### **Construction Requires Lane Closure on State Highway 112 in Benton County**

**BENTON COUNTY (08-31)** – Construction associated with the new U.S. Highway 412 Northern Bypass in Springdale requires daytime lane closures on State Highway 112, according to Arkansas State Highway and Transportation Department (AHTD) officials.

On **Friday, September 2**, crews will be removing and replacing lane striping on State Highway 112 in preparation to shift traffic onto the widened roadway. The lane closures will take place between **10:00 a.m. and 4:00 p.m.**, weather permitting. Flaggers will maintain a single lane of traffic between West Downum Road and West Miller Road during paving operations.

Advance warning signs will be placed to notify traffic approaching the work zone. The public is advised to be cautious if traveling in this work zone.

This project (Job CA0907) is part of AHTD's Connecting Arkansas Program and constructs approximately 4 miles of the new four-lane U.S. Highway 412 Northern Bypass, which extends from Interstate 49 to State Highway 112. The U.S. Highway 412 Northern Bypass project will provide a principal east-west route north of the Springdale Metropolitan Area. More information on this \$100.6 million project is available at [ConnectingArkansasProgram.com](http://ConnectingArkansasProgram.com).

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ArkansasHighways.com](http://ArkansasHighways.com).
