Work on Interstate 30 Requires Lane Closures in Little Rock and North Little Rock

PULASKI COUNTY (03-27) – Crews performing surveying along the Interstate 30 corridor in Little Rock and North Little Rock will require interstate lane closures, according to Arkansas Department of Transportation (ARDOT) officials.

Surveying for design work on the 30 Crossing project will require eastbound and westbound lane closures in select areas on I-30. Weather permitting, this work will occur during overnight hours **Tuesday, March 31 and Wednesday, April 1**, between **8:00 p.m. and 6:00 a.m.** Additional night closures may be required later in the week due to inclement weather.

- **For Eastbound and Westbound I-30**, crews will close the inside lane in various locations between the 9th Street exit (Exit 140) in Little Rock and the interchange with I-40 (North Terminal) in North Little Rock.
- On **adjacent city streets**, various lanes and shoulders in Little Rock and North Little Rock will be closed during the week of March 30 for drainage inspection.

Traffic will be controlled with construction barrels and signage. Non-interstate traffic will also include flaggers. The public is advised to be cautious when traveling in the work zone.

The 30 Crossing project (Job CA0602) is part of ARDOT's Connecting Arkansas Program. More information on the CAP is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can also follow us on Twitter [@myARDOT](https://twitter.com/myARDOT).
