Construction Requires Overnight Lane Closure on Interstate 630 in Little Rock

PULASKI COUNTY (10-30) – Construction to widen Interstate 630 requires overnight lane closures in Little Rock, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, crews will close the eastbound inside lane between Baptist Hospital Drive (Exit 7) and University Avenue (Exit 5) to repair median drainage grates. The inside lane will be closed **tonight, from 6:00 p.m. to 6:00 a.m.**

Traffic will be controlled using signage and barrels. During daytime travel peak hours, all six lanes on I-630 will be open to traffic. Neighborhoods adjacent to the interstate may experience noise impacts during nighttime hours. The public is advised to be cautious when traveling in the work zones.

This project (Job CA0608) is part of ARDOT's Connecting Arkansas Program, which is funded through a 10-year, half-cent sales tax. Interstate 630 is being widened to four lanes in each direction (eight total) for 2.2 miles between the Big Rock Interchange and University Avenue. The widening is estimated to be complete in early 2020. More information on this \$87.4 million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
