## **IMPROVEMENTS TO I-630 REQUIRE PERIODIC LANE CLOSURES IN LITTLE ROCK**

**LITTLE ROCK (9-6)** – Improvements to Interstate 630 will require periodic lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will be striping the westbound pavement within the Big Rock interchange. This will require westbound traffic in the area to be reduced to one lane periodically. Also, the I-430 northbound to I-630 westbound (northeast) loop will be closed in 15 minute intervals.

The periodic closures will begin Sunday, September 8<sup>th</sup> at 6:30 a.m. and continue through the day, weather permitting. Traffic will be controlled using cones and warning signs.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [ArkansasHighways.com](http://ArkansasHighways.com). You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
