ARKANSAS DRIVERS REMINDED TO USE IDRIVEARKANSAS.COM FOR HOLIDAY TRAVEL INFORMATION

LITTLE ROCK (6-29) - The Arkansas State Highway and Transportation Department (AHTD) reminds drivers to visit IDriveArkansas.com before traveling during the holidays.

Extensive highway improvements continue in the state. With those improvements come work zones. To aid in your holiday travel, AHTD has been working hard to open as many lanes as possible. Still, travelers will likely face work zones and possible delays due to increased traffic volume.

According to the American Automobile Association (AAA), nearly 42 million travelers are expected to travel 50 miles or more during the extended July 4th holiday weekend. It's expected to be the busiest activity since 2007. That's a 0.7 percent increase compared to 2014.

To help motorists find ways around accidents and work zone backups on Interstates, AHTD has an Alternate Routes feature at IDriveArkansas.com. It displays linkages between the Interstate corridors and secondary routes that motorists may consider when travel is delayed. We also provide updated information on [Twitter@AHTD](https://twitter.com/AHTD).

Below is a list of Arkansas' major lane closures during the holiday.
