### **City of Conway Snow Routes to Debut on IDriveArkansas**

**FAULKNER COUNTY (2-6)** – City of Conway residents will now be able to check winter weather road conditions for local routes on [IDriveArkansas.com](http://IDriveArkansas.com), according to Arkansas Department of Transportation (ArDOT) officials.

In a partnership with the City of Conway, a pilot program will begin with tonight’s winter weather event. The program enables staff of the City of Conway Street and Engineering Department to report route conditions on primary city streets. Information will be presented in real time.

IDriveArkansas is the traveler information site provided by ArDOT and features live traffic conditions, work zone information, and live traffic cameras.

IDriveArkansas is available for mobile devices in the Apple iTunes store and the Google Play store – just search IDRIVE ARKANSAS. Additional information is available by following us on Twitter [@myArDOT](https://twitter.com/myArDOT).
