I-40 NIGHT WORK SCHEDULED

LITTLE ROCK (5-28) Crews working on the noise barrier wall project along I-40 in North Little Rock will begin overnight work on Tuesday, June 1, according to Arkansas State Highway and Transportation Department officials.

For an estimated six weeks, workers will be drilling shafts from 10:00 p.m. until 6:00 a.m., Monday through Friday in the area between McArthur Drive and Burns Park. No lane closures will be necessary.

Motorists should exercise caution when approaching and traveling through all highway work zones.
