### **TRAFFIC PATTERN CHANGES TODAY ON I-530 NEAR WHITE HALL**

**LITTLE ROCK (8-31)** – Traffic on northbound I-530 is being shifted this afternoon to the southbound side of the Interstate in a work zone near White Hall, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The new configuration will route both northbound and southbound traffic onto the same side of the interstate with a barrier wall separating each direction of travel. The work zone is approximately located between mile markers 24 and 30.

Traffic will remain in this configuration for approximately three months. Alternate routes are marked by signage as well as posted on the Department's travel and construction information web site [IDriveArkansas.com](http://IDriveArkansas.com).

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ArkansasHighways.com](http://ArkansasHighways.com). You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
