Maintenance Requires Moving Lane Closures

CENTRAL ARKANSAS (12-14) – Maintenance work in three high-traffic areas throughout Central Arkansas will require moving lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

The maintenance work will consist of three to four trucks. Traffic will be controlled with lighted, directional signs. The moving lane closures will occur between **10:00 a.m. and 1:00 p.m. on December 15**, weather permitting.

- I-430 River Bridge: The inside lane will undergo maintenance.
- I-30 Saline River Crossing: All lanes will undergo maintenance.
- Big Rock Interchange: Most of the work will be done in the shoulder, but some lane closures may still occur.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
