### **Geotechnical Work Near Interstate 30 Requires Adjacent Street Closures in Little Rock**

**PULASKI COUNTY (01-31)** – Crews performing geotechnical sampling along Interstate 30 in Little Rock will require daytime lane closures on adjacent streets, according to Arkansas Department of Transportation (ARDOT) officials.

Geotechnical boring for design work on the 30 Crossing project will require lane closures in various areas along Interstate 30 between East 2<sup>nd</sup> Street and East 6<sup>th</sup> Street in Little Rock. Weather permitting, this work will occur **Tuesday, February 4, and Wednesday February 5, between 9:00 a.m. and 3:00 p.m.**, with exceptions as noted:

- **Westbound East 2<sup>nd</sup> Street** between Mahlon Martin and Ferry streets (two 15-minute closures, at approximately 9:00 a.m. and 3:00 p.m.) Flaggers will be used to direct traffic around equipment being loaded and unloaded.
- **Southbound Ferry Street** between East 2<sup>nd</sup> to East 3<sup>rd</sup> streets, left lane
- **Northbound Rector Street** prior to East 4<sup>th</sup> Street, left lane
- **Eastbound East 2<sup>nd</sup> Street** between Ferry Street and Rector Street, right shoulder

Traffic will be controlled with construction barrels and signage. The public is advised to be cautious when traveling in the work zone.

The 30 Crossing project (Job CA0602) is part of ARDOT's Connecting Arkansas Program. More information on the CAP is available at [ConnectingArkansasProgram.com](http://ConnectingArkansasProgram.com).

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ARDOT.gov](http://ARDOT.gov). You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
