Construction Work Requires Alternating Lane Closure and Traffic Shift on State Highway 183 (S. Reynolds Rd.) in Saline County

SALINE COUNTY (9-2) – Construction of the new Bauxite and Northern Railroad Spur Overpass Bridge on State Highway 183 (S. Reynolds Rd.) is completed to the point where the structure is ready to open to traffic, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Final preparations to move traffic onto the bridge on **Tuesday, September 6**, requires closing the northbound lane starting at **8:00 a.m.** and continuing until work is complete, weather permitting. Traffic will be shifted onto the new northbound lane once that work is complete and the closure will move to the southbound lane.

This closure is expected to have a significant impact on traffic and drivers are recommended to take an alternate route. Traffic will be controlled by flaggers and one lane of traffic will be maintained at all times.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on Twitter [@AHTD](https://twitter.com/AHTD).
