UPDATE!!

SAFETY IMPROVEMENTS TO I-430 / I-30 INTERCHANGE RAMPS REQUIRE CLOSURES

PULASKI COUNTY (6-8) – Repairs to the High Friction Safety Treatments (HFST) on ramps carrying traffic between Interstate 430 and Interstate 30 require the ramps to be temporarily closed while the work is being performed, according to Arkansas State Highway and Transportation (AHTD) officials.

Motorists traveling through the area should be aware of the following work schedule.

- **Thursday, June 8 and Friday, June 9 between the hours of 7:00 p.m. and 6:00 a.m.** the following mornings, the entire ramp carrying southbound I-430 traffic (Exit 129-A) to eastbound I-30 will be closed. Traffic will be detoured at Exit 128 on southbound I-430 and routed along the frontage road to the Mabelvale West Road overpass where motorists can cross over and access eastbound I-30.

Traffic will be controlled using warning signs and traffic drums. Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on Twitter @AHTD.
