BRIDGE REPAIR REQUIRES I-530 LANE CLOSURE IN JEFFERSON COUNTY

LITTLE ROCK (3-24) – Repair of a bridge joint on I-530 in Jefferson County will require lane closures this week, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Beginning at 7:00 a.m., **Tuesday, March 24th**, the southbound inside lane of I-530 will be closed at approximately the 41 mile-marker so crews can repair a bridge joint on a structure that is approximately one-half-mile north of the Hazel Street exit (Exit 42).

The lane closure will remain in place around the clock until the evening of March 26th and will alternate between the inside and outside lanes as necessary. One lane will remain open at all times while work is being performed.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
