ELECTRICAL WORK REQUIRES CLOSURE OF INTERSTATE 49 IN BENTON COUNTY

LITTLE ROCK (9-25) – Electrical work will require the temporary closure of Interstate 49 in Benton County, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Carroll Electric Cooperative will be replacing an overhead powerline. The work will require closing the northbound and southbound lanes of Interstate 49, just south of the Goad Springs Road, between mile markers 76 and 77 in Lowell.

The temporary closure will be Sunday, September 28th, between 6:00 a.m. and 6:30 a.m., weather permitting. Traffic will be controlled using barrels and warning signs.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
