Construction Requires Lane Closures on Interstate 630 in Little Rock

PULASKI COUNTY (11-05) – Construction to widen Interstate 630 requires lane closures in Little Rock, according to Arkansas Department of Transportation (ARDOT) officials.

Weather permitting, eastbound and westbound I-630 will alternately close the middle and outside lanes between University Avenue (Exit 5) and Baptist Health Drive (Exit 7). This work will occur nightly from **Wednesday, November 6 through Monday, November 25, between 8:00 p.m. to 6:00 a.m.** This will allow crews to clean and paint the bridges at John Barrow Road and South Hughes Street.

The public is advised to be cautious when traveling in the work zone, and drivers may consider finding alternate routes as delays may occur. Traffic will be controlled using signage and barrels. Neighborhoods adjacent to the interstate may experience noise impacts during nighttime hours.

This project (Job CA0608) is part of ARDOT's Connecting Arkansas Program, which is funded through a 10-year, half-cent sales tax. Interstate 630 is being widened to four lanes in each direction (eight total) for 2.2 miles between the Big Rock Interchange and University Avenue. The widening is estimated to be complete in early 2020. More information on this \$87.4 million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
