### **Improvements to Interstate 430 Require Temporary Lane Closures in Pulaski County**

**PULASKI COUNTY (6-2)** – Construction work on the I-430/State Highway 10 interchange requires temporary lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

- Weather permitting; workers will close all northbound and southbound lanes of I-430 near Exit 9, **for 15 minute intervals** from **6:00 a.m.** to **6:00 p.m.** on **Sunday, June 4.**
- Weather permitting; workers will close all eastbound and westbound lanes of State Highway 10 (Cantrell Rd.) **for 15 minute intervals** from **6:00 a.m.** to **6:00 p.m.** on **Sunday, June 4.**

These closures on I-430 and State Highway 10 will allow the contractor to conduct blasting operations for the new ramp being constructed that will carry traffic from westbound State Highway 10 to northbound I-430.

Traffic on both highways will be slow-rolled to a complete stop by the Arkansas Highway Police. Once the blast occurs, each highway will be swept for debris and reopened. There are no detours. **Again, each closure is expected to only last 15 minutes.**

Motorists should be aware of all advanced warning signs and traffic drums and should exercise caution when approaching and traveling through all highway work zones.
