BRIDGE PAINTING REQUIRES LANE CLOSURE ON HIGHWAY 10 (CANTRELL ROAD) IN LITTLE ROCK

LITTLE ROCK (10-25) - Bridge painting on Highway 10 (Cantrell Road) in Little Rock will require a lane closure, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The work will be performed on the Marsh Arch Bridge. It's the arched bridge located between Chester Street and Dillard's corporate headquarters in Little Rock. The work will require closing the westbound outside lane of Cantrell Road near the bridge.

The closures will be Monday, October 28th through Thursday, October 31st, between 9:00 a.m. and 3:00 p.m. each day, weather permitting. Traffic will be controlled using cones and warning signs.

The Marsh Arch Bridge was constructed in 1927. It is 135 feet long and 30 feet wide. The latest survey indicates that an average of 15,500 cars use the bridge each day. The bridge is named after James Barney Marsh (1856-1936), the engineer that developed the reinforced concrete arch bridges used throughout the United States.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
