IMPROVEMENTS TO INTERSTATE 440 REQUIRE LANE AND RAMP CLOSURES IN NORTH LITTLE ROCK

LITTLE ROCK (2-11) – Improvements to Interstate 440 will require lane and ramp closures in North Little Rock, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will be removing an overhead sign at the I-40/440 Interchange. This will reduce the width of the I-40 eastbound exit to I-440 westbound so crews can work on the right shoulder. Crews will also close the inside lane of I-440 to work on the left shoulder. It will also be necessary to close the outside lane of I-440 eastbound that leads to I-40 eastbound.

These lane closures will be Thursday, February 13th between 9:00 a.m. and 3:00 p.m., weather permitting.

The next phase of closures will occur at night. Crews will close the following ramps.

- **I-40 westbound to I-440 westbound**
- **I-40 eastbound to I-440 westbound**
- **It will also be necessary to close access to Highway 440 leading to Jacksonville**

This work will be performed Friday morning, February 14th between 1:00 a.m. and 1:45 a.m., weather permitting. Traffic will be controlled using barrels and warning signs.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
