CONSTRUCTION WORK REQUIRES TRAFFIC MODIFICATIONS IN JACKSONVILLE

LITTLE ROCK (2-6) – Construction work will require traffic modifications in Jacksonville, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will open the new Redmond Road access ramp to U.S. Highway 67 southbound **Friday night, February 6th** at 9:00 p.m. Once it is opened, the intersection of Municipal Drive and Redmond Road will become a 3-way stop. This is to accommodate additional traffic from the closure of the Main Street entrance ramp to U.S. Highway 67 southbound. It will be closed **Saturday morning, February 7th** sometime between 6:00 a.m. and 8:00 a.m. The Main Street entrance ramp closure is required to construct a new Main Street entrance ramp and new Main Street overpass. Detour signs will be placed on Main Street to direct traffic to the new Redmond Road entrance ramp.

Drivers should also remember there will be new traffic shifts on U.S. Highway 67 next week, due to construction.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
