UPDATE!!

Improvements to Interstate 430 Require Overnight Lane Closures in Pulaski County

PULASKI COUNTY (6-3) – Construction work on the I-430/I-30 interchange requires a series of overnight lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

This work was originally scheduled to begin on Wednesday, June 1 but was delayed due to weather. It will now begin on **Monday, June 6, through Friday, June 10**. The ramp carrying traffic from I-430 southbound to I-30 westbound (Exit 129-B) will be closed nightly between **10:00 p.m. and 6:00 a.m.** Traffic will use the ramp as normal outside of the closure hours.

The closure only affects southbound I-430 traffic traveling to westbound I-30. Motorists will be directed by signage to take Exit 128 on southbound I-430 and proceed onto the I-30 north service road in front of the Outlets of Little Rock and Bass Pro Shop. Westbound I-30 traffic will then re-enter I-30 at the next entrance ramp. The attached map illustrates this detour route.

The exit ramp carrying traffic from southbound I-430 to eastbound I-30 (Exit 129-A) will remain unaffected by this work.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
