Interstate I-540 Lane Closure in Fayetteville

LITTLE ROCK (2-7) - The Contractor has informed the Arkansas State Highway and Transportation Department District Four Headquarters at Fort Smith of planned lane closures on I-540 in Fayetteville.

On Saturday, February 8, 2014, traffic will be reduced to one lane in the northbound direction of I-540 between the Highway 16/Highway 112S (Wedington Road) interchange and the Porter Road interchange at various times from 8:00 a.m. to 5:00 p.m. The lane closure is necessary to allow for replacement of the pavement markings.

Adjustment of the times of any announced lane closures may become necessary due to weather or other unforeseen conditions.

In July 2013, the Arkansas Highway Commission awarded a contract, in the amount of \$16,600,000.00 to Pace Construction Co., LLC of St. Louis, MO for the project. The project will add a third lane for both the northbound and southbound lanes on I-540 between Highway 16 and Porter Road.

Motorists are urged to use care and think ahead when traveling through the work zone. They should remember to Obey the Posted Speed Limits and Other Regulatory Signing; to Maintain a Steady Speed; to Leave Room between them and other vehicles; to Be Aware of Road Conditions in front of them; and to Anticipate the Unexpected Need to Stop or Reduce Speed Substantially due to construction vehicles entering and exiting the work zone. Increased traffic enforcement is scheduled in this work area.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
