RECONSTRUCTION OF INTERSTATE 530 SUBSTANTIALLY COMPLETE

LITTLE ROCK (7-26) – Reconstruction of Interstate 530 in Jefferson County has been declared to be substantially complete, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The 8-mile section of highway between the Jefferson Interchange and the Pulaski County Line has been under construction since early 2012. Lane closures will be removed by the week of July 29th.

Short-term lane closures will still be required from time to time while the contractor performs seeding and mulching, watering, pavement evaluations, final clean-up, and other miscellaneous items of work. All work is expected to be complete by Labor Day.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel related information can be found at ArkansasHighways.com. You can also follow us on Twitter [@AHTD](https://twitter.com/AHTD).
