PUBLIC MEETINGS FOR RAIL STUDIES

LITTLE ROCK (10-8) -- The Arkansas State Highway and Transportation Department (AHTD) will hold a series of public meetings on **Tuesday, October 14th, Wednesday, October 15th, and Thursday, October 16th**, between 4:00 pm to 7:00 pm. The purpose is to seek input about a new statewide rail plan and the possibility of extending high-speed passenger rail service.

Tuesday, Oct, 14, 2014	Wednesday, Oct, 15, 2014	Thursday, Oct 16, 2014
Eugene Woods Civic Center	UA - Monticello	Holiday Inn Express
212 West Polk Street	Gibson University Center (Capitol Room)	5210 Crossroads Parkway
West Memphis, AR	517 University Drive Monticello, AR	Texarkana, AR

Members of the public are encouraged to attend a meeting and to submit comments. Those attending will be able to watch a short presentation that will repeat throughout the duration of the meeting. The study teams for the statewide rail plan and the high-speed passenger rail study will be available to provide information and answer questions.

As the state's rail planning agency, AHTD has the responsibility to coordinate the development of statewide transportation plans including preparation of the Arkansas State Rail Plan. The plan is an important step in charting a direction for freight and passenger rail in the state and is required for Arkansas to be eligible for existing and prospective federal rail funding. More information about the plan as well as the opportunity to submit comments are available at www.arkansasrailplan.com.

At the same time, AHTD is studying the feasibility of high speed rail in the state. The High-Speed Passenger Rail Feasibility Study consists of the evaluation of extending the South Central High-Speed Rail Corridor from Little Rock to Memphis, preparation of a service development plan for the existing Little Rock to Texarkana corridor, and a study of possible impacts of high-speed passenger rail service on Arkansas' highway system.
