TESTING REQUIRES LANE CLOSURE ON INTERSTATE 40 IN PULASKI COUNTY

LITTLE ROCK (11-18) – Testing will require a lane closure on Interstate 40 in Pulaski County, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will be taking samples from Interstate 40 in preparation of its widening and modifications to the Interstate 40/430 Interchange. Bids for this project are scheduled for summer 2014.

The preparation work will require closing the Interstate 40 westbound outside lane extending from Highway 365 at Morgan to just east of the Interstate 40/430 Interchange.

The lane will be closed Tuesday, November 19th, between 9:00 a.m. and 3:00 p.m., weather permitting. Traffic will be controlled using barrels and warning signs. This work had been scheduled for Monday, November 18th, but had to be postponed due to a scheduling conflict with the contractor.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
