ROAD CLOSURE ON FINANCIAL CENTRE PARKWAY

LITTLE ROCK (10-28) Crews with Little Rock Wastewater doing sewer relocation work for improvements to the Interstate 430/630 interchange will require a nighttime road closure on Financial Centre Parkway beginning next week, weather permitting.

The work will require the eastbound lanes of Financial Centre Parkway to be closed at night between Hermitage Road and Shackleford Road beginning Monday, October 31st and continuing, each night, through Wednesday night. The road closure will be in effect each night between the hours of 9:00 p.m. and 5:00 a.m.

Detour signs will be in place to route eastbound traffic around the work area via Hermitage Road. To continue east towards Interstate 630, detour traffic will turn right on Hermitage Road, proceed to Shackleford Road, turn left on Shackleford and make a right turn on Interstate 630. Westbound traffic on Interstate 630 continuing onto Financial Centre Parkway will be reduced to one lane during these hours. Southbound through traffic on Shackleford Road will also be reduced to one lane.

Motorists should exercise caution when approaching and traveling through all highway work zones.
