ROLLING LANE CLOSURE SCHEDULED FOR INTERSTATE 30 FRONTAGE ROAD IN PULASKI COUNTY

LITTLE ROCK (4-11) -- Crews performing pavement testing on the Interstate 30 frontage road in the Interstate 30/430 interchange area of Little Rock will require a rolling lane closure next week, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The testing will require a rolling lane closure in one of the two westbound lanes of the frontage road on Monday, April 15th. The lane closure will be located between Mabelvale Pike and Vimy Ridge Road. The lane closure will be in effect between the hours of 9:00 a.m. and 2:00 p.m., weather permitting. One lane will remain open, traffic delays will be minimal.

Motorists should exercise caution when approaching and traveling through all highway work zones.
