### **Pavement Marker Testing Requires Rolling Lane Closures on I-430 and I-30**

**PULASKI & SALINE COUNTIES (1-29)** – Pavement marker testing by 3M requires rolling lane closures on I-430 in Little Rock and North Little Rock and on I-30 in Benton, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, contractors will perform daily rolling lane closures on I-430 and I-30 between Benton and Traskwood from **9:00 a.m. and 3:00 p.m. Tuesday, January 29** through **Friday, February 1**. The closures will allow them to test the reflectivity of the tape pavement markings.

Traffic will be controlled with signage. Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ARDOT.gov](http://ARDOT.gov).
