PAVEMENT TESTING TO REQUIRE LANE CLOSURE ON INTERSTATE 30

LITTLE ROCK (12-6) Crews performing pavement testing will require a lane closure beginning this week on Interstate 30, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The testing will be located on Interstate 30 just east of the Saline/Hot Spring County line (Milemarker 108 to 110). The testing will require the westbound, outside lane to be closed on Friday, December 10th and continuing Monday, December 13th through Thursday, December 16th.

The lane closure will be in effect between the hours of 8:00 a.m. and 3:00 p.m. each day, weather permitting.

Motorists should exercise caution when approaching and traveling through all highway work zones.
