Repairs Require Overnight Lane Closures on Highway 67/167 in Jacksonville

PULASKI (10-29) – Repairs to a barrier wall on Highway 67/167 in Jacksonville will require overnight lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Crews will be replacing and straightening a barrier wall that was damaged in a previous accident. They will also be cleaning debris from along the side walls between mile marker 7 and mile marker 9 during this time. Traffic will be controlled using traffic cones and advance warning signs.

The overnight closure will reduce traffic to one lane on the southbound side and will **occur between 8:00 p.m. and 5:00 a.m. on Thursday, October 29**, weather permitting.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
