STOP SIGNS TO BE REMOVED ON WESTINGHOUSE DRIVE AT HIGHWAY 70B FRONTAGE ROAD

LITTLE ROCK (6-30) – Officials with the Arkansas State Highway and Transportation Department (AHTD) have announced plans to change the traffic pattern at the intersection of Westinghouse Drive and the Highway 70B north frontage road (East Grand Avenue) in Hot Springs.

Currently operating as a “Four-Way Stop” intersection, plans call for removing the Stop signs on Westinghouse Drive allowing motorists on Westinghouse Drive the right of way through the intersection without stopping. The north frontage road traffic will continue to stop.

The new traffic pattern will begin on Thursday, July 7th. The Department will be adding “Cross Traffic Does Not Stop” signs advising traffic on the frontage road of the revision. Message boards will also be placed on the frontage road for each direction for 30 days advising traffic of the change.
