MEDIAN WALL REPAIR REQUIRES LANE CLOSURES ON HIGHWAY 270 IN HOT SPRINGS

LITTLE ROCK (1-12) – Repair work on a median wall will require a lane closure on Highway 270 (MLK Expressway) in Hot Springs, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will repair the median wall just west of Carpenter Dam Exit 7. The wall was damaged during a December accident involving a large truck. The work will require closing 2 miles of the Highway 270 (MLK Expressway) westbound inside lane just west of Carpenter Dam Road.

The westbound inside lane closure will be Wednesday, January 14th through Friday, January 16th between 9:00 a.m. and 2:30 p.m., weather permitting. Traffic will be controlled using barrels and warning signs.

Motorists should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
