### **INSPECTION REQUIRES LANE CLOSURE ON MAIN STREET BRIDGE IN LITTLE ROCK**

**LITTLE ROCK (2-9)** – A routine bridge inspection will require a lane closure on a Main Street bridge in Little Rock/North Little Rock, according to Arkansas State Highway and Transportation Department (AHTD) officials.

A crew will inspect the Main Street Bridge that spans the Arkansas River between Little Rock and North Little Rock. The work will require closing the southbound outside lane on the bridge.

The lane closure will be **Wednesday, February 11<sup>th</sup>** and **Thursday, February 12<sup>th</sup>**, between 9:00 a.m. and 2:00 p.m., each day, weather permitting. Traffic will be controlled using barrels and warning signs.

The Main Street Bridge was constructed in 1973. It is 75 feet wide and 1,904 feet in length.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ArkansasHighways.com](http://ArkansasHighways.com).
