Roadwork in Oklahoma on U.S. Highway 64 has Potential Impact to Arkansas Drivers

CRAWFORD AND SEBASTIAN COUNTIES (7-3) – Roadwork on U.S. Highway 64 in Oklahoma could impact Arkansas drivers, according to Arkansas Department of Transportation (ARDOT) officials.

Oklahoma Department of Transportation has narrowed traffic to a single lane for approximately one mile in each direction on U.S. Highway 64 between Roland and Interstate 40. This will allow them to make repairs on two eastbound bridges damaged by the historic flooding in May.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
