RESURFACING WORK ON HIGHWAY 63B SCHEDULED NEXT WEEK IN PINE BLUFF

LITTLE ROCK (7-28) -- The Arkansas State Highway and Transportation Department will begin a project to resurface the driving surfaces at the intersection of Olive St. and Harding Ave. (Hwy. 63B) in Pine Bluff beginning on Monday, August 1st.

Work will consist of milling selected areas of the existing pavement to remove rough surfaces and the placement of an asphalt concrete hot mix surface course material. The work is anticipated to be complete in approximately one week, weather permitting.

Traffic in each direction will be reduced to one lane from 7:30 am until approximately 7:00 pm. All lanes will be reopened to traffic at the end of each day. The public should expect to encounter flagging operations and short delays at the intersection.

For more information contact District 2 Headquarters at 870-534-1612 during business hours.
