of Little Rock, Arkansas on their low bid of \$179,470.42, subject to the concurrence of the Bureau of Public Roads.

682 Poinsett County, Job No. 10501, State. The contract for the construction of approximately 11.31 miles of Gravel Base and Double Bituminous Surface Treatment on the Marked Tree-Parkin Road, State Highway 75, Section 5, is awarded to the Interstate Construction Company of Pine Bluff, Arkansas on their low bid of \$114,894.76.

683 Counties, various (see following tabulation), AFE 12-37. The contract for the painting of fifteen Steel Bridges with paint furnished by the State, is awarded to L. M. Jack Frank & Son, Inc. of Oklahoma City, Oklahoma on their-low bid of \$16,005.15.

689 WHEREAS, me Purchasing Committee has awarded purchases on September 27, October 4, 11, 18 & 25, 1954, in accordance with uthority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and the office of the Director of Equipment & Procurement,

NOW THEREFORE IT IS ORDERED that the actions of the Purchasing Committee, in making the above noted awards, be ratified and confirmed in all particulars.

690 WHEREAS, the University of Arkansas, College of Business Administration, has been requested to make a critical analysis, review and appraisal of the Accounting System now used by the Highway Department, and

WHEREAS, Officials of the University have indicated a willingness to undertake and complete such appraisal by June 1, 1955 provided the Commission will reimburse staff members so engaged actual expenses for travel, meals and lodging and reimburse the University any actual expenditures for supplies, materials, car rental, communication, postage and printing, and

WHEREAS, the proposed review of the accounting procedures will be of great benefit to the Department,

NOW THEREFORE IT IS ORDERED that the Director is hereby authorized to enter into the necessary agreement with the University for the accounting study and to make reimbursements to the University and staff members for actual expenses incurred in the study not to exceed in the aggregate the sum of \$1,000.

691 The Director is authorized to proceed in the most feasible and economical manner with the work of installing a heating system for the Little Rock Office Building for heat distribution through the air conditioning units at an estimated cost of \$12,000.00 to replace the present unsatisfactory and inadequate heating system.

692 WHEREAS, Section 4 of Act 122 of 1953 transferred to the State Police all properties that were in use by the Department at the various Weight Stations and

WHEREAS, subsequent to the destruction of the Springdale Shops by fire, the Highway Department moved the scale house to a new location for continued use in its operations and

WHEREAS, the State Police now desire to re-establish a Weight Station at Springdale and have called upon the Department to replace the weight house for that purpose and

WHEREAS, it has been found that it will be in the public interest, both as regards economy and service, for the Department to continue the occupancy and use of the old scale house

IT IS ORDERED that the Director proceed in the most feasible and economical manner with the construction of a new weight house at a cost not to exceed \$2,000.00.

693 The Director is authorized to proceed with surveys and investigations necessary to determine right-of-way requirements for the following sections of the Secondary Highway System

<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Approx.</u> <u>Length</u> <u>in Mi.</u>
Mississippi	151	Gosnell to Missouri Line	3

Polk	8	Board Camp to Forest Boundary	6
Hempstead	29	Hope to Blevins	14
Craighead & Mississippi	158	Caraway to Highway 77	10
St. Francis	38	Bridges between Highways 50 & 79	
Howard & Hempstead	24	Nashville to McCaskill	14

694 In ARKANSAS COUNTY on HIGHWAY 11 from the Jefferson County Line to Junction with Highway 152, a distance of approximately 8.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$15,100.00.

695 WHEREAS, subsequent to the award of contract on Job No. 2433, FAP S-80(3), investigation has established the urgent need for improvements in the cities of Crossett and Hamburg on regularly designated sections of U. S. Highway No. 82 which were not included in the contract

IT IS ORDERED that the Director be authorized to proceed in the most feasible and economical manner with the construction of said improvements at a cost not to exceed \$22,000.00.

696 In BRADLEY and CALHOUN COUNTIES on HIGHWAY 4 between Harrell and Warren, a distance of approximately 11.14 miles, upon completion of work authorized by Minute Order No. 135 and when all required right-of-way free of obstructions is available, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading structures and surfacing at an estimated cost of \$268,000.00.

697 In CLEBURNE COUNTY on HIGHWAY 16 from west city limit of Heber Springs to Devils Fork River, a distance of approximately 12.85 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional crushed stone surfacing at an estimated cost of \$27,000.00.

698 In CLEBURNE COUNTY on HIGHWAY 110 from end of pavement at Heber Springs to end of highway, a distance of approximately 4.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional crushed stone surfacing at an estimated cost of \$9,100.00.

699 In CRAWFORD and WASHINGTON COUNTIES on US HIGHWAY 71 from 2.5 miles south of Mountainburg to 1.5 miles north of Winslow, the Director is authorized to proceed in the most

feasible and economical manner with the work of constructing climbing lanes for a distance of approximately 8 miles, pavement widening and straightening where feasible and where needed for traffic safety at an estimated cost of \$880,000 subject to program approval by the Bureau of Public Roads.

700 In CRITTENDEN COUNTY on the proposed route-of U. S. Highways 70 and 79 from intersection of U. S. Highways 61 and 63 approximately 0.5 miles north of the North City Limit of West Memphis to Lehi, a distance of approximately 5.1 miles, the offer of the Commission by Minute Order No. 352 dated January 14, 1954 has expired without acceptance and the Director is authorized to proceed with preliminary investigations necessary to determine right-of-way requirements and to proceed with right-of-way acquisitions.

701 In JEFFERSON COUNTY on HIGHWAY 11 from Reydel to Arkansas County Line, a distance of approximately 4.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$14,500.00.

702 WHEREAS in LONOKE COUNTY on U. S, HIGHWAY 70 in the town of Carlisle request has been made for pavement widening in accordance with policies of the Department that in essence requires local government units to provide for parallel drainage by construction of curb and gutters and/or storm sewers, and

WHEREAS the proposed improvement is for widening four blocks on the south and five blocks on the north side of U. S. Highway 70, and

WHEREAS the proposed improvement has merit for immediate action to properly coordinate with work now under construction,

NOW THEREFORE it is ordered that the Director proceed in the most feasible and economical manner with the State's portion of the work of pavement widening at an estimated cost of \$3,700.00 after the City has provided its share of the work of constructing curb and gutter and storm sewers where required.

703 In MISSISSIPPI COUNTY on HIGHWAY 158 from U. S. Highway 61 to Highway 77, a distance of approximately 12.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$14,000.00.

704 In MISSISSIPPI and CRITTENDEN COUNTIES on HIGHWAY 77 from Highway 14 to U. S. 61, a distance of approximately 14.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$44,000.00.

705 In MONTGOMERY COUNTY on HIGHWAY 27 from U. S. Highway 270 to Washita, a distance of approximately 10.6 miles and on Highway from the west forest boundary near Big Fork easterly to a point approximately 4.5 miles east of the Polk-Montgomery County Line, a distance of approximately 10.4 miles, the Director is authorized to proceed with execution of agreement with the U. S. Forest Service and the U. S. Bureau of Public Roads for construction of the forest road sections using currently available forest funds in the approximate amount of \$273,203.11 matched with an equal amount of state funds.

706 In NEVADA COUNTY on HIGHWAY 53 from Highway 19 to Bodcaw, a distance of approximately 12.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing additional gravel surfacing at an estimated cost of \$34,300.00.

707 In PERRY and YELL, COUNTIES, on Highways 60 and 28 from Fourche Junction to intersection with Highways 10 and 7 near Ola, a distance of approximately 13.7 miles, the Director is authorized to place additional markers for temporary route of Highway 7 in order to serve present traffic on Highway 7 over paved road sections.

708 In WHITE COUNTY on HIGHWAY 124 from the east city limit of Pangburn to the Red River, a distance of approximately 5.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work; of placing additional crushed stone surfacing at an estimated cost of \$14,400.00.

709 In BENTON COUNTY on HIGHWAY 12 from Gentry to Oklahoma State Line, a distance of approximately 6 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$180,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Benton County within 90 days.
3. Program approval by the Bureau of Public-Roads.

710 In CLARK COUNTY on highway 8 from Alpine to Highway 51, a distance of approximately 19 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$570,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Clark County within 90 days.

3. Program approval by the Bureau of Public Roads.

711 In CLEBURNE COUNTY on HIGHWAY 25 from Drasco to Concord, a distance of approximately 12 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$336,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Cleburne County within 90 days.
3. Program approval by the Bureau of Public Roads.

712 In CRITTENDEN COUNTY on HIGHWAY 149 from the end of pavement north of Earle to the Poinsett County line, a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$300,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Crittenden County within 90 days.
3. Program approval by the bureau of Public Roads.

713 In DALLAS COUNTY on HIGHWAY 8 between Dalark and Princeton at the crossing of Hall Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches at an estimated cost of \$60,000 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions-of this order by the County Judge of Dallas County within 60 days.
3. Program approval by the Bureau of Public Roads.

714 WHEREAS in HOT SPRING COUNTY on U. S. HIGHWAY 67 from the, Saline County Line to the Clark County Line, a distance of approximately 29 miles, presentations have been made for widening and strengthening pavement on the present route and for construction on the interstate route as expeditiously as possible with the immediate acquisition and/or protection of right-of-way for the interstate route and

WHEREAS HOT SPRING COUNTY has offered assistance for the procurement of right-of-way on the present and interstate routes of U. S. Highway 67 and

WHEREAS the immediate improvement of the present route is necessary to provide for the traffic volume now using the route to serve until the interstate route can be located, rights-of-way acquired and construction completed which may require a period of from 3 to 5 years and

WHEREAS the present route would continue to serve a substantial local traffic volume after completion of the interstate route

NOW THEREFORE IT IS ORDERED that the Director be instructed to make the following tentative offer to the proper officials of Hot Spring County

Provided that Hot Spring County will:

1. Furnish all required right-of-way free of obstructions on the present route at a cost to the State not to exceed \$70,000.00.
2. Deliver an obstruction free right-of-way on the present route ready for construction within four months after acceptance.
3. Upon completion of location and right-of-way requirements for interstate route to acquire and/or protect right-of-way.
4. Furnish interstate route right-of-way in accordance with provisions of policy Minute Order No. 623.
5. Accept the provisions of this Order within 60 days.

The Arkansas Highway Department will:

1. Participate in right-of-way costs on present route not to exceed an amount of \$70,000.00.
2. When right-of-way, free of obstructions, is available proceed with widening and strengthening of pavement on present route to the standard of two - twelve foot traffic lanes.
3. Maintain the completed facility.
4. Make surveys and preliminary investigations to determine location and right-of-way requirements for the interstate route.
5. Upon availability of right-of-way and construction funds proceed by stages with construction of the interstate route.

This Order is conditioned upon program approval by the Bureau of Public Roads.

715

In JEFFERSON COUNTY on HIGHWAY 31 from Sherrill Northeast, the Director is authorized to proceed in the most feasible and economical manner with the work of replacing four bridges at an estimated cost of \$70,000. subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.

716 In MILLER COUNTY on U. S. HIGHWAY 67 from the end of new construction to the Red River Bridge, a distance of approximately 1.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening of pavement subject to the following conditions

1. All required right-of-way free of obstructions, acquired on the basis of control of access will be furnished by Miller County at a cost to the State not to exceed the amount of \$4,932.00.
2. Acceptance of the provisions of this order by the County Judge of Miller County within 60 days.
3. Program approval by the Bureau of Public Roads.

717 In MONROE COUNTY on U. S. HIGHWAY 70 from the Prairie County Line to intersection of Highway 17, a distance of approximately 7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement subject to the following conditions:

1. All required right-of-way free of obstructions, acquired on the basis of control of access, will be furnished at a cost to the State not to exceed the amount of \$36,727.00.
2. Acceptance of the provisions of this order by the County Judge of Monroe County within 30 days.
3. Program approval by the Bureau of Public Roads.

718 In POINSETT COUNTY on HIGHWAY 1 from the Craighead County line to Highway 14, a distance of approximately 13 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$416,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.

- 731 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P. M., October 28, 1954.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twenty-fifth Regular Meeting in Little Rock, Arkansas on October 28, 1954.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 9, 1954

The following is the record of the proceedings of the Twenty-sixth Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on December 9, 1954 at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie A. Lawson	Member
Glenn F. Wallace	Member

732 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., December 9, 1954.

733 WHEREAS, Mr. A. E. Johnson under date of December 1 has submitted a letter advising his decision to accept highly important work in Washington, D. C., and

WHEREAS, Mr. Johnson in his work in Washington can be of great service to the Nation as a whole and the State of Arkansas in particular

NOW THEREFORE, BE IT RESOLVED that the request of Mr. Johnson for a six months' leave of absence be approved with an expression of appreciation to Mr. Johnson for his many years of work in the interest of the Highway program in Arkansas

The Director is authorized to grant a six months' leave of absence without pay effective January 15, 1955 to Mr. A. E. Johnson, Chief Engineer, in order that he can serve the American Association of State Highway Officials as Executive Secretary during the period of legislative consideration of the proposed highway program of the President.

734 Allotment is hereby made in the amount of \$2,035,730.00 divided as follows: from the current Highway Construction Appropriation \$2,002,550.00, from County and Federal Aid Secondary Fund \$33,180.00, for construction of the following listed projects on which contract awards are made by Minute Orders 722 through 730 at the regular meeting of the Commission on October 28, 1954.

Less outright sale of 173 Old Vehicles to highest bidders		<u>19,583.80</u>
Net difference between cost of new Vehicles and sale of old Vehicles		\$258,624.67

738 Pursuant to the request of the County Judges Association, the Director is authorized to make application to the Bureau of Public Roads for operation of Secondary road handling under the 1954 Secondary Road Plan in accordance with Bureau of Public Roads Policy and Procedure Memorandum No. 20-5, dated August 19, 1954.

739 The Director is hereby authorized to execute the agreement (copy attached) between the City of Memphis, the Arkansas & Memphis Railway Bridge and Terminal Company, Crittenden County, Arkansas and the Arkansas Highway Department pertaining to side drives on the railroad bridge across the Mississippi River.

740 WHEREAS the Federal Highway Act of 1954 provides for increased funds for use on the Interstate Highway System and

WHEREAS there is a possibility of a further increase of Federal Funds to be used on the Interstate System in the near future and

WHEREAS the actions of the Congress indicate the desire for expeditious handling for construction of the Interstate System in the least possible time, and

WHEREAS the engineering forces of the Arkansas Highway Department are adequate for the work volume provided by the 1952 Highway Act but will be inadequate for the work volume provided by the 1954 Highway Act and the forces cannot be augmented to expeditiously handle the work volume immediately, and

WHEREAS it is desired that the Department keep apace with the work volume such that available funds, are utilized in road construction as it becomes available

NOW THEREFORE IT IS ORDERED that the Director engage the services of consulting engineers when deemed necessary to expedite engineering handling to assure utilization of funds as made available.

741 WHEREAS the Highway Commission by Minute Order No. 623 dated August 26, 1954 established right-of-way policy for road improvement section selections on the Interstate System, and

WHEREAS for clarification it is desirable to have a stated policy pertaining to the other Highway Systems of Urban, Primary and Secondary

NOW THEREFORE IT IS ORDERED that the policy as stated for the Interstate System be made applicable to the other Highway Systems as follows:

Based upon road merit as determined by the Department preferences will be given in the selection of road sections for improvement in accordance with the following:

1. Where all required right-of-way free of obstructions, is furnished free of cost to the State.
2. Where there is local participation in the cost of acquiring right-of-way free of obstructions, and in accordance with the amount or percentage of local participation.
3. Where right-of-way free of obstructions is acquired at the expense of the State at a total cost not to exceed the amount of the State's appraisal, and
4. Where the State bears the entire cost of right-of-way acquisition without local assistance or cost guaranty.

742 In ARKANSAS COUNTY on HIGHWAY 146 from Highway 1

West of St. Charles to Highway 153 East of Stuttgart, a distance of approximately 19.5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of placing gravel surfacing at an estimated cost of \$31,400.00.

743 In ARKANSAS and MONROE COUNTIES on HIGHWAY 1 at the crossing of the White River, the Director is authorized to proceed in the most feasible and economical manner with the work of installing ferry facilities at an estimated cost of \$33,000.00.

744 In CLAY, GREENE, CRAIGHEAD & POINSETT Counties on Highways I-W from U. S. Highway 62 East of Corning to Paragould; on Highway 25 from Paragould East approximately 3 miles; on Highway 135 from Highway 25 to Highway 18; on Highway 18 from Highway 135 to Black Oak and on Highway 143 from Black Oak to junction with U. S. Highway 63 near Tyronza, upon completion of sections now under construction in Clay, Greene, Craighead and Poinsett Counties, the Director is authorized to sign the entire route from U. S. Highway 62 to U. S. Highway 63 as Highway 135 for the guidance and convenience of the traveling public.

 The Director is further authorized to sign the present route of Highway I-E from Paragould to U. S. Highway 62 as Highway 1.

745 In CLEVELAND COUNTY on U. S. HIGHWAY 79 the Director is authorized to proceed in the most feasible and economical manner with the work of repairing and strengthening timber spans of the Saline River and Relief Bridges at an estimated cost of \$32,000.00.

746 In CONWAY COUNTY on HIGHWAY 9, Section 7, near Morrilton, the Director is authorized to proceed in the most feasible and economical manner with replacing the present timber deck on the Arkansas River Bridge (370 Lin. Ft.) with a steel and concrete deck at an estimated cost of \$48,000.00.

747 WHEREAS in CONWAY and YELL COUNTIES presentations have been made for the extension of Highway 154 from Petit Jean State Park west to intersect Highway 155 and thus form a connecting road between Petit Jean and Mt. Nebo State Parks for greater convenience of tourists, and

 WHEREAS in order to compensate for the additional mileage proposed for inclusion in the State System it was proposed by the local delegation that the portion of Highway 155 extending from the intersection with Highway 154 extended northeast through Whitehall to near the Arkansas River be abandoned as a state supported road, and

 WHEREAS the request involves the consideration of the General Assembly for the abandonment of a portion of Highway 155, and

WHEREAS an expression of the Commission on the proposal has been requested in order to bring about understanding for legislative consideration

NOW THEREFORE IT IS ORDERED that the Director be instructed to inform the Delegation that the Commission considers the proposal to be in the best interests of the State and would give favorable consideration to the extension of Highway 154 if it can be accomplished without incurring an appreciable additional mileage to the present state supported system.

748 The Director is authorized to proceed in the most feasible and economical manner with the work of crushing, screening and stock-piling 10,000 cubic yards of Class 2 Mineral Aggregate at the Ogden Quarry, 10 miles South of Clinton at an estimated cost of \$30,000.00 to be used in maintenance operations in Van Buren, Faulkner and Conway Counties.

749 In CLAY COUNTY on U. S. HIGHWAY 62 at the crossing of Black River east of Corning the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridge and approaches at an estimated cost of \$605,000.00 subject to the following conditions:

1. All required right-of-way free of obstructions will be furnished free of cost to the State.
2. Program approval by the Bureau of Public Roads.
3. Acceptance of the provisions of this order by the County Judge of Clay County within 60 days.

750 In CLAY COUNTY on U. S. HIGHWAY 67 from the Missouri State Line to Corning, a distance of approximately 7.0 miles, the provisions of MINUTE ORDER 456 for widening and strengthening of pavement are hereby modified as follows:

1. That all required right-of-way free of obstructions will be furnished at a cost to the State not to exceed the amount of \$21,500.00.
2. Right-of-way acquisitions to be handled according to procedures necessary for federal fund participation.
3. Acceptance of the provisions of this order by the County Judge of Clay County within 60 days.
4. Program approval by the Bureau of Public Roads.

751 In DALLAS and CLEVELAND COUNTIES on U. S. HIGHWAY 167 from Ivan to Junction Highway 48, a distance of approximately 11.6 miles (Job 1280), the conditions of Minute Order 411 providing for the work of widening and strengthening pavement are hereby modified as follows:

1. All required right-of-way in Dallas County to provide a minimum width of 120 ft., free of obstructions will be furnished at a cost to the State not to exceed the amount of \$6,750.00.
2. All required right-of-way in Cleveland County to provide a minimum width of 120 ft. free of obstructions will be furnished at a cost to the State not to exceed the amount of \$7,900.00.
3. Acceptance of the provisions of this order by the County Judges of Dallas and Cleveland Counties within 60 days.
4. Right-of-way acquisitions to be handled according to procedures necessary for Federal fund participation.
5. Program approval by the Bureau of Public Roads.

752 In LITTLE RIVER COUNTY on U. S. HIGHWAY 71 from the Red River bridge to Ashdown, a distance of approximately 10 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$350,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions be furnished at a cost to the State not to exceed the amount of \$18,600.00.
2. Right-of-way acquisitions to be handled in accordance with procedures necessary for federal fund participation.
3. Acceptance of the provisions of this order by the County Judge of Little River County within 60 days.
4. Program approval by the Bureau of Public Roads.

753 WHEREAS in MILLER COUNTY on U. S. HIGHWAY 67 from the Missouri Pacific R. R. spur crossing near the North City Limit of Texarkana to a point approximately 1.8 miles south of the Red River, a distance of approximately 14 miles, right-of-way 200 ft. in width was acquired for- the construction of the highway, and

WHEREAS Right-of-way requirements for construction on Interstate highways approximate a minimum width of 300 feet and

WHEREAS in order to assure Federal participation in the cost of further construction on the route

NOW THEREFORE IT IS ORDERED that the Director be instructed to make the following tentative offer for the completion of the highway to Interstate standards:

Provided that Miller County will:

1. Furnish the additional right-of-way required to provide a minimum width of 300 feet, free of obstructions, at a cost to the State not to exceed the amount of \$68,000.00.
2. Acquire the right-of-way for control of access according to procedures necessary for federal fund participation.
3. Accept the provisions of this order within 60 days.

The Arkansas Highway Department will:

1. Participate in the cost of right-of-way not to exceed the amount of \$68,000.00.
2. Construct additional two lanes, frontage roads and interchanges as required for controlled access facility in accordance with traffic needs and available funds.

This action is subject to program approval by the Bureau of Public Roads.

754 In PRAIRIE COUNTY on HIGHWAY 86 from Slovak to Highway 11, a distance of approximately 2.5 miles, the Director is authorized to proceed in the most feasible and economical manner by stage construction as funds can be made available, with the work of constructing grading, structures and surfacing at an estimated cost of \$50,000.00 subject to the following conditions:

1. That all required right-of-way free of obstructions be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Prairie County within 60 days.
3. Program approval by the Bureau of Public Roads.

755 In SEARCY COUNTY on HIGHWAY 27 at the crossing of Bear Creek southwest of Marshall the Director is authorized to proceed in the most feasible and economical manner with the work of construction of a road section approximately 3 miles in length to eliminate 2 crossings of Bear Creek at an estimated cost of \$50,000.00 subject to the following conditions.

1. That all required right-of-way free of obstructions will be furnished free of cost to the State.
2. Acceptance of the provisions of this order by the County Judge of Searcy County within 60 days.
3. Program approval by the Bureau of Public Roads.

756 WHEREAS in UNION COUNTY an offer was made by Minute Order No. 215 for construction of alternate routes of U. S. Highways 82, 167 and State Highway 7 at El Dorado that has been under study since that time by the Department and local interested officials and citizens, and

WHEREAS the locations of route and right-of-way requirements have been sufficiently established to determine the probable cost on the alternate routes of U. S. Highways 82 and 167 and

WHEREAS the County has offered to participate in the cost of right-of-way acquisitions

NOW THEREFORE IT IS ORDERED that the Director tender to the County Judge of Union County the following tentative offer for the construction of alternate routes of U. S. Highways 82 and 167 at El Dorado

Provided that Union County will:

1. Participate in the cost of right-of-way to the extent of 1/3 the total cost of right-of-way acquisitions.
2. Acquire the right-of-way on the basis of widths determined by the State; on the basis of control of access, and in accordance with procedures necessary for Federal fund participation.
3. Provide devices for control of traffic as may be deemed necessary by the local government units, pending completion of construction of the ultimate facility.
4. Accept the provisions of this order within 60 days.

The Arkansas Highway Department will:

1. Participate in the cost of right-of-way to the extent of 2/3 the total cost of right-of-way acquisitions.
2. Upon availability of right-of-way provide for the construction of two 12 ft. lanes of the eventual controlled access facility.
3. In accordance with traffic requirements and availability of funds provide for the construction by stages of an additional two 12 ft. lane facility to provide two traffic lanes for traffic in each direction.
4. In accordance with traffic requirements and availability of funds provide traffic interchanges and frontage roads necessary to complete the controlled access facility.
5. In the project development the State will provide structures for surface drainage and where storm sewers are required for parallel drainage the State will provide for a surface drainage width for 300 feet each side of the highway centerline.
6. Maintain the facility upon completion of construction.

This order is conditioned upon program approval by the Bureau of Public Roads.

757 Arkansas County, Job No. 2468, FAP S-77(4). The contract for the construction of approximately 24.403 miles of Crushed Stone Base and Asphaltic Concrete Hot Mix Surface on the Stuttgart-DeWitt Road and Resurfacing 0.305 miles of Main Street in Stuttgart, State Highway 30, Section 6; State Highway 11, Section 6 and State Highway 152, Section 1, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas on their low bid of \$417,457.71, subject to the concurrence of the Bureau of Public Roads.

758 Ashley and Chicot Counties, Job No. 2472, FAP S-440(3). The contract for the construction of approximately 1.248 miles (including

634.34 ft. of Bridges) of Grading, Minor Drainage, Gravel Base, Three R. C. Bridges and One R. C. & Structural Steel I-Beam Bridge on the Parkdale-Eudora Road, State Highway 8, Sections 15 & 16, is awarded to the S. M. Dixon Construction Company, Inc. of Warren, Arkansas on their low bid of \$159,759.03, subject to the concurrence of the Bureau of Public Roads.

759 Howard and Pike Counties, Job No. 3454, FAP F-014-1(2). The contract for the construction of approximately 11.471 miles (including 319.27 ft. of Bridges) of Grading, Minor Drainage, Gravel Base, Dense Graded Asphaltic Hot Mix Surface, Two. R. C. Bridges, and Remodeling One R. C. & Structural Steel I-Beam Bridge on the Dierks-Kirby Road, U. S. Highway 70, Sections 3 & 4, is awarded to Reynolds & Williams of Little Rock, Arkansas on their low bid of \$427,109.62, subject to the concurrence of the Bureau of Public Roads.

760 Little River & Sevier Counties, Job No. 3456, FAP S-202(7). The contract for the construction of approximately 17.233 miles (including 302.17 ft. of Bridges) of Grading, Minor Drainage, Gravel Base, Double Bituminous Surface Treatment and Three R. C. Bridges on the Foreman-Horatio Road, State Highway 41, Sections 2 & 1, is awarded to the D. F. Jones Construction Company, Inc. of Little Rock, Arkansas on their low bid of \$439,719.92, subject to the concurrence of the Bureau of Public Roads.

761 Sebastian C unty, Job No. 4369, FAP F-022-1(1). The contract for the construction of approximately 6.890 miles (including 175.00 ft. of Bridges) of Grading, Minor Drainage, Asphaltic Concrete Hot Mix Surface and Two R. C. Bridges on the Fort Smith-Camp Chaffee Road, State Highway 22, Section 1, is awarded to Bob Dills, Inc. of Fort Smith, Arkansas on their low bid of \$373,707.91, subject to the concurrence of the Bureau of Public Roads.

762 Fulton & Sharp Counties, Job No. 5417, FAP F-030-4(3) & F-027-1(2). The contract for the construction of approximately 967.75 Feet of Bridges including Three R. C. Bridges and Remodeling Five R. C. Bridges on the Salem-Hardy & Evening Shade-Ash Flat Roads is awarded to Forsgren Brothers of Fort Smith, Arkansas on their low bid of \$194,038.10, subject to the concurrence of the Bureau of Public Roads. (U. S. Highway 62, Sections 12, 13, 15 & 16 and State Highway 11, Section 16)

763 Lonoke County, Job No. 6488, FAP S-129(2). The contract for the construction of approximately 0.189 miles (including 133.08 ft. of Bridge) of Grading, Gravel or Crushed Stone Base, Double Bituminous Surface Treatment and One R. C. Precast Slab Bridge on the Wallis-Coy Road, State Highway 31, Section 2, is awarded to the BucTon Construction Company of Hazen, Arkansas on their low bid of \$34,782.76, subject to the concurrence of the Bureau of Public Roads.

764 Perry County, Job No. 8338, FAP S-183(2). The contract for the construction of approximately 9.897 miles (including 308.00 ft. of Bridges) of Grading, Minor Drainage, Gravel Base, Double Bituminous Surface Treatment and Four R.C. Bridges on the Fourche Junction-Aplin Road, State Highway 60, Section 2, is awarded to Reynolds & Williams on their low bid of \$222,781.25, subject to the concurrence of the Bureau of Public Roads.

765 Carroll County, Job No. 9351, FAP S-194(7). The contract for the construction of approximately 0.529 miles (including 168.00 ft. of Bridge) of Grading, Gravel Base and One R. C. Bridge on the Osage-Alpena Road, State Highway 68, Section 4, was not awarded. All bids were rejected.

766 Carroll County, Job No. 9353, FAP S-219(1). The contract for the construction of approximately 0.368 miles (including 202 ft. of Bridge) of Grading, Gravel Base, Double Bituminous Surface Treatment and One R. C. & Structural Steel I-Beam Bridge on the Berryville-Huntsville Road, State Highway 21, Section 5, is awarded to the Southeast Construction Company, Inc. of Pine Bluff, Arkansas on their low bid of \$61,203.61, subject to the concurrence of the Bureau of Public Roads.

767 Searcy County, Job No. 9352, FAP S-437(3). The contract for the construction of approximately 5.994 miles of Grading, Minor Drainage, Crushed Stone Base and Double Bituminous Surface Treatment on the Leslie-Mountain View Road, State Highway 66, Section 1, is awarded to Four Brothers, Inc. of Sweet Home, Arkansas on their low bid of \$107,268.40, subject to the concurrence of the Bureau of Public Roads.

768 Columbia County, Job No. C-14-11, FAP S-1029(1). The contract for the construction of approximately 1.128 miles of Grading, Minor Drainage, Gravel Base and Double Bituminous Surface Treatment on the Emerson-East & West Road, County Road, is awarded to R. H. Davis of Stamps, Arkansas on his low bid of \$27,422.15, subject to the concurrence of the Bureau of Public Roads and Columbia County.

769 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:00 P. M., December 9, 1954.

 This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twenty-sixth Regular Meeting in Little Rock, Arkansas on December 9, 1954.

V. E. Scott
Administrative Assistant

MINUTES
ARKANSAS STATE HIGHWAY COMMISSION
January 21 to April 24, 1953, Inclusive

The following is the record of proceedings taken by the Arkansas State Highway Commission, as constituted under Amendment 42 from January 21 to April 24, 1953, inclusive. This record has been conformed to the System of Minute Orders that was adopted at the April 24th Meeting in lieu of the narrative form of Minutes heretofore kept. See index of Minutes for the record on any matters not covered by the ensuing numbered Minute Orders.

ORGANIZATIONAL MEETING NO. 1
January 21, 1953

Minute
Order

No. 1 The Arkansas State Highway Commission, having been confirmed by the Arkansas Senate on January 19, 1953, convened in the Office of Governor Cherry at 11 A. M. January 21, 1953, for the purpose of organizing in accordance with Amendment 42 to the Constitution of the State of Arkansas. The members of the Highway Commission took the oath of office administered by Chief Justice Griffin Smith and thereupon designated Raymond F. Orr to serve as Chairman and Cecil S. Lynch to serve as Vice-Chairman.

In the drawing of terms, in accordance with Amendment 42, lots were drawn in the following order: Glenn Wallace, Nashville - 10 years; Cecil Lynch, Pine Bluff - 8 years; Raymond F. Orr, Fort Smith - 6 years; Miss Willie A. Lawson, Little Rock - 4 years; Dan Portis, Lepanto - 2 years.

- 2 Mr. Orval Faubus, Director of Highways, was invited to appear before the Commission, whereupon the Commission notified him it date since Mr. Faubus had explained to the Commission that he was an appointee for the job of Postmaster at Huntsville and that indefinite plans on the part of his tenure could jeopardize that appointment if he were to delay filling the post office job too long a period of time.
- 3 The Commission then appointed Mr. A. E. Johnson to serve in the capacity of both Chief Engineer and Acting Director until such time as the Commission can make an appointment to the post of Director of Highways and authorized Mr. Johnson to make bond as Director so the Department will be operating under a chief executive in the manner as prescribed by law.
- 4 There being no further business to come before the Commission, adjournment was declared at 4 P. M., the next meeting to be held subject to call of the Chairman.

MEETING NO. 2

February 13, 1953

- 5 The meeting was called to order at 9:30 A. M. with Chairman Orr presiding and all Commissioners present.
- 6 After a thorough discussion on the matter of current proposed legislation concerning toll bridges and toll turnpikes in the State a motion was made by Mr. Portis, seconded by Mr. Wallace and carried unanimously to adopt the following resolution:

RESOLUTION

"WHEREAS, There is need for complete exploration and investigation into the means of financing adequate, safe, and modern highway facilities;

"THEREFORE BE IT RESOLVED, That the Arkansas State Highway Commission favors a complete and detailed study of toll bridges & toll roads as they might be applied and might affect the State of Arkansas and that such an engineering and economic study to determine the feasibility of such projects include suggestions and ideas from other states, from the county and city agencies within the State of Arkansas and the Legislative Council, and

"BE IT FURTHER RESOLVED, That a complete and detailed report and recommendations be prepared by the Arkansas State Highway Commission for the use and guidance of the next General Assembly."

- 7 Mr. Johnson next advised the Commission that a new diesel tug was about ready for launching at the Norfork Ferry site and that it had been the policy to name these tugs in memory of deceased highway officials and highway commissioners and proposed that this new tug be named the W. W. Zass in honor of our late Chief Engineer who was an outstanding public servant in this State. Whereupon, a motion was made by Mr. Lynch, seconded by Miss Lawson to name the tug in accordance with the recommendation. The motion was carried unanimously.
- 8 The Commission selected the following stage construction projects for the first letting and instructed Mr. Johnson to get the plans prepared and submitted to the Bureau of Public Roads, all of them being currently programmed with that agency. These jobs were selected to give equitable distribution over the State, they are as follows:

FEDERAL AID SECONDARY

<u>Route</u>	<u>Job</u>	<u>FAP</u>	<u>Description</u>
1	2441	S-189(8)	Rohwer-Watson, Dustless Surfacing

30	1263	S-76(5)	Humnoke-East & West, Dustless Surfacing
86 & 20	11429	S-118(2)	Holly Grove-Highway 20, Dustless Surfacing

- 9 There being no further business the meeting was declared adjourned subject to the call of the Chairman.

MEETING NO. 3
March 5 & 6, 1953

- 10 The meeting was called to order at 10:30 A. M. with Chairman Orr presiding and all Commissioners present.
- 11 Mr. Johnson, Chief Engineer and Acting Director, acting upon instructions of the Commission, presented a proposed list of projects to complete stage construction work where the first stage was under way and it is desirable to complete these projects in order to salvage and complete investments already started, and also desirable to ask for Federal Aid on these completions. Mr. Johnson advised that these projects had been decided upon jointly by Mr. Oliver of the Bureau of Public Roads and Mr. Johnson and recommended to the Commission that they be formally programmed and presented to the Bureau of Public Roads. He also recommended that the Commission formally program the replacement of the bridges on Highway 9 in Ouachita County, Freeo Creek Bottom, and on Highway 10 in Yell County at the Petit Jean River where the State lost spans due to uncontrolled forest fires of last fall. The motion was made by Mr. Portis, seconded by Mr. Wallace, and unanimously carried to formally program the work outlined in the following Resolution.

WHEREAS, the first stage of construction on certain highway projects involving the grading and drainage structures has completed or is nearing completion, and

WHEREAS, the placing of surfacing and completion of remaining work is essential to make these highway facilities usable and preserve the initial investment in the first stage, therefore

BE IT RESOLVED, to program the following listed projects for immediate construction with State and Federal Funds:

PRIMARY SYSTEM

<u>Route and Job</u>	<u>County and Project</u>	<u>Location and Type</u>	<u>Length</u>	<u>Estimated Cost</u>
79 11447	Monroe-Lee F-477(1)	Monroe-East & West 1/2 Base & Surfacing	13.3	\$390,000
79 1271	Dallas & Cleveland F-31(7)	Fordyce-Kingsland 1/2 Base & Surfacing	7.0	\$360,000
70 3467	Howard F-204(5)	Dierks-Saline River 1/2 Base & Surfacing	3.5	\$60,000

63 10458	Lawrence F-455(9)	Imboden-Black Rock Surfacing	7.5	\$114,000
62 10460	Clay F-238(4)	Corning Junction-Pollard Surfacing	15.0	<u>\$270,000</u>
Total Primary				\$1,280,000

SECONDARY SYSTEM

<u>Route and Job</u>	<u>County and Project</u>	<u>Location and Type</u>	<u>Length</u>	<u>Estimated Cost</u>
75 11450	St. Francis-Cross S-341(3)	Parkin-Highway 70 Surfacing	6.4	\$80,000

38 6445	Lonoke S-141(1)	Cabot-East Double Bit. Surf.	8.5	\$50,000
12 9332	Benton S-167(1)	Vaughn-Gentry Surfacing & Bridges	10.7	\$114,000
23 9338	Madison S-168(1)	St. Paul-Witter Bridges & Surfacing	10.5	\$150,000
77 10439	Mississippi S-317(4)	Little River Floodway Br., Raise Grade & Surfacing	1.4	\$390,000
150 10446	Mississippi S-412(2)	Highway 61-East Base & Surfacing	5.4	\$100,000
90 10461	Clay S-345(4)	Rector-Boydsville Base & Surfacing	8.8	<u>\$110,000</u>
Total Secondary				\$994,000

WHEREAS, the Petit Jean Relief Bridge on Highway 10 at Danville, Yell County, has been destroyed by fire, and a bridge in the Freeo Creek Bottom on Highway 9 in Ouachita County has also been destroyed by fire, and, all weather service must be restored on these routes, and

WHEREAS, the remaining three bridges in the Freeo Creek Bottom are substandard and in poor condition, therefore

BE IT RESOLVED, to program State and Federal Funds for the replacement of these bridges, as follows:

SECONDARY SYSTEM

<u>Route and</u> <u>Jo</u> <u>b</u>	<u>County and</u> <u>Projec</u> <u>t</u>	<u>Location and Type</u>	<u>Length</u>	<u>Estimated</u> <u>Cost</u>
9 7433	Ouachita S-164(1)	Freeo Creek Bottom Replace Four Bridges	0.12	\$128,000
10 8353	Yell S-162(1)	Petit Jean Relief Replace Bridge & Immediate Embankment	0.19	<u>\$110,000</u>
Total				\$238,000
Grand Total Secondary				<u>\$1,232,000</u>
TOTAL ALL FUNDS				<u>\$2,512,000</u>

12 Judge Ingram from Crittenden County appeared before the

Commission asking that the road west from Highway 61, which was originally State Highway 42, be reincorporated into the Highway System because of its high traffic and qualifications as a highway route. This particular route had been eliminated from the System in favor of a North-South addition in that County by the 1951 Legislature. After some discussion by the Commission, Chairman Orr advised Judge Ingram that since such change was not a matter which required immediate action that consideration would be deferred until the Commission could make a more detailed study of the Highway System and any indicated changes that might be desirable.

- 13 Mr. Johnson was advised by the Commission that Mr. W. R. Thrasher had been selected as General Counsel for the Highway Department and that Mr. Phil Loh's resignation would be effective on the 15th of March and that Mr. Loh would be carried on the payroll through that date.
- 14 Mr. Johnson was advised to have departmental staff members that are primarily interested in the subjects to prepare for the Commission's review and approval a plan of purchasing for the Highway Department and a plan for operating the Department's own motor pool which could be proposed and recommended to the State Fiscal Director, it being understood that the Director had the authority of allowing the Department to operate its own purchasing and motor pool under approved procedure.
- 15 Next, Mr. Johnson brought to the attention of the Commission two requests for funds from the Districts which, being in excess of \$15,000 each, required Commission approval under existing Commission policy.
 1. District 2 - Highway 114, Section 2, for the construction of 152 foot precast concrete bridge in amount of \$23,780.31. Mr. Johnson recommended the approval of this request, which was granted by the Commission.
 2. District 10 - for placing gravel on Highway 75, Section 5, in the total amount of \$31,056.50. Mr. Johnson advised the Commission that the Maintenance Division had recommended approval of this request but that he was not personally acquainted with its merits. Commissioner Portis asked that it be approved subject to his inspection and clearance within the next few days (Mr. Portis recommended the approval of the request on March 9).
- 16 At this stage of the proceedings Purchasing Agent E. S. Dudley came before the Commission and reported that the Purchasing Committee after due advertisement and the opening of sealed bids had made awards to various vendors under the provisions of the

Commission's resolution of August 24, 1951, on the following dates:

January 16, 1953	February 16, 1953
January 20, 1953	February 19, 1953
January 28, 1953	February 24, 1953
February 6, 1953	March 2, 1953

The Commission's attention was called to the fact that the action taken on each of the above listed dates is completely documented by certified copies of Minutes of the Purchasing Committee which are also supported by official copies of all invitations to bid and bid tabulations which for record purposes have been lodged in the files of the Purchasing Agent and of the Commission. Following a brief discussion of this matter a motion was made by Mr. Wallace, seconded by Mr. Portis, and carried, to ratify in all particulars the Committee's action in making these awards.

Consideration was then given to the awards of purchases in accordance with bids which had been received on March 5th in accordance with notices dated February 26, 1953, on the following:

Bid Reference No. 7-351, 180 Tons Dense Graded Cold Plant Mix Class F f.o.b. El Dorado, Arkansas - low bid by Gifford Hill Company in the amount of \$1,380.60.

Bid Reference No. 7-371, 2500 Tons Class B-2 Gravel f.o.b. Stephens, Arkansas - low bid by Pine Bluff Sand and Gravel Company in the amount of \$2,875.00.

Bid Reference No. 10-347-357, 36,400 FBM Untreated Oak Bridge Timbers f.o.b. Paragould - one bid only was received on this item - that of the Coffey Lumber Company in the amount of \$3,494.52, and was recommended to the Commission as being in line.

Bid Reference No. 10-359, 55 sticks Treated Round Southern Yellow Pine Piling in 25, 30 & 40 ft. lengths f.o.b. Paragould - low bid by Standard Wood Preservers of Shreveport, La. in the amount of \$1,514.00.

Bid Reference No. 50-1879, 250 Kegs 60 d Common Nails f.o.b. Central Shops, Jacksonville, Arkansas - low bid by Fones Brothers Hardware Company in the amount of \$1,999.20.

Following a discussion of the foregoing a motion was made by Mr. Lynch, seconded by Mr. Wallace, and carried to award the purchases to the above named bidders in the amounts indicated.

- 17 There being no further business on the agenda the meeting was adjourned at 4:30 P. M. subject to the call of the Chairman.

MEETING NO. 4
March 26 & 27, 1953

- 18 The meeting was called to order at 10:30 A. M. with Chairman Orr presiding and all Commissioners present.
- 19 Mr. Johnson asked permission from the Commission to have printed 5,000 copies of Act 300 of 1937 with subsequent amendments together with other "Rules of the Road" in force and the new Weight and Size Regulations recently passed by the Legislature. This request was approved.
- 20 Next order of business was the request originating from District 7 Maintenance Office at Camden to terminate a lease with the Cotton Belt Railroad, Audit Contract No. IL 33 195R, covering a tract of land which had been originally occupied by a temporary building that had been used by the Highway Department for maintenance headquarters. The Commission instructed that the lease be terminated and extended authority to Mr. Johnson, Acting Director, and Mr. Thrasher, General Counsel, to execute a termination.
- 21 Mr. Johnson advised the Commission that the State Police had made a request that the Department furnish 25,000 accident reports No. 115096 and that the Department was justified in this expenditure in that copies of these accident reports are furnished to the Department in order that spot maps can be prepared and information be available to the Department on extremely hazardous locations on the State Highway System. The Commission authorized the Department to furnish these reports to the State Police.
- 22 Mr. Johnson then advised the Commission that he was in receipt of an AFE request from District 1 which was in excess of the \$15,000 limit placed by Commission action for approval by the Director alone and recommended to the Commission that the request be approved. The work proposed is on Highway 63 between Lake David and Gilmore and is designed to drain the subgrade under the concrete pavement to decrease the amount of pumping and to stabilize shoulders. This is necessary in order to protect and salvage the investment in the present road. The request was approved by the Commission.
- 23 Next the Acting Director advised the Commission that it would be necessary to order traffic paints now if delivery were to be made in time not to delay our summer striping program. He read a memorandum from our Division of Materials and Tests on tests and observations made on the various types of traffic paints and advised that some 25,000 gallons of white paint, 15,000 gallons yellow, and 120 tons of glass beads would be needed for the highway pavement

marking program. The Highway Department was authorized to advertise for these materials.

- 24 After a telephone call from Director of Finance Storey to Chairman Orr regarding the following subject, Mr. Ernest Bailey of Cabot, Arkansas, called on the Commission with a proposal in which he would furnish 1953 four door Chevrolet automobiles for all makes of 1952 automobiles currently owned by the Department and furnish 1953 Chevrolet station wagons for all of the 1952 station wagons currently owned by the Department, the exchange of vehicles to be even with no money exchanged and again on June 30, 1953 all of these 1953 Chevrolet vehicles would be replaced by new 1953 Chevrolet vehicles of the same body style, at no cost to the Commission. After a thorough discussion of the makes and mileage of the 1952 cars on the Department's inventory and the Commission's expressed desire to use low priced automobiles to the maximum extent, Purchasing Agent Dudley was called to the Commission meeting and instructed to issue a purchase order in accordance with the foregoing. Mr., Bailey promised delivery in the immediate future. The action of the Commission in accepting this proposal was unanimous.
- 25 Mr. W. E. Carter was called before the Commission and Chairman Orr read the following nine maintenance policies that had been formulated and agreed upon by the Commission.
1. State Maintenance Engineer shall be responsible to and under direction of Director. (Until Director appointed, Commission will take more active part than it should in operational direction.)
 2. State Maintenance Engineer will be held responsible for placing good men in each District as District Maintenance Superintendents,
 3. State Maintenance Engineer will hold the District Maintenance Superintendents responsible for building good district organizations,
 4. Each supervisory employee in the Maintenance Division shall, subject to approval of his superiors, employ the people working under his direction.
 5. Each supervisory employee in the Maintenance Division shall have full authority to dismiss for cause any person working under his direction.
 6. Any Maintenance employee dismissed by a supervisory employee shall, if he so desires, appeal his dismissal to the District Maintenance Superintendent, then to the State Maintenance Engineer, and finally to the Director.

7. No District Maintenance Superintendent shall increase the number of permanent employees without prior approval of the Director, and no District Maintenance Superintendent shall increase the number of temporary employees without prior approval of the State Maintenance Engineer. (Emergencies having to do with protection of life or property excepted.)
8. Every employee in the Maintenance Division of the Arkansas Highway Department will hold his place only on the basis of his own industrious application.
9. The Arkansas Highway Commission is dedicated to building a Highway Department composed of loyal employees working at all times in the interest of efficiency and economy. The foregoing maintenance instructions are, therefore, issued in order that the people of Arkansas may get a full dollars' worth of work and material for each dollar spent.

NOTE: MINUTE ORDER 25 CANCELLED BY MO 52, 5/21/95

- 26 At this stage in the proceedings Purchasing Agent E. S. Dudley came before the Commission and reported that the Purchasing Committee after due advertisement and the opening of sealed bids in public had made awards to various venders under the provisions of the Commission's resolution of August 2L, 1951 on the following dates:

March 6, 1953
March 13, 1953
March 18, 1953

The Commission's attention was called to the fact that the action taken on each of the above listed dates is completely documented by certified copies of Minutes of the Purchasing Committee which are also supported by official copies of all invitations to bid and bid tabulations which for record purposes have been lodged in the files of the Purchasing Agent and of the Commission. Following a brief discussion of this matter a motion was made by Mr. Portis, seconded by Mr. Lynch, and carried, to ratify in all particulars the Committee's action in making these awards.

Consideration was then given to the award of purchases on bids which had been received on March 16 in accordance with notices dated March 9, 1953, on the following:

Bid Reference No. 50-1766, 800-6" x 1/2" curved Grader Blades, Double Beveled Cutting Edges with Standard Punchings, f.o.b. Central Shops, Jacksonville, Arkansas. It was pointed out that the U. S. Steel Supply Division had submitted a net bid of \$4,059.60 against a second low bid by Kern-Limerick, Inc., in the amount of

\$4,060.08 or a difference of 48 cents. The Commission took the position that this slight difference should be resolved in favor of the home supplier. A motion was accordingly made by Mr. Portis, seconded by Miss Lawson, and carried, to award the purchase to Kern-Limerick, Inc. on the basis of their net bid of \$4,060.08 for the lot.

Bid Reference No. SS-144-157, Traffic Signs, Various, f.o.b. Sign Shop, North Little Rock, Arkansas. A motion was made by Mr. Portis, seconded by Mr. Wallace, and carried, to award Item 1, consisting of 1000-24" x 24" Stop Signs at \$2.09 each, Item 2, consisting of 500-20" x 40" W-II Signs at \$2.65 each and Item 4, consisting of 1000 - 18" x 24" Blanks at \$1.58 each, which were the low bids, to the National Safety Engineers, Inc., and to award Item 3, consisting of 2000 - 12" x 12" MPH Signs at 64 cents each, Item 5, consisting of 500 - 15" x 19-1/2" Blanks at \$1.33 each, and Item 6, consisting of 500 - 10" x 15" Blanks at 77 cents each, which were the low bids, to S. G. Adams Company.

Bid Reference No. SS-166, Steel Posts in 8', 10' and 12' lengths, f.o.b. Sign Shop, North Little Rock, Arkansas. A motion was made by Mr. Wallace, seconded by Mr. Lynch, and carried to award the purchase to the Arkansas Equipment Company, Inc. on the basis of their low bid of \$1.57 each on Item 1, consisting of 1500 - 8' posts, \$1.94 each on Item 2, consisting of 1000 - 10' posts, and \$2.29 each on Item 3, consisting of 1000 - 12' posts, or a total of \$6,716.70 for the lot.

Bid Reference No. SS-170, 20,000 - 7/8" Front Entrance Reflector Buttons, f.o.b. Sign Shop, North Little Rock, Arkansas. A motion was made by Mr. Wallace, seconded by Mr. Portis and carried to award the purchase to the Cataphote Corp. on the basis of their bid of 10 cents each or \$2,04.00 for the lot.

- 27 There being no further business on the agenda the meeting was adjourned at 4:30 P. M. subject to the call of the Chairman.

MEETING NO. 5

April 2, 1953

- 28 The Arkansas State Highway Commission pursuant to call convened in the Commission Room at 10 A. M. April 2, 1953, with Chairman Orr present and presiding. Commissioners Lawson, Lynch, Portis and Wallace were present.
- 29 Right of Way Engineer E, F. Nelson and General Counsel W. R. Thrasher then came before the Commission and reported in detail on the status of right of way matters on Job No. 6326, Benton-Pulaski County Line Road in Saline County. Mr., Nelson reported extensively from his memorandum of April 2, 1953, to Mr. Johnson on this matter.

Following a discussion of these cases a motion was made by Mr. Wallace, seconded by Mr. Lynch and carried to authorize the establishment of a three man Board of Appraisers, one to be selected by the Highway Commission, one by the County Court and the third member to be selected by the two first named. This Board is to re-appraise the affected properties as a basis for further efforts to settle all pending claims on a reasonable basis.

- 30 Consideration was then given to the sale of the following described tracts of surplus real property incident to Job No. 7387, Gurdon-North Road, as authorized by Commission action of September 19, 1952, as follows:

<u>Tract No.</u>	<u>Purchaser</u>	<u>Amount</u>
1	O. L. Wyatt	\$1,360.00
2	O. L. Wyatt	\$1,000.00
3	O. L. Wyatt	<u>\$600.00</u>
		\$2,960.00
	Less Sales Expense, land surveying, Advertising & Clearing up property.	<u>\$439.70</u>
	Net Return	\$2,523.30

Consideration was also given to the sale of certain surplus real property incident to Job No. 6316, Little Rock-Saline County Line, as authorized by the Commission on September 19, 1952, as follows:

<u>Tract No.</u>	<u>Purchaser</u>	<u>Amount</u>
1	S. G. Cason (\$1000)	\$250.00(Forfeit)
2	S. G. Cason	\$3200.00
3	S. G. Cason	\$3200.00
4	S. G. Cason	<u>\$1000.00</u>
		\$7650.00
	Less Sales Commission and Advertising.	<u>\$ 990.06</u>
	Net Return	\$6659.94

Following a discussion of the foregoing a motion was made, seconded and unanimously carried that these sales be approved and that the Chairman be authorized for and on behalf of the Commission to execute special warranty deeds covering said properties.

- 31 There being no further business to come before the Commission adjournment was had at 5 P. M. the next meeting to be held Friday, April 10, 1953.

MEETING NO. 6
April 10, 1953

- 32 The Arkansas State Highway Commission pursuant to call

convened in the Director's Office at 10 A. M. Friday, April 10, 1953, with Chairman Orr present and presiding. Commissioners Lawson, Lynch, Portis and Wallace were present.

- 33 The first order of business was a conference with Herbert Eldridge, Chief Engineer of Planning for the Texas Highway Commission, relative to his acceptance of the position of Director. Of the numerous applicants that had been considered, Mr. Eldridge, who was not a candidate, was the Commission's choice for the post. A motion was accordingly made by Mr. Wallace, seconded by Mr. Portis, and unanimously carried to employ him as Director at an annual salary of \$15,000.00.

- 34 Mr. Johnson then reviewed various Secondary and Primary projects which had been submitted to the Bureau for approval as follows:

<u>Route</u>	<u>Location</u>	<u>Length</u>	<u>Estimated Cost</u>
<u>Secondary</u>			
9	Mammoth Spring - Salem	11.4	\$228,200.00
150	#61-East	5.4	\$100,000.00
75	Parkin-South to 70	6.4	\$ 80,000.00
11	Star City-East	7.8	\$ 87,740.00
38	Cabot-East	8.5	\$ 95,000.00
10	Danville Bridge	.19	\$110,000.00
9	Freeo Bridges	.12	\$158,000.00
<u>Primary</u>			
62	St. Francis River Bridge	.035	\$130,000.00
1	Jonesboro-South	4.4	\$ 66,000.00
79	Hughes-Chatfield	9.2	\$158,760.00
20	Marvel-Walnut Corner	10.3	\$241,400.00
79	Altheimer-Cut-off	4.3	\$231,340.00
167	Sheridan-North	15.6	\$795,600.00
79	Kingsland-Fordyce	8.2	\$163,200.00
70	Dierks-Saline River	3.5	\$ 60,000.00

Following a discussion of the foregoing a motion was made by Mr. Lynch, seconded by Miss Lawson and carried to approve these projects for the receipt of bids on May 21st and to hold for later consideration the Hampton-Locust Bayou Project eleven miles in length on Highway #4.

- 35 Mr. Johnson then reported on the situation relative to the procurement of right of way on Job No. 4364, Mt. Ida-Washita Road in Montgomery County. He presented Right of Way Engineer E. F. Nelson's memorandum of April 9th in which it was recommended that the Department absorb half of the cost of this right of way in order to insure completion of the contract within the specified time limit. After a somewhat lengthy discussion a motion was made by Mr. Wallace, seconded by Mr. Lynch, and carried to instruct the Right of Way Division to make every effort

to secure the execution of the court order and if all efforts to this end failed that the Department would then absorb half of the cost of the right of way.

- 36 Further consideration was then given to the matter of insurance coverage which the Department has in force. It was pointed out that during the four year period 1948-52, inclusive, premium payments had been made in the amount of \$66,730.52 and that during the corresponding period payments against losses had amounted to \$1,952.06. The question was raised as to whether or not it would be the part of good business in the light of that experience for the Department to become a self insurer. Following a somewhat lengthy discussion of this matter a motion was made by Mr. Lynch, seconded by Mr. Wallace and carried that no policies would be renewed at this time and that the General Counsel be instructed to investigate the entire matter and furnish his opinion as to the Commission's responsibility.

- 37 The Commission then reviewed various AFEs. It was the consensus of opinion that the following requests should be withheld for further study and advice:

<u>Route</u>	<u>County</u>	<u>Description</u>	<u>Estimated Cost</u>
18 S-5	Mississippi	4.7 miles gr. surf.	\$24,471.18
37 S-2	Jackson	6 miles gr. surf.	\$16,616.40
145 S-2	Jackson	3 miles gr. surf.	\$ 7,675.16
45 S-1	Jackson	5 miles gr. surf.	\$12,377.00

The following requests were approved for performance under standard bid procedure:

<u>Route</u>	<u>County</u>	<u>Description</u>	<u>Estimated Cost</u>
64 S-13	Woodruff	Cache River Br. Repairs 342'	\$20,607.36
64 S-13	Woodruff	Cache River Br. Repairs 418'	\$25,213.75
64 S-13	Woodruff	Cache River Br. Repairs 518'	\$30,647.08
79 S-7	Cleveland	Saline River Br. 3116' Treated Timber & 210' Steel Truss	\$32,212.89

- 38 Further consideration was then given to the authorization of a study of the feasibility of constructing and operating toll road facilities in Arkansas. It was moved, seconded and unanimously carried that such a study should be authorized to be made by the State Highway Department and that the University of Arkansas and Legislative Council should be invited to assist in the study and report in order that the engineering, economic and legislative phases of the matter might be properly developed.
- 39 There being no further business to come before the Commission adjournment was had at 4:45 P. M. the next meeting to be held subject to the call of the Chairman.

April 24, 1953

- 40 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A.M., April 24, 1953.
- 41 The attached list of projects identified as List "C", 4/1/53, previously approved by the Commission for construction with state funds, is hereby revoked without prejudice for inclusion in future work programs.
- 42 Pursuant to the authorities and responsibilities of this Commission, as contained in House Bill 297, Act 123 of the General Assembly of 1953, and in conformity with its provisions for more efficient administration of the State Highway Department and confirming public announcement made April 10, 1953, by unanimous action of this Commission, Herbert Eldridge is appointed Director of Highways at a salary of \$15,000.00 per annum, effective May 1, 1953.

43 Under the direction of the Highway Commission the Director of Highways will be responsible for all employment in the Department through lines of authorities established by him and approved by the Commission, and employment, continuance of employment, and promotions shall be judged on the basis of merit in accordance with job classification system to be established in line with the provisions of House Bill 297, Act 123, of the General Assembly of 1953.

44 The Director of Highways is hereby authorized to modify the organization chart by combining the offices of Purchasing Agent and Equipment Supervisor into the office of Supervisor Equipment and Procurement.

45 It is the purpose of the Highway Commission that all valid claims be expeditiously handled for payment, and the Director is hereby authorized to take such measures necessary to expedite handling for payment of valid claims; and to furnish monthly financial statements to the Commission.

46 In Drew County on Highway No. 4 in the City of Monticello, supplemental agreement to Job 2439, Wilmar-Monticello surfacing project, providing for approximately 1500 feet of surfacing, including the city square and one block at the Post Office, estimated to cost \$7,100.00, is hereby approved.

47 It is ordered that the following projects be constructed in the most feasible and economical manner:

<u>County</u>	<u>Route</u>	<u>Description</u>	<u>Estimated Cost</u>
Jackson	37 S-2	6 mi. Gravel surfacing	\$16,616.40
Jackson	145 S-2	3 mi. Gravel surfacing	\$7,675.16
Jackson	42 S-1	5 mi. Gravel surfacing	\$12,377.00
Woodruff	64 S-13	Cache River Bridge Repairs 342'	\$20,607.36
Woodruff	64 S-13	Cache River Bridge Repairs 418'	\$25,213.75
Woodruff	64 S-13	Cache River Bridge Repairs 518'	\$30,647.08
Cleveland	79 S-7	Saline River Bridge 3326'	\$32,219.89
Calhoun	4 S-10	Hampton-Locust Bayou-Base & Bit. Surfacing	\$198,000.00

<u>County</u>	<u>Route</u>	<u>Description</u>	<u>Estimated Cost</u>
Cross	64	Wynne-Parkin - 15 miles grading & minor drainage structures	\$1,072,000.00
Saline	67	Hot Springs County Line - Saline River - 9 miles grading, & minor drainage structures	\$650,000.00
Pulaski	67	N. Little Rock - Lonoke County Line - 17.2 miles grading, drainage structures and surfacing	\$1,918,000.00

Prairie	70	DeValls Bluff Relocation 2.0 miles grading, drainage structures & surfacing	\$390,000.00
---------	----	--	--------------

48 It is ordered that Job No. 10459, Poinsett County Line-North Road, which was approved at the Commission Meeting of April 10, 1953 for the receipt of bids on May 21st be withdrawn without prejudice from the May 21st Meeting for further study.

49 All bids received April 13 for furnishing 12,500 gallons of white traffic marking paint and 7,500 gallons yellow traffic marking paint are hereby rejected. It is ordered that specifications be amended and that new bids be requested.

50 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:40 P. M., April 24, 1953.

ARKANSAS STATE HIGHWAY DEPARTMENT

LITTLE ROCK, ARKANSAS

October 26, 1953

ADMINISTRATIVE CIRCULAR NO. 6 - SUPPLEMENT 1

TO: ALL DIVISION HEADS AND ACTING DISTRICT ENGINEERS

SUBJECT: Addendum to Minute Order No. 47 -
Programming of Secondary Projects

We transmit herewith for your information the attached supplement covering Secondary Projects which were programmed at the Seventh Regular Commission Meeting on April 24, 1953.

This will supplement the programming set out in Minute Order No. 47.

Herbert Eldridge
Director of Highways

VES/js

I, V. E. Scott, Secretary to the Arkansas State Highway Commission, hereby certify that the foregoing is a true and compared record of the proceedings taken by the Arkansas State Highway Commission on the dates indicated.

V. E. Scott, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION

May 21, 1953

The following is the record of proceedings of the Eighth Regular Meeting of the Arkansas State Highway Commission as constituted under the Mack-Blackwell Amendment, No. 42, to the Constitution which was held in the State Highway Department Building at Little Rock, Arkansas, May 21, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

Minute

Order IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., May 21, 1953.

The next order of business was the receipt of bids on various road and bridge projects. See Minute Order Numbers 80 to 97, inclusive, for the record of awards.

52 WHEREAS, Minute Order 25, dated March 27, 1953, provided for a nine point policy for tentative operation of Maintenance Division personnel until a Director was selected, and

WHEREAS, Minute Order 43, dated April 24, 1953, authorizes the Director to handle all personnel matters in accordance with provisions of Act 123 of 1953, and

WHEREAS, Minute Order 25 was effectively superseded by Minute order 43, May 1, 1953,

NOW THEREFORE, it is ordered that Minute Order No. 25 be and is hereby cancelled.

53 WHEREAS, in the interest of economy and sound business procedure, it is desired that all materials, supplies, and equipment used by the Department be obtained to specifications for quality and quantity and on the basis of competitive bids. Exceptions will be made only in case of emergency, and the Director is ordered to formulate procedures and practices to assure strict adherence to this policy.

54 WHEREAS, In the interest of efficiency and economy it is desired that all construction on the highway system be made subject to competitive bids for contract awards, and

WHEREAS, It is recognized that some items of construction not attractive for competitive bidding, such as small or isolated projects, bridge repairs, planting or sodding, etc., may be more economically and satisfactorily performed with state forces, and

WHEREAS, It is the expressed policy of the Commission that all construction be by contract on the basis of competitive bidding where feasible,

NOW THEREFORE, It is ordered that the Director proceed according to this policy, keeping the volume of construction by state forces to the reasonable and prudent minimum.

55 It is ordered that the Director be instructed to include the following as a part of the personnel policies of the Arkansas Highway Department.

Any employee of the Department shall not engage in or take part in any political campaign in relation to matters directly affecting the Department. By "engaging in a political campaign" or "taking part in a political campaign" is meant and shall include distributing circulars, hand bills, posting pictures, handing out cards, making speeches, thereby soliciting or opposing the election of any candidate for office.

Any employee of the Department shall not use any facilities or equipment of the Department in connection with any political campaign.

Any stenographer or other employee of the Department shall not engage in or assist in any manner with the preparation and mailing out, or in any manner handle such literature, propaganda letters, or bulletins, or any other matter, printed or written, that will influence or tend to influence in any way the election of any candidate for office or the passage or defeat of any law or appropriation affecting the Department.

Any employee of the Department guilty of violating the provisions of this policy will be subject to immediate discharge.

56 WHEREAS, it is recognized by the highway officials of the nation that the function of constructing and maintaining highway systems requires coordination for maximum efficiency in the production of satisfactory highway travel facilities and services, and

WHEREAS, recommendations contained in a study made by

the University of Arkansas and the recommendations of consulting engineers employed by the Highway Audit Commission included district organizations under the direction of capable engineers, and

WHEREAS, the Director proposes a tentative organization plan designed with conformance of these recommendations, and which would be consistent with organization plans of all Highway Departments recognized for efficient highway transportation service, and

WHEREAS, the tentative plan proposed by the Director provides for the naming of five engineers in districts in the positions of District Maintenance Supervisors and tentatively titled Acting District Engineers, having responsibility for construction and the maintenance of two districts; the other five District Maintenance Supervisors not required to be engineers, to handle maintenance supervision of two districts under the direction of the Acting District Engineers; maintenance foreman areas to be re-defined in accordance with economics of transportation of men, materials, and equipment; in all other respects the district organization plan would remain unchanged, and

WHEREAS, the tentative plan can be made operative without additional cost to the State and without increase of the personnel presently authorized, and which will be of primary importance toward increasing the efficiency and effectiveness of the Department,

NOW, THEREFORE, IT IS ORDERED that the proposal of the Director be and is hereby adopted, effective June 1, 1953.

57 It is ordered that the actions of the Purchasing Committee, pursuant to Commission resolution of August 24, 1951, in making awards of purchases on March 30th, 31st, April 7th, 14th, 22nd, 29th, May 7th and 12th all as documented by official minutes prepared by the Secretary to the Commission which are of record in the files of the Commission and Office of the Director of Equipment and Procurement be hereby ratified and confirmed in all particulars.

58 It is ordered that the sum of \$7,234.80 be and is hereby appropriated for payment to the firm of Peat, Marwick, Mitchell and Company, certified public accountants, for professional services rendered in connection with determination of the assets, liabilities, and commitments of the Arkansas State Highway Department at December 31, 1952, as per previous order.

59 In view of the fact that the financing arrangements for the Joint Highway Research Program, a cooperative project between the State Highway Department and the Engineering Experiment

Section of the University of Arkansas, will expire at the close of the current fiscal year it is hereby ordered that an extension of this plan be authorized for the ensuing biennium with an allotment of \$25,000, one-half of which shall be derived from the 1-½% reserved by Federal law for highway planning and research and the remaining one-half from State Highway matching funds.

- 60 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission:

Job No.	Job Name	Contractor	Amt.
11437	Parkin-Highway 70 Road	D. F. Jones Const. Co.	\$ 6.50
4373 - S146(1)	Needmore-Forester	Southeast Const. Co. Inc	4.48
4376 - S159(2)	Caddo Gap-Norman Rd.	Ben M. Hogan & Co.	.40
7414 - S209(6)	Antoine-East Road	Southeast Const Co. Inc	1.75
9337 - F452(5)	Bentonville By Pass	Ellis & Koonce	\$15.00

- 61 In Craighead and Poinsett Counties the Director is instructed to process the present route of Highway No. 1 from Jonesboro to intersection with Highway No. 14 east of Harrisburg for inclusion in the Federal Aid Secondary System.
- 62 In Saline County on U. S. Highway 67 from Benton to the Hot Spring County Line, the work authorized by Minute Order No. 47 is hereby modified to provide for widening and surfacing of present route within these limits. This action is subject to program approval by the Bureau of Public Roads.
- 63 In Jefferson County on U. S. Highway 65 in Pine Bluff, the Director is authorized to proceed in the most feasible and economical manner with the modification of two Harding Drain bridges at an estimated cost of \$56,500, Job No. 2495. This action is taken to fulfill an agreement previously made with the Harding Drain Improvement District.
- 64 In Randolph County on U. S. Highway 67, the Director is authorized to proceed in the most feasible and economical manner with the work of placing an adequate surface on the movable span of the Current River Bridge at an estimated cost of \$25,000.00.
- 65 WHEREAS, in Grant County on U. S. Highway 167 from Sheridan North to Saline County Line, the Department's appraisal of right of way costs for construction was approximately \$35,500, and

WHEREAS, appraisals made by a board appointed by the County show a total of \$62,500, and

WHEREAS, representations made by the proper officials of Grant County indicate that settlements can be made for complete rights of way acquisition for an amount of approximately \$56,250, and

WHEREAS, the County desires to proceed with the completion of right of way acquisitions on the basis of the cost of \$56,250, and agrees to absorb from its own fund sources any cost in excess of this amount, provided the participation of the Department is based on the cost of \$56,250, and

WHEREAS, in view of these presentations and the desire of the Highway Commission to proceed with completion of this important traffic artery as expeditiously as possible,

NOW, THEREFORE, it is hereby ordered that the proposal of Grant County be accepted and the Director is instructed to proceed with consummation on the basis of this understanding.

66 WHEREAS, in Saline County on the new route of U. S. Highway 67 on which approximately 85 percent of right of way acquisitions have been completed on the basis of appraisals made by a duly constituted and qualified appraisal board, and on which approximately 15 percent of the acquisitions are incomplete on the basis of the appraisals of the board, and

WHEREAS, by action of the Commission April 2, 1953, additional appraisals were authorized by a board to be composed of one member selected by the Highway Department, one member selected by the County Judge of Saline County and the third member to be selected by the two members selected by the Department and the County Judge, and

WHEREAS, the two members selected by the Department and by the County Judge were unable to agree on a third member, and

WHEREAS, the County Judge of Saline County has now requested the Department not to make re-appraisals but in lieu thereof to agree on the appointment of three men to negotiate the pending claims, and

WHEREAS, it is the policy of this Commission to follow legal procedures only in right of way acquisitions with any actions for payment subject to the approval of this Commission,

NOW, THEREFORE, it is ordered: 1. that the request of the County Judge of Saline County for a board to negotiate the pending claims be and is hereby denied; 2. that the action of April 2, 1953, for the selection of a board to re-appraise the pending claims be and is hereby rescinded; and 3. that the Director be instructed to proceed with duly constituted legal procedures for completion of right

of way negotiations unless Saline County will agree to complete the transactions with the State paying only the amounts stipulated by the appraisal board.

The Director is further instructed to withhold further construction bid requests on the section of U. S. Highway 67 in Saline County until right of way acquisitions have been completed.

67 WHEREAS, In Faulkner and Pulaski Counties presentations have been made for the construction of an adequate facility extending from Highway No. 5 in the vicinity of Gravel Ridge northerly to the west of the proposed Air Base and to a junction with U. S. Highway 64 at or near Vilonia, and

WHEREAS, the proposed road would serve an essential traffic need during and after the construction of the Air Base, and

WHEREAS, the Highway Commission presently does not have funds available to meet the needs on the existing highway system and at the same time make extensions to the highway system, and

WHEREAS, there are federal secondary funds available for use of counties on a matching basis,

NOW, THEREFORE, it is hereby ordered that the Director be instructed to tender the following offer to the proper officials of Faulkner and Pulaski Counties as a means to attain the desired facility.

Provided the Counties will:

1. Furnish all required right of way, fenced, free of all obstructions, including necessary utility adjustments.
2. Furnish funds from County sources to match federal secondary funds for construction in accordance with the provisions of the Federal Aid Act.

The Arkansas Highway Department will:

1. Handle all required engineering work for planning and constructing the road.
2. Maintain the road after completion of construction.

Upon acceptance of the provisions of this offer by the proper officials of Faulkner and Pulaski Counties the Director is instructed to proceed with measures necessary to carry out the provisions of this order.

If the provisions of this order is not accepted within a period of 60 days from date the offer is automatically withdrawn. The order is

subject to program approval by the Bureau of Public Roads.

68 WHEREAS, in Washington and Benton Counties the present traffic volume on U. S. Highways 71 from Fayetteville to Rogers of from 5100 to 6500 vehicles per day is far in excess of the volume. that can adequately be served by the present facility, and

WHEREAS, the need for immediate improvement of the facility is apparent, and

WHEREAS, the funds presently available for highway improvements in the State are inadequate to meet the existing needs on the system, and

WHEREAS, the need for adequacy in planning, as well as the coordinated and cooperative effort of local government units are essential to a satisfactory and expeditious solution of the major highway problems of the State, and

WHEREAS, in order to facilitate cooperative action toward a solution of problem on U. S. 71 between Fayetteville and Rogers the following action is taken.

NOW, THEREFORE, it is ordered that the Director be and is hereby authorized to tender the following tentative offer to the proper officials of Washington and Benton Counties and to the proper officials of the cities of Fayetteville, Springdale and Rogers.

Provided the local government units will:

1. Furnish all required right of way free of obstructions and free of cost to the State.
2. Acquire all right of way on the controlled access plan according to the provisions of Act 383 of the 1953 General Assembly.
3. Acquire the width of right of way as determined by the Department for a freeway generally to be not less than 200 feet in urban areas and not less than 300 foot in rural areas.

The Arkansas Highway Department will:

1. Provide all engineering work necessary to preparation of right of way information for release to local government units for right of way acquisition.
2. From current revenues reconstruct the present facility to provide two twelve foot traffic lanes.
3. When funds can be made available construct two additional twelve foot traffic lanes by stages to provide a four lane divided facility.
4. In accordance with traffic needs and available funds, construct frontage roads, interchanges and grade separations by stage construction until a completed freeway is fully developed.
5. Maintain the facility as constructed.

The offer will be automatically cancelled if not accepted within 90 days from the date of the order.

Upon acceptance of the provisions of this order by the proper officials of Washington County, Benton County, the City of Fayetteville, the City of Springdale and the City of Rogers, the Director is instructed to proceed with actions necessary to the fulfillment of the order.

The action is conditioned upon program approval by the Bureau of Public Roads.

69 WHEREAS, in Garland and Saline Counties the present highway facilities are inadequate to serve the present and anticipated traffic from U.S. Highway 67 to Hot Springs and are not susceptible for improvement to standards for adequacy within reasonable economic limits, and

WHEREAS, a new route must be developed to serve the present and growing traffic needs of the area, and

WHEREAS, adequacy of planning entails the assurance of rights of way for future favorable development of the area and traffic facility, and

WHEREAS, funds for the completion of a facility meeting present requirements are not presently available, and

WHEREAS, the need for adequacy in planning as well as the coordinated and cooperative effort of local government units are essential to a satisfactory and expeditious solution of the major highway problems of the State, and

WHEREAS, the Highway Commission considers the need for an adequate facility from U. S. Highway 67 to Hot Springs to be of such importance to the affected area and to the State to justify immediate action toward its ultimate solution,

NOW THEREFORE, IT IS ORDERED that the Director be and is hereby instructed to make the following tentative offer to the proper officials of Garland and Saline Counties and to the proper officials of the cities of Benton and Hot Springs:

Provided that the local government units will:

1. Furnish all required right of way free of obstructions and free of cost to the State.
2. Acquire all right of way on the controlled access plan according

to the provisions of Act 383 of the 1953 General Assembly.

3. Acquire the width of right of way as determined by the Department for a freeway, generally to be not less than 200 feet in urban areas and not less than 300 feet in rural areas.

The Arkansas Highway Department will:

1. Provide all engineering work necessary to preparation of right of way information for releasing to local government units for right of way acquisition.
2. From current revenues make a start toward the construction of a two twelve foot traffic lane facility.
3. Complete the two traffic lane facility as expeditiously as funds can be made available for construction.
4. In accordance with traffic needs and available funds proceed by stage construction with two additional lanes to form a four lane divided highway.
5. In accordance with traffic needs and available funds, construct frontage roads, interchanges and grade separations by stage construction until a completed freeway is fully developed.
6. Maintain the facility as constructed.

The offer will be automatically cancelled if not accepted within 90 days from the date of the order.

Upon acceptance of the provisions of this order by the proper officials of Garland County, Saline County, the City of Hot Springs and the City of Benton, the Director is instructed to proceed with actions necessary to the fulfillment of the order.

The action is conditioned upon program approval by the Bureau of Public Roads.

- 70 WHEREAS, in Lincoln County the route of State Highway 114 from Fresno to Gould, a distance of approximately 8.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Lincoln County.

Provided that Lincoln County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances

and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Lincoln County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

WHEREAS, in Lee and St. Francis Counties the route of State Highway 78 from Wheatley to Moro, a distance of approximately 11.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Lee and St. Francis Counties.

Provided that Lee and St. Francis Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of certified copy of order of the County Court of Lee and St. Francis Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

72 WHEREAS, in Cleveland County the route of State Highway 15 from Pansy to Calmar, a distance of approximately 8.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Cleveland County.

Provided that Cleveland County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Cleveland County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

73 WHEREAS, in Independence and IZard Counties the route of State Highway 69 from Sage to Cushman, a distance of approximately 14.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Independence and IZARD Counties.

Provided that the Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Independence and IZARD Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

- 74 WHEREAS, in Poinsett County the route of State Highway 143 from Beasley to Lepanto, a distance of approximately 10.3 miles, merits improvements for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Poinsett County.

Provided that Poinsett County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility

adjustments are considered as a part of right of way clearances and are to be made without cost to the State,

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Poinsett County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

75 WHEREAS, in Clark County the route of State Highway 26 from State Highway 51 to near Clearspring, a distance of approximately 13 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Clark County.

Provided that Clark County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Clark County accepting the provisions of this offer, the

Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

76 WHEREAS, in Desha County the route of State Highway 1 from Watson to Junction State Highway 54, a distance of approximately 9.4 miles, merits improvements for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Desha County.

Provided that Desha County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Desha County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

77 WHEREAS, in Benton and Washington Counties the route of State Highway 16 from Lake Weddington to Siloam Springs, a distance of approximately 9.4 miles, merits improvements for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Benton and Washington Counties.

Provided that the Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.

2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Benton and Washington Counties accepting the provisions of this offer the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads,

78 WHEREAS, in Craighead and Poinsett Counties the route of State Highway 143 from near Caraway to Lepanto, a distance of approximately 10.8 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State,

NOW, THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Craighead and Poinsett Counties.

Provided that the Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Craighead and Poinsett Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn.

This action is conditioned upon program approval by the Bureau of Public Roads.

- 79 In the following counties and on State Highway routes as indicated, the Director is authorized to proceed in the most feasible and economic manner with the work of bridge replacements at the estimated costs shown. This action is subject to program approval by the Bureau of Public Roads,

<u>County</u>	<u>Hwy.</u>	<u>Bridge</u>	<u>Length</u>	<u>Est. Cost</u>
Jefferson	15	Plum Bayou	202'	\$ 50,000.
Hempstead	27	3/4 Mi. N. Howard County Line	46'	\$ 23,000.
Jackson	14	4 Bridges	1197'	\$295,000.
Cleveland	11	4 Bridges, Hudgens Creek	275'	<u>\$131,000.</u>
				\$499,000.

Between the hours of 1:30 and 4:15 P. M. the Commission heard various delegations. See Hearing Docket for details concerning the names of the delegates, improvements desired, and departmental reports covering physical and service features.

The next order of business was the awarding of contracts as follows:

- 80 Yell County, Job No. 8353, FAP S-162(1). The contract for the construction of 444.17 Ft. of reinforced concrete and structural stool bridge at the Petit Jean River, State Highway 10, Section 3, is awarded to Jeffrey, Lawrence & Tilley of Ft. Smith, Arkansas, on the basis of their low bid of \$76,297.11 subject to the concurrence of the Bureau of Public Roads.
- 81 Fulton County, Job No. 5370, FAP S-201(2). The contract for the construction of 11.618 miles of crushed stone base and bituminous surface road mix surface course (OG) on the Salem-Mammoth Spring State Highway 9, Section 15, is awarded to the Interstate Construction Co. Inc. of Pine Bluff, Arkansas, on their low bid of \$161,851.46 subject to the concurrence of the Bureau of Public Roads.
- 82 Grant & Saline Counties, Job No. 6450, FAP F-39(3) & F-126(3). The contract for the construction of 15.431 miles of gravel and crushed stone base with asphaltic concrete hot mix surface on the Sheridan-North Road, U. S. Highway 167, Sections 11 & 12, is awarded to Ben M. Hogan & Co. of Little Rock, Arkansas on their low bid of \$504,476.73 subject to the concurrence of the Bureau of Public Roads.
- 83 Lonoke County, Job No. 6445, FAP S-141(1). The contract for the construction of 8.495 miles of grading, crushed stone base and bituminous surface road mix course (DG) on the Cabot-East Road, State Highway 38, Section 0, is awarded to the Interstate Construc-

tion Co. of Pine Bluff, Arkansas, on their low bid of \$72,445.48 subject to the concurrence of the Bureau of Public Roads.

- 84 Phillips County, Job No. 11442, FAP F-54(3) & F-137(14). The contract for the construction of 10.271 miles of grading, asphaltic concrete hot mix surface course and gravel shoulders on the Marvell-Walnut Corner Road, State Highway 20, Section 2, is awarded to Ben M. Hogan & Company of Little Rock, Arkansas, on their low bid of \$147,093.10 subject to the concurrence of the Bureau of Public Roads.
- 85 St. Francis & Cross Counties, Job No. 11450, FAP S-341(3). The contract for the construction of 6.442 miles of bituminous surface course, RMSC (DG), on the Parkin-Highway 70 Road, State Highway 75, Sections 1 & 2, is awarded to the D. F. Jones Construction Co. of Little Rock, Arkansas, on their low bid of \$60,112.71 subject to the concurrence of the Bureau of Public Roads.
- 86 Ouachita County, Job No. 7433, FAP S-164(1). The contract for the construction of 608.33 Ft. consisting of 3 percast slab bridges on concrete piling with gravel base and bituminous surface road mix surface course (DG) approaches on the Holly Springs-Eagle Mills Road, State Highway 9, Section 1, is awarded to the D. F. Jones Construction Co. of Little Rock, Arkansas, on their low bid of \$90,897.95 subject to the concurrence of the Bureau of Public Roads.
- 87 Crittenden County, Job No. C-18-30, FAP S-818(5). The contract for the construction of 1.679 miles of gravel base course and double bituminous surface treatment on a County Road near Marion is awarded to the O'Neal Paving Co., Inc. of Memphis, Tennessee, on their low bid on Alternate 2 of \$20,834.94 subject to the concurrence of the Bureau of Public Roads.
- 88 Lincoln County, Job No. 2440, FAP S-126(2). The contract for the construction of 7.745 miles of bituminous surfacing, RMSC (DG), on the Star City-Fresno Road, State Highway 11, Section 3, is awarded to the Four Brothers, Inc., Sweet Home, Arkansas, on their low bid of \$55,548.08 subject to the concurrence of the Bureau of Public Roads.
- 89 Jefferson County, Job No. 2438, FAP F-284(12). The contract for the construction of 4.284 miles of selected material, gravel and crushed stone base, asphaltic concrete hot mix surface course on the Altheimer-Relocation, State Highway 79, Section 10, is awarded to Graves Bros. Pine Bluff, Arkansas, on their low bid of \$159,346.82 subject to the concurrence of the Bureau of Public Roads.
- 90 Clay County, Arkansas & Dunklin County, Missouri, Job No. 10405, FAP F-788(2). The contract for the construction of 1090.08 Ft. of reinforced concrete and structural steel bridge and approaches,

Arkansas-Missouri Joint Project, on U. S. Highway 62, Section 21 near St. Francis, Arkansas, is awarded to S. M. Dixon of Warren, Arkansas, on the basis of his low bid of \$265,855.65 subject to the concurrence of the Missouri State Highway Commission and the Bureau of Public Roads.

- 91 Jackson County, AFE 5-89. The contract for the construction of 14 miles of gravel surfacing at the rate of 1,000 cubic yards per mile on State Highways 37, 145 & 42, Sections 2, 2, & 1 near Beedeville, is awarded to the M & L Construction Co. of Little Rock, Arkansas, on their low bid of \$33,320.00.
- 92 Howard County, Job No. 3467, FAP F-204(5). The contract for the construction of 3.365 miles of gravel base, bituminous surface road mix surface course (DG) on the Dierks-Saline River Road, U. S. Highway 70, Section 3, is awarded to the BucTon Construction Co., Inc. of Hazen, Arkansas, on their low bid of \$39,942.70 subject to the concurrence of the Bureau of Public Roads.
- 93 Calhoun County, Job No. 7425, FAP F-226(4). The contract for the construction of 10.992 miles of gravel base, dense graded asphaltic hot mix surface course on the Locust Bayou-Hampton Road, State Highway 4, Section 10, is awarded to Reynolds & Williams of Little Rock, Arkansas, on their low bid of \$111,626.98 subject to the concurrence of the Bureau of Public Roads.
- 94 Mississippi County, Job No. 10446, FAP S-412(2). The contract for the construction of 5.359 miles of flexible base course and bituminous surface, RMSC (DG), on Highway 61-East Road, State Highway 150, Section 1, is awarded to the Mississippi Valley Contracting Co., Inc. of Paragould, Arkansas, on their low bid of \$85,104.93 subject to the concurrence of the Bureau of Public Roads.
- 95 Dallas and Cleveland Counties, Job No. 1271, FAP F-31(7). The contract for the construction of 6.707 miles of gravel and crushed stone base with asphaltic concrete H.M. surface course on the Fordyce-Kingsland Road, U. S. Highway 79, Sections 6 & 7, is awarded to the Southeast Construction Co., Inc. of Pine Bluff, Arkansas, on their low bid of \$246,972.51 subject to the concurrence of the Bureau of Public Roads.
- 96 St. Francis & Crittenden Counties, Job No. 11441, FAP F-183(19) & F-47(13). The contract for the construction of 9.186 miles of asphaltic concrete hot mix surface course and gravel shoulders on the Hughes-Simsboro Road, U. S. Highway 79, Sections 17 & 18, is awarded to Forcum-James company of Dyersburg, Tennessee, on their low bid of \$98,451.60 subject to the concurrence of the Bureau of Public Roads.
- 97 Crittenden County, Job No. C-18-29, FAP S-816(18). The con-

tract for the construction of 1.212 miles of gravel base course and double bituminous surface treatment on a County Road near Clarkdale is awarded to the O'Neal Paving Co., Inc. of Memphis, Tennessee, on their low bid on Alternate 2 of \$14,994.76 subject to the concurrence of the Bureau of Public Roads.

98 IT IS ORDERED, that the Regular Meeting of the State Highway Commission be closed at 4:40 P. M., May 21, 1953.

I, V. E. Scott, Secretary to the Arkansas State Highway Commission, hereby certify that the above and foregoing is a true and correct record of all proceedings and official orders of the Arkansas State Highway Commission at its Eighth Regular Meeting which was held at Little Rock, Arkansas, on May 21, 1953.

V. E. Scott, Secretary

ARKANSAS STATE HIGHWAY DEPARTMENT

LITTLE ROCK ARKANSAS

June 24, 1953

Note: 1-50 January to April 1953, Included

ADMINISTRATIVE CIRCULAR NO. 6.

T0: ALL DIVISION HEADS AND ACTING DISTRICT ENGINEERS

Attention is invited to the attached copy of the Minutes of the Commission Meetings from January 21 to April 24, 1953, inclusive.

These supplement the minutes of the May 21st Meeting previously furnished so as to provide you with a complete record of all proceedings taken through that date.

It is suggested that a file be established to receive these and additional minutes as future meetings of the Commission are held. By so doing each of you can keep in close touch with departmental affairs throughout the organization in addition to those minutes which deal with your respective Divisions or Districts.

Herbert Eldridge
Director of Highways

VES/js

MINUTES OF MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
June 25 & 26, 1953

The following is the record of the proceedings of the Ninth Regular Meeting of the Arkansas State Highway Commission as held in Little Rock, Arkansas on June 25 & 26, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

- 99 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., June 25, 1953.

The next order of business was the receipt of bids on various road and bridge projects. See Minute orders No. 117 to No. 123, inclusive, for the record of awards.

- 100 The Director is hereby authorized to proceed with request for bids for typewriter accounting machine at an estimated cost of \$4,000.00, to replace the present machine that is mechanically worn out and inaccurate.

- 101 There is hereby appropriated from the current Highway Construction Appropriation the sum of \$2,215,490.00 for construction of the following listed projects on which contract awards were made by Minute Orders 80 through 86, 88 through 90 and 92 through 96 at the regular meeting of the Commission on May 21, 1953.

<u>Job</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
11441	F-47(13)		St. Francis	
	F-183(19)	79-S-17 & 18	Crittenden	\$108,270.

			Cleveland	\$271,660.
			Total:	\$2,215,490.

- 102 There is hereby appropriated from the current Highway Maintenance Fund Appropriation the sum of \$36,600.00 for performance of work described below awarded to contract by Minute Order 91 at the regular meeting of the Highway Commission on May 21, 1953.

AFE-5-89	37-145 & 42	Jackson	\$36,600.
----------	-------------	---------	-----------

- 103 It is ordered that the actions of the Purchasing Committee, pursuant to Commission resolution of August 24, 1951, in making awards of purchases on May 22nd, 26th, June 3rd, 5th and 17th all as documented by official minutes prepared by the Secretary to the Commission which are of record in the files of the Commission and Office of the Director of Equipment and Procurement be hereby ratified and confirmed in all particulars.

- 104 The following maintenance budget for the year beginning July 1, 1953 and ending June 30, 1954 is approved and appropriations from maintenance funds for salaries, expenses, materials, equipment and supplies in the amounts stipulated are hereby made subject to approved procedures for expenditures:

Administrative salaries charged against maintenance	\$ 500,000.
Routine maintenance allotments to districts, exclusive of equipment rentals	\$4,000,000.
Norfolk Ferry operation	\$150,000.
Sealing bituminous roads, exclusive of equipment rentals	\$800,000.
Traffic sign and traffic stripe operations	\$300,000.
Equipment purchase and replacement	\$800,000.
Other equipment costs such as repairs, fuel and lubricants, supplies	\$1,700,000.

(The two equipment items should equal the amount earned by equipment rentals which are based on compensatory rates)

Travel, utilities, insurance, supplies and office equipment	\$250,000.
---	------------

Balance - and available for bridge painting, heavy bridge maintenance, special maintenance authorizations	<u>\$500,000.</u>
---	-------------------

Total	\$9,000,000.
-------	--------------

105 In accordance with provisions of Minute Order No. 43, the attached job descriptions and minimum qualifications for guidance of employment is hereby approved.

106 WHEREAS, by actions taken on December 16, 1948, September 29, 1950 and November 21, 1952, the Commission has programmed Federal Aid funds in the amount of \$975,000 to cover the first phase of work on the South Riverfront Drives, State Job 6429, Federal Aid Project U-524(1), in the City of Little Rock, said program action made contingent upon a working agreement between the City and the Commission and,

WHEREAS, the City has provided a like sum to match the Federal Aid funds for acquisition of rights of way and,

WHEREAS, in order to initiate the work of rights of way acquisition as the first stage of the project and to provide those guarantees from the City that the State must in turn make to the Bureau of Public Roads, it is necessary that the Commission and the City of Little Rock reach agreement on all matters relating to the construction of the proposed riverfront improvement as previously made a condition and,

WHEREAS, on June 22, 1953, the City Council by appropriate ordinance authorized the execution of such an agreement covering construction of the project and,

WHEREAS, the agreement conforms to requirements of the Department as authorized by the Commission,

NOW THEREFORE, it is ordered that the Director be and is hereby authorized to proceed with execution of the agreement.

107 The Director is hereby authorized to extend Resident Engineer policy transfer allowances to assignments of Acting District Engineers and District Maintenance Superintendents made effective June 1 and June 16.

108 The Director is authorized to proceed in the most feasible and economical manner with the work of installing adequate seats and air-conditioning unit for the assembly room of the Highway Building at an estimated cost of \$4,250.00.

109 The Director is authorized to proceed with installation of air-conditioning units in the Highway Building at an estimated cost of \$28,000.

110 WHEREAS, for proper understanding of responsibilities involved in the construction and revision of highways that are the responsibility of this Department for crossings of facilities that are the responsibility of other agencies, the following statement of policy is made:

1. In the construction of new highways the State, consistent with Federal and State regulations, will bear the cost of crossing all existing facilities of other agencies such as railroads, county roads, irrigation channels, drainage channels, water reservoirs, pipe lines, transmission lines, etc.
2. After the highway is constructed the cost of crossing it by any type facility will be borne by the agency responsible for the facility and the manner of crossing, design and construction of highway modifications for the crossing and all details on the highway right of way will be subject to approval by the State.
3. Proposed construction of water reservoirs by Federal, State or other agencies that would cause the inundation, or otherwise impair the use of existing highways must at its own expense provide for the reconstruction or restoration of the highway facilities in such manner and according to plans approved by the State.

111 Effective July 1, 1953, previous orders of the Commission regarding purchasing practices and procedures of the Department that may be in conflict with practices and procedures promulgated by the State Director of Purchasing of the Division of Administration and Finance are rescinded, and the Director of Highways is authorized to coordinate procedures for efficient handling with the Director of Purchasing.

112 WHEREAS, Plan, surveys, designs, preliminary estimates, traffic investigations and traffic analyses are a necessity in order for the Commission to carry on an orderly program of construction and betterment work, and

WHEREAS, An adequate portion of the State Construction

Funds should be allotted and set aside for financing such functions and operations,

NOW THEREFORE, BE IT ORDERED that the following State Construction Funds be allocated and programmed for the purpose described above for the fiscal year ending June 30, 1954:

a.) For roadway and bridge plans, surveys and investigations
\$250,000.

b.) For planning, traffic investigations, traffic surveys, mapping,
road life studies, road logging and road use studies
\$ 80,000.

WHEREAS, it has been brought to the attention of the Director that while other State employees are covered by Social Security benefits, the employees of the State Highway Department are barred from such coverage because of the restrictive provisions of Section 218d of Public Law 734 - 81st Congress, and

WHEREAS, reliable information indicates the desire on the part of many employees in the lower wage and salary brackets to obtain Social Security benefits, and

WHEREAS, this Commission desires to serve the best interests of all of its employees,

NOW, THEREFORE, IT IS ORDERED that the Congress be memorialized by proper resolution, a copy of which shall be delivered to each member of the Arkansas delegation, to so amend Public Law 734 as to permit all employees of the State Highway Department at their election to be included in the Social Security plan in lieu of or in conjunction with the State Highway Employees Retirement System, provided that such amendments do not force the withdrawal of any person from, or in any way adversely affect the continued operation of the Arkansas State Highway Employees Retirement System.

114 WHEREAS, For the purpose of maintaining uniform accounting and cost records of the Department's activities which apply to and entail the operation of motor vehicles the same as for any other highway equipment, and

WHEREAS, The Commission desires to exercise strict control over the operation and use of motor vehicles used by this Department,

NOW THEREFORE, BE IT ORDERED that the Director of Highways petition the Director of the Department of Finance and Administration to allow the Department, after July 1, 1953, to operate those motor vehicles needed for the Department's operation as a sub-pool of the statewide Motor Vehicle Pool and the operation to be in

strict conformance with such rules and regulations as may be determined and promulgated by the Director of the Department of Finance and Administration.

115 WHEREAS, For the purpose of maintaining uniform accounting and cost records of the Department's activities, and

WHEREAS, The function of buying highway materials, equipment, and supplies is more or less a specialized field and in accordance with specifications peculiar to the operation of the Department, and

WHEREAS, Expeditious purchasing is necessary to keep the highway plant in efficient operation and protect the welfare of the public,

NOW THEREFORE, BE IT ORDERED that the Director of Highways petition the Director of the Department of Finance and Administration to permit this Department, after July 1, 1953, to operate its own purchasing and procurement activities to the extent deemed in accordance with overall efficient and expeditious practice and all to be in accordance with such rules and regulations as may be determined and promulgated by the Director of the Department of Finance and Administration.

116 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission:

<u>Job No.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
2344 - F-461(4)	Wilmar-Monticello Road	S.M. Dixon	\$200.00
2439 - F-461(5)	Wilmar-Monticello Surfacing	Reynolds & Williams	\$3,232.50
6439	Jones Mill-Jct. Hwy. 270	Reynolds & Williams	\$39,323.79
6455 - F.C.No.3	Westinghouse Plant Relocation	Reynolds & Williams	\$5,143.82
6455 - F.C.No.4	Westinghouse Plant Relocation	Reynolds & Williams	\$152.00
8304 - FI-51(3)	Plummerville-Menifee (Widening)	Ben M. Hogan & Company	\$300.00
9337 - F-452(5)	Bentonville Bypass	Ellis & Koonce	\$108.85

The regular business session was recessed at 12 O'clock Noon. Between the hours of 1:30 and 5 P. M. the Commission heard various delegations in the auditorium of the Game and Fish Commission Building. See Hearing Docket for details concerning the delegations present, improvements desired and departmental reports.

The hearings were resumed in the Game and Fish Commission

Building at 9 A. M. Friday, June 26th and continued until 12 Noon. Following the noon recess, the Commission was convened at 1:30 P.M. in the Director's Office for a continuance of the regular business session. The following is the record of proceedings taken.

- 117 Jefferson County, Job No. 2435. The contract for the construction of the Harding Drain Bridges on U. S. Highway 65, S-15 in Pine Bluff is awarded to W. C. Burrow Company of Malvern, Arkansas on their low bid of \$42,817.93.
- 118 Sharp County, Job No. 5396, FAP F-344(7) & F-295(2). The contract for the construction of 5.321 miles of asphaltic concrete hot mix surface course and crushed stone shoulders on the Hardy-Williford Road, U. S. 63, Section 2, is awarded to the Interstate Construction Co., Inc. of Pine Bluff, Arkansas on their low bid of \$63,243.80 subject to the concurrence of the Bureau of Public Roads.
- 119 Benton County, Job No. 9332, FAP S-167(1). The contract for the construction of 10.706 miles of crushed stone base, bituminous surface course and one 81 ft. R. C. bridge on the Vaughn-Gentry Road, State Highway 12, Section 2, is awarded to McClinton Bros. Construction Company of Fayetteville, Arkansas on their low bid of \$139,877.87 subject to the concurrence of the Bureau of Public Roads.
- 120 Lawrence County, Job No. 10458, FAP F-455(9). The contract for the construction of 7.492 miles asphaltic concrete hot mix surface course and crushed stone shoulders on the Imboden-Black Rock Road, U. S. Highway 63, Section 3, is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$83,976.65 subject to the concurrence of the Bureau of Public Roads.
- 121 Clay County, Job No. 10460, FAP F-238(4). The contract for the construction of 15.029 miles gravel base and dense graded asphaltic hot mix surface course on the Corning Jct.-Pollard Road, U. S. Highway 62, Section 20, is awarded to Reynolds & Williams of Little Rock on their low bid of \$235,929.72 subject to the concurrence of the Bureau of Public Roads.
- 122 Crittenden County, Job No. C-18-33, FAP S-925(4). The contract for the construction of 2.4 miles grading, minor drainage, and gravel base course on the Mound City-West Road is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$15,590.90 subject to the concurrence of the Bureau of Public Roads and Crittenden County.
- 123 Crittenden County, Job No. C-11369, FAP S-821(2) & S-853(2). The contract for the construction of 1.583 miles grading, minor drainage and gravel base course on the Browns-Edmondson Road is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$11,505.68 subject to the concurrence of the Bureau of Public Roads and Crittenden County.

WHEREAS IN PULASKI COUNTY in the City of LITTLE ROCK the Highway Commission by official action on November 21, 1952 concurred in an action of the City Council to utilize designated highway routes through the City as truck routes with the understanding that separate routes for trucks would be re-established by mutual agreement should the action of November 21, 1952 prove to be unsatisfactory, and

WHEREAS the use of the designated highway routes within the City has proven to be unsatisfactory as truck routes and has resulted in numerous traffic accidents that cause congestion and a menace to the safety of vehicular and pedestrian traffic as well as a constant threat of serious damage to abutting property and

WHEREAS Act 323 of the General Assembly of 1953 taking cognizance of the hazards to life and property of such unsatisfactory routes for truck traffic in cities authorized the Highway Commission to establish truck routes in cities and

WHEREAS the Highway Commission desires the cooperative action of local government units in establishing all routes of highway traffic in cities, and

WHEREAS the understanding for concurrence of the Commission in the previous action of the City Council is considered to justify a reconsideration of former actions with a view of re-establishing truck routes in the City of Little Rock that will better accommodate and more safely handle the movement of trucks within the City, and

WHEREAS the truck routes proposed by the Little Rock Traffic Department and described as follows will form a system of truck routes satisfactory to this Department:

NOW, THEREFORE, it is ordered that the Director be and is hereby instructed to tender to the proper officials of the City of Little Rock the following tentative proposal;

Provided that the City of Little Rock will:

1. Officially designate the above described truck routes or a modification thereof acceptable to the Department.
2. Accept responsibility for all phases of services necessary to provide adequate traffic routes except as hereinafter given as the responsibility of the State.

The Arkansas Highway Department will:

1. Place markers on the routes necessary for the direction

of truck traffic.

2. Provide for surfacing of the routes where necessary for adequate traffic service subject to program approval by the Bureau of Public Roads.
3. Maintain the directional markers and surfacing on the routes until such time as adequate highway facilities through the City are available.

Upon acceptance of the provisions of this order by the proper officials of the City of Little Rock the Director is ordered to proceed with measures necessary to the fulfillment of the order.

125

WHEREAS, the Arkansas County Judges Association assembled in Little Rock June 19, 1953, did by resolution urge the Highway Commission to recede from the policy of favoring the construction of secondary roads where the right of way cost is borne by the County and to consider the removal of man made obstructions as being a part of the construction costs and,

WHEREAS, the reasons given for the requests were that all counties might stand on equal footing in having their secondary road needs met and to avoid the possibility of exposing some County Judge to liability for the unlawful payment of right of way costs and,

WHEREAS, the road needs on the state highway system, urban, primary and secondary, are far in excess of availability of funds for construction accomplishment within reasonable time periods and,

WHEREAS, the needed construction accomplishments cannot be met within reasonable time periods from available funds and at the same time make purchases of rights of way and,

WHEREAS, this Commission believes its responsibility to the people can be met only by giving the maximum in road service from the available highway funds; that the people want to be relieved of mud and dust on the highway system; that the people want to be relieved of wear and tear and discomforts that come from using dilapidated timber bridges; that any road on the state highway system has merit for improvement and,

WHEREAS, this Commission believes that the people are willing to assist in a program that will give relief from the untenable existing road conditions and that local assistance is essential to expeditious action toward such accomplishment and,

WHEREAS, the furnishing of unobstructed rights of way is the assistance most desired by the Commission to determine where the highway funds should be expended and to assure the maximum

mileage of road construction in the shortest time period and,

WHEREAS, Section 11 of Act 419 of the Acts of 1953 is as follows: "This Act shall not supersede the authority and procedure authorized under Section 76-510 of the 1947 Statutes of Arkansas."

, Section 76-510 of the 1947 Statutes of Arkansas

is as follows: "The State Highway Commission may call upon the county court to change or widen, in the manner provided by Section 5249 of Crawford & Moses' Digest (Sec. 76-917), any State Highway in the county where the State Highway Engineer deems it necessary, for the purpose of constructing, improving or maintaining the road. In the event the county court should refuse to widen the road as requested, the Commission may refuse to construct, improve or maintain that portion of the road until a suitable right of way is provided."

WHEREAS, it is the duty of the Highway Commission to promulgate policies that are designed to give the people adequate road service and to assure the use of highway funds for maximum in construction and maintenance accomplishments

NOW THEREFORE IT IS ORDERED that the Director be and is hereby instructed to inform the proper officials of the County Judges Association that the Commission will not deviate from policies that it believes to be in the best interests of expeditious accomplishment of the road service desired by the people and to respectfully urge the cooperation of the County Judges in the program of the Commission.

126 Director is authorized to request concurrence of the Bureau of Public Roads for the route of Highway 66 between Oxley and Alco in Searcy and Stone Counties as extending easterly from Oxley south of Harness Mountain to Harness, thence northerly to intersection with presently designated route west of Alco, thence along presently designated route to Alco.

127 The Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening of the following highway sections at the estimated costs shown:

<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Length</u> <u>M</u> <u>i.</u>	<u>Estimated</u> <u>Cost</u>
Pulaski	U. S. 67	From junction U.S. 67 E&W to Lonoke County Line	11.5	\$500,000.

<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Length</u> <u>M</u> <u>i.</u>	<u>Estimated</u> <u>Cost</u>
---------------	----------------	---------------	--	---------------------------------

Lonoke & White	U. S. 67	From Pulaski County Line to McRae (Sections)	10.0	\$300,000.
Jackson	U. S. 67	From Olyphant to Hwy. 14	7.8	\$400,000.
Conway	U. S. 64	From Morrilton to Pope Co. Line	8.5	\$400,000.
Monroe & St. Francis	U. S. 70	From west of Brinkley to east of Palestine (Sections)	10.6	\$500,000.
Nevada	U. S. 67	From Prescott to Little Missouri River	8.0	\$350,000.
Hot Spring	U. S. 67	From Highway 7 to Donaldson	11.0	\$500,000.

The order is conditioned upon program approval of the items by the Bureau of Public Roads.

128 In FULTON and SHARP COUNTIES on U. S. HIGHWAY 63 from Hardy north 8.7 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, Structures and surfacing at an estimated cost of \$523,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way free of obstructions, will be furnished free of cost to the State.
3. The action is automatically withdrawn if not accepted by the Fulton and Sharp County Courts within 60 days.

129 In UNION COUNTY on U. S. HIGHWAY 82 from El Dorado west to the Columbia County line and from El Dorado East to junction with Highway 129, the Director is authorized to proceed in the most feasible and economical manner with the work of bridge construction at an estimated cost of \$327,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Court of Union County within 60 days.

130 In LAWRENCE COUNTY on HIGHWAY 25 from Walnut Ridge to the Greene County line, a distance of approximately 8.3 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of completing construction at an estimated cost of \$290,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by

the County Court of Lawrence County within 60 days.

131 In MISSISSIPPI COUNTY on HIGHWAY 18 at Blytheville from end of present improvement one mile west of the city to end of Main Street a distance of approximately 2.0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$190,000. The action is conditioned on the following:

1. Program approval by the Bureau of Public Roads.
2. All required right of way free of obstructions will be furnished free of cost to the State.
3. Acceptance of the provisions of the order by proper officials of the City of Blytheville and Mississippi County within 60 days.

132 In ASHLEY COUNTY on U. S. HIGHWAY 82 from Crossett to Hamburg, a distance of approximately 14.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$272,300.

This order is conditioned upon all required right of way, free of obstructions, being furnished free of cost to the State.

133 In JEFFERSON COUNTY on U. S. HIGHWAY 79 from Pine Bluff south 6.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening pavement at an estimated cost of \$146,400. This action is subject to program approval by the Bureau of Public Roads.

134 In POINSETT COUNTY on HIGHWAY 1 from the Cross County line to Harrisburg, a distance of approximately 7.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing, grading, structures and surfacing at an estimated cost of \$564,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action is automatically withdrawn if not accepted by the Poinsett County Court within 60 days.

135 In BRADLEY AND CALHOUN COUNTIES on STATE HIGHWAY 4 from Harrell to Warren, the Director is authorized to proceed in the most feasible and economical manner with reconstruction of five bridges at an estimated cost of \$343,000. This action is subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way for subsequent construction from Harrell to Banks, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Courts of Bradley and Calhoun Counties within 60 days.

136 In GRANT COUNTY on U. S. HIGHWAY 270 at the crossing of the Saline River between Poyen and Prattsville, a distance of approximately 5 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, drainage structures and surfacing at an estimated cost of \$946,000., subject to the following:

1. Program approval by the Bureau of Public Roads,
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Court of Grant County within 60 days.

137 In RANDOLPH COUNTY on HIGHWAY 115 within the limits of construction Job 10437, the Director is authorized to proceed in the the most feasible and economical manner with the work of constructing ing bridges at Parker and Hagood Creeks to replace timber structures at an estimated cost of \$30,000.

138 In MISSISSIPPI COUNTY on HIGHWAY 77 from Highway 18 at Manila west to end of FAS 317 (Rev.) a distance of approximately 0.6 miles, the Director is authorized to proceed in the most feasible and economical manner with the construction of grading, structures and surfacing at an estimated cost of \$12,000.

 This order is conditioned upon all required right of way, free of obstructions, being furnished free of cost to the State.

139 In ASHLEY COUNTY on HIGHWAY 81 from U S. Highway 82 to the Louisiana State Line, a distance of approximately 11.9 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$636,400. The action is subject to the following conditions:

1. Program approval by the Bureau of Public Roads.
2. All required right of way, free of obstructions, will be furnished free of cost to the State.
3. Acceptance of the provisions of the order by the County Court of Ashley County within 60 days.

140 In ST. FRANCIS COUNTY on U. S HIGHWAY 70 the work previously authorized for new construction from Brinkley east 8 miles (Job 11399) is hereby modified to provide for widening and strengthening of pavement of existing route within these limits at an estimated cost an \$600,000.

 This action is subject to program approval by the Bureau of Public Roads.

141 In CALHOUN and DALLAS COUNTIES on U. S. HIGHWAYS 79 and 167 from Thornton to Fordyce, a distance of approximately 8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening at an estimated cost of \$300,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Courts of Calhoun and Dallas Counties within 60 days.

142 Effective July 1, 1953, the Director is hereby authorized to utilize the titles of Administrative Assistant and Engineer Traffic and Safety at salaries not to exceed \$5,800.00 per annum each. The salaries are to be paid from vacant positions of the approved salary budget or from funds approved for extra help.

143 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 3:40 P. M., June 26, 1953.

I, V. E. Scott, Secretary to the Arkansas State Highway Commission, hereby certify that the above and foregoing is a true and correct record of all proceedings taken by the Arkansas State Highway Commission at its Ninth Regular Meeting which was held at Little Rock, Arkansas on June 25 & 26, 1953.

V. E. Scott, Secretary

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
July 29, 1953

The following is the record of the proceedings of the Tenth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on July 29, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

- 144 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., July 29, 1953.

The next order of business was the receipt of bids on various road and bridge projects. See Minute Orders No. 160 to No. 168, inclusive, for the record of the awards.

- 145 In CRAIGHEAD and POINSETT COUNTIES Minute Orders 74 and 78 dated May 21, 1953, tendering offers to the Counties for construction of HIGHWAY 143 from near Caraway to Beasley are hereby modified to extend the time limit for acceptance an additional 30 days. This action is taken due to misunderstanding of requirements and in deference to the large number of citizens desiring the road improvement.

- 146 IT IS ORDERED that the actions of the Purchasing Committee, pursuant to authority heretofore conveyed in making awards of purchases on June 23rd, 25th, 30th, July 6th, 9th and 15th all as documented by official minutes which have been prepared by the Administrative Assistant and which are of record in the files of the Commission and the office of the Director of Equipment and Procurement, be hereby ratified and confirmed in all particulars.

- 147 The Director is hereby authorized to extend Resident Engineer policy transfer allowance to assignment of Acting District Engineer Walter E. Hicks, made effective July 22, 1953.

- 148 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job No.</u>	<u>FAP</u>	<u>F.C.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>
11425		3	Patterson-South & McCrory-North Rd.	D.F. Jones Const. Co.	\$20.00
4276	F-441(6)	3	Mena-Acorn Road	Reynolds & Williams	\$345.00
10430	S-317(3)	1	Manila-South Sufacing	Ben M. Hogan and Company	\$368.00

149 The Director of Highways is hereby authorized to pay the annual membership dues of the Arkansas State Highway Department for the calendar year 1953 in amount of \$200 to the Southeastern Association of State Highway Officials.

150 There is hereby appropriated from the current Highway Construction Appropriation the sum of \$622,380.00 for construction of the following listed projects on which contract awards were made by Minute Orders 117 through 121 at the regular meeting of the Commission on June 25 and 26, 1953.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
2435	State	65	Jefferson	\$47,090.00
5396	F-344(7)			
	F-295(2)	63	Sharp	\$69,550.00
9332	S-167(1)	12	Benton	\$153,860.00
10458	F-455(9)	63	Lawrence	\$92,370.00
10460	F-238(4)	62	Clay	<u>\$259,510.00</u>
			Total	\$622,380.00

151 In MISSISSIPPI COUNTY the route of STATE HIGHWAY 77 is hereby modified, subject to concurrence of the Bureau of Public Roads, to extend westerly from its intersection of Highway 14 along Highway 14, a distance of approximately 4.0 miles, to intersection with county road; thence south along county road, a distance of approximately 5 0 miles, to inter-section with presently approved route.

152 The Director is authorized to proceed in the most feasible and economical manner with the work of widening Woodlane Street in the City of Little Rock as directed in Section 1 of Act 376 of the 1953 General Assembly and at a cost of not to exceed the appropriated amount of \$25,000.

153 In PRAIRIE COUNTY on STATE HIGHWAY 38 the Director is authorized to proceed in the most feasible and economical manner with the installation of traffic signal lights for the White River bridge at Des Arc at an estimated cost of \$3,000.

154 Minute Order No. 130, dated June 26, 1953, that provides for

construction on HIGHWAY 25 in LAWRENCE COUNTY from Walnut Ridge to the Greene County Line, a distance of 8.3 miles, is hereby modified to show the limits as being from Walnut Ridge to 1.71 miles east of the Greene County line, a distance of approximately 10.0 miles,, and to include GREENE COUNTY for fulfillment of conditions of right of way and acceptance.

155 WHEREAS, in Crittenden County an agreement between the County and the State provides for the removal of steel from the road-way sections of the Harahan Bridge across the Mississippi River with the proceeds of sale to be shared equally by the County and State, and

 WHEREAS, Crittenden County has at its own expense defended litigation against the removal of the bridge roadway sections, and

 WHEREAS, the County has requested state assistance in legal costs in connection with the litigation, and

 WHEREAS, the State recognizes the merit of the request of the County and is willing to modify the agreement to provide for costs of litigation

 NOW THEREFORE it is ordered that the Director be and is hereby authorized to proceed with modification of the agreement to provide for litigation costs as follows:

 Upon proper presentations from the County the State will bear one-half the cost of litigation incurred by the County not to exceed a cash payment by the State of \$3,500.00.

 Litigation costs in excess of the sum of \$7,000.00 will be borne by the County and deducted from the proceeds of sale of the steel and paid to the County and that the remainder of the proceeds of sale of steel be shared equally by the State and the County.

156 WHEREAS, Highway 62 is routed through and around the public square of Berryville, and

 WHEREAS, There exists congestion and friction between local vehicles and a heavy amount of through highway traffic, and

 WHEREAS, The Mayor of the City of Berryville has proposed that a section of the Park be utilized by the State to effect more efficient facilities for the movement of highway traffic through the City,

 NOW BE IT ORDERED, That the Director of Highways through the most feasible means proceed with such negotiations with the City as necessary and cause to be constructed improved facilities through the City Square for the improvement of highway traffic, conditioned upon the City saving the Department harmless in all

property damage and right of way costs if such might be involved.

157 WHEREAS, The first stage of improving Highway 90 between Rector and Boydsville for a distance of 8.8 miles has been completed, and

WHEREAS, This work consists of grading and flexible base course, and

WHEREAS, The work yet to be accomplished includes bituminous surfacing and the construction of a 76 foot bridge, and

WHEREAS, The sight distances involved are in the opinion of the Department adequate for the traffic demand yet they do not meet the minimum requirements for Federal Aid participation, and

WHEREAS, The correction of the sight distances would require heavy expenditures in grading,

THEREFORE BE IT RESOLVED, That the project be completed and be financed wholly with State Construction Funds in the amount of \$125,000.

158 WHEREAS, in MILLER COUNTY on U. S. HIGHWAY 67 from Paup's Spur to Texarkana the work of constructing grading, structures and surfacing, previously programmed and not under contract, is desired for early construction by the proper officials and citizenship of the area, and

WHEREAS, the Department is responsible for right of way acquisitions since the work was programmed long before the adoption of policies by the present Highway Commission, and

WHEREAS, right of way for the proposed construction has not been obtained and construction cannot be started until the right of way is obtained, free of obstructions, and

WHEREAS, the proper officials of Miller County have offered assistance in acquiring obstruction free right of way in order that the starting of construction can be expedited

NOW THEREFORE it is ordered that the offer of Miller County as herein stated be accepted and the Director is authorized to proceed with measures necessary to fulfillment.

Provided that Miller County will:

1. Handle the procurement of obstruction free right of way in cooperation with the Department and according to procedures

- necessary for Federal Aid reimbursement to the State.
2. At its own expense provide for right of way free of obstructions in excess of the amount of \$157,000.00, which is the State's appraisal of the cost of needed rights of way, free of obstructions,

The Arkansas Highway Department will:

1. Provide funds for payment of actual cost of right of way procurement, free of obstructions, not to exceed the sum of \$157,000.00, which is the State's appraisal of needed right of way free of obstructions,
2. Request bids for construction when obstruction free right of way is available.

159 WHEREAS, In the preparation of plans for reconstruction of bridges on Highway 14 through the Cache Bottom it developed that traffic would have to be detoured since bridges are to occupy the present locations, and

WHEREAS, Traffic would be detoured around the new bridge site or around other highways in the area, and

WHEREAS, Highway 37 to Grubbs would be a logical detour for Highway 14 traffic, and

WHEREAS, There are bridges on Highway 37 that are in critical condition and could not carry the traffic, and

WHEREAS, It is estimated that these bridges can be replaced for the same money as would be spent for temporary detour bridges on Highway 14 and still be a permanent improvement to the Highway System,

NOW THEREFORE BE IT ORDERED, That the Director proceed in the most economical and feasible manner to replace the bridges on Highway 37 in order that the road may be used for a detour for highway traffic while the new bridges across Cache Bottom on Highway 14 are being constructed, and that \$50,000 be allotted for this purpose.

The regular business session was recessed at 12:30 P.M. Between the hours of 1:30 P. M. and 4:30 P. M. the Commission heard various delegations in the auditorium of the Game and Fish Commission Building. See Hearing Docket for details concerning the delegations present, improvements desired and related data.

Following this phase of the proceedings the Commission reconvened in the Director's Office for the conduct of regular business. The following is the record of the proceedings taken.

- 160 Lee and Monroe Counties, Job No. 11447, FAP F-477(1). The contract for the construction of 13.297 miles of gravel base and dense graded asphaltic hot mix surface course on the Monroe-East & West Surfacing, U. S. Highway 79, Sections 14 & 15, is awarded to the Southeast Construction Company, Inc., Pine Bluff, Arkansas, on their low bid of \$322,783.00 subject to the concurrence of the Bureau of Public Roads.
- 161 Lincoln County, Job No. 2437, FAP S-126(3). The contract for the construction of one 322.00 ft. R. C. & Structural Steel I-Beam Bridge over Bayou Bartholomew on the Star City-Fresno Road, State Highway 11, Section 3, is awarded to R. H. Davis, Stamps, Arkansas, on his low bid of \$62,117.90 subject to the concurrence of the Bureau of Public Roads.
- 162 Jackson County, Job No. 5356, FAP S-296(6). The contract for the construction of four, 1178.32 feet, R.C. & Structural Steel I-Beam Bridges and 0.591 miles of RMSC (DG) Approaches on the Amagon-West Road, State Highway 14, Section 12, is awarded to S. M. Dixon, Warren, Arkansas, on his low bid of \$212,942.66 subject to the concurrence of the Bureau of Public Roads and to acquisition of right of way.
- 163 Dallas County, Job No, 7422, F-277(9). The contract for the widening of five, 530.00 ft., R. C. Bridges to 28 ft. on the Fordyce-North Road, U. S. Highway 167, Section 7, is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$61,182.41 subject to the concurrence of the Bureau of Public Roads,
- 164 Newton County, Job No. 9279, FAP S-153(2). The contract for the construction of 10.093 miles grading, minor drainage structures & crushed limestone base on the Jasper-South Road, State Highway 7, Section 18, is awarded to M. E. Gillioz of Monette, Missouri on his low bid of \$296,726.71 subject to the concurrence of the Bureau of Public Roads.
- 165 Craighead and Poinsett Counties, Job No 10459, FAP S-205(1). The contract for the construction of 4.352 miles gravel base and bituminous surface course R.M.S.C. (DG) on State Highway 1, Sections 16 & 17, is awarded to Ellis & Koonce of Fort Smith on their low bid of \$43,651.85 subject to the concurrence of the Bureau of Public Roads.
- 166 Lawrence County, Job No. 10462, FAP F-455(10). The contract for the construction of one R.C.D.G. Bridge and widening of four R.C.D.G. Bridges on the Imboden-Black Rock Road, U. S Highway 63, Section 3, is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$44,928.40 subject to the concurrence of the Bureau of Public Roads.

- 167 Mississippi County, Job No. 10464. The contract for the construction of 0.687 miles grading, minor drainage structures, gravel base and Class "A" DBST on the Manila-Connection, State Highway 77, Section 2, is awarded to the Mississippi Valley Contr. Co., Inc. of Paragould on their low bid of \$14,393.75 subject to the furnishing of right of way free of obstructions by the City of Manila as provided in Minute Order 138.
- 168 Randolph County, Job No. 10465. The contract for the construction of two precast slab bridges, 152.0 ft., over Parker and Haygood Creeks on State Highway 115, Section 1, is awarded to the D. F. Jones Construction Company of Little Rock on their low bid of \$28,460.10.
- 169 In POINSETT COUNTY on HIGHWAY 1 from the Cross County Line to Harrisburg, the offer of the Highway Commission to Poinsett County for improvement of Highway 1, made by Minute Order 134 dated June 26, 1953, if not accepted by Poinsett County within the time given in the order is hereby extended to the City of Harrisburg and upon receipt of a certified copy of order of the City of Harrisburg accepting the provisions of Order No. 134, the Director is authorized to proceed with Surveys, Plans and all work necessary for receipt of bids for construction.
- 170 In POINSETT COUNTY on HIGHWAY 143 from Beasley to the Craighead County Line, the offer of the Commission to Poinsett County for improvement of Highway 143 in accordance with Minute Orders No. 74 and 78 dated May 21, 1953, if not accepted within the time allowances granted by the Minute Orders are hereby extended to the City of Lepanto, and upon receipt of a certified copy of order of the City of Lepanto accepting the provisions of the orders as extended to Poinsett County, the Director will proceed with Surveys investigations, Plans and other work necessary to receipt of bids for construction.
- 171 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 5:30 P. M., July 29, 1953.

This is to certify that the above and foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its 10th Regular Meeting in Little Rock, Arkansas on July 29, 1953.

V. E. Scott
7 Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
August 25-28, 1953

The following is the record of the proceedings of the Eleventh Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on August 25, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

172 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., August 25, 1953.

173 The following Supplemental Agreements have been examined by the Commission and are hereby approved. The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job No.</u>	<u>FAP</u>	<u>F.C.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>Increase in Project Cost</u>
6316	FI-522(1)	5	Little Rock-Saline County Line Road	Reynolds & Williams	\$173.25	\$173.25
6440	S-985(1)	2	Benton-Alorco Plant Rd.	D.B. Hill Contractor	\$19297.65	None
10407	F-100(8)	3	Wilson-Osceola	S.J. Cohen	\$1450.00	\$1050.00

174 IT IS ORDERED that the actions of the Purchasing Committee, pursuant to authority heretofore conveyed in making awards of purchases on July 21st, 23rd and August 4th all as documented by official minutes which have been prepared by the Administrative Assistant and which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement, be hereby ratified and confirmed in all particulars.

175 WHEREAS, The abandonment and relocation of portions of State Highway Nos. 14 and 43 have been necessitated by the construction of the Bull Shoals Reservoir, and

WHEREAS, those portions of the right of way of State Highway

Nos. 14 and 43 have been abandoned and relocated under Contract DA-03-050-eng-650 dated November 30, 1951, between the United States of America, the adjoining landowner to said portions, and the Arkansas State Highway Commission,

NOW, THEREFORE, BE IT RESOLVED that the Chairman of the Arkansas State Highway Commission be and he is hereby authorized to execute a quitclaim deed to the United States of America for those portions of the right of way of State Highway Nos. 14 and 43 that have been abandoned and relocated.

- 176 There is hereby appropriated from the current Highway Construction Appropriation the sum of \$1,195,850.00 for construction of the following listed projects on which contract awards were made by Minute Orders 160 through 168 at the regular meeting of the Commission on July 29, 1953.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
11447	F-477(1)	79	Monroe & Lee	\$355,050.00
2437	S-126(3)	11	Lincoln	\$68,320.00
5356	S-296(6)	14	Jackson	\$234,250.00
7422	F-277(9)	167	Dallas	\$67,300.00
9279	S-153(2)	7	Newton	\$326,390.00
10459	S-205(1)	1	Poinsett & Craighead	\$48,010.00
10462	F-455(10)	63	Lawrence	\$49,400.00
10464	State	77	Mississippi	\$15,830.00
10465	State	115	Randolph	<u>\$31,300.00</u>
		Total		\$1,195,850.00

- 177 Commission Order No. 67 dated May 21, 1953, extending an offer to Faulkner and Pulaski Counties for the construction of a road from near Gravel Ridge to Vilonia is hereby modified to extend the time for acceptance an additional 60 days. This action is taken at the request of the County Judge of Faulkner County.
- 178 Minute Order No. 68 dated May 21, 1953, tendering an offer to the proper officials of Benton and Washington Counties and to the Cities of Fayetteville, Springdale and Rogers for the improvement of U. S. Highway 71 is hereby modified to extend the time for acceptance an additional 60 days. This action is taken at the request of the County Judge of Benton County and the Mayors of Springdale, Rogers and Fayetteville.
- 179 Commission Order No. 136 dated June 26, 1953, extending an offer to Grant County for construction of Saline River crossing between Poyen and Prattsville is hereby modified to extend the time for acceptance an additional 30 days. This action is taken at the request of the County Judge of Grant County.
- 180 Commission Order No. 69 dated May 21, 1953, extending an offer to Garland and Saline Counties and the Cities of Hot Springs and

Benton for the construction of a controlled access highway from Benton to Hot Springs is hereby modified to extend the time for acceptance an additional 60 days. This action is taken at the request of the County Judge of Saline County.

181 Minute Order No. 139 dated June 26, 1953, tendering an offer to Ashley County for the improvement of Highway 81 from U. S. Highway 82 to the Louisiana State Line is hereby modified to extend the time for county acceptance an additional 30 days. This action is taken at the request of the County Judge of Ashley County.

182 WHEREAS, in JEFFERSON COUNTY on U. S. HIGHWAY 65 at the site of the district headquarters the Harding Drain Improvement District proposes the improvement of the Harding Drain which will require an easement for approximately 1/25 acre from the district headquarters grounds and will require the removal and replacement of a section of the headquarters grounds fence and,

WHEREAS, the Harding Drain Improvement District agrees to remove and replace the fence section at its entire expense and,

WHEREAS, the Harding Drain Improvoment is considered in the public interest,

NOW THEREFORE it is hereby ordered that the proposal of the Harding Drain Improvement District be accepted on the following conditions:

1. Construction activity of the Harding Drain Improvement District in the vicinity of the District headquarters will be carried out in a manner as will not interfere with the operations of the district headquarters and that all work performed shall be done in a manner that will not cause damage now or in the future to the buildings and properties of the district headquarters site.
2. The removal and re-construction of fence shall be done in a manner as will meet with the entire satisfaction of the Acting District Engineer of the Highway Department at Pine Bluff.
3. Easement for land needed from the Department for the proposed improvement (approximately 1/25 acre) will be executed if necessary.

183 WHEREAS, the City of Pine Bluff has requested the installation of automatic signal lights at the grade crossing of the St. Louis Southwestern Railway and Highway 79 on Mulberry Street in Pine Bluff, and

WHEREAS, investigation of the crossing indicates a very high hazard rating, and

WHEREAS, the Railroad Company also has requested the in-

stallation and agreed to participate in the cost to the usual ten percent,

THEREFORE, it is ordered that the Director proceed with the signal installation, subject to approval of the Bureau of Public Roads, at an estimated cost of \$10,000.

184 The Right of Way Division is authorized to advertise for sale the residue of the O. H. Walker property lying outside the right of way immediately East of the Town of Alma. This includes approximately .7 of an acre of land together with a one story frame dwelling containing five rooms, a chicken house, smoke house and a storm cellar.

185 WHEREAS, Certain junk and scrap materials have accumulated and are located at the Jacksonville Shop, and

WHEREAS, This material and equipment is of no use or value to the Department other than to sell as junk or obsolete equipment,

NOW THEREFORE BE IT ORDERED, That the following items be advertised for sale,

1480	Junk Batteries
85	Junk Automobile and Truck Radiators
5161	Junk Tires - Various Sizes
450	Tons of Scrap Iron
16	Junk Trucks
21	Pieces Miscellaneous Major and Minor Equipment

186 WHEREAS, It is necessary that the Highway Department obtain at this time 160 new motor vehicles of the sedan delivery, pick-up truck and station wagon classification in order to transport such personnel as is necessary to properly maintain and construct the highway system,

NOW THEREFORE BE IT ORDERED, That the Director proceed through the proper channels with the acquiring of the vehicles at an estimated cost to the state of approximately \$200,000.

The equipment to be purchased as follows:

28	Sedan Delivery Trucks Cost approximately	\$42,000.00
	Trade-in 28 automobiles - Trade-in value approx.	<u>\$ 7,000.00</u>
	Approximate Cost less trade-ins	\$35,000.00

For the use of the Division of Statistics and Analyses, District Mechanics and Materials Inspectors.

52	1/2 Ton Pick-up Trucks	Cost Approximately	\$72,800.00
	Trade-in	26 automobiles 1946 to 1950 models	
		14 pick-up trucks 1934 to 1947 models	

6 carryall trucks 1941 to 1947 models
6 canopy trucks 1937 to 1941 models

Trade-in value on 52 vehicles approximately \$ 8,420.00
\$64,380.00

For the use of Maintenance Foremen, Materials Inspectors and one for the Jacksonville Shop.

40 Station Wagons Cost approximately \$61,000.00
Trade-in 40 automobiles - 1946 to 1949 models
Approximate Trade-in value on 40 automobiles \$16,000.00
Approximate cost less trade-ins \$45,000.00

For the use of Construction Engineering Parties and to replace 40 high mileage automobiles which are not efficient for construction party use.

40 Station Wagons Cost approximately \$61,000.00
Trade-in 16 Carryall Trucks and
24 Station Wagons - 1946 to 1949 models
Trade-in value on 40 vehicles approximately \$15,200.00
Approximate cost less trade-ins \$45,800.00

For Construction Engineering Parties, one for the Sign and Stripe Section, and one for the Jacksonville Shop, to replace high mileage station wagons in service.

- 187 The Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening of the following highway sections at the estimated costs shown:

<u>County</u>	<u>Highway</u>	<u>Limits</u>	<u>Length</u> <u>M</u> <u>i.</u>	<u>Estimated</u> <u>Cost</u>
Phillips & Lee	State 1	Walnut Corner to Marianna	15.4	\$462,000.
Lonoke	U. S. 70	Pulaski County Line to Carlisle	16.4	\$820,000.
Franklin & Johns on	U. S. 64	Altus to Clarksville	6.0	\$270,000.

The order is conditioned upon program approval of the items by the Bureau of Public Roads.

- 188 In SHARP COUNTY on STATE HIGHWAY 11 from Evening Shade to Junction Highway 62, 13.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$402,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action is automatically withdrawn if not accepted by the Sharp County Court within 60 days.

189 In SHARP COUNTY on U. S. HIGHWAY 62, the Director is authorized to proceed in the most feasible and economical manner with the construction of Spring River Bridge, Railroad Overpass and Approaches at an estimated cost of \$400,00., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action is automatically withdrawn if not accepted by the Sharp County Court within 60 days.

190 In PIKE COUNTY on U. S. HIGHWAY 70 from New Hope to Daisy, 7.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing grading, structures and surfacing at an estimated cost of \$191,600., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action is automatically withdrawn if not accepted by Pike County Court within 60 days.

191 WHEREAS, in CARROLL and MADISON COUNTIES the route of STATE HIGHWAY 68 from Marble to Dryfork, a distance of approximately 6.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within reasonable period of time and without cost to the State.

NOW THEREFORE the Director is hereby instructed to tender the following tentative offer to the proper officials of Carroll and Madison Counties.

Provided that Carroll and Madison Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced, Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of certified copy of order of the County Court of Carroll and Madison Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

192

WHEREAS, in NEVADA and HEMPSTEAD COUNTIES the route of STATE HIGHWAY 24 from west of Prescott to Blevins, a distance of approximately 9.1 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Nevada and Hempstead Counties.

Provided that Nevada and Hempstead Counties will:

1. Furnish all required right of way free of cost to the State.
The right of way is to be free of obstructions and fenced.
Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Nevada and Hempstead Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

193

WHEREAS, in HOWARD COUNTY the route of STATE HIGHWAY 55 from Mineral Springs to Saratoga, a distance of approximately 9.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE the Director is hereby instructed to tender the following tentative offer to the proper officials of Howard County.

Provided that Howard County will:

1. Furnish all required right of way free of cost to the State.
The right of way is to be free of obstructions and fenced.
Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Howard County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

194

WHEREAS, in OUACHITA, COLUMBIA and UNION COUNTIES the route of STATE HIGHWAY 57 from Stephens to Mt. Holly, a distance of approximately 10.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE the Director is hereby instructed to tender the following tentative offer to the proper officials of Ouachita, Columbia and Union Counties.

Provided that Ouachita, Columbia and Union Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Ouachita, Columbia and Union Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

195 WHEREAS, in BAXTER COUNTY the route of STATE HIGHWAY 5 from Norfolk to Izard County Line, a distance of approximately 6.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials Of Baxter County.

Provided that Baxter County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Baxter County accepting the provisions of this offer, the Director will proceed with all surveys investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

196 WHEREAS, in GARLAND COUNTY the route of STATE HIGHWAY 7 from
Jessieville to Short Mountain, a distance of
approximately 6.0 miles, merits improvement for its present and
potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Garland County.

Provided that Garland County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Garland County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned

upon program approval by the Bureau of Public Roads.

197 WHEREAS, in NEVADA COUNTY the route of STATE HIGHWAY 19 from Rosston to Columbia County Line, a distance of approximately 10.8 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Nevada County.

Provided that Nevada County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Nevada County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

198 WHEREAS, in CLEBURNE COUNTY the route of STATE HIGHWAY 25 from north of Heber Springs to Drasco, a distance of approximately 8.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender

the following tentative offer to the proper officials of Cleburne County.

Provided that Cleburne County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Cleburne County accepting the provisions of this offer the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

199

WHEREAS, in LONOKE COUNTY the route of STATE HIGHWAY 31 from south of Lonoke to Coy, a distance of approximately 10.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the section from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Lonoke County.

Provided that Lonoke County will:

1. Furnish all required right of way free Or cost to the State. The right of way is to be free Or obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.

2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Lonoke County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

200 WHEREAS, in WASHINGTON COUNTY the route of STATE HIGHWAY 59 from Crawford County Line to Junction U. S. 62, a distance of approximately 16.3 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Washington County.

Provided that Washington County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Washington County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

201

WHEREAS, in GREENE and CLAY COUNTIES the route of STATE HIGHWAY 1-w from Stonewall to Junction U. S. 62, a distance of approximately 12.0 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Greene and Clay Counties.

Provided that Greene and Clay Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Greene and Clay Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

202

WHEREAS, in GREENE COUNTY the route of STATE HIGHWAY 90 from Okean to Delaplaine, a distance of approximately 7.3 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Greene County.

Provided that Greene County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Greene County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

203

In LONOKE COUNTY on STATE HIGHWAY 13 from Carlisle to Humnoke, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridges at an estimated cost of \$110,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Court of Lonoke County within 60 days.

204

WHEREAS, in CLEBURNE & INDEPENDENCE COUNTIES the route of STATE HIGHWAY 25 from Concord-Locust Grove, a distance of approximately 8.6 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Cleburne & Independence Counties.

Provided that Cleburne & Independence Counties will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Cleburne & Independence Counties accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

- 205 In CLEBURNE COUNTY on HIGHWAY 16 at the crossing of Little Red River near Edgemont, the Director is authorized to proceed in the most feasible and economical manner with the construction of bridge and approaches at an estimated cost of \$150,000.00.

This action is conditioned on all required right of way, free of obstructions, being furnished by Cleburne County free of cost to the State and to program approval by the Bureau of Public Roads.

- 206 In PERRY COUNTY on STATE HIGHWAY 9 at the crossing of Maumelle Creek, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing bridges and approaches at an estimated cost of \$50,000., subject to the following:

1. Program approval by the Bureau of Public Roads.
2. That all required right of way, free of obstructions, will be furnished free of cost to the State.
3. The action will be automatically withdrawn if not accepted by the County Court of Perry County within 60 days.

- 207 WHEREAS, in NEVADA COUNTY the route of STATE HIGHWAY 4 from the Hempstead County Line to Rosston, a distance of approximately 12.8 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for

the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Nevada County.

Provided that Nevada County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Nevada County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

208

WHEREAS, in PRAIRIE COUNTY the route of STATE HIGHWAY 11 from Des Arc to White County Line, a distance of approximately 11.5 miles, merits improvement for its present and potential traffic volume, and

WHEREAS, it is the desire of the Commission to improve the sections from currently available revenues provided rights of way for the improvement can be made available within a reasonable period of time and without cost to the State.

NOW THEREFORE, the Director is hereby instructed to tender the following tentative offer to the proper officials of Prairie County.

Provided that Prairie County will:

1. Furnish all required right of way free of cost to the State. The right of way is to be free of obstructions and fenced. Utility adjustments are considered as a part of right of way clearances and are to be made without cost to the State.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to furnish right of way information to the county considered essential to procurement.
2. Provide for construction of a two lane dustless road.
3. Maintain the road upon completion of construction.

Upon receipt of a certified copy of order of the County Court of Prairie County accepting the provisions of this offer, the Director will proceed with all surveys, investigations, plans and other work necessary to receipt of bids for construction.

If acceptance is not received within sixty days from date of this order the offer is automatically withdrawn. This action is conditioned upon program approval by the Bureau of Public Roads.

Minute Order No. 159 dated July 29, 1953 authorizing the construction of bridges on Highway 37 in Jackson County is hereby modified to show the estimated cost as \$97,000.00.

210 WHEREAS, The traffic carried by the Norfolk ferries has reached a point, especially in the summer months, where the present facilities are overtaxed to accommodate the traffic, and

WHEREAS, By the establishment of a short section of road and another landing dock the travel distance on the 101 Route ferry can be cut from 1.3 miles to 0.5 miles and at the same time eliminate traffic congestion at the present west side ferry landing, and

WHEREAS, A steel hull tug is needed to replace one of the old wooden hull tugs,

THEREFORE BE IT ORDERED, That the Director proceed with the establishment of a new dock and rerouting of the 101 ferry together with placing the new steel hull tug in operation at an estimated cost of \$65,000. This action is contingent upon the necessary right-of-way being furnished free of cost to the Highway Department.

Recess was declared at 12:30 P. M, The afternoon session was convened at 1:30 P. M. for the purpose of hearing various delegations. See Hearing Docket for details concerning groups represented and improvements desired.

Following the conclusion of the foregoing the Commission recessed for the purpose of conducting a junket through South and Southwest Arkansas with stops scheduled at the following points: Pine Bluff, Fordyce, Camden, Prescott, Hope and Texarkana. The following proceedings were taken in the Law Offices of Arnold and Arnold at Texarkana, Arkansas, on August 28, 1953.

211 WHEREAS, by agreement with the Bailey Chevrolet Company of Cabot dated March 26, 1953, the Highway Commission received 75 automotive units in exchange for a like number of units, and the 1953 models received in the first exchange were to again be exchanged on or before June 30, 1953 for new units and,

 WHEREAS, the Bailey Chevrolet Company is unable to obtain from the factory the required number of Chevrolet units to make the exchange and has offered to substitute Ford units in lieu thereof and,

 WHEREAS, investigation by the Department shows that the Ford units will satisfactorily fulfill the requirements of the Department in the second exchange and,

 WHEREAS, the Attorney General of the State has found that the Highway Commission at its discretion can accept the substitution of Ford units in lieu of Chevrolets,

 NOW THEREFORE, it is ordered that the Director be instructed to accept Ford units in lieu of Chevrolet units for consummation of the agreement with the Bailey Chevrolet Company and to furnish federal tax exemption certificates for the units.

212 The Director is authorized to proceed with the work of cleaning and spot painting the White River Bridges at Batesville (Highway 11 and 25, Independence County) and Newport (U. S. Highway 69 and State Highway 14, Jackson County) utilizing state forces and equipment, at an estimated cost of \$21,720.00.

213 In YELL COUNTY on HIGHWAY 155 from Dardanelle to Mt. Nebo, a distance of approximately 7 miles, the Director is authorized to proceed with construction of base and surfacing at an estimated cost of \$35,000. This action is conditioned on the following:

1. That all requested right of way, free of obstructions, is furnished free of cost to the State.
2. Program approval be the Bureau of Public Roads.

214 WHEREAS, in CRITTENDEN COUNTY requests have been received from local officials and citizens for the designation and maintenance of a road from U. S. Highway 61 near Turrell to an intersection with Highway 149, a distance of approximately 12 miles, and

 WHEREAS, an analysis of the road traffic service indicates that it is of sufficient importance for inclusion in the System for State support, and

 WHEREAS, the road was previously a part of the designated

System of roads for State support

NOW THEREFORE it is ordered that the request of Crittenden County be and is hereby granted and the road designated for inclusion in the State System of secondary roads.

This action is subject to system approval by the Bureau of Public Roads.

215

WHEREAS, In UNION COUNTY on HIGHWAYS U. S. 82, U. S. 167 and STATE 7 presentations have been made by local officials and citizens for the construction of alternate routes serving the City of El Dorado and,

WHEREAS, a plan has been developed for the routes of U. S. Highway 82, 167 and State Highway 7 that would afford encirclement of the business district of El Dorado for adequacy of traffic service and which would provide for the present and future favorable development of the area and,

WHEREAS, the plan provides for widening of the present route of State Highway 7 and U. S. 167 from their junction north of El Dorado south to presently developed street section; an alternate route for State Highway 7 from near the junction of State Highway 7 and U. S. 167 north of El Dorado extending southerly to the west of El Dorado to junction with U. S. Highway 82; the relocation of U. S. Highway 82 to the south of the present route from junction proposed route of Highway 7 to junction proposed route of U. S. 167; an alternate route for U. S. Highway 167 extending along the eastern outskirts of El Dorado to junction of U. S. Highway 82 and development to controlled access standards of present route north of El Dorado connecting U. S. Highway 167 and State Highway 7 and,

WHEREAS, the proper officials and interested citizens groups have expressed cooperative interest in the planning and development of the entire plan by stages and,

WHEREAS, the proper officials have requested immediate action on the easterly section of the plan which would constitute the route of U. S. Highway 167 from a point on the present route on the highway north of the city along the eastern outskirts of the city to a connection with the present and proposed route of U. S. Highway 82 as the first unit of development and,

WHEREAS, the proposed plan for development has merit for State assistance toward furnishing adequacy of highway facilities of the area and toward relief of traffic congestion on the present route of U. S. Highway 167 and State Highway 7,

NOW THEREFORE it is ordered that the Director be and is

hereby instructed to make the following tentative offer to the proper officials of the City of El Dorado and Union County:

Provided that Union County and the City of El Dorado will:

1. Furnish all required right of way, free of obstructions and free of cost to the State. The right of way for the 167 route to be of such width as needed for a controlled access facility and will approximate 200 feet as a minimum and shall have such additional width as necessary for control of access and traffic interchanges with the understanding that property damage will be held to the minimum consistent with adequacy of traffic services and construction economy.
2. Assume responsibility for all items necessary to the completion of the facility that are not listed as being the responsibility of the State.
3. Provide devices for control of traffic as may be deemed necessary by the local government units, pending completion of construction of the ultimate facility.
4. Protect right of way for future development under the over all plan consistent with legal procedures and availability of funds.

The Arkansas Highway Department will:

1. Upon availability of right of way provide for the construction by stages of a two twelve foot lane facility on the proposed U. S. Highway 167 route that will form a part of the eventual controlled access facility.
2. In accordance with traffic requirements and availability of funds provide for the construction by stages of an additional two twelve foot lane facility to provide two traffic lanes for traffic in each direction.
3. In accordance with traffic requirements and availability of funds provide traffic interchanges and frontage routes necessary to complete the controlled access facility.
4. In the project development the State will provide structures for surface drainage and where storm sewers are required for parallel drainage the State will provide for a surface drainage width for 300 feet each side of the highway center line.
5. Maintain the facility upon completion of construction.

Upon acceptance of the provisions of this order by the proper officials of the City of El Dorado and Union County within 90 days, the Director is authorized to proceed with surveys, investigations, plans and all work necessary for receipt of bids for the first stage construction.

216 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 10 A. M. August 28, 1953.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its 11th Regular Meeting in Little Rock, Arkansas on August 25th and in Texarkana, Arkansas on August 28th, 1953.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 10 & 11, 1953

The following is the record of the proceedings of the Twelfth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on September 10, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

217 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., September 10, 1953.

218 WHEREAS, the Accounting Division reports certain items of office equipment as being obsolete and of no further value in the operations of the Highway Department, which items are here-with specifically described as follows:

- 1 - Remington Rand Bookkeeping Machine, Serial No. - 138589-23, Purchased prior to 1945. This machine is junk, has been in storage at Jacksonville Highway Shop for the last five years. With stand on casters.
- 1 - Remington Rand Bookkeeping Machine. Serial No.-YB138619-18, Purchased prior to 1945. Stored in Highway Department Vault. With stand on casters.
- 1 - Remington Rand Bookkeeping Machine. Serial No.-154480-285Y, Purchased in 1946. Stored in Highway Department Vault. With stand on casters.
- 2 - Diebold Ledger Sheet Posting Trays, for sheets 14 3/4" X 17 1/4", Mounted on stands with casters. Stored in Highway Department Vault. Purchased in 1948.
- 1 - Pitney Bowes, Postal Scale, Serial No. - 704948, Capacity 70 lbs. Purchased prior to 1945. Located in Stationery and Supply Room. and,

WHEREAS, it is the part of good business to remove from the inventory all equipment in this category,

NOW, THEREFORE, IT IS ORDERED that the Director be authorized to dispose of the foregoing items in such manner as in his

judgment will best serve the Department's interests.

219 WHEREAS, in the interest of efficiency in all phases of the work of the Department it is necessary to have information on latest developments, procedures and practices of other Departments and Agencies in the field of highway operations, and

WHEREAS, in the interest of furthering our knowledge of these matters it becomes expedient to send employees to other states for investigation of procedures and practices that may be helpful to this Department, and

WHEREAS, it is recognized that such out of the State travel for investigations and conferences, must be limited to a reasonable and prudent volume, and

WHEREAS, the procedure for out of State travel should be practical and sufficiently elastic to meet the varying conditions encountered.

NOW THEREFORE IT IS ORDERED that the Director be authorized to grant advance permission for out of State travel of employees of the Department where such travel is deemed by him to be in the best interest of the Department. Records will be maintained of authorized out of State travel. Out of State travel will not include overnight stops in border cities such as Texarkana and Memphis.

220 In MISSISSIPPI COUNTY on HIGHWAY 18 from Manila to Leachville, a distance of approximately 8.7 miles, the Director is authorized to proceed in the most economical and feasible manner with the work of constructing shoulders at an estimated cost of \$41,000.00.

221 WHEREAS, the approval of the Lewisville-South project was conditioned upon the installation of automatic signal lights at the grade crossing of the St. Louis Southwestern Railway and Highway 29 in the Town of Lewisville, and

WHEREAS, investigation of the crossing indicates an extremely high hazard rating, and

WHEREAS, the Railroad Company has concurred in the need for protecting this crossing and agreed to participate in the cost to the usual ten per cent, therefore

IT IS ORDERED, that the Director proceed with the signal installation, subject to the approval of the Bureau of Public Roads, at an estimated cost of \$5,000.

222 Supplementing Minute Order 156, IT IS HEREBY ORDERED, That \$7500 be allotted for the purpose of effecting such adjustments to the City Square of Berryville that will facilitate the movement of high-

way traffic on US 62 through that City and the Director of Highways is authorized to proceed in the most feasible and economical manner to make this adjustment.

223 WHEREAS, The existing Highway 1 south from Marianna carries approximately 2,000 vehicles per 24 hours, and

WHEREAS, Said highway within the corporate limits of Marianna consists of a 20' pavement on a 60' right-of-way, the major part of the right-of-way outside the pavement edge being taken up by V-type ditches needed for drainage, and

WHEREAS, There exists a hazardous condition at this location in that Negro students attending the Robert R. Moton High School located adjacent to the highway must walk along the edge of the traffic-way, and

WHEREAS, The roadway section as existing provides no room for sidewalk construction on the limits of the right-of-way, and

WHEREAS, Acquisition of additional right-of-way width for pedestrian traffic purposes would not be logical,

NOW THEREFORE BE IT ORDERED, That the Director be authorized to proceed in the most feasible and economical manner to place approximately 2700' of storm sewer and necessary junction boxes and stubs in the east roadway ditch thereby making available a portion of the right-of-way for the construction of a sidewalk, it being conditioned upon the City of Marianna assuming the responsibility for the building of the sidewalk and adjusting such utilities as may be required in the installation of the storm sewer, all at no cost to the State. The Commission hereby allots \$25,000 for this purpose.

224 WHEREAS, There is a need for facilities which will afford highway travel across the White River at St. Charles, Highway 1, and

WHEREAS, A high level crossing with a permanent bridge would cost approximately \$7 1/2 million, and

WHEREAS, Travel volumes at this time do not justify this expenditure, but

WHEREAS, There is need to afford a means for traffic to cross at this point to develop traffic, and

WHEREAS, The Federal Government has recognized the need and has contained in the Interior Department's Appropriation Bill of the 83rd Congress an amount of \$130,600 (minus executive order deductions) to be used in developing a combination low water and ferry crossing in co-operation with the State of Arkansas, and

WHEREAS, It is estimated that a low water crossing at elevation 155 mgl will provide 80% service for traffic, and

WHEREAS, The estimate on constructing the crossing is as follows:

Low Water Bridge at Indian Bay	\$97,460
Concrete Roadway Riprap Protected	\$248,380
Ferry Ramp and Approaches at White River	\$34,100
6 Car Ferry and Motive Power	\$17,600

THEREFORE BE IT ORDERED, That the Director proceed by the most feasible and practical means to assure the Federal Government that the proposed Federal contribution will be utilized in the construction of the project as planned; provided, that bringing the condition of Highway 1 between the end of the pavement at the Phillips County Line and Indian Bay to a gravel road standard that is adequate for the traffic demand will satisfy the terms of the Federal requirement.

ALSO IT IS ORDERED, That the Director shall have the authority to accept the contribution of the Federal Government and to proceed with the construction of the facility and to establish ferry service by whatever means he determines is to the best interest of the State; all conditioned upon the Bureau of Public Roads participating in the project with the State in that portion not financed by the Interior Department's Appropriation.

- 225 Cleveland County, Job No. 2442, FAP S-229(2). The contract for the construction of two R. C. slab bridges approximately 414 feet in length with approaches on the Pansy-Star City Road, State Highway 11, Section 1, is awarded to the S R D Company, Warren, Arkansas, on their low bid of \$2,130.75 subject to the concurrence of the Bureau of Public Roads.
- 226 Arkansas County, Job No. 2444, FAP S-77(3). The contract for the construction of 10.458 miles of grading, minor drainage structures, flexible base, including two R. C. slab bridges 225 feet in length on the Lodges Corner-DeWitt Road, State Highways 11 & 152, Sections 6 & 1, is awarded to the BucTon Construction Co., Hazen, Arkansas, on their low bid of \$244,664.49 subject to the concurrence of the Bureau of Public Roads and to acquisition of right-of-way.
- 227 Jefferson County, Job No. 2449, FAP S-129(1). The contract for the construction of one R. C. and structural steel I-Beam bridge, 227 feet in length, with Bituminous Surface approaches on the Sherrill-Highway No. 79 Road, State Highway 15, Section 8, is awarded to the Southeast Construction Co., Inc., Pine Bluff, Arkansas, on their low bid of \$66,185.83 subject to the concurrence of the Bureau of

Public Roads and to acquisition of right-of-way.

- 228 Independence & Izard Counties, Job No. 5381, FAP S-169(1). The contract for the construction of 14.158 miles of grading, minor drainage structures and crushed stone base courses on the Cushman-Sage Road, State Highway 69, Sections 1 and 2, is awarded to the Four Brothers, Inc., Sweet Home, Arkansas, on their low bid of \$162,887.54 subject to the concurrence of the Bureau of Public Roads and to acquisition of right-of-way.
- 229 Sharp County, Job No. 5397, FAP F-295(3). The contract for the widening of four R. C. bridges, approximately 311.5 feet in length, at Sugar, Cabin, Flat and Forty Island Creeks between Hardy and Williford, U. S. Highway 63, Section 2, is awarded to Forsgren Brothers, Fort Smith, Arkansas, on their low bid of \$67,431.60 subject to the concurrence of the Bureau of Public Roads.
- 230 Clay County, Job No. 10461. The contract for the construction of 8.769 miles of gravel base course and double bituminous surface treatment on the Rector-Boydsville Road, State Highway 90, Section 2, is awarded to the D. F. Jones Construction Co. Little Rock, Arkansas, on their low bid of \$55,192.90.
- 231 Randolph County, Job No. 10463. The contract for the re-flooring swing span of Current River Bridge, approximately 229 feet in length, with concrete filled steel grid floor slab, on U. S. Highway 67, Section 21, is awarded to J. H. Leveck & Son, Little Rock, Arkansas, on their low bid of \$21,899.30.
- 232 WHEREAS, the construction of the proposed Little Rock Air Force Base at Jacksonville will result in the closing of a section of State Highway 5 in the vicinity of Macon, north Pulaski County, and
- WHEREAS, a 2 1/2 mile relocation of State Highway 5 is necessary to provide for highway service and still give the necessary clearances required by the major runway of the Air Base, and
- WHEREAS, the work of relocating the highway, estimated to cost approximately \$125,000., has been duly certified as being eligible for construction with Federal Access Road Funds, and
- WHEREAS, information has been received through the Bureau of Public Roads that access funds are presently not available, and
- WHEREAS, it is understood that grading work for the bomber base will be started in the near future pending clearances of right of way, and
- WHEREAS, the Department is not in position to abandon the present route of Highway 5 until finance of the relocation is assured,

and

WHEREAS, in view of its eligibility for finance with access funds the Department has committed all available funds to other needed projects in the State

NOW THEREFORE IT IS ORDERED that the Director be and is hereby authorized to make provision for the abandonment of Highway 5 through the airbase and the Department will surrender title for right of way of the present route as soon as access funds for construction of the relocation are available or that proper assurance that funds will be made available is received.

233 WHEREAS, in PULASKI COUNTY in the City of Little Rock, the offer of the Highway Commission by Minute Order No. 124 dated June 26, 1953, for the designation of truck routes in the City of Little Rock has not been accepted by the City Council, and

WHEREAS, in open hearing before the Highway Commission September 10, 1953, Mayor Rummel pledged the cooperation of the City in the normal functions of a city for truck routes as may be designated by the Highway Commission pursuant to the provisions of Act 323 of the General Assembly of 1953

NOW THEREFORE IT IS ORDERED that the Director prepare for consideration of the Commission a proposal for truck routes that will best serve the interests of safety for truck movements through the City of Little Rock.

Recess was declared at 12:15 P. M. The afternoon session was convened at 1:30 P. M. for the purpose of hearing various delegations. See Hearing Docket for details concerning groups that appeared and improvements desired.

Following the conclusion of the Hearings the Commission recessed until 10 A. M. Friday, September 11th at which time they met in joint session with the Legislative Council and the Executive Committee of the County Judges Association.

234 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 12:30 P. M. September 11, 1953.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Twelfth Regular Meeting in Little Rock, Arkansas on September 10 and 11, 1953.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
September 30, 1953

Following a Joint meeting with the Oklahoma Highway Commission in the Goldman Hotel at Fort Smith, Arkansas on September 30, 1953, the Arkansas Commission met in its Thirteenth Regular Session with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member

235 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 11:00 A. M., September 30, 1953.

236 Pursuant to provisions of MINUTE ORDERS 124 and 233, the following through truck routes are designated in the CITY OF LITTLE ROCK, PULASKI COUNTY, effective immediately:

U S. 67-70 TRUCK ROUTE: Starting at intersection of Asher Avenue and Roosevelt Road in front of State Police Headquarters, extending along Asher Avenue northeasterly over the railroad overpass to Wright Avenue, thence along Wright Avenue easterly to intersection with Pulaski Street, thence north along Pulaski Street to an intersection with West 10th Street, thence easterly along West 10th Street to an intersection with Broadway, which is the official highway extension through the City of Little Rock. The length of this truck route is 3.0 miles.

U. S. 65 TRUCK ROUTE: Starting at the intersection of Confederate Boulevard and Roosevelt Road at the National Cemetery, thence northwesterly along Barber Street to an intersection with East 21st Street, thence westerly along 21st Street to Rock Street, thence northerly along Rock Street to an intersection with East 11th Street, thence westerly along East 11th to a junction with Broadway. The length of this truck route is 2.0 miles.

Parking is prohibited on the truck routes.

The Director is authorized to proceed with the work listed in MINUTE ORDER 124 as being the responsibility of the State.

237 In LONOKE & WHITE COUNTIES on Highway #31, Sections #3 and #4, from approximately 7 miles north of Lonoke to Beebe, a distance of approximately 12.5 miles, the Director is authorized to proceed in the most economical and feasible manner with the work of graveling at an estimated cost of \$42,657.00.

238 In WOODRUFF COUNTY on Highway #39, Section #7, from the junction of Highways #64 and #39 to Hunter, a distance of approximately 9 miles, the Director is authorized to proceed in the most economical and feasible manner with the work of graveling selected sections at an estimated cost of \$34,668.00.

239 The portion of Minute Order No. 127 dated June 25, 1953, which authorized the improvement of U. S. Highway 67 from junction of U. S. 67 E & W to the Lonoke County Line, a distance of 11 1/2 miles, at an estimated cost of \$500,000. is hereby cancelled and superseded with the following:

In Pulaski County on the present route of U. S Highway 67 from the Junction of U. S. 67 E & W north to Jacksonville, a distance of approximately six miles, the Director is authorized to proceed in the most feasible and economical manner with widening and strengthening of surface at an estimated cost of \$250,000.

240 There is hereby appropriated from the current Highway Construction Appropriation the sum of \$770,350.00 for construction of the following listed projects on which contract awards were made by Minute Orders 225 through 231 at the regular meeting of the Commission on September 10, 1953.

Projects are listed on the next page.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>
2442	S-229(2)	11	Cleveland	\$90,330.00
2444	S-77(3)	11 & 152	Arkansas	\$269,110.00
2449	S-129(1)	15	Jefferson	\$72,800.00
5381	S-169(1)	69	Independence & Izard	\$74,160.00
5397	F-295(3)	63	Sharp	\$74,160.00
10461	State	90	Clay	\$60,710.00
10463	State	67	Randolph	<u>\$24,080.00</u>
		Total		\$770,350.00

241 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 11:55 A. M., September 30, 1953.

This is certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Thirteenth Regular Meeting in Fort Smith, Arkansas on September 30, 1953.

Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
October 29 & 30, 1953

The following is the record of the proceedings of the Fourteenth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on October 29 & 30, 1953, with the following members present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Willie Lawson	Member
Dan Portis	Member
Glenn F. Wallace	Member

242 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., October 29, 1953.

243 The following Supplemental Agreements have been examined by the Commission and are hereby approved The Director is instructed to execute the agreement forms on behalf of the Commission.

<u>Job No.</u>	<u>FAP</u>	<u>F.C.</u>	<u>Job Name</u>	<u>Contractor</u>	<u>Amount</u>	<u>IncreaseIn Project Cost</u>
C-11369	S-853(2)	1	Browns-Edmondson	D.F. Jones Const. Co.	\$360.00	\$360.00
11442	F-137(14)	1	Marvell-Walnut Corner Surfacing	Ben M. Hogan and Co.	\$300.00	\$300.00

244 WHEREAS, the Purchasing Committee pursuant to authority heretofore conveyed has awarded purchases on the following dates: August 11, 18, 24, 31, September 8, 14, 21, 25, October 5, 12 and 19, all of which are documented by official minutes which have been prepared by the Administrative Assistant and which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement,

NOW, THEREFORE, IT IS ORDERED that the actions of said Purchasing Committee in effecting awards as above indicated be hereby ratified and confirmed in all particular

245 In NEWTON COUNTY on HIGHWAY 123 at the crossing of Big Creek, the Director is authorized to proceed in the most feasible and economical manner with the removal of steel spans from the old

U. S. Highway 62 White River Crossing in Carroll County to be placed at the Big Creek Crossing on piers previously constructed, and to construct approaches at an estimated cost of \$60,000.

246 In ST. FRANCIS COUNTY on HIGHWAY 70, Section 19, east of Forrest City, the Director is authorized to proceed in the most feasible and economical manner with replacing the present timber deck on the St. Francis River Bridge (232 Lin.Ft.) with a steel and concrete deck at an estimated cost of \$34,400.00.

247 WHEREAS, In PULASKI COUNTY Minute Order No 232 dated September 10, 1953 authorized the Director to make provision for the abandonment of HIGHWAY 5 through the proposed Air Base in the vicinity of Jacksonville, and

WHEREAS, in the furtherance of the Corps of Engineers plans to initiate action looking to the early award of contracts for the construction of said base it becomes necessary to grant right of entry to right-of-way on Highway 5 through the affected area,

NOW, THEREFORE, IT IS ORDERED that the Director's action in executing "Construction, Survey & Exploration Permit" dated October 8, 1953, a copy of which is hereto attached and made a part of this Minute Order, be and is hereby ratified and confirmed.

248 In GRANT COUNTY on U. S. HIGHWAY 270 from Poyen to Prattsville, Commission Order No. 167 extending an offer for construction of the Saline River Bridges and modified by Order No. 179 is hereby further modified to extend the time for acceptance until December 3, 1953.

249 Commission Minute Order No. 191 dated August 25, 1953 which extended an offer to CARROLL AND MADISON COUNTIES for the construction of 6 miles of HIGHWAY 68 from Marble to Dryfork is hereby modified to extend the time of acceptance an additional 30 days. This action is taken at the request of County Judge W. H. Hankins of Madison County with Judge Arthur Carter of Carroll County concurring.

250 In BRADLEY and CALHOUN COUNTIES Minute Order 135 providing for construction on HIGHWAY 4 from Banks to Harrell is hereby modified to extend the time for acceptance until December 3, 1953.

251 Commission Order No 201 dated August 25, 1953 which extended an offer to GREENE AND CLAY COUNTIES for the improvement of STATE HIGHWAY I-W from Stonewall to the Junction of U S. 62 is hereby modified to extend the time of acceptance an additional 30 days. This action is taken at the request of C. E. Crossland, Jr., et. al. of Paragould.

252 Commission Order No. 195, dated August 25, 1953, which extended an offer to BAXTER COUNTY for the construction of 6.5 miles of dustless two lane surfacing on HIGHWAY 5 between Norfolk and the Izard County Line, is hereby modified to extend the date for acceptance an additional 60 days This action is taken at the request of County Judge Isaac W Thomas of Baxter County.

253 Commission Order No. 130 dated June 25, 1953 extending an offer to LAWRENCE COUNTY for the improvement for STATE HIGHWAY 25 from Walnut Ridge east to the Greene County Line is hereby modified so as to extend the date of acceptance an additional 90 days. This action is taken in compliance with the request of C. E. Crossland, Jr., et. al. of Paragould.

254 In BOONE COUNTY on HIGHWAY 43 from Harrison to intersection with Highway 14 at Lead Hill, upon completion of construction of the section from Bergman to Lead Hill, the Director is hereby ordered to remove the Highway 43 signs and to sign the route from Harrison to Lead Hill as State Highway 7.

255 WHEREAS, The Arkansas State Highway Department has been one of the subscribers to the Highway Research Correlation Service since the beginning of this organization, which is a service under the National Research Council, and

WHEREAS, It is a subscription of which one-half is paid from 1-1/2 percent Federal-aid planning and research funds, and

WHEREAS, It is considered desirable to continue the subscription to the Highway Research Correlation Service

THEREFORE BE IT ORDERED, That the Director be empowered to subscribe \$2,011.00 to the Highway Research Board for fiscal year July 1, 1953 to June 30, 1954 to be made payable to the National Academy of Sciences, and that one-half of this amount will be paid from Federal-aid funds.

256 WHEREAS, Our present Ozalid machine is showing signs of wear and is subject to frequent breakdowns, and

WHEREAS, Our demands have outgrown the capacity of the present machine,

THEREFORE, The Director is ordered to proceed with request for bids for the purchase of a replacement of a black and white ammonia process printing machine for the reproduction of plans at an estimated cost of \$6500.00.

257 In SHARP COUNTY on U. S. HIGHWAY 62 upon completion of Spring River Bridge, construction authorized by Minute Order 189,

it is ordered that the Spring River Bridge on the present route of U. S. Highway 62 be relinquished to Sharp County.

- 258 It is ordered that the Director proceed with request for bids for the purchase of the following items of replacement and additional equipment estimated to cost approximately \$576,750.00.

Replacements:

100 - 2 Ton Dump Trucks, equipped with 3 cu.yd. 6 1/2 x 8' Dump Bodies @ approx. \$2,350.00 each	\$235,000.00
Less trade-in on 100 old Trucks @ approx.\$150.00 ea.	<u>\$ 15,000.00</u>
Approx. Total	\$220,000.00
20 - 2 1/2 Ton Long Wheelbase Trucks, equipped with 7' x 14' Platform Bodies @ approx. \$2,500.00 ea.	\$ 50,000.00
Less trade-in on 20 old Trucks @ approx.\$150.00 ea.	<u>\$ 3,000.00</u>
Approx. Total	\$ 47,000.00
7 - 5 Ton Tractor Trucks, equipped with Air Brakes, 36" Fifth Wheel, 70,000 lbs.Winch @ approx. \$6,000. ea.	\$ 42,000.00
Less trade-in on 7 old Trucks @ approx. \$350.00 ea.	<u>\$ 2,450 00</u>
Approx. Total	\$ 39,550.00
20 - 3 Ton Tractor Trucks, equipped with Air Brakes, 36" Fifth Wheel, @ approx. \$3,000.00 ea.	\$ 60,000.00
Less trade-in on 20 old Trucks @ approx. \$200.00 ea.	<u>\$ 4,000.00</u>
Approx. Total	\$ 56,000.00
3 - Semi-Trailers, 26 ft. Platform Type, 10 to 15 Ton @ approx. \$3,500.00 ea.	\$ 10,500 00
Less trade-in on 3 old Trailers @ approx. \$350.00 ea.	<u>\$ 1,050.00</u>
Approx. Total	\$ 9,450.00

Additional Equipment:

56 - Highway Mowers, 5 ft. Cutter Bar and 5 ft. Rotary Type @ approx. \$2,000 00 ea.	Total	\$112,000.00
20 - Portable 3 to 5 Ton Maintenance Rollers @ approx. \$2,800.00 ea.	Total	\$ 56,000.00
1 - Electric Welder, 300 Amp., Gas Engine Driven Portable complete with accessories @ approx. \$1, 500 00	Total	\$ 1,500.00
3 - 3/4 Cu. Yd. Pneumatic Tired Front End Loaders @ approx. \$6,250.00 ea.	Total	\$ 18,750.00
11 - Sweepers or Road Brooms, Rotary Traction Type @ approx. \$1,500.00 ea.	Total	\$ 16,500.00

- 259 The Director is authorized to prepare for program action of the Commission additional work, both primary and secondary, in excess of currently available and appropriated construction funds but not to exceed the amount of anticipated revenues to the Highway Department fund in excess of the appropriated amount.

This action is desired in the interest of organizational efficiency; to assure the smooth flow of projects to contract; and to build up a reserve of developed plans for meritorious-projects to move into position for finance and construction with the accrual of funds due to contract underruns and upon delays of currently financed projects due to unforeseen conditions.

Projects programmed in excess of currently and appropriated funds will have priority for finance from new appropriations.

260 In GREENE COUNTY on HIGHWAY 25 at the crossing of the St. Francis River the Director is hereby authorized to proceed with surveys and investigations necessary to development of plans, specifications and estimates for the replacement of the presently inadequate structure. Upon completion of plans and when right of way is available the Director will bring the project to the attention of the Commission for consideration of finance.

Program action for finance of construction will be conditioned as follows:

1. That all required right of way free of obstructions will be furnished free of cost to the State.
2. Program action by the Missouri Highway Commission.
3. Program approval by the Bureau of Public Roads.

261 WHEREAS, Between Midland Boulevard (Highway 64-71) and West Garrison Avenue (Highway 64) a routing along Division and North 4th Street in Fort Smith has been added to the official State Highway System, and

WHEREAS, A routing over North 5th and Division Streets would be more desirable as a traffic-way and could be more easily improved to serve the traffic demand, and

WHEREAS, The City of Fort Smith by official action has requested the route along North 5th in lieu of North 4th Street, and

WHEREAS, The Department has not expended any funds improving North 4th Street to date,

NOW THEREFORE, The Director is hereby instructed to tender the following offer to the proper officials of Fort Smith and Sebastian County.

Provided that the local government will:

1. Agree to the official highway rerouting over North 5th Street as described in the second paragraph.

2. Furnish 60' wide right of way along Division Street extended past North 6th Street to an intersection with North 5th Street, free of obstructions and free of cost to the State.
3. Construct any storm sewers found necessary between Garrison Avenue and Midland Boulevard.
4. Be responsible for removing any utilities necessary for the construction and operation of the facility, all at no cost to the State.
5. Construct additional curb and gutter needed between Garrison Avenue and Midland Boulevard.

The Arkansas Highway Department will:

1. Furnish all engineering work necessary to plan and build the proposed work.
2. Provide the necessary pavement, widening and resurfacing and maintain the street section from Midland Boulevard to Garrison Avenue along North 5th and Division Streets.

262 WHEREAS, the State Highway Department is frequently requested by various municipalities and counties as well as state agencies to furnish equipment for use on their operations, and,

WHEREAS, this Commission recognizes that such requests often have merit in that they would permit the further development and maintenance of public facilities not related to the Highway Department but that are financed from tax sources,

NOW THEREFORE IT IS ORDERED, that the Director be, and he is hereby empowered to permit the use of the Department's equipment on tax supported operations when in his judgment it is clearly in the public interest to do so, as long as the equipment is available by the Department, conditioned upon the lessee paying in advance rental rates as established for the various types of equipment, as published in the Associated Equipment Distributors Manual, 1953-6th Edition and Editions published in the future, and to otherwise fully comply with all terms and conditions incident to said rental rates as therein established, and,

BE IT FURTHER ORDERED, that the Director be, and he is hereby empowered, for and on behalf of the Commission to sign all rental agreements incident to the foregoing authorization.

263 WHEREAS, the officials and citizens of Phillips County and the City of Helena have repeatedly requested the construction of a bridge across the Mississippi River at or near Helena, and

WHEREAS, Act 104 of the 1953 General Assembly provides

that the Arkansas Highway Commission has the authority to construct toll bridges, issue bonds, collect just and equitable tolls, and other things necessary to provide such facilities under the terms of the Act, and

WHEREAS, the Department and the University of Arkansas has completed a report on the feasibility of a toll facility which indicates that a total estimated project cost of approximately 7 5 million dollars a 4.5 million dollar bond issue may be supported from toll revenue, based on anticipated traffic at the completion of construction, and

WHEREAS, the need for the facility is deemed to be of sufficient interest to the highway system to justify State assistance

NOW THEREFORE, it is ordered that the Director tender to the proper officials of Phillips County and the City of Helena the following offer:

Provided that Phillips County and the City of Helena will:

1. Furnish all required right of way free of obstructions and free of cost to the State.
2. Furnish one ml-lion dollars toward the construction of the project which may be derived from one or more of the following sources:
 - (a) Participation of the Mississippi Highway Department or other sources from that State.
 - (b) Promotion of the use of the bridge for attachment of utility lines acceptable to the State for which the State would enter into contract with prior to beginning of construction. Such sums received therefrom would be credited to amount to be furnished by Phillips County and the City of Helena
 - (c) Local funds from the City of Helena and/or Phillips County.

The Arkansas Highway Department will:

- 1 Exercise the authority of Act 104 of the 1953 General Assembly for bond sale within interest rates necessary for Federal Aid participation
- 2 Participate in the construction cost the sum of 2 0 million dollars from funds available to the Commission
3. When revenue bonds are retired make arrangements for maintenance of the facility.

Upon acceptance of the provisions of the order by the proper officials of Phillips County and the City of Helena the Director is authorized to proceed with the items listed as the responsibility of the State.

WHEREAS, in LAFAYETTE AND MILLER COUNTIES on HIGHWAY 160 from Bradley to Doddridge, a distance of

approximately 17 3 miles, local citizens have requested construction of the road and have indicated a desire to contribute toward the cost of the road by furnishing all required right of way free of obstructions and free of cost to the State and to part of the construction cost in order to have the road constructed now rather than await the priority procedure of construction at State expense, and

WHEREAS, the merit of the proposal is recognized and it is believed that the best interest of attaining a paved highway system expeditiously will be served by acceptance of local assistance

NOW THEREFORE it is ordered that the Director tender the following offer to the Counties

Provided that the Counties of Lafayette and Miller will:

1. Furnish all required right of way free of obstructions and free of cost to the State.
2. Prior to the time bids for construction are requested by the State furnish cash funds in the amount of one-fourth the estimated construction cost. The construction cost is presently estimated to be \$588,000.

The Arkansas Highway Department will:

1. Furnish engineering free of cost to the Counties.
2. Furnish three-fourths of the construction costs.
3. Construct a 2 lane dustless surface road.
4. Maintain the road upon completion of construction.

This action is conditioned upon program approval by the Bureau of Public Roads and subject to procedural approval by the Attorney General of the State of Arkansas.

Upon acceptance of the offer by the proper officials of Lafayette and Miller Counties the Director is authorized to proceed with the items listed as the responsibility of the State

The offer is automatically withdrawn if not accepted within 90 days.

Between the hours of 1:30 and 4:30 P. M. various delegations were heard. See Hearing Docket for details concerning the groups present and improvements desired.

Recess was declared at 4:45 P. M and the Friday Session was convened at 10 A. M. with all members present. The following proceedings were taken:

Cities of North Little Rock and Little Rock have by petition dated October 16, 1953 expressed their approval of a plan for highway development in the area and have requested the Highway Commission to proceed with the plan on the basis of a toll facility, and

WHEREAS, the proposed highway plan is essentially as follows: From a point near Main Street south of Roosevelt northerly across the Arkansas River in the general vicinity of Rector Street north to a point in North Little Rock near Locust Street, with connections of U. S. Highway 65 extending from this point to the Faulkner County Line, U. S. Highway 67 extending from this point to the Lonoke County Line and U S Highway 70 extending from this point to the Lonoke County Line. From the point south of Little Rock U. S. Highway 167 extending south to the Saline County Line, U S. Highway 67 and 70 extending from a point on U. S. Highway 167 to the present location of U. S Highway 67 and 70 near the Saline County Line and U S. Highway 65 extending from a point on U. S. Highway 167 near the Saline County Line to the present location of U. S. Highway 65 near the Jefferson County Line, and

WHEREAS, Act 104 of the 1953 General Assembly provides that the Arkansas Highway Commission has the authority to construct toll bridges, issue bonds, collect just and equitable tolls, and other things necessary to provide such facilities under the term of the Act, and

WHEREAS, the need for the development is apparent for the safe and expeditious movement of present and anticipated traffic volumes and which will promote the present and future favorable development of the area

NOW THEREFORE it is ordered that the Director proceed with the investigations necessary to determine the feasibility of the proposed toll facility and to prepare location surveys for right of way requirements, subject to the following conditions:

1. The Cities of North Little Rock and Little Rock will take all steps necessary for the protection of the right of way by prohibiting any further construction of buildings or other improvements on the lands desired for right of way.
2. The Highway Commission will select a committee of Pulaski County citizens from the Chambers of Commerce of North Little Rock and Little Rock, the city governments of North Little Rock and Little Rock, and Pulaski County to cooperate with the Director in coordinating the various phases of the problem for expeditious solution.

Upon completion of the authorized surveys and investigations the Director will report the findings to the Commission for consideration of further action.

266 In JEFFERSON COUNTY on U. S. HIGHWAY 79 from Pine Bluff south 6.4 miles the work authorized by Minute Order 133 is hereby cancelled.

267 The portion of Minute Order 127 authorizing widening and strengthening of U. S. HIGHWAY 67 in HOT SPRING COUNTY From Highway 7 to Donaldson, a distance of approximately 11.0 miles, at an estimated cost of \$500,000. is hereby cancelled

268 In SALINE COUNTY on U. S. HIGHWAY 67 from Benton to the Hot Spring County Line the work authorized by Minute Order 47 and modified by Minute Order 62 is hereby cancelled.

269 In JEFFERSON COUNTY on U. S. HIGHWAY 79 at the crossing of the Arkansas River, subject to program approval by the Bureau of Public Roads, the Director is authorized to proceed in the most feasible and economical manner with the work of widening drive-ways on the bridge at an estimated cost of \$410,000.

270 In MISSISSIPPI COUNTY on U. S. HIGHWAY 61 from Blytheville to Osceola, subject to program approval by the Bureau of Public Roads, the Director is authorized to proceed in the most feasible and economical manner with the work of widening structures at an estimated cost of \$160,000.

271 WHEREAS, in HOT SPRING COUNTY on the route of U. S. HIGHWAY 270 in the City of Malvern, presentations have been made to the Highway Commission for a grade separation at the tracks of the Missouri Pacific and Rock Island Lines, and

WHEREAS, the merit of the request is recognized for the heavy volume of rail and highway traffic at the crossing from the standpoint of safety and convenience

NOW THEREFORE it is ordered that the Director be instructed to make the following offer to the proper officials of the City of Malvern for solution of the problem.

Provided that the City of Malvern will:

1. Furnish ~1 required right of way, free of obstructions and free of property damages.

The Arkansas Highway Department, subject to program approval by the Bureau of Public Roads, will:

1. Provide funds and handle the construction of the grade separation project at an estimated cost of \$600,000.
2. Maintain the project upon completion of construction.

Upon acceptance of the provisions of this offer by the proper

officials of the City of Malvern the Director is authorized to proceed with measures necessary to the fulfillment of the order. The order is automatically cancelled if not accepted within 90 days.

- 272 The Director is authorized to proceed in the most feasible and economical manner with the work of widening and strengthening of the following highway sections at the estimated costs shown, subject to program approval of the Bureau of Public Roads:

<u>COUNTY</u>	<u>HIGHWAY</u>	<u>LIMITS</u>	<u>LENGTH</u> <u>MI.</u>	<u>ESTIMATED</u> <u>COST</u>
Clay	U. S. 67	Corning to Missouri Line	7.0	\$350,000.
Dallas	U. S. 167	1 Mi. So. Moro Creek to Jct.		
Cleveland		Highway 48	10.6	\$605,000.
Johnson	U. S. 64	Franklin Co. Line to 3 mi. west of Clarksville	12.5	\$454,500.
Prairie	U. S. 70	Lonoke Co. Line to Mesa	12.5	\$625,000.
Hempstead	U. S. 67	Hope to Emmett	7.5	\$352,500.
Randolph	U. S. 61	Junction U. S. 63 to Mississippi Co. Line	4.8	\$225,600.
			58.8	\$3,308,700.

- 273 In HOT SPRING COUNTY on STATE HIGHWAY 84 from Bismarck to Lambert, a distance of approximately 2.4 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$78,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.

- 274 In HEMPSTEAD COUNTY on STATE HIGHWAY 55 from Spring Hill to the junction of Highway 29, a distance of approximately 2.51 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$38,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days
3. Program approval by the Bureau of Public Roads

- 275 In DALLAS COUNTY on STATE HIGHWAY 7 from Sparkman to the Junction of Highway 128, a distance of approximately

4.8 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$105,000 00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads

In POLK COUNTY on STATE HIGHWAY 88 the Director is authorized to proceed in the most feasible and economical manner with the construction of the Irons Fork and Ouachita River Bridges at an estimated cost of \$150,000 00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.

277 In DESHA COUNTY on STATE HIGHWAY 4 the Director is authorized to proceed in the most feasible and economical manner with the construction of the Bayou Bartholomew and 2 other bridges between the Drew County Line and McGehee at an estimated cost of \$190,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.

278 In LITTLE RIVER and SEVIER COUNTIES on STATE HIGHWAY 41 from Foreman to Horatio, a distance of approximately 18 0 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$400,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.

279 In YELL COUNTY on STATE HIGHWAY 27 from Danville to Dardanelle, a distance of approximately 18.5 miles, the Director is

authorized to proceed in the most feasible and economical manner with the work of grading and structures at an estimated cost of \$365,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.

294 IT IS ORDERED that the Regular Meeting of the State Highway Commission be closed at 12:45 P. M., October 30, 1953.

This is to certify that the foregoing is a true and correct record of the proceedings taken by the Arkansas State Highway Commission at its Fourteenth Regular Meeting in Little Rock, Arkansas on October 29 & 30, 1953.

V. E. Scott
Administrative Assistant

MINUTES OF THE MEETING
OF THE
ARKANSAS STATE HIGHWAY COMMISSION
December 3, 1953

The following is the record of the proceedings of the Fifteenth Regular Meeting of the Arkansas State Highway Commission which was held in Little Rock, Arkansas on December 3, 1953, at which time the following members were present:

Raymond F. Orr	Chairman
Cecil S. Lynch	Vice Chairman
Dan Portis	Member
Glenn F. Wallace	Member

295 IT IS ORDERED that a Regular Meeting of the State Highway Commission be opened at 10:00 A. M., December 3, 1953.

The next order of business was the receipt of bids on various road and bridge projects. See Minute Orders No. 323 through No. 335, inclusive, for the record of awards.

Following this phase of the meeting the Commission went into regular session and took the following proceedings:

296 WHEREAS, A. E. Johnson, Chief Engineer for the Department, was on November 13th accorded the high honor of being elected President of the American Association of State Highway Officials, and

WHEREAS, Positions of this eminence are accorded only to persons who have exhibited marked ability and untiring efforts in promoting the aims and objectives of the Association, and

WHEREAS, This Commission recognizes the signal honor and recognition that has come to the State of Arkansas by this action

NOW, THEREFORE, BE IT RESOLVED That it extend to Mr. Johnson its congratulations upon this new and high honor and

BE IT FURTHER RESOLVED That the Director be and he is hereby empowered to grant such additional leave to Mr. Johnson as will be required in the discharge of his duties as President of the Association.

297 WHEREAS, the Purchasing Committee pursuant to authority heretofore conveyed has awarded purchases on October 26, November 2, 6, 16, 23 and 30 all of which are documented by official minutes which have been prepared by the Administrative Assistant and which are of record in the files of the Commission and the Office of the Director of Equipment and Procurement,

NOW, THEREFORE, IT IS ORDERED that the actions of said Purchasing Committee in effecting awards as above indicated be hereby ratified and confirmed in all particulars.

- 298 There is hereby appropriated from the current Highway Construction Appropriation the sum of \$3,549,800.00 for construction of the following listed projects on which contract awards were made by Minute Order 280 through 293 at the regular meeting of the Commission on October 30, 1953.

<u>Job No.</u>	<u>Project</u>	<u>Route</u>	<u>County</u>	<u>Amount</u>

9279	S-153(2)	2	Jasper-South	M.E. Gillioz	\$8,490.00	\$10,550.08

300 In YELL COUNTY in the TOWN OF DANVILLE, the Director is authorized to proceed with purchase of two acres of ground owned by Mrs. Emma G. Rice to be used for area headquarters at a cost of \$600.00.

In UNION COUNTY, MINUTE ORDER 215 tendering an offer for the development of an alternate route for U. S. Highway 167 in the urban area of El Dorado, is hereby modified to extend the time for acceptance until February 18, 1954. This action is taken due to the necessity for complete surveys and design studies prior to determination of right of way requirements.

302 Commission Minute Order No. 191 dated August 25, 1953, which extended an offer to CARROLL and MADISON COUNTIES for the construction of 6 miles on HIGHWAY 68 from Marble to Dryfork which was amended by Minute Order No. 249 to grant 30 days additional time for the acceptance is hereby further amended to extend the acceptance time to January 14, 1954.

303 Commission Order No. 201 dated August 25, 1953, which extended an offer to GREENE and CLAY COUNTIES for the improvement of STATE HIGHWAY 1-W from Stonewall to the Junction of U. S. 62 which was modified by Minute Order No. 251 to extend the time to November 25th is hereby further modified to extend the time of acceptance of the Commission's offer to January 14, 1954. This action is taken at the request of Senator W. J. Hurst and others.

304 In GRANT COUNTY on U. S. HIGHWAY 270, from Poyen to Prattsville, Commission Order No. 167 extending an offer for construction of the Saline River Bridges, modified for time extensions by Orders No. 179 and 248, is hereby further modified to extend the time for acceptance to December 18, 1953.

305 WHEREAS, the residents of the Town of Biscoe have petitioned the Highway Department for the installation of automatic signal lights at the grade crossing of the Rock Island Railroad and State Highway 33 in Biscoe, and

WHEREAS, records show nine people to have been involved in accidents at this crossing, five of such accidents resulting in fatalities, and

WHEREAS, the Railroad Company has concurred in the need for protecting this crossing and agreed to participate in the cost to the usual 10 per cent,

THEREFORE, IT IS ORDERED, that the Director proceed with the signal installation at an estimated cost of \$5,000 subject to the approval of the Bureau of Public Roads.

306 WHEREAS, It is the desire of the Board of Directors of

Newport Levee District, in cooperation with the Corps of Engineers, U. S. Army, to secure a right of way easement for the purpose of constructing, operating and maintaining certain bank protection and repair works across and upon the right of way of State Highway No. 67 on the left bank of White River under the State Highway Bridge at Newport, Jackson County, Arkansas, and

WHEREAS, The use of said right of way for the aforesaid purposes will not interrupt nor interfere with its use by the State Highway Department and the State Highway Department will benefit greatly from the protection afforded by said works,

NOW, THEREFORE BE IT ORDERED, That the said right of way easement be granted to the said Board of Directors of the Newport Levee District and to the Corps of Engineers, U. S. Army, and Mr. Herbert Eldridge, Director of Highways, be and is hereby authorized to execute such an easement in the name of this Commission.

IT IS ORDERED that the Director proceed with request for bids for the purchase of one (1) Versatile Mobile Drilling Unit Mounted on 4-Wheel Drive Jeep at approximate cost of \$6,430.78, to replace Versatile Mobile Drilling Unit, State No. 1749, that was completely destroyed by fire November 12, 1953, 2:30 P. M. while being used by Materials and Tests Division three miles north of Reydel, Arkansas. Trade-in allowance on Mobile Drill, State No. 1749, will be approximately \$150.00 salvage value leaving approximate net difference of \$6,270.78 expenditure.

IT IS FURTHER ORDERED that the Director be authorized to have removed from the Department's Active Inventory the following listed equipment and materials destroyed by fire October 10, 1953, at District Headquarters No. 9, Springdale, Arkansas.

Power Grass Mower, Clinton, Size B700-14 Serial No. 0010235, No State Number.	\$ 75.00
State No. 1715 - General Electric Welder 75 Amp - Motor No. 3755881, Serial No. 1691090.	\$150.00
State No. 3267 - Lessman Wheel Tractor W/Lessman Front End Loader 3/4 yd. Serial No. 5555.	\$800.00
Fuel and Oils	\$ 137.70
Office Furniture, Machines and Fixtures	\$1,158.21
Equipment Stock	\$1,682.46
Maintenance Stock	\$ 494.92
Shop Tools and Machines	\$1,995.00

Itemized list of Inventories are on file in Inventory and Equipment Rental Office, Little Rock, and Equipment Office, Jacksonville.

308 In PRAIRIE COUNTY on HIGHWAY 38, Section 1, from the junction of Highways 11 and 38 to 12.3 miles west, the Director is authorized to proceed in the most economical and feasible manner with the work of graveling at an estimated cost of \$39,310.00.

309 In PRAIRIE COUNTY on HIGHWAY 33, Section 2, from the junction of Highways 70 and 33 to the Prairie-Monroe County Line, distance of 9.66 miles, the Director is authorized to proceed in the most economical and feasible manner with the work of graveling at an estimated cost of \$29,773.00.

310 In PULASKI COUNTY Minute Order No. 265 dated October 30, 1953, with reference to the proposed expressway development in the Cities of North Little Rock, Little Rock and in Pulaski County is hereby modified to provide that the Citizens Committee to cooperate with the Director in coordinating the-various phases of the problem for expeditious action be appointed by the Chambers of Commerce of the cities, the Mayors of the cities and the County Judge of Pulaski County. Other provisions of Minute Order No. 265 remain unchanged.

311 In LAWRENCE COUNTY on STATE HIGHWAY 25 from Powhatan to U. S. Highway 63, a distance of approximately 2.1 miles, and on the business route of U. S. Highway 63 through Black Rock, a distance of approximately 1.1 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of constructing, grading, structures and surfacing at an estimated cost of \$86,800.00. This action is conditioned upon the following:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. Acceptance of conditions of this order by proper local government officials within 60 days.
3. Program approval by the Bureau of Public Roads.

312 In JACKSON and WOODRUFF COUNTIES on STATE HIGHWAY 17 from Tupelo to a point 3 miles north of McCrory, a distance of approximately 7.61 miles, the Director is authorized to proceed in the most feasible and economical manner with the work of grading, structures and surfacing at an estimated cost of \$148,000.00. This action is subject to the following conditions:

1. That all required right of way, free of obstructions, will be furnished free of cost to the State.
2. That acceptance of the provisions of this order by the proper local government officials will be received within 60 days.
3. Program approval by the Bureau of Public Roads.
