AHTD Seeking Public Input at Meetings about Arkansas' Future Transportation Investments

SOUTHWEST ARKANSAS (10-26) – The Arkansas State Highway and Transportation Department (AHTD) is hosting a public meeting in Hope as a part of updating its Long Range Intermodal Transportation Plan (LRITP).

The LRITP contains the goals, objectives, policies, investment strategies and performance measures that will guide the state's future transportation investments. It will examine all the pieces of the state's transportation system, including highways, bridges, public transportation, rail, bicycle and pedestrian, ports and waterways, and aviation.

The meeting will follow an open house format from 4:00 p.m. – 6:00 p.m.

Thursday, October 29 – Hope

Hempstead Hall Rotunda
University of Arkansas Community College at Hope
2500 South Main Street
Hope, AR 71802

Questions about the public meetings can be directed to AR_LRITP@ahtd.ar.gov or by calling (501)569-4937.

This is one in a series of meetings designed to give citizens the opportunity to share their opinions of the LRITP's goals, objectives and transportation challenges that impact safety, mobility and accessibility. The public's input is important to the Department as policies and strategies are updated. AHTD wants to meet the Plan's goals and improve Arkansas' multimodal transportation system with the help of Arkansans.
