### **CONSTRUCTION WORK ON INTERSTATE 40 REQUIRES OVERNIGHT LANE CLOSURES IN NORTH LITTLE ROCK**

**LITTLE ROCK (3-10)** – Bridge construction work on Interstate 40 in North Little Rock will require overnight lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The contractor will be performing bridge work over I-40 at the I-430/I-40 interchange and the overpasses at Norman and Marche roads. The work will require alternating closures to the I-40 eastbound and westbound inside and outside lanes from east of Highway 365 (mile marker 143) to the I-430/I-40 interchange (mile marker 147). Traffic will be controlled using warning signs, electronic message boards, and barrels.

The lane closure will occur **Thursday evening, March 12<sup>th</sup> through Tuesday morning, March 17<sup>th</sup>**, between 8:00 p.m. and 7:00 a.m. each night, weather permitting.

This project is part of AHTD's Connecting Arkansas Program and completes the widening of Interstate 40 between Conway and North Little Rock. The project widens I-40 to three lanes in each direction. The project is anticipated to be complete in 2016. More information on this project is available at [ConnectingArkansasProgram.com](http://ConnectingArkansasProgram.com).

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ArkansasHighways.com](http://ArkansasHighways.com).
