### **Improvements to Interstate 530 in Pulaski County Delayed Due to Wet Conditions**

**LITTLE ROCK (4-1)** – Improvements on Interstate 530 in Pulaski County will be delayed due to wet conditions, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The work will require I-530 southbound traffic to shift to a northbound lane at Bingham Road in southern Pulaski County. The shift will extend to near the Highway 167 exit. Northbound and southbound traffic will be separated by a temporary concrete wall.

The change in traffic flow was scheduled to begin today. However, weekend rain and additional precipitation in the forecast is requiring a delay. AHTD will provide additional information when the work has been re-scheduled.

This project is one of 38 interstate rehabilitation jobs that will improve 455 miles of Arkansas' interstates over the coming years.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel related information can be found at [ArkansasHighways.com](http://ArkansasHighways.com). You can also follow us on Twitter [@AHTD](https://twitter.com/AHTD).
