Routine Bridge Inspection Requires Temporary Lane Width Reduction on Interstate 440

PULASKI COUNTY (4-16) - A routine bridge inspection on an I-440 interchange ramp requires the temporary width reduction of the ramp, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, on **Tuesday, April 17th**, from **9:00 a.m. to 3:00 p.m.**, crews will close half of the I-440 westbound to I-530 southbound interchange off ramp to allow room for inspection equipment.

Traffic will be controlled with signage and traffic cones. Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
